2 AMENDMENT NO. \_\_\_\_\_. Amend House Bill 3850, AS AMENDED,  
3 by replacing everything after the enacting clause with the  
4 following:

5 "Section 5. The Medical Practice Act of 1987 is amended by  
6 changing Section 20 as follows:

7 (225 ILCS 60/20) (from Ch. 111, par. 4400-20)

8 (Section scheduled to be repealed on January 1, 2027)

9 Sec. 20. Continuing education. The Department shall  
10 promulgate rules of continuing education for persons licensed  
11 under this Act that require an average of 50 hours of  
12 continuing education per license year. These rules shall be  
13 consistent with requirements of relevant professional  
14 associations, specialty societies, or boards. The rules shall  
15 also address variances in part or in whole for good cause,  
16 including, but not limited to, temporary illness or hardship.

1     The rules may also require that the educational requirements  
2     include simulation training or standardized patient training.

3     In establishing these rules, the Department shall consider  
4     educational requirements for medical staffs, requirements for  
5     specialty society board certification or for continuing  
6     education requirements as a condition of membership in  
7     societies representing the 2 categories of licensee under this  
8     Act. These rules shall assure that licensees are given the  
9     opportunity to participate in those programs sponsored by or  
10    through their professional associations or hospitals which are  
11    relevant to their practice. Each licensee is responsible for  
12    maintaining records of completion of continuing education and  
13    shall be prepared to produce the records when requested by the  
14    Department. Any education or simulation training taken by a  
15    licensee that is in addition to the educational requirements  
16    in the rules adopted by the Department under this Section may  
17    be counted toward the licensee's continuing education  
18    requirements.
