Federal Funds to State Agencies

FYs 2022–2024

Annual Report to the Illinois General Assembly
33rd EDITION

August 2024

Prepared by

Kristen M. Sigler, Federal Aid Coordinator

Publication No. 599

The Commission on Government Forecasting and Accountability compiled the information in this volume from a comprehensive survey of all Illinois state agencies. The publication of *Federal Funds to State Agencies, FYs 2022-2024* would not have been possible without the cooperation and support of many program managers, budget analysts, and state agency directors. Although it is not possible to list every individual's name, we are grateful to all for their contribution.

Contact: Kristen M. Sigler, Federal Aid Coordinator
(217) 785-0354

Foreword

The *Illinois Compiled Statutes* require the Commission on Government Forecasting and Accountability to compile and maintain information on federal aid programs administered by Illinois state agencies, and to report to the Illinois General Assembly on those programs. *Federal Funds to State Agencies, FYs 2022-24* the 33rd edition of this report, is submitted by the Commission on Government Forecasting and Accountability to fulfill this responsibility.

This edition includes program descriptions and outlay information, as well as sections to assist legislators and staff in linking the federal program data to the state budget. A State Trust Fund section identifies the trust fund(s) used for depositing the federal grants, and a table indicates which state programs are supported and what areas and populations of Illinois are served by the federal grants.

It is the hope of the Commission on Government Forecasting and Accountability that this handbook will be a useful resource for legislators in enhancing their understanding of federal assistance.

Clayton Klenke
Executive Director

TABLE OF CONTENTS

INTRODUCTION	xii
--------------	-----

* Denotes new agency (agency reporting receipt of federal funds for the first time) or new program to this agency in 2024.

TABLE OF CONTENTS	i
-------------------	---

INTRODUCTION

The Commission on Government Forecasting and Accountability (CGFA), a bipartisan support services agency of the Illinois General Assembly, has a responsibility of serving as the “. . . information center for the General Assembly in the field of federal-state relations, . . . and compiling and maintaining current information on available and pending federal aid programs.” (25 ILCS 130/4-2.1) In meeting this responsibility, the Commission on Government Forecasting and Accountability records and tracks applications for, and awards of, federal grants to state agencies. In addition, the Commission conducts an annual survey designed to identify federal funds received by Illinois state agencies.

This *Federal Funds to State Agencies* report is designed to provide legislators and legislative staff with a comprehensive guide to federal funds that are received by state agencies. It augments the information provided in the Commission on Government Forecasting and Accountability’s weekly reports of federal fund transactions by listing federal aid awards on a state or federal fiscal year basis and including descriptive program information. Weekly reports and quarterly reports are available on the Commission’s website. This report is designed to help legislators and legislative staff develop a better understanding of the federal programs used by Illinois state agencies, and of the levels at which those programs are funded.

The Commission on Government Forecasting and Accountability is also required to report annually to the General Assembly on the adequacy of state agency participation in programs financed by federal aid and the nature of federal aid programs in which state agencies or local governments did not participate, and to make recommendations. (25 ILCS 130/4-2.1(c))

Adequacy of Participation in Federal Aid Programs

Each state agency, in its budgetary process with the General Assembly, reports evaluation and funding data as required. Through this process, the General Assembly receives information on the adequacy of programs financed by federal aid in the state. The Commission on Government Forecasting and Accountability, as requested or assigned by members of the General Assembly, produces special reports relative to federal funds.

Identification of New Federal Funds (Types and Nature of Programs Not Applied for)

The Commission on Government Forecasting and Accountability works with the Illinois Federal Clearinghouse in the Governor’s office to identify and make information available on federal aid programs that may provide resources for state agencies and local governments. Extensive Clearinghouse information, including referrals to the Commission on Government Forecasting and Accountability’s publications, such as *Grant Alerts*, is available on the Commission’s website. *Grant Alerts* is published monthly and emailed to potential grant recipients throughout the state.

Recommendations

The Commission on Government Forecasting and Accountability will make recommendations as deemed appropriate.

Overview

Illinois state agencies received federal funds from 366 programs in FY 2024.

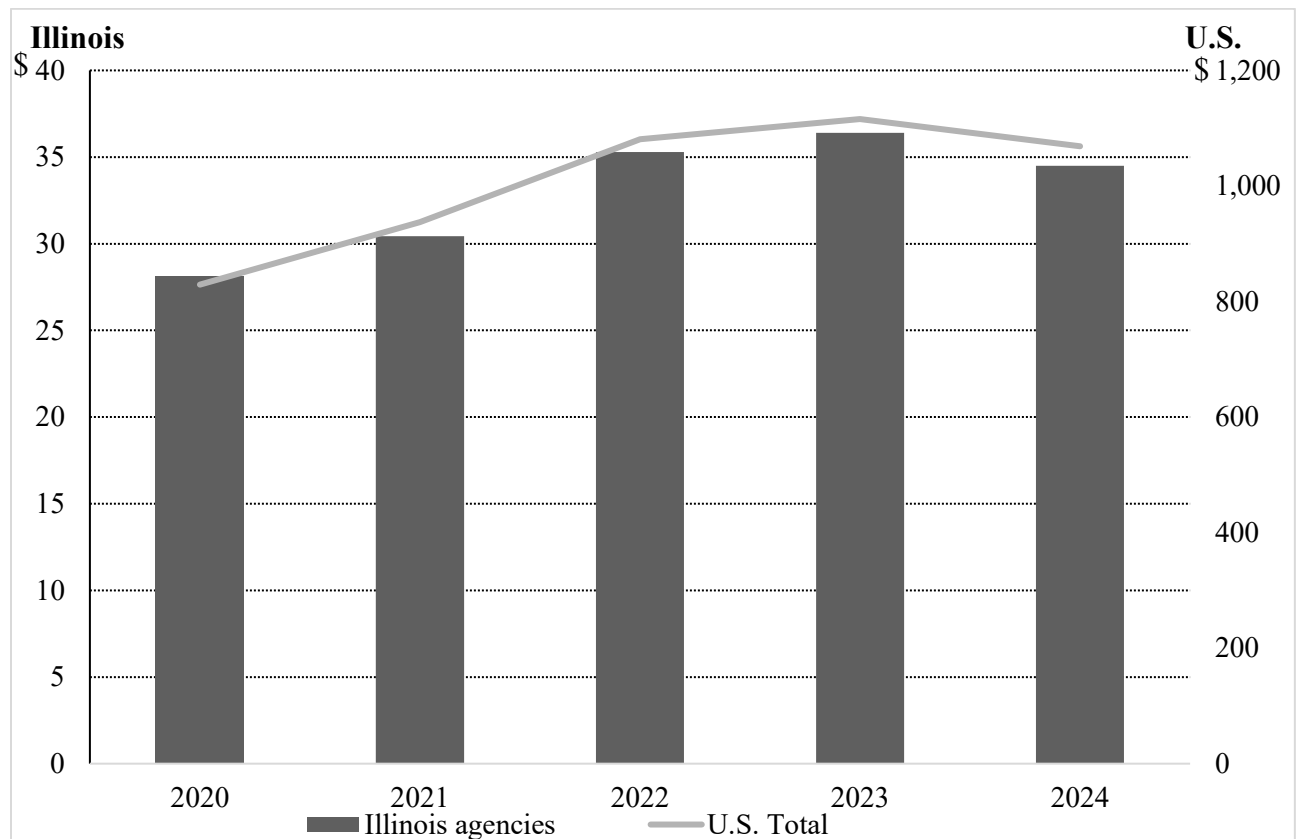

Table 1 and Figure 1 below show the total amounts of federal funds that Illinois agencies reported each year from 2020 to 2024, and the combined estimate for 2024. They also show the total federal outlays (payments) for grants to state and local governments for the same years.

Table 1: Federal Funds Received by Illinois State Agencies and Total Federal Grants to State and Local Governments, 2020-2024 (billions)

	<i>FY 2020</i>	<i>FY 2021</i>	<i>FY 2022</i>	<i>FY 2023</i>	<i>FY 2024</i>
Illinois agencies	\$28.122	\$30.426	\$35.291	\$36.400	\$34.500
U.S. total	829.2	937.6	1,080.6	1,115.8	1,068.7

Sources: Federal Funds Information for the States, “Total Federal Spending on FFIS-Tracked Grants” (for FYs 2022-2024) and untitled worksheet with “Detailed Program Information” for FY 2023 and the President’s FY 2024 Budget.

Figure 1: Federal Funds Received by Illinois State Agencies and Total Federal Grants to State and Local Governments, 2020-2024 (billions)

In FY 2024, awards received by state agencies are estimated to be about \$90 billion above the FY 2023 awards. Program details are summarized in Appendix B.

Some of the major increases in federal funds from FY 2023 to FY 2024 include the Attorney General, Department of Healthcare and Family Services, and the Supreme Court.

Programs with substantial reductions include the Department of Agriculture, Department of Commerce and Economic Opportunity, Department of Human Services, Department of Transportation, and Emergency Management Agency.

Using This Handbook

The federal programs in this handbook were included if the federal funds were received directly from the federal government or a non-state agency (such as a consortium of states that receive federal monies for a particular project or a national study group that pays the state agency for research or services). Programs in which a state agency received funds from another state agency (subgrants) have been excluded to avoid “double counting,” or falsely inflating the dollar totals. However, Appendix C on subgrants shows the flow of federal funds from some state agencies to others. Appendix D shows the new, first-time awards.

The Table of Contents lists the federal programs used by state agencies from FY 2022 through FY 2024. This table shows the location of the federal program descriptions, as well as which federal programs are used by each state agency. Tables showing federal aid award totals by state agency are appended. Each agency’s programs are listed by the numbers assigned by the U.S. Office of Management and Budget in its *Catalog of Federal Domestic Assistance* (CFDA). Descriptions of each program include the proper name, program description (objectives and services provided or supported), formula description, matching requirements, account identification number (federal), and a table illustrating the outlays to Illinois for FY 2022 and FY 2023, and estimated receipts in FY 2024.

This *Federal Funds to State Agencies* handbook contains two sections of state information to assist legislators and staff in linking the federal program data to the state budget. A State Trust Fund section identifies the fund(s) used for depositing the federal grants, and tables show which state programs are supported and what areas and populations of Illinois are served by the federal grants. See the example below:

State Programs Supported	Pop. Served	Area
Empowerment Zone – Chicago	501	Distressed & poverty areas of Chicago
One-Call Enforcement Program	General	Statewide
Performance Partnership Grant	12,860,000	Statewide

Descriptions of the federal programs include their proper names, common names (where appropriate), and five-digit identifying numbers (CFDA numbers). Each CFDA number identifies a federal program and the administering federal agency. In a few instances, in which federal programs are not listed in the *Catalog of Federal Domestic Assistance*, CGFA has assigned a unique identifying number. CFDA numbers are arranged in ascending order. The list on the following page shows the basic numbering scheme and the corresponding federal agencies. The program formula descriptions come from the CFDA website, and can be found at: <https://SAM.gov>.

- 00.000–09.999 Commission on Government Forecasting and Accountability-assigned numbers
- 10.000–10.999 U.S. Department of Agriculture
- 11.000–11.999 U.S. Department of Commerce
- 12.000–12.999 U.S. Department of Defense
- 14.000–14.999 U.S. Department of Housing and Urban Development

- 15.000–15.999 U.S. Department of the Interior
- 16.000–16.999 U.S. Department of Justice
- 17.000–17.999 U.S. Department of Labor
- 19.000–19.999 U.S. Department of State
- 20.000–20.999 U.S. Department of Transportation
- 21.000–21.999 U.S. Department of the Treasury
- 23.000–23.999 Appalachian Regional Commission
- 27.000–27.999 Office of Personnel Management
- 29.000–29.999 Commission on Civil Rights
- 30.000–30.999 Equal Employment Opportunity Commission
- 32.000–32.999 Federal Communications Commission

- 34.000–34.999 Federal Mediation and Conciliation Service
- 36.000–36.999 Federal Trade Commission
- 39.000–39.999 General Services Administration
- 40.000–40.999 Government Printing Office
- 42.000–42.999 Library of Congress
- 43.000–43.999 National Aeronautics and Space Administration
- 44.000–44.999 National Credit Union Administration
- 45.000–45.999 National Foundation on the Arts and the Humanities
- 47.000–47.999 National Science Foundation
- 59.000–59.999 Small Business Administration
- 64.000–64.999 U.S. Veterans Administration
- 66.000–66.999 U.S. Environmental Protection Agency
- 81.000–81.999 U.S. Department of Energy
- 83.000–83.999 Federal Emergency Management Agency
- 84.000–84.999 U.S. Department of Education
- 89.000–89.999 National Archive and Records Administration
- 90.000–90.999 Elections Assistance Commission
- 93.000–93.999 U.S. Department of Health and Human Services
- 94.000–94.999 Corporation for National and Community Service
- 96.000–96.999 Social Security Administration
- 97.000–97.999 Department of Homeland Security
- 98.000–98.012 U.S. Agency for International Development

Information Sources

The basic sources for the fiscal data included in the *Federal Funds to State Agencies* report are the Commission on Government Forecasting and Accountability's annual federal aid surveys, which have examined the use of federal funds by Illinois state agencies since FY 1973. The fiscal information is supplied directly by the state agencies, and it is assumed the figures are supplied in good faith and are substantially correct. The primary source for the program descriptive information is the U.S. Office of Management and Budget's *Catalog of Federal Domestic Assistance*.

ABRAHAM LINCOLN PRESIDENTIAL LIBRARY & MUSEUM

45.161 PROMOTION OF THE HUMANITIES RESEARCH

Program Description: The program provides knowledge and understanding of the humanities, and strengthens the intellectual foundations of the humanities through the collaboration of scholars and the support of post-doctoral fellowship programs as independent research institutions.

Formula Description: This program has no statutory formula. Matching requirements are mandatory.

16.540 JUVENILE JUSTICE AND DELINQUENCY PREVENTION

Program Description: The program provides grants to states to assist in planning, establishing, operating, coordinating, and evaluating projects for the development of more effective juvenile delinquency prevention. The goal is to develop more effective education, training, research, prevention, diversion, treatment, and rehabilitation programs for troubled juveniles. It also supports training and technical assistance, research, and evaluation and statistics activities designed to benefit the formula grant program.

Formula Description: State grantees may use no more than 10% of their formula grant allocation for planning and administration, and they must match planning and administration funds dollar for dollar. Matching requirements are voluntary.

84.002 ADULT EDUCATION—BASIC GRANTS TO STATES

Program Description: The program is designed to improve educational opportunities for adults by encouraging the establishment of adult education programs that provide basic educational skills necessary for literate functioning. Such programs are limited to adults and out-of-school youth aged 16 and older who have a high school diploma or equivalent and are not enrolled or required to be enrolled in secondary school, or who benefit from job training and retraining in order to obtain unsubsidized employment.

Formula Description: Eligible outlying areas receive an initial allotment of \$100,000. To receive a grant, you must provide a non-federal contribution in an amount equal to 25% of the total amount of funds expended for adult education and literacy activities in the state. To receive a grant, eligible outlying agencies must provide a non-federal contribution in an amount equal to 12% of the total amount of funds expended for adult education and literacy activities.

16.593 RESIDENTIAL SUBSTANCE ABUSE TREATMENT FOR STATE PRISONERS

Program Description: The program provides grants to assist states and local governments in the development and implementation of substance abuse treatment programs in state, local, and tribal correctional and detention facilities. Funds are also available to create and maintain community reintegration for individuals after they are released from incarceration.

Formula Description: Each participating state is allocated a base amount of 0.4% of the total available program funds. The remaining funds are allocated based on the ratio each state's prison population bears to the total prison population of all participating states. Allocations are calculated based on the Bureau of Justice Statistics' most recent National Prisoner Statistics. The federal

share of a grant-funded project may not exceed 75% of the total project costs. The 25% matching funds must be a cash match.

17.235 SENIOR COMMUNITY SERVICE EMPLOYMENT PROGRAM

Program Description: The program provides over 40 million community service hours to public and nonprofit agencies and tribal organizations, allowing them to enhance and provide needed services. Participants work an average of 20 hours a week and are paid the highest of federal, state, or local minimum wage. The training serves as a bridge to unsubsidized employment opportunities and programs that: (1) foster individual economic self-sufficiency; and (2) provide part-time employment through the community service assignment. This job skills training program helps unemployed, low-income seniors (ages 55 and over, at or below 125% of the federal poverty level) re-enter the workforce. Enrollment priority is given to veterans and qualified spouses, then to individuals who are over 65 and have a disability, have low literacy skills or limited English proficiency, reside in a rural area, are homeless or at risk of homelessness, have few employment prospects, were incarcerated within the last five years, or have failed to find employment after using American Job Center system services.

Formula Description: Grantees must provide at least 10% of the total cost through cash or in-kind contributions. The program has a maintenance of effort requirement.

93.042 SPECIAL PROGRAMS FOR THE AGING, TITLE VII, CHAPTER 2, LONG TERM CARE OMBUDSMAN SERVICES FOR OLDER INDIVIDUALS

Program Description: The program assists state and area agencies on aging in providing ombudsman services for older individuals in long-term care. Ombudsman programs investigate and resolve complaints by residents of nursing homes or other long-term care facilities. Ombudsmen promote policies and practices that improve the quality of care and life in long-term care facilities, and educate consumers and providers about patients' rights and good care practices.

Formula Description: This program has minimum funding requirements for statutory formula and a maintenance of effort requirement. No match is required.

93.043 SPECIAL PROGRAMS FOR THE AGING, TITLE III, PART D, DISEASE PREVENTION AND HEALTH PROMOTION SERVICES

Program Description: The program assists state and area agencies on aging in providing preventive health services for the elderly. Funds are awarded to states to develop or strengthen systems through designated state and area agencies on aging. Services eligible for Medicare reimbursement may not be included. A state plan covering two, three, or four years, with annual revisions as necessary, must be submitted for approval to the Assistant Secretary on Aging.

Formula Description: Allocations are based on priority to areas of the state which are medically underserved, and have the largest number of older individuals who have the greatest economic need for services. This program has no matching requirements.

Program Description: The program provides financial assistance to state and area agencies on aging for supportive services programs for older persons, including those offered by multi-purpose senior centers. Funds may be used for the acquisition, renovation, alteration, or construction of multi-purpose senior centers, as well as for other services. The goal is to ensure that older Americans are able to remain in their homes and communities as independent individuals.

Formula Description: The formula grants are 85% federal and 15% non-federal funds. Allocations are based on the population of older individuals in the state relative to other states. A 15% non-federal match is required.

66.605 PERFORMANCE PARTNERSHIP GRANTS

Program Description: The program provides modified block grants to states and tribes to address multiple environmental priorities. Performance Partnership Grants allow states to reduce administrative costs, direct resources to the highest priority problems, and support cross-media approaches and initiatives by combining any of the 20 eligible categorical grants into a single budget. The ongoing goals of the program are strengthening partnerships; providing flexibility to states, tribes, and interstate agencies; linking activities with goals and outcomes; fostering innovative approaches; and providing savings by streamlining administrative requirements.

Formula Description: Allocations consist of the cumulative allocations for categorical grants included in the program. Recipients calculate a single cost share based on the match or maintenance of effort requirements of the included categorical grants. This program has no statutory formula.

DEPARTMENT OF CHILDREN AND FAMILY SERVICES

93.090 GUARDIANSHIP ASSISTANCE

Program Description: The program provides funds to states and tribes that provide guardianship assistance payments to relatives who have assumed legal guardianship of eligible children whom they previously cared for as foster parents. This assistance is intended to prevent inappropriately long stays in foster care and to promote the healthy development of children through increased safety, permanency, and well-being.

Formula Description: Matching funds from tribal agencies must also be appropriated monies but, at the option of the tribe, may include federal funds specifically authorized by federal statutes to be used as a match for other federal programs. Tribal matching funds may include in-kind expenditures from allowable third-party sources for administration and training cost only. Matching requirements are mandatory.

93.603 ADOPTION AND LEGAL GUARDIANSHIP INCENTIVE PAYMENTS

Program Description: The program provides incentives to states to annually increase the number of children in foster care who find permanent homes through adoption or legal guardianship.

Formula Description: The Children’s Bureau (CB) determines the number of foster-children adoptions and guardianships, pre-adolescent (age 9 – 13) adoptions and guardianships, and other (age 14 and over) adoptions and guardianships eligible to earn incentive payments. This is based on data reported by each agency to the Adoption and Foster Care Analysis and Reporting System (AFCARS) and accepted by CB no later than May 15 of the fiscal year after the fiscal year in which the adoptions were finalized (the “earning year”). Payments must be used to supplement—not supplant—federal or non-federal funds for services under Title IV-B or IV-E of the Act in order to be disregarded in determining state or tribal expenditures for the purposes of federal matching payments under Sections 424, 434, and 474 of the Social Security Act. There are no matching requirements.

93.658 FOSTER CARE TITLE IV-E

Program Description: The program helps states and tribes provide safe and stable out-of-home care for children under their jurisdiction until the children are returned home safely, placed with adoptive families, or placed in other permanent arrangements. Funds may also be used for administrative costs and staff training. In addition, \$3 million is reserved for technical assistance and plan development/implementation grants to eligible tribes.

Formula Description: Matching funds from state agencies must be appropriated monies raised from non-federal revenue sources. Matching funds from tribal agencies must also be appropriated monies, but may, at the option of tribe, include federal funds specifically authorized by federal statutes to be used as a match for other federal programs. Additionally, in accordance with 45 CFR 1356.68, for administration and training costs only, tribal matching funds may include in-kind expenditures (or contributions) from allowable third-party sources. Matching requirements are mandatory.

93.674 JOHN H. CHAFEE FOSTER CARE PROGRAM FOR SUCCESSFUL TRANSITION TO ADULTHOOD

Program Description: The program is to help states and tribes establish and execute programs for youth who are over 13 in foster care; leaving foster care for adoption or kinship guardianship after turning 16; likely to remain in foster care until 18; and/or former foster care recipients between 18 and 21 years old to successfully transition to adulthood and self-sufficiency. States or tribes that operate an extended foster care program for youth up to age 21 have the option to extend services under the Chafee Program to cover 21-23 years.

Formula Description: The federal government will pay 80% of the total funds spent by recipients up to the amount of Chafee Foster Care Program for Successful Transition to Adulthood funds allocated. The grantee must provide matching contributions to cover the additional 20% of the costs. Matching requirements are mandatory.

17.258 WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) ADULT PROGRAM

Program Description: The program provides grants for job training services to adults facing serious barriers to employment. It enables workers to obtain good jobs by providing them job search assistance and training. Under the Workforce Innovation and Opportunity Act (WIOA), the Adult Program will ensure that the unemployed and other job seekers have access to high-quality workforce services, and that priority for services will be given to those who are public assistance recipients, low-income, and basic-skill-deficient. The program provides individuals with disabilities access to high-quality workforce services, and better prepares them for competitive, integrated employment. The goals are to increase employment, retention in unsubsidized employment, and earnings.

Formula Description: Funds are provided to states based on the number of unemployed individuals in areas of substantial unemployment, the excess number of unemployed individuals, and the number of disadvantaged adults. This program has no matching requirements.

Account Identification: 16-0174-0-1-504

93.499 LOW INCOME HOUSEHOLD WATER ASSISTANCE PROGRAM

Program Description: The program provides grants to meet unprecedented water services needs that arose during the COVID-19 pandemic. It is meant to be an emergency program that provides quick intervention to help people facing high water/wastewater costs compared to their income in resuming and/or maintaining their home water/wastewater services. The benefits are limited to households with low incomes, particularly those that pay a high proportion of household income for drinking water and wastewater services. Low income is federally defined as the greater of 150% of the Federal Poverty Guidelines or 60% of a state’s median income. However, each recipient state, tribe, and territory may set a lower cut-off.

Formula Description: This program has no statutory formula or matching requirements.

93.767 CHILDREN’S HEALTH INSURANCE PROGRAM

Federal regulations require all Medicaid expansion SCHIP costs to be funded through the SCHIP appropriation rather than the Medicaid appropriation.

Program Description: The program provides grants to states to enable them to maintain and expand child health assistance to uninsured, low-income children and, as a state option, low-income pregnant women and legal immigrants. Assistance may be provided by: (1) obtaining qualified health insurance coverage; (2) expanding eligibility for children under the state’s Medicaid program; and (3) or operating both a separate CHIP and a Medicaid expansion program. The objective of the Connecting Kids to Coverage (CKC) Outreach and Enrollment Grants is to reduce the number of uninsured children eligible for Medicaid, CHIP and insurance affordability programs who are not enrolled and improve retention of those who are already enrolled.

Formula Description: This program has no statutory formula or matching requirements.

93.778 MEDICAL ASSISTANCE PROGRAM

The program (referred to as Medicaid) provides funds under two categories. Each is presented separately below to provide as much detail as possible concerning the purpose, formula, and funding for the various units of this program.

(1) MEDICAID VENDOR PAYMENTS

Program Description: Authorized under Title XIX of the Social Security Act, Medicaid provides financial assistance to states for the provision of medical care to low-income individuals and others who may be eligible (pregnant women, infants, children, or the elderly), as defined by age and poverty criteria. Certain services must be provided by states for the categorically or medically needy. Federal funds are awarded to a designated state Medicaid agency, and recipients must meet state requirements.

Formula Description: Funds are awarded based on a state’s federal medical assistance percentage, which ranges from 50% to 83%. The percentage is determined by a state’s medical expenditures and personal income relative to the national average for the three preceding years. There is a maintenance of effort requirement.

Account Identification: 75-0512-0-1-551

	<i>(\$ in thousands)</i>		
Outlays to Illinois:	FY 2022	FY 2023	FY 2024

(2) MEDICAID STATE ADMINISTRATION AND TRAINING

Program Description: The federal government pays 50% of most state administrative costs for Medicaid. For smaller segments of the program, including family planning and the Medicaid Management Information System, the federal match is 90% for certain start-up expenses. For federally encouraged segments of the program, such as the employment of skilled medical professionals, the match is 75%.

Formula Description: State administrative costs are matched on an open-ended basis with the matching rate based on the type of expenditure.

93.791 MONEY FOLLOWS THE PERSON REBALANCING DEMONSTRATION

Program Description: The program assists states in balancing their long-term care systems and helps Medicaid enrollees transition from institutions to the community. Any funds remaining at the end of each fiscal year carry over to the next fiscal year, and can be used to make grant awards to current grantees through FY 2023. Any unused grant funds awarded in FY 2023 can be used through FY 2027. No additional funding will be available after the final 2023 awards are made. However, grantees are to submit documentation to identify projected costs and justify expenditures on an annual basis. All claims must be finalized by September 30, 2027.

Formula Description: This program has no statutory formula. The yearly published federal medical assistance percentage rate in the Federal Register is used to determine the enhanced rate and the state match requirements.

10.557 WIC SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN

Program Description: The program provides grant funds to state health departments for further distribution to local public or nonprofit health facilities and organizations. The funds support supplemental food, nutrition information, and healthcare referrals to help safeguard the health of low-income pregnant, postpartum, and breastfeeding women, and infants and children up to age five who are at nutritional risk. Funds support both program activities and state administration.

Formula Description: The distribution of funds is aimed primarily at maintaining participation levels. The formulas are based on the administrative costs, previous funding levels, inflation levels, and the proportion of persons earning less than 185% of the federal poverty level in each state. No matching funds are required, but some states contribute non-federal funds to support a larger WIC program.

10.561 STATE ADMINISTRATIVE MATCHING GRANTS FOR THE SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM

The program provides funds in two categories, each of which is presented separately below in order to provide as much detail as possible concerning the purpose, formula, and funding.

(1) FOOD STAMP ADMINISTRATIVE COSTS AND STATE EXCHANGE

Program Description: The program (previously referred to as the Food Stamp Program) provides funds for states to operate the Supplemental Nutrition Assistance Program (SNAP). In Illinois, the program provides Link cards through state and local welfare agencies to needy persons to increase their food purchasing power. The cards are used by program recipients to buy food in any retail store that has been approved by the Food and Nutrition Service.

Formula Description: The federal government reimburses 50% of direct and indirect state administrative costs.

Account Identification: 12-3505-0-1-605

Outlays to Illinois:	<i>(\$ in thousands)</i>		
	FY 2022	FY 2023	FY 2024

10.568 EMERGENCY FOOD ASSISTANCE PROGRAM (ADMINISTRATIVE COSTS)

Program Description: The program is designed to improve the infrastructure of the emergency feeding network by providing funds to states for processing, storage, and distribution costs incurred by state agencies and nonprofit organizations that provide food assistance to needy persons. At least 40% of funds must be passed through to emergency feeding organizations or spent on their behalf.

Formula Description: Program funds are allocated based on emergency feeding organizations; at least 40% of the administrative funds are allocated to the state. States are required to match, by either cash or in-kind contributions, 100% of administrative funds not passed through to emergency feeding organizations.

Account Identification: 12-3507-0-1-605

10.572 WIC FARMERS' MARKET NUTRITION PROGRAM (FMNP)

Program Description: The program provides funds to make locally grown fresh, nutritious, unprepared foods available to eligible women, infants, and children through farmers' markets. Grants may also be used to support expanded awareness and use of farmers' markets and to promote sales at those markets.

Formula Description: Allocations are based on previous allocations and the projected number of participants. The state, local, or private funds must equal at least 30% of its administrative program cost. Provided that sufficient funds are available, each state will be funded at its most recent year's level. State contributions for similar programs may satisfy the matching requirements.

10.649 PANDEMIC EBT ADMINISTRATION COSTS

Program Description: The program is designed to help state agencies and local entities pay costs of operating the Pandemic EBT Food Benefit Program. Through eligible schools, children receive temporary emergency nutrition benefits loaded on EBT cards that are used to purchase food. Children who would have received free or reduced-price meals under the National School Lunch Act if their schools were not closed or operating with reduced hours, and not in attendance for at least 5 consecutive days are eligible to receive P-EBT benefits.

Formula Description: This program has no statutory formula or matching requirements.

14.231 EMERGENCY SOLUTIONS GRANT PROGRAM

Program Description: The program is designed to help improve the engagement of and quality of emergency shelters for homeless individuals and families. It provides essential services to operate shelters and to shelter residents; rapidly re-houses homeless individuals and families; and prevents individuals and families from becoming homeless.

Formula Description: This formula has matching requirements. City and urban county recipients must match grant funds with an equal amount of funds from cash or the following in-kind sources: services contributed by volunteers, the donation of materials and buildings, or the value of any lease on a building. States must match all but \$100,000 of their awards, but must pass on the benefit of that \$100,000 exception to their sub-recipients that are least capable of providing matching amounts.

16.540 JUVENILE JUSTICE AND DELINQUENCY PREVENTION

Program Description: The program provides grants to states to assist in planning, establishing, operating, coordinating, and evaluating projects for the development of more effective juvenile delinquency prevention. The goal is to develop more effective education, training, research, prevention, diversion, treatment, and rehabilitation programs for troubled juveniles. It also supports training and technical assistance, research, and evaluation and statistics activities designed to benefit the formula grant program.

Formula Description: State grantees may use no more than 10% of their formula grant allocation for planning and administration, and they must match planning and administration funds dollar for dollar.

93.092 AFFORDABLE CARE ACT (ACA) PERSONAL RESPONSIBILITY EDUCATION PROGRAM

Program Description: The program educates adolescents and young adults on both abstinence and contraception for the prevention of pregnancy and sexually transmitted infections, including HIV/AIDS. Funding is directed toward the development of adolescent pregnancy prevention programming that incorporates medically accurate approaches, while replicating evidence-based programs or elements of programs that have been demonstrated to change behavior. Projects are further required to incorporate at least three of six adult preparation subjects, to include healthy life skills, adolescent development, parent-child communication, financial literacy, educational and career success, and healthy relationships. The program targets prevention education to youth between the ages of 10 and 19, or pregnant and parenting youth under 21 years of age, who are at high-risk for becoming pregnant or who have special circumstances.

Formula Description: This program has no matching requirements.

93.596 CHILD CARE MANDATORY AND MATCHING FUNDS OF THE CHILD CARE AND DEVELOPMENT FUND

The program provides funds under two categories. Each of these categories is presented separately below in order to show the different funding formula for each part.

(1) CHILD CARE MANDATORY

Program Description: Along with related programs, the program makes grants to states to provide child care assistance to low-income families. It is designed to: (1) allow maximum state flexibility; (2) promote parental choice in child care; (3) encourage states to provide consumer education for parents; (4) help states provide child care to parents trying to gain independence from public assistance; (5) help states implement related programs by implementing the health, safety, licensing, training, and oversight standards; (6) improve child care and development of participating children; and (7) increase the number and percentage of low-income children in high-quality child care settings.

Formula Description: Mandatory funds are allocated based on the federal share of expenditures for the now-repealed Aid to Families with Dependent Children (AFDC).

93.870 MATERNAL, INFANT, AND EARLY CHILDHOOD HOME VISITING (MIECHV) GRANT

Program Description: The program provides grants to (1) strengthen and improve the programs and activities carried out under Title V of the Social Security Act; (2) improve coordination of services for at-risk communities; and (3) identify and provide comprehensive services to improve outcomes for eligible families who reside in at-risk communities. The MIECHV Program was created to support voluntary, evidence-based home visiting services for at-risk pregnant women and parents with young children up to kindergarten entry. The program builds upon decades of scientific research that shows home visits conducted by a nurse, social worker, early childhood educator, or other trained professional during pregnancy and in the first year improves the lives of kids and families. Home visiting helps prevent child abuse and neglect, supports positive parenting, improves maternal and child health, and promotes child development and school readiness.

Formula Description: This program has no statutory formula or matching requirements.

93.958 BLOCK GRANTS FOR COMMUNITY MENTAL HEALTH SERVICES

Program Description: The program provides funds to states to help them implement and monitor a system of comprehensive community mental health services to adults with serious mental illnesses and children with a serious emotional disturbance. The program also provides technical assistance to states and the mental health planning council to plan and implementing a comprehensive community based mental health system.

Formula Description: States are required to maintain aggregate state expenditures for authorized activities at a level that is not less than the average level of such expenditures maintained by the State for the 2-year period preceding the fiscal year for which the state is applying for the grant.

94.006 AMERICORPS STATE AND NATIONAL

Program Description: The program provides grants to help states support eligible organizations that identify an unmet need in their communities. AmeriCorps members are recruited, trained, and managed by the organizations and may receive a living allowance and other benefits while serving. State commissions, which receive funds, subgrant funds to such community organizations.

Formula Description: Starting with year four, the match requirement gradually increases every year to 50% by year ten and beyond. Matching requirements are voluntary.

Account Identification: 95-2728-1-6-000

Outlays to Illinois:	<i>(\$ in thousands)</i>

94.008 AMERICORPS COMMISSION INVESTMENT FUND

Program Description: The program provides grants to expand the capacity knowledge, skills, and resources of state service commissions and alternative administrative entities in priority performance areas through the training and technical assistance (TTA) commission investment funds. These funds support AmeriCorps' overall approach to help commissions implement their duties as required by the National and Community Service Act of 1990 (as amended). With this grant program, AmeriCorps is particularly interested in activities that will forge new collaborations and partnerships or develop new skills and knowledge to produce significant and demonstrable improvements within one year of the grant period. The commission investment funds may be used to support commission staffing and staff development in priority performance areas, training events, and collaborative activities.

Formula Description: This program has no statutory formula or matching requirements.

10.500 COOPERATIVE EXTENSION SERVICE

Program Description: The program provides funds in reducing the impact of disasters through extension education. Education programming funded by this program will help communities, families, and individuals become more self-sustaining by strengthening and increasing their resiliency to disaster. Special-needs funds are allocated to a state cooperative extension service to fulfill a purpose or overcome a condition peculiar to the state, as compared to the country as a whole, or for a purpose not normally a part of the continuing extension program. There has been an increase in public awareness regarding the number and severity of disaster-type critical incidents involving earthquakes, tsunamis, tornadoes, wildlife, drought, contagious disease, and terrorist events.

Formula Description: Matching requirements are voluntary.

10.664 COOPERATIVE FORESTRY ASSISTANCE

Program Description: The program provides assistance for non-federal forest and rural lands to assist in advancing forest resources management and conservation; developing genetically improved tree seeds and seedlings; producing and distributing tree seeds and seedlings; promoting afforestation and reforestation; encouraging active forest management; controlling insects and diseases affecting trees and forests; controlling rural fires; efficiently utilizing wood and wood residues/biomass, including recycling wood fiber; improving and maintaining fish and wildlife habitats; planning and implementing urban and community forestry programs; broadening existing programs on non-federal forest lands to meet the multiple use objectives of landowners; providing opportunities to landowners to protect ecologically valuable and threatened non-federal forest lands; and strengthening educational, technical, and financial assistance programs for owners of non-federal forest lands.

Formula Description: States negotiate funding levels and match contributions. Forest resource planning programs require a 20% state match. The amount of the grant is based on negotiated targets to be achieved.

Account Identification: 12-1105-0-1-302; 12-1115-0-1-302

10.675 URBAN AND COMMUNITY FORESTRY PROGRAM

Program Description: The program provides funds to help plan for, establish, manage, and protect trees, forests, green spaces, and related natural resources adjacent to cities and towns. The program provides ecosystem services; social and economic benefits. It links these benefits to governmental, private and grassroots organizations and resources to improve the quality of life in cities and towns.

Formula Description: This program has no statutory formula. Matching requirements vary and, if required, funds may not come from federal sources. Cooperator matches may be non-federal cash, in-kind, or non-cash contributions. Matching requirements may range from 0% to 50% of the total award amount.

10.676 FOREST LEGACY PROGRAM

Program Description: The program provides grants to protect and conserve environmentally important forest areas threatened by conversion to non-forest uses through conservation easements or fee-simple purchases. The Forest Legacy Program is a voluntary, private land conservation partnership between the Forest Service, participating states, land trusts, private landowners, and others. The program works with state partners and operators on a “willing seller and willing buyer” basis and is completely non-regulatory in its approach. No eminent domain authority or adverse condemnation is authorized for this program.

Formula Description: Federal contributions cannot exceed 75% of the total project costs, and at

least 25% of a non-federal cost share is required. The non-federal cost share may consist of funds, donations, land or interests in land, in-kind contributions, direct costs, indirect costs, and others as determined by the Forest Service. Funds will be provided to states on a per-project basis, as determined by the annual appropriations. This program has no statutory formula.

15.608 FISH AND WILDLIFE MANAGEMENT ASSISTANCE

Program Description: The program provides funding to states to implement Aquatic Nuisance Species (ANS) plans approved by the ANS Task Force, as authorized in the Nonindigenous Aquatic Nuisance prevention and Control Act (NANPCA). The plans must identify activities needed to eliminate or reduce the risks associated with ANS, focusing on feasible, cost-effective management efforts to prevent and control ANS infestations in an environmentally sound manner. Only states with approved ANS plans are eligible for this annual funding.

Formula Description: This program has no statutory formula. The mandatory matching requirement is 25%; cost-sharing requirements vary by subprogram. At least 25% of project costs shall be paid in cash or in-kind contributions by non-federal sources. For all subprograms (except those with a mandatory match requirement) applicants are encouraged but not required to provide voluntary committed cost share. Overall value and leverage potential for the service's funding is a factor in project selection. Matching requirements are voluntary.

15.611 WILDLIFE RESTORATION AND BASIC HUNTER EDUCATION

Program Description: The program provides grants to state, commonwealth, and territorial fish and wildlife agencies for projects to restore, conserve, manage, and enhance wild birds and mammals and their habitats. Projects also include providing public use and access to wildlife resources, hunter education and safety, and the development and management of shooting ranges, and the promotion of hunting and recreational shooting.

Formula Description: The program is funded by a permanent appropriation from revenues collected from taxes on bows, arrows, archery equipment, sporting firearms, ammunition, handguns, pistols, and revolvers. Funds are annually apportioned according to the formula prescribed by the Act: 50% based on the land area of the state, commonwealth, or territory; and 50% on paid hunting license holders. No state receives more than 5% or less than ½ of 1% of the total apportionment.

15.615 COOPERATIVE ENDANGERED SPECIES CONSERVATION FUND

Program Description: The program provides assistance to states that have entered into a cooperative agreement for the conservation of endangered and threatened species. Assistance provided to state fish and wildlife agencies can include animal, plant, and habitat surveys, research, planning, management, acquisition, and public education.

Formula Description: This program has no statutory formula. States may receive up to 75% of the program costs. When two or more states enter into an agreement to address a common interest in one or more endangered or threatened species, the federal share of the total project cost may be increased to 90%. Matching requirements are mandatory.

15.634 STATE WILDLIFE GRANTS (SWG)

Program Description: The program provides funding to states through both the formula and competitive subprograms. The formula SWG subprogram delivers apportioned funding to each state on an annual basis, calculated based on the geographic size and population of each state, as described in the annual appropriations language authorizing this funding. Projects funded with the formula SWG program awards often involve partners, but typically do not involve other state fish and wildlife agencies working across state lines. The competitive SWG subprogram delivers funds to states through a voluntary, nationally-competitive process in which interested states submit applications for grant funds which are reviewed and ranked by a national panel and awarded based on the merit of the proposed work and consistency with criteria published in the annual notice of funding opportunity. The competitive SWG subprogram offers incentives for states to work with other states and partners to address conservation of identified species at range-wide or landscape scales.

Formula Description: SWG-formula planning grants require 25% matching, with the federal share not to exceed 75% of total costs. Formula implementation grants require 35% matching, and the federal share is not to exceed 65% of total costs. Competitive project grants require 25% matching, with the federal share not to exceed 75% of total costs. Matching requirements are mandatory.

15.916 OUTDOOR RECREATION ACQUISITION, DEVELOPMENT, AND PLANNING

Program Description: The program provides grants to help states and local governments prepare Statewide Comprehensive Outdoor Recreation Plans (SCORPs) and acquire and develop outdoor recreation areas and facilities for the general public to meet current and future needs.

Formula Description: Each year, states and territories receive an overall allocation of funds based on a statutory formula. Depending on the amount appropriated by Congress, a certain percentage is split equally among states. The Land and Water Conservation Fund Act requires that the share of federal funds not exceed 50% of the total project cost. Generally, the match must be derived from state, local, or private sources, but under certain conditions all or part of the project sponsor's matching share may be from other federal assistance programs, such as community development block grants, when such use is allowable under the other program's sponsoring legisla-

tion. Otherwise, no other federal funds may be applied to the project cost, even if all matching requirements are met. Matching requirements are voluntary.

66.469 GEOGRAPHIC PROGRAMS—GREAT LAKES RESTORATION INITIATIVE

Program Description: The program provides grants to restore and maintain the chemical, physical, and biological integrity of the Great Lakes Basin Ecosystem. Grants will fund efforts in five major focus areas; toxic substances and areas of concern; invasive species; nonpoint source pollution impacts on nearshore health; habitats and species; and foundations for future restoration actions. The Great Lakes Regional Initiative (GLRI) places a special priority on cleaning and de-listing areas of concern, reducing phosphorus contributions from agricultural and urban lands that contribute to harmful algal blooms and other water quality impairments, and invasive species prevention.

Formula Description: This program has no statutory formula. Matching requirements including an applicant’s match percentage, will generally be considered as part of the project selection process for grants and cooperative agreements.

97.041 NATIONAL DAM SAFETY PROGRAM

Program Description: The program is designed to improve state dam safety programs and strives to achieve the key objective of national dam safety hazard reduction. The objective of hazard mitigation is to develop and maintain the capabilities necessary to reduce the loss of lives and property by lessening the impact of the failure of dams. This is accomplished by supporting state and U.S. territory governments in the development and maintenance of dam safety programs, enabling to take precautions that ensure the safety of the dams, such as a development of regulatory authority for the design, construction, operation, and maintenance of dams; the undertaking of dam inspections; and the development of Emergency Action Plans (EAPs) for dams. The grants will be used for planning and rehabilitating eligible high hazard dams to address risk and bring the dams into compliance with state safety regulations.

Formula Description: The program has no matching requirements, but a maintenance of effort is required.

66.605 PERFORMANCE PARTNERSHIP GRANTS

Program Description: The program provides modified block grants to states and tribes to address multiple environmental priorities. Performance Partnership Grants allow states to reduce administrative costs, direct resources to the highest priority problems, and support cross-media approaches and initiatives by combining any of the 20 eligible categorical grants into a single budget. The ongoing goals of the program are strengthening partnerships; providing flexibility to states, tribes, and interstate agencies; linking activities with goals and outcomes; fostering innovative approaches; and providing savings by streamlining administrative requirements.

Formula Description: Allocations consist of the cumulative allocations for categorical grants included in the program. Recipients calculate a single cost share based on the match or maintenance of effort requirements of the included categorical grants. This program has no statutory formula.

66.701 TOXIC SUBSTANCES COMPLIANCE MONITORING COOPERATIVE AGREEMENTS

Program Description: The program provides grants to develop and maintain compliance monitoring programs to prevent or eliminate unreasonable risks to health or the environment associated with chemical substance or mixtures in communities, specifically lead-based paint and asbestos. The program encourages regulatory activities within the grantee communities to establish their own program for lead-based paint and asbestos (waiver program), and provides funds to support related enforcement activities.

Formula Description: This program has no statutory formula. There is a 25% matching requirement, but there are no cost-sharing or matching fund requirements for lead-based paint enforcement grants. Asbestos grants do require cost sharing. No grant may exceed 75% of the establishment and operation costs of such a program during the period for which the grant is made. Thus, recipients must contribute 25% of the total costs for activities conducted under Section 28 of TSCA.

93.069 PUBLIC HEALTH EMERGENCY PREPAREDNESS

Program Description: The program provides a critical source of funding, guidance, and technical assistance to state, local, and territorial public health departments. Preparedness activities funded by the program are targeted specifically for the development of emergency-ready public health departments that are flexible and adaptable. These efforts support the National Response Framework (NRF), which guides how the nation responds to all types of hazards, including infectious disease outbreaks, natural disasters, and biological, chemical, and radiological incidents and explosions. To help public health departments with their strategic planning, the CDC identified 15 public health preparedness capabilities to serve as national public health preparedness standards.

Formula Description: This program has no statutory formula or matching requirements.

93.155 RURAL HEALTH RESEARCH CENTERS

Program Description: The program provides evaluation resources, data analysis and reports, and evidence-based best practices to Critical Access Hospitals. They publish 11 policy briefs and their data and research findings were cited in articles appearing in 15 peer-reviewed journals. Rural research programs completed and published 77 research reports, including policy briefs. The evaluation team expanded the development of data dashboards for grantees across multiple cohorts, to enable grantees to better track and benchmark their performance and assisted with the development of new data indicators to assess the impact of the Rural Communities Opioid Response Program (RCORP) initiative.

93.165 GRANTS TO STATES FOR LOAN REPAYMENT PROGRAM (SLRP)

Program Description: The program provides grants to increase the availability of primary health care clinicians by assisting states in operating programs for the repayment of health professionals' student loans in return for their practice.

Formula Description: This program has no statutory formula. States must agree to make available (directly or through donations from public or private entities) non-federal contributions in cash toward SLRP contracts of at least \$1 for each \$1 of federal funds provided in the grant. A state may not use any federal funds or in-kind contributions to satisfy the non-federal match requirement. A state must verify that contributions from sources other than state-appropriated funds are non-federal. States may use non-federal funds in excess of the \$1 for \$1 minimum match to supplement the repayment of qualifying loans of health professionals. The additional effort may assure funding sources to support the continuity of the state's primary care workforce and may require a match beyond FY 2026.

93.270 VIRAL HEPATITIS PREVENTION AND CONTROL

Program Description: The program provides support-integrated viral hepatitis surveillance and prevention programs in states and large cities in the United States. Key strategies include viral hepatitis outbreak planning and response, and surveillance for acute hepatitis A, B, and C, and chronic hepatitis C. Partners should develop a jurisdictional viral hepatitis elimination plan, increase comprehensive hepatitis B and C reporting, improve HBV and HCV testing, and increase the numbers of healthcare providers trained to treat hepatitis B and C. Contingent on funding, the following activities can be supported: surveillance for chronic hepatitis B and perinatal hepatitis C; increased hepatitis B and C testing and referral to care in high-impact settings Syringe Services Program (SSPs), Substance Use Disorder (SUD) treatment center, correctional facilities, emergency departments and sexually transmitted disease clinics; and increased access to service preventing viral hepatitis and other infections among Persons Who Inject Drugs (PWID). Contingent on funding, an optional component will support improved access to prevention, diagnosis, and treatment of viral, bacterial, and fungal infections, related to drug use in settings disproportionately affected by drug use. Expected outcomes include improved surveillance for viral hepatitis, increased stakeholder engagement in viral hepatitis elimination planning, and improved access to viral hepatitis prevention, diagnosis, and treatment among populations most at risk.

Formula Description: This program has no statutory formula or matching requirements.

93.898 CANCER PREVENTION AND CONTROL PROGRAMS FOR STATE, TERRITORIAL AND TRIBAL ORGANIZATIONS

Program Description: The program provides a transition for highly functional public health infrastructure for cancer prevention and control into new roles and functions to anticipate the nation’s need over the next decade. The goals are to (1) seek efficiencies across the management and operations of cancer prevention and control programs, (2) focus on high-burden cancers with evidence-based, scalable interventions that already exist and can be broadly implemented, (3) develop organized screening programs that are more effective and efficient than current opportunistic approaches, and (4) maintain high-quality cancer registries and expand their application in prevention and screening.

Formula Description: This program has no statutory formula. Matching requirements are voluntary.

93.912 RURAL HEALTH CARE SERVICES OUTREACH, RURAL HEALTH NETWORK DEVELOPMENT AND SMALL HEALTH CARE PROVIDER QUALITY IMPROVEMENT

Program Description: The program enhances health care delivery in the Delta Region through intensive technical assistance to providers in select rural communities, including critical access hospitals, small rural hospitals, rural health clinics, and other healthcare organizations. It aims to promote population health through the planning, implementation, and the development of integrated health care networks. Eligible entities participate in the networks to achieve efficiencies, expand access to care, and coordinate and improve the quality of essential health care services.

Formula Description: This program has no statutory formula or matching requirements.

93.913 GRANTS TO STATES FOR OPERATION OF STATE OFFICES OF RURAL HEALTH

Program Description: The program is designed to help states establish state offices of rural health to strengthen rural healthcare delivery systems by maintaining a focal point for rural health within each state. The program provides funding for an institutional framework that links small rural communities with state and federal resources to help develop long-term solutions to rural health problems. While a wide range of activities can be conducted to address unique state needs, each state office of rural health must: (1) establish an information clearinghouse for collecting and disseminating information; (2) coordinate state and federal rural health programs; and (3) provide technical assistance that will improve participation in state and federal programs.

Formula Description: This program has no statutory formula. States must match not less than \$3 for each \$1 of federal funds provided in the grant. Non-federal contributions may be in cash or in kind, fairly evaluated, including plan, equipment, or services. Matching requirements are voluntary.

94.008 AMERICORPS COMMISSION INVESTMENT FUND

Program Description: The program provides grants to expand the capacity knowledge, skills, and resources of state service commissions and alternative administrative entities in priority performance areas through the Training and Technical Assistance (TTA) Commission Investment Funds. These funds support AmeriCorps’ overall approach to help commissions implement their duties as required by the National and Community Service Act of 1990 (as amended). With this grant program, AmeriCorps is particularly interested in activities that will forge new collaborations and partnerships or develop new skills and knowledge to produce significant and demonstrable improvements within one year of the grant period. The commission investment funds may be used to support commission staffing and staff development in priority performance areas, training events, and collaborative activities.

Formula Description: This program has no statutory formula or matching requirements.

20.505 METROPOLITAN TRANSPORTATION PLANNING AND STATE AND NON-METROPOLITAN PLANNING AND RESEARCH

Program Description: The program provides funding to assist the development of metropolitan and state transportation improvement programs, long-range transportation plans, and other technical studies in a program for a unified and officially coordinated Statewide Transportation System and Metropolitan Transportation System(s) within the state. As a result of this coordinated effort, CFDA # 20.515 has been discontinued. The Catalog of Federal Domestic Assistance now (CFDA) incorporates both the Statewide Transportation and the Metropolitan Transportation Systems into one CFDA.

Formula Description: The matching requirements vary. Funds obligated for state and metropolitan planning are granted at an 80% federal, 20% local ratio. In addition, funds can be transferred from the Federal Highway Administration to form Consolidated Planning Grants, which permit a higher federal match for metropolitan funds.

20.509 FORMULA GRANTS FOR RURAL AREAS AND TRIBAL TRANSIT PROGRAM

Program Description: The program provides funding to improve, initiate, or continue public transportation service in non-urbanized areas, rural areas, and small cities under 50,000 in population, and also provides technical assistance for rural transportation providers. The Section 5311 program supports both the maintenance of existing public transportation services and the expansion of those services through the following program goals: enhancing access in rural areas to healthcare, shopping, education, employment, public services, and recreation; assisting in the maintenance, development, improvement, and use of public transportation systems in rural areas; encouraging and facilitating the most efficient use of all transportation funds used to provide passenger transportation in rural areas through the coordination of programs and services; providing financial assistance to help carry out national goals related to mobility for all, including seniors, individuals with disabilities, and low-income individuals; increasing availability of transportation options through investments in intercity bus services; assisting in the development and support of intercity bus transportation; encouraging mobility management, employment-related transportation alternatives, joint development practices, and transit-oriented development; and providing for the participation of private transportation providers in rural public transportation.

Formula Description: The federal share is not to exceed 80% of the net project cost for capital projects. The federal share may be 90% for the cost of vehicle-related equipment attributable to compliance with the Americans with Disabilities Act and the Clean Air Act, or 85% for the cost of a vehicle that complies with these requirements. The federal share may also be 90% for projects or portions of projects related to bicycle facilities. The federal share may not exceed 50% of the net cost for operating assistance. Recipients may use up to 20% of the amounts apportioned under Section 5311 for ADA complementary paratransit at an 80% federal share if certain conditions are met. Under the Public Transportation on Indian Reservation Program, no local match is required for the formula program. There is no match requirement for planning grants under the discretionary program.

20.513 ENHANCED MOBILITY OF SENIORS AND INDIVIDUALS WITH DISABILITIES

Program Description: The program provides financial assistance in meeting the transportation needs of seniors and individuals with disabilities where public transportation services are unavailable, insufficient, or inappropriate. The Section 5310 program is designated to supplement the FTA’s other capital assistance programs by funding transportation projects for seniors and individuals with disabilities in all areas—large urban, small urban, and rural. Upon repeal of the New Freedom Program, its goals were incorporated into the Section 5310 program, which funds alternative forms of transportation where traditional services are unavailable, inappropriate, or insufficient. Funds can be used for capital and operations activities. The discretionary program assists in financing innovative capital projects for the transportation disadvantaged that improve

the coordination of transportation services and non-emergency medical transportation (NEMT) services.

Formula Description: Sixty percent of funds are apportioned among designated recipients for large urbanized areas; 20% of funds are apportioned to states for small urbanized areas; and 20% of funds are apportioned to states for use in rural areas. The apportionment formula is based on the number of seniors and individuals with disabilities in each urbanized or rural area. The federal share of eligible capital costs may not exceed 80% of the net cost of the activity. The federal share of the eligible operating costs may not exceed 50% of the net operating costs of the activity. Recipients may use up to 10% of their apportionment to support program administrative costs, including administration, planning, and technical assistance, which may be funded at 100% federal share. Funds for the program are allocated among the states and large urbanized areas by a formula based on the population of elderly persons and persons with disabilities in each state according to the latest U.S. Census population figures.

20.600 STATE AND COMMUNITY HIGHWAY SAFETY

Program Description: The program provides funds for the coordinated National Highway Safety Program to reduce traffic crashes, deaths, injuries, and property damage. Formula grant funds may be used for problems identified within the nine national program areas of (1) alcohol and drug countermeasures; (2) police traffic services; (3) occupant protection; (4) traffic records; (5) emergency medical services; (6) motorcycle safety; (7) pedestrian and bicycle safety; (8) speed control; and (9) roadway safety. The law provides that at least 40% of these federal funds apportioned to a state for any fiscal year will be expended by the political subdivisions of that state.

Formula Description: Funds are allocated based 75% on total resident population and 25% apportioned against public road mileage in states. The federal share shall not exceed 80% or applicable sliding scale. Matching requirements are mandatory.

64.101 BURIAL EXPENSES ALLOWANCE FOR VETERANS

Program Description: The program provides the greater of \$796 or the amount authorized under 38 U.S.C. 2303 toward the plot or interment expense for certain Veterans not buried in a national cemetery. If the death is due to a service-connected disability, the greater of \$2,000 or the amount specified under 5 U.S.C. 8134(a) may be reimbursed for burial and funeral expenses. The cost of transporting a Veteran's remains is paid by the VA if the death occurred in a VA facility. The cost of transporting a Veteran's remains from the place of death to a national cemetery with space available and nearest to the Veteran's last residence is paid if the death is due to a service-connected disability or the Veteran was in receipt of or entitled to receive disability compensation, military retired pay, or a non-service-connected disability pension. Additionally, a headstone or marker may be authorized, and an American flag to drape the Veteran's casket may be provided.

ENVIRONMENTAL PROTECTION AGENCY

66.034 SURVEYS, STUDIES, RESEARCH, INVESTIGATIONS, DEMONSTRATIONS, AND SPECIAL PURPOSE ACTIVITIES RELATING TO THE CLEAN AIR ACT

Program Description: The program provides grants to support research, surveys, investigations, demonstrations, and special purpose assistance relating to the causes, effects (including health and welfare effects), extent, prevention, and control of air pollution. Topics include: air quality, acid deposition, global programs, indoor environments, radiation mobile source technology, and community-driven approaches to transportation and emissions reduction. Projects should also focus on addressing environmental concerns in communities, including the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income in developing, implementing, and enforcing environmental laws, regulations, and policies.

Formula Description: This program has no statutory formula or regulatory cost-sharing requirement; however, as a matter of policy, the agency may impose a cost-sharing requirement in specific competitions and non-competitive awards.

Account Identification: 68-0103-0-1-304; 68-0107-0-1-304; 68-1018-0-1-304

66.040 DIESEL EMISSIONS REDUCTION ACT (DERA) STATE GRANTS

Program Description: The program provides funds for states to develop and implement grants and low-cost revolving loan programs in the state, as are appropriate to meet states’ needs and goals relating to the reduction of diesel emissions. Projects should focus on promoting environmental justice, which is the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, regulations, and policies. In providing grants, rebates, and loans under this program, states must give priority to projects that maximize public health benefits; are the most cost-effective; serve areas with the highest population density; and are poor air-quality areas. Areas served include those that receive a disproportionate quantity of air pollution from diesel fleets, including truck stops, port, rail yards, terminals, construction sites, schools, and distribution centers or that use a community-based, multi-stakeholder collaborative process to reduce toxic emissions; will only include a certified engine configuration or verified technology that has a long expected useful life; maximize the useful life of any certified engine configuration or verified technology used or funded by the eligible entity; and conserve diesel fuel.

Formula Description: This program has a statutory allocation formula, but statutory formula is not applicable to this assistance listing. There is no statutory match requirement for this program, but there is a statutory incentive match provision. Program guidance may restrict the eligibility and amount of grant funds that may be used for certain types of projects.

66.419 WATER POLLUTION CONTROL STATE, INTERSTATE, AND TRIBAL PROGRAM SUPPORT

Program Description: The program helps states and interstate agencies establish and maintain adequate measures for the prevention and control of surface and ground-water pollution from both point and nonpoint sources. States will continue to focus on fulfilling their basic responsibilities under programs funded by the Clean Water Act. State priority efforts will include implementing monitoring strategies and statistically-valid surveys to determine water quality status and trends in fostering a watershed approach, including total maximum daily loads and watershed plans designed to meet water quality standards. States will continue adopting updated water quality standards that support designated uses and completing triennial reviews on time.

Formula Description: A 5% match applies to tribal programs only. The regional administrator may provide up to 95% of the approved work plan costs for intertribal consortia establishing a Section 106 water pollution control program. The regional administrator may increase the maximum federal share if the tribe or intertribal consortium can demonstrate in writing that fiscal circumstances within the tribe or within each tribe that is a member of an intertribal consortium are constrained to such an extent that fulfilling the 5% match requirement would impose undue hardship.

66.447 SEWER OVERFLOW AND STORMWATER REUSE MUNICIPAL GRANT PROGRAM

Program Description: The program provides grants to the states, the District of Columbia, and U.S. territories for the purpose of providing grants to municipality or municipal entity for the planning and design for construction, including: (1) treatment works to intercept, transport, control, treat, or reuse municipal combined sewer overflows (CSOs), sanitary sewer overflows (SSOs), or stormwater; and (2) any other measures to manage, reduce, treat, or recapture stormwater or subsurface drainage water. State recipients shall provide funding prioritizing municipalities that are: (1) financially distressed communities that meet the affordability criteria established by the states; (2) implementing a long-term control plan for CSOs or SSOs; (3) requesting funds for a project included on a state’s intended use plan for the Clean Water State Resolving Fund; or (4) Alaskan Native Village. State recipients may select which priorities are most relevant for their program when determining which municipalities to fund. Furthermore, to the extent there are sufficient eligible project applications, at least 20% of a state’s allocation must be used for green infrastructure, water and energy efficiency improvements, or other environmentally innovative activities. To the extent there are sufficient eligible project applications, a state shall use not less than 25% of their allocation amount to carry out projects in financially distressed communities. Of this 25%, at least 60% of this amount should go toward rural communities.

Formula Description: There is no statutory formula. 20% of the matching requirements federal share for awards shall be 80% of the total award. Recipients are required to provide a non-federal costs share/match for the remaining 20% of the total award. Recipients may coordinate with their RPA Regional Office for support in implementing cost share requirements. Matching requirements are mandatory.

66.454 WATER QUALITY MANAGEMENT PLANNING

Program Description: The program helps states, regional public comprehensive planning organizations, and interstate organizations carry out water quality management planning. Grant funds are used to determine the nature and extent of point and nonpoint source water pollution and to develop water quality management plans. States are encouraged to give priority to watershed restoration planning.

Formula Description: Each year, the administrator shall reserve under Section 604(b) of the Clean Water Act for each state an amount not to exceed 1% of the amount allotted and available for obligation for the Clean Water State Revolving Fund or \$100,000, whichever is greater, for the purposes of making grants to states to carry out water quality management planning. This program has no matching requirements.

66.458 CAPITALIZATION GRANTS FOR CLEAN WATER STATE REVOLVING FUNDS

Program Description: The program provides grants to states to provide a long-term source of state financing for construction of wastewater treatment facilities and implementation of other water quality management activities.

Formula Description: Funds are awarded based on a table of decimal fractions in Section 205(c)(3) of the Clean Water Act (CWA). The required state match is 20% of the amount of the capitalization made to the state for general supplemental capitalization grant appropriations, the required state match is 10% of the amount of the capitalization grant made to the state for emerging contaminant supplemental capitalization grants, the match is waived.

66.460 NONPOINT SOURCE IMPLEMENTATION GRANTS

Program Description: The program provides funds to carry out nonpoint source management program plans, particularly the development and implementation of watershed-based plans, focusing on watersheds with water quality impairments caused by nonpoint sources, which result in improved water quality in impaired waters. This watershed plan is a mechanism to coordinate monitoring and planning on a watershed basis and will build a foundation for effective implementation actions using federal and other funding.

Formula Description: The program awards grants to all eligible states that apply for funding based on an allocation formula the agency developed. States must also meet maintenance of effort requirements contained in statute. Matching requirements are mandatory.

66.468 CAPITALIZATION GRANTS FOR DRINKING WATER STATE REVOLVING FUNDS

Program Description: The program provides grants to capitalize states' drinking water revolving funds, which will provide a long-term source of financing for the costs of drinking water infrastructure. Fiscal Year 2023: The funding priority established by the Safe Drinking Water Act (SDWA) is for capitalization grants to each state for infrastructure improvement projects that are needed to address the most serious risk to human health, are necessary to achieve or maintain compliance with SDWA requirements, and assist systems most in need on a per household basis according to state affordability criteria. A state may use a portion of the capitalization grant funds for programs emphasizing contamination prevention through technical assistance, capacity development, operator certification, and source water protection. The program supports the agency's strategic goal of providing for clean and safe water.

Formula Description: State allotments are based on the proportional share of total eligible needs reported for the most recent drinking water infrastructure needs survey. The minimum proportional share that each state can receive is 1% of total funds available to states. General supplemental capitalization grant appropriations, the required state match is 10% of the amount of the capitalization grant made to the state. Emerging contaminant and lead service line supplemental capitalization grants, match is waived. Matching requirements are mandatory.

66.469 GEOGRAPHIC PROGRAMS-GREAT LAKES RESTORATION INITIATIVE

Program Description: The program provides grants to restore and maintain the chemical, physical, and biological integrity of the Great Lakes Basin Ecosystem. Grants will fund efforts in five major focus areas; toxic substances and areas of concern; invasive species; nonpoint source pollution impacts on nearshore health; habitats and species; and foundations for future restoration actions. The Great Lakes Regional Initiative (GLRI) places a special priority on cleaning and de-listing areas of concern, reducing phosphorus contributions from agricultural and urban lands that contribute to harmful algal blooms and other water quality impairments, and invasive species prevention.

Formula Description: This program has no statutory formula. Matching requirements including an applicant’s match percentage, will generally be considered as part of the project selection process for grants and cooperative agreements.

66.605 PERFORMANCE PARTNERSHIP GRANTS

Program Description: The program provides modified block grants to states and tribes to address multiple environmental priorities. Performance Partnership Grants allow states to reduce administrative costs, direct resources to the highest priority problems, and support cross-media approaches and initiatives by combining any of the 20 eligible categorical grants into a single budget. The ongoing goals of the program are strengthening partnerships; providing flexibility to states, tribes, and interstate agencies; linking activities with goals and outcomes; fostering innovative approaches; and providing savings by streamlining administrative requirements.

Formula Description: This program has no statutory formula or matching requirements.

66.802 SUPERFUND STATE, POLITICAL SUBDIVISION, AND INDIAN TRIBE SITE-SPECIFIC COOPERATIVE AGREEMENTS

Program Description: The program is designed to support state efforts to research, plan, and implement cleanup efforts at hazardous waste sites that pose hazards to human health, and effectively implement statutory requirements, which mandate substantial and meaningful state involvement.

Formula Description: This program has no statutory formula. For remedial cooperative agreements, the match is 10% state and 90% federal if the site was privately owned and operated at the time of disposal of hazardous wastes. The minimum is 50% state, 50% federal of all response costs if the site was state/locally operated at time of any disposal of hazardous waste.

66.805 LEAKING UNDERGROUND STORAGE TANK (LUST) TRUST FUND CORRECTIVE ACTION PROGRAM

Program Description: The program provides cooperative agreement funds for states to support activities in making progress in cleaning up petroleum leaks by initiating and completing cleanups and reducing the backlog of sites not yet cleaned up. At least 80% of LUST corrective action appropriated funds will be provided to states to carry out the LUST corrective action program. The priority is to provide resources to states to perform core cleanup work, with a focus on cleaning up the highest priority sites.

Formula Description: This program has no statutory formula. By guidance, the agency has established a process for allocating funds to states under Section 9003(h)(7) based on the cumulative numbers of confirmed releases, total number of existing registered petroleum system, cleanups initiated, cleanups completed, the percentage of the population using groundwater for drinking water, and the number of states with approved LUST programs. This program allocates funding to tribes and intertribal consortia non-competitively based on their programmatic needs and national guidance.

97.067 HOMELAND SECURITY GRANT PROGRAM

Program Description: The program provides funds to support state, local, and tribal efforts to prevent terrorism and other catastrophic events, and to prepare the nation for the threats and hazards that pose the greatest risk to the security of the United States. It has three interconnected grant programs: (1) State Homeland Security Program, to support the implementation of state strategies; (2) Urban Areas Security Initiative, to help address the unique needs of high-threat, high-density urban areas; and (3) Operation Stonegarden, which supports enhanced cooperation and coordination among customs and border protection. Together these grant programs fund a range of activities, including planning, organization, equipment purchase, training, exercises, management, and administration across all core capabilities and mission areas.

Formula Description: This program has no statutory formula or matching requirements.

10.579 CHILD NUTRITION DISCRETIONARY GRANTS LIMITED AVAILABILITY

Program Description: The program provides National School Lunch Program (NSLP) subgrants competitively awarded to local educational agencies and schools to purchase equipment that costs more than \$1,000 and is needed to serve healthier meals, improve food safety, and help support the establishment, maintenance, or expansion of the School Breakfast Program. Grants are also awarded to state agencies to conduct administrative reviews of selected local educational agencies and to provide funding to be used for oversight and training of administrative personnel on application, certification, verification, meal counting, and claiming procedures. Summer electronic benefits transfer for children demonstrations develop and test innovative methods of providing access to food for children during the summer months when schools are not in regular session in order to reduce or eliminate food insecurity and hunger of children, and improve the nutrition status of children. Participating states and tribal nations provide summer food benefits on debit cards to eligible low-income families with school-age children during the summer months. Grants to improve health and nutrition were previously available to state agencies for projects that were aimed at improving the health and wellness of children in child care settings. School breakfast expansion grants were previously available to eligible state agencies to provide sub-grants to local educational agencies for qualifying schools to establish, maintain, or expand the school breakfast program. Meals to You is a cooperative agreement between USDA and the Baylor University Collaborative on Hunger and Poverty to provide crucial nutrition to eligible children nationwide who live in rural areas where traditional congregate sites have historically been unsuccessful due to the lack of transportation. The project expanded to address the needs of eligible children affected by COVID-19 school closures.

84.144 MIGRANT EDUCATION COORDINATION PROGRAM

Program Description: The program provides financial incentives to State Educational Agencies (SEAs) to participate in consortia that provide high-quality project designs and services to improve the interstate or intrastate coordination of migrant education programs by addressing key needs of migratory children who have their education interrupted.

Formula Description: Consortium incentive grant awards are calculated on the basis of a two-tiered formula. SEAs whose Migrant Education Program (MEP) allocations are \$1 million or less will, in general, receive a grant award that is twice the amount of the award provided to SEAs whose MEP allocations are greater than \$1 million. Within each tier, awards will be of equal size. However, no SEA will receive an incentive grant award that exceeds the amount of its Title I, Part C, MEP program grant or \$250,000, whichever is less. This program has no matching requirements.

84.367 SUPPORTING EFFECTIVE INSTRUCTION STATE GRANTS

Program Description: The program provides grants to state educational agencies through local educational agencies in order to increase student academic achievement consistent with challenging state academic standards; improving the quality and effectiveness of teachers, principals, and other school leaders; and increasing the number of leaders who are effective in improving and providing low-income and minority students greater access to effective teachers, principals, and other school leaders.

Formula Description: In FY 2022, 85.74% of appropriated funds are to be allocated strictly by the formula. The reauthorization also gradually increased the weighting for children from low-income backgrounds, rising by 5% per year from 65% in 2017 to 80% for 2020 and future years, with the remaining 20% allocated according to states’ relative shares of the population aged 5 to 17. This program has no matching requirements.

84.334 GAINING EARLY AWARENESS AND READINESS FOR UNDERGRADUATE PROGRAMS

Program Description: The program provides 6- or 7-year grants to states and partnerships to provide support and maintain a commitment to eligible low-income students, including students with disabilities, to help students obtain a secondary school diploma; and to prepare for or succeed in postsecondary education. GEAR UP has two major service components. All projects provide a comprehensive set of early intervention services including mentoring, tutoring, academic and career counseling, services to increase parental involvement, and other college preparation activities, like exposure to college campuses, and financial aid information and assistance. Some projects provide college scholarships to participating students.

Formula Description: This program has no statutory formula. The statute requires a cash or in-kind match from non-federal sources for 50% of the total project costs.

93.586 STATE COURT IMPROVEMENT PROGRAM

Program Description: The program provides formula grants to assist state courts in carrying out their role in the continuum of care provided for families and children at risk. It offers support for the implementation of alternatives and improvements to, as well as the expansion of, successful court systems. It enables state courts to design assessments that (1) identify barriers to timely and effective decision-making; (2) highlight practices that are not fully successful, examine areas in need of correction or added attention; and (3) implement reforms that address the state court’s specific needs.

Formula Description: The remainder of the amount appropriated for all state courts will be divided among those courts with approved applications, according to each state’s proportionate share of children under the age of 21. If any state courts do not apply for their share of these funds, the unclaimed amount will be reallocated each year to all other state courts with approved applications. Non-federal share or match is required at the rate of 25% of the total budget. Division X funds do not require a match. There is no match requirement for the tribal court improvement program.

COMMISSION OVERVIEW

The Commission on Government Forecasting & Accountability is a bipartisan legislative support service agency responsible for advising the Illinois General Assembly on economic and fiscal policy issues and for providing objective policy research for legislators and legislative staffs. The Commission's board is comprised of twelve legislators—split evenly between the House and Senate and between Democrats and Republicans. Effective December 10, 2018, pursuant to P.A. 100-1148 the former Legislative Research Unit was merged into the Commission.

The Commission has three internal units—Revenue, Pensions, and Research, each of which has a staff of analysts and researchers who analyze policy proposals, legislation, state revenues & expenditures, and benefit programs, and who provide research services to members and staff of the General Assembly. The Commission's staff fulfills the statutory obligations set forth in the Commission on Government Forecasting and Accountability Act (25 ILCS 155/), the State Debt Impact Note Act (25 ILCS 65/), the Illinois Pension Code (40 ILCS 5/), the Pension Impact Note Act (25 ILCS 55/), the State Facilities Closure Act (30 ILCS 608/), the State Employees Group Insurance Act of 1971 (5 ILCS 375/), the Public Safety Employee Benefits Act (820 ILCS 320/), the Legislative Commission Reorganization Act of 1984 (25 ILCS 130/), and the Reports to the Commission on Government Forecasting and Accountability Act (25 ILCS 110/).

- The **Revenue Unit** issues an annual revenue estimate, reports monthly on the state's financial and economic condition, and prepares bill analyses and debt impact notes on legislation having a financial impact on the State. The Revenue Unit also provides caucus staffs with valuation analyses of proposals or funding scenarios being considered. The Unit publishes a number of statutorily mandated reports, as well as on-demand reports, including the *Monthly Briefing* newsletter and annually, the *Budget Summary*, *Capital Plan Analysis*, *Illinois Economic Forecast Report*, *Wagering in Illinois Update*, and *Liabilities of the State Employees' Group Insurance Program*, among others. The Unit's staff also fulfills the agency's obligations set forth in the State Facilities Closure Act.
- The **Pension Unit** prepares pension impact notes on proposed pension legislation and publishes several statutorily mandated reports including the *Financial Condition of the Illinois State Retirement Systems*, the *Financial Condition of Illinois Public Pension Systems* and the *Fiscal Analysis of the Downstate Police & Fire Pension Funds in Illinois*. The Unit's staff also fulfills the statutory responsibilities set forth in the Public Safety Employee Benefits Act.
- The **Research Unit** primarily performs research and provides information as may be requested by members of the General Assembly or legislative staffs. The Unit maintains a research library and, per statute, collects information concerning state government and the general welfare of the state, examines the effects of constitutional provisions and previously enacted statutes, considers public policy issues and questions of state-wide interest, and tracks appointments to State boards and commissions. Additionally, the Unit publishes *First Reading*, a quarterly newsletter, *Abstracts of State Reports*, a monthly bulletin which includes abstracts of annual reports or special studies from other state agencies, the *Illinois Tax Handbook for Legislators*, *Federal Funds to State Agencies*, various reports detailing appointments to State Boards and Commissions, *the 1970 Illinois Constitution Annotated for Legislators*, the *Roster of Illinois Legislators*, and numerous special topic publications.
