1 AN ACT concerning public aid.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Public Aid Code is amended by
5 changing Section 5-5 as follows:

6 (305 ILCS 5/5-5)

7 Sec. 5-5. Medical services. The Illinois Department, by
8 rule, shall determine the quantity and quality of and the rate
9 of reimbursement for the medical assistance for which payment
10 will be authorized, and the medical services to be provided,
11 which may include all or part of the following: (1) inpatient
12 hospital services; (2) outpatient hospital services; (3) other
13 laboratory and X-ray services; (4) skilled nursing home
14 services; (5) physicians' services whether furnished in the
15 office, the patient's home, a hospital, a skilled nursing
16 home, or elsewhere; (6) medical care, or any other type of
17 remedial care furnished by licensed practitioners; (7) home
18 health care services; (8) private duty nursing service; (9)
19 clinic services; (10) dental services, including prevention
20 and treatment of periodontal disease and dental caries disease
21 for pregnant individuals, provided by an individual licensed
22 to practice dentistry or dental surgery; for purposes of this
23 item (10), "dental services" means diagnostic, preventive, or

1 corrective procedures provided by or under the supervision of
2 a dentist in the practice of his or her profession; (11)
3 physical therapy and related services; (12) prescribed drugs,
4 dentures, and prosthetic devices; and eyeglasses prescribed by
5 a physician skilled in the diseases of the eye, or by an
6 optometrist, whichever the person may select; (13) other
7 diagnostic, screening, preventive, and rehabilitative
8 services, including to ensure that the individual's need for
9 intervention or treatment of mental disorders or substance use
10 disorders or co-occurring mental health and substance use
11 disorders is determined using a uniform screening, assessment,
12 and evaluation process inclusive of criteria, for children and
13 adults; for purposes of this item (13), a uniform screening,
14 assessment, and evaluation process refers to a process that
15 includes an appropriate evaluation and, as warranted, a
16 referral; "uniform" does not mean the use of a singular
17 instrument, tool, or process that all must utilize; (14)
18 transportation and such other expenses as may be necessary;
19 (15) medical treatment of sexual assault survivors, as defined
20 in Section 1a of the Sexual Assault Survivors Emergency
21 Treatment Act, for injuries sustained as a result of the
22 sexual assault, including examinations and laboratory tests to
23 discover evidence which may be used in criminal proceedings
24 arising from the sexual assault; (16) the diagnosis and
25 treatment of sickle cell anemia; (16.5) services performed by
26 a chiropractic physician licensed under the Medical Practice

1 Act of 1987 and acting within the scope of his or her license,
2 including, but not limited to, chiropractic manipulative
3 treatment; and (17) any other medical care, and any other type
4 of remedial care recognized under the laws of this State. The
5 term "any other type of remedial care" shall include nursing
6 care and nursing home service for persons who rely on
7 treatment by spiritual means alone through prayer for healing.

8 Notwithstanding any other provision of this Section, a
9 comprehensive tobacco use cessation program that includes
10 purchasing prescription drugs or prescription medical devices
11 approved by the Food and Drug Administration shall be covered
12 under the medical assistance program under this Article for
13 persons who are otherwise eligible for assistance under this
14 Article.

15 Notwithstanding any other provision of this Code,
16 reproductive health care that is otherwise legal in Illinois
17 shall be covered under the medical assistance program for
18 persons who are otherwise eligible for medical assistance
19 under this Article.

20 Notwithstanding any other provision of this Section, all
21 tobacco cessation medications approved by the United States
22 Food and Drug Administration and all individual and group
23 tobacco cessation counseling services and telephone-based
24 counseling services and tobacco cessation medications provided
25 through the Illinois Tobacco Quitline shall be covered under
26 the medical assistance program for persons who are otherwise

1 eligible for assistance under this Article. The Department
2 shall comply with all federal requirements necessary to obtain
3 federal financial participation, as specified in 42 CFR
4 433.15(b)(7), for telephone-based counseling services provided
5 through the Illinois Tobacco Quitline, including, but not
6 limited to: (i) entering into a memorandum of understanding or
7 interagency agreement with the Department of Public Health, as
8 administrator of the Illinois Tobacco Quitline; and (ii)
9 developing a cost allocation plan for Medicaid-allowable
10 Illinois Tobacco Quitline services in accordance with 45 CFR
11 95.507. The Department shall submit the memorandum of
12 understanding or interagency agreement, the cost allocation
13 plan, and all other necessary documentation to the Centers for
14 Medicare and Medicaid Services for review and approval.
15 Coverage under this paragraph shall be contingent upon federal
16 approval.

17 Notwithstanding any other provision of this Code, the
18 Illinois Department may not require, as a condition of payment
19 for any laboratory test authorized under this Article, that a
20 physician's handwritten signature appear on the laboratory
21 test order form. The Illinois Department may, however, impose
22 other appropriate requirements regarding laboratory test order
23 documentation.

24 Upon receipt of federal approval of an amendment to the
25 Illinois Title XIX State Plan for this purpose, the Department
26 shall authorize the Chicago Public Schools (CPS) to procure a

1 vendor or vendors to manufacture eyeglasses for individuals
2 enrolled in a school within the CPS system. CPS shall ensure
3 that its vendor or vendors are enrolled as providers in the
4 medical assistance program and in any capitated Medicaid
5 managed care entity (MCE) serving individuals enrolled in a
6 school within the CPS system. Under any contract procured
7 under this provision, the vendor or vendors must serve only
8 individuals enrolled in a school within the CPS system. Claims
9 for services provided by CPS's vendor or vendors to recipients
10 of benefits in the medical assistance program under this Code,
11 the Children's Health Insurance Program, or the Covering ALL
12 KIDS Health Insurance Program shall be submitted to the
13 Department or the MCE in which the individual is enrolled for
14 payment and shall be reimbursed at the Department's or the
15 MCE's established rates or rate methodologies for eyeglasses.

16 On and after July 1, 2012, the Department of Healthcare
17 and Family Services may provide the following services to
18 persons eligible for assistance under this Article who are
19 participating in education, training or employment programs
20 operated by the Department of Human Services as successor to
21 the Department of Public Aid:

22 (1) dental services provided by or under the
23 supervision of a dentist; and

24 (2) eyeglasses prescribed by a physician skilled in
25 the diseases of the eye, or by an optometrist, whichever
26 the person may select.

1 On and after July 1, 2018, the Department of Healthcare
2 and Family Services shall provide dental services to any adult
3 who is otherwise eligible for assistance under the medical
4 assistance program. As used in this paragraph, "dental
5 services" means diagnostic, preventative, restorative, or
6 corrective procedures, including procedures and services for
7 the prevention and treatment of periodontal disease and dental
8 caries disease, provided by an individual who is licensed to
9 practice dentistry or dental surgery or who is under the
10 supervision of a dentist in the practice of his or her
11 profession.

12 On and after July 1, 2018, targeted dental services, as
13 set forth in Exhibit D of the Consent Decree entered by the
14 United States District Court for the Northern District of
15 Illinois, Eastern Division, in the matter of Memisovski v.
16 Maram, Case No. 92 C 1982, that are provided to adults under
17 the medical assistance program shall be established at no less
18 than the rates set forth in the "New Rate" column in Exhibit D
19 of the Consent Decree for targeted dental services that are
20 provided to persons under the age of 18 under the medical
21 assistance program.

22 Subject to federal approval, on and after January 1, 2025,
23 the rates paid for sedation evaluation and the provision of
24 deep sedation and intravenous sedation for the purpose of
25 dental services shall be increased by 33% above the rates in
26 effect on December 31, 2024. The rates paid for nitrous oxide

1 sedation shall not be impacted by this paragraph and shall
2 remain the same as the rates in effect on December 31, 2024.

3 Notwithstanding any other provision of this Code and
4 subject to federal approval, the Department may adopt rules to
5 allow a dentist who is volunteering his or her service at no
6 cost to render dental services through an enrolled
7 not-for-profit health clinic without the dentist personally
8 enrolling as a participating provider in the medical
9 assistance program. A not-for-profit health clinic shall
10 include a public health clinic or Federally Qualified Health
11 Center or other enrolled provider, as determined by the
12 Department, through which dental services covered under this
13 Section are performed. The Department shall establish a
14 process for payment of claims for reimbursement for covered
15 dental services rendered under this provision.

16 Subject to appropriation and to federal approval, the
17 Department shall file administrative rules updating the
18 Handicapping Labio-Lingual Deviation orthodontic scoring tool
19 by January 1, 2025, or as soon as practicable.

20 On and after January 1, 2022, the Department of Healthcare
21 and Family Services shall administer and regulate a
22 school-based dental program that allows for the out-of-office
23 delivery of preventative dental services in a school setting
24 to children under 19 years of age. The Department shall
25 establish, by rule, guidelines for participation by providers
26 and set requirements for follow-up referral care based on the

1 requirements established in the Dental Office Reference Manual
2 published by the Department that establishes the requirements
3 for dentists participating in the All Kids Dental School
4 Program. Every effort shall be made by the Department when
5 developing the program requirements to consider the different
6 geographic differences of both urban and rural areas of the
7 State for initial treatment and necessary follow-up care. No
8 provider shall be charged a fee by any unit of local government
9 to participate in the school-based dental program administered
10 by the Department. Nothing in this paragraph shall be
11 construed to limit or preempt a home rule unit's or school
12 district's authority to establish, change, or administer a
13 school-based dental program in addition to, or independent of,
14 the school-based dental program administered by the
15 Department.

16 On and after January 1, 2026, the reimbursement rates for
17 all dental services for children shall be increased 50% above
18 the rates in effect on December 31, 2025.

19 The Illinois Department, by rule, may distinguish and
20 classify the medical services to be provided only in
21 accordance with the classes of persons designated in Section
22 5-2.

23 The Department of Healthcare and Family Services must
24 provide coverage and reimbursement for amino acid-based
25 elemental formulas, regardless of delivery method, for the
26 diagnosis and treatment of (i) eosinophilic disorders and (ii)

1 short bowel syndrome when the prescribing physician has issued
2 a written order stating that the amino acid-based elemental
3 formula is medically necessary.

4 The Illinois Department shall authorize the provision of,
5 and shall authorize payment for, screening by low-dose
6 mammography for the presence of occult breast cancer for
7 individuals 35 years of age or older who are eligible for
8 medical assistance under this Article, as follows:

9 (A) A baseline mammogram for individuals 35 to 39
10 years of age.

11 (B) An annual mammogram for individuals 40 years of
12 age or older.

13 (C) A mammogram at the age and intervals considered
14 medically necessary by the individual's health care
15 provider for individuals under 40 years of age and having
16 a family history of breast cancer, prior personal history
17 of breast cancer, positive genetic testing, or other risk
18 factors.

19 (D) A comprehensive ultrasound screening and MRI of an
20 entire breast or breasts if a mammogram demonstrates
21 heterogeneous or dense breast tissue or when medically
22 necessary as determined by a physician licensed to
23 practice medicine in all of its branches.

24 (E) A screening MRI when medically necessary, as
25 determined by a physician licensed to practice medicine in
26 all of its branches.

1 (F) A diagnostic mammogram when medically necessary,
2 as determined by a physician licensed to practice medicine
3 in all its branches, advanced practice registered nurse,
4 or physician assistant.

5 (G) Molecular breast imaging (MBI) and MRI of an
6 entire breast or breasts if a mammogram demonstrates
7 heterogeneous or dense breast tissue or when medically
8 necessary as determined by a physician licensed to
9 practice medicine in all of its branches, advanced
10 practice registered nurse, or physician assistant.

11 The Department shall not impose a deductible, coinsurance,
12 copayment, or any other cost-sharing requirement on the
13 coverage provided under this paragraph; except that this
14 sentence does not apply to coverage of diagnostic mammograms
15 to the extent such coverage would disqualify a high-deductible
16 health plan from eligibility for a health savings account
17 pursuant to Section 223 of the Internal Revenue Code (26
18 U.S.C. 223).

19 All screenings shall include a physical breast exam,
20 instruction on self-examination and information regarding the
21 frequency of self-examination and its value as a preventative
22 tool.

23 For purposes of this Section:

24 "Diagnostic mammogram" means a mammogram obtained using
25 diagnostic mammography.

26 "Diagnostic mammography" means a method of screening that

1 is designed to evaluate an abnormality in a breast, including
2 an abnormality seen or suspected on a screening mammogram or a
3 subjective or objective abnormality otherwise detected in the
4 breast.

5 "Low-dose mammography" means the x-ray examination of the
6 breast using equipment dedicated specifically for mammography,
7 including the x-ray tube, filter, compression device, and
8 image receptor, with an average radiation exposure delivery of
9 less than one rad per breast for 2 views of an average size
10 breast. The term also includes digital mammography and
11 includes breast tomosynthesis.

12 "Breast tomosynthesis" means a radiologic procedure that
13 involves the acquisition of projection images over the
14 stationary breast to produce cross-sectional digital
15 three-dimensional images of the breast.

16 If, at any time, the Secretary of the United States
17 Department of Health and Human Services, or its successor
18 agency, promulgates rules or regulations to be published in
19 the Federal Register or publishes a comment in the Federal
20 Register or issues an opinion, guidance, or other action that
21 would require the State, pursuant to any provision of the
22 Patient Protection and Affordable Care Act (Public Law
23 111-148), including, but not limited to, 42 U.S.C.
24 18031(d)(3)(B) or any successor provision, to defray the cost
25 of any coverage for breast tomosynthesis outlined in this
26 paragraph, then the requirement that an insurer cover breast

1 tomosynthesis is inoperative other than any such coverage
2 authorized under Section 1902 of the Social Security Act, 42
3 U.S.C. 1396a, and the State shall not assume any obligation
4 for the cost of coverage for breast tomosynthesis set forth in
5 this paragraph.

6 On and after January 1, 2016, the Department shall ensure
7 that all networks of care for adult clients of the Department
8 include access to at least one breast imaging Center of
9 Imaging Excellence as certified by the American College of
10 Radiology.

11 On and after January 1, 2012, providers participating in a
12 quality improvement program approved by the Department shall
13 be reimbursed for screening and diagnostic mammography at the
14 same rate as the Medicare program's rates, including the
15 increased reimbursement for digital mammography and, after
16 January 1, 2023 (the effective date of Public Act 102-1018),
17 breast tomosynthesis.

18 The Department shall convene an expert panel including
19 representatives of hospitals, free-standing mammography
20 facilities, and doctors, including radiologists, to establish
21 quality standards for mammography.

22 On and after January 1, 2017, providers participating in a
23 breast cancer treatment quality improvement program approved
24 by the Department shall be reimbursed for breast cancer
25 treatment at a rate that is no lower than 95% of the Medicare
26 program's rates for the data elements included in the breast

1 cancer treatment quality program.

2 The Department shall convene an expert panel, including
3 representatives of hospitals, free-standing breast cancer
4 treatment centers, breast cancer quality organizations, and
5 doctors, including radiologists that are trained in all forms
6 of FDA-approved ~~FDA-approved~~ breast imaging technologies,
7 breast surgeons, reconstructive breast surgeons, oncologists,
8 and primary care providers to establish quality standards for
9 breast cancer treatment.

10 Subject to federal approval, the Department shall
11 establish a rate methodology for mammography at federally
12 qualified health centers and other encounter-rate clinics.
13 These clinics or centers may also collaborate with other
14 hospital-based mammography facilities. By January 1, 2016, the
15 Department shall report to the General Assembly on the status
16 of the provision set forth in this paragraph.

17 The Department shall establish a methodology to remind
18 individuals who are age-appropriate for screening mammography,
19 but who have not received a mammogram within the previous 18
20 months, of the importance and benefit of screening
21 mammography. The Department shall work with experts in breast
22 cancer outreach and patient navigation to optimize these
23 reminders and shall establish a methodology for evaluating
24 their effectiveness and modifying the methodology based on the
25 evaluation.

26 The Department shall establish a performance goal for

1 primary care providers with respect to their female patients
2 over age 40 receiving an annual mammogram. This performance
3 goal shall be used to provide additional reimbursement in the
4 form of a quality performance bonus to primary care providers
5 who meet that goal.

6 The Department shall devise a means of case-managing or
7 patient navigation for beneficiaries diagnosed with breast
8 cancer. This program shall initially operate as a pilot
9 program in areas of the State with the highest incidence of
10 mortality related to breast cancer. At least one pilot program
11 site shall be in the metropolitan Chicago area and at least one
12 site shall be outside the metropolitan Chicago area. On or
13 after July 1, 2016, the pilot program shall be expanded to
14 include one site in western Illinois, one site in southern
15 Illinois, one site in central Illinois, and 4 sites within
16 metropolitan Chicago. An evaluation of the pilot program shall
17 be carried out measuring health outcomes and cost of care for
18 those served by the pilot program compared to similarly
19 situated patients who are not served by the pilot program.

20 The Department shall require all networks of care to
21 develop a means either internally or by contract with experts
22 in navigation and community outreach to navigate cancer
23 patients to comprehensive care in a timely fashion. The
24 Department shall require all networks of care to include
25 access for patients diagnosed with cancer to at least one
26 academic commission on cancer-accredited cancer program as an

1 in-network covered benefit.

2 The Department shall provide coverage and reimbursement
3 for a human papillomavirus (HPV) vaccine that is approved for
4 marketing by the federal Food and Drug Administration for all
5 persons between the ages of 9 and 45. Subject to federal
6 approval, the Department shall provide coverage and
7 reimbursement for a human papillomavirus (HPV) vaccine for
8 persons of the age of 46 and above who have been diagnosed with
9 cervical dysplasia with a high risk of recurrence or
10 progression. The Department shall disallow any
11 preauthorization requirements for the administration of the
12 human papillomavirus (HPV) vaccine.

13 On or after July 1, 2022, individuals who are otherwise
14 eligible for medical assistance under this Article shall
15 receive coverage for perinatal depression screenings for the
16 12-month period beginning on the last day of their pregnancy.
17 Medical assistance coverage under this paragraph shall be
18 conditioned on the use of a screening instrument approved by
19 the Department.

20 Any medical or health care provider shall immediately
21 recommend, to any pregnant individual who is being provided
22 prenatal services and is suspected of having a substance use
23 disorder as defined in the Substance Use Disorder Act,
24 referral to a local substance use disorder treatment program
25 licensed by the Department of Human Services or to a licensed
26 hospital which provides substance abuse treatment services.

1 The Department of Healthcare and Family Services shall assure
2 coverage for the cost of treatment of the drug abuse or
3 addiction for pregnant recipients in accordance with the
4 Illinois Medicaid Program in conjunction with the Department
5 of Human Services.

6 All medical providers providing medical assistance to
7 pregnant individuals under this Code shall receive information
8 from the Department on the availability of services under any
9 program providing case management services for addicted
10 individuals, including information on appropriate referrals
11 for other social services that may be needed by addicted
12 individuals in addition to treatment for addiction.

13 The Illinois Department, in cooperation with the
14 Departments of Human Services (as successor to the Department
15 of Alcoholism and Substance Abuse) and Public Health, through
16 a public awareness campaign, may provide information
17 concerning treatment for alcoholism and drug abuse and
18 addiction, prenatal health care, and other pertinent programs
19 directed at reducing the number of drug-affected infants born
20 to recipients of medical assistance.

21 Neither the Department of Healthcare and Family Services
22 nor the Department of Human Services shall sanction the
23 recipient solely on the basis of the recipient's substance
24 abuse.

25 The Illinois Department shall establish such regulations
26 governing the dispensing of health services under this Article

1 as it shall deem appropriate. The Department should seek the
2 advice of formal professional advisory committees appointed by
3 the Director of the Illinois Department for the purpose of
4 providing regular advice on policy and administrative matters,
5 information dissemination and educational activities for
6 medical and health care providers, and consistency in
7 procedures to the Illinois Department.

8 The Illinois Department may develop and contract with
9 Partnerships of medical providers to arrange medical services
10 for persons eligible under Section 5-2 of this Code.
11 Implementation of this Section may be by demonstration
12 projects in certain geographic areas. The Partnership shall be
13 represented by a sponsor organization. The Department, by
14 rule, shall develop qualifications for sponsors of
15 Partnerships. Nothing in this Section shall be construed to
16 require that the sponsor organization be a medical
17 organization.

18 The sponsor must negotiate formal written contracts with
19 medical providers for physician services, inpatient and
20 outpatient hospital care, home health services, treatment for
21 alcoholism and substance abuse, and other services determined
22 necessary by the Illinois Department by rule for delivery by
23 Partnerships. Physician services must include prenatal and
24 obstetrical care. The Illinois Department shall reimburse
25 medical services delivered by Partnership providers to clients
26 in target areas according to provisions of this Article and

1 the Illinois Health Finance Reform Act, except that:

2 (1) Physicians participating in a Partnership and
3 providing certain services, which shall be determined by
4 the Illinois Department, to persons in areas covered by
5 the Partnership may receive an additional surcharge for
6 such services.

7 (2) The Department may elect to consider and negotiate
8 financial incentives to encourage the development of
9 Partnerships and the efficient delivery of medical care.

10 (3) Persons receiving medical services through
11 Partnerships may receive medical and case management
12 services above the level usually offered through the
13 medical assistance program.

14 Medical providers shall be required to meet certain
15 qualifications to participate in Partnerships to ensure the
16 delivery of high quality medical services. These
17 qualifications shall be determined by rule of the Illinois
18 Department and may be higher than qualifications for
19 participation in the medical assistance program. Partnership
20 sponsors may prescribe reasonable additional qualifications
21 for participation by medical providers, only with the prior
22 written approval of the Illinois Department.

23 Nothing in this Section shall limit the free choice of
24 practitioners, hospitals, and other providers of medical
25 services by clients. In order to ensure patient freedom of
26 choice, the Illinois Department shall immediately promulgate

1 all rules and take all other necessary actions so that
2 provided services may be accessed from therapeutically
3 certified optometrists to the full extent of the Illinois
4 Optometric Practice Act of 1987 without discriminating between
5 service providers.

6 The Department shall apply for a waiver from the United
7 States Health Care Financing Administration to allow for the
8 implementation of Partnerships under this Section.

9 The Illinois Department shall require health care
10 providers to maintain records that document the medical care
11 and services provided to recipients of Medical Assistance
12 under this Article. Such records must be retained for a period
13 of not less than 6 years from the date of service or as
14 provided by applicable State law, whichever period is longer,
15 except that if an audit is initiated within the required
16 retention period then the records must be retained until the
17 audit is completed and every exception is resolved. The
18 Illinois Department shall require health care providers to
19 make available, when authorized by the patient, in writing,
20 the medical records in a timely fashion to other health care
21 providers who are treating or serving persons eligible for
22 Medical Assistance under this Article. All dispensers of
23 medical services shall be required to maintain and retain
24 business and professional records sufficient to fully and
25 accurately document the nature, scope, details and receipt of
26 the health care provided to persons eligible for medical

1 assistance under this Code, in accordance with regulations
2 promulgated by the Illinois Department. The rules and
3 regulations shall require that proof of the receipt of
4 prescription drugs, dentures, prosthetic devices and
5 eyeglasses by eligible persons under this Section accompany
6 each claim for reimbursement submitted by the dispenser of
7 such medical services. No such claims for reimbursement shall
8 be approved for payment by the Illinois Department without
9 such proof of receipt, unless the Illinois Department shall
10 have put into effect and shall be operating a system of
11 post-payment audit and review which shall, on a sampling
12 basis, be deemed adequate by the Illinois Department to assure
13 that such drugs, dentures, prosthetic devices and eyeglasses
14 for which payment is being made are actually being received by
15 eligible recipients. Within 90 days after September 16, 1984
16 (the effective date of Public Act 83-1439), the Illinois
17 Department shall establish a current list of acquisition costs
18 for all prosthetic devices and any other items recognized as
19 medical equipment and supplies reimbursable under this Article
20 and shall update such list on a quarterly basis, except that
21 the acquisition costs of all prescription drugs shall be
22 updated no less frequently than every 30 days as required by
23 Section 5-5.12.

24 Notwithstanding any other law to the contrary, the
25 Illinois Department shall, within 365 days after July 22, 2013
26 (the effective date of Public Act 98-104), establish

1 procedures to permit skilled care facilities licensed under
2 the Nursing Home Care Act to submit monthly billing claims for
3 reimbursement purposes. Following development of these
4 procedures, the Department shall, by July 1, 2016, test the
5 viability of the new system and implement any necessary
6 operational or structural changes to its information
7 technology platforms in order to allow for the direct
8 acceptance and payment of nursing home claims.

9 Notwithstanding any other law to the contrary, the
10 Illinois Department shall, within 365 days after August 15,
11 2014 (the effective date of Public Act 98-963), establish
12 procedures to permit ID/DD facilities licensed under the ID/DD
13 Community Care Act and MC/DD facilities licensed under the
14 MC/DD Act to submit monthly billing claims for reimbursement
15 purposes. Following development of these procedures, the
16 Department shall have an additional 365 days to test the
17 viability of the new system and to ensure that any necessary
18 operational or structural changes to its information
19 technology platforms are implemented.

20 The Illinois Department shall require all dispensers of
21 medical services, other than an individual practitioner or
22 group of practitioners, desiring to participate in the Medical
23 Assistance program established under this Article to disclose
24 all financial, beneficial, ownership, equity, surety or other
25 interests in any and all firms, corporations, partnerships,
26 associations, business enterprises, joint ventures, agencies,

1 institutions or other legal entities providing any form of
2 health care services in this State under this Article.

3 The Illinois Department may require that all dispensers of
4 medical services desiring to participate in the medical
5 assistance program established under this Article disclose,
6 under such terms and conditions as the Illinois Department may
7 by rule establish, all inquiries from clients and attorneys
8 regarding medical bills paid by the Illinois Department, which
9 inquiries could indicate potential existence of claims or
10 liens for the Illinois Department.

11 Enrollment of a vendor shall be subject to a provisional
12 period and shall be conditional for one year. During the
13 period of conditional enrollment, the Department may terminate
14 the vendor's eligibility to participate in, or may disenroll
15 the vendor from, the medical assistance program without cause.
16 Unless otherwise specified, such termination of eligibility or
17 disenrollment is not subject to the Department's hearing
18 process. However, a disenrolled vendor may reapply without
19 penalty.

20 The Department has the discretion to limit the conditional
21 enrollment period for vendors based upon the category of risk
22 of the vendor.

23 Prior to enrollment and during the conditional enrollment
24 period in the medical assistance program, all vendors shall be
25 subject to enhanced oversight, screening, and review based on
26 the risk of fraud, waste, and abuse that is posed by the

1 category of risk of the vendor. The Illinois Department shall
2 establish the procedures for oversight, screening, and review,
3 which may include, but need not be limited to: criminal and
4 financial background checks; fingerprinting; license,
5 certification, and authorization verifications; unscheduled or
6 unannounced site visits; database checks; prepayment audit
7 reviews; audits; payment caps; payment suspensions; and other
8 screening as required by federal or State law.

9 The Department shall define or specify the following: (i)
10 by provider notice, the "category of risk of the vendor" for
11 each type of vendor, which shall take into account the level of
12 screening applicable to a particular category of vendor under
13 federal law and regulations; (ii) by rule or provider notice,
14 the maximum length of the conditional enrollment period for
15 each category of risk of the vendor; and (iii) by rule, the
16 hearing rights, if any, afforded to a vendor in each category
17 of risk of the vendor that is terminated or disenrolled during
18 the conditional enrollment period.

19 To be eligible for payment consideration, a vendor's
20 payment claim or bill, either as an initial claim or as a
21 resubmitted claim following prior rejection, must be received
22 by the Illinois Department, or its fiscal intermediary, no
23 later than 180 days after the latest date on the claim on which
24 medical goods or services were provided, with the following
25 exceptions:

26 (1) In the case of a provider whose enrollment is in

1 process by the Illinois Department, the 180-day period
2 shall not begin until the date on the written notice from
3 the Illinois Department that the provider enrollment is
4 complete.

5 (2) In the case of errors attributable to the Illinois
6 Department or any of its claims processing intermediaries
7 which result in an inability to receive, process, or
8 adjudicate a claim, the 180-day period shall not begin
9 until the provider has been notified of the error.

10 (3) In the case of a provider for whom the Illinois
11 Department initiates the monthly billing process.

12 (4) In the case of a provider operated by a unit of
13 local government with a population exceeding 3,000,000
14 when local government funds finance federal participation
15 for claims payments.

16 For claims for services rendered during a period for which
17 a recipient received retroactive eligibility, claims must be
18 filed within 180 days after the Department determines the
19 applicant is eligible. For claims for which the Illinois
20 Department is not the primary payer, claims must be submitted
21 to the Illinois Department within 180 days after the final
22 adjudication by the primary payer.

23 In the case of long term care facilities, within 120
24 calendar days of receipt by the facility of required
25 prescreening information, new admissions with associated
26 admission documents shall be submitted through the Medical

1 Electronic Data Interchange (MEDI) or the Recipient
2 Eligibility Verification (REV) System or shall be submitted
3 directly to the Department of Human Services using required
4 admission forms. Effective September 1, 2014, admission
5 documents, including all prescreening information, must be
6 submitted through MEDI or REV. Confirmation numbers assigned
7 to an accepted transaction shall be retained by a facility to
8 verify timely submittal. Once an admission transaction has
9 been completed, all resubmitted claims following prior
10 rejection are subject to receipt no later than 180 days after
11 the admission transaction has been completed.

12 Claims that are not submitted and received in compliance
13 with the foregoing requirements shall not be eligible for
14 payment under the medical assistance program, and the State
15 shall have no liability for payment of those claims.

16 To the extent consistent with applicable information and
17 privacy, security, and disclosure laws, State and federal
18 agencies and departments shall provide the Illinois Department
19 access to confidential and other information and data
20 necessary to perform eligibility and payment verifications and
21 other Illinois Department functions. This includes, but is not
22 limited to: information pertaining to licensure;
23 certification; earnings; immigration status; citizenship; wage
24 reporting; unearned and earned income; pension income;
25 employment; supplemental security income; social security
26 numbers; National Provider Identifier (NPI) numbers; the

1 National Practitioner Data Bank (NPDB); program and agency
2 exclusions; taxpayer identification numbers; tax delinquency;
3 corporate information; and death records.

4 The Illinois Department shall enter into agreements with
5 State agencies and departments, and is authorized to enter
6 into agreements with federal agencies and departments, under
7 which such agencies and departments shall share data necessary
8 for medical assistance program integrity functions and
9 oversight. The Illinois Department shall develop, in
10 cooperation with other State departments and agencies, and in
11 compliance with applicable federal laws and regulations,
12 appropriate and effective methods to share such data. At a
13 minimum, and to the extent necessary to provide data sharing,
14 the Illinois Department shall enter into agreements with State
15 agencies and departments, and is authorized to enter into
16 agreements with federal agencies and departments, including,
17 but not limited to: the Secretary of State; the Department of
18 Revenue; the Department of Public Health; the Department of
19 Human Services; and the Department of Financial and
20 Professional Regulation.

21 Beginning in fiscal year 2013, the Illinois Department
22 shall set forth a request for information to identify the
23 benefits of a pre-payment, post-adjudication, and post-edit
24 claims system with the goals of streamlining claims processing
25 and provider reimbursement, reducing the number of pending or
26 rejected claims, and helping to ensure a more transparent

1 adjudication process through the utilization of: (i) provider
2 data verification and provider screening technology; and (ii)
3 clinical code editing; and (iii) pre-pay, pre-adjudicated, or
4 post-adjudicated predictive modeling with an integrated case
5 management system with link analysis. Such a request for
6 information shall not be considered as a request for proposal
7 or as an obligation on the part of the Illinois Department to
8 take any action or acquire any products or services.

9 The Illinois Department shall establish policies,
10 procedures, standards and criteria by rule for the
11 acquisition, repair and replacement of orthotic and prosthetic
12 devices and durable medical equipment. Such rules shall
13 provide, but not be limited to, the following services: (1)
14 immediate repair or replacement of such devices by recipients;
15 and (2) rental, lease, purchase or lease-purchase of durable
16 medical equipment in a cost-effective manner, taking into
17 consideration the recipient's medical prognosis, the extent of
18 the recipient's needs, and the requirements and costs for
19 maintaining such equipment. Subject to prior approval, such
20 rules shall enable a recipient to temporarily acquire and use
21 alternative or substitute devices or equipment pending repairs
22 or replacements of any device or equipment previously
23 authorized for such recipient by the Department.
24 Notwithstanding any provision of Section 5-5f to the contrary,
25 the Department may, by rule, exempt certain replacement
26 wheelchair parts from prior approval and, for wheelchairs,

1 wheelchair parts, wheelchair accessories, and related seating
2 and positioning items, determine the wholesale price by
3 methods other than actual acquisition costs.

4 The Department shall require, by rule, all providers of
5 durable medical equipment to be accredited by an accreditation
6 organization approved by the federal Centers for Medicare and
7 Medicaid Services and recognized by the Department in order to
8 bill the Department for providing durable medical equipment to
9 recipients. No later than 15 months after the effective date
10 of the rule adopted pursuant to this paragraph, all providers
11 must meet the accreditation requirement.

12 In order to promote environmental responsibility, meet the
13 needs of recipients and enrollees, and achieve significant
14 cost savings, the Department, or a managed care organization
15 under contract with the Department, may provide recipients or
16 managed care enrollees who have a prescription or Certificate
17 of Medical Necessity access to refurbished durable medical
18 equipment under this Section (excluding prosthetic and
19 orthotic devices as defined in the Orthotics, Prosthetics, and
20 Pedorthics Practice Act and complex rehabilitation technology
21 products and associated services) through the State's
22 assistive technology program's reutilization program, using
23 staff with the Assistive Technology Professional (ATP)
24 Certification if the refurbished durable medical equipment:
25 (i) is available; (ii) is less expensive, including shipping
26 costs, than new durable medical equipment of the same type;

1 (iii) is able to withstand at least 3 years of use; (iv) is
2 cleaned, disinfected, sterilized, and safe in accordance with
3 federal Food and Drug Administration regulations and guidance
4 governing the reprocessing of medical devices in health care
5 settings; and (v) equally meets the needs of the recipient or
6 enrollee. The reutilization program shall confirm that the
7 recipient or enrollee is not already in receipt of the same or
8 similar equipment from another service provider, and that the
9 refurbished durable medical equipment equally meets the needs
10 of the recipient or enrollee. Nothing in this paragraph shall
11 be construed to limit recipient or enrollee choice to obtain
12 new durable medical equipment or place any additional prior
13 authorization conditions on enrollees of managed care
14 organizations.

15 The Department shall execute, relative to the nursing home
16 prescreening project, written inter-agency agreements with the
17 Department of Human Services and the Department on Aging, to
18 effect the following: (i) intake procedures and common
19 eligibility criteria for those persons who are receiving
20 non-institutional services; and (ii) the establishment and
21 development of non-institutional services in areas of the
22 State where they are not currently available or are
23 undeveloped; and (iii) notwithstanding any other provision of
24 law, subject to federal approval, on and after July 1, 2012, an
25 increase in the determination of need (DON) scores from 29 to
26 37 for applicants for institutional and home and

1 community-based long term care; if and only if federal
2 approval is not granted, the Department may, in conjunction
3 with other affected agencies, implement utilization controls
4 or changes in benefit packages to effectuate a similar savings
5 amount for this population; and (iv) no later than July 1,
6 2013, minimum level of care eligibility criteria for
7 institutional and home and community-based long term care; and
8 (v) no later than October 1, 2013, establish procedures to
9 permit long term care providers access to eligibility scores
10 for individuals with an admission date who are seeking or
11 receiving services from the long term care provider. In order
12 to select the minimum level of care eligibility criteria, the
13 Governor shall establish a workgroup that includes affected
14 agency representatives and stakeholders representing the
15 institutional and home and community-based long term care
16 interests. This Section shall not restrict the Department from
17 implementing lower level of care eligibility criteria for
18 community-based services in circumstances where federal
19 approval has been granted.

20 The Illinois Department shall develop and operate, in
21 cooperation with other State Departments and agencies and in
22 compliance with applicable federal laws and regulations,
23 appropriate and effective systems of health care evaluation
24 and programs for monitoring of utilization of health care
25 services and facilities, as it affects persons eligible for
26 medical assistance under this Code.

6 (b) actual statistics and trends in the provision of
7 the various medical services by medical vendors;

17 required by Section 3.1 of the General Assembly Organization
18 Act, and filing such additional copies with the State

20 as is required under paragraph (t) of Section 7 of the State
21 Library Act.

23 any, is conditioned on the rules being adopted in accordance
24 with all provisions of the Illinois Administrative Procedure
25 Act and all rules and procedures of the Joint Committee on
26 Administrative Rules; any purported rule not so adopted, for

1 whatever reason, is unauthorized.

2 On and after July 1, 2012, the Department shall reduce any
3 rate of reimbursement for services or other payments or alter
4 any methodologies authorized by this Code to reduce any rate
5 of reimbursement for services or other payments in accordance
6 with Section 5-5e.

22 provided for naloxone hydrochloride under the medical
23 assistance program.

24 Upon federal approval, the Department shall provide
25 coverage and reimbursement for all drugs that are approved for
26 marketing by the federal Food and Drug Administration and that

1 are recommended by the federal Public Health Service or the
2 United States Centers for Disease Control and Prevention for

4 services, including, but not limited to, HIV and sexually
5 transmitted infection screening, treatment for sexually
6 transmitted infections, medical monitoring, assorted labs, and
7 counseling to reduce the likelihood of HIV infection among
8 individuals who are not infected with HIV but who are at high
9 risk of HIV infection.

10 A federally qualified health center, as defined in Section
11 1905(1)(2)(B) of the federal Social Security Act, shall be
12 reimbursed by the Department in accordance with the federally
13 qualified health center's encounter rate for services provided
14 to medical assistance recipients that are performed by a
15 dental hygienist, as defined under the Illinois Dental
