LRB104 12278 KTG 33041 a

1 AMENDMENT TO HOUSE BILL 3823

2 AMENDMENT NO. _____. Amend House Bill 3823 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The Department of Human Services Act is
5 amended by adding Section 10-68 as follows:

6 (20 ILCS 1305/10-68 new)

7 Sec. 10-68. Pathways for Community Integration Network.

8 (a) The Pathways for Community Integration Network (PCIN)
9 program is established within the Department of Human
10 Services. The program shall create a network of multilingual
11 community integration providers providing access to an array
12 of services to remove barriers to opportunity and to foster
13 pathways to safety, well-being, and economic security for the
14 State's Limited English Proficient (LEP) population.

15 (b) PCIN model. Each PCIN organization must adhere to the
16 PCIN model and deliver the full model of care. The PCIN model

1 of care includes the following components:

2 (1) Comprehensive case management. Each PCIN
3 organization shall provide comprehensive case management
4 services. Comprehensive case management shall be driven by
5 a holistic household level needs assessment. Case
6 management is family based and trauma informed and is
7 geared toward self-sufficiency and community integration.

8 (2) Core integrated services. Each PCIN organization
9 must provide the following core integrated services:

10 (A) trauma-informed family-based case management;

11 (B) access to health care coverage navigation;

12 (C) access to counseling and behavioral health
13 services (including peer support models);

14 (D) career development and job readiness; and

15 (E) legal assistance.

16 If the PCIN organization does not provide all services
17 outlined in subparagraphs (A) through (E), then it shall
18 establish formal agreements with partner organizations
19 that are able to provide such services using a co-location
20 model whenever possible. All services are provided based
21 on individual client eligibility.

22 (3) Co-location of services. To maximize resources and
23 provide holistic care, the PCIN organization shall
24 leverage publicly and privately funded services to address
25 the needs of the client population and to be provided
26 onsite whenever possible. Priority services for

1 co-location are determined by the client population's
2 current and emerging needs.

3 (4) Community education. The PCIN shall coordinate
4 workshops, training, and technical assistance
5 opportunities to build the capacity of LEP community
6 residents and the community providers or institutions that
7 work with them. Community education shall focus on areas
8 that increase community integration and improve engagement
9 of LEP populations.

10 (5) Community alliance. The PCIN shall establish and
11 facilitate a community planning group which brings
12 together local actors, including local government,
13 schools, colleges, community-business organizations,
14 health facilities, and others, to respond to emergent
15 issues relevant to LEP residents in the community, and
16 develop services, programs, initiatives, and policies that
17 improve supports and community integration for these
18 individuals and families.

19 (c) PCIN capacity building. As deemed necessary, the
20 Department may engage with technical assistance providers to
21 build the capacity of the PCIN organizations and the network
22 as a whole.

23 (d) PCIN certification. The Department shall establish a
24 PCIN formal certification process that outlines the standards
25 for recognition within 2 years of the PCIN program's
26 implementation. A community organization must demonstrate

1 capacity to deliver all program components outlined in this
2 Section to be awarded certification and be formally recognized
3 as a PCIN provider.

4 (e) Rules. The Department may adopt any rules necessary to
5 implement the PCIN program."
