

AN ACT to revise the law by combining multiple enactments and making technical corrections.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 1. Nature of this Act.

(a) This Act may be cited as the First 2026 General Revisory Act.

(b) This Act is not intended to make any substantive change in the law. It reconciles conflicts that have arisen from multiple amendments and enactments and makes technical corrections and revisions in the law.

This Act revises and, where appropriate, renumbers certain Sections that have been added or amended by more than one Public Act. In certain cases in which a repealed Act or Section has been replaced with a successor law, this Act may incorporate amendments to the repealed Act or Section into the successor law. This Act also corrects errors, revises cross-references, and deletes obsolete text.

(c) In this Act, the reference at the end of each amended Section indicates the sources in the Session Laws of Illinois that were used in the preparation of the text of that Section. The text of the Section included in this Act is intended to include the different versions of the Section found in the Public Acts included in the list of sources, but may not

include other versions of the Section to be found in Public Acts not included in the list of sources. The list of sources is not a part of the text of the Section.

(d) Public Acts 103-1059 through 104-459 were considered in the preparation of the combining revisories included in this Act. Many of those combining revisories contain no striking or underscoring because no additional changes are being made in the material that is being combined.

Upon establishment of an electronic reporting system for death registrations as provided in the Vital Records Act, the county clerk of the county where a decedent last resided, as indicated on the decedent's death certificate, may issue certifications of death records from that system and may use that system to cancel the registration of any person who has died during the preceding month and cause the name of each such deceased person to be erased from the register of the precinct in which the deceased person was registered. Regardless of whether or not such a system has been established, it is the duty of the county clerk to examine monthly the records deposited in his or her office pursuant to the Vital Records Act that relate to deaths in the county, to cancel the registration of any person who has died during the preceding month and cause the name of each such deceased person to be erased from the register of the precinct in which the deceased person was registered.

the 2 deputy registrars shall go together and canvass the precinct for which they have been appointed, calling at each dwelling place or each house from which any one is registered in such precinct and each dwelling place as indicated upon said "Verification Lists"; and, if they shall find that any person whose name appears upon their verification lists does not reside at the place designated thereupon, they shall make a notation in the column headed "Remarks" as follows: "Changed Name", "Died", or "Moved", as the case may be, indicating that such person does not reside at such place.

Whenever deemed necessary by the canvassers, or either of them, he or they may demand of the person having command of the police in such precinct to furnish a policeman, to accompany them and protect them in the performance of their duties; and it shall be the duty of the person having command of the police in such precinct to furnish a policeman for such purpose. (10 ILCS 5/7-8) (from Ch. 46, par. 7-8)

Sec. 7-8. The State central committee shall be composed of one or 2 ~~two~~ members from each congressional district in the State and shall be elected as follows:

State Central Committee

(a) Within 30 days after January 1, 1984 (the effective date of Public Act 83-33), the State central committee of each political party shall certify to the State Board of Elections which of the following alternatives it wishes to apply to the State central committee of that party.

Alternative A. At the primary in 1970 and at the general primary election held every 4 years thereafter, each primary elector may vote for one candidate of his party for member of the State central committee for the congressional district in which he resides. The candidate receiving the highest number of votes shall be declared elected State central committeeperson from the district. A political party may, in lieu of the foregoing, by a majority vote of delegates at any State convention of such party, determine to thereafter elect the State central committeepersons in the manner following:

At the county convention held by such political party, State central committeepersons shall be elected in the same manner as provided in this Article for the election of officers of the county central committee, and such election shall follow the election of officers of the county central committee. Each elected ward, township, or precinct committeeperson shall cast as his vote one vote for each ballot voted in his ward, township, part of a township, or precinct in the last preceding primary election of his political party. In the case of a county lying partially within one congressional district and partially within another

congressional district, each ward, township, or precinct committeeperson shall vote only with respect to the congressional district in which his ward, township, part of a township, or precinct is located. In the case of a congressional district which encompasses more than one county, each ward, township, or precinct committeeperson residing within the congressional district shall cast as his vote one vote for each ballot voted in his ward, township, part of a township, or precinct in the last preceding primary election of his political party for one candidate of his party for member of the State central committee for the congressional district in which he resides and the Chair of the county central committee shall report the results of the election to the State Board of Elections. The State Board of Elections shall certify the candidate receiving the highest number of votes elected State central committeeperson for that congressional district.

The State central committee shall adopt rules to provide for and govern the procedures to be followed in the election of members of the State central committee.

After August 6, 1999 (the effective date of Public Act 91-426), whenever a vacancy occurs in the office of Chair of a State central committee, or at the end of the term of office of Chair, the State central committee of each political party that has selected Alternative A shall elect a Chair who shall not be required to be a member of the State Central Committee.

The Chair shall be a registered voter in this State and of the same political party as the State central committee.

Alternative B. Each congressional committee shall, within 30 days after the adoption of this alternative, appoint a person of a different gender than that of the incumbent member for that congressional district to serve as an additional member of the State central committee until the member's successor is elected at the general primary election in 1986. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section. In each congressional district at the general primary election held in 1986 and every 4 years thereafter, the person receiving the highest number of votes for State central committeeperson, and the person of a different gender receiving the highest number of votes, shall be declared elected State central committeepersons from the district. At the general primary election held in 1986 and every 4 years thereafter, if all a party's candidates for State central committeeperson from a congressional district are of the same gender, the candidate receiving the highest number of votes shall be declared elected a State central committeeperson from the district, and, because of a failure to elect 2 persons from different genders to the committee, a vacancy shall be declared to exist in the office of the second member of the State central committee from the district. This vacancy shall be filled by appointment by the congressional committee of the

political party, and the person appointed to fill the vacancy shall be a resident of the congressional district and of a different gender than the committeeperson elected at the general primary election. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section.

The Chair of a State central committee composed as provided in this Alternative B must be selected from the committee's members.

Beginning on August 4, 2023 (the effective date of Public Act 103-467) ~~this amendatory Act of the 103rd General Assembly,~~ a State central committee organized under Alternative B shall include as an honorary member any person affiliated with the same political party and serving as the Governor, President of the Senate, and the Speaker of the House of Representatives.

Except as provided for in Alternative A with respect to the selection of the Chair of the State central committee and for in Alternative B with respect to the President of the Senate and the Speaker of the House of Representatives, under both of the foregoing alternatives, the State central committee of each political party shall be composed of members elected or appointed from the several congressional districts of the State, and of no other person or persons whomsoever. The members of the State central committee shall, within 41 days after each quadrennial election of the full committee, meet in

the city of Springfield and organize by electing a Chair, and may at such time elect such officers from among their own number (or otherwise), as they may deem necessary or expedient. The outgoing chair of the State central committee of the party shall, 10 days before the meeting, notify each member of the State central committee elected at the primary of the time and place of such meeting. In the organization and proceedings of the State central committee, the 2 elected or appointed committeepersons shall each have one vote for each ballot voted in their congressional district by the primary electors of the committeepersons' party at the primary election immediately preceding the meeting of the State central committee. Whenever a vacancy occurs in the State central committee of any political party, the vacancy shall be filled by appointment of the chairmen of the county central committees of the political party of the counties located within the congressional district in which the vacancy occurs and, if applicable, the ward and township committeepersons of the political party in counties of 2,000,000 or more inhabitants located within the congressional district. If the congressional district in which the vacancy occurs lies wholly within a county of 2,000,000 or more inhabitants, the ward and township committeepersons of the political party in that congressional district shall vote to fill the vacancy. In voting to fill the vacancy, each chair of a county central committee and each ward and township committeeperson in

counties of 2,000,000 or more inhabitants shall have one vote for each ballot voted in each precinct of the congressional district in which the vacancy exists of the chair's or committeeperson's county, township, or ward cast by the primary electors of the chair's or committeeperson's party at the primary election immediately preceding the meeting to fill the vacancy in the State central committee. The person appointed to fill the vacancy shall be a resident of the congressional district in which the vacancy occurs, shall be a qualified voter, and, in a committee composed as provided in Alternative B, shall be of the same gender as the appointee's predecessor. A political party may, by a majority vote of the delegates of any State convention of such party, determine to return to the election of State central committeepersons by the vote of primary electors. Any action taken by a political party at a State convention in accordance with this Section shall be reported to the State Board of Elections by the chair and secretary of such convention within 10 days after such action.

Ward, Township, and Precinct Committeepersons

(b) At the primary in 1972 and at the general primary election every 4 years thereafter, each primary elector in cities having a population of 200,000 or over may vote for one candidate of his party in his ward for ward committeeperson. Each candidate for ward committeeperson must be a resident of and in the ward where he seeks to be elected ward

committeeperson. The one having the highest number of votes shall be such ward committeeperson of such party for such ward. At the primary election in 1970 and at the general primary election every 4 years thereafter, each primary elector in counties containing a population of 2,000,000 or more, outside of cities containing a population of 200,000 or more, may vote for one candidate of his party for township committeeperson. Each candidate for township committeeperson must be a resident of and in the township or part of a township (which lies outside of a city having a population of 200,000 or more, in counties containing a population of 2,000,000 or more), and in which township or part of a township he seeks to be elected township committeeperson. The one having the highest number of votes shall be such township committeeperson of such party for such township or part of a township. At the primary in 1970 and at the general primary election every 2 years thereafter, each primary elector, except in counties having a population of 2,000,000 or over, may vote for one candidate of his party in his precinct for precinct committeeperson. Each candidate for precinct committeeperson must be a bona fide resident of the precinct where he seeks to be elected precinct committeeperson. The one having the highest number of votes shall be such precinct committeeperson of such party for such precinct. The official returns of the primary shall show the name of the committeeperson of each political party.

Terms of Committeepersons. All precinct committeepersons elected under the provisions of this Article shall continue as such committeepersons until the date of the primary to be held in the second year after their election. Except as otherwise provided in this Section for certain State central committeepersons who have 2-year ~~2-year~~ terms, all State central committeepersons, township committeepersons, and ward committeepersons shall continue as such committeepersons until the date of primary to be held in the fourth year after their election. However, a vacancy exists in the office of precinct committeeperson when a precinct committeeperson ceases to reside in the precinct in which he was elected and such precinct committeeperson shall thereafter neither have nor exercise any rights, powers or duties as committeeperson in that precinct, even if a successor has not been elected or appointed.

(c) The Multi-Township Central Committee shall consist of the precinct committeepersons of such party, in the multi-township assessing district formed pursuant to Section 2-10 of the Property Tax Code and shall be organized for the purposes set forth in Section 45-25 of the Township Code. In the organization and proceedings of the Multi-Township Central Committee, each precinct committeeperson shall have one vote for each ballot voted in his precinct by the primary electors of his party at the primary at which he was elected.

Cook County Board of Review Election District Committee

(d-1) Each board of review election district committee of each political party in Cook County shall consist of the various township committeepersons and ward committeepersons, if any, of that party in the portions of the county composing the board of review election district. In the organization and

proceedings of each of the 3 election district committees, each township committeeperson shall have one vote for each ballot voted in the committeeperson's township or part of a township, as the case may be, by the primary electors of the committeeperson's party at the primary election immediately preceding the meeting of the board of review election district committee; and in the organization and proceedings of each of the 3 election district committees, each ward committeeperson shall have one vote for each ballot voted in the committeeperson's ward or part of that ward, as the case may be, by the primary electors of the committeeperson's party at the primary election immediately preceding the meeting of the board of review election district committee.

Congressional Committee

(e) The congressional committee of each party in each congressional district shall be composed of the chairmen of the county central committees of the counties composing the congressional district, except that in congressional districts wholly within the territorial limits of one county, the precinct committeepersons, township committeepersons, and ward committeepersons, if any, of the party representing the precincts within the limits of the congressional district, shall compose the congressional committee. A State central committeeperson in each district shall be a member and the chair or, when a district has 2 State central committeepersons, a co-chairperson of the congressional

committee, but shall not have the right to vote except in case of a tie.

In the organization and proceedings of congressional committees composed of precinct committeepersons or township committeepersons or ward committeepersons, or any combination thereof, each precinct committeeperson shall have one vote for each ballot voted in his precinct by the primary electors of his party at the primary at which he was elected, each township committeeperson shall have one vote for each ballot voted in his township or part of a township as the case may be by the primary electors of his party at the primary election immediately preceding the meeting of the congressional committee, and each ward committeeperson shall have one vote for each ballot voted in each precinct of his ward located in such congressional district by the primary electors of his party at the primary election immediately preceding the meeting of the congressional committee; and in the organization and proceedings of congressional committees composed of the chairmen of the county central committees of the counties within such district, each chair of such county central committee shall have one vote for each ballot voted in his county by the primary electors of his party at the primary election immediately preceding the meeting of the congressional committee.

Judicial District Committee

(f) The judicial district committee of each political

party in each judicial district shall be composed of the chair of the county central committees of the counties composing the judicial district.

In the organization and proceedings of judicial district committees composed of the chairmen of the county central committees of the counties within such district, each chair of such county central committee shall have one vote for each ballot voted in his county by the primary electors of his party at the primary election immediately preceding the meeting of the judicial district committee.

Circuit Court Committee

(g) The circuit court committee of each political party in each judicial circuit outside Cook County shall be composed of the chairmen of the county central committees of the counties composing the judicial circuit.

In the organization and proceedings of circuit court committees, each chair of a county central committee shall have one vote for each ballot voted in his county by the primary electors of his party at the primary election immediately preceding the meeting of the circuit court committee.

Judicial Subcircuit Committee

(g-1) The judicial subcircuit committee of each political party in each judicial subcircuit in a judicial circuit divided into subcircuits shall be composed of (i) the ward and township committeepersons of the townships and wards composing

the judicial subcircuit in Cook County and (ii) the precinct committeepersons of the precincts composing the judicial subcircuit in any county other than Cook County.

In the organization and proceedings of each judicial subcircuit committee, each township committeeperson shall have one vote for each ballot voted in his township or part of a township, as the case may be, in the judicial subcircuit by the primary electors of his party at the primary election immediately preceding the meeting of the judicial subcircuit committee; each precinct committeeperson shall have one vote for each ballot voted in his precinct or part of a precinct, as the case may be, in the judicial subcircuit by the primary electors of his party at the primary election immediately preceding the meeting of the judicial subcircuit committee; and each ward committeeperson shall have one vote for each ballot voted in his ward or part of a ward, as the case may be, in the judicial subcircuit by the primary electors of his party at the primary election immediately preceding the meeting of the judicial subcircuit committee.

Municipal Central Committee

(h) The municipal central committee of each political party shall be composed of the precinct, township or ward committeepersons, as the case may be, of such party representing the precincts or wards, embraced in such city, incorporated town or village. central committee shall be the same as his voting strength on the county central committee.

For political parties, other than a statewide political party, established only within a municipality or township, the municipal or township managing committee shall be composed of the party officers of the local established party. The party officers of a local established party shall be as follows: the chair and secretary of the caucus for those municipalities and townships authorized by statute to nominate candidates by caucus shall serve as party officers for the purpose of filling vacancies in nomination under Section 7-61; for municipalities and townships authorized by statute or ordinance to nominate candidates by petition and primary election, the party officers shall be the party's candidates who are nominated at the primary. If no party primary was held because of the provisions of Section 7-5, vacancies in nomination shall be filled by the party's remaining candidates who shall serve as the party's officers.

Powers

(i) Each committee and its officers shall have the powers usually exercised by such committees and by the officers thereof, not inconsistent with the provisions of this Article. The several committees herein provided for shall not have power to delegate any of their powers, or functions to any other person, officer or committee, but this shall not be construed to prevent a committee from appointing from its own

membership proper and necessary subcommittees.

(j) The State central committee of a political party which elects its members by Alternative B under paragraph (a) of this Section shall adopt a plan to give effect to the delegate selection rules of the national political party and file a copy of such plan with the State Board of Elections when approved by a national political party.

(k) For the purpose of the designation of a proxy by a Congressional Committee to vote in place of an absent State central committeeperson at meetings of the State central committee of a political party which elects its members by Alternative B under paragraph (a) of this Section, the proxy shall be appointed by the vote of the ward and township committeepersons, if any, of the wards and townships which lie entirely or partially within the Congressional District from which the absent State central committeeperson was elected and the vote of the chairmen of the county central committees of those counties which lie entirely or partially within that Congressional District and in which there are no ward or township committeepersons. When voting for such proxy, the county chair, ward committeeperson or township committeeperson, as the case may be, shall have one vote for each ballot voted in his county, ward, or township, or portion thereof within the Congressional District, by the primary electors of his party at the primary at which he was elected. Notwithstanding any law to the contrary, a person is ineligible to hold the position of committeeperson in any committee established pursuant to this Section if he or she is statutorily ineligible to vote in a general election because of conviction of a felony. When a committeeperson is convicted of a felony, the position occupied by that committeeperson shall automatically become vacant.

(10 ILCS 5/10-8) (from Ch. 46, par. 10-8)

Sec. 10-8. Except as otherwise provided in this Code, certificates of nomination and nomination papers, and petitions to submit public questions to a referendum, being filed as required by this Code, and being in apparent conformity with the provisions of this Code Act, shall be deemed to be valid unless objection thereto is duly made in writing within 5 business days after the last day for filing the certificate of nomination or nomination papers or petition for a public question, with the following exceptions:

A. In the case of petitions to amend Article IV of the Constitution of the State of Illinois, there shall be a period of 35 business days after the last day for the

filing of such petitions in which objections can be filed.

B. In the case of petitions for advisory questions of public policy to be submitted to the voters of the entire State, there shall be a period of 35 business days after the last day for the filing of such petitions in which objections can be filed.

Any legal voter of the political subdivision or district in which the candidate or public question is to be voted on, or any legal voter in the State in the case of a proposed amendment to Article IV of the Constitution or an advisory public question to be submitted to the voters of the entire State, having objections to any certificate of nomination or nomination papers or petitions filed, shall file an objector's petition together with 2 copies thereof in the principal office or the permanent branch office of the State Board of Elections, or in the office of the election authority or local election official with whom the certificate of nomination, nomination papers or petitions are on file. Objection petitions that do not include 2 copies thereof, shall not be accepted. In the case of nomination papers or certificates of nomination, the State Board of Elections, election authority or local election official shall note the day and hour upon which such objector's petition is filed, and shall, not later than 12:00 p.m. ~~noon~~ on the second business day after receipt of the petition, transmit by registered mail or receipted personal delivery the certificate of nomination or nomination

papers and the original objector's petition to the chair of the proper electoral board designated in Section 10-9 of this Code ~~hereof~~, or his authorized agent, and shall transmit a copy by registered mail or receipted personal delivery of the objector's petition, to the candidate whose certificate of nomination or nomination papers are objected to, addressed to the place of residence designated in said certificate of nomination or nomination papers. In the case of objections to a petition for a proposed amendment to Article IV of the Constitution or for an advisory public question to be submitted to the voters of the entire State, the State Board of Elections shall note the day and hour upon which such objector's petition is filed and shall transmit a copy of the objector's petition by registered mail or receipted personal delivery to the person designated on a certificate attached to the petition as the principal proponent of such proposed amendment or public question, or as the proponents' attorney, for the purpose of receiving notice of objections. (10 ILCS 5/11-2) (from Ch. 46, par. 11-2)

Sec. 11-2. Election precincts. The County Board in each county, except in counties having a population of 3,000,000 inhabitants or over, shall, at its regular meeting in June or

an adjourned meeting in July, divide its election precincts so that each precinct shall contain, as near as may be practicable, 1,200 registered voters. Insofar as is practicable, each precinct shall be situated within a single congressional, legislative and representative district and in not more than one County Board district and one municipal ward. In order to situate each precinct within a single district or ward, the County Board shall change the boundaries of election precincts after each decennial census as soon as is practicable following the completion of congressional and legislative redistricting, except that, in 2021, the county board shall change the boundaries at a regular or special meeting within 60 days after November 15, 2021 (the effective date of Public Act 102-668) ~~this amendatory Act of the 102nd General Assembly~~. In determining whether a division of precincts should be made, the county board may anticipate increased voter registration in any precinct in which there is in progress new construction of dwelling units which will be occupied by voters more than 30 days before the next election. Each district shall be composed of contiguous territory in as compact form as can be for the convenience of the electors voting therein. The several county boards in establishing districts shall describe them by metes and bounds and number them. And so often thereafter as it shall appear by the number of votes cast at the general election held in November of any year, that any election district or undivided election

precinct contains more than 1,200 registered voters, the County Board of the county in which the district or precinct may be, shall at its regular meeting in June, or an adjourned meeting in July next, after such November election, redivide or readjust such election district or election precinct, so that no district or election precinct shall contain more than the number of votes above specified. If for any reason the County Board fails in any year to redivide or readjust the election districts or election precinct, then the districts or precincts as then existing shall continue until the next regular June meeting of the County Board; at which regular June meeting or an adjourned meeting in July the County Board shall redivide or readjust the election districts or election precincts in manner as herein required. When at any meeting of the County Board any redivision, readjustment, or change in name or number of election districts or election precincts is made by the County Board, the County Clerk shall immediately notify the State Board of Elections of such redivision, readjustment, or change. The County Board in every case shall fix and establish the places for holding elections in its respective county and all elections shall be held at the places so fixed. The polling places shall in all cases be upon the ground floor in the front room, the entrance to which is in a highway or public street which is at least 40 feet wide, and is as near the center of the voting population of the precinct as is practicable, and for the convenience of the greatest

number of electors to vote thereat; provided, however, where the County Board is unable to secure a suitable polling place within the boundaries of a precinct, it may select a polling place at the most conveniently located suitable place outside the precinct; but in no case shall an election be held in any room used or occupied as a saloon, dramshop, bowling alley or as a place of resort for idlers and disreputable persons, billiard hall or in any room connected therewith by doors or hallways. No person shall be permitted to vote at any election except at the polling place for the precinct in which he resides, except as otherwise provided in this Section or Article 19 of this Code Act. In counties having a population of 3,000,000 inhabitants or over the County Board shall divide its election precincts and shall fix and establish places for holding elections as hereinbefore provided during the month of January instead of at its regular meeting in June or at an adjourned meeting in July.

However, in the event that additional divisions of election precincts are indicated after a division made by the County Board in the month of January, such additional divisions may be made by the County Board in counties having a population of 3,000,000 inhabitants or over, at the regular meeting in June or at adjourned meeting in July. The county board of such county may divide or readjust precincts at any meeting of the county board when the voter registration in a precinct has increased beyond 1,800 registered voters and an

election is scheduled before the next regular January or June meeting of the county board.

When in any city, village or incorporated town territory has been annexed thereto or disconnected therefrom, which annexation or disconnection becomes effective after election precincts or election districts have been established as above provided in this Section, the clerk of the municipality shall inform the county clerk thereof as provided in Section 4-21, 5-28.1, or 6-31.1, whichever is applicable. In the event that a regular meeting of the County Board is to be held after such notification and before any election, the County Board shall, at its next regular meeting, l establish new election precinct lines in affected territory. In the event that no regular meeting of the County Board is to be held before such election the county clerk shall, within 5 days after being so informed, call a special meeting of the county board on a day fixed by him not more than 20 days thereafter for the purpose of establishing election precincts or election districts in the affected territory for the ensuing elections.

At any consolidated primary or consolidated election at which municipal officers are to be elected, and at any emergency referendum at which a public question relating to a municipality is to be voted on, notwithstanding any other provision of this Code, the election authority shall establish a polling place within such municipality, upon the request of the municipal council or board of trustees at least 60 days

before the election and provided that the municipality provides a suitable polling place. To accomplish this purpose, the election authority may establish an election precinct constituting a single municipality of under 500 population for all elections, notwithstanding the minimum precinct size otherwise specified herein.

Notwithstanding the above, when there are no more than 50 registered voters in a precinct who are entitled to vote in a local government or school district election, the election authority having jurisdiction over the precinct is authorized to reassign such voters to one or more polling places in adjacent precincts, within or without the election authority's jurisdiction, for that election. For the purposes of such local government or school district election only, the votes of the reassigned voters shall be tallied and canvassed as votes from the precinct of the polling place to which such voters have been reassigned. The election authority having jurisdiction over the precinct shall approve all administrative and polling place procedures. Such procedures shall take into account voter convenience, and ensure that the integrity of the election process is maintained and that the secrecy of the ballot is not violated.

Except in the event of a fire, flood or total loss of heat in a place fixed or established by any county board or election authority pursuant to this Section as a polling place for an election, no election authority shall change the location of a

polling place so established for any precinct after notice of the place of holding the election for that precinct has been given as required under Article 12 unless the election authority notifies all registered voters in the precinct of the change in location by first class mail in sufficient time for such notice to be received by the registered voters in the precinct at least one day prior to the date of the election.

The provisions of this Section apply to all precincts, including those where voting machines or electronic voting systems are used.

(10 ILCS 5/19-8) (from Ch. 46, par. 19-8)

Sec. 19-8. Time and place of counting ballots.

(a) (Blank). ~~(Blank.)~~

(b) Each vote by mail voter's ballot returned to an election authority, by any means authorized by this Article, and received by that election authority before the closing of the polls on election day shall be endorsed by the receiving election authority with the day and hour of receipt and may be processed by the election authority beginning on the day it is received by the election authority in the central ballot counting location of the election authority, but the results of the processing may not be counted until the day of the election after 7:00 p.m., except as provided in subsections (g) and (g-5).

(c) Each vote by mail voter's ballot that is mailed to an election authority and postmarked no later than election day, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the period for counting provisional ballots.

Each vote by mail voter's ballot that is mailed to an election authority absent a postmark or a barcode usable with an intelligent mail barcode tracking system, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt, opened to inspect the date inserted on the certification, and, if the certification date is election day or earlier and the ballot is otherwise found to be valid under the requirements of this Section, counted at the central ballot counting location of the election authority during the period for counting provisional ballots. Absent a date on the certification, the ballot shall not be counted.

If an election authority is using an intelligent mail barcode tracking system, a ballot that is mailed to an election authority absent a postmark may be counted if the intelligent mail barcode tracking system verifies the envelope was mailed no later than election day.

(d) Special write-in vote by mail voter's blank ballots returned to an election authority, by any means authorized by this Article, and received by the election authority at any time before the closing of the polls on election day shall be endorsed by the receiving election authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same

period provided for counting vote by mail voters' ballots under subsections (b), (g), and (g-5). Special write-in vote by mail voter's blank ballots that are mailed to an election authority and postmarked no later than election day, but that are received by the election authority after the polls close on election day and before the closing of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same periods provided for counting vote by mail voters' ballots under subsection (c).

(e) Except as otherwise provided in this Section, vote by mail voters' ballots and special write-in vote by mail voter's blank ballots received by the election authority after the closing of the polls on an election day shall be endorsed by the election authority receiving them with the day and hour of receipt and shall be safely kept unopened by the election authority for the period of time required for the preservation of ballots used at the election, and shall then, without being opened, be destroyed in like manner as the used ballots of that election.

(f) Counting required under this Section to begin on election day after the closing of the polls shall commence no later than 8:00 p.m. and shall be conducted by a panel or panels of election judges appointed in the manner provided by

law. The counting shall continue until all vote by mail voters' ballots and special write-in vote by mail voter's blank ballots required to be counted on election day have been counted.

(g) The procedures set forth in Articles 17 and 18 of this Code shall apply to all ballots counted under this Section. In addition, within 2 days after a vote by mail ballot is received, but in all cases before the close of the period for counting provisional ballots, the election judge or official shall compare the voter's signature on the certification envelope of that vote by mail ballot with the voter's signature on the application verified in accordance with Section 19-4 or the signature of the voter on file in the office of the election authority. If the election judge or official determines that the 2 signatures match, and that the vote by mail voter is otherwise qualified to cast a vote by mail ballot, the election authority shall cast and count the ballot on election day or the day the ballot is determined to be valid, whichever is later, adding the results to the precinct in which the voter is registered. If the election judge or official determines that the signatures do not match, or that the vote by mail voter is not qualified to cast a vote by mail ballot, then without opening the certification envelope, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

In addition to the voter's signatures not matching, a vote by mail ballot may be rejected by the election judge or official:

- (1) if the ballot envelope is open or has been opened and resealed;
- (2) if the voter has already cast an early or grace period ballot;
- (3) if the voter voted in person on election day or the voter is not a duly registered voter in the precinct; or
- (4) on any other basis set forth in this Code.

If the election judge or official determines that any of these reasons apply, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

(g-5) If a vote by mail ballot is rejected by the election judge or official for any reason, the election authority shall, within 2 days after the rejection but in all cases before the close of the period for counting provisional ballots, notify the vote by mail voter that his or her ballot was rejected. The notice shall inform the voter of the reason or reasons the ballot was rejected and shall state that the voter may appear before the election authority, on or before the 14th day after the election, to show cause as to why the ballot should not be rejected. The voter may present evidence to the election authority supporting his or her contention that the ballot should be counted. The election authority

shall appoint a panel of 3 election judges to review the contested ballot, application, and certification envelope, as well as any evidence submitted by the vote by mail voter. No more than 2 election judges on the reviewing panel shall be of the same political party. The reviewing panel of election judges shall make a final determination as to the validity of the contested vote by mail ballot. The judges' determination shall not be reviewable either administratively or judicially.

A vote by mail ballot subject to this subsection that is determined to be valid shall be counted before the close of the period for counting provisional ballots.

If a vote by mail ballot is rejected for any reason, the election authority shall, within one day after the rejection, transmit to the State Board of Elections by electronic means the voter's name, street address, email address, and precinct, ward, township, and district numbers, as the case may be. If a rejected vote by mail ballot is determined to be valid, the election authority shall, within one day after the determination, remove the name of the voter from the list transmitted to the State Board of Elections. The State Board of Elections shall maintain the names and information in an electronic format on its website accessible to State and local political committees.

Upon request by the State or local political committee, each election authority shall, within one day after the request, provide the following information about all rejected

vote by mail ballots: voter's name, street address, email address, and precinct, ward, township, and district numbers, as the case may be.

(g-10) All vote by mail ballots determined to be valid shall be added to the vote totals for the precincts for which they were cast in the order in which the ballots were opened.

(h) Each political party, candidate, and qualified civic organization shall be entitled to have present one pollwatcher for each panel of election judges therein assigned.

Section 65. The Illinois Identification Card Act is

amended by changing Sections 4 and 5 as follows:

(15 ILCS 335/4)

(Text of Section before amendment by P.A. 104-457)

Sec. 4. Identification card.

(a) In accordance with the requirements of this Section, the Secretary of State shall issue a standard Illinois Identification Card, as well as a mobile Illinois Identification Card, to any natural person who is a resident of the State of Illinois who applies for such a card, or renewal thereof. No identification card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The card shall be prepared and supplied by the Secretary of State and shall include a photograph and signature or mark of the applicant. However, the Secretary of State may provide by rule for the issuance of Illinois Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. The Illinois Identification Card may be used for identification purposes in any lawful situation only by the person to whom it was issued. As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As used in this Act,

"signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

(a-5) If an applicant for an identification card has a current driver's license or instruction permit issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision.

(a-10) If the applicant is a judicial officer as defined in Section 1-10 of the Judicial Privacy Act, a public official as defined in Section 10 of the Public Official Safety and Privacy Act, or a peace officer, the applicant may elect to have his or her office or work address listed on the card instead of the applicant's residence or mailing address. The Secretary may promulgate rules to implement this provision. For the purposes of this subsection (a-10), "peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

(a-15) The Secretary of State may provide for an expedited process for the issuance of an Illinois Identification Card. The Secretary shall charge an additional fee for the expedited

issuance of an Illinois Identification Card, to be set by rule, not to exceed \$75. All fees collected by the Secretary for expedited Illinois Identification Card service shall be deposited into the Secretary of State Special Services Fund. The Secretary may adopt rules regarding the eligibility, process, and fee for an expedited Illinois Identification Card. If the Secretary of State determines that the volume of expedited identification card requests received on a given day exceeds the ability of the Secretary to process those requests in an expedited manner, the Secretary may decline to provide expedited services, and the additional fee for the expedited service shall be refunded to the applicant.

(a-20) The Secretary of State shall issue a standard Illinois Identification Card to a person committed to the Department of Corrections, the Department of Juvenile Justice, a Federal Bureau of Prisons facility located in Illinois, or a county jail or county department of corrections as follows:

(1) A committed person who has previously held an Illinois Identification Card or an Illinois driver's license shall submit an Identification Card verification form to the Secretary of State, including a photograph taken by the correctional facility, proof of residency upon discharge, and a social security number, if the committed person has a social security number. If the committed person does not have a social security number and is eligible for a social security number, the

Secretary of State shall not issue a standard Illinois Identification Card until the committed person obtains a social security number. If the committed person's photograph and demographic information matches an existing Illinois Identification Card or Illinois driver's license and the Secretary of State verifies the applicant's social security number with the Social Security Administration, the Secretary of State shall issue the committed person a standard Illinois Identification Card. If the photograph or demographic information matches an existing Illinois Identification Card or Illinois driver's license in another person's name or identity, a standard Illinois Identification Card shall not be issued until the committed person submits a certified birth certificate and social security card to the Secretary of State and the Secretary of State verifies the identity of the committed person. If the Secretary of State cannot find a match to an existing Illinois Identification Card or Illinois driver's license, the committed person may apply for a standard Illinois Identification card as described in paragraph (2).

(2) A committed person who has not previously held an Illinois Identification Card or Illinois driver's license or for whom a match cannot be found as described in paragraph (1) shall submit an Illinois Identification Card verification form, including a photograph taken by the

correctional facility, a certified birth certificate, proof of residency upon discharge, and a social security number, if the committed has a social security number. If the committed person does not have a social security number and is eligible for a social security number, the Secretary of State shall not issue a standard Illinois Identification Card until the committed person obtains a social security number. If the Secretary of State verifies the applicant's social security number with the Social Security Administration, the Secretary of State shall issue the committed person a standard Illinois Identification Card.

The Illinois Identification Card verification form described in this subsection shall be prescribed by the Secretary of State. The Secretary of State and correctional facilities in this State shall establish a secure method to transfer the form.

(a-25) The Secretary of State shall issue a limited-term Illinois Identification Card valid for 90 days to a committed person upon release on parole, mandatory supervised release, aftercare release, final discharge, or pardon from the Department of Corrections, the Department of Juvenile Justice, a Federal Bureau of Prisons facility located in Illinois, or a county jail or county department of corrections, if the released person does not obtain a standard Illinois Identification Card as described in subsection (a-20) prior to

release but does present a Secretary of State prescribed Identification Card verification form completed by the correctional facility, verifying the released person's date of birth, social security number, if the person has a social security number, and his or her Illinois residence address. The verification form must have been completed no more than 30 days prior to the date of application for the Illinois Identification Card.

Prior to the expiration of the 90-day period of the limited-term Illinois Identification Card, if the released person submits to the Secretary of State a certified copy of his or her birth certificate and his or her social security card, if the person has a social security number, or other documents authorized by the Secretary, a standard Illinois Identification Card shall be issued. A limited-term Illinois Identification Card may not be renewed.

This subsection shall not apply to a released person who was unable to obtain a standard Illinois Identification Card because his or her photograph or demographic information matched an existing Illinois Identification Card or Illinois driver's license in another person's name or identity or to a released person who does not have a social security number and is eligible for a social security number.

(a-30) The Secretary of State shall issue a standard Illinois Identification Card to a person upon conditional release or absolute discharge from the custody of the

Department of Human Services, if the person presents a certified copy of his or her birth certificate, social security card, if the person has a social security number, or other documents authorized by the Secretary, and a document proving his or her Illinois residence address. The Secretary of State shall issue a standard Illinois Identification Card to a person prior to his or her conditional release or absolute discharge if personnel from the Department of Human Services bring the person to a Secretary of State location with the required documents. Documents proving residence address may include any official document of the Department of Human Services showing the person's address after release and a Secretary of State prescribed verification form, which may be executed by personnel of the Department of Human Services.

(a-35) The Secretary of State shall issue a limited-term Illinois Identification Card valid for 90 days to a person upon conditional release or absolute discharge from the custody of the Department of Human Services, if the person is unable to present a certified copy of his or her birth certificate and social security card, if the person has a social security number, or other documents authorized by the Secretary, but does present a Secretary of State prescribed verification form completed by the Department of Human Services, verifying the person's date of birth and social security number, if the person has a social security number, and a document proving his or her Illinois residence address.

The verification form must have been completed no more than 30 days prior to the date of application for the Illinois Identification Card. The Secretary of State shall issue a limited-term Illinois Identification Card to a person no sooner than 14 days prior to his or her conditional release or absolute discharge if personnel from the Department of Human Services bring the person to a Secretary of State location with the required documents. Documents proving residence address shall include any official document of the Department of Human Services showing the person's address after release and a Secretary of State prescribed verification form, which may be executed by personnel of the Department of Human Services.

(b) The Secretary of State shall issue a special Illinois Identification Card, which shall be known as an Illinois Person with a Disability Identification Card, to any natural person who is a resident of the State of Illinois, who is a person with a disability as defined in Section 4A of this Act, who applies for such card, or renewal thereof. No Illinois Person with a Disability Identification Card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The Secretary of State shall charge no fee to issue such card. The card shall be prepared and supplied by the Secretary of State, and shall include a

photograph and signature or mark of the applicant, a designation indicating that the card is an Illinois Person with a Disability Identification Card, and shall include a comprehensible designation of the type and classification of the applicant's disability as set out in Section 4A of this Act. However, the Secretary of State may provide by rule for the issuance of Illinois Person with a Disability Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. If the applicant so requests, the card shall include a description of the applicant's disability and any information about the applicant's disability or medical history which the Secretary determines would be helpful to the applicant in securing emergency medical care. If a mark is used in lieu of a signature, such mark shall be affixed to the card in the presence of 2 witnesses who attest to the authenticity of the mark. The Illinois Person with a Disability Identification Card may be used for identification purposes in any lawful situation by the person to whom it was issued.

The Illinois Person with a Disability Identification Card may be used as adequate documentation of disability in lieu of a physician's determination of disability, a determination of disability from a physician assistant, a determination of disability from an advanced practice registered nurse, or any other documentation of disability whenever any State law

requires that a person with a disability provide such documentation of disability, however an Illinois Person with a Disability Identification Card shall not qualify the cardholder to participate in any program or to receive any benefit which is not available to all persons with like disabilities. Notwithstanding any other provisions of law, an Illinois Person with a Disability Identification Card, or evidence that the Secretary of State has issued an Illinois Person with a Disability Identification Card, shall not be used by any person other than the person named on such card to prove that the person named on such card is a person with a disability or for any other purpose unless the card is used for the benefit of the person named on such card, and the person named on such card consents to such use at the time the card is so used.

An optometrist's determination of a visual disability under Section 4A of this Act is acceptable as documentation for the purpose of issuing an Illinois Person with a Disability Identification Card.

When medical information is contained on an Illinois Person with a Disability Identification Card, the Office of the Secretary of State shall not be liable for any actions taken based upon that medical information.

(c) The Secretary of State shall provide that each original or renewal Illinois Identification Card or Illinois Person with a Disability Identification Card issued to a

person under the age of 21 shall be of a distinct nature from those Illinois Identification Cards or Illinois Person with a Disability Identification Cards issued to individuals 21 years of age or older. The color designated for Illinois Identification Cards or Illinois Person with a Disability Identification Cards for persons under the age of 21 shall be at the discretion of the Secretary of State.

(c-1) Each original or renewal Illinois Identification Card or Illinois Person with a Disability Identification Card issued to a person under the age of 21 shall display the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age.

(c-3) The General Assembly recognizes the need to identify military veterans living in this State for the purpose of ensuring that they receive all of the services and benefits to which they are legally entitled, including healthcare, education assistance, and job placement. To assist the State in identifying these veterans and delivering these vital services and benefits, the Secretary of State is authorized to issue Illinois Identification Cards and Illinois Person with a Disability Identification Cards with the word "veteran" appearing on the face of the cards. This authorization is predicated on the unique status of veterans. The Secretary may not issue any other identification card which identifies an occupation, status, affiliation, hobby, or other unique characteristics of the identification card holder which is

unrelated to the purpose of the identification card.

(c-5) Beginning on or before July 1, 2015, the Secretary of State shall designate a space on each original or renewal identification card where, at the request of the applicant, the word "veteran" shall be placed. The veteran designation shall be available to a person identified as a veteran under subsection (b) of Section 5 of this Act who was discharged or separated under honorable conditions.

(d) The Secretary of State may issue a Senior Citizen discount card, to any natural person who is a resident of the State of Illinois who is 60 years of age or older and who applies for such a card or renewal thereof. The Secretary of State shall charge no fee to issue such card. The card shall be issued in every county and applications shall be made available at, but not limited to, nutrition sites, senior citizen centers and Area Agencies on Aging. The applicant, upon receipt of such card and prior to its use for any purpose, shall have affixed thereon in the space provided therefor his signature or mark.

(e) The Secretary of State, in his or her discretion, may designate on each Illinois Identification Card or Illinois Person with a Disability Identification Card a space where the card holder may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the card holder has renewed his or her Illinois Identification

Card or Illinois Person with a Disability Identification Card.

(f)(1) The Secretary of State may issue a mobile identification card to an individual who is otherwise eligible to hold a physical credential in addition to, and not instead of, an identification card if the Secretary of State has issued an identification card to the person. The data elements that are used to build an electronic credential must match the individual's current Department record.

(2) The Secretary may enter into agreements or contract with an agency of the State, another state, the United States, or a third party to facilitate the issuance, use, and verification of a mobile identification card issued by the Secretary or another state.

(3) Any mobile identification card issued by the Secretary shall be in accordance with the most recent AAMVA standards.

(4) The Secretary shall design the mobile identification card in a manner that allows the credential holder to maintain physical possession of the device on which the mobile identification card is accessed during verification.

(g) The verification process shall be implemented to require:

(1) the relying parties to authenticate electronic credentials in accordance with applicable AAMVA standards prior to acceptance of the electronic credential;

(2) the Secretary to ensure that electronic credential data is subject to all jurisdictional data security and

privacy protection laws and regulations; and

(3) the relying parties to request only electronic credential data elements that are necessary to complete the transaction for which data is being requested.

(h) Privacy and tracking of data shall be restricted by implementing the following requirements:

(1) the relying parties shall retain only electronic credential data elements for which the relying party explicitly obtained consent from the electronic credential holder and shall inform the electronic credential holder of the use and retention period of the electronic data elements;

(2) the Secretary shall use an electronic credential system that is designed to maximize the privacy of the credential holder in accordance with State and federal law and shall not track or compile information without the credential holder's consent; and

(3) the Department shall only compile and disclose information regarding the use of the credential as required by State or federal law.

(i)(1) The electronic credential holder shall be required to have the holder's physical credential on the holder's person for all purposes for which an identification card is required. No person, public entity, private entity, or agency shall establish a policy that requires an electronic credential instead of a physical credential.

(2) Electronic credential systems shall be designed so that there is no requirement for the electronic credential holder to display or relinquish possession of the credential holder's mobile device to relying parties for the acceptance of an electronic credential.

(3) When required by law and upon request by law enforcement, a credential holder must provide the credential holder's physical credential.

(4) Any law or regulation that requires an individual to surrender the individual's physical credential to law enforcement does not apply to the device on which an electronic credential has been provisioned.

(j) A person may be required to produce when so requested a physical identification card to a law enforcement officer, a representative of a State or federal department or agency, or a private entity and is subject to all applicable laws and consequences for failure to produce such an identification card.

(k) The Secretary of State shall adopt such rules as are necessary to implement a mobile identification card.

(l) The display of a mobile identification card shall not serve as consent or authorization for a law enforcement officer, or any other person, to search, view, or access any other data or application on the mobile device. If a person presents the person's mobile device to a law enforcement officer for purposes of displaying a mobile identification

card, the law enforcement officer shall promptly return the mobile device to the person once the officer has had an opportunity to verify the identity of the person. Except for willful and wanton misconduct, any law enforcement officer, court, or officer of the court presented with the device shall be immune from any liability resulting from damage to the mobile device.

Sec. 4. Identification card.

(a) In accordance with the requirements of this Section, the Secretary of State shall issue a standard Illinois Identification Card, as well as a mobile Illinois Identification Card, to any natural person who is a resident of the State of Illinois who applies for such a card, or renewal thereof. No identification card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the

Secretary of State the valid foreign state identification card, license, or permit. The card shall be prepared and supplied by the Secretary of State and shall include a photograph and signature or mark of the applicant. However, the Secretary of State may provide by rule for the issuance of Illinois Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. The Illinois Identification Card may be used for identification purposes in any lawful situation only by the person to whom it was issued. As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As used in this Act, "signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

(a-5) If an applicant for an identification card has a current driver's license or instruction permit issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision.

(a-10) If the applicant is a judicial officer as defined in Section 1-10 of the Judicial Privacy Act, a public official as defined in Section 10 of the Public Official Safety and

Privacy Act, or a peace officer, the applicant may elect to have his or her office or work address listed on the card instead of the applicant's residence or mailing address. The Secretary may promulgate rules to implement this provision. For the purposes of this subsection (a-10), "peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

(a-15) The Secretary of State may provide for an expedited process for the issuance of an Illinois Identification Card. The Secretary shall charge an additional fee for the expedited issuance of an Illinois Identification Card, to be set by rule, not to exceed \$75. All fees collected by the Secretary for expedited Illinois Identification Card service shall be deposited into the Secretary of State Special Services Fund. The Secretary may adopt rules regarding the eligibility, process, and fee for an expedited Illinois Identification Card. If the Secretary of State determines that the volume of expedited identification card requests received on a given day exceeds the ability of the Secretary to process those requests in an expedited manner, the Secretary may decline to provide expedited services, and the additional fee for the expedited service shall be refunded to the applicant.

(a-20) The Secretary of State shall issue a standard

Illinois Identification Card to a person committed to the Department of Corrections, the Department of Juvenile Justice, a Federal Bureau of Prisons facility located in Illinois, or a county jail or county department of corrections as follows:

(1) A committed person who has previously held an Illinois Identification Card or an Illinois driver's license shall submit an Identification Card verification form to the Secretary of State, including a photograph taken by the correctional facility, proof of residency upon discharge, and a social security number, if the committed person has a social security number. If the committed person does not have a social security number and is eligible for a social security number, the Secretary of State shall not issue a standard Illinois Identification Card until the committed person obtains a social security number. If the committed person's photograph and demographic information matches an existing Illinois Identification Card or Illinois driver's license and the Secretary of State verifies the applicant's social security number with the Social Security Administration, the Secretary of State shall issue the committed person a standard Illinois Identification Card. If the photograph or demographic information matches an existing Illinois Identification Card or Illinois driver's license in another person's name or identity, a standard Illinois Identification Card shall not be issued until the

committed person submits a certified birth certificate and social security card to the Secretary of State and the Secretary of State verifies the identity of the committed person. If the Secretary of State cannot find a match to an existing Illinois Identification Card or Illinois driver's license, the committed person may apply for a standard Illinois Identification card as described in paragraph (2).

(2) A committed person who has not previously held an Illinois Identification Card or Illinois driver's license or for whom a match cannot be found as described in paragraph (1) shall submit an Illinois Identification Card verification form, including a photograph taken by the correctional facility, a certified birth certificate, proof of residency upon discharge, and a social security number, if the committed has a social security number. If the committed person does not have a social security number and is eligible for a social security number, the Secretary of State shall not issue a standard Illinois Identification Card until the committed person obtains a social security number. If the Secretary of State verifies the applicant's social security number with the Social Security Administration, the Secretary of State shall issue the committed person a standard Illinois Identification Card.

The Illinois Identification Card verification form

described in this subsection shall be prescribed by the Secretary of State. The Secretary of State and correctional facilities in this State shall establish a secure method to transfer the form.

(a-25) The Secretary of State shall issue a limited-term Illinois Identification Card valid for 90 days to a committed person upon release on parole, mandatory supervised release, aftercare release, final discharge, or pardon from the Department of Corrections, the Department of Juvenile Justice, a Federal Bureau of Prisons facility located in Illinois, or a county jail or county department of corrections, if the released person does not obtain a standard Illinois Identification Card as described in subsection (a-20) prior to release but does present a Secretary of State prescribed Identification Card verification form completed by the correctional facility, verifying the released person's date of birth, social security number, if the person has a social security number, and his or her Illinois residence address. The verification form must have been completed no more than 30 days prior to the date of application for the Illinois Identification Card.

Prior to the expiration of the 90-day period of the limited-term Illinois Identification Card, if the released person submits to the Secretary of State a certified copy of his or her birth certificate and his or her social security card, if the person has a social security number, or other

documents authorized by the Secretary, a standard Illinois Identification Card shall be issued. A limited-term Illinois Identification Card may not be renewed.

This subsection shall not apply to a released person who was unable to obtain a standard Illinois Identification Card because his or her photograph or demographic information matched an existing Illinois Identification Card or Illinois driver's license in another person's name or identity or to a released person who does not have a social security number and is eligible for a social security number.

(a-30) The Secretary of State shall issue a standard Illinois Identification Card to a person upon conditional release or absolute discharge from the custody of the Department of Human Services, if the person presents a certified copy of his or her birth certificate, social security card, if the person has a social security number, or other documents authorized by the Secretary, and a document proving his or her Illinois residence address. The Secretary of State shall issue a standard Illinois Identification Card to a person prior to his or her conditional release or absolute discharge if personnel from the Department of Human Services bring the person to a Secretary of State location with the required documents. Documents proving residence address may include any official document of the Department of Human Services showing the person's address after release and a Secretary of State prescribed verification form, which may be

executed by personnel of the Department of Human Services.

(a-35) The Secretary of State shall issue a limited-term Illinois Identification Card valid for 90 days to a person upon conditional release or absolute discharge from the custody of the Department of Human Services, if the person is unable to present a certified copy of his or her birth certificate and social security card, if the person has a social security number, or other documents authorized by the Secretary, but does present a Secretary of State prescribed verification form completed by the Department of Human Services, verifying the person's date of birth and social security number, if the person has a social security number, and a document proving his or her Illinois residence address. The verification form must have been completed no more than 30 days prior to the date of application for the Illinois Identification Card. The Secretary of State shall issue a limited-term Illinois Identification Card to a person no sooner than 14 days prior to his or her conditional release or absolute discharge if personnel from the Department of Human Services bring the person to a Secretary of State location with the required documents. Documents proving residence address shall include any official document of the Department of Human Services showing the person's address after release and a Secretary of State prescribed verification form, which may be executed by personnel of the Department of Human Services.

(b) The Secretary of State shall issue a special Illinois Identification Card, which shall be known as an Illinois Person with a Disability Identification Card, to any natural person who is a resident of the State of Illinois, who is a person with a disability as defined in Section 4A of this Act, who applies for such card, or renewal thereof. No Illinois Person with a Disability Identification Card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The Secretary of State shall charge no fee to issue such card. The card shall be prepared and supplied by the Secretary of State, and shall include a photograph and signature or mark of the applicant, a designation indicating that the card is an Illinois Person with a Disability Identification Card, and shall include a comprehensible designation of the type and classification of the applicant's disability as set out in Section 4A of this Act. However, the Secretary of State may provide by rule for the issuance of Illinois Person with a Disability Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. If the applicant so requests, the card shall include a description of the applicant's disability and any information about the applicant's disability or medical history which the Secretary

determines would be helpful to the applicant in securing emergency medical care. If a mark is used in lieu of a signature, such mark shall be affixed to the card in the presence of 2 witnesses who attest to the authenticity of the mark. The Illinois Person with a Disability Identification Card may be used for identification purposes in any lawful situation by the person to whom it was issued.

The Illinois Person with a Disability Identification Card may be used as adequate documentation of disability in lieu of a physician's determination of disability, a determination of disability from a physician assistant, a determination of disability from an advanced practice registered nurse, or any other documentation of disability whenever any State law requires that a person with a disability provide such documentation of disability, however an Illinois Person with a Disability Identification Card shall not qualify the cardholder to participate in any program or to receive any benefit which is not available to all persons with like disabilities. Notwithstanding any other provisions of law, an Illinois Person with a Disability Identification Card, or evidence that the Secretary of State has issued an Illinois Person with a Disability Identification Card, shall not be used by any person other than the person named on such card to prove that the person named on such card is a person with a disability or for any other purpose unless the card is used for the benefit of the person named on such card, and the person

named on such card consents to such use at the time the card is so used.

An optometrist's determination of a visual disability under Section 4A of this Act is acceptable as documentation for the purpose of issuing an Illinois Person with a Disability Identification Card.

When medical information is contained on an Illinois Person with a Disability Identification Card, the Office of the Secretary of State shall not be liable for any actions taken based upon that medical information.

The Secretary of State shall add a marker or box to the Illinois Person with a Disability Identification Card that can be used to record and demonstrate that the holder of the card has presented documentation of certification of eligibility to receive complementary paratransit services under 49 CFR Part 37, Subpart F by an entity that is required to provide those services in the State.

(c) The Secretary of State shall provide that each original or renewal Illinois Identification Card or Illinois Person with a Disability Identification Card issued to a person under the age of 21 shall be of a distinct nature from those Illinois Identification Cards or Illinois Person with a Disability Identification Cards issued to individuals 21 years of age or older. The color designated for Illinois Identification Cards or Illinois Person with a Disability Identification Cards for persons under the age of 21 shall be

at the discretion of the Secretary of State.

(c-1) Each original or renewal Illinois Identification Card or Illinois Person with a Disability Identification Card issued to a person under the age of 21 shall display the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age.

(c-3) The General Assembly recognizes the need to identify military veterans living in this State for the purpose of ensuring that they receive all of the services and benefits to which they are legally entitled, including healthcare, education assistance, and job placement. To assist the State in identifying these veterans and delivering these vital services and benefits, the Secretary of State is authorized to issue Illinois Identification Cards and Illinois Person with a Disability Identification Cards with the word "veteran" appearing on the face of the cards. This authorization is predicated on the unique status of veterans. The Secretary may not issue any other identification card which identifies an occupation, status, affiliation, hobby, or other unique characteristics of the identification card holder which is unrelated to the purpose of the identification card.

(c-5) Beginning on or before July 1, 2015, the Secretary of State shall designate a space on each original or renewal identification card where, at the request of the applicant, the word "veteran" shall be placed. The veteran designation shall be available to a person identified as a veteran under

subsection (b) of Section 5 of this Act who was discharged or separated under honorable conditions.

(d) The Secretary of State may issue a Senior Citizen discount card, to any natural person who is a resident of the State of Illinois who is 60 years of age or older and who applies for such a card or renewal thereof. The Secretary of State shall charge no fee to issue such card. The card shall be issued in every county and applications shall be made available at, but not limited to, nutrition sites, senior citizen centers and Area Agencies on Aging. The applicant, upon receipt of such card and prior to its use for any purpose, shall have affixed thereon in the space provided therefor his signature or mark.

(e) The Secretary of State, in his or her discretion, may designate on each Illinois Identification Card or Illinois Person with a Disability Identification Card a space where the card holder may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the card holder has renewed his or her Illinois Identification Card or Illinois Person with a Disability Identification Card.

(f)(1) The Secretary of State may issue a mobile identification card to an individual who is otherwise eligible to hold a physical credential in addition to, and not instead of, an identification card if the Secretary of State has issued an identification card to the person. The data elements

that are used to build an electronic credential must match the individual's current Department record.

(2) The Secretary may enter into agreements or contract with an agency of the State, another state, the United States, or a third party to facilitate the issuance, use, and verification of a mobile identification card issued by the Secretary or another state.

(3) Any mobile identification card issued by the Secretary shall be in accordance with the most recent AAMVA standards.

(4) The Secretary shall design the mobile identification card in a manner that allows the credential holder to maintain physical possession of the device on which the mobile identification card is accessed during verification.

(g) The verification process shall be implemented to require:

(1) the relying parties to authenticate electronic credentials in accordance with applicable AAMVA standards prior to acceptance of the electronic credential;

(2) the Secretary to ensure that electronic credential data is subject to all jurisdictional data security and privacy protection laws and regulations; and

(3) the relying parties to request only electronic credential data elements that are necessary to complete the transaction for which data is being requested.

(h) Privacy and tracking of data shall be restricted by implementing the following requirements:

(1) the relying parties shall retain only electronic credential data elements for which the relying party explicitly obtained consent from the electronic credential holder and shall inform the electronic credential holder of the use and retention period of the electronic data elements;

(2) the Secretary shall use an electronic credential system that is designed to maximize the privacy of the credential holder in accordance with State and federal law and shall not track or compile information without the credential holder's consent; and

(3) the Department shall only compile and disclose information regarding the use of the credential as required by State or federal law.

(i)(1) The electronic credential holder shall be required to have the holder's physical credential on the holder's person for all purposes for which an identification card is required. No person, public entity, private entity, or agency shall establish a policy that requires an electronic credential instead of a physical credential.

(2) Electronic credential systems shall be designed so that there is no requirement for the electronic credential holder to display or relinquish possession of the credential holder's mobile device to relying parties for the acceptance of an electronic credential.

(3) When required by law and upon request by law

enforcement, a credential holder must provide the credential holder's physical credential.

(4) Any law or regulation that requires an individual to surrender the individual's physical credential to law enforcement does not apply to the device on which an electronic credential has been provisioned.

(j) A person may be required to produce when so requested a physical identification card to a law enforcement officer, a representative of a State or federal department or agency, or a private entity and is subject to all applicable laws and consequences for failure to produce such an identification card.

(k) The Secretary of State shall adopt such rules as are necessary to implement a mobile identification card.

(l) The display of a mobile identification card shall not serve as consent or authorization for a law enforcement officer, or any other person, to search, view, or access any other data or application on the mobile device. If a person presents the person's mobile device to a law enforcement officer for purposes of displaying a mobile identification card, the law enforcement officer shall promptly return the mobile device to the person once the officer has had an opportunity to verify the identity of the person. Except for willful and wanton misconduct, any law enforcement officer, court, or officer of the court presented with the device shall be immune from any liability resulting from damage to the

Section 90. The Children and Family Services Act is amended by changing Sections 5 and 35.10 as follows:

(20 ILCS 505/5)

(Text of Section before amendment by P.A. 104-107)

Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 21 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent, or neglected children;

(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation, or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable permanent family arrangements, through guardianship or adoption, in cases where restoration to the birth family is not safe, possible, or appropriate;

(F) at the time of placement, conducting

concurrent planning, as described in subsection (1-1) of this Section, so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or

(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or

(iii) who are female children who are pregnant, pregnant and parenting, or parenting, or

(iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18

years of age.

(b) (Blank).

(b-5) The Department shall adopt rules to establish a process for all licensed residential providers in Illinois to submit data as required by the Department if they contract or receive reimbursement for children's mental health, substance use, and developmental disability services from the Department of Human Services, the Department of Juvenile Justice, or the Department of Healthcare and Family Services. The requested data must include, but is not limited to, capacity, staffing, and occupancy data for the purpose of establishing State need and placement availability.

All information collected, shared, or stored pursuant to this subsection shall be handled in accordance with all State and federal privacy laws and accompanying regulations and rules, including, without limitation, the federal Health Insurance Portability and Accountability Act of 1996 (Public Law 104-191) and the Mental Health and Developmental Disabilities Confidentiality Act.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the

Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, and permanency, including, but not limited to:

- (1) reunification, guardianship, and adoption;
- (2) relative and licensed foster care;
- (3) family counseling;
- (4) protective services;

(5) (blank);

(6) homemaker service;

(7) return of runaway children;

(8) (blank);

(9) placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25, or 5-740 of the Juvenile Court Act of 1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and

(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in screening techniques to identify substance use disorders, as defined in the Substance Use Disorder Act, approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred for an assessment at an organization appropriately licensed by the Department of Human Services for substance use disorder treatment.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a youth in care and that no licensed private facility has an adequate and appropriate program or none agrees to accept the youth in care, the Department shall create an appropriate individualized, program-oriented plan for such youth in care.

The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

- (1) case management;
- (2) homemakers;
- (3) counseling;
- (4) parent education;
- (5) day care;
- (6) emergency assistance and advocacy; and
- (7) kinship navigator and relative caregiver supports.

In addition, the following services may be made available to assess and meet the needs of children and families:

- (1) comprehensive family-based services;
- (2) assessments;
- (3) respite care; and
- (4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt or become subsidized guardians of

children with physical or mental disabilities, children who are older, or other hard-to-place children who (i) immediately prior to their adoption or subsidized guardianship were youth in care or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25, or 5-740 of the Juvenile Court Act of 1987 for children who were youth in care for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents or subsidized guardians, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires

special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoption or subsidized guardianship. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With

respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2.3) of Section 2-28 of that Act has been set, except that reunification services may be offered as provided in paragraph (F) of subsection (2.3) of Section 2-28 of that Act. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and the child's family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and the child's family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected

Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after January 1, 2015 (the effective date of Public Act 98-803) and before January 1, 2017, a minor charged with a criminal offense under the

Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency. The Department shall assign a caseworker to attend any hearing involving a youth in the care and custody of

the Department who is placed on aftercare release, including hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings.

As soon as is possible, the Department shall develop and implement a special program of family preservation services to support intact, relative, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means

a neurological condition, including, but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(1-1) The General Assembly recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement that is an appropriate option for the child, consistent with the child's best interest, using the factors set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987 as soon as is practically possible. To achieve this goal, the General Assembly directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most appropriate living arrangement and legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department

shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. The Department shall make diligent efforts to place the child with a relative, document those diligent efforts, and document reasons for any failure or inability to secure such a relative placement. If the primary issue preventing an emergency placement of a child with a relative is a lack of resources, including, but not limited to, concrete goods, safety modifications, and services, the Department shall make diligent efforts to assist the relative in obtaining the necessary resources. No later than July 1, 2025, the Department shall adopt rules defining what is diligent and necessary in providing supports to potential relative placements. At the time of placement, consideration should also be given so that if reunification fails or is

delayed, the placement has the potential to be an appropriate permanent placement for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

- (1) the likelihood of prompt reunification;
- (2) the past history of the family;
- (3) the barriers to reunification being addressed by the family;
- (4) the level of cooperation of the family;
- (4.5) the child's wishes;
- (5) the caregivers' willingness to work with the family to reunite;
- (6) the willingness and ability of the caregivers' to provide a permanent placement;
- (7) the age of the child;
- (8) placement of siblings; and
- (9) the wishes of the parent or parents unless the parental preferences are contrary to the best interests of the child.

(m) The Department may assume temporary custody of any child if:

- (1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are

not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or

(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in the child's residence without a parent, guardian, custodian, or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian, or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian, or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary

custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian, or custodian of a child in the temporary custody of the Department who would have custody of the child if the child were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10-day period, the child shall be surrendered to the custody of the requesting parent, guardian, or custodian not

later than the expiration of the 10-day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a youth in care who was placed in the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of

those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training, and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, or garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services

under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Youth in care who are placed by private child welfare agencies, and caregivers with whom those youth are placed,

shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall ensure that any private child welfare agency, which accepts youth in care for placement, affords those rights to children and caregivers with whom those children are placed. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or caregiver with whom the child is placed concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former caregiver, involving a change of placement decision. No later than July 1, 2025, the Department shall adopt rules to develop a reconsideration process to review: a denial of certification of a relative, a denial of placement with a relative, and a denial of visitation with an identified relative. Rules shall include standards and criteria for reconsideration that incorporate the best interests of the child under subsection (4.05) of Section 1-3

of the Juvenile Court Act of 1987, address situations where multiple relatives seek certification, and provide that all rules regarding placement changes shall be followed. The rules shall outline the essential elements of each form used in the implementation and enforcement of the provisions of this amendatory Act of the 103rd General Assembly.

(p) (Blank).

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation, or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department, except that the benefits described in Section 5.46 must be used and conserved consistent with the provisions under Section 5.46.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's Guardianship Administrator or the Guardianship Administrator's designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of \$13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of \$13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or the child's guardian or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to

the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse caregivers licensed, certified, or otherwise approved by the Department of Children and Family Services for damages sustained by the caregivers as a result of the malicious or negligent acts of children placed by the Department, as well as providing third party coverage for such caregivers with regard to actions of children placed by the Department to other individuals. Such coverage will be secondary to the caregiver's liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents, in a licensed foster home, group home, or child care institution, in a relative home, or in a certified relative caregiver home, the Department shall provide to the caregiver, appropriate facility staff, or prospective adoptive parent or parents:

(1) available detailed information concerning the

child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caregiver or adoptive parents;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized education program ~~educational plan~~ when the child is receiving special education services.

The caregiver, appropriate facility staff, or prospective adoptive parent or parents, shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home or setting. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the caregiver, appropriate facility staff, or prospective adoptive parent in advance of a placement. The caregiver, appropriate facility staff, or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency

placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the caregiver, appropriate facility staff, or prospective adoptive parent or parents a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the caregiver, appropriate facility staff, or prospective adoptive parent or parents. The information provided to the caregiver, appropriate facility staff, or prospective adoptive parent or parents shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Beginning July 1, 2025, certified relative caregiver homes under Section 3.4 of the Child Care Act of 1969 shall be eligible to receive foster care maintenance payments from the Department in an amount no less than payments made to licensed foster family homes. Beginning July 1, 2025, relative homes providing care to a child placed by the Department that are not

a certified relative caregiver home under Section 3.4 of the Child Care Act of 1969 or a licensed foster family home shall be eligible to receive payments from the Department in an amount no less 90% of the payments made to licensed foster family homes and certified relative caregiver homes.

(u-6) To assist relative and certified relative caregivers, no later than July 1, 2025, the Department shall adopt rules to implement a relative support program, as follows:

(1) For relative and certified relative caregivers, the Department is authorized to reimburse or prepay reasonable expenditures to remedy home conditions necessary to fulfill the home safety-related requirements of relative caregiver homes.

(2) The Department may provide short-term emergency funds to relative and certified relative caregiver homes experiencing extreme hardships due to the difficulty and stress associated with adding youth in care as new household members.

(3) Consistent with federal law, the Department shall include in any State Plan made in accordance with the Adoption Assistance and Child Welfare Act of 1980, Titles IV-E and XIX of the Social Security Act, and any other applicable federal laws the provision of kinship navigator program services. The Department shall apply for and administer all relevant federal aid in accordance with

law. Federal funds acquired for the kinship navigator program shall be used for the development, implementation, and operation of kinship navigator program services. The kinship navigator program services may provide information, referral services, support, and assistance to relative and certified relative caregivers of youth in care to address their unique needs and challenges. Until the Department is approved to receive federal funds for these purposes, the Department shall publicly post on the Department's website semi-annual updates regarding the Department's progress in pursuing federal funding. Whenever the Department publicly posts these updates on its website, the Department shall notify the General Assembly through the General Assembly's designee.

(u-7) To support finding permanency for children through subsidized guardianship and adoption and to prevent disruption in guardianship and adoptive placements, the Department shall establish and maintain accessible subsidized guardianship and adoption support services for all children under 18 years of age placed in guardianship or adoption who, immediately preceding the guardianship or adoption, were in the custody or guardianship of the Department under Article II of the Juvenile Court Act of 1987.

The Department shall establish and maintain a toll-free number to respond to requests from the public about its subsidized guardianship and adoption support services under

this subsection and shall staff the toll-free number so that calls are answered on a timely basis, but in no event more than one business day after the receipt of a request. These requests from the public may be made anonymously. To meet this obligation, the Department may utilize the same toll-free number the Department operates to respond to post-adoption requests under subsection (b-5) of Section 18.9 of the Adoption Act. The Department shall publicize information about the Department's subsidized guardianship support services and toll-free number as follows:

- (1) it shall post information on the Department's website;

- (2) it shall provide the information to every licensed child welfare agency and any entity providing subsidized guardianship support services in Illinois courts;

- (3) it shall reference such information in the materials the Department provides to caregivers pursuing subsidized guardianship to inform them of their rights and responsibilities under the Child Care Act of 1969 and this Act;

- (4) it shall provide the information, including the Department's Post Adoption and Guardianship Services booklet, to eligible caregivers as part of its guardianship training and at the time they are presented with the Permanency Commitment form;

- (5) it shall include, in each annual notification

letter mailed to subsidized guardians, a short, 2-sided flier or news bulletin in plain language that describes access to post-guardianship services, how to access services under the Family Support Program, formerly known as the Individual Care Grant Program, the webpage address to the Post Adoption and Guardianship Services booklet, information on how to request that a copy of the booklet be mailed; and

(6) it shall ensure that kinship navigator programs of this State, when established, have this information to include in materials the programs provide to caregivers.

No later than July 1, 2026, the Department shall provide a mechanism for the public to make information requests by electronic means.

The Department shall review and update annually all information relating to its subsidized guardianship support services, including its Post Adoption and Guardianship Services booklet, to include updated information on Family Support Program services eligibility and subsidized guardianship support services that are available through the medical assistance program established under Article V of the Illinois Public Aid Code or any other State program for mental health services. The Department and the Department of Healthcare and Family Services shall coordinate their efforts in the development of these resources.

Every licensed child welfare agency and any entity

providing kinship navigator programs funded by the Department shall provide the Department's website address and link to the Department's subsidized guardianship support services information set forth in subsection (d), including the Department's toll-free number, to every relative who is or will be providing guardianship placement for a child placed by the Department.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Illinois State Police Law if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct online ~~on-line~~ communication with the Illinois State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Illinois State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and

regulations established by the Illinois State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child with a foster or adoptive parent, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including human trafficking, sex trafficking, rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child with a foster or adoptive parent, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(v-3) Prior to the final approval of final placement of a related child in a certified relative caregiver home as

defined in Section 2.37 of the Child Care Act of 1969, the Department shall ensure that the background screening meets the standards required under subsection (c) of Section 3.4 of the Child Care Act of 1969.

(v-4) Prior to final approval for placement of a child with a relative, as defined in Section 4d of this Act, who is not a licensed foster parent, has declined to seek approval to be a certified relative caregiver, or was denied approval as a certified relative caregiver, the Department shall:

(i) check the child abuse and neglect registry for information concerning the prospective relative caregiver and any other adult living in the home. If any prospective relative caregiver or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry; and

(ii) conduct a criminal records background check of the prospective relative caregiver and all other adults living in the home, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including human trafficking, sex trafficking, rape, sexual assault, or homicide, but not including other physical assault or battery, or if there

is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years; provided however, that the Department is empowered to grant a waiver as the Department may provide by rule, and the Department approves the request for the waiver based on a comprehensive evaluation of the caregiver and household members and the conditions relating to the safety of the placement.

No later than July 1, 2025, the Department shall adopt rules or revise existing rules to effectuate the changes made to this subsection (v-4). The rules shall outline the essential elements of each form used in the implementation and enforcement of the provisions of this amendatory Act of the 103rd General Assembly.

(w) (Blank).

(x) The Department shall conduct annual credit history checks to determine the financial history of children placed under its guardianship pursuant to the Juvenile Court Act of 1987. The Department shall conduct such credit checks starting when a youth in care turns 12 years old and each year thereafter for the duration of the guardianship as terminated pursuant to the Juvenile Court Act of 1987. The Department shall determine if financial exploitation of the child's personal information has occurred. If financial exploitation appears to have taken place or is presently ongoing, the Department shall notify the proper law enforcement agency, the

proper State's Attorney, or the Attorney General.

(y) Beginning on July 22, 2010 (the effective date of Public Act 96-1189), a child with a disability who receives residential and educational services from the Department shall be eligible to receive transition services in accordance with Article 14 of the School Code from the age of 14.5 through age 21, inclusive, notwithstanding the child's residential services arrangement. For purposes of this subsection, "child with a disability" means a child with a disability as defined by the federal Individuals with Disabilities Education Improvement Act of 2004.

(z) The Department shall access criminal history record information as defined as "background information" in this subsection and criminal history record information as defined in the Illinois Uniform Conviction Information Act for each Department employee or Department applicant. Each Department employee or Department applicant shall submit the employee's or applicant's fingerprints to the Illinois State Police in the form and manner prescribed by the Illinois State Police. These fingerprints shall be checked against the fingerprint records now and hereafter filed in the Illinois State Police and the Federal Bureau of Investigation criminal history records databases. The Illinois State Police shall charge a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. The

Illinois State Police shall furnish, pursuant to positive identification, all Illinois conviction information to the Department of Children and Family Services.

For purposes of this subsection:

"Background information" means all of the following:

(i) Upon the request of the Department of Children and Family Services, conviction information obtained from the Illinois State Police as a result of a fingerprint-based criminal history records check of the Illinois criminal history records database and the Federal Bureau of Investigation criminal history records database concerning a Department employee or Department applicant.

(ii) Information obtained by the Department of Children and Family Services after performing a check of the Illinois State Police's Sex Offender Database, as authorized by Section 120 of the Sex Offender Community Notification Law, concerning a Department employee or Department applicant.

(iii) Information obtained by the Department of Children and Family Services after performing a check of the Child Abuse and Neglect Tracking System (CANTS) operated and maintained by the Department.

"Department employee" means a full-time or temporary employee coded or certified within the State of Illinois Personnel System.

conditional Department full-time or part-time work, a contractor, an individual used to replace or supplement staff, an academic intern, a volunteer in Department offices or on Department contracts, a work-study student, an individual or entity licensed by the Department, or an unlicensed service provider who works as a condition of a contract or an agreement and whose work may bring the unlicensed service provider into contact with Department clients or client records.

(aa) The changes made to this Section by Public Act 104-165 ~~this amendatory Act of the 104th General Assembly~~ are declarative of existing law and are not a new enactment.

Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 21 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of

1987 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent, or neglected children;

(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation, or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their

problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable permanent family arrangements, through guardianship or adoption, in cases where restoration to the birth family is not safe, possible, or appropriate;

(F) at the time of placement, conducting concurrent planning, as described in subsection (1-1) of this Section, so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(F-1) preparing adolescents to successfully transition to independence, including transition planning for youth who qualify for a guardian as a person with a disability under Article XIa of the Probate Act of 1975;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or

(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or

(iii) who are female children who are pregnant, pregnant and parenting, or parenting, or

(iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) (Blank).

(b-5) The Department shall adopt rules to establish a process for all licensed residential providers in Illinois to submit data as required by the Department if they contract or receive reimbursement for children's mental health, substance use, and developmental disability services from the Department

of Human Services, the Department of Juvenile Justice, or the Department of Healthcare and Family Services. The requested data must include, but is not limited to, capacity, staffing, and occupancy data for the purpose of establishing State need and placement availability.

All information collected, shared, or stored pursuant to this subsection shall be handled in accordance with all State and federal privacy laws and accompanying regulations and rules, including, without limitation, the federal Health Insurance Portability and Accountability Act of 1996 (Public Law 104-191) and the Mental Health and Developmental Disabilities Confidentiality Act.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less,

and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, and permanency, including, but not limited to:

(1) reunification, guardianship, and adoption;

(2) relative and licensed foster care;

(3) family counseling;

(4) protective services;

(5) (blank);

(6) homemaker service;

(7) return of runaway children;

(8) (blank);

(9) placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25, or 5-740 of the Juvenile Court Act of 1987 in accordance with the federal Adoption

Assistance and Child Welfare Act of 1980;

(10) interstate services; and

(11) transition planning for youth aging out of care.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in screening techniques to identify substance use disorders, as defined in the Substance Use Disorder Act, approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred for an assessment at an organization appropriately licensed by the Department of Human Services for substance use disorder treatment.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a youth in care and that no licensed private facility has an adequate and appropriate program or none agrees to accept the youth in care, the Department shall create an appropriate individualized, program-oriented plan for such youth in care. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

- (1) case management;
- (2) homemakers;
- (3) counseling;
- (4) parent education;
- (5) day care;
- (6) emergency assistance and advocacy; and
- (7) kinship navigator and relative caregiver supports.

In addition, the following services may be made available to assess and meet the needs of children and families:

- (1) comprehensive family-based services;
- (2) assessments;
- (3) respite care; and
- (4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt or become subsidized guardians of children with physical or mental disabilities, children who are older, or other hard-to-place children who (i) immediately prior to their adoption or subsidized guardianship were youth in care or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been

dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25, or 5-740 of the Juvenile Court Act of 1987 for children who were youth in care for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents or subsidized guardians, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of

a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoption or subsidized guardianship. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2.3) of Section 2-28 of that Act has been set, except that reunification services may be offered as provided in paragraph (F) of subsection (2.3) of

Section 2-28 of that Act. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and the child's family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and the child's family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even

if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after January 1, 2015 (the effective date of Public Act 98-803) and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency

exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency. The Department shall assign a caseworker to attend any hearing involving a youth in the care and custody of the Department who is placed on aftercare release, including hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings.

As soon as is possible, the Department shall develop and implement a special program of family preservation services to support intact, relative, foster, and adoptive families who

are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including, but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(1-1) The General Assembly recognizes that the best interests of the child require that the child be placed in the

most permanent living arrangement that is an appropriate option for the child, consistent with the child's best interest, using the factors set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987 as soon as is practically possible. To achieve this goal, the General Assembly directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most appropriate living arrangement and legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing

where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. The Department shall make diligent efforts to place the child with a relative, document those diligent efforts, and document reasons for any failure or inability to secure such a relative placement. If the primary issue preventing an emergency placement of a child with a relative is a lack of resources, including, but not limited to, concrete goods, safety modifications, and services, the Department shall make diligent efforts to assist the relative in obtaining the necessary resources. No later than July 1, 2025, the Department shall adopt rules defining what is diligent and necessary in providing supports to potential relative placements. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement has the potential to be an appropriate permanent placement for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

- (1) the likelihood of prompt reunification;
 - (2) the past history of the family;
 - (3) the barriers to reunification being addressed by the family;
 - (4) the level of cooperation of the family;
 - (4.5) the child's wishes;
 - (5) the caregivers' willingness to work with the family to reunite;
 - (6) the willingness and ability of the caregivers' to provide a permanent placement;
 - (7) the age of the child;
 - (8) placement of siblings; and
 - (9) the wishes of the parent or parents unless the parental preferences are contrary to the best interests of the child.
- (m) The Department may assume temporary custody of any child if:
- (1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or
 - (2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in the child's residence without a parent, guardian, custodian, or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian, or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian, or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or

5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian, or custodian of a child in the temporary custody of the Department who would have custody of the child if the child were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10-day period, the child shall be surrendered to the custody of the requesting parent, guardian, or custodian not later than the expiration of the 10-day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living

arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a youth in care who was placed in the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training, and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for

dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, or garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A

homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Youth in care who are placed by private child welfare agencies, and caregivers with whom those youth are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall ensure that any private child welfare agency, which accepts youth in care for placement, affords those rights to children

and caregivers with whom those children are placed. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or caregiver with whom the child is placed concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former caregiver, involving a change of placement decision. No later than July 1, 2025, the Department shall adopt rules to develop a reconsideration process to review: a denial of certification of a relative, a denial of placement with a relative, and a denial of visitation with an identified relative. Rules shall include standards and criteria for reconsideration that incorporate the best interests of the child under subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987, address situations where multiple relatives seek certification, and provide that all rules regarding placement changes shall be followed. The rules shall outline the essential elements of each form used in the implementation and enforcement of the provisions of this amendatory Act of the 103rd General Assembly.

(p) (Blank).

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation, or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department, except that the benefits described in Section 5.46 must be used and conserved consistent with the provisions under Section 5.46.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's Guardianship Administrator or the Guardianship

Administrator's designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of \$13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of \$13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or the child's guardian or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the

confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse caregivers licensed, certified, or otherwise approved by the Department of Children and Family Services for damages sustained by the caregivers as a result of the malicious or negligent acts of children placed by the Department, as well as providing third party coverage for such caregivers with regard to actions of children placed by the Department to other individuals. Such coverage will be secondary to the caregiver's liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

- (1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents, in a licensed foster home, group home, or child care institution, in a relative home, or in a certified relative caregiver home, the Department shall provide to the caregiver, appropriate facility staff, or prospective adoptive parent or parents:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caregiver or adoptive parents;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized education program ~~educational plan~~ when the child is receiving special education services.

The caregiver, appropriate facility staff, or prospective adoptive parent or parents, shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home or setting. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the caregiver, appropriate facility staff, or prospective adoptive parent in advance of a placement. The caregiver, appropriate facility staff, or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when

time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the caregiver, appropriate facility staff, or prospective adoptive parent or parents a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the caregiver, appropriate facility staff, or prospective adoptive parent or parents. The information provided to the caregiver, appropriate facility staff, or prospective adoptive parent or parents shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Beginning July 1, 2025, certified relative caregiver homes under Section 3.4 of the Child Care Act of 1969 shall be eligible to receive foster care maintenance payments from the Department in an amount no less than payments made to licensed foster family homes. Beginning July 1, 2025, relative homes providing care to a child placed by the Department that are not a certified relative caregiver home under Section 3.4 of the Child Care Act of 1969 or a licensed foster family home shall be eligible to receive payments from the Department in an amount no less 90% of the payments made to licensed foster family homes and certified relative caregiver homes.

(u-6) To assist relative and certified relative

caregivers, no later than July 1, 2025, the Department shall adopt rules to implement a relative support program, as follows:

(1) For relative and certified relative caregivers, the Department is authorized to reimburse or prepay reasonable expenditures to remedy home conditions necessary to fulfill the home safety-related requirements of relative caregiver homes.

(2) The Department may provide short-term emergency funds to relative and certified relative caregiver homes experiencing extreme hardships due to the difficulty and stress associated with adding youth in care as new household members.

(3) Consistent with federal law, the Department shall include in any State Plan made in accordance with the Adoption Assistance and Child Welfare Act of 1980, Titles IV-E and XIX of the Social Security Act, and any other applicable federal laws the provision of kinship navigator program services. The Department shall apply for and administer all relevant federal aid in accordance with law. Federal funds acquired for the kinship navigator program shall be used for the development, implementation, and operation of kinship navigator program services. The kinship navigator program services may provide information, referral services, support, and assistance to relative and certified relative caregivers of youth in

care to address their unique needs and challenges. Until the Department is approved to receive federal funds for these purposes, the Department shall publicly post on the Department's website semi-annual updates regarding the Department's progress in pursuing federal funding. Whenever the Department publicly posts these updates on its website, the Department shall notify the General Assembly through the General Assembly's designee.

(u-7) To support finding permanency for children through subsidized guardianship and adoption and to prevent disruption in guardianship and adoptive placements, the Department shall establish and maintain accessible subsidized guardianship and adoption support services for all children under 18 years of age placed in guardianship or adoption who, immediately preceding the guardianship or adoption, were in the custody or guardianship of the Department under Article II of the Juvenile Court Act of 1987.

The Department shall establish and maintain a toll-free number to respond to requests from the public about its subsidized guardianship and adoption support services under this subsection and shall staff the toll-free number so that calls are answered on a timely basis, but in no event more than one business day after the receipt of a request. These requests from the public may be made anonymously. To meet this obligation, the Department may utilize the same toll-free number the Department operates to respond to post-adoption

requests under subsection (b-5) of Section 18.9 of the Adoption Act. The Department shall publicize information about the Department's subsidized guardianship support services and toll-free number as follows:

(1) it shall post information on the Department's website;

(2) it shall provide the information to every licensed child welfare agency and any entity providing subsidized guardianship support services in Illinois courts;

(3) it shall reference such information in the materials the Department provides to caregivers pursuing subsidized guardianship to inform them of their rights and responsibilities under the Child Care Act of 1969 and this Act;

(4) it shall provide the information, including the Department's Post Adoption and Guardianship Services booklet, to eligible caregivers as part of its guardianship training and at the time they are presented with the Permanency Commitment form;

(5) it shall include, in each annual notification letter mailed to subsidized guardians, a short, 2-sided flier or news bulletin in plain language that describes access to post-guardianship services, how to access services under the Family Support Program, formerly known as the Individual Care Grant Program, the webpage address to the Post Adoption and Guardianship Services booklet,

information on how to request that a copy of the booklet be mailed; and

(6) it shall ensure that kinship navigator programs of this State, when established, have this information to include in materials the programs provide to caregivers.

No later than July 1, 2026, the Department shall provide a mechanism for the public to make information requests by electronic means.

The Department shall review and update annually all information relating to its subsidized guardianship support services, including its Post Adoption and Guardianship Services booklet, to include updated information on Family Support Program services eligibility and subsidized guardianship support services that are available through the medical assistance program established under Article V of the Illinois Public Aid Code or any other State program for mental health services. The Department and the Department of Healthcare and Family Services shall coordinate their efforts in the development of these resources.

Every licensed child welfare agency and any entity providing kinship navigator programs funded by the Department shall provide the Department's website address and link to the Department's subsidized guardianship support services information set forth in subsection (d), including the Department's toll-free number, to every relative who is or will be providing guardianship placement for a child placed by

the Department.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Illinois State Police Law if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct online ~~on-line~~ communication with the Illinois State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Illinois State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Illinois State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child with a foster or adoptive parent, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of

national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including human trafficking, sex trafficking, rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child with a foster or adoptive parent, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(v-3) Prior to the final approval of final placement of a related child in a certified relative caregiver home as defined in Section 2.37 of the Child Care Act of 1969, the Department shall ensure that the background screening meets the standards required under subsection (c) of Section 3.4 of the Child Care Act of 1969.

(v-4) Prior to final approval for placement of a child with a relative, as defined in Section 4d of this Act, who is

not a licensed foster parent, has declined to seek approval to be a certified relative caregiver, or was denied approval as a certified relative caregiver, the Department shall:

(i) check the child abuse and neglect registry for information concerning the prospective relative caregiver and any other adult living in the home. If any prospective relative caregiver or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry; and

(ii) conduct a criminal records background check of the prospective relative caregiver and all other adults living in the home, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including human trafficking, sex trafficking, rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years; provided however, that the Department is empowered to grant a waiver as the Department may provide by rule, and the Department approves the request for the waiver based on a comprehensive evaluation of the caregiver and

household members and the conditions relating to the safety of the placement.

No later than July 1, 2025, the Department shall adopt rules or revise existing rules to effectuate the changes made to this subsection (v-4). The rules shall outline the essential elements of each form used in the implementation and enforcement of the provisions of this amendatory Act of the 103rd General Assembly.

(w) (Blank).

(x) The Department shall conduct annual credit history checks to determine the financial history of children placed under its guardianship pursuant to the Juvenile Court Act of 1987. The Department shall conduct such credit checks starting when a youth in care turns 12 years old and each year thereafter for the duration of the guardianship as terminated pursuant to the Juvenile Court Act of 1987. The Department shall determine if financial exploitation of the child's personal information has occurred. If financial exploitation appears to have taken place or is presently ongoing, the Department shall notify the proper law enforcement agency, the proper State's Attorney, or the Attorney General.

(y) Beginning on July 22, 2010 (the effective date of Public Act 96-1189), a child with a disability who receives residential and educational services from the Department shall be eligible to receive transition services in accordance with Article 14 of the School Code from the age of 14.5 through age

21, inclusive, notwithstanding the child's residential services arrangement. For purposes of this subsection, "child with a disability" means a child with a disability as defined by the federal Individuals with Disabilities Education Improvement Act of 2004.

(z) The Department shall access criminal history record information as defined as "background information" in this subsection and criminal history record information as defined in the Illinois Uniform Conviction Information Act for each Department employee or Department applicant. Each Department employee or Department applicant shall submit the employee's or applicant's fingerprints to the Illinois State Police in the form and manner prescribed by the Illinois State Police. These fingerprints shall be checked against the fingerprint records now and hereafter filed in the Illinois State Police and the Federal Bureau of Investigation criminal history records databases. The Illinois State Police shall charge a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. The Illinois State Police shall furnish, pursuant to positive identification, all Illinois conviction information to the Department of Children and Family Services.

For purposes of this subsection:

"Background information" means all of the following:

(i) Upon the request of the Department of Children and

Family Services, conviction information obtained from the Illinois State Police as a result of a fingerprint-based criminal history records check of the Illinois criminal history records database and the Federal Bureau of Investigation criminal history records database concerning a Department employee or Department applicant.

(ii) Information obtained by the Department of Children and Family Services after performing a check of the Illinois State Police's Sex Offender Database, as authorized by Section 120 of the Sex Offender Community Notification Law, concerning a Department employee or Department applicant.

(iii) Information obtained by the Department of Children and Family Services after performing a check of the Child Abuse and Neglect Tracking System (CANTS) operated and maintained by the Department.

"Department employee" means a full-time or temporary employee coded or certified within the State of Illinois Personnel System.

"Department applicant" means an individual who has conditional Department full-time or part-time work, a contractor, an individual used to replace or supplement staff, an academic intern, a volunteer in Department offices or on Department contracts, a work-study student, an individual or entity licensed by the Department, or an unlicensed service provider who works as a condition of a contract or an agreement

and whose work may bring the unlicensed service provider into contact with Department clients or client records.

(aa) The changes made to this Section by Public Act 104-165 ~~this amendatory Act of the 104th General Assembly~~ are declarative of existing law and are not a new enactment.

Section 110. The Reimagining Energy and Vehicles in Illinois Act is amended by changing Sections 5, 10, 15, and 100 as follows:

(20 ILCS 686/5)

Sec. 5. Purpose. It is the intent of the General Assembly that Illinois should lead the nation in the production of electric vehicles and other products essential to the growth of the renewable energy sector. The General Assembly finds that, through investments in electric vehicle manufacturing and renewable energy manufacturing, Illinois will be on the forefront of emerging technologies that are currently transforming those industries. This Act will reduce carbon emissions, create good paying jobs, and generate long-term economic investment in the Illinois business economy. Illinois must aggressively adopt new business development investment tools so that Illinois is more competitive in site location decision-making for manufacturing facilities directly related to the electric vehicle and renewable energy industry. Illinois' long-term development benefits from rational, strategic use of State resources in support of development and growth in the electric vehicle and renewable energy industry.

The General Assembly finds that workers are essential to the prosperity of our State's economy and play a critical role

in Illinois becoming a leader in manufacturing. The General Assembly further finds that, for the prosperity of our State, workers in this industry must be afforded high quality jobs that honor the dignity of work. Therefore, the General Assembly finds that it is in the best interest of Illinois to protect the work conditions, worker safety, and worker rights in the manufacturing industry and further finds that employer workplace policies shall be interpreted broadly to protect employees.

The Inspector General shall investigate reports of suspected mental abuse, physical abuse, sexual abuse, neglect, or financial exploitation of individuals in any mental health or developmental disabilities facility or agency and shall have authority to take immediate action to prevent any one or more of the following from happening to individuals under its jurisdiction: mental abuse, physical abuse, sexual abuse, neglect, or financial exploitation. The Inspector General shall also investigate allegations of material obstruction of an investigation by an employee. Upon written request of an agency of this State, the Inspector General may assist another agency of the State in investigating reports of the abuse, neglect, or abuse and neglect of persons with mental illness, persons with developmental disabilities, or persons with both. The Inspector General shall conduct annual site visits of each facility and may conduct reviews of facilities and community

agencies. To comply with the requirements of subsection (k) of this Section, the Inspector General shall also review all reportable deaths for which there is no allegation of abuse or neglect. Nothing in this Section shall preempt any duties of the Medical Review Board set forth in the Mental Health and Developmental Disabilities Code. The Inspector General shall have no authority to investigate alleged violations of the State Officials and Employees Ethics Act. Allegations of misconduct under the State Officials and Employees Ethics Act shall be referred to the Office of the Governor's Executive Inspector General for investigation.

The Inspector General shall have no supervision over, or involvement in, the routine programmatic, licensing, funding, or certification operations of the Department. Nothing in this subsection limits investigations by the Department that may otherwise be required by law or that may be necessary in the Department's capacity as central administrative authority responsible for the operation of the State's mental health and developmental disabilities facilities.

(g) Rulemaking authority. The Inspector General shall promulgate rules establishing minimum requirements for reporting allegations as well as for initiating, conducting,

and completing investigations based upon the nature of the allegation or allegations. The rules shall clearly establish that if 2 or more State agencies could investigate an allegation, the Inspector General shall not conduct an investigation that would be redundant to, or interfere with, an investigation conducted by another State agency. The rules shall further clarify the method and circumstances under which the Office of Inspector General may interact with the licensing, funding, or certification units of the Department in preventing further occurrences of mental abuse, physical abuse, sexual abuse, neglect, egregious neglect, financial exploitation, and material obstruction of an investigation.

(g-5) Site visits and review authority.

all of the following: mental abuse, physical abuse, sexual abuse, neglect, egregious neglect, financial exploitation, or material obstruction of an investigation. Upon concluding a review, the Inspector General shall issue a written report setting forth its conclusions and recommendations. The report shall be distributed to the Secretary and to the director of the facility or agency that was the subject of review. Within 45 calendar days, the facility or agency shall submit a written response addressing the Inspector General's conclusions and recommendations and, in a concise and reasoned manner, the actions taken, if applicable, to: (i) protect the individual or individuals; (ii) prevent recurrences; and (iii) eliminate the problems identified. The response shall include the implementation and completion dates of such actions.

(h) Training programs. The Inspector General shall (i) establish a comprehensive program to ensure that every person authorized to conduct investigations receives ongoing training relative to investigation techniques, communication skills, and the appropriate means of interacting with persons receiving treatment for mental illness, developmental disability, or both mental illness and developmental disability, and (ii) establish and conduct periodic training programs for facility and agency employees concerning the prevention and reporting of any one or more of the following:

mental abuse, physical abuse, sexual abuse, neglect, egregious neglect, financial exploitation, or material obstruction of an investigation. The Inspector General shall further ensure (i) every person authorized to conduct investigations at community agencies receives ongoing training in Title 59, Parts 115, 116, and 119 of the Illinois Administrative Code, and (ii) every person authorized to conduct investigations shall receive ongoing training in Title 59, Part 50 of the Illinois Administrative Code. Nothing in this Section shall be deemed to prevent the Office of Inspector General from conducting any other training as determined by the Inspector General to be necessary or helpful.

(i) Duty to cooperate.

(1) The Inspector General shall at all times be granted access to any facility or agency for the purpose of investigating any allegation, conducting unannounced site visits, monitoring compliance with a written response, conducting reviews of facilities and agencies, or completing any other statutorily assigned duty.

(2) Any employee who fails to cooperate with an Office of the Inspector General investigation is in violation of this Act. Failure to cooperate with an investigation includes, but is not limited to, any one or more of the following: (i) creating and transmitting a false report to the Office of the Inspector General hotline, (ii) providing false information to an Office of the Inspector

General Investigator during an investigation, (iii) colluding with other employees to cover up evidence, (iv) colluding with other employees to provide false information to an Office of the Inspector General investigator, (v) destroying evidence, (vi) withholding evidence, or (vii) otherwise obstructing an Office of the Inspector General investigation. Additionally, any employee who, during an unannounced site visit, written response compliance check, or review fails to cooperate with requests from the Office of the Inspector General is in violation of this Act.

(j) Subpoena powers. The Inspector General shall have the power to subpoena witnesses and compel the production of all documents and physical evidence relating to his or her investigations and reviews and any hearings authorized by this Act. This subpoena power shall not extend to persons or documents of a labor organization or its representatives insofar as the persons are acting in a representative capacity to an employee whose conduct is the subject of an investigation or the documents relate to that representation. Any person who otherwise fails to respond to a subpoena or who knowingly provides false information to the Office of the Inspector General by subpoena during an investigation is guilty of a Class A misdemeanor.

(k) Reporting allegations and deaths.

(1) Allegations. If an employee witnesses, is told of,

or has reason to believe an incident of mental abuse, physical abuse, sexual abuse, neglect, financial exploitation, or material obstruction of an investigation has occurred, the employee, agency, or facility shall report the allegation by phone to the Office of the Inspector General hotline according to the agency's or facility's procedures, but in no event later than 4 hours after the initial discovery of the incident, allegation, or suspicion of any one or more of the following: mental abuse, physical abuse, sexual abuse, neglect, financial exploitation, or material obstruction of an investigation. A required reporter as defined in subsection (b) of this Section who knowingly or intentionally fails to comply with these reporting requirements is guilty of a Class A misdemeanor.

(2) Deaths. Absent an allegation, a required reporter shall, within 24 hours after initial discovery, report by phone to the Office of the Inspector General hotline each of the following:

(i) Any death of an individual occurring within 14 calendar days after discharge or transfer of the individual from a residential program or facility.

(ii) Any death of an individual occurring within 24 hours after deflection from a residential program or facility.

(iii) Any other death of an individual occurring

at an agency or facility or at any Department-funded site.

(3) Retaliation. It is a violation of this Act for any employee or administrator of an agency or facility to take retaliatory action against an employee who acts in good faith in conformance with his or her duties as a required reporter.

(1) Reporting to law enforcement. Reporting criminal acts. Within 24 hours after determining that there is credible evidence indicating that a criminal act may have been committed or that special expertise may be required in an investigation, the Inspector General shall notify the Illinois State Police or other appropriate law enforcement authority, or ensure that such notification is made. The Illinois State Police shall investigate any report from a State-operated facility indicating a possible murder, sexual assault, or other felony by an employee. All investigations conducted by the Inspector General shall be conducted in a manner designed to ensure the preservation of evidence for possible use in a criminal prosecution.

(m) Investigative reports. Upon completion of an investigation, the Office of Inspector General shall issue an investigative report identifying whether the allegations are substantiated, unsubstantiated, or unfounded. Within 10 business days after the transmittal of a completed investigative report substantiating an allegation, finding an

allegation is unsubstantiated, or if a recommendation is made, the Inspector General shall provide the investigative report on the case to the Secretary and to the director of the facility or agency where any one or more of the following occurred: mental abuse, physical abuse, sexual abuse, neglect, egregious neglect, financial exploitation, or material obstruction of an investigation. The director of the facility or agency shall be responsible for maintaining the confidentiality of the investigative report consistent with State and federal law. In a substantiated case, the investigative report shall include any mitigating or aggravating circumstances that were identified during the investigation. If the case involves substantiated neglect, the investigative report shall also state whether egregious neglect was found. An investigative report may also set forth recommendations. All investigative reports prepared by the Office of the Inspector General shall be considered confidential and shall not be released except as provided by the law of this State or as required under applicable federal law. Unsubstantiated and unfounded reports shall not be disclosed except as allowed under Section 6 of the Abused and Neglected Long Term Care Facility Residents Reporting Act. Raw data used to compile the investigative report shall not be subject to release unless required by law or a court order. "Raw data used to compile the investigative report" includes, but is not limited to, any one or more of the following: the

initial complaint, witness statements, photographs, investigator's notes, police reports, or incident reports. If the allegations are substantiated, the victim, the victim's guardian, and the accused shall be provided with a redacted copy of the investigative report. Death reports where there was no allegation of abuse or neglect shall only be released to the Secretary, or the Secretary's designee, and to the director of the facility or agency when a recommendation is made and pursuant to applicable State or federal law or a valid court order. Unredacted investigative reports, as well as raw data, may be shared with a local law enforcement entity, a State's Attorney's office, or a county coroner's office upon written request. Unredacted investigative reports, as well as raw data, may be shared with the Department of Financial and Professional Regulation when there is a substantiated finding against a person licensed by the Department of Financial and Professional Regulation who is within the Office of the Inspector General's jurisdiction, upon written request. If, during its investigation, the Office of the Inspector General found credible evidence of neglect by a person licensed by the Department of Financial and Professional Regulation who is not within the Office's jurisdiction, the Office may provide an unfounded or unsubstantiated investigative report or death report, as well as raw data, with the Department of Financial and Professional Regulation, upon written request.

(n) Written responses, clarification requests, and

reconsideration requests.

(1) Written responses. Within 30 calendar days from receipt of a substantiated investigative report or an investigative report which contains recommendations, absent a reconsideration request, the facility or agency shall file a written response that addresses, in a concise and reasoned manner, the actions taken to: (i) protect the individual; (ii) prevent recurrences; and (iii) eliminate the problems identified. The response shall include the implementation and completion dates of such actions. If the written response is not filed within the allotted 30 calendar day period, the Secretary, or the Secretary's designee, shall determine the appropriate corrective action to be taken.

(2) Requests for clarification. The facility, agency, victim or guardian, or the subject employee may request that the Office of Inspector General clarify the finding or findings for which clarification is sought.

(3) Requests for reconsideration. The facility, agency, victim or guardian, or the subject employee may request that the Office of the Inspector General reconsider the finding or findings or the recommendations. A request for reconsideration shall be subject to a multi-layer review and shall include at least one reviewer who did not participate in the investigation or approval of the original investigative report. After the

multi-layer review process has been completed, the Inspector General shall make the final determination on the reconsideration request. The investigation shall be reopened if the reconsideration determination finds that additional information is needed to complete the investigative record.

(o) Disclosure of the finding by the Inspector General. The Inspector General shall disclose the finding of an investigation to the following persons: (i) the Governor, (ii) the Secretary, (iii) the director of the facility or agency, (iv) the alleged victims and their guardians, (v) the complainant, and (vi) the accused. This information shall include whether the allegations were deemed substantiated, unsubstantiated, or unfounded.

(p) Secretary review. Upon review of the Inspector General's investigative report and any agency's or facility's written response, the Secretary, or the Secretary's designee, shall accept or reject the written response and notify the Inspector General of that determination. The Secretary, or the Secretary's designee, may further direct that other administrative action be taken, including, but not limited to, any one or more of the following: (i) additional site visits, (ii) training, (iii) provision of technical assistance relative to administrative needs, licensure, or certification, or (iv) the imposition of appropriate sanctions.

(q) Action by facility or agency. Within 30 days of the

date the Secretary, or the Secretary's designee, approves the written response or directs that further administrative action be taken, the facility or agency shall provide an implementation report to the Inspector General that provides the status of the action taken. The facility or agency shall be allowed an additional 30 days to send notice of completion of the action or to send an updated implementation report. If the action has not been completed within the additional 30-day period, the facility or agency shall send updated implementation reports every 60 days until completion. The Inspector General shall conduct a review of any implementation plan that takes more than 120 days after approval to complete, and shall monitor compliance through a random review of approved written responses, which may include, but are not limited to: (i) site visits, (ii) telephone contact, and (iii) requests for additional documentation evidencing compliance.

(r) Sanctions. Sanctions, if imposed by the Secretary under Subdivision (p)(iv) of this Section, shall be designed to prevent further acts of mental abuse, physical abuse, sexual abuse, neglect, egregious neglect, or financial exploitation or some combination of one or more of those acts at a facility or agency, and may include any one or more of the following:

- (1) Appointment of on-site monitors.
- (2) Transfer or relocation of an individual or individuals.

(3) Closure of units.

(4) Termination of any one or more of the following:

(i) Department licensing, (ii) funding, or (iii) certification.

The Inspector General may seek the assistance of the Illinois Attorney General or the office of any State's Attorney in implementing sanctions.

(s) Health Care Worker Registry.

(1) Reporting to the Registry. The Inspector General shall report to the Department of Public Health's Health Care Worker Registry, a public registry, the identity and finding of each employee of a facility or agency against whom there is a final investigative report prepared by the Office of the Inspector General containing a substantiated allegation of physical or sexual abuse, financial exploitation, egregious neglect of an individual, or material obstruction of an investigation, unless the Inspector General requests a stipulated disposition of the investigative report that does not include the reporting of the employee's name to the Health Care Worker Registry and the Secretary of Human Services agrees with the requested stipulated disposition.

(2) Notice to employee. Prior to reporting the name of an employee, the employee shall be notified of the Department's obligation to report and shall be granted an opportunity to request an administrative hearing, the sole

purpose of which is to determine if the substantiated finding warrants reporting to the Registry. Notice to the employee shall contain a clear and concise statement of the grounds on which the report to the Registry is based, offer the employee an opportunity for a hearing, and identify the process for requesting such a hearing. Notice is sufficient if provided by certified mail to the employee's last known address. If the employee fails to request a hearing within 30 days from the date of the notice, the Inspector General shall report the name of the employee to the Registry. Nothing in this subdivision (s)(2) shall diminish or impair the rights of a person who is a member of a collective bargaining unit under the Illinois Public Labor Relations Act or under any other federal labor statute.

(3) Registry hearings. If the employee requests an administrative hearing, the employee shall be granted an opportunity to appear before an administrative law judge to present reasons why the employee's name should not be reported to the Registry. The Department shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that the substantiated finding warrants reporting to the Registry. After considering all the evidence presented, the administrative law judge shall make a recommendation to the Secretary as to whether the substantiated finding warrants reporting

the name of the employee to the Registry. The Secretary shall render the final decision. The Department and the employee shall have the right to request that the administrative law judge consider a stipulated disposition of these proceedings.

(4) Testimony at Registry hearings. A person who makes a report or who investigates a report under this Act shall testify fully in any judicial proceeding resulting from such a report, as to any evidence of physical abuse, sexual abuse, egregious neglect, financial exploitation, or material obstruction of an investigation, or the cause thereof. No evidence shall be excluded by reason of any common law or statutory privilege relating to communications between the alleged perpetrator of abuse or neglect, or the individual alleged as the victim in the report, and the person making or investigating the report. Testimony at hearings is exempt from the confidentiality requirements of subsection (f) of Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act.

(5) Employee's rights to collateral action. No reporting to the Registry shall occur and no hearing shall be set or proceed if an employee notifies the Inspector General in writing, including any supporting documentation, that he or she is formally contesting an adverse employment action resulting from a substantiated finding by complaint filed with the Illinois Civil Service

Commission, or which otherwise seeks to enforce the employee's rights pursuant to any applicable collective bargaining agreement. If an action taken by an employer against an employee as a result of a finding of physical abuse, sexual abuse, egregious neglect, financial exploitation, or material obstruction of an investigation is overturned through an action filed with the Illinois Civil Service Commission or under any applicable collective bargaining agreement and if that employee's name has already been sent to the Registry, the employee's name shall be removed from the Registry.

(6) Removal from Registry. At any time after the report to the Registry, but no more than once in any 12-month period, an employee may petition the Department in writing to remove his or her name from the Registry. Upon receiving notice of such request, the Inspector General shall conduct an investigation into the petition. Upon receipt of such request, an administrative hearing will be set by the Department. At the hearing, the employee shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that removal of the name from the Registry is in the public interest. The parties may jointly request that the administrative law judge consider a stipulated disposition of these proceedings.

(t) Review of Administrative Decisions. The Department

shall preserve a record of all proceedings at any formal hearing conducted by the Department involving Health Care Worker Registry hearings. Final administrative decisions of the Department are subject to judicial review pursuant to provisions of the Administrative Review Law.

(u) Quality Care Board. There is created, within the Office of the Inspector General, a Quality Care Board to be composed of 7 members appointed by the Governor with the advice and consent of the Senate. One of the members shall be designated as chairman by the Governor. Of the initial appointments made by the Governor, 4 Board members shall each be appointed for a term of 4 years and 3 members shall each be appointed for a term of 2 years. Upon the expiration of each member's term, a successor shall be appointed for a term of 4 years. In the case of a vacancy in the office of any member, the Governor shall appoint a successor for the remainder of the unexpired term.

Members appointed by the Governor shall be qualified by professional knowledge or experience in the area of law, investigatory techniques, or in the area of care of the mentally ill or care of persons with developmental disabilities. Two members appointed by the Governor shall be persons with a disability or parents of persons with a disability. The Board shall monitor and oversee the operations, policies, and procedures of the Inspector General to ensure the prompt and thorough investigation of allegations of neglect and abuse. In fulfilling these responsibilities, the Board may do the following:

individuals receiving mental health or developmental disabilities services. The report shall detail the imposition of sanctions, if any, and the final disposition of any corrective or administrative action directed by the Secretary. The summaries shall not contain any confidential or identifying information of any individual, but shall include objective data identifying any trends in the number of reported allegations, the timeliness of the Office of the Inspector General's investigations, and their disposition, for each facility and Department-wide, for the most recent 3-year time period. The report shall also identify, by facility, the staff-to-patient ratios taking account of direct care staff only. The report shall also include detailed recommended administrative actions and matters for consideration by the General Assembly.

(w) Program audit. The Auditor General shall conduct a program audit of the Office of the Inspector General on an as-needed basis, as determined by the Auditor General. The audit shall specifically include the Inspector General's compliance with the Act and effectiveness in investigating reports of allegations occurring in any facility or agency. The Auditor General shall conduct the program audit according to the provisions of the Illinois State Auditing Act and shall report its findings to the General Assembly no later than January 1 following the audit period.

(x) Nothing in this Section shall be construed to mean

that an individual is a victim of abuse or neglect because of health care services appropriately provided or not provided by health care professionals.

(y) Nothing in this Section shall require a facility, including its employees, agents, medical staff members, and health care professionals, to provide a service to an individual in contravention of that individual's stated or implied objection to the provision of that service on the ground that that service conflicts with the individual's religious beliefs or practices, nor shall the failure to provide a service to an individual be considered abuse under this Section if the individual has objected to the provision of that service based on his or her religious beliefs or practices.

Section 150. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by changing Sections 2310-376 and 2310-715.1 and by setting forth and renumbering multiple versions of Section 2310-735 as follows:

(1) The World Health Organization characterizes hepatitis as a disease of primary concern to humanity.

(2) Hepatitis is considered a silent killer; no recognizable signs or symptoms occur until severe liver damage has occurred.

(3) Studies indicate that nearly 4 million Americans (1.8 percent of the population) carry the virus HCV that causes the disease.

(4) 30,000 acute new infections occur each year in the United States, and only 25 to 30 percent are diagnosed.

(5) 8,000 to 10,000 Americans die from the disease

each year.

(6) 200,000 Illinois residents may be carriers and could develop the debilitating and potentially deadly liver disease.

(7) Inmates of correctional facilities have a higher incidence of hepatitis and, upon their release, present a significant health risk to the general population.

(8) Illinois members of the armed services are subject to an increased risk of contracting hepatitis due to their possible receipt of contaminated blood during a transfusion occurring for the treatment of wounds and due to their service in areas of the World where the disease is more prevalent and healthcare is less capable of detecting and treating the disease. Many of these service members are unaware of the danger of hepatitis and their increased risk of contracting the disease.

(b) Subject to appropriation, the Department shall conduct an education and outreach campaign, in addition to its overall effort to prevent infectious disease in Illinois, in order to raise awareness about and promote prevention of hepatitis.

(Text of Section before amendment by P.A. 104-459)

Sec. 5.2. Expungement, sealing, and immediate sealing.

(a) General Provisions.

(1) Definitions. In this Act, words and phrases have the meanings set forth in this subsection, except when a particular context clearly requires a different meaning.

(A) The following terms shall have the meanings ascribed to them in the following Sections of the Unified Code of Corrections:

Business Offense, Section 5-1-2.

Charge, Section 5-1-3.

Court, Section 5-1-6.

Defendant, Section 5-1-7.

Felony, Section 5-1-9.

Imprisonment, Section 5-1-10.

Judgment, Section 5-1-12.

Misdemeanor, Section 5-1-14.

Offense, Section 5-1-15.

Parole, Section 5-1-16.

Petty Offense, Section 5-1-17.

Probation, Section 5-1-18.

Sentence, Section 5-1-19.

Supervision, Section 5-1-21.

Victim, Section 5-1-22.

(B) As used in this Section, "charge not initiated by arrest" means a charge (as defined by Section 5-1-3 of the Unified Code of Corrections) brought against a defendant where the defendant is not arrested prior to or as a direct result of the charge.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a) (1) (J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal ordinance violation (as defined in subsection (a)(1)(H)). As used in this Section, a minor traffic offense (as defined in subsection (a)(1)(G)) shall not be considered a criminal offense.

(E) "Expunge" means to physically destroy the records or return them to the petitioner and to obliterate the petitioner's name from any official index or public record, or both. Nothing in this Act shall require the physical destruction of the circuit court file, but such records relating to arrests or charges, or both, ordered expunged shall be impounded as required by subsections (d)(9)(A)(ii) and (d)(9)(B)(ii).

(F) As used in this Section, "last sentence" means the sentence, order of supervision, or order of qualified probation (as defined by subsection (a)(1)(J)), for a criminal offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and

are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(G-5) "Minor Cannabis Offense" means a violation of Section 4 or 5 of the Cannabis Control Act concerning not more than 30 grams of any substance containing cannabis, provided the violation did not include a penalty enhancement under Section 7 of the Cannabis Control Act and is not associated with an arrest, conviction or other disposition for a violent crime as defined in subsection (c) of Section 3 of the Rights of Crime Victims and Witnesses Act.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

(I) "Petitioner" means an adult or a minor prosecuted as an adult who has applied for relief under this Section.

(J) "Qualified probation" means an order of probation under Section 10 of the Cannabis Control

Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3(b)(1) and (2) of the Criminal Code of 1961 (as those provisions existed before their deletion by Public Act 89-313), Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Substance Use Disorder Act, or Section 10 of the Steroid Control Act. For the purpose of this Section, "successful completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Substance Use Disorder Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be

affected.

(L) "Sexual offense committed against a minor" includes, but is not limited to, the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section. A sentence is terminated notwithstanding any outstanding financial legal obligation.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(2.5) Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697), the law enforcement agency issuing the citation shall automatically expunge, on or before January 1 and July 1 of each year, the law enforcement records of a person found to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the law enforcement agency's possession or control and which contains the final satisfactory disposition which pertain to the person

issued a citation for that offense. The law enforcement agency shall provide by rule the process for access, review, and to confirm the automatic expungement by the law enforcement agency issuing the citation. Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697), the clerk of the circuit court shall expunge, upon order of the court, or in the absence of a court order on or before January 1 and July 1 of each year, the court records of a person found in the circuit court to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the clerk's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for any of those offenses.

(3) Exclusions. Except as otherwise provided in subsections (b)(5), (b)(6), (b)(8), (e), (e-5), and (e-6) of this Section, the court shall not order:

(A) the sealing or expungement of the records of arrests or charges not initiated by arrest that result in an order of supervision for or conviction of: (i) any sexual offense committed against a minor; (ii) Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance; or (iii) Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, unless the

arrest or charge is for a misdemeanor violation of subsection (a) of Section 11-503 or a similar provision of a local ordinance, that occurred prior to the offender reaching the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.

(C) the sealing of the records of arrests or charges not initiated by arrest which result in an order of supervision or a conviction for the following offenses:

(i) offenses included in Article 11 of the Criminal Code of 1961 or the Criminal Code of 2012 or a similar provision of a local ordinance, except Section 11-14 and a misdemeanor violation of Section 11-30 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance;

(ii) Section 11-1.50, 12-3.4, 12-15, 12-30, 26-5, or 48-1 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance;

(iii) Section 12-3.1 or 12-3.2 of the Criminal Code of 1961 or the Criminal Code of 2012, or Section 125 of the Stalking No Contact Order Act, or Section 219 of the Civil No Contact Order Act, or a similar provision of a local ordinance;

(iv) Class A misdemeanors or felony offenses under the Humane Care for Animals Act; or

(v) any offense or attempted offense that would subject a person to registration under the Sex Offender Registration Act.

(D) (blank).

(b) Expungement.

(1) A petitioner may petition the circuit court to expunge the records of his or her arrests and charges not initiated by arrest when each arrest or charge not initiated by arrest sought to be expunged resulted in: (i) acquittal, dismissal, or the petitioner's release without charging, unless excluded by subsection (a)(3)(B); (ii) a conviction which was vacated or reversed, unless excluded by subsection (a)(3)(B); (iii) an order of supervision and such supervision was successfully completed by the petitioner, unless excluded by subsection (a)(3)(A) or (a)(3)(B); or (iv) an order of qualified probation (as defined in subsection (a)(1)(J)) and such probation was successfully completed by the petitioner.

(1.5) When a petitioner seeks to have a record of

arrest expunged under this Section, and the offender has been convicted of a criminal offense, the State's Attorney may object to the expungement on the grounds that the records contain specific relevant information aside from the mere fact of the arrest.

(2) Time frame for filing a petition to expunge.

(A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or vacation of a conviction, there is no waiting period to petition for the expungement of such records.

(A-5) In anticipation of the successful completion of a problem-solving court, pre-plea diversion, or post-plea diversion program, a petition for expungement may be filed 61 days before the anticipated dismissal of the case or any time thereafter. Upon successful completion of the program and dismissal of the case, the court shall review the petition of the person graduating from the program and shall grant expungement if the petitioner meets all requirements as specified in any applicable statute.

(B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

(i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under Section 11-1.50, 12-3.2, or 12-15 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance, shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

(i-5) Those arrests or charges that resulted in orders of supervision for a misdemeanor violation of subsection (a) of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, that occurred prior to the offender reaching the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance shall not be eligible for expungement until the petitioner has reached the age of 25 years.

(ii) Those arrests or charges that resulted in orders of supervision for any other offenses shall not be eligible for expungement until 2 years have passed following the satisfactory termination of the supervision.

(C) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of qualified probation, successfully completed by the petitioner, such records shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the probation.

(3) Those records maintained by the Illinois State Police for persons arrested prior to their 17th birthday shall be expunged as provided in Section 5-915 of the Juvenile Court Act of 1987.

(4) Whenever a person has been arrested for or convicted of any offense, in the name of a person whose identity he or she has stolen or otherwise come into possession of, the aggrieved person from whom the identity was stolen or otherwise obtained without authorization, upon learning of the person having been arrested using his or her identity, may, upon verified petition to the chief judge of the circuit wherein the arrest was made, have a court order entered nunc pro tunc by the Chief Judge to correct the arrest record, conviction record, if any, and all official records of the arresting authority, the Illinois State Police, other criminal justice agencies, the prosecutor, and the trial court concerning such arrest, if any, by removing his or her name from all such records in connection with the arrest and conviction, if any, and by inserting in the records the name of the

offender, if known or ascertainable, in lieu of the aggrieved's name. The records of the circuit court clerk shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Nothing in this Section shall limit the Illinois State Police or other criminal justice agencies or prosecutors from listing under an offender's name the false names he or she has used.

(5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the petitioner's trial to have a court order entered to seal the records of the circuit court clerk in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Illinois State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the circuit court clerk in connection

with the proceedings of the trial court concerning the offense available for public inspection.

(6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the petitioner was factually innocent of the charge, the court that finds the petitioner factually innocent of the charge shall enter an expungement order for the conviction for which the petitioner has been determined to be innocent as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(7) Nothing in this Section shall prevent the Illinois State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3 or subdivision (b)(1) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Substance Use Disorder Act, or Section 10 of the Steroid Control Act.

(8) If the petitioner has been granted a certificate

of innocence under Section 2-702 of the Code of Civil Procedure, the court that grants the certificate of innocence shall also enter an order expunging the conviction for which the petitioner has been determined to be innocent as provided in subsection (h) of Section 2-702 of the Code of Civil Procedure.

(c) Sealing.

(1) Applicability. Notwithstanding any other provision of this Act to the contrary, and cumulative with any rights to expungement of criminal records, this subsection authorizes the sealing of criminal records of adults and of minors prosecuted as adults. Subsection (g) of this Section provides for immediate sealing of certain records.

(2) Eligible Records. The following records may be sealed:

(A) All arrests resulting in release without charging;

(B) Arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, except as excluded by subsection (a) (3) (B);

(C) Arrests or charges not initiated by arrest resulting in orders of supervision, including orders of supervision for municipal ordinance violations, successfully completed by the petitioner, unless excluded by subsection (a) (3);

(D) Arrests or charges not initiated by arrest resulting in convictions, including convictions on municipal ordinance violations, unless excluded by subsection (a) (3);

(E) Arrests or charges not initiated by arrest resulting in orders of first offender probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, or Section 5-6-3.3 of the Unified Code of Corrections; and

(F) Arrests or charges not initiated by arrest resulting in felony convictions unless otherwise excluded by subsection (a) paragraph (3) of this Section.

(3) When Records Are Eligible to Be Sealed. Records identified as eligible under subsection (c) (2) may be sealed as follows:

(A) Records identified as eligible under subsections (c) (2) (A) and (c) (2) (B) may be sealed at any time.

(B) Except as otherwise provided in subparagraph (E) of this paragraph (3), records identified as eligible under subsection (c) (2) (C) may be sealed 2 years after the termination of petitioner's last sentence (as defined in subsection (a) (1) (F)).

(C) Except as otherwise provided in subparagraph (E) of this paragraph (3), records identified as eligible under subsections (c)(2)(D), (c)(2)(E), and (c)(2)(F) may be sealed 3 years after the termination of the petitioner's last sentence (as defined in subsection (a)(1)(F)). Convictions requiring public registration under the Arsonist Registry Act, the Sex Offender Registration Act, or the Murderer and Violent Offender Against Youth Registration Act may not be sealed until the petitioner is no longer required to register under that relevant Act.

(D) Records identified in subsection (a)(3)(A)(iii) may be sealed after the petitioner has reached the age of 25 years.

(E) Records identified as eligible under subsection (c)(2)(C), (c)(2)(D), (c)(2)(E), or (c)(2)(F) may be sealed upon termination of the petitioner's last sentence if the petitioner earned a high school diploma, associate's degree, career certificate, vocational technical certification, or bachelor's degree, or passed the high school level Test of General Educational Development, during the period of his or her sentence or mandatory supervised release. This subparagraph shall apply only to a petitioner who has not completed the same educational goal prior to the period of his or her sentence or

mandatory supervised release. If a petition for sealing eligible records filed under this subparagraph is denied by the court, the time periods under subparagraph (B) or (C) shall apply to any subsequent petition for sealing filed by the petitioner.

(4) Subsequent felony convictions. A person may not have subsequent felony conviction records sealed as provided in this subsection (c) if he or she is convicted of any felony offense after the date of the sealing of prior felony convictions as provided in this subsection (c). The court may, upon conviction for a subsequent felony offense, order the unsealing of prior felony conviction records previously ordered sealed by the court.

(5) Notice of eligibility for sealing. Upon entry of a disposition for an eligible record under this subsection (c), the petitioner shall be informed by the court of the right to have the records sealed and the procedures for the sealing of the records.

(d) Procedure. The following procedures apply to expungement under subsections (b), (e), and (e-6) and sealing under subsections (c) and (e-5):

(1) Filing the petition. Upon becoming eligible to petition for the expungement or sealing of records under this Section, the petitioner shall file a petition requesting the expungement or sealing of records with the clerk of the court where the arrests occurred or the

charges were brought, or both. If arrests occurred or charges were brought in multiple jurisdictions, a petition must be filed in each such jurisdiction. The petitioner shall pay the applicable fee, except no fee shall be required if the petitioner has obtained a court order waiving fees under Supreme Court Rule 298 or it is otherwise waived.

(1.5) County fee waiver pilot program. From August 9, 2019 (the effective date of Public Act 101-306) through December 31, 2020, in a county of 3,000,000 or more inhabitants, no fee shall be required to be paid by a petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, unless excluded by subsection (a)(3)(B). The provisions of this paragraph (1.5), other than this sentence, are inoperative on and after January 1, 2022.

(2) Contents of petition. The petition shall be verified and shall contain the petitioner's name, date of birth, current address and, for each arrest or charge not initiated by arrest sought to be sealed or expunged, the case number, the date of arrest (if any), the identity of the arresting authority, and such other information as the court may require. During the pendency of the proceeding,

the petitioner shall promptly notify the circuit court clerk of any change of his or her address. If the petitioner has received a certificate of eligibility for sealing from the Prisoner Review Board under paragraph (10) of subsection (a) of Section 3-3-2 of the Unified Code of Corrections, the certificate shall be attached to the petition.

(3) Drug test. The petitioner must attach to the petition proof that the petitioner has taken within 30 days before the filing of the petition a test showing the absence within his or her body of all illegal substances as defined by the Illinois Controlled Substances Act and the Methamphetamine Control and Community Protection Act if he or she is petitioning to:

(A) seal felony records under clause (c) (2) (E);

(B) seal felony records for a violation of the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Cannabis Control Act under clause (c) (2) (F);

(C) seal felony records under subsection (e-5); or

(D) expunge felony records of a qualified probation under clause (b) (1) (iv).

(4) Service of petition. The circuit court clerk shall promptly serve a copy of the petition and documentation to support the petition under subsection (e-5) or (e-6) on the State's Attorney or prosecutor charged with the duty

of prosecuting the offense, the Illinois State Police, the arresting agency and the chief legal officer of the unit of local government effecting the arrest.

(5) Objections.

(A) Any party entitled to notice of the petition may file an objection to the petition. All objections shall be in writing, shall be filed with the circuit court clerk, and shall state with specificity the basis of the objection. Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, an objection to the petition may not be filed.

(B) Objections to a petition to expunge or seal must be filed within 60 days of the date of service of the petition.

(6) Entry of order.

(A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, if any, shall rule on the petition to expunge or seal as set forth in this subsection (d) (6).

(B) Unless the State's Attorney or prosecutor, the Illinois State Police, the arresting agency, or the chief legal officer files an objection to the petition

to expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(C) Notwithstanding any other provision of law, the court shall not deny a petition for sealing under this Section because the petitioner has not satisfied an outstanding legal financial obligation established, imposed, or originated by a court, law enforcement agency, or a municipal, State, county, or other unit of local government, including, but not limited to, any cost, assessment, fine, or fee. An outstanding legal financial obligation does not include any court ordered restitution to a victim under Section 5-5-6 of the Unified Code of Corrections, unless the restitution has been converted to a civil judgment. Nothing in this subparagraph (C) waives, rescinds, or abrogates a legal financial obligation or otherwise eliminates or affects the right of the holder of any financial obligation to pursue collection under applicable federal, State, or local law.

(D) Notwithstanding any other provision of law, the court shall not deny a petition to expunge or seal under this Section because the petitioner has submitted a drug test taken within 30 days before the filing of the petition to expunge or seal that indicates a positive test for the presence of cannabis

within the petitioner's body. In this subparagraph (D), "cannabis" has the meaning ascribed to it in Section 3 of the Cannabis Control Act.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Illinois State Police as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(A) the strength of the evidence supporting the defendant's conviction;

(B) the reasons for retention of the conviction records by the State;

(C) the petitioner's age, criminal record history, and employment history;

(D) the period of time between the petitioner's arrest on the charge resulting in the conviction and the filing of the petition under this Section; and

(E) the specific adverse consequences the petitioner may be subject to if the petition is

denied.

(8) Service of order. After entering an order to expunge or seal records, the court must provide copies of the order to the Illinois State Police, in a form and manner prescribed by the Illinois State Police, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest, and to such other criminal justice agencies as may be ordered by the court.

(9) Implementation of order.

(A) Upon entry of an order to expunge records pursuant to subsection (b) (2) (A) or (b) (2) (B) (ii), or both:

(i) the records shall be expunged (as defined in subsection (a) (1) (E)) by the arresting agency, the Illinois State Police, and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index

required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order; and

(iii) in response to an inquiry for expunged records, the court, the Illinois State Police, or the agency receiving such inquiry, shall reply as it does in response to inquiries when no records ever existed.

(B) Upon entry of an order to expunge records pursuant to subsection (b) (2) (B) (i) or (b) (2) (C), or both:

(i) the records shall be expunged (as defined in subsection (a) (1) (E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but

the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Illinois State Police within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Illinois State Police may be disseminated by the Illinois State Police only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(v) in response to an inquiry for such records from anyone not authorized by law to access such records, the court, the Illinois State Police, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(B-5) Upon entry of an order to expunge records under subsection (e-6):

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency

and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Illinois State Police within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Illinois State Police may be disseminated by the Illinois State Police only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of

Corrections upon conviction for any offense; and

(v) in response to an inquiry for these records from anyone not authorized by law to access the records, the court, the Illinois State Police, or the agency receiving the inquiry shall reply as it does in response to inquiries when no records ever existed.

(C) Upon entry of an order to seal records under subsection (c), the arresting agency, any other agency as ordered by the court, the Illinois State Police, and the court shall seal the records (as defined in subsection (a)(1)(K)). In response to an inquiry for such records, from anyone not authorized by law to access such records, the court, the Illinois State Police, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(D) The Illinois State Police shall send written notice to the petitioner of its compliance with each order to expunge or seal records within 60 days of the date of service of that order or, if a motion to vacate, modify, or reconsider is filed, within 60 days of service of the order resolving the motion, if that order requires the Illinois State Police to expunge or seal records. In the event of an appeal from the circuit court order, the Illinois State Police shall

send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. The notice is not required while any motion to vacate, modify, or reconsider, or any appeal or petition for discretionary appellate review, is pending.

(E) Upon motion, the court may order that a sealed judgment or other court record necessary to demonstrate the amount of any legal financial obligation due and owing be made available for the limited purpose of collecting any legal financial obligations owed by the petitioner that were established, imposed, or originated in the criminal proceeding for which those records have been sealed. The records made available under this subparagraph (E) shall not be entered into the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act and shall be immediately re-impounded upon the collection of the outstanding financial obligations.

(F) Notwithstanding any other provision of this Section, a circuit court clerk may access a sealed record for the limited purpose of collecting payment for any legal financial obligations that were established, imposed, or originated in the criminal

proceedings for which those records have been sealed.

(10) Fees. The Illinois State Police may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit \$10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. The circuit court clerk shall collect and remit the Illinois State Police portion of the fee to the State Treasurer and it shall be deposited in the State Police Services Fund. If the record brought under an expungement petition was previously sealed under this Section, the fee for the expungement petition for that same record shall be waived.

(11) Final Order. No court order issued under the expungement or sealing provisions of this Section shall become final for purposes of appeal until 30 days after service of the order on the petitioner and all parties entitled to notice of the petition.

(12) Motion to Vacate, Modify, or Reconsider. Under

Section 2-1203 of the Code of Civil Procedure, the petitioner or any party entitled to notice may file a motion to vacate, modify, or reconsider the order granting or denying the petition to expunge or seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure. Upon filing of a motion to vacate, modify, or reconsider, notice of the motion shall be served upon the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or reconsider its terms based on a motion filed under paragraph (12) of this subsection (d).

(14) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to seal, all parties entitled to notice of the petition must fully comply with the terms of the order within 60 days of service of the order even if a party is seeking relief from the order through a motion

filed under paragraph (12) of this subsection (d) or is appealing the order.

(15) Compliance with Order Granting Petition to Expunge Records. While a party is seeking relief from the order granting the petition to expunge through a motion filed under paragraph (12) of this subsection (d) or is appealing the order, and unless a court has entered a stay of that order, the parties entitled to notice of the petition must seal, but need not expunge, the records until there is a final order on the motion for relief or, in the case of an appeal, the issuance of that court's mandate.

(16) The changes to this subsection (d) made by Public Act 98-163 apply to all petitions pending on August 5, 2013 (the effective date of Public Act 98-163) and to all orders ruling on a petition to expunge or seal on or after August 5, 2013 (the effective date of Public Act 98-163).

(e) Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the defendant's trial, have a court order entered expunging the record of arrest from the official records of the arresting authority and order that the records

of the circuit court clerk and the Illinois State Police be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the defendant obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been pardoned but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Illinois State Police may be disseminated by the Illinois State Police only to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Illinois State Police pertaining to that individual. Upon entry of the order of expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was pardoned.

(e-5) Whenever a person who has been convicted of an offense is granted a certificate of eligibility for sealing by the Prisoner Review Board which specifically authorizes sealing, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding

trial judge at the petitioner's trial, have a court order entered sealing the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Illinois State Police be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the petitioner obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been granted the certificate but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Illinois State Police may be disseminated by the Illinois State Police only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Illinois State Police pertaining to that individual. Upon entry of the order of sealing, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for sealing.

(e-6) Whenever a person who has been convicted of an offense is granted a certificate of eligibility for

expungement by the Prisoner Review Board which specifically authorizes expungement, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, have a court order entered expunging the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Illinois State Police be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the petitioner obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been granted the certificate but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Illinois State Police may be disseminated by the Illinois State Police only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all expunged records of the Illinois State Police pertaining to that individual. Upon entry of the order of

expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for expungement.

(f) Subject to available funding, the Illinois Department of Corrections shall conduct a study of the impact of sealing, especially on employment and recidivism rates, utilizing a random sample of those who apply for the sealing of their criminal records under Public Act 93-211. At the request of the Illinois Department of Corrections, records of the Illinois Department of Employment Security shall be utilized as appropriate to assist in the study. The study shall not disclose any data in a manner that would allow the identification of any particular individual or employing unit. The study shall be made available to the General Assembly no later than September 1, 2010.

(g) Immediate Sealing.

(1) Applicability. Notwithstanding any other provision of this Act to the contrary, and cumulative with any rights to expungement or sealing of criminal records, this subsection authorizes the immediate sealing of criminal records of adults and of minors prosecuted as adults.

The immediate sealing petition may be filed with the circuit court clerk during the hearing in which the final disposition of the case is entered. If the defendant's attorney does

not file the petition for immediate sealing during the hearing, the defendant may file a petition for sealing at any time as authorized under subsection (c) (3) (A).

(B) Contents of Petition. The immediate sealing petition shall be verified and shall contain the petitioner's name, date of birth, current address, and for each eligible record, the case number, the date of arrest if applicable, the identity of the arresting authority if applicable, and other information as the court may require.

Under Section 2-1203 of the Code of Civil Procedure, the petitioner, State's Attorney, or the Illinois State Police may file a motion to vacate, modify, or reconsider the order denying the petition to immediately seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure.

(L) Effect of Order. An order granting an immediate sealing petition shall not be considered

void because it fails to comply with the provisions of this Section or because of an error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable, and to vacate, modify, or reconsider its terms based on a motion filed under subparagraph (L) of this subsection (g).

(M) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to immediately seal, all parties entitled to service of the order must fully comply with the terms of the order within 60 days of service of the order.

(h) Sealing or vacation and expungement of trafficking victims' crimes.

(1) A trafficking victim, as defined by paragraph (10) of subsection (a) of Section 10-9 of the Criminal Code of 2012, may petition for vacation and expungement or immediate sealing of his or her criminal record upon the completion of his or her last sentence if his or her participation in the underlying offense was a result of human trafficking under Section 10-9 of the Criminal Code of 2012 or a severe form of trafficking under the federal Trafficking Victims Protection Act.

(1.5) A petition under paragraph (1) shall be prepared, signed, and filed in accordance with Supreme

Court Rule 9. The court may allow the petitioner to attend any required hearing remotely in accordance with local rules. The court may allow a petition to be filed under seal if the public filing of the petition would constitute a risk of harm to the petitioner.

(2) A petitioner under this subsection (h), in addition to the requirements provided under paragraph (4) of subsection (d) of this Section, shall include in his or her petition a clear and concise statement that: (A) he or she was a victim of human trafficking at the time of the offense; and (B) that his or her participation in the offense was a result of human trafficking under Section 10-9 of the Criminal Code of 2012 or a severe form of trafficking under the federal Trafficking Victims Protection Act.

(3) If an objection is filed alleging that the petitioner is not entitled to vacation and expungement or immediate sealing under this subsection (h), the court shall conduct a hearing under paragraph (7) of subsection (d) of this Section and the court shall determine whether the petitioner is entitled to vacation and expungement or immediate sealing under this subsection (h). A petitioner is eligible for vacation and expungement or immediate relief under this subsection (h) if he or she shows, by a preponderance of the evidence, that: (A) he or she was a victim of human trafficking at the time of the offense;

and (B) that his or her participation in the offense was a result of human trafficking under Section 10-9 of the Criminal Code of 2012 or a severe form of trafficking under the federal Trafficking Victims Protection Act.

(i) Minor Cannabis Offenses under the Cannabis Control Act.

(1) Expungement of Arrest Records of Minor Cannabis Offenses.

(A) The Illinois State Police and all law enforcement agencies within the State shall automatically expunge all criminal history records of an arrest, charge not initiated by arrest, order of supervision, or order of qualified probation for a Minor Cannabis Offense committed prior to June 25, 2019 (the effective date of Public Act 101-27) if:

(i) One year or more has elapsed since the date of the arrest or law enforcement interaction documented in the records; and

(ii) No criminal charges were filed relating to the arrest or law enforcement interaction or criminal charges were filed and subsequently dismissed or vacated or the arrestee was acquitted.

(B) If the law enforcement agency is unable to verify satisfaction of condition (ii) in paragraph (A), records that satisfy condition (i) in paragraph

(A) shall be automatically expunged.

(C) Records shall be expunged by the law enforcement agency under the following timelines:

(i) Records created prior to June 25, 2019 (the effective date of Public Act 101-27), but on or after January 1, 2013, shall be automatically expunged prior to January 1, 2021;

(ii) Records created prior to January 1, 2013, but on or after January 1, 2000, shall be automatically expunged prior to January 1, 2023;

(iii) Records created prior to January 1, 2000 shall be automatically expunged prior to January 1, 2025.

In response to an inquiry for expunged records, the law enforcement agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed; however, it shall provide a certificate of disposition or confirmation that the record was expunged to the individual whose record was expunged if such a record exists.

(D) Nothing in this Section shall be construed to restrict or modify an individual's right to have that individual's records expunged except as otherwise may be provided in this Act, or diminish or abrogate any rights or remedies otherwise available to the individual.

(2) Pardons Authorizing Expungement of Minor Cannabis Offenses.

(A) Upon June 25, 2019 (the effective date of Public Act 101-27), the Department of State Police shall review all criminal history record information and identify all records that meet all of the following criteria:

(i) one or more convictions for a Minor Cannabis Offense;

(ii) the conviction identified in paragraph (2)(A)(i) did not include a penalty enhancement under Section 7 of the Cannabis Control Act; and

(iii) the conviction identified in paragraph (2)(A)(i) is not associated with a conviction for a violent crime as defined in subsection (c) of Section 3 of the Rights of Crime Victims and Witnesses Act.

(B) Within 180 days after June 25, 2019 (the effective date of Public Act 101-27), the Department of State Police shall notify the Prisoner Review Board of all such records that meet the criteria established in paragraph (2)(A).

(i) The Prisoner Review Board shall notify the State's Attorney of the county of conviction of each record identified by State Police in paragraph (2)(A) that is classified as a Class 4

felony. The State's Attorney may provide a written objection to the Prisoner Review Board on the sole basis that the record identified does not meet the criteria established in paragraph (2) (A). Such an objection must be filed within 60 days or by such later date set by the Prisoner Review Board in the notice after the State's Attorney received notice from the Prisoner Review Board.

(ii) In response to a written objection from a State's Attorney, the Prisoner Review Board is authorized to conduct a non-public hearing to evaluate the information provided in the objection.

(iii) The Prisoner Review Board shall make a confidential and privileged recommendation to the Governor as to whether to grant a pardon authorizing expungement for each of the records identified by the Department of State Police as described in paragraph (2) (A).

(C) If an individual has been granted a pardon authorizing expungement as described in this Section, the Prisoner Review Board, through the Attorney General, shall file a petition for expungement with the Chief Judge of the circuit or any judge of the circuit designated by the Chief Judge where the individual had been convicted. Such petition may

include more than one individual. Whenever an individual who has been convicted of an offense is granted a pardon by the Governor that specifically authorizes expungement, an objection to the petition may not be filed. Petitions to expunge under this subsection (i) may include more than one individual. Within 90 days of the filing of such a petition, the court shall enter an order expunging the records of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Illinois State Police be expunged and the name of the defendant obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which the individual had received a pardon but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Upon entry of the order of expungement, the circuit court clerk shall promptly provide a copy of the order and a certificate of disposition to the individual who was pardoned to the individual's last known address or by electronic means (if available) or otherwise make it available to the individual upon request.

(D) Nothing in this Section is intended to

diminish or abrogate any rights or remedies otherwise available to the individual.

(3) Any individual may file a motion to vacate and expunge a conviction for a misdemeanor or Class 4 felony violation of Section 4 or Section 5 of the Cannabis Control Act. Motions to vacate and expunge under this subsection (i) may be filed with the circuit court, Chief Judge of a judicial circuit or any judge of the circuit designated by the Chief Judge. The circuit court clerk shall promptly serve a copy of the motion to vacate and expunge, and any supporting documentation, on the State's Attorney or prosecutor charged with the duty of prosecuting the offense. When considering such a motion to vacate and expunge, a court shall consider the following: the reasons to retain the records provided by law enforcement, the petitioner's age, the petitioner's age at the time of offense, the time since the conviction, and the specific adverse consequences if denied. An individual may file such a petition after the completion of any non-financial sentence or non-financial condition imposed by the conviction. Within 60 days of the filing of such motion, a State's Attorney may file an objection to such a petition along with supporting evidence. If a motion to vacate and expunge is granted, the records shall be expunged in accordance with subparagraphs (d)(8) and (d)(9)(A) of this Section. An agency providing civil legal

aid, as defined by Section 15 of the Public Interest Attorney Assistance Act, assisting individuals seeking to file a motion to vacate and expunge under this subsection may file motions to vacate and expunge with the Chief Judge of a judicial circuit or any judge of the circuit designated by the Chief Judge, and the motion may include more than one individual. Motions filed by an agency providing civil legal aid concerning more than one individual may be prepared, presented, and signed electronically.

(4) Any State's Attorney may file a motion to vacate and expunge a conviction for a misdemeanor or Class 4 felony violation of Section 4 or Section 5 of the Cannabis Control Act. Motions to vacate and expunge under this subsection (i) may be filed with the circuit court, Chief Judge of a judicial circuit or any judge of the circuit designated by the Chief Judge, and may include more than one individual. Motions filed by a State's Attorney concerning more than one individual may be prepared, presented, and signed electronically. When considering such a motion to vacate and expunge, a court shall consider the following: the reasons to retain the records provided by law enforcement, the individual's age, the individual's age at the time of offense, the time since the conviction, and the specific adverse consequences if denied. Upon entry of an order granting a motion to vacate

and expunge records pursuant to this Section, the State's Attorney shall notify the Prisoner Review Board within 30 days. Upon entry of the order of expungement, the circuit court clerk shall promptly provide a copy of the order and a certificate of disposition to the individual whose records will be expunged to the individual's last known address or by electronic means (if available) or otherwise make available to the individual upon request. If a motion to vacate and expunge is granted, the records shall be expunged in accordance with subparagraphs (d)(8) and (d)(9)(A) of this Section.

(5) In the public interest, the State's Attorney of a county has standing to file motions to vacate and expunge pursuant to this Section in the circuit court with jurisdiction over the underlying conviction.

(6) If a person is arrested for a Minor Cannabis Offense as defined in this Section before June 25, 2019 (the effective date of Public Act 101-27) and the person's case is still pending but a sentence has not been imposed, the person may petition the court in which the charges are pending for an order to summarily dismiss those charges against him or her, and expunge all official records of his or her arrest, plea, trial, conviction, incarceration, supervision, or expungement. If the court determines, upon review, that: (A) the person was arrested before June 25, 2019 (the effective date of Public Act 101-27) for an

offense that has been made eligible for expungement; (B) the case is pending at the time; and (C) the person has not been sentenced of the minor cannabis violation eligible for expungement under this subsection, the court shall consider the following: the reasons to retain the records provided by law enforcement, the petitioner's age, the petitioner's age at the time of offense, the time since the conviction, and the specific adverse consequences if denied. If a motion to dismiss and expunge is granted, the records shall be expunged in accordance with subparagraph (d) (9) (A) of this Section.

(7) A person imprisoned solely as a result of one or more convictions for Minor Cannabis Offenses under this subsection (i) shall be released from incarceration upon the issuance of an order under this subsection.

(8) The Illinois State Police shall allow a person to use the access and review process, established in the Illinois State Police, for verifying that his or her records relating to Minor Cannabis Offenses of the Cannabis Control Act eligible under this Section have been expunged.

(9) No conviction vacated pursuant to this Section shall serve as the basis for damages for time unjustly served as provided in the Court of Claims Act.

(10) Effect of Expungement. A person's right to expunge an expungeable offense shall not be limited under

this Section. The effect of an order of expungement shall be to restore the person to the status he or she occupied before the arrest, charge, or conviction.

Supervision, Section 5-1-21.
Victim, Section 5-1-22.

(B) As used in this Section, "charge not initiated by arrest" means a charge (as defined by Section 5-1-3 of the Unified Code of Corrections) brought against a defendant where the defendant is not arrested prior to or as a direct result of the charge.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An

order of qualified probation (as defined in subsection (a) (1) (J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal ordinance violation (as defined in subsection (a) (1) (H)). As used in this Section, a minor traffic offense (as defined in subsection (a) (1) (G)) shall not be considered a criminal offense.

(E) "Expunge" means to physically destroy the records or return them to the petitioner and to obliterate the petitioner's name from any official index or public record, or both. Nothing in this Act shall require the physical destruction of the circuit court file, but such records relating to arrests or charges, or both, ordered expunged shall be impounded as required by subsections (d) (9) (A) (ii) and (d) (9) (B) (ii).

(F) As used in this Section, "last sentence" means the sentence, order of supervision, or order of qualified probation (as defined by subsection

(a)(1)(J)), for a criminal offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(G-5) "Minor Cannabis Offense" means a violation of Section 4 or 5 of the Cannabis Control Act concerning not more than 30 grams of any substance containing cannabis, provided the violation did not include a penalty enhancement under Section 7 of the Cannabis Control Act and is not associated with an arrest, conviction or other disposition for a violent crime as defined in subsection (c) of Section 3 of the Rights of Crime Victims and Witnesses Act.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that

is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

(I) "Petitioner" means an adult or a minor prosecuted as an adult who has applied for relief under this Section.

(J) "Qualified probation" means an order of probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3(b)(1) and (2) of the Criminal Code of 1961 (as those provisions existed before their deletion by Public Act 89-313), Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Substance Use Disorder Act, or Section 10 of the Steroid Control Act. For the purpose of this Section, "successful completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Substance Use Disorder Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) (i) Except as provided in subdivision (ii), "seal" means to physically and electronically maintain

the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(ii) For records subject to relief under subsection (k) of this Section, "seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to have the records impounded, as defined in paragraph (2) of subsection (b) of Section 5 of the Court Record and Document Accessibility Act. The defendant's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act. Upon request, and without court order, the circuit court clerk shall provide to the Illinois State Police the disposition information for any record that was ordered to be sealed or impounded pursuant to this Section.

(L) "Sexual offense committed against a minor"

includes, but is not limited to, the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section. A sentence is terminated notwithstanding any outstanding financial legal obligation.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(2.5) Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697), the law enforcement agency issuing the citation shall automatically expunge, on or before January 1 and July 1 of each year, the law enforcement records of a person found to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the law enforcement agency's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for that offense. The law enforcement agency shall provide by rule the process for access,

review, and to confirm the automatic expungement by the law enforcement agency issuing the citation. Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697), the clerk of the circuit court shall expunge, upon order of the court, or in the absence of a court order on or before January 1 and July 1 of each year, the court records of a person found in the circuit court to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the clerk's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for any of those offenses.

(3) Exclusions. Except as otherwise provided in subsections (b)(5), (b)(6), (b)(8), (e), (e-5), and (e-6) of this Section, the court shall not order:

(A) the sealing or expungement of the records of arrests or charges not initiated by arrest that result in an order of supervision for or conviction of: (i) any sexual offense committed against a minor; (ii) Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance; or (iii) Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, unless the arrest or charge is for a misdemeanor violation of subsection (a) of Section 11-503 or a similar

provision of a local ordinance, that occurred prior to the offender reaching the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.

(C) the sealing of the records of arrests or charges not initiated by arrest which result in an order of supervision or a conviction for the following offenses:

(i) offenses included in Article 11 of the Criminal Code of 1961 or the Criminal Code of 2012 or a similar provision of a local ordinance, except Section 11-14 and a misdemeanor violation of Section 11-30 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance;

(ii) Section 11-1.50, 12-3.4, 12-15, 12-30, 26-5, or 48-1 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance;

(iii) Section 12-3.1 or 12-3.2 of the Criminal Code of 1961 or the Criminal Code of 2012, or

Section 125 of the Stalking No Contact Order Act,
or Section 219 of the Civil No Contact Order Act,
or a similar provision of a local ordinance;

(iv) Class A misdemeanors or felony offenses
under the Humane Care for Animals Act; or

(v) any offense or attempted offense that
would subject a person to registration under the
Sex Offender Registration Act.

(D) (blank).

(b) Expungement.

(1) A petitioner may petition the circuit court to
expunge the records of his or her arrests and charges not
initiated by arrest when each arrest or charge not
initiated by arrest sought to be expunged resulted in: (i)
acquittal, dismissal, or the petitioner's release without
charging, unless excluded by subsection (a)(3)(B); (ii) a
conviction which was vacated or reversed, unless excluded
by subsection (a)(3)(B); (iii) an order of supervision and
such supervision was successfully completed by the
petitioner, unless excluded by subsection (a)(3)(A) or
(a)(3)(B); or (iv) an order of qualified probation (as
defined in subsection (a)(1)(J)) and such probation was
successfully completed by the petitioner.

(1.5) When a petitioner seeks to have a record of
arrest expunged under this Section, and the petitioner has
been convicted of a criminal offense, the State's Attorney

may object to the expungement on the grounds that the records contain specific relevant information aside from the mere fact of the arrest.

(2) Time frame for filing a petition to expunge.

(A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or vacation of a conviction, there is no waiting period to petition for the expungement of such records.

(A-5) In anticipation of the successful completion of a problem-solving court, pre-plea diversion, or post-plea diversion program, a petition for expungement may be filed 61 days before the anticipated dismissal of the case or any time thereafter. Upon successful completion of the program and dismissal of the case, the court shall review the petition of the person graduating from the program and shall grant expungement if the petitioner meets all requirements as specified in any applicable statute.

(B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

(i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708,

3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under Section 11-1.50, 12-3.2, or 12-15 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance, shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

(i-5) Those arrests or charges that resulted in orders of supervision for a misdemeanor violation of subsection (a) of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, that occurred prior to the petitioner reaching the age of 25 years and the petitioner has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance shall not be eligible for expungement until the petitioner has reached the age of 25 years.

(ii) Those arrests or charges that resulted in orders of supervision for any other offenses shall not be eligible for expungement until 2 years have passed following the satisfactory termination of the supervision.

(C) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of

qualified probation, successfully completed by the petitioner, such records shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the probation.

(3) Those records maintained by the Illinois State Police for persons arrested prior to their 17th birthday shall be expunged as provided in Section 5-915 of the Juvenile Court Act of 1987.

(4) Whenever a person has been arrested for or convicted of any offense, in the name of a person whose identity he or she has stolen or otherwise come into possession of, the aggrieved person from whom the identity was stolen or otherwise obtained without authorization, upon learning of the person having been arrested using his or her identity, may, upon verified petition to the chief judge of the circuit wherein the arrest was made, have a court order entered nunc pro tunc by the Chief Judge to correct the arrest record, conviction record, if any, and all official records of the arresting authority, the Illinois State Police, other criminal justice agencies, the prosecutor, and the trial court concerning such arrest, if any, by removing his or her name from all such records in connection with the arrest and conviction, if any, and by inserting in the records the name of the petitioner, if known or ascertainable, in lieu of the aggrieved's name. The records of the circuit court clerk

shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Nothing in this Section shall limit the Illinois State Police or other criminal justice agencies or prosecutors from listing under a petitioner's name the false names he or she has used.

(5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the petitioner's trial to have a court order entered to seal the records of the circuit court clerk in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Illinois State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the circuit court clerk in connection with the proceedings of the trial court concerning the offense available for public inspection.

(6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the petitioner was factually innocent of the charge, the court that finds the petitioner factually innocent of the charge shall enter an expungement order for the conviction for which the petitioner has been determined to be innocent as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(7) Nothing in this Section shall prevent the Illinois State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3 or subdivision (b)(1) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Substance Use Disorder Act, or Section 10 of the Steroid Control Act.

(8) If the petitioner has been granted a certificate of innocence under Section 2-702 of the Code of Civil Procedure, the court that grants the certificate of

innocence shall also enter an order expunging the conviction for which the petitioner has been determined to be innocent as provided in subsection (h) of Section 2-702 of the Code of Civil Procedure.

(c) Sealing.

(1) Applicability. Notwithstanding any other provision of this Act to the contrary, and cumulative with any rights to expungement of criminal records, this subsection authorizes the sealing of criminal records of adults and of minors prosecuted as adults. Subsection (g) of this Section provides for immediate sealing of certain records.

(2) Eligible Records. The following records may be sealed:

(A) All arrests resulting in release without charging;

(B) Arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, except as excluded by subsection (a) (3) (B);

(C) Arrests or charges not initiated by arrest resulting in orders of supervision, including orders of supervision for municipal ordinance violations, successfully completed by the petitioner, unless excluded by subsection (a) (3);

(C-5) Arrests or charges not initiated by arrest resulting in orders of qualified probation;

(D) Arrests or charges not initiated by arrest resulting in convictions with sentences of conditional discharge or probation, completed without revocation by the petitioner, unless otherwise excluded by subsection (a) (3);

(E) Arrests or charges not initiated by arrest resulting in misdemeanor convictions not included in subsection (c) (2) (D), including convictions on municipal ordinance violations, unless excluded by subsection (a) (3); and

(F) Arrests or charges not initiated by arrest resulting in felony convictions not included in subsection (c) (2) (D) unless otherwise excluded by subsection (a) (3).

(3) When Records Are Eligible to Be Sealed. Records identified as eligible under subsection (c) (2) may be sealed as follows:

(A) Records identified as eligible under subsections (c) (2) (A) and (c) (2) (B) may be sealed at any time.

(B) Records identified as eligible under subsection (c) (2) (C), (c) (2) (C-5), (c) (2) (D), or (c) (2) (E) may be sealed 2 years after the termination of petitioner's last sentence (as defined in subsection (a) (1) (F)).

(C) Except as otherwise provided in subparagraphs

(B) and (E) of this paragraph (3), records identified as eligible under subsection (c)(2)(F) may be sealed 3 years after the termination of the petitioner's last sentence (as defined in subsection (a)(1)(F)). Convictions requiring public registration under the Arsonist Registry Act, the Sex Offender Registration Act, or the Murderer and Violent Offender Against Youth Registration Act may not be sealed until the petitioner is no longer required to register under that relevant Act.

(D) Records identified in subsection (a)(3)(A)(iii) may be sealed after the petitioner has reached the age of 25 years.

(E) Records identified as eligible under subsection (c)(2)(F) may be sealed upon termination of the petitioner's last sentence if the petitioner earned a high school diploma, associate's degree, career certificate, vocational technical certification, or bachelor's degree, or passed the high school level Test of General Educational Development, during the period of his or her sentence or mandatory supervised release. This subparagraph shall apply only to a petitioner who has not completed the same educational goal prior to the period of his or her sentence or mandatory supervised release. If a petition for sealing eligible records filed under this

subparagraph is denied by the court, the time periods under subparagraph (C) shall apply to any subsequent petition for sealing filed by the petitioner.

(4) (Blank).

(5) Notice of eligibility for sealing. Upon entry of a disposition for an eligible record under this subsection (c), the petitioner shall be informed by the court of the right to have the records sealed and the procedures for the sealing of the records.

(d) Procedure. The following procedures apply to expungement under subsections (b), (e), and (e-6) and sealing under subsections (c) and (e-5):

(1) Filing the petition. Upon becoming eligible to petition for the expungement or sealing of records under this Section, the petitioner shall file a petition requesting the expungement or sealing of records with the clerk of the court where the arrests occurred or the charges were brought, or both. If arrests occurred or charges were brought in multiple jurisdictions, a petition must be filed in each such jurisdiction. The petitioner shall pay the applicable fee, except no fee shall be required if the petitioner has obtained a court order waiving fees under Supreme Court Rule 298 or it is otherwise waived.

(1.5) County fee waiver pilot program. From August 9, 2019 (the effective date of Public Act 101-306) through

December 31, 2020, in a county of 3,000,000 or more inhabitants, no fee shall be required to be paid by a petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, unless excluded by subsection (a)(3)(B). The provisions of this paragraph (1.5), other than this sentence, are inoperative on and after January 1, 2022.

(2) Contents of petition. The petition shall be verified and shall contain the petitioner's name, date of birth, current address and, for each arrest or charge not initiated by arrest sought to be sealed or expunged, the case number, the date of arrest (if any), the identity of the arresting authority, and such other information as the court may require. During the pendency of the proceeding, the petitioner shall promptly notify the circuit court clerk of any change of his or her address. If the petitioner has received a certificate of eligibility for sealing from the Prisoner Review Board under paragraph (10) of subsection (a) of Section 3-3-2 of the Unified Code of Corrections, the certificate shall be attached to the petition.

(3) (Blank).

(4) Service of petition. The circuit court clerk shall

promptly serve a copy of the petition and documentation to support the petition under subsection (e-5) or (e-6) on the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the Illinois State Police, the arresting agency, and, for municipal ordinance violations, the chief legal officer of the unit of local government effecting the arrest.

(5) Objections.

(A) Any party entitled to notice of the petition may file an objection to the petition. All objections shall be in writing, shall be filed with the circuit court clerk, and shall state with specificity the basis of the objection. Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, an objection to the petition may not be filed.

(B) Objections to a petition to expunge or seal must be filed within 60 days of the date of service of the petition.

(6) Entry of order.

(A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, if any, shall rule on the petition to expunge or seal as set forth in this

subsection (d) (6) .

(B) Unless the State's Attorney or prosecutor, the Illinois State Police, the arresting agency, or the chief legal officer files an objection to the petition to expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(C) Notwithstanding any other provision of law, the court shall not deny a petition for sealing under this Section because the petitioner has not satisfied an outstanding legal financial obligation established, imposed, or originated by a court, law enforcement agency, or a municipal, State, county, or other unit of local government, including, but not limited to, any cost, assessment, fine, or fee. An outstanding legal financial obligation does not include any court ordered restitution to a victim under Section 5-5-6 of the Unified Code of Corrections, unless the restitution has been converted to a civil judgment. Nothing in this subparagraph (C) waives, rescinds, or abrogates a legal financial obligation or otherwise eliminates or affects the right of the holder of any financial obligation to pursue collection under applicable federal, State, or local law.

(D) (Blank) .

(7) Hearings. If an objection is filed, the court

shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Illinois State Police as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(A) the strength of the evidence supporting the defendant's conviction;

(B) the reasons for retention of the conviction records by the State;

(C) the petitioner's age, criminal record history, and employment history;

(D) the period of time between the petitioner's arrest on the charge resulting in the conviction and the filing of the petition under this Section; and

(E) the specific adverse consequences the petitioner may be subject to if the petition is denied.

(8) Service of order. After entering an order to expunge or seal records, the court must provide copies of the order to the Illinois State Police, in a form and

manner prescribed by the Illinois State Police, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest for municipal ordinance violations, and to such other criminal justice agencies as may be ordered by the court. The disposition information for each case or record ordered expunged, sealed, or impounded shall be attached to the order provided to the Illinois State Police.

(9) Implementation of order.

(A) Upon entry of an order to expunge records pursuant to subsection (b) (2) (A) or (b) (2) (B) (ii), or both:

(i) the records shall be expunged (as defined in subsection (a) (1) (E)) by the arresting agency, the Illinois State Police, and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index

required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order; and

(iii) in response to an inquiry for expunged records, the court, the Illinois State Police, or the agency receiving such inquiry, shall reply as it does in response to inquiries when no records ever existed.

(B) Upon entry of an order to expunge records pursuant to subsection (b) (2) (B) (i) or (b) (2) (C), or both:

(i) the records shall be expunged (as defined in subsection (a) (1) (E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but

the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Illinois State Police within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Illinois State Police may be disseminated by the Illinois State Police only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(v) in response to an inquiry for such records from anyone not authorized by law to access such records, the court, the Illinois State Police, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(B-5) Upon entry of an order to expunge records under subsection (e-6):

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency

and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Illinois State Police within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Illinois State Police may be disseminated by the Illinois State Police only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of

Corrections upon conviction for any offense; and

(v) in response to an inquiry for these records from anyone not authorized by law to access the records, the court, the Illinois State Police, or the agency receiving the inquiry shall reply as it does in response to inquiries when no records ever existed.

(C) Upon entry of an order to seal records under subsection (c), the arresting agency, any other agency as ordered by the court, the Illinois State Police, and the court shall seal the records (as defined in subsection (a)(1)(K)). In response to an inquiry for such records, from anyone not authorized by law to access such records, the court, the Illinois State Police, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(D) The Illinois State Police shall send written notice to the petitioner of its compliance with each order to expunge or seal records within 60 days of the date of service of that order or, if a motion to vacate, modify, or reconsider is filed, within 60 days of service of the order resolving the motion, if that order requires the Illinois State Police to expunge or seal records. In the event of an appeal from the circuit court order, the Illinois State Police shall

send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. The notice is not required while any motion to vacate, modify, or reconsider, or any appeal or petition for discretionary appellate review, is pending.

(E) Upon motion, the court may order that a sealed judgment or other court record necessary to demonstrate the amount of any legal financial obligation due and owing be made available for the limited purpose of collecting any legal financial obligations owed by the petitioner that were established, imposed, or originated in the criminal proceeding for which those records have been sealed. The records made available under this subparagraph (E) shall not be entered into the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act and shall be immediately re-impounded upon the collection of the outstanding financial obligations.

(F) Notwithstanding any other provision of this Section, a circuit court clerk may access a sealed record for the limited purpose of collecting payment for any legal financial obligations that were established, imposed, or originated in the criminal

proceedings for which those records have been sealed.

(10) Fees. The Illinois State Police may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit \$10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. The circuit court clerk shall collect and remit the Illinois State Police portion of the fee to the State Treasurer and it shall be deposited in the State Police Services Fund. If the record brought under an expungement petition was previously sealed under this Section, the fee for the expungement petition for that same record shall be waived.

(11) Final Order. No court order issued under the expungement or sealing provisions of this Section shall become final for purposes of appeal until 30 days after service of the order on the petitioner and all parties entitled to notice of the petition.

(12) Motion to Vacate, Modify, or Reconsider. Under

Section 2-1203 of the Code of Civil Procedure, the petitioner or any party entitled to notice may file a motion to vacate, modify, or reconsider the order granting or denying the petition to expunge or seal within 60 days of service of the order. (13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or reconsider its terms based on a motion filed under paragraph (12) of this subsection (d).

(14) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to seal, all parties entitled to notice of the petition must fully comply with the terms of the order within 60 days of service of the order even if a party is seeking relief from the order through a motion

(16) The changes to this subsection (d) made by Public Act 98-163 apply to all petitions pending on August 5, 2013 (the effective date of Public Act 98-163) and to all orders ruling on a petition to expunge or seal on or after August 5, 2013 (the effective date of Public Act 98-163).

All records sealed by the Illinois State Police may be disseminated by the Illinois State Police only to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. All records sealed by the Illinois State Police may be disseminated by the Illinois State Police only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Illinois State Police pertaining to that individual. All records sealed by the Illinois State Police may be disseminated by the Illinois State Police only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later

arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all expunged records of the Illinois State Police pertaining to that individual. At the request of the Illinois Department of Corrections, records of the Illinois Department of Employment Security shall be utilized as appropriate to assist in the study. The study shall not disclose any data in a manner that would allow the identification of any particular individual or employing unit. (i) One year or more has elapsed since the date of the arrest or law enforcement interaction documented in the records; and

(ii) No criminal charges were filed relating to the arrest or law enforcement interaction or criminal charges were filed and subsequently

(B) If the law enforcement agency is unable to verify satisfaction of condition (ii) in paragraph (A), records that satisfy condition (i) in paragraph (A) shall be automatically expunged.

(C) Records shall be expunged by the law enforcement agency under the following timelines:

(D) Nothing in this Section shall be construed to

restrict or modify an individual's right to have that individual's records expunged except as otherwise may be provided in this Act, or diminish or abrogate any rights or remedies otherwise available to the individual.

(2) Pardons Authorizing Expungement of Minor Cannabis Offenses.

(A) Upon June 25, 2019 (the effective date of Public Act 101-27), the Department of State Police shall review all criminal history record information and identify all records that meet all of the following criteria:

(i) The Prisoner Review Board shall notify the State's Attorney of the county of conviction of each record identified by State Police in paragraph (2) (A) that is classified as a Class 4 felony. The State's Attorney may provide a written objection to the Prisoner Review Board on the sole basis that the record identified does not meet the criteria established in paragraph (2) (A) . Such an objection must be filed within 60 days or by such later date set by the Prisoner Review Board in the notice after the State's Attorney received notice from the Prisoner Review Board.

(ii) In response to a written objection from a State's Attorney, the Prisoner Review Board is authorized to conduct a non-public hearing to evaluate the information provided in the objection.

the Prisoner Review Board, through the Attorney General, shall file a petition for expungement with the Chief Judge of the circuit or any judge of the circuit designated by the Chief Judge where the individual had been convicted. Such petition may include more than one individual. Whenever an individual who has been convicted of an offense is granted a pardon by the Governor that specifically authorizes expungement, an objection to the petition may not be filed. Petitions to expunge under this subsection (i) may include more than one individual. Within 90 days of the filing of such a petition, the court shall enter an order expunging the records of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Illinois State Police be expunged and the name of the defendant obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which the individual had received a pardon but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Motions to vacate and expunge under this subsection (i) may be filed with the circuit court, Chief Judge of a judicial circuit or any judge of the circuit designated by the Chief Judge. The circuit court clerk shall promptly serve a copy of the motion to vacate and expunge, and any supporting documentation, on the State's Attorney or prosecutor charged with the duty of prosecuting the offense. When considering such a motion to vacate and expunge, a court shall consider the following: the reasons to retain the records provided by law enforcement, the petitioner's age, the petitioner's age at the time of offense, the time since the conviction, and the specific adverse consequences if denied. An individual may file such a petition after the completion of any non-financial sentence or non-financial condition imposed by the conviction. Within 60 days of the filing of such

motion, a State's Attorney may file an objection to such a petition along with supporting evidence. If a motion to vacate and expunge is granted, the records shall be expunged in accordance with subparagraphs (d)(8) and (d)(9)(A) of this Section. An agency providing civil legal aid, as defined by Section 15 of the Public Interest Attorney Assistance Act, assisting individuals seeking to file a motion to vacate and expunge under this subsection may file motions to vacate and expunge with the Chief Judge of a judicial circuit or any judge of the circuit designated by the Chief Judge, and the motion may include more than one individual. (6) If a person is arrested for a Minor Cannabis Offense as defined in this Section before June 25, 2019 (the effective date of Public Act 101-27) and the person's case is still pending but a sentence has not been imposed, the person may petition the court in which the charges are pending for an order to summarily dismiss those charges

against him or her, and expunge all official records of his or her arrest, plea, trial, conviction, incarceration, supervision, or expungement. After sealing records pursuant to this paragraph, the circuit court clerk must provide notice of sealing to the Illinois State Police and to the arresting agency in a form and manner prescribed by the Supreme Court. The circuit clerk shall provide this notice within 30 days of sealing the record and may do so electronically. An order to immediately seal records shall be implemented in conformance with paragraph (8).

(D) Arrests or charges not initiated by arrest resulting in convictions for felony offenses are subject to automatic sealing if 3 years have elapsed since the termination of the sentence associated with the record.

(E) For the purposes of determining if the timelines in this paragraph (5) have been met, the Illinois State Police shall consider records in its possession and, in the absence of disposition or sentence termination records, shall deem sentences terminated based on the sentence or supervision term length information in its possession. In the absence of a known term length of probation or conditional

discharge, the Illinois State Police shall deem a term completed if the maximum probation or conditional discharge term length for the statutory class of the offense has elapsed since the disposition date.

(6) Notice. At least monthly, the circuit court clerk shall provide notice to each arresting agency of all records sealed under this subsection. The circuit court clerk may provide this notice electronically.

(7) Implementation.

(A) Upon notice of sealing provided by the circuit court clerk, the arresting agency and any other agency receiving notice of sealing shall seal the records under the procedures in subsections (a)(1)(K) and (d)(9)(C).

(C) Each circuit court that has sealed a record shall make those records available to the subject of the record, or an attorney representing the subject of the record, without court order within 7 days.

(8) Upon request, the circuit court clerk shall provide disposition information for any record sealed

pursuant to this subsection to the Illinois State Police, the arresting agency, the State's Attorney, or prosecutor that prosecuted the offense. If the Illinois State Police, arresting agency, State's Attorney, or prosecutor that prosecuted the offense determine a record has been improperly sealed pursuant to this subsection, the Illinois State Police, arresting agency, State's Attorney, or prosecutor that prosecuted the offense may file a petition to unseal the record with the court that entered the original record. If the court determines the record was improperly sealed, the court shall enter an order unsealing the record.

(9) Records sealed under this subsection shall be used and disseminated by the Illinois State Police only as required or authorized by a federal or State law, rule, or regulation that requires inquiry into and release of criminal records. The Department of Corrections shall have access to all sealed records of the Illinois State Police pertaining to individuals committed or confined within or sentenced to a term of imprisonment within a correctional institution or facility.

(10) The Illinois State Police shall allow a person to use the access and review process, established by the Illinois State Police, for verifying that the person's records eligible under this subsection have been sealed. As part of the access and review process, upon request,

the Illinois State Police shall provide the subject of the record written confirmation that the record was sealed under this subsection.

The Illinois State Police shall include any records identified as eligible under this process in the next electronic notification of the circuit court in which the case originated. The Illinois State Police shall render a final administrative decision with respect to the record challenge, which shall be subject to administrative appeal procedures established by the Illinois Criminal Justice Information Authority.

(12) Nothing in this Section shall be construed to restrict or modify an individual's right to have that individual's records expunged or sealed except as otherwise may be provided in this Act or diminish or abrogate any rights or remedies otherwise available to the individual.

(13) The State or the county, or an official or employee of the State or the county acting in the course of the official's or employee's duties, is not liable for an

injury or loss a person might receive due to an act or omission of a person in the commission of the person's duties under this Act, except for willful, wanton misconduct or gross negligence on the part of the governmental unit or on the part of the official or employee.

Beginning January 1, 2028, and on January 1 and July 1 of each year thereafter, circuit court clerks shall seal any criminal records of arrests or charges not initiated by arrest resulting in charges or convictions for municipal ordinance violations or Class C misdemeanors if one year has elapsed since the case was closed as designated by the Supreme Court.

The purposes of the grants shall include, but not be limited to, volunteer recruitment and management, training and instruction, infrastructure, and related goods and services, including case management, administration, personal information management, and outcome-tracking tools and software for the purposes of reporting to the Department and for enabling participation in digital government and consumer services programs, for Community Technology Centers and public hospitals, libraries, and park districts. Determinations of communities and determinations of the percentage of students in a community who are eligible for a free or reduced price lunch under the national school lunch program shall be in accordance with rules adopted by the Department.

Any entities that have received a Community Technology Center grant under the federal Community Technology Centers Program are also eligible to apply for grants under this Program.

The Department shall provide assistance to Community Technology Centers in making those determinations for purposes of applying for grants.

Section 255. The Illinois Income Tax Act is amended by changing Sections 211, 304, and 901 as follows:

(35 ILCS 5/211)

Sec. 211. Economic Development for a Growing Economy Tax Credit. For tax years beginning on or after January 1, 1999, a Taxpayer who has entered into an Agreement (including a New Construction EDGE Agreement) under the Economic Development for a Growing Economy Tax Credit Act is entitled to a credit against the taxes imposed under subsections (a) and (b) of Section 201 of this Act in an amount to be determined in the Agreement. If the Taxpayer is a partnership or Subchapter S corporation, the credit shall be allowed to the partners or shareholders in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code. The Department, in cooperation with the Department of Commerce and Economic Opportunity, shall prescribe rules to enforce and administer the provisions of this Section. This Section is exempt from

the provisions of Section 250 of this Act.

The credit shall be subject to the conditions set forth in the Agreement and the following limitations:

(1) The tax credit shall not exceed the Incremental Income Tax (as defined in Section 5-5 of the Economic Development for a Growing Economy Tax Credit Act) with respect to the project; additionally, the New Construction EDGE Credit shall not exceed the New Construction EDGE Incremental Income Tax (as defined in Section 5-5 of the Economic Development for a Growing Economy Tax Credit Act).

(2) The amount of the credit allowed during the tax year plus the sum of all amounts allowed in prior years shall not exceed 100% of the aggregate amount expended by the Taxpayer during all prior tax years on approved costs defined by Agreement.

(3) The amount of the credit shall be determined on an annual basis. Except as applied in a carryover year pursuant to Section 211(4) of this Act, the credit may not be applied against any State income tax liability in more than 10 taxable years; provided, however, that (i) an eligible business certified by the Department of Commerce and Economic Opportunity under the Corporate Headquarters Relocation Act may not apply the credit against any of its State income tax liability in more than 15 taxable years and (ii) credits allowed to that eligible business are

subject to the conditions and requirements set forth in Sections 5-35 and 5-45 of the Economic Development for a Growing Economy Tax Credit Act and Section 5-51 as applicable to New Construction EDGE Credits.

(4) The credit may not exceed the amount of taxes imposed pursuant to subsections (a) and (b) of Section 201 of this Act. Any credit that is unused in the year the credit is computed may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year, except as otherwise provided under paragraph (4.5) of this Section. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one tax year that are available to offset a liability, the earlier credit shall be applied first.

(4.5) The Department of Commerce and Economic Opportunity, in consultation with the Department of Revenue, shall adopt rules to extend the sunset of any earned, existing, or unused credit as provided for in Section 605-1070 ~~605-1055~~ of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

(5) No credit shall be allowed with respect to any Agreement for any taxable year ending after the Noncompliance Date. Upon receiving notification by the Department of Commerce and Economic Opportunity of the

noncompliance of a Taxpayer with an Agreement, the Department shall notify the Taxpayer that no credit is allowed with respect to that Agreement for any taxable year ending after the Noncompliance Date, as stated in such notification. If any credit has been allowed with respect to an Agreement for a taxable year ending after the Noncompliance Date for that Agreement, any refund paid to the Taxpayer for that taxable year shall, to the extent of that credit allowed, be an erroneous refund within the meaning of Section 912 of this Act.

If, during any taxable year, a taxpayer ceases operations at a project location that is the subject of that Agreement with the intent to terminate operations in the State, the tax imposed under subsections (a) and (b) of Section 201 of this Act for such taxable year shall be increased by the amount of any credit allowed under the Agreement for that project location prior to the date the taxpayer ceases operations.

(6) For purposes of this Section, the terms "Agreement", "Incremental Income Tax", "New Construction EDGE Agreement", "New Construction EDGE Credit", "New Construction EDGE Incremental Income Tax", and "Noncompliance Date" have the same meaning as when used in the Economic Development for a Growing Economy Tax Credit Act.

(35 ILCS 5/304) (from Ch. 120, par. 3-304)

Sec. 304. Business income of persons other than residents.

(a) In general. The business income of a person other than a resident shall be allocated to this State if such person's business income is derived solely from this State. If a person other than a resident derives business income from this State and one or more other states, then, for tax years ending on or before December 30, 1998, and except as otherwise provided by this Section, such person's business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the sum of the property factor (if any), the payroll factor (if any) and 200% of the sales factor (if any), and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero. For tax years ending on or after December 31, 1998, and except as otherwise provided by this Section, persons other than residents who derive business income from this State and one or more other states shall compute their apportionment factor by weighting their property, payroll, and sales factors as provided in subsection (h) of this Section.

(1) Property factor.

(A) The property factor is a fraction, the numerator

of which is the average value of the person's real and tangible personal property owned or rented and used in the trade or business in this State during the taxable year and the denominator of which is the average value of all the person's real and tangible personal property owned or rented and used in the trade or business during the taxable year.

(B) Property owned by the person is valued at its original cost. Property rented by the person is valued at 8 times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the person less any annual rental rate received by the person from sub-rentals.

(C) The average value of property shall be determined by averaging the values at the beginning and ending of the taxable year, but the Director may require the averaging of monthly values during the taxable year if reasonably required to reflect properly the average value of the person's property.

(2) Payroll factor.

(A) The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the taxable year by the person for compensation, and the denominator of which is the total compensation paid everywhere during the taxable year.

(B) Compensation is paid in this State if:

(i) The individual's service is performed entirely within this State;

(ii) The individual's service is performed both within and without this State, but the service performed without this State is incidental to the individual's service performed within this State; or

(iii) For tax years ending prior to December 31, 2020, some of the service is performed within this State and either the base of operations, or if there is no base of operations, the place from which the service is directed or controlled is within this State, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State. For tax years ending on or after December 31, 2020, compensation is paid in this State if some of the individual's service is performed within this State, the individual's service performed within this State is nonincidental to the individual's service performed without this State, and the individual's service is performed within this State for more than 30 working days during the tax year. The amount of compensation paid in this State shall include the portion of the individual's total compensation for services performed on behalf of his or her employer during the tax year

which the number of working days spent within this State during the tax year bears to the total number of working days spent both within and without this State during the tax year. For purposes of this paragraph:

(a) The term "working day" means all days during the tax year in which the individual performs duties on behalf of his or her employer. All days in which the individual performs no duties on behalf of his or her employer (e.g., weekends, vacation days, sick days, and holidays) are not working days.

(b) A working day is spent within this State if:

(1) the individual performs service on behalf of the employer and a greater amount of time on that day is spent by the individual performing duties on behalf of the employer within this State, without regard to time spent traveling, than is spent performing duties on behalf of the employer without this State; or

(2) the only service the individual performs on behalf of the employer on that day is traveling to a destination within this State, and the individual arrives on that day.

(c) Working days spent within this State do

not include any day in which the employee is performing services in this State during a disaster period solely in response to a request made to his or her employer by the government of this State, by any political subdivision of this State, or by a person conducting business in this State to perform disaster or emergency-related services in this State. For purposes of this item (c):

"Declared State disaster or emergency" means a disaster or emergency event (i) for which a Governor's proclamation of a state of emergency has been issued or (ii) for which a Presidential declaration of a federal major disaster or emergency has been issued.

"Disaster period" means a period that begins 10 days prior to the date of the Governor's proclamation or the President's declaration (whichever is earlier) and extends for a period of 60 calendar days after the end of the declared disaster or emergency period.

"Disaster or emergency-related services" means repairing, renovating, installing, building, or rendering services or conducting other business activities that relate to infrastructure that has been damaged,

impaired, or destroyed by the declared State disaster or emergency.

"Infrastructure" means property and equipment owned or used by a public utility, communications network, broadband and Internet service provider, cable and video service provider, electric or gas distribution system, or water pipeline that provides service to more than one customer or person, including related support facilities. "Infrastructure" includes, but is not limited to, real and personal property such as buildings, offices, power lines, cable lines, poles, communications lines, pipes, structures, and equipment.

(iv) Compensation paid to nonresident professional athletes.

(a) General. The Illinois source income of a nonresident individual who is a member of a professional athletic team includes the portion of the individual's total compensation for services performed as a member of a professional athletic team during the taxable year which the number of duty days spent within this State performing services for the team in any manner during the taxable year bears to the total number of duty days spent both within and without this

State during the taxable year.

(b) Travel days. Travel days that do not involve either a game, practice, team meeting, or other similar team event are not considered duty days spent in this State. However, such travel days are considered in the total duty days spent both within and without this State.

(c) Definitions. For purposes of this subpart (iv):

(1) The term "professional athletic team" includes, but is not limited to, any professional baseball, basketball, football, soccer, or hockey team.

(2) The term "member of a professional athletic team" includes those employees who are active players, players on the disabled list, and any other persons required to travel and who travel with and perform services on behalf of a professional athletic team on a regular basis. This includes, but is not limited to, coaches, managers, and trainers.

(3) Except as provided in items (C) and (D) of this subpart (3), the term "duty days" means all days during the taxable year from the beginning of the professional athletic team's official pre-season training period through the last game

in which the team competes or is scheduled to compete. Duty days shall be counted for the year in which they occur, including where a team's official pre-season training period through the last game in which the team competes or is scheduled to compete, occurs during more than one tax year.

(A) Duty days shall also include days on which a member of a professional athletic team performs service for a team on a date that does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional "caravans"). Performing a service for a professional athletic team includes conducting training and rehabilitation activities, when such activities are conducted at team facilities.

(B) Also included in duty days are game days, practice days, days spent at team meetings, promotional caravans, preseason training camps, and days served with the team through all post-season games in which the team competes or is scheduled to compete.

(C) Duty days for any person who joins a team during the period from the beginning of

the professional athletic team's official pre-season training period through the last game in which the team competes, or is scheduled to compete, shall begin on the day that person joins the team. Conversely, duty days for any person who leaves a team during this period shall end on the day that person leaves the team. Where a person switches teams during a taxable year, a separate duty-day calculation shall be made for the period the person was with each team.

(D) Days for which a member of a professional athletic team is not compensated and is not performing services for the team in any manner, including days when such member of a professional athletic team has been suspended without pay and prohibited from performing any services for the team, shall not be treated as duty days.

(E) Days for which a member of a professional athletic team is on the disabled list and does not conduct rehabilitation activities at facilities of the team, and is not otherwise performing services for the team in Illinois, shall not be considered duty days spent in this State. All days on the disabled

list, however, are considered to be included in total duty days spent both within and without this State.

(4) The term "total compensation for services performed as a member of a professional athletic team" means the total compensation received during the taxable year for services performed:

(A) from the beginning of the official pre-season training period through the last game in which the team competes or is scheduled to compete during that taxable year; and

(B) during the taxable year on a date which does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional caravans).

This compensation shall include, but is not limited to, salaries, wages, bonuses as described in this subpart, and any other type of compensation paid during the taxable year to a member of a professional athletic team for services performed in that year. This compensation does not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or relocation payments, or any

other payments not related to services performed for the team.

For purposes of this subparagraph, "bonuses" included in "total compensation for services performed as a member of a professional athletic team" subject to the allocation described in Section 302(c)(1) are: bonuses earned as a result of play (i.e., performance bonuses) during the season, including bonuses paid for championship, playoff or "bowl" games played by a team, or for selection to all-star league or other honorary positions; and bonuses paid for signing a contract, unless the payment of the signing bonus is not conditional upon the signee playing any games for the team or performing any subsequent services for the team or even making the team, the signing bonus is payable separately from the salary and any other compensation, and the signing bonus is nonrefundable.

(3) Sales factor.

(A) The sales factor is a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the total sales of the person everywhere during the taxable year.

(B) Sales of tangible personal property are in this

State if:

(i) The property is delivered or shipped to a purchaser, other than the United States government, within this State regardless of the f. o. b. point or other conditions of the sale; or

(ii) The property is shipped from an office, store, warehouse, factory or other place of storage in this State and either the purchaser is the United States government or the person is not taxable in the state of the purchaser; provided, however, that premises owned or leased by a person who has independently contracted with the seller for the printing of newspapers, periodicals or books shall not be deemed to be an office, store, warehouse, factory or other place of storage for purposes of this Section. Sales of tangible personal property are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that either the seller or purchaser is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale.

(B-1) Patents, copyrights, trademarks, and similar items of intangible personal property.

(i) Gross receipts from the licensing, sale, or other disposition of a patent, copyright, trademark,

or similar item of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), are in this State to the extent the item is utilized in this State during the year the gross receipts are included in gross income.

(ii) Place of utilization.

(I) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If a patent is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts of the licensee or purchaser from sales or leases of items produced, fabricated, manufactured, or processed within that state using the patent and of patented items produced within that state, divided by the total of such gross receipts for all states in which the patent is utilized.

(II) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If a copyright is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts from sales or

licenses of materials printed or published in that state divided by the total of such gross receipts for all states in which the copyright is utilized.

(III) Trademarks and other items of intangible personal property governed by this paragraph (B-1) are utilized in the state in which the commercial domicile of the licensee or purchaser is located.

(iii) If the state of utilization of an item of property governed by this paragraph (B-1) cannot be determined from the taxpayer's books and records or from the books and records of any person related to the taxpayer within the meaning of Section 267(b) of the Internal Revenue Code, 26 U.S.C. 267, the gross receipts attributable to that item shall be excluded from both the numerator and the denominator of the sales factor.

(B-2) Gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), may be included in the numerator or denominator of the sales factor only if gross receipts from licenses, sales, or other disposition of such items comprise more than 50% of the taxpayer's total gross receipts included in gross income during the tax year and during each of the 2 immediately preceding tax years; provided that, when a

taxpayer is a member of a unitary business group, such determination shall be made on the basis of the gross receipts of the entire unitary business group.

(B-5) For taxable years ending on or after December 31, 2008, except as provided in subsections (ii) through (vii), receipts from the sale of telecommunications service or mobile telecommunications service are in this State if the customer's service address is in this State.

(i) For purposes of this subparagraph (B-5), the following terms have the following meanings:

"Ancillary services" means services that are associated with or incidental to the provision of "telecommunications services", including, but not limited to, "detailed telecommunications billing", "directory assistance", "vertical service", and "voice mail services".

"Air-to-Ground Radiotelephone service" means a radio service, as that term is defined in 47 CFR 22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.

"Call-by-call Basis" means any method of charging for telecommunications services where the price is measured by individual calls.

"Communications Channel" means a physical or virtual path of communications over which signals are

transmitted between or among customer channel termination points.

"Conference bridging service" means an "ancillary service" that links two or more participants of an audio or video conference call and may include the provision of a telephone number. "Conference bridging service" does not include the "telecommunications services" used to reach the conference bridge.

"Customer Channel Termination Point" means the location where the customer either inputs or receives the communications.

"Detailed telecommunications billing service" means an "ancillary service" of separately stating information pertaining to individual calls on a customer's billing statement.

"Directory assistance" means an "ancillary service" of providing telephone number information, and/or address information.

"Home service provider" means the facilities based carrier or reseller with which the customer contracts for the provision of mobile telecommunications services.

"Mobile telecommunications service" means commercial mobile radio service, as defined in Section 20.3 of Title 47 of the Code of Federal Regulations as in effect on June 1, 1999.

"Place of primary use" means the street address representative of where the customer's use of the telecommunications service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications services, "place of primary use" must be within the licensed service area of the home service provider.

"Post-paid telecommunication service" means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card, or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A post-paid calling service includes telecommunications service, except a prepaid wireless calling service, that would be a prepaid calling service except it is not exclusively a telecommunication service.

"Prepaid telecommunication service" means the right to access exclusively telecommunications services, which must be paid for in advance and which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in

predetermined units or dollars of which the number declines with use in a known amount.

"Prepaid Mobile telecommunication service" means a telecommunications service that provides the right to utilize mobile wireless service as well as other non-telecommunication services, including, but not limited to, ancillary services, which must be paid for in advance that is sold in predetermined units or dollars of which the number declines with use in a known amount.

"Service address" means:

(a) The location of the telecommunications equipment to which a customer's call is charged and from which the call originates or terminates, regardless of where the call is billed or paid;

(b) If the location in line (a) is not known, service address means the origination point of the

signal of the telecommunications services first identified by either the seller's telecommunications system or in information received by the seller from its service provider where the system used to transport such signals is not that of the seller; and

(c) If the locations in line (a) and line (b) are not known, the service address means the location of the customer's place of primary use.

"Telecommunications service" means the electronic transmission, conveyance, or routing of voice, data, audio, video, or any other information or signals to a point, or between or among points. The term "telecommunications service" includes such transmission, conveyance, or routing in which computer processing applications are used to act on the form, code or protocol of the content for purposes of transmission, conveyance or routing without regard to whether such service is referred to as voice over Internet protocol services or is classified by the Federal Communications Commission as enhanced or value added. "Telecommunications service" does not include:

(a) Data processing and information services that allow data to be generated, acquired, stored, processed, or retrieved and delivered by an electronic transmission to a purchaser when such

purchaser's primary purpose for the underlying transaction is the processed data or information;

(h) "Ancillary services"; or

(i) Digital products "delivered electronically", including, but not limited to, software, music, video, reading materials or ringtones.

"Vertical service" means an "ancillary service" that is offered in connection with one or more "telecommunications services", which offers advanced calling features that allow customers to identify callers and to manage multiple calls and call connections, including "conference bridging services".

"Voice mail service" means an "ancillary service" that enables the customer to store, send or receive recorded messages. "Voice mail service" does not include any "vertical services" that the customer may be required to have in order to utilize the "voice mail service".

(ii) Receipts from the sale of telecommunications service sold on an individual call-by-call basis are in this State if either of the following applies:

(a) The call both originates and terminates in this State.

(b) The call either originates or terminates in this State and the service address is located in this State.

(iii) Receipts from the sale of postpaid telecommunications service at retail are in this State if the origination point of the telecommunication signal, as first identified by the service provider's telecommunication system or as identified by information received by the seller from its service

provider if the system used to transport telecommunication signals is not the seller's, is located in this State.

(iv) Receipts from the sale of prepaid telecommunications service or prepaid mobile telecommunications service at retail are in this State if the purchaser obtains the prepaid card or similar means of conveyance at a location in this State. Receipts from recharging a prepaid telecommunications service or mobile telecommunications service is in this State if the purchaser's billing information indicates a location in this State.

(v) Receipts from the sale of private communication services are in this State as follows:

(b) 100% of receipts from charges for the total channel mileage between each channel termination point in this State.

(c) 50% of the total receipts from charges for service segments when those segments are between 2 customer channel termination points, 1 of which is located in this State and the other is located outside of this State, which segments are separately charged.

(d) The receipts from charges for service

segments with a channel termination point located in this State and in two or more other states, and which segments are not separately billed, are in this State based on a percentage determined by dividing the number of customer channel termination points in this State by the total number of customer channel termination points.

(vi) Receipts from charges for ancillary services for telecommunications service sold to customers at retail are in this State if the customer's primary place of use of telecommunications services associated with those ancillary services is in this State. If the seller of those ancillary services cannot determine where the associated telecommunications are located, then the ancillary services shall be based on the location of the purchaser.

(vii) Receipts to access a carrier's network or from the sale of telecommunication services or ancillary services for resale are in this State as follows:

(a) 100% of the receipts from access fees attributable to intrastate telecommunications service that both originates and terminates in this State.

(b) 50% of the receipts from access fees attributable to interstate telecommunications

service if the interstate call either originates or terminates in this State.

(d) Gross receipts from sales of telecommunication services or from ancillary services for telecommunications services sold to other telecommunication service providers for resale shall be sourced to this State using the apportionment concepts used for non-resale receipts of telecommunications services if the information is readily available to make that determination. If the information is not readily available, then the taxpayer may use any other reasonable and consistent method.

(B-7) For taxable years ending on or after December 31, 2008, receipts from the sale of broadcasting services are in this State if the broadcasting services are received in this State. For purposes of this paragraph (B-7), the following terms have the following meanings:

"Advertising revenue" means consideration received

by the taxpayer in exchange for broadcasting services or allowing the broadcasting of commercials or announcements in connection with the broadcasting of film or radio programming, from sponsorships of the programming, or from product placements in the programming.

"Audience factor" means the ratio that the audience or subscribers located in this State of a station, a network, or a cable system bears to the total audience or total subscribers for that station, network, or cable system. The audience factor for film or radio programming shall be determined by reference to the books and records of the taxpayer or by reference to published rating statistics provided the method used by the taxpayer is consistently used from year to year for this purpose and fairly represents the taxpayer's activity in this State.

"Broadcast" or "broadcasting" or "broadcasting services" means the transmission or provision of film or radio programming, whether through the public airwaves, by cable, by direct or indirect satellite transmission, or by any other means of communication, either through a station, a network, or a cable system.

"Film" or "film programming" means the broadcast on television of any and all performances, events, or

productions, including, but not limited to, news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of video tape, disc, or any other type of format or medium. Each episode of a series of films produced for television shall constitute a separate "film" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

"Radio" or "radio programming" means the broadcast on radio of any and all performances, events, or productions, including, but not limited to, news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of an audio tape, disc, or any other format or medium. Each episode in a series of radio programming produced for radio broadcast shall constitute a separate "radio programming" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

(i) In the case of advertising revenue from broadcasting, the customer is the advertiser and the service is received in this State if the commercial domicile of the advertiser is in this State.

(ii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration received from the recipient of the broadcast, the portion of the service that is received in this State is measured by the portion of the recipients of the broadcast located in this State. Accordingly, the fee or other remuneration for such service that is included in the Illinois numerator of the sales factor is the total of those fees or other remuneration received from recipients in Illinois. For purposes of this paragraph, a taxpayer may determine the location of the recipients of its broadcast using the address of the recipient shown in its contracts with the recipient or using the billing address of the recipient in the taxpayer's records.

(iii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration from the person providing the programming, the portion of the broadcast service that is received by such station, network, or cable system in this State is measured by the portion of recipients of the broadcast located in this State. Accordingly, the amount of revenue related to such an

arrangement that is included in the Illinois numerator of the sales factor is the total fee or other total remuneration from the person providing the programming related to that broadcast multiplied by the Illinois audience factor for that broadcast.

(iv) In the case where film or radio programming is provided by a taxpayer that is a network or station to a customer for broadcast in exchange for a fee or other remuneration from that customer the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(v) In the case where film or radio programming is provided by a taxpayer that is not a network or station to another person for broadcasting in exchange for a fee or other remuneration from that person, the broadcasting service is received at the location of the office of the customer from which the services were

ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(B-8) Gross receipts from winnings under the Illinois Lottery Law from the assignment of a prize under Section 13.1 of the Illinois Lottery Law are received in this State. This paragraph (B-8) applies only to taxable years ending on or after December 31, 2013.

(B-9) For taxable years ending on or after December 31, 2019, gross receipts from winnings from pari-mutuel wagering conducted at a wagering facility licensed under the Illinois Horse Racing Act of 1975 or from winnings from gambling games conducted on a riverboat or in a casino or organization gaming facility licensed under the Illinois Gambling Act are in this State.

(B-10) For taxable years ending on or after December 31, 2021, gross receipts from winnings from sports wagering conducted in accordance with the Sports Wagering Act are in this State.

(C) For taxable years ending before December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), (B-2), and (B-8) are in this State if:

(i) The income-producing activity is performed in

this State; or

(ii) The income-producing activity is performed both within and without this State and a greater proportion of the income-producing activity is performed within this State than without this State, based on performance costs.

(C-5) For taxable years ending on or after December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), (B-2), (B-5), and (B-7), are in this State if any of the following criteria are met:

(i) Sales from the sale or lease of real property are in this State if the property is located in this State.

(ii) Sales from the lease or rental of tangible personal property are in this State if the property is located in this State during the rental period. Sales from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are in this State to the extent that the property is used in this State.

(iii) In the case of interest, net gains (but not less than zero) and other items of income from intangible personal property, the sale is in this State if:

(a) in the case of a taxpayer who is a dealer in the item of intangible personal property within the meaning of Section 475 of the Internal Revenue Code, the income or gain is received from a customer in this State. For purposes of this subparagraph, a customer is in this State if the customer is an individual, trust or estate who is a resident of this State and, for all other customers, if the customer's commercial domicile is in this State. Unless the dealer has actual knowledge of the residence or commercial domicile of a customer during a taxable year, the customer shall be deemed to be a customer in this State if the billing address of the customer, as shown in the records of the dealer, is in this State;

(a-5) in the case of the sale or exchange of shares in a Subchapter S corporation or an interest in a partnership, other than an investment partnership as defined in paragraph (11.5) of subsection (a) of Section 1501, the Subchapter S corporation or partnership was taxable in this State; for purposes of this subparagraph, the amount attributable to this State shall be determined in proportion to the average of the pass-through entity's Illinois apportionment factor computed under this Section

in the year of the sale or exchange and the 2 tax years immediately preceding the year of the sale or exchange; if the pass-through entity was not in existence during both of the preceding 2 years, then only the years in which the pass-through entity was in existence shall be considered when computing the average; or

(b) in all other cases, if the income-producing activity of the taxpayer is performed in this State or, if the income-producing activity of the taxpayer is performed both within and without this State, if a greater proportion of the income-producing activity of the taxpayer is performed within this State than in any other state, based on performance costs.

(iv) Sales of services are in this State if the services are received in this State. For the purposes of this section, gross receipts from the performance of services provided to a corporation, partnership, or trust may only be attributed to a state where that corporation, partnership, or trust has a fixed place of business. If the state where the services are received is not readily determinable or is a state where the corporation, partnership, or trust receiving the service does not have a fixed place of business,

the services shall be deemed to be received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the services shall be deemed to be received at the office of the customer to which the services are billed. If the taxpayer is not taxable in the state in which the services are received, the sale must be excluded from both the numerator and the denominator of the sales factor. The Department shall adopt rules prescribing where specific types of service are received, including, but not limited to, publishing, and utility service.

(D) For taxable years ending on or after December 31, 1995, the following items of income shall not be included in the numerator or denominator of the sales factor: dividends; amounts included under Section 78 of the Internal Revenue Code; and Subpart F income as defined in Section 952 of the Internal Revenue Code. No inference shall be drawn from the enactment of this paragraph (D) in construing this Section for taxable years ending before December 31, 1995.

(E) Paragraphs (B-1) and (B-2) shall apply to tax years ending on or after December 31, 1999, provided that a taxpayer may elect to apply the provisions of these paragraphs to prior tax years. Such election shall be made

in the form and manner prescribed by the Department, shall be irrevocable, and shall apply to all tax years; provided that, if a taxpayer's Illinois income tax liability for any tax year, as assessed under Section 903 prior to January 1, 1999, was computed in a manner contrary to the provisions of paragraphs (B-1) or (B-2), no refund shall be payable to the taxpayer for that tax year to the extent such refund is the result of applying the provisions of paragraph (B-1) or (B-2) retroactively. In the case of a unitary business group, such election shall apply to all members of such group for every tax year such group is in existence, but shall not apply to any taxpayer for any period during which that taxpayer is not a member of such group.

(b) Insurance companies.

(1) In general. Except as otherwise provided by paragraph (2), business income of an insurance company for a taxable year shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the direct premiums written for insurance upon property or risk in this State, and the denominator of which is the direct premiums written for insurance upon property or risk everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct premiums written, assessments and annuity considerations as reported for the taxable year on

the annual statement filed by the company with the Illinois Director of Insurance in the form approved by the National Convention of Insurance Commissioners or such other form as may be prescribed in lieu thereof.

(2) Reinsurance. If the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the business income of such company shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the sum of (i) direct premiums written for insurance upon property or risk in this State, plus (ii) premiums written for reinsurance accepted in respect of property or risk in this State, and the denominator of which is the sum of (iii) direct premiums written for insurance upon property or risk everywhere, plus (iv) premiums written for reinsurance accepted in respect of property or risk everywhere. For purposes of this paragraph, premiums written for reinsurance accepted in respect of property or risk in this State, whether or not otherwise determinable, may, at the election of the company, be determined on the basis of the proportion which premiums written for reinsurance accepted from companies commercially domiciled in Illinois bears to premiums written for reinsurance accepted from all sources, or, alternatively, in the proportion which the sum of the direct premiums written for insurance upon property or risk in this State by each

ceding company from which reinsurance is accepted bears to the sum of the total direct premiums written by each such ceding company for the taxable year. The election made by a company under this paragraph for its first taxable year ending on or after December 31, 2011, shall be binding for that company for that taxable year and for all subsequent taxable years, and may be altered only with the written permission of the Department, which shall not be unreasonably withheld.

(c) Financial organizations.

(1) In general. For taxable years ending before December 31, 2008, business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For the purposes of this subsection, the business income of a financial organization from sources within this State is the sum of the amounts referred to in subparagraphs (A) through (E) following, but excluding the adjusted income of an international banking facility as determined in paragraph (2):

(A) Fees, commissions or other compensation for financial services rendered within this State;

(B) Gross profits from trading in stocks, bonds or other securities managed within this State;

(C) Dividends, and interest from Illinois customers, which are received within this State;

(D) Interest charged to customers at places of business maintained within this State for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts; and

(E) Any other gross income resulting from the operation as a financial organization within this State.

In computing the amounts referred to in paragraphs (A) through (E) of this subsection, any amount received by a member of an affiliated group (determined under Section 1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an "includible corporation" under Section 1504(b) of the Internal Revenue Code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

(2) International Banking Facility. For taxable years ending before December 31, 2008:

(A) Adjusted Income. The adjusted income of an international banking facility is its income reduced by the amount of the floor amount.

(B) Floor Amount. The floor amount shall be the amount, if any, determined by multiplying the income of the international banking facility by a fraction,

not greater than one, which is determined as follows:

(i) The numerator shall be:

The average aggregate, determined on a quarterly basis, of the financial organization's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, as reported for its branches, agencies and offices within the state on its "Consolidated Report of Condition", Schedule A, Lines 2.c., 5.b., and 7.a., which was filed with the Federal Deposit Insurance Corporation and other regulatory authorities, for the year 1980, minus

The average aggregate, determined on a quarterly basis, of such loans (other than loans of an international banking facility), as reported by the financial institution for its branches, agencies and offices within the state, on the corresponding Schedule and lines of the Consolidated Report of Condition for the current taxable year, provided, however, that in no case shall the amount determined in this clause (the subtrahend) exceed the amount determined in the preceding clause (the minuend); and

(ii) the denominator shall be the average aggregate, determined on a quarterly basis, of the international banking facility's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, which were recorded in its financial accounts for the current taxable year.

(C) Change to Consolidated Report of Condition and in Qualification. In the event the Consolidated Report of Condition which is filed with the Federal Deposit Insurance Corporation and other regulatory authorities is altered so that the information required for determining the floor amount is not found on Schedule A, lines 2.c., 5.b. and 7.a., the financial institution shall notify the Department and the Department may, by regulations or otherwise, prescribe or authorize the use of an alternative source for such information. The financial institution shall also notify the Department should its international banking facility fail to qualify as such, in whole or in part, or should there be any amendment or change to the Consolidated Report of Condition, as originally filed, to the extent such amendment or change alters the information used in determining the floor amount.

(3) For taxable years ending on or after December 31,

2008, the business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its gross receipts from sources in this State or otherwise attributable to this State's marketplace and the denominator of which is its gross receipts everywhere during the taxable year. "Gross receipts" for purposes of this subparagraph (3) means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the financial organization's trade or business. The following examples are illustrative:

(i) Receipts from the lease or rental of real or tangible personal property are in this State if the property is located in this State during the rental period. Receipts from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are from sources in this State to the extent that the property is used in this State.

(ii) Interest income, commissions, fees, gains on disposition, and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property are from sources

in this State if the security is located in this State.

(iii) Interest income, commissions, fees, gains on disposition, and other receipts from consumer loans that are not secured by real or tangible personal property are from sources in this State if the debtor is a resident of this State.

(iv) Interest income, commissions, fees, gains on disposition, and other receipts from commercial loans and installment obligations that are not secured by real or tangible personal property are from sources in this State if the proceeds of the loan are to be applied in this State. If it cannot be determined where the funds are to be applied, the income and receipts are from sources in this State if the office of the borrower from which the loan was negotiated in the regular course of business is located in this State. If the location of this office cannot be determined, the income and receipts shall be excluded from the numerator and denominator of the sales factor.

(v) Interest income, fees, gains on disposition, service charges, merchant discount income, and other receipts from credit card receivables are from sources in this State if the card charges are regularly billed to a customer in this State.

(vi) Receipts from the performance of services,

including, but not limited to, fiduciary, advisory, and brokerage services, are in this State if the services are received in this State within the meaning of subparagraph (a) (3) (C-5) (iv) of this Section.

(vii) Receipts from the issuance of travelers checks and money orders are from sources in this State if the checks and money orders are issued from a location within this State.

(viii) For tax years ending before December 31, 2024, receipts from investment assets and activities and trading assets and activities are included in the receipts factor as follows:

(1) Interest, dividends, net gains (but not less than zero) and other income from investment assets and activities from trading assets and activities shall be included in the receipts factor. Investment assets and activities and trading assets and activities include, but are not limited to: investment securities; trading account assets; federal funds; securities purchased and sold under agreements to resell or repurchase; options; futures contracts; forward contracts; notional principal contracts such as swaps; equities; and foreign currency transactions. With respect to the investment and trading assets and activities described in subparagraphs (A) and (B)

of this paragraph, the receipts factor shall include the amounts described in such subparagraphs.

(A) The receipts factor shall include the amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements.

(B) The receipts factor shall include the amount by which interest, dividends, gains and other income from trading assets and activities, including, but not limited to, assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from such assets and activities.

(2) The numerator of the receipts factor includes interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and from trading assets and activities described in paragraph (1) of this subsection that are attributable to this State.

(A) The amount of interest, dividends, net gains (but not less than zero), and other

income from investment assets and activities in the investment account to be attributed to this State and included in the numerator is determined by multiplying all such income from such assets and activities by a fraction, the numerator of which is the gross income from such assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(B) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (A) of paragraph (1) of this subsection from such funds and such securities by a fraction, the numerator of which is the gross income from such funds and such securities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such funds and such securities.

(C) The amount of interest, dividends, gains, and other income from trading assets and activities, including, but not limited to, assets and activities in the matched book, in the arbitrage book and foreign currency transactions (but excluding amounts described in subparagraphs (A) or (B) of this paragraph), attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (B) of paragraph (1) of this subsection by a fraction, the numerator of which is the gross income from such trading assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(D) Properly assigned, for purposes of this paragraph (2) of this subsection, means the investment or trading asset or activity is assigned to the fixed place of business with which it has a preponderance of substantive contacts. An investment or trading asset or activity assigned by the taxpayer to a fixed place of business without the State shall be

presumed to have been properly assigned if:

(i) the taxpayer has assigned, in the regular course of its business, such asset or activity on its records to a fixed place of business consistent with federal or state regulatory requirements;

(ii) such assignment on its records is based upon substantive contacts of the asset or activity to such fixed place of business; and

(iii) the taxpayer uses such records reflecting assignment of such assets or activities for the filing of all state and local tax returns for which an assignment of such assets or activities to a fixed place of business is required.

(E) The presumption of proper assignment of an investment or trading asset or activity provided in subparagraph (D) of paragraph (2) of this subsection may be rebutted upon a showing by the Department, supported by a preponderance of the evidence, that the preponderance of substantive contacts regarding such asset or activity did not occur at the fixed place of business to which it was assigned on the taxpayer's records. If the

fixed place of business that has a preponderance of substantive contacts cannot be determined for an investment or trading asset or activity to which the presumption in subparagraph (D) of paragraph (2) of this subsection does not apply or with respect to which that presumption has been rebutted, that asset or activity is properly assigned to the state in which the taxpayer's commercial domicile is located. For purposes of this subparagraph (E), it shall be presumed, subject to rebuttal, that taxpayer's commercial domicile is in the state of the United States or the District of Columbia to which the greatest number of employees are regularly connected with the management of the investment or trading income or out of which they are working, irrespective of where the services of such employees are performed, as of the last day of the taxable year.

(ix) For tax years ending on or after December 31, 2024, receipts from investment assets and activities and trading assets and activities are included in the receipts factor as follows:

(1) Interest, dividends, net gains (but not less than zero), and other income from investment

assets and activities from trading assets and activities shall be included in the receipts factor. Investment assets and activities and trading assets and activities include, but are not limited to the following: investment securities; trading account assets; federal funds; securities purchased and sold under agreements to resell or repurchase; options; futures contracts; forward contracts; notional principal contracts, such as swaps; equities; and foreign currency transactions. With respect to the investment and trading assets and activities described in subparagraphs (A) and (B) of this paragraph, the receipts factor shall include the amounts described in those subparagraphs.

(A) The receipts factor shall include the amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements.

(B) The receipts factor shall include the amount by which interest, dividends, gains and other income from trading assets and activities, including, but not limited to, assets and activities in the matched book, in

the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from such assets and activities.

(2) The numerator of the receipts factor includes interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and from trading assets and activities described in paragraph (1) of this subsection that are attributable to this State.

(A) The amount of interest, dividends, net gains (but not less than zero), and other income from investment assets and activities in the investment account to be attributed to this State and included in the numerator is determined by multiplying all of the income from those assets and activities by a fraction, the numerator of which is the total receipts included in the numerator pursuant to items (i) through (vii) of this subparagraph (3) and the denominator of which is all total receipts included in the denominator, other than interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and trading assets and activities.

(B) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (A) of paragraph (1) of this subsection from such funds and such securities by a fraction, the numerator of which is the total receipts included in the numerator pursuant to items (i) through (vii) of this subparagraph (3) and the denominator of which is all total receipts included in the denominator, other than interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and trading assets and activities.

(C) The amount of interest, dividends, gains, and other income from trading assets and activities, including, but not limited to, assets and activities in the matched book, in the arbitrage book and foreign currency transactions (but excluding amounts described in subparagraphs (A) or (B) of this paragraph), attributable to this State and

included in the numerator is determined by multiplying the amount described in subparagraph (B) of paragraph (1) of this subsection by a fraction, the numerator of which is the total receipts included in the numerator pursuant to items (i) through (vii) of this subparagraph (3) and the denominator of which is all total receipts included in the denominator, other than interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and trading assets and activities.

(4) (Blank).

(5) (Blank).

(c-1) Federally regulated exchanges. For taxable years ending on or after December 31, 2012, business income of a federally regulated exchange shall, at the option of the federally regulated exchange, be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For purposes of this subsection, the business income within this State of a federally regulated exchange is the sum of the following:

(1) Receipts attributable to transactions executed on a physical trading floor if that physical trading floor is

located in this State.

(2) Receipts attributable to all other matching, execution, or clearing transactions, including without limitation receipts from the provision of matching, execution, or clearing services to another entity, multiplied by (i) for taxable years ending on or after December 31, 2012 but before December 31, 2013, 63.77%; and (ii) for taxable years ending on or after December 31, 2013, 27.54%.

(3) All other receipts not governed by subparagraphs (1) or (2) of this subsection (c-1), to the extent the receipts would be characterized as "sales in this State" under item (3) of subsection (a) of this Section.

"Federally regulated exchange" means (i) a "registered entity" within the meaning of 7 U.S.C. Section 1a(40) (A), (B), or (C), (ii) an "exchange" or "clearing agency" within the meaning of 15 U.S.C. Section 78c (a) (1) or (23), (iii) any such entities regulated under any successor regulatory structure to the foregoing, and (iv) all taxpayers who are members of the same unitary business group as a federally regulated exchange, determined without regard to the prohibition in Section 1501(a) (27) of this Act against including in a unitary business group taxpayers who are ordinarily required to apportion business income under different subsections of this Section; provided that this subparagraph (iv) shall apply only if 50% or more of the business receipts of the unitary business

group determined by application of this subparagraph (iv) for the taxable year are attributable to the matching, execution, or clearing of transactions conducted by an entity described in subparagraph (i), (ii), or (iii) of this paragraph.

In no event shall the Illinois apportionment percentage computed in accordance with this subsection (c-1) for any taxpayer for any tax year be less than the Illinois apportionment percentage computed under this subsection (c-1) for that taxpayer for the first full tax year ending on or after December 31, 2013 for which this subsection (c-1) applied to the taxpayer.

(d) Transportation services. For taxable years ending before December 31, 2008, business income derived from furnishing transportation services shall be apportioned to this State in accordance with paragraphs (1) and (2):

(1) Such business income (other than that derived from transportation by pipeline) shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of 1 passenger or 1 net ton of freight the distance of 1 mile for a consideration. Where a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of

an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's

(A) relative railway operating income from total passenger and total freight service, as reported to the Interstate Commerce Commission, in the case of transportation by railroad, and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(2) Such business income derived from transportation by pipeline shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For the purposes of this paragraph, a revenue mile is the transportation by pipeline of 1 barrel of oil, 1,000 cubic feet of gas, or of any specified quantity of any other substance, the distance of 1 mile for a consideration.

(3) For taxable years ending on or after December 31, 2008, business income derived from providing transportation services other than airline services shall be apportioned to this State by using a fraction, (a) the numerator of which shall be (i) all receipts from any movement or shipment of people, goods, mail, oil, gas, or

any other substance (other than by airline) that both originates and terminates in this State, plus (ii) that portion of the person's gross receipts from movements or shipments of people, goods, mail, oil, gas, or any other substance (other than by airline) that originates in one state or jurisdiction and terminates in another state or jurisdiction, that is determined by the ratio that the miles traveled in this State bears to total miles everywhere and (b) the denominator of which shall be all revenue derived from the movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline). Where a taxpayer is engaged in the transportation of both passengers and freight, the fraction above referred to shall first be determined separately for passenger miles and freight miles. Then an average of the passenger miles fraction and the freight miles fraction shall be weighted to reflect the taxpayer's:

(A) relative railway operating income from total passenger and total freight service, as reported to the Surface Transportation Board, in the case of transportation by railroad; and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(4) For taxable years ending on or after December 31,

2008, business income derived from furnishing airline transportation services shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of one passenger or one net ton of freight the distance of one mile for a consideration. If a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's relative gross receipts from passenger and freight airline transportation.

(e) Combined apportionment. Where 2 or more persons are engaged in a unitary business as described in subsection (a)(27) of Section 1501, a part of which is conducted in this State by one or more members of the group, the business income attributable to this State by any such member or members shall be apportioned by means of the combined apportionment method. For purposes of applying this Section, for tax years ending on or after December 31, 2025, sales of each member of the unitary business group, as defined in paragraph (27) of subsection (a) of Section 1501, who is not a taxpayer, as defined in paragraph (24) of subsection (a) Section 1501, shall be determined based

upon the apportionment rules applicable to the member and shall be aggregated. Each taxpayer member of the unitary business group shall include in its sales factor numerator a portion of the aggregate Illinois sales of non-taxpayer members based on a ratio, the numerator of which is that taxpayer member's Illinois sales taking into account its applicable sales factor provisions, and the denominator of which is the aggregate Illinois sales of all the taxpayer members of the group taking into account their respective sales factor provisions. In addition, if inclusion of sales in the sales factor or numerator of the sales factor depends on whether a taxpayer is considered taxable in another state within the meaning of subsection (f) of Section 303, that taxpayer shall be considered taxable in any state in which any member of its unitary business group is considered taxable under subsection (f) of Section 303.

(f) Alternative allocation. If the allocation and apportionment provisions of subsections (a) through (e) and of subsection (h) do not, for taxable years ending before December 31, 2008, fairly represent the extent of a person's business activity in this State, or, for taxable years ending on or after December 31, 2008, fairly represent the market for the person's goods, services, or other sources of business income, the person may petition for, or the Director may, without a petition, permit or require, in respect of all or any part of the person's business activity, if reasonable:

- (1) Separate accounting;
 - (2) The exclusion of any one or more factors;
 - (3) The inclusion of one or more additional factors which will fairly represent the person's business activities or market in this State; or
 - (4) The employment of any other method to effectuate an equitable allocation and apportionment of the person's business income.
- (g) Cross-reference. For allocation of business income by residents, see Section 301(a).
- (h) For tax years ending on or after December 31, 1998, the apportionment factor of persons who apportion their business income to this State under subsection (a) shall be equal to:
- (1) for tax years ending on or after December 31, 1998 and before December 31, 1999, $16 \frac{2}{3}\%$ of the property factor plus $16 \frac{2}{3}\%$ of the payroll factor plus $66 \frac{2}{3}\%$ of the sales factor;
 - (2) for tax years ending on or after December 31, 1999 and before December 31, 2000, $8 \frac{1}{3}\%$ of the property factor plus $8 \frac{1}{3}\%$ of the payroll factor plus $83 \frac{1}{3}\%$ of the sales factor;
 - (3) for tax years ending on or after December 31, 2000, the sales factor.
- If, in any tax year ending on or after December 31, 1998 and before December 31, 2000, the denominator of the payroll, property, or sales factor is zero, the apportionment factor

computed in paragraph (1) or (2) of this subsection for that year shall be divided by an amount equal to 100% minus the percentage weight given to each factor whose denominator is equal to zero.

(35 ILCS 10/5-5)

Sec. 5-5. Definitions. As used in this Act:

"Agreement" means the Agreement between a Taxpayer and the Department under the provisions of Section 5-50 of this Act.

"Applicant" means a Taxpayer that is operating a business located or that the Taxpayer plans to locate within the State of Illinois and that is engaged in interstate or intrastate commerce for the purpose of manufacturing, processing, assembling, warehousing, or distributing products, conducting research and development, providing tourism services, or providing services in interstate commerce, office industries, or agricultural processing, but excluding retail, retail food, health, professional services, and services delivered to business customer sites. "Applicant" does not include a Taxpayer who closes or substantially reduces an operation at one location in the State and relocates substantially the same operation to another location in the State. This does not prohibit a Taxpayer from expanding its operations at another location in the State, provided that existing operations of a similar nature located within the State are not closed or substantially reduced. This also does not prohibit a Taxpayer from moving its operations from one location in the State to another location in the State for the purpose of expanding the operation provided that the Department determines that expansion cannot reasonably be accommodated within the municipality in which the business is located, or in the case of a business located in an incorporated area of the county, within the county in which the business is located, after

conferring with the chief elected official of the municipality or county and taking into consideration any evidence offered by the municipality or county regarding the ability to accommodate expansion within the municipality or county.

"Credit" means the amount agreed to between the Department and Applicant under this Act, but not to exceed the lesser of: (1) the sum of (i) 50% of the Incremental Income Tax attributable to New Employees at the Applicant's project and (ii) 10% of the training costs of New Employees; or (2) 100% of the Incremental Income Tax attributable to New Employees at the Applicant's project. However, if the project is located in an underserved area, then the amount of the Credit may not exceed the lesser of: (1) the sum of (i) 75% of the Incremental Income Tax attributable to New Employees at the Applicant's project and (ii) 10% of the training costs of New Employees; or (2) 100% of the Incremental Income Tax attributable to New Employees at the Applicant's project. If the project is not located in an underserved area and the Applicant agrees to hire the required number of New Employees, then the maximum amount of the Credit for that Applicant may be increased by an amount not to exceed 25% of the Incremental Income Tax attributable to retained employees at the Applicant's project. If the project is located in an underserved area and the Applicant agrees to hire the required number of New Employees, then the maximum amount of the credit for that Applicant may be increased by an amount not to exceed 50% of the Incremental

Income Tax attributable to retained employees at the Applicant's project.

"Department" means the Department of Commerce and Economic Opportunity.

"Director" means the Director of Commerce and Economic Opportunity.

"Full-time Employee" means an individual who is employed for consideration for at least 35 hours each week or who renders any other standard of service generally accepted by industry custom or practice as full-time employment. An individual for whom a W-2 is issued by a Professional Employer Organization (PEO) is a full-time employee if employed in the service of the Applicant for consideration for at least 35 hours each week or who renders any other standard of service generally accepted by industry custom or practice as full-time employment to Applicant. The employee need not be physically present at the EDGE project location during the entire full-time workweek; however, the agreement shall set forth a minimum number of hours during which the employee is scheduled to be present at the EDGE project location.

"Incremental Income Tax" means the total amount withheld during the taxable year from the compensation of New Employees and, if applicable, retained employees under Article 7 of the Illinois Income Tax Act arising from employment at a project that is the subject of an Agreement.

"New Construction EDGE Agreement" means the Agreement

"Eligible qualifying hydrogen use" means the use, in Illinois, of qualifying hydrogen, except for the use of qualifying hydrogen in the following sectors or for the following purposes:

(1) the use of qualifying hydrogen in all vehicles powered by combustion engines or in vehicles in classes 1, 2, 3, 4, 5, and 6 in the 8-category Gross Vehicle Weight Rating (GVWR) classification system, where Class 1 includes vehicles with a GVWR of less than 6,000 pounds ~~(lbs)~~; Class 2 includes vehicles with a GVWR of 6,001 to 10,000 pounds ~~lbs~~; Class 3 includes vehicles with a GVWR of 10,001 to 14,000 pounds ~~lbs~~; Class 4 includes vehicles with a GVWR of 14,001 to 16,000 pounds ~~lbs~~; Class 5

"Environmental attribute credit" means a renewable energy credit, zero-emission credit, or carbon mitigation credit, as those terms are defined in Sections 1-10 and 1-75 of the Illinois Power Agency Act, or any other environmental attribute credit tracked by the Generation Attribute Tracking System administered by PJM Interconnection, LLC.

"Equity investment eligible community" has the meaning provided in Section 5-5 of the Energy Transition Act.

"Qualifying hydrogen" means hydrogen that (i) receives 100% of the tax credit available under 26 U.S.C. 45V and (ii) meets the requirements of Section 27 of this Act. If any of the requirements of 26 U.S.C. 45V ~~45v~~ conflict with any of the requirements of Section 27, then the relevant requirement of

Section 27 shall govern for purposes of determining eligibility for the allowable credit established under this Act.

"Regional grid" means the territory served by a specific regional transmission organization.

"Regional transmission organization" means PJM Interconnection, LLC; Midcontinent Independent System Operator; or any other entity charged with regional real-time balancing of electricity generation and load.

(35 ILCS 55/36)

Sec. 36. Analysis of hydrogen production and utilization.

(a) No later than April 1, 2028, the Illinois Environmental Protection Agency, in consultation with the Department, the Illinois Power Agency, the Illinois Commerce Commission, and other State agencies, as needed, shall publish a report analyzing the greenhouse gas and copollutant emissions impacts of hydrogen production and utilization in the State from January 1, 2026 through December 31, 2027. The report shall separately measure each of the following:

(1) life-cycle greenhouse gas and copollutant emission impacts of producing qualifying hydrogen;

(2) life-cycle greenhouse gas and copollutant emission impacts of eligible qualifying hydrogen use for which an eligible taxpayer receives a credit under this Act;

(3) any greenhouse gas and copollutant emissions avoided by eligible use of qualifying hydrogen, such as by displacing diesel in long-haul, heavy-duty trucking and displacing hydrogen created using fossil fuel feedstock or through electrolysis powered by fossil fuel-generated ~~fossil fuel generated~~ electricity, where avoidance can be determined with reasonable certainty; and

(4) economic activity and jobs attributable to investments in qualifying hydrogen production and eligible qualifying hydrogen use in the State across sectors.

The report shall also include the following separate provisions:

(1) an analysis of opportunities to increase the production of qualifying hydrogen from electrolysis that is powered entirely by electricity generated from qualified renewable energy resources in the State;

(2) a comparison of the cost of qualifying hydrogen to the cost of hydrogen produced from fossil fuels;

(3) an analysis of whether energy sources other than hydrogen are available alternatives for qualified uses, and if so, whether those alternatives would achieve greater emissions reductions, economic savings, or both;

(4) an analysis of the efficacy of this tax credit at

incentivizing the transition of industries with eligible uses to use clean hydrogen as a means of decarbonization;

(5) an analysis of Illinois' competitiveness in the clean hydrogen economy relative to other states; this analysis shall include, but not be limited to, a review of the Department of Energy's Hydrogen Hub awards, other states' incentives for clean hydrogen, the amount of eligible use of clean hydrogen in Illinois relative to other states, and the amount of production of clean hydrogen in Illinois relative to other states; this analysis should also recommend policy changes the State can make to be more competitive with other states in the clean hydrogen economy to the extent that such competitiveness is consistent with the State's emissions reductions goals and is economically beneficial;

(6) an analysis of areas where clean hydrogen use, clean energy use, or both can increase emissions reduction, and policy measures the State can take to incentivize those uses, including, but not limited to, an extension of this tax credit and changes to the total annual amount of this tax credit; and

(7) an analysis of the expected arc of production, relative costs of different methods of hydrogen production, relative costs and emissions reductions benefits of clean energy produced by other methods, including renewables, for eligible and other uses to help

right-size the total tax credit amount.

The Illinois Environmental Protection Agency may consider application and attestation information provided by eligible taxpayers pursuant to this Act and any other data it deems relevant.

Data relied upon for the report and methods of measurement shall be identified in the report and be made publicly available in easily accessible, machine-readable format.

The Illinois Environmental Protection Agency shall determine and state in its report the impact of the production of qualifying hydrogen and eligible qualifying hydrogen uses receiving a tax credit pursuant to this Act on greenhouse gas and copollutant emissions.

(b) A draft of the report shall be made available for public comment no less than 30 days prior to its final publication. The final report and comments received shall be made publicly available in both English and Spanish, and copies of the final report shall be filed with the General Assembly and the Governor.

Section 275. The Service Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 110/9)

(Text of Section before amendment by P.A. 104-457)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request. Beginning with returns due on or after January 1, 2025, the vendor's discount allowed in this Section, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Use Tax Act, including any local tax administered by the Department and reported on the same return, shall not exceed \$1,000 per month in the aggregate. When determining the discount allowed under this Section, servicemen shall include the amount of tax that would have been due at the 1% rate but for the 0% rate imposed under Public Act 102-700. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return

is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. The return shall include the gross receipts which were received during the preceding calendar month or quarter on the following items upon which tax would have been due but for the 0% rate imposed under Public Act 102-700: (i) food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption); and (ii) food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the Assisted Living and Shared

Housing Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969, or an entity that holds a permit issued pursuant to the Life Care Facilities Act. The return shall also include the amount of tax that would have been due on the items listed in the previous sentence but for the 0% rate imposed under Public Act 102-700.

In the case of leases, except as otherwise provided in this Act, the lessor, in collecting the tax, may collect for each tax return period only the tax applicable to that part of the selling price actually received during such tax return period.

On and after January 1, 2018, with respect to servicemen whose annual gross receipts average \$20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first 2 ~~two~~ months of each calendar quarter, on or before the twentieth day of the following calendar month,

stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

Each serviceman required or authorized to collect the tax imposed by this Act on aviation fuel transferred as an incident of a sale of service in this State during the preceding calendar month shall, instead of reporting and paying tax on aviation fuel as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, servicemen collecting tax on aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic

means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, servicemen subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities

under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May, and June of a given year being due by July 20 of such year; with the return for July, August, and September of a given year being due by October 20 of such year, and with the return for October, November, and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than one month after

discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax, or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file

returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State treasury, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than (i) tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government and (ii) aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month

from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuel Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually

by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed \$18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit \$500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case

may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build

Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited into ~~in~~ the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the

pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

The Department shall only deposit moneys into the Aviation Fuel Sales Tax Refund Fund under this paragraph for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

entity and completion of the civic build, beginning on July 1, 2023, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, the Department shall deposit the following specified deposits in the aggregate from collections under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, as required under Section 8.25g of the State Finance Act for distribution consistent with the Public-Private Partnership for Civic and Transit Infrastructure Project Act. As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request. Beginning with returns due on or after January 1, 2025, the vendor's discount allowed in this Section, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Use Tax Act, including any local tax administered by the Department and reported on the same return, shall not exceed \$1,000 per month in the aggregate. When determining the discount allowed under this Section, servicemen shall include the amount of tax that would have been due at the 1% rate but

for the 0% rate imposed under Public Act 102-700. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. The return shall include the gross receipts which were received during the preceding calendar month or quarter on the following items upon which tax would have been due but for the 0% rate imposed under Public Act 102-700: (i) food for human

consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption); and (ii) food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the Assisted Living and Shared Housing Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969, or an entity that holds a permit issued pursuant to the Life Care Facilities Act. The return shall also include the amount of tax that would have been due on the items listed in the previous sentence but for the 0% rate imposed under Public Act 102-700.

In the case of leases, except as otherwise provided in this Act, the lessor, in collecting the tax, may collect for each tax return period only the tax applicable to that part of the selling price actually received during such tax return period.

On and after January 1, 2018, with respect to servicemen whose annual gross receipts average \$20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the

electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first 2 ~~two~~ months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

Each serviceman required or authorized to collect the tax imposed by this Act on aviation fuel transferred as an incident of a sale of service in this State during the

preceding calendar month shall, instead of reporting and paying tax on aviation fuel as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, servicemen collecting tax on aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, servicemen subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by

electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer

with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May, and June of a given year being due by July 20 of such year; with the return for July, August, and September of a given year being due by October 20 of such year, and with the return for October, November, and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and

substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax, or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State treasury, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than (i) tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or

registered by an agency of this State's government and (ii) aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuel Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had

been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed \$18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit \$500,000 into the State Crime Laboratory Fund.

Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso

result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited into ~~in~~ the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the

Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

(35 ILCS 200/15-172)

Sec. 15-172. Low-Income Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Low-Income Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was a single-family ~~single-family~~ residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a

temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Persons with Disabilities Property Tax Relief Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means

a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:

- (1) \$35,000 prior to taxable year 1999;
- (2) \$40,000 in taxable years 1999 through 2003;
- (3) \$45,000 in taxable years 2004 through 2005;
- (4) \$50,000 in taxable years 2006 and 2007;
- (5) \$55,000 in taxable years 2008 through 2016;
- (6) for taxable year 2017, (i) \$65,000 for qualified property located in a county with 3,000,000 or more inhabitants and (ii) \$55,000 for qualified property located in a county with fewer than 3,000,000 inhabitants;
- (7) for taxable years 2018 through 2025, \$65,000 for all qualified property;
- (8) for taxable year 2026, \$75,000 for all qualified property;
- (9) for taxable year 2027, \$77,000 for all qualified property; and
- (10) for taxable years 2028 and thereafter, \$79,000 for all qualified property.

As an alternative income valuation, a homeowner who is enrolled in any of the following programs may be presumed to have household income that does not exceed the maximum income limitation for that tax year as required by this Section: Aid to the Aged, Blind or Disabled (AABD) Program or the Supplemental Nutrition Assistance Program (SNAP), both of

which are administered by the Department of Human Services; the Low Income Home Energy Assistance Program (LIHEAP), which is administered by the Department of Commerce and Economic Opportunity; The Benefit Access program, which is administered by the Department on Aging; and the Senior Citizens Real Estate Tax Deferral Program.

A chief county assessment officer may indicate that he or she has verified an applicant's income eligibility for this exemption but may not report which program or programs, if any, enroll the applicant. Release of personal information submitted pursuant to this Section shall be deemed an unwarranted invasion of personal privacy under the Freedom of Information Act.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a low-income senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single-family ~~single-family~~ residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the exemption for all taxable years is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. In all other counties, the amount of the exemption is as follows: (i) through taxable year 2005 and for taxable year 2007 and thereafter, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year

for which application is made minus the base amount; and (ii) for taxable year 2006, the amount of the exemption is as follows:

(1) For an applicant who has a household income of \$45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

(2) For an applicant who has a household income exceeding \$45,000 but not exceeding \$46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.

(3) For an applicant who has a household income exceeding \$46,250 but not exceeding \$47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

(4) For an applicant who has a household income exceeding \$47,500 but not exceeding \$48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.

(5) For an applicant who has a household income exceeding \$48,750 but not exceeding \$50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is

made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative

association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the

exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department

shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 2012. The applications shall be clearly marked as applications for the Low-Income Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the

Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice registered nurse, or physician assistant stating the nature and extent of the condition, that, in the physician's, advanced practice registered nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice registered nurse, or physician assistant stating the nature and extent of the condition, and that, in the physician's, advanced practice registered nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to ensure ~~insure~~ that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax

liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

Notwithstanding any other provision of law, for taxable year 2017 and thereafter, in counties of 3,000,000 or more inhabitants, the amount of the exemption shall be the greater of (i) the amount of the exemption otherwise calculated under this Section or (ii) \$2,000.

(c-5) Notwithstanding any other provision of law, each chief county assessment officer may approve this exemption for the 2020 taxable year, without application, for any property that was approved for this exemption for the 2019 taxable year, provided that:

(1) the county board has declared a local disaster as provided in the Illinois Emergency Management Agency Act related to the COVID-19 public health emergency;

(2) the owner of record of the property as of January 1, 2020 is the same as the owner of record of the property as of January 1, 2019;

(3) the exemption for the 2019 taxable year has not been determined to be an erroneous exemption as defined by this Code; and

(4) the applicant for the 2019 taxable year has not asked for the exemption to be removed for the 2019 or 2020 taxable years.

Nothing in this subsection shall preclude or impair the authority of a chief county assessment officer to conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption as provided elsewhere in this Section.

(c-10) Notwithstanding any other provision of law, each chief county assessment officer may approve this exemption for the 2021 taxable year, without application, for any property that was approved for this exemption for the 2020 taxable

year, if:

(1) the county board has declared a local disaster as provided in the Illinois Emergency Management Agency Act related to the COVID-19 public health emergency;

(2) the owner of record of the property as of January 1, 2021 is the same as the owner of record of the property as of January 1, 2020;

(3) the exemption for the 2020 taxable year has not been determined to be an erroneous exemption as defined by this Code; and

(4) the taxpayer for the 2020 taxable year has not asked for the exemption to be removed for the 2020 or 2021 taxable years.

Nothing in this subsection shall preclude or impair the authority of a chief county assessment officer to conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption as provided elsewhere in this Section.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(35 ILCS 200/18-190)

Sec. 18-190. Direct referendum; new rate or increased limiting rate.

(a) If a new rate is authorized by statute to be imposed without referendum or is subject to a backdoor referendum, as defined in Section 28-2 of the Election Code, the governing body of the affected taxing district before levying the new rate shall submit the new rate to direct referendum under the provisions of this Section and of Article 28 of the Election Code. Notwithstanding any other provision of law, the levies authorized by Sections 21-110 and 21-110.1 of the Illinois Pension Code shall not be considered new rates; however, nothing in Public Act 98-1088 ~~this amendatory Act of the 98th General Assembly~~ authorizes a taxing district to increase its limiting rate or its aggregate extension without first obtaining referendum approval as provided in this Section. Notwithstanding any other provision of law, the levy authorized by Section 18-17 is considered part of the annual corporate extension for the taxing district and is not considered a new rate. Notwithstanding the provisions, requirements, or limitations of any other law, any tax levied

for the 2005 levy year and all subsequent levy years by any taxing district subject to this Law may be extended at a rate exceeding the rate established for that tax by referendum or statute, provided that the rate does not exceed the statutory ceiling above which the tax is not authorized to be further increased either by referendum or in any other manner. Notwithstanding the provisions, requirements, or limitations of any other law, all taxing districts subject to this Law shall follow the provisions of this Section whenever seeking referenda approval after March 21, 2006 to (i) levy a new tax rate authorized by statute or (ii) increase the limiting rate applicable to the taxing district. All taxing districts subject to this Law are authorized to seek referendum approval of each proposition described and set forth in this Section.

The proposition seeking to obtain referendum approval to levy a new tax rate as authorized in clause (i) shall be in substantially the following form:

Shall ... (insert legal name, number, if any, and county or counties of taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be authorized to levy a new tax for ... purposes and have an additional tax of ...% of the equalized assessed value of the taxable property therein extended for such purposes?

The votes must be recorded as "Yes" or "No".

The proposition seeking to obtain referendum approval to

increase the limiting rate as authorized in clause (ii) shall be in substantially the following form:

Shall the limiting rate under the Property Tax Extension Limitation Law for ... (insert legal name, number, if any, and county or counties of taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be increased by an additional amount equal to ...% above the limiting rate for the purpose of...(insert purpose) for levy year ... (insert the most recent levy year for which the limiting rate of the taxing district is known at the time the submission of the proposition is initiated by the taxing district) and be equal to ...% of the equalized assessed value of the taxable property therein for levy year(s) (insert each levy year for which the increase will be applicable, which years must be consecutive and may not exceed 4)?

The votes must be recorded as "Yes" or "No".

The ballot for any proposition submitted pursuant to this Section shall have printed thereon, but not as a part of the proposition submitted, only the following supplemental information (which shall be supplied to the election authority by the taxing district) in substantially the following form:

(1) The approximate amount of taxes extendable at the most recently extended limiting rate is \$..., and the approximate amount of taxes extendable if the proposition

is approved is \$....

(2) For the ... (insert the first levy year for which the new rate or increased limiting rate will be applicable) levy year the approximate amount of the additional tax extendable against property containing a single family residence and having a fair market value at the time of the referendum of \$100,000 is estimated to be \$....

(3) Based upon an average annual percentage increase (or decrease) in the market value of such property of ...% ~~%...~~ (insert percentage equal to the average annual percentage increase or decrease for the prior 3 levy years, at the time the submission of the proposition is initiated by the taxing district, in the amount of (A) the equalized assessed value of the taxable property in the taxing district less (B) the new property included in the equalized assessed value), the approximate amount of the additional tax extendable against such property for the ... levy year is estimated to be \$... and for the ... levy year is estimated to be \$....

(4) If the proposition is approved, the aggregate extension for ... (insert each levy year for which the increase will apply) will be determined by the limiting rate set forth in the proposition, rather than the otherwise applicable limiting rate calculated under the provisions of the Property Tax Extension Limitation Law

(commonly known as the Property Tax Cap Law).

The approximate amount of taxes extendable shown in paragraph (1) shall be computed upon the last known equalized assessed value of taxable property in the taxing district (at the time the submission of the proposition is initiated by the taxing district). Paragraph (3) shall be included only if the increased limiting rate will be applicable for more than one levy year and shall list each levy year for which the increased limiting rate will be applicable. The additional tax shown for each levy year shall be the approximate dollar amount of the increase over the amount of the most recently completed extension at the time the submission of the proposition is initiated by the taxing district. The approximate amount of the additional taxes extendable shown in paragraphs (2) and (3) shall be calculated by multiplying \$100,000 (the fair market value of the property without regard to any property tax exemptions) by (i) the percentage level of assessment prescribed for that property by statute, or by ordinance of the county board in counties that classify property for purposes of taxation in accordance with Section 4 of Article IX of the Illinois Constitution; (ii) the most recent final equalization factor certified to the county clerk by the Department of Revenue at the time the taxing district initiates the submission of the proposition to the electors; and (iii) either the new rate or the amount by which the limiting rate is to be increased. Public Act 97-1087 ~~This~~

~~amendatory Act of the 97th General Assembly~~ is intended to clarify the existing requirements of this Section, and shall not be construed to validate any prior non-compliant referendum language. Paragraph (4) shall be included if the proposition concerns a limiting rate increase but shall not be included if the proposition concerns a new rate. Any notice required to be published in connection with the submission of the proposition shall also contain this supplemental information and shall not contain any other supplemental information regarding the proposition. Any error, miscalculation, or inaccuracy in computing any amount set forth on the ballot and in the notice that is not deliberate shall not invalidate or affect the validity of any proposition approved. Notice of the referendum shall be published and posted as otherwise required by law, and the submission of the proposition shall be initiated as provided by law.

If a majority of all ballots cast on the proposition are in favor of the proposition, the following provisions shall be applicable to the extension of taxes for the taxing district:

(A) a new tax rate shall be first effective for the levy year in which the new rate is approved;

(B) if the proposition provides for a new tax rate, the taxing district is authorized to levy a tax after the canvass of the results of the referendum by the election authority for the purposes for which the tax is authorized;

(C) a limiting rate increase shall be first effective for the levy year in which the limiting rate increase is approved, provided that the taxing district may elect to have a limiting rate increase be effective for the levy year prior to the levy year in which the limiting rate increase is approved unless the extension of taxes for the prior levy year occurs 30 days or less after the canvass of the results of the referendum by the election authority in any county in which the taxing district is located;

(D) in order for the limiting rate increase to be first effective for the levy year prior to the levy year of the referendum, the taxing district must certify its election to have the limiting rate increase be effective for the prior levy year to the clerk of each county in which the taxing district is located not more than 2 days after the date the results of the referendum are canvassed by the election authority; and

(E) if the proposition provides for a limiting rate increase, the increase may be effective regardless of whether the proposition is approved before or after the taxing district adopts or files its levy for any levy year.

Rates required to extend taxes on levies subject to a backdoor referendum in each year there is a levy are not new rates or rate increases under this Section if a levy has been made for the fund in one or more of the preceding 3 levy years.

Changes made by Public Act 89-718 ~~this amendatory Act of 1997~~ to this Section in reference to rates required to extend taxes on levies subject to a backdoor referendum in each year there is a levy are declarative of existing law and not a new enactment.

(b) Whenever other applicable law authorizes a taxing district subject to the limitation with respect to its aggregate extension provided for in this Law to issue bonds or other obligations either without referendum or subject to backdoor referendum, the taxing district may elect for each separate bond issuance to submit the question of the issuance of the bonds or obligations directly to the voters of the taxing district, and if the referendum passes the taxing district is not required to comply with any backdoor referendum procedures or requirements set forth in the other applicable law. The direct referendum shall be initiated by ordinance or resolution of the governing body of the taxing district, and the question shall be certified to the proper election authorities in accordance with the provisions of the Election Code.

Section 295. The Motor Fuel Tax Law is amended by changing Sections 13 and 16 as follows:

(35 ILCS 505/13)

Sec. 13. Refund of tax paid. Any person other than a distributor who loses motor fuel through any cause or uses motor fuel (upon which he has paid the amount required to be collected under Section 2 of this Act) for any purpose other than operating a motor vehicle upon the public highways or waters, shall be reimbursed and repaid the amount so paid.

Any person who purchases motor fuel in Illinois and uses that motor fuel in another state and that other state imposes a tax on the use of such motor fuel shall be reimbursed and repaid the amount of Illinois tax paid under Section 2 of this Act on the motor fuel used in such other state. Reimbursement and repayment shall be made by the Department upon receipt of adequate proof of taxes directly paid to another state and the amount of motor fuel used in that state.

Claims based in whole or in part on taxes paid to another state shall include (i) a certified copy of the tax return filed with such other state by the claimant; (ii) a copy of either the cancelled check paying the tax due on such return, or a receipt acknowledging payment of the tax due on such tax return; and (iii) such other information as the Department may reasonably require. This paragraph shall not apply to taxes paid on returns filed under Section 13a.3 of this Act.

Any person who purchases motor fuel use tax decals as required by Section 13a.4 and pays an amount of fees for such decals that exceeds the amount due shall be reimbursed and repaid the amount of the decal fees that are deemed by the department to be in excess of the amount due. Alternatively, any person who purchases motor fuel use tax decals as required by Section 13a.4 may credit any excess decal payment verified by the Department against amounts subsequently due for the purchase of additional decals, until such time as no excess payment remains.

Claims for such reimbursement must be made to the Department of Revenue, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim must state such facts relating to the purchase, importation, manufacture or production of the motor fuel by the claimant as the Department may deem necessary, and the time when, and the circumstances of its loss or the specific purpose for which it was used (as the case may be), together with such other information as the Department may reasonably require. No claim based upon idle time shall be allowed. Claims for reimbursement for overpayment of decal fees shall be made to the Department of Revenue, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim shall state facts relating to the overpayment of decal fees, together with such other information as the Department may reasonably require. Claims for reimbursement of overpayment of decal fees paid on or after January 1, 2011 must be filed not later than one year after the date on which the fees were paid by the claimant. If it is determined that the Department should reimburse a claimant for overpayment of decal fees, the Department shall first apply the amount of such refund against any tax or penalty or interest due by the claimant under Section 13a of

this Act.

Claims for full reimbursement for taxes paid on or before December 31, 1999 must be filed not later than one year after the date on which the tax was paid by the claimant. If, however, a claim for such reimbursement otherwise meeting the requirements of this Section is filed more than one year but less than 2 years after that date, the claimant shall be reimbursed at the rate of 80% of the amount to which he would have been entitled if his claim had been timely filed.

Claims for full reimbursement for taxes paid on or after January 1, 2000 must be filed not later than 2 years after the date on which the tax was paid by the claimant.

The Department may make such investigation of the correctness of the facts stated in such claims as it deems necessary. When the Department has approved any such claim, it shall pay to the claimant (or to the claimant's legal representative, as such if the claimant has died or become a person under legal disability) the reimbursement provided in this Section, out of any moneys appropriated to it for that purpose.

Any distributor who has paid the tax imposed by Section 2 of this Act upon motor fuel lost or used by such distributor for any purpose other than operating a motor vehicle upon the public highways or waters may file a claim for credit or refund to recover the amount so paid. Such claims shall be filed on forms prescribed by the Department. Such claims shall be made

to the Department, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim shall state such facts relating to the purchase, importation, manufacture or production of the motor fuel by the claimant as the Department may deem necessary and the time when the loss or nontaxable use occurred, and the circumstances of its loss or the specific purpose for which it was used (as the case may be), together with such other information as the Department may reasonably require. Claims must be filed not later than one year after the date on which the tax was paid by the claimant.

The Department may make such investigation of the correctness of the facts stated in such claims as it deems necessary. When the Department approves a claim, the Department shall issue a refund or credit memorandum, as requested by the taxpayer, to the distributor who made the payment for which the refund or credit is being given or, if the distributor has died or become incompetent, to such distributor's legal representative, as such. The amount of such credit memorandum shall be credited against any tax due or to become due under this Act from the distributor who made the payment for which credit has been given.

Any credit or refund that is allowed under this Section shall bear interest at the rate and in the manner specified in the Uniform Penalty and Interest Act.

In case the distributor requests and the Department determines that the claimant is entitled to a refund, such refund shall be made only from such appropriation as may be available for that purpose. If it appears unlikely that the amount appropriated would permit everyone having a claim allowed during the period covered by such appropriation to elect to receive a cash refund, the Department, by rule or regulation, shall provide for the payment of refunds in hardship cases and shall define what types of cases qualify as hardship cases.

In any case in which there has been an erroneous refund of tax or fees payable under this Section, a notice of tax liability may be issued at any time within 3 years from the making of that refund, or within 5 years from the making of that refund if it appears that any part of the refund was induced by fraud or the misrepresentation of material fact. The amount of any proposed assessment set forth by the Department shall be limited to the amount of the erroneous refund.

If no tax is due and no proceeding is pending to determine whether such distributor is indebted to the Department for tax, the credit memorandum so issued may be assigned and set over by the lawful holder thereof, subject to reasonable rules of the Department, to any other licensed distributor who is subject to this Act, and the amount thereof applied by the Department against any tax due or to become due under this Act

from such assignee.

If the payment for which the distributor's claim is filed is held in the protest fund of the State treasury ~~Treasury~~ during the pendency of the claim for credit proceedings pursuant to the order of the court in accordance with Section 2a of the State Officers and Employees Money Disposition Act and if it is determined by the Department or by the final order of a reviewing court under the Administrative Review Law that the claimant is entitled to all or a part of the credit claimed, the claimant, instead of receiving a credit memorandum from the Department, shall receive a cash refund from the protest fund as provided for in Section 2a of the State Officers and Employees Money Disposition Act.

If any person ceases to be licensed as a distributor while still holding an unused credit memorandum issued under this Act, such person may, at his election (instead of assigning the credit memorandum to a licensed distributor under this Act), surrender such unused credit memorandum to the Department and receive a refund of the amount to which such person is entitled.

For claims based upon taxes paid on or before December 31, 2000, a claim based upon the use of undyed diesel fuel shall not be allowed except (i) if allowed under the following paragraph or (ii) for undyed diesel fuel used by a commercial vehicle, as that term is defined in Section 1-111.8 of the Illinois Vehicle Code, for any purpose other than operating

the commercial vehicle upon the public highways and unlicensed commercial vehicles operating on private property. Claims shall be limited to commercial vehicles that are operated for both highway purposes and any purposes other than operating such vehicles upon the public highways.

For claims based upon taxes paid on or after January 1, 2000, a claim based upon the use of undyed diesel fuel shall not be allowed except (i) if allowed under the preceding paragraph or (ii) for claims for the following:

(1) Undyed diesel fuel used (i) in a manufacturing process, as defined in Section 2-45 of the Retailers' Occupation Tax Act, wherein the undyed diesel fuel becomes a component part of a product or by-product, other than fuel or motor fuel, when the use of dyed diesel fuel in that manufacturing process results in a product that is unsuitable for its intended use or (ii) for testing machinery and equipment in a manufacturing process, as defined in Section 2-45 of the Retailers' Occupation Tax Act, wherein the testing takes place on private property.

(2) Undyed diesel fuel used by a manufacturer on private property in the research and development, as defined in Section 1.29, of machinery or equipment intended for manufacture.

(3) Undyed diesel fuel used by a single unit self-propelled agricultural fertilizer implement, designed for on-road ~~on~~ and off-road ~~off-road~~ use,

equipped with flotation tires and specially adapted for the application of plant food materials or agricultural chemicals.

(4) Undyed diesel fuel used by a commercial motor vehicle for any purpose other than operating the commercial motor vehicle upon the public highways. Claims shall be limited to commercial motor vehicles that are operated for both highway purposes and any purposes other than operating such vehicles upon the public highways.

(5) Undyed diesel fuel used by a unit of local government in its operation of an airport if the undyed diesel fuel is used directly in airport operations on airport property.

(6) Undyed diesel fuel used by refrigeration units that are permanently mounted to a semitrailer, as defined in Section 1.28 of this Law, wherein the refrigeration units have a fuel supply system dedicated solely for the operation of the refrigeration units.

(7) Undyed diesel fuel used by power take-off equipment as defined in Section 1.27 of this Law.

(8) Beginning on August 22, 2005 (the effective date of Public Act 94-654) ~~this amendatory Act of the 94th General Assembly,~~ undyed diesel fuel used by tugs and spotter equipment to shift vehicles or parcels on both private and airport property. Any claim under this item (8) may be made only by a claimant that owns tugs and

spotter equipment and operates that equipment on both private and airport property. The aggregate of all credits or refunds resulting from claims filed under this item (8) by a claimant in any calendar year may not exceed \$100,000. A claim may not be made under this item (8) by the same claimant more often than once each quarter. For the purposes of this item (8), "tug" means a vehicle designed for use on airport property that shifts custom-designed containers of parcels from loading docks to aircraft, and "spotter equipment" means a vehicle designed for use on both private and airport property that shifts trailers containing parcels between staging areas and loading docks.

Any person who has paid the tax imposed by Section 2 of this Law upon undyed diesel fuel that is unintentionally mixed with dyed diesel fuel and who owns or controls the mixture of undyed diesel fuel and dyed diesel fuel may file a claim for refund to recover the amount paid. The amount of undyed diesel fuel unintentionally mixed must equal 500 gallons or more. Any claim for refund of unintentionally mixed undyed diesel fuel and dyed diesel fuel shall be supported by documentation showing the date and location of the unintentional mixing, the number of gallons involved, the disposition of the mixed diesel fuel, and any other information that the Department may reasonably require. Any unintentional mixture of undyed diesel fuel and dyed diesel fuel shall be sold or used only for

non-highway purposes.

The Department shall promulgate regulations establishing specific limits on the amount of undyed diesel fuel that may be claimed for refund.

For purposes of claims for refund, "loss" means the reduction of motor fuel resulting from fire, theft, spillage, spoilage, leakage, or any other provable cause, but does not include a reduction resulting from evaporation, or shrinkage due to temperature variations. In the case of losses due to fire or theft, the claimant must include fire department or police department reports and any other documentation that the Department may require.

For purposes of claims for refund, "any purpose other than operating a motor vehicle upon the public highways" refers to the specific purpose for which the motor vehicle was used and does not refer to the specific location where the motor fuel was used. Incidental use of motor fuel on private roads or private highways in the operation of a motor vehicle does not constitute a "purpose other than operating a motor vehicle upon the public highways" and does not form a basis for a claim under this Section. The provisions of this amendatory Act of the 104th General Assembly are declaratory of existing law as to the meaning and scope of this claim for refund.

Sec. 16. The Department may, after 5 days' notice, revoke the distributor's or receiver's license or permit of any person (1) who does not operate as a distributor or receiver ~~(a)~~ under Section ~~Sections~~ 1.2 or 1.20, (2) who violates any provision of this Act or any rule or regulation promulgated by the Department under Section 14 of this Act, or (3) who refuses to allow any inspection or test authorized by this Law.

Any person whose returns for 2 or more consecutive months do not show sufficient taxable sales to indicate an active business as a distributor or receiver shall be deemed to not be operating as a distributor or receiver as defined in Section ~~Sections~~ 1.2 or 1.20.

The Department may, after 5 days' ~~days~~ notice, revoke any distributor's or receiver's license of a person who is registered as a reseller of motor fuel pursuant to Section 2a or 2c of the Retailers' Occupation Tax Act and who fails to collect such prepaid tax on invoiced gallons of motor fuel sold or who fails to deliver a statement of tax paid to the purchaser or to the Department as required by Sections 2d and 2e of the Retailers' Occupation Tax Act.

The Department may, on notice given by registered mail, cancel a Blender's Permit for any violation of any provisions of this Act or for noncompliance with any rule or regulation made by the Department under Section 14 of this Act.

The Department, upon complaint filed in the circuit court, may, by injunction, restrain any person who fails or refuses to comply with the provisions of this Act from acting as a blender or distributor of motor fuel or as a receiver of fuel in this State.

The Department may revoke the motor fuel use tax license of a motor carrier registered under Section 13a.4, or that is required to be registered under the terms of the International Fuel Tax Agreement, that violates any provision of this Act or any rule promulgated by the Department under Section ~~Sections~~ 14 or 14a of this Act. Motor fuel use tax licenses that have been revoked are subject to a \$100 reinstatement fee.

Licensees registered or required to be registered under Section 13a.4, or persons required to obtain single trip permits under Section 13a.5, may protest any action or audit finding made by the Department by making a written request for a hearing within 30 days after service of the notice of the original action or finding. If the hearing is not requested within 30 days in writing, the original finding or action is final. Once a hearing has been properly requested, the Department shall give at least 20 days' ~~days~~ written notice of the time and place of the hearing.

Section 305. The Illinois Pension Code is amended by changing Sections 8-165, 16-150.1, 16-190.6, 22-101, 22A-106, and 22C-117 as follows:

(40 ILCS 5/8-165) (from Ch. 108 1/2, par. 8-165)

Sec. 8-165. Re-entry into service.

(a) Except as provided in subsection (c) or (d), when an employee receiving an age and service or a prior service annuity who has withdrawn from service after the effective date re-enters service before age 65, any annuity previously granted and any annuity fixed for his wife shall be canceled ~~cancelled~~. The employee shall be credited for annuity purposes with sums sufficient to provide annuities equal to those canceled ~~cancelled~~, as of their ages on the date of re-entry; provided, the maximum age of the wife for this purpose shall be as provided in Section 8-155 of this Article.

The sums so credited shall provide for annuities to be fixed and granted in the future. Contributions by the

employees and the city for the purposes of this Article shall be made, and, when the proper time arrives, as provided in this Article, new annuities based upon the total credit for annuity purposes and the entire term of his service shall be fixed for the employee and his wife.

If the employee's wife died before he re-entered service, no part of any credits for a widow's or widow's prior service annuity at the time the annuity for his wife was fixed shall be credited upon re-entry into service, and no such sums shall thereafter be used to provide such annuity.

(b) Except as provided in subsection (c) or (d), when an employee re-enters service after age 65, payments on account of any annuity previously granted shall be suspended during the time thereafter that he is in service, and when he again withdraws, annuity payments shall be resumed. If the employee dies in service, his widow shall receive the amount of the annuity previously fixed for her.

(c) For school years beginning on or after July 1, 2021, an age and service or a prior service annuity shall not be canceled ~~cancelled~~ in the case of an employee who is re-employed by the Board of Education of the city as a Special Education Classroom Assistant or Classroom Assistant on a temporary and non-annual basis or on an hourly basis so long as the person: (1) does not work for compensation on more than 120 days in a school year; or (2) does not accept gross compensation for the re-employment in a school year in excess

of \$30,000. These limitations apply only to school years that begin on or after July 1, 2021. Re-employment under this subsection does not require contributions, result in service credit being earned or granted, or constitute active participation in the Fund.

(d) For school years beginning on or after July 1, 2023, an age and service or a prior service annuity shall not be canceled ~~cancelled~~ in the case of an employee who is re-employed by the Board of Education of the city as a paraprofessional or related service provider on a temporary and non-annual basis or on an hourly basis so long as the person: (1) does not work for compensation on more than 120 days in a school year; or (2) does not accept gross compensation for the re-employment in a school year in excess of \$30,000. These limitations apply only to school years that begin on or after July 1, 2023. (40 ILCS 5/16-150.1)

Sec. 16-150.1. Return to teaching in subject shortage area.

(a) As used in this Section, "eligible employment" means

employment beginning on or after July 1, 2003 and ending no later than June 30, 2027, in a subject shortage area at a qualified school, in a position requiring certification under the law governing the certification of teachers.

As used in this Section, "qualified school" means a public elementary or secondary school that meets all of the following requirements:

(1) At the time of hiring a retired teacher under this Section, the school is experiencing a shortage of teachers in the subject shortage area for which the teacher is hired.

(2) The school district to which the school belongs has complied with the requirements of subsection (e), and the regional superintendent has certified that compliance to the System.

(3) If the school district to which the school belongs provides group health benefits for its teachers generally, substantially similar health benefits are made available for teachers participating in the program under this Section, without any limitations based on pre-existing conditions.

(b) An annuitant receiving a retirement annuity under this Article (other than a disability retirement annuity) may engage in eligible employment at a qualified school without impairing his or her retirement status or retirement annuity, subject to the following conditions:

(1) the eligible employment does not begin within the school year during which service was terminated;

(2) the annuitant has not received any early retirement incentive under Section 16-133.3, 16-133.4, or 16-133.5;

(3) if the annuitant retired before age 60 and with less than 34 years of service, the eligible employment does not begin within the year following the effective date of the retirement annuity;

(4) if the annuitant retired at age 60 or above or with 34 or more years of service, the eligible employment does not begin within the 90 days following the effective date of the retirement annuity; and

(5) before the eligible employment begins, the employer notifies the System in writing of the annuitant's desire to participate in the program established under this Section.

(c) An annuitant engaged in eligible employment in accordance with subsection (b) shall be deemed a participant in the program established under this Section for so long as he or she remains employed in eligible employment.

(d) A participant in the program established under this Section continues to be a retirement annuitant, rather than an active teacher, for all of the purposes of this Code, but shall be deemed an active teacher for other purposes, such as inclusion in a collective bargaining unit, eligibility for

group health benefits, and compliance with the laws governing the employment, regulation, certification, treatment, and conduct of teachers.

With respect to an annuitant's eligible employment under this Section, neither employee nor employer contributions shall be made to the System and no additional service credit shall be earned. Eligible employment does not affect the annuitant's final average salary or the amount of the retirement annuity.

(e) Before hiring a teacher under this Section, the school district to which the school belongs must do the following:

(1) If the school district to which the school belongs has honorably dismissed, within the calendar year preceding the beginning of the school term for which it seeks to employ a retired teacher under the program established in this Section, any teachers who are legally qualified to hold positions in the subject shortage area and have not yet begun to receive their retirement annuities under this Article, the vacant positions must first be tendered to those teachers.

(2) For a period of at least 90 days during the 6 months preceding the beginning of either the fall or spring term for which it seeks to employ a retired teacher under the program established in this Section, the school district must, on an ongoing basis:⁷ (i) advertise its vacancies in the subject shortage area in employment

bulletins published by college and university placement offices located near the school; (ii) search for teachers legally qualified to fill those vacancies through the Illinois Education Job Bank; and (iii) post all vacancies on the school district's website and list the vacancies ~~vacancy~~ in an online job portal or database.

A school district replacing a teacher who is unable to continue employment with the school district because of documented illness, injury, or disability that occurred after being hired by a school district under this Section shall be exempt from the provisions of paragraph (2) for 90 school days. However, the school district must on an ongoing basis comply with items (i), (ii), and (iii) of paragraph (2).

The school district must submit documentation of its compliance with this subsection to the regional superintendent. Upon receiving satisfactory documentation from the school district, the regional superintendent shall certify the district's compliance with this subsection to the System.

(f) This Section applies without regard to whether the annuitant was in service on or after July 23, 2003 (the effective date of Public Act 93-320) ~~this amendatory Act of the 93rd General Assembly.~~

(Source: P.A. 102-440, eff. 8-20-21; 103-588, eff. 6-5-24; revised 6-26-25.)

Sec. 16-190.6. Accelerated pension benefit payment for a reduction in annual retirement annuity and survivor's annuity increases.

(a) As used in this Section:

"Accelerated pension benefit payment" means a lump sum payment equal to 70% of the difference of the present value of the automatic annual increases to a Tier 1 member's retirement annuity and survivor's annuity using the formula applicable to the Tier 1 member and the present value of the automatic annual increases to the Tier 1 member's retirement annuity using the formula provided under subsection (b-5) and the survivor's annuity using the formula provided under subsection (b-6).

"Eligible person" means a person who:

- (1) is a Tier 1 member;
- (2) has submitted an application for a retirement annuity under this Article;
- (3) meets the age and service requirements for receiving a retirement annuity under this Article;
- (4) has not received any retirement annuity under this Article; and
- (5) has not made the election under Section 16-190.5.

(b) As soon as practical after June 4, 2018 (the effective date of Public Act 100-587) and until June 30, 2026, the System shall implement an accelerated pension benefit payment option for eligible persons. Upon the request of an eligible person, the System shall calculate, using actuarial tables and other

assumptions adopted by the Board, an accelerated pension benefit payment amount and shall offer that eligible person the opportunity to irrevocably elect to have his or her automatic annual increases in retirement annuity calculated in accordance with the formula provided under subsection (b-5) and any increases in survivor's annuity payable to his or her survivor's annuity beneficiary calculated in accordance with the formula provided under subsection (b-6) in exchange for the accelerated pension benefit payment. The election under this subsection must be made before the eligible person receives the first payment of a retirement annuity otherwise payable under this Article.

(b-5) Notwithstanding any other provision of law, the retirement annuity of a person who made the election under subsection (b) shall be subject to annual increases on the January 1 occurring either on or after the attainment of age 67 or the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 1.5% of the originally granted retirement annuity.

(b-6) Notwithstanding any other provision of law, a survivor's annuity payable to a survivor's annuity beneficiary of a person who made the election under subsection (b) shall be subject to annual increases on the January 1 occurring on or after the first anniversary of the commencement of the annuity. Each annual increase shall be calculated at 1.5% of the originally granted survivor's annuity.

(c) If a person who has received an accelerated pension benefit payment returns to active service under this Article, then:

(1) the calculation of any future automatic annual increase in retirement annuity shall be calculated in accordance with the formula provided in subsection (b-5); and

(2) the accelerated pension benefit payment may not be repaid to the System.

(d) As a condition of receiving an accelerated pension benefit payment, the accelerated pension benefit payment must be transferred into a tax qualified retirement plan or account. The accelerated pension benefit payment under this Section may be subject to withholding or payment of applicable taxes, but to the extent permitted by federal law, a person who receives an accelerated pension benefit payment under this Section must direct the System to pay all of that payment as a rollover into another retirement plan or account qualified under the Internal Revenue Code of 1986, as amended.

(d-5) Upon receipt of a member's irrevocable election to receive an accelerated pension benefit payment under this Section, the System shall submit a voucher to the Comptroller for payment of the member's accelerated pension benefit payment. The Comptroller shall transfer the amount of the voucher from the State Pension Obligation Acceleration Bond Fund to the System, and the System shall transfer the amount

into the member's eligible retirement plan or qualified account.

(e) The Board shall adopt any rules, including emergency rules, necessary to implement this Section.

(f) No provision of this Section shall be interpreted in a way that would cause the applicable System to cease to be a qualified plan under the Internal Revenue Code of 1986.

(40 ILCS 5/22-101)

(Text of Section before amendment by P.A. 104-457)

Sec. 22-101. Retirement Plan for Chicago Transit Authority Employees.

(a) There shall be established and maintained by the Authority created by the "Metropolitan Transit Authority Act", approved April 12, 1945, as amended, (referred to in this Section as the "Authority") a financially sound pension and retirement system adequate to provide for all payments when due under such established system or as modified from time to time by ordinance of the Chicago Transit Board or collective bargaining agreement. For this purpose, the Board must make contributions to the established system as required under this Section and may make any additional contributions provided for by Board ordinance or collective bargaining agreement. The participating employees shall make such periodic payments to

the established system as required under this Section and may make any additional contributions provided for by Board ordinance or collective bargaining agreement.

Provisions shall be made by the Board for all officers, except those who first become members on or after January 1, 2012, and employees of the Authority appointed pursuant to the "Metropolitan Transit Authority Act" to become, subject to reasonable rules and regulations, participants of the pension or retirement system with uniform rights, privileges, obligations and status as to the class in which such officers and employees belong. The terms, conditions and provisions of any pension or retirement system or of any amendment or modification thereof affecting employees who are members of any labor organization may be established, amended or modified by agreement with such labor organization, provided the terms, conditions and provisions must be consistent with this Act, the annual funding levels for the retirement system established by law must be met and the benefits paid to future participants in the system may not exceed the benefit ceilings set for future participants under this Act and the contribution levels required by the Authority and its employees may not be less than the contribution levels established under this Act.

(b) The Board of Trustees shall consist of 11 members appointed as follows: (i) 5 trustees shall be appointed by the Chicago Transit Board; (ii) 3 trustees shall be appointed by

an organization representing the highest number of Chicago Transit Authority participants; (iii) one trustee shall be appointed by an organization representing the second-highest number of Chicago Transit Authority participants; (iv) one trustee shall be appointed by the recognized coalition representatives of participants who are not represented by an organization with the highest or second-highest number of Chicago Transit Authority participants; and (v) one trustee shall be selected by the Regional Transportation Authority Board of Directors, and the trustee shall be a professional fiduciary who has experience in the area of collectively bargained pension plans. Trustees shall serve until a successor has been appointed and qualified, or until resignation, death, incapacity, or disqualification.

Any person appointed as a trustee of the board shall qualify by taking an oath of office that he or she will diligently and honestly administer the affairs of the system and will not knowingly violate or willfully permit the violation of any of the provisions of law applicable to the Plan, including Sections 1-109, 1-109.1, 1-109.2, 1-110, 1-111, 1-114, and 1-115 of the Illinois Pension Code.

Each trustee shall cast individual votes, and a majority vote shall be final and binding upon all interested parties, provided that the Board of Trustees may require a supermajority vote with respect to the investment of the assets of the Retirement Plan, and may set forth that

requirement in the Retirement Plan documents, by-laws, or rules of the Board of Trustees. Each trustee shall have the rights, privileges, authority, and obligations as are usual and customary for such fiduciaries.

The Board of Trustees may cause amounts on deposit in the Retirement Plan to be invested in those investments that are permitted investments for the investment of moneys held under any one or more of the pension or retirement systems of the State, any unit of local government or school district, or any agency or instrumentality thereof. The Board, by a vote of at least two-thirds of the trustees, may transfer investment management to the Illinois State Board of Investment, which is hereby authorized to manage these investments when so requested by the Board of Trustees.

Notwithstanding any other provision of this Article or any law to the contrary, any person who first becomes a member of the Chicago Transit Board on or after January 1, 2012 shall not be eligible to participate in this Retirement Plan.

(c) All individuals who were previously participants in the Retirement Plan for Chicago Transit Authority Employees shall remain participants, and shall receive the same benefits established by the Retirement Plan for Chicago Transit Authority Employees, except as provided in this amendatory Act or by subsequent legislative enactment or amendment to the Retirement Plan. For Authority employees hired on or after the effective date of this amendatory Act of the 95th General

Assembly, the Retirement Plan for Chicago Transit Authority Employees shall be the exclusive retirement plan and such employees shall not be eligible for any supplemental plan, except for a deferred compensation plan funded only by employee contributions.

For all Authority employees who are first hired on or after the effective date of this amendatory Act of the 95th General Assembly and are participants in the Retirement Plan for Chicago Transit Authority Employees, the following terms, conditions and provisions with respect to retirement shall be applicable:

(1) Such participant shall be eligible for an unreduced retirement allowance for life upon the attainment of age 64 with 25 years of continuous service.

(2) Such participant shall be eligible for a reduced retirement allowance for life upon the attainment of age 55 with 10 years of continuous service.

(3) For the purpose of determining the retirement allowance to be paid to a retiring employee, the term "Continuous Service" as used in the Retirement Plan for Chicago Transit Authority Employees shall also be deemed to include all pension credit for service with any retirement system established under Article 8 or Article 11 of this Code, provided that the employee forfeits and relinquishes all pension credit under Article 8 or Article 11 of this Code, and the contribution required under this

subsection is made by the employee. The Retirement Plan's actuary shall determine the contribution paid by the employee as an amount equal to the normal cost of the benefit accrued, had the service been rendered as an employee, plus interest per annum from the time such service was rendered until the date the payment is made.

(d) From the effective date of this amendatory Act through December 31, 2008, all participating employees shall contribute to the Retirement Plan in an amount not less than 6% of compensation, and the Authority shall contribute to the Retirement Plan in an amount not less than 12% of compensation.

(e)(1) Beginning January 1, 2009 the Authority shall make contributions to the Retirement Plan in an amount equal to twelve percent (12%) of compensation and participating employees shall make contributions to the Retirement Plan in an amount equal to six percent (6%) of compensation. These contributions may be paid by the Authority and participating employees on a payroll or other periodic basis, but shall in any case be paid to the Retirement Plan at least monthly.

(2) For the period ending December 31, 2040, the amount paid by the Authority in any year with respect to debt service on bonds issued for the purposes of funding a contribution to the Retirement Plan under Section 12c of the Metropolitan Transit Authority Act, other than debt service paid with the proceeds of bonds or notes issued by the Authority for any year

after calendar year 2008, shall be treated as a credit against the amount of required contribution to the Retirement Plan by the Authority under subsection (e)(1) for the following year up to an amount not to exceed 6% of compensation paid by the Authority in that following year.

(3) By September 15 of each year beginning in 2009 and ending on December 31, 2039, on the basis of a report prepared by an enrolled actuary retained by the Plan, the Board of Trustees of the Retirement Plan shall determine the estimated funded ratio of the total assets of the Retirement Plan to its total actuarially determined liabilities. A report containing that determination and the actuarial assumptions on which it is based shall be filed with the Authority, the representatives of its participating employees, the Auditor General of the State of Illinois, and the Regional Transportation Authority. If the funded ratio is projected to decline below 60% in any year before 2040, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll over the years remaining until 2040 using the projected unit credit actuarial cost method so the funded ratio does not decline below 60% and include that determination in its report. If the actual funded ratio declines below 60% in any year prior to 2040, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll during the years after the then current year using the

projected unit credit actuarial cost method so the funded ratio is projected to reach at least 60% no later than 10 years after the then current year and include that determination in its report. Within 60 days after receiving the report, the Auditor General shall review the determination and the assumptions on which it is based, and if he finds that the determination and the assumptions on which it is based are unreasonable in the aggregate, he shall issue a new determination of the funded ratio, the assumptions on which it is based and the increased contribution required each year as a level percentage of payroll over the years remaining until 2040 using the projected unit credit actuarial cost method so the funded ratio does not decline below 60%, or, in the event of an actual decline below 60%, so the funded ratio is projected to reach 60% by no later than 10 years after the then current year. If the Board of Trustees or the Auditor General determine that an increased contribution is required to meet the funded ratio required by the subsection, effective January 1 following the determination or 30 days after such determination, whichever is later, one-third of the increased contribution shall be paid by participating employees and two-thirds by the Authority, in addition to the contributions required by this subsection (1).

(4) For the period beginning 2040, the minimum contribution to the Retirement Plan for each fiscal year shall be an amount determined by the Board of Trustees of the

Retirement Plan to be sufficient to bring the total assets of the Retirement Plan up to 90% of its total actuarial liabilities by the end of 2059. Participating employees shall be responsible for one-third of the required contribution and the Authority shall be responsible for two-thirds of the required contribution. In making these determinations, the Board of Trustees shall calculate the required contribution each year as a level percentage of payroll over the years remaining to and including fiscal year 2059 using the projected unit credit actuarial cost method. A report containing that determination and the actuarial assumptions on which it is based shall be filed by September 15 of each year with the Authority, the representatives of its participating employees, the Auditor General of the State of Illinois and the Regional Transportation Authority. If the funded ratio is projected to fail to reach 90% by December 31, 2059, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll over the years remaining until December 31, 2059 using the projected unit credit actuarial cost method so the funded ratio will meet 90% by December 31, 2059 and include that determination in its report. Within 60 days after receiving the report, the Auditor General shall review the determination and the assumptions on which it is based and if he finds that the determination and the assumptions on which it is based are unreasonable in the aggregate, he shall issue a new

determination of the funded ratio, the assumptions on which it is based and the increased contribution required each year as a level percentage of payroll over the years remaining until December 31, 2059 using the projected unit credit actuarial cost method so the funded ratio reaches no less than 90% by December 31, 2059. If the Board of Trustees or the Auditor General determine that an increased contribution is required to meet the funded ratio required by this subsection, effective January 1 following the determination or 30 days after such determination, whichever is later, one-third of the increased contribution shall be paid by participating employees and two-thirds by the Authority, in addition to the contributions required by subsection (e) (1).

(5) Beginning in 2060, the minimum contribution for each year shall be the amount needed to maintain the total assets of the Retirement Plan at 90% of the total actuarial liabilities of the Plan, and the contribution shall be funded two-thirds by the Authority and one-third by the participating employees in accordance with this subsection.

(f) The Authority shall take the steps necessary to comply with Section 414(h) (2) of the Internal Revenue Code of 1986, as amended, to permit the pick-up of employee contributions under subsections (d) and (e) on a tax-deferred basis.

(g) The Board of Trustees shall certify to the Governor, the General Assembly, the Auditor General, the Board of the Regional Transportation Authority, and the Authority at least

90 days prior to the end of each fiscal year the amount of the required contributions to the retirement system for the next retirement system fiscal year under this Section. The certification shall include a copy of the actuarial recommendations upon which it is based. In addition, copies of the certification shall be sent to the Commission on Government Forecasting and Accountability and the Mayor of Chicago.

(h)(1) As to an employee who first becomes entitled to a retirement allowance commencing on or after November 30, 1989, the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

Provided, however that:

the retirement allowance shall be the amount determined in accordance with the following formula:

(B) One and eighty hundredths percent (1.80%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

Provided, however that:

(3) As to an employee who first becomes entitled to a retirement allowance commencing on or after January 1, 1994, the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

(B) One and eighty-five hundredths percent (1.85%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions

thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

Provided, however that:

(4) As to an employee who first becomes entitled to a retirement allowance commencing on or after January 1, 2000, the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

(B) Two percent (2%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

Provided, however that:

(5) As to an employee who first becomes entitled to a retirement allowance commencing on or after January 1, 2001, the retirement allowance shall be the amount determined in accordance with the following formula:

for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

(B) Two and fifteen hundredths percent (2.15%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

The changes made by this amendatory Act of the 95th General Assembly, to the extent that they affect the rights or privileges of Authority employees that are currently the subject of collective bargaining, have been agreed to between the authorized representatives of these employees and of the Authority prior to enactment of this amendatory Act, as evidenced by a Memorandum of Understanding between these representatives that will be filed with the Secretary of State Index Department and designated as "95-GA-C05". The General Assembly finds and declares that those changes are consistent with 49 U.S.C. 5333(b) (also known as Section 13(c) of the Federal Transit Act) because of this agreement between authorized representatives of these employees and of the Authority, and that any future amendments to the provisions of this amendatory Act of the 95th General Assembly, to the extent those amendments would affect the rights and privileges of Authority employees that are currently the subject of

collective bargaining, would be consistent with 49 U.S.C. 5333(b) if and only if those amendments were agreed to between these authorized representatives prior to enactment.

(k) Any individual who, on or after August 19, 2011 (the effective date of Public Act 97-442), first becomes a participant of the Retirement Plan shall not be paid any of the benefits provided under this Code if he or she is convicted of a felony relating to, arising out of, or in connection with his or her service as a participant.

This subsection (k) shall not operate to impair any contract or vested right acquired before August 19, 2011 (the

effective date of Public Act 97-442) under any law or laws continued in this Code, and it shall not preclude the right to refund.

(Text of Section after amendment by P.A. 104-457)

Sec. 22-101. Retirement Plan for Chicago Transit Authority Employees.

(a) There shall be established and maintained by the Authority created by the Chicago Transit Authority Act (referred to in this Section as the Authority), a financially sound pension and retirement system adequate to provide for all payments when due under such established system or as modified from time to time by ordinance of the Chicago Transit Board or collective bargaining agreement. For this purpose, the Board must make contributions to the established system as required under this Section and may make any additional contributions provided for by Board ordinance or collective bargaining agreement. The participating employees shall make such periodic payments to the established system as required under this Section and may make any additional contributions provided for by Board ordinance or collective bargaining agreement.

Provisions shall be made by the Board for all officers, except those who first become members on or after January 1,

2012, and employees of the Authority appointed pursuant to the Chicago Transit Authority Act to become, subject to reasonable rules and regulations, participants of the pension or retirement system with uniform rights, privileges, obligations and status as to the class in which such officers and employees belong. The terms, conditions and provisions of any pension or retirement system or of any amendment or modification thereof affecting employees who are members of any labor organization may be established, amended or modified by agreement with such labor organization, provided the terms, conditions and provisions must be consistent with this Act, the annual funding levels for the retirement system established by law must be met and the benefits paid to future participants in the system may not exceed the benefit ceilings set for future participants under this Act and the contribution levels required by the Authority and its employees may not be less than the contribution levels established under this Act.

(b) The Board of Trustees shall consist of 11 members appointed as follows: (i) 5 trustees shall be appointed by the Chicago Transit Board; (ii) 3 trustees shall be appointed by an organization representing the highest number of Chicago Transit Authority participants; (iii) one trustee shall be appointed by an organization representing the second-highest number of Chicago Transit Authority participants; (iv) one trustee shall be appointed by the recognized coalition representatives of participants who are not represented by an

organization with the highest or second-highest number of Chicago Transit Authority participants; and (v) one trustee shall be selected by the Northern Illinois Transit Authority Board, and the trustee shall be a professional fiduciary who has experience in the area of collectively bargained pension plans. Trustees shall serve until a successor has been appointed and qualified, or until resignation, death, incapacity, or disqualification.

Any person appointed as a trustee of the board shall qualify by taking an oath of office that he or she will diligently and honestly administer the affairs of the system and will not knowingly violate or willfully permit the violation of any of the provisions of law applicable to the Plan, including Sections 1-109, 1-109.1, 1-109.2, 1-110, 1-111, 1-114, and 1-115 of the Illinois Pension Code.

Each trustee shall cast individual votes, and a majority vote shall be final and binding upon all interested parties, provided that the Board of Trustees may require a supermajority vote with respect to the investment of the assets of the Retirement Plan, and may set forth that requirement in the Retirement Plan documents, by-laws, or rules of the Board of Trustees. Each trustee shall have the rights, privileges, authority, and obligations as are usual and customary for such fiduciaries.

The Board of Trustees may cause amounts on deposit in the Retirement Plan to be invested in those investments that are

permitted investments for the investment of moneys held under any one or more of the pension or retirement systems of the State, any unit of local government or school district, or any agency or instrumentality thereof. The Board, by a vote of at least two-thirds of the trustees, may transfer investment management to the Illinois State Board of Investment, which is hereby authorized to manage these investments when so requested by the Board of Trustees.

Notwithstanding any other provision of this Article or any law to the contrary, any person who first becomes a member of the Chicago Transit Board on or after January 1, 2012 shall not be eligible to participate in this Retirement Plan.

(c) All individuals who were previously participants in the Retirement Plan for Chicago Transit Authority Employees shall remain participants, and shall receive the same benefits established by the Retirement Plan for Chicago Transit Authority Employees, except as provided in this amendatory Act or by subsequent legislative enactment or amendment to the Retirement Plan. For Authority employees hired on or after the effective date of this amendatory Act of the 95th General Assembly, the Retirement Plan for Chicago Transit Authority Employees shall be the exclusive retirement plan and such employees shall not be eligible for any supplemental plan, except for a deferred compensation plan funded only by employee contributions.

For all Authority employees who are first hired on or

after the effective date of this amendatory Act of the 95th General Assembly and are participants in the Retirement Plan for Chicago Transit Authority Employees, the following terms, conditions and provisions with respect to retirement shall be applicable:

(1) Such participant shall be eligible for an unreduced retirement allowance for life upon the attainment of age 64 with 25 years of continuous service.

(2) Such participant shall be eligible for a reduced retirement allowance for life upon the attainment of age 55 with 10 years of continuous service.

(3) For the purpose of determining the retirement allowance to be paid to a retiring employee, the term "Continuous Service" as used in the Retirement Plan for Chicago Transit Authority Employees shall also be deemed to include all pension credit for service with any retirement system established under Article 8 or Article 11 of this Code, provided that the employee forfeits and relinquishes all pension credit under Article 8 or Article 11 of this Code, and the contribution required under this subsection is made by the employee. The Retirement Plan's actuary shall determine the contribution paid by the employee as an amount equal to the normal cost of the benefit accrued, had the service been rendered as an employee, plus interest per annum from the time such service was rendered until the date the payment is made.

(d) From the effective date of this amendatory Act through December 31, 2008, all participating employees shall contribute to the Retirement Plan in an amount not less than 6% of compensation, and the Authority shall contribute to the Retirement Plan in an amount not less than 12% of compensation.

(e)(1) Beginning January 1, 2009 the Authority shall make contributions to the Retirement Plan in an amount equal to twelve percent (12%) of compensation and participating employees shall make contributions to the Retirement Plan in an amount equal to six percent (6%) of compensation. These contributions may be paid by the Authority and participating employees on a payroll or other periodic basis, but shall in any case be paid to the Retirement Plan at least monthly.

(2) For the period ending December 31, 2040, the amount paid by the Authority in any year with respect to debt service on bonds issued for the purposes of funding a contribution to the Retirement Plan under Section 12c of the Chicago Transit Authority Act, other than debt service paid with the proceeds of bonds or notes issued by the Authority for any year after calendar year 2008, shall be treated as a credit against the amount of required contribution to the Retirement Plan by the Authority under subsection (e)(1) for the following year up to an amount not to exceed 6% of compensation paid by the Authority in that following year.

(3) By September 15 of each year beginning in 2009 and

ending on December 31, 2039, on the basis of a report prepared by an enrolled actuary retained by the Plan, the Board of Trustees of the Retirement Plan shall determine the estimated funded ratio of the total assets of the Retirement Plan to its total actuarially determined liabilities. A report containing that determination and the actuarial assumptions on which it is based shall be filed with the Authority, the representatives of its participating employees, the Auditor General of the State of Illinois, and the Northern Illinois Transit Authority. If the funded ratio is projected to decline below 60% in any year before 2040, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll over the years remaining until 2040 using the projected unit credit actuarial cost method so the funded ratio does not decline below 60% and include that determination in its report. If the actual funded ratio declines below 60% in any year prior to 2040, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll during the years after the then current year using the projected unit credit actuarial cost method so the funded ratio is projected to reach at least 60% no later than 10 years after the then current year and include that determination in its report. Within 60 days after receiving the report, the Auditor General shall review the determination and the assumptions on which it is based, and if he finds that the determination and the

assumptions on which it is based are unreasonable in the aggregate, he shall issue a new determination of the funded ratio, the assumptions on which it is based and the increased contribution required each year as a level percentage of payroll over the years remaining until 2040 using the projected unit credit actuarial cost method so the funded ratio does not decline below 60%, or, in the event of an actual decline below 60%, so the funded ratio is projected to reach 60% by no later than 10 years after the then current year. If the Board of Trustees or the Auditor General determine that an increased contribution is required to meet the funded ratio required by the subsection, effective January 1 following the determination or 30 days after such determination, whichever is later, one-third of the increased contribution shall be paid by participating employees and two-thirds by the Authority, in addition to the contributions required by this subsection (1).

(4) For the period beginning 2040, the minimum contribution to the Retirement Plan for each fiscal year shall be an amount determined by the Board of Trustees of the Retirement Plan to be sufficient to bring the total assets of the Retirement Plan up to 90% of its total actuarial liabilities by the end of 2059. Participating employees shall be responsible for one-third of the required contribution and the Authority shall be responsible for two-thirds of the required contribution. In making these determinations, the

Board of Trustees shall calculate the required contribution each year as a level percentage of payroll over the years remaining to and including fiscal year 2059 using the projected unit credit actuarial cost method. A report containing that determination and the actuarial assumptions on which it is based shall be filed by September 15 of each year with the Authority, the representatives of its participating employees, the Auditor General of the State of Illinois and the Northern Illinois Transit Authority. If the funded ratio is projected to fail to reach 90% by December 31, 2059, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll over the years remaining until December 31, 2059 using the projected unit credit actuarial cost method so the funded ratio will meet 90% by December 31, 2059 and include that determination in its report. Within 60 days after receiving the report, the Auditor General shall review the determination and the assumptions on which it is based and if he finds that the determination and the assumptions on which it is based are unreasonable in the aggregate, he shall issue a new determination of the funded ratio, the assumptions on which it is based and the increased contribution required each year as a level percentage of payroll over the years remaining until December 31, 2059 using the projected unit credit actuarial cost method so the funded ratio reaches no less than 90% by December 31, 2059. If the Board of Trustees or the Auditor

General determine that an increased contribution is required to meet the funded ratio required by this subsection, effective January 1 following the determination or 30 days after such determination, whichever is later, one-third of the increased contribution shall be paid by participating employees and two-thirds by the Authority, in addition to the contributions required by subsection (e) (1) .

(5) Beginning in 2060, the minimum contribution for each year shall be the amount needed to maintain the total assets of the Retirement Plan at 90% of the total actuarial liabilities of the Plan, and the contribution shall be funded two-thirds by the Authority and one-third by the participating employees in accordance with this subsection.

(f) The Authority shall take the steps necessary to comply with Section 414(h) (2) of the Internal Revenue Code of 1986, as amended, to permit the pick-up of employee contributions under subsections (d) and (e) on a tax-deferred basis.

(g) The Board of Trustees shall certify to the Governor, the General Assembly, the Auditor General, the Board of the Northern Illinois Transit Authority, and the Authority at least 90 days prior to the end of each fiscal year the amount of the required contributions to the retirement system for the next retirement system fiscal year under this Section. The certification shall include a copy of the actuarial recommendations upon which it is based. In addition, copies of the certification shall be sent to the Commission on

Government Forecasting and Accountability and the Mayor of Chicago.

(h)(1) As to an employee who first becomes entitled to a retirement allowance commencing on or after November 30, 1989, the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

(B) One and seventy-five hundredths percent (1.75%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

Provided, however that:

(2) As to an employee who first becomes entitled to a retirement allowance commencing on or after January 1, 1993, the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan;

plus

(B) One and eighty hundredths percent (1.80%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

Provided, however that:

(3) As to an employee who first becomes entitled to a retirement allowance commencing on or after January 1, 1994, the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

(B) One and eighty-five hundredths percent (1.85%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

Provided, however that:

(4) As to an employee who first becomes entitled to a retirement allowance commencing on or after January 1, 2000,

the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

(B) Two percent (2%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

Provided, however that:

(5) As to an employee who first becomes entitled to a retirement allowance commencing on or after January 1, 2001, the retirement allowance shall be the amount determined in accordance with the following formula:

(B) Two and fifteen hundredths percent (2.15%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions

thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

The changes made by this amendatory Act of the 95th General Assembly, to the extent that they affect the rights or privileges of Authority employees that are currently the subject of collective bargaining, have been agreed to between the authorized representatives of these employees and of the Authority prior to enactment of this amendatory Act, as evidenced by a Memorandum of Understanding between these representatives that will be filed with the Secretary of State Index Department and designated as "95-GA-C05". The General Assembly finds and declares that those changes are consistent with 49 U.S.C. 5333(b) (also known as Section 13(c) of the Federal Transit Act) because of this agreement between authorized representatives of these employees and of the Authority, and that any future amendments to the provisions of this amendatory Act of the 95th General Assembly, to the extent those amendments would affect the rights and privileges of Authority employees that are currently the subject of collective bargaining, would be consistent with 49 U.S.C. 5333(b) if and only if those amendments were agreed to between these authorized representatives prior to enactment.

(a) In this Section, "assisting law enforcement agency" means a law enforcement agency with jurisdiction acting under the request and direction of the medical examiner or coroner to assist with human remains identification.

(b) Notwithstanding any other action deemed appropriate for the handling of the human remains, the assisting law enforcement agency, medical examiner, or coroner shall make

reasonable attempts to promptly identify human remains. This does not include historic or prehistoric skeletal remains. These actions shall include, but are not limited to, obtaining the following when possible:

- (1) photographs of the human remains (prior to an autopsy);
- (2) dental and skeletal radiographs;
- (3) photographs of items found on or with the human remains;
- (4) fingerprints from the remains;
- (5) tissue samples suitable for DNA analysis;
- (6) (blank); and
- (7) any other information that may support identification efforts.

(c) No medical examiner or coroner or any other person shall dispose of, or engage in actions that will materially affect the unidentified human remains before the assisting law enforcement agency, medical examiner, or coroner obtains items essential for human identification efforts listed in subsection (b) of this Section.

(d) Cremation of unidentified human remains is prohibited.

(e) (Blank).

(f) The assisting law enforcement agency, medical examiner, or coroner shall seek support from appropriate State and federal agencies, including National Missing and Unidentified Persons System resources to facilitate prompt

identification of human remains. This support may include, but is not limited to, fingerprint comparison; forensic odontology; nuclear or mitochondrial DNA analysis, or both; and forensic anthropology.

(f-5) In this subsection, "local, State, and federal automated fingerprint identification system databases" includes:

- (1) local criminal history repositories;
- (2) the Illinois State Police Automated Biometric Identification System (ABIS), both criminal and civil, and any successor databases; and
- (3) the Next Generation Integrated Automated Fingerprint Identification System (NGI) and other federal fingerprint databases, including immigration and military databases and the Repository for Individuals of Special Concern (RISC), and any successor databases.

It is the responsibility of the submitting agency to ensure the following steps are completed in the following order:

- (1) Fingerprints from unidentified human remains, including partial prints, if any, shall be submitted for analysis within 7 days of recovery of the remains by the assisting law enforcement agency, medical examiner, or coroner to all local, State, and federal automated fingerprint identification system databases.
- (2) The submitting agency shall ensure fingerprints

are appropriately searched for identification purposes.

If there are no matches in any of the local, State, and federal automated fingerprint identification system databases, the unidentified fingerprint records shall be uploaded to the National Missing and Unidentified Persons System (NamUs) within 60 days after recovery of the remains. If no matches are made in the local, State, and federal automated fingerprint identification system databases, the submitting agency may contact the International Criminal Police Organization (INTERPOL) to search through the automated fingerprint identification system databases of member countries if remains are believed to have an international nexus. If the fingerprint analysis does not aid in the identification of the remains, then the assisting law enforcement agency, coroner, or medical examiner shall cause a dental examination to be performed by a forensic odontologist within 45 days of recovery of the remains for the purpose of dental charting, direct comparison to missing person dental records, and uploading to the National Crime Information Center (NCIC) and National Missing and Unidentified Persons System (NamUs). If the fingerprint and dental analysis does not aid in the identification of the remains, then blood, tissue, or bone samples from the unidentified remains shall be submitted for DNA analysis within 90 days of the recovery of the remains to a Combined DNA Index System (CODIS) accredited laboratory where DNA profiles are entered into the National DNA Index System

upon completion of testing. In the case of markedly decomposed or skeletal remains, a forensic anthropological analysis of the remains, authorized by the coroner or medical examiner, shall also be performed within 60 days from the recovery and preparation of the remains for the analysis.

(g) (Blank).

(g-2) The medical examiner⁷ or coroner shall cause the entry of a National Crime Information Center Unidentified Person record within 5 days of the discovery of the remains. In the case of markedly decomposed or skeletal remains, the creation of a National Crime Information Center (NCIC) Unidentified Person File shall be made upon receipt of the anthropological analysis report. The medical examiner or coroner shall provide the assisting law enforcement agency with all information required for the National Crime Information Center (NCIC) entry. Upon receipt of this information, the assisting law enforcement agency shall create the Unidentified Person record without unnecessary delay. In the case of markedly decomposed or skeletal remains, the creation of a National Crime Information Center (NCIC) Unidentified Person File shall be made upon receipt of the anthropological analysis report. If an anthropological analysis report determines the remains to be historic or prehistoric, then no NCIC entry is required.

(g-5) The medical examiner or coroner shall obtain a National Crime Information Center number from the assisting

law enforcement agency to verify entry and maintain this number within the unidentified human remains case file. A National Crime Information Center Unidentified Person record shall remain on file indefinitely or until action is taken by the originating agency to clear or cancel the record. The medical examiner or coroner shall notify the assisting law enforcement agency of necessary record modifications or cancellation if identification is made.

(h) (Blank).

(h-5) No later than 60 days following the discovery of the remains, the assisting law enforcement agency, medical examiner, or coroner shall create an unidentified person record in the National Missing and Unidentified Persons System if no identification has been made. The entry shall include all available case information, including fingerprint data and dental radiographs and charts. A notation of DNA submission shall be made within the National Missing and Unidentified Persons System Unidentified Person record.

(i) Nothing in this Act shall be interpreted to preclude any assisting law enforcement agency, medical examiner, coroner, or the Illinois State Police from pursuing other efforts to identify human remains including efforts to publicize information, descriptions, or photographs related to the investigation. An assisting law enforcement agency, a medical examiner, a coroner, or the Illinois State Police may not close an unidentified person case until the individual has

been identified. Law enforcement agencies, medical examiners, and coroners shall keep such cases under active investigation until the person is identified. Reasons for closing an unidentified person case may not include exhaustion of leads or termination of the anticipated life span of the missing person's next of kin.

(j) For historic or prehistoric human skeletal remains determined by an anthropologist to be older than 100 years, jurisdiction shall be transferred to the Department of Natural Resources for further investigation under the Archaeological and Paleontological Resources Protection Act.

Section 350. The Community Emergency Services and Support Act is amended by changing Section 25 as follows:

(50 ILCS 754/25)

Sec. 25. State goals.

(a) 9-1-1 PSAPs, emergency services dispatched through 9-1-1 PSAPs, and the mobile mental and behavioral health service established by the Division of Mental Health must coordinate their services so that the State goals listed in this Section are achieved. Appropriate mobile response service

for mental and behavioral health emergencies shall be available regardless of whether the initial contact was with 9-8-8, with 9-1-1, or directly with an emergency service dispatched through 9-1-1. Appropriate mobile response services must:

(1) whenever possible, ensure that individuals experiencing mental or behavioral health crises are diverted from hospitalization or incarceration and are instead linked with available appropriate community services;

(2) include the option of on-site care if that type of care is appropriate and does not override the care decisions of the individual receiving care. Providing care in the community, through methods like mobile crisis units, is encouraged. If effective care is provided on site, and if it is consistent with the care decisions of the individual receiving the care, further transportation to other medical providers is not required by this Act;

(3) recommend appropriate referrals for available community services if the individual receiving on-site care is not already in a treatment relationship with a service provider or is unsatisfied with their current service providers. The referrals shall take into consideration waiting lists and copayments, which may present barriers to access; and

(4) subject to the care decisions of the individual

receiving care, coordinate transportation for any individual experiencing a mental or behavioral health emergency to the most integrated and least restrictive setting feasible. A mobile crisis response team may provide transportation if the mobile crisis response team is appropriately equipped and staffed to do so.

(b) Prioritize requests for emergency assistance. 9-1-1 PSAPs, emergency services dispatched through 9-1-1 PSAPs, and the mobile mental and behavioral health service established by the Division of Mental Health must provide guidance for prioritizing calls for assistance and maximum response time in relation to the type of emergency reported.

(c) Provide appropriate response times. From the time of first notification, 9-1-1 PSAPs, emergency services dispatched through 9-1-1 PSAPs, and the mobile mental and behavioral health service established by the Division of Mental Health must provide the response within a response time appropriate to the care requirements of the individual with an emergency.

(d) Require appropriate mobile mental health relief provider training. Mobile mental health relief providers must have adequate training to address the needs of individuals experiencing a mental or behavioral health emergency. Adequate training at least includes:

- (1) training in de-escalation techniques;
- (2) knowledge of local community services and supports;

(3) training in respectful interaction with people experiencing mental or behavioral health crises, including the concepts of stigma and respectful language;

(4) training in recognizing and working with people with neurodivergent and developmental disability diagnoses and in the techniques available to help stabilize and connect them to further services; and

(5) training in the involuntary commitment process, in identification of situations that meet the standards for involuntary commitment, and in cultural competencies and social biases to guard against any group being disproportionately subjected to the involuntary commitment process or the use of the process not warranted under the legal standard for involuntary commitment.

(e) Require minimum team staffing. The Division of Mental Health, in consultation with the Regional Advisory Committees created in Section 40, shall determine the appropriate credentials for the mental health providers responding to calls, including to what extent the mobile mental health relief providers must have certain credentials and licensing, and to what extent the mobile mental health relief providers can be peer support professionals.

(f) Require training from individuals with lived experience. Training shall be provided by individuals with lived experience to the extent available.

(g) Adopt guidelines directing referral to restrictive

care settings. Mobile mental health relief providers must have guidelines to follow when considering whether to refer an individual to more restrictive forms of care, like emergency room or hospital settings.

(h) Specify regional best practices. Mobile mental health relief providers providing these services must do so consistently with best practices, which include respecting the care choices of the individuals receiving assistance. Regional best practices may be broken down into sub-regions, as appropriate to reflect local resources and conditions. With the agreement of the impacted EMS Regions, providers of emergency response to physical emergencies may participate in another EMS Region for mental and behavioral response, if that participation shall provide a better service to individuals experiencing a mental or behavioral health emergency.

(i) Adopt a system for directing care in advance of an emergency. The Division of Mental Health shall select and publicly identify a system that allows individuals who voluntarily chose to do so to provide confidential advanced care directions to individuals providing services under this Act. No system for providing advanced care direction may be implemented unless the Division of Mental Health approves it as confidential, available to individuals at all economic levels, and non-stigmatizing. The Division of Mental Health may defer this requirement for providing a system for advanced care direction if it determines that no existing systems can

currently meet these requirements.

(j) Train dispatching staff. The personnel staffing 9-1-1, 3-1-1, or other emergency response intake systems must be provided with adequate training to assess whether coordinating with 9-8-8 is appropriate.

(k) Establish protocol for emergency responder coordination. The Division of Mental Health shall establish a protocol for mobile mental health relief providers, law enforcement, and fire and ambulance services to request assistance from each other, and train these groups on the protocol.

(l) Integrate law enforcement. The Division of Mental Health shall provide for law enforcement to request mobile mental health relief provider assistance whenever law enforcement engages an individual appropriate for services under this Act. If law enforcement would typically request EMS assistance when it encounters an individual with a physical health emergency, law enforcement shall similarly dispatch mental or behavioral health personnel or medical transportation when it encounters an individual in a mental or behavioral health emergency.

In cases subject to Section 5-170 of the Juvenile Court Act of 1987 involving a minor who was under 15 years of age at the time of the commission of the offense, that occurs in a county without a full-time public defender, the law enforcement agency conducting the custodial interrogation shall ensure that the minor is able to consult with an attorney who is under contract with the county to provide public defender services.

Representation by the public defender shall terminate at the first court appearance if the court determines that the minor is not indigent.

Every court shall, with the consent of the defendant and where the court finds that the rights of the defendant would be prejudiced by the appointment of the public defender, appoint counsel other than the public defender, except as otherwise provided in Section 113-3 of the "Code of Criminal Procedure of 1963". That counsel shall be compensated as is provided by law. He shall also, in the case of the conviction of any such person, prosecute any proceeding in review which in his judgment the interests of justice require.

In counties with a population over 3,000,000, the public defender, without fee or appointment and with the concurrence of the county board, may act as attorney to noncitizens in immigration cases. Representation by the public defender in immigration cases shall be limited to those arising or being heard within the geographical boundaries of the county where the public defender has been appointed to office and to those of county residents with immigration cases outside of the county unless the board authorizes the public defender to provide representation beyond those limits.

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public facilities

purposes shall be in substantially the following form:

"To pay for public facilities purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every \$100 of tangible personal property bought at retail. If imposed, the additional tax would cease being collected at the end

of (insert number of years), if not terminated earlier by a vote of the county board."

The votes shall be recorded as "Yes" or "No".

(5) The proposition for substance abuse purposes shall be in substantially the following form:

"To pay for substance abuse purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

The votes shall be recorded as "Yes" or "No".

If a majority of the electors voting on the proposition vote in favor of it, the county may impose the tax. A county may not submit more than one proposition authorized by this Section to the electors at any one time.

This additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act (or at the 0% rate imposed under Public Act 102-700 ~~this amendatory Act of the 102nd General Assembly~~). Beginning December 1, 2019 and through December 31, 2020, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the county does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. The county must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49

U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the county. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter

monthly payments, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are deposited into the Local Government Aviation Trust Fund), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Tax Fund or the Local Government Aviation Trust Fund, as appropriate.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate

upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under Public Act 102-700 ~~this amendatory Act of the 102nd General Assembly~~). Beginning December 1, 2019 and through December 31, 2020, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the county does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. The county must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the county. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties

so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the county), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the county), 9 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are deposited into the Local Government Aviation Trust Fund), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the county), Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act, and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth

herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Tax Fund or the Local Government Aviation Trust Fund, as appropriate.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(b-5) If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this

Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by Public Act 103-592 ~~this amendatory Act of the 103rd General Assembly~~.

(c) Except as otherwise provided in this paragraph, the Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the county.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under

this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county, (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, (iii) any amounts that are transferred to the STAR Bonds Revenue Fund, and (iv) 1.5% of the remainder, which shall be transferred into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to

the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than \$500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

(d) For the purpose of determining the local governmental

unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board may, by ordinance, discontinue or lower the rate of the tax. If the county board lowers the tax rate or discontinues the tax, a referendum must be held in accordance with subsection (a) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998 and through December 31, 2013, the results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax, or any ordinance lowering the rate or discontinuing the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department

shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

Beginning January 1, 2014, the results of any election authorizing a proposition to impose a tax under this Section or effecting an increase in the rate of tax, along with the ordinance adopted to impose the tax or increase the rate of the tax, or any ordinance adopted to lower the rate or discontinue the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of May, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the adoption and filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the adoption and filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(g-5) Every county authorized to levy a tax under this Section shall, before it levies such tax, establish a 7-member

mental health board, which shall have the same powers and duties and be constituted in the same manner as a community mental health board established under the Community Mental Health Act. Proceeds of the tax under this Section that are earmarked for mental health or substance abuse purposes shall be deposited into a special county occupation tax fund for mental health and substance abuse. The 7-member mental health board established under this subsection shall administer the special county occupation tax fund for mental health and substance abuse in the same manner as the community mental health board administers the community mental health fund under the Community Mental Health Act.

(h) This Section may be cited as the "Special County Occupation Tax For Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Law".

(i) For purposes of this Section, "public safety" includes, but is not limited to, crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services. The county may share tax proceeds received under this Section for public safety purposes, including proceeds received before August 4, 2009 (the effective date of Public Act 96-124), with any fire protection district located in the county. For the purposes of this Section, "transportation" includes, but is not limited to, the construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the

Illinois Highway Code, and passenger rail transportation. For the purposes of this Section, "public facilities purposes" includes, but is not limited to, the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the public facilities, for use by the county for the furnishing of governmental services to its citizens, including, but not limited to, museums and nursing homes.

(j) The Department may promulgate rules to implement Public Act 95-1002 only to the extent necessary to apply the existing rules for the Special County Retailers' Occupation Tax for Public Safety to this new purpose for public facilities.

(65 ILCS 5/11-42-11.1) (from Ch. 24, par. 11-42-11.1)

Sec. 11-42-11.1. (a) In any instance in which a municipality has (i) granted a franchise to any community antenna television company or (ii) decided for the municipality itself to construct, operate or maintain a cable television system within a designated area, no property owner, condominium association, managing agent, lessee, or other person in possession or control of any residential building located within the designated area shall forbid or prevent any occupant, tenant, or lessee of any such building from receiving cable television service from such franchisee or municipality, nor demand or accept payment from any such occupant, tenant, or lessee in any form as a condition of permitting the installation of cable television facilities or the maintenance of cable television service in any such building or any portion thereof occupied or leased by such occupant, tenant, or lessee, nor shall any such property owner, condominium association, managing agent, lessee, or other person discriminate in rental charges or otherwise against any occupant, tenant, or lessee receiving cable service; provided, however, that the owner of such building may require, in exchange and as compensation for permitting

the installation of cable television facilities within and upon such building, the payment of just compensation by the cable television franchisee which provides such cable television service, said sum to be determined in accordance with the provisions of subsections ~~subparagraphs~~ (c) and (d) ~~hereof~~, and provided further that the cable television franchisee installing such cable television facilities shall agree to indemnify the owner of such building for any damage caused by the installation, operation, or removal of such cable television facilities and service.

No community antenna television company shall install cable television facilities within a residential building pursuant to this subsection ~~subparagraph~~ (a) unless an occupant, tenant, or lessee of such residential building requests the delivery of cable television services. In any instance in which a request for service is made by more than 3 occupants, tenants, or lessees of a residential building, the community antenna television company may install cable television facilities throughout the building in a manner which enables the community antenna television company to provide cable television services to occupants, tenants, or lessees of other residential units without requiring the installation of additional cable television facilities other than within the residential units occupied by such other occupants, tenants, or lessees.

(b) In any instance in which a municipality has (i)

granted a franchise to any community antenna television company or (ii) decided for the municipality itself to construct, operate, or maintain a cable television system within a designated area, no property owner, condominium association, managing agent, lessee, or other person in possession and control of any improved or unimproved real estate located within such designated area shall forbid or prevent such cable television franchisee or municipality from entering upon such real estate for the purpose of and in connection with the construction or installation of such cable television system and cable television facilities, nor shall any such property owner, condominium association, managing agent, lessee, or other person in possession or control of such real estate forbid or prevent such cable television franchisee or municipality from constructing or installing upon, beneath, or over such real estate, including any buildings or other structures located thereon, hardware, cable, equipment, materials, or other cable television facilities utilized by such cable franchisee or municipality in the construction and installation of such cable television system; provided, however, that the owner of any such real estate may require, in exchange and as compensation for permitting the construction or installation of cable television facilities upon, beneath, or over such real estate, the payment of just compensation by the cable television franchisee which provides such cable television service, said

sum to be determined in accordance with the provisions of subsections ~~subparagraphs~~ (c) and (d) ~~hereof~~, and provided further that the cable television franchisee constructing or installing such cable television facilities shall agree to indemnify the owner of such real estate for any damage caused by the installation, operation or removal of such cable television facilities and service.

(c) In any instance in which the owner of a residential building or the owner of improved or unimproved real estate intends to require the payment of just compensation in excess of \$1 in exchange for permitting the installation of cable television facilities in and upon such building, or upon, beneath, or over such real estate, the owner shall serve written notice thereof upon the cable television franchisee. Any such notice shall be served within 20 days of the date on which such owner is notified of the cable television franchisee's intention to construct or install cable television facilities in and upon such building, or upon, beneath, or over such real estate. Unless timely notice as herein provided is given by the owner to the cable television franchisee, it will be conclusively presumed that the owner of any such building or real estate does not claim or intend to require a payment of more than \$1 in exchange and as just compensation for permitting the installation of cable television facilities within and upon such building, or upon, beneath, or over such real estate. In any instance in which a

cable television franchisee intends to install cable television facilities as herein provided, written notice of such intention shall be sent by the cable television franchisee to the property owner or to such person, association or managing agent as shall have been appointed or otherwise designated to manage or operate the property. Such notice shall include the address of the property, the name of the cable television franchisee, and information as to the time within which the owner may give notice, demand payment as just compensation and initiate legal proceedings as provided in this subsection ~~subparagraph~~ (c) and subsection ~~subparagraph~~ (d). In any instance in which a community antenna television company intends to install cable television facilities within a residential building containing 12 or more residential units or upon, beneath, or over real estate that is used as a site for 12 or more manufactured housing units, 12 or more mobile homes, or a combination of 12 or more manufactured housing units and mobile homes, the written notice shall further provide that the property owner may require that the community antenna television company submit to the owner written plans identifying the manner in which cable television facilities are to be installed, including the proposed location of coaxial cable. Approval of such plans by the property owner shall not be unreasonably withheld and such owners' consent to and approval of such plans shall be presumed unless, within 30 days after receipt thereof, or in

the case of a condominium association, 90 days after receipt thereof, the property owner identifies in writing the specific manner in which such plans deviate from generally accepted construction or safety standards, and unless the property owner contemporaneously submits an alternative construction plan providing for the installation of cable television facilities in an economically feasible manner. The community antenna television company may proceed with the plans originally submitted if an alternative plan is not submitted by the property owner within 30 days, or in the case of a condominium association, 90 days, or if an alternative plan submitted by the property owner fails to comply with generally accepted construction and safety standards or does not provide for the installation of cable television facilities in an economically feasible manner. For purposes of this subsection, "mobile home" and "manufactured housing unit" have the same meaning as in the Illinois Manufactured Housing and Mobile Home Safety Act.

(d) Any owner of a residential building described in subsection ~~subparagraph~~ (a), and any owner of improved or unimproved real estate described in subsection ~~subparagraph~~ (b), who shall have given timely written notice to the cable television franchisee as provided in subsection ~~subparagraph~~ (c), may assert a claim for just compensation in excess of \$1 for permitting the installation of cable television facilities within and upon such building, or upon, beneath, or over such

real estate. Within 30 days after notice has been given in accordance with subsection ~~subparagraph~~ (c), the owner shall advise the cable television franchisee in writing of the amount claimed as just compensation. If within 60 days after the receipt of the owner's claim, the cable television franchisee has not agreed to pay the amount claimed or some other amount acceptable to the owner, the owner may bring suit to enforce such claim for just compensation in any court of competent jurisdiction and, upon timely demand, may require that the amount of just compensation be determined by a jury. Any such action shall be commenced within 6 months of the notice given by the cable television franchisee pursuant to subsection ~~subparagraph~~ (c) ~~hereof~~. In any action brought to determine such amount, the owner may submit evidence of a decrease in the fair market value of the property occasioned by the installation or location of the cable on the property, that the owner has a specific alternative use for the space occupied by cable television facilities, the loss of which will result in a monetary loss to the owner, or that installation of cable television facilities within and upon such building or upon, beneath or over such real estate otherwise substantially interferes with the use and occupancy of such building to an extent which causes a decrease in the fair market value of such building or real estate.

(e) Neither the giving of a notice by the owner under subsection ~~subparagraph~~ (c), nor the assertion of a specific

claim, nor the initiation of legal action to enforce such claim, as provided under subsection ~~subparagraph~~ (d), shall delay or impair the right of the cable television franchisee to construct or install cable television facilities and maintain cable television services within or upon any building described in subsection ~~subparagraph~~ (a) or upon, beneath, or over real estate described in subsection ~~subparagraph~~ (b).

(f) Notwithstanding the foregoing, no community antenna television company or municipality shall enter upon any real estate or rights-of-way ~~rights of way~~ in the possession or control of any public utility, railroad, or owner or operator of an oil, petroleum product, chemical, or gas pipeline to install or remove cable television facilities or to provide underground maintenance or repair services with respect thereto, prior to delivery to the public utility, railroad, or pipeline owner or operator of written notice of intent to enter, install, maintain, or remove. For the purposes of this subsection (f), and only in the case of real estate or rights-of-way in possession of or in control of a railroad, the right to enter upon includes the installation, construction, operation, repair, maintenance, or removal of wire, cable, fiber, conduit, or related facilities that are at, above, or below grade and that cross the real estate or rights-of-way in a manner that runs generally perpendicular to the railroad tracks or railroad right-of-way. For the purposes of this subsection (f), and only in the case of real estate or

rights-of-way in possession of or in the control of a railroad, the right to enter upon does not apply to wire, cable, fiber, conduit, or related facilities that run along, within, and generally parallel to, but do not cross, the railroad tracks or railroad right-of-way. No entry shall be made until at least 30 days after receipt of such written notice. Such written notice, which shall be delivered to the registered agent of such public utility, railroad, or pipeline owner or operator shall include the following information:

(i) The date of the proposed installation, maintenance, repair, or removal and projected length of time required to complete such installation, maintenance, repair or removal;

(ii) The manner and method of, and the detailed design and construction plans that conform to the applicable published and publicly available American Railway Engineering and Maintenance-of-Way Association standards and the published and publicly available standards for the appropriate railroad for, such installation, maintenance, repair, or removal;

(iii) The location of the proposed entry and path of cable television facilities proposed to be placed, repaired, maintained, or removed upon the real estate or right-of-way ~~right of way~~;

(iv) The written agreement of the community antenna television company to indemnify and hold harmless such

public utility, railroad, or pipeline owner or operator from the costs of any damages directly or indirectly caused by the installation, maintenance, repair, operation, or removal of cable television facilities. Upon request of the public utility, railroad, or owner or operator of an oil, petroleum product, chemical, or gas pipeline, the community antenna television company shall provide proof that it has purchased and will maintain a policy or policies of insurance in amounts sufficient to provide coverage for personal injury and property damage losses caused by or resulting from the installation, maintenance, repair, or removal of cable television facilities. The written agreement shall provide that the community antenna television company shall maintain such policies of insurance in full force and effect as long as cable television facilities remain on the real estate or right-of-way ~~right of way~~; and

(v) A statement, based upon information available to the community antenna television company, confirming that the proposed installation, maintenance, repair, or removal does not create a dangerous condition or threaten public or employee safety and will not adversely impact railroad operations or disrupt vital transportation services.

For purposes of this subsection (f), and only in the case of real estate or rights-of-way in possession of or in control of a railroad, "community antenna television company" includes

a holder, cable operator, or broadband service provider, as those terms are defined in Section 21-201 of the Public Utilities Act.

Within 30 days of receipt of the written prior notice of entry the public utility, railroad, or pipeline owner or operator shall investigate and determine whether or not the proposed entry and installation or repair, maintenance, or removal would create a dangerous condition threatening the safety of the public or the safety of its employees or threatening to cause an interruption of the furnishing of vital transportation, utility, or pipeline services and upon so finding shall so notify the community antenna television company or municipality of such decision in writing. Initial determination of the existence of such a dangerous condition or interruption of services shall be made by the public utility, railroad, or pipeline owner or operator whose real estate or right-of-way ~~right of way~~ is involved. In the event that the community antenna television company or municipality disagrees with such determination, a determination of whether such entry and installation, maintenance, repair, or removal would create such a dangerous condition or interrupt services shall, upon application of the community antenna television company, be made by the Illinois Commerce Commission Transportation Division in accordance with the Commission's Rail Safety Program. An initial written determination of a public utility, railroad, or pipeline owner or operator timely

made and transmitted to the community antenna television company or municipality, in the absence of a determination by the Illinois Commerce Commission Transportation Division, in accordance with the Commission's Rail Safety Program, or a court of competent jurisdiction finding to the contrary, bars the entry of the community antenna television company or municipality upon the real estate or right-of-way ~~right-of-way~~ for any purpose.

Any public utility, railroad or pipeline owner or operator may assert a written claim against any community antenna television company for just compensation within 30 days after written notice has been given in accordance with this subsection ~~subparagraph~~ (f). If, within 60 days after the receipt of such claim for compensation, the community antenna television company has not agreed to the amount claimed or some other amount acceptable to the public utility, railroad, or pipeline owner or operator, the public utility, railroad, or pipeline owner or operator may bring suit to enforce such claim for just compensation in any court of competent jurisdiction and, upon timely demand, may require that the amount of just compensation be determined by a jury. Any such action shall be commenced within 6 months of the notice provided for in this subsection ~~subparagraph~~ (f). In any action brought to determine such just compensation, the public utility, railroad, or pipeline owner or operator may submit such evidence as may be relevant to the issue of just

compensation. Neither the assertion of a claim for compensation nor the initiation of legal action to enforce such claim shall delay or impair the right of the community antenna television company to construct or install cable television facilities upon any real estate or rights-of-way ~~rights-of-way~~ of any public utility, railroad, or pipeline owner or operator.

To the extent that the public utility, railroad, or owner or operator of an oil, petroleum product, chemical, or gas pipeline deems it appropriate to supervise, monitor, or otherwise assist the community antenna television company in connection with the installation, maintenance, repair, or removal of cable television facilities upon such real estate or rights-of-way ~~rights-of-way~~, the community antenna television company shall reimburse the public utility, railroad, or owner or operator of an oil, petroleum product, chemical, or gas pipeline for costs reasonable and actually incurred in connection therewith.

The provisions of this subsection ~~subparagraph~~ (f) shall not be applicable to any easements, rights-of-way, ~~rights-of-way~~ or ways for public service facilities in which public utilities, other than railroads, have any interest pursuant to the Plat Act ~~"An Act to revise the law in relation to plats", approved March 21, 1874, as amended,~~ and all ordinances enacted pursuant thereto. Such easements, rights-of-way ~~rights-of-way~~, and ways for public service facilities are hereby

declared to be apportionable and upon written request by a community antenna television company, public utilities shall make such easements, rights-of-way, ~~rights of way~~ and ways for public service facilities available for the construction, maintenance, repair, or removal of cable television facilities provided that such construction, maintenance, repair, or removal does not create a dangerous condition threatening the safety of the public or the safety of such public utility employees or threatening to cause an interruption of the furnishing of vital utility service. Initial determination of the existence of such a dangerous condition or interruption of services shall be made by the public utility whose easement, right-of-way, ~~right of way~~ or way for public service facility is involved. In the event the community antenna television company or municipality disagrees with such determination, a determination of whether such construction, maintenance, repair, or removal would create such a dangerous condition or threaten to interrupt vital utility services, shall be made by a court of competent jurisdiction upon the application of such community antenna television company.

If a municipality notifies or a municipality requires a developer to notify a public utility before or after issuing a permit or other authorization for the construction of residential buildings, then the municipality or developer shall, at the same time, similarly notify any community antenna television system franchised by or within that

municipality.

In addition to such other notices as may be required by this subsection ~~subparagraph~~ (f), a community antenna television company or municipality shall not enter upon the real estate or rights-of-way ~~rights-of-way~~ of any public utility, railroad or pipeline owner or operator for the purposes of above-ground maintenance or repair of its television cable facilities without giving 96 hours prior written notice to the registered agent of the public utility, railroad or pipeline owner or operator involved, or in the case of a public utility, notice may be given through the statewide one-call notice system provided for by General Order of the Illinois Commerce Commission or, if in Chicago, through the system known as the Chicago Utility Alert Network.

(65 ILCS 5/11-101-3)

Sec. 11-101-3. Noise mitigation; air quality.

(a) A municipality that has implemented a Residential

Sound Insulation Program to mitigate aircraft noise shall perform indoor air quality monitoring and laboratory analysis of windows and doors installed pursuant to the Residential Sound Insulation Program to determine whether there are any adverse health impacts associated with off-gassing from such windows and doors. Such monitoring and analysis shall be consistent with applicable professional and industry standards. The municipality shall make any final reports resulting from such monitoring and analysis available to the public on the municipality's website. The municipality shall develop a science-based mitigation plan to address significant health-related impacts, if any, associated with such windows and doors as determined by the results of the monitoring and analysis. In a municipality that has implemented a Residential Sound Insulation Program to mitigate aircraft noise, if requested by the homeowner pursuant to a process established by the municipality, which process shall include, at a minimum, notification in a newspaper of general circulation and a mailer sent to every address identified as a recipient of windows and doors installed under the Residential Sound Insulation Program, the municipality shall replace all windows and doors installed under the Residential Sound Insulation Program in such homes where one or more windows or doors have been found to have caused offensive odors. Subject to appropriation, the municipality shall replace windows and doors in at least 750 residences a year. Residents who altered

or modified a replacement window or accepted a replacement screen for the window shall not be disqualified from compensation or future services. Only those homeowners who request that the municipality perform an odor inspection as prescribed by the process established by the municipality within 6 months of notification being published and mailers being sent shall be eligible for odorous window and odorous door replacement. Residents who are eligible to receive replacement windows shall be allowed to choose the color and type of replacement window. For purposes of aiding in the selection of such replacement windows, a showcase and display of available replacement window types shall be established and located at Chicago Midway International Airport. Homes that have been identified by the municipality as having odorous windows or doors are not required to make said request to the municipality. The right to make a claim for replacement and have it considered pursuant to this Section shall not be affected by the fact of odor-related claims made or odor-related products received pursuant to the Residential Sound Insulation Program prior to June 5, 2019 (the effective date of this Section). The municipality shall also perform in-home air quality testing in residences in which windows and doors are replaced under this Section. In order to receive in-home air quality testing, a homeowner must request such testing from the municipality, and the total number of homes tested in any given year shall not exceed 25% of the total

number of homes in which windows and doors were replaced under this Section in the prior calendar year.

(b) An advisory committee shall be formed, composed of the following: (i) 2 members of the municipality who reside in homes that have received windows or doors pursuant to the Residential Sound Insulation Program and have been identified by the municipality as having odorous windows or doors, appointed by the Secretary of Transportation; (ii) one employee of the Aeronautics Division of the Department of Transportation who shall only cast votes when breaking a tie; (iii) 2 employees of the municipality that implemented the Residential Sound Insulation Program in question; and (iv) 2 members appointed by the Speaker of the House of Representatives, 2 members appointed by the President of the Senate, one member appointed by the Minority Leader of the House of Representatives, and one member appointed by the Minority Leader of the Senate. The advisory committee shall determine by majority vote which homes contain windows or doors that cause offensive odors and thus are eligible for replacement, shall promulgate a list of such homes, and shall develop recommendations as to the order in which homes are to receive window replacement. The recommendations shall include reasonable and objective criteria for determining which windows or doors are odorous, consideration of the date of odor confirmation for prioritization, severity of odor, geography and individual hardship, and shall provide such

recommendations to the municipality. The advisory committee shall develop a process in which homeowners can demonstrate extreme hardship. As used in this subsection, "extreme hardship" means: liquid infiltration of the window or door; health and medical condition of the resident; and residents with sensitivities related to smell. At least 10% of the homes receiving a replacement in a year shall be homes that have demonstrated extreme hardship. The advisory committee shall compile a report demonstrating: (i) the number of homes in line to receive a replacement; (ii) the number of homes that received replacement windows or doors, or both; (iii) the number of homes that received financial compensation instead of a replacement; and (iv) the number of homes with confirmed mechanical issues. Until December 31, 2022, the report shall be compiled monthly, after December 31, 2022, the report shall be compiled ~~compiled~~ quarterly. The advisory committee shall accept all public questions and furnish a written response within 2 business days. The advisory committee shall comply with the requirements of the Open Meetings Act. The Chicago Department of Aviation shall provide administrative support to the committee. The municipality shall consider the recommendations of the committee but shall retain final decision-making authority over replacement of windows and doors installed under the Residential Sound Insulation Program, and shall comply with all federal, State, and local laws involving procurement. A municipality administering

claims pursuant to this Section shall provide to every address identified as having submitted a valid claim under this Section a quarterly report setting forth the municipality's activities undertaken pursuant to this Section for that quarter. However, the municipality shall replace windows and doors pursuant to this Section only if, and to the extent, grants are distributed to, and received by, the municipality from the Sound-Reducing Windows and Doors Replacement Fund for the costs associated with the replacement of sound-reducing windows and doors installed under the Residential Sound Insulation Program pursuant to Section 6z-20.1 of the State Finance Act. In addition, the municipality shall revise its specifications for procurement of windows for the Residential Sound Insulation Program to address potential off-gassing from such windows in future phases of the program. A municipality subject to the Section shall not legislate or otherwise regulate with regard to indoor air quality monitoring, laboratory analysis or replacement requirements, except as provided in this Section, but the foregoing restriction shall not limit said municipality's taxing power.

(c) A home rule unit may not regulate indoor air quality monitoring and laboratory analysis, and related mitigation and mitigation plans, in a manner inconsistent with this Section. This Section is a limitation of home rule powers and functions under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule

units of powers and functions exercised by the State.

(d) This Section shall not be construed to create a private right of action.

Section 370. The River Edge Redevelopment Zone Act is amended by changing Section 10-5.4 as follows:

(65 ILCS 115/10-5.4)

Sec. 10-5.4. Amendment and decertification of River Edge Redevelopment Zones.

(a) The terms of a certified zone designating ordinance may be amended to:

- (1) alter the boundaries of the Zone;
- (2) expand, limit or repeal tax incentives or benefits provided in the ordinance;
- (3) alter the termination date of the zone; or
- (4) make technical corrections in the river edge redevelopment zone designating ordinance.

An amendment shall not be effective unless the Department issues an amended certificate for the River Edge Redevelopment Zone, approving the amended designating ordinance. Upon the adoption of any ordinance amending or repealing the terms of a certified river edge redevelopment zone designating ordinance, the municipality shall promptly file with the Department an application for approval thereof, containing substantially the same information as required for an application under Section 10-5.1 insofar as material to the proposed changes. The municipality must hold a public hearing on the proposed

changes as specified in Section 10-5 and, if the amendment is to effectuate the limitation of tax abatements under Section 10-5.4.1, then the public notice of the hearing shall state that property that is in both the zone and a redevelopment project area may not receive tax abatements unless within 60 days after the adoption of the amendment to the designating ordinance the municipality has determined that eligibility for tax abatements has been established.

(b) The Department shall approve or disapprove a proposed amendment to a certified zone within 90 days after its receipt of the application from the municipality. The Department may not approve changes in a Zone that are not in conformity with this Act, as now or hereafter amended, or with other applicable laws. If the Department issues an amended certificate for a Zone, the amended certificate, together with the amended zone designating ordinance, shall be filed, recorded, and transmitted as provided in Section 10-5.3.

(c) A River Edge Redevelopment Zone may be decertified by joint action of the Department and by the municipality in which the River Edge Redevelopment ~~Development~~ Zone is located. The designating municipality shall conduct at least one public hearing within the zone prior to its adoption of an ordinance of decertification. The mayor of the designating municipality shall execute a joint decertification agreement with the Department. A decertification of a River Edge Redevelopment Zone that was initiated by the joint action of

the Department and one or more of the municipalities in which the zone is located shall not become effective until at least 6 months after the execution of the decertification agreement, which shall be filed in the office of the Secretary of State.

(d) A River Edge Redevelopment Zone may be decertified for cause by the Department in accordance with this Section. Prior to decertification:

(1) the Department shall notify the chief elected official of the designating municipality in writing of the specific deficiencies that provide cause for decertification;

(2) the Department shall place the designating municipality on probationary status for at least 6 months during which time corrective action may be achieved in the zone by the designating municipality; and

(3) the Department shall conduct at least one public hearing within the zone.

If such corrective action is not achieved during the probationary period, the Department shall issue an amended certificate signed by the Director of the Department decertifying the zone, which certificate shall be filed in the office of the Secretary of State. A certified copy of the amended certificate, or a duplicate original thereof, shall be recorded in the office of recorder of the county in which the River Edge Redevelopment Zone lies, and shall be provided to the chief elected official of the designating municipality.

Decertification of a River Edge Redevelopment Zone for cause shall not become effective until 60 days after the date of filing.

(e) In the event of a decertification, an amendment reducing the length of the term or the area of a River Edge Redevelopment Zone, or the adoption of an ordinance reducing or eliminating tax benefits in a zone, all benefits previously extended within the zone pursuant to this Act or pursuant to any other Illinois law providing benefits specifically to or within River Edge Redevelopment Zones shall remain in effect for the original stated term of the zone, with respect to business enterprises within the zone on the effective date of such decertification or amendment.

(f) With respect to a business enterprise (or expansion thereof) that is proposed or under development within a zone at the time of a decertification or an amendment reducing the length of the term of the zone, or excluding from the zone area the site of the proposed enterprise, or an ordinance reducing or eliminating tax benefits in a zone, such business enterprise is entitled to the benefits previously applicable within the zone for the original stated term of the zone, if the business enterprise establishes:

(i) that the proposed business enterprise or expansion has been committed to be located within the zone;

(ii) that substantial and binding financial obligations have been made towards the development of such

enterprise; and

(iii) that such commitments have been made in reasonable reliance on the benefits and programs which were to have been applicable to the enterprise by reason of the zone, including in the case of a reduction in term of a zone, the original length of the term.

In declaratory judgment actions under this subsection, the Department and the designating municipality shall be necessary parties defendant.

Section 375. The Metropolitan Pier and Exposition Authority Act is amended by changing Section 25.3 as follows:

(70 ILCS 210/25.3) (from Ch. 85, par. 1245.3)

Sec. 25.3. (a) No person who is a member of the Board, a Trustee appointed under Section 22, or an officer or employee of the Authority, may be in any manner interested, either directly or indirectly, in his own name or in the name of any other person, partnership, association, trust, or corporation, including any corporation subject to the ~~"The Medical Corporation Act", as now or hereafter amended,~~ and any professional corporation organized under the ~~"The Professional Service Corporation Act", as now or hereafter amended,~~ or organized under any similar law of a sister state applicable to any such corporation, in any contract or the performance of

any work of the Authority. No such person may represent, either professionally or as agent or otherwise, any person, partnership, association, trust, or corporation, including any corporation subject to the ~~"The Medical Corporation Act", as now or hereafter amended,~~ and any professional corporation organized under the ~~"The Professional Service Corporation Act", as now or hereafter amended,~~ or organized under any similar law of a sister state applicable to any such corporation, with respect to any application or bid for any contract or work in regard to which such person may be called upon to vote. Nor may any such person take or receive, or offer to take or receive, either directly or indirectly, any money or other thing of value as a gift or bribe or means of influencing his vote or action in his official character. Any contract made and procured in violation hereof is void. Each person who at any time within 2 years prior to November 15, 1985 (the effective date of Public Act 84-1027) ~~this amendatory Act of 1985~~ was a member of the Board and who at any time after so becoming a member ceased to be a member of the Board shall in all respects continue to be governed by and subject to the provisions of this subsection (a) for a period of 2 years from and after the date on which he last ceased or ceases to be a member of such Board. In addition, the provisions of this subsection (a) shall continue to apply equally and in all respects to each person who becomes a member of the Board on or after November 15, 1985 (the effective date

of Public Act 84-1027) ~~this amendatory Act of 1985~~ and who thereafter ceases to be a member of the Board, and to any Trustee appointed under Section 22 who ceases to be the Trustee, for a period of 2 years from and after the date on which he ceases to be a member of the Board or to be the Trustee. The foregoing provisions of this subsection (a) shall not apply to render void or to interfere with the performance of any contract of the Authority entered into and in effect prior to November 15, 1985 (the effective date of Public Act 84-1027) ~~this amendatory Act of 1985~~.

However any such person may provide materials, merchandise, property, services or labor, if:

(1) the contract is with a person, firm, partnership, association, corporation, or cooperative association in which such interested person has less than a 7 1/2% share in the ownership; and

(2) such interested person publicly discloses the nature and extent of his interest prior to or during deliberations concerning the proposed award of the contract; and

(3) such interested person, if a Board member, abstains from voting on the award of the contract, though he shall be considered present for the purposes of establishing a quorum; and

(4) such contract is approved by a majority vote of those members presently holding office; and

(5) the contract is awarded after sealed bids to the lowest responsible bidder if the amount of the contract exceeds \$1500, or awarded without bidding if the amount of the contract is less than \$1500; and

(6) the award of the contract would not cause the aggregate amount of all such contracts so awarded to the same person, firm, association, partnership, corporation, or cooperative association in the same fiscal year to exceed \$25,000.

In addition to the above exemption, any such person may provide materials, merchandise, property, services, or labor if:

(1) the award of the contract is approved by a majority vote of the Board provided that any such interested member shall abstain from voting; and

(2) the amount of the contract does not exceed \$1000; and

(3) the award of the contract would not cause the aggregate amount of all such contracts so awarded to the same person, firm, association, partnership, corporation, or cooperative association in the same fiscal year to exceed \$2000; and

(4) such person publicly discloses the nature and extent of his interest prior to or during deliberations concerning the proposed award of the contract; and

(5) such person abstains from voting on the award of

the contract, though he shall be considered present for the purposes of establishing a quorum.

A contract for the procurement of public utility services with a public utility company is not barred by this Section by any such person being an officer or employee of the public utility company or holding an ownership interest of no more than 7 1/2% in the public utility company. Any such person having such an interest shall be deemed not to have a prohibited interest under this Section.

(b) Before any contract relating to the ownership or use of real property is entered into by and between the Authority the identity of every owner and beneficiary having any interest, real or personal, in such property, and every shareholder entitled to receive more than 7 1/2% of the total distributable income of any corporation having any interest, real or personal, in such property must be disclosed. The disclosure shall be in writing and shall be subscribed by an owner, authorized trustee, corporate official, or managing agent under oath. However, if stock in a corporation is publicly traded and there is no readily known individual having greater than a 7 1/2% interest, then a statement to that effect, subscribed to under oath by an officer of the corporation or its managing agent, shall fulfill the disclosure statement requirement of this Section. This Section shall be liberally construed to accomplish the purpose of requiring the identification of the actual parties benefiting

from any transaction with the Authority involving the procurement of the ownership or use of real property thereby.

(c) Nothing contained in this Section, including the restrictions set forth in subsection (a) ~~above~~, shall preclude a contract of deposit of monies, loans, or other financial services by the Authority with a local bank or local savings and loan association, regardless of whether former Board members, Board members, or officers or employees of the Authority are interested in such bank or savings and loan association as a director, an officer or employee, or ~~as~~ a holder of less than 7 1/2% of the total ownership interest. Any such person holding such an interest in such a contract shall not be deemed to be holding a prohibited interest for purposes of this Act. Any such person must publicly state the nature and extent of their interest during deliberations concerning the proposed award of such a contract, but shall not participate in any further deliberations concerning the proposed award. Such interested member or members shall not vote on such proposed award. Any Board member or members abstaining from participation in deliberations and voting under this Section may be considered present for purposes of establishing a quorum. Award of such a contract shall require approval by a majority vote of those members presently holding office. Consideration and award of any such contract in which a member or members are interested may only be made at a regularly scheduled public meeting of the Board.

(d) Any member of the Board, officer or employee of the Authority, or other person, who violates any provision of this Section, is guilty of a Class 4 felony and in addition thereto, any office or official position held by any person so convicted shall become vacant, and shall be so declared as part of the judgment of court.

Section 380. The Park District Code is amended by changing Section 8-1 as follows:

(70 ILCS 1205/8-1)

Sec. 8-1. General corporate powers. Every park district shall, from the time of its organization, be a body corporate and politic by the name set forth in the petition for its organization, the specific name set forth in this Code, or the name it may adopt under Section 8-9 and shall have and exercise the following powers:

(a) To adopt a corporate seal and alter the same at pleasure; to sue and be sued; and to contract in furtherance of any of its corporate purposes.

(b) (1) To acquire by gift, legacy, grant or purchase, or by condemnation in the manner provided for the exercise of the power of eminent domain under the Eminent Domain Act, any and all real estate, or rights therein necessary for building, laying out, extending, adorning and

maintaining any such parks, boulevards and driveways, or for effecting any of the powers or purposes granted under this Code as its board may deem proper, whether such lands be located within or without such district; but no park district, except as provided in paragraph (2) of this subsection, shall have any power of condemnation in the manner provided for the exercise of the power of eminent domain under the Eminent Domain Act or otherwise as to any real estate, lands, riparian rights or estate, or other property situated outside of such district, but shall only have power to acquire the same by gift, legacy, grant or purchase, and such district shall have the same control of and power over lands so acquired without the district as over parks, boulevards and driveways within such district.

(2) In addition to the powers granted in paragraph (1) of subsection (b), a park district located in more than one county, the majority of its territory located in a county over 450,000 in population and none of its territory located in a county over 1,000,000 in population, shall have condemnation power in the manner provided for the exercise of the power of eminent domain under the Eminent Domain Act or as otherwise granted by law as to any and all real estate situated up to one mile outside of such district which is not within the boundaries of another park district.

(c) To acquire by gift, legacy or purchase any

personal property necessary for its corporate purposes provided that all contracts for supplies, materials, or work involving an expenditure in excess of \$60,000 for supplies or materials and \$30,000 for work, or a lower amount for any contract for supplies, material, or work if required by board policy, shall be let to the lowest responsible bidder after due advertisement. No district shall be required to accept a bid that does not meet the district's established specifications, terms of delivery, quality, and serviceability requirements. Contracts which, by their nature, are not adapted to award by competitive bidding, such as contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part, contracts for the printing of finance committee reports and departmental reports, contracts for the printing or engraving of bonds, tax warrants and other evidences of indebtedness, contracts for utility services such as water, light, heat, telephone or telegraph, contracts for fuel (such as diesel, gasoline, oil, aviation, or propane), lubricants, or other petroleum products, contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, or services, contracts for duplicating machines and supplies, contracts for goods

or services procured from another governmental agency, purchases of equipment previously owned by some entity other than the district itself, and contracts for the purchase of magazines, books, periodicals, pamphlets and reports are not subject to competitive bidding. Contracts for emergency expenditures are also exempt from competitive bidding when the emergency expenditure is approved by 3/4 of the members of the board.

All competitive bids for contracts involving an expenditure in excess of \$60,000 for supplies or materials and \$30,000 for work, or a lower amount for any contract for supplies, material, or work if required by board policy, must be sealed by the bidder and must be opened by a member or employee of the park board at a public bid opening at which the contents of the bids must be announced. Each bidder must receive at least 3 days notice of the time and place of the bid opening.

For purposes of this subsection, "due advertisement" includes, but is not limited to, at least one public notice at least 10 days before the bid date in a newspaper published in the district or, if no newspaper is published in the district, in a newspaper of general circulation in the area of the district.

(d) To pass all necessary ordinances, rules and regulations for the proper management and conduct of the business of the board and district and to establish by

ordinance all needful rules and regulations for the government and protection of parks, boulevards and driveways and other property under its jurisdiction, and to effect the objects for which such districts are formed.

(e) To prescribe such fines and penalties for the violation of ordinances as it shall deem proper not exceeding \$1,000 for any one offense, which fines and penalties may be recovered by an action in the name of such district in the circuit court for the county in which such violation occurred. The park district may also seek in the action, in addition to or instead of fines and penalties, an order that the offender be required to make restitution for damage resulting from violations, and the court shall grant such relief where appropriate. The procedure in such actions shall be the same as that provided by law for like actions for the violation of ordinances in cities organized under the general laws of this State, and offenders may be imprisoned for non-payment of fines and costs in the same manner as in such cities. All fines when collected shall be paid into the treasury of such district.

(f) To manage and control all officers and property of such districts and to provide for joint ownership with one or more cities, villages or incorporated towns of real and personal property used for park purposes by one or more park districts. In case of joint ownership, the terms of

the agreement shall be fair, just and equitable to all parties and shall be set forth in a written agreement entered into by the corporate authorities of each participating district, city, village or incorporated town.

(g) To secure grants and loans, or either, from the United States Government, or any agency or agencies thereof, for financing the acquisition or purchase of any and all real estate, or rights therein, or for effecting any of the powers or purposes granted under this Code as its Board may deem proper.

(h) To establish fees for the use of facilities and recreational programs of the districts and to derive revenue from non-resident fees from their operations. Fees charged non-residents of such district need not be the same as fees charged to residents of the district. Charging fees or deriving revenue from the facilities and recreational programs shall not affect the right to assert or utilize any defense or immunity, common law or statutory, available to the districts or their employees.

(i) To make contracts for a term exceeding one year, but not to exceed 3 years, notwithstanding any provision of this Code to the contrary, relating to: (1) the employment of a park director, superintendent, administrator, engineer, health officer, land planner, finance director, attorney, police chief, or other officer

who requires technical training or knowledge; (2) the employment of outside professional consultants such as engineers, doctors, land planners, auditors, attorneys, or other professional consultants who require technical training or knowledge; (3) the provision of data processing equipment and services; and (4) the purchase of energy from a utility or an alternative retail electric supplier. Section 390. The Regional Transportation Authority Act is amended by changing Sections 4.01 and 4.09 as follows:

(70 ILCS 3615/4.01)

(Text of Section before amendment by P.A. 104-457)

Sec. 4.01. Budget and program.

(a) The Board shall control the finances of the Authority. It shall by ordinance adopted by the affirmative vote of at least 12 of its then Directors (i) appropriate money to perform the Authority's purposes and provide for payment of debts and expenses of the Authority, (ii) take action with respect to the budget and two-year financial plan of each Service Board, as provided in Section 4.11, and (iii) adopt an Annual Budget and Two-Year Financial Plan for the Authority that includes the annual budget and two-year financial plan of each Service Board that has been approved by the Authority. The Annual Budget and Two-Year Financial Plan shall contain a statement of the funds estimated to be on hand for the Authority and each Service Board at the beginning of the fiscal year, the funds estimated to be received from all sources for such year, the estimated expenses and obligations of the Authority and each Service Board for all purposes, including expenses for contributions to be made with respect to pension and other employee benefits, and the funds estimated to be on hand at the end of such year. The fiscal year of the Authority and each Service Board shall begin on January 1st and end on the succeeding December 31st. By July 1st of each year the Director of the Illinois Governor's Office of Management and Budget (formerly Bureau of the

Budget) shall submit to the Authority an estimate of revenues for the next fiscal year of the Authority to be collected from the taxes imposed by the Authority and the amounts to be available in the Public Transportation Fund and the Regional Transportation Authority Occupation and Use Tax Replacement Fund and the amounts otherwise to be appropriated by the State to the Authority for its purposes. The Authority shall file a copy of its Annual Budget and Two-Year Financial Plan with the General Assembly and the Governor after its adoption. Before the proposed Annual Budget and Two-Year Financial Plan is adopted, the Authority shall hold at least one public hearing thereon in the metropolitan region, and shall meet with the county board or its designee of each of the several counties in the metropolitan region. After conducting such hearings and holding such meetings and after making such changes in the proposed Annual Budget and Two-Year Financial Plan as the Board deems appropriate, the Board shall adopt its annual appropriation and Annual Budget and Two-Year Financial Plan ordinance. The ordinance may be adopted only upon the affirmative votes of 12 of its then Directors. The ordinance shall appropriate such sums of money as are deemed necessary to defray all necessary expenses and obligations of the Authority, specifying purposes and the objects or programs for which appropriations are made and the amount appropriated for each object or program. Additional appropriations, transfers between items and other changes in such ordinance may be made

from time to time by the Board upon the affirmative votes of 12 of its then Directors.

(b) The Annual Budget and Two-Year Financial Plan shall show a balance between anticipated revenues from all sources and anticipated expenses including funding of operating deficits or the discharge of encumbrances incurred in prior periods and payment of principal and interest when due, and shall show cash balances sufficient to pay with reasonable promptness all obligations and expenses as incurred.

The Annual Budget and Two-Year Financial Plan must show:

(i) that the level of fares and charges for mass transportation provided by, or under grant or purchase of service contracts of, the Service Boards is sufficient to cause the aggregate of all projected fare revenues from such fares and charges received in each fiscal year to equal at least 50% of the aggregate costs of providing such public transportation in such fiscal year. However, due to the fiscal impacts of the COVID-19 pandemic, the aggregate of all projected fare revenues from such fares and charges received in fiscal years 2021, 2022, 2023, 2024, 2025, and 2026 may be less than 50% of the aggregate costs of providing such public transportation in those fiscal years. "Fare revenues" include the proceeds of all fares and charges for services provided, contributions received in connection with public transportation from units of local government other than the Authority, except

for contributions received by the Chicago Transit Authority from a real estate transfer tax imposed under subsection (i) of Section 8-3-19 of the Illinois Municipal Code, and from the State pursuant to subsection (i) of Section 2705-305 of the Department of Transportation Law (20 ILCS 2705/2705-305), and all other operating revenues properly included consistent with generally accepted accounting principles but do not include: the proceeds of any borrowings, and, beginning with the 2007 fiscal year, all revenues and receipts, including but not limited to fares and grants received from the federal, State or any unit of local government or other entity, derived from providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act. "Costs" include all items properly included as operating costs consistent with generally accepted accounting principles, including administrative costs, but do not include: depreciation; payment of principal and interest on bonds, notes or other evidences of obligation for borrowed money issued by the Authority; payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20 of this Act; any payments with respect to rate protection contracts, credit enhancements or liquidity agreements made under Section 4.14; any other cost to which it is reasonably expected that a cash expenditure will not be made; costs for passenger security

including grants, contracts, personnel, equipment and administrative expenses, except in the case of the Chicago Transit Authority, in which case the term does not include costs spent annually by that entity for protection against crime as required by Section 27a of the Metropolitan Transit Authority Act; the payment by the Chicago Transit Authority of Debt Service, as defined in Section 12c of the Metropolitan Transit Authority Act, on bonds or notes issued pursuant to that Section; the payment by the Commuter Rail Division of debt service on bonds issued pursuant to Section 3B.09; expenses incurred by the Suburban Bus Division for the cost of new public transportation services funded from grants pursuant to Section 2.01e of this amendatory Act of the 95th General Assembly for a period of 2 years from the date of initiation of each such service; costs as exempted by the Board for projects pursuant to Section 2.09 of this Act; or, beginning with the 2007 fiscal year, expenses related to providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act; and in fiscal years 2008 through 2012 inclusive, costs in the amount of \$200,000,000 in fiscal year 2008, reducing by \$40,000,000 in each fiscal year thereafter until this exemption is eliminated; and

(ii) that the level of fares charged for ADA paratransit services is sufficient to cause the aggregate

of all projected revenues from such fares charged and received in each fiscal year to equal at least 10% of the aggregate costs of providing such ADA paratransit services. However, due to the fiscal impacts of the COVID-19 pandemic, the aggregate of all projected fare revenues from such fares and charges received in fiscal years 2021, 2022, 2023, 2024, 2025, and 2026 may be less than 10% of the aggregate costs of providing such ADA paratransit services in those fiscal years. For purposes of this Act, the percentages in this subsection (b)(ii) shall be referred to as the "system generated ADA paratransit services revenue recovery ratio". For purposes of the system generated ADA paratransit services revenue recovery ratio, "costs" shall include all items properly included as operating costs consistent with generally accepted accounting principles. However, the Board may exclude from costs an amount that does not exceed the allowable "capital costs of contracting" for ADA paratransit services pursuant to the Federal Transit Administration guidelines for the Urbanized Area Formula Program.

The Authority shall file a statement certifying that the Service Boards published the data described in subsection (b-5) with the General Assembly and the Governor after adoption of the Annual Budget and Two-Year Financial Plan required by subsection (a). If the Authority fails to file a

statement certifying publication of the data, then the appropriations to the Department of Transportation for grants to the Authority intended to reimburse the Service Boards for providing free and reduced fares shall be withheld.

(b-5) For fiscal years 2024 and 2025, the Service Boards must publish a monthly comprehensive set of data regarding transit service and safety. The data included shall include information to track operations including:

(1) staffing levels, including numbers of budgeted positions, current positions employed, hired staff, attrition, staff in training, and absenteeism rates;

(2) scheduled service and delivered service, including percentage of scheduled service delivered by day, service by mode of transportation, service by route and rail line, total number of revenue miles driven, excess wait times by day, by mode of transportation, by bus route, and by stop; and

(3) safety on the system, including the number of incidents of crime and code of conduct violations on system, any performance measures used to evaluate the effectiveness of investments in private security, safety equipment, and other security investments in the system. If no performance measures exist to evaluate the effectiveness of these safety investments, the Service Boards and Authority shall develop and publish these performance measures.

The Authority and Service Boards shall solicit input and ideas on publishing data on the service reliability, operations, and safety of the system from the public and groups representing transit riders, workers, and businesses.

(c) The actual administrative expenses of the Authority for the fiscal year commencing January 1, 1985 may not exceed \$5,000,000. The actual administrative expenses of the Authority for the fiscal year commencing January 1, 1986, and for each fiscal year thereafter shall not exceed the maximum administrative expenses for the previous fiscal year plus 5%. "Administrative expenses" are defined for purposes of this Section as all expenses except: (1) capital expenses and purchases of the Authority on behalf of the Service Boards; (2) payments to Service Boards; and (3) payment of principal and interest on bonds, notes or other evidence of obligation for borrowed money issued by the Authority; (4) costs for passenger security including grants, contracts, personnel, equipment and administrative expenses; (5) payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20 of this Act; and (6) any payments with respect to rate protection contracts, credit enhancements or liquidity agreements made pursuant to Section 4.14.

(d) This subsection applies only until the Department begins administering and enforcing an increased tax under Section 4.03(m) as authorized by this amendatory Act of the

95th General Assembly. After withholding 15% of the proceeds of any tax imposed by the Authority and 15% of money received by the Authority from the Regional Transportation Authority Occupation and Use Tax Replacement Fund, the Board shall allocate the proceeds and money remaining to the Service Boards as follows: (1) an amount equal to 85% of the proceeds of those taxes collected within the City of Chicago and 85% of the money received by the Authority on account of transfers to the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund attributable to retail sales within the City of Chicago shall be allocated to the Chicago Transit Authority; (2) an amount equal to 85% of the proceeds of those taxes collected within Cook County outside the City of Chicago and 85% of the money received by the Authority on account of transfers to the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund attributable to retail sales within Cook County outside of the city of Chicago shall be allocated 30% to the Chicago Transit Authority, 55% to the Commuter Rail Board and 15% to the Suburban Bus Board; and (3) an amount equal to 85% of the proceeds of the taxes collected within the Counties of DuPage, Kane, Lake, McHenry and Will shall be allocated 70% to the Commuter Rail Board and 30% to the Suburban Bus Board.

(e) This subsection applies only until the Department begins administering and enforcing an increased tax under

Section 4.03(m) as authorized by this amendatory Act of the 95th General Assembly. Moneys received by the Authority on account of transfers to the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund shall be allocated among the Authority and the Service Boards as follows: 15% of such moneys shall be retained by the Authority and the remaining 85% shall be transferred to the Service Boards as soon as may be practicable after the Authority receives payment. Moneys which are distributable to the Service Boards pursuant to the preceding sentence shall be allocated among the Service Boards on the basis of each Service Board's distribution ratio. The term "distribution ratio" means, for purposes of this subsection (e) of this Section 4.01, the ratio of the total amount distributed to a Service Board pursuant to subsection (d) of Section 4.01 for the immediately preceding calendar year to the total amount distributed to all of the Service Boards pursuant to subsection (d) of Section 4.01 for the immediately preceding calendar year.

(f) To carry out its duties and responsibilities under this Act, the Board shall employ staff which shall: (1) propose for adoption by the Board of the Authority rules for the Service Boards that establish (i) forms and schedules to be used and information required to be provided with respect to a five-year capital program, annual budgets, and two-year financial plans and regular reporting of actual results

against adopted budgets and financial plans, (ii) financial practices to be followed in the budgeting and expenditure of public funds, (iii) assumptions and projections that must be followed in preparing and submitting its annual budget and two-year financial plan or a five-year capital program; (2) evaluate for the Board public transportation programs operated or proposed by the Service Boards and transportation agencies in terms of the goals and objectives set out in the Strategic Plan; (3) keep the Board and the public informed of the extent to which the Service Boards and transportation agencies are meeting the goals and objectives adopted by the Authority in the Strategic Plan; and (4) assess the efficiency or adequacy of public transportation services provided by a Service Board and make recommendations for change in that service to the end that the moneys available to the Authority may be expended in the most economical manner possible with the least possible duplication.

(g) All Service Boards, transportation agencies, comprehensive planning agencies, including the Chicago Metropolitan Agency for Planning, or transportation planning agencies in the metropolitan region shall furnish to the Authority such information pertaining to public transportation or relevant for plans therefor as it may from time to time require. The Executive Director, or his or her designee, shall, for the purpose of securing any such information necessary or appropriate to carry out any of the powers and

responsibilities of the Authority under this Act, have access to, and the right to examine, all books, documents, papers or records of a Service Board or any transportation agency receiving funds from the Authority or Service Board, and such Service Board or transportation agency shall comply with any request by the Executive Director, or his or her designee, within 30 days or an extended time provided by the Executive Director.

(h) No Service Board shall undertake any capital improvement which is not identified in the Five-Year Capital Program.

(i) Each Service Board shall furnish to the Board access to its financial information including, but not limited to, audits and reports. The Board shall have real-time access to the financial information of the Service Boards; however, the Board shall be granted read-only access to the Service Board's financial information.

(b-5) Each fiscal year, the Service Boards must publish a monthly comprehensive set of data regarding transit service and safety. The data included shall include information to track operations including:

The Authority and Service Boards shall solicit input and ideas on publishing data on the service reliability, operations, and safety of the system from the public and groups representing transit riders, workers, and businesses.

After withholding 15% of the proceeds of any tax imposed by the Authority and 15% of money received by the Authority from the Northern Illinois Transit Authority Occupation and Use Tax Replacement Fund, the Board shall allocate the proceeds and money remaining to the Service Boards as follows: (1) an amount equal to 85% of the proceeds of those taxes collected within the City of Chicago and 85% of the money received by the Authority on account of transfers to the Northern Illinois Transit Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund attributable to retail sales within the City of Chicago shall be allocated to the Chicago Transit Authority; (2) an amount equal to 85% of the proceeds of those taxes collected within Cook County outside the City of Chicago and 85% of the money received by the Authority on account of transfers to the Northern Illinois Transit Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund attributable to retail sales within Cook County outside

The term "distribution ratio" means, for purposes of this subsection (e) of this Section 4.01, the ratio of the total amount distributed to a Service Board pursuant to subsection (d) of Section 4.01 for the immediately preceding calendar year to the total amount distributed to all of the Service

The Executive Director, or his or her designee, shall, for the purpose of securing any such information necessary or appropriate to carry out any of the powers and responsibilities of the Authority under this Act, have access to, and the right to examine, all books, documents, papers or records of a Service Board or any Transportation Agency receiving funds from the Authority or Service Board, and such Service Board or Transportation Agency shall comply with any request by the Executive Director, or his or her designee, within 30 days or an extended time provided by the Executive Director.

(a)(1) Except as otherwise provided in paragraph (4), as soon as possible after the first day of each month, beginning July 1, 1984, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to a special fund in the State Treasury to be known as the Public Transportation

Fund an amount equal to 25% of the net revenue, before the deduction of the serviceman and retailer discounts pursuant to Section 9 of the Service Occupation Tax Act and Section 3 of the Retailers' Occupation Tax Act, realized from any tax imposed by the Authority pursuant to Sections 4.03 and 4.03.1 and 25% of the amounts deposited into the Regional Transportation Authority tax fund created by Section 4.03 of this Act, from the County and Mass Transit District Fund as provided in Section 6z-20 of the State Finance Act and 25% of the amounts deposited into the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund as provided in Section 6z-17 of the State Finance Act. On the first day of the month following the date that the Department receives revenues from increased taxes under Section 4.03(m) as authorized by Public Act 95-708, in lieu of the transfers authorized in the preceding sentence, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Public Transportation Fund an amount equal to 25% of the net revenue, before the deduction of the serviceman and retailer discounts pursuant to Section 9 of the Service Occupation Tax Act and Section 3 of the Retailers' Occupation Tax Act, realized from (i) 80% of the proceeds of any tax imposed by the Authority at a rate of 1.25% in Cook County, (ii) 75% of the proceeds of any tax imposed by the Authority at the rate of 1%

in Cook County, and (iii) one-third of the proceeds of any tax imposed by the Authority at the rate of 0.75% in the Counties of DuPage, Kane, Lake, McHenry, and Will, all pursuant to Section 4.03, and 25% of the net revenue realized from any tax imposed by the Authority pursuant to Section 4.03.1, and 25% of the amounts deposited into the Regional Transportation Authority tax fund created by Section 4.03 of this Act from the County and Mass Transit District Fund as provided in Section 6z-20 of the State Finance Act, and 25% of the amounts deposited into the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund as provided in Section 6z-17 of the State Finance Act. As used in this Section, net revenue realized for a month shall be the revenue collected by the State pursuant to Sections 4.03 and 4.03.1 during the previous month from within the metropolitan region, less the amount paid out during that same month as refunds to taxpayers for overpayment of liability in the metropolitan region under Sections 4.03 and 4.03.1.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this paragraph (1) of subsection (a) to be transferred by the Treasurer into the Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Public Transportation Fund as the revenues are realized from the taxes indicated.

(2) Except as otherwise provided in paragraph (4), on February 1, 2009 (the first day of the month following the effective date of Public Act 95-708) and each month thereafter, upon certification by the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Public Transportation Fund an amount equal to 5% of the net revenue, before the deduction of the serviceman and retailer discounts pursuant to Section 9 of the Service Occupation Tax Act and Section 3 of the Retailers' Occupation Tax Act, realized from any tax imposed by the Authority pursuant to Sections 4.03 and 4.03.1 and certified by the Department of Revenue under Section 4.03(n) of this Act to be paid to the Authority and 5% of the amounts deposited into the Regional Transportation Authority tax fund created by Section 4.03 of this Act from the County and Mass Transit District Fund as provided in Section 6z-20 of the State Finance Act, and 5% of the amounts deposited into the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund as provided in Section 6z-17 of the State Finance Act, and 5% of the revenue realized by the Chicago Transit Authority as financial assistance from the City of Chicago from the proceeds of any tax imposed by the City of Chicago under Section 8-3-19 of the Illinois Municipal Code.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act

100-23), those amounts required under this paragraph (2) of subsection (a) to be transferred by the Treasurer into the Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Public Transportation Fund as the revenues are realized from the taxes indicated.

(3) Except as otherwise provided in paragraph (4), as soon as possible after the first day of January, 2009 and each month thereafter, upon certification of the Department of Revenue with respect to the taxes collected under Section 4.03, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Public Transportation Fund an amount equal to 25% of the net revenue, before the deduction of the serviceman and retailer discounts pursuant to Section 9 of the Service Occupation Tax Act and Section 3 of the Retailers' Occupation Tax Act, realized from (i) 20% of the proceeds of any tax imposed by the Authority at a rate of 1.25% in Cook County, (ii) 25% of the proceeds of any tax imposed by the Authority at the rate of 1% in Cook County, and (iii) one-third of the proceeds of any tax imposed by the Authority at the rate of 0.75% in the Counties of DuPage, Kane, Lake, McHenry, and Will, all pursuant to Section 4.03, and the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Public Transportation Fund (iv) an amount equal to 25% of the revenue realized by the Chicago Transit Authority as financial assistance from the City of Chicago from the proceeds of any

tax imposed by the City of Chicago under Section 8-3-19 of the Illinois Municipal Code.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this paragraph (3) of subsection (a) to be transferred by the Treasurer into the Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Public Transportation Fund as the revenues are realized from the taxes indicated.

(4) Notwithstanding any provision of law to the contrary, for the State fiscal year beginning July 1, 2024 and each State fiscal year thereafter, the first \$150,000,000 that would have otherwise been transferred from the General Revenue Fund and deposited into the Public Transportation Fund as provided in paragraphs (1), (2), and (3) of this subsection (a) shall instead be transferred from the Road Fund by the Treasurer upon certification by the Department of Revenue and order of the Comptroller. For the State fiscal year beginning July 1, 2024, only, the next \$75,000,000 that would have otherwise been transferred from the General Revenue Fund and deposited into the Public Transportation Fund as provided in paragraphs (1), (2), and (3) of this subsection (a) shall instead be transferred from the Road Fund and deposited into the Public Transportation Fund by the Treasurer upon certification by the Department of Revenue and order of the Comptroller. The funds authorized and transferred pursuant to this amendatory Act of

the 103rd General Assembly are not intended or planned for road construction projects. For the State fiscal year beginning July 1, 2024, only, the next \$50,000,000 that would have otherwise been transferred from the General Revenue Fund and deposited into the Public Transportation Fund as provided in paragraphs (1), (2), and (3) of this subsection (a) shall instead be transferred from the Underground Storage Tank Fund and deposited into the Public Transportation Fund by the Treasurer upon certification by the Department of Revenue and order of the Comptroller. The remaining balance shall be deposited each State fiscal year as otherwise provided in paragraphs (1), (2), and (3) of this subsection (a).

(5) (Blank).

(6) (Blank).

(7) For State fiscal year 2020 only, notwithstanding any provision of law to the contrary, the total amount of revenue and deposits under this Section attributable to revenues realized during State fiscal year 2020 shall be reduced by 5%.

(8) For State fiscal year 2021 only, notwithstanding any provision of law to the contrary, the total amount of revenue and deposits under this Section attributable to revenues realized during State fiscal year 2021 shall be reduced by 5%.

(b)(1) All moneys deposited in the Public Transportation Fund and the Regional Transportation Authority Occupation and Use Tax Replacement Fund, whether deposited pursuant to this Section or otherwise, are allocated to the Authority, except

for amounts appropriated to the Office of the Executive Inspector General as authorized by subsection (h) of Section 4.03.3 and amounts transferred to the Audit Expense Fund pursuant to Section 6z-27 of the State Finance Act. The Comptroller, as soon as possible after each monthly transfer provided in this Section and after each deposit into the Public Transportation Fund, shall order the Treasurer to pay to the Authority out of the Public Transportation Fund the amount so transferred or deposited. Any Additional State Assistance and Additional Financial Assistance paid to the Authority under this Section shall be expended by the Authority for its purposes as provided in this Act. The balance of the amounts paid to the Authority from the Public Transportation Fund shall be expended by the Authority as provided in Section 4.03.3. The Comptroller, as soon as possible after each deposit into the Regional Transportation Authority Occupation and Use Tax Replacement Fund provided in this Section and Section 6z-17 of the State Finance Act, shall order the Treasurer to pay to the Authority out of the Regional Transportation Authority Occupation and Use Tax Replacement Fund the amount so deposited. Such amounts paid to the Authority may be expended by it for its purposes as provided in this Act. The provisions directing the distributions from the Public Transportation Fund and the Regional Transportation Authority Occupation and Use Tax Replacement Fund provided for in this Section shall constitute an irrevocable and continuing

appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized and directed to make distributions as provided in this Section.

(2) Provided, however, no moneys deposited under subsection (a) of this Section shall be paid from the Public Transportation Fund to the Authority or its assignee for any fiscal year until the Authority has certified to the Governor, the Comptroller, and the Mayor of the City of Chicago that it has adopted for that fiscal year an Annual Budget and Two-Year Financial Plan meeting the requirements in Section 4.01(b).

(c) In recognition of the efforts of the Authority to enhance the mass transportation facilities under its control, the State shall provide financial assistance ("Additional State Assistance") in excess of the amounts transferred to the Authority from the General Revenue Fund under subsection (a) of this Section. Additional State Assistance shall be calculated as provided in subsection (d), but shall in no event exceed the following specified amounts with respect to the following State fiscal years:

1990	\$5,000,000;
1991	\$5,000,000;
1992	\$10,000,000;
1993	\$10,000,000;
1994	\$20,000,000;

1997	\$50,000,000;
1998	\$55,000,000; and
each year thereafter	\$55,000,000.

(c-5) The State shall provide financial assistance ("Additional Financial Assistance") in addition to the Additional State Assistance provided by subsection (c) and the amounts transferred to the Authority from the General Revenue Fund under subsection (a) of this Section. Additional Financial Assistance provided by this subsection shall be calculated as provided in subsection (d), but shall in no event exceed the following specified amounts with respect to the following State fiscal years:

2004	\$73,000,000;
2005	\$93,000,000; and
each year thereafter	\$100,000,000.

(d) Beginning with State fiscal year 1990 and continuing for each State fiscal year thereafter, the Authority shall annually certify to the State Comptroller and State Treasurer, separately with respect to each of subdivisions (g)(2) and (g)(3) of Section 4.04 of this Act, the following amounts:

(1) The amount necessary and required, during the State fiscal year with respect to which the certification

is made, to pay its obligations for debt service on all outstanding bonds or notes issued by the Authority under subdivisions (g)(2) and (g)(3) of Section 4.04 of this Act.

(2) An estimate of the amount necessary and required to pay its obligations for debt service for any bonds or notes which the Authority anticipates it will issue under subdivisions (g)(2) and (g)(3) of Section 4.04 during that State fiscal year.

(3) Its debt service savings during the preceding State fiscal year from refunding or advance refunding of bonds or notes issued under subdivisions (g)(2) and (g)(3) of Section 4.04.

(4) The amount of interest, if any, earned by the Authority during the previous State fiscal year on the proceeds of bonds or notes issued pursuant to subdivisions (g)(2) and (g)(3) of Section 4.04, other than refunding or advance refunding bonds or notes.

The certification shall include a specific schedule of debt service payments, including the date and amount of each payment for all outstanding bonds or notes and an estimated schedule of anticipated debt service for all bonds and notes it intends to issue, if any, during that State fiscal year, including the estimated date and estimated amount of each payment.

Immediately upon the issuance of bonds for which an

estimated schedule of debt service payments was prepared, the Authority shall file an amended certification with respect to item (2) above, to specify the actual schedule of debt service payments, including the date and amount of each payment, for the remainder of the State fiscal year.

On the first day of each month of the State fiscal year in which there are bonds outstanding with respect to which the certification is made, the State Comptroller shall order transferred and the State Treasurer shall transfer from the Road Fund to the Public Transportation Fund the Additional State Assistance and Additional Financial Assistance in an amount equal to the aggregate of (i) one-twelfth of the sum of the amounts certified under items (1) and (3) above less the amount certified under item (4) above, plus (ii) the amount required to pay debt service on bonds and notes issued during the fiscal year, if any, divided by the number of months remaining in the fiscal year after the date of issuance, or some smaller portion as may be necessary under subsection (c) or (c-5) of this Section for the relevant State fiscal year, plus (iii) any cumulative deficiencies in transfers for prior months, until an amount equal to the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, has been transferred; except that these transfers are subject to the following limits:

(A) In no event shall the total transfers in any State

fiscal year relating to outstanding bonds and notes issued by the Authority under subdivision (g)(2) of Section 4.04 exceed the lesser of the annual maximum amount specified in subsection (c) or the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, with respect to those bonds and notes.

(B) In no event shall the total transfers in any State fiscal year relating to outstanding bonds and notes issued by the Authority under subdivision (g)(3) of Section 4.04 exceed the lesser of the annual maximum amount specified in subsection (c-5) or the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, with respect to those bonds and notes.

The term "outstanding" does not include bonds or notes for which refunding or advance refunding bonds or notes have been issued.

(e) Neither Additional State Assistance nor Additional Financial Assistance may be pledged, either directly or indirectly as general revenues of the Authority, as security for any bonds issued by the Authority. The Authority may not assign its right to receive Additional State Assistance or Additional Financial Assistance, or direct payment of

Additional State Assistance or Additional Financial Assistance, to a trustee or any other entity for the payment of debt service on its bonds.

(f) The certification required under subsection (d) with respect to outstanding bonds and notes of the Authority shall be filed as early as practicable before the beginning of the State fiscal year to which it relates. The certification shall be revised as may be necessary to accurately state the debt service requirements of the Authority.

(g) Within 6 months of the end of each fiscal year, the Authority shall determine:

(i) whether the aggregate of all system generated revenues for public transportation in the metropolitan region which is provided by, or under grant or purchase of service contracts with, the Service Boards equals 50% of the aggregate of all costs of providing such public transportation. "System generated revenues" include all the proceeds of fares and charges for services provided, contributions received in connection with public transportation from units of local government other than the Authority, except for contributions received by the Chicago Transit Authority from a real estate transfer tax imposed under subsection (i) of Section 8-3-19 of the Illinois Municipal Code, and from the State pursuant to subsection (i) of Section 2705-305 of the Department of Transportation Law, and all other revenues properly

included consistent with generally accepted accounting principles but may not include: the proceeds from any borrowing, and, beginning with the 2007 fiscal year, all revenues and receipts, including but not limited to fares and grants received from the federal, State or any unit of local government or other entity, derived from providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act. "Costs" include all items properly included as operating costs consistent with generally accepted accounting principles, including administrative costs, but do not include: depreciation; payment of principal and interest on bonds, notes or other evidences of obligations for borrowed money of the Authority; payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20; any payments with respect to rate protection contracts, credit enhancements or liquidity agreements made under Section 4.14; any other cost as to which it is reasonably expected that a cash expenditure will not be made; costs for passenger security including grants, contracts, personnel, equipment and administrative expenses, except in the case of the Chicago Transit Authority, in which case the term does not include costs spent annually by that entity for protection against crime as required by Section 27a of the Metropolitan Transit Authority Act; the costs of Debt Service paid by the

Chicago Transit Authority, as defined in Section 12c of the Metropolitan Transit Authority Act, or bonds or notes issued pursuant to that Section; the payment by the Commuter Rail Division of debt service on bonds issued pursuant to Section 3B.09; expenses incurred by the Suburban Bus Division for the cost of new public transportation services funded from grants pursuant to Section 2.01e of this Act for a period of 2 years from the date of initiation of each such service; costs as exempted by the Board for projects pursuant to Section 2.09 of this Act; or, beginning with the 2007 fiscal year, expenses related to providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act; or in fiscal years 2008 through 2012 inclusive, costs in the amount of \$200,000,000 in fiscal year 2008, reducing by \$40,000,000 in each fiscal year thereafter until this exemption is eliminated. If said system generated revenues are less than 50% of said costs, the Board shall remit an amount equal to the amount of the deficit to the State; however, due to the fiscal impacts from the COVID-19 pandemic, for fiscal years 2021, 2022, 2023, 2024, 2025, and 2026, no such payment shall be required. The Treasurer shall deposit any such payment in the Road Fund; and

(ii) whether, beginning with the 2007 fiscal year, the aggregate of all fares charged and received for ADA paratransit services equals the system generated ADA

paratransit services revenue recovery ratio percentage of the aggregate of all costs of providing such ADA paratransit services.

(h) If the Authority makes any payment to the State under paragraph (g), the Authority shall reduce the amount provided to a Service Board from funds transferred under paragraph (a) in proportion to the amount by which that Service Board failed to meet its required system generated revenues recovery ratio. A Service Board which is affected by a reduction in funds under this paragraph shall submit to the Authority concurrently with its next due quarterly report a revised budget incorporating the reduction in funds. The revised budget must meet the criteria specified in clauses (i) through (vi) of Section 4.11(b)(2). The Board shall review and act on the revised budget as provided in Section 4.11(b)(3).

(8) For State fiscal year 2021 only, notwithstanding any provision of law to the contrary, the total amount of revenue and deposits under this Section attributable to revenues realized during State fiscal year 2021 shall be reduced by 5%.

(b)(1) All moneys deposited in the Public Transportation Fund and the Northern Illinois Transit Authority Occupation and Use Tax Replacement Fund, whether deposited pursuant to this Section or otherwise, are allocated to the Authority, except for amounts appropriated to the Office of the Executive Inspector General as authorized by subsection (h) of Section 4.03.3 and amounts transferred to the Audit Expense Fund pursuant to Section 6z-27 of the State Finance Act. The Comptroller, as soon as possible after each monthly transfer provided in this Section and after each deposit into the Public Transportation Fund, shall order the Treasurer to pay to the Authority out of the Public Transportation Fund the amount so transferred or deposited. Any Additional State Assistance and Additional Financial Assistance paid to the Authority under this Section shall be expended by the Authority for its purposes as provided in this Act. The State Treasurer and State Comptroller are hereby authorized and directed to make distributions as provided in this Section.

(2) Provided, however, no moneys deposited under subsection (a) of this Section shall be paid from the Public Transportation Fund to the Authority or its assignee for any fiscal year until the Authority has certified to the Governor, the Comptroller, and the Mayor of the City of Chicago that it has adopted for that fiscal year an Annual Budget and 2-Year Financial Plan meeting the requirements in Section 4.01(b).

(3) For the purposes of this Section, beginning in Fiscal Year 2027, the General Assembly shall appropriate an amount from the Public Transportation Fund equal to the sum total of funds projected to be paid to the participants under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act. If the General Assembly

fails to make appropriations sufficient to cover the amounts projected to be paid under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act and Section 3 of the Retailers' Occupation Tax Act, then this Act shall constitute an irrevocable and continuing appropriation from the Public Transportation Fund of all amounts necessary for those purposes.

(c) In recognition of the efforts of the Authority to enhance the mass transportation facilities under its control, the State shall provide financial assistance ("Additional State Assistance") in excess of the amounts transferred to the Authority from the General Revenue Fund under subsection (a) of this Section. Immediately upon the issuance of bonds for which an estimated schedule of debt service payments was prepared, the Authority shall file an amended certification with respect to item (2) above, to specify the actual schedule of debt service

payments, including the date and amount of each payment, for the remainder of the State fiscal year.

On the first day of each month of the State fiscal year in which there are bonds outstanding with respect to which the certification is made, the State Comptroller shall order transferred and the State Treasurer shall transfer from the Road Fund to the Public Transportation Fund the Additional State Assistance and Additional Financial Assistance in an amount equal to the aggregate of (i) one-twelfth of the sum of the amounts certified under items (1) and (3) above less the amount certified under item (4) above, plus (ii) the amount required to pay debt service on bonds and notes issued during the fiscal year, if any, divided by the number of months remaining in the fiscal year after the date of issuance, or some smaller portion as may be necessary under subsection (c) or (c-5) of this Section for the relevant State fiscal year, plus (iii) any cumulative deficiencies in transfers for prior months, until an amount equal to the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, has been transferred; except that these transfers are subject to the following limits:

(A) In no event shall the total transfers in any State fiscal year relating to outstanding bonds and notes issued by the Authority under subdivision (g)(2) of Section 4.04 exceed the lesser of the annual maximum amount specified

in subsection (c) or the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, with respect to those bonds and notes.

The term "outstanding" does not include bonds or notes for which refunding or advance refunding bonds or notes have been issued.

(e) Neither Additional State Assistance nor Additional Financial Assistance may be pledged, either directly or indirectly as general revenues of the Authority, as security for any bonds issued by the Authority. The Authority may not assign its right to receive Additional State Assistance or Additional Financial Assistance, or direct payment of Additional State Assistance or Additional Financial Assistance, to a trustee or any other entity for the payment of debt service on its bonds.

(f) The certification required under subsection (d) with respect to outstanding bonds and notes of the Authority shall be filed as early as practicable before the beginning of the State fiscal year to which it relates. Sec. 14-8.02. Identification, evaluation, and placement of children.

(a) The State Board of Education shall make rules under which local school boards shall determine the eligibility of children to receive special education. Such rules shall ensure that a free appropriate public education be available to all children with disabilities as defined in Section 14-1.02. The State Board of Education shall require local school districts to administer non-discriminatory procedures or tests to English learners coming from homes in which a language other than English is used to determine their eligibility to receive special education. The placement of low English proficiency students in special education programs and facilities shall be made in accordance with the test results reflecting the student's linguistic, cultural and special education needs. For purposes of determining the eligibility of children the State Board of Education shall include in the rules definitions of "case study", "staff conference", "individualized educational program", and "qualified

specialist" appropriate to each category of children with disabilities as defined in this Article. For purposes of determining the eligibility of children from homes in which a language other than English is used, the State Board of Education shall include in the rules definitions for "qualified bilingual specialists" and "linguistically and culturally appropriate individualized educational programs". For purposes of this Section, as well as Sections 14-8.02a, 14-8.02b, and 14-8.02c of this Code, "parent" means a parent as defined in the federal Individuals with Disabilities Education Act (20 U.S.C. 1401(23)).

(b) No child shall be eligible for special education facilities except with a carefully completed case study fully reviewed by professional personnel in a multidisciplinary staff conference and only upon the recommendation of qualified specialists or a qualified bilingual specialist, if available. At the conclusion of the multidisciplinary staff conference, the parent of the child and, if the child is in the legal custody of the Department of Children and Family Services, the Department's Office of Education and Transition Services shall be given a copy of the multidisciplinary conference summary report and recommendations, which includes options considered, and, in the case of the parent, be informed of his or her right to obtain an independent educational evaluation if he or she disagrees with the evaluation findings conducted or obtained by the school district. If the school district's evaluation is

shown to be inappropriate, the school district shall reimburse the parent for the cost of the independent evaluation. The State Board of Education shall, with advice from the State Advisory Council on Education of Children with Disabilities on the inclusion of specific independent educational evaluators, prepare a list of suggested independent educational evaluators. The State Board of Education shall include on the list clinical psychologists licensed pursuant to the Clinical Psychologist Licensing Act. Such psychologists shall not be paid fees in excess of the amount that would be received by a school psychologist for performing the same services. The State Board of Education shall supply school districts with such list and make the list available to parents at their request. School districts shall make the list available to parents at the time they are informed of their right to obtain an independent educational evaluation. However, the school district may initiate an impartial due process hearing under this Section within 7 school days of any written parent request for an independent educational evaluation to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has a right to an independent educational evaluation, but not at public expense. An independent educational evaluation at public expense must be completed within 60 school days of a parent's written request unless the school district initiates an impartial due process hearing or the parent or school district

offers reasonable grounds to show that such time period should be extended. If the due process hearing decision indicates that the parent is entitled to an independent educational evaluation, it must be completed within 60 school days of the decision unless the parent or the school district offers reasonable grounds to show that such period should be extended. If a parent disagrees with the summary report or recommendations of the multidisciplinary conference or the findings of any educational evaluation which results therefrom, the school district shall not proceed with a placement based upon such evaluation and the child shall remain in his or her regular classroom setting. No child shall be eligible for admission to a special class for children with a mental disability who are educable or for children with a mental disability who are trainable except with a psychological evaluation and recommendation by a school psychologist. Consent shall be obtained from the parent of a child before any evaluation is conducted. If consent is not given by the parent or if the parent disagrees with the findings of the evaluation, then the school district may initiate an impartial due process hearing under this Section. The school district may evaluate the child if that is the decision resulting from the impartial due process hearing and the decision is not appealed or if the decision is affirmed on appeal. The determination of eligibility shall be made and the IEP meeting shall be completed within 60 school days from the

date of written parental consent. In those instances when written parental consent is obtained with fewer than 60 pupil attendance days left in the school year, the eligibility determination shall be made and the IEP meeting shall be completed prior to the first day of the following school year. Special education and related services must be provided in accordance with the student's IEP no later than 10 school attendance days after notice is provided to the parents pursuant to Section 300.503 of Title 34 of the Code of Federal Regulations and implementing rules adopted by the State Board of Education. The appropriate program pursuant to the individualized educational program of students whose native tongue is a language other than English shall reflect the special education, cultural and linguistic needs. No later than September 1, 1993, the State Board of Education shall establish standards for the development, implementation and monitoring of appropriate bilingual special individualized educational programs. The State Board of Education shall further incorporate appropriate monitoring procedures to verify implementation of these standards. The district shall indicate to the parent, the State Board of Education, and, if applicable, the Department's Office of Education and Transition Services the nature of the services the child will receive for the regular school term while awaiting placement in the appropriate special education class. At the child's initial IEP meeting and at each annual review meeting, the

child's IEP team shall provide the child's parent or guardian and, if applicable, the Department's Office of Education and Transition Services with a written notification that informs the parent or guardian or the Department's Office of Education and Transition Services that the IEP team is required to consider whether the child requires assistive technology in order to receive free, appropriate public education. The notification must also include a toll-free telephone number and internet address for the State's assistive technology program.

If the child is deaf, hard of hearing, blind, or visually impaired or has an orthopedic impairment or physical disability and he or she might be eligible to receive services from the Illinois School for the Deaf, the Illinois School for the Visually Impaired, the Illinois Center for Rehabilitation and Education-Wood, or the Illinois Center for Rehabilitation and Education-Roosevelt, the school district shall notify the parents, in writing, of the existence of these schools and the services they provide and shall make a reasonable effort to inform the parents of the existence of other, local schools that provide similar services and the services that these other schools provide. This notification shall include, without limitation, information on school services, school admissions criteria, and school contact information.

In the development of the individualized education program for a student who has a disability on the autism spectrum

(which includes autistic disorder, Asperger's disorder, pervasive developmental disorder not otherwise specified, childhood disintegrative disorder, and Rett Syndrome, as defined in the Diagnostic and Statistical Manual of Mental Disorders, fourth edition (DSM-IV, 2000)), the IEP team shall consider all of the following factors:

(1) The verbal and nonverbal communication needs of the child.

(2) The need to develop social interaction skills and proficiencies.

(3) The needs resulting from the child's unusual responses to sensory experiences.

(4) The needs resulting from resistance to environmental change or change in daily routines.

(5) The needs resulting from engagement in repetitive activities and stereotyped movements.

(6) The need for any positive behavioral interventions, strategies, and supports to address any behavioral difficulties resulting from autism spectrum disorder.

(7) Other needs resulting from the child's disability that impact progress in the general curriculum, including social and emotional development.

Public Act 95-257 does not create any new entitlement to a service, program, or benefit, but must not affect any entitlement to a service, program, or benefit created by any

other law.

If the student may be eligible to participate in the Home-Based Support Services Program for Adults with Mental Disabilities authorized under the Developmental Disability and Mental Disability Services Act upon becoming an adult, the student's individualized education program shall include plans for (i) determining the student's eligibility for those home-based services, (ii) enrolling the student in the program of home-based services, and (iii) developing a plan for the student's most effective use of the home-based services after the student becomes an adult and no longer receives special educational services under this Article. The plans developed under this paragraph shall include specific actions to be taken by specified individuals, agencies, or officials.

(c) In the development of the individualized education program for a student who is functionally blind, it shall be presumed that proficiency in Braille reading and writing is essential for the student's satisfactory educational progress. For purposes of this subsection, the State Board of Education shall determine the criteria for a student to be classified as functionally blind. Students who are not currently identified as functionally blind who are also entitled to Braille instruction include: (i) those whose vision loss is so severe that they are unable to read and write at a level comparable to their peers solely through the use of vision, and (ii) those who show evidence of progressive vision loss that may result

in functional blindness. Each student who is functionally blind shall be entitled to Braille reading and writing instruction that is sufficient to enable the student to communicate with the same level of proficiency as other students of comparable ability. Instruction should be provided to the extent that the student is physically and cognitively able to use Braille. Braille instruction may be used in combination with other special education services appropriate to the student's educational needs. The assessment of each student who is functionally blind for the purpose of developing the student's individualized education program shall include documentation of the student's strengths and weaknesses in Braille skills. Each person assisting in the development of the individualized education program for a student who is functionally blind shall receive information describing the benefits of Braille instruction. The individualized education program for each student who is functionally blind shall specify the appropriate learning medium or media based on the assessment report.

(d) To the maximum extent appropriate, the placement shall provide the child with the opportunity to be educated with children who do not have a disability; provided that children with disabilities who are recommended to be placed into regular education classrooms are provided with supplementary services to assist the children with disabilities to benefit from the regular classroom instruction and are included on the

teacher's regular education class register. Subject to the limitation of the preceding sentence, placement in special classes, separate schools or other removal of the child with a disability from the regular educational environment shall occur only when the nature of the severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. The placement of English learners with disabilities shall be in non-restrictive environments which provide for integration with peers who do not have disabilities in bilingual classrooms. Annually, each January, school districts shall report data on students from non-English speaking backgrounds receiving special education and related services in public and private facilities as prescribed in Section 2-3.30. If there is a disagreement between parties involved regarding the special education placement of any child, either in-state or out-of-state, the placement is subject to impartial due process procedures described in Article 10 of the Rules and Regulations to Govern the Administration and Operation of Special Education.

(e) No child who comes from a home in which a language other than English is the principal language used may be assigned to any class or program under this Article until he has been given, in the principal language used by the child and used in his home, tests reasonably related to his cultural environment. All testing and evaluation materials and

procedures utilized for evaluation and placement shall not be linguistically, racially or culturally discriminatory.

(f) Nothing in this Article shall be construed to require any child to undergo any physical examination or medical treatment whose parents object thereto on the grounds that such examination or treatment conflicts with his religious beliefs.

(g) School boards or their designee shall provide to the parents of a child or, if applicable, the Department of Children and Family Services' Office of Education and Transition Services prior written notice of any decision (a) proposing to initiate or change, or (b) refusing to initiate or change, the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to their child, and the reasons therefor. For a parent, such written notification shall also inform the parent of the opportunity to present complaints with respect to any matter relating to the educational placement of the student, or the provision of a free appropriate public education and to have an impartial due process hearing on the complaint. The notice shall inform the parents in the parents' native language, unless it is clearly not feasible to do so, of their rights and all procedures available pursuant to this Act and the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446); it shall be the responsibility of the State Superintendent to develop uniform

notices setting forth the procedures available under this Act and the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446) to be used by all school boards. The notice shall also inform the parents of the availability upon request of a list of free or low-cost legal and other relevant services available locally to assist parents in initiating an impartial due process hearing. The State Superintendent shall revise the uniform notices required by this subsection (g) to reflect current law and procedures at least once every 2 years. Any parent who is deaf or does not normally communicate using spoken English and who participates in a meeting with a representative of a local educational agency for the purposes of developing an individualized educational program or attends a multidisciplinary conference shall be entitled to the services of an interpreter. The State Board of Education must adopt rules to establish the criteria, standards, and competencies for a bilingual language interpreter who attends an individualized education program meeting under this subsection to assist a parent who has limited English proficiency.

(g-5) For purposes of this subsection (g-5), "qualified professional" means an individual who holds credentials to evaluate the child in the domain or domains for which an evaluation is sought or an intern working under the direct supervision of a qualified professional, including a master's or doctoral degree candidate.

To ensure that a parent can participate fully and effectively with school personnel in the development of appropriate educational and related services for his or her child, the parent, an independent educational evaluator, or a qualified professional retained by or on behalf of a parent or child must be afforded reasonable access to educational facilities, personnel, classrooms, and buildings and to the child as provided in this subsection (g-5). The requirements of this subsection (g-5) apply to any public school facility, building, or program and to any facility, building, or program supported in whole or in part by public funds. Prior to visiting a school, school building, or school facility, the parent, independent educational evaluator, or qualified professional may be required by the school district to inform the building principal or supervisor in writing of the proposed visit, the purpose of the visit, and the approximate duration of the visit. The visitor and the school district shall arrange the visit or visits at times that are mutually agreeable. Visitors shall comply with school safety, security, and visitation policies at all times. School district visitation policies must not conflict with this subsection (g-5). Visitors shall be required to comply with the requirements of applicable privacy laws, including those laws protecting the confidentiality of education records such as the federal Family Educational Rights and Privacy Act and the Illinois School Student Records Act. The visitor shall not

disrupt the educational process.

(1) A parent must be afforded reasonable access of sufficient duration and scope for the purpose of observing his or her child in the child's current educational placement, services, or program or for the purpose of visiting an educational placement or program proposed for the child.

(2) An independent educational evaluator or a qualified professional retained by or on behalf of a parent or child must be afforded reasonable access of sufficient duration and scope for the purpose of conducting an evaluation of the child, the child's performance, the child's current educational program, placement, services, or environment, or any educational program, placement, services, or environment proposed for the child, including interviews of educational personnel, child observations, assessments, tests or assessments of the child's educational program, services, or placement or of any proposed educational program, services, or placement. If one or more interviews of school personnel are part of the evaluation, the interviews must be conducted at a mutually agreed-upon time, date, and place that do not interfere with the school employee's school duties. The school district may limit interviews to personnel having information relevant to the child's current educational services, program, or placement or to

a proposed educational service, program, or placement.

(h) In the development of the individualized education program or federal Section 504 plan for a student, if the student needs extra accommodation during emergencies, including natural disasters or an active shooter situation, then that accommodation shall be taken into account when developing the student's individualized education program or federal Section 504 plan.

Sec. 18-8.15. Evidence-Based Funding for student success for the 2017-2018 and subsequent school years.

(a) General provisions.

(1) The purpose of this Section is to ensure that, by June 30, 2027 and beyond, this State has a kindergarten through grade 12 public education system with the capacity to ensure the educational development of all persons to the limits of their capacities in accordance with Section 1 of Article X of the Constitution of the State of Illinois. To accomplish that objective, this Section creates a method of funding public education that is evidence-based; is sufficient to ensure every student receives a meaningful opportunity to learn irrespective of race, ethnicity, sexual orientation, gender, or

community-income level; and is sustainable and predictable. When fully funded under this Section, every school shall have the resources, based on what the evidence indicates is needed, to:

(A) provide all students with a high quality education that offers the academic, enrichment, social and emotional support, technical, and career-focused programs that will allow them to become competitive workers, responsible parents, productive citizens of this State, and active members of our national democracy;

(B) ensure all students receive the education they need to graduate from high school with the skills required to pursue post-secondary education and training for a rewarding career;

(C) reduce, with a goal of eliminating, the achievement gap between at-risk and non-at-risk students by raising the performance of at-risk students and not by reducing standards; and

(D) ensure this State satisfies its obligation to assume the primary responsibility to fund public education and simultaneously relieve the disproportionate burden placed on local property taxes to fund schools.

(2) The Evidence-Based Funding formula under this Section shall be applied to all Organizational Units in

this State. The Evidence-Based Funding formula outlined in this Act is based on the formula outlined in Senate Bill 1 of the 100th General Assembly, as passed by both legislative chambers. As further defined and described in this Section, there are 4 major components of the Evidence-Based Funding model:

(A) First, the model calculates a unique Adequacy Target for each Organizational Unit in this State that considers the costs to implement research-based activities, the unit's student demographics, and regional wage differences.

(B) Second, the model calculates each Organizational Unit's Local Capacity, or the amount each Organizational Unit is assumed to contribute toward its Adequacy Target from local resources.

(C) Third, the model calculates how much funding the State currently contributes to the Organizational Unit and adds that to the unit's Local Capacity to determine the unit's overall current adequacy of funding.

(D) Finally, the model's distribution method allocates new State funding to those Organizational Units that are least well-funded, considering both Local Capacity and State funding, in relation to their Adequacy Target.

(3) An Organizational Unit receiving any funding under

this Section may apply those funds to any fund so received for which that Organizational Unit is authorized to make expenditures by law.

(4) As used in this Section, the following terms shall have the meanings ascribed in this paragraph (4):

"Adequacy Target" is defined in paragraph (1) of subsection (b) of this Section.

"Adjusted EAV" is defined in paragraph (4) of subsection (d) of this Section.

"Adjusted Local Capacity Target" is defined in paragraph (3) of subsection (c) of this Section.

"Adjusted Operating Tax Rate" means a tax rate for all Organizational Units, for which the State Superintendent shall calculate and subtract for the Operating Tax Rate a transportation rate based on total expenses for transportation services under this Code, as reported on the most recent Annual Financial Report in Pupil Transportation Services, function 2550 in both the Education and Transportation funds and functions 4110 and 4120 in the Transportation fund, less any corresponding fiscal year State of Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of this Code divided by the Adjusted EAV. If an Organizational Unit's corresponding fiscal year State of

Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of this Code exceed the total transportation expenses, as defined in this paragraph, no transportation rate shall be subtracted from the Operating Tax Rate.

"Allocation Rate" is defined in paragraph (3) of subsection (g) of this Section.

"Alternative School" means a public school that is created and operated by a regional superintendent of schools and approved by the State Board.

"Applicable Tax Rate" is defined in paragraph (1) of subsection (d) of this Section.

"Assessment" means any of those benchmark, progress monitoring, formative, diagnostic, and other assessments, in addition to the State accountability assessment, that assist teachers' needs in understanding the skills and meeting the needs of the students they serve.

"Assistant principal" means a school administrator duly endorsed to be employed as an assistant principal in this State.

"At-risk student" means a student who is at risk of not meeting the Illinois Learning Standards or not graduating from elementary or high school and who demonstrates a need for vocational support or social

services beyond that provided by the regular school program. All students included in an Organizational Unit's Low-Income Count, as well as all English learner and disabled students attending the Organizational Unit, shall be considered at-risk students under this Section.

"Average Student Enrollment" or "ASE" for fiscal year 2018 means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1 in the immediately preceding school year, or the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1, for each of the immediately preceding 3 school years. For fiscal year 2019 and each subsequent fiscal year, "Average Student Enrollment" or "ASE" means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 and March 1 in the immediately preceding school year, plus the pre-kindergarten students who receive

special education services as reported to the State Board on October 1 and March 1 in the immediately preceding school year, or the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 and March 1, plus the pre-kindergarten students who receive special education services as reported to the State Board on October 1 and March 1, for each of the immediately preceding 3 school years. For the purposes of this definition, "enrolled in the Organizational Unit" means the number of students reported to the State Board who are enrolled in schools within the Organizational Unit that the student attends or would attend if not placed or transferred to another school or program to receive needed services. For the purposes of calculating "ASE", all students, grades K through 12, excluding those attending kindergarten for a half day and students attending an alternative education program operated by a regional office of education or intermediate service center, shall be counted as 1.0. All students attending kindergarten for a half day shall be counted as 0.5, unless in 2017 by June 15 or by March 1 in subsequent years, the school district reports to the State Board of Education the intent to implement full-day kindergarten district-wide for all students, then all students attending kindergarten shall be counted as 1.0. Special education pre-kindergarten students shall be

counted as 0.5 each. If the State Board does not collect or has not collected both an October 1 and March 1 enrollment count by grade or a December 1 collection of special education pre-kindergarten students as of August 31, 2017 (the effective date of Public Act 100-465), it shall establish such collection for all future years. For any year in which a count by grade level was collected only once, that count shall be used as the single count available for computing a 3-year average ASE. Funding for programs operated by a regional office of education or an intermediate service center must be calculated using the Evidence-Based Funding formula under this Section for the 2019-2020 school year and each subsequent school year until separate adequacy formulas are developed and adopted for each type of program. ASE for a program operated by a regional office of education or an intermediate service center must be determined by the March 1 enrollment for the program. For the 2019-2020 school year, the ASE used in the calculation must be the first-year ASE and, in that year only, the assignment of students served by a regional office of education or intermediate service center shall not result in a reduction of the March enrollment for any school district. For the 2020-2021 school year, the ASE must be the greater of the current-year ASE or the 2-year average ASE. Beginning with the 2021-2022 school year, the ASE must be the greater of the current-year ASE or the

3-year average ASE. School districts shall submit the data for the ASE calculation to the State Board within 45 days of the dates required in this Section for submission of enrollment data in order for it to be included in the ASE calculation. For fiscal year 2018 only, the ASE calculation shall include only enrollment taken on October 1. In recognition of the impact of COVID-19, the definition of "Average Student Enrollment" or "ASE" shall be adjusted for calculations under this Section for fiscal years 2022 through 2024. For fiscal years 2022 through 2024, the enrollment used in the calculation of ASE representing the 2020-2021 school year shall be the greater of the enrollment for the 2020-2021 school year or the 2019-2020 school year.

Until such time that grade level low-income populations become available, grade level low-income populations shall be determined by applying the low-income percentage to total student enrollments by grade level. The low-income percentage is determined by dividing the Low-Income Count by the Average Student Enrollment. The low-income percentage for a regional office of education or an intermediate service center operating one or more

alternative education programs must be set to the weighted average of the low-income percentages of all of the school districts in the service region. "Organizational Unit CWI" is determined by calculating the CWI in the region and original county in which an Organizational Unit's primary administrative office is located as set forth in this paragraph, provided that if

the Organizational Unit CWI as calculated in accordance with this paragraph is less than 0.9, the Organizational Unit CWI shall be increased to 0.9. Each county's current CWI value shall be adjusted based on the CWI value of that county's neighboring Illinois counties, to create a "weighted adjusted index value". This shall be calculated by summing the CWI values of all of a county's adjacent Illinois counties and dividing by the number of adjacent Illinois counties, then taking the weighted value of the original county's CWI value and the adjacent Illinois county average. To calculate this weighted value, if the number of adjacent Illinois counties is greater than 2, the original county's CWI value will be weighted at 0.25 and the adjacent Illinois county average will be weighted at 0.75. (b) Adequacy Target calculation.

(1) Each Organizational Unit's Adequacy Target is the sum of the Organizational Unit's cost of providing Essential Elements, as calculated in accordance with this subsection (b), with the salary amounts in the Essential Elements multiplied by a Regionalization Factor calculated pursuant to paragraph (3) of this subsection (b).

(2) The Essential Elements are attributable on a pro rata basis related to defined subgroups of the ASE of each Organizational Unit as specified in this paragraph (2), with investments and FTE positions pro rata funded based on ASE counts in excess of or less than the thresholds set forth in this paragraph (2). The method for calculating attributable pro rata costs and the defined subgroups thereto are as follows:

(A) Core class size investments. Each Organizational Unit shall receive the funding required to support that number of FTE core teacher positions as is needed to keep the respective class sizes of the Organizational Unit to the following maximum numbers:

(i) For grades kindergarten through 3, the Organizational Unit shall receive funding required to support one FTE core teacher position for every 15 Low-Income Count students in those grades and one FTE core teacher position for every 20 non-Low-Income Count students in those grades.

(ii) For grades 4 through 12, the Organizational Unit shall receive funding required to support one FTE core teacher position for every 20 Low-Income Count students in those grades and one FTE core teacher position for every 25 non-Low-Income Count students in those grades.

The number of non-Low-Income Count students in a grade shall be determined by subtracting the Low-Income students in that grade from the ASE of the Organizational Unit for that grade.

(B) Specialist teacher investments. Each Organizational Unit shall receive the funding needed to cover that number of FTE specialist teacher positions that correspond to the following percentages:

(i) if the Organizational Unit operates an elementary or middle school, then 20.00% of the number of the Organizational Unit's core teachers, as determined under subparagraph (A) of this paragraph (2); and

The State Board may establish additional requirements for Organizational Unit expenditures of funds received pursuant to this subparagraph (Q), including a requirement that funds received pursuant to this subparagraph (Q) may be used only for serving the technology needs of the district. It is the intent of Public Act 100-465 that all Tier 1 and Tier 2 districts receive the addition to their Adequacy Target in the following year, subject to compliance with the requirements of the State Board.

(R) Student activities investments. Each Organizational Unit shall receive the following funding amounts to cover student activities: \$100 per kindergarten through grade 5 ASE student in elementary school, plus \$200 per ASE student in middle school, plus \$675 per ASE student in high school.

students for day-to-day maintenance and operations expenditures, including salary, supplies, and materials, as well as purchased services, but excluding employee benefits. The proportion of salary for the application of a Regionalization Factor and the calculation of benefits is equal to \$352.92.

(T) Central office investments. Each Organizational Unit shall receive \$742 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover central office operations, including administrators and classified personnel charged with managing the instructional programs, business and operations of the school district, and security personnel. The proportion of salary for the application of a Regionalization Factor and the calculation of benefits is equal to \$368.48.

(U) Employee benefit investments. Each Organizational Unit shall receive 30% of the total of all salary-calculated elements of the Adequacy Target, excluding substitute teachers and student activities investments, to cover benefit costs. For central office and maintenance and operations investments, the benefit calculation shall be based upon the salary proportion of each investment. If at any time the responsibility for funding the employer normal cost of

teacher pensions is assigned to school districts, then that amount certified by the Teachers' Retirement System of the State of Illinois to be paid by the Organizational Unit for the preceding school year shall be added to the benefit investment. For any fiscal year in which a school district organized under Article 34 of this Code is responsible for paying the employer normal cost of teacher pensions, then that amount of its employer normal cost plus the amount for retiree health insurance as certified by the Public School Teachers' Pension and Retirement Fund of Chicago to be paid by the school district for the preceding school year that is statutorily required to cover employer normal costs and the amount for retiree health insurance shall be added to the 30% specified in this subparagraph (U). The Teachers' Retirement System of the State of Illinois and the Public School Teachers' Pension and Retirement Fund of Chicago shall submit such information as the State Superintendent may require for the calculations set forth in this subparagraph (U).

(V) Additional investments in low-income students. In addition to and not in lieu of all other funding under this paragraph (2), each Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover the costs of:

- (i) one FTE intervention teacher (tutor) position for every 125 Low-Income Count students;

- (ii) one FTE pupil support staff position for every 125 Low-Income Count students;

- (iii) one FTE extended day teacher position for every 120 Low-Income Count students; and

- (iv) one FTE summer school teacher position for every 120 Low-Income Count students.

(W) Additional investments in English learner students. In addition to and not in lieu of all other funding under this paragraph (2), each Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover the costs of:

- (i) one FTE intervention teacher (tutor) position for every 125 English learner students;

- (ii) one FTE pupil support staff position for every 125 English learner students;

- (iii) one FTE extended day teacher position for every 120 English learner students;

- (iv) one FTE summer school teacher position for every 120 English learner students; and

- (v) one FTE core teacher position for every 100 English learner students.

(X) Special education investments. Each Organizational Unit shall receive funding based on the

average teacher salary for grades K through 12 to cover special education as follows:

(i) one FTE teacher position for every 141 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students;

(ii) one FTE instructional assistant for every 141 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students; and

(iii) one FTE psychologist position for every 1,000 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students.

(3) For calculating the salaries included within the Essential Elements, the State Superintendent shall annually calculate average salaries to the nearest dollar using the employment information system data maintained by the State Board, limited to public schools only and excluding special education and vocational cooperatives, schools operated by the Department of Juvenile Justice, and charter schools, for the following positions:

(A) Teacher for grades K through 8.

(B) Teacher for grades 9 through 12.

(C) Teacher for grades K through 12.

(D) School counselor for grades K through 8.

- (E) School counselor for grades 9 through 12.
- (F) School counselor for grades K through 12.
- (G) Social worker.
- (H) Psychologist.
- (I) Librarian.
- (J) Nurse.
- (K) Principal.
- (L) Assistant principal.

For the purposes of this paragraph (3), "teacher" includes core teachers, specialist and elective teachers, instructional facilitators, tutors, special education teachers, pupil support staff teachers, English learner teachers, extended day teachers, and summer school teachers. Where specific grade data is not required for the Essential Elements, the average salary for corresponding positions shall apply. For substitute teachers, the average teacher salary for grades K through 12 shall apply.

For calculating the salaries included within the Essential Elements for positions not included within EIS Data, the following salaries shall be used in the first year of implementation of Evidence-Based Funding:

- (i) school site staff, \$30,000; and
- (ii) non-instructional assistant, instructional assistant, library aide, library media tech, or supervisory aide: \$25,000.

In the second and subsequent years of implementation of Evidence-Based Funding, the amounts in items (i) and (ii) of this paragraph (3) shall annually increase by the ECI.

The salary amounts for the Essential Elements determined pursuant to subparagraphs (A) through (L), (S) and (T), and (V) through (X) of paragraph (2) of subsection (b) of this Section shall be multiplied by a Regionalization Factor.

(c) Local Capacity calculation.

(1) Each Organizational Unit's Local Capacity represents an amount of funding it is assumed to contribute toward its Adequacy Target for purposes of the Evidence-Based Funding formula calculation. "Local Capacity" means either (i) the Organizational Unit's Local Capacity Target as calculated in accordance with paragraph (2) of this subsection (c) if its Real Receipts are equal to or less than its Local Capacity Target or (ii) the Organizational Unit's Adjusted Local Capacity, as calculated in accordance with paragraph (3) of this subsection (c) if Real Receipts are more than its Local Capacity Target.

(2) "Local Capacity Target" means, for an Organizational Unit, that dollar amount that is obtained by multiplying its Adequacy Target by its Local Capacity Ratio.

(A) An Organizational Unit's Local Capacity Percentage is the conversion of the Organizational Unit's Local Capacity Ratio, as such ratio is determined in accordance with subparagraph (B) of this paragraph (2), into a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The calculation of Local Capacity Percentage is described in subparagraph (C) of this paragraph (2).

(B) An Organizational Unit's Local Capacity Ratio in a given year is the percentage obtained by dividing its Adjusted EAV or PTELL EAV, whichever is less, by its Adequacy Target, with the resulting ratio further adjusted as follows:

(i) for Organizational Units serving grades kindergarten through 12 and Hybrid Districts, no further adjustments shall be made;

(ii) for Organizational Units serving grades kindergarten through 8, the ratio shall be multiplied by $9/13$;

(iii) for Organizational Units serving grades 9 through 12, the Local Capacity Ratio shall be multiplied by $4/13$; and

(iv) for an Organizational Unit with a different grade configuration than those specified

in items (i) through (iii) of this subparagraph (B), the State Superintendent shall determine a comparable adjustment based on the grades served.

(C) The Local Capacity Percentage is equal to the percentile ranking of the district. Local Capacity Percentage converts each Organizational Unit's Local Capacity Ratio to a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The Local Capacity Percentage cumulative distribution resulting in a percentile ranking for each Organizational Unit shall be calculated using the standard normal distribution of the score in relation to the weighted mean and weighted standard deviation and Local Capacity Ratios of all Organizational Units. If the value assigned to any Organizational Unit is in excess of 90%, the value shall be adjusted to 90%. For Laboratory Schools, the Local Capacity Percentage shall be set at 10% in recognition of the absence of EAV and resources from the public university that are allocated to the Laboratory School. For a regional office of education or an intermediate service center operating one or more alternative education programs, the Local Capacity Percentage must be set at 10% in recognition of the absence of EAV and resources from school

districts that are allocated to the regional office of education or intermediate service center. The weighted mean for the Local Capacity Percentage shall be determined by multiplying each Organizational Unit's Local Capacity Ratio times the ASE for the unit creating a weighted value, summing the weighted values of all Organizational Units, and dividing by the total ASE of all Organizational Units. The weighted standard deviation shall be determined by taking the square root of the weighted variance of all Organizational Units' Local Capacity Ratio, where the variance is calculated by squaring the difference between each unit's Local Capacity Ratio and the weighted mean, then multiplying the variance for each unit times the ASE for the unit to create a weighted variance for each unit, then summing all units' weighted variance and dividing by the total ASE of all units.

(D) For any Organizational Unit, the Organizational Unit's Adjusted Local Capacity Target shall be reduced by either (i) the school board's remaining contribution pursuant to paragraph (ii) of subsection (b-4) of Section 16-158 of the Illinois Pension Code in a given year or (ii) the board of education's remaining contribution pursuant to paragraph (iv) of subsection (b) of Section 17-129 of the Illinois Pension Code absent the employer normal

cost portion of the required contribution and amount allowed pursuant to subdivision (3) of Section 17-142.1 of the Illinois Pension Code in a given year. In the preceding sentence, item (i) shall be certified to the State Board of Education by the Teachers' Retirement System of the State of Illinois and item (ii) shall be certified to the State Board of Education by the Public School Teachers' Pension and Retirement Fund of the City of Chicago.

(3) If an Organizational Unit's Real Receipts are more than its Local Capacity Target, then its Local Capacity shall equal an Adjusted Local Capacity Target as calculated in accordance with this paragraph (3). The Adjusted Local Capacity Target is calculated as the sum of the Organizational Unit's Local Capacity Target and its Real Receipts Adjustment. The Real Receipts Adjustment equals the Organizational Unit's Real Receipts less its Local Capacity Target, with the resulting figure multiplied by the Local Capacity Percentage.

As used in this paragraph (3), "Real Percent of Adequacy" means the sum of an Organizational Unit's Real Receipts, CPPRT, and Base Funding Minimum, with the resulting figure divided by the Organizational Unit's Adequacy Target.

(d) Calculation of Real Receipts, EAV, and Adjusted EAV for purposes of the Local Capacity calculation.

(1) An Organizational Unit's Real Receipts are the product of its Applicable Tax Rate and its Adjusted EAV. An Organizational Unit's Applicable Tax Rate is its Adjusted Operating Tax Rate for property within the Organizational Unit.

(2) The State Superintendent shall calculate the equalized assessed valuation, or EAV, of all taxable property of each Organizational Unit as of September 30 of the previous year in accordance with paragraph (3) of this subsection (d). The State Superintendent shall then determine the Adjusted EAV of each Organizational Unit in accordance with paragraph (4) of this subsection (d), which Adjusted EAV figure shall be used for the purposes of calculating Local Capacity.

(3) To calculate Real Receipts and EAV, the Department of Revenue shall supply to the State Superintendent the value as equalized or assessed by the Department of Revenue of all taxable property of every Organizational Unit, together with (i) the applicable tax rate used in extending taxes for the funds of the Organizational Unit as of September 30 of the previous year and (ii) the limiting rate for all Organizational Units subject to property tax extension limitations as imposed under PTELL.

(A) The Department of Revenue shall add to the equalized assessed value of all taxable property of each Organizational Unit situated entirely or

partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (i) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that Organizational Unit exceeds the total amount that would have been allowed in that Organizational Unit if the maximum reduction under Section 15-176 was (I) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (II) \$5,000 in all counties in tax year 2004 and thereafter and (ii) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each Organizational Unit all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this subparagraph (A) that if the general homestead exemption for a parcel of property is determined under

Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of EAV shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this subparagraph (A) that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of EAV shall not be affected by the difference, if any, because of those additional exemptions.

(B) With respect to any part of an Organizational Unit within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Division 74.4 of Article 11 of the Illinois Municipal Code, or the Industrial Jobs Recovery Law, Division 74.6 of Article 11 of the Illinois Municipal Code, no part of the current EAV of real property located in any such project area that is attributable to an increase above the total initial

EAV of such property shall be used as part of the EAV of the Organizational Unit, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the EAV of the Organizational Unit, the total initial EAV or the current EAV, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(B-5) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value, as equalized or assessed by the Department of Revenue, for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (B-5).

(C) For Organizational Units that are Hybrid

Districts, the State Superintendent shall use the lesser of the adjusted equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, or the adjusted equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code.

(D) If a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board, for the purposes of calculating Evidence-Based Funding, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's equalized assessed valuation.

(4) An Organizational Unit's Adjusted EAV shall be the average of its EAV over the immediately preceding 3 years or the lesser of its EAV in the immediately preceding year or the average of its EAV over the immediately preceding 3 years if the EAV in the immediately preceding year has declined by 10% or more when comparing the 2 most recent years. In the event of Organizational Unit reorganization, consolidation, or annexation, the Organizational Unit's Adjusted EAV for the first 3 years after such change shall be as follows: the most current EAV shall be used in the first year, the average of a 2-year EAV or its EAV in the

immediately preceding year if the EAV declines by 10% or more when comparing the 2 most recent years for the second year, and the lesser of a 3-year average EAV or its EAV in the immediately preceding year if the Adjusted EAV declines by 10% or more when comparing the 2 most recent years for the third year. For any school district whose EAV in the immediately preceding year is used in calculations, in the following year, the Adjusted EAV shall be the average of its EAV over the immediately preceding 2 years or the immediately preceding year if that year represents a decline of 10% or more when comparing the 2 most recent years.

"PTELL EAV" means a figure calculated by the State Board for Organizational Units subject to PTELL as described in this paragraph (4) for the purposes of calculating an Organizational Unit's Local Capacity Ratio. Except as otherwise provided in this paragraph (4), the PTELL EAV of an Organizational Unit shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section and the Organizational Unit's Extension Limitation Ratio. If an Organizational Unit has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the PTELL EAV shall be equal to the product

of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section multiplied by an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the equalized assessed valuation of new property, annexed property, and recovered tax increment value and minus the equalized assessed valuation of disconnected property.

As used in this paragraph (4), "new property" and "recovered tax increment value" shall have the meanings set forth in the Property Tax Extension Limitation Law.

(e) Base Funding Minimum calculation.

(1) For the 2017-2018 school year, the Base Funding Minimum of an Organizational Unit or a Specially Funded Unit shall be the amount of State funds distributed to the Organizational Unit or Specially Funded Unit during the 2016-2017 school year prior to any adjustments and specified appropriation amounts described in this paragraph (1) from the following Sections, as calculated by the State Superintendent: Section 18-8.05 of this Code (now repealed); Section 5 of Article 224 of Public Act 99-524 (equity grants); Section 14-7.02b of this Code (funding for children requiring special education

services); Section 14-13.01 of this Code (special education facilities and staffing), except for reimbursement of the cost of transportation pursuant to Section 14-13.01; Section 14C-12 of this Code (English learners); and Section 18-4.3 of this Code (summer school), based on an appropriation level of \$13,121,600. For a school district organized under Article 34 of this Code, the Base Funding Minimum also includes (i) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to funding programs authorized by the Sections of this Code listed in the preceding sentence and (ii) the difference between (I) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to the funding programs authorized by Section 14-7.02 (non-public special education reimbursement), subsection (b) of Section 14-13.01 (special education transportation), Section 29-5 (transportation), Section 2-3.80 (agricultural education), Section 2-3.66 (truants' alternative education), Section 2-3.62 (educational service centers), and Section 14-7.03 (special education - orphanage) of this Code and Section 15 of the Childhood Hunger Relief Act (free breakfast program) and (II) the school district's actual expenditures for its non-public special education, special education transportation, transportation programs, agricultural education, truants'

alternative education, services that would otherwise be performed by a regional office of education, special education orphanage expenditures, and free breakfast, as most recently calculated and reported pursuant to subsection (f) of Section 1D-1 of this Code. The Base Funding Minimum for Glenwood Academy shall be \$952,014. For programs operated by a regional office of education or an intermediate service center, the Base Funding Minimum must be the total amount of State funds allocated to those programs in the 2018-2019 school year and amounts provided pursuant to Article 34 of Public Act 100-586 and Section 3-16 of this Code. All programs established after June 5, 2019 (the effective date of Public Act 101-10) and administered by a regional office of education or an intermediate service center must have an initial Base Funding Minimum set to an amount equal to the first-year ASE multiplied by the amount of per pupil funding received in the previous school year by the lowest funded similar existing program type. If the enrollment for a program operated by a regional office of education or an intermediate service center is zero, then it may not receive Base Funding Minimum funds for that program in the next fiscal year, and those funds must be distributed to Organizational Units under subsection (g).

(2) For the 2018-2019 and subsequent school years, the Base Funding Minimum of Organizational Units and Specially

Funded Units shall be the sum of (i) the amount of Evidence-Based Funding for the prior school year, (ii) the Base Funding Minimum for the prior school year, and (iii) any amount received by a school district pursuant to Section 7 of Article 97 of Public Act 100-21.

For the 2022-2023 school year, the Base Funding Minimum of Organizational Units shall be the amounts recalculated by the State Board of Education for Fiscal Year 2019 through Fiscal Year 2022 that were necessary due to average student enrollment errors for districts organized under Article 34 of this Code, plus the Fiscal Year 2022 property tax relief grants provided under Section 2-3.170 of this Code, ensuring each Organizational Unit has the correct amount of resources for Fiscal Year 2023 Evidence-Based Funding calculations and that Fiscal Year 2023 Evidence-Based Funding Distributions are made in accordance with this Section.

(3) Subject to approval by the General Assembly as provided in this paragraph (3), an Organizational Unit that meets all of the following criteria, as determined by the State Board, shall have District Intervention Money added to its Base Funding Minimum at the time the Base Funding Minimum is calculated by the State Board:

(A) The Organizational Unit is operating under an Independent Authority under Section 2-3.25f-5 of this Code for a minimum of 4 school years or is subject to

the control of the State Board pursuant to a court order for a minimum of 4 school years.

(B) The Organizational Unit was designated as a Tier 1 or Tier 2 Organizational Unit in the previous school year under paragraph (3) of subsection (g) of this Section.

(C) The Organizational Unit demonstrates sustainability through a 5-year financial and strategic plan.

(D) The Organizational Unit has made sufficient progress and achieved sufficient stability in the areas of governance, academic growth, and finances.

As part of its determination under this paragraph (3), the State Board may consider the Organizational Unit's summative designation, any accreditations of the Organizational Unit, or the Organizational Unit's financial profile, as calculated by the State Board.

If the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3), it must submit a report to the General Assembly, no later than January 2 of the fiscal year in which the State Board makes its determination, on the amount of District Intervention Money to add to the Organizational Unit's Base Funding Minimum. The General Assembly must review the State Board's report and may approve or disapprove, by joint resolution, the addition of District Intervention

Money. If the General Assembly fails to act on the report within 40 calendar days from the receipt of the report, the addition of District Intervention Money is deemed approved. If the General Assembly approves the amount of District Intervention Money to be added to the Organizational Unit's Base Funding Minimum, the District Intervention Money must be added to the Base Funding Minimum annually thereafter.

For the first 4 years following the initial year that the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3) and has received funding under this Section, the Organizational Unit must annually submit to the State Board, on or before November 30, a progress report regarding its financial and strategic plan under subparagraph (C) of this paragraph (3). The plan shall include the financial data from the past 4 annual financial reports or financial audits that must be presented to the State Board by November 15 of each year and the approved budget financial data for the current year. The plan shall be developed according to the guidelines presented to the Organizational Unit by the State Board. The plan shall further include financial projections for the next 3 fiscal years and include a discussion and financial summary of the Organizational Unit's facility needs. If the Organizational Unit does not demonstrate sufficient progress toward its 5-year plan or

if it has failed to file an annual financial report, an annual budget, a financial plan, a deficit reduction plan, or other financial information as required by law, the State Board may establish a Financial Oversight Panel under Article 1H of this Code. However, if the Organizational Unit already has a Financial Oversight Panel, the State Board may extend the duration of the Panel.

(f) Percent of Adequacy and Final Resources calculation.

(1) The Evidence-Based Funding formula establishes a Percent of Adequacy for each Organizational Unit in order to place such units into tiers for the purposes of the funding distribution system described in subsection (g) of this Section. Initially, an Organizational Unit's Preliminary Resources and Preliminary Percent of Adequacy are calculated pursuant to paragraph (2) of this subsection (f). Then, an Organizational Unit's Final Resources and Final Percent of Adequacy are calculated to account for the Organizational Unit's poverty concentration levels pursuant to paragraphs (3) and (4) of this subsection (f).

(2) An Organizational Unit's Preliminary Resources are equal to the sum of its Local Capacity Target, CPPRT, and Base Funding Minimum. An Organizational Unit's Preliminary Percent of Adequacy is the lesser of (i) its Preliminary Resources divided by its Adequacy Target or (ii) 100%.

(3) Except for Specially Funded Units, an Organizational Unit's Final Resources are equal to the sum of its Local Capacity, CPPRT, and Adjusted Base Funding Minimum. The Base Funding Minimum of each Specially Funded Unit shall serve as its Final Resources, except that the Base Funding Minimum for State-approved charter schools shall not include any portion of general State aid allocated in the prior year based on the per capita tuition charge times the charter school enrollment.

(4) An Organizational Unit's Final Percent of Adequacy is its Final Resources divided by its Adequacy Target. An Organizational Unit's Adjusted Base Funding Minimum is equal to its Base Funding Minimum less its Supplemental Grant Funding, with the resulting figure added to the product of its Supplemental Grant Funding and Preliminary Percent of Adequacy.

(g) Evidence-Based Funding formula distribution system.

(1) In each school year under the Evidence-Based Funding formula, each Organizational Unit receives funding equal to the sum of its Base Funding Minimum and the unit's allocation of New State Funds determined pursuant to this subsection (g). To allocate New State Funds, the Evidence-Based Funding formula distribution system first places all Organizational Units into one of 4 tiers in accordance with paragraph (3) of this subsection (g), based on the Organizational Unit's Final Percent of

Adequacy. New State Funds are allocated to each of the 4 tiers as follows: Tier 1 Aggregate Funding equals 50% of all New State Funds, Tier 2 Aggregate Funding equals 49% of all New State Funds, Tier 3 Aggregate Funding equals 0.9% of all New State Funds, and Tier 4 Aggregate Funding equals 0.1% of all New State Funds. Each Organizational Unit within Tier 1 or Tier 2 receives an allocation of New State Funds equal to its tier Funding Gap, as defined in the following sentence, multiplied by the tier's Allocation Rate determined pursuant to paragraph (4) of this subsection (g). For Tier 1, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as specified in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources. For Tier 2, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as described in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources and its Tier 1 funding allocation. To determine the Organizational Unit's Funding Gap, the resulting amount is then multiplied by a factor equal to one minus the Organizational Unit's Local Capacity Target percentage. Each Organizational Unit within Tier 3 or Tier 4 receives an allocation of New State Funds equal to the

product of its Adequacy Target and the tier's Allocation Rate, as specified in paragraph (4) of this subsection (g).

(2) To ensure equitable distribution of dollars for all Tier 2 Organizational Units, no Tier 2 Organizational Unit shall receive fewer dollars per ASE than any Tier 3 Organizational Unit. Each Tier 2 and Tier 3 Organizational Unit shall have its funding allocation divided by its ASE. Any Tier 2 Organizational Unit with a funding allocation per ASE below the greatest Tier 3 allocation per ASE shall get a funding allocation equal to the greatest Tier 3 funding allocation per ASE multiplied by the Organizational Unit's ASE. Each Tier 2 Organizational Unit's Tier 2 funding allocation shall be multiplied by the percentage calculated by dividing the original Tier 2 Aggregate Funding by the sum of all Tier 2 Organizational Units' Tier 2 funding allocation after adjusting districts' funding below Tier 3 levels.

(3) Organizational Units are placed into one of 4 tiers as follows:

(A) Tier 1 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy less than the Tier 1 Target Ratio. The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed, with the Tier 1 Allocation Rate determined pursuant to paragraph (4)

of this subsection (g).

(B) Tier 2 consists of all Tier 1 Units and all other Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of less than 0.90.

(C) Tier 3 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of at least 0.90 and less than 1.0.

(D) Tier 4 consists of all Organizational Units with a Percent of Adequacy of at least 1.0.

(4) The Allocation Rates for Tiers 1 through 4 are determined as follows:

(A) The Tier 1 Allocation Rate is 30%.

(B) The Tier 2 Allocation Rate is the result of the following equation: Tier 2 Aggregate Funding, divided by the sum of the Funding Gaps for all Tier 2 Organizational Units, unless the result of such equation is higher than 1.0. If the result of such equation is higher than 1.0, then the Tier 2 Allocation Rate is 1.0.

(C) The Tier 3 Allocation Rate is the result of the following equation: Tier 3 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 3 Organizational Units.

(D) The Tier 4 Allocation Rate is the result of the following equation: Tier 4 Aggregate Funding, divided

by the sum of the Adequacy Targets of all Tier 4 Organizational Units.

(5) A tier's Target Ratio is determined as follows:

(A) The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed with the Tier 1 Allocation Rate.

(B) The Tier 2 Target Ratio is 0.90.

(C) The Tier 3 Target Ratio is 1.0.

(6) If, at any point, the Tier 1 Target Ratio is greater than 90%, then all Tier 1 funding shall be allocated to Tier 2 and no Tier 1 Organizational Unit's funding may be identified.

(7) In the event that all Tier 2 Organizational Units receive funding at the Tier 2 Target Ratio level, any remaining New State Funds shall be allocated to Tier 3 and Tier 4 Organizational Units.

(8) If any Specially Funded Units, excluding Glenwood Academy, recognized by the State Board do not qualify for direct funding following the implementation of Public Act 100-465 from any of the funding sources included within the definition of Base Funding Minimum, the unqualified portion of the Base Funding Minimum shall be transferred to one or more appropriate Organizational Units as determined by the State Superintendent based on the prior year ASE of the Organizational Units.

(8.5) If a school district withdraws from a special

education cooperative, the portion of the Base Funding Minimum that is attributable to the school district may be redistributed to the school district upon withdrawal. The school district and the cooperative must include the amount of the Base Funding Minimum that is to be reapportioned in their withdrawal agreement and notify the State Board of the change with a copy of the agreement upon withdrawal.

(9) The Minimum Funding Level is intended to establish a target for State funding that will keep pace with inflation and continue to advance equity through the Evidence-Based Funding formula. The target for State funding of New Property Tax Relief Pool Funds is \$50,000,000 for State fiscal year 2019 and subsequent State fiscal years. The Minimum Funding Level is equal to \$350,000,000. In addition to any New State Funds, no more than \$50,000,000 New Property Tax Relief Pool Funds may be counted toward the Minimum Funding Level. If the sum of New State Funds and applicable New Property Tax Relief Pool Funds are less than the Minimum Funding Level, than funding for tiers shall be reduced in the following manner:

(A) First, Tier 4 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds until such time as Tier 4 funding is exhausted.

(B) Next, Tier 3 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 funding until such time as Tier 3 funding is exhausted.

(C) Next, Tier 2 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 and Tier 3.

(D) Finally, Tier 1 funding shall be reduced by an amount equal to the difference between the Minimum Funding level and New State Funds and the reduction in Tier 2, 3, and 4 funding. In addition, the Allocation Rate for Tier 1 shall be reduced to a percentage equal to the Tier 1 Allocation Rate set by paragraph (4) of this subsection (g), multiplied by the result of New State Funds divided by the Minimum Funding Level.

(9.5) For State fiscal year 2019 and subsequent State fiscal years, except State fiscal year 2026, if New State Funds exceed \$300,000,000, then any amount in excess of \$300,000,000 shall be dedicated for purposes of Section 2-3.170 of this Code up to a maximum of \$50,000,000.

(10) In the event of a decrease in the amount of the appropriation for this Section in any fiscal year after implementation of this Section, the Organizational Units receiving Tier 1 and Tier 2 funding, as determined under

paragraph (3) of this subsection (g), shall be held harmless by establishing a Base Funding Guarantee equal to the per pupil kindergarten through grade 12 funding received in accordance with this Section in the prior fiscal year. Reductions shall be made to the Base Funding Minimum of Organizational Units in Tier 3 and Tier 4 on a per pupil basis equivalent to the total number of the ASE in Tier 3-funded and Tier 4-funded Organizational Units divided by the total reduction in State funding. The Base Funding Minimum as reduced shall continue to be applied to Tier 3 and Tier 4 Organizational Units and adjusted by the relative formula when increases in appropriations for this Section resume. In no event may State funding reductions to Organizational Units in Tier 3 or Tier 4 exceed an amount that would be less than the Base Funding Minimum established in the first year of implementation of this Section. If additional reductions are required, all school districts shall receive a reduction by a per pupil amount equal to the aggregate additional appropriation reduction divided by the total ASE of all Organizational Units.

(11) The State Superintendent shall make minor adjustments to the distribution formula set forth in this subsection (g) to account for the rounding of percentages to the nearest tenth of a percentage and dollar amounts to the nearest whole dollar.

(h) State Superintendent administration of funding and

district submission requirements.

(1) The State Superintendent shall, in accordance with appropriations made by the General Assembly, meet the funding obligations created under this Section.

(2) The State Superintendent shall calculate the Adequacy Target for each Organizational Unit under this Section. No Evidence-Based Funding shall be distributed within an Organizational Unit without the approval of the unit's school board.

(3) Annually, the State Superintendent shall calculate and report to each Organizational Unit the unit's aggregate financial adequacy amount, which shall be the sum of the Adequacy Target for each Organizational Unit. The State Superintendent shall calculate and report separately for each Organizational Unit the unit's total State funds allocated for its students with disabilities. The State Superintendent shall calculate and report separately for each Organizational Unit the amount of funding and applicable FTE calculated for each Essential Element of the unit's Adequacy Target.

(4) Annually, the State Superintendent shall calculate and report to each Organizational Unit the amount the unit must expend on special education and bilingual education and computer technology and equipment for Organizational Units assigned to Tier 1 or Tier 2 that received an additional \$285.50 per student computer technology and

equipment investment grant to their Adequacy Target pursuant to the unit's Base Funding Minimum, Special Education Allocation, Bilingual Education Allocation, and computer technology and equipment investment allocation.

(5) Moneys distributed under this Section shall be calculated on a school year basis, but paid on a fiscal year basis, with payments beginning in August and extending through June. Unless otherwise provided, the moneys appropriated for each fiscal year shall be distributed in 22 equal payments at least 2 times monthly to each Organizational Unit. If moneys appropriated for any fiscal year are distributed other than monthly, the distribution shall be on the same basis for each Organizational Unit.

(6) Any school district that fails, for any given school year, to maintain school as required by law or to maintain a recognized school is not eligible to receive Evidence-Based Funding. In case of non-recognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion that the enrollment in the attendance center or centers bears to the enrollment of the school district. "Recognized school" means any public school that meets the standards for recognition by the State Board. A school district or attendance center not having recognition status at the end of a school term

is entitled to receive State aid payments due upon a legal claim that was filed while it was recognized.

(7) School district claims filed under this Section are subject to Sections 18-9 and 18-12 of this Code, except as otherwise provided in this Section.

(8) Each fiscal year, the State Superintendent shall calculate for each Organizational Unit an amount of its Base Funding Minimum and Evidence-Based Funding that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner that ensures compliance with maintenance of State financial support requirements under the federal Individuals with Disabilities Education Act. An Organizational Unit must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board.

(9) All Organizational Units in this State must submit annual spending plans, as part of the budget submission process, no later than October 31 of each year to the State Board. The spending plan shall describe how each Organizational Unit will utilize the Base Funding Minimum and Evidence-Based Funding it receives from this State under this Section with specific identification of the intended utilization of Low-Income, English learner, and

special education resources. Additionally, the annual spending plans of each Organizational Unit shall describe how the Organizational Unit expects to achieve student growth and how the Organizational Unit will achieve State education goals, as defined by the State Board, and shall indicate which stakeholder groups the Organizational Unit engaged with to inform its annual spending plans. The State Superintendent may, from time to time, identify additional requisites for Organizational Units to satisfy when compiling the annual spending plans required under this subsection (h). The format and scope of annual spending plans shall be developed by the State Superintendent and the State Board of Education. School districts that serve students under Article 14C of this Code shall continue to submit information as required under Section 14C-12 of this Code. Annual spending plans required under this subsection (h) shall be integrated into annual school district budgets completed pursuant to Section 17-1 or Section 34-43. Organizational Units that do not submit a budget to the State Board shall be provided with a separate planning template developed by the State Board. The State Board shall create an Evidence-Based Funding spending plan tool to make Evidence-Based Funding spending plan data for each Organizational Unit available on the State Board's website no later than December 31, 2025, with annual updates thereafter. The tool shall allow

for the selection and review of each Organizational Unit's planned use of Evidence-Based Funding.

(10) No later than January 1, 2018, the State Superintendent shall develop a 5-year strategic plan for all Organizational Units to help in planning for adequacy funding under this Section. The State Superintendent shall submit the plan to the Governor and the General Assembly, as provided in Section 3.1 of the General Assembly Organization Act. The plan shall include recommendations for:

(A) a framework for collaborative, professional, innovative, and 21st century learning environments using the Evidence-Based Funding model;

(B) ways to prepare and support this State's educators for successful instructional careers;

(C) application and enhancement of the current financial accountability measures, the approved State plan to comply with the federal Every Student Succeeds Act, and the Illinois Balanced Accountability Measures in relation to student growth and elements of the Evidence-Based Funding model; and

(D) implementation of an effective school adequacy funding system based on projected and recommended funding levels from the General Assembly.

(11) On an annual basis, the State Superintendent must recalibrate all of the following per pupil elements of the

Adequacy Target and applied to the formulas, based on the study of average expenses and as reported in the most recent annual financial report:

(A) Gifted under subparagraph (M) of paragraph (2) of subsection (b).

(B) Instructional materials under subparagraph (O) of paragraph (2) of subsection (b).

(C) Assessment under subparagraph (P) of paragraph (2) of subsection (b).

(D) Student activities under subparagraph (R) of paragraph (2) of subsection (b).

(E) Maintenance and operations under subparagraph (S) of paragraph (2) of subsection (b).

(F) Central office under subparagraph (T) of paragraph (2) of subsection (b).

(i) Professional Review Panel.

(1) A Professional Review Panel is created to study and review topics related to the implementation and effect of Evidence-Based Funding, as assigned by a joint resolution or Public Act of the General Assembly or a motion passed by the State Board of Education. The Panel must provide recommendations to and serve the Governor, the General Assembly, and the State Board. The State Superintendent or his or her designee must serve as a voting member and chairperson of the Panel. The State Superintendent must appoint a vice chairperson from the

membership of the Panel. The Panel must advance recommendations based on a three-fifths majority vote of Panel members present and voting. A minority opinion may also accompany any recommendation of the Panel. The Panel shall be appointed by the State Superintendent, except as otherwise provided in paragraph (2) of this subsection (i) and include the following members:

(A) Two appointees that represent district superintendents, recommended by a statewide organization that represents district superintendents.

(B) Two appointees that represent school boards, recommended by a statewide organization that represents school boards.

(C) Two appointees from districts that represent school business officials, recommended by a statewide organization that represents school business officials.

(D) Two appointees that represent school principals, recommended by a statewide organization that represents school principals.

(E) Two appointees that represent teachers, recommended by a statewide organization that represents teachers.

(F) Two appointees that represent teachers, recommended by another statewide organization that represents teachers.

(G) Two appointees that represent regional superintendents of schools, recommended by organizations that represent regional superintendents.

(H) Two independent experts selected solely by the State Superintendent.

(I) Two independent experts recommended by public universities in this State.

(J) One member recommended by a statewide organization that represents parents.

(K) Two representatives recommended by collective impact organizations that represent major metropolitan areas or geographic areas in Illinois.

(L) One member from a statewide organization focused on research-based education policy to support a school system that prepares all students for college, a career, and democratic citizenship.

(M) One representative from a school district organized under Article 34 of this Code.

The State Superintendent shall ensure that the membership of the Panel includes representatives from school districts and communities reflecting the geographic, socio-economic, racial, and ethnic diversity of this State. The State Superintendent shall additionally ensure that the membership of the Panel includes representatives with expertise in bilingual education and special education. Staff from the State Board shall staff

the Panel.

(2) In addition to those Panel members appointed by the State Superintendent, 4 members of the General Assembly shall be appointed as follows: one member of the House of Representatives appointed by the Speaker of the House of Representatives, one member of the Senate appointed by the President of the Senate, one member of the House of Representatives appointed by the Minority Leader of the House of Representatives, and one member of the Senate appointed by the Minority Leader of the Senate. There shall be one additional member appointed by the Governor. All members appointed by legislative leaders or the Governor shall be non-voting, ex officio members.

(3) The Panel must study topics at the direction of the General Assembly or State Board of Education, as provided under paragraph (1). The Panel may also study the following topics at the direction of the chairperson:

(A) The format and scope of annual spending plans referenced in paragraph (9) of subsection (h) of this Section.

(B) The Comparable Wage Index under this Section.

(C) Maintenance and operations, including capital maintenance and construction costs.

(D) "At-risk student" definition.

(E) Benefits.

(F) Technology.

(G) Local Capacity Target.

(H) Funding for Alternative Schools, Laboratory Schools, safe schools, and alternative learning opportunities programs.

(I) Funding for college and career acceleration strategies.

(J) Special education investments.

(K) Early childhood investments, in collaboration with the Illinois Early Learning Council.

(4) (Blank).

(5) Within 5 years after the implementation of this Section, and every 5 years thereafter, the Panel shall complete an evaluative study of the entire Evidence-Based Funding model, including an assessment of whether or not the formula is achieving State goals. The Panel shall report to the State Board, the General Assembly, and the Governor on the findings of the study.

(6) (Blank).

(7) To ensure that (i) the Adequacy Target calculation under subsection (b) accurately reflects the needs of students living in poverty or attending schools located in areas of high poverty, (ii) racial equity within the Evidence-Based Funding formula is explicitly explored and advanced, and (iii) the funding goals of the formula distribution system established under this Section are sufficient to provide adequate funding for every student

and to fully fund every school in this State, the Panel shall review the Essential Elements under paragraph (2) of subsection (b). The Panel shall consider all of the following in its review:

(A) The financial ability of school districts to provide instruction in a foreign language to every student and whether an additional Essential Element should be added to the formula to ensure that every student has access to instruction in a foreign language.

(B) The adult-to-student ratio for each Essential Element in which a ratio is identified. The Panel shall consider whether the ratio accurately reflects the staffing needed to support students living in poverty or who have traumatic backgrounds.

(C) Changes to the Essential Elements that may be required to better promote racial equity and eliminate structural racism within schools.

(D) The impact of investing \$350,000,000 in additional funds each year under this Section and an estimate of when the school system will become fully funded under this level of appropriation.

(E) Provide an overview of alternative funding structures that would enable the State to become fully funded at an earlier date.

(F) The potential to increase efficiency and to

find cost savings within the school system to expedite the journey to a fully funded system.

(G) The appropriate levels for reenrolling and graduating high-risk high school students who have been previously out of school. These outcomes shall include enrollment, attendance, skill gains, credit gains, graduation or promotion to the next grade level, and the transition to college, training, or employment, with an emphasis on progressively increasing the overall attendance.

(H) The evidence-based or research-based practices that are shown to reduce the gaps and disparities experienced by African American students in academic achievement and educational performance, including practices that have been shown to reduce disparities in disciplinary rates, drop-out rates, graduation rates, college matriculation rates, and college completion rates.

On or before December 31, 2021, the Panel shall report to the State Board, the General Assembly, and the Governor on the findings of its review. This paragraph (7) is inoperative on and after July 1, 2022.

(8) On or before April 1, 2024, the Panel must submit a report to the General Assembly on annual adjustments to Glenwood Academy's base-funding minimum in a similar fashion to school districts under this Section.

(9) On or before March 31, 2026, the Professional Review Panel shall make a report to the Governor and the General Assembly assessing the impact of the property tax relief pool grant program under Section 2-3.170, including the number of districts participating in the program by fiscal year since Fiscal Year 2019, the tier assignment for participating school districts, and an analysis of the operating tax rates of participating school districts to determine if the grant program is meeting the legislative intent of reducing property taxes in high-tax areas of the State.

(j) References. Beginning July 1, 2017, references in other laws to general State aid funds or calculations under Section 18-8.05 of this Code (now repealed) shall be deemed to be references to evidence-based model formula funds or calculations under this Section.

Sec. 21B-20. Types of licenses. The State Board of Education shall implement a system of educator licensure, whereby individuals employed in school districts who are required to be licensed must have one of the following

licenses: (i) a professional educator license; (ii) an educator license with stipulations; (iii) a substitute teaching license; or (iv) until June 30, 2028, a short-term substitute teaching license. References in law regarding individuals certified or certificated or required to be certified or certificated under Article 21 of this Code shall also include individuals licensed or required to be licensed under this Article. The first year of all licenses ends on June 30 following one full year of the license being issued.

The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may be necessary to govern the requirements for licenses and endorsements under this Section.

(1) Professional Educator License. Persons who (i) have successfully completed an approved educator preparation program and are recommended for licensure by the Illinois institution offering the educator preparation program, (ii) have successfully completed the required testing under Section 21B-30 of this Code, (iii) have successfully completed coursework on the psychology of, the identification of, and the methods of instruction for the exceptional child, including, without limitation, children with learning disabilities, (iv) have successfully completed coursework in methods of reading and reading in the content area, and (v) have met all other criteria established by rule of the State Board of

Education shall be issued a Professional Educator License. Persons seeking a Professional Educator License with a school support personnel endorsement or chief school business official endorsement are exempt from the requirements in items (iii) and (iv). All Professional Educator Licenses are valid until June 30 immediately following 5 years of the license being issued. The Professional Educator License shall be endorsed with specific areas and grade levels in which the individual is eligible to practice. For an early childhood education endorsement, an individual may satisfy the student teaching requirement of his or her early childhood teacher preparation program through placement in a setting with children from birth through grade 2, and the individual may be paid and receive credit while student teaching. The student teaching experience must meet the requirements of and be approved by the individual's early childhood teacher preparation program. No institution of higher education shall establish or maintain any policy which requires student teaching for preservice teachers to be unpaid.

Individuals can receive subsequent endorsements on the Professional Educator License. Subsequent endorsements shall require a minimum of 24 semester hours of coursework in the endorsement area and passage of the applicable content area test, unless otherwise specified by rule.

(2) Educator License with Stipulations. An Educator License with Stipulations shall be issued an endorsement that limits the license holder to one particular position or does not require completion of an approved educator program or both.

An individual with an Educator License with Stipulations must not be employed by a school district or any other entity to replace any presently employed teacher who otherwise would not be replaced for any reason.

An Educator License with Stipulations may be issued with the following endorsements:

(A) (Blank).

(B) Alternative provisional educator. An alternative provisional educator endorsement on an Educator License with Stipulations may be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

(i) Graduated from a regionally accredited college or university with a minimum of a bachelor's degree.

(ii) Successfully completed the first phase of the Alternative Educator Licensure Program for Teachers, as described in Section 21B-50 of this Code.

(iii) Passed a content area test, as required under Section 21B-30 of this Code.

The alternative provisional educator endorsement is valid for 2 years of teaching and may be renewed for a third year by an individual meeting the requirements set forth in Section 21B-50 of this Code.

(C) Alternative provisional superintendent. An alternative provisional superintendent endorsement on an Educator License with Stipulations entitles the holder to serve only as a superintendent or assistant superintendent in a school district's central office. This endorsement may only be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

(i) Graduated from a regionally accredited college or university with a minimum of a master's degree in a management field other than education.

(ii) Been employed for a period of at least 5 years in a management level position in a field other than education.

(iii) Successfully completed the first phase of an alternative route to superintendent endorsement program, as provided in Section 21B-55 of this Code.

(iv) Passed a content area test required under Section 21B-30 of this Code.

The endorsement is valid for 2 fiscal years in order to complete one full year of serving as a

Each extension request shall be granted in writing by the regional office of education. An emergency situation is one in which an unforeseen vacancy has occurred and (i) a teacher is unexpectedly unable to fulfill his or her contractual duties or (ii) teacher capacity needs of the district exceed previous indications or vacancies are unfilled due to a lack of qualified candidates, and the district is actively engaged in advertising to hire a fully licensed teacher for the vacant position.

There is no limit on the number of days that a substitute teacher may teach in a single school district, provided that no substitute teacher may teach for longer than 120 days beginning with the 2021-2022 school year through the 2022-2023 school year, otherwise 90 school days for any one licensed teacher under contract in the same school year. A substitute teacher who holds a

Professional Educator License or Educator License with Stipulations shall not teach for more than 120 school days for any one licensed teacher under contract in the same school year. The limitations in this paragraph (3) on the number of days a substitute teacher may be employed do not apply to any school district operating under Article 34 of this Code.

The provisions of Sections 10-21.9 and 34-18.5 of this Code apply to short-term substitute teachers.

An individual holding a Short-Term Substitute Teaching License may teach no more than 15 consecutive days per licensed teacher who is under contract. For teacher absences lasting 6 or more days per licensed teacher who is under contract, a school district may not hire an individual holding a Short-Term Substitute Teaching License, unless the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act. Sec. 21B-30. Educator testing.

(a) (Blank).

(b) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall design and implement a system of examinations, which shall be required prior to the issuance of educator licenses. These examinations and indicators must be based on national and State professional teaching standards, as determined by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. By July 1, 2027, the State Superintendent of Education shall begin incorporating the following topics into revised examinations for individuals seeking a Professional Educator License endorsed in teaching or administration, excluding a chief school business official endorsement: (i) methods of instruction of the exceptional child; (ii) methods of reading and reading in the content area; and (iii) instructional strategies for English learners. The State Board of Education may adopt such rules as may be necessary to implement and administer this Section.

(c) (Blank).

(c-5) The State Board must adopt rules to implement a paraprofessional competency test. This test would allow an applicant seeking an Educator License with Stipulations with a paraprofessional educator endorsement to obtain the endorsement if he or she passes the test and meets the other requirements of subparagraph (J) of paragraph (2) of Section 21B-20 other than the higher education requirements.

(d) All applicants seeking a State license shall be required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. There shall be no exception to this requirement except for an applicant seeking a school support personnel endorsement who holds an active and valid professional license issued by the Department of Financial and Professional Regulation in the same subject matter as the endorsement sought, as specified by rule by the State Board, or as provided under subparagraph (P) of paragraph (1) of Section 21B-20. However, notwithstanding any other law to the contrary, individuals seeking a short-term approval for school support personnel, as defined in rules, are not required to take the test of content area knowledge prior to the short-term approval being issued.

(d-5) The State Board shall consult with any applicable vendors within 90 days after July 28, 2023 (the effective date of Public Act 103-402) to develop a plan to transition the test of content area knowledge in the endorsement area of elementary education, grades one through 6, by July 1, 2026 to a content area test that contains testing elements that cover bilingualism, biliteracy, oral language development, foundational literacy skills, and developmentally appropriate higher-order comprehension and on which a valid and reliable language and literacy subscore can be determined. The State Board shall base its rules concerning the passing subscore on the language and literacy portion of the test on the

recommended cut-score determined in the formal standard-setting process. Candidates need not achieve a particular subscore in the area of language and literacy. The State Board shall aggregate and publish the number of candidates in each preparation program who take the test and the number who pass the language and literacy portion.

(e) (Blank).

(f) Beginning on August 4, 2023 (the effective date of Public Act 103-488) through August 31, 2026, no candidate completing a teacher preparation program in this State or candidate subject to Section 21B-35 of this Code is required to pass a teacher performance assessment. Except as otherwise provided in this Article, beginning on September 1, 2015 until August 4, 2023 (the effective date of Public Act 103-488) and beginning again on September 1, 2029, all candidates completing teacher preparation programs in this State and all candidates subject to Section 21B-35 of this Code are required to pass a teacher performance assessment approved by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. Any candidate who has successfully completed student teaching or has met one of the student teaching exceptions set forth in rules prior to September 1, 2028 is exempt from this requirement. A candidate may not be required to submit test materials by video submission. Subject to appropriation, an individual who holds a Professional Educator License and is employed for a minimum

of one school year by a school district designated as Tier 1 under Section 18-8.15 may, after application to the State Board, receive from the State Board a refund for any costs associated with completing the teacher performance assessment under this subsection.

The State Board of Education shall adopt rules for the administration of this subsection.

(105 ILCS 5/22-105) (was 105 ILCS 5/27-8.1)

Sec. 22-105. Health examinations and immunizations.

(1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as hereinafter provided, all children in Illinois shall have a health examination as follows: within one year prior to entering kindergarten or the first grade of any public, private, or parochial elementary school; upon entering the sixth and ninth grades of any public, private, or parochial school; prior to entrance into any public, private, or parochial nursery school; and, irrespective of grade, immediately prior to or upon entrance into any public, private, or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section and the rules and regulations promulgated hereunder. Any child who received a health examination within one year prior to entering the fifth grade for the 2007-2008 school year is not required to receive an additional health examination in order to comply with the provisions of Public Act 95-422 when he or she attends school for the 2008-2009 school year, unless the child is attending school for the first time as provided in this paragraph.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed

necessary by school authorities. Parents are encouraged to have their children undergo eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second, sixth, and ninth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second, sixth, or ninth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. A school may not withhold a child's report card during a school year in which the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after January 1, 2008 (the effective date of Public Act 95-671) and any student enrolling for the first time in a public, private, or parochial school on or after January 1, 2008 (the effective date of Public Act 95-671) shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its branches or a licensed optometrist within the previous year, in accordance with this Section and rules adopted under this Section, before October 15th of the school year. If the child fails to present proof by October 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed eye examination or (ii) the child presents proof that an eye examination will take place within 60 days after October 15th. A school may not withhold a child's report card during a school year in which the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or to a licensed optometrist. Each public, private, and parochial school must give notice of this eye examination requirement to the parents

and guardians of students in compliance with rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include an age-appropriate developmental screening, an age-appropriate social and emotional screening, and the collection of data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. The rules and regulations of the Department of Public Health shall specify that a tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. With respect to the developmental screening and the social and emotional screening, the Department of Public Health must, no later than January 1, 2019, develop rules and appropriate revisions to the Child Health Examination form in conjunction with a statewide organization representing school boards; a statewide organization representing pediatricians; statewide organizations representing individuals holding

Illinois educator licenses with school support personnel endorsements, including school social workers, school psychologists, and school nurses; a statewide organization representing children's mental health experts; a statewide organization representing school principals; the Director of Healthcare and Family Services or his or her designee, the State Superintendent of Education or his or her designee; and representatives of other appropriate State agencies and, at a minimum, must recommend the use of validated screening tools appropriate to the child's age or grade, and, with regard to the social and emotional screening, require recording only whether or not the screening was completed. The rules shall take into consideration the screening recommendations of the American Academy of Pediatrics and must be consistent with the State Board of Education's social and emotional learning standards. The Department of Public Health shall specify that a diabetes screening as defined by rule shall be included as a required part of each health examination. Diabetes testing is not required.

Physicians licensed to practice medicine in all of its branches, licensed advanced practice registered nurses, or licensed physician assistants shall be responsible for the performance of the health examinations, other than dental examinations, eye examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions

of the health examination for which the physician, advanced practice registered nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches or licensed optometrists shall perform all eye examinations required by this Section and shall sign all report forms required by subsection (4) of this Section that pertain to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, subjective refraction to best visual acuity near and far, internal and external examination, and a glaucoma evaluation, as well as any other tests or observations that in the professional judgment of the doctor are necessary. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the

vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(2.5) With respect to the developmental screening and the social and emotional screening portion of the health examination, each child may present proof of having been screened in accordance with this Section and the rules adopted under this Section before October 15th of the school year. With regard to the social and emotional screening only, the examining health care provider shall only record whether or not the screening was completed. If the child fails to present proof of the developmental screening or the social and emotional screening portions of the health examination by October 15th of the school year, qualified school support personnel may, with a parent's or guardian's consent, offer the developmental screening or the social and emotional screening to the child. Each public, private, and parochial school must give notice of the developmental screening and social and emotional screening requirements to the parents and guardians of students in compliance with the rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending

because of a parent's or guardian's failure to obtain a developmental screening or a social and emotional screening for the child. Once a developmental screening or a social and emotional screening is completed and proof has been presented to the school, the school may, with a parent's or guardian's consent, make available appropriate school personnel to work with the parent or guardian, the child, and the provider who signed the screening form to obtain any appropriate evaluations and services as indicated on the form and in other information and documentation provided by the parents, guardians, or provider.

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for

statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to asthma or obesity. The duty to summarize on the report form does not apply to social and emotional screenings. The confidentiality of the information and records relating to the developmental screening and the social and emotional screening shall be determined by the statutes, rules, and professional ethics governing the type of provider conducting the screening. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established

date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice registered nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations, eye examinations, and the developmental screening and the social and emotional screening portions of the health examination. If the student is an out-of-state transfer student and does not have the proof required under this subsection (5) before October 15 of the current year or whatever date is set by the school district, then he or she may only attend classes (i) if he or she has proof that an appointment for the required vaccinations has been scheduled with a party authorized to

submit proof of the required vaccinations. If the proof of vaccination required under this subsection (5) is not submitted within 30 days after the student is permitted to attend classes, then the student is not to be permitted to attend classes until proof of the vaccinations has been properly submitted. No school district or employee of a school district shall be held liable for any injury or illness to another person that results from admitting an out-of-state transfer student to class that has an appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). On or before December 1 of each year, every public school district and registered nonpublic school shall make publicly available the immunization data they are required to submit to the State Board of Education by November 15. The immunization data made publicly available must be identical to the data the school district or school has reported to the State Board of Education.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required eye examination, indicating, of those who have not received the required eye examination, the number of children who are exempt from the eye examination as provided in subsection (8) of this Section, the number of children who have received a waiver under subsection (1.10) of this Section, and the total number of children in noncompliance with the eye examination requirement.

The reported information under this subsection (6) shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant

to Section 18-8.05 or 18-8.15 to the school district for such year may be withheld by the State Board of Education until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, to immunizations, or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations, tests, or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations, tests, or examinations to which they object. The grounds for objection must set forth the specific religious belief that conflicts with the examination, test, immunization, or other medical intervention. The signed certificate shall also reflect the parent's or legal guardian's understanding of the school's exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. The certificate must also be signed by the authorized examining health care provider responsible for the performance of the child's health examination confirming that the provider provided education to the parent or legal guardian on the benefits of immunization and the health risks to the student and to the community of the communicable diseases for which immunization is required in this State.

However, the health care provider's signature on the certificate reflects only that education was provided and does not allow a health care provider grounds to determine a religious exemption. Those receiving immunizations required under this Code shall be provided with the relevant vaccine information statements that are required to be disseminated by the federal National Childhood Vaccine Injury Act of 1986, which may contain information on circumstances when a vaccine should not be administered, prior to administering a vaccine. A healthcare provider may consider including without limitation the nationally accepted recommendations from federal agencies such as the Advisory Committee on Immunization Practices, the information outlined in the relevant vaccine information statement, and vaccine package inserts, along with the healthcare provider's clinical judgment, to determine whether any child may be more susceptible to experiencing an adverse vaccine reaction than the general population, and, if so, the healthcare provider may exempt the child from an immunization or adopt an individualized immunization schedule. The Certificate of Religious Exemption shall be created by the Department of Public Health and shall be made available and used by parents and legal guardians by the beginning of the 2015-2016 school year. Parents or legal guardians must submit the Certificate of Religious Exemption to their local school authority prior to entering kindergarten, sixth grade, and ninth grade for

each child for which they are requesting an exemption. The religious objection stated need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screenings, or dental examinations does not provide a sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection. The local school authority shall inform the parent or legal guardian of exclusion procedures, in accordance with the Department's rules under Part 690 of Title 77 of the Illinois Administrative Code, at the time the objection is presented.

If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice registered nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form.

Exempting a child from the health, dental, or eye examination does not exempt the child from participation in the program of physical education training provided in Sections 27-705, 27-710, and 27-725 of this Code.

(8.5) The school board of a school district shall include informational materials regarding influenza and influenza

vaccinations developed, provided, or approved by the Department of Public Health under Section 2310-700 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois when the board provides information on immunizations, infectious diseases, medications, or other school health issues to the parents or guardians of students.

(9) For the purposes of this Section, "nursery schools" means those nursery schools operated by elementary school systems or secondary level school units or institutions of higher learning.

(105 ILCS 5/22-106)

Sec. 22-106 ~~22-105~~. Denial of free education prohibited.

(a) The purpose of this Section is to secure the right of every child to equal access to a free public education and a school that is safe from intimidation and fear, consistent with the landmark United States Supreme Court decision in Plyler v. Doe, 457 U.S. 202 (1982), as in effect on January 1, 2025, which held that it is unconstitutional for states to deny children a free public education based on immigration status. In their efforts to promote the right to educational equality established in Plyler, schools must take steps to protect the integrity of school learning environments for all children, so that no parent is discouraged from sending and no

child is discouraged from attending school, including from the threat of immigration enforcement or other law enforcement activity on a school campus.

(b) As used in this Section:

"Citizenship or immigration status" means all matters regarding citizenship of the United States or any other country or the authority or lack thereof to reside in or otherwise to be present in the United States, including an individual's nationality and country of citizenship.

"Law enforcement agent" means an agent of federal, State, or local law enforcement authorized with the power to arrest or detain individuals or manage the custody of detained individuals for a law enforcement purpose, including civil immigration enforcement. "Law enforcement agent" does not include a school resource officer as defined in Section 10-20.68 of this Code.

"Nonjudicial warrant" means a warrant issued by a federal, State, or local agency authorized with the power to arrest or detain individuals or manage the custody of detained individuals for any law enforcement purpose, including civil immigration enforcement. "Nonjudicial warrant" includes an immigration detainer or civil immigration warrant as defined in the Illinois TRUST Act. "Nonjudicial warrant" does not include a criminal warrant issued upon a judicial determination of probable cause, in compliance with the requirements of the Fourth Amendment to the United States

Constitution and Section 6 of Article I of the Illinois Constitution.

"Prevailing party" includes any party:

(1) who obtains some of his or her requested relief through a judicial judgment in his or her favor;

(2) who obtains some of his or her requested relief through a settlement agreement approved by the court; or

(3) whose pursuit of a non-frivolous claim was a catalyst for a unilateral change in position by the opposing party relative to the relief sought.

"School" means every public school, school district, and governing body, including a special charter district or charter school, organized under this Code, and its agents, including a contracted party.

(c) No child may be denied a free public education through secondary school while in this State based on the child's perceived or actual immigration status or the child's parent's or guardian's perceived or actual citizenship or immigration status.

(1) A school must not exclude a child from participation in or deny a child the benefits of any program or activity on the grounds of that child's perceived or actual immigration status or the child's parent's or guardian's actual or perceived citizenship or immigration status.

(2) A school must not use policies or procedures or

engage in practices that have the effect of excluding a child from participation in or denying the benefits of any program or activity or the effect of excluding participation of the child's parent or guardian from parental engagement activities or programs because of the child's perceived or actual immigration status or the child's parent's or guardian's actual or perceived immigration status. These policies, procedures, and practices include:

(A) requesting or collecting information or documentation from a student or the student's parent or guardian about citizenship or immigration status unless required by State or federal law; and

(B) designating immigration status, citizenship, place of birth, nationality, or national origin as directory information, as that term is defined by federal and State law.

(3) A school must not perform any of the following actions:

(A) Threaten to disclose anything related to the actual or perceived citizenship or immigration status of a child or a person associated with the child to any other person or entity or an immigration or law enforcement agency.

(B) Disclose anything related to the perceived citizenship or immigration status of a child or a

person associated with the child to any other person or entity or an immigration or law enforcement agency if the school does not have direct knowledge of the child's or associated person's actual citizenship or immigration status, subject to the requirements of this paragraph (3).

(C) Disclose anything related to the actual citizenship or immigration status of a child or a person associated with the child to any other person or nongovernmental entity if the school has direct knowledge of the child's or associated person's actual citizenship or immigration status, subject to the requirements of this paragraph (3).

Nothing in subparagraphs (B) and (C) of this paragraph (3) may be construed to permit the disclosure of student records or information without complying with State and federal requirements governing the disclosure of such records or information. Subparagraphs (B) and (C) of this paragraph (3) may not be construed to prohibit or restrict an entity from sending to or receiving from the United States Department of Homeland Security or any other federal, State, or local governmental entity information regarding the citizenship or immigration status of an individual under Sections 1373 and 1644 of Title 8 of the United States Code.

(4) A school must develop procedures for reviewing and

authorizing requests from law enforcement agents attempting to enter a school or school facility by July 1, 2026. The procedures must comply with the requirements of paragraph (2) of this subsection (c), and, at a minimum, include the following:

(A) procedures for reviewing and contacting a designated authorized person at the school or school facility and the district superintendent's office or school administrative office, who may contact the school's legal counsel, and procedures for that authorized person or legal counsel to review requests to enter a school or school facility, including judicial warrants, nonjudicial warrants, and subpoenas;

(B) procedures for monitoring or accompanying and procedures for documenting all interactions with law enforcement agents while on the school's premises; and

(C) procedures for notifying and seeking consent from a student's parents or guardian or from the student if the student is 18 years old or older or emancipated if a law enforcement agent requests access to a student for immigration enforcement purposes, unless such access is in compliance with a judicial warrant or subpoena that restricts the disclosure of the information to the student's parent or guardian.

This paragraph (4) is subject to subsection (c) of

Section 22-88 of this Code.

(d) A school shall adopt a policy for complying with paragraphs (1), (2), (3), and (4) of subsection (c) by July 1, 2026.

(e) Beginning July 1, 2026, any party aggrieved by conduct that violates subsection (c) may bring a civil lawsuit. This lawsuit must be brought no later than 2 years after the violation of subsection (c). If the court finds that a willful violation of paragraph (1), (2), or (3) of subsection (c) has occurred, the court may award actual damages. The court, as it deems appropriate, may grant, as relief, any permanent or preliminary negative or mandatory injunction, temporary restraining order, or other order.

(f) Nothing in this Section may be construed to require an exhaustion of the administrative complaint process before civil law remedies may be pursued.

(g) Upon a motion, a court shall award reasonable attorney's fees and costs, including expert witness fees and other litigation expenses, to a plaintiff who is a prevailing party in any action brought under subsection (c). In awarding reasonable attorney's fees, the court shall consider the degree to which the relief obtained relates to the relief sought.

(h) The General Assembly finds and declares that this Section is a State law within the meaning of subsection (d) of Section 1621 of Title 8 of the United States Code.

(Text of Section before amendment by P.A. 104-338)

Sec. 22-110. Bullying prevention.

(a) The General Assembly finds that a safe and civil school environment is necessary for students to learn and achieve and that bullying causes physical, psychological, and emotional harm to students and interferes with students' ability to learn and participate in school activities. The General Assembly further finds that bullying has been linked to other forms of antisocial behavior, such as vandalism, shoplifting, skipping and dropping out of school, fighting, using drugs and alcohol, sexual harassment, and sexual violence. Because of the negative outcomes associated with bullying in schools, the General Assembly finds that school districts, charter schools, and non-public, non-sectarian elementary and secondary schools should educate students, parents, and school district, charter school, or non-public, non-sectarian elementary or secondary school personnel about what behaviors constitute prohibited bullying.

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, physical appearance, socioeconomic status, academic status, pregnancy, parenting status, homelessness, age, marital status, physical or mental disability, military status, sexual orientation,

gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in all school districts, charter schools, and non-public, non-sectarian elementary and secondary schools. No student shall be subjected to bullying:

- (1) during any school-sponsored education program or activity;

- (2) while in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities;

- (3) through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment; or

- (4) through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and does not require a

district or school to staff or monitor any nonschool-related activity, function, or program.

(a-5) Nothing in this Section is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the United States Constitution or under Section 3 of Article I of the Illinois Constitution.

(b) In this Section:

"Bullying" includes "cyber-bullying" and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

(1) placing the student or students in reasonable fear of harm to the student's or students' person or property;

(2) causing a substantially detrimental effect on the student's or students' physical or mental health;

(3) substantially interfering with the student's or students' academic performance; or

(4) substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, as defined in this subsection (b), may take various forms, including, without limitation, one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft,

public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

"Cyber-bullying" means bullying through the use of technology or any electronic communication, including, without limitation, any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photoelectronic system, or photooptical system, including, without limitation, electronic mail, Internet communications, instant messages, or facsimile communications. "Cyber-bullying" includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying in this Section. "Cyber-bullying" also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying in this Section.

"Policy on bullying" means a bullying prevention policy that meets the following criteria:

- (1) Includes the bullying definition provided in this Section.

(2) Includes a statement that bullying is contrary to State law and the policy of the school district, charter school, or non-public, non-sectarian elementary or secondary school and is consistent with subsection (a-5) of this Section.

(3) Includes procedures for promptly reporting bullying, including, but not limited to, identifying and providing the school e-mail address (if applicable) and school telephone number for the staff person or persons responsible for receiving such reports and a procedure for anonymous reporting; however, this shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report.

(4) Consistent with federal and State laws and rules governing student privacy rights, includes procedures for informing parents or guardians of all students involved in the alleged incident of bullying within 24 hours after the school's administration is made aware of the students' involvement in the incident and discussing, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures. The school shall make diligent efforts to notify a parent or legal guardian, utilizing all contact information the school has available or that can be reasonably obtained by the school within the 24-hour period.

(5) Contains procedures for promptly investigating and addressing reports of bullying, including the following:

(A) Making all reasonable efforts to complete the investigation within 10 school days after the date the report of the incident of bullying was received and taking into consideration additional relevant information received during the course of the investigation about the reported incident of bullying.

(B) Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.

(C) Notifying the principal or school administrator or his or her designee of the report of the incident of bullying as soon as possible after the report is received.

(D) Consistent with federal and State laws and rules governing student privacy rights, providing parents and guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

(6) Includes the interventions that can be taken to

address bullying, which may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.

(Text of Section after amendment by P.A. 104-338)

Sec. 22-110. Bullying prevention.

(a) The General Assembly finds that a safe and civil school environment is necessary for students to learn and achieve and that bullying causes physical, psychological, and emotional harm to students and interferes with students' ability to learn and participate in school activities. The General Assembly further finds that bullying has been linked to other forms of antisocial behavior, such as vandalism, shoplifting, skipping and dropping out of school, fighting, using drugs and alcohol, sexual harassment, and sexual violence. Because of the negative outcomes associated with bullying in schools, the General Assembly finds that school districts, charter schools, and non-public, non-sectarian elementary and secondary schools should educate students, parents, and school district, charter school, or non-public, non-sectarian elementary or secondary school personnel about what behaviors constitute prohibited bullying.

Bullying on the basis of actual or perceived race, color,

religion, sex, national origin, ancestry, physical appearance, socioeconomic status, academic status, pregnancy, parenting status, homelessness, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in all school districts, charter schools, and non-public, non-sectarian elementary and secondary schools. No student shall be subjected to bullying:

(1) during any school-sponsored education program or activity;

(2) while in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities;

(3) through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment; or

(4) through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the

educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

(a-5) Nothing in this Section is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the United States Constitution or under Section 3 of Article I of the Illinois Constitution.

(11) As part of the process of reviewing and re-evaluating the policy under subsection (d) of this Section, contains a policy evaluation process to assess the outcomes and effectiveness of the policy that includes, but is not limited to, factors such as the frequency of victimization; student, staff, and family observations of safety at a school; identification of areas of a school where bullying occurs; the types of bullying utilized; and bystander intervention or participation. The school district, charter school, or non-public, non-sectarian elementary or secondary school may use relevant data and information it already collects for other purposes in the policy evaluation. The

information developed as a result of the policy evaluation must be made available on the Internet website of the school district, charter school, or non-public, non-sectarian elementary or secondary school. If an Internet website is not available, the information must be provided to school administrators, school board members, school personnel, parents, guardians, and students.

Sec. 24-6. Sick leave. The school boards of all school

districts, including special charter districts, but not including school districts in municipalities of 500,000 or more, shall grant their full-time teachers, and also shall grant such of their other employees as are eligible to participate in the Illinois Municipal Retirement Fund under the "600-Hour Standard" established, or under such other eligibility participation standard as may from time to time be established, by rules and regulations now or hereafter promulgated by the Board of that Fund under Section 7-198 of the Illinois Pension Code, as now or hereafter amended, sick leave provisions not less in amount than 10 days at full pay in each school year. If any such teacher or employee does not use the full amount of annual leave thus allowed, the unused amount shall be allowed to accumulate to a minimum available leave of 180 days at full pay, including the leave of the current year. Sick leave shall be interpreted to mean personal illness, mental or behavioral health complications, quarantine at home, or serious illness or death in the immediate family or household. The school board may require a certificate from a physician licensed in Illinois to practice medicine and surgery in all its branches, a mental health professional licensed in Illinois providing ongoing care or treatment to the teacher or employee, a chiropractic physician licensed under the Medical Practice Act of 1987, a licensed advanced practice registered nurse, a licensed physician assistant, or, if the treatment is by prayer or spiritual means, a spiritual

adviser or practitioner of the teacher's or employee's faith as a basis for pay during leave after an absence of 3 days for personal illness or as the school board may deem necessary in other cases. If the school board does require a certificate as a basis for pay during leave of less than 3 days for personal illness, the school board shall pay, from school funds, the expenses incurred by the teachers or other employees in obtaining the certificate.

Sick leave shall also be interpreted to mean birth, adoption, placement for adoption, and the acceptance of a child in need of foster care. Teachers and other employees to whom ~~which~~ this Section applies are entitled to use up to 30 days of paid sick leave because of the birth of a child that is not dependent on the need to recover from childbirth. Paid sick leave because of the birth of a child may be used absent medical certification for up to 30 working school days, which days may be used at any time within the 12-month period following the birth of the child. The use of up to 30 working school days of paid sick leave because of the birth of a child may not be diminished as a result of any intervening period of nonworking days or school not being in session, such as for summer, winter, or spring break or holidays, that may occur during the use of the paid sick leave. For paid sick leave for adoption, placement for adoption, or the acceptance of a child in need of foster care, the school board may require that the teacher or other employee to whom ~~which~~ this Section applies

provide evidence that the formal adoption process or the formal foster care process is underway, and such sick leave is limited to 30 days unless a longer leave has been negotiated with the exclusive bargaining representative. Paid sick leave for adoption, placement for adoption, or the acceptance of a child in need of foster care need not be used consecutively once the formal adoption process or the formal foster care process is underway, and such sick leave may be used for reasons related to the formal adoption process or the formal foster care process prior to taking custody of the child or accepting the child in need of foster care, in addition to using such sick leave upon taking custody of the child or accepting the child in need of foster care.

If, by reason of any change in the boundaries of school districts, or by reason of the creation of a new school district, the employment of a teacher is transferred to a new or different board, the accumulated sick leave of such teacher is not thereby lost, but is transferred to such new or different district.

Any sick leave used by a teacher or employee during the 2021-2022 school year shall be returned to a teacher or employee who receives all doses required to be fully vaccinated against COVID-19, as defined in Section 10-20.83 of this Code, if:

- (1) the sick leave was taken because the teacher or employee was restricted from being on school district

property because the teacher or employee:

(A) had a confirmed positive COVID-19 diagnosis via a molecular amplification diagnostic test, such as a polymerase chain reaction (PCR) test for COVID-19;

(B) had a probable COVID-19 diagnosis via an antigen diagnostic test;

(C) was in close contact with a person who had a confirmed case of COVID-19 and was required to be excluded from school; or

(D) was required by the school or school district policy to be excluded from school district property due to COVID-19 symptoms; or

(2) the sick leave was taken to care for a child of the teacher or employee who was unable to attend elementary or secondary school because the child:

(A) had a confirmed positive COVID-19 diagnosis via a molecular amplification diagnostic test, such as a polymerase chain reaction (PCR) test for COVID-19;

(B) had a probable COVID-19 diagnosis via an antigen diagnostic test;

(C) was in close contact with a person who had a confirmed case of COVID-19 and was required to be excluded from school; or

(D) was required by the school or school district policy to be excluded from school district property due to COVID-19 symptoms.

For purposes of return of sick leave used in the 2021-2022 school year pursuant this Section, an "employee" is a teacher or employee employed by the school district on or after April 5, 2022 (the effective date of Public Act 102-697).

No school may rescind any sick leave returned to a teacher or employee on the basis of a revision to the definition of "fully vaccinated against COVID-19" by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services or the Department of Public Health, provided that the teacher or employee received all doses required to be fully vaccinated against COVID-19, as defined in Section 10-20.83 of this Code, at the time the sick leave was returned to the teacher or employee.

and the elementary student's enrollment in the course would not prevent a high school student from being able to enroll, ~~or~~ (ii) the student participates in the course where the student attends school as long as the student passes the course and the end-of-course examination given at the high school granting the credit for the same course, demonstrating proficiency at the high school level, or (iii) the course is taught by a teacher who holds a professional educator license issued under Article 21B of this Code and endorsed for the grade level and content area of the course.

(105 ILCS 5/27-830) (was 105 ILCS 5/27-24.4)

Sec. 27-830. Reimbursement amount.

(a) Each school district shall be entitled to reimbursement for each student who finishes either the classroom instruction part or the practice driving part of a driver education course that meets the minimum requirements of this Act. Reimbursement under this Act is payable from the Drivers Education Fund in the State treasury.

Each year all funds appropriated from the Drivers Education Fund to the State Board of Education, with the exception of those funds necessary for administrative purposes of the State Board of Education, shall be distributed in the manner provided in this paragraph to school districts by the State Board of Education for reimbursement of claims from the previous school year. As soon as may be after each quarter of the year, if moneys are available in the Drivers Education Fund in the State treasury for payments under this Section, the State Comptroller shall draw his or her warrants upon the State Treasurer as directed by the State Board of Education. The warrant for each quarter shall be in an amount equal to one-fourth of the total amount to be distributed to school

districts for the year. Payments shall be made to school districts as soon as may be after receipt of the warrants.

The base reimbursement amount shall be calculated by the State Board by dividing the total amount appropriated for distribution by the total of: (a) the number of students who have completed the classroom instruction part for whom valid claims have been made times 0.2; plus (b) the number of students who have completed the practice driving instruction part for whom valid claims have been made times 0.8.

The amount of reimbursement to be distributed on each claim shall be 0.2 times the base reimbursement amount for each validly claimed student who has completed the classroom instruction part, plus 0.8 times the base reimbursement amount for each validly claimed student who has completed the practice driving instruction part.

(b) The school district which is the residence of a student who attends a nonpublic school in another district that has furnished the driver education course shall reimburse the district offering the course, the difference between the actual per capita cost of giving the course the previous school year and the amount reimbursed by the State, which, for purposes of this subsection (b), shall be referred to as "course cost". If the course cost offered by the student's resident district is less than the course cost of the course in the district where the nonpublic school is located, then the student is responsible for paying the district that furnished

the course the difference between the 2 amounts. If a nonpublic school student chooses to attend a driver ~~driver's~~ education course in a school district besides the district where the nonpublic school is located, then the student is wholly responsible for the course cost; however, the nonpublic school student may take the course in his or her resident district on the same basis as public school students who are enrolled in that district.

By April 1 the nonpublic school shall notify the district offering the course of the names and district numbers of the nonresident students desiring to take such course the next school year. The district offering such course shall notify the district of residence of those students affected by April 15. The school district furnishing the course may claim the nonresident student for the purpose of making a claim for State reimbursement under this Act.

Claims for reimbursement shall be made under oath or affirmation of the chief school administrator for the district employed by the school board or authorized driver education personnel employed by the school board.

Sec. 27A-5. Charter school; legal entity; requirements.

(a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. In all new applications to establish a charter school in a city

having a population exceeding 500,000, operation of the charter school shall be limited to one campus. This limitation does not apply to charter schools existing or approved on or before April 16, 2003.

(b-5) (Blank).

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act. A charter school's board of directors or other governing body must include at least one parent or guardian of a pupil currently enrolled in the charter school who may be selected through the charter school or a charter network election, appointment by the charter school's board of directors or other governing body, or by the charter school's Parent Teacher Organization or its equivalent.

(c-5) No later than January 1, 2021 or within the first year of his or her first term, every voting member of a charter school's board of directors or other governing body shall complete a minimum of 4 hours of professional development leadership training to ensure that each member has sufficient familiarity with the board's or governing body's role and responsibilities, including financial oversight and accountability of the school, evaluating the principal's and school's performance, adherence to the Freedom of Information Act and the Open Meetings Act, and compliance with education

and labor law. In each subsequent year of his or her term, a voting member of a charter school's board of directors or other governing body shall complete a minimum of 2 hours of professional development training in these same areas. The training under this subsection may be provided or certified by a statewide charter school membership association or may be provided or certified by other qualified providers approved by the State Board.

(d) For purposes of this subsection (d), "non-curricular health and safety requirement" means any health and safety requirement created by statute or rule to provide, maintain, preserve, or safeguard safe or healthful conditions for students and school personnel or to eliminate, reduce, or prevent threats to the health and safety of students and school personnel. "Non-curricular health and safety requirement" does not include any course of study or specialized instructional requirement for which the State Board has established goals and learning standards or which is designed primarily to impart knowledge and skills for students to master and apply as an outcome of their education.

A charter school shall comply with all non-curricular health and safety requirements applicable to public schools under the laws of the State of Illinois. The State Board shall promulgate and post on its Internet website a list of non-curricular health and safety requirements that a charter school must meet. The list shall be updated annually no later

Nothing in this subsection (d) precludes an authorizer from including non-curricular health and safety requirements in a charter school contract that are not contained in the list promulgated by the State Board, including non-curricular health and safety requirements of the authorizing local school board.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs, including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. The contractor shall not be an employee of the charter school or affiliated with the charter school or its authorizer in any way, other than to audit the charter school's finances. To ensure financial accountability for the use of public funds, on or before December 1 of every year of operation, each

charter school shall submit to its authorizer and the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service. In addition, if deemed necessary for proper financial oversight of the charter school, an authorizer may require quarterly financial statements from each charter school.

(g) A charter school shall comply with all provisions of this Article, the Illinois Educational Labor Relations Act, all federal and State laws and rules applicable to public schools that pertain to special education and the instruction of English learners, and its charter. A charter school is exempt from all other State laws and regulations in this Code governing public schools and local school board policies; however, a charter school is not exempt from the following:

(h) A charter school may negotiate and contract with a school district, the governing body of a State college or university or public community college, or any other public or for-profit or nonprofit private entity for: (i) the use of a school building and grounds or any other real property or facilities that the charter school desires to use or convert for use as a charter school site, (ii) the operation and maintenance thereof, and (iii) the provision of any service, activity, or undertaking that the charter school is required

to perform in order to carry out the terms of its charter. Except as provided in subsection (i) of this Section, a school district may charge a charter school reasonable rent for the use of the district's buildings, grounds, and facilities. Any services for which a charter school contracts with a school district shall be provided by the district at cost. Any services for which a charter school contracts with a local school board or with the governing body of a State college or university or public community college shall be provided by the public entity at cost.

(i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.

(j) A charter school may limit student enrollment by age or grade level.

(k) If the charter school is authorized by the State Board, then the charter school is its own local education agency.

Sec. 30-14.2. Deceased, Disabled, and MIA/POW Veterans' Dependents scholarship.

(a) Any spouse, natural child, legally adopted child under the age of 18 at the time of adoption, minor child younger than 18 who is under a court-ordered guardianship for at least 2 continuous years prior to application, or step-child under the age of 18 at the time of marriage of an eligible veteran or serviceperson who possesses all necessary entrance requirements shall, upon application and proper proof, be awarded a MIA/POW Scholarship consisting of the equivalent of 4 calendar years of full-time enrollment including summer terms, to the state supported Illinois institution of higher learning of his choice, subject to the restrictions listed below.

"Eligible veteran or serviceperson" means any veteran or serviceperson, including an Illinois National Guard member who is on active duty or is active on a training assignment, who has been declared by the U.S. Department of Defense or the U.S. Department of Veterans Affairs to be a prisoner of war or missing in action, or has died as the result of a service-connected disability or has become a person with a permanent disability from service-connected causes with 100%

disability and who (i) at the time of entering service was an Illinois resident, or (ii) was an Illinois resident within 6 months after entering such service, or (iii) is a resident of Illinois at the time of application for the Scholarship and, at some point after entering such service, was a resident of Illinois for at least 15 consecutive years.

"Full-time enrollment" means 12 or more semester hours of courses per semester, or 12 or more quarter hours of courses per quarter, or the equivalent thereof per term. Scholarships utilized by dependents enrolled in less than full-time study shall be computed in the proportion which the number of hours so carried bears to full-time enrollment.

Scholarships awarded under this Section may be used by a spouse or child without regard to his or her age. The holder of a Scholarship awarded under this Section shall be subject to all examinations and academic standards, including the maintenance of minimum grade levels, that are applicable generally to other enrolled students at the Illinois institution of higher learning where the Scholarship is being used. If the surviving spouse remarries or if there is a divorce between the veteran or serviceperson and his or her spouse while the dependent is pursuing his or her course of study, Scholarship benefits will be terminated at the end of the term for which he or she is presently enrolled. Such dependents shall also be entitled, upon proper proof and application, to enroll in any extension course offered by a

State supported Illinois institution of higher learning without payment of tuition and approved fees.

The holder of a MIA/POW Scholarship authorized under this Section shall not be required to pay any tuition or mandatory fees while attending a State-controlled university or public community college in this State for a period equivalent to 4 years of enrollment, including summer terms.

Any dependent who has been or shall be awarded a MIA/POW Scholarship shall be reimbursed by the appropriate institution of higher learning for any fees which he or she has paid and for which exemption is granted under this Section if application for reimbursement is made within 2 months following the end of the school term for which the fees were paid.

(b) In lieu of the benefit provided in subsection (a), any spouse, natural child, legally adopted child, or step-child of an eligible veteran or serviceperson, which spouse or child has a physical, mental or developmental disability, shall be entitled to receive, upon application and proper proof, a benefit to be used for the purpose of defraying the cost of the attendance or treatment of such spouse or child at one or more appropriate therapeutic, rehabilitative or educational facilities. The application and proof may be made by the parent or legal guardian of the spouse or child on his or her behalf.

The total benefit provided to any beneficiary under this

subsection shall not exceed the cost equivalent of 4 calendar years of full-time enrollment, including summer terms, at the University of Illinois. Whenever practicable in the opinion of the Department of Veterans Affairs, payment of benefits under this subsection shall be made directly to the facility, the cost of attendance or treatment at which is being defrayed, as such costs accrue.

(c) The benefits of this Section shall be administered by and paid for out of funds made available to the Illinois Department of Veterans Affairs. The amounts that become due to any state supported Illinois institution of higher learning shall be payable by the Comptroller to such institution on vouchers approved by the Illinois Department of Veterans Affairs. The amounts that become due under subsection (b) of this Section shall be payable by warrant upon vouchers issued by the Illinois Department of Veterans Affairs and approved by the Comptroller. The Illinois Department of Veterans Affairs shall determine, by rule, the eligibility of the persons who make application for the benefits provided for in this Section.

(105 ILCS 5/34-2.3) (from Ch. 122, par. 34-2.3)

Sec. 34-2.3. Local school councils; powers and duties. Each local school council shall have and exercise, consistent

with the provisions of this Article and the powers and duties of the board of education, the following powers and duties:

1. (A) To annually evaluate the performance of the principal of the attendance center using a Board-approved ~~Board-approved~~ principal evaluation form, which shall include the evaluation of (i) student academic improvement, as defined by the school improvement plan, (ii) student absenteeism rates at the school, (iii) instructional leadership, (iv) the effective implementation of programs, policies, or strategies to improve student academic achievement, (v) school management, and (vi) any other factors deemed relevant by the local school council, including, without limitation, the principal's communication skills and ability to create and maintain a student-centered learning environment, to develop opportunities for professional development, and to encourage parental involvement and community partnerships to achieve school improvement;

(B) to determine in the manner provided by subsection (c) of Section 34-2.2 and subdivision 1.5 of this Section whether the performance contract of the principal shall be renewed; and

(C) to directly select, in the manner provided by subsection (c) of Section 34-2.2, a new principal (including a new principal to fill a vacancy) -- without submitting any list of candidates for that position to the

general superintendent as provided in subdivision ~~paragraph~~ 2 of this Section -- to serve under a 4 year performance contract; provided that (i) the determination of whether the principal's performance contract is to be renewed, based upon the evaluation required by subdivision 1.5 of this Section, shall be made no later than 150 days prior to the expiration of the current performance-based contract of the principal, (ii) in cases where such performance contract is not renewed -- a direct selection of a new principal -- to serve under a 4 year performance contract shall be made by the local school council no later than 45 days prior to the expiration of the current performance contract of the principal, and (iii) a selection by the local school council of a new principal to fill a vacancy under a 4-year ~~4-year~~ performance contract shall be made within 90 days after the date such vacancy occurs. A council ~~Council~~ shall be required, if requested by the principal, to provide in writing the reasons for the council's not renewing the principal's contract.

1.5. The local school council's determination of whether to renew the principal's contract shall be based on an evaluation to assess the educational and administrative progress made at the school during the principal's current performance-based contract. The local school council shall base its evaluation on (i) student

academic improvement, as defined by the school improvement plan, (ii) student absenteeism rates at the school, (iii) instructional leadership, (iv) the effective implementation of programs, policies, or strategies to improve student academic achievement, (v) school management, and (vi) any other factors deemed relevant by the local school council, including, without limitation, the principal's communication skills and ability to create and maintain a student-centered learning environment, to develop opportunities for professional development, and to encourage parental involvement and community partnerships to achieve school improvement. If a local school council fails to renew the performance contract of a principal rated by the general superintendent, or his or her designee, in the previous years' evaluations as meeting or exceeding expectations, the principal, within 15 days after the local school council's decision not to renew the contract, may request a review of the local school council's principal non-retention decision by a hearing officer appointed by the American Arbitration Association. A local school council member or members or the general superintendent may support the principal's request for review. During the period of the hearing officer's review of the local school council's decision on whether or not to retain the principal, the local school council shall maintain all authority to search for and contract with a

person to serve as interim or acting principal, or as the principal of the attendance center under a 4-year performance contract, provided that any performance contract entered into by the local school council shall be voidable or modified in accordance with the decision of the hearing officer. The principal may request review only once while at that attendance center. If a local school council renews the contract of a principal who failed to obtain a rating of "meets" or "exceeds expectations" in the general superintendent's evaluation for the previous year, the general superintendent, within 15 days after the local school council's decision to renew the contract, may request a review of the local school council's principal retention decision by a hearing officer appointed by the American Arbitration Association. The general superintendent may request a review only once for that principal at that attendance center. All requests to review the retention or non-retention of a principal shall be submitted to the general superintendent, who shall, in turn, forward such requests, within 14 days of receipt, to the American Arbitration Association. The general superintendent shall send a contemporaneous copy of the request that was forwarded to the American Arbitration Association to the principal and to each local school council member and shall inform the local school council of its rights and responsibilities under the arbitration

process, including the local school council's right to representation and the manner and process by which the Board shall pay the costs of the council's representation. If the local school council retains the principal and the general superintendent requests a review of the retention decision, the local school council and the general superintendent shall be considered parties to the arbitration, a hearing officer shall be chosen between those 2 parties pursuant to procedures promulgated by the State Board of Education, and the principal may retain counsel and participate in the arbitration. If the local school council does not retain the principal and the principal requests a review of the retention decision, the local school council and the principal shall be considered parties to the arbitration and a hearing officer shall be chosen between those 2 parties pursuant to procedures promulgated by the State Board of Education. The hearing shall begin (i) within 45 days after the initial request for review is submitted by the principal to the general superintendent or (ii) if the initial request for review is made by the general superintendent, within 45 days after that request is mailed to the American Arbitration Association. The hearing officer shall render a decision within 45 days after the hearing begins and within 90 days after the initial request for review. The Board shall contract with the American Arbitration Association for all

of the hearing officer's reasonable and necessary costs. In addition, the Board shall pay any reasonable costs incurred by a local school council for representation before a hearing officer.

1.10. The hearing officer shall conduct a hearing, which shall include (i) a review of the principal's performance, evaluations, and other evidence of the principal's service at the school, (ii) reasons provided by the local school council for its decision, and (iii) documentation evidencing views of interested persons, including, without limitation, students, parents, local school council members, school faculty and staff, the principal, the general superintendent or his or her designee, and members of the community. The burden of proof in establishing that the local school council's decision was arbitrary and capricious shall be on the party requesting the arbitration, and this party shall sustain the burden by a preponderance of the evidence. The hearing officer shall set the local school council decision aside if that decision, in light of the record developed at the hearing, is arbitrary and capricious. The decision of the hearing officer may not be appealed to the Board or the State Board of Education. If the hearing officer decides that the principal shall be retained, the retention period shall not exceed 2 years.

2. In the event (i) the local school council does not

renew the performance contract of the principal, or the principal fails to receive a satisfactory rating as provided in subsection (h) of Section 34-8.3, or the principal is removed for cause during the term of his or her performance contract in the manner provided by Section 34-85, or a vacancy in the position of principal otherwise occurs prior to the expiration of the term of a principal's performance contract, and (ii) the local school council fails to directly select a new principal to serve under a 4-year ~~4-year~~ performance contract, the local school council in such event shall submit to the general superintendent a list of 3 candidates -- listed in the local school council's order of preference -- for the position of principal, one of which shall be selected by the general superintendent to serve as principal of the attendance center. If the general superintendent fails or refuses to select one of the candidates on the list to serve as principal within 30 days after being furnished with the candidate list, the general superintendent shall select and place a principal on an interim basis (i) for a period not to exceed one year or (ii) until the local school council selects a new principal with 7 affirmative votes as provided in subsection (c) of Section 34-2.2, whichever occurs first. If the local school council fails or refuses to select and appoint a new principal, as specified by subsection (c) of Section 34-2.2, the general

superintendent may select and appoint a new principal on an interim basis for an additional year or until a new contract principal is selected by the local school council. There shall be no discrimination on the basis of race, sex, creed, color, or disability unrelated to ability to perform in connection with the submission of candidates for, and the selection of a candidate to serve as principal of an attendance center. No person shall be directly selected, listed as a candidate for, or selected to serve as principal of an attendance center (i) if such person has been removed for cause from employment by the Board or (ii) if such person does not hold a valid Professional Educator License issued under Article 21B and endorsed as required by that Article for the position of principal. A principal whose performance contract is not renewed as provided under subsection (c) of Section 34-2.2 may nevertheless, if otherwise qualified and licensed as herein provided and if he or she has received a satisfactory rating as provided in subsection (h) of Section 34-8.3, be included by a local school council as one of the 3 candidates listed in order of preference on any candidate list from which one person is to be selected to serve as principal of the attendance center under a new performance contract. The initial candidate list required to be submitted by a local school council to the general superintendent in cases where the local school council

does not renew the performance contract of its principal and does not directly select a new principal to serve under a 4-year ~~4-year~~ performance contract shall be submitted not later than 30 days prior to the expiration of the current performance contract. In cases where the local school council fails or refuses to submit the candidate list to the general superintendent no later than 30 days prior to the expiration of the incumbent principal's contract, the general superintendent may appoint a principal on an interim basis for a period not to exceed one year, during which time the local school council shall be able to select a new principal with 7 affirmative votes as provided in subsection (c) of Section 34-2.2. In cases where a principal is removed for cause or a vacancy otherwise occurs in the position of principal and the vacancy is not filled by direct selection by the local school council, the candidate list shall be submitted by the local school council to the general superintendent within 90 days after the date such removal or vacancy occurs. In cases where the local school council fails or refuses to submit the candidate list to the general superintendent within 90 days after the date of the vacancy, the general superintendent may appoint a principal on an interim basis for a period of one year, during which time the local school council shall be able to select a new principal with 7 affirmative votes as

provided in subsection (c) of Section 34-2.2.

2.5. Whenever a vacancy in the office of a principal occurs for any reason, the vacancy shall be filled in the manner provided by this Section by the selection of a new principal to serve under a 4-year ~~4-year~~ performance contract.

3. To establish additional criteria to be included as part of the performance contract of its principal, provided that such additional criteria shall not discriminate on the basis of race, sex, creed, color, or disability unrelated to ability to perform, and shall not be inconsistent with the uniform 4-year ~~4-year~~ performance contract for principals developed by the board as provided in Section 34-8.1 of this ~~the School~~ Code or with other provisions of this Article governing the authority and responsibility of principals.

4. To approve the expenditure plan prepared by the principal with respect to all funds allocated and distributed to the attendance center by the Board. The expenditure plan shall be administered by the principal. Notwithstanding any other provision of this Code ~~Act~~ or any other law, any expenditure plan approved and administered under this Section 34-2.3 shall be consistent with and subject to the terms of any contract for services with a third party entered into by the Chicago School Reform Board of Trustees or the board under this Code ~~Act~~.

Via a supermajority vote of 8 members of a local school council enrolling students through the 8th grade or 9 members of a local school council at a secondary attendance center or an attendance center enrolling students in grades 7 through 12, the Council may transfer allocations pursuant to this Section 34-2.3 within funds; provided that such a transfer is consistent with applicable law and collective bargaining agreements.

Beginning in fiscal year 1991 and in each fiscal year thereafter, the Board may reserve up to 1% of its total fiscal year budget for distribution on a prioritized basis to schools throughout the school system in order to assure adequate programs to meet the needs of special student populations as determined by the Board. This distribution shall take into account the needs catalogued in the Systemwide Plan and the various local school improvement plans of the local school councils. Information about these centrally funded programs shall be distributed to the local school councils so that their subsequent planning and programming will account for these provisions.

Beginning in fiscal year 1991 and in each fiscal year thereafter, from other amounts available in the applicable fiscal year budget, the board shall allocate a lump sum amount to each local school based upon such formula as the board shall determine taking into account the special

needs of the student body. The local school principal shall develop an expenditure plan in consultation with the local school council, the professional personnel leadership committee and with all other school personnel, which reflects the priorities and activities as described in the school's local school improvement plan and is consistent with applicable law and collective bargaining agreements and with board policies and standards; however, the local school council shall have the right to request waivers of board policy from the board of education and waivers of employee collective bargaining agreements pursuant to Section 34-8.1a.

The expenditure plan developed by the principal with respect to amounts available from the fund for prioritized special needs programs and the allocated lump sum amount must be approved by the local school council.

The lump sum allocation shall take into account the following principles:

a. Teachers: Each school shall be allocated funds equal to the amount appropriated in the previous school year for compensation for teachers (regular grades kindergarten through 12th grade) plus whatever increases in compensation have been negotiated contractually or through longevity as provided in the negotiated agreement. Adjustments shall be made due to layoff or reduction in force, lack of funds or work,

change in subject requirements, enrollment changes, or contracts with third parties for the performance of services or to rectify any inconsistencies with system-wide allocation formulas or for other legitimate reasons.

b. Other personnel: Funds for other teacher licensed and nonlicensed personnel paid through non-categorical funds shall be provided according to system-wide formulas based on student enrollment and the special needs of the school as determined by the Board.

c. Non-compensation items: Appropriations for all non-compensation items shall be based on system-wide formulas based on student enrollment and on the special needs of the school or factors related to the physical plant, including, but not limited to, textbooks, electronic textbooks and the technological equipment necessary to gain access to and use electronic textbooks, supplies, electricity, equipment, and routine maintenance.

d. Funds for categorical programs: Schools shall receive personnel and funds based on, and shall use such personnel and funds in accordance with State and federal ~~Federal~~ requirements applicable to each categorical program provided to meet the special needs of the student body (including, but not limited to,

Federal Chapter I, Bilingual, and Special Education).

d.1. Funds for State Title I: Each school shall receive funds based on State and Board requirements applicable to each State Title I pupil provided to meet the special needs of the student body. Each school shall receive the proportion of funds as provided in Section 18-8 or 18-8.15 to which they are entitled. These funds shall be spent only with the budgetary approval of the local school council ~~Local School Council~~ as provided in Section 34-2.3.

e. The local school council ~~Local School Council~~ shall have the right to request the principal to close positions and open new ones consistent with the provisions of the local school improvement plan provided that these decisions are consistent with applicable law and collective bargaining agreements. If a position is closed, pursuant to this paragraph, the local school shall have for its use the system-wide average compensation for the closed position.

f. Operating within existing laws and collective bargaining agreements, the local school council shall have the right to direct the principal to shift expenditures within funds.

g. (Blank).

Any funds unexpended at the end of the fiscal year

shall be available to the board of education for use as part of its budget for the following fiscal year.

5. To make recommendations to the principal concerning textbook selection and concerning curriculum developed pursuant to the school improvement plan which is consistent with systemwide curriculum objectives in accordance with Sections 34-8 and 34-18 of this ~~the School~~ Code and in conformity with the collective bargaining agreement.

6. To advise the principal concerning the attendance and disciplinary policies for the attendance center, subject to the provisions of this Article and Article 26, and consistent with the uniform system of discipline established by the board pursuant to Section 34-19.

7. To approve a school improvement plan developed as provided in Section 34-2.4. The process and schedule for plan development shall be publicized to the entire school community, and the community shall be afforded the opportunity to make recommendations concerning the plan. At least twice a year the principal and local school council shall report publicly on progress and problems with respect to plan implementation.

8. To evaluate the allocation of teaching resources and other licensed and nonlicensed staff to the attendance center to determine whether such allocation is consistent with and in furtherance of instructional objectives and

school programs reflective of the school improvement plan adopted for the attendance center; and to make recommendations to the board, the general superintendent, and the principal concerning any reallocation of teaching resources or other staff whenever the council determines that any such reallocation is appropriate because the qualifications of any existing staff at the attendance center do not adequately match or support instructional objectives or school programs which reflect the school improvement plan.

9. To make recommendations to the principal and the general superintendent concerning their respective appointments, after August 31, 1989, and in the manner provided by Section 34-8 and Section 34-8.1, of persons to fill any vacant, additional, or newly created positions for teachers at the attendance center or at attendance centers which include the attendance center served by the local school council.

10. To request of the Board the manner in which training and assistance shall be provided to the local school council. Pursuant to Board guidelines a local school council is authorized to direct the Board of Education to contract with personnel or not-for-profit organizations not associated with the school district to train or assist council members. If training or assistance is provided by contract with personnel or organizations

not associated with the school district, the period of training or assistance shall not exceed 30 hours during a given school year; the person shall not be employed on a continuous basis longer than said period and shall not have been employed by the Chicago Board of Education within the preceding six months. Council members shall receive training in at least the following areas:

1. school budgets;

2. educational theory pertinent to the attendance center's particular needs, including the development of the school improvement plan and the principal's performance contract; and

3. personnel selection.

Council members shall, to the greatest extent possible, complete such training within 90 days of election.

11. In accordance with systemwide guidelines contained in the System-Wide Educational Reform Goals and Objectives Plan, criteria for evaluation of performance shall be established for local school councils and local school council members. If a local school council persists in noncompliance with systemwide requirements, the Board may impose sanctions and take necessary corrective action, consistent with Section 34-8.3.

12. Each local school council shall comply with the Open Meetings Act and the Freedom of Information Act. Each local school council shall issue and transmit to its

school community a detailed annual report accounting for its activities programmatically and financially. Each local school council shall convene at least 2 well-publicized meetings annually with its entire school community. These meetings shall include presentation of the proposed local school improvement plan, of the proposed school expenditure plan, and the annual report, and shall provide an opportunity for public comment.

13. Each local school council is encouraged to involve additional non-voting members of the school community in facilitating the council's exercise of its responsibilities.

14. The local school council may adopt a school uniform or dress code policy that governs the attendance center and that is necessary to maintain the orderly process of a school function or prevent endangerment of student health or safety, consistent with the policies and rules of the Board of Education. A school uniform or dress code policy adopted by a local school council: (i) shall not be applied in such manner as to discipline or deny attendance to a transfer student or any other student for noncompliance with that policy during such period of time as is reasonably necessary to enable the student to acquire a school uniform or otherwise comply with the dress code policy that is in effect at the attendance center into which the student's enrollment is transferred;

(ii) shall include criteria and procedures under which the local school council will accommodate the needs of or otherwise provide appropriate resources to assist a student from an indigent family in complying with an applicable school uniform or dress code policy; (iii) shall not include or apply to hairstyles, including hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists; and (iv) shall not prohibit the right of a student to wear or accessorize the student's graduation attire with items associated with the student's cultural, ethnic, or religious identity or any other protected characteristic or category identified in subsection (Q) of Section 1-103 of the Illinois Human Rights Act. A student whose parents or legal guardians object on religious grounds to the student's compliance with an applicable school uniform or dress code policy shall not be required to comply with that policy if the student's parents or legal guardians present to the local school council a signed statement of objection detailing the grounds for the objection. If a local school council does not comply with the requirements and prohibitions set forth in this subdivision ~~paragraph~~ 14, the attendance center is subject to the penalty imposed pursuant to subsection (a) of Section 2-3.25.

15. All decisions made and actions taken by the local

school council in the exercise of its powers and duties shall comply with State and federal laws, all applicable collective bargaining agreements, court orders, and rules properly promulgated by the Board.

15a. To grant, in accordance with board rules and policies, the use of assembly halls and classrooms when not otherwise needed, including lighting, heat, and attendants, for public lectures, concerts, and other educational and social activities.

15b. To approve, in accordance with board rules and policies, receipts and expenditures for all internal accounts of the attendance center, and to approve all fund-raising activities by nonschool organizations that use the school building.

16. (Blank).

~~17.~~ Names and addresses of local school council members shall be a matter of public record.

Sec. 34-21.6. Waiver of fees and fines.

(a) The board shall waive all fees and any fines for the loss of school property assessed by the district on children whose parents are unable to afford them, including, but not limited to:

(1) children living in households that meet the free lunch or breakfast eligibility guidelines established by the federal government pursuant to Section 1758 of the federal Richard B. Russell National School Lunch Act (42 U.S.C. 1758; 7 CFR 245 et seq.) and students whose parents are veterans or active duty military personnel with income at or below 200% of the federal poverty level, subject to verification as set forth in subsection (b) of this Section; and

If the board establishes a process for the determination of eligibility for waiver of all fees assessed by the district that is completely independent of the criteria listed in this subsection (b), the board may provide for waiver verification no more often than once every academic year. Information obtained during the independent waiver verification process indicating that the student does not meet free lunch or breakfast eligibility guidelines may be used to deny the waiver of the student's fees or fines for the loss of school property, provided that any information obtained through this independent process for determining or verifying eligibility for fee waivers shall not be used to determine or verify eligibility for any federally funded, school-based child nutrition program.

This subsection shall not preclude children from obtaining waivers at any point during the academic year.

(c) The board may not discriminate against, punish, or penalize a student in any way because of an unpaid balance on the student's school account or because the student's parents or guardians are unable to pay any required fees or fines for the loss of school property. This prohibition includes, but is not limited to, the lowering of grades, exclusion from any curricular or extracurricular program of the school district, or withholding of student records, grades, transcripts, or diplomas. Any person who violates this subsection (c) is guilty of a petty offense.

The resolution shall set forth (a) the taxes or other funds in anticipation of the collection or receipt of which the working cash fund is to be reimbursed, (b) the entire amount of taxes extended, or which the board shall estimate will be extended

(ix) continues to advance satisfactorily toward the attainment of a degree.

(b) The Commission shall determine, at its discretion, how to verify whether an applicant is a qualified student. The Commission shall award teacher scholarships under this Section to qualified students who demonstrate to the Commission that they satisfy the requirements and purpose of this Section. All qualified students may apply. A student who received a scholarship under this Section in a previous academic year may not be disqualified from receiving a subsequent award if the public school district where the student had been enrolled no longer meets the criteria regarding free or reduced-price lunch or teacher vacancies described in this Section, as long as the student maintains all other conditions of eligibility.

(c) The annual teacher scholarship amount shall be computed by the institution. (h) Subject to a separate appropriation for such purposes, payment of any teacher scholarship awarded under this Section shall be determined by the Commission. All scholarship funds distributed in accordance with this subsection shall be paid to the institution and used only for payment of the tuition and fee and room and board expenses incurred by the student in connection with his or her attendance at a qualified Illinois institution of higher learning. Any teacher scholarship awarded under this Section shall be applicable to 2 semesters or 3 quarters of enrollment within a regular academic year. If a recipient withdraws from enrollment prior to completion of the first semester or quarter for which the teacher scholarship is applicable, the school shall refund to the

Commission the full amount of the teacher scholarship.

(i) The Commission shall administer the teacher scholarship program established by this Section and shall make all necessary and proper rules not inconsistent with this Section for its effective implementation. The Commission shall make information available on its website regarding school districts that meet the criteria set forth in the definition of a qualified student under subsection (a).

(j) When an appropriation to the Commission for a given fiscal year is insufficient to provide scholarships to all qualified students, the Commission shall allocate the appropriation in accordance with this subsection. If funds are insufficient to provide all qualified students with a scholarship as authorized by this Section, the Commission shall allocate the available scholarship funds for that fiscal year to qualified students who submit a timely complete application form on or before a date specified by the Commission based on the following order of priority:

(1) To students who received a scholarship under this Section in the prior academic year and who remain eligible for a teacher scholarship under this Section.

(2) To students who demonstrate the most financial need, as determined by the Commission.

(3) To students with the earliest date of received completed applications.

(4) To students enrolled at or above the junior level.

(k) If at least \$2,850,000 but less than \$4,200,000 is appropriated in a given fiscal year for scholarships awarded under this Section, then at least 10% of the funds appropriated shall be reserved for qualified bilingual applicants, with priority being given to qualified bilingual applicants who are enrolled in an educator preparation program with a concentration in bilingual, bicultural education. If at least \$4,200,000 is appropriated in a given fiscal year for the Teachers of Illinois scholarship program, then at least 30% of the funds appropriated shall be reserved for qualified bilingual applicants, with priority being given to qualified bilingual applicants who are enrolled in an educator preparation program with a concentration in bilingual, bicultural education. For a fiscal year to which this subsection applies, if, on or after January 1 of that fiscal year, appropriated funds remain after awarding reserved funds to qualified bilingual applicants, then the Commission may, in its discretion, award a portion of the reserved funds to other qualified students in accordance with subsection (j).

(l) Prior to receiving scholarship assistance for any academic year, each recipient of a teacher scholarship awarded under this Section shall be required by the Commission to sign and submit a teaching agreement or promissory note to the Commission under which the recipient pledges that, within the one-year period following the termination of the program for which the recipient was awarded a teacher scholarship, the

The Commission shall disburse scholarship funds in 2 or 3 installments, depending on the number of terms financed by the scholarship, except that multiple disbursements are not required in cases in which the applicant's eligibility is not determined until the final term of the regular academic year for which the scholarship is being awarded or if a student is attending only one term and the maximum award does not exceed the student's cost of attendance.

Funds shall be remitted by the Commission to institutions on behalf of recipients. Upon receipt of scholarship funds, the institution shall verify the recipient's enrollment status for the term for which the award was intended. A credit union shall have no obligation to hold, encumber, or surrender assets until it has been served with a subpoena, summons, warrant, court or administrative order, lien, or levy.

(13) The furnishing of information to law enforcement authorities, the Illinois Department on Aging and its regional administrative and provider agencies, the Department of Human Services Office of Inspector General, or public guardians: (i) upon subpoena by the investigatory entity or the guardian, or (ii) if there is suspicion by the credit union that a member who is an elderly person or person with a disability has been or may become the victim of financial exploitation. For the purposes of this item (13), the term: (i) "elderly person" means a person who is 60 or more years of age, (ii) "person with a disability" means a person who has or reasonably appears to the credit union to have a physical or mental disability that impairs his or her ability to seek or

obtain protection from or prevent financial exploitation, and (iii) "financial exploitation" means tortious or illegal use of the assets or resources of an elderly person or person with a disability, and includes, without limitation, misappropriation of the assets or resources of the elderly person or person with a disability by undue influence, breach of fiduciary relationship, intimidation, fraud, deception, extortion, or the use of assets or resources in any manner contrary to law. A credit union or person furnishing information pursuant to this item (13) shall be entitled to the same rights and protections as a person furnishing information under the Adult Protective Services Act and the Illinois Domestic Violence Act of 1986.

(13.5) The furnishing of information to any person on a list submitted and periodically updated by a member who is an elderly person or person with a disability, if there is suspicion by the credit union that the member has been or may become a victim of financial exploitation. Any disclosure made pursuant to this subsection shall comply with all other privacy laws and legal prohibitions, including confidentiality requirements for suspicious activity reports. The credit union may rely on information provided by the member in compiling the list of contact persons. The credit union and any employee of the credit union acting in good faith is immune from all criminal, civil, and administrative liability for contacting a person or electing not to contact a person under this item (13.5) and for actions taken in furtherance of that determination, if the determination was made based on a reasonable suspicion.

(c) A credit union providing financial records of a member in good faith relying on a consent and authorization executed and tendered in accordance with this item (17) shall not be liable to the member or any other person in relation to the credit union's disclosure of the member's financial records to the Department. The member signing the consent and authorization shall indemnify and hold the credit union harmless that relies in good faith upon the consent and authorization and incurs a loss because of such reliance. The credit union recovering under this indemnification provision shall also be entitled to reasonable attorney's fees and the expenses of recovery.

(d) A credit union shall be reimbursed by the member for all costs reasonably necessary and directly incurred in searching for, reproducing, and disclosing a member's financial records required or requested to be produced pursuant to any consent and authorization executed under this item (17). The requested financial records shall be

delivered to the Department within 10 days after receiving a properly executed consent and authorization or at the earliest practicable time thereafter if the requested records cannot be delivered within 10 days, but delivery may be delayed until the final reimbursement of all costs is received by the credit union. The credit union may honor a photostatic or electronic copy of a properly executed consent and authorization.

(e) Nothing in this item (17) shall impair, abridge, or abrogate the right of a member to:

(1) directly disclose his or her financial records to the Department or any other person; or

(2) authorize his or her attorney or duly appointed agent to request and obtain the member's financial records and disclose those financial records to the Department.

(f) For purposes of this item (17), "Department" means the Department of Human Services and the Department of Healthcare and Family Services or any successor administrative agency of either agency.

(18) The furnishing of the financial records of a member to an appropriate law enforcement authority, without prior notice to or consent of the member, upon written request of the law enforcement authority, when reasonable suspicion of an imminent threat to the personal security and safety of the member exists that necessitates

an expedited release of the member's financial records, as determined by the law enforcement authority. The law enforcement authority shall include a brief explanation of the imminent threat to the member in its written request to the credit union. The written request shall reflect that it has been authorized by a supervisory or managerial official of the law enforcement authority. The decision to furnish the financial records of a member to a law enforcement authority shall be made by a supervisory or managerial official of the credit union. A credit union providing information in accordance with this item (18) shall not be liable to the member or any other person for the disclosure of the information to the law enforcement authority.

(19) The furnishing of financial records of a deceased member to a public administrator of any county or other governmental jurisdiction for the purpose of facilitating burial of the customer.

(c) Except as otherwise provided by this Act, a credit union may not disclose to any person, except to the member or his duly authorized agent, any financial records relating to that member of the credit union unless:

(1) the member has authorized disclosure to the

person;

(3) the credit union is attempting to collect an obligation owed to the credit union and the credit union complies with the provisions of Section 2I of the Consumer Fraud and Deceptive Business Practices Act.

(d) A credit union shall disclose financial records under item (3)(c)(2) of this Section pursuant to a lawful subpoena, summons, warrant, citation to discover assets, or court order only after the credit union sends a copy of the subpoena, summons, warrant, citation to discover assets, or court order to the person establishing the relationship with the credit union, if living, and otherwise the person's personal representative, if known, at the person's last known address by first class mail, postage prepaid, through a third-party commercial carrier or courier with delivery charge fully prepaid, by hand delivery, or by electronic delivery at an email address on file with the credit union (if the person establishing the relationship with the credit union has consented to receive electronic delivery and, if the person establishing the relationship with the credit union is a consumer, the person has consented under the consumer consent provisions set forth in Section 7001 of Title 15 of the United

States Code), unless the credit union is specifically prohibited from notifying the person by order of court or by applicable State or federal law. In the case of a grand jury subpoena, a credit union shall not mail a copy of a subpoena to any person pursuant to this subsection if the subpoena was issued by a grand jury or notifying the person would constitute a violation of the federal Right to Financial Privacy Act of 1978.

(e)(1) Any officer or employee of a credit union who knowingly and willfully furnishes financial records in violation of this Section is guilty of a business offense and upon conviction thereof shall be fined not more than \$1,000.

(2) Any person who knowingly and willfully induces or attempts to induce any officer or employee of a credit union to disclose financial records in violation of this Section is guilty of a business offense and upon conviction thereof shall be fined not more than \$1,000.

(f) A credit union shall be reimbursed for costs which are reasonably necessary and which have been directly incurred in searching for, reproducing or transporting books, papers, records or other data of a member required or requested to be produced pursuant to a lawful subpoena, summons, warrant, citation to discover assets, or court order. The Secretary and the Director may determine, by rule, the rates and conditions under which payment shall be made. Delivery of requested documents may be delayed until final reimbursement of all

costs is received.

Sec. 11-2. Suspension and revocation of licenses.

(a) The Secretary may issue an order to suspend or revoke a license of a licensee or order a licensee to revoke the designation of an authorized delegate if:

Section 470. The Consumer Installment Loan Act is amended by changing Section 15 as follows:

(205 ILCS 670/15) (from Ch. 17, par. 5415)

Sec. 15. Charges permitted.

(a) Every licensee may lend a principal amount not exceeding \$40,000 and may charge, contract for, and receive thereon an annual percentage rate of no more than 36%, subject to the provisions of this Act. For purposes of this Section, the annual percentage rate shall be calculated as such rate is calculated using the system for calculating a military annual percentage rate under Section 232.4 of Title 32 of the Code of Federal Regulations as in effect on March 23, 2021 (the effective date of Public Act 101-658) ~~this amendatory Act of the 101st General Assembly.~~

(b) For purposes ~~purpose~~ of this Section, the following terms shall have the meanings ascribed herein.

"Applicable interest" for a precomputed loan contract means the amount of interest attributable to each monthly installment period. It is computed as if each installment period were one month and any interest charged for extending the first installment period beyond one month is ignored. The applicable interest for any monthly installment period is that portion of the precomputed interest that bears the same ratio to the total precomputed interest as the balances scheduled to be outstanding during that month bear to the sum of all scheduled monthly outstanding balances in the original contract.

"Interest-bearing loan" means a loan in which the debt is

expressed as a principal amount plus interest charged on actual unpaid principal balances for the time actually outstanding.

"Precomputed loan" means a loan in which the debt is expressed as the sum of the original principal amount plus interest computed actuarially in advance, assuming all payments will be made when scheduled.

"Substantially equal installment" includes a last regularly scheduled payment that may be less than, but not more than 5% larger than, the previous scheduled payment according to a disclosed payment schedule agreed to by the parties.

(c) Loans may be interest-bearing or precomputed.

(d) To compute time for either interest-bearing or precomputed loans for the calculation of interest and other purposes, a month shall be a calendar month and a day shall be considered 1/30th of a month when calculation is made for a fraction of a month. A month shall be 1/12th of a year. A calendar month is that period from a given date in one month to the same numbered date in the following month, and if there is no same numbered date, to the last day of the following month. When a period of time includes a month and a fraction of a month, the fraction of the month is considered to follow the whole month. In the alternative, for interest-bearing loans, the licensee may charge interest at the rate of 1/365th of the agreed annual rate for each day actually elapsed.

(d-5) No licensee or other person may condition an extension of credit to a consumer on the consumer's repayment by preauthorized electronic fund transfers. Payment options, including, but not limited to, electronic fund transfers and Automated ~~Automatic~~ Clearing House (ACH) transactions may be offered to consumers as a choice and method of payment chosen by the consumer.

(e) With respect to interest-bearing loans:

(1) Interest shall be computed on unpaid principal balances outstanding from time to time, for the time outstanding, until fully paid. Each payment shall be applied first to the accumulated interest and the remainder of the payment applied to the unpaid principal balance; provided however, that if the amount of the payment is insufficient to pay the accumulated interest, the unpaid interest continues to accumulate to be paid from the proceeds of subsequent payments and is not added to the principal balance.

(2) Interest shall not be payable in advance or compounded. However, if part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, then the principal amount payable under the new loan contract may include any unpaid interest which has accrued. The unpaid principal balance of a precomputed loan is the balance due after refund or credit of unearned interest as provided in paragraph (f), clause (3). The

resulting loan contract shall be deemed a new and separate loan transaction for all purposes.

(3) Loans must be fully amortizing and be repayable in substantially equal and consecutive weekly, biweekly, semimonthly, or monthly installments. Notwithstanding this requirement, rates may vary according to an index that is independently verifiable and beyond the control of the licensee.

(4) The lender or creditor may, if the contract provides, collect a delinquency or collection charge on each installment in default for a period of not less than 10 days in an amount not exceeding 5% of the installment on installments in excess of \$200, or \$10 on installments of \$200 or less, but only one delinquency and collection charge may be collected on any installment, regardless of the period during which it remains in default.

(f) With respect to precomputed loans:

(1) Loans shall be repayable in substantially equal and consecutive weekly, biweekly, semimonthly, or monthly installments of principal and interest combined, except that the first installment period may be longer than one month by not more than 15 days, and the first installment payment amount may be larger than the remaining payments by the amount of interest charged for the extra days; and provided further that monthly installment payment dates may be omitted to accommodate borrowers with seasonal

income.

(2) Payments may be applied to the combined total of principal and precomputed interest until the loan is fully paid. Payments shall be applied in the order in which they become due, except that any insurance proceeds received as a result of any claim made on any insurance, unless sufficient to prepay the contract in full, may be applied to the unpaid installments of the total of payments in inverse order.

(3) When any loan contract is paid in full by cash, renewal or refinancing, or a new loan, one month or more before the final installment due date, a licensee shall refund or credit the obligor with the total of the applicable interest for all fully unexpired installment periods, as originally scheduled or as deferred, which follow the day of prepayment; provided, if the prepayment occurs prior to the first installment due date, the licensee may retain 1/30 of the applicable interest for a first installment period of one month for each day from the date of the loan to the date of prepayment, and shall refund or credit the obligor with the balance of the total interest contracted for. If the maturity of the loan is accelerated for any reason and judgment is entered, the licensee shall credit the borrower with the same refund as if prepayment in full had been made on the date the judgment is entered.

(4) The lender or creditor may, if the contract provides, collect a delinquency or collection charge on each installment in default for a period of not less than 10 days in an amount not exceeding 5% of the installment on installments in excess of \$200, or \$10 on installments of \$200 or less, but only one delinquency or collection charge may be collected on any installment regardless of the period during which it remains in default.

(5) If the parties agree in writing, either in the loan contract or in a subsequent agreement, to a deferment of wholly unpaid installments, a licensee may grant a deferment and may collect a deferment charge as provided in this Section. A deferment postpones the scheduled due date of the earliest unpaid installment and all subsequent installments as originally scheduled, or as previously deferred, for a period equal to the deferment period. The deferment period is that period during which no installment is scheduled to be paid by reason of the deferment. The deferment charge for a one-month period may not exceed the applicable interest for the installment period immediately following the due date of the last undeferred payment. A proportionate charge may be made for deferment for periods of more or less than one month. A deferment charge is earned pro rata during the deferment period and is fully earned on the last day of the deferment period. Should a loan be prepaid in full during a

deferment period, the licensee shall credit to the obligor a refund of the unearned deferment charge in addition to any other refund or credit made for prepayment of the loan in full.

(6) If 2 or more installments are delinquent one full month or more on any due date, and if the contract so provides, the licensee may reduce the unpaid balance by the refund credit which would be required for prepayment in full on the due date of the most recent maturing installment in default. Thereafter, and in lieu of any other default or deferment charges, the agreed rate of interest may be charged on the unpaid balance until fully paid.

(7) Fifteen days after the final installment as originally scheduled or deferred, the licensee, for any loan contract which has not previously been converted to interest-bearing under paragraph (f), clause (6), may compute and charge interest on any balance remaining unpaid, including unpaid default or deferment charges, at the agreed rate of interest until fully paid. At the time of payment of said final installment, the licensee shall give notice to the obligor stating any amounts unpaid.
