7 facility. Any cost-sharing requirements shall be applied as  
8 though the emergency services had been received from a  
9 participating provider or a participating facility. Cost  
10 sharing shall be calculated based on the recognized amount for  
11 the emergency services. If the cost sharing for the same item  
12 or service furnished by a participating provider would have  
13 been a flat-dollar copayment, that amount shall be the  
14 cost-sharing amount unless the provider has billed a lesser  
15 total amount. In no event shall the beneficiary, insured,  
16 enrollee, or any group policyholder or plan sponsor be liable  
17 to or billed by the health insurance issuer, the  
18 nonparticipating provider, or the nonparticipating emergency

Any cost-sharing requirements shall be applied as though the ancillary services had been received from a participating provider. Cost sharing shall be calculated based on the recognized amount for the ancillary services. If the cost sharing for the same item or service furnished by a participating provider would have been a flat-dollar copayment, that amount shall be the cost-sharing amount unless the provider has billed a lesser total amount. In no event shall the beneficiary, insured, enrollee, or any group policyholder or plan sponsor be liable to or billed by the health insurance issuer, the nonparticipating provider, or the participating health care facility for any amount beyond the cost sharing calculated in accordance with this subsection with respect to the ancillary services delivered. In addition to ancillary services, the requirements of this paragraph shall also apply with respect to covered items or services furnished as a result

1 of unforeseen, urgent medical needs that arise at the time  
2 an item or service is furnished, regardless of whether the  
3 nonparticipating provider satisfied the notice and consent  
4 criteria under paragraph (2) of this subsection.

5 (2) When a beneficiary, insured, or enrollee utilizes  
6 a participating health care facility and receives  
7 non-emergency covered health care services other than  
8 those described in paragraph (1) of this subsection from a  
9 nonparticipating provider during or resulting from the  
10 visit, the health insurance issuer shall ensure that the  
11 beneficiary, insured, or enrollee incurs no greater  
12 out-of-pocket costs than the beneficiary, insured, or  
13 enrollee would have incurred with a participating provider  
14 unless the nonparticipating provider or the participating  
15 health care facility on behalf of the nonparticipating  
16 provider satisfies the notice and consent criteria  
17 provided in 42 U.S.C. 300gg-132 and regulations  
18 promulgated thereunder. If the notice and consent criteria  
19 are not satisfied, then:

20 (A) any cost-sharing requirements shall be applied  
21 as though the health care services had been received  
22 from a participating provider;

23 (B) cost sharing shall be calculated based on the  
24 recognized amount for the health care services; and

25 (C) in no event shall the beneficiary, insured,  
26 enrollee, or any group policyholder or plan sponsor be

1           liable to or billed by the health insurance issuer,  
2           the nonparticipating provider, or the participating  
3           health care facility for any amount beyond the cost  
4           sharing calculated in accordance with this subsection  
5           with respect to the health care services delivered.

6           (b-10) Coverage for ground ambulance services provided by  
7           nonparticipating ground ambulance service providers.

8           (1) Any group or individual policy of accident and  
9           health insurance amended, delivered, issued, or renewed on  
10          or after January 1, 2027 shall provide coverage for both  
11          emergency ground ambulance service and urgent ground  
12          ambulance service.

13          (2) Beginning on January 1, 2027, when a beneficiary,  
14          insured, or enrollee receives emergency ground ambulance  
15          services or urgent ambulance services from a  
16          nonparticipating ground ambulance service provider, the  
17          health insurance issuer shall ensure that the beneficiary,  
18          insured, or enrollee shall incur no greater out-of-pocket  
19          costs than the beneficiary, insured, or enrollee would  
20          have incurred with a participating ground ambulance  
21          provider. Any cost-sharing requirements shall be applied  
22          as though the emergency ground ambulance services or  
23          urgent ground ambulance services had been received from a  
24          participating ground ambulance service provider. Except as  
25          otherwise provided in State or federal law, cost sharing  
26          shall be calculated based on the lesser of the policy's

1       copayment or coinsurance for an emergency room visit or  
2       10% of the recognized amount. For purposes of this  
3       subsection, the recognized amount shall be calculated as  
4       provided for in paragraph (3) of this subsection. Except  
5       as otherwise provided for in State or federal law, if the  
6       cost sharing for the same item or service furnished by a  
7       participating ground ambulance provider would have been a  
8       flat-dollar copayment, that amount shall be the  
9       cost-sharing amount unless the nonparticipating ground  
10       ambulance provider has billed a lesser total amount.

11       (3) Upon reasonable demand by a nonparticipating  
12       ground ambulance service provider and after subtracting  
13       the beneficiary's, insured's, or enrollee's cost sharing  
14       amount, a health insurance issuer shall pay the  
15       nonparticipating ground ambulance service provider as  
16       follows:

17               (A) for nonparticipating ground ambulance service  
18               providers subject to a unit of local government that  
19               has jurisdiction over where the service was provided,  
20               a rate that is equal to the rate established or  
21               approved by the governing body of the local government  
22               having jurisdiction for that area or subarea; or

23               (B) for nonparticipating ground ambulance service  
24               providers that are not subject to the jurisdiction of  
25               a unit of local government, a rate that is equal to the  
26               lesser of (i) the negotiated rate between the

1        nonparticipating ground ambulance service provider and  
2        the health insurance issuer; (ii) 85% of the  
3        nonparticipating ground ambulance service provider's  
4        billed charges; or (iii) the average gross charge rate  
5        in effect for the date of service in question for a  
6        base charge and, if applicable, a loaded mileage  
7        charge, the nonparticipating ground ambulance service  
8        provider has filed with the Secretary of State in  
9        accordance with subsection (b-15).

10        By accepting the payment from the health insurance  
11        issuer, the nonparticipating ground ambulance service  
12        provider shall not seek any payment from the  
13        beneficiary, insured, or enrollee for any amount that  
14        exceeds the deductible, coinsurance, or copay for  
15        services provided to the beneficiary, insured, or  
16        enrollee.

17        (b-15) Beginning on October 1, 2026, and each October 1  
18        thereafter, each nonparticipating ground ambulance service  
19        provider shall file annually with the Secretary of State, in  
20        the form and manner prescribed by the Secretary of State, its  
21        average gross charge rates and any other information required  
22        by the Secretary of State, by rule, for each of the following  
23        ground ambulance charge descriptions, as applicable: (1) basic  
24        life support, urgent base; (2) basic life support, emergency  
25        base; (3) advanced life support, urgent, level 1 base; (4)  
26        advanced life support, emergency, level 1 base; (5) advanced

1 life support, emergency, level 2 base; (6) specialty care  
2 transport base; (7) emergency response, evaluation without  
3 transport base; (8) emergency response, treatment without  
4 transport base; (9) emergency response, paramedic intercept  
5 base; and (10) loaded mileage, per loaded mile charge for each  
6 of the applicable base charge descriptions services. The  
7 Secretary of State shall publish the submitted rate  
8 information by January 1, 2027 and every January 1 thereafter.  
9 The Secretary of State may request information from ground  
10 ambulance service providers and health insurance issuers  
11 regarding factors contributing to the network status of the  
12 ground ambulance service providers. The Secretary of State may  
13 also request information about ground ambulance service  
14 providers from the Department of Public Health and may, upon  
15 the submission of rate information, assess a fee to each  
16 ground ambulance service provider that shall not exceed the  
17 administrative costs to complete the Secretary of State's  
18 obligations in this subsection. The Secretary of State may  
19 also request information from nationally recognized  
20 organizations that provide data on health care costs. The  
21 Department of Insurance shall direct the health insurance  
22 issuer to the location in which the information reported to  
23 the Secretary of State is stored.

24 (c) Notwithstanding any other provision of this Code,  
25 except when the notice and consent criteria are satisfied for  
26 the situation in paragraph (2) of subsection (b-5), any

1 benefits a beneficiary, insured, or enrollee receives for  
2 services under the situations in subsection (b), ~~or~~ (b-5),  
3 (b-10), or (b-15) are assigned to the nonparticipating  
4 providers, nonparticipating ground ambulance service provider,  
5 or the facility acting on their behalf. Upon receipt of the  
6 provider's bill or facility's bill, the health insurance  
7 issuer shall provide the nonparticipating provider,  
8 nonparticipating ground ambulance service provider, or the  
9 facility with a written explanation of benefits that specifies  
10 the proposed reimbursement and the applicable deductible,  
11 copayment, or coinsurance amounts owed by the insured,  
12 beneficiary, or enrollee. The health insurance issuer shall  
13 pay any reimbursement subject to this Section directly to the  
14 nonparticipating provider, nonparticipating ground ambulance  
15 service provider, or the facility.

16 (d) For bills assigned under subsection (c), the  
17 nonparticipating provider or the facility may bill the health  
18 insurance issuer for the services rendered, and the health  
19 insurance issuer may pay the billed amount or attempt to  
20 negotiate reimbursement with the nonparticipating provider or  
21 the facility. Within 30 calendar days after the provider or  
22 facility transmits the bill to the health insurance issuer,  
23 the issuer shall send an initial payment or notice of denial of  
24 payment with the written explanation of benefits to the  
25 provider or facility. If attempts to negotiate reimbursement  
26 for services provided by a nonparticipating provider do not

1 result in a resolution of the payment dispute within 30 days  
2 after receipt of written explanation of benefits by the health  
3 insurance issuer, then the health insurance issuer or  
4 nonparticipating provider or the facility may initiate binding  
5 arbitration to determine payment for services provided on a  
6 per-bill or batched-bill basis, in accordance with Section  
7 300gg-111 of the Public Health Service Act and the regulations  
8 promulgated thereunder. The party requesting arbitration shall  
9 notify the other party arbitration has been initiated and  
10 state its final offer before arbitration. In response to this  
11 notice, the nonrequesting party shall inform the requesting  
12 party of its final offer before the arbitration occurs.  
13 Arbitration shall be initiated by filing a request with the  
14 Department of Insurance.

15 (e) The Department of Insurance shall publish a list of  
16 approved arbitrators or entities that shall provide binding  
17 arbitration. These arbitrators shall be American Arbitration  
18 Association or American Health Lawyers Association trained  
19 arbitrators. Both parties must agree on an arbitrator from the  
20 Department of Insurance's or its approved entity's list of  
21 arbitrators. If no agreement can be reached, then a list of 5  
22 arbitrators shall be provided by the Department of Insurance  
23 or the approved entity. From the list of 5 arbitrators, the  
24 health insurance issuer can veto 2 arbitrators and the  
25 provider or facility can veto 2 arbitrators. The remaining  
26 arbitrator shall be the chosen arbitrator. This arbitration

1 shall consist of a review of the written submissions by both  
2 parties. The arbitrator shall not establish a rebuttable  
3 presumption that the qualifying payment amount should be the  
4 total amount owed to the provider or facility by the  
5 combination of the issuer and the insured, beneficiary, or  
6 enrollee. Binding arbitration shall provide for a written  
7 decision within 45 days after the request is filed with the  
8 Department of Insurance. Both parties shall be bound by the  
9 arbitrator's decision. The arbitrator's expenses and fees,  
10 together with other expenses, not including attorney's fees,  
11 incurred in the conduct of the arbitration, shall be paid as  
12 provided in the decision.

13 (f) (Blank).

14 (g) Section 368a of this Act shall not apply during the  
15 pendency of a decision under subsection (d). Upon the issuance  
16 of the arbitrator's decision, Section 368a applies with  
17 respect to the amount, if any, by which the arbitrator's  
18 determination exceeds the issuer's initial payment under  
19 subsection (c), or the entire amount of the arbitrator's  
20 determination if initial payment was denied. Any interest  
21 required to be paid to a provider under Section 368a shall not  
22 accrue until after 30 days of an arbitrator's decision as  
23 provided in subsection (d), but in no circumstances longer  
24 than 150 days from the date the nonparticipating  
25 facility-based provider billed for services rendered.

26 (h) Nothing in this Section shall be interpreted to change

1 the prudent layperson provisions with respect to emergency  
2 services under the Managed Care Reform and Patient Rights Act.

3 (i) Nothing in this Section shall preclude a health care  
4 provider from billing a beneficiary, insured, or enrollee for  
5 reasonable administrative fees, such as service fees for  
6 checks returned for nonsufficient funds and missed  
7 appointments.

8 (j) Nothing in this Section shall preclude a beneficiary,  
9 insured, or enrollee from assigning benefits to a  
10 nonparticipating provider when the notice and consent criteria  
11 are satisfied under paragraph (2) of subsection (b-5) or in  
12 any other situation not described in subsection (b) or (b-5).

13 (k) Except when the notice and consent criteria are  
14 satisfied under paragraph (2) of subsection (b-5), if an  
15 individual receives health care services under the situations  
16 described in subsection (b) or (b-5), no referral requirement  
17 or any other provision contained in the policy or certificate  
18 of coverage shall deny coverage, reduce benefits, or otherwise  
19 defeat the requirements of this Section for services that  
20 would have been covered with a participating provider.  
21 However, this subsection shall not be construed to preclude a  
22 provider contract with a health insurance issuer, or with an  
23 administrator or similar entity acting on the issuer's behalf,  
24 from imposing requirements on the participating provider,  
25 participating emergency facility, or participating health care  
26 facility relating to the referral of covered individuals to

1 nonparticipating providers.

2 (l) Except if the notice and consent criteria are  
3 satisfied under paragraph (2) of subsection (b-5),  
4 cost-sharing amounts calculated in conformity with this  
5 Section shall count toward any deductible or out-of-pocket  
6 maximum applicable to in-network coverage.

7 (m) The Department has the authority to enforce the  
8 requirements of this Section in the situations described in  
9 subsections (b) and (b-5), and in any other situation for  
10 which 42 U.S.C. Chapter 6A, Subchapter XXV, Parts D or E and  
11 regulations promulgated thereunder would prohibit an  
12 individual from being billed or liable for emergency services  
13 furnished by a nonparticipating provider or nonparticipating  
14 emergency facility or for non-emergency health care services  
15 furnished by a nonparticipating provider at a participating  
16 health care facility.

17 (n) This Section does not apply with respect to air  
18 ambulance ~~or ground ambulance~~ services. This Section does not  
19 apply to any policy of excepted benefits or to short-term,  
20 limited-duration health insurance coverage.

21 (o) A home rule unit may not regulate payments for ground  
22 ambulance service in a manner inconsistent with this Section.  
23 This subsection is a limitation under subsection (i) of  
24 Section 6 of Article VII of the Illinois Constitution on the  
25 concurrent exercise by home rule units of powers and functions  
26 exercised by the State.
