

# HB5546

## 104TH GENERAL ASSEMBLY

State of Illinois

2025 and 2026

HB5546

Introduced 2/13/2026, by Rep. Jay Hoffman

### SYNOPSIS AS INTRODUCED:

30 ILCS 500/15-35

Amends the Illinois Procurement Code. Provides that the vendor portal for the Department of Transportation must include any locally-applicable project labor agreement requirements.

LRB104 18504 HLH 31946 b

A BILL FOR

1 AN ACT concerning State government.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Illinois Procurement Code is amended by  
5 changing Section 15-35 as follows:

6 (30 ILCS 500/15-35)

7 Sec. 15-35. Vendor portal. Each chief procurement officer  
8 may, in consultation with the agencies under his or her  
9 jurisdiction and the Procurement Policy Board, establish a  
10 vendor portal. The vendor portal shall allow a potential  
11 vendor to provide certifications, disclosures, registrations,  
12 and other documentation needed to do business with a State  
13 agency in advance of any particular procurement. A potential  
14 vendor who registers with the vendor portal and provides this  
15 information may submit its registration number, with a  
16 confirmation that the portal information remains current, as  
17 part of its response to a competitive selection or a  
18 contracting process, rather than submit the same information  
19 in full. One or more chief procurement officers may jointly  
20 operate a vendor portal if a single portal would better serve  
21 the needs of the State agencies and the vendor community. A  
22 chief procurement officer may accept, for use on procurements  
23 and contracts under his or her jurisdiction, the registration

1 from another chief procurement officer's vendor portal. This  
2 Section applies notwithstanding any laws to the contrary  
3 except for later enacted laws that specifically refer to this  
4 Section.

5 Nothing in this Section shall preclude a State agency from  
6 implementing its own pre-qualification, certification,  
7 disclosure, and registration requirements necessary to conduct  
8 and manage its program operation.

9 This Section does not apply to any contract for any  
10 project as to which federal funds are available for  
11 expenditure when its provisions may be in conflict with  
12 federal law or federal regulation.

13 Notwithstanding any other provision of law, the vendor  
14 portal for the Department of Transportation must include any  
15 locally-applicable project labor agreement requirements.
