10 Sec. 10.8. Requirements for employment of physicians.

11 (a) Physician employment by hospitals and hospital  
12 affiliates. Employing entities may employ physicians to  
13 practice medicine in all of its branches provided that the  
14 following requirements are met:

15 (1) The employed physician is a member of the medical  
16 staff of either the hospital or hospital affiliate. If a  
17 hospital affiliate decides to have a medical staff, its  
18 medical staff shall be organized in accordance with  
19 written bylaws where the affiliate medical staff is  
20 responsible for making recommendations to the governing  
21 body of the affiliate regarding all quality assurance  
22 activities and safeguarding professional autonomy. The  
23 affiliate medical staff bylaws may not be unilaterally  
24 changed by the governing body of the affiliate. Nothing in  
25 this Section requires hospital affiliates to have a

1 medical staff.

2 (2) Independent physicians, who are not employed by an  
3 employing entity, periodically review the quality of the  
4 medical services provided by the employed physician to  
5 continuously improve patient care.

6 (3) The employing entity and the employed physician  
7 sign a statement acknowledging that the employer shall not  
8 unreasonably exercise control, direct, or interfere with  
9 the employed physician's exercise and execution of his or  
10 her professional judgment in a manner that adversely  
11 affects the employed physician's ability to provide  
12 quality care to patients. This signed statement shall take  
13 the form of a provision in the physician's employment  
14 contract or a separate signed document from the employing  
15 entity to the employed physician. This statement shall  
16 state: "As the employer of a physician, (employer's name)  
17 shall not unreasonably exercise control, direct, or  
18 interfere with the employed physician's exercise and  
19 execution of his or her professional judgment in a manner  
20 that adversely affects the employed physician's ability to  
21 provide quality care to patients."

22 (4) The employing entity shall establish a mutually  
23 agreed upon independent review process with criteria under  
24 which an employed physician may seek review of the alleged  
25 violation of this Section by physicians who are not  
26 employed by the employing entity. The affiliate may

1           arrange with the hospital medical staff to conduct these  
2           reviews. The independent physicians shall make findings  
3           and recommendations to the employing entity and the  
4           employed physician within 30 days of the conclusion of the  
5           gathering of the relevant information.

6           (a-5) Employing entities may employ physicians to practice  
7           medicine in all of its branches if employment, privileging,  
8           and oversight requirements are met. For purposes of  
9           determining compliance with any requirement that requires a  
10           hospital to maintain a clinical service or specialty, the  
11           presence of a specialty may be satisfied in whole or in part  
12           through documented telemedicine arrangements, affiliation  
13           agreements, shared staffing models, or approved waivers under  
14           Section 6.21, as long as the hospital maintains written  
15           transfer agreements, response-time expectations, clinician  
16           credentialing consistent with the applicable standard of care,  
17           and measures that assure continuous quality of care.

18           (b) Definitions. For the purpose of this Section:

19           "Employing entity" means a hospital licensed under the  
20           Hospital Licensing Act or a hospital affiliate.

21           "Employed physician" means a physician who receives an IRS  
22           W-2 form, or any successor federal income tax form, from an  
23           employing entity.

24           "Hospital" means a hospital licensed under the Hospital  
25           Licensing Act, except county hospitals as defined in  
26           subsection (c) of Section 15-1 of the Illinois Public Aid

1 Code.

2 "Hospital affiliate" means a corporation, partnership,  
3 joint venture, limited liability company, or similar  
4 organization, other than a hospital, that is devoted primarily  
5 to the provision, management, or support of health care  
6 services and that directly or indirectly controls, is  
7 controlled by, or is under common control of the hospital.  
8 "Control" means having at least an equal or a majority  
9 ownership or membership interest. A hospital affiliate shall  
10 be 100% owned or controlled by any combination of hospitals,  
11 their parent corporations, or physicians licensed to practice  
12 medicine in all its branches in Illinois. "Hospital affiliate"  
13 does not include a health maintenance organization regulated  
14 under the Health Maintenance Organization Act.

15 "Physician" means an individual licensed to practice  
16 medicine in all its branches in Illinois.

17 "Professional judgment" means the exercise of a  
18 physician's independent clinical judgment in providing  
19 medically appropriate diagnoses, care, and treatment to a  
20 particular patient at a particular time. Situations in which  
21 an employing entity does not interfere with an employed  
22 physician's professional judgment include, without limitation,  
23 the following:

24 (1) practice restrictions based upon peer review of  
25 the physician's clinical practice to assess quality of  
26 care and utilization of resources in accordance with

1 applicable bylaws;

2 (2) supervision of physicians by appropriately  
3 licensed medical directors, medical school faculty,  
4 department chairpersons or directors, or supervising  
5 physicians;

6 (3) written statements of ethical or religious  
7 directives; and

8 (4) reasonable referral restrictions that do not, in  
9 the reasonable professional judgment of the physician,  
10 adversely affect the health or welfare of the patient.

11 (c) Private enforcement. An employed physician aggrieved  
12 by a violation of this Act may seek to obtain an injunction or  
13 reinstatement of employment with the employing entity as the  
14 court may deem appropriate. Nothing in this Section limits or  
15 abrogates any common law cause of action. Nothing in this  
16 Section shall be deemed to alter the law of negligence.

17 (d) Department enforcement. The Department may enforce the  
18 provisions of this Section, but nothing in this Section shall  
19 require or permit the Department to license, certify, or  
20 otherwise investigate the activities of a hospital affiliate  
21 not otherwise required to be licensed by the Department.

22 (e) Retaliation prohibited. No employing entity shall  
23 retaliate against any employed physician for requesting a  
24 hearing or review under this Section. No action may be taken  
25 that affects the ability of a physician to practice during  
26 this review, except in circumstances where the medical staff

1 bylaws authorize summary suspension.

2 (f) Physician collaboration. No employing entity shall  
3 adopt or enforce, either formally or informally, any policy,  
4 rule, regulation, or practice inconsistent with the provision  
5 of adequate collaboration, including medical direction of  
6 licensed advanced practice registered nurses or supervision of  
7 licensed physician assistants and delegation to other  
8 personnel under Section 54.5 of the Medical Practice Act of  
9 1987.

10 (g) Physician disciplinary actions. Nothing in this  
11 Section shall be construed to limit or prohibit the governing  
12 body of an employing entity or its medical staff, if any, from  
13 taking disciplinary actions against a physician as permitted  
14 by law.

15 (h) Physician review. Nothing in this Section shall be  
16 construed to prohibit a hospital or hospital affiliate from  
17 making a determination not to pay for a particular health care  
18 service or to prohibit a medical group, independent practice  
19 association, hospital medical staff, or hospital governing  
20 body from enforcing reasonable peer review or utilization  
21 review protocols or determining whether the employed physician  
22 complied with those protocols.

23 (i) Review. Nothing in this Section may be used or  
24 construed to establish that any activity of a hospital or  
25 hospital affiliate is subject to review under the Illinois  
26 Health Facilities Planning Act.

1 (j) Rules. The Department shall adopt any rules necessary  
2 to implement this Section.

5 Sec. 18. Affiliation agreements and telemedicine service  
6 protocols. The Department shall, within 6 months after the  
7 effective date of this amendatory Act of the 104th General  
8 Assembly, adopt rules implementing Sections 3.1 and 6.21 and  
9 shall make publicly available guidance templates for  
10 affiliation agreements and telemedicine service protocols. The  
11 Department shall report to the General Assembly within 18  
12 months after the effective date of this amendatory Act of the  
13 104th General Assembly on the number of waivers issued, the  
14 outcomes, and any impacts on access to care.

15 Section 50. The Illinois Health Facilities Planning Act is  
16 amended by changing Sections 3, 8.5, 8.7, and 12 as follows:

17 (20 ILCS 3960/3) (from Ch. 111 1/2, par. 1153)

18 (Section scheduled to be repealed on December 31, 2029)

19 Sec. 3. Definitions. As used in this Act:

20 "Health care facilities" means and includes the following  
21 facilities, organizations, and related persons:

22 (1) An ambulatory surgical treatment center required  
23 to be licensed pursuant to the Ambulatory Surgical

1 Treatment Center Act.

2 (2) An institution, place, building, or agency  
3 required to be licensed pursuant to the Hospital Licensing  
4 Act.

5 (3) Skilled and intermediate long term care facilities  
6 licensed under the Nursing Home Care Act.

7 (A) If a demonstration project under the Nursing

9 convert to a nursing facility, it shall meet the  
10 licensure and certificate of need requirements in  
11 effect as of the date of application.

12 (B) Except as provided in item (A) of this  
13 subsection, this Act does not apply to facilities

15 Home Care Act.

16 (3.5) Skilled and intermediate care facilities  
17 licensed under the ID/DD Community Care Act or the MC/DD  
18 Act. No permit or exemption is required for a facility  
19 licensed under the ID/DD Community Care Act or the MC/DD  
20 Act prior to the reduction of the number of beds at a  
21 facility. If there is a total reduction of beds at a  
22 facility licensed under the ID/DD Community Care Act or  
23 the MC/DD Act, this is a discontinuation or closure of the  
24 facility. If a facility licensed under the ID/DD Community  
25 Care Act or the MC/DD Act reduces the number of beds or  
26 discontinues the facility, that facility must notify the

1 Board as provided in Section 14.1 of this Act.

2 (3.7) Facilities licensed under the Specialized Mental  
3 Health Rehabilitation Act of 2013.

4 (4) Hospitals, nursing homes, ambulatory surgical

13 (A) This Act does not apply to a dialysis facility  
14 that provides only dialysis training, support, and  
15 related services to individuals with end stage renal  
16 disease who have elected to receive home dialysis.

17 (B) This Act does not apply to a dialysis unit  
18 located in a licensed nursing home that offers or  
19 provides dialysis-related services to residents with  
20 end stage renal disease who have elected to receive  
21 home dialysis within the nursing home.

22 (C) The Board, however, may require dialysis  
23 facilities and licensed nursing homes under items (A)  
24 and (B) of this subsection to report statistical  
25 information on a quarterly basis to the Board to be  
26 used by the Board to conduct analyses on the need for

1 proposed kidney disease treatment centers.

2 (6) An institution, place, building, or room used for  
3 the performance of outpatient surgical procedures that is

7 provision of a health care category of service, including,

11 major medical equipment used in the direct clinical  
12 diagnosis or treatment of patients, and whose project cost

22 encompasses 30 or more contiguous acres and that the new  
23 or renovated facility is intended for use by a licensed  
24 residential facility.

25 (4) Facilities licensed under the Supportive  
26 Residences Licensing Act or the Assisted Living and Shared

1 Housing Act.

2 (5) Facilities designated as supportive living  
3 facilities that are in good standing with the program  
4 established under Section 5-5.01a of the Illinois Public  
5 Aid Code.

6 (6) Facilities established and operating under the  
7 Alternative Health Care Delivery Act as a children's  
8 community-based health care center alternative health care  
9 model demonstration program or as an Alzheimer's Disease

18 assisted living or shared housing establishment licensed  
19 under the Assisted Living and Shared Housing Act and with  
20 the exception of a facility licensed under the Specialized  
21 Mental Health Rehabilitation Act of 2013 in connection  
22 with a proposal to close a facility and re-establish the  
23 facility in another location.

24 (8) Any change of ownership of a health care facility  
25 that is licensed under the Nursing Home Care Act, the  
26 Specialized Mental Health Rehabilitation Act of 2013, the

1 ID/DD Community Care Act, or the MC/DD Act, with the  
2 exception of facilities operated by a county or Illinois  
3 Veterans Homes. Changes of ownership of facilities  
4 licensed under the Nursing Home Care Act must meet the  
5 requirements set forth in Sections 3-101 through 3-119 of  
6 the Nursing Home Care Act.

7 (9) (Blank).

8 With the exception of those health care facilities  
9 specifically included in this Section, nothing in this Act  
10 shall be intended to include facilities operated as a part of  
11 the practice of a physician or other licensed health care  
12 professional, whether practicing in his individual capacity or  
13 within the legal structure of any partnership, medical or  
14 professional corporation, or unincorporated medical or  
15 professional group. Further, this Act shall not apply to  
16 physicians or other licensed health care professional's  
17 practices where such practices are carried out in a portion of  
18 a health care facility under contract with such health care  
19 facility by a physician or by other licensed health care  
20 professionals, whether practicing in his individual capacity  
21 or within the legal structure of any partnership, medical or  
22 professional corporation, or unincorporated medical or  
23 professional groups, unless the entity constructs, modifies,  
24 or establishes a health care facility as specifically defined  
25 in this Section. This Act shall apply to construction or

12 teaching of health, (c) who has a material financial interest  
13 in any activity which involves the providing, administering or  
14 financing of any type of health care facility, or (d) who is or

24 of equipment or service for diagnostic or therapeutic purposes  
25 or for facility administration or operation, or any capital  
26 expenditure made by or on behalf of a health care facility

1 which exceeds the capital expenditure minimum; however, any  
2 capital expenditure made by or on behalf of a health care  
3 facility for (i) the construction or modification of a  
4 facility licensed under the Assisted Living and Shared Housing  
5 Act or (ii) a conversion project undertaken in accordance with  
6 Section 30 of the Older Adult Services Act shall be excluded  
7 from any obligations under this Act.

8 "Establish" means the construction of a health care  
9 facility or the replacement of an existing facility on another  
10 site or the initiation of a category of service.

13 and which costs in excess of the capital expenditure minimum,  
14 except that such term does not include medical equipment  
15 acquired by or on behalf of a clinical laboratory to provide  
16 clinical laboratory services if the clinical laboratory is  
17 independent of a physician's office and a hospital and it has  
18 been determined under Title XVIII of the Social Security Act  
19 to meet the requirements of paragraphs (10) and (11) of  
20 Section 1861(s) of such Act. In determining whether medical  
21 equipment has a value in excess of the capital expenditure

10 specifications, and other activities essential to the  
11 acquisition, improvement, expansion, or replacement of any  
12 plant or equipment with respect to which an expenditure is  
13 made shall be included in determining if such expenditure  
14 exceeds the capital expenditures minimum. Unless otherwise  
15 interdependent, or submitted as one project by the applicant,  
16 components of construction or modification undertaken by means  
17 of a single construction contract or financed through the  
18 issuance of a single debt instrument shall not be grouped  
19 together as one project. Donations of equipment or facilities  
20 to a health care facility which if acquired directly by such  
21 facility would be subject to review under this Act shall be  
22 considered capital expenditures, and a transfer of equipment  
23 or facilities for less than fair market value shall be  
24 considered a capital expenditure for purposes of this Act if a  
25 transfer of the equipment or facilities at fair market value  
26 would be subject to review.

1 "Capital expenditure minimum" means \$11,500,000 for  
2 projects by hospital applicants, \$6,500,000 for applicants for  
3 projects related to skilled and intermediate care long-term

7 costs due to inflation, for major medical equipment and for  
8 all other capital expenditures.

9 "Financial commitment" means the commitment of at least

18 services from the health care facility. "Non-clinical service  
19 areas" include, but are not limited to, chapels; gift shops;  
20 news stands; computer systems; tunnels, walkways, and

26 licensed to practice medicine in all its branches shall not be

1 considered out-of-state facilities. Nothing in this definition  
2 shall be construed to include an office or any part of an

4 branches in Illinois that is not required to be licensed under  
5 the Ambulatory Surgical Treatment Center Act.

23 (20 ILCS 3960/8.5)

24 (Section scheduled to be repealed on December 31, 2029)

25 Sec. 8.5. Certificate of exemption for change of ownership

1 of a health care facility; discontinuation of a category of  
2 service; public notice and public hearing.

3 (a) Upon a finding that an application for a change of  
4 ownership is complete, the State Board shall publish a legal  
5 notice on 3 consecutive days in a newspaper of general  
6 circulation in the area or community to be affected and afford  
7 the public an opportunity to request a hearing. If the  
8 application is for a facility located in a Metropolitan  
9 Statistical Area, an additional legal notice shall be  
10 published in a newspaper of limited circulation, if one  
11 exists, in the area in which the facility is located. If the  
12 newspaper of limited circulation is published on a daily  
13 basis, the additional legal notice shall be published on 3  
14 consecutive days. The applicant shall pay the cost incurred by  
15 the Board in publishing the change of ownership notice in  
16 newspapers as required under this subsection. The legal notice  
17 shall also be posted on the Health Facilities and Services  
18 Review Board's web site and sent to the State Representative  
19 and State Senator of the district in which the health care  
20 facility is located and to the Office of the Attorney General.  
21 An application for change of ownership of a hospital shall not  
22 be deemed complete without a signed certification that for a  
23 period of 2 years after the change of ownership transaction is  
24 effective, the hospital will not adopt a charity care policy  
25 that is more restrictive than the policy in effect during the  
26 year prior to the transaction. An application for a change of

1 ownership need not contain signed transaction documents so  
2 long as it includes the following key terms of the  
3 transaction: names and background of the parties; structure of  
4 the transaction; the person who will be the licensed or  
5 certified entity after the transaction; the ownership or  
6 membership interests in such licensed or certified entity both  
7 prior to and after the transaction; fair market value of  
8 assets to be transferred; and the purchase price or other form  
9 of consideration to be provided for those assets. The issuance  
10 of the certificate of exemption shall be contingent upon the  
11 applicant submitting a statement to the Board within 90 days  
12 after the closing date of the transaction, or such longer  
13 period as provided by the Board, certifying that the change of  
14 ownership has been completed in accordance with the key terms  
15 contained in the application. If such key terms of the  
16 transaction change, a new application shall be required.

17 Where a change of ownership is among related persons, and  
18 there are no other changes being proposed at the health care  
19 facility that would otherwise require a permit or exemption  
20 under this Act, the applicant shall submit an application  
21 consisting of a standard notice in a form set forth by the  
22 Board briefly explaining the reasons for the proposed change  
23 of ownership. Once such an application is submitted to the  
24 Board and reviewed by the Board staff, the Board Chair shall  
25 take action on an application for an exemption for a change of  
26 ownership among related persons within 45 days after the

1 application has been deemed complete, provided the application  
2 meets the applicable standards under this Section. If the  
3 Board Chair has a conflict of interest or for other good cause,  
4 the Chair may request review by the Board. Notwithstanding any  
5 other provision of this Act, for purposes of this Section, a  
6 change of ownership among related persons means a transaction  
7 where the parties to the transaction are under common control  
8 or ownership before and after the transaction is completed.

9 Nothing in this Act shall be construed as authorizing the  
10 Board to impose any conditions, obligations, or limitations,  
11 other than those required by this Section, with respect to the  
12 issuance of an exemption for a change of ownership, including,  
13 but not limited to, the time period before which a subsequent  
14 change of ownership of the health care facility could be  
15 sought, or the commitment to continue to offer for a specified  
16 time period any services currently offered by the health care  
17 facility.

18 The changes made by this amendatory Act of the 103rd  
19 General Assembly are inoperative on and after January 1, 2027.

20 In addition to other materials required by this Section,  
21 any application for a change of ownership that constitutes a  
22 covered transaction shall include:

23 (1) a complete ownership chain disclosing the ultimate  
24 beneficial owners and identifying any private equity or  
25 pooled-investment entities in the chain;

26 (2) the transaction agreement and all material

1 ancillary agreements, including, but not limited to,  
2 management agreements, leases of substantially all  
3 operations, sale-leasebacks, service contracts, and  
4 contingent liability instruments;

5 (3) audited and pro forma financial statements for the  
6 facility and the acquiring entity for at least 5 years  
7 following the proposed transaction that is prepared  
8 consistent with generally accepted accounting principles,  
9 and a statement of sources and uses of funds for the  
10 transaction;

11 (4) a written statement disclosing any intended or  
12 anticipated material service reductions within 3 years of  
13 closing and a mitigation plan;

14 (5) a Community Health Impact Assessment (CHIA),  
15 prepared by an independent qualified third party that  
16 meets Board standards, analyzing baseline access and  
17 projected impacts on service availability, capacity,  
18 staffing, payer mix, and at least 2 relevant community  
19 health outcome measures; and

20 (6) a proposed post-transaction monitoring plan,  
21 proposed community benefit commitments, and employee  
22 transition protections.

23 The Board shall not approve any covered transaction until  
24 completion of the Board's review, which shall include  
25 evaluation of the CHIA and any public comments or  
26 interventions. The Board may extend review timelines as

1 necessary to complete independent evaluations.

2 For any covered transaction involving private equity or a  
3 non-operating financial investor, the acquiring party shall  
4 bear the burden of proof by a preponderance of the evidence to  
5 demonstrate that the transaction will not materially impair  
6 access to essential services, quality of care, or community  
7 health outcomes in the facility's service area.

8 The Board may approve, approve with conditions, or deny a  
9 covered transaction. When approving, the Board may impose  
10 conditions, including, but not limited to: (i) minimum  
11 service-level guarantees and minimum staffing levels for a  
12 specified period of no less than 3 years, (ii) capital  
13 investment commitments, (iii) restrictions on dividend  
14 distributions or leveraged recapitalizations for a specified  
15 period, (iv) binding community benefit agreements, and (v)  
16 requirements to maintain charity care levels at prior or  
17 higher levels. The Board shall monitor compliance with all  
18 conditions for a minimum of 5 years post-transaction and may  
19 assess penalties, require restoration of services, or order  
20 divestiture for material noncompliance.

21 The Board shall require full disclosure of beneficial  
22 ownership and fee structures associated with the acquiring  
23 entity. Only disclosing shell companies or nominee entities  
24 shall not constitute full disclosure. Financial documents may  
25 be submitted under protective order, but confidentiality  
26 claims do not relieve the applicant of the burden of proof.

1 (a-3) (Blank).

2 (a-5) Upon a finding that an application to discontinue a  
3 category of service is complete and provides the requested  
4 information, as specified by the State Board, an exemption  
5 shall be issued. No later than 30 days after the issuance of  
6 the exemption, the health care facility must give written  
7 notice of the discontinuation of the category of service to  
8 the State Senator and State Representative serving the  
9 legislative district in which the health care facility is  
10 located. No later than 90 days after a discontinuation of a  
11 category of service, the applicant must submit a statement to  
12 the State Board certifying that the discontinuation is  
13 complete.

14 (b) If a public hearing is requested, it shall be held at  
15 least 15 days but no more than 30 days after the date of  
16 publication of the legal notice in the community in which the  
17 facility is located. The hearing shall be held in the affected  
18 area or community in a place of reasonable size and  
19 accessibility and a full and complete written transcript of  
20 the proceedings shall be made. All interested persons  
21 attending the hearing shall be given a reasonable opportunity  
22 to present their positions in writing or orally. The applicant  
23 shall provide a summary or describe the proposed change of  
24 ownership at the public hearing.

25 (c) For the purposes of this Section "newspaper of limited  
26 circulation" means a newspaper intended to serve a particular

1 or defined population of a specific geographic area within a  
2 Metropolitan Statistical Area such as a municipality, town,  
3 village, township, or community area, but does not include  
4 publications of professional and trade associations.

5 (d) The changes made to this Section by this amendatory  
6 Act of the 101st General Assembly shall apply to all  
7 applications submitted after the effective date of this  
8 amendatory Act of the 101st General Assembly.

9 (e) The changes made to this Section by this amendatory  
10 Act of the 104th General Assembly shall apply to any  
11 application for change of ownership or exemption filed on or  
12 after the effective date of this amendatory Act of the 104th  
13 General Assembly.

15 (20 ILCS 3960/8.7)

16 (Section scheduled to be repealed on December 31, 2029)

17 Sec. 8.7. Application for permit for discontinuation of a  
18 health care facility or category of service; public notice and  
19 public hearing.

20 (a) Upon a finding that an application to close a health  
21 care facility or discontinue a category of service is  
22 complete, the State Board shall publish a legal notice on 3  
23 consecutive days in a newspaper of general circulation in the  
24 area or community to be affected and afford the public an  
25 opportunity to request a hearing. If the application is for a

1 facility located in a Metropolitan Statistical Area, an  
2 additional legal notice shall be published in a newspaper of  
3 limited circulation, if one exists, in the area in which the  
4 facility is located. If the newspaper of limited circulation  
5 is published on a daily basis, the additional legal notice  
6 shall be published on 3 consecutive days. The legal notice  
7 shall also be posted on the Health Facilities and Services  
8 Review Board's website and sent to the State Representative  
9 and State Senator of the district in which the health care  
10 facility is located. In addition, the health care facility  
11 shall provide notice of closure to the local media that the  
12 health care facility would routinely notify about facility  
13 events.

14 Before approving an application for closure or  
15 discontinuation, the Board shall require a Community Health  
16 Impact Assessment (CHIA) consistent with rules promulgated  
17 under Section 8.6 and shall not approve the application if the  
18 Board finds that the proposed closure or discontinuation will  
19 likely degrade essential health outcomes, worsen geographic  
20 access to emergent or urgent care, or impose an undue increase  
21 in travel time for ordinarily accessible services.

22 An application to close a health care facility shall only  
23 be deemed complete if it includes evidence that the health  
24 care facility provided written notice at least 30 days prior  
25 to filing the application of its intent to do so to the  
26 municipality in which it is located, the State Representative

1 and State Senator of the district in which the health care  
2 facility is located, the State Board, the Director of Public  
3 Health, and the Director of Healthcare and Family Services.  
4 The changes made to this subsection by this amendatory Act of  
5 the 101st General Assembly shall apply to all applications  
6 submitted after the effective date of this amendatory Act of  
7 the 101st General Assembly.

8 (b) No later than 30 days after issuance of a permit to  
9 close a health care facility or discontinue a category of  
10 service, the permit holder shall give written notice of the  
11 closure or discontinuation to the State Senator and State  
12 Representative serving the legislative district in which the  
13 health care facility is located.

14 (b-5) The Board shall monitor outcomes for a minimum of 5  
15 years following any permitted closure or service reduction,  
16 including data reported annually on access, such as travel  
17 time and ambulance diversion), staffing levels, charity care,  
18 and community health indicators. Failure to submit required  
19 reports or materially breaching commitments shall subject the  
20 permit holder and any applicable owner to penalties and  
21 remedies under this Act.

22 (c) (1) If there is a pending lawsuit that challenges an  
23 application to discontinue a health care facility that either  
24 names the Board as a party or alleges fraud in the filing of  
25 the application, the Board may defer action on the application  
26 for up to 6 months after the date of the initial deferral of

1 the application.

2 (2) The Board may defer action on an application to  
3 discontinue a hospital that is pending before the Board as of  
4 the effective date of this amendatory Act of the 102nd General  
5 Assembly for up to 60 days after the effective date of this  
6 amendatory Act of the 102nd General Assembly.

7 (3) The Board may defer taking final action on an  
8 application to discontinue a hospital that is filed on or  
9 after January 12, 2021, until the earlier to occur of: (i) the  
10 expiration of the statewide disaster declaration proclaimed by  
11 the Governor of the State of Illinois due to the COVID-19  
12 pandemic that is in effect on January 12, 2021, or any  
13 extension thereof, or July 1, 2021, whichever occurs later; or  
14 (ii) the expiration of the declaration of a public health  
15 emergency due to the COVID-19 pandemic as declared by the  
16 Secretary of the U.S. Department of Health and Human Services  
17 that is in effect on January 12, 2021, or any extension  
18 thereof, or July 1, 2021, whichever occurs later. This  
19 paragraph (3) is repealed as of the date of the expiration of  
20 the statewide disaster declaration proclaimed by the Governor  
21 of the State of Illinois due to the COVID-19 pandemic that is  
22 in effect on January 12, 2021, or any extension thereof, or  
23 July 1, 2021, whichever occurs later.

24 (d) The changes made to this Section by this amendatory  
25 Act of the 101st General Assembly shall apply to all  
26 applications submitted after the effective date of this

1 amendatory Act of the 101st General Assembly.

6 Sec. 12. Powers and duties of State Board. For purposes of  
7 this Act, the State Board shall exercise the following powers  
8 and duties:

9 (1) Prescribe rules, regulations, standards, criteria,  
10 procedures or reviews which may vary according to the  
11 purpose for which a particular review is being conducted  
12 or the type of project reviewed and which are required to  
13 carry out the provisions and purposes of this Act.  
14 Policies and procedures of the State Board shall take into  
15 consideration the priorities and needs of medically  
16 underserved areas and other health care services, giving  
17 special consideration to the impact of projects on access  
18 to safety net services.

19 (2) Adopt procedures for public notice and hearing on  
20 all proposed rules, regulations, standards, criteria, and  
21 plans required to carry out the provisions of this Act.

24 facilities planning, conduct statewide inventories of  
25 health care facilities, maintain an updated inventory on

1 the Board's web site reflecting the most recent bed and  
2 service changes and updated need determinations when new  
3 census data become available or new need formulae are  
4 adopted, and develop health care facility plans which  
5 shall be utilized in the review of applications for permit  
6 under this Act. Such health facility plans shall be  
7 coordinated by the Board with pertinent State Plans.  
8 Inventories pursuant to this Section of skilled or  
9 intermediate care facilities licensed under the Nursing  
10 Home Care Act, skilled or intermediate care facilities  
11 licensed under the ID/DD Community Care Act, skilled or  
12 intermediate care facilities licensed under the MC/DD Act,  
13 facilities licensed under the Specialized Mental Health  
14 Rehabilitation Act of 2013, or nursing homes licensed  
15 under the Hospital Licensing Act shall be conducted on an  
16 annual basis no later than July 1 of each year and shall  
17 include among the information requested a list of all  
18 services provided by a facility to its residents and to  
19 the community at large and differentiate between active  
20 and inactive beds.

21 In developing health care facility plans, the State  
22 Board shall consider, but shall not be limited to, the  
23 following:

24 (a) The size, composition and growth of the  
25 population of the area to be served;

26 (b) The number of existing and planned facilities

1 offering similar programs;

2 (c) The extent of utilization of existing  
3 facilities;

4 (d) The availability of facilities which may serve  
5 as alternatives or substitutes;

6 (e) The availability of personnel necessary to the  
7 operation of the facility;

8 (f) Multi-institutional planning and the  
9 establishment of multi-institutional systems where  
10 feasible;

11 (g) The financial and economic feasibility of  
12 proposed construction or modification; and

13 (h) In the case of health care facilities  
14 established by a religious body or denomination, the  
15 needs of the members of such religious body or  
16 denomination may be considered to be public need.

17 The health care facility plans which are developed and  
18 adopted in accordance with this Section shall form the  
19 basis for the plan of the State to deal most effectively  
20 with statewide health needs in regard to health care  
21 facilities.

22 (5) Coordinate with other state agencies having  
23 responsibilities affecting health care facilities,  
24 including those of licensure and cost reporting.

25 (6) Solicit, accept, hold and administer on behalf of  
26 the State any grants or bequests of money, securities or

1 property for use by the State Board in the administration  
2 of this Act; and enter into contracts consistent with the  
3 appropriations for purposes enumerated in this Act.

4 (7) (Blank).

5 (8) Prescribe rules, regulations, standards, and  
6 criteria for the conduct of an expeditious review of  
7 applications for permits for projects of construction or  
8 modification of a health care facility, which projects are  
9 classified as emergency, substantive, or non-substantive  
10 in nature.

11 Substantive projects shall include no more than the  
12 following:

13 (a) Projects to construct (1) a new or replacement  
14 facility located on a new site or (2) a replacement  
15 facility located on the same site as the original  
16 facility and the cost of the replacement facility  
17 exceeds the capital expenditure minimum, which shall  
18 be reviewed by the Board within 120 days;

19 (b) Projects proposing a (1) new service within an  
20 existing healthcare facility or (2) discontinuation of  
21 a service within an existing healthcare facility,  
22 which shall be reviewed by the Board within 60 days; or

23 (c) Projects proposing a change in the bed  
24 capacity of a health care facility by an increase in  
25 the total number of beds or by a redistribution of beds  
26 among various categories of service or by a relocation

1 of beds from one physical facility or site to another  
2 by more than 20 beds or more than 10% of total bed  
3 capacity, as defined by the State Board, whichever is  
4 less, over a 2-year period.

5 The Chairman may approve applications for exemption  
6 that meet the criteria set forth in rules or refer them to  
7 the full Board. The Chairman may approve any unopposed  
8 application that meets all of the review criteria or refer  
9 them to the full Board.

10 Such rules shall not prevent the conduct of a public  
11 hearing upon the timely request of an interested party.  
12 Such reviews shall not exceed 60 days from the date the  
13 application is declared to be complete.

14 (9) Prescribe rules, regulations, standards, and  
15 criteria pertaining to the granting of permits for  
16 construction and modifications which are emergent in  
17 nature and must be undertaken immediately to prevent or  
18 correct structural deficiencies or hazardous conditions  
19 that may harm or injure persons using the facility, as  
20 defined in the rules and regulations of the State Board.  
21 This procedure is exempt from public hearing requirements  
22 of this Act.

23 (10) Prescribe rules, regulations, standards and  
24 criteria for the conduct of an expeditious review, not  
25 exceeding 60 days, of applications for permits for  
26 projects to construct or modify health care facilities

1           which are needed for the care and treatment of persons who  
2           have acquired immunodeficiency syndrome (AIDS) or related  
3           conditions.

4           (10.5) Provide its rationale when voting on an item  
5           before it at a State Board meeting in order to comply with  
6           subsection (b) of Section 3-108 of the Code of Civil  
7           Procedure.

8           (11) Issue written decisions upon request of the  
9           applicant or an adversely affected party to the Board.  
10          Requests for a written decision shall be made within 15  
11          days after the Board meeting in which a final decision has  
12          been made. A "final decision" for purposes of this Act is  
13          the decision to approve or deny an application, or take  
14          other actions permitted under this Act, at the time and  
15          date of the meeting that such action is scheduled by the  
16          Board. The transcript of the State Board meeting shall be  
17          incorporated into the Board's final decision. The staff of  
18          the Board shall prepare a written copy of the final  
19          decision and the Board shall approve a final copy for  
20          inclusion in the formal record. The Board shall consider,  
21          for approval, the written draft of the final decision no  
22          later than the next scheduled Board meeting. The written  
23          decision shall identify the applicable criteria and  
24          factors listed in this Act and the Board's regulations  
25          that were taken into consideration by the Board when  
26          coming to a final decision. If the Board denies or fails to

1 approve an application for permit or exemption, the Board  
2 shall include in the final decision a detailed explanation  
3 as to why the application was denied and identify what  
4 specific criteria or standards the applicant did not  
5 fulfill.

6 (12) (Blank).

7 (13) Provide a mechanism for the public to comment on,  
8 and request changes to, draft rules and standards.

9 (14) Implement public information campaigns to  
10 regularly inform the general public about the opportunity  
11 for public hearings and public hearing procedures.

12 (15) Establish a separate set of rules and guidelines  
13 for long-term care that recognizes that nursing homes are  
14 a different business line and service model from other  
15 regulated facilities. An open and transparent process  
16 shall be developed that considers the following: how  
17 skilled nursing fits in the continuum of care with other  
18 care providers, modernization of nursing homes,  
19 establishment of more private rooms, development of  
20 alternative services, and current trends in long-term care  
21 services. The Chairman of the Board shall appoint a  
22 permanent Health Services Review Board Long-term Care  
23 Facility Advisory Subcommittee that shall develop and
