2 facilities needed for comprehensive health care especially in
3 areas where the health planning process has identified unmet
4 needs.

5 The changes made to this Act by this amendatory Act of the
6 96th General Assembly are intended to accomplish the following
7 objectives: to improve the financial ability of the public to
8 obtain necessary health services; to establish an orderly and
9 comprehensive health care delivery system that will guarantee
10 the availability of quality health care to the general public;
11 to maintain and improve the provision of essential health care
12 services and increase the accessibility of those services to
13 the medically underserved and indigent; to assure that the
14 reduction and closure of health care services or facilities is

16 Sec. 4.2. Ex parte communications.

17 (a) Except in the disposition of matters that agencies are
18 authorized by law to entertain or dispose of on an ex parte
19 basis including, but not limited to rulemaking, the State
20 Board, any State Board member, employee, or a hearing officer
21 shall not engage in ex parte communication in connection with
22 the substance of any formally filed application for a permit
23 with any person or party or the representative of any party.
24 This subsection (a) applies when the Board, member, employee,
25 or administrative law judge ~~hearing officer~~ knows, or should

1 know upon reasonable inquiry, that the application or
2 exemption has been formally filed with the State Board.
3 Nothing in this Section shall prohibit State Board employees
4 ~~staff members~~ from providing technical assistance to
5 applicants. Nothing in this Section shall prohibit State Board
6 employees ~~staff~~ from verifying or clarifying an applicant's
7 information as it prepares the State Board Staff Report. Once
8 an application for permit or exemption is filed and deemed
9 complete, a written record of any communication between State
10 Board employees ~~staff~~ and an applicant shall be prepared by
11 staff and made part of the public record, using a prescribed,
12 standardized format, and shall be included in the application
13 file.

14 (b) A State Board member or employee may communicate with
15 other members or employees and any State Board member or
16 hearing officer may have the aid and advice of one or more
17 personal assistants.

18 (c) An ex parte communication received by the State Board,
19 any State Board member, employee, or an administrative law
20 judge ~~a hearing officer~~ shall be made a part of the record of
21 the matter, including all written communications, all written
22 responses to the communications, and a memorandum stating the
23 substance of all oral communications and all responses made
24 and the identity of each person from whom the ex parte
25 communication was received.

26 (d) "Ex parte communication" means any written or oral a

1 communication ~~between a person who is not a State Board member~~
2 ~~or employee and a State Board member or employee~~ that imparts
3 or requests material information or makes a material argument
4 regarding potential action ~~reflects~~ on the substance of a
5 pending or impending permit or exemption application or State
6 Board proceeding and that takes place outside the open record
7 of the proceeding. "Ex parte communication" does not include:
8 (i) statements by a person publicly made in a public forum;
9 (ii) statements regarding matters of procedure and practice,
10 such as the format of application materials, the number of
11 copies required, the manner of filing, and the status of a
12 matter; and (iii) statements made between a State Board member
13 or employee and another State Board member or employee.
14 ~~Communications regarding matters of procedure and practice,~~
15 ~~such as the format of pleading, number of copies required,~~
16 ~~manner of service, and status of proceedings, are not~~
17 ~~considered ex parte communications.~~ Technical assistance with
18 respect to an application, not intended to influence any
19 decision on the application, may be provided by employees to
20 the applicant. Any technical assistance shall be documented in
21 writing by the applicant and employees within 10 business days
22 after the technical assistance is provided and made part of
23 the open record.

24 (e) For purposes of this Section, "employee" means a
25 person the State Board or the Agency employs on a full-time,
26 part-time, contract, or intern basis.

1 (f) The State Board, State Board member, or administrative
2 law judge ~~hearing examiner~~ presiding over the proceeding, in
3 the event of a violation of this Section, must take whatever
4 action is necessary to ensure that the violation does not
5 prejudice any party or adversely affect the fairness of the
6 proceedings.

7 (g) Nothing in this Section shall be construed to prevent
8 the State Board or any member of the State Board from
9 consulting with the attorney for the State Board.

13 (Section scheduled to be repealed on December 31, 2029)

14 Sec. 5. Construction, modification, or establishment of
15 health care facilities or acquisition of major medical
16 equipment; permits or exemptions.

17 (a) The State Board shall consider and decide applications
18 for permits and exemptions in a manner that protects access to
19 essential health care services, promotes orderly health
20 planning, and safeguards the public health and continuity of
21 care.

22 (b) No person shall construct, modify or establish a
23 health care facility or acquire major medical equipment
24 without first obtaining a permit or exemption from the State
25 Board.

1 (c) The Board may review the applicable criteria in the
2 consideration of any application for a change of ownership
3 exemption submitted under this Act. The submission of an
4 application and information required by the State Board, as
5 established by rule, shall not obligate the State Board to
6 grant an exemption. Upon review and consideration, the State
7 Board may approve, deny, issue an intent to deny, or defer for
8 additional information an application for exemption, as deemed
9 appropriate. If a change of ownership exemption is denied, the
10 applicant shall file an application for a permit.

11 (d) The State Board shall not delegate to the staff of the
12 State Board or any other person or entity the authority to
13 grant permits or exemptions ~~whenever the staff or other person~~
14 ~~or entity would be required to exercise any discretion~~
15 ~~affecting the decision to grant a permit or exemption.~~

16 (e) The State Board may, by rule, delegate authority to
17 the Chairman to grant permits or exemptions when applications
18 meet all of the State Board's review criteria and are
19 unopposed.

20 (f) A permit ~~or exemption~~ shall be obtained prior to the
21 acquisition of major medical equipment or to the construction,
22 establishment, or modification of a health care facility
23 which:

24 (1) ~~(a)~~ requires a total capital expenditure in excess
25 of the capital expenditure minimum; or

26 (2) ~~(b)~~ substantially changes the scope or changes the

1 functional operation of the facility; or

2 (3) ~~(e)~~ changes the bed capacity of a health care
3 facility by increasing the total number of beds or by
4 distributing beds among various categories of service or
5 by relocating beds from one physical facility or site to
6 another by more than 20 beds or more than 10% of total bed
7 capacity as defined by the State Board, whichever is less,
8 over a 2-year period.

9 (g) A permit shall be valid only for the defined
10 construction or modification ~~modifications~~, site determined by
11 legal street address or corresponding legal description,
12 project amount, and person or persons named in the application
13 for such permit. ~~The State Board may approve the transfer of an~~
14 ~~existing permit without regard to whether the permit to be~~
15 ~~transferred has yet been financially committed, except for~~
16 ~~permits to establish a new facility or category of service.~~ A
17 permit shall be valid until such time as the project has been
18 completed, provided that the project commences and proceeds to
19 completion with due diligence by the completion date or
20 extension date approved by the Board.

21 (h) A permit holder must do the following: (i) submit the
22 final completion and cost report for the project within 90
23 days after the approved project completion date or extension
24 date and (ii) submit annual progress reports no earlier than
25 30 days before and no later than 30 days after each anniversary
26 date of the Board's approval of the permit until the project is

1 completed. To maintain a valid permit and to monitor progress
2 toward project commencement and completion, routine
3 post-permit reports shall be limited to annual progress
4 reports and the final completion and cost report. Annual
5 progress reports shall include information regarding the
6 committed funds expended toward the approved project. For
7 projects to be completed in 12 months or less, the permit
8 holder shall report financial commitment in the final
9 completion and cost report. For projects to be completed
10 between 12 to 24 months, the permit holder shall report
11 financial commitment in the first annual report. For projects
12 to be completed in more than 24 months, the permit holder shall
13 report financial commitment in the second annual progress
14 report. The report shall contain information regarding
15 expenditures and financial commitments. The State Board may
16 extend the financial commitment period after considering a
17 permit holder's showing of good cause and request for
18 additional time to complete the project. The State Board may
19 approve the transfer of an existing permit without regard to
20 whether the permit to be transferred has been financially
21 committed, except for permits to establish a new facility or
22 category of service.

23 The permit ~~Certificate of Need~~ process required under this
24 Act is designed to restrain rising health care costs by
25 preventing unnecessary construction or modification of health
26 care facilities. The Board must assure that the establishment,

1 construction, or modification of a health care facility or the
2 acquisition of major medical equipment is consistent with the
3 public interest and that the proposed project is consistent
4 with the orderly and economic development or acquisition of
5 those facilities and equipment and is in accord with the
6 standards, criteria, or plans of need adopted and approved by
7 the Board. Board decisions regarding the construction of
8 health care facilities must consider capacity, quality, value,
9 and equity. Projects may deviate from the costs, fees, and
10 expenses provided in their project cost information for the
11 project's cost components, provided that the final total
12 project cost does not exceed the approved permit amount.
13 Project alterations shall not increase the total approved
14 permit amount by more than the limit set forth under the
15 Board's rules.

16 The acquisition by any person of major medical equipment
17 that will not be owned by or located in a health care facility
18 and that will not be used to provide services to inpatients of
19 a health care facility shall be exempt from review provided
20 that a notice is filed in accordance with exemption
21 requirements.

22 Notwithstanding any other provision of this Act, no permit
23 or exemption is required for the construction or modification
24 of a non-clinical service area of a health care facility.

2 (Section scheduled to be repealed on December 31, 2029)

3 Sec. 6. Application for permit or exemption; exemption
4 regulations.

5 (a) An application for a permit or exemption shall be made
6 to the State Board upon forms provided by the State Board. This
7 application shall contain such information as the State Board
8 deems necessary. The State Board shall not require an
9 applicant to file a Letter of Intent before an application is
10 filed. Such application shall include affirmative evidence on
11 which the State Board or Chairman may make its decision on the
12 approval or denial of the permit or exemption, including, but
13 not limited to, affirmative evidence:

14 (1) that the applicant is fit, willing, and able to
15 provide a proper standard of health care service for the
16 community with regard to the qualification, background and
17 character of the applicant;

18 (2) that economic feasibility is demonstrated in terms
19 of effect on the existing and projected operating budget
20 of the applicant and of the health care facility,
21 including:

22 (A) the applicant's ability to establish and
23 operate the facility in accordance with licensure
24 regulations set forth in State law; and

25 (B) the projected impact on the total health care
26 expenditures in the facility and community;

1 (3) that safeguards are provided that assure that the
2 establishment, construction, or modification of the health
3 care facility or acquisition of major medical equipment is
4 consistent with the public interest; and

5 (4) that the proposed project is consistent with the
6 orderly and economic development of the facilities and
7 equipment and is in accord with standards, criteria, or
8 plans of need adopted and approved under Section 12.

9 (b) The State Board shall establish by regulation the
10 procedures and criteria governing the submission, review, and
11 ~~requirements regarding~~ issuance of exemptions. The State Board
12 may determine whether an application meets the criteria for an
13 exemption and may approve, deny, issue an intent to deny, or
14 defer for additional information an application for an
15 exemption. The submission of an application and information
16 required by the State Board, as established by rule, shall not
17 obligate the State Board to grant an exemption. If an
18 exemption is denied, the applicant shall file an application
19 for a permit. Notwithstanding any other provision of this
20 subsection, an exemption for discontinuation of a category of
21 service shall be approved after the required information is
22 submitted to the State Board. An exemption shall be approved
23 ~~when information required by the Board by rule is submitted.~~
24 Projects eligible for an exemption, rather than a permit,
25 include a ~~, but are not limited to,~~ change of ownership of a
26 health care facility and discontinuation of one ~~a~~ category of

1 service, other than a health care facility maintained by the
2 State or any agency or department thereof or a nursing home
3 maintained by a county. The Board may accept an application
4 for an exemption for the discontinuation of a category of
5 service at a health care facility only once in a 6-month period
6 ~~following (1) the previous application for exemption at the~~
7 ~~same health care facility or (2) the final decision of the~~
8 ~~Board regarding the discontinuation of a category of service~~
9 ~~at the same health care facility, whichever occurs later.~~ A
10 discontinuation of a category of service shall otherwise
11 require an application for a permit if an application for an
12 exemption has already been approved ~~accepted~~ within the
13 12-month ~~6-month~~ period. ~~For a change of ownership among~~
14 ~~related persons of a health care facility, the State Board~~
15 ~~shall provide by rule for an expedited process for obtaining~~
16 ~~an exemption. For the purposes of this Section, "change of~~
17 ~~ownership among related persons" means a transaction in which~~
18 ~~the parties to the transaction are under common control or~~
19 ~~ownership before and after the transaction is complete.~~

20 (c) All applications shall be signed by the applicant and
21 shall be verified by any 2 officers or authorized
22 representatives thereof.

23 (c-5) Any written review or findings of the Board staff
24 set forth in the State Board Staff Report concerning an
25 application for a permit must be made available to the public
26 and the applicant at least 14 calendar days before the meeting

1 of the State Board at which the review or findings are
2 considered. The applicant and members of the public may
3 submit, to the State Board, written responses regarding the
4 facts set forth in the review or findings of the Board staff.
5 Members of the public and the applicant shall have until 10
6 calendar days before the meeting of the State Board to submit
7 any written response concerning the Board staff's written
8 review or findings. The Board staff may revise any findings to
9 address corrections of factual errors cited in the public
10 response. ~~At the meeting, the State Board may, in its~~
11 ~~discretion, permit the submission of other additional written~~
12 ~~materials.~~

13 (d) Upon receipt of an application for a permit, the State
14 Board may determine whether an application meets the criteria
15 for a permit and may ~~shall~~ approve, deny, issue an intent to
16 deny, or defer for additional information an application for a
17 permit. ~~and authorize the issuance of a permit if it finds (1)~~
18 ~~that the applicant is fit, willing, and able to provide a~~
19 ~~proper standard of health care service for the community with~~
20 ~~particular regard to the qualification, background and~~
21 ~~character of the applicant, (2) that economic feasibility is~~
22 ~~demonstrated in terms of effect on the existing and projected~~
23 ~~operating budget of the applicant and of the health care~~
24 ~~facility; in terms of the applicant's ability to establish and~~
25 ~~operate such facility in accordance with licensure regulations~~
26 ~~promulgated under pertinent state laws; and in terms of the~~

~~projected impact on the total health care expenditures in the facility and community, (3) that safeguards are provided that assure that the establishment, construction or modification of the health care facility or acquisition of major medical equipment is consistent with the public interest, and (4) that the proposed project is consistent with the orderly and economic development of such facilities and equipment and is in accord with standards, criteria, or plans of need adopted and approved pursuant to the provisions of Section 12 of this Act.~~

(20 ILCS 3960/6.2)

(Section scheduled to be repealed on December 31, 2029)

Sec. 6.2. Review of permits and exemptions; public hearings; State Board Staff Reports.

(a) Upon receipt of an application for an exemption or a permit to establish, construct, or modify a health care facility, the State Board staff shall notify the applicant in writing within 10 business ~~working~~ days either that the application is or is not substantially complete. If the application is substantially complete, the State Board staff shall notify the applicant of the beginning of the review process. If the application is not substantially complete, the Board staff shall explain within the 10-day period why the

1 application is incomplete.

2 (b) The State Board staff shall afford a reasonable amount
3 of time as established by the State Board, but not to exceed
4 120 days, for the review of the application. The 120-day
5 period begins on the day the application is found to be
6 substantially complete, as that term is defined by the State
7 Board. During the 120-day period, the applicant may request an
8 extension. An applicant may modify the application, as
9 established by the State Board by rule, at any time before a
10 final administrative decision has been made on the
11 application.

12 ~~The State Board staff shall submit its State Board Staff~~
13 ~~Report to the State Board for its decision-making regarding~~
14 ~~approval or denial of the permit.~~

15 (c) When an application for an exemption or a permit is
16 initially reviewed by State Board staff, as provided in this
17 Section, the State Board shall, upon request by the applicant
18 or an interested person, afford an opportunity for a public
19 hearing within a reasonable amount of time after receipt of
20 the complete application, but not to exceed 90 days after
21 receipt of the complete application. Notice of the hearing
22 shall be made promptly, not less than 10 business days before
23 the hearing, by certified mail to the applicant and, not less
24 than 10 business days before the hearing, by publication on
25 the State Board's website, in the principal office and
26 website, if available, of the local government ~~a newspaper of~~

1 ~~general circulation~~ in the area or community to be affected,
2 and in the location where the meeting is to be held. The
3 hearing shall be held in the area or community in which the
4 proposed project is to be located and shall be for the purpose
5 of allowing the applicant and any interested person to present
6 public testimony concerning the approval, denial, renewal, or
7 revocation of the permit or exemption. All interested persons
8 attending the hearing shall be given a reasonable opportunity
9 to present their views or arguments in writing or orally, and a
10 record of all of the testimony shall accompany any findings of
11 the State Board staff. The State Board shall adopt reasonable
12 rules and regulations governing the procedure and conduct of
13 the hearings.

14 (d) The staff of the State Board shall submit its State
15 Board Staff Report to the State Board for approval or denial of
16 the permit or exemption.

19 (Section scheduled to be repealed on December 31, 2029)

20 Sec. 8.5. Certificate of exemption for change of ownership
21 of a health care facility; discontinuation of a category of
22 service; public notice and public hearing.

23 (a) The State Board may grant, deny, or defer for
24 additional information an application for a certificate of
25 exemption for a change of ownership or the discontinuation of

1 one category of service. The State Board's determination shall
2 be based on a review and consideration of the applicable
3 criteria, application and supporting documentation, State
4 Board Staff Report, public comment, public hearing testimony,
5 and any other information that State Board deems relevant. If
6 an application for a certificate of exemption is denied, the
7 applicant shall file an application for a permit.

8 (a-2) ~~(a)~~ Upon a finding that an application for a change
9 of ownership is complete, the State Board shall publish a
10 legal notice ~~on 3 consecutive days~~ on the State Board's
11 website and in the principal office and website, if available,
12 of the local government in the area or community to be affected
13 in a newspaper of general circulation in the area or community
14 to be affected and afford the public an opportunity to request
15 a hearing. If the application is for a facility located in a
16 Metropolitan Statistical Area, an additional legal notice
17 shall be published in a newspaper of limited circulation, if
18 one exists, in the area in which the facility is located. If
19 the newspaper of limited circulation is published on a daily
20 basis, the additional legal notice shall be published on 3
21 consecutive days. The applicant shall pay the cost incurred by
22 the Board in publishing the change of ownership notice in
23 newspapers as required under this subsection. The legal notice
24 shall also be posted on the Health Facilities and Services
25 Review Board's web site and sent to the State Representative
26 and State Senator of the district in which the health care

1 facility is located and to the Office of the Attorney General.
2 An application for change of ownership of a hospital shall not
3 be deemed complete without a signed certification that for a
4 period of 2 years after the change of ownership transaction is
5 effective, the hospital will not adopt a charity care policy
6 that is more restrictive than the policy in effect during the
7 year prior to the transaction. An application for a change of
8 ownership need not contain signed transaction documents, if
9 not available at the time of filing, but at a minimum shall
10 include ~~so long as it includes~~ the following key terms of the
11 transaction: names and background of the parties; structure of
12 the transaction; the person who will be the licensed or
13 certified entity or operator after the transaction; the
14 ownership or membership interests in such licensed or
15 certified entity both prior to and after the transaction; fair
16 market value of assets to be transferred; and the purchase
17 price or other form of consideration to be provided for those
18 assets. The State Board shall designate by rule any additional
19 documentation required to consider an application for change
20 of ownership. Upon the ~~The~~ issuance of the certificate of
21 exemption ~~shall be contingent upon~~ the applicant shall submit
22 ~~submitting~~ a statement to the Board within 90 days after the
23 closing date of the transaction, or such longer period as
24 provided by the Board, certifying that the change of ownership
25 has been completed in accordance with the key terms contained
26 in the application. If such key terms of the transaction

1 change, a new application shall be required.

2 Where a change of ownership is among related persons, and
3 there are no other changes being proposed at the health care
4 facility that would otherwise require a permit or exemption
5 under this Act, the applicant shall submit an application
6 consisting of a standard notice in a form set forth by the
7 Board briefly explaining the reasons for the proposed change
8 of ownership. Once such an application is submitted to the
9 Board and reviewed by the Board staff, the State Board Chair
10 shall take action on an application for an exemption for a
11 change of ownership among related persons at the next meeting
12 ~~within 45 days~~ after the application has been deemed complete,
13 provided the application meets the applicable standards under
14 this Section. ~~If the Board Chair has a conflict of interest or~~
15 ~~for other good cause, the Chair may request review by the~~
16 ~~Board.~~ Notwithstanding any other provision of this Act, for
17 purposes of this Section, a change of ownership among related
18 persons means a transaction where the parties to the
19 transaction are under common control or ownership before and
20 after the transaction is completed.

21 Nothing in this Act shall be construed as authorizing the
22 Board to impose any conditions, obligations, or limitations,
23 other than those required by this Section, with respect to the
24 issuance of an exemption for a change of ownership, including,
25 but not limited to, the time period before which a subsequent
26 change of ownership of the health care facility could be

1 sought, or the commitment to continue to offer for a specified
2 time period any services currently offered by the health care
3 facility.

4 The changes made by this amendatory Act of the 103rd
5 General Assembly are inoperative on and after January 1, 2027.

6 (a-3) (Blank).

7 (a-5) If a public hearing is requested, it shall be held at
8 least 15, but not more than 30 calendar days, after issuance of
9 the notice in the community in which the facility is located.

10 The hearing shall be held in the affected area or community in
11 a place of reasonable size and accessibility and a full and
12 complete written transcript of the proceedings shall be made.

13 All interested persons attending the hearing shall be given a
14 reasonable opportunity to present their positions in writing
15 or orally. The applicant shall provide a summary or describe

16 the proposed change of ownership at the public hearing. ~~Upon a~~

17 ~~finding that an application to discontinue a category of~~
18 ~~service is complete and provides the requested information, as~~

19 ~~specified by the State Board, an exemption shall be issued. No~~

20 later than 30 days after the approval ~~issuance~~ of the
21 exemption by the State Board, the health care facility must

22 give written notice of the discontinuation of the category of
23 service to the State Senator and State Representative serving

24 the legislative district in which the health care facility is

25 located. No later than 90 days after a discontinuation of a

26 category of service, the applicant must submit a statement to

1 the State Board certifying that the discontinuation is
2 complete.

3 (b) (Blank). ~~If a public hearing is requested, it shall be~~
4 ~~held at least 15 days but no more than 30 days after the date~~
5 ~~of publication of the legal notice in the community in which~~
6 ~~the facility is located. The hearing shall be held in the~~
7 ~~affected area or community in a place of reasonable size and~~
8 ~~accessibility and a full and complete written transcript of~~
9 ~~the proceedings shall be made. All interested persons~~
10 ~~attending the hearing shall be given a reasonable opportunity~~
11 ~~to present their positions in writing or orally. The applicant~~
12 ~~shall provide a summary or describe the proposed change of~~
13 ~~ownership at the public hearing.~~

14 (c) (Blank). ~~For the purposes of this Section "newspaper~~
15 ~~of limited circulation" means a newspaper intended to serve a~~
16 ~~particular or defined population of a specific geographic area~~
17 ~~within a Metropolitan Statistical Area such as a municipality,~~
18 ~~town, village, township, or community area, but does not~~
19 ~~include publications of professional and trade associations.~~

20 (d) The changes made to this Section by this amendatory
21 Act of the 101st General Assembly shall apply to all
22 applications submitted after the effective date of this
23 amendatory Act of the 101st General Assembly.

19 such fees shall be paid in the same manner as other expenses of
20 the State Board, and when the witness is subpoenaed at the
21 instance of any other party to any such proceeding the State
22 Board may, in accordance with its rules, require that the cost
23 of service of the subpoena or subpoena duces tecum and the fee
24 of the witness be borne by the party at whose instance the
25 witness is summoned. In such case, the State Board in its
26 discretion, may require a deposit to cover the cost of such

1 service and witness fees. A subpoena or subpoena duces tecum
2 so issued shall be served in the same manner as a subpoena
3 issued out of a court.

4 Any circuit court of this State upon the application of
5 the State Board or upon the application of any other party to
6 the administrative hearing proceeding, may, in its discretion,
7 compel the attendance of witnesses, the production of books,

18 records, or memoranda and the giving of testimony before the
19 State Board, by a proceeding as for contempt, or otherwise, in
20 the same manner as production of evidence may be compelled
21 before the court.

22 The State Board shall require all health facilities
23 operating in this State to provide such reasonable reports at
24 such times and containing such information as is needed by it
25 to carry out the purposes and provisions of this Act. Prior to
26 collecting information from health facilities, the State Board

1 shall make reasonable efforts through a public process to
2 consult with health facilities and associations that represent
3 them to determine whether data and information requests will
4 result in useful information for health planning, whether
5 sufficient information is available from other sources, and
6 whether data requested is routinely collected by health
7 facilities and is available without retrospective record
8 review. Data and information requests shall not impose undue
9 paperwork burdens on health care facilities and personnel.
10 Health facilities not complying with this requirement shall be
11 reported to licensing, accrediting, certifying, or payment
12 agencies as being in violation of State law. Health care
13 facilities and other parties at interest shall have reasonable
14 access, under rules established by the State Board, to all
15 planning information submitted in accord with this Act
16 pertaining to their area.

17 Among the reports to be required by the State Board are
18 facility questionnaires for health care facilities licensed
19 under the Ambulatory Surgical Treatment Center Act, the
20 Hospital Licensing Act, the Nursing Home Care Act, the ID/DD
21 Community Care Act, the MC/DD Act, or the Specialized Mental
22 Health Rehabilitation Act of 2013 and health care facilities
23 that are required to meet the requirements of 42 CFR 494 in
24 order to be certified for participation in Medicare and
25 Medicaid under Titles XVIII and XIX of the federal Social
26 Security Act. These questionnaires shall be conducted on an

1 annual basis and compiled by the State Board. For health care
2 facilities licensed under the Nursing Home Care Act or the
3 Specialized Mental Health Rehabilitation Act of 2013, these
4 reports shall include, but not be limited to, the
5 identification of specialty services provided by the facility
6 to patients, residents, and the community at large. Annual
7 reports for facilities licensed under the ID/DD Community Care
8 Act and facilities licensed under the MC/DD Act shall be
9 different from the annual reports required of other health
10 care facilities and shall be specific to those facilities
11 licensed under the ID/DD Community Care Act or the MC/DD Act.
12 The Health Facilities and Services Review Board shall consult
13 with associations representing facilities licensed under the
14 ID/DD Community Care Act and associations representing
15 facilities licensed under the MC/DD Act when developing the
16 information requested in these annual reports. For health care
17 facilities that contain long term care beds, the reports shall
18 also include the number of staffed long term care beds,
19 physical capacity for long term care beds at the facility, and
20 long term care beds available for immediate occupancy. For
21 purposes of this paragraph, "long term care beds" means beds
22 (i) licensed under the Nursing Home Care Act, (ii) licensed
23 under the ID/DD Community Care Act, (iii) licensed under the
24 MC/DD Act, (iv) licensed under the Hospital Licensing Act, or
25 (v) licensed under the Specialized Mental Health
26 Rehabilitation Act of 2013 and certified as skilled nursing or

1 nursing facility beds under Medicaid or Medicare.
