1           Section    10.    The    Illinois    Hazardous    Materials  
2   Transportation Act is amended by changing Sections 2, 3, and  
3   11 as follows:

4           (430 ILCS 30/2) (from Ch. 95 1/2, par. 700-2)

5           Sec. 2. It is the finding of the General Assembly that  
6   hazardous materials are essential for various industrial,  
7   commercial and other purposes; that their transportation is a  
8   necessary incident to their use; and that such transportation  
9   is required for the employment and economic prosperity of the  
10   People of the State of Illinois.

11          It is therefore declared to be the policy of the General  
12   Assembly to improve the regulatory and enforcement authority  
13   of the Illinois State Police ~~Department of Transportation~~ to  
14   protect the People of the State of Illinois against the risk to  
15   life and property inherent in the transportation of hazardous  
16   materials over highways by keeping such risk to a minimum  
17   consistent with technical feasibility and economic  
18   reasonableness.

19          It is not the intent of the General Assembly to regulate  
20   the movement of hazardous materials in such quantities that  
21   would not pose a substantial danger to the public health and  
22   safety, such as fuels, fertilizer and agricultural chemicals  
23   while being used in a normal farming operation or in transit to  
24   the farm.
