

1 AN ACT concerning health.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Prenatal Syphilis Act is amended by
5 changing Sections 1 and 2 as follows:

6 (410 ILCS 320/1) (from Ch. 111 1/2, par. 4801)

7 Sec. 1. Every appropriate health care professional
8 ~~physician, or other person,~~ attending in a professional
9 capacity a pregnant woman in Illinois, shall test every
10 pregnant person ~~take or cause to be taken a sample of blood of~~
11 ~~such woman~~ at the time of the first examination, and a second
12 time sample of blood shall be taken or caused to be taken
13 during the third trimester of pregnancy, between 27 through 32
14 weeks of gestation. ~~The~~ ~~These blood~~ specimens collected shall
15 be submitted to a laboratory approved by the Department of
16 Public Health for a ~~serological~~ test for syphilis approved by
17 the State Department of Public Health. In the event that a any
18 ~~such blood~~ test shall show a positive or doubtful result an
19 additional test or tests shall be made. The ~~Such serological~~
20 test or tests shall, upon request of any provider ~~physician,~~
21 be made free of charge by the State Department of Public Health
22 or the Health Departments of cities, villages, and
23 incorporated towns maintaining laboratories for the testing of

1 blood specimens of any woman who resides in that city,
2 village, or incorporated town.

3 The provisions of this Section shall not apply to any
4 woman who objects to such ~~serological~~ tests on the grounds
5 that such tests are contrary to her religious beliefs and
6 practices.

8 (410 ILCS 320/2) (from Ch. 111 1/2, par. 4802)

9 Sec. 2. In reporting every birth or still birth,
10 appropriate health care professionals ~~physicians and others~~
11 required to make such reports shall state on the birth
12 certificate or still birth certificate, as the case may be,
13 whether a ~~blood~~ test for syphilis has been made upon a specimen
14 of blood taken from the woman who bore the child for which a
15 birth or still birth certificate is filed, together with the
16 date when the ~~blood~~ specimen was taken and the name of the
17 laboratory making the test. In no event shall the birth or
18 still birth certificate state the result of the test.
