Representative Ammons,

Per our brief conversation this afternoon, you are entitled to receive the Special Investigating Committee (SIC) Petition filed against you this morning with both the Speaker's and Leader McCombie's offices. To that end, please find the petition, two SIC appointment letters (one from the Speaker and the other from Leader McCombie), and the relevant article of the 104th General Assembly House Rules on disciplinary proceedings (Article XII, House Rules 91-97).

Additionally, you asked when a hearing would be held and I informed you that one had not been scheduled yet. Last, consistent with our conversation and the House Rules, I remind you that you have a right to counsel and strongly recommend that you seek and obtain legal counsel throughout the House disciplinary process.

Sincerely,
Kat

Katherine A. Bray
