2 Sec. 3-16003. Recall of countywide elected officials.

3 (a) If the referendum described in Section 3-16002 is  
4 approved by a majority of the voters voting on the  
5 proposition, then the recall of countywide elected officials  
6 of Sangamon County may thereafter be proposed by a petition  
7 signed by a number of electors equal in number to at least 15%  
8 of the total votes cast for Governor in that county in the  
9 preceding gubernatorial election. A petition under this  
10 Section shall have been signed by the petitioning electors not  
11 more than 150 days after an affidavit has been filed with the  
12 State Board of Elections providing notice of intent to  
13 circulate a petition to recall the countywide elected  
14 official. The affidavit may be filed no sooner than 6 months  
15 after the beginning of the countywide elected official's term  
16 of office and may not be filed in the last 6 months of the  
17 countywide elected official's term of office.

18 (b) The form of the petition, circulation, and procedure  
19 for determining the validity and sufficiency of a petition  
20 shall be as provided by law. If the petition is valid and  
21 sufficient, the State Board of Elections shall certify the  
22 petition not more than 50 days after the date the petition was  
23 filed, and the question "Shall (name) be recalled from the  
24 office of (name of office)?" must be submitted to the electors  
25 of Sangamon County at a special election called by the State

A recall petition certified by the State Board of Elections under this Section may not be withdrawn and another recall petition under this Section may not be initiated against the countywide elected official during the remainder of the official's current term of office. Any recall petition or recall election pending on the date of the next general election at which a candidate for the same countywide office is elected is moot.

If the countywide elected official is removed, the vacancy shall be filled as provided in the Election Code or this Code.
