13 (210 ILCS 125/3.25 new)

14 Sec. 3.25. Cold spa. "Cold spa" means a basin of water that  
15 is maintained at a temperature of not less than 40 degrees

1 Fahrenheit and not greater than 92 degrees Fahrenheit. "Cold  
2 Spa" does not include the use or installation of portable,  
3 manufactured, or commercially available cold spas unless they  
4 comply with the provisions of this Act.

5 (210 ILCS 125/21.2 new)

6 Sec. 21.2. Operation of cold spa. It is lawful for a  
7 licensee to operate a cold spa in a manner that complies with  
8 the provisions of this Act, subject to the following  
9 conditions:

10 (1) the licensee must operate as a physical fitness  
11 facility in compliance with the Physical Fitness Facility  
12 Medical Emergency Preparedness Act;

13 (2) the licensee must display a sign posted in a  
14 conspicuous position in immediate proximity to the cold  
15 spa warning users about the risks associated with the use  
16 of cold spas and recommended guidelines, including, but  
17 not limited to, the duration of time for the use of cold  
18 spas;

19 (3) the licensee must prohibit use of the cold spa by  
20 children under the age of 14;

21 (4) the licensee must ensure that there is an employee  
22 on staff during staffed business hours that is trained in  
23 recognizing the signs and symptoms of hypothermia;

24 (5) the licensee must have at least one hypothermic  
25 thermometer or electronic thermometer capable of aiding in

1       the diagnosis of hypothermia on the facility premises;

2       (6) the licensee must include a non-slip deck or mat  
3       around the entrance and exit of the cold spa;

4       (7) the licensee must install a clock or timer in a  
5       conspicuous location that can be viewed from anywhere in  
6       the cold spa; and

7       (8) the water must be continuously filtered or  
8       sanitized, or the water must be drained and replaced with  
9       sanitized water between each use."
