19 Teachers' Pension and Retirement Fund of Chicago shall
20 submit such information as the State Superintendent
21 may require for the calculations set forth in this
22 subparagraph (U).

23 (V) Additional investments in low-income students.
24 In addition to and not in lieu of all other funding
25 under this paragraph (2), each Organizational Unit
26 shall receive funding based on the average teacher

1 salary for grades K through 12 to cover the costs of:

2 (i) one FTE intervention teacher (tutor)
3 position for every 125 Low-Income Count students;

4 (ii) one FTE pupil support staff position for
5 every 125 Low-Income Count students;

6 (iii) one FTE extended day teacher position
7 for every 120 Low-Income Count students; and

8 (iv) one FTE summer school teacher position
9 for every 120 Low-Income Count students.

10 (W) Additional investments in English learner
11 students. In addition to and not in lieu of all other
12 funding under this paragraph (2), each Organizational
13 Unit shall receive funding based on the average
14 teacher salary for grades K through 12 to cover the
15 costs of:

16 (i) one FTE intervention teacher (tutor)
17 position for every 125 English learner students;

18 (ii) one FTE pupil support staff position for
19 every 125 English learner students;

20 (iii) one FTE extended day teacher position
21 for every 120 English learner students;

22 (iv) one FTE summer school teacher position
23 for every 120 English learner students; and

24 (v) one FTE core teacher position for every
25 100 English learner students.

26 (X) Special education investments. Each

1 Organizational Unit shall receive funding based on the
2 average teacher salary for grades K through 12 to
3 cover special education as follows:

4 (i) one FTE teacher position for every 141
5 combined ASE of pre-kindergarten children with
6 disabilities and all kindergarten through grade 12
7 students;

8 (ii) one FTE instructional assistant for every
9 141 combined ASE of pre-kindergarten children with
10 disabilities and all kindergarten through grade 12
11 students; and

12 (iii) one FTE psychologist position for every
13 1,000 combined ASE of pre-kindergarten children
14 with disabilities and all kindergarten through
15 grade 12 students.

16 (3) For calculating the salaries included within the
17 Essential Elements, the State Superintendent shall
18 annually calculate average salaries to the nearest dollar
19 using the employment information system data maintained by
20 the State Board, limited to public schools only and
21 excluding special education and vocational cooperatives,
22 schools operated by the Department of Juvenile Justice,
23 and charter schools, for the following positions:

24 (A) Teacher for grades K through 8.

25 (B) Teacher for grades 9 through 12.

26 (C) Teacher for grades K through 12.

1 (D) School counselor for grades K through 8.

2 (E) School counselor for grades 9 through 12.

3 (F) School counselor for grades K through 12.

4 (G) Social worker.

5 (H) Psychologist.

6 (I) Librarian.

7 (J) Nurse.

8 (K) Principal.

9 (L) Assistant principal.

10 For the purposes of this paragraph (3), "teacher"
11 includes core teachers, specialist and elective teachers,
12 instructional facilitators, tutors, special education
13 teachers, pupil support staff teachers, English learner
14 teachers, extended day teachers, and summer school
15 teachers. Where specific grade data is not required for
16 the Essential Elements, the average salary for
17 corresponding positions shall apply. For substitute
18 teachers, the average teacher salary for grades K through
19 12 shall apply.

20 For calculating the salaries included within the
21 Essential Elements for positions not included within EIS
22 Data, the following salaries shall be used in the first
23 year of implementation of Evidence-Based Funding:

24 (i) school site staff, \$30,000; and

25 (ii) non-instructional assistant, instructional
26 assistant, library aide, library media tech, or

1 supervisory aide: \$25,000.

2 In the second and subsequent years of implementation
3 of Evidence-Based Funding, the amounts in items (i) and
4 (ii) of this paragraph (3) shall annually increase by the
5 ECI.

6 The salary amounts for the Essential Elements
7 determined pursuant to subparagraphs (A) through (L), (S)
8 and (T), and (V) through (X) of paragraph (2) of
9 subsection (b) of this Section shall be multiplied by a
10 Regionalization Factor.

11 (c) Local Capacity calculation.

12 (1) Each Organizational Unit's Local Capacity
13 represents an amount of funding it is assumed to
14 contribute toward its Adequacy Target for purposes of the
15 Evidence-Based Funding formula calculation. "Local
16 Capacity" means either (i) the Organizational Unit's Local
17 Capacity Target as calculated in accordance with paragraph
18 (2) of this subsection (c) if its Real Receipts are equal
19 to or less than its Local Capacity Target or (ii) the
20 Organizational Unit's Adjusted Local Capacity, as
21 calculated in accordance with paragraph (3) of this
22 subsection (c) if Real Receipts are more than its Local
23 Capacity Target.

24 (2) "Local Capacity Target" means, for an
25 Organizational Unit, that dollar amount that is obtained
26 by multiplying its Adequacy Target by its Local Capacity

1 Ratio.

2 (A) An Organizational Unit's Local Capacity
3 Percentage is the conversion of the Organizational
4 Unit's Local Capacity Ratio, as such ratio is
5 determined in accordance with subparagraph (B) of this
6 paragraph (2), into a cumulative distribution
7 resulting in a percentile ranking to determine each
8 Organizational Unit's relative position to all other
9 Organizational Units in this State. The calculation of
10 Local Capacity Percentage is described in subparagraph
11 (C) of this paragraph (2).

12 (B) An Organizational Unit's Local Capacity Ratio
13 in a given year is the percentage obtained by dividing
14 its Adjusted EAV or PTELL EAV, whichever is less, by
15 its Adequacy Target, with the resulting ratio further
16 adjusted as follows:

17 (i) for Organizational Units serving grades
18 kindergarten through 12 and Hybrid Districts, no
19 further adjustments shall be made;

20 (ii) for Organizational Units serving grades
21 kindergarten through 8, the ratio shall be
22 multiplied by 9/13;

23 (iii) for Organizational Units serving grades
24 9 through 12, the Local Capacity Ratio shall be
25 multiplied by 4/13; and

26 (iv) for an Organizational Unit with a

1 different grade configuration than those specified
2 in items (i) through (iii) of this subparagraph
3 (B), the State Superintendent shall determine a
4 comparable adjustment based on the grades served.

5 (C) The Local Capacity Percentage is equal to the
6 percentile ranking of the district. Local Capacity
7 Percentage converts each Organizational Unit's Local
8 Capacity Ratio to a cumulative distribution resulting
9 in a percentile ranking to determine each
10 Organizational Unit's relative position to all other
11 Organizational Units in this State. The Local Capacity
12 Percentage cumulative distribution resulting in a
13 percentile ranking for each Organizational Unit shall
14 be calculated using the standard normal distribution
15 of the score in relation to the weighted mean and
16 weighted standard deviation and Local Capacity Ratios
17 of all Organizational Units. If the value assigned to
18 any Organizational Unit is in excess of 90%, the value
19 shall be adjusted to 90%. For Laboratory Schools, the
20 Local Capacity Percentage shall be set at 10% in
21 recognition of the absence of EAV and resources from
22 the public university that are allocated to the
23 Laboratory School. For a regional office of education
24 or an intermediate service center operating one or
25 more alternative education programs, the Local
26 Capacity Percentage must be set at 10% in recognition

1 of the absence of EAV and resources from school
2 districts that are allocated to the regional office of
3 education or intermediate service center. The weighted
4 mean for the Local Capacity Percentage shall be
5 determined by multiplying each Organizational Unit's
6 Local Capacity Ratio times the ASE for the unit
7 creating a weighted value, summing the weighted values
8 of all Organizational Units, and dividing by the total
9 ASE of all Organizational Units. The weighted standard
10 deviation shall be determined by taking the square
11 root of the weighted variance of all Organizational
12 Units' Local Capacity Ratio, where the variance is
13 calculated by squaring the difference between each
14 unit's Local Capacity Ratio and the weighted mean,
15 then multiplying the variance for each unit times the
16 ASE for the unit to create a weighted variance for each
17 unit, then summing all units' weighted variance and
18 dividing by the total ASE of all units.

19 (D) For any Organizational Unit, the
20 Organizational Unit's Adjusted Local Capacity Target
21 shall be reduced by either (i) the school board's
22 remaining contribution pursuant to paragraph (ii) of
23 subsection (b-4) of Section 16-158 of the Illinois
24 Pension Code in a given year or (ii) the board of
25 education's remaining contribution pursuant to
26 paragraph (iv) of subsection (b) of Section 17-129 of

1 the Illinois Pension Code absent the employer normal
2 cost portion of the required contribution and amount
3 allowed pursuant to subdivision (3) of Section
4 17-142.1 of the Illinois Pension Code in a given year.
5 In the preceding sentence, item (i) shall be certified
6 to the State Board of Education by the Teachers'
7 Retirement System of the State of Illinois and item
8 (ii) shall be certified to the State Board of
9 Education by the Public School Teachers' Pension and
10 Retirement Fund of the City of Chicago.

11 (3) If an Organizational Unit's Real Receipts are more
12 than its Local Capacity Target, then its Local Capacity
13 shall equal an Adjusted Local Capacity Target as
14 calculated in accordance with this paragraph (3). The
15 Adjusted Local Capacity Target is calculated as the sum of
16 the Organizational Unit's Local Capacity Target and its
17 Real Receipts Adjustment. The Real Receipts Adjustment
18 equals the Organizational Unit's Real Receipts less its
19 Local Capacity Target, with the resulting figure
20 multiplied by the Local Capacity Percentage.

21 As used in this paragraph (3), "Real Percent of
22 Adequacy" means the sum of an Organizational Unit's Real
23 Receipts, CPPRT, and Base Funding Minimum, with the
24 resulting figure divided by the Organizational Unit's
25 Adequacy Target.

26 (d) Calculation of Real Receipts, EAV, and Adjusted EAV

1 for purposes of the Local Capacity calculation.

2 (1) An Organizational Unit's Real Receipts are the
3 product of its Applicable Tax Rate and its Adjusted EAV.
4 An Organizational Unit's Applicable Tax Rate is its
5 Adjusted Operating Tax Rate for property within the
6 Organizational Unit.

7 (2) The State Superintendent shall calculate the
8 equalized assessed valuation, or EAV, of all taxable
9 property of each Organizational Unit as of September 30 of
10 the previous year in accordance with paragraph (3) of this
11 subsection (d). The State Superintendent shall then
12 determine the Adjusted EAV of each Organizational Unit in
13 accordance with paragraph (4) of this subsection (d),
14 which Adjusted EAV figure shall be used for the purposes
15 of calculating Local Capacity.

16 (3) To calculate Real Receipts and EAV, the Department
17 of Revenue shall supply to the State Superintendent the
18 value as equalized or assessed by the Department of
19 Revenue of all taxable property of every Organizational
20 Unit, together with (i) the applicable tax rate used in
21 extending taxes for the funds of the Organizational Unit
22 as of September 30 of the previous year and (ii) the
23 limiting rate for all Organizational Units subject to
24 property tax extension limitations as imposed under PTELL.

25 (A) The Department of Revenue shall add to the
26 equalized assessed value of all taxable property of

1 each Organizational Unit situated entirely or
2 partially within a county that is or was subject to the
3 provisions of Section 15-176 or 15-177 of the Property
4 Tax Code (i) an amount equal to the total amount by
5 which the homestead exemption allowed under Section
6 15-176 or 15-177 of the Property Tax Code for real
7 property situated in that Organizational Unit exceeds
8 the total amount that would have been allowed in that
9 Organizational Unit if the maximum reduction under
10 Section 15-176 was (I) \$4,500 in Cook County or \$3,500
11 in all other counties in tax year 2003 or (II) \$5,000
12 in all counties in tax year 2004 and thereafter and
13 (ii) an amount equal to the aggregate amount for the
14 taxable year of all additional exemptions under
15 Section 15-175 of the Property Tax Code for owners
16 with a household income of \$30,000 or less. The county
17 clerk of any county that is or was subject to the
18 provisions of Section 15-176 or 15-177 of the Property
19 Tax Code shall annually calculate and certify to the
20 Department of Revenue for each Organizational Unit all
21 homestead exemption amounts under Section 15-176 or
22 15-177 of the Property Tax Code and all amounts of
23 additional exemptions under Section 15-175 of the
24 Property Tax Code for owners with a household income
25 of \$30,000 or less. It is the intent of this
26 subparagraph (A) that if the general homestead

1 exemption for a parcel of property is determined under
2 Section 15-176 or 15-177 of the Property Tax Code
3 rather than Section 15-175, then the calculation of
4 EAV shall not be affected by the difference, if any,
5 between the amount of the general homestead exemption
6 allowed for that parcel of property under Section
7 15-176 or 15-177 of the Property Tax Code and the
8 amount that would have been allowed had the general
9 homestead exemption for that parcel of property been
10 determined under Section 15-175 of the Property Tax
11 Code. It is further the intent of this subparagraph
12 (A) that if additional exemptions are allowed under
13 Section 15-175 of the Property Tax Code for owners
14 with a household income of less than \$30,000, then the
15 calculation of EAV shall not be affected by the
16 difference, if any, because of those additional
17 exemptions.

18 (B) With respect to any part of an Organizational
19 Unit within a redevelopment project area in respect to
20 which a municipality has adopted tax increment
21 allocation financing pursuant to the Tax Increment
22 Allocation Redevelopment Act, Division 74.4 of Article
23 11 of the Illinois Municipal Code, or the Industrial
24 Jobs Recovery Law, Division 74.6 of Article 11 of the
25 Illinois Municipal Code, no part of the current EAV of
26 real property located in any such project area that is

1 attributable to an increase above the total initial
2 EAV of such property shall be used as part of the EAV
3 of the Organizational Unit, until such time as all
4 redevelopment project costs have been paid, as
5 provided in Section 11-74.4-8 of the Tax Increment
6 Allocation Redevelopment Act or in Section 11-74.6-35
7 of the Industrial Jobs Recovery Law. For the purpose
8 of the EAV of the Organizational Unit, the total
9 initial EAV or the current EAV, whichever is lower,
10 shall be used until such time as all redevelopment
11 project costs have been paid.

12 (B-5) The real property equalized assessed
13 valuation for a school district shall be adjusted by
14 subtracting from the real property value, as equalized
15 or assessed by the Department of Revenue, for the
16 district an amount computed by dividing the amount of
17 any abatement of taxes under Section 18-170 of the
18 Property Tax Code by 3.00% for a district maintaining
19 grades kindergarten through 12, by 2.30% for a
20 district maintaining grades kindergarten through 8, or
21 by 1.05% for a district maintaining grades 9 through
22 12 and adjusted by an amount computed by dividing the
23 amount of any abatement of taxes under subsection (a)
24 of Section 18-165 of the Property Tax Code by the same
25 percentage rates for district type as specified in
26 this subparagraph (B-5).

1 (C) For Organizational Units that are Hybrid
2 Districts, the State Superintendent shall use the
3 lesser of the adjusted equalized assessed valuation
4 for property within the partial elementary unit
5 district for elementary purposes, as defined in
6 Article 11E of this Code, or the adjusted equalized
7 assessed valuation for property within the partial
8 elementary unit district for high school purposes, as
9 defined in Article 11E of this Code.

10 (D) If a school district's boundaries span
11 multiple counties, then the Department of Revenue
12 shall send to the State Board, for the purposes of
13 calculating Evidence-Based Funding, the limiting rate
14 and individual rates by purpose for the county that
15 contains the majority of the school district's
16 equalized assessed valuation.

17 (4) An Organizational Unit's Adjusted EAV shall be the
18 average of its EAV over the immediately preceding 3 years
19 or the lesser of its EAV in the immediately preceding year
20 or the average of its EAV over the immediately preceding 3
21 years if the EAV in the immediately preceding year has
22 declined by 10% or more when comparing the 2 most recent
23 years. In the event of Organizational Unit reorganization,
24 consolidation, or annexation, the Organizational Unit's
25 Adjusted EAV for the first 3 years after such change shall
26 be as follows: the most current EAV shall be used in the

1 first year, the average of a 2-year EAV or its EAV in the
2 immediately preceding year if the EAV declines by 10% or
3 more when comparing the 2 most recent years for the second
4 year, and the lesser of a 3-year average EAV or its EAV in
5 the immediately preceding year if the Adjusted EAV
6 declines by 10% or more when comparing the 2 most recent
7 years for the third year. For any school district whose
8 EAV in the immediately preceding year is used in
9 calculations, in the following year, the Adjusted EAV
10 shall be the average of its EAV over the immediately
11 preceding 2 years or the immediately preceding year if
12 that year represents a decline of 10% or more when
13 comparing the 2 most recent years.

14 "PTELL EAV" means a figure calculated by the State
15 Board for Organizational Units subject to PTELL as
16 described in this paragraph (4) for the purposes of
17 calculating an Organizational Unit's Local Capacity Ratio.
18 Except as otherwise provided in this paragraph (4), the
19 PTELL EAV of an Organizational Unit shall be equal to the
20 product of the equalized assessed valuation last used in
21 the calculation of general State aid under Section 18-8.05
22 of this Code (now repealed) or Evidence-Based Funding
23 under this Section and the Organizational Unit's Extension
24 Limitation Ratio. If an Organizational Unit has approved
25 or does approve an increase in its limiting rate, pursuant
26 to Section 18-190 of the Property Tax Code, affecting the

1 Base Tax Year, the PTELL EAV shall be equal to the product
2 of the equalized assessed valuation last used in the
3 calculation of general State aid under Section 18-8.05 of
4 this Code (now repealed) or Evidence-Based Funding under
5 this Section multiplied by an amount equal to one plus the
6 percentage increase, if any, in the Consumer Price Index
7 for All Urban Consumers for all items published by the
8 United States Department of Labor for the 12-month
9 calendar year preceding the Base Tax Year, plus the
10 equalized assessed valuation of new property, annexed
11 property, and recovered tax increment value and minus the
12 equalized assessed valuation of disconnected property.

13 As used in this paragraph (4), "new property" and
14 "recovered tax increment value" shall have the meanings
15 set forth in the Property Tax Extension Limitation Law.

16 (e) Base Funding Minimum calculation.

17 (1) For the 2017-2018 school year, the Base Funding
18 Minimum of an Organizational Unit or a Specially Funded
19 Unit shall be the amount of State funds distributed to the
20 Organizational Unit or Specially Funded Unit during the
21 2016-2017 school year prior to any adjustments and
22 specified appropriation amounts described in this
23 paragraph (1) from the following Sections, as calculated
24 by the State Superintendent: Section 18-8.05 of this Code
25 (now repealed); Section 5 of Article 224 of Public Act
26 99-524 (equity grants); Section 14-7.02b of this Code

1 (funding for children requiring special education
2 services); Section 14-13.01 of this Code (special
3 education facilities and staffing), except for
4 reimbursement of the cost of transportation pursuant to
5 Section 14-13.01; Section 14C-12 of this Code (English
6 learners); and Section 18-4.3 of this Code (summer
7 school), based on an appropriation level of \$13,121,600.
8 For a school district organized under Article 34 of this
9 Code, the Base Funding Minimum also includes (i) the funds
10 allocated to the school district pursuant to Section 1D-1
11 of this Code attributable to funding programs authorized
12 by the Sections of this Code listed in the preceding
13 sentence and (ii) the difference between (I) the funds
14 allocated to the school district pursuant to Section 1D-1
15 of this Code attributable to the funding programs
16 authorized by Section 14-7.02 (non-public special
17 education reimbursement), subsection (b) of Section
18 14-13.01 (special education transportation), Section 29-5
19 (transportation), Section 2-3.80 (agricultural
20 education), Section 2-3.66 (truants' alternative
21 education), Section 2-3.62 (educational service centers),
22 and Section 14-7.03 (special education - orphanage) of
23 this Code and Section 15 of the Childhood Hunger Relief
24 Act (free breakfast program) and (II) the school
25 district's actual expenditures for its non-public special
26 education, special education transportation,

1 transportation programs, agricultural education, truants'
2 alternative education, services that would otherwise be
3 performed by a regional office of education, special
4 education orphanage expenditures, and free breakfast, as
5 most recently calculated and reported pursuant to
6 subsection (f) of Section 1D-1 of this Code. The Base
7 Funding Minimum for Glenwood Academy shall be \$952,014.
8 For programs operated by a regional office of education or
9 an intermediate service center, the Base Funding Minimum
10 must be the total amount of State funds allocated to those
11 programs in the 2018-2019 school year and amounts provided
12 pursuant to Article 34 of Public Act 100-586 and Section
13 3-16 of this Code. All programs established after June 5,
14 2019 (the effective date of Public Act 101-10) and
15 administered by a regional office of education or an
16 intermediate service center must have an initial Base
17 Funding Minimum set to an amount equal to the first-year
18 ASE multiplied by the amount of per pupil funding received
19 in the previous school year by the lowest funded similar
20 existing program type. If the enrollment for a program
21 operated by a regional office of education or an
22 intermediate service center is zero, then it may not
23 receive Base Funding Minimum funds for that program in the
24 next fiscal year, and those funds must be distributed to
25 Organizational Units under subsection (g).

26 (2) For the 2018-2019 and subsequent school years, the

1 Base Funding Minimum of Organizational Units and Specially
2 Funded Units shall be the sum of (i) the amount of
3 Evidence-Based Funding for the prior school year, (ii) the
4 Base Funding Minimum for the prior school year, and (iii)
5 any amount received by a school district pursuant to
6 Section 7 of Article 97 of Public Act 100-21.

7 For the 2022-2023 school year, the Base Funding
8 Minimum of Organizational Units shall be the amounts
9 recalculated by the State Board of Education for Fiscal
10 Year 2019 through Fiscal Year 2022 that were necessary due
11 to average student enrollment errors for districts
12 organized under Article 34 of this Code, plus the Fiscal
13 Year 2022 property tax relief grants provided under
14 Section 2-3.170 of this Code, ensuring each Organizational
15 Unit has the correct amount of resources for Fiscal Year
16 2023 Evidence-Based Funding calculations and that Fiscal
17 Year 2023 Evidence-Based Funding Distributions are made in
18 accordance with this Section.

19 (3) Subject to approval by the General Assembly as
20 provided in this paragraph (3), an Organizational Unit
21 that meets all of the following criteria, as determined by
22 the State Board, shall have District Intervention Money
23 added to its Base Funding Minimum at the time the Base
24 Funding Minimum is calculated by the State Board:

25 (A) The Organizational Unit is operating under an
26 Independent Authority under Section 2-3.25f-5 of this

1 Code for a minimum of 4 school years or is subject to
2 the control of the State Board pursuant to a court
3 order for a minimum of 4 school years.

4 (B) The Organizational Unit was designated as a
5 Tier 1 or Tier 2 Organizational Unit in the previous
6 school year under paragraph (3) of subsection (g) of
7 this Section.

8 (C) The Organizational Unit demonstrates
9 sustainability through a 5-year financial and
10 strategic plan.

11 (D) The Organizational Unit has made sufficient
12 progress and achieved sufficient stability in the
13 areas of governance, academic growth, and finances.

14 As part of its determination under this paragraph (3),
15 the State Board may consider the Organizational Unit's
16 summative designation, any accreditations of the
17 Organizational Unit, or the Organizational Unit's
18 financial profile, as calculated by the State Board.

19 If the State Board determines that an Organizational
20 Unit has met the criteria set forth in this paragraph (3),
21 it must submit a report to the General Assembly, no later
22 than January 2 of the fiscal year in which the State Board
23 makes its determination, on the amount of District
24 Intervention Money to add to the Organizational Unit's
25 Base Funding Minimum. The General Assembly must review the
26 State Board's report and may approve or disapprove, by

1 joint resolution, the addition of District Intervention
2 Money. If the General Assembly fails to act on the report
3 within 40 calendar days from the receipt of the report,
4 the addition of District Intervention Money is deemed
5 approved. If the General Assembly approves the amount of
6 District Intervention Money to be added to the
7 Organizational Unit's Base Funding Minimum, the District
8 Intervention Money must be added to the Base Funding
9 Minimum annually thereafter.

10 For the first 4 years following the initial year that
11 the State Board determines that an Organizational Unit has
12 met the criteria set forth in this paragraph (3) and has
13 received funding under this Section, the Organizational
14 Unit must annually submit to the State Board, on or before
15 November 30, a progress report regarding its financial and
16 strategic plan under subparagraph (C) of this paragraph
17 (3). The plan shall include the financial data from the
18 past 4 annual financial reports or financial audits that
19 must be presented to the State Board by November 15 of each
20 year and the approved budget financial data for the
21 current year. The plan shall be developed according to the
22 guidelines presented to the Organizational Unit by the
23 State Board. The plan shall further include financial
24 projections for the next 3 fiscal years and include a
25 discussion and financial summary of the Organizational
26 Unit's facility needs. If the Organizational Unit does not

1 demonstrate sufficient progress toward its 5-year plan or
2 if it has failed to file an annual financial report, an
3 annual budget, a financial plan, a deficit reduction plan,
4 or other financial information as required by law, the
5 State Board may establish a Financial Oversight Panel
6 under Article 1H of this Code. However, if the
7 Organizational Unit already has a Financial Oversight
8 Panel, the State Board may extend the duration of the
9 Panel.

10 (f) Percent of Adequacy and Final Resources calculation.

11 (1) The Evidence-Based Funding formula establishes a
12 Percent of Adequacy for each Organizational Unit in order
13 to place such units into tiers for the purposes of the
14 funding distribution system described in subsection (g) of
15 this Section. Initially, an Organizational Unit's
16 Preliminary Resources and Preliminary Percent of Adequacy
17 are calculated pursuant to paragraph (2) of this
18 subsection (f). Then, an Organizational Unit's Final
19 Resources and Final Percent of Adequacy are calculated to
20 account for the Organizational Unit's poverty
21 concentration levels pursuant to paragraphs (3) and (4) of
22 this subsection (f).

23 (2) An Organizational Unit's Preliminary Resources are
24 equal to the sum of its Local Capacity Target, CPPRT, and
25 Base Funding Minimum. An Organizational Unit's Preliminary
26 Percent of Adequacy is the lesser of (i) its Preliminary

Resources divided by its Adequacy Target or (ii) 100%.

(3) Except for Specially Funded Units, an Organizational Unit's Final Resources are equal to the sum of its Local Capacity, CPPRT, and Adjusted Base Funding Minimum. The Base Funding Minimum of each Specially Funded Unit shall serve as its Final Resources, except that the Base Funding Minimum for State-approved charter schools shall not include any portion of general State aid allocated in the prior year based on the per capita tuition charge times the charter school enrollment.

(4) An Organizational Unit's Final Percent of Adequacy is its Final Resources divided by its Adequacy Target. An Organizational Unit's Adjusted Base Funding Minimum is equal to its Base Funding Minimum less its Supplemental Grant Funding, with the resulting figure added to the product of its Supplemental Grant Funding and Preliminary Percent of Adequacy.

(g) Evidence-Based Funding formula distribution system.

(1) In each school year under the Evidence-Based Funding formula, each Organizational Unit receives funding equal to the sum of its Base Funding Minimum and the unit's allocation of New State Funds determined pursuant to this subsection (g). To allocate New State Funds, the Evidence-Based Funding formula distribution system first places all Organizational Units into one of 4 tiers in accordance with paragraph (3) of this subsection (g),

1 based on the Organizational Unit's Final Percent of
2 Adequacy. New State Funds are allocated to each of the 4
3 tiers as follows: Tier 1 Aggregate Funding equals 50% of
4 all New State Funds, Tier 2 Aggregate Funding equals 49%
5 of all New State Funds, Tier 3 Aggregate Funding equals
6 0.9% of all New State Funds, and Tier 4 Aggregate Funding
7 equals 0.1% of all New State Funds. Each Organizational
8 Unit within Tier 1 or Tier 2 receives an allocation of New
9 State Funds equal to its tier Funding Gap, as defined in
10 the following sentence, multiplied by the tier's
11 Allocation Rate determined pursuant to paragraph (4) of
12 this subsection (g). For Tier 1, an Organizational Unit's
13 Funding Gap equals the tier's Target Ratio, as specified
14 in paragraph (5) of this subsection (g), multiplied by the
15 Organizational Unit's Adequacy Target, with the resulting
16 amount reduced by the Organizational Unit's Final
17 Resources. For Tier 2, an Organizational Unit's Funding
18 Gap equals the tier's Target Ratio, as described in
19 paragraph (5) of this subsection (g), multiplied by the
20 Organizational Unit's Adequacy Target, with the resulting
21 amount reduced by the Organizational Unit's Final
22 Resources and its Tier 1 funding allocation. To determine
23 the Organizational Unit's Funding Gap, the resulting
24 amount is then multiplied by a factor equal to one minus
25 the Organizational Unit's Local Capacity Target
26 percentage. Each Organizational Unit within Tier 3 or Tier

1 4 receives an allocation of New State Funds equal to the
2 product of its Adequacy Target and the tier's Allocation
3 Rate, as specified in paragraph (4) of this subsection
4 (g).

5 (2) To ensure equitable distribution of dollars for
6 all Tier 2 Organizational Units, no Tier 2 Organizational
7 Unit shall receive fewer dollars per ASE than any Tier 3
8 Organizational Unit. Each Tier 2 and Tier 3 Organizational
9 Unit shall have its funding allocation divided by its ASE.
10 Any Tier 2 Organizational Unit with a funding allocation
11 per ASE below the greatest Tier 3 allocation per ASE shall
12 get a funding allocation equal to the greatest Tier 3
13 funding allocation per ASE multiplied by the
14 Organizational Unit's ASE. Each Tier 2 Organizational
15 Unit's Tier 2 funding allocation shall be multiplied by
16 the percentage calculated by dividing the original Tier 2
17 Aggregate Funding by the sum of all Tier 2 Organizational
18 Units' Tier 2 funding allocation after adjusting
19 districts' funding below Tier 3 levels.

20 (3) Organizational Units are placed into one of 4
21 tiers as follows:

22 (A) Tier 1 consists of all Organizational Units,
23 except for Specially Funded Units, with a Percent of
24 Adequacy less than the Tier 1 Target Ratio. The Tier 1
25 Target Ratio is the ratio level that allows for Tier 1
26 Aggregate Funding to be distributed, with the Tier 1

1 Allocation Rate determined pursuant to paragraph (4)
2 of this subsection (g).

3 (B) Tier 2 consists of all Tier 1 Units and all
4 other Organizational Units, except for Specially
5 Funded Units, with a Percent of Adequacy of less than
6 0.90.

7 (C) Tier 3 consists of all Organizational Units,
8 except for Specially Funded Units, with a Percent of
9 Adequacy of at least 0.90 and less than 1.0.

10 (D) Tier 4 consists of all Organizational Units
11 with a Percent of Adequacy of at least 1.0.

12 (4) The Allocation Rates for Tiers 1 through 4 are
13 determined as follows:

14 (A) The Tier 1 Allocation Rate is 30%.

15 (B) The Tier 2 Allocation Rate is the result of the
16 following equation: Tier 2 Aggregate Funding, divided
17 by the sum of the Funding Gaps for all Tier 2
18 Organizational Units, unless the result of such
19 equation is higher than 1.0. If the result of such
20 equation is higher than 1.0, then the Tier 2
21 Allocation Rate is 1.0.

22 (C) The Tier 3 Allocation Rate is the result of the
23 following equation: Tier 3 Aggregate Funding, divided
24 by the sum of the Adequacy Targets of all Tier 3
25 Organizational Units.

26 (D) The Tier 4 Allocation Rate is the result of the

1 following equation: Tier 4 Aggregate Funding, divided
2 by the sum of the Adequacy Targets of all Tier 4
3 Organizational Units.

4 (5) A tier's Target Ratio is determined as follows:

5 (A) The Tier 1 Target Ratio is the ratio level that
6 allows for Tier 1 Aggregate Funding to be distributed
7 with the Tier 1 Allocation Rate.

8 (B) The Tier 2 Target Ratio is 0.90.

9 (C) The Tier 3 Target Ratio is 1.0.

10 (6) If, at any point, the Tier 1 Target Ratio is
11 greater than 90%, then all Tier 1 funding shall be
12 allocated to Tier 2 and no Tier 1 Organizational Unit's
13 funding may be identified.

14 (7) In the event that all Tier 2 Organizational Units
15 receive funding at the Tier 2 Target Ratio level, any
16 remaining New State Funds shall be allocated to Tier 3 and
17 Tier 4 Organizational Units.

18 (8) If any Specially Funded Units, excluding Glenwood
19 Academy, recognized by the State Board do not qualify for
20 direct funding following the implementation of Public Act
21 100-465 from any of the funding sources included within
22 the definition of Base Funding Minimum, the unqualified
23 portion of the Base Funding Minimum shall be transferred
24 to one or more appropriate Organizational Units as
25 determined by the State Superintendent based on the prior
26 year ASE of the Organizational Units.

1 (8.5) If a school district withdraws from a special
2 education cooperative, the portion of the Base Funding
3 Minimum that is attributable to the school district may be
4 redistributed to the school district upon withdrawal. The
5 school district and the cooperative must include the
6 amount of the Base Funding Minimum that is to be
7 reapportioned in their withdrawal agreement and notify the
8 State Board of the change with a copy of the agreement upon
9 withdrawal.

10 (9) The Minimum Funding Level is intended to establish
11 a target for State funding that will keep pace with
12 inflation and continue to advance equity through the
13 Evidence-Based Funding formula. The target for State
14 funding of New Property Tax Relief Pool Funds is
15 \$50,000,000 for State fiscal year 2019 and subsequent
16 State fiscal years. The Minimum Funding Level is equal to
17 \$350,000,000. In addition to any New State Funds, no more
18 than \$50,000,000 New Property Tax Relief Pool Funds may be
19 counted toward the Minimum Funding Level. If the sum of
20 New State Funds and applicable New Property Tax Relief
21 Pool Funds are less than the Minimum Funding Level, than
22 funding for tiers shall be reduced in the following
23 manner:

24 (A) First, Tier 4 funding shall be reduced by an
25 amount equal to the difference between the Minimum
26 Funding Level and New State Funds until such time as

1 Tier 4 funding is exhausted.

2 (B) Next, Tier 3 funding shall be reduced by an
3 amount equal to the difference between the Minimum
4 Funding Level and New State Funds and the reduction in
5 Tier 4 funding until such time as Tier 3 funding is
6 exhausted.

7 (C) Next, Tier 2 funding shall be reduced by an
8 amount equal to the difference between the Minimum
9 Funding Level and New State Funds and the reduction in
10 Tier 4 and Tier 3.

11 (D) Finally, Tier 1 funding shall be reduced by an
12 amount equal to the difference between the Minimum
13 Funding level and New State Funds and the reduction in
14 Tier 2, 3, and 4 funding. In addition, the Allocation
15 Rate for Tier 1 shall be reduced to a percentage equal
16 to the Tier 1 Allocation Rate set by paragraph (4) of
17 this subsection (g), multiplied by the result of New
18 State Funds divided by the Minimum Funding Level.

19 (9.5) For State fiscal year 2019 and subsequent State
20 fiscal years, if New State Funds exceed \$300,000,000, then
21 any amount in excess of \$300,000,000 shall be dedicated
22 for purposes of Section 2-3.170 of this Code up to a
23 maximum of \$50,000,000.

24 (10) In the event of a decrease in the amount of the
25 appropriation for this Section in any fiscal year after
26 implementation of this Section, the Organizational Units

1 receiving Tier 1 and Tier 2 funding, as determined under
2 paragraph (3) of this subsection (g), shall be held
3 harmless by establishing a Base Funding Guarantee equal to
4 the per pupil kindergarten through grade 12 funding
5 received in accordance with this Section in the prior
6 fiscal year. Reductions shall be made to the Base Funding
7 Minimum of Organizational Units in Tier 3 and Tier 4 on a
8 per pupil basis equivalent to the total number of the ASE
9 in Tier 3-funded and Tier 4-funded Organizational Units
10 divided by the total reduction in State funding. The Base
11 Funding Minimum as reduced shall continue to be applied to
12 Tier 3 and Tier 4 Organizational Units and adjusted by the
13 relative formula when increases in appropriations for this
14 Section resume. In no event may State funding reductions
15 to Organizational Units in Tier 3 or Tier 4 exceed an
16 amount that would be less than the Base Funding Minimum
17 established in the first year of implementation of this
18 Section. If additional reductions are required, all school
19 districts shall receive a reduction by a per pupil amount
20 equal to the aggregate additional appropriation reduction
21 divided by the total ASE of all Organizational Units.

22 (11) The State Superintendent shall make minor
23 adjustments to the distribution formula set forth in this
24 subsection (g) to account for the rounding of percentages
25 to the nearest tenth of a percentage and dollar amounts to
26 the nearest whole dollar.

1 (h) State Superintendent administration of funding and
2 district submission requirements.

3 (1) The State Superintendent shall, in accordance with
4 appropriations made by the General Assembly, meet the
5 funding obligations created under this Section.

6 (2) The State Superintendent shall calculate the
7 Adequacy Target for each Organizational Unit under this
8 Section. No Evidence-Based Funding shall be distributed
9 within an Organizational Unit without the approval of the
10 unit's school board.

11 (3) Annually, the State Superintendent shall calculate
12 and report to each Organizational Unit the unit's
13 aggregate financial adequacy amount, which shall be the
14 sum of the Adequacy Target for each Organizational Unit.
15 The State Superintendent shall calculate and report
16 separately for each Organizational Unit the unit's total
17 State funds allocated for its students with disabilities.
18 The State Superintendent shall calculate and report
19 separately for each Organizational Unit the amount of
20 funding and applicable FTE calculated for each Essential
21 Element of the unit's Adequacy Target.

22 (4) Annually, the State Superintendent shall calculate
23 and report to each Organizational Unit the amount the unit
24 must expend on special education and bilingual education
25 and computer technology and equipment for Organizational
26 Units assigned to Tier 1 or Tier 2 that received an

1 additional \$285.50 per student computer technology and
2 equipment investment grant to their Adequacy Target
3 pursuant to the unit's Base Funding Minimum, Special
4 Education Allocation, Bilingual Education Allocation, and
5 computer technology and equipment investment allocation.

6 (5) Moneys distributed under this Section shall be
7 calculated on a school year basis, but paid on a fiscal
8 year basis, with payments beginning in August and
9 extending through June. Unless otherwise provided, the
10 moneys appropriated for each fiscal year shall be
11 distributed in 22 equal payments at least 2 times monthly
12 to each Organizational Unit. If moneys appropriated for
13 any fiscal year are distributed other than monthly, the
14 distribution shall be on the same basis for each
15 Organizational Unit.

16 (6) Any school district that fails, for any given
17 school year, to maintain school as required by law or to
18 maintain a recognized school is not eligible to receive
19 Evidence-Based Funding. In case of non-recognition of one
20 or more attendance centers in a school district otherwise
21 operating recognized schools, the claim of the district
22 shall be reduced in the proportion that the enrollment in
23 the attendance center or centers bears to the enrollment
24 of the school district. "Recognized school" means any
25 public school that meets the standards for recognition by
26 the State Board. A school district or attendance center

1 not having recognition status at the end of a school term
2 is entitled to receive State aid payments due upon a legal
3 claim that was filed while it was recognized.

4 (7) School district claims filed under this Section
5 are subject to Sections 18-9 and 18-12 of this Code,
6 except as otherwise provided in this Section.

7 (8) Each fiscal year, the State Superintendent shall
8 calculate for each Organizational Unit an amount of its
9 Base Funding Minimum and Evidence-Based Funding that shall
10 be deemed attributable to the provision of special
11 educational facilities and services, as defined in Section
12 14-1.08 of this Code, in a manner that ensures compliance
13 with maintenance of State financial support requirements
14 under the federal Individuals with Disabilities Education
15 Act. An Organizational Unit must use such funds only for
16 the provision of special educational facilities and
17 services, as defined in Section 14-1.08 of this Code, and
18 must comply with any expenditure verification procedures
19 adopted by the State Board.

20 (9) All Organizational Units in this State must submit
21 annual spending plans, as part of the budget submission
22 process, no later than October 31 of each year to the State
23 Board. The spending plan shall describe how each
24 Organizational Unit will utilize the Base Funding Minimum
25 and Evidence-Based Funding it receives from this State
26 under this Section with specific identification of the

1 intended utilization of Low-Income, English learner, and
2 special education resources. Additionally, the annual
3 spending plans of each Organizational Unit shall describe
4 how the Organizational Unit expects to achieve student
5 growth and how the Organizational Unit will achieve State
6 education goals, as defined by the State Board, and shall
7 indicate which stakeholder groups the Organizational Unit
8 engaged with to inform its annual spending plans. The
9 State Superintendent may, from time to time, identify
10 additional requisites for Organizational Units to satisfy
11 when compiling the annual spending plans required under
12 this subsection (h). The format and scope of annual
13 spending plans shall be developed by the State
14 Superintendent and the State Board of Education. School
15 districts that serve students under Article 14C of this
16 Code shall continue to submit information as required
17 under Section 14C-12 of this Code. Annual spending plans
18 required under this subsection (h) shall be integrated
19 into annual school district budgets completed pursuant to
20 Section 17-1 or Section 34-43. Organizational Units that
21 do not submit a budget to the State Board shall be provided
22 with a separate planning template developed by the State
23 Board. The State Board shall create an Evidence-Based
24 Funding spending plan tool to make Evidence-Based Funding
25 spending plan data for each Organizational Unit available
26 on the State Board's website no later than December 31,

1 2025, with annual updates thereafter. The tool shall allow
2 for the selection and review of each Organizational Unit's
3 planned use of Evidence-Based Funding.

4 (10) No later than January 1, 2018, the State
5 Superintendent shall develop a 5-year strategic plan for
6 all Organizational Units to help in planning for adequacy
7 funding under this Section. The State Superintendent shall
8 submit the plan to the Governor and the General Assembly,
9 as provided in Section 3.1 of the General Assembly
10 Organization Act. The plan shall include recommendations
11 for:

12 (A) a framework for collaborative, professional,
13 innovative, and 21st century learning environments
14 using the Evidence-Based Funding model;

15 (B) ways to prepare and support this State's
16 educators for successful instructional careers;

17 (C) application and enhancement of the current
18 financial accountability measures, the approved State
19 plan to comply with the federal Every Student Succeeds
20 Act, and the Illinois Balanced Accountability Measures
21 in relation to student growth and elements of the
22 Evidence-Based Funding model; and

23 (D) implementation of an effective school adequacy
24 funding system based on projected and recommended
25 funding levels from the General Assembly.

26 (11) On an annual basis, the State Superintendent must

1 recalibrate all of the following per pupil elements of the
2 Adequacy Target and applied to the formulas, based on the
3 study of average expenses and as reported in the most
4 recent annual financial report:

5 (A) Gifted under subparagraph (M) of paragraph (2)
6 of subsection (b).

7 (B) Instructional materials under subparagraph (O)
8 of paragraph (2) of subsection (b).

9 (C) Assessment under subparagraph (P) of paragraph
10 (2) of subsection (b).

11 (D) Student activities under subparagraph (R) of
12 paragraph (2) of subsection (b).

13 (E) Maintenance and operations under subparagraph
14 (S) of paragraph (2) of subsection (b).

15 (F) Central office under subparagraph (T) of
16 paragraph (2) of subsection (b).

17 (i) Professional Review Panel.

18 (1) A Professional Review Panel is created to study
19 and review topics related to the implementation and effect
20 of Evidence-Based Funding, as assigned by a joint
21 resolution or Public Act of the General Assembly or a
22 motion passed by the State Board of Education. The Panel
23 must provide recommendations to and serve the Governor,
24 the General Assembly, and the State Board. The State
25 Superintendent or his or her designee must serve as a
26 voting member and chairperson of the Panel. The State

1 Superintendent must appoint a vice chairperson from the
2 membership of the Panel. The Panel must advance
3 recommendations based on a three-fifths majority vote of
4 Panel members present and voting. A minority opinion may
5 also accompany any recommendation of the Panel. The Panel
6 shall be appointed by the State Superintendent, except as
7 otherwise provided in paragraph (2) of this subsection (i)
8 and include the following members:

9 (A) Two appointees that represent district
10 superintendents, recommended by a statewide
11 organization that represents district superintendents.

12 (B) Two appointees that represent school boards,
13 recommended by a statewide organization that
14 represents school boards.

15 (C) Two appointees from districts that represent
16 school business officials, recommended by a statewide
17 organization that represents school business
18 officials.

19 (D) Two appointees that represent school
20 principals, recommended by a statewide organization
21 that represents school principals.

22 (E) Two appointees that represent teachers,
23 recommended by a statewide organization that
24 represents teachers.

25 (F) Two appointees that represent teachers,
26 recommended by another statewide organization that

1 represents teachers.

2 (G) Two appointees that represent regional
3 superintendents of schools, recommended by
4 organizations that represent regional superintendents.

5 (H) Two independent experts selected solely by the
6 State Superintendent.

7 (I) Two independent experts recommended by public
8 universities in this State.

9 (J) One member recommended by a statewide
10 organization that represents parents.

11 (K) Two representatives recommended by collective
12 impact organizations that represent major metropolitan
13 areas or geographic areas in Illinois.

14 (L) One member from a statewide organization
15 focused on research-based education policy to support
16 a school system that prepares all students for
17 college, a career, and democratic citizenship.

18 (M) One representative from a school district
19 organized under Article 34 of this Code.

20 The State Superintendent shall ensure that the
21 membership of the Panel includes representatives from
22 school districts and communities reflecting the
23 geographic, socio-economic, racial, and ethnic diversity
24 of this State. The State Superintendent shall additionally
25 ensure that the membership of the Panel includes
26 representatives with expertise in bilingual education and

1 special education. Staff from the State Board shall staff
2 the Panel.

3 (2) In addition to those Panel members appointed by
4 the State Superintendent, 4 members of the General
5 Assembly shall be appointed as follows: one member of the
6 House of Representatives appointed by the Speaker of the
7 House of Representatives, one member of the Senate
8 appointed by the President of the Senate, one member of
9 the House of Representatives appointed by the Minority
10 Leader of the House of Representatives, and one member of
11 the Senate appointed by the Minority Leader of the Senate.
12 There shall be one additional member appointed by the
13 Governor. All members appointed by legislative leaders or
14 the Governor shall be non-voting, ex officio members.

15 (3) The Panel must study topics at the direction of
16 the General Assembly or State Board of Education, as
17 provided under paragraph (1). The Panel may also study the
18 following topics at the direction of the chairperson:

19 (A) The format and scope of annual spending plans
20 referenced in paragraph (9) of subsection (h) of this
21 Section.

22 (B) The Comparable Wage Index under this Section.

23 (C) Maintenance and operations, including capital
24 maintenance and construction costs.

25 (D) "At-risk student" definition.

26 (E) Benefits.

1 (F) Technology.

2 (G) Local Capacity Target.

3 (H) Funding for Alternative Schools, Laboratory
4 Schools, safe schools, and alternative learning
5 opportunities programs.

6 (I) Funding for college and career acceleration
7 strategies.

8 (J) Special education investments.

9 (K) Early childhood investments, in collaboration
10 with the Illinois Early Learning Council.

11 (4) (Blank).

12 (5) Within 5 years after the implementation of this
13 Section, and every 5 years thereafter, the Panel shall
14 complete an evaluative study of the entire Evidence-Based
15 Funding model, including an assessment of whether or not
16 the formula is achieving State goals. The Panel shall
17 report to the State Board, the General Assembly, and the
18 Governor on the findings of the study.

19 (6) (Blank).

20 (7) To ensure that (i) the Adequacy Target calculation
21 under subsection (b) accurately reflects the needs of
22 students living in poverty or attending schools located in
23 areas of high poverty, (ii) racial equity within the
24 Evidence-Based Funding formula is explicitly explored and
25 advanced, and (iii) the funding goals of the formula
26 distribution system established under this Section are

1 sufficient to provide adequate funding for every student
2 and to fully fund every school in this State, the Panel
3 shall review the Essential Elements under paragraph (2) of
4 subsection (b). The Panel shall consider all of the
5 following in its review:

6 (A) The financial ability of school districts to
7 provide instruction in a foreign language to every
8 student and whether an additional Essential Element
9 should be added to the formula to ensure that every
10 student has access to instruction in a foreign
11 language.

12 (B) The adult-to-student ratio for each Essential
13 Element in which a ratio is identified. The Panel
14 shall consider whether the ratio accurately reflects
15 the staffing needed to support students living in
16 poverty or who have traumatic backgrounds.

17 (C) Changes to the Essential Elements that may be
18 required to better promote racial equity and eliminate
19 structural racism within schools.

20 (D) The impact of investing \$350,000,000 in
21 additional funds each year under this Section and an
22 estimate of when the school system will become fully
23 funded under this level of appropriation.

24 (E) Provide an overview of alternative funding
25 structures that would enable the State to become fully
26 funded at an earlier date.

1 (F) The potential to increase efficiency and to
2 find cost savings within the school system to expedite
3 the journey to a fully funded system.

4 (G) The appropriate levels for reenrolling and
5 graduating high-risk high school students who have
6 been previously out of school. These outcomes shall
7 include enrollment, attendance, skill gains, credit
8 gains, graduation or promotion to the next grade
9 level, and the transition to college, training, or
10 employment, with an emphasis on progressively
11 increasing the overall attendance.

12 (H) The evidence-based or research-based practices
13 that are shown to reduce the gaps and disparities
14 experienced by African American students in academic
15 achievement and educational performance, including
16 practices that have been shown to reduce disparities
17 in disciplinary rates, drop-out rates, graduation
18 rates, college matriculation rates, and college
19 completion rates.

20 On or before December 31, 2021, the Panel shall report
21 to the State Board, the General Assembly, and the Governor
22 on the findings of its review. This paragraph (7) is
23 inoperative on and after July 1, 2022.

24 (8) On or before April 1, 2024, the Panel must submit a
25 report to the General Assembly on annual adjustments to
26 Glenwood Academy's base-funding minimum in a similar

1 fashion to school districts under this Section.

2 (j) References. Beginning July 1, 2017, references in
3 other laws to general State aid funds or calculations under
4 Section 18-8.05 of this Code (now repealed) shall be deemed to
5 be references to evidence-based model formula funds or
6 calculations under this Section.

14 Sec. 19-1. Debt limitations of school districts.

15 (a) School districts shall not be subject to the
16 provisions limiting their indebtedness prescribed in the Local
17 Government Debt Limitation Act.

18 No school districts maintaining grades K through 8 or 9
19 through 12 shall become indebted in any manner or for any
20 purpose to an amount, including existing indebtedness, in the
21 aggregate exceeding 6.9% on the value of the taxable property
22 therein to be ascertained by the last assessment for State and
23 county taxes or, until January 1, 1983, if greater, the sum
24 that is produced by multiplying the school district's 1978
25 equalized assessed valuation by the debt limitation percentage

1 in effect on January 1, 1979, previous to the incurring of such
2 indebtedness.

3 No school districts maintaining grades K through 12 shall
4 become indebted in any manner or for any purpose to an amount,
5 including existing indebtedness, in the aggregate exceeding
6 13.8% on the value of the taxable property therein to be
7 ascertained by the last assessment for State and county taxes
8 or, until January 1, 1983, if greater, the sum that is produced
9 by multiplying the school district's 1978 equalized assessed
10 valuation by the debt limitation percentage in effect on
11 January 1, 1979, previous to the incurring of such
12 indebtedness.

13 No partial elementary unit district, as defined in Article
14 11E of this Code, shall become indebted in any manner or for
15 any purpose in an amount, including existing indebtedness, in
16 the aggregate exceeding 6.9% of the value of the taxable
17 property of the entire district, to be ascertained by the last
18 assessment for State and county taxes, plus an amount,
19 including existing indebtedness, in the aggregate exceeding
20 6.9% of the value of the taxable property of that portion of
21 the district included in the elementary and high school
22 classification, to be ascertained by the last assessment for
23 State and county taxes. Moreover, no partial elementary unit
24 district, as defined in Article 11E of this Code, shall become
25 indebted on account of bonds issued by the district for high
26 school purposes in the aggregate exceeding 6.9% of the value

1 of the taxable property of the entire district, to be
2 ascertained by the last assessment for State and county taxes,
3 nor shall the district become indebted on account of bonds
4 issued by the district for elementary purposes in the
5 aggregate exceeding 6.9% of the value of the taxable property
6 for that portion of the district included in the elementary
7 and high school classification, to be ascertained by the last
8 assessment for State and county taxes.

9 Notwithstanding the provisions of any other law to the
10 contrary, in any case in which the voters of a school district
11 have approved a proposition for the issuance of bonds of such
12 school district at an election held prior to January 1, 1979,
13 and all of the bonds approved at such election have not been
14 issued, the debt limitation applicable to such school district
15 during the calendar year 1979 shall be computed by multiplying
16 the value of taxable property therein, including personal
17 property, as ascertained by the last assessment for State and
18 county taxes, previous to the incurring of such indebtedness,
19 by the percentage limitation applicable to such school
20 district under the provisions of this subsection (a).

21 (a-5) After January 1, 2018, no school district may issue
22 bonds under Sections 19-2 through 19-7 of this Code and rely on
23 an exception to the debt limitations in this Section unless it
24 has complied with the requirements of Section 21 of the Bond
25 Issue Notification Act and the bonds have been approved by
26 referendum.

1 (b) Notwithstanding the debt limitation prescribed in
2 subsection (a) of this Section, additional indebtedness may be
3 incurred in an amount not to exceed the estimated cost of
4 acquiring or improving school sites or constructing and
5 equipping additional building facilities under the following
6 conditions:

7 (1) Whenever the enrollment of students for the next
8 school year is estimated by the board of education to
9 increase over the actual present enrollment by not less
10 than 35% or by not less than 200 students or the actual
11 present enrollment of students has increased over the
12 previous school year by not less than 35% or by not less
13 than 200 students and the board of education determines
14 that additional school sites or building facilities are
15 required as a result of such increase in enrollment; and

16 (2) When the Regional Superintendent of Schools having
17 jurisdiction over the school district and the State
18 Superintendent of Education concur in such enrollment
19 projection or increase and approve the need for such
20 additional school sites or building facilities and the
21 estimated cost thereof; and

22 (3) When the voters in the school district approve a
23 proposition for the issuance of bonds for the purpose of
24 acquiring or improving such needed school sites or
25 constructing and equipping such needed additional building
26 facilities at an election called and held for that

1 purpose. Notice of such an election shall state that the
2 amount of indebtedness proposed to be incurred would
3 exceed the debt limitation otherwise applicable to the
4 school district. The ballot for such proposition shall
5 state what percentage of the equalized assessed valuation
6 will be outstanding in bonds if the proposed issuance of
7 bonds is approved by the voters; or

8 (4) Notwithstanding the provisions of paragraphs (1)
9 through (3) of this subsection (b), if the school board
10 determines that additional facilities are needed to
11 provide a quality educational program and not less than
12 2/3 of those voting in an election called by the school
13 board on the question approve the issuance of bonds for
14 the construction of such facilities, the school district
15 may issue bonds for this purpose; or

16 (5) Notwithstanding the provisions of paragraphs (1)
17 through (3) of this subsection (b), if (i) the school
18 district has previously availed itself of the provisions
19 of paragraph (4) of this subsection (b) to enable it to
20 issue bonds, (ii) the voters of the school district have
21 not defeated a proposition for the issuance of bonds since
22 the referendum described in paragraph (4) of this
23 subsection (b) was held, (iii) the school board determines
24 that additional facilities are needed to provide a quality
25 educational program, and (iv) a majority of those voting
26 in an election called by the school board on the question

1 approve the issuance of bonds for the construction of such
2 facilities, the school district may issue bonds for this
3 purpose.

4 In no event shall the indebtedness incurred pursuant to
5 this subsection (b) and the existing indebtedness of the
6 school district exceed 15% of the value of the taxable
7 property therein to be ascertained by the last assessment for
8 State and county taxes, previous to the incurring of such
9 indebtedness or, until January 1, 1983, if greater, the sum
10 that is produced by multiplying the school district's 1978
11 equalized assessed valuation by the debt limitation percentage
12 in effect on January 1, 1979.

13 The indebtedness provided for by this subsection (b) shall
14 be in addition to and in excess of any other debt limitation.

15 (c) Notwithstanding the debt limitation prescribed in
16 subsection (a) of this Section, in any case in which a public
17 question for the issuance of bonds of a proposed school
18 district maintaining grades kindergarten through 12 received
19 at least 60% of the valid ballots cast on the question at an
20 election held on or prior to November 8, 1994, and in which the
21 bonds approved at such election have not been issued, the
22 school district pursuant to the requirements of Section 11A-10
23 (now repealed) may issue the total amount of bonds approved at
24 such election for the purpose stated in the question.

25 (d) Notwithstanding the debt limitation prescribed in
26 subsection (a) of this Section, a school district that meets

1 all the criteria set forth in paragraphs (1) and (2) of this
2 subsection (d) may incur an additional indebtedness in an
3 amount not to exceed \$4,500,000, even though the amount of the
4 additional indebtedness authorized by this subsection (d),
5 when incurred and added to the aggregate amount of
6 indebtedness of the district existing immediately prior to the
7 district incurring the additional indebtedness authorized by
8 this subsection (d), causes the aggregate indebtedness of the
9 district to exceed the debt limitation otherwise applicable to
10 that district under subsection (a):

11 (1) The additional indebtedness authorized by this
12 subsection (d) is incurred by the school district through
13 the issuance of bonds under and in accordance with Section
14 17-2.11a for the purpose of replacing a school building
15 which, because of mine subsidence damage, has been closed
16 as provided in paragraph (2) of this subsection (d) or
17 through the issuance of bonds under and in accordance with
18 Section 19-3 for the purpose of increasing the size of, or
19 providing for additional functions in, such replacement
20 school buildings, or both such purposes.

21 (2) The bonds issued by the school district as
22 provided in paragraph (1) above are issued for the
23 purposes of construction by the school district of a new
24 school building pursuant to Section 17-2.11, to replace an
25 existing school building that, because of mine subsidence
26 damage, is closed as of the end of the 1992-93 school year

1 pursuant to action of the regional superintendent of
2 schools of the educational service region in which the
3 district is located under Section 3-14.22 or are issued
4 for the purpose of increasing the size of, or providing
5 for additional functions in, the new school building being
6 constructed to replace a school building closed as the
7 result of mine subsidence damage, or both such purposes.

8 (e) (Blank).

9 (f) Notwithstanding the provisions of subsection (a) of
10 this Section or of any other law, bonds in not to exceed the
11 aggregate amount of \$5,500,000 and issued by a school district
12 meeting the following criteria shall not be considered
13 indebtedness for purposes of any statutory limitation and may
14 be issued in an amount or amounts, including existing
15 indebtedness, in excess of any heretofore or hereafter imposed
16 statutory limitation as to indebtedness:

17 (1) At the time of the sale of such bonds, the board of
18 education of the district shall have determined by
19 resolution that the enrollment of students in the district
20 is projected to increase by not less than 7% during each of
21 the next succeeding 2 school years.

22 (2) The board of education shall also determine by
23 resolution that the improvements to be financed with the
24 proceeds of the bonds are needed because of the projected
25 enrollment increases.

26 (3) The board of education shall also determine by

1 resolution that the projected increases in enrollment are
2 the result of improvements made or expected to be made to
3 passenger rail facilities located in the school district.

4 Notwithstanding the provisions of subsection (a) of this
5 Section or of any other law, a school district that has availed
6 itself of the provisions of this subsection (f) prior to July
7 22, 2004 (the effective date of Public Act 93-799) may also
8 issue bonds approved by referendum up to an amount, including
9 existing indebtedness, not exceeding 25% of the equalized
10 assessed value of the taxable property in the district if all
11 of the conditions set forth in items (1), (2), and (3) of this
12 subsection (f) are met.

13 (g) Notwithstanding the provisions of subsection (a) of
14 this Section or any other law, bonds in not to exceed an
15 aggregate amount of 25% of the equalized assessed value of the
16 taxable property of a school district and issued by a school
17 district meeting the criteria in paragraphs (i) through (iv)
18 of this subsection shall not be considered indebtedness for
19 purposes of any statutory limitation and may be issued
20 pursuant to resolution of the school board in an amount or
21 amounts, including existing indebtedness, in excess of any
22 statutory limitation of indebtedness heretofore or hereafter
23 imposed:

24 (i) The bonds are issued for the purpose of
25 constructing a new high school building to replace two
26 adjacent existing buildings which together house a single

1 high school, each of which is more than 65 years old, and
2 which together are located on more than 10 acres and less
3 than 11 acres of property.

4 (ii) At the time the resolution authorizing the
5 issuance of the bonds is adopted, the cost of constructing
6 a new school building to replace the existing school
7 building is less than 60% of the cost of repairing the
8 existing school building.

9 (iii) The sale of the bonds occurs before July 1,
10 1997.

11 (iv) The school district issuing the bonds is a unit
12 school district located in a county of less than 70,000
13 and more than 50,000 inhabitants, which has an average
14 daily attendance of less than 1,500 and an equalized
15 assessed valuation of less than \$29,000,000.

16 (h) Notwithstanding any other provisions of this Section
17 or the provisions of any other law, until January 1, 1998, a
18 community unit school district maintaining grades K through 12
19 may issue bonds up to an amount, including existing
20 indebtedness, not exceeding 27.6% of the equalized assessed
21 value of the taxable property in the district, if all of the
22 following conditions are met:

23 (i) The school district has an equalized assessed
24 valuation for calendar year 1995 of less than \$24,000,000;

25 (ii) The bonds are issued for the capital improvement,
26 renovation, rehabilitation, or replacement of existing

1 school buildings of the district, all of which buildings
2 were originally constructed not less than 40 years ago;

3 (iii) The voters of the district approve a proposition
4 for the issuance of the bonds at a referendum held after
5 March 19, 1996; and

6 (iv) The bonds are issued pursuant to Sections 19-2
7 through 19-7 of this Code.

8 (i) Notwithstanding any other provisions of this Section
9 or the provisions of any other law, until January 1, 1998, a
10 community unit school district maintaining grades K through 12
11 may issue bonds up to an amount, including existing
12 indebtedness, not exceeding 27% of the equalized assessed
13 value of the taxable property in the district, if all of the
14 following conditions are met:

15 (i) The school district has an equalized assessed
16 valuation for calendar year 1995 of less than \$44,600,000;

17 (ii) The bonds are issued for the capital improvement,
18 renovation, rehabilitation, or replacement of existing
19 school buildings of the district, all of which existing
20 buildings were originally constructed not less than 80
21 years ago;

22 (iii) The voters of the district approve a proposition
23 for the issuance of the bonds at a referendum held after
24 December 31, 1996; and

25 (iv) The bonds are issued pursuant to Sections 19-2
26 through 19-7 of this Code.

1 (j) Notwithstanding any other provisions of this Section
2 or the provisions of any other law, until January 1, 1999, a
3 community unit school district maintaining grades K through 12
4 may issue bonds up to an amount, including existing
5 indebtedness, not exceeding 27% of the equalized assessed
6 value of the taxable property in the district if all of the
7 following conditions are met:

8 (i) The school district has an equalized assessed

23 (v) The bonds are issued pursuant to Sections 19-2
24 through 19-7 of this Code.

25 (k) Notwithstanding the debt limitation prescribed in
26 subsection (a) of this Section, a school district that meets

1 all the criteria set forth in paragraphs (1) through (4) of
2 this subsection (k) may issue bonds to incur an additional
3 indebtedness in an amount not to exceed \$4,000,000 even though
4 the amount of the additional indebtedness authorized by this
5 subsection (k), when incurred and added to the aggregate
6 amount of indebtedness of the school district existing
7 immediately prior to the school district incurring such
8 additional indebtedness, causes the aggregate indebtedness of
9 the school district to exceed or increases the amount by which
10 the aggregate indebtedness of the district already exceeds the
11 debt limitation otherwise applicable to that school district
12 under subsection (a):

13 (1) the school district is located in 2 counties, and
14 a referendum to authorize the additional indebtedness was
15 approved by a majority of the voters of the school
16 district voting on the proposition to authorize that
17 indebtedness;

18 (2) the additional indebtedness is for the purpose of
19 financing a multi-purpose room addition to the existing

24 school district, to be ascertained by the last assessment
25 for State and county taxes; and

26 (4) the bonds evidencing the additional indebtedness

1 are issued, if at all, within 120 days of August 14, 1998
2 (the effective date of Public Act 90-757).

3 (1) Notwithstanding any other provisions of this Section
4 or the provisions of any other law, until January 1, 2000, a
5 school district maintaining grades kindergarten through 8 may

8 taxable property in the district if all of the following
9 conditions are met:

10 (i) the district has an equalized assessed valuation
11 for calendar year 1996 of less than \$10,000,000;

12 (ii) the bonds are issued for capital improvement,
13 renovation, rehabilitation, or replacement of one or more
14 school buildings of the district, which buildings were
15 originally constructed not less than 70 years ago;

16 (iii) the voters of the district approve a proposition
17 for the issuance of the bonds at a referendum held on or
18 after March 17, 1998; and

19 (iv) the bonds are issued pursuant to Sections 19-2
20 through 19-7 of this Code.

21 (m) Notwithstanding any other provisions of this Section
22 or the provisions of any other law, until January 1, 1999, an
23 elementary school district maintaining grades K through 8 may

10 multi-level elementary school building of the school
11 district that is not accessible at all levels and parts of
12 which were constructed more than 75 years ago;

13 (iv) The voters of the school district approve a
14 proposition for the issuance of the bonds at a referendum
15 held after July 1, 1998; and

16 (v) The bonds are issued pursuant to Sections 19-2
17 through 19-7 of this Code.

18 (n) Notwithstanding the debt limitation prescribed in
19 subsection (a) of this Section or any other provisions of this
20 Section or of any other law, a school district that meets all
21 of the criteria set forth in paragraphs (i) through (vi) of
22 this subsection (n) may incur additional indebtedness by the
23 issuance of bonds in an amount not exceeding the amount
24 certified by the Capital Development Board to the school
25 district as provided in paragraph (iii) of this subsection
26 (n), even though the amount of the additional indebtedness so

1 authorized, when incurred and added to the aggregate amount of
2 indebtedness of the district existing immediately prior to the
3 district incurring the additional indebtedness authorized by
4 this subsection (n), causes the aggregate indebtedness of the
5 district to exceed the debt limitation otherwise applicable by
6 law to that district:

7 (i) The school district applies to the State Board of
8 Education for a school construction project grant and
9 submits a district facilities plan in support of its
10 application pursuant to Section 5-20 of the School
11 Construction Law.

12 (ii) The school district's application and facilities

15 the State Board of Education under the School Construction
16 Law.

17 (iii) The school district has exhausted its bonding
18 capacity or the unused bonding capacity of the district is
19 less than the amount certified by the Capital Development
20 Board to the district under Section 5-15 of the School
21 Construction Law as the dollar amount of the school
22 construction project's cost that the district will be
23 required to finance with non-grant funds in order to
24 receive a school construction project grant under the
25 School Construction Law.

26 (iv) The bonds are issued for a "school construction

1 project", as that term is defined in Section 5-5 of the
2 School Construction Law, in an amount that does not exceed
3 the dollar amount certified, as provided in paragraph
4 (iii) of this subsection (n), by the Capital Development
5 Board to the school district under Section 5-15 of the
6 School Construction Law.

7 (v) The voters of the district approve a proposition
8 for the issuance of the bonds at a referendum held after
9 the criteria specified in paragraphs (i) and (iii) of this
10 subsection (n) are met.

11 (vi) The bonds are issued pursuant to Sections 19-2
12 through 19-7 of the School Code.

13 (o) Notwithstanding any other provisions of this Section
14 or the provisions of any other law, until November 1, 2007, a
15 community unit school district maintaining grades K through 12
16 may issue bonds up to an amount, including existing
17 indebtedness, not exceeding 20% of the equalized assessed
18 value of the taxable property in the district if all of the

20 (i) the school district has an equalized assessed
21 valuation for calendar year 2001 of at least \$737,000,000
22 and an enrollment for the 2002-2003 school year of at
23 least 8,500;

24 (ii) the bonds are issued to purchase school sites,
25 build and equip a new high school, build and equip a new
26 junior high school, build and equip 5 new elementary

1 schools, and make technology and other improvements and
2 additions to existing schools;

3 (iii) at the time of the sale of the bonds, the board
4 of education determines by resolution that the sites and
5 new or improved facilities are needed because of projected
6 enrollment increases;

7 (iv) at least 57% of those voting in a general
8 election held prior to January 1, 2003 approved a
9 proposition for the issuance of the bonds; and

10 (v) the bonds are issued pursuant to Sections 19-2
11 through 19-7 of this Code.

12 (p) Notwithstanding any other provisions of this Section
13 or the provisions of any other law, a community unit school
14 district maintaining grades K through 12 may issue bonds up to
15 an amount, including indebtedness, not exceeding 27% of the
16 equalized assessed value of the taxable property in the

25 existing school buildings in the district.

26 (iii) At the time of the sale of the bonds, the board

1 of education determines by resolution that the project is
2 needed because of expanding growth in the school district
3 and a projected enrollment increase.

4 (iv) The bonds are issued pursuant to Sections 19-2
5 through 19-7 of this Code.

6 (p-5) Notwithstanding any other provisions of this Section
7 or the provisions of any other law, bonds issued by a community
8 unit school district maintaining grades K through 12 shall not
9 be considered indebtedness for purposes of any statutory
10 limitation and may be issued in an amount or amounts,
11 including existing indebtedness, in excess of any heretofore
12 or hereafter imposed statutory limitation as to indebtedness,
13 if all of the following conditions are met:

14 (i) For each of the 4 most recent years, residential
15 property comprises more than 80% of the equalized assessed
16 valuation of the district.

17 (ii) At least 2 school buildings that were constructed
18 40 or more years prior to the issuance of the bonds will be
19 demolished and will be replaced by new buildings or
20 additions to one or more existing buildings.

21 (iii) Voters of the district approve a proposition for
22 the issuance of the bonds at a regularly scheduled
23 election.

24 (iv) At the time of the sale of the bonds, the school

26 building additions are needed because of an increase in

1 enrollment projected by the school board.

2 (v) The principal amount of the bonds, including
3 existing indebtedness, does not exceed 25% of the
4 equalized assessed value of the taxable property in the
5 district.

6 (vi) The bonds are issued prior to January 1, 2007,
7 pursuant to Sections 19-2 through 19-7 of this Code.

8 (p-10) Notwithstanding any other provisions of this
9 Section or the provisions of any other law, bonds issued by a
10 community consolidated school district maintaining grades K
11 through 8 shall not be considered indebtedness for purposes of
12 any statutory limitation and may be issued in an amount or
13 amounts, including existing indebtedness, in excess of any
14 heretofore or hereafter imposed statutory limitation as to
15 indebtedness, if all of the following conditions are met:

16 (i) For each of the 4 most recent years, residential
17 and farm property comprises more than 80% of the equalized
18 assessed valuation of the district.

19 (ii) The bond proceeds are to be used to acquire and
20 improve school sites and build and equip a school
21 building.

22 (iii) Voters of the district approve a proposition for
23 the issuance of the bonds at a regularly scheduled
24 election.

25 (iv) At the time of the sale of the bonds, the school
26 board determines by resolution that the school sites and

1 building additions are needed because of an increase in
2 enrollment projected by the school board.

3 (v) The principal amount of the bonds, including
4 existing indebtedness, does not exceed 20% of the

11 Sec. 22-94. Employment history review.

12 (a) This Section applies to all permanent and temporary
13 positions for employment with a school or a contractor of a
14 school involving direct contact with children or students.

15 (b) In this Section:

16 "Contractor" means firms holding contracts with any school
17 including, but not limited to, food service workers, school
18 bus drivers and other transportation employees, who have
19 direct contact with children or students.

20 "Direct contact with children or students" means the
21 possibility of care, supervision, guidance, or control of
22 children or students or routine interaction with children or
23 students.

24 "School" means a public or nonpublic elementary or
25 secondary school.

1 "Sexual misconduct" has the meaning ascribed to it in
2 subsection (c) of Section 22-85.5 of this Code.

3 (c) Prior to hiring an applicant to work directly with
4 children or students, a school or contractor must ensure that
5 the following criteria are met:

6 (1) the school or contractor has no knowledge or
7 information pertaining to the applicant that would
8 disqualify the applicant from employment;

9 (2) the applicant swears or affirms that the applicant
10 is not disqualified from employment;

11 (3) using the template developed by the State Board of
12 Education, the applicant provides all of the following:

15 following:

16 (i) the applicant's current employer;

17 (ii) all former employers of the applicant
18 that were schools or school contractors, as well
19 as all former employers at which the applicant had
20 direct contact with children or students;

21 (B) A written authorization that consents to and
22 authorizes disclosure by the applicant's current and
23 former employers under subparagraph (A) of this
24 paragraph (3) of the information requested under
25 paragraph (4) of this subsection (c) and the release
26 of related records and that releases those employers

1 from any liability that may arise from such disclosure
2 or release of records pursuant to subsection (e).

3 (C) A written statement of whether the applicant:

4 (i) has been the subject of a sexual
5 misconduct allegation, unless a subsequent
6 investigation resulted in a finding that the
7 allegation was false, unfounded, or
8 unsubstantiated;

9 (ii) has ever been discharged from, been asked
10 to resign from, resigned from, or otherwise been
11 separated from any employment, has ever been
12 disciplined by an employer, or has ever had an
13 employment contract not renewed due to an
14 adjudication or finding of sexual misconduct or
15 while an allegation of sexual misconduct was
16 pending or under investigation, unless the
17 investigation resulted in a finding that the
18 allegation was false, unfounded, or
19 unsubstantiated; or

20 (iii) has ever had a license or certificate
21 suspended, surrendered, or revoked or had an
22 application for licensure, approval, or
23 endorsement denied due to an adjudication or
24 finding of sexual misconduct or while an
25 allegation of sexual misconduct was pending or
26 under investigation, unless the investigation

1 resulted in a finding that the allegation was
2 false, unfounded, or unsubstantiated.

3 (4) The school or contractor shall initiate a review
4 of the employment history of the applicant by contacting
5 those employers listed by the applicant under subparagraph
6 (A) of paragraph (3) of this subsection (c) and, using the
7 template developed by the State Board of Education,
8 request all of the following information:

9 (A) the dates of employment of the applicant;

10 (B) a statement as to whether the applicant:

11 (i) has been the subject of a sexual
12 misconduct allegation, unless a subsequent
13 investigation resulted in a finding that the
14 allegation was false, unfounded, or
15 unsubstantiated;

16 (ii) was discharged from, was asked to resign
17 from, resigned from, or was otherwise separated
18 from any employment, was disciplined by the
19 employer, or had an employment contract not
20 renewed due to an adjudication or finding of
21 sexual misconduct or while an allegation of sexual
22 misconduct was pending or under investigation,
23 unless the investigation resulted in a finding
24 that the allegation was false, unfounded, or
25 unsubstantiated; or

26 (iii) has ever had a license or certificate

1 suspended, surrendered, or revoked due to an
2 adjudication or finding of sexual misconduct or
3 while an allegation of sexual misconduct was
4 pending or under investigation, unless the
5 investigation resulted in a finding that the
6 allegation was false, unfounded, or
7 unsubstantiated.

8 (C) The template shall include the following
9 option: if the employer does not have records or
10 evidence regarding the questions in items (i) through
11 (iii) of subparagraph (B) of paragraph (4) of
12 subsection (c), the employer may state that there is
13 no knowledge of information pertaining to the
14 applicant that would disqualify the applicant from
15 employment.

16 (5) For applicants licensed by the State Board of
17 Education, the school district, charter school, or
18 nonpublic school shall verify the applicant's reported
19 previous employers with previous employers in the State
20 Board of Education's educator licensure database to ensure
21 accuracy.

22 (d) An applicant who provides false information or
23 willfully fails to disclose information required in subsection
24 (c) shall be subject to discipline, up to and including
25 termination or denial of employment.

26 (e) No later than 20 days after receiving a request for

1 information required under paragraph (4) of subsection (c), an
2 employer who has or had an employment relationship with the
3 applicant shall disclose the information requested. If the
4 employer has an office of human resources or a central office,
5 information shall be provided by that office. The employer who
6 has or had an employment relationship with the applicant shall
7 disclose the information on the template developed by the
8 State Board of Education. For any affirmative response to
9 items (i) through (iii) of subparagraph (B) of paragraph (4)
10 or subsection (c), the employer who has or had an employment
11 relationship with the applicant shall provide additional
12 information about the matters disclosed and all related
13 records.

14 A school shall complete the template at time of separation
15 from employment, or at the request of the employee, and
16 maintain it as part of the employee's personnel file. If the
17 school completes an investigation after an employee's
18 separation from employment, the school shall update the
19 information accordingly.

20 Information received under this Section shall not be
21 deemed a public record.

22 A school or contractor who receives information under this
23 subsection (e) may use the information for the purpose of
24 evaluating an applicant's fitness to be hired or for continued
25 employment and may report the information, as appropriate, to
26 the State Board of Education, a State licensing agency, a law

1 enforcement agency, a child protective services agency,
2 another school or contractor, or a prospective employer.

3 An employer, school, school administrator, or contractor
4 who provides information or records about a current or former
5 employee or applicant under this Section is immune from
6 criminal and civil liability for the disclosure of the
7 information or records, unless the information or records
8 provided were knowingly false. This immunity shall be in
9 addition to and not a limitation on any other immunity
10 provided by law or any absolute or conditional privileges
11 applicable to the disclosure by virtue of the circumstances or
12 the applicant's consent to the disclosure and shall extend to
13 any circumstances when the employer, school, school
14 administrator, or contractor in good faith shares findings of
15 sexual misconduct with another employer.

16 Unless the laws of another state prevent the release of
17 the information or records requested or disclosure is
18 restricted by the terms of a contract entered into prior to
19 July 1, 2023 (the effective date of Public Act 102-702) ~~this~~
20 ~~amendatory Act of the 102nd General Assembly,~~ and
21 notwithstanding any other provisions of law to the contrary,
22 an employer, school, school administrator, contractor, or
23 applicant shall report and disclose, in accordance with this
24 Section, all relevant information, records, and documentation
25 that may otherwise be confidential.

26 (f) A school or contractor may not hire an applicant who

1 does not provide the information required under subsection (c)
2 for a position involving direct contact with children or
3 students.

4 (g) Beginning on July 1, 2023 (the effective date of
5 Public Act 102-702) ~~this amendatory Act of the 102nd General~~
6 ~~Assembly~~, a school or contractor may not enter into a
7 collective bargaining agreement, an employment contract, an
8 agreement for resignation or termination, a severance
9 agreement, or any other contract or agreement or take any
10 action that:

11 (1) has the effect of suppressing information
12 concerning a pending investigation or a completed
13 investigation in which an allegation was substantiated
14 related to a report of suspected sexual misconduct by a
15 current or former employee;

16 (2) affects the ability of the school or contractor to
17 report suspected sexual misconduct to the appropriate
18 authorities; or

19 (3) requires the school or contractor to expunge
20 information about allegations or findings of suspected
21 sexual misconduct from any documents maintained by the
22 school or contractor, unless, after an investigation, an
23 allegation is found to be false, unfounded, or
24 unsubstantiated.

25 (h) Any provision of an employment contract or agreement
26 for resignation or termination or a severance agreement that

1 is executed, amended, or entered into on or after July 1, 2023
2 (the effective date of Public Act 102-702) ~~this amendatory Act~~
3 ~~of the 102nd General Assembly~~ and that is contrary to this
4 Section is void and unenforceable.

5 (i) For substitute employees, all of the following apply:

6 (1) The employment history review required by this
7 Section is required only prior to the initial hiring of a
8 substitute employee or placement on a school's approved
9 substitute list and shall remain valid as long as the
10 substitute employee continues to be employed by the same
11 school or remains on the school's approved substitute
12 list.

13 (2) A substitute employee seeking to be added to
14 another school's substitute list shall undergo an
15 additional employment history review under this Section.
16 Except as otherwise provided in paragraph (3) of this
17 subsection (i) or in subsection (k), the appearance of a
18 substitute employee on one school's substitute list does
19 not relieve another school from compliance with this
20 Section.

21 (3) An employment history review conducted upon
22 initial hiring of a substitute employee by a contractor or
23 any other entity that furnishes substitute staffing
24 services to schools shall satisfy the requirements of this
25 Section for all schools using the services of that
26 contractor or other entity.

1 (4) A contractor or any other entity furnishing
2 substitute staffing services to schools shall comply with
3 paragraphs (3) and (4) of subsection (j).

4 (j) For employees of contractors, all of the following
5 apply:

6 (1) The employment history review required by this
7 Section shall be performed, either at the time of the
8 initial hiring of an employee or prior to the assignment
9 of an existing employee to perform work for a school in a
10 position involving direct contact with children or
11 students. The review shall remain valid as long as the
12 employee remains employed by the same contractor, even if
13 assigned to perform work for other schools.

14 (2) A contractor shall maintain records documenting
15 employment history reviews for all employees as required
16 by this Section and, upon request, shall provide a school
17 for whom an employee is assigned to perform work access to
18 the records pertaining to that employee.

19 (3) Prior to assigning an employee to perform work for
20 a school in a position involving direct contact with
21 children or students, the contractor shall inform the
22 school of any instance known to the contractor in which
23 the employee:

24 (A) has been the subject of a sexual misconduct
25 allegation unless a subsequent investigation resulted
26 in a finding that the allegation was false, unfounded,

1 or unsubstantiated;

2 (B) has ever been discharged, been asked to resign
3 from, resigned from, or otherwise been separated from
4 any employment, been removed from a substitute list,
5 been disciplined by an employer, or had an employment
6 contract not renewed due to an adjudication or finding
7 of sexual misconduct or while an allegation of sexual
8 misconduct was pending or under investigation, unless
9 the investigation resulted in a finding that the
10 allegation was false, unfounded, or unsubstantiated;
11 or

12 (C) has ever had a license or certificate
13 suspended, surrendered, or revoked due to an
14 adjudication or finding of sexual misconduct or while
15 an allegation of sexual misconduct was pending or
16 under investigation, unless the investigation resulted
17 in a finding that the allegation was false, unfounded,
18 or unsubstantiated.

19 (4) The contractor may not assign an employee to
20 perform work for a school in a position involving direct
21 contact with children or students if the school objects to
22 the assignment after being informed of an instance listed
23 in paragraph (3).

24 (k) An applicant who has undergone an employment history
25 review under this Section and seeks to transfer to or provide
26 services to another school in the same school district,

1 diocese, or religious jurisdiction, or to another school
2 established and supervised by the same organization is not
3 required to obtain additional reports under this Section
4 before transferring.

5 (1) Nothing in this Section shall be construed:

6 (1) to prevent a prospective employer from conducting
7 further investigations of prospective employees or from
8 requiring applicants to provide additional background
9 information or authorizations beyond what is required
10 under this Section, nor to prevent a current or former
11 employer from disclosing more information than what is
12 required under this Section;

13 (2) to relieve a school, school employee, contractor
14 of the school, or agent of the school from any legal
15 responsibility to report sexual misconduct in accordance
16 with State and federal reporting requirements;

17 (3) to relieve a school, school employee, contractor
18 of the school, or agent of the school from any legal
19 responsibility to implement the provisions of Section 7926
20 of Chapter 20 of the United States Code; or

21 (4) to prohibit the right of the exclusive bargaining
22 representative under a collective bargaining agreement to
23 grieve and arbitrate the validity of an employee's
24 termination or discipline for just cause.

25 (m) The State Board of Education shall develop the
26 templates required under paragraphs (3) and (4) of subsection

1 (c).

11 "Evaluator" means:

12 (1) an administrator qualified under Section 24A-3; or

14 provided that, if such other individuals are in the
15 bargaining unit of a district's teachers, the district and
16 the exclusive bargaining representative of that unit must
17 agree to those individuals evaluating other bargaining
18 unit members.

19 Notwithstanding anything to the contrary in item (2) of
20 this definition, a school district operating under Article 34
21 of this Code may require department chairs qualified under
22 Section 24A-3 to evaluate teachers in their department or
23 departments, provided that the school district shall bargain
24 with the bargaining representative of its teachers over the

1 impact and effects on department chairs of such a requirement.

3 and provided that the requirements set forth in subsection (d)
4 of Section 24A-20 have been met:

5 (1) For school districts having 500,000 or more

14 (105 ILCS 5/24A-5) (from Ch. 122, par. 24A-5)

15 Sec. 24A-5. Content of evaluation plans. This Section does
16 not apply to teachers assigned to schools identified in an
17 agreement entered into between the board of a school district
18 operating under Article 34 of this Code and the exclusive
19 representative of the district's teachers in accordance with
20 Section 34-85c of this Code.

21 Each school district to which this Article applies shall
22 establish a teacher evaluation plan which ensures that each
23 teacher in contractual continued service is evaluated at least
24 once in the course of every 2 or 3 school years as provided in
25 this Section.

1 Each school district shall establish a teacher evaluation
2 plan that ensures that:

3 (1) each teacher not in contractual continued service
4 is evaluated at least once every school year; and

5 (2) except as otherwise provided in this Section, each
6 teacher in contractual continued service is evaluated at
7 least once in the course of every 2 school years. However,
8 any teacher in contractual continued service whose
9 performance is rated as either "needs improvement" or
10 "unsatisfactory" must be evaluated at least once in the
11 school year following the receipt of such rating.

12 No later than September 1, 2022, each school district must
13 establish a teacher evaluation plan that ensures that each
14 teacher in contractual continued service whose performance is
15 rated as either "excellent" or "proficient" is evaluated at
16 least once in the course of the 3 school years after receipt of
17 the rating and implement an informal teacher observation plan
18 established by agency rule and by agreement of the joint
19 committee established under subsection (b) of Section 24A-4 of
20 this Code that ensures that each teacher in contractual
21 continued service whose performance is rated as either
22 "excellent" or "proficient" is informally observed at least
23 once in the course of the 2 school years after receipt of the
24 rating.

25 For the 2022-2023 school year only, if the Governor has
26 declared a disaster due to a public health emergency pursuant

1 to Section 7 of the Illinois Emergency Management Agency Act,
2 a school district may waive the evaluation requirement of all
3 teachers in contractual continued service whose performances
4 were rated as either "excellent" or "proficient" during the
5 last school year in which the teachers were evaluated under
6 this Section.

7 Notwithstanding anything to the contrary in this Section
8 or any other Section of this Code, a principal shall not be
9 prohibited from evaluating any teachers within a school during
10 his or her first year as principal of such school. If a
11 first-year principal exercises this option in a school
12 district where the evaluation plan provides for a teacher in
13 contractual continued service to be evaluated once in the
14 course of every 2 or 3 school years, as applicable, then a new
15 2-year or 3-year evaluation plan must be established.

16 The evaluation plan shall comply with the requirements of
17 this Section and of any rules adopted by the State Board of
18 Education pursuant to this Section.

19 The plan shall include a description of each teacher's
20 duties and responsibilities and of the standards to which that
21 teacher is expected to conform, and shall include at least the
22 following components:

23 (a) personal observation of the teacher in the
24 classroom by the evaluator, unless the teacher has no
25 classroom duties.

26 (b) consideration of the teacher's attendance,

1 planning, instructional methods, classroom management,
2 where relevant, and competency in the subject matter
3 taught.

4 (c) by no later than the applicable implementation
5 date, consideration of student growth as a significant
6 factor in the rating of the teacher's performance.

7 (d) prior to September 1, 2012, rating of the
8 performance of teachers in contractual continued service
9 as either:

10 (i) "excellent", "satisfactory" or
11 "unsatisfactory"; or

12 (ii) "excellent", "proficient", "needs
13 improvement" or "unsatisfactory".

14 (e) on and after September 1, 2012, rating of the
15 performance of all teachers as "excellent", "proficient",
16 "needs improvement" or "unsatisfactory".

17 (f) specification as to the teacher's strengths and
18 weaknesses, with supporting reasons for the comments made.

19 (g) inclusion of a copy of the evaluation in the
20 teacher's personnel file and provision of a copy to the
21 teacher.

22 (h) within 30 school days after the completion of an
23 evaluation rating a teacher in contractual continued
24 service as "needs improvement", development by the
25 evaluator, in consultation with the teacher, and taking
26 into account the teacher's ongoing ~~on-going~~ professional

1 responsibilities including his or her regular teaching
2 assignments, of a professional development plan directed
3 to the areas that need improvement and any supports that
4 the district will provide to address the areas identified
5 as needing improvement.

6 (i) within 30 school days after completion of an
7 evaluation rating a teacher in contractual continued
8 service as "unsatisfactory", development and commencement
9 by the district of a remediation plan designed to correct
10 deficiencies cited, provided the deficiencies are deemed
11 remediable. In all school districts the remediation plan
12 for unsatisfactory, tenured teachers shall provide for 90
13 school days of remediation within the classroom, unless an
14 applicable collective bargaining agreement provides for a
15 shorter duration. In all school districts evaluations
16 issued pursuant to this Section shall be issued within 10
17 days after the conclusion of the respective remediation
18 plan. However, the school board or other governing
19 authority of the district shall not lose jurisdiction to
20 discharge a teacher in the event the evaluation is not
21 issued within 10 days after the conclusion of the
22 respective remediation plan.

23 (j) participation in the remediation plan by the
24 teacher in contractual continued service rated
25 "unsatisfactory", an evaluator and a consulting teacher
26 selected by the evaluator of the teacher who was rated

1 "unsatisfactory", which consulting teacher is an
2 educational employee as defined in the Illinois
3 Educational Labor Relations Act, has at least 5 years'
4 teaching experience, and a reasonable familiarity with the
5 assignment of the teacher being evaluated, and who
6 received an "excellent" rating on his or her most recent
7 evaluation. Where no teachers who meet these criteria are
8 available within the district, the district shall request
9 and the applicable regional office of education shall
10 supply, to participate in the remediation process, an
11 individual who meets these criteria.

12 In a district having a population of less than 500,000
13 with an exclusive bargaining agent, the bargaining agent
14 may, if it so chooses, supply a roster of qualified
15 teachers from whom the consulting teacher is to be
16 selected. That roster shall, however, contain the names of
17 at least 5 teachers, each of whom meets the criteria for
18 consulting teacher with regard to the teacher being
19 evaluated, or the names of all teachers so qualified if
20 that number is less than 5. In the event of a dispute as to
21 qualification, the State Board shall determine
22 qualification.

23 (k) a mid-point and final evaluation by an evaluator
24 during and at the end of the remediation period,
25 immediately following receipt of a remediation plan
26 provided for under subsections (i) and (j) of this

1 Section. Each evaluation shall assess the teacher's
2 performance during the time period since the prior
3 evaluation; provided that the last evaluation shall also
4 include an overall evaluation of the teacher's performance
5 during the remediation period. A written copy of the
6 evaluations and ratings, in which any deficiencies in
7 performance and recommendations for correction are
8 identified, shall be provided to and discussed with the
9 teacher within 10 school days after the date of the
10 evaluation, unless an applicable collective bargaining
11 agreement provides to the contrary. These subsequent
12 evaluations shall be conducted by an evaluator. The
13 consulting teacher shall provide advice to the teacher
14 rated "unsatisfactory" on how to improve teaching skills
15 and to successfully complete the remediation plan. The
16 consulting teacher shall participate in developing the
17 remediation plan, but the final decision as to the
18 evaluation shall be done solely by the evaluator, unless
19 an applicable collective bargaining agreement provides to
20 the contrary. Evaluations at the conclusion of the
21 remediation process shall be separate and distinct from
22 the required annual evaluations of teachers and shall not
23 be subject to the guidelines and procedures relating to
24 those annual evaluations. The evaluator may but is not
25 required to use the forms provided for the annual
26 evaluation of teachers in the district's evaluation plan.

1 (1) reinstatement to the evaluation schedule set forth
2 in the district's evaluation plan for any teacher in
3 contractual continued service who achieves a rating equal
4 to or better than "satisfactory" or "proficient" in the
5 school year following a rating of "needs improvement" or
6 "unsatisfactory".

7 (m) dismissal in accordance with subsection (d) of
8 Section 24-12 or Section 24-16.5 or 34-85 of this Code of
9 any teacher who fails to complete any applicable
10 remediation plan with a rating equal to or better than a
11 "satisfactory" or "proficient" rating. Districts and
12 teachers subject to dismissal hearings are precluded from
13 compelling the testimony of consulting teachers at such
14 hearings under subsection (d) of Section 24-12 or Section
15 24-16.5 or 34-85 of this Code, either as to the rating
16 process or for opinions of performances by teachers under
17 remediation.

18 (n) After the implementation date of an evaluation
19 system for teachers in a district as specified in Section
20 24A-2.5 of this Code, if a teacher in contractual
21 continued service successfully completes a remediation
22 plan following a rating of "unsatisfactory" in an overall
23 performance evaluation received after the foregoing
24 implementation date and receives a subsequent rating of
25 "unsatisfactory" in any of the teacher's overall
26 performance evaluation ratings received during the

1 36-month period following the teacher's completion of the
2 remediation plan, then the school district may forgo
3 remediation and seek dismissal in accordance with
4 subsection (d) of Section 24-12 or Section 34-85 of this
5 Code.

6 (o) Teachers who are due to be evaluated in the last
7 year before they are set to retire shall be offered the
8 opportunity to waive their evaluation and to retain their
9 most recent rating, unless the teacher was last rated as
10 "needs improvement" or "unsatisfactory". The school
11 district may still reserve the right to evaluate a teacher
12 provided the district gives notice to the teacher at least
13 14 days before the evaluation and a reason for evaluating
14 the teacher.

15 Nothing in this Section or Section 24A-4 shall be
16 construed as preventing immediate dismissal of a teacher for
17 deficiencies which are deemed irreparable or for actions
18 which are injurious to or endanger the health or person of
19 students in the classroom or school, or preventing the
20 dismissal or non-renewal of teachers not in contractual
21 continued service for any reason not prohibited by applicable
22 employment, labor, and civil rights laws. Failure to strictly
23 comply with the time requirements contained in Section 24A-5
24 shall not invalidate the results of the remediation plan.

25 Nothing contained in Public Act 98-648 repeals,
26 supersedes, invalidates, or nullifies final decisions in

1 lawsuits pending on July 1, 2014 (the effective date of Public
2 Act 98-648) in Illinois courts involving the interpretation of
3 Public Act 97-8.

4 If the Governor has declared a disaster due to a public
5 health emergency pursuant to Section 7 of the Illinois
6 Emergency Management Agency Act that suspends in-person
7 instruction, the timelines in this Section connected to the
8 commencement and completion of any remediation plan are
9 waived. Except if the parties mutually agree otherwise and the
10 agreement is in writing, any remediation plan that had been in
11 place for more than 45 days prior to the suspension of
12 in-person instruction shall resume when in-person instruction
13 resumes and any remediation plan that had been in place for
14 fewer than 45 days prior to the suspension of in-person
15 instruction shall be discontinued and a new remediation period
16 shall begin when in-person instruction resumes. The
17 requirements of this paragraph apply regardless of whether
18 they are included in a school district's teacher evaluation
19 plan.

24 (a) Beginning with the 2024-2025 school year, all public
25 high schools, including charter schools, may designate and

1 annually observe a week known as "Workplace Readiness Week".
2 During that week, students shall be provided information on
3 their rights as workers. The topics covered shall include, but
4 are not limited to, local, State, and federal laws regarding
5 each of the following areas and shall include the labor
6 movement's role in winning the protections and benefits
7 described in those areas:

8 (1) Prohibitions against misclassification of
9 employees as independent contractors.

10 (2) Child labor.

11 (3) Wage and hour protections.

12 (4) Worker safety.

13 (5) Workers' compensation.

14 (6) Unemployment insurance.

15 (7) Paid sick leave and paid family leave.

16 (8) The right to organize a union in the workplace.

17 (9) Prohibitions against retaliation by employers when
18 workers exercise their rights as workers or any other
19 rights guaranteed by law.

20 During Workplace Readiness Week, students shall also be
21 provided information introducing them to State-approved
22 apprenticeship programs, how to access them, the variety of
23 programs available, and how they can provide an alternative
24 career path for those students who choose not to attend a
25 traditional higher education program.

26 (b) If a school observes Workplace Readiness Week under

1 this Section, then, for students in grades 11 and 12, the
2 information required to be provided in subsection (a) shall be
3 integrated into the regular school program but may also be
4 provided during special events after regular school hours.
5 Integration into the regular school program is encouraged, but
6 not required, to occur during Workplace Readiness Week.

9 Sec. 27-23.18 ~~27-23.17~~. Relaxation activities. Each school
10 district may provide to students, in addition to and not
11 substituting recess, at least 20 minutes a week of relaxation
12 activities to enhance the mental and physical health of
13 students as part of the school day. Relaxation activities may
14 include, but are not limited to, mindful-based movements,
15 yoga, stretching, meditation, breathing exercises, guided
16 relaxation techniques, quiet time, walking, in-person
17 conversation, and other stress-relieving activities. A school
18 district may partner with public and private community
19 organizations to provide relaxation activities. These

21 social-emotional learning class, or student-support or
22 advisory class or as a part of another similar class,
23 including a new class.

2 (Text of Section before amendment by P.A. 102-466)

3 Sec. 27A-5. Charter school; legal entity; requirements.

4 (a) A charter school shall be a public, nonsectarian,
5 nonreligious, non-home based, and non-profit school. A charter
6 school shall be organized and operated as a nonprofit
7 corporation or other discrete, legal, nonprofit entity
8 authorized under the laws of the State of Illinois.

9 (b) A charter school may be established under this Article
10 by creating a new school or by converting an existing public
11 school or attendance center to charter school status. In all
12 new applications to establish a charter school in a city
13 having a population exceeding 500,000, operation of the
14 charter school shall be limited to one campus. This limitation
15 does not apply to charter schools existing or approved on or
16 before April 16, 2003.

17 (b-5) (Blank).

18 (c) A charter school shall be administered and governed by
19 its board of directors or other governing body in the manner
20 provided in its charter. The governing body of a charter
21 school shall be subject to the Freedom of Information Act and
22 the Open Meetings Act. A charter school's board of directors
23 or other governing body must include at least one parent or
24 guardian of a pupil currently enrolled in the charter school
25 who may be selected through the charter school or a charter
26 network election, appointment by the charter school's board of

1 directors or other governing body, or by the charter school's
2 Parent Teacher Organization or its equivalent.

3 (c-5) No later than January 1, 2021 or within the first
4 year of his or her first term, every voting member of a charter
5 school's board of directors or other governing body shall
6 complete a minimum of 4 hours of professional development
7 leadership training to ensure that each member has sufficient
8 familiarity with the board's or governing body's role and
9 responsibilities, including financial oversight and
10 accountability of the school, evaluating the principal's and
11 school's performance, adherence to the Freedom of Information
12 Act and the Open Meetings Act, and compliance with education
13 and labor law. In each subsequent year of his or her term, a
14 voting member of a charter school's board of directors or
15 other governing body shall complete a minimum of 2 hours of
16 professional development training in these same areas. The
17 training under this subsection may be provided or certified by
18 a statewide charter school membership association or may be
19 provided or certified by other qualified providers approved by
20 the State Board.

21 (d) For purposes of this subsection (d), "non-curricular
22 health and safety requirement" means any health and safety
23 requirement created by statute or rule to provide, maintain,
24 preserve, or safeguard safe or healthful conditions for
25 students and school personnel or to eliminate, reduce, or
26 prevent threats to the health and safety of students and

1 school personnel. "Non-curricular health and safety
2 requirement" does not include any course of study or
3 specialized instructional requirement for which the State
4 Board has established goals and learning standards or which is
5 designed primarily to impart knowledge and skills for students
6 to master and apply as an outcome of their education.

7 A charter school shall comply with all non-curricular
8 health and safety requirements applicable to public schools
9 under the laws of the State of Illinois. The State Board shall
10 promulgate and post on its Internet website a list of
11 non-curricular health and safety requirements that a charter
12 school must meet. The list shall be updated annually no later
13 than September 1. Any charter contract between a charter
14 school and its authorizer must contain a provision that
15 requires the charter school to follow the list of all
16 non-curricular health and safety requirements promulgated by
17 the State Board and any non-curricular health and safety
18 requirements added by the State Board to such list during the
19 term of the charter. Nothing in this subsection (d) precludes
20 an authorizer from including non-curricular health and safety
21 requirements in a charter school contract that are not
22 contained in the list promulgated by the State Board,
23 including non-curricular health and safety requirements of the
24 authorizing local school board.

25 (e) Except as otherwise provided in the School Code, a
26 charter school shall not charge tuition; provided that a

1 charter school may charge reasonable fees for textbooks,
2 instructional materials, and student activities.

3 (f) A charter school shall be responsible for the
4 management and operation of its fiscal affairs, including, but
5 not limited to, the preparation of its budget. An audit of each
6 charter school's finances shall be conducted annually by an
7 outside, independent contractor retained by the charter
8 school. The contractor shall not be an employee of the charter
9 school or affiliated with the charter school or its authorizer
10 in any way, other than to audit the charter school's finances.
11 To ensure financial accountability for the use of public
12 funds, on or before December 1 of every year of operation, each
13 charter school shall submit to its authorizer and the State
14 Board a copy of its audit and a copy of the Form 990 the
15 charter school filed that year with the federal Internal
16 Revenue Service. In addition, if deemed necessary for proper
17 financial oversight of the charter school, an authorizer may
18 require quarterly financial statements from each charter
19 school.

20 (g) A charter school shall comply with all provisions of
21 this Article, the Illinois Educational Labor Relations Act,
22 all federal and State laws and rules applicable to public
23 schools that pertain to special education and the instruction
24 of English learners, and its charter. A charter school is
25 exempt from all other State laws and regulations in this Code
26 governing public schools and local school board policies;

1 however, a charter school is not exempt from the following:

2 (1) Sections 10-21.9 and 34-18.5 of this Code
3 regarding criminal history records checks and checks of
4 the Statewide Sex Offender Database and Statewide Murderer

6 for employment;

26 The change made by Public Act 96-104 to this subsection

1 (g) is declaratory of existing law.

2 (h) A charter school may negotiate and contract with a
3 school district, the governing body of a State college or
4 university or public community college, or any other public or
5 for-profit or nonprofit private entity for: (i) the use of a
6 school building and grounds or any other real property or
7 facilities that the charter school desires to use or convert
8 for use as a charter school site, (ii) the operation and
9 maintenance thereof, and (iii) the provision of any service,
10 activity, or undertaking that the charter school is required
11 to perform in order to carry out the terms of its charter.
12 Except as provided in subsection (i) of this Section, a school
13 district may charge a charter school reasonable rent for the
14 use of the district's buildings, grounds, and facilities. Any
15 services for which a charter school contracts with a school
16 district shall be provided by the district at cost. Any
17 services for which a charter school contracts with a local
18 school board or with the governing body of a State college or
19 university or public community college shall be provided by
20 the public entity at cost.

21 (i) In no event shall a charter school that is established
22 by converting an existing school or attendance center to
23 charter school status be required to pay rent for space that is
24 deemed available, as negotiated and provided in the charter
25 agreement, in school district facilities. However, all other
26 costs for the operation and maintenance of school district

1 facilities that are used by the charter school shall be
2 subject to negotiation between the charter school and the
3 local school board and shall be set forth in the charter.

4 (j) A charter school may limit student enrollment by age
5 or grade level.

6 (k) If the charter school is authorized by the State

16 (105 ILCS 5/34-22.6) (from Ch. 122, par. 34-22.6)

17 Sec. 34-22.6. Issuance of bonds. For the purpose of
18 erecting, purchasing, or otherwise acquiring buildings
19 suitable for school houses, erecting temporary school
20 structures, erecting additions to, repairing, rehabilitating,
21 modernizing and replacing existing school buildings and
22 temporary school structures, and furnishing and equipping
23 school buildings and temporary school structures, and
24 purchasing or otherwise acquiring and improving sites for such
25 purposes, the board may incur an indebtedness and issue bonds

1 therefor in an amount or amounts not to exceed in the aggregate
2 \$150,000,000 in addition to the bonds authorized under
3 Sections 34-22.1, 34-22.2, 34-22.3, 34-22.4, 34-22.5, and
4 34-22.7. Bonds authorized under this Section may also be
5 issued for the purposes of paying interest on such bonds,
6 establishing reserves to secure such bonds and paying the
7 costs of issuance of such bonds. In connection with the
8 issuance of its bonds, the board may enter into arrangements
9 to provide additional security and liquidity for the bonds.
10 These may include, without limitation, municipal bond
11 insurance, letters of credit, lines of credit by which the
12 board may borrow funds to pay or redeem its bonds, and purchase
13 or remarketing arrangements for assuring the ability of owners
14 of the board's bonds to sell or to have redeemed their bonds.
15 The board may enter into contracts and may agree to pay fees to
16 persons providing such arrangements, including from bond
17 proceeds but only under circumstances in which the total
18 interest paid or to be paid on the bonds, together with the
19 fees for the arrangements (being treated as if interest),
20 would not, taken together, cause the bonds to bear interest,
21 calculated to their absolute maturity, at a rate in excess of
22 the maximum rate allowed by law.

23 The resolution of the board authorizing the issuance of
24 its bonds may provide that interest rates may vary from time to
25 time depending upon criteria established by the board, which
26 may include, without limitation, a variation in interest rates

1 as may be necessary to cause bonds to be remarketable from time
2 to time at a price equal to their principal amount, and may
3 provide for appointment of a national banking association,
4 bank, trust company, investment banker, or other financial
5 institution to serve as a remarketing agent in that
6 connection. The resolution of the board authorizing the
7 issuance of its bonds may provide that alternative interest
8 rates or provisions will apply during such times as the bonds
9 are held by a person providing a letter of credit or other
10 credit enhancement arrangement for those bonds. The Board may
11 use proceeds of the sale of bonds authorized under this
12 Section to pay the cost of obtaining such municipal bond
13 insurance, letter of credit, or other credit facilities. Bonds
14 may also be issued under this Section to pay the cost of
15 refunding any bonds issued under this Section, including prior
16 to their maturity. The bonds shall bear interest at a rate or
17 rates not to exceed the maximum annual rate provided for in
18 Section 2 of the Bond Authorization Act ~~"An Act to authorize~~
19 ~~public corporations to issue bonds, other evidences of~~
20 ~~indebtedness and tax anticipation warrants subject to interest~~
21 ~~rate limitations set forth therein", approved May 26, 1970, as~~
22 ~~now or hereafter amended,~~ and, if issued at such maximum
23 annual rate, shall be sold for not less than par and accrued
24 interest. If any of the bonds are issued to bear interest at a
25 rate of less than such maximum annual rate the minimum price at
26 which they may be sold shall be such that the interest cost to

1 the board on the proceeds of the bonds shall not exceed such
2 maximum annual rate computed to stated maturity according to
3 standard tables of bond values.

4 Whenever the board desires to issue bonds as authorized in
5 this Section, it shall adopt a resolution designating the
6 purpose for which the proceeds of the bonds are to be expended
7 and fixing the amount of the bonds proposed to be issued, the
8 maturity or maturities thereof, and optional provisions, if
9 any, the rate of interest thereon, and the amount of taxes to
10 be levied annually for the purpose of paying the interest upon
11 and the principal, whether due at maturity or upon sinking
12 fund installment dates, of such bonds.

13 Said bonds shall be issued in the corporate name of the
14 school district. They shall be signed by the president and
15 secretary of said board and countersigned by the mayor and the
16 comptroller (or city clerk if there be no comptroller) of the
17 city. They shall be sold by the city comptroller (or city clerk
18 if there be no comptroller) upon such terms as may be approved
19 by the board after advertisement for bids as ordered by and
20 under the direction of the board, and the proceeds thereof
21 shall be received by the city treasurer, as school treasurer,
22 and expended by the board for the purposes provided in the bond
23 resolution.

24 Before or at the time of issuing any bonds authorized in
25 this Section, the board shall provide for the levy and
26 collection of a direct annual tax upon all the taxable

1 property of such school district sufficient to pay and
2 discharge the principal thereof at maturity, or upon sinking
3 fund installment dates, and to pay the interest thereon as it
4 falls due. Such tax shall be levied and collected in like
5 manner with the other taxes of such school district and shall
6 be in addition to and exclusive of the maximum of all other
7 taxes which such board is now, or may hereafter be, authorized
8 by law to levy for any and all school purposes. Upon the filing
9 in the office of the county clerk of the county wherein such
10 school district is located of a duly certified copy of any such
11 ordinance, it shall be the duty of such county clerk to extend
12 the tax therein provided for, including an amount to cover
13 loss and cost of collecting said taxes and also deferred
14 collections thereof and abatements in the amounts of such
15 taxes as extended upon the collector's books. The ordinance
16 shall be in force upon its passage.

18 (105 ILCS 5/34-22.10) (from Ch. 122, par. 34-22.10)

19 Sec. 34-22.10. Issuance of bonds. For the sole purpose of
20 purchasing or otherwise acquiring school buildings and related
21 property and facilities for an agricultural science school
22 pursuant to an agreement entered into pursuant to subparagraph
23 (7) of Section 34-21.1, the board may incur an indebtedness
24 and issue bonds therefor in an amount or amounts not to exceed
25 in the aggregate \$20,000,000 in addition to the bonds

1 authorized under Sections 34-22.1, 34-22.2, 34-22.3, 34-22.4,
2 34-22.5, 34-22.6, and 34-22.7. Bonds authorized under this
3 Section may also be issued for the purposes of paying interest
4 on such bonds, establishing reserves to secure such bonds and
5 paying the costs of issuance of such bonds.

6 In connection with the issuance of its bonds, the board
7 may enter into arrangements to provide additional security and
8 liquidity for the bonds. These may include, without
9 limitation, municipal bond insurance, letters of credit, lines
10 of credit by which the board may borrow funds to pay or redeem
11 its bonds, and purchase or remarketing arrangements for
12 assuring the ability of owners of the board's bonds to sell or
13 to have redeemed their bonds. The board may enter into
14 contracts and may agree to pay fees to persons providing such
15 arrangements, including from bond proceeds but only under
16 circumstances in which the total interest paid or to be paid on
17 the bonds, together with the fees for the arrangements (being
18 treated as if interest), would not, taken together, cause the
19 bonds to bear interest, calculated to their absolute maturity,
20 at a rate in excess of the maximum rate allowed by law.

21 The Board may use proceeds of the sale of bonds authorized
22 under this Section to pay the cost of obtaining such municipal
23 bond insurance, letter of credit, or other credit facilities.
24 Bonds may also be issued under this Section to pay the cost of
25 refunding any bonds issued under this Section, including prior
26 to their maturity. The bonds shall bear interest at a rate or

1 rates not to exceed the maximum annual rate provided for in
2 Section 2 of the Bond Authorization Act ~~"An Act to authorize~~
3 ~~public corporations to issue bonds, other evidences of~~
4 ~~indebtedness and tax anticipation warrants subject to interest~~
5 ~~rate limitations set forth therein", approved May 26, 1970, as~~
6 ~~now or hereafter amended,~~ and if issued at such maximum
7 annual rate, shall be sold for not less than par and accrued
8 interest. If any of the bonds are issued to bear interest at a
9 rate of less than such maximum annual rate the minimum price at
10 which they may be sold shall be such that the interest cost to
11 the board on the proceeds of the bonds shall not exceed such
12 maximum annual rate computed to stated maturity according to
13 standard tables of bond values. The resolution of the board
14 authorizing the issuance of its bonds may provide that
15 interest rates may vary from time to time depending upon
16 criteria established by the board, which may include, without
17 limitation, a variation in interest rates as may be necessary
18 to cause bonds to be remarketable from time to time at a price
19 equal to their principal amount, and may provide for
20 appointment of a national banking association, bank, trust
21 company, investment banker, or other financial institution to
22 serve as a remarketing agent in that connection. The
23 resolution of the board authorizing the issuance of its bonds
24 may provide that alternative interest rates or provisions will
25 apply during such times as the bonds are held by a person
26 providing a letter of credit or other credit enhancement

1 arrangement for those bonds.

2 Whenever the board desires to issue bonds as authorized in
3 this Section, it shall adopt a resolution designating the
4 purpose for which the proceeds of the bonds are to be expended
5 and fixing the amount of the bonds proposed to be issued, the
6 maturity or maturities thereof, and optional provisions, if
7 any, the rate of interest thereon, and the amount of taxes to
8 be levied annually for the purpose of paying the interest upon
9 and the principal, whether due at maturity or upon sinking
10 fund installment dates, of such bonds.

11 Said bonds shall be issued in the corporate name of the
12 school district. They shall be signed by the president and
13 secretary of said board. They shall be sold upon such terms as
14 may be approved by the board after advertisement for bids as
15 ordered by and under the direction of the board, and the
16 proceeds thereof shall be received by the city treasurer, as
17 school treasurer, and expended by the board for the purposes
18 provided in the bond resolution.

19 Before or at the time of issuing any bonds authorized in
20 this Section, the board shall, by resolution, provide for the
21 levy and collection of a direct annual tax upon all the taxable
22 property of such school district sufficient to pay and
23 discharge the principal thereof at maturity, or upon sinking
24 fund installment dates, and to pay the interest thereon as it
25 falls due. Such tax shall be levied and collected in like
26 manner with the other taxes of such school district and shall

1 be in addition to and exclusive of the maximum of all other
2 taxes which such board is now, or may hereafter be, authorized
3 by law to levy for any and all school purposes. Upon the filing
4 in the office of the county clerk of the county wherein such
5 school district is located of a duly certified copy of any such
6 resolution, it shall be the duty of such county clerk to extend
7 the tax therein provided for, including an amount to cover
8 loss and cost of collecting said taxes and also deferred
9 collections thereof and abatements in the amounts of such
10 taxes as extended upon the collector's books. The resolution
11 shall be in force upon its passage.

13 (105 ILCS 5/34A-502) (from Ch. 122, par. 34A-502)

14 Sec. 34A-502. Terms of Bonds.

15 (a) Whenever the Authority desires or is required to issue
16 Bonds as provided in this Article, it shall adopt a resolution
17 designating the amount of the Bonds to be issued, the purposes
18 for which the proceeds of the Bonds are to be used and the
19 manner in which such proceeds shall be held pending the
20 application thereof. The Bonds shall be issued in the
21 corporate name of the Authority, shall bear such date or
22 dates, and shall mature at such time or times not exceeding 30
23 years from their date as such resolution may provide;
24 provided, however, that Bonds issued on or after July 1, 1993
25 shall mature on or before June 1, 2009. The Bonds may be issued

1 as serial bonds payable in installments or as term bonds with
2 sinking fund installments or as a combination thereof as the
3 Authority may determine in such resolution. The Bonds shall be
4 in such denominations of \$1,000 or integral multiples thereof.
5 The Bonds shall be in such form, either coupon or registered,
6 carry such registration privileges, be executed in such
7 manner, be payable at such place or places, and be subject to
8 such terms of redemption at such redemption prices, including
9 premium, as such resolution may provide. The Bonds shall be
10 sold by the Authority at public sale. The Bonds shall be sold
11 to the highest and best bidders upon sealed bids. The
12 Authority shall, from time to time as Bonds are to be sold,
13 advertise in at least 2 daily newspapers, one of which is
14 published in the City of Springfield and one in the City of
15 Chicago, for proposals to purchase Bonds. Each of such
16 advertisements for proposals shall be published at least 10
17 ~~ten~~ days prior to the date of the opening of the bids. The
18 Authority may reserve the right to reject any and all bids.

19 (b) Bonds issued prior to December 31, 1980 shall bear
20 interest at such rate or rates and at such price or prices as
21 the Authority may approve in the resolution authorizing the
22 issuance of Bonds. Bonds issued after December 31, 1980 shall
23 bear interest at a rate or rates not to exceed the maximum
24 annual rate provided for in Section 2 of the Bond
25 Authorization Act ~~"An Act to authorize public corporations to~~
26 ~~issue bonds, other evidences of indebtedness and tax~~

1 ~~anticipation warrants subject to interest rate limitations set~~
2 ~~forth therein", approved May 26, 1970, as amended, and, if~~
3 issued at such maximum annual rate, shall be sold for not less
4 than par and accrued interest. If any of the Bonds are issued
5 to bear interest at a rate of less than such maximum annual
6 rate the minimum price at which they may be sold shall be such
7 that the interest cost to the Authority on the proceeds of the
8 Bonds shall not exceed such maximum annual rate computed to
9 stated maturity according to standard tables of bond values.

10 (c) In connection with the issuance of its Bonds, the
11 Authority may enter into arrangements to provide additional
12 security and liquidity for the Bonds. These may include,
13 without limitation, municipal bond insurance, letters of
14 credit, lines of credit by which the Authority may borrow
15 funds to pay or redeem its Bonds, and purchase or remarketing
16 arrangements for assuring the ability of owners of the
17 Authority's Bonds to sell or to have redeemed their Bonds. The
18 Authority may enter into contracts and may agree to pay fees to
19 persons providing such arrangements, including from Bond
20 proceeds but only under circumstances in which the total
21 interest paid or to be paid on the Bonds, together with the
22 fees for the arrangements (being treated as if interest),
23 would not, taken together, cause the Bonds to bear interest,
24 calculated to their absolute maturity, at a rate in excess of
25 the maximum rate allowed by law.

26 The resolution of the Authority authorizing the issuance

1 of its Bonds may provide that interest rates may vary from time
2 to time depending upon criteria established by the Authority,
3 which may include, without limitation, a variation in interest
4 rates as may be necessary to cause Bonds to be remarketable
5 from time to time at a price equal to their principal amount,
6 and may provide for appointment of a national banking
7 association, bank, trust company, investment banker, or other
8 financial institution to serve as a remarketing agent in that
9 connection. The resolution of the Authority authorizing the
10 issuance of its Bonds may provide that alternative interest
11 rates or provisions will apply during such times as the Bonds
12 are held by a person providing a letter of credit or other

15 Section 620. The Critical Health Problems and
16 Comprehensive Health Education Act is amended by changing
17 Section 3 as follows:

18 (105 ILCS 110/3)

19 Sec. 3. Comprehensive Health Education Program.

20 (a) The program established under this Act shall include,
21 but not be limited to, the following major educational areas
22 as a basis for curricula in all elementary and secondary
23 schools in this State: human ecology and health; human growth
24 and development; the emotional, psychological, physiological,

1 hygienic, and social responsibilities of family life,
2 including sexual abstinence until marriage; the prevention and
3 control of disease, including instruction in grades 6 through
4 12 on the prevention, transmission, and spread of AIDS;
5 age-appropriate sexual abuse and assault awareness and
6 prevention education in grades pre-kindergarten through 12;
7 public and environmental health; consumer health; safety
8 education and disaster preparedness; mental health and
9 illness; personal health habits; alcohol and drug use and
10 abuse, including the use and abuse of fentanyl, and the
11 medical and legal ramifications of alcohol, drug, and tobacco
12 use; abuse during pregnancy; evidence-based and medically
13 accurate information regarding sexual abstinence; tobacco and
14 e-cigarettes and other vapor devices; nutrition; and dental
15 health. The instruction on mental health and illness must
16 evaluate the multiple dimensions of health by reviewing the
17 relationship between physical and mental health to enhance
18 student understanding, attitudes, and behaviors that promote
19 health, well-being, and human dignity and must include how and
20 where to find mental health resources and specialized
21 treatment in the State. The program shall also provide course
22 material and instruction to advise pupils of the Abandoned
23 Newborn Infant Protection Act. The program shall include
24 information about cancer, including, without limitation, types
25 of cancer, signs and symptoms, risk factors, the importance of
26 early prevention and detection, and information on where to go

1 for help. Notwithstanding the above educational areas, the
2 following areas may also be included as a basis for curricula
3 in all elementary and secondary schools in this State: basic
4 first aid (including, but not limited to, cardiopulmonary
5 resuscitation and the Heimlich maneuver), heart disease,
6 diabetes, stroke, the prevention of child abuse, neglect, and
7 suicide, and teen dating violence in grades 7 through 12.
8 Beginning with the 2014-2015 school year, training on how to
9 properly administer cardiopulmonary resuscitation (which
10 training must be in accordance with standards of the American
11 Red Cross, the American Heart Association, or another
12 nationally recognized certifying organization) and how to use
13 an automated external defibrillator shall be included as a
14 basis for curricula in all secondary schools in this State.

15 (b) Beginning with the 2024-2025 school year in grades 9
16 through 12, the program shall include instruction, study, and
17 discussion on the dangers of allergies. Information for the
18 instruction, study, and discussion shall come from information
19 provided by the Department of Public Health and the federal
20 Centers for Disease Control and Prevention. This instruction,
21 study, and discussion shall include, at a minimum:

22 (1) recognizing the signs and symptoms of an allergic
23 reaction, including anaphylaxis;

24 (2) the steps to take to prevent exposure to
25 allergens; and

26 (3) safe emergency epinephrine administration.

1 (c) No later than 30 days after the first day of each
2 school year, the school board of each public elementary and
3 secondary school in the State shall provide all teachers,
4 administrators, and other school personnel, as determined by
5 school officials, with information regarding emergency
6 procedures and life-saving techniques, including, without
7 limitation, the Heimlich maneuver, hands-only cardiopulmonary
8 resuscitation, and use of the school district's automated
9 external defibrillator. The information shall be in accordance
10 with standards of the American Red Cross, the American Heart
11 Association, or another nationally recognized certifying
12 organization. A school board may use the services of
13 non-governmental entities whose personnel have expertise in
14 life-saving techniques to instruct teachers, administrators,
15 and other school personnel in these techniques. Each school
16 board is encouraged to have in its employ, or on its volunteer
17 staff, at least one person who is certified, by the American
18 Red Cross or by another qualified certifying agency, as
19 qualified to administer first aid and cardiopulmonary
20 resuscitation. In addition, each school board is authorized to
21 allocate appropriate portions of its institute or inservice
22 days to conduct training programs for teachers and other
23 school personnel who have expressed an interest in becoming
24 certified to administer emergency first aid or cardiopulmonary
25 resuscitation. School boards are urged to encourage their
26 teachers and other school personnel who coach school athletic

1 programs and other extracurricular school activities to
2 acquire, develop, and maintain the knowledge and skills
3 necessary to properly administer first aid and cardiopulmonary
4 resuscitation in accordance with standards and requirements
5 established by the American Red Cross or another qualified
6 certifying agency. Subject to appropriation, the State Board
7 of Education shall establish and administer a matching grant
8 program to pay for half of the cost that a school district
9 incurs in training those teachers and other school personnel
10 who express an interest in becoming qualified to administer
11 first aid or cardiopulmonary resuscitation (which training
12 must be in accordance with standards of the American Red
13 Cross, the American Heart Association, or another nationally
14 recognized certifying organization). A school district that
15 applies for a grant must demonstrate that it has funds to pay
16 half of the cost of the training for which matching grant money
17 is sought. The State Board of Education shall award the grants
18 on a first-come, first-serve basis.

19 (d) No pupil shall be required to take or participate in
20 any class or course on AIDS or family life instruction or to
21 receive training on how to properly administer cardiopulmonary
22 resuscitation or how to use an automated external
23 defibrillator if his or her parent or guardian submits written
24 objection thereto, and refusal to take or participate in the
25 course or program or the training shall not be reason for
26 suspension or expulsion of the pupil.

1 (e) Curricula developed under programs established in
2 accordance with this Act in the major educational area of
3 alcohol and drug use and abuse shall include classroom
4 instruction in grades 5 through 12, shall be age and
5 developmentally appropriate, and may include the information
6 contained in the Substance Use Prevention and Recovery
7 Instruction Resource Guide under Section 22-81 of the School
8 Code, as applicable. The instruction, which shall include
9 matters relating to both the physical and legal effects and
10 ramifications of drug and substance abuse, shall be integrated
11 into existing curricula; and the State Board of Education
12 shall determine how to develop and make available to all
13 elementary and secondary schools in this State instructional
14 materials and guidelines that will assist the schools in
15 incorporating the instruction into their existing curricula.
16 In addition, school districts may offer, as part of existing
17 curricula during the school day or as part of an after-school
18 program, support services and instruction for pupils or pupils
19 whose parent, parents, or guardians are chemically dependent.

20 Beginning with the 2024-2025 school year, the program
21 shall include instruction, study, and discussion on the
22 dangers of fentanyl in grades 6 through 12. Information for
23 the instruction, study, and discussion on the dangers of
24 fentanyl shall be age and developmentally appropriate and may
25 include information contained in the Substance Use Prevention
26 and Recovery Instruction Resource Guide under Section 22-81 of

1 the School Code, as applicable. The instruction, study, and
2 discussion on the dangers of fentanyl in grades 9 through 12
3 shall include, at a minimum, all of the following:

4 (1) Information on fentanyl itself, including an
5 explanation of the differences between synthetic and
6 nonsynthetic opioids and illicit drugs, the variations of
7 fentanyl itself, and the differences between the legal and
8 illegal uses of fentanyl.

9 (2) The side effects and the risk factors of using
10 fentanyl, along with information comparing the lethal
11 amounts of fentanyl to other drugs. Information on the
12 risk factors may include, but is not limited to:

13 (A) the lethal dose of fentanyl;

14 (B) how often fentanyl is placed in drugs without
15 a person's knowledge;

16 (C) an explanation of what fentanyl does to a
17 person's body and the severity of fentanyl's addictive
18 properties; and

19 (D) how the consumption of fentanyl can lead to
20 hypoxia, as well as an explanation of what hypoxia
21 precisely does to a person's body.

22 (3) Details about the process of lacing fentanyl in
23 other drugs and why drugs get laced with fentanyl.

24 (4) Details about how to detect fentanyl in drugs and
25 how to save someone from an overdose of fentanyl, which
26 shall include:

1 (A) how to buy and use fentanyl test strips;

2 (B) how to buy and use naloxone, either through a
3 nasal spray or an injection; and

4 (C) how to detect if someone is overdosing on

3 tax upon all the taxable property in the local community
4 college district sufficient to pay the principal and interest
5 on such bonds to maturity. Upon the filing in the office of the
6 county clerk of each of the counties in which the community

13 (1) American Indian or Alaska Native (a person
14 having origins in any of the original peoples of North
15 and South America, including Central America, and who
16 maintains tribal affiliation or community attachment).

17 (2) Asian (a person having origins in any of the
18 original peoples of the Far East, Southeast Asia, or
19 the Indian subcontinent, including, but not limited
20 to, Cambodia, China, India, Japan, Korea, Malaysia,
21 Pakistan, the Philippine Islands, Thailand, and
22 Vietnam).

23 (3) Black or African American (a person having
24 origins in any of the black racial groups of Africa).

25 (4) Hispanic or Latino (a person of Cuban,
26 Mexican, Puerto Rican, South or Central American, or

1 other Spanish culture or origin, regardless of race).

2 (5) Native Hawaiian or Other Pacific Islander (a
3 person having origins in any of the original peoples
4 of Hawaii, Guam, Samoa, or other Pacific Islands).

5 "Qualified bilingual minority applicant" means a
6 qualified student who demonstrates proficiency in a
7 language other than English by (i) receiving a State Seal
8 of Biliteracy from the State Board of Education or (ii)
9 receiving a passing score on an educator licensure target
10 language proficiency test.

11 "Qualified student" means a person (i) who is a
12 resident of this State and a citizen or permanent resident
13 of the United States; (ii) who is a minority student, as
14 defined in this Section; (iii) who, as an eligible
15 applicant, has made a timely application for a minority
16 teaching scholarship under this Section; (iv) who is
17 enrolled on at least a half-time basis at a qualified
18 Illinois institution of higher learning; (v) who is
19 enrolled in a course of study leading to teacher
20 licensure, including alternative teacher licensure, or, if
21 the student is already licensed to teach, in a course of
22 study leading to an additional teaching endorsement or a
23 master's degree in an academic field in which he or she is
24 teaching or plans to teach or who has received one or more
25 College and Career Pathway Endorsements pursuant to
26 Section 80 of the Postsecondary and Workforce Readiness

1 Act and commits to enrolling in a course of study leading
2 to teacher licensure, including alternative teacher
3 licensure; (vi) who maintains a grade point average of no
4 less than 2.5 on a 4.0 scale; and (vii) who continues to
5 advance satisfactorily toward the attainment of a degree.

6 (b) In order to encourage academically talented Illinois
7 minority students to pursue teaching careers at the preschool
8 or elementary or secondary school level and to address and
9 alleviate the teacher shortage crisis in this State described
10 under the provisions of the Transitions in Education Act, each
11 qualified student shall be awarded a minority teacher
12 scholarship to any qualified Illinois institution of higher
13 learning. However, preference may be given to qualified
14 applicants enrolled at or above the junior level.

15 (c) Each minority teacher scholarship awarded under this
16 Section shall be in an amount sufficient to pay the tuition and
17 fees and room and board costs of the qualified Illinois
18 institution of higher learning at which the recipient is
19 enrolled, up to an annual maximum of \$5,000; except that in the
20 case of a recipient who does not reside on-campus at the
21 institution at which he or she is enrolled, the amount of the
22 scholarship shall be sufficient to pay tuition and fee
23 expenses and a commuter allowance, up to an annual maximum of
24 \$5,000. However, if at least \$2,850,000 is appropriated in a
25 given fiscal year for the Minority Teachers of Illinois
26 scholarship program, then, in each fiscal year thereafter,

1 each scholarship awarded under this Section shall be in an
2 amount sufficient to pay the tuition and fees and room and
3 board costs of the qualified Illinois institution of higher
4 learning at which the recipient is enrolled, up to an annual
5 maximum of \$7,500; except that in the case of a recipient who
6 does not reside on-campus at the institution at which he or she
7 is enrolled, the amount of the scholarship shall be sufficient
8 to pay tuition and fee expenses and a commuter allowance, up to
9 an annual maximum of \$7,500.

10 (d) The total amount of minority teacher scholarship
11 assistance awarded by the Commission under this Section to an
12 individual in any given fiscal year, when added to other
13 financial assistance awarded to that individual for that year,
14 shall not exceed the cost of attendance at the institution at
15 which the student is enrolled. If the amount of a minority
16 teacher scholarship to be awarded to a qualified student as
17 provided in subsection (c) of this Section exceeds the cost of
18 attendance at the institution at which the student is
19 enrolled, the minority teacher scholarship shall be reduced by
20 an amount equal to the amount by which the combined financial
21 assistance available to the student exceeds the cost of
22 attendance.

23 (e) The maximum number of academic terms for which a
24 qualified student can receive minority teacher scholarship
25 assistance shall be 8 semesters or 12 quarters.

26 (f) In any academic year for which an eligible applicant

1 under this Section accepts financial assistance through the
2 Paul Douglas Teacher Scholarship Program, as authorized by
3 Section 551 et seq. of the Higher Education Act of 1965, the
4 applicant shall not be eligible for scholarship assistance
5 awarded under this Section.

6 (g) All applications for minority teacher scholarships to
7 be awarded under this Section shall be made to the Commission
8 on forms which the Commission shall provide for eligible
9 applicants. The form of applications and the information
10 required to be set forth therein shall be determined by the
11 Commission, and the Commission shall require eligible
12 applicants to submit with their applications such supporting
13 documents or recommendations as the Commission deems
14 necessary.

15 (h) Subject to a separate appropriation for such purposes,
16 payment of any minority teacher scholarship awarded under this
17 Section shall be determined by the Commission. All scholarship
18 funds distributed in accordance with this subsection shall be
19 paid to the institution and used only for payment of the
20 tuition and fee and room and board expenses incurred by the
21 student in connection with his or her attendance at a
22 qualified Illinois institution of higher learning. Any
23 minority teacher scholarship awarded under this Section shall
24 be applicable to 2 semesters or 3 quarters of enrollment. If a
25 qualified student withdraws from enrollment prior to
26 completion of the first semester or quarter for which the

1 minority teacher scholarship is applicable, the school shall
2 refund to the Commission the full amount of the minority
3 teacher scholarship.

4 (i) The Commission shall administer the minority teacher
5 scholarship aid program established by this Section and shall
6 make all necessary and proper rules not inconsistent with this
7 Section for its effective implementation.

8 (j) When an appropriation to the Commission for a given
9 fiscal year is insufficient to provide scholarships to all
10 qualified students, the Commission shall allocate the
11 appropriation in accordance with this subsection. If funds are
12 insufficient to provide all qualified students with a
13 scholarship as authorized by this Section, the Commission
14 shall allocate the available scholarship funds for that fiscal
15 year to qualified students who submit a complete application
16 form on or before a date specified by the Commission based on
17 the following order of priority:

18 (1) To students who received a scholarship under this
19 Section in the prior academic year and who remain eligible
20 for a minority teacher scholarship under this Section.

21 (2) Except as otherwise provided in subsection (k), to
22 students who demonstrate financial need, as determined by
23 the Commission.

24 (k) Notwithstanding paragraph (2) of subsection (j), at
25 least 35% of the funds appropriated for scholarships awarded
26 under this Section in each fiscal year shall be reserved for

1 qualified male minority applicants, with priority being given
2 to qualified Black male applicants beginning with fiscal year
3 2023. If the Commission does not receive enough applications
4 from qualified male minorities on or before January 1 of each
5 fiscal year to award 35% of the funds appropriated for these
6 scholarships to qualified male minority applicants, then the
7 Commission may award a portion of the reserved funds to
8 qualified female minority applicants in accordance with
9 subsection (j).

10 Beginning with fiscal year 2023, if at least \$2,850,000
11 but less than \$4,200,000 is appropriated in a given fiscal
12 year for scholarships awarded under this Section, then at
13 least 10% of the funds appropriated shall be reserved for
14 qualified bilingual minority applicants, with priority being
15 given to qualified bilingual minority applicants who are
16 enrolled in an educator preparation program with a
17 concentration in bilingual, bicultural education. Beginning
18 with fiscal year 2023, if at least \$4,200,000 is appropriated
19 in a given fiscal year for the Minority Teachers of Illinois
20 scholarship program, then at least 30% of the funds
21 appropriated shall be reserved for qualified bilingual
22 minority applicants, with priority being given to qualified
23 bilingual minority applicants who are enrolled in an educator
24 preparation program with a concentration in bilingual,
25 bicultural education. Beginning with fiscal year 2023, if at
26 least \$2,850,000 is appropriated in a given fiscal year for

1 scholarships awarded under this Section but the Commission
2 does not receive enough applications from qualified bilingual
3 minority applicants on or before January 1 of that fiscal year
4 to award at least 10% of the funds appropriated to qualified
5 bilingual minority applicants, then the Commission may, in its
6 discretion, award a portion of the reserved funds to other
7 qualified students in accordance with subsection (j).

8 (1) Prior to receiving scholarship assistance for any
9 academic year, each recipient of a minority teacher
10 scholarship awarded under this Section shall be required by
11 the Commission to sign an agreement under which the recipient
12 pledges that, within the one-year period following the
13 termination of the program for which the recipient was awarded
14 a minority teacher scholarship, the recipient (i) shall begin
15 teaching for a period of not less than one year for each year
16 of scholarship assistance he or she was awarded under this
17 Section; (ii) shall fulfill this teaching obligation at a
18 nonprofit Illinois public, private, or parochial preschool,
19 elementary school, or secondary school at which no less than
20 30% of the enrolled students are minority students in the year
21 during which the recipient begins teaching at the school or
22 may instead, if the recipient received a scholarship as a
23 qualified bilingual minority applicant, fulfill this teaching
24 obligation in a program in transitional bilingual education
25 pursuant to Article 14C of the School Code or in a school in
26 which 20 or more English learner students in the same language

1 classification are enrolled; and (iii) shall, upon request by
2 the Commission, provide the Commission with evidence that he
3 or she is fulfilling or has fulfilled the terms of the teaching
4 agreement provided for in this subsection.

5 (m) If a recipient of a minority teacher scholarship
6 awarded under this Section fails to fulfill the teaching
7 obligation set forth in subsection (l) of this Section, the
8 Commission shall require the recipient to repay the amount of
9 the scholarships received, prorated according to the fraction
10 of the teaching obligation not completed, at a rate of
11 interest equal to 5%, and, if applicable, reasonable
12 collection fees. If a recipient who enters into repayment
13 under this subsection (m) subsequently, within 5 years of
14 entering repayment, begins to teach at a school meeting the
15 description under subsection (l) of this Section, the
16 Commission may reduce the amount owed by the recipient in
17 proportion to the amount of the teaching obligation completed.
18 The Commission is authorized to establish rules relating to
19 its collection activities for repayment of scholarships under
20 this Section. All repayments collected under this Section
21 shall be forwarded to the State Comptroller for deposit into
22 the State's General Revenue Fund.

23 (n) A recipient of minority teacher scholarship shall not
24 be considered in violation of the agreement entered into
25 pursuant to subsection (l) if the recipient (i) enrolls on a
26 full time basis as a graduate student in a course of study

1 related to the field of teaching at a qualified Illinois
2 institution of higher learning; (ii) is serving, not in excess
3 of 3 years, as a member of the armed services of the United
4 States; (iii) is a person with a temporary total disability
5 for a period of time not to exceed 3 years as established by
6 sworn affidavit of a qualified physician; (iv) is seeking and
7 unable to find full time employment as a teacher at an Illinois
8 public, private, or parochial preschool or elementary or
9 secondary school that satisfies the criteria set forth in
10 subsection (1) of this Section and is able to provide evidence
11 of that fact; (v) becomes a person with a permanent total
12 disability as established by sworn affidavit of a qualified
13 physician; (vi) is taking additional courses, on at least a
14 half-time basis, needed to obtain licensure as a teacher in
15 Illinois; or (vii) is fulfilling teaching requirements
16 associated with other programs administered by the Commission
17 and cannot concurrently fulfill them under this Section in a
18 period of time equal to the length of the teaching obligation.

19 (o) Scholarship recipients under this Section who withdraw
20 from a program of teacher education but remain enrolled in
21 school to continue their postsecondary studies in another
22 academic discipline shall not be required to commence
23 repayment of their Minority Teachers of Illinois scholarship
24 so long as they remain enrolled in school on a full-time basis
25 or if they can document for the Commission special
26 circumstances that warrant extension of repayment.

1 (p) If the Minority Teachers of Illinois scholarship
2 program does not expend at least 90% of the amount
3 appropriated for the program in a given fiscal year for 3
4 consecutive fiscal years and the Commission does not receive
5 enough applications from the groups identified in subsection
6 (k) on or before January 1 in each of those fiscal years to
7 meet the percentage reserved for those groups under subsection
8 (k), then up to 3% of amount appropriated for the program for
9 each of next 3 fiscal years shall be allocated to increasing
10 awareness of the program and for the recruitment of Black male
11 applicants. The Commission shall make a recommendation to the
12 General Assembly by January 1 of the year immediately
13 following the end of that third fiscal year regarding whether
14 the amount allocated to increasing awareness and recruitment
15 should continue.

16 (q) Each qualified Illinois institution of higher learning
17 that receives funds from the Minority Teachers of Illinois
18 scholarship program shall host an annual information session
19 at the institution about the program for teacher candidates of
20 color in accordance with rules adopted by the Commission.
21 Additionally, the institution shall ensure that each
22 scholarship recipient enrolled at the institution meets with
23 an academic advisor at least once per academic year to
24 facilitate on-time completion of the recipient's educator
25 preparation program.

26 (r) The changes made to this Section by Public Act 101-654

1 will first take effect with awards made for the 2022-2023
2 academic year.

6 Sec. 52. Golden Apple Scholars of Illinois Program; Golden
7 Apple Foundation for Excellence in Teaching.

8 (a) In this Section, "Foundation" means the Golden Apple
9 Foundation for Excellence in Teaching, a registered 501(c)(3)
10 not-for-profit corporation.

11 (a-2) In order to encourage academically talented Illinois
12 students, especially minority students, to pursue teaching
13 careers, especially in teacher shortage disciplines (which
14 shall be defined to include early childhood education) or at
15 hard-to-staff schools (as defined by the Commission in
16 consultation with the State Board of Education), to provide
17 those students with the crucial mentoring, guidance, and
18 in-service support that will significantly increase the
19 likelihood that they will complete their full teaching
20 commitments and elect to continue teaching in targeted
21 disciplines and hard-to-staff schools, and to ensure that
22 students in this State will continue to have access to a pool
23 of highly qualified ~~highly-qualified~~ teachers, each qualified
24 student shall be awarded a Golden Apple Scholars of Illinois
25 Program scholarship to any Illinois institution of higher

1 learning. The Commission shall administer the Golden Apple
2 Scholars of Illinois Program, which shall be managed by the
3 Foundation pursuant to the terms of a grant agreement meeting
4 the requirements of Section 4 of the Illinois Grant Funds
5 Recovery Act.

6 (a-3) For purposes of this Section, a qualified student
7 shall be a student who meets the following qualifications:

8 (1) is a resident of this State and a citizen or
9 eligible noncitizen of the United States;

10 (2) is a high school graduate or a person who has
11 received a State of Illinois High School Diploma;

12 (3) is enrolled or accepted, on at least a half-time
13 basis, at an institution of higher learning;

14 (4) is pursuing a postsecondary course of study
15 leading to initial certification or pursuing additional
16 course work needed to gain State Board of Education
17 approval to teach, including alternative teacher
18 licensure; and

19 (5) is a participant in programs managed by and is
20 approved to receive a scholarship from the Foundation.

21 (a-5) (Blank).

22 (b) (Blank).

23 (b-5) Funds designated for the Golden Apple Scholars of
24 Illinois Program shall be used by the Commission for the
25 payment of scholarship assistance under this Section or for
26 the award of grant funds, subject to the Illinois Grant Funds

1 Recovery Act, to the Foundation. Subject to appropriation,
2 awards of grant funds to the Foundation shall be made on an
3 annual basis and following an application for grant funds by
4 the Foundation.

5 (b-10) Each year, the Foundation shall include in its
6 application to the Commission for grant funds an estimate of
7 the amount of scholarship assistance to be provided to
8 qualified students during the grant period. Any amount of
9 appropriated funds exceeding the estimated amount of
10 scholarship assistance may be awarded by the Commission to the
11 Foundation for management expenses expected to be incurred by
12 the Foundation in providing the mentoring, guidance, and
13 in-service supports that will increase the likelihood that
14 qualified students will complete their teaching commitments
15 and elect to continue teaching in hard-to-staff schools. If
16 the estimate of the amount of scholarship assistance described
17 in the Foundation's application is less than the actual amount
18 required for the award of scholarship assistance to qualified
19 students, the Foundation shall be responsible for using
20 awarded grant funds to ensure all qualified students receive
21 scholarship assistance under this Section.

22 (b-15) All grant funds not expended or legally obligated
23 within the time specified in a grant agreement between the
24 Foundation and the Commission shall be returned to the
25 Commission within 45 days. Any funds legally obligated by the
26 end of a grant agreement shall be liquidated within 45 days or

1 otherwise returned to the Commission within 90 days after the
2 end of the grant agreement that resulted in the award of grant
3 funds.

4 (c) Each scholarship awarded under this Section shall be
5 in an amount sufficient to pay the tuition and fees and room
6 and board costs of the Illinois institution of higher learning
7 at which the recipient is enrolled, up to an annual maximum of
8 \$5,000; except that, in the case of a recipient who does not
9 reside on campus at the institution of higher learning at
10 which he or she is enrolled, the amount of the scholarship
11 shall be sufficient to pay tuition and fee expenses and a
12 commuter allowance, up to an annual maximum of \$5,000. All
13 scholarship funds distributed in accordance with this Section
14 shall be paid to the institution on behalf of recipients.

15 (d) The total amount of scholarship assistance awarded by
16 the Commission under this Section to an individual in any
17 given fiscal year, when added to other financial assistance
18 awarded to that individual for that year, shall not exceed the
19 cost of attendance at the institution of higher learning at
20 which the student is enrolled. In any academic year for which a
21 qualified student under this Section accepts financial
22 assistance through any other teacher scholarship program
23 administered by the Commission, a qualified student shall not
24 be eligible for scholarship assistance awarded under this
25 Section.

26 (e) A recipient may receive up to 8 semesters or 12

1 quarters of scholarship assistance under this Section.
2 Scholarship funds are applicable toward 2 semesters or 3
3 quarters of enrollment each academic year.

4 (f) All applications for scholarship assistance to be
5 awarded under this Section shall be made to the Foundation in a
6 form determined by the Foundation. Each year, the Foundation
7 shall notify the Commission of the individuals awarded
8 scholarship assistance under this Section. Each year, at least
9 30% of the Golden Apple Scholars of Illinois Program
10 scholarships shall be awarded to students residing in counties
11 having a population of less than 500,000.

12 (g) (Blank).

13 (h) The Commission shall administer the payment of
14 scholarship assistance provided through the Golden Apple
15 Scholars of Illinois Program and shall make all necessary and
16 proper rules not inconsistent with this Section for the
17 effective implementation of this Section.

18 (i) Prior to receiving scholarship assistance for any
19 academic year, each recipient of a scholarship awarded under
20 this Section shall be required by the Foundation to sign an
21 agreement under which the recipient pledges that, within the
22 2-year period following the termination of the academic
23 program for which the recipient was awarded a scholarship, the
24 recipient: (i) shall begin teaching for a period of not less
25 than 5 years, (ii) shall fulfill this teaching obligation at a
26 nonprofit Illinois public, private, or parochial preschool or

1 an Illinois public elementary or secondary school that
2 qualifies for teacher loan cancellation under Section
3 465(a)(2)(A) of the federal Higher Education Act of 1965 (20
4 U.S.C. 1087ee(a)(2)(A)) or other Illinois schools deemed
5 eligible for fulfilling the teaching commitment as designated
6 by the Foundation, and (iii) shall, upon request of the
7 Foundation, provide the Foundation with evidence that he or
8 she is fulfilling or has fulfilled the terms of the teaching
9 agreement provided for in this subsection. Upon request, the
10 Foundation shall provide evidence of teacher fulfillment to
11 the Commission.

12 (j) If a recipient of a scholarship awarded under this
13 Section fails to fulfill the teaching obligation set forth in
14 subsection (i) of this Section, the Commission shall require
15 the recipient to repay the amount of the scholarships
16 received, prorated according to the fraction of the teaching
17 obligation not completed, plus interest at a rate of 5% and, if
18 applicable, reasonable collection fees. If a recipient who
19 enters into repayment under this subsection (j) subsequently,
20 within 5 years of entering repayment, begins to teach at a
21 school meeting the description under subsection (i) of this
22 Section, the Commission may reduce the amount owed by the
23 recipient in proportion to the amount of the teaching
24 obligation completed. Reduction of the amount owed shall not
25 be construed as reinstatement in the Golden Apple Scholars
26 program. Reinstatement in the program shall be solely at the

1 discretion of the Golden Apple Foundation on terms determined
2 by the Foundation. Payments received by the Commission under
3 this subsection (j) shall be remitted to the State Comptroller
4 for deposit into the General Revenue Fund, except that that
5 portion of a recipient's repayment that equals the amount in
6 expenses that the Commission has reasonably incurred in
7 attempting collection from that recipient shall be remitted to
8 the State Comptroller for deposit into the ISAC Accounts
9 Receivable Fund, a special fund in the State treasury.

10 (k) A recipient of a scholarship awarded by the Foundation
11 under this Section shall not be considered to have failed to
12 fulfill the teaching obligations of the agreement entered into
13 pursuant to subsection (i) if the recipient (i) enrolls on a
14 full-time basis as a graduate student in a course of study
15 related to the field of teaching at an institution of higher
16 learning; (ii) is serving as a member of the armed services of
17 the United States; (iii) is a person with a temporary total
18 disability, as established by sworn affidavit of a qualified
19 physician; (iv) is seeking and unable to find full-time
20 employment as a teacher at a school that satisfies the
21 criteria set forth in subsection (i) and is able to provide
22 evidence of that fact; (v) is taking additional courses, on at
23 least a half-time basis, needed to obtain certification as a
24 teacher in Illinois; (vi) is fulfilling teaching requirements
25 associated with other programs administered by the Commission
26 and cannot concurrently fulfill them under this Section in a

1 period of time equal to the length of the teaching obligation;
2 or (vii) is participating in a program established under
3 Executive Order 10924 of the President of the United States or
4 the federal National Community Service Act of 1990 (42 U.S.C.
5 12501 et seq.). Any such extension of the period during which
6 the teaching requirement must be fulfilled shall be subject to
7 limitations of duration as established by the Commission.

8 (l) A recipient who fails to fulfill the teaching
9 obligations of the agreement entered into pursuant to
10 subsection (i) of this Section shall repay the amount of
11 scholarship assistance awarded to them under this Section
12 within 10 years.

13 (m) Annually, at a time determined by the Commission in
14 consultation with the Foundation, the Foundation shall submit
15 a report to assist the Commission in monitoring the
16 Foundation's performance of grant activities. The report shall
17 describe the following:

18 (1) the Foundation's anticipated expenditures for the
19 next fiscal year;

20 (2) the number of qualified students receiving
21 scholarship assistance at each institution of higher
22 learning where a qualified student was enrolled under this
23 Section during the previous fiscal year;

24 (3) the total monetary value of scholarship funds paid
25 to each institution of higher learning at which a
26 qualified student was enrolled during the previous fiscal

1 year;

2 (4) the number of scholarship recipients who completed
3 a baccalaureate degree during the previous fiscal year;

4 (5) the number of scholarship recipients who fulfilled
5 their teaching obligation during the previous fiscal year;

6 (6) the number of scholarship recipients who failed to
7 fulfill their teaching obligation during the previous
8 fiscal year;

9 (7) the number of scholarship recipients granted an
10 extension described in subsection (k) of this Section
11 during the previous fiscal year;

12 (8) the number of scholarship recipients required to
13 repay scholarship assistance in accordance with subsection
14 (j) of this Section during the previous fiscal year;

15 (9) the number of scholarship recipients who
16 successfully repaid scholarship assistance in full during
17 the previous fiscal year;

18 (10) the number of scholarship recipients who
19 defaulted on their obligation to repay scholarship
20 assistance during the previous fiscal year;

21 (11) the amount of scholarship assistance subject to
22 collection in accordance with subsection (j) of this
23 Section at the end of the previous fiscal year;

24 (12) the amount of collected funds to be remitted to
25 the Comptroller in accordance with subsection (j) of this
26 Section at the end of the previous fiscal year; and

1 (13) other information that the Commission may
2 reasonably request.

3 (n) Nothing in this Section shall affect the rights of the
4 Commission to collect moneys owed to it by recipients of
5 scholarship assistance through the Illinois Future Teacher
6 Corps Program, repealed by Public Act 98-533.

7 (o) The Auditor General shall prepare an annual audit of
8 the operations and finances of the Golden Apple Scholars of
9 Illinois Program. This audit shall be provided to the
10 Governor, General Assembly, and the Commission.

11 (p) The suspension of grant making authority found in
12 Section 4.2 of the Illinois Grant Funds Recovery Act shall not
13 apply to grants made pursuant to this Section.

18 Sec. 65.125. Early Childhood Access Consortium for Equity
19 Scholarship Program.

20 (a) As used in this Section, "incumbent workforce" has the
21 meaning ascribed to that term in the Early Childhood Access
22 Consortium for Equity Act.

23 (b) Subject to appropriation, the Commission shall
24 implement and administer an early childhood educator

2 amended by changing Section 5-70 as follows:

3 (110 ILCS 992/5-70)

4 Sec. 5-70. Cosigner release rights.

7 release, including restricting the number of times a borrower
8 may apply for cosigner release.

9 (b) A servicer may not impose any negative consequences on
10 a borrower or cosigner during the 60 days following the

7 notify the borrower and cosigner in writing of the impact of
8 the change and provide the borrower and cosigner with the
9 right to withdraw or reverse the request to avoid the impact.

11 determination to deny a request for cosigner release, and the
12 servicer shall permit the borrower to submit additional

12 Section 730. The MC/DD Act is amended by changing Section
13 3-801.1 as follows:

14 (210 ILCS 46/3-801.1)

15 Sec. 3-801.1. Access to records of resident with
16 developmental disabilities. Notwithstanding the other
17 provisions of this Act to the contrary, the agency designated
18 by the Governor under Section 1 of the Protection and Advocacy
19 for Persons with Developmental Disabilities Act ~~"An Act in~~
20 ~~relation to the protection and advocacy of the rights of~~
21 ~~persons with developmental disabilities, and amending Acts~~
22 ~~therein named", enacted by the 84th General Assembly,~~ shall
23 have access to the records of a person with developmental
24 disabilities who resides in a facility, subject to the

1 limitations of this Act. The agency shall also have access for
2 the purpose of inspection and copying, to the records of a
3 person with developmental disabilities who resides in any such
4 facility if (1) a complaint is received by such agency from or
5 on behalf of the person with a developmental disability, and
6 (2) such person does not have a guardian or the State or the
7 designee of the State is the guardian of such person. The
8 designated agency shall provide written notice to the person
9 with developmental disabilities and the State guardian of the
10 nature of the complaint based upon which the designated agency
11 has gained access to the records. No record or the contents of
12 any record shall be redisclosed by the designated agency
13 unless the person with developmental disabilities and the
14 State guardian are provided 7 days' advance written notice,
15 except in emergency situations, of the designated agency's
16 intent to redisclose such record, during which time the person
17 with developmental disabilities or the State guardian may seek
18 to judicially enjoin the designated agency's redisclosure of
19 such record on the grounds that such redisclosure is contrary
20 to the interests of the person with developmental
21 disabilities. If a person with developmental disabilities
22 resides in such a facility and has a guardian other than the
23 State or the designee of the State, the facility director
24 shall disclose the guardian's name, address, and telephone

14 Section 735. The Emergency Medical Services (EMS) Systems
15 Act is amended by changing Sections 3.40 and 3.117 as follows:

16 (210 ILCS 50/3.40)

17 Sec. 3.40. EMS System Participation Suspensions and Due
18 Process.

19 (a) An EMS Medical Director may suspend from participation
20 within the System any EMS personnel, EMS Lead Instructor (LI),
21 individual, individual provider, or other participant
22 considered not to be meeting the requirements of the Program
23 Plan of that approved EMS System. An EMS Medical Director must
24 submit a suspension order to the Department describing which

1 requirements of the Program Plan were not met and the
2 suspension's duration. The Department shall review and confirm
3 receipt of the suspension order, request additional
4 information, or initiate an investigation. The Department
5 shall incorporate the duration of that suspension into any
6 further action taken by the Department to suspend, revoke, or
7 refuse to issue or renew the license of the individual or
8 entity for any violation of this Act or the Program Plan
9 arising from the same conduct for which the suspension order
10 was issued if the suspended party has neither requested a
11 Department hearing on the suspension nor worked as a provider
12 in any other System during the term of the suspension.

13 (b) Prior to suspending any individual or entity, an EMS
14 Medical Director shall provide an opportunity for a hearing
15 before the local System review board in accordance with
16 subsection (f) and the rules promulgated by the Department.

17 (1) If the local System review board affirms or
18 modifies the EMS Medical Director's suspension order, the
19 individual or entity shall have the opportunity for a
20 review of the local board's decision by the State EMS
21 Disciplinary Review Board, pursuant to Section 3.45 of
22 this Act.

23 (2) If the local System review board reverses or
24 modifies the EMS Medical Director's order, the EMS Medical
25 Director shall have the opportunity for a review of the
26 local board's decision by the State EMS Disciplinary

1 Review Board, pursuant to Section 3.45 of this Act.

2 (3) The suspension shall commence only upon the
3 occurrence of one of the following:

4 (A) the individual or entity has waived the
5 opportunity for a hearing before the local System
6 review board;

7 (B) the order has been affirmed or modified by the
8 local system review board and the individual or entity
9 has waived the opportunity for review by the State
10 Board; or

11 (C) the order has been affirmed or modified by the
12 local system review board, and the local board's
13 decision has been affirmed or modified by the State
14 Board.

15 (c) An individual interviewed or investigated by the local
16 system review board or the Department shall have the right to a
17 union representative and legal counsel of the individual's
18 choosing present at any interview. The union representative
19 must comply with any confidentiality requirements and
20 requirements for the protection of any patient information
21 presented during the proceeding.

22 (d) An EMS Medical Director may immediately suspend an
23 EMR, EMD, EMT, EMT-I, A-EMT, Paramedic, ECRN, PHRN, LI, PHPA,
24 PHAPRN, or other individual or entity if he or she finds that
25 the continuation in practice by the individual or entity would
26 constitute an imminent danger to the public. The suspended

1 individual or entity shall be issued an immediate verbal
2 notification followed by a written suspension order by the EMS
3 Medical Director which states the length, terms, and basis for
4 the suspension.

5 (1) Within 24 hours following the commencement of the
6 suspension, the EMS Medical Director shall deliver to the
7 Department, by messenger, telefax, or other
8 Department-approved electronic communication, a copy of
9 the suspension order and copies of any written materials
10 which relate to the EMS Medical Director's decision to
11 suspend the individual or entity. All medical and
12 patient-specific information, including Department
13 findings with respect to the quality of care rendered,
14 shall be strictly confidential pursuant to the Medical
15 Studies Act (Part 21 of Article VIII of the Code of Civil
16 Procedure).

17 (2) Within 24 hours following the commencement of the
18 suspension, the suspended individual or entity may deliver
19 to the Department, by messenger, telefax, or other
20 Department-approved electronic communication, a written
21 response to the suspension order and copies of any written
22 materials which the individual or entity feels are
23 appropriate. All medical and patient-specific information,
24 including Department findings with respect to the quality
25 of care rendered, shall be strictly confidential pursuant
26 to the Medical Studies Act.

1 (3) Within 24 hours following receipt of the EMS
2 Medical Director's suspension order or the individual or
3 entity's written response, whichever is later, the
4 Director or the Director's designee shall determine
5 whether the suspension should be stayed pending an
6 opportunity for a hearing or review in accordance with
7 this Act, or whether the suspension should continue during
8 the course of that hearing or review. When an immediate
9 suspension order is not stayed, the Director or the
10 Director's designee within the Department shall identify
11 if that suspension shall immediately apply to statewide
12 participation only in situations when a licensee has been
13 charged with a crime while performing the licensee's
14 official duties as an EMR, EMD, EMT, EMT-I, A-EMT,
15 Paramedic, ECRN, TNS, PHRN, LI, PHPA, or PHAPRN and the
16 licensee's continuation to practice poses the possibility
17 of imminent harm to the public based upon ~~off~~ factual
18 evidence provided to the Department. The determination to
19 issue an immediate statewide suspension shall not deny the
20 right to due process to a licensee. The Director or the
21 Director's designee shall issue this determination to the
22 EMS Medical Director, who shall immediately notify the
23 suspended individual or entity. The suspension shall
24 remain in effect during this period of review by the
25 Director or the Director's designee.

26 (e) Upon issuance of a suspension order for reasons

1 directly related to medical care, the EMS Medical Director
2 shall also provide the individual or entity with the
3 opportunity for a hearing before the local System review
4 board, in accordance with subsection (f) and the rules
5 promulgated by the Department.

6 (1) If the local System review board affirms or
7 modifies the EMS Medical Director's suspension order, the
8 individual or entity shall have the opportunity for a
9 review of the local board's decision by the State EMS
10 Disciplinary Review Board, pursuant to Section 3.45 of
11 this Act.

12 (2) If the local System review board reverses or
13 modifies the EMS Medical Director's suspension order, the
14 EMS Medical Director shall have the opportunity for a
15 review of the local board's decision by the State EMS
16 Disciplinary Review Board, pursuant to Section 3.45 of
17 this Act.

18 (3) The suspended individual or entity may elect to
19 bypass the local System review board and seek direct
20 review of the EMS Medical Director's suspension order by
21 the State EMS Disciplinary Review Board.

22 (f) The Resource Hospital shall designate a local System
23 review board in accordance with the rules of the Department,
24 for the purpose of providing a hearing to any individual or
25 entity participating within the System who is suspended from
26 participation by the EMS Medical Director. The EMS Medical

1 Director shall arrange for a certified shorthand reporter to
2 make a stenographic record of that hearing and thereafter
3 prepare a transcript of the proceedings. The EMS Medical
4 Director shall inform the individual of the individual's right
5 to have a union representative and legal counsel of the
6 individual's choosing present at any interview. The union
7 representative must comply with any confidentiality
8 requirements and requirements for the protection of any
9 patient information presented during the proceeding. The
10 transcript, all documents or materials received as evidence
11 during the hearing and the local System review board's written
12 decision shall be retained in the custody of the EMS system.
13 The System shall implement a decision of the local System
14 review board unless that decision has been appealed to the
15 State Emergency Medical Services Disciplinary Review Board in
16 accordance with this Act and the rules of the Department.

17 (g) The Resource Hospital shall implement a decision of
18 the State Emergency Medical Services Disciplinary Review Board

25 (C-5) provide rapid access to an acute stroke
26 team, as defined by the facility, that considers and

1 reflects nationally recognized, evidence-based
2 protocols or guidelines;

3 (D) administer thrombolytic therapy, or
4 subsequently developed medical therapies that meet
5 nationally recognized, evidence-based stroke
6 guidelines;

7 (E) conduct brain image tests at all times;

8 (F) conduct blood coagulation studies at all
9 times;

10 (G) maintain a log of stroke patients, which shall
11 be available for review upon request by the Department
12 or any hospital that has a written transfer agreement
13 with the Acute Stroke-Ready Hospital;

14 (H) admit stroke patients to a unit that can
15 provide appropriate care that considers and reflects
16 nationally recognized, evidence-based protocols or
17 guidelines or transfer stroke patients to an Acute
18 Stroke-Ready Hospital, Primary Stroke Center, or
19 Comprehensive Stroke Center, or another facility that
20 can provide the appropriate care that considers and
21 reflects nationally recognized, evidence-based
22 protocols or guidelines; and

23 (I) demonstrate compliance with nationally
24 recognized quality indicators.

25 (4) With respect to Acute Stroke-Ready Hospital
26 designation, the Department shall have the authority and

1 responsibility to do the following:

2 (A) Require hospitals applying for Acute
3 Stroke-Ready Hospital designation to attest, on a form
4 developed by the Department in consultation with the
5 State Stroke Advisory Subcommittee, that the hospital
6 meets, and will continue to meet, the criteria for an
7 Acute Stroke-Ready Hospital.

8 (A-5) Require hospitals applying for Acute
9 Stroke-Ready Hospital designation via national Acute
10 Stroke-Ready Hospital certification to provide proof
11 of current Acute Stroke-Ready Hospital certification,
12 in good standing.

13 The Department shall require a hospital that is
14 already certified as an Acute Stroke-Ready Hospital to
15 send a copy of the Certificate to the Department.

16 Within 30 business days of the Department's
17 receipt of a hospital's Acute Stroke-Ready Certificate
18 and Application for Stroke Center Designation form
19 that indicates that the hospital is a certified Acute
20 Stroke-Ready Hospital, in good standing, the hospital
21 shall be deemed a State-designated Acute Stroke-Ready
22 Hospital. The Department shall send a designation
23 notice to each hospital that it designates as an Acute
24 Stroke-Ready Hospital and shall add the names of
25 designated Acute Stroke-Ready Hospitals to the website
26 listing immediately upon designation. The Department

1 shall immediately remove the name of a hospital from
2 the website listing when a hospital loses its
3 designation after notice and, if requested by the
4 hospital, a hearing.

5 The Department shall develop an Application for
6 Stroke Center Designation form that contains a
7 statement that "The above named facility meets the
8 requirements for Acute Stroke-Ready Hospital
9 Designation as provided in Section 3.117 of the
10 Emergency Medical Services (EMS) Systems Act" and
11 shall instruct the applicant facility to provide: the
12 hospital name and address; the hospital CEO or
13 Administrator's typed name and signature; the hospital
14 Clinical Director of Stroke Care's typed name and
15 signature; and a contact person's typed name, email
16 address, and phone number.

17 The Application for Stroke Center Designation form
18 shall contain a statement that instructs the hospital
19 to "Provide proof of current Acute Stroke-Ready
20 Hospital certification from a nationally recognized
21 certifying body approved by the Department".

22 (B) Designate a hospital as an Acute Stroke-Ready
23 Hospital no more than 30 business days after receipt
24 of an attestation that meets the requirements for
25 attestation, unless the Department, within 30 days of
26 receipt of the attestation, chooses to conduct an

1 onsite survey prior to designation. If the Department
2 chooses to conduct an onsite survey prior to
3 designation, then the onsite survey shall be conducted
4 within 90 days of receipt of the attestation.

5 (C) Require annual written attestation, on a form
6 developed by the Department in consultation with the
7 State Stroke Advisory Subcommittee, by Acute
8 Stroke-Ready Hospitals to indicate compliance with
9 Acute Stroke-Ready Hospital criteria, as described in
10 this Section, and automatically renew Acute
11 Stroke-Ready Hospital designation of the hospital.

12 (D) Issue an Emergency Suspension of Acute
13 Stroke-Ready Hospital designation when the Director,
14 or his or her designee, has determined that the
15 hospital no longer meets the Acute Stroke-Ready
16 Hospital criteria and an immediate and serious danger
17 to the public health, safety, and welfare exists. If
18 the Acute Stroke-Ready Hospital fails to eliminate the
19 violation immediately or within a fixed period of
20 time, not exceeding 10 days, as determined by the
21 Director, the Director may immediately revoke the
22 Acute Stroke-Ready Hospital designation. The Acute
23 Stroke-Ready Hospital may appeal the revocation within
24 15 business days after receiving the Director's
25 revocation order, by requesting an administrative
26 hearing.

1 (E) After notice and an opportunity for an
2 administrative hearing, suspend, revoke, or refuse to
3 renew an Acute Stroke-Ready Hospital designation, when
4 the Department finds the hospital is not in
5 substantial compliance with current Acute Stroke-Ready
6 Hospital criteria.

7 (c) The Department shall consult with the State Stroke
8 Advisory Subcommittee for developing the designation,
9 re-designation, and de-designation processes for Comprehensive
10 Stroke Centers, Thrombectomy Capable Stroke Centers,
11 Thrombectomy Ready Stroke Centers, Primary Stroke Centers
12 Plus, Primary Stroke Centers, and Acute Stroke-Ready
13 Hospitals.

14 (d) The Department shall consult with the State Stroke
15 Advisory Subcommittee as subject matter experts at least
16 annually regarding stroke standards of care.

17 (a) The hospital shall not pursue legal action for
18 non-payment of a hospital bill against uninsured patients who

22 (b) A hospital may not bill an uninsured patient who ~~that~~
23 requires health care services, as defined in Section 5 of the

4 If the patient is deemed eligible for public health insurance

Sec. 355. Accident and health policies; provisions.

1 (a) As used in this Section:

2 "Inadequate rate" means a rate:

3 (1) that is insufficient to sustain projected losses
4 and expenses to which the rate applies; and

5 (2) the continued use of which endangers the solvency
6 of an insurer using that rate.

7 "Large employer" has the meaning provided in the Illinois
8 Health Insurance Portability and Accountability Act.

9 "Plain language" has the meaning provided in the federal
10 Plain Writing Act of 2010 and subsequent guidance documents,
11 including the Federal Plain Language Guidelines.

12 "Unreasonable rate increase" means a rate increase that
13 the Director determines to be excessive, unjustified, or
14 unfairly discriminatory in accordance with 45 CFR 154.205.

15 (b) No policy of insurance against loss or damage from the
16 sickness, or from the bodily injury or death of the insured by
17 accident shall be issued or delivered to any person in this
18 State until a copy of the form thereof and of the
19 classification of risks and the premium rates pertaining
20 thereto have been filed with the Director; nor shall it be so
21 issued or delivered until the Director shall have approved
22 such policy pursuant to the provisions of Section 143. If the
23 Director disapproves the policy form, he or she shall make a
24 written decision stating the respects in which such form does
25 not comply with the requirements of law and shall deliver a
26 copy thereof to the company and it shall be unlawful

1 thereafter for any such company to issue any policy in such
2 form. On and after January 1, 2025, any form filing submitted
3 for large employer group accident and health insurance shall
4 be automatically deemed approved within 90 days of the
5 submission date unless the Director extends by not more than
6 an additional 30 days the period within which the form shall be
7 approved or disapproved by giving written notice to the
8 insurer of such extension before the expiration of the 90
9 days. Any form in receipt of such an extension shall be
10 automatically deemed approved within 120 days of the
11 submission date. The Director may toll the filing due to a
12 conflict in legal interpretation of federal or State law as
13 long as the tolling is applied uniformly to all applicable
14 forms, written notification is provided to the insurer prior
15 to the tolling, the duration of the tolling is provided within
16 the notice to the insurer, and justification for the tolling
17 is posted to the Department's website. The Director may
18 disapprove the filing if the insurer fails to respond to an
19 objection or request for additional information within the
20 timeframe identified for response. As used in this subsection,
21 "large employer" has the meaning given in Section 5 of the
22 federal Health Insurance Portability and Accountability Act.

23 (c) For plan year 2026 and thereafter, premium rates for
24 all individual and small group accident and health insurance
25 policies must be filed with the Department for approval.
26 Unreasonable rate increases or inadequate rates shall be

1 modified or disapproved. For any plan year during which the
2 Illinois Health Benefits Exchange operates as a full
3 State-based exchange, the Department shall provide insurers at
4 least 30 days' notice of the deadline to submit rate filings.

5 (c-5) Unless prohibited under federal law, for plan year
6 2026 and thereafter, each insurer proposing to offer a
7 qualified health plan issued in the individual market through
8 the Illinois Health Benefits Exchange must incorporate the
9 following approach in its rate filing under this Section:

10 (1) The rate filing must apply a cost-sharing
11 reduction defunding adjustment factor within a range that:

12 (A) is uniform across all insurers;

13 (B) is consistent with the total adjustment
14 expected to be needed to cover actual cost-sharing
15 reduction costs across all silver plans on the
16 Illinois Health Benefits Exchange statewide, provided
17 that such costs are calculated assuming utilization by
18 the State's full individual-market risk pool; and

19 (C) assumes that the only on-Exchange silver plans
20 that will be purchased are the 87% and 94%
21 cost-sharing reduction variations.

22 (2) The rate filing must apply an induced demand
23 factor based on the following formula: $(\text{Plan Actuarial Value})^2 - (\text{Plan Actuarial Value}) + 1.24$.
24

25 In the annual notice to insurers described in subsection
26 (c), the Department must include the specific numerical range

1 calculated for the applicable plan year under paragraph (1) of
2 this subsection (c-5) and the formula in paragraph (2) of this
3 subsection (c-5).

4 (d) For plan year 2025 and thereafter, the Department
5 shall post all insurers' rate filings and summaries on the
6 Department's website 5 business days after the rate filing
7 deadline set by the Department in annual guidance. The rate
8 filings and summaries posted to the Department's website shall
9 exclude information that is proprietary or trade secret
10 information protected under paragraph (g) of subsection (1) of
11 Section 7 of the Freedom of Information Act or confidential or
12 privileged under any applicable insurance law or rule. All
13 summaries shall include a brief justification of any rate
14 increase or decrease requested, including the number of
15 individual members, the medical loss ratio, medical trend,
16 administrative costs, and any other information required by
17 rule. The plain writing summary shall include notification of
18 the public comment period established in subsection (e).

19 (e) The Department shall open a 30-day public comment
20 period on the rate filings beginning on the date that all of
21 the rate filings are posted on the Department's website. The
22 Department shall post all of the comments received to the
23 Department's website within 5 business days after the comment
24 period ends.

25 (f) After the close of the public comment period described
26 in subsection (e), the Department, beginning for plan year

1 2026, shall issue a decision to approve, disapprove, or modify
2 a rate filing within 60 days. Any rate filing or any rates
3 within a filing on which the Director does not issue a decision
4 within 60 days shall automatically be deemed approved. The
5 Director's decision shall take into account the actuarial
6 justifications and public comments. The Department shall
7 notify the insurer of the decision, make the decision
8 available to the public by posting it on the Department's
9 website, and include an explanation of the findings, actuarial
10 justifications, and rationale that are the basis for the
11 decision. Any company whose rate has been modified or
12 disapproved shall be allowed to request a hearing within 10
13 days after the action taken. The action of the Director in
14 disapproving a rate shall be subject to judicial review under
15 the Administrative Review Law.

16 (g) If, following the issuance of a decision but before
17 the effective date of the premium rates approved by the
18 decision, an event occurs that materially affects the
19 Director's decision to approve, deny, or modify the rates, the
20 Director may consider supplemental facts or data reasonably
21 related to the event.

22 (h) The Department shall adopt rules implementing the
23 procedures described in subsections (d) through (g) by March
24 31, 2024.

25 (i) Subsection (a), subsections (c) through (h), and
26 subsection (j) of this Section do not apply to grandfathered

1 health plans as defined in 45 CFR 147.140; excepted benefits
2 as defined in 42 U.S.C. 300gg-91; or student health insurance
3 coverage as defined in 45 CFR 147.145. For a filing of premium
4 rates or classifications of risk for any of these types of
5 coverage, the Director's initial review period shall not
6 exceed 60 days to issue informal objections to the company
7 that request additional clarification, explanation,
8 substantiating documentation, or correction of concerns
9 identified in the filing before the company implements the
10 premium rates, classifications, or related rate-setting
11 methodologies described in the filing, except that the
12 Director may extend by not more than an additional 30 days the
13 period of initial review by giving written notice to the
14 company of such extension before the expiration of the initial
15 60-day period. Nothing in this subsection shall confer
16 authority upon the Director to approve, modify, or disapprove
17 rates where that authority is not provided by other law.
18 Nothing in this subsection shall prohibit the Director from
19 conducting any investigation, examination, hearing, or other
20 formal administrative or enforcement proceeding with respect
21 to a company's rate filing or implementation thereof under
22 applicable law at any time, including after the period of
23 initial review.

24 (j) Subsection (a) and subsections (c) through (h) do not
25 apply to group policies issued in the large group market as
26 defined in Section 5 of the Illinois Health Insurance

1 Portability and Accountability Act. For large group policies
2 issued, delivered, amended, or renewed on or after January 1,
3 2026 that are not described in subsection (i), the premium
4 rates and risk classifications, including any rate manuals and
5 rules used to arrive at the rates, must be filed with the
6 Department annually for approval at least 120 days before the
7 rates are intended to take effect.

8 (1) A rate filing shall be modified or disapproved if
9 the premiums are unreasonable in relation to the benefits
10 because the rates were not calculated in accordance with
11 sound actuarial principles.

12 (2) Within 60 days of receipt of the rate filing, the
13 Director shall issue a decision to approve, disapprove, or
14 modify the filing along with the reasons and actuarial
15 justification for the decision. Any rate filing or rates
16 within a filing on which the Director does not issue a
17 decision within 60 days shall be automatically deemed
18 approved.

19 (3) Any company whose rate or rate filing has been
20 modified or disapproved shall be allowed to request a
21 hearing within 10 days after the action taken. The action
22 of the Director in disapproving a rate or rate filing
23 shall be subject to judicial review under the
24 Administrative Review Law.

25 (4) Nothing in this subsection requires a company to
26 file a large group policy's final premium rates for prior

1 approval if the company negotiates the final rates or rate
2 adjustments with the plan sponsor or its administrator in
3 accordance with the rate manual and rules of the currently
4 approved rate filing for the policy.

5 In this subsection, "administrator" and "plan sponsor"
6 have the meanings ~~meaning~~ given to those terms in 29 U.S.C.
7 1002(16).

11 (215 ILCS 5/356z.5)

12 Sec. 356z.5. Prescription inhalers ~~inhalants~~.

13 (a) In this Section, "prescription inhaler" means a
14 prescribed medical device that delivers inhaled medications
15 used to treat breathing for persons suffering from asthma or
16 other life-threatening bronchial ailments. "Prescription
17 inhaler" includes metered-dose inhalers, nebulizers, and dry
18 powder inhalers. "Prescription inhaler" does not include
19 inhalers available over the counter without a prescription to
20 provide temporary relief from respiratory symptoms.

21 (b) A group or individual policy of accident and health
22 insurance or managed care plan amended, delivered, issued, or
23 renewed through December 31, 2025 that provides coverage for
24 prescription drugs may not deny or limit coverage for
25 prescription inhalers to enable persons to breathe when

1 suffering from asthma or other life-threatening bronchial
2 ailments based upon any restriction on the number of days
3 before an inhaler refill may be obtained if, contrary to those
4 restrictions, the inhalants have been ordered or prescribed by
5 the treating physician and are medically appropriate.

6 (c) A group or individual policy of accident and health
7 insurance or managed care plan amended, delivered, issued, or
8 renewed on or after January 1, 2026 that provides coverage for
9 prescription drugs may not deny or limit, except as otherwise
10 provided in this subsection, coverage for prescription
11 inhalers to enable persons to breathe when suffering from
12 asthma or other life-threatening bronchial ailments based upon
13 any restriction on the number of days before an inhaler refill
14 may be obtained if, contrary to those restrictions, the
15 inhalants have been ordered or prescribed by the treating
16 physician and are medically appropriate. A group or individual
17 policy of accident and health insurance or managed care plan
18 subject to this subsection shall limit the total amount that a
19 covered person is required to pay for a covered prescription
20 inhaler to an amount not to exceed \$25 per 30-day supply.

21 (d) Nothing in this Section prevents a group or individual
22 policy of accident and health insurance or managed care plan
23 from reducing a covered person's cost sharing to an amount
24 less than the amount specified in subsection (c).

25 (e) Coverage for prescription inhalers shall not be
26 subject to any deductible; except that this provision does not

1 apply to the extent such coverage would disqualify a
2 high-deductible health plan from eligibility for a health
3 savings account pursuant to Section 223 of the Internal
4 Revenue Code (26 U.S.C. 223).

5 (f) The Department may adopt rules necessary to implement
6 and administer this Section and to align with federal
7 requirements. The Department may use any of its enforcement
8 powers to obtain a group or individual policy of accident and
9 health insurance's or managed care plan's compliance with this
10 Section.

11 (Source: P.A. 103-951, eff. 1-1-25; revised 11-22-24.)

12 (215 ILCS 5/356z.14)

13 Sec. 356z.14. Autism spectrum disorders.

14 (a) A group or individual policy of accident and health
15 insurance or managed care plan amended, delivered, issued, or
16 renewed after December 12, 2008 (the effective date of Public
17 Act 95-1005) must provide individuals under 21 years of age
18 coverage for the diagnosis of autism spectrum disorders and
19 for the treatment of autism spectrum disorders to the extent
20 that the diagnosis and treatment of autism spectrum disorders
21 are not already covered by the policy of accident and health
22 insurance or managed care plan.

23 (b) Coverage provided under this Section shall be subject
24 to a maximum benefit of \$36,000 per year, but shall not be
25 subject to any limits on the number of visits to a service

1 provider. ~~The After December 30, 2009, the~~ Director of ~~the~~
2 ~~Division of~~ Insurance shall, on an annual basis, adjust the
3 maximum benefit for inflation using the Medical Care Component
4 of the United States Department of Labor Consumer Price Index
5 for All Urban Consumers. Payments made by an insurer on behalf
6 of a covered individual for any care, treatment, intervention,
7 service, or item, the provision of which was for the treatment
8 of a health condition not diagnosed as an autism spectrum
9 disorder, shall not be applied toward any maximum benefit
10 established under this subsection.

11 (c) Coverage under this Section shall be subject to
12 copayment, deductible, and coinsurance provisions of a policy
13 of accident and health insurance or managed care plan to the
14 extent that other medical services covered by the policy of
15 accident and health insurance or managed care plan are subject
16 to these provisions.

17 (d) This Section shall not be construed as limiting
18 benefits that are otherwise available to an individual under a
19 policy of accident and health insurance or managed care plan
20 and benefits provided under this Section may not be subject to
21 dollar limits, deductibles, copayments, or coinsurance
22 provisions that are less favorable to the insured than the
23 dollar limits, deductibles, or coinsurance provisions that
24 apply to physical illness generally.

25 (e) An insurer may not deny or refuse to provide otherwise
26 covered services, or refuse to renew, refuse to reissue, or

1 otherwise terminate or restrict coverage under an individual
2 contract to provide services to an individual because the
3 individual or the individual's ~~their~~ dependent is diagnosed
4 with an autism spectrum disorder or due to the individual
5 utilizing benefits in this Section.

6 (e-5) An insurer may not deny or refuse to provide
7 otherwise covered services under a group or individual policy
8 of accident and health insurance or a managed care plan solely
9 because of the location wherein the clinically appropriate
10 services are provided.

11 (f) Upon request of the reimbursing insurer, a provider of
12 treatment for autism spectrum disorders shall furnish medical
13 records, clinical notes, or other necessary data that
14 substantiate that initial or continued medical treatment is
15 medically necessary and is resulting in improved clinical
16 status. When treatment is anticipated to require continued
17 services to achieve demonstrable progress, the insurer may
18 request a treatment plan consisting of diagnosis, proposed
19 treatment by type, frequency, anticipated duration of
20 treatment, the anticipated outcomes stated as goals, and the
21 frequency by which the treatment plan will be updated.

22 (g) When making a determination of medical necessity for a
23 treatment modality for autism spectrum disorders, an insurer
24 must make the determination in a manner that is consistent
25 with the manner used to make that determination with respect
26 to other diseases or illnesses covered under the policy,

1 including an appeals process. During the appeals process, any
2 challenge to medical necessity must be viewed as reasonable
3 only if the review includes a physician with expertise in the
4 most current and effective treatment modalities for autism
5 spectrum disorders.

6 (h) Coverage for medically necessary early intervention
7 services must be delivered by certified early intervention
8 specialists, as defined in 89 Ill. Adm. Code 500 and any
9 subsequent amendments thereto.

10 (h-5) If an individual has been diagnosed as having an
11 autism spectrum disorder, meeting the diagnostic criteria in
12 place at the time of diagnosis, and treatment is determined
13 medically necessary, then that individual shall remain
14 eligible for coverage under this Section even if subsequent
15 changes to the diagnostic criteria are adopted by the American
16 Psychiatric Association. If no changes to the diagnostic
17 criteria are adopted after April 1, 2012, and before December
18 31, 2014, then this subsection (h-5) shall be of no further
19 force and effect.

20 (h-10) An insurer may not deny or refuse to provide
21 covered services, or refuse to renew, refuse to reissue, or
22 otherwise terminate or restrict coverage under an individual
23 contract, for a person diagnosed with an autism spectrum
24 disorder on the basis that the individual declined an
25 alternative medication or covered service when the
26 individual's health care provider has determined that such

1 medication or covered service may exacerbate clinical
2 symptomatology and is medically contraindicated for the
3 individual and the individual has requested and received a
4 medical exception as provided for under Section 45.1 of the
5 Managed Care Reform and Patient Rights Act. For the purposes
6 of this subsection (h-10), "clinical symptomatology" means any
7 indication of disorder or disease when experienced by an
8 individual as a change from normal function, sensation, or
9 appearance.

10 (h-15) If, at any time, the Secretary of the United States
11 Department of Health and Human Services, or its successor
12 agency, promulgates rules or regulations to be published in
13 the Federal Register or publishes a comment in the Federal
14 Register or issues an opinion, guidance, or other action that
15 would require the State, pursuant to any provision of the
16 Patient Protection and Affordable Care Act (Public Law
17 111-148), including, but not limited to, 42 U.S.C.
18 18031(d)(3)(B) or any successor provision, to defray the cost
19 of any coverage outlined in subsection (h-10), then subsection
20 (h-10) is inoperative with respect to all coverage outlined in
21 subsection (h-10) other than that authorized under Section
22 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State
23 shall not assume any obligation for the cost of the coverage
24 set forth in subsection (h-10).

25 (i) As used in this Section:

26 "Autism spectrum disorders" means pervasive developmental

1 disorders as defined in the most recent edition of the
2 Diagnostic and Statistical Manual of Mental Disorders,
3 including autism, Asperger's disorder, and pervasive
4 developmental disorder not otherwise specified.

5 "Diagnosis of autism spectrum disorders" means one or more
6 tests, evaluations, or assessments to diagnose whether an
7 individual has autism spectrum disorder that is prescribed,
8 performed, or ordered by (A) a physician licensed to practice
9 medicine in all its branches or (B) a licensed clinical
10 psychologist with expertise in diagnosing autism spectrum
11 disorders.

12 "Medically necessary" means any care, treatment,
13 intervention, service, or item which will or is reasonably
14 expected to do any of the following: (i) prevent the onset of
15 an illness, condition, injury, disease, or disability; (ii)
16 reduce or ameliorate the physical, mental, or developmental
17 effects of an illness, condition, injury, disease, or
18 disability; or (iii) assist to achieve or maintain maximum
19 functional activity in performing daily activities.

20 "Treatment for autism spectrum disorders" shall include
21 the following care prescribed, provided, or ordered for an
22 individual diagnosed with an autism spectrum disorder by (A) a
23 physician licensed to practice medicine in all its branches or
24 (B) a certified, registered, or licensed health care
25 professional with expertise in treating effects of autism
26 spectrum disorders when the care is determined to be medically

1 necessary and ordered by a physician licensed to practice
2 medicine in all its branches:

3 (1) Psychiatric care, meaning direct, consultative, or
4 diagnostic services provided by a licensed psychiatrist.

5 (2) Psychological care, meaning direct or consultative
6 services provided by a licensed psychologist.

7 (3) Habilitative or rehabilitative care, meaning
8 professional, counseling, and guidance services and
9 treatment programs, including applied behavior analysis,
10 that are intended to develop, maintain, and restore the
11 functioning of an individual. As used in this subsection
12 (i), "applied behavior analysis" means the design,
13 implementation, and evaluation of environmental
14 modifications using behavioral stimuli and consequences to
15 produce socially significant improvement in human
16 behavior, including the use of direct observation,
17 measurement, and functional analysis of the relations
18 between environment and behavior.

19 (4) Therapeutic care, including behavioral, speech,
20 occupational, and physical therapies that provide
21 treatment in the following areas: (i) self care and
22 feeding, (ii) pragmatic, receptive, and expressive
23 language, (iii) cognitive functioning, (iv) applied
24 behavior analysis, intervention, and modification, (v)
25 motor planning, and (vi) sensory processing.

26 (j) Rulemaking authority to implement this amendatory Act

1 of the 95th General Assembly, if any, is conditioned on the
2 rules being adopted in accordance with all provisions of the
3 Illinois Administrative Procedure Act and all rules and
4 procedures of the Joint Committee on Administrative Rules; any
5 purported rule not so adopted, for whatever reason, is
6 unauthorized.

10 Sec. 356z.25. Coverage for treatment of pediatric
11 autoimmune neuropsychiatric disorders associated with
12 streptococcal infections and pediatric acute-onset ~~acute-onset~~
13 neuropsychiatric syndrome. A group or individual policy of
14 accident and health insurance or managed care plan that is
15 amended, delivered, issued, or renewed after July 18, 2017
16 (the effective date of Public Act 100-24) shall provide
17 coverage for treatment of pediatric autoimmune
18 neuropsychiatric disorders associated with streptococcal
19 infections and pediatric acute-onset neuropsychiatric
20 syndrome, including, but not limited to, the use of
21 intravenous immunoglobulin therapy.

22 No group or individual policy of accident and health
23 insurance or managed care plan shall deny or delay coverage
24 for medically necessary treatment under this Section solely
25 because the insured, enrollee, or beneficiary previously

1 received any treatment, including the same or similar
2 treatment, for pediatric autoimmune neuropsychiatric disorders
3 associated with streptococcal infections or pediatric
4 acute-onset ~~acute-onset~~ neuropsychiatric syndrome, or because
5 the insured, enrollee, or beneficiary has been diagnosed with
6 or receives treatment for an otherwise diagnosed condition.

7 For the purposes of this Section, coverage of pediatric
8 autoimmune neuropsychiatric disorders associated with
9 streptococcal infections and pediatric acute-onset ~~acute-onset~~
10 neuropsychiatric syndrome shall adhere to the treatment
11 recommendations developed by a medical professional consortium
12 convened for the purposes of researching, identifying, and
13 publishing best practice standards for diagnosis and treatment
14 of such disorders or syndrome that are accessible for medical
15 professionals and are based on evidence of positive patient
16 outcomes. Coverage for any form of medically necessary
17 treatment shall not be limited over a lifetime of an insured,
18 enrollee, or beneficiary, unless the patient is no longer
19 benefiting from the treatment, or by policy period. Nothing in
20 this Section prevents insurers from requesting treatment notes
21 and anticipated duration of treatment and outcomes.

22 For billing and diagnosis purposes, pediatric autoimmune
23 neuropsychiatric disorders associated with streptococcal
24 infections and pediatric acute-onset ~~acute-onset~~
25 neuropsychiatric syndrome shall be coded as autoimmune
26 encephalitis until the American Medical Association and the

Centers for Medicare and Medicaid Services create and assign a specific code for pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric acute-onset ~~acute-onset~~ neuropsychiatric syndrome. Thereafter, pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric acute-onset ~~acute-onset~~ neuropsychiatric syndrome may be coded as autoimmune encephalitis, pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections, or pediatric acute-onset ~~acute-onset~~ neuropsychiatric syndrome.

If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric acute-onset ~~acute-onset~~ neuropsychiatric syndrome outlined in this Section, then the requirement that an insurer cover pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric

1 ~~acute-onset~~ ~~acute-onset~~ neuropsychiatric syndrome is
2 inoperative other than any such coverage authorized under
3 Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and
4 the State shall not assume any obligation for the cost of
5 coverage for pediatric autoimmune neuropsychiatric disorders
6 associated with streptococcal infections and pediatric
7 ~~acute-onset~~ ~~acute-onset~~ neuropsychiatric syndrome.

10 (Text of Section before amendment by P.A. 103-701 and
11 103-720)

12 Sec. 356z.40. Pregnancy and postpartum coverage.

13 (a) An individual or group policy of accident and health
14 insurance or managed care plan amended, delivered, issued, or
15 renewed on or after October 8, 2021 (the effective date of
16 Public Act 102-665) ~~this amendatory Act of the 102nd General~~
17 ~~Assembly~~ shall provide coverage for pregnancy and newborn care
18 in accordance with 42 U.S.C. 18022(b) regarding essential
19 health benefits.

20 (b) Benefits under this Section shall be as follows:

21 (1) An individual who has been identified as
22 experiencing a high-risk pregnancy by the individual's
23 treating provider shall have access to clinically
24 appropriate case management programs. As used in this
25 subsection, "case management" means a mechanism to

1 coordinate and assure continuity of services, including,
2 but not limited to, health services, social services, and
3 educational services necessary for the individual. "Case
4 management" involves individualized assessment of needs,
5 planning of services, referral, monitoring, and advocacy
6 to assist an individual in gaining access to appropriate
7 services and closure when services are no longer required.
8 "Case management" is an active and collaborative process
9 involving a single qualified case manager, the individual,
10 the individual's family, the providers, and the community.
11 This includes close coordination and involvement with all
12 service providers in the management plan for that
13 individual or family, including assuring that the
14 individual receives the services. As used in this
15 subsection, "high-risk pregnancy" means a pregnancy in
16 which the pregnant or postpartum individual or baby is at
17 an increased risk for poor health or complications during
18 pregnancy or childbirth, including, but not limited to,
19 hypertension disorders, gestational diabetes, and
20 hemorrhage.

21 (2) An individual shall have access to medically
22 necessary treatment of a mental, emotional, nervous, or
23 substance use disorder or condition consistent with the
24 requirements set forth in this Section and in Sections
25 370c and 370c.1 of this Code.

26 (3) The benefits provided for inpatient and outpatient

1 services for the treatment of a mental, emotional,
2 nervous, or substance use disorder or condition related to
3 pregnancy or postpartum complications shall be provided if
4 determined to be medically necessary, consistent with the
5 requirements of Sections 370c and 370c.1 of this Code. The
6 facility or provider shall notify the insurer of both the
7 admission and the initial treatment plan within 48 hours
8 after admission or initiation of treatment. Subject to the
9 requirements of Sections 370c and 370c.1 of this Code,
10 nothing in this paragraph shall prevent an insurer from
11 applying concurrent and post-service utilization review of
12 health care services, including review of medical
13 necessity, case management, experimental and
14 investigational treatments, managed care provisions, and
15 other terms and conditions of the insurance policy.

16 (4) The benefits for the first 48 hours of initiation
17 of services for an inpatient admission, detoxification or
18 withdrawal management program, or partial hospitalization
19 admission for the treatment of a mental, emotional,
20 nervous, or substance use disorder or condition related to
21 pregnancy or postpartum complications shall be provided
22 without post-service or concurrent review of medical
23 necessity, as the medical necessity for the first 48 hours
24 of such services shall be determined solely by the covered
25 pregnant or postpartum individual's provider. Subject to
26 Sections ~~Section~~ 370c and 370c.1 of this Code, nothing in

1 this paragraph shall prevent an insurer from applying
2 concurrent and post-service utilization review, including
3 the review of medical necessity, case management,
4 experimental and investigational treatments, managed care
5 provisions, and other terms and conditions of the
6 insurance policy, of any inpatient admission,
7 detoxification or withdrawal management program admission,
8 or partial hospitalization admission services for the
9 treatment of a mental, emotional, nervous, or substance
10 use disorder or condition related to pregnancy or
11 postpartum complications received 48 hours after the
12 initiation of such services. If an insurer determines that
13 the services are no longer medically necessary, then the
14 covered person shall have the right to external review
15 pursuant to the requirements of the Health Carrier
16 External Review Act.

17 (5) If an insurer determines that continued inpatient
18 care, detoxification or withdrawal management, partial
19 hospitalization, intensive outpatient treatment, or
20 outpatient treatment in a facility is no longer medically
21 necessary, the insurer shall, within 24 hours, provide
22 written notice to the covered pregnant or postpartum
23 individual and the covered pregnant or postpartum
24 individual's provider of its decision and the right to
25 file an expedited internal appeal of the determination.
26 The insurer shall review and make a determination with

1 respect to the internal appeal within 24 hours and
2 communicate such determination to the covered pregnant or
3 postpartum individual and the covered pregnant or
4 postpartum individual's provider. If the determination is
5 to uphold the denial, the covered pregnant or postpartum
6 individual and the covered pregnant or postpartum
7 individual's provider have the right to file an expedited
8 external appeal. An independent review organization shall
9 make a determination within 72 hours. If the insurer's
10 determination is upheld and it is determined that
11 continued inpatient care, detoxification or withdrawal
12 management, partial hospitalization, intensive outpatient
13 treatment, or outpatient treatment is not medically
14 necessary, the insurer shall remain responsible for
15 providing benefits for the inpatient care, detoxification
16 or withdrawal management, partial hospitalization,
17 intensive outpatient treatment, or outpatient treatment
18 through the day following the date the determination is
19 made, and the covered pregnant or postpartum individual
20 shall only be responsible for any applicable copayment,
21 deductible, and coinsurance for the stay through that date
22 as applicable under the policy. The covered pregnant or
23 postpartum individual shall not be discharged or released
24 from the inpatient facility, detoxification or withdrawal
25 management, partial hospitalization, intensive outpatient
26 treatment, or outpatient treatment until all internal

1 appeals and independent utilization review organization
2 appeals are exhausted. A decision to reverse an adverse
3 determination shall comply with the Health Carrier
4 External Review Act.

5 (6) Except as otherwise stated in this subsection (b),
6 the benefits and cost-sharing shall be provided to the
7 same extent as for any other medical condition covered
8 under the policy.

9 (7) The benefits required by paragraphs (2) and (6) of
10 this subsection (b) are to be provided to all covered
11 pregnant or postpartum individuals with a diagnosis of a
12 mental, emotional, nervous, or substance use disorder or
13 condition. The presence of additional related or unrelated
14 diagnoses shall not be a basis to reduce or deny the
15 benefits required by this subsection (b).

18 (Text of Section after amendment by P.A. 103-701 and
19 103-720)

20 Sec. 356z.40. Pregnancy and postpartum coverage.

21 (a) An individual or group policy of accident and health
22 insurance or managed care plan amended, delivered, issued, or
23 renewed on or after October 8, 2021 (the effective date of
24 Public Act 102-665) shall provide coverage for pregnancy and
25 newborn care in accordance with 42 U.S.C. 18022(b) regarding

1 essential health benefits. For policies amended, delivered,
2 issued, or renewed on or after January 1, 2026, this
3 subsection also applies to coverage for postpartum care.

4 (b) Benefits under this Section shall be as follows:

5 (1) An individual who has been identified as
6 experiencing a high-risk pregnancy by the individual's
7 treating provider shall have access to clinically
8 appropriate case management programs. As used in this
9 subsection, "case management" means a mechanism to
10 coordinate and assure continuity of services, including,
11 but not limited to, health services, social services, and
12 educational services necessary for the individual. "Case
13 management" involves individualized assessment of needs,
14 planning of services, referral, monitoring, and advocacy
15 to assist an individual in gaining access to appropriate
16 services and closure when services are no longer required.
17 "Case management" is an active and collaborative process
18 involving a single qualified case manager, the individual,
19 the individual's family, the providers, and the community.
20 This includes close coordination and involvement with all
21 service providers in the management plan for that
22 individual or family, including assuring that the
23 individual receives the services. As used in this
24 subsection, "high-risk pregnancy" means a pregnancy in
25 which the pregnant or postpartum individual or baby is at
26 an increased risk for poor health or complications during

1 pregnancy or childbirth, including, but not limited to,
2 hypertension disorders, gestational diabetes, and
3 hemorrhage.

4 (2) An individual shall have access to medically
5 necessary treatment of a mental, emotional, nervous, or
6 substance use disorder or condition consistent with the
7 requirements set forth in this Section and in Sections
8 370c and 370c.1 of this Code.

9 (3) The benefits provided for inpatient and outpatient
10 services for the treatment of a mental, emotional,
11 nervous, or substance use disorder or condition related to
12 pregnancy or postpartum complications shall be provided if
13 determined to be medically necessary, consistent with the
14 requirements of Sections 370c and 370c.1 of this Code. The
15 facility or provider shall notify the insurer of both the
16 admission and the initial treatment plan within 48 hours
17 after admission or initiation of treatment. Subject to the
18 requirements of Sections 370c and 370c.1 of this Code,
19 nothing in this paragraph shall prevent an insurer from
20 applying concurrent and post-service utilization review of
21 health care services, including review of medical
22 necessity, case management, experimental and
23 investigational treatments, managed care provisions, and
24 other terms and conditions of the insurance policy.

25 (4) The benefits for the first 48 hours of initiation
26 of services for an inpatient admission, detoxification or

1 withdrawal management program, or partial hospitalization
2 admission for the treatment of a mental, emotional,
3 nervous, or substance use disorder or condition related to
4 pregnancy or postpartum complications shall be provided
5 without post-service or concurrent review of medical
6 necessity, as the medical necessity for the first 48 hours
7 of such services shall be determined solely by the covered
8 pregnant or postpartum individual's provider. Subject to
9 Sections ~~Section~~ 370c and 370c.1 of this Code, nothing in
10 this paragraph shall prevent an insurer from applying
11 concurrent and post-service utilization review, including
12 the review of medical necessity, case management,
13 experimental and investigational treatments, managed care
14 provisions, and other terms and conditions of the
15 insurance policy, of any inpatient admission,
16 detoxification or withdrawal management program admission,
17 or partial hospitalization admission services for the
18 treatment of a mental, emotional, nervous, or substance
19 use disorder or condition related to pregnancy or
20 postpartum complications received 48 hours after the
21 initiation of such services. If an insurer determines that
22 the services are no longer medically necessary, then the
23 covered person shall have the right to external review
24 pursuant to the requirements of the Health Carrier
25 External Review Act.

26 (5) If an insurer determines that continued inpatient

1 care, detoxification or withdrawal management, partial
2 hospitalization, intensive outpatient treatment, or
3 outpatient treatment in a facility is no longer medically
4 necessary, the insurer shall, within 24 hours, provide
5 written notice to the covered pregnant or postpartum
6 individual and the covered pregnant or postpartum
7 individual's provider of its decision and the right to
8 file an expedited internal appeal of the determination.
9 The insurer shall review and make a determination with
10 respect to the internal appeal within 24 hours and
11 communicate such determination to the covered pregnant or
12 postpartum individual and the covered pregnant or
13 postpartum individual's provider. If the determination is
14 to uphold the denial, the covered pregnant or postpartum
15 individual and the covered pregnant or postpartum
16 individual's provider have the right to file an expedited
17 external appeal. An independent review organization shall
18 make a determination within 72 hours. If the insurer's
19 determination is upheld and it is determined that
20 continued inpatient care, detoxification or withdrawal
21 management, partial hospitalization, intensive outpatient
22 treatment, or outpatient treatment is not medically
23 necessary, the insurer shall remain responsible for
24 providing benefits for the inpatient care, detoxification
25 or withdrawal management, partial hospitalization,
26 intensive outpatient treatment, or outpatient treatment

1 through the day following the date the determination is
2 made, and the covered pregnant or postpartum individual
3 shall only be responsible for any applicable copayment,
4 deductible, and coinsurance for the stay through that date
5 as applicable under the policy. The covered pregnant or
6 postpartum individual shall not be discharged or released
7 from the inpatient facility, detoxification or withdrawal
8 management, partial hospitalization, intensive outpatient
9 treatment, or outpatient treatment until all internal
10 appeals and independent utilization review organization
11 appeals are exhausted. A decision to reverse an adverse
12 determination shall comply with the Health Carrier
13 External Review Act.

14 (6) Except as otherwise stated in this subsection (b)
15 and subsection (c), the benefits and cost-sharing shall be
16 provided to the same extent as for any other medical
17 condition covered under the policy.

18 (7) The benefits required by paragraphs (2) and (6) of
19 this subsection (b) are to be provided to (i) all covered
20 pregnant or postpartum individuals with a diagnosis of a
21 mental, emotional, nervous, or substance use disorder or
22 condition and (ii) all individuals who have experienced a
23 miscarriage or stillbirth. The presence of additional
24 related or unrelated diagnoses shall not be a basis to
25 reduce or deny the benefits required by this subsection
26 (b).

1 (8) Insurers shall cover all services for pregnancy,
2 postpartum, and newborn care that are rendered by
3 perinatal doulas or licensed certified professional
4 midwives, including home births, home visits, and support
5 during labor, abortion, or miscarriage. Coverage shall
6 include the necessary equipment and medical supplies for a
7 home birth. For home visits by a perinatal doula, not
8 counting any home birth, the policy may limit coverage to
9 16 visits before and 16 visits after a birth, miscarriage,
10 or abortion, provided that the policy shall not be
11 required to cover more than \$8,000 for doula visits for
12 each pregnancy and subsequent postpartum period. As used
13 in this paragraph (8), "perinatal doula" has the meaning
14 given in subsection (a) of Section 5-18.5 of the Illinois
15 Public Aid Code.

16 (9) Coverage for pregnancy, postpartum, and newborn
17 care shall include home visits by lactation consultants
18 and the purchase of breast pumps and breast pump supplies,
19 including such breast pumps, breast pump supplies,
20 breastfeeding supplies, and feeding aids as recommended by
21 the lactation consultant. As used in this paragraph (9),
22 "lactation consultant" means an International
23 Board-Certified Lactation Consultant, a certified
24 lactation specialist with a certification from Lactation
25 Education Consultants, or a certified lactation counselor
26 as defined in subsection (a) of Section 5-18.10 of the

1 Illinois Public Aid Code.

2 (10) Coverage for postpartum services shall apply for
3 all covered services rendered within the first 12 months
4 after the end of pregnancy, subject to any policy
5 limitation on home visits by a perinatal doula allowed
6 under paragraph (8) of this subsection (b). Nothing in
7 this paragraph (10) shall be construed to require a policy
8 to cover services for an individual who is no longer
9 insured or enrolled under the policy. If an individual
10 becomes insured or enrolled under a new policy, the new
11 policy shall cover the individual consistent with the time

18 reason of disability each type of Medicare supplement
19 policy the issuer makes available to persons eligible for

1 individuals who are age 65 or older; and

2 (d) provide the rights granted by items (a) through

25 benefits or the notice of termination of benefits, including a
26 notice of claim denial due to termination of benefits, under

1 the State's medical assistance program under Article V of the
2 Illinois Public Aid Code, an issuer shall not deny or
3 condition the issuance or effectiveness of any Medicare

7 policy because of health status, claims experience, receipt of
8 health care, or medical condition; and shall not include a
9 policy provision that imposes an exclusion of benefits based
10 on a preexisting condition under such a Medicare supplement
11 policy if the individual:

18 medical assistance program after the COVID-19 Public
19 Health Emergency and the later of the date of termination
20 of benefits or the date of the notice of termination,

22 occurred on, after, or no more than 63 days before the end
23 of either, as applicable:

8 available from an insurer on and after June 16, 2023 (the
9 effective date of Public Act 103-102) ~~this amendatory Act of~~
10 ~~the 103rd General Assembly~~ shall be made available to all

7 notice of claim denial due to termination of benefits, under
8 the State's medical assistance program under Article V of the
9 Illinois Public Aid Code, an issuer shall not deny or
10 condition the issuance or effectiveness of any Medicare
11 supplement policy or certificate that is offered and is
12 available for issuance to new enrollees by the issuer; shall
13 not discriminate in the pricing of such a Medicare supplement
14 policy because of health status, claims experience, receipt of
15 health care, or medical condition; and shall not include a
16 policy provision that imposes an exclusion of benefits based
17 on a preexisting condition under such a Medicare supplement
18 policy if the individual:

19 (a) is enrolled for Medicare Part B;

20 (b) was enrolled in the State's medical assistance
21 program during the COVID-19 Public Health Emergency
22 described in Section 5-1.5 of the Illinois Public Aid
23 Code;

25 medical assistance program after the COVID-19 Public
26 Health Emergency and the later of the date of termination

1 of benefits or the date of the notice of termination,
2 including a notice of a claim denial due to termination,
3 occurred on, after, or no more than 63 days before the end
4 of either, as applicable:

5 (A) the individual's Medicare supplement open
6 enrollment period described in Department rules
7 implementing 42 U.S.C. 1395ss(s) (2) (A); or

24 (215 ILCS 5/367a) (from Ch. 73, par. 979a)

25 Sec. 367a. Blanket accident and health insurance.

1 (1) Blanket accident and health insurance is the form of
2 accident and health insurance providing excepted benefits, as
3 defined in Section 352c, that covers special groups of persons
4 as enumerated in one of the following paragraphs (a) to (g),
5 inclusive:

6 (a) Under a policy or contract issued to any carrier
7 for hire, which shall be deemed the policyholder, covering
8 a group defined as all persons who may become passengers
9 on such carrier.

10 (b) Under a policy or contract issued to an employer,
11 who shall be deemed the policyholder, covering all
12 employees or any group of employees defined by reference
13 to exceptional hazards incident to such employment.

14 (c) Under a policy or contract issued to a college,
15 school, or other institution of learning or to the head or
16 principal thereof, who or which shall be deemed the
17 policyholder, covering students or teachers. However,
18 student health insurance coverage, as defined in 45 CFR
19 147.145, shall remain subject to the standards and
20 requirements for individual health insurance coverage
21 except where inconsistent with that regulation. Student
22 health insurance coverage shall not be subject to the
23 Short-Term, Limited-Duration Health Insurance Coverage
24 Act. An insurer ~~issuer~~ providing student health insurance
25 coverage or a policy or contract covering students for
26 limited-scope dental or vision under 45 CFR 148.220 shall

1 require an individual application or enrollment form and
2 shall furnish each insured individual a certificate, which
3 shall have been approved by the Director under Section
4 355.

5 (d) Under a policy or contract issued in the name of
6 any volunteer fire department, first aid, or other such
7 volunteer group, which shall be deemed the policyholder,
8 covering all of the members of such department or group.

9 (e) Under a policy or contract issued to a creditor,
10 who shall be deemed the policyholder, to insure debtors of
11 the creditors; Provided, however, that in the case of a
12 loan which is subject to the Small Loans Act, no insurance
13 premium or other cost shall be directly or indirectly
14 charged or assessed against, or collected or received from
15 the borrower.

16 (f) Under a policy or contract issued to a sports team
17 or to a camp, which team or camp sponsor shall be deemed
18 the policyholder, covering members or campers.

19 (g) Under a policy or contract issued to any other
20 substantially similar group which, in the discretion of
21 the Director, may be subject to the issuance of a blanket
22 accident and health policy or contract.

23 (2) Any insurance company authorized to write accident and
24 health insurance in this state shall have the power to issue
25 blanket accident and health insurance. No such blanket policy
26 may be issued or delivered in this State unless a copy of the

1 form thereof shall have been filed in accordance with Section
2 355, and it contains in substance such of those provisions
3 contained in Sections 357.1 through 357.30 as may be
4 applicable to blanket accident and health insurance and the
5 following provisions:

6 (a) A provision that the policy and the application
7 shall constitute the entire contract between the parties,
8 and that all statements made by the policyholder shall, in
9 absence of fraud, be deemed representations and not
10 warranties, and that no such statements shall be used in
11 defense to a claim under the policy, unless it is
12 contained in a written application.

13 (b) A provision that to the group or class thereof
14 originally insured shall be added from time to time all
15 new persons or individuals eligible for coverage.

16 (3) An individual application shall not be required from a
17 person covered under a blanket accident or health policy or
18 contract, nor shall it be necessary for the insurer to furnish
19 each person a certificate.

20 (3.5) Subsection (3) does not apply to major medical
21 insurance, or to any excepted benefits or short-term,
22 limited-duration health insurance coverage for which an
23 insured individual pays premiums or contributions. In those
24 cases, the insurer shall require an individual application or
25 enrollment form and shall furnish each insured individual a
26 certificate, which shall have been approved by the Director

1 under Section 355 of this Code.

2 (4) All benefits under any blanket accident and health
3 policy shall be payable to the person insured, or to his
4 designated beneficiary or beneficiaries, or to his or her
5 estate, except that if the person insured be a minor or person
6 under legal disability, such benefits may be made payable to
7 his or her parent, guardian, or other person actually
8 supporting him or her. Provided further, however, that the
9 policy may provide that all or any portion of any indemnities
10 provided by any such policy on account of hospital, nursing,
11 medical or surgical services may, at the insurer's option, be
12 paid directly to the hospital or person rendering such
13 services; but the policy may not require that the service be
14 rendered by a particular hospital or person. Payment so made
15 shall discharge the insurer's obligation with respect to the
16 amount of insurance so paid.

17 (5) Nothing contained in this Section ~~section~~ shall be
18 deemed to affect the legal liability of policyholders for the
19 death of or injury to, any such member of such group.

22 (215 ILCS 5/367f) (from Ch. 73, par. 979f)

23 Sec. 367f. Firefighters' continuance privilege. As used in
24 this Section:

25 1. The terms "municipality", "deferred pensioner" and

1 "creditable service" shall have the meaning ascribed to such
2 terms by Sections 4-103, 4-105a, and 4-108, respectively, of
3 the Illinois Pension Code, ~~as now or hereafter amended.~~

4 2. "Firefighter" means a person who is a "firefighter" as
5 defined in Section 4-106 of the Illinois Pension Code, a
6 paramedic who is employed by a unit of local government, or an
7 emergency medical technician, emergency medical
8 technician-basic, emergency medical technician-intermediate,
9 or advanced emergency medical technician who is employed by a
10 unit of local government.

11 3. The "retirement or disability period" of a firefighter
12 means the period:

13 a. which begins on the day the firefighter is removed
14 from a municipality's fire department payroll because of
15 the occurrence of any of the following events, to wit: (i)
16 the firefighter retires as a deferred pensioner under
17 Section 4-105a of the Illinois Pension Code, (ii) the
18 firefighter retires from active service as a firefighter
19 with an attained age and accumulated creditable service
20 which together qualify the firefighter for immediate
21 receipt of retirement pension benefits under Section 4-109
22 of the Illinois Pension Code, or (iii) the firefighter's
23 disability is established under Section 4-112 of the
24 Illinois Pension Code; and

25 b. which ends on the first to occur of any of the
26 following events, to wit: (i) the firefighter's

1 reinstatement or reentry into active service on the
2 municipality's fire department as provided for under
3 Article 4 of the Illinois Pension Code, (ii) the
4 firefighter's exercise of any refund option available
5 under Section 4-116 of the Illinois Pension Code, (iii)
6 the firefighter's loss pursuant to Section 4-138 of the
7 Illinois Pension Code of any benefits provided for in
8 Article 4 of that Code, or (iv) the firefighter's death or
9 -- if at the time of the firefighter's death the
10 firefighter is survived by a spouse who, in that capacity,
11 is entitled to receive a surviving spouse's monthly
12 pension pursuant to Article 4 of the Illinois Pension Code
13 -- then the death or remarriage of that spouse.

14 No policy of group accident and health insurance under
15 which firefighters employed by a municipality are insured for
16 their individual benefit shall be issued or delivered in this
17 State to any municipality unless such group policy provides
18 for the election of continued group insurance coverage for the
19 retirement or disability period of each firefighter who is
20 insured under the provisions of the group policy on the day
21 immediately preceding the day on which the retirement or
22 disability period of such firefighter begins. So long as any
23 required premiums for continued group insurance coverage are
24 paid in accordance with the provisions of the group policy, an
25 election made pursuant to this Section shall provide continued
26 group insurance coverage for a firefighter throughout the

1 retirement or disability period of the firefighter and, unless
2 the firefighter otherwise elects and subject to any other
3 provisions of the group policy which relate either to the
4 provision or to the termination of dependents' coverage and
5 which are not inconsistent with this Section, for any
6 dependents of the firefighter who are insured under the group
7 policy on the day immediately preceding the day on which the
8 retirement or disability period of the firefighter begins;
9 provided, however, that when such continued group insurance
10 coverage is in effect with respect to a firefighter on the date
11 of the firefighter's death but the retirement or disability
12 period of the firefighter does not end with such firefighter's
13 death, then the deceased firefighter's surviving spouse upon
14 whose death or remarriage such retirement or disability period
15 will end shall be entitled, without further election and upon
16 payment of any required premiums in accordance with the
17 provisions of the group policy, to maintain such continued
18 group insurance coverage in effect until the end of such
19 retirement or disability period. Continued group insurance
20 coverage shall be provided in accordance with this Section at
21 the same premium rate from time to time charged for equivalent
22 coverage provided under the group policy with respect to
23 covered firefighters whose retirement or disability period has
24 not begun, and no distinction or discrimination in the amount
25 or rate of premiums or in any waiver of premium or other
26 benefit provision shall be made between continued group

1 insurance coverage elected pursuant to this Section and
2 equivalent coverage provided to firefighters under the group
3 policy other than pursuant to the provisions of this Section;
4 provided that no municipality shall be required by reason of
5 any provision of this Section to pay any group insurance
6 premium other than one that may be negotiated in a collective
7 bargaining agreement. If a person electing continued coverage
8 under this Section becomes eligible for medicare coverage,
9 benefits under the group policy may continue as a supplement
10 to the medicare coverage upon payment of any required premiums
11 to maintain the benefits of the group policy as supplemental
12 coverage.

13 Within 15 days of the beginning of the retirement or
14 disability period of any firefighter entitled to elect
15 continued group insurance coverage under any group policy
16 affected by this Section, the municipality last employing such
17 firefighter shall give written notice of such beginning by
18 certified mail, return receipt requested to the insurance
19 company issuing such policy. The notice shall include the
20 firefighter's name and last known place of residence and the
21 beginning date of the firefighter's retirement or disability
22 period.

23 Within 15 days of the date of receipt of such notice from
24 the municipality, the insurance company by certified mail,
25 return receipt requested, shall give written notice to the
26 firefighter at the firefighter's last known place of residence

1 that coverage under the group policy may be continued for the
2 retirement or disability period of the firefighter as provided
3 in this Section. Such notice shall set forth: (i) a statement
4 of election to be filed by the firefighter if the firefighter
5 wishes to continue such group insurance coverage, (ii) the
6 amount of monthly premium, including a statement of the
7 portion of such monthly premium attributable to any
8 dependents' coverage which the firefighter may elect, and
9 (iii) instructions as to the return of the election form to the
10 insurance company issuing such policy. Election shall be made,
11 if at all, by returning the statement of election to the
12 insurance company by certified mail, return receipt requested
13 within 15 days after having received it.

14 If the firefighter elects to continue coverage, it shall
15 be the obligation of the firefighter to pay the monthly
16 premium directly to the municipality, which shall forward it
17 to the insurance company issuing the group insurance policy,
18 or as otherwise directed by the insurance company; provided,
19 however, that the firefighter shall be entitled to designate
20 on the statement of election required to be filed with the
21 insurance company that the total monthly premium, or such
22 portion thereof as is not contributed by a municipality, be
23 deducted by a Firefighter's Pension Fund from any monthly
24 pension payment otherwise payable to or on behalf of the
25 firefighter pursuant to Article 4 of the Illinois Pension
26 Code, and be remitted by such Pension Fund to the insurance

1 company. The portion, if any, of the monthly premium
2 contributed by a municipality for such continued group
3 insurance coverage shall be paid by the municipality directly
4 to the insurance company issuing the group insurance policy,
5 or as otherwise directed by the insurance company. Such
6 continued group insurance coverage shall relate back to the
7 beginning of the firefighter's retirement or disability
8 period.

9 The amendment, renewal, or extension of any group
10 insurance policy affected by this Section shall be deemed to
11 be the issuance of a new policy of insurance for purposes of
12 this Section.

13 In the event that a municipality makes a program of
14 accident, health, hospital, or medical benefits available to
15 its firefighters through self-insurance, or by participation
16 in a pool or reciprocal insurer, or by contract in a form other
17 than a policy of group insurance with one or more medical
18 service plans, health care service corporations, health
19 maintenance organizations, or any other professional
20 corporations or plans under which health care or reimbursement
21 for the costs thereof is provided, whether the cost of such
22 benefits is borne by the municipality or the firefighters or
23 both, such firefighters and their surviving spouses shall have
24 the same right to elect continued coverage under such program
25 of benefits as they would have if such benefits were provided
26 by a policy of group accident and health insurance. In such

1 cases, the notice of right to elect continued coverage shall
2 be sent by the municipality; the statement of election shall
3 be sent to the municipality; and references to the required
4 premium shall refer to that portion of the cost of such
5 benefits which is not borne by the municipality, either
6 voluntarily or pursuant to the provisions of a collective
7 bargaining agreement. In the case of a municipality providing
8 such benefits through self-insurance or participation in a
9 pool or reciprocal insurer, the right to elect continued
10 coverage which is provided by this paragraph shall be
11 implemented and made available to the firefighters of the
12 municipality and qualifying surviving spouses not later than
13 July 1, 1985.

14 The amendment, renewal, or extension of any such contract
15 in a form other than a policy of group insurance policy shall
16 be deemed the formation of a new contract for the purposes of
17 this Section.

18 This Section shall not limit the exercise of any
19 conversion privileges available under Section 367e.

20 Pursuant to paragraphs (h) and (i) of Section 6 of Article
21 VII of the Illinois Constitution, this Section specifically
22 denies and limits the exercise by a home rule unit of any power
23 which is inconsistent with this Section and all existing laws
24 and ordinances which are inconsistent with this Section are
25 hereby superseded. This Section does not preempt the
26 concurrent exercise by home rule units of powers consistent

1 herewith.

2 The ~~Division of Insurance of the~~ Department of Insurance
3 ~~Financial and Professional Regulation~~ shall enforce the
4 provisions of this Section, including provisions relating to
5 municipality self-insured benefit plans.

6 conditions shall furnish medical records or other necessary
7 data that substantiate that initial or continued treatment is
8 at all times medically necessary. An insurer shall provide a
9 mechanism for the timely review by a provider holding the same
10 license and practicing in the same specialty as the patient's
11 provider, who is unaffiliated with the insurer, jointly
12 selected by the patient (or the patient's next of kin or legal
13 representative if the patient is unable to act for himself or
14 herself), the patient's provider, and the insurer in the event
15 of a dispute between the insurer and patient's provider
16 regarding the medical necessity of a treatment proposed by a
17 patient's provider. If the reviewing provider determines the
18 treatment to be medically necessary, the insurer shall provide
19 reimbursement for the treatment. Future contractual or
20 employment actions by the insurer regarding the patient's
21 provider may not be based on the provider's participation in
22 this procedure. Nothing prevents the insured from agreeing in
23 writing to continue treatment at his or her expense. When
24 making a determination of the medical necessity for a
25 treatment modality for mental, emotional, nervous, or
26 substance use disorders or conditions, an insurer must make

1 the determination in a manner that is consistent with the
2 manner used to make that determination with respect to other
3 diseases or illnesses covered under the policy, including an
4 appeals process. Medical necessity determinations for
5 substance use disorders shall be made in accordance with
6 appropriate patient placement criteria established by the
7 American Society of Addiction Medicine. No additional criteria
8 may be used to make medical necessity determinations for
9 substance use disorders.

10 (4) A group health benefit plan amended, delivered,
11 issued, or renewed on or after January 1, 2019 (the effective
12 date of Public Act 100-1024) or an individual policy of
13 accident and health insurance or a qualified health plan
14 offered through the health insurance marketplace amended,
15 delivered, issued, or renewed on or after January 1, 2019 (the
16 effective date of Public Act 100-1024):

17 (A) shall provide coverage based upon medical
18 necessity for the treatment of a mental, emotional,
19 nervous, or substance use disorder or condition consistent
20 with the parity requirements of Section 370c.1 of this
21 Code; provided, however, that in each calendar year
22 coverage shall not be less than the following:

23 (i) 45 days of inpatient treatment; and

24 (ii) beginning on June 26, 2006 (the effective
25 date of Public Act 94-921), 60 visits for outpatient
26 treatment including group and individual outpatient

1 treatment; and

2 (iii) for plans or policies delivered, issued for
3 delivery, renewed, or modified after January 1, 2007
4 (the effective date of Public Act 94-906), 20
5 additional outpatient visits for speech therapy for
6 treatment of pervasive developmental disorders that
7 will be in addition to speech therapy provided
8 pursuant to item (ii) of this subparagraph (A); and

9 (B) may not include a lifetime limit on the number of
10 days of inpatient treatment or the number of outpatient
11 visits covered under the plan.

12 (C) (Blank).

13 (5) An issuer of a group health benefit plan or an
14 individual policy of accident and health insurance or a
15 qualified health plan offered through the health insurance
16 marketplace may not count toward the number of outpatient
17 visits required to be covered under this Section an outpatient
18 visit for the purpose of medication management and shall cover
19 the outpatient visits under the same terms and conditions as
20 it covers outpatient visits for the treatment of physical
21 illness.

22 (5.5) An individual or group health benefit plan amended,
23 delivered, issued, or renewed on or after September 9, 2015
24 (the effective date of Public Act 99-480) shall offer coverage
25 for medically necessary acute treatment services and medically
26 necessary clinical stabilization services. The treating

1 provider shall base all treatment recommendations and the
2 health benefit plan shall base all medical necessity
3 determinations for substance use disorders in accordance with
4 the most current edition of the Treatment Criteria for
5 Addictive, Substance-Related, and Co-Occurring Conditions
6 established by the American Society of Addiction Medicine. The
7 treating provider shall base all treatment recommendations and
8 the health benefit plan shall base all medical necessity
9 determinations for medication-assisted treatment in accordance
10 with the most current Treatment Criteria for Addictive,
11 Substance-Related, and Co-Occurring Conditions established by
12 the American Society of Addiction Medicine.

13 As used in this subsection:

14 "Acute treatment services" means 24-hour medically
15 supervised addiction treatment that provides evaluation and
16 withdrawal management and may include biopsychosocial
17 assessment, individual and group counseling, psychoeducational
18 groups, and discharge planning.

19 "Clinical stabilization services" means 24-hour treatment,
20 usually following acute treatment services for substance
21 abuse, which may include intensive education and counseling
22 regarding the nature of addiction and its consequences,
23 relapse prevention, outreach to families and significant
24 others, and aftercare planning for individuals beginning to
25 engage in recovery from addiction.

26 (6) An issuer of a group health benefit plan may provide or

1 offer coverage required under this Section through a managed
2 care plan.

3 (6.5) An individual or group health benefit plan amended,
4 delivered, issued, or renewed on or after January 1, 2019 (the
5 effective date of Public Act 100-1024):

6 (A) shall not impose prior authorization requirements,
7 including limitations on dosage, other than those
8 established under the Treatment Criteria for Addictive,
9 Substance-Related, and Co-Occurring Conditions
10 established by the American Society of Addiction Medicine,
11 on a prescription medication approved by the United States
12 Food and Drug Administration that is prescribed or
13 administered for the treatment of substance use disorders;

14 (B) shall not impose any step therapy requirements;

15 (C) shall place all prescription medications approved
16 by the United States Food and Drug Administration
17 prescribed or administered for the treatment of substance
18 use disorders on, for brand medications, the lowest tier
19 of the drug formulary developed and maintained by the
20 individual or group health benefit plan that covers brand
21 medications and, for generic medications, the lowest tier
22 of the drug formulary developed and maintained by the
23 individual or group health benefit plan that covers
24 generic medications; and

25 (D) shall not exclude coverage for a prescription
26 medication approved by the United States Food and Drug

1 Administration for the treatment of substance use
2 disorders and any associated counseling or wraparound
3 services on the grounds that such medications and services
4 were court ordered.

5 (7) (Blank).

6 (8) (Blank).

7 (9) With respect to all mental, emotional, nervous, or
8 substance use disorders or conditions, coverage for inpatient
9 treatment shall include coverage for treatment in a
10 residential treatment center certified or licensed by the
11 Department of Public Health or the Department of Human
12 Services.

13 (c) This Section shall not be interpreted to require
14 coverage for speech therapy or other habilitative services for
15 those individuals covered under Section 356z.15 of this Code.

16 (d) With respect to a group or individual policy of
17 accident and health insurance or a qualified health plan
18 offered through the health insurance marketplace, the
19 Department and, with respect to medical assistance, the
20 Department of Healthcare and Family Services shall each
21 enforce the requirements of this Section and Sections 356z.23
22 and 370c.1 of this Code, the Paul Wellstone and Pete Domenici
23 Mental Health Parity and Addiction Equity Act of 2008, 42
24 U.S.C. 18031(j), and any amendments to, and federal guidance
25 or regulations issued under, those Acts, including, but not
26 limited to, final regulations issued under the Paul Wellstone

1 and Pete Domenici Mental Health Parity and Addiction Equity
2 Act of 2008 and final regulations applying the Paul Wellstone
3 and Pete Domenici Mental Health Parity and Addiction Equity
4 Act of 2008 to Medicaid managed care organizations, the
5 Children's Health Insurance Program, and alternative benefit
6 plans. Specifically, the Department and the Department of
7 Healthcare and Family Services shall take action:

8 (1) proactively ensuring compliance by individual and
9 group policies, including by requiring that insurers
10 submit comparative analyses, as set forth in paragraph (6)
11 of subsection (k) of Section 370c.1, demonstrating how
12 they design and apply nonquantitative treatment
13 limitations, both as written and in operation, for mental,
14 emotional, nervous, or substance use disorder or condition
15 benefits as compared to how they design and apply
16 nonquantitative treatment limitations, as written and in
17 operation, for medical and surgical benefits;

18 (2) evaluating all consumer or provider complaints
19 regarding mental, emotional, nervous, or substance use
20 disorder or condition coverage for possible parity
21 violations;

22 (3) performing parity compliance market conduct
23 examinations or, in the case of the Department of
24 Healthcare and Family Services, parity compliance audits
25 of individual and group plans and policies, including, but
26 not limited to, reviews of:

1 (A) nonquantitative treatment limitations,
2 including, but not limited to, prior authorization
3 requirements, concurrent review, retrospective review,
4 step therapy, network admission standards,
5 reimbursement rates, and geographic restrictions;

6 (B) denials of authorization, payment, and
7 coverage; and

8 (C) other specific criteria as may be determined
9 by the Department.

10 The findings and the conclusions of the parity compliance
11 market conduct examinations and audits shall be made public.

12 The Director may adopt rules to effectuate any provisions
13 of the Paul Wellstone and Pete Domenici Mental Health Parity
14 and Addiction Equity Act of 2008 that relate to the business of
15 insurance.

16 (e) Availability of plan information.

17 (1) The criteria for medical necessity determinations
18 made under a group health plan, an individual policy of
19 accident and health insurance, or a qualified health plan
20 offered through the health insurance marketplace with
21 respect to mental health or substance use disorder
22 benefits (or health insurance coverage offered in
23 connection with the plan with respect to such benefits)
24 must be made available by the plan administrator (or the
25 health insurance issuer offering such coverage) to any
26 current or potential participant, beneficiary, or

1 contracting provider upon request.

2 (2) The reason for any denial under a group health
3 benefit plan, an individual policy of accident and health
4 insurance, or a qualified health plan offered through the
5 health insurance marketplace (or health insurance coverage
6 offered in connection with such plan or policy) of
7 reimbursement or payment for services with respect to
8 mental, emotional, nervous, or substance use disorders or
9 conditions benefits in the case of any participant or
10 beneficiary must be made available within a reasonable
11 time and in a reasonable manner and in readily
12 understandable language by the plan administrator (or the
13 health insurance issuer offering such coverage) to the
14 participant or beneficiary upon request.

15 (f) As used in this Section, "group policy of accident and
16 health insurance" and "group health benefit plan" includes (1)
17 State-regulated employer-sponsored group health insurance
18 plans written in Illinois or which purport to provide coverage
19 for a resident of this State; and (2) State employee health
20 plans.

21 (g) (1) As used in this subsection:

22 "Benefits", with respect to insurers, means the benefits
23 provided for treatment services for inpatient and outpatient
24 treatment of substance use disorders or conditions at American
25 Society of Addiction Medicine levels of treatment 2.1
26 (Intensive Outpatient), 2.5 (Partial Hospitalization), 3.1

1 (Clinically Managed Low-Intensity Residential), 3.3
2 (Clinically Managed Population-Specific High-Intensity
3 Residential), 3.5 (Clinically Managed High-Intensity
4 Residential), and 3.7 (Medically Monitored Intensive
5 Inpatient) and OMT (Opioid Maintenance Therapy) services.

6 "Benefits", with respect to managed care organizations,
7 means the benefits provided for treatment services for
8 inpatient and outpatient treatment of substance use disorders
9 or conditions at American Society of Addiction Medicine levels
10 of treatment 2.1 (Intensive Outpatient), 2.5 (Partial
11 Hospitalization), 3.5 (Clinically Managed High-Intensity
12 Residential), and 3.7 (Medically Monitored Intensive
13 Inpatient) and OMT (Opioid Maintenance Therapy) services.

14 "Substance use disorder treatment provider or facility"
15 means a licensed physician, licensed psychologist, licensed
16 psychiatrist, licensed advanced practice registered nurse, or
17 licensed, certified, or otherwise State-approved facility or
18 provider of substance use disorder treatment.

19 (2) A group health insurance policy, an individual health
20 benefit plan, or qualified health plan that is offered through
21 the health insurance marketplace, small employer group health
22 plan, and large employer group health plan that is amended,
23 delivered, issued, executed, or renewed in this State, or
24 approved for issuance or renewal in this State, on or after
25 January 1, 2019 (the effective date of Public Act 100-1023)
26 shall comply with the requirements of this Section and Section

1 370c.1. The services for the treatment and the ongoing
2 assessment of the patient's progress in treatment shall follow
3 the requirements of 77 Ill. Adm. Code 2060.

4 (3) Prior authorization shall not be utilized for the
5 benefits under this subsection. The substance use disorder
6 treatment provider or facility shall notify the insurer of the
7 initiation of treatment. For an insurer that is not a managed
8 care organization, the substance use disorder treatment
9 provider or facility notification shall occur for the
10 initiation of treatment of the covered person within 2
11 business days. For managed care organizations, the substance
12 use disorder treatment provider or facility notification shall
13 occur in accordance with the protocol set forth in the
14 provider agreement for initiation of treatment within 24
15 hours. If the managed care organization is not capable of
16 accepting the notification in accordance with the contractual
17 protocol during the 24-hour period following admission, the
18 substance use disorder treatment provider or facility shall
19 have one additional business day to provide the notification
20 to the appropriate managed care organization. Treatment plans
21 shall be developed in accordance with the requirements and
22 timeframes established in 77 Ill. Adm. Code 2060. If the
23 substance use disorder treatment provider or facility fails to
24 notify the insurer of the initiation of treatment in
25 accordance with these provisions, the insurer may follow its
26 normal prior authorization processes.

1 (4) For an insurer that is not a managed care
2 organization, if an insurer determines that benefits are no
3 longer medically necessary, the insurer shall notify the
4 covered person, the covered person's authorized
5 representative, if any, and the covered person's health care
6 provider in writing of the covered person's right to request
7 an external review pursuant to the Health Carrier External
8 Review Act. The notification shall occur within 24 hours
9 following the adverse determination.

10 Pursuant to the requirements of the Health Carrier
11 External Review Act, the covered person or the covered
12 person's authorized representative may request an expedited
13 external review. An expedited external review may not occur if
14 the substance use disorder treatment provider or facility
15 determines that continued treatment is no longer medically
16 necessary.

17 If an expedited external review request meets the criteria
18 of the Health Carrier External Review Act, an independent
19 review organization shall make a final determination of
20 medical necessity within 72 hours. If an independent review
21 organization upholds an adverse determination, an insurer
22 shall remain responsible to provide coverage of benefits
23 through the day following the determination of the independent
24 review organization. A decision to reverse an adverse
25 determination shall comply with the Health Carrier External
26 Review Act.

1 (5) The substance use disorder treatment provider or
2 facility shall provide the insurer with 7 business days'
3 advance notice of the planned discharge of the patient from
4 the substance use disorder treatment provider or facility and
5 notice on the day that the patient is discharged from the
6 substance use disorder treatment provider or facility.

7 (6) The benefits required by this subsection shall be
8 provided to all covered persons with a diagnosis of substance
9 use disorder or conditions. The presence of additional related
10 or unrelated diagnoses shall not be a basis to reduce or deny
11 the benefits required by this subsection.

12 (7) Nothing in this subsection shall be construed to
13 require an insurer to provide coverage for any of the benefits
14 in this subsection.

15 (h) As used in this Section:

16 "Generally accepted standards of mental, emotional,
17 nervous, or substance use disorder or condition care" means
18 standards of care and clinical practice that are generally
19 recognized by health care providers practicing in relevant
20 clinical specialties such as psychiatry, psychology, clinical
21 sociology, social work, addiction medicine and counseling, and
22 behavioral health treatment. Valid, evidence-based sources
23 reflecting generally accepted standards of mental, emotional,
24 nervous, or substance use disorder or condition care include
25 peer-reviewed scientific studies and medical literature,
26 recommendations of nonprofit health care provider professional

1 associations and specialty societies, including, but not
2 limited to, patient placement criteria and clinical practice
3 guidelines, recommendations of federal government agencies,
4 and drug labeling approved by the United States Food and Drug
5 Administration.

6 "Medically necessary treatment of mental, emotional,
7 nervous, or substance use disorders or conditions" means a
8 service or product addressing the specific needs of that
9 patient, for the purpose of screening, preventing, diagnosing,
10 managing, or treating an illness, injury, or condition or its
11 symptoms and comorbidities, including minimizing the
12 progression of an illness, injury, or condition or its
13 symptoms and comorbidities in a manner that is all of the
14 following:

15 (1) in accordance with the generally accepted
16 standards of mental, emotional, nervous, or substance use
17 disorder or condition care;

18 (2) clinically appropriate in terms of type,
19 frequency, extent, site, and duration; and

20 (3) not primarily for the economic benefit of the
21 insurer, purchaser, or for the convenience of the patient,
22 treating physician, or other health care provider.

23 "Utilization review" means either of the following:

24 (1) prospectively, retrospectively, or concurrently
25 reviewing and approving, modifying, delaying, or denying,
26 based in whole or in part on medical necessity, requests

1 by health care providers, insureds, or their authorized
2 representatives for coverage of health care services
3 before, retrospectively, or concurrently with the
4 provision of health care services to insureds.

5 (2) evaluating the medical necessity, appropriateness,
6 level of care, service intensity, efficacy, or efficiency
7 of health care services, benefits, procedures, or
8 settings, under any circumstances, to determine whether a
9 health care service or benefit subject to a medical
10 necessity coverage requirement in an insurance policy is
11 covered as medically necessary for an insured.

12 "Utilization review criteria" means patient placement
13 criteria or any criteria, standards, protocols, or guidelines
14 used by an insurer to conduct utilization review.

15 (i)(1) Every insurer that amends, delivers, issues, or
16 renews a group or individual policy of accident and health
17 insurance or a qualified health plan offered through the
18 health insurance marketplace in this State and Medicaid
19 managed care organizations providing coverage for hospital or
20 medical treatment on or after January 1, 2023 shall, pursuant
21 to subsections (h) through (s), provide coverage for medically
22 necessary treatment of mental, emotional, nervous, or
23 substance use disorders or conditions.

24 (2) An insurer shall not set a specific limit on the
25 duration of benefits or coverage of medically necessary
26 treatment of mental, emotional, nervous, or substance use

1 disorders or conditions or limit coverage only to alleviation
2 of the insured's current symptoms.

3 (3) All utilization review conducted by the insurer
4 concerning diagnosis, prevention, and treatment of insureds
5 diagnosed with mental, emotional, nervous, or substance use
6 disorders or conditions shall be conducted in accordance with
7 the requirements of subsections (k) through (w).

8 (4) An insurer that authorizes a specific type of
9 treatment by a provider pursuant to this Section shall not
10 rescind or modify the authorization after that provider
11 renders the health care service in good faith and pursuant to
12 this authorization for any reason, including, but not limited
13 to, the insurer's subsequent cancellation or modification of
14 the insured's or policyholder's contract, or the insured's or
15 policyholder's eligibility. Nothing in this Section shall
16 require the insurer to cover a treatment when the
17 authorization was granted based on a material
18 misrepresentation by the insured, the policyholder, or the
19 provider. Nothing in this Section shall require Medicaid
20 managed care organizations to pay for services if the
21 individual was not eligible for Medicaid at the time the
22 service was rendered. Nothing in this Section shall require an
23 insurer to pay for services if the individual was not the
24 insurer's enrollee at the time services were rendered. As used
25 in this paragraph, "material" means a fact or situation that
26 is not merely technical in nature and results in or could

1 result in a substantial change in the situation.

2 (j) An insurer shall not limit benefits or coverage for
3 medically necessary services on the basis that those services
4 should be or could be covered by a public entitlement program,
5 including, but not limited to, special education or an
6 individualized education program, Medicaid, Medicare,
7 Supplemental Security Income, or Social Security Disability
8 Insurance, and shall not include or enforce a contract term
9 that excludes otherwise covered benefits on the basis that
10 those services should be or could be covered by a public
11 entitlement program. Nothing in this subsection shall be
12 construed to require an insurer to cover benefits that have
13 been authorized and provided for a covered person by a public
14 entitlement program. Medicaid managed care organizations are
15 not subject to this subsection.

16 (k) An insurer shall base any medical necessity
17 determination or the utilization review criteria that the
18 insurer, and any entity acting on the insurer's behalf,
19 applies to determine the medical necessity of health care
20 services and benefits for the diagnosis, prevention, and
21 treatment of mental, emotional, nervous, or substance use
22 disorders or conditions on current generally accepted
23 standards of mental, emotional, nervous, or substance use
24 disorder or condition care. All denials and appeals shall be
25 reviewed by a professional with experience or expertise
26 comparable to the provider requesting the authorization.

1 (1) In conducting utilization review of all covered health
2 care services for the diagnosis, prevention, and treatment of
3 mental, emotional, and nervous disorders or conditions, an
4 insurer shall apply the criteria and guidelines set forth in
5 the most recent version of the treatment criteria developed by
6 an unaffiliated nonprofit professional association for the
7 relevant clinical specialty or, for Medicaid managed care
8 organizations, criteria and guidelines determined by the
9 Department of Healthcare and Family Services that are
10 consistent with generally accepted standards of mental,
11 emotional, nervous or substance use disorder or condition
12 care. Pursuant to subsection (b), in conducting utilization
13 review of all covered services and benefits for the diagnosis,
14 prevention, and treatment of substance use disorders an
15 insurer shall use the most recent edition of the patient
16 placement criteria established by the American Society of
17 Addiction Medicine.

18 (m) In conducting utilization review relating to level of
19 care placement, continued stay, transfer, discharge, or any
20 other patient care decisions that are within the scope of the
21 sources specified in subsection (1), an insurer shall not
22 apply different, additional, conflicting, or more restrictive
23 utilization review criteria than the criteria set forth in
24 those sources. For all level of care placement decisions, the
25 insurer shall authorize placement at the level of care
26 consistent with the assessment of the insured using the

1 relevant patient placement criteria as specified in subsection
2 (l). If that level of placement is not available, the insurer
3 shall authorize the next higher level of care. In the event of
4 disagreement, the insurer shall provide full detail of its
5 assessment using the relevant criteria as specified in
6 subsection (l) to the provider of the service and the patient.

7 If an insurer purchases or licenses utilization review
8 criteria pursuant to this subsection, the insurer shall verify
9 and document before use that the criteria were developed in
10 accordance with subsection (k).

11 (n) In conducting utilization review that is outside the
12 scope of the criteria as specified in subsection (l) or
13 relates to the advancements in technology or in the types or
14 levels of care that are not addressed in the most recent
15 versions of the sources specified in subsection (l), an
16 insurer shall conduct utilization review in accordance with
17 subsection (k).

18 (o) This Section does not in any way limit the rights of a
19 patient under the Medical Patient Rights Act.

20 (p) This Section does not in any way limit early and
21 periodic screening, diagnostic, and treatment benefits as
22 defined under 42 U.S.C. 1396d(r).

23 (q) To ensure the proper use of the criteria described in
24 subsection (l), every insurer shall do all of the following:

25 (1) Educate the insurer's staff, including any third
26 parties contracted with the insurer to review claims,

1 conduct utilization reviews, or make medical necessity
2 determinations about the utilization review criteria.

3 (2) Make the educational program available to other
4 stakeholders, including the insurer's participating or
5 contracted providers and potential participants,
6 beneficiaries, or covered lives. The education program
7 must be provided at least once a year, in-person or
8 digitally, or recordings of the education program must be
9 made available to the aforementioned stakeholders.

10 (3) Provide, at no cost, the utilization review
11 criteria and any training material or resources to
12 providers and insured patients upon request. For
13 utilization review criteria not concerning level of care
14 placement, continued stay, transfer, discharge, or other
15 patient care decisions used by the insurer pursuant to
16 subsection (m), the insurer may place the criteria on a
17 secure, password-protected website so long as the access
18 requirements of the website do not unreasonably restrict
19 access to insureds or their providers. No restrictions
20 shall be placed upon the insured's or treating provider's
21 access right to utilization review criteria obtained under
22 this paragraph at any point in time, including before an
23 initial request for authorization.

24 (4) Track, identify, and analyze how the utilization
25 review criteria are used to certify care, deny care, and
26 support the appeals process.

1 (5) Conduct interrater reliability testing to ensure
2 consistency in utilization review decision making that
3 covers how medical necessity decisions are made; this
4 assessment shall cover all aspects of utilization review
5 as defined in subsection (h).

6 (6) Run interrater reliability reports about how the
7 clinical guidelines are used in conjunction with the
8 utilization review process and parity compliance
9 activities.

10 (7) Achieve interrater reliability pass rates of at
11 least 90% and, if this threshold is not met, immediately
12 provide for the remediation of poor interrater reliability
13 and interrater reliability testing for all new staff
14 before they can conduct utilization review without
15 supervision.

16 (8) Maintain documentation of interrater reliability
17 testing and the remediation actions taken for those with
18 pass rates lower than 90% and submit to the Department of
19 Insurance or, in the case of Medicaid managed care
20 organizations, the Department of Healthcare and Family
21 Services the testing results and a summary of remedial
22 actions as part of parity compliance reporting set forth
23 in subsection (k) of Section 370c.1.

24 (r) This Section applies to all health care services and
25 benefits for the diagnosis, prevention, and treatment of
26 mental, emotional, nervous, or substance use disorders or

1 conditions covered by an insurance policy, including
2 prescription drugs.

3 (s) This Section applies to an insurer that amends,
4 delivers, issues, or renews a group or individual policy of
5 accident and health insurance or a qualified health plan
6 offered through the health insurance marketplace in this State
7 providing coverage for hospital or medical treatment and
8 conducts utilization review as defined in this Section,
9 including Medicaid managed care organizations, and any entity
10 or contracting provider that performs utilization review or
11 utilization management functions on an insurer's behalf.

12 (t) If the Director determines that an insurer has
13 violated this Section, the Director may, after appropriate
14 notice and opportunity for hearing, by order, assess a civil
15 penalty between \$1,000 and \$5,000 for each violation. Moneys
16 collected from penalties shall be deposited into the Parity
17 Advancement Fund established in subsection (i) of Section
18 370c.1.

19 (u) An insurer shall not adopt, impose, or enforce terms
20 in its policies or provider agreements, in writing or in
21 operation, that undermine, alter, or conflict with the
22 requirements of this Section.

23 (v) The provisions of this Section are severable. If any
24 provision of this Section or its application is held invalid,
25 that invalidity shall not affect other provisions or
26 applications that can be given effect without the invalid

1 provision or application.

2 (w) Beginning January 1, 2026, coverage for inpatient
3 mental health treatment at participating hospitals shall
4 comply with the following requirements:

5 (1) Subject to paragraphs (2) and (3) of this
6 subsection, no policy shall require prior authorization
7 for admission for such treatment at any participating
8 hospital.

9 (2) Coverage provided under this subsection also shall
10 not be subject to concurrent review for the first 72
11 hours, provided that the hospital must notify the insurer
12 of both the admission and the initial treatment plan
13 within 48 hours of admission. A discharge plan must be
14 fully developed and continuity services prepared to meet
15 the patient's needs and the patient's community preference
16 upon release. Nothing in this paragraph supersedes a
17 health maintenance organization's referral requirement for
18 services from nonparticipating providers upon a patient's
19 discharge from a hospital.

20 (3) Treatment provided under this subsection may be
21 reviewed retrospectively. If coverage is denied
22 retrospectively, neither the insurer nor the participating
23 hospital shall bill, and the insured shall not be liable,
24 for any treatment under this subsection through the date
25 the adverse determination is issued, other than any
26 copayment, coinsurance, or deductible for the stay through

1 that date as applicable under the policy. Coverage shall
2 not be retrospectively denied for the first 72 hours of
3 treatment at a participating hospital except:

4 (A) upon reasonable determination that the
5 inpatient mental health treatment was not provided;

6 (B) upon determination that the patient receiving
7 the treatment was not an insured, enrollee, or
8 beneficiary under the policy;

9 (C) upon material misrepresentation by the patient
10 or health care provider. In this item (C), "material"
11 means a fact or situation that is not merely technical
12 in nature and results or could result in a substantial
13 change in the situation; or

14 (D) upon determination that a service was excluded
15 under the terms of coverage. In that case, the
16 limitation to billing for a copayment, coinsurance, or
17 deductible shall not apply.

18 (4) Nothing in this subsection shall be construed to
19 require a policy to cover any health care service excluded
20 under the terms of coverage.

21 (x) Notwithstanding any provision of this Section, nothing
22 shall require the medical assistance program under Article V
23 of the Illinois Public Aid Code to violate any applicable
24 federal laws, regulations, or grant requirements or any State
25 or federal consent decrees. Nothing in subsection (w) shall
26 prevent the Department of Healthcare and Family Services from

1 requiring a health care provider to use specified level of
2 care, admission, continued stay, or discharge criteria,
3 including, but not limited to, those under Section 5-5.23 of
4 the Illinois Public Aid Code, as long as the Department of
5 Healthcare and Family Services does not require a health care
6 provider to seek prior authorization or concurrent review from
7 the Department of Healthcare and Family Services, a Medicaid
8 managed care organization, or a utilization review
9 organization under the circumstances expressly prohibited by
10 subsection (w). Nothing in this Section prohibits a health
11 plan, including a Medicaid managed care organization, from
12 conducting reviews for fraud, waste, or abuse and reporting
13 suspected fraud, waste, or abuse according to State and
14 federal requirements.

15 (y) Children's Mental Health. Nothing in this Section
16 shall suspend the screening and assessment requirements for
17 mental health services for children participating in the
18 State's medical assistance program as required in Section
19 5-5.23 of the Illinois Public Aid Code.

18 incurred as part of the final order or decision arising out of
19 the proceeding; provided, however, that such order or decision
20 shall include findings and conclusions in support of the
21 assessment of costs. This subsection (5) shall not be
22 construed as permitting the payment of travel expenses unless
23 calculated in accordance with the applicable travel
24 regulations of the Department of Central Management Services,
25 as approved by the Governor's Travel Control Board. The
26 Director as part of such order or decision shall require all

1 assessments for hearing officer fees and court reporter fees,
2 if any, to be paid directly to the hearing officer or court
3 reporter by the party or parties ~~party(s)~~ assessed for such
4 costs. The assessments for travel expenses of Department
5 officers and employees shall be reimbursable to the Director
6 of Insurance for deposit to the fund out of which those
7 expenses had been paid.

8 (d) The provisions of this subsection (5) shall apply in
9 the case of any hearing conducted by the Director of Insurance
10 not otherwise specifically provided for by law.

11 (6) The Director shall charge and collect an annual
12 financial regulation fee from every domestic company for
13 examination and analysis of its financial condition and to

16 State of Illinois and companies doing an insurance business in
17 this State pursuant to Article X of the Interstate Insurance
18 Receivership Compact. The fee shall be the greater fixed

21 upon admitted assets calculated under this subsection as
22 follows:

23 (a) Combination of nationwide direct premium income

20 Commission as may be allocated to the State of Illinois and

17 The sum of financial regulation fees under this subsection
18 (7) charged to the foreign or alien companies within the same
19 affiliated group shall not exceed \$250,000 in the aggregate in
20 any single year and shall be billed by the Director to the
21 member company designated by the group.

22 (8) Beginning January 1, 1992, the financial regulation
23 fees imposed under subsections (6) and (7) of this Section
24 shall be paid by each company or domestic affiliated group
25 annually. After January 1, 1994, the fee shall be billed by
26 Department invoice based upon the company's premium income or

1 admitted assets as shown in its annual statement for the
2 preceding calendar year. The invoice is due upon receipt and
3 must be paid no later than June 30 of each calendar year. All
4 financial regulation fees collected by the Department shall be
5 paid to the Insurance Financial Regulation Fund. The
6 Department may not collect financial examiner per diem charges
7 from companies subject to subsections (6) and (7) of this
8 Section undergoing financial examination after June 30, 1992.

10 Sec. 416. Illinois Workers' Compensation Commission
11 Operations Fund Surcharge.

12 (a) As of July 30, 2004 (the effective date of Public Act
13 93-840), every company licensed or authorized by the Illinois
14 Department of Insurance and insuring employers' liabilities
15 arising under the Workers' Compensation Act or the Workers'
16 Occupational Diseases Act shall remit to the Director a
17 surcharge based upon the annual direct written premium, as
18 reported under Section 136 of this Act, of the company in the
19 manner provided in this Section. Such proceeds shall be
20 deposited into the Illinois Workers' Compensation Commission
21 Operations Fund as established in the Workers' Compensation
22 Act. If a company survives or was formed by a merger,
23 consolidation, reorganization, or reincorporation, the direct
24 written premiums of all companies party to the merger,
25 consolidation, reorganization, or reincorporation shall, for

1 purposes of determining the amount of the fee imposed by this
2 Section, be regarded as those of the surviving or new company.

3 (b) Beginning on July 30, 2004 (the effective date of
4 Public Act 93-840) and on July 1 of each year thereafter
5 through 2023, the Director shall charge an annual Illinois
6 Workers' Compensation Commission Operations Fund Surcharge
7 from every company subject to subsection (a) of this Section
8 equal to 1.01% of its direct written premium for insuring
9 employers' liabilities arising under the Workers' Compensation
10 Act or Workers' Occupational Diseases Act as reported in each
11 company's annual statement filed for the previous year as
12 required by Section 136. Within 15 days after June 5, 2024 (the
13 effective date of Public Act 103-590) ~~this amendatory Act of~~
14 ~~the 103rd General Assembly~~ and on July 1 of each year
15 thereafter, the Director shall charge an annual Illinois
16 Workers' Compensation Commission Operations Fund Surcharge
17 from every company subject to subsection (a) of this Section
18 equal to 1.092% of its direct written premium for insuring
19 employers' liabilities arising under the Workers' Compensation
20 Act or Workers' Occupational Diseases Act as reported in each
21 company's annual statement filed for the previous year as
22 required by Section 136. The Illinois Workers' Compensation
23 Commission Operations Fund Surcharge shall be collected by
24 companies subject to subsection (a) of this Section as a
25 separately stated surcharge on insured employers at the rate
26 of 1.092% of direct written premium for the surcharge due in

1 2024 and each year thereafter. The Illinois Workers'
2 Compensation Commission Operations Fund Surcharge shall not be
3 collected by companies subject to subsection (a) of this
4 Section from any employer that self-insures its liabilities
5 arising under the Workers' Compensation Act or Workers'
6 Occupational Diseases Act, provided that the employer has paid
7 the Illinois Workers' Compensation Commission Operations Fund
8 Fee pursuant to Section 4d of the Workers' Compensation Act.
9 All sums collected by the Department of Insurance under the
10 provisions of this Section shall be paid promptly after the
11 receipt of the same, accompanied by a detailed statement
12 thereof, into the Illinois Workers' Compensation Commission
13 Operations Fund in the State treasury.

14 ~~(b) (2) (Blank).~~

15 (c) In addition to the authority specifically granted
16 under Article XXV of this Code, the Director shall have such
17 authority to adopt rules or establish forms as may be
18 reasonably necessary for purposes of enforcing this Section.
19 The Director shall also have authority to defer, waive, or
20 abate the surcharge or any penalties imposed by this Section
21 if in the Director's opinion the company's solvency and
22 ability to meet its insured obligations would be immediately
23 threatened by payment of the surcharge due.

24 (d) When a company fails to pay the full amount of any
25 annual Illinois Workers' Compensation Commission Operations
26 Fund Surcharge of \$100 or more due under this Section, there

1 shall be added to the amount due as a penalty an amount equal
2 to 10% of the deficiency for each month or part of a month that
3 the deficiency remains unpaid.

4 (e) The Department of Insurance may enforce the collection
5 of any delinquent payment, penalty, or portion thereof by
6 legal action or in any other manner by which the collection of
7 debts due the State of Illinois may be enforced under the laws
8 of this State.

9 (f) Whenever it appears to the satisfaction of the
10 Director that a company has paid pursuant to this Act an
11 Illinois Workers' Compensation Commission Operations Fund
12 Surcharge in an amount in excess of the amount legally
13 collectable from the company, the Director shall issue a
14 credit memorandum for an amount equal to the amount of such
15 overpayment. A credit memorandum may be applied for the 2-year
16 period from the date of issuance, against the payment of any
17 amount due during that period under the surcharge imposed by
18 this Section or, subject to reasonable rule of the Department
19 of Insurance including requirement of notification, may be
20 assigned to any other company subject to regulation under this
21 Act. Any application of credit memoranda after the period
22 provided for in this Section is void.

23 (g) Annually, the Governor may direct a transfer of up to
24 2% of all moneys collected under this Section to the Insurance
25 Financial Regulation Fund.

(215 ILCS 5/500-35)

(Section scheduled to be repealed on January 1, 2027)

Sec. 500-35. License.

(a) Unless denied a license pursuant to Section 500-70, persons who have met the requirements of Sections 500-25 and 500-30 shall be issued a 2-year insurance producer license. An insurance producer may receive qualification for a license in one or more of the following lines of authority:

(1) Life: insurance coverage on human lives including benefits of endowment and annuities, and may include benefits in the event of death or dismemberment by accident and benefits for disability income.

(2) Variable life and variable annuity products: insurance coverage provided under variable life insurance contracts and variable annuities.

(3) Accident and health or sickness: insurance coverage for sickness, bodily injury, or accidental death and may include benefits for disability income.

(4) Property: insurance coverage for the direct or consequential loss or damage to property of every kind.

(5) Casualty: insurance coverage against legal liability, including that for death, injury, or disability or damage to real or personal property.

(6) Personal lines: property and casualty insurance

1 coverage sold to individuals and families for primarily
2 noncommercial purposes.

3 (7) Any other line of insurance permitted under State
4 laws or rules.

5 (b) An insurance producer license shall remain in effect
6 unless revoked or suspended as long as the fee set forth in
7 Section 500-135 is paid and education requirements for
8 resident individual producers are met by the due date.

9 (1) Before each license renewal, an insurance producer
10 must satisfactorily complete at least 24 hours of course
11 study or participation in a professional insurance
12 association under paragraph (3) of this subsection in
13 accordance with rules prescribed by the Director. Three of
14 the 24 hours of course study must consist of classroom or
15 webinar ethics instruction. The Director may not approve a
16 course of study unless the course provides for classroom,
17 seminar, webinar, or self-study instruction methods. A
18 course given in a combination instruction method of
19 classroom, seminar, webinar, or self-study shall be deemed
20 to be a self-study course unless the number of classroom,
21 seminar, or webinar certified hours meets or exceeds
22 two-thirds of total hours certified for the course. The
23 self-study material used in the combination course must be
24 directly related to and complement the classroom portion
25 of the course in order to be considered for credit. An
26 instruction method other than classroom or seminar shall

1 be considered as self-study methodology. Self-study credit
2 hours require the successful completion of an examination
3 covering the self-study material. The examination may not
4 be self-evaluated. However, if the self-study material is
5 completed through the use of an approved computerized
6 interactive format whereby the computer validates the
7 successful completion of the self-study material, no
8 additional examination is required. The self-study credit
9 hours contained in a certified course shall be considered
10 classroom hours when at least two-thirds of the hours are
11 given as classroom or seminar instruction.

12 (2) An insurance producer license automatically
13 terminates when an insurance producer fails to
14 successfully meet the requirements of paragraph item (1)
15 of this subsection ~~(b) of this Section~~. The producer must
16 complete the course in advance of the renewal date to
17 allow the education provider time to report the credit to
18 the Department.

19 (3) An insurance producer's active participation in a
20 State or national professional insurance association may
21 be approved by the Director for up to 4 hours of continuing
22 education credit per biennial reporting period. Credit
23 shall be provided on an hour-for-hour basis. These hours
24 shall be verified and submitted by the association on
25 behalf of the insurance producer and credited upon timely
26 filing with the Director or his or her designee on a

1 biennial basis. Any association submitting continuing
2 education credit hours on behalf of insurance producers
3 must be registered as an education provider under Section
4 500-135. Credit granted under these provisions shall not
5 be used to satisfy ethics education requirements. Active
6 participation in a State or national professional
7 insurance association is defined by one of the following
8 methods:

9 (A) service on a board of directors of a State or
10 national chapter of the association;

11 (B) service on a formal committee of a State or
12 national chapter of the association; or

13 (C) service on a formal subcommittee or task force
14 of a State or national chapter of the association.

15 (c) A provider of a pre-licensing or continuing education
16 course required by Section 500-30 and this Section must pay a
17 registration fee and a course certification fee for each
18 course being certified as provided by Section 500-135.

19 (d) An individual insurance producer who allows his or her
20 license to lapse may, within 12 months after the due date of
21 the renewal fee, be issued a license without the necessity of
22 passing a written examination. However, a penalty in the
23 amount of double the unpaid renewal fee shall be required
24 after the due date.

25 (e) A licensed insurance producer who is unable to comply
26 with license renewal procedures due to military service may

1 request a waiver of those procedures.

2 (f) The license must contain the licensee's name, address,
3 and personal identification number, the date of issuance, the
4 lines of authority, the expiration date, and any other
5 information the Director deems necessary.

6 (g) Licensees must inform the Director by any means
7 acceptable to the Director of a change of address within 30
8 days after the change.

9 (h) In order to assist in the performance of the
10 Director's duties, the Director may contract with a
11 non-governmental entity including the National Association of
12 Insurance Commissioners (NAIC), or any affiliates or
13 subsidiaries that the NAIC oversees, to perform any
14 ministerial functions, including collection of fees, related
15 to producer licensing that the Director and the
16 non-governmental entity may deem appropriate.

19 (Section scheduled to be repealed on January 1, 2027)

20 Sec. 511.109. Examination. ~~(a)~~ The Director or the
21 Director's designee may examine any applicant for or holder of
22 an administrator's license in accordance with Sections 132
23 through 132.7. If the Director or the examiners find that the
24 administrator has violated this Article or any other
25 insurance-related laws, rules, or regulations under the

1 Director's jurisdiction because of the manner in which the
2 administrator has conducted business on behalf of an insurer
3 or plan sponsor, then, unless the insurer or plan sponsor is
4 included in the examination and has been afforded the same
5 opportunity to request or participate in a hearing on the
6 examination report, the examination report shall not allege a
7 violation by the insurer or plan sponsor and the Director's
8 order based on the report shall not impose any requirements,
9 prohibitions, or penalties on the insurer or plan sponsor.
10 Nothing in this Section shall prevent the Director from using
11 any information obtained during the examination of an
12 administrator to examine, investigate, or take other
13 appropriate regulatory or legal action with respect to an
14 insurer or plan sponsor.

16 (215 ILCS 5/534.3) (from Ch. 73, par. 1065.84-3)

17 Sec. 534.3. Covered claim; unearned premium defined.

18 (a) "Covered claim" means an unpaid claim for a loss
19 arising out of and within the coverage of an insurance policy
20 to which this Article applies and which is in force at the time
21 of the occurrence giving rise to the unpaid claim, including
22 claims presented during any extended discovery period which
23 was purchased from the company before the entry of a
24 liquidation order or which is purchased or obtained from the
25 liquidator after the entry of a liquidation order, made by a

1 person insured under such policy or by a person suffering
2 injury or damage for which a person insured under such policy
3 is legally liable, and for unearned premium, if:

4 (i) The company issuing, assuming, or being allocated
5 the policy becomes an insolvent company as defined in
6 Section 534.4 after the effective date of this Article;
7 and

8 (ii) The claimant or insured is a resident of this
9 State at the time of the insured occurrence, or the
10 property from which a first-party ~~first-party~~ claim for
11 damage to property arises is permanently located in this
12 State or, in the case of an unearned premium claim, the
13 policyholder is a resident of this State at the time the
14 policy was issued; provided, that for entities other than
15 an individual, the residence of a claimant, insured, or
16 policyholder is the state in which its principal place of
17 business is located at the time of the insured event.

18 (b) "Covered claim" does not include:

19 (i) any amount in excess of the applicable limits of
20 liability provided by an insurance policy to which this
21 Article applies; nor

22 (ii) any claim for punitive or exemplary damages or
23 fines and penalties paid to government authorities; nor

24 (iii) any first-party ~~first-party~~ claim by an insured
25 who is an affiliate of the insolvent company; nor

26 (iv) any first-party ~~first-party~~ or third-party ~~third~~

2 December 31 of the year next preceding the date the
3 insurer becomes an insolvent insurer exceeds \$25,000,000;
4 provided that an insured's net worth on such date shall be
5 deemed to include the aggregate net worth of the insured
6 and all of its affiliates as calculated on a consolidated
7 basis. However, this exclusion shall not apply to
8 third-party ~~third-party~~ claims against the insured where
9 the insured has applied for or consented to the
10 appointment of a receiver, trustee, or liquidator for all
11 or a substantial part of its assets, filed a voluntary
12 petition in bankruptcy, filed a petition or an answer
13 seeking a reorganization or arrangement with creditors or
14 to take advantage of any insolvency law, or if an order,
15 judgment, or decree is entered by a court of competent
16 jurisdiction, on the application of a creditor,
17 adjudicating the insured bankrupt or insolvent or
18 approving a petition seeking reorganization of the insured
19 or of all or substantial part of its assets; nor

20 (v) any claim for any amount due any reinsurer,
21 insurer, insurance pool, or underwriting association as
22 subrogated recoveries, reinsurance recoverables,
23 contribution, indemnification or otherwise. No such claim
24 held by a reinsurer, insurer, insurance pool, or
25 underwriting association may be asserted in any legal
26 action against a person insured under a policy issued by

1 an insolvent company other than to the extent such claim
2 exceeds the Fund obligation limitations set forth in
3 Section 537.2 of this Code.

4 (c) "Unearned Premium" means the premium for the unexpired
5 period of a policy which has been terminated prior to the
6 expiration of the period for which premium has been paid and
7 does not mean premium which is returnable to the insured for
8 any other reason.

19 Sec. 10. Definitions. In this Act:

20 For a health care plan under Section 45 or for a

23 10 of the Health Carrier External Review Act.

24 "Clinical peer" means a health care professional who is in

1 the same profession and the same or similar specialty as the
2 health care provider who typically manages the medical
3 condition, procedures, or treatment under review.

4 "Department" means the Department of Insurance.

5 "Emergency medical condition" means a medical condition
6 manifesting itself by acute symptoms of sufficient severity,
7 regardless of the final diagnosis given, such that a prudent

9 medicine, could reasonably expect the absence of immediate
10 medical attention to result in:

11 (1) placing the health of the individual (or, with
12 respect to a pregnant woman, the health of the woman or her
13 unborn child) in serious jeopardy;

14 (2) serious impairment to bodily functions;

15 (3) serious dysfunction of any bodily organ or part;

16 (4) inadequately controlled pain; or

13 programs, or dispute resolution. Nothing in this definition
14 shall be construed to mean that an independent practice

22 Associations or Physician-Hospital Organizations as health
23 care providers.

24 "Health care services" means any services included in the
25 furnishing to any individual of medical care, or the
26 hospitalization incident to the furnishing of such care, as

15 health carrier's health benefit plan upon application of
16 any utilization review technique does not meet the health
17 carrier's requirements for medical necessity,
18 appropriateness, health care setting, level of care, or
19 effectiveness or is determined to be experimental or
20 investigational and the requested benefit is therefore
21 denied, reduced, or terminated or payment is not provided
22 or made, in whole or in part, for the benefit;

23 (2) the denial, reduction, or termination of or
24 failure to provide or make payment, in whole or in part,

3 preexisting condition was present before the effective
4 date of coverage; or

5 (3) a rescission of coverage determination, which does
6 not include a cancellation or discontinuance of coverage
7 that is attributable to a failure to timely pay required
8 premiums or contributions toward ~~towards~~ the cost of
9 coverage.

10 "Adverse determination" includes unilateral
11 determinations that replace the requested health care service
12 with an approval of an alternative health care service without
13 the agreement of the covered person or the covered person's
14 attending provider for the requested health care service⁷ or
15 that condition approval of the requested service on first
16 trying an alternative health care service, either if the
17 request was made under a medical exceptions procedure⁷ or if
18 all of the following are true: (1) the requested service was
19 not excluded by name, description, or service category under
20 the written terms of coverage, (2) the alternative health care
21 service poses no greater risk to the patient based on
22 generally accepted standards of care, and (3) the alternative

24 or better effect on the covered person's health as the
25 requested service based on generally accepted standards of
26 care. "Adverse determination" includes determinations made

1 based on any source of health information pertaining to the
2 covered person that is used to deny, reduce, replace,
3 condition, or terminate the benefit or payment. "Adverse

5 request for authorization when the request was submitted by
6 the health care provider regardless of whether the provider

1 Section 800. The Prior Authorization Reform Act is amended

3 (215 ILCS 200/77)

5 delayed effective date)

6 Sec. 77. Prior authorization for drug therapies for
7 hereditary bleeding disorders. Notwithstanding any other

16 Section 805. The Public Utilities Act is amended by
17 changing Section 16-108.18 as follows:

18 (220 ILCS 5/16-108.18)

19 Sec. 16-108.18. Performance-based ratemaking.

20 (a) The General Assembly finds:

21 (1) That improving the alignment of utility customer
22 and company interests is critical to ensuring equity,
23 rapid growth of distributed energy resources, electric

1 vehicles, and other new technologies that substantially
2 change the makeup of the grid and protect Illinois
3 residents and businesses from potential economic and
4 environmental harm from the State's energy systems.

5 (2) There is urgency around addressing increasing
6 threats from climate change and assisting communities that
7 have borne disproportionate impacts from climate change,
8 including air pollution, greenhouse gas emissions, and
9 energy burdens. Addressing this problem requires changes
10 to the business model under which utilities in Illinois
11 have traditionally functioned.

12 (3) Providing targeted incentives to support change
13 through a new performance-based structure to enhance
14 ratemaking is intended to enable alignment of utility,
15 customer, community, and environmental goals.

16 (4) Though Illinois has taken some measures to move
17 utilities to performance-based ratemaking through the
18 establishment of performance incentives and a
19 performance-based formula rate under the Energy
20 Infrastructure Modernization Act, these measures have not
21 been sufficiently transformative in urgently moving
22 electric utilities toward the State's ambitious energy
23 policy goals: protecting a healthy environment and
24 climate, improving public health, and creating quality
25 jobs and economic opportunities, including wealth
26 building, especially in economically disadvantaged

1 communities and communities of color.

2 (5) These measures were not developed through a
3 process to understand first what performance measures and
4 penalties would help drive the sought-after behavior by
5 the utilities.

6 (6) While the General Assembly has not made a finding
7 that the spending related to the Energy Infrastructure and
8 Modernization Act and its performance metrics was not
9 reasonable, it is important to address concerns that these
10 measures may have resulted in excess utility spending and
11 guaranteed profits without meaningful improvements in
12 customer experience, rate affordability, or equity.

13 (7) Discussions of performance incentive mechanisms
14 must always take into account the affordability of
15 customer rates and bills for all customers, including
16 low-income customers.

17 (8) The General Assembly therefore directs the
18 Illinois Commerce Commission to complete a transition that
19 includes a comprehensive performance-based regulation
20 framework for electric utilities serving more than 500,000
21 customers. The breadth of this framework should revise
22 existing utility regulations to position Illinois electric
23 utilities to effectively and efficiently achieve current
24 and anticipated future energy needs of this State, while
25 ensuring affordability for consumers.

26 (b) As used in this Section:

1 "Commission" means the Illinois Commerce Commission.

2 "Demand response" means measures that decrease peak
3 electricity demand or shift demand from peak to off-peak
4 periods.

5 "Distributed energy resources" or "DER" means a wide range
6 of technologies that are connected to the grid including those
7 that are located on the customer side of the customer's
8 electric meter and can provide value to the distribution
9 system, including, but not limited to, distributed generation,
10 energy storage, electric vehicles, and demand response
11 technologies.

12 "Economically disadvantaged communities" means areas of
13 one or more census tracts where average household income does
14 not exceed 80% of area median income.

15 "Environmental justice communities" means the definition
16 of that term as used and as may be updated in the long-term
17 renewable resources procurement plan by the Illinois Power
18 Agency and its Program Administrator in the Illinois Solar for
19 All Program.

20 "Equity investment eligible community" means the
21 geographic areas throughout Illinois which would most benefit
22 from equitable investments by the State designed to combat
23 discrimination. Specifically, the equity investment eligible
24 communities shall be defined as the following areas:

25 (1) R3 Areas as established pursuant to Section 10-40
26 of the Cannabis Regulation and Tax Act, where residents

1 have historically been excluded from economic
2 opportunities, including opportunities in the energy
3 sector; and

4 (2) Environmental justice communities, as defined by
5 the Illinois Power Agency pursuant to the Illinois Power
6 Agency Act, where residents have historically been subject
7 to disproportionate burdens of pollution, including
8 pollution from the energy sector.

9 "Performance incentive mechanism" means an instrument by
10 which utility performance is incentivized, which could include
11 a monetary performance incentive.

12 "Performance metric" means a manner of measurement for a
13 particular utility activity.

14 (c) Through coordinated, comprehensive system planning,
15 ratemaking, and performance incentives, the performance-based
16 ratemaking framework should be designed to accomplish the
17 following objectives:

18 (1) maintain and improve service reliability and
19 safety, including and particularly in environmental
20 justice, low-income, and equity investment eligible
21 communities;

22 (2) decarbonize utility systems at a pace that meets
23 or exceeds State climate goals, while also ensuring the
24 affordability of rates for all customers, including
25 low-income customers;

26 (3) direct electric utilities to make cost-effective

1 investments that support achievement of Illinois' clean
2 energy policies, including, at a minimum, investments
3 designed to integrate distributed energy resources, comply
4 with critical infrastructure protection standards, plans,
5 and industry best practices, and support and take
6 advantage of potential benefits from the electric vehicle
7 charging and other electrification, while mitigating the
8 impacts;

9 (4) choose cost-effective assets and services, whether
10 utility-supplied or through third-party contracting,
11 considering both economic and environmental costs and the
12 effects on utility rates, to deliver high-quality service
13 to customers at least cost;

14 (5) maintain the affordability of electric delivery
15 services for all customers, including low-income
16 customers;

17 (6) maintain and grow a diverse workforce, diverse
18 supplier procurement base and, for relevant programs,
19 diverse approved-vendor pools, including increased
20 opportunities for minority-owned, female-owned,
21 veteran-owned, and disability-owned business enterprises;

22 (7) improve customer service performance and
23 engagement;

24 (8) address the particular burdens faced by consumers
25 in environmental justice and equity investment eligible
26 communities, including shareholder, consumer, and publicly

1 funded bill payment assistance and credit and collection
2 policies, and ensure equitable disconnections, late fees,
3 or arrearages as a result of utility credit and collection
4 practices, which may include consideration of impact by
5 zip code; and

6 (9) implement or otherwise enhance current supplier
7 diversity programs to increase diverse contractor
8 participation in professional services, subcontracting,
9 and prime contracting opportunities with programs that
10 address barriers to access. Supplier diversity programs
11 shall address specific barriers related to RFP and
12 contract access, access to capital, information technology
13 and cyber security access and costs, administrative
14 burdens, and quality control with specific metrics,
15 outcomes, and demographic data reported.

16 (d) Multi-Year Rate Plan.

17 (1) If an electric utility had a performance-based
18 formula rate in effect under Section 16-108.5 as of
19 December 31, 2020, then the utility may file a petition
20 proposing tariffs implementing a 4-year Multi-Year Rate
21 Plan as provided in this Section no later than, January
22 20, 2023, for delivery service rates to be effective for
23 the billing periods January 1, 2024 through December 31,
24 2027. The Commission shall issue an order approving or
25 approving as modified the utility's plan no later than
26 December 20, 2023. The term "Multi-Year Rate Plan" refers

1 to a plan establishing the base rates the utility shall
2 charge for each delivery year of the 4-year period to be
3 covered by the plan, which shall be subject to
4 modification only as expressly allowed in this Section.

5 (2) A utility proposing a Multi-Year Rate Plan shall
6 provide a 4-year investment plan and a description of the
7 utility's major planned investments, including, at a
8 minimum, all investments of \$2,000,000 or greater over the
9 plan period for an electric utility that serves more than
10 3,000,000 retail customers in the State or \$500,000 for an
11 electric utility that serves less than 3,000,000 retail
12 customers in the State but more than 500,000 retail
13 customers in the State. The 4-year investment plan must be
14 consistent with the Multi-Year Integrated Grid Plan
15 described in Section 16-105.17 of this Act. The investment
16 plan shall provide sufficiently detailed information, as
17 required by the Commission, including, at a minimum, a
18 description of each investment, the location of the
19 investment, and an explanation of the need for and benefit
20 of such an investment to the extent known.

21 (3) The Multi-Year Rate Plan shall be implemented
22 through a tariff filed with the Commission consistent with
23 the provisions of this paragraph (3) that shall apply to
24 all delivery service customers. The Commission shall
25 initiate and conduct an investigation of the tariff in a
26 manner consistent with the provisions of this paragraph

1 (3) and the provisions of Article IX of this Act, to the
2 extent they do not conflict with this paragraph (3). The
3 Multi-Year Rate Plan approved by the Commission shall do
4 the following:

5 (A) Provide for the recovery of the utility's
6 forecasted rate base, based on the 4-year investment
7 plan and the utility's Integrated Grid Plan. The
8 forecasted rate base must include the utility's
9 planned capital investments, with rates based on
10 average annual plant investment, and
11 investment-related costs, including income tax
12 impacts, depreciation, and ratemaking adjustments and
13 costs that are prudently incurred and reasonable in
14 amount consistent with Commission practice and law.
15 The process used to develop the forecasts must be
16 iterative, rigorous, and lead to forecasts that
17 reasonably represent the utility's investments during
18 the forecasted period and ensure that the investments
19 are projected to be used and useful during the annual
20 investment period and least cost, consistent with the
21 provisions of Articles VIII and IX of this Act.

22 (B) The cost of equity shall be approved by the
23 Commission consistent with Commission practice and
24 law.

25 (C) The revenue requirement shall reflect the
26 utility's actual capital structure for the applicable

1 calendar year. A year-end capital structure that
2 includes a common equity ratio of up to and including
3 50% of the total capital structure shall be deemed
4 prudent and reasonable. A higher common equity ratio
5 must be specifically approved by the Commission.

6 (D) (Blank).

7 (E) Provide for recovery of prudent and reasonable
8 projected operating expenses, giving effect to
9 ratemaking adjustments, consistent with Commission
10 practice and law under Article IX of this Act.
11 Operating expenses for years after the first year of
12 the Multi-Year Rate Plan may be estimated by the use of
13 known and measurable changes, expense reductions
14 associated with planned capital investments as
15 appropriate, and reasonable and appropriate
16 escalators, indices, or other metrics.

17 (F) Amortize the amount of unprotected
18 property-related excess accumulated deferred income
19 taxes in rates as of January 1, 2023 over a period
20 ending December 31, 2027, unless otherwise required to
21 amortize the excess deferred income tax pursuant to
22 Section 16-108.21 of this Act.

23 (G) Allow recovery of incentive compensation
24 expense that is based on the achievement of
25 operational metrics, including metrics related to
26 budget controls, outage duration and frequency,

1 safety, customer service, efficiency and productivity,
2 environmental compliance and attainment of
3 affordability and environmental goals, and other goals
4 and metrics approved by the Commission. Incentive
5 compensation expense that is based on net income or an
6 affiliate's earnings per share shall not be
7 recoverable.

8 (H) To the maximum extent practicable, align the
9 4-year investment plan and annual capital budgets with
10 the electric utility's Multi-Year Integrated Grid
11 Plan.

12 (4) The Commission shall establish annual rates for
13 each year of the Multi-Year Rate Plan that accurately
14 reflect and are based only upon the utility's reasonable
15 and prudent costs of service over the term of the plan,
16 including the effect of all ratemaking adjustments
17 consistent with Commission practice and law as determined
18 by the Commission, provided that the costs are not being
19 recovered elsewhere in rates. Tariff riders authorized by
20 the Commission may continue outside of a plan authorized
21 under this Section to the extent such costs are not
22 recovered elsewhere in rates. For the first Multi-Year
23 Rate Plan ~~multi-year rate plan~~, the burden of proof shall
24 be on the electric utility to establish the prudence of
25 investments and expenditures and to establish that such
26 investments consistent with and reasonably necessary to

1 meet the requirements of the utility's first approved
2 Multi-Year Integrated Grid Plan described in Section
3 16-105.17 of this Act. For subsequent Multi-Year Rate
4 Plans, the burden of proof shall be on the electric
5 utility to establish the prudence of investments and
6 expenditures and to establish that such investments are
7 consistent with and reasonably necessary to meet the
8 requirements of the utility's most recently approved
9 Multi-Year Integrated Grid Plan described in Section
10 16-105.17 of this Act. The sole fact that a cost differs
11 from that incurred in a prior period or that an investment
12 is different from that described in the Multi-Year
13 Integrated Grid Plan shall not imply the imprudence or
14 unreasonableness of that cost or investment. The sole fact
15 that an investment is the same or similar to that
16 described in the Multi-Year Integrated Grid Plan shall not
17 imply prudence and reasonableness of that investment.

18 (5) To facilitate public transparency, all materials,
19 data, testimony, and schedules shall be provided to the
20 Commission in an editable, machine-readable electronic
21 format including .doc, .docx, .xls, .xlsx, and similar
22 file formats, but not including .pdf or .exif. Should
23 utilities designate any materials confidential, they shall
24 have an affirmative duty to explain why the particular
25 information is marked confidential. In determining
26 prudence and reasonableness of rates, the Commission shall

1 make its determination based upon the record, including
2 each public comment filed or provided orally at open
3 meetings consistent with the Commission's rules and
4 practices.

5 (6) The Commission may, by order, establish terms,
6 conditions, and procedures for submitting and approving a
7 Multi-Year Rate Plan necessary to implement this Section
8 and ensure that rates remain just and reasonable during
9 the course of the plan, including terms and procedures for
10 rate adjustment.

11 (7) An electric utility that files a tariff pursuant
12 to paragraph (3) of this subsection (e) must submit a
13 one-time \$300,000 filing fee at the time the Chief Clerk
14 of the Commission accepts the filing, which shall be a
15 recoverable expense.

16 (8) An electric utility operating under a Multi-Year
17 Rate Plan shall file a new Multi-Year Rate Plan at least
18 300 days prior to the end of the initial Multi-Year Rate
19 Plan unless it elects to file a general rate case pursuant
20 to paragraph (9), and every 4 years thereafter, with a
21 rate-effective date of the proposed tariffs such that,
22 after the Commission suspension period, the rates would
23 take effect immediately at the close of the final year of
24 the initial Multi-Year Rate Plan. In subsequent Multi-Year
25 Rate Plans, as in the initial plans, utilities and
26 stakeholders may propose additional metrics that achieve

1 the outcomes described in paragraph (2) of subsection (f)
2 of this Section.

3 (9) Election of Rate Case.

4 (A) On or before the date prescribed by
5 subparagraph (B) of paragraph (9) of this Section,
6 electric utilities that serve more than 500,000 retail
7 customers in the State shall file either a general
8 rate case under Section 9-201 of this Act, or a
9 Multi-Year Rate Plan, as set forth in paragraph (1) of
10 this subsection (d).

11 (B) Electric utilities described in subparagraph
12 (A) of paragraph (9) of this Section shall file their
13 initial general rate case or Multi-Year Rate Plan, as
14 applicable, with the Commission no later than January
15 20, 2023.

16 (C) Notwithstanding which rate filing option an
17 electric utility elects to file on the date prescribed
18 by subparagraph (B) of paragraph (9) of this Section,
19 the electric utility shall be subject to the
20 Multi-year Integrated Plan filing requirements.

21 (D) Following its initial rate filing pursuant to
22 paragraph (2), an electric utility subject to the
23 requirements of this Section shall thereafter be
24 permitted to elect a different rate filing option
25 consistent with any filing intervals established for a
26 general rate case or Multi-Year Rate Plan, as follows:

1 (i) An electric utility that initially elected
2 to file a Multi-Year Rate Plan and thereafter
3 elects to transition to a general rate case may do
4 so upon completion of the 4-year Multi-Year Rate
5 Plan by filing a general rate case at the same time
6 that the utility would have filed its subsequent
7 Multi-Year Rate Plan, as specified in paragraph
8 (8) of this subsection (d). Notwithstanding this
9 election, the annual adjustment of the final year
10 of the Multi-Year Rate Plan shall proceed as
11 specified in paragraph (6) of subsection (f).

12 (ii) An electric utility that initially
13 elected to a file general rate case and thereafter
14 elects to transition to a Multi-Year Rate Plan may
15 do so only at the 4-year filing intervals
16 identified by paragraph (8) of this subsection
17 (d).

18 (10) The Commission shall approve tariffs establishing
19 rate design for all delivery service customers unless the
20 electric utility makes the election specified in Section
21 16-105.5, in which case the rate design shall be subject
22 to the provisions of that Section.

23 (11) The Commission shall establish requirements for
24 annual performance evaluation reports to be submitted
25 annually for performance metrics. Such reports shall
26 include, but not be limited to, a description of the

1 utility's performance under each metric and an
2 identification of any extraordinary events that adversely
3 affected the utility's performance.

4 (12) For the first Multi-Year Rate Plan, the
5 Commission shall consolidate its investigation with the
6 proceeding under Section 16-105.17 to establish the
7 Multi-Year Integrated Grid Plan no later than 45 days
8 after plan filing.

9 (13) Where a rate change under a Multi-Year Rate Plan
10 will result in a rate increase, an electric utility may
11 propose a rate phase-in plan that the Commission shall
12 approve with or without modification or deny in its final
13 order approving the new delivery services rates. A
14 proposed rate phase-in plan under this paragraph (13) must
15 allow the new delivery services rates to be implemented in
16 no more than 2 steps, as follows: in the first step, at
17 least 50% of the approved rate increase must be reflected
18 in rates, and, in the second step, 100% of the rate
19 increase must be reflected in rates. The second step's
20 rates must take effect no later than 12 months after the
21 first step's rates were placed into effect. The portion of
22 the approved rate increase not implemented in the first
23 step shall be recorded on the electric utility's books as
24 a regulatory asset, and shall accrue carrying costs to
25 ensure that the utility does not recover more or less than
26 it otherwise would because of the deferral. This portion

1 shall be recovered, with such carrying costs at the
2 weighted average cost of capital, through a surcharge
3 applied to retail customer bills that (i) begins no later
4 than 12 months after the date on which the second step's
5 rates went into effect and (ii) is applied over a period
6 not to exceed 24 months. Nothing in this paragraph is
7 intended to limit the Commission's authority to mitigate
8 the impact of rates caused by rate plans, or any other
9 instance on a revenue-neutral basis; nor shall it mitigate
10 a utility's ability to make proposals to mitigate the
11 impact of rates. When a deferral, or similar method, is
12 used to mitigate the impact of rates, the utility should
13 be allowed to recover carrying costs.

14 (14) Notwithstanding the provisions of paragraph
15 ~~Section~~ (13), the Commission may, on its own initiative,
16 take revenue-neutral measures to relieve the impact of
17 rate increases on customers. Such initiatives may be taken
18 by the Commission in the first Multi-Year Rate Plan,
19 subsequent multi-year plans, or in other instances
20 described in this Act.

21 (15) Whenever during the pendency of a Multi-Year
22 ~~Multi-year~~ Rate Plan, an electric utility subject to this
23 Section becomes aware that, due to circumstances beyond
24 its control, prudent operating practices will require the
25 utility to make adjustments to the Multi-Year Rate Plan,
26 the electric utility may file a petition with the

1 Commission requesting modification of the approved annual
2 revenue requirements included in the Multi-Year Rate Plan.
3 The electric utility must support its request with
4 evidence demonstrating why a modification is necessary,
5 due to circumstances beyond the utility's control, to
6 follow prudent operating practices and must set forth the
7 changes to each annual revenue requirement to be approved,
8 and the basis for any changes in anticipated operating
9 expenses or capital investment levels. The utility shall
10 affirmatively address the impact of the changes on the
11 Multi-Year Integrated Grid Plan and Multi-Year Rate Plan
12 originally submitted and approved by the Commission. Any
13 interested party may file an objection to the changes
14 proposed, or offer alternatives to the utility's proposal,
15 as supported by testimony and evidence. After notice and
16 hearing, the Commission shall issue a final order
17 regarding the electric utility's request no later than 180
18 days after the filing of the petition.

19 (e) Performance incentive mechanisms.

20 (1) The electric industry is undergoing rapid
21 transformation, including fundamental changes in how
22 electricity is generated, procured, and delivered and how
23 customers are choosing to participate in the supply and
24 delivery of electricity to and from the electric grid.
25 Building upon the State's goals to increase the
26 procurement of electricity from renewable energy

1 resources, including distributed generation and storage
2 devices, the General Assembly finds that electric
3 utilities should make cost-effective investments that
4 support moving forward on Illinois' clean energy policies.
5 It is therefore in the State's interest for the Commission
6 to establish performance incentive mechanisms in order to
7 better tie utility revenues to performance and customer
8 benefits, accelerate progress on Illinois energy and other
9 goals, ensure equity and affordability of rates for all
10 customers, including low-income customers, and hold
11 utilities publicly accountable.

12 (2) The Commission shall approve, based on the
13 substantial evidence proffered in the proceeding initiated
14 pursuant to this subsection performance metrics that, to
15 the extent practicable and achievable by the electric
16 utility, encourage cost-effective, equitable utility
17 achievement of the outcomes described in this subsection
18 (e) while ensuring no degradation in the significant
19 performance improvement achieved through previously
20 established performance metrics. For each electric
21 utility, the Commission shall approve metrics designed to
22 achieve incremental improvements over baseline performance
23 values and targets, over a performance period of up to 10
24 years, and no less than 4 years.

25 (A) The Commission shall approve no more than 8
26 metrics, with at least one metric from each of the

1 categories below, for each electric utility, from
2 items ~~subparagraphs~~ (i) through (vi) of this
3 subparagraph ~~subsection~~ (A). Upon a utility request,
4 the Commission may approve the use of a specific,
5 measurable, and achievable tracking metric described
6 in paragraph (3) of this subsection (e) as a
7 performance metric pursuant to paragraph (2) of this
8 subsection (e).

9 (i) Metrics designed to ensure the utility
10 maintains and improves the high standards of both
11 overall and locational reliability and resiliency,
12 and makes improvements in power quality, including
13 and particularly in environmental justice and
14 equity investment eligible communities.

15 (ii) Peak load reductions attributable to
16 demand response programs.

17 (iii) Supplier diversity expansion, including
18 diverse contractor participation in professional
19 services, subcontracting, and prime contracting
20 opportunities, development of programs that
21 address the barriers to access, aligning
22 demographics of contractors to the demographics in
23 the utility's service territory, establish
24 long-term mentoring relationships that develop and
25 remove barriers to access for diverse and
26 underserved contractors. The utilities shall

1 provide solutions, resources, and tools to address
2 complex barriers of entry related to costly and
3 time-intensive cyber security requirements,
4 increasingly complex information technology
5 requirements, insurance barriers, service provider
6 sign-up process barriers, administrative process
7 barriers, and other barriers that inhibit access
8 to RFPs and contracts. For programs with contracts
9 over \$1,000,000, winning bidders must demonstrate
10 a subcontractor development or mentoring
11 relationship with at least one of their diverse
12 subcontracting partners for a core component of
13 the scope of the project. The mentoring time and
14 cost shall be taken into account in the creation
15 of RFP and shall include a structured and measured
16 plan by the prime contractor to increase the
17 capabilities of the subcontractor in their
18 proposed scope. The metric shall include reporting
19 on all supplier diversity programs by goals,
20 program results, demographics and geography, with
21 separate reporting by category of minority-owned,
22 female-owned, veteran-owned, and disability-owned
23 business enterprise metrics. The report shall
24 include resources and expenses committed to the
25 programs and conversion rates of new diverse
26 utility contractors.

1 (iv) Achieve affordable customer delivery
2 service costs, with particular emphasis on keeping
3 the bills of lower-income households, households
4 in equity investment eligible communities, and
5 household in environmental justice communities
6 within a manageable portion of their income and
7 adopting credit and collection policies that
8 reduce disconnections for these households
9 specifically and for customers overall to ensure
10 equitable disconnections, late fees, or arrearages
11 as a result of utility credit and collection
12 practices, which may include consideration of
13 impact by zip code.

14 (v) Metrics designed around the utility's
15 timeliness to customer requests for
16 interconnection in key milestone areas, such as:
17 initial response, supplemental review, and system
18 feasibility study; improved average service
19 reliability index for those customers that have
20 interconnected a distributed renewable energy
21 generation device to the utility's distribution
22 system and are lawfully taking service under an
23 applicable tariff; offering a variety of
24 affordable rate options, including demand
25 response, time of use rates for delivery and
26 supply, real-time pricing rates for supply;

1 comprehensive and predictable net metering, and
2 maximizing the benefits of grid modernization and
3 clean energy for ratepayers; and improving
4 customer access to utility system information
5 according to consumer demand and interest.

6 (vi) Metrics designed to measure the utility's
7 customer service performance, which may include
8 the average length of time to answer a customer's
9 call by a customer service representative, the
10 abandoned call rate and the relative ranking of
11 the electric utility, by a reputable third-party
12 organization, in customer service satisfaction
13 when compared to other similar electric utilities
14 in the Midwest region.

15 (B) Performance metrics shall include a
16 description of the metric, a calculation method, a
17 data collection method, annual performance targets,
18 and any incentives or penalties for the utility's
19 achievement of, or failure to achieve, their
20 performance targets, provided that the total amount of
21 potential incentives and penalties shall be
22 symmetrical. Incentives shall be rewards or penalties
23 or both, reflected as basis points added to, or
24 subtracted from, the utility's cost of equity. The
25 metrics and incentives shall apply for the entire time
26 period covered by a Multi-Year Rate Plan. The total

1 for all metrics shall be equal to 40 basis points,
2 however, the Commission may adjust the basis points
3 upward or downward by up to 20 basis points for any
4 given Multi-Year Rate Plan, as appropriate, but in no
5 event may the total exceed 60 basis points or fall
6 below 20 basis points.

7 (C) Metrics related to reliability shall be
8 implemented to ensure equitable benefits to
9 environmental justice and equity investment eligible
10 communities, as defined in this Act.

11 (D) The Commission shall approve performance
12 metrics that are reasonably within control of the
13 utility to achieve. The Commission also shall not
14 approve a metric that is solely expected to have the
15 effect of reducing the workforce. Performance metrics
16 should measure outcomes and actual, rather than
17 projected, results where possible. Nothing in this
18 ~~subparagraph paragraph~~ is intended to require that
19 different electric utilities must be subject to the
20 same metrics, goals, or incentives.

21 (E) Increases or enhancements to an existing
22 performance goal or target shall be considered in
23 light of other metrics, cost-effectiveness, and other
24 factors the Commission deems appropriate. Performance
25 metrics shall include one year of tracking data
26 collected in a consistent manner, verifiable by an

1 independent evaluator in order to establish a baseline
2 and measure outcomes and actual results against
3 projections where possible.

4 (F) For the purpose of determining reasonable
5 performance metrics and related incentives, the
6 Commission shall develop a methodology to calculate
7 net benefits that includes customer and societal costs
8 and benefits and quantifies the effect on delivery
9 rates. In determining the appropriate level of a
10 performance incentive, the Commission shall consider:
11 the extent to which the amount is likely to encourage
12 the utility to achieve the performance target in the
13 least cost manner; the value of benefits to customers,
14 the grid, public health and safety, and the
15 environment from achievement of the performance
16 target, including in particular benefits to equity
17 investment eligible community; the affordability of
18 customer's electric bills, including low-income
19 customers, the utility's revenue requirement, the
20 promotion of renewable and distributed energy, and
21 other such factors that the Commission deems
22 appropriate. The consideration of these factors shall
23 result in an incentive level that ensures benefits
24 exceed costs for customers.

25 (G) Achievement of performance metrics are based
26 on the assumptions that the utility will adopt or

1 implement the technology and equipment, and make the
2 investments to the extent reasonably necessary to
3 achieve the goal. If the electric utility is unable to
4 meet the performance metrics as a result of
5 extraordinary circumstances outside of its control,
6 including, but not limited to, government-declared
7 emergencies, then the utility shall be permitted to
8 file a petition with the Commission requesting that
9 the utility be excused from compliance with the
10 applicable performance goal or goals and the
11 associated financial incentives and penalties. The
12 burden of proof shall be on the utility, consistent
13 with Article IX, and the utility's petition shall be
14 supported by substantial evidence. The Commission
15 shall, after notice and hearing, enter its order
16 approving or denying, in whole or in part, the
17 utility's petition based on the extent to which the
18 utility demonstrated that its achievement of the
19 affected metrics and performance goals was hindered by
20 extraordinary circumstances outside of the utility's
21 control.

22 (3) The Commission shall approve reasonable and
23 appropriate tracking metrics to collect and monitor data
24 for the purpose of measuring and reporting utility
25 performance and for establishing future performance
26 metrics. These additional tracking metrics shall include

1 at least one metric from each of the following categories
2 of performance:

3 (A) Minimize emissions of greenhouse gases and
4 other air pollutants that harm human health,
5 particularly in environmental justice and equity
6 investment eligible communities, through minimizing
7 total emissions by accelerating electrification of
8 transportation, buildings, and industries where such
9 electrification results in net reductions, across all
10 fuels and over the life of electrification measures,
11 of greenhouse gases and other pollutants, taking into
12 consideration the fuel mix used to produce electricity
13 at the relevant hour and the effect of accelerating
14 electrification on electricity delivery services
15 rates, supply prices, and peak demand, provided the
16 revenues the utility receives from accelerating
17 electrification of transportation, buildings, and
18 industries exceed the costs.

19 (B) Enhance the grid's flexibility to adapt to
20 increased deployment of nondispatchable resources,
21 improve the ability and performance of the grid on
22 load balancing, and offer a variety of rate plans to
23 match consumer consumption patterns and lower consumer
24 bills for electricity delivery and supply.

25 (C) Ensure rates reflect cost savings attributable
26 to grid modernization and utilize distributed energy

1 resources that allow the utility to defer or forgo
2 traditional grid investments that would otherwise be
3 required to provide safe and reliable service.

4 (D) Metrics designed to create and sustain
5 full-time-equivalent jobs and opportunities for all
6 segments of the population and workforce, including
7 minority-owned businesses, women-owned businesses,
8 veteran-owned businesses, and businesses owned by a
9 person or persons with a disability, and that do not,
10 consistent with State and federal law, discriminate
11 based on race or socioeconomic status as a result of
12 Public Act 102-662 ~~this amendatory Act of the 102nd~~
13 ~~General Assembly.~~

14 (E) Maximize and prioritize the allocation of grid
15 planning benefits to environmental justice and
16 economically disadvantaged customers and communities,
17 such that all metrics provide equitable benefits
18 across the utility's service territory and maintain
19 and improve utility customers' access to uninterrupted
20 utility services.

21 (4) The Commission may establish new tracking and
22 performance metrics in future Multi-Year Rate Plans to
23 further measure achievement of the outcomes set forth in
24 paragraph (2) of subsection (f) of this Section and the
25 other goals and requirements of this Section.

26 (5) The Commission shall also evaluate metrics that

1 were established in prior Multi-Year Rate Plans to
2 determine if there has been an unanticipated material
3 change in circumstances such that adjustments are required
4 to improve the likelihood of the outcomes described in
5 paragraph (2) of subsection (f). For metrics that were
6 established in prior Multi-Year Rate Plan proceedings and
7 that the Commission elects to continue, the design of
8 these metrics, including the goals of tracking metrics and
9 the targets and incentive levels and structures of
10 performance metrics, may be adjusted pursuant to the
11 requirements in this Section. The Commission may also
12 change, adjust, or phase out tracking and performance
13 metrics that were established in prior Multi-Year Rate
14 Plan proceedings if these metrics no longer meet the
15 requirements of this Section or if they are rendered
16 obsolete by the changing needs and technology of an
17 evolving grid. Additionally, performance metrics that no
18 longer require an incentive to create improved utility
19 performance may become tracking metrics in a Multi-Year
20 Rate Plan proceeding.

21 (6) The Commission shall initiate a workshop process
22 no later than August 1, 2021, or 15 days after September
23 15, 2021 (the effective date of Public Act 102-662) ~~this~~
24 ~~amendatory Act of the 102nd General Assembly~~, whichever is
25 later, for the purpose of facilitating the development of
26 metrics for each utility. The workshop shall be

1 coordinated by the staff of the Commission, or a
2 facilitator retained by staff, and shall be organized and
3 facilitated in a manner that encourages representation
4 from diverse stakeholders and ensures equitable
5 opportunities for participation, without requiring formal
6 intervention or representation by an attorney. Working
7 with staff of the Commission the facilitator may conduct a
8 combination of workshops specific to a utility or
9 applicable to multiple utilities where content and
10 stakeholders are substantially similar. The workshop
11 process shall conclude no later than October 31, 2021.
12 Following the workshop, the staff of the Commission, or
13 the facilitator retained by the Staff, shall prepare and
14 submit a report to the Commission that identifies the
15 participants in the process, the metrics proposed during
16 the process, any material issues that remained unresolved
17 at the conclusions of such process, and any
18 recommendations for workshop process improvements. Any
19 workshop participant may file comments and reply comments
20 in response to the Staff report.

21 (A) No later than January, 20, 2022, each electric
22 utility that intends to file a petition pursuant to
23 subsection (b) of this Section shall file a petition
24 with the Commission seeking approval of its
25 performance metrics, which shall include for each
26 metric, at a minimum, (i) a detailed description, (ii)

1 the calculation of the baseline, (iii) the performance
2 period and overall performance goal, provided that the
3 performance period shall not commence prior to January
4 1, 2024, (iv) each annual performance goal, (v) the
5 performance adjustment, which shall be a symmetrical
6 basis point increase or decrease to the utility's cost
7 of equity based on the extent to which the utility
8 achieved the annual performance goal, and (vi) the new
9 or modified tariff mechanism that will apply the
10 performance adjustments. The Commission shall issue
11 its order approving, or approving with modification,
12 the utility's proposed performance metrics no later
13 than September 30, 2022.

14 (B) No later than August 1, 2025, the Commission
15 shall initiate a workshop process that conforms to the
16 workshop purpose and requirements of this paragraph
17 (6) of this Section to the extent they do not conflict.
18 The workshop process shall conclude no later than
19 October 31, 2025, and the staff of the Commission, or
20 the facilitator retained by the Staff, shall prepare
21 and submit a report consistent with the requirements
22 described in this paragraph (6) of this Section. No
23 later than January 20, 2026, each electric utility
24 subject to the requirements of this Section shall file
25 a petition that reflects, and is consistent with, the
26 components required in this paragraph (6) of this

1 Section, and the Commission shall issue its order
2 approving, or approving with modification, the
3 utility's proposed performance metrics no later than
4 September 30, 2026.

5 (f) On May 1 of each year, following the approval of the
6 first Multi-Year Rate Plan and its initial year, the
7 Commission shall open an annual performance evaluation
8 proceeding to evaluate the utilities' performance on their
9 metric targets during the year just completed, as well as the
10 appropriate Annual Adjustment as defined in paragraph (6). The
11 Commission shall determine the performance and annual
12 adjustments to be applied through a surcharge in the following
13 calendar year.

14 (1) On February 15 of each year, prior to the annual
15 performance evaluation proceeding, each utility shall file
16 a performance evaluation report with the Commission that
17 includes a description of and all data supporting how the
18 utility performed under each performance metric and an
19 identification of any extraordinary events that adversely
20 impacted the utility's performance.

21 (2) The metrics approved under this Section are based
22 on the assumptions that the utility may fully implement
23 the technology and equipment, and make the investments,
24 required to achieve the metrics and performance goals. If
25 the utility is unable to meet the metrics and performance
26 goals because it was hindered by unanticipated technology

1 or equipment implementation delays, government-declared
2 emergencies, or other investment impediments, then the
3 utility shall be permitted to file a petition with the
4 Commission on or before the date that its report is due
5 pursuant to paragraph (1) of this subsection (f)
6 requesting that the utility be excused from compliance
7 with the applicable performance goal or goals. The burden
8 of proof shall be on the utility, consistent with Article
9 IX, and the utility's petition shall be supported by
10 substantial evidence. No later than 90 days after the
11 utility files its petition, the Commission shall, after
12 notice and hearing, enter its order approving or denying,
13 in whole or in part, the utility's petition based on the
14 extent to which the utility demonstrated that its
15 achievement of the affected metrics and performance goals
16 was hindered by unanticipated technology or equipment
17 implementation delays, or other investment impediments,
18 that were reasonably outside of the utility's control.

19 (3) The electric utility shall provide for an annual
20 independent evaluation of its performance on metrics. The
21 independent evaluator shall review the utility's
22 assumptions, baselines, targets, calculation
23 methodologies, and other relevant information, especially
24 ensuring that the utility's data for establishing
25 baselines matches actual performance, and shall provide a
26 report to the Commission in each annual performance

1 evaluation describing the results. The independent
2 evaluator shall present this report as evidence as a
3 nonparty participant and shall not be represented by the
4 utility's legal counsel. The independent evaluator shall
5 be hired through a competitive bidding process with
6 approval of the contract by the Commission.

7 The Commission shall consider the report of the
8 independent evaluator in determining the utility's
9 achievement of performance targets. Discrepancies between
10 the utility's assumptions, baselines, targets, or
11 calculations and those of the independent evaluator shall
12 be closely scrutinized by the Commission. If the
13 Commission finds that the utility's reported data for any
14 metric or metrics significantly and incorrectly deviates
15 from the data reported by the independent evaluator, then
16 the Commission shall order the utility to revise its data
17 collection and calculation process within 60 days, with
18 specifications where appropriate.

19 (4) The Commission shall, after notice and hearing in
20 the annual performance evaluation proceeding, enter an
21 order approving the utility's performance adjustment based
22 on its achievement of or failure to achieve its
23 performance targets no later than December 20 each year.
24 The Commission-approved penalties or incentives shall be
25 applied beginning with the next calendar year.

26 (5) In order to promote the transparency of utility

1 investments during the effective period of a multi-year
2 rate plan, inform the Commission's investigation and
3 adjustment of rates in the annual adjustment process, and
4 to facilitate the participation of stakeholders in the
5 annual adjustment process, an electric utility with an
6 effective Multi-Year Rate Plan shall, within 90 days of
7 the close of each quarter during the Multi-Year Rate Plan
8 period, submit to the Commission a report that summarizes
9 the additions to utility plant that were placed into
10 service during the prior quarter, which for purposes of
11 the report shall be the most recently closed fiscal
12 quarter. The report shall also summarize the utility plant
13 the electric utility projects it will place into service
14 through the end of the calendar year in which the report is
15 filed. The projections, estimates, plans, and
16 forward-looking information that are provided in the
17 reports pursuant to this paragraph (5) are for planning
18 purposes and are intended to be illustrative of the
19 investments that the utility proposes to make as of the
20 time of submittal. Nothing in this paragraph (5)
21 precludes, or is intended to limit, a utility's ability to
22 modify and update its projections, estimates, plans, and
23 forward-looking information previously submitted in order
24 to reflect stakeholder input or other new or updated
25 information and analysis, including, but not limited to,
26 changes in specific investment needs, customer electric

1 use patterns, customer applications and preferences, and
2 commercially available equipment and technologies, however
3 the utility shall explain any changes or deviations
4 between the projected investments from the quarterly
5 reports and actual investments in the annual report. The
6 reports submitted pursuant to this subsection are intended
7 to be flexible planning tools, and are expected to evolve
8 as new information becomes available. Within 7 days of
9 receiving a quarterly report, the Commission shall timely
10 make such report available to the public by posting it on
11 the Commission's website. Each quarterly report shall
12 include the following detail:

13 (A) The total dollar value of the additions to
14 utility plant placed in service during the prior
15 quarter;

16 (B) A list of the major investment categories the
17 electric utility used to manage its routine standing
18 operational activities during the prior quarter
19 including the total dollar amount for the work
20 reflected in each investment category in which utility
21 plant in service is equal to or greater than
22 \$2,000,000 for an electric utility that serves more
23 than 3,000,000 customers in the State or \$500,000 for
24 an electric utility that serves less than 3,000,000
25 customers but more than 500,000 customers in the State
26 as of the last day of the quarterly reporting period,

1 as well as a summary description of each investment
2 category;

3 (C) A list of the projects which the electric
4 utility has identified by a unique investment tracking
5 number for utility plant placed in service during the
6 prior quarter for utility plant placed in service with
7 a total dollar value as of the last day of the
8 quarterly reporting period that is equal to or greater
9 than \$2,000,000 for an electric utility that serves
10 more than 3,000,000 customers in the State or \$500,000
11 for an electric utility that serves less than
12 3,000,000 retail customers but more than \$500,000
13 retail customers in the State, as well as a summary of
14 each project;

15 (D) The estimated total dollar value of the
16 additions to utility plant projected to be placed in
17 service through the end of the calendar year in which
18 the report is filed;

19 (E) A list of the major investment categories the
20 electric utility used to manage its routine standing
21 operational activities with utility plant projected to
22 be placed in service through the end of the calendar
23 year in which the report is filed, including the total
24 dollar amount for the work reflected in each
25 investment category in which utility plant in service
26 is projected to be equal to or greater than \$2,000,000

1 for an electric utility that serves more than
2 3,000,000 customers in the State or \$500,000 for an
3 electric utility that serves less than 3,000,000
4 retail customers but more than 500,000 retail
5 customers in the State, as well as a summary
6 description of each investment category; and

7 (F) A list of the projects for which the electric
8 utility has identified by a unique investment tracking
9 number for utility plant projected to be placed in
10 service through the end of the calendar year in which
11 the report is filed with an estimated dollar value
12 that is equal to or greater than \$2,000,000 for an
13 electric utility that serves more than 3,000,000
14 customers in the State or \$500,000 for an electric
15 utility that serves less than 3,000,000 retails
16 customers but more than \$500,000 retail customers in
17 the State, as well as a summary description of each
18 project.

19 (6) As part of the Annual Performance Adjustment, the
20 electric utility shall submit evidence sufficient to
21 support a determination of its actual revenue requirement
22 for the applicable calendar year, consistent with the
23 provisions of paragraphs (d) and (f) of this subsection.
24 The electric utility shall bear the burden of
25 demonstrating that its costs were prudent and reasonable,
26 subject to the provisions of paragraph (4) of this

1 subsection (f). The Commission's review of the electric
2 utility's annual adjustment shall be based on the same
3 evidentiary standards, including, but not limited to,
4 those concerning the prudence and reasonableness of the
5 known and measurable costs forecasted to be incurred by
6 the utility, and the used and usefulness of the actual
7 plant investment pursuant to Section 9-211 of this Act,
8 that the Commission applies in a proceeding to review a
9 filing for changes in rates pursuant to Section 9-201 of
10 this Act. The Commission shall determine the prudence and
11 reasonableness of the actual costs incurred by the utility
12 during the applicable calendar year, as well as determine
13 the original cost of plant in service as of the end of the
14 applicable calendar year. The Commission shall then
15 determine the Annual Adjustment, which shall mean the
16 amount by which, the electric utility's actual revenue
17 requirement for the applicable year of the Multi-Year Rate
18 Plan either exceeded, or was exceeded by, the revenue
19 requirement approved by the Commission for such calendar
20 year, plus carrying costs calculated at the weighted
21 average cost of capital approved for the Multi-Year Rate
22 Plan.

23 The Commission's determination of the electric
24 utility's actual revenue requirement for the applicable
25 calendar year shall be based on:

26 (A) the Commission-approved used and useful,

1 prudent and reasonable actual costs for the applicable
2 calendar year, which shall be determined pursuant to
3 the following criteria:

4 (i) the ~~The~~ overall level of actual costs
5 incurred during the calendar year, provided that
6 the Commission may not allow recovery of actual
7 costs that are more than 105% of the approved
8 revenue requirement calculated as provided in item
9 (ii) of this subparagraph (A), except to the
10 extent the Commission approves a modification of
11 the Multi-Year Rate Plan to permit such recovery;~~:-~~

12 (ii) the ~~The~~ calculation of 105% of the
13 revenue requirement required by this subparagraph
14 (A) shall exclude the revenue requirement impacts
15 of the following volatile and fluctuating
16 variables that occurred during the year: (i)
17 storms and weather-related events for which the
18 utility provides sufficient evidence to
19 demonstrate that such expenses were not
20 foreseeable and not in control of the utility;
21 (ii) new business; (iii) changes in interest
22 rates; (iv) changes in taxes; (v) facility
23 relocations; (vi) changes in pension or
24 post-retirement benefits costs due to fluctuations
25 in interest rates, market returns or actuarial
26 assumptions; (vii) amortization expenses related

1 to costs; and (viii) changes in the timing of when
2 an expenditure or investment is made such that it
3 is accelerated to occur during the applicable year
4 or deferred to occur in a subsequent year;~~;~~

5 (B) the year-end rate base;

6 (C) the cost of equity approved in the multi-year
7 rate plan; and

8 (D) the electric utility's actual year-end capital
9 structure, provided that the common equity ratio in
10 such capital structure may not exceed the common
11 equity ratio that was approved by the Commission in
12 the Multi-Year Rate Plan.

13 (2) The Commission's determinations of the prudence
14 and reasonableness of the costs incurred for the
15 applicable year, and of the original cost of plant in
16 service as of the end of the applicable calendar year,
17 shall be final upon entry of the Commission's order and
18 shall not be subject to collateral attack in any other
19 Commission proceeding, case, docket, order, rule, or
20 regulation; however, nothing in this Section shall
21 prohibit a party from petitioning the Commission to rehear
22 or appeal to the courts the order pursuant to the
23 provisions of this Act.

24 (g) During the period leading to approval of the first
25 Multi-Year Integrated Grid Plan, each electric utility will
26 necessarily continue to invest in its distribution grid. Those

1 investments will be subject to a determination of prudence and
2 reasonableness consistent with Commission practice and law.
3 Any failure to conform to the Multi-Year Integrated Grid Plan
4 ultimately approved shall not imply imprudence or
5 unreasonableness.

6 (h) After calculating the Performance Adjustment and
7 Annual Adjustment, the Commission shall order the electric
8 utility to collect the amount in excess of the revenue
9 requirement from customers, or issue a refund to customers, as
10 applicable, to be applied through a surcharge beginning with
11 the next calendar year.

12 Electric utilities subject to the requirements of this
13 Section shall be permitted to file new or revised tariffs to
14 comply with the provisions of, and Commission orders entered
15 pursuant to, this Section.

17 Section 810. The Illinois Underground Utility Facilities
18 Damage Prevention Act is amended by changing Sections 2, 4.1,
19 10, and 12 as follows:

20 (220 ILCS 50/2) (from Ch. 111 2/3, par. 1602)

21 Sec. 2. Definitions. As used in this Act, unless the
22 context clearly otherwise requires, the terms specified in
23 this Section have the meanings ascribed to them in this
24 Section.

1 "Approximate location" means the location of the marked
2 facility that lies entirely within the tolerance zone.

3 Circumstances that are "beyond the reasonable control" of
4 a party include, but are not limited to, severe weather,
5 unforeseen mechanical issues, or site conditions. As used in
6 Section 11, "beyond the reasonable control" also includes, but
7 is not limited to, notice volumes or dig site notification
8 areas that exceed historical averages, as determined by the
9 reasonable control measurement, created as a result of
10 underground utility facility owners or operators or their
11 contractors or subcontractors' non-emergency requests for
12 utility excavation work for underground utility facility
13 owners or operators, that is not part of a large project that
14 has provided at least 60 days' ~~days~~ notice, and only applies to
15 the requests submitted by underground utility facility owners
16 or operators or their contractors or subcontractors'
17 non-emergency utility excavation work for underground utility
18 facility owners or operators.

19 "Damage" means the contact or dislocation of a facility
20 during excavation or demolition that necessitates immediate or
21 subsequent repair by the underground utility facility owner or
22 operator due to any partial or complete destruction of the
23 facility, including, but not limited to, the protective
24 coating, tracer wire, lateral support, cathodic protection, or
25 housing for the line or device of the facility.

26 "Damage notification" means a notification through JULIE

1 to the underground utility facility owner or operator that
2 damage to a facility has occurred in the area of the excavation
3 or demolition.

4 "Day" means any day, beginning at 12:00 a.m. and ending at
5 11:59 p.m. "Day" does not include holidays recognized by
6 JULIE, Saturdays, Sundays, and the day of the actual notice.

7 "Demolition" means the wrecking, razing, rending, moving,
8 or removing of a structure by means of any power tool, power
9 equipment (exclusive of transportation equipment), or
10 explosives.

11 "Emergency request" means a request involving a condition
12 (1) that constitutes an imminent danger to life, health, or
13 property or a utility service outage (2) and that requires
14 repair or action before the expiration of 2 days.

15 "Excavation" means:

16 (1) any operation in which earth, rock, or other
17 material in or on the ground is moved, removed, or
18 otherwise displaced by means of any tools, power equipment
19 or explosives, and includes, without limitation, grading,
20 trenching, digging, ditching, drilling, augering, boring,
21 tunneling, scraping, cable or pipe plowing, saw cutting or
22 roadway surface milling when penetrating into the base or
23 subbase of a paved surface, and driving, but does not
24 include:

25 (A) farm tillage operations;

26 (B) railroad right-of-way maintenance;

1 (C) coal mining operations regulated under the
2 federal Surface Mining Control and Reclamation Act of
3 1977 or any State law or rules or regulations adopted
4 under the federal statute;

5 (D) land surveying operations as defined in the
6 Illinois Professional Land Surveyor Act of 1989 when
7 not using power equipment;

8 (E) roadway surface milling;

9 (F) manually inserting, without the use of power
10 equipment, a temporary round-tipped ground or probe
11 rod as part of facility locating;

12 (G) manually inserting, without the use of power
13 equipment, a temporary round-tipped probe rod for bar
14 holing to determine the area of a potential leak from a
15 facility transporting hazardous gases or liquids; or

16 (H) manually inserting, without the use of power
17 equipment, a round-tipped ground rod for the purpose
18 of grounding utility equipment when an emergency
19 exists and no other ground source is available.

20 (2) An exclusion to this Section in no way prohibits a
21 request from being made for the marking of facilities.

22 (3) Any exception to excavation contained within this
23 Section is not intended to remove liability that may be
24 imposed against an individual or entity because of damage
25 caused to a facility.

26 "Excavator" means any person or legal entity, public or

1 private, that engages in excavation or demolition work.

2 "Exposed notification" means a notification through JULIE
3 to the underground utility facility owner or operator that an
4 unmarked facility has been exposed in the area of the
5 excavation or demolition but has not been damaged.

6 "Extension" means a request made by an excavator, to
7 extend the expiration date of a normal notice to allow
8 additional time to continue or complete the excavation or
9 demolition project.

10 (1) An extension request may be made no earlier than
11 the 20th day from the initial normal notice request or
12 latest extension request.

13 (2) An extension request shall extend the expiration
14 of the initial normal notice request or latest extension
15 request by 25 days.

16 (3) An extension request may not be made simply to
17 keep a prior notice open without continued excavation
18 occurring within the period of that subsequent notice.

19 "Geographic information system data" means data to be
20 applied to JULIE software to facilitate a more clearly defined
21 notification area for notices sent to the system underground
22 utility facility owners or operators. "Geographic information
23 system data" includes, but is not limited to:

24 (1) address points with site addresses;

25 (2) parcels with site addresses;

26 (3) road center lines with names and address range;

- (4) city limits with names;
- (5) political townships with names;
- (6) railroads with names;
- (7) streams with names; and
- (8) water bodies with names.

"Historical averages" are used to determine benchmark notice volumes or dig site notification areas for a particular place. The notice volume is calculated for new and updated requests requiring an underground utility facility owner or operator response. It shall not include notices with a header of no show ~~no show~~, incomplete, or no re-mark ~~no remark~~. The dig site notification area is calculated using the dig site polygon on the notice. The 7-day ~~7-day~~ look back shall be calculated once daily at the conclusion of the previous calendar day. "Historic averages" shall be determined by comparing notice volumes or dig site notification areas over the immediate past 7 calendar days to the same 7 calendar day period for the past 5 years. A 5-year trimmed mean, removing the highest and lowest years, and averaging the remaining 3 years, shall be the final determinant ~~determinate~~ of this measurement. The official measurement of the notice volumes or dig site notification areas shall be provided by JULIE.

"Incomplete request" means a notice initiated by an excavator through JULIE to the underground utility facility owners or operators notified in a prior request that such underground utility facility owners or operators, as

1 identified by the excavator and confirmed, through the
2 positive response system once implemented, in accordance with
3 subsection (a) of Section 5.1, did not completely mark the
4 entire extent or the entire segment of the proposed
5 excavation, as identified on the prior notice or as previously
6 documented and mutually agreed upon.

7 "Joint meet notification" means a notice of a meeting held
8 prior to the excavation phase to discuss projects that cannot
9 be adequately communicated within a normal notice request. The
10 meeting is intended to allow the exchange of maps, plans, or
11 schedules. It is not a locating session and shall be held at or
12 near the excavation site, or through electronic means, if
13 available and agreed to by all parties. "Joint meet
14 notification" are not to be used in lieu of valid normal notice
15 requests and are required for, but not limited to, large
16 projects.

17 "JULIE, Inc." or "JULIE" means the communication system
18 known as "JULIE, Inc." or "JULIE", utilized by excavators,
19 designers, or any other entities covered by this Act to notify
20 underground utility facility owners or operators of their
21 intent to perform excavation or demolition or similar work as
22 defined by this Act and shall include all underground utility
23 facilities owned or operated outside the city limits of the
24 City of Chicago.

25 "Large project" means a single excavation that exceeds the
26 expiration date of a normal notice request, or involves a

1 series of repetitive, related-scope excavations.

2 "Normal notice request" means a notification made by an
3 excavator, through JULIE, in advance of a planned excavation
4 or demolition.

5 (1) The notification shall be made at least 2 days,
6 but no more than 10 days, before beginning the planned
7 excavation or demolition.

8 (2) Excavation or demolition on a normal notice
9 request is valid for 25 days from the date of the initial
10 request unless a subsequent extension request is made.

11 (3) Normal notice requests shall be limited to one
12 quarter of a contiguous mile within a municipality and one
13 contiguous mile within any unincorporated area, which
14 includes townships.

15 (4) Normal notice requests are valid for a single
16 right-of-way with an exception for intersecting
17 rights-of-way of 250 feet in all directions. Any
18 excavation continuing beyond 250 feet on a connecting
19 right-of-way shall require an additional request.

20 "No show request" means a notice initiated by an excavator
21 through JULIE to the underground utility facility owners or
22 operators notified in the prior notice that such underground
23 utility facility owners or operators, as identified by the
24 excavator and confirmed, once implemented, in accordance with
25 subsection (a) of Section 5.1, either failed to mark their
26 facilities or to communicate their non-involvement with the

1 excavation prior to the dig start date and time on the notice.

2 "Notice" means any record transmitted to an underground
3 utility facility owner or operator of JULIE which shall
4 include, but not be limited to, cancel, damage, emergency,
5 exposed, extension, incomplete, joint meet, no show, normal,
6 planning design, or re-mark.

7 "Open cut utility locate" means a method of locating
8 facilities that requires excavation by the underground utility
9 facility owner or operator, or their contractor or
10 subcontractor.

11 "Place" means any incorporated city, village or town, or
12 unincorporated township or road district, listed within the
13 JULIE database.

14 "Planning design request" means the process prior to the
15 excavation phase of a project where information is gathered
16 and decisions are made regarding the route or location of a
17 proposed excavation. The use of the information that is
18 obtainable pursuant to this Section is intended to minimize
19 delays of future construction projects and not for imminent
20 excavation. The underground utility facility owner or operator
21 may indicate any portion of the information that is
22 proprietary and require the planner or designer to protect the
23 proprietary information.

24 "Positive response system" means an automated system
25 facilitated by JULIE allowing underground utility facility
26 owners or operators to communicate to an excavator the

1 presence, absence, or response status of any conflict between
2 the existing facilities in or near the area of excavation or
3 demolition on each notice received.

4 "Pre-mark" means the use of white paint, chalk, lathe,
5 whisksers, flags, or electronic white lining using lines or
6 polygons to delineate the work area at the site of the proposed
7 excavation or demolition. Unless otherwise stated on the
8 request, all pre-marks are considered a request for a 5-foot
9 radius of an above ground fixed structure or single point
10 pre-mark, or a 10-foot-wide path for linear work.

11 (1) Physical pre-marking for the area of the planned
12 excavation or demolition shall be accomplished prior to
13 notifying JULIE if the area of excavation cannot be
14 clearly and adequately identified in the normal notice
15 request.

16 (2) Electronic white lining may be used when
17 available. Electronic white lining provides an alternative
18 method where an excavator may indicate their defined dig
19 area visually by electronic data entry, including lines or
20 polygons, without the need for a physical site visit. The
21 technology allows the excavator to identify for the
22 underground utility facility owner or operator a clear
23 delineation of their proposed excavation area.

24 (3) A verbal or written pre-mark is adequate when the
25 scope requested to be marked is narrow and explicit enough
26 to prevent marking beyond the actual area of excavation or

1 demolition. An existing above ground fixed structure may
2 be referenced as a verbal or written pre-mark.

3 "Project owner" means the person or legal entity, public
4 or private, that is financially responsible for the
5 undertaking of a project that involves excavation or
6 demolition.

7 "Reasonable control measurement" shall use the historical
8 averages and add to the calculation either of the following
9 conditions that shall be met for the place to be considered
10 beyond the reasonable control of the underground utility
11 facility owner or operator:

12 (1) the total notice volume count over the previous 7
13 calendar days shall increase by more than 15% of the
14 historic average, and increase by not less than 25
15 additional notices over the previous 7 calendar days; or

16 (2) the total dig site notification area over the
17 previous 7 calendar days shall increase by more than 15%
18 of the historic average, and not less than 0.4 additional
19 square miles over the previous 7 calendar days.

20 The official measurement shall be provided by JULIE.

21 "Residential property owner" means any individual or
22 entity that owns or leases real property that is used by the
23 individual or entity as its residence or dwelling. Residential
24 property owner does not include any persons who own or lease
25 residential property for the purpose of holding or developing
26 such property or for any other business or commercial

1 purposes.

2 "Roadway surface milling" means the removal of a uniform
3 pavement section by rotomilling, grinding, saw cutting, or
4 other means that does not penetrate into the roadway base or
5 subbase.

6 "Service lateral" means underground facilities located in
7 a public right-of-way or utility easement that connects an end
8 user's building or property to an underground utility facility
9 owner's or operator's facility.

10 "Submerged" means any facility installed below the surface
11 of a lake, river, or navigable waterway.

12 "Tolerance zone" means:

13 (1) if the diameter of the underground utility
14 facility is indicated, the distance of one-half of the
15 known diameter plus one and one-half feet on either side
16 of the designated center line of the underground utility
17 facility marking;

18 (2) if the diameter of the underground utility
19 facility is not indicated, one and one-half feet on either
20 side of the outside edge of the underground utility
21 facility marking; or

22 (3) if submerged, a distance of 30 feet on either side
23 of the indicated facility.

24 The underground utility facility markings provided
25 shall not indicate that the width of the marked
26 underground utility facility is any greater than the

1 actual width of the underground utility facility or 2
2 inches, whichever is greater. The tolerance zone shall
3 also apply to visible utility structures, including, but
4 not limited to, poles with overhead to underground
5 transitions, pedestals, transformers, meters, hydrants,
6 and valve boxes. There shall be a one and one-half foot
7 tolerance zone horizontally around such facilities.

8 "Underground utility facility" or "facility" means and
9 includes wires, ducts, fiber optic cable, conduits, pipes,
10 sewers, and cables and their connected appurtenances installed
11 or existing beneath the surface of the ground or submerged and
12 either owned, operated, or controlled by:

13 (1) a public utility as defined in the Public
14 Utilities Act;

15 (2) a municipally owned or mutually owned utility
16 providing a similar utility service;

17 (3) a pipeline entity transporting gases, crude oil,
18 petroleum products, or other hydrocarbon materials within
19 the State;

20 (4) a telecommunications carrier as defined in the
21 Universal Telephone Service Protection Law of 1985, or by
22 a company described in Section 1 of the Telephone Company
23 Act;

24 (5) a community antenna television system, as defined
25 in the Illinois Municipal Code or the Counties Code;

26 (6) a holder or broadband service, as those terms are

1 defined in the Cable and Video Competition Law of 2007;

2 (7) any other entity owning or operating underground
3 facilities that transport or generate electrical power to
4 other utility owners or operators;

5 (8) an electric cooperative as defined in the Public
6 Utilities Act; and

7 (9) any other active member of JULIE.

8 (Source: P.A. 103-614, eff. 1-1-25; revised 11-22-24.)

9 (220 ILCS 50/4.1)

10 Sec. 4.1. Watch and protect.

11 (a) If, upon notice from JULIE, an underground utility
12 facility owner or operator determines that the facility is
13 within the proposed excavation area and the underground
14 utility facility owner or operator desires to have an
15 authorized representative present during excavation near the
16 facility, the underground utility facility owner or operator
17 shall contact the excavator prior to the dig start date and
18 time provided on the notice to schedule a date and time for the
19 underground utility facility owner or operator to be present
20 when excavation will occur near the facility.

21 (b) All excavators shall comply with the underground
22 utility facility owner's or operator's request to be present
23 during excavation near an ~~a~~ owner or operator's facilities. In
24 lieu of having an authorized representative present, the
25 underground utility facility owner or operator may choose to

1 perform an open cut utility locate of the facility to expose
2 its location. The underground utility facility owner or

3 Sec. 4. License requirement; application; notice.

4 (a) Any person, group of persons or corporation who or
5 which receives children or arranges for care or placement of
6 one or more children unrelated to the operator must apply for a
7 license to operate one of the types of facilities defined in
8 Sections 2.05 through 2.19 and in Section 2.22 of this Act. Any
9 relative, as defined in Section 2.17 of this Act, who receives
10 a child or children for placement by the Department on a
11 full-time basis may apply for a license to operate a foster
12 family home as defined in Section 2.17 of this Act.

13 (a-5) Any agency, person, group of persons, association,
14 organization, corporation, institution, center, or group
15 providing adoption services must be licensed by the Department
16 as a child welfare agency as defined in Section 2.08 of this
17 Act. "Providing adoption services", as used in this Act,
18 includes facilitating or engaging in adoption services.

19 (b) Application for a license to operate a child care
20 facility must be made to the Department in the manner and on
21 forms prescribed by it. An application to operate a foster
22 family home shall include, at a minimum: a completed written
23 form; written authorization by the applicant and all adult
24 members of the applicant's household to conduct a criminal
25 background investigation; medical evidence in the form of a

1 medical report, on forms prescribed by the Department, that
2 the applicant and all members of the household are free from
3 communicable diseases or physical and mental conditions that
4 affect their ability to provide care for the child or
5 children; the names and addresses of at least 3 persons not
6 related to the applicant who can attest to the applicant's
7 moral character; the name and address of at least one relative
8 who can attest to the applicant's capability to care for the
9 child or children; and fingerprints submitted by the applicant
10 and all adult members of the applicant's household.

11 (b-5) Prior to submitting an application for a foster
12 family home license, a quality of care concerns applicant as
13 defined in Section 2.22a of this Act must submit a preliminary
14 application to the Department in the manner and on forms
15 prescribed by it. The Department shall explain to the quality
16 of care concerns applicant the grounds for requiring a
17 preliminary application. The preliminary application shall
18 include a list of (i) all children placed in the home by the
19 Department who were removed by the Department for reasons
20 other than returning to a parent and the circumstances under
21 which they were removed and (ii) all children placed by the
22 Department who were subsequently adopted by or placed in the
23 private guardianship of the quality of care concerns applicant
24 who are currently under 18 and who no longer reside in the home
25 and the reasons why they no longer reside in the home. The
26 preliminary application shall also include, if the quality of

1 care concerns applicant chooses to submit, (1) a response to
2 the quality of care concerns, including any reason the
3 concerns are invalid, have been addressed or ameliorated, or
4 no longer apply and (2) affirmative documentation
5 demonstrating that the quality of care concerns applicant's
6 home does not pose a risk to children and that the family will
7 be able to meet the physical and emotional needs of children.
8 The Department shall verify the information in the preliminary
9 application and review (i) information regarding any prior
10 licensing complaints, (ii) information regarding any prior
11 child abuse or neglect investigations, (iii) information
12 regarding any involuntary foster home holds placed on the home
13 by the Department, and (iv) information regarding all child
14 exit interviews, as provided in Section 5.26 of the Children
15 and Family Services Act, regarding the home. Foster home
16 applicants with quality of care concerns are presumed
17 unsuitable for future licensure.

18 Notwithstanding the provisions of this subsection (b-5),
19 the Department may make an exception and issue a foster family
20 license to a quality of care concerns applicant if the
21 Department is satisfied that the foster family home does not
22 pose a risk to children and that the foster family will be able
23 to meet the physical and emotional needs of children. In
24 making this determination, the Department must obtain and
25 carefully review all relevant documents and shall obtain
26 consultation from its Clinical Division as appropriate and as

1 prescribed by Department rule and procedure. The Department
2 has the authority to deny a preliminary application based on
3 the record of quality of care concerns of the foster family
4 home. In the alternative, the Department may (i) approve the
5 preliminary application, (ii) approve the preliminary
6 application subject to obtaining additional information or
7 assessments, or (iii) approve the preliminary application for
8 purposes of placing a particular child or children only in the
9 foster family home. If the Department approves a preliminary
10 application, the foster family shall submit an application for
11 licensure as described in subsection (b) of this Section. The
12 Department shall notify the quality of care concerns applicant
13 of its decision and the basis for its decision in writing.

14 (c) The Department shall notify the public when a child
15 care institution, maternity center, or group home licensed by
16 the Department undergoes a change in (i) the range of care or
17 services offered at the facility or (ii) the type of children
18 served. The Department shall notify the public of the change
19 in a newspaper of general circulation in the county or
20 municipality in which the applicant's facility is or is
21 proposed to be located.

22 (c-5) When a child care institution, maternity center, or
23 a group home licensed by the Department undergoes a change in
24 (i) the age of children served or (ii) the area within the
25 facility used by children, the Department shall post
26 information regarding proposed changes on its website as

1 required by rule.

2 (d) If, upon examination of the facility and investigation
3 of persons responsible for care of children and, in the case of
4 a foster home, taking into account information obtained for
5 purposes of evaluating a preliminary application, if
6 applicable, the Department is satisfied that the facility and
7 responsible persons reasonably meet standards prescribed for
8 the type of facility for which application is made, it shall
9 issue a license in proper form, designating on that license
10 the type of child care facility and, except for a child welfare
11 agency, the number of children to be served at any one time.

12 (e) The Department shall not issue or renew the license of
13 any child welfare agency providing adoption services, unless
14 the agency (i) is officially recognized by the United States
15 Internal Revenue Service as a tax-exempt organization
16 described in Section 501(c)(3) of the Internal Revenue Code of
17 1986 (or any successor provision of federal tax law) and (ii)
18 is in compliance with all of the standards necessary to
19 maintain its status as an organization described in Section
20 501(c)(3) of the Internal Revenue Code of 1986 (or any
21 successor provision of federal tax law). The Department shall
22 grant a grace period of 24 months from August 15, 2005 (the
23 effective date of Public Act 94-586) ~~this amendatory Act of~~
24 ~~the 94th General Assembly~~ for existing child welfare agencies
25 providing adoption services to obtain 501(c)(3) status. The
26 Department shall permit an existing child welfare agency that

1 converts from its current structure in order to be recognized
2 as a 501(c)(3) organization as required by this Section to
3 either retain its current license or transfer its current
4 license to a newly formed entity, if the creation of a new
5 entity is required in order to comply with this Section,
6 provided that the child welfare agency demonstrates that it
7 continues to meet all other licensing requirements and that
8 the principal officers and directors and programs of the
9 converted child welfare agency or newly organized child
10 welfare agency are substantially the same as the original. The
11 Department shall have the sole discretion to grant a one-year
12 ~~one year~~ extension to any agency unable to obtain 501(c)(3)
13 status within the timeframe specified in this subsection (e),
14 provided that such agency has filed an application for
15 501(c)(3) status with the Internal Revenue Service within the
16 2-year timeframe specified in this subsection (e).

17 (f) The Department shall adopt rules to implement the
18 changes to this Section made by Public Act 103-770 ~~this~~
19 ~~amendatory Act of the 103rd General Assembly~~ no later than
20 January 1, 2025.

24 Sec. 4. License requirement; application; notice;
25 Department of Children and Family Services.

1 (a) Any person, group of persons or corporation who or
2 which receives children or arranges for care or placement of
3 one or more children unrelated to the operator must apply for a
4 license to operate one of the types of facilities defined in
5 Sections 2.05 through 2.19 (other than a day care center or day
6 care home) and in Section 2.22 of this Act. Any relative, as
7 defined in Section 2.17 of this Act, who receives a child or
8 children for placement by the Department on a full-time basis
9 may apply for a license to operate a foster family home as
10 defined in Section 2.17 of this Act.

11 (a-5) Any agency, person, group of persons, association,
12 organization, corporation, institution, center, or group
13 providing adoption services must be licensed by the Department
14 as a child welfare agency as defined in Section 2.08 of this
15 Act. "Providing adoption services", as used in this Act,
16 includes facilitating or engaging in adoption services.

17 (b) Application for a license to operate a child care
18 facility (other than a day care center, day care home, or group
19 day care home) must be made to the Department in the manner and
20 on forms prescribed by it. An application to operate a foster
21 family home shall include, at a minimum: a completed written
22 form; written authorization by the applicant and all adult
23 members of the applicant's household to conduct a criminal
24 background investigation; medical evidence in the form of a
25 medical report, on forms prescribed by the Department, that
26 the applicant and all members of the household are free from

1 communicable diseases or physical and mental conditions that
2 affect their ability to provide care for the child or
3 children; the names and addresses of at least 3 persons not
4 related to the applicant who can attest to the applicant's
5 moral character; the name and address of at least one relative
6 who can attest to the applicant's capability to care for the
7 child or children; and fingerprints submitted by the applicant
8 and all adult members of the applicant's household.

9 (b-5) Prior to submitting an application for a foster
10 family home license, a quality of care concerns applicant as
11 defined in Section 2.22a of this Act must submit a preliminary
12 application to the Department in the manner and on forms
13 prescribed by it. The Department shall explain to the quality
14 of care concerns applicant the grounds for requiring a
15 preliminary application. The preliminary application shall
16 include a list of (i) all children placed in the home by the
17 Department who were removed by the Department for reasons
18 other than returning to a parent and the circumstances under
19 which they were removed and (ii) all children placed by the
20 Department who were subsequently adopted by or placed in the
21 private guardianship of the quality of care concerns applicant
22 who are currently under 18 and who no longer reside in the home
23 and the reasons why they no longer reside in the home. The
24 preliminary application shall also include, if the quality of
25 care concerns applicant chooses to submit, (1) a response to
26 the quality of care concerns, including any reason the

1 concerns are invalid, have been addressed or ameliorated, or
2 no longer apply and (2) affirmative documentation
3 demonstrating that the quality of care concerns applicant's
4 home does not pose a risk to children and that the family will
5 be able to meet the physical and emotional needs of children.
6 The Department shall verify the information in the preliminary
7 application and review (i) information regarding any prior
8 licensing complaints, (ii) information regarding any prior
9 child abuse or neglect investigations, (iii) information
10 regarding any involuntary foster home holds placed on the home
11 by the Department, and (iv) information regarding all child
12 exit interviews, as provided in Section 5.26 of the Children
13 and Family Services Act, regarding the home. Foster home
14 applicants with quality of care concerns are presumed
15 unsuitable for future licensure.

16 Notwithstanding the provisions of this subsection (b-5),
17 the Department may make an exception and issue a foster family
18 license to a quality of care concerns applicant if the
19 Department is satisfied that the foster family home does not
20 pose a risk to children and that the foster family will be able
21 to meet the physical and emotional needs of children. In
22 making this determination, the Department must obtain and
23 carefully review all relevant documents and shall obtain
24 consultation from its Clinical Division as appropriate and as
25 prescribed by Department rule and procedure. The Department
26 has the authority to deny a preliminary application based on

1 the record of quality of care concerns of the foster family
2 home. In the alternative, the Department may (i) approve the
3 preliminary application, (ii) approve the preliminary
4 application subject to obtaining additional information or
5 assessments, or (iii) approve the preliminary application for
6 purposes of placing a particular child or children only in the
7 foster family home. If the Department approves a preliminary
8 application, the foster family shall submit an application for
9 licensure as described in subsection (b) of this Section. The
10 Department shall notify the quality of care concerns applicant
11 of its decision and the basis for its decision in writing.

12 (c) The Department shall notify the public when a child
13 care institution, maternity center, or group home licensed by
14 the Department undergoes a change in (i) the range of care or
15 services offered at the facility or (ii) the type of children
16 served. The Department shall notify the public of the change
17 in a newspaper of general circulation in the county or
18 municipality in which the applicant's facility is or is
19 proposed to be located.

20 (c-5) When a child care institution, maternity center, or
21 a group home licensed by the Department undergoes a change in
22 (i) the age of children served or (ii) the area within the
23 facility used by children, the Department shall post
24 information regarding proposed changes on its website as
25 required by rule.

26 (d) If, upon examination of the facility and investigation

1 of persons responsible for care of children and, in the case of
2 a foster home, taking into account information obtained for
3 purposes of evaluating a preliminary application, if
4 applicable, the Department is satisfied that the facility and
5 responsible persons reasonably meet standards prescribed for
6 the type of facility for which application is made, it shall
7 issue a license in proper form, designating on that license
8 the type of child care facility and, except for a child welfare
9 agency, the number of children to be served at any one time.

10 (e) The Department shall not issue or renew the license of

21 effective date of Public Act 94-586) ~~this amendatory Act of~~
22 ~~the 94th General Assembly~~ for existing child welfare agencies

23 delayed effective date)

24 Sec. 5.01. Licenses; permits; Department of Early
25 Childhood.

1 (a) In respect to day care centers, the Department of
2 Early Childhood, upon receiving application filed in proper
3 order, shall examine the facilities and persons responsible
4 for care of children therein.

5 (b) In respect to day care homes, applications may be
6 filed on behalf of such homes by the Department of Early
7 Childhood.

8 (c) The Department of Early Childhood shall not allow any
9 person to examine facilities under a provision of this Act who
10 has not passed an examination demonstrating that such person
11 is familiar with this Act and with the appropriate standards
12 and regulations of the Department of Early Childhood.

13 (d) Licenses issued for day care centers, day care homes,
14 and group day care homes shall be valid for 3 years from the
15 date issued, unless revoked by the Department of Early
16 Childhood or voluntarily surrendered by the licensee. When a
17 licensee has made timely and sufficient application for the
18 renewal of a license or a new license with reference to any
19 activity of a continuing nature, the existing license shall
20 continue in full force and effect for up to 30 days until the
21 final agency decision on the application has been made. The
22 Department of Early Childhood may further extend the period in
23 which such decision must be made in individual cases for up to
24 30 days, but such extensions shall be only upon good cause
25 shown.

26 (e) The Department of Early Childhood may issue one

1 6-month permit to a newly established facility for child care
2 to allow that facility reasonable time to become eligible for
3 a full license. If the facility for child care is a day care
4 home the Department of Early Childhood may issue one 2-month
5 permit only.

6 (f) The Department of Early Childhood may issue an
7 emergency permit to a day care center taking in children as a
8 result of the temporary closure for more than 2 weeks of a
9 licensed child care facility due to a natural disaster. An
10 emergency permit under this subsection shall be issued to a
11 facility only if the persons providing child care services at
12 the facility were employees of the temporarily closed day care
13 center at the time it was closed. No investigation of an
14 employee of a child care facility receiving an emergency
15 permit under this subsection shall be required if that
16 employee has previously been investigated at another child
17 care facility. No emergency permit issued under this
18 subsection shall be valid for more than 90 days after the date
19 of issuance.

20 (g) During the hours of operation of any licensed day care
21 center, day care home, or group day care home, authorized
22 representatives of the Department of Early Childhood may

24 determining its continuing compliance with this Act or rules
25 adopted pursuant thereto.

26 (h) Day care centers, day care homes, and group day care

1 homes shall be monitored at least annually by a licensing
2 representative from the Department of Early Childhood that
3 recommended licensure.

7 Sec. 5.1. (a) The Department shall ensure that no day care
8 center, group home, or child care institution as defined in
9 this Act shall on a regular basis transport a child or children
10 with any motor vehicle unless such vehicle is operated by a
11 person who complies with the following requirements:

12 1. is 21 years of age or older;

13 2. currently holds a valid driver's license, which has
14 not been revoked or suspended for one or more traffic
15 violations during the 3 years immediately prior to the
16 date of application;

17 3. demonstrates physical fitness to operate vehicles
18 by submitting the results of a medical examination
19 conducted by a licensed physician;

20 4. has not been convicted of more than 2 offenses
21 against traffic regulations governing the movement of
22 vehicles within a 12-month period;

23 5. has not been convicted of reckless driving or
24 driving under the influence or manslaughter or reckless
25 homicide resulting from the operation of a motor vehicle

1 within the past 3 years;

2 6. has signed and submitted a written statement
3 certifying that the person has not, through the unlawful
4 operation of a motor vehicle, caused a crash which
5 resulted in the death of any person within the 5 years
6 immediately prior to the date of application.

7 However, such day care centers, group homes, and child
8 care institutions may provide for transportation of a child or
9 children for special outings, functions, or purposes that are
10 not scheduled on a regular basis without verification that
11 drivers for such purposes meet the requirements of this
12 Section.

13 (a-5) As a means of ensuring compliance with the
14 requirements set forth in subsection (a), the Department shall
15 implement appropriate measures to verify that every individual
16 who is employed at a group home or child care institution meets
17 those requirements.

18 For every person employed at a group home or child care
19 institution who regularly transports children in the course of
20 performing the person's duties, the Department must make the
21 verification every 2 years. Upon the Department's request, the
22 Secretary of State shall provide the Department with the
23 information necessary to enable the Department to make the
24 verifications required under subsection (a).

25 In the case of an individual employed at a group home or
26 child care institution who becomes subject to subsection (a)

1 for the first time after January 1, 2007 (the effective date of
2 Public Act 94-943), the Department must make that verification
3 with the Secretary of State before the individual operates a
4 motor vehicle to transport a child or children under the
5 circumstances described in subsection (a).

6 In the case of an individual employed at a group home or
7 child care institution who is subject to subsection (a) on
8 January 1, 2007 (the effective date of Public Act 94-943), the
9 Department must make that verification with the Secretary of
10 State within 30 days after January 1, 2007.

11 If the Department discovers that an individual fails to
12 meet the requirements set forth in subsection (a), the
13 Department shall promptly notify the appropriate group home or
14 child care institution.

15 (b) Any individual who holds a valid Illinois school bus
16 driver permit issued by the Secretary of State pursuant to the
17 Illinois Vehicle Code, and who is currently employed by a
18 school district or parochial school, or by a contractor with a
19 school district or parochial school, to drive a school bus
20 transporting children to and from school, shall be deemed in
21 compliance with the requirements of subsection (a).

22 (c) The Department may, pursuant to Section 8 of this Act,
23 revoke the license of any day care center, group home, or child
24 care institution that fails to meet the requirements of this
25 Section.

26 (d) A group home or child care institution that fails to

1 meet the requirements of this Section is guilty of a petty
2 offense and is subject to a fine of not more than \$1,000. Each
3 day that a group home or child care institution fails to meet
4 the requirements of this Section is a separate offense.

8 Sec. 5.1. (a) The Department shall ensure that no group
9 home~~7~~ or child care institution as defined in this Act shall on
10 a regular basis transport a child or children with any motor
11 vehicle unless such vehicle is operated by a person who
12 complies with the following requirements:

13 1. is 21 years of age or older;

3 subject to involuntary admission or judicial admission as
4 provided in the Mental Health and Developmental Disabilities

21 (4.5) The Department shall not revoke, suspend, summarily
22 suspend, place on prohibition, reprimand, refuse to issue or

2 was not unlawful under the laws of this State, regardless of
3 whether the patient was a resident of this State or another
4 state.

5 (4.10) The Department shall not revoke, suspend, summarily
6 suspend, place on prohibition, reprimand, refuse to issue or
7 renew, or take any other disciplinary or non-disciplinary

10 licensed clinical social worker's license being revoked or
11 suspended, or the licensed clinical social worker being
12 otherwise disciplined by any other state, if that revocation,
13 suspension, or other form of discipline was based solely on
14 the licensed clinical social worker violating another state's
15 laws prohibiting the provision of, authorization of,
16 recommendation of, aiding or assisting in, referring for, or
17 participation in any health care service if that health care
18 service as provided would not have been unlawful under the

21 Illinois.

22 (4.15) The conduct specified in subsection (4.5), (4.10),

25 (4.20) An applicant seeking licensure, certification, or
26 authorization pursuant to this Act who has been subject to

1 disciplinary action by a duly authorized professional
2 disciplinary agency of another jurisdiction solely on the
3 basis of having authorized, recommended, aided, assisted,
4 referred for, or otherwise participated in health care shall
5 not be denied such licensure, certification, or authorization,
6 unless the Department determines that such action would have
7 constituted professional misconduct in this State; however,
8 nothing in this Section shall be construed as prohibiting the
9 Department from evaluating the conduct of such applicant and
10 making a determination regarding the licensure, certification,
11 or authorization to practice a profession under this Act.

12 (4.25) The Department may not revoke, suspend, summarily
13 suspend, place on prohibition, reprimand, refuse to issue or
14 renew, or take any other disciplinary or non-disciplinary
15 action against a license or permit issued under this Act based
16 solely upon an immigration violation by the licensed clinical
17 social worker.

18 (4.30) The Department may not revoke, suspend, summarily
19 suspend, place on prohibition, reprimand, refuse to issue or
20 renew, or take any other disciplinary or non-disciplinary
21 action against the license or permit issued under this Act to
22 practice as a licensed clinical social worker based upon the
23 licensed clinical social worker's license being revoked or
24 suspended, or the licensed clinical social worker being
25 otherwise disciplined by any other state, if that revocation,
26 suspension, or other form of discipline was based solely upon

1 an immigration violation by the licensed clinical social
2 worker.

3 (5)(a) In enforcing this Section, the Department or Board,
4 upon a showing of a possible violation, may compel a person
5 licensed to practice under this Act, or who has applied for
6 licensure under this Act, to submit to a mental or physical
7 examination, or both, which may include a substance abuse or
8 sexual offender evaluation, as required by and at the expense
9 of the Department.

10 (b) The Department shall specifically designate the
11 examining physician licensed to practice medicine in all of
12 its branches or, if applicable, the multidisciplinary team
13 involved in providing the mental or physical examination or
14 both. The multidisciplinary team shall be led by a physician
15 licensed to practice medicine in all of its branches and may
16 consist of one or more or a combination of physicians licensed
17 to practice medicine in all of its branches, licensed clinical
18 psychologists, licensed clinical social workers, licensed
19 clinical professional counselors, and other professional and
20 administrative staff. Any examining physician or member of the
21 multidisciplinary team may require any person ordered to
22 submit to an examination pursuant to this Section to submit to
23 any additional supplemental testing deemed necessary to
24 complete any examination or evaluation process, including, but
25 not limited to, blood testing, urinalysis, psychological
26 testing, or neuropsychological testing.

1 (c) The Board or the Department may order the examining
2 physician or any member of the multidisciplinary team to
3 present testimony concerning this mental or physical
4 examination of the licensee or applicant. No information,
5 report, record, or other documents in any way related to the
6 examination shall be excluded by reason of any common law or
7 statutory privilege relating to communications between the
8 licensee or applicant and the examining physician or any
9 member of the multidisciplinary team. No authorization is
10 necessary from the licensee or applicant ordered to undergo an
11 examination for the examining physician or any member of the
12 multidisciplinary team to provide information, reports,
13 records, or other documents or to provide any testimony
14 regarding the examination and evaluation.

15 (d) The person to be examined may have, at the person's own
16 expense, another physician of the person's choice present
17 during all aspects of the examination. However, that physician
18 shall be present only to observe and may not interfere in any
19 way with the examination.

20 (e) Failure of any person to submit to a mental or physical
21 examination without reasonable cause, when ordered, shall
22 result in an automatic suspension of the person's license
23 until the person submits to the examination.

24 (f) If the Department or Board finds a person unable to
25 practice because of the reasons set forth in this Section, the
26 Department or Board may require that person to submit to care,

1 counseling, or treatment by physicians approved or designated
2 by the Department or Board, as a condition, term, or
3 restriction for continued, reinstated, or renewed licensure to
4 practice; or, in lieu of care, counseling or treatment, the
5 Department may file, or the Board may recommend to the
6 Department to file, a complaint to immediately suspend,
7 revoke, or otherwise discipline the license of the person. Any
8 person whose license was granted, continued, reinstated,
9 renewed, disciplined or supervised subject to such terms,
10 conditions or restrictions, and who fails to comply with such
11 terms, conditions, or restrictions, shall be referred to the
12 Secretary for a determination as to whether the person's
13 license shall be suspended immediately, pending a hearing by
14 the Department.

15 (g) All fines imposed shall be paid within 60 days after
16 the effective date of the order imposing the fine or in
17 accordance with the terms set forth in the order imposing the
18 fine.

19 In instances in which the Secretary immediately suspends a
20 person's license under this Section, a hearing on that
21 person's license must be convened by the Department within 30
22 days after the suspension and completed without appreciable
23 delay. The Department and Board shall have the authority to
24 review the subject person's record of treatment and counseling
25 regarding the impairment, to the extent permitted by
26 applicable federal statutes and regulations safeguarding the

1 confidentiality of medical records.

2 A person licensed under this Act and affected under this
3 Section shall be afforded an opportunity to demonstrate to the
4 Department or Board that the person can resume practice in
5 compliance with acceptable and prevailing standards under the
6 provisions of the person's license.

7 (h) The Department may adopt rules to implement the
8 changes made by Public Act 102-1117 ~~this amendatory Act of the~~
9 ~~102nd General Assembly.~~

13 consciousness during which: (1) patients cannot be easily
14 aroused, but respond purposefully following repeated or
15 painful stimulation; (2) the ability to independently maintain

19 (Section scheduled to be repealed on January 1, 2026)

20 Sec. 17.2. Teledentistry.

21 (a) As used in this Section, "patient of record" means a
22 patient for whom the patient's most recent Illinois-licensed
23 dentist has obtained a relevant medical and dental history and

18 teledentistry by the dentist. A dentist providing
19 teledentistry under this Section shall provide the patient
20 with ~~the~~ his or her name, direct telephone number, and
21 physical practice address. It is a violation of this Act for a
22 provider of dental services rendering care through
23 teledentistry to require a patient to sign an agreement that
24 limits in any way the patient's ability to write a review of
25 services received or file a complaint with the Department or
26 other regulatory agency. The Department shall adopt rules to

1 provide for the use of teledentistry in the State of Illinois.

2 (c) A dentist may treat a patient of record to provide
3 emergent care or conduct an initial consultation using
4 teledentistry for the purpose of treating or assessing for
5 acute pain, infection, injury, or any intraoral or perioral
6 condition that presents immediate harm or discomfort to the
7 patient for which treatment cannot be postponed. A provider of
8 dental services rendering emergent care or conducting an
9 initial consultation through teledentistry must direct the
10 patient to receive appropriate in-person care after the
11 provision of teledentistry services.

6 currently credentialed by the National Board of
7 Nutrition Support Certification; or

14 (2) Notification to the patient's physician and

4 that is a felony; or (ii) that is a misdemeanor, an
5 essential element of which is dishonesty, or that is
6 directly related to the practice of the profession;

7 (3) professional incompetence;

8 (4) advertising in a false, deceptive, or misleading
9 manner, including failing to use the massage therapist's
10 own license number in an advertisement;

18 after having his or her license placed on probationary
19 status, has violated the terms of probation;

21 reports in his or her practice, including, but not limited
22 to, false records filed with State agencies or

8 shall specify any other terms or conditions deemed appropriate
9 by the Secretary. The chaperone shall provide written notice
10 to all of the licensed massage therapist's patients explaining
11 the Department's order to use a chaperone. Each patient shall
12 sign an acknowledgment that the patient ~~they~~ received the
13 notice. The notice to the patient of criminal charges shall
14 include, in 14-point font, the following statement: "The
15 massage therapist is presumed innocent until proven guilty of
16 the charges."

17 The licensed massage therapist shall provide a written

18 delinquency to the Department, the Department may refuse to
19 issue or renew or may revoke or suspend that person's license
20 or may take other disciplinary action against that person
21 based solely upon the certification of delinquency made by the
22 Department of Healthcare and Family Services in accordance
23 with item (5) of subsection (a) of Section 2105-15 of the Civil
24 Administrative Code of Illinois.

25 (g) The determination by a circuit court that a licensee
26 is subject to involuntary admission or judicial admission, as

2 Code, operates as an automatic suspension. The suspension will
3 end only upon a finding by a court that the patient is no
4 longer subject to involuntary admission or judicial admission
5 and the issuance of a court order so finding and discharging
6 the patient.

7 (h) In enforcing this Act, the Department or Board, upon a
8 showing of a possible violation, may compel an individual
9 licensed to practice under this Act, or who has applied for

19 is licensed to practice under this Act or holds a permit to

14 deemed necessary to complete any examination or evaluation
15 process, including, but not limited to, blood testing,
16 urinalysis, psychological testing, or neuropsychological
17 testing. The Medical Board or the Department may order the
18 examining physician or any member of the multidisciplinary
19 team to provide to the Department or the Medical Board any and
20 all records, including business records, that relate to the
21 examination and evaluation, including any supplemental testing
22 performed. The Medical Board or the Department may order the
23 examining physician or any member of the multidisciplinary
24 team to present testimony concerning this examination and
25 evaluation of the licensee, permit holder, or applicant,
26 including testimony concerning any supplemental testing or

1 documents relating to the examination and evaluation. No
2 information, report, record, or other documents in any way
3 related to the examination and evaluation shall be excluded by
4 reason of any common law or statutory privilege relating to
5 communication between the licensee, permit holder, or
6 applicant and the examining physician or any member of the
7 multidisciplinary team. No authorization is necessary from the

21 the reasons set forth in this Section, the Medical Board shall
22 require such physician to submit to care, counseling, or
23 treatment by physicians, or other health care professionals,
24 approved or designated by the Medical Board, as a condition
25 for issued, continued, reinstated, or renewed licensure to

6 the Chief Medical Coordinator or Deputy Medical Coordinators,
7 shall be referred to the Secretary for a determination as to
8 whether the licensee shall have his or her license suspended
9 immediately, pending a hearing by the Medical Board. In
10 instances in which the Secretary immediately suspends a
11 license under this Section, a hearing upon such person's
12 license must be convened by the Medical Board within 15 days
13 after such suspension and completed without appreciable delay.
14 The Medical Board shall have the authority to review the
15 subject physician's record of treatment and counseling
16 regarding the impairment, to the extent permitted by
17 applicable federal statutes and regulations safeguarding the
18 confidentiality of medical records.

19 An individual licensed under this Act, affected under this
20 Section, shall be afforded an opportunity to demonstrate to
21 the Medical Board that he or she can resume practice in
22 compliance with acceptable and prevailing standards under the
23 provisions of his or her license.

24 The Medical Board, in determining mental capacity of an
25 individual licensed under this Act, shall consider the latest
26 recommendations of the Federation of State Medical Boards.

1 The Department may promulgate rules for the imposition of
2 fines in disciplinary cases, not to exceed \$10,000 for each
3 violation of this Act. Fines may be imposed in conjunction
4 with other forms of disciplinary action, but shall not be the
5 exclusive disposition of any disciplinary action arising out
6 of conduct resulting in death or injury to a patient. Any funds
7 collected from such fines shall be deposited in the Illinois
8 State Medical Disciplinary Fund.

9 All fines imposed under this Section shall be paid within
10 60 days after the effective date of the order imposing the fine
11 or in accordance with the terms set forth in the order imposing
12 the fine.

20 Public Aid Code. A person whose license or permit is revoked
21 under this subsection (B) ~~B~~ shall be prohibited from
22 practicing medicine or treating human ailments without the use
23 of drugs and without operative surgery.

24 (C) The Department shall not revoke, suspend, place on
25 probation, reprimand, refuse to issue or renew, or take any
26 other disciplinary or non-disciplinary action against the

1 license or permit issued under this Act to practice medicine
2 to a physician:

3 (1) based solely upon the recommendation of the
4 physician to an eligible patient regarding, or
5 prescription for, or treatment with, an investigational
6 drug, biological product, or device;

7 (2) for experimental treatment for Lyme disease or
8 other tick-borne diseases, including, but not limited to,

10 antibiotics;

14 service, so long as the care was not unlawful under the
15 laws of this State, regardless of whether the patient was
16 a resident of this State or another state; or

17 (4) based upon the physician's license being revoked
18 or suspended, or the physician being otherwise disciplined
19 by any other state, if that revocation, suspension, or
20 other form of discipline was based solely on the physician
21 violating another state's laws prohibiting the provision
22 of, authorization of, recommendation of, aiding or
23 assisting in, referring for, or participation in any
24 health care service if that health care service as
25 provided would not have been unlawful under the laws of
26 this State and is consistent with the standards of conduct

1 for the physician if it occurred in Illinois.

2 (D) (Blank).

3 (E) The conduct specified in subsection (C) shall not
4 trigger reporting requirements under Section 23, constitute
5 grounds for suspension under Section 25, or be included on the
6 physician's profile required under Section 10 of the Patients'
7 Right to Know Act.

8 (F) An applicant seeking licensure, certification, or
9 authorization pursuant to this Act and who has been subject to
10 disciplinary action by a duly authorized professional
11 disciplinary agency of another jurisdiction solely on the
12 basis of having provided, authorized, recommended, aided,
13 assisted, referred for, or otherwise participated in health
14 care shall not be denied such licensure, certification, or
15 authorization, unless the Department determines that the
16 action would have constituted professional misconduct in this
17 State; however, nothing in this Section shall be construed as
18 prohibiting the Department from evaluating the conduct of the
19 applicant and making a determination regarding the licensure,
20 certification, or authorization to practice a profession under
21 this Act.

22 (G) The Department may adopt rules to implement the
23 changes made by Public Act 102-1117 ~~this amendatory Act of the~~

25 this Act of such settlement or final judgment in which to

9 licensure under this Act, to submit to a mental or physical
10 examination, or both, as required by and at the expense of the
11 Department. The Department or Board may order the examining
12 physician to present testimony concerning the mental or
13 physical examination of the licensee or applicant. No
14 information shall be excluded by reason of any common law or
15 statutory privilege relating to communications between the
16 licensee or applicant and the examining physician. The
17 examining physicians shall be specifically designated by the
18 Board or Department. The individual to be examined may have,
19 at his or her own expense, another physician of his or her
20 choice present during all aspects of this examination. Failure
21 of an individual to submit to a mental or physical
22 examination, when directed, shall be grounds for suspension of
23 his or her license until the individual submits to the
24 examination if the Department finds, after notice and hearing,
25 that the refusal to submit to the examination was without
26 reasonable cause.

1 If the Department or Board finds an individual unable to
2 practice because of the reasons set forth in this Section, the
3 Department or Board may require that individual to submit to
4 care, counseling, or treatment by physicians approved or
5 designated by the Department or Board, as a condition, term,
6 or restriction for continued, restored, or renewed licensure
7 to practice; or, in lieu of care, counseling, or treatment,
8 the Department may file, or the Board may recommend to the
9 Department to file, a complaint to immediately suspend,
10 revoke, or otherwise discipline the license of the individual.
11 An individual whose license was granted, continued, restored,
12 renewed, disciplined, or supervised subject to such terms,
13 conditions, or restrictions, and who fails to comply with such
14 terms, conditions, or restrictions, shall be referred to the
15 Secretary for a determination as to whether the individual
16 shall have his or her license suspended immediately, pending a
17 hearing by the Department.

18 In instances in which the Secretary immediately suspends a
19 person's license under this Section, a hearing on that
20 person's license must be convened by the Department within 30
21 days after the suspension and completed without appreciable
22 delay. The Department and Board shall have the authority to
23 review the subject individual's record of treatment and
24 counseling regarding the impairment to the extent permitted by
25 applicable federal statutes and regulations safeguarding the
26 confidentiality of medical records.

1 An individual licensed under this Act and affected under
2 this Section shall be afforded an opportunity to demonstrate
3 to the Department or Board that he or she can resume practice
4 in compliance with acceptable and prevailing standards under
5 the provisions of his or her license.

21 renew, or take any other disciplinary or non-disciplinary
22 action against the license issued under this Act to practice
23 as a registered surgical assistant or registered surgical
24 technologist based solely upon the registered surgical
25 assistant or registered surgical technologist providing,
26 authorizing, recommending, aiding, assisting, referring for,

1 or otherwise participating in any health care service, so long
2 as the care was not unlawful under the laws of this State,
3 regardless of whether the patient was a resident of this State
4 or another state.

5 (b-2) The Department shall not revoke, suspend, summarily
6 suspend, place on prohibition, reprimand, refuse to issue or
7 renew, or take any other disciplinary or non-disciplinary
8 action against the license issued under this Act to practice

12 suspended, or the registered surgical assistant's or
13 registered surgical technologist's being otherwise disciplined
14 by any other state, if that revocation, suspension, or other

17 another state's laws prohibiting the provision of,
18 authorization of, recommendation of, aiding or assisting in,
19 referring for, or participation in any health care service if

6 care shall not be denied such licensure, certification, or
7 authorization, unless the Department determines that such
8 action would have constituted professional misconduct in this
9 State. Nothing in this Section shall be construed as
10 prohibiting the Department from evaluating the conduct of such
11 applicant and making a determination regarding the licensure,
12 certification, or authorization to practice a profession under
13 this Act.

14 (c) The determination by a circuit court that a registrant
15 is subject to involuntary admission or judicial admission as

24 (e) In cases where the Department of Healthcare and Family

1 child support and has subsequently certified the delinquency
2 to the Department, the Department may refuse to issue or renew
3 or may revoke or suspend that person's registration or may
4 take other disciplinary action against that person based
5 solely upon the certification of delinquency made by the
6 Department of Healthcare and Family Services in accordance
7 with paragraph (5) of subsection (a) of Section 2105-15 of the
8 Department of Professional Regulation Law of the Civil
9 Administrative Code of Illinois.

10 (f) In enforcing this Section, the Department, upon a
11 showing of a possible violation, may compel any individual
12 registered under this Act or any individual who has applied
13 for registration to submit to a mental or physical examination
14 and evaluation, or both, that may include a substance abuse or
15 sexual offender evaluation, at the expense of the Department.
16 The Department shall specifically designate the examining
17 physician licensed to practice medicine in all of its branches
18 or, if applicable, the multidisciplinary team involved in
19 providing the mental or physical examination and evaluation,
20 or both. The multidisciplinary team shall be led by a
21 physician licensed to practice medicine in all of its branches
22 and may consist of one or more or a combination of physicians
23 licensed to practice medicine in all of its branches, licensed
24 chiropractic physicians, licensed clinical psychologists,
25 licensed clinical social workers, licensed clinical
26 professional counselors, and other professional and

1 administrative staff. Any examining physician or member of the
2 multidisciplinary team may require any person ordered to

4 Section to submit to any additional supplemental testing
5 deemed necessary to complete any examination or evaluation
6 process, including, but not limited to, blood testing,
7 urinalysis, psychological testing, or neuropsychological
8 testing.

9 The Department may order the examining physician or any
10 member of the multidisciplinary team to provide to the

20 examination and evaluation shall be excluded by reason of any
21 common law or statutory privilege relating to communication
22 between the registrant or applicant and the examining
23 physician or any member of the multidisciplinary team. No
24 authorization is necessary from the registrant or applicant
25 ordered to undergo an evaluation and examination for the
26 examining physician or any member of the multidisciplinary

1 team to provide information, reports, records, or other
2 documents or to provide any testimony regarding the
3 examination and evaluation. The individual to be examined may
4 have, at the individual's own expense, another physician of
5 the individual's choice present during all aspects of the
6 examination.

7 Failure of any individual to submit to mental or physical
8 examination and evaluation, or both, when directed, shall
9 result in an automatic suspension without a hearing until such
10 time as the individual submits to the examination. If the
11 Department finds a registrant unable to practice because of
12 the reasons set forth in this Section, the Department shall
13 require such registrant to submit to care, counseling, or
14 treatment by physicians approved or designated by the
15 Department as a condition for continued, reinstated, or
16 renewed registration.

17 When the Secretary immediately suspends a registration
18 under this Section, a hearing upon such person's registration
19 must be convened by the Department within 15 days after such
20 suspension and completed without appreciable delay. The
21 Department shall have the authority to review the registrant's
22 record of treatment and counseling regarding the impairment to
23 the extent permitted by applicable federal statutes and
24 regulations safeguarding the confidentiality of medical
25 records.

26 Individuals registered under this Act and affected under

1 this Section shall be afforded an opportunity to demonstrate
2 to the Department that they can resume practice in compliance
3 with acceptable and prevailing standards under the provisions
4 of their registration.

5 (g) All fines imposed under this Section shall be paid
6 within 60 days after the effective date of the order imposing
7 the fine or in accordance with the terms set forth in the order
8 imposing the fine.

16 complaints that activities under this Act have caused a
17 violation of Section 12 of the Illinois Environmental
18 Protection Act or surface or groundwater rules adopted under
19 the Illinois Environmental Protection Act. Any action taken by
20 the Agency in enforcing these violations shall be taken under
21 and consistent with the Illinois Environmental Protection Act,
22 including, but not limited to, the Agency's authority to seek
23 a civil or criminal cause of action under that Act. The test
24 results under subsections (b) and (c) of Section 1-80 of this
25 Act may be considered by the Agency during an investigation

1 under this Section.

2 (c) A person who has reason to believe the person has ~~they~~
3 ~~have~~ incurred contamination of a water source as a result of
4 high volume horizontal hydraulic fracturing may notify the
5 Agency and request an investigation be conducted. The Agency
6 shall forward this request to the Department for consideration
7 of an investigation under Section 1-83 of this Act. If the
8 Agency is provided with notice under subsection (f) of Section
9 1-83, the Agency shall conduct an investigation to determine
10 whether pollution or diminution is continuing to occur at the
11 location subject to the order, as well as locations identified
12 by the Department or at any other water source within 1,500
13 feet of the well site. Any person conducting or who has
14 conducted high volume horizontal hydraulic fracturing
15 operations shall supply any information requested to assist
16 the Agency in its investigation. The Agency shall give due
17 consideration to any information submitted during the course
18 of the investigation.

19 (d) Pollution or diminution is a violation of this Act and
20 may be pursued by the Department subject to the procedures and
21 remedies under Sections 1-100 and 1-105 of this Act.

22 (e) If an Agency investigation under Section 1-83 or
23 subsection (c) of this Section confirms that the cause of the
24 pollution, diminution, or water pollution is attributable to
25 high volume horizontal hydraulic fracturing operations, in
26 addition to any other relief available under law, the

1 permittee shall be required to reimburse the costs and
2 reasonable expenses incurred by the Agency for all activities
3 related to the investigation and cleanup. These costs shall
4 include, but not be limited to, inspections, investigations,
5 analyses, personnel, direct and indirect costs, studies,
6 assessments, reports, and review and evaluation of that data,
7 as well as costs under the Agency's review of whether the
8 quality of a restored or replaced water supply meets or
9 exceeds the quality of the water supply before it was affected
10 by the permittee. Costs shall be reimbursed to the Agency by
11 the permittee within 30 calendar days after receipt of a
12 written request for reimbursement by the Agency. For all costs
13 that remain unpaid following 30 calendar days after receipt of
14 a written request for reimbursement, the Agency may institute
15 a civil action for cost recovery under subsection (e) of
16 Section 1-101 of this Act. Failure to reimburse the Agency
17 within 30 calendar days after receipt of the written request
18 for reimbursement is a violation of this Act. Reimbursement of
19 costs collected under this subsection shall be deposited by
20 the Agency into the Illinois Clean Water Fund.

23 changing Section 25-15 as follows:

24 (230 ILCS 45/25-15)

1 Sec. 25-15. Board duties and powers.

2 (a) Except for sports wagering conducted under Section
3 25-70, the Board shall have the authority to regulate the
4 conduct of sports wagering under this Act.

5 (b) The Board may adopt any rules the Board considers
6 necessary for the successful implementation, administration,
7 and enforcement of this Act, except for Section 25-70. Rules
8 proposed by the Board may be adopted as emergency rules
9 pursuant to Section 5-45 of the Illinois Administrative
10 Procedure Act.

11 (c) The Board shall levy and collect all fees, surcharges,
12 civil penalties, and monthly taxes on adjusted gross sports
13 wagering receipts imposed by this Act and deposit all moneys
14 into the Sports Wagering Fund, except as otherwise provided
15 under this Act.

16 (d) The Board may exercise any other powers necessary to
17 enforce the provisions of this Act that it regulates and the
18 rules of the Board.

19 (e) The Board shall adopt rules for a license to be
20 employed by a master sports wagering licensee when the
21 employee works in a designated gaming area that has sports
22 wagering or performs duties in furtherance of or associated
23 with the operation of sports wagering by the master sports
24 wagering licensee (occupational license), which shall require
25 an annual license fee of \$250. However, occupational licenses
26 issued under the Illinois Gambling Act for employees of an

1 owners license or organization gaming licensee, once granted,
2 are considered equivalent licenses to work in sports wagering
3 positions located at the same gaming facility. License fees
4 shall be deposited into the State Gaming Fund and used for the
5 administration of this Act.

6 (f) The Board may require that licensees share, in real
7 time and at the sports wagering account level, information
8 regarding a wagerer, amount and type of wager, the time the
9 wager was placed, the location of the wager, including the
10 Internet protocol address, if applicable, the outcome of the
11 wager, and records of abnormal wagering activity. Information
12 shared under this subsection (f) must be submitted in the form
13 and manner as required by rule. If a sports governing body has
14 notified the Board that real-time information sharing for
15 wagers placed on its sports events is necessary and desirable,
16 licensees may share the same information in the form and
17 manner required by the Board by rule with the sports governing
18 body or its designee with respect to wagers on its sports
19 events subject to applicable federal, State, or local laws or
20 regulations, including, without limitation, privacy laws and
21 regulations. Such information may be provided in anonymized
22 form and may be used by a sports governing body solely for
23 integrity purposes. For purposes of this subsection (f), "real
24 time" ~~"real-time"~~ means a commercially reasonable periodic
25 interval.

26 (g) A master sports wagering licensee, professional sports

1 team, league, or association, sports governing body, or
2 institution of higher education may submit to the Board in
3 writing a request to prohibit a type or form of wagering if the
4 master sports wagering licensee, professional sports team,
5 league, or association, sports governing body, or institution
6 of higher education believes that such wagering by type or
7 form is contrary to public policy, unfair to consumers, or
8 affects the integrity of a particular sport or the sports
9 betting industry. The Board shall grant the request upon a
10 demonstration of good cause from the requester and
11 consultation with licensees. The Board shall respond to a
12 request pursuant to this subsection (g) concerning a
13 particular event before the start of the event or, if it is not
14 feasible to respond before the start of the event, as soon as
15 practicable.

16 (h) The Board and master sports wagering licensees may
17 cooperate with investigations conducted by sports governing
18 bodies or law enforcement agencies, including, but not limited
19 to, providing and facilitating the provision of account-level
20 betting information and audio or video files relating to
21 persons placing wagers.

22 (i) A master sports wagering licensee shall make
23 commercially reasonable efforts to promptly notify the Board
24 any information relating to:

25 (1) criminal or disciplinary proceedings commenced
26 against the master sports wagering licensee in connection

1 with its operations;

2 (2) abnormal wagering activity or patterns that may
3 indicate a concern with the integrity of a sports event or
4 sports events;

5 (3) any potential breach of the relevant sports
6 governing body's internal rules and codes of conduct
7 pertaining to sports wagering that a licensee has
8 knowledge of;

9 (4) any other conduct that corrupts a wagering outcome
10 of a sports event or sports events for purposes of
11 financial gain, including match fixing; and

12 (5) suspicious or illegal wagering activities,
13 including use of funds derived from illegal activity,
14 wagers to conceal or launder funds derived from illegal
15 activity, using agents to place wagers, and using false
16 identification.

17 A master sports wagering licensee shall also make
18 commercially reasonable efforts to promptly report information
19 relating to conduct described in paragraphs (2), (3), and (4)
20 of this subsection (i) to the relevant sports governing body.

9 protection district organized under the Fire Protection
10 District Act, provided that such delivery and sale is approved
11 by the board of trustees of the district, and provided further
12 that such delivery and sale is limited to fundraising events
13 and to a maximum of 6 events per year. However, the limitation

10 for any laboratory test authorized under this Article, that a
11 physician's handwritten signature appear on the laboratory
12 test order form. The Illinois Department may, however, impose
13 other appropriate requirements regarding laboratory test order
14 documentation.

15 Upon receipt of federal approval of an amendment to the
16 Illinois Title XIX State Plan for this purpose, the Department
17 shall authorize the Chicago Public Schools (CPS) to procure a
18 vendor or vendors to manufacture eyeglasses for individuals
19 enrolled in a school within the CPS system. CPS shall ensure
20 that its vendor or vendors are enrolled as providers in the
21 medical assistance program and in any capitated Medicaid
22 managed care entity (MCE) serving individuals enrolled in a
23 school within the CPS system. Under any contract procured
24 under this provision, the vendor or vendors must serve only
25 individuals enrolled in a school within the CPS system. Claims
26 for services provided by CPS's vendor or vendors to recipients

1 of benefits in the medical assistance program under this Code,
2 the Children's Health Insurance Program, or the Covering ALL
3 KIDS Health Insurance Program shall be submitted to the
4 Department or the MCE in which the individual is enrolled for
5 payment and shall be reimbursed at the Department's or the
6 MCE's established rates or rate methodologies for eyeglasses.

7 On and after July 1, 2012, the Department of Healthcare
8 and Family Services may provide the following services to
9 persons eligible for assistance under this Article who are
10 participating in education, training or employment programs
11 operated by the Department of Human Services as successor to
12 the Department of Public Aid:

13 (1) dental services provided by or under the
14 supervision of a dentist; and

15 (2) eyeglasses prescribed by a physician skilled in
16 the diseases of the eye, or by an optometrist, whichever
17 the person may select.

18 On and after July 1, 2018, the Department of Healthcare
19 and Family Services shall provide dental services to any adult
20 who is otherwise eligible for assistance under the medical
21 assistance program. As used in this paragraph, "dental
22 services" means diagnostic, preventative, restorative, or
23 corrective procedures, including procedures and services for
24 the prevention and treatment of periodontal disease and dental
25 caries disease, provided by an individual who is licensed to
26 practice dentistry or dental surgery or who is under the

1 supervision of a dentist in the practice of his or her
2 profession.

3 On and after July 1, 2018, targeted dental services, as
4 set forth in Exhibit D of the Consent Decree entered by the
5 United States District Court for the Northern District of
6 Illinois, Eastern Division, in the matter of Memisovski v.
7 Maram, Case No. 92 C 1982, that are provided to adults under
8 the medical assistance program shall be established at no less
9 than the rates set forth in the "New Rate" column in Exhibit D
10 of the Consent Decree for targeted dental services that are
11 provided to persons under the age of 18 under the medical
12 assistance program.

13 Subject to federal approval, on and after January 1, 2025,
14 the rates paid for sedation evaluation and the provision of
15 deep sedation and intravenous sedation for the purpose of
16 dental services shall be increased by 33% above the rates in
17 effect on December 31, 2024. The rates paid for nitrous oxide
18 sedation shall not be impacted by this paragraph and shall
19 remain the same as the rates in effect on December 31, 2024.

20 Notwithstanding any other provision of this Code and
21 subject to federal approval, the Department may adopt rules to
22 allow a dentist who is volunteering his or her service at no
23 cost to render dental services through an enrolled
24 not-for-profit health clinic without the dentist personally
25 enrolling as a participating provider in the medical
26 assistance program. A not-for-profit health clinic shall

1 include a public health clinic or Federally Qualified Health
2 Center or other enrolled provider, as determined by the
3 Department, through which dental services covered under this
4 Section are performed. The Department shall establish a
5 process for payment of claims for reimbursement for covered
6 dental services rendered under this provision.

7 Subject to appropriation and to federal approval, the
8 Department shall file administrative rules updating the
9 Handicapping Labio-Lingual Deviation orthodontic scoring tool
10 by January 1, 2025, or as soon as practicable.

11 On and after January 1, 2022, the Department of Healthcare
12 and Family Services shall administer and regulate a
13 school-based dental program that allows for the out-of-office
14 delivery of preventative dental services in a school setting
15 to children under 19 years of age. The Department shall
16 establish, by rule, guidelines for participation by providers
17 and set requirements for follow-up referral care based on the
18 requirements established in the Dental Office Reference Manual
19 published by the Department that establishes the requirements
20 for dentists participating in the All Kids Dental School
21 Program. Every effort shall be made by the Department when
22 developing the program requirements to consider the different
23 geographic differences of both urban and rural areas of the
24 State for initial treatment and necessary follow-up care. No
25 provider shall be charged a fee by any unit of local government
26 to participate in the school-based dental program administered

1 by the Department. Nothing in this paragraph shall be
2 construed to limit or preempt a home rule unit's or school
3 district's authority to establish, change, or administer a
4 school-based dental program in addition to, or independent of,
5 the school-based dental program administered by the
6 Department.

7 The Illinois Department, by rule, may distinguish and
8 classify the medical services to be provided only in
9 accordance with the classes of persons designated in Section
10 5-2.

11 The Department of Healthcare and Family Services must
12 provide coverage and reimbursement for amino acid-based
13 elemental formulas, regardless of delivery method, for the
14 diagnosis and treatment of (i) eosinophilic disorders and (ii)
15 short bowel syndrome when the prescribing physician has issued
16 a written order stating that the amino acid-based elemental
17 formula is medically necessary.

18 The Illinois Department shall authorize the provision of,
19 and shall authorize payment for, screening by low-dose
20 mammography for the presence of occult breast cancer for
21 individuals 35 years of age or older who are eligible for
22 medical assistance under this Article, as follows:

23 (A) A baseline mammogram for individuals 35 to 39
24 years of age.

25 (B) An annual mammogram for individuals 40 years of
26 age or older.

1 (C) A mammogram at the age and intervals considered
2 medically necessary by the individual's health care
3 provider for individuals under 40 years of age and having
4 a family history of breast cancer, prior personal history
5 of breast cancer, positive genetic testing, or other risk
6 factors.

7 (D) A comprehensive ultrasound screening and MRI of an
8 entire breast or breasts if a mammogram demonstrates
9 heterogeneous or dense breast tissue or when medically
10 necessary as determined by a physician licensed to
11 practice medicine in all of its branches.

12 (E) A screening MRI when medically necessary, as
13 determined by a physician licensed to practice medicine in
14 all of its branches.

15 (F) A diagnostic mammogram when medically necessary,
16 as determined by a physician licensed to practice medicine
17 in all its branches, advanced practice registered nurse,
18 or physician assistant.

19 The Department shall not impose a deductible, coinsurance,
20 copayment, or any other cost-sharing requirement on the
21 coverage provided under this paragraph; except that this
22 sentence does not apply to coverage of diagnostic mammograms
23 to the extent such coverage would disqualify a high-deductible
24 health plan from eligibility for a health savings account
25 pursuant to Section 223 of the Internal Revenue Code (26
26 U.S.C. 223).

1 All screenings shall include a physical breast exam,
2 instruction on self-examination and information regarding the
3 frequency of self-examination and its value as a preventative
4 tool.

5 For purposes of this Section:

6 "Diagnostic mammogram" means a mammogram obtained using
7 diagnostic mammography.

8 "Diagnostic mammography" means a method of screening that
9 is designed to evaluate an abnormality in a breast, including
10 an abnormality seen or suspected on a screening mammogram or a
11 subjective or objective abnormality otherwise detected in the
12 breast.

13 "Low-dose mammography" means the x-ray examination of the
14 breast using equipment dedicated specifically for mammography,
15 including the x-ray tube, filter, compression device, and
16 image receptor, with an average radiation exposure delivery of
17 less than one rad per breast for 2 views of an average size
18 breast. The term also includes digital mammography and
19 includes breast tomosynthesis.

20 "Breast tomosynthesis" means a radiologic procedure that
21 involves the acquisition of projection images over the
22 stationary breast to produce cross-sectional digital
23 three-dimensional images of the breast.

24 If, at any time, the Secretary of the United States
25 Department of Health and Human Services, or its successor
26 agency, promulgates rules or regulations to be published in

1 the Federal Register or publishes a comment in the Federal
2 Register or issues an opinion, guidance, or other action that
3 would require the State, pursuant to any provision of the
4 Patient Protection and Affordable Care Act (Public Law
5 111-148), including, but not limited to, 42 U.S.C.
6 18031(d)(3)(B) or any successor provision, to defray the cost
7 of any coverage for breast tomosynthesis outlined in this
8 paragraph, then the requirement that an insurer cover breast
9 tomosynthesis is inoperative other than any such coverage
10 authorized under Section 1902 of the Social Security Act, 42
11 U.S.C. 1396a, and the State shall not assume any obligation
12 for the cost of coverage for breast tomosynthesis set forth in
13 this paragraph.

14 On and after January 1, 2016, the Department shall ensure
15 that all networks of care for adult clients of the Department
16 include access to at least one breast imaging Center of
17 Imaging Excellence as certified by the American College of
18 Radiology.

19 On and after January 1, 2012, providers participating in a
20 quality improvement program approved by the Department shall
21 be reimbursed for screening and diagnostic mammography at the
22 same rate as the Medicare program's rates, including the
23 increased reimbursement for digital mammography and, after
24 January 1, 2023 (the effective date of Public Act 102-1018),
25 breast tomosynthesis.

26 The Department shall convene an expert panel including

1 representatives of hospitals, free-standing mammography
2 facilities, and doctors, including radiologists, to establish
3 quality standards for mammography.

4 On and after January 1, 2017, providers participating in a
5 breast cancer treatment quality improvement program approved
6 by the Department shall be reimbursed for breast cancer
7 treatment at a rate that is no lower than 95% of the Medicare
8 program's rates for the data elements included in the breast
9 cancer treatment quality program.

10 The Department shall convene an expert panel, including
11 representatives of hospitals, free-standing breast cancer
12 treatment centers, breast cancer quality organizations, and
13 doctors, including breast surgeons, reconstructive breast
14 surgeons, oncologists, and primary care providers to establish
15 quality standards for breast cancer treatment.

16 Subject to federal approval, the Department shall
17 establish a rate methodology for mammography at federally
18 qualified health centers and other encounter-rate clinics.
19 These clinics or centers may also collaborate with other
20 hospital-based mammography facilities. By January 1, 2016, the
21 Department shall report to the General Assembly on the status
22 of the provision set forth in this paragraph.

23 The Department shall establish a methodology to remind
24 individuals who are age-appropriate for screening mammography,
25 but who have not received a mammogram within the previous 18
26 months, of the importance and benefit of screening

1 mammography. The Department shall work with experts in breast
2 cancer outreach and patient navigation to optimize these
3 reminders and shall establish a methodology for evaluating
4 their effectiveness and modifying the methodology based on the
5 evaluation.

6 The Department shall establish a performance goal for
7 primary care providers with respect to their female patients
8 over age 40 receiving an annual mammogram. This performance
9 goal shall be used to provide additional reimbursement in the
10 form of a quality performance bonus to primary care providers
11 who meet that goal.

12 The Department shall devise a means of case-managing or
13 patient navigation for beneficiaries diagnosed with breast
14 cancer. This program shall initially operate as a pilot
15 program in areas of the State with the highest incidence of
16 mortality related to breast cancer. At least one pilot program
17 site shall be in the metropolitan Chicago area and at least one
18 site shall be outside the metropolitan Chicago area. On or
19 after July 1, 2016, the pilot program shall be expanded to
20 include one site in western Illinois, one site in southern
21 Illinois, one site in central Illinois, and 4 sites within
22 metropolitan Chicago. An evaluation of the pilot program shall
23 be carried out measuring health outcomes and cost of care for
24 those served by the pilot program compared to similarly
25 situated patients who are not served by the pilot program.

26 The Department shall require all networks of care to

1 develop a means either internally or by contract with experts
2 in navigation and community outreach to navigate cancer
3 patients to comprehensive care in a timely fashion. The
4 Department shall require all networks of care to include
5 access for patients diagnosed with cancer to at least one
6 academic commission on cancer-accredited cancer program as an
7 in-network covered benefit.

8 The Department shall provide coverage and reimbursement
9 for a human papillomavirus (HPV) vaccine that is approved for
10 marketing by the federal Food and Drug Administration for all
11 persons between the ages of 9 and 45. Subject to federal
12 approval, the Department shall provide coverage and
13 reimbursement for a human papillomavirus (HPV) vaccine for
14 persons of the age of 46 and above who have been diagnosed with
15 cervical dysplasia with a high risk of recurrence or
16 progression. The Department shall disallow any
17 preauthorization requirements for the administration of the
18 human papillomavirus (HPV) vaccine.

19 On or after July 1, 2022, individuals who are otherwise
20 eligible for medical assistance under this Article shall
21 receive coverage for perinatal depression screenings for the
22 12-month period beginning on the last day of their pregnancy.
23 Medical assistance coverage under this paragraph shall be
24 conditioned on the use of a screening instrument approved by
25 the Department.

26 Any medical or health care provider shall immediately

1 recommend, to any pregnant individual who is being provided
2 prenatal services and is suspected of having a substance use
3 disorder as defined in the Substance Use Disorder Act,
4 referral to a local substance use disorder treatment program
5 licensed by the Department of Human Services or to a licensed
6 hospital which provides substance abuse treatment services.
7 The Department of Healthcare and Family Services shall assure
8 coverage for the cost of treatment of the drug abuse or
9 addiction for pregnant recipients in accordance with the
10 Illinois Medicaid Program in conjunction with the Department
11 of Human Services.

12 All medical providers providing medical assistance to
13 pregnant individuals under this Code shall receive information
14 from the Department on the availability of services under any
15 program providing case management services for addicted
16 individuals, including information on appropriate referrals
17 for other social services that may be needed by addicted
18 individuals in addition to treatment for addiction.

19 The Illinois Department, in cooperation with the
20 Departments of Human Services (as successor to the Department
21 of Alcoholism and Substance Abuse) and Public Health, through
22 a public awareness campaign, may provide information
23 concerning treatment for alcoholism and drug abuse and
24 addiction, prenatal health care, and other pertinent programs
25 directed at reducing the number of drug-affected infants born
26 to recipients of medical assistance.

1 Neither the Department of Healthcare and Family Services
2 nor the Department of Human Services shall sanction the
3 recipient solely on the basis of the recipient's substance
4 abuse.

5 The Illinois Department shall establish such regulations
6 governing the dispensing of health services under this Article
7 as it shall deem appropriate. The Department should seek the
8 advice of formal professional advisory committees appointed by
9 the Director of the Illinois Department for the purpose of
10 providing regular advice on policy and administrative matters,
11 information dissemination and educational activities for
12 medical and health care providers, and consistency in
13 procedures to the Illinois Department.

14 The Illinois Department may develop and contract with
15 Partnerships of medical providers to arrange medical services
16 for persons eligible under Section 5-2 of this Code.
17 Implementation of this Section may be by demonstration
18 projects in certain geographic areas. The Partnership shall be
19 represented by a sponsor organization. The Department, by
20 rule, shall develop qualifications for sponsors of
21 Partnerships. Nothing in this Section shall be construed to
22 require that the sponsor organization be a medical
23 organization.

24 The sponsor must negotiate formal written contracts with
25 medical providers for physician services, inpatient and
26 outpatient hospital care, home health services, treatment for

1 alcoholism and substance abuse, and other services determined
2 necessary by the Illinois Department by rule for delivery by
3 Partnerships. Physician services must include prenatal and
4 obstetrical care. The Illinois Department shall reimburse
5 medical services delivered by Partnership providers to clients
6 in target areas according to provisions of this Article and
7 the Illinois Health Finance Reform Act, except that:

8 (1) Physicians participating in a Partnership and
9 providing certain services, which shall be determined by
10 the Illinois Department, to persons in areas covered by
11 the Partnership may receive an additional surcharge for
12 such services.

13 (2) The Department may elect to consider and negotiate
14 financial incentives to encourage the development of
15 Partnerships and the efficient delivery of medical care.

16 (3) Persons receiving medical services through
17 Partnerships may receive medical and case management
18 services above the level usually offered through the
19 medical assistance program.

20 Medical providers shall be required to meet certain
21 qualifications to participate in Partnerships to ensure the
22 delivery of high quality medical services. These
23 qualifications shall be determined by rule of the Illinois
24 Department and may be higher than qualifications for
25 participation in the medical assistance program. Partnership
26 sponsors may prescribe reasonable additional qualifications

1 for participation by medical providers, only with the prior
2 written approval of the Illinois Department.

3 Nothing in this Section shall limit the free choice of
4 practitioners, hospitals, and other providers of medical
5 services by clients. In order to ensure patient freedom of
6 choice, the Illinois Department shall immediately promulgate
7 all rules and take all other necessary actions so that
8 provided services may be accessed from therapeutically
9 certified optometrists to the full extent of the Illinois
10 Optometric Practice Act of 1987 without discriminating between
11 service providers.

12 The Department shall apply for a waiver from the United
13 States Health Care Financing Administration to allow for the
14 implementation of Partnerships under this Section.

15 The Illinois Department shall require health care
16 providers to maintain records that document the medical care
17 and services provided to recipients of Medical Assistance
18 under this Article. Such records must be retained for a period
19 of not less than 6 years from the date of service or as
20 provided by applicable State law, whichever period is longer,
21 except that if an audit is initiated within the required
22 retention period then the records must be retained until the
23 audit is completed and every exception is resolved. The
24 Illinois Department shall require health care providers to
25 make available, when authorized by the patient, in writing,
26 the medical records in a timely fashion to other health care

1 providers who are treating or serving persons eligible for
2 Medical Assistance under this Article. All dispensers of
3 medical services shall be required to maintain and retain
4 business and professional records sufficient to fully and
5 accurately document the nature, scope, details and receipt of
6 the health care provided to persons eligible for medical
7 assistance under this Code, in accordance with regulations
8 promulgated by the Illinois Department. The rules and
9 regulations shall require that proof of the receipt of
10 prescription drugs, dentures, prosthetic devices and
11 eyeglasses by eligible persons under this Section accompany
12 each claim for reimbursement submitted by the dispenser of
13 such medical services. No such claims for reimbursement shall
14 be approved for payment by the Illinois Department without
15 such proof of receipt, unless the Illinois Department shall
16 have put into effect and shall be operating a system of
17 post-payment audit and review which shall, on a sampling
18 basis, be deemed adequate by the Illinois Department to assure
19 that such drugs, dentures, prosthetic devices and eyeglasses
20 for which payment is being made are actually being received by
21 eligible recipients. Within 90 days after September 16, 1984
22 (the effective date of Public Act 83-1439), the Illinois
23 Department shall establish a current list of acquisition costs
24 for all prosthetic devices and any other items recognized as
25 medical equipment and supplies reimbursable under this Article
26 and shall update such list on a quarterly basis, except that

1 the acquisition costs of all prescription drugs shall be
2 updated no less frequently than every 30 days as required by
3 Section 5-5.12.

4 Notwithstanding any other law to the contrary, the
5 Illinois Department shall, within 365 days after July 22, 2013
6 (the effective date of Public Act 98-104), establish
7 procedures to permit skilled care facilities licensed under
8 the Nursing Home Care Act to submit monthly billing claims for
9 reimbursement purposes. Following development of these
10 procedures, the Department shall, by July 1, 2016, test the
11 viability of the new system and implement any necessary
12 operational or structural changes to its information
13 technology platforms in order to allow for the direct
14 acceptance and payment of nursing home claims.

15 Notwithstanding any other law to the contrary, the
16 Illinois Department shall, within 365 days after August 15,
17 2014 (the effective date of Public Act 98-963), establish
18 procedures to permit ID/DD facilities licensed under the ID/DD
19 Community Care Act and MC/DD facilities licensed under the
20 MC/DD Act to submit monthly billing claims for reimbursement
21 purposes. Following development of these procedures, the
22 Department shall have an additional 365 days to test the
23 viability of the new system and to ensure that any necessary
24 operational or structural changes to its information
25 technology platforms are implemented.

26 The Illinois Department shall require all dispensers of

1 medical services, other than an individual practitioner or
2 group of practitioners, desiring to participate in the Medical
3 Assistance program established under this Article to disclose
4 all financial, beneficial, ownership, equity, surety or other
5 interests in any and all firms, corporations, partnerships,
6 associations, business enterprises, joint ventures, agencies,
7 institutions or other legal entities providing any form of
8 health care services in this State under this Article.

9 The Illinois Department may require that all dispensers of
10 medical services desiring to participate in the medical
11 assistance program established under this Article disclose,
12 under such terms and conditions as the Illinois Department may
13 by rule establish, all inquiries from clients and attorneys
14 regarding medical bills paid by the Illinois Department, which
15 inquiries could indicate potential existence of claims or
16 liens for the Illinois Department.

17 Enrollment of a vendor shall be subject to a provisional
18 period and shall be conditional for one year. During the
19 period of conditional enrollment, the Department may terminate
20 the vendor's eligibility to participate in, or may disenroll
21 the vendor from, the medical assistance program without cause.
22 Unless otherwise specified, such termination of eligibility or
23 disenrollment is not subject to the Department's hearing
24 process. However, a disenrolled vendor may reapply without
25 penalty.

26 The Department has the discretion to limit the conditional

1 enrollment period for vendors based upon the category of risk
2 of the vendor.

3 Prior to enrollment and during the conditional enrollment
4 period in the medical assistance program, all vendors shall be
5 subject to enhanced oversight, screening, and review based on
6 the risk of fraud, waste, and abuse that is posed by the
7 category of risk of the vendor. The Illinois Department shall
8 establish the procedures for oversight, screening, and review,
9 which may include, but need not be limited to: criminal and
10 financial background checks; fingerprinting; license,
11 certification, and authorization verifications; unscheduled or
12 unannounced site visits; database checks; prepayment audit
13 reviews; audits; payment caps; payment suspensions; and other
14 screening as required by federal or State law.

15 The Department shall define or specify the following: (i)
16 by provider notice, the "category of risk of the vendor" for
17 each type of vendor, which shall take into account the level of
18 screening applicable to a particular category of vendor under
19 federal law and regulations; (ii) by rule or provider notice,
20 the maximum length of the conditional enrollment period for
21 each category of risk of the vendor; and (iii) by rule, the
22 hearing rights, if any, afforded to a vendor in each category
23 of risk of the vendor that is terminated or disenrolled during
24 the conditional enrollment period.

25 To be eligible for payment consideration, a vendor's
26 payment claim or bill, either as an initial claim or as a

1 resubmitted claim following prior rejection, must be received
2 by the Illinois Department, or its fiscal intermediary, no
3 later than 180 days after the latest date on the claim on which
4 medical goods or services were provided, with the following
5 exceptions:

6 (1) In the case of a provider whose enrollment is in
7 process by the Illinois Department, the 180-day period
8 shall not begin until the date on the written notice from
9 the Illinois Department that the provider enrollment is
10 complete.

11 (2) In the case of errors attributable to the Illinois
12 Department or any of its claims processing intermediaries
13 which result in an inability to receive, process, or
14 adjudicate a claim, the 180-day period shall not begin
15 until the provider has been notified of the error.

16 (3) In the case of a provider for whom the Illinois
17 Department initiates the monthly billing process.

18 (4) In the case of a provider operated by a unit of
19 local government with a population exceeding 3,000,000
20 when local government funds finance federal participation
21 for claims payments.

22 For claims for services rendered during a period for which
23 a recipient received retroactive eligibility, claims must be
24 filed within 180 days after the Department determines the
25 applicant is eligible. For claims for which the Illinois
26 Department is not the primary payer, claims must be submitted

1 to the Illinois Department within 180 days after the final
2 adjudication by the primary payer.

3 In the case of long term care facilities, within 120
4 calendar days of receipt by the facility of required
5 prescreening information, new admissions with associated
6 admission documents shall be submitted through the Medical
7 Electronic Data Interchange (MEDI) or the Recipient
8 Eligibility Verification (REV) System or shall be submitted
9 directly to the Department of Human Services using required
10 admission forms. Effective September 1, 2014, admission
11 documents, including all prescreening information, must be
12 submitted through MEDI or REV. Confirmation numbers assigned
13 to an accepted transaction shall be retained by a facility to
14 verify timely submittal. Once an admission transaction has
15 been completed, all resubmitted claims following prior
16 rejection are subject to receipt no later than 180 days after
17 the admission transaction has been completed.

18 Claims that are not submitted and received in compliance
19 with the foregoing requirements shall not be eligible for
20 payment under the medical assistance program, and the State
21 shall have no liability for payment of those claims.

22 To the extent consistent with applicable information and
23 privacy, security, and disclosure laws, State and federal
24 agencies and departments shall provide the Illinois Department
25 access to confidential and other information and data
26 necessary to perform eligibility and payment verifications and

1 other Illinois Department functions. This includes, but is not
2 limited to: information pertaining to licensure;
3 certification; earnings; immigration status; citizenship; wage
4 reporting; unearned and earned income; pension income;
5 employment; supplemental security income; social security
6 numbers; National Provider Identifier (NPI) numbers; the
7 National Practitioner Data Bank (NPDB); program and agency
8 exclusions; taxpayer identification numbers; tax delinquency;
9 corporate information; and death records.

10 The Illinois Department shall enter into agreements with
11 State agencies and departments, and is authorized to enter
12 into agreements with federal agencies and departments, under
13 which such agencies and departments shall share data necessary
14 for medical assistance program integrity functions and
15 oversight. The Illinois Department shall develop, in
16 cooperation with other State departments and agencies, and in
17 compliance with applicable federal laws and regulations,
18 appropriate and effective methods to share such data. At a
19 minimum, and to the extent necessary to provide data sharing,
20 the Illinois Department shall enter into agreements with State
21 agencies and departments, and is authorized to enter into
22 agreements with federal agencies and departments, including,
23 but not limited to: the Secretary of State; the Department of
24 Revenue; the Department of Public Health; the Department of
25 Human Services; and the Department of Financial and
26 Professional Regulation.

1 Beginning in fiscal year 2013, the Illinois Department
2 shall set forth a request for information to identify the
3 benefits of a pre-payment, post-adjudication, and post-edit
4 claims system with the goals of streamlining claims processing
5 and provider reimbursement, reducing the number of pending or
6 rejected claims, and helping to ensure a more transparent
7 adjudication process through the utilization of: (i) provider
8 data verification and provider screening technology; and (ii)
9 clinical code editing; and (iii) pre-pay, pre-adjudicated, or
10 post-adjudicated predictive modeling with an integrated case
11 management system with link analysis. Such a request for
12 information shall not be considered as a request for proposal
13 or as an obligation on the part of the Illinois Department to
14 take any action or acquire any products or services.

15 The Illinois Department shall establish policies,
16 procedures, standards and criteria by rule for the
17 acquisition, repair and replacement of orthotic and prosthetic
18 devices and durable medical equipment. Such rules shall
19 provide, but not be limited to, the following services: (1)
20 immediate repair or replacement of such devices by recipients;
21 and (2) rental, lease, purchase or lease-purchase of durable
22 medical equipment in a cost-effective manner, taking into
23 consideration the recipient's medical prognosis, the extent of
24 the recipient's needs, and the requirements and costs for
25 maintaining such equipment. Subject to prior approval, such
26 rules shall enable a recipient to temporarily acquire and use

1 alternative or substitute devices or equipment pending repairs
2 or replacements of any device or equipment previously
3 authorized for such recipient by the Department.
4 Notwithstanding any provision of Section 5-5f to the contrary,
5 the Department may, by rule, exempt certain replacement
6 wheelchair parts from prior approval and, for wheelchairs,
7 wheelchair parts, wheelchair accessories, and related seating
8 and positioning items, determine the wholesale price by
9 methods other than actual acquisition costs.

10 The Department shall require, by rule, all providers of
11 durable medical equipment to be accredited by an accreditation
12 organization approved by the federal Centers for Medicare and
13 Medicaid Services and recognized by the Department in order to
14 bill the Department for providing durable medical equipment to
15 recipients. No later than 15 months after the effective date
16 of the rule adopted pursuant to this paragraph, all providers
17 must meet the accreditation requirement.

18 In order to promote environmental responsibility, meet the
19 needs of recipients and enrollees, and achieve significant
20 cost savings, the Department, or a managed care organization
21 under contract with the Department, may provide recipients or
22 managed care enrollees who have a prescription or Certificate
23 of Medical Necessity access to refurbished durable medical
24 equipment under this Section (excluding prosthetic and
25 orthotic devices as defined in the Orthotics, Prosthetics, and
26 Pedorthics Practice Act and complex rehabilitation technology

1 products and associated services) through the State's
2 assistive technology program's reutilization program, using
3 staff with the Assistive Technology Professional (ATP)
4 Certification if the refurbished durable medical equipment:
5 (i) is available; (ii) is less expensive, including shipping
6 costs, than new durable medical equipment of the same type;
7 (iii) is able to withstand at least 3 years of use; (iv) is
8 cleaned, disinfected, sterilized, and safe in accordance with
9 federal Food and Drug Administration regulations and guidance
10 governing the reprocessing of medical devices in health care
11 settings; and (v) equally meets the needs of the recipient or
12 enrollee. The reutilization program shall confirm that the
13 recipient or enrollee is not already in receipt of the same or
14 similar equipment from another service provider, and that the
15 refurbished durable medical equipment equally meets the needs
16 of the recipient or enrollee. Nothing in this paragraph shall
17 be construed to limit recipient or enrollee choice to obtain
18 new durable medical equipment or place any additional prior
19 authorization conditions on enrollees of managed care
20 organizations.

21 The Department shall execute, relative to the nursing home
22 prescreening project, written inter-agency agreements with the
23 Department of Human Services and the Department on Aging, to
24 effect the following: (i) intake procedures and common
25 eligibility criteria for those persons who are receiving
26 non-institutional services; and (ii) the establishment and

1 development of non-institutional services in areas of the
2 State where they are not currently available or are
3 undeveloped; and (iii) notwithstanding any other provision of
4 law, subject to federal approval, on and after July 1, 2012, an
5 increase in the determination of need (DON) scores from 29 to
6 37 for applicants for institutional and home and
7 community-based long term care; if and only if federal
8 approval is not granted, the Department may, in conjunction
9 with other affected agencies, implement utilization controls
10 or changes in benefit packages to effectuate a similar savings
11 amount for this population; and (iv) no later than July 1,
12 2013, minimum level of care eligibility criteria for
13 institutional and home and community-based long term care; and
14 (v) no later than October 1, 2013, establish procedures to
15 permit long term care providers access to eligibility scores
16 for individuals with an admission date who are seeking or
17 receiving services from the long term care provider. In order
18 to select the minimum level of care eligibility criteria, the
19 Governor shall establish a workgroup that includes affected
20 agency representatives and stakeholders representing the
21 institutional and home and community-based long term care
22 interests. This Section shall not restrict the Department from
23 implementing lower level of care eligibility criteria for
24 community-based services in circumstances where federal
25 approval has been granted.

26 The Illinois Department shall develop and operate, in

1 cooperation with other State Departments and agencies and in
2 compliance with applicable federal laws and regulations,

17 Illinois Department.

18 The period covered by each report shall be the 3 years
19 ending on the June 30 prior to the report. The report shall
20 include suggested legislation for consideration by the General
21 Assembly. The requirement for reporting to the General
22 Assembly shall be satisfied by filing copies of the report as
23 required by Section 3.1 of the General Assembly Organization
24 Act, and filing such additional copies with the State
25 Government Report Distribution Center for the General Assembly
26 as is required under paragraph (t) of Section 7 of the State

1 Library Act.

2 Rulemaking authority to implement Public Act 95-1045, if
3 any, is conditioned on the rules being adopted in accordance
4 with all provisions of the Illinois Administrative Procedure
5 Act and all rules and procedures of the Joint Committee on
6 Administrative Rules; any purported rule not so adopted, for
7 whatever reason, is unauthorized.

8 On and after July 1, 2012, the Department shall reduce any
9 rate of reimbursement for services or other payments or alter
10 any methodologies authorized by this Code to reduce any rate
11 of reimbursement for services or other payments in accordance
12 with Section 5-5e.

18 reimbursed by the Department in accordance with the federally
19 qualified health center's encounter rate for services provided
20 to medical assistance recipients that are performed by a
21 dental hygienist, as defined under the Illinois Dental

3 approved by the Food and Drug Administration shall be covered
4 under the medical assistance program under this Article for
5 persons who are otherwise eligible for assistance under this
6 Article.

7 Notwithstanding any other provision of this Code,
8 reproductive health care that is otherwise legal in Illinois

1 assistance program. A not-for-profit health clinic shall
2 include a public health clinic or Federally Qualified Health
3 Center or other enrolled provider, as determined by the
4 Department, through which dental services covered under this
5 Section are performed. The Department shall establish a

25 State for initial treatment and necessary follow-up care. No
26 provider shall be charged a fee by any unit of local government

1 to participate in the school-based dental program administered
2 by the Department. Nothing in this paragraph shall be
3 construed to limit or preempt a home rule unit's or school
4 district's authority to establish, change, or administer a
5 school-based dental program in addition to, or independent of,
6 the school-based dental program administered by the
7 Department.

9 entire breast or breasts if a mammogram demonstrates
10 heterogeneous or dense breast tissue or when medically
11 necessary as determined by a physician licensed to
12 practice medicine in all of its branches.

13 (E) A screening MRI when medically necessary, as
14 determined by a physician licensed to practice medicine in
15 all of its branches.

16 (F) A diagnostic mammogram when medically necessary,
17 as determined by a physician licensed to practice medicine
18 in all its branches, advanced practice registered nurse,
19 or physician assistant.

20 (G) Molecular breast imaging (MBI) and MRI of an
21 entire breast or breasts if a mammogram demonstrates
22 heterogeneous or dense breast tissue or when medically
23 necessary as determined by a physician licensed to
24 practice medicine in all of its branches, advanced
25 practice registered nurse, or physician assistant.

26 The Department shall not impose a deductible, coinsurance,

1 copayment, or any other cost-sharing requirement on the
2 coverage provided under this paragraph; except that this
3 sentence does not apply to coverage of diagnostic mammograms
4 to the extent such coverage would disqualify a high-deductible
5 health plan from eligibility for a health savings account
6 pursuant to Section 223 of the Internal Revenue Code (26
7 U.S.C. 223).

8 All screenings shall include a physical breast exam,
9 instruction on self-examination and information regarding the
10 frequency of self-examination and its value as a preventative
11 tool.

12 For purposes of this Section:

13 "Diagnostic mammogram" means a mammogram obtained using
14 diagnostic mammography.

15 "Diagnostic mammography" means a method of screening that
16 is designed to evaluate an abnormality in a breast, including
17 an abnormality seen or suspected on a screening mammogram or a
18 subjective or objective abnormality otherwise detected in the
19 breast.

20 "Low-dose mammography" means the x-ray examination of the
21 breast using equipment dedicated specifically for mammography,
22 including the x-ray tube, filter, compression device, and
23 image receptor, with an average radiation exposure delivery of
24 less than one rad per breast for 2 views of an average size
25 breast. The term also includes digital mammography and
26 includes breast tomosynthesis.

1 "Breast tomosynthesis" means a radiologic procedure that
2 involves the acquisition of projection images over the
3 stationary breast to produce cross-sectional digital
4 three-dimensional images of the breast.

5 If, at any time, the Secretary of the United States
6 Department of Health and Human Services, or its successor
7 agency, promulgates rules or regulations to be published in
8 the Federal Register or publishes a comment in the Federal
9 Register or issues an opinion, guidance, or other action that
10 would require the State, pursuant to any provision of the
11 Patient Protection and Affordable Care Act (Public Law
12 111-148), including, but not limited to, 42 U.S.C.
13 18031(d)(3)(B) or any successor provision, to defray the cost
14 of any coverage for breast tomosynthesis outlined in this
15 paragraph, then the requirement that an insurer cover breast
16 tomosynthesis is inoperative other than any such coverage
17 authorized under Section 1902 of the Social Security Act, 42
18 U.S.C. 1396a, and the State shall not assume any obligation
19 for the cost of coverage for breast tomosynthesis set forth in
20 this paragraph.

21 On and after January 1, 2016, the Department shall ensure
22 that all networks of care for adult clients of the Department
23 include access to at least one breast imaging Center of
24 Imaging Excellence as certified by the American College of
25 Radiology.

26 On and after January 1, 2012, providers participating in a

1 quality improvement program approved by the Department shall
2 be reimbursed for screening and diagnostic mammography at the
3 same rate as the Medicare program's rates, including the
4 increased reimbursement for digital mammography and, after
5 January 1, 2023 (the effective date of Public Act 102-1018),
6 breast tomosynthesis.

7 The Department shall convene an expert panel including
8 representatives of hospitals, free-standing mammography
9 facilities, and doctors, including radiologists, to establish
10 quality standards for mammography.

11 On and after January 1, 2017, providers participating in a
12 breast cancer treatment quality improvement program approved
13 by the Department shall be reimbursed for breast cancer
14 treatment at a rate that is no lower than 95% of the Medicare
15 program's rates for the data elements included in the breast
16 cancer treatment quality program.

17 The Department shall convene an expert panel, including
18 representatives of hospitals, free-standing breast cancer
19 treatment centers, breast cancer quality organizations, and
20 doctors, including radiologists that are trained in all forms
21 of FDA-approved ~~FDA-approved~~ breast imaging technologies,
22 breast surgeons, reconstructive breast surgeons, oncologists,
23 and primary care providers to establish quality standards for
24 breast cancer treatment.

25 Subject to federal approval, the Department shall
26 establish a rate methodology for mammography at federally

1 qualified health centers and other encounter-rate clinics.
2 These clinics or centers may also collaborate with other
3 hospital-based mammography facilities. By January 1, 2016, the
4 Department shall report to the General Assembly on the status
5 of the provision set forth in this paragraph.

6 The Department shall establish a methodology to remind
7 individuals who are age-appropriate for screening mammography,
8 but who have not received a mammogram within the previous 18
9 months, of the importance and benefit of screening
10 mammography. The Department shall work with experts in breast
11 cancer outreach and patient navigation to optimize these
12 reminders and shall establish a methodology for evaluating
13 their effectiveness and modifying the methodology based on the
14 evaluation.

15 The Department shall establish a performance goal for
16 primary care providers with respect to their female patients
17 over age 40 receiving an annual mammogram. This performance
18 goal shall be used to provide additional reimbursement in the
19 form of a quality performance bonus to primary care providers
20 who meet that goal.

21 The Department shall devise a means of case-managing or
22 patient navigation for beneficiaries diagnosed with breast
23 cancer. This program shall initially operate as a pilot
24 program in areas of the State with the highest incidence of
25 mortality related to breast cancer. At least one pilot program
26 site shall be in the metropolitan Chicago area and at least one

1 site shall be outside the metropolitan Chicago area. On or
2 after July 1, 2016, the pilot program shall be expanded to
3 include one site in western Illinois, one site in southern
4 Illinois, one site in central Illinois, and 4 sites within
5 metropolitan Chicago. An evaluation of the pilot program shall
6 be carried out measuring health outcomes and cost of care for
7 those served by the pilot program compared to similarly
8 situated patients who are not served by the pilot program.

9 The Department shall require all networks of care to
10 develop a means either internally or by contract with experts
11 in navigation and community outreach to navigate cancer
12 patients to comprehensive care in a timely fashion. The
13 Department shall require all networks of care to include
14 access for patients diagnosed with cancer to at least one
15 academic commission on cancer-accredited cancer program as an
16 in-network covered benefit.

17 The Department shall provide coverage and reimbursement
18 for a human papillomavirus (HPV) vaccine that is approved for
19 marketing by the federal Food and Drug Administration for all
20 persons between the ages of 9 and 45. Subject to federal
21 approval, the Department shall provide coverage and
22 reimbursement for a human papillomavirus (HPV) vaccine for
23 persons of the age of 46 and above who have been diagnosed with
24 cervical dysplasia with a high risk of recurrence or
25 progression. The Department shall disallow any
26 preauthorization requirements for the administration of the

1 human papillomavirus (HPV) vaccine.

2 On or after July 1, 2022, individuals who are otherwise
3 eligible for medical assistance under this Article shall
4 receive coverage for perinatal depression screenings for the
5 12-month period beginning on the last day of their pregnancy.
6 Medical assistance coverage under this paragraph shall be
7 conditioned on the use of a screening instrument approved by
8 the Department.

9 Any medical or health care provider shall immediately
10 recommend, to any pregnant individual who is being provided
11 prenatal services and is suspected of having a substance use
12 disorder as defined in the Substance Use Disorder Act,
13 referral to a local substance use disorder treatment program
14 licensed by the Department of Human Services or to a licensed
15 hospital which provides substance abuse treatment services.
16 The Department of Healthcare and Family Services shall assure
17 coverage for the cost of treatment of the drug abuse or
18 addiction for pregnant recipients in accordance with the
19 Illinois Medicaid Program in conjunction with the Department
20 of Human Services.

21 All medical providers providing medical assistance to
22 pregnant individuals under this Code shall receive information
23 from the Department on the availability of services under any
24 program providing case management services for addicted
25 individuals, including information on appropriate referrals
26 for other social services that may be needed by addicted

1 individuals in addition to treatment for addiction.

2 The Illinois Department, in cooperation with the
3 Departments of Human Services (as successor to the Department
4 of Alcoholism and Substance Abuse) and Public Health, through
5 a public awareness campaign, may provide information
6 concerning treatment for alcoholism and drug abuse and
7 addiction, prenatal health care, and other pertinent programs
8 directed at reducing the number of drug-affected infants born
9 to recipients of medical assistance.

10 Neither the Department of Healthcare and Family Services
11 nor the Department of Human Services shall sanction the
12 recipient solely on the basis of the recipient's substance
13 abuse.

14 The Illinois Department shall establish such regulations
15 governing the dispensing of health services under this Article
16 as it shall deem appropriate. The Department should seek the
17 advice of formal professional advisory committees appointed by
18 the Director of the Illinois Department for the purpose of
19 providing regular advice on policy and administrative matters,
20 information dissemination and educational activities for
21 medical and health care providers, and consistency in
22 procedures to the Illinois Department.

23 The Illinois Department may develop and contract with
24 Partnerships of medical providers to arrange medical services
25 for persons eligible under Section 5-2 of this Code.
26 Implementation of this Section may be by demonstration

1 projects in certain geographic areas. The Partnership shall be
2 represented by a sponsor organization. The Department, by
3 rule, shall develop qualifications for sponsors of
4 Partnerships. Nothing in this Section shall be construed to
5 require that the sponsor organization be a medical
6 organization.

7 The sponsor must negotiate formal written contracts with
8 medical providers for physician services, inpatient and
9 outpatient hospital care, home health services, treatment for
10 alcoholism and substance abuse, and other services determined
11 necessary by the Illinois Department by rule for delivery by
12 Partnerships. Physician services must include prenatal and
13 obstetrical care. The Illinois Department shall reimburse
14 medical services delivered by Partnership providers to clients
15 in target areas according to provisions of this Article and
16 the Illinois Health Finance Reform Act, except that:

17 (1) Physicians participating in a Partnership and
18 providing certain services, which shall be determined by
19 the Illinois Department, to persons in areas covered by
20 the Partnership may receive an additional surcharge for
21 such services.

22 (2) The Department may elect to consider and negotiate
23 financial incentives to encourage the development of
24 Partnerships and the efficient delivery of medical care.

25 (3) Persons receiving medical services through
26 Partnerships may receive medical and case management

1 services above the level usually offered through the
2 medical assistance program.

3 Medical providers shall be required to meet certain
4 qualifications to participate in Partnerships to ensure the
5 delivery of high quality medical services. These
6 qualifications shall be determined by rule of the Illinois
7 Department and may be higher than qualifications for
8 participation in the medical assistance program. Partnership
9 sponsors may prescribe reasonable additional qualifications
10 for participation by medical providers, only with the prior
11 written approval of the Illinois Department.

12 Nothing in this Section shall limit the free choice of
13 practitioners, hospitals, and other providers of medical
14 services by clients. In order to ensure patient freedom of
15 choice, the Illinois Department shall immediately promulgate
16 all rules and take all other necessary actions so that
17 provided services may be accessed from therapeutically
18 certified optometrists to the full extent of the Illinois
19 Optometric Practice Act of 1987 without discriminating between
20 service providers.

21 The Department shall apply for a waiver from the United
22 States Health Care Financing Administration to allow for the
23 implementation of Partnerships under this Section.

24 The Illinois Department shall require health care
25 providers to maintain records that document the medical care
26 and services provided to recipients of Medical Assistance

1 under this Article. Such records must be retained for a period
2 of not less than 6 years from the date of service or as
3 provided by applicable State law, whichever period is longer,
4 except that if an audit is initiated within the required
5 retention period then the records must be retained until the
6 audit is completed and every exception is resolved. The
7 Illinois Department shall require health care providers to
8 make available, when authorized by the patient, in writing,
9 the medical records in a timely fashion to other health care
10 providers who are treating or serving persons eligible for
11 Medical Assistance under this Article. All dispensers of
12 medical services shall be required to maintain and retain
13 business and professional records sufficient to fully and
14 accurately document the nature, scope, details and receipt of
15 the health care provided to persons eligible for medical
16 assistance under this Code, in accordance with regulations
17 promulgated by the Illinois Department. The rules and
18 regulations shall require that proof of the receipt of
19 prescription drugs, dentures, prosthetic devices and
20 eyeglasses by eligible persons under this Section accompany
21 each claim for reimbursement submitted by the dispenser of
22 such medical services. No such claims for reimbursement shall
23 be approved for payment by the Illinois Department without
24 such proof of receipt, unless the Illinois Department shall
25 have put into effect and shall be operating a system of
26 post-payment audit and review which shall, on a sampling

1 basis, be deemed adequate by the Illinois Department to assure
2 that such drugs, dentures, prosthetic devices and eyeglasses
3 for which payment is being made are actually being received by
4 eligible recipients. Within 90 days after September 16, 1984
5 (the effective date of Public Act 83-1439), the Illinois
6 Department shall establish a current list of acquisition costs
7 for all prosthetic devices and any other items recognized as
8 medical equipment and supplies reimbursable under this Article
9 and shall update such list on a quarterly basis, except that
10 the acquisition costs of all prescription drugs shall be
11 updated no less frequently than every 30 days as required by
12 Section 5-5.12.

13 Notwithstanding any other law to the contrary, the
14 Illinois Department shall, within 365 days after July 22, 2013
15 (the effective date of Public Act 98-104), establish
16 procedures to permit skilled care facilities licensed under
17 the Nursing Home Care Act to submit monthly billing claims for
18 reimbursement purposes. Following development of these
19 procedures, the Department shall, by July 1, 2016, test the
20 viability of the new system and implement any necessary
21 operational or structural changes to its information
22 technology platforms in order to allow for the direct
23 acceptance and payment of nursing home claims.

24 Notwithstanding any other law to the contrary, the
25 Illinois Department shall, within 365 days after August 15,
26 2014 (the effective date of Public Act 98-963), establish

1 procedures to permit ID/DD facilities licensed under the ID/DD
2 Community Care Act and MC/DD facilities licensed under the
3 MC/DD Act to submit monthly billing claims for reimbursement
4 purposes. Following development of these procedures, the
5 Department shall have an additional 365 days to test the
6 viability of the new system and to ensure that any necessary
7 operational or structural changes to its information
8 technology platforms are implemented.

9 The Illinois Department shall require all dispensers of
10 medical services, other than an individual practitioner or
11 group of practitioners, desiring to participate in the Medical
12 Assistance program established under this Article to disclose
13 all financial, beneficial, ownership, equity, surety or other
14 interests in any and all firms, corporations, partnerships,
15 associations, business enterprises, joint ventures, agencies,
16 institutions or other legal entities providing any form of
17 health care services in this State under this Article.

18 The Illinois Department may require that all dispensers of
19 medical services desiring to participate in the medical
20 assistance program established under this Article disclose,
21 under such terms and conditions as the Illinois Department may
22 by rule establish, all inquiries from clients and attorneys
23 regarding medical bills paid by the Illinois Department, which
24 inquiries could indicate potential existence of claims or
25 liens for the Illinois Department.

26 Enrollment of a vendor shall be subject to a provisional

1 period and shall be conditional for one year. During the
2 period of conditional enrollment, the Department may terminate
3 the vendor's eligibility to participate in, or may disenroll
4 the vendor from, the medical assistance program without cause.
5 Unless otherwise specified, such termination of eligibility or
6 disenrollment is not subject to the Department's hearing
7 process. However, a disenrolled vendor may reapply without
8 penalty.

9 The Department has the discretion to limit the conditional
10 enrollment period for vendors based upon the category of risk
11 of the vendor.

12 Prior to enrollment and during the conditional enrollment
13 period in the medical assistance program, all vendors shall be
14 subject to enhanced oversight, screening, and review based on
15 the risk of fraud, waste, and abuse that is posed by the
16 category of risk of the vendor. The Illinois Department shall
17 establish the procedures for oversight, screening, and review,
18 which may include, but need not be limited to: criminal and
19 financial background checks; fingerprinting; license,
20 certification, and authorization verifications; unscheduled or
21 unannounced site visits; database checks; prepayment audit
22 reviews; audits; payment caps; payment suspensions; and other
23 screening as required by federal or State law.

24 The Department shall define or specify the following: (i)
25 by provider notice, the "category of risk of the vendor" for
26 each type of vendor, which shall take into account the level of

1 screening applicable to a particular category of vendor under
2 federal law and regulations; (ii) by rule or provider notice,
3 the maximum length of the conditional enrollment period for
4 each category of risk of the vendor; and (iii) by rule, the
5 hearing rights, if any, afforded to a vendor in each category
6 of risk of the vendor that is terminated or disenrolled during
7 the conditional enrollment period.

8 To be eligible for payment consideration, a vendor's
9 payment claim or bill, either as an initial claim or as a
10 resubmitted claim following prior rejection, must be received
11 by the Illinois Department, or its fiscal intermediary, no
12 later than 180 days after the latest date on the claim on which
13 medical goods or services were provided, with the following
14 exceptions:

15 (1) In the case of a provider whose enrollment is in
16 process by the Illinois Department, the 180-day period
17 shall not begin until the date on the written notice from
18 the Illinois Department that the provider enrollment is
19 complete.

20 (2) In the case of errors attributable to the Illinois
21 Department or any of its claims processing intermediaries
22 which result in an inability to receive, process, or
23 adjudicate a claim, the 180-day period shall not begin
24 until the provider has been notified of the error.

25 (3) In the case of a provider for whom the Illinois
26 Department initiates the monthly billing process.

1 (4) In the case of a provider operated by a unit of
2 local government with a population exceeding 3,000,000
3 when local government funds finance federal participation
4 for claims payments.

5 For claims for services rendered during a period for which
6 a recipient received retroactive eligibility, claims must be
7 filed within 180 days after the Department determines the
8 applicant is eligible. For claims for which the Illinois
9 Department is not the primary payer, claims must be submitted
10 to the Illinois Department within 180 days after the final
11 adjudication by the primary payer.

12 In the case of long term care facilities, within 120
13 calendar days of receipt by the facility of required
14 prescreening information, new admissions with associated
15 admission documents shall be submitted through the Medical
16 Electronic Data Interchange (MEDI) or the Recipient
17 Eligibility Verification (REV) System or shall be submitted
18 directly to the Department of Human Services using required
19 admission forms. Effective September 1, 2014, admission
20 documents, including all prescreening information, must be
21 submitted through MEDI or REV. Confirmation numbers assigned
22 to an accepted transaction shall be retained by a facility to
23 verify timely submittal. Once an admission transaction has
24 been completed, all resubmitted claims following prior
25 rejection are subject to receipt no later than 180 days after
26 the admission transaction has been completed.

1 Claims that are not submitted and received in compliance
2 with the foregoing requirements shall not be eligible for
3 payment under the medical assistance program, and the State
4 shall have no liability for payment of those claims.

5 To the extent consistent with applicable information and
6 privacy, security, and disclosure laws, State and federal
7 agencies and departments shall provide the Illinois Department
8 access to confidential and other information and data
9 necessary to perform eligibility and payment verifications and
10 other Illinois Department functions. This includes, but is not
11 limited to: information pertaining to licensure;
12 certification; earnings; immigration status; citizenship; wage
13 reporting; unearned and earned income; pension income;
14 employment; supplemental security income; social security
15 numbers; National Provider Identifier (NPI) numbers; the
16 National Practitioner Data Bank (NPDB); program and agency
17 exclusions; taxpayer identification numbers; tax delinquency;
18 corporate information; and death records.

19 The Illinois Department shall enter into agreements with
20 State agencies and departments, and is authorized to enter
21 into agreements with federal agencies and departments, under
22 which such agencies and departments shall share data necessary
23 for medical assistance program integrity functions and
24 oversight. The Illinois Department shall develop, in
25 cooperation with other State departments and agencies, and in
26 compliance with applicable federal laws and regulations,

1 appropriate and effective methods to share such data. At a
2 minimum, and to the extent necessary to provide data sharing,
3 the Illinois Department shall enter into agreements with State
4 agencies and departments, and is authorized to enter into
5 agreements with federal agencies and departments, including,
6 but not limited to: the Secretary of State; the Department of
7 Revenue; the Department of Public Health; the Department of
8 Human Services; and the Department of Financial and
9 Professional Regulation.

10 Beginning in fiscal year 2013, the Illinois Department
11 shall set forth a request for information to identify the
12 benefits of a pre-payment, post-adjudication, and post-edit
13 claims system with the goals of streamlining claims processing
14 and provider reimbursement, reducing the number of pending or
15 rejected claims, and helping to ensure a more transparent
16 adjudication process through the utilization of: (i) provider
17 data verification and provider screening technology; and (ii)
18 clinical code editing; and (iii) pre-pay, pre-adjudicated, or
19 post-adjudicated predictive modeling with an integrated case
20 management system with link analysis. Such a request for
21 information shall not be considered as a request for proposal
22 or as an obligation on the part of the Illinois Department to
23 take any action or acquire any products or services.

24 The Illinois Department shall establish policies,
25 procedures, standards and criteria by rule for the
26 acquisition, repair and replacement of orthotic and prosthetic

1 devices and durable medical equipment. Such rules shall
2 provide, but not be limited to, the following services: (1)
3 immediate repair or replacement of such devices by recipients;
4 and (2) rental, lease, purchase or lease-purchase of durable
5 medical equipment in a cost-effective manner, taking into
6 consideration the recipient's medical prognosis, the extent of
7 the recipient's needs, and the requirements and costs for
8 maintaining such equipment. Subject to prior approval, such
9 rules shall enable a recipient to temporarily acquire and use
10 alternative or substitute devices or equipment pending repairs
11 or replacements of any device or equipment previously
12 authorized for such recipient by the Department.
13 Notwithstanding any provision of Section 5-5f to the contrary,
14 the Department may, by rule, exempt certain replacement
15 wheelchair parts from prior approval and, for wheelchairs,
16 wheelchair parts, wheelchair accessories, and related seating
17 and positioning items, determine the wholesale price by
18 methods other than actual acquisition costs.

19 The Department shall require, by rule, all providers of
20 durable medical equipment to be accredited by an accreditation
21 organization approved by the federal Centers for Medicare and
22 Medicaid Services and recognized by the Department in order to
23 bill the Department for providing durable medical equipment to
24 recipients. No later than 15 months after the effective date
25 of the rule adopted pursuant to this paragraph, all providers
26 must meet the accreditation requirement.

1 In order to promote environmental responsibility, meet the
2 needs of recipients and enrollees, and achieve significant
3 cost savings, the Department, or a managed care organization
4 under contract with the Department, may provide recipients or
5 managed care enrollees who have a prescription or Certificate
6 of Medical Necessity access to refurbished durable medical
7 equipment under this Section (excluding prosthetic and
8 orthotic devices as defined in the Orthotics, Prosthetics, and
9 Pedorthics Practice Act and complex rehabilitation technology
10 products and associated services) through the State's
11 assistive technology program's reutilization program, using
12 staff with the Assistive Technology Professional (ATP)
13 Certification if the refurbished durable medical equipment:
14 (i) is available; (ii) is less expensive, including shipping
15 costs, than new durable medical equipment of the same type;
16 (iii) is able to withstand at least 3 years of use; (iv) is
17 cleaned, disinfected, sterilized, and safe in accordance with
18 federal Food and Drug Administration regulations and guidance
19 governing the reprocessing of medical devices in health care
20 settings; and (v) equally meets the needs of the recipient or
21 enrollee. The reutilization program shall confirm that the
22 recipient or enrollee is not already in receipt of the same or
23 similar equipment from another service provider, and that the
24 refurbished durable medical equipment equally meets the needs
25 of the recipient or enrollee. Nothing in this paragraph shall
26 be construed to limit recipient or enrollee choice to obtain

1 new durable medical equipment or place any additional prior
2 authorization conditions on enrollees of managed care
3 organizations.

4 The Department shall execute, relative to the nursing home
5 prescreening project, written inter-agency agreements with the
6 Department of Human Services and the Department on Aging, to
7 effect the following: (i) intake procedures and common
8 eligibility criteria for those persons who are receiving
9 non-institutional services; and (ii) the establishment and
10 development of non-institutional services in areas of the
11 State where they are not currently available or are
12 undeveloped; and (iii) notwithstanding any other provision of
13 law, subject to federal approval, on and after July 1, 2012, an
14 increase in the determination of need (DON) scores from 29 to
15 37 for applicants for institutional and home and
16 community-based long term care; if and only if federal
17 approval is not granted, the Department may, in conjunction
18 with other affected agencies, implement utilization controls
19 or changes in benefit packages to effectuate a similar savings
20 amount for this population; and (iv) no later than July 1,
21 2013, minimum level of care eligibility criteria for
22 institutional and home and community-based long term care; and
23 (v) no later than October 1, 2013, establish procedures to
24 permit long term care providers access to eligibility scores
25 for individuals with an admission date who are seeking or
26 receiving services from the long term care provider. In order

1 to select the minimum level of care eligibility criteria, the
2 Governor shall establish a workgroup that includes affected
3 agency representatives and stakeholders representing the
4 institutional and home and community-based long term care
5 interests. This Section shall not restrict the Department from
6 implementing lower level of care eligibility criteria for
7 community-based services in circumstances where federal
8 approval has been granted.

9 The Illinois Department shall develop and operate, in
10 cooperation with other State Departments and agencies and in
11 compliance with applicable federal laws and regulations,
12 appropriate and effective systems of health care evaluation
13 and programs for monitoring of utilization of health care
14 services and facilities, as it affects persons eligible for
15 medical assistance under this Code.

16 The Illinois Department shall report annually to the
17 General Assembly, no later than the second Friday in April of
18 1979 and each year thereafter, in regard to:

19 (a) actual statistics and trends in utilization of
20 medical services by public aid recipients;

21 (b) actual statistics and trends in the provision of
22 the various medical services by medical vendors;

23 (c) current rate structures and proposed changes in

10 Sec. 5-5.01a. Supportive living facilities program.

11 (a) The Department shall establish and provide oversight
12 for a program of supportive living facilities that seek to
13 promote resident independence, dignity, respect, and
14 well-being in the most cost-effective manner.

15 A supportive living facility is (i) a free-standing
16 facility or (ii) a distinct physical and operational entity
17 within a mixed-use building that meets the criteria
18 established in subsection (d). A supportive living facility
19 integrates housing with health, personal care, and supportive
20 services and is a designated setting that offers residents
21 their own separate, private, and distinct living units.

22 Sites for the operation of the program shall be selected
23 by the Department based upon criteria that may include the
24 need for services in a geographic area, the availability of
25 funding, and the site's ability to meet the standards.

1 (b) Beginning July 1, 2014, subject to federal approval,
2 the Medicaid rates for supportive living facilities shall be
3 equal to the supportive living facility Medicaid rate
4 effective on June 30, 2014 increased by 8.85%. Once the
5 assessment imposed at Article V-G of this Code is determined
6 to be a permissible tax under Title XIX of the Social Security
7 Act, the Department shall increase the Medicaid rates for
8 supportive living facilities effective on July 1, 2014 by
9 9.09%. The Department shall apply this increase retroactively
10 to coincide with the imposition of the assessment in Article
11 V-G of this Code in accordance with the approval for federal
12 financial participation by the Centers for Medicare and
13 Medicaid Services.

14 The Medicaid rates for supportive living facilities
15 effective on July 1, 2017 must be equal to the rates in effect
16 for supportive living facilities on June 30, 2017 increased by
17 2.8%.

18 The Medicaid rates for supportive living facilities
19 effective on July 1, 2018 must be equal to the rates in effect
20 for supportive living facilities on June 30, 2018.

21 Subject to federal approval, the Medicaid rates for
22 supportive living services on and after July 1, 2019 must be at
23 least 54.3% of the average total nursing facility services per
24 diem for the geographic areas defined by the Department while
25 maintaining the rate differential for dementia care and must
26 be updated whenever the total nursing facility service per

1 diems are updated. Beginning July 1, 2022, upon the
2 implementation of the Patient Driven Payment Model, Medicaid
3 rates for supportive living services must be at least 54.3% of
4 the average total nursing services per diem rate for the
5 geographic areas. For purposes of this provision, the average
6 total nursing services per diem rate shall include all add-ons
7 for nursing facilities for the geographic area provided for in
8 Section 5-5.2. The rate differential for dementia care must be
9 maintained in these rates and the rates shall be updated
10 whenever nursing facility per diem rates are updated.

11 Subject to federal approval, beginning January 1, 2024,
12 the dementia care rate for supportive living services must be
13 no less than the non-dementia care supportive living services
14 rate multiplied by 1.5.

15 (b-5) Subject to federal approval, beginning January 1,
16 2025, Medicaid rates for supportive living services must be at
17 least 54.75% of the average total nursing services per diem
18 rate for the geographic areas defined by the Department and
19 shall include all add-ons for nursing facilities for the
20 geographic area provided for in Section 5-5.2.

21 (c) The Department may adopt rules to implement this
22 Section. Rules that establish or modify the services,
23 standards, and conditions for participation in the program
24 shall be adopted by the Department in consultation with the
25 Department on Aging, the Department of Rehabilitation
26 Services, and the Department of Mental Health and

1 Developmental Disabilities (or their successor agencies).

2 (d) Subject to federal approval by the Centers for
3 Medicare and Medicaid Services, the Department shall accept
4 for consideration of certification under the program any
5 application for a site or building where distinct parts of the
6 site or building are designated for purposes other than the
7 provision of supportive living services, but only if:

8 (1) those distinct parts of the site or building are
9 not designated for the purpose of providing assisted
10 living services as required under the Assisted Living and
11 Shared Housing Act;

12 (2) those distinct parts of the site or building are
13 completely separate from the part of the building used for
14 the provision of supportive living program services,
15 including separate entrances;

16 (3) those distinct parts of the site or building do
17 not share any common spaces with the part of the building
18 used for the provision of supportive living program
19 services; and

20 (4) those distinct parts of the site or building do
21 not share staffing with the part of the building used for
22 the provision of supportive living program services.

23 (e) Facilities or distinct parts of facilities which are
24 selected as supportive living facilities and are in good
25 standing with the Department's rules are exempt from the
26 provisions of the Nursing Home Care Act and the Illinois

1 Health Facilities Planning Act.

2 (f) Section 9817 of the American Rescue Plan Act of 2021
3 (Public Law 117-2) authorizes a 10% enhanced federal medical
4 assistance percentage for supportive living services for a
5 12-month period from April 1, 2021 through March 31, 2022.
6 Subject to federal approval, including the approval of any
7 necessary waiver amendments or other federally required
8 documents or assurances, for a 12-month period the Department
9 must pay a supplemental \$26 per diem rate to all supportive
10 living facilities with the additional federal financial
11 participation funds that result from the enhanced federal
12 medical assistance percentage from April 1, 2021 through March
13 31, 2022. The Department may issue parameters around how the
14 supplemental payment should be spent, including quality
15 improvement activities. The Department may alter the form,
16 methods, or timeframes concerning the supplemental per diem
17 rate to comply with any subsequent changes to federal law,
18 changes made by guidance issued by the federal Centers for
19 Medicare and Medicaid Services, or other changes necessary to
20 receive the enhanced federal medical assistance percentage.

21 (g) All applications for the expansion of supportive
22 living dementia care settings involving sites not approved by
23 the Department by January 1, 2024 ~~(Public Act 103-102)~~ may
24 allow new elderly non-dementia units in addition to new
25 dementia care units. The Department may approve such
26 applications only if the application has: (1) no more than one

1 non-dementia care unit for each dementia care unit and (2) the
2 site is not located within 4 miles of an existing supportive
3 living program site in Cook County (including the City of
4 Chicago), not located within 12 miles of an existing

10 Stark, St. Clair, Tazewell, Vermilion, Will, Williamson,
11 Winnebago, or Woodford counties, or not located within 25
12 miles of an existing supportive living program site in any
13 other county.

14 (h) Beginning January 1, 2025, subject to federal
15 approval, for a person who is a resident of a supportive living
16 facility under this Section, the monthly personal needs
17 allowance shall be \$120 per month.

18 (i) ~~(h)~~ As stated in the supportive living program home
19 and community-based service waiver approved by the federal
20 Centers for Medicare and Medicaid Services, and beginning July
21 1, 2025, the Department must maintain the rate add-on

23 day at no less than \$6.15 per day.

25 allow a certified medication aide to administer medication in
26 a supportive living facility. For purposes of this subsection,

13 have an alarm when glucose levels are outside the
14 predetermined ~~pre-determined~~ range; the capacity to
15 generate predictive alerts in case of impending
16 hypoglycemia; or the ability to transmit real-time glucose
17 values and alerts to the patient and designated other
18 persons;

19 (3) the beneficiary is not required to need intensive
20 insulin therapy;

21 (4) the beneficiary is not required to have a recent
22 history of emergency room visits or hospitalizations
23 related to hypoglycemia, hyperglycemia, or ketoacidosis;

24 (5) if the beneficiary has gestational diabetes, the

7 necessity and approved if appropriate; and

8 (7) prior authorization is required for a prescription
9 of a continuous glucose monitor; once a continuous glucose

14 Sec. 5-30.1. Managed care protections.

15 (a) As used in this Section:

16 "Managed care organization" or "MCO" means any entity
17 which contracts with the Department to provide services where
18 payment for medical services is made on a capitated basis.

19 "Emergency services" means health care items and services,
20 including inpatient and outpatient hospital services,
21 furnished or required to evaluate and stabilize an emergency
22 medical condition. "Emergency services" include inpatient
23 stabilization services furnished during the inpatient
24 stabilization period. "Emergency services" do not include
25 post-stabilization medical services.

1 "Emergency medical condition" means a medical condition
2 manifesting itself by acute symptoms of sufficient severity,
3 regardless of the final diagnosis given, such that a prudent
4 layperson, who possesses an average knowledge of health and
5 medicine, could reasonably expect the absence of immediate
6 medical attention to result in:

7 (1) placing the health of the individual (or, with
8 respect to a pregnant woman, the health of the woman or her
9 unborn child) in serious jeopardy;

10 (2) serious impairment to bodily functions;

11 (3) serious dysfunction of any bodily organ or part;

12 (4) inadequately controlled pain; or

13 (5) with respect to a pregnant woman who is having
14 contractions:

15 (A) inadequate time to complete a safe transfer to
16 another hospital before delivery; or

17 (B) a transfer to another hospital may pose a
18 threat to the health or safety of the woman or unborn
19 child.

20 "Emergency medical screening examination" means a medical
21 screening examination and evaluation by a physician licensed
22 to practice medicine in all its branches or, to the extent
23 permitted by applicable laws, by other appropriately licensed
24 personnel under the supervision of or in collaboration with a
25 physician licensed to practice medicine in all its branches to
26 determine whether the need for emergency services exists.

1 "Health care services" mean any medical or behavioral
2 health services covered under the medical assistance program
3 that are subject to review under a service authorization
4 program.

5 "Inpatient stabilization period" means the initial 72
6 hours of inpatient stabilization services, beginning from the
7 date and time of the order for inpatient admission to the
8 hospital.

9 "Inpatient stabilization services" mean emergency services
10 furnished in the inpatient setting at a hospital pursuant to
11 an order for inpatient admission by a physician or other
12 qualified practitioner who has admitting privileges at the
13 hospital, as permitted by State law, to stabilize an emergency
14 medical condition following an emergency medical screening
15 examination.

16 "Post-stabilization medical services" means health care
17 services provided to an enrollee that are furnished in a
18 hospital by a provider that is qualified to furnish such
19 services and determined to be medically necessary by the
20 provider and directly related to the emergency medical
21 condition following stabilization.

22 "Provider" means a facility or individual who is actively
23 enrolled in the medical assistance program and licensed or
24 otherwise authorized to order, prescribe, refer, or render
25 health care services in this State.

26 "Service authorization determination" means a decision

1 made by a service authorization program in advance of,
2 concurrent to, or after the provision of a health care service
3 to approve, change the level of care, partially deny, deny, or
4 otherwise limit coverage and reimbursement for a health care
5 service upon review of a service authorization request.

6 "Service authorization program" means any utilization
7 review, utilization management, peer review, quality review,
8 or other medical management activity conducted by an MCO, or
9 its contracted utilization review organization, including, but
10 not limited to, prior authorization, prior approval,
11 pre-certification, concurrent review, retrospective review, or
12 certification of admission, of health care services provided
13 in the inpatient or outpatient hospital setting.

14 "Service authorization request" means a request by a
15 provider to a service authorization program to determine
16 whether a health care service meets the reimbursement
17 eligibility requirements for medically necessary, clinically
18 appropriate care, resulting in the issuance of a service
19 authorization determination.

20 "Utilization review organization" or "URO" means an MCO's
21 utilization review department or a peer review organization or
22 quality improvement organization that contracts with an MCO to
23 administer a service authorization program and make service
24 authorization determinations.

25 (b) As provided by Section 5-16.12, managed care
26 organizations are subject to the provisions of the Managed

1 Care Reform and Patient Rights Act.

2 (c) An MCO shall pay any provider of emergency services,
3 including for inpatient stabilization services provided during
4 the inpatient stabilization period, that does not have in
5 effect a contract with the contracted Medicaid MCO. The
6 default rate of reimbursement shall be the rate paid under
7 Illinois Medicaid fee-for-service program methodology,
8 including all policy adjusters, including but not limited to
9 Medicaid High Volume Adjustments, Medicaid Percentage
10 Adjustments, Outpatient High Volume Adjustments, and all
11 outlier add-on adjustments to the extent such adjustments are
12 incorporated in the development of the applicable MCO
13 capitated rates.

14 (d) (Blank).

15 (e) Notwithstanding any other provision of law, the
16 following requirements apply to MCOs in determining payment
17 for all emergency services, including inpatient stabilization
18 services provided during the inpatient stabilization period:

19 (1) The MCO shall not impose any service authorization
20 program requirements for emergency services, including,
21 but not limited to, prior authorization, prior approval,
22 pre-certification, certification of admission, concurrent
23 review, or retrospective review.

24 (A) Notification period: Hospitals shall notify
25 the enrollee's Medicaid MCO within 48 hours of the
26 date and time the order for inpatient admission is

1 written. Notification shall be limited to advising the
2 MCO that the patient has been admitted to a hospital
3 inpatient level of care.

4 (B) If the admitting hospital complies with the
5 notification provisions of subparagraph (A), the
6 Medicaid MCO may not initiate concurrent review before
7 the end of the inpatient stabilization period. If the
8 admitting hospital does not comply with the
9 notification requirements in subparagraph (A), the
10 Medicaid MCO may initiate concurrent review for the
11 continuation of the stay beginning at the end of the
12 48-hour notification period.

13 (C) Coverage for services provided during the
14 48-hour notification period may not be retrospectively
15 denied.

16 (2) The MCO shall cover emergency services provided to
17 enrollees who are temporarily away from their residence
18 and outside the contracting area to the extent that the
19 enrollees would be entitled to the emergency services if
20 they still were within the contracting area.

21 (3) The MCO shall have no obligation to cover
22 emergency services provided on an emergency basis that are
23 not covered services under the contract between the MCO
24 and the Department.

25 (4) The MCO shall not condition coverage for emergency
26 services on the treating provider notifying the MCO of the

1 enrollee's emergency medical screening examination and
2 treatment within 10 days after presentation for emergency
3 services.

4 (5) The determination of the attending emergency
5 physician, or the practitioner responsible for the
6 enrollee's care at the hospital, of whether an enrollee
7 requires inpatient stabilization services, can be
8 stabilized in the outpatient setting, or is sufficiently
9 stabilized for discharge or transfer to another setting,
10 shall be binding on the MCO. The MCO shall cover and
11 reimburse providers for emergency services as billed by
12 the provider for all enrollees whether the emergency
13 services are provided by an affiliated or non-affiliated
14 provider, except in cases of fraud. The MCO shall
15 reimburse inpatient stabilization services provided during
16 the inpatient stabilization period and billed as inpatient
17 level of care based on the appropriate inpatient
18 reimbursement methodology.

19 (6) The MCO's financial responsibility for
20 post-stabilization medical services it has not
21 pre-approved ends when:

22 (A) a plan physician with privileges at the
23 treating hospital assumes responsibility for the
24 enrollee's care;

25 (B) a plan physician assumes responsibility for
26 the enrollee's care through transfer;

1 (C) a contracting entity representative and the
2 treating physician reach an agreement concerning the
3 enrollee's care; or

4 (D) the enrollee is discharged.

5 (e-5) An MCO shall pay for all post-stabilization medical
6 services as a covered service in any of the following
7 situations:

8 (1) the MCO or its URO authorized such services;

9 (2) such services were administered to maintain the
10 enrollee's stabilized condition within one hour after a
11 request to the MCO for authorization of further
12 post-stabilization services;

13 (3) the MCO or its URO did not respond to a request to
14 authorize such services within one hour;

15 (4) the MCO or its URO could not be contacted; or

16 (5) the MCO or its URO and the treating provider, if
17 the treating provider is a non-affiliated provider, could
18 not reach an agreement concerning the enrollee's care and
19 an affiliated provider was unavailable for a consultation,
20 in which case the MCO must pay for such services rendered
21 by the treating non-affiliated provider until an
22 affiliated provider was reached and either concurred with
23 the treating non-affiliated provider's plan of care or
24 assumed responsibility for the enrollee's care. Such
25 payment shall be made at the default rate of reimbursement
26 paid under the State's Medicaid fee-for-service program

1 methodology, including all policy adjusters, including,
2 but not limited to, Medicaid High Volume Adjustments,
3 Medicaid Percentage Adjustments, Outpatient High Volume
4 Adjustments, and all outlier add-on adjustments to the
5 extent that such adjustments are incorporated in the
6 development of the applicable MCO capitated rates.

7 (f) Network adequacy and transparency.

8 (1) The Department shall:

9 (A) ensure that an adequate provider network is in
10 place, taking into consideration health professional
11 shortage areas and medically underserved areas;

12 (B) publicly release an explanation of its process
13 for analyzing network adequacy;

14 (C) periodically ensure that an MCO continues to
15 have an adequate network in place;

16 (D) require MCOs, including Medicaid Managed Care
17 Entities as defined in Section 5-30.2, to meet
18 provider directory requirements under Section 5-30.3;

19 (E) require MCOs to ensure that any
20 Medicaid-certified provider under contract with an MCO
21 and previously submitted on a roster on the date of
22 service is paid for any medically necessary,
23 Medicaid-covered, and authorized service rendered to
24 any of the MCO's enrollees, regardless of inclusion on
25 the MCO's published and publicly available directory
26 of available providers; and

1 (F) require MCOs, including Medicaid Managed Care
2 Entities as defined in Section 5-30.2, to meet each of
3 the requirements under subsection (d-5) of Section 10
4 of the Network Adequacy and Transparency Act; with
5 necessary exceptions to the MCO's network to ensure
6 that admission and treatment with a provider or at a
7 treatment facility in accordance with the network
8 adequacy standards in paragraph (3) of subsection
9 (d-5) of Section 10 of the Network Adequacy and
10 Transparency Act is limited to providers or facilities
11 that are Medicaid certified.

12 (2) Each MCO shall confirm its receipt of information
13 submitted specific to physician or dentist additions or
14 physician or dentist deletions from the MCO's provider
15 network within 3 days after receiving all required
16 information from contracted physicians or dentists, and
17 electronic physician and dental directories must be
18 updated consistent with current rules as published by the
19 Centers for Medicare and Medicaid Services or its
20 successor agency.

21 (g) Timely payment of claims.

22 (1) The MCO shall pay a claim within 30 days of
23 receiving a claim that contains all the essential
24 information needed to adjudicate the claim.

25 (2) The MCO shall notify the billing party of its
26 inability to adjudicate a claim within 30 days of

1 receiving that claim.

2 (3) The MCO shall pay a penalty that is at least equal
3 to the timely payment interest penalty imposed under
4 Section 368a of the Illinois Insurance Code for any claims
5 not timely paid.

6 (A) When an MCO is required to pay a timely payment
7 interest penalty to a provider, the MCO must calculate
8 and pay the timely payment interest penalty that is
9 due to the provider within 30 days after the payment of
10 the claim. In no event shall a provider be required to
11 request or apply for payment of any owed timely
12 payment interest penalties.

13 (B) Such payments shall be reported separately
14 from the claim payment for services rendered to the
15 MCO's enrollee and clearly identified as interest
16 payments.

17 (4) (A) The Department shall require MCOs to expedite
18 payments to providers identified on the Department's
19 expedited provider list, determined in accordance with 89
20 Ill. Adm. Code 140.71(b), on a schedule at least as
21 frequently as the providers are paid under the
22 Department's fee-for-service expedited provider schedule.

23 (B) Compliance with the expedited provider requirement
24 may be satisfied by an MCO through the use of a Periodic
25 Interim Payment (PIP) program that has been mutually
26 agreed to and documented between the MCO and the provider,

1 if the PIP program ensures that any expedited provider
2 receives regular and periodic payments based on prior
3 period payment experience from that MCO. Total payments
4 under the PIP program may be reconciled against future PIP
5 payments on a schedule mutually agreed to between the MCO
6 and the provider.

7 (C) The Department shall share at least monthly its
8 expedited provider list and the frequency with which it
9 pays providers on the expedited list.

10 (g-5) Recognizing that the rapid transformation of the
11 Illinois Medicaid program may have unintended operational
12 challenges for both payers and providers:

13 (1) in no instance shall a medically necessary covered
14 service rendered in good faith, based upon eligibility
15 information documented by the provider, be denied coverage
16 or diminished in payment amount if the eligibility or
17 coverage information available at the time the service was
18 rendered is later found to be inaccurate in the assignment
19 of coverage responsibility between MCOs or the
20 fee-for-service system, except for instances when an
21 individual is deemed to have not been eligible for
22 coverage under the Illinois Medicaid program; and

23 (2) the Department shall, by December 31, 2016, adopt
24 rules establishing policies that shall be included in the
25 Medicaid managed care policy and procedures manual
26 addressing payment resolutions in situations in which a

1 provider renders services based upon information obtained
2 after verifying a patient's eligibility and coverage plan
3 through either the Department's current enrollment system
4 or a system operated by the coverage plan identified by
5 the patient presenting for services:

6 (A) such medically necessary covered services
7 shall be considered rendered in good faith;

8 (B) such policies and procedures shall be
9 developed in consultation with industry
10 representatives of the Medicaid managed care health
11 plans and representatives of provider associations
12 representing the majority of providers within the
13 identified provider industry; and

14 (C) such rules shall be published for a review and
15 comment period of no less than 30 days on the
16 Department's website with final rules remaining
17 available on the Department's website.

18 The rules on payment resolutions shall include, but
19 not be limited to:

20 (A) the extension of the timely filing period;

21 (B) retroactive prior authorizations; and

22 (C) guaranteed minimum payment rate of no less
23 than the current, as of the date of service,
24 fee-for-service rate, plus all applicable add-ons,
25 when the resulting service relationship is out of
26 network.

1 The rules shall be applicable for both MCO coverage
2 and fee-for-service coverage.

3 If the fee-for-service system is ultimately determined to
4 have been responsible for coverage on the date of service, the
5 Department shall provide for an extended period for claims
6 submission outside the standard timely filing requirements.

7 (g-6) MCO Performance Metrics Report.

8 (1) The Department shall publish, on at least a
9 quarterly basis, each MCO's operational performance,
10 including, but not limited to, the following categories of
11 metrics:

12 (A) claims payment, including timeliness and
13 accuracy;

14 (B) prior authorizations;

15 (C) grievance and appeals;

16 (D) utilization statistics;

17 (E) provider disputes;

18 (F) provider credentialing; and

19 (G) member and provider customer service.

20 (2) The Department shall ensure that the metrics
21 report is accessible to providers online by January 1,
22 2017.

23 (3) The metrics shall be developed in consultation
24 with industry representatives of the Medicaid managed care
25 health plans and representatives of associations
26 representing the majority of providers within the

1 identified industry.

2 (4) Metrics shall be defined and incorporated into the
3 applicable Managed Care Policy Manual issued by the
4 Department.

5 (g-7) MCO claims processing and performance analysis. In
6 order to monitor MCO payments to hospital providers, pursuant
7 to Public Act 100-580, the Department shall post an analysis
8 of MCO claims processing and payment performance on its
9 website every 6 months. Such analysis shall include a review
10 and evaluation of a representative sample of hospital claims
11 that are rejected and denied for clean and unclean claims and
12 the top 5 reasons for such actions and timeliness of claims
13 adjudication, which identifies the percentage of claims
14 adjudicated within 30, 60, 90, and over 90 days, and the dollar
15 amounts associated with those claims.

16 (g-8) Dispute resolution process. The Department shall
17 maintain a provider complaint portal through which a provider
18 can submit to the Department unresolved disputes with an MCO.
19 An unresolved dispute means an MCO's decision that denies in
20 whole or in part a claim for reimbursement to a provider for
21 health care services rendered by the provider to an enrollee
22 of the MCO with which the provider disagrees. Disputes shall
23 not be submitted to the portal until the provider has availed
24 itself of the MCO's internal dispute resolution process.
25 Disputes that are submitted to the MCO internal dispute
26 resolution process may be submitted to the Department of

1 Healthcare and Family Services' complaint portal no sooner
2 than 30 days after submitting to the MCO's internal process
3 and not later than 30 days after the unsatisfactory resolution
4 of the internal MCO process or 60 days after submitting the
5 dispute to the MCO internal process. Multiple claim disputes
6 involving the same MCO may be submitted in one complaint,
7 regardless of whether the claims are for different enrollees,
8 when the specific reason for non-payment of the claims
9 involves a common question of fact or policy. Within 10
10 business days of receipt of a complaint, the Department shall
11 present such disputes to the appropriate MCO, which shall then
12 have 30 days to issue its written proposal to resolve the
13 dispute. The Department may grant one 30-day extension of this
14 time frame to one of the parties to resolve the dispute. If the
15 dispute remains unresolved at the end of this time frame or the
16 provider is not satisfied with the MCO's written proposal to
17 resolve the dispute, the provider may, within 30 days, request
18 the Department to review the dispute and make a final
19 determination. Within 30 days of the request for Department
20 review of the dispute, both the provider and the MCO shall
21 present all relevant information to the Department for
22 resolution and make individuals with knowledge of the issues
23 available to the Department for further inquiry if needed.
24 Within 30 days of receiving the relevant information on the
25 dispute, or the lapse of the period for submitting such
26 information, the Department shall issue a written decision on

1 the dispute based on contractual terms between the provider
2 and the MCO, contractual terms between the MCO and the
3 Department of Healthcare and Family Services and applicable
4 Medicaid policy. The decision of the Department shall be
5 final. By January 1, 2020, the Department shall establish by
6 rule further details of this dispute resolution process.
7 Disputes between MCOs and providers presented to the
8 Department for resolution are not contested cases, as defined
9 in Section 1-30 of the Illinois Administrative Procedure Act,
10 conferring any right to an administrative hearing.

11 (g-9)(1) The Department shall publish annually on its
12 website a report on the calculation of each managed care
13 organization's medical loss ratio showing the following:

14 (A) Premium revenue, with appropriate adjustments.

15 (B) Benefit expense, setting forth the aggregate
16 amount spent for the following:

17 (i) Direct paid claims.

18 (ii) Subcapitation payments.

19 (iii) Other claim payments.

20 (iv) Direct reserves.

21 (v) Gross recoveries.

22 (vi) Expenses for activities that improve health
23 care quality as allowed by the Department.

24 (2) The medical loss ratio shall be calculated consistent
25 with federal law and regulation following a claims runout
26 period determined by the Department.

1 (g-10) (1) "Liability effective date" means the date on
2 which an MCO becomes responsible for payment for medically
3 necessary and covered services rendered by a provider to one
4 of its enrollees in accordance with the contract terms between
5 the MCO and the provider. The liability effective date shall
6 be the later of:

7 (A) The execution date of a network participation
8 contract agreement.

9 (B) The date the provider or its representative
10 submits to the MCO the complete and accurate standardized
11 roster form for the provider in the format approved by the
12 Department.

13 (C) The provider effective date contained within the
14 Department's provider enrollment subsystem within the
15 Illinois Medicaid Program Advanced Cloud Technology
16 (IMPACT) System.

17 (2) The standardized roster form may be submitted to the
18 MCO at the same time that the provider submits an enrollment
19 application to the Department through IMPACT.

20 (3) By October 1, 2019, the Department shall require all
21 MCOs to update their provider directory with information for
22 new practitioners of existing contracted providers within 30
23 days of receipt of a complete and accurate standardized roster
24 template in the format approved by the Department provided
25 that the provider is effective in the Department's provider
26 enrollment subsystem within the IMPACT system. Such provider

1 directory shall be readily accessible for purposes of
2 selecting an approved health care provider and comply with all
3 other federal and State requirements.

4 (g-11) The Department shall work with relevant
5 stakeholders on the development of operational guidelines to
6 enhance and improve operational performance of Illinois'
7 Medicaid managed care program, including, but not limited to,
8 improving provider billing practices, reducing claim
9 rejections and inappropriate payment denials, and
10 standardizing processes, procedures, definitions, and response
11 timelines, with the goal of reducing provider and MCO
12 administrative burdens and conflict. The Department shall
13 include a report on the progress of these program improvements
14 and other topics in its Fiscal Year 2020 annual report to the
15 General Assembly.

16 (g-12) Notwithstanding any other provision of law, if the
17 Department or an MCO requires submission of a claim for
18 payment in a non-electronic format, a provider shall always be
19 afforded a period of no less than 90 business days, as a
20 correction period, following any notification of rejection by
21 either the Department or the MCO to correct errors or
22 omissions in the original submission.

23 Under no circumstances, either by an MCO or under the
24 State's fee-for-service system, shall a provider be denied
25 payment for failure to comply with any timely submission
26 requirements under this Code or under any existing contract,

1 unless the non-electronic format claim submission occurs after
2 the initial 180 days following the latest date of service on
3 the claim, or after the 90 business days correction period
4 following notification to the provider of rejection or denial
5 of payment.

6 (g-13) Utilization Review Standardization and
7 Transparency.

8 (1) To ensure greater standardization and transparency
9 related to service authorization determinations, for all
10 individuals covered under the medical assistance program,
11 including both the fee-for-service and managed care
12 programs, the Department shall, in consultation with the
13 MCOs, a statewide association representing the MCOs, a
14 statewide association representing the majority of
15 Illinois hospitals, a statewide association representing
16 physicians, or any other interested parties deemed
17 appropriate by the Department, adopt administrative rules
18 consistent with this subsection, in accordance with the
19 Illinois Administrative Procedure Act.

20 (2) Prior to July 1, 2025, the Department shall in
21 accordance with the Illinois Administrative Procedure Act
22 adopt rules which govern MCO practices for dates of
23 services on and after July 1, 2025, as follows:

24 (A) guidelines related to the publication of MCO
25 authorization policies;

26 (B) procedures that, due to medical complexity,

1 must be reimbursed under the applicable inpatient
2 methodology, when provided in the inpatient setting
3 and billed as an inpatient service;

4 (C) standardization of administrative forms used
5 in the member appeal process;

6 (D) limitations on second or subsequent medical
7 necessity review of a health care service already
8 authorized by the MCO or URO under a service
9 authorization program;

10 (E) standardization of peer-to-peer processes and
11 timelines;

12 (F) defined criteria for urgent and standard
13 post-acute care service authorization requests; and

14 (G) standardized criteria for service
15 authorization programs for authorization of admission
16 to a long-term acute care hospital.

17 (3) The Department shall expand the scope of the
18 quality and compliance audits conducted by its contracted
19 external quality review organization to include, but not
20 be limited to:

21 (A) an analysis of the Medicaid MCO's compliance
22 with nationally recognized clinical decision
23 guidelines;

24 (B) an analysis that compares and contrasts the
25 Medicaid MCO's service authorization determination
26 outcomes to the outcomes of each other MCO plan and the

1 State's fee-for-service program model to evaluate
2 whether service authorization determinations are being
3 made consistently by all Medicaid MCOs to ensure that
4 all individuals are being treated in accordance with
5 equitable standards of care;

6 (C) an analysis, for each Medicaid MCO, of the
7 number of service authorization requests, including
8 requests for concurrent review and certification of
9 admissions, received, initially denied, overturned
10 through any post-denial process including, but not
11 limited to, enrollee or provider appeal, peer-to-peer
12 review, or the provider dispute resolution process,
13 denied but approved for a lower or different level of
14 care, and the number denied on final determination;
15 and

16 (D) provide a written report to the General
17 Assembly, detailing the items listed in this
18 subsection and any other metrics deemed necessary by
19 the Department, by the second April, following June 7,
20 2024 (the effective date of Public Act 103-593) ~~this~~
21 ~~amendatory Act of the 103rd General Assembly~~, and each
22 April thereafter. The Department shall make this
23 report available within 30 days of delivery to the
24 General Assembly, on its public facing website.

25 (h) The Department shall not expand mandatory MCO
26 enrollment into new counties beyond those counties already

1 designated by the Department as of June 1, 2014 for the
2 individuals whose eligibility for medical assistance is not
3 the seniors or people with disabilities population until the
4 Department provides an opportunity for accountable care
5 entities and MCOs to participate in such newly designated
6 counties.

7 (h-5) Leading indicator data sharing. By January 1, 2024,
8 the Department shall obtain input from the Department of Human
9 Services, the Department of Juvenile Justice, the Department
10 of Children and Family Services, the State Board of Education,
11 managed care organizations, providers, and clinical experts to
12 identify and analyze key indicators and data elements that can
13 be used in an analysis of lead indicators from assessments and
14 data sets available to the Department that can be shared with
15 managed care organizations and similar care coordination
16 entities contracted with the Department as leading indicators
17 for elevated behavioral health crisis risk for children,
18 including data sets such as the Illinois Medicaid
19 Comprehensive Assessment of Needs and Strengths (IM-CANS),
20 calls made to the State's Crisis and Referral Entry Services
21 (CARES) hotline, health services information from Health and
22 Human Services Innovators, or other data sets that may include
23 key indicators. The workgroup shall complete its
24 recommendations for leading indicator data elements on or
25 before September 1, 2024. To the extent permitted by State and
26 federal law, the identified leading indicators shall be shared

1 with managed care organizations and similar care coordination
2 entities contracted with the Department on or before December
3 1, 2024 for the purpose of improving care coordination with
4 the early detection of elevated risk. Leading indicators shall
5 be reassessed annually with stakeholder input. The Department
6 shall implement guidance to managed care organizations and
7 similar care coordination entities contracted with the
8 Department, so that the managed care organizations and care
9 coordination entities respond to lead indicators with services
10 and interventions that are designed to help stabilize the
11 child.

12 (i) The requirements of this Section apply to contracts
13 with accountable care entities and MCOs entered into, amended,
14 or renewed after June 16, 2014 (the effective date of Public
15 Act 98-651).

16 (j) Health care information released to managed care
17 organizations. A health care provider shall release to a
18 Medicaid managed care organization, upon request, and subject
19 to the Health Insurance Portability and Accountability Act of
20 1996 and any other law applicable to the release of health
21 information, the health care information of the MCO's
22 enrollee, if the enrollee has completed and signed a general
23 release form that grants to the health care provider
24 permission to release the recipient's health care information
25 to the recipient's insurance carrier.

26 (k) The Department of Healthcare and Family Services,

1 managed care organizations, a statewide organization
2 representing hospitals, and a statewide organization
3 representing safety-net hospitals shall explore ways to
4 support billing departments in safety-net hospitals.

5 (l) The requirements of this Section added by Public Act
6 102-4 shall apply to services provided on or after the first
7 day of the month that begins 60 days after April 27, 2021 (the
8 effective date of Public Act 102-4).

9 (m) Except where otherwise expressly specified, the
10 requirements of this Section added by Public Act 103-593 ~~this~~
11 ~~amendatory Act of the 103rd General Assembly~~ shall apply to
12 services provided on or after July 1, 2025.

22 medical assistance program for custom prosthetic and orthotic
23 devices.

10 Sec. 5-57 ~~5-52~~. Genetic testing and evidence-based
11 screenings for an inherited gene mutation.

12 (a) In this Section, "genetic testing for an inherited
13 mutation" means germline multi-gene testing for an inherited
14 mutation associated with an increased risk of cancer in
15 accordance with evidence-based, clinical practice guidelines.

16 (b) Subject to federal approval, the medical assistance
17 program, after January 1, 2026, shall provide coverage for
18 clinical genetic testing for an inherited gene mutation for
19 individuals with a personal or family history of cancer, as
20 recommended by a health care professional in accordance with
21 current evidence-based clinical practice guidelines,
22 including, but not limited to, the current version of the
23 National Comprehensive Cancer Network clinical practice
24 guidelines.

25 (c) For individuals with a genetic test that is positive

1 for an inherited mutation associated with an increased risk of
2 cancer, coverage required under this Section shall include any
3 evidence-based screenings, as recommended by a health care
4 professional in accordance with current evidence-based
5 clinical practice guidelines, to the extent that the
6 management recommendation is not already covered by the
7 medical assistance program. In this subsection,
8 "evidence-based cancer screenings" means medically recommended
9 evidence-based screening modalities in accordance with current
10 clinical practice guidelines.

12 (305 ILCS 5/14-12)

13 Sec. 14-12. Hospital rate reform payment system. The
14 hospital payment system pursuant to Section 14-11 of this
15 Article shall be as follows:

16 (a) Inpatient hospital services. Effective for discharges
17 on and after July 1, 2014, reimbursement for inpatient general
18 acute care services shall utilize the All Patient Refined
19 Diagnosis Related Grouping (APR-DRG) software, version 30,
20 distributed by 3MTM Health Information System.

21 (1) The Department shall establish Medicaid weighting
22 factors to be used in the reimbursement system established
23 under this subsection. Initial weighting factors shall be
24 the weighting factors as published by 3M Health
25 Information System, associated with Version 30.0 adjusted

1 for the Illinois experience.

2 (2) The Department shall establish a
3 statewide-standardized amount to be used in the inpatient
4 reimbursement system. The Department shall publish these
5 amounts on its website no later than 10 calendar days
6 prior to their effective date.

7 (3) In addition to the statewide-standardized amount,
8 the Department shall develop adjusters to adjust the rate
9 of reimbursement for critical Medicaid providers or
10 services for trauma, transplantation services, perinatal
11 care, and Graduate Medical Education (GME).

12 (4) The Department shall develop add-on payments to
13 account for exceptionally costly inpatient stays,
14 consistent with Medicare outlier principles. Outlier fixed
15 loss thresholds may be updated to control for excessive
16 growth in outlier payments no more frequently than on an
17 annual basis, but at least once every 4 years. Upon
18 updating the fixed loss thresholds, the Department shall
19 be required to update base rates within 12 months.

20 (5) The Department shall define those hospitals or
21 distinct parts of hospitals that shall be exempt from the
22 APR-DRG reimbursement system established under this
23 Section. The Department shall publish these hospitals'
24 inpatient rates on its website no later than 10 calendar
25 days prior to their effective date.

26 (6) Beginning July 1, 2014 and ending on December 31,

1 2023, in addition to the statewide-standardized amount,
2 the Department shall develop an adjustor to adjust the
3 rate of reimbursement for safety-net hospitals defined in
4 Section 5-5e.1 of this Code excluding pediatric hospitals.

5 (7) Beginning July 1, 2014, in addition to the
6 statewide-standardized amount, the Department shall
7 develop an adjustor to adjust the rate of reimbursement
8 for Illinois freestanding inpatient psychiatric hospitals
9 that are not designated as children's hospitals by the
10 Department but are primarily treating patients under the
11 age of 21.

12 (7.5) (Blank).

13 (8) Beginning July 1, 2018, in addition to the
14 statewide-standardized amount, the Department shall adjust
15 the rate of reimbursement for hospitals designated by the
16 Department of Public Health as a Perinatal Level II or II+
17 center by applying the same adjustor that is applied to
18 Perinatal and Obstetrical care cases for Perinatal Level
19 III centers, as of December 31, 2017.

20 (9) Beginning July 1, 2018, in addition to the
21 statewide-standardized amount, the Department shall apply
22 the same adjustor that is applied to trauma cases as of
23 December 31, 2017 to inpatient claims to treat patients
24 with burns, including, but not limited to, APR-DRGs 841,
25 842, 843, and 844.

26 (10) Beginning July 1, 2018, the

1 statewide-standardized amount for inpatient general acute
2 care services shall be uniformly increased so that base
3 claims projected reimbursement is increased by an amount
4 equal to the funds allocated in paragraph (1) of
5 subsection (b) of Section 5A-12.6, less the amount
6 allocated under paragraphs (8) and (9) of this subsection
7 and paragraphs (3) and (4) of subsection (b) multiplied by
8 40%.

9 (11) Beginning July 1, 2018, the reimbursement for
10 inpatient rehabilitation services shall be increased by
11 the addition of a \$96 per day add-on.

12 (b) Outpatient hospital services. Effective for dates of
13 service on and after July 1, 2014, reimbursement for
14 outpatient services shall utilize the Enhanced Ambulatory
15 Procedure Grouping (EAPG) software, version 3.7 distributed by
16 3MTM Health Information System.

17 (1) The Department shall establish Medicaid weighting
18 factors to be used in the reimbursement system established
19 under this subsection. The initial weighting factors shall
20 be the weighting factors as published by 3M Health
21 Information System, associated with Version 3.7.

22 (2) The Department shall establish service specific
23 statewide-standardized amounts to be used in the
24 reimbursement system.

25 (A) The initial statewide standardized amounts,
26 with the labor portion adjusted by the Calendar Year

1 2013 Medicare Outpatient Prospective Payment System
2 wage index with reclassifications, shall be published
3 by the Department on its website no later than 10
4 calendar days prior to their effective date.

5 (B) The Department shall establish adjustments to
6 the statewide-standardized amounts for each Critical
7 Access Hospital, as designated by the Department of
8 Public Health in accordance with 42 CFR 485, Subpart
9 F. For outpatient services provided on or before June
10 30, 2018, the EAPG standardized amounts are determined
11 separately for each critical access hospital such that
12 simulated EAPG payments using outpatient base period
13 paid claim data plus payments under Section 5A-12.4 of
14 this Code net of the associated tax costs are equal to
15 the estimated costs of outpatient base period claims
16 data with a rate year cost inflation factor applied.

17 (3) In addition to the statewide-standardized amounts,
18 the Department shall develop adjusters to adjust the rate
19 of reimbursement for critical Medicaid hospital outpatient
20 providers or services, including outpatient high volume or
21 safety-net hospitals. Beginning July 1, 2018, the
22 outpatient high volume adjustor shall be increased to
23 increase annual expenditures associated with this adjustor
24 by \$79,200,000, based on the State Fiscal Year 2015 base
25 year data and this adjustor shall apply to public
26 hospitals, except for large public hospitals, as defined

1 under 89 Ill. Adm. Code 148.25(a).

2 (4) Beginning July 1, 2018, in addition to the
3 statewide standardized amounts, the Department shall make
4 an add-on payment for outpatient expensive devices and
5 drugs. This add-on payment shall at least apply to claim
6 lines that: (i) are assigned with one of the following
7 EAPGs: 490, 1001 to 1020, and coded with one of the
8 following revenue codes: 0274 to 0276, 0278; or (ii) are
9 assigned with one of the following EAPGs: 430 to 441, 443,
10 444, 460 to 465, 495, 496, 1090. The add-on payment shall
11 be calculated as follows: the claim line's covered charges
12 multiplied by the hospital's total acute cost to charge
13 ratio, less the claim line's EAPG payment plus \$1,000,
14 multiplied by 0.8.

15 (5) Beginning July 1, 2018, the statewide-standardized
16 amounts for outpatient services shall be increased by a
17 uniform percentage so that base claims projected
18 reimbursement is increased by an amount equal to no less
19 than the funds allocated in paragraph (1) of subsection
20 (b) of Section 5A-12.6, less the amount allocated under
21 paragraphs (8) and (9) of subsection (a) and paragraphs
22 (3) and (4) of this subsection multiplied by 46%.

23 (6) Effective for dates of service on or after July 1,
24 2018, the Department shall establish adjustments to the
25 statewide-standardized amounts for each Critical Access
26 Hospital, as designated by the Department of Public Health

1 in accordance with 42 CFR 485, Subpart F, such that each
2 Critical Access Hospital's standardized amount for
3 outpatient services shall be increased by the applicable
4 uniform percentage determined pursuant to paragraph (5) of
5 this subsection. It is the intent of the General Assembly
6 that the adjustments required under this paragraph (6) by
7 Public Act 100-1181 shall be applied retroactively to
8 claims for dates of service provided on or after July 1,
9 2018.

10 (7) Effective for dates of service on or after March
11 8, 2019 (the effective date of Public Act 100-1181), the
12 Department shall recalculate and implement an updated
13 statewide-standardized amount for outpatient services
14 provided by hospitals that are not Critical Access
15 Hospitals to reflect the applicable uniform percentage
16 determined pursuant to paragraph (5).

17 (1) Any recalculation to the
18 statewide-standardized amounts for outpatient services
19 provided by hospitals that are not Critical Access
20 Hospitals shall be the amount necessary to achieve the
21 increase in the statewide-standardized amounts for
22 outpatient services increased by a uniform percentage,
23 so that base claims projected reimbursement is
24 increased by an amount equal to no less than the funds
25 allocated in paragraph (1) of subsection (b) of
26 Section 5A-12.6, less the amount allocated under

1 paragraphs (8) and (9) of subsection (a) and
2 paragraphs (3) and (4) of this subsection, for all
3 hospitals that are not Critical Access Hospitals,
4 multiplied by 46%.

5 (2) It is the intent of the General Assembly that
6 the recalculations required under this paragraph (7)
7 by Public Act 100-1181 shall be applied prospectively
8 to claims for dates of service provided on or after
9 March 8, 2019 (the effective date of Public Act
10 100-1181) and that no recoupment or repayment by the
11 Department or an MCO of payments attributable to
12 recalculation under this paragraph (7), issued to the
13 hospital for dates of service on or after July 1, 2018
14 and before March 8, 2019 (the effective date of Public
15 Act 100-1181), shall be permitted.

16 (8) The Department shall ensure that all necessary
17 adjustments to the managed care organization capitation
18 base rates necessitated by the adjustments under
19 subparagraph (6) or (7) of this subsection are completed
20 and applied retroactively in accordance with Section
21 5-30.8 of this Code within 90 days of March 8, 2019 (the
22 effective date of Public Act 100-1181).

23 (9) Within 60 days after federal approval of the
24 change made to the assessment in Section 5A-2 by Public
25 Act 101-650, the Department shall incorporate into the
26 EAPG system for outpatient services those services

1 performed by hospitals currently billed through the
2 Non-Institutional Provider billing system.

3 (b-5) Notwithstanding any other provision of this Section,
4 beginning with dates of service on and after January 1, 2023,
5 any general acute care hospital with more than 500 outpatient
6 psychiatric Medicaid services to persons under 19 years of age
7 in any calendar year shall be paid the outpatient add-on
8 payment of no less than \$113.

9 (c) In consultation with the hospital community, the
10 Department is authorized to replace 89 Ill. Adm. Code 152.150
11 as published in 38 Ill. Reg. 4980 through 4986 within 12 months
12 of June 16, 2014 (the effective date of Public Act 98-651). If
13 the Department does not replace these rules within 12 months
14 of June 16, 2014 (the effective date of Public Act 98-651), the
15 rules in effect for 152.150 as published in 38 Ill. Reg. 4980
16 through 4986 shall remain in effect until modified by rule by
17 the Department. Nothing in this subsection shall be construed
18 to mandate that the Department file a replacement rule.

19 (d) Transition period. There shall be a transition period
20 to the reimbursement systems authorized under this Section
21 that shall begin on the effective date of these systems and
22 continue until June 30, 2018, unless extended by rule by the
23 Department. To help provide an orderly and predictable
24 transition to the new reimbursement systems and to preserve
25 and enhance access to the hospital services during this
26 transition, the Department shall allocate a transitional

1 hospital access pool of at least \$290,000,000 annually so that
2 transitional hospital access payments are made to hospitals.

3 (1) After the transition period, the Department may
4 begin incorporating the transitional hospital access pool
5 into the base rate structure; however, the transitional
6 hospital access payments in effect on June 30, 2018 shall
7 continue to be paid, if continued under Section 5A-16.

8 (2) After the transition period, if the Department
9 reduces payments from the transitional hospital access
10 pool, it shall increase base rates, develop new adjustors,
11 adjust current adjustors, develop new hospital access
12 payments based on updated information, or any combination
13 thereof by an amount equal to the decreases proposed in
14 the transitional hospital access pool payments, ensuring
15 that the entire transitional hospital access pool amount
16 shall continue to be used for hospital payments.

17 (d-5) Hospital and health care transformation program. The
18 Department shall develop a hospital and health care
19 transformation program to provide financial assistance to
20 hospitals in transforming their services and care models to
21 better align with the needs of the communities they serve. The
22 payments authorized in this Section shall be subject to
23 approval by the federal government.

24 (1) Phase 1. In State fiscal years 2019 through 2020,
25 the Department shall allocate funds from the transitional
26 access hospital pool to create a hospital transformation

1 pool of at least \$262,906,870 annually and make hospital
2 transformation payments to hospitals. Subject to Section
3 5A-16, in State fiscal years 2019 and 2020, an Illinois
4 hospital that received either a transitional hospital
5 access payment under subsection (d) or a supplemental
6 payment under subsection (f) of this Section in State
7 fiscal year 2018, shall receive a hospital transformation
8 payment as follows:

9 (A) If the hospital's Rate Year 2017 Medicaid
10 inpatient utilization rate is equal to or greater than
11 45%, the hospital transformation payment shall be
12 equal to 100% of the sum of its transitional hospital
13 access payment authorized under subsection (d) and any
14 supplemental payment authorized under subsection (f).

15 (B) If the hospital's Rate Year 2017 Medicaid
16 inpatient utilization rate is equal to or greater than
17 25% but less than 45%, the hospital transformation
18 payment shall be equal to 75% of the sum of its
19 transitional hospital access payment authorized under
20 subsection (d) and any supplemental payment authorized
21 under subsection (f).

22 (C) If the hospital's Rate Year 2017 Medicaid
23 inpatient utilization rate is less than 25%, the
24 hospital transformation payment shall be equal to 50%
25 of the sum of its transitional hospital access payment
26 authorized under subsection (d) and any supplemental

1 payment authorized under subsection (f).

2 (2) Phase 2.

3 (A) The funding amount from phase one shall be
4 incorporated into directed payment and pass-through
5 payment methodologies described in Section 5A-12.7.

6 (B) Because there are communities in Illinois that
7 experience significant health care disparities due to
8 systemic racism, as recently emphasized by the
9 COVID-19 pandemic, aggravated by social determinants
10 of health and a lack of sufficiently allocated health
11 care ~~healthcare~~ resources, particularly
12 community-based services, preventive care, obstetric
13 care, chronic disease management, and specialty care,
14 the Department shall establish a health care
15 transformation program that shall be supported by the
16 transformation funding pool. It is the intention of
17 the General Assembly that innovative partnerships
18 funded by the pool must be designed to establish or
19 improve integrated health care delivery systems that
20 will provide significant access to the Medicaid and
21 uninsured populations in their communities, as well as
22 improve health care equity. It is also the intention
23 of the General Assembly that partnerships recognize
24 and address the disparities revealed by the COVID-19
25 pandemic, as well as the need for post-COVID care.
26 During State fiscal years 2021 through 2027, the

1 hospital and health care transformation program shall
2 be supported by an annual transformation funding pool
3 of up to \$150,000,000, pending federal matching funds,
4 to be allocated during the specified fiscal years for
5 the purpose of facilitating hospital and health care
6 transformation. No disbursement of moneys for
7 transformation projects from the transformation
8 funding pool described under this Section shall be
9 considered an award, a grant, or an expenditure of
10 grant funds. Funding agreements made in accordance
11 with the transformation program shall be considered
12 purchases of care under the Illinois Procurement Code,
13 and funds shall be expended by the Department in a
14 manner that maximizes federal funding to expend the
15 entire allocated amount.

16 The Department shall convene, within 30 days after
17 March 12, 2021 (the effective date of Public Act
18 101-655), a workgroup that includes subject matter
19 experts on health care ~~healthcare~~ disparities and
20 stakeholders from distressed communities, which could
21 be a subcommittee of the Medicaid Advisory Committee,
22 to review and provide recommendations on how
23 Department policy, including health care
24 transformation, can improve health disparities and the
25 impact on communities disproportionately affected by
26 COVID-19. The workgroup shall consider and make

1 recommendations on the following issues: a community
2 safety-net designation of certain hospitals, racial
3 equity, and a regional partnership to bring additional
4 specialty services to communities.

5 (C) As provided in paragraph (9) of Section 3 of
6 the Illinois Health Facilities Planning Act, any
7 hospital participating in the transformation program
8 may be excluded from the requirements of the Illinois
9 Health Facilities Planning Act for those projects
10 related to the hospital's transformation. To be
11 eligible, the hospital must submit to the Health
12 Facilities and Services Review Board approval from the
13 Department that the project is a part of the
14 hospital's transformation.

15 (D) As provided in subsection (a-20) of Section
16 32.5 of the Emergency Medical Services (EMS) Systems
17 Act, a hospital that received hospital transformation
18 payments under this Section may convert to a
19 freestanding emergency center. To be eligible for such
20 a conversion, the hospital must submit to the
21 Department of Public Health approval from the
22 Department that the project is a part of the
23 hospital's transformation.

24 (E) Criteria for proposals. To be eligible for
25 funding under this Section, a transformation proposal
26 shall meet all of the following criteria:

1 (i) the proposal shall be designed based on
2 community needs assessment completed by either a
3 University partner or other qualified entity with
4 significant community input;

5 (ii) the proposal shall be a collaboration
6 among providers across the care and community
7 spectrum, including preventative care, primary
8 care specialty care, hospital services, mental
9 health and substance abuse services, as well as
10 community-based entities that address the social
11 determinants of health;

12 (iii) the proposal shall be specifically
13 designed to improve health care ~~healthcare~~
14 outcomes and reduce health care ~~healthcare~~
15 disparities, and improve the coordination,
16 effectiveness, and efficiency of care delivery;

17 (iv) the proposal shall have specific
18 measurable metrics related to disparities that
19 will be tracked by the Department and made public
20 by the Department;

21 (v) the proposal shall include a commitment to
22 include Business Enterprise Program certified
23 vendors or other entities controlled and managed
24 by minorities or women; and

25 (vi) the proposal shall specifically increase
26 access to primary, preventive, or specialty care.

1 (F) Entities eligible to be funded.

2 (i) Proposals for funding should come from
3 collaborations operating in one of the most
4 distressed communities in Illinois as determined
5 by the U.S. Centers for Disease Control and
6 Prevention's Social Vulnerability Index for
7 Illinois and areas disproportionately impacted by
8 COVID-19 or from rural areas of Illinois.

9 (ii) The Department shall prioritize

17 or other health care ~~healthcare~~ providers designed
18 to address specific health care ~~healthcare~~

25 (iii) The Department should target the funding
26 in the following ways: \$30,000,000 of

22 (iv) The Department may allocate up to
23 \$5,000,000 for planning, racial equity analysis,
24 or consulting resources for the Department or
25 entities without the resources to develop a plan
26 to meet the criteria of this Section. Any contract

1 for consulting services issued by the Department
2 under this subparagraph shall comply with the
3 provisions of Section 5-45 of the State Officials
4 and Employees Ethics Act. Based on availability of
5 federal funding, the Department may directly
6 procure consulting services or provide funding to
7 the collaboration. The provision of resources
8 under this subparagraph is not a guarantee that a
9 project will be approved.

10 (v) The Department shall take steps to ensure
11 that safety-net hospitals operating in
12 under-resourced communities receive priority
13 access to hospital and health care ~~healthcare~~
14 transformation funds, including consulting funds,
15 as provided under this Section.

16 (G) Process for submitting and approving projects
17 for distressed communities. The Department shall issue
18 a template for application. The Department shall post
19 any proposal received on the Department's website for
20 at least 2 weeks for public comment, and any such

6 planned.

7 (ii) A detailed description of the racial and

11 that is seeking to obtain funding under this
12 Section.

14 timeline and a detailed pathway to sustainability
15 within a 5-year period, specifying other sources
16 of funding, such as in-kind, cost-sharing, or
17 private donations, particularly for capital needs.
18 There is an expectation that parties to the
19 transformation project dedicate resources to the
20 extent they are able and that these expectations
21 are delineated separately for each entity in the
22 proposal.

23 (iv) A description of any new entities formed
24 or other legal relationships between collaborating
25 entities and how funds will be allocated among
26 participants.

3 period, including services available to the
4 community by site.

5 (vi) Clear milestones indicating progress
6 toward the proposed goals of the proposal as
7 checkpoints along the way to continue receiving
8 funding. The Department is authorized to refine
9 these milestones in agreements, and is authorized
10 to impose reasonable penalties, including
11 repayment of funds, for substantial lack of
12 progress.

13 (vii) A clear statement of the level of
14 commitment the project will include for minorities
15 and women in contracting opportunities, including
16 as equity partners where applicable, or as
17 subcontractors and suppliers in all phases of the
18 project.

19 (viii) If the community study utilized is not
20 the study commissioned and published by the
21 Department, the applicant must define the
22 methodology used, including documentation of clear
23 community participation.

24 (ix) A description of the process used in
25 collaborating with all levels of government in the
26 community served in the development of the

1 project, including, but not limited to,
2 legislators and officials of other units of local
3 government.

4 (x) Documentation of a community input process
5 in the community served, including links to
6 proposal materials on public websites.

7 (xi) Verifiable project milestones and quality
8 metrics that will be impacted by transformation.
9 These project milestones and quality metrics must
10 be identified with improvement targets that must
11 be met.

12 (xii) Data on the number of existing employees
13 by various job categories and wage levels by the
14 zip code of the employees' residence and

19 (xiii) If a new entity is created by the
20 project, a description of how the board will be
21 reflective of the community served by the
22 proposal.

26 care in the community, if applicable.

1 (xv) An explanation of how the proposal is
2 designed to increase access to care, including
3 specialty care based upon the community's needs.

4 (H) The Department shall evaluate proposals for
5 compliance with the criteria listed under subparagraph
6 (G). Proposals meeting all of the criteria may be
7 eligible for funding with the areas of focus
8 prioritized as described in item (ii) of subparagraph
9 (F). Based on the funds available, the Department may
10 negotiate funding agreements with approved applicants
11 to maximize federal funding. Nothing in this
12 subsection requires that an approved project be funded
13 to the level requested. Agreements shall specify the
14 amount of funding anticipated annually, the
15 methodology of payments, the limit on the number of
16 years such funding may be provided, and the milestones
17 and quality metrics that must be met by the projects in
18 order to continue to receive funding during each year
19 of the program. Agreements shall specify the terms and
20 conditions under which a health care facility that
21 receives funds under a purchase of care agreement and
22 closes in violation of the terms of the agreement must
23 pay an early closure fee no greater than 50% of the
24 funds it received under the agreement, prior to the
25 Health Facilities and Services Review Board
26 considering an application for closure of the

1 facility. Any project that is funded shall be required
2 to provide quarterly written progress reports, in a
3 form prescribed by the Department, and at a minimum
4 shall include the progress made in achieving any
5 milestones or metrics or Business Enterprise Program
6 commitments in its plan. The Department may reduce or
7 end payments, as set forth in transformation plans, if
8 milestones or metrics or Business Enterprise Program
9 commitments are not achieved. The Department shall
10 seek to make payments from the transformation fund in
11 a manner that is eligible for federal matching funds.

12 In reviewing the proposals, the Department shall
13 take into account the needs of the community, data
14 from the study commissioned by the Department from the
15 University of Illinois-Chicago if applicable, feedback
16 from public comment on the Department's website, as
17 well as how the proposal meets the criteria listed
18 under subparagraph (G). Alignment with the
19 Department's overall strategic initiatives shall be an
20 important factor. To the extent that fiscal year
21 funding is not adequate to fund all eligible projects
22 that apply, the Department shall prioritize
23 applications that most comprehensively and effectively
24 address the criteria listed under subparagraph (G).

25 (3) (Blank).

26 (4) Hospital Transformation Review Committee. There is

1 created the Hospital Transformation Review Committee. The
2 Committee shall consist of 14 members. No later than 30

5 3 members; the Governor shall appoint the Director of
6 Healthcare and Family Services, or his or her designee, as
7 a member; and the Director of Healthcare and Family

12 that the Chair and Vice-Chair cannot be appointed by the
13 same appointing authority and must be from different
14 political parties. The Chair shall have the authority to
15 establish a meeting schedule and convene meetings of the
16 Committee, and the Vice-Chair shall have the authority to
17 convene meetings in the absence of the Chair. The
18 Committee may establish its own rules with respect to
19 meeting schedule, notice of meetings, and the disclosure
20 of documents; however, the Committee shall not have the
21 power to subpoena individuals or documents and any rules
22 must be approved by 9 of the 14 members. The Committee
23 shall perform the functions described in this Section and
24 advise and consult with the Director in the administration
25 of this Section. In addition to reviewing and approving
26 the policies, procedures, and rules for the hospital and

2 consider and make recommendations related to qualifying
3 criteria and payment methodologies related to safety-net
4 hospitals and children's hospitals. Members of the
5 Committee appointed by the legislative leaders shall be
6 subject to the jurisdiction of the Legislative Ethics
7 Commission, not the Executive Ethics Commission, and all

11 operational support to the Committee as necessary. The

22 Administrative Code 148 effective January 1, 2014 and that
23 continue during the period of July 1, 2014 through December
24 31, 2014 shall remain in effect as long as the assessment
25 imposed by Section 5A-2 that is in effect on December 31, 2017
26 remains in effect.

1 (g) Notwithstanding subsections (a) through (f) of this
2 Section and notwithstanding the changes authorized under
3 Section 5-5b.1, any updates to the system shall not result in
4 any diminishment of the overall effective rates of
5 reimbursement as of the implementation date of the new system
6 (July 1, 2014). These updates shall not preclude variations in
7 any individual component of the system or hospital rate
8 variations. Nothing in this Section shall prohibit the
9 Department from increasing the rates of reimbursement or
10 developing payments to ensure access to hospital services.
11 Nothing in this Section shall be construed to guarantee a
12 minimum amount of spending in the aggregate or per hospital as
13 spending may be impacted by factors, including, but not
14 limited to, the number of individuals in the medical
15 assistance program and the severity of illness of the
16 individuals.

17 (h) The Department shall have the authority to modify by
18 rulemaking any changes to the rates or methodologies in this
19 Section as required by the federal government to obtain
20 federal financial participation for expenditures made under
21 this Section.

22 (i) Except for subsections (g) and (h) of this Section,
23 the Department shall, pursuant to subsection (c) of Section

25 presentation at the June 2014 hearing of the Joint Committee

6 (f) Applicants must submit all required information,

17 delinquent in filing any required tax returns or paying
18 any amounts owed to the State of Illinois; or

19 (2) the ~~The~~ Secretary of Financial and Professional
20 Regulation determines there is reason, based on documented
21 compliance violations, the licensee is not entitled to an
22 Early Approval Adult Use Dispensing Organization License
23 at its secondary site.

20 The Department shall renew an Early Approval Adult Use
21 Dispensing Organization License at a secondary site within 60
22 days of submission of the renewal application being deemed
23 complete if:

24 (1) the dispensing organization submits an application
25 and the required nonrefundable renewal fee of \$30,000, to
26 be deposited into the Cannabis Regulation Fund;

1 (2) the Department has not suspended or permanently
2 revoked the Early Approval Adult Use Dispensing
3 Organization License or a medical cannabis dispensing

9 Sec. 22.23e. Paint and paint-related wastes.

10 (a) As used in this Section:

11 "Paint" means a pigmented or unpigmented powder coating,
12 or a pigmented or unpigmented mixture of binder and suitable
13 liquid, that forms an adherent coating when applied to a
14 surface. Powder coating is a surface coating that is applied
15 as a dry powder and is fused into a continuous coating film
16 through the use of heat. "Paint" includes architectural paint
17 as defined in the Paint Stewardship Act.

18 "Paint-related waste" is (i) material contaminated with
19 paint that results from the packaging of paint, wholesale and
20 retail operations, paint manufacturing, and paint application
21 or removal activities or (ii) material derived from the
22 reclamation of paint-related wastes that is recycled in a
23 manner other than burning for energy recovery or used in a
24 manner constituting disposal.

25 (b) (1) Paint and paint-related waste that are hazardous

1 waste are hereby designated as a category of universal waste
2 subject to the streamlined hazardous waste rules set forth in
3 35 Ill. Adm. Code 733. Within 60 days after January 1, 2025
4 (the effective date of Public Act 103-887) ~~this amendatory Act~~
5 ~~of the 103rd General Assembly~~, the Agency shall propose, and
6 within 180 days after receipt of the Agency's proposal the
7 Board shall adopt, rules that reflect this designation and
8 that prescribe procedures and standards for the management of
9 hazardous waste paint and paint-related waste as a universal
10 waste consistent with the provisions set forth within this
11 Section.

12 (2) If the United States Environmental Protection Agency
13 adopts streamlined hazardous waste regulations pertaining to
14 the management of hazardous waste paint or paint-related
15 waste, or otherwise exempts such paint or paint-related waste
16 from regulation as hazardous waste, the Board shall adopt an
17 equivalent rule in accordance with Section 7.2 of this Act
18 within 180 days of adoption of the federal regulation. The
19 equivalent Board rule may serve as an alternative to the rules
20 adopted under paragraph (1) of this subsection (b).

21 (c) Until the Board adopts rules pursuant to paragraph (1)
22 of subsection (b) that prescribe procedures and standards for
23 the management of hazardous waste paint and paint-related
24 waste by small quantity handlers of universal waste, the
25 following requirements shall apply to small quantity handlers
26 of universal waste managing hazardous waste paint and

1 paint-related waste as a universal waste:

2 (1) Waste Management. A small quantity handler of
3 universal waste shall manage universal waste paint and
4 paint-related waste in a way that prevents releases of any
5 universal waste or any component of universal waste to the
6 environment, including, but not limited to, in accordance
7 with the following requirements:

8 (A) The small quantity handler of universal waste
9 shall collect and store universal waste paint and
10 paint-related waste in containers that are
11 structurally sound, leakproof, and compatible with the
12 universal waste paint and paint-related waste.

13 (B) The small quantity handler of universal waste
14 shall ensure that containers in which the universal
15 waste paint and paint-related waste are contained do
16 not leak and remain closed, except when wastes are
17 being added to or removed from the container.

18 (C) The small quantity handler of universal waste,
19 upon detection of a release of universal waste paint
20 and paint-related waste, shall do the following:

21 (i) Stop the release.

22 (ii) Contain the released universal waste
23 paint and paint-related waste.

24 (iii) Clean up and properly manage the
25 released universal waste paint and paint-related
26 waste and other materials generated from the

1 cleanup.

2 (iv) Remove any leaking container from service
3 by transferring the contents to another container.

4 (v) Repair any leaking container before
5 returning it to service.

6 (D) A small quantity handler of universal waste
7 shall manage universal waste paint and paint-related
8 waste that is ignitable or reactive in accordance with
9 local fire codes.

10 (E) A small quantity handler of universal waste
11 shall manage universal waste paint and paint-related
12 waste that are incompatible in separate containers.

13 (F) A small quantity handler of universal waste
14 shall design, maintain, and operate areas of its
15 facility where universal waste paints and
16 paint-related wastes are collected and stored to
17 minimize the possibility of a fire, explosion, or
18 unplanned sudden or non-sudden release of universal
19 waste or hazardous constituents to air, soil, or
20 surface water which could threaten human health or the
21 environment.

22 (2) Labeling or marking. Each container in which
23 universal waste paint and paint-related waste is
24 accumulated shall be labeled to identify the contents of
25 the container.

26 (3) Accumulation time limits.

1 (A) A small quantity handler of universal waste
2 may accumulate universal waste paint and paint-related
3 waste for no longer than one year from the date the
4 universal waste is generated. However, handlers may
5 accumulate universal waste for longer than one year if
6 the activity is solely for the purpose of accumulating
7 quantities to facilitate proper recovery, treatment,
8 or disposal. The handler bears the burden of proving
9 that this activity is solely for the purpose of
10 accumulation of the quantities of universal waste
11 necessary to facilitate proper recovery, treatment, or
12 disposal.

13 (B) A small quantity handler of universal waste
14 who accumulates universal waste must be able to
15 demonstrate the length of time that the universal
16 waste has been accumulated. The handler may make this
17 demonstration by any of the following methods:

18 (i) placing the universal waste paint and
19 paint-related waste in a container and marking or
20 labeling the container with the earliest date that
21 universal waste paint or paint-related waste in
22 the container became a waste or was received;

23 (ii) marking or labeling each individual item
24 of universal waste paint and paint-related waste
25 with the date the universal waste paint and
26 paint-related waste became a waste or was

1 received;

2 (iii) maintaining an inventory system on-site
3 that identifies the date each unit of universal
4 waste paint and paint-related waste became a waste
5 or was received;

6 (iv) placing universal waste paint and
7 paint-related waste in a specific accumulation
8 area and identifying the earliest date that any of
9 the universal waste paint and paint-related waste
10 in the area became a waste or was received; or

11 (v) any other method that clearly demonstrates
12 the length of time the universal waste paint and
13 paint-related waste have been accumulated from the
14 date they become a waste or are received.

15 (4) Employee training. A small quantity handler of
16 universal waste shall inform all employees who handle or
17 have responsibility for managing universal waste paint and
18 paint-related waste. The information shall describe proper
19 handling and emergency procedures appropriate to the
20 universal waste paint and paint-related waste.

21 (5) Response to releases.

22 (A) A small quantity handler of universal waste
23 must immediately contain all releases of universal
24 waste paint and paint-related waste and other residues
25 from universal waste paint and paint-related waste.

26 (B) A small quantity handler of universal waste

1 must determine whether any material resulting from the
2 release is hazardous waste and, if so, must manage the
3 hazardous waste in compliance with all applicable
4 hazardous waste requirements of this Act and rules
5 adopted under this Act. The handler is considered the
6 generator of the material resulting from the release
7 and must manage the material in compliance with this
8 Act and rules adopted under this Act.

9 (6) Off-site shipments.

10 (A) A small quantity handler of universal waste is
11 prohibited from sending or taking universal waste
12 paint and paint-related waste to a place other than
13 another universal waste handler, a destination
14 facility, or a foreign destination.

15 (B) If a small quantity handler of universal waste
16 self-transportes universal waste paint and
17 paint-related waste off-site ~~offsite~~, the handler
18 becomes a universal waste transporter for those
19 self-transportation activities and shall comply with
20 the Board's existing rules for universal waste
21 transporters.

22 (C) If universal waste paint and paint-related
23 waste being offered for off-site transportation meets
24 the definition of hazardous materials under 49 CFR
25 Parts 171 to 180, a small quantity handler of
26 universal waste shall package, label, mark and placard

1 the shipment, and prepare the proper shipping papers
2 in accordance with the applicable United States
3 Department of Transportation regulations under 49 CFR
4 Parts 172 to 180.

5 (D) Prior to sending a shipment of universal waste
6 paint and paint-related waste to another universal
7 waste handler, the originating handler shall ensure
8 that the receiving handler agrees to receive the
9 shipment.

10 (E) If a small quantity handler of universal waste
11 sends a shipment of universal waste paint and
12 paint-related waste to another handler or to a
13 destination facility and if the shipment is rejected
14 by the receiving handler or destination facility, the
15 originating handler shall either:

16 (i) receive the universal waste paint and
17 paint-related waste back when notified that the
18 shipment has been rejected; or

19 (ii) agree with the receiving handler on a
20 destination facility to which the shipment will be
21 sent.

22 (F) A small quantity handler of universal waste
23 may reject a shipment containing universal waste paint
24 and paint-related waste, or a portion of a shipment
25 containing universal waste paint and paint-related
26 waste, received from another handler. If a handler

1 rejects a shipment or a portion of a shipment, the
2 rejecting handler shall contact the originating
3 handler to notify the originating handler of the
4 rejection and to discuss reshipment of the load. The
5 receiving handler shall:

6 (i) send the shipment back to the originating
7 handler; or

8 (ii) if agreed to by both the originating and
9 receiving handler, send the shipment to a
10 destination facility.

11 (G) If a small quantity handler of universal waste
12 receives a shipment of nonhazardous, non-universal
13 waste, the handler may manage the waste in any way that
14 is in compliance with applicable law.

15 (d) Until the Board adopts rules pursuant to subsection
16 (b), the following additional requirements shall apply:

17 (1) Paints and paint-related wastes that are exempt
18 household wastes or very small quantity generator wastes
19 under existing Board rules remain exempt from the
20 hazardous waste rules but may be managed as universal
21 wastes under 35 Ill. Adm. Code 733.108.

22 (2) Universal waste transporters that transport paints
23 or paint-related wastes that are universal wastes are
24 subject to the existing Board rules for universal waste
25 transporters.

26 (3) Universal waste destination facilities that manage

1 paints or paint-related wastes that are universal wastes
2 are subject to the existing Board rules for universal
3 waste destination facilities.

24 at the end of its term.

25 "Responsible official" means one of the following:

26 (1) For a corporation: a president, secretary,

1 treasurer, or vice-president of the corporation in charge
2 of a principal business function, or any other person who
3 performs similar policy or decision-making functions for
4 the corporation, or a duly authorized representative of
5 such person if the representative is responsible for the
6 overall operation of one or more manufacturing,
7 production, or operating facilities applying for or
8 subject to a permit and either (i) the facilities employ
9 more than 250 persons or have gross annual sales or
10 expenditures exceeding \$25 million (in second quarter 1980
11 dollars), or (ii) the delegation of authority to such
12 representative is approved in advance by the Agency.

13 (2) For a partnership or sole proprietorship: a
14 general partner or the proprietor, respectively, or in the
15 case of a partnership in which all of the partners are
16 corporations, a duly authorized representative of the
17 partnership if the representative is responsible for the
18 overall operation of one or more manufacturing,
19 production, or operating facilities applying for or
20 subject to a permit and either (i) the facilities employ
21 more than 250 persons or have gross annual sales or
22 expenditures exceeding \$25 million (in second quarter 1980
23 dollars), or (ii) the delegation of authority to such
24 representative is approved in advance by the Agency.

25 (3) For a municipality, State, federal ~~Federal~~, or
26 other public agency: either a principal executive officer

1 or ranking elected official. For the purposes of this
2 part, a principal executive officer of a federal ~~Federal~~
3 agency includes the chief executive officer having
4 responsibility for the overall operations of a principal
5 geographic unit of the agency (e.g., a Regional
6 Administrator of USEPA).

7 (4) For affected sources for acid deposition:

8 (i) The designated representative shall be the
9 "responsible official" in so far as actions,
10 standards, requirements, or prohibitions under Title
11 IV of the Clean Air Act or the regulations promulgated
12 thereunder are concerned.

13 (ii) The designated representative may also be the
14 "responsible official" for any other purposes with
15 respect to air pollution control.

16 "Section 502(b)(10) changes" means changes that contravene
17 express permit terms. "Section 502(b)(10) changes" do not
18 include changes that would violate applicable requirements or
19 contravene federally enforceable permit terms or conditions
20 that are monitoring (including test methods), recordkeeping,
21 reporting, or compliance certification requirements.

22 "Solid waste incineration unit" means a distinct operating
23 unit of any facility which combusts any solid waste material
24 from commercial or industrial establishments or the general
25 public (including single and multiple residences, hotels, and
26 motels). The term does not include incinerators or other units

1 required to have a permit under Section 3005 of the Solid Waste
2 Disposal Act. The term also does not include (A) materials
3 recovery facilities (including primary or secondary smelters)
4 which combust waste for the primary purpose of recovering
5 metals, (B) qualifying small power production facilities, as
6 defined in Section 3(17)(C) of the Federal Power Act (16
7 U.S.C. 769(17)(C)), or qualifying cogeneration facilities, as
8 defined in Section 3(18)(B) of the Federal Power Act (16
9 U.S.C. 796(18)(B)), which burn homogeneous waste (such as
10 units which burn tires or used oil, but not including
11 refuse-derived fuel) for the production of electric energy or
12 in the case of qualifying cogeneration facilities which burn
13 homogeneous waste for the production of electric energy and
14 steam or forms of useful energy (such as heat) which are used
15 for industrial, commercial, heating, or cooling purposes, or
16 (C) air curtain incinerators provided that such incinerators
17 only burn wood wastes, yard waste, and clean lumber and that
18 such air curtain incinerators comply with opacity limitations
19 to be established by the USEPA by rule.

20 "Source" means any stationary source (or any group of
21 stationary sources) that is located on one or more contiguous
22 or adjacent properties that are under common control of the
23 same person (or persons under common control) and that belongs
24 to a single major industrial grouping. For the purposes of
25 defining "source," a stationary source or group of stationary
26 sources shall be considered part of a single major industrial

1 grouping if all of the pollutant emitting activities at such
2 source or group of sources located on contiguous or adjacent
3 properties and under common control belong to the same Major
4 Group (i.e., all have the same two-digit code) as described in
5 the Standard Industrial Classification Manual, 1987, or such
6 pollutant emitting activities at a stationary source (or group
7 of stationary sources) located on contiguous or adjacent
8 properties and under common control constitute a support
9 facility. The determination as to whether any group of
10 stationary sources is located on contiguous or adjacent
11 properties, and/or is under common control, and/or whether the
12 pollutant emitting activities at such group of stationary
13 sources constitute a support facility shall be made on a
14 case-by-case ~~case-by-case~~ basis.

15 "Stationary source" means any building, structure,
16 facility, or installation that emits or may emit any regulated
17 air pollutant or any pollutant listed under Section 112(b) of
18 the Clean Air Act, except those emissions resulting directly
19 from an internal combustion engine for transportation purposes
20 or from a nonroad engine or nonroad vehicle as defined in
21 Section 216 of the Clean Air Act.

22 "Subject to regulation" has the meaning given to it in 40
23 CFR 70.2, as now or hereafter amended.

24 "Support facility" means any stationary source (or group
25 of stationary sources) that conveys, stores, or otherwise
26 assists to a significant extent in the production of a

1 principal product at another stationary source (or group of
2 stationary sources). A support facility shall be considered to
3 be part of the same source as the stationary source (or group
4 of stationary sources) that it supports regardless of the
5 2-digit Standard Industrial Classification code for the
6 support facility.

7 "USEPA" means the Administrator of the United States
8 Environmental Protection Agency (USEPA) or a person designated
9 by the Administrator.

10 1.1. Exclusion From the CAAPP.

11 a. An owner or operator of a source which determines
12 that the source could be excluded from the CAAPP may seek
13 such exclusion prior to the date that the CAAPP
14 application for the source is due but in no case later than
15 9 months after the effective date of the CAAPP through the
16 imposition of federally enforceable conditions limiting
17 the "potential to emit" of the source to a level below the
18 major source threshold for that source as described in
19 paragraph (c) of subsection 2 of this Section, within a
20 State operating permit issued pursuant to subsection (a)
21 of Section 39 of this Act. After such date, an exclusion
22 from the CAAPP may be sought under paragraph (c) of
23 subsection 3 of this Section.

24 b. An owner or operator of a source seeking exclusion
25 from the CAAPP pursuant to paragraph (a) of this

1 subsection must submit a permit application consistent
2 with the existing State permit program which specifically
3 requests such exclusion through the imposition of such
4 federally enforceable conditions.

5 c. Upon such request, if the Agency determines that
6 the owner or operator of a source has met the requirements
7 for exclusion pursuant to paragraph (a) of this subsection
8 and other applicable requirements for permit issuance
9 under subsection (a) of Section 39 of this Act, the Agency
10 shall issue a State operating permit for such source under
11 subsection (a) of Section 39 of this Act, as amended, and
12 regulations promulgated thereunder with federally
13 enforceable conditions limiting the "potential to emit" of
14 the source to a level below the major source threshold for
15 that source as described in paragraph (c) of subsection 2
16 of this Section.

17 d. The Agency shall provide an owner or operator of a
18 source which may be excluded from the CAAPP pursuant to
19 this subsection with reasonable notice that the owner or
20 operator may seek such exclusion.

21 e. The Agency shall provide such sources with the
22 necessary permit application forms.

23 2. Applicability.

24 a. Sources subject to this Section shall include:

25 i. Any major source as defined in paragraph (c) of

1 this subsection.

2 ii. Any source subject to a standard or other
3 requirements promulgated under Section 111 (New Source
4 Performance Standards) or Section 112 (Hazardous Air
5 Pollutants) of the Clean Air Act, except that a source
6 is not required to obtain a permit solely because it is
7 subject to regulations or requirements under Section
8 112(r) of the Clean Air Act.

9 iii. Any affected source for acid deposition, as
10 defined in subsection 1 of this Section.

11 iv. Any other source subject to this Section under
12 the Clean Air Act or regulations promulgated
13 thereunder, or applicable Board regulations.

14 b. Sources exempted from this Section shall include:

15 i. All sources listed in paragraph (a) of this
16 subsection that are not major sources, affected
17 sources for acid deposition or solid waste
18 incineration units required to obtain a permit
19 pursuant to Section 129(e) of the Clean Air Act, until
20 the source is required to obtain a CAAPP permit
21 pursuant to the Clean Air Act or regulations
22 promulgated thereunder.

23 ii. Nonmajor sources subject to a standard or
24 other requirements subsequently promulgated by USEPA
25 under Section 111 or 112 of the Clean Air Act that are
26 determined by USEPA to be exempt at the time a new

1 standard is promulgated.

2 iii. All sources and source categories that would
3 be required to obtain a permit solely because they are
4 subject to Part 60, Subpart AAA - Standards of
5 Performance for New Residential Wood Heaters (40 CFR
6 Part 60).

7 iv. All sources and source categories that would
8 be required to obtain a permit solely because they are
9 subject to Part 61, Subpart M - National Emission
10 Standard for Hazardous Air Pollutants for Asbestos,
11 Section 61.145 (40 CFR Part 61).

12 v. Any other source categories exempted by USEPA
13 regulations pursuant to Section 502(a) of the Clean
14 Air Act.

15 vi. Major sources of greenhouse gas emissions
16 required to obtain a CAAPP permit under this Section
17 if any of the following occurs:

18 (A) enactment of federal legislation depriving
19 the Administrator of the USEPA of authority to
20 regulate greenhouse gases under the Clean Air Act;

21 (B) the issuance of any opinion, ruling,
22 judgment, order, or decree by a federal court
23 depriving the Administrator of the USEPA of
24 authority to regulate greenhouse gases under the
25 Clean Air Act; or

26 (C) action by the President of the United

1 States or the President's authorized agent,
2 including the Administrator of the USEPA, to
3 repeal or withdraw the Greenhouse Gas Tailoring
4 Rule (75 Fed. Reg. 31514, June 3, 2010).

5 If any event listed in this subparagraph (vi)
6 occurs, CAAPP permits issued after such event shall
7 not impose permit terms or conditions addressing
8 greenhouse gases during the effectiveness of any event
9 listed in subparagraph (vi). If any event listed in
10 this subparagraph (vi) occurs, any owner or operator
11 with a CAAPP permit that includes terms or conditions
12 addressing greenhouse gases may elect to submit an
13 application to the Agency to address a revision or
14 repeal of such terms or conditions. If any owner or
15 operator submits such an application, the Agency shall
16 expeditiously process the permit application in
17 accordance with applicable laws and regulations.
18 Nothing in this subparagraph (vi) shall relieve an
19 owner or operator of a source from the requirement to
20 obtain a CAAPP permit for its emissions of regulated
21 air pollutants other than greenhouse gases, as
22 required by this Section.

23 c. For purposes of this Section the term "major
24 source" means any source that is:

25 i. A major source under Section 112 of the Clean
26 Air Act, which is defined as:

1 A. For pollutants other than radionuclides,
2 any stationary source or group of stationary
3 sources located within a contiguous area and under
4 common control that emits or has the potential to
5 emit, in the aggregate, 10 tons per year (tpy) or
6 more of any hazardous air pollutant which has been
7 listed pursuant to Section 112(b) of the Clean Air
8 Act, 25 tpy or more of any combination of such
9 hazardous air pollutants, or such lesser quantity
10 as USEPA may establish by rule. Notwithstanding
11 the preceding sentence, emissions from any oil or
12 gas exploration or production well (with its
13 associated equipment) and emissions from any
14 pipeline compressor or pump station shall not be
15 aggregated with emissions from other similar
16 units, whether or not such units are in a
17 contiguous area or under common control, to
18 determine whether such stations are major sources.

19 B. For radionuclides, "major source" shall
20 have the meaning specified by the USEPA by rule.

21 ii. A major stationary source of air pollutants,
22 as defined in Section 302 of the Clean Air Act, that
23 directly emits or has the potential to emit, 100 tpy or
24 more of any air pollutant subject to regulation
25 (including any major source of fugitive emissions of
26 any such pollutant, as determined by rule by USEPA).

1 For purposes of this subsection, "fugitive emissions"
2 means those emissions which could not reasonably pass
3 through a stack, chimney, vent, or other functionally
4 equivalent ~~functionally equivalent~~ opening. The
5 fugitive emissions of a stationary source shall not be
6 considered in determining whether it is a major
7 stationary source for the purposes of Section 302(j)
8 of the Clean Air Act, unless the source belongs to one
9 of the following categories of stationary source:

- 10 A. Coal cleaning plants (with thermal dryers).
- 11 B. Kraft pulp mills.
- 12 C. Portland cement plants.
- 13 D. Primary zinc smelters.
- 14 E. Iron and steel mills.
- 15 F. Primary aluminum ore reduction plants.
- 16 G. Primary copper smelters.
- 17 H. Municipal incinerators capable of charging
18 more than 250 tons of refuse per day.
- 19 I. Hydrofluoric, sulfuric, or nitric acid
20 plants.
- 21 J. Petroleum refineries.
- 22 K. Lime plants.
- 23 L. Phosphate rock processing plants.
- 24 M. Coke oven batteries.
- 25 N. Sulfur recovery plants.
- 26 O. Carbon black plants (furnace process).

1 P. Primary lead smelters.

2 Q. Fuel conversion plants.

3 R. Sintering plants.

4 S. Secondary metal production plants.

5 T. Chemical process plants.

6 U. Fossil-fuel boilers (or combination
7 thereof) totaling more than 250 million British
8 thermal units per hour heat input.

9 V. Petroleum storage and transfer units with a
10 total storage capacity exceeding 300,000 barrels.

11 W. Taconite ore processing plants.

12 X. Glass fiber processing plants.

13 Y. Charcoal production plants.

14 Z. Fossil fuel-fired steam electric plants of
15 more than 250 million British thermal units per
16 hour heat input.

17 AA. All other stationary source categories,
18 which as of August 7, 1980 are being regulated by a
19 standard promulgated under Section 111 or 112 of
20 the Clean Air Act.

21 BB. Any other stationary source category
22 designated by USEPA by rule.

23 iii. A major stationary source as defined in part
24 D of Title I of the Clean Air Act including:

25 A. For ozone nonattainment areas, sources with
26 the potential to emit 100 tons or more per year of

1 volatile organic compounds or oxides of nitrogen
2 in areas classified as "marginal" or "moderate",
3 50 tons or more per year in areas classified as
4 "serious", 25 tons or more per year in areas
5 classified as "severe", and 10 tons or more per
6 year in areas classified as "extreme"; except that
7 the references in this clause to 100, 50, 25, and
8 10 tons per year of nitrogen oxides shall not
9 apply with respect to any source for which USEPA
10 has made a finding, under Section 182(f)(1) or (2)
11 of the Clean Air Act, that requirements otherwise
12 applicable to such source under Section 182(f) of
13 the Clean Air Act do not apply. Such sources shall
14 remain subject to the major source criteria of
15 subparagraph (ii) of paragraph (c) of this
16 subsection.

17 B. For ozone transport regions established
18 pursuant to Section 184 of the Clean Air Act,
19 sources with the potential to emit 50 tons or more
20 per year of volatile organic compounds (VOCs).

21 C. For carbon monoxide nonattainment areas (1)
22 that are classified as "serious", and (2) in which
23 stationary sources contribute significantly to
24 carbon monoxide levels as determined under rules
25 issued by USEPA, sources with the potential to
26 emit 50 tons or more per year of carbon monoxide.

1 D. For particulate matter (PM-10)
2 nonattainment areas classified as "serious",
3 sources with the potential to emit 70 tons or more
4 per year of PM-10.

5 3. Agency Authority To Issue CAAPP Permits and Federally
6 Enforceable State Operating Permits.

7 a. The Agency shall issue CAAPP permits under this
8 Section consistent with the Clean Air Act and regulations
9 promulgated thereunder and this Act and regulations
10 promulgated thereunder.

11 b. The Agency shall issue CAAPP permits for fixed
12 terms of 5 years, except CAAPP permits issued for solid
13 waste incineration units combusting municipal waste which
14 shall be issued for fixed terms of 12 years and except
15 CAAPP permits for affected sources for acid deposition
16 which shall be issued for initial terms to expire on
17 December 31, 1999, and for fixed terms of 5 years
18 thereafter.

19 c. The Agency shall have the authority to issue a
20 State operating permit for a source under subsection (a)
21 of Section 39 of this Act, as amended, and regulations
22 promulgated thereunder, which includes federally
23 enforceable conditions limiting the "potential to emit" of
24 the source to a level below the major source threshold for
25 that source as described in paragraph (c) of subsection 2

1 of this Section, thereby excluding the source from the
2 CAAPP, when requested by the applicant pursuant to
3 paragraph (u) of subsection 5 of this Section. The public
4 notice requirements of this Section applicable to CAAPP
5 permits shall also apply to the initial issuance of
6 permits under this paragraph.

7 d. For purposes of this Act, a permit issued by USEPA
8 under Section 505 of the Clean Air Act, as now and
9 hereafter amended, shall be deemed to be a permit issued
10 by the Agency pursuant to this Section 39.5 ~~of this Act~~.

11 4. Transition.

12 a. An owner or operator of a CAAPP source shall not be
13 required to renew an existing State operating permit for
14 any emission unit at such CAAPP source once a CAAPP
15 application timely submitted prior to expiration of the
16 State operating permit has been deemed complete. For
17 purposes other than permit renewal, the obligation upon
18 the owner or operator of a CAAPP source to obtain a State
19 operating permit is not removed upon submittal of the
20 complete CAAPP permit application. An owner or operator of
21 a CAAPP source seeking to make a modification to a source
22 prior to the issuance of its CAAPP permit shall be
23 required to obtain a construction permit, operating
24 permit, or both as required for such modification in
25 accordance with the State permit program under subsection

1 (a) of Section 39 of this Act, as amended, and regulations
2 promulgated thereunder. The application for such
3 construction permit, operating permit, or both shall be
4 considered an amendment to the CAAPP application submitted
5 for such source.

6 b. An owner or operator of a CAAPP source shall
7 continue to operate in accordance with the terms and
8 conditions of its applicable State operating permit
9 notwithstanding the expiration of the State operating
10 permit until the source's CAAPP permit has been issued.

11 c. An owner or operator of a CAAPP source shall submit
12 its initial CAAPP application to the Agency no later than
13 12 months after the effective date of the CAAPP. The
14 Agency may request submittal of initial CAAPP applications
15 during this 12-month period according to a schedule set
16 forth within Agency procedures, however, in no event shall
17 the Agency require such submittal earlier than 3 months
18 after such effective date of the CAAPP. An owner or
19 operator may voluntarily submit its initial CAAPP
20 application prior to the date required within this
21 paragraph or applicable procedures, if any, subsequent to
22 the date the Agency submits the CAAPP to USEPA for
23 approval.

24 d. The Agency shall act on initial CAAPP applications
25 in accordance with paragraph (j) of subsection 5 of this
26 Section.

1 e. For purposes of this Section, the term "initial
2 CAAPP application" shall mean the first CAAPP application
3 submitted for a source existing as of the effective date
4 of the CAAPP.

5 f. The Agency shall provide owners or operators of
6 CAAPP sources with at least 3 months advance notice of the
7 date on which their applications are required to be
8 submitted. In determining which sources shall be subject
9 to early submittal, the Agency shall include among its
10 considerations the complexity of the permit application,
11 and the burden that such early submittal will have on the
12 source.

13 g. The CAAPP permit shall upon becoming effective
14 supersede the State operating permit.

15 h. The Agency shall have the authority to adopt
16 procedural rules, in accordance with the Illinois
17 Administrative Procedure Act, as the Agency deems
18 necessary, to implement this subsection.

19 5. Applications and Completeness.

20 a. An owner or operator of a CAAPP source shall submit
21 its complete CAAPP application consistent with the Act and
22 applicable regulations.

23 b. An owner or operator of a CAAPP source shall submit
24 a single complete CAAPP application covering all emission
25 units at that source.

1 c. To be deemed complete, a CAAPP application must
2 provide all information, as requested in Agency
3 application forms, sufficient to evaluate the subject
4 source and its application and to determine all applicable
5 requirements, pursuant to the Clean Air Act, and
6 regulations thereunder, this Act and regulations
7 thereunder. Such Agency application forms shall be
8 finalized and made available prior to the date on which
9 any CAAPP application is required.

10 d. An owner or operator of a CAAPP source shall
11 submit, as part of its complete CAAPP application, a
12 compliance plan, including a schedule of compliance,
13 describing how each emission unit will comply with all
14 applicable requirements. Any such schedule of compliance
15 shall be supplemental to, and shall not sanction
16 noncompliance with, the applicable requirements on which
17 it is based.

18 e. Each submitted CAAPP application shall be certified
19 for truth, accuracy, and completeness by a responsible
20 official in accordance with applicable regulations.

21 f. The Agency shall provide notice to a CAAPP
22 applicant as to whether a submitted CAAPP application is
23 complete. Unless the Agency notifies the applicant of
24 incompleteness, within 60 days after receipt of the CAAPP
25 application, the application shall be deemed complete. The
26 Agency may request additional information as needed to

1 make the completeness determination. The Agency may to the
2 extent practicable provide the applicant with a reasonable
3 opportunity to correct deficiencies prior to a final
4 determination of completeness.

5 g. If after the determination of completeness the
6 Agency finds that additional information is necessary to
7 evaluate or take final action on the CAAPP application,
8 the Agency may request in writing such information from
9 the source with a reasonable deadline for response.

10 h. If the owner or operator of a CAAPP source submits a
11 timely and complete CAAPP application, the source's
12 failure to have a CAAPP permit shall not be a violation of
13 this Section until the Agency takes final action on the
14 submitted CAAPP application, provided, however, where the
15 applicant fails to submit the requested information under
16 paragraph (g) of this subsection 5 within the time frame
17 specified by the Agency, this protection shall cease to
18 apply.

19 i. Any applicant who fails to submit any relevant
20 facts necessary to evaluate the subject source and its
21 CAAPP application or who has submitted incorrect
22 information in a CAAPP application shall, upon becoming
23 aware of such failure or incorrect submittal, submit
24 supplementary facts or correct information to the Agency.
25 In addition, an applicant shall provide to the Agency
26 additional information as necessary to address any

1 requirements which become applicable to the source
2 subsequent to the date the applicant submitted its
3 complete CAAPP application but prior to release of the
4 draft CAAPP permit.

5 j. The Agency shall issue or deny the CAAPP permit
6 within 18 months after the date of receipt of the complete
7 CAAPP application, with the following exceptions: (i)
8 permits for affected sources for acid deposition shall be
9 issued or denied within 6 months after receipt of a
10 complete application in accordance with subsection 17 of
11 this Section; (ii) the Agency shall act on initial CAAPP
12 applications within 24 months after the date of receipt of
13 the complete CAAPP application; (iii) the Agency shall act
14 on complete applications containing early reduction
15 demonstrations under Section 112(i)(5) of the Clean Air
16 Act within 9 months of receipt of the complete CAAPP
17 application.

18 Where the Agency does not take final action on the
19 permit within the required time period, the permit shall
20 not be deemed issued; rather, the failure to act shall be
21 treated as a final permit action for purposes of judicial
22 review pursuant to Sections 40.2 and 41 of this Act.

23 k. The submittal of a complete CAAPP application shall
24 not affect the requirement that any source have a
25 preconstruction permit under Title I of the Clean Air Act.

26 1. Unless a timely and complete renewal application

1 has been submitted consistent with this subsection, a
2 CAAPP source operating upon the expiration of its CAAPP
3 permit shall be deemed to be operating without a CAAPP
4 permit. Such operation is prohibited under this Act.

5 m. Permits being renewed shall be subject to the same
6 procedural requirements, including those for public
7 participation and federal review and objection, that apply
8 to original permit issuance.

9 n. For purposes of permit renewal, a timely
10 application is one that is submitted no less than 9 months
11 prior to the date of permit expiration.

12 o. The terms and conditions of a CAAPP permit shall
13 remain in effect until the issuance of a CAAPP renewal
14 permit provided a timely and complete CAAPP application
15 has been submitted.

16 p. The owner or operator of a CAAPP source seeking a
17 permit shield pursuant to paragraph (j) of subsection 7 of
18 this Section shall request such permit shield in the CAAPP
19 application regarding that source.

20 q. The Agency shall make available to the public all
21 documents submitted by the applicant to the Agency,
22 including each CAAPP application, compliance plan
23 (including the schedule of compliance), and emissions or
24 compliance monitoring report, with the exception of
25 information entitled to confidential treatment pursuant to
26 Section 7 of this Act.

1 r. The Agency shall use the standardized forms
2 required under Title IV of the Clean Air Act and
3 regulations promulgated thereunder for affected sources
4 for acid deposition.

5 s. An owner or operator of a CAAPP source may include
6 within its CAAPP application a request for permission to
7 operate during a startup, malfunction, or breakdown
8 consistent with applicable Board regulations.

9 t. An owner or operator of a CAAPP source, in order to
10 utilize the operational flexibility provided under
11 paragraph (1) of subsection 7 of this Section, must
12 request such use and provide the necessary information
13 within its CAAPP application.

14 u. An owner or operator of a CAAPP source which seeks
15 exclusion from the CAAPP through the imposition of
16 federally enforceable conditions, pursuant to paragraph
17 (c) of subsection 3 of this Section, must request such
18 exclusion within a CAAPP application submitted consistent
19 with this subsection on or after the date that the CAAPP
20 application for the source is due. Prior to such date, but
21 in no case later than 9 months after the effective date of
22 the CAAPP, such owner or operator may request the
23 imposition of federally enforceable conditions pursuant to
24 paragraph (b) of subsection 1.1 of this Section.

25 v. CAAPP applications shall contain accurate
26 information on allowable emissions to implement the fee

1 provisions of subsection 18 of this Section.

2 w. An owner or operator of a CAAPP source shall submit
3 within its CAAPP application emissions information
4 regarding all regulated air pollutants emitted at that
5 source consistent with applicable Agency procedures.
6 Emissions information regarding insignificant activities
7 or emission levels, as determined by the Agency pursuant
8 to Board regulations, may be submitted as a list within
9 the CAAPP application. The Agency shall propose
10 regulations to the Board defining insignificant activities
11 or emission levels, consistent with federal regulations,
12 if any, no later than 18 months after the effective date of
13 Public Act 87-1213 ~~this amendatory Act of 1992~~, consistent
14 with Section 112(n)(1) of the Clean Air Act. The Board
15 shall adopt final regulations defining insignificant
16 activities or emission levels no later than 9 months after
17 the date of the Agency's proposal.

18 x. The owner or operator of a new CAAPP source shall
19 submit its complete CAAPP application consistent with this
20 subsection within 12 months after commencing operation of
21 such source. The owner or operator of an existing source
22 that has been excluded from the provisions of this Section
23 under subsection 1.1 or paragraph (c) of subsection 3 of
24 this Section and that becomes subject to the CAAPP solely
25 due to a change in operation at the source shall submit its
26 complete CAAPP application consistent with this subsection

1 at least 180 days before commencing operation in
2 accordance with the change in operation.

3 y. The Agency shall have the authority to adopt
4 procedural rules, in accordance with the Illinois
5 Administrative Procedure Act, as the Agency deems
6 necessary to implement this subsection.

7 6. Prohibitions.

8 a. It shall be unlawful for any person to violate any
9 terms or conditions of a permit issued under this Section,
10 to operate any CAAPP source except in compliance with a
11 permit issued by the Agency under this Section or to
12 violate any other applicable requirements. All terms and
13 conditions of a permit issued under this Section are
14 enforceable by USEPA and citizens under the Clean Air Act,
15 except those, if any, that are specifically designated as
16 not being federally enforceable in the permit pursuant to
17 paragraph (m) of subsection 7 of this Section.

18 b. After the applicable CAAPP permit or renewal
19 application submittal date, as specified in subsection 5
20 of this Section, no person shall operate a CAAPP source
21 without a CAAPP permit unless the complete CAAPP permit or
22 renewal application for such source has been timely
23 submitted to the Agency.

24 c. No owner or operator of a CAAPP source shall cause
25 or threaten or allow the continued operation of an

1 emission source during malfunction or breakdown of the
2 emission source or related air pollution control equipment
3 if such operation would cause a violation of the standards
4 or limitations applicable to the source, unless the CAAPP
5 permit granted to the source provides for such operation
6 consistent with this Act and applicable Board regulations.

7 7. Permit Content.

8 a. All CAAPP permits shall contain emission
9 limitations and standards and other enforceable terms and
10 conditions, including, but not limited to, operational
11 requirements, and schedules for achieving compliance at
12 the earliest reasonable date, which are or will be
13 required to accomplish the purposes and provisions of this
14 Act and to assure compliance with all applicable
15 requirements.

16 b. The Agency shall include among such conditions
17 applicable monitoring, reporting, recordkeeping, ~~record~~
18 ~~keeping~~ and compliance certification requirements, as
19 authorized by paragraphs (d), (e), and (f) of this
20 subsection, that the Agency deems necessary to assure
21 compliance with the Clean Air Act, the regulations
22 promulgated thereunder, this Act, and applicable Board
23 regulations. When monitoring, reporting, recordkeeping
24 ~~record-keeping,~~ and compliance certification requirements
25 are specified within the Clean Air Act, regulations

1 promulgated thereunder, this Act, or applicable
2 regulations, such requirements shall be included within
3 the CAAPP permit. The Board shall have authority to
4 promulgate additional regulations where necessary to
5 accomplish the purposes of the Clean Air Act, this Act,
6 and regulations promulgated thereunder.

7 c. The Agency shall assure, within such conditions,
8 the use of terms, test methods, units, averaging periods,
9 and other statistical conventions consistent with the
10 applicable emission limitations, standards, and other
11 requirements contained in the permit.

12 d. To meet the requirements of this subsection with
13 respect to monitoring, the permit shall:

14 i. Incorporate and identify all applicable
15 emissions monitoring and analysis procedures or test
16 methods required under the Clean Air Act, regulations
17 promulgated thereunder, this Act, and applicable Board
18 regulations, including any procedures and methods
19 promulgated by USEPA pursuant to Section 504(b) or
20 Section 114 (a) (3) of the Clean Air Act.

21 ii. Where the applicable requirement does not
22 require periodic testing or instrumental or
23 noninstrumental monitoring (which may consist of
24 recordkeeping designed to serve as monitoring),
25 require periodic monitoring sufficient to yield
26 reliable data from the relevant time period that is

1 representative of the source's compliance with the
2 permit, as reported pursuant to paragraph (f) of this
3 subsection. The Agency may determine that
4 recordkeeping requirements are sufficient to meet the
5 requirements of this subparagraph.

6 iii. As necessary, specify requirements concerning
7 the use, maintenance, and when appropriate,
8 installation of monitoring equipment or methods.

9 e. To meet the requirements of this subsection with
10 respect to recordkeeping ~~record keeping~~, the permit shall
11 incorporate and identify all applicable recordkeeping
12 requirements and require, where applicable, the following:

13 i. Records of required monitoring information that
14 include the following:

15 A. The date, place and time of sampling or
16 measurements.

17 B. The date(s) analyses were performed.

18 C. The company or entity that performed the
19 analyses.

20 D. The analytical techniques or methods used.

21 E. The results of such analyses.

22 F. The operating conditions as existing at the
23 time of sampling or measurement.

24 ii. Retention of records of all monitoring data
25 and support information for a period of at least 5
26 years from the date of the monitoring sample,

1 measurement, report, or application. Support
2 information includes all calibration and maintenance
3 records, original strip-chart recordings for
4 continuous monitoring instrumentation, and copies of
5 all reports required by the permit.

6 f. To meet the requirements of this subsection with
7 respect to reporting, the permit shall incorporate and
8 identify all applicable reporting requirements and require
9 the following:

10 i. Submittal of reports of any required monitoring
11 every 6 months. More frequent submittals may be
12 requested by the Agency if such submittals are
13 necessary to assure compliance with this Act or
14 regulations promulgated by the Board thereunder. All
15 instances of deviations from permit requirements must
16 be clearly identified in such reports. All required
17 reports must be certified by a responsible official
18 consistent with subsection 5 of this Section.

19 ii. Prompt reporting of deviations from permit
20 requirements, including those attributable to upset
21 conditions as defined in the permit, the probable
22 cause of such deviations, and any corrective actions
23 or preventive measures taken.

24 g. Each CAAPP permit issued under subsection 10 of
25 this Section shall include a condition prohibiting
26 emissions exceeding any allowances that the source

1 lawfully holds under Title IV of the Clean Air Act or the
2 regulations promulgated thereunder, consistent with
3 subsection 17 of this Section and applicable regulations,
4 if any.

5 h. All CAAPP permits shall state that, where another
6 applicable requirement of the Clean Air Act is more
7 stringent than any applicable requirement of regulations
8 promulgated under Title IV of the Clean Air Act, both
9 provisions shall be incorporated into the permit and shall
10 be State and federally enforceable.

11 i. Each CAAPP permit issued under subsection 10 of
12 this Section shall include a severability clause to ensure
13 the continued validity of the various permit requirements
14 in the event of a challenge to any portions of the permit.

15 j. The following shall apply with respect to owners or
16 operators requesting a permit shield:

17 i. The Agency shall include in a CAAPP permit,
18 when requested by an applicant pursuant to paragraph
19 (p) of subsection 5 of this Section, a provision
20 stating that compliance with the conditions of the
21 permit shall be deemed compliance with applicable
22 requirements which are applicable as of the date of
23 release of the proposed permit, provided that:

24 A. The applicable requirement is specifically
25 identified within the permit; or

26 B. The Agency in acting on the CAAPP

1 application or revision determines in writing that
2 other requirements specifically identified are not
3 applicable to the source, and the permit includes
4 that determination or a concise summary thereof.

5 ii. The permit shall identify the requirements for
6 which the source is shielded. The shield shall not
7 extend to applicable requirements which are
8 promulgated after the date of release of the proposed
9 permit unless the permit has been modified to reflect
10 such new requirements.

11 iii. A CAAPP permit which does not expressly
12 indicate the existence of a permit shield shall not
13 provide such a shield.

14 iv. Nothing in this paragraph or in a CAAPP permit
15 shall alter or affect the following:

16 A. The provisions of Section 303 (emergency
17 powers) of the Clean Air Act, including USEPA's
18 authority under that section.

19 B. The liability of an owner or operator of a
20 source for any violation of applicable
21 requirements prior to or at the time of permit
22 issuance.

23 C. The applicable requirements of the acid
24 rain program consistent with Section 408(a) of the
25 Clean Air Act.

26 D. The ability of USEPA to obtain information

1 from a source pursuant to Section 114
2 (inspections, monitoring, and entry) of the Clean
3 Air Act.

4 k. Each CAAPP permit shall include an emergency
5 provision providing an affirmative defense of emergency to
6 an action brought for noncompliance with technology-based
7 emission limitations under a CAAPP permit if the following
8 conditions are met through properly signed,
9 contemporaneous operating logs, or other relevant
10 evidence:

11 i. An emergency occurred and the permittee can
12 identify the cause(s) of the emergency.

13 ii. The permitted facility was at the time being
14 properly operated.

15 iii. The permittee submitted notice of the
16 emergency to the Agency within 2 working days after
17 the time when emission limitations were exceeded due
18 to the emergency. This notice must contain a detailed
19 description of the emergency, any steps taken to
20 mitigate emissions, and corrective actions taken.

21 iv. During the period of the emergency the
22 permittee took all reasonable steps to minimize levels
23 of emissions that exceeded the emission limitations,
24 standards, or requirements in the permit.

25 For purposes of this subsection, "emergency" means any
26 situation arising from sudden and reasonably unforeseeable

1 events beyond the control of the source, such as an act of
2 God, that requires immediate corrective action to restore
3 normal operation, and that causes the source to exceed a
4 technology-based emission limitation under the permit, due
5 to unavoidable increases in emissions attributable to the
6 emergency. An emergency shall not include noncompliance to
7 the extent caused by improperly designed equipment, lack
8 of preventative maintenance, careless or improper
9 operation, or operation error.

10 In any enforcement proceeding, the permittee seeking
11 to establish the occurrence of an emergency has the burden
12 of proof. This provision is in addition to any emergency
13 or upset provision contained in any applicable
14 requirement. This provision does not relieve a permittee
15 of any reporting obligations under existing federal or
16 state laws or regulations.

17 1. The Agency shall include in each permit issued
18 under subsection 10 of this Section:

19 i. Terms and conditions for reasonably anticipated
20 operating scenarios identified by the source in its
21 application. The permit terms and conditions for each
22 such operating scenario shall meet all applicable
23 requirements and the requirements of this Section.

24 A. Under this subparagraph, the source must
25 record in a log at the permitted facility a record
26 of the scenario under which it is operating

1 contemporaneously with making a change from one
2 operating scenario to another.

3 B. The permit shield described in paragraph
4 (j) of subsection 7 of this Section shall extend
5 to all terms and conditions under each such
6 operating scenario.

7 ii. Where requested by an applicant, all terms and
8 conditions allowing for trading of emissions increases
9 and decreases between different emission units at the
10 CAAPP source, to the extent that the applicable
11 requirements provide for trading of such emissions
12 increases and decreases without a case-by-case
13 approval of each emissions trade. Such terms and
14 conditions:

15 A. Shall include all terms required under this
16 subsection to determine compliance;

17 B. Must meet all applicable requirements;

18 C. Shall extend the permit shield described in
19 paragraph (j) of subsection 7 of this Section to
20 all terms and conditions that allow such increases
21 and decreases in emissions.

22 m. The Agency shall specifically designate as not
23 being federally enforceable under the Clean Air Act any
24 terms and conditions included in the permit that are not
25 specifically required under the Clean Air Act or federal
26 regulations promulgated thereunder. Terms or conditions so

1 designated shall be subject to all applicable State
2 requirements, except the requirements of subsection 7
3 (other than this paragraph, paragraph q of subsection 7,
4 subsections 8 through 11, and subsections 13 through 16 of
5 this Section). The Agency shall, however, include such
6 terms and conditions in the CAAPP permit issued to the
7 source.

8 n. Each CAAPP permit issued under subsection 10 of
9 this Section shall specify and reference the origin of and
10 authority for each term or condition, and identify any
11 difference in form as compared to the applicable
12 requirement upon which the term or condition is based.

13 o. Each CAAPP permit issued under subsection 10 of
14 this Section shall include provisions stating the
15 following:

16 i. Duty to comply. The permittee must comply with
17 all terms and conditions of the CAAPP permit. Any
18 permit noncompliance constitutes a violation of the
19 Clean Air Act and the Act, and is grounds for any or
20 all of the following: enforcement action; permit
21 termination, revocation and reissuance, or
22 modification; or denial of a permit renewal
23 application.

24 ii. Need to halt or reduce activity not a defense.
25 It shall not be a defense for a permittee in an
26 enforcement action that it would have been necessary

1 to halt or reduce the permitted activity in order to
2 maintain compliance with the conditions of this
3 permit.

4 iii. Permit actions. The permit may be modified,
5 revoked, reopened, and reissued, or terminated for
6 cause in accordance with the applicable subsections of
7 this Section 39.5 ~~of this Act~~. The filing of a request
8 by the permittee for a permit modification, revocation
9 and reissuance, or termination, or of a notification
10 of planned changes or anticipated noncompliance does
11 not stay any permit condition.

12 iv. Property rights. The permit does not convey
13 any property rights of any sort, or any exclusive
14 privilege.

15 v. Duty to provide information. The permittee
16 shall furnish to the Agency within a reasonable time
17 specified by the Agency any information that the
18 Agency may request in writing to determine whether
19 cause exists for modifying, revoking and reissuing, or
20 terminating the permit or to determine compliance with
21 the permit. Upon request, the permittee shall also
22 furnish to the Agency copies of records required to be
23 kept by the permit or, for information claimed to be
24 confidential, the permittee may furnish such records
25 directly to USEPA along with a claim of
26 confidentiality.

1 vi. Duty to pay fees. The permittee must pay fees
2 to the Agency consistent with the fee schedule
3 approved pursuant to subsection 18 of this Section,
4 and submit any information relevant thereto.

5 vii. Emissions trading. No permit revision shall
6 be required for increases in emissions allowed under
7 any approved economic incentives, marketable permits,
8 emissions trading, and other similar programs or
9 processes for changes that are provided for in the
10 permit and that are authorized by the applicable
11 requirement.

12 p. Each CAAPP permit issued under subsection 10 of
13 this Section shall contain the following elements with
14 respect to compliance:

15 i. Compliance certification, testing, monitoring,
16 reporting, and recordkeeping ~~record—keeping~~
17 requirements sufficient to assure compliance with the
18 terms and conditions of the permit. Any document
19 (including reports) required by a CAAPP permit shall
20 contain a certification by a responsible official that
21 meets the requirements of subsection 5 of this Section
22 and applicable regulations.

23 ii. Inspection and entry requirements that
24 necessitate that, upon presentation of credentials and
25 other documents as may be required by law and in
26 accordance with constitutional limitations, the

1 permittee shall allow the Agency, or an authorized
2 representative to perform the following:

3 A. Enter upon the permittee's premises where a
4 CAAPP source is located or emissions-related
5 activity is conducted, or where records must be
6 kept under the conditions of the permit.

7 B. Have access to and copy, at reasonable
8 times, any records that must be kept under the
9 conditions of the permit.

10 C. Inspect at reasonable times any facilities,
11 equipment (including monitoring and air pollution
12 control equipment), practices, or operations
13 regulated or required under the permit.

14 D. Sample or monitor any substances or
15 parameters at any location:

16 1. As authorized by the Clean Air Act, at
17 reasonable times, for the purposes of assuring
18 compliance with the CAAPP permit or applicable
19 requirements; or

20 2. As otherwise authorized by this Act.

21 iii. A schedule of compliance consistent with
22 subsection 5 of this Section and applicable
23 regulations.

24 iv. Progress reports consistent with an applicable
25 schedule of compliance pursuant to paragraph (d) of
26 subsection 5 of this Section and applicable

1 regulations to be submitted semiannually, or more
2 frequently if the Agency determines that such more
3 frequent submittals are necessary for compliance with
4 the Act or regulations promulgated by the Board
5 thereunder. Such progress reports shall contain the
6 following:

7 A. Required dates for achieving the
8 activities, milestones, or compliance required by
9 the schedule of compliance and dates when such
10 activities, milestones, or compliance were
11 achieved.

12 B. An explanation of why any dates in the
13 schedule of compliance were not or will not be
14 met, and any preventive or corrective measures
15 adopted.

16 v. Requirements for compliance certification with
17 terms and conditions contained in the permit,
18 including emission limitations, standards, or work
19 practices. Permits shall include each of the
20 following:

21 A. The frequency (annually or more frequently
22 as specified in any applicable requirement or by
23 the Agency pursuant to written procedures) of
24 submissions of compliance certifications.

25 B. A means for assessing or monitoring the
26 compliance of the source with its emissions

1 limitations, standards, and work practices.

2 C. A requirement that the compliance
3 certification include the following:

4 1. The identification of each term or
5 condition contained in the permit that is the
6 basis of the certification.

7 2. The compliance status.

8 3. Whether compliance was continuous or
9 intermittent.

10 4. The method(s) used for determining the
11 compliance status of the source, both
12 currently and over the reporting period
13 consistent with subsection 7 of this Section.

14 D. A requirement that all compliance
15 certifications be submitted to the Agency.

16 E. Additional requirements as may be specified
17 pursuant to Sections 114(a)(3) and 504(b) of the
18 Clean Air Act.

19 F. Other provisions as the Agency may require.

20 q. If the owner or operator of CAAPP source can
21 demonstrate in its CAAPP application, including an
22 application for a significant modification, that an
23 alternative emission limit would be equivalent to that
24 contained in the applicable Board regulations, the Agency
25 shall include the alternative emission limit in the CAAPP
26 permit, which shall supersede the emission limit set forth

1 in the applicable Board regulations, and shall include
2 conditions that insure that the resulting emission limit
3 is quantifiable, accountable, enforceable, and based on
4 replicable procedures.

5 8. Public Notice; Affected State Review.

6 a. The Agency shall provide notice to the public,
7 including an opportunity for public comment and a hearing,
8 on each draft CAAPP permit for issuance, renewal, or
9 significant modification, subject to Section 7.1 and
10 subsection (a) of Section 7 of this Act.

11 b. The Agency shall prepare a draft CAAPP permit and a
12 statement that sets forth the legal and factual basis for
13 the draft CAAPP permit conditions, including references to
14 the applicable statutory or regulatory provisions. The
15 Agency shall provide this statement to any person who
16 requests it.

17 c. The Agency shall give notice of each draft CAAPP
18 permit to the applicant and to any affected State on or
19 before the time that the Agency has provided notice to the
20 public, except as otherwise provided in this Act.

21 d. The Agency, as part of its submittal of a proposed
22 permit to USEPA (or as soon as possible after the
23 submittal for minor permit modification procedures allowed
24 under subsection 14 of this Section), shall notify USEPA
25 and any affected State in writing of any refusal of the

1 Agency to accept all of the recommendations for the
2 proposed permit that an affected State submitted during
3 the public or affected State review period. The notice
4 shall include the Agency's reasons for not accepting the
5 recommendations. The Agency is not required to accept
6 recommendations that are not based on applicable
7 requirements or the requirements of this Section.

8 e. The Agency shall make available to the public any
9 CAAPP permit application, compliance plan (including the
10 schedule of compliance), CAAPP permit, and emissions or
11 compliance monitoring report. If an owner or operator of a
12 CAAPP source is required to submit information entitled to
13 protection from disclosure under Section 7.1 and
14 subsection (a) of Section 7 of this Act, the owner or
15 operator shall submit such information separately. The
16 requirements of Section 7.1 and subsection (a) of Section
17 7 of this Act shall apply to such information, which shall
18 not be included in a CAAPP permit unless required by law.
19 The contents of a CAAPP permit shall not be entitled to
20 protection under Section 7.1 and subsection (a) of Section
21 7 of this Act.

22 f. The Agency shall have the authority to adopt
23 procedural rules, in accordance with the Illinois
24 Administrative Procedure Act, as the Agency deems
25 necessary, to implement this subsection.

26 g. If requested by the permit applicant, the Agency

1 shall provide the permit applicant with a copy of the
2 draft CAAPP permit prior to any public review period. If
3 requested by the permit applicant, the Agency shall
4 provide the permit applicant with a copy of the final
5 CAAPP permit prior to issuance of the CAAPP permit.

6 9. USEPA Notice and Objection.

7 a. The Agency shall provide to USEPA for its review a
8 copy of each CAAPP application (including any application
9 for permit modification), statement of basis as provided
10 in paragraph (b) of subsection 8 of this Section, proposed
11 CAAPP permit, CAAPP permit, and, if the Agency does not
12 incorporate any affected State's recommendations on a
13 proposed CAAPP permit, a written statement of this
14 decision and its reasons for not accepting the
15 recommendations, except as otherwise provided in this Act
16 or by agreement with USEPA. To the extent practicable, the
17 preceding information shall be provided in computer
18 readable format compatible with USEPA's national database
19 management system.

20 b. The Agency shall not issue the proposed CAAPP
21 permit if USEPA objects in writing within 45 days after
22 receipt of the proposed CAAPP permit and all necessary
23 supporting information.

24 c. If USEPA objects in writing to the issuance of the
25 proposed CAAPP permit within the 45-day period, the Agency

1 shall respond in writing and may revise and resubmit the
2 proposed CAAPP permit in response to the stated objection,
3 to the extent supported by the record, within 90 days
4 after the date of the objection. Prior to submitting a
5 revised permit to USEPA, the Agency shall provide the
6 applicant and any person who participated in the public
7 comment process, pursuant to subsection 8 of this Section,
8 with a 10-day period to comment on any revision which the
9 Agency is proposing to make to the permit in response to
10 USEPA's objection in accordance with Agency procedures.

11 d. Any USEPA objection under this subsection,
12 according to the Clean Air Act, will include a statement
13 of reasons for the objection and a description of the
14 terms and conditions that must be in the permit, in order
15 to adequately respond to the objections. Grounds for a
16 USEPA objection include the failure of the Agency to: (1)
17 submit the items and notices required under this
18 subsection; (2) submit any other information necessary to
19 adequately review the proposed CAAPP permit; or (3)
20 process the permit under subsection 8 of this Section
21 except for minor permit modifications.

22 e. If USEPA does not object in writing to issuance of a
23 permit under this subsection, any person may petition
24 USEPA within 60 days after expiration of the 45-day review
25 period to make such objection.

26 f. If the permit has not yet been issued and USEPA

1 objects to the permit as a result of a petition, the Agency
2 shall not issue the permit until USEPA's objection has
3 been resolved. The Agency shall provide a 10-day comment
4 period in accordance with paragraph c of this subsection.
5 A petition does not, however, stay the effectiveness of a
6 permit or its requirements if the permit was issued after
7 expiration of the 45-day review period and prior to a
8 USEPA objection.

9 g. If the Agency has issued a permit after expiration
10 of the 45-day review period and prior to receipt of a USEPA
11 objection under this subsection in response to a petition
12 submitted pursuant to paragraph e of this subsection, the
13 Agency may, upon receipt of an objection from USEPA,
14 revise and resubmit the permit to USEPA pursuant to this
15 subsection after providing a 10-day comment period in
16 accordance with paragraph c of this subsection. If the
17 Agency fails to submit a revised permit in response to the
18 objection, USEPA shall modify, terminate, or revoke the
19 permit. In any case, the source will not be in violation of
20 the requirement to have submitted a timely and complete
21 application.

22 h. The Agency shall have the authority to adopt
23 procedural rules, in accordance with the Illinois
24 Administrative Procedure Act, as the Agency deems
25 necessary, to implement this subsection.

1 10. Final Agency Action.

2 a. The Agency shall issue a CAAPP permit, permit
3 modification, or permit renewal if all of the following
4 conditions are met:

5 i. The applicant has submitted a complete and
6 certified application for a permit, permit
7 modification, or permit renewal consistent with
8 subsections 5 and 14 of this Section, as applicable,
9 and applicable regulations.

10 ii. The applicant has submitted with its complete
11 application an approvable compliance plan, including a
12 schedule for achieving compliance, consistent with
13 subsection 5 of this Section and applicable
14 regulations.

15 iii. The applicant has timely paid the fees
16 required pursuant to subsection 18 of this Section and
17 applicable regulations.

18 iv. The Agency has received a complete CAAPP
19 application and, if necessary, has requested and
20 received additional information from the applicant
21 consistent with subsection 5 of this Section and
22 applicable regulations.

23 v. The Agency has complied with all applicable
24 provisions regarding public notice and affected State
25 review consistent with subsection 8 of this Section
26 and applicable regulations.

1 vi. The Agency has provided a copy of each CAAPP
2 application, or summary thereof, pursuant to agreement
3 with USEPA and proposed CAAPP permit required under
4 subsection 9 of this Section to USEPA, and USEPA has
5 not objected to the issuance of the permit in
6 accordance with the Clean Air Act and 40 CFR Part 70.

7 b. The Agency shall have the authority to deny a CAAPP
8 permit, permit modification, or permit renewal if the
9 applicant has not complied with the requirements of
10 subparagraphs (i) through (iv) of paragraph (a) of this
11 subsection or if USEPA objects to its issuance.

12 c. i. Prior to denial of a CAAPP permit, permit
13 modification, or permit renewal under this Section,
14 the Agency shall notify the applicant of the possible
15 denial and the reasons for the denial.

16 ii. Within such notice, the Agency shall specify
17 an appropriate date by which the applicant shall
18 adequately respond to the Agency's notice. Such date
19 shall not exceed 15 days from the date the
20 notification is received by the applicant. The Agency
21 may grant a reasonable extension for good cause shown.

22 iii. Failure by the applicant to adequately
23 respond by the date specified in the notification or
24 by any granted extension date shall be grounds for
25 denial of the permit.

26 For purposes of obtaining judicial review under

1 Sections 40.2 and 41 of this Act, the Agency shall
2 provide to USEPA and each applicant, and, upon
3 request, to affected States, any person who
4 participated in the public comment process, and any
5 other person who could obtain judicial review under
6 Sections 40.2 and 41 of this Act, a copy of each CAAPP
7 permit or notification of denial pertaining to that
8 party.

9 d. The Agency shall have the authority to adopt
10 procedural rules, in accordance with the Illinois
11 Administrative Procedure Act, as the Agency deems
12 necessary, to implement this subsection.

13 11. General Permits.

14 a. The Agency may issue a general permit covering
15 numerous similar sources, except for affected sources for
16 acid deposition unless otherwise provided in regulations
17 promulgated under Title IV of the Clean Air Act.

18 b. The Agency shall identify, in any general permit,
19 criteria by which sources may qualify for the general
20 permit.

21 c. CAAPP sources that would qualify for a general
22 permit must apply for coverage under the terms of the
23 general permit or must apply for a CAAPP permit consistent
24 with subsection 5 of this Section and applicable
25 regulations.

1 d. The Agency shall comply with the public comment and
2 hearing provisions of this Section as well as the USEPA
3 and affected State review procedures prior to issuance of
4 a general permit.

5 e. When granting a subsequent request by a qualifying
6 CAAPP source for coverage under the terms of a general
7 permit, the Agency shall not be required to repeat the
8 public notice and comment procedures. The granting of such
9 request shall not be considered a final permit action for
10 purposes of judicial review.

11 f. The Agency may not issue a general permit to cover
12 any discrete emission unit at a CAAPP source if another
13 CAAPP permit covers emission units at the source.

14 g. The Agency shall have the authority to adopt
15 procedural rules, in accordance with the Illinois
16 Administrative Procedure Act, as the Agency deems
17 necessary, to implement this subsection.

18 12. Operational Flexibility.

19 a. An owner or operator of a CAAPP source may make
20 changes at the CAAPP source without requiring a prior
21 permit revision, consistent with subparagraphs (i) through
22 (iii) of paragraph (a) of this subsection, so long as the
23 changes are not modifications under any provision of Title
24 I of the Clean Air Act and they do not exceed the emissions
25 allowable under the permit (whether expressed therein as a

1 rate of emissions or in terms of total emissions),
2 provided that the owner or operator of the CAAPP source
3 provides USEPA and the Agency with written notification as
4 required below in advance of the proposed changes, which
5 shall be a minimum of 7 days, unless otherwise provided by
6 the Agency in applicable regulations regarding
7 emergencies. The owner or operator of a CAAPP source and
8 the Agency shall each attach such notice to their copy of
9 the relevant permit.

10 i. An owner or operator of a CAAPP source may make
11 Section 502 (b) (10) changes without a permit
12 revision, if the changes are not modifications under
13 any provision of Title I of the Clean Air Act and the
14 changes do not exceed the emissions allowable under
15 the permit (whether expressed therein as a rate of
16 emissions or in terms of total emissions).

17 A. For each such change, the written
18 notification required above shall include a brief
19 description of the change within the source, the
20 date on which the change will occur, any change in
21 emissions, and any permit term or condition that
22 is no longer applicable as a result of the change.

23 B. The permit shield described in paragraph
24 (j) of subsection 7 of this Section shall not
25 apply to any change made pursuant to this
26 subparagraph.

1 ii. An owner or operator of a CAAPP source may
2 trade increases and decreases in emissions in the
3 CAAPP source, where the applicable implementation plan
4 provides for such emission trades without requiring a
5 permit revision. This provision is available in those
6 cases where the permit does not already provide for
7 such emissions trading.

8 A. Under this subparagraph (ii) of paragraph
9 (a) of this subsection, the written notification
10 required above shall include such information as
11 may be required by the provision in the applicable
12 implementation plan authorizing the emissions
13 trade, including, at a minimum, when the proposed
14 changes will occur, a description of each such
15 change, any change in emissions, the permit
16 requirements with which the source will comply
17 using the emissions trading provisions of the
18 applicable implementation plan, and the pollutants
19 emitted subject to the emissions trade. The notice
20 shall also refer to the provisions in the
21 applicable implementation plan with which the
22 source will comply and provide for the emissions
23 trade.

24 B. The permit shield described in paragraph
25 (j) of subsection 7 of this Section shall not
26 apply to any change made pursuant to subparagraph

1 (ii) of paragraph (a) of this subsection.
2 Compliance with the permit requirements that the
3 source will meet using the emissions trade shall
4 be determined according to the requirements of the
5 applicable implementation plan authorizing the
6 emissions trade.

7 iii. If requested within a CAAPP application, the
8 Agency shall issue a CAAPP permit which contains terms
9 and conditions, including all terms required under
10 subsection 7 of this Section to determine compliance,
11 allowing for the trading of emissions increases and
12 decreases at the CAAPP source solely for the purpose
13 of complying with a federally enforceable
14 ~~federally-enforceable~~ emissions cap that is
15 established in the permit independent of otherwise
16 applicable requirements. The owner or operator of a
17 CAAPP source shall include in its CAAPP application
18 proposed replicable procedures and permit terms that
19 ensure the emissions trades are quantifiable and
20 enforceable. The permit shall also require compliance
21 with all applicable requirements.

22 A. Under this subparagraph (iii) of paragraph
23 (a), the written notification required above shall
24 state when the change will occur and shall
25 describe the changes in emissions that will result
26 and how these increases and decreases in emissions

1 will comply with the terms and conditions of the
2 permit.

3 B. The permit shield described in paragraph
4 (j) of subsection 7 of this Section shall extend
5 to terms and conditions that allow such increases
6 and decreases in emissions.

7 b. An owner or operator of a CAAPP source may make
8 changes that are not addressed or prohibited by the
9 permit, other than those which are subject to any
10 requirements under Title IV of the Clean Air Act or are
11 modifications under any provisions of Title I of the Clean
12 Air Act, without a permit revision, in accordance with the
13 following requirements:

14 (i) Each such change shall meet all applicable
15 requirements and shall not violate any existing permit
16 term or condition;

17 (ii) Sources must provide contemporaneous written
18 notice to the Agency and USEPA of each such change,
19 except for changes that qualify as insignificant under
20 provisions adopted by the Agency or the Board. Such
21 written notice shall describe each such change,
22 including the date, any change in emissions,
23 pollutants emitted, and any applicable requirement
24 that would apply as a result of the change;

25 (iii) The change shall not qualify for the shield
26 described in paragraph (j) of subsection 7 of this

1 Section; and

2 (iv) The permittee shall keep a record describing
3 changes made at the source that result in emissions of
4 a regulated air pollutant subject to an applicable
5 Clean Air Act requirement, but not otherwise regulated
6 under the permit, and the emissions resulting from
7 those changes.

8 c. The Agency shall have the authority to adopt
9 procedural rules, in accordance with the Illinois
10 Administrative Procedure Act, as the Agency deems
11 necessary to implement this subsection.

12 13. Administrative Permit Amendments.

13 a. The Agency shall take final action on a request for
14 an administrative permit amendment within 60 days after
15 receipt of the request. Neither notice nor an opportunity
16 for public and affected State comment shall be required
17 for the Agency to incorporate such revisions, provided it
18 designates the permit revisions as having been made
19 pursuant to this subsection.

20 b. The Agency shall submit a copy of the revised
21 permit to USEPA.

22 c. For purposes of this Section the term
23 "administrative permit amendment" shall be defined as a
24 permit revision that can accomplish one or more of the
25 changes described below:

- 1 i. Corrects typographical errors;
- 2 ii. Identifies a change in the name, address, or
3 phone number of any person identified in the permit,
4 or provides a similar minor administrative change at
5 the source;
- 6 iii. Requires more frequent monitoring or
7 reporting by the permittee;
- 8 iv. Allows for a change in ownership or
9 operational control of a source where the Agency
10 determines that no other change in the permit is
11 necessary, provided that a written agreement
12 containing a specific date for transfer of permit
13 responsibility, coverage, and liability between the
14 current and new permittees has been submitted to the
15 Agency;
- 16 v. Incorporates into the CAAPP permit the
17 requirements from preconstruction review permits
18 authorized under a USEPA-approved program, provided
19 the program meets procedural and compliance
20 requirements substantially equivalent to those
21 contained in this Section;
- 22 vi. (Blank); or
- 23 vii. Any other type of change which USEPA has
24 determined as part of the approved CAAPP permit
25 program to be similar to those included in this
26 subsection.

1 d. The Agency shall, upon taking final action granting
2 a request for an administrative permit amendment, allow
3 coverage by the permit shield in paragraph (j) of
4 subsection 7 of this Section for administrative permit
5 amendments made pursuant to subparagraph (v) of paragraph
6 (c) of this subsection which meet the relevant
7 requirements for significant permit modifications.

8 e. Permit revisions and modifications, including
9 administrative amendments and automatic amendments
10 (pursuant to Sections 408(b) and 403(d) of the Clean Air
11 Act or regulations promulgated thereunder), for purposes
12 of the acid rain portion of the permit shall be governed by
13 the regulations promulgated under Title IV of the Clean
14 Air Act. Owners or operators of affected sources for acid
15 deposition shall have the flexibility to amend their
16 compliance plans as provided in the regulations
17 promulgated under Title IV of the Clean Air Act.

18 f. The CAAPP source may implement the changes
19 addressed in the request for an administrative permit
20 amendment immediately upon submittal of the request.

21 g. The Agency shall have the authority to adopt
22 procedural rules, in accordance with the Illinois
23 Administrative Procedure Act, as the Agency deems
24 necessary, to implement this subsection.

25 14. Permit Modifications.

1 a. Minor permit modification procedures.

2 i. The Agency shall review a permit modification
3 using the "minor permit" modification procedures only
4 for those permit modifications that:

5 A. Do not violate any applicable requirement;

6 B. Do not involve significant changes to
7 existing monitoring, reporting, or recordkeeping
8 requirements in the permit;

9 C. Do not require a case-by-case determination
10 of an emission limitation or other standard, or a
11 source-specific determination of ambient impacts,
12 or a visibility or increment analysis;

13 D. Do not seek to establish or change a permit
14 term or condition for which there is no
15 corresponding underlying requirement and which
16 avoids an applicable requirement to which the
17 source would otherwise be subject. Such terms and
18 conditions include:

19 1. A federally enforceable emissions cap
20 assumed to avoid classification as a
21 modification under any provision of Title I of
22 the Clean Air Act; and

23 2. An alternative emissions limit approved
24 pursuant to regulations promulgated under
25 Section 112(i)(5) of the Clean Air Act;

26 E. Are not modifications under any provision

1 of Title I of the Clean Air Act; and

2 F. Are not required to be processed as a
3 significant modification.

4 ii. Notwithstanding subparagraph (i) of paragraph
5 (a) and subparagraph (ii) of paragraph (b) of this
6 subsection, minor permit modification procedures may
7 be used for permit modifications involving the use of
8 economic incentives, marketable permits, emissions
9 trading, and other similar approaches, to the extent
10 that such minor permit modification procedures are
11 explicitly provided for in an applicable
12 implementation plan or in applicable requirements
13 promulgated by USEPA.

14 iii. An applicant requesting the use of minor
15 permit modification procedures shall meet the
16 requirements of subsection 5 of this Section and shall
17 include the following in its application:

18 A. A description of the change, the emissions
19 resulting from the change, and any new applicable
20 requirements that will apply if the change occurs;

21 B. The source's suggested draft permit;

22 C. Certification by a responsible official,
23 consistent with paragraph (e) of subsection 5 of
24 this Section and applicable regulations, that the
25 proposed modification meets the criteria for use
26 of minor permit modification procedures and a

1 request that such procedures be used; and

2 D. Completed forms for the Agency to use to
3 notify USEPA and affected States as required under
4 subsections 8 and 9 of this Section.

5 iv. Within 5 working days after receipt of a
6 complete permit modification application, the Agency
7 shall notify USEPA and affected States of the
8 requested permit modification in accordance with
9 subsections 8 and 9 of this Section. The Agency
10 promptly shall send any notice required under
11 paragraph (d) of subsection 8 of this Section to
12 USEPA.

13 v. The Agency may not issue a final permit
14 modification until after the 45-day review period for
15 USEPA or until USEPA has notified the Agency that
16 USEPA will not object to the issuance of the permit
17 modification, whichever comes first, although the
18 Agency can approve the permit modification prior to
19 that time. Within 90 days after the Agency's receipt
20 of an application under the minor permit modification
21 procedures or 15 days after the end of USEPA's 45-day
22 review period under subsection 9 of this Section,
23 whichever is later, the Agency shall:

24 A. Issue the permit modification as proposed;

25 B. Deny the permit modification application;

26 C. Determine that the requested modification

1 does not meet the minor permit modification
2 criteria and should be reviewed under the
3 significant modification procedures; or

4 D. Revise the draft permit modification and
5 transmit to USEPA the new proposed permit
6 modification as required by subsection 9 of this
7 Section.

8 vi. Any CAAPP source may make the change proposed
9 in its minor permit modification application
10 immediately after it files such application. After the
11 CAAPP source makes the change allowed by the preceding
12 sentence, and until the Agency takes any of the
13 actions specified in items (A) through (C) of
14 subparagraph (v) of paragraph (a) of this subsection,
15 the source must comply with both the applicable
16 requirements governing the change and the proposed
17 permit terms and conditions. During this time period,
18 the source need not comply with the existing permit
19 terms and conditions it seeks to modify. If the source
20 fails to comply with its proposed permit terms and
21 conditions during this time period, the existing
22 permit terms and conditions which it seeks to modify
23 may be enforced against it.

24 vii. The permit shield under paragraph (j) of
25 subsection 7 of this Section may not extend to minor
26 permit modifications.

1 viii. If a construction permit is required,
2 pursuant to subsection (a) of Section 39 of this Act
3 and regulations thereunder, for a change for which the
4 minor permit modification procedures are applicable,
5 the source may request that the processing of the
6 construction permit application be consolidated with
7 the processing of the application for the minor permit
8 modification. In such cases, the provisions of this
9 Section, including those within subsections 5, 8, and
10 9, shall apply and the Agency shall act on such
11 applications pursuant to subparagraph (v) of paragraph
12 (a) of subsection 14 of this Section. The source may
13 make the proposed change immediately after filing its
14 application for the minor permit modification. Nothing
15 in this subparagraph shall otherwise affect the
16 requirements and procedures applicable to construction
17 permits.

18 b. Group Processing of Minor Permit Modifications.

19 i. Where requested by an applicant within its
20 application, the Agency shall process groups of a
21 source's applications for certain modifications
22 eligible for minor permit modification processing in
23 accordance with the provisions of this paragraph (b).

24 ii. Permit modifications may be processed in
25 accordance with the procedures for group processing,
26 for those modifications:

1 A. Which meet the criteria for minor permit
2 modification procedures under subparagraph (i) of
3 paragraph (a) of subsection 14 of this Section;
4 and

5 B. That collectively are below 10 percent of
6 the emissions allowed by the permit for the
7 emissions unit for which change is requested, 20
8 percent of the applicable definition of major
9 source set forth in subsection 2 of this Section,
10 or 5 tons per year, whichever is least.

11 iii. An applicant requesting the use of group
12 processing procedures shall meet the requirements of
13 subsection 5 of this Section and shall include the
14 following in its application:

15 A. A description of the change, the emissions
16 resulting from the change, and any new applicable
17 requirements that will apply if the change occurs.

18 B. The source's suggested draft permit.

19 C. Certification by a responsible official
20 consistent with paragraph (e) of subsection 5 of
21 this Section, that the proposed modification meets
22 the criteria for use of group processing
23 procedures and a request that such procedures be
24 used.

25 D. A list of the source's other pending
26 applications awaiting group processing, and a

1 determination of whether the requested
2 modification, aggregated with these other
3 applications, equals or exceeds the threshold set
4 under item (B) of subparagraph (ii) of paragraph
5 (b) of this subsection.

6 E. Certification, consistent with paragraph
7 (e) of subsection 5 of this Section, that the
8 source has notified USEPA of the proposed
9 modification. Such notification need only contain
10 a brief description of the requested modification.

11 F. Completed forms for the Agency to use to
12 notify USEPA and affected states as required under
13 subsections 8 and 9 of this Section.

14 iv. On a quarterly basis or within 5 business days
15 after receipt of an application demonstrating that the
16 aggregate of a source's pending applications equals or
17 exceeds the threshold level set forth within item (B)
18 of subparagraph (ii) of paragraph (b) of this
19 subsection, whichever is earlier, the Agency shall
20 promptly notify USEPA and affected States of the
21 requested permit modifications in accordance with
22 subsections 8 and 9 of this Section. The Agency shall
23 send any notice required under paragraph (d) of
24 subsection 8 of this Section to USEPA.

25 v. The provisions of subparagraph (v) of paragraph
26 (a) of this subsection shall apply to modifications

1 eligible for group processing, except that the Agency
2 shall take one of the actions specified in items (A)
3 through (D) of subparagraph (v) of paragraph (a) of
4 this subsection within 180 days after receipt of the
5 application or 15 days after the end of USEPA's 45-day
6 review period under subsection 9 of this Section,
7 whichever is later.

8 vi. The provisions of subparagraph (vi) of
9 paragraph (a) of this subsection shall apply to
10 modifications for group processing.

11 vii. The provisions of paragraph (j) of subsection
12 7 of this Section shall not apply to modifications
13 eligible for group processing.

14 c. Significant Permit Modifications.

15 i. Significant modification procedures shall be
16 used for applications requesting significant permit
17 modifications and for those applications that do not
18 qualify as either minor permit modifications or as
19 administrative permit amendments.

20 ii. Every significant change in existing
21 monitoring permit terms or conditions and every
22 relaxation of reporting or recordkeeping requirements
23 shall be considered significant. A modification shall
24 also be considered significant if in the judgment of
25 the Agency action on an application for modification
26 would require decisions to be made on technically

1 complex issues. Nothing herein shall be construed to
2 preclude the permittee from making changes consistent
3 with this Section that would render existing permit
4 compliance terms and conditions irrelevant.

5 iii. Significant permit modifications must meet
6 all the requirements of this Section, including those
7 for applications (including completeness review),
8 public participation, review by affected States, and
9 review by USEPA applicable to initial permit issuance
10 and permit renewal. The Agency shall take final action
11 on significant permit modifications within 9 months
12 after receipt of a complete application.

13 d. The Agency shall have the authority to adopt
14 procedural rules, in accordance with the Illinois
15 Administrative Procedure Act, as the Agency deems
16 necessary, to implement this subsection.

17 15. Reopenings for Cause by the Agency.

18 a. Each issued CAAPP permit shall include provisions
19 specifying the conditions under which the permit will be
20 reopened prior to the expiration of the permit. Such
21 revisions shall be made as expeditiously as practicable. A
22 CAAPP permit shall be reopened and revised under any of
23 the following circumstances, in accordance with procedures
24 adopted by the Agency:

25 i. Additional requirements under the Clean Air Act

1 become applicable to a major CAAPP source for which 3
2 or more years remain on the original term of the
3 permit. Such a reopening shall be completed not later
4 than 18 months after the promulgation of the
5 applicable requirement. No such revision is required
6 if the effective date of the requirement is later than
7 the date on which the permit is due to expire.

8 ii. Additional requirements (including excess
9 emissions requirements) become applicable to an
10 affected source for acid deposition under the acid
11 rain program. Excess emissions offset plans shall be
12 deemed to be incorporated into the permit upon
13 approval by USEPA.

14 iii. The Agency or USEPA determines that the
15 permit contains a material mistake or that inaccurate
16 statements were made in establishing the emissions
17 standards, limitations, or other terms or conditions
18 of the permit.

19 iv. The Agency or USEPA determines that the permit
20 must be revised or revoked to assure compliance with
21 the applicable requirements.

22 b. In the event that the Agency determines that there
23 are grounds for revoking a CAAPP permit, for cause,
24 consistent with paragraph a of this subsection, it shall
25 file a petition before the Board setting forth the basis
26 for such revocation. In any such proceeding, the Agency

1 shall have the burden of establishing that the permit
2 should be revoked under the standards set forth in this
3 Act and the Clean Air Act. Any such proceeding shall be
4 conducted pursuant to the Board's procedures for
5 adjudicatory hearings and the Board shall render its
6 decision within 120 days of the filing of the petition.
7 The Agency shall take final action to revoke and reissue a
8 CAAPP permit consistent with the Board's order.

9 c. Proceedings regarding a reopened CAAPP permit shall
10 follow the same procedures as apply to initial permit
11 issuance and shall affect only those parts of the permit
12 for which cause to reopen exists.

13 d. Reopenings under paragraph (a) of this subsection
14 shall not be initiated before a notice of such intent is
15 provided to the CAAPP source by the Agency at least 30 days
16 in advance of the date that the permit is to be reopened,
17 except that the Agency may provide a shorter time period
18 in the case of an emergency.

19 e. The Agency shall have the authority to adopt
20 procedural rules, in accordance with the Illinois
21 Administrative Procedure Act, as the Agency deems
22 necessary, to implement this subsection.

23 16. Reopenings for Cause by USEPA.

24 a. When USEPA finds that cause exists to terminate,
25 modify, or revoke and reissue a CAAPP permit pursuant to

1 subsection 15 of this Section, and thereafter notifies the
2 Agency and the permittee of such finding in writing, the
3 Agency shall forward to USEPA and the permittee a proposed
4 determination of termination, modification, or revocation
5 and reissuance as appropriate, in accordance with
6 paragraph (b) of this subsection. The Agency's proposed
7 determination shall be in accordance with the record, the
8 Clean Air Act, regulations promulgated thereunder, this
9 Act and regulations promulgated thereunder. Such proposed
10 determination shall not affect the permit or constitute a
11 final permit action for purposes of this Act or the
12 Administrative Review Law. The Agency shall forward to
13 USEPA such proposed determination within 90 days after
14 receipt of the notification from USEPA. If additional time
15 is necessary to submit the proposed determination, the
16 Agency shall request a 90-day extension from USEPA and
17 shall submit the proposed determination within 180 days
18 after receipt of notification from USEPA.

19 b. i. Prior to the Agency's submittal to USEPA of a
20 proposed determination to terminate or revoke and
21 reissue the permit, the Agency shall file a petition
22 before the Board setting forth USEPA's objection, the
23 permit record, the Agency's proposed determination,
24 and the justification for its proposed determination.
25 The Board shall conduct a hearing pursuant to the
26 rules prescribed by Section 32 of this Act, and the

1 burden of proof shall be on the Agency.

2 ii. After due consideration of the written and
3 oral statements, the testimony and arguments that
4 shall be submitted at hearing, the Board shall issue
5 and enter an interim order for the proposed
6 determination, which shall set forth all changes, if
7 any, required in the Agency's proposed determination.
8 The interim order shall comply with the requirements
9 for final orders as set forth in Section 33 of this
10 Act. Issuance of an interim order by the Board under
11 this paragraph, however, shall not affect the permit
12 status and does not constitute a final action for
13 purposes of this Act or the Administrative Review Law.

14 iii. The Board shall cause a copy of its interim
15 order to be served upon all parties to the proceeding
16 as well as upon USEPA. The Agency shall submit the
17 proposed determination to USEPA in accordance with the
18 Board's Interim Order within 180 days after receipt of
19 the notification from USEPA.

20 c. USEPA shall review the proposed determination to
21 terminate, modify, or revoke and reissue the permit within
22 90 days after receipt.

23 i. When USEPA reviews the proposed determination
24 to terminate or revoke and reissue and does not
25 object, the Board shall, within 7 days after receipt
26 of USEPA's final approval, enter the interim order as

1 a final order. The final order may be appealed as
2 provided by Title XI of this Act. The Agency shall take
3 final action in accordance with the Board's final
4 order.

5 ii. When USEPA reviews such proposed determination
6 to terminate or revoke and reissue and objects, the
7 Agency shall submit USEPA's objection and the Agency's
8 comments and recommendation on the objection to the
9 Board and permittee. The Board shall review its
10 interim order in response to USEPA's objection and the
11 Agency's comments and recommendation and issue a final
12 order in accordance with Sections 32 and 33 of this
13 Act. The Agency shall, within 90 days after receipt of
14 such objection, respond to USEPA's objection in
15 accordance with the Board's final order.

16 iii. When USEPA reviews such proposed
17 determination to modify and objects, the Agency shall,
18 within 90 days after receipt of the objection, resolve
19 the objection and modify the permit in accordance with
20 USEPA's objection, based upon the record, the Clean
21 Air Act, regulations promulgated thereunder, this Act,
22 and regulations promulgated thereunder.

23 d. If the Agency fails to submit the proposed
24 determination pursuant to paragraph a of this subsection
25 or fails to resolve any USEPA objection pursuant to
26 paragraph c of this subsection, USEPA will terminate,

1 modify, or revoke and reissue the permit.

2 e. The Agency shall have the authority to adopt
3 procedural rules, in accordance with the Illinois
4 Administrative Procedure Act, as the Agency deems
5 necessary, to implement this subsection.

6 17. Title IV; Acid Rain Provisions.

7 a. The Agency shall act on initial CAAPP applications
8 for affected sources for acid deposition in accordance
9 with this Section and Title V of the Clean Air Act and
10 regulations promulgated thereunder, except as modified by
11 Title IV of the Clean Air Act and regulations promulgated
12 thereunder. The Agency shall issue initial CAAPP permits
13 to the affected sources for acid deposition which shall
14 become effective no earlier than January 1, 1995, and
15 which shall terminate on December 31, 1999, in accordance
16 with this Section. Subsequent CAAPP permits issued to
17 affected sources for acid deposition shall be issued for a
18 fixed term of 5 years. Title IV of the Clean Air Act and
19 regulations promulgated thereunder, including, but not
20 limited to, 40 CFR ~~C.F.R.~~ Part 72, as now or hereafter
21 amended, are applicable to and enforceable under this Act.

22 b. A designated representative of an affected source
23 for acid deposition shall submit a timely and complete
24 Phase II acid rain permit application and compliance plan
25 to the Agency, not later than January 1, 1996, that meets

1 the requirements of Titles IV and V of the Clean Air Act
2 and regulations. The Agency shall act on the Phase II acid
3 rain permit application and compliance plan in accordance
4 with this Section and Title V of the Clean Air Act and
5 regulations promulgated thereunder, except as modified by
6 Title IV of the Clean Air Act and regulations promulgated
7 thereunder. The Agency shall issue the Phase II acid rain
8 permit to an affected source for acid deposition no later
9 than December 31, 1997, which shall become effective on
10 January 1, 2000, in accordance with this Section, except
11 as modified by Title IV and regulations promulgated
12 thereunder; provided that the designated representative of
13 the source submitted a timely and complete Phase II permit
14 application and compliance plan to the Agency that meets
15 the requirements of Title IV and V of the Clean Air Act and
16 regulations.

17 c. Each Phase II acid rain permit issued in accordance
18 with this subsection shall have a fixed term of 5 years.
19 Except as provided in paragraph b above, the Agency shall
20 issue or deny a Phase II acid rain permit within 18 months
21 of receiving a complete Phase II permit application and
22 compliance plan.

23 d. A designated representative of a new unit, as
24 defined in Section 402 of the Clean Air Act, shall submit a
25 timely and complete Phase II acid rain permit application
26 and compliance plan that meets the requirements of Titles

1 IV and V of the Clean Air Act and its regulations. The
2 Agency shall act on the new unit's Phase II acid rain
3 permit application and compliance plan in accordance with
4 this Section and Title V of the Clean Air Act and its
5 regulations, except as modified by Title IV of the Clean
6 Air Act and its regulations. The Agency shall reopen the
7 new unit's CAAPP permit for cause to incorporate the
8 approved Phase II acid rain permit in accordance with this
9 Section. The Phase II acid rain permit for the new unit
10 shall become effective no later than the date required
11 under Title IV of the Clean Air Act and its regulations.

12 e. A designated representative of an affected source
13 for acid deposition shall submit a timely and complete
14 Title IV NOx permit application to the Agency, not later
15 than January 1, 1998, that meets the requirements of
16 Titles IV and V of the Clean Air Act and its regulations.
17 The Agency shall reopen the Phase II acid rain permit for
18 cause and incorporate the approved NOx provisions into the
19 Phase II acid rain permit not later than January 1, 1999,
20 in accordance with this Section, except as modified by
21 Title IV of the Clean Air Act and regulations promulgated
22 thereunder. Such reopening shall not affect the term of
23 the Phase II acid rain permit.

24 f. The designated representative of the affected
25 source for acid deposition shall renew the initial CAAPP
26 permit and Phase II acid rain permit in accordance with

1 this Section and Title V of the Clean Air Act and
2 regulations promulgated thereunder, except as modified by
3 Title IV of the Clean Air Act and regulations promulgated
4 thereunder.

5 g. In the case of an affected source for acid
6 deposition for which a complete Phase II acid rain permit
7 application and compliance plan are timely received under
8 this subsection, the complete permit application and
9 compliance plan, including amendments thereto, shall be
10 binding on the owner, operator and designated
11 representative, all affected units for acid deposition at
12 the affected source, and any other unit, as defined in
13 Section 402 of the Clean Air Act, governed by the Phase II
14 acid rain permit application and shall be enforceable as
15 an acid rain permit for purposes of Titles IV and V of the
16 Clean Air Act, from the date of submission of the acid rain
17 permit application until a Phase II acid rain permit is
18 issued or denied by the Agency.

19 h. The Agency shall not include or implement any
20 measure which would interfere with or modify the
21 requirements of Title IV of the Clean Air Act or
22 regulations promulgated thereunder.

23 i. Nothing in this Section shall be construed as
24 affecting allowances or USEPA's decision regarding an
25 excess emissions offset plan, as set forth in Title IV of
26 the Clean Air Act or regulations promulgated thereunder.

1 i. No permit revision shall be required for
2 increases in emissions that are authorized by
3 allowances acquired pursuant to the acid rain program,
4 provided that such increases do not require a permit
5 revision under any other applicable requirement.

6 ii. No limit shall be placed on the number of
7 allowances held by the source. The source may not,
8 however, use allowances as a defense to noncompliance
9 with any other applicable requirement.

10 iii. Any such allowance shall be accounted for
11 according to the procedures established in regulations
12 promulgated under Title IV of the Clean Air Act.

13 j. To the extent that the federal regulations
14 promulgated under Title IV, including, but not limited to,
15 40 CFR ~~C.F.R.~~ Part 72, as now or hereafter amended, are
16 inconsistent with the federal regulations promulgated
17 under Title V, the federal regulations promulgated under
18 Title IV shall take precedence.

19 k. The USEPA may intervene as a matter of right in any
20 permit appeal involving a Phase II acid rain permit
21 provision or denial of a Phase II acid rain permit.

22 l. It is unlawful for any owner or operator to violate
23 any terms or conditions of a Phase II acid rain permit
24 issued under this subsection, to operate any affected
25 source for acid deposition except in compliance with a
26 Phase II acid rain permit issued by the Agency under this

1 subsection, or to violate any other applicable
2 requirements.

3 m. The designated representative of an affected source
4 for acid deposition shall submit to the Agency the data
5 and information submitted quarterly to USEPA, pursuant to
6 40 CFR 75.64, concurrently with the submission to USEPA.
7 The submission shall be in the same electronic format as
8 specified by USEPA.

9 n. The Agency shall act on any petition for exemption
10 of a new unit or retired unit, as those terms are defined
11 in Section 402 of the Clean Air Act, from the requirements
12 of the acid rain program in accordance with Title IV of the
13 Clean Air Act and its regulations.

14 o. The Agency shall have the authority to adopt
15 procedural rules, in accordance with the Illinois
16 Administrative Procedure Act, as the Agency deems
17 necessary to implement this subsection.

18 18. Fee Provisions.

19 a. A source subject to this Section or excluded under
20 subsection 1.1 or paragraph (c) of subsection 3 of this
21 Section, shall pay a fee as provided in this paragraph (a)
22 of subsection 18. However, a source that has been excluded
23 from the provisions of this Section under subsection 1.1
24 or under paragraph (c) of subsection 3 of this Section
25 because the source emits less than 25 tons per year of any

1 combination of regulated air pollutants, except greenhouse
2 gases, shall pay fees in accordance with paragraph (1) of
3 subsection (b) of Section 9.6.

4 i. The fee for a source allowed to emit less than
5 100 tons per year of any combination of regulated air
6 pollutants, except greenhouse gases, shall be \$1,800
7 per year, and that fee shall increase, beginning
8 January 1, 2012, to \$2,150 per year.

9 ii. The fee for a source allowed to emit 100 tons
10 or more per year of any combination of regulated air
11 pollutants, except greenhouse gases and those
12 regulated air pollutants excluded in paragraph (f) of
13 this subsection 18, shall be as follows:

14 A. The Agency shall assess a fee of \$18 per
15 ton, per year for the allowable emissions of
16 regulated air pollutants subject to this
17 subparagraph (ii) of paragraph (a) of subsection
18 18, and that fee shall increase, beginning January
19 1, 2012, to \$21.50 per ton, per year. These fees
20 shall be used by the Agency and the Board to fund
21 the activities required by Title V of the Clean
22 Air Act including such activities as may be
23 carried out by other State or local agencies
24 pursuant to paragraph (d) of this subsection. The
25 amount of such fee shall be based on the
26 information supplied by the applicant in its

1 complete CAAPP permit application or in the CAAPP
2 permit if the permit has been granted and shall be
3 determined by the amount of emissions that the
4 source is allowed to emit annually, provided
5 however, that the maximum fee for a CAAPP permit
6 under this subparagraph (ii) of paragraph (a) of
7 subsection 18 is \$250,000, and increases,
8 beginning January 1, 2012, to \$294,000. Beginning
9 January 1, 2012, the maximum fee under this
10 subparagraph (ii) of paragraph (a) of subsection
11 18 for a source that has been excluded under
12 subsection 1.1 of this Section or under paragraph
13 (c) of subsection 3 of this Section is \$4,112. The
14 Agency shall provide as part of the permit
15 application form required under subsection 5 of
16 this Section a separate fee calculation form which
17 will allow the applicant to identify the allowable
18 emissions and calculate the fee. In no event shall
19 the Agency raise the amount of allowable emissions
20 requested by the applicant unless such increases
21 are required to demonstrate compliance with terms
22 of a CAAPP permit.

23 Notwithstanding the above, any applicant may
24 seek a change in its permit which would result in
25 increases in allowable emissions due to an
26 increase in the hours of operation or production

1 rates of an emission unit or units and such a
2 change shall be consistent with the construction
3 permit requirements of the existing State permit
4 program, under subsection (a) of Section 39 of
5 this Act and applicable provisions of this
6 Section. Where a construction permit is required,
7 the Agency shall expeditiously grant such
8 construction permit and shall, if necessary,
9 modify the CAAPP permit based on the same
10 application.

11 B. The applicant or permittee may pay the fee
12 annually or semiannually for those fees greater
13 than \$5,000. However, any applicant paying a fee
14 equal to or greater than \$100,000 shall pay the
15 full amount on July 1, for the subsequent fiscal
16 year, or pay 50% of the fee on July 1 and the
17 remaining 50% by the next January 1. The Agency
18 may change any annual billing date upon reasonable
19 notice, but shall prorate the new bill so that the
20 permittee or applicant does not pay more than its
21 required fees for the fee period for which payment
22 is made.

23 b. (Blank).

24 c. (Blank).

25 d. There is hereby created in the State Treasury a
26 special fund to be known as the Clean Air Act Permit Fund

1 (formerly known as the CAA Permit Fund). All Funds
2 collected by the Agency pursuant to this subsection shall
3 be deposited into the Fund. The General Assembly shall
4 appropriate monies from this Fund to the Agency and to the
5 Board to carry out their obligations under this Section.
6 The General Assembly may also authorize monies to be
7 granted by the Agency from this Fund to other State and
8 local agencies which perform duties related to the CAAPP.
9 Interest generated on the monies deposited in this Fund
10 shall be returned to the Fund.

11 e. The Agency shall have the authority to adopt
12 procedural rules, in accordance with the Illinois
13 Administrative Procedure Act, as the Agency deems
14 necessary to implement this subsection.

15 f. For purposes of this subsection, the term
16 "regulated air pollutant" shall have the meaning given to
17 it under subsection 1 of this Section but shall exclude
18 the following:

19 i. carbon monoxide;

20 ii. any Class I or II substance which is a
21 regulated air pollutant solely because it is listed
22 pursuant to Section 602 of the Clean Air Act; and

23 iii. any pollutant that is a regulated air
24 pollutant solely because it is subject to a standard
25 or regulation under Section 112(r) of the Clean Air
26 Act based on the emissions allowed in the permit

1 effective in that calendar year, at the time the
2 applicable bill is generated.

3 19. Air Toxics Provisions.

4 a. In the event that the USEPA fails to promulgate in a
5 timely manner a standard pursuant to Section 112(d) of the
6 Clean Air Act, the Agency shall have the authority to
7 issue permits, pursuant to Section 112(j) of the Clean Air
8 Act and regulations promulgated thereunder, which contain
9 emission limitations which are equivalent to the emission
10 limitations that would apply to a source if an emission
11 standard had been promulgated in a timely manner by USEPA
12 pursuant to Section 112(d). Provided, however, that the
13 owner or operator of a source shall have the opportunity
14 to submit to the Agency a proposed emission limitation
15 which it determines to be equivalent to the emission
16 limitations that would apply to such source if an emission
17 standard had been promulgated in a timely manner by USEPA.
18 If the Agency refuses to include the emission limitation
19 proposed by the owner or operator in a CAAPP permit, the
20 owner or operator may petition the Board to establish
21 whether the emission limitation proposal submitted by the
22 owner or operator provides for emission limitations which
23 are equivalent to the emission limitations that would
24 apply to the source if the emission standard had been
25 promulgated by USEPA in a timely manner. The Board shall

1 determine whether the emission limitation proposed by the
2 owner or operator or an alternative emission limitation
3 proposed by the Agency provides for the level of control
4 required under Section 112 of the Clean Air Act, or shall
5 otherwise establish an appropriate emission limitation,
6 pursuant to Section 112 of the Clean Air Act.

7 b. Any Board proceeding brought under paragraph (a) or
8 (e) of this subsection shall be conducted according to the
9 Board's procedures for adjudicatory hearings and the Board
10 shall render its decision within 120 days of the filing of
11 the petition. Any such decision shall be subject to review
12 pursuant to Section 41 of this Act. Where USEPA
13 promulgates an applicable emission standard prior to the
14 issuance of the CAAPP permit, the Agency shall include in
15 the permit the promulgated standard, provided that the
16 source shall have the compliance period provided under
17 Section 112(i) of the Clean Air Act. Where USEPA
18 promulgates an applicable standard subsequent to the
19 issuance of the CAAPP permit, the Agency shall revise such
20 permit upon the next renewal to reflect the promulgated
21 standard, providing a reasonable time for the applicable
22 source to comply with the standard, but no longer than 8
23 years after the date on which the source is first required
24 to comply with the emissions limitation established under
25 this subsection.

26 c. The Agency shall have the authority to implement

1 and enforce complete or partial emission standards
2 promulgated by USEPA pursuant to Section 112(d), and
3 standards promulgated by USEPA pursuant to Sections
4 112(f), 112(h), 112(m), and 112(n), and may accept
5 delegation of authority from USEPA to implement and
6 enforce Section 112(l) and requirements for the prevention
7 and detection of accidental releases pursuant to Section
8 112(r) of the Clean Air Act.

9 d. The Agency shall have the authority to issue
10 permits pursuant to Section 112(i)(5) of the Clean Air
11 Act.

12 e. The Agency has the authority to implement Section
13 112(g) of the Clean Air Act consistent with the Clean Air
14 Act and federal regulations promulgated thereunder. If the
15 Agency refuses to include the emission limitations
16 proposed in an application submitted by an owner or
17 operator for a case-by-case maximum achievable control
18 technology (MACT) determination, the owner or operator may
19 petition the Board to determine whether the emission
20 limitation proposed by the owner or operator or an
21 alternative emission limitation proposed by the Agency
22 provides for a level of control required by Section 112 of
23 the Clean Air Act, or to otherwise establish an
24 appropriate emission limitation under Section 112 of the
25 Clean Air Act.

1 20. Small Business.

2 a. For purposes of this subsection:

3 "Program" is the Small Business Stationary Source
4 Technical and Environmental Compliance Assistance Program
5 created within this State pursuant to Section 507 of the
6 Clean Air Act and guidance promulgated thereunder, to
7 provide technical assistance and compliance information to
8 small business stationary sources;

9 "Small Business Assistance Program" is a component of
10 the Program responsible for providing sufficient
11 communications with small businesses through the
12 collection and dissemination of information to small
13 business stationary sources; and

14 "Small Business Stationary Source" means a stationary
15 source that:

16 1. is owned or operated by a person that employs
17 100 or fewer individuals;

18 2. is a small business concern as defined in the
19 "Small Business Act";

20 3. is not a major source as that term is defined in
21 subsection 2 of this Section;

22 4. does not emit 50 tons or more per year of any
23 regulated air pollutant, except greenhouse gases; and

24 5. emits less than 75 tons per year of all
25 regulated pollutants, except greenhouse gases.

26 b. The Agency shall adopt and submit to USEPA, after

1 reasonable notice and opportunity for public comment, as a
2 revision to the Illinois state implementation plan, plans
3 for establishing the Program.

4 c. The Agency shall have the authority to enter into
5 such contracts and agreements as the Agency deems
6 necessary to carry out the purposes of this subsection.

7 d. The Agency may establish such procedures as it may
8 deem necessary for the purposes of implementing and
9 executing its responsibilities under this subsection.

10 e. There shall be appointed a Small Business Ombudsman
11 (hereinafter in this subsection referred to as
12 "Ombudsman") to monitor the Small Business Assistance
13 Program. The Ombudsman shall be a nonpartisan designated
14 official, with the ability to independently assess whether
15 the goals of the Program are being met.

16 f. The State Ombudsman Office shall be located in an
17 existing Ombudsman office within the State or in any State
18 Department.

19 g. There is hereby created a State Compliance Advisory
20 Panel (hereinafter in this subsection referred to as
21 "Panel") for determining the overall effectiveness of the
22 Small Business Assistance Program within this State.

23 h. The selection of Panel members shall be by the
24 following method:

- 25 1. The Governor shall select two members who are
26 not owners or representatives of owners of small

1 business stationary sources to represent the general
2 public;

3 2. The Director of the Agency shall select one
4 member to represent the Agency; and

5 3. The State Legislature shall select four members
6 who are owners or representatives of owners of small
7 business stationary sources. Both the majority and
8 minority leadership in both Houses of the Legislature
9 shall appoint one member of the panel.

10 i. Panel members should serve without compensation but
11 will receive full reimbursement for expenses including
12 travel and per diem as authorized within this State.

13 j. The Panel shall select its own Chair by a majority
14 vote. The Chair may meet and consult with the Ombudsman
15 and the head of the Small Business Assistance Program in
16 planning the activities for the Panel.

17 21. Temporary Sources.

18 a. The Agency may issue a single permit authorizing
19 emissions from similar operations by the same source owner
20 or operator at multiple temporary locations, except for
21 sources which are affected sources for acid deposition
22 under Title IV of the Clean Air Act.

23 b. The applicant must demonstrate that the operation
24 is temporary and will involve at least one change of
25 location during the term of the permit.

1 c. Any such permit shall meet all applicable
2 requirements of this Section and applicable regulations,
3 and include conditions assuring compliance with all
4 applicable requirements at all authorized locations and
5 requirements that the owner or operator notify the Agency
6 at least 10 days in advance of each change in location.

7 22. Solid Waste Incineration Units.

8 a. A CAAPP permit for a solid waste incineration unit
9 combusting municipal waste subject to standards
10 promulgated under Section 129(e) of the Clean Air Act
11 shall be issued for a period of 12 years and shall be
12 reviewed every 5 years, unless the Agency requires more
13 frequent review through Agency procedures.

14 b. During the review in paragraph (a) of this
15 subsection, the Agency shall fully review the previously
16 submitted CAAPP permit application and corresponding
17 reports subsequently submitted to determine whether the
18 source is in compliance with all applicable requirements.

19 c. If the Agency determines that the source is not in
20 compliance with all applicable requirements it shall
21 revise the CAAPP permit as appropriate.

22 d. The Agency shall have the authority to adopt
23 procedural rules, in accordance with the Illinois
24 Administrative Procedure Act, as the Agency deems
25 necessary, to implement this subsection.

4 Sec. 57.4. State agencies ~~Agencies~~. The Office of the
5 State Fire Marshal and the Illinois Environmental Protection
6 Agency shall administer the Leaking Underground Storage Tank
7 Program in accordance with the terms of this Title.

8 (Source: P.A. 88-496; revised 7-29-24.)

9 (415 ILCS 5/57.5)

10 Sec. 57.5. Underground Storage Tanks; removal; repair;
11 abandonment.

12 (a) Notwithstanding the eligibility or the level of
13 deductibility of an owner or operator under the Underground
14 Storage Tank Fund, any owner or operator of an Underground
15 Storage Tank may seek to remove or abandon such tank under the
16 provisions of this Title. In order to be reimbursed under
17 Section 57.8, the owner or operator must comply with the
18 provisions of this Title. In no event will an owner or operator
19 be reimbursed for any costs which exceed the minimum
20 requirements necessary to comply with this Title.

21 (b) Removal or abandonment of an Underground Storage Tank
22 must be carried out in accordance with regulations adopted by
23 the Office of the State Fire Marshal.

24 (c) The Office of the State Fire Marshal or a designated

1 agent shall have an inspector on site at the time of removal,
2 abandonment, or such other times the Office of State Fire
3 Marshal deems appropriate. At such time, the inspector shall,
4 upon preliminary excavation of the tank site, render an
5 opinion as to whether a release of petroleum has occurred and,
6 if so, the owner or operator shall report the known or
7 suspected release to the Illinois Emergency Management Agency.
8 The owner or operator shall determine whether or not a release
9 has occurred in conformance with the regulations adopted by
10 the Board and the Office of the State Fire Marshal. Except that
11 if the opinion of the Office of the State Fire Marshal
12 inspector is that a release of petroleum has occurred and the
13 owner or operator has reported the release to the Illinois
14 Emergency Management Agency within 24 hours of removal of the
15 tank, no such determination is required under this subsection.
16 In the event the owner or operator confirms the presence of a
17 release of petroleum, the owner or operator shall comply with
18 Section 57.6. The inspector shall provide the owner or
19 operator, or a designated agent, with an "Eligibility and
20 Deductibility Determination" form. The Office of the State
21 Fire Marshal shall provide on-site assistance to the owner or
22 operator or a designated agent with regard to the eligibility
23 and deductibility procedures as provided in Section 57.9. If
24 the Office of the State Fire Marshal is not on site, the Office
25 of the State Fire Marshal shall provide the owner or operator
26 with an "Eligibility and Deductibility Determination" form

1 within 15 days after receiving notice that the confirmed
2 release was reported by the owner or operator.

3 (d) In the event that a release of petroleum is confirmed
4 under subsection (c) of this Section, the owner or operator
5 may elect to backfill the preliminary excavation and proceed
6 under Section 57.6.

7 (e) In the event that an Underground Storage Tank is found
8 to be ineligible for payment from the Underground Storage Tank
9 Fund, the owner or operator shall proceed under Sections 57.6
10 and 57.7.

11 (f) In the event that no release of petroleum is
12 confirmed, the owner or operator shall proceed to complete the
13 removal of the underground storage tank, and when appropriate,
14 dispose of the tank and backfill the excavation or, in the
15 alternate, abandon the underground storage tank in place.
16 Either option shall be in accordance with regulations adopted
17 by the Office of the State Fire Marshal. The owner or operator
18 shall certify to the Office of the State Fire Marshal that the
19 tank removal or abandonment was conducted in accordance with
20 all applicable rules and regulations, and the Office of the
21 State Fire Marshal shall then issue a certificate of removal
22 or abandonment to the owner or operator. If the Office of the
23 State Fire Marshal fails to issue a certificate of removal or
24 abandonment within 30 days of receipt of the certification,
25 the certification shall be considered rejected by operation of
26 law and a final action appealable to the Board. Nothing in this

1 Title shall prohibit the Office of the State Fire Marshal from
2 making an independent inspection of the site and challenging
3 the veracity of the owner or operator certification.

4 (g) The owner or operator of an underground storage tank
5 taken out of operation before January 2, 1974, or an
6 underground storage tank used exclusively to store heating oil
7 for consumptive use on the premises where stored and which
8 serves other than a farm or residential unit shall not be
9 required to remove or abandon in place such underground
10 storage tank except in the case in which the Office of the
11 State Fire Marshal has determined that a release from the
12 underground storage tank poses a current or potential threat
13 to human health and the environment. In that case, and upon
14 receipt of an order from the Office of the State Fire Marshal,
15 the owner or operator of such underground storage tank shall
16 conduct removal and, if necessary, site investigation and
17 corrective action in accordance with this Title and
18 regulations promulgated by the Office of the State Fire
19 Marshal and the Board.

20 (h) In the event that a release of petroleum occurred
21 between September 13, 1993, and August 1, 1994, for which the
22 Office of the State Fire Marshal issued a certificate of
23 removal or abandonment based on its determination of "no
24 release" or "minor release," and the Office of the State Fire
25 Marshal subsequently has rescinded that determination and
26 required a report of a confirmed release to the Illinois

1 Emergency Management Agency, the owner or operator may be
2 eligible for reimbursement for the costs of site investigation
3 and corrective action incurred on or after the date of the
4 release but prior to the notification of the Illinois
5 Emergency Management Agency. The date of the release shall be
6 the date of the initial inspection by the Office of the State
7 Fire Marshal as recorded in its inspection log. Eligibility
8 and deductibility shall be determined in accordance with this
9 Title, the owner or operator must comply with the provisions
10 of this Act and its rules, and in no case shall the owner or
11 operator be reimbursed for costs exceeding the minimum
12 requirements of this Act and its rules.

14 (415 ILCS 5/57.8)

15 Sec. 57.8. Underground Storage Tank Fund; payment; options
16 for State payment; deferred correction election to commence
17 corrective action upon availability of funds. If an owner or
18 operator is eligible to access the Underground Storage Tank
19 Fund pursuant to an Office of the State Fire Marshal
20 eligibility/deductible final determination letter issued in
21 accordance with Section 57.9, the owner or operator may submit
22 a complete application for final or partial payment to the
23 Agency for activities taken in response to a confirmed
24 release. An owner or operator may submit a request for partial
25 or final payment regarding a site no more frequently than once

1 every 90 days.

2 (a) Payment after completion of corrective action
3 measures. The owner or operator may submit an application for
4 payment for activities performed at a site after completion of
5 the requirements of Sections 57.6 and 57.7, or after
6 completion of any other required activities at the underground
7 storage tank site.

8 (1) In the case of any approved plan and budget for
9 which payment is being sought, the Agency shall make a
10 payment determination within 120 days of receipt of the
11 application. Such determination shall be considered a
12 final decision. The Agency's review shall be limited to
13 generally accepted auditing and accounting practices. In
14 no case shall the Agency conduct additional review of any
15 plan which was completed within the budget, beyond
16 auditing for adherence to the corrective action measures
17 in the proposal. If the Agency fails to approve the
18 payment application within 120 days, such application
19 shall be deemed approved by operation of law and the
20 Agency shall proceed to reimburse the owner or operator
21 the amount requested in the payment application. However,
22 in no event shall the Agency reimburse the owner or
23 operator an amount greater than the amount approved in the
24 plan.

25 (2) If sufficient funds are available in the
26 Underground Storage Tank Fund, the Agency shall, within 60

1 days, forward to the Office of the State Comptroller a
2 voucher in the amount approved under the payment
3 application.

4 (3) In the case of insufficient funds, the Agency
5 shall form a priority list for payment and shall notify
6 persons in such priority list monthly of the availability
7 of funds and when payment shall be made. Payment shall be
8 made to the owner or operator at such time as sufficient
9 funds become available for the costs associated with site
10 investigation and corrective action and costs expended for
11 activities performed where no proposal is required, if
12 applicable. Such priority list shall be available to any
13 owner or operator upon request. Priority for payment shall
14 be determined by the date the Agency receives a complete
15 request for partial or final payment. Upon receipt of
16 notification from the Agency that the requirements of this
17 Title have been met, the Comptroller shall make payment to
18 the owner or operator of the amount approved by the
19 Agency, if sufficient money exists in the Fund. If there
20 is insufficient money in the Fund, then payment shall not
21 be made. If the owner or operator appeals a final Agency
22 payment determination and it is determined that the owner
23 or operator is eligible for payment or additional payment,
24 the priority date for the payment or additional payment
25 shall be the same as the priority date assigned to the
26 original request for partial or final payment.

1 (4) Any deductible, as determined pursuant to the
2 Office of the State Fire Marshal's eligibility and
3 deductibility final determination in accordance with
4 Section 57.9, shall be subtracted from any payment invoice
5 paid to an eligible owner or operator. Only one deductible
6 shall apply per underground storage tank site.

7 (5) In the event that costs are or will be incurred in
8 addition to those approved by the Agency, or after
9 payment, the owner or operator may submit successive plans
10 containing amended budgets. The requirements of Section
11 57.7 shall apply to any amended plans.

12 (6) For purposes of this Section, a complete
13 application shall consist of:

14 (A) A certification from a Licensed Professional
15 Engineer or Licensed Professional Geologist as
16 required under this Title and acknowledged by the
17 owner or operator.

18 (B) A statement of the amounts approved in the
19 budget and the amounts actually sought for payment
20 along with a certified statement by the owner or
21 operator that the amounts so sought were expended in
22 conformance with the approved budget.

23 (C) A copy of the Office of the State Fire
24 Marshal's eligibility and deductibility determination.

25 (D) Proof that approval of the payment requested
26 will not result in the limitations set forth in

1 subsection (g) of this Section being exceeded.

2 (E) A federal taxpayer identification number and
3 legal status disclosure certification on a form
4 prescribed and provided by the Agency.

5 (F) If the Agency determined under subsection
6 (c) (3) of Section 57.7 of this Act that corrective
7 action must include a project labor agreement, a
8 certification from the owner or operator that the
9 corrective action was (i) performed under a project
10 labor agreement that meets the requirements of Section
11 25 of the Project Labor Agreements Act and (ii)
12 implemented in a manner consistent with the terms and
13 conditions of the Project Labor Agreements Act and in
14 full compliance with all statutes, regulations, and
15 Executive Orders as required under that Act and the
16 Prevailing Wage Act.

17 (b) Commencement of site investigation or corrective
18 action upon availability of funds. The Board shall adopt
19 regulations setting forth procedures based on risk to human
20 health or the environment under which the owner or operator
21 who has received approval for any budget plan submitted
22 pursuant to Section 57.7, and who is eligible for payment from
23 the Underground Storage Tank Fund pursuant to an Office of the
24 State Fire Marshal eligibility and deductibility
25 determination, may elect to defer site investigation or
26 corrective action activities until funds are available in an

1 amount equal to the amount approved in the budget. The
2 regulations shall establish criteria based on risk to human
3 health or the environment to be used for determining on a
4 site-by-site basis whether deferral is appropriate. The
5 regulations also shall establish the minimum investigatory
6 requirements for determining whether the risk based criteria
7 are present at a site considering deferral and procedures for
8 the notification of owners or operators of insufficient funds,
9 Agency review of request for deferral, notification of Agency
10 final decisions, returning deferred sites to active status,
11 and earmarking of funds for payment.

12 (c) When the owner or operator requests indemnification
13 for payment of costs incurred as a result of a release of
14 petroleum from an underground storage tank, if the owner or
15 operator has satisfied the requirements of subsection (a) of
16 this Section, the Agency shall forward a copy of the request to
17 the Attorney General. The Attorney General shall review and
18 approve the request for indemnification if:

19 (1) there is a legally enforceable judgment entered
20 against the owner or operator and such judgment was
21 entered due to harm caused by a release of petroleum from
22 an underground storage tank and such judgment was not
23 entered as a result of fraud; or

24 (2) a settlement with a third party due to a release of
25 petroleum from an underground storage tank is reasonable.

26 (d) (1) Notwithstanding any other provision of this Title,

1 the Agency shall not approve payment to an owner or operator
2 from the Fund for costs of corrective action or
3 indemnification incurred during a calendar year in excess of
4 the following aggregate amounts based on the number of
5 petroleum underground storage tanks owned or operated by such
6 owner or operator in Illinois.

7	Amount	Number of Tanks
8	\$2,000,000	fewer than 101
9	\$3,000,000	101 or more

10 (2) ~~(1)~~ Costs incurred in excess of the aggregate amounts
11 set forth in paragraph (1) of this subsection shall not be
12 eligible for payment in subsequent years.

13 (3) ~~(2)~~ For purposes of this subsection, requests
14 submitted by any of the agencies, departments, boards,
15 committees, or commissions of the State of Illinois shall be
16 acted upon as claims from a single owner or operator.

17 (4) ~~(3)~~ For purposes of this subsection, owner or operator
18 includes (i) any subsidiary, parent, or joint stock company of
19 the owner or operator and (ii) any company owned by any parent,
20 subsidiary, or joint stock company of the owner or operator.

21 (e) Costs of corrective action or indemnification incurred
22 by an owner or operator which have been paid to an owner or
23 operator under a policy of insurance, another written
24 agreement, or a court order are not eligible for payment under
25 this Section. An owner or operator who receives payment under
26 a policy of insurance, another written agreement, or a court

1 order shall reimburse the State to the extent such payment
2 covers costs for which payment was received from the Fund. Any
3 monies received by the State under this subsection (e) shall
4 be deposited into the Fund.

5 (f) (Blank~~ed~~).

6 (g) The Agency shall not approve any payment from the Fund
7 to pay an owner or operator:

8 (1) for costs of corrective action incurred by such
9 owner or operator in an amount in excess of \$1,500,000 per
10 occurrence; and

11 (2) for costs of indemnification of such owner or
12 operator in an amount in excess of \$1,500,000 per
13 occurrence.

14 (h) Payment of any amount from the Fund for corrective
15 action or indemnification shall be subject to the State
16 acquiring by subrogation the rights of any owner, operator, or
17 other person to recover the costs of corrective action or
18 indemnification for which the Fund has compensated such owner,
19 operator, or person from the person responsible or liable for
20 the release.

21 (i) If the Agency refuses to pay or authorizes only a
22 partial payment, the affected owner or operator may petition
23 the Board for a hearing in the manner provided for the review
24 of permit decisions in Section 40 of this Act.

25 (j) Costs of corrective action or indemnification incurred
26 by an owner or operator prior to July 28, 1989, shall not be

1 eligible for payment or reimbursement under this Section.

2 (k) The Agency shall not pay costs of corrective action or
3 indemnification incurred before providing notification of the
4 release of petroleum in accordance with the provisions of this
5 Title.

6 (l) Corrective action does not include legal defense
7 costs. Legal defense costs include legal costs for seeking
8 payment under this Title unless the owner or operator prevails
9 before the Board in which case the Board may authorize payment
10 of legal fees.

11 (m) The Agency may apportion payment of costs for plans
12 submitted under Section 57.7 if:

13 (1) the owner or operator was deemed eligible to
14 access the Fund for payment of corrective action costs for
15 some, but not all, of the underground storage tanks at the
16 site; and

17 (2) the owner or operator failed to justify all costs
18 attributable to each underground storage tank at the site.

19 (n) The Agency shall not pay costs associated with a
20 corrective action plan incurred after the Agency provides
21 notification to the owner or operator pursuant to item (7) of
22 subsection (b) of Section 57.7 that a revised corrective
23 action plan is required. Costs associated with any
24 subsequently approved corrective action plan shall be eligible
25 for reimbursement if they meet the requirements of this Title.

2 Sec. 57.9. Underground Storage Tank Fund; eligibility and
3 deductibility.

4 (a) The Underground Storage Tank Fund shall be accessible
5 by owners and operators who have a confirmed release from an
6 underground storage tank or related tank system of a substance
7 listed in this Section. The owner or operator is eligible to
8 access the Underground Storage Tank Fund if the eligibility
9 requirements of this Title are satisfied and:

10 (1) Neither the owner nor the operator is the United
11 States Government.

12 (2) The tank does not contain fuel which is exempt
13 from the Motor Fuel Tax Law.

14 (3) The costs were incurred as a result of a confirmed
15 release of any of the following substances:

16 (A) "Fuel", as defined in Section 1.19 of the
17 Motor Fuel Tax Law.

18 (B) Aviation fuel.

19 (C) Heating oil.

20 (D) Kerosene.

21 (E) Used oil which has been refined from crude oil
22 used in a motor vehicle, as defined in Section 1.3 of
23 the Motor Fuel Tax Law.

24 (4) The owner or operator registered the tank and paid
25 all fees in accordance with the statutory and regulatory

1 requirements of the Gasoline Storage Act.

2 (5) The owner or operator notified the Illinois
3 Emergency Management Agency of a confirmed release, the
4 costs were incurred after the notification and the costs
5 were a result of a release of a substance listed in this
6 Section. Costs of corrective action or indemnification
7 incurred before providing that notification shall not be
8 eligible for payment.

9 (6) The costs have not already been paid to the owner
10 or operator under a private insurance policy, other
11 written agreement, or court order.

12 (7) The costs were associated with "corrective action"
13 of this Act.

14 If the underground storage tank which experienced a
15 release of a substance listed in this Section was
16 installed after July 28, 1989, the owner or operator is
17 eligible to access the Underground Storage Tank Fund if it
18 is demonstrated to the Office of the State Fire Marshal
19 the tank was installed and operated in accordance with
20 Office of the State Fire Marshal regulatory requirements.
21 Office of the State Fire Marshal certification is prima
22 facie evidence the tank was installed pursuant to the
23 Office of the State Fire Marshal regulatory requirements.

24 (b) For releases reported prior to June 8, 2010 (the
25 effective date of Public Act 96-908) ~~this amendatory Act of~~
26 ~~the 96th General Assembly~~, an owner or operator may access the

1 Underground Storage Tank Fund for costs associated with an
2 Agency approved plan and the Agency shall approve the payment
3 of costs associated with corrective action after the
4 application of a \$10,000 deductible, except in the following
5 situations:

6 (1) A deductible of \$100,000 shall apply when none of
7 the underground storage tanks were registered prior to
8 July 28, 1989, except in the case of underground storage
9 tanks used exclusively to store heating oil for
10 consumptive use on the premises where stored and which
11 serve other than farms or residential units, a deductible
12 of \$100,000 shall apply when none of these tanks were
13 registered prior to July 1, 1992.

14 (2) A deductible of \$50,000 shall apply if any of the
15 underground storage tanks were registered prior to July
16 28, 1989, and the State received notice of the confirmed
17 release prior to July 28, 1989.

18 (3) A deductible of \$15,000 shall apply when one or
19 more, but not all, of the underground storage tanks were
20 registered prior to July 28, 1989, and the State received
21 notice of the confirmed release on or after July 28, 1989.

22 For releases reported on or after June 8, 2010 (the
23 effective date of Public Act 96-908) ~~this amendatory Act of~~
24 ~~the 96th General Assembly~~, an owner or operator may access the
25 Underground Storage Tank Fund for costs associated with an
26 Agency approved plan, and the Agency shall approve the payment

1 of costs associated with corrective action after the
2 application of a \$5,000 deductible.

3 A deductible shall apply annually for each site at which
4 costs were incurred under a claim submitted pursuant to this
5 Title, except that if corrective action in response to an
6 occurrence takes place over a period of more than one year, in
7 subsequent years, no deductible shall apply for costs incurred
8 in response to such occurrence.

9 (c) Eligibility and deductibility determinations shall be
10 made by the Office of the State Fire Marshal.

11 (1) When an owner or operator reports a confirmed
12 release of a regulated substance, the Office of the State
13 Fire Marshal shall provide the owner or operator with an
14 "Eligibility and Deductibility Determination" form. The
15 form shall either be provided on-site or within 15 days of
16 the Office of the State Fire Marshal receipt of notice
17 indicating a confirmed release. The form shall request
18 sufficient information to enable the Office of the State
19 Fire Marshal to make a final determination as to owner or
20 operator eligibility to access the Underground Storage
21 Tank Fund pursuant to this Title and the appropriate
22 deductible. The form shall be promulgated as a rule or
23 regulation pursuant to the Illinois Administrative
24 Procedure Act by the Office of the State Fire Marshal.
25 Until such form is promulgated, the Office of the State
26 Fire Marshal shall use a form which generally conforms

1 with this Act.

2 (2) Within 60 days of receipt of the "Eligibility and
3 Deductibility Determination" form, the Office of the State
4 Fire Marshal shall issue one letter enunciating the final
5 eligibility and deductibility determination, and such
6 determination or failure to act within the time prescribed
7 shall be a final decision appealable to the Illinois
8 Pollution Control Board.

10 (415 ILCS 5/59.1)

11 Sec. 59.1. Carbon capture permit requirements. For air
12 construction permit applications for carbon dioxide capture
13 projects at existing sources submitted on or after July 18,
14 2024 (the effective date of Public Act 103-651) ~~this~~
15 ~~amendatory Act of the 103rd General Assembly~~, no permit may be
16 issued unless all of the following requirements are met:

17 (1) The permit applicant demonstrates that there will
18 be no net increase in the individual allowable potential
19 annual criteria pollutant emissions at the source. If the
20 Agency determines that it is technically infeasible for an
21 applicant to demonstrate that there will be no net
22 increase in the individual allowable potential annual
23 criteria pollutant emissions at the source, the Agency
24 shall allow an alternative demonstration.

25 (2) The Agency has complied with the public

1 participation requirements under 35 Ill. Adm. Code 252.

2 (3) The permit applicant submits to the Agency in its
3 permit application, a Greenhouse Gas Inventory Analysis,
4 as set forth in guidance from the United States
5 Environmental Protection Agency, that includes all
6 emissions at the stack or emissions source from which
7 carbon dioxide is captured and a demonstration that the
8 total greenhouse gas emissions associated with capture,
9 including, but not limited to, (i) the emissions at the
10 stack or emissions source from which the carbon dioxide is
11 captured, (ii) the additional emissions associated with
12 additional electricity generated, whether on-site or
13 off-site, used to power any capture equipment, and (iii)
14 any increased emissions necessary for the operation of the
15 capture facility as compared to before the installation
16 and operation of the capture equipment at the facility, do
17 not exceed the total amount of greenhouse gas emissions
18 captured. This comparison shall be made on an annual
19 basis, projected across the proposed life span of the
20 capture project.

21 (4) The permit applicant provides a water impact
22 assessment report. The report must have been submitted to
23 the Department of Natural Resources and to the Soil and
24 Water Conservation District in the county in which the
25 project will be constructed. The report shall identify the
26 following:

1 (A) each water source to be used by the project;

2 (B) the pumping method to be used by the project;

3 (C) the maximum and expected average daily pumping
4 rates for the pumps used by the project;

5 (D) the impacts to each water source used by the
6 project, such as aquifer drawdown or river reductions;
7 and

8 (E) a detailed assessment of the impact on water
9 users near the area of impact.

10 The water impact assessment shall consider the water
11 impacts (i) immediately following the project's initial
12 operations, (ii) at the end of the project's expected
13 operational life, and (iii) during a drought or other
14 similar event.

15 The permit applicant shall submit a certification to the
16 Agency that the applicant has submitted its initial water use
17 impact study and the applicant's ongoing water usage to the
18 Department of Natural Resources. This requirement may be
19 satisfied by submitting to the Agency copies of documents
20 provided to the United States Environmental Protection Agency
21 in accordance with 40 CFR 146.82 if the applicant satisfies
22 the requirements of this Section.

24 (415 ILCS 5/59.9)

25 Sec. 59.9. Closure. The owner or operator of a carbon

1 sequestration activity permitted in accordance with this Act
2 shall monitor the site during the post-injection site care
3 period, which shall be no less than 30 years after the last
4 date of injection, as well as following certification of
5 closure by United States Environmental Protection Agency ~~Act~~
6 to show the position of the carbon dioxide and pressure front
7 to ensure it does not pose an endangerment to groundwater, as
8 specified in 35 Ill. Adm. Code 620, or to human health or the
9 environment, unless and until the Agency certifies that a
10 carbon sequestration facility is closed. Air and soil gas
11 monitoring required by a carbon sequestration activity permit
12 issued by the Agency must continue until the Agency certifies
13 the carbon sequestration facility as closed. The Agency shall
14 certify a carbon sequestration facility as closed if:

15 (1) the owner or operator submits to the Agency a copy
16 of a closure certification issued for the carbon
17 sequestration facility in accordance with 40 CFR 146.93;
18 and

19 (2) the owner or operator demonstrates to the Agency
20 that no additional air or soil gas monitoring is needed to
21 ensure the carbon sequestration facility does not pose an
22 endangerment to groundwater, as specified in 35 Ill. Adm.
23 Code 620, or to human health or the environment.

24 This demonstration must include location-specific
25 monitoring data. The certification of closure does not relieve
26 an operator of any liabilities from the carbon sequestration

activity or carbon sequestration facility.

Sec. 59.10. Financial assurance.

(a) The owner or operator of a sequestration activity permitted in accordance with this Act shall maintain financial assurance in an amount equal to or greater than the cost estimate calculated in accordance with paragraph (11) of Section 59.6.

(b) The owner or operator of the sequestration activity must use one or a combination of the following mechanisms as financial assurance:

- (1) a fully funded trust fund;
- (2) a surety bond guaranteeing payment;
- (3) a surety bond guaranteeing performance; or
- (4) an irrevocable letter of credit.

(c) The financial assurance mechanism must identify the Agency as the sole beneficiary.

(d) The financial assurance mechanism shall be on forms adopted by the Agency. The Agency must adopt these forms within 90 days ~~of the date~~ of July 18, 2024 (the effective date of Public Act 103-651) ~~this amendatory Act of the 103rd General Assembly.~~

(e) The Agency shall release a trustee, surety, or other financial institution holding a financial assurance mechanism

1 when:

2 (1) the owner or operator of a carbon sequestration
3 activity substitutes alternative financial assurance such
4 that the total financial assurance for the site is equal
5 to or greater than the current cost estimate, without
6 counting the amounts to be released; or

7 (2) the Agency determines that the owner or operator
8 is no longer required to maintain a permit.

9 (f) The Agency may enter into contracts and agreements it
10 deems necessary to carry out the purposes of this Section,
11 including, but not limited to, interagency agreements with the
12 Illinois State Geological Survey, the Department of Natural
13 Resources, or other agencies of the State. Neither the State
14 nor any State employee shall be liable for any damages or
15 injuries arising out of or resulting from any action taken
16 under paragraph (11) of Section 59.6.

17 (g) The Agency may order that a permit holder modify the
18 financial assurance or order that proceeds from financial
19 assurance be applied to the remedial action at or closure of an
20 injection site. The Agency may pursue legal action in any
21 court of competent jurisdiction to enforce its rights under
22 financial instruments used to provide the financial assurance
23 required under Section 59.10.

24 (h) An owner or operator of a carbon sequestration
25 activity permitted in accordance with this Act that has a
26 closure plan approved by the United States Environmental

1 Protection Agency in accordance with 40 CFR 146.93 may satisfy
2 the financial assurance requirements for any portion of the
3 cost estimates for closure costs required by the Agency by
4 submitting to the Agency true copies of the financial
5 assurance mechanism required by 40 CFR 146.85, if those
6 mechanisms are compliant with Section 59.10.

17 Sec. 5a. Fertilizer; application restrictions.

18 (a) No applicator for hire shall:

19 (1) Apply phosphorus-containing fertilizer to a lawn,

16 Section 2.26 as follows:

17 (520 ILCS 5/2.26) (from Ch. 61, par. 2.26)

18 Sec. 2.26. Deer hunting permits. Any person attempting to
19 take deer shall first obtain a "Deer Hunting Permit" issued by
20 the Department in accordance with its administrative rules.
21 Those rules must provide for the issuance of the following
22 types of resident deer archery permits: (i) a combination
23 permit, consisting of one either-sex permit and one

1 antlerless-only permit, (ii) a single antlerless-only permit,
2 and (iii) a single either-sex permit. The fee for a Deer
3 Hunting Permit to take deer with either bow and arrow or gun
4 shall not exceed \$25 for residents of the State. The
5 Department may by administrative rule provide for non-resident
6 deer hunting permits for which the fee will not exceed \$300 in
7 2005, \$350 in 2006, and \$400 in 2007 and thereafter except as
8 provided below for non-resident landowners and non-resident
9 archery hunters. The Department may by administrative rule
10 provide for a non-resident archery deer permit consisting of
11 not more than 2 harvest tags at a total cost not to exceed \$325
12 in 2005, \$375 in 2006, and \$425 in 2007 and thereafter. The
13 fees for a youth resident and non-resident archery deer permit
14 shall be the same.

15 The Department shall create a pilot program during the
16 special 3-day, youth-only deer hunting season to allow for
17 youth deer hunting permits that are valid statewide, excluding
18 those counties or portions of counties closed to firearm deer
19 hunting. The Department shall adopt rules to implement the
20 pilot program. Nothing in this paragraph shall be construed to
21 prohibit the Department from issuing Special Hunt Area Permits
22 for the youth-only deer hunting season or establishing,
23 through administrative rule, additional requirements
24 pertaining to the youth-only deer hunting season on
25 Department-owned or Department-managed sites, including

9 Persons having a firearm deer hunting permit shall be
10 permitted to take deer only during the period from 1/2 hour
11 before sunrise to 1/2 hour after sunset, and only during those
12 days for which an open season is established for the taking of
13 deer by use of shotgun, handgun, rifle, or muzzle loading
14 rifle.

15 Persons having an archery deer hunting permit shall be
16 permitted to take deer only during the period from 1/2 hour
17 before sunrise to 1/2 hour after sunset, and only during those

26 in such a manner as to attract or lure white-tailed deer.

1 "Baiting" means the placement or scattering of bait to attract
2 deer. An area is considered as baited during the presence of
3 and for 10 consecutive days following the removal of bait.
4 Nothing in this Section shall prohibit the use of a dog to
5 track wounded deer. Any person using a dog for tracking
6 wounded deer must maintain physical control of the dog at all
7 times by means of a maximum 50-foot ~~50-foot~~ lead attached to
8 the dog's collar or harness. Tracking wounded deer is
9 permissible at night, but at no time outside of legal deer
10 hunting hours or seasons shall any person handling or
11 accompanying a dog being used for tracking wounded deer be in
12 possession of any firearm or archery device. Persons tracking
13 wounded deer with a dog during the firearm deer seasons shall
14 wear blaze orange or solid blaze pink color as required. Dog
15 handlers tracking wounded deer with a dog are exempt from
16 hunting license and deer permit requirements so long as they
17 are accompanied by the licensed deer hunter who wounded the
18 deer.

19 It shall be unlawful to possess or transport any wild deer
20 which has been injured or killed in any manner upon a public
21 highway or public right-of-way of this State unless exempted
22 by administrative rule.

23 Persons hunting deer must have the gun unloaded and no bow
24 and arrow device shall be carried with the arrow in the nocked
25 position during hours when deer hunting is unlawful.

26 It shall be unlawful for any person, having taken the

1 legal limit of deer by gun, to further participate with a gun
2 in any deer hunting party.

3 It shall be unlawful for any person, having taken the
4 legal limit of deer by bow and arrow, to further participate
5 with bow and arrow in any deer hunting party.

6 The Department may prohibit upland game hunting during the
7 gun deer season by administrative rule.

8 The Department shall not limit the number of non-resident,
9 either-sex archery deer hunting permits to less than 20,000.

10 Any person who violates any of the provisions of this
11 Section, including administrative rules, shall be guilty of a
12 Class B misdemeanor.

13 For the purposes of calculating acreage under this
14 Section, the Department shall, after determining the total
15 acreage of the applicable tract or tracts of land, round
16 remaining fractional portions of an acre greater than or equal
17 to half of an acre up to the next whole acre.

18 For the purposes of taking white-tailed deer, nothing in
19 this Section shall be construed to prevent the manipulation,
20 including mowing or cutting, of standing crops as a normal
21 agricultural or soil stabilization practice, food plots, or
22 normal agricultural practices, including planting, harvesting,
23 and maintenance such as cultivating or the use of products
24 designed for scent only and not capable of ingestion, solid or
25 liquid, placed or scattered, in such a manner as to attract or
26 lure deer. Such manipulation for the purpose of taking

1 white-tailed deer may be further modified by administrative
2 rule.

22 jeopardize the continued existence of Illinois listed
23 endangered and threatened species or are likely to result in
24 the destruction or adverse modification of the designated

1 essential habitat of such species, which policy shall be
2 enforceable only by writ of mandamus; and where a State or
3 local agency does so consult in furtherance of this public
4 policy, such State or local agency shall be deemed to have
5 complied with its obligations under the "Illinois Endangered
6 Species Protection Act", provided the agency action shall not
7 result in the killing or injuring of any Illinois listed
8 animal species, or provided that authorization for taking a
9 listed species has been issued under Section 4, 5, or 5.5 of
10 this Act. This paragraph (b) shall not apply to any project of
11 a State agency on which a biological opinion has been issued
12 (in accordance with Section 7 of the federal ~~Federal~~
13 Endangered Species Act of 1973) prior to the effective date of

17 (c) The Department shall have the authority to adopt such
18 rules as are reasonable and necessary to implement the
19 provisions of this Act.

1 (605 ILCS 5/6-513) (from Ch. 121, par. 6-513)

2 Sec. 6-513. The county board, in any county having the
3 commission form of government in which a county unit road
4 district is established, may issue bonds of the county in an
5 amount not exceeding 2.875% of the value, as equalized and
6 assessed by the Department of Revenue, of the property in such
7 county or, until January 1, 1983, if greater, the sum that is
8 produced by multiplying the county's 1978 equalized assessed

11 district roads. However, the question of issuing such county
12 bonds shall first be submitted to the legal voters of such
13 county at an election. The county board shall adopt a
14 resolution to submit the question of issuing such bonds to a
15 vote, specifying therein the particular roads or bridges to be
16 constructed, the type of construction to be made on each
17 section of such roads or on such bridges, and the proposed
18 widths of the roadway, together with an estimate of the cost of
19 such construction. The county board shall certify the
20 resolution to the proper election officials, who shall submit
21 at an election such proposition in accordance with the general
22 election law. Notice of the referendum shall be given and the

6 If a majority of the voters voting on such question vote in
7 favor of the proposition, the county board may at once issue
8 the bonds and take the necessary steps to construct the roads
9 provided for. Such bonds shall be issued to mature within 20
10 years from the date of issue, shall be upon such terms and
11 conditions and shall bear such rate of interest not in excess
12 of the amount permitted pursuant to the Bond Authorization Act
13 ~~"An Act to authorize public corporations to issue bonds, other~~

18 and the county board may, if it is of the opinion that the bids
19 are unsatisfactory, reject the same and re-advertise and
20 solicit other bids. At the time or before issuing any such
21 bonds, the county board shall adopt a resolution fixing the
22 details of such bonds and providing for the levy of a direct
23 annual tax to pay the principal and interest on such bonds as
24 the same become due. A register of all bonds so issued shall be
25 kept in the office of the county clerk, and it shall be the
26 duty of the county clerk to annually extend a tax upon all the

1 taxable property of the county sufficient to pay the interest
2 and principal on such bonds, as the same shall become due. Such
3 tax shall not be subject to any limitation as to rate or
4 amount. However, if it has been certified to the county clerk
5 that funds from other sources have been allocated and set
6 aside for the purpose of paying the principal or interest, or
7 both, of such bonds, the county clerk shall, in extending the
8 tax and fixing the rate of tax under this Section make proper
9 allowance and reduction in such extension of tax and tax rate
10 to the extent of the funds so certified to be available for the
11 payment of such principal or interest, or both.

14 Sec. 6-901. Annually, the General Assembly shall
15 appropriate to the Department of Transportation from the Road
16 Fund, the General Revenue Fund, or any other State funds, or a
17 combination of those funds, \$60,000,000 for apportionment to
18 counties for the use of road districts for the construction of
19 bridges 20 feet or more in length, as provided in Sections
20 6-902 through 6-907.

21 The Department of Transportation shall apportion among the
22 several counties of this State for the use of road districts
23 the amounts appropriated under this Section. The amount
24 apportioned to a county shall be in the proportion which the
25 total mileage of township or district roads in the county

1 bears to the total mileage of all township and district roads
2 in the State. Each county shall allocate to the several road
3 districts in the county the funds so apportioned to the
4 county. The allocation to road districts shall be made in the
5 same manner and be subject to the same conditions and
6 qualifications as are provided by Section 8 of the Motor Fuel
7 Tax Law with respect to the allocation to road districts of the
8 amount allotted from the Motor Fuel Tax Fund for apportionment
9 to counties for the use of road districts, but no allocation
10 shall be made to any road district that has not levied taxes
11 for road and bridge purposes in such a manner that is eligible
12 for allotment of Motor Fuel Tax funding pursuant to Section 8
13 of the Motor Fuel Tax Law. 7 "Road district" and "township or
14 district road" have the meanings ascribed to those terms in
15 this Act.

16 Road districts in counties in which a property tax
17 extension limitation is imposed under the Property Tax
18 Extension Limitation Law that are made ineligible for receipt
19 of this appropriation due to the imposition of a property tax
20 extension limitation may become eligible if, at the time the
21 property tax extension limitation was imposed, the road
22 district was levying at the required rate and continues to
23 levy the maximum allowable amount after the imposition of the
24 property tax extension limitation. The road district also
25 becomes eligible if it levies at or above the rate required for
26 eligibility by Section 8 of the Motor Fuel Tax Law.

1 The amounts apportioned under this Section for allocation
2 to road districts may be used only for bridge construction as
3 provided in this Division. So much of those amounts as are not
4 obligated under Sections 6-902 through 6-904 and for which
5 local funds have not been committed under Section 6-905 within
6 48 months of the date when such apportionment is made lapses
7 and shall not be paid to the county treasurer for distribution
8 to road districts.

12 Sec. 6-907. Lapsed funds; use. Lapsed funds under Section
13 6-906 shall be used to provide additional monetary assistance
14 to townships and road districts that have insufficient funding

19 (605 ILCS 5/10-303) (from Ch. 121, par. 10-303)

20 Sec. 10-303. For the purpose of acquiring by purchase or
21 otherwise or the constructing of any such bridge, the county
22 board of each such county is authorized to borrow money and in
23 evidence thereof to issue the bonds of such county, and to
24 refund the same from time to time, payable solely from the

1 revenues derived from the operation of such bridge. Such bonds
2 may be issued as serial or term bonds, shall mature in not to
3 exceed 40 years from the date thereof, and may be made
4 redeemable, prior to maturity, with or without premium. Such
5 bonds may be issued in such amounts as may be necessary to
6 provide sufficient funds to pay the cost of acquiring or
7 constructing such bridge and the approaches thereto, including
8 all property real or personal, necessary or incidental in the
9 acquisition or construction of such bridge and its approaches,
10 including reasonable legal and engineering, traffic survey,
11 and architectural fees, costs of financing, and interest
12 during construction and for not less than 12 months
13 thereafter. Such bonds shall bear interest at a rate not to
14 exceed that permitted in the Bond Authorization Act ~~"An Act to~~
15 ~~authorize public corporations to issue bonds, other evidences~~
16 ~~of indebtedness and tax anticipation warrants subject to~~
17 ~~interest rate limitations set forth therein", approved May 26,~~
18 ~~1970, as amended,~~ payable semi-annually. Bonds issued under
19 the provisions of this Division of this Article have the
20 qualities and incidents of negotiable instruments under the
21 laws of the State of Illinois, shall be executed in the name of
22 the county by the chairman of the county board and the county
23 clerk of such county, and shall be sealed with the corporate
24 seal of the county, and the interest coupons attached to such
25 bonds shall be executed by the facsimile signatures of such
26 chairman and county clerk, and such officials by the execution

1 of such bonds shall adopt as and for their own proper
2 signatures their respective facsimile signatures appearing on
3 such coupons. In case any officer whose signature appears on
4 any such bonds or coupons ceases to be such officer before
5 delivery of such bonds, such signatures shall nevertheless be
6 valid and sufficient for all purposes, the same as if such
7 officer had remained in office until such delivery.

8 Such bonds may be registered as to principal at any time
9 prior to maturity in the name of the holder on the books of the
10 county in the office of the county treasurer, such
11 registration to be noted on the reverse side of the bonds by
12 the county treasurer, and thereafter the principal of such
13 registered bonds shall be payable only to the registered
14 holder, his legal representatives or assigns. Such registered
15 bonds shall be transferable to another registered holder, or
16 back to bearer, only upon presentation to the county treasurer
17 with the legal assignment duly acknowledged or approved.
18 Registration of any such bonds shall not affect negotiability
19 of the coupons thereto attached, but such coupons shall be
20 transferable by delivery merely.

21 All such bonds issued by any such county shall be sold in
22 such manner and at such time as the governing body shall
23 determine. Whenever the governing body of any such county

19 plainly stated on the face of each bond that it does not
20 constitute an indebtedness within any constitutional or

16 vehicles, a portion of which are registered with the
17 Secretary of State of Illinois in accordance with an
18 agreement or arrangement concurred in by the Secretary
19 of State of Illinois based on one or more of the
20 following factors: ratio of miles in Illinois as
21 against total miles in all jurisdictions; situs or
22 base of a vehicle, or where it is principally garaged,
23 or from whence it is principally dispatched or where
24 the movements of such vehicle usually originate; situs

8 by the Secretary of State pursuant to rules and
9 regulations which the Secretary of State may
10 promulgate in the administration of this Code, in the
11 public interest.

12 (3) (a) In order to effectuate the purposes of this
13 Code, the Secretary of State of Illinois is empowered to
14 negotiate and execute written reciprocal agreements or
15 arrangements with the duly authorized representatives of
16 other jurisdictions, including States, districts,
17 territories and possessions of the United States, and
18 foreign states, provinces, or countries, granting to
19 owners or operators of vehicles duly registered or
20 licensed in such other jurisdictions and for which
21 evidence of compliance is supplied, benefits, privileges
22 and exemption from the payment, wholly or partially, of
23 any taxes, fees or other charges imposed with respect to
24 the ownership or operation of such vehicles by the laws of
25 this State except the tax imposed by the Motor Fuel Tax
26 Law, approved March 25, 1929, as amended, and the tax

1 imposed by the Use Tax Act, approved July 14, 1955, as
2 amended.

3 The Secretary of State may negotiate agreements or
4 arrangements as are in the best interests of this State
5 and the residents of this State pursuant to the policies
6 expressed in this Section taking into consideration the
7 reciprocal exemptions, benefits and privileges available
8 and accruing to residents of this State and vehicles
9 registered in this State.

10 (b) Such reciprocal agreements or arrangements shall
11 provide that vehicles duly registered or licensed in this
12 State when operated upon the highways of such other
13 jurisdictions, shall receive exemptions, benefits and
14 privileges of a similar kind or to a similar degree as
15 extended to vehicles from such jurisdictions in this
16 State.

17 (c) Such agreements or arrangements may also authorize
18 the apportionment of registration or licensing of fleets
19 of vehicles operated interstate, based on any or all of
20 the following factors: ratio of miles in Illinois as
21 against total miles in all jurisdictions; situs or base of
22 a vehicle, or where it is principally garaged or from
23 whence it is principally dispatched or where the movements
24 of such vehicle usually originate; situs of the residence
25 of the owner or operator thereof, or of his principal
26 office or offices, or of his places of business; the

1 routes traversed and whether regular or irregular routes
2 are traversed, and the jurisdictions traversed and served;
3 and such other factors as may be deemed material by the
4 Secretary and the motor vehicle administrators of the
5 other jurisdictions involved in such apportionment, and
6 such vehicles shall likewise be entitled to reciprocal
7 exemptions, benefits and privileges.

8 (d) Such agreements or arrangements shall also provide
9 that vehicles being operated in intrastate commerce in
10 Illinois shall comply with the registration and licensing
11 laws of this State, except that vehicles which are part of
12 an apportioned fleet may conduct an intrastate operation
13 incidental to their interstate operations. Any motor
14 vehicle properly registered and qualified under any
15 reciprocal agreement or arrangement under this Code and
16 not having a situs or base within Illinois may complete
17 the inbound movement of a trailer or semitrailer to an
18 Illinois destination that was brought into Illinois by a
19 motor vehicle also properly registered and qualified under
20 this Code and not having a situs or base within Illinois,
21 or may complete an outbound movement of a trailer or
22 semitrailer to an out-of-state destination that was
23 originated in Illinois by a motor vehicle also properly
24 registered and qualified under this Code and not having a
25 situs or base in Illinois, only if the operator thereof
26 did not break bulk of the cargo laden in such inbound or

1 outbound trailer or semitrailer. Adding or unloading
2 intrastate cargo on such inbound or outbound trailer or
3 semitrailer shall be deemed as breaking bulk.

4 (e) Such agreements or arrangements may also provide
5 for the determination of the proper State in which leased
6 vehicles shall be registered based on the factors set out
7 in subsection (c) above and for apportionment of
8 registration of fleets of leased vehicles by the lessee or
9 by the lessor who leases such vehicles to persons who are
10 not fleet operators.

11 (f) Such agreements or arrangements may also include
12 reciprocal exemptions, benefits or privileges accruing
13 under The Illinois Driver Licensing Law or The Driver
14 License Compact.

15 (4) The Secretary of State is further authorized to
16 examine the laws and requirements of other jurisdictions,
17 and, in the absence of a written agreement or arrangement,
18 to issue a written declaration of the extent and nature of
19 the exemptions, benefits and privileges accorded to
20 vehicles of this State by such other jurisdictions, and
21 the extent and nature of reciprocal exemptions, benefits
22 and privileges thereby accorded by this State to the
23 vehicles of such other jurisdictions. A declaration by the
24 Secretary of State may include any, part or all reciprocal
25 exemptions, benefits and privileges or provisions as may
26 be included within an agreement or arrangement.

1 (5) All agreements, arrangements, declarations and
2 amendments thereto, shall be in writing and become
3 effective when signed by the Secretary of State, and
4 copies of all such documents shall be available to the
5 public upon request.

6 (6) The Secretary of State is further authorized to
7 require the display by foreign registered trucks,
8 truck-tractors and buses, entitled to reciprocal benefits,
9 exemptions or privileges hereunder, a reciprocity permit
10 for external display before any such reciprocal benefits,
11 exemptions or privileges are granted. The Secretary of
12 State shall provide suitable application forms for such
13 permit and shall promulgate and publish reasonable rules
14 and regulations for the administration and enforcement of
15 the provisions of this Code including a provision for
16 revocation of such permit as to any vehicle operated
17 wilfully in violation of the terms of any reciprocal
18 agreement, arrangement or declaration or in violation of
19 the Illinois Motor Carrier of Property Law, as amended.

20 (7) (a) Upon the suspension, revocation or denial of
21 one or more of all reciprocal benefits, privileges and
22 exemptions existing pursuant to the terms and provisions
23 of this Code or by virtue of a reciprocal agreement or
24 arrangement or declaration thereunder; or, upon the
25 suspension, revocation or denial of a reciprocity permit;
26 or, upon any action or inaction of the Secretary in the

1 administration and enforcement of the provisions of this

2 (625 ILCS 5/4-203)

3 Sec. 4-203. Removal of motor vehicles or other vehicles;
4 towing or hauling away.

5 (a) When a vehicle is abandoned, or left unattended, on a
6 toll highway, interstate highway, or expressway for 2 hours or
7 more, its removal by a towing service may be authorized by a
8 law enforcement agency having jurisdiction.

9 (b) When a vehicle is abandoned on a highway in an urban
10 district for 10 hours or more, its removal by a towing service
11 may be authorized by a law enforcement agency having
12 jurisdiction.

13 (c) When a vehicle is abandoned or left unattended on a
14 highway other than a toll highway, interstate highway, or
15 expressway, outside of an urban district for 24 hours or more,
16 its removal by a towing service may be authorized by a law
17 enforcement agency having jurisdiction.

18 (d) When an abandoned, unattended, wrecked, burned, or
19 partially dismantled vehicle is creating a traffic hazard
20 because of its position in relation to the highway or its
21 physical appearance is causing the impeding of traffic, its
22 immediate removal from the highway or private property
23 adjacent to the highway by a towing service may be authorized
24 by a law enforcement agency having jurisdiction.

25 (e) Whenever a peace officer reasonably believes that a

1 person under arrest for a violation of Section 11-501 of this
2 Code or a similar provision of a local ordinance is likely,
3 upon release, to commit a subsequent violation of Section
4 11-501, or a similar provision of a local ordinance, the
5 arresting officer shall have the vehicle which the person was
6 operating at the time of the arrest impounded for a period of
7 12 hours after the time of arrest. However, such vehicle may be
8 released by the arresting law enforcement agency prior to the
9 end of the impoundment period if:

10 (1) the vehicle was not owned by the person under
11 arrest, and the lawful owner requesting such release
12 possesses a valid operator's license, proof of ownership,
13 and would not, as determined by the arresting law
14 enforcement agency, indicate a lack of ability to operate
15 a motor vehicle in a safe manner, or who would otherwise,
16 by operating such motor vehicle, be in violation of this
17 Code; or

18 (2) the vehicle is owned by the person under arrest,
19 and the person under arrest gives permission to another
20 person to operate such vehicle, provided however, that the
21 other person possesses a valid operator's license and
22 would not, as determined by the arresting law enforcement
23 agency, indicate a lack of ability to operate a motor
24 vehicle in a safe manner or who would otherwise, by
25 operating such motor vehicle, be in violation of this
26 Code.

1 (e-5) Whenever a registered owner of a vehicle is taken
2 into custody for operating the vehicle in violation of Section
3 11-501 of this Code or a similar provision of a local ordinance
4 or Section 6-303 of this Code, a law enforcement officer may
5 have the vehicle immediately impounded for a period not less
6 than:

7 (1) 24 hours for a second violation of Section 11-501
8 of this Code or a similar provision of a local ordinance or
9 Section 6-303 of this Code or a combination of these
10 offenses; or

11 (2) 48 hours for a third violation of Section 11-501
12 of this Code or a similar provision of a local ordinance or
13 Section 6-303 of this Code or a combination of these
14 offenses.

15 The vehicle may be released sooner if the vehicle is owned
16 by the person under arrest and the person under arrest gives
17 permission to another person to operate the vehicle and that
18 other person possesses a valid operator's license and would
19 not, as determined by the arresting law enforcement agency,
20 indicate a lack of ability to operate a motor vehicle in a safe
21 manner or would otherwise, by operating the motor vehicle, be
22 in violation of this Code.

23 (f) Except as provided in Chapter 18a of this Code, the
24 owner or lessor of privately owned real property within this
25 State, or any person authorized by such owner or lessor, or any
26 law enforcement agency in the case of publicly owned real

1 property may cause any motor vehicle abandoned or left
2 unattended upon such property without permission to be removed
3 by a towing service without liability for the costs of
4 removal, transportation, ~~or~~ storage, or damage caused by such
5 removal, transportation, or storage. The towing or removal of
6 any vehicle from private property without the consent of the
7 registered owner or other legally authorized person in control
8 of the vehicle is subject to compliance with the following
9 conditions and restrictions:

10 1. Any towed or removed vehicle must be stored at the
11 site of the towing service's place of business. The site
12 must be open during business hours, and for the purpose of
13 redemption of vehicles, during the time that the person or
14 firm towing such vehicle is open for towing purposes.

15 2. The towing service shall within 30 minutes of
16 completion of such towing or removal, notify the law
17 enforcement agency having jurisdiction of such towing or
18 removal, and the make, model, color, and license plate
19 number of the vehicle, and shall obtain and record the
20 name of the person at the law enforcement agency to whom
21 such information was reported.

22 3. If the registered owner or legally authorized
23 person entitled to possession of the vehicle shall arrive
24 at the scene prior to actual removal or towing of the
25 vehicle, the vehicle shall be disconnected from the tow
26 truck and that person shall be allowed to remove the

1 vehicle without interference, upon the payment of a
2 reasonable service fee of not more than one-half the
3 posted rate of the towing service as provided in paragraph
4 6 of this subsection, for which a receipt shall be given.

5 4. The rebate or payment of money or any other
6 valuable consideration from the towing service or its
7 owners, managers, or employees to the owners or operators
8 of the premises from which the vehicles are towed or
9 removed, for the privilege of removing or towing those
10 vehicles, is prohibited. Any individual who violates this
11 paragraph shall be guilty of a Class A misdemeanor.

12 5. Except for property appurtenant to and obviously a
13 part of a single family residence, and except for
14 instances where notice is personally given to the owner or
15 other legally authorized person in control of the vehicle
16 that the area in which that vehicle is parked is reserved
17 or otherwise unavailable to unauthorized vehicles and they
18 are subject to being removed at the owner or operator's
19 expense, any property owner or lessor, prior to towing or
20 removing any vehicle from private property without the
21 consent of the owner or other legally authorized person in
22 control of that vehicle, must post a notice meeting the
23 following requirements:

24 a. Except as otherwise provided in subparagraph
25 a.1 of this paragraph 5 of this subsection ~~subdivision~~
26 ~~(f)~~5, the notice must be prominently placed at each

1 driveway access or curb cut allowing vehicular access
2 to the property within 5 feet from the public
3 right-of-way line. If there are no curbs or access
4 barriers, the sign must be posted not less than one
5 sign each 100 feet of lot frontage.

6 a.1. In a municipality with a population of less
7 than 250,000, as an alternative to the requirement of
8 subparagraph a of this paragraph 5 of this subsection
9 ~~subdivision (f)5~~, the notice for a parking lot
10 contained within property used solely for a 2-family,
11 3-family, or 4-family residence may be prominently
12 placed at the perimeter of the parking lot, in a
13 position where the notice is visible to the occupants
14 of vehicles entering the lot.

15 b. The notice must indicate clearly, in not less
16 than 2 inch high light-reflective letters on a
17 contrasting background, that unauthorized vehicles
18 will be towed away at the owner's expense.

19 c. The notice must also provide the name and
20 current telephone number of the towing service towing
21 or removing the vehicle.

22 d. The sign structure containing the required
23 notices must be permanently installed with the bottom
24 of the sign not less than 4 feet above ground level,
25 and must be continuously maintained on the property
26 for not less than 24 hours prior to the towing or

1 removing of any vehicle.

2 6. Any towing service that tows or removes vehicles
3 and proposes to require the owner, operator, or person in
4 control of the vehicle to pay the costs of towing and
5 storage prior to redemption of the vehicle must file and
6 keep on record with the local law enforcement agency a
7 complete copy of the current rates to be charged for such
8 services, and post at the storage site an identical rate
9 schedule and any written contracts with property owners,
10 lessors, or persons in control of property which authorize
11 them to remove vehicles as provided in this Section. The
12 towing and storage charges, however, shall not exceed the
13 maximum allowed by the Illinois Commerce Commission under
14 Section 18a-200.

15 7. No person shall engage in the removal of vehicles
16 from private property as described in this Section without
17 filing a notice of intent in each community where he
18 intends to do such removal, and such notice shall be filed
19 at least 7 days before commencing such towing.

20 8. No removal of a vehicle from private property shall
21 be done except upon express written instructions of the
22 owners or persons in charge of the private property upon
23 which the vehicle is said to be trespassing.

24 9. Vehicle entry for the purpose of removal shall be
25 allowed with reasonable care on the part of the person or
26 firm towing the vehicle. Such person or firm shall be

1 liable for any damages occasioned to the vehicle if such
2 entry is not in accordance with the standards of
3 reasonable care.

4 9.5. Except as authorized by a law enforcement
5 officer, no towing service shall engage in the removal of
6 a commercial motor vehicle that requires a commercial
7 driver's license to operate by operating the vehicle under
8 its own power on a highway.

9 10. When a vehicle has been towed or removed pursuant
10 to this Section, it must be released to its owner,
11 custodian, agent, or lienholder within one-half hour after
12 requested, if such request is made during business hours.
13 Any vehicle owner, custodian, agent, or lienholder shall
14 have the right to inspect the vehicle before accepting its
15 return, and no release or waiver of any kind which would
16 release the towing service from liability for damages
17 incurred during the towing and storage may be required
18 from any vehicle owner or other legally authorized person
19 as a condition of release of the vehicle. A detailed,
20 signed receipt showing the legal name of the towing
21 service must be given to the person paying towing or
22 storage charges at the time of payment, whether requested
23 or not.

24 This Section shall not apply to law enforcement,
25 firefighting, rescue, ambulance, or other emergency
26 vehicles which are marked as such or to property owned by

1 any governmental entity.

2 When an authorized person improperly causes a motor
3 vehicle to be removed, such person shall be liable to the
4 owner or lessee of the vehicle for the cost of removal,
5 transportation and storage, any damages resulting from the
6 removal, transportation and storage, attorney's fee, and
7 court costs.

8 Any towing or storage charges accrued shall be payable
9 in cash or by cashier's check, certified check, debit
10 card, credit card, or wire transfer, at the option of the
11 party taking possession of the vehicle.

12 11. Towing companies shall also provide insurance
13 coverage for areas where vehicles towed under the
14 provisions of this Chapter will be impounded or otherwise
15 stored, and shall adequately cover loss by fire, theft, or
16 other risks.

17 Any person who fails to comply with the conditions and
18 restrictions of this subsection shall be guilty of a Class C
19 misdemeanor and shall be fined not less than \$100 nor more than
20 \$500.

21 (g)(1) When a vehicle is determined to be a hazardous
22 dilapidated motor vehicle pursuant to Section 11-40-3.1 of the
23 Illinois Municipal Code or Section 5-12002.1 of the Counties
24 Code, its removal and impoundment by a towing service may be
25 authorized by a law enforcement agency with appropriate
26 jurisdiction.

1 (2) When a vehicle removal from either public or private
2 property is authorized by a law enforcement agency, the owner
3 of the vehicle shall be responsible for all towing and storage
4 charges.

5 (3) Vehicles removed from public or private property and
6 stored by a commercial vehicle relocater or any other towing
7 service authorized by a law enforcement agency in compliance
8 with this Section and Sections 4-201 and 4-202 of this Code, or
9 at the request of the vehicle owner or operator, shall be
10 subject to a possessor lien for services pursuant to the Labor
11 and Storage Lien (Small Amount) Act. The provisions of Section
12 1 of that Act relating to notice and implied consent shall be
13 deemed satisfied by compliance with Section 18a-302 and
14 subsection (6) of Section 18a-300. In no event shall such lien
15 be greater than the rate or rates established in accordance
16 with subsection (6) of Section 18a-200 of this Code. In no
17 event shall such lien be increased or altered to reflect any
18 charge for services or materials rendered in addition to those
19 authorized by this Code. Every such lien shall be payable in
20 cash or by cashier's check, certified check, debit card,
21 credit card, or wire transfer, at the option of the party
22 taking possession of the vehicle.

23 (4) Any personal property belonging to the vehicle owner
24 in a vehicle subject to a lien under this subsection (g) shall
25 likewise be subject to that lien, excepting only: child
26 restraint systems as defined in Section 4 of the Child

1 Passenger Protection Act and other child booster seats;
2 eyeglasses; food; medicine; personal medical and health care
3 devices, including hearing instruments; perishable property;
4 any operator's licenses; any cash, credit cards, or checks or
5 checkbooks; any wallet, purse, or other property containing
6 any operator's licenses, social security cards, or other
7 identifying documents or materials, cash, credit cards,
8 checks, checkbooks, or passbooks; higher education textbooks
9 and study materials; and any personal property belonging to a
10 person other than the vehicle owner if that person provides
11 adequate proof that the personal property belongs to that
12 person. The spouse, child, mother, father, brother, or sister
13 of the vehicle owner may claim personal property excepted
14 under this paragraph (4) if the person claiming the personal
15 property provides the commercial vehicle relocater or towing
16 service with the authorization of the vehicle owner.

17 (5) This paragraph (5) applies only in the case of a
18 vehicle that is towed as a result of being involved in a crash.
19 In addition to the personal property excepted under paragraph
20 (4), all other personal property in a vehicle subject to a lien
21 under this subsection (g) is exempt from that lien and may be
22 claimed by the vehicle owner if the vehicle owner provides the
23 commercial vehicle relocater or towing service with proof that
24 the vehicle owner has an insurance policy covering towing and
25 storage fees. The spouse, child, mother, father, brother, or
26 sister of the vehicle owner may claim personal property in a

1 vehicle subject to a lien under this subsection (g) if the
2 person claiming the personal property provides the commercial
3 vehicle relocater or towing service with the authorization of
4 the vehicle owner and proof that the vehicle owner has an
5 insurance policy covering towing and storage fees. The
6 regulation of liens on personal property and exceptions to
7 those liens in the case of vehicles towed as a result of being
8 involved in a crash are exclusive powers and functions of the
9 State. A home rule unit may not regulate liens on personal
10 property and exceptions to those liens in the case of vehicles
11 towed as a result of being involved in a crash. This paragraph
12 (5) is a denial and limitation of home rule powers and
13 functions under subsection (h) of Section 6 of Article VII of
14 the Illinois Constitution.

15 (6) No lien under this subsection (g) shall: exceed \$2,000
16 in its total amount; or be increased or altered to reflect any
17 charge for services or materials rendered in addition to those
18 authorized by this Code.

19 (h) Whenever a peace officer issues a citation to a driver
20 for a violation of subsection (a), (a-5), or (b-5) of Section
21 11-506 of this Code or for a violation of paragraph (1) of
22 subsection (a) of Section 11-503 of this Code, the arresting
23 officer may have the vehicle which the person was operating at
24 the time of the arrest impounded for a period of 5 days after
25 the time of arrest. An impounding agency shall release a motor
26 vehicle impounded under this subsection (h) to the registered

1 owner of the vehicle under any of the following circumstances:

2 (1) if the vehicle is a stolen vehicle; or

3 (2) if the person ticketed for a violation of
4 subsection (a), (a-5), or (b-5) of Section 11-506 or
5 paragraph (1) of subsection (a) of Section 11-503 of this
6 Code was not authorized by the registered owner of the
7 vehicle to operate the vehicle at the time of the
8 violation; or

9 (3) if the registered owner of the vehicle was neither
10 the driver nor a passenger in the vehicle at the time of
11 the violation or was unaware that the driver was using the
12 vehicle to engage in street racing, street sideshow, or
13 reckless driving; or

14 (4) if the legal owner or registered owner of the
15 vehicle is a rental car agency; or

16 (5) if, prior to the expiration of the impoundment
17 period specified above, the citation is dismissed or the
18 defendant is found not guilty of the offense.

19 (i) Except for vehicles exempted under subsection (b) of
20 Section 7-601 of this Code, whenever a law enforcement officer
21 issues a citation to a driver for a violation of Section 3-707
22 of this Code, and the driver has a prior conviction for a
23 violation of Section 3-707 of this Code in the past 12 months,
24 the arresting officer shall authorize the removal and
25 impoundment of the vehicle by a towing service.

26 (j) Notwithstanding any other provision of law, if a

1 person has indicated in a timely filed report to the
2 appropriate law enforcement agency that a vehicle towed
3 pursuant to this Section has been stolen or hijacked then:

4 (1) the person shall not be liable for any
5 governmentally imposed fees, fines, or penalties; and

6 (2) if a vehicle towed pursuant to this Section is
7 registered in Illinois and the name and address of the
8 registered owner of the vehicle is provided or made
9 available to the towing service at the time of the tow,
10 then the towing service must provide written notice of the
11 tow to the registered owner within 2 business days after
12 the vehicle is towed by certified mail, return receipt
13 requested. No storage charges shall accrue if the vehicle
14 is reclaimed by paying recovery and towing charges at the
15 posted rates of the towing service as provided by
16 paragraph 6 of subsection (f) within 7 days after such
17 notice is mailed. If the vehicle is registered in a state
18 other than Illinois, then no storage charges shall accrue
19 if the vehicle is reclaimed by paying recovery and towing
20 charges at the posted rates of the towing service as
21 provided by paragraph 6 of subsection (f) within 7 days
22 after a request for registered owner information is mailed
23 by the towing service, certified mail, return receipt
24 requested, to the applicable administrative agency or
25 office in that state.

26 The towing service shall enjoy a lien to secure payment of

1 charges accrued in compliance with this subsection.

4 (625 ILCS 5/5-102) (from Ch. 95 1/2, par. 5-102)

5 Sec. 5-102. Used vehicle dealers must be licensed.

6 (a) No person, other than a licensed new vehicle dealer,
7 shall engage in the business of selling or dealing in, on
8 consignment or otherwise, 5 or more used vehicles of any make
9 during the year (except house trailers as authorized by
10 paragraph (j) of this Section and rebuilt salvage vehicles
11 sold by their rebuilders to persons licensed under this
12 Chapter), or act as an intermediary, agent, or broker for any
13 licensed dealer or vehicle purchaser (other than as a
14 salesperson) or represent or advertise that he is so engaged
15 or intends to so engage in such business unless licensed to do
16 so by the Secretary of State under the provisions of this
17 Section.

18 (b) An application for a used vehicle dealer's license
19 shall be filed with the Secretary of State, duly verified by
20 oath, in such form as the Secretary of State may by rule or
21 regulation prescribe and shall contain:

22 1. The name and type of business organization
23 established and additional places of business, if any, in
24 this State.

25 2. If the applicant is a corporation, a list of its

1 officers, directors, and shareholders having a 10% ~~ten~~
2 ~~percent~~ or greater ownership interest in the corporation,
3 setting forth the residence address of each; if the
4 applicant is a sole proprietorship, a partnership, an
5 unincorporated association, a trust, or any similar form
6 of business organization, the names and residence address
7 of the proprietor or of each partner, member, officer,
8 director, trustee, or manager.

9 3. A statement that the applicant has been approved
10 for registration under the Retailers' Occupation Tax Act
11 by the Department of Revenue. However, this requirement
12 does not apply to a dealer who is already licensed
13 hereunder with the Secretary of State, and who is merely
14 applying for a renewal of his license. As evidence of this
15 fact, the application shall be accompanied by a
16 certification from the Department of Revenue showing that
17 the Department has approved the applicant for registration
18 under the Retailers' Occupation Tax Act.

19 4. A statement that the applicant has complied with
20 the appropriate liability insurance requirement. A
21 Certificate of Insurance in a solvent company authorized
22 to do business in the State of Illinois shall be included
23 with each application covering each location at which he
24 proposes to act as a used vehicle dealer. The policy must
25 provide liability coverage in the minimum amounts of
26 \$100,000 for bodily injury to, or death of, any person,

1 \$300,000 for bodily injury to, or death of, 2 ~~two~~ or more
2 persons in any one crash, and \$50,000 for damage to
3 property. Such policy shall expire not sooner than
4 December 31 of the year for which the license was issued or
5 renewed. The expiration of the insurance policy shall not
6 terminate the liability under the policy arising during
7 the period for which the policy was filed. Trailer and
8 mobile home dealers are exempt from this requirement.

9 If the permitted user has a liability insurance policy
10 that provides automobile liability insurance coverage of
11 at least \$100,000 for bodily injury to or the death of any
12 person, \$300,000 for bodily injury to or the death of any 2
13 or more persons in any one crash, and \$50,000 for damage to
14 property, then the permitted user's insurer shall be the
15 primary insurer and the dealer's insurer shall be the
16 secondary insurer. If the permitted user does not have a
17 liability insurance policy that provides automobile
18 liability insurance coverage of at least \$100,000 for
19 bodily injury to or the death of any person, \$300,000 for
20 bodily injury to or the death of any 2 or more persons in
21 any one crash, and \$50,000 for damage to property, or does
22 not have any insurance at all, then the dealer's insurer
23 shall be the primary insurer and the permitted user's
24 insurer shall be the secondary insurer.

25 When a permitted user is "test driving" a used vehicle
26 dealer's automobile, the used vehicle dealer's insurance

1 shall be primary and the permitted user's insurance shall
2 be secondary.

3 As used in this paragraph 4, a "permitted user" is a
4 person who, with the permission of the used vehicle dealer
5 or an employee of the used vehicle dealer, drives a
6 vehicle owned and held for sale or lease by the used
7 vehicle dealer which the person is considering to purchase
8 or lease, in order to evaluate the performance,
9 reliability, or condition of the vehicle. The term
10 "permitted user" also includes a person who, with the
11 permission of the used vehicle dealer, drives a vehicle
12 owned or held for sale or lease by the used vehicle dealer
13 for loaner purposes while the user's vehicle is being
14 repaired or evaluated.

15 As used in this paragraph 4, "test driving" occurs
16 when a permitted user who, with the permission of the used
17 vehicle dealer or an employee of the used vehicle dealer,
18 drives a vehicle owned and held for sale or lease by a used
19 vehicle dealer that the person is considering to purchase
20 or lease, in order to evaluate the performance,
21 reliability, or condition of the vehicle.

22 As used in this paragraph 4, "loaner purposes" means
23 when a person who, with the permission of the used vehicle
24 dealer, drives a vehicle owned or held for sale or lease by
25 the used vehicle dealer while the user's vehicle is being
26 repaired or evaluated.

1 5. An application for a used vehicle dealer's license
2 shall be accompanied by the following license fees:

3 (A) \$1,000 for applicant's established place of
4 business, and \$50 for each additional place of
5 business, if any, to which the application pertains;
6 however, if the application is made after June 15 of
7 any year, the license fee shall be \$500 for
8 applicant's established place of business plus \$25 for
9 each additional place of business, if any, to which
10 the application pertains. License fees shall be
11 returnable only in the event that the application is
12 denied by the Secretary of State. Of the money
13 received by the Secretary of State as license fees
14 under this subparagraph (A) for the 2004 licensing
15 year and thereafter, 95% shall be deposited into the
16 General Revenue Fund.

17 (B) Except for dealers selling 25 or fewer
18 automobiles or as provided in subsection (h) of
19 Section 5-102.7 of this Code, an Annual Dealer
20 Recovery Fund Fee in the amount of \$500 for the
21 applicant's established place of business, and \$50 for
22 each additional place of business, if any, to which
23 the application pertains; but if the application is
24 made after June 15 of any year, the fee shall be \$250
25 for the applicant's established place of business plus
26 \$25 for each additional place of business, if any, to

1 which the application pertains. For a license renewal
2 application, the fee shall be based on the amount of
3 automobiles sold in the past year according to the
4 following formula:

5 (1) \$0 for dealers selling 25 or fewer ~~less~~
6 automobiles;

7 (2) \$150 for dealers selling more than 25 but
8 fewer ~~less~~ than 200 automobiles;

9 (3) \$300 for dealers selling 200 or more
10 automobiles but fewer ~~less~~ than 300 automobiles;
11 and

12 (4) \$500 for dealers selling 300 or more
13 automobiles.

14 License fees shall be returnable only in the event
15 that the application is denied by the Secretary of
16 State. Moneys received under this subparagraph (B)
17 shall be deposited into the Dealer Recovery Trust
18 Fund.

19 6. A statement that the applicant's officers,
20 directors, shareholders having a 10% or greater ownership
21 interest therein, proprietor, partner, member, officer,
22 director, trustee, manager, or other principals in the
23 business have not committed in the past 3 years any one
24 violation as determined in any civil, criminal, or
25 administrative proceedings of any one of the following
26 Acts:

13 the Criminal Code of 2012, Criminal Trespass to
14 Vehicles; or

15 (F) The Retailers' Occupation Tax Act.

16 7. A statement that the applicant's officers,
17 directors, shareholders having a 10% or greater ownership
18 interest therein, proprietor, partner, member, officer,
19 director, trustee, manager, or other principals in the
20 business have not committed in any calendar year 3 or more
21 violations, as determined in any civil, criminal, or
22 administrative proceedings, of any one or more of the
23 following Acts:

24 (A) The Consumer Finance Act;

10 each officer, director, shareholder having a 10% or
11 greater ownership interest therein, proprietor, partner,
12 member, officer, director, trustee, manager, or other
13 principal in the business of the applicant has not
14 committed, as determined in any civil, criminal, or
15 administrative proceeding, in any calendar year one or
16 more forcible felonies under the Criminal Code of 1961 or
17 the Criminal Code of 2012, or a violation of either or both
18 Article 16 or 17 of the Criminal Code of 1961 or a
19 violation of either or both Article 16 or 17 of the
20 Criminal Code of 2012, Article 29B of the Criminal Code of
21 1961 or the Criminal Code of 2012, or a similar
22 out-of-state offense. For the purposes of this paragraph,
23 "forcible felony" has the meaning provided in Section 2-8
24 of the Criminal Code of 2012.

25 8. A bond or Certificate of Deposit in the amount of
26 \$50,000 for each location at which the applicant intends

1 to act as a used vehicle dealer. The bond shall be for the
2 term of the license, or its renewal, for which application
3 is made, and shall expire not sooner than December 31 of
4 the year for which the license was issued or renewed. The
5 bond shall run to the People of the State of Illinois, with
6 surety by a bonding or insurance company authorized to do
7 business in this State. It shall be conditioned upon the
8 proper transmittal of all title and registration fees and
9 taxes (excluding taxes under the Retailers' Occupation Tax
10 Act) accepted by the applicant as a used vehicle dealer.

11 9. Such other information concerning the business of
12 the applicant as the Secretary of State may by rule or
13 regulation prescribe.

14 10. A statement that the applicant understands Chapter
15 1 through Chapter 5 of this Code.

16 11. A copy of the certification from the prelicensing
17 education program.

18 12. The full name, address, and contact information of
19 each of the dealer's agents or legal representatives who
20 is an Illinois resident and liable for the performance of
21 the dealership.

22 (c) Any change which renders no longer accurate any
23 information contained in any application for a used vehicle
24 dealer's license shall be amended within 30 days after the
25 occurrence of each change on such form as the Secretary of
26 State may prescribe by rule or regulation, accompanied by an

1 amendatory fee of \$2.

2 (d) Anything in this Chapter to the contrary
3 notwithstanding, no person shall be licensed as a used vehicle
4 dealer unless such person maintains an established place of
5 business as defined in this Chapter.

6 (e) The Secretary of State shall, within a reasonable time
7 after receipt, examine an application submitted to him under
8 this Section. Unless the Secretary makes a determination that
9 the application submitted to him does not conform to this
10 Section or that grounds exist for a denial of the application
11 under Section 5-501 of this Chapter, he must grant the
12 applicant an original used vehicle dealer's license in writing
13 for his established place of business and a supplemental
14 license in writing for each additional place of business in
15 such form as he may prescribe by rule or regulation which shall
16 include the following:

8 (f) The appropriate instrument evidencing the license or a
9 certified copy thereof, provided by the Secretary of State
10 shall be kept posted, conspicuously, in the established place
11 of business of the licensee and in each additional place of
12 business, if any, maintained by such licensee.

13 (g) Except as provided in subsection (h) of this Section,
14 all used vehicle dealer's licenses granted under this Section
15 expire by operation of law on December 31 of the calendar year
16 for which they are granted unless sooner revoked or cancelled
17 under Section 5-501 of this Chapter.

18 (h) A used vehicle dealer's license may be renewed upon
19 application and payment of the fee required herein, and
20 submission of proof of coverage by an approved bond under the
21 Retailers' Occupation Tax Act or proof that applicant is not
22 subject to such bonding requirements, as in the case of an
23 original license, but in case an application for the renewal
24 of an effective license is made during the month of December,
25 the effective license shall remain in force until the
26 application for renewal is granted or denied by the Secretary

1 of State.

2 (i) All persons licensed as a used vehicle dealer are
3 required to furnish each purchaser of a motor vehicle:

16 been reinstated, a copy of the warranty.

17 (j) A real estate broker holding a valid certificate of
18 registration issued pursuant to "The Real Estate Brokers and
19 Salesmen License Act" may engage in the business of selling or
20 dealing in house trailers not his own without being licensed
21 as a used vehicle dealer under this Section; however such
22 broker shall maintain a record of the transaction including
23 the following:

24 (1) the name and address of the buyer and seller,

25 (2) the date of sale,

26 (3) a description of the mobile home, including the

1 vehicle identification number, make, model, and year, and

3 The foregoing records shall be available for inspection by
4 any officer of the Secretary of State's Office at any
5 reasonable hour.

6 (k) Except at the time of sale or repossession of the
7 vehicle, no person licensed as a used vehicle dealer may issue
8 any other person a newly created key to a vehicle unless the
9 used vehicle dealer makes a color photocopy or electronic scan
10 of the driver's license or State identification card of the
11 person requesting or obtaining the newly created key. The used
12 vehicle dealer must retain the photocopy or scan for 30 days.

13 A used vehicle dealer who violates this subsection (k) is
14 guilty of a petty offense. Violation of this subsection (k) is
15 not cause to suspend, revoke, cancel, or deny renewal of the
16 used vehicle dealer's license.

17 (l) Used vehicle dealers licensed under this Section shall
18 provide the Secretary of State a register for the sale at
19 auction of each salvage or junk certificate vehicle. Each
20 register shall include the following information:

21 1. The year, make, model, style, and color of the

2 vehicle was acquired;

3 5. The name and address of the person to whom any
4 vehicle was disposed, the person's Illinois license
5 number, or if the person is an out-of-state salvage
6 vehicle buyer, the license number from the state or
7 jurisdiction where the buyer is licensed; and

8 6. The purchase price of the vehicle.

9 The register shall be submitted to the Secretary of State
10 via written or electronic means within 10 calendar days from
11 the date of the auction.

12 (m) If a licensee under this Section voluntarily
13 surrenders a license to the Illinois Secretary of State Police
14 or a representative of the Secretary of State Vehicle Services
15 Department due to the licensee's inability to adhere to
16 recordkeeping provisions, or the inability to properly issue
17 certificates of title or registrations under this Code, or the
18 Secretary revokes a license under this Section, then the
19 licensee and the licensee's agent, designee, or legal
20 representative, if applicable, may not be named on a new
21 application for a licensee under this Section or under this
22 Chapter, nor is the licensee or the licensee's agent,

24 another licensee under this Chapter in a recordkeeping,
25 management, or financial position or as an employee who
26 handles certificate of title and registration documents and

6 Sec. 6-110. Licenses issued to drivers.

7 (a) The Secretary of State shall issue to every qualifying
8 applicant a driver's license as applied for, which license
9 shall bear a distinguishing number assigned to the licensee,
10 the legal name, signature, zip code, date of birth, residence
11 address, and a brief description of the licensee.

12 Licenses issued shall also indicate the classification and
13 the restrictions under Section 6-104 of this Code. The
14 Secretary may adopt rules to establish informational
15 restrictions that can be placed on the driver's license
16 regarding specific conditions of the licensee.

17 A driver's license issued may, in the discretion of the
18 Secretary, include a suitable photograph of a type prescribed
19 by the Secretary.

20 (a-1) If the licensee is less than 18 years of age, unless
21 one of the exceptions in subsection (a-2) apply, the license
22 shall, as a matter of law, be invalid for the operation of any
23 motor vehicle during the following times:

24 (A) Between 11:00 p.m. Friday and 6:00 a.m. Saturday;

25 (B) Between 11:00 p.m. Saturday and 6:00 a.m. on

1 Sunday; and

3 inclusive, and 6:00 a.m. on the following day.

4 (a-2) The driver's license of a person under the age of 18
5 shall not be invalid as described in subsection (a-1) of this
6 Section if the licensee under the age of 18 was:

7 (1) accompanied by the licensee's parent or guardian
8 or other person in custody or control of the minor;

9 (2) on an errand at the direction of the minor's
10 parent or guardian, without any detour or stop;

11 (3) in a motor vehicle involved in interstate travel;

12 (4) going to or returning home from an employment
13 activity, without any detour or stop;

14 (5) involved in an emergency;

15 (6) going to or returning home from, without any
16 detour or stop, an official school, religious, or other
17 recreational activity supervised by adults and sponsored
18 by a government or governmental agency, a civic
19 organization, or another similar entity that takes
20 responsibility for the licensee, without any detour or
21 stop;

22 (7) exercising First Amendment rights protected by the
23 United States Constitution, such as the free exercise of
24 religion, freedom of speech, and the right of assembly; or

25 (8) married or had been married or is an emancipated
26 minor under the Emancipation of Minors Act.

1 (a-2.5) The driver's license of a person who is 17 years of
2 age and has been licensed for at least 12 months is not invalid
3 as described in subsection (a-1) of this Section while the
4 licensee is participating as an assigned driver in a Safe
5 Rides program that meets the following criteria:

6 (1) the program is sponsored by the Boy Scouts of
7 America or another national public service organization;
8 and

9 (2) the sponsoring organization carries liability
10 insurance covering the program.

11 (a-3) If a graduated driver's license holder over the age
12 of 18 committed an offense against traffic regulations
13 governing the movement of vehicles or any violation of Section
14 6-107 or Section 12-603.1 of this Code in the 6 months prior to
15 the graduated driver's license holder's 18th birthday, and was
16 subsequently convicted of the offense, the provisions of
17 subsection (a-1) shall continue to apply until such time as a
18 period of 6 consecutive months has elapsed without an
19 additional violation and subsequent conviction of an offense
20 against traffic regulations governing the movement of vehicles
21 or Section 6-107 or Section 12-603.1 of this Code.

22 (a-4) If an applicant for a driver's license or
23 instruction permit has a current identification card issued by
24 the Secretary of State, the Secretary may require the
25 applicant to utilize the same residence address and name on
26 the identification card, driver's license, and instruction

1 permit records maintained by the Secretary. The Secretary may
2 promulgate rules to implement this provision.

3 (a-5) If an applicant for a driver's license is an
4 employee of the Department of Children and Family Services
5 with a job title of "Child Protection Specialist Trainee",
6 "Child Protection Specialist", "Child Protection Advanced
7 Specialist", "Child Welfare Specialist Trainee", "Child
8 Welfare Specialist", or "Child Welfare Advanced Specialist" or
9 a judicial officer or a peace officer, the applicant may elect
10 to have his or her office or work address listed on the license
11 instead of the applicant's residence or mailing address. The
12 Secretary of State shall adopt rules to implement this
13 subsection (a-5). For the purposes of this subsection (a-5),
14 "peace officer" means any person who by virtue of his or her
15 office or public employment is vested by law with a duty to
16 maintain public order or to make arrests for a violation of any
17 penal statute of this State, whether that duty extends to all
18 violations or is limited to specific violations.

19 (b) Until the Secretary of State establishes a First
20 Person Consent organ and tissue donor registry under Section
21 6-117 of this Code, the Secretary of State shall provide a
22 format on the reverse of each driver's license issued which
23 the licensee may use to execute a document of gift conforming
24 to the provisions of the Illinois Anatomical Gift Act. The
25 format shall allow the licensee to indicate the gift intended,
26 whether specific organs, any organ, or the entire body, and

1 shall accommodate the signatures of the donor and 2 witnesses.
2 The Secretary shall also inform each applicant or licensee of
3 this format, describe the procedure for its execution, and may
4 offer the necessary witnesses; provided that in so doing, the
5 Secretary shall advise the applicant or licensee that he or
6 she is under no compulsion to execute a document of gift. A
7 brochure explaining this method of executing an anatomical
8 gift document shall be given to each applicant or licensee.
9 The brochure shall advise the applicant or licensee that he or
10 she is under no compulsion to execute a document of gift, and
11 that he or she may wish to consult with family, friends, or
12 clergy before doing so. The Secretary of State may undertake
13 additional efforts, including education and awareness
14 activities, to promote organ and tissue donation.

15 (c) The Secretary of State shall designate on each
16 driver's license issued a space where the licensee may place a
17 sticker or decal of the uniform size as the Secretary may
18 specify, which sticker or decal may indicate in appropriate
19 language that the owner of the license carries an Emergency
20 Medical Information Card.

21 The sticker may be provided by any person, hospital,
22 school, medical group, or association interested in assisting
23 in implementing the Emergency Medical Information Card, but
24 shall meet the specifications as the Secretary may by rule or
25 regulation require.

26 (d) The Secretary of State shall designate on each

1 driver's license issued a space where the licensee may
2 indicate his blood type and RH factor.

3 (e) The Secretary of State shall provide that each
4 original or renewal driver's license issued to a licensee
5 under 21 years of age shall be of a distinct nature from those
6 driver's licenses issued to individuals 21 years of age and
7 older. The color designated for driver's licenses for
8 licensees under 21 years of age shall be at the discretion of
9 the Secretary of State.

10 (e-1) The Secretary shall provide that each driver's
11 license issued to a person under the age of 21 displays the
12 date upon which the person becomes 18 years of age and the date
13 upon which the person becomes 21 years of age.

14 (e-3) The General Assembly recognizes the need to identify
15 military veterans living in this State for the purpose of
16 ensuring that they receive all of the services and benefits to
17 which they are legally entitled, including health care
18 ~~healthcare~~, education assistance, and job placement. To assist
19 the State in identifying these veterans and delivering these
20 vital services and benefits, the Secretary of State is
21 authorized to issue drivers' licenses with the word "veteran"
22 appearing on the face of the licenses. This authorization is

4 requirements of this Code or a police vehicle properly and
5 lawfully making use of an audible or visual signal:

6 (1) the driver of every other vehicle shall yield the
7 right-of-way and shall immediately drive to a position
8 parallel to, and as close as possible to, the right-hand
9 edge or curb of the highway clear of any intersection and
10 shall, if necessary to permit the safe passage of the
11 emergency vehicle, stop and remain in such position until
12 the authorized emergency vehicle has passed, unless

15 stop such car clear of any intersection and keep it in such
16 position until the authorized emergency vehicle has

1 materials to educate drivers on approaching stationary
2 authorized emergency vehicles, to hire off-duty Illinois State
3 Police for enforcement of this Section, and for other law
4 enforcement purposes the Director deems necessary in these

1 Section 1055. The Juvenile Court Act of 1987 is amended by
2 changing Sections 4-6 and 5-915 as follows:

3 (705 ILCS 405/4-6) (from Ch. 37, par. 804-6)

4 Sec. 4-6. Temporary custody. "Temporary custody" means the
5 temporary placement of the minor out of the custody of the
6 minor's guardian or parent.

7 (a) "Temporary protective custody" means custody within a
8 hospital or other medical facility or a place previously
9 designated for such custody by the Department, subject to
10 review by the court ~~Court~~, including a licensed foster home,
11 group home, or other institution; but such place shall not be a
12 jail or other place for the detention of criminal or juvenile
13 offenders.

14 (b) "Shelter care" means a physically unrestrictive
15 facility designated by the Department of Children and Family
16 Services or a licensed child welfare agency or other suitable

20 (705 ILCS 405/5-915)

21 Sec. 5-915. Expungement of juvenile law enforcement and
22 juvenile court records.

23 (0.05) (Blank).

24 (0.1) (a) The Illinois State Police and all law enforcement

1 agencies within the State shall automatically expunge, on or
2 before January 1 of each year, except as described in
3 paragraph (c) of this subsection (0.1), all juvenile law
4 enforcement records relating to events occurring before an
5 individual's 18th birthday if:

6 (1) one year or more has elapsed since the date of the
7 arrest or law enforcement interaction documented in the
8 records;

9 (2) no petition for delinquency or criminal charges
10 were filed with the clerk of the circuit court relating to
11 the arrest or law enforcement interaction documented in
12 the records; and

13 (3) 6 months have elapsed since the date of the arrest
14 without an additional subsequent arrest or filing of a
15 petition for delinquency or criminal charges whether
16 related or not to the arrest or law enforcement
17 interaction documented in the records.

18 (b) If the law enforcement agency is unable to verify
19 satisfaction of conditions (2) and (3) of this subsection
20 (0.1), records that satisfy condition (1) of this subsection
21 (0.1) shall be automatically expunged if the records relate to
22 an offense that if committed by an adult would not be an
23 offense classified as a Class 2 felony or higher, an offense
24 under Article 11 of the Criminal Code of 1961 or Criminal Code
25 of 2012, or an offense under Section 12-13, 12-14, 12-14.1,
26 12-15, or 12-16 of the Criminal Code of 1961.

1 (c) If the juvenile law enforcement record was received
2 through a public submission to a statewide student
3 confidential reporting system administered by the Illinois
4 State Police, the record will be maintained for a period of 5
5 years according to all other provisions in this subsection
6 (0.1).

7 (0.15) If a juvenile law enforcement record meets
8 paragraph (a) of subsection (0.1) of this Section, a juvenile
9 law enforcement record created:

10 (1) prior to January 1, 2018, but on or after January
11 1, 2013 shall be automatically expunged prior to January
12 1, 2020;

13 (2) prior to January 1, 2013, but on or after January
14 1, 2000, shall be automatically expunged prior to January
15 1, 2023; and

16 (3) prior to January 1, 2000 shall not be subject to
17 the automatic expungement provisions of this Act.

18 Nothing in this subsection (0.15) shall be construed to
19 restrict or modify an individual's right to have the person's
20 juvenile law enforcement records expunged except as otherwise
21 may be provided in this Act.

22 (0.2) (a) Upon dismissal of a petition alleging delinquency
23 or upon a finding of not delinquent, the successful
24 termination of an order of supervision, or the successful
25 termination of an adjudication for an offense which would be a
26 Class B misdemeanor, Class C misdemeanor, or a petty or

1 business offense if committed by an adult, the court shall
2 automatically order the expungement of the juvenile court
3 records and juvenile law enforcement records. The clerk shall
4 deliver a certified copy of the expungement order to the
5 Illinois State Police and the arresting agency. Upon request,
6 the State's Attorney shall furnish the name of the arresting
7 agency. The expungement shall be completed within 60 business
8 days after the receipt of the expungement order.

9 (b) If the chief law enforcement officer of the agency, or
10 the chief law enforcement officer's designee, certifies in
11 writing that certain information is needed for a pending
12 investigation involving the commission of a felony, that
13 information, and information identifying the juvenile, may be
14 retained until the statute of limitations for the felony has
15 run. If the chief law enforcement officer of the agency, or the
16 chief law enforcement officer's designee, certifies in writing
17 that certain information is needed with respect to an internal
18 investigation of any law enforcement office, that information
19 and information identifying the juvenile may be retained
20 within an intelligence file until the investigation is
21 terminated or the disciplinary action, including appeals, has
22 been completed, whichever is later. Retention of a portion of
23 a juvenile's law enforcement record does not disqualify the
24 remainder of a juvenile's record from immediate automatic
25 expungement.

26 (0.3) (a) Upon an adjudication of delinquency based on any

1 offense except a disqualified offense, the juvenile court
2 shall automatically order the expungement of the juvenile
3 court and law enforcement records 2 years after the juvenile's
4 case was closed if no delinquency or criminal proceeding is
5 pending and the person has had no subsequent delinquency
6 adjudication or criminal conviction. On the date that the
7 minor's sentence ends or the date that the court enters an
8 order committing the minor to the Department of Juvenile
9 Justice, the juvenile court judge shall schedule a date to
10 enter the automatic expungement order. The minor must be
11 notified but shall not be required to be present for the
12 scheduled court date when automatic expungement is to be
13 ordered. If the minor is not yet eligible on the originally
14 scheduled date, the court shall schedule a subsequent date to
15 enter the automatic expungement order. The clerk shall deliver
16 a certified copy of the expungement order to the Illinois
17 State Police and the arresting agency. Upon request, the
18 State's Attorney shall furnish the name of the arresting
19 agency. The expungement shall be completed within 60 business
20 days after the receipt of the expungement order. In this
21 subsection (0.3), "disqualified offense" means any of the
22 following offenses: Section 8-1.2, 9-1, 9-1.2, 9-2, 9-2.1,
23 9-3, 9-3.2, 10-1, 10-2, 10-3, 10-3.1, 10-4, 10-5, 10-9,
24 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-6, 11-6.5,
25 12-2, 12-3.05, 12-3.3, 12-4.4a, 12-5.02, 12-6.2, 12-6.5,
26 12-7.1, 12-7.5, 12-20.5, 12-32, 12-33, 12-34, 12-34.5, 18-1,

1 18-2, 18-3, 18-4, 18-6, 19-3, 19-6, 20-1, 20-1.1, 24-1.2,
2 24-1.2-5, 24-1.5, 24-3A, 24-3B, 24-3.2, 24-3.8, 24-3.9,
3 29D-14.9, 29D-20, 30-1, 31-1a, 32-4a, or 33A-2 of the Criminal
4 Code of 2012, or subsection (b) of Section 8-1, paragraph (4)
5 of subsection (a) of Section 11-14.4, subsection (a-5) of
6 Section 12-3.1, paragraph (1), (2), or (3) of subsection (a)
7 of Section 12-6, subsection (a-3) or (a-5) of Section 12-7.3,
8 paragraph (1) or (2) of subsection (a) of Section 12-7.4,
9 subparagraph (i) of paragraph (1) of subsection (a) of Section
10 12-9, subparagraph (H) of paragraph (3) of subsection (a) of
11 Section 24-1.6, paragraph (1) of subsection (a) of Section
12 25-1, or subsection (a-7) of Section 31-1 of the Criminal Code
13 of 2012.

14 (b) If the chief law enforcement officer of the agency, or
15 the chief law enforcement officer's designee, certifies in
16 writing that certain information is needed for a pending
17 investigation involving the commission of a felony, that
18 information, and information identifying the juvenile, may be
19 retained in an intelligence file until the investigation is
20 terminated or for one additional year, whichever is sooner.
21 Retention of a portion of a juvenile's juvenile law
22 enforcement record does not disqualify the remainder of a
23 juvenile's record from immediate automatic expungement.

24 (0.4) Automatic expungement for the purposes of this
25 Section shall not require law enforcement agencies to
26 obliterate or otherwise destroy juvenile law enforcement

1 records that would otherwise need to be automatically expunged
2 under this Act, except after 2 years following the subject
3 arrest for purposes of use in civil litigation against a
4 governmental entity or its law enforcement agency or personnel
5 which created, maintained, or used the records. However, these
6 juvenile law enforcement records shall be considered expunged
7 for all other purposes during this period and the offense,
8 which the records or files concern, shall be treated as if it
9 never occurred as required under Section 5-923.

10 (0.5) Subsection (0.1) or (0.2) of this Section does not
11 apply to violations of traffic, boating, fish and game laws,
12 or county or municipal ordinances.

13 (0.6) Juvenile law enforcement records of a plaintiff who
14 has filed civil litigation against the governmental entity or
15 its law enforcement agency or personnel that created,
16 maintained, or used the records, or juvenile law enforcement
17 records that contain information related to the allegations
18 set forth in the civil litigation may not be expunged until
19 after 2 years have elapsed after the conclusion of the
20 lawsuit, including any appeal.

21 (0.7) Officer-worn body camera recordings shall not be
22 automatically expunged except as otherwise authorized by the
23 Law Enforcement Officer-Worn Body Camera Act.

24 (1) Whenever a person has been arrested, charged, or
25 adjudicated delinquent for an incident occurring before a
26 person's 18th birthday that if committed by an adult would be

1 an offense, and that person's juvenile law enforcement and
2 juvenile court records are not eligible for automatic
3 expungement under subsection (0.1), (0.2), or (0.3), the
4 person may petition the court at any time at no cost to the
5 person for expungement of juvenile law enforcement records and
6 juvenile court records relating to the incident and, upon
7 termination of all juvenile court proceedings relating to that
8 incident, the court shall order the expungement of all records
9 in the possession of the Illinois State Police, the clerk of
10 the circuit court, and law enforcement agencies relating to
11 the incident, but only in any of the following circumstances:

12 (a) the minor was arrested and no petition for
13 delinquency was filed with the clerk of the circuit court;

14 (a-5) the minor was charged with an offense and the
15 petition or petitions were dismissed without a finding of
16 delinquency;

17 (b) the minor was charged with an offense and was
18 found not delinquent of that offense;

19 (c) the minor was placed under supervision under
20 Section 5-615, and the order of supervision has since been
21 successfully terminated; or

22 (d) the minor was adjudicated for an offense which
23 would be a Class B misdemeanor, Class C misdemeanor, or a
24 petty or business offense if committed by an adult.

25 (1.5) At no cost to the person, the Illinois State Police
26 shall allow a person to use the Access and Review process,

1 established in the Illinois State Police, for verifying that
2 the person's juvenile law enforcement records relating to
3 incidents occurring before the person's 18th birthday eligible
4 under this Act have been expunged.

5 (1.6) (Blank).

6 (1.7) (Blank).

7 (1.8) (Blank).

8 (2) Any person whose delinquency adjudications are not
9 eligible for automatic expungement under subsection (0.3) of
10 this Section may petition the court at no cost to the person to
11 expunge all juvenile law enforcement records relating to any
12 incidents occurring before the person's 18th birthday which
13 did not result in proceedings in criminal court and all
14 juvenile court records with respect to any adjudications
15 except those based upon first degree murder or an offense
16 under Article 11 of the Criminal Code of 2012 if the person is
17 required to register under the Sex Offender Registration Act
18 at the time the person petitions the court for expungement;
19 provided that 2 years have elapsed since all juvenile court
20 proceedings relating to the person have been terminated and
21 the person's commitment to the Department of Juvenile Justice
22 under this Act has been terminated.

23 (2.5) If a minor is arrested and no petition for
24 delinquency is filed with the clerk of the circuit court at the
25 time the minor is released from custody, the youth officer, if
26 applicable, or other designated person from the arresting

1 agency, shall notify verbally and in writing to the minor or
2 the minor's parents or guardians that the minor shall have an
3 arrest record and shall provide the minor and the minor's
4 parents or guardians with an expungement information packet,
5 information regarding this State's expungement laws including
6 a petition to expunge juvenile law enforcement and juvenile
7 court records obtained from the clerk of the circuit court.

8 (2.6) If a minor is referred to court, then, at the time of
9 sentencing, dismissal of the case, or successful completion of
10 supervision, the judge shall inform the delinquent minor of
11 the minor's rights regarding expungement and the clerk of the
12 circuit court shall provide an expungement information packet
13 to the minor, written in plain language, including information
14 regarding this State's expungement laws and a petition for
15 expungement, a sample of a completed petition, expungement
16 instructions that shall include information informing the
17 minor that (i) once the case is expunged, it shall be treated
18 as if it never occurred, (ii) the minor shall not be charged a
19 fee to petition for expungement, (iii) once the minor obtains
20 an expungement, the minor may not be required to disclose that
21 the minor had a juvenile law enforcement or juvenile court
22 record, and (iv) if petitioning the minor may file the
23 petition on the minor's own or with the assistance of an
24 attorney. The failure of the judge to inform the delinquent
25 minor of the minor's right to petition for expungement as
26 provided by law does not create a substantive right, nor is

1 that failure grounds for: (i) a reversal of an adjudication of
2 delinquency; (ii) a new trial; or (iii) an appeal.

3 (2.6-1) A trafficking victim, as defined by paragraph (10)
4 of subsection (a) of Section 10-9 of the Criminal Code of 2012,
5 may petition for vacation and expungement or immediate sealing
6 of his or her juvenile court records and juvenile law
7 enforcement records relating to events that resulted in the
8 victim's adjudication of delinquency for an offense if
9 committed by an adult would be a violation of the criminal laws
10 occurring before the victim's 18th birthday upon the
11 completion of his or her juvenile court sentence if his or her
12 participation in the underlying offense was a result of human
13 trafficking under Section 10-9 of the Criminal Code of 2012 or
14 a severe form of trafficking under the federal Trafficking
15 Victims Protection Act.

19 (3.1) (Blank).

20 (3.2) (Blank).

21 (3.3) (Blank).

22 (4) (Blank).

23 (5) (Blank).

24 (5.5) Whether or not expunged, records eligible for
25 automatic expungement under subdivision (0.1)(a), (0.2)(a), or
26 (0.3)(a) may be treated as expunged by the individual subject

1 to the records.

2 (6) (Blank).

3 (6.5) The Illinois State Police or any employee of the
4 Illinois State Police shall be immune from civil or criminal
5 liability for failure to expunge any records of arrest that
6 are subject to expungement under this Section because of
7 inability to verify a record. Nothing in this Section shall
8 create Illinois State Police liability or responsibility for
9 the expungement of juvenile law enforcement records it does
10 not possess.

11 (7) (Blank).

12 (7.5) (Blank).

13 (8) The expungement of juvenile law enforcement or
14 juvenile court records under subsection (0.1), (0.2), or (0.3)

16 General Assembly for that purpose.

23 ownership is intended to be transferred;

24 (3) the airbag includes a part or object, including a
25 supplemental restraint system component, that is installed

1 in a motor vehicle to mislead the owner or operator of the

10 under the age of 16);

11 (7) the defendant is charged with an attempt to commit
12 any charge listed in paragraphs (1) through (6.5), and it
13 is alleged that the defendant's pretrial release poses a
14 real and present threat to the safety of any person or
15 persons or the community, based on the specific
16 articulable facts of the case; or

17 (8) the person has a high likelihood of willful flight
18 to avoid prosecution and is charged with:

19 (A) Any felony described in subdivisions (a) (1)
20 through (a) (7) of this Section; or

21 (B) A felony offense other than a Class 4 offense.

22 (b) If the charged offense is a felony, as part of the
23 detention hearing, the court shall determine whether there is
24 probable cause the defendant has committed an offense, unless
25 a hearing pursuant to Section 109-3 of this Code has already
26 been held or a grand jury has returned a true bill of

1 indictment against the defendant. If there is a finding of no
2 probable cause, the defendant shall be released. No such
3 finding is necessary if the defendant is charged with a
4 misdemeanor.

5 (c) Timing of petition.

6 (1) A petition may be filed without prior notice to
7 the defendant at the first appearance before a judge, or
8 within the 21 calendar days, except as provided in Section
9 110-6, after arrest and release of the defendant upon
10 reasonable notice to defendant; provided that while such
11 petition is pending before the court, the defendant if
12 previously released shall not be detained.

13 (2) Upon filing, the court shall immediately hold a
14 hearing on the petition unless a continuance is requested.
15 If a continuance is requested and granted, the hearing
16 shall be held within 48 hours of the defendant's first
17 appearance if the defendant is charged with first degree
18 murder or a Class X, Class 1, Class 2, or Class 3 felony,
19 and within 24 hours if the defendant is charged with a
20 Class 4 or misdemeanor offense. The Court may deny or
21 grant the request for continuance. If the court decides to
22 grant the continuance, the Court retains the discretion to
23 detain or release the defendant in the time between the
24 filing of the petition and the hearing.

25 (d) Contents of petition.

26 (1) The petition shall be verified by the State and

1 shall state the grounds upon which it contends the
2 defendant should be denied pretrial release, including the
3 real and present threat to the safety of any person or
4 persons or the community, based on the specific
5 articulable facts or flight risk, as appropriate.

6 (2) If the State seeks to file a second or subsequent
7 petition under this Section, the State shall be required
8 to present a verified application setting forth in detail
9 any new facts not known or obtainable at the time of the
10 filing of the previous petition.

11 (e) Eligibility: All defendants shall be presumed eligible
12 for pretrial release, and the State shall bear the burden of
13 proving by clear and convincing evidence that:

14 (1) the proof is evident or the presumption great that
15 the defendant has committed an offense listed in
16 subsection (a), and

17 (2) for offenses listed in paragraphs (1) through (7)
18 of subsection (a), the defendant poses a real and present
19 threat to the safety of any person or persons or the
20 community, based on the specific articulable facts of the
21 case, by conduct which may include, but is not limited to,
22 a forcible felony, the obstruction of justice,
23 intimidation, injury, or abuse as defined by paragraph (1)
24 of Section 103 of the Illinois Domestic Violence Act of
25 1986, and

26 (3) no condition or combination of conditions set

1 forth in subsection (b) of Section 110-10 of this Article
2 can mitigate (i) the real and present threat to the safety
3 of any person or persons or the community, based on the
4 specific articulable facts of the case, for offenses
5 listed in paragraphs (1) through (7) of subsection (a), or
6 (ii) the defendant's willful flight for offenses listed in
7 paragraph (8) of subsection (a), and

8 (4) for offenses under subsection (b) of Section 407
9 of the Illinois Controlled Substances Act that are subject
10 to paragraph (1) of subsection (a), no condition or
11 combination of conditions set forth in subsection (b) of
12 Section 110-10 of this Article can mitigate the real and
13 present threat to the safety of any person or persons or
14 the community, based on the specific articulable facts of
15 the case, and the defendant poses a serious risk to not
16 appear in court as required.

17 (f) Conduct of the hearings.

18 (1) Prior to the hearing, the State shall tender to
19 the defendant copies of the defendant's criminal history
20 available, any written or recorded statements, and the
21 substance of any oral statements made by any person, if
22 relied upon by the State in its petition, and any police
23 reports in the prosecutor's possession at the time of the
24 hearing.

25 (2) The State or defendant may present evidence at the
26 hearing by way of proffer based upon reliable information.

1 (3) The defendant has the right to be represented by
2 counsel, and if he or she is indigent, to have counsel
3 appointed for him or her. The defendant shall have the
4 opportunity to testify, to present witnesses on his or her
5 own behalf, and to cross-examine any witnesses that are
6 called by the State. Defense counsel shall be given
7 adequate opportunity to confer with the defendant before
8 any hearing at which conditions of release or the
9 detention of the defendant are to be considered, with an
10 accommodation for a physical condition made to facilitate
11 attorney/client consultation. If defense counsel needs to
12 confer or consult with the defendant during any hearing
13 conducted via a 2-way ~~two-way~~ audio-visual communication
14 system, such consultation shall not be recorded and shall
15 be undertaken consistent with constitutional protections.

16 (3.5) A hearing at which pretrial release may be
17 denied must be conducted in person (and not by way of 2-way
18 ~~two-way~~ audio visual communication) unless the accused
19 waives the right to be present physically in court, the
20 court determines that the physical health and safety of
21 any person necessary to the proceedings would be
22 endangered by appearing in court, or the chief judge of
23 the circuit orders use of that system due to operational
24 challenges in conducting the hearing in person. Such
25 operational challenges must be documented and approved by
26 the chief judge of the circuit, and a plan to address the

1 challenges through reasonable efforts must be presented
2 and approved by the Administrative Office of the Illinois
3 Courts every 6 months.

4 (4) If the defense seeks to compel the complaining
5 witness to testify as a witness in its favor, it shall
6 petition the court for permission. When the ends of
7 justice so require, the court may exercise its discretion
8 and compel the appearance of a complaining witness. The
9 court shall state on the record reasons for granting a
10 defense request to compel the presence of a complaining
11 witness only on the issue of the defendant's pretrial
12 detention. In making a determination under this Section,
13 the court shall state on the record the reason for
14 granting a defense request to compel the presence of a
15 complaining witness, and only grant the request if the
16 court finds by clear and convincing evidence that the
17 defendant will be materially prejudiced if the complaining
18 witness does not appear. Cross-examination of a
19 complaining witness at the pretrial detention hearing for
20 the purpose of impeaching the witness' credibility is
21 insufficient reason to compel the presence of the witness.
22 In deciding whether to compel the appearance of a
23 complaining witness, the court shall be considerate of the
24 emotional and physical well-being of the witness. The
25 pre-trial detention hearing is not to be used for purposes
26 of discovery, and the post arraignment rules of discovery

1 do not apply. The State shall tender to the defendant,
2 prior to the hearing, copies, if any, of the defendant's
3 criminal history, if available, and any written or
4 recorded statements and the substance of any oral
5 statements made by any person, if in the State's
6 Attorney's possession at the time of the hearing.

7 (5) The rules concerning the admissibility of evidence
8 in criminal trials do not apply to the presentation and
9 consideration of information at the hearing. At the trial
10 concerning the offense for which the hearing was conducted
11 neither the finding of the court nor any transcript or
12 other record of the hearing shall be admissible in the
13 State's case-in-chief, but shall be admissible for
14 impeachment, or as provided in Section 115-10.1 of this
15 Code, or in a perjury proceeding.

16 (6) The defendant may not move to suppress evidence or
17 a confession, however, evidence that proof of the charged
18 crime may have been the result of an unlawful search or
19 seizure, or both, or through improper interrogation, is
20 relevant in assessing the weight of the evidence against
21 the defendant.

22 (7) Decisions regarding release, conditions of
23 release, and detention prior to trial must be
24 individualized, and no single factor or standard may be
25 used exclusively to order detention. Risk assessment tools
26 may not be used as the sole basis to deny pretrial release.

1 (g) Factors to be considered in making a determination of
2 dangerousness. The court may, in determining whether the
3 defendant poses a real and present threat to the safety of any
4 person or persons or the community, based on the specific
5 articulable facts of the case, consider, but shall not be
6 limited to, evidence or testimony concerning:

7 (1) The nature and circumstances of any offense
8 charged, including whether the offense is a crime of
9 violence, involving a weapon, or a sex offense.

10 (2) The history and characteristics of the defendant
11 including:

12 (A) Any evidence of the defendant's prior criminal
13 history indicative of violent, abusive, or assaultive
14 behavior, or lack of such behavior. Such evidence may
15 include testimony or documents received in juvenile
16 proceedings, criminal, quasi-criminal, civil
17 commitment, domestic relations, or other proceedings.

18 (B) Any evidence of the defendant's psychological,
19 psychiatric or other similar social history which
20 tends to indicate a violent, abusive, or assaultive
21 nature, or lack of any such history.

22 (3) The identity of any person or persons to whose
23 safety the defendant is believed to pose a threat, and the
24 nature of the threat.

25 (4) Any statements made by, or attributed to the
26 defendant, together with the circumstances surrounding

1 them.

2 (5) The age and physical condition of the defendant.

3 (6) The age and physical condition of any victim or
4 complaining witness.

5 (7) Whether the defendant is known to possess or have
6 access to any weapon or weapons.

7 (8) Whether, at the time of the current offense or any
8 other offense or arrest, the defendant was on probation,
9 parole, aftercare release, mandatory supervised release,
10 or other release from custody pending trial, sentencing,
11 appeal, or completion of sentence for an offense under
12 federal or State ~~state~~ law.

13 (9) Any other factors, including those listed in
14 Section 110-5 of this Article deemed by the court to have a
15 reasonable bearing upon the defendant's propensity or
16 reputation for violent, abusive, or assaultive behavior,
17 or lack of such behavior.

18 (h) Detention order. The court shall, in any order for
19 detention:

20 (1) make a written finding summarizing the court's
21 reasons for concluding that the defendant should be denied
22 pretrial release, including why less restrictive
23 conditions would not avoid a real and present threat to
24 the safety of any person or persons or the community,
25 based on the specific articulable facts of the case, or
26 prevent the defendant's willful flight from prosecution;

1 (2) direct that the defendant be committed to the
2 custody of the sheriff for confinement in the county jail
3 pending trial;

4 (3) direct that the defendant be given a reasonable
5 opportunity for private consultation with counsel, and for
6 communication with others of his or her choice by
7 visitation, mail and telephone; and

8 (4) direct that the sheriff deliver the defendant as
9 required for appearances in connection with court
10 proceedings.

11 (i) Detention. If the court enters an order for the
12 detention of the defendant pursuant to subsection (e) of this
13 Section, the defendant shall be brought to trial on the
14 offense for which he is detained within 90 days after the date
15 on which the order for detention was entered. If the defendant
16 is not brought to trial within the 90-day period required by
17 the preceding sentence, he shall not be denied pretrial
18 release. In computing the 90-day period, the court shall omit
19 any period of delay resulting from a continuance granted at
20 the request of the defendant and any period of delay resulting
21 from a continuance granted at the request of the State with
22 good cause shown pursuant to Section 103-5.

23 (i-5) At each subsequent appearance of the defendant
24 before the court, the judge must find that continued detention
25 is necessary to avoid a real and present threat to the safety
26 of any person or persons or the community, based on the

1 specific articulable facts of the case, or to prevent the
2 defendant's willful flight from prosecution.

3 (j) Rights of the defendant. The defendant shall be
4 entitled to appeal any order entered under this Section
5 denying his or her pretrial release.

6 (k) Appeal. The State may appeal any order entered under
7 this Section denying any motion for denial of pretrial
8 release.

9 (l) Presumption of innocence. Nothing in this Section
10 shall be construed as modifying or limiting in any way the
11 defendant's presumption of innocence in further criminal
12 proceedings.

13 (m) Interest of victims.

14 (1) Crime victims shall be given notice by the State's
15 Attorney's office of this hearing as required in paragraph
16 (1) of subsection (b) of Section 4.5 of the Rights of Crime
17 Victims and Witnesses Act and shall be informed of their
18 opportunity at this hearing to obtain a protective order.

19 (2) If the defendant is denied pretrial release, the
20 court may impose a no contact provision with the victim or
21 other interested party that shall be enforced while the
22 defendant remains in custody.

1 Sec. 5-6-3.6. First Time Weapon Offense Program.

2 (a) The General Assembly has sought to promote public
3 safety, reduce recidivism, and conserve valuable resources of
4 the criminal justice system through the creation of diversion
5 programs for non-violent offenders. Public Act 103-370 ~~This~~
6 ~~amendatory Act of the 103rd General Assembly~~ establishes a
7 program for first-time, non-violent offenders charged with
8 certain weapons possession offenses. The General Assembly
9 recognizes some persons, particularly in areas of high crime
10 or poverty, may have experienced trauma that contributes to
11 poor decision making skills, and the creation of a
12 diversionary program poses a greater benefit to the community
13 and the person than incarceration. Under this program, a
14 court, with the consent of the defendant and the State's
15 Attorney, may sentence a defendant charged with an unlawful
16 possession of weapons offense under Section 24-1 of the
17 Criminal Code of 2012 or aggravated unlawful possession of a
18 weapon offense under Section 24-1.6 of the Criminal Code of
19 2012, if punishable as a Class 4 felony or lower, to a First
20 Time Weapon Offense Program.

21 (b) A defendant is not eligible for this Program if:

22 (1) the offense was committed during the commission of
23 a violent offense as defined in subsection (h) of this
24 Section;

25 (2) he or she has previously been convicted or placed
26 on probation or conditional discharge for any violent

1 offense under the laws of this State, the laws of any other
2 state, or the laws of the United States;

3 (3) he or she had a prior successful completion of the
4 First Time Weapon Offense Program under this Section;

5 (4) he or she has previously been adjudicated a
6 delinquent minor for the commission of a violent offense;

7 (5) (blank); or

8 (6) he or she has an existing order of protection
9 issued against him or her.

10 (b-5) In considering whether a defendant shall be
11 sentenced to the First Time Weapon Offense Program, the court
12 shall consider the following:

13 (1) the age, immaturity, or limited mental capacity of
14 the defendant;

15 (2) the nature and circumstances of the offense;

16 (3) whether participation in the Program is in the
17 interest of the defendant's rehabilitation, including any
18 employment or involvement in community, educational,
19 training, or vocational programs;

20 (4) whether the defendant suffers from trauma, as
21 supported by documentation or evaluation by a licensed
22 professional; and

23 (5) the potential risk to public safety.

24 (c) For an offense committed on or after January 1, 2018
25 (the effective date of Public Act 100-3) whenever an eligible
26 person pleads guilty to an unlawful possession of weapons

1 offense under Section 24-1 of the Criminal Code of 2012 or
2 aggravated unlawful possession of a weapon offense under
3 Section 24-1.6 of the Criminal Code of 2012, which is
4 punishable as a Class 4 felony or lower, the court, with the
5 consent of the defendant and the State's Attorney, may,
6 without entering a judgment, sentence the defendant to
7 complete the First Time Weapon Offense Program. When a
8 defendant is placed in the Program, the court shall defer
9 further proceedings in the case until the conclusion of the
10 period or until the filing of a petition alleging violation of
11 a term or condition of the Program. A disposition of probation
12 is considered to be a conviction for the purposes of imposing
13 the conditions of probation and for appeal;it however, a
14 sentence under this Section is not a conviction for purposes
15 of this Act or for purposes of disqualifications or
16 disabilities imposed by law upon conviction of a crime unless
17 and until judgment is entered. Upon violation of a term or
18 condition of the Program, the court may enter a judgment on its
19 original finding of guilt and proceed as otherwise provided by
20 law. Upon fulfillment of the terms and conditions of the
21 Program, the court shall discharge the person and dismiss the
22 proceedings against the person.

23 (d) The Program shall be at least 6 months and not to
24 exceed 24 months, as determined by the court at the
25 recommendation of the Program administrator and the State's
26 Attorney. The Program administrator may be appointed by the

1 Chief Judge of each Judicial Circuit.

2 (e) The conditions of the Program shall be that the
3 defendant:

4 (1) not violate any criminal statute of this State or
5 any other jurisdiction;

6 (2) refrain from possessing a firearm or other
7 dangerous weapon;

8 (3) (blank);

9 (4) (blank);

10 (5) (blank);

11 (6) (blank);

12 (7) attend and participate in any Program activities
13 deemed required by the Program administrator, such as:
14 counseling sessions, in-person and over the phone
15 check-ins, and educational classes; and

16 (8) (blank).

17 (f) The Program may, in addition to other conditions,
18 require that the defendant:

19 (1) obtain or attempt to obtain employment;

20 (2) attend educational courses designed to prepare the
21 defendant for obtaining a high school diploma or to work
22 toward passing high school equivalency testing or to work
23 toward completing a vocational training program;

24 (3) refrain from having in his or her body the
25 presence of any illicit drug prohibited by the
26 Methamphetamine Control and Community Protection Act or

1 the Illinois Controlled Substances Act, unless prescribed
2 by a physician, and submit samples of his or her blood or
3 urine or both for tests to determine the presence of any
4 illicit drug;

5 (4) perform community service;

6 (5) pay all fines, assessments, fees, and costs; and

7 (6) comply with such other reasonable conditions as
8 the court may impose.

9 (g) There may be only one discharge and dismissal under
10 this Section. If a person is convicted of any offense which
11 occurred within 5 years subsequent to a discharge and
12 dismissal under this Section, the discharge and dismissal
13 under this Section shall be admissible in the sentencing
14 proceeding for that conviction as evidence in aggravation.

15 (h) For purposes of this Section, "violent offense" means
16 any offense in which bodily harm was inflicted or force was
17 used against any person or threatened against any person; any
18 offense involving the possession of a firearm or dangerous
19 weapon; any offense involving sexual conduct, sexual
20 penetration, or sexual exploitation; violation of an order of
21 protection, stalking, hate crime, domestic battery, or any
22 offense of domestic violence.

5 ~~amendatory Act of the 101st General Assembly~~ for:

6 (1) felony possession of a controlled substance, or
7 possession with intent to manufacture or deliver a

12 possession with intent to deliver methamphetamine, in an
13 amount less than 3 grams; or any adjudication of
14 delinquency under the Juvenile Court Act of 1987 for acts
15 that would have constituted those felonies if committed by
16 an adult;7

17 shall be treated as a Class A misdemeanor for the purposes of
18 evaluating a defendant's eligibility for programs of qualified
19 probation, impact incarceration, or any other diversion,
20 deflection, probation, or other program for which felony

22 determining eligibility."7

(4) the murdered individual was killed in the course of another felony if:

(A) the murdered individual:

(i) was actually killed by the defendant, or

(ii) received physical injuries personally inflicted by the defendant substantially contemporaneously with physical injuries caused by one or more persons for whose conduct the defendant is legally accountable under Section 5-2 of this Code, and the physical injuries inflicted by either the defendant or the

1 other person or persons for whose conduct
2 he is legally accountable caused the death
3 of the murdered individual; and (B) in

7 Section 1090. The Probation and Probation Officers Act is
8 amended by changing Section 16.1 as follows:

9 (730 ILCS 110/16.1)

10 Sec. 16.1. Redeploy Illinois Program.

11 (a) The purpose of this Section is to encourage the
12 deinstitutionalization of juvenile offenders by establishing
13 projects in counties or groups of counties that reallocate
14 State funds from juvenile correctional confinement to local
15 jurisdictions, which will establish a continuum of local,
16 community-based sanctions and treatment alternatives for
17 juvenile offenders who would be incarcerated if those local
18 services and sanctions did not exist. It is also intended to
19 offer alternatives, when appropriate, to avoid commitment to
20 the Department of Juvenile Justice, to direct child welfare
21 services for minors charged with a criminal offense or
22 adjudicated delinquent under Section 5 of the Children and
23 Family Services Act. The allotment of funds will be based on a
24 formula that rewards local jurisdictions for the establishment

1 or expansion of local alternatives to incarceration, and
2 requires them to pay for utilization of incarceration as a
3 sanction. In addition, there shall be an allocation of
4 resources (amount to be determined annually by the Redeploy
5 Illinois Oversight Board) set aside at the beginning of each
6 fiscal year to be made available for any county or groups of
7 counties which need resources only occasionally for services
8 to avoid commitment to the Department of Juvenile Justice for
9 a limited number of youth. This redeployment of funds shall be
10 made in a manner consistent with the Juvenile Court Act of 1987
11 and the following purposes and policies:

12 (1) The juvenile justice system should protect the
13 community, impose accountability to victims and
14 communities for violations of law, and equip juvenile
15 offenders with competencies to live responsibly and
16 productively.

17 (2) Juveniles should be treated in the least
18 restrictive manner possible while maintaining the safety
19 of the community.

20 (3) A continuum of services and sanctions from least
21 restrictive to most restrictive should be available in
22 every community.

23 (4) There should be local responsibility and authority
24 for planning, organizing, and coordinating service
25 resources in the community. People in the community can
26 best choose a range of services which reflect community

1 values and meet the needs of their own youth.

2 (5) Juveniles who pose a threat to the community or
3 themselves need special care, including secure settings.
4 Such services as detention, long-term incarceration, or
5 residential treatment are too costly to provide in each
6 community and should be coordinated and provided on a
7 regional or Statewide basis.

8 (6) The roles of State and local government in
9 creating and maintaining services to youth in the juvenile
10 justice system should be clearly defined. The role of the
11 State is to fund services, set standards of care, train
12 service providers, and monitor the integration and
13 coordination of services. The role of local government
14 should be to oversee the provision of services.

15 (b) Each county or circuit participating in the Redeploy
16 Illinois program must create a local plan demonstrating how it
17 will reduce the county or circuit's utilization of secure
18 confinement of juvenile offenders in the Illinois Department
19 of Juvenile Justice or county detention centers by the
20 creation or expansion of individualized services or programs
21 that may include but are not limited to the following:

22 (1) Assessment and evaluation services to provide the
23 juvenile justice system with accurate individualized case
24 information on each juvenile offender, including mental
25 health, substance abuse, educational, and family
26 information;

1 (2) Direct services to individual juvenile offenders,
2 including educational, vocational, mental health,
3 substance abuse, supervision, and service coordination;
4 and

5 (3) Programs that seek to restore the offender to the
6 community, such as victim offender panels, teen courts,
7 competency building, enhanced accountability measures,
8 restitution, and community service. The local plan must be
9 directed in such a manner as to emphasize an
10 individualized approach to providing services to juvenile
11 offenders in an integrated community based system
12 including probation as the broker of services. The plan
13 must also detail the reduction in utilization of secure
14 confinement. The local plan shall be limited to services
15 and shall not include costs for:

16 (i) capital expenditures;

17 (ii) renovations or remodeling;

18 (iii) personnel costs for probation.

19 The local plan shall be submitted to the Department of
20 Human Services.

21 (c) A county or group of counties may develop an agreement
22 with the Department of Human Services to reduce their number
23 of commitments of juvenile offenders, excluding minors
24 sentenced based upon a finding of guilt of first degree murder
25 or an offense which is a Class X forcible felony as defined in
26 the Criminal Code of 2012, to the Department of Juvenile

1 Justice, and then use the savings to develop local programming
2 for youth who would otherwise have been committed to the
3 Department of Juvenile Justice. A county or group of counties
4 shall agree to limit their commitments to 75% of the level of
5 commitments from the average number of juvenile commitments
6 for the past 3 years, and will receive the savings to redeploy
7 for local programming for juveniles who would otherwise be
8 held in confinement. For any county or group of counties with a
9 decrease of juvenile commitments of at least 25%, based on the
10 average reductions of the prior 3 years, which are chosen to
11 participate or continue as sites, the Redeploy Illinois
12 Oversight Board has the authority to reduce the required
13 percentage of future commitments to achieve the purpose of
14 this Section. The agreement shall set forth the following:

15 (1) a statement ~~Statement~~ of the number and type of
16 juvenile offenders from the county who were held in secure
17 confinement by the Illinois Department of Juvenile Justice
18 or in county detention the previous year, and an
19 explanation of which, and how many, of these offenders
20 might be served through the proposed Redeploy Illinois
21 Program for which the funds shall be used;

22 (2) a statement ~~Statement~~ of the service needs of
23 currently confined juveniles;

24 (3) a statement ~~Statement~~ of the type of services and
25 programs to provide for the individual needs of the
26 juvenile offenders, and the research or evidence base that

1 qualifies those services and programs as proven or
2 promising practices;

3 (4) a budget indicating the costs of each service or
4 program to be funded under the plan;

5 (5) a summary of contracts and service agreements
6 indicating the treatment goals and number of juvenile
7 offenders to be served by each service provider; and

8 (6) a statement ~~Statement~~ indicating that the Redeploy
9 Illinois Program will not duplicate existing services and
10 programs. Funds for this plan shall not supplant existing
11 county funded programs.

12 In a county with a population exceeding 2,000,000, the
13 Redeploy Illinois Oversight Board may authorize the Department
14 of Human Services to enter into an agreement with that county
15 to reduce the number of commitments by the same percentage as
16 is required by this Section of other counties, and with all of
17 the same requirements of this Act, including reporting and
18 evaluation, except that the agreement may encompass a clearly
19 identifiable geographical subdivision of that county. The
20 geographical subdivision may include, but is not limited to, a
21 police district or group of police districts, a geographical
22 area making up a court calendar or group of court calendars, a
23 municipal district or group of municipal districts, or a
24 municipality or group of municipalities.

25 (d) (Blank).

26 (d-5) A county or group of counties that does not have an

1 approved Redeploy Illinois program, as described in subsection
2 (b), and that has committed fewer than 10 Redeploy eligible
3 youth to the Department of Juvenile Justice on average over
4 the previous 3 years, may develop an individualized agreement
5 with the Department of Human Services through the Redeploy
6 Illinois program to provide services to youth to avoid
7 commitment to the Department of Juvenile Justice. The
8 agreement shall set forth the following:

9 (1) a statement of the number and type of juvenile
10 offenders from the county who were at risk under any of the
11 categories listed above during the 3 previous years, and
12 an explanation of which of these offenders would be served
13 through the proposed Redeploy Illinois program for which
14 the funds shall be used, or through individualized
15 contracts with existing Redeploy programs in neighboring
16 counties;

17 (2) a statement of the service needs;

18 (3) a statement of the type of services and programs
19 to provide for the individual needs of the juvenile
20 offenders, and the research or evidence that qualifies
21 those services and programs as proven or promising
22 practices;

23 (4) a budget indicating the costs of each service or
24 program to be funded under the plan;

25 (5) a summary of contracts and service agreements
26 indicating the treatment goals and number of juvenile

1 offenders to be served by each service provider; and

2 (6) a statement indicating that the Redeploy Illinois
3 program will not duplicate existing services and programs.
4 Funds for this plan shall not supplant existing county
5 funded programs.

6 (e) The Department of Human Services shall be responsible
7 for the following:

8 (1) Reviewing each Redeploy Illinois Program plan for
9 compliance with standards established for such plans. A
10 plan may be approved as submitted, approved with
11 modifications, or rejected. No plan shall be considered
12 for approval if the circuit or county is not in full
13 compliance with all regulations, standards, and guidelines
14 pertaining to the delivery of basic probation services as
15 established by the Supreme Court.

16 (2) Monitoring on a continual basis and evaluating
17 annually both the program and its fiscal activities in all
18 counties receiving an allocation under the Redeploy
19 Illinois Program. Any program or service that has not met
20 the goals and objectives of its contract or service
21 agreement shall be subject to denial for funding in
22 subsequent years. The Department of Human Services shall
23 evaluate the effectiveness of the Redeploy Illinois
24 Program in each circuit or county. In determining the
25 future funding for the Redeploy Illinois Program under
26 this Act, the evaluation shall include, as a primary

1 indicator of success, a decreased number of confinement
2 days for the county's juvenile offenders.

3 (f) Any Redeploy Illinois Program allocations not applied
4 for and approved by the Department of Human Services shall be
5 available for redistribution to approved plans for the
6 remainder of that fiscal year. Any county that invests local
7 moneys in the Redeploy Illinois Program shall be given first
8 consideration for any redistribution of allocations.
9 Jurisdictions participating in Redeploy Illinois that exceed
10 their agreed upon level of commitments to the Department of
11 Juvenile Justice shall reimburse the Department of Corrections
12 for each commitment above the agreed upon level.

13 (g) Implementation of Redeploy Illinois.

14 (1) Oversight of Redeploy Illinois.

15 (i) Redeploy Illinois Oversight Board. The
16 Department of Human Services shall convene an
17 oversight board to oversee the Redeploy Illinois
18 Program. The Board shall include, but not be limited
19 to, designees from the Department of Juvenile Justice,
20 the Administrative Office of the Illinois Courts, the
21 Illinois Juvenile Justice Commission, the Illinois
22 Criminal Justice Information Authority, the Department
23 of Children and Family Services, the State Board of
24 Education, the Cook County State's Attorney, and a
25 State's Attorney selected by the President of the

8 of Human Services from recommendations by the
9 Oversight Board; these appointees shall possess a
10 knowledge of juvenile justice issues and reflect the
11 collaborative public/private relationship of Redeploy
12 programs.

13 (ii) Responsibilities of the Redeploy Illinois
14 Oversight Board. The Oversight Board shall:

15 (A) Identify jurisdictions to be included in
16 the program of Redeploy Illinois.

17 (B) Develop a formula for reimbursement of
18 local jurisdictions for local and community-based
19 services utilized in lieu of commitment to the
20 Department of Juvenile Justice, as well as for any
21 charges for local jurisdictions for commitments
22 above the agreed upon limit in the approved plan.

23 (C) Identify resources sufficient to support
24 the administration and evaluation of Redeploy
25 Illinois.

26 (D) Develop a process and identify resources

26 (2) Report its decisions to the Redeploy Illinois

1 Oversight Board at regularly scheduled meetings.

7 remaining funds available and necessary to complete the
8 fiscal year so that any unused funds may be distributed as

15 (i) Implementation of this Section is subject to
16 appropriation.

8 Section 1110. The Code of Civil Procedure is amended by
9 renumbering and changing Section 804.5 and by changing Section
10 15-1603 as follows:

11 (735 ILCS 5/8-804.5)

12 Sec. 8-804.5 ~~804.5~~. Parties to a restorative justice
13 practice.

14 (a) This Section is intended to encourage the use of
15 restorative justice practices by providing a privilege for
16 participation in such practices and ensuring that anything
17 said or done during the practice, or in anticipation of or as a
18 follow-up to the practice, is privileged and may not be used in
19 any future proceeding unless the privilege is waived by the
20 informed consent of the party or parties covered by the
21 privilege. The General Assembly affords this privilege in
22 recognition of restorative justice as a powerful tool in
23 addressing the needs of victims, offenders, and the larger
24 community in the process of repairing the fabric of community

1 peace. The General Assembly encourages residents of this State
2 to employ restorative justice practices, not only in
3 justiciable matters, but in all aspects of life and law.

4 (b) As used in this Section:

5 "Circle" means a versatile restorative practice that can
6 be used proactively, to develop relationships and build
7 community, or reactively, to respond to wrongdoing, conflicts,
8 and problems.

9 "Conference" means a structured meeting between offenders,
10 victims, and both parties' family and friends, in which they
11 deal with the consequences of a crime or wrongdoing and decide
12 how best to repair the harm.

13 "Facilitator" means a person who is trained to facilitate
14 a restorative justice practice.

15 "Party" means a person, including a facilitator, an
16 individual who has caused harm, an individual who has been
17 harmed, a community member, and any other participant, who
18 voluntarily consents to participate with others who have
19 agreed to participate in a restorative justice practice.

20 "Proceeding" means any legal action subject to this Code,
21 including, but not limited to, civil, criminal, juvenile, or
22 administrative hearings.

23 "Restorative justice practice" or "practice" means a
24 gathering, such as a conference or circle, in which parties
25 who have caused harm or who have been harmed and community
26 stakeholders collectively gather to identify and repair harm

1 to the extent possible, address trauma, reduce the likelihood
2 of further harm, and strengthen community ties by focusing on
3 the needs and obligations of all parties involved through a
4 participatory process.

5 (c) Anything said or done during or in preparation for a
6 restorative justice practice or as a follow-up to that
7 practice, or the fact that the practice has been planned or
8 convened, is privileged and cannot be referred to, used, or
9 admitted in any civil, criminal, juvenile, or administrative
10 proceeding unless the privilege is waived, during the
11 proceeding or in writing, by the party or parties protected by
12 the privilege. Privileged information is not subject to
13 discovery or disclosure in any judicial or extrajudicial
14 proceedings.

15 Any waiver of privilege is limited to the participation
16 and communication of the waiving party only, and the
17 participation or communications of any other participant
18 remain privileged unless waived by the other participant.

19 (d) Evidence that is otherwise admissible or subject to
20 discovery does not become inadmissible or protected from
21 discovery solely because it was discussed or used in a
22 restorative justice practice.

23 (e) The legitimacy of a restorative justice practice, if
24 challenged in any civil, juvenile, criminal, or administrative
25 proceeding, shall be determined by a judge. In a hearing
26 conducted pursuant to this subsection, the judge may consider

1 information that would otherwise be privileged to the extent
2 that the information is probative of the issue.

3 (f) The privilege afforded by this Section does not apply
4 if:

5 (1) disclosure is necessary to prevent death, great
6 bodily harm, or the commission of a crime;

7 (2) necessary to comply with another law; or

8 (3) a court, tribunal, or administrative body requires
9 a report on a restorative justice practice, but such
10 report shall be limited to the fact that a practice has
11 taken place, an opinion regarding the success of the
12 practice, and whether further restorative justice
13 practices are expected.

14 (g) This Section applies to all restorative justice
15 practices that are convened on or after July 15, 2021 (the
16 effective date of 102-100) ~~this amendatory Act of the 102nd~~
17 ~~General Assembly.~~

19 (735 ILCS 5/15-1603) (from Ch. 110, par. 15-1603)

20 Sec. 15-1603. Redemption.

21 (a) Owner of Redemption. Except as provided in subsection
22 (b) of Section 15-1402, only an owner of redemption may redeem
23 from the foreclosure, and such owner of redemption may redeem
24 only during the redemption period specified in subsection (b)
25 of this Section 15-1603 and only if the right of redemption has

1 not been validly waived.

2 (b) Redemption Period.

3 (1) In the foreclosure of a mortgage of real estate
4 which is residential real estate at the time the
5 foreclosure is commenced, the redemption period shall end
6 on the later of (i) the date 7 months from the date the
7 mortgagor or, if more than one, all the mortgagors (A)
8 have been served with summons or by publication or (B)
9 have otherwise submitted to the jurisdiction of the court,
10 or (ii) the date 3 months from the date of entry of a
11 judgment of foreclosure.

12 (2) In all other foreclosures, the redemption period
13 shall end on the later of (i) the date 6 months from the
14 date the mortgagor or, if more than one, all the
15 mortgagors (A) have been served with summons or by
16 publication or (B) have otherwise submitted to the
17 jurisdiction of the court, or (ii) the date 3 months from
18 the date of entry of a judgment of foreclosure.

19 (3) Notwithstanding paragraphs (1) and (2), the
20 redemption period shall end at the later of the expiration
21 of any reinstatement period provided for in Section
22 15-1602 or the date 60 days after the date the judgment of
23 foreclosure is entered, if the court finds that (i) the
24 value of the mortgaged real estate as of the date of the
25 judgment is less than 90% of the amount specified pursuant
26 to subsection (d) of this Section 15-1603 and (ii) the

1 mortgagee waives any and all rights to a personal judgment
2 for a deficiency against the mortgagor and against all
3 other persons liable for the indebtedness or other
4 obligations secured by the mortgage.

5 (4) Notwithstanding paragraphs (1) and (2), the
6 redemption period shall end on the date 30 days after the
7 date the judgment of foreclosure is entered if the court
8 finds that the mortgaged real estate has been abandoned.
9 In cases where the redemption period is shortened on
10 account of abandonment, the reinstatement period shall not
11 extend beyond the redemption period as shortened.

12 (c) Extension of Redemption Period.

13 (1) Once expired, the right of redemption provided for
14 in this Section ~~Sections~~ 15-1603 or Section 15-1604 shall
15 not be revived. The period within which the right of
16 redemption provided for in this Section ~~Sections~~ 15-1603
17 or Section 15-1604 may be exercised runs independently of
18 any action by any person to enforce the judgment of
19 foreclosure or effect a sale pursuant thereto. Neither the
20 initiation of any legal proceeding nor the order of any
21 court staying the enforcement of a judgment of foreclosure
22 or the sale pursuant to a judgment or the confirmation of
23 the sale, shall have the effect of tolling the running of
24 the redemption period.

25 (2) If a court has the authority to stay, and does
26 stay, the running of the redemption period, or if the

1 redemption period is extended by any statute of the United
2 States, the redemption period shall be extended until the
3 expiration of the same number of days after the expiration
4 of the stay order as the number of days remaining in the
5 redemption period at the time the stay order became
6 effective, or, if later, until the expiration of 30 days
7 after the stay order terminates. If the stay order
8 terminates more than 30 days prior to the expiration of
9 the redemption period, the redemption period shall not be
10 extended.

11 (d) Amount Required to Redeem. The amount required to
12 redeem shall be the sum of:

13 (1) The amount specified in the judgment of
14 foreclosure, which shall consist of (i) all principal and
15 accrued interest secured by the mortgage and due as of the
16 date of the judgment, (ii) all costs allowed by law, (iii)
17 costs and expenses approved by the court, (iv) to the
18 extent provided for in the mortgage and approved by the
19 court, additional costs, expenses, and reasonable
20 attorney's attorneys' fees incurred by the mortgagee, (v)
21 all amounts paid pursuant to Section 15-1505, and (vi) per
22 diem interest from the date of judgment to the date of
23 redemption calculated at the mortgage rate of interest
24 applicable as if no default had occurred; and

25 (2) The amount of other expenses authorized by the
26 court which the mortgagee reasonably incurs between the

1 date of judgment and the date of redemption, which shall
2 be the amount certified by the mortgagee in accordance
3 with subsection (e) of this Section 15-1603.

4 (e) Notice of Intent to Redeem. An owner of redemption who
5 intends to redeem shall give written notice of such intent to
6 redeem to the mortgagee's attorney of record specifying the
7 date designated for redemption and the current address of the
8 owner of redemption for purposes of receiving notice. Such
9 owner of redemption shall file with the clerk of the court a
10 certification of the giving of such notice. The notice of
11 intent to redeem must be received by the mortgagee's attorney
12 at least 15 days (other than Saturday, Sunday, or court
13 holiday) prior to the date designated for redemption. The
14 mortgagee shall thereupon file with the clerk of the court and
15 shall give written notice to the owner of redemption at least
16 three days (other than Saturday, Sunday, or court holiday)
17 before the date designated for redemption a certification,
18 accompanied by copies of paid receipts or appropriate
19 affidavits, of any expenses authorized in paragraph (2) of
20 subsection (d) of this Section 15-1603. If the mortgagee fails
21 to serve such certification within the time specified herein,
22 then the owner of redemption intending to redeem may redeem on
23 the date designated for redemption in the notice of intent to
24 redeem, and the mortgagee shall not be entitled to payment of
25 any expenses authorized in paragraph (2) of subsection (d) of
26 this Section 15-1603.

1 (f) Procedure for Redemption.

2 (1) An owner of redemption may redeem the real estate
3 from the foreclosure by paying the amount specified in
4 subsection (d) of this Section 15-1603 to the mortgagee or
5 the mortgagee's attorney of record on or before the date
6 designated for redemption pursuant to subsection (e) of
7 this Section 15-1603.

8 (2) If the mortgagee refuses to accept payment or if
9 the owner of redemption redeeming from the foreclosure
10 objects to the reasonableness of the additional expenses
11 authorized in paragraph (2) of subsection (d) of this
12 Section 15-1603 and certified in accordance with
13 subsection (e) of this Section 15-1603, the owner of
14 redemption shall pay the certified amount to the clerk of
15 the court on or before the date designated for redemption,
16 together with a written statement specifying the expenses
17 to which objection is made. In such case the clerk shall
18 pay to the mortgagee the amount tendered minus the amount
19 to which the objection pertains.

20 (3) Upon payment to the clerk, whether or not the
21 owner of redemption files an objection at the time of
22 payment, the clerk shall give a receipt of payment to the
23 person redeeming from the foreclosure, and shall file a
24 copy of that receipt in the foreclosure record. Upon
25 receipt of the amounts specified to be paid to the
26 mortgagee pursuant to this Section, the mortgagee shall

1 promptly furnish the mortgagor with a release of the
2 mortgage or satisfaction of the judgment, as appropriate,
3 and the evidence of all indebtedness secured by the
4 mortgage shall be cancelled.

5 (g) Procedure Upon Objection. If an objection is filed by
6 an owner of redemption in accordance with paragraph (2) of
7 subsection (f) of this Section 15-1603, the clerk shall hold
8 the amount to which the objection pertains until the court
9 orders distribution of those funds. The court shall hold a
10 hearing promptly to determine the distribution of any funds
11 held by the clerk pursuant to such objection. Each party shall
12 pay its own costs and expenses in connection with any
13 objection, including attorney's ~~attorneys'~~ fees, ~~subject to~~
14 ~~Section 2-611 of the Code of Civil Procedure.~~

15 (h) Failure to Redeem. Unless the real estate being
16 foreclosed is redeemed from the foreclosure, it shall be sold
17 as provided in this Article.

14 Section 1130. The Mental Health and Developmental
15 Disabilities Confidentiality Act is amended by changing
16 Section 9.6 as follows:

17 (740 ILCS 110/9.6)

18 Sec. 9.6. Participants of any HIE, as defined under
19 Section 2, shall allow each recipient whose record is
20 accessible through the health information exchange the
21 reasonable opportunity to expressly decline the further
22 disclosure of the record by the health information exchange to
23 third parties, except to the extent permitted by law such as
24 for purposes of public health reporting. The HIE participants

1 shall permit a recipient to revoke a prior decision to opt out
2 ~~opt-out~~ or a decision not to opt out ~~opt-out~~. These rules,
3 standards, or contractual obligations shall provide for
4 written notice of a recipient's right to opt out ~~opt-out~~ which
5 directs the recipient to a health information exchange website
6 containing (i) an explanation of the purposes of the health
7 information exchange; and (ii) audio, visual, and written
8 instructions on how to opt out ~~opt-out~~ of participation in
9 whole or in part to the extent possible. The process for
10 effectuating an opt-out shall be reviewed by the HIE
11 participants annually and updated as the technical options
12 develop. The recipient shall be provided meaningful disclosure
13 regarding the health information exchange, and the recipient's
14 decision whether to opt out ~~opt-out~~ should be obtained without
15 undue inducement or any element of force, fraud, deceit,
16 duress, or other form of constraint or coercion. To the extent
17 that HIPAA, as specified in 45 CFR 164.508(b)(4), prohibits a
18 covered entity from conditioning the provision of its services
19 upon an individual's provision of an authorization, an HIE
20 participant shall not condition the provision of its services
21 upon a recipient's decision to opt out ~~opt-out~~ of further
22 disclosure of the record by an HIE to third parties. The HIE
23 participants shall also give annual consideration to enable a
24 recipient to expressly decline the further disclosure by an
25 HIE to third parties of selected portions of the recipient's
26 record while permitting disclosure of the recipient's

1 remaining patient health information. In giving effect to
2 recipient disclosure preferences, the HIE participants may
3 consider the extent to which relevant health information
4 technologies reasonably available to therapists and HIEs in
5 this State reasonably enable the effective segmentation of
6 specific information within a recipient's electronic medical
7 record and reasonably enable the effective exclusion of
8 specific information from disclosure by an HIE to third
9 parties, as well as the availability of sufficient
10 authoritative clinical guidance to enable the practical
11 application of such technologies to effect recipient
12 disclosure preferences. The provisions of this Section 9.6
13 shall not apply to the secure electronic transmission of data
14 which is point-to-point communication directed by the data
15 custodian.

4 State or federal law, rule, or regulation or (ii) poses a
5 substantial and specific danger to employees, public health,
6 or safety.

7 (b) An employer may not take retaliatory action against an
8 employee for disclosing or threatening to disclose information
9 to a government or law enforcement agency information related
10 to an activity, policy, or practice of the employer, where the
11 employee has a good faith belief that the activity, policy, or
12 practice of the employer (i) violates a State or federal law,
13 rule, or regulation or (ii) poses a substantial and specific
14 danger to employees, public health, or safety.

15 (c) An employer may not take retaliatory action against an
16 employee for disclosing or threatening to disclose to any
17 supervisor, principal officer, board member, or supervisor in
18 an organization that has a contractual relationship with the
19 employer who makes the employer aware of the disclosure,
20 information related to an activity, policy, or practice of the
21 employer if the employee has a good faith belief that the
22 activity, policy, or practice (i) violates a State or federal
23 law, rule, or regulation or (ii) poses a substantial and
24 specific danger to employees, public health, or safety.

1 reasonable amount for the financial support of the child,
2 the court to consider in its determination all relevant
3 circumstances, including the financial condition of both

8 mother.

9 Contact or communication by a parent with his or her
10 child that does not demonstrate affection and concern does

12 paragraph ~~subdivision~~ (n). In the absence of evidence to
13 the contrary, the ability to visit, communicate, maintain
14 contact, pay expenses, and plan for the future shall be
15 presumed. The subjective intent of the parent, whether
16 expressed or otherwise, unsupported by evidence of the
17 foregoing parental acts manifesting that intent, shall not
18 preclude a determination that the parent has intended to
19 forgo his or her parental rights. In making this
20 determination, the court may consider but shall not
21 require a showing of diligent efforts by an authorized
22 agency to encourage the parent to perform the acts
23 specified in this paragraph ~~subdivision~~ (n).

24 It shall be an affirmative defense to any allegation
25 under subparagraph ~~paragraph~~ (2) of this paragraph (n)

12 disability as defined in Section 1-116 of the Mental
13 Health and Developmental Disabilities Code, or
14 developmental disability as defined in Section 1-106 of
15 that Code, and there is sufficient justification to
16 believe that the inability to discharge parental
17 responsibilities shall extend beyond a reasonable time
18 period. However, this paragraph ~~subdivision~~ (p) shall not
19 be construed so as to permit a licensed clinical social
20 worker to conduct any medical diagnosis to determine
21 mental illness or mental impairment.

22 (q) (Blank).

23 (r) The child is in the temporary custody or
24 guardianship of the Department of Children and Family

26 criminal conviction at the time the petition or motion for

1 termination of parental rights is filed, prior to
2 incarceration the parent had little or no contact with the
3 child or provided little or no support for the child, and
4 the parent's incarceration will prevent the parent from
5 discharging his or her parental responsibilities for the
6 child for a period in excess of 2 years after the filing of
7 the petition or motion for termination of parental rights.

8 (s) The child is in the temporary custody or
9 guardianship of the Department of Children and Family
10 Services, the parent is incarcerated at the time the
11 petition or motion for termination of parental rights is
12 filed, the parent has been repeatedly incarcerated as a

21 Sec. 10. Definitions. As used in this Act:

22 "Adult" means a person who is (i) 18 years of age or older

1 or (ii) an emancipated minor under the Emancipation of Minors
2 Act.

3 "Artificial nutrition and hydration" means supplying food
4 and water through a conduit, such as a tube or intravenous
5 line, where the recipient is not required to chew or swallow
6 voluntarily, including, but not limited to, nasogastric tubes,
7 gastrostomies, jejunostomies, and intravenous infusions.
8 "Artificial nutrition and hydration" does not include assisted
9 feeding, such as spoon or bottle feeding.

10 "Available" means that a person is not "unavailable". A
11 person is unavailable if (i) the person's existence is not
12 known, (ii) the person has not been able to be contacted by
13 telephone or mail, or (iii) the person lacks decisional
14 capacity, refuses to accept the office of surrogate, or is
15 unwilling to respond in a manner that indicates a choice among
16 the treatment matters at issue.

17 "Attending physician" means the physician selected by or
18 assigned to the patient who has primary responsibility for
19 treatment and care of the patient and who is a licensed
20 physician in Illinois or a physician licensed in the state
21 where the patient is being treated. If more than one physician
22 shares that responsibility, any of those physicians may act as
23 the attending physician under this Act.

24 "Close friend" means any person 18 years of age or older
25 who has exhibited special care and concern for the patient and
26 who presents an affidavit to the attending physician stating

1 that he or she (i) is a close friend of the patient, (ii) is
2 willing and able to become involved in the patient's health
3 care, and (iii) has maintained such regular contact with the
4 patient as to be familiar with the patient's activities,
5 health, and religious and moral beliefs. The affidavit must
6 also state facts and circumstances that demonstrate that
7 familiarity.

8 "Death" means when, according to accepted medical
9 standards, there is (i) an irreversible cessation of
10 circulatory and respiratory functions or (ii) an irreversible
11 cessation of all functions of the entire brain, including the
12 brain stem.

14 appreciate the nature and consequences of a decision regarding

17 the matter as determined by the attending physician.

19 withdraw, or terminate all or any portion of life-sustaining
20 treatment with knowledge that the patient's death is likely to
21 result.

23 who serves as a representative of a minor or as a
24 representative of a person under legal disability.

26 provider commonly known by a wide variety of titles,

1 including, but not limited to, hospitals, medical centers,
2 nursing homes, rehabilitation centers, long term or tertiary
3 care facilities, and other facilities established to
4 administer health care and provide overnight stays in their
5 ordinary course of business or practice.

6 "Health care provider" means a person that is licensed,
7 certified, or otherwise authorized or permitted by the law of
8 this State or licensed in the state where the patient is being
9 treated to administer health care in the ordinary course of
10 business or practice of a profession, including, but not
11 limited to, physicians, nurses, health care facilities, and
12 any employee, officer, director, agent, or person under
13 contract with such a person.

14 "Imminent" (as in "death is imminent") means a
15 determination made by the attending physician according to
16 accepted medical standards that death will occur in a
17 relatively short period of time, even if life-sustaining
18 treatment is initiated or continued.

19 "Life-sustaining treatment" means any medical treatment,
20 procedure, or intervention that, in the judgment of the
21 attending physician, when applied to a patient with a
22 qualifying condition, would not be effective to remove the
23 qualifying condition or would serve only to prolong the dying
24 process. Those procedures can include, but are not limited to,
25 assisted ventilation, renal dialysis, surgical procedures,
26 blood transfusions, and the administration of drugs,

1 antibiotics, and artificial nutrition and hydration.

2 "Minor" means an individual who is not an adult as defined
3 in this Act.

4 "Parent" means a person who is the natural or adoptive
5 mother or father of the child and whose parental rights have
6 not been terminated by a court of law.

8 otherwise specified, under the care or treatment of a licensed
9 physician or other health care provider.

10 "Person" means an individual, a corporation, a business

12 governmental subdivision or agency, or any other legal entity.

13 "Qualifying condition" means the existence of one or more
14 of the following conditions in a patient certified in writing
15 in the patient's medical record by the attending physician and
16 by at least one other qualified health care practitioner:

17 (1) "Terminal condition" means an illness or injury
18 for which there is no reasonable prospect of cure or
19 recovery, death is imminent, and the application of
20 life-sustaining treatment would only prolong the dying
21 process.

22 (2) "Permanent unconsciousness" means a condition
23 that, to a high degree of medical certainty, (i) will last
24 permanently, without improvement, (ii) in which thought,
25 sensation, purposeful action, social interaction, and
26 awareness of self and environment are absent, and (iii)

1 for which initiating or continuing life-sustaining
2 treatment, in light of the patient's medical condition,
3 provides only minimal medical benefit.

4 (3) "Incurable or irreversible condition" means an
5 illness or injury (i) for which there is no reasonable
6 prospect of cure or recovery, (ii) that ultimately will
7 cause the patient's death even if life-sustaining
8 treatment is initiated or continued, (iii) that imposes
9 severe pain or otherwise imposes an inhumane burden on the
10 patient, and (iv) for which initiating or continuing
11 life-sustaining treatment, in light of the patient's
12 medical condition, provides only minimal medical benefit.

13 The determination that a patient has a qualifying
14 condition creates no presumption regarding the application or
15 non-application of life-sustaining treatment. It is only after
16 a determination by the attending physician that the patient
17 has a qualifying condition that the surrogate decision maker
18 may consider whether or not to forgo life-sustaining
19 treatment. In making this decision, the surrogate shall weigh
20 the burdens on the patient of initiating or continuing
21 life-sustaining treatment against the benefits of that
22 treatment.

23 "Qualified health care practitioner" means an individual
24 who has personally examined the patient and who is licensed in
25 Illinois or in the state where the patient is being treated and
26 who is a physician, advanced practice registered nurse,

1 physician assistant, or resident with at least one year of
2 graduate or specialty training who holds a temporary license
3 to practice medicine and is enrolled in a residency program
4 accredited by the Liaison Committee on Graduate Medical
5 Education or the Bureau of Professional Education of the
6 American Osteopathic Association.

7 "Physician" means a physician licensed to practice
8 medicine in all its branches in this State or in the state
9 where the patient is being treated.

20 Section 1160. The Landlord and Tenant Act is amended by
21 setting forth and renumbering multiple versions of Section 25
22 as follows:

23 (765 ILCS 705/25)

24 Sec. 25. Disclosure of potential flooding in rental and

1 lease agreements.

2 (a) As used in this Section:

3 "Flood" and "flooding" mean a general or temporary
4 condition of partial or complete inundation of a dwelling or
5 property caused by:

6 (1) the overflow of inland or tidal waves;

7 (2) the unusual and rapid accumulation of runoff or
8 surface waters from any established water source such as a
9 river, stream, or drainage ditch; or

10 (3) rainfall.

11 "Lower-level unit" means any garden level unit, basement
12 level unit, or first floor level unit.

13 (b) Every landlord shall clearly disclose to each of the
14 landlord's tenants in writing prior to signing the lease for
15 the rental property that a rental property is located in the
16 Federal Emergency Management Agency (FEMA) Special Flood
17 Hazard Area ("100-year floodplain") and if the landlord has
18 actual knowledge that the rental property or any portion of
19 the parking areas of the real property containing the rental
20 property has been subjected to flooding and the frequency of
21 such flooding. Such disclosure shall also be included in the
22 written lease or the written renewal lease and shall be signed
23 by both parties.

24 (c) Every landlord who leases a lower-level unit shall
25 clearly disclose to each of the landlord's lower-level unit
26 tenants in writing prior to the signing of the lease for the

1 lower-level unit if the lower-level unit or any portion of the
2 real property containing the lower-level unit has experienced
3 flooding in the last 10 years and shall disclose the frequency
4 of such flooding. Such disclosure shall also be included in
5 the written lease or the written renewal lease and shall be

9 "(Landlord) [] is or [] is not aware that the rental
10 property is located in a FEMA Special Flood Hazard Area
11 ("100-year floodplain"). The property has experienced flooding
12 [] times in the last 10 years. Even if the rental property is
13 not in a Special Flood Hazard Area ("100-year floodplain"),
14 the dwelling may still be susceptible to flooding. The Federal
15 Emergency Management Agency (FEMA) maintains a flood map on
16 its Internet website that is searchable by address, at no
17 cost, to determine if a dwelling is located in a flood hazard
18 area.

19 (Landlord) [] is or [] is not aware that the rental
20 property you are renting has flooded at least once in the last
21 10 years. The rental property has flooded [] times in the last
22 10 years. Even if the dwelling has not flooded in the last 10
23 years, the dwelling may still be susceptible to flooding.

24 Most tenant insurance policies do not cover damage or loss
25 incurred in a flood. You are encouraged to examine your policy
26 to determine whether you are covered. If you are not, flood

1 insurance may be available through FEMA's National Flood
2 Insurance Program to cover your personal property in the event
3 of a flood. Information regarding flood risks can be found at
4 the dnr.illinois.gov (Illinois Department of Natural
5 Resources), fema.gov (FEMA), and ready.gov/flood (U.S.
6 National public service).

7 Landlords are required to disclose the above information
8 pursuant to Section 25 of the Landlord and Tenant Act. A
9 landlord's failure to comply with Section 25 of the Landlord
10 and Tenant Act shall entitle the tenant to remedies as defined
11 in that Section.

12

13 (Tenant Signature) (Date)

14

15 (Landlord Signature) (Date)"

16 (e) If a landlord fails to comply with subsection (b), and
17 the tenant subsequently becomes aware that the property is
18 located in the FEMA Special Flood Hazard Area ("100-year
19 floodplain") the tenant may terminate the lease by giving
20 written notice of termination to the landlord no later than
21 the 30th day after a tenant becomes aware of the landlord's
22 failure to comply with subsection (b), and the landlord shall
23 return all rent and fees paid in advance no later than the 15th
24 day after the tenant gave notice.

25 If a landlord fails to comply with subsection (b) or
26 subsection (c) and flooding occurs that results in damage to

1 the tenant's personal property, affects the habitability of
2 the leased property, or affects the tenant's access to the
3 leased property, the tenant may:

4 (1) terminate the lease by giving written notice to
5 the landlord no later than the 30th day after the flood
6 occurred and the landlord shall return all rent and fees
7 paid in advance no later than the 15th day after the tenant
8 gave notice; and

9 (2) bring an action against the landlord of the
10 property to recover damages for personal property lost or
11 damaged as a result of flooding.

12 (e) Exemptions. This Section does not apply to farm
13 leases, concession leases, and rental properties owned or
14 managed by the Department of Natural Resources.

15 (f) This Section may not be interpreted to permit the
16 renting, leasing, or subleasing of lower-level units in a
17 municipality if the municipality does not permit the renting,
18 leasing, or subleasing of such units.

4 screening report that meets the following criteria, the
5 landlord may not charge the prospective tenant a fee to
6 access the report or an application screening fee. Those
7 criteria include the following:

8 (A) the report was prepared within the previous 30
9 days by a consumer credit reporting agency at the
10 request and expense of a prospective tenant;

11 (B) the report is made directly available to a
12 landlord for use in the rental application process or

20 cost to access or use; and

23 screening of prospective tenants.

24 (2) A landlord may require an applicant to state that
25 there has not been a material change to the information in
26 the reusable tenant screening report.

7 collecting and processing an application in addition to the
8 report provided, as long as the prospective tenant is not
9 charged an application screening fee for this additional

12 Section 1165. The Landlord Retaliation Act is amended by
13 changing Section 20 as follows:

14 (765 ILCS 721/20)

17 of retaliation there is evidence that the retaliation was
18 against the tenant's conduct that is protected under this Act,
19 that evidence creates a rebuttable presumption that the
20 landlord's conduct was retaliatory. The presumption does not
21 arise if the protected tenant activity was initiated after the
22 alleged act of retaliation.

1 is responsible for harassment of nonemployees by the
2 employer's nonmanagerial and nonsupervisory employees only
3 if the employer becomes aware of the conduct and fails to
4 take reasonable corrective measures. For the purposes of
5 this subdivision (A-10), "nonemployee" means a person who
6 is not otherwise an employee of the employer and is
7 directly performing services for the employer pursuant to
8 a contract with that employer. "Nonemployee" includes

19 responsibilities or to accept from any person any job
20 order, requisition or request for referral of applicants
21 for employment or apprenticeship which makes or has the
22 effect of making unlawful discrimination or discrimination
23 on the basis of citizenship status, work authorization
24 status, or family responsibilities a condition of
25 referral.

26 (C) Labor organization. For any labor organization to

1 limit, segregate or classify its membership, or to limit
2 employment opportunities, selection and training for
3 apprenticeship in any trade or craft, or otherwise to
4 take, or fail to take, any action which affects adversely
5 any person's status as an employee or as an applicant for
6 employment or as an apprentice, or as an applicant for

19 (D-5) Sexual harassment of nonemployees. For any
20 employer, employee, agent of any employer, employment

22 harassment of nonemployees in the workplace. An employer
23 is responsible for sexual harassment of nonemployees by
24 the employer's nonmanagerial and nonsupervisory employees
25 only if the employer becomes aware of the conduct and

1 purposes of this subdivision (D-5), "nonemployee" means a
2 person who is not otherwise an employee of the employer
3 and is directly performing services for the employer
4 pursuant to a contract with that employer. "Nonemployee"
5 includes contractors and consultants. This subdivision
6 applies to sexual harassment occurring on or after January
7 1, 2020 (the effective date of Public Act 101-221) ~~this~~
8 ~~amendatory Act of the 101st General Assembly.~~

9 (E) Public employers. For any public employer to
10 refuse to permit a public employee under its jurisdiction
11 who takes time off from work in order to practice his or
12 her religious beliefs to engage in work, during hours
13 other than such employee's regular working hours,
14 consistent with the operational needs of the employer and
15 in order to compensate for work time lost for such
16 religious reasons. Any employee who elects such deferred
17 work shall be compensated at the wage rate which he or she
18 would have earned during the originally scheduled work
19 period. The employer may require that an employee who
20 plans to take time off from work in order to practice his
21 or her religious beliefs provide the employer with a
22 notice of his or her intention to be absent from work not
23 exceeding 5 days prior to the date of absence.

24 (E-5) Religious discrimination. For any employer to
25 impose upon a person as a condition of obtaining or

2 conditions that would require such person to violate or
3 forgo a sincerely held practice of his or her religion
4 including, but not limited to, the wearing of any attire,
5 clothing, or facial hair in accordance with the
6 requirements of his or her religion, unless, after
7 engaging in a bona fide effort, the employer demonstrates
8 that it is unable to reasonably accommodate the employee's
9 or prospective employee's sincerely held religious belief,
10 practice, or observance without undue hardship on the
11 conduct of the employer's business.

12 Nothing in this Section prohibits an employer from
13 enacting a dress code or grooming policy that may include
14 restrictions on attire, clothing, or facial hair to
15 maintain workplace safety or food sanitation.

16 (F) Training and apprenticeship programs. For any
17 employer, employment agency or labor organization to
18 discriminate against a person on the basis of age in the
19 selection, referral for or conduct of apprenticeship or
20 training programs.

21 (G) Immigration-related practices.

22 (1) for an employer to request for purposes of
23 satisfying the requirements of Section 1324a(b) of
24 Title 8 of the United States Code, as now or hereafter
25 amended, more or different documents than are required
26 under such Section or to refuse to honor documents

1 tendered that on their face reasonably appear to be
2 genuine or to refuse to honor work authorization based
3 upon the specific status or term of status that
4 accompanies the authorization to work; or

5 (2) for an employer participating in the E-Verify
6 Program, as authorized by 8 U.S.C. 1324a, Notes, Pilot
7 Programs for Employment Eligibility Confirmation
8 (enacted by PL 104-208, div. C title IV, subtitle A) to
9 refuse to hire, to segregate, or to act with respect to
10 recruitment, hiring, promotion, renewal of employment,
11 selection for training or apprenticeship, discharge,
12 discipline, tenure or terms, privileges or conditions
13 of employment without following the procedures under
14 the E-Verify Program.

15 (H) (Blank).

16 (I) Pregnancy. For an employer to refuse to hire, to
17 segregate, or to act with respect to recruitment, hiring,
18 promotion, renewal of employment, selection for training
19 or apprenticeship, discharge, discipline, tenure or terms,
20 privileges or conditions of employment on the basis of
21 pregnancy, childbirth, or medical or common conditions
22 related to pregnancy or childbirth. Women affected by
23 pregnancy, childbirth, or medical or common conditions
24 related to pregnancy or childbirth shall be treated the
25 same for all employment-related purposes, including
26 receipt of benefits under fringe benefit programs, as

1 other persons not so affected but similar in their ability
2 or inability to work, regardless of the source of the
3 inability to work or employment classification or status.

4 (J) Pregnancy; reasonable accommodations.

5 (1) If after a job applicant or employee,
6 including a part-time, full-time, or probationary
7 employee, requests a reasonable accommodation, for an
8 employer to not make reasonable accommodations for any
9 medical or common condition of a job applicant or
10 employee related to pregnancy or childbirth, unless
11 the employer can demonstrate that the accommodation
12 would impose an undue hardship on the ordinary
13 operation of the business of the employer. The
14 employer may request documentation from the employee's
15 health care provider concerning the need for the
16 requested reasonable accommodation or accommodations
17 to the same extent documentation is requested for
18 conditions related to disability if the employer's
19 request for documentation is job-related and
20 consistent with business necessity. The employer may
21 require only the medical justification for the
22 requested accommodation or accommodations, a
23 description of the reasonable accommodation or
24 accommodations medically advisable, the date the
25 reasonable accommodation or accommodations became
26 medically advisable, and the probable duration of the

1 reasonable accommodation or accommodations. It is the
2 duty of the individual seeking a reasonable
3 accommodation or accommodations to submit to the
4 employer any documentation that is requested in
5 accordance with this paragraph. Notwithstanding the
6 provisions of this paragraph, the employer may require
7 documentation by the employee's health care provider
8 to determine compliance with other laws. The employee
9 and employer shall engage in a timely, good faith, and
10 meaningful exchange to determine effective reasonable
11 accommodations.

12 (2) For an employer to deny employment
13 opportunities or benefits to or take adverse action
14 against an otherwise qualified job applicant or
15 employee, including a part-time, full-time, or
16 probationary employee, if the denial or adverse action
17 is based on the need of the employer to make reasonable
18 accommodations to the known medical or common
19 conditions related to the pregnancy or childbirth of
20 the applicant or employee.

21 (3) For an employer to require a job applicant or
22 employee, including a part-time, full-time, or
23 probationary employee, affected by pregnancy,
24 childbirth, or medical or common conditions related to
25 pregnancy or childbirth to accept an accommodation
26 when the applicant or employee did not request an

1 accommodation and the applicant or employee chooses
2 not to accept the employer's accommodation.

3 (4) For an employer to require an employee,
4 including a part-time, full-time, or probationary
5 employee, to take leave under any leave law or policy
6 of the employer if another reasonable accommodation
7 can be provided to the known medical or common
8 conditions related to the pregnancy or childbirth of
9 an employee. No employer shall fail or refuse to
10 reinstate the employee affected by pregnancy,
11 childbirth, or medical or common conditions related to
12 pregnancy or childbirth to her original job or to an
13 equivalent position with equivalent pay and
14 accumulated seniority, retirement, fringe benefits,
15 and other applicable service credits upon her
16 signifying her intent to return or when her need for
17 reasonable accommodation ceases, unless the employer
18 can demonstrate that the accommodation would impose an
19 undue hardship on the ordinary operation of the
20 business of the employer.

21 For the purposes of this subdivision (J), "reasonable
22 accommodations" means reasonable modifications or
23 adjustments to the job application process or work
24 environment, or to the manner or circumstances under which
25 the position desired or held is customarily performed,
26 that enable an applicant or employee affected by

1 pregnancy, childbirth, or medical or common conditions
2 related to pregnancy or childbirth to be considered for
3 the position the applicant desires or to perform the
4 essential functions of that position, and may include, but
5 is not limited to: more frequent or longer bathroom
6 breaks, breaks for increased water intake, and breaks for
7 periodic rest; private non-bathroom space for expressing
8 breast milk and breastfeeding; seating; assistance with
9 manual labor; light duty; temporary transfer to a less
10 strenuous or hazardous position; the provision of an
11 accessible worksite; acquisition or modification of
12 equipment; job restructuring; a part-time or modified work
13 schedule; appropriate adjustment or modifications of
14 examinations, training materials, or policies;
15 reassignment to a vacant position; time off to recover
16 from conditions related to childbirth; and leave
17 necessitated by pregnancy, childbirth, or medical or
18 common conditions resulting from pregnancy or childbirth.

19 For the purposes of this subdivision (J), "undue
20 hardship" means an action that is prohibitively expensive
21 or disruptive when considered in light of the following
22 factors: (i) the nature and cost of the accommodation
23 needed; (ii) the overall financial resources of the
24 facility or facilities involved in the provision of the
25 reasonable accommodation, the number of persons employed
26 at the facility, the effect on expenses and resources, or

1 the impact otherwise of the accommodation upon the
2 operation of the facility; (iii) the overall financial
3 resources of the employer, the overall size of the
4 business of the employer with respect to the number of its
5 employees, and the number, type, and location of its
6 facilities; and (iv) the type of operation or operations
7 of the employer, including the composition, structure, and
8 functions of the workforce of the employer, the geographic
9 separateness, administrative, or fiscal relationship of
10 the facility or facilities in question to the employer.
11 The employer has the burden of proving undue hardship. The
12 fact that the employer provides or would be required to
13 provide a similar accommodation to similarly situated
14 employees creates a rebuttable presumption that the
15 accommodation does not impose an undue hardship on the
16 employer.

17 No employer is required by this subdivision (J) to
18 create additional employment that the employer would not
19 otherwise have created, unless the employer does so or
20 would do so for other classes of employees who need
21 accommodation. The employer is not required to discharge
22 any employee, transfer any employee with more seniority,
23 or promote any employee who is not qualified to perform
24 the job, unless the employer does so or would do so to
25 accommodate other classes of employees who need it.

26 (K) Notice.

1 (1) For an employer to fail to post or keep posted
2 in a conspicuous location on the premises of the
3 employer where notices to employees are customarily
4 posted, or fail to include in any employee handbook
5 information concerning an employee's rights under this
6 Article, a notice, to be prepared or approved by the
7 Department, summarizing the requirements of this
8 Article and information pertaining to the filing of a
9 charge, including the right to be free from unlawful
10 discrimination, the right to be free from sexual
11 harassment, and the right to certain reasonable
12 accommodations. The Department shall make the
13 documents required under this paragraph available for
14 retrieval from the Department's website.

15 (2) Upon notification of a violation of paragraph
16 (1) of this subdivision (K), the Department may launch
17 a preliminary investigation. If the Department finds a
18 violation, the Department may issue a notice to show
19 cause giving the employer 30 days to correct the
20 violation. If the violation is not corrected, the
21 Department may initiate a charge of a civil rights
22 violation.

19 or apprenticeship, discharge, discipline, tenure or terms,
20 privileges or conditions of employment on the basis of
21 pregnancy, childbirth, or medical or common conditions
22 related to pregnancy or childbirth. Women affected by
23 pregnancy, childbirth, or medical or common conditions
24 related to pregnancy or childbirth shall be treated the
25 same for all employment-related purposes, including
26 receipt of benefits under fringe benefit programs, as

1 other persons not so affected but similar in their ability
2 or inability to work, regardless of the source of the
3 inability to work or employment classification or status.

4 (J) Pregnancy; reasonable accommodations.

5 (1) If after a job applicant or employee,
6 including a part-time, full-time, or probationary
7 employee, requests a reasonable accommodation, for an
8 employer to not make reasonable accommodations for any
9 medical or common condition of a job applicant or
10 employee related to pregnancy or childbirth, unless
11 the employer can demonstrate that the accommodation
12 would impose an undue hardship on the ordinary
13 operation of the business of the employer. The
14 employer may request documentation from the employee's
15 health care provider concerning the need for the
16 requested reasonable accommodation or accommodations
17 to the same extent documentation is requested for
18 conditions related to disability if the employer's
19 request for documentation is job-related and
20 consistent with business necessity. The employer may
21 require only the medical justification for the
22 requested accommodation or accommodations, a
23 description of the reasonable accommodation or
24 accommodations medically advisable, the date the
25 reasonable accommodation or accommodations became
26 medically advisable, and the probable duration of the

1 reasonable accommodation or accommodations. It is the
2 duty of the individual seeking a reasonable
3 accommodation or accommodations to submit to the
4 employer any documentation that is requested in
5 accordance with this paragraph. Notwithstanding the
6 provisions of this paragraph, the employer may require
7 documentation by the employee's health care provider
8 to determine compliance with other laws. The employee
9 and employer shall engage in a timely, good faith, and
10 meaningful exchange to determine effective reasonable
11 accommodations.

12 (2) For an employer to deny employment
13 opportunities or benefits to or take adverse action
14 against an otherwise qualified job applicant or
15 employee, including a part-time, full-time, or
16 probationary employee, if the denial or adverse action
17 is based on the need of the employer to make reasonable
18 accommodations to the known medical or common
19 conditions related to the pregnancy or childbirth of
20 the applicant or employee.

21 (3) For an employer to require a job applicant or
22 employee, including a part-time, full-time, or
23 probationary employee, affected by pregnancy,
24 childbirth, or medical or common conditions related to
25 pregnancy or childbirth to accept an accommodation
26 when the applicant or employee did not request an

1 accommodation and the applicant or employee chooses
2 not to accept the employer's accommodation.

3 (4) For an employer to require an employee,
4 including a part-time, full-time, or probationary
5 employee, to take leave under any leave law or policy
6 of the employer if another reasonable accommodation
7 can be provided to the known medical or common
8 conditions related to the pregnancy or childbirth of
9 an employee. No employer shall fail or refuse to
10 reinstate the employee affected by pregnancy,
11 childbirth, or medical or common conditions related to
12 pregnancy or childbirth to her original job or to an
13 equivalent position with equivalent pay and
14 accumulated seniority, retirement, fringe benefits,
15 and other applicable service credits upon her
16 signifying her intent to return or when her need for
17 reasonable accommodation ceases, unless the employer
18 can demonstrate that the accommodation would impose an
19 undue hardship on the ordinary operation of the
20 business of the employer.

21 For the purposes of this subdivision (J), "reasonable
22 accommodations" means reasonable modifications or
23 adjustments to the job application process or work
24 environment, or to the manner or circumstances under which
25 the position desired or held is customarily performed,
26 that enable an applicant or employee affected by

1 pregnancy, childbirth, or medical or common conditions
2 related to pregnancy or childbirth to be considered for
3 the position the applicant desires or to perform the
4 essential functions of that position, and may include, but
5 is not limited to: more frequent or longer bathroom
6 breaks, breaks for increased water intake, and breaks for
7 periodic rest; private non-bathroom space for expressing
8 breast milk and breastfeeding; seating; assistance with
9 manual labor; light duty; temporary transfer to a less
10 strenuous or hazardous position; the provision of an
11 accessible worksite; acquisition or modification of
12 equipment; job restructuring; a part-time or modified work
13 schedule; appropriate adjustment or modifications of
14 examinations, training materials, or policies;
15 reassignment to a vacant position; time off to recover
16 from conditions related to childbirth; and leave
17 necessitated by pregnancy, childbirth, or medical or
18 common conditions resulting from pregnancy or childbirth.

19 For the purposes of this subdivision (J), "undue
20 hardship" means an action that is prohibitively expensive
21 or disruptive when considered in light of the following
22 factors: (i) the nature and cost of the accommodation
23 needed; (ii) the overall financial resources of the
24 facility or facilities involved in the provision of the
25 reasonable accommodation, the number of persons employed
26 at the facility, the effect on expenses and resources, or

1 the impact otherwise of the accommodation upon the
2 operation of the facility; (iii) the overall financial
3 resources of the employer, the overall size of the
4 business of the employer with respect to the number of its
5 employees, and the number, type, and location of its
6 facilities; and (iv) the type of operation or operations
7 of the employer, including the composition, structure, and
8 functions of the workforce of the employer, the geographic
9 separateness, administrative, or fiscal relationship of
10 the facility or facilities in question to the employer.
11 The employer has the burden of proving undue hardship. The
12 fact that the employer provides or would be required to
13 provide a similar accommodation to similarly situated
14 employees creates a rebuttable presumption that the
15 accommodation does not impose an undue hardship on the
16 employer.

17 No employer is required by this subdivision (J) to
18 create additional employment that the employer would not
19 otherwise have created, unless the employer does so or
20 would do so for other classes of employees who need
21 accommodation. The employer is not required to discharge
22 any employee, transfer any employee with more seniority,
23 or promote any employee who is not qualified to perform
24 the job, unless the employer does so or would do so to
25 accommodate other classes of employees who need it.

26 (K) Notice.

1 (1) For an employer to fail to post or keep posted
2 in a conspicuous location on the premises of the
3 employer where notices to employees are customarily
4 posted, or fail to include in any employee handbook
5 information concerning an employee's rights under this
6 Article, a notice, to be prepared or approved by the
7 Department, summarizing the requirements of this
8 Article and information pertaining to the filing of a
9 charge, including the right to be free from unlawful
10 discrimination, the right to be free from sexual
11 harassment, and the right to certain reasonable
12 accommodations. The Department shall make the
13 documents required under this paragraph available for
14 retrieval from the Department's website.

15 (2) Upon notification of a violation of paragraph
16 (1) of this subdivision (K), the Department may launch
17 a preliminary investigation. If the Department finds a
18 violation, the Department may issue a notice to show
19 cause giving the employer 30 days to correct the
20 violation. If the violation is not corrected, the
21 Department may initiate a charge of a civil rights
22 violation.

23 (L) Use of artificial intelligence.

24 (1) With respect to recruitment, hiring,
25 promotion, renewal of employment, selection for
26 training or apprenticeship, discharge, discipline,

1 tenure, or the terms, privileges, or conditions of
2 employment, for an employer to use artificial
3 intelligence that has the effect of subjecting
4 employees to discrimination on the basis of protected
5 classes under this Article or to use zip codes as a
6 proxy for protected classes under this Article.

7 (2) For an employer to fail to provide notice to an
8 employee that the employer is using artificial
9 intelligence for the purposes described in paragraph
10 (1).

11 The Department shall adopt any rules necessary for the
12 implementation and enforcement of this subdivision,
13 including, but not limited to, rules on the circumstances
14 and conditions that require notice, the time period for
15 providing notice, and the means for providing notice.

25 unlawful discrimination brought under this Act, Title VII
26 of the Civil Rights Act of 1964, or any other federal,

1 State, or local law prohibiting sexual harassment or

14 to any alleged act of sexual harassment or unlawful
15 discrimination that:

16 (1) occurred in the workplace of the employer; or

17 (2) involved the behavior of an employee of the
18 employer or a corporate executive of the employer, without
19 regard to whether that behavior occurred in the workplace
20 of the employer.

21 The total number of settlements entered into during the
22 requested period shall be reported along with how many
23 settlements are in each of the following categories, when
24 requested by the Department pursuant to this subsection:

12 employer does not make the required disclosures within 30
13 days, the Department shall petition the Illinois Human Rights

15 Section 1210. The Illinois Freedom to Work Act is amended
16 by changing Section 10 as follows:

17 (820 ILCS 90/10)

18 Sec. 10. Prohibiting covenants not to compete and
19 covenants not to solicit.

20 (a) No employer shall enter into a covenant not to compete
21 with any employee unless the employee's actual or expected
22 annualized rate of earnings exceeds \$75,000 per year. This
23 amount shall increase to \$80,000 per year beginning on January
24 1, 2027, \$85,000 per year beginning on January 1, 2032, and

2 to compete entered into in violation of this subsection is
3 void and unenforceable.

4 (b) No employer shall enter into a covenant not to solicit
5 with any employee unless the employee's actual or expected
6 annualized rate of earnings exceeds \$45,000 per year. This
7 amount shall increase to \$47,500 per year beginning on January
8 1, 2027, \$50,000 per year beginning on January 1, 2032, and
9 \$52,500 per year beginning on January 1, 2037. A covenant not
10 to solicit entered into in violation of this subsection is
11 void and unenforceable.

12 (c) No employer shall enter into a covenant not to compete
13 or a covenant not to solicit with any employee who an employer
14 terminates or furloughs or lays off as the result of business
15 circumstances or governmental orders related to the COVID-19
16 pandemic or under circumstances that are similar to the
17 COVID-19 pandemic, unless enforcement of the covenant not to
18 compete includes compensation equivalent to the employee's
19 base salary at the time of termination for the period of
20 enforcement minus compensation earned through subsequent
21 employment during the period of enforcement. A covenant not to
22 compete or a covenant not to solicit entered into in violation
23 of this subsection is void and unenforceable.

24 (d) A covenant not to compete is void and illegal with

5 by a collective bargaining agreement. This subsection (e) does
6 not apply to construction employees who primarily perform
7 management, engineering or architectural, design, or sales
8 functions for the employer or who are shareholders, partners,
9 or owners in any capacity of the employer.

10 (f) ~~(e)~~ Any covenant not to compete or covenant not to
11 solicit entered into after January 1, 2025 (the effective date
12 of Public Act 103-915) ~~this amendatory Act of the 103rd~~
13 ~~General Assembly~~ shall not be enforceable with respect to the
14 provision of mental health services to veterans and first
15 responders by any licensed mental health professional in this
16 State if the enforcement of the covenant not to compete or
17 covenant not to solicit is likely to result in an increase in
18 cost or difficulty for any veteran or first responder seeking
19 mental health services.

20 For the purpose of this subsection:

21 "First responders" means emergency medical services
22 personnel, as defined in the Emergency Medical Services (EMS)

26 Clinical Social Work and Social Work Practice Act, the

6 Section 1215. The Victims' Economic Security and Safety
7 Act is amended by changing Section 35 as follows:

8 (820 ILCS 180/35)

9 Sec. 35. Enforcement.

10 (a) Department of Labor.

11 (1) The Director or his or her authorized
12 representative shall administer and enforce the provisions
13 of this Act. Any employee or a representative of employees
14 who believes his or her rights under this Act have been
15 violated may, within 3 years after the alleged violation
16 occurs, file a complaint with the Department requesting a
17 review of the alleged violation. A copy of the complaint
18 shall be sent to the person who allegedly committed the
19 violation, who shall be the respondent. Upon receipt of a
20 complaint, the Director shall cause such investigation to
21 be made as he or she deems appropriate. The investigation
22 shall provide an opportunity for a public hearing at the
23 request of any party to the review to enable the parties to
24 present information relating to the alleged violation

1 ~~allegation~~. The parties shall be given written notice of
2 the time and place of the hearing at least 7 days before
3 the hearing. Upon receiving the report of the
4 investigation, the Director shall make findings of fact.
5 If the Director finds that a violation did occur, he or she
6 shall issue a decision incorporating his or her findings
7 and requiring the party committing the violation to take
8 such affirmative action to abate the violation as the
9 Director deems appropriate, including:

10 (A) damages equal to the amount of wages, salary,
11 employment benefits, public assistance, or other
12 compensation denied or lost to such individual by
13 reason of the violation, and the interest on that
14 amount calculated at the prevailing rate;

15 (B) such equitable relief as may be appropriate,
16 including, but not limited to, hiring, reinstatement,
17 promotion, and reasonable accommodations; and

18 (C) reasonable attorney's fees, reasonable expert
19 witness fees, and other costs of the action to be paid
20 by the respondent to a prevailing employee.

21 If the Director finds that there was no violation, he
22 or she shall issue an order denying the complaint. An
23 order issued by the Director under this Section shall be
24 final and subject to judicial review under the
25 Administrative Review Law.

26 (2) The Director shall adopt rules necessary to

1 administer and enforce this Act in accordance with the
2 Illinois Administrative Procedure Act. The Director shall
3 have the powers and the parties shall have the rights
4 provided in the Illinois Administrative Procedure Act for
5 contested cases, including, but not limited to, provisions
6 for depositions, subpoena power and procedures, and
7 discovery and protective order procedures.

8 (3) Intervention. The Attorney General of Illinois may
9 intervene on behalf of the Department if the Department
10 certifies that the case is of general public importance.
11 Upon such intervention the court may award such relief as
12 is authorized to be granted to an employee who has filed a
13 complaint or whose representative has filed a complaint
14 under this Section.

15 (b) Refusal to pay damages. Any employer who has been
16 ordered by the Director of Labor or the court to pay damages
17 under this Section and who fails to do so within 30 days after
18 the order is entered is liable to pay a penalty of 1% per
19 calendar day to the employee for each day of delay in paying
20 the damages to the employee.

22 Section 1220. The Paid Leave for All Workers Act is
23 amended by changing Section 15 as follows:

24 (820 ILCS 192/15)

1 Sec. 15. Provision of paid leave.

2 (a) An employee who works in Illinois is entitled to earn
3 and use up to a minimum of 40 hours of paid leave during a
4 12-month period or a pro rata number of hours of paid leave
5 under the provisions of subsection (b). The paid leave may be
6 used by the employee for any purpose as long as the paid leave
7 is taken in accordance with the provisions of this Act.

8 (b) Paid leave under this Act shall accrue at the rate of
9 one hour of paid leave for every 40 hours worked up to a
10 minimum of 40 hours of paid leave or such greater amount if the
11 employer provides more than 40 hours. Employees who are exempt
12 from the overtime requirements of the federal Fair Labor
13 Standards Act (29 U.S.C. 213(a)(1)) shall be deemed to work 40
14 hours in each workweek for purposes of paid leave accrual
15 unless their regular workweek is less than 40 hours, in which
16 case paid leave accrues based on that regular workweek.
17 Employees shall determine how much paid leave they need to
18 use; ~~it~~ however, ~~l~~ employers may set a reasonable minimum
19 increment for the use of paid leave not to exceed 2 hours per
20 day. If an employee's scheduled workday is less than 2 hours
21 per day, the employee's scheduled workday shall be used to
22 determine the amount of paid leave.

23 (c) An employer may make available the minimum number of
24 hours of paid leave, subject to pro rata requirements provided
25 in subsection (b), to an employee on the first day of
26 employment or the first day of the 12-month period. Employers

1 that provide the minimum number of hours of paid leave to an
2 employee on the first day of employment or the first day of the
3 12-month period are not required to carry over ~~carryover~~ paid
4 leave from 12-month period to 12-month period and may require
5 employees to use all paid leave prior to the end of the benefit
6 period or forfeit the unused paid leave. However, under no
7 circumstances shall an employee be credited with paid leave
8 that is less than what the employee would have accrued under
9 subsections (a) and (g) of this Section.

10 (d) The 12-month period may be any consecutive 12-month
11 period designated by the employer in writing at the time of
12 hire. Changes to the 12-month period may be made by the
13 employer if notice is given to employees in writing prior to
14 the change and the change does not reduce the eligible accrual
15 rate and paid leave available to the employee. If the employer
16 changes the designated 12-month period, the employer shall
17 provide the employee with documentation of the balance of
18 hours worked, paid leave accrued and taken, and the remaining
19 paid leave balance.

20 (e) Paid leave under this Act may be taken by an employee
21 for any reason of the employee's choosing. An employee is not
22 required to provide an employer a reason for the leave and may
23 not be required to provide documentation or certification as
24 proof or in support of the leave. An employee may choose
25 whether to use paid leave provided under this Act prior to
26 using any other leave provided by the employer or State law.

1 (f) Employees shall be paid their hourly rate of pay for
2 paid leave. However, employees engaged in an occupation in
3 which gratuities or commissions have customarily and usually
4 constituted and have been recognized as part of the
5 remuneration for hire purposes shall be paid by their employer
6 at least the full minimum wage in the jurisdiction in which
7 they are employed when paid leave is taken. This wage shall be
8 treated as the employee's regular rate of pay for purposes of
9 this Act.

10 (g) Paid leave under this Act shall begin to accrue at the
11 commencement of employment or on the effective date of this
12 Act, whichever is later. Employees shall be entitled to begin
13 using paid leave 90 days following commencement of their
14 employment or 90 days following the effective date of this
15 Act, whichever is later.

16 (h) Paid leave under this Act shall be provided upon the
17 oral or written request of an employee in accordance with the
18 employer's reasonable paid leave policy notification
19 requirements which may include the following:

20 (1) If use of paid leave under this Act is
21 foreseeable, the employer may require the employee to
22 provide 7 calendar days' notice before the date the leave
23 is to begin.

24 (2) If paid leave under this Act is not foreseeable,
25 the employee shall provide such notice as soon as is
26 practicable after the employee is aware of the necessity

1 of the leave. An employer that requires notice of paid
2 leave under this Act when the leave is not foreseeable
3 shall provide a written policy that contains procedures
4 for the employee to provide notice.

5 (3) Employers shall provide employees with written
6 notice of the paid leave policy notification requirements
7 in this Section in the manner provided in Section 20 for
8 notice and posting and within 5 calendar days of any
9 change to the employer's reasonable paid leave policy
10 notification requirements.

11 (4) An employer may not require, as a condition of
12 providing paid leave under this Act, that the employee
13 search for or find a replacement worker to cover the hours
14 during which the employee takes paid leave.

15 (i) Except as provided in subsection (c), paid leave under
16 this Act shall carry over annually to the extent not used by
17 the employee, provided that nothing in this Act shall be
18 construed to require an employer to provide more than 40 hours
19 of paid leave for an employee in the 12-month period unless the
20 employer agrees to do so.

21 (j) Nothing in this Section or any other Illinois law or
22 rule shall be construed as requiring financial or other
23 payment to an employee from an employer upon the employee's
24 termination, resignation, retirement, or other separation from
25 employment for paid leave accrued under this Act that has not
26 been used. Nothing in this Section or any other Illinois law or

1 rule shall be construed as requiring financial or other
2 reimbursements to an employee from an employer for unused paid
3 leave under this Act at the end of the benefit year or any
4 other time.

5 (k) If an employee is transferred to a separate division,
6 entity, or location, but remains employed by the same
7 employer, the employee is entitled to all paid leave accrued
8 at the prior division, entity, or location and is entitled to
9 use all paid leave as provided in this Section. If there is a
10 separation from employment and the employee is rehired within
11 12 months of separation by the same employer, previously
12 accrued paid leave that had not been used by the employee shall
13 be reinstated. The employee shall be entitled to use accrued
14 paid leave at the commencement of employment following a
15 separation from employment of 12 months or less.

16 (l) Paid leave under this Act shall not be charged or
17 otherwise credited to an employee's paid time off bank or
18 employee account unless the employer's policy permits such a
19 credit. If the paid leave under this Act is credited to an
20 employee's paid time off bank or employee vacation account
21 then any unused paid leave shall be paid to the employee upon
22 the employee's termination, resignation, retirement, or other
23 separation to the same extent as vacation time under existing
24 Illinois law or rule. Nothing in this Act shall be construed to
25 waive or otherwise limit an employee's right to final
26 compensation for promised and earned, but unpaid vacation time

1 or paid time off, as provided under the Illinois Wage Payment
2 and Collection Act and rules. Employers shall provide
3 employees with written notice of changes to the employer's
4 vacation time, paid time off, or other paid leave policies
5 that affect an employee's right to final compensation for such
6 leave.

7 (m) During any period an employee takes leave under this
8 Act, the employer shall maintain coverage for the employee and
9 any family member under any group health plan for the duration
10 of such leave at no less than the level and conditions of
11 coverage that would have been provided if the employee had not
12 taken the leave. The employer shall notify the employee that
13 the employee is still responsible for paying the employee's
14 share of the cost of the health care coverage, if any.

15 (n) Nothing in this Act shall be deemed to interfere with,
16 impede, or in any way diminish the right of employees to
17 bargain collectively with their employers through
18 representatives of their own choosing in order to establish
19 wages or other conditions of work in excess of the applicable
20 minimum standards established in this Act. The paid leave
21 requirements of this Act may be waived in a bona fide
22 collective bargaining agreement, but only if the waiver is set
23 forth explicitly in such agreement in clear and unambiguous
24 terms.

25 Nothing in this Act shall be deemed to affect the validity
26 or change the terms of bona fide collective bargaining

1 agreements in effect on January 1, 2024. After that date,
2 requirements of this Act may be waived in a bona fide
3 collective bargaining agreement, but only if the waiver is set
4 forth explicitly in such agreement in clear and unambiguous
5 terms.

6 In no event shall this Act apply to any employee working in
7 the construction industry who is covered by a bona fide
8 collective bargaining agreement, nor shall this Act apply to
9 any employee who is covered by a bona fide collective
10 bargaining agreement with an employer that provides services
11 nationally and internationally of delivery, pickup, and
12 transportation of parcels, documents, and freight.

13 Notwithstanding the provisions of this subsection, nothing
14 in this Act shall be deemed to affect the validity or change
15 the terms of a bona fide collective bargaining agreement
16 applying to an employee who is employed by a State agency that
17 is in effect on July 1, 2024. After that date, requirements of
18 this Act may be waived in a bona fide collective bargaining
19 agreement, but only if the waiver is set forth explicitly in
20 such agreement in clear and unambiguous terms. As used in this
21 subsection, "State agency" has the same meaning as set forth
22 in Section 4 of the Forms Notice Act.

23 (o) An agreement by an employee to waive his or her rights
24 under this Act is void as against public policy.

25 (p) The provisions of this Act shall not apply to any
26 employer that is covered by a municipal or county ordinance

1 that is in effect on the effective date of this Act that
2 requires employers to give any form of paid leave to their
3 employees, including paid sick leave or paid leave.
4 Notwithstanding the provisions of this subsection, any
5 employer that is not required to provide paid leave to its
6 employees, including paid sick leave or paid leave, under a
7 municipal or county ordinance that is in effect on the
8 effective date of this Act shall be subject to the provisions
9 of this Act if the employer would be required to provide paid
10 leave under this Act to its employees.

11 Any local ordinance that provides paid leave, including
12 paid sick leave or paid leave, enacted or amended after the
13 effective date of this Act must comply with the requirements
14 of this Act or provide benefits, rights, and remedies that are
15 greater than or equal to the benefits, rights, and remedies
16 afforded under this Act.

17 An employer in a municipality or county that enacts or
18 amends a local ordinance that provides paid leave, including
19 paid sick leave or paid leave, after the effective date of this
20 Act shall only comply with the local ordinance or ordinances
21 so long as the benefits, rights, and remedies are greater than
22 or equal to the benefits, rights, and remedies afforded under
23 this Act.

1 Section 1225. The Child Labor Law of 2024 is amended by
2 changing Sections 35 and 55 as follows:

3 (820 ILCS 206/35)

4 Sec. 35. Employer requirements.

5 (a) It shall be unlawful for any person to employ, allow,
6 or permit any minor to work unless the minor obtains an
7 employment certificate authorizing the minor to work for that
8 person. Any person seeking to employ, allow, or permit any
9 minor to work shall provide that minor with a notice of
10 intention to employ to be submitted by the minor to the minor's
11 school issuing officer with the minor's application for an
12 employment certificate.

13 (b) Every employer of one or more minors shall maintain,
14 on the premises where the work is being done, records that
15 include the name, date of birth, and place of residence of
16 every minor who works for that employer, notice of intention
17 to employ the minor, and the minor's employment certificate.
18 Authorized officers and employees of the Department, truant
19 officers, and other school officials charged with the
20 enforcement of school attendance requirements described in
21 Section 26-1 of the School Code may inspect the records
22 without notice at any time.

23 (c) Every employer of minors shall ensure that all minors
24 are supervised by an adult 21 years of age or older, on site,
25 at all times while the minor is working.

1 (d) No person shall employ, allow, or permit any minor to
2 work for more than 5 hours continuously without an interval of
3 at least 30 minutes for a meal period. No period of less than
4 30 minutes shall be deemed to interrupt a continuous period of
5 work.

6 (e) Every employer who employs one or more minors shall
7 post in a conspicuous place where minors are employed,
8 allowed, or permitted to work, a notice summarizing the
9 requirements of this Act, including a list of the occupations
10 prohibited to minors and the Department's toll free telephone
11 number described in Section 85. An employer with employees who
12 do not regularly report to a physical workplace, such as
13 employees who work remotely or travel for work, shall also
14 provide the summary and notice by email to its employees or
15 conspicuous posting on the employer's website or intranet
16 site, if the site is regularly used by the employer to
17 communicate work-related information to employees and is able
18 to be regularly accessed by all employees, freely and without
19 interference. The notice shall be furnished by the Department.

20 (f) Every employer, during the period of employment of a
21 minor and for 3 years thereafter, shall keep on file, at the
22 place of employment, a copy of the employment certificate
23 issued for the minor. An employment certificate shall be valid
24 only for the employer for whom it was issued and a new
25 certificate shall not be issued for the employment of a minor
26 except on the presentation of a new statement of intention to

1 employ the minor. The failure of any employer to produce for
2 inspection the employment certificate for each minor in the
3 employer's establishment shall be a violation of this Act. The
4 Department may specify any other record keeping requirements
5 by rule.

6 (g) In the event of the work-related death of a minor
7 engaged in work subject to this Act, the employer shall,
8 within 24 hours, report the death to the Department and to the
9 school official who issued the minor's work certificate for
10 that employer. In the event of a work-related injury or
11 illness of a minor that requires the employer to file a report
12 with the Illinois Workers' Compensation Commission under
13 Section 6 of the Workers' Compensation Act or Section 6 of the
14 Workers' Occupational Diseases Act, the employer shall submit
15 a copy of the report to the Department and to the school
16 official who issued the minor's work certificate for that
17 employer within 72 hours of the deadline by which the employer
18 must file the report to the Illinois Workers' Compensation
19 Commission. The report shall be subject to the confidentiality
20 provisions of Section 6 of the Workers' Compensation Act or
21 Section 6 of the Workers' Occupational Diseases Act.

23 (820 ILCS 206/55)

24 Sec. 55. Employment certificates.

25 (a) Any employer who employs, allows, or permits a minor

1 to work shall ensure that the minor holds a valid employment
2 certificate issued by a school issuing officer.

3 (b) An application for an employment certificate must be
4 submitted by the minor and the minor's parent or legal
5 guardian to the minor's school issuing officer as follows.

6 (1) The application shall be signed by the applicant's
7 parent or legal guardian.

8 (2) The application shall be submitted in person by
9 the minor desiring employment, unless the school issuing
10 officer determines that the minor may utilize a remote
11 application process.

12 (3) The minor shall be accompanied by his or her
13 parent, guardian, or custodian, whether applying in person
14 or remotely.

15 (4) The following papers shall be submitted with the
16 application:

17 (A) A statement of intention to employ signed by
18 the prospective employer, or by someone duly
19 authorized by the prospective employer, setting forth
20 the specific nature of the occupation in which the
21 prospective employer intends to employ the minor and
22 the exact hours of the day and number of hours per day
23 and days per week during which the minor shall be
24 employed.

25 (B) Evidence of age showing that the minor is of
26 the age required by this Act, which evidence shall be

1 documentary, and shall be required in the order
2 designated, as follows:

3 (i) a birth certificate; or

4 (ii) if a birth certificate is unavailable,
5 the parent or legal guardian may present other
6 reliable proof of the minor's identity and age
7 that is supported by a sworn statement explaining
8 why the birth certificate is not available. Other
9 reliable proof of the minor's identity and age
10 includes a passport, visa, or other governmental
11 documentation of the minor's identity. If the
12 student was not born in the United States, the
13 school issuing officer must accept birth
14 certificates or other reliable proof from a
15 foreign government.

16 (C) A statement on a form approved by the
17 Department and signed by the school issuing officer,
18 showing the minor's name, address, grade last
19 completed, the hours the minor's school is in session,
20 and other relevant information, as determined by the
21 school issuing officer, about the minor's school
22 schedule, and the names of the minor's parent or legal
23 guardian. If any of the information required to be on
24 the work permit changes, the issuing officer must
25 update the work permit and provide an updated copy to
26 the Department, the minor's employer, and the minor's

1 parent or legal guardian. If the minor does not have a
2 permanent home address or is otherwise eligible for
3 services under the federal McKinney-Vento Homeless
4 Assistance Act, the lack of a birth certificate or
5 permanent home address alone shall not be a barrier to
6 receiving an employment certificate.

7 (D) A statement of physical fitness signed by a
8 health care professional who has examined the minor,
9 certifying that the minor is physically fit to be
10 employed in all legal occupations or to be employed in
11 legal occupations under limitations specified, or, at
12 the discretion of the school issuing officer, the
13 minor's most recent school physical. If the statement
14 of physical fitness is limited, the employment
15 certificate issued thereon shall state clearly the
16 limitations upon its use, and shall be valid only when
17 used under the limitations so stated. In any case
18 where the health care professional deems it advisable
19 that he or she may issue a certificate of physical
20 fitness for a specified period of time, at the
21 expiration of which the person for whom it was issued
22 shall appear and be re-examined before being permitted
23 to continue work. Examinations shall be made in
24 accordance with the standards and procedures
25 prescribed by the Director, in consultation with the
26 Director of the Department of Public Health and the

1 State Superintendent of Education, and shall be
2 recorded on a form furnished by the Department. When
3 made by public health or public school physicians, the
4 examination shall be made without charge to the minor.
5 If a public health or public school health care
6 professional is not available, a statement from a
7 private health care professional who has examined the
8 minor may be accepted, provided that the examination
9 is made in accordance with the standards and
10 procedures established by the Department. For purposes
11 of this paragraph, "health care professional" means a
12 physician licensed to practice medicine in all its
13 branches, a licensed advanced practice registered
14 nurse, or a licensed physician assistant.

15 (5) The school issuing officer shall have authority to
16 verify the representations provided in the employment
17 certificate application as required by Section 55. A
18 school issuing officer shall not charge a fee for the
19 consideration of an employment certificate application.

20 (6) It shall be the duty of the school board or local
21 school authority to designate a place or places where
22 certificates shall be issued and recorded, and physical
23 examinations made without fee, and to establish and
24 maintain the necessary records and clerical services for
25 carrying out the provisions of this Act.

26 (c) Upon receipt of an application for an employment

1 certificate, a school issuing officer shall issue an
2 employment certificate only after examining and approving the
3 written application and other papers required under this
4 Section, and determining that the employment shall not be
5 detrimental to the minor's health, welfare, and education. The
6 school issuing officer shall consider any report of death,
7 injury, or illness of a minor at that workplace, received
8 under the requirements of Section 35, in the prior 2 years in
9 determining whether the employment shall be detrimental to the
10 minor's health, welfare, and education. Upon issuing an
11 employment certificate to a minor, the school issuing officer
12 shall notify the principal of the school attended by the
13 minor, and provide copies to the Department, the minor's
14 employer, and the minor's parent or legal guardian. The
15 employment certificate shall be valid for a period of one year
16 from the date of issuance, unless suspended or revoked.

17 (d) If the school issuing officer refuses to issue a
18 certificate to a minor, the school issuing officer shall send
19 to the principal of the school attended by the minor a notice
20 of the refusal, including the name and address of the minor and
21 of the minor's parent or legal guardian, and the reason for the
22 refusal to issue the certificate.

23 (e) If a minor from another state seeks to obtain an
24 Illinois employment certificate, the Department shall work
25 with the State Superintendent of Education, or his or her duly
26 authorized agents, to issue the certificate if the State

1 Superintendent of Education deems that all requirements for
2 issuance have been met.

3 (f) Upon request, the school issuing officer shall issue a
4 certificate of age to any person between 16 and 20 years of age
5 upon presentation of the same proof of age as is required for
6 the issuance of employment certificates under this Act.

7 (g) Any certificate duly issued in accordance with this
8 Act shall be prima facie evidence of the age of the minor for
9 whom it was issued in any proceeding involving the employment
10 of the minor under this Act, as to any act occurring subsequent
11 to its issuance, or until revoked.

12 (h) The Department may suspend any certificate as an
13 emergency action imperatively required for the health, safety,
14 welfare, or education of the minor if:

15 (1) the parent or legal guardian of a minor, the
16 school issuing officer, or the principal of the school
17 attended by the minor for whom an employment certificate
18 has been issued has asked for the revocation of the
19 certificate by petition to the Department in writing,
20 stating the reasons he or she believes that the employment
21 is interfering with the health, safety, welfare, or
22 education of the minor; or

23 (2) in the judgment of the Director, the employment
24 certificate was improperly issued or if the minor is
25 illegally employed.

26 If the certificate is suspended, the Department shall

1 notify the employer of the minor, the parent or guardian of the
2 minor, the minor's school principal, and the school issuing
3 officer of the suspension in writing and shall schedule an
4 administrative hearing to take place within 21 days after the
5 date of any suspension. The minor shall not thereafter be
6 employed, allowed, or permitted to work unless and until his
7 or her employment certificate has been reinstated. After the
8 hearing, an administrative law judge shall issue a final order
9 either reinstating or revoking the employment certificate. If
10 the certificate is revoked, the employer shall not thereafter
11 employ, permit, or allow the minor to work until the minor has
12 obtained a new employment certificate authorizing the minor's
13 employment by that employer.

15 Section 1230. The Underground Sewer Employee Safety Act is
16 amended by changing Section 0.05 as follows:

17 (820 ILCS 250/0.05)

18 Sec. 0.05. Federal regulations; operation of Act.

19 (a) Except as provided in subsection (b), Sections 1
20 through 6 of this Act are inoperative on and after June 10,

24 standards at 29 CFR 1910.120 and, 29 CFR 1910.146 or the Safety

1 and Health Regulations for Construction standards 29 CFR
2 1926.1201 through 29 CFR 1926.1213 are repealed or revoked,
3 the Director of Labor shall adopt a rule setting forth a
4 determination that this Act should be reviewed and reinstated,
5 in whole or in part, in order to protect the health and safety
6 of Illinois' workers. On the date such a rule is adopted, this
7 Act shall again become operative.

9 Section 1235. The Workers' Compensation Act is amended by
10 changing Section 7 as follows:

11 (820 ILCS 305/7)

12 Sec. 7. The amount of compensation which shall be paid for
13 an accidental injury to the employee resulting in death is:

14 (a) If the employee leaves surviving a widow, widower,
15 child or children, the applicable weekly compensation rate
16 computed in accordance with subparagraph 2 of paragraph (b) of
17 Section 8, shall be payable during the life of the widow or
18 widower and if any surviving child or children shall not be
19 physically or mentally incapacitated then until the death of
20 the widow or widower or until the youngest child shall reach
21 the age of 18, whichever shall come later; provided that if
22 such child or children shall be enrolled as a full-time ~~full~~
23 ~~time~~ student in any accredited educational institution, the
24 payments shall continue until such child has attained the age

1 of 25. In the event any surviving child or children shall be
2 physically or mentally incapacitated, the payments shall
3 continue for the duration of such incapacity.

4 The term "child" means a child whom the deceased employee
5 left surviving, including a posthumous child, a child legally
6 adopted, a child whom the deceased employee was legally
7 obligated to support or a child to whom the deceased employee
8 stood in loco parentis. The term "children" means the plural
9 of "child".

10 The term "physically or mentally incapacitated child or
11 children" means a child or children incapable of engaging in
12 regular and substantial gainful employment.

13 In the event of the remarriage of a widow or widower, where
14 the decedent did not leave surviving any child or children
15 who, at the time of such remarriage, are entitled to
16 compensation benefits under this Act, the surviving spouse
17 shall be paid a lump sum equal to 2 years compensation benefits
18 and all further rights of such widow or widower shall be
19 extinguished.

20 If the employee leaves surviving any child or children
21 under 18 years of age who at the time of death shall be
22 entitled to compensation under this paragraph (a) of this
23 Section, the weekly compensation payments herein provided for
24 such child or children shall in any event continue for a period
25 of not less than 6 years.

26 Any beneficiary entitled to compensation under this

1 paragraph (a) of this Section shall receive from the special
2 fund provided in paragraph (f) of this Section, in addition to
3 the compensation herein provided, supplemental benefits in
4 accordance with paragraph (g) of Section 8.

5 (b) If no compensation is payable under paragraph (a) of
6 this Section and the employee leaves surviving a parent or
7 parents who at the time of the accident were totally dependent
8 upon the earnings of the employee then weekly payments equal
9 to the compensation rate payable in the case where the
10 employee leaves surviving a widow or widower, shall be paid to
11 such parent or parents for the duration of their lives, and in
12 the event of the death of either, for the life of the survivor.

13 (c) If no compensation is payable under paragraph
14 ~~paragraphs~~ (a) or (b) of this Section and the employee leaves
15 surviving any child or children who are not entitled to
16 compensation under the foregoing paragraph (a) but who at the
17 time of the accident were nevertheless in any manner dependent
18 upon the earnings of the employee, or leaves surviving a
19 parent or parents who at the time of the accident were
20 partially dependent upon the earnings of the employee, then
21 there shall be paid to such dependent or dependents for a
22 period of 8 years weekly compensation payments at such
23 proportion of the applicable rate if the employee had left
24 surviving a widow or widower as such dependency bears to total
25 dependency. In the event of the death of any such beneficiary
26 the share of such beneficiary shall be divided equally among

1 the surviving beneficiaries and in the event of the death of
2 the last such beneficiary all the rights under this paragraph
3 shall be extinguished.

4 (d) If no compensation is payable under paragraph
5 ~~paragraphs~~ (a), (b), or (c) of this Section and the employee
6 leaves surviving any grandparent, grandparents, grandchild or
7 grandchildren or collateral heirs dependent upon the
8 employee's earnings to the extent of 50% or more of total
9 dependency, then there shall be paid to such dependent or
10 dependents for a period of 5 years weekly compensation
11 payments at such proportion of the applicable rate if the
12 employee had left surviving a widow or widower as such
13 dependency bears to total dependency. In the event of the
14 death of any such beneficiary the share of such beneficiary
15 shall be divided equally among the surviving beneficiaries and
16 in the event of the death of the last such beneficiary all
17 rights hereunder shall be extinguished.

18 (e) The compensation to be paid for accidental injury
19 which results in death, as provided in this Section, shall be
20 paid to the persons who form the basis for determining the
21 amount of compensation to be paid by the employer, the
22 respective shares to be in the proportion of their respective
23 dependency at the time of the accident on the earnings of the
24 deceased. The Commission or an Arbitrator thereof may, in its
25 or his discretion, order or award the payment to the parent or
26 grandparent of a child for the latter's support the amount of

1 compensation which but for such order or award would have been
2 paid to such child as its share of the compensation payable,
3 which order or award may be modified from time to time by the
4 Commission in its discretion with respect to the person to
5 whom shall be paid the amount of the order or award remaining
6 unpaid at the time of the modification.

7 The payments of compensation by the employer in accordance
8 with the order or award of the Commission discharges such
9 employer from all further obligation as to such compensation.

10 (f) The sum of \$8,000 for burial expenses shall be paid by
11 the employer to the widow or widower, other dependent, next of
12 kin or to the person or persons incurring the expense of
13 burial.

14 In the event the employer failed to provide necessary
15 first aid, medical, surgical or hospital service, he shall pay
16 the cost thereof to the person or persons entitled to
17 compensation under paragraphs (a), (b), (c), or (d) of this
18 Section, or to the person or persons incurring the obligation
19 therefore, or providing the same.

20 On January 15 and July 15, 1981, and on January 15 and July
21 15 of each year thereafter the employer shall within 60 days
22 pay a sum equal to 1/8 of 1% of all compensation payments made
23 by him after July 1, 1980, either under this Act or the
24 Workers' Occupational Diseases Act, whether by lump sum
25 settlement or weekly compensation payments, but not including
26 hospital, surgical or rehabilitation payments, made during the

1 first 6 months and during the second 6 months respectively of
2 the fiscal year next preceding the date of the payments, into a
3 special fund which shall be designated the "Second Injury
4 Fund", of which the State Treasurer is ex officio ~~ex officio~~
5 custodian, such special fund to be held and disbursed for the
6 purposes hereinafter stated in paragraphs (f) and (g) of
7 Section 8, either upon the order of the Commission or of a
8 competent court. Said special fund shall be deposited the same
9 as are State funds and any interest accruing thereon shall be
10 added thereto every 6 months. It is subject to audit the same
11 as State funds and accounts and is protected by the General
12 bond given by the State Treasurer. It is considered always
13 appropriated for the purposes of disbursements as provided in
14 paragraph (f) of Section 8, ~~paragraph (f)~~, of this Act, and
15 shall be paid out and disbursed as therein provided and shall
16 not at any time be appropriated or diverted to any other use or
17 purpose.

18 On January 15, 1991, the employer shall further pay a sum
19 equal to one half of 1% of all compensation payments made by
20 him from January 1, 1990 through June 30, 1990 either under
21 this Act or under the Workers' Occupational Diseases Act,
22 whether by lump sum settlement or weekly compensation
23 payments, but not including hospital, surgical or
24 rehabilitation payments, into an additional Special Fund which
25 shall be designated as the "Rate Adjustment Fund". On March
26 15, 1991, the employer shall pay into the Rate Adjustment Fund

1 a sum equal to one half of 1% of all such compensation payments
2 made from July 1, 1990 through December 31, 1990. Within 60
3 days after July 15, 1991, the employer shall pay into the Rate
4 Adjustment Fund a sum equal to one half of 1% of all such
5 compensation payments made from January 1, 1991 through June
6 30, 1991. Within 60 days after January 15 of 1992 and each
7 subsequent year through 1996, the employer shall pay into the
8 Rate Adjustment Fund a sum equal to one half of 1% of all such
9 compensation payments made in the last 6 months of the
10 preceding calendar year. Within 60 days after July 15 of 1992
11 and each subsequent year through 1995, the employer shall pay
12 into the Rate Adjustment Fund a sum equal to one half of 1% of
13 all such compensation payments made in the first 6 months of
14 the same calendar year. Within 60 days after January 15 of 1997
15 and each subsequent year through 2005, the employer shall pay
16 into the Rate Adjustment Fund a sum equal to three-fourths of
17 1% of all such compensation payments made in the last 6 months
18 of the preceding calendar year. Within 60 days after July 15 of
19 1996 and each subsequent year through 2004, the employer shall
20 pay into the Rate Adjustment Fund a sum equal to three-fourths
21 of 1% of all such compensation payments made in the first 6
22 months of the same calendar year. Within 60 days after July 15
23 of 2005, the employer shall pay into the Rate Adjustment Fund a
24 sum equal to 1% of such compensation payments made in the first
25 6 months of the same calendar year. Within 60 days after
26 January 15 of 2006 and each subsequent year through 2024, the

1 employer shall pay into the Rate Adjustment Fund a sum equal to
2 1.25% of such compensation payments made in the last 6 months
3 of the preceding calendar year. Within 60 days after July 15 of
4 2006 and each subsequent year through 2023, the employer shall
5 pay into the Rate Adjustment Fund a sum equal to 1.25% of such
6 compensation payments made in the first 6 months of the same
7 calendar year. Within 60 days after July 15 of 2024 and each
8 subsequent year thereafter, the employer shall pay into the
9 Rate Adjustment Fund a sum equal to 1.375% of such
10 compensation payments made in the first 6 months of the same
11 calendar year. Within 60 days after January 15 of 2025 and each
12 subsequent year thereafter, the employer shall pay into the
13 Rate Adjustment Fund a sum equal to 1.375% of such
14 compensation payments made in the last 6 months of the
15 preceding calendar year. The administrative costs of
16 collecting assessments from employers for the Rate Adjustment
17 Fund shall be paid from the Rate Adjustment Fund. The cost of
18 an actuarial audit of the Fund shall be paid from the Rate
19 Adjustment Fund. The State Treasurer is ex officio custodian
20 of such Special Fund and the same shall be held and disbursed
21 for the purposes hereinafter stated in paragraphs (f) and (g)
22 of Section 8 upon the order of the Commission or of a competent
23 court. The Rate Adjustment Fund shall be deposited the same as
24 are State funds and any interest accruing thereon shall be
25 added thereto every 6 months. It shall be subject to audit the
26 same as State funds and accounts and shall be protected by the

1 general bond given by the State Treasurer. It is considered
2 always appropriated for the purposes of disbursements as
3 provided in paragraphs (f) and (g) of Section 8 of this Act and
4 shall be paid out and disbursed as therein provided and shall
5 not at any time be appropriated or diverted to any other use or
6 purpose. Within 5 days after December 7, 1990 (the effective
7 date of Public Act 86-1448) ~~this amendatory Act of 1990~~, the
8 Comptroller and the State Treasurer shall transfer \$1,000,000
9 from the General Revenue Fund to the Rate Adjustment Fund. By
10 February 15, 1991, the Comptroller and the State Treasurer
11 shall transfer \$1,000,000 from the Rate Adjustment Fund to the
12 General Revenue Fund. The Comptroller and Treasurer are
13 authorized to make transfers at the request of the Chairman up
14 to a total of \$19,000,000 from the Second Injury Fund, the
15 General Revenue Fund, and the Workers' Compensation Benefit
16 Trust Fund to the Rate Adjustment Fund to the extent that there
17 is insufficient money in the Rate Adjustment Fund to pay
18 claims and obligations. Amounts may be transferred from the
19 General Revenue Fund only if the funds in the Second Injury
20 Fund or the Workers' Compensation Benefit Trust Fund are
21 insufficient to pay claims and obligations of the Rate
22 Adjustment Fund. All amounts transferred from the Second
23 Injury Fund, the General Revenue Fund, and the Workers'
24 Compensation Benefit Trust Fund shall be repaid from the Rate
25 Adjustment Fund within 270 days of a transfer, together with
26 interest at the rate earned by moneys on deposit in the Fund or

1 Funds from which the moneys were transferred.

2 Upon a finding by the Commission, after reasonable notice
3 and hearing, that any employer has willfully and knowingly
4 failed to pay the proper amounts into the Second Injury Fund or
5 the Rate Adjustment Fund required by this Section or if such
6 payments are not made within the time periods prescribed by
7 this Section, the employer shall, in addition to such
8 payments, pay a penalty of 20% of the amount required to be
9 paid or \$2,500, whichever is greater, for each year or part
10 thereof of such failure to pay. This penalty shall only apply
11 to obligations of an employer to the Second Injury Fund or the
12 Rate Adjustment Fund accruing after December 18, 1989 (the
13 effective date of Public Act 86-998) ~~this amendatory Act of~~
14 ~~1989~~. All or part of such a penalty may be waived by the
15 Commission for good cause shown.

16 Any obligations of an employer to the Second Injury Fund
17 and Rate Adjustment Fund accruing prior to December 18, 1989
18 ~~(the effective date of Public Act 86-998) this amendatory Act~~
19 ~~of 1989~~ shall be paid in full by such employer within 5 years
20 of December 18, 1989 (the effective date of Public Act 86-998)
21 ~~this amendatory Act of 1989~~, with at least one-fifth of such
22 obligation to be paid during each year following December 18,
23 1989 (the effective date of Public Act 86-998) ~~this amendatory~~
24 ~~Act of 1989~~. If the Commission finds, following reasonable
25 notice and hearing, that an employer has failed to make timely
26 payment of any obligation accruing under the preceding

1 sentence, the employer shall, in addition to all other
2 payments required by this Section, be liable for a penalty
3 equal to 20% of the overdue obligation or \$2,500, whichever is
4 greater, for each year or part thereof that obligation is
5 overdue. All or part of such a penalty may be waived by the
6 Commission for good cause shown.

7 The Chairman of the Illinois Workers' Compensation
8 Commission shall, annually, furnish to the Director of the
9 Department of Insurance a list of the amounts paid into the
10 Second Injury Fund and the Rate Adjustment Fund by each
11 insurance company on behalf of their insured employers. The
12 Director shall verify to the Chairman that the amounts paid by
13 each insurance company are accurate as best as the Director
14 can determine from the records available to the Director. The
15 Chairman shall verify that the amounts paid by each
16 self-insurer are accurate as best as the Chairman can
17 determine from records available to the Chairman. The Chairman
18 may require each self-insurer to provide information
19 concerning the total compensation payments made upon which
20 contributions to the Second Injury Fund and the Rate
21 Adjustment Fund are predicated and any additional information
22 establishing that such payments have been made into these
23 funds. Any deficiencies in payments noted by the Director or
24 Chairman shall be subject to the penalty provisions of this
25 Act.

26 The State Treasurer, or his duly authorized

1 representative, shall be named as a party to all proceedings
2 in all cases involving claim for the loss of, or the permanent
3 and complete loss of the use of one eye, one foot, one leg, one
4 arm or one hand.

5 The State Treasurer or his duly authorized agent shall
6 have the same rights as any other party to the proceeding,
7 including the right to petition for review of any award. The
8 reasonable expenses of litigation, such as medical
9 examinations, testimony, and transcript of evidence, incurred
10 by the State Treasurer or his duly authorized representative,
11 shall be borne by the Second Injury Fund.

12 If the award is not paid within 30 days after the date the
13 award has become final, the Commission shall proceed to take
14 judgment thereon in its own name as is provided for other
15 awards by paragraph (g) of Section 19 of this Act and take the
16 necessary steps to collect the award.

17 Any person, corporation or organization who has paid or
18 become liable for the payment of burial expenses of the
19 deceased employee may in his or its own name institute
20 proceedings before the Commission for the collection thereof.

21 For the purpose of administration, receipts and
22 disbursements, the Special Fund provided for in paragraph (f)
23 of this Section shall be administered jointly with the Special
24 Fund provided for in paragraph (f) of Section 7, ~~paragraph (f)~~
25 of the Workers' Occupational Diseases Act.

26 (g) All compensation, except for burial expenses provided

1 in this Section to be paid in case accident results in death,
2 shall be paid in installments equal to the percentage of the
3 average earnings as provided for in paragraph (b) of Section
4 ~~8, paragraph (b)~~ of this Act, at the same intervals at which
5 the wages or earnings of the employees were paid. If this is
6 not feasible, then the installments shall be paid weekly. Such
7 compensation may be paid in a lump sum upon petition as
8 provided in Section 9 of this Act. However, in addition to the
9 benefits provided by Section 9 of this Act where compensation
10 for death is payable to the deceased's widow, widower or to the
11 deceased's widow, widower and one or more children, and where
12 a partial lump sum is applied for by such beneficiary or
13 beneficiaries within 18 months after the deceased's death, the
14 Commission may, in its discretion, grant a partial lump sum of
15 not to exceed 100 weeks of the compensation capitalized at
16 their present value upon the basis of interest calculated at
17 3% per annum with annual rests, upon a showing that such
18 partial lump sum is for the best interest of such beneficiary
19 or beneficiaries.

20 (h) In case the injured employee is under 16 years of age
21 at the time of the accident and is illegally employed, the
22 amount of compensation payable under paragraphs (a), (b), (c),
23 (d), and (f) of this Section shall be increased 50%.

24 Nothing herein contained repeals or amends the provisions
25 of the Child Labor Law of 2024 relating to the employment of
26 minors under the age of 16 years.

1 However, where an employer has on file an employment
2 certificate issued pursuant to the Child Labor Law of 2024 or
3 work permit issued pursuant to the Federal Fair Labor
4 Standards Act, as amended, or a birth certificate properly and
5 duly issued, such certificate, permit or birth certificate is
6 conclusive evidence as to the age of the injured minor
7 employee for the purposes of this Section only.

8 (i) Whenever the dependents of a deceased employee are
9 noncitizens not residing in the United States, Mexico or
10 Canada, the amount of compensation payable is limited to the
11 beneficiaries described in paragraphs (a), (b)1 and (c) of
12 this Section and is 50% of the compensation provided in
13 paragraphs (a), (b)1 and (c) of this Section, except as
14 otherwise provided by treaty.

15 In a case where any of the persons who would be entitled to
16 compensation is living at any place outside of the United
17 States, then payment shall be made to the personal
18 representative of the deceased employee. The distribution by
19 such personal representative to the persons entitled shall be
20 made to such persons and in such manner as the Commission
21 orders.

24 Section 9995. No acceleration or delay. Where this Act
25 makes changes in a statute that is represented in this Act by

1 text that is not yet or no longer in effect (for example, a
2 Section represented by multiple versions), the use of that
3 text does not accelerate or delay the taking effect of (i) the
4 changes made by this Act or (ii) provisions derived from any
5 other Public Act.

6 Section 9996. No revival or extension. This Act does not
7 revive or extend any Section or Act otherwise repealed.

8 Section 9999. Effective date. This Act takes effect upon
