

1 AN ACT to revise the law by combining multiple enactments
2 and making technical corrections.

3 **Be it enacted by the People of the State of Illinois,**
4 **represented in the General Assembly:**

5 Section 1. Nature of this Act.

6 (a) This Act may be cited as the First 2025 General
7 Revisory Act.

8 (b) This Act is not intended to make any substantive
9 change in the law. It reconciles conflicts that have arisen
10 from multiple amendments and enactments and makes technical
11 corrections and revisions in the law.

12 This Act revises and, where appropriate, renumbers certain
13 Sections that have been added or amended by more than one
14 Public Act. In certain cases in which a repealed Act or Section
15 has been replaced with a successor law, this Act may
16 incorporate amendments to the repealed Act or Section into the
17 successor law. This Act also corrects errors, revises
18 cross-references, and deletes obsolete text.

19 (c) In this Act, the reference at the end of each amended
20 Section indicates the sources in the Session Laws of Illinois
21 that were used in the preparation of the text of that Section.
22 The text of the Section included in this Act is intended to
23 include the different versions of the Section found in the
24 Public Acts included in the list of sources, but may not

1 include other versions of the Section to be found in Public
2 Acts not included in the list of sources. The list of sources
3 is not a part of the text of the Section.

4 (d) Public Acts 103-584 through 103-1059 were considered
5 in the preparation of the combining revisories included in
6 this Act. Many of those combining revisories contain no
7 striking or underscoring because no additional changes are
8 being made in the material that is being combined.

9 Section 5. The Statute on Statutes is amended by changing
10 Section 1.33 as follows:

11 (5 ILCS 70/1.33) (from Ch. 1, par. 1034)

12 Sec. 1.33. Whenever there is a reference in any Act to the
13 School Construction Bond Act~~7~~, or the Illinois Coal and Energy
14 Development Bond Act~~7~~, such reference shall be interpreted to
15 include the General Obligation Bond Act.

23 and functions may not be exercised concurrently, either
24 directly or indirectly, by any unit of local government,
25 including any home rule unit, except as otherwise authorized
26 by this Act.

24 as a result of emergency appointments pursuant to Section 8b.8
25 of the Personnel Code who are not considered employees under
26 this Act shall be given the option of participating in the

1 programs of group life insurance, health benefits and other
2 employee benefits. Such persons electing coverage may
3 participate only by making payment equal to the amount
4 normally contributed by the State for similarly situated
5 employees. Such amounts shall be determined by the Director.
6 Such payments and coverage may be continued until such time as
7 the person becomes an employee pursuant to this Act or such
8 person's appointment is terminated.

9 (i) Any unit of local government within the State of
10 Illinois may apply to the Director to have its employees,
11 annuitants, and their dependents provided group health
12 coverage under this Act on a non-insured basis. To
13 participate, a unit of local government must agree to enroll
14 all of its employees, who may select coverage under any group
15 health benefits plan made available by the Department under
16 the health benefits program established under this Section or
17 a health maintenance organization that has contracted with the
18 State to be available as a health care provider for employees
19 as defined in this Act. A unit of local government must remit
20 the entire cost of providing coverage under the health
21 benefits program established under this Section or, for
22 coverage under a health maintenance organization, an amount
23 determined by the Director based on an analysis of the sex,
24 age, geographic location, or other relevant demographic
25 variables for its employees, except that the unit of local
26 government shall not be required to enroll those of its

1 employees who are covered spouses or dependents under the
2 State group health benefits plan or another group policy or
3 plan providing health benefits as long as (1) an appropriate
4 official from the unit of local government attests that each
5 employee not enrolled is a covered spouse or dependent under
6 this plan or another group policy or plan, and (2) at least 50%
7 of the employees are enrolled and the unit of local government
8 remits the entire cost of providing coverage to those
9 employees, except that a participating school district must
10 have enrolled at least 50% of its full-time employees who have
11 not waived coverage under the district's group health plan by
12 participating in a component of the district's cafeteria plan.
13 A participating school district is not required to enroll a
14 full-time employee who has waived coverage under the
15 district's health plan, provided that an appropriate official
16 from the participating school district attests that the
17 full-time employee has waived coverage by participating in a
18 component of the district's cafeteria plan. For the purposes
19 of this subsection, "participating school district" includes a
20 unit of local government whose primary purpose is education as
21 defined by the Department's rules.

22 Employees of a participating unit of local government who
23 are not enrolled due to coverage under another group health
24 policy or plan may enroll in the event of a qualifying change
25 in status, special enrollment, special circumstance as defined
26 by the Director, or during the annual benefit choice period

1 ~~Benefit Choice Period.~~ A participating unit of local
2 government may also elect to cover its annuitants. Dependent
3 coverage shall be offered on an optional basis, with the costs
4 paid by the unit of local government, its employees, or some
5 combination of the two as determined by the unit of local
6 government. The unit of local government shall be responsible
7 for timely collection and transmission of dependent premiums.

8 The Director shall annually determine monthly rates of
9 payment, subject to the following constraints:

10 (1) In the first year of coverage, the rates shall be
11 equal to the amount normally charged to State employees
12 for elected optional coverages or for enrolled dependents
13 coverages or other contributory coverages, or contributed
14 by the State for basic insurance coverages on behalf of
15 its employees, adjusted for differences between State
16 employees and employees of the local government in age,
17 sex, geographic location or other relevant demographic
18 variables, plus an amount sufficient to pay for the
19 additional administrative costs of providing coverage to
20 employees of the unit of local government and their
21 dependents.

22 (2) In subsequent years, a further adjustment shall be
23 made to reflect the actual prior years' claims experience
24 of the employees of the unit of local government.

25 In the case of coverage of local government employees
26 under a health maintenance organization, the Director shall

1 annually determine for each participating unit of local
2 government the maximum monthly amount the unit may contribute
3 toward that coverage, based on an analysis of (i) the age, sex,
4 geographic location, and other relevant demographic variables
5 of the unit's employees and (ii) the cost to cover those
6 employees under the State group health benefits plan. The
7 Director may similarly determine the maximum monthly amount
8 each unit of local government may contribute toward coverage
9 of its employees' dependents under a health maintenance
10 organization.

11 Monthly payments by the unit of local government or its
12 employees for group health benefits plan or health maintenance
13 organization coverage shall be deposited into ~~in~~ the Local
14 Government Health Insurance Reserve Fund.

15 The Local Government Health Insurance Reserve Fund is
16 hereby created as a nonappropriated trust fund to be held
17 outside the State treasury ~~Treasury~~, with the State Treasurer
18 as custodian. The Local Government Health Insurance Reserve
19 Fund shall be a continuing fund not subject to fiscal year
20 limitations. The Local Government Health Insurance Reserve
21 Fund is not subject to administrative charges or charge-backs,
22 including but not limited to those authorized under Section
23 8h of the State Finance Act. All revenues arising from the
24 administration of the health benefits program established
25 under this Section shall be deposited into the Local
26 Government Health Insurance Reserve Fund. Any interest earned

1 on moneys in the Local Government Health Insurance Reserve
2 Fund shall be deposited into the Fund. All expenditures from
3 this Fund shall be used for payments for health care benefits
4 for local government and rehabilitation facility employees,
5 annuitants, and dependents, and to reimburse the Department or
6 its administrative service organization for all expenses
7 incurred in the administration of benefits. No other State
8 funds may be used for these purposes.

9 A local government employer's participation or desire to
10 participate in a program created under this subsection shall
11 not limit that employer's duty to bargain with the
12 representative of any collective bargaining unit of its
13 employees.

14 (j) Any rehabilitation facility within the State of
15 Illinois may apply to the Director to have its employees,
16 annuitants, and their eligible dependents provided group
17 health coverage under this Act on a non-insured basis. To
18 participate, a rehabilitation facility must agree to enroll
19 all of its employees and remit the entire cost of providing
20 such coverage for its employees, except that the
21 rehabilitation facility shall not be required to enroll those
22 of its employees who are covered spouses or dependents under
23 this plan or another group policy or plan providing health
24 benefits as long as (1) an appropriate official from the
25 rehabilitation facility attests that each employee not
26 enrolled is a covered spouse or dependent under this plan or

1 another group policy or plan, and (2) at least 50% of the
2 employees are enrolled and the rehabilitation facility remits
3 the entire cost of providing coverage to those employees.
4 Employees of a participating rehabilitation facility who are
5 not enrolled due to coverage under another group health policy
6 or plan may enroll in the event of a qualifying change in
7 status, special enrollment, special circumstance as defined by
8 the Director, or during the annual benefit choice period
9 ~~Benefit Choice Period~~. A participating rehabilitation facility
10 may also elect to cover its annuitants. Dependent coverage
11 shall be offered on an optional basis, with the costs paid by
12 the rehabilitation facility, its employees, or some
13 combination of the 2 as determined by the rehabilitation
14 facility. The rehabilitation facility shall be responsible for
15 timely collection and transmission of dependent premiums.

16 The Director shall annually determine quarterly rates of
17 payment, subject to the following constraints:

18 (1) In the first year of coverage, the rates shall be
19 equal to the amount normally charged to State employees
20 for elected optional coverages or for enrolled dependents
21 coverages or other contributory coverages on behalf of its
22 employees, adjusted for differences between State
23 employees and employees of the rehabilitation facility in
24 age, sex, geographic location or other relevant
25 demographic variables, plus an amount sufficient to pay
26 for the additional administrative costs of providing

1 coverage to employees of the rehabilitation facility and
2 their dependents.

3 (2) In subsequent years, a further adjustment shall be
4 made to reflect the actual prior years' claims experience
5 of the employees of the rehabilitation facility.

6 Monthly payments by the rehabilitation facility or its
7 employees for group health benefits shall be deposited into ~~in~~
8 the Local Government Health Insurance Reserve Fund.

9 (k) Any domestic violence shelter or service within the
10 State of Illinois may apply to the Director to have its
11 employees, annuitants, and their dependents provided group
12 health coverage under this Act on a non-insured basis. To
13 participate, a domestic violence shelter or service must agree
14 to enroll all of its employees and pay the entire cost of
15 providing such coverage for its employees. The domestic
16 violence shelter shall not be required to enroll those of its
17 employees who are covered spouses or dependents under this
18 plan or another group policy or plan providing health benefits
19 as long as (1) an appropriate official from the domestic
20 violence shelter attests that each employee not enrolled is a
21 covered spouse or dependent under this plan or another group
22 policy or plan and (2) at least 50% of the employees are
23 enrolled and the domestic violence shelter remits the entire
24 cost of providing coverage to those employees. Employees of a
25 participating domestic violence shelter who are not enrolled
26 due to coverage under another group health policy or plan may

1 enroll in the event of a qualifying change in status, special
2 enrollment, or special circumstance as defined by the Director
3 or during the annual benefit choice period ~~Benefit Choice~~
4 ~~Period~~. A participating domestic violence shelter may also
5 elect to cover its annuitants. Dependent coverage shall be
6 offered on an optional basis, with employees, or some
7 combination of the 2 as determined by the domestic violence
8 shelter or service. The domestic violence shelter or service
9 shall be responsible for timely collection and transmission of
10 dependent premiums.

11 The Director shall annually determine rates of payment,
12 subject to the following constraints:

13 (1) In the first year of coverage, the rates shall be
14 equal to the amount normally charged to State employees
15 for elected optional coverages or for enrolled dependents
16 coverages or other contributory coverages on behalf of its
17 employees, adjusted for differences between State
18 employees and employees of the domestic violence shelter
19 or service in age, sex, geographic location or other
20 relevant demographic variables, plus an amount sufficient
21 to pay for the additional administrative costs of
22 providing coverage to employees of the domestic violence
23 shelter or service and their dependents.

24 (2) In subsequent years, a further adjustment shall be
25 made to reflect the actual prior years' claims experience
26 of the employees of the domestic violence shelter or

1 service.

2 Monthly payments by the domestic violence shelter or
3 service or its employees for group health insurance shall be
4 deposited into ~~in~~ the Local Government Health Insurance
5 Reserve Fund.

6 (1) A public community college or entity organized
7 pursuant to the Public Community College Act may apply to the
8 Director initially to have only annuitants not covered prior
9 to July 1, 1992 by the district's health plan provided health
10 coverage under this Act on a non-insured basis. The community
11 college must execute a 2-year contract to participate in the
12 Local Government Health Plan. Any annuitant may enroll in the
13 event of a qualifying change in status, special enrollment,
14 special circumstance as defined by the Director, or during the
15 annual benefit choice period ~~Benefit-Choice Period~~.

16 The Director shall annually determine monthly rates of
17 payment subject to the following constraints: for those
18 community colleges with annuitants only enrolled, first year
19 rates shall be equal to the average cost to cover claims for a
20 State member adjusted for demographics, Medicare
21 participation, and other factors; and in the second year, a
22 further adjustment of rates shall be made to reflect the
23 actual first year's claims experience of the covered
24 annuitants.

25 (1-5) The provisions of subsection (1) become inoperative
26 on July 1, 1999.

1 (m) The Director shall adopt any rules deemed necessary
2 for implementation of this amendatory Act of 1989 (Public Act
3 86-978).

4 (n) Any child advocacy center within the State of Illinois
5 may apply to the Director to have its employees, annuitants,
6 and their dependents provided group health coverage under this
7 Act on a non-insured basis. To participate, a child advocacy
8 center must agree to enroll all of its employees and pay the
9 entire cost of providing coverage for its employees. The child
10 advocacy center shall not be required to enroll those of its
11 employees who are covered spouses or dependents under this
12 plan or another group policy or plan providing health benefits
13 as long as (1) an appropriate official from the child advocacy
14 center attests that each employee not enrolled is a covered
15 spouse or dependent under this plan or another group policy or
16 plan and (2) at least 50% of the employees are enrolled and the
17 child advocacy center remits the entire cost of providing
18 coverage to those employees. Employees of a participating
19 child advocacy center who are not enrolled due to coverage
20 under another group health policy or plan may enroll in the
21 event of a qualifying change in status, special enrollment, or
22 special circumstance as defined by the Director or during the
23 annual benefit choice period ~~Benefit Choice Period~~. A
24 participating child advocacy center may also elect to cover
25 its annuitants. Dependent coverage shall be offered on an
26 optional basis, with the costs paid by the child advocacy

1 center, its employees, or some combination of the 2 as
2 determined by the child advocacy center. The child advocacy
3 center shall be responsible for timely collection and
4 transmission of dependent premiums.

5 The Director shall annually determine rates of payment,
6 subject to the following constraints:

7 (1) In the first year of coverage, the rates shall be
8 equal to the amount normally charged to State employees
9 for elected optional coverages or for enrolled dependents
10 coverages or other contributory coverages on behalf of its
11 employees, adjusted for differences between State
12 employees and employees of the child advocacy center in
13 age, sex, geographic location, or other relevant
14 demographic variables, plus an amount sufficient to pay
15 for the additional administrative costs of providing
16 coverage to employees of the child advocacy center and
17 their dependents.

18 (2) In subsequent years, a further adjustment shall be
19 made to reflect the actual prior years' claims experience
20 of the employees of the child advocacy center.

21 Monthly payments by the child advocacy center or its
22 employees for group health insurance shall be deposited into
23 the Local Government Health Insurance Reserve Fund.

25 Section 35. The State Employee Health Savings Account Law

1 is amended by changing Section 10-10 as follows:

2 (5 ILCS 377/10-10)

3 Sec. 10-10. Application; authorized contributions.

4 (a) Beginning in calendar year 2012, each employer shall
5 make available to each eligible individual a health savings
6 account program, if that individual chooses to enroll in the
7 program except that, for an employer who provides coverage
8 pursuant to any one or more of subsections (i) through (n) of
9 Section 10 of the State Employees Group Insurance Act of 1971
10 ~~State Employee Group Insurance Act~~, that employer may make
11 available a health savings account program. An employer who
12 makes a health savings account program available shall
13 annually deposit an amount equal to one-third of the annual
14 deductible into an eligible individual's health savings
15 account. Unused funds in a health savings account shall become
16 the property of the account holder at the end of a taxable
17 year.

18 (b) Beginning in calendar year 2012, an eligible
19 individual may deposit contributions into a health savings
20 account in accordance with the restrictions set forth in
21 subsection (e) of Section 10-5.

22 (Source: P.A. 97-142, eff. 7-14-11; 97-644, eff. 12-30-11;

24 Section 40. The First Responders Suicide Prevention Act is

1 amended by changing Section 40 as follows:

2 (5 ILCS 840/40)

3 Sec. 40. Task Force recommendations.

4 (a) Task Force members shall recommend that agencies and
5 organizations guarantee access to mental health and wellness
6 services, including, but not limited to, peer support programs
7 and providing ongoing education related to the ever-evolving
8 concept of mental health wellness. These recommendations could
9 be accomplished by:

10 (1) Revising agencies' and organizations' employee
11 assistance programs (EAPs).

12 (2) Urging health care providers to replace outdated
13 healthcare plans and include more progressive options
14 catering to the needs and disproportionate risks
15 shouldered by our first responders.

16 (3) Allocating funding or resources for public service
17 announcements (PSA) and messaging campaigns aimed at
18 raising awareness of available assistance options.

19 (4) Encouraging agencies and organizations to attach
20 lists of all available resources to training manuals and
21 continuing education requirements.

22 (b) Task Force members shall recommend agencies and
23 organizations sponsor or facilitate first responders with
24 specialized training in the areas of psychological fitness,
25 depressive disorders, early detection, and mitigation best

1 practices. Such trainings could be accomplished by:

2 (1) Assigning, appointing, or designating one member
3 of an agency or organization to attend specialized
4 training(s) sponsored by an accredited agency,
5 association, or organization recognized in their fields of
6 study.

7 (2) Seeking sponsorships or conducting fund-raisers,
8 to host annual or semiannual on-site visits from qualified
9 clinicians or physicians to provide early detection
10 training techniques, or to provide regular access to
11 mental health professionals.

12 (3) Requiring a minimum number of hours of disorders
13 and wellness training be incorporated into reoccurring,
14 annual or biannual training standards, examinations, and
15 curriculums, taking into close consideration respective
16 agency or organization size, frequency, and number of all
17 current federal and state mandatory examinations and
18 trainings expected respectively.

19 (4) Not underestimating the crucial importance of a
20 balanced diet, sleep, mindfulness-based stress reduction
21 techniques, moderate and vigorous intensity activities,
22 and recreational hobbies, which have been scientifically
23 proven to play a major role in brain health and mental
24 wellness.

25 (c) Task Force members shall recommend that administrators
26 and leadership personnel solicit training services from

1 evidence-based, data driven organizations. Organizations with
2 personnel trained on the analytical review and interpretation
3 of specific fields related to the nature of first responders'
4 exploits, such as PTSD, substance abuse, and chronic state of
5 duress. Task Force members shall further recommend funding for
6 expansion and messaging campaigns of preliminary
7 self-diagnosing technologies like the one described above.
8 These objectives could be met by:

9 (1) Contacting an accredited agency, association, or
10 organization recognized in the field or fields of specific
11 study. Unbeknownst to the majority, many of the agencies
12 and organizations listed above receive grants and
13 allocations to assist communities with the very issues
14 being discussed in this Section.

15 (2) Normalizing help-seeking behaviors for both first
16 responders and their families through regular messaging
17 and peer support outreach, beginning with academy
18 curricula and continuing education throughout individuals'
19 careers.

20 (3) Funding and implementing PSA campaigns that
21 provide clear and concise calls to action about mental
22 health and wellness, resiliency, help-seeking, treatment,
23 and recovery.

24 (4) Promoting and raising awareness of not-for-profit
25 organizations currently available to assist individuals in
26 search of care and treatment. Organizations have intuitive

1 user-friendly sites, most of which have mobile
2 applications, so first responders can access at a moment's
3 notice. However, because of limited funds, these
4 organizations have a challenging time of getting the word
5 out there about their existence.

6 (5) Expanding Family and Medical Leave Act protections
7 for individuals voluntarily seeking preventative
8 treatment.

9 (6) Promoting and ensuring complete patient
10 confidentiality protections.

11 (d) Task Force members shall recommend that agencies and
12 organizations incorporate the following training components
13 into already existing modules and educational curriculums.
14 Doing so could be done by:

15 (1) Bolstering academy and school curricula by
16 requiring depressive disorder training catered to PTSD,
17 substance abuse, and early detection techniques training,
18 taking into close consideration respective agency or
19 organization size, and the frequency and number of all
20 current federal and state mandatory examinations and
21 trainings expected respectively.

22 (2) Continuing to allocate or match federal and state
23 funds to maintain Mobile Training Units (MTUs).

24 (3) Incorporating a state certificate for peer support
25 training into already existing statewide curriculums and
26 mandatory examinations, annual State Fire Marshal

1 examinations, and physical fitness examinations. The
2 subject matter of the certificate should have an emphasis
3 on mental health and wellness, as well as familiarization
4 with topics ranging from clinical social work, clinical
5 psychology, clinical behaviorist, and clinical psychiatry.

6 (4) Incorporating and performing statewide mental
7 health check-ins during the same times as already mandated
8 trainings. These checks are not to be compared or used as
9 measures of fitness for duty evaluations or structured
10 psychological examinations.

11 (5) Recommending comprehensive and evidence-based
12 training on the importance of preventative measures on the
13 topics of sleep, nutrition, mindfulness, and physical
14 movement.

15 (6) Law enforcement agencies should provide training
16 on the Firearm Owners ~~Owner's~~ Identification Card Act,
17 including seeking relief from the Illinois State Police
18 under Section 10 of the Firearm Owners Identification Card
19 Act and a FOID card being a continued condition of
20 employment under Section 7.2 of the Uniform Peace
21 Officers' Disciplinary Act.

24 Section 45. The Election Code is amended by changing
25 Sections 16-3, 17-5, 17-12, and 28-3 and the heading of

Article 29 as follows:

(10 ILCS 5/16-3) (from Ch. 46, par. 16-3)

Sec. 16-3. (a) The names of all candidates to be voted for in each election district or precinct shall be printed on one ballot, except as is provided in Sections 16-6, 16-6.1, and 21-1.01 of this Code and except as otherwise provided in this Code with respect to the odd year regular elections and the emergency referenda. The lettering of candidate names on a ballot shall be in both capital and lowercase letters in conformance with standard English language guidelines, unless compliance is not feasible due to the election system utilized by the election authority. All nominations of any political party shall be placed under the party appellation or title of such party as designated in the certificates of nomination or petitions. The names of all independent candidates shall be printed upon the ballot in a column or columns under the heading "independent" arranged under the names or titles of the respective offices for which such independent candidates shall have been nominated and so far as practicable, the name or names of any independent candidate or candidates for any office shall be printed upon the ballot opposite the name or names of any candidate or candidates for the same office contained in any party column or columns upon said ballot. The ballot shall contain no other names, except that in cases of electors for President and Vice-President of the United

1 States, the names of the candidates for President and
2 Vice-President may be added to the party designation and words
3 calculated to aid the voter in his choice of candidates may be
4 added, such as "Vote for one," or "Vote for not more than
5 three".⁴ If no candidate or candidates file for an office and
6 if no person or persons file a declaration as a write-in
7 candidate for that office, then below the title of that office
8 the election authority instead shall print "No Candidate".
9 When an electronic voting system is used which utilizes a
10 ballot label booklet, the candidates and questions shall
11 appear on the pages of such booklet in the order provided by
12 this Code; and, in any case where candidates for an office
13 appear on a page which does not contain the name of any
14 candidate for another office, and where less than 50% of the
15 page is utilized, the name of no candidate shall be printed on
16 the lowest 25% of such page. On the back or outside of the
17 ballot, so as to appear when folded, shall be printed the words
18 "Official Ballot", followed by the designation of the polling
19 place for which the ballot is prepared, the date of the
20 election and a facsimile of the signature of the election
21 authority who has caused the ballots to be printed. The
22 ballots shall be of plain white paper, through which the
23 printing or writing cannot be read. However, ballots for use
24 at the nonpartisan and consolidated elections may be printed
25 on different color paper, except blue paper, whenever
26 necessary or desirable to facilitate distinguishing between

1 ballots for different political subdivisions. In the case of
2 nonpartisan elections for officers of a political subdivision,
3 unless the statute or an ordinance adopted pursuant to Article
4 VII of the Constitution providing the form of government
5 therefor requires otherwise, the column listing such
6 nonpartisan candidates shall be printed with no appellation or
7 circle at its head. The party appellation or title, or the word
8 "independent" at the head of any column provided for
9 independent candidates, shall be printed in letters not less
10 than one-fourth of an inch in height and a circle one-half inch
11 in diameter shall be printed at the beginning of the line in
12 which such appellation or title is printed, provided, however,
13 that no such circle shall be printed at the head of any column
14 or columns provided for such independent candidates. The names
15 of candidates shall be printed in letters not less than
16 one-eighth nor more than one-fourth of an inch in height, and
17 at the beginning of each line in which a name of a candidate is
18 printed a square shall be printed, the sides of which shall be
19 not less than one-fourth of an inch in length. However, the
20 names of the candidates for Governor and Lieutenant Governor
21 on the same ticket shall be printed within a bracket and a
22 single square shall be printed in front of the bracket. The
23 list of candidates of the several parties and any such list of
24 independent candidates shall be placed in separate columns on
25 the ballot in such order as the election authorities charged
26 with the printing of the ballots shall decide; provided, that

1 the names of the candidates of the several political parties,
2 certified by the State Board of Elections to the several
3 county clerks shall be printed by the county clerk of the
4 proper county on the official ballot in the order certified by
5 the State Board of Elections. Any county clerk refusing,
6 neglecting or failing to print on the official ballot the
7 names of candidates of the several political parties in the
8 order certified by the State Board of Elections, and any
9 county clerk who prints or causes to be printed upon the
10 official ballot the name of a candidate, for an office to be
11 filled by the Electors of the entire State, whose name has not
12 been duly certified to him upon a certificate signed by the
13 State Board of Elections shall be guilty of a Class C
14 misdemeanor.

15 (b) When an electronic voting system is used which
16 utilizes a ballot card, on the inside flap of each ballot card
17 envelope there shall be printed a form for write-in voting
18 which shall be substantially as follows:

19 WRITE-IN VOTES

20 (See card of instructions for specific information.
21 Duplicate form below by hand for additional write-in votes.)

22

23 Title of Office

24 ()

25 Name of Candidate

26 Write-in lines equal to the number of candidates for which

1 a voter may vote shall be printed for an office only if one or
2 more persons filed declarations of intent to be write-in
3 candidates or qualify to file declarations to be write-in
4 candidates under Sections 17-16.1 and 18-9.1 when the
5 certification of ballot contains the words "OBJECTION
6 PENDING".

7 (c) When an electronic voting system is used which uses a
8 ballot sheet, the instructions to voters on the ballot sheet
9 shall refer the voter to the card of instructions for specific
10 information on write-in voting. Below each office appearing on
11 such ballot sheet there shall be a provision for the casting of
12 a write-in vote. Write-in lines equal to the number of
13 candidates for which a voter may vote shall be printed for an
14 office only if one or more persons filed declarations of
15 intent to be write-in candidates or qualify to file
16 declarations to be write-in candidates under Sections 17-16.1
17 and 18-9.1 when the certification of ballot contains the words
18 "OBJECTION PENDING".

19 (d) When such electronic system is used, there shall be
20 printed on the back of each ballot card, each ballot card
21 envelope, and the first page of the ballot label when a ballot
22 label is used, the words "Official Ballot," followed by the
23 number of the precinct or other precinct identification, which
24 may be stamped, in lieu thereof and, as applicable, the number
25 and name of the township, ward or other election district for
26 which the ballot card, ballot card envelope, and ballot label

1 are prepared, the date of the election and a facsimile of the
2 signature of the election authority who has caused the ballots
3 to be printed. The back of the ballot card shall also include a
4 method of identifying the ballot configuration such as a
5 listing of the political subdivisions and districts for which
6 votes may be cast on that ballot, or a number code identifying
7 the ballot configuration or color coded ballots, except that
8 where there is only one ballot configuration in a precinct,
9 the precinct identification, and any applicable ward
10 identification, shall be sufficient. Ballot card envelopes
11 used in punch card systems shall be of paper through which no
12 writing or punches may be discerned and shall be of sufficient
13 length to enclose all voting positions. However, the election
14 authority may provide ballot card envelopes on which no
15 precinct number or township, ward or other election district
16 designation, or election date are preprinted, if space and a
17 preprinted form are provided below the space provided for the
18 names of write-in candidates where such information may be
19 entered by the judges of election. Whenever an election
20 authority utilizes ballot card envelopes on which the election
21 date and precinct is not preprinted, a judge of election shall
22 mark such information for the particular precinct and election
23 on the envelope in ink before tallying and counting any
24 write-in vote written thereon. If some method of insuring
25 ballot secrecy other than an envelope is used, such
26 information must be provided on the ballot itself.

1 (e) In the designation of the name of a candidate on the
2 ballot, the candidate's given name or names, initial or
3 initials, a nickname by which the candidate is commonly known,
4 or a combination thereof, may be used in addition to the
5 candidate's surname. If a candidate has changed his or her
6 name, whether by a statutory or common law procedure in
7 Illinois or any other jurisdiction, within 3 years before the
8 last day for filing the petition for nomination, nomination
9 papers, or certificate of nomination for that office,
10 whichever is applicable, then (i) the candidate's name on the
11 ballot must be followed by "formerly known as (list all prior
12 names during the 3-year period) until name changed on (list
13 date of each such name change)" and (ii) the petition, papers,
14 or certificate must be accompanied by the candidate's
15 affidavit stating the candidate's previous names during the
16 period specified in (i) and the date or dates each of those
17 names was changed; failure to meet these requirements shall be
18 grounds for denying certification of the candidate's name for
19 the ballot or removing the candidate's name from the ballot,
20 as appropriate, but these requirements do not apply to name
21 changes resulting from adoption to assume an adoptive parent's
22 or parents' surname, marriage or civil union to assume a
23 spouse's surname, or dissolution of marriage or civil union or
24 declaration of invalidity of marriage or civil union to assume
25 a former surname or a name change that conforms the
26 candidate's name to his or her gender identity. No other

1 designation such as a political slogan, title, or degree or
2 nickname suggesting or implying possession of a title, degree
3 or professional status, or similar information may be used in
4 connection with the candidate's surname. For purposes of this
5 Section, a "political slogan" is defined as any word or words
6 expressing or connoting a position, opinion, or belief that
7 the candidate may espouse, including, but not limited to, any
8 word or words conveying any meaning other than that of the
9 personal identity of the candidate. A candidate may not use a
10 political slogan as part of his or her name on the ballot,
11 notwithstanding that the political slogan may be part of the
12 candidate's name.

13 (f) The State Board of Elections, a local election
14 official, or an election authority shall remove any
15 candidate's name designation from a ballot that is
16 inconsistent with subsection (e) of this Section. In addition,
17 the State Board of Elections, a local election official, or an
18 election authority shall not certify to any election authority
19 any candidate name designation that is inconsistent with
20 subsection (e) of this Section.

21 (g) If the State Board of Elections, a local election
22 official, or an election authority removes a candidate's name
23 designation from a ballot under subsection (f) of this
24 Section, then the aggrieved candidate may seek appropriate
25 relief in circuit court.

26 Where voting machines or electronic voting systems are

1 used, the provisions of this Section may be modified as
2 required or authorized by Article 24 or Article 24A, whichever
3 is applicable.

4 Nothing in this Section shall prohibit election
5 authorities from using or reusing ballot card envelopes which
6 were printed before January 1, 1986 (the effective date of
7 Public Act 84-820).

17 (10 ILCS 5/17-12) (from Ch. 46, par. 17-12)

18 Sec. 17-12. The ballot shall be folded by the voter and
19 delivered to one of the judges of election; and if the judge is
20 ~~be~~ satisfied, that the person offering the vote is a legal
21 voter, the judges of election shall enter the name of the
22 voter, and his number, under the proper heading in the poll
23 books, (except as otherwise provided in Article ~~Articles~~ 4, 5,
24 or 6) and shall immediately put the ballot into the ballot box.

1 The voter shall in like manner fold and deliver the
2 separate blue ballot or ballots pertaining to a proposal or
3 proposals for constitutional amendments or the calling of a
4 constitutional convention, if such proposal or proposals have
5 been submitted to a vote of the people at such election ~~and~~
6 ~~shall also in like manner fold and deliver the separate~~
7 ~~representative ballot provided for in Article 8A in cases~~
8 ~~where that Article is applicable.~~ The judge of election to
9 whom the voter delivers his ballots shall not accept the same
10 unless all of the ballots given to the voter are returned by
11 him. If a voter delivers less than all of the ballots given to
12 him, the judge to whom the same are offered shall advise him in
13 a voice clearly audible to the other judges of election that
14 the voter must return the remainder of the ballots. The
15 statement of the judge to the voter shall clearly express the
16 fact that the voter is not required to vote such remaining
17 ballots but that whether or not he votes them he must fold and
18 deliver them to the judge. In making such statement, the judge
19 of election shall not indicate by word, gesture, or intonation
20 of voice that the unreturned ballots shall be voted in any
21 particular manner. No new voter shall be permitted to enter
22 the voting booth of a voter who has failed to deliver the total
23 number of ballots received by him until such voter has
24 returned to the voting booth pursuant to the judge's request
25 and again quit the booth with all of the ballots required to be
26 returned by him. Upon receipt of all such ballots, the judges

1 of election shall enter the name of the voter, and his number,
2 as above provided in this Section ~~section~~, and the judge to
3 whom the ballots are delivered shall immediately put the
4 ballots into the ballot box ~~but, in the case of an election for~~
5 ~~Representatives in the General Assembly pursuant to Article~~
6 ~~8A, the official representative ballot shall be placed in the~~
7 ~~separate ballot box provided for such purpose.~~ If any voter
8 who has failed to deliver all the ballots received by him
9 refuses to return to the voting booth after being advised by
10 the judge of election as herein provided, the judge shall
11 inform the other judges of such refusal, and thereupon the
12 ballot or ballots returned to the judge shall be deposited
13 into ~~in~~ the ballot box, the voter shall be permitted to depart
14 from the polling place, and a new voter shall be permitted to
15 enter the voting booth.

16 No judge of election shall accept from any voter less than
17 the full number of ballots received by such voter without
18 first advising the voter in the manner above provided of the
19 necessity of returning all of the ballots, nor shall any judge
20 advise such voter in a manner contrary to that which is herein
21 permitted, or in any other manner violate the provisions of
22 this Section ~~section~~; provided that the acceptance by a judge
23 of election of less than the full number of ballots delivered
24 to a voter who refuses to return to the voting booth after
25 being properly advised by the judge shall not be a violation of
26 this Section ~~section~~.

2 (10 ILCS 5/28-3) (from Ch. 46, par. 28-3)

3 Sec. 28-3. Form of petition for public question. Petitions
4 for the submission of public questions shall consist of sheets
5 of uniform size and each sheet shall contain, above the space
6 for signature, an appropriate heading, giving the information
7 as to the question of public policy to be submitted, and
8 specifying the state at large or the political subdivision or
9 district or precinct or combination of precincts or other
10 territory in which it is to be submitted and, where by law the
11 public question must be submitted at a particular election,
12 the election at which it is to be submitted. In the case of a
13 petition for the submission of a public question described in
14 subsection (b) of Section 28-6, the heading shall also specify
15 the regular election at which the question is to be submitted
16 and include the precincts included in the territory concerning
17 which the public question is to be submitted, as well as a
18 common description of such territory in plain and nonlegal
19 language, such description to describe the territory by
20 reference to streets, natural or artificial landmarks,
21 addresses or any other method which would enable a voter
22 signing the petition to be informed of the territory
23 concerning which the question is to be submitted. The heading
24 of each sheet shall be the same. Such petition shall be signed
25 by the registered voters of the political subdivision or

1 district or precinct or combination of precincts in which the
2 question of public policy is to be submitted in their own
3 proper persons only, and opposite the signature of each signer
4 his residence address shall be written or printed, which
5 residence address shall include the street address or rural
6 route number of the signer, as the case may be, as well as the
7 signer's county, and city, village or town, and state;
8 provided that the county or city, village or town, and state of
9 residence of such electors may be printed on the petition
10 forms where all of the electors signing the petition reside in
11 the same county or city, village or town, and state. Standard
12 abbreviations may be used in writing the residence address,
13 including street number, if any. No signature shall be valid
14 or be counted in considering the validity or sufficiency of
15 such petition unless the requirements of this Section are
16 complied with.

17 At the bottom of each sheet of such petition shall be added
18 a circulator's statement, signed by a person 18 years of age or
19 older who is a citizen of the United States, stating the street
20 address or rural route number, as the case may be, as well as
21 the county, city, village or town, and state; certifying that
22 the signatures on that sheet of the petition were signed in his
23 or her presence and are genuine, and that to the best of his or
24 her knowledge and belief the persons so signing were at the
25 time of signing the petition registered voters of the
26 political subdivision or district or precinct or combination

1 of precincts in which the question of public policy is to be
2 submitted and that their respective residences are correctly
3 stated therein. Such statement shall be sworn to before some
4 officer authorized to administer oaths in this State.

5 Such sheets, before being filed with the proper officer or
6 board, shall be bound securely and numbered consecutively. The
7 sheets shall not be fastened by pasting them together end to
8 end, so as to form a continuous strip or roll. All petition
9 sheets which are filed with the proper local election
10 officials, election authorities or the State Board of
11 Elections shall be the original sheets which have been signed
12 by the voters and by the circulator, and not photocopies or
13 duplicates of such sheets. A petition, when presented or
14 filed, shall not be withdrawn, altered, or added to, and no
15 signature shall be revoked except by revocation in writing
16 presented or filed with the board or officer with whom the
17 petition is required to be presented or filed, and before the
18 presentment or filing of such petition, except as may
19 otherwise be provided in another statute which authorize the
20 public question. Whoever forges any name of a signer upon any
21 petition shall be deemed guilty of a forgery, and on
22 conviction thereof, shall be punished accordingly.

23 In addition to the foregoing requirements, a petition
24 proposing an amendment to Article IV of the Constitution
25 pursuant to Section 3 of Article XIV of the Constitution or a
26 petition proposing a question of public policy to be submitted

1 to the voters of the entire State shall be in conformity with
2 the requirements of Section 28-9 of this Article.

3 If multiple sets of petitions for submission of the same
4 public questions are filed, the State Board of Elections,
5 appropriate election authority or local election official
6 where the petitions are filed shall within 2 business days
7 notify the proponent of his or her multiple petition filings
8 and that proponent has 3 business days after receipt of the
9 notice to notify the State Board of Elections, appropriate
10 election authority or local election official that he or she
11 may cancel prior sets of petitions. If the proponent notifies
12 the State Board of Elections, appropriate election authority
13 or local election official, the last set of petitions filed
14 shall be the only petitions to be considered valid by the State
15 Board of Elections, appropriate election authority or local
16 election official. If the proponent fails to notify the State
17 Board of Elections, appropriate election authority or local
18 election official then only the first set of petitions filed
19 shall be valid and all subsequent petitions shall be void.

19 Section 60. The Illinois Identification Card Act is
20 amended by changing Sections 4, 5, and 12 as follows:

21 (15 ILCS 335/4)

22 Sec. 4. Identification card.

23 (a) In accordance with the requirements of this Section,
24 the Secretary of State shall issue a standard Illinois

1 Identification Card, as well as a mobile Illinois
2 Identification Card, to any natural person who is a resident
3 of the State of Illinois who applies for such a card, or
4 renewal thereof. No identification card shall be issued to any
5 person who holds a valid foreign state identification card,
6 license, or permit unless the person first surrenders to the
7 Secretary of State the valid foreign state identification
8 card, license, or permit. The card shall be prepared and
9 supplied by the Secretary of State and shall include a
10 photograph and signature or mark of the applicant. However,
11 the Secretary of State may provide by rule for the issuance of
12 Illinois Identification Cards without photographs if the
13 applicant has a bona fide religious objection to being
14 photographed or to the display of his or her photograph. The
15 Illinois Identification Card may be used for identification
16 purposes in any lawful situation only by the person to whom it
17 was issued. As used in this Act, "photograph" means any color
18 photograph or digitally produced and captured image of an
19 applicant for an identification card. As used in this Act,
20 "signature" means the name of a person as written by that
21 person and captured in a manner acceptable to the Secretary of
22 State.

23 (a-5) If an applicant for an identification card has a
24 current driver's license or instruction permit issued by the
25 Secretary of State, the Secretary may require the applicant to
26 utilize the same residence address and name on the

1 identification card, driver's license, and instruction permit
2 records maintained by the Secretary. The Secretary may
3 promulgate rules to implement this provision.

4 (a-10) If the applicant is a judicial officer as defined
5 in Section 1-10 of the Judicial Privacy Act or a peace officer,
6 the applicant may elect to have his or her office or work
7 address listed on the card instead of the applicant's
8 residence or mailing address. The Secretary may promulgate
9 rules to implement this provision. For the purposes of this
10 subsection (a-10), "peace officer" means any person who by
11 virtue of his or her office or public employment is vested by
12 law with a duty to maintain public order or to make arrests for
13 a violation of any penal statute of this State, whether that
14 duty extends to all violations or is limited to specific
15 violations.

16 (a-15) The Secretary of State may provide for an expedited
17 process for the issuance of an Illinois Identification Card.
18 The Secretary shall charge an additional fee for the expedited
19 issuance of an Illinois Identification Card, to be set by
20 rule, not to exceed \$75. All fees collected by the Secretary
21 for expedited Illinois Identification Card service shall be
22 deposited into the Secretary of State Special Services Fund.
23 The Secretary may adopt rules regarding the eligibility,
24 process, and fee for an expedited Illinois Identification
25 Card. If the Secretary of State determines that the volume of
26 expedited identification card requests received on a given day

1 exceeds the ability of the Secretary to process those requests
2 in an expedited manner, the Secretary may decline to provide
3 expedited services, and the additional fee for the expedited
4 service shall be refunded to the applicant.

5 (a-20) The Secretary of State shall issue a standard
6 Illinois Identification Card to a person committed to the
7 Department of Corrections, the Department of Juvenile Justice,
8 a Federal Bureau of Prisons facility located in Illinois, or a
9 county jail or county department of corrections as follows: ~~if~~
10 ~~the person has a social security number,~~

11 (1) A committed person who has previously held an
12 Illinois Identification Card or an Illinois driver's
13 license shall submit an Identification Card verification
14 form to the Secretary of State, including a photograph
15 taken by the correctional facility, proof of residency
16 upon discharge, and a social security number, if the
17 committed person has a social security number. If the
18 committed person does not have a social security number
19 and is eligible for a social security number, the
20 Secretary of State shall not issue a standard Illinois
21 Identification Card until the committed person obtains a
22 social security number. If the committed person's
23 photograph and demographic information matches an existing
24 Illinois Identification Card or Illinois driver's license
25 and the Secretary of State verifies the applicant's social
26 security number with the Social Security Administration,

1 the Secretary of State shall issue the committed person a
2 standard Illinois Identification Card. If the photograph
3 or demographic information matches an existing Illinois
4 Identification Card or Illinois driver's license in
5 another person's name or identity, a standard Illinois
6 Identification Card shall not be issued until the
7 committed person submits a certified birth certificate and
8 social security card to the Secretary of State and the
9 Secretary of State verifies the identity of the committed
10 person. If the Secretary of State cannot find a match to an
11 existing Illinois Identification Card or Illinois driver's
12 license, the committed person may apply for a standard
13 Illinois Identification card as described in paragraph
14 (2).

15 (2) A committed person who has not previously held an
16 Illinois Identification Card or Illinois driver's license
17 or for whom a match cannot be found as described in
18 paragraph (1) shall submit an Illinois Identification Card
19 verification form, including a photograph taken by the
20 correctional facility, a certified birth certificate,
21 proof of residency upon discharge, and a social security
22 number, if the committed has a social security number. If
23 the committed person does not have a social security
24 number and is eligible for a social security number, the
25 Secretary of State shall not issue a standard Illinois
26 Identification Card until the committed person obtains a

1 social security number. If the Secretary of State verifies
2 the applicant's social security number with the Social
3 Security Administration, the Secretary of State shall
4 issue the committed person a standard Illinois
5 Identification Card.

6 The Illinois Identification Card verification form
7 described in this subsection shall be prescribed by the
8 Secretary of State. The Secretary of State and correctional
9 facilities in this State shall establish a secure method to
10 transfer the form.

11 (a-25) The Secretary of State shall issue a limited-term
12 Illinois Identification Card valid for 90 days to a committed
13 person upon release on parole, mandatory supervised release,
14 aftercare release, final discharge, or pardon from the
15 Department of Corrections, the Department of Juvenile Justice,
16 a Federal Bureau of Prisons facility located in Illinois, or a
17 county jail or county department of corrections, if the
18 released person does not obtain a standard Illinois
19 Identification Card as described in subsection (a-20) prior to
20 release but does present a Secretary of State prescribed
21 Identification Card verification form completed by the
22 correctional facility, verifying the released person's date of
23 birth, social security number, if the person has a social
24 security number, and his or her Illinois residence address.
25 The verification form must have been completed no more than 30
26 days prior to the date of application for the Illinois

1 Identification Card.

2 Prior to the expiration of the 90-day period of the
3 limited-term Illinois Identification Card, if the released
4 person submits to the Secretary of State a certified copy of
5 his or her birth certificate and his or her social security
6 card, if the person has a social security number, or other
7 documents authorized by the Secretary, a standard Illinois
8 Identification Card shall be issued. A limited-term Illinois
9 Identification Card may not be renewed.

10 This subsection shall not apply to a released person who
11 was unable to obtain a standard Illinois Identification Card
12 because his or her photograph or demographic information
13 matched an existing Illinois Identification Card or Illinois
14 driver's license in another person's name or identity or to a
15 released person who does not have a social security number and
16 is eligible for a social security number.

17 (a-30) The Secretary of State shall issue a standard
18 Illinois Identification Card to a person upon conditional
19 release or absolute discharge from the custody of the
20 Department of Human Services, if the person presents a
21 certified copy of his or her birth certificate, social
22 security card, if the person has a social security number, or
23 other documents authorized by the Secretary, and a document
24 proving his or her Illinois residence address. The Secretary
25 of State shall issue a standard Illinois Identification Card
26 to a person prior to his or her conditional release or absolute

1 discharge if personnel from the Department of Human Services
2 bring the person to a Secretary of State location with the
3 required documents. Documents proving residence address may
4 include any official document of the Department of Human
5 Services showing the person's address after release and a
6 Secretary of State prescribed verification form, which may be
7 executed by personnel of the Department of Human Services.

8 (a-35) The Secretary of State shall issue a limited-term
9 Illinois Identification Card valid for 90 days to a person
10 upon conditional release or absolute discharge from the
11 custody of the Department of Human Services, if the person is
12 unable to present a certified copy of his or her birth
13 certificate and social security card, if the person has a
14 social security number, or other documents authorized by the
15 Secretary, but does present a Secretary of State prescribed
16 verification form completed by the Department of Human
17 Services, verifying the person's date of birth and social
18 security number, if the person has a social security number,
19 and a document proving his or her Illinois residence address.
20 The verification form must have been completed no more than 30
21 days prior to the date of application for the Illinois
22 Identification Card. The Secretary of State shall issue a
23 limited-term Illinois Identification Card to a person no
24 sooner than 14 days prior to his or her conditional release or
25 absolute discharge if personnel from the Department of Human
26 Services bring the person to a Secretary of State location

1 with the required documents. Documents proving residence
2 address shall include any official document of the Department
3 of Human Services showing the person's address after release
4 and a Secretary of State prescribed verification form, which
5 may be executed by personnel of the Department of Human
6 Services.

7 (b) The Secretary of State shall issue a special Illinois
8 Identification Card, which shall be known as an Illinois
9 Person with a Disability Identification Card, to any natural
10 person who is a resident of the State of Illinois, who is a
11 person with a disability as defined in Section 4A of this Act,
12 who applies for such card, or renewal thereof. No Illinois
13 Person with a Disability Identification Card shall be issued
14 to any person who holds a valid foreign state identification

22 with a Disability Identification Card, and shall include a

24 the applicant's disability as set out in Section 4A of this
25 Act. However, the Secretary of State may provide by rule for
26 the issuance of Illinois Person with a Disability

1 Identification Cards without photographs if the applicant has
2 a bona fide religious objection to being photographed or to
3 the display of his or her photograph. If the applicant so
4 requests, the card shall include a description of the
5 applicant's disability and any information about the
6 applicant's disability or medical history which the Secretary
7 determines would be helpful to the applicant in securing
8 emergency medical care. If a mark is used in lieu of a
9 signature, such mark shall be affixed to the card in the
10 presence of 2 ~~two~~ witnesses who attest to the authenticity of
11 the mark. The Illinois Person with a Disability Identification
12 Card may be used for identification purposes in any lawful
13 situation by the person to whom it was issued.

14 The Illinois Person with a Disability Identification Card
15 may be used as adequate documentation of disability in lieu of
16 a physician's determination of disability, a determination of
17 disability from a physician assistant, a determination of
18 disability from an advanced practice registered nurse, or any
19 other documentation of disability whenever any State law
20 requires that a person with a disability provide such
21 documentation of disability, however an Illinois Person with a
22 Disability Identification Card shall not qualify the
23 cardholder to participate in any program or to receive any
24 benefit which is not available to all persons with like
25 disabilities. Notwithstanding any other provisions of law, an
26 Illinois Person with a Disability Identification Card, or

1 evidence that the Secretary of State has issued an Illinois
2 Person with a Disability Identification Card, shall not be
3 used by any person other than the person named on such card to
4 prove that the person named on such card is a person with a
5 disability or for any other purpose unless the card is used for
6 the benefit of the person named on such card, and the person
7 named on such card consents to such use at the time the card is
8 so used.

9 An optometrist's determination of a visual disability
10 under Section 4A of this Act is acceptable as documentation
11 for the purpose of issuing an Illinois Person with a
12 Disability Identification Card.

13 When medical information is contained on an Illinois
14 Person with a Disability Identification Card, the Office of
15 the Secretary of State shall not be liable for any actions
16 taken based upon that medical information.

17 (c) The Secretary of State shall provide that each
18 original or renewal Illinois Identification Card or Illinois

7 military veterans living in this State for the purpose of
8 ensuring that they receive all of the services and benefits to
9 which they are legally entitled, including healthcare,
10 education assistance, and job placement. To assist the State
11 in identifying these veterans and delivering these vital
12 services and benefits, the Secretary of State is authorized to
13 issue Illinois Identification Cards and Illinois Person with a

15 appearing on the face of the cards. This authorization is
16 predicated on the unique status of veterans. The Secretary may
17 not issue any other identification card which identifies an
18 occupation, status, affiliation, hobby, or other unique
19 characteristics of the identification card holder which is
20 unrelated to the purpose of the identification card.

21 (c-5) Beginning on or before July 1, 2015, the Secretary
22 of State shall designate a space on each original or renewal
23 identification card where, at the request of the applicant,
24 the word "veteran" shall be placed. The veteran designation
25 shall be available to a person identified as a veteran under

6 State shall charge no fee to issue such card. The card shall be
7 issued in every county and applications shall be made
8 available at, but not limited to, nutrition sites, senior
9 citizen centers and Area Agencies on Aging. The applicant,
10 upon receipt of such card and prior to its use for any purpose,
11 shall have affixed thereon in the space provided therefor his
12 signature or mark.

13 (e) The Secretary of State, in his or her discretion, may
14 designate on each Illinois Identification Card or Illinois
15 Person with a Disability Identification Card a space where the
16 card holder may place a sticker or decal, issued by the
17 Secretary of State, of uniform size as the Secretary may
18 specify, that shall indicate in appropriate language that the
19 card holder has renewed his or her Illinois Identification
20 Card or Illinois Person with a Disability Identification Card.

21 (f)(1) The Secretary of State may issue a mobile
22 identification card to an individual who is otherwise eligible
23 to hold a physical credential in addition to, and not instead
24 of, an identification card if the Secretary of State has
25 issued an identification card to the person. The data elements
26 that are used to build an electronic credential must match the

1 individual's current Department record.

2 (2) The Secretary may enter into agreements or contract
3 with an agency of the State, another state, the United States,
4 or a third party to facilitate the issuance, use, and
5 verification of a mobile identification card issued by the
6 Secretary or another state.

7 (3) Any mobile identification card issued by the Secretary
8 shall be in accordance with the most recent AAMVA standards.

9 (4) The Secretary shall design the mobile identification
10 card in a manner that allows the credential holder to maintain
11 physical possession of the device on which the mobile
12 identification card is accessed during verification.

13 (g) The verification process shall be implemented to
14 require:

15 (1) the relying parties to authenticate electronic
16 credentials in accordance with applicable AAMVA standards
17 prior to acceptance of the electronic credential;

18 (2) the Secretary to ensure that electronic credential
19 data is subject to all jurisdictional data security and
20 privacy protection laws and regulations; and

21 (3) the relying parties to request only electronic
22 credential data elements that are necessary to complete
23 the transaction for which data is being requested.

24 (h) Privacy and tracking of data shall be restricted by
25 implementing the following requirements:

26 (1) the relying parties shall retain only electronic

1 credential data elements for which the relying party
2 explicitly obtained consent from the electronic credential
3 holder and shall inform the electronic credential holder
4 of the use and retention period of the electronic data
5 elements;

6 (2) the Secretary shall use an electronic credential
7 system that is designed to maximize the privacy of the
8 credential holder in accordance with State and federal law
9 and shall not track or compile information without the
10 credential holder's consent; and

11 (3) the Department shall only compile and disclose
12 information regarding the use of the credential as
13 required by State or federal law.

14 (i) (1) The electronic credential holder shall be required
15 to have the holder's ~~their~~ physical credential on the holder's
16 ~~their~~ person for all purposes for which an identification card
17 is required. No person, public entity, private entity, or
18 agency shall establish a policy that requires an electronic
19 credential instead of a physical credential.

20 (2) Electronic credential systems shall be designed so
21 that there is no requirement for the electronic credential
22 holder to display or relinquish possession of the credential
23 holder's mobile device to relying parties for the acceptance
24 of an electronic credential.

25 (3) When required by law and upon request by law
26 enforcement, a credential holder must provide the credential

1 holder's physical credential.

2 (4) Any law or regulation that requires an individual to
3 surrender the individual's ~~their~~ physical credential to law
4 enforcement does not apply to the device on which an
5 electronic credential has been provisioned.

6 (j) A person may be required to produce when so requested a
7 physical identification card to a law enforcement officer, a
8 representative of a State or federal department or agency, or
9 a private entity and is subject to all applicable laws and
10 consequences for failure to produce such an identification
11 card.

12 (k) The Secretary of State shall adopt such rules as are
13 necessary to implement a mobile identification card.

14 (l) The display of a mobile identification card shall not
15 serve as consent or authorization for a law enforcement
16 officer, or any other person, to search, view, or access any
17 other data or application on the mobile device. If a person
18 presents the person's mobile device to a law enforcement
19 officer for purposes of displaying a mobile identification
20 card, the law enforcement officer shall promptly return the
21 mobile device to the person once the officer has had an
22 opportunity to verify the identity of the person. Except for
23 willful and wanton misconduct, any law enforcement officer,
24 court, or officer of the court presented with the device shall
25 be immune from any liability resulting from damage to the
26 mobile device.

22 regulation, or Internal Revenue Service Publication 1075.

23 (2) The State Treasurer shall ensure the security and
24 confidentiality of the information provided by the
25 Department of Revenue, the Department of Public Health, or
26 another State or local government agency, and it shall not

9 promptly provide written or electronic notice to the
10 providing agency of any security breach. The providing
11 State or local government agency shall remain the sole and
12 exclusive owner of information provided under this
13 Section.

14 (d) Seed funds. After receiving information on recent
15 births, adoptions, or dependents from the Department of
16 Revenue, the Department of Public Health, another State or
17 local government agency, or documentation as may be required
18 by the State Treasurer from a parent or legal guardian of the
19 eligible child, the State Treasurer shall make deposits into
20 an omnibus account on behalf of eligible children. The State
21 Treasurer shall be the owner of the omnibus accounts.

22 (1) Deposit amount. The seed fund deposit for each
23 eligible child shall be in the amount of \$50. This amount

4 (2) Use of seed funds. Seed funds, including any

7 education expenses if:

8 (A) the parent or guardian of the eligible child
9 claimed the seed funds for the beneficiary by the
10 beneficiary's 10th birthday;

11 (B) the beneficiary has completed secondary
12 education or has reached the age of 18; and

13 (C) the beneficiary is currently a resident of the

20 funds.

21 (4) Unclaimed seed funds. Seed funds and any interest
22 earnings that are unclaimed by the beneficiary's 10th
23 birthday or unused by the beneficiary's 26th birthday will
24 be considered forfeited. Unclaimed and unused seed funds
25 and any interest earnings will remain in the omnibus
26 account for future beneficiaries.

1 (e) Financial education. The State Treasurer may develop
2 educational materials that support the financial literacy of
3 beneficiaries and their legal guardians, and may do so in

18 Data for the previous calendar year. The supplementary
19 deposits shall be limited to one deposit per beneficiary.
20 Furthermore, the State Treasurer may develop partnerships with
21 private, nonprofit, or governmental organizations to provide
22 additional savings incentives, including conditional cash
23 transfers or matching contributions that provide a savings
24 incentive based on specific actions taken or other criteria.

25 (g) Illinois Higher Education Savings Program Fund. The
26 Illinois Higher Education Savings Program Fund is hereby

1 established as a special fund in the State treasury. The Fund
2 shall be the official repository of all contributions,
3 appropriated funds, interest, and dividend payments, gifts, or
4 other financial assets received by the State Treasurer in
5 connection with the operation of the Program or related
6 partnerships. All such moneys shall be deposited into the Fund
7 and held by the State Treasurer as custodian thereof. The
8 State Treasurer may accept gifts, grants, awards, matching
9 contributions, interest income, and appropriated funds from
10 individuals, businesses, governments, and other third-party
11 sources to implement the Program on terms that the State
12 Treasurer deems advisable. All interest or other earnings
13 accruing or received on amounts in the Illinois Higher
14 Education Savings Program Fund shall be credited to and
15 retained by the Fund and used for the benefit of the Program.
16 Assets of the Fund must at all times be preserved, invested,
17 and expended only for the purposes of the Program and must be
18 held for the benefit of the beneficiaries. Assets may not be
19 transferred or used by the State or the State Treasurer for any
20 purposes other than the purposes of the Program. In addition,
21 no moneys, interest, or other earnings paid into the Fund
22 shall be used, temporarily or otherwise, for inter-fund
23 borrowing or be otherwise used or appropriated except as
24 expressly authorized by this Act. Notwithstanding the
25 requirements of this subsection (g), amounts in the Fund may
26 be used by the State Treasurer to pay the administrative costs

1 of the Program.

3 beginning July 15, 2023, or as soon thereafter as practical,
4 the State Comptroller shall direct and the State Treasurer
5 shall transfer the sum of \$2,500,000, or the amount that is
6 appropriated annually by the General Assembly, whichever is
7 greater, from the General Revenue Fund to the Illinois Higher
8 Education Savings Program Fund to be used for the
9 administration and operation of the Program.

13 The State Treasurer shall annually prepare a report that
14 includes a summary of the Program operations for the preceding
15 fiscal year, including the number of children enrolled in the
16 Program, the total amount of seed fund deposits, the rate of
17 seed deposits claimed, and, to the extent data is reported and
18 available, the racial, ethnic, socioeconomic, and geographic
19 data of beneficiaries and of children who may receive
20 automatic bonus deposits. Such other information that is
21 relevant to make a full disclosure of the operations of the
22 Program and Fund may also be reported. The report shall be made
23 available on the State Treasurer's website by January 31 each
24 year, starting in January of 2024. The State Treasurer may

18 (20 ILCS 5/5-717)

19 Sec. 5-717. Military portability licensure for service
20 members and service members' spouses.

21 (a) In this Section:

22 "Division" means the Division of Professional Regulation
23 of the Department of Financial and Professional Regulation or

1 the Division of Real Estate of the Department of Financial and
2 Professional Regulation.

3 "Service member" means any person who, at the time of
4 application under this Section, is an active duty member of
5 the United States Armed Forces or any reserve component of the
6 United States Armed Forces, the Coast Guard, or the National
7 Guard of any state, commonwealth, or territory of the United
8 States or the District of Columbia.

9 "Spouse" means a party to a marriage, civil union, or
10 registered domestic partnership.

11 (b) The Department of Financial and Professional
12 Regulation is authorized to issue a professional portability
13 license to (1) a service member who is an out-of-state
14 licensee and is under official United States military orders
15 to relocate to the State of Illinois or (2) an out-of-state
16 licensee whose spouse is a service member under official
17 United States military orders to relocate to the State of
18 Illinois. The service member or the service member's spouse
19 need not reside in this State at the time of application.
20 Notwithstanding any other law to the contrary, the portability
21 license shall be issued by the Division only if the applicant
22 fulfills all the requirements of this Section and Section
23 2105-135 of the Department of Professional Regulation Law of
24 the Civil Administrative Code of Illinois.

25 (c) The portability license shall be issued after a
26 complete application is submitted to the Division that

1 includes proof of the following:

2 (1) The applicant is a service member or the spouse of
3 a service member.

4 (2) The applicant or applicant's spouse is assigned to
5 a duty station in this State, has established legal
6 residence or will reside in this State pursuant to
7 military relocation orders after the date of application,
8 and can provide an official copy of those orders.

9 (3) The applicant's license is in good standing and is
10 not subject to a disciplinary order encumbering the
11 license in any other state, commonwealth, district, or
12 territory of the United States or any foreign jurisdiction
13 where the applicant holds a license and practices in the
14 same profession with the same or similar scope of practice
15 for which the applicant is applying, and the applicant can
16 submit official verification of good standing and
17 disciplinary history from each of those licensing
18 authorities. For health care professional applicants, the
19 Division's review of good standing is governed by this
20 subsection, subsection (h), and all other applicable State
21 laws and rules.

22 (4) The applicant was actively licensed in the same
23 profession with the same or similar scope of practice for
24 which the applicant is applying for at least 2 years
25 immediately preceding the relocation.

26 (5) A complete set of the applicant's fingerprints has

1 been submitted to the Illinois State Police for statewide
2 and national criminal history checks, if applicable to the
3 requirements of the professional regulatory Act. The
4 applicant shall pay the fee to the Illinois State Police
5 or to the vendor for electronic fingerprint processing. No
6 license shall be issued to an applicant if any review of
7 criminal history or disclosure would cause the denial of
8 an application for licensure under the applicable
9 licensing Act.

10 (6) The applicant has submitted the application for
11 portability licensure and paid the required, nonrefundable
12 initial application fee for that profession under its
13 respective Act and rules.

14 (d) Service members or the spouses of service members
15 granted portability licenses under this Section shall submit
16 to the jurisdiction of the Division for purposes of the laws
17 and rules administered, related standards of practice, and
18 disciplinary authority. A license granted under this Section
19 is subject to all statutes, rules, and regulations governing
20 the license. This includes compliance with renewal and
21 continuing education requirements of the licensing act and
22 rules adopted during the period of licensure.

23 (e) Notwithstanding any other law, if the Division finds
24 that the applicant failed to meet the requirements of
25 subsection (c) or provided inaccurate or misleading
26 information on the application, the Division may suspend the

1 license pending further investigation or notice to discipline
2 the portability license.

3 (f)(1) The duration of the portability license is from
4 issuance through the next renewal period for that regulated
5 profession. At the time of the license's renewal, the service
6 member or the service member's spouse may apply for another
7 portability license if the military orders continue or are
8 extended past the renewal date or if new orders are given for
9 duty in this State. While the portability license is held, the
10 service member or the service member's spouse may apply for
11 full licensure by examination, endorsement, or reciprocity
12 pursuant to the service member's or the service member's
13 spouse's respective professional licensing Act or rules.

14 (2) Once a portability license has expired or is not
15 renewed, the service member or the service member's spouse
16 cannot continue practicing in this State until the service
17 member or the service member's spouse obtains licensure by
18 examination, endorsement, or reciprocity, which includes
19 completion and passage of all pre-license education and
20 examination requirements under the applicable professional
21 licensing Act and rules.

22 (g) An individual is ineligible to apply under this
23 Section if:

24 (1) the individual is disqualified under Section
25 2105-165;

26 (2) the license the individual is seeking is subject

1 to an interstate compact; or

2 (3) the individual seeks a real estate appraiser
3 license.

4 (h) All service members and the spouses of service members
5 who apply under this Section and Section 5-715 who are
6 licensed in another jurisdiction as health care professionals,
7 and who are seeking a health care professional license
8 regulated by the Division and subject to the applicable
9 licensing Acts shall not be denied an initial or renewal
10 license:

11 (1) if the applicant has a prior, current, or pending
12 disciplinary action in another jurisdiction solely based
13 on providing, authorizing, recommending, aiding,
14 assisting, referring for, or otherwise participating in
15 health care services that are not unlawful in this State
16 and consistent with the standards of conduct in Illinois;

17 (2) if the applicant has a prior, current, or pending
18 disciplinary action in another jurisdiction solely based
19 on violating another jurisdiction or state's laws
20 prohibiting the provision of, authorization of,
21 recommendation of, aiding or assisting in, referring for,
22 or participation in any health care service if that
23 service as provided is not unlawful under the laws of this
24 State and is consistent with the standards of conduct in
25 Illinois; or

26 (3) based solely upon the applicant providing,

1 authorizing, recommending, aiding, assisting, referring
2 for, or otherwise participating in health care services
3 that are not unlawful in this State and consistent with
4 the standards of conduct in Illinois.

5 Nothing in this subsection shall be construed as
6 prohibiting the Division from evaluating the applicant's
7 conduct and disciplinary history and making a determination
8 regarding the licensure or authorization to practice.

9 (i) The Department of Financial and Professional
10 Regulation may adopt rules necessary for the implementation
11 and administration of this Section.

- 20 (k-8) emergency home response;
- 21 (l) other nonmedical social services that may enable
22 the person to become self-supporting; or
- 23 (m) (blank).

24 The Department shall establish eligibility standards for
25 such services. In determining the amount and nature of
26 services for which a person may qualify, consideration shall

1 not be given to the value of cash, property, or other assets
2 held in the name of the person's spouse pursuant to a written
3 agreement dividing marital property into equal but separate
4 shares or pursuant to a transfer of the person's interest in a
5 home to his spouse, provided that the spouse's share of the
6 marital property is not made available to the person seeking
7 such services.

8 The Department shall require as a condition of eligibility
9 that all new financially eligible applicants apply for and
10 enroll in medical assistance under Article V of the Illinois
11 Public Aid Code in accordance with rules promulgated by the
12 Department.

13 The Department shall, in conjunction with the Department
14 of Public Aid (now Department of Healthcare and Family
15 Services), seek appropriate amendments under Sections 1915 and
16 1924 of the Social Security Act. The purpose of the amendments
17 shall be to extend eligibility for home and community based
18 services under Sections 1915 and 1924 of the Social Security
19 Act to persons who transfer to or for the benefit of a spouse
20 those amounts of income and resources allowed under Section
21 1924 of the Social Security Act. Subject to the approval of
22 such amendments, the Department shall extend the provisions of
23 Section 5-4 of the Illinois Public Aid Code to persons who, but
24 for the provision of home or community-based services, would
25 require the level of care provided in an institution, as is
26 provided for in federal law. Those persons no longer found to

1 be eligible for receiving noninstitutional services due to
2 changes in the eligibility criteria shall be given 45 days
3 notice prior to actual termination. Those persons receiving
4 notice of termination may contact the Department and request
5 the determination be appealed at any time during the 45 day
6 notice period. The target population identified for the
7 purposes of this Section are persons age 60 and older with an
8 identified service need. Priority shall be given to those who
9 are at imminent risk of institutionalization. The services
10 shall be provided to eligible persons age 60 and older to the
11 extent that the cost of the services together with the other
12 personal maintenance expenses of the persons are reasonably
13 related to the standards established for care in a group
14 facility appropriate to the person's condition. These
15 noninstitutional ~~non-institutional~~ services, pilot projects,
16 or experimental facilities may be provided as part of or in
17 addition to those authorized by federal law or those funded
18 and administered by the Department of Human Services. The
19 Departments of Human Services, Healthcare and Family Services,
20 Public Health, Veterans' Affairs, and Commerce and Economic
21 Opportunity and other appropriate agencies of State, federal,
22 and local governments shall cooperate with the Department on
23 Aging in the establishment and development of the
24 noninstitutional ~~non-institutional~~ services. The Department
25 shall require an annual audit from all personal assistant and
26 home care aide vendors contracting with the Department under

1 this Section. The annual audit shall assure that each audited
2 vendor's procedures are in compliance with Department's
3 financial reporting guidelines requiring an administrative and
4 employee wage and benefits cost split as defined in
5 administrative rules. The audit is a public record under the
6 Freedom of Information Act. The Department shall execute,
7 relative to the nursing home prescreening project, written
8 inter-agency agreements with the Department of Human Services
9 and the Department of Healthcare and Family Services, to
10 effect the following: (1) intake procedures and common
11 eligibility criteria for those persons who are receiving
12 noninstitutional ~~non-institutional~~ services; and (2) the
13 establishment and development of noninstitutional
14 ~~non-institutional~~ services in areas of the State where they
15 are not currently available or are undeveloped. On and after
16 July 1, 1996, all nursing home prescreenings for individuals
17 60 years of age or older shall be conducted by the Department.

18 As part of the Department on Aging's routine training of
19 case managers and case manager supervisors, the Department may
20 include information on family futures planning for persons who
21 are age 60 or older and who are caregivers of their adult
22 children with developmental disabilities. The content of the
23 training shall be at the Department's discretion.

24 The Department is authorized to establish a system of
25 recipient copayment for services provided under this Section,
26 such copayment to be based upon the recipient's ability to pay

1 but in no case to exceed the actual cost of the services
2 provided. Additionally, any portion of a person's income which
3 is equal to or less than the federal poverty standard shall not
4 be considered by the Department in determining the copayment.
5 The level of such copayment shall be adjusted whenever
6 necessary to reflect any change in the officially designated
7 federal poverty standard.

8 The Department, or the Department's authorized
9 representative, may recover the amount of moneys expended for
10 services provided to or in behalf of a person under this
11 Section by a claim against the person's estate or against the
12 estate of the person's surviving spouse, but no recovery may
13 be had until after the death of the surviving spouse, if any,
14 and then only at such time when there is no surviving child who
15 is under age 21 or blind or who has a permanent and total
16 disability. This paragraph, however, shall not bar recovery,
17 at the death of the person, of moneys for services provided to
18 the person or in behalf of the person under this Section to
19 which the person was not entitled; provided that such recovery
20 shall not be enforced against any real estate while it is
21 occupied as a homestead by the surviving spouse or other
22 dependent, if no claims by other creditors have been filed
23 against the estate, or, if such claims have been filed, they
24 remain dormant for failure of prosecution or failure of the
25 claimant to compel administration of the estate for the
26 purpose of payment. This paragraph shall not bar recovery from

1 the estate of a spouse, under Sections 1915 and 1924 of the
2 Social Security Act and Section 5-4 of the Illinois Public Aid
3 Code, who precedes a person receiving services under this
4 Section in death. All moneys for services paid to or in behalf
5 of the person under this Section shall be claimed for recovery
6 from the deceased spouse's estate. "Homestead", as used in
7 this paragraph, means the dwelling house and contiguous real
8 estate occupied by a surviving spouse or relative, as defined
9 by the rules and regulations of the Department of Healthcare
10 and Family Services, regardless of the value of the property.

11 The Department shall increase the effectiveness of the
12 existing Community Care Program by:

13 (1) ensuring that in-home services included in the
14 care plan are available on evenings and weekends;

15 (2) ensuring that care plans contain the services that
16 eligible participants need based on the number of days in
17 a month, not limited to specific blocks of time, as
18 identified by the comprehensive assessment tool selected
19 by the Department for use statewide, not to exceed the
20 total monthly service cost maximum allowed for each
21 service; the Department shall develop administrative rules
22 to implement this item (2);

23 (3) ensuring that the participants have the right to
24 choose the services contained in their care plan and to
25 direct how those services are provided, based on
26 administrative rules established by the Department;

1 (4) (blank);

2 (5) ensuring that homemakers can provide personal care
3 services that may or may not involve contact with clients,
4 including, but not limited to:

5 (A) bathing;

6 (B) grooming;

7 (C) toileting;

8 (D) nail care;

9 (E) transferring;

10 (F) respiratory services;

11 (G) exercise; or

12 (H) positioning;

13 (6) ensuring that homemaker program vendors are not
14 restricted from hiring homemakers who are family members
15 of clients or recommended by clients; the Department may
16 not, by rule or policy, require homemakers who are family
17 members of clients or recommended by clients to accept
18 assignments in homes other than the client;

19 (7) ensuring that the State may access maximum federal
20 matching funds by seeking approval for the Centers for
21 Medicare and Medicaid Services for modifications to the
22 State's home and community based services waiver and
23 additional waiver opportunities, including applying for
24 enrollment in the Balance Incentive Payment Program by May
25 1, 2013, in order to maximize federal matching funds; this
26 shall include, but not be limited to, modification that

1 reflects all changes in the Community Care Program
2 services and all increases in the services cost maximum;

3 (8) ensuring that the determination of need tool
4 accurately reflects the service needs of individuals with
5 Alzheimer's disease and related dementia disorders;

6 (9) ensuring that services are authorized accurately
7 and consistently for the Community Care Program (CCP); the
8 Department shall implement a Service Authorization policy
9 directive; the purpose shall be to ensure that eligibility
10 and services are authorized accurately and consistently in
11 the CCP program; the policy directive shall clarify
12 service authorization guidelines to Care Coordination
13 Units and Community Care Program providers no later than
14 May 1, 2013;

15 (10) working in conjunction with Care Coordination
16 Units, the Department of Healthcare and Family Services,
17 the Department of Human Services, Community Care Program
18 providers, and other stakeholders to make improvements to
19 the Medicaid claiming processes and the Medicaid
20 enrollment procedures or requirements as needed,
21 including, but not limited to, specific policy changes or
22 rules to improve the up-front enrollment of participants
23 in the Medicaid program and specific policy changes or
24 rules to insure more prompt submission of bills to the
25 federal government to secure maximum federal matching
26 dollars as promptly as possible; the Department on Aging

1 shall have at least 3 meetings with stakeholders by
2 January 1, 2014 in order to address these improvements;

3 (11) requiring home care service providers to comply
4 with the rounding of hours worked provisions under the
5 federal Fair Labor Standards Act (FLSA) and as set forth
6 in 29 CFR 785.48(b) by May 1, 2013;

7 (12) implementing any necessary policy changes or
8 promulgating any rules, no later than January 1, 2014, to
9 assist the Department of Healthcare and Family Services in
10 moving as many participants as possible, consistent with
11 federal regulations, into coordinated care plans if a care
12 coordination plan that covers long term care is available
13 in the recipient's area; and

14 (13) (blank).

15 By January 1, 2009 or as soon after the end of the Cash and
16 Counseling Demonstration Project as is practicable, the
17 Department may, based on its evaluation of the demonstration
18 project, promulgate rules concerning personal assistant
19 services, to include, but need not be limited to,
20 qualifications, employment screening, rights under fair labor
21 standards, training, fiduciary agent, and supervision
22 requirements. All applicants shall be subject to the
23 provisions of the Health Care Worker Background Check Act.

24 The Department shall develop procedures to enhance
25 availability of services on evenings, weekends, and on an
26 emergency basis to meet the respite needs of caregivers.

1 Procedures shall be developed to permit the utilization of
2 services in successive blocks of 24 hours up to the monthly
3 maximum established by the Department. Workers providing these
4 services shall be appropriately trained.

6 perform chore/housekeeping and home care aide services under a
7 program authorized by this Section unless that person has been
8 issued a certificate of pre-service to do so by his or her

10 certification shall include (i) the person's name, (ii) the
11 date the person was hired by his or her current employer, and
12 (iii) the training, including dates and levels. Persons
13 engaged in the program authorized by this Section before the

15 certificate of all pre-service and in-service training from
16 his or her employer upon submitting the necessary information.
17 The employing agency shall be required to retain records of
18 all staff pre-service and in-service training, and shall
19 provide such records to the Department upon request and upon
20 termination of the employer's contract with the Department. In
21 addition, the employing agency is responsible for the issuance
22 of certifications of in-service training completed to their
23 employees.

24 The Department is required to develop a system to ensure
25 that persons working as home care aides and personal
26 assistants receive increases in their wages when the federal

1 minimum wage is increased by requiring vendors to certify that
2 they are meeting the federal minimum wage statute for home
3 care aides and personal assistants. An employer that cannot
4 ensure that the minimum wage increase is being given to home
5 care aides and personal assistants shall be denied any
6 increase in reimbursement costs.

4 receiving home care and community-based care. Managed care is
5 increasingly becoming the vehicle for delivering health and
6 long-term services and supports to seniors and persons with
7 disabilities, including dual eligible participants. The
8 additional ombudsman authority will allow advocacy services to
9 be provided to Illinois participants for the first time and
10 will produce a cost savings for the State of Illinois by
11 supporting the rebalancing efforts of the Patient Protection
12 and Affordable Care Act.

13 (a) Long Term Care Ombudsman Program. The Department shall
14 establish a Long Term Care Ombudsman Program, through the

3 with the Department of Human Services and other State agencies
4 in providing information and training to designated regional

11 ombudsmen, as defined in paragraph (3.1) of subsection (b)
12 must submit to background checks under the Health Care Worker

10 operated exclusively by and for members or adherents of any
11 church or religious denomination the tenets and practices of
12 which include reliance solely upon spiritual means through

17 Sec. 5-23. Drug Overdose Prevention Program.

18 (a) Reports.

19 (1) The Department may publish annually a report on
20 drug overdose trends statewide that reviews State death
21 rates from available data to ascertain changes in the
22 causes or rates of fatal and nonfatal drug overdose. The
23 report shall also provide information on interventions
24 that would be effective in reducing the rate of fatal or

1 nonfatal drug overdose and on the current substance use
2 disorder treatment capacity within the State. The report
3 shall include an analysis of drug overdose information
4 reported to the Department of Public Health pursuant to
5 subsection (e) of Section 3-3013 of the Counties Code,

12 utilization.

13 (C) Trends in utilization of pre-hospital and
14 emergency services and the cost impact of emergency
15 services utilization.

16 (D) Suggested improvements in data collection.

17 (E) A description of other interventions effective
18 in reducing the rate of fatal or nonfatal drug
19 overdose.

20 (F) A description of efforts undertaken to educate
21 the public about unused medication and about how to
22 properly dispose of unused medication, including the
23 number of registered collection receptacles in this
24 State, mail-back programs, and drug take-back events.

25 (G) An inventory of the State's substance use
26 disorder treatment capacity, including, but not

1 limited to:

2 (i) The number and type of licensed treatment
3 programs in each geographic area of the State.

4 (ii) The availability of medication-assisted
5 treatment at each licensed program and which types
6 of medication-assisted treatment are available.

7 (iii) The number of recovery homes that accept
8 individuals using medication-assisted treatment in
9 their recovery.

16 by the Department and other providers of
17 medication-assisted treatment.

24 for the production and publication, in electronic and
25 other formats, of drug overdose prevention, recognition,
26 and response literature. The Department may develop and

13 highly dangerous and that complete abstinence from illegal
14 drug use is the healthiest choice. The literature shall
15 provide information and resources for substance use
16 disorder treatment.

17 The Department may establish or authorize programs for
18 prescribing, dispensing, or distributing opioid
19 antagonists for the treatment of drug overdose and for
20 dispensing and distributing fentanyl test strips to
21 further promote harm reduction efforts and prevent an
22 overdose. Such programs may include the prescribing of
23 opioid antagonists for the treatment of drug overdose to a
24 person who is not at risk of opioid overdose but who, in
25 the judgment of the health care professional, may be in a
26 position to assist another individual during an

1 opioid-related drug overdose and who has received basic
2 instruction on how to administer an opioid antagonist.

3 (2) The Department may provide advice to State and
4 local officials on the growing drug overdose crisis,
5 including the prevalence of drug overdose incidents,
6 programs promoting the disposal of unused prescription
7 drugs, trends in drug overdose incidents, and solutions to
8 the drug overdose crisis.

9 (3) The Department may support drug overdose
10 prevention, recognition, and response projects by
11 facilitating the acquisition of opioid antagonist
12 medication approved for opioid overdose reversal,
13 facilitating the acquisition of opioid antagonist
14 medication approved for opioid overdose reversal,
15 providing trainings in overdose prevention best practices,
16 facilitating the acquisition of fentanyl test strips to
17 test for the presence of fentanyl, a fentanyl analog, or a
18 drug adulterant within a controlled substance, connecting
19 programs to medical resources, establishing a statewide
20 standing order for the acquisition of needed medication,
21 establishing learning collaboratives between localities
22 and programs, and assisting programs in navigating any
23 regulatory requirements for establishing or expanding such
24 programs.

25 (4) In supporting best practices in drug overdose
26 prevention programming, the Department may promote the

1 following programmatic elements:

2 (A) Training individuals who currently use drugs
3 in the administration of opioid antagonists approved
4 for the reversal of an opioid overdose and in the use
5 of fentanyl test strips to test for the presence of
6 fentanyl, a fentanyl analog, or a drug adulterant
7 within a controlled substance.

8 (B) Directly distributing opioid antagonists
9 approved for the reversal of an opioid overdose rather
10 than providing prescriptions to be filled at a
11 pharmacy.

12 (B-1) Directly distributing fentanyl test strips
13 to test for the presence of fentanyl, a fentanyl
14 analog, or a drug adulterant within a controlled
15 substance.

16 (C) Conducting street and community outreach to
17 work directly with individuals who are using drugs.

18 (D) Employing community health workers or peer
19 recovery specialists who are familiar with the
20 communities served and can provide culturally

2 (G) Engaging individuals exiting jails or prisons
3 who are at a high risk of overdose.

4 (H) Providing education and training to
5 community-based organizations who work directly with
6 individuals who are using drugs and those individuals'
7 families and communities.

8 (I) Providing education and training on drug
9 overdose prevention and response to emergency
10 personnel and law enforcement.

11 (J) Informing communities of the important role
12 emergency personnel play in responding to accidental
13 overdose.

14 (K) Producing and distributing targeted mass media
15 materials on drug overdose prevention and response,
16 the potential dangers of leaving unused prescription
17 drugs in the home, and the proper methods for
18 disposing of unused prescription drugs.

19 (c) Grants.

20 (1) The Department may award grants, in accordance
21 with this subsection, to create or support local drug
22 overdose prevention, recognition, and response projects.
23 Local health departments, correctional institutions,
24 hospitals, universities, community-based organizations,
25 and faith-based organizations may apply to the Department
26 for a grant under this subsection at the time and in the

1 manner the Department prescribes. Eligible grant
2 activities include, but are not limited to, purchasing and
3 distributing opioid antagonists and fentanyl test strips,
4 hiring peer recovery specialists or other community
5 members to conduct community outreach, and hosting public
6 health fairs or events to distribute opioid antagonists
7 and fentanyl test strips, promote harm reduction
8 activities, and provide linkages to community partners.

9 (2) In awarding grants, the Department shall consider
10 the overall rate of opioid overdose, the rate of increase
11 in opioid overdose, and racial disparities in opioid
12 overdose experienced by the communities to be served by
13 grantees. The Department shall encourage all grant
14 applicants to develop interventions that will be effective
15 and viable in their local areas.

16 (3) (Blank).

17 (3.5) Any hospital licensed under the Hospital
18 Licensing Act or organized under the University of
19 Illinois Hospital Act shall be deemed to have met the
20 standards and requirements set forth in this Section to
21 enroll in the drug overdose prevention program upon
22 completion of the enrollment process except that proof of
23 a standing order and attestation of programmatic
24 requirements shall be waived for enrollment purposes.
25 Reporting mandated by enrollment shall be necessary to
26 carry out or attain eligibility for associated resources

1 under this Section for drug overdose prevention projects
2 operated on the licensed premises of the hospital and
3 operated by the hospital or its designated agent. The
4 Department shall streamline hospital enrollment for drug
5 overdose prevention programs by accepting such deemed
6 status under this Section in order to reduce barriers to
7 hospital participation in drug overdose prevention,
8 recognition, or response projects. Subject to
9 appropriation, any hospital under this paragraph and any
10 other organization deemed eligible by the Department shall
11 be enrolled to receive fentanyl test strips from the
12 Department and distribute fentanyl test strips upon
13 enrollment in the Drug Overdose Prevention Program.

14 (4) In addition to moneys appropriated by the General
15 Assembly, the Department may seek grants from private
16 foundations, the federal government, and other sources to
17 fund the grants under this Section and to fund an
18 evaluation of the programs supported by the grants.

19 (d) Health care professional prescription of opioid
20 antagonists.

21 (1) A health care professional who, acting in good
22 faith, directly or by standing order, prescribes or
23 dispenses an opioid antagonist to: (a) a patient who, in
24 the judgment of the health care professional, is capable
25 of administering the drug in an emergency, or (b) a person
26 who is not at risk of opioid overdose but who, in the

1 judgment of the health care professional, may be in a
2 position to assist another individual during an
3 opioid-related drug overdose and who has received basic
4 instruction on how to administer an opioid antagonist
5 shall not, as a result of his or her acts or omissions, be
6 subject to: (i) any disciplinary or other adverse action
7 under the Medical Practice Act of 1987, the Physician
8 Assistant Practice Act of 1987, the Nurse Practice Act,
9 the Pharmacy Practice Act, or any other professional
10 licensing statute or (ii) any criminal liability, except
11 for willful and wanton misconduct.

12 (1.5) Notwithstanding any provision of or requirement
13 otherwise imposed by the Pharmacy Practice Act, the
14 Medical Practice Act of 1987, or any other law or rule,
15 including, but not limited to, any requirement related to
16 labeling, storage, or recordkeeping, a health care
17 professional or other person acting under the direction of
18 a health care professional may, directly or by standing
19 order, obtain, store, and dispense an opioid antagonist to
20 a patient in a facility that includes, but is not limited
21 to, a hospital, a hospital affiliate, or a federally
22 qualified health center if the patient information
23 specified in paragraph (4) of this subsection is provided
24 to the patient. A person acting in accordance with this
25 paragraph shall not, as a result of his or her acts or
26 omissions, be subject to: (i) any disciplinary or other

1 adverse action under the Medical Practice Act of 1987, the
2 Physician Assistant Practice Act of 1987, the Nurse
3 Practice Act, the Pharmacy Practice Act, or any other

11 resources and identifying the most effective approaches to the

13 day-care plan shall be made available to the General Assembly
14 following the Governor's approval of the plan.

15 The plan shall include methods and procedures for the

21 State and federal resources, including an estimate of the
22 resources needed for the licensing and regulation of day care

21 and child care providers, regarding the collection of data
22 in order to inform strategies and costs related to the
23 Child Care Development Fund and the General Revenue Fund,
24 for the purpose of promoting workforce recruitment and

21 policies and procedures for developing and implementing
22 interagency agreements with other agencies of the State
23 providing child care services or reimbursement for such
24 services. The plans shall be annually reviewed and modified
25 for the purpose of addressing issues of applicability and
26 service system barriers.

1 (c) In cooperation with other State agencies, the
2 Department of Human Services shall develop and implement, or
3 shall continue, a resource and referral system for the State
4 of Illinois either within the Department or by contract with
5 local or regional agencies. Funding for implementation of this
6 system may be provided through Department appropriations or
7 other inter-agency funding arrangements. The resource and
8 referral system shall provide at least the following services:

10 supply of child care services.

11 (2) Providing information and referrals for parents.

12 (3) Coordinating the development of new child care

24 shall design a plan to create more child care slots as well
25 as goals and timetables to improve quality and
26 accessibility of child care.

3 employment of the parent toward achieving the goal of
4 independence.

5 (3) (Blank).

6 (4) Care of children from families in stress and
7 crises whose members potentially may become, or are in
8 danger of becoming, non-productive and dependent.

9 (5) Expansion of family day care facilities wherever
10 possible.

11 (6) Location of centers in economically depressed
12 neighborhoods, preferably in multi-service centers with
13 cooperation of other agencies. The Department shall
14 coordinate the provision of grants, but only to the extent
15 funds are specifically appropriated for this purpose, to
16 encourage the creation and expansion of child care centers
17 in high need communities to be issued by the State,
18 business, and local governments.

19 (7) Use of existing facilities free of charge or for
20 reasonable rental whenever possible in lieu of
21 construction.

22 (8) Development of strategies for assuring a more
23 complete range of day care options, including provision of
24 day care services in homes, in schools, or in centers,
25 which will enable a parent or parents to complete a course
26 of education or obtain or maintain employment and the

1 creation of more child care options for swing shift,
2 evening, and weekend workers and for working women with
3 sick children. The Department shall encourage companies to
4 provide child care in their own offices or in the building
5 in which the corporation is located so that employees of
6 all the building's tenants can benefit from the facility.

7 (9) Development of strategies for subsidizing students
8 pursuing degrees in the child care field.

9 (10) Continuation and expansion of service programs
10 that assist teen parents to continue and complete their
11 education.

12 Emphasis shall be given to support services that will help
13 to ensure such parents' graduation from high school and to
14 services for participants in any programs of job training
15 conducted by the Department.

16 (e) The Department of Human Services shall actively
17 stimulate the development of public and private resources at
18 the local level. It shall also seek the fullest utilization of
19 federal funds directly or indirectly available to the
20 Department.

21 Where appropriate, existing non-governmental agencies or
22 associations shall be involved in planning by the Department.

23 (f) To better accommodate the child care needs of low
24 income working families, especially those who receive
25 Temporary Assistance for Needy Families (TANF) or who are
26 transitioning from TANF to work, or who are at risk of

1 depending on TANF in the absence of child care, the Department
2 shall complete a study using outcome-based assessment
3 measurements to analyze the various types of child care needs,
4 including but not limited to: child care homes; child care
5 facilities; before and after school care; and evening and
6 weekend care. Based upon the findings of the study, the
7 Department shall develop a plan by April 15, 1998, that
8 identifies the various types of child care needs within
9 various geographic locations. The plan shall include, but not
10 be limited to, the special needs of parents and guardians in
11 need of non-traditional child care services such as early
12 mornings, evenings, and weekends; the needs of very low income
13 families and children and how they might be better served; and
14 strategies to assist child care providers to meet the needs
15 and schedules of low income families.

26 (2) Beginning January 1, 2024, ensure that when the

16 DCFS Guardianship Administrator to serve as the
17 designated representative to establish an ABLE account

19 (3) Exercise discretion in accordance with federal law
20 and in the best interests of the youth when making
21 decisions to use or conserve the youth's benefits that are
22 less than or not subject to asset or resource limits under
23 federal law, including using the benefits to address the
24 youth's special needs and conserving the benefits for the
25 youth's reasonably foreseeable future needs.

26 (4) Appropriately monitor any federal asset or

1 resource limits for the Supplemental Security Income
2 benefits and ensure that the youth's best interest is
3 served by using or conserving the benefits in a way that
4 avoids violating any federal asset or resource limits that
5 would affect the youth's eligibility to receive the
6 benefits, including, but not limited to: +

7 (A) establishing an ABLE account authorized by
8 Section 529A of the Internal Revenue Code of 1986, for
9 the youth and conserving the youth's benefits in that
10 account in a manner that appropriately avoids any
11 federal asset or resource limits;

12 (B) if the Department determines that using the
13 benefits for services for current special needs not
14 already provided by the Department is in the best
15 interest of the youth, using the benefits for those
16 services;

17 (C) if federal law requires certain back payments
18 of benefits to be placed in a dedicated account,
19 complying with the requirements for dedicated accounts
20 under 20 CFR 416.640(e); and

21 (D) applying any other exclusions from federal
22 asset or resource limits available under federal law

14 Department shall provide an annual accounting to the
15 youth's attorney and guardian ad litem of how the youth's
16 benefits have been used and conserved.

13 youth, the youth's attorney and guardian ad litem, or
14 the youth's caregiver for disbursement of funds and a
15 statement regarding the reason for not granting the
16 request if the request was denied.

17 When the Department's guardianship of the youth is being
18 terminated, prior to or upon the termination of guardianship,
19 the Department shall provide (i) a final accounting to the
20 youth's attorney and guardian ad litem, and to either the
21 person or persons who will assume guardianship of the youth or

19 Sec. 7.3b. Case plan requirements for hair-related needs
20 of youth in care.

21 (a) Purposes. Hair plays an important role in fostering

23 care ~~Haircare~~ promotes positive messages of self-worth,
24 comfort, and affection. Because these messages typically are
25 developed through interactions with family and community

2 that youth in care are not deprived of these messages and that
3 caregivers and appropriate child care facility staff are
4 adequately prepared to provide culturally competent hair care
5 ~~hairecare~~ for youth.

15 (6) available methodologies to determine the impact of
16 large industrial developments; and

10 (5) one member, appointed by the Speaker of the House
11 of Representatives, representing a statewide association
12 representing counties;

13 (6) one member, appointed by the Speaker of the House

7 appointed by the Minority Leader of the House of
8 Representatives; and

9 (15) one member representing a statewide manufacturing
10 association, appointed by the Governor.

11 (d) The members of the Task Force shall serve without
12 compensation. The Department of Commerce and Economic
13 Opportunity shall provide administrative support to the Task
14 Force.

15 (e) The Task Force shall meet at least once every 2 months.
16 Upon the first meeting of the Task Force, the members of the

25 Section 110. The Economic Development Area Tax Increment

1 Allocation Act is amended by changing Section 8 as follows:

2 (20 ILCS 620/8) (from Ch. 67 1/2, par. 1008)

3 Sec. 8. Issuance of obligations for economic development
4 project costs. Obligations secured by the special tax
5 allocation fund provided for in Section 7 of this Act for an
6 economic development project area may be issued to provide for
7 economic development project costs. Those obligations, when so
8 issued, shall be retired in the manner provided in the
9 ordinance authorizing the issuance of the obligations by the
10 receipts of taxes levied as specified in Section 6 of this Act
11 against the taxable property included in the economic
12 development project area and by other revenue designated or
13 pledged by the municipality. A municipality may in the
14 ordinance pledge all or any part of the funds in and to be
15 deposited in the special tax allocation fund created pursuant
16 to Section 7 of this Act to the payment of the economic
17 development project costs and obligations. Whenever a
18 municipality pledges all of the funds to the credit of a
19 special tax allocation fund to secure obligations issued or to
20 be issued to pay economic development project costs, the
21 municipality may specifically provide that funds remaining to
22 the credit of such special tax allocation fund after the
23 payment of such obligations shall be accounted for annually
24 and shall be deemed to be "surplus" funds, and such "surplus"
25 funds shall be distributed as hereinafter provided. Whenever a

1 municipality pledges less than all of the monies to the credit
2 of a special tax allocation fund to secure obligations issued
3 or to be issued to pay economic development project costs, the
4 municipality shall provide that monies to the credit of the
5 special tax allocation fund and not subject to such pledge or
6 otherwise encumbered or required for payment of contractual
7 obligations for specific economic development project costs
8 shall be calculated annually and shall be deemed to be
9 "surplus" funds, and such "surplus" funds shall be distributed
10 as hereinafter provided. All funds to the credit of a special
11 tax allocation fund which are deemed to be "surplus" funds
12 shall be distributed annually within 180 days of the close of
13 the municipality's fiscal year by being paid by the municipal
14 treasurer to the county collector. The county collector shall
15 thereafter make distribution to the respective taxing
16 districts in the same manner and proportion as the most recent
17 distribution by the county collector to those taxing districts
18 of real property taxes from real property in the economic
19 development project area.

20 Without limiting the foregoing in this Section, the
21 municipality may, in addition to obligations secured by the
22 special tax allocation fund, pledge for a period not greater
23 than the term of the obligations towards payment of those
24 obligations any part or any combination of the following: (i)
25 net revenues of all or part of any economic development
26 project; (ii) taxes levied and collected on any or all

1 property in the municipality, including, specifically, taxes
2 levied or imposed by the municipality in a special service
3 area pursuant to "An Act to provide the manner of levying or
4 imposing taxes for the provision of special services to areas
5 within the boundaries of home rule units and non-home rule
6 municipalities and counties", approved September 21, 1973, as
7 now or hereafter amended; (iii) the full faith and credit of
8 the municipality; (iv) a mortgage on part or all of the
9 economic development project; or (v) any other taxes or
10 anticipated receipts that the municipality may lawfully
11 pledge.

12 Such obligations may be issued in one or more series
13 bearing interest at such rate or rates as the corporate
14 authorities of the municipality shall determine by ordinance,
15 which rate or rates may be variable or fixed, without regard to
16 any limitations contained in any law now in effect or
17 hereafter adopted. Such obligations shall bear such date or
18 dates, mature at such time or times not exceeding 38 years from
19 their respective dates, but in no event exceeding 38 years
20 from the date of establishment of the economic development
21 project area, be in such denomination, be in such form,
22 whether coupon, registered or book-entry, carry such
23 registration, conversion and exchange privileges, be executed
24 in such manner, be payable in such medium of payment at such
25 place or places within or without the State of Illinois,
26 contain such covenants, terms and conditions, be subject to

1 redemption with or without premium, be subject to defeasance
2 upon such terms, and have such rank or priority, as such
3 ordinance shall provide. Obligations issued pursuant to this
4 Act may be sold at public or private sale at such price as
5 shall be determined by the corporate authorities of the
6 municipalities. Such obligations may, but need not, be issued
7 utilizing the provisions of any one or more of the omnibus bond
8 Acts specified in Section 1.33 of the Statute on Statutes ~~"An~~
9 ~~Act to revise the law in relation to the construction of the~~
10 ~~statutes", approved March 5, 1874, as now or hereafter~~
11 ~~amended~~. No referendum approval of the electors shall be
12 required as a condition to the issuance of obligations
13 pursuant to this Act except as provided in this Section.

14 Whenever a municipality issues bonds for the purpose of
15 financing economic development project costs, the municipality
16 may provide by ordinance for the appointment of a trustee,
17 which may be any trust company within the State, and for the
18 establishment of the funds or accounts to be maintained by
19 such trustee as the municipality shall deem necessary to
20 provide for the security and payment of the bonds. If the
21 municipality provides for the appointment of a trustee, the
22 trustee shall be considered the assignee of any payments
23 assigned by the municipality pursuant to the ordinance and
24 this Section. Any amounts paid to the trustee as assignee
25 shall be deposited in the funds or accounts established
26 pursuant to the trust agreement, and shall be held by the

1 trustee in trust for the benefit of the holders of the bonds,
2 and the holders shall have a lien on and a security interest in
3 those bonds or accounts so long as the bonds remain
4 outstanding and unpaid. Upon retirement of the bonds, the
5 trustee shall pay over any excess amounts held to the
6 municipality for deposit in the special tax allocation fund.

7 In the event the municipality authorizes the issuance of
8 obligations pursuant to the authority of this Act secured by
9 the full faith and credit of the municipality, or pledges ad
10 valorem taxes pursuant to clause (ii) of the second paragraph
11 of this Section, which obligations are other than obligations
12 which may be issued under home rule powers provided by Article
13 VII, Section 6 of the Illinois Constitution or which ad
14 valorem taxes are other than ad valorem taxes which may be
15 pledged under home rule powers provided by Article VII,
16 Section 6 of the Illinois Constitution or which are levied in a
17 special service area pursuant to "An Act to provide the manner
18 of levying or imposing taxes for the provision of special
19 services to areas within the boundaries of home rule units and
20 non-home rule municipalities and counties", approved September
21 21, 1973, as now or hereafter amended, the ordinance
22 authorizing the issuance of those obligations or pledging
23 those taxes shall be published within 10 days after the
24 ordinance has been adopted, in one or more newspapers having a
25 general circulation within the municipality. The publication
26 of the ordinance shall be accompanied by a notice of: (1) the

1 specific number of voters required to sign a petition
2 requesting the question of the issuance of the obligations or
3 pledging such ad valorem taxes to be submitted to the
4 electors; (2) the time within which the petition must be
5 filed; and (3) the date of the prospective referendum. The
6 municipal clerk shall provide a petition form to any
7 individual requesting one.

8 If no petition is filed with the municipal clerk, as
9 hereinafter provided in this Section, within 21 days after the
10 publication of the ordinance, the ordinance shall be in
11 effect. However, if, within that 21-day ~~21-day~~ period, a
12 petition is filed with the municipal clerk, signed by electors
13 numbering not less than 15% of the number of electors voting
14 for the mayor or president at the last general municipal
15 election, asking that the question of issuing obligations
16 using full faith and credit of the municipality as security
17 for the cost of paying for economic development project costs,
18 or of pledging such ad valorem taxes for the payment of those
19 obligations, or both, be submitted to the electors of the
20 municipality, the municipality shall not be authorized to
21 issue obligations of the municipality using the full faith and
22 credit of the municipality as security or pledging such ad
23 valorem taxes for the payment of those obligations, or both,
24 until the proposition has been submitted to and approved by a
25 majority of the voters voting on the proposition at a
26 regularly scheduled election. The municipality shall certify

1 the proposition to the proper election authorities for
2 submission in accordance with the general election law.

3 The ordinance authorizing the obligations may provide that
4 the obligations shall contain a recital that they are issued
5 pursuant to this Act, which recital shall be conclusive
6 evidence of their validity and of the regularity of their
7 issuance.

8 In the event the municipality authorizes issuance of
9 obligations pursuant to this Act secured by the full faith and
10 credit of the municipality, the ordinance authorizing the
11 obligations may provide for the levy and collection of a
12 direct annual tax upon all taxable property within the
13 municipality sufficient to pay the principal thereof and
14 interest thereon as it matures, which levy may be in addition
15 to and exclusive of the maximum of all other taxes authorized
16 to be levied by the municipality, which levy, however, shall
17 be abated to the extent that monies from other sources are
18 available for payment of the obligations and the municipality
19 certifies the amount of those monies available to the county
20 clerk.

21 A certified copy of the ordinance shall be filed with the
22 county clerk of each county in which any portion of the
23 municipality is situated, and shall constitute the authority
24 for the extension and collection of the taxes to be deposited
25 in the special tax allocation fund.

26 A municipality may also issue its obligations to refund,

1 in whole or in part, obligations theretofore issued by the
2 municipality under the authority of this Act, whether at or
3 prior to maturity. However, the last maturity of the refunding
4 obligations shall not be expressed to mature later than 38
5 years from the date of the ordinance establishing the economic
6 development project area.

7 In the event a municipality issues obligations under home
8 rule powers or other legislative authority, the proceeds of
9 which are pledged to pay for economic development project
10 costs, the municipality may, if it has followed the procedures
11 in conformance with this Act, retire those obligations from
12 funds in the special tax allocation fund in amounts and in such
13 manner as if those obligations had been issued pursuant to the
14 provisions of this Act.

15 No obligations issued pursuant to this Act shall be
16 regarded as indebtedness of the municipality issuing those
17 obligations or any other taxing district for the purpose of
18 any limitation imposed by law.

19 Obligations issued pursuant to this Act shall not be
20 subject to the provisions of the Bond Authorization Act "~~An~~
21 ~~Act to authorize public corporations to issue bonds, other~~
22 ~~evidences of indebtedness and tax anticipation warrants~~
23 ~~subject to interest rate limitations set forth therein~~",
24 ~~approved May 26, 1970, as amended.~~

26 (i) If, at any time following the designation of a project

1 as a REV Illinois Project by the Department and prior to the

5 electric vehicle component manufacturer, an electric vehicle
6 power supply equipment manufacturer, a battery recycling and
7 reuse manufacturer, a battery raw materials refining service
8 provider, or an entity engaged in eVTOL or hybrid electric or
9 fully electric propulsion systems for airliners research,
10 development, or manufacturing, that project may receive tax
11 credit awards as described in Section 5-15 and Section 5-51 of
12 the Economic Development for a Growing Economy Tax Credit Act,
13 as long as the project continues to meet requirements to
14 obtain those credits as described in the Economic Development
15 for a Growing Economy Tax Credit Act and remains compliant
16 with terms contained in the Agreement under this Act not
17 related to their status as an electric vehicle manufacturer,
18 an electric vehicle component manufacturer, an electric
19 vehicle power supply equipment manufacturer, a battery
20 recycling and reuse manufacturer, a battery raw materials
21 refining service provider, or an entity engaged in eVTOL or

26 duration of the credit subject to limitations described in

1 Section 5-45 of the Economic Development for a Growing Economy
2 Tax Credit Act.

2 Department.

3 The Department shall determine the period during which the
4 exemption from the Electricity Excise Tax Law and the charges
5 imposed under Section 9-222 of the Public Utilities Act are in
6 effect, which shall not exceed 30 years from the date of the

6 Section 120. The Department of Human Services Act is
7 amended by changing Section 1-75 as follows:

8 (20 ILCS 1305/1-75)

9 (Section scheduled to be repealed on July 1, 2026)

10 Sec. 1-75. Off-Hours Child Care Program.

11 (a) Legislative intent. The General Assembly finds that:

12 (1) Finding child care can be a challenge for
13 firefighters, paramedics, police officers, nurses, and
14 other third shift workers across the State who often work
15 non-typical work hours. This can impact home life, school,
16 bedtime routines, job safety, and the mental health of
17 some of our most critical frontline ~~front-line~~ workers and
18 their families.

19 (2) There is a need for increased options for
20 off-hours child care in the State. A majority of the
21 State's child care facilities do not provide care outside
22 of normal work hours, with just 3,251 day care homes and
23 435 group day care homes that provide night care.

24 (3) Illinois has a vested interest in ensuring that

1 our first responders and working families can provide
2 their children with appropriate care during off hours to
3 improve the morale of existing first responders and to
4 improve recruitment into the future.

5 (b) As used in this Section, "first responders" means
6 emergency medical services personnel as defined in the
7 Emergency Medical Services (EMS) Systems Act, firefighters,
8 law enforcement officers, and, as determined by the
9 Department, any other workers who, on account of their work
10 schedule, need child care outside of the hours when licensed
11 child care facilities typically operate.

12 (c) Subject to appropriation, the Department of Human
13 Services shall establish and administer an Off-Hours Child
14 Care Program to help first responders and other workers
15 identify and access off-hours, night, or sleep time child
16 care. Services funded under the program must address the child
17 care needs of first responders. Funding provided under the
18 program may also be used to cover any capital and operating
19 expenses related to the provision of off-hours, night, or
20 sleep time child care for first responders. Funding awarded
21 under this Section shall be funded through appropriations from
22 the Off-Hours Child Care Program Fund created under subsection

23 (d). The Department shall implement the program by July 1,
24 2023. The Department may adopt any rules necessary to
25 implement the program.

26 (d) The Off-Hours Child Care Program Fund is created as a

1 special fund in the State treasury. The Fund shall consist of
2 any moneys appropriated to the Department of Human Services
3 for the Off-Hours Child Care Program. Moneys in the Fund shall
4 be expended for the Off-Hours Child Care Program and for no
5 other purpose. All interest earned on moneys in the Fund shall
6 be deposited into the Fund.

7 (e) This Section is repealed on July 1, 2026.

23 Compliance Division before July 1, 2021 (the effective date of

1 and responsibilities of the Insurance Compliance Division and
2 are in force on July 1, 2021 (the effective date of Public Act
3 102-37) become the rules of the Department of Insurance.
4 Public Act 102-37 does not affect the legality of any such
5 rules.

6 (e) Any proposed rules filed with the Secretary of State
7 by the Illinois Workers' Compensation Commission that are
8 pending in the rulemaking process on July 1, 2021 (the
9 effective date of Public Act 102-37) and pertain to the
10 transferred powers, duties, rights, and responsibilities are
11 deemed to have been filed by the Department of Insurance. As

16 using the procedures for recodification of rules available
17 under the Illinois Administrative Procedure Act, except that
18 existing title, part, and section numbering for the affected
19 rules may be retained. The Department of Insurance may propose
20 and adopt under the Illinois Administrative Procedure Act
21 other rules of the Illinois Workers' Compensation Commission

1 Sec. 2505-816 ~~2505-815~~. Property tax system study. The
2 Department, in consultation with the Department of Commerce
3 and Economic Opportunity, shall conduct a study to evaluate
4 the property tax system in the State and shall analyze any
5 information collected in connection with that study. The
6 Department may also examine whether the existing property tax
7 levy, assessment, appeal, and collection process is reasonable
8 and fair and may issue recommendations to improve that
9 process. For purposes of conducting the study and analyzing
10 the data required under this Section, the Department may
11 determine the scope of the historical data necessary to
12 complete the study, but in no event shall the scope or time
13 period be less than the 10 most recent tax years for which the
14 Department has complete data. The study shall include, but
15 need not be limited to, the following:

16 (1) a comprehensive review of the classification
17 system used by Cook County in assessing real property in
18 Cook County compared with the rest of the State,
19 including, but not limited to, a projection of the impact,
20 if any, that the assessment of real property in Cook
21 County would exhibit if the classification system were to
22 be phased-out and transitioned to a uniform level of
23 assessment, and the impact, if any, that the Cook County
24 classification system has or has had on economic
25 development or job creation in the county;

19 Section. The Department may also consult with units of local
20 government. To the extent practicable and where applicable,
21 the Department may request relevant, publicly available
22 property tax information from units of local government,
23 including counties and municipalities, that is deemed
24 necessary to complete the study required pursuant to this
25 Section. Units of local government that are required to submit
26 property tax information to the Department must do so in a

1 reasonably expedient manner, to the extent possible, but in no
2 event later than 60 days after the date upon which the
3 Department requests that relevant information.

4 The Department may complete a preliminary report that may
5 be made available for public inspection via electronic means
6 prior to the publication of the final report under this
7 Section. The Department shall complete and submit the final

16 completed by the petitioner is not a conviction. An
17 order of qualified probation (as defined in subsection
18 (a) (1) (J)) successfully completed by the petitioner is
19 not a conviction. An order of supervision or an order
20 of qualified probation that is terminated

22 unsatisfactory termination is reversed, vacated, or
23 modified and the judgment of conviction, if any, is
24 reversed or vacated.

25 (D) "Criminal offense" means a petty offense,

15 the sentence, order of supervision, or order of
16 qualified probation (as defined by subsection
17 (a)(1)(J)), for a criminal offense (as defined by
18 subsection (a)(1)(D)) that terminates last in time in
19 any jurisdiction, regardless of whether the petitioner
20 has included the criminal offense for which the
21 sentence or order of supervision or qualified
22 probation was imposed in his or her petition. If
23 multiple sentences, orders of supervision, or orders

4 Illinois Vehicle Code or a similar provision of a
5 municipal or local ordinance.

24 probation under Section 10 of the Cannabis Control
25 Act, Section 410 of the Illinois Controlled Substances
26 Act, Section 70 of the Methamphetamine Control and

1 Community Protection Act, Section 5-6-3.3 or 5-6-3.4
2 of the Unified Code of Corrections, Section
3 12-4.3(b)(1) and (2) of the Criminal Code of 1961 (as
4 those provisions existed before their deletion by
5 Public Act 89-313), Section 10-102 of the Illinois
6 Alcoholism and Other Drug Dependency Act, Section
7 40-10 of the Substance Use Disorder Act, or Section 10
8 of the Steroid Control Act. For the purpose of this
9 Section, "successful completion" of an order of
10 qualified probation under Section 10-102 of the
11 Illinois Alcoholism and Other Drug Dependency Act and
12 Section 40-10 of the Substance Use Disorder Act means
13 that the probation was terminated satisfactorily and
14 the judgment of conviction was vacated.

20 petitioner's name shall also be obliterated from the
21 official index required to be kept by the circuit
22 court clerk under Section 16 of the Clerks of Courts

25 affected.

26 (L) "Sexual offense committed against a minor"

1 includes, but is not limited to, the offenses of
2 indecent solicitation of a child or criminal sexual
3 abuse when the victim of such offense is under 18 years
4 of age.

5 (M) "Terminate" as it relates to a sentence or
6 order of supervision or qualified probation includes
7 either satisfactory or unsatisfactory termination of
8 the sentence, unless otherwise specified in this
9 Section. A sentence is terminated notwithstanding any
10 outstanding financial legal obligation.

11 (2) Minor Traffic Offenses. Orders of supervision or
12 convictions for minor traffic offenses shall not affect a
13 petitioner's eligibility to expunge or seal records
14 pursuant to this Section.

15 (2.5) Commencing 180 days after July 29, 2016 (the
16 effective date of Public Act 99-697), the law enforcement
17 agency issuing the citation shall automatically expunge,
18 on or before January 1 and July 1 of each year, the law
19 enforcement records of a person found to have committed a
20 civil law violation of subsection (a) of Section 4 of the
21 Cannabis Control Act or subsection (c) of Section 3.5 of
22 the Drug Paraphernalia Control Act in the law enforcement
23 agency's possession or control and which contains the
24 final satisfactory disposition which pertain to the person
25 issued a citation for that offense. The law enforcement
26 agency shall provide by rule the process for access,

1 review, and to confirm the automatic expungement by the
2 law enforcement agency issuing the citation. Commencing
3 180 days after July 29, 2016 (the effective date of Public
4 Act 99-697), the clerk of the circuit court shall expunge,
5 upon order of the court, or in the absence of a court order
6 on or before January 1 and July 1 of each year, the court
7 records of a person found in the circuit court to have
8 committed a civil law violation of subsection (a) of
9 Section 4 of the Cannabis Control Act or subsection (c) of
10 Section 3.5 of the Drug Paraphernalia Control Act in the
11 clerk's possession or control and which contains the final
12 satisfactory disposition which pertain to the person
13 issued a citation for any of those offenses.

14 (3) Exclusions. Except as otherwise provided in
15 subsections (b) (5), (b) (6), (b) (8), (e), (e-5), and (e-6)
16 of this Section, the court shall not order:

17 (A) the sealing or expungement of the records of
18 arrests or charges not initiated by arrest that result
19 in an order of supervision for or conviction of: (i)
20 any sexual offense committed against a minor; (ii)
21 Section 11-501 of the Illinois Vehicle Code or a
22 similar provision of a local ordinance; or (iii)
23 Section 11-503 of the Illinois Vehicle Code or a
24 similar provision of a local ordinance, unless the
25 arrest or charge is for a misdemeanor violation of
26 subsection (a) of Section 11-503 or a similar

1 provision of a local ordinance, that occurred prior to
2 the offender reaching the age of 25 years and the
3 offender has no other conviction for violating Section
4 11-501 or 11-503 of the Illinois Vehicle Code or a
5 similar provision of a local ordinance.

6 (B) the sealing or expungement of records of minor
7 traffic offenses (as defined in subsection (a)(1)(G)),
8 unless the petitioner was arrested and released
9 without charging.

10 (C) the sealing of the records of arrests or
11 charges not initiated by arrest which result in an
12 order of supervision or a conviction for the following
13 offenses:

14 (i) offenses included in Article 11 of the
15 Criminal Code of 1961 or the Criminal Code of 2012
16 or a similar provision of a local ordinance,
17 except Section 11-14 and a misdemeanor violation
18 of Section 11-30 of the Criminal Code of 1961 or
19 the Criminal Code of 2012, or a similar provision
20 of a local ordinance;

21 (ii) Section 11-1.50, 12-3.4, 12-15, 12-30,
22 26-5, or 48-1 of the Criminal Code of 1961 or the
23 Criminal Code of 2012, or a similar provision of a
24 local ordinance;

25 (iii) Section 12-3.1 or 12-3.2 of the Criminal
26 Code of 1961 or the Criminal Code of 2012, or

1 Section 125 of the Stalking No Contact Order Act,
2 or Section 219 of the Civil No Contact Order Act,
3 or a similar provision of a local ordinance;

4 (iv) Class A misdemeanors or felony offenses
5 under the Humane Care for Animals Act; or

6 (v) any offense or attempted offense that
7 would subject a person to registration under the
8 Sex Offender Registration Act.

9 (D) (blank).

10 (b) Expungement.

11 (1) A petitioner may petition the circuit court to
12 expunge the records of his or her arrests and charges not
13 initiated by arrest when each arrest or charge not
14 initiated by arrest sought to be expunged resulted in: (i)
15 acquittal, dismissal, or the petitioner's release without
16 charging, unless excluded by subsection (a)(3)(B); (ii) a
17 conviction which was vacated or reversed, unless excluded
18 by subsection (a)(3)(B); (iii) an order of supervision and
19 such supervision was successfully completed by the
20 petitioner, unless excluded by subsection (a)(3)(A) or
21 (a)(3)(B); or (iv) an order of qualified probation (as
22 defined in subsection (a)(1)(J)) and such probation was
23 successfully completed by the petitioner.

24 (1.5) When a petitioner seeks to have a record of
25 arrest expunged under this Section, and the offender has
26 been convicted of a criminal offense, the State's Attorney

1 may object to the expungement on the grounds that the
2 records contain specific relevant information aside from
3 the mere fact of the arrest.

4 (2) Time frame for filing a petition to expunge.

5 (A) When the arrest or charge not initiated by
6 arrest sought to be expunged resulted in an acquittal,
7 dismissal, the petitioner's release without charging,
8 or the reversal or vacation of a conviction, there is
9 no waiting period to petition for the expungement of
10 such records.

11 (A-5) In anticipation of the successful completion
12 of a problem-solving court, pre-plea diversion, or
13 post-plea diversion program, a petition for
14 expungement may be filed 61 days before the
15 anticipated dismissal of the case or any time
16 thereafter. Upon successful completion of the program
17 and dismissal of the case, the court shall review the
18 petition of the person graduating from the program and
19 shall grant expungement if the petitioner meets all
20 requirements as specified in any applicable statute.

21 (B) When the arrest or charge not initiated by
22 arrest sought to be expunged resulted in an order of
23 supervision, successfully completed by the petitioner,
24 the following time frames will apply:

25 (i) Those arrests or charges that resulted in
26 orders of supervision under Section 3-707, 3-708,

1 3-710, or 5-401.3 of the Illinois Vehicle Code or
2 a similar provision of a local ordinance, or under
3 Section 11-1.50, 12-3.2, or 12-15 of the Criminal
4 Code of 1961 or the Criminal Code of 2012, or a
5 similar provision of a local ordinance, shall not
6 be eligible for expungement until 5 years have
7 passed following the satisfactory termination of
8 the supervision.

9 (i-5) Those arrests or charges that resulted
10 in orders of supervision for a misdemeanor
11 violation of subsection (a) of Section 11-503 of
12 the Illinois Vehicle Code or a similar provision
13 of a local ordinance, that occurred prior to the
14 offender reaching the age of 25 years and the
15 offender has no other conviction for violating
16 Section 11-501 or 11-503 of the Illinois Vehicle
17 Code or a similar provision of a local ordinance
18 shall not be eligible for expungement until the
19 petitioner has reached the age of 25 years.

20 (ii) Those arrests or charges that resulted in
21 orders of supervision for any other offenses shall
22 not be eligible for expungement until 2 years have
23 passed following the satisfactory termination of
24 the supervision.

25 (C) When the arrest or charge not initiated by
26 arrest sought to be expunged resulted in an order of

1 qualified probation, successfully completed by the
2 petitioner, such records shall not be eligible for
3 expungement until 5 years have passed following the
4 satisfactory termination of the probation.

5 (3) Those records maintained by the Illinois State
6 Police for persons arrested prior to their 17th birthday
7 shall be expunged as provided in Section 5-915 of the
8 Juvenile Court Act of 1987.

9 (4) Whenever a person has been arrested for or
10 convicted of any offense, in the name of a person whose
11 identity he or she has stolen or otherwise come into
12 possession of, the aggrieved person from whom the identity
13 was stolen or otherwise obtained without authorization,
14 upon learning of the person having been arrested using his
15 or her identity, may, upon verified petition to the chief
16 judge of the circuit wherein the arrest was made, have a
17 court order entered nunc pro tunc by the Chief Judge to
18 correct the arrest record, conviction record, if any, and
19 all official records of the arresting authority, the
20 Illinois State Police, other criminal justice agencies,
21 the prosecutor, and the trial court concerning such
22 arrest, if any, by removing his or her name from all such
23 records in connection with the arrest and conviction, if
24 any, and by inserting in the records the name of the
25 offender, if known or ascertainable, in lieu of the
26 aggrieved's name. The records of the circuit court clerk

1 shall be sealed until further order of the court upon good
2 cause shown and the name of the aggrieved person
3 obliterated on the official index required to be kept by
4 the circuit court clerk under Section 16 of the Clerks of
5 Courts Act, but the order shall not affect any index
6 issued by the circuit court clerk before the entry of the
7 order. Nothing in this Section shall limit the Illinois
8 State Police or other criminal justice agencies or
9 prosecutors from listing under an offender's name the
10 false names he or she has used.

11 (5) Whenever a person has been convicted of criminal
12 sexual assault, aggravated criminal sexual assault,
13 predatory criminal sexual assault of a child, criminal
14 sexual abuse, or aggravated criminal sexual abuse, the
15 victim of that offense may request that the State's
16 Attorney of the county in which the conviction occurred
17 file a verified petition with the presiding trial judge at
18 the petitioner's trial to have a court order entered to
19 seal the records of the circuit court clerk in connection
20 with the proceedings of the trial court concerning that
21 offense. However, the records of the arresting authority
22 and the Illinois State Police concerning the offense shall
23 not be sealed. The court, upon good cause shown, shall
24 make the records of the circuit court clerk in connection
25 with the proceedings of the trial court concerning the
26 offense available for public inspection.

1 (6) If a conviction has been set aside on direct
2 review or on collateral attack and the court determines by
3 clear and convincing evidence that the petitioner was
4 factually innocent of the charge, the court that finds the
5 petitioner factually innocent of the charge shall enter an
6 expungement order for the conviction for which the
7 petitioner has been determined to be innocent as provided
8 in subsection (b) of Section 5-5-4 of the Unified Code of
9 Corrections.

10 (7) Nothing in this Section shall prevent the Illinois
11 State Police from maintaining all records of any person
12 who is admitted to probation upon terms and conditions and
13 who fulfills those terms and conditions pursuant to
14 Section 10 of the Cannabis Control Act, Section 410 of the
15 Illinois Controlled Substances Act, Section 70 of the
16 Methamphetamine Control and Community Protection Act,
17 Section 5-6-3.3 or 5-6-3.4 of the Unified Code of
18 Corrections, Section 12-4.3 or subdivision (b)(1) of
19 Section 12-3.05 of the Criminal Code of 1961 or the
20 Criminal Code of 2012, Section 10-102 of the Illinois
21 Alcoholism and Other Drug Dependency Act, Section 40-10 of
22 the Substance Use Disorder Act, or Section 10 of the
23 Steroid Control Act.

24 (8) If the petitioner has been granted a certificate
25 of innocence under Section 2-702 of the Code of Civil
26 Procedure, the court that grants the certificate of

1 innocence shall also enter an order expunging the
2 conviction for which the petitioner has been determined to
3 be innocent as provided in subsection (h) of Section 2-702
4 of the Code of Civil Procedure.

5 (c) Sealing.

6 (1) Applicability. Notwithstanding any other provision
7 of this Act to the contrary, and cumulative with any
8 rights to expungement of criminal records, this subsection
9 authorizes the sealing of criminal records of adults and
10 of minors prosecuted as adults. Subsection (g) of this
11 Section provides for immediate sealing of certain records.

12 (2) Eligible Records. The following records may be
13 sealed:

14 (A) All arrests resulting in release without
15 charging;

16 (B) Arrests or charges not initiated by arrest
17 resulting in acquittal, dismissal, or conviction when
18 the conviction was reversed or vacated, except as
19 excluded by subsection (a) (3) (B);

20 (C) Arrests or charges not initiated by arrest
21 resulting in orders of supervision, including orders
22 of supervision for municipal ordinance violations,
23 successfully completed by the petitioner, unless
24 excluded by subsection (a) (3);

25 (D) Arrests or charges not initiated by arrest
26 resulting in convictions, including convictions on

1 municipal ordinance violations, unless excluded by
2 subsection (a) (3);

3 (E) Arrests or charges not initiated by arrest
4 resulting in orders of first offender probation under
5 Section 10 of the Cannabis Control Act, Section 410 of
6 the Illinois Controlled Substances Act, Section 70 of
7 the Methamphetamine Control and Community Protection
8 Act, or Section 5-6-3.3 of the Unified Code of
9 Corrections; and

10 (F) Arrests or charges not initiated by arrest
11 resulting in felony convictions unless otherwise
12 excluded by subsection (a) paragraph (3) of this
13 Section.

14 (3) When Records Are Eligible to Be Sealed. Records
15 identified as eligible under subsection (c) (2) may be
16 sealed as follows:

17 (A) Records identified as eligible under
18 subsections (c) (2) (A) and (c) (2) (B) may be sealed at
19 any time.

20 (B) Except as otherwise provided in subparagraph
21 (E) of this paragraph (3), records identified as
22 eligible under subsection (c) (2) (C) may be sealed 2
23 years after the termination of petitioner's last
24 sentence (as defined in subsection (a) (1) (F)).

25 (C) Except as otherwise provided in subparagraph
26 (E) of this paragraph (3), records identified as

1 eligible under subsections (c)(2)(D), (c)(2)(E), and
2 (c)(2)(F) may be sealed 3 years after the termination
3 of the petitioner's last sentence (as defined in
4 subsection (a)(1)(F)). Convictions requiring public
5 registration under the Arsonist Registry Act, the Sex
6 Offender Registration Act, or the Murderer and Violent
7 Offender Against Youth Registration Act may not be
8 sealed until the petitioner is no longer required to
9 register under that relevant Act.

10 (D) Records identified in subsection
11 (a)(3)(A)(iii) may be sealed after the petitioner has
12 reached the age of 25 years.

13 (E) Records identified as eligible under
14 subsection (c)(2)(C), (c)(2)(D), (c)(2)(E), or
15 (c)(2)(F) may be sealed upon termination of the
16 petitioner's last sentence if the petitioner earned a
17 high school diploma, associate's degree, career
18 certificate, vocational technical certification, or
19 bachelor's degree, or passed the high school level
20 Test of General Educational Development, during the
21 period of his or her sentence or mandatory supervised
22 release. This subparagraph shall apply only to a
23 petitioner who has not completed the same educational
24 goal prior to the period of his or her sentence or
25 mandatory supervised release. If a petition for
26 sealing eligible records filed under this subparagraph

1 is denied by the court, the time periods under
2 subparagraph (B) or (C) shall apply to any subsequent
3 petition for sealing filed by the petitioner.

4 (4) Subsequent felony convictions. A person may not
5 have subsequent felony conviction records sealed as
6 provided in this subsection (c) if he or she is convicted
7 of any felony offense after the date of the sealing of
8 prior felony convictions as provided in this subsection
9 (c). The court may, upon conviction for a subsequent
10 felony offense, order the unsealing of prior felony
11 conviction records previously ordered sealed by the court.

12 (5) Notice of eligibility for sealing. Upon entry of a
13 disposition for an eligible record under this subsection
14 (c), the petitioner shall be informed by the court of the
15 right to have the records sealed and the procedures for
16 the sealing of the records.

17 (d) Procedure. The following procedures apply to
18 expungement under subsections (b), (e), and (e-6) and sealing
19 under subsections (c) and (e-5):

20 (1) Filing the petition. Upon becoming eligible to
21 petition for the expungement or sealing of records under
22 this Section, the petitioner shall file a petition
23 requesting the expungement or sealing of records with the
24 clerk of the court where the arrests occurred or the
25 charges were brought, or both. If arrests occurred or
26 charges were brought in multiple jurisdictions, a petition

1 must be filed in each such jurisdiction. The petitioner
2 shall pay the applicable fee, except no fee shall be
3 required if the petitioner has obtained a court order
4 waiving fees under Supreme Court Rule 298 or it is
5 otherwise waived.

6 (1.5) County fee waiver pilot program. From August 9,
7 2019 (the effective date of Public Act 101-306) through
8 December 31, 2020, in a county of 3,000,000 or more
9 inhabitants, no fee shall be required to be paid by a
10 petitioner if the records sought to be expunged or sealed
11 were arrests resulting in release without charging or
12 arrests or charges not initiated by arrest resulting in
13 acquittal, dismissal, or conviction when the conviction
14 was reversed or vacated, unless excluded by subsection
15 (a)(3)(B). The provisions of this paragraph (1.5), other
16 than this sentence, are inoperative on and after January
17 1, 2022.

18 (2) Contents of petition. The petition shall be
19 verified and shall contain the petitioner's name, date of
20 birth, current address and, for each arrest or charge not
21 initiated by arrest sought to be sealed or expunged, the
22 case number, the date of arrest (if any), the identity of
23 the arresting authority, and such other information as the
24 court may require. During the pendency of the proceeding,
25 the petitioner shall promptly notify the circuit court
26 clerk of any change of his or her address. If the

1 petitioner has received a certificate of eligibility for
2 sealing from the Prisoner Review Board under paragraph
3 (10) of subsection (a) of Section 3-3-2 of the Unified
4 Code of Corrections, the certificate shall be attached to
5 the petition.

6 (3) Drug test. The petitioner must attach to the
7 petition proof that the petitioner has taken within 30
8 days before the filing of the petition a test showing the
9 absence within his or her body of all illegal substances
10 as defined by the Illinois Controlled Substances Act and
11 the Methamphetamine Control and Community Protection Act
12 if he or she is petitioning to:

13 (A) seal felony records under clause (c) (2) (E);

14 (B) seal felony records for a violation of the
15 Illinois Controlled Substances Act, the
16 Methamphetamine Control and Community Protection Act,
17 or the Cannabis Control Act under clause (c) (2) (F);

18 (C) seal felony records under subsection (e-5); or

19 (D) expunge felony records of a qualified
20 probation under clause (b) (1) (iv).

21 (4) Service of petition. The circuit court clerk shall
22 promptly serve a copy of the petition and documentation to
23 support the petition under subsection (e-5) or (e-6) on
24 the State's Attorney or prosecutor charged with the duty
25 of prosecuting the offense, the Illinois State Police, the
26 arresting agency and the chief legal officer of the unit

1 of local government effecting the arrest.

2 (5) Objections.

3 (A) Any party entitled to notice of the petition
4 may file an objection to the petition. All objections
5 shall be in writing, shall be filed with the circuit
6 court clerk, and shall state with specificity the
7 basis of the objection. Whenever a person who has been
8 convicted of an offense is granted a pardon by the
9 Governor which specifically authorizes expungement, an
10 objection to the petition may not be filed.

11 (B) Objections to a petition to expunge or seal
12 must be filed within 60 days of the date of service of
13 the petition.

14 (6) Entry of order.

15 (A) The Chief Judge of the circuit wherein the
16 charge was brought, any judge of that circuit
17 designated by the Chief Judge, or in counties of less
18 than 3,000,000 inhabitants, the presiding trial judge
19 at the petitioner's trial, if any, shall rule on the
20 petition to expunge or seal as set forth in this
21 subsection (d) (6).

22 (B) Unless the State's Attorney or prosecutor, the
23 Illinois State Police, the arresting agency, or the
24 chief legal officer files an objection to the petition
25 to expunge or seal within 60 days from the date of
26 service of the petition, the court shall enter an

1 order granting or denying the petition.

2 (C) Notwithstanding any other provision of law,
3 the court shall not deny a petition for sealing under
4 this Section because the petitioner has not satisfied
5 an outstanding legal financial obligation established,
6 imposed, or originated by a court, law enforcement
7 agency, or a municipal, State, county, or other unit
8 of local government, including, but not limited to,
9 any cost, assessment, fine, or fee. An outstanding
10 legal financial obligation does not include any court
11 ordered restitution to a victim under Section 5-5-6 of
12 the Unified Code of Corrections, unless the
13 restitution has been converted to a civil judgment.
14 Nothing in this subparagraph (C) waives, rescinds, or
15 abrogates a legal financial obligation or otherwise
16 eliminates or affects the right of the holder of any
17 financial obligation to pursue collection under
18 applicable federal, State, or local law.

19 (D) Notwithstanding any other provision of law,
20 the court shall not deny a petition to expunge or seal
21 under this Section because the petitioner has
22 submitted a drug test taken within 30 days before the
23 filing of the petition to expunge or seal that
24 indicates a positive test for the presence of cannabis
25 within the petitioner's body. In this subparagraph
26 (D), "cannabis" has the meaning ascribed to it in

1 Section 3 of the Cannabis Control Act.

2 (7) Hearings. If an objection is filed, the court
3 shall set a date for a hearing and notify the petitioner
4 and all parties entitled to notice of the petition of the
5 hearing date at least 30 days prior to the hearing. Prior
6 to the hearing, the State's Attorney shall consult with
7 the Illinois State Police as to the appropriateness of the
8 relief sought in the petition to expunge or seal. At the
9 hearing, the court shall hear evidence on whether the
10 petition should or should not be granted, and shall grant
11 or deny the petition to expunge or seal the records based
12 on the evidence presented at the hearing. The court may
13 consider the following:

14 (A) the strength of the evidence supporting the
15 defendant's conviction;

16 (B) the reasons for retention of the conviction
17 records by the State;

18 (C) the petitioner's age, criminal record history,
19 and employment history;

20 (D) the period of time between the petitioner's
21 arrest on the charge resulting in the conviction and
22 the filing of the petition under this Section; and

23 (E) the specific adverse consequences the
24 petitioner may be subject to if the petition is
25 denied.

26 (8) Service of order. After entering an order to

1 expunge or seal records, the court must provide copies of
2 the order to the Illinois State Police, in a form and
3 manner prescribed by the Illinois State Police, to the
4 petitioner, to the State's Attorney or prosecutor charged
5 with the duty of prosecuting the offense, to the arresting
6 agency, to the chief legal officer of the unit of local
7 government effecting the arrest, and to such other
8 criminal justice agencies as may be ordered by the court.

9 (9) Implementation of order.

10 (A) Upon entry of an order to expunge records
11 pursuant to subsection (b) (2) (A) or (b) (2) (B) (ii), or
12 both:

13 (i) the records shall be expunged (as defined
14 in subsection (a) (1) (E)) by the arresting agency,
15 the Illinois State Police, and any other agency as
16 ordered by the court, within 60 days of the date of
17 service of the order, unless a motion to vacate,
18 modify, or reconsider the order is filed pursuant
19 to paragraph (12) of subsection (d) of this
20 Section;

21 (ii) the records of the circuit court clerk
22 shall be impounded until further order of the
23 court upon good cause shown and the name of the
24 petitioner obliterated on the official index
25 required to be kept by the circuit court clerk
26 under Section 16 of the Clerks of Courts Act, but

1 the order shall not affect any index issued by the
2 circuit court clerk before the entry of the order;
3 and

4 (iii) in response to an inquiry for expunged
5 records, the court, the Illinois State Police, or
6 the agency receiving such inquiry, shall reply as
7 it does in response to inquiries when no records
8 ever existed.

9 (B) Upon entry of an order to expunge records
10 pursuant to subsection (b) (2) (B) (i) or (b) (2) (C), or
11 both:

12 (i) the records shall be expunged (as defined
13 in subsection (a) (1) (E)) by the arresting agency
14 and any other agency as ordered by the court,
15 within 60 days of the date of service of the order,
16 unless a motion to vacate, modify, or reconsider
17 the order is filed pursuant to paragraph (12) of
18 subsection (d) of this Section;

19 (ii) the records of the circuit court clerk
20 shall be impounded until further order of the
21 court upon good cause shown and the name of the
22 petitioner obliterated on the official index
23 required to be kept by the circuit court clerk
24 under Section 16 of the Clerks of Courts Act, but
25 the order shall not affect any index issued by the
26 circuit court clerk before the entry of the order;

1 (iii) the records shall be impounded by the
2 Illinois State Police within 60 days of the date
3 of service of the order as ordered by the court,
4 unless a motion to vacate, modify, or reconsider
5 the order is filed pursuant to paragraph (12) of
6 subsection (d) of this Section;

7 (iv) records impounded by the Illinois State
8 Police may be disseminated by the Illinois State
9 Police only as required by law or to the arresting
10 authority, the State's Attorney, and the court
11 upon a later arrest for the same or a similar
12 offense or for the purpose of sentencing for any
13 subsequent felony, and to the Department of
14 Corrections upon conviction for any offense; and

15 (v) in response to an inquiry for such records
16 from anyone not authorized by law to access such
17 records, the court, the Illinois State Police, or
18 the agency receiving such inquiry shall reply as
19 it does in response to inquiries when no records
20 ever existed.

21 (B-5) Upon entry of an order to expunge records
22 under subsection (e-6):

23 (i) the records shall be expunged (as defined
24 in subsection (a)(1)(E)) by the arresting agency
25 and any other agency as ordered by the court,
26 within 60 days of the date of service of the order,

1 unless a motion to vacate, modify, or reconsider
2 the order is filed under paragraph (12) of
3 subsection (d) of this Section;

4 (ii) the records of the circuit court clerk
5 shall be impounded until further order of the
6 court upon good cause shown and the name of the
7 petitioner obliterated on the official index
8 required to be kept by the circuit court clerk
9 under Section 16 of the Clerks of Courts Act, but
10 the order shall not affect any index issued by the
11 circuit court clerk before the entry of the order;

12 (iii) the records shall be impounded by the
13 Illinois State Police within 60 days of the date
14 of service of the order as ordered by the court,
15 unless a motion to vacate, modify, or reconsider
16 the order is filed under paragraph (12) of
17 subsection (d) of this Section;

18 (iv) records impounded by the Illinois State
19 Police may be disseminated by the Illinois State
20 Police only as required by law or to the arresting
21 authority, the State's Attorney, and the court
22 upon a later arrest for the same or a similar
23 offense or for the purpose of sentencing for any
24 subsequent felony, and to the Department of
25 Corrections upon conviction for any offense; and

26 (v) in response to an inquiry for these

1 records from anyone not authorized by law to
2 access the records, the court, the Illinois State
3 Police, or the agency receiving the inquiry shall
4 reply as it does in response to inquiries when no
5 records ever existed.

6 (C) Upon entry of an order to seal records under
7 subsection (c), the arresting agency, any other agency
8 as ordered by the court, the Illinois State Police,
9 and the court shall seal the records (as defined in
10 subsection (a)(1)(K)). In response to an inquiry for
11 such records, from anyone not authorized by law to
12 access such records, the court, the Illinois State
13 Police, or the agency receiving such inquiry shall
14 reply as it does in response to inquiries when no
15 records ever existed.

16 (D) The Illinois State Police shall send written
17 notice to the petitioner of its compliance with each
18 order to expunge or seal records within 60 days of the
19 date of service of that order or, if a motion to
20 vacate, modify, or reconsider is filed, within 60 days
21 of service of the order resolving the motion, if that
22 order requires the Illinois State Police to expunge or
23 seal records. In the event of an appeal from the
24 circuit court order, the Illinois State Police shall
25 send written notice to the petitioner of its
26 compliance with an Appellate Court or Supreme Court

1 judgment to expunge or seal records within 60 days of
2 the issuance of the court's mandate. The notice is not
3 required while any motion to vacate, modify, or
4 reconsider, or any appeal or petition for
5 discretionary appellate review, is pending.

6 (E) Upon motion, the court may order that a sealed
7 judgment or other court record necessary to
8 demonstrate the amount of any legal financial
9 obligation due and owing be made available for the
10 limited purpose of collecting any legal financial
11 obligations owed by the petitioner that were
12 established, imposed, or originated in the criminal
13 proceeding for which those records have been sealed.
14 The records made available under this subparagraph (E)
15 shall not be entered into the official index required
16 to be kept by the circuit court clerk under Section 16
17 of the Clerks of Courts Act and shall be immediately
18 re-impounded upon the collection of the outstanding
19 financial obligations.

20 (F) Notwithstanding any other provision of this
21 Section, a circuit court clerk may access a sealed
22 record for the limited purpose of collecting payment
23 for any legal financial obligations that were
24 established, imposed, or originated in the criminal
25 proceedings for which those records have been sealed.

26 (10) Fees. The Illinois State Police may charge the

1 petitioner a fee equivalent to the cost of processing any
2 order to expunge or seal records. Notwithstanding any
3 provision of the Clerks of Courts Act to the contrary, the
4 circuit court clerk may charge a fee equivalent to the
5 cost associated with the sealing or expungement of records
6 by the circuit court clerk. From the total filing fee
7 collected for the petition to seal or expunge, the circuit
8 court clerk shall deposit \$10 into the Circuit Court Clerk
9 Operation and Administrative Fund, to be used to offset
10 the costs incurred by the circuit court clerk in
11 performing the additional duties required to serve the
12 petition to seal or expunge on all parties. The circuit
13 court clerk shall collect and remit the Illinois State
14 Police portion of the fee to the State Treasurer and it
15 shall be deposited in the State Police Services Fund. If
16 the record brought under an expungement petition was
17 previously sealed under this Section, the fee for the
18 expungement petition for that same record shall be waived.

19 (11) Final Order. No court order issued under the
20 expungement or sealing provisions of this Section shall
21 become final for purposes of appeal until 30 days after
22 service of the order on the petitioner and all parties
23 entitled to notice of the petition.

24 (12) Motion to Vacate, Modify, or Reconsider. Under
25 Section 2-1203 of the Code of Civil Procedure, the
26 petitioner or any party entitled to notice may file a

1 motion to vacate, modify, or reconsider the order granting
2 or denying the petition to expunge or seal within 60 days
3 of service of the order. If filed more than 60 days after
4 service of the order, a petition to vacate, modify, or
5 reconsider shall comply with subsection (c) of Section
6 2-1401 of the Code of Civil Procedure. Upon filing of a
7 motion to vacate, modify, or reconsider, notice of the
8 motion shall be served upon the petitioner and all parties
9 entitled to notice of the petition.

10 (13) Effect of Order. An order granting a petition
11 under the expungement or sealing provisions of this
12 Section shall not be considered void because it fails to
13 comply with the provisions of this Section or because of
14 any error asserted in a motion to vacate, modify, or
15 reconsider. The circuit court retains jurisdiction to
16 determine whether the order is voidable and to vacate,
17 modify, or reconsider its terms based on a motion filed
18 under paragraph (12) of this subsection (d).

19 (14) Compliance with Order Granting Petition to Seal
20 Records. Unless a court has entered a stay of an order
21 granting a petition to seal, all parties entitled to
22 notice of the petition must fully comply with the terms of
23 the order within 60 days of service of the order even if a
24 party is seeking relief from the order through a motion
25 filed under paragraph (12) of this subsection (d) or is
26 appealing the order.

1 (15) Compliance with Order Granting Petition to
2 Expunge Records. While a party is seeking relief from the
3 order granting the petition to expunge through a motion
4 filed under paragraph (12) of this subsection (d) or is
5 appealing the order, and unless a court has entered a stay
6 of that order, the parties entitled to notice of the
7 petition must seal, but need not expunge, the records
8 until there is a final order on the motion for relief or,
9 in the case of an appeal, the issuance of that court's
10 mandate.

11 (16) The changes to this subsection (d) made by Public
12 Act 98-163 apply to all petitions pending on August 5,
13 2013 (the effective date of Public Act 98-163) and to all
14 orders ruling on a petition to expunge or seal on or after
15 August 5, 2013 (the effective date of Public Act 98-163).

16 (e) Whenever a person who has been convicted of an offense
17 is granted a pardon by the Governor which specifically
18 authorizes expungement, he or she may, upon verified petition
19 to the Chief Judge of the circuit where the person had been
20 convicted, any judge of the circuit designated by the Chief
21 Judge, or in counties of less than 3,000,000 inhabitants, the
22 presiding trial judge at the defendant's trial, have a court
23 order entered expunging the record of arrest from the official
24 records of the arresting authority and order that the records
25 of the circuit court clerk and the Illinois State Police be
26 sealed until further order of the court upon good cause shown

1 or as otherwise provided herein, and the name of the defendant
2 obliterated from the official index requested to be kept by
3 the circuit court clerk under Section 16 of the Clerks of
4 Courts Act in connection with the arrest and conviction for
5 the offense for which he or she had been pardoned but the order
6 shall not affect any index issued by the circuit court clerk
7 before the entry of the order. All records sealed by the
8 Illinois State Police may be disseminated by the Illinois
9 State Police only to the arresting authority, the State's
10 Attorney, and the court upon a later arrest for the same or
11 similar offense or for the purpose of sentencing for any
12 subsequent felony. Upon conviction for any subsequent offense,
13 the Department of Corrections shall have access to all sealed
14 records of the Illinois State Police pertaining to that
15 individual. Upon entry of the order of expungement, the
16 circuit court clerk shall promptly mail a copy of the order to
17 the person who was pardoned.

18 (e-5) Whenever a person who has been convicted of an
19 offense is granted a certificate of eligibility for sealing by
20 the Prisoner Review Board which specifically authorizes
21 sealing, he or she may, upon verified petition to the Chief
22 Judge of the circuit where the person had been convicted, any
23 judge of the circuit designated by the Chief Judge, or in
24 counties of less than 3,000,000 inhabitants, the presiding
25 trial judge at the petitioner's trial, have a court order
26 entered sealing the record of arrest from the official records

1 of the arresting authority and order that the records of the
2 circuit court clerk and the Illinois State Police be sealed
3 until further order of the court upon good cause shown or as
4 otherwise provided herein, and the name of the petitioner
5 obliterated from the official index requested to be kept by
6 the circuit court clerk under Section 16 of the Clerks of
7 Courts Act in connection with the arrest and conviction for
8 the offense for which he or she had been granted the
9 certificate but the order shall not affect any index issued by
10 the circuit court clerk before the entry of the order. All
11 records sealed by the Illinois State Police may be
12 disseminated by the Illinois State Police only as required by
13 this Act or to the arresting authority, a law enforcement
14 agency, the State's Attorney, and the court upon a later
15 arrest for the same or similar offense or for the purpose of
16 sentencing for any subsequent felony. Upon conviction for any
17 subsequent offense, the Department of Corrections shall have
18 access to all sealed records of the Illinois State Police
19 pertaining to that individual. Upon entry of the order of
20 sealing, the circuit court clerk shall promptly mail a copy of
21 the order to the person who was granted the certificate of
22 eligibility for sealing.

23 (e-6) Whenever a person who has been convicted of an
24 offense is granted a certificate of eligibility for
25 expungement by the Prisoner Review Board which specifically
26 authorizes expungement, he or she may, upon verified petition

1 to the Chief Judge of the circuit where the person had been
2 convicted, any judge of the circuit designated by the Chief
3 Judge, or in counties of less than 3,000,000 inhabitants, the
4 presiding trial judge at the petitioner's trial, have a court
5 order entered expunging the record of arrest from the official
6 records of the arresting authority and order that the records
7 of the circuit court clerk and the Illinois State Police be
8 sealed until further order of the court upon good cause shown
9 or as otherwise provided herein, and the name of the
10 petitioner obliterated from the official index requested to be
11 kept by the circuit court clerk under Section 16 of the Clerks
12 of Courts Act in connection with the arrest and conviction for
13 the offense for which he or she had been granted the
14 certificate but the order shall not affect any index issued by
15 the circuit court clerk before the entry of the order. All
16 records sealed by the Illinois State Police may be
17 disseminated by the Illinois State Police only as required by
18 this Act or to the arresting authority, a law enforcement
19 agency, the State's Attorney, and the court upon a later
20 arrest for the same or similar offense or for the purpose of
21 sentencing for any subsequent felony. Upon conviction for any
22 subsequent offense, the Department of Corrections shall have
23 access to all expunged records of the Illinois State Police
24 pertaining to that individual. Upon entry of the order of
25 expungement, the circuit court clerk shall promptly mail a
26 copy of the order to the person who was granted the certificate

1 of eligibility for expungement.

2 (f) Subject to available funding, the Illinois Department
3 of Corrections shall conduct a study of the impact of sealing,
4 especially on employment and recidivism rates, utilizing a
5 random sample of those who apply for the sealing of their
6 criminal records under Public Act 93-211. At the request of
7 the Illinois Department of Corrections, records of the
8 Illinois Department of Employment Security shall be utilized
9 as appropriate to assist in the study. The study shall not
10 disclose any data in a manner that would allow the
11 identification of any particular individual or employing unit.
12 The study shall be made available to the General Assembly no
13 later than September 1, 2010.

14 (g) Immediate Sealing.

15 (1) Applicability. Notwithstanding any other provision
16 of this Act to the contrary, and cumulative with any
17 rights to expungement or sealing of criminal records, this
18 subsection authorizes the immediate sealing of criminal
19 records of adults and of minors prosecuted as adults.

20 (2) Eligible Records. Arrests or charges not initiated
21 by arrest resulting in acquittal or dismissal with
22 prejudice, except as excluded by subsection (a)(3)(B),
23 that occur on or after January 1, 2018 (the effective date
24 of Public Act 100-282), may be sealed immediately if the
25 petition is filed with the circuit court clerk on the same
26 day and during the same hearing in which the case is

1 disposed.

2 (3) When Records are Eligible to be Immediately
3 Sealed. Eligible records under paragraph (2) of this
4 subsection (g) may be sealed immediately after entry of
5 the final disposition of a case, notwithstanding the
6 disposition of other charges in the same case.

7 (4) Notice of Eligibility for Immediate Sealing. Upon
8 entry of a disposition for an eligible record under this
9 subsection (g), the defendant shall be informed by the
10 court of his or her right to have eligible records
11 immediately sealed and the procedure for the immediate
12 sealing of these records.

13 (5) Procedure. The following procedures apply to
14 immediate sealing under this subsection (g).

15 (A) Filing the Petition. Upon entry of the final
16 disposition of the case, the defendant's attorney may
17 immediately petition the court, on behalf of the
18 defendant, for immediate sealing of eligible records
19 under paragraph (2) of this subsection (g) that are
20 entered on or after January 1, 2018 (the effective
21 date of Public Act 100-282). The immediate sealing
22 petition may be filed with the circuit court clerk
23 during the hearing in which the final disposition of
24 the case is entered. If the defendant's attorney does
25 not file the petition for immediate sealing during the
26 hearing, the defendant may file a petition for sealing

1 at any time as authorized under subsection (c) (3) (A) .

2 (B) Contents of Petition. The immediate sealing
3 petition shall be verified and shall contain the
4 petitioner's name, date of birth, current address, and
5 for each eligible record, the case number, the date of
6 arrest if applicable, the identity of the arresting
7 authority if applicable, and other information as the
8 court may require.

9 (C) Drug Test. The petitioner shall not be
10 required to attach proof that he or she has passed a
11 drug test.

12 (D) Service of Petition. A copy of the petition
13 shall be served on the State's Attorney in open court.
14 The petitioner shall not be required to serve a copy of
15 the petition on any other agency.

16 (E) Entry of Order. The presiding trial judge
17 shall enter an order granting or denying the petition
18 for immediate sealing during the hearing in which it
19 is filed. Petitions for immediate sealing shall be
20 ruled on in the same hearing in which the final
21 disposition of the case is entered.

22 (F) Hearings. The court shall hear the petition
23 for immediate sealing on the same day and during the
24 same hearing in which the disposition is rendered.

25 (G) Service of Order. An order to immediately seal
26 eligible records shall be served in conformance with

1 subsection (d) (8) .

2 (H) Implementation of Order. An order to
3 immediately seal records shall be implemented in
4 conformance with subsections (d) (9) (C) and (d) (9) (D) .

5 (I) Fees. The fee imposed by the circuit court
6 clerk and the Illinois State Police shall comply with
7 paragraph (1) of subsection (d) of this Section.

8 (J) Final Order. No court order issued under this
9 subsection (g) shall become final for purposes of
10 appeal until 30 days after service of the order on the
11 petitioner and all parties entitled to service of the
12 order in conformance with subsection (d) (8) .

13 (K) Motion to Vacate, Modify, or Reconsider. Under
14 Section 2-1203 of the Code of Civil Procedure, the
15 petitioner, State's Attorney, or the Illinois State
16 Police may file a motion to vacate, modify, or
17 reconsider the order denying the petition to
18 immediately seal within 60 days of service of the
19 order. If filed more than 60 days after service of the
20 order, a petition to vacate, modify, or reconsider
21 shall comply with subsection (c) of Section 2-1401 of
22 the Code of Civil Procedure.

23 (L) Effect of Order. An order granting an
24 immediate sealing petition shall not be considered
25 void because it fails to comply with the provisions of
26 this Section or because of an error asserted in a

1 motion to vacate, modify, or reconsider. The circuit
2 court retains jurisdiction to determine whether the
3 order is voidable, and to vacate, modify, or
4 reconsider its terms based on a motion filed under
5 subparagraph (L) of this subsection (g).

6 (M) Compliance with Order Granting Petition to
7 Seal Records. Unless a court has entered a stay of an
8 order granting a petition to immediately seal, all
9 parties entitled to service of the order must fully
10 comply with the terms of the order within 60 days of
11 service of the order.

12 (h) Sealing or vacation and expungement of trafficking
13 victims' crimes.

14 (1) A trafficking victim, as defined by paragraph (10)
15 of subsection (a) of Section 10-9 of the Criminal Code of
16 2012, may petition for vacation and expungement or
17 immediate sealing of his or her criminal record upon the
18 completion of his or her last sentence if his or her
19 participation in the underlying offense was a result of
20 human trafficking under Section 10-9 of the Criminal Code
21 of 2012 or a severe form of trafficking under the federal
22 Trafficking Victims Protection Act.

23 (1.5) A petition under paragraph (1) shall be
24 prepared, signed, and filed in accordance with Supreme
25 Court Rule 9. The court may allow the petitioner to attend
26 any required hearing remotely in accordance with local

1 rules. The court may allow a petition to be filed under
2 seal if the public filing of the petition would constitute
3 a risk of harm to the petitioner.

4 (2) A petitioner under this subsection (h), in
5 addition to the requirements provided under paragraph (4)
6 of subsection (d) of this Section, shall include in his or
7 her petition a clear and concise statement that: (A) he or
8 she was a victim of human trafficking at the time of the
9 offense; and (B) that his or her participation in the
10 offense was a result of human trafficking under Section
11 10-9 of the Criminal Code of 2012 or a severe form of
12 trafficking under the federal Trafficking Victims
13 Protection Act.

14 (3) If an objection is filed alleging that the
15 petitioner is not entitled to vacation and expungement or
16 immediate sealing under this subsection (h), the court
17 shall conduct a hearing under paragraph (7) of subsection
18 (d) of this Section and the court shall determine whether
19 the petitioner is entitled to vacation and expungement or
20 immediate sealing under this subsection (h). A petitioner
21 is eligible for vacation and expungement or immediate
22 relief under this subsection (h) if he or she shows, by a
23 preponderance of the evidence, that: (A) he or she was a
24 victim of human trafficking at the time of the offense;
25 and (B) that his or her participation in the offense was a
26 result of human trafficking under Section 10-9 of the

1 Criminal Code of 2012 or a severe form of trafficking
2 under the federal Trafficking Victims Protection Act.

3 (i) Minor Cannabis Offenses under the Cannabis Control
4 Act.

5 (1) Expungement of Arrest Records of Minor Cannabis
6 Offenses.

7 (A) The Illinois State Police and all law
8 enforcement agencies within the State shall
9 automatically expunge all criminal history records of
10 an arrest, charge not initiated by arrest, order of
11 supervision, or order of qualified probation for a
12 Minor Cannabis Offense committed prior to June 25,
13 2019 (the effective date of Public Act 101-27) if:

14 (i) One year or more has elapsed since the
15 date of the arrest or law enforcement interaction
16 documented in the records; and

17 (ii) No criminal charges were filed relating
18 to the arrest or law enforcement interaction or
19 criminal charges were filed and subsequently
20 dismissed or vacated or the arrestee was
21 acquitted.

22 (B) If the law enforcement agency is unable to
23 verify satisfaction of condition (ii) in paragraph
24 (A), records that satisfy condition (i) in paragraph
25 (A) shall be automatically expunged.

26 (C) Records shall be expunged by the law

1 enforcement agency under the following timelines:

2 (i) Records created prior to June 25, 2019
3 (the effective date of Public Act 101-27), but on
4 or after January 1, 2013, shall be automatically
5 expunged prior to January 1, 2021;

6 (ii) Records created prior to January 1, 2013,
7 but on or after January 1, 2000, shall be
8 automatically expunged prior to January 1, 2023;

9 (iii) Records created prior to January 1, 2000
10 shall be automatically expunged prior to January
11 1, 2025.

12 In response to an inquiry for expunged records,
13 the law enforcement agency receiving such inquiry
14 shall reply as it does in response to inquiries when no
15 records ever existed; however, it shall provide a
16 certificate of disposition or confirmation that the
17 record was expunged to the individual whose record was
18 expunged if such a record exists.

19 (D) Nothing in this Section shall be construed to
20 restrict or modify an individual's right to have that
21 individual's records expunged except as otherwise may
22 be provided in this Act, or diminish or abrogate any
23 rights or remedies otherwise available to the
24 individual.

25 (2) Pardons Authorizing Expungement of Minor Cannabis
26 Offenses.

1 (A) Upon June 25, 2019 (the effective date of
2 Public Act 101-27), the Department of State Police
3 shall review all criminal history record information
4 and identify all records that meet all of the
5 following criteria:

6 (i) one or more convictions for a Minor
7 Cannabis Offense;

8 (ii) the conviction identified in paragraph
9 (2)(A)(i) did not include a penalty enhancement
10 under Section 7 of the Cannabis Control Act; and

11 (iii) the conviction identified in paragraph
12 (2)(A)(i) is not associated with a conviction for
13 a violent crime as defined in subsection (c) of
14 Section 3 of the Rights of Crime Victims and
15 Witnesses Act.

16 (B) Within 180 days after June 25, 2019 (the
17 effective date of Public Act 101-27), the Department
18 of State Police shall notify the Prisoner Review Board
19 of all such records that meet the criteria established
20 in paragraph (2)(A).

21 (i) The Prisoner Review Board shall notify the
22 State's Attorney of the county of conviction of
23 each record identified by State Police in
24 paragraph (2)(A) that is classified as a Class 4
25 felony. The State's Attorney may provide a written
26 objection to the Prisoner Review Board on the sole

1 basis that the record identified does not meet the
2 criteria established in paragraph (2) (A). Such an
3 objection must be filed within 60 days or by such
4 later date set by the Prisoner Review Board in the
5 notice after the State's Attorney received notice
6 from the Prisoner Review Board.

7 (ii) In response to a written objection from a
8 State's Attorney, the Prisoner Review Board is
9 authorized to conduct a non-public hearing to
10 evaluate the information provided in the
11 objection.

12 (iii) The Prisoner Review Board shall make a
13 confidential and privileged recommendation to the
14 Governor as to whether to grant a pardon
15 authorizing expungement for each of the records
16 identified by the Department of State Police as
17 described in paragraph (2) (A).

18 (C) If an individual has been granted a pardon
19 authorizing expungement as described in this Section,
20 the Prisoner Review Board, through the Attorney
21 General, shall file a petition for expungement with
22 the Chief Judge of the circuit or any judge of the
23 circuit designated by the Chief Judge where the
24 individual had been convicted. Such petition may
25 include more than one individual. Whenever an
26 individual who has been convicted of an offense is

1 granted a pardon by the Governor that specifically
2 authorizes expungement, an objection to the petition
3 may not be filed. Petitions to expunge under this
4 subsection (i) may include more than one individual.
5 Within 90 days of the filing of such a petition, the
6 court shall enter an order expunging the records of
7 arrest from the official records of the arresting
8 authority and order that the records of the circuit
9 court clerk and the Illinois State Police be expunged
10 and the name of the defendant obliterated from the
11 official index requested to be kept by the circuit
12 court clerk under Section 16 of the Clerks of Courts
13 Act in connection with the arrest and conviction for
14 the offense for which the individual had received a
15 pardon but the order shall not affect any index issued
16 by the circuit court clerk before the entry of the
17 order. Upon entry of the order of expungement, the
18 circuit court clerk shall promptly provide a copy of
19 the order and a certificate of disposition to the
20 individual who was pardoned to the individual's last
21 known address or by electronic means (if available) or
22 otherwise make it available to the individual upon
23 request.

24 (D) Nothing in this Section is intended to
25 diminish or abrogate any rights or remedies otherwise
26 available to the individual.

1 (3) Any individual may file a motion to vacate and
2 expunge a conviction for a misdemeanor or Class 4 felony
3 violation of Section 4 or Section 5 of the Cannabis
4 Control Act. Motions to vacate and expunge under this

4 Civil Administrative Code of Illinois is amended by changing
5 Section 2705-440 as follows:

6 (20 ILCS 2705/2705-440) (was 20 ILCS 2705/49.25h)

7 Sec. 2705-440. Intercity Rail Service.

8 (a) For the purposes of providing intercity railroad
9 passenger service within this State and throughout the United
10 States, the Department is authorized to enter into agreements
11 with any state, state agency, unit ~~units~~ of local government
12 or political subdivision ~~subdivisions~~, the Commuter Rail
13 Division of the Regional Transportation Authority (or a public
14 corporation on behalf of that Division), architecture or
15 engineering firm ~~firms~~, the National Railroad Passenger
16 Corporation, any carrier, or any individual, corporation,
17 partnership, or public or private entity. The cost related to
18 such services shall be borne in such proportion as, by
19 agreement or contract the parties may desire.

20 (b) In providing any intercity railroad passenger service
21 as provided in this Section, the Department shall have the
22 following additional powers:

23 (1) to enter into trackage use agreements with rail
24 carriers;

1 (1.5) to freely lease or otherwise contract for any
2 purpose any of the locomotives, passenger railcars, and
3 other rolling stock equipment or accessions to any state
4 or state agency, public or private entity, or quasi-public
5 entities;

6 (2) to enter into haulage agreements with rail
7 carriers;

8 (3) to lease or otherwise contract for use,
9 maintenance, servicing, and repair of any needed
10 locomotives, rolling stock, stations, or other facilities,
11 the lease or contract having a term not to exceed 50 years
12 (but any multi-year contract shall recite that the
13 contract is subject to termination and cancellation,
14 without any penalty, acceleration payment, or other
15 recoupment mechanism, in any fiscal year for which the
16 General Assembly fails to make an adequate appropriation
17 to cover the contract obligation);

18 (4) to enter into management agreements;

19 (5) to include in any contract indemnification of
20 carriers or other parties for any liability with regard to
21 intercity railroad passenger service;

22 (6) to obtain insurance for any losses or claims with
23 respect to the service;

24 (7) to promote the use of the service;

25 (8) to make grants to any body politic and corporate,
26 any unit of local government, or the Commuter Rail

1 Division of the Regional Transportation Authority to cover
2 all or any part of any capital or operating costs of the
3 service and to enter into agreements with respect to those
4 grants;

5 (9) to set any fares or make other regulations with
6 respect to the service, consistent with any contracts for
7 the service; and

8 (10) to otherwise enter into any contracts necessary
9 or convenient to provide rail services, operate or

11 rolling stock equipment or accessions, including the lease
12 or use of such locomotives, railcars, equipment, or
13 accessions.

14 (c) All service provided under this Section shall be
15 exempt from all regulations by the Illinois Commerce
16 Commission (other than for safety matters). To the extent the
17 service is provided by the Commuter Rail Division of the
18 Regional Transportation Authority (or a public corporation on
19 behalf of that Division), it shall be exempt from safety
20 regulations of the Illinois Commerce Commission to the extent
21 the Commuter Rail Division adopts its own safety regulations.

22 (d) In connection with any powers exercised under this
23 Section, the Department

24 (1) shall not have the power of eminent domain; and

25 (2) shall not directly operate any railroad service

5 generated from intercity rail service provided by the Division
6 shall be fully borne by the Department, and no funds for
7 operation of commuter rail service shall be used, directly or
8 indirectly, or for any period of time, to subsidize the
9 intercity rail operation. If at any time the Division does not
10 have sufficient funds available to satisfy the requirements of

12 operation of intercity rail service. The payments made by the
13 Department to the Division for the intercity rail passenger
14 service shall not be made in excess of those costs or as a
15 subsidy for costs of commuter rail operations. This shall not
16 prevent the contract from providing for efficient coordination
17 of service and facilities to promote cost effective operations
18 of both intercity rail passenger service and commuter rail
19 services with cost allocations as provided in this paragraph.

20 (f) Whenever the Department enters into an agreement with

13 the railroad being maintained, only with the consent of the
14 Department, pursuant to a written maintenance agreement and
15 pursuant to a maintenance plan that shall be updated each
16 year. The funds in an escrow account holding lease payments,
17 use fees, or rental payments may be withdrawn by the
18 Department, only with the consent of the Midwest Fleet Pool
19 Board and deposited into the High-Speed Rail Rolling Stock
20 Fund. The moneys deposited in the escrow accounts shall be
21 invested and reinvested, pursuant to the direction of the
22 Department, in bonds and other interest bearing obligations of
23 this State, or in such accounts, certificates, bills,
24 obligations, shares, pools, or other securities as are
25 authorized for the investment of public funds under the Public
26 Funds Investment Act. Escrow accounts created under this

1 subsection shall not have terms that exceed 20 years. At the
2 end of the term of an escrow account holding lease payments,
3 use fees, or rental payments, the remaining balance shall be
4 deposited in the High-Speed Rail Rolling Stock Fund, a special
5 fund that is created in the State treasury ~~Treasury~~. Moneys in
6 the High-Speed Rail Rolling Stock Fund may be used for any
7 purpose related to locomotives, passenger railcars, and other
8 rolling stock equipment. The Department shall prepare a report
9 for presentation to the Comptroller and the Treasurer each
10 year that shows the amounts deposited and withdrawn, the
11 purposes for withdrawal, the balance, and the amounts derived
12 from investment.

13 (g) Whenever the Department enters into an agreement with
14 any carrier, State or State agency, any public or private
15 entity, or quasi-public entity for costs related to
16 procurement and maintenance of locomotives, passenger
17 railcars, and other rolling stock equipment or accessions, the
18 Department shall deposit such receipts into the High-Speed
19 Rail Rolling Stock Fund. Additionally, the Department may make
20 payments into the High-Speed Rail Rolling Stock Fund for the
21 State's share of the costs related to locomotives, passenger
22 railcars, and other rolling stock equipment.

9 required by the Director.

10 The Agency is authorized to use funds appropriated for the

19 to subsections (b) through (d) of Section 10, and any other
20 State agencies as determined by the Agency. Subject to
21 appropriation, the grant application period shall be open for
22 no less than 45 calendar days during the first application
23 cycle each fiscal year, unless the Agency determines that a
24 shorter period is necessary to avoid conflicts with the annual
25 federal Nonprofit Security Grant Program funding cycle.
26 Additional application cycles may be conducted during the same

1 fiscal year, subject to availability of funds. Upon request,
2 Agency staff shall provide reasonable assistance to any
3 applicant in completing a grant application or meeting a
4 post-award requirement.

5 In addition to any advance payment rules or procedures
6 adopted by the Agency, the Agency shall adopt rules or
7 procedures by which grantees under this subsection (g-5) may
8 receive a working capital advance of initial start-up costs
9 and up to 2 months of program expenses, not to exceed 25% of
10 the total award amount, if, during the application process,
11 the grantee demonstrates a need for funds to commence a
12 project. The remaining funds must be paid through
13 reimbursement after the grantee presents sufficient supporting
14 documentation of expenditures for eligible activities.

15 (h) Except as provided in Section 17.5 of this Act, any
16 moneys received by the Agency from donations or sponsorships
17 unrelated to a disaster shall be deposited in the Emergency
18 Planning and Training Fund and used by the Agency, subject to
19 appropriation, to effectuate planning and training activities.
20 Any moneys received by the Agency from donations during a
21 disaster and intended for disaster response or recovery shall
22 be deposited into the Disaster Response and Recovery Fund and
23 used for disaster response and recovery pursuant to the
24 Disaster Relief Act.

5 appropriation, for planning and training activities.

6 (j) The Illinois Emergency Management Agency is authorized
7 to make grants to other State agencies, public universities,
8 units of local government, and statewide mutual aid
9 organizations to enhance statewide emergency preparedness and
10 response.

11 (k) Subject to appropriation from the Emergency Planning
12 and Training Fund, the Illinois Emergency Management Agency
13 and Office of Homeland Security shall obtain training services
14 and support for local emergency services and support for local

17 and sequestration, and, subject to the availability of
18 funding, shall provide \$5,000 per year to the Illinois Fire
19 Service Institute for first responder training required under
20 Section 4-615 of the Public Utilities Act. Amounts in the
21 Emergency Planning and Training Fund will be used by the
22 Illinois Emergency Management Agency and Office of Homeland
23 Security for administrative costs incurred in carrying out the
24 requirements of this subsection. To carry out the purposes of
25 this subsection, the Illinois Emergency Management Agency and

6 the grants.

7 Grantees may, as prescribed by rule, be required to

21 various sites, taking into consideration various factors,
22 including, but not limited to: cost of services furnished
23 to each visitor, impact of fees on attendance and tourism,
24 and the costs expended collecting the fees. The Department
25 shall keep careful records of the income and expenses

18 Section 190. The Illinois Housing Development Act is
19 amended by changing Section 16 as follows:

20 (20 ILCS 3805/16) (from Ch. 67 1/2, par. 316)

21 Sec. 16. The notes and bonds issued under this Act shall be
22 authorized by resolution of the members of the Authority,
23 shall bear such date or dates, and shall mature at such time or

1 times, in the case of any note, or any renewal thereof, not
2 exceeding 15 years (or such longer time not exceeding 25 years
3 if the Authority shall determine, with respect to notes issued
4 in anticipation of bonds, that a longer maturity date is
5 required in order to assure the ability to issue the bonds),
6 from the date of issue of such original note, and in the case
7 of any bond not exceeding 50 years from the date of issue, as
8 the resolution may provide. The bonds may be issued as serial
9 bonds or as term bonds or as a combination thereof. The notes
10 and bonds shall bear interest at such rate or rates as shall be
11 determined by the members of the Authority by the resolution
12 authorizing issuance of the bonds and notes provided, however,
13 that notes and bonds issued after July 1, 1983, shall bear
14 interest at such rate or rates not exceeding the greater of (i)
15 the maximum rate established in the Bond Authorization Act "~~An~~
16 ~~Act to authorize public corporations to issue bonds, other~~
17 ~~evidences of indebtedness and tax anticipation warrants~~
18 ~~subject to interest rate limitations set forth therein~~",
19 ~~approved May 26, 1970~~, as from time to time in effect; (ii) 11%
20 per annum; or (iii) 70% of the prime commercial rate in effect
21 at the time the contract is made. In the event the Authority
22 issues notes or bonds not exempt from income taxation under
23 the Internal Revenue Code of 1954, as amended, such notes or
24 bonds shall bear interest at a rate or rates as shall be
25 determined by the members of the Authority by the resolution
26 authorizing issuance of the bonds and notes. Prime commercial

1 rate means such prime rate as from time to time is publicly
2 announced by the largest commercial banking institution
3 located in this State, measured in terms of total assets. A
4 contract is made with respect to notes or bonds when the
5 Authority is contractually obligated to issue and sell such
6 notes or bonds to a purchaser who is contractually obligated
7 to purchase them. The notes and bonds shall be in such
8 denominations, be in such form, either coupon or registered,
9 carry such registration privileges, be executed in such
10 manner, be payable in such medium of payment, at such place or
11 places and be subject to such terms of redemption as such
12 resolution or resolutions may provide. The notes and bonds of
13 the Authority may be sold by the Authority, at public or
14 private sale, at such price or prices as the Authority shall
15 determine.

16 In lieu of establishing the rate at which notes or bonds of
17 the Authority shall bear interest and the price at which the
18 notes or bonds shall be sold, the resolution authorizing their
19 issuance may set maximum and minimum prices, interest rates,
20 and annual interest cost to the Authority for that issue of
21 notes or bonds (computed as the resolution shall provide),
22 such that the difference between the maximum and minimum
23 annual interest cost shall not exceed 1% of the principal
24 amount of the notes or bonds. Such a resolution shall
25 authorize any 2 ~~two~~ of the Chairman, Treasurer, or Director
26 (or in the Director's absence, the Deputy Director) to

1 establish the actual price and interest rate within the range
2 established by the resolution. In lieu of establishing the
3 dates, maturities, or other terms of the notes or bonds, the
4 resolution authorizing their issuance may authorize any 2 ~~two~~
5 of the Chairman, Treasurer, or Director (or in the Director's
6 absence, the Deputy Director) to establish such dates,
7 maturities, and other terms within ranges or criteria
8 established by the resolution.

9 In connection with the issuance of its notes and bonds,
10 the Authority may enter into arrangements to provide
11 additional security and liquidity for the notes and bonds.
12 These may include, without limitation, letters of credit,
13 lines of credit by which the Authority may borrow funds to pay
14 or redeem its notes or bonds, and purchase or remarketing
15 arrangements for assuring the ability of owners of the
16 Authority's notes and bonds to sell or to have redeemed their
17 notes and bonds. The Authority may enter into contracts and
18 may agree to pay fees to persons providing such arrangements,
19 but only under circumstances in which the total interest paid
20 or to be paid on the notes or bonds, together with the fees for
21 the arrangements (being treated as if interest), would not,
22 taken together, cause the notes or bonds to bear interest,
23 calculated to their absolute maturity, at a rate in excess of
24 the maximum rate allowed by this Act.

25 The resolution of the Authority authorizing the issuance
26 of its notes or bonds may provide that interest rates may vary

1 from time to time depending upon criteria established by the
2 Authority, which may include, without limitation, a variation
3 in interest rates as may be necessary to cause notes or bonds
4 to be remarketable from time to time at a price equal to their
5 principal amount (or compound accredited value in case of
6 original issue discount bonds), and may provide for
7 appointment of a national banking association, bank, trust
8 company, investment bank, or other financial institution to
9 serve as a remarketing agent in that connection. The
10 resolution of the Authority authorizing the issuance of its
11 notes or bonds may provide that alternative interest rates or
12 provisions will apply during such times as the notes or bonds
13 are held by a person providing a letter of credit or other
14 credit enhancement arrangement for those notes or bonds.
15 Notwithstanding any other provisions of law, there shall be no
16 statutory limitation on the interest rates which such variable
17 rate notes and bonds may bear from time to time.

18 In addition to the other authorizations contained in this
19 Section, the Authority may adopt a resolution or resolutions
20 granting to any 2 ~~two~~ of the Chairman, Treasurer, or Director
21 (or in the Director's absence, the Deputy Director) the power
22 to authorize issuance of notes or bonds, or both, on behalf of
23 the Authority from time to time without further resolution of
24 the Authority. Any such resolution shall contain a statement
25 of the maximum aggregate amount of notes or bonds that may be
26 outstanding at any one time pursuant to the authorization

1 granted in such resolution. Such resolution shall also contain
2 a statement of the period of time during which such notes or
3 bonds of the Authority may be so issued. Such resolution shall
4 also delegate specifically or generally to the persons
5 empowered to authorize issuance of the notes or bonds the
6 authority to establish or approve any or all matters relating
7 to the issuance and sale of the notes or bonds, which may
8 include the interest rates, if any, which the notes or bonds
9 shall bear and the prices (including premiums or discounts, if
10 any) at which they shall be issued and sold, or the criteria
11 upon which such interest rates and prices may vary, the
12 appointment of remarketing agents, the approval of alternative
13 interest rates, whether there shall be any statutory or other
14 limitation on the interest rates which such notes or bonds may
15 bear (treating as if interest the fees for any arrangements to
16 provide additional security and liquidity for the notes and
17 bonds), and the dates, maturities, and other terms and
18 conditions on which the notes or bonds shall be issued and
19 sold. Any or all of such matters may vary from issue to issue
20 and within an issue. Any such resolution may set forth the
21 criteria by which any or all of the matters entrusted to the
22 persons designated in such resolution are to be established or
23 approved, and may grant the power to authorize issuance of
24 notes or bonds which are exempt from income taxation under the
25 Internal Revenue Code of 1954, as amended, or which are not
26 exempt.

1 Notwithstanding any other provision of law, and in
2 addition to any other authority provided by law, with respect
3 to mortgage or other loans made by it, the Authority may
4 require payments of principal, make interest charges, and
5 impose prepayment premiums or penalties (in addition to any
6 fees or charges made by the Authority) so that such principal,
7 interest and premiums or penalties are sufficient to enable
8 the Authority to pay when due all principal, interest, and
9 redemption premiums or penalties on any notes or bonds issued
10 by the Authority to finance or continue the financing of such
11 loans (including a proportionate share of such bonds or notes
12 issued to fund reserves or to cover any discount) and to make
13 any required deposits in any reserve funds; and any contract
14 relating to any mortgage or other loan made by the Authority
15 may provide for changes during its term in the rate at which
16 interest shall be paid, to the extent the changes are provided
17 for in order to enable the Authority to make payments with
18 respect to bonds or notes as provided in this Section.

12 Sec. 5.04. Codification and revision of statutes.

13 (a) As soon as possible after the effective date of this
14 amendatory Act of 1992, the Legislative Reference Bureau shall
15 file with the Index Division of the Office of the Secretary of
16 State, the General Assembly, the Governor, and the Supreme
17 Court a compilation of the general Acts of Illinois. At that
18 time and at any other time the Legislative Reference Bureau
19 may file with the Index Division of the Office of the Secretary
20 of State cross-reference tables comparing the compilation and
21 the Illinois Revised Statutes. The Legislative Reference
22 Bureau shall provide copies of the documents that are filed to
23 each individual or entity that delivers a written request for
24 copies to the Legislative Reference Bureau; the Legislative

1 Reference Bureau, by resolution, may establish and charge a
2 reasonable fee for providing copies. The compilation shall
3 take effect on January 1, 1993. The compilation shall be cited
4 as the "Illinois Compiled Statutes" or as "ILCS". The Illinois
5 Compiled Statutes, including the statutes themselves and the
6 organizational and numbering scheme, shall be an official
7 compilation of the general Acts of Illinois and shall be
8 entirely in the public domain for purposes of federal
9 copyright law.

10 (b) The compilation document that is filed under
11 subsection (a) shall divide the general Acts into major topic
12 areas and into chapters within those areas; the document shall
13 list the general Acts by title or short title, but need not
14 contain the text of the statutes or specify individual
15 Sections of Acts. Chapters shall be numbered. Each Act shall
16 be assigned to a chapter and shall be ordered within that
17 chapter. An Act prefix number shall be designated for each Act
18 within each chapter. Chapters may be divided into subheadings.
19 Citation to a section of ILCS shall be in the form "X ILCS
20 Y/Z(A)", where X is the chapter number, Y is the Act prefix
21 number, Z is the Section number of the Act, Y/Z is the section

24 (c) The Legislative Reference Bureau shall make additions,
25 deletions, and changes to the organizational or numbering
26 scheme of the Illinois Compiled Statutes by filing appropriate

1 documents with the Index Department ~~Division~~ of the Office of
2 the Secretary of State. The Legislative Reference Bureau shall
3 also provide copies of the documents that are filed to each
4 individual or entity that delivers a written request for
5 copies to the Legislative Reference Bureau; the Legislative
6 Reference Bureau, by resolution, may establish and charge a
7 reasonable fee for providing copies. The additions, deletions,
8 and changes to the organizational or numbering scheme of the
9 Illinois Compiled Statutes shall take effect 30 days after
10 filing with the Index Department ~~Division~~.

11 (d) Omission of an effective Act or Section of an Act from
12 ILCS does not alter the effectiveness of that Act or Section.
13 Inclusion of a repealed Act or Section of an Act in ILCS does
14 not affect the repeal of that Act or Section.

15 (e) In order to allow for an efficient transition to the
16 organizational and numbering scheme of the Illinois Compiled
17 Statutes, the State, units of local government, school
18 districts, and other governmental entities may, for a
19 reasonable period of time, continue to use forms, computer
20 software, systems, and data, published rules, and any other
21 electronically stored information and printed documents that
22 contain references to the Illinois Revised Statutes. However,
23 reports of criminal, traffic, and other offenses and
24 violations that are part of a state-wide reporting system
25 shall continue to be made by reference to the Illinois Revised
26 Statutes until July 1, 1994, and on and after that date shall

1 be made by reference to the Illinois Compiled Statutes, except
2 that an earlier conversion date may be established by
3 agreement among all of the following: the Supreme Court, the
4 Secretary of State, the Director of State Police, the Circuit
5 Clerk of Cook County, and the Circuit Clerk of DuPage County,
6 or the designee of each. References to the Illinois Revised
7 Statutes are deemed to be references to the corresponding
8 provisions of the Illinois Compiled Statutes.

9 (f) The Legislative Reference Bureau, with the assistance
10 of the Legislative Information System, shall make its
11 electronically stored database of the statutes and the
12 compilation available in an electronically stored medium to
13 those who request it; the Legislative Reference Bureau, by
14 resolution, shall establish and charge a reasonable fee for
15 providing the information.

16 (g) Amounts received under this Section shall be deposited
17 into the General Assembly Computer Equipment Revolving Fund.

18 (h) The Legislative Reference Bureau shall select subjects
19 and chapters of the statutory law that it considers most in
20 need of a revision and present to the next regular session of
21 the General Assembly bills covering those revisions. In
22 connection with those revisions, the Legislative Reference
23 Bureau has full authority and responsibility to recommend the
24 revision, simplification, and rearrangement of existing
25 statutory law and the elimination from that law of obsolete,
26 superseded, duplicated, and unconstitutional statutes or parts

1 of statutes, but shall make no other changes in the substance
2 of existing statutes, except to the extent those changes in
3 substance are necessary for coherent revision, simplification,
4 rearrangement, or elimination. Revisions reported to the
5 General Assembly may be accompanied by explanatory statements
6 of changes in existing statutes or parts of statutes that
7 those revisions, if enacted, would effect.

21 Section 230. The Local Government Debt Reform Act is
22 amended by changing Section 17 as follows:

23 (30 ILCS 350/17) (from Ch. 17, par. 6917)

24 Sec. 17. Leases and installment contracts.

1 (a) Interest not debt; debt on leases and installment
2 contracts. Interest on bonds shall not be included in any
3 computation of indebtedness of a governmental unit for the
4 purpose of any statutory provision or limitation. For bonds
5 consisting of leases and installment or financing contracts:7

6 (1) that portion of payments made by a governmental
7 unit under the terms of a bond designated as interest in
8 the bond or the ordinance authorizing such bond shall be
9 treated as interest for purposes of this Section;7

10 (2) where portions of payments due under the terms of
11 a bond have not been designated as interest in the bond or
12 the ordinance authorizing such bond, and all or a portion
13 of such payments is to be used for the payment of principal
14 of and interest on other bonds of the governmental unit or
15 bonds issued by another unit of local government, such as
16 a public building commission, the payments equal to
17 interest due on such corresponding bonds shall be treated
18 as interest for purposes of this Section;7 and

19 (3) where portions of payments due under the terms of
20 a bond have not been designated as interest in the bond or
21 ordinance authorizing such bond and no portion of any such
22 payment is to be used for the payment of principal of and
23 interest on other bonds of the governmental unit or
24 another unit of local government, a portion of each
25 payment due under the terms of such bond shall be treated
26 as interest for purposes of this Section; such portion

1 shall be equal in amount to the interest that would have
2 been paid on a notional obligation of the governmental
3 unit (bearing interest at the highest rate permitted by
4 law for bonds of the governmental unit at the time the bond
5 was issued or, if no such limit existed, 12%) on which the
6 payments of principal and interest were due at the same
7 times and in the same amounts as payments are due under the
8 terms of the bonds.

9 The rule set forth in this Section shall be applicable to
10 all interest no matter when earned or accrued or at what
11 interval paid, and whether or not a bond bears interest which
12 compounds at certain intervals. For purposes of bonds sold at
13 amounts less than 95% of their stated value at maturity,
14 interest for purposes of this Section includes the difference
15 between the amount set forth on the face of the bond as the
16 original principal amount and the bond's stated value at
17 maturity.

18 This subsection may be made applicable to bonds issued
19 prior to the effective date of this Act by passage of an
20 ordinance to such effect by the governing body of a
21 governmental unit.

22 (b) Purchase or lease of property. The governing body of
23 each governmental unit may purchase or lease either real or
24 personal property, including investments, investment
25 agreements, or investment services, through agreements that
26 provide that the consideration for the purchase or lease may

1 be paid through installments made at stated intervals for a
2 period of no more than 20 years or another period of time
3 authorized by law, whichever is greater; provided, however,
4 that investments, investment agreements, or investment
5 services purchased in connection with a bond issue may be paid
6 through installments made at stated intervals for a period of
7 time not in excess of the maximum term of such bond issue. Each
8 governmental unit may issue certificates evidencing the
9 indebtedness incurred under the lease or agreement. The
10 governing body may provide for the treasurer, comptroller,
11 finance officer, or other officer of the governing body
12 charged with financial administration to act as counter-party
13 to any such lease or agreement, as nominee lessor or seller.
14 When the lease or agreement is executed by the officer of the
15 governmental unit authorized by the governing body to bind the
16 governmental unit thereon by the execution thereof and is
17 filed with and executed by the nominee lessor or seller, the
18 lease or agreement shall be sufficiently executed so as to
19 permit the governmental unit to issue certificates evidencing
20 the indebtedness incurred under the lease or agreement. The
21 certificates shall be valid whether or not an appropriation
22 with respect thereto is included in any annual or supplemental
23 budget adopted by the governmental unit. From time to time, as
24 the governing body executes contracts for the purpose of
25 acquiring and constructing the services or real or personal
26 property that is a part of the subject of the lease or

1 agreement, including financial, legal, architectural, and
2 engineering services related to the lease or agreement, the
3 contracts shall be filed with the nominee officer, and that
4 officer shall identify the contracts to the lease or
5 agreement; that identification shall permit the payment of the
6 contract from the proceeds of the certificates; and the
7 nominee officer shall duly apply or cause to be applied
8 proceeds of the certificates to the payment of the contracts.
9 The governing body of each governmental unit may sell, lease,
10 convey, and reacquire either real or personal property, or any
11 interest in real or personal property, upon any terms and
12 conditions and in any manner, as the governing body shall
13 determine, if the governmental unit will lease, acquire by
14 purchase agreement, or otherwise reacquire the property, as
15 authorized by this subsection or any other applicable law.

16 All indebtedness incurred under this subsection, when
17 aggregated with the existing indebtedness of the governmental
18 unit, may not exceed the debt limits provided by applicable
19 law.

21 Section 235. The Build Illinois Bond Act is amended by
22 changing Section 6 as follows:

23 (30 ILCS 425/6) (from Ch. 127, par. 2806)

24 Sec. 6. Conditions for issuance and sale of Bonds;

1 ~~requirements Bonds requirements~~ for Bonds; master Bonds
2 ~~master~~ and supplemental indentures; credit indentures ~~credit~~
3 and liquidity enhancement.

4 (a) Bonds shall be issued and sold from time to time, in
5 one or more series, in such amounts and at such prices as
6 directed by the Governor, upon recommendation by the Director
7 of the Governor's Office of Management and Budget. Bonds shall
8 be payable only from the specific sources and secured in the
9 manner provided in this Act. Bonds shall be in such form, in
10 such denominations, mature on such dates within 25 years from
11 their date of issuance, be subject to optional or mandatory
12 redemption, bear interest payable at such times and at such
13 rate or rates, fixed or variable, and be dated as shall be
14 fixed and determined by the Director of the Governor's Office
15 of Management and Budget in an order authorizing the issuance
16 and sale of any series of Bonds, which order shall be approved
17 by the Governor and is herein called a "Bond Sale Order";
18 provided, however, that interest payable at fixed rates shall
19 not exceed that permitted in the Bond Authorization Act ~~"An~~
20 ~~Act to authorize public corporations to issue bonds, other~~
21 ~~evidences of indebtedness and tax anticipation warrants~~
22 ~~subject to interest rate limitations set forth therein",~~
23 ~~approved May 26, 1970, as now or hereafter amended,~~ and
24 interest payable at variable rates shall not exceed the
25 maximum rate permitted in the Bond Sale Order. Said Bonds
26 shall be payable at such place or places, within or without the

1 State of Illinois, and may be made registrable as to either
2 principal only or as to both principal and interest, as shall
3 be specified in the Bond Sale Order. Bonds may be callable or
4 subject to purchase and retirement or remarketing as fixed and
5 determined in the Bond Sale Order. Bonds (i) except for
6 refunding Bonds satisfying the requirements of Section 15 of
7 this Act must be issued with principal or mandatory redemption
8 amounts in equal amounts, with the first maturity issued
9 occurring within the fiscal year in which the Bonds are issued
10 or within the next succeeding fiscal year, except that Bonds
11 issued during fiscal year 2025 may be issued with principal or
12 mandatory redemption amounts in unequal amounts, and (ii) must
13 mature or be subject to mandatory redemption each fiscal year
14 thereafter up to 25 years, except for refunding Bonds
15 satisfying the requirements of Section 15 of this Act and sold
16 during fiscal year 2009, 2010, or 2011 which must mature or be
17 subject to mandatory redemption each fiscal year thereafter up
18 to 16 years.

19 All Bonds authorized under this Act shall be issued
20 pursuant to a master trust indenture ("Master Indenture")
21 executed and delivered on behalf of the State by the Director
22 of the Governor's Office of Management and Budget, such Master
23 Indenture to be in substantially the form approved in the Bond
24 Sale Order authorizing the issuance and sale of the initial
25 series of Bonds issued under this Act. Such initial series of
26 Bonds may, and each subsequent series of Bonds shall, also be

1 issued pursuant to a supplemental trust indenture
2 ("Supplemental Indenture") executed and delivered on behalf of
3 the State by the Director of the Governor's Office of
4 Management and Budget, each such Supplemental Indenture to be
5 in substantially the form approved in the Bond Sale Order
6 relating to such series. The Master Indenture and any
7 Supplemental Indenture shall be entered into with a bank or
8 trust company in the State of Illinois having trust powers and
9 possessing capital and surplus of not less than \$100,000,000.
10 Such indentures shall set forth the terms and conditions of
11 the Bonds and provide for payment of and security for the
12 Bonds, including the establishment and maintenance of debt
13 service and reserve funds, and for other protections for
14 holders of the Bonds. The term "reserve funds" as used in this
15 Act shall include funds and accounts established under
16 indentures to provide for the payment of principal of and
17 premium and interest on Bonds, to provide for the purchase,
18 retirement, or defeasance of Bonds, to provide for fees of
19 trustees, registrars, paying agents, and other fiduciaries and
20 to provide for payment of costs of and debt service payable in
21 respect of credit or liquidity enhancement arrangements,
22 interest rate swaps or guarantees, or financial futures
23 contracts and indexing and remarketing agents' services.

24 In the case of any series of Bonds bearing interest at a
25 variable interest rate ("Variable Rate Bonds"), in lieu of
26 determining the rate or rates at which such series of Variable

1 Rate Bonds shall bear interest and the price or prices at which
2 such Variable Rate Bonds shall be initially sold or remarketed
3 (in the event of purchase and subsequent resale), the Bond
4 Sale Order may provide that such interest rates and prices may
5 vary from time to time depending on criteria established in
6 such Bond Sale Order, which criteria may include, without
7 limitation, references to indices or variations in interest
8 rates as may, in the judgment of a remarketing agent, be
9 necessary to cause Bonds of such series to be remarketable
10 from time to time at a price equal to their principal amount
11 (or compound accreted value in the case of original issue
12 discount Bonds), and may provide for appointment of indexing
13 agents and a bank, trust company, investment bank, or other
14 financial institution to serve as remarketing agent in that
15 connection. The Bond Sale Order may provide that alternative
16 interest rates or provisions for establishing alternative
17 interest rates, different security or claim priorities, or
18 different call or amortization provisions will apply during
19 such times as Bonds of any series are held by a person
20 providing credit or liquidity enhancement arrangements for
21 such Bonds as authorized in subsection (b) of Section 6 of this
22 Act.

23 (b) In connection with the issuance of any series of
24 Bonds, the State may enter into arrangements to provide
25 additional security and liquidity for such Bonds, including,
26 without limitation, bond or interest rate insurance or letters

1 of credit, lines of credit, bond purchase contracts, or other
2 arrangements whereby funds are made available to retire or
3 purchase Bonds, thereby assuring the ability of owners of the
4 Bonds to sell or redeem their Bonds. The State may enter into
5 contracts and may agree to pay fees to persons providing such
6 arrangements, but only under circumstances where the Director
7 of the Bureau of the Budget (now Governor's Office of
8 Management and Budget) certifies that he reasonably expects
9 the total interest paid or to be paid on the Bonds, together
10 with the fees for the arrangements (being treated as if
11 interest), would not, taken together, cause the Bonds to bear
12 interest, calculated to their stated maturity, at a rate in
13 excess of the rate which the Bonds would bear in the absence of
14 such arrangements. Any bonds, notes, or other evidences of
15 indebtedness issued pursuant to any such arrangements for the
16 purpose of retiring and discharging outstanding Bonds shall
17 constitute refunding Bonds under Section 15 of this Act. The
18 State may participate in and enter into arrangements with
19 respect to interest rate swaps or guarantees or financial
20 futures contracts for the purpose of limiting or restricting
21 interest rate risk; provided that such arrangements shall be
22 made with or executed through banks having capital and surplus
23 of not less than \$100,000,000 or insurance companies holding
24 the highest policyholder rating accorded insurers by A.M. Best
25 & Co. or any comparable rating service or government bond
26 dealers reporting to, trading with, and recognized as primary

1 dealers by a Federal Reserve Bank and having capital and
2 surplus of not less than \$100,000,000, or other persons whose
3 debt securities are rated in the highest long-term categories
4 by both Moody's Investors' Services, Inc. and Standard &
5 Poor's Corporation. Agreements incorporating any of the
6 foregoing arrangements may be executed and delivered by the
7 Director of the Governor's Office of Management and Budget on
8 behalf of the State in substantially the form approved in the
9 Bond Sale Order relating to such Bonds.

10 (c) "Build America Bonds" in this Section means Bonds
11 authorized by Section 54AA of the Internal Revenue Code of
12 1986, as amended ("Internal Revenue Code"), and bonds issued
13 from time to time to refund or continue to refund "Build
14 America Bonds".

11 (30 ILCS 500/20-60)

12 Sec. 20-60. Duration of contracts.

13 (a) Maximum duration. A contract may be entered into for
14 any period of time deemed to be in the best interests of the
15 State but not exceeding 10 years inclusive, beginning January
16 1, 2010, of proposed contract renewals; provided, however, in
17 connection with the issuance of certificates of participation
18 or bonds, the governing board of a public institution of
19 higher education may enter into contracts in excess of 10
20 years but not to exceed 30 years for the purpose of financing
21 or refinancing real or personal property. Third parties may
22 lease State-owned communications infrastructure, including
23 dark fiber networks, conduit, and excess communication tower
24 capacity, for any period of time deemed to be in the best
25 interest of the State, but not exceeding 20 years. The length

1 of a lease for real property or capital improvements shall be
2 in accordance with the provisions of Section 40-25. The length
3 of energy conservation program contracts or energy savings
4 contracts or leases shall be in accordance with the provisions
5 of Section 25-45. A contract for bond or mortgage insurance
6 awarded by the Illinois Housing Development Authority,
7 however, may be entered into for any period of time less than
8 or equal to the maximum period of time that the subject bond or
9 mortgage may remain outstanding. Contracts may be entered into
10 that extend beyond the active term of the award, so long as the
11 contract was entered into prior to the award expiration date
12 and does not exceed 10 years.

13 (b) Subject to appropriation. All contracts made or
14 entered into shall recite that they are subject to termination
15 and cancellation in any year for which the General Assembly
16 fails to make an appropriation to make payments under the
17 terms of the contract.

18 (c) The chief procurement officer shall file a proposed
19 extension or renewal of a contract with the Procurement Policy
20 Board and the Commission on Equity and Inclusion prior to
21 entering into any extension or renewal if the cost associated
22 with the extension or renewal exceeds \$249,999. The
23 Procurement Policy Board or the Commission on Equity and
24 Inclusion may object to the proposed extension or renewal
25 within 14 calendar days and require a hearing before the Board
26 or the Commission on Equity and Inclusion prior to entering

1 into the extension or renewal. If the Procurement Policy Board
2 or the Commission on Equity and Inclusion does not object
3 within 14 calendar days or takes affirmative action to
4 recommend the extension or renewal, the chief procurement
5 officer may enter into the extension or renewal of a contract.
6 This subsection does not apply to any emergency procurement,
7 any procurement under Article 40, or any procurement exempted
8 by Section 1-10(b) of this Code. If any State agency contract
9 is paid for in whole or in part with federal-aid funds, grants,
10 or loans and the provisions of this subsection would result in
11 the loss of those federal-aid funds, grants, or loans, then
12 the contract is exempt from the provisions of this subsection
13 in order to remain eligible for those federal-aid funds,
14 grants, or loans, and the State agency shall file notice of
15 this exemption with the Procurement Policy Board or the
16 Commission on Equity and Inclusion prior to entering into the
17 proposed extension or renewal. Nothing in this subsection
18 permits a chief procurement officer to enter into an extension
19 or renewal in violation of subsection (a). By August 1 each
20 year, the Procurement Policy Board and the Commission on
21 Equity and Inclusion shall each file a report with the General
22 Assembly identifying for the previous fiscal year (i) the
23 proposed extensions or renewals that were filed and whether
24 such extensions and renewals were objected to and (ii) the
25 contracts exempt from this subsection.

26 (d) Notwithstanding the provisions of subsection (a) of

1 this Section, the Department of Innovation and Technology may
2 enter into leases for dark fiber networks for any period of
3 time deemed to be in the best interests of the State but not
4 exceeding 20 years inclusive. The Department of Innovation and
5 Technology may lease dark fiber networks from third parties
6 only for the primary purpose of providing services (i) to the
7 offices of Governor, Lieutenant Governor, Attorney General,
8 Secretary of State, Comptroller, or Treasurer and State
9 agencies, as defined under Section 5-15 of the Civil
10 Administrative Code of Illinois or (ii) for anchor
11 institutions, as defined in Section 7 of the Illinois Century
12 Network Act. Dark fiber network lease contracts shall be
13 subject to all other provisions of this Code and any
14 applicable rules or requirements, including, but not limited
15 to, publication of lease solicitations, use of standard State
16 contracting terms and conditions, and approval of vendor
17 certifications and financial disclosures.

18 (e) As used in this Section, "dark fiber network" means a
19 network of fiber optic cables laid but currently unused by a
20 third party that the third party is leasing for use as network
21 infrastructure.

22 (f) No vendor shall be eligible for renewal of a contract
23 when that vendor has failed to meet the goals agreed to in the
24 vendor's utilization plan, as defined in Section 2 of the
25 Business Enterprise for Minorities, Women, and Persons with
26 Disabilities Act, unless the State agency or public

1 institution of higher education has determined that the vendor
2 made good faith efforts toward meeting the contract goals. If
3 the State agency or public institution of higher education
4 determines that the vendor made good faith efforts, the agency
5 or public institution of higher education may issue a waiver
6 after concurrence by the chief procurement officer, which
7 shall not be unreasonably withheld or impair a State agency
8 determination to execute the renewal. The form and content of
9 the waiver shall be prescribed by each chief procurement
10 officer, but shall not impair a State agency or public
11 institution of higher education determination to execute the
12 renewal. The chief procurement officer shall post the
13 completed form on his or her official website within 5
14 business days after receipt from the State agency or public
15 institution of higher education. The chief procurement officer
16 shall maintain on his or her official website a database of
17 waivers granted under this Section with respect to contracts
18 under his or her jurisdiction. The database shall be updated
19 periodically and shall be searchable by contractor name and by
20 contracting State agency or public institution of higher
21 education.

2 Sec. 45-57. Veterans.

3 (a) Set-aside goal. It is the goal of the State to promote
4 and encourage the continued economic development of small
5 businesses owned and controlled by qualified veterans and that
6 qualified service-disabled veteran-owned small businesses
7 (referred to as SDVOSB) and veteran-owned small businesses
8 (referred to as VOSB) participate in the State's procurement
9 process as both prime contractors and subcontractors. Not less
10 than 3% of the total dollar amount of State contracts, as
11 defined by the Commission on Equity and Inclusion, shall be
12 established as a goal to be awarded to SDVOSB and VOSB. That
13 portion of a contract under which the contractor subcontracts
14 with a SDVOSB or VOSB may be counted toward the goal of this
15 subsection. The Commission on Equity and Inclusion shall adopt
16 rules to implement compliance with this subsection by all
17 State agencies.

18 (b) Fiscal year reports. By each November 1, each chief
19 procurement officer shall report to the Commission on Equity
20 and Inclusion on all of the following for the immediately
21 preceding fiscal year, and by each March 1 the Commission on
22 Equity and Inclusion shall compile and report that information
23 to the General Assembly:

24 (1) The total number of VOSB, and the number of
25 SDVOSB, who submitted bids for contracts under this Code.

26 (2) The total number of VOSB, and the number of

1 SDVOSB, who entered into contracts with the State under
2 this Code and the total value of those contracts.

3 (b-5) The Commission on Equity and Inclusion shall submit
4 an annual report to the Governor and the General Assembly that
5 shall include the following:

6 (1) a year-by-year comparison of the number of
7 certifications the State has issued to veteran-owned small
8 businesses and service-disabled veteran-owned small
9 businesses;

10 (2) the obstacles, if any, the Commission on Equity
11 and Inclusion faces when certifying veteran-owned
12 businesses and possible rules or changes to rules to
13 address those issues;

14 (3) a year-by-year comparison of awarded contracts to
15 certified veteran-owned small businesses and
16 service-disabled veteran-owned small businesses; and

17 (4) any other information that the Commission on
18 Equity and Inclusion deems necessary to assist
19 veteran-owned small businesses and service-disabled
20 veteran-owned small businesses to become certified with
21 the State.

22 The Commission on Equity and Inclusion shall conduct a
23 minimum of 2 outreach events per year to ensure that
24 veteran-owned small businesses and service-disabled
25 veteran-owned small businesses know about the procurement
26 opportunities and certification requirements with the State.

1 The Commission on Equity and Inclusion may receive
2 appropriations for outreach.

3 (c) Yearly review and recommendations. Each year, each
4 chief procurement officer shall review the progress of all
5 State agencies under its jurisdiction in meeting the goal
6 described in subsection (a), with input from statewide
7 veterans' service organizations and from the business
8 community, including businesses owned by qualified veterans,
9 and shall make recommendations to be included in the
10 Commission on Equity and Inclusion's report to the General
11 Assembly regarding continuation, increases, or decreases of
12 the percentage goal. The recommendations shall be based upon
13 the number of businesses that are owned by qualified veterans
14 and on the continued need to encourage and promote businesses
15 owned by qualified veterans.

16 (d) Governor's recommendations. To assist the State in
17 reaching the goal described in subsection (a), the Governor
18 shall recommend to the General Assembly changes in programs to
19 assist businesses owned by qualified veterans.

20 (e) Definitions. As used in this Section:

21 "Armed forces of the United States" means the United

25 include the power to direct or cause the direction of the
26 management and policies of the business and to make the

1 day-to-day as well as major decisions in matters of policy,

15 contractor is subject to disciplinary procedures as identified
16 in Section 50-65 of this Act.

17 (f) This Section does not apply to any contract for any

19 when its provisions may be in conflict with federal law or
20 federal regulation.

22 contractor that is, for at least one year prior, operating and

17 principles or the sponsored agreement;

18 (5) the costs are accorded consistent treatment; a

22 award as an indirect cost;

23 (6) the costs are determined to be in accordance with

23 States is 80% or more of that person's total business
24 activity and (ii) for taxable years ending on or after
25 December 31, 2008, to a person who would be a member of

3 because he or she is ordinarily required to apportion
4 business income under different subsections of Section
5 304. The addition modification required by this
6 subparagraph shall be reduced to the extent that
7 dividends were included in base income of the unitary
8 group for the same taxable year and received by the
9 taxpayer or by a member of the taxpayer's unitary
10 business group (including amounts included in gross
11 income under Sections 951 through 964 of the Internal
12 Revenue Code and amounts included in gross income
13 under Section 78 of the Internal Revenue Code) with
14 respect to the stock of the same person to whom the
15 intangible expenses and costs were directly or
16 indirectly paid, incurred, or accrued. The preceding
17 sentence does not apply to the extent that the same
18 dividends caused a reduction to the addition
19 modification required under Section 203(a)(2)(D-17) of
20 this Act. As used in this subparagraph, the term
21 "intangible expenses and costs" includes (1) expenses,
22 losses, and costs for, or related to, the direct or
23 indirect acquisition, use, maintenance or management,
24 ownership, sale, exchange, or any other disposition of
25 intangible property; (2) losses incurred, directly or
26 indirectly, from factoring transactions or discounting

1 transactions; (3) royalty, patent, technical, and
2 copyright fees; (4) licensing fees; and (5) other
3 similar expenses and costs. For purposes of this
4 subparagraph, "intangible property" includes patents,
5 patent applications, trade names, trademarks, service
6 marks, copyrights, mask works, trade secrets, and
7 similar types of intangible assets.

8 This paragraph shall not apply to the following:

9 (i) any item of intangible expenses or costs
10 paid, accrued, or incurred, directly or
11 indirectly, from a transaction with a person who
12 is subject in a foreign country or state, other
13 than a state which requires mandatory unitary
14 reporting, to a tax on or measured by net income
15 with respect to such item; or

16 (ii) any item of intangible expense or cost
17 paid, accrued, or incurred, directly or
18 indirectly, if the taxpayer can establish, based
19 on a preponderance of the evidence, both of the
20 following:

21 (a) the person during the same taxable
22 year paid, accrued, or incurred, the
23 intangible expense or cost to a person that is
24 not a related member, and

25 (b) the transaction giving rise to the
26 intangible expense or cost between the

1 taxpayer and the person did not have as a
2 principal purpose the avoidance of Illinois
3 income tax, and is paid pursuant to a contract
4 or agreement that reflects arm's-length terms;
5 or

6 (iii) any item of intangible expense or cost
7 paid, accrued, or incurred, directly or
8 indirectly, from a transaction with a person if
9 the taxpayer establishes by clear and convincing
10 evidence, that the adjustments are unreasonable;
11 or if the taxpayer and the Director agree in
12 writing to the application or use of an
13 alternative method of apportionment under Section
14 304(f);

15 Nothing in this subsection shall preclude the
16 Director from making any other adjustment
17 otherwise allowed under Section 404 of this Act
18 for any tax year beginning after the effective
19 date of this amendment provided such adjustment is
20 made pursuant to regulation adopted by the
21 Department and such regulations provide methods
22 and standards by which the Department will utilize
23 its authority under Section 404 of this Act;

24 (D-19) For taxable years ending on or after
25 December 31, 2008, an amount equal to the amount of
26 insurance premium expenses and costs otherwise allowed

1 as a deduction in computing base income, and that were
2 paid, accrued, or incurred, directly or indirectly, to
3 a person who would be a member of the same unitary
4 business group but for the fact that the person is
5 prohibited under Section 1501(a)(27) from being
6 included in the unitary business group because he or
7 she is ordinarily required to apportion business
8 income under different subsections of Section 304. The
9 addition modification required by this subparagraph
10 shall be reduced to the extent that dividends were
11 included in base income of the unitary group for the
12 same taxable year and received by the taxpayer or by a
13 member of the taxpayer's unitary business group
14 (including amounts included in gross income under
15 Sections 951 through 964 of the Internal Revenue Code
16 and amounts included in gross income under Section 78
17 of the Internal Revenue Code) with respect to the
18 stock of the same person to whom the premiums and costs
19 were directly or indirectly paid, incurred, or
20 accrued. The preceding sentence does not apply to the
21 extent that the same dividends caused a reduction to
22 the addition modification required under Section
23 203(a)(2)(D-17) or Section 203(a)(2)(D-18) of this
24 Act;

25 (D-20) For taxable years beginning on or after
26 January 1, 2002 and ending on or before December 31,

2006, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5 of the State Treasurer Act or (ii) a distribution from the Illinois Prepaid Tuition Trust Fund, an amount equal to the amount excluded from gross income under Section 529(c)(3)(B). For taxable years beginning on or after January 1, 2007, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5 of the State Treasurer Act, (ii) a distribution from the Illinois Prepaid Tuition Trust Fund, or (iii) a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code that (I) adopts and determines that its offering materials comply with the College Savings Plans Network's disclosure principles and (II) has made reasonable efforts to inform in-state residents of the existence of in-state qualified tuition programs by informing Illinois residents directly and, where applicable, to inform financial intermediaries distributing the program to inform in-state residents of the existence of in-state qualified tuition programs at least annually, an amount equal to the amount excluded from

1 gross income under Section 529(c)(3)(B).

2 For the purposes of this subparagraph (D-20), a
3 qualified tuition program has made reasonable efforts
4 if it makes disclosures (which may use the term
5 "in-state program" or "in-state plan" and need not
6 specifically refer to Illinois or its qualified
7 programs by name) (i) directly to prospective
8 participants in its offering materials or makes a
9 public disclosure, such as a website posting; and (ii)
10 where applicable, to intermediaries selling the
11 out-of-state program in the same manner that the
12 out-of-state program distributes its offering
13 materials;

14 (D-20.5) For taxable years beginning on or after
15 January 1, 2018, in the case of a distribution from a
16 qualified ABLE program under Section 529A of the
17 Internal Revenue Code, other than a distribution from
18 a qualified ABLE program created under Section 16.6 of
19 the State Treasurer Act, an amount equal to the amount
20 excluded from gross income under Section 529A(c)(1)(B)
21 of the Internal Revenue Code;

22 (D-21) For taxable years beginning on or after
23 January 1, 2007, in the case of transfer of moneys from
24 a qualified tuition program under Section 529 of the
25 Internal Revenue Code that is administered by the
26 State to an out-of-state program, an amount equal to

1 the amount of moneys previously deducted from base
2 income under subsection (a)(2)(Y) of this Section;

3 (D-21.5) For taxable years beginning on or after
4 January 1, 2018, in the case of the transfer of moneys
5 from a qualified tuition program under Section 529 or
6 a qualified ABLE program under Section 529A of the
7 Internal Revenue Code that is administered by this
8 State to an ABLE account established under an
9 out-of-state ABLE account program, an amount equal to
10 the contribution component of the transferred amount
11 that was previously deducted from base income under
12 subsection (a)(2)(Y) or subsection (a)(2)(HH) of this
13 Section;

14 (D-22) For taxable years beginning on or after
15 January 1, 2009, and prior to January 1, 2018, in the
16 case of a nonqualified withdrawal or refund of moneys
17 from a qualified tuition program under Section 529 of
18 the Internal Revenue Code administered by the State
19 that is not used for qualified expenses at an eligible
20 education institution, an amount equal to the
21 contribution component of the nonqualified withdrawal
22 or refund that was previously deducted from base
23 income under subsection (a)(2)(y) of this Section,
24 provided that the withdrawal or refund did not result
25 from the beneficiary's death or disability. For
26 taxable years beginning on or after January 1, 2018:

1 (1) in the case of a nonqualified withdrawal or
2 refund, as defined under Section 16.5 of the State
3 Treasurer Act, of moneys from a qualified tuition
4 program under Section 529 of the Internal Revenue Code
5 administered by the State, an amount equal to the
6 contribution component of the nonqualified withdrawal
7 or refund that was previously deducted from base
8 income under subsection (a)(2)(Y) of this Section, and
9 (2) in the case of a nonqualified withdrawal or refund
10 from a qualified ABLE program under Section 529A of
11 the Internal Revenue Code administered by the State
12 that is not used for qualified disability expenses, an
13 amount equal to the contribution component of the
14 nonqualified withdrawal or refund that was previously
15 deducted from base income under subsection (a)(2)(HH)
16 of this Section;

17 (D-23) An amount equal to the credit allowable to
18 the taxpayer under Section 218(a) of this Act,

1 pursuant to Section 201(p) (7) of this Act;
2 and by deducting from the total so obtained the sum of the
3 following amounts:

4 (E) For taxable years ending before December 31,
5 2001, any amount included in such total in respect of
6 any compensation (including but not limited to any
7 compensation paid or accrued to a serviceman while a
8 prisoner of war or missing in action) paid to a
9 resident by reason of being on active duty in the Armed
10 Forces of the United States and in respect of any
11 compensation paid or accrued to a resident who as a
12 governmental employee was a prisoner of war or missing
13 in action, and in respect of any compensation paid to a
14 resident in 1971 or thereafter for annual training
15 performed pursuant to Sections 502 and 503, Title 32,

19 any other state. For taxable years ending on or after
20 December 31, 2001, any amount included in such total

12 (K) An amount equal to those dividends included in
13 such total that were paid by a corporation that
14 conducts business operations in a federally designated

17 that dividends eligible for the deduction provided in
18 subparagraph (J) of paragraph (2) of this subsection

24 this Act, the amount exempted shall be the interest
25 net of bond premium amortization;

26 (O) An amount equal to any contribution made to a

1 job training project established pursuant to the Tax
2 Increment Allocation Redevelopment Act;

3 (P) An amount equal to the amount of the deduction

18 taxpayer, a partner of a partnership, or a shareholder
19 in a Subchapter S corporation for health insurance or
20 long-term care insurance for that taxpayer or that
21 taxpayer's spouse or dependents, to the extent that
22 the amount paid for that health insurance or long-term
23 care insurance may be deducted under Section 213 of
24 the Internal Revenue Code, has not been deducted on

1 that taxpayer's income, self-employment income, or
2 Subchapter S corporation income; except that no
3 deduction shall be allowed under this item (V) if the
4 taxpayer is eligible to participate in any health
5 insurance or long-term care insurance plan of an
6 employer of the taxpayer or the taxpayer's spouse. The
7 amount of the health insurance and long-term care
8 insurance subtracted under this item (V) shall be
9 determined by multiplying total health insurance and
10 long-term care insurance premiums paid by the taxpayer
11 times a number that represents the fractional

6 persecution for racial or religious reasons by Nazi
7 Germany or any other Axis regime immediately prior to,
8 during, and immediately after World War II, including,
9 but not limited to, interest on the proceeds

15 federal adjusted gross income does not apply to assets
16 acquired with such assets or with the proceeds from
17 the sale of such assets; provided, further, this
18 paragraph shall only apply to a taxpayer who was the
19 first recipient of such assets after their recovery
20 and who is a victim of persecution for racial or
21 religious reasons by Nazi Germany or any other Axis
22 regime or as an heir of the victim. The amount of and

13 State Treasurer Act or (ii) the Illinois Prepaid
14 Tuition Trust Fund, except that amounts excluded from
15 gross income under Section 529(c)(3)(C)(i) of the
16 Internal Revenue Code shall not be considered moneys
17 contributed under this subparagraph (Y). For purposes
18 of this subparagraph, contributions made by an

20 contributions made by an employee, shall be treated as
21 made by the employee. This subparagraph (Y) is exempt
22 from the provisions of Section 250;

24 taxable year in which the bonus depreciation deduction
25 is taken on the taxpayer's federal income tax return
26 under subsection (k) of Section 168 of the Internal

1 Revenue Code and for each applicable taxable year
2 thereafter, an amount equal to "x", where:

3 (1) "y" equals the amount of the depreciation
4 deduction taken for the taxable year on the
5 taxpayer's federal income tax return on property
6 for which the bonus depreciation deduction was
7 taken in any year under subsection (k) of Section

11 December 31, 2005, "x" equals "y" multiplied by 30
12 and then divided by 70 (or "y" multiplied by
13 0.429); and

14 (3) for taxable years ending after December
15 31, 2005:

16 (i) for property on which a bonus
17 depreciation deduction of 30% of the adjusted
18 basis was taken, "x" equals "y" multiplied by
19 30 and then divided by 70 (or "y" multiplied
20 by 0.429);

21 (ii) for property on which a bonus
22 depreciation deduction of 50% of the adjusted
23 basis was taken, "x" equals "y" multiplied by
24 1.0;

25 (iii) for property on which a bonus
26 depreciation deduction of 100% of the adjusted

1 basis was taken in a taxable year ending on or
2 after December 31, 2021, "x" equals the
3 depreciation deduction that would be allowed
4 on that property if the taxpayer had made the
5 election under Section 168(k)(7) of the
6 Internal Revenue Code to not claim bonus
7 depreciation on that property; and

8 (iv) for property on which a bonus
9 depreciation deduction of a percentage other
10 than 30%, 50% or 100% of the adjusted basis
11 was taken in a taxable year ending on or after
12 December 31, 2021, "x" equals "y" multiplied
13 by 100 times the percentage bonus depreciation
14 on the property (that is, $100(\text{bonus}\%)$) and
15 then divided by 100 times 1 minus the
16 percentage bonus depreciation on the property
17 (that is, $100(1-\text{bonus}\%)$).

18 The aggregate amount deducted under this
19 subparagraph in all taxable years for any one piece of
20 property may not exceed the amount of the bonus
21 depreciation deduction taken on that property on the
22 taxpayer's federal income tax return under subsection
23 (k) of Section 168 of the Internal Revenue Code. This
24 subparagraph (Z) is exempt from the provisions of
25 Section 250;

26 (AA) If the taxpayer sells, transfers, abandons,

1 or otherwise disposes of property for which the
2 taxpayer was required in any taxable year to make an
3 addition modification under subparagraph (D-15), then
4 an amount equal to that addition modification.

5 If the taxpayer continues to own property through
6 the last day of the last tax year for which a
7 subtraction is allowed with respect to that property
8 under subparagraph (Z) and for which the taxpayer was
9 required in any taxable year to make an addition
10 modification under subparagraph (D-15), then an amount
11 equal to that addition modification.

12 The taxpayer is allowed to take the deduction
13 under this subparagraph only once with respect to any
14 one piece of property.

15 This subparagraph (AA) is exempt from the
16 provisions of Section 250;

17 (BB) Any amount included in adjusted gross income,
18 other than salary, received by a driver in a
19 ridesharing arrangement using a motor vehicle;

20 (CC) The amount of (i) any interest income (net of
21 the deductions allocable thereto) taken into account
22 for the taxable year with respect to a transaction
23 with a taxpayer that is required to make an addition
24 modification with respect to such transaction under
25 Section 203(a)(2)(D-17), 203(b)(2)(E-12),
26 203(c)(2)(G-12), or 203(d)(2)(D-7), but not to exceed

1 the amount of that addition modification, and (ii) any
2 income from intangible property (net of the deductions
3 allocable thereto) taken into account for the taxable
4 year with respect to a transaction with a taxpayer
5 that is required to make an addition modification with
6 respect to such transaction under Section
7 203(a)(2)(D-18), 203(b)(2)(E-13), 203(c)(2)(G-13), or
8 203(d)(2)(D-8), but not to exceed the amount of that
9 addition modification. This subparagraph (CC) is
10 exempt from the provisions of Section 250;

11 (DD) An amount equal to the interest income taken
12 into account for the taxable year (net of the
13 deductions allocable thereto) with respect to
14 transactions with (i) a foreign person who would be a
15 member of the taxpayer's unitary business group but
16 for the fact that the foreign person's business
17 activity outside the United States is 80% or more of
18 that person's total business activity and (ii) for
19 taxable years ending on or after December 31, 2008, to
20 a person who would be a member of the same unitary
21 business group but for the fact that the person is
22 prohibited under Section 1501(a)(27) from being
23 included in the unitary business group because he or
24 she is ordinarily required to apportion business
25 income under different subsections of Section 304, but
26 not to exceed the addition modification required to be

1 made for the same taxable year under Section
2 203(a)(2)(D-17) for interest paid, accrued, or
3 incurred, directly or indirectly, to the same person.
4 This subparagraph (DD) is exempt from the provisions
5 of Section 250;

11 for the fact that the foreign person's business
12 activity outside the United States is 80% or more of
13 that person's total business activity and (ii) for
14 taxable years ending on or after December 31, 2008, to
15 a person who would be a member of the same unitary
16 business group but for the fact that the person is
17 prohibited under Section 1501(a)(27) from being
18 included in the unitary business group because he or
19 she is ordinarily required to apportion business
20 income under different subsections of Section 304, but
21 not to exceed the addition modification required to be
22 made for the same taxable year under Section

24 under the Compassionate Use of Medical Cannabis
25 Program Act, an amount equal to the deductions that
26 were disallowed under Section 280E of the Internal

1 Revenue Code for the taxable year and that would not be
2 added back under this subsection. The provisions of
3 this subparagraph (JJ) are exempt from the provisions
4 of Section 250; ~~and~~

22 Development through ~~Through~~ Charitable Loan Repayment
23 Act.

24 This subparagraph (LL) is exempt from the
25 provisions of Section 250; and ~~and~~

26 (MM) ~~(LL)~~ For taxable years beginning on or after

1 January 1, 2025, if the taxpayer is an eligible

15 paragraph (1) shall be modified by adding thereto the sum
16 of the following amounts:

17 (A) An amount equal to all amounts paid or accrued

6 Internal Revenue Code and any amount designated under
7 Section 852(b)(3)(D) of the Internal Revenue Code,
8 attributable to the taxable year (this amendatory Act
9 of 1995 (Public Act 89-89) is declarative of existing
10 law and is not a new enactment);

11 (D) The amount of any net operating loss deduction
12 taken in arriving at taxable income, other than a net
13 operating loss carried forward from a taxable year
14 ending prior to December 31, 1986;

19 or subparagraph (E) of paragraph (2) of subsection
20 (e), the amount by which addition modifications other
21 than those provided by this subparagraph (E) exceeded
22 subtraction modifications in such earlier taxable
23 year, with the following limitations applied in the
24 order that they are listed:

25 (i) the addition modification relating to the
26 net operating loss carried back or forward to the

1 taxable year from any taxable year ending prior to
2 December 31, 1986 shall be reduced by the amount
3 of addition modification under this subparagraph
4 (E) which related to that net operating loss and
5 which was taken into account in calculating the
6 base income of an earlier taxable year, and

7 (ii) the addition modification relating to the
8 net operating loss carried back or forward to the
9 taxable year from any taxable year ending prior to
10 December 31, 1986 shall not exceed the amount of
11 such carryback or carryforward;

12 For taxable years in which there is a net
13 operating loss carryback or carryforward from more
14 than one other taxable year ending prior to December
15 31, 1986, the addition modification provided in this
16 subparagraph (E) shall be the sum of the amounts
17 computed independently under the preceding provisions
18 of this subparagraph (E) for each such taxable year;

19 (E-5) For taxable years ending after December 31,
20 1997, an amount equal to any eligible remediation
21 costs that the corporation deducted in computing
22 adjusted gross income and for which the corporation

26 on the taxpayer's federal income tax return for the

1 taxable year under subsection (k) of Section 168 of
2 the Internal Revenue Code;

3 (E-11) If the taxpayer sells, transfers, abandons,
4 or otherwise disposes of property for which the
5 taxpayer was required in any taxable year to make an
6 addition modification under subparagraph (E-10), then
7 an amount equal to the aggregate amount of the
8 deductions taken in all taxable years under
9 subparagraph (T) with respect to that property.

10 If the taxpayer continues to own property through
11 the last day of the last tax year for which a
12 subtraction is allowed with respect to that property
13 under subparagraph (T) and for which the taxpayer was
14 allowed in any taxable year to make a subtraction
15 modification under subparagraph (T), then an amount
16 equal to that subtraction modification.

17 The taxpayer is required to make the addition
18 modification under this subparagraph only once with
19 respect to any one piece of property;

20 (E-12) An amount equal to the amount otherwise
21 allowed as a deduction in computing base income for
22 interest paid, accrued, or incurred, directly or
23 indirectly, (i) for taxable years ending on or after
24 December 31, 2004, to a foreign person who would be a
25 member of the same unitary business group but for the
26 fact the foreign person's business activity outside

1 the United States is 80% or more of the foreign
2 person's total business activity and (ii) for taxable
3 years ending on or after December 31, 2008, to a person
4 who would be a member of the same unitary business
5 group but for the fact that the person is prohibited
6 under Section 1501(a)(27) from being included in the
7 unitary business group because he or she is ordinarily
8 required to apportion business income under different
9 subsections of Section 304. The addition modification
10 required by this subparagraph shall be reduced to the
11 extent that dividends were included in base income of
12 the unitary group for the same taxable year and
13 received by the taxpayer or by a member of the
14 taxpayer's unitary business group (including amounts
15 included in gross income pursuant to Sections 951
16 through 964 of the Internal Revenue Code and amounts
17 included in gross income under Section 78 of the
18 Internal Revenue Code) with respect to the stock of
19 the same person to whom the interest was paid,
20 accrued, or incurred.

21 This paragraph shall not apply to the following:

22 (i) an item of interest paid, accrued, or
23 incurred, directly or indirectly, to a person who
24 is subject in a foreign country or state, other
25 than a state which requires mandatory unitary
26 reporting, to a tax on or measured by net income

1 with respect to such interest; or

2 (ii) an item of interest paid, accrued, or
3 incurred, directly or indirectly, to a person if
4 the taxpayer can establish, based on a
5 preponderance of the evidence, both of the
6 following:

7 (a) the person, during the same taxable
8 year, paid, accrued, or incurred, the interest
9 to a person that is not a related member, and

10 (b) the transaction giving rise to the
11 interest expense between the taxpayer and the
12 person did not have as a principal purpose the
13 avoidance of Illinois income tax, and is paid
14 pursuant to a contract or agreement that
15 reflects an arm's-length interest rate and
16 terms; or

17 (iii) the taxpayer can establish, based on
18 clear and convincing evidence, that the interest
19 paid, accrued, or incurred relates to a contract
20 or agreement entered into at arm's-length rates
21 and terms and the principal purpose for the
22 payment is not federal or Illinois tax avoidance;
23 or

24 (iv) an item of interest paid, accrued, or
25 incurred, directly or indirectly, to a person if
26 the taxpayer establishes by clear and convincing

1 evidence that the adjustments are unreasonable; or
2 if the taxpayer and the Director agree in writing
3 to the application or use of an alternative method
4 of apportionment under Section 304(f).

5 Nothing in this subsection shall preclude the
6 Director from making any other adjustment
7 otherwise allowed under Section 404 of this Act
8 for any tax year beginning after the effective
9 date of this amendment provided such adjustment is
10 made pursuant to regulation adopted by the
11 Department and such regulations provide methods
12 and standards by which the Department will utilize
13 its authority under Section 404 of this Act;

14 (E-13) An amount equal to the amount of intangible
15 expenses and costs otherwise allowed as a deduction in
16 computing base income, and that were paid, accrued, or
17 incurred, directly or indirectly, (i) for taxable
18 years ending on or after December 31, 2004, to a
19 foreign person who would be a member of the same
20 unitary business group but for the fact that the
21 foreign person's business activity outside the United
22 States is 80% or more of that person's total business
23 activity and (ii) for taxable years ending on or after
24 December 31, 2008, to a person who would be a member of
25 the same unitary business group but for the fact that
26 the person is prohibited under Section 1501(a) (27)

1 from being included in the unitary business group
2 because he or she is ordinarily required to apportion
3 business income under different subsections of Section
4 304. The addition modification required by this
5 subparagraph shall be reduced to the extent that
6 dividends were included in base income of the unitary
7 group for the same taxable year and received by the
8 taxpayer or by a member of the taxpayer's unitary
9 business group (including amounts included in gross
10 income pursuant to Sections 951 through 964 of the
11 Internal Revenue Code and amounts included in gross
12 income under Section 78 of the Internal Revenue Code)
13 with respect to the stock of the same person to whom
14 the intangible expenses and costs were directly or
15 indirectly paid, incurred, or accrued. The preceding
16 sentence shall not apply to the extent that the same
17 dividends caused a reduction to the addition
18 modification required under Section 203(b)(2)(E-12) of
19 this Act. As used in this subparagraph, the term
20 "intangible expenses and costs" includes (1) expenses,
21 losses, and costs for, or related to, the direct or
22 indirect acquisition, use, maintenance or management,
23 ownership, sale, exchange, or any other disposition of
24 intangible property; (2) losses incurred, directly or
25 indirectly, from factoring transactions or discounting
26 transactions; (3) royalty, patent, technical, and

1 copyright fees; (4) licensing fees; and (5) other
2 similar expenses and costs. For purposes of this
3 subparagraph, "intangible property" includes patents,
4 patent applications, trade names, trademarks, service
5 marks, copyrights, mask works, trade secrets, and
6 similar types of intangible assets.

7 This paragraph shall not apply to the following:

8 (i) any item of intangible expenses or costs
9 paid, accrued, or incurred, directly or
10 indirectly, from a transaction with a person who
11 is subject in a foreign country or state, other
12 than a state which requires mandatory unitary
13 reporting, to a tax on or measured by net income
14 with respect to such item; or

15 (ii) any item of intangible expense or cost
16 paid, accrued, or incurred, directly or
17 indirectly, if the taxpayer can establish, based
18 on a preponderance of the evidence, both of the
19 following:

20 (a) the person during the same taxable
21 year paid, accrued, or incurred, the
22 intangible expense or cost to a person that is
23 not a related member, and

24 (b) the transaction giving rise to the
25 intangible expense or cost between the
26 taxpayer and the person did not have as a

1 principal purpose the avoidance of Illinois
2 income tax, and is paid pursuant to a contract
3 or agreement that reflects arm's-length terms;
4 or

5 (iii) any item of intangible expense or cost
6 paid, accrued, or incurred, directly or
7 indirectly, from a transaction with a person if
8 the taxpayer establishes by clear and convincing
9 evidence, that the adjustments are unreasonable;
10 or if the taxpayer and the Director agree in
11 writing to the application or use of an
12 alternative method of apportionment under Section
13 304(f);

14 Nothing in this subsection shall preclude the
15 Director from making any other adjustment
16 otherwise allowed under Section 404 of this Act
17 for any tax year beginning after the effective
18 date of this amendment provided such adjustment is
19 made pursuant to regulation adopted by the
20 Department and such regulations provide methods
21 and standards by which the Department will utilize
22 its authority under Section 404 of this Act;

23 (E-14) For taxable years ending on or after
24 December 31, 2008, an amount equal to the amount of
25 insurance premium expenses and costs otherwise allowed
26 as a deduction in computing base income, and that were

1 paid, accrued, or incurred, directly or indirectly, to
2 a person who would be a member of the same unitary
3 business group but for the fact that the person is
4 prohibited under Section 1501(a)(27) from being
5 included in the unitary business group because he or
6 she is ordinarily required to apportion business
7 income under different subsections of Section 304. The
8 addition modification required by this subparagraph
9 shall be reduced to the extent that dividends were
10 included in base income of the unitary group for the
11 same taxable year and received by the taxpayer or by a
12 member of the taxpayer's unitary business group
13 (including amounts included in gross income under
14 Sections 951 through 964 of the Internal Revenue Code
15 and amounts included in gross income under Section 78
16 of the Internal Revenue Code) with respect to the
17 stock of the same person to whom the premiums and costs
18 were directly or indirectly paid, incurred, or
19 accrued. The preceding sentence does not apply to the
20 extent that the same dividends caused a reduction to
21 the addition modification required under Section
22 203(b)(2)(E-12) or Section 203(b)(2)(E-13) of this
23 Act;

24 (E-15) For taxable years beginning after December
25 31, 2008, any deduction for dividends paid by a
26 captive real estate investment trust that is allowed

1 to a real estate investment trust under Section
2 857(b)(2)(B) of the Internal Revenue Code for
3 dividends paid;

4 (E-16) An amount equal to the credit allowable to
5 the taxpayer under Section 218(a) of this Act,
6 determined without regard to Section 218(c) of this
7 Act;

8 (E-17) For taxable years ending on or after
9 December 31, 2017, an amount equal to the deduction
10 allowed under Section 199 of the Internal Revenue Code
11 for the taxable year;

12 (E-18) for taxable years beginning after December
13 31, 2018, an amount equal to the deduction allowed
14 under Section 250(a)(1)(A) of the Internal Revenue
15 Code for the taxable year;

16 (E-19) for taxable years ending on or after June
17 30, 2021, an amount equal to the deduction allowed
18 under Section 250(a)(1)(B)(i) of the Internal Revenue
19 Code for the taxable year;

20 (E-20) for taxable years ending on or after June
21 30, 2021, an amount equal to the deduction allowed
22 under Sections 243(e) and 245A(a) of the Internal
23 Revenue Code for the taxable year;

24 (E-21) the amount that is claimed as a federal
25 deduction when computing the taxpayer's federal
26 taxable income for the taxable year and that is

1 attributable to an endowment gift for which the
2 taxpayer receives a credit under the Illinois Gives
3 Tax Credit Act;
4 and by deducting from the total so obtained the sum of the
5 following amounts:

6 (F) An amount equal to the amount of any tax
7 imposed by this Act which was refunded to the taxpayer
8 and included in such total for the taxable year;

9 (G) An amount equal to any amount included in such
10 total under Section 78 of the Internal Revenue Code;

11 (H) In the case of a regulated investment company,
12 an amount equal to the amount of exempt interest
13 dividends as defined in subsection (b)(5) of Section
14 852 of the Internal Revenue Code, paid to shareholders
15 for the taxable year;

16 (I) With the exception of any amounts subtracted
17 under subparagraph (J), an amount equal to the sum of
18 all amounts disallowed as deductions by (i) Sections
19 171(a)(2) and 265(a)(2) and amounts disallowed as
20 interest expense by Section 291(a)(3) of the Internal
21 Revenue Code, and all amounts of expenses allocable to
22 interest and disallowed as deductions by Section
23 265(a)(1) of the Internal Revenue Code; and (ii) for
24 taxable years ending on or after August 13, 1999,
25 Sections 171(a)(2), 265, 280C, 291(a)(3), and
26 832(b)(5)(B)(i) of the Internal Revenue Code, plus,

1 for tax years ending on or after December 31, 2011,
2 amounts disallowed as deductions by Section 45G(e) (3)
3 of the Internal Revenue Code and, for taxable years
4 ending on or after December 31, 2008, any amount
5 included in gross income under Section 87 of the
6 Internal Revenue Code and the policyholders' share of
7 tax-exempt interest of a life insurance company under
8 Section 807(a) (2) (B) of the Internal Revenue Code (in
9 the case of a life insurance company with gross income
10 from a decrease in reserves for the tax year) or
11 Section 807(b) (1) (B) of the Internal Revenue Code (in
12 the case of a life insurance company allowed a
13 deduction for an increase in reserves for the tax
14 year); the provisions of this subparagraph are exempt
15 from the provisions of Section 250;

16 (J) An amount equal to all amounts included in
17 such total which are exempt from taxation by this
18 State either by reason of its statutes or Constitution
19 or by reason of the Constitution, treaties or statutes
20 of the United States; provided that, in the case of any
21 statute of this State that exempts income derived from
22 bonds or other obligations from the tax imposed under
23 this Act, the amount exempted shall be the interest
24 net of bond premium amortization;

25 (K) An amount equal to those dividends included in
26 such total which were paid by a corporation which

1 conducts business operations in a River Edge
2 Redevelopment Zone or zones created under the River
3 Edge Redevelopment Zone Act and conducts substantially
4 all of its operations in a River Edge Redevelopment
5 Zone or zones. This subparagraph (K) is exempt from
6 the provisions of Section 250;

7 (L) An amount equal to those dividends included in
8 such total that were paid by a corporation that
9 conducts business operations in a federally designated
10 Foreign Trade Zone or Sub-Zone and that is designated
11 a High Impact Business located in Illinois; provided
12 that dividends eligible for the deduction provided in
13 subparagraph (K) of paragraph 2 of this subsection
14 shall not be eligible for the deduction provided under
15 this subparagraph (L);

17 organization within the meaning of Section 304(c) of
18 this Act, an amount included in such total as interest
19 income from a loan or loans made by such taxpayer to a
20 borrower, to the extent that such a loan is secured by
21 property which is eligible for the River Edge
22 Redevelopment Zone Investment Credit. To determine the
23 portion of a loan or loans that is secured by property
24 eligible for a Section 201(f) investment credit to the
25 borrower, the entire principal amount of the loan or
26 loans between the taxpayer and the borrower should be

1 divided into the basis of the Section 201(f)
2 investment credit property which secures the loan or
3 loans, using for this purpose the original basis of
4 such property on the date that it was placed in service
5 in the River Edge Redevelopment Zone. The subtraction
6 modification available to the taxpayer in any year
7 under this subsection shall be that portion of the
8 total interest paid by the borrower with respect to
9 such loan attributable to the eligible property as
10 calculated under the previous sentence. This
11 subparagraph (M) is exempt from the provisions of
12 Section 250;

13 (M-1) For any taxpayer that is a financial
14 organization within the meaning of Section 304(c) of
15 this Act, an amount included in such total as interest
16 income from a loan or loans made by such taxpayer to a

4 eligible for the deduction provided in subparagraph
5 (M) of paragraph (2) of this subsection shall be
6 eligible for the deduction provided under this

12 under the previous sentence;

13 (N) Two times any contribution made during the
14 taxable year to a designated zone organization to the
15 extent that the contribution (i) qualifies as a
16 charitable contribution under subsection (c) of
17 Section 170 of the Internal Revenue Code and (ii)
18 must, by its terms, be used for a project approved by
19 the Department of Commerce and Economic Opportunity
20 under Section 11 of the Illinois Enterprise Zone Act
21 or under Section 10-10 of the River Edge Redevelopment
22 Zone Act. This subparagraph (N) is exempt from the
23 provisions of Section 250;

24 (O) An amount equal to: (i) 85% for taxable years
25 ending on or before December 31, 1992, or, a
26 percentage equal to the percentage allowable under

1 Section 243(a)(1) of the Internal Revenue Code of 1986
2 for taxable years ending after December 31, 1992, of
3 the amount by which dividends included in taxable
4 income and received from a corporation that is not
5 created or organized under the laws of the United
6 States or any state or political subdivision thereof,
7 including, for taxable years ending on or after
8 December 31, 1988, dividends received or deemed
9 received or paid or deemed paid under Sections 951
10 through 965 of the Internal Revenue Code, exceed the
11 amount of the modification provided under subparagraph
12 (G) of paragraph (2) of this subsection (b) which is
13 related to such dividends, and including, for taxable
14 years ending on or after December 31, 2008, dividends
15 received from a captive real estate investment trust;
16 plus (ii) 100% of the amount by which dividends,
17 included in taxable income and received, including,
18 for taxable years ending on or after December 31,
19 1988, dividends received or deemed received or paid or
20 deemed paid under Sections 951 through 964 of the
21 Internal Revenue Code and including, for taxable years
22 ending on or after December 31, 2008, dividends
23 received from a captive real estate investment trust,
24 from any such corporation specified in clause (i) that
25 would but for the provisions of Section 1504(b)(3) of
26 the Internal Revenue Code be treated as a member of the

1 affiliated group which includes the dividend
2 recipient, exceed the amount of the modification
3 provided under subparagraph (G) of paragraph (2) of
4 this subsection (b) which is related to such
5 dividends. For taxable years ending on or after June
6 30, 2021, (i) for purposes of this subparagraph, the
7 term "dividend" does not include any amount treated as
8 a dividend under Section 1248 of the Internal Revenue
9 Code, and (ii) this subparagraph shall not apply to
10 dividends for which a deduction is allowed under
11 Section 245(a) of the Internal Revenue Code. This
12 subparagraph (O) is exempt from the provisions of
13 Section 250 of this Act;

14 (P) An amount equal to any contribution made to a
15 job training project established pursuant to the Tax
16 Increment Allocation Redevelopment Act;

17 (Q) An amount equal to the amount of the deduction
18 used to compute the federal income tax credit for
19 restoration of substantial amounts held under claim of
20 right for the taxable year pursuant to Section 1341 of
21 the Internal Revenue Code;

22 (R) On and after July 20, 1999, in the case of an
23 attorney-in-fact with respect to whom an interinsurer
24 or a reciprocal insurer has made the election under
25 Section 835 of the Internal Revenue Code, 26 U.S.C.
26 835, an amount equal to the excess, if any, of the

1 amounts paid or incurred by that interinsurer or
2 reciprocal insurer in the taxable year to the
3 attorney-in-fact over the deduction allowed to that
4 interinsurer or reciprocal insurer with respect to the
5 attorney-in-fact under Section 835(b) of the Internal
6 Revenue Code for the taxable year; the provisions of
7 this subparagraph are exempt from the provisions of
8 Section 250;

9 (S) For taxable years ending on or after December
10 31, 1997, in the case of a Subchapter S corporation, an
11 amount equal to all amounts of income allocable to a
12 shareholder subject to the Personal Property Tax
13 Replacement Income Tax imposed by subsections (c) and
14 (d) of Section 201 of this Act, including amounts
15 allocable to organizations exempt from federal income
16 tax by reason of Section 501(a) of the Internal
17 Revenue Code. This subparagraph (S) is exempt from the
18 provisions of Section 250;

19 (T) For taxable years 2001 and thereafter, for the
20 taxable year in which the bonus depreciation deduction
21 is taken on the taxpayer's federal income tax return
22 under subsection (k) of Section 168 of the Internal
23 Revenue Code and for each applicable taxable year
24 thereafter, an amount equal to "x", where:

25 (1) "y" equals the amount of the depreciation
26 deduction taken for the taxable year on the

1 taxpayer's federal income tax return on property
2 for which the bonus depreciation deduction was
3 taken in any year under subsection (k) of Section
4 168 of the Internal Revenue Code, but not
5 including the bonus depreciation deduction;

6 (2) for taxable years ending on or before
7 December 31, 2005, "x" equals "y" multiplied by 30
8 and then divided by 70 (or "y" multiplied by
9 0.429); and

10 (3) for taxable years ending after December
11 31, 2005:

12 (i) for property on which a bonus
13 depreciation deduction of 30% of the adjusted
14 basis was taken, "x" equals "y" multiplied by
15 30 and then divided by 70 (or "y" multiplied
16 by 0.429);

17 (ii) for property on which a bonus
18 depreciation deduction of 50% of the adjusted
19 basis was taken, "x" equals "y" multiplied by
20 1.0;

21 (iii) for property on which a bonus
22 depreciation deduction of 100% of the adjusted
23 basis was taken in a taxable year ending on or
24 after December 31, 2021, "x" equals the
25 depreciation deduction that would be allowed
26 on that property if the taxpayer had made the

1 election under Section 168(k)(7) of the
2 Internal Revenue Code to not claim bonus
3 depreciation on that property; and

4 (iv) for property on which a bonus
5 depreciation deduction of a percentage other
6 than 30%, 50% or 100% of the adjusted basis
7 was taken in a taxable year ending on or after
8 December 31, 2021, "x" equals "y" multiplied
9 by 100 times the percentage bonus depreciation
10 on the property (that is, $100(\text{bonus}\%)$) and
11 then divided by 100 times 1 minus the
12 percentage bonus depreciation on the property
13 (that is, $100(1-\text{bonus}\%)$).

14 The aggregate amount deducted under this
15 subparagraph in all taxable years for any one piece of
16 property may not exceed the amount of the bonus
17 depreciation deduction taken on that property on the
18 taxpayer's federal income tax return under subsection
19 (k) of Section 168 of the Internal Revenue Code. This
20 subparagraph (T) is exempt from the provisions of
21 Section 250;

22 (U) If the taxpayer sells, transfers, abandons, or
23 otherwise disposes of property for which the taxpayer
24 was required in any taxable year to make an addition
25 modification under subparagraph (E-10), then an amount
26 equal to that addition modification.

1 If the taxpayer continues to own property through
2 the last day of the last tax year for which a
3 subtraction is allowed with respect to that property
4 under subparagraph (T) and for which the taxpayer was
5 required in any taxable year to make an addition
6 modification under subparagraph (E-10), then an amount
7 equal to that addition modification.

8 The taxpayer is allowed to take the deduction
9 under this subparagraph only once with respect to any
10 one piece of property.

11 This subparagraph (U) is exempt from the
12 provisions of Section 250;

13 (V) The amount of: (i) any interest income (net of
14 the deductions allocable thereto) taken into account
15 for the taxable year with respect to a transaction
16 with a taxpayer that is required to make an addition
17 modification with respect to such transaction under
18 Section 203(a)(2)(D-17), 203(b)(2)(E-12),
19 203(c)(2)(G-12), or 203(d)(2)(D-7), but not to exceed
20 the amount of such addition modification, (ii) any
21 income from intangible property (net of the deductions
22 allocable thereto) taken into account for the taxable
23 year with respect to a transaction with a taxpayer
24 that is required to make an addition modification with
25 respect to such transaction under Section
26 203(a)(2)(D-18), 203(b)(2)(E-13), 203(c)(2)(G-13), or

1 203(d)(2)(D-8), but not to exceed the amount of such
2 addition modification, and (iii) any insurance premium
3 income (net of deductions allocable thereto) taken
4 into account for the taxable year with respect to a
5 transaction with a taxpayer that is required to make
6 an addition modification with respect to such
7 transaction under Section 203(a)(2)(D-19), Section
8 203(b)(2)(E-14), Section 203(c)(2)(G-14), or Section
9 203(d)(2)(D-9), but not to exceed the amount of that
10 addition modification. This subparagraph (V) is exempt
11 from the provisions of Section 250;

12 (W) An amount equal to the interest income taken
13 into account for the taxable year (net of the
14 deductions allocable thereto) with respect to
15 transactions with (i) a foreign person who would be a
16 member of the taxpayer's unitary business group but
17 for the fact that the foreign person's business
18 activity outside the United States is 80% or more of
19 that person's total business activity and (ii) for
20 taxable years ending on or after December 31, 2008, to
21 a person who would be a member of the same unitary
22 business group but for the fact that the person is
23 prohibited under Section 1501(a)(27) from being
24 included in the unitary business group because he or
25 she is ordinarily required to apportion business
26 income under different subsections of Section 304, but

1 not to exceed the addition modification required to be
2 made for the same taxable year under Section
3 203(b)(2)(E-12) for interest paid, accrued, or
4 incurred, directly or indirectly, to the same person.
5 This subparagraph (W) is exempt from the provisions of
6 Section 250;

7 (X) An amount equal to the income from intangible
8 property taken into account for the taxable year (net
9 of the deductions allocable thereto) with respect to
10 transactions with (i) a foreign person who would be a
11 member of the taxpayer's unitary business group but
12 for the fact that the foreign person's business
13 activity outside the United States is 80% or more of
14 that person's total business activity and (ii) for
15 taxable years ending on or after December 31, 2008, to
16 a person who would be a member of the same unitary
17 business group but for the fact that the person is
18 prohibited under Section 1501(a)(27) from being
19 included in the unitary business group because he or
20 she is ordinarily required to apportion business
21 income under different subsections of Section 304, but
22 not to exceed the addition modification required to be
23 made for the same taxable year under Section
24 203(b)(2)(E-13) for intangible expenses and costs
25 paid, accrued, or incurred, directly or indirectly, to
26 the same foreign person. This subparagraph (X) is

1 exempt from the provisions of Section 250;

2 (Y) For taxable years ending on or after December
3 31, 2011, in the case of a taxpayer who was required to
4 add back any insurance premiums under Section
5 203(b)(2)(E-14), such taxpayer may elect to subtract
6 that part of a reimbursement received from the
7 insurance company equal to the amount of the expense
8 or loss (including expenses incurred by the insurance
9 company) that would have been taken into account as a
10 deduction for federal income tax purposes if the
11 expense or loss had been uninsured. If a taxpayer
12 makes the election provided for by this subparagraph
13 (Y), the insurer to which the premiums were paid must
14 add back to income the amount subtracted by the
15 taxpayer pursuant to this subparagraph (Y). This
16 subparagraph (Y) is exempt from the provisions of
17 Section 250;

18 (Z) The difference between the nondeductible
19 controlled foreign corporation dividends under Section
20 965(e)(3) of the Internal Revenue Code over the
21 taxable income of the taxpayer, computed without
22 regard to Section 965(e)(2)(A) of the Internal Revenue
23 Code, and without regard to any net operating loss
24 deduction. This subparagraph (Z) is exempt from the
25 provisions of Section 250; and

26 (AA) For taxable years beginning on or after

1 January 1, 2023, for any cannabis establishment
2 operating in this State and licensed under the
3 Cannabis Regulation and Tax Act or any cannabis
4 cultivation center or medical cannabis dispensing
5 organization operating in this State and licensed
6 under the Compassionate Use of Medical Cannabis
7 Program Act, an amount equal to the deductions that
8 were disallowed under Section 280E of the Internal
9 Revenue Code for the taxable year and that would not be
10 added back under this subsection. The provisions of
11 this subparagraph (AA) are exempt from the provisions
12 of Section 250.

13 (3) Special rule. For purposes of paragraph (2)(A),
14 "gross income" in the case of a life insurance company,
15 for tax years ending on and after December 31, 1994, and
16 prior to December 31, 2011, shall mean the gross
17 investment income for the taxable year and, for tax years
18 ending on or after December 31, 2011, shall mean all
19 amounts included in life insurance gross income under
20 Section 803(a)(3) of the Internal Revenue Code.

21 (c) Trusts and estates.

22 (1) In general. In the case of a trust or estate, base
23 income means an amount equal to the taxpayer's taxable
24 income for the taxable year as modified by paragraph (2).

25 (2) Modifications. Subject to the provisions of

1 paragraph (3), the taxable income referred to in paragraph
2 (1) shall be modified by adding thereto the sum of the
3 following amounts:

4 (A) An amount equal to all amounts paid or accrued
5 to the taxpayer as interest or dividends during the
6 taxable year to the extent excluded from gross income
7 in the computation of taxable income;

8 (B) In the case of (i) an estate, \$600; (ii) a
9 trust which, under its governing instrument, is
10 required to distribute all of its income currently,
11 \$300; and (iii) any other trust, \$100, but in each such
12 case, only to the extent such amount was deducted in
13 the computation of taxable income;

14 (C) An amount equal to the amount of tax imposed by
15 this Act to the extent deducted from gross income in
16 the computation of taxable income for the taxable
17 year;

18 (D) The amount of any net operating loss deduction
19 taken in arriving at taxable income, other than a net
20 operating loss carried forward from a taxable year
21 ending prior to December 31, 1986;

22 (E) For taxable years in which a net operating
23 loss carryback or carryforward from a taxable year
24 ending prior to December 31, 1986 is an element of
25 taxable income under paragraph (1) of subsection (e)
26 or subparagraph (E) of paragraph (2) of subsection

1 (e), the amount by which addition modifications other
2 than those provided by this subparagraph (E) exceeded
3 subtraction modifications in such taxable year, with
4 the following limitations applied in the order that
5 they are listed:

6 (i) the addition modification relating to the
7 net operating loss carried back or forward to the
8 taxable year from any taxable year ending prior to
9 December 31, 1986 shall be reduced by the amount
10 of addition modification under this subparagraph
11 (E) which related to that net operating loss and
12 which was taken into account in calculating the
13 base income of an earlier taxable year, and

14 (ii) the addition modification relating to the
15 net operating loss carried back or forward to the
16 taxable year from any taxable year ending prior to
17 December 31, 1986 shall not exceed the amount of
18 such carryback or carryforward;

19 For taxable years in which there is a net
20 operating loss carryback or carryforward from more
21 than one other taxable year ending prior to December
22 31, 1986, the addition modification provided in this
23 subparagraph (E) shall be the sum of the amounts
24 computed independently under the preceding provisions
25 of this subparagraph (E) for each such taxable year;

26 (F) For taxable years ending on or after January

1 1, 1989, an amount equal to the tax deducted pursuant
2 to Section 164 of the Internal Revenue Code if the
3 trust or estate is claiming the same tax for purposes
4 of the Illinois foreign tax credit under Section 601
5 of this Act;

6 (G) An amount equal to the amount of the capital
7 gain deduction allowable under the Internal Revenue
8 Code, to the extent deducted from gross income in the
9 computation of taxable income;

10 (G-5) For taxable years ending after December 31,
11 1997, an amount equal to any eligible remediation
12 costs that the trust or estate deducted in computing
13 adjusted gross income and for which the trust or
14 estate claims a credit under subsection (l) of Section
15 201;

16 (G-10) For taxable years 2001 and thereafter, an
17 amount equal to the bonus depreciation deduction taken
18 on the taxpayer's federal income tax return for the
19 taxable year under subsection (k) of Section 168 of
20 the Internal Revenue Code; and

21 (G-11) If the taxpayer sells, transfers, abandons,
22 or otherwise disposes of property for which the
23 taxpayer was required in any taxable year to make an
24 addition modification under subparagraph (G-10), then
25 an amount equal to the aggregate amount of the
26 deductions taken in all taxable years under

1 subparagraph (R) with respect to that property.

2 If the taxpayer continues to own property through
3 the last day of the last tax year for which a
4 subtraction is allowed with respect to that property
5 under subparagraph (R) and for which the taxpayer was
6 allowed in any taxable year to make a subtraction
7 modification under subparagraph (R), then an amount
8 equal to that subtraction modification.

9 The taxpayer is required to make the addition
10 modification under this subparagraph only once with
11 respect to any one piece of property;

12 (G-12) An amount equal to the amount otherwise
13 allowed as a deduction in computing base income for
14 interest paid, accrued, or incurred, directly or
15 indirectly, (i) for taxable years ending on or after
16 December 31, 2004, to a foreign person who would be a
17 member of the same unitary business group but for the
18 fact that the foreign person's business activity
19 outside the United States is 80% or more of the foreign
20 person's total business activity and (ii) for taxable
21 years ending on or after December 31, 2008, to a person
22 who would be a member of the same unitary business
23 group but for the fact that the person is prohibited
24 under Section 1501(a)(27) from being included in the
25 unitary business group because he or she is ordinarily
26 required to apportion business income under different

1 subsections of Section 304. The addition modification
2 required by this subparagraph shall be reduced to the
3 extent that dividends were included in base income of
4 the unitary group for the same taxable year and
5 received by the taxpayer or by a member of the
6 taxpayer's unitary business group (including amounts
7 included in gross income pursuant to Sections 951
8 through 964 of the Internal Revenue Code and amounts
9 included in gross income under Section 78 of the
10 Internal Revenue Code) with respect to the stock of
11 the same person to whom the interest was paid,
12 accrued, or incurred.

13 This paragraph shall not apply to the following:

14 (i) an item of interest paid, accrued, or
15 incurred, directly or indirectly, to a person who
16 is subject in a foreign country or state, other
17 than a state which requires mandatory unitary
18 reporting, to a tax on or measured by net income
19 with respect to such interest; or

20 (ii) an item of interest paid, accrued, or
21 incurred, directly or indirectly, to a person if
22 the taxpayer can establish, based on a
23 preponderance of the evidence, both of the
24 following:

25 (a) the person, during the same taxable
26 year, paid, accrued, or incurred, the interest

1 to a person that is not a related member, and

2 (b) the transaction giving rise to the
3 interest expense between the taxpayer and the
4 person did not have as a principal purpose the
5 avoidance of Illinois income tax, and is paid
6 pursuant to a contract or agreement that
7 reflects an arm's-length interest rate and
8 terms; or

9 (iii) the taxpayer can establish, based on
10 clear and convincing evidence, that the interest
11 paid, accrued, or incurred relates to a contract
12 or agreement entered into at arm's-length rates
13 and terms and the principal purpose for the
14 payment is not federal or Illinois tax avoidance;
15 or

16 (iv) an item of interest paid, accrued, or
17 incurred, directly or indirectly, to a person if
18 the taxpayer establishes by clear and convincing
19 evidence that the adjustments are unreasonable; or
20 if the taxpayer and the Director agree in writing
21 to the application or use of an alternative method
22 of apportionment under Section 304(f).

23 Nothing in this subsection shall preclude the
24 Director from making any other adjustment
25 otherwise allowed under Section 404 of this Act
26 for any tax year beginning after the effective

1 date of this amendment provided such adjustment is
2 made pursuant to regulation adopted by the
3 Department and such regulations provide methods
4 and standards by which the Department will utilize
5 its authority under Section 404 of this Act;

6 (G-13) An amount equal to the amount of intangible
7 expenses and costs otherwise allowed as a deduction in
8 computing base income, and that were paid, accrued, or
9 incurred, directly or indirectly, (i) for taxable
10 years ending on or after December 31, 2004, to a
11 foreign person who would be a member of the same
12 unitary business group but for the fact that the
13 foreign person's business activity outside the United
14 States is 80% or more of that person's total business
15 activity and (ii) for taxable years ending on or after
16 December 31, 2008, to a person who would be a member of
17 the same unitary business group but for the fact that
18 the person is prohibited under Section 1501(a)(27)
19 from being included in the unitary business group
20 because he or she is ordinarily required to apportion
21 business income under different subsections of Section
22 304. The addition modification required by this
23 subparagraph shall be reduced to the extent that
24 dividends were included in base income of the unitary
25 group for the same taxable year and received by the
26 taxpayer or by a member of the taxpayer's unitary

1 business group (including amounts included in gross
2 income pursuant to Sections 951 through 964 of the
3 Internal Revenue Code and amounts included in gross
4 income under Section 78 of the Internal Revenue Code)
5 with respect to the stock of the same person to whom
6 the intangible expenses and costs were directly or
7 indirectly paid, incurred, or accrued. The preceding
8 sentence shall not apply to the extent that the same
9 dividends caused a reduction to the addition
10 modification required under Section 203(c)(2)(G-12) of
11 this Act. As used in this subparagraph, the term
12 "intangible expenses and costs" includes: (1)
13 expenses, losses, and costs for or related to the
14 direct or indirect acquisition, use, maintenance or
15 management, ownership, sale, exchange, or any other
16 disposition of intangible property; (2) losses
17 incurred, directly or indirectly, from factoring
18 transactions or discounting transactions; (3) royalty,
19 patent, technical, and copyright fees; (4) licensing
20 fees; and (5) other similar expenses and costs. For
21 purposes of this subparagraph, "intangible property"
22 includes patents, patent applications, trade names,
23 trademarks, service marks, copyrights, mask works,
24 trade secrets, and similar types of intangible assets.

25 This paragraph shall not apply to the following:

26 (i) any item of intangible expenses or costs

1 paid, accrued, or incurred, directly or
2 indirectly, from a transaction with a person who
3 is subject in a foreign country or state, other
4 than a state which requires mandatory unitary
5 reporting, to a tax on or measured by net income
6 with respect to such item; or

7 (ii) any item of intangible expense or cost
8 paid, accrued, or incurred, directly or
9 indirectly, if the taxpayer can establish, based
10 on a preponderance of the evidence, both of the
11 following:

12 (a) the person during the same taxable
13 year paid, accrued, or incurred, the
14 intangible expense or cost to a person that is
15 not a related member, and

16 (b) the transaction giving rise to the
17 intangible expense or cost between the
18 taxpayer and the person did not have as a
19 principal purpose the avoidance of Illinois
20 income tax, and is paid pursuant to a contract
21 or agreement that reflects arm's-length terms;
22 or

23 (iii) any item of intangible expense or cost
24 paid, accrued, or incurred, directly or
25 indirectly, from a transaction with a person if
26 the taxpayer establishes by clear and convincing

1 evidence, that the adjustments are unreasonable;
2 or if the taxpayer and the Director agree in
3 writing to the application or use of an
4 alternative method of apportionment under Section
5 304(f);

6 Nothing in this subsection shall preclude the
7 Director from making any other adjustment
8 otherwise allowed under Section 404 of this Act
9 for any tax year beginning after the effective
10 date of this amendment provided such adjustment is
11 made pursuant to regulation adopted by the
12 Department and such regulations provide methods
13 and standards by which the Department will utilize
14 its authority under Section 404 of this Act;

15 (G-14) For taxable years ending on or after
16 December 31, 2008, an amount equal to the amount of
17 insurance premium expenses and costs otherwise allowed
18 as a deduction in computing base income, and that were
19 paid, accrued, or incurred, directly or indirectly, to
20 a person who would be a member of the same unitary
21 business group but for the fact that the person is
22 prohibited under Section 1501(a)(27) from being
23 included in the unitary business group because he or
24 she is ordinarily required to apportion business
25 income under different subsections of Section 304. The
26 addition modification required by this subparagraph

1 shall be reduced to the extent that dividends were
2 included in base income of the unitary group for the

4 member of the taxpayer's unitary business group
5 (including amounts included in gross income under
6 Sections 951 through 964 of the Internal Revenue Code
7 and amounts included in gross income under Section 78
8 of the Internal Revenue Code) with respect to the
9 stock of the same person to whom the premiums and costs
10 were directly or indirectly paid, incurred, or
11 accrued. The preceding sentence does not apply to the
12 extent that the same dividends caused a reduction to
13 the addition modification required under Section
14 203(c)(2)(G-12) or Section 203(c)(2)(G-13) of this
15 Act;

16 (G-15) An amount equal to the credit allowable to
17 the taxpayer under Section 218(a) of this Act,
18 determined without regard to Section 218(c) of this
19 Act;

20 (G-16) For taxable years ending on or after
21 December 31, 2017, an amount equal to the deduction
22 allowed under Section 199 of the Internal Revenue Code
23 for the taxable year;

24 (G-17) the amount that is claimed as a federal
25 deduction when computing the taxpayer's federal
26 taxable income for the taxable year and that is

1 attributable to an endowment gift for which the
2 taxpayer receives a credit under the Illinois Gives
3 Tax Credit Act;

4 and by deducting from the total so obtained the sum of the
5 following amounts:

6 (H) An amount equal to all amounts included in
7 such total pursuant to the provisions of Sections
8 402(a), 402(c), 403(a), 403(b), 406(a), 407(a) and 408
9 of the Internal Revenue Code or included in such total
10 as distributions under the provisions of any
11 retirement or disability plan for employees of any
12 governmental agency or unit, or retirement payments to

15 1402 of the Internal Revenue Code and regulations
16 adopted pursuant thereto;

17 (I) The valuation limitation amount;

18 (J) An amount equal to the amount of any tax
19 imposed by this Act which was refunded to the taxpayer
20 and included in such total for the taxable year;

21 (K) An amount equal to all amounts included in
22 taxable income as modified by subparagraphs (A), (B),
23 (C), (D), (E), (F) and (G) which are exempt from
24 taxation by this State either by reason of its
25 statutes or Constitution or by reason of the
26 Constitution, treaties or statutes of the United

1 States; provided that, in the case of any statute of
2 this State that exempts income derived from bonds or
3 other obligations from the tax imposed under this Act,
4 the amount exempted shall be the interest net of bond
5 premium amortization;

6 (L) With the exception of any amounts subtracted
7 under subparagraph (K), an amount equal to the sum of
8 all amounts disallowed as deductions by (i) Sections
9 171(a)(2) and 265(a)(2) of the Internal Revenue Code,
10 and all amounts of expenses allocable to interest and
11 disallowed as deductions by Section 265(a)(1) of the
12 Internal Revenue Code; and (ii) for taxable years
13 ending on or after August 13, 1999, Sections
14 171(a)(2), 265, 280C, and 832(b)(5)(B)(i) of the
15 Internal Revenue Code, plus, (iii) for taxable years
16 ending on or after December 31, 2011, Section
17 45G(e)(3) of the Internal Revenue Code and, for
18 taxable years ending on or after December 31, 2008,
19 any amount included in gross income under Section 87
20 of the Internal Revenue Code; the provisions of this
21 subparagraph are exempt from the provisions of Section
22 250;

23 (M) An amount equal to those dividends included in
24 such total which were paid by a corporation which
25 conducts business operations in a River Edge
26 Redevelopment Zone or zones created under the River

1 Edge Redevelopment Zone Act and conducts substantially
2 all of its operations in a River Edge Redevelopment
3 Zone or zones. This subparagraph (M) is exempt from
4 the provisions of Section 250;

5 (N) An amount equal to any contribution made to a
6 job training project established pursuant to the Tax
7 Increment Allocation Redevelopment Act;

8 (O) An amount equal to those dividends included in
9 such total that were paid by a corporation that
10 conducts business operations in a federally designated
11 Foreign Trade Zone or Sub-Zone and that is designated
12 a High Impact Business located in Illinois; provided
13 that dividends eligible for the deduction provided in
14 subparagraph (M) of paragraph (2) of this subsection
15 shall not be eligible for the deduction provided under
16 this subparagraph (O);

17 (P) An amount equal to the amount of the deduction
18 used to compute the federal income tax credit for
19 restoration of substantial amounts held under claim of
20 right for the taxable year pursuant to Section 1341 of
21 the Internal Revenue Code;

22 (Q) For taxable year 1999 and thereafter, an
23 amount equal to the amount of any (i) distributions,
24 to the extent includible in gross income for federal
25 income tax purposes, made to the taxpayer because of
26 his or her status as a victim of persecution for racial

1 or religious reasons by Nazi Germany or any other Axis
2 regime or as an heir of the victim and (ii) items of
3 income, to the extent includible in gross income for
4 federal income tax purposes, attributable to, derived
5 from or in any way related to assets stolen from,
6 hidden from, or otherwise lost to a victim of
7 persecution for racial or religious reasons by Nazi
8 Germany or any other Axis regime immediately prior to,
9 during, and immediately after World War II, including,
10 but not limited to, interest on the proceeds
11 receivable as insurance under policies issued to a
12 victim of persecution for racial or religious reasons
13 by Nazi Germany or any other Axis regime by European
14 insurance companies immediately prior to and during
15 World War II; provided, however, this subtraction from
16 federal adjusted gross income does not apply to assets
17 acquired with such assets or with the proceeds from
18 the sale of such assets; provided, further, this
19 paragraph shall only apply to a taxpayer who was the
20 first recipient of such assets after their recovery
21 and who is a victim of persecution for racial or
22 religious reasons by Nazi Germany or any other Axis
23 regime or as an heir of the victim. The amount of and
24 the eligibility for any public assistance, benefit, or
25 similar entitlement is not affected by the inclusion
26 of items (i) and (ii) of this paragraph in gross income

1 for federal income tax purposes. This paragraph is
2 exempt from the provisions of Section 250;

3 (R) For taxable years 2001 and thereafter, for the
4 taxable year in which the bonus depreciation deduction
5 is taken on the taxpayer's federal income tax return
6 under subsection (k) of Section 168 of the Internal
7 Revenue Code and for each applicable taxable year
8 thereafter, an amount equal to "x", where:

9 (1) "y" equals the amount of the depreciation
10 deduction taken for the taxable year on the
11 taxpayer's federal income tax return on property
12 for which the bonus depreciation deduction was
13 taken in any year under subsection (k) of Section
14 168 of the Internal Revenue Code, but not
15 including the bonus depreciation deduction;

16 (2) for taxable years ending on or before
17 December 31, 2005, "x" equals "y" multiplied by 30
18 and then divided by 70 (or "y" multiplied by
19 0.429); and

20 (3) for taxable years ending after December
21 31, 2005:

22 (i) for property on which a bonus
23 depreciation deduction of 30% of the adjusted
24 basis was taken, "x" equals "y" multiplied by
25 30 and then divided by 70 (or "y" multiplied
26 by 0.429);

1 (ii) for property on which a bonus
2 depreciation deduction of 50% of the adjusted
3 basis was taken, "x" equals "y" multiplied by
4 1.0;

5 (iii) for property on which a bonus
6 depreciation deduction of 100% of the adjusted
7 basis was taken in a taxable year ending on or
8 after December 31, 2021, "x" equals the
9 depreciation deduction that would be allowed
10 on that property if the taxpayer had made the
11 election under Section 168(k)(7) of the
12 Internal Revenue Code to not claim bonus
13 depreciation on that property; and

14 (iv) for property on which a bonus
15 depreciation deduction of a percentage other
16 than 30%, 50% or 100% of the adjusted basis
17 was taken in a taxable year ending on or after
18 December 31, 2021, "x" equals "y" multiplied
19 by 100 times the percentage bonus depreciation
20 on the property (that is, $100(\text{bonus}\%)$) and
21 then divided by 100 times 1 minus the
22 percentage bonus depreciation on the property
23 (that is, $100(1-\text{bonus}\%)$).

24 The aggregate amount deducted under this
25 subparagraph in all taxable years for any one piece of
26 property may not exceed the amount of the bonus

1 depreciation deduction taken on that property on the
2 taxpayer's federal income tax return under subsection
3 (k) of Section 168 of the Internal Revenue Code. This
4 subparagraph (R) is exempt from the provisions of
5 Section 250;

6 (S) If the taxpayer sells, transfers, abandons, or
7 otherwise disposes of property for which the taxpayer
8 was required in any taxable year to make an addition
9 modification under subparagraph (G-10), then an amount
10 equal to that addition modification.

11 If the taxpayer continues to own property through
12 the last day of the last tax year for which a
13 subtraction is allowed with respect to that property
14 under subparagraph (R) and for which the taxpayer was
15 required in any taxable year to make an addition
16 modification under subparagraph (G-10), then an amount
17 equal to that addition modification.

18 The taxpayer is allowed to take the deduction
19 under this subparagraph only once with respect to any
20 one piece of property.

21 This subparagraph (S) is exempt from the
22 provisions of Section 250;

23 (T) The amount of (i) any interest income (net of
24 the deductions allocable thereto) taken into account
25 for the taxable year with respect to a transaction
26 with a taxpayer that is required to make an addition

1 modification with respect to such transaction under
2 Section 203(a) (2) (D-17), 203(b) (2) (E-12),
3 203(c) (2) (G-12), or 203(d) (2) (D-7), but not to exceed
4 the amount of such addition modification and (ii) any
5 income from intangible property (net of the deductions
6 allocable thereto) taken into account for the taxable
7 year with respect to a transaction with a taxpayer
8 that is required to make an addition modification with
9 respect to such transaction under Section
10 203(a) (2) (D-18), 203(b) (2) (E-13), 203(c) (2) (G-13), or
11 203(d) (2) (D-8), but not to exceed the amount of such
12 addition modification. This subparagraph (T) is exempt
13 from the provisions of Section 250;

14 (U) An amount equal to the interest income taken
15 into account for the taxable year (net of the
16 deductions allocable thereto) with respect to
17 transactions with (i) a foreign person who would be a
18 member of the taxpayer's unitary business group but
19 for the fact the foreign person's business activity
20 outside the United States is 80% or more of that
21 person's total business activity and (ii) for taxable
22 years ending on or after December 31, 2008, to a person
23 who would be a member of the same unitary business
24 group but for the fact that the person is prohibited
25 under Section 1501(a) (27) from being included in the
26 unitary business group because he or she is ordinarily

1 required to apportion business income under different
2 subsections of Section 304, but not to exceed the
3 addition modification required to be made for the same
4 taxable year under Section 203(c)(2)(G-12) for
5 interest paid, accrued, or incurred, directly or
6 indirectly, to the same person. This subparagraph (U)
7 is exempt from the provisions of Section 250;

8 (V) An amount equal to the income from intangible
9 property taken into account for the taxable year (net
10 of the deductions allocable thereto) with respect to
11 transactions with (i) a foreign person who would be a
12 member of the taxpayer's unitary business group but
13 for the fact that the foreign person's business
14 activity outside the United States is 80% or more of
15 that person's total business activity and (ii) for
16 taxable years ending on or after December 31, 2008, to
17 a person who would be a member of the same unitary
18 business group but for the fact that the person is
19 prohibited under Section 1501(a)(27) from being
20 included in the unitary business group because he or
21 she is ordinarily required to apportion business
22 income under different subsections of Section 304, but
23 not to exceed the addition modification required to be
24 made for the same taxable year under Section
25 203(c)(2)(G-13) for intangible expenses and costs
26 paid, accrued, or incurred, directly or indirectly, to

1 the same foreign person. This subparagraph (V) is
2 exempt from the provisions of Section 250;

3 (W) in the case of an estate, an amount equal to
4 all amounts included in such total pursuant to the
5 provisions of Section 111 of the Internal Revenue Code
6 as a recovery of items previously deducted by the
7 decedent from adjusted gross income in the computation
8 of taxable income. This subparagraph (W) is exempt
9 from Section 250;

10 (X) an amount equal to the refund included in such
11 total of any tax deducted for federal income tax
12 purposes, to the extent that deduction was added back
13 under subparagraph (F). This subparagraph (X) is
14 exempt from the provisions of Section 250;

15 (Y) For taxable years ending on or after December
16 31, 2011, in the case of a taxpayer who was required to
17 add back any insurance premiums under Section
18 203(c)(2)(G-14), such taxpayer may elect to subtract
19 that part of a reimbursement received from the
20 insurance company equal to the amount of the expense
21 or loss (including expenses incurred by the insurance
22 company) that would have been taken into account as a
23 deduction for federal income tax purposes if the
24 expense or loss had been uninsured. If a taxpayer
25 makes the election provided for by this subparagraph
26 (Y), the insurer to which the premiums were paid must

1 add back to income the amount subtracted by the
2 taxpayer pursuant to this subparagraph (Y). This
3 subparagraph (Y) is exempt from the provisions of
4 Section 250;

5 (Z) For taxable years beginning after December 31,
6 2018 and before January 1, 2026, the amount of excess
7 business loss of the taxpayer disallowed as a
8 deduction by Section 461(l)(1)(B) of the Internal
9 Revenue Code; and

10 (AA) For taxable years beginning on or after
11 January 1, 2023, for any cannabis establishment
12 operating in this State and licensed under the
13 Cannabis Regulation and Tax Act or any cannabis
14 cultivation center or medical cannabis dispensing
15 organization operating in this State and licensed
16 under the Compassionate Use of Medical Cannabis
17 Program Act, an amount equal to the deductions that
18 were disallowed under Section 280E of the Internal
19 Revenue Code for the taxable year and that would not be
20 added back under this subsection. The provisions of
21 this subparagraph (AA) are exempt from the provisions
22 of Section 250.

23 (3) Limitation. The amount of any modification
24 otherwise required under this subsection shall, under
25 regulations prescribed by the Department, be adjusted by
26 any amounts included therein which were properly paid,

1 credited, or required to be distributed, or permanently
2 set aside for charitable purposes pursuant to Internal
3 Revenue Code Section 642(c) during the taxable year.

4 (d) Partnerships.

5 (1) In general. In the case of a partnership, base
6 income means an amount equal to the taxpayer's taxable
7 income for the taxable year as modified by paragraph (2).

8 (2) Modifications. The taxable income referred to in
9 paragraph (1) shall be modified by adding thereto the sum
10 of the following amounts:

11 (A) An amount equal to all amounts paid or accrued
12 to the taxpayer as interest or dividends during the
13 taxable year to the extent excluded from gross income
14 in the computation of taxable income;

15 (B) An amount equal to the amount of tax imposed by
16 this Act to the extent deducted from gross income for
17 the taxable year;

18 (C) The amount of deductions allowed to the
19 partnership pursuant to Section 707 (c) of the
20 Internal Revenue Code in calculating its taxable
21 income;

22 (D) An amount equal to the amount of the capital
23 gain deduction allowable under the Internal Revenue
24 Code, to the extent deducted from gross income in the
25 computation of taxable income;

1 (D-5) For taxable years 2001 and thereafter, an
2 amount equal to the bonus depreciation deduction taken
3 on the taxpayer's federal income tax return for the
4 taxable year under subsection (k) of Section 168 of
5 the Internal Revenue Code;

6 (D-6) If the taxpayer sells, transfers, abandons,
7 or otherwise disposes of property for which the
8 taxpayer was required in any taxable year to make an
9 addition modification under subparagraph (D-5), then
10 an amount equal to the aggregate amount of the
11 deductions taken in all taxable years under
12 subparagraph (O) with respect to that property.

13 If the taxpayer continues to own property through
14 the last day of the last tax year for which a
15 subtraction is allowed with respect to that property
16 under subparagraph (O) and for which the taxpayer was
17 allowed in any taxable year to make a subtraction
18 modification under subparagraph (O), then an amount
19 equal to that subtraction modification.

20 The taxpayer is required to make the addition
21 modification under this subparagraph only once with
22 respect to any one piece of property;

23 (D-7) An amount equal to the amount otherwise
24 allowed as a deduction in computing base income for
25 interest paid, accrued, or incurred, directly or
26 indirectly, (i) for taxable years ending on or after

1 December 31, 2004, to a foreign person who would be a
2 member of the same unitary business group but for the
3 fact the foreign person's business activity outside
4 the United States is 80% or more of the foreign
5 person's total business activity and (ii) for taxable
6 years ending on or after December 31, 2008, to a person
7 who would be a member of the same unitary business
8 group but for the fact that the person is prohibited
9 under Section 1501(a)(27) from being included in the
10 unitary business group because he or she is ordinarily
11 required to apportion business income under different
12 subsections of Section 304. The addition modification
13 required by this subparagraph shall be reduced to the
14 extent that dividends were included in base income of
15 the unitary group for the same taxable year and
16 received by the taxpayer or by a member of the
17 taxpayer's unitary business group (including amounts
18 included in gross income pursuant to Sections 951
19 through 964 of the Internal Revenue Code and amounts
20 included in gross income under Section 78 of the
21 Internal Revenue Code) with respect to the stock of
22 the same person to whom the interest was paid,
23 accrued, or incurred.

24 This paragraph shall not apply to the following:

25 (i) an item of interest paid, accrued, or
26 incurred, directly or indirectly, to a person who

1 is subject in a foreign country or state, other
2 than a state which requires mandatory unitary
3 reporting, to a tax on or measured by net income
4 with respect to such interest; or

5 (ii) an item of interest paid, accrued, or
6 incurred, directly or indirectly, to a person if
7 the taxpayer can establish, based on a
8 preponderance of the evidence, both of the
9 following:

10 (a) the person, during the same taxable
11 year, paid, accrued, or incurred, the interest
12 to a person that is not a related member, and

13 (b) the transaction giving rise to the
14 interest expense between the taxpayer and the
15 person did not have as a principal purpose the
16 avoidance of Illinois income tax, and is paid
17 pursuant to a contract or agreement that
18 reflects an arm's-length interest rate and
19 terms; or

20 (iii) the taxpayer can establish, based on
21 clear and convincing evidence, that the interest
22 paid, accrued, or incurred relates to a contract
23 or agreement entered into at arm's-length rates
24 and terms and the principal purpose for the
25 payment is not federal or Illinois tax avoidance;
26 or

1 (iv) an item of interest paid, accrued, or
2 incurred, directly or indirectly, to a person if
3 the taxpayer establishes by clear and convincing
4 evidence that the adjustments are unreasonable; or
5 if the taxpayer and the Director agree in writing
6 to the application or use of an alternative method
7 of apportionment under Section 304(f).

8 Nothing in this subsection shall preclude the
9 Director from making any other adjustment
10 otherwise allowed under Section 404 of this Act
11 for any tax year beginning after the effective
12 date of this amendment provided such adjustment is
13 made pursuant to regulation adopted by the
14 Department and such regulations provide methods
15 and standards by which the Department will utilize
16 its authority under Section 404 of this Act; and

17 (D-8) An amount equal to the amount of intangible
18 expenses and costs otherwise allowed as a deduction in
19 computing base income, and that were paid, accrued, or
20 incurred, directly or indirectly, (i) for taxable
21 years ending on or after December 31, 2004, to a
22 foreign person who would be a member of the same
23 unitary business group but for the fact that the
24 foreign person's business activity outside the United
25 States is 80% or more of that person's total business
26 activity and (ii) for taxable years ending on or after

1 December 31, 2008, to a person who would be a member of
2 the same unitary business group but for the fact that
3 the person is prohibited under Section 1501(a)(27)
4 from being included in the unitary business group
5 because he or she is ordinarily required to apportion
6 business income under different subsections of Section
7 304. The addition modification required by this
8 subparagraph shall be reduced to the extent that
9 dividends were included in base income of the unitary
10 group for the same taxable year and received by the
11 taxpayer or by a member of the taxpayer's unitary
12 business group (including amounts included in gross
13 income pursuant to Sections 951 through 964 of the
14 Internal Revenue Code and amounts included in gross
15 income under Section 78 of the Internal Revenue Code)
16 with respect to the stock of the same person to whom
17 the intangible expenses and costs were directly or
18 indirectly paid, incurred or accrued. The preceding
19 sentence shall not apply to the extent that the same
20 dividends caused a reduction to the addition
21 modification required under Section 203(d)(2)(D-7) of
22 this Act. As used in this subparagraph, the term
23 "intangible expenses and costs" includes (1) expenses,
24 losses, and costs for, or related to, the direct or
25 indirect acquisition, use, maintenance or management,
26 ownership, sale, exchange, or any other disposition of

1 intangible property; (2) losses incurred, directly or
2 indirectly, from factoring transactions or discounting
3 transactions; (3) royalty, patent, technical, and
4 copyright fees; (4) licensing fees; and (5) other
5 similar expenses and costs. For purposes of this
6 subparagraph, "intangible property" includes patents,
7 patent applications, trade names, trademarks, service
8 marks, copyrights, mask works, trade secrets, and
9 similar types of intangible assets;

10 This paragraph shall not apply to the following:

11 (i) any item of intangible expenses or costs
12 paid, accrued, or incurred, directly or
13 indirectly, from a transaction with a person who
14 is subject in a foreign country or state, other
15 than a state which requires mandatory unitary
16 reporting, to a tax on or measured by net income
17 with respect to such item; or

18 (ii) any item of intangible expense or cost
19 paid, accrued, or incurred, directly or
20 indirectly, if the taxpayer can establish, based
21 on a preponderance of the evidence, both of the
22 following:

23 (a) the person during the same taxable
24 year paid, accrued, or incurred, the
25 intangible expense or cost to a person that is
26 not a related member, and

1 (b) the transaction giving rise to the
2 intangible expense or cost between the
3 taxpayer and the person did not have as a
4 principal purpose the avoidance of Illinois
5 income tax, and is paid pursuant to a contract
6 or agreement that reflects arm's-length terms;
7 or

8 (iii) any item of intangible expense or cost
9 paid, accrued, or incurred, directly or
10 indirectly, from a transaction with a person if
11 the taxpayer establishes by clear and convincing
12 evidence, that the adjustments are unreasonable;
13 or if the taxpayer and the Director agree in
14 writing to the application or use of an
15 alternative method of apportionment under Section
16 304(f);

17 Nothing in this subsection shall preclude the
18 Director from making any other adjustment
19 otherwise allowed under Section 404 of this Act
20 for any tax year beginning after the effective
21 date of this amendment provided such adjustment is
22 made pursuant to regulation adopted by the
23 Department and such regulations provide methods
24 and standards by which the Department will utilize
25 its authority under Section 404 of this Act;

26 (D-9) For taxable years ending on or after

1 December 31, 2008, an amount equal to the amount of
2 insurance premium expenses and costs otherwise allowed
3 as a deduction in computing base income, and that were
4 paid, accrued, or incurred, directly or indirectly, to
5 a person who would be a member of the same unitary
6 business group but for the fact that the person is
7 prohibited under Section 1501(a)(27) from being
8 included in the unitary business group because he or
9 she is ordinarily required to apportion business
10 income under different subsections of Section 304. The
11 addition modification required by this subparagraph
12 shall be reduced to the extent that dividends were
13 included in base income of the unitary group for the
14 same taxable year and received by the taxpayer or by a
15 member of the taxpayer's unitary business group
16 (including amounts included in gross income under
17 Sections 951 through 964 of the Internal Revenue Code
18 and amounts included in gross income under Section 78
19 of the Internal Revenue Code) with respect to the
20 stock of the same person to whom the premiums and costs
21 were directly or indirectly paid, incurred, or

22 including the bonus depreciation deduction;

23 (2) for taxable years ending on or before
24 December 31, 2005, "x" equals "y" multiplied by 30
25 and then divided by 70 (or "y" multiplied by
26 0.429); and

2 then divided by 100 times 1 minus the
3 percentage bonus depreciation on the property
4 (that is, $100(1-\text{bonus}\%)$).

5 The aggregate amount deducted under this
6 subparagraph in all taxable years for any one piece of
7 property may not exceed the amount of the bonus
8 depreciation deduction taken on that property on the

11 the amount of such addition modification and (ii) any
12 income from intangible property (net of the deductions
13 allocable thereto) taken into account for the taxable

15 that is required to make an addition modification with
16 respect to such transaction under Section

18 203(d)(2)(D-8), but not to exceed the amount of such
19 addition modification. This subparagraph (Q) is exempt
20 from Section 250;

21 (R) An amount equal to the interest income taken
22 into account for the taxable year (net of the
23 deductions allocable thereto) with respect to
24 transactions with (i) a foreign person who would be a
25 member of the taxpayer's unitary business group but
26 for the fact that the foreign person's business

1 activity outside the United States is 80% or more of
2 that person's total business activity and (ii) for
3 taxable years ending on or after December 31, 2008, to
4 a person who would be a member of the same unitary
5 business group but for the fact that the person is
6 prohibited under Section 1501(a)(27) from being
7 included in the unitary business group because he or
8 she is ordinarily required to apportion business
9 income under different subsections of Section 304, but
10 not to exceed the addition modification required to be
11 made for the same taxable year under Section
12 203(d)(2)(D-7) for interest paid, accrued, or
13 incurred, directly or indirectly, to the same person.
14 This subparagraph (R) is exempt from Section 250;

15 (S) An amount equal to the income from intangible
16 property taken into account for the taxable year (net
17 of the deductions allocable thereto) with respect to
18 transactions with (i) a foreign person who would be a
19 member of the taxpayer's unitary business group but
20 for the fact that the foreign person's business
21 activity outside the United States is 80% or more of
22 that person's total business activity and (ii) for
23 taxable years ending on or after December 31, 2008, to
24 a person who would be a member of the same unitary
25 business group but for the fact that the person is
26 prohibited under Section 1501(a)(27) from being

1 included in the unitary business group because he or
2 she is ordinarily required to apportion business
3 income under different subsections of Section 304, but
4 not to exceed the addition modification required to be
5 made for the same taxable year under Section
6 203(d)(2)(D-8) for intangible expenses and costs paid,
7 accrued, or incurred, directly or indirectly, to the
8 same person. This subparagraph (S) is exempt from
9 Section 250;

10 (T) For taxable years ending on or after December
11 31, 2011, in the case of a taxpayer who was required to
12 add back any insurance premiums under Section
13 203(d)(2)(D-9), such taxpayer may elect to subtract
14 that part of a reimbursement received from the
15 insurance company equal to the amount of the expense
16 or loss (including expenses incurred by the insurance
17 company) that would have been taken into account as a
18 deduction for federal income tax purposes if the
19 expense or loss had been uninsured. If a taxpayer
20 makes the election provided for by this subparagraph
21 (T), the insurer to which the premiums were paid must
22 add back to income the amount subtracted by the
23 taxpayer pursuant to this subparagraph (T). This
24 subparagraph (T) is exempt from the provisions of
25 Section 250; and

26 (U) For taxable years beginning on or after

1 January 1, 2023, for any cannabis establishment
2 operating in this State and licensed under the
3 Cannabis Regulation and Tax Act or any cannabis
4 cultivation center or medical cannabis dispensing
5 organization operating in this State and licensed
6 under the Compassionate Use of Medical Cannabis
7 Program Act, an amount equal to the deductions that
8 were disallowed under Section 280E of the Internal
9 Revenue Code for the taxable year and that would not be
10 added back under this subsection. The provisions of
11 this subparagraph (U) are exempt from the provisions
12 of Section 250.

13 (e) Gross income; adjusted gross income; taxable income.

14 (1) In general. Subject to the provisions of paragraph
15 (2) and subsection (b)(3), for purposes of this Section
16 and Section 803(e), a taxpayer's gross income, adjusted
17 gross income, or taxable income for the taxable year shall
18 mean the amount of gross income, adjusted gross income or
19 taxable income properly reportable for federal income tax
20 purposes for the taxable year under the provisions of the
21 Internal Revenue Code. Taxable income may be less than
22 zero. However, for taxable years ending on or after
23 December 31, 1986, net operating loss carryforwards from
24 taxable years ending prior to December 31, 1986, may not
25 exceed the sum of federal taxable income for the taxable

1 year before net operating loss deduction, plus the excess
2 of addition modifications over subtraction modifications
3 for the taxable year. For taxable years ending prior to
4 December 31, 1986, taxable income may never be an amount
5 in excess of the net operating loss for the taxable year as
6 defined in subsections (c) and (d) of Section 172 of the
7 Internal Revenue Code, provided that when taxable income
8 of a corporation (other than a Subchapter S corporation),
9 trust, or estate is less than zero and addition
10 modifications, other than those provided by subparagraph
11 (E) of paragraph (2) of subsection (b) for corporations or
12 subparagraph (E) of paragraph (2) of subsection (c) for
13 trusts and estates, exceed subtraction modifications, an
14 addition modification must be made under those
15 subparagraphs for any other taxable year to which the
16 taxable income less than zero (net operating loss) is
17 applied under Section 172 of the Internal Revenue Code or
18 under subparagraph (E) of paragraph (2) of this subsection
19 (e) applied in conjunction with Section 172 of the
20 Internal Revenue Code.

21 (2) Special rule. For purposes of paragraph (1) of
22 this subsection, the taxable income properly reportable
23 for federal income tax purposes shall mean:

24 (A) Certain life insurance companies. In the case
25 of a life insurance company subject to the tax imposed
26 by Section 801 of the Internal Revenue Code, life

1 insurance company taxable income, plus the amount of
2 distribution from pre-1984 policyholder surplus
3 accounts as calculated under Section 815a of the
4 Internal Revenue Code;

5 (B) Certain other insurance companies. In the case
6 of mutual insurance companies subject to the tax
7 imposed by Section 831 of the Internal Revenue Code,
8 insurance company taxable income;

9 (C) Regulated investment companies. In the case of
10 a regulated investment company subject to the tax
11 imposed by Section 852 of the Internal Revenue Code,
12 investment company taxable income;

13 (D) Real estate investment trusts. In the case of
14 a real estate investment trust subject to the tax
15 imposed by Section 857 of the Internal Revenue Code,
16 real estate investment trust taxable income;

17 (E) Consolidated corporations. In the case of a
18 corporation which is a member of an affiliated group
19 of corporations filing a consolidated income tax
20 return for the taxable year for federal income tax
21 purposes, taxable income determined as if such
22 corporation had filed a separate return for federal
23 income tax purposes for the taxable year and each
24 preceding taxable year for which it was a member of an
25 affiliated group. For purposes of this subparagraph,
26 the taxpayer's separate taxable income shall be

1 determined as if the election provided by Section
2 243(b)(2) of the Internal Revenue Code had been in
3 effect for all such years;

4 (F) Cooperatives. In the case of a cooperative
5 corporation or association, the taxable income of such
6 organization determined in accordance with the
7 provisions of Section 1381 through 1388 of the
8 Internal Revenue Code, but without regard to the
9 prohibition against offsetting losses from patronage
10 activities against income from nonpatronage
11 activities; except that a cooperative corporation or
12 association may make an election to follow its federal
13 income tax treatment of patronage losses and
14 nonpatronage losses. In the event such election is
15 made, such losses shall be computed and carried over
16 in a manner consistent with subsection (a) of Section
17 207 of this Act and apportioned by the apportionment
18 factor reported by the cooperative on its Illinois
19 income tax return filed for the taxable year in which
20 the losses are incurred. The election shall be
21 effective for all taxable years with original returns
22 due on or after the date of the election. In addition,
23 the cooperative may file an amended return or returns,
24 as allowed under this Act, to provide that the
25 election shall be effective for losses incurred or
26 carried forward for taxable years occurring prior to

1 the date of the election. Once made, the election may
2 only be revoked upon approval of the Director. The
3 Department shall adopt rules setting forth
4 requirements for documenting the elections and any
5 resulting Illinois net loss and the standards to be
6 used by the Director in evaluating requests to revoke
7 elections. Public Act 96-932 is declaratory of
8 existing law;

9 (G) Subchapter S corporations. In the case of: (i)
10 a Subchapter S corporation for which there is in
11 effect an election for the taxable year under Section
12 1362 of the Internal Revenue Code, the taxable income
13 of such corporation determined in accordance with
14 Section 1363(b) of the Internal Revenue Code, except
15 that taxable income shall take into account those
16 items which are required by Section 1363(b)(1) of the
17 Internal Revenue Code to be separately stated; and
18 (ii) a Subchapter S corporation for which there is in
19 effect a federal election to opt out of the provisions
20 of the Subchapter S Revision Act of 1982 and have
21 applied instead the prior federal Subchapter S rules
22 as in effect on July 1, 1982, the taxable income of
23 such corporation determined in accordance with the
24 federal Subchapter S rules as in effect on July 1,
25 1982; and

26 (H) Partnerships. In the case of a partnership,

1 taxable income determined in accordance with Section
2 703 of the Internal Revenue Code, except that taxable
3 income shall take into account those items which are
4 required by Section 703(a)(1) to be separately stated
5 but which would be taken into account by an individual
6 in calculating his taxable income.

7 (3) Recapture of business expenses on disposition of
8 asset or business. Notwithstanding any other law to the
9 contrary, if in prior years income from an asset or
10 business has been classified as business income and in a
11 later year is demonstrated to be non-business income, then
12 all expenses, without limitation, deducted in such later
13 year and in the 2 immediately preceding taxable years
14 related to that asset or business that generated the
15 non-business income shall be added back and recaptured as
16 business income in the year of the disposition of the
17 asset or business. Such amount shall be apportioned to
18 Illinois using the greater of the apportionment fraction
19 computed for the business under Section 304 of this Act
20 for the taxable year or the average of the apportionment
21 fractions computed for the business under Section 304 of
22 this Act for the taxable year and for the 2 immediately
23 preceding taxable years.

24 (f) Valuation limitation amount.

25 (1) In general. The valuation limitation amount

1 referred to in subsections (a) (2) (G), (c) (2) (I) and
2 (d) (2) (E) is an amount equal to:

3 (A) The sum of the pre-August 1, 1969 appreciation
4 amounts (to the extent consisting of gain reportable
5 under the provisions of Section 1245 or 1250 of the
6 Internal Revenue Code) for all property in respect of
7 which such gain was reported for the taxable year;
8 plus

9 (B) The lesser of (i) the sum of the pre-August 1,
10 1969 appreciation amounts (to the extent consisting of
11 capital gain) for all property in respect of which
12 such gain was reported for federal income tax purposes
13 for the taxable year, or (ii) the net capital gain for
14 the taxable year, reduced in either case by any amount
15 of such gain included in the amount determined under
16 subsection (a) (2) (F) or (c) (2) (H).

17 (2) Pre-August 1, 1969 appreciation amount.

18 (A) If the fair market value of property referred
19 to in paragraph (1) was readily ascertainable on
20 August 1, 1969, the pre-August 1, 1969 appreciation
21 amount for such property is the lesser of (i) the
22 excess of such fair market value over the taxpayer's
23 basis (for determining gain) for such property on that
24 date (determined under the Internal Revenue Code as in
25 effect on that date), or (ii) the total gain realized
26 and reportable for federal income tax purposes in

1 respect of the sale, exchange or other disposition of
2 such property.

3 (B) If the fair market value of property referred
4 to in paragraph (1) was not readily ascertainable on
5 August 1, 1969, the pre-August 1, 1969 appreciation
6 amount for such property is that amount which bears
7 the same ratio to the total gain reported in respect of
8 the property for federal income tax purposes for the
9 taxable year, as the number of full calendar months in
10 that part of the taxpayer's holding period for the
11 property ending July 31, 1969 bears to the number of
12 full calendar months in the taxpayer's entire holding
13 period for the property.

14 (C) The Department shall prescribe such
15 regulations as may be necessary to carry out the
16 purposes of this paragraph.

17 (g) Double deductions. Unless specifically provided
18 otherwise, nothing in this Section shall permit the same item
19 to be deducted more than once.

20 (h) Legislative intention. Except as expressly provided by
21 this Section there shall be no modifications or limitations on
22 the amounts of income, gain, loss or deduction taken into
23 account in determining gross income, adjusted gross income or
24 taxable income for federal income tax purposes for the taxable

1 year, or in the amount of such items entering into the
2 computation of base income and net income under this Act for
3 such taxable year, whether in respect of property values as of
4 August 1, 1969 or otherwise.

20 during the taxable year to a full-time or part-time employee
21 of a construction contractor employed in the construction of
22 an eligible facility located on a quantum computing campus
23 designated under Section 605-1115 ~~605-115~~ of the Department of
24 Commerce and Economic Opportunity Law of the Civil
25 Administrative Code of Illinois.

2 the taxpayer's liability to less than zero. If the amount of
3 the credit exceeds the tax liability for the year, the excess
4 may be carried forward and applied to the tax liability of the
5 5 taxable years following the excess credit year. The tax
6 credit shall be applied to the earliest year for which there is
7 a tax liability. If there are credits for more than one year
8 that are available to offset a liability, the earlier credit
9 shall be applied first.

10 (c) A person claiming the credit allowed under this
11 Section shall attach to its Illinois income tax return for the
12 taxable year for which the credit is allowed a copy of the tax
13 credit certificate issued by the Department of Commerce and
14 Economic Opportunity.

15 (d) Partners and shareholders of Subchapter S corporations
16 are entitled to a credit under this Section as provided in
17 Section 251.

19 building used primarily to house one or more of the following:
20 a quantum computer operator; a research facility; a data
21 center; a manufacturer and assembler of quantum computers and
22 component parts; a cryogenic or refrigeration facility; or any

26 (f) This Section is exempt from the provisions of Section

1 250.

4 Sec. 242 ~~241~~. Music and Musicians Tax Credits and Jobs
5 Act. Taxpayers who have been awarded a credit under the Music
6 and Musicians Tax Credits and Jobs Act are entitled to a credit
7 against the taxes imposed by subsections (a) and (b) of
8 Section 201 of this Act in an amount determined by the
9 Department of Commerce and Economic Opportunity under that
10 Act. The credit shall be claimed in the taxable year in which
11 the tax credit award certificate is issued, and the
12 certificate shall be attached to the return. If the taxpayer
13 is a partnership or Subchapter S corporation, the credit shall
14 be allowed to the partners or shareholders in accordance with
15 the provisions of Section 251.

16 The credit may not reduce the taxpayer's liability to less
17 than zero. If the amount of the credit exceeds the tax
18 liability for the year, the excess may be carried forward and
19 applied to the tax liability of the 5 taxable years following
20 the excess credit year. The credit shall be applied to the
21 earliest year for which there is a tax liability. If there are
22 credits from more than one tax year that are available to
23 offset a liability, the earlier credit shall be applied first.

2 Sec. 243 ~~241~~. The Illinois Gives tax credit.

3 (a) For taxable years ending on or after December 31, 2025
4 and ending before January 1, 2030, each taxpayer for whom a tax
5 credit has been authorized by the Department of Revenue under
6 the Illinois Gives Tax Credit Act is entitled to a credit
7 against the tax imposed under subsections (a) and (b) of
8 Section 201 in an amount equal to the amount authorized under
9 that Act.

10 (b) For partners of partnerships and shareholders of
11 Subchapter S corporations, there is allowed a credit under
12 this Section to be determined in accordance with Section 251
13 of this Act.

14 (c) The credit may not be carried back and may not reduce
15 the taxpayer's liability to less than zero. If the amount of
16 the credit exceeds the tax liability for the year, the excess
17 may be carried forward and applied to the tax liability of the
18 5 taxable years following the excess credit year. The tax
19 credit shall be applied to the earliest year for which there is
20 a tax liability. If there are credits for more than one year
21 that are available to offset a liability, the earlier credit
22 shall be applied first.

1 (35 ILCS 5/244)

2 Sec. 244. Child tax credit.

3 (a) For the taxable years beginning on or after January 1,
4 2024, each individual taxpayer who has at least one qualifying
5 child who is younger than 12 years of age as of the last day of
6 the taxable year is entitled to a credit against the tax
7 imposed by subsections (a) and (b) of Section 201. For tax
8 years beginning on or after January 1, 2024 and before January
9 1, 2025, the credit shall be equal to 20% of the credit allowed
10 to the taxpayer under Section 212 of this Act for that taxable
11 year. For tax years beginning on or after January 1, 2025, the
12 amount of the credit shall be equal to 40% of the credit
13 allowed to the taxpayer under Section 212 of this Act for that
14 taxable year.

15 (b) If the amount of the credit exceeds the income tax
16 liability for the applicable tax year, then the excess credit
17 shall be refunded to the taxpayer. The amount of the refund
18 under this Section shall not be included in the taxpayer's
19 income or resources for the purposes of determining
20 eligibility or benefit level in any means-tested benefit
21 program administered by a governmental entity unless required
22 by federal law.

23 (c) The Department may adopt rules to carry out the
24 provisions of this Section.

25 (d) As used in this Section, "qualifying child" has the
26 meaning given to that term in Section 152 of the Internal

1 Revenue Code.

2 (e) This Section is exempt from the provisions of Section
3 250.

5 (35 ILCS 5/304) (from Ch. 120, par. 3-304)

6 Sec. 304. Business income of persons other than residents.

7 (a) In general. The business income of a person other than
8 a resident shall be allocated to this State if such person's
9 business income is derived solely from this State. If a person
10 other than a resident derives business income from this State
11 and one or more other states, then, for tax years ending on or
12 before December 30, 1998, and except as otherwise provided by
13 this Section, such person's business income shall be
14 apportioned to this State by multiplying the income by a
15 fraction, the numerator of which is the sum of the property
16 factor (if any), the payroll factor (if any) and 200% of the
17 sales factor (if any), and the denominator of which is 4
18 reduced by the number of factors other than the sales factor
19 which have a denominator of zero and by an additional 2 if the
20 sales factor has a denominator of zero. For tax years ending on
21 or after December 31, 1998, and except as otherwise provided
22 by this Section, persons other than residents who derive
23 business income from this State and one or more other states
24 shall compute their apportionment factor by weighting their
25 property, payroll, and sales factors as provided in subsection

1 (h) of this Section.

2 (1) Property factor.

3 (A) The property factor is a fraction, the numerator
4 of which is the average value of the person's real and
5 tangible personal property owned or rented and used in the
6 trade or business in this State during the taxable year
7 and the denominator of which is the average value of all
8 the person's real and tangible personal property owned or
9 rented and used in the trade or business during the
10 taxable year.

11 (B) Property owned by the person is valued at its
12 original cost. Property rented by the person is valued at
13 8 times the net annual rental rate. Net annual rental rate
14 is the annual rental rate paid by the person less any
15 annual rental rate received by the person from
16 sub-rentals.

17 (C) The average value of property shall be determined
18 by averaging the values at the beginning and ending of the
19 taxable year, but the Director may require the averaging
20 of monthly values during the taxable year if reasonably
21 required to reflect properly the average value of the
22 person's property.

23 (2) Payroll factor.

24 (A) The payroll factor is a fraction, the numerator of
25 which is the total amount paid in this State during the
26 taxable year by the person for compensation, and the

1 denominator of which is the total compensation paid
2 everywhere during the taxable year.

3 (B) Compensation is paid in this State if:

4 (i) The individual's service is performed entirely
5 within this State;

6 (ii) The individual's service is performed both
7 within and without this State, but the service
8 performed without this State is incidental to the
9 individual's service performed within this State; or

10 (iii) For tax years ending prior to December 31,
11 2020, some of the service is performed within this
12 State and either the base of operations, or if there is
13 no base of operations, the place from which the
14 service is directed or controlled is within this
15 State, or the base of operations or the place from
16 which the service is directed or controlled is not in
17 any state in which some part of the service is
18 performed, but the individual's residence is in this
19 State. For tax years ending on or after December 31,
20 2020, compensation is paid in this State if some of the
21 individual's service is performed within this State,
22 the individual's service performed within this State
23 is nonincidental to the individual's service performed
24 without this State, and the individual's service is
25 performed within this State for more than 30 working
26 days during the tax year. The amount of compensation

1 paid in this State shall include the portion of the
2 individual's total compensation for services performed
3 on behalf of his or her employer during the tax year
4 which the number of working days spent within this
5 State during the tax year bears to the total number of
6 working days spent both within and without this State
7 during the tax year. For purposes of this paragraph:

8 (a) The term "working day" means all days
9 during the tax year in which the individual
10 performs duties on behalf of his or her employer.
11 All days in which the individual performs no
12 duties on behalf of his or her employer (e.g.,
13 weekends, vacation days, sick days, and holidays)
14 are not working days.

15 (b) A working day is spent within this State
16 if:

17 (1) the individual performs service on
18 behalf of the employer and a greater amount of
19 time on that day is spent by the individual
20 performing duties on behalf of the employer
21 within this State, without regard to time
22 spent traveling, than is spent performing
23 duties on behalf of the employer without this
24 State; or

25 (2) the only service the individual
26 performs on behalf of the employer on that day

1 is traveling to a destination within this
2 State, and the individual arrives on that day.

3 (c) Working days spent within this State do
4 not include any day in which the employee is
5 performing services in this State during a
6 disaster period solely in response to a request
7 made to his or her employer by the government of
8 this State, by any political subdivision of this
9 State, or by a person conducting business in this
10 State to perform disaster or emergency-related
11 services in this State. For purposes of this item
12 (c):

13 "Declared State disaster or emergency"
14 means a disaster or emergency event (i) for
15 which a Governor's proclamation of a state of
16 emergency has been issued or (ii) for which a
17 Presidential declaration of a federal major
18 disaster or emergency has been issued.

19 "Disaster period" means a period that
20 begins 10 days prior to the date of the
21 Governor's proclamation or the President's
22 declaration (whichever is earlier) and extends
23 for a period of 60 calendar days after the end
24 of the declared disaster or emergency period.

25 "Disaster or emergency-related services"
26 means repairing, renovating, installing,

1 building, or rendering services or conducting
2 other business activities that relate to
3 infrastructure that has been damaged,
4 impaired, or destroyed by the declared State
5 disaster or emergency.

6 "Infrastructure" means property and
7 equipment owned or used by a public utility,
8 communications network, broadband and Internet
9 ~~internet~~ service provider, cable and video
10 service provider, electric or gas distribution
11 system, or water pipeline that provides
12 service to more than one customer or person,
13 including related support facilities.
14 "Infrastructure" includes, but is not limited
15 to, real and personal property such as
16 buildings, offices, power lines, cable lines,
17 poles, communications lines, pipes,
18 structures, and equipment.

19 (iv) Compensation paid to nonresident professional
20 athletes.

21 (a) General. The Illinois source income of a
22 nonresident individual who is a member of a
23 professional athletic team includes the portion of the
24 individual's total compensation for services performed
25 as a member of a professional athletic team during the
26 taxable year which the number of duty days spent

1 within this State performing services for the team in
2 any manner during the taxable year bears to the total
3 number of duty days spent both within and without this
4 State during the taxable year.

5 (b) Travel days. Travel days that do not involve
6 either a game, practice, team meeting, or other
7 similar team event are not considered duty days spent
8 in this State. However, such travel days are
9 considered in the total duty days spent both within
10 and without this State.

11 (c) Definitions. For purposes of this subpart
12 (iv):

13 (1) The term "professional athletic team"
14 includes, but is not limited to, any professional
15 baseball, basketball, football, soccer, or hockey
16 team.

17 (2) The term "member of a professional
18 athletic team" includes those employees who are
19 active players, players on the disabled list, and
20 any other persons required to travel and who
21 travel with and perform services on behalf of a
22 professional athletic team on a regular basis.
23 This includes, but is not limited to, coaches,
24 managers, and trainers.

25 (3) Except as provided in items (C) and (D) of
26 this subpart (3), the term "duty days" means all

1 days during the taxable year from the beginning of
2 the professional athletic team's official
3 pre-season training period through the last game
4 in which the team competes or is scheduled to
5 compete. Duty days shall be counted for the year
6 in which they occur, including where a team's
7 official pre-season training period through the
8 last game in which the team competes or is
9 scheduled to compete, occurs during more than one
10 tax year.

11 (A) Duty days shall also include days on
12 which a member of a professional athletic team
13 performs service for a team on a date that
14 does not fall within the foregoing period
15 (e.g., participation in instructional leagues,
16 the "All Star Game", or promotional
17 "caravans"). Performing a service for a
18 professional athletic team includes conducting
19 training and rehabilitation activities, when
20 such activities are conducted at team
21 facilities.

22 (B) Also included in duty days are game
23 days, practice days, days spent at team
24 meetings, promotional caravans, preseason
25 training camps, and days served with the team
26 through all post-season games in which the

1 team competes or is scheduled to compete.

2 (C) Duty days for any person who joins a
3 team during the period from the beginning of
4 the professional athletic team's official
5 pre-season training period through the last
6 game in which the team competes, or is
7 scheduled to compete, shall begin on the day
8 that person joins the team. Conversely, duty
9 days for any person who leaves a team during
10 this period shall end on the day that person
11 leaves the team. Where a person switches teams
12 during a taxable year, a separate duty-day
13 calculation shall be made for the period the
14 person was with each team.

15 (D) Days for which a member of a
16 professional athletic team is not compensated
17 and is not performing services for the team in
18 any manner, including days when such member of
19 a professional athletic team has been
20 suspended without pay and prohibited from
21 performing any services for the team, shall
22 not be treated as duty days.

23 (E) Days for which a member of a
24 professional athletic team is on the disabled
25 list and does not conduct rehabilitation
26 activities at facilities of the team, and is

1 not otherwise performing services for the team
2 in Illinois, shall not be considered duty days
3 spent in this State. All days on the disabled
4 list, however, are considered to be included
5 in total duty days spent both within and
6 without this State.

7 (4) The term "total compensation for services
8 performed as a member of a professional athletic
9 team" means the total compensation received during
10 the taxable year for services performed:

11 (A) from the beginning of the official
12 pre-season training period through the last
13 game in which the team competes or is
14 scheduled to compete during that taxable year;
15 and

16 (B) during the taxable year on a date
17 which does not fall within the foregoing
18 period (e.g., participation in instructional
19 leagues, the "All Star Game", or promotional
20 caravans).

21 This compensation shall include, but is not
22 limited to, salaries, wages, bonuses as described
23 in this subpart, and any other type of
24 compensation paid during the taxable year to a
25 member of a professional athletic team for
26 services performed in that year. This compensation

1 does not include strike benefits, severance pay,
2 termination pay, contract or option year buy-out
3 payments, expansion or relocation payments, or any
4 other payments not related to services performed
5 for the team.

6 For purposes of this subparagraph, "bonuses"
7 included in "total compensation for services
8 performed as a member of a professional athletic
9 team" subject to the allocation described in
10 Section 302(c)(1) are: bonuses earned as a result
11 of play (i.e., performance bonuses) during the
12 season, including bonuses paid for championship,
13 playoff or "bowl" games played by a team, or for
14 selection to all-star league or other honorary
15 positions; and bonuses paid for signing a
16 contract, unless the payment of the signing bonus
17 is not conditional upon the signee playing any
18 games for the team or performing any subsequent
19 services for the team or even making the team, the
20 signing bonus is payable separately from the
21 salary and any other compensation, and the signing
22 bonus is nonrefundable.

23 (3) Sales factor.

24 (A) The sales factor is a fraction, the numerator of
25 which is the total sales of the person in this State during
26 the taxable year, and the denominator of which is the

1 total sales of the person everywhere during the taxable
2 year.

3 (B) Sales of tangible personal property are in this
4 State if:

5 (i) The property is delivered or shipped to a
6 purchaser, other than the United States government,
7 within this State regardless of the f. o. b. point or
8 other conditions of the sale; or

9 (ii) The property is shipped from an office,
10 store, warehouse, factory or other place of storage in
11 this State and either the purchaser is the United
12 States government or the person is not taxable in the
13 state of the purchaser; provided, however, that
14 premises owned or leased by a person who has
15 independently contracted with the seller for the
16 printing of newspapers, periodicals or books shall not
17 be deemed to be an office, store, warehouse, factory
18 or other place of storage for purposes of this
19 Section. Sales of tangible personal property are not
20 in this State if the seller and purchaser would be
21 members of the same unitary business group but for the
22 fact that either the seller or purchaser is a person
23 with 80% or more of total business activity outside of
24 the United States and the property is purchased for
25 resale.

26 (B-1) Patents, copyrights, trademarks, and similar

1 items of intangible personal property.

2 (i) Gross receipts from the licensing, sale, or
3 other disposition of a patent, copyright, trademark,
4 or similar item of intangible personal property, other
5 than gross receipts governed by paragraph (B-7) of
6 this item (3), are in this State to the extent the item
7 is utilized in this State during the year the gross
8 receipts are included in gross income.

9 (ii) Place of utilization.

10 (I) A patent is utilized in a state to the
11 extent that it is employed in production,
12 fabrication, manufacturing, or other processing in
13 the state or to the extent that a patented product
14 is produced in the state. If a patent is utilized
15 in more than one state, the extent to which it is
16 utilized in any one state shall be a fraction
17 equal to the gross receipts of the licensee or
18 purchaser from sales or leases of items produced,
19 fabricated, manufactured, or processed within that
20 state using the patent and of patented items
21 produced within that state, divided by the total
22 of such gross receipts for all states in which the
23 patent is utilized.

24 (II) A copyright is utilized in a state to the
25 extent that printing or other publication
26 originates in the state. If a copyright is

1 utilized in more than one state, the extent to
2 which it is utilized in any one state shall be a
3 fraction equal to the gross receipts from sales or
4 licenses of materials printed or published in that
5 state divided by the total of such gross receipts
6 for all states in which the copyright is utilized.

7 (III) Trademarks and other items of intangible
8 personal property governed by this paragraph (B-1)
9 are utilized in the state in which the commercial
10 domicile of the licensee or purchaser is located.

11 (iii) If the state of utilization of an item of
12 property governed by this paragraph (B-1) cannot be
13 determined from the taxpayer's books and records or
14 from the books and records of any person related to the
15 taxpayer within the meaning of Section 267(b) of the
16 Internal Revenue Code, 26 U.S.C. 267, the gross
17 receipts attributable to that item shall be excluded
18 from both the numerator and the denominator of the
19 sales factor.

20 (B-2) Gross receipts from the license, sale, or other
21 disposition of patents, copyrights, trademarks, and
22 similar items of intangible personal property, other than
23 gross receipts governed by paragraph (B-7) of this item
24 (3), may be included in the numerator or denominator of
25 the sales factor only if gross receipts from licenses,
26 sales, or other disposition of such items comprise more

1 than 50% of the taxpayer's total gross receipts included
2 in gross income during the tax year and during each of the
3 2 immediately preceding tax years; provided that, when a
4 taxpayer is a member of a unitary business group, such
5 determination shall be made on the basis of the gross
6 receipts of the entire unitary business group.

7 (B-5) For taxable years ending on or after December
8 31, 2008, except as provided in subsections (ii) through
9 (vii), receipts from the sale of telecommunications
10 service or mobile telecommunications service are in this
11 State if the customer's service address is in this State.

12 (i) For purposes of this subparagraph (B-5), the
13 following terms have the following meanings:

14 "Ancillary services" means services that are
15 associated with or incidental to the provision of
16 "telecommunications services", including, but not
17 limited to, "detailed telecommunications billing",
18 "directory assistance", "vertical service", and "voice
19 mail services".

20 "Air-to-Ground Radiotelephone service" means a
21 radio service, as that term is defined in 47 CFR 22.99,
22 in which common carriers are authorized to offer and
23 provide radio telecommunications service for hire to
24 subscribers in aircraft.

25 "Call-by-call Basis" means any method of charging
26 for telecommunications services where the price is

1 measured by individual calls.

2 "Communications Channel" means a physical or
3 virtual path of communications over which signals are
4 transmitted between or among customer channel
5 termination points.

6 "Conference bridging service" means an "ancillary
7 service" that links two or more participants of an
8 audio or video conference call and may include the
9 provision of a telephone number. "Conference bridging
10 service" does not include the "telecommunications
11 services" used to reach the conference bridge.

12 "Customer Channel Termination Point" means the
13 location where the customer either inputs or receives
14 the communications.

15 "Detailed telecommunications billing service"
16 means an "ancillary service" of separately stating
17 information pertaining to individual calls on a
18 customer's billing statement.

19 "Directory assistance" means an "ancillary
20 service" of providing telephone number information,
21 and/or address information.

22 "Home service provider" means the facilities based
23 carrier or reseller with which the customer contracts
24 for the provision of mobile telecommunications
25 services.

26 "Mobile telecommunications service" means

1 commercial mobile radio service, as defined in Section
2 20.3 of Title 47 of the Code of Federal Regulations as
3 in effect on June 1, 1999.

4 "Place of primary use" means the street address
5 representative of where the customer's use of the
6 telecommunications service primarily occurs, which
7 must be the residential street address or the primary
8 business street address of the customer. In the case
9 of mobile telecommunications services, "place of
10 primary use" must be within the licensed service area
11 of the home service provider.

12 "Post-paid telecommunication service" means the
13 telecommunications service obtained by making a
14 payment on a call-by-call basis either through the use
15 of a credit card or payment mechanism such as a bank
16 card, travel card, credit card, or debit card, or by
17 charge made to a telephone number which is not
18 associated with the origination or termination of the
19 telecommunications service. A post-paid calling
20 service includes telecommunications service, except a
21 prepaid wireless calling service, that would be a
22 prepaid calling service except it is not exclusively a
23 telecommunication service.

24 "Prepaid telecommunication service" means the
25 right to access exclusively telecommunications
26 services, which must be paid for in advance and which

1 enables the origination of calls using an access
2 number or authorization code, whether manually or
3 electronically dialed, and that is sold in
4 predetermined units or dollars of which the number
5 declines with use in a known amount.

6 "Prepaid Mobile telecommunication service" means a
7 telecommunications service that provides the right to
8 utilize mobile wireless service as well as other
9 non-telecommunication services, including, but not
10 limited to, ancillary services, which must be paid for
11 in advance that is sold in predetermined units or
12 dollars of which the number declines with use in a
13 known amount.

14 "Private communication service" means a
15 telecommunication service that entitles the customer
16 to exclusive or priority use of a communications
17 channel or group of channels between or among
18 termination points, regardless of the manner in which
19 such channel or channels are connected, and includes
20 switching capacity, extension lines, stations, and any
21 other associated services that are provided in
22 connection with the use of such channel or channels.

23 "Service address" means:

24 (a) The location of the telecommunications
25 equipment to which a customer's call is charged
26 and from which the call originates or terminates,

1 regardless of where the call is billed or paid;

2 (b) If the location in line (a) is not known,
3 service address means the origination point of the
4 signal of the telecommunications services first
5 identified by either the seller's
6 telecommunications system or in information
7 received by the seller from its service provider
8 where the system used to transport such signals is
9 not that of the seller; and

10 (c) If the locations in line (a) and line (b)
11 are not known, the service address means the
12 location of the customer's place of primary use.

13 "Telecommunications service" means the electronic
14 transmission, conveyance, or routing of voice, data,
15 audio, video, or any other information or signals to a
16 point, or between or among points. The term
17 "telecommunications service" includes such
18 transmission, conveyance, or routing in which computer
19 processing applications are used to act on the form,
20 code or protocol of the content for purposes of
21 transmission, conveyance or routing without regard to
22 whether such service is referred to as voice over
23 Internet protocol services or is classified by the
24 Federal Communications Commission as enhanced or value
25 added. "Telecommunications service" does not include:

26 (a) Data processing and information services

1 that allow data to be generated, acquired, stored,
2 processed, or retrieved and delivered by an
3 electronic transmission to a purchaser when such
4 purchaser's primary purpose for the underlying
5 transaction is the processed data or information;

6 (b) Installation or maintenance of wiring or
7 equipment on a customer's premises;

8 (c) Tangible personal property;

9 (d) Advertising, including, but not limited
10 to, directory advertising;

11 (e) Billing and collection services provided
12 to third parties;

13 (f) Internet access service;

14 (g) Radio and television audio and video
15 programming services, regardless of the medium,
16 including the furnishing of transmission,
17 conveyance and routing of such services by the
18 programming service provider. Radio and television
19 audio and video programming services shall
20 include, but not be limited to, cable service as
21 defined in 47 USC 522(6) and audio and video
22 programming services delivered by commercial
23 mobile radio service providers, as defined in 47
24 CFR 20.3;

25 (h) "Ancillary services"; or

26 (i) Digital products "delivered

1 electronically", including, but not limited to,
2 software, music, video, reading materials or
3 ringtones ~~ring tones~~.

4 "Vertical service" means an "ancillary service"
5 that is offered in connection with one or more
6 "telecommunications services", which offers advanced
7 calling features that allow customers to identify
8 callers and to manage multiple calls and call
9 connections, including "conference bridging services".

10 "Voice mail service" means an "ancillary service"
11 that enables the customer to store, send or receive
12 recorded messages. "Voice mail service" does not
13 include any "vertical services" that the customer may
14 be required to have in order to utilize the "voice mail
15 service".

16 (ii) Receipts from the sale of telecommunications
17 service sold on an individual call-by-call basis are
18 in this State if either of the following applies:

19 (a) The call both originates and terminates in
20 this State.

21 (b) The call either originates or terminates
22 in this State and the service address is located
23 in this State.

24 (iii) Receipts from the sale of postpaid
25 telecommunications service at retail are in this State
26 if the origination point of the telecommunication

1 signal, as first identified by the service provider's
2 telecommunication system or as identified by
3 information received by the seller from its service
4 provider if the system used to transport
5 telecommunication signals is not the seller's, is
6 located in this State.

7 (iv) Receipts from the sale of prepaid
8 telecommunications service or prepaid mobile
9 telecommunications service at retail are in this State
10 if the purchaser obtains the prepaid card or similar
11 means of conveyance at a location in this State.
12 Receipts from recharging a prepaid telecommunications
13 service or mobile telecommunications service is in
14 this State if the purchaser's billing information
15 indicates a location in this State.

16 (v) Receipts from the sale of private
17 communication services are in this State as follows:

18 (a) 100% of receipts from charges imposed at
19 each channel termination point in this State.

20 (b) 100% of receipts from charges for the
21 total channel mileage between each channel
22 termination point in this State.

23 (c) 50% of the total receipts from charges for
24 service segments when those segments are between 2
25 customer channel termination points, 1 of which is
26 located in this State and the other is located

1 outside of this State, which segments are
2 separately charged.

3 (d) The receipts from charges for service
4 segments with a channel termination point located
5 in this State and in two or more other states, and
6 which segments are not separately billed, are in
7 this State based on a percentage determined by
8 dividing the number of customer channel
9 termination points in this State by the total
10 number of customer channel termination points.

11 (vi) Receipts from charges for ancillary services
12 for telecommunications service sold to customers at
13 retail are in this State if the customer's primary
14 place of use of telecommunications services associated
15 with those ancillary services is in this State. If the
16 seller of those ancillary services cannot determine
17 where the associated telecommunications are located,
18 then the ancillary services shall be based on the
19 location of the purchaser.

20 (vii) Receipts to access a carrier's network or
21 from the sale of telecommunication services or
22 ancillary services for resale are in this State as
23 follows:

24 (a) 100% of the receipts from access fees
25 attributable to intrastate telecommunications
26 service that both originates and terminates in

1 this State.

2 (b) 50% of the receipts from access fees
3 attributable to interstate telecommunications
4 service if the interstate call either originates
5 or terminates in this State.

6 (c) 100% of the receipts from interstate end
7 user access line charges, if the customer's
8 service address is in this State. As used in this
9 subdivision, "interstate end user access line
10 charges" includes, but is not limited to, the
11 surcharge approved by the federal communications
12 commission and levied pursuant to 47 CFR 69.

13 (d) Gross receipts from sales of
14 telecommunication services or from ancillary
15 services for telecommunications services sold to
16 other telecommunication service providers for
17 resale shall be sourced to this State using the
18 apportionment concepts used for non-resale
19 receipts of telecommunications services if the
20 information is readily available to make that
21 determination. If the information is not readily
22 available, then the taxpayer may use any other
23 reasonable and consistent method.

24 (B-7) For taxable years ending on or after December
25 31, 2008, receipts from the sale of broadcasting services
26 are in this State if the broadcasting services are

1 received in this State. For purposes of this paragraph
2 (B-7), the following terms have the following meanings:

3 "Advertising revenue" means consideration received
4 by the taxpayer in exchange for broadcasting services
5 or allowing the broadcasting of commercials or
6 announcements in connection with the broadcasting of
7 film or radio programming, from sponsorships of the
8 programming, or from product placements in the
9 programming.

10 "Audience factor" means the ratio that the
11 audience or subscribers located in this State of a
12 station, a network, or a cable system bears to the
13 total audience or total subscribers for that station,
14 network, or cable system. The audience factor for film
15 or radio programming shall be determined by reference
16 to the books and records of the taxpayer or by
17 reference to published rating statistics provided the
18 method used by the taxpayer is consistently used from
19 year to year for this purpose and fairly represents
20 the taxpayer's activity in this State.

21 "Broadcast" or "broadcasting" or "broadcasting
22 services" means the transmission or provision of film
23 or radio programming, whether through the public
24 airwaves, by cable, by direct or indirect satellite
25 transmission, or by any other means of communication,
26 either through a station, a network, or a cable

1 system.

2 "Film" or "film programming" means the broadcast
3 on television of any and all performances, events, or
4 productions, including, but not limited to, news,
5 sporting events, plays, stories, or other literary,
6 commercial, educational, or artistic works, either
7 live or through the use of video tape, disc, or any
8 other type of format or medium. Each episode of a
9 series of films produced for television shall
10 constitute a separate "film" notwithstanding that the
11 series relates to the same principal subject and is
12 produced during one or more tax periods.

13 "Radio" or "radio programming" means the broadcast
14 on radio of any and all performances, events, or
15 productions, including, but not limited to, news,
16 sporting events, plays, stories, or other literary,
17 commercial, educational, or artistic works, either
18 live or through the use of an audio tape, disc, or any
19 other format or medium. Each episode in a series of
20 radio programming produced for radio broadcast shall
21 constitute a separate "radio programming"
22 notwithstanding that the series relates to the same
23 principal subject and is produced during one or more
24 tax periods.

25 (i) In the case of advertising revenue from
26 broadcasting, the customer is the advertiser and

1 the service is received in this State if the
2 commercial domicile of the advertiser is in this
3 State.

4 (ii) In the case where film or radio
5 programming is broadcast by a station, a network,
6 or a cable system for a fee or other remuneration
7 received from the recipient of the broadcast, the
8 portion of the service that is received in this
9 State is measured by the portion of the recipients
10 of the broadcast located in this State.
11 Accordingly, the fee or other remuneration for
12 such service that is included in the Illinois
13 numerator of the sales factor is the total of
14 those fees or other remuneration received from
15 recipients in Illinois. For purposes of this
16 paragraph, a taxpayer may determine the location
17 of the recipients of its broadcast using the
18 address of the recipient shown in its contracts
19 with the recipient or using the billing address of
20 the recipient in the taxpayer's records.

21 (iii) In the case where film or radio
22 programming is broadcast by a station, a network,
23 or a cable system for a fee or other remuneration
24 from the person providing the programming, the
25 portion of the broadcast service that is received
26 by such station, network, or cable system in this

1 State is measured by the portion of recipients of
2 the broadcast located in this State. Accordingly,
3 the amount of revenue related to such an
4 arrangement that is included in the Illinois
5 numerator of the sales factor is the total fee or
6 other total remuneration from the person providing
7 the programming related to that broadcast
8 multiplied by the Illinois audience factor for
9 that broadcast.

10 (iv) In the case where film or radio
11 programming is provided by a taxpayer that is a
12 network or station to a customer for broadcast in
13 exchange for a fee or other remuneration from that
14 customer the broadcasting service is received at
15 the location of the office of the customer from
16 which the services were ordered in the regular
17 course of the customer's trade or business.
18 Accordingly, in such a case the revenue derived by
19 the taxpayer that is included in the taxpayer's
20 Illinois numerator of the sales factor is the
21 revenue from such customers who receive the
22 broadcasting service in Illinois.

23 (v) In the case where film or radio
24 programming is provided by a taxpayer that is not
25 a network or station to another person for
26 broadcasting in exchange for a fee or other

1 remuneration from that person, the broadcasting
2 service is received at the location of the office
3 of the customer from which the services were
4 ordered in the regular course of the customer's
5 trade or business. Accordingly, in such a case the
6 revenue derived by the taxpayer that is included
7 in the taxpayer's Illinois numerator of the sales
8 factor is the revenue from such customers who
9 receive the broadcasting service in Illinois.

10 (B-8) Gross receipts from winnings under the Illinois
11 Lottery Law from the assignment of a prize under Section
12 13.1 of the Illinois Lottery Law are received in this
13 State. This paragraph (B-8) applies only to taxable years
14 ending on or after December 31, 2013.

15 (B-9) For taxable years ending on or after December
16 31, 2019, gross receipts from winnings from pari-mutuel
17 wagering conducted at a wagering facility licensed under
18 the Illinois Horse Racing Act of 1975 or from winnings
19 from gambling games conducted on a riverboat or in a
20 casino or organization gaming facility licensed under the
21 Illinois Gambling Act are in this State.

22 (B-10) For taxable years ending on or after December
23 31, 2021, gross receipts from winnings from sports
24 wagering conducted in accordance with the Sports Wagering
25 Act are in this State.

26 (C) For taxable years ending before December 31, 2008,

1 sales, other than sales governed by paragraphs (B), (B-1),
2 (B-2), and (B-8) are in this State if:

3 (i) The income-producing activity is performed in
4 this State; or

5 (ii) The income-producing activity is performed
6 both within and without this State and a greater
7 proportion of the income-producing activity is
8 performed within this State than without this State,
9 based on performance costs.

10 (C-5) For taxable years ending on or after December
11 31, 2008, sales, other than sales governed by paragraphs
12 (B), (B-1), (B-2), (B-5), and (B-7), are in this State if
13 any of the following criteria are met:

14 (i) Sales from the sale or lease of real property
15 are in this State if the property is located in this
16 State.

17 (ii) Sales from the lease or rental of tangible
18 personal property are in this State if the property is
19 located in this State during the rental period. Sales
20 from the lease or rental of tangible personal property
21 that is characteristically moving property, including,
22 but not limited to, motor vehicles, rolling stock,
23 aircraft, vessels, or mobile equipment are in this
24 State to the extent that the property is used in this
25 State.

26 (iii) In the case of interest, net gains (but not

1 less than zero) and other items of income from
2 intangible personal property, the sale is in this
3 State if:

4 (a) in the case of a taxpayer who is a dealer
5 in the item of intangible personal property within
6 the meaning of Section 475 of the Internal Revenue
7 Code, the income or gain is received from a
8 customer in this State. For purposes of this
9 subparagraph, a customer is in this State if the
10 customer is an individual, trust or estate who is
11 a resident of this State and, for all other
12 customers, if the customer's commercial domicile
13 is in this State. Unless the dealer has actual
14 knowledge of the residence or commercial domicile
15 of a customer during a taxable year, the customer
16 shall be deemed to be a customer in this State if
17 the billing address of the customer, as shown in
18 the records of the dealer, is in this State; or

19 (b) in all other cases, if the
20 income-producing activity of the taxpayer is
21 performed in this State or, if the
22 income-producing activity of the taxpayer is
23 performed both within and without this State, if a
24 greater proportion of the income-producing
25 activity of the taxpayer is performed within this
26 State than in any other state, based on

1 performance costs.

2 (iv) Sales of services are in this State if the
3 services are received in this State. For the purposes
4 of this section, gross receipts from the performance
5 of services provided to a corporation, partnership, or
6 trust may only be attributed to a state where that
7 corporation, partnership, or trust has a fixed place
8 of business. If the state where the services are
9 received is not readily determinable or is a state
10 where the corporation, partnership, or trust receiving
11 the service does not have a fixed place of business,
12 the services shall be deemed to be received at the
13 location of the office of the customer from which the
14 services were ordered in the regular course of the
15 customer's trade or business. If the ordering office
16 cannot be determined, the services shall be deemed to
17 be received at the office of the customer to which the
18 services are billed. If the taxpayer is not taxable in
19 the state in which the services are received, the sale
20 must be excluded from both the numerator and the
21 denominator of the sales factor. The Department shall
22 adopt rules prescribing where specific types of
23 service are received, including, but not limited to,
24 publishing, and utility service.

25 (D) For taxable years ending on or after December 31,
26 1995, the following items of income shall not be included

1 in the numerator or denominator of the sales factor:
2 dividends; amounts included under Section 78 of the
3 Internal Revenue Code; and Subpart F income as defined in
4 Section 952 of the Internal Revenue Code. No inference
5 shall be drawn from the enactment of this paragraph (D) in
6 construing this Section for taxable years ending before
7 December 31, 1995.

8 (E) Paragraphs (B-1) and (B-2) shall apply to tax
9 years ending on or after December 31, 1999, provided that
10 a taxpayer may elect to apply the provisions of these
11 paragraphs to prior tax years. Such election shall be made
12 in the form and manner prescribed by the Department, shall
13 be irrevocable, and shall apply to all tax years; provided
14 that, if a taxpayer's Illinois income tax liability for
15 any tax year, as assessed under Section 903 prior to
16 January 1, 1999, was computed in a manner contrary to the
17 provisions of paragraphs (B-1) or (B-2), no refund shall
18 be payable to the taxpayer for that tax year to the extent
19 such refund is the result of applying the provisions of
20 paragraph (B-1) or (B-2) retroactively. In the case of a
21 unitary business group, such election shall apply to all
22 members of such group for every tax year such group is in
23 existence, but shall not apply to any taxpayer for any
24 period during which that taxpayer is not a member of such
25 group.

26 (b) Insurance companies.

1 (1) In general. Except as otherwise provided by
2 paragraph (2), business income of an insurance company for
3 a taxable year shall be apportioned to this State by
4 multiplying such income by a fraction, the numerator of
5 which is the direct premiums written for insurance upon
6 property or risk in this State, and the denominator of
7 which is the direct premiums written for insurance upon
8 property or risk everywhere. For purposes of this
9 subsection, the term "direct premiums written" means the
10 total amount of direct premiums written, assessments and
11 annuity considerations as reported for the taxable year on
12 the annual statement filed by the company with the
13 Illinois Director of Insurance in the form approved by the
14 National Convention of Insurance Commissioners or such
15 other form as may be prescribed in lieu thereof.

16 (2) Reinsurance. If the principal source of premiums
17 written by an insurance company consists of premiums for
18 reinsurance accepted by it, the business income of such
19 company shall be apportioned to this State by multiplying
20 such income by a fraction, the numerator of which is the
21 sum of (i) direct premiums written for insurance upon
22 property or risk in this State, plus (ii) premiums written
23 for reinsurance accepted in respect of property or risk in
24 this State, and the denominator of which is the sum of
25 (iii) direct premiums written for insurance upon property
26 or risk everywhere, plus (iv) premiums written for

1 reinsurance accepted in respect of property or risk
2 everywhere. For purposes of this paragraph, premiums
3 written for reinsurance accepted in respect of property or
4 risk in this State, whether or not otherwise determinable,
5 may, at the election of the company, be determined on the
6 basis of the proportion which premiums written for
7 reinsurance accepted from companies commercially domiciled
8 in Illinois bears to premiums written for reinsurance
9 accepted from all sources, or, alternatively, in the
10 proportion which the sum of the direct premiums written
11 for insurance upon property or risk in this State by each
12 ceding company from which reinsurance is accepted bears to
13 the sum of the total direct premiums written by each such
14 ceding company for the taxable year. The election made by
15 a company under this paragraph for its first taxable year
16 ending on or after December 31, 2011, shall be binding for
17 that company for that taxable year and for all subsequent
18 taxable years, and may be altered only with the written
19 permission of the Department, which shall not be
20 unreasonably withheld.

21 (c) Financial organizations.

22 (1) In general. For taxable years ending before
23 December 31, 2008, business income of a financial
24 organization shall be apportioned to this State by
25 multiplying such income by a fraction, the numerator of
26 which is its business income from sources within this

1 State, and the denominator of which is its business income
2 from all sources. For the purposes of this subsection, the
3 business income of a financial organization from sources
4 within this State is the sum of the amounts referred to in
5 subparagraphs (A) through (E) following, but excluding the
6 adjusted income of an international banking facility as
7 determined in paragraph (2):

8 (A) Fees, commissions or other compensation for
9 financial services rendered within this State;

10 (B) Gross profits from trading in stocks, bonds or
11 other securities managed within this State;

12 (C) Dividends, and interest from Illinois
13 customers, which are received within this State;

14 (D) Interest charged to customers at places of
15 business maintained within this State for carrying
16 debit balances of margin accounts, without deduction
17 of any costs incurred in carrying such accounts; and

18 (E) Any other gross income resulting from the
19 operation as a financial organization within this
20 State.

21 In computing the amounts referred to in paragraphs (A)
22 through (E) of this subsection, any amount received by a
23 member of an affiliated group (determined under Section
24 1504(a) of the Internal Revenue Code but without reference
25 to whether any such corporation is an "includible
26 corporation" under Section 1504(b) of the Internal Revenue

1 Code) from another member of such group shall be included
2 only to the extent such amount exceeds expenses of the
3 recipient directly related thereto.

4 (2) International Banking Facility. For taxable years
5 ending before December 31, 2008:

6 (A) Adjusted Income. The adjusted income of an
7 international banking facility is its income reduced
8 by the amount of the floor amount.

9 (B) Floor Amount. The floor amount shall be the
10 amount, if any, determined by multiplying the income
11 of the international banking facility by a fraction,
12 not greater than one, which is determined as follows:

13 (i) The numerator shall be:

14 The average aggregate, determined on a
15 quarterly basis, of the financial organization's
16 loans to banks in foreign countries, to foreign
17 domiciled borrowers (except where secured
18 primarily by real estate) and to foreign
19 governments and other foreign official
20 institutions, as reported for its branches,
21 agencies and offices within the state on its
22 "Consolidated Report of Condition", Schedule A,
23 Lines 2.c., 5.b., and 7.a., which was filed with
24 the Federal Deposit Insurance Corporation and
25 other regulatory authorities, for the year 1980,
26 minus

1 The average aggregate, determined on a
2 quarterly basis, of such loans (other than loans
3 of an international banking facility), as reported
4 by the financial institution for its branches,
5 agencies and offices within the state, on the
6 corresponding Schedule and lines of the
7 Consolidated Report of Condition for the current
8 taxable year, provided, however, that in no case
9 shall the amount determined in this clause (the
10 subtrahend) exceed the amount determined in the
11 preceding clause (the minuend); and

12 (ii) the denominator shall be the average
13 aggregate, determined on a quarterly basis, of the
14 international banking facility's loans to banks in
15 foreign countries, to foreign domiciled borrowers
16 (except where secured primarily by real estate)
17 and to foreign governments and other foreign
18 official institutions, which were recorded in its
19 financial accounts for the current taxable year.

20 (C) Change to Consolidated Report of Condition and
21 in Qualification. In the event the Consolidated Report
22 of Condition which is filed with the Federal Deposit
23 Insurance Corporation and other regulatory authorities
24 is altered so that the information required for
25 determining the floor amount is not found on Schedule
26 A, lines 2.c., 5.b. and 7.a., the financial

1 institution shall notify the Department and the
2 Department may, by regulations or otherwise, prescribe
3 or authorize the use of an alternative source for such
4 information. The financial institution shall also
5 notify the Department should its international banking
6 facility fail to qualify as such, in whole or in part,
7 or should there be any amendment or change to the
8 Consolidated Report of Condition, as originally filed,
9 to the extent such amendment or change alters the
10 information used in determining the floor amount.

11 (3) For taxable years ending on or after December 31,
12 2008, the business income of a financial organization
13 shall be apportioned to this State by multiplying such
14 income by a fraction, the numerator of which is its gross
15 receipts from sources in this State or otherwise
16 attributable to this State's marketplace and the
17 denominator of which is its gross receipts everywhere
18 during the taxable year. "Gross receipts" for purposes of
19 this subparagraph (3) means gross income, including net
20 taxable gain on disposition of assets, including
21 securities and money market instruments, when derived from
22 transactions and activities in the regular course of the
23 financial organization's trade or business. The following
24 examples are illustrative:

25 (i) Receipts from the lease or rental of real or
26 tangible personal property are in this State if the

1 property is located in this State during the rental
2 period. Receipts from the lease or rental of tangible
3 personal property that is characteristically moving
4 property, including, but not limited to, motor
5 vehicles, rolling stock, aircraft, vessels, or mobile
6 equipment are from sources in this State to the extent
7 that the property is used in this State.

8 (ii) Interest income, commissions, fees, gains on
9 disposition, and other receipts from assets in the
10 nature of loans that are secured primarily by real
11 estate or tangible personal property are from sources
12 in this State if the security is located in this State.

13 (iii) Interest income, commissions, fees, gains on
14 disposition, and other receipts from consumer loans
15 that are not secured by real or tangible personal
16 property are from sources in this State if the debtor
17 is a resident of this State.

18 (iv) Interest income, commissions, fees, gains on
19 disposition, and other receipts from commercial loans
20 and installment obligations that are not secured by
21 real or tangible personal property are from sources in
22 this State if the proceeds of the loan are to be
23 applied in this State. If it cannot be determined
24 where the funds are to be applied, the income and
25 receipts are from sources in this State if the office
26 of the borrower from which the loan was negotiated in

1 the regular course of business is located in this
2 State. If the location of this office cannot be
3 determined, the income and receipts shall be excluded
4 from the numerator and denominator of the sales
5 factor.

6 (v) Interest income, fees, gains on disposition,
7 service charges, merchant discount income, and other
8 receipts from credit card receivables are from sources
9 in this State if the card charges are regularly billed
10 to a customer in this State.

11 (vi) Receipts from the performance of services,
12 including, but not limited to, fiduciary, advisory,
13 and brokerage services, are in this State if the
14 services are received in this State within the meaning
15 of subparagraph (a) (3) (C-5) (iv) of this Section.

16 (vii) Receipts from the issuance of travelers
17 checks and money orders are from sources in this State
18 if the checks and money orders are issued from a
19 location within this State.

20 (viii) For tax years ending before December 31,
21 2024, receipts from investment assets and activities
22 and trading assets and activities are included in the
23 receipts factor as follows:

24 (1) Interest, dividends, net gains (but not
25 less than zero) and other income from investment
26 assets and activities from trading assets and

1 activities shall be included in the receipts
2 factor. Investment assets and activities and
3 trading assets and activities include, but are not
4 limited to: investment securities; trading account
5 assets; federal funds; securities purchased and
6 sold under agreements to resell or repurchase;
7 options; futures contracts; forward contracts;
8 notional principal contracts such as swaps;
9 equities; and foreign currency transactions. With
10 respect to the investment and trading assets and
11 activities described in subparagraphs (A) and (B)
12 of this paragraph, the receipts factor shall
13 include the amounts described in such
14 subparagraphs.

15 (A) The receipts factor shall include the
16 amount by which interest from federal funds
17 sold and securities purchased under resale
18 agreements exceeds interest expense on federal
19 funds purchased and securities sold under
20 repurchase agreements.

21 (B) The receipts factor shall include the
22 amount by which interest, dividends, gains and
23 other income from trading assets and
24 activities, including, but not limited to,
25 assets and activities in the matched book, in
26 the arbitrage book, and foreign currency

1 transactions, exceed amounts paid in lieu of
2 interest, amounts paid in lieu of dividends,
3 and losses from such assets and activities.

4 (2) The numerator of the receipts factor
5 includes interest, dividends, net gains (but not
6 less than zero), and other income from investment
7 assets and activities and from trading assets and
8 activities described in paragraph (1) of this
9 subsection that are attributable to this State.

10 (A) The amount of interest, dividends, net
11 gains (but not less than zero), and other
12 income from investment assets and activities
13 in the investment account to be attributed to
14 this State and included in the numerator is
15 determined by multiplying all such income from
16 such assets and activities by a fraction, the
17 numerator of which is the gross income from
18 such assets and activities which are properly
19 assigned to a fixed place of business of the
20 taxpayer within this State and the denominator
21 of which is the gross income from all such
22 assets and activities.

23 (B) The amount of interest from federal
24 funds sold and purchased and from securities
25 purchased under resale agreements and
26 securities sold under repurchase agreements

1 attributable to this State and included in the
2 numerator is determined by multiplying the
3 amount described in subparagraph (A) of
4 paragraph (1) of this subsection from such
5 funds and such securities by a fraction, the
6 numerator of which is the gross income from
7 such funds and such securities which are
8 properly assigned to a fixed place of business
9 of the taxpayer within this State and the
10 denominator of which is the gross income from
11 all such funds and such securities.

12 (C) The amount of interest, dividends,
13 gains, and other income from trading assets
14 and activities, including, but not limited to,
15 assets and activities in the matched book, in
16 the arbitrage book and foreign currency
17 transactions (but excluding amounts described
18 in subparagraphs (A) or (B) of this
19 paragraph), attributable to this State and
20 included in the numerator is determined by
21 multiplying the amount described in
22 subparagraph (B) of paragraph (1) of this
23 subsection by a fraction, the numerator of
24 which is the gross income from such trading
25 assets and activities which are properly
26 assigned to a fixed place of business of the

1 taxpayer within this State and the denominator
2 of which is the gross income from all such
3 assets and activities.

4 (D) Properly assigned, for purposes of
5 this paragraph (2) of this subsection, means
6 the investment or trading asset or activity is
7 assigned to the fixed place of business with
8 which it has a preponderance of substantive
9 contacts. An investment or trading asset or
10 activity assigned by the taxpayer to a fixed
11 place of business without the State shall be
12 presumed to have been properly assigned if:

13 (i) the taxpayer has assigned, in the
14 regular course of its business, such asset
15 or activity on its records to a fixed
16 place of business consistent with federal
17 or state regulatory requirements;

18 (ii) such assignment on its records is
19 based upon substantive contacts of the
20 asset or activity to such fixed place of
21 business; and

22 (iii) the taxpayer uses such records
23 reflecting assignment of such assets or
24 activities for the filing of all state and
25 local tax returns for which an assignment
26 of such assets or activities to a fixed

1 place of business is required.

2 (E) The presumption of proper assignment
3 of an investment or trading asset or activity
4 provided in subparagraph (D) of paragraph (2)
5 of this subsection may be rebutted upon a
6 showing by the Department, supported by a
7 preponderance of the evidence, that the
8 preponderance of substantive contacts
9 regarding such asset or activity did not occur
10 at the fixed place of business to which it was
11 assigned on the taxpayer's records. If the
12 fixed place of business that has a
13 preponderance of substantive contacts cannot
14 be determined for an investment or trading
15 asset or activity to which the presumption in
16 subparagraph (D) of paragraph (2) of this
17 subsection does not apply or with respect to
18 which that presumption has been rebutted, that
19 asset or activity is properly assigned to the
20 state in which the taxpayer's commercial
21 domicile is located. For purposes of this
22 subparagraph (E), it shall be presumed,
23 subject to rebuttal, that taxpayer's
24 commercial domicile is in the state of the
25 United States or the District of Columbia to
26 which the greatest number of employees are

1 regularly connected with the management of the
2 investment or trading income or out of which
3 they are working, irrespective of where the
4 services of such employees are performed, as
5 of the last day of the taxable year.

6 (ix) For tax years ending on or after December 31,
7 2024, receipts from investment assets and activities
8 and trading assets and activities are included in the
9 receipts factor as follows:

10 (1) Interest, dividends, net gains (but not
11 less than zero), and other income from investment
12 assets and activities from trading assets and
13 activities shall be included in the receipts
14 factor. Investment assets and activities and
15 trading assets and activities include, but are not
16 limited to the following: investment securities;
17 trading account assets; federal funds; securities
18 purchased and sold under agreements to resell or
19 repurchase; options; futures contracts; forward
20 contracts; notional principal contracts, such as
21 swaps; equities; and foreign currency
22 transactions. With respect to the investment and
23 trading assets and activities described in
24 subparagraphs (A) and (B) of this paragraph, the
25 receipts factor shall include the amounts
26 described in those subparagraphs.

1 (A) The receipts factor shall include the
2 amount by which interest from federal funds
3 sold and securities purchased under resale
4 agreements exceeds interest expense on federal
5 funds purchased and securities sold under
6 repurchase agreements.

7 (B) The receipts factor shall include the
8 amount by which interest, dividends, gains and
9 other income from trading assets and
10 activities, including, but not limited to,
11 assets and activities in the matched book, in
12 the arbitrage book, and foreign currency
13 transactions, exceed amounts paid in lieu of
14 interest, amounts paid in lieu of dividends,
15 and losses from such assets and activities.

16 (2) The numerator of the receipts factor
17 includes interest, dividends, net gains (but not
18 less than zero), and other income from investment
19 assets and activities and from trading assets and
20 activities described in paragraph (1) of this
21 subsection that are attributable to this State.

22 (A) The amount of interest, dividends, net
23 gains (but not less than zero), and other
24 income from investment assets and activities
25 in the investment account to be attributed to
26 this State and included in the numerator is

1 determined by multiplying all of the income
2 from those assets and activities by a
3 fraction, the numerator of which is the total
4 receipts included in the numerator pursuant to
5 items (i) through (vii) of this subparagraph
6 (3) and the denominator of which is all total
7 receipts included in the denominator, other
8 than interest, dividends, net gains (but not
9 less than zero), and other income from
10 investment assets and activities and trading
11 assets and activities.

12 (B) The amount of interest from federal
13 funds sold and purchased and from securities
14 purchased under resale agreements and
15 securities sold under repurchase agreements
16 attributable to this State and included in the
17 numerator is determined by multiplying the
18 amount described in subparagraph (A) of
19 paragraph (1) of this subsection from such
20 funds and such securities by a fraction, the
21 numerator of which is the total receipts
22 included in the numerator pursuant to items
23 (i) through (vii) of this subparagraph (3) and
24 the denominator of which is all total receipts
25 included in the denominator, other than
26 interest, dividends, net gains (but not less

1 than zero), and other income from investment
2 assets and activities and trading assets and
3 activities.

4 (C) The amount of interest, dividends,
5 gains, and other income from trading assets
6 and activities, including, but not limited to,
7 assets and activities in the matched book, in
8 the arbitrage book and foreign currency
9 transactions (but excluding amounts described
10 in subparagraphs (A) or (B) of this
11 paragraph), attributable to this State and
12 included in the numerator is determined by
13 multiplying the amount described in
14 subparagraph (B) of paragraph (1) of this
15 subsection by a fraction, the numerator of
16 which is the total receipts included in the
17 numerator pursuant to items (i) through (vii)
18 of this subparagraph (3) and the denominator
19 of which is all total receipts included in the
20 denominator, other than interest, dividends,
21 net gains (but not less than zero), and other
22 income from investment assets and activities
23 and trading assets and activities.

24 (4) (Blank).

25 (5) (Blank).

26 (c-1) Federally regulated exchanges. For taxable years

1 ending on or after December 31, 2012, business income of a
2 federally regulated exchange shall, at the option of the
3 federally regulated exchange, be apportioned to this State by
4 multiplying such income by a fraction, the numerator of which
5 is its business income from sources within this State, and the
6 denominator of which is its business income from all sources.
7 For purposes of this subsection, the business income within
8 this State of a federally regulated exchange is the sum of the
9 following:

10 (1) Receipts attributable to transactions executed on
11 a physical trading floor if that physical trading floor is
12 located in this State.

13 (2) Receipts attributable to all other matching,
14 execution, or clearing transactions, including without
15 limitation receipts from the provision of matching,
16 execution, or clearing services to another entity,
17 multiplied by (i) for taxable years ending on or after
18 December 31, 2012 but before December 31, 2013, 63.77%;
19 and (ii) for taxable years ending on or after December 31,
20 2013, 27.54%.

21 (3) All other receipts not governed by subparagraphs
22 (1) or (2) of this subsection (c-1), to the extent the
23 receipts would be characterized as "sales in this State"
24 under item (3) of subsection (a) of this Section.

25 "Federally regulated exchange" means (i) a "registered
26 entity" within the meaning of 7 U.S.C. Section 1a(40) (A), (B),

1 or (C), (ii) an "exchange" or "clearing agency" within the
2 meaning of 15 U.S.C. Section 78c (a) (1) or (23), (iii) any such
3 entities regulated under any successor regulatory structure to
4 the foregoing, and (iv) all taxpayers who are members of the
5 same unitary business group as a federally regulated exchange,
6 determined without regard to the prohibition in Section
7 1501(a) (27) of this Act against including in a unitary
8 business group taxpayers who are ordinarily required to
9 apportion business income under different subsections of this
10 Section; provided that this subparagraph (iv) shall apply only
11 if 50% or more of the business receipts of the unitary business
12 group determined by application of this subparagraph (iv) for
13 the taxable year are attributable to the matching, execution,
14 or clearing of transactions conducted by an entity described
15 in subparagraph (i), (ii), or (iii) of this paragraph.

16 In no event shall the Illinois apportionment percentage
17 computed in accordance with this subsection (c-1) for any
18 taxpayer for any tax year be less than the Illinois
19 apportionment percentage computed under this subsection (c-1)
20 for that taxpayer for the first full tax year ending on or
21 after December 31, 2013 for which this subsection (c-1)
22 applied to the taxpayer.

23 (d) Transportation services. For taxable years ending
24 before December 31, 2008, business income derived from
25 furnishing transportation services shall be apportioned to
26 this State in accordance with paragraphs (1) and (2):

1 (1) Such business income (other than that derived from
2 transportation by pipeline) shall be apportioned to this
3 State by multiplying such income by a fraction, the
4 numerator of which is the revenue miles of the person in
5 this State, and the denominator of which is the revenue
6 miles of the person everywhere. For purposes of this
7 paragraph, a revenue mile is the transportation of 1
8 passenger or 1 net ton of freight the distance of 1 mile
9 for a consideration. Where a person is engaged in the
10 transportation of both passengers and freight, the
11 fraction above referred to shall be determined by means of
12 an average of the passenger revenue mile fraction and the
13 freight revenue mile fraction, weighted to reflect the
14 person's

15 (A) relative railway operating income from total
16 passenger and total freight service, as reported to
17 the Interstate Commerce Commission, in the case of
18 transportation by railroad, and

19 (B) relative gross receipts from passenger and
20 freight transportation, in case of transportation
21 other than by railroad.

22 (2) Such business income derived from transportation
23 by pipeline shall be apportioned to this State by
24 multiplying such income by a fraction, the numerator of
25 which is the revenue miles of the person in this State, and
26 the denominator of which is the revenue miles of the

1 person everywhere. For the purposes of this paragraph, a
2 revenue mile is the transportation by pipeline of 1 barrel
3 of oil, 1,000 cubic feet of gas, or of any specified
4 quantity of any other substance, the distance of 1 mile
5 for a consideration.

6 (3) For taxable years ending on or after December 31,
7 2008, business income derived from providing
8 transportation services other than airline services shall
9 be apportioned to this State by using a fraction, (a) the
10 numerator of which shall be (i) all receipts from any
11 movement or shipment of people, goods, mail, oil, gas, or
12 any other substance (other than by airline) that both
13 originates and terminates in this State, plus (ii) that
14 portion of the person's gross receipts from movements or
15 shipments of people, goods, mail, oil, gas, or any other
16 substance (other than by airline) that originates in one
17 state or jurisdiction and terminates in another state or
18 jurisdiction, that is determined by the ratio that the
19 miles traveled in this State bears to total miles
20 everywhere and (b) the denominator of which shall be all
21 revenue derived from the movement or shipment of people,
22 goods, mail, oil, gas, or any other substance (other than
23 by airline). Where a taxpayer is engaged in the
24 transportation of both passengers and freight, the
25 fraction above referred to shall first be determined
26 separately for passenger miles and freight miles. Then an

1 average of the passenger miles fraction and the freight
2 miles fraction shall be weighted to reflect the
3 taxpayer's:

4 (A) relative railway operating income from total
5 passenger and total freight service, as reported to
6 the Surface Transportation Board, in the case of
7 transportation by railroad; and

8 (B) relative gross receipts from passenger and
9 freight transportation, in case of transportation
10 other than by railroad.

11 (4) For taxable years ending on or after December 31,
12 2008, business income derived from furnishing airline
13 transportation services shall be apportioned to this State
14 by multiplying such income by a fraction, the numerator of
15 which is the revenue miles of the person in this State, and
16 the denominator of which is the revenue miles of the
17 person everywhere. For purposes of this paragraph, a
18 revenue mile is the transportation of one passenger or one
19 net ton of freight the distance of one mile for a
20 consideration. If a person is engaged in the
21 transportation of both passengers and freight, the
22 fraction above referred to shall be determined by means of
23 an average of the passenger revenue mile fraction and the
24 freight revenue mile fraction, weighted to reflect the
25 person's relative gross receipts from passenger and
26 freight airline transportation.

1 (e) Combined apportionment. Where 2 or more persons are
2 engaged in a unitary business as described in subsection
3 (a)(27) of Section 1501, a part of which is conducted in this
4 State by one or more members of the group, the business income
5 attributable to this State by any such member or members shall
6 be apportioned by means of the combined apportionment method.

7 (f) Alternative allocation. If the allocation and
8 apportionment provisions of subsections (a) through (e) and of
9 subsection (h) do not, for taxable years ending before
10 December 31, 2008, fairly represent the extent of a person's
11 business activity in this State, or, for taxable years ending
12 on or after December 31, 2008, fairly represent the market for
13 the person's goods, services, or other sources of business
14 income, the person may petition for, or the Director may,
15 without a petition, permit or require, in respect of all or any
16 part of the person's business activity, if reasonable:

17 (1) Separate accounting;

18 (2) The exclusion of any one or more factors;

19 (3) The inclusion of one or more additional factors
20 which will fairly represent the person's business
21 activities or market in this State; or

22 (4) The employment of any other method to effectuate
23 an equitable allocation and apportionment of the person's
24 business income.

25 (g) Cross-reference ~~Cross-reference~~. For allocation of
26 business income by residents, see Section 301(a).

1 (h) For tax years ending on or after December 31, 1998, the
2 apportionment factor of persons who apportion their business
3 income to this State under subsection (a) shall be equal to:

4 (1) for tax years ending on or after December 31, 1998
5 and before December 31, 1999, 16 2/3% of the property
6 factor plus 16 2/3% of the payroll factor plus 66 2/3% of
7 the sales factor;

8 (2) for tax years ending on or after December 31, 1999
9 and before December 31, 2000, 8 1/3% of the property
10 factor plus 8 1/3% of the payroll factor plus 83 1/3% of
11 the sales factor;

12 (3) for tax years ending on or after December 31,
13 2000, the sales factor.

14 If, in any tax year ending on or after December 31, 1998 and
15 before December 31, 2000, the denominator of the payroll,
16 property, or sales factor is zero, the apportionment factor
17 computed in paragraph (1) or (2) of this subsection for that
18 year shall be divided by an amount equal to 100% minus the
19 percentage weight given to each factor whose denominator is
20 equal to zero.

23 (35 ILCS 5/704A)

24 Sec. 704A. Employer's return and payment of tax withheld.

25 (a) In general, every employer who deducts and withholds

1 or is required to deduct and withhold tax under this Act on or
2 after January 1, 2008 shall make those payments and returns as
3 provided in this Section.

4 (b) Returns. Every employer shall, in the form and manner
5 required by the Department, make returns with respect to taxes
6 withheld or required to be withheld under this Article 7 for
7 each quarter beginning on or after January 1, 2008, on or
8 before the last day of the first month following the close of
9 that quarter.

10 (c) Payments. With respect to amounts withheld or required
11 to be withheld on or after January 1, 2008:

12 (1) Semi-weekly payments. For each calendar year, each
13 employer who withheld or was required to withhold more
14 than \$12,000 during the one-year period ending on June 30
15 of the immediately preceding calendar year, payment must
16 be made:

17 (A) on or before each Friday of the calendar year,
18 for taxes withheld or required to be withheld on the
19 immediately preceding Saturday, Sunday, Monday, or
20 Tuesday;

21 (B) on or before each Wednesday of the calendar
22 year, for taxes withheld or required to be withheld on
23 the immediately preceding Wednesday, Thursday, or
24 Friday.

25 Beginning with calendar year 2011, payments made under
26 this paragraph (1) of subsection (c) must be made by

1 electronic funds transfer.

2 (2) Semi-weekly payments. Any employer who withholds
3 or is required to withhold more than \$12,000 in any
4 quarter of a calendar year is required to make payments on
5 the dates set forth under item (1) of this subsection (c)
6 for each remaining quarter of that calendar year and for
7 the subsequent calendar year.

8 (3) Monthly payments. Each employer, other than an
9 employer described in items (1) or (2) of this subsection,
10 shall pay to the Department, on or before the 15th day of
11 each month the taxes withheld or required to be withheld
12 during the immediately preceding month.

13 (4) Payments with returns. Each employer shall pay to
14 the Department, on or before the due date for each return
15 required to be filed under this Section, any tax withheld
16 or required to be withheld during the period for which the
17 return is due and not previously paid to the Department.

18 (d) Regulatory authority. The Department may, by rule:

19 (1) Permit employers, in lieu of the requirements of
20 subsections (b) and (c), to file annual returns due on or
21 before January 31 of the year for taxes withheld or
22 required to be withheld during the previous calendar year
23 and, if the aggregate amounts required to be withheld by
24 the employer under this Article 7 (other than amounts
25 required to be withheld under Section 709.5) do not exceed
26 \$1,000 for the previous calendar year, to pay the taxes

1 required to be shown on each such return no later than the
2 due date for such return.

3 (2) Provide that any payment required to be made under
4 subsection (c)(1) or (c)(2) is deemed to be timely to the
5 extent paid by electronic funds transfer on or before the
6 due date for deposit of federal income taxes withheld
7 from, or federal employment taxes due with respect to, the
8 wages from which the Illinois taxes were withheld.

9 (3) Designate one or more depositories to which
10 payment of taxes required to be withheld under this
11 Article 7 must be paid by some or all employers.

12 (4) Increase the threshold dollar amounts at which
13 employers are required to make semi-weekly payments under
14 subsection (c)(1) or (c)(2).

15 (e) Annual return and payment. Every employer who deducts
16 and withholds or is required to deduct and withhold tax from a
17 person engaged in domestic service employment, as that term is
18 defined in Section 3510 of the Internal Revenue Code, may
19 comply with the requirements of this Section with respect to
20 such employees by filing an annual return and paying the taxes
21 required to be deducted and withheld on or before the 15th day
22 of the fourth month following the close of the employer's
23 taxable year. The Department may allow the employer's return
24 to be submitted with the employer's individual income tax
25 return or to be submitted with a return due from the employer
26 under Section 1400.2 of the Unemployment Insurance Act.

1 (f) Magnetic media and electronic filing. With respect to
2 taxes withheld in calendar years prior to 2017, any W-2 Form
3 that, under the Internal Revenue Code and regulations
4 promulgated thereunder, is required to be submitted to the
5 Internal Revenue Service on magnetic media or electronically
6 must also be submitted to the Department on magnetic media or
7 electronically for Illinois purposes, if required by the
8 Department.

9 With respect to taxes withheld in 2017 and subsequent
10 calendar years, the Department may, by rule, require that any
11 return (including any amended return) under this Section and
12 any W-2 Form that is required to be submitted to the Department
13 must be submitted on magnetic media or electronically.

14 The due date for submitting W-2 Forms shall be as
15 prescribed by the Department by rule.

16 (g) For amounts deducted or withheld after December 31,
17 2009, a taxpayer who makes an election under subsection (f) of
18 Section 5-15 of the Economic Development for a Growing Economy
19 Tax Credit Act for a taxable year shall be allowed a credit
20 against payments due under this Section for amounts withheld
21 during the first calendar year beginning after the end of that
22 taxable year equal to the amount of the credit for the
23 incremental income tax attributable to full-time employees of
24 the taxpayer awarded to the taxpayer by the Department of
25 Commerce and Economic Opportunity under the Economic
26 Development for a Growing Economy Tax Credit Act for the

1 taxable year and credits not previously claimed and allowed to
2 be carried forward under Section 211(4) of this Act as
3 provided in subsection (f) of Section 5-15 of the Economic
4 Development for a Growing Economy Tax Credit Act. The credit
5 or credits may not reduce the taxpayer's obligation for any
6 payment due under this Section to less than zero. If the amount
7 of the credit or credits exceeds the total payments due under
8 this Section with respect to amounts withheld during the
9 calendar year, the excess may be carried forward and applied
10 against the taxpayer's liability under this Section in the
11 succeeding calendar years as allowed to be carried forward
12 under paragraph (4) of Section 211 of this Act. The credit or
13 credits shall be applied to the earliest year for which there
14 is a tax liability. If there are credits from more than one
15 taxable year that are available to offset a liability, the
16 earlier credit shall be applied first. Each employer who
17 deducts and withholds or is required to deduct and withhold
18 tax under this Act and who retains income tax withholdings
19 under subsection (f) of Section 5-15 of the Economic
20 Development for a Growing Economy Tax Credit Act must make a
21 return with respect to such taxes and retained amounts in the
22 form and manner that the Department, by rule, requires and pay
23 to the Department or to a depository designated by the
24 Department those withheld taxes not retained by the taxpayer.
25 For purposes of this subsection (g), the term taxpayer shall
26 include taxpayer and members of the taxpayer's unitary

1 business group as defined under paragraph (27) of subsection
2 (a) of Section 1501 of this Act. This Section is exempt from
3 the provisions of Section 250 of this Act. No credit awarded
4 under the Economic Development for a Growing Economy Tax
5 Credit Act for agreements entered into on or after January 1,
6 2015 may be credited against payments due under this Section.

7 (g-1) For amounts deducted or withheld after December 31,
8 2024, a taxpayer who makes an election under the Reimagining
9 Energy and Vehicles in Illinois Act shall be allowed a credit
10 against payments due under this Section for amounts withheld
11 during the first quarterly reporting period beginning after
12 the certificate is issued equal to the portion of the REV
13 Illinois Credit attributable to the incremental income tax
14 attributable to new employees and retained employees as
15 certified by the Department of Commerce and Economic
16 Opportunity pursuant to an agreement with the taxpayer under
17 the Reimagining Energy and Vehicles in Illinois Act for the
18 taxable year. The credit or credits may not reduce the
19 taxpayer's obligation for any payment due under this Section
20 to less than zero. If the amount of the credit or credits
21 exceeds the total payments due under this Section with respect
22 to amounts withheld during the quarterly reporting period, the
23 excess may be carried forward and applied against the
24 taxpayer's liability under this Section in the succeeding
25 quarterly reporting period as allowed to be carried forward
26 under paragraph (4) of Section 211 of this Act. The credit or

1 credits shall be applied to the earliest quarterly reporting
2 period for which there is a tax liability. If there are credits
3 from more than one quarterly reporting period that are
4 available to offset a liability, the earlier credit shall be
5 applied first. Each employer who deducts and withholds or is
6 required to deduct and withhold tax under this Act and who
7 retains income tax withholdings this subsection must make a
8 return with respect to such taxes and retained amounts in the
9 form and manner that the Department, by rule, requires and pay
10 to the Department or to a depository designated by the
11 Department those withheld taxes not retained by the taxpayer.
12 For purposes of this subsection (g-1), the term taxpayer shall
13 include taxpayer and members of the taxpayer's unitary
14 business group as defined under paragraph (27) of subsection
15 (a) of Section 1501 of this Act. This Section is exempt from
16 the provisions of Section 250 of this Act.

17 (g-2) For amounts deducted or withheld after December 31,
18 2024, a taxpayer who makes an election under the Manufacturing
19 Illinois Chips for Real Opportunity (MICRO) Act shall be
20 allowed a credit against payments due under this Section for
21 amounts withheld during the first quarterly reporting period
22 beginning after the certificate is issued equal to the portion
23 of the MICRO Illinois Credit attributable to the incremental
24 income tax attributable to new employees and retained
25 employees as certified by the Department of Commerce and
26 Economic Opportunity pursuant to an agreement with the

1 taxpayer under the Manufacturing Illinois Chips for Real
2 Opportunity (MICRO) Act for the taxable year. The credit or
3 credits may not reduce the taxpayer's obligation for any
4 payment due under this Section to less than zero. If the amount
5 of the credit or credits exceeds the total payments due under
6 this Section with respect to amounts withheld during the
7 quarterly reporting period, the excess may be carried forward
8 and applied against the taxpayer's liability under this
9 Section in the succeeding quarterly reporting period as
10 allowed to be carried forward under paragraph (4) of Section
11 211 of this Act. The credit or credits shall be applied to the
12 earliest quarterly reporting period for which there is a tax
13 liability. If there are credits from more than one quarterly
14 reporting period that are available to offset a liability, the
15 earlier credit shall be applied first. Each employer who
16 deducts and withholds or is required to deduct and withhold
17 tax under this Act and who retains income tax withholdings
18 this subsection must make a return with respect to such taxes
19 and retained amounts in the form and manner that the
20 Department, by rule, requires and pay to the Department or to a
21 depository designated by the Department those withheld taxes
22 not retained by the taxpayer. For purposes of this subsection,
23 the term taxpayer shall include taxpayer and members of the
24 taxpayer's unitary business group as defined under paragraph
25 (27) of subsection (a) of Section 1501 of this Act. This
26 Section is exempt from the provisions of Section 250 of this

1 Act.

2 (h) An employer may claim a credit against payments due
3 under this Section for amounts withheld during the first
4 calendar year ending after the date on which a tax credit
5 certificate was issued under Section 35 of the Small Business
6 Job Creation Tax Credit Act. The credit shall be equal to the
7 amount shown on the certificate, but may not reduce the
8 taxpayer's obligation for any payment due under this Section
9 to less than zero. If the amount of the credit exceeds the
10 total payments due under this Section with respect to amounts
11 withheld during the calendar year, the excess may be carried
12 forward and applied against the taxpayer's liability under
13 this Section in the 5 succeeding calendar years. The credit
14 shall be applied to the earliest year for which there is a tax
15 liability. If there are credits from more than one calendar
16 year that are available to offset a liability, the earlier
17 credit shall be applied first. This Section is exempt from the
18 provisions of Section 250 of this Act.

19 (i) Each employer with 50 or fewer full-time equivalent
20 employees during the reporting period may claim a credit
21 against the payments due under this Section for each qualified
22 employee in an amount equal to the maximum credit allowable.
23 The credit may be taken against payments due for reporting
24 periods that begin on or after January 1, 2020, and end on or
25 before December 31, 2027. An employer may not claim a credit
26 for an employee who has worked fewer than 90 consecutive days

1 immediately preceding the reporting period; however, such
2 credits may accrue during that 90-day period and be claimed
3 against payments under this Section for future reporting
4 periods after the employee has worked for the employer at
5 least 90 consecutive days. In no event may the credit exceed
6 the employer's liability for the reporting period. Each
7 employer who deducts and withholds or is required to deduct
8 and withhold tax under this Act and who retains income tax
9 withholdings under this subsection must make a return with
10 respect to such taxes and retained amounts in the form and
11 manner that the Department, by rule, requires and pay to the
12 Department or to a depository designated by the Department
13 those withheld taxes not retained by the employer.

14 For each reporting period, the employer may not claim a
15 credit or credits for more employees than the number of
16 employees making less than the minimum or reduced wage for the
17 current calendar year during the last reporting period of the
18 preceding calendar year. Notwithstanding any other provision
19 of this subsection, an employer shall not be eligible for
20 credits for a reporting period unless the average wage paid by
21 the employer per employee for all employees making less than
22 \$55,000 during the reporting period is greater than the
23 average wage paid by the employer per employee for all
24 employees making less than \$55,000 during the same reporting
25 period of the prior calendar year.

26 For purposes of this subsection (i):

1 "Compensation paid in Illinois" has the meaning ascribed
2 to that term under Section 304(a)(2)(B) of this Act.

3 "Employer" and "employee" have the meaning ascribed to
4 those terms in the Minimum Wage Law, except that "employee"
5 also includes employees who work for an employer with fewer
6 than 4 employees. Employers that operate more than one
7 establishment pursuant to a franchise agreement or that
8 constitute members of a unitary business group shall aggregate
9 their employees for purposes of determining eligibility for
10 the credit.

11 "Full-time equivalent employees" means the ratio of the
12 number of paid hours during the reporting period and the
13 number of working hours in that period.

14 "Maximum credit" means the percentage listed below of the
15 difference between the amount of compensation paid in Illinois
16 to employees who are paid not more than the required minimum
17 wage reduced by the amount of compensation paid in Illinois to
18 employees who were paid less than the current required minimum
19 wage during the reporting period prior to each increase in the
20 required minimum wage on January 1. If an employer pays an
21 employee more than the required minimum wage and that employee
22 previously earned less than the required minimum wage, the
23 employer may include the portion that does not exceed the
24 required minimum wage as compensation paid in Illinois to
25 employees who are paid not more than the required minimum
26 wage.

1 (1) 25% for reporting periods beginning on or after
2 January 1, 2020 and ending on or before December 31, 2020;

3 (2) 21% for reporting periods beginning on or after
4 January 1, 2021 and ending on or before December 31, 2021;

5 (3) 17% for reporting periods beginning on or after
6 January 1, 2022 and ending on or before December 31, 2022;

7 (4) 13% for reporting periods beginning on or after
8 January 1, 2023 and ending on or before December 31, 2023;

9 (5) 9% for reporting periods beginning on or after
10 January 1, 2024 and ending on or before December 31, 2024;

11 (6) 5% for reporting periods beginning on or after
12 January 1, 2025 and ending on or before December 31, 2025.

13 The amount computed under this subsection may continue to
14 be claimed for reporting periods beginning on or after January
15 1, 2026 and:

16 (A) ending on or before December 31, 2026 for
17 employers with more than 5 employees; or

18 (B) ending on or before December 31, 2027 for
19 employers with no more than 5 employees.

20 "Qualified employee" means an employee who is paid not
21 more than the required minimum wage and has an average wage
22 paid per hour by the employer during the reporting period
23 equal to or greater than his or her average wage paid per hour
24 by the employer during each reporting period for the
25 immediately preceding 12 months. A new qualified employee is
26 deemed to have earned the required minimum wage in the

1 preceding reporting period.

2 "Reporting period" means the quarter for which a return is
3 required to be filed under subsection (b) of this Section.

4 (j) For reporting periods beginning on or after January 1,
5 2023, if a private employer grants all of its employees the
6 option of taking a paid leave of absence of at least 30 days
7 for the purpose of serving as an organ donor or bone marrow
8 donor, then the private employer may take a credit against the
9 payments due under this Section in an amount equal to the
10 amount withheld under this Section with respect to wages paid
11 while the employee is on organ donation leave, not to exceed
12 \$1,000 in withholdings for each employee who takes organ
13 donation leave. To be eligible for the credit, such a leave of
14 absence must be taken without loss of pay, vacation time,
15 compensatory time, personal days, or sick time for at least
16 the first 30 days of the leave of absence. The private employer
17 shall adopt rules governing organ donation leave, including
18 rules that (i) establish conditions and procedures for
19 requesting and approving leave and (ii) require medical
20 documentation of the proposed organ or bone marrow donation
21 before leave is approved by the private employer. A private
22 employer must provide, in the manner required by the
23 Department, documentation from the employee's medical
24 provider, which the private employer receives from the
25 employee, that verifies the employee's organ donation. The
26 private employer must also provide, in the manner required by

1 the Department, documentation that shows that a qualifying
2 organ donor leave policy was in place and offered to all
3 qualifying employees at the time the leave was taken. For the
4 private employer to receive the tax credit, the employee
5 taking organ donor leave must allow for the applicable medical
6 records to be disclosed to the Department. If the private
7 employer cannot provide the required documentation to the
8 Department, then the private employer is ineligible for the
9 credit under this Section. A private employer must also
10 provide, in the form required by the Department, any
11 additional documentation or information required by the
12 Department to administer the credit under this Section. The
13 credit under this subsection (j) shall be taken within one
14 year after the date upon which the organ donation leave
15 begins. If the leave taken spans into a second tax year, the
16 employer qualifies for the allowable credit in the later of
17 the 2 years. If the amount of credit exceeds the tax liability
18 for the year, the excess may be carried and applied to the tax
19 liability for the 3 taxable years following the excess credit
20 year. The tax credit shall be applied to the earliest year for
21 which there is a tax liability. If there are credits for more
22 than one year that are available to offset liability, the
23 earlier credit shall be applied first.

24 Nothing in this subsection (j) prohibits a private
25 employer from providing an unpaid leave of absence to its
26 employees for the purpose of serving as an organ donor or bone

1 marrow donor; however, if the employer's policy provides for
2 fewer than 30 days of paid leave for organ or bone marrow
3 donation, then the employer shall not be eligible for the
4 credit under this Section.

5 As used in this subsection (j):

6 "Organ" means any biological tissue of the human body that
7 may be donated by a living donor, including, but not limited
8 to, the kidney, liver, lung, pancreas, intestine, bone, skin,
9 or any subpart of those organs.

10 "Organ donor" means a person from whose body an organ is
11 taken to be transferred to the body of another person.

12 "Private employer" means a sole proprietorship,
13 corporation, partnership, limited liability company, or other
14 entity with one or more employees. "Private employer" does not
15 include a municipality, county, State agency, or other public
16 employer.

17 This subsection (j) is exempt from the provisions of
18 Section 250 of this Act.

19 (k) For reporting periods beginning on or after January 1,
20 2025 and before January 1, 2027, an employer may claim a credit
21 against payments due under this Section for amounts withheld
22 during the first reporting period to occur after the date on
23 which a tax credit certificate is issued for a non-profit
24 theater production under Section 10 of the Live Theater
25 Production Tax Credit Act. The credit shall be equal to the
26 amount shown on the certificate, but may not reduce the

1 taxpayer's obligation for any payment due under this Article
2 to less than zero. If the amount of the credit exceeds the
3 total amount due under this Article with respect to amounts
4 withheld during the first reporting period to occur after the
5 date on which a tax credit certificate is issued, the excess
6 may be carried forward and applied against the taxpayer's
7 liability under this Section for reporting periods that occur
8 in the 5 succeeding calendar years. The excess credit shall be
9 applied to the earliest reporting period for which there is a
10 payment due under this Article. If there are credits from more
11 than one reporting period that are available to offset a
12 liability, the earlier credit shall be applied first. The
13 Department of Revenue, in cooperation with the Department of
14 Commerce and Economic Opportunity, shall adopt rules to
15 enforce and administer the provisions of this subsection.

16 (1) ~~(*)~~ A taxpayer who is issued a certificate under the
17 Local Journalism Sustainability Act for a taxable year shall
18 be allowed a credit against payments due under this Section as
19 provided in that Act.

2 follows:

3 (35 ILCS 10/5-56)

4 Sec. 5-56. Annual report. Annually, until construction is
5 completed, a company seeking New Construction EDGE Credits
6 shall submit a report that, at a minimum, describes the
7 projected project scope, timeline, and anticipated budget.
8 Once the project has commenced, the annual report shall
9 include actual data for the prior year as well as projections
10 for each additional year through completion of the project.
11 The Department shall issue detailed reporting guidelines
12 prescribing the requirements of construction-related
13 ~~construction-related~~ reports. In order to receive credit for
14 construction expenses, the company must provide the Department
15 with evidence that a certified third-party executed an
16 Agreed-Upon Procedure (AUP) verifying the construction
17 expenses or accept the standard construction wage expense
18 estimated by the Department.

19 Upon review of the final project scope, timeline, budget,
20 and AUP, the Department shall issue a tax credit certificate
21 reflecting a percentage of the total construction job wages
22 paid throughout the completion of the project.

23 Upon 7 business days' notice, the taxpayer shall make
24 available for inspection and copying at a location within this
25 State during reasonable hours, the records identified in

1 paragraph (1) of this Section to the taxpayer in charge of the
2 project, its officers and agents, and to federal, State, or
3 local law enforcement agencies and prosecutors.

21 paid to full-time employees in the county where the project is
22 located, as determined by the Department.

23 (e) Each applicant must outline its hiring plan and
24 commitment to recruit and hire full-time employee positions at
25 the project site. The hiring plan may include a partnership
26 with an institution of higher education to provide

1 internships, including, but not limited to, internships
2 supported by the Clean Jobs Workforce Network Program, or
3 full-time permanent employment for students at the project
4 site. Additionally, the applicant may create or utilize
5 participants from apprenticeship programs that are approved by
6 and registered with the United States Department of Labor's
7 Bureau of Apprenticeship and Training. The applicant ~~Applicant~~
8 may apply for apprenticeship education expense credits in
9 accordance with the provisions set forth in 14 Ill. Adm.
10 ~~Admin.~~ Code 522. Each applicant is required to report
11 annually, on or before April 15, on the diversity of its
12 workforce in accordance with Section 110-50 of this Act. For
13 existing facilities of applicants under paragraph (3) of
14 subsection (b) above, if the taxpayer expects a reduction in
15 force due to its transition to manufacturing semiconductors,
16 microchips, or semiconductor or microchip component parts, the
17 plan submitted under this Section must outline the taxpayer's
18 plan to assist with retraining its workforce aligned with the
19 taxpayer's adoption of new technologies and anticipated
20 efforts to retrain employees through employment opportunities
21 within the taxpayer's workforce.

22 (f) A taxpayer may not enter into more than one agreement
23 under this Act with respect to a single address or location for
24 the same period of time. Also, a taxpayer may not enter into an
25 agreement under this Act with respect to a single address or
26 location for the same period of time for which the taxpayer

1 currently holds an active agreement under the Economic
2 Development for a Growing Economy Tax Credit Act. This
3 provision does not preclude the applicant from entering into
4 an additional agreement after the expiration or voluntary
5 termination of an earlier agreement under this Act or under
6 the Economic Development for a Growing Economy Tax Credit Act
7 to the extent that the taxpayer's application otherwise
8 satisfies the terms and conditions of this Act and is approved
9 by the Department. An applicant with an existing agreement
10 under the Economic Development for a Growing Economy Tax
11 Credit Act may submit an application for an agreement under
12 this Act after it terminates any existing agreement under the
13 Economic Development for a Growing Economy Tax Credit Act with
14 respect to the same address or location.

1 Section 290. The Use Tax Act is amended by changing
2 Sections 2, 3-5, and 3-10 as follows:

3 (35 ILCS 105/2) (from Ch. 120, par. 439.2)

4 Sec. 2. Definitions. As used in this Act:

5 "Use" means the exercise by any person of any right or
6 power over tangible personal property incident to the
7 ownership of that property, or, on and after January 1, 2025,
8 incident to the possession or control of, the right to possess
9 or control, or a license to use that property through a lease,
10 except that it does not include the sale of such property in
11 any form as tangible personal property in the regular course
12 of business to the extent that such property is not first
13 subjected to a use for which it was purchased, and does not
14 include the use of such property by its owner for
15 demonstration purposes: Provided that the property purchased
16 is deemed to be purchased for the purpose of resale, despite
17 first being used, to the extent to which it is resold as an
18 ingredient of an intentionally produced product or by-product
19 of manufacturing. "Use" does not mean the demonstration use or
20 interim use of tangible personal property by a retailer before
21 he sells that tangible personal property. On and after January
22 1, 2025, the lease of tangible personal property to a lessee by
23 a retailer who is subject to tax on lease receipts under Public
24 Act 103-592 ~~this amendatory Act of the 103rd General Assembly~~
25 does not qualify as demonstration use or interim use of that

1 property. For watercraft or aircraft, if the period of
2 demonstration use or interim use by the retailer exceeds 18
3 months, the retailer shall pay on the retailers' original cost
4 price the tax imposed by this Act, and no credit for that tax
5 is permitted if the watercraft or aircraft is subsequently
6 sold by the retailer. "Use" does not mean the physical
7 incorporation of tangible personal property, to the extent not
8 first subjected to a use for which it was purchased, as an
9 ingredient or constituent, into other tangible personal
10 property (a) which is sold in the regular course of business or
11 (b) which the person incorporating such ingredient or
12 constituent therein has undertaken at the time of such
13 purchase to cause to be transported in interstate commerce to
14 destinations outside the State of Illinois: Provided that the
15 property purchased is deemed to be purchased for the purpose
16 of resale, despite first being used, to the extent to which it
17 is resold as an ingredient of an intentionally produced
18 product or by-product of manufacturing.

19 "Lease" means a transfer of the possession or control of,
20 the right to possess or control, or a license to use, but not
21 title to, tangible personal property for a fixed or
22 indeterminate term for consideration, regardless of the name
23 by which the transaction is called. "Lease" does not include a
24 lease entered into merely as a security agreement that does
25 not involve a transfer of possession or control from the
26 lessor to the lessee.

1 On and after January 1, 2025, the term "sale", when used in
2 this Act, includes a lease.

3 "Watercraft" means a Class 2, Class 3, or Class 4
4 watercraft as defined in Section 3-2 of the Boat Registration
5 and Safety Act, a personal watercraft, or any boat equipped
6 with an inboard motor.

7 "Purchase at retail" means the acquisition of the
8 ownership of, the title to, the possession or control of, the
9 right to possess or control, or a license to use, tangible
10 personal property through a sale at retail.

11 "Purchaser" means anyone who, through a sale at retail,
12 acquires the ownership of, the title to, the possession or
13 control of, the right to possess or control, or a license to
14 use, tangible personal property for a valuable consideration.

15 "Sale at retail" means any transfer of the ownership of or
16 title to tangible personal property to a purchaser, for the
17 purpose of use, and not for the purpose of resale in any form
18 as tangible personal property to the extent not first
19 subjected to a use for which it was purchased, for a valuable
20 consideration: Provided that the property purchased is deemed
21 to be purchased for the purpose of resale, despite first being
22 used, to the extent to which it is resold as an ingredient of
23 an intentionally produced product or by-product of
24 manufacturing. For this purpose, slag produced as an incident
25 to manufacturing pig iron or steel and sold is considered to be
26 an intentionally produced by-product of manufacturing. "Sale

1 at retail" includes any such transfer made for resale unless
2 made in compliance with Section 2c of the Retailers'
3 Occupation Tax Act, as incorporated by reference into Section
4 12 of this Act. Transactions whereby the possession of the
5 property is transferred but the seller retains the title as
6 security for payment of the selling price are sales.

7 "Sale at retail" shall also be construed to include any
8 Illinois florist's sales transaction in which the purchase
9 order is received in Illinois by a florist and the sale is for
10 use or consumption, but the Illinois florist has a florist in
11 another state deliver the property to the purchaser or the
12 purchaser's donee in such other state.

13 Nonreusable tangible personal property that is used by
14 persons engaged in the business of operating a restaurant,
15 cafeteria, or drive-in is a sale for resale when it is
16 transferred to customers in the ordinary course of business as
17 part of the sale of food or beverages and is used to deliver,
18 package, or consume food or beverages, regardless of where
19 consumption of the food or beverages occurs. Examples of those
20 items include, but are not limited to nonreusable, paper and
21 plastic cups, plates, baskets, boxes, sleeves, buckets or
22 other containers, utensils, straws, placemats, napkins, doggie
23 bags, and wrapping or packaging materials that are transferred
24 to customers as part of the sale of food or beverages in the
25 ordinary course of business.

26 The purchase, employment, and transfer of such tangible

1 personal property as newsprint and ink for the primary purpose
2 of conveying news (with or without other information) is not a
3 purchase, use, or sale of tangible personal property.

4 "Selling price" means the consideration for a sale valued
5 in money whether received in money or otherwise, including
6 cash, credits, property other than as hereinafter provided,
7 and services, but, prior to January 1, 2020 and beginning
8 again on January 1, 2022, not including the value of or credit
9 given for traded-in tangible personal property where the item
10 that is traded-in is of like kind and character as that which
11 is being sold; beginning January 1, 2020 and until January 1,
12 2022, "selling price" includes the portion of the value of or
13 credit given for traded-in motor vehicles of the First
14 Division as defined in Section 1-146 of the Illinois Vehicle
15 Code of like kind and character as that which is being sold
16 that exceeds \$10,000. "Selling price" shall be determined
17 without any deduction on account of the cost of the property
18 sold, the cost of materials used, labor or service cost, or any
19 other expense whatsoever, but does not include interest or
20 finance charges which appear as separate items on the bill of
21 sale or sales contract nor charges that are added to prices by
22 sellers on account of the seller's tax liability under the
23 Retailers' Occupation Tax Act, or on account of the seller's
24 duty to collect, from the purchaser, the tax that is imposed by
25 this Act, or, except as otherwise provided with respect to any
26 cigarette tax imposed by a home rule unit, on account of the

1 seller's tax liability under any local occupation tax
2 administered by the Department, or, except as otherwise
3 provided with respect to any cigarette tax imposed by a home
4 rule unit on account of the seller's duty to collect, from the
5 purchasers, the tax that is imposed under any local use tax
6 administered by the Department. Effective December 1, 1985,
7 "selling price" shall include charges that are added to prices
8 by sellers on account of the seller's tax liability under the
9 Cigarette Tax Act, on account of the seller's duty to collect,
10 from the purchaser, the tax imposed under the Cigarette Use
11 Tax Act, and on account of the seller's duty to collect, from
12 the purchaser, any cigarette tax imposed by a home rule unit.

13 The provisions of this paragraph, which provides only for
14 an alternative meaning of "selling price" with respect to the
15 sale of certain motor vehicles incident to the contemporaneous
16 lease of those motor vehicles, continue in effect and are not
17 changed by the tax on leases implemented by Public Act 103-592
18 ~~this amendatory Act of the 103rd General Assembly.~~
19 Notwithstanding any law to the contrary, for any motor
20 vehicle, as defined in Section 1-146 of the Vehicle Code, that
21 is sold on or after January 1, 2015 for the purpose of leasing
22 the vehicle for a defined period that is longer than one year
23 and (1) is a motor vehicle of the second division that: (A) is
24 a self-contained motor vehicle designed or permanently
25 converted to provide living quarters for recreational,
26 camping, or travel use, with direct walk through access to the

1 living quarters from the driver's seat; (B) is of the van
2 configuration designed for the transportation of not less than
3 7 nor more than 16 passengers; or (C) has a gross vehicle
4 weight rating of 8,000 pounds or less or (2) is a motor vehicle
5 of the first division, "selling price" or "amount of sale"
6 means the consideration received by the lessor pursuant to the
7 lease contract, including amounts due at lease signing and all
8 monthly or other regular payments charged over the term of the
9 lease. Also included in the selling price is any amount
10 received by the lessor from the lessee for the leased vehicle
11 that is not calculated at the time the lease is executed,
12 including, but not limited to, excess mileage charges and
13 charges for excess wear and tear. For sales that occur in
14 Illinois, with respect to any amount received by the lessor
15 from the lessee for the leased vehicle that is not calculated
16 at the time the lease is executed, the lessor who purchased the
17 motor vehicle does not incur the tax imposed by the Use Tax Act
18 on those amounts, and the retailer who makes the retail sale of
19 the motor vehicle to the lessor is not required to collect the
20 tax imposed by this Act or to pay the tax imposed by the
21 Retailers' Occupation Tax Act on those amounts. However, the
22 lessor who purchased the motor vehicle assumes the liability
23 for reporting and paying the tax on those amounts directly to
24 the Department in the same form (Illinois Retailers'
25 Occupation Tax, and local retailers' occupation taxes, if
26 applicable) in which the retailer would have reported and paid

1 such tax if the retailer had accounted for the tax to the
2 Department. For amounts received by the lessor from the lessee
3 that are not calculated at the time the lease is executed, the
4 lessor must file the return and pay the tax to the Department
5 by the due date otherwise required by this Act for returns
6 other than transaction returns. If the retailer is entitled
7 under this Act to a discount for collecting and remitting the
8 tax imposed under this Act to the Department with respect to
9 the sale of the motor vehicle to the lessor, then the right to
10 the discount provided in this Act shall be transferred to the
11 lessor with respect to the tax paid by the lessor for any
12 amount received by the lessor from the lessee for the leased
13 vehicle that is not calculated at the time the lease is
14 executed; provided that the discount is only allowed if the
15 return is timely filed and for amounts timely paid. The
16 "selling price" of a motor vehicle that is sold on or after
17 January 1, 2015 for the purpose of leasing for a defined period
18 of longer than one year shall not be reduced by the value of or
19 credit given for traded-in tangible personal property owned by
20 the lessor, nor shall it be reduced by the value of or credit
21 given for traded-in tangible personal property owned by the
22 lessee, regardless of whether the trade-in value thereof is
23 assigned by the lessee to the lessor. In the case of a motor
24 vehicle that is sold for the purpose of leasing for a defined
25 period of longer than one year, the sale occurs at the time of
26 the delivery of the vehicle, regardless of the due date of any

1 lease payments. A lessor who incurs a Retailers' Occupation
2 Tax liability on the sale of a motor vehicle coming off lease
3 may not take a credit against that liability for the Use Tax
4 the lessor paid upon the purchase of the motor vehicle (or for
5 any tax the lessor paid with respect to any amount received by
6 the lessor from the lessee for the leased vehicle that was not
7 calculated at the time the lease was executed) if the selling
8 price of the motor vehicle at the time of purchase was
9 calculated using the definition of "selling price" as defined
10 in this paragraph. Notwithstanding any other provision of this
11 Act to the contrary, lessors shall file all returns and make
12 all payments required under this paragraph to the Department
13 by electronic means in the manner and form as required by the
14 Department. This paragraph does not apply to leases of motor
15 vehicles for which, at the time the lease is entered into, the
16 term of the lease is not a defined period, including leases
17 with a defined initial period with the option to continue the
18 lease on a month-to-month or other basis beyond the initial
19 defined period.

20 The phrase "like kind and character" shall be liberally
21 construed (including, but not limited to, any form of motor
22 vehicle for any form of motor vehicle, or any kind of farm or
23 agricultural implement for any other kind of farm or
24 agricultural implement), while not including a kind of item
25 which, if sold at retail by that retailer, would be exempt from
26 retailers' occupation tax and use tax as an isolated or

1 occasional sale.

2 "Department" means the Department of Revenue.

3 "Person" means any natural individual, firm, partnership,
4 association, joint stock company, joint adventure, public or
5 private corporation, limited liability company, or a receiver,
6 executor, trustee, guardian, or other representative appointed
7 by order of any court.

8 "Retailer" means and includes every person engaged in the
9 business of making sales, including, on and after January 1,
10 2025, leases, at retail as defined in this Section. With
11 respect to leases, a "retailer" also means a "lessor", except
12 as otherwise provided in this Act.

13 A person who holds himself or herself out as being engaged
14 (or who habitually engages) in selling tangible personal
15 property at retail is a retailer hereunder with respect to
16 such sales (and not primarily in a service occupation)
17 notwithstanding the fact that such person designs and produces
18 such tangible personal property on special order for the
19 purchaser and in such a way as to render the property of value
20 only to such purchaser, if such tangible personal property so
21 produced on special order serves substantially the same
22 function as stock or standard items of tangible personal
23 property that are sold at retail.

24 A person whose activities are organized and conducted
25 primarily as a not-for-profit service enterprise, and who
26 engages in selling tangible personal property at retail

1 (whether to the public or merely to members and their guests)
2 is a retailer with respect to such transactions, excepting
3 only a person organized and operated exclusively for
4 charitable, religious or educational purposes either (1) 7 to
5 the extent of sales by such person to its members, students,
6 patients, 1 or inmates of tangible personal property to be used
7 primarily for the purposes of such person, or (2) 7 to the
8 extent of sales by such person of tangible personal property
9 which is not sold or offered for sale by persons organized for
10 profit. The selling of school books and school supplies by
11 schools at retail to students is not "primarily for the
12 purposes of" the school which does such selling. This
13 paragraph does not apply to nor subject to taxation occasional
14 dinners, social, 1 or similar activities of a person organized
15 and operated exclusively for charitable, religious, 1 or
16 educational purposes, whether or not such activities are open
17 to the public.

18 A person who is the recipient of a grant or contract under
19 Title VII of the Older Americans Act of 1965 (P.L. 92-258) and
20 serves meals to participants in the federal Nutrition Program
21 for the Elderly in return for contributions established in
22 amount by the individual participant pursuant to a schedule of
23 suggested fees as provided for in the federal Act is not a
24 retailer under this Act with respect to such transactions.

25 Persons who engage in the business of transferring
26 tangible personal property upon the redemption of trading

1 stamps are retailers hereunder when engaged in such business.

2 The isolated or occasional sale of tangible personal
3 property at retail by a person who does not hold himself out as
4 being engaged (or who does not habitually engage) in selling
5 such tangible personal property at retail or a sale through a
6 bulk vending machine does not make such person a retailer
7 hereunder. However, any person who is engaged in a business
8 which is not subject to the tax imposed by the Retailers'
9 Occupation Tax Act because of involving the sale of or a
10 contract to sell real estate or a construction contract to
11 improve real estate, but who, in the course of conducting such
12 business, transfers tangible personal property to users or
13 consumers in the finished form in which it was purchased, and
14 which does not become real estate, under any provision of a
15 construction contract or real estate sale or real estate sales
16 agreement entered into with some other person arising out of
17 or because of such nontaxable business, is a retailer to the
18 extent of the value of the tangible personal property so
19 transferred. If, in such transaction, a separate charge is
20 made for the tangible personal property so transferred, the
21 value of such property, for the purposes of this Act, is the
22 amount so separately charged, but not less than the cost of
23 such property to the transferor; if no separate charge is
24 made, the value of such property, for the purposes of this Act,
25 is the cost to the transferor of such tangible personal
26 property.

1 "Retailer maintaining a place of business in this State",
2 or any like term, means and includes any of the following
3 retailers:

4 (1) A retailer having or maintaining within this
5 State, directly or by a subsidiary, an office,
6 distribution house, sales house, warehouse, or other place
7 of business, or any agent or other representative
8 operating within this State under the authority of the
9 retailer or its subsidiary, irrespective of whether such
10 place of business or agent or other representative is
11 located here permanently or temporarily, or whether such
12 retailer or subsidiary is licensed to do business in this
13 State. However, the ownership of property that is located
14 at the premises of a printer with which the retailer has
15 contracted for printing and that consists of the final
16 printed product, property that becomes a part of the final
17 printed product, or copy from which the printed product is
18 produced shall not result in the retailer being deemed to
19 have or maintain an office, distribution house, sales
20 house, warehouse, or other place of business within this
21 State.

22 (1.1) A retailer having a contract with a person
23 located in this State under which the person, for a
24 commission or other consideration based upon the sale of
25 tangible personal property by the retailer, directly or
26 indirectly refers potential customers to the retailer by

1 providing to the potential customers a promotional code or
2 other mechanism that allows the retailer to track
3 purchases referred by such persons. Examples of mechanisms
4 that allow the retailer to track purchases referred by
5 such persons include, but are not limited to, the use of a
6 link on the person's Internet website, promotional codes
7 distributed through the person's hand-delivered or mailed
8 material, and promotional codes distributed by the person
9 through radio or other broadcast media. The provisions of
10 this paragraph (1.1) shall apply only if the cumulative
11 gross receipts from sales of tangible personal property by
12 the retailer to customers who are referred to the retailer
13 by all persons in this State under such contracts exceed
14 \$10,000 during the preceding 4 quarterly periods ending on
15 the last day of March, June, September, and December. A
16 retailer meeting the requirements of this paragraph (1.1)
17 shall be presumed to be maintaining a place of business in
18 this State but may rebut this presumption by submitting
19 proof that the referrals or other activities pursued
20 within this State by such persons were not sufficient to
21 meet the nexus standards of the United States Constitution
22 during the preceding 4 quarterly periods.

23 (1.2) Beginning July 1, 2011, a retailer having a
24 contract with a person located in this State under which:

25 (A) the retailer sells the same or substantially
26 similar line of products as the person located in this

1 State and does so using an identical or substantially
2 similar name, trade name, or trademark as the person
3 located in this State; and

4 (B) the retailer provides a commission or other
5 consideration to the person located in this State
6 based upon the sale of tangible personal property by
7 the retailer.

8 The provisions of this paragraph (1.2) shall apply
9 only if the cumulative gross receipts from sales of
10 tangible personal property by the retailer to customers in
11 this State under all such contracts exceed \$10,000 during
12 the preceding 4 quarterly periods ending on the last day
13 of March, June, September, and December.

14 (2) (Blank).

15 (3) (Blank).

16 (4) (Blank).

17 (5) (Blank).

18 (6) (Blank).

19 (7) (Blank).

20 (8) (Blank).

21 (9) Beginning October 1, 2018, a retailer making sales
22 of tangible personal property to purchasers in Illinois
23 from outside of Illinois if:

24 (A) the cumulative gross receipts from sales of
25 tangible personal property to purchasers in Illinois
26 are \$100,000 or more; or

1 (B) the retailer enters into 200 or more separate
2 transactions for the sale of tangible personal
3 property to purchasers in Illinois.

4 The retailer shall determine on a quarterly basis,
5 ending on the last day of March, June, September, and
6 December, whether he or she meets the criteria of either
7 subparagraph (A) or (B) of this paragraph (9) for the
8 preceding 12-month period. If the retailer meets the
9 threshold of either subparagraph (A) or (B) for a 12-month
10 period, he or she is considered a retailer maintaining a
11 place of business in this State and is required to collect
12 and remit the tax imposed under this Act and file returns
13 for one year. At the end of that one-year period, the
14 retailer shall determine whether he or she met the
15 threshold of either subparagraph (A) or (B) during the
16 preceding 12-month period. If the retailer met the
17 criteria in either subparagraph (A) or (B) for the
18 preceding 12-month period, he or she is considered a
19 retailer maintaining a place of business in this State and
20 is required to collect and remit the tax imposed under
21 this Act and file returns for the subsequent year. If at
22 the end of a one-year period a retailer that was required
23 to collect and remit the tax imposed under this Act
24 determines that he or she did not meet the threshold in
25 either subparagraph (A) or (B) during the preceding
26 12-month period, the retailer shall subsequently determine

1 on a quarterly basis, ending on the last day of March,
2 June, September, and December, whether he or she meets the
3 threshold of either subparagraph (A) or (B) for the
4 preceding 12-month period.

5 Beginning January 1, 2020, neither the gross receipts
6 from nor the number of separate transactions for sales of
7 tangible personal property to purchasers in Illinois that
8 a retailer makes through a marketplace facilitator and for
9 which the retailer has received a certification from the
10 marketplace facilitator pursuant to Section 2d of this Act
11 shall be included for purposes of determining whether he
12 or she has met the thresholds of this paragraph (9).

13 (10) Beginning January 1, 2020, a marketplace
14 facilitator that meets a threshold set forth in subsection
15 (b) of Section 2d of this Act.

16 "Bulk vending machine" means a vending machine, containing
17 unsorted confections, nuts, toys, or other items designed
18 primarily to be used or played with by children which, when a
19 coin or coins of a denomination not larger than \$0.50 are
20 inserted, are dispensed in equal portions, at random and
21 without selection by the customer.

24 (35 ILCS 105/3-5)

25 Sec. 3-5. Exemptions. Use, which, on and after January 1,

1 2025, includes use by a lessee, of the following tangible
2 personal property is exempt from the tax imposed by this Act:

3 (1) Personal property purchased from a corporation,
4 society, association, foundation, institution, or
5 organization, other than a limited liability company, that is
6 organized and operated as a not-for-profit service enterprise

8 (35 ILCS 105/3-10) from Ch. 120, par. 439.33-10

9 Sec. 3-10. Rate of tax. Unless otherwise provided in this
10 Section, the tax imposed by this Act is at the rate of 6.25% of
11 either the selling price or the fair market value, if any, of
12 the tangible personal property, which, on and after January 1,
13 2025, includes leases of tangible personal property. In all
14 cases where property functionally used or consumed is the same
15 as the property that was purchased at retail, then the tax is
16 imposed on the selling price of the property. In all cases
17 where property functionally used or consumed is a by-product
18 or waste product that has been refined, manufactured, or
19 produced from property purchased at retail, then the tax is
20 imposed on the lower of the fair market value, if any, of the
21 specific property so used in this State or on the selling price
22 of the property purchased at retail. For purposes of this
23 Section "fair market value" means the price at which property
24 would change hands between a willing buyer and a willing
25 seller, neither being under any compulsion to buy or sell and

1 both having reasonable knowledge of the relevant facts. The
2 fair market value shall be established by Illinois sales by
3 the taxpayer of the same property as that functionally used or
4 consumed, or if there are no such sales by the taxpayer, then
5 comparable sales or purchases of property of like kind and
6 character in Illinois.

7 Beginning on July 1, 2000 and through December 31, 2000,
8 with respect to motor fuel, as defined in Section 1.1 of the
9 Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of
10 the Use Tax Act, the tax is imposed at the rate of 1.25%.

11 Beginning on August 6, 2010 through August 15, 2010, and
12 beginning again on August 5, 2022 through August 14, 2022,
13 with respect to sales tax holiday items as defined in Section
14 3-6 of this Act, the tax is imposed at the rate of 1.25%.

15 With respect to gasohol, the tax imposed by this Act
16 applies to (i) 70% of the proceeds of sales made on or after
17 January 1, 1990, and before July 1, 2003, (ii) 80% of the
18 proceeds of sales made on or after July 1, 2003 and on or
19 before July 1, 2017, (iii) 100% of the proceeds of sales made
20 after July 1, 2017 and prior to January 1, 2024, (iv) 90% of
21 the proceeds of sales made on or after January 1, 2024 and on
22 or before December 31, 2028, and (v) 100% of the proceeds of
23 sales made after December 31, 2028. If, at any time, however,
24 the tax under this Act on sales of gasohol is imposed at the
25 rate of 1.25%, then the tax imposed by this Act applies to 100%
26 of the proceeds of sales of gasohol made during that time.

1 With respect to mid-range ethanol blends, the tax imposed
2 by this Act applies to (i) 80% of the proceeds of sales made on
3 or after January 1, 2024 and on or before December 31, 2028 and
4 (ii) 100% of the proceeds of sales made thereafter. If, at any
5 time, however, the tax under this Act on sales of mid-range
6 ethanol blends is imposed at the rate of 1.25%, then the tax
7 imposed by this Act applies to 100% of the proceeds of sales of
8 mid-range ethanol blends made during that time.

9 With respect to majority blended ethanol fuel, the tax
10 imposed by this Act does not apply to the proceeds of sales
11 made on or after July 1, 2003 and on or before December 31,
12 2028 but applies to 100% of the proceeds of sales made
13 thereafter.

14 With respect to biodiesel blends with no less than 1% and
15 no more than 10% biodiesel, the tax imposed by this Act applies
16 to (i) 80% of the proceeds of sales made on or after July 1,
17 2003 and on or before December 31, 2018 and (ii) 100% of the
18 proceeds of sales made after December 31, 2018 and before
19 January 1, 2024. On and after January 1, 2024 and on or before
20 December 31, 2030, the taxation of biodiesel, renewable
21 diesel, and biodiesel blends shall be as provided in Section
22 3-5.1. If, at any time, however, the tax under this Act on
23 sales of biodiesel blends with no less than 1% and no more than
24 10% biodiesel is imposed at the rate of 1.25%, then the tax
25 imposed by this Act applies to 100% of the proceeds of sales of
26 biodiesel blends with no less than 1% and no more than 10%

1 biodiesel made during that time.

2 With respect to biodiesel and biodiesel blends with more
3 than 10% but no more than 99% biodiesel, the tax imposed by
4 this Act does not apply to the proceeds of sales made on or
5 after July 1, 2003 and on or before December 31, 2023. On and
6 after January 1, 2024 and on or before December 31, 2030, the
7 taxation of biodiesel, renewable diesel, and biodiesel blends
8 shall be as provided in Section 3-5.1.

9 Until July 1, 2022 and from July 1, 2023 through December
10 31, 2025, with respect to food for human consumption that is to
11 be consumed off the premises where it is sold (other than
12 alcoholic beverages, food consisting of or infused with adult
13 use cannabis, soft drinks, and food that has been prepared for
14 immediate consumption), the tax is imposed at the rate of 1%.
15 Beginning on July 1, 2022 and until July 1, 2023, with respect
16 to food for human consumption that is to be consumed off the
17 premises where it is sold (other than alcoholic beverages,
18 food consisting of or infused with adult use cannabis, soft
19 drinks, and food that has been prepared for immediate
20 consumption), the tax is imposed at the rate of 0%. On and
21 after January 1, 2026, food for human consumption that is to be
22 consumed off the premises where it is sold (other than
23 alcoholic beverages, food consisting of or infused with adult
24 use cannabis, soft drinks, candy, and food that has been
25 prepared for immediate consumption) is exempt from the tax
26 imposed by this Act.

1 With respect to prescription and nonprescription
2 medicines, drugs, medical appliances, products classified as
3 Class III medical devices by the United States Food and Drug
4 Administration that are used for cancer treatment pursuant to
5 a prescription, as well as any accessories and components
6 related to those devices, modifications to a motor vehicle for
7 the purpose of rendering it usable by a person with a
8 disability, and insulin, blood sugar testing materials,
9 syringes, and needles used by human diabetics, the tax is
10 imposed at the rate of 1%. For the purposes of this Section,
11 until September 1, 2009: the term "soft drinks" means any
12 complete, finished, ready-to-use, non-alcoholic drink, whether
13 carbonated or not, including, but not limited to, soda water,
14 cola, fruit juice, vegetable juice, carbonated water, and all
15 other preparations commonly known as soft drinks of whatever
16 kind or description that are contained in any closed or sealed
17 bottle, can, carton, or container, regardless of size; but
18 "soft drinks" does not include coffee, tea, non-carbonated
19 water, infant formula, milk or milk products as defined in the
20 Grade A Pasteurized Milk and Milk Products Act, or drinks
21 containing 50% or more natural fruit or vegetable juice.

22 Notwithstanding any other provisions of this Act,
23 beginning September 1, 2009, "soft drinks" means non-alcoholic
24 beverages that contain natural or artificial sweeteners. "Soft
25 drinks" does not include beverages that contain milk or milk
26 products, soy, rice or similar milk substitutes, or greater

1 than 50% of vegetable or fruit juice by volume.

2 Until August 1, 2009, and notwithstanding any other
3 provisions of this Act, "food for human consumption that is to
4 be consumed off the premises where it is sold" includes all
5 food sold through a vending machine, except soft drinks and
6 food products that are dispensed hot from a vending machine,
7 regardless of the location of the vending machine. Beginning
8 August 1, 2009, and notwithstanding any other provisions of
9 this Act, "food for human consumption that is to be consumed

14 Notwithstanding any other provisions of this Act,
15 beginning September 1, 2009, "food for human consumption that
16 is to be consumed off the premises where it is sold" does not
17 include candy. For purposes of this Section, "candy" means a
18 preparation of sugar, honey, or other natural or artificial
19 sweeteners in combination with chocolate, fruits, nuts or
20 other ingredients or flavorings in the form of bars, drops, or
21 pieces. "Candy" does not include any preparation that contains
22 flour or requires refrigeration.

23 Notwithstanding any other provisions of this Act,
24 beginning September 1, 2009, "nonprescription medicines and
25 drugs" does not include grooming and hygiene products. For
26 purposes of this Section, "grooming and hygiene products"

1 includes, but is not limited to, soaps and cleaning solutions,
2 shampoo, toothpaste, mouthwash, antiperspirants, and sun tan
3 lotions and screens, unless those products are available by
4 prescription only, regardless of whether the products meet the
5 definition of "over-the-counter-drugs". For the purposes of
6 this paragraph, "over-the-counter-drug" means a drug for human
7 use that contains a label that identifies the product as a drug
8 as required by 21 CFR 201.66. The "over-the-counter-drug"
9 label includes:

10 (A) a "Drug Facts" panel; or

11 (B) a statement of the "active ingredient(s)" with a
12 list of those ingredients contained in the compound,
13 substance or preparation.

14 Beginning on January 1, 2014 (the effective date of Public
15 Act 98-122), "prescription and nonprescription medicines and
16 drugs" includes medical cannabis purchased from a registered
17 dispensing organization under the Compassionate Use of Medical
18 Cannabis Program Act.

19 As used in this Section, "adult use cannabis" means
20 cannabis subject to tax under the Cannabis Cultivation
21 Privilege Tax Law and the Cannabis Purchaser Excise Tax Law
22 and does not include cannabis subject to tax under the
23 Compassionate Use of Medical Cannabis Program Act.

24 If the property that is purchased at retail from a
25 retailer is acquired outside Illinois and used outside
26 Illinois before being brought to Illinois for use here and is

1 taxable under this Act, the "selling price" on which the tax is
2 computed shall be reduced by an amount that represents a
3 reasonable allowance for depreciation for the period of prior
4 out-of-state use. No depreciation is allowed in cases where
5 the tax under this Act is imposed on lease receipts.

23 2017 and before January 1, 2024, (iv) 90% of the selling price
24 of property transferred as an incident to the sale of service
25 on or after January 1, 2024 and on or before December 31, 2028,

1 and (v) 100% of the selling price of property transferred as an
2 incident to the sale of service after December 31, 2028. If, at
3 any time, however, the tax under this Act on sales of gasohol,
4 as defined in the Use Tax Act, is imposed at the rate of 1.25%,
5 then the tax imposed by this Act applies to 100% of the
6 proceeds of sales of gasohol made during that time.

7 With respect to mid-range ethanol blends, as defined in
8 Section 3-44.3 of the Use Tax Act, the tax imposed by this Act
9 applies to (i) 80% of the selling price of property
10 transferred as an incident to the sale of service on or after
11 January 1, 2024 and on or before December 31, 2028 and (ii)
12 100% of the selling price of property transferred as an
13 incident to the sale of service after December 31, 2028. If, at
14 any time, however, the tax under this Act on sales of mid-range
15 ethanol blends is imposed at the rate of 1.25%, then the tax
16 imposed by this Act applies to 100% of the selling price of
17 mid-range ethanol blends transferred as an incident to the
18 sale of service during that time.

19 With respect to majority blended ethanol fuel, as defined
20 in the Use Tax Act, the tax imposed by this Act does not apply
21 to the selling price of property transferred as an incident to
22 the sale of service on or after July 1, 2003 and on or before
23 December 31, 2028 but applies to 100% of the selling price
24 thereafter.

25 With respect to biodiesel blends, as defined in the Use
26 Tax Act, with no less than 1% and no more than 10% biodiesel,

1 the tax imposed by this Act applies to (i) 80% of the selling
2 price of property transferred as an incident to the sale of
3 service on or after July 1, 2003 and on or before December 31,
4 2018 and (ii) 100% of the proceeds of the selling price after
5 December 31, 2018 and before January 1, 2024. On and after
6 January 1, 2024 and on or before December 31, 2030, the
7 taxation of biodiesel, renewable diesel, and biodiesel blends
8 shall be as provided in Section 3-5.1 of the Use Tax Act. If,
9 at any time, however, the tax under this Act on sales of
10 biodiesel blends, as defined in the Use Tax Act, with no less
11 than 1% and no more than 10% biodiesel is imposed at the rate
12 of 1.25%, then the tax imposed by this Act applies to 100% of
13 the proceeds of sales of biodiesel blends with no less than 1%
14 and no more than 10% biodiesel made during that time.

15 With respect to biodiesel, as defined in the Use Tax Act,
16 and biodiesel blends, as defined in the Use Tax Act, with more
17 than 10% but no more than 99% biodiesel, the tax imposed by
18 this Act does not apply to the proceeds of the selling price of
19 property transferred as an incident to the sale of service on
20 or after July 1, 2003 and on or before December 31, 2023. On
21 and after January 1, 2024 and on or before December 31, 2030,
22 the taxation of biodiesel, renewable diesel, and biodiesel
23 blends shall be as provided in Section 3-5.1 of the Use Tax
24 Act.

25 At the election of any registered serviceman made for each
26 fiscal year, sales of service in which the aggregate annual

1 cost price of tangible personal property transferred as an
2 incident to the sales of service is less than 35%, or 75% in
3 the case of servicemen transferring prescription drugs or
4 servicemen engaged in graphic arts production, of the
5 aggregate annual total gross receipts from all sales of
6 service, the tax imposed by this Act shall be based on the
7 serviceman's cost price of the tangible personal property
8 transferred as an incident to the sale of those services.

9 Until July 1, 2022 and from July 1, 2023 through December
10 31, 2025, the tax shall be imposed at the rate of 1% on food
11 prepared for immediate consumption and transferred incident to
12 a sale of service subject to this Act or the Service Occupation
13 Tax Act by an entity licensed under the Hospital Licensing
14 Act, the Nursing Home Care Act, the Assisted Living and Shared
15 Housing Act, the ID/DD Community Care Act, the MC/DD Act, the
16 Specialized Mental Health Rehabilitation Act of 2013, or the
17 Child Care Act of 1969, or an entity that holds a permit issued
18 pursuant to the Life Care Facilities Act. Until July 1, 2022
19 and from July 1, 2023 through December 31, 2025, the tax shall
20 also be imposed at the rate of 1% on food for human consumption
21 that is to be consumed off the premises where it is sold (other
22 than alcoholic beverages, food consisting of or infused with
23 adult use cannabis, soft drinks, and food that has been
24 prepared for immediate consumption and is not otherwise
25 included in this paragraph).

26 Beginning on July 1, 2022 and until July 1, 2023, the tax

1 shall be imposed at the rate of 0% on food prepared for
2 immediate consumption and transferred incident to a sale of
3 service subject to this Act or the Service Occupation Tax Act
4 by an entity licensed under the Hospital Licensing Act, the
5 Nursing Home Care Act, the Assisted Living and Shared Housing
6 Act, the ID/DD Community Care Act, the MC/DD Act, the
7 Specialized Mental Health Rehabilitation Act of 2013, or the
8 Child Care Act of 1969, or an entity that holds a permit issued
9 pursuant to the Life Care Facilities Act. Beginning on July 1,
10 2022 and until July 1, 2023, the tax shall also be imposed at
11 the rate of 0% on food for human consumption that is to be
12 consumed off the premises where it is sold (other than
13 alcoholic beverages, food consisting of or infused with adult
14 use cannabis, soft drinks, and food that has been prepared for
15 immediate consumption and is not otherwise included in this
16 paragraph).

17 On and ~~an~~ after January 1, 2026, food prepared for
18 immediate consumption and transferred incident to a sale of
19 service subject to this Act or the Service Occupation Tax Act
20 by an entity licensed under the Hospital Licensing Act, the
21 Nursing Home Care Act, the Assisted Living and Shared Housing
22 Act, the ID/DD Community Care Act, the MC/DD Act, the
23 Specialized Mental Health Rehabilitation Act of 2013, or the
24 Child Care Act of 1969, or by an entity that holds a permit
25 issued pursuant to the Life Care Facilities Act is exempt from
26 the tax under this Act. On and after January 1, 2026, food for

1 human consumption that is to be consumed off the premises
2 where it is sold (other than alcoholic beverages, food
3 consisting of or infused with adult use cannabis, soft drinks,
4 candy, and food that has been prepared for immediate
5 consumption and is not otherwise included in this paragraph)
6 is exempt from the tax under this Act.

7 The tax shall be imposed at the rate of 1% on prescription
8 and nonprescription medicines, drugs, medical appliances,
9 products classified as Class III medical devices by the United
10 States Food and Drug Administration that are used for cancer
11 treatment pursuant to a prescription, as well as any
12 accessories and components related to those devices,
13 modifications to a motor vehicle for the purpose of rendering
14 it usable by a person with a disability, and insulin, blood
15 sugar testing materials, syringes, and needles used by human
16 diabetics. For the purposes of this Section, until September
17 1, 2009: the term "soft drinks" means any complete, finished,
18 ready-to-use, non-alcoholic drink, whether carbonated or not,
19 including, but not limited to, soda water, cola, fruit juice,
20 vegetable juice, carbonated water, and all other preparations
21 commonly known as soft drinks of whatever kind or description
22 that are contained in any closed or sealed bottle, can,
23 carton, or container, regardless of size; but "soft drinks"
24 does not include coffee, tea, non-carbonated water, infant
25 formula, milk or milk products as defined in the Grade A
26 Pasteurized Milk and Milk Products Act, or drinks containing

1 50% or more natural fruit or vegetable juice.

2 Notwithstanding any other provisions of this Act,
3 beginning September 1, 2009, "soft drinks" means non-alcoholic
4 beverages that contain natural or artificial sweeteners. "Soft
5 drinks" does not include beverages that contain milk or milk
6 products, soy, rice or similar milk substitutes, or greater
7 than 50% of vegetable or fruit juice by volume.

8 Until August 1, 2009, and notwithstanding any other
9 provisions of this Act, "food for human consumption that is to
10 be consumed off the premises where it is sold" includes all
11 food sold through a vending machine, except soft drinks and
12 food products that are dispensed hot from a vending machine,
13 regardless of the location of the vending machine. Beginning
14 August 1, 2009, and notwithstanding any other provisions of
15 this Act, "food for human consumption that is to be consumed
16 off the premises where it is sold" includes all food sold
17 through a vending machine, except soft drinks, candy, and food
18 products that are dispensed hot from a vending machine,
19 regardless of the location of the vending machine.

20 Notwithstanding any other provisions of this Act,
21 beginning September 1, 2009, "food for human consumption that
22 is to be consumed off the premises where it is sold" does not
23 include candy. For purposes of this Section, "candy" means a
24 preparation of sugar, honey, or other natural or artificial
25 sweeteners in combination with chocolate, fruits, nuts or
26 other ingredients or flavorings in the form of bars, drops, or

1 pieces. "Candy" does not include any preparation that contains
2 flour or requires refrigeration.

3 Notwithstanding any other provisions of this Act,
4 beginning September 1, 2009, "nonprescription medicines and
5 drugs" does not include grooming and hygiene products. For
6 purposes of this Section, "grooming and hygiene products"
7 includes, but is not limited to, soaps and cleaning solutions,
8 shampoo, toothpaste, mouthwash, antiperspirants, and sun tan
9 lotions and screens, unless those products are available by
10 prescription only, regardless of whether the products meet the
11 definition of "over-the-counter-drugs". For the purposes of
12 this paragraph, "over-the-counter-drug" means a drug for human
13 use that contains a label that identifies the product as a drug
14 as required by 21 CFR 201.66. The "over-the-counter-drug"
15 label includes:

16 (A) a "Drug Facts" panel; or

17 (B) a statement of the "active ingredient(s)" with a
18 list of those ingredients contained in the compound,
19 substance or preparation.

20 Beginning on January 1, 2014 (the effective date of Public
21 Act 98-122), "prescription and nonprescription medicines and
22 drugs" includes medical cannabis purchased from a registered
23 dispensing organization under the Compassionate Use of Medical
24 Cannabis Program Act.

25 As used in this Section, "adult use cannabis" means
26 cannabis subject to tax under the Cannabis Cultivation

1 Privilege Tax Law and the Cannabis Purchaser Excise Tax Law
2 and does not include cannabis subject to tax under the
3 Compassionate Use of Medical Cannabis Program Act.

4 If the property that is acquired from a serviceman is
5 acquired outside Illinois and used outside Illinois before
6 being brought to Illinois for use here and is taxable under
7 this Act, the "selling price" on which the tax is computed
8 shall be reduced by an amount that represents a reasonable
9 allowance for depreciation for the period of prior
10 out-of-state use. No depreciation is allowed in cases where
11 the tax under this Act is imposed on lease receipts.

18 Sec. 9. Each serviceman required or authorized to collect
19 the tax herein imposed shall pay to the Department the amount
20 of such tax (except as otherwise provided) at the time when he
21 is required to file his return for the period during which such
22 tax was collected, less a discount of 2.1% prior to January 1,
23 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar
24 year, whichever is greater, which is allowed to reimburse the
25 serviceman for expenses incurred in collecting the tax,

1 keeping records, preparing and filing returns, remitting the
2 tax, and supplying data to the Department on request.
3 Beginning with returns due on or after January 1, 2025, the
4 vendor's discount allowed in this Section, the Retailers'
5 Occupation Tax Act, the Service Occupation Tax Act, and the
6 Use Tax Act, including any local tax administered by the
7 Department and reported on the same return, shall not exceed
8 \$1,000 per month in the aggregate. When determining the
9 discount allowed under this Section, servicemen shall include
10 the amount of tax that would have been due at the 1% rate but
11 for the 0% rate imposed under Public Act 102-700 ~~this~~
12 ~~amendatory Act of the 102nd General Assembly~~. The discount
13 under this Section is not allowed for the 1.25% portion of
14 taxes paid on aviation fuel that is subject to the revenue use
15 requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. The
16 discount allowed under this Section is allowed only for
17 returns that are filed in the manner required by this Act. The
18 Department may disallow the discount for servicemen whose
19 certificate of registration is revoked at the time the return
20 is filed, but only if the Department's decision to revoke the
21 certificate of registration has become final. A serviceman
22 need not remit that part of any tax collected by him to the
23 extent that he is required to pay and does pay the tax imposed
24 by the Service Occupation Tax Act with respect to his sale of
25 service involving the incidental transfer by him of the same
26 property.

1 Except as provided hereinafter in this Section, on or
2 before the twentieth day of each calendar month, such
3 serviceman shall file a return for the preceding calendar
4 month in accordance with reasonable Rules and Regulations to
5 be promulgated by the Department. Such return shall be filed
6 on a form prescribed by the Department and shall contain such
7 information as the Department may reasonably require. The
8 return shall include the gross receipts which were received
9 during the preceding calendar month or quarter on the
10 following items upon which tax would have been due but for the
11 0% rate imposed under Public Act 102-700 ~~this amendatory Act~~
12 ~~of the 102nd General Assembly~~: (i) food for human consumption
13 that is to be consumed off the premises where it is sold (other
14 than alcoholic beverages, food consisting of or infused with
15 adult use cannabis, soft drinks, and food that has been
16 prepared for immediate consumption); and (ii) food prepared
17 for immediate consumption and transferred incident to a sale
18 of service subject to this Act or the Service Occupation Tax
19 Act by an entity licensed under the Hospital Licensing Act,
20 the Nursing Home Care Act, the Assisted Living and Shared
21 Housing Act, the ID/DD Community Care Act, the MC/DD Act, the
22 Specialized Mental Health Rehabilitation Act of 2013, or the
23 Child Care Act of 1969, or an entity that holds a permit issued
24 pursuant to the Life Care Facilities Act. The return shall
25 also include the amount of tax that would have been due on the
26 items listed in the previous sentence but for the 0% rate

1 imposed under Public Act 102-700 ~~this amendatory Act of the~~
2 ~~102nd General Assembly.~~

3 In the case of leases, except as otherwise provided in
4 this Act, the lessor, in collecting the tax, may collect for
5 each tax return period, only the tax applicable to that part of
6 the selling price actually received during such tax return
7 period.

8 On and after January 1, 2018, with respect to servicemen
9 whose annual gross receipts average \$20,000 or more, all
10 returns required to be filed pursuant to this Act shall be
11 filed electronically. Servicemen who demonstrate that they do
12 not have access to the Internet or demonstrate hardship in
13 filing electronically may petition the Department to waive the
14 electronic filing requirement.

15 The Department may require returns to be filed on a
16 quarterly basis. If so required, a return for each calendar
17 quarter shall be filed on or before the twentieth day of the
18 calendar month following the end of such calendar quarter. The
19 taxpayer shall also file a return with the Department for each
20 of the first two months of each calendar quarter, on or before
21 the twentieth day of the following calendar month, stating:

22 1. The name of the seller;

23 2. The address of the principal place of business from
24 which he engages in business as a serviceman in this
25 State;

26 3. The total amount of taxable receipts received by

1 him during the preceding calendar month, including
2 receipts from charge and time sales, but less all
3 deductions allowed by law;

4 4. The amount of credit provided in Section 2d of this
5 Act;

6 5. The amount of tax due;

7 5-5. The signature of the taxpayer; and

8 6. Such other reasonable information as the Department
9 may require.

10 Each serviceman required or authorized to collect the tax
11 imposed by this Act on aviation fuel transferred as an
12 incident of a sale of service in this State during the
13 preceding calendar month shall, instead of reporting and
14 paying tax on aviation fuel as otherwise required by this
15 Section, report and pay such tax on a separate aviation fuel
16 tax return. The requirements related to the return shall be as
17 otherwise provided in this Section. Notwithstanding any other
18 provisions of this Act to the contrary, servicemen collecting
19 tax on aviation fuel shall file all aviation fuel tax returns
20 and shall make all aviation fuel tax payments by electronic
21 means in the manner and form required by the Department. For
22 purposes of this Section, "aviation fuel" means jet fuel and
23 aviation gasoline.

24 If a taxpayer fails to sign a return within 30 days after
25 the proper notice and demand for signature by the Department,
26 the return shall be considered valid and any amount shown to be

1 due on the return shall be deemed assessed.

2 Notwithstanding any other provision of this Act to the
3 contrary, servicemen subject to tax on cannabis shall file all
4 cannabis tax returns and shall make all cannabis tax payments
5 by electronic means in the manner and form required by the
6 Department.

7 Beginning October 1, 1993, a taxpayer who has an average
8 monthly tax liability of \$150,000 or more shall make all
9 payments required by rules of the Department by electronic
10 funds transfer. Beginning October 1, 1994, a taxpayer who has
11 an average monthly tax liability of \$100,000 or more shall
12 make all payments required by rules of the Department by
13 electronic funds transfer. Beginning October 1, 1995, a
14 taxpayer who has an average monthly tax liability of \$50,000
15 or more shall make all payments required by rules of the
16 Department by electronic funds transfer. Beginning October 1,
17 2000, a taxpayer who has an annual tax liability of \$200,000 or
18 more shall make all payments required by rules of the
19 Department by electronic funds transfer. The term "annual tax
20 liability" shall be the sum of the taxpayer's liabilities
21 under this Act, and under all other State and local occupation
22 and use tax laws administered by the Department, for the
23 immediately preceding calendar year. The term "average monthly
24 tax liability" means the sum of the taxpayer's liabilities
25 under this Act, and under all other State and local occupation
26 and use tax laws administered by the Department, for the

1 immediately preceding calendar year divided by 12. Beginning
2 on October 1, 2002, a taxpayer who has a tax liability in the
3 amount set forth in subsection (b) of Section 2505-210 of the
4 Department of Revenue Law shall make all payments required by
5 rules of the Department by electronic funds transfer.

6 Before August 1 of each year beginning in 1993, the
7 Department shall notify all taxpayers required to make
8 payments by electronic funds transfer. All taxpayers required
9 to make payments by electronic funds transfer shall make those
10 payments for a minimum of one year beginning on October 1.

11 Any taxpayer not required to make payments by electronic
12 funds transfer may make payments by electronic funds transfer
13 with the permission of the Department.

14 All taxpayers required to make payment by electronic funds
15 transfer and any taxpayers authorized to voluntarily make
16 payments by electronic funds transfer shall make those
17 payments in the manner authorized by the Department.

18 The Department shall adopt such rules as are necessary to
19 effectuate a program of electronic funds transfer and the
20 requirements of this Section.

21 If the serviceman is otherwise required to file a monthly
22 return and if the serviceman's average monthly tax liability
23 to the Department does not exceed \$200, the Department may
24 authorize his returns to be filed on a quarter annual basis,
25 with the return for January, February, and March of a given
26 year being due by April 20 of such year; with the return for

1 April, May, and June of a given year being due by July 20 of
2 such year; with the return for July, August, and September of a
3 given year being due by October 20 of such year, and with the
4 return for October, November, and December of a given year
5 being due by January 20 of the following year.

6 If the serviceman is otherwise required to file a monthly
7 or quarterly return and if the serviceman's average monthly
8 tax liability to the Department does not exceed \$50, the
9 Department may authorize his returns to be filed on an annual
10 basis, with the return for a given year being due by January 20
11 of the following year.

12 Such quarter annual and annual returns, as to form and
13 substance, shall be subject to the same requirements as
14 monthly returns.

15 Notwithstanding any other provision in this Act concerning
16 the time within which a serviceman may file his return, in the
17 case of any serviceman who ceases to engage in a kind of
18 business which makes him responsible for filing returns under
19 this Act, such serviceman shall file a final return under this
20 Act with the Department not more than one ± month after
21 discontinuing such business.

22 Where a serviceman collects the tax with respect to the
23 selling price of property which he sells and the purchaser
24 thereafter returns such property and the serviceman refunds
25 the selling price thereof to the purchaser, such serviceman
26 shall also refund, to the purchaser, the tax so collected from

1 the purchaser. When filing his return for the period in which
2 he refunds such tax to the purchaser, the serviceman may
3 deduct the amount of the tax so refunded by him to the
4 purchaser from any other Service Use Tax, Service Occupation
5 Tax, retailers' occupation tax, or use tax which such
6 serviceman may be required to pay or remit to the Department,
7 as shown by such return, provided that the amount of the tax to
8 be deducted shall previously have been remitted to the
9 Department by such serviceman. If the serviceman shall not
10 previously have remitted the amount of such tax to the
11 Department, he shall be entitled to no deduction hereunder
12 upon refunding such tax to the purchaser.

13 Any serviceman filing a return hereunder shall also
14 include the total tax upon the selling price of tangible
15 personal property purchased for use by him as an incident to a
16 sale of service, and such serviceman shall remit the amount of
17 such tax to the Department when filing such return.

18 If experience indicates such action to be practicable, the
19 Department may prescribe and furnish a combination or joint
20 return which will enable servicemen, who are required to file
21 returns hereunder and also under the Service Occupation Tax
22 Act, to furnish all the return information required by both
23 Acts on the one form.

24 Where the serviceman has more than one business registered
25 with the Department under separate registration hereunder,
26 such serviceman shall not file each return that is due as a

1 single return covering all such registered businesses, but
2 shall file separate returns for each such registered business.

3 Beginning January 1, 1990, each month the Department shall
4 pay into the State and Local Tax Reform Fund, a special fund in
5 the State treasury ~~Treasury~~, the net revenue realized for the
6 preceding month from the 1% tax imposed under this Act.

7 Beginning January 1, 1990, each month the Department shall
8 pay into the State and Local Sales Tax Reform Fund 20% of the
9 net revenue realized for the preceding month from the 6.25%
10 general rate on transfers of tangible personal property, other
11 than (i) tangible personal property which is purchased outside
12 Illinois at retail from a retailer and which is titled or
13 registered by an agency of this State's government and (ii)
14 aviation fuel sold on or after December 1, 2019. This
15 exception for aviation fuel only applies for so long as the
16 revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C.
17 47133 are binding on the State.

18 For aviation fuel sold on or after December 1, 2019, each
19 month the Department shall pay into the State Aviation Program
20 Fund 20% of the net revenue realized for the preceding month
21 from the 6.25% general rate on the selling price of aviation
22 fuel, less an amount estimated by the Department to be
23 required for refunds of the 20% portion of the tax on aviation
24 fuel under this Act, which amount shall be deposited into the
25 Aviation Fuel Sales Tax Refund Fund. The Department shall only
26 pay moneys into the State Aviation Program Fund and the

1 Aviation Fuel Sales Tax Refund Fund under this Act for so long
2 as the revenue use requirements of 49 U.S.C. 47107(b) and 49
3 U.S.C. 47133 are binding on the State.

4 Beginning August 1, 2000, each month the Department shall
5 pay into the State and Local Sales Tax Reform Fund 100% of the
6 net revenue realized for the preceding month from the 1.25%
7 rate on the selling price of motor fuel and gasohol.

8 Beginning October 1, 2009, each month the Department shall
9 pay into the Capital Projects Fund an amount that is equal to
10 an amount estimated by the Department to represent 80% of the
11 net revenue realized for the preceding month from the sale of
12 candy, grooming and hygiene products, and soft drinks that had
13 been taxed at a rate of 1% prior to September 1, 2009 but that
14 are now taxed at 6.25%.

15 Beginning July 1, 2013, each month the Department shall
16 pay into the Underground Storage Tank Fund from the proceeds
17 collected under this Act, the Use Tax Act, the Service

3 Sec. 3-10. Rate of tax. Unless otherwise provided in this
4 Section, the tax imposed by this Act is at the rate of 6.25% of
5 the "selling price", as defined in Section 2 of the Service Use
6 Tax Act, of the tangible personal property, including, on and
7 after January 1, 2025, tangible personal property transferred
8 by lease. For the purpose of computing this tax, in no event
9 shall the "selling price" be less than the cost price to the
10 serviceman of the tangible personal property transferred. The
11 selling price of each item of tangible personal property
12 transferred as an incident of a sale of service may be shown as
13 a distinct and separate item on the serviceman's billing to
14 the service customer. If the selling price is not so shown, the
15 selling price of the tangible personal property is deemed to
16 be 50% of the serviceman's entire billing to the service
17 customer. When, however, a serviceman contracts to design,
18 develop, and produce special order machinery or equipment, the
19 tax imposed by this Act shall be based on the serviceman's cost
20 price of the tangible personal property transferred incident
21 to the completion of the contract.

22 Beginning on July 1, 2000 and through December 31, 2000,
23 with respect to motor fuel, as defined in Section 1.1 of the
24 Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of
25 the Use Tax Act, the tax is imposed at the rate of 1.25%.

1 With respect to gasohol, as defined in the Use Tax Act, the
2 tax imposed by this Act shall apply to (i) 70% of the cost
3 price of property transferred as an incident to the sale of
4 service on or after January 1, 1990, and before July 1, 2003,
5 (ii) 80% of the selling price of property transferred as an
6 incident to the sale of service on or after July 1, 2003 and on
7 or before July 1, 2017, (iii) 100% of the selling price of
8 property transferred as an incident to the sale of service
9 after July 1, 2017 and prior to January 1, 2024, (iv) 90% of
10 the selling price of property transferred as an incident to
11 the sale of service on or after January 1, 2024 and on or
12 before December 31, 2028, and (v) 100% of the selling price of
13 property transferred as an incident to the sale of service
14 after December 31, 2028. If, at any time, however, the tax
15 under this Act on sales of gasohol, as defined in the Use Tax
16 Act, is imposed at the rate of 1.25%, then the tax imposed by
17 this Act applies to 100% of the proceeds of sales of gasohol
18 made during that time.

19 With respect to mid-range ethanol blends, as defined in
20 Section 3-44.3 of the Use Tax Act, the tax imposed by this Act

23 January 1, 2024 and on or before December 31, 2028 and (ii)
24 100% of the selling price of property transferred as an
25 incident to the sale of service after December 31, 2028. If, at
26 any time, however, the tax under this Act on sales of mid-range

1 ethanol blends is imposed at the rate of 1.25%, then the tax
2 imposed by this Act applies to 100% of the selling price of
3 mid-range ethanol blends transferred as an incident to the
4 sale of service during that time.

5 With respect to majority blended ethanol fuel, as defined
6 in the Use Tax Act, the tax imposed by this Act does not apply
7 to the selling price of property transferred as an incident to
8 the sale of service on or after July 1, 2003 and on or before
9 December 31, 2028 but applies to 100% of the selling price
10 thereafter.

11 With respect to biodiesel blends, as defined in the Use
12 Tax Act, with no less than 1% and no more than 10% biodiesel,
13 the tax imposed by this Act applies to (i) 80% of the selling
14 price of property transferred as an incident to the sale of
15 service on or after July 1, 2003 and on or before December 31,
16 2018 and (ii) 100% of the proceeds of the selling price after
17 December 31, 2018 and before January 1, 2024. On and after
18 January 1, 2024 and on or before December 31, 2030, the
19 taxation of biodiesel, renewable diesel, and biodiesel blends
20 shall be as provided in Section 3-5.1 of the Use Tax Act. If,
21 at any time, however, the tax under this Act on sales of
22 biodiesel blends, as defined in the Use Tax Act, with no less
23 than 1% and no more than 10% biodiesel is imposed at the rate
24 of 1.25%, then the tax imposed by this Act applies to 100% of
25 the proceeds of sales of biodiesel blends with no less than 1%
26 and no more than 10% biodiesel made during that time.

1 With respect to biodiesel, as defined in the Use Tax Act,
2 and biodiesel blends, as defined in the Use Tax Act, with more
3 than 10% but no more than 99% biodiesel material, the tax
4 imposed by this Act does not apply to the proceeds of the
5 selling price of property transferred as an incident to the
6 sale of service on or after July 1, 2003 and on or before
7 December 31, 2023. On and after January 1, 2024 and on or
8 before December 31, 2030, the taxation of biodiesel, renewable
9 diesel, and biodiesel blends shall be as provided in Section
10 3-5.1 of the Use Tax Act.

11 At the election of any registered serviceman made for each
12 fiscal year, sales of service in which the aggregate annual
13 cost price of tangible personal property transferred as an
14 incident to the sales of service is less than 35%, or 75% in
15 the case of servicemen transferring prescription drugs or
16 servicemen engaged in graphic arts production, of the
17 aggregate annual total gross receipts from all sales of
18 service, the tax imposed by this Act shall be based on the
19 serviceman's cost price of the tangible personal property
20 transferred incident to the sale of those services.

21 Until July 1, 2022 and from July 1, 2023 through December
22 31, 2025, the tax shall be imposed at the rate of 1% on food
23 prepared for immediate consumption and transferred incident to
24 a sale of service subject to this Act or the Service Use Tax
25 Act by an entity licensed under the Hospital Licensing Act,
26 the Nursing Home Care Act, the Assisted Living and Shared

1 Housing Act, the ID/DD Community Care Act, the MC/DD Act, the
2 Specialized Mental Health Rehabilitation Act of 2013, or the
3 Child Care Act of 1969, or an entity that holds a permit issued
4 pursuant to the Life Care Facilities Act. Until July 1, 2022
5 and from July 1, 2023 through December 31, 2025, the tax shall
6 also be imposed at the rate of 1% on food for human consumption
7 that is to be consumed off the premises where it is sold (other
8 than alcoholic beverages, food consisting of or infused with
9 adult use cannabis, soft drinks, and food that has been
10 prepared for immediate consumption and is not otherwise
11 included in this paragraph).

12 Beginning on July 1, 2022 and until July 1, 2023, the tax
13 shall be imposed at the rate of 0% on food prepared for
14 immediate consumption and transferred incident to a sale of
15 service subject to this Act or the Service Use Tax Act by an
16 entity licensed under the Hospital Licensing Act, the Nursing
17 Home Care Act, the Assisted Living and Shared Housing Act, the
18 ID/DD Community Care Act, the MC/DD Act, the Specialized
19 Mental Health Rehabilitation Act of 2013, or the Child Care
20 Act of 1969, or an entity that holds a permit issued pursuant
21 to the Life Care Facilities Act. Beginning July 1, 2022 and
22 until July 1, 2023, the tax shall also be imposed at the rate
23 of 0% on food for human consumption that is to be consumed off
24 the premises where it is sold (other than alcoholic beverages,
25 food consisting of or infused with adult use cannabis, soft
26 drinks, and food that has been prepared for immediate

1 consumption and is not otherwise included in this paragraph).

2 On and after January 1, 2026, food prepared for immediate
3 consumption and transferred incident to a sale of service
4 subject to this Act or the Service Use Tax Act by an entity
5 licensed under the Hospital Licensing Act, the Nursing Home
6 Care Act, the Assisted Living and Shared Housing Act, the
7 ID/DD Community Care Act, the MC/DD Act, the Specialized
8 Mental Health Rehabilitation Act of 2013, or the Child Care
9 Act of 1969, or an entity that holds a permit issued pursuant
10 to the Life Care Facilities Act is exempt from the tax imposed
11 by this Act. On and after January 1, 2026, food for human
12 consumption that is to be consumed off the premises where it is
13 sold (other than alcoholic beverages, food consisting of or
14 infused with adult use cannabis, soft drinks, candy, and food
15 that has been prepared for immediate consumption and is not
16 otherwise included in this paragraph) is exempt from the tax
17 imposed by this Act.

18 The tax shall be imposed at the rate of 1% on prescription
19 and nonprescription medicines, drugs, medical appliances,
20 products classified as Class III medical devices by the United
21 States Food and Drug Administration that are used for cancer
22 treatment pursuant to a prescription, as well as any
23 accessories and components related to those devices,
24 modifications to a motor vehicle for the purpose of rendering
25 it usable by a person with a disability, and insulin, blood
26 sugar testing materials, syringes, and needles used by human

1 diabetics. For the purposes of this Section, until September
2 1, 2009: the term "soft drinks" means any complete, finished,
3 ready-to-use, non-alcoholic drink, whether carbonated or not,
4 including, but not limited to, soda water, cola, fruit juice,
5 vegetable juice, carbonated water, and all other preparations
6 commonly known as soft drinks of whatever kind or description
7 that are contained in any closed or sealed can, carton, or
8 container, regardless of size; but "soft drinks" does not
9 include coffee, tea, non-carbonated water, infant formula,
10 milk or milk products as defined in the Grade A Pasteurized
11 Milk and Milk Products Act, or drinks containing 50% or more
12 natural fruit or vegetable juice.

13 Notwithstanding any other provisions of this Act,
14 beginning September 1, 2009, "soft drinks" means non-alcoholic
15 beverages that contain natural or artificial sweeteners. "Soft
16 drinks" does not include beverages that contain milk or milk
17 products, soy, rice or similar milk substitutes, or greater
18 than 50% of vegetable or fruit juice by volume.

19 Until August 1, 2009, and notwithstanding any other
20 provisions of this Act, "food for human consumption that is to
21 be consumed off the premises where it is sold" includes all
22 food sold through a vending machine, except soft drinks and
23 food products that are dispensed hot from a vending machine,
24 regardless of the location of the vending machine. Beginning
25 August 1, 2009, and notwithstanding any other provisions of
26 this Act, "food for human consumption that is to be consumed

1 off the premises where it is sold" includes all food sold
2 through a vending machine, except soft drinks, candy, and food
3 products that are dispensed hot from a vending machine,
4 regardless of the location of the vending machine.

5 Notwithstanding any other provisions of this Act,
6 beginning September 1, 2009, "food for human consumption that
7 is to be consumed off the premises where it is sold" does not
8 include candy. For purposes of this Section, "candy" means a
9 preparation of sugar, honey, or other natural or artificial
10 sweeteners in combination with chocolate, fruits, nuts or
11 other ingredients or flavorings in the form of bars, drops, or
12 pieces. "Candy" does not include any preparation that contains
13 flour or requires refrigeration.

14 Notwithstanding any other provisions of this Act,
15 beginning September 1, 2009, "nonprescription medicines and
16 drugs" does not include grooming and hygiene products. For
17 purposes of this Section, "grooming and hygiene products"
18 includes, but is not limited to, soaps and cleaning solutions,
19 shampoo, toothpaste, mouthwash, antiperspirants, and sun tan
20 lotions and screens, unless those products are available by
21 prescription only, regardless of whether the products meet the
22 definition of "over-the-counter-drugs". For the purposes of
23 this paragraph, "over-the-counter-drug" means a drug for human
24 use that contains a label that identifies the product as a drug
25 as required by 21 CFR 201.66. The "over-the-counter-drug"
26 label includes:

1 (A) a "Drug Facts" panel; or

2 (B) a statement of the "active ingredient(s)" with a
3 list of those ingredients contained in the compound,
4 substance or preparation.

5 Beginning on January 1, 2014 (the effective date of Public
6 Act 98-122), "prescription and nonprescription medicines and
7 drugs" includes medical cannabis purchased from a registered
8 dispensing organization under the Compassionate Use of Medical
9 Cannabis Program Act.

10 As used in this Section, "adult use cannabis" means
11 cannabis subject to tax under the Cannabis Cultivation
12 Privilege Tax Law and the Cannabis Purchaser Excise Tax Law
13 and does not include cannabis subject to tax under the
14 Compassionate Use of Medical Cannabis Program Act.

20 Section 305. The Retailers' Occupation Tax Act is amended
21 by changing Sections 1, 2, 2-5, 2-10, and 2-12 as follows:

22 (35 ILCS 120/1)

23 Sec. 1. Definitions. As used in this Act:

24 "Sale at retail" means any transfer of the ownership of,

1 the title to, the possession or control of, the right to
2 possess or control, or a license to use tangible personal
3 property to a purchaser, for the purpose of use or
4 consumption, and not for the purpose of resale in any form as
5 tangible personal property to the extent not first subjected
6 to a use for which it was purchased, for a valuable
7 consideration: Provided that the property purchased is deemed
8 to be purchased for the purpose of resale, despite first being
9 used, to the extent to which it is resold as an ingredient of
10 an intentionally produced product or byproduct of
11 manufacturing. For this purpose, slag produced as an incident
12 to manufacturing pig iron or steel and sold is considered to be
13 an intentionally produced byproduct of manufacturing.
14 Transactions whereby the possession of the property is
15 transferred but the seller retains the title as security for
16 payment of the selling price shall be deemed to be sales.

17 "Sale at retail" shall be construed to include any
18 transfer of the ownership of, the title to, the possession or
19 control of, the right to possess or control, or a license to
20 use tangible personal property to a purchaser, for use or
21 consumption by any other person to whom such purchaser may
22 transfer the tangible personal property without a valuable
23 consideration, and to include any transfer, whether made for
24 or without a valuable consideration, for resale in any form as
25 tangible personal property unless made in compliance with
26 Section 2c of this Act.

1 Sales of tangible personal property, which property, to
2 the extent not first subjected to a use for which it was
3 purchased, as an ingredient or constituent, goes into and
4 forms a part of tangible personal property subsequently the
5 subject of a "Sale at retail", are not sales at retail as
6 defined in this Act: Provided that the property purchased is
7 deemed to be purchased for the purpose of resale, despite
8 first being used, to the extent to which it is resold as an
9 ingredient of an intentionally produced product or byproduct
10 of manufacturing.

11 "Sale at retail" shall be construed to include any
12 Illinois florist's sales transaction in which the purchase
13 order is received in Illinois by a florist and the sale is for
14 use or consumption, but the Illinois florist has a florist in
15 another state deliver the property to the purchaser or the
16 purchaser's donee in such other state.

17 Nonreusable tangible personal property that is used by
18 persons engaged in the business of operating a restaurant,
19 cafeteria, or drive-in is a sale for resale when it is
20 transferred to customers in the ordinary course of business as
21 part of the sale of food or beverages and is used to deliver,
22 package, or consume food or beverages, regardless of where
23 consumption of the food or beverages occurs. Examples of those
24 items include, but are not limited to nonreusable, paper and
25 plastic cups, plates, baskets, boxes, sleeves, buckets or
26 other containers, utensils, straws, placemats, napkins, doggie

1 bags, and wrapping or packaging materials that are transferred
2 to customers as part of the sale of food or beverages in the
3 ordinary course of business.

4 The purchase, employment and transfer of such tangible
5 personal property as newsprint and ink for the primary purpose
6 of conveying news (with or without other information) is not a
7 purchase, use or sale of tangible personal property.

8 A person whose activities are organized and conducted
9 primarily as a not-for-profit service enterprise, and who
10 engages in selling tangible personal property at retail
11 (whether to the public or merely to members and their guests)
12 is engaged in the business of selling tangible personal
13 property at retail with respect to such transactions,
14 excepting only a person organized and operated exclusively for
15 charitable, religious or educational purposes either (1), to
16 the extent of sales by such person to its members, students,
17 patients or inmates of tangible personal property to be used
18 primarily for the purposes of such person, or (2), to the
19 extent of sales by such person of tangible personal property
20 which is not sold or offered for sale by persons organized for
21 profit. The selling of school books and school supplies by
22 schools at retail to students is not "primarily for the
23 purposes of" the school which does such selling. The
24 provisions of this paragraph shall not apply to nor subject to
25 taxation occasional dinners, socials or similar activities of
26 a person organized and operated exclusively for charitable,

1 religious or educational purposes, whether or not such
2 activities are open to the public.

3 A person who is the recipient of a grant or contract under
4 Title VII of the Older Americans Act of 1965 (P.L. 92-258) and
5 serves meals to participants in the federal Nutrition Program
6 for the Elderly in return for contributions established in
7 amount by the individual participant pursuant to a schedule of
8 suggested fees as provided for in the federal Act is not
9 engaged in the business of selling tangible personal property
10 at retail with respect to such transactions.

11 "Lease" means a transfer of the possession or control of,
12 the right to possess or control, or a license to use, but not
13 title to, tangible personal property for a fixed or
14 indeterminate term for consideration, regardless of the name
15 by which the transaction is called. "Lease" does not include a
16 lease entered into merely as a security agreement that does
17 not involve a transfer of possession or control from the
18 lessor to the lessee.

19 On and after January 1, 2025, the term "sale", when used in
20 this Act, includes a lease.

21 "Purchaser" means anyone who, through a sale at retail,
22 acquires the ownership of, the title to, the possession or
23 control of, the right to possess or control, or a license to
24 use tangible personal property for a valuable consideration.

25 "Reseller of motor fuel" means any person engaged in the
26 business of selling or delivering or transferring title of

1 motor fuel to another person other than for use or
2 consumption. No person shall act as a reseller of motor fuel
3 within this State without first being registered as a reseller
4 pursuant to Section 2c or a retailer pursuant to Section 2a.

5 "Selling price" or the "amount of sale" means the
6 consideration for a sale valued in money whether received in
7 money or otherwise, including cash, credits, property, other
8 than as hereinafter provided, and services, but, prior to
9 January 1, 2020 and beginning again on January 1, 2022, not
10 including the value of or credit given for traded-in tangible
11 personal property where the item that is traded-in is of like
12 kind and character as that which is being sold; beginning
13 January 1, 2020 and until January 1, 2022, "selling price"
14 includes the portion of the value of or credit given for
15 traded-in motor vehicles of the First Division as defined in
16 Section 1-146 of the Illinois Vehicle Code of like kind and
17 character as that which is being sold that exceeds \$10,000.

18 "Selling price" shall be determined without any deduction on
19 account of the cost of the property sold, the cost of materials
20 used, labor or service cost or any other expense whatsoever,
21 but does not include charges that are added to prices by
22 sellers on account of the seller's tax liability under this
23 Act, or on account of the seller's duty to collect, from the
24 purchaser, the tax that is imposed by the Use Tax Act, or,
25 except as otherwise provided with respect to any cigarette tax
26 imposed by a home rule unit, on account of the seller's tax

1 liability under any local occupation tax administered by the
2 Department, or, except as otherwise provided with respect to
3 any cigarette tax imposed by a home rule unit on account of the
4 seller's duty to collect, from the purchasers, the tax that is
5 imposed under any local use tax administered by the
6 Department. Effective December 1, 1985, "selling price" shall
7 include charges that are added to prices by sellers on account
8 of the seller's tax liability under the Cigarette Tax Act, on
9 account of the sellers' duty to collect, from the purchaser,
10 the tax imposed under the Cigarette Use Tax Act, and on account
11 of the seller's duty to collect, from the purchaser, any
12 cigarette tax imposed by a home rule unit.

13 The provisions of this paragraph, which provides only for
14 an alternative meaning of "selling price" with respect to the
15 sale of certain motor vehicles incident to the contemporaneous
16 lease of those motor vehicles, continue in effect and are not
17 changed by the tax on leases implemented by Public Act 103-592
18 ~~this amendatory Act of the 103rd General Assembly.~~
19 Notwithstanding any law to the contrary, for any motor
20 vehicle, as defined in Section 1-146 of the Illinois Vehicle
21 Code, that is sold on or after January 1, 2015 for the purpose
22 of leasing the vehicle for a defined period that is longer than
23 one year and (1) is a motor vehicle of the second division
24 that: (A) is a self-contained motor vehicle designed or
25 permanently converted to provide living quarters for
26 recreational, camping, or travel use, with direct walk through

1 access to the living quarters from the driver's seat; (B) is of
2 the van configuration designed for the transportation of not
3 less than 7 nor more than 16 passengers; or (C) has a gross
4 vehicle weight rating of 8,000 pounds or less or (2) is a motor
5 vehicle of the first division, "selling price" or "amount of
6 sale" means the consideration received by the lessor pursuant
7 to the lease contract, including amounts due at lease signing
8 and all monthly or other regular payments charged over the
9 term of the lease. Also included in the selling price is any
10 amount received by the lessor from the lessee for the leased
11 vehicle that is not calculated at the time the lease is
12 executed, including, but not limited to, excess mileage
13 charges and charges for excess wear and tear. For sales that
14 occur in Illinois, with respect to any amount received by the
15 lessor from the lessee for the leased vehicle that is not
16 calculated at the time the lease is executed, the lessor who
17 purchased the motor vehicle does not incur the tax imposed by
18 the Use Tax Act on those amounts, and the retailer who makes
19 the retail sale of the motor vehicle to the lessor is not
20 required to collect the tax imposed by the Use Tax Act or to
21 pay the tax imposed by this Act on those amounts. However, the
22 lessor who purchased the motor vehicle assumes the liability
23 for reporting and paying the tax on those amounts directly to
24 the Department in the same form (Illinois Retailers'
25 Occupation Tax, and local retailers' occupation taxes, if
26 applicable) in which the retailer would have reported and paid

1 such tax if the retailer had accounted for the tax to the
2 Department. For amounts received by the lessor from the lessee
3 that are not calculated at the time the lease is executed, the
4 lessor must file the return and pay the tax to the Department
5 by the due date otherwise required by this Act for returns
6 other than transaction returns. If the retailer is entitled
7 under this Act to a discount for collecting and remitting the
8 tax imposed under this Act to the Department with respect to
9 the sale of the motor vehicle to the lessor, then the right to
10 the discount provided in this Act shall be transferred to the
11 lessor with respect to the tax paid by the lessor for any
12 amount received by the lessor from the lessee for the leased
13 vehicle that is not calculated at the time the lease is
14 executed; provided that the discount is only allowed if the
15 return is timely filed and for amounts timely paid. The
16 "selling price" of a motor vehicle that is sold on or after
17 January 1, 2015 for the purpose of leasing for a defined period
18 of longer than one year shall not be reduced by the value of or
19 credit given for traded-in tangible personal property owned by
20 the lessor, nor shall it be reduced by the value of or credit
21 given for traded-in tangible personal property owned by the
22 lessee, regardless of whether the trade-in value thereof is
23 assigned by the lessee to the lessor. In the case of a motor
24 vehicle that is sold for the purpose of leasing for a defined
25 period of longer than one year, the sale occurs at the time of
26 the delivery of the vehicle, regardless of the due date of any

1 lease payments. A lessor who incurs a Retailers' Occupation
2 Tax liability on the sale of a motor vehicle coming off lease
3 may not take a credit against that liability for the Use Tax
4 the lessor paid upon the purchase of the motor vehicle (or for
5 any tax the lessor paid with respect to any amount received by
6 the lessor from the lessee for the leased vehicle that was not
7 calculated at the time the lease was executed) if the selling
8 price of the motor vehicle at the time of purchase was
9 calculated using the definition of "selling price" as defined
10 in this paragraph. Notwithstanding any other provision of this
11 Act to the contrary, lessors shall file all returns and make
12 all payments required under this paragraph to the Department
13 by electronic means in the manner and form as required by the
14 Department. This paragraph does not apply to leases of motor
15 vehicles for which, at the time the lease is entered into, the
16 term of the lease is not a defined period, including leases
17 with a defined initial period with the option to continue the
18 lease on a month-to-month or other basis beyond the initial
19 defined period.

20 The phrase "like kind and character" shall be liberally
21 construed (including but not limited to any form of motor
22 vehicle for any form of motor vehicle, or any kind of farm or
23 agricultural implement for any other kind of farm or
24 agricultural implement), while not including a kind of item
25 which, if sold at retail by that retailer, would be exempt from
26 retailers' occupation tax and use tax as an isolated or

1 occasional sale.

2 "Gross receipts" from the sales of tangible personal
3 property at retail means the total selling price or the amount
4 of such sales, as hereinbefore defined. In the case of charge
5 and time sales, the amount thereof shall be included only as
6 and when payments are received by the seller. In the case of
7 leases, except as otherwise provided in this Act, the amount
8 thereof shall be included only as and when gross receipts are
9 received by the lessor. Receipts or other consideration
10 derived by a seller from the sale, transfer or assignment of
11 accounts receivable to a wholly owned subsidiary will not be
12 deemed payments prior to the time the purchaser makes payment
13 on such accounts.

14 "Department" means the Department of Revenue.

15 "Person" means any natural individual, firm, partnership,
16 association, joint stock company, joint adventure, public or
17 private corporation, limited liability company, or a receiver,
18 executor, trustee, guardian or other representative appointed
19 by order of any court.

20 The isolated or occasional sale of tangible personal
21 property at retail by a person who does not hold himself out as
22 being engaged (or who does not habitually engage) in selling
23 such tangible personal property at retail, or a sale through a
24 bulk vending machine, does not constitute engaging in a
25 business of selling such tangible personal property at retail
26 within the meaning of this Act; provided that any person who is

1 engaged in a business which is not subject to the tax imposed
2 by this Act because of involving the sale of or a contract to
3 sell real estate or a construction contract to improve real
4 estate or a construction contract to engineer, install, and
5 maintain an integrated system of products, but who, in the
6 course of conducting such business, transfers tangible
7 personal property to users or consumers in the finished form
8 in which it was purchased, and which does not become real
9 estate or was not engineered and installed, under any
10 provision of a construction contract or real estate sale or
11 real estate sales agreement entered into with some other
12 person arising out of or because of such nontaxable business,
13 is engaged in the business of selling tangible personal
14 property at retail to the extent of the value of the tangible
15 personal property so transferred. If, in such a transaction, a
16 separate charge is made for the tangible personal property so
17 transferred, the value of such property, for the purpose of
18 this Act, shall be the amount so separately charged, but not
19 less than the cost of such property to the transferor; if no
20 separate charge is made, the value of such property, for the
21 purposes of this Act, is the cost to the transferor of such
22 tangible personal property. Construction contracts for the
23 improvement of real estate consisting of engineering,
24 installation, and maintenance of voice, data, video, security,
25 and all telecommunication systems do not constitute engaging
26 in a business of selling tangible personal property at retail

1 within the meaning of this Act if they are sold at one
2 specified contract price.

3 A person who holds himself or herself out as being engaged
4 (or who habitually engages) in selling tangible personal
5 property at retail is a person engaged in the business of
6 selling tangible personal property at retail hereunder with
7 respect to such sales (and not primarily in a service
8 occupation) notwithstanding the fact that such person designs
9 and produces such tangible personal property on special order
10 for the purchaser and in such a way as to render the property
11 of value only to such purchaser, if such tangible personal
12 property so produced on special order serves substantially the
13 same function as stock or standard items of tangible personal
14 property that are sold at retail.

15 Persons who engage in the business of transferring
16 tangible personal property upon the redemption of trading
17 stamps are engaged in the business of selling such property at
18 retail and shall be liable for and shall pay the tax imposed by
19 this Act on the basis of the retail value of the property
20 transferred upon redemption of such stamps.

21 "Bulk vending machine" means a vending machine, containing
22 unsorted confections, nuts, toys, or other items designed
23 primarily to be used or played with by children which, when a
24 coin or coins of a denomination not larger than \$0.50 are
25 inserted, are dispensed in equal portions, at random and
26 without selection by the customer.

1 "Remote retailer" means a retailer that does not maintain
2 within this State, directly or by a subsidiary, an office,
3 distribution house, sales house, warehouse or other place of
4 business, or any agent or other representative operating
5 within this State under the authority of the retailer or its
6 subsidiary, irrespective of whether such place of business or
7 agent is located here permanently or temporarily or whether
8 such retailer or subsidiary is licensed to do business in this
9 State.

10 "Retailer maintaining a place of business in this State"
11 has the meaning given to that term in Section 2 of the Use Tax
12 Act.

13 "Marketplace" means a physical or electronic place, forum,
14 platform, application, or other method by which a marketplace
15 seller sells or offers to sell items.

16 "Marketplace facilitator" means a person who, pursuant to
17 an agreement with an unrelated third-party marketplace seller,
18 directly or indirectly through one or more affiliates
19 facilitates a retail sale by an unrelated third-party ~~third~~
20 ~~party~~ marketplace seller by:

21 (1) listing or advertising for sale by the marketplace
22 seller in a marketplace, tangible personal property that
23 is subject to tax under this Act; and

24 (2) either directly or indirectly, through agreements
25 or arrangements with third parties, collecting payment
26 from the customer and transmitting that payment to the

1 marketplace seller regardless of whether the marketplace
2 facilitator receives compensation or other consideration
3 in exchange for its services.

4 A person who provides advertising services, including
5 listing products for sale, is not considered a marketplace
6 facilitator, so long as the advertising service platform or
7 forum does not engage, directly or indirectly through one or
8 more affiliated persons, in the activities described in
9 paragraph (2) of this definition of "marketplace facilitator".

10 "Marketplace facilitator" does not include any person

21 Sec. 2. Tax imposed.

22 (a) A tax is imposed upon persons engaged in the business
23 of selling at retail, which, on and after January 1, 2025,
24 includes leasing, tangible personal property, including
25 computer software, and including photographs, negatives, and

1 positives that are the product of photoprocessing, but not
2 including products of photoprocessing produced for use in
3 motion pictures for public commercial exhibition. Beginning
4 January 1, 2001, prepaid telephone calling arrangements shall
5 be considered tangible personal property subject to the tax
6 imposed under this Act regardless of the form in which those
7 arrangements may be embodied, transmitted, or fixed by any
8 method now known or hereafter developed.

9 The imposition of the tax under this Act on persons
10 engaged in the business of leasing tangible personal property
11 applies to leases in effect, entered into, or renewed on or
12 after January 1, 2025. In the case of leases, except as
13 otherwise provided in this Act, the lessor must remit, for
14 each tax return period, only the tax applicable to that part of
15 the selling price actually received during such tax return
16 period.

17 The inclusion of leases in the tax imposed under this Act
18 by Public Act 103-592 ~~this amendatory Act of the 103rd General~~
19 ~~Assembly~~ does not, however, extend to motor vehicles,
20 watercraft, aircraft, and semitrailers, as defined in Section
21 1-187 of the Illinois Vehicle Code, that are required to be
22 registered with an agency of this State. The taxation of these
23 items shall continue in effect as prior to the effective date
24 of the changes made to this Section by Public Act 103-592 ~~this~~
25 ~~amendatory Act of the 103rd General Assembly~~ (i.e., dealers
26 owe retailers' occupation tax, lessors owe use tax, and

1 lessees are not subject to retailers' occupation or use tax).

2 Sales of (1) electricity delivered to customers by wire;
3 (2) natural or artificial gas that is delivered to customers
4 through pipes, pipelines, or mains; and (3) water that is
5 delivered to customers through pipes, pipelines, or mains are
6 not subject to tax under this Act. The provisions of Public Act
7 98-583 ~~this amendatory Act of the 98th General Assembly~~ are
8 declaratory of existing law as to the meaning and scope of this
9 Act.

10 (b) Beginning on January 1, 2021, a remote retailer is
11 engaged in the occupation of selling at retail in Illinois for
12 purposes of this Act, if:

13 (1) the cumulative gross receipts from sales of
14 tangible personal property to purchasers in Illinois are
15 \$100,000 or more; or

16 (2) the retailer enters into 200 or more separate
17 transactions for the sale of tangible personal property to
18 purchasers in Illinois.

19 Remote retailers that meet or exceed the threshold in
20 either paragraph (1) or (2) above shall be liable for all
21 applicable State retailers' and locally imposed retailers'
22 occupation taxes administered by the Department on all retail
23 sales to Illinois purchasers.

24 The remote retailer shall determine on a quarterly basis,
25 ending on the last day of March, June, September, and
26 December, whether he or she meets the criteria of either

1 paragraph (1) or (2) of this subsection for the preceding
2 12-month period. If the retailer meets the criteria of either
3 paragraph (1) or (2) for a 12-month period, he or she is
4 considered a retailer maintaining a place of business in this
5 State and is required to collect and remit the tax imposed
6 under this Act and all retailers' occupation tax imposed by
7 local taxing jurisdictions in Illinois, provided such local
8 taxes are administered by the Department, and to file all
9 applicable returns for one year. At the end of that one-year
10 period, the retailer shall determine whether the retailer met
11 the criteria of either paragraph (1) or (2) for the preceding
12 12-month period. If the retailer met the criteria in either
13 paragraph (1) or (2) for the preceding 12-month period, he or
14 she is considered a retailer maintaining a place of business
15 in this State and is required to collect and remit all
16 applicable State and local retailers' occupation taxes and
17 file returns for the subsequent year. If, at the end of a
18 one-year period, a retailer that was required to collect and
19 remit the tax imposed under this Act determines that he or she
20 did not meet the criteria in either paragraph (1) or (2) during
21 the preceding 12-month period, then the retailer shall
22 subsequently determine on a quarterly basis, ending on the
23 last day of March, June, September, and December, whether he
24 or she meets the criteria of either paragraph (1) or (2) for
25 the preceding 12-month period.

26 (b-2) Beginning on January 1, 2025, a retailer maintaining

1 a place of business in this State that makes retail sales of
2 tangible personal property to Illinois customers from a
3 location or locations outside of Illinois is engaged in the
4 occupation of selling at retail in Illinois for the purposes
5 of this Act. Those retailers are liable for all applicable
6 State and locally imposed retailers' occupation taxes
7 administered by the Department on retail sales made by those
8 retailers to Illinois customers from locations outside of
9 Illinois.

10 (b-5) For the purposes of this Section, neither the gross
11 receipts from nor the number of separate transactions for
12 sales of tangible personal property to purchasers in Illinois
13 that a remote retailer makes through a marketplace facilitator
14 shall be included for the purposes of determining whether he
15 or she has met the thresholds of subsection (b) of this Section
16 so long as the remote retailer has received certification from
17 the marketplace facilitator that the marketplace facilitator
18 is legally responsible for payment of tax on such sales.

19 (b-10) A remote retailer that is required to collect taxes
20 imposed under the Use Tax Act on retail sales made to Illinois
21 purchasers or a retailer maintaining a place of business in
22 this State that is required to collect taxes imposed under the
23 Use Tax Act on retail sales made to Illinois purchasers shall
24 be liable to the Department for such taxes, except when the
25 remote retailer or retailer maintaining a place of business in
26 this State is relieved of the duty to remit such taxes by

1 virtue of having paid to the Department taxes imposed by this
2 Act in accordance with this Section upon his or her gross
3 receipts from such sales.

4 (c) Marketplace facilitators engaged in the business of
5 selling at retail tangible personal property in Illinois.
6 Beginning January 1, 2021, a marketplace facilitator is
7 engaged in the occupation of selling at retail tangible
8 personal property in Illinois for purposes of this Act if,
9 during the previous 12-month period:

10 (1) the cumulative gross receipts from sales of
11 tangible personal property on its own behalf or on behalf
12 of marketplace sellers to purchasers in Illinois equals
13 \$100,000 or more; or

14 (2) the marketplace facilitator enters into 200 or
15 more separate transactions on its own behalf or on behalf
16 of marketplace sellers for the sale of tangible personal
17 property to purchasers in Illinois, regardless of whether
18 the marketplace facilitator or marketplace sellers for
19 whom such sales are facilitated are registered as
20 retailers in this State.

21 A marketplace facilitator who meets either paragraph (1)
22 or (2) of this subsection is required to remit the applicable
23 State retailers' occupation taxes under this Act and local
24 retailers' occupation taxes administered by the Department on
25 all taxable sales of tangible personal property made by the
26 marketplace facilitator or facilitated for marketplace sellers

1 to customers in this State. A marketplace facilitator selling
2 or facilitating the sale of tangible personal property to
3 customers in this State is subject to all applicable
4 procedures and requirements of this Act.

5 The marketplace facilitator shall determine on a quarterly
6 basis, ending on the last day of March, June, September, and
7 December, whether he or she meets the criteria of either
8 paragraph (1) or (2) of this subsection for the preceding
9 12-month period. If the marketplace facilitator meets the
10 criteria of either paragraph (1) or (2) for a 12-month period,
11 he or she is considered a retailer maintaining a place of
12 business in this State and is required to remit the tax imposed
13 under this Act and all retailers' occupation tax imposed by
14 local taxing jurisdictions in Illinois, provided such local
15 taxes are administered by the Department, and to file all
16 applicable returns for one year. At the end of that one-year
17 period, the marketplace facilitator shall determine whether it
18 met the criteria of either paragraph (1) or (2) for the
19 preceding 12-month period. If the marketplace facilitator met
20 the criteria in either paragraph (1) or (2) for the preceding
21 12-month period, it is considered a retailer maintaining a
22 place of business in this State and is required to collect and
23 remit all applicable State and local retailers' occupation
24 taxes and file returns for the subsequent year. If at the end
25 of a one-year period a marketplace facilitator that was
26 required to collect and remit the tax imposed under this Act

1 determines that he or she did not meet the criteria in either
2 paragraph (1) or (2) during the preceding 12-month period, the
3 marketplace facilitator shall subsequently determine on a
4 quarterly basis, ending on the last day of March, June,
5 September, and December, whether he or she meets the criteria
6 of either paragraph (1) or (2) for the preceding 12-month
7 period.

8 A marketplace facilitator shall be entitled to any
9 credits, deductions, or adjustments to the sales price
10 otherwise provided to the marketplace seller, in addition to
11 any such adjustments provided directly to the marketplace
12 facilitator. This Section pertains to, but is not limited to,
13 adjustments such as discounts, coupons, and rebates. In
14 addition, a marketplace facilitator shall be entitled to the
15 retailers' discount provided in Section 3 of the Retailers'
16 Occupation Tax Act on all marketplace sales, and the
17 marketplace seller shall not include sales made through a
18 marketplace facilitator when computing any retailers' discount
19 on remaining sales. Marketplace facilitators shall report and
20 remit the applicable State and local retailers' occupation
21 taxes on sales facilitated for marketplace sellers separately
22 from any sales or use tax collected on taxable retail sales
23 made directly by the marketplace facilitator or its
24 affiliates.

25 The marketplace facilitator is liable for the remittance
26 of all applicable State retailers' occupation taxes under this

1 Act and local retailers' occupation taxes administered by the
2 Department on sales through the marketplace and is subject to
3 audit on all such sales. The Department shall not audit
4 marketplace sellers for their marketplace sales where a
5 marketplace facilitator remitted the applicable State and
6 local retailers' occupation taxes unless the marketplace
7 facilitator seeks relief as a result of incorrect information
8 provided to the marketplace facilitator by a marketplace
9 seller as set forth in this Section. The marketplace
10 facilitator shall not be held liable for tax on any sales made
11 by a marketplace seller that take place outside of the
12 marketplace and which are not a part of any agreement between a
13 marketplace facilitator and a marketplace seller. In addition,
14 marketplace facilitators shall not be held liable to State and
15 local governments of Illinois for having charged and remitted
16 an incorrect amount of State and local retailers' occupation
17 tax if, at the time of the sale, the tax is computed based on
18 erroneous data provided by the State in database files on tax
19 rates, boundaries, or taxing jurisdictions or incorrect
20 information provided to the marketplace facilitator by the
21 marketplace seller.

22 (d) A marketplace facilitator shall:

23 (1) certify to each marketplace seller that the
24 marketplace facilitator assumes the rights and duties of a
25 retailer under this Act with respect to sales made by the
26 marketplace seller through the marketplace; and

1 (2) remit taxes imposed by this Act as required by
2 this Act for sales made through the marketplace.

3 (e) A marketplace seller shall retain books and records
4 for all sales made through a marketplace in accordance with
5 the requirements of this Act.

6 (f) A marketplace facilitator is subject to audit on all
7 marketplace sales for which it is considered to be the
8 retailer, but shall not be liable for tax or subject to audit
9 on sales made by marketplace sellers outside of the
10 marketplace.

11 (g) A marketplace facilitator required to collect taxes
12 imposed under the Use Tax Act on marketplace sales made to
13 Illinois purchasers shall be liable to the Department for such
14 taxes, except when the marketplace facilitator is relieved of
15 the duty to remit such taxes by virtue of having paid to the
16 Department taxes imposed by this Act in accordance with this
17 Section upon his or her gross receipts from such sales.

18 (h) Nothing in this Section shall allow the Department to
19 collect retailers' occupation taxes from both the marketplace
20 facilitator and marketplace seller on the same transaction.

21 (i) If, for any reason, the Department is prohibited from
22 enforcing the marketplace facilitator's duty under this Act to
23 remit taxes pursuant to this Section, the duty to remit such
24 taxes remains with the marketplace seller.

25 (j) Nothing in this Section affects the obligation of any
26 consumer to remit use tax for any taxable transaction for

1 which a certified service provider acting on behalf of a
2 remote retailer or a marketplace facilitator does not collect
3 and remit the appropriate tax.

4 (k) Nothing in this Section shall allow the Department to
5 collect the retailers' occupation tax from both the
6 marketplace facilitator and the marketplace seller.

23 manufacturing and assembling machinery and equipment
24 exemption under paragraph (14).

9 as an incident to the seller's engaging in the service
10 occupation of producing machines, tools, dies, jigs,
11 patterns, gauges, or other similar items of no commercial

22 and after July 1, 2003, but no claim for credit or refund
23 is allowed on or after August 16, 2013 (the effective date
24 of Public Act 98-456) for such taxes paid during the
25 period beginning July 1, 2003 and ending on August 16,
26 2013 (the effective date of Public Act 98-456).

3 Section, a motor vehicle sold in this State to a
4 nonresident even though the motor vehicle is delivered to
5 the nonresident in this State, if the motor vehicle is not
6 to be titled in this State, and if a drive-away permit is
7 issued to the motor vehicle as provided in Section 3-603
8 of the Illinois Vehicle Code or if the nonresident
9 purchaser has vehicle registration plates to transfer to
10 the motor vehicle upon returning to his or her home state.
11 The issuance of the drive-away permit or having the
12 out-of-state registration plates to be transferred is
13 prima facie evidence that the motor vehicle will not be
14 titled in this State.

15 (25-5) The exemption under item (25) does not apply if
16 the state in which the motor vehicle will be titled does
17 not allow a reciprocal exemption for a motor vehicle sold

20 the sale of a motor vehicle in this State to a resident of
21 another state that does not allow a reciprocal exemption
22 shall be imposed at a rate equal to the state's rate of tax
23 on taxable property in the state in which the purchaser is
24 a resident, except that the tax shall not exceed the tax
25 that would otherwise be imposed under this Act. At the
26 time of the sale, the purchaser shall execute a statement,

1 signed under penalty of perjury, of his or her intent to
2 title the vehicle in the state in which the purchaser is a
3 resident within 30 days after the sale and of the fact of
4 the payment to the State of Illinois of tax in an amount
5 equivalent to the state's rate of tax on taxable property
6 in his or her state of residence and shall submit the
7 statement to the appropriate tax collection agency in his
8 or her state of residence. In addition, the retailer must
9 retain a signed copy of the statement in his or her
10 records. Nothing in this item shall be construed to
11 require the removal of the vehicle from this state
12 following the filing of an intent to title the vehicle in
13 the purchaser's state of residence if the purchaser titles
14 the vehicle in his or her state of residence within 30 days
15 after the date of sale. The tax collected under this Act in
16 accordance with this item (25-5) shall be proportionately
17 distributed as if the tax were collected at the 6.25%
18 general rate imposed under this Act.

24 after the later of either the issuance of the final
25 billing for the sale of the aircraft, or the
26 authorized approval for return to service, completion

15 other information that the Department may reasonably
16 require.

4 (35 ILCS 120/2-10) from Ch. 120, par. 441-10

5 Sec. 2-10. Rate of tax. Unless otherwise provided in this
6 Section, the tax imposed by this Act is at the rate of 6.25% of
7 gross receipts from sales, which, on and after January 1,
8 2025, includes leases, of tangible personal property made in
9 the course of business.

10 Beginning on July 1, 2000 and through December 31, 2000,
11 with respect to motor fuel, as defined in Section 1.1 of the
12 Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of
13 the Use Tax Act, the tax is imposed at the rate of 1.25%.

14 Beginning on August 6, 2010 through August 15, 2010, and
15 beginning again on August 5, 2022 through August 14, 2022,
16 with respect to sales tax holiday items as defined in Section
17 2-8 of this Act, the tax is imposed at the rate of 1.25%.

18 Within 14 days after July 1, 2000 (the effective date of
19 Public Act 91-872), each retailer of motor fuel and gasohol
20 shall cause the following notice to be posted in a prominently
21 visible place on each retail dispensing device that is used to
22 dispense motor fuel or gasohol in the State of Illinois: "As of
23 July 1, 2000, the State of Illinois has eliminated the State's
24 share of sales tax on motor fuel and gasohol through December
25 31, 2000. The price on this pump should reflect the

1 elimination of the tax." The notice shall be printed in bold
2 print on a sign that is no smaller than 4 inches by 8 inches.
3 The sign shall be clearly visible to customers. Any retailer
4 who fails to post or maintain a required sign through December
5 31, 2000 is guilty of a petty offense for which the fine shall
6 be \$500 per day per each retail premises where a violation
7 occurs.

8 With respect to gasohol, as defined in the Use Tax Act, the
9 tax imposed by this Act applies to (i) 70% of the proceeds of
10 sales made on or after January 1, 1990, and before July 1,
11 2003, (ii) 80% of the proceeds of sales made on or after July
12 1, 2003 and on or before July 1, 2017, (iii) 100% of the
13 proceeds of sales made after July 1, 2017 and prior to January
14 1, 2024, (iv) 90% of the proceeds of sales made on or after
15 January 1, 2024 and on or before December 31, 2028, and (v)
16 100% of the proceeds of sales made after December 31, 2028. If,
17 at any time, however, the tax under this Act on sales of
18 gasohol, as defined in the Use Tax Act, is imposed at the rate
19 of 1.25%, then the tax imposed by this Act applies to 100% of
20 the proceeds of sales of gasohol made during that time.

21 With respect to mid-range ethanol blends, as defined in
22 Section 3-44.3 of the Use Tax Act, the tax imposed by this Act
23 applies to (i) 80% of the proceeds of sales made on or after
24 January 1, 2024 and on or before December 31, 2028 and (ii)
25 100% of the proceeds of sales made after December 31, 2028. If,
26 at any time, however, the tax under this Act on sales of

1 mid-range ethanol blends is imposed at the rate of 1.25%, then
2 the tax imposed by this Act applies to 100% of the proceeds of
3 sales of mid-range ethanol blends made during that time.

4 With respect to majority blended ethanol fuel, as defined
5 in the Use Tax Act, the tax imposed by this Act does not apply
6 to the proceeds of sales made on or after July 1, 2003 and on
7 or before December 31, 2028 but applies to 100% of the proceeds
8 of sales made thereafter.

9 With respect to biodiesel blends, as defined in the Use
10 Tax Act, with no less than 1% and no more than 10% biodiesel,
11 the tax imposed by this Act applies to (i) 80% of the proceeds
12 of sales made on or after July 1, 2003 and on or before
13 December 31, 2018 and (ii) 100% of the proceeds of sales made
14 after December 31, 2018 and before January 1, 2024. On and
15 after January 1, 2024 and on or before December 31, 2030, the
16 taxation of biodiesel, renewable diesel, and biodiesel blends
17 shall be as provided in Section 3-5.1 of the Use Tax Act. If,
18 at any time, however, the tax under this Act on sales of
19 biodiesel blends, as defined in the Use Tax Act, with no less
20 than 1% and no more than 10% biodiesel is imposed at the rate
21 of 1.25%, then the tax imposed by this Act applies to 100% of
22 the proceeds of sales of biodiesel blends with no less than 1%
23 and no more than 10% biodiesel made during that time.

24 With respect to biodiesel, as defined in the Use Tax Act,
25 and biodiesel blends, as defined in the Use Tax Act, with more
26 than 10% but no more than 99% biodiesel, the tax imposed by

1 this Act does not apply to the proceeds of sales made on or
2 after July 1, 2003 and on or before December 31, 2023. On and
3 after January 1, 2024 and on or before December 31, 2030, the
4 taxation of biodiesel, renewable diesel, and biodiesel blends
5 shall be as provided in Section 3-5.1 of the Use Tax Act.

6 Until July 1, 2022 and from July 1, 2023 through December
7 31, 2025, with respect to food for human consumption that is to
8 be consumed off the premises where it is sold (other than
9 alcoholic beverages, food consisting of or infused with adult
10 use cannabis, soft drinks, and food that has been prepared for
11 immediate consumption), the tax is imposed at the rate of 1%.
12 Beginning July 1, 2022 and until July 1, 2023, with respect to
13 food for human consumption that is to be consumed off the
14 premises where it is sold (other than alcoholic beverages,
15 food consisting of or infused with adult use cannabis, soft
16 drinks, and food that has been prepared for immediate
17 consumption), the tax is imposed at the rate of 0%. On and
18 after January 1, 2026, food for human consumption that is to be
19 consumed off the premises where it is sold (other than
20 alcoholic beverages, food consisting of or infused with adult
21 use cannabis, soft drinks, candy, and food that has been
22 prepared for immediate consumption) is exempt from the tax
23 imposed by this Act.

24 With respect to prescription and nonprescription
25 medicines, drugs, medical appliances, products classified as
26 Class III medical devices by the United States Food and Drug

1 Administration that are used for cancer treatment pursuant to
2 a prescription, as well as any accessories and components
3 related to those devices, modifications to a motor vehicle for
4 the purpose of rendering it usable by a person with a
5 disability, and insulin, blood sugar testing materials,
6 syringes, and needles used by human diabetics, the tax is
7 imposed at the rate of 1%. For the purposes of this Section,
8 until September 1, 2009: the term "soft drinks" means any
9 complete, finished, ready-to-use, non-alcoholic drink, whether
10 carbonated or not, including, but not limited to, soda water,
11 cola, fruit juice, vegetable juice, carbonated water, and all
12 other preparations commonly known as soft drinks of whatever
13 kind or description that are contained in any closed or sealed
14 bottle, can, carton, or container, regardless of size; but
15 "soft drinks" does not include coffee, tea, non-carbonated
16 water, infant formula, milk or milk products as defined in the
17 Grade A Pasteurized Milk and Milk Products Act, or drinks
18 containing 50% or more natural fruit or vegetable juice.

19 Notwithstanding any other provisions of this Act,
20 beginning September 1, 2009, "soft drinks" means non-alcoholic
21 beverages that contain natural or artificial sweeteners. "Soft
22 drinks" does not include beverages that contain milk or milk
23 products, soy, rice or similar milk substitutes, or greater
24 than 50% of vegetable or fruit juice by volume.

25 Until August 1, 2009, and notwithstanding any other
26 provisions of this Act, "food for human consumption that is to

1 be consumed off the premises where it is sold" includes all
2 food sold through a vending machine, except soft drinks and
3 food products that are dispensed hot from a vending machine,
4 regardless of the location of the vending machine. Beginning
5 August 1, 2009, and notwithstanding any other provisions of
6 this Act, "food for human consumption that is to be consumed
7 off the premises where it is sold" includes all food sold
8 through a vending machine, except soft drinks, candy, and food
9 products that are dispensed hot from a vending machine,
10 regardless of the location of the vending machine.

11 Notwithstanding any other provisions of this Act,
12 beginning September 1, 2009, "food for human consumption that
13 is to be consumed off the premises where it is sold" does not
14 include candy. For purposes of this Section, "candy" means a
15 preparation of sugar, honey, or other natural or artificial
16 sweeteners in combination with chocolate, fruits, nuts or
17 other ingredients or flavorings in the form of bars, drops, or
18 pieces. "Candy" does not include any preparation that contains
19 flour or requires refrigeration.

20 Notwithstanding any other provisions of this Act,
21 beginning September 1, 2009, "nonprescription medicines and
22 drugs" does not include grooming and hygiene products. For
23 purposes of this Section, "grooming and hygiene products"
24 includes, but is not limited to, soaps and cleaning solutions,
25 shampoo, toothpaste, mouthwash, antiperspirants, and sun tan
26 lotions and screens, unless those products are available by

1 prescription only, regardless of whether the products meet the
2 definition of "over-the-counter-drugs". For the purposes of
3 this paragraph, "over-the-counter-drug" means a drug for human
4 use that contains a label that identifies the product as a drug
5 as required by 21 CFR 201.66. The "over-the-counter-drug"
6 label includes:

7 (A) a "Drug Facts" panel; or

8 (B) a statement of the "active ingredient(s)" with a
9 list of those ingredients contained in the compound,
10 substance or preparation.

11 Beginning on January 1, 2014 (the effective date of Public
12 Act 98-122), "prescription and nonprescription medicines and
13 drugs" includes medical cannabis purchased from a registered
14 dispensing organization under the Compassionate Use of Medical
15 Cannabis Program Act.

16 As used in this Section, "adult use cannabis" means
17 cannabis subject to tax under the Cannabis Cultivation
18 Privilege Tax Law and the Cannabis Purchaser Excise Tax Law
19 and does not include cannabis subject to tax under the
20 Compassionate Use of Medical Cannabis Program Act.

1 (35 ILCS 120/2-12)

2 Sec. 2-12. Location where retailer is deemed to be engaged
3 in the business of selling. The purpose of this Section is to
4 specify where a retailer is deemed to be engaged in the
5 business of selling tangible personal property for the
6 purposes of this Act, the Use Tax Act, the Service Use Tax Act,
7 and the Service Occupation Tax Act, and for the purpose of
8 collecting any other local retailers' occupation tax
9 administered by the Department. This Section applies only with
10 respect to the particular selling activities described in the
11 following paragraphs. The provisions of this Section are not
12 intended to, and shall not be interpreted to, affect where a
13 retailer is deemed to be engaged in the business of selling
14 with respect to any activity that is not specifically
15 described in the following paragraphs.

16 (1) If a purchaser who is present at the retailer's
17 place of business, having no prior commitment to the
18 retailer, agrees to purchase and makes payment for
19 tangible personal property at the retailer's place of
20 business, then the transaction shall be deemed an
21 over-the-counter sale occurring at the retailer's same
22 place of business where the purchaser was present and made
23 payment for that tangible personal property if the
24 retailer regularly stocks the purchased tangible personal
25 property or similar tangible personal property in the
26 quantity, or similar quantity, for sale at the retailer's

1 same place of business and then either (i) the purchaser
2 takes possession of the tangible personal property at the
3 same place of business or (ii) the retailer delivers or
4 arranges for the tangible personal property to be
5 delivered to the purchaser.

6 (2) If a purchaser, having no prior commitment to the
7 retailer, agrees to purchase tangible personal property
8 and makes payment over the phone, in writing, or via the
9 Internet and takes possession of the tangible personal
10 property at the retailer's place of business, then the
11 sale shall be deemed to have occurred at the retailer's
12 place of business where the purchaser takes possession of
13 the property if the retailer regularly stocks the item or
14 similar items in the quantity, or similar quantities,
15 purchased by the purchaser.

16 (3) A retailer is deemed to be engaged in the business
17 of selling food, beverages, or other tangible personal
18 property through a vending machine at the location where
19 the vending machine is located at the time the sale is made
20 if (i) the vending machine is a device operated by coin,
21 currency, credit card, token, coupon or similar device;
22 (2) the food, beverage or other tangible personal property
23 is contained within the vending machine and dispensed from
24 the vending machine; and (3) the purchaser takes
25 possession of the purchased food, beverage or other
26 tangible personal property immediately.

1 (4) Minerals. A producer of coal or other mineral
2 mined in Illinois is deemed to be engaged in the business
3 of selling at the place where the coal or other mineral
4 mined in Illinois is extracted from the earth. With
5 respect to minerals (i) the term "extracted from the
6 earth" means the location at which the coal or other
7 mineral is extracted from the mouth of the mine, and (ii) a
8 "mineral" includes not only coal, but also oil, sand,
9 stone taken from a quarry, gravel and any other thing
10 commonly regarded as a mineral and extracted from the
11 earth. This paragraph does not apply to coal or another
12 mineral when it is delivered or shipped by the seller to
13 the purchaser at a point outside Illinois so that the sale
14 is exempt under the United States Constitution as a sale
15 in interstate or foreign commerce.

16 (5) A retailer selling tangible personal property to a
17 nominal lessee or bailee pursuant to a lease with a dollar
18 or other nominal option to purchase is engaged in the
19 business of selling at the location where the property is
20 first delivered to the lessee or bailee for its intended
21 use.

22 (5.5) Lease transactions. The lease of tangible
23 personal property that is subject to the tax on leases
24 under Public Act 103-592 ~~this amendatory Act of the 103rd~~
25 ~~General Assembly~~ is sourced as follows:

26 (i) For a lease that requires recurring periodic

1 payments and for which the property is delivered to
2 the lessee by the lessor, each periodic payment is
3 sourced to the primary property location for each
4 period covered by the payment. The primary property
5 location shall be as indicated by an address for the
6 property provided by the lessee that is available to
7 the lessor from its records maintained in the ordinary
8 course of business, when use of this address does not
9 constitute bad faith. The property location is not
10 altered by intermittent use at different locations,
11 such as use of business property that accompanies
12 employees on business trips and service calls.

13 (ii) For all other leases, including a lease that
14 does not require recurring periodic payments and any
15 lease for which the lessee takes possession of the
16 property at the lessor's place of business, the
17 payment is sourced as otherwise provided under this
18 Act for sales at retail other than leases.

19 (6) Beginning on January 1, 2021, a remote retailer
20 making retail sales of tangible personal property that
21 meet or exceed the thresholds established in paragraph (1)
22 or (2) of subsection (b) of Section 2 of this Act is
23 engaged in the business of selling at the Illinois
24 location to which the tangible personal property is
25 shipped or delivered or at which possession is taken by
26 the purchaser.

1 (7) Beginning January 1, 2021, a marketplace
2 facilitator facilitating sales of tangible personal
3 property that meet or exceed one of the thresholds
4 established in paragraph (1) or (2) of subsection (c) of
5 Section 2 of this Act is deemed to be engaged in the
6 business of selling at the Illinois location to which the
7 tangible personal property is shipped or delivered or at
8 which possession is taken by the purchaser when the sale
9 is made by a marketplace seller on the marketplace
10 facilitator's marketplace.

11 (8) Beginning on January 1, 2025, for sales that would
12 otherwise be sourced outside of this State, a retailer
13 maintaining a place of business in this State that makes
14 retail sales of tangible personal property to Illinois
15 customers from a location or locations outside of Illinois
16 is engaged in the business of selling at the Illinois
17 location to which the tangible personal property is
18 shipped or delivered or at which possession is taken by
19 the purchaser.

22 Section 310. The Hotel Operators' Occupation Tax Act is
23 amended by changing Sections 2 and 6 as follows:

24 (35 ILCS 145/2) (from Ch. 120, par. 481b.32)

1 Sec. 2. Definitions. As used in this Act, unless the
2 context otherwise requires:

3 (1) "Hotel" means any building or buildings in which the
4 public may, for a consideration, obtain living quarters,
5 sleeping or housekeeping accommodations. The term includes,
6 but is not limited to, inns, motels, tourist homes or courts,
7 lodging houses, rooming houses and apartment houses, retreat
8 centers, conference centers, and hunting lodges. For the
9 purposes of re-renters of hotel rooms only, "hotel" does not
10 include a short-term rental.

11 (2) "Operator" means any person engaged in the business of
12 renting, leasing, or letting rooms in a hotel.

13 (3) "Occupancy" means the use or possession, or the right
14 to the use or possession, of any room or rooms in a hotel for
15 any purpose, or the right to the use or possession of the
16 furnishings or to the services and accommodations accompanying
17 the use and possession of the room or rooms.

18 (4) "Room" or "rooms" means any living quarters, sleeping
19 or housekeeping accommodations.

20 (5) "Permanent resident" means any person who occupied or
21 has the right to occupy any room or rooms, regardless of
22 whether or not it is the same room or rooms, in a hotel for at
23 least 30 consecutive days.

24 (6) "Rent" or "rental" means the consideration received
25 for occupancy, valued in money, whether received in money or
26 otherwise, including all receipts, cash, credits, and property

1 or services of any kind or nature. "Rent" or "rental" includes
2 any fee, charge, or commission received from a guest by a
3 re-renter of hotel rooms specifically in connection with the
4 re-rental of hotel rooms, but does not include any fee,
5 charge, or commission received from a short-term rental by a
6 hosting platform.

7 (7) "Department" means the Department of Revenue.

8 (8) "Person" means any natural individual, firm,
9 partnership, association, joint stock company, joint
10 adventure, public or private corporation, limited liability
11 company, or a receiver, executor, trustee, guardian, or other
12 representative appointed by order of any court.

13 (9) "Re-renter of hotel rooms" means a person who is not
14 employed by the hotel operator but who, either directly or
15 indirectly, through agreements or arrangements with third
16 parties, collects or processes the payment of rent for a hotel
17 room located in this State and (i) obtains the right or
18 authority to grant control of, access to, or occupancy of a
19 hotel room in this State to a guest of the hotel or (ii)
20 facilitates the booking of a hotel room located in this State.
21 A person who obtains those rights or authorities is not
22 considered a re-renter of a hotel room if the person operates
23 under a shared hotel brand with the operator.

24 (10) "Hosting platform" or "platform" means a person who
25 provides an online application, software, website, or system
26 through which a short-term rental located in this State is

1 advertised or held out to the public as available to rent for
2 occupancy. For purposes of this definition, "short-term
3 rental" means an owner-occupied, tenant-occupied, or
4 non-owner-occupied dwelling, including, but not limited to, an
5 apartment, house, cottage, or condominium, located in this
6 State, where: (i) at least one room in the dwelling is rented
7 to an occupant for a period of less than 30 consecutive days;
8 and (ii) all accommodations are reserved in advance; provided,
9 however, that a dwelling shall be considered a single room if
10 rented as such.

11 (11) "Shared hotel brand" means an identifying trademark
12 that a hotel operator is expressly licensed to operate under
13 in accordance with the terms of a hotel franchise or
14 management agreement.

15 (Source: P.A. 103-592, eff. 7-1-24; revised 10-21-24.)

16 (35 ILCS 145/6) (from Ch. 120, par. 481b.36)

17 Sec. 6. Returns; allocation of proceeds.

18 (a) Except as provided hereinafter in this Section, on or
19 before the last day of each calendar month, every person
20 engaged as a hotel operator in this State during the preceding
21 calendar month shall file a return with the Department,
22 stating:

23 1. the name of the operator;

24 2. his residence address and the address of his
25 principal place of business and the address of the

1 principal place of business (if that is a different
2 address) from which he engages in business as a hotel
3 operator in this State (including, if required by the
4 Department, the address of each hotel from which rental
5 receipts were received);

6 3. total amount of rental receipts received by him
7 during the preceding calendar month from engaging in
8 business as a hotel operator during such preceding
9 calendar month;

10 4. total amount of rental receipts received by him
11 during the preceding calendar month from renting, leasing
12 or letting rooms to permanent residents during such
13 preceding calendar month;

14 5. total amount of other exclusions from gross rental
15 receipts allowed by this Act;

16 6. gross rental receipts which were received by him
17 during the preceding calendar month and upon the basis of
18 which the tax is imposed;

19 7. the amount of tax due;

20 8. credit for any reimbursement of tax paid by a
21 re-renter of hotel rooms to hotel operators for rentals
22 purchased for re-rental, as provided in Section 3-3 of
23 this Act;

24 9. such other reasonable information as the Department
25 may require.

26 If the operator's average monthly tax liability to the

1 Department does not exceed \$200, the Department may authorize
2 his returns to be filed on a quarter annual basis, with the
3 return for January, February and March of a given year being
4 due by April 30 of such year; with the return for April, May
5 and June of a given year being due by July 31 of such year;
6 with the return for July, August and September of a given year
7 being due by October 31 of such year, and with the return for
8 October, November and December of a given year being due by
9 January 31 of the following year.

10 If the operator's average monthly tax liability to the
11 Department does not exceed \$50, the Department may authorize
12 his returns to be filed on an annual basis, with the return for
13 a given year being due by January 31 of the following year.

14 Such quarter annual and annual returns, as to form and
15 substance, shall be subject to the same requirements as
16 monthly returns.

17 Notwithstanding any other provision in this Act concerning
18 the time within which an operator may file his return, in the
19 case of any operator who ceases to engage in a kind of business
20 which makes him responsible for filing returns under this Act,
21 such operator shall file a final return under this Act with the
22 Department not more than one ± month after discontinuing such
23 business.

24 Where the same person has more than one ± business
25 registered with the Department under separate registrations
26 under this Act, such person shall not file each return that is

1 due as a single return covering all such registered
2 businesses, but shall file separate returns for each such
3 registered business.

4 In his return, the operator shall determine the value of
5 any consideration other than money received by him in
6 connection with engaging in business as a hotel operator and
7 he shall include such value in his return. Such determination
8 shall be subject to review and revision by the Department in
9 the manner hereinafter provided for the correction of returns.

10 Where the operator is a corporation, the return filed on
11 behalf of such corporation shall be signed by the president,
12 vice-president, secretary or treasurer or by the properly
13 accredited agent of such corporation.

14 The person filing the return herein provided for shall, at
15 the time of filing such return, pay to the Department the
16 amount of tax herein imposed. The operator filing the return
17 under this Section shall, at the time of filing such return,
18 pay to the Department the amount of tax imposed by this Act
19 less a discount of 2.1% or \$25 per calendar year, whichever is
20 greater, which is allowed to reimburse the operator for the
21 expenses incurred in keeping records, preparing and filing
22 returns, remitting the tax and supplying data to the
23 Department on request.

24 If any payment provided for in this Section exceeds the
25 operator's liabilities under this Act, as shown on an original
26 return, the Department may authorize the operator to credit

1 such excess payment against liability subsequently to be

23 Section 315. The Automobile Renting Occupation and Use Tax
24 Act is amended by changing Sections 2 and 6 as follows:

(35 ILCS 155/2) (from Ch. 120, par. 1702)

Sec. 2. Definitions. As used in this Act:

"Renting" means any transfer of the possession or right to possession of an automobile to a user for a valuable consideration for a period of one year or less.

"Renting" does not include making a charge for the use of an automobile where the rentor, either himself or through an agent, furnishes a service of operating an automobile so that the rentor remains in possession of the automobile, because this does not constitute a transfer of possession or right to possession of the automobile.

"Renting" does not include the making of a charge by an automobile dealer for the use of an automobile as a demonstrator in connection with the dealer's business of selling, where the charge is merely made to recover the costs of operating the automobile as a demonstrator and is not intended as a rental or leasing charge in the ordinary sense.

"Renting" does not include peer-to-peer car sharing, as defined in Section 5 of the Car-Sharing Program Act, if tax due on the automobile under the Retailers' Occupation Tax Act or Use Tax Act was paid upon the purchase of the automobile or when the automobile was brought into Illinois. The car-sharing program shall ask a shared-vehicle ~~shared-vehicle~~ owner if the shared-vehicle ~~shared-vehicle~~ owner paid applicable taxes at the time of purchase. Notwithstanding any law to the contrary, the car-sharing program shall have the right to rely on the

1 ~~shared-vehicle~~ ~~shared-vehicle~~ owner's response and to be held
2 legally harmless for such reliance.

3 "Automobile" means (1) any motor vehicle of the first
4 division, or (2) a motor vehicle of the second division which:
5 (A) is a self-contained motor vehicle designed or permanently
6 converted to provide living quarters for recreational, camping
7 or travel use, with direct walk through access to the living
8 quarters from the driver's seat; (B) is of the van
9 configuration designed for the transportation of not less than
10 7 nor more than 16 passengers, as defined in Section 1-146 of
11 the Illinois Vehicle Code; or (C) has a Gross Vehicle Weight
12 Rating, as defined in Section 1-124.5 of the Illinois Vehicle
13 Code, of 8,000 pounds or less.

14 "Department" means the Department of Revenue.

15 "Person" means any natural individual, firm, partnership,
16 association, joint stock company, joint adventure, public or
17 private corporation, limited liability company, or a receiver,
18 executor, trustee, conservator, or other representative
19 appointed by order of any court.

20 "Rentor" means any person, firm, corporation, or
21 association engaged in the business of renting or leasing
22 automobiles to users. For this purpose, the objective of
23 making a profit is not necessary to make the renting activity a
24 business.

25 "Rentor" does not include a car-sharing program or a
26 shared-vehicle owner, as defined in Section 5 of the

1 Car-Sharing Program Act, if tax due on the automobile under
2 the Retailers' Occupation Tax Act or Use Tax Act was paid upon
3 the purchase of the automobile or when the automobile was
4 brought into Illinois. The car-sharing program shall ask a
5 shared-vehicle ~~shared-vehicle~~ owner if the shared-vehicle
6 ~~shared-vehicle~~ owner paid applicable taxes at the time of
7 purchase. Notwithstanding any law to the contrary, the
8 car-sharing program shall have the right to rely on the
9 shared-vehicle ~~shared-vehicle~~ owner's response and to be held
10 legally harmless for such reliance.

11 "Rentee" means any user to whom the possession, or the
12 right to possession, of an automobile is transferred for a
13 valuable consideration for a period of one year or less,
14 whether paid for by the "rentee" or by someone else.

15 "Rentee" does not include a shared-vehicle driver, as
16 defined in Section 5 of the Car-Sharing Program Act, if tax due
17 on the automobile under the Retailers' Occupation Tax Act or
18 Use Tax Act was paid upon the purchase of the automobile or
19 when the automobile was brought into Illinois. The car-sharing
20 program shall ask a shared-vehicle ~~shared-vehicle~~ owner if the
21 shared-vehicle ~~shared-vehicle~~ owner paid applicable taxes at
22 the time of purchase. Notwithstanding any law to the contrary,
23 the car-sharing program shall have the right to rely on the
24 shared-vehicle ~~shared-vehicle~~ owner's response and to be held
25 legally harmless for such reliance.

26 "Gross receipts" from the renting of tangible personal

1 property or "rent" means the total rental price or leasing
2 price. In the case of rental transactions in which the
3 consideration is paid to the rentor on an installment basis,
4 the amounts of such payments shall be included by the rentor in
5 gross receipts or rent only as and when payments are received
6 by the rentor.

7 "Gross receipts" does not include receipts received by an
8 automobile dealer from a manufacturer or service contract
9 provider for the use of an automobile by a person while that
10 person's automobile is being repaired by that automobile
11 dealer and the repair is made pursuant to a manufacturer's
12 warranty or a service contract where a manufacturer or service
13 contract provider reimburses that automobile dealer pursuant
14 to a manufacturer's warranty or a service contract and the
15 reimbursement is merely made to recover the costs of operating
16 the automobile as a loaner vehicle.

17 "Rental price" means the consideration for renting or
18 leasing an automobile valued in money, whether received in
19 money or otherwise, including cash credits, property and
20 services, and shall be determined without any deduction on
21 account of the cost of the property rented, the cost of
22 materials used, labor or service cost, or any other expense
23 whatsoever, but does not include charges that are added by a
24 rentor on account of the rentor's tax liability under this Act
25 or on account of the rentor's duty to collect, from the rentee,
26 the tax that is imposed by Section 4 of this Act. The phrase

1 "rental price" does not include compensation paid to a rentor
2 by a rentee in consideration of the waiver by the rentor of any
3 right of action or claim against the rentee for loss or damage
4 to the automobile rented and also does not include a
5 separately stated charge for insurance or recovery of
6 refueling costs or other separately stated charges that are
7 not for the use of tangible personal property.

8 "Rental price" does not include consideration paid for
9 peer-to-peer car sharing to a shared-vehicle owner or a
10 car-sharing program, as those terms are defined in Section 5
11 of the Car-Sharing Program Act, if tax due on the automobile
12 under the Retailers' Occupation Tax Act or Use Tax Act was paid
13 upon the purchase of the automobile or when the automobile was
14 brought into Illinois. The car-sharing program shall ask a
15 shared-vehicle ~~shared-vehicle~~ owner if the shared-vehicle
16 ~~shared-vehicle~~ owner paid applicable taxes at the time of
17 purchase. Notwithstanding any law to the contrary, the
18 car-sharing program shall have the right to rely on the
19 shared-vehicle ~~shared-vehicle~~ owner's response and to be held
20 legally harmless for such reliance.

21 (Source: P.A. 103-520, eff. 8-11-23; revised 10-23-24.)

22 (35 ILCS 155/6)

23 Sec. 6. Applicability. The taxes imposed by Sections 3 and
24 4 of this Act do not apply to any amounts paid or received for
25 peer-to-peer car sharing, as defined in Section 5 of the

1 Car-Sharing Program Act, or the privilege of sharing a shared
2 vehicle through a car-sharing program, as defined in Section 5
3 of the Car-Sharing Program Act, if the shared-vehicle ~~shared~~
4 ~~vehicle~~ owner paid applicable taxes upon the purchase of the
5 automobile.

6 As used in this Section, "applicable taxes" means, with
7 respect to vehicles purchased in Illinois, the retailers'
8 occupation tax levied under the Retailers' Occupation Tax Act
9 or the use tax levied under the Use Tax Act. "Applicable
10 taxes", with respect to vehicles not purchased in Illinois,
11 refers to the sales, use, excise, or other generally
12 applicable tax that is due upon the purchase of a vehicle in
13 the jurisdiction in which the vehicle was purchased.

14 Notwithstanding any law to the contrary, the car-sharing
15 program shall have the right to rely on the shared-vehicle
16 ~~shared-vehicle~~ owner's response and to be held legally
17 harmless for such reliance.

18 (Source: P.A. 103-520, eff. 8-11-23; revised 10-23-24.)

"Debt service extension base" means an amount equal to

1 that portion of the extension for a taxing district for the
2 1994 levy year, or for those taxing districts subject to this
3 Law in accordance with Section 18-213, except for those
4 subject to paragraph (2) of subsection (e) of Section 18-213,
5 for the levy year in which the referendum making this Law
6 applicable to the taxing district is held, or for those taxing
7 districts subject to this Law in accordance with paragraph (2)
8 of subsection (e) of Section 18-213 for the 1996 levy year,
9 constituting an extension for payment of principal and
10 interest on bonds issued by the taxing district without
11 referendum, but not including excluded non-referendum bonds.
12 For park districts (i) that were first subject to this Law in
13 1991 or 1995 and (ii) whose extension for the 1994 levy year
14 for the payment of principal and interest on bonds issued by
15 the park district without referendum (but not including
16 excluded non-referendum bonds) was less than 51% of the amount
17 for the 1991 levy year constituting an extension for payment
18 of principal and interest on bonds issued by the park district
19 without referendum (but not including excluded non-referendum
20 bonds), "debt service extension base" means an amount equal to
21 that portion of the extension for the 1991 levy year
22 constituting an extension for payment of principal and
23 interest on bonds issued by the park district without
24 referendum (but not including excluded non-referendum bonds).
25 A debt service extension base established or increased at any
26 time pursuant to any provision of this Law, except Section

1 18-212, shall be increased each year commencing with the later
2 of (i) the 2009 levy year or (ii) the first levy year in which
3 this Law becomes applicable to the taxing district, by the
4 lesser of 5% or the percentage increase in the Consumer Price
5 Index during the 12-month calendar year preceding the levy
6 year. The debt service extension base may be established or
7 increased as provided under Section 18-212. "Excluded
8 non-referendum bonds" means (i) bonds authorized by Public Act
9 88-503 and issued under Section 20a of the Chicago Park
10 District Act for aquarium and museum projects; (ii) bonds
11 issued under Section 15 of the Local Government Debt Reform
12 Act; or (iii) refunding obligations issued to refund or to
13 continue to refund obligations initially issued pursuant to
14 referendum.

15 "Special purpose extensions" include, but are not limited
16 to, extensions for levies made on an annual basis for
17 unemployment and workers' compensation, self-insurance,
18 contributions to pension plans, and extensions made pursuant
19 to Section 6-601 of the Illinois Highway Code for a road
20 district's permanent road fund whether levied annually or not.
21 The extension for a special service area is not included in the
22 aggregate extension.

23 "Aggregate extension base" means the taxing district's
24 last preceding aggregate extension as adjusted under Sections
25 18-135, 18-215, 18-230, 18-206, and 18-233. Beginning with
26 levy year 2022, for taxing districts that are specified in

1 Section 18-190.7, the taxing district's aggregate extension
2 base shall be calculated as provided in Section 18-190.7. An
3 adjustment under Section 18-135 shall be made for the 2007
4 levy year and all subsequent levy years whenever one or more
5 counties within which a taxing district is located (i) used
6 estimated valuations or rates when extending taxes in the
7 taxing district for the last preceding levy year that resulted
8 in the over or under extension of taxes, or (ii) increased or
9 decreased the tax extension for the last preceding levy year
10 as required by Section 18-135(c). Whenever an adjustment is
11 required under Section 18-135, the aggregate extension base of
12 the taxing district shall be equal to the amount that the
13 aggregate extension of the taxing district would have been for
14 the last preceding levy year if either or both (i) actual,
15 rather than estimated, valuations or rates had been used to
16 calculate the extension of taxes for the last levy year, or
17 (ii) the tax extension for the last preceding levy year had not
18 been adjusted as required by subsection (c) of Section 18-135.

19 Notwithstanding any other provision of law, for levy year
20 2012, the aggregate extension base for West Northfield School
21 District No. 31 in Cook County shall be \$12,654,592.

22 Notwithstanding any other provision of law, for the
23 purpose of calculating the limiting rate for levy year 2023,
24 the last preceding aggregate extension base for Homewood
25 School District No. 153 in Cook County shall be \$19,535,377.

26 Notwithstanding any other provision of law, for levy year

1 2022, the aggregate extension base of a home equity assurance
2 program that levied at least \$1,000,000 in property taxes in
3 levy year 2019 or 2020 under the Home Equity Assurance Act
4 shall be the amount that the program's aggregate extension
5 base for levy year 2021 would have been if the program had
6 levied a property tax for levy year 2021.

7 "Levy year" has the same meaning as "year" under Section
8 1-155.

9 "New property" means (i) the assessed value, after final
10 board of review or board of appeals action, of new
11 improvements or additions to existing improvements on any
12 parcel of real property that increase the assessed value of
13 that real property during the levy year multiplied by the
14 equalization factor issued by the Department under Section
15 17-30, (ii) the assessed value, after final board of review or
16 board of appeals action, of real property not exempt from real
17 estate taxation, which real property was exempt from real
18 estate taxation for any portion of the immediately preceding
19 levy year, multiplied by the equalization factor issued by the
20 Department under Section 17-30, including the assessed value,
21 upon final stabilization of occupancy after new construction
22 is complete, of any real property located within the
23 boundaries of an otherwise or previously exempt military
24 reservation that is intended for residential use and owned by
25 or leased to a private corporation or other entity, (iii) in
26 counties that classify in accordance with Section 4 of Article

1 IX of the Illinois Constitution, an incentive property's
2 additional assessed value resulting from a scheduled increase
3 in the level of assessment as applied to the first year final
4 board of review market value, and (iv) any increase in
5 assessed value due to oil or gas production from an oil or gas
6 well required to be permitted under the Hydraulic Fracturing
7 Regulatory Act that was not produced in or accounted for
8 during the previous levy year. In addition, the county clerk
9 in a county containing a population of 3,000,000 or more shall
10 include in the 1997 recovered tax increment value for any
11 school district, any recovered tax increment value that was
12 applicable to the 1995 tax year calculations.

13 "Qualified airport authority" means an airport authority
14 organized under the Airport Authorities Act and located in a
15 county bordering on the State of Wisconsin and having a
16 population in excess of 200,000 and not greater than 500,000.

17 "Recovered tax increment value" means, except as otherwise
18 provided in this paragraph, the amount of the current year's
19 equalized assessed value, in the first year after a
20 municipality terminates the designation of an area as a
21 redevelopment project area previously established under the
22 Tax Increment Allocation Redevelopment Act in the Illinois
23 Municipal Code, previously established under the Industrial
24 Jobs Recovery Law in the Illinois Municipal Code, previously
25 established under the Economic Development Project Area Tax
26 Increment Act of 1995, or previously established under the

1 Economic Development Area Tax Increment Allocation Act, of
2 each taxable lot, block, tract, or parcel of real property in
3 the redevelopment project area over and above the initial
4 equalized assessed value of each property in the redevelopment
5 project area. For the taxes which are extended for the 1997
6 levy year, the recovered tax increment value for a non-home
7 rule taxing district that first became subject to this Law for
8 the 1995 levy year because a majority of its 1994 equalized
9 assessed value was in an affected county or counties shall be
10 increased if a municipality terminated the designation of an
11 area in 1993 as a redevelopment project area previously
12 established under the Tax Increment Allocation Redevelopment
13 Act in the Illinois Municipal Code, previously established
14 under the Industrial Jobs Recovery Law in the Illinois
15 Municipal Code, or previously established under the Economic
16 Development Area Tax Increment Allocation Act, by an amount
17 equal to the 1994 equalized assessed value of each taxable
18 lot, block, tract, or parcel of real property in the
19 redevelopment project area over and above the initial
20 equalized assessed value of each property in the redevelopment
21 project area. In the first year after a municipality removes a
22 taxable lot, block, tract, or parcel of real property from a
23 redevelopment project area established under the Tax Increment
24 Allocation Redevelopment Act in the Illinois Municipal Code,
25 the Industrial Jobs Recovery Law in the Illinois Municipal
26 Code, or the Economic Development Area Tax Increment

1 Allocation Act, "recovered tax increment value" means the
2 amount of the current year's equalized assessed value of each
3 taxable lot, block, tract, or parcel of real property removed
4 from the redevelopment project area over and above the initial
5 equalized assessed value of that real property before removal
6 from the redevelopment project area.

7 Except as otherwise provided in this Section, "limiting
8 rate" means a fraction the numerator of which is the last
9 preceding aggregate extension base times an amount equal to
10 one plus the extension limitation defined in this Section and
11 the denominator of which is the current year's equalized
12 assessed value of all real property in the territory under the
13 jurisdiction of the taxing district during the prior levy
14 year. For those taxing districts that reduced their aggregate
15 extension for the last preceding levy year, except for school
16 districts that reduced their extension for educational
17 purposes pursuant to Section 18-206, the highest aggregate
18 extension in any of the last 3 preceding levy years shall be
19 used for the purpose of computing the limiting rate. The
20 denominator shall not include new property or the recovered
21 tax increment value. If a new rate, a rate decrease, or a
22 limiting rate increase has been approved at an election held
23 after March 21, 2006, then (i) the otherwise applicable
24 limiting rate shall be increased by the amount of the new rate
25 or shall be reduced by the amount of the rate decrease, as the
26 case may be, or (ii) in the case of a limiting rate increase,

1 the limiting rate shall be equal to the rate set forth in the
2 proposition approved by the voters for each of the years
3 specified in the proposition, after which the limiting rate of
4 the taxing district shall be calculated as otherwise provided.

5 In the case of a taxing district that obtained referendum
6 approval for an increased limiting rate on March 20, 2012, the
7 limiting rate for tax year 2012 shall be the rate that
8 generates the approximate total amount of taxes extendable for
9 that tax year, as set forth in the proposition approved by the
10 voters; this rate shall be the final rate applied by the county
11 clerk for the aggregate of all capped funds of the district for
12 tax year 2012.

19 Sec. 18-250. Additions to forfeited taxes and unpaid
20 special assessments; fee for estimate.

21 (a) When any property has been forfeited for taxes or
22 special assessments, the clerk shall compute the amount of
23 back taxes and special assessments, interest, statutory costs,
24 and printer's fees remaining due, with one year's interest on
25 all taxes forfeited, and enter them upon the collector's books

1 as separate items. Except as otherwise provided in Section
2 21-375, the aggregate so computed shall be collected in the
3 same manner as the taxes on other property for that year. The
4 county clerk shall examine the forfeitures, and strike all
5 errors and make corrections as necessary. For counties with
6 fewer than 3,000,000 inhabitants, interest added to
7 forfeitures under this Section shall be at the rate of 12% per
8 year. For counties with 3,000,000 or more inhabitants,
9 interest added to forfeitures under this Section shall accrue
10 at the rate of (i) 12% per year if the forfeiture is for a tax
11 year before tax year 2023 or (ii) 0.75% per month, or portion
12 thereof, if the forfeiture is for tax year 2023 or any tax year
13 thereafter.

14 (b) In counties with 3,000,000 or more inhabitants, taxes
15 first extended for prior years, or previously extended for
16 prior years for which application for judgment and order of
17 sale is not already pending, shall be added to the tax of the
18 current year, with interest and costs as provided by law.
19 Forfeitures shall not be so added, but they shall remain a lien
20 on the property upon which they were charged until paid or sold
21 as provided by law. There shall be added to such forfeitures
22 annually the same interest as would be added if forfeited
23 annually, until paid or sold, and the addition of each year's
24 interest shall be considered a separate forfeiture.
25 Forfeitures may be redeemed in the manner provided in Section
26 21-370 or 21-375. Taxes and special assessments for which

1 application for judgment and order of sale is pending, or
2 entered but not enforced for any reason, shall not be added to
3 the tax for the current year. However, if the taxes and special
4 assessments remain unpaid, the property~~7~~ shall be advertised
5 and sold under judgments and orders of sale to be entered in
6 pending applications, or already entered in prior
7 applications, including judgments and orders of sale under
8 which the purchaser fails to complete his or her purchase.

9 (c) In counties with 3,000,000 or more inhabitants, on or
10 before January 1, 2001 and during each year thereafter, the
11 county clerk shall compute the amount of taxes on each
12 property that remain due or forfeited for any year prior to the
13 current year and have not become subject to Sections 20-180
14 through 20-190, and the clerk shall enter the same upon the
15 collector's warrant books of the current and all following
16 years as separate items in a suitable column. The county clerk
17 shall examine the collector's warrant books and the Tax
18 Judgment, Sale, Redemption and Forfeiture records for the
19 appropriate years and may take any other actions as the clerk
20 finds to be necessary or convenient in order to comply with
21 this subsection. On and after January 1, 2001, any taxes for
22 any year remaining due or forfeited against real property in
23 such county not entered on the current collector's warrant
24 books shall be deemed uncollectible and void, but shall not be
25 subject to the posting or other requirements of Sections
26 20-180 through 20-190.

1 (d) In counties with 100,000 or more inhabitants, the
2 county clerk shall, when making the annual collector's books,
3 in a suitable column, insert and designate previous
4 forfeitures of general taxes by the word "forfeiture", to be
5 stamped opposite each property forfeited at the last previous
6 tax sale for general taxes and not redeemed or purchased
7 previous to the completion of the collector's books. The
8 collectors of general taxes shall stamp upon all bills
9 rendered and receipts given the information on the collector's
10 books regarding forfeiture of general taxes, and the stamped
11 notation shall also refer the recipient to the county clerk
12 for full information. The county clerk shall be allowed to
13 collect from the person requesting an estimate of costs of
14 redemption of a forfeited property, the fee provided by law.

16 (35 ILCS 200/22-15)

17 Sec. 22-15. Service of notice. The purchaser or his or her
18 assignee shall give the notice required by Section 22-10 by
19 causing it to be published in a newspaper as set forth in
20 Section 22-20. In addition, the notice shall be served upon
21 owners who reside on any part of the subject property by
22 leaving a copy of the notice with those owners personally. The
23 notice must be served by a sheriff (or if he or she is
24 disqualified, by a coroner) of the county in which the
25 property, or any part thereof, is located or, by a person who

1 is licensed or registered as a private detective under the
2 Private Detective, Private Alarm, Private Security,
3 Fingerprint Vendor, and Locksmith Act of 2004.

4 In counties of 3,000,000 or more inhabitants, if the
5 notice required by Section 22-10 is to be served by the
6 sheriff, no sale in error may be declared pursuant to Section
7 22-50 or subparagraph (5) of subsection (a) of Section 21-310
8 based upon the sheriff's failure to serve the notice in
9 accordance with this Section unless the notice and service
10 list for the first service attempt is delivered by the
11 purchaser or assignee to the sheriff at least 5 months prior to
12 the expiration of the period of redemption. Purchasers or
13 assignees may request that the sheriff make additional service
14 attempts to the same entities and locations, and the sheriff
15 may make those additional attempts within the noticing period
16 established in Section 22-10, but the sheriff's failure to
17 make such additional service attempts is not grounds for a
18 sale in error under Section 22-50 or subparagraph (5) of
19 subsection (a) of Section 21-310.

20 In counties of 3,000,000 or more inhabitants, if the
21 purchaser or assignee requests that the sheriff make an
22 additional service attempt upon an entity or to a location
23 that was not included on the service list for the first
24 attempt, then the purchaser or assignee must deliver the
25 notice and service list for the additional service attempt to
26 the sheriff at least 4 months before the expiration of the

1 period of redemption. If the purchaser or assignee delivers
2 the notice and service list for an additional service attempt
3 upon an entity or to a location that was not included on the
4 service list for the first attempt to the sheriff at least 4
5 months before the expiration of the period of redemption, then
6 the sheriff's failure to serve the notice in accordance with
7 this Section may be grounds for a sale in error under Section
8 22-50 but not under subparagraph (5) of subsection (a) of
9 Section 21-310. If the purchaser or assignee fails to deliver
10 the notice and service list for an additional service attempt
11 upon an entity or to a location that was not included on the
12 first service list to the sheriff at least 4 months prior to
13 the expiration of the period of redemption, then the sheriff's
14 failure to serve that additional notice in accordance with
15 this Section is not grounds for a sale in error under either
16 Section 22-50 or subparagraph (5) of subsection (a) of Section
17 21-310.

18 In counties of 3,000,000 or more inhabitants where a
19 taxing district is a petitioner for tax deed pursuant to
20 Section 21-90, in lieu of service by the sheriff or coroner the
21 notice may be served by a special process server appointed by
22 the circuit court as provided in this Section. The taxing
23 district may move prior to filing one or more petitions for tax
24 deed for appointment of such a special process server. The
25 court, upon being satisfied that the person named in the
26 motion is at least 18 years of age and is capable of serving

1 notice as required under this Code, shall enter an order
2 appointing such person as a special process server for a
3 period of one year. The appointment may be renewed for
4 successive periods of one year each by motion and order, and a
5 copy of the original and any subsequent order shall be filed in
6 each tax deed case in which a notice is served by the appointed
7 person. Delivery of the notice to and service of the notice by
8 the special process server shall have the same force and
9 effect as its delivery to and service by the sheriff or
10 coroner.

11 The same form of notice shall also be served, in the manner
12 set forth under Sections 2-203, 2-204, 2-205, 2-205.1, and
13 2-211 of the Code of Civil Procedure, upon all other owners and
14 parties interested in the property, if upon diligent inquiry
15 they can be found in the county, and upon the occupants of the
16 property.

17 If the property sold has more than 4 dwellings or other
18 rental units, and has a managing agent or party who collects
19 rents, that person shall be deemed the occupant and shall be
20 served with notice instead of the occupants of the individual
21 units. If the property has no dwellings or rental units, but
22 economic or recreational activities are carried on therein,
23 the person directing such activities shall be deemed the
24 occupant. Holders of rights of entry and possibilities of
25 reverter shall not be deemed parties interested in the
26 property.

1 When a party interested in the property is a trustee,
2 notice served upon the trustee shall be deemed to have been
3 served upon any beneficiary or note holder thereunder unless
4 the holder of the note is disclosed of record.

5 When a judgment is a lien upon the property sold, the
6 holder of the lien shall be served with notice if the name of
7 the judgment debtor as shown in the transcript, certified copy
8 or memorandum of judgment filed of record is identical, as to
9 given name and surname, with the name of the party interested
10 as it appears of record.

11 If any owner or party interested, upon diligent inquiry
12 and effort, cannot be found or served with notice in the county
13 as provided in this Section, and the person in actual
14 occupancy and possession is tenant to, or in possession under
15 the owners or the parties interested in the property, then
16 service of notice upon the tenant, occupant or person in
17 possession shall be deemed service upon the owners or parties
18 interested.

19 If any owner or party interested, upon diligent inquiry
20 and effort, cannot be found or served with notice in the
21 county, then the person making the service shall cause a copy
22 of the notice to be sent by registered or certified mail,
23 return receipt requested, to that party at his or her
24 residence, if ascertainable.

25 The changes to this Section made by Public Act 95-477
26 apply only to matters in which a petition for tax deed is filed

1 on or after June 1, 2008 (the effective date of Public Act
2 95-477).

4 (35 ILCS 200/22-40)

5 Sec. 22-40. Issuance of deed; possession.

6 (a) To obtain an order for issuance of tax deed, the
7 petitioner must provide sufficient evidence that:

8 (1) the redemption period has expired and the property
9 has not been redeemed;

10 (2) all taxes and special assessments which became due
11 and payable subsequent to the sale have been paid, unless
12 the county or its agent, as trustee pursuant to Section
13 21-90, is the petitioner;

14 (3) all forfeitures and sales which occur subsequent
15 to the sale are paid or redeemed, unless the county or its
16 agent, as trustee pursuant to Section 21-90, is the
17 petitioner;

18 (4) the notices required by law have been given, and
19 all advancements of public funds under the police power
20 made by a county, city, village, or town under Section
21 22-35 have been paid; and

22 (5) the petitioner has complied with all the
23 provisions of law entitling him or her to a deed.

24 Upon receipt of sufficient evidence of the requirements
25 under this subsection (a), the court shall find that the

1 petitioner complied with those requirements and shall enter an
2 order directing the county clerk, on the production of the tax
3 certificate and a certified copy of the order, to issue to the
4 purchaser or its assignee a tax deed. The court shall insist on
5 strict compliance with Section 22-10 through 22-25. Prior to
6 the entry of an order directing the issuance of a tax deed, the
7 petitioner shall furnish the court with a report of
8 proceedings of the evidence received on the application for
9 tax deed and the report of proceedings shall be filed and made
10 a part of the court record.

11 (b) Except as provided in subsection (e), if taxes for
12 years prior to the year or years sold are or become delinquent
13 subsequent to the date of sale, the court shall find that the
14 lien of those delinquent taxes has been or will be merged into
15 the tax deed grantee's title if the court determines that the
16 tax deed grantee or any prior holder of the certificate of
17 purchase, or any person or entity under common ownership or
18 control with any such grantee or prior holder of the
19 certificate of purchase, was at no time the holder of any
20 certificate of purchase for the years sought to be merged. If
21 delinquent taxes are merged into the tax deed pursuant to this
22 subsection, the court shall enter an order declaring which
23 specific taxes have been or will be merged into the tax deed
24 title and directing the county treasurer and county clerk to
25 reflect that declaration in the warrant and judgment records;
26 provided, that no such order shall be effective until a tax

1 deed has been issued and timely recorded. Nothing contained in
2 this Section shall relieve any owner liable for delinquent
3 property taxes under this Code from the payment of the taxes
4 that have been merged into the title upon issuance of the tax
5 deed.

6 (c) The county clerk is entitled to a fee of \$10 in
7 counties of 3,000,000 or more inhabitants and \$5 in counties
8 with less than 3,000,000 inhabitants for the issuance of the
9 tax deed, with the exception of deeds issued to the county
10 pursuant to its authority under Section 21-90. The clerk may
11 not include in a tax deed more than one property as listed,
12 assessed and sold in one description, except in cases where
13 several properties are owned by one person.

14 Upon application, the court shall enter an order to place
15 the tax deed grantee or the grantee's successor in interest in
16 possession of the property and may enter orders and grant
17 relief as may be necessary or desirable to maintain the
18 grantee or the grantee's successor in interest in possession.

19 (d) The court shall retain jurisdiction to enter orders
20 pursuant to subsections (b) and (c) of this Section. Public
21 Act 92-223 ~~This amendatory Act of the 92nd General Assembly~~
22 and Public Act 95-477 ~~this amendatory Act of the 95th General~~
23 ~~Assembly~~ shall be construed as being declarative of existing
24 law and not as a new enactment.

25 (e) Prior to the issuance of any tax deed under this
26 Section, the petitioner must redeem all taxes and special

1 assessments on the property that are subject to a pending tax
2 petition filed by a county or its assignee pursuant to Section
3 21-90.

4 (f) If, for any reason, a purchaser fails to obtain an
5 order for tax deed within the required time period and no sale
6 in error was granted or redemption paid, then the certificate
7 shall be forfeited to the county, as trustee, pursuant to
8 Section 21-90.

10 Section 325. The Telecommunications Excise Tax Act is
11 amended by changing Section 2 as follows:

12 (35 ILCS 630/2) (from Ch. 120, par. 2002)

13 Sec. 2. As used in this Article, unless the context
14 clearly requires otherwise:

15 (a) "Gross charge" means the amount paid for the act or
16 privilege of originating or receiving telecommunications in
17 this State and for all services and equipment provided in
18 connection therewith by a retailer, valued in money whether
19 paid in money or otherwise, including cash, credits, services,
20 and property of every kind or nature, and shall be determined
21 without any deduction on account of the cost of such
22 telecommunications, the cost of materials used, labor or
23 service costs, or any other expense whatsoever. In case credit
24 is extended, the amount thereof shall be included only as and

1 when paid. "Gross charges" for private line service shall
2 include charges imposed at each channel termination point
3 within this State, charges for the channel mileage between
4 each channel termination point within this State, and charges
5 for that portion of the interstate inter-office channel
6 provided within Illinois. Charges for that portion of the
7 interstate inter-office channel provided in Illinois shall be
8 determined by the retailer as follows: (i) for interstate
9 inter-office channels having 2 channel termination points,
10 only one of which is in Illinois, 50% of the total charge
11 imposed; or (ii) for interstate inter-office channels having
12 more than 2 channel termination points, one or more of which
13 are in Illinois, an amount equal to the total charge
14 multiplied by a fraction, the numerator of which is the number
15 of channel termination points within Illinois and the
16 denominator of which is the total number of channel
17 termination points. Prior to January 1, 2004, any method
18 consistent with this paragraph or other method that reasonably
19 apportions the total charges for interstate inter-office
20 channels among the states in which channel terminations points
21 are located shall be accepted as a reasonable method to
22 determine the charges for that portion of the interstate
23 inter-office channel provided within Illinois for that period.
24 However, "gross charges" shall not include any of the
25 following:

26 (1) Any amounts added to a purchaser's bill because of

1 a charge made pursuant to (i) the tax imposed by this
2 Article; (ii) charges added to customers' bills pursuant
3 to the provisions of Section ~~Sections~~ 9-221 or 9-222 of
4 the Public Utilities Act, as amended, or any similar
5 charges added to customers' bills by retailers who are not
6 subject to rate regulation by the Illinois Commerce
7 Commission for the purpose of recovering any of the tax
8 liabilities or other amounts specified in such provisions
9 of such Act; (iii) the tax imposed by Section 4251 of the
10 Internal Revenue Code; (iv) 911 surcharges; or (v) the tax
11 imposed by the Simplified Municipal Telecommunications Tax
12 Act.

13 (2) Charges for a sent collect telecommunication
14 received outside of the State.

15 (3) Charges for leased time on equipment or charges
16 for the storage of data or information for subsequent
17 retrieval or the processing of data or information
18 intended to change its form or content. Such equipment
19 includes, but is not limited to, the use of calculators,
20 computers, data processing equipment, tabulating
21 equipment, or accounting equipment and also includes the
22 usage of computers under a time-sharing agreement.

23 (4) Charges for customer equipment, including such
24 equipment that is leased or rented by the customer from
25 any source, wherein such charges are disaggregated and
26 separately identified from other charges.

1 (5) Charges to business enterprises certified under
2 Section 9-222.1 of the Public Utilities Act, as amended,
3 or under Section 95 of the Reimagining Energy and Vehicles
4 in Illinois Act, to the extent of such exemption and
5 during the period of time specified by the Department of
6 Commerce and Economic Opportunity.

7 (5.1) Charges to business enterprises certified under
8 the Manufacturing Illinois Chips for Real Opportunity
9 (MICRO) Act, to the extent of the exemption and during the
10 period of time specified by the Department of Commerce and
11 Economic Opportunity.

12 (5.2) Charges to entities certified under Section
13 605-1115 of the Department of Commerce and Economic
14 Opportunity Law of the Civil Administrative Code of
15 Illinois to the extent of the exemption and during the
16 period of time specified by the Department of Commerce and
17 Economic Opportunity.

18 (6) Charges for telecommunications and all services
19 and equipment provided in connection therewith between a
20 parent corporation and its wholly owned subsidiaries or
21 between wholly owned subsidiaries when the tax imposed
22 under this Article has already been paid to a retailer and
23 only to the extent that the charges between the parent
24 corporation and wholly owned subsidiaries or between
25 wholly owned subsidiaries represent expense allocation
26 between the corporations and not the generation of profit

1 for the corporation rendering such service.

2 (7) Bad debts. Bad debt means any portion of a debt
3 that is related to a sale at retail for which gross charges
4 are not otherwise deductible or excludable that has become
5 worthless or uncollectable, as determined under applicable
6 federal income tax standards. If the portion of the debt
7 deemed to be bad is subsequently paid, the retailer shall
8 report and pay the tax on that portion during the
9 reporting period in which the payment is made.

10 (8) Charges paid by inserting coins in coin-operated
11 telecommunication devices.

12 (9) Amounts paid by telecommunications retailers under
13 the Telecommunications Municipal Infrastructure
14 Maintenance Fee Act.

15 (10) Charges for nontaxable services or
16 telecommunications if (i) those charges are aggregated
17 with other charges for telecommunications that are
18 taxable, (ii) those charges are not separately stated on
19 the customer bill or invoice, and (iii) the retailer can
20 reasonably identify the nontaxable charges on the
21 retailer's books and records kept in the regular course of
22 business. If the nontaxable charges cannot reasonably be
23 identified, the gross charge from the sale of both taxable
24 and nontaxable services or telecommunications billed on a
25 combined basis shall be attributed to the taxable services
26 or telecommunications. The burden of proving nontaxable

1 charges shall be on the retailer of the
2 telecommunications.

3 (b) "Amount paid" means the amount charged to the
4 taxpayer's service address in this State regardless of where
5 such amount is billed or paid.

6 (c) "Telecommunications", in addition to the meaning
7 ordinarily and popularly ascribed to it, includes, without
8 limitation, messages or information transmitted through use of
9 local, toll, and wide area telephone service; private line
10 services; channel services; telegraph services;
11 teletypewriter; computer exchange services; cellular mobile
12 telecommunications service; specialized mobile radio;
13 stationary 2-way ~~two-way~~ radio; paging service; or any other
14 form of mobile and portable one-way or 2-way ~~two-way~~
15 communications; or any other transmission of messages or
16 information by electronic or similar means, between or among
17 points by wire, cable, fiber optics ~~fiber-optics~~, laser,
18 microwave, radio, satellite, or similar facilities. As used in
19 this Act, "private line" means a dedicated non-traffic
20 sensitive service for a single customer, that entitles the
21 customer to exclusive or priority use of a communications
22 channel or group of channels, from one or more specified
23 locations to one or more other specified locations. The
24 definition of "telecommunications" shall not include value
25 added services in which computer processing applications are
26 used to act on the form, content, code, and protocol of the

1 information for purposes other than transmission.
2 "Telecommunications" shall not include purchases of
3 telecommunications by a telecommunications service provider
4 for use as a component part of the service provided by him to
5 the ultimate retail consumer who originates or terminates the
6 taxable end-to-end communications. Carrier access charges,
7 right of access charges, charges for use of inter-company
8 facilities, and all telecommunications resold in the
9 subsequent provision of, used as a component of, or integrated
10 into end-to-end telecommunications service shall be
11 non-taxable as sales for resale.

12 (d) "Interstate telecommunications" means all
13 telecommunications that either originate or terminate outside
14 this State.

15 (e) "Intrastate telecommunications" means all
16 telecommunications that originate and terminate within this
17 State.

18 (f) "Department" means the Department of Revenue of the
19 State of Illinois.

20 (g) "Director" means the Director of Revenue for the
21 Department of Revenue of the State of Illinois.

22 (h) "Taxpayer" means a person who individually or through
23 his agents, employees, or permittees engages in the act or
24 privilege of originating or receiving telecommunications in
25 this State and who incurs a tax liability under this Article.

26 (i) "Person" means any natural individual, firm, trust,

1 estate, partnership, association, joint stock company, joint
2 venture, corporation, limited liability company, or a
3 receiver, trustee, guardian or other representative appointed
4 by order of any court, the federal ~~Federal~~ and State
5 governments, including State universities created by statute
6 or any city, town, county, or other political subdivision of
7 this State.

8 (j) "Purchase at retail" means the acquisition,
9 consumption, or use of telecommunication through a sale at
10 retail.

11 (k) "Sale at retail" means the transmitting, supplying, or
12 furnishing of telecommunications and all services and
13 equipment provided in connection therewith for a consideration
14 to persons other than the federal ~~Federal~~ and State
15 governments, and State universities created by statute and
16 other than between a parent corporation and its wholly owned
17 subsidiaries or between wholly owned subsidiaries for their
18 use or consumption and not for resale.

19 (l) "Retailer" means and includes every person engaged in
20 the business of making sales at retail as defined in this
21 Article. The Department may, in its discretion, upon
22 application, authorize the collection of the tax hereby
23 imposed by any retailer not maintaining a place of business
24 within this State, who, to the satisfaction of the Department,
25 furnishes adequate security to insure collection and payment
26 of the tax. Such retailer shall be issued, without charge, a

1 permit to collect such tax. When so authorized, it shall be the
2 duty of such retailer to collect the tax upon all of the gross
3 charges for telecommunications in this State in the same
4 manner and subject to the same requirements as a retailer
5 maintaining a place of business within this State. The permit
6 may be revoked by the Department at its discretion.

7 (m) "Retailer maintaining a place of business in this
8 State", or any like term, means and includes any retailer
9 having or maintaining within this State, directly or by a
10 subsidiary, an office, distribution facilities, transmission
11 facilities, sales office, warehouse or other place of
12 business, or any agent or other representative operating
13 within this State under the authority of the retailer or its
14 subsidiary, irrespective of whether such place of business or
15 agent or other representative is located here permanently or
16 temporarily, or whether such retailer or subsidiary is
17 licensed to do business in this State.

18 (n) "Service address" means the location of
19 telecommunications equipment from which the telecommunications
20 services are originated or at which telecommunications
21 services are received by a taxpayer. In the event this may not
22 be a defined location, as in the case of mobile phones, paging
23 systems, maritime systems, "service address" means the
24 customer's place of primary use as defined in the Mobile
25 Telecommunications Sourcing Conformity Act. For air-to-ground
26 systems and the like, "service address" shall mean the

1 location of a taxpayer's primary use of the telecommunications
2 equipment as defined by telephone number, authorization code,
3 or location in Illinois where bills are sent.

4 (o) "Prepaid telephone calling arrangements" mean the
5 right to exclusively purchase telephone or telecommunications
6 services that must be paid for in advance and enable the
7 origination of one or more intrastate, interstate, or
8 international telephone calls or other telecommunications
9 using an access number, an authorization code, or both,
10 whether manually or electronically dialed, for which payment
11 to a retailer must be made in advance, provided that, unless
12 recharged, no further service is provided once that prepaid
13 amount of service has been consumed. Prepaid telephone calling
14 arrangements include the recharge of a prepaid calling
15 arrangement. For purposes of this subsection, "recharge" means
16 the purchase of additional prepaid telephone or
17 telecommunications services whether or not the purchaser
18 acquires a different access number or authorization code.
19 "Prepaid telephone calling arrangement" does not include an
20 arrangement whereby a customer purchases a payment card and
21 pursuant to which the service provider reflects the amount of
22 such purchase as a credit on an invoice issued to that customer
23 under an existing subscription plan.

1 Section 330. The Telecommunications Infrastructure
2 Maintenance Fee Act is amended by changing Section 10 as
3 follows:

4 (35 ILCS 635/10)

5 Sec. 10. Definitions. In this Act:

6 (a) "Gross charges" means the amount paid to a
7 telecommunications retailer for the act or privilege of
8 originating or receiving telecommunications in this State and
9 for all services rendered in connection therewith, valued in
10 money whether paid in money or otherwise, including cash,
11 credits, services, and property of every kind or nature, and
12 shall be determined without any deduction on account of the
13 cost of such telecommunications, the cost of the materials
14 used, labor or service costs, or any other expense whatsoever.
15 In case credit is extended, the amount thereof shall be
16 included only as and when paid. "Gross charges" for private
17 line service shall include charges imposed at each channel
18 termination point within this State, charges for the channel
19 mileage between each channel termination point within this
20 State, and charges for that portion of the interstate
21 inter-office channel provided within Illinois. Charges for
22 that portion of the interstate inter-office channel provided
23 in Illinois shall be determined by the retailer as follows:
24 (i) for interstate inter-office channels having 2 channel

1 termination points, only one of which is in Illinois, 50% of
2 the total charge imposed; or (ii) for interstate inter-office
3 channels having more than 2 channel termination points, one or
4 more of which are in Illinois, an amount equal to the total
5 charge multiplied by a fraction, the numerator of which is the
6 number of channel termination points within Illinois and the
7 denominator of which is the total number of channel
8 termination points. Prior to January 1, 2004, any method
9 consistent with this paragraph or other method that reasonably
10 apportions the total charges for interstate inter-office
11 channels among the states in which channel terminations points
12 are located shall be accepted as a reasonable method to
13 determine the charges for that portion of the interstate
14 inter-office channel provided within Illinois for that period.
15 However, "gross charges" shall not include any of the
16 following:

17 (1) Any amounts added to a purchaser's bill because of
18 a charge made under: (i) the fee imposed by this Section,
19 (ii) additional charges added to a purchaser's bill under
20 Section 9-221 or 9-222 of the Public Utilities Act, (iii)
21 the tax imposed by the Telecommunications Excise Tax Act,
22 (iv) 911 surcharges, (v) the tax imposed by Section 4251
23 of the Internal Revenue Code, or (vi) the tax imposed by
24 the Simplified Municipal Telecommunications Tax Act.

25 (2) Charges for a sent collect telecommunication
26 received outside of this State.

1 (3) Charges for leased time on equipment or charges
2 for the storage of data or information or subsequent
3 retrieval or the processing of data or information
4 intended to change its form or content. Such equipment
5 includes, but is not limited to, the use of calculators,
6 computers, data processing equipment, tabulating
7 equipment, or accounting equipment and also includes the
8 usage of computers under a time-sharing agreement.

9 (4) Charges for customer equipment, including such
10 equipment that is leased or rented by the customer from
11 any source, wherein such charges are disaggregated and
12 separately identified from other charges.

13 (5) Charges to business enterprises certified under
14 Section 9-222.1 of the Public Utilities Act to the extent
15 of such exemption and during the period of time specified
16 by the Department of Commerce and Economic Opportunity.

17 (5.1) Charges to business enterprises certified under
18 Section 95 of the Reimagining Energy and Vehicles in
19 Illinois Act, to the extent of the exemption and during
20 the period of time specified by the Department of Commerce
21 and Economic Opportunity.

22 (5.2) Charges to business enterprises certified under
23 Section 110-95 of the Manufacturing Illinois Chips for
24 Real Opportunity (MICRO) Act, to the extent of the
25 exemption and during the period of time specified by the
26 Department of Commerce and Economic Opportunity.

1 (5.3) Charges to entities certified under Section
2 605-1115 of the Department of Commerce and Economic
3 Opportunity Law of the Civil Administrative Code of
4 Illinois to the extent of the exemption and during the
5 period of time specified by the Department of Commerce and
6 Economic Opportunity.

7 (6) Charges for telecommunications and all services
8 and equipment provided in connection therewith between a
9 parent corporation and its wholly owned subsidiaries or
10 between wholly owned subsidiaries, and only to the extent
11 that the charges between the parent corporation and wholly
12 owned subsidiaries or between wholly owned subsidiaries
13 represent expense allocation between the corporations and
14 not the generation of profit other than a regulatory
15 required profit for the corporation rendering such
16 services.

17 (7) Bad debts ("bad debt" means any portion of a debt
18 that is related to a sale at retail for which gross charges
19 are not otherwise deductible or excludable that has become
20 worthless or uncollectible, as determined under applicable
21 federal income tax standards; if the portion of the debt
22 deemed to be bad is subsequently paid, the retailer shall
23 report and pay the tax on that portion during the
24 reporting period in which the payment is made).

25 (8) Charges paid by inserting coins in coin-operated
26 telecommunication devices.

1 (9) Charges for nontaxable services or
2 telecommunications if (i) those charges are aggregated
3 with other charges for telecommunications that are
4 taxable, (ii) those charges are not separately stated on
5 the customer bill or invoice, and (iii) the retailer can
6 reasonably identify the nontaxable charges on the
7 retailer's books and records kept in the regular course of
8 business. If the nontaxable charges cannot reasonably be
9 identified, the gross charge from the sale of both taxable
10 and nontaxable services or telecommunications billed on a
11 combined basis shall be attributed to the taxable services
12 or telecommunications. The burden of proving nontaxable
13 charges shall be on the retailer of the
14 telecommunications.

15 (a-5) "Department" means the Illinois Department of
16 Revenue.

17 (b) "Telecommunications" includes, but is not limited to,
18 messages or information transmitted through use of local,
19 toll, and wide area telephone service, channel services,
20 telegraph services, teletypewriter service, computer exchange
21 services, private line services, specialized mobile radio
22 services, or any other transmission of messages or information
23 by electronic or similar means, between or among points by
24 wire, cable, fiber optics, laser, microwave, radio, satellite,
25 or similar facilities. Unless the context clearly requires
26 otherwise, "telecommunications" shall also include wireless

1 telecommunications as hereinafter defined.

2 "Telecommunications" shall not include value added services in
3 which computer processing applications are used to act on the
4 form, content, code, and protocol of the information for
5 purposes other than transmission. "Telecommunications" shall
6 not include purchase of telecommunications by a
7 telecommunications service provider for use as a component
8 part of the service provided by him or her to the ultimate
9 retail consumer who originates or terminates the end-to-end
10 communications. Retailer access charges, right of access
11 charges, charges for use of intercompany facilities, and all
12 telecommunications resold in the subsequent provision and used
13 as a component of, or integrated into, end-to-end
14 telecommunications service shall not be included in gross
15 charges as sales for resale. "Telecommunications" shall not
16 include the provision of cable services through a cable system
17 as defined in the Cable Communications Act of 1984 (47 U.S.C.
18 Sections 521 and following) as now or hereafter amended or
19 through an open video system as defined in the Rules of the
20 Federal Communications Commission (47 C.D.F. 76.1550 and
21 following) as now or hereafter amended. Beginning January 1,
22 2001, prepaid telephone calling arrangements shall not be
23 considered "telecommunications" subject to the tax imposed
24 under this Act. For purposes of this Section, "prepaid
25 telephone calling arrangements" means that term as defined in
26 Section 2-27 of the Retailers' Occupation Tax Act.

1 (c) "Wireless telecommunications" includes cellular mobile
2 telephone services, personal wireless services as defined in
3 Section 704(C) of the Telecommunications Act of 1996 (Public
4 Law No. 104-104) as now or hereafter amended, including all
5 commercial mobile radio services, and paging services.

6 (d) "Telecommunications retailer" or "retailer" or
7 "carrier" means and includes every person engaged in the
8 business of making sales of telecommunications at retail as
9 defined in this Section. The Department may, in its
10 discretion, upon applications, authorize the collection of the
11 fee hereby imposed by any retailer not maintaining a place of
12 business within this State, who, to the satisfaction of the
13 Department, furnishes adequate security to insure collection
14 and payment of the fee. When so authorized, it shall be the
15 duty of such retailer to pay the fee upon all of the gross
16 charges for telecommunications in the same manner and subject
17 to the same requirements as a retailer maintaining a place of
18 business within this State.

19 (e) "Retailer maintaining a place of business in this
20 State", or any like term, means and includes any retailer
21 having or maintaining within this State, directly or by a
22 subsidiary, an office, distribution facilities, transmission
23 facilities, sales office, warehouse, or other place of
24 business, or any agent or other representative operating
25 within this State under the authority of the retailer or its
26 subsidiary, irrespective of whether such place of business or

1 agent or other representative is located here permanently or
2 temporarily, or whether such retailer or subsidiary is
3 licensed to do business in this State.

4 (f) "Sale of telecommunications at retail" means the
5 transmitting, supplying, or furnishing of telecommunications
6 and all services rendered in connection therewith for a
7 consideration, other than between a parent corporation and its
8 wholly owned subsidiaries or between wholly owned
9 subsidiaries, when the gross charge made by one such
10 corporation to another such corporation is not greater than
11 the gross charge paid to the retailer for their use or
12 consumption and not for sale.

13 (g) "Service address" means the location of
14 telecommunications equipment from which telecommunications
15 services are originated or at which telecommunications
16 services are received. If this is not a defined location, as in
17 the case of wireless telecommunications, paging systems,
18 maritime systems, "service address" means the customer's place
19 of primary use as defined in the Mobile Telecommunications
20 Sourcing Conformity Act. For air-to-ground systems, and the
21 like, "service address" shall mean the location of the
22 customer's primary use of the telecommunications equipment as
23 defined by the location in Illinois where bills are sent.

1 Section 335. The Illinois Pension Code is amended by
2 changing Sections 9-169.2, 13-309, 13-310, and 15-112 as
3 follows:

4 (40 ILCS 5/9-169.2)

5 Sec. 9-169.2. Minimum required employer contribution. The
6 minimum required employer contribution for a specified year,
7 as set forth in the annual actuarial report required under
8 Section 9-169.1, shall be the amount determined by the Fund's
9 actuary to be equal to the sum of: (i) the projected normal
10 cost for pensions for that fiscal year based on the entry age
11 actuarial cost method, plus (ii) a projected unfunded
12 actuarial accrued liability amortization payment for pensions
13 for the fiscal year, plus (iii) projected expenses for that
14 fiscal year, plus (iv) interest to adjust for payment pattern
15 during the fiscal year, less (v) projected employee
16 contributions for that fiscal year.

17 The minimum required employer contribution for the next
18 year shall be submitted annually by the county on or before
19 June 14 of each year unless another time frame is agreed upon
20 by the county and the Fund.

21 For the purposes of this Section:

22 "5-Year smoothed actuarial value of assets" means the
23 value of assets as determined by a method that spreads the
24 effect of each year's investment return in excess of or below
25 the expected return.

1 "Entry age actuarial cost method" means a method of
2 determining the normal cost and is determined as a level
3 percentage of pay that, if paid from entry age to the assumed
4 retirement age, assuming all the actuarial assumptions are
5 exactly met by experience and no changes in assumptions or
6 benefit provisions, would accumulate to a fund sufficient to
7 pay all benefits provided by the Fund.

8 "Layered amortization" means a technique that separately
9 layers the different components of the unfunded actuarial
10 accrued liabilities to be amortized over a fixed period not to
11 exceed 30 years.

12 "Projected expenses" means the projected administrative
13 expenses for the cost of administering ~~administering~~ the
14 Fund.

15 "Projected normal costs for pensions" means the cost of
16 the benefits that accrue during the year for active members
17 under the entry age actuarial cost method.

18 "Unfunded actuarial accrued liability amortization
19 payment" means the annual contribution equal to the difference
20 between the values of assets and the accrued liabilities of
21 the plan, calculated by an actuary, needed to amortize the
22 Fund's liabilities over a period of 30 years starting in 2017,
23 with layered amortization of the Fund's unexpected unfunded
24 actuarial accrued liability amortization payment following
25 2017 in periods of 30 years, with amortization payments
26 increasing 2% per year, and reflecting a discount rate for all

1 liabilities consistent with the assumed investment rate of
2 return on fund assets and a 5-year smoothed actuarial value of
3 assets.

5 (40 ILCS 5/13-309) (from Ch. 108 1/2, par. 13-309)

6 Sec. 13-309. Duty disability benefit.

7 (a) Any employee who becomes disabled, which disability is
8 the result of an injury or illness compensable under the
9 Illinois Workers' Compensation Act or the Illinois Workers'
10 Occupational Diseases Act, is entitled to a duty disability
11 benefit during the period of disability for which the employee
12 does not receive any part of salary, or any part of a
13 retirement annuity under this Article; except that in the case
14 of an employee who first enters service on or after June 13,
15 1997 and becomes disabled before August 18, 2005 (the
16 effective date of Public Act 94-621), a duty disability
17 benefit is not payable for the first 3 days of disability that
18 would otherwise be payable under this Section if the
19 disability does not continue for at least 11 additional days.
20 The changes made to this Section by Public Act 94-621 are
21 prospective only and do not entitle an employee to a duty
22 disability benefit for the first 3 days of any disability that
23 occurred before that effective date and did not continue for
24 at least 11 additional days. This benefit shall be 75% of
25 salary at the date disability begins. However, if the

1 disability in any measure resulted from any physical defect or
2 disease which existed at the time such injury was sustained or
3 such illness commenced, the duty disability benefit shall be
4 50% of salary.

5 Unless the employer acknowledges that the disability is a
6 result of injury or illness compensable under the Workers'
7 Compensation Act or the Workers' Occupational Diseases Act,
8 the duty disability benefit shall not be payable until the
9 issue of compensability under those Acts is finally
10 adjudicated. The period of disability shall be as determined
11 by the Illinois Workers' Compensation Commission or
12 acknowledged by the employer.

13 An employee in service before June 13, 1997 shall also
14 receive a child's disability benefit during the period of
15 disability of \$10 per month for each unmarried natural or
16 adopted child of the employee under 18 years of age.

17 The first payment shall be made not later than one month
18 after the benefit is granted, and subsequent payments shall be
19 made at least monthly. The Board shall by rule prescribe for
20 the payment of such benefits on the basis of the amount of
21 salary lost during the period of disability.

22 (b) The benefit shall be allowed only if all of the
23 following requirements are met by the employee:

24 (1) Application is made to the Board.

25 (2) A medical report is submitted by at least one
26 licensed health care professional as part of the

1 employee's application.

2 (3) The employee is examined by at least one licensed
3 health care professional appointed by the Board and found
4 to be in a disabled physical condition and shall be
5 re-examined at least annually thereafter during the
6 continuance of disability. The employee need not be
7 examined by a licensed health care professional appointed
8 by the Board if the attorney for the district certifies in
9 writing that the employee is entitled to receive
10 compensation under the Workers' Compensation Act or the
11 Workers' Occupational Diseases Act. The Board may require
12 other evidence of disability.

13 (c) The benefit shall terminate when:

14 (1) The employee returns to work or receives a
15 retirement annuity paid wholly or in part under this
16 Article;

17 (2) The disability ceases;

18 (3) The employee attains age 65, but if the employee
19 becomes disabled at age 60 or later, benefits may be
20 extended for a period of no more than 5 years after
21 disablement;

22 (4) The employee (i) refuses to submit to reasonable
23 examinations by licensed health care professionals
24 appointed by the Board, (ii) fails or refuses to consent
25 to and sign an authorization allowing the Board to receive
26 copies of or to examine the employee's medical and

1 hospital records, or (iii) fails or refuses to provide
2 complete information regarding any other employment for
3 compensation he or she has received since becoming
4 disabled; or

5 (5) The employee willfully and continuously refuses to
6 follow medical advice and treatment to enable the employee
7 to return to work. However, this provision does not apply
8 to an employee who relies in good faith on treatment by
9 prayer through spiritual means alone in accordance with
10 the tenets and practice of a recognized church or
11 religious denomination, by a duly accredited practitioner
12 thereof.

13 In the case of a duty disability recipient who returns to
14 work, the employee must make application to the Retirement
15 Board within 2 years from the date the employee last received
16 duty disability benefits in order to become again entitled to
17 duty disability benefits based on the injury for which a duty
18 disability benefit was theretofore paid.

20 (40 ILCS 5/13-310) (from Ch. 108 1/2, par. 13-310)

21 Sec. 13-310. Ordinary disability benefit.

22 (a) Any employee who becomes disabled as the result of any
23 cause other than injury or illness incurred in the performance
24 of duty for the employer or any other employer, or while
25 engaged in self-employment activities, shall be entitled to an

1 ordinary disability benefit. The eligible period for this
2 benefit shall be 25% of the employee's total actual service
3 prior to the date of disability with a cumulative maximum
4 period of 5 years.

5 (b) The benefit shall be allowed only if the employee
6 files an application in writing with the Board, and a medical
7 report is submitted by at least one licensed health care
8 professional as part of the employee's application.

9 The benefit is not payable for any disability which begins
10 during any period of unpaid leave of absence. No benefit shall
11 be allowed for any period of disability prior to 30 days before
12 application is made, unless the Board finds good cause for the
13 delay in filing the application. The benefit shall not be paid
14 during any period for which the employee receives or is
15 entitled to receive any part of salary.

16 The benefit is not payable for any disability which begins
17 during any period of absence from duty other than allowable
18 vacation time in any calendar year. An employee whose
19 disability begins during any such ineligible period of absence
20 from service may not receive benefits until the employee
21 recovers from the disability and is in service for at least 15
22 consecutive working days after such recovery.

23 In the case of an employee who first enters service on or
24 after June 13, 1997, an ordinary disability benefit is not
25 payable for the first 3 days of disability that would
26 otherwise be payable under this Section if the disability does

1 not continue for at least 11 additional days.

2 Beginning on August 18, 2005 (the effective date of Public
3 Act 94-621) ~~this amendatory Act of the 94th General Assembly,~~
4 an employee who first entered service on or after June 13, 1997
5 is also eligible for ordinary disability benefits on the 31st
6 day after the last day worked, provided all sick leave is
7 exhausted.

8 (c) The benefit shall be 50% of the employee's salary at
9 the date of disability, and shall terminate when the earliest
10 of the following occurs:

11 (1) The employee returns to work or receives a
12 retirement annuity paid wholly or in part under this
13 Article;

14 (2) The disability ceases;

15 (3) The employee willfully and continuously refuses to
16 follow medical advice and treatment to enable the employee
17 to return to work. However, this provision does not apply
18 to an employee who relies in good faith on treatment by
19 prayer through spiritual means alone in accordance with
20 the tenets and practice of a recognized church or
21 religious denomination, by a duly accredited practitioner
22 thereof;

23 (4) The employee (i) refuses to submit to a reasonable
24 physical examination within 30 days of application by a
25 licensed health care professional appointed by the Board,
26 (ii) in the case of chronic alcoholism, the employee

1 refuses to join a rehabilitation program licensed by the
2 Department of Public Health of the State of Illinois and
3 certified by the Joint Commission on the Accreditation of
4 Hospitals, (iii) fails or refuses to consent to and sign
5 an authorization allowing the Board to receive copies of
6 or to examine the employee's medical and hospital records,
7 or (iv) fails or refuses to provide complete information
8 regarding any other employment for compensation he or she
9 has received since becoming disabled; or

10 (5) The eligibility ~~eligible~~ period for this benefit
11 has been exhausted.

12 The first payment of the benefit shall be made not later
13 than one month after the same has been granted, and subsequent
14 payments shall be made at least monthly.

25 final termination of employment or the 4 consecutive academic

1 years of service in which the employee's earnings were the

13 For an employee who is paid on an hourly basis or who
14 receives an annual salary in installments during 12 months of

3 compensation on the date the leave began.

4 (d) For an employee on disability leave, earnings are
5 assumed to be equal to the basic compensation on the date
6 disability occurs or the average earnings during the 24 months
7 immediately preceding the month in which disability occurs,
8 whichever is greater.

9 (e) For a Tier 1 member who retires on or after August 22,
10 1997 (the effective date of Public Act 90-511) ~~this amendatory~~
11 ~~Act of 1997~~ with at least 20 years of service as a firefighter
12 or police officer under this Article, the final rate of

19 during the academic year in which his or her employment is
20 terminated, the annual final rate of earnings shall be 25% of

1 an employee, that part of an employee's earnings for any
2 academic year beginning after June 30, 1997, which exceeds the
3 employee's earnings with that employer for the preceding year
4 by more than 20% ~~20 percent~~ shall be excluded; in the event
5 that an employee has more than one employer this limitation
6 shall be calculated separately for the earnings with each
7 employer. In making such calculation, only the basic
8 compensation of employees shall be considered, without regard
9 to vacation or overtime or to contracts for summer employment.
10 Beginning September 1, 2024, this subsection (g) also applies
11 to an employee who has been employed at 1/2 time or less for 3
12 or more years.

13 (h) The following are not considered as earnings in
14 determining the final rate of earnings: (1) severance or
15 separation pay, (2) retirement pay, (3) payment for unused
16 sick leave, and (4) payments from an employer for the period
17 used in determining the final rate of earnings for any purpose
18 other than (i) services rendered, (ii) leave of absence or

24 time in the name of the designated holder but such
25 registration shall not affect the negotiability of the coupons
26 attached.

3 Section 355. The Illinois Police Training Act is amended
4 by changing Section 8.2 and by setting forth, renumbering, and
5 changing multiple versions of Section 10.25 as follows:

6 (50 ILCS 705/8.2)

7 Sec. 8.2. Part-time law enforcement officers.

8 (a) A person hired to serve as a part-time law enforcement
9 officer must obtain from the Board a certificate (i) attesting
10 to the officer's successful completion of the part-time police
11 training course; (ii) attesting to the officer's satisfactory
12 completion of a training program of similar content and number
13 of hours that has been found acceptable by the Board under the
14 provisions of this Act; or (iii) a training waiver attesting
15 to the Board's determination that the part-time police
16 training course is unnecessary because of the person's prior
17 law enforcement experience obtained in Illinois, in any other
18 state, or with an agency of the federal government. A person
19 hired on or after March 14, 2002 (the effective date of Public
20 Act 92-533) ~~this amendatory Act of the 92nd General Assembly~~
21 must obtain this certificate within 18 months after the
22 initial date of hire as a probationary part-time law
23 enforcement officer in the State of Illinois. The probationary
24 part-time law enforcement officer must be enrolled and

1 accepted into a Board-approved course within 6 months after
2 active employment by any department in the State. A person
3 hired on or after January 1, 1996 and before March 14, 2002
4 (the effective date of Public Act 92-533) ~~this amendatory Act~~
5 ~~of the 92nd General Assembly~~ must obtain this certificate
6 within 18 months after the date of hire. A person hired before
7 January 1, 1996 must obtain this certificate within 24 months
8 after January 1, 1996 (the effective date of Public Act
9 89-170) ~~this amendatory Act of 1995~~. Agencies seeking a
10 reciprocity waiver for training completed outside of Illinois
11 must conduct a thorough background check and provide
12 verification of the officer's prior training. After review and
13 satisfaction of all requested conditions, the officer shall be
14 awarded an equivalency certificate satisfying the requirements
15 of this Section. Within 60 days after January 1, 2024 (the
16 effective date of Public Act 103-389) ~~this amendatory Act of~~
17 ~~the 103rd General Assembly~~, the Board shall adopt uniform
18 rules providing for a waiver process for a person previously
19 employed and qualified as a law enforcement or county
20 corrections officer under federal law or the laws of any other
21 state, or who has completed a basic law enforcement officer or
22 correctional officer academy who would be qualified to be
23 employed as a law enforcement officer or correctional officer
24 by the federal government or any other state. These rules
25 shall address the process for evaluating prior training
26 credit, a description and list of the courses typically

1 required for reciprocity candidates to complete prior to
2 taking the exam, and a procedure for employers seeking a
3 pre-activation determination for a reciprocity training
4 waiver. The rules shall provide that any eligible person
5 previously trained as a law enforcement or county corrections
6 officer under federal law or the laws of any other state shall
7 successfully complete the following prior to the approval of a
8 waiver:

9 (1) a training program or set of coursework approved
10 by the Board on the laws of this State relevant to the
11 duties and training requirements of law enforcement and
12 county correctional officers;

13 (2) firearms training; and

14 (3) successful passage of the equivalency
15 certification examination.

16 The employing agency may seek an extension waiver from the
17 Board extending the period for compliance. An extension waiver
18 shall be issued only for good and justifiable reasons, and the
19 probationary part-time law enforcement officer may not
20 practice as a part-time law enforcement officer during the
21 extension waiver period. If training is required and not
22 completed within the applicable time period, as extended by
23 any waiver that may be granted, then the officer must forfeit
24 the officer's position.

25 An individual who is not certified by the Board or whose
26 certified status is inactive shall not function as a law

1 enforcement officer, be assigned the duties of a law
2 enforcement officer by an agency, or be authorized to carry
3 firearms under the authority of the employer, except that
4 sheriffs who are elected are exempt from the requirement of
5 certified status. Failure to be in accordance with this Act
6 shall cause the officer to forfeit the officer's position.

7 (a-5) A part-time probationary law enforcement officer
8 shall be allowed to complete 6 ~~six~~ months of a part-time police
9 training course and function as a law enforcement officer as
10 permitted by this subsection with a waiver from the Board,
11 provided the part-time law enforcement officer is still
12 enrolled in the training course. If the part-time probationary
13 law enforcement officer withdraws from the course for any
14 reason or does not complete the course within the applicable
15 time period, as extended by any waiver that may be granted,
16 then the officer must forfeit the officer's position. A
17 probationary law enforcement officer must function under the
18 following rules:

19 (1) A law enforcement agency may not grant a person
20 status as a law enforcement officer unless the person has
21 been granted an active law enforcement officer
22 certification by the Board.

23 (2) A part-time probationary law enforcement officer
24 shall not be used as a permanent replacement for a
25 full-time law enforcement officer.

26 (3) A part-time probationary law enforcement officer

1 shall be directly supervised at all times by a
2 Board-certified ~~Board-certified~~ law enforcement officer.

3 Direct supervision requires oversight and control with the
4 supervisor having final decision-making authority as to
5 the actions of the recruit during duty hours.

6 (b) Inactive status. A person who has an inactive law
7 enforcement officer certification has no law enforcement
8 authority.

9 (1) A law enforcement officer's certification becomes
10 inactive upon termination, resignation, retirement, or
11 separation from the employing agency for any reason. The
12 Board shall reactivate ~~re-activate~~ a certification upon
13 written application from the law enforcement officer's
14 employing agency that shows the law enforcement officer:
15 (i) has accepted a part-time law enforcement position with
16 that a law enforcement agency, (ii) is not the subject of a
17 decertification proceeding, and (iii) meets all other
18 criteria for reactivation ~~re-activation~~ required by the
19 Board.

20 The Board may refuse to reactivate ~~re-activate~~ the
21 certification of a law enforcement officer who was
22 involuntarily terminated for good cause by the officer's
23 employing agency for conduct subject to decertification
24 under this Act or resigned or retired after receiving
25 notice of a law enforcement agency's investigation.

26 (2) A law enforcement agency may place an officer who

1 is currently certified on inactive status by sending a
2 written request to the Board. A law enforcement officer
3 whose certificate has been placed on inactive status shall
4 not function as a law enforcement officer until the
5 officer has completed any requirements for reactivating
6 the certificate as required by the Board. A request for
7 inactive status in this subsection shall be in writing,
8 accompanied by verifying documentation, and shall be
9 submitted to the Board by the law enforcement officer's
10 employing agency.

11 (3) Certification that has become inactive under
12 paragraph (2) of this subsection (b) shall be reactivated
13 by written notice from the law enforcement officer's law
14 enforcement agency upon a showing that the law enforcement
15 officer is: (i) employed in a part-time law enforcement
16 position with the same law enforcement agency, (ii) not
17 the subject of a decertification proceeding, and (iii)
18 meets all other criteria for reactivation ~~re-activation~~
19 required by the Board. The Board may also establish
20 special training requirements to be completed as a
21 condition for reactivation ~~re-activation~~.

22 The Board shall review a notice for reactivation from
23 a law enforcement agency and provide a response within 30
24 days. The Board may extend this review. A law enforcement
25 officer shall be allowed to be employed as a part-time law
26 enforcement officer while the law enforcement officer

1 reactivation waiver is under review.

2 A law enforcement officer who is refused reactivation
3 or an employing agency of a law enforcement officer who is
4 refused reactivation under this Section may request a
5 hearing in accordance with the hearing procedures as
6 outlined in subsection (h) of Section 6.3 of this Act.

7 (4) Notwithstanding paragraph (3) of this Section, a
8 law enforcement officer whose certification has become
9 inactive under paragraph (2) may have the officer's
10 employing agency submit a request for a waiver of training
11 requirements to the Board in writing and accompanied by
12 any verifying documentation. A grant of a waiver is within
13 the discretion of the Board. Within 7 days of receiving a
14 request for a waiver under this section, the Board shall
15 notify the law enforcement officer and the chief
16 administrator of the law enforcement officer's employing
17 agency, whether the request has been granted, denied, or
18 if the Board will take additional time for information. A
19 law enforcement agency or law enforcement officer, whose
20 request for a waiver under this subsection is denied, is
21 entitled to request a review of the denial by the Board.
22 The law enforcement agency must request a review within 20
23 days after the waiver being denied. The burden of proof
24 shall be on the law enforcement agency to show why the law
25 enforcement officer is entitled to a waiver of the
26 legislatively required training and eligibility

1 requirements.

2 (c) The part-time police training course referred to in
3 this Section shall be of similar content and the same number of
4 hours as the courses for full-time officers and shall be
5 provided by Mobile Team In-Service Training Units under the
6 Intergovernmental Law Enforcement Officer's In-Service
7 Training Act or by another approved program or facility in a
8 manner prescribed by the Board.

9 (d) Within 14 days, a law enforcement officer shall report
10 to the Board: (1) any name change; (2) any change in
11 employment; or (3) the filing of any criminal indictment or
12 charges against the officer alleging that the officer
13 committed any offense as enumerated in Section 6.1 of this
14 Act.

15 (e) All law enforcement officers must report the
16 completion of the training requirements required in this Act
17 in compliance with Section 8.4 of this Act.

18 (e-1) Each employing agency shall allow and provide an
19 opportunity for a law enforcement officer to complete the
20 requirements in this Act. All mandated training shall be
21 provided for at no cost to the employees. Employees shall be
22 paid for all time spent attending mandated training.

23 (e-2) Each agency, academy, or training provider shall
24 maintain proof of a law enforcement officer's completion of
25 legislatively required training in a format designated by the
26 Board. The report of training shall be submitted to the Board

1 within 30 days following completion of the training. A copy of
2 the report shall be submitted to the law enforcement officer.
3 Upon receipt of a properly completed report of training, the
4 Board will make the appropriate entry into the training
5 records of the law enforcement officer.

6 (f) For the purposes of this Section, the Board shall
7 adopt rules defining what constitutes employment on a
8 part-time basis.

9 (g) Notwithstanding any provision of law to the contrary,
10 the changes made to this Section by Public Act 102-694 ~~this~~
11 ~~amendatory Act of the 102nd General Assembly~~ and Public Act
12 101-652 take effect July 1, 2022.

16 Sec. 10.25. Training; cell phone medical information. The
17 Board shall develop and require each law enforcement officer
18 to participate in training on accessing and utilizing medical
19 information stored in cell phones. The Board may use the
20 program approved under Section 2310-711 of the Department of
21 Public Health Powers and Duties Law of the Civil
22 Administrative Code of Illinois to develop the Board's

2 Sec. 10.26 ~~10.25~~. Training; autism-informed response
3 training course.

4 (a) The Board shall develop or approve a course to assist
5 law enforcement officers in identifying and appropriately
6 responding to individuals with autism spectrum disorders.

7 (b) The Board shall conduct or approve the autism-informed
8 response training course no later than January 1, 2027 (2
9 years after the effective date of Public Act 103-949) ~~this~~
10 ~~amendatory Act of the 103rd General Assembly~~. The Board may
11 consult with the Department of Public Health or Department of
12 Human Services to develop and update the curriculum as needed.
13 The course must include instruction in autism-informed
14 responses, procedures, and techniques, which may include, but
15 are not limited to:

16 (1) recognizing the signs and symptoms of an autism
17 spectrum disorder;

18 (2) responding to the needs of a victim with an autism
19 spectrum disorder;

20 (3) interview and interrogation techniques for an
21 individual with an autism spectrum disorder; and

22 (4) techniques for differentiating an individual with
23 an autism spectrum disorder from a person who is being
24 belligerent and uncooperative.

25 The Board must, within a reasonable amount of time, update
26 this course, from time to time, to conform with national

1 trends and best practices.

2 (c) The Board is encouraged to adopt model policies to
3 assist law enforcement agencies in appropriately responding to
4 individuals with autism spectrum disorders.

7 by changing Section 7.1 as follows:

8 (50 ILCS 750/7.1)

9 (Section scheduled to be repealed on December 31, 2025)

10 Sec. 7.1. Training.

11 (a) Each 9-1-1 Authority, as well as its answering points,
12 shall ensure its public safety telecommunicators and public
13 safety telecommunicator Supervisors comply with the training,
14 testing, and certification requirements established pursuant
15 to Section 2605-53 of the Illinois ~~Department of~~ State Police
16 Law.

17 (b) Each 9-1-1 Authority, as well as its answering points,
18 shall maintain a record regarding its public safety
19 telecommunicators and public safety telecommunicator
20 Supervisors compliance with this Section for at least 7 years
21 and shall make the training records available for inspection
22 by the Administrator upon request.

23 (c) Costs incurred for the development of standards,
24 training, testing, and certification shall be expenses paid by

1 the Department from the funds available to the Administrator
2 and the Statewide 9-1-1 Advisory Board under Section 30 of
3 this Act. Nothing in this subsection shall prohibit the use of
4 grants or other nonsurcharge funding sources available for
5 this purpose.

14 provision of service directed by this Act.

15 (Source: P.A. 102-580, eff. 1-1-22; revised 7-29-24.)

16 Section 370. The Small Wireless Facilities Deployment Act
17 is amended by changing Section 15 as follows:

18 (50 ILCS 840/15) (was 50 ILCS 835/15)

19 (Section scheduled to be repealed on January 1, 2030)

20 Sec. 15. Regulation of small wireless facilities.

21 (a) This Section applies to activities of a wireless
22 provider within or outside rights-of-way.

1 (b) Except as provided in this Section, an authority may
2 not prohibit, regulate, or charge for the collocation of small
3 wireless facilities.

4 (c) Small wireless facilities shall be classified as
5 permitted uses and subject to administrative review in
6 conformance with this Act, except as provided in paragraph (5)
7 of subsection (d) of this Section regarding height exceptions
8 or variances, but not subject to zoning review or approval if
9 they are collocated (i) in rights-of-way in any zone, or (ii)
10 outside rights-of-way in property zoned exclusively for
11 commercial or industrial use.

12 (d) An authority may require an applicant to obtain one or
13 more permits to collocate a small wireless facility. An
14 authority shall receive applications for, process, and issue
15 permits subject to the following requirements:

16 (1) An authority may not directly or indirectly
17 require an applicant to perform services unrelated to the
18 collocation for which approval is sought, such as in-kind
19 contributions to the authority, including reserving fiber,
20 conduit, or utility pole space for the authority on the
21 wireless provider's utility pole. An authority may reserve
22 space on authority utility poles for future public safety
23 uses or for the authority's electric utility uses, but a
24 reservation of space may not preclude the collocation of a
25 small wireless facility unless the authority reasonably
26 determines that the authority utility pole cannot

1 accommodate both uses.

2 (2) An applicant shall not be required to provide more
3 information to obtain a permit than the authority requires
4 of a communications service provider that is not a
5 wireless provider that requests to attach facilities to a
6 structure; however, a wireless provider may be required to
7 provide the following information when seeking a permit to
8 collocate small wireless facilities on a utility pole or
9 wireless support structure:

10 (A) site specific structural integrity and, for an
11 authority utility pole, make-ready analysis prepared
12 by a structural engineer, as that term is defined in
13 Section 4 of the Structural Engineering Practice Act
14 of 1989;

15 (B) the location where each proposed small
16 wireless facility or utility pole would be installed
17 and photographs of the location and its immediate
18 surroundings depicting the utility poles or structures
19 on which each proposed small wireless facility would
20 be mounted or location where utility poles or
21 structures would be installed;

22 (C) specifications and drawings prepared by a
23 structural engineer, as that term is defined in
24 Section 4 of the Structural Engineering Practice Act
25 of 1989, for each proposed small wireless facility
26 covered by the application as it is proposed to be

1 installed;

2 (D) the equipment type and model numbers for the
3 antennas and all other wireless equipment associated
4 with the small wireless facility;

5 (E) a proposed schedule for the installation and
6 completion of each small wireless facility covered by
7 the application, if approved;

8 (F) certification that the collocation complies
9 with paragraph (6) to the best of the applicant's
10 knowledge; and

11 (G) the wireless provider's certification from a
12 radio engineer that it operates the small wireless
13 facility within all applicable FCC standards.

14 (3) Subject to paragraph (6), an authority may not
15 require the placement of small wireless facilities on any
16 specific utility pole, or category of utility poles, or
17 require multiple antenna systems on a single utility pole;
18 however, with respect to an application for the
19 collocation of a small wireless facility associated with a
20 new utility pole, an authority may propose that the small
21 wireless facility be collocated on an existing utility
22 pole or existing wireless support structure within 200
23 feet of the proposed collocation, which the applicant
24 shall accept if it has the right to use the alternate
25 structure on reasonable terms and conditions and the
26 alternate location and structure does not impose technical

1 limits or additional material costs as determined by the
2 applicant. The authority may require the applicant to
3 provide a written certification describing the property
4 rights, technical limits, or material cost reasons the
5 alternate location does not satisfy the criteria in this
6 paragraph (3).

7 (4) Subject to paragraph (6), an authority may not
8 limit the placement of small wireless facilities mounted
9 on a utility pole or a wireless support structure by
10 minimum horizontal separation distances.

11 (5) An authority may limit the maximum height of a
12 small wireless facility to 10 feet above the utility pole
13 or wireless support structure on which the small wireless
14 facility is collocated. Subject to any applicable waiver,
15 zoning, or other process that addresses wireless provider
16 requests for an exception or variance and does not
17 prohibit granting of such exceptions or variances, the
18 authority may limit the height of new or replacement
19 utility poles or wireless support structures on which
20 small wireless facilities are collocated to the higher of:
21 (i) 10 feet in height above the tallest existing utility
22 pole, other than a utility pole supporting only wireless
23 facilities, that is in place on the date the application
24 is submitted to the authority, that is located within 300
25 feet of the new or replacement utility pole or wireless
26 support structure and that is in the same right-of-way

1 within the jurisdictional boundary of the authority,
2 provided the authority may designate which intersecting
3 right-of-way within 300 feet of the proposed utility pole
4 or wireless support structures shall control the height
5 limitation for such facility; or (ii) 45 feet above ground
6 level.

7 (6) An authority may require that:

8 (A) the wireless provider's operation of the small
9 wireless facilities does not interfere with the
10 frequencies used by a public safety agency for public
11 safety communications; a wireless provider shall
12 install small wireless facilities of the type and
13 frequency that will not cause unacceptable
14 interference with a public safety agency's
15 communications equipment; unacceptable interference
16 will be determined by and measured in accordance with
17 industry standards and the FCC's regulations
18 addressing unacceptable interference to public safety
19 spectrum or any other spectrum licensed by a public
20 safety agency; if a small wireless facility causes
21 such interference, and the wireless provider has been
22 given written notice of the interference by the public
23 safety agency, the wireless provider, at its own
24 expense, shall take all reasonable steps necessary to
25 correct and eliminate the interference, including, but
26 not limited to, powering down the small wireless

1 facility and later powering up the small wireless
2 facility for intermittent testing, if necessary; the
3 authority may terminate a permit for a small wireless
4 facility based on such interference if the wireless
5 provider is not making a good faith effort to remedy
6 the problem in a manner consistent with the abatement
7 and resolution procedures for interference with public
8 safety spectrum established by the FCC including 47
9 CFR 22.970 through 47 CFR 22.973 and 47 CFR 90.672
10 through 47 CFR 90.675;

11 (B) the wireless provider comply with requirements
12 that are imposed by a contract between an authority
13 and a private property owner that concern design or
14 construction standards applicable to utility poles and
15 ground-mounted equipment located in the right-of-way;

16 (C) the wireless provider comply with applicable
17 spacing requirements in applicable codes and
18 ordinances concerning the location of ground-mounted
19 equipment located in the right-of-way if the
20 requirements include a waiver, zoning, or other
21 process that addresses wireless provider requests for
22 exception or variance and do not prohibit granting of
23 such exceptions or variances;

24 (D) the wireless provider comply with local code
25 provisions or regulations concerning undergrounding
26 requirements that prohibit the installation of new or

1 the modification of existing utility poles in a
2 right-of-way without prior approval if the
3 requirements include a waiver, zoning, or other
4 process that addresses requests to install such new
5 utility poles or modify such existing utility poles
6 and do not prohibit the replacement of utility poles;

7 (E) the wireless provider comply with generally
8 applicable standards that are consistent with this Act
9 and adopted by an authority for construction and
10 public safety in the rights-of-way, including, but not
11 limited to, reasonable and nondiscriminatory wiring
12 and cabling requirements, grounding requirements,
13 utility pole extension requirements, acoustic
14 regulations, and signage limitations; and shall comply
15 with reasonable and nondiscriminatory requirements
16 that are consistent with this Act and adopted by an
17 authority regulating the location, size, surface area
18 and height of small wireless facilities, or the
19 abandonment and removal of small wireless facilities;

20 (F) the wireless provider not collocate small
21 wireless facilities on authority utility poles that
22 are part of an electric distribution or transmission
23 system within the communication worker safety zone of
24 the pole or the electric supply zone of the pole;
25 however, the antenna and support equipment of the
26 small wireless facility may be located in the

1 communications space on the authority utility pole and
2 on the top of the pole, if not otherwise unavailable,
3 if the wireless provider complies with applicable
4 codes for work involving the top of the pole; for
5 purposes of this subparagraph (F), the terms
6 "communications space", "communication worker safety
7 zone", and "electric supply zone" have the meanings
8 given to those terms in the National Electric Safety
9 Code as published by the Institute of Electrical and
10 Electronics Engineers;

11 (G) the wireless provider comply with the
12 applicable codes and local code provisions or
13 regulations that concern public safety;

14 (H) the wireless provider comply with written
15 design standards that are generally applicable for
16 decorative utility poles, or reasonable stealth,
17 concealment, and aesthetic requirements that are
18 identified by the authority in an ordinance, written
19 policy adopted by the governing board of the
20 authority, a comprehensive plan, or other written
21 design plan that applies to other occupiers of the
22 rights-of-way, including on a historic landmark or in
23 a historic district;

24 (I) subject to subsection (c) of this Section, and
25 except for facilities excluded from evaluation for
26 effects on historic properties under 47 CFR

1 1.1307(a)(4), reasonable, technically feasible, and
2 non-discriminatory design or concealment measures in a
3 historic district or historic landmark; any such
4 design or concealment measures, including restrictions
5 on a specific category of poles, may not have the
6 effect of prohibiting any provider's technology; such
7 design and concealment measures shall not be
8 considered a part of the small wireless facility for
9 purposes of the size restrictions of a small wireless
10 facility; this paragraph may not be construed to limit
11 an authority's enforcement of historic preservation in
12 conformance with the requirements adopted pursuant to
13 the Illinois State Agency Historic Resources
14 Preservation Act or the National Historic Preservation
15 Act of 1966, 54 U.S.C. Section 300101 et seq., and the
16 regulations adopted to implement those laws; and

17 (J) When a wireless provider replaces or adds a
18 new radio transceiver or antennas to an existing small
19 wireless facility, certification by the wireless
20 provider from a radio engineer that the continuing
21 operation of the small wireless facility complies with
22 all applicable FCC standards.

23 (7) Within 30 days after receiving an application, an
24 authority must determine whether the application is
25 complete and notify the applicant. If an application is
26 incomplete, an authority must specifically identify the

1 missing information. An application shall be deemed
2 complete if the authority fails to provide notification to
3 the applicant within 30 days after when all documents,
4 information, and fees specifically enumerated in the
5 authority's permit application form are submitted by the
6 applicant to the authority. Processing deadlines are
7 tolled from the time the authority sends the notice of
8 incompleteness to the time the applicant provides the
9 missing information.

10 (8) An authority shall process applications as
11 follows:

12 (A) an application to collocate a small wireless
13 facility on an existing utility pole or wireless
14 support structure shall be processed on a
15 nondiscriminatory basis and deemed approved if the
16 authority fails to approve or deny the application
17 within 90 days; however, if an applicant intends to
18 proceed with the permitted activity on a deemed
19 approved basis, the applicant must notify the
20 authority in writing of its intention to invoke the
21 deemed approved remedy no sooner than 75 days after
22 the submission of a completed application; the permit
23 shall be deemed approved on the latter of the 90th day
24 after submission of the complete application or the
25 10th day after the receipt of the deemed approved
26 notice by the authority; the receipt of the deemed

1 approved notice shall not preclude the authority's
2 denial of the permit request within the time limits as
3 provided under this Act; and

4 (B) an application to collocate a small wireless
5 facility that includes the installation of a new
6 utility pole shall be processed on a nondiscriminatory
7 basis and deemed approved if the authority fails to
8 approve or deny the application within 120 days;
9 however, if an applicant intends to proceed with the
10 permitted activity on a deemed approved basis, the
11 applicant must notify the authority in writing of its
12 intention to invoke the deemed approved remedy no
13 sooner than 105 days after the submission of a
14 completed application; the permit shall be deemed
15 approved on the latter of the 120th day after
16 submission of the complete application or the 10th day
17 after the receipt of the deemed approved notice by the
18 authority; the receipt of the deemed approved notice
19 shall not preclude the authority's denial of the
20 permit request within the time limits as provided
21 under this Act.

22 (9) An authority shall approve an application unless
23 the application does not meet the requirements of this
24 Act. If an authority determines that applicable codes,
25 local code provisions or regulations that concern public
26 safety, or the requirements of paragraph (6) require that

1 the utility pole or wireless support structure be replaced
2 before the requested collocation, approval may be
3 conditioned on the replacement of the utility pole or
4 wireless support structure at the cost of the provider.
5 The authority must document the basis for a denial,
6 including the specific code provisions or application
7 conditions on which the denial was based, and send the
8 documentation to the applicant on or before the day the
9 authority denies an application. The applicant may cure
10 the deficiencies identified by the authority and resubmit
11 the revised application once within 30 days after notice
12 of denial is sent to the applicant without paying an
13 additional application fee. The authority shall approve or
14 deny the revised application within 30 days after the
15 applicant resubmits the application or it is deemed
16 approved; however, the applicant must notify the authority
17 in writing of its intention to proceed with the permitted
18 activity on a deemed approved basis, which may be
19 submitted with the resubmitted application. Any subsequent
20 review shall be limited to the deficiencies cited in the
21 denial. However, this revised application cure does not
22 apply if the cure requires the review of a new location,
23 new or different structure to be collocated upon, new
24 antennas, or other wireless equipment associated with the
25 small wireless facility.

26 (10) The time period for applications may be further

1 tolled by:

2 (A) the express agreement in writing by both the
3 applicant and the authority; or

4 (B) a local, State, or federal disaster
5 declaration or similar emergency that causes the
6 delay.

7 (11) An applicant seeking to collocate small wireless
8 facilities within the jurisdiction of a single authority
9 shall be allowed, at the applicant's discretion, to file a
10 consolidated application and receive a single permit for
11 the collocation of up to 25 small wireless facilities if
12 the collocations each involve substantially the same type
13 of small wireless facility and substantially the same type
14 of structure. If an application includes multiple small
15 wireless facilities, the authority may remove small
16 wireless facility collocations from the application and
17 treat separately small wireless facility collocations for
18 which incomplete information has been provided or that do
19 not qualify for consolidated treatment or that are denied.
20 The authority may issue separate permits for each
21 collocation that is approved in a consolidated
22 application.

23 (12) Collocation for which a permit is granted shall
24 be completed within 180 days after issuance of the permit,
25 unless the authority and the wireless provider agree to
26 extend this period or a delay is caused by make-ready work

1 for an authority utility pole or by the lack of commercial
2 power or backhaul availability at the site, provided the
3 wireless provider has made a timely request within 60 days
4 after the issuance of the permit for commercial power or
5 backhaul services, and the additional time to complete
6 installation does not exceed 360 days after issuance of
7 the permit. Otherwise, the permit shall be void unless the
8 authority grants an extension in writing to the applicant.

9 (13) The duration of a permit shall be for a period of
10 not less than 5 years, and the permit shall be renewed for
11 equivalent durations unless the authority makes a finding
12 that the small wireless facilities or the new or modified
13 utility pole do not comply with the applicable codes or
14 local code provisions or regulations in paragraphs (6) and
15 (9). If this Act is repealed as provided in Section 90,
16 renewals of permits shall be subject to the applicable
17 authority code provisions or regulations in effect at the
18 time of renewal.

19 (14) An authority may not prohibit, either expressly
20 or de facto, the (i) filing, receiving, or processing
21 applications, or (ii) issuing of permits or other
22 approvals, if any, for the collocation of small wireless
23 facilities unless there has been a local, State, or
24 federal disaster declaration or similar emergency that
25 causes the delay.

26 (15) Applicants shall submit applications, supporting

1 information, and notices by personal delivery or as
2 otherwise required by the authority. An authority may
3 require that permits, supporting information, and notices
4 be submitted by personal delivery at the authority's
5 designated place of business, by regular mail postmarked
6 on the date due, or by any other commonly used means,
7 including electronic mail, as required by the authority.

8 (e) Application fees are subject to the following
9 requirements:

10 (1) An authority may charge an application fee of up
11 to \$650 for an application to collocate a single small
12 wireless facility on an existing utility pole or wireless
13 support structure and up to \$350 for each small wireless
14 facility addressed in an application to collocate more
15 than one small wireless facility on existing utility poles
16 or wireless support structures.

17 (2) An authority may charge an application fee of
18 \$1,000 for each small wireless facility addressed in an
19 application that includes the installation of a new
20 utility pole for such collocation.

21 (3) Notwithstanding any contrary provision of State
22 law or local ordinance, applications pursuant to this
23 Section must be accompanied by the required application
24 fee.

25 (4) Within 2 months after the effective date of this
26 Act, an authority shall make available application fees

1 consistent with this subsection, through ordinance, or in
2 a written schedule of permit fees adopted by the
3 authority.

4 (5) Notwithstanding any provision of this Act to the
5 contrary, an authority may charge recurring rates and
6 application fees up to the amount permitted by the Federal
7 Communications ~~Communication~~ Commission in its Declaratory
8 Ruling and Third Report and Order adopted on September 26,
9 2018 in WT Docket Nos. 17-70, 17-84 and cited as 33 FCC Rcd
10 9088, 9129, or any subsequent ruling, order, or guidance
11 issued by the Federal Communication Commission regarding
12 fees and recurring rates.

13 (f) An authority shall not require an application,
14 approval, or permit, or require any fees or other charges,
15 from a communications service provider authorized to occupy
16 the rights-of-way, for: (i) routine maintenance; (ii) the
17 replacement of wireless facilities with wireless facilities
18 that are substantially similar, the same size, or smaller if
19 the wireless provider notifies the authority at least 10 days
20 prior to the planned replacement and includes equipment
21 specifications for the replacement of equipment consistent
22 with the requirements of subparagraph (D) of paragraph (2) of
23 subsection (d) of this Section; or (iii) the installation,
24 placement, maintenance, operation, or replacement of micro
25 wireless facilities that are suspended on cables that are
26 strung between existing utility poles in compliance with

1 applicable safety codes. However, an authority may require a
2 permit to work within rights-of-way for activities that affect
3 traffic patterns or require lane closures.

4 (g) Nothing in this Act authorizes a person to collocate
5 small wireless facilities on: (1) property owned by a private
6 party or property owned or controlled by a unit of local
7 government that is not located within rights-of-way, subject
8 to subsection (j) of this Section, or a privately owned
9 utility pole or wireless support structure without the consent
10 of the property owner; (2) property owned, leased, or
11 controlled by a park district, forest preserve district, or
12 conservation district for public park, recreation, or
13 conservation purposes without the consent of the affected
14 district, excluding the placement of facilities on
15 rights-of-way located in an affected district that are under
16 the jurisdiction and control of a different unit of local
17 government as provided by the Illinois Highway Code; or (3)
18 property owned by a rail carrier registered under Section
19 18c-7201 of the Illinois Vehicle Code, Metra Commuter Rail or
20 any other public commuter rail service, or an electric utility
21 as defined in Section 16-102 of the Public Utilities Act,
22 without the consent of the rail carrier, public commuter rail
23 service, or electric utility. The provisions of this Act do
24 not apply to an electric or gas public utility or such
25 utility's wireless facilities if the facilities are being
26 used, developed, and maintained consistent with the provisions

1 of subsection (i) of Section 16-108.5 of the Public Utilities
2 Act.

3 For the purposes of this subsection, "public utility" has
4 the meaning given to that term in Section 3-105 of the Public
5 Utilities Act. Nothing in this Act shall be construed to
6 relieve any person from any requirement (1) to obtain a
7 franchise or a State-issued authorization to offer cable
8 service or video service or (2) to obtain any required
9 permission to install, place, maintain, or operate
10 communications facilities, other than small wireless
11 facilities subject to this Act.

12 (h) Agreements between authorities and wireless providers
13 that relate to the collocation of small wireless facilities in
14 the right-of-way, including the collocation of small wireless
15 facilities on authority utility poles, that are in effect on
16 the effective date of this Act remain in effect for all small
17 wireless facilities collocated on the authority's utility
18 poles pursuant to applications submitted to the authority
19 before the effective date of this Act, subject to applicable
20 termination provisions. Such agreements entered into after the
21 effective date of the Act shall comply with the Act.

22 (i) An authority shall allow the collocation of small
23 wireless facilities on authority utility poles subject to the
24 following:

25 (1) An authority may not enter into an exclusive
26 arrangement with any person for the right to attach small

1 wireless facilities to authority utility poles.

2 (2) The rates and fees for collocations on authority
3 utility poles shall be nondiscriminatory regardless of the
4 services provided by the collocating person.

5 (3) An authority may charge an annual recurring rate
6 to collocate a small wireless facility on an authority
7 utility pole located in a right-of-way that equals (i)
8 \$270 per year or (ii) the actual, direct, and reasonable
9 costs related to the wireless provider's use of space on
10 the authority utility pole. Rates for collocation on
11 authority utility poles located outside of a right-of-way
12 are not subject to these limitations. In any controversy
13 concerning the appropriateness of a cost-based rate for an
14 authority utility pole located within a right-of-way, the
15 authority shall have the burden of proving that the rate
16 does not exceed the actual, direct, and reasonable costs
17 for the applicant's proposed use of the authority utility
18 pole. Nothing in this paragraph (3) prohibits a wireless
19 provider and an authority from mutually agreeing to an
20 annual recurring rate of less than \$270 to collocate a
21 small wireless facility on an authority utility pole.

22 (4) Authorities or other persons owning or controlling
23 authority utility poles within the right-of-way shall
24 offer rates, fees, and other terms that comply with
25 subparagraphs (A) through (E) of this paragraph (4).
26 Within 2 months after the effective date of this Act, an

1 authority or a person owning or controlling authority
2 utility poles shall make available, through ordinance or
3 an authority utility pole attachment agreement, license or
4 other agreement that makes available to wireless
5 providers, the rates, fees, and terms for the collocation
6 of small wireless facilities on authority utility poles
7 that comply with this Act and with subparagraphs (A)
8 through (E) of this paragraph (4). In the absence of such
9 an ordinance or agreement that complies with this Act, and
10 until such a compliant ordinance or agreement is adopted,
11 wireless providers may collocate small wireless facilities
12 and install utility poles under the requirements of this
13 Act.

14 (A) The rates, fees, and terms must be
15 nondiscriminatory, competitively neutral, and
16 commercially reasonable, and may address, among other
17 requirements, the requirements in subparagraphs (A)
18 through (I) of paragraph (6) of subsection (d) of this
19 Section; subsections (e), (i), and (k) of this
20 Section; Section 30; and Section 35, and must comply
21 with this Act.

22 (B) For authority utility poles that support
23 aerial facilities used to provide communications
24 services or electric service, wireless providers shall
25 comply with the process for make-ready work under 47
26 U.S.C. 224 and its implementing regulations, and the

1 authority shall follow a substantially similar process
2 for make-ready work except to the extent that the
3 timing requirements are otherwise addressed in this
4 Act. The good-faith estimate of the person owning or
5 controlling the authority utility pole for any
6 make-ready work necessary to enable the pole to
7 support the requested collocation shall include
8 authority utility pole replacement, if necessary.

9 (C) For authority utility poles that do not
10 support aerial facilities used to provide
11 communications services or electric service, the
12 authority shall provide a good-faith estimate for any
13 make-ready work necessary to enable the authority
14 utility pole to support the requested collocation,
15 including pole replacement, if necessary, within 90
16 days after receipt of a complete application.
17 Make-ready work, including any authority utility pole
18 replacement, shall be completed within 60 days of
19 written acceptance of the good-faith estimate by the
20 applicant at the wireless provider's sole cost and
21 expense. Alternatively, if the authority determines
22 that applicable codes or public safety regulations
23 require the authority utility pole to be replaced to
24 support the requested collocation, the authority may
25 require the wireless provider to replace the authority
26 utility pole at the wireless provider's sole cost and

1 expense.

2 (D) The authority shall not require more
3 make-ready work than required to meet applicable codes
4 or industry standards. Make-ready work may include
5 work needed to accommodate additional public safety
6 communications needs that are identified in a
7 documented and approved plan for the deployment of
8 public safety equipment as specified in paragraph (1)
9 of subsection (d) of this Section and included in an
10 existing or preliminary authority or public service
11 agency budget for attachment within one year of the
12 application. Fees for make-ready work, including any
13 authority utility pole replacement, shall not exceed
14 actual costs or the amount charged to communications
15 service providers for similar work and shall not
16 include any consultants' fees or expenses for
17 authority utility poles that do not support aerial
18 facilities used to provide communications services or
19 electric service. Make-ready work, including any pole
20 replacement, shall be completed within 60 days of
21 written acceptance of the good-faith estimate by the
22 wireless provider, at its sole cost and expense.

23 (E) A wireless provider that has an existing
24 agreement with the authority on the effective date of
25 the Act may accept the rates, fees, and terms that an
26 authority makes available under this Act for the

1 collocation of small wireless facilities or the
2 installation of new utility poles for the collocation
3 of small wireless facilities that are the subject of
4 an application submitted 2 or more years after the
5 effective date of the Act as provided in this
6 paragraph (4) by notifying the authority that it opts
7 to accept such rates, fees, and terms. The existing
8 agreement remains in effect, subject to applicable
9 termination provisions, for the small wireless
10 facilities the wireless provider has collocated on the
11 authority's utility poles pursuant to applications
12 submitted to the authority before the wireless
13 provider provides such notice and exercises its option
14 under this subparagraph.

15 (5) Notwithstanding any provision of this Act to the
16 contrary, an authority may charge recurring rates and
17 application fees up to the amount permitted by the Federal
18 Communications ~~Communication~~ Commission in its Declaratory
19 Ruling and Third Report and Order adopted on September 26,
20 2018 in WT Docket Nos. 17-70, 17-84 and cited as 33 FCC Rcd
21 9088, 9129, or any subsequent ruling, order, or guidance
22 issued by the Federal Communication Commission regarding
23 fees and recurring rates.

24 (j) An authority shall authorize the collocation of small
25 wireless facilities on utility poles owned or controlled by
26 the authority that are not located within rights-of-way to the

1 same extent the authority currently permits access to utility
2 poles for other commercial projects or uses. The collocations
3 shall be subject to reasonable and nondiscriminatory rates,
4 fees, and terms as provided in an agreement between the
5 authority and the wireless provider.

6 (k) Nothing in this Section precludes an authority from
7 adopting reasonable rules with respect to the removal of
8 abandoned small wireless facilities. A small wireless facility
9 that is not operated for a continuous period of 12 months shall
10 be considered abandoned and the owner of the facility must
11 remove the small wireless facility within 90 days after
12 receipt of written notice from the authority notifying the
13 owner of the abandonment. The notice shall be sent by
14 certified or registered mail, return receipt requested, by the
15 authority to the owner at the last known address of the owner.
16 If the small wireless facility is not removed within 90 days of
17 such notice, the authority may remove or cause the removal of
18 the facility pursuant to the terms of its pole attachment
19 agreement for authority utility poles or through whatever
20 actions are provided for abatement of nuisances or by other
21 law for removal and cost recovery. An authority may require a
22 wireless provider to provide written notice to the authority
23 if it sells or transfers small wireless facilities subject to
24 this Act within the jurisdictional boundary of the authority.
25 Such notice shall include the name and contact information of
26 the new wireless provider.

1 (1) Nothing in this Section requires an authority to
2 install or maintain any specific utility pole or to continue
3 to install or maintain utility poles in any location if the
4 authority makes a non-discriminatory decision to eliminate
5 above-ground utility poles of a particular type generally,
6 such as electric utility poles, in all or a significant
7 portion of its geographic jurisdiction. For authority utility
8 poles with collocated small wireless facilities in place when
9 an authority makes a decision to eliminate above-ground
10 utility poles of a particular type generally, the authority
11 shall either (i) continue to maintain the authority utility
12 pole or install and maintain a reasonable alternative utility
13 pole or wireless support structure for the collocation of the
14 small wireless facility, or (ii) offer to sell the utility
15 pole to the wireless provider at a reasonable cost or allow the
16 wireless provider to install its own utility pole so it can
17 maintain service from that location.

20 Section 375. The Counties Code is amended by changing
21 Sections 3-15003.6, 4-11001.5, 5-1009, 5-1069, 5-1069.3,
22 5-12020, 5-15017, 5-31012, 5-31016, 6-4002, and 6-27004 and by
23 setting forth, renumbering, and changing multiple versions of
24 Sections 5-1189 and 5-12022 as follows:

1 (55 ILCS 5/3-15003.6)

2 Sec. 3-15003.6. Pregnant committed persons.

3 (a) Definitions. For the purpose of this Section and the
4 Sections preceding Section 3-15004:

5 (1) "Restraints" means any physical restraint or
6 mechanical device used to control the movement of a body
7 or limbs, or both, including, but not limited to, flex
8 cuffs, soft restraints, hard metal handcuffs, a black box,
9 Chubb cuffs, leg irons, belly chains, a security (tether)
10 chain, or a convex shield, or shackles of any kind.

11 (2) "Labor" means the period of time before a birth
12 and shall include any medical condition in which an
13 individual is sent or brought to the hospital for the
14 purpose of delivering a baby. These situations include:
15 induction of labor, prodromal labor, pre-term labor,
16 prelabor rupture of membranes, the 3 stages of active
17 labor, uterine hemorrhage during the third trimester of
18 pregnancy, and caesarian delivery including pre-operative
19 preparation.

20 (3) "Postpartum" means the 6-week period following
21 birth unless determined to be a longer period by a
22 physician, advanced practice registered nurse, physician
23 assistant, or other qualified medical professional.

24 (4) "Correctional institution" means any entity under
25 the authority of a county law enforcement division that
26 has the power to detain or restrain, or both, a person

1 under the laws of the State.

2 (5) "Corrections official" means the official that is
3 responsible for oversight of a correctional institution,
4 or his or her designee.

5 (6) "Committed person" means any person incarcerated
6 or detained in any facility who is accused of, convicted
7 of, sentenced for, or adjudicated delinquent for,
8 violations of criminal law or the terms and conditions of
9 parole, probation, pretrial release, or diversionary
10 program, and any person detained under the immigration
11 laws of the United States at any correctional facility.

12 (7) "Extraordinary circumstance" means an
13 extraordinary medical or security circumstance, including
14 a substantial flight risk, that dictates restraints be
15 used to ensure the safety and security of the committed
16 person, the staff of the correctional institution or
17 medical facility, other committed persons, or the public.

18 (8) "Participant"± means an individual placed into an
19 electronic monitoring program, as defined by Section
20 5-8A-2 of the Unified Code of Corrections.

21 (b) A county department of corrections shall not apply
22 security restraints to a committed person that has been
23 determined by a qualified medical professional to be pregnant
24 or otherwise is known by the county department of corrections
25 to be pregnant or in postpartum recovery unless the
26 corrections official makes an individualized determination

1 that the committed person presents a substantial flight risk
2 or some other extraordinary circumstance that dictates
3 security restraints be used to ensure the safety and security
4 of the committed person, committed person's child or unborn
5 child, the staff of the county department of corrections or
6 medical facility, other committed persons, or the public. The
7 protections set out in clauses (b)(3) and (b)(4) of this
8 Section shall apply to security restraints used pursuant to
9 this subsection. The corrections official shall immediately
10 remove all restraints upon the written or oral request of
11 medical personnel. The corrections official shall immediately
12 remove all approved electronic monitoring devices, as that
13 term is defined in Section 5-8A-2 of the Unified Code of
14 Corrections, of a pregnant participant during labor and
15 delivery or earlier upon the written or oral request of
16 medical personnel. Oral requests made by medical personnel
17 shall be verified in writing as promptly as reasonably
18 possible.

19 (1) Qualified authorized health staff shall have the
20 authority to order therapeutic restraints for a pregnant
21 or postpartum committed person who is a danger to the
22 committed person, the committed person's child, unborn
23 child, or other persons due to a psychiatric or medical
24 disorder. Therapeutic restraints may only be initiated,
25 monitored, and discontinued by qualified and authorized
26 health staff and used to safely limit a committed person's

1 mobility for psychiatric or medical reasons. No order for
2 therapeutic restraints shall be written unless medical or
3 mental health personnel, after personally observing and
4 examining the committed person, are clinically satisfied
5 that the use of therapeutic restraints is justified and
6 permitted in accordance with hospital policies and
7 applicable State law. Metal handcuffs or shackles are not
8 considered therapeutic restraints.

9 (2) Whenever therapeutic restraints are used by
10 medical personnel, Section 2-108 of the Mental Health and
11 Developmental Disabilities Code shall apply.

12 (3) Leg irons, shackles, or waist shackles shall not
13 be used on any pregnant or postpartum committed person
14 regardless of security classification. Except for
15 therapeutic restraints under clause (b)(2), no restraints
16 of any kind may be applied to committed persons during
17 labor.

18 (4) When a pregnant or postpartum committed person
19 must be restrained, restraints used shall be the least
20 restrictive restraints possible to ensure the safety and
21 security of the committed person, the committed person's
22 child, unborn child, the staff of the county department of
23 corrections or medical facility, other committed persons,
24 or the public, and in no case shall include leg irons,
25 shackles, or waist shackles.

26 (5) Upon the pregnant committed person's entry into a

1 hospital room, and completion of initial room inspection,
2 a corrections official shall be posted immediately outside
3 the hospital room, unless requested to be in the room by
4 medical personnel attending to the committed person's
5 medical needs.

6 (6) The county department of corrections shall provide
7 adequate corrections personnel to monitor the pregnant
8 committed person during the committed person's transport
9 to and from the hospital and during the committed person's
10 stay at the hospital.

11 (7) Where the county department of corrections
12 requires committed person safety assessments, a
13 corrections official may enter the hospital room to
14 conduct periodic committed person safety assessments,
15 except during a medical examination or the delivery
16 process.

17 (8) (Blank).

18 (c) Enforcement. No later than 30 days before the end of
19 each fiscal year, the county sheriff or corrections official
20 of the correctional institution where a pregnant or postpartum
21 committed person has been restrained pursuant to this Section
22 during that previous fiscal year, shall submit a written
23 report to the Jail and Detention Standards Unit of the
24 Department of Corrections, in a form and manner prescribed by
25 the Department, that includes an account of every instance of
26 restraint pursuant to this Section. The written report shall

1 state the date, time, location, and rationale for each
2 instance in which restraints are used. The written report
3 shall not contain any individually identifying information of
4 any committed person. Such reports shall be made available for
5 public inspection.

19 (55 ILCS 5/5-1009) (from Ch. 34, par. 5-1009)

20 Sec. 5-1009. Limitation on home rule powers. Except as
21 provided in Sections 5-1006, 5-1006.5, 5-1006.8, 5-1006.9,
22 5-1007, and 5-1008, on and after September 1, 1990, no home
23 rule county has the authority to impose, pursuant to its home
24 rule authority, a retailers' occupation tax, service
25 occupation tax, use tax, sales tax, or other tax on the use,

1 sale, or purchase of tangible personal property based on the
2 gross receipts from such sales or the selling or purchase
3 price of said tangible personal property. Notwithstanding the
4 foregoing, this Section does not preempt any home rule imposed
5 tax such as the following: (1) a tax on alcoholic beverages,
6 whether based on gross receipts, volume sold, or any other
7 measurement; (2) a tax based on the number of units of
8 cigarettes or tobacco products; (3) a tax, however measured,
9 based on the use of a hotel or motel room or similar facility;
10 (4) a tax, however measured, on the sale or transfer of real
11 property; (5) a tax, however measured, on lease receipts; (6)
12 a tax on food prepared for immediate consumption and on
13 alcoholic beverages sold by a business which provides for on
14 premise consumption of said food or alcoholic beverages; or
15 (7) other taxes not based on the selling or purchase price or
16 gross receipts from the use, sale, or purchase of tangible
17 personal property. This Section does not preempt a home rule
18 county from imposing a tax, however measured, on the use, for
19 consideration, of a parking lot, garage, or other parking
20 facility.

21 On and after December 1, 2019, no home rule county has the
22 authority to impose, pursuant to its home rule authority, a
23 tax, however measured, on sales of aviation fuel, as defined
24 in Section 3 of the Retailers' Occupation Tax Act, unless the
25 tax revenue is expended for airport-related purposes. For
26 purposes of this Section, "airport-related purposes" has the

1 meaning ascribed in Section 6z-20.2 of the State Finance Act.
2 Aviation fuel shall be excluded from tax only for so long as
3 the revenue use requirements of 49 U.S.C. 47017(b) and 49
4 U.S.C. 47133 are binding on the county.

5 This Section is a limitation, pursuant to subsection (g)
6 of Section 6 of Article VII of the Illinois Constitution, on
7 the power of home rule units to tax. The changes made to this
8 Section by Public Act 101-10 are a denial and limitation of
9 home rule powers and functions under subsection (g) of Section
10 6 of Article VII of the Illinois Constitution.

13 (55 ILCS 5/5-1069)

14 (Text of Section before amendment by P.A. 103-808)

15 Sec. 5-1069. Group life, health, accident, hospital, and
16 medical insurance.

17 (a) The county board of any county may arrange to provide,
18 for the benefit of employees of the county, group life,
19 health, accident, hospital, and medical insurance, or any one
20 or any combination of those types of insurance, or the county
21 board may self-insure, for the benefit of its employees, all
22 or a portion of the employees' group life, health, accident,
23 hospital, and medical insurance, or any one or any combination
24 of those types of insurance, including a combination of
25 self-insurance and other types of insurance authorized by this

1 Section, provided that the county board complies with all
2 other requirements of this Section. The insurance may include
3 provision for employees who rely on treatment by prayer or
4 spiritual means alone for healing in accordance with the
5 tenets and practice of a well recognized religious
6 denomination. The county board may provide for payment by the
7 county of a portion or all of the premium or charge for the
8 insurance with the employee paying the balance of the premium
9 or charge, if any. If the county board undertakes a plan under
10 which the county pays only a portion of the premium or charge,
11 the county board shall provide for withholding and deducting
12 from the compensation of those employees who consent to join
13 the plan the balance of the premium or charge for the
14 insurance.

15 (b) If the county board does not provide for
16 self-insurance or for a plan under which the county pays a
17 portion or all of the premium or charge for a group insurance
18 plan, the county board may provide for withholding and
19 deducting from the compensation of those employees who consent
20 thereto the total premium or charge for any group life,
21 health, accident, hospital, and medical insurance.

22 (c) The county board may exercise the powers granted in
23 this Section only if it provides for self-insurance or, where
24 it makes arrangements to provide group insurance through an
25 insurance carrier, if the kinds of group insurance are
26 obtained from an insurance company authorized to do business

1 in the State of Illinois. The county board may enact an
2 ordinance prescribing the method of operation of the insurance
3 program.

4 (d) If a county, including a home rule county, is a
5 self-insurer for purposes of providing health insurance
6 coverage for its employees, the insurance coverage shall
7 include screening by low-dose mammography for all women 35
8 years of age or older for the presence of occult breast cancer
9 unless the county elects to provide mammograms itself under
10 Section 5-1069.1. The coverage shall be as follows:

11 (1) A baseline mammogram for women 35 to 39 years of
12 age.

13 (2) An annual mammogram for women 40 years of age or
14 older.

15 (3) A mammogram at the age and intervals considered
16 medically necessary by the woman's health care provider
17 for women under 40 years of age and having a family history
18 of breast cancer, prior personal history of breast cancer,
19 positive genetic testing, or other risk factors.

20 (4) For a group policy of accident and health
21 insurance that is amended, delivered, issued, or renewed
22 on or after January 1, 2020 (the effective date of Public
23 Act 101-580) ~~this amendatory Act of the 101st General~~
24 ~~Assembly~~, a comprehensive ultrasound screening of an
25 entire breast or breasts if a mammogram demonstrates
26 heterogeneous or dense breast tissue or when medically

1 necessary as determined by a physician licensed to
2 practice medicine in all of its branches, advanced
3 practice registered nurse, or physician assistant.

4 (5) For a group policy of accident and health
5 insurance that is amended, delivered, issued, or renewed
6 on or after January 1, 2020 (the effective date of Public
7 Act 101-580) ~~this amendatory Act of the 101st General~~
8 ~~Assembly~~, a diagnostic mammogram when medically necessary,
9 as determined by a physician licensed to practice medicine
10 in all its branches, advanced practice registered nurse,
11 or physician assistant.

12 A policy subject to this subsection shall not impose a
13 deductible, coinsurance, copayment, or any other cost-sharing
14 requirement on the coverage provided; except that this
15 sentence does not apply to coverage of diagnostic mammograms
16 to the extent such coverage would disqualify a high-deductible
17 health plan from eligibility for a health savings account
18 pursuant to Section 223 of the Internal Revenue Code (26
19 U.S.C. 223).

20 For purposes of this subsection:

21 "Diagnostic mammogram" means a mammogram obtained using
22 diagnostic mammography.

23 "Diagnostic mammography" means a method of screening that
24 is designed to evaluate an abnormality in a breast, including
25 an abnormality seen or suspected on a screening mammogram or a
26 subjective or objective abnormality otherwise detected in the

1 breast.

2 "Low-dose mammography" means the x-ray examination of the
3 breast using equipment dedicated specifically for mammography,
4 including the x-ray tube, filter, compression device, and
5 image receptor, with an average radiation exposure delivery of
6 less than one rad per breast for 2 views of an average size
7 breast. The term also includes digital mammography.

8 (d-5) Coverage as described by subsection (d) shall be
9 provided at no cost to the insured and shall not be applied to
10 an annual or lifetime maximum benefit.

11 (d-10) When health care services are available through
12 contracted providers and a person does not comply with plan
13 provisions specific to the use of contracted providers, the
14 requirements of subsection (d-5) are not applicable. When a
15 person does not comply with plan provisions specific to the
16 use of contracted providers, plan provisions specific to the
17 use of non-contracted providers must be applied without
18 distinction for coverage required by this Section and shall be
19 at least as favorable as for other radiological examinations
20 covered by the policy or contract.

21 (d-15) If a county, including a home rule county, is a
22 self-insurer for purposes of providing health insurance
23 coverage for its employees, the insurance coverage shall
24 include mastectomy coverage, which includes coverage for
25 prosthetic devices or reconstructive surgery incident to the
26 mastectomy. Coverage for breast reconstruction in connection

1 with a mastectomy shall include:

2 (1) reconstruction of the breast upon which the
3 mastectomy has been performed;

4 (2) surgery and reconstruction of the other breast to
5 produce a symmetrical appearance; and

6 (3) prostheses and treatment for physical
7 complications at all stages of mastectomy, including
8 lymphedemas.

9 Care shall be determined in consultation with the attending
10 physician and the patient. The offered coverage for prosthetic
11 devices and reconstructive surgery shall be subject to the
12 deductible and coinsurance conditions applied to the
13 mastectomy, and all other terms and conditions applicable to
14 other benefits. When a mastectomy is performed and there is no
15 evidence of malignancy then the offered coverage may be
16 limited to the provision of prosthetic devices and
17 reconstructive surgery to within 2 years after the date of the
18 mastectomy. As used in this Section, "mastectomy" means the
19 removal of all or part of the breast for medically necessary
20 reasons, as determined by a licensed physician.

21 A county, including a home rule county, that is a
22 self-insurer for purposes of providing health insurance
23 coverage for its employees, may not penalize or reduce or
24 limit the reimbursement of an attending provider or provide
25 incentives (monetary or otherwise) to an attending provider to
26 induce the provider to provide care to an insured in a manner

1 inconsistent with this Section.

2 (d-20) The requirement that mammograms be included in
3 health insurance coverage as provided in subsections (d)
4 through (d-15) is an exclusive power and function of the State
5 and is a denial and limitation under Article VII, Section 6,
6 subsection (h) of the Illinois Constitution of home rule
7 county powers. A home rule county to which subsections (d)
8 through (d-15) apply must comply with every provision of those
9 subsections.

10 (d-25) If a county, including a home rule county, is a
11 self-insurer for purposes of providing health insurance
12 coverage, the insurance coverage shall include joint mental
13 health therapy services for any member of the sheriff's
14 office, including the sheriff, and any spouse or partner of
15 the member who resides with the member.

16 The joint mental health therapy services provided under
17 this subsection shall be performed by a physician licensed to
18 practice medicine in all of its branches, a licensed clinical
19 psychologist, a licensed clinical social worker, a licensed
20 clinical professional counselor, a licensed marriage and
21 family therapist, a licensed social worker, or a licensed
22 professional counselor.

23 This subsection is a limitation under subsection (i) of
24 Section 6 of Article VII of the Illinois Constitution on the
25 concurrent exercise by home rule units of powers and functions
26 exercised by the State.

1 (e) The term "employees" as used in this Section includes
2 elected or appointed officials but does not include temporary
3 employees.

4 (f) The county board may, by ordinance, arrange to provide
5 group life, health, accident, hospital, and medical insurance,
6 or any one or a combination of those types of insurance, under
7 this Section to retired former employees and retired former
8 elected or appointed officials of the county.

9 (g) Rulemaking authority to implement this amendatory Act
10 of the 95th General Assembly, if any, is conditioned on the
11 rules being adopted in accordance with all provisions of the
12 Illinois Administrative Procedure Act and all rules and
13 procedures of the Joint Committee on Administrative Rules; any
14 purported rule not so adopted, for whatever reason, is
15 unauthorized.

16 (h) If a county, including a home rule county, is a
17 self-insurer for purposes of providing health insurance
18 coverage for its employees, the insurance coverage shall
19 include, on and after June 1, 2025, mental health counseling
20 for any county employee who is a first responder without
21 imposing a deductible, coinsurance, copayment, or any other
22 cost-sharing requirement on the coverage provided, except that
23 this subsection does not apply to the extent such coverage
24 would disqualify a high-deductible health plan from
25 eligibility for a health savings account pursuant to Section
26 223 of the Internal Revenue Code.

1 The requirement that mental health counseling be included
2 in health insurance coverage as provided in this subsection is
3 an exclusive power and function of the State and is a denial
4 and limitation under Article VII, Section 6, subsection (h) of
5 the Illinois Constitution of home rule county powers.

6 As used in this subsection:

7 "First responders" means police and corrections officers,
8 deputy sheriffs, firefighters, emergency medical services
9 personnel, as that term is defined in Section 3.5 of the
10 Emergency Medical Services (EMS) Systems Act, dispatched
11 pursuant to a 9-1-1 call, emergency medical dispatchers, as
12 that term is defined in Section 3.70 of the Emergency Medical
13 Services (EMS) Systems Act, public safety telecommunicators,
14 as that term is defined in Section 2 of the Emergency Telephone
15 System Act, and mental health professionals employed and
16 dispatched by any unit of local government in response to
17 emergency crisis calls received on public emergency service
18 lines instead of or in conjunction with law enforcement.

19 "Mental health counseling" means counseling therapy
20 sessions provided by a clinical social worker, professional
21 counselor, or licensed psychologist.

24 (Text of Section after amendment by P.A. 103-808)

25 Sec. 5-1069. Group life, health, accident, hospital, and

1 medical insurance.

2 (a) The county board of any county may arrange to provide,
3 for the benefit of employees of the county, group life,
4 health, accident, hospital, and medical insurance, or any one
5 or any combination of those types of insurance, or the county
6 board may self-insure, for the benefit of its employees, all
7 or a portion of the employees' group life, health, accident,
8 hospital, and medical insurance, or any one or any combination
9 of those types of insurance, including a combination of
10 self-insurance and other types of insurance authorized by this
11 Section, provided that the county board complies with all
12 other requirements of this Section. The insurance may include
13 provision for employees who rely on treatment by prayer or
14 spiritual means alone for healing in accordance with the
15 tenets and practice of a well recognized religious
16 denomination. The county board may provide for payment by the
17 county of a portion or all of the premium or charge for the
18 insurance with the employee paying the balance of the premium
19 or charge, if any. If the county board undertakes a plan under
20 which the county pays only a portion of the premium or charge,
21 the county board shall provide for withholding and deducting
22 from the compensation of those employees who consent to join
23 the plan the balance of the premium or charge for the
24 insurance.

25 (b) If the county board does not provide for
26 self-insurance or for a plan under which the county pays a

1 portion or all of the premium or charge for a group insurance
2 plan, the county board may provide for withholding and
3 deducting from the compensation of those employees who consent
4 thereto the total premium or charge for any group life,
5 health, accident, hospital, and medical insurance.

6 (c) The county board may exercise the powers granted in
7 this Section only if it provides for self-insurance or, where
8 it makes arrangements to provide group insurance through an
9 insurance carrier, if the kinds of group insurance are
10 obtained from an insurance company authorized to do business
11 in the State of Illinois. The county board may enact an
12 ordinance prescribing the method of operation of the insurance
13 program.

14 (d) If a county, including a home rule county, is a
15 self-insurer for purposes of providing health insurance
16 coverage for its employees, the insurance coverage shall
17 include screening by low-dose mammography for all patients 35
18 years of age or older for the presence of occult breast cancer
19 unless the county elects to provide mammograms itself under
20 Section 5-1069.1. The coverage shall be as follows:

21 (1) A baseline mammogram for patients 35 to 39 years
22 of age.

23 (2) An annual mammogram for patients 40 years of age
24 or older.

25 (3) A mammogram at the age and intervals considered
26 medically necessary by the patient's health care provider

1 for patients under 40 years of age and having a family
2 history of breast cancer, prior personal history of breast
3 cancer, positive genetic testing, or other risk factors.

4 (4) For a group policy of accident and health
5 insurance that is amended, delivered, issued, or renewed
6 on or after January 1, 2020 (the effective date of Public
7 Act 101-580), a comprehensive ultrasound screening of an
8 entire breast or breasts if a mammogram demonstrates
9 heterogeneous or dense breast tissue or when medically
10 necessary as determined by a physician licensed to
11 practice medicine in all of its branches, advanced
12 practice registered nurse, or physician assistant.

13 (4.5) For a group policy of accident and health
14 insurance that is amended, delivered, issued, or renewed
15 on or after January 1, 2026 (the effective date of Public
16 Act 103-808) ~~this amendatory Act of the 103rd General~~
17 ~~Assembly~~, molecular breast imaging (MBI) and magnetic
18 resonance imaging of an entire breast or breasts if a
19 mammogram demonstrates heterogeneous or dense breast
20 tissue or when medically necessary as determined by a
21 physician licensed to practice medicine in all of its
22 branches, advanced practice registered nurse, or physician
23 assistant.

24 (5) For a group policy of accident and health
25 insurance that is amended, delivered, issued, or renewed
26 on or after January 1, 2020 (the effective date of Public

1 Act 101-580), a diagnostic mammogram when medically
2 necessary, as determined by a physician licensed to
3 practice medicine in all its branches, advanced practice
4 registered nurse, or physician assistant.

5 A policy subject to this subsection shall not impose a
6 deductible, coinsurance, copayment, or any other cost-sharing
7 requirement on the coverage provided; except that this
8 sentence does not apply to coverage of diagnostic mammograms
9 to the extent such coverage would disqualify a high-deductible
10 health plan from eligibility for a health savings account
11 pursuant to Section 223 of the Internal Revenue Code (26
12 U.S.C. 223).

13 For purposes of this subsection:

14 "Diagnostic mammogram" means a mammogram obtained using
15 diagnostic mammography.

16 "Diagnostic mammography" means a method of screening that
17 is designed to evaluate an abnormality in a breast, including
18 an abnormality seen or suspected on a screening mammogram or a
19 subjective or objective abnormality otherwise detected in the
20 breast.

21 "Low-dose mammography" means the x-ray examination of the
22 breast using equipment dedicated specifically for mammography,
23 including the x-ray tube, filter, compression device, and
24 image receptor, with an average radiation exposure delivery of
25 less than one rad per breast for 2 views of an average size
26 breast. The term also includes digital mammography.

1 (d-5) Coverage as described by subsection (d) shall be
2 provided at no cost to the insured and shall not be applied to
3 an annual or lifetime maximum benefit.

4 (d-10) When health care services are available through
5 contracted providers and a person does not comply with plan
6 provisions specific to the use of contracted providers, the
7 requirements of subsection (d-5) are not applicable. When a
8 person does not comply with plan provisions specific to the
9 use of contracted providers, plan provisions specific to the
10 use of non-contracted providers must be applied without
11 distinction for coverage required by this Section and shall be
12 at least as favorable as for other radiological examinations
13 covered by the policy or contract.

14 (d-15) If a county, including a home rule county, is a
15 self-insurer for purposes of providing health insurance
16 coverage for its employees, the insurance coverage shall
17 include mastectomy coverage, which includes coverage for
18 prosthetic devices or reconstructive surgery incident to the
19 mastectomy. Coverage for breast reconstruction in connection
20 with a mastectomy shall include:

21 (1) reconstruction of the breast upon which the
22 mastectomy has been performed;

23 (2) surgery and reconstruction of the other breast to
24 produce a symmetrical appearance; and

25 (3) prostheses and treatment for physical
26 complications at all stages of mastectomy, including

1 lymphedemas.

2 Care shall be determined in consultation with the attending
3 physician and the patient. The offered coverage for prosthetic
4 devices and reconstructive surgery shall be subject to the
5 deductible and coinsurance conditions applied to the
6 mastectomy, and all other terms and conditions applicable to
7 other benefits. When a mastectomy is performed and there is no
8 evidence of malignancy then the offered coverage may be
9 limited to the provision of prosthetic devices and
10 reconstructive surgery to within 2 years after the date of the
11 mastectomy. As used in this Section, "mastectomy" means the
12 removal of all or part of the breast for medically necessary
13 reasons, as determined by a licensed physician.

14 A county, including a home rule county, that is a
15 self-insurer for purposes of providing health insurance
16 coverage for its employees, may not penalize or reduce or
17 limit the reimbursement of an attending provider or provide
18 incentives (monetary or otherwise) to an attending provider to
19 induce the provider to provide care to an insured in a manner
20 inconsistent with this Section.

21 (d-20) The requirement that mammograms be included in
22 health insurance coverage as provided in subsections (d)
23 through (d-15) is an exclusive power and function of the State
24 and is a denial and limitation under Article VII, Section 6,
25 subsection (h) of the Illinois Constitution of home rule
26 county powers. A home rule county to which subsections (d)

1 through (d-15) apply must comply with every provision of those
2 subsections.

3 (d-25) If a county, including a home rule county, is a
4 self-insurer for purposes of providing health insurance
5 coverage, the insurance coverage shall include joint mental
6 health therapy services for any member of the sheriff's
7 office, including the sheriff, and any spouse or partner of
8 the member who resides with the member.

9 The joint mental health therapy services provided under
10 this subsection shall be performed by a physician licensed to
11 practice medicine in all of its branches, a licensed clinical
12 psychologist, a licensed clinical social worker, a licensed
13 clinical professional counselor, a licensed marriage and
14 family therapist, a licensed social worker, or a licensed
15 professional counselor.

16 This subsection is a limitation under subsection (i) of
17 Section 6 of Article VII of the Illinois Constitution on the
18 concurrent exercise by home rule units of powers and functions
19 exercised by the State.

20 (e) The term "employees" as used in this Section includes
21 elected or appointed officials but does not include temporary
22 employees.

23 (f) The county board may, by ordinance, arrange to provide
24 group life, health, accident, hospital, and medical insurance,
25 or any one or a combination of those types of insurance, under
26 this Section to retired former employees and retired former

1 elected or appointed officials of the county.

2 (g) Rulemaking authority to implement this amendatory Act
3 of the 95th General Assembly, if any, is conditioned on the
4 rules being adopted in accordance with all provisions of the
5 Illinois Administrative Procedure Act and all rules and
6 procedures of the Joint Committee on Administrative Rules; any
7 purported rule not so adopted, for whatever reason, is
8 unauthorized.

9 (h) If a county, including a home rule county, is a
10 self-insurer for purposes of providing health insurance
11 coverage for its employees, the insurance coverage shall
12 include, on and after June 1, 2025, mental health counseling
13 for any county employee who is a first responder without
14 imposing a deductible, coinsurance, copayment, or any other
15 cost-sharing requirement on the coverage provided, except that
16 this subsection does not apply to the extent such coverage
17 would disqualify a high-deductible health plan from
18 eligibility for a health savings account pursuant to Section
19 223 of the Internal Revenue Code.

20 The requirement that mental health counseling be included
21 in health insurance coverage as provided in this subsection is
22 an exclusive power and function of the State and is a denial
23 and limitation under Article VII, Section 6, subsection (h) of
24 the Illinois Constitution of home rule county powers.

25 As used in this subsection:

26 "First responders" means police and corrections officers,

1 deputy sheriffs, firefighters, emergency medical services
2 personnel, as that term is defined in Section 3.5 of the
3 Emergency Medical Services (EMS) Systems Act, dispatched
4 pursuant to a 9-1-1 call, emergency medical dispatchers, as
5 that term is defined in Section 3.70 of the Emergency Medical
6 Services (EMS) Systems Act, public safety telecommunicators,
7 as that term is defined in Section 2 of the Emergency Telephone
8 System Act, and mental health professionals employed and
9 dispatched by any unit of local government in response to
10 emergency crisis calls received on public emergency service
11 lines instead of or in conjunction with law enforcement.

12 "Mental health counseling" means counseling therapy
13 sessions provided by a clinical social worker, professional
14 counselor, or licensed psychologist.

19 including a home rule county, is a self-insurer for purposes
20 of providing health insurance coverage for its employees, the
21 coverage shall include coverage for the post-mastectomy care
22 benefits required to be covered by a policy of accident and
23 health insurance under Section 356t and the coverage required
24 under Sections 356g, 356g.5, 356g.5-1, 356m, 356q, 356u,

7 coverage shall comply with Sections 155.22a, 355b, 356z.19,
8 and 370c of the Illinois Insurance Code. The Department of
9 Insurance shall enforce the requirements of this Section. The
10 requirement that health benefits be covered as provided in
11 this Section is an exclusive power and function of the State
12 and is a denial and limitation under Article VII, Section 6,

22 infrastructure for broadband. A county may lease, license, or
23 otherwise grant access to and use of infrastructure, including
24 fiber optic cables, that the county owns or controls to public

1 or private entities to facilitate the delivery of broadband
2 services on the condition that the lease, license, access, or
3 use: (1) be granted on a nondiscriminatory, nonexclusive, and
4 competitively neutral basis; and (2) comply with all other
5 State and federal laws, rules, and regulations, including, but
6 not limited to, all applicable safety codes and requirements.
7 However, nothing in this Section shall be construed to
8 authorize a county to lease, license, or otherwise grant
9 access to or use of infrastructure that the county does not own
10 or control to public or private entities to facilitate the
11 delivery of broadband services. This Section applies to
12 leases, licenses, or other agreements entered into, amended,

20 (a) As used in this Section, "problem-solving court" means
21 a court program regulated under the Drug Court Treatment Act,
22 the Juvenile Drug Court Treatment Act, the Mental Health Court
23 Treatment Act, or the Veterans and Servicemembers Court
24 Treatment Act.

25 (b) Notwithstanding any other provision of law, a county

1 may use funds designated by law or ordinance for
2 transportation purposes to fund rides for persons to attend
3 problem-solving courts. The county may enter into an

7 (55 ILCS 5/5-12020)

8 Sec. 5-12020. Commercial wind energy facilities and
9 commercial solar energy facilities.

10 (a) As used in this Section:

11 "Commercial solar energy facility" means a "commercial
12 solar energy system" as defined in Section 10-720 of the
13 Property Tax Code. "Commercial solar energy facility" does not
14 mean a utility-scale solar energy facility being constructed
15 at a site that was eligible to participate in a procurement
16 event conducted by the Illinois Power Agency pursuant to
17 subsection (c-5) of Section 1-75 of the Illinois Power Agency
18 Act.

19 "Commercial wind energy facility" means a wind energy
20 conversion facility of equal or greater than 500 kilowatts in
21 total nameplate generating capacity. "Commercial wind energy
22 facility" includes a wind energy conversion facility seeking
23 an extension of a permit to construct granted by a county or
24 municipality before January 27, 2023 (the effective date of
25 Public Act 102-1123).

1 "Facility owner" means (i) a person with a direct
2 ownership interest in a commercial wind energy facility or a
3 commercial solar energy facility, or both, regardless of
4 whether the person is involved in acquiring the necessary
5 rights, permits, and approvals or otherwise planning for the
6 construction and operation of the facility, and (ii) at the
7 time the facility is being developed, a person who is acting as
8 a developer of the facility by acquiring the necessary rights,
9 permits, and approvals or by planning for the construction and
10 operation of the facility, regardless of whether the person
11 will own or operate the facility.

12 "Nonparticipating property" means real property that is
13 not a participating property.

14 "Nonparticipating residence" means a residence that is
15 located on nonparticipating property and that is existing and
16 occupied on the date that an application for a permit to
17 develop the commercial wind energy facility or the commercial
18 solar energy facility is filed with the county.

19 "Occupied community building" means any one or more of the
20 following buildings that is existing and occupied on the date
21 that the application for a permit to develop the commercial
22 wind energy facility or the commercial solar energy facility
23 is filed with the county: a school, place of worship, day care
24 facility, public library, or community center.

25 "Participating property" means real property that is the
26 subject of a written agreement between a facility owner and

1 the owner of the real property that provides the facility
2 owner an easement, option, lease, or license to use the real
3 property for the purpose of constructing a commercial wind
4 energy facility, a commercial solar energy facility, or
5 supporting facilities. "Participating property" also includes
6 real property that is owned by a facility owner for the purpose
7 of constructing a commercial wind energy facility, a
8 commercial solar energy facility, or supporting facilities.

9 "Participating residence" means a residence that is
10 located on participating property and that is existing and
11 occupied on the date that an application for a permit to
12 develop the commercial wind energy facility or the commercial
13 solar energy facility is filed with the county.

14 "Protected lands" means real property that is:

15 (1) subject to a permanent conservation right
16 consistent with the Real Property Conservation Rights Act;
17 or

18 (2) registered or designated as a nature preserve,
19 buffer, or land and water reserve under the Illinois
20 Natural Areas Preservation Act.

21 "Supporting facilities" means the transmission lines,
22 substations, access roads, meteorological towers, storage
23 containers, and equipment associated with the generation and
24 storage of electricity by the commercial wind energy facility
25 or commercial solar energy facility.

26 "Wind tower" includes the wind turbine tower, nacelle, and

1 blades.

2 (b) Notwithstanding any other provision of law or whether
3 the county has formed a zoning commission and adopted formal
4 zoning under Section 5-12007, a county may establish standards
5 for commercial wind energy facilities, commercial solar energy
6 facilities, or both. The standards may include all of the
7 requirements specified in this Section but may not include
8 requirements for commercial wind energy facilities or
9 commercial solar energy facilities that are more restrictive
10 than specified in this Section. A county may also regulate the
11 siting of commercial wind energy facilities with standards
12 that are not more restrictive than the requirements specified
13 in this Section in unincorporated areas of the county that are
14 outside the zoning jurisdiction of a municipality and that are
15 outside the 1.5-mile radius surrounding the zoning
16 jurisdiction of a municipality.

17 (c) If a county has elected to establish standards under
18 subsection (b), before the county grants siting approval or a
19 special use permit for a commercial wind energy facility or a
20 commercial solar energy facility, or modification of an
21 approved siting or special use permit, the county board of the
22 county in which the facility is to be sited or the zoning board
23 of appeals for the county shall hold at least one public
24 hearing. The public hearing shall be conducted in accordance
25 with the Open Meetings Act and shall be held not more than 60
26 days after the filing of the application for the facility. The

1 county shall allow interested parties to a special use permit
2 an opportunity to present evidence and to cross-examine
3 witnesses at the hearing, but the county may impose reasonable
4 restrictions on the public hearing, including reasonable time
5 limitations on the presentation of evidence and the
6 cross-examination of witnesses. The county shall also allow
7 public comment at the public hearing in accordance with the
8 Open Meetings Act. The county shall make its siting and
9 permitting decisions not more than 30 days after the
10 conclusion of the public hearing. Notice of the hearing shall
11 be published in a newspaper of general circulation in the
12 county. A facility owner must enter into an agricultural
13 impact mitigation agreement with the Department of Agriculture
14 prior to the date of the required public hearing. A commercial
15 wind energy facility owner seeking an extension of a permit
16 granted by a county prior to July 24, 2015 (the effective date
17 of Public Act 99-132) must enter into an agricultural impact
18 mitigation agreement with the Department of Agriculture prior
19 to a decision by the county to grant the permit extension.
20 Counties may allow test wind towers or test solar energy
21 systems to be sited without formal approval by the county
22 board.

23 (d) A county with an existing zoning ordinance in conflict
24 with this Section shall amend that zoning ordinance to be in
25 compliance with this Section within 120 days after January 27,
26 2023 (the effective date of Public Act 102-1123).

(e) A county may require:

(1) a wind tower of a commercial wind energy facility to be sited as follows, with setback distances measured from the center of the base of the wind tower:

Setback Description	Setback Distance
Occupied Community Buildings	2.1 times the maximum blade tip height of the wind tower to the nearest point on the outside wall of the structure
Participating Residences	1.1 times the maximum blade tip height of the wind tower to the nearest point on the outside wall of the structure
Nonparticipating Residences	2.1 times the maximum blade tip height of the wind tower to the nearest point on the outside wall of the structure
Boundary Lines of Participating Property	None
Boundary Lines of	1.1 times the maximum blade tip

1	Nonparticipating Property	height of the wind tower to the
2		nearest point on the property
3		line of the nonparticipating
4		property

6		height of the wind tower
7		to the center point of the
8		public road right-of-way
9	Overhead Communication and	1.1 times the maximum blade tip
10	Electric Transmission	height of the wind tower to the
11	and Distribution Facilities	nearest edge of the property
12	(Not Including Overhead	line, easement, or
13	Utility Service Lines to	right-of-way
14	Individual Houses or	containing the overhead line
15	Outbuildings)	
16	Overhead Utility Service	None
17	Lines to Individual	
18	Houses or Outbuildings	
19	Fish and Wildlife Areas	2.1 times the maximum blade
20	and Illinois Nature	tip height of the wind tower
21	Preserve Commission	to the nearest point on the
22	Protected Lands	property line of the fish and

wildlife area or protected

land

This Section does not exempt or excuse compliance with electric facility clearances approved or required by the National Electrical Code, the ~~The~~ National Electrical Safety Code, the Illinois Commerce Commission, and the Federal Energy Regulatory Commission~~7~~ and their designees or successors~~;~~.

(2) a wind tower of a commercial wind energy facility to be sited so that industry standard computer modeling indicates that any occupied community building or nonparticipating residence will not experience more than 30 hours per year of shadow flicker under planned operating conditions;

(3) a commercial solar energy facility to be sited as follows, with setback distances measured from the nearest edge of any component of the facility:

Setback Description	Setback Distance
Occupied Community Buildings and Dwellings on Nonparticipating Properties	150 feet from the nearest point on the outside wall of the structure
Boundary Lines of Participating Property	None

1 Public Road Rights-of-Way 50 feet from the nearest
2 edge

3 Boundary Lines of 50 feet to the nearest
4 Nonparticipating Property point on the property

6 property

7 (4) a commercial solar energy facility to be sited so
8 that the facility's perimeter is enclosed by fencing
9 having a height of at least 6 feet and no more than 25
10 feet; and

11 (5) a commercial solar energy facility to be sited so
12 that no component of a solar panel has a height of more
13 than 20 feet above ground when the solar energy facility's
14 arrays are at full tilt.

15 The requirements set forth in this subsection (e) may be
16 waived subject to the written consent of the owner of each
17 affected nonparticipating property.

18 (f) A county may not set a sound limitation for wind towers
19 in commercial wind energy facilities or any components in
20 commercial solar energy facilities that is more restrictive
21 than the sound limitations established by the Illinois
22 Pollution Control Board under 35 Ill. Adm. Code Parts 900,
23 901, and 910.

1 (g) A county may not place any restriction on the
2 installation or use of a commercial wind energy facility or a
3 commercial solar energy facility unless it adopts an ordinance
4 that complies with this Section. A county may not establish
5 siting standards for supporting facilities that preclude
6 development of commercial wind energy facilities or commercial
7 solar energy facilities.

8 A request for siting approval or a special use permit for a
9 commercial wind energy facility or a commercial solar energy
10 facility, or modification of an approved siting or special use
11 permit, shall be approved if the request is in compliance with
12 the standards and conditions imposed in this Act, the zoning
13 ordinance adopted consistent with this Code, and the
14 conditions imposed under State and federal statutes and
15 regulations.

16 (h) A county may not adopt zoning regulations that
17 disallow, permanently or temporarily, commercial wind energy
18 facilities or commercial solar energy facilities from being
19 developed or operated in any district zoned to allow
20 agricultural or industrial uses.

21 (i) A county may not require permit application fees for a
22 commercial wind energy facility or commercial solar energy
23 facility that are unreasonable. All application fees imposed
24 by the county shall be consistent with fees for projects in the
25 county with similar capital value and cost.

26 (j) Except as otherwise provided in this Section, a county

1 shall not require standards for construction, decommissioning,
2 or deconstruction of a commercial wind energy facility or
3 commercial solar energy facility or related financial
4 assurances that are more restrictive than those included in
5 the Department of Agriculture's standard wind farm
6 agricultural impact mitigation agreement, template 81818, or
7 standard solar agricultural impact mitigation agreement,
8 version 8.19.19, as applicable and in effect on December 31,
9 2022. The amount of any decommissioning payment shall be in
10 accordance with the financial assurance required by those
11 agricultural impact mitigation agreements.

12 (j-5) A commercial wind energy facility or a commercial
13 solar energy facility shall file a farmland drainage plan with
14 the county and impacted drainage districts outlining how
15 surface and subsurface drainage of farmland will be restored
16 during and following construction or deconstruction of the
17 facility. The plan is to be created independently by the
18 facility developer and shall include the location of any
19 potentially impacted drainage district facilities to the
20 extent this information is publicly available from the county
21 or the drainage district, plans to repair any subsurface
22 drainage affected during construction or deconstruction using
23 procedures outlined in the agricultural impact mitigation
24 agreement entered into by the commercial wind energy facility
25 owner or commercial solar energy facility owner, and
26 procedures for the repair and restoration of surface drainage

1 affected during construction or deconstruction. All surface
2 and subsurface damage shall be repaired as soon as reasonably
3 practicable.

4 (k) A county may not condition approval of a commercial
5 wind energy facility or commercial solar energy facility on a
6 property value guarantee and may not require a facility owner
7 to pay into a neighboring property devaluation escrow account.

8 (l) A county may require certain vegetative screening
9 surrounding a commercial wind energy facility or commercial
10 solar energy facility but may not require earthen berms or
11 similar structures.

12 (m) A county may set blade tip height limitations for wind
13 towers in commercial wind energy facilities but may not set a
14 blade tip height limitation that is more restrictive than the
15 height allowed under a Determination of No Hazard to Air
16 Navigation by the Federal Aviation Administration under 14 CFR
17 Part 77.

18 (n) A county may require that a commercial wind energy
19 facility owner or commercial solar energy facility owner
20 provide:

21 (1) the results and recommendations from consultation
22 with the Illinois Department of Natural Resources that are
23 obtained through the Ecological Compliance Assessment Tool
24 (EcoCAT) or a comparable successor tool; and

25 (2) the results of the United States Fish and Wildlife
26 Service's Information for Planning and Consulting

1 environmental review or a comparable successor tool that
2 is consistent with (i) the "U.S. Fish and Wildlife
3 Service's Land-Based Wind Energy Guidelines" and (ii) any
4 applicable United States Fish and Wildlife Service solar
5 wildlife guidelines that have been subject to public
6 review.

7 (o) A county may require a commercial wind energy facility
8 or commercial solar energy facility to adhere to the
9 recommendations provided by the Illinois Department of Natural
10 Resources in an EcoCAT natural resource review report under 17
11 Ill. Adm. Code Part 1075.

12 (p) A county may require a facility owner to:

13 (1) demonstrate avoidance of protected lands as
14 identified by the Illinois Department of Natural Resources
15 and the Illinois Nature Preserve Commission; or

16 (2) consider the recommendations of the Illinois
17 Department of Natural Resources for setbacks from
18 protected lands, including areas identified by the
19 Illinois Nature Preserve Commission.

20 (q) A county may require that a facility owner provide
21 evidence of consultation with the Illinois State Historic
22 Preservation Office to assess potential impacts on
23 State-registered historic sites under the Illinois State
24 Agency Historic Resources Preservation Act.

25 (r) To maximize community benefits, including, but not
26 limited to, reduced stormwater runoff, flooding, and erosion

1 at the ground mounted solar energy system, improved soil
2 health, and increased foraging habitat for game birds,
3 songbirds, and pollinators, a county may (1) require a
4 commercial solar energy facility owner to plant, establish,
5 and maintain for the life of the facility vegetative ground
6 cover, consistent with the goals of the Pollinator-Friendly
7 Solar Site Act and (2) require the submittal of a vegetation
8 management plan that is in compliance with the agricultural
9 impact mitigation agreement in the application to construct
10 and operate a commercial solar energy facility in the county
11 if the vegetative ground cover and vegetation management plan
12 comply with the requirements of the underlying agreement with
13 the landowner or landowners where the facility will be
14 constructed.

15 No later than 90 days after January 27, 2023 (the
16 effective date of Public Act 102-1123), the Illinois
17 Department of Natural Resources shall develop guidelines for
18 vegetation management plans that may be required under this
19 subsection for commercial solar energy facilities. The
20 guidelines must include guidance for short-term and long-term
21 property management practices that provide and maintain native
22 and non-invasive naturalized perennial vegetation to protect
23 the health and well-being of pollinators.

24 (s) If a facility owner enters into a road use agreement
25 with the Illinois Department of Transportation, a road
26 district, or other unit of local government relating to a

1 commercial wind energy facility or a commercial solar energy
2 facility, the road use agreement shall require the facility
3 owner to be responsible for (i) the reasonable cost of
4 improving roads used by the facility owner to construct the
5 commercial wind energy facility or the commercial solar energy
6 facility and (ii) the reasonable cost of repairing roads used
7 by the facility owner during construction of the commercial
8 wind energy facility or the commercial solar energy facility
9 so that those roads are in a condition that is safe for the
10 driving public after the completion of the facility's
11 construction. Roadways improved in preparation for and during
12 the construction of the commercial wind energy facility or
13 commercial solar energy facility shall be repaired and
14 restored to the improved condition at the reasonable cost of
15 the developer if the roadways have degraded or were damaged as
16 a result of construction-related activities.

17 The road use agreement shall not require the facility
18 owner to pay costs, fees, or charges for road work that is not
19 specifically and uniquely attributable to the construction of
20 the commercial wind energy facility or the commercial solar
21 energy facility. Road-related fees, permit fees, or other
22 charges imposed by the Illinois Department of Transportation,
23 a road district, or other unit of local government under a road
24 use agreement with the facility owner shall be reasonably
25 related to the cost of administration of the road use
26 agreement.

1 (s-5) The facility owner shall also compensate landowners
2 for crop losses or other agricultural damages resulting from
3 damage to the drainage system caused by the construction of
4 the commercial wind energy facility or the commercial solar
5 energy facility. The commercial wind energy facility owner or
6 commercial solar energy facility owner shall repair or pay for
7 the repair of all damage to the subsurface drainage system

13 or pay for the repair and restoration of surface drainage
14 caused by the construction or deconstruction of the commercial

21 including, but not limited to, drainage tiles, open drainage
22 ditches, culverts, and water gathering vaults, owned or under
23 the control of a drainage district under the Illinois Drainage
24 Code without obtaining prior agreement or approval from the

22 disability.

23 (a) A veteran with a disability or the veteran's caregiver
24 shall not be charged any building permit fee for improvements
25 to the residence of the veteran with a disability if the

1 improvements are required to accommodate a disability of the
2 veteran. Nothing in this subsection changes the obligation of
3 any person to submit to the county applications, forms, or
4 other paperwork to obtain a building permit. A veteran or
5 caregiver must provide proof of veteran status and attest to
6 the fact that the improvements to the residence are required
7 to accommodate the veteran's disability. Proof of veteran
8 status is to be construed liberally, and veteran status shall
9 include service in the Armed Forces of the United States,
10 National Guard, or the reserves of the Armed Forces of the
11 United States.

12 (b) What constitutes proof of veteran status shall be

15 subsection paragraph (a).

16 (c) A home rule county may not regulate building permit
17 fees in a manner inconsistent with this Section. This Section
18 is a limitation under subsection (i) of Section 6 of Article
19 VII of the Illinois Constitution on the concurrent exercise by
20 home rule units of powers and functions exercised by the
21 State.

24 Sec. 5-12023 ~~5-12022~~. Battery-charged fences.

25 (a) As used in this Section, "battery-charged fence" means

1 a fence energized by a battery that is not more than 12 volts
2 of direct current that interfaces with an alarm system in a
3 manner that enables the fence to cause the connected alarm
4 system to transmit a signal intended to notify law enforcement
5 of a potential intrusion.

6 (b) Notwithstanding any other law, a county may not
7 require a permit or other approval for the installation,
8 maintenance, placement, replacement, or servicing of a
9 battery-charged fence if (i) the battery-charged fence is
10 located on nonresidential property completely surrounded by a
11 nonelectric perimeter fence or wall that is not less than 5
12 feet in height and does not exceed 10 feet in height or 2 feet
13 higher than the nonelectric perimeter fence or wall, whichever
14 is higher, and (ii) any electrical charge produced on contact
15 does not exceed energizer characteristics set for electric
16 fences by the International Electrotechnical Commission.

17 (c) Any battery-charged fence installed under this Section
18 must have conspicuous signs located on the fence placed not
19 less than 30 feet apart that read: "WARNING: ELECTRIC FENCE".

20 (d) A home rule county may not regulate battery-charged
21 fencing in a manner inconsistent with this Section. This
22 Section is a limitation under subsection (i) of Section 6 of
23 Article VII of the Illinois Constitution on the concurrent
24 exercise by home rule units of powers and functions exercised
25 by the State.

2 Sec. 5-15017. Revenue bonds. In order to pay the cost of
3 the construction, acquisition by condemnation, purchase, or
4 otherwise of any waterworks properties, or sewage facilities,
5 or a combination thereof, or waste management facilities, as
6 the case may be, and the improvement or extension from time to
7 time thereof, including engineering, inspection, legal and
8 financial fees and costs, working capital, interest on such
9 bonds during construction and for a reasonable period
10 thereafter, establishment of reserves to secure such bonds and
11 all other expenditures of such county incidental and necessary
12 or convenient thereto, the county board may issue and sell
13 revenue bonds payable solely from the income and revenue
14 derived from the operation of the waterworks properties, or
15 sewage facilities, or a combination thereof, or waste
16 management facilities, as the case may be, and may also from
17 time to time issue revenue bonds for the purpose of paying,
18 refunding, or redeeming revenue bonds before, after, or at
19 their maturity, including paying redemption premiums or
20 interest accruing or to accrue on the bonds being paid or
21 redeemed or for paying any other costs in connection with any
22 such payment or redemption. All such bonds shall be authorized
23 by ordinance to be adopted by the board, which shall be
24 separate and distinct as applies to waterworks properties and
25 as applied to sewage facilities except where the system is

1 combined. Such bonds shall bear such date or dates, mature at
2 such time or serially at such times not exceeding 40 years from
3 their respective dates, may bear interest at such rate or
4 rates not exceeding the maximum rate established in the Bond
5 Authorization Act ~~"An Act to authorize public corporations to~~
6 ~~issue bonds, other evidences of indebtedness and tax~~
7 ~~anticipation warrants subject to interest rate limitations set~~
8 ~~forth therein", approved May 26, 1970,~~ as from time to time in
9 effect, may be in such form, may carry such registration
10 privileges, may be executed in such manner, may be payable at
11 such place or places, may be subject to redemption in such
12 manner, and upon such terms with or without premium as is
13 stated on the face thereof, and may be executed in such manner
14 by such officers, and may contain such terms and covenants,
15 all as provided by the ordinance authorizing the issue.

16 Such bonds shall be sold in such manner as the board shall
17 determine, and if issued to bear interest at the maximum rate
18 specified in this Section shall be sold for not less than par
19 and accrued interest; however, the selling price of any bonds
20 bearing less than such maximum rate, shall be such that the
21 interest cost of the money received from the sale of the bonds
22 shall not exceed such maximum rate, computed to absolute
23 maturity, according to standard tables of bond values.

24 Notwithstanding the form or tenor thereof, and in the
25 absence of expressed recitals on the face thereof that the
26 bonds are non-negotiable, all such bonds shall be negotiable

1 instruments.

2 To secure payment of any and all such bonds such ordinance
3 shall set forth the covenants and undertakings of the county
4 in connection with the issuance thereof, and the issuance of
5 additional bonds payable from the revenues or income to be
6 derived from the operation of the waterworks properties or
7 sewage facilities, or waste management facilities, as the case
8 may be, as well as the use and operation thereof, and for the
9 use and disposition for waterworks, and sewerage, and waste
10 management purposes of investment earnings on funds and
11 accounts created with respect to the revenue bonds.

12 In case any officer whose signature appears on the bond or
13 coupons attached thereto shall cease to be such officer before
14 the delivery of the bonds to the purchaser, such signature
15 shall nevertheless be valid and sufficient for all purposes to
16 the same effect as if he had remained in office until the
17 delivery of the bonds.

18 Under no circumstances shall any bonds issued or any other
19 obligation, except as set forth in Section 5-15003, incurred
20 pursuant to the provisions of this Division be or become an
21 indebtedness or an obligation of the county payable from taxes
22 and shall not in any event constitute an indebtedness of such
23 county within the meaning of the constitutional provisions or
24 limitations, and such fact shall be plainly stated on the face
25 of each bond.

11 Such fund, and the moneys therein, shall not be regarded as

16 said county treasurer of any taxes, or other moneys, in
17 anticipation of the collection or receipt whereof moneys of
18 such working cash fund have been so transferred for
19 disbursement, such fund shall immediately be reimbursed
20 therefrom until the full amount so transferred has been
21 re-transferred to such fund. Unless the taxes and other moneys
22 so received and applied to the reimbursement of the working

22 Sec. 10-4-2. Group insurance.

23 (a) The corporate authorities of any municipality may
24 arrange to provide, for the benefit of employees of the
25 municipality, group life, health, accident, hospital, and

1 medical insurance, or any one or any combination of those
2 types of insurance, and may arrange to provide that insurance
3 for the benefit of the spouses or dependents of those
4 employees. The insurance may include provision for employees

8 coverage for its employees, the insurance coverage shall
9 include screening by low-dose mammography for all women 35
10 years of age or older for the presence of occult breast cancer

26 ~~Assembly~~, a comprehensive ultrasound screening of an

1 entire breast or breasts if a mammogram demonstrates
2 heterogeneous or dense breast tissue or when medically
3 necessary as determined by a physician licensed to
4 practice medicine in all of its branches.

5 (5) For a group policy of accident and health
6 insurance that is amended, delivered, issued, or renewed
7 on or after January 1, 2020 (the effective date of Public
8 Act 101-580) ~~this amendatory Act of the 101st General~~
9 ~~Assembly~~, a diagnostic mammogram when medically necessary,
10 as determined by a physician licensed to practice medicine
11 in all its branches, advanced practice registered nurse,
12 or physician assistant.

13 A policy subject to this subsection shall not impose a
14 deductible, coinsurance, copayment, or any other cost-sharing
15 requirement on the coverage provided; except that this
16 sentence does not apply to coverage of diagnostic mammograms
17 to the extent such coverage would disqualify a high-deductible
18 health plan from eligibility for a health savings account
19 pursuant to Section 223 of the Internal Revenue Code (26
20 U.S.C. 223).

21 For purposes of this subsection:

22 "Diagnostic mammogram" means a mammogram obtained using
23 diagnostic mammography.

24 "Diagnostic mammography" means a method of screening that
25 is designed to evaluate an abnormality in a breast, including
26 an abnormality seen or suspected on a screening mammogram or a

1 subjective or objective abnormality otherwise detected in the
2 breast.

3 "Low-dose mammography" means the x-ray examination of the
4 breast using equipment dedicated specifically for mammography,
5 including the x-ray tube, filter, compression device, and
6 image receptor, with an average radiation exposure delivery of
7 less than one rad per breast for 2 views of an average size
8 breast. The term also includes digital mammography.

9 (d-5) Coverage as described by subsection (d) shall be
10 provided at no cost to the insured and shall not be applied to
11 an annual or lifetime maximum benefit.

12 (d-10) When health care services are available through
13 contracted providers and a person does not comply with plan
14 provisions specific to the use of contracted providers, the
15 requirements of subsection (d-5) are not applicable. When a
16 person does not comply with plan provisions specific to the
17 use of contracted providers, plan provisions specific to the
18 use of non-contracted providers must be applied without
19 distinction for coverage required by this Section and shall be
20 at least as favorable as for other radiological examinations
21 covered by the policy or contract.

22 (d-15) If a municipality, including a home rule
23 municipality, is a self-insurer for purposes of providing
24 health insurance coverage for its employees, the insurance
25 coverage shall include mastectomy coverage, which includes
26 coverage for prosthetic devices or reconstructive surgery

1 incident to the mastectomy. Coverage for breast reconstruction
2 in connection with a mastectomy shall include:

3 (1) reconstruction of the breast upon which the
4 mastectomy has been performed;

5 (2) surgery and reconstruction of the other breast to
6 produce a symmetrical appearance; and

7 (3) prostheses and treatment for physical
8 complications at all stages of mastectomy, including
9 lymphedemas.

10 Care shall be determined in consultation with the attending
11 physician and the patient. The offered coverage for prosthetic
12 devices and reconstructive surgery shall be subject to the
13 deductible and coinsurance conditions applied to the
14 mastectomy, and all other terms and conditions applicable to
15 other benefits. When a mastectomy is performed and there is no
16 evidence of malignancy then the offered coverage may be
17 limited to the provision of prosthetic devices and
18 reconstructive surgery to within 2 years after the date of the
19 mastectomy. As used in this Section, "mastectomy" means the
20 removal of all or part of the breast for medically necessary
21 reasons, as determined by a licensed physician.

22 A municipality, including a home rule municipality, that
23 is a self-insurer for purposes of providing health insurance
24 coverage for its employees, may not penalize or reduce or
25 limit the reimbursement of an attending provider or provide
26 incentives (monetary or otherwise) to an attending provider to

1 induce the provider to provide care to an insured in a manner
2 inconsistent with this Section.

3 (d-20) The requirement that mammograms be included in
4 health insurance coverage as provided in subsections (d)
5 through (d-15) is an exclusive power and function of the State
6 and is a denial and limitation under Article VII, Section 6,
7 subsection (h) of the Illinois Constitution of home rule
8 municipality powers. A home rule municipality to which
9 subsections (d) through (d-15) apply must comply with every
10 provision of those subsections.

11 (d-25) If a municipality, including a home rule
12 municipality, is a self-insurer for purposes of providing
13 health insurance coverage for its employees, the insurance
14 coverage shall include joint mental health therapy services
15 for any member of the municipality's police department or fire
16 department and any spouse or partner of the member who resides
17 with the member.

18 The joint mental health therapy services provided under
19 this subsection shall be performed by a physician licensed to
20 practice medicine in all of its branches, a licensed clinical
21 psychologist, a licensed clinical social worker, a licensed
22 clinical professional counselor, a licensed marriage and
23 family therapist, a licensed social worker, or a licensed
24 professional counselor.

25 This subsection is a limitation under subsection (i) of
26 Section 6 of Article VII of the Illinois Constitution on the

1 concurrent exercise by home rule units of powers and functions
2 exercised by the State.

3 (e) Rulemaking authority to implement Public Act 95-1045,
4 if any, is conditioned on the rules being adopted in
5 accordance with all provisions of the Illinois Administrative
6 Procedure Act and all rules and procedures of the Joint
7 Committee on Administrative Rules; any purported rule not so
8 adopted, for whatever reason, is unauthorized.

10 (Text of Section after amendment by P.A. 103-808)

11 Sec. 10-4-2. Group insurance.

12 (a) The corporate authorities of any municipality may
13 arrange to provide, for the benefit of employees of the
14 municipality, group life, health, accident, hospital, and
15 medical insurance, or any one or any combination of those
16 types of insurance, and may arrange to provide that insurance
17 for the benefit of the spouses or dependents of those
18 employees. The insurance may include provision for employees
19 or other insured persons who rely on treatment by prayer or
20 spiritual means alone for healing in accordance with the
21 tenets and practice of a well recognized religious
22 denomination. The corporate authorities may provide for
23 payment by the municipality of a portion of the premium or
24 charge for the insurance with the employee paying the balance
25 of the premium or charge. If the corporate authorities

1 undertake a plan under which the municipality pays a portion
2 of the premium or charge, the corporate authorities shall
3 provide for withholding and deducting from the compensation of
4 those municipal employees who consent to join the plan the
5 balance of the premium or charge for the insurance.

6 (b) If the corporate authorities do not provide for a plan
7 under which the municipality pays a portion of the premium or
8 charge for a group insurance plan, the corporate authorities
9 may provide for withholding and deducting from the
10 compensation of those employees who consent thereto the
11 premium or charge for any group life, health, accident,
12 hospital, and medical insurance.

13 (c) The corporate authorities may exercise the powers
14 granted in this Section only if the kinds of group insurance
15 are obtained from an insurance company authorized to do
16 business in the State of Illinois, or are obtained through an
17 intergovernmental joint self-insurance pool as authorized
18 under the Intergovernmental Cooperation Act. The corporate
19 authorities may enact an ordinance prescribing the method of
20 operation of the insurance program.

21 (d) If a municipality, including a home rule municipality,
22 is a self-insurer for purposes of providing health insurance
23 coverage for its employees, the insurance coverage shall
24 include screening by low-dose mammography for all patients 35
25 years of age or older for the presence of occult breast cancer
26 unless the municipality elects to provide mammograms itself

1 under Section 10-4-2.1. The coverage shall be as follows:

2 (1) A baseline mammogram for patients 35 to 39 years
3 of age.

4 (2) An annual mammogram for patients 40 years of age
5 or older.

6 (3) A mammogram at the age and intervals considered
7 medically necessary by the patient's health care provider
8 for patients under 40 years of age and having a family
9 history of breast cancer, prior personal history of breast
10 cancer, positive genetic testing, or other risk factors.

11 (4) For a group policy of accident and health
12 insurance that is amended, delivered, issued, or renewed
13 on or after January 1, 2020 (the effective date of Public
14 Act 101-580), a comprehensive ultrasound screening of an
15 entire breast or breasts if a mammogram demonstrates
16 heterogeneous or dense breast tissue or when medically
17 necessary as determined by a physician licensed to
18 practice medicine in all of its branches.

19 (4.5) For a group policy of accident and health
20 insurance that is amended, delivered, issued, or renewed
21 on or after January 1, 2026 (the effective date of Public
22 Act 103-808) ~~this amendatory Act of the 103rd General~~
23 ~~Assembly,~~ molecular breast imaging (MBI) and magnetic
24 resonance imaging of an entire breast or breasts if a
25 mammogram demonstrates heterogeneous or dense breast
26 tissue or when medically necessary as determined by a

1 physician licensed to practice medicine in all of its
2 branches, advanced practice registered nurse, or physician
3 assistant.

4 (5) For a group policy of accident and health
5 insurance that is amended, delivered, issued, or renewed
6 on or after January 1, 2020~~7~~ (the effective date of Public
7 Act 101-580), a diagnostic mammogram when medically
8 necessary, as determined by a physician licensed to
9 practice medicine in all its branches, advanced practice
10 registered nurse, or physician assistant.

11 A policy subject to this subsection shall not impose a
12 deductible, coinsurance, copayment, or any other cost-sharing
13 requirement on the coverage provided; except that this
14 sentence does not apply to coverage of diagnostic mammograms
15 to the extent such coverage would disqualify a high-deductible
16 health plan from eligibility for a health savings account
17 pursuant to Section 223 of the Internal Revenue Code (26
18 U.S.C. 223).

19 For purposes of this subsection:

20 "Diagnostic mammogram" means a mammogram obtained using
21 diagnostic mammography.

22 "Diagnostic mammography" means a method of screening that
23 is designed to evaluate an abnormality in a breast, including
24 an abnormality seen or suspected on a screening mammogram or a
25 subjective or objective abnormality otherwise detected in the
26 breast.

1 "Low-dose mammography" means the x-ray examination of the
2 breast using equipment dedicated specifically for mammography,
3 including the x-ray tube, filter, compression device, and
4 image receptor, with an average radiation exposure delivery of
5 less than one rad per breast for 2 views of an average size
6 breast. The term also includes digital mammography.

7 (d-5) Coverage as described by subsection (d) shall be
8 provided at no cost to the insured and shall not be applied to
9 an annual or lifetime maximum benefit.

10 (d-10) When health care services are available through
11 contracted providers and a person does not comply with plan
12 provisions specific to the use of contracted providers, the
13 requirements of subsection (d-5) are not applicable. When a
14 person does not comply with plan provisions specific to the
15 use of contracted providers, plan provisions specific to the
16 use of non-contracted providers must be applied without
17 distinction for coverage required by this Section and shall be
18 at least as favorable as for other radiological examinations
19 covered by the policy or contract.

20 (d-15) If a municipality, including a home rule
21 municipality, is a self-insurer for purposes of providing
22 health insurance coverage for its employees, the insurance
23 coverage shall include mastectomy coverage, which includes
24 coverage for prosthetic devices or reconstructive surgery
25 incident to the mastectomy. Coverage for breast reconstruction
26 in connection with a mastectomy shall include:

1 (1) reconstruction of the breast upon which the
2 mastectomy has been performed;

3 (2) surgery and reconstruction of the other breast to
4 produce a symmetrical appearance; and

5 (3) prostheses and treatment for physical
6 complications at all stages of mastectomy, including
7 lymphedemas.

8 Care shall be determined in consultation with the attending
9 physician and the patient. The offered coverage for prosthetic
10 devices and reconstructive surgery shall be subject to the
11 deductible and coinsurance conditions applied to the
12 mastectomy, and all other terms and conditions applicable to
13 other benefits. When a mastectomy is performed and there is no
14 evidence of malignancy then the offered coverage may be
15 limited to the provision of prosthetic devices and
16 reconstructive surgery to within 2 years after the date of the
17 mastectomy. As used in this Section, "mastectomy" means the
18 removal of all or part of the breast for medically necessary
19 reasons, as determined by a licensed physician.

20 A municipality, including a home rule municipality, that
21 is a self-insurer for purposes of providing health insurance
22 coverage for its employees, may not penalize or reduce or
23 limit the reimbursement of an attending provider or provide
24 incentives (monetary or otherwise) to an attending provider to
25 induce the provider to provide care to an insured in a manner
26 inconsistent with this Section.

1 (d-20) The requirement that mammograms be included in
2 health insurance coverage as provided in subsections (d)
3 through (d-15) is an exclusive power and function of the State
4 and is a denial and limitation under Article VII, Section 6,
5 subsection (h) of the Illinois Constitution of home rule
6 municipality powers. A home rule municipality to which
7 subsections (d) through (d-15) apply must comply with every
8 provision of those subsections.

9 (d-25) If a municipality, including a home rule
10 municipality, is a self-insurer for purposes of providing
11 health insurance coverage for its employees, the insurance
12 coverage shall include joint mental health therapy services
13 for any member of the municipality's police department or fire
14 department and any spouse or partner of the member who resides
15 with the member.

16 The joint mental health therapy services provided under
17 this subsection shall be performed by a physician licensed to
18 practice medicine in all of its branches, a licensed clinical
19 psychologist, a licensed clinical social worker, a licensed
20 clinical professional counselor, a licensed marriage and
21 family therapist, a licensed social worker, or a licensed
22 professional counselor.

23 This subsection is a limitation under subsection (i) of
24 Section 6 of Article VII of the Illinois Constitution on the
25 concurrent exercise by home rule units of powers and functions
26 exercised by the State.

1 (e) Rulemaking authority to implement Public Act 95-1045,
2 if any, is conditioned on the rules being adopted in
3 accordance with all provisions of the Illinois Administrative
4 Procedure Act and all rules and procedures of the Joint
5 Committee on Administrative Rules; any purported rule not so
6 adopted, for whatever reason, is unauthorized.

10 Sec. 10-4-2.3. Required health benefits. If a
11 municipality, including a home rule municipality, is a
12 self-insurer for purposes of providing health insurance
13 coverage for its employees, the coverage shall include
14 coverage for the post-mastectomy care benefits required to be
15 covered by a policy of accident and health insurance under
16 Section 356t and the coverage required under Sections 356g,

25 comply with Sections 155.22a, 355b, 356z.19, and 370c of the

1 Illinois Insurance Code. The Department of Insurance shall

1 Sec. 11-13-28. Building permit fee for veterans with a
2 disability.

3 (a) A veteran with a disability or the veteran's caregiver
4 shall not be charged any building permit fee for improvements
5 to the residence of the veteran with a disability if the
6 improvements are required to accommodate a disability of the
7 veteran. Nothing in this subsection changes the obligation of
8 any person to submit to the municipality applications, forms,
9 or other paperwork to obtain a building permit. A veteran or
10 caregiver must provide proof of veteran status and attest to
11 the fact that the improvements to the residence are required
12 to accommodate the veteran's disability. Proof of veteran
13 status is to be construed liberally, and veteran status shall
14 include service in the Armed Forces of the United States,
15 National Guard, or the reserves of the Armed Forces of the
16 United States.

17 (b) What constitutes proof of veteran status shall be

19 Veterans' Affairs may not adjudicate any dispute arising under
20 subsection ~~paragraph~~ (a).

21 (c) A home rule municipality may not regulate building
22 permit fees in a manner inconsistent with this Section. This

2 (65 ILCS 5/11-13-29)

3 Sec. 11-13-29 ~~11-13-28~~. Battery-charged fences.

4 (a) As used in this Section, "battery-charged fence" means
5 a fence energized by a battery that is not more than 12 volts
6 of direct current that interfaces with an alarm system in a
7 manner that enables the fence to cause the connected alarm
8 system to transmit a signal intended to notify law enforcement
9 of a potential intrusion.

10 (b) Notwithstanding any other law, a municipality may not
11 require a permit or other approval for the installation,
12 maintenance, placement, replacement, or servicing of a
13 battery-charged fence if (i) the battery-charged fence is
14 located on nonresidential property completely surrounded by a
15 nonelectric perimeter fence or wall that is not less than 5
16 feet in height and does not exceed 10 feet in height or 2 feet
17 higher than the nonelectric perimeter fence or wall, whichever
18 is higher, and (ii) any electrical charge produced on contact
19 does not exceed energizer characteristics set for electric
20 fences by the International Electrotechnical Commission.

21 (c) Any battery-charged fence installed under this Section
22 must have conspicuous signs located on the fence placed not
23 less than 30 feet apart that read: "WARNING: ELECTRIC FENCE".

24 (d) A home rule municipality may not regulate
25 battery-charged fencing in a manner inconsistent with this

1 Section. This Section is a limitation under subsection (i) of
2 Section 6 of Article VII of the Illinois Constitution on the
3 concurrent exercise by home rule units of powers and functions
4 exercised by the State.

6 (65 ILCS 5/11-19-1) (from Ch. 24, par. 11-19-1)

7 Sec. 11-19-1. Contracts.

8 (a) Any city, village, or incorporated town may make
9 contracts with any other city, village, or incorporated town
10 or with any person, corporation, or county, or any agency
11 created by intergovernmental agreement, for more than one year
12 and not exceeding 30 years relating to the collection and
13 final disposition, or relating solely to either the collection
14 or final disposition of garbage, refuse and ashes. A
15 municipality may contract with private industry to operate a
16 designated facility for the disposal, treatment, or recycling
17 of solid waste, and may enter into contracts with private
18 firms or local governments for the delivery of waste to such
19 facility. In regard to a contract involving a garbage, refuse,
20 or garbage and refuse incineration facility, the 30-year ~~30~~
21 ~~year~~ contract limitation imposed by this Section shall be
22 computed so that the 30 years shall not begin to run until the
23 date on which the facility actually begins accepting garbage
24 or refuse. The payments required in regard to any contract
25 entered into under this Division 19 shall not be regarded as

1 indebtedness of the city, village, or incorporated town, as
2 the case may be, for the purpose of any debt limitation imposed
3 by any law. On and after January 1, 2018 (the effective date of
4 Public Act 100-316) ~~this amendatory Act of the 100th General~~
5 ~~Assembly~~, a municipality with a population of less than
6 1,000,000 shall not enter into any new contracts with any
7 other unit of local government, by intergovernmental agreement
8 or otherwise, or with any corporation or person relating to
9 the collecting and final disposition of general construction
10 or demolition debris; except that this sentence does not apply
11 to a municipality with a population of less than 1,000,000
12 that is a party to: (1) a contract relating to the collecting
13 and final disposition of general construction or demolition
14 debris on January 1, 2018 (the effective date of Public Act
15 100-316) ~~this amendatory Act of the 100th General Assembly~~; or
16 (2) the renewal or extension of a contract relating to the
17 collecting and final disposition of general construction or
18 demolition debris irrespective of whether the contract
19 automatically renews, is amended, or is subject to a new
20 request for proposal after January 1, 2018 (the effective date
21 of Public Act 100-316) ~~this amendatory Act of the 100th~~
22 ~~General Assembly~~.

23 (a-5) If a municipality with a population of less than
24 1,000,000 located in a county as defined in the Solid Waste and
25 Recycling Program Act has never awarded a franchise to a
26 private entity for the collection of waste from

1 non-residential locations, then the municipality may not award
2 a franchise unless:

3 (1) the municipality provides prior written notice to
4 all haulers licensed to provide waste hauling service in
5 that municipality of the municipality's intent to issue a
6 request for proposal under this Section;

7 (2) the municipality adopts an ordinance requiring
8 each licensed hauler, for a period of no less than 36
9 continuous months commencing on the first day of the month
10 following the effective date of such ordinance, to report
11 every 6 months to the municipality the number of
12 non-residential locations served by the hauler in the
13 municipality and the number of non-residential locations
14 contracting with the hauler for the recyclable materials
15 collection service pursuant to Section 10 of the Solid
16 Waste Hauling and Recycling Program Act; and

17 (3) the report to the municipality required under
18 paragraph (2) of this subsection (a-5) for the final 6
19 months of that 36-month period establishes that less than
20 50% of the non-residential locations in the municipality
21 contract for recyclable material collection services
22 pursuant to Section 10 of the Solid Waste Hauling and
23 Recycling Program Act.

24 All such reports shall be filed with the municipality by
25 the hauler on or before the last day of the month following the
26 end of the 6-month reporting period. Within 15 days after the

1 last day for licensed haulers to file such reports, the
2 municipality shall post on its website: (i) the information
3 provided by each hauler pursuant to paragraph (2) of this
4 subsection (a-5), without identifying the hauler; and (ii) the
5 aggregate number of non-residential locations served by all
6 licensed haulers in the municipality and the aggregate number
7 of non-residential locations contracting with all licensed
8 haulers in the municipality for the recyclable materials
9 collection service under Section 10 of the Solid Waste Hauling
10 and Recycling Program Act.

11 (a-10) Beginning at the conclusion of the 36-month
12 reporting period and thereafter, and upon written request of
13 the municipality, each licensed hauler shall, for every
14 6-month period, report to the municipality (i) the number of
15 non-residential locations served by the hauler in the
16 municipality and the number of non-residential locations
17 contracting with the hauler for the recyclable materials
18 collection service pursuant to Section 10 of the Solid Waste
19 Hauling and Recycling Program Act, (ii) an estimate of the
20 quantity of recyclable materials, in tons, collected by the
21 hauler in the municipality from non-residential locations
22 contracting with the hauler for recyclable materials
23 collection service pursuant to Section 10 of the Solid Waste
24 Hauling and Recycling Program Act, and (iii) an estimate of
25 the quantity of municipal waste, in tons, collected by the
26 hauler in the municipality from those non-residential

1 locations. All reports for that 6-month period shall be filed
2 with the municipality by the hauler on or before the last day
3 of the month following the end of the 6-month reporting
4 period. Within 15 days after the last day for licensed haulers
5 to file such reports, the municipality shall post on its
6 website: (i) the information provided by each hauler pursuant
7 to this subsection (a-10), without identifying the hauler; and
8 (ii) the aggregate number of non-residential locations served
9 by all licensed haulers in the municipality and the aggregate
10 number of non-residential locations contracting with all
11 licensed haulers in the municipality for the recyclable
12 materials collection service under Section 10 of the Solid
13 Waste Hauling and Recycling Program Act.

14 A municipality subject to subsection (a-5) of this Section
15 may not award a franchise unless 2 consecutive 6-month reports
16 determine that less than 50% of the non-residential locations
17 within the municipality contract for recyclable material
18 collection service pursuant to Section 10 of the Solid Waste
19 Hauling and Recycling Program Act.

20 (b) If a municipality with a population of less than
21 1,000,000 has never awarded a franchise to a private entity
22 for the collection of waste from non-residential locations,
23 then that municipality may not award such a franchise without
24 issuing a request for proposal. The municipality may not issue
25 a request for proposal without first: (i) holding at least one
26 public hearing seeking comment on the advisability of issuing

1 a request for proposal and awarding a franchise; (ii)
2 providing at least 30 days' written notice of the hearing,
3 delivered by first class mail to all private entities that
4 provide non-residential waste collection services within the
5 municipality that the municipality is able to identify through
6 its records; and (iii) providing at least 30 days' public
7 notice of the hearing.

8 After issuing a request for proposal, the municipality may
9 not award a franchise without first: (i) allowing at least 30
10 days for proposals to be submitted to the municipality; (ii)
11 holding at least one public hearing after the receipt of
12 proposals on whether to award a franchise to a proposed
13 franchisee; and (iii) providing at least 30 days' public
14 notice of the hearing. At the public hearing, the municipality
15 must disclose and discuss the proposed franchise fee or
16 calculation formula of such franchise fee that it will receive
17 under the proposed franchise.

18 (b-5) If no request for proposal is issued within 120 days
19 after the initial public hearing required in subsection (b),
20 then the municipality must hold another hearing as outlined in
21 subsection (b).

22 (b-10) If a municipality has not awarded a franchise
23 within 210 days after the date that a request for proposal is
24 issued pursuant to subsection (b), then the municipality must
25 adhere to all of the requirements set forth in subsections (b)
26 and (b-5).

1 (b-15) The franchise fee and any other fees, taxes, or
2 charges imposed by the municipality in connection with a
3 franchise for the collection of waste from non-residential
4 locations must be used exclusively for costs associated with
5 administering the franchise program.

6 (c) If a municipality with a population of less than
7 1,000,000 has never awarded a franchise to a private entity
8 for the collection of waste from non-residential locations,
9 then a private entity may not begin providing waste collection
10 services to non-residential locations under a franchise
11 agreement with that municipality at any time before the date
12 that is 15 months after the date the ordinance or resolution
13 approving the award of the franchise is adopted.

14 (d) For purposes of this Section, "waste" means garbage,
15 refuse, or ashes as defined in Section 11-19-2.

16 (e) A home rule unit may not award a franchise to a private
17 entity for the collection of waste in a manner contrary to the
18 provisions of this Section. This Section is a limitation under
19 subsection (i) of Section 6 of Article VII of the Illinois
20 Constitution on the concurrent exercise by home rule units of
21 powers and functions exercised by the State.

22 (f) A municipality with a population of less than
23 1,000,000 shall not award a franchise or contract to any
24 private entity for the collection of general construction or
25 demolition debris from residential or non-residential
26 locations. This subsection does not apply to a municipality

1 with a population of less than 1,000,000 that is a party to:
2 (1) a franchise or contract with a private entity for the
3 collection of general construction or demolition debris from
4 residential or non-residential locations on January 1, 2018
5 (the effective date of Public Act 100-316) ~~this amendatory Act~~
6 ~~of the 100th General Assembly;~~ or (2) the renewal or extension
7 of a franchise or contract with a private entity for the
8 collection of general construction or demolition debris from
9 residential or non-residential locations irrespective of
10 whether the franchise or contract automatically renews, is
11 amended, or is subject to a new request for proposal after
12 January 1, 2018 (the effective date of Public Act 100-316)

15 (65 ILCS 5/11-48.3-11) (from Ch. 24, par. 11-48.3-11)

16 Sec. 11-48.3-11. The Authority shall have continuing power
17 to borrow money for the purpose of carrying out and performing
18 its duties and exercising its powers under this Division.

19 For the purpose of evidencing the obligation of the
20 Authority to repay any money borrowed as aforesaid, the
21 Authority may, pursuant to ordinance adopted by the Board,
22 from time to time issue and dispose of its interest bearing
23 revenue bonds, and may also from time to time issue and dispose
24 of its interest bearing revenue bonds to refund any bonds at
25 maturity or pursuant to redemption provisions or at any time

1 before maturity with the consent of the holders thereof. All
2 such bonds shall be payable solely from the revenues or income
3 to be derived from the exhibitions, rentals, and leases and
4 other authorized activities operated by it, and from funds, if
5 any, received and to be received by the Authority from any
6 other source. Such bonds may bear such date or dates, may
7 mature at such time or times not exceeding 40 years from their
8 respective dates, may bear interest at such rate or rates, not
9 exceeding the maximum rate permitted by the Bond Authorization
10 Act ~~"An Act to authorize public corporations to issue bonds,~~
11 ~~other evidences of indebtedness and tax anticipation warrants~~
12 ~~subject to interest rate limitations set forth therein",~~
13 ~~approved May 26, 1970, as now or hereafter amended,~~ may be in
14 such form, may carry such registration privileges, may be
15 executed in such manner, may be payable at such place or
16 places, may be made subject to redemption in such manner and
17 upon such terms, with or without premium as is stated on the
18 face thereof, may be executed in such manner and may contain
19 such terms and covenants, all as may be provided in the
20 ordinance. In case any officer whose signature appears on any
21 bond ceases (after attaching his or her signature) to hold
22 office, his or her signature shall nevertheless be valid and
23 effective for all purposes. The holder or holders of any bonds
24 or interest coupons appertaining thereto issued by the
25 Authority may bring mandamus, injunction, civil actions, and
26 proceedings to compel the performance and observance by the

1 Authority or any of its officers, agents, or employees of any
2 contract or covenant made by the Authority with the holders of
3 such bonds or interest coupons and to compel the Authority and
4 any of its officers, agents, or employees to perform any
5 duties required to be performed for the benefit of the holders
6 of any such bonds or interest coupons by the provisions of the
7 ordinance authorizing their issuance, or to enjoin the
8 Authority and any of its officers, agents, or employees from
9 taking any action in conflict with any such contract or
10 covenant.

11 Notwithstanding the form and tenor of any such bonds and
12 in the absence of any express recital on the face thereof that
13 it is non-negotiable, all such bonds shall be negotiable
14 instruments under the Uniform Commercial Code.

15 From and after the issuance of any bonds as herein
16 provided, it shall be the duty of the corporate authorities of
17 the Authority to fix and establish rates, charges, rents, and
18 fees for the use of facilities acquired, constructed,
19 reconstructed, extended, or improved with the proceeds of the
20 sale of said bonds sufficient at all times, with other
21 revenues of the Authority, to pay:

22 (a) The cost of maintaining, repairing, regulating,
23 and operating the said facilities; and

24 (b) The bonds and interest thereon as they shall
25 become due, and all sinking fund requirements and other
26 requirements provided by the ordinance authorizing the

1 issuance of the bonds or as provided by any trust
2 agreement executed to secure payment thereof.

3 To secure the payment of any or all of such bonds and for
4 the purpose of setting forth the covenants and undertakings of
5 the Authority in connection with the issuance thereof and the
6 issuance of any additional bonds payable from such revenue
7 income to be derived from the exhibitions, office rentals, air
8 space leases and rentals, and other revenue, if any, the
9 Authority may execute and deliver a trust agreement or
10 agreements; provided that no lien upon any physical property
11 of the Authority shall be created thereby.

12 A remedy for any breach or default of the terms of any such
13 trust agreement by the Authority may be by mandamus,
14 injunction, civil action, and proceedings in any court of
15 competent jurisdiction to compel performance and compliance
16 therewith, but the trust agreement may prescribe by whom or on
17 whose behalf such action may be instituted.

18 Before any such bonds (excepting refunding bonds) are
19 sold, the entire authorized issue, or any part thereof, shall
20 be offered for sale as a unit after advertising for bids at
21 least 3 times in a daily newspaper of general circulation
22 published in the metropolitan area, the last publication to be
23 at least 10 days before bids are required to be filed. Copies
24 of such advertisement may be published in any newspaper or
25 financial publication in the United States. All bids shall be
26 sealed, filed, and opened as provided by ordinance and the

1 bonds shall be awarded to the highest and best bidder or
2 bidders therefor. The Authority shall have the right to reject
3 all bids and readvertise for bids in the manner provided for in
4 the initial advertisement. If no bids are received, however,
5 such bonds may be sold at not less than par value, without
6 further advertising, within 60 days after the bids are
7 required to be filed pursuant to any advertisement.

9 (65 ILCS 5/11-61-3) (from Ch. 24, par. 11-61-3)

10 Sec. 11-61-3. The corporate authorities of each
11 municipality having a population of less than 1,000,000
12 inhabitants shall have the express power to purchase or lease
13 either real estate or personal property for public purposes
14 through contracts which provide for the consideration for such
15 purchase or lease to be paid through installments to be made at
16 stated intervals during a certain period of time, but, in no
17 case, shall such contracts provide for the consideration to be
18 paid during a period of time in excess of 20 years nor shall
19 such contracts provide for the payment of interest at a rate of
20 more than that permitted in the Bond Authorization Act ~~"An Act~~
21 ~~to authorize public corporations to issue bonds, other~~
22 ~~evidences of indebtedness and tax anticipation warrants~~

4 any municipality which is a home rule unit.

6 (65 ILCS 5/11-135-1) (from Ch. 24, par. 11-135-1)

7 Sec. 11-135-1. Any 2 or more municipalities, except cities
8 of 500,000 or more inhabitants, may acquire either by purchase
9 or construction a waterworks system or a common source of
10 supply of water, or both, and may operate jointly a waterworks
11 system or a common source of supply of water, or both, and
12 improve and extend the same, as provided in this Division 135.
13 The corporate authorities of the specified municipalities
14 desiring to avail themselves of the provisions of this
15 Division 135 shall adopt a resolution or ordinance determining
16 and electing to acquire and operate jointly a waterworks
17 system or a common source of supply of water, or both, as the
18 case may be. Such resolution or ordinance may be rescinded at
19 any time prior to the issuance and sale of revenue bonds and
20 after the rescinding municipality has no outstanding
21 obligation to pay a proportionate share of the costs of
22 development, construction, or operation.

23 Any municipality adopting a resolution or ordinance to
24 acquire and operate jointly a waterworks system or a common
25 source of supply of water, or both, as the case may be, under

1 the provisions of this Division 135, is authorized from time
2 to time to pay, to advance, or to obligate itself to the
3 Commission, to bear a proportionate share of the development
4 costs of any project proposed by the Commission, including
5 plans, feasibility reports, and engineering, even though the
6 project is never constructed or water is never supplied by the
7 Commission to such municipality.

8 Whenever any municipality determines to pay, to advance,
9 or to obligate itself for its proportionate share of
10 development costs as above provided, it shall adopt an
11 ordinance declaring its intention to do so, fix the maximum
12 amount of its share of the cost it proposes to pay, to advance,
13 or to obligate itself for, and the period over which it
14 proposes to pay its obligation (not exceeding 5 years) and the
15 maximum amount to be paid annually, if such obligation is to be
16 paid in installments. The time of payment of any such
17 installment obligation may be extended for a period of not
18 exceeding five years from the final maturity date of the
19 original obligation.

20 From and after such ordinance becomes effective, it shall
21 be the duty of the municipality to include an amount
22 sufficient to pay the annual installments of its obligation
23 each year in the next succeeding appropriation ordinances. No
24 prior appropriation shall be required for a municipality to
25 authorize the payments, advances, or obligations herein
26 provided for.

1 Whenever any municipality has obligated itself for
2 development costs as herein provided and after the effective
3 date of the ordinance under which it obligated itself for a
4 specific amount for development costs of a project and after
5 approval of such obligation by the Commission, the Commission
6 is authorized to borrow funds temporarily for payment of such
7 development costs in advance of permanent financing. The
8 Commission may from time to time and pursuant to an
9 appropriate resolution borrow money and issue its interim
10 notes to evidence borrowings for such purpose, including all
11 necessary and incidental expenses in connection therewith.

12 Any resolution authorizing the issuance of such notes
13 shall describe the project and the development costs to be
14 undertaken, specify the principal amount, rate of interest as
15 authorized under Section 2 of the Bond Authorization Act "~~An~~
16 ~~Act to authorize public corporations to issue bonds, other~~
17 ~~evidences of indebtedness and tax anticipation warrants~~
18 ~~subject to interest rate limitations set forth therein~~",
19 ~~approved May 26, 1970, as now or hereafter amended~~, and the
20 maturity date which shall coincide with the due date of the
21 obligations or the installments thereof incurred by the
22 respective municipalities pursuant to this Section not,
23 however, to exceed 5 years from date.

24 Contemporaneously with the issuance as provided by this
25 Division of revenue bonds, all outstanding interim notes
26 issued for development costs of a project though they have not

1 then matured shall be paid, both principal and interest to
2 date of payment, from funds derived from the sale of revenue
3 bonds for the permanent financing of any such project for
4 which interim notes may have been issued and such interim
5 notes shall be surrendered and cancelled.

6 Any municipality adopting a resolution or ordinance to
7 acquire and operate jointly a waterworks system or a common
8 source of supply of water, or both, as the case may be, under
9 the provisions of this Division 135 is further authorized from
10 time to time, to pay, to advance, or to obligate itself to the
11 Commission to bear, ~~7~~ a proportionate share of the construction
12 and operating costs of any project proposed by the Commission.

13 Whenever a municipality determines to pay, to advance, or
14 to obligate itself for its proportionate share of construction
15 or operating costs as above provided, it shall adopt an
16 ordinance declaring its intention to do so, fix the maximum
17 amount of its share of the cost it proposes to pay, to advance,
18 or to obligate itself for, and the period over which it
19 proposes to pay its obligation and the maximum amount to be
20 paid annually, if such obligation is to be paid in
21 installments. From and after such ordinance becomes effective,
22 it shall be the duty of the municipality to include an amount
23 sufficient to pay the annual installments of its obligation
24 each year in the next succeeding appropriation ordinances. No
25 prior appropriation shall be required for a municipality to
26 authorize the payments, advances, or obligations herein

1 provided for.

2 Whenever any municipality has paid, advanced, or obligated
3 itself for development, construction, or operating costs as
4 herein provided, the Commission is authorized to contract with
5 such municipality, on such terms as may be agreed, for the
6 repayment to such municipality by the Commission of any
7 payment or advance made by such municipality to the Commission
8 to charge, in addition to all other charges and rates
9 authorized under the provisions of this Division, such rates
10 and charges for water sold by the Commission as shall be
11 necessary to provide for such repayment. In addition, any
12 payment or advance of such costs made by a municipality
13 pursuant to this Section may be repaid by the Commission to the
14 municipality from the proceeds of revenue bonds authorized to
15 be issued by the Commission pursuant to this Division 135.

17 (65 ILCS 5/11-135-4) (from Ch. 24, par. 11-135-4)

18 Sec. 11-135-4. A commission may from time to time issue
19 its revenue bonds in such principal amounts as the commission
20 shall deem necessary to provide sufficient funds to carry out
21 any of its corporate purposes and powers, including, without
22 limitation, developing, acquiring, constructing, extending, or
23 improving a waterworks system or common source of supply of
24 water, or any combination thereof, the funding or refunding of
25 the principal of, redemption premium, if any, and interest on,

1 any bonds issued by it whether or not such bonds or interest to
2 be funded or refunded have or have not become due, the payment
3 of engineering, legal, and other expenses, together with
4 interest to a date one year subsequent to the estimated date of
5 completion of the project, the establishment or increase of
6 reserves to secure or to pay such bonds and interest thereon,
7 the providing of working capital, and the payment of all other
8 costs or expenses of the commission incident to and necessary
9 or convenient to carry out its corporate purposes and powers.
10 These bonds shall have all the qualities of negotiable
11 instruments under the laws of this State and shall not
12 constitute indebtedness of any of the municipalities
13 constituting the commission.

14 Every issue of bonds of such commission shall be payable
15 out of the revenues to be derived pursuant to contracts with
16 the specified municipalities and participating water
17 commissions or by virtue of the operation of any properties
18 acquired or to be acquired or constructed. A commission may
19 issue such types of bonds as it may determine, including bonds
20 as to which the principal and interest are payable exclusively
21 from the revenues from one or more projects, or from an
22 interest therein or a right to the products and services
23 thereof, or from one or more revenue producing contracts made
24 by the commission, or its revenues generally. Any such bonds
25 may be additionally secured by a pledge of any grant, subsidy,
26 or contribution from the United States, the State of Illinois,

1 or any unit of local government, or any combination thereof.

2 Before the treasurer of the commission is entitled to
3 receive the proceeds of the sale of such a bond issue, he shall
4 supply a corporate surety bond in an amount equivalent to the
5 amount of funds to be derived from the sale of the bonds, and,
6 in addition thereto, he shall supply a separate corporate
7 surety bond for the faithful accounting of any funds that may
8 come into his possession in an amount equal to the amount of
9 funds likely to come into his hands in any one year from the
10 revenue to be derived from the operation of any of the
11 properties of the commission. The cost of these surety bonds
12 shall be paid by the commission.

13 The revenue bonds shall be issued pursuant to an ordinance
14 or resolution, ~~and~~ may be issued in one or more series, and
15 shall bear such date or dates, mature at such time or times
16 within the estimated period of usefulness of the project
17 involved and in any event not more than 50 years from the date
18 thereof, bear interest at such rate or rates as authorized
19 under Section 2 of the Bond Authorization Act ~~"An Act to~~
20 ~~authorize public corporations to issue bonds, other evidences~~
21 ~~of indebtedness and tax anticipation warrants subject to~~
22 ~~interest rate limitations set forth therein", approved May 26,~~
23 ~~1970, as now or hereafter amended,~~ which rates may be fixed or
24 variable, be in such denominations, be in such form, either
25 coupon or registered, carry such conversion, registration, and
26 exchange privileges, have such rank or priority, be executed

1 in such manner, be payable in such medium of payment at such
2 place or places within or without the State of Illinois, be
3 subject to such terms of redemption with or without premium,
4 and contain or be subject to such other terms as the ordinance
5 or resolution may provide, and shall not be restricted by the
6 provisions of any other law limiting the amounts, maturities,
7 interest rates, or other terms of obligations of public
8 agencies or private persons. The bonds shall be sold in such
9 manner as the commission shall determine, at private or public
10 sale. It shall not be necessary that the ordinance or
11 resolution refer to plans and specifications nor that there be
12 on file for public inspection prior to the adoption of such
13 ordinance detailed plans and specifications of the project.
14 This ordinance or resolution may contain such covenants and
15 restrictions in relation to the operation of the properties
16 under the control of the commission and the issuance of
17 additional revenue bonds thereafter as may be deemed necessary
18 or advisable for the assurance of payment of the bonds thereby
19 authorized and as may be thereafter issued. It shall be
20 plainly stated on the face of each bond that it does not
21 constitute an indebtedness of any municipality represented by
22 the commission within the meaning of any statutory or
23 constitutional limitation. Upon the issuance of revenue bonds,
24 the revenue of the commission derived pursuant to contracts
25 entered into for the sale of water to the specified
26 municipalities and from the operation of its properties, shall

1 be accounted for as provided in the ordinance or resolution
2 authorizing the issuance of the bonds. Any commission created
3 under the provisions of this Division 135 may also issue new
4 bonds for the purpose of providing funds for the payment of
5 unpaid bonds in accordance with the procedure prescribed by
6 this Division 135.

7 The amendatory Acts of 1971, 1972, 1973, 1975 and 1981 are
8 not a limit upon any municipality which is a home rule unit.

18 Section 390. The Airport Authorities Act is amended by
19 changing Section 15.2 as follows:

20 (70 ILCS 5/15.2) (from Ch. 15 1/2, par. 68.15b)

21 Sec. 15.2. An Airport Authority may construct office,
22 aircraft hangar and service buildings and appurtenant
23 facilities upon a public airport owned and operated by the
24 authority for the use and occupancy of the State Department of

1 Transportation under a lease to the State of Illinois for such
2 purpose. The rents and charges payable thereunder shall be not
3 greater than the total costs to the authority of constructing
4 and maintaining said airport improvements and of funding such
5 costs under the provisions of Sections 8.03, 8.04, 8.08, 15,
6 and 15.1, ~~as amended,~~ of this Act as hereinafter provided. The
7 rentals payable to the authority under such lease, together
8 with such non-tax revenues as are available to the authority,
9 shall also be adequate in amount for the authority to
10 establish and maintain a bond reserve account. Such lease
11 shall not be effective for a longer term than is reasonably
12 required to enable such funding to occur, and in no event shall
13 the term thereof exceed 30 ~~thirty~~ years. Such airport
14 improvements shall be constructed upon plans and
15 specifications approved by the Department of Transportation.
16 The lease of said improvements and the site thereof to the
17 State of Illinois shall be executed by the Department of
18 Central Management Services for the use of the Department of
19 Transportation. In the event the General Assembly does not
20 appropriate the necessary funds for paying the rentals on the
21 lease entered into by the authority under this Section, the
22 authority may lease such facilities to another lessee.

23 The authority may secure the funds required for the
24 construction of said improvements through the issuance and
25 sale of revenue bonds as authorized by and subject to the
26 conditions stated in said Sections 15 and 15.1 of this Act,

1 which bonds shall bear interest at a rate not to exceed that
2 permitted in the Bond Authorization Act ~~"An Act to authorize~~
3 ~~public corporations to issue bonds, other evidences of~~
4 ~~indebtedness and tax anticipation warrants subject to interest~~
5 ~~rate limitations set forth therein", approved May 26, 1970, as~~
6 ~~now or hereafter amended.~~ Such revenue bonds shall be
7 primarily secured by the income receivable by the authority
8 under said lease. Other available and unpledged airport
9 operating income may be pledged by the authority to meet any
10 deficiency in the income from the lease in meeting the
11 principal and interest maturities of said revenue bonds and
12 the maintenance and depreciation requirements of said Section
13 15.1. The principal amount of such revenue bonds shall be
14 based upon the actual total costs of said improvements,
15 including costs of engineering and architects services, the
16 costs incidental to the issuance of the bonds, including legal
17 costs, the costs of selling and printing the bonds, and the
18 interest on the bonds during the time of construction.
19 Construction contracts for said improvements shall be awarded
20 upon competitive bids and such bids and the making of awards
21 shall be subject to approval by the Authority and the
22 Department of Transportation.

24 Section 395. The Metropolitan Pier and Exposition
25 Authority Act is amended by changing Section 23.1 as follows:

1 (70 ILCS 210/23.1) (from Ch. 85, par. 1243.1)

2 Sec. 23.1. Affirmative action.

3 (a) The Authority shall, within 90 days after the
4 effective date of this amendatory Act of 1984, establish and
5 maintain an affirmative action program designed to promote
6 equal employment opportunity and eliminate the effects of past
7 discrimination. Such program shall include a plan, including
8 timetables where appropriate, which shall specify goals and
9 methods for increasing participation by women and minorities
10 in employment, ~~including employment related to the planning,~~
11 ~~organization, and staging of the games,~~ by the Authority and
12 by parties which contract with the Authority. The Authority
13 shall submit a detailed plan with the General Assembly prior
14 to September 1 of each year. Such program shall also establish
15 procedures and sanctions, which the Authority shall enforce to
16 ensure compliance with the plan established pursuant to this
17 Section and with State and federal laws and regulations
18 relating to the employment of women and minorities. A
19 determination by the Authority as to whether a party to a
20 contract with the Authority has achieved the goals or employed
21 the methods for increasing participation by women and
22 minorities shall be determined in accordance with the terms of
23 such contracts or the applicable provisions of rules and
24 regulations of the Authority existing at the time such
25 contract was executed, including any provisions for

1 consideration of good faith efforts at compliance which the
2 Authority may reasonably adopt.

3 (b) The Authority shall adopt and maintain minority-owned
4 and women-owned business enterprise procurement programs under
5 the affirmative action program described in subsection (a) for
6 any and all work, ~~including all contracting related to the~~
7 ~~planning, organization, and staging of the games,~~ undertaken
8 by the Authority. That work shall include, but is not limited
9 to, the purchase of professional services, construction
10 services, supplies, materials, and equipment. The programs
11 shall establish goals of awarding not less than 25% of the
12 annual dollar value of all contracts, purchase orders, or
13 other agreements (collectively referred to as "contracts") to
14 minority-owned businesses and 5% of the annual dollar value of
15 all contracts to women-owned businesses. Without limiting the
16 generality of the foregoing, the programs shall require in
17 connection with the prequalification or consideration of
18 vendors for professional service contracts, construction
19 contracts, and contracts for supplies, materials, equipment,
20 and services that each proposer or bidder submit as part of his
21 or her proposal or bid a commitment detailing how he or she
22 will expend 25% or more of the dollar value of his or her
23 contracts with one or more minority-owned businesses and 5% or
24 more of the dollar value with one or more women-owned
25 businesses. Bids or proposals that do not include such
26 detailed commitments are not responsive and shall be rejected

1 unless the Authority deems it appropriate to grant a waiver of
2 these requirements. In addition the Authority may, in
3 connection with the selection of providers of professional
4 services, reserve the right to select a minority-owned or
5 women-owned business or businesses to fulfill the commitment
6 to minority and woman business participation. The commitment
7 to minority and woman business participation may be met by the
8 contractor or professional service provider's status as a
9 minority-owned or women-owned business, by joint venture or by
10 subcontracting a portion of the work with or purchasing
11 materials for the work from one or more such businesses, or by
12 any combination thereof. Each contract shall require the
13 contractor or provider to submit a certified monthly report
14 detailing the status of that contractor or provider's
15 compliance with the Authority's minority-owned and women-owned
16 business enterprise procurement program. The Authority, after
17 reviewing the monthly reports of the contractors and
18 providers, shall compile a comprehensive report regarding
19 compliance with this procurement program and file it quarterly
20 with the General Assembly. If, in connection with a particular
21 contract, the Authority determines that it is impracticable or
22 excessively costly to obtain minority-owned or women-owned
23 businesses to perform sufficient work to fulfill the
24 commitment required by this subsection, the Authority shall
25 reduce or waive the commitment in the contract, as may be
26 appropriate. The Authority shall establish rules and

1 regulations setting forth the standards to be used in
2 determining whether or not a reduction or waiver is
3 appropriate. The terms "minority-owned business" and
4 "women-owned business" have the meanings given to those terms
5 in the Business Enterprise for Minorities, Women, and Persons
6 with Disabilities Act.

7 (c) The Authority shall adopt and maintain an affirmative
8 action program in connection with the hiring of minorities and
9 women on the Expansion Project and on any and all construction
10 projects, ~~including all contracting related to the planning,~~
11 ~~organization, and staging of the games,~~ undertaken by the
12 Authority. The program shall be designed to promote equal
13 employment opportunity and shall specify the goals and methods
14 for increasing the participation of minorities and women in a
15 representative mix of job classifications required to perform
16 the respective contracts awarded by the Authority.

17 (d) In connection with the Expansion Project, the
18 Authority shall incorporate the following elements into its
19 minority-owned and women-owned business procurement programs
20 to the extent feasible: (1) a major contractors program that
21 permits minority-owned businesses and women-owned businesses
22 to bear significant responsibility and risk for a portion of
23 the project; (2) a mentor/protege program that provides
24 financial, technical, managerial, equipment, and personnel
25 support to minority-owned businesses and women-owned
26 businesses; (3) an emerging firms program that includes

1 minority-owned businesses and women-owned businesses that
2 would not otherwise qualify for the project due to
3 inexperience or limited resources; (4) a small projects
4 program that includes participation by smaller minority-owned
5 businesses and women-owned businesses on jobs where the total
6 dollar value is \$5,000,000 or less; and (5) a set-aside
7 program that will identify contracts requiring the expenditure
8 of funds less than \$50,000 for bids to be submitted solely by
9 minority-owned businesses and women-owned businesses.

10 (e) The Authority is authorized to enter into agreements
11 with contractors' associations, labor unions, and the
12 contractors working on the Expansion Project to establish an
13 Apprenticeship Preparedness Training Program to provide for an
14 increase in the number of minority and women journeymen and
15 apprentices in the building trades and to enter into
16 agreements with Community College District 508 to provide
17 readiness training. The Authority is further authorized to
18 enter into contracts with public and private educational
19 institutions and persons in the hospitality industry to
20 provide training for employment in the hospitality industry.

21 (f) McCormick Place Advisory Board. There is created a
22 McCormick Place Advisory Board composed as follows: 2 members
23 shall be appointed by the Mayor of Chicago; 2 members shall be
24 appointed by the Governor; 2 members shall be State Senators
25 appointed by the President of the Senate; 2 members shall be
26 State Senators appointed by the Minority Leader of the Senate;

1 2 members shall be State Representatives appointed by the
2 Speaker of the House of Representatives; and 2 members shall
3 be State Representatives appointed by the Minority Leader of
4 the House of Representatives. The terms of all previously
5 appointed members of the Advisory Board expire on the
6 effective date of this amendatory Act of the 92nd General
7 Assembly. A State Senator or State Representative member may
8 appoint a designee to serve on the McCormick Place Advisory
9 Board in his or her absence.

10 A "member of a minority group" shall mean a person who is a
11 citizen or lawful permanent resident of the United States and
12 who is any of the following:

13 (1) American Indian or Alaska Native (a person having
14 origins in any of the original peoples of North and South
15 America, including Central America, and who maintains
16 tribal affiliation or community attachment).

17 (2) Asian (a person having origins in any of the
18 original peoples of the Far East, Southeast Asia, or the
19 Indian subcontinent, including, but not limited to,
20 Cambodia, China, India, Japan, Korea, Malaysia, Pakistan,
21 the Philippine Islands, Thailand, and Vietnam).

22 (3) Black or African American (a person having origins
23 in any of the black racial groups of Africa).

24 (4) Hispanic or Latino (a person of Cuban, Mexican,
25 Puerto Rican, South or Central American, or other Spanish
26 culture or origin, regardless of race).

1 (5) Native Hawaiian or Other Pacific Islander (a
2 person having origins in any of the original peoples of
3 Hawaii, Guam, Samoa, or other Pacific Islands).

4 Members of the McCormick Place Advisory Board shall serve
5 2-year terms and until their successors are appointed, except
6 members who serve as a result of their elected position whose
7 terms shall continue as long as they hold their designated
8 elected positions. Vacancies shall be filled by appointment
9 for the unexpired term in the same manner as original
10 appointments are made. The McCormick Place Advisory Board
11 shall elect its own chairperson.

12 Members of the McCormick Place Advisory Board shall serve
13 without compensation but, at the Authority's discretion, shall
14 be reimbursed for necessary expenses in connection with the
15 performance of their duties.

16 The McCormick Place Advisory Board shall meet quarterly,
17 or as needed, shall produce any reports it deems necessary,
18 and shall:

19 (1) Work with the Authority on ways to improve the
20 area physically and economically;

21 (2) Work with the Authority regarding potential means
22 for providing increased economic opportunities to
23 minorities and women produced indirectly or directly from
24 the construction and operation of the Expansion Project;

25 (3) Work with the Authority to minimize any potential
26 impact on the area surrounding the McCormick Place

1 Expansion Project, including any impact on minority-owned
2 or women-owned businesses, resulting from the construction
3 and operation of the Expansion Project;

4 (4) Work with the Authority to find candidates for
5 building trades apprenticeships, for employment in the
6 hospitality industry, and to identify job training
7 programs;

8 (5) Work with the Authority to implement the
9 provisions of subsections (a) through (e) of this Section
10 in the construction of the Expansion Project, including

12 of the annual dollar value of contracts to minority-owned
13 and women-owned businesses, the outreach program for
14 minorities and women, and the mentor/protege program for
15 providing assistance to minority-owned and women-owned
16 businesses.

17 (g) (Blank). ~~The Authority shall comply with subsection~~
18 ~~(e) of Section 5-42 of the Olympic Games and Paralympic Games~~
19 ~~(2016) Law. For purposes of this Section, the term "games" has~~

23 Section 400. The Conservation District Act is amended by
24 changing Section 15 as follows:

1 (70 ILCS 410/15) (from Ch. 96 1/2, par. 7116)

2 Sec. 15. (a) Whenever a district does not have sufficient
3 money in its treasury to meet all necessary expenses and
4 liabilities thereof, it may issue tax anticipation warrants.
5 Such issue of tax anticipation warrants shall be subject to

10 ~~corporation, or of any farm drainage district, river district,~~
11 ~~drainage and levee district, fire protection district and~~
12 ~~jurors' certificates", approved June 27, 1913, as now and~~
13 ~~hereafter amended.~~

14 (b) For the purpose of acquisition of real property, or
15 rights thereto, a district may incur indebtedness and, as
16 evidence of the indebtedness thus created, may issue and sell
17 bonds without first obtaining the consent of the legal voters
18 of the district.

19 (b-5) For the purpose of development of real property, all
20 or a portion of which has been acquired with
21 referendum-approved bonds, a district located entirely within
22 McHenry County may incur indebtedness and, as evidence of the
23 indebtedness thus created, may issue and sell bonds without
24 first obtaining the consent of the legal voters of the
25 district. Development, for the purposes of this subsection
26 (b-5), shall mean the improvement or maintenance of existing

6 rehabilitation of historic structures.

7 (c) For the purpose of development of real property, a
8 district may incur indebtedness and, as evidence of the
9 indebtedness thus created, may issue and sell bonds only after
10 the proposition to issue bonds has been submitted to the legal
11 voters of the district at an election and has been approved by
12 a majority of those voting on the proposition. Such election
13 is subject to Section 15.1 of this Act.

14 (d) No district shall become indebted in any manner or for
15 any purpose, to any amount including existing indebtedness in
16 the aggregate exceeding 0.575% of the value, as equalized or

18 therein; except that a district entirely within a county of
19 under 750,000 inhabitants and contiguous to a county of more
20 than 2,000,000 inhabitants may incur indebtedness, including
21 existing indebtedness, in the aggregate not exceeding 1.725%
22 of that value if the aggregate indebtedness over 0.575% is
23 submitted to the legal voters of the district at an election
24 and is approved by a majority of those voting on the
25 proposition as provided in Section 15.1.

26 The following do not in any way limit the right of a

1 district to issue non-referendum bonds under this Section:
2 bonds heretofore or hereafter issued and outstanding that are
3 approved by referendum, as described in this subsection (d);
4 refunding bonds issued to refund or continue to refund bonds
5 approved by referendum; and bonds issued under this Section
6 that have been paid in full or for which provisions for payment
7 have been made by an irrevocable deposit of funds in an amount

17 last of which shall mature not later than 25 years after the
18 date of issue; shall bear interest at a rate or rates not
19 exceeding the maximum rate permitted in the Bond Authorization
20 Act ~~"An Act to authorize public corporations to issue bonds,~~

9 ~~rate limitations set forth therein", approved May 26, 1970, as~~
10 ~~amended~~, may be in such form, may carry such registration
11 privileges, may be executed in such manner, may be payable at
12 such place or places, may be made subject to redemption in such
13 manner and upon such terms, with or without premium as is
14 stated on the face thereof, may be authenticated in such
15 manner, and may contain such terms and covenants as may be
16 provided by an applicable resolution.

17 (b-1) The holder or holders of any bonds, notes, or other
18 evidences of indebtedness issued by the Authority may bring
19 suits at law or proceedings in equity to compel the
20 performance and observance by any corporation or person or by
21 the Authority or any of its agents or employees of any contract
22 or covenant made with the holders of such bonds, notes, or
23 other evidences of indebtedness, to compel such corporation,
24 person, the Authority and any of its agents or employees to
25 perform any duties required to be performed for the benefit of
26 the holders of any such bonds, notes, or other evidences of

1 indebtedness by the provision of the resolution authorizing
2 their issuance and to enjoin such corporation, person, the
3 Authority and any of its agents or employees from taking any
4 action in conflict with any such contract or covenant.

5 (b-2) If the Authority fails to pay the principal of or

7 become due, a civil action to compel payment may be instituted
8 in the appropriate circuit court by the holder or holders of
9 the bonds on which such default of payment exists or by an
10 indenture trustee acting on behalf of such holders. Delivery

6 connection with the issuance thereof and the issuance of any
7 additional bonds, notes, or other evidences of indebtedness
8 payable from such revenues, income, or other funds to be
9 derived from projects, the Authority may execute and deliver a
10 mortgage or trust agreement. A remedy for any breach or
11 default of the terms of any such mortgage or trust agreement by
12 the Authority may be by mandamus proceedings in the
13 appropriate circuit court to compel the performance and
14 compliance therewith, but the trust agreement may prescribe by
15 whom or on whose behalf such action may be instituted.

16 (e) Such bonds or notes shall be secured as provided in the
17 authorizing ordinance which may, notwithstanding any other
18 provision of this Act, include in addition to any other
19 security a specific pledge or assignment of and lien on or
20 security interest in any or all revenues or money of the
21 Authority from whatever source which may by law be used for
22 debt service purposes and a specific pledge or assignment of
23 and lien on or security interest in any funds or accounts
24 established or provided for by ordinance of the Authority
25 authorizing the issuance of such bonds or notes.

26 (f) (Blank).

1 (g) The State of Illinois pledges to and agrees with the
2 holders of the bonds and notes of the Authority issued
3 pursuant to this Section that the State will not limit or alter
4 the rights and powers vested in the Authority by this Act so as
5 to impair the terms of any contract made by the Authority with
6 such holders or in any way impair the rights and remedies of
7 such holders until such bonds and notes, together with
8 interest thereon, with interest on any unpaid installments of
9 interest, and all costs and expenses in connection with any
10 action or proceedings by or on behalf of such holders, are
11 fully met and discharged. In addition, the State pledges to
12 and agrees with the holders of the bonds and notes of the
13 Authority issued pursuant to this Section that the State will
14 not limit or alter the basis on which State funds are to be
15 paid to the Authority as provided in this Act, or the use of
16 such funds, so as to impair the terms of any such contract. The

2 (70 ILCS 1510/2) (from Ch. 105, par. 333.25)

3 Sec. 2. For the purpose of creating such working cash fund
4 the commissioners of the Chicago Park District, without the
5 submission thereof to the voters for approval, may incur an
6 indebtedness and issue bonds therefor in an amount not to
7 exceed \$40,000,000 in addition to bonds in the amount of
8 \$25,000,000 heretofore authorized, and in addition to bonds in
9 the amounts of \$5,000,000 and \$7,000,000 heretofore
10 authorized, and issued for that purpose. Bonds in the amount
11 of not to exceed \$40,000,000 may be sold in any one year and if
12 such maximum amount shall not be so sold in the first year the
13 balance thereof may be sold in any year thereafter at the
14 discretion of the commissioners.

15 Such bonds shall be authorized by ordinance and shall be
16 of the form and denomination, payable at the place and bear
17 such date as may be determined by the commissioners and shall
18 mature within not to exceed 20 years from their date or, for
19 bonds issued after July 24, 2003 (the effective date of Public

7 ~~or hereafter amended~~, such interest to be payable at such time
8 and place and in such manner as may be provided in the bond
9 ordinance.

18 Such bonds may be sold for such price and after such
19 advertising as shall be approved and directed by the
20 commissioners.

26 to the payment of the bonds and interest thereon for which such

1 taxes were levied.

2 If such money is not immediately necessary for the payment
3 of said bonds or if the bonds cannot be purchased before
4 maturity then said money may be invested under the direction
5 of the commissioners in bonds or other interest bearing
6 obligations of the United States or bonds of the State of
7 Illinois.

8 The maturity date of the invested securities shall be
9 prior to the due date of the bonds for the payment of which
10 said money was collected. Such securities may be sold when

14 sum of money equal to the amount of interest that will accrue
15 thereon within the next 6 months period from the time it is
16 proposed to purchase and/or redeem any such bonds, or the
17 commissioners may require that said sum of money be equal to
18 the amount of interest that will so accrue within the next 12
19 months period, the treasurer of the park district shall use
20 the money available from the proceeds of taxes levied for the
21 payment of the bonds first, in the purchase of such bonds at
22 the lowest price obtainable, but not to exceed their par value
23 and accrued interest, after sealed tenders for such purchase
24 shall have been advertised for as may be directed by the
25 commissioners and thereafter such money shall be used by said
26 official in calling said bonds for payment according to their

1 terms of redemption.

2 Bonds called for payment and paid or purchased shall be
3 marked paid and cancelled.

4 Whenever any bonds are so purchased and/or redeemed and
5 cancelled, the taxes thereafter to be extended for payment of
6 interest shall be reduced in the amount of interest that would
7 have thereafter accrued upon such bonds so cancelled, and a
8 resolution shall be adopted by the commissioners finding such
9 facts and a certified copy thereof shall be filed in the office
10 of the county clerk whereupon it shall be the duty of such
11 official to reduce and extend such taxes in accordance
12 therewith.

13 The ordinance authorizing said bonds shall prescribe all
14 details thereof and shall provide for the levy and collection
15 of a direct annual tax upon all the taxable property within
16 said Chicago Park District sufficient to pay the interest upon

18 tax shall be in addition to and exclusive of the maximum of all
19 other taxes authorized to be levied by said park district.

22 constitute authority for the extension and collection of such
23 bond and interest taxes as required by the constitution.

24 with a population over 90,000 but less than 500,000, or, for
25 the Northern Moraine Wastewater Reclamation District, within
26 60 days after September 11, 2007 (the effective date of Public

1 Act 95-608) ~~this amendatory Act of the 95th General Assembly,~~
2 the appropriate appointing authority shall appoint 2
3 additional trustees to the board of trustees, one to hold
4 office for 2 years and one to hold office for 3 years from the
5 first Monday of May next after their appointment and until
6 their successors are appointed and have qualified. The lengths
7 of the terms of these two additional members shall be
8 determined by lot at the first meeting of the board of trustees
9 held after the additional members take office. The three
10 trustees already holding office in the sanitary district shall
11 continue to hold office for the remainders of their respective

13 each year the appropriate appointing authority shall appoint
14 one trustee or 2 trustees, as shall be necessary to maintain a
15 5-member ~~5-member~~ board of trustees, whose terms shall be for 3
16 years commencing the first Monday in May of the year in which
17 they are respectively appointed.

18 If any sanitary district having a 5-member ~~5-member~~ board
19 of trustees shall cease to contain one or more municipalities
20 with a population over 90,000 but less than 500,000 according

3 or villages, all of the trustees shall not be from one
4 incorporated city, town or village.

5 If a vacancy occurs on any board of trustees, the

9 The appointing authority shall require each of the
10 trustees to enter into bond, with security to be approved by
11 the appointing authority, in such sum as the appointing
12 authority may determine.

13 A majority of the board of trustees shall constitute a
14 quorum but a smaller number may adjourn from day to day. No
15 trustee or employee of such district shall be directly or
16 indirectly interested in any contract, work or business of the

18 consideration of which is paid by such district; nor in the
19 purchase of any real estate or property belonging to the
20 district, or which shall be sold for taxes or assessments, or
21 by virtue of legal process at the suit of the district.
22 Provided, that nothing herein shall be construed as
23 prohibiting the appointment or selection of any person as
24 trustee or employee whose only interest in the district is as
25 owner of real estate in the district or of contributing to the
26 payment of taxes levied by the district. The trustees shall

1 have the power to provide and adopt a corporate seal for the
2 district.

3 Notwithstanding any other provision in this Section, in
4 any sanitary district created prior to November 22, 1985 (the

9 500,000, the board of trustees shall consist of five members.

10 Except as otherwise provided for vacancies, in the event
11 that the appropriate appointing authority fails to appoint a
12 trustee under this Section, the appropriate appointing
13 authority shall reconvene and appoint a successor on or before
14 July 1 of that year.

14 Section 570. The Metropolitan Water Reclamation District
15 Act is amended by changing Sections 9b, 9d, 9.6, and 10.1 as
16 follows:

17 (70 ILCS 2605/9b) (from Ch. 42, par. 328b)

18 Sec. 9b. From and after April 1, 1958, the corporate
19 authorities of any such sanitary district may by ordinance,
20 establish a fund to be known as a "corporate working cash fund"
21 which shall be maintained and administered in the manner
22 provided by this Act for the purpose of enabling said
23 corporate authorities to have in the treasury at all times
24 sufficient money to meet demands thereon for ordinary and

1 necessary expenditures for corporate purposes.

2 The corporate authorities may incur an indebtedness and
3 issue bonds therefor in an amount, when added to (a) proceeds
4 from the sale of bonds previously issued to create or increase
5 the working cash fund (b) any amounts collected from the
6 corporate working cash levy and (c) amounts transferred from
7 the construction working cash fund, will not exceed 90% of the
8 amount produced by multiplying the maximum corporate tax rate
9 permitted under this Act by the last known equalized assessed
10 valuation of all property within the territorial boundaries of
11 the sanitary district at the time any bonds are issued plus 90%
12 of the last known entitlement of such district to such taxes as
13 by law now or hereafter enacted or amended, imposed by the
14 General Assembly of the State of Illinois to replace revenue
15 lost by units of local government and school districts as a
16 result of the abolition of ad valorem personal property taxes,
17 pursuant to Article IX, Section 5(c) of the Constitution of
18 the State of Illinois. The bonds shall mature within 20 years
19 from the date of issuance and shall bear interest at a rate or
20 rates not exceeding that permitted by the Bond Authorization
21 Act ~~"An Act to authorize public corporations to issue bonds,~~
22 ~~other evidences of indebtedness and tax anticipation warrants~~
23 ~~subject to interest rate limitations set forth therein",~~
24 ~~approved May 26, 1970, as amended.~~

25 In order to authorize and issue such bonds, the corporate
26 authorities shall adopt an ordinance designating the purpose

1 and fixing the date and the amount of the bonds proposed to be
2 issued, the maturity thereof, the rate of interest thereon,
3 place of payment and denomination, and provide for the levy
4 and collection of a direct annual tax upon all the taxable
5 property of the sanitary district sufficient to pay and
6 discharge the principal thereof at maturity, and to pay the
7 interest thereon as it falls due. Upon the filing in the office
8 of the county clerk of the county where the sanitary district
9 is located of a certified copy of any such ordinance, the
10 county clerk shall extend the tax therein provided for.

11 Said bonds may be issued by the corporate authorities
12 without submitting the question of issuance to the legal
13 voters of such sanitary district for approval.

14 Before or at the time of issuing said corporate working
15 cash fund bonds the corporate authorities shall, by ordinance
16 provide for the collection of a direct annual tax upon all the
17 taxable property of the sanitary district sufficient to pay
18 and discharge the principal thereof at maturity, and to pay
19 the interest thereon as it falls due. Upon the filing in the
20 office of the county clerk of the county where the sanitary
21 district is located of a certified copy of any such ordinance,
22 the county clerk shall extend the tax therein provided for.

23 All moneys derived from the issuance of said corporate
24 working cash fund bonds pursuant to this Amendatory Act of
25 1957, when received by the treasurer of the district, shall be
26 set apart in the corporate working cash fund. The moneys in

1 such fund shall not be regarded as current assets available
2 for appropriation and shall not be appropriated by the
3 corporate authorities in the annual sanitary district budget,
4 but in order to provide moneys with which to meet ordinary and
5 necessary disbursements for salaries and other corporate
6 purposes may be transferred, in whole or in part, to the
7 corporate fund of the sanitary district and so disbursed
8 therefrom in anticipation of the collection of any taxes
9 lawfully levied for corporate purposes or in the anticipation
10 of the receipt of such taxes, as by law now or hereafter
11 enacted or amended, imposed by the General Assembly of the
12 State of Illinois to replace revenue lost by units of local
13 government and school districts as a result of the abolition
14 of ad valorem personal property taxes, pursuant to Article IX,
15 Section 5(c) of the Constitution of the State of Illinois.
16 Moneys transferred to the corporate fund in anticipation of
17 the collection of taxes shall be deemed to have been
18 transferred in anticipation of the collection of that part of
19 the taxes so levied which is in excess of the amount or amounts
20 thereof required to pay any warrants or notes, and the
21 interest thereon theretofore or thereafter issued, and such
22 taxes levied for corporate purposes when collected shall be
23 applied first to the payment of any such warrants or notes and
24 the interest thereon and then to the reimbursement of the
25 corporate working cash fund as hereinafter provided. Upon the
26 receipt by the treasurer of the sanitary district of any taxes

1 in anticipation of the collection or receipt whereof moneys of
2 the corporate working cash fund have been so transferred for
3 disbursement, such fund shall immediately be reimbursed
4 therefrom until the full amount so transferred has been
5 retransferred to said fund. If the taxes in anticipation of
6 the collection of which such transfers are made are not
7 collected in sufficient amounts to effect a complete
8 reimbursement of the working cash fund within the second
9 budget year following the year in which said transfer was
10 made, of the amounts transferred from the corporate working
11 cash fund to the corporate fund, the deficiencies between the
12 amounts thus transferred and the amounts repaid from
13 collection shall be general obligations of the corporate fund
14 until repaid either from taxes in anticipation of which
15 transfers were made or from appropriations which may be made
16 in the annual sanitary district budgets of sums of money to
17 apply on such general obligations or until repaid from both
18 the taxes in anticipation of which such transfers were made
19 and from appropriations which may be made in the annual
20 sanitary district budgets of sums of money to apply on such
21 general obligations.

22 Moneys shall be transferred from the corporate working
23 cash fund to the corporate fund only upon the authority of the
24 corporate authorities, which shall by resolution direct the
25 treasurer of the sanitary district to make such transfers. The
26 resolution shall set forth (a) the taxes or funds in

1 anticipation of the collection or receipt of which the
2 corporate working cash fund is to be reimbursed, (b) for a
3 transfer in anticipation of the extension of real estate
4 taxes, the entire amount of taxes extended, or which the board
5 shall estimate will be extended, for any year by the county
6 clerk upon the books of the collectors of State ~~state~~ and
7 county taxes within the sanitary district in anticipation of
8 all or part of which such transfer is to be made, (c) for a
9 transfer in anticipation of such taxes, hereinabove referred
10 to, to replace revenue lost by units of local government and
11 school districts as a result of the abolition of ad valorem
12 personal property taxes, the amount of such taxes which the
13 board shall estimate will be received, (d) the aggregate
14 amount of warrants or notes theretofore issued in anticipation
15 of the collection of such taxes, (e) the aggregate amount of
16 receipts from taxes imposed to replace revenue lost by units
17 of local government and school districts as a result of the
18 abolition of ad valorem personal property taxes, pursuant to
19 Article IX, Section 5(c) of the Constitution of the State of
20 Illinois, which the corporate authorities estimate will be set
21 aside for the payment of the proportionate amount of debt
22 service and pension or retirement obligations, as required by
23 Section 12 of the State Revenue Sharing Act ~~"An Act in relation~~
24 ~~to State Revenue Sharing with local government entities",~~
25 ~~approved July 31, 1969, as amended,~~ and (f) the aggregate
26 amount of moneys theretofore transferred from the corporate

1 working cash fund to the corporate fund in anticipation of the
2 collection of such taxes. The amount which the resolution
3 shall direct the treasurer of the sanitary district so to
4 transfer in anticipation of the collection of taxes levied or
5 to be received for any year, together with the aggregate
6 amount of such anticipation tax warrants or notes theretofore
7 drawn against such taxes, the amount estimated to be required
8 to satisfy debt service and pension or retirement obligations,
9 as set forth in Section 12 of the State Revenue Sharing Act ~~"An~~
10 ~~Act in relation to State revenue sharing with local government~~
11 ~~entities", approved July 31, 1969, as amended,~~ and the
12 aggregate amount of such transfers theretofore made in
13 anticipation of the collection of such taxes shall not exceed
14 100% of the actual or estimated amount of such taxes extended
15 or to be extended or to be received as set forth in the
16 resolution. When moneys are available in the corporate working
17 cash fund they shall be transferred to the corporate fund and
18 disbursed for the payment of salaries and other corporate
19 expenses so as to avoid, or reduce in amount, whenever
20 possible, the issuance of tax anticipation warrants or notes.

21 Any member of the board of commissioners of said sanitary
22 district or any officer thereof or any other person holding
23 any other position of trust or employment under the said
24 board, who is guilty of the wilful violation of any of the
25 provisions of this Amendatory Act of 1957, shall be guilty of a
26 business offense and shall be fined not exceeding \$10,000 and

1 shall forfeit his right to his office, trust, or employment
2 and shall be removed therefrom. Any such member, officer, or
3 person shall be liable for any sum that may be unlawfully
4 diverted from the corporate working cash fund or otherwise
5 used, to be recovered by the corporate authorities of said
6 sanitary district or by any taxpayer in the name and for the
7 benefit of said board of commissioners in an appropriate civil
8 action. A taxpayer so suing shall file a bond for and shall be
9 liable for, all costs, taxed against the board of
10 commissioners in such a suit. Nothing herein shall bar any
11 other remedies.

12 The authority granted by this Amendatory Act of 1957 shall
13 be cumulative authority for the issuance of bonds and shall
14 not be held to repeal any laws with respect thereto.

19 price and upon such terms as determined by the Board of
20 Commissioners and which will not cause the net effective
21 interest rate to be paid by the sanitary district to exceed
22 that permitted by the Bond Authorization Act ~~"An Act to~~

7 pledge is made.

8 (2) The revenues and receipts pledged shall immediately be
9 subject to the lien of the pledge without any physical
10 delivery or further act, and the lien of any pledge shall be
11 valid and binding against any person having any claim of any
12 kind in tort, contract, or otherwise against the Authority,
13 irrespective of whether the person has notice.

14 (3) No resolution, trust agreement, management agreement, or
15 or assistance agreement or any financing statement,
16 continuation statement, or other instrument adopted or entered
17 into by the Authority need be filed or recorded in any public
18 record other than the records of the Authority in order to
19 perfect the lien against third persons, regardless of any
20 contrary provision of law.

21 (F) The Authority may issue bonds to refund, advance
22 refund, or refinance any of its bonds then outstanding,
23 including the payment of any redemption premium and any
24 interest accrued or to accrue to the earliest or any
25 subsequent date of redemption, purchase, or maturity of the
26 bonds. Refunding or advance refunding bonds may be issued for

1 the public purposes of realizing savings in the effective
2 costs of debt service, directly or through a debt
3 restructuring, for alleviating impending or actual default, or
4 for paying principal of, redemption premium, if any, and
5 interest on bonds as they mature or are subject to redemption,
6 and may be issued in one or more series in an amount in excess
7 of that of the bonds to be refunded.

8 (G) At no time shall the total outstanding bonds and notes
9 of the Authority issued under this Section 13 exceed (i)
10 \$150,000,000 in connection with facilities owned by the
11 Authority or in connection with other authorized corporate
12 purposes of the Authority and (ii) \$399,000,000 in connection
13 with facilities owned by a governmental owner other than the
14 Authority; however, the limit on the total outstanding bond
15 and notes set forth in this sentence shall not apply to any
16 refunding or restructuring bonds issued by the Authority on
17 and after June 17, 2021 (the effective date of Public Act
18 102-16) ~~this amendatory Act of the 102nd General Assembly~~ but
19 prior to December 31, 2024. Bonds which are being paid or
20 retired by issuance, sale, or delivery of bonds or notes, and
21 bonds or notes for which sufficient funds have been deposited
22 with the paying agent or trustee to provide for payment of
23 principal and interest thereon, and any redemption premium, as
24 provided in the authorizing resolution, shall not be
25 considered outstanding for the purposes of this paragraph.

26 (H) The bonds and notes of the Authority shall not be

1 indebtedness of the City of Chicago, of the State, or of any
2 political subdivision of the State other than the Authority.
3 The bonds and notes of the Authority are not general
4 obligations of the State of Illinois or the City of Chicago, or
5 of any other political subdivision of the State other than the
6 Authority, and are not secured by a pledge of the full faith
7 and credit of the State of Illinois or the City of Chicago, or
8 of any other political subdivision of the State other than the
9 Authority, and the holders of bonds and notes of the Authority
10 may not require the levy or imposition by the State or the City
11 of Chicago, or any other political subdivision of the State
12 other than the Authority, of any taxes or, except as provided
13 in this Act, the application of revenues or funds of the State
14 of Illinois or the City of Chicago or any other political
15 subdivision of the State other than the Authority to the
16 payment of bonds and notes of the Authority.

17 (I) In order to provide for the payment of debt service
18 requirements (including amounts for reserve funds and to pay
19 the costs of credit enhancements) on bonds issued pursuant to
20 this Act, the Authority may provide in any trust agreement
21 securing such bonds for a pledge and assignment of its right to
22 all amounts to be received from the Illinois Sports Facilities
23 Fund and for a pledge and assignment (subject to the terms of
24 any management agreement or assistance agreement) of all taxes
25 and other amounts to be received under Section 19 of this Act
26 and may further provide by written notice to the State

1 Treasurer and State Comptroller (which notice shall constitute
2 a direction to those officers) for a direct payment of these
3 amounts to the trustee for its bondholders.

4 (J) The State of Illinois pledges to and agrees with the
5 holders of the bonds and notes of the Authority issued
6 pursuant to this Act that the State will not limit or alter the
7 rights and powers vested in the Authority by this Act so as to
8 impair the terms of any contract made by the Authority with
9 such holders or in any way impair the rights and remedies of
10 such holders until such bonds and notes, together with
11 interest thereon, with interest on any unpaid installments of
12 interest, and all costs and expenses in connection with any
13 action or proceedings by or on behalf of such holders, are
14 fully met and discharged. In addition, the State pledges to
15 and agrees with the holders of the bonds and notes of the
16 Authority issued pursuant to this Act that the State will not
17 limit or alter the basis on which State funds are to be
18 allocated, deposited and paid to the Authority as provided in
19 this Act, or the use of such funds, so as to impair the terms
20 of any such contract. The Authority is authorized to include
21 these pledges and agreements of the State in any contract with
22 the holders of bonds or notes issued pursuant to this Section.
23 Nothing in Public Act 102-16 ~~this amendatory Act of the 102nd~~
24 ~~General Assembly~~ is intended to limit or alter the rights and
25 powers of the Authority so as to impair the terms of any
26 contract made by the Authority with the holders of the bonds

1 and notes of the Authority issued pursuant to this Act.

21 provisions restricting individual right of action by
22 bondholders;

23 (8) Providing for guarantees, pledges of property,

2 (c) No member of the Authority nor any person executing
3 the bonds shall be liable personally on the bonds or subject to
4 any personal liability by reason of the issuance of the bonds.

5 (d) The Authority may enter into agreements with agents,
6 banks, insurers, or others for the purpose of enhancing the
7 marketability of or security for its bonds.

8 (e) (1) A pledge by the Authority of revenues and receipts

13 (2) The revenues and receipts pledged shall
14 immediately be subject to the lien of the pledge without
15 any physical delivery or further act, and the lien of any
16 pledge shall be valid and binding against any person
17 having any claim of any kind in tort, contract, or
18 otherwise against the Authority, irrespective of whether
19 the person has notice.

20 (3) No resolution, trust agreement, management
21 agreement, or assistance agreement or any financing
22 statement, continuation statement, or other instrument

25 the Authority in order to perfect the lien against third
26 persons, regardless of any contrary provision of law.

1 (f) The Authority may issue bonds to refund, advance
2 refund, or refinance any of its bonds then outstanding,
3 including the payment of any redemption premium and any
4 interest accrued or to accrue to the earliest or any
5 subsequent date of redemption, purchase or maturity of the
6 bonds. Refunding or advance refunding bonds may be issued for
7 the public purposes of realizing savings in the effective
8 costs of debt service, directly or through a debt
9 restructuring, for alleviating impending or actual default, or
10 for paying principal of, redemption premium, if any, and
11 interest on bonds as they mature or are subject to redemption,
12 and may be issued in one or more series in an amount in excess
13 of that of the bonds to be refunded.

14 (g) At no time shall the total outstanding bonds and notes
15 of the Authority issued under this Section 100 exceed (i)
16 \$40,000,000 in connection with facilities owned by the
17 Authority; and (ii) \$40,000,000 in connection with facilities
18 owned by a governmental owner other than the Authority. Bonds
19 which are being paid or retired by issuance, sale, or delivery
20 of bonds or notes, and bonds or notes for which sufficient
21 funds have been deposited with the paying agent or trustee to

24 shall not be considered outstanding for the purposes of this
25 paragraph.

26 (h) The bonds and notes of the Authority shall not be

1 indebtedness of the State, or of any political subdivision of
2 the State other than the Authority. The bonds and notes of the
3 Authority are not general obligations of the State of
4 Illinois, or of any other political subdivision of the State
5 other than the Authority, and are not secured by a pledge of
6 the full faith and credit of the State of Illinois, or of any
7 other political subdivision of the State other than the
8 Authority, and the holders of bonds and notes of the Authority
9 may not require the levy or imposition by the State, or any
10 other political subdivision of the State other than the
11 Authority, of any taxes or, except as provided in this Act, the
12 application of revenues or funds of the State of Illinois, or
13 any other political subdivision of the State other than the
14 Authority, to the payment of bonds and notes of the Authority.

15 (i) In order to provide for the payment of debt service
16 requirements (including amounts for reserve funds and to pay
17 the costs of credit enhancements) on bonds issued pursuant to
18 this Act, the Authority may provide in any trust agreement
19 securing such bonds for a pledge and assignment of its right to
20 all amounts to be received from the Illinois Sports Facilities
21 Fund and for a pledge and assignment (subject to the terms of
22 any management agreement or assistance agreement) of all taxes
23 and other amounts to be received under Section 100 of this Act
24 and may further provide written notice to the State Treasurer
25 and State Comptroller (which notice shall constitute a
26 direction to those officers) for a direct payment of these

1 amounts to the trustee for its bondholders.

2 (j) The State of Illinois pledges to and agrees with the
3 holders of the bonds and notes of the Authority issued
4 pursuant to this Act that the State will not limit or alter the
5 rights and powers vested in the Authority by this Act so as to
6 impair the terms of any contract made by the Authority with
7 such holders or in any way impair the rights and remedies of
8 such holders until such bonds and notes, together with
9 interest thereon, with interest on any unpaid installments of
10 interest, and all costs and expenses in connection with any
11 action or proceedings by or on behalf of such holders, are
12 fully met and discharged. In addition, the State pledges to
13 and agrees with the holders of the bonds and notes of the
14 Authority issued pursuant to this Act that the State will not
15 limit or alter the basis on which State funds are to be
16 allocated, deposited, and paid to the Authority as provided in
17 this Act, or the use of such funds, so as to impair the terms
18 of any such contract. The Authority is authorized to include
19 these pledges and agreements of the State in any contract with
20 the holders of bonds or notes issued pursuant to this Section.

22 Section 610. The Regional Transportation Authority Act is
23 amended by changing Section 4.03 as follows:

24 (70 ILCS 3615/4.03)

1 Sec. 4.03. Taxes.

2 (a) In order to carry out any of the powers or purposes of
3 the Authority, the Board may, by ordinance adopted with the
4 concurrence of 12 of the then Directors, impose throughout the
5 metropolitan region any or all of the taxes provided in this
6 Section. Except as otherwise provided in this Act, taxes
7 imposed under this Section and civil penalties imposed
8 incident thereto shall be collected and enforced by the State
9 Department of Revenue. The Department shall have the power to
10 administer and enforce the taxes and to determine all rights
11 for refunds for erroneous payments of the taxes. Nothing in
12 Public Act 95-708 is intended to invalidate any taxes
13 currently imposed by the Authority. The increased vote
14 requirements to impose a tax shall only apply to actions taken
15 after January 1, 2008 (the effective date of Public Act
16 95-708).

17 (b) The Board may impose a public transportation tax upon
18 all persons engaged in the metropolitan region in the business
19 of selling at retail motor fuel for operation of motor
20 vehicles upon public highways. The tax shall be at a rate not
21 to exceed 5% of the gross receipts from the sales of motor fuel
22 in the course of the business. As used in this Act, the term
23 "motor fuel" shall have the same meaning as in the Motor Fuel
24 Tax Law. The Board may provide for details of the tax. The
25 provisions of any tax shall conform, as closely as may be
26 practicable, to the provisions of the Municipal Retailers

1 Occupation Tax Act, including, without limitation, conformity
2 to penalties with respect to the tax imposed and as to the
3 powers of the State Department of Revenue to promulgate and
4 enforce rules and regulations relating to the administration
5 and enforcement of the provisions of the tax imposed, except
6 that reference in the Act to any municipality shall refer to
7 the Authority and the tax shall be imposed only with regard to
8 receipts from sales of motor fuel in the metropolitan region,
9 at rates as limited by this Section.

10 (c) In connection with the tax imposed under paragraph (b)
11 of this Section, the Board may impose a tax upon the privilege
12 of using in the metropolitan region motor fuel for the
13 operation of a motor vehicle upon public highways, the tax to
14 be at a rate not in excess of the rate of tax imposed under
15 paragraph (b) of this Section. The Board may provide for
16 details of the tax.

17 (d) The Board may impose a motor vehicle parking tax upon
18 the privilege of parking motor vehicles at off-street parking
19 facilities in the metropolitan region at which a fee is
20 charged, and may provide for reasonable classifications in and
21 exemptions to the tax, for administration and enforcement
22 thereof and for civil penalties and refunds thereunder and may
23 provide criminal penalties thereunder, the maximum penalties
24 not to exceed the maximum criminal penalties provided in the
25 Retailers' Occupation Tax Act. The Authority may collect and
26 enforce the tax itself or by contract with any unit of local

1 government. The State Department of Revenue shall have no
2 responsibility for the collection and enforcement unless the
3 Department agrees with the Authority to undertake the
4 collection and enforcement. As used in this paragraph, the
5 term "parking facility" means a parking area or structure
6 having parking spaces for more than 2 vehicles at which motor
7 vehicles are permitted to park in return for an hourly, daily,
8 or other periodic fee, whether publicly or privately owned,
9 but does not include parking spaces on a public street, the use
10 of which is regulated by parking meters.

11 (e) The Board may impose a Regional Transportation
12 Authority Retailers' Occupation Tax upon all persons engaged
13 in the business of selling tangible personal property at
14 retail in the metropolitan region. In Cook County, the tax
15 rate shall be 1.25% of the gross receipts from sales of food
16 for human consumption that is to be consumed off the premises
17 where it is sold (other than alcoholic beverages, food
18 consisting of or infused with adult use cannabis, soft drinks,
19 candy, and food that has been prepared for immediate
20 consumption) and tangible personal property taxed at the 1%
21 rate under the Retailers' Occupation Tax Act, and 1% of the
22 gross receipts from other taxable sales made in the course of
23 that business. In DuPage, Kane, Lake, McHenry, and Will
24 counties, the tax rate shall be 0.75% of the gross receipts
25 from all taxable sales made in the course of that business. The
26 rate of tax imposed in DuPage, Kane, Lake, McHenry, and Will

1 counties under this Section on sales of aviation fuel on or
2 after December 1, 2019 shall, however, be 0.25% unless the
3 Regional Transportation Authority in DuPage, Kane, Lake,
4 McHenry, and Will counties has an "airport-related purpose"
5 and the additional 0.50% of the 0.75% tax on aviation fuel is
6 expended for airport-related purposes. If there is no
7 airport-related purpose to which aviation fuel tax revenue is
8 dedicated, then aviation fuel is excluded from the additional
9 0.50% of the 0.75% tax. The tax imposed under this Section and
10 all civil penalties that may be assessed as an incident
11 thereof shall be collected and enforced by the State
12 Department of Revenue. The Department shall have full power to
13 administer and enforce this Section; to collect all taxes and
14 penalties so collected in the manner hereinafter provided; and
15 to determine all rights to credit memoranda arising on account
16 of the erroneous payment of tax or penalty hereunder. In the
17 administration of, and compliance with this Section, the
18 Department and persons who are subject to this Section shall
19 have the same rights, remedies, privileges, immunities,
20 powers, and duties, and be subject to the same conditions,
21 restrictions, limitations, penalties, exclusions, exemptions,
22 and definitions of terms, and employ the same modes of
23 procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d,
24 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions
25 therein other than the State rate of tax), 2c, 3 (except as to
26 the disposition of taxes and penalties collected, and except

1 that the retailer's discount is not allowed for taxes paid on
2 aviation fuel that are subject to the revenue use requirements
3 of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c,
4 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9,
5 10, 11, 12, and 13 of the Retailers' Occupation Tax Act and
6 Section 3-7 of the Uniform Penalty and Interest Act, as fully
7 as if those provisions were set forth herein.

8 The Board and DuPage, Kane, Lake, McHenry, and Will
9 counties must comply with the certification requirements for
10 airport-related purposes under Section 2-22 of the Retailers'
11 Occupation Tax Act. For purposes of this Section,
12 "airport-related purposes" has the meaning ascribed in Section
13 6z-20.2 of the State Finance Act. This exclusion for aviation
14 fuel only applies for so long as the revenue use requirements
15 of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the
16 Authority.

17 Persons subject to any tax imposed under the authority
18 granted in this Section may reimburse themselves for their
19 seller's tax liability hereunder by separately stating the tax
20 as an additional charge, which charge may be stated in
21 combination in a single amount with State taxes that sellers
22 are required to collect under the Use Tax Act, under any
23 bracket schedules the Department may prescribe.

24 Whenever the Department determines that a refund should be
25 made under this Section to a claimant instead of issuing a
26 credit memorandum, the Department shall notify the State

1 Comptroller, who shall cause the warrant to be drawn for the
2 amount specified, and to the person named, in the notification
3 from the Department. The refund shall be paid by the State
4 Treasurer out of the Regional Transportation Authority tax
5 fund established under paragraph (n) of this Section or the
6 Local Government Aviation Trust Fund, as appropriate.

7 If a tax is imposed under this subsection (e), a tax shall
8 also be imposed under subsections (f) and (g) of this Section.

9 For the purpose of determining whether a tax authorized
10 under this Section is applicable, a retail sale by a producer
11 of coal or other mineral mined in Illinois, is a sale at retail
12 at the place where the coal or other mineral mined in Illinois
13 is extracted from the earth. This paragraph does not apply to
14 coal or other mineral when it is delivered or shipped by the
15 seller to the purchaser at a point outside Illinois so that the
16 sale is exempt under the Federal Constitution as a sale in
17 interstate or foreign commerce.

18 No tax shall be imposed or collected under this subsection
19 on the sale of a motor vehicle in this State to a resident of
20 another state if that motor vehicle will not be titled in this
21 State.

22 Nothing in this Section shall be construed to authorize
23 the Regional Transportation Authority to impose a tax upon the
24 privilege of engaging in any business that under the
25 Constitution of the United States may not be made the subject
26 of taxation by this State.

1 (f) If a tax has been imposed under paragraph (e), a
2 Regional Transportation Authority Service Occupation Tax shall
3 also be imposed upon all persons engaged⁷ in the metropolitan
4 region in the business of making sales of service⁷ who¹ as an
5 incident to making the sales of service, transfer tangible
6 personal property within the metropolitan region, either in
7 the form of tangible personal property or in the form of real
8 estate as an incident to a sale of service. In Cook County, the
9 tax rate shall be: (1) 1.25% of the serviceman's cost price of
10 food prepared for immediate consumption and transferred
11 incident to a sale of service subject to the service
12 occupation tax by an entity that is located in the
13 metropolitan region and that is licensed under the Hospital
14 Licensing Act, the Nursing Home Care Act, the Assisted Living
15 and Shared Housing Act, the Specialized Mental Health
16 Rehabilitation Act of 2013, the ID/DD Community Care Act, the
17 MC/DD Act, or the Child Care Act of 1969, or an entity that
18 holds a permit issued pursuant to the Life Care Facilities
19 Act; (2) 1.25% of the selling price of food for human
20 consumption that is to be consumed off the premises where it is
21 sold (other than alcoholic beverages, food consisting of or
22 infused with adult use cannabis, soft drinks, candy, and food
23 that has been prepared for immediate consumption) and tangible
24 personal property taxed at the 1% rate under the Service
25 Occupation Tax Act; and (3) 1% of the selling price from other
26 taxable sales of tangible personal property transferred. In

1 DuPage, Kane, Lake, McHenry, and Will counties, the rate shall
2 be 0.75% of the selling price of all tangible personal
3 property transferred. The rate of tax imposed in DuPage, Kane,
4 Lake, McHenry, and Will counties under this Section on sales
5 of aviation fuel on or after December 1, 2019 shall, however,
6 be 0.25% unless the Regional Transportation Authority in
7 DuPage, Kane, Lake, McHenry, and Will counties has an
8 "airport-related purpose" and the additional 0.50% of the
9 0.75% tax on aviation fuel is expended for airport-related
10 purposes. If there is no airport-related purpose to which
11 aviation fuel tax revenue is dedicated, then aviation fuel is
12 excluded from the additional 0.5% of the 0.75% tax.

13 The Board and DuPage, Kane, Lake, McHenry, and Will
14 counties must comply with the certification requirements for
15 airport-related purposes under Section 2-22 of the Retailers'
16 Occupation Tax Act. For purposes of this Section,
17 "airport-related purposes" has the meaning ascribed in Section
18 6z-20.2 of the State Finance Act. This exclusion for aviation
19 fuel only applies for so long as the revenue use requirements
20 of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the
21 Authority.

22 The tax imposed under this paragraph and all civil
23 penalties that may be assessed as an incident thereof shall be
24 collected and enforced by the State Department of Revenue. The
25 Department shall have full power to administer and enforce
26 this paragraph; to collect all taxes and penalties due

1 hereunder; to dispose of taxes and penalties collected in the
2 manner hereinafter provided; and to determine all rights to
3 credit memoranda arising on account of the erroneous payment
4 of tax or penalty hereunder. In the administration of and
5 compliance with this paragraph, the Department and persons who
6 are subject to this paragraph shall have the same rights,
7 remedies, privileges, immunities, powers, and duties, and be
8 subject to the same conditions, restrictions, limitations,
9 penalties, exclusions, exemptions, and definitions of terms,
10 and employ the same modes of procedure, as are prescribed in
11 Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all
12 provisions therein other than the State rate of tax), 4
13 (except that the reference to the State shall be to the
14 Authority), 5, 7, 8 (except that the jurisdiction to which the
15 tax shall be a debt to the extent indicated in that Section 8
16 shall be the Authority), 9 (except as to the disposition of
17 taxes and penalties collected, and except that the returned
18 merchandise credit for this tax may not be taken against any
19 State tax, and except that the retailer's discount is not
20 allowed for taxes paid on aviation fuel that are subject to the
21 revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C.
22 47133), 10, 11, 12 (except the reference therein to Section 2b
23 of the Retailers' Occupation Tax Act), 13 (except that any
24 reference to the State shall mean the Authority), the first
25 paragraph of Section 15, 16, 17, 18, 19, and 20 of the Service
26 Occupation Tax Act and Section 3-7 of the Uniform Penalty and

1 Interest Act, as fully as if those provisions were set forth
2 herein.

3 Persons subject to any tax imposed under the authority
4 granted in this paragraph may reimburse themselves for their
5 serviceman's tax liability hereunder by separately stating the
6 tax as an additional charge, that charge may be stated in
7 combination in a single amount with State tax that servicemen
8 are authorized to collect under the Service Use Tax Act, under
9 any bracket schedules the Department may prescribe.

10 Whenever the Department determines that a refund should be
11 made under this paragraph to a claimant instead of issuing a
12 credit memorandum, the Department shall notify the State
13 Comptroller, who shall cause the warrant to be drawn for the
14 amount specified, and to the person named in the notification
15 from the Department. The refund shall be paid by the State
16 Treasurer out of the Regional Transportation Authority tax
17 fund established under paragraph (n) of this Section or the
18 Local Government Aviation Trust Fund, as appropriate.

19 Nothing in this paragraph shall be construed to authorize
20 the Authority to impose a tax upon the privilege of engaging in
21 any business that under the Constitution of the United States
22 may not be made the subject of taxation by the State.

23 (g) If a tax has been imposed under paragraph (e), a tax
24 shall also be imposed upon the privilege of using in the
25 metropolitan region, any item of tangible personal property
26 that is purchased outside the metropolitan region at retail

1 from a retailer, and that is titled or registered with an
2 agency of this State's government. In Cook County, the tax
3 rate shall be 1% of the selling price of the tangible personal
4 property, as "selling price" is defined in the Use Tax Act. In
5 DuPage, Kane, Lake, McHenry, and Will counties, the tax rate
6 shall be 0.75% of the selling price of the tangible personal
7 property, as "selling price" is defined in the Use Tax Act. The
8 tax shall be collected from persons whose Illinois address for
9 titling or registration purposes is given as being in the
10 metropolitan region. The tax shall be collected by the
11 Department of Revenue for the Regional Transportation
12 Authority. The tax must be paid to the State, or an exemption
13 determination must be obtained from the Department of Revenue,
14 before the title or certificate of registration for the
15 property may be issued. The tax or proof of exemption may be
16 transmitted to the Department by way of the State agency with
17 which, or the State officer with whom, the tangible personal
18 property must be titled or registered if the Department and
19 the State agency or State officer determine that this
20 procedure will expedite the processing of applications for
21 title or registration.

22 The Department shall have full power to administer and
23 enforce this paragraph; to collect all taxes, penalties, and
24 interest due hereunder; to dispose of taxes, penalties, and
25 interest collected in the manner hereinafter provided; and to
26 determine all rights to credit memoranda or refunds arising on

1 account of the erroneous payment of tax, penalty, or interest
2 hereunder. In the administration of and compliance with this
3 paragraph, the Department and persons who are subject to this
4 paragraph shall have the same rights, remedies, privileges,
5 immunities, powers, and duties, and be subject to the same
6 conditions, restrictions, limitations, penalties, exclusions,
7 exemptions, and definitions of terms and employ the same modes
8 of procedure, as are prescribed in Sections 2 (except the
9 definition of "retailer maintaining a place of business in
10 this State"), 3 through 3-80 (except provisions pertaining to
11 the State rate of tax, and except provisions concerning
12 collection or refunding of the tax by retailers), 4, 11, 12,
13 12a, 14, 15, 19 (except the portions pertaining to claims by
14 retailers and except the last paragraph concerning refunds),
15 20, 21, and 22 of the Use Tax Act, and are not inconsistent
16 with this paragraph, as fully as if those provisions were set
17 forth herein.

18 Whenever the Department determines that a refund should be
19 made under this paragraph to a claimant instead of issuing a
20 credit memorandum, the Department shall notify the State
21 Comptroller, who shall cause the order to be drawn for the
22 amount specified, and to the person named in the notification
23 from the Department. The refund shall be paid by the State
24 Treasurer out of the Regional Transportation Authority tax
25 fund established under paragraph (n) of this Section.

26 (g-5) If, on January 1, 2025, a unit of local government

1 has in effect a tax under subsections (e), (f), and (g), or if,
2 after January 1, 2025, a unit of local government imposes a tax
3 under subsections (e), (f), and (g), then that tax applies to
4 leases of tangible personal property in effect, entered into,
5 or renewed on or after that date in the same manner as the tax
6 under this Section and in accordance with the changes made by
7 Public Act 103-592 ~~this amendatory Act of the 103rd General~~
8 ~~Assembly.~~

9 (h) The Authority may impose a replacement vehicle tax of
10 \$50 on any passenger car as defined in Section 1-157 of the
11 Illinois Vehicle Code purchased within the metropolitan region
12 by or on behalf of an insurance company to replace a passenger
13 car of an insured person in settlement of a total loss claim.
14 The tax imposed may not become effective before the first day
15 of the month following the passage of the ordinance imposing
16 the tax and receipt of a certified copy of the ordinance by the
17 Department of Revenue. The Department of Revenue shall collect
18 the tax for the Authority in accordance with Sections 3-2002
19 and 3-2003 of the Illinois Vehicle Code.

20 The Department shall immediately pay over to the State
21 Treasurer, ex officio, as trustee, all taxes collected
22 hereunder.

23 As soon as possible after the first day of each month,
24 beginning January 1, 2011, upon certification of the
25 Department of Revenue, the Comptroller shall order
26 transferred, and the Treasurer shall transfer, to the STAR

1 Bonds Revenue Fund the local sales tax increment, as defined
2 in the Innovation Development and Economy Act, collected under
3 this Section during the second preceding calendar month for
4 sales within a STAR bond district.

5 After the monthly transfer to the STAR Bonds Revenue Fund,
6 on or before the 25th day of each calendar month, the
7 Department shall prepare and certify to the Comptroller the
8 disbursement of stated sums of money to the Authority. The
9 amount to be paid to the Authority shall be the amount
10 collected hereunder during the second preceding calendar month
11 by the Department, less any amount determined by the
12 Department to be necessary for the payment of refunds, and
13 less any amounts that are transferred to the STAR Bonds
14 Revenue Fund. Within 10 days after receipt by the Comptroller
15 of the disbursement certification to the Authority provided
16 for in this Section to be given to the Comptroller by the
17 Department, the Comptroller shall cause the orders to be drawn
18 for that amount in accordance with the directions contained in
19 the certification.

20 (i) The Board may not impose any other taxes except as it
21 may from time to time be authorized by law to impose.

22 (j) A certificate of registration issued by the State
23 Department of Revenue to a retailer under the Retailers'
24 Occupation Tax Act or under the Service Occupation Tax Act
25 shall permit the registrant to engage in a business that is
26 taxed under the tax imposed under paragraphs (b), (e), (f) or

1 (g) of this Section and no additional registration shall be
2 required under the tax. A certificate issued under the Use Tax
3 Act or the Service Use Tax Act shall be applicable with regard
4 to any tax imposed under paragraph (c) of this Section.

5 (k) The provisions of any tax imposed under paragraph (c)
6 of this Section shall conform as closely as may be practicable
7 to the provisions of the Use Tax Act, including, without
8 limitation, conformity as to penalties with respect to the tax
9 imposed and as to the powers of the State Department of Revenue
10 to promulgate and enforce rules and regulations relating to
11 the administration and enforcement of the provisions of the
12 tax imposed. The taxes shall be imposed only on use within the
13 metropolitan region and at rates as provided in the paragraph.

14 (l) The Board in imposing any tax as provided in
15 paragraphs (b) and (c) of this Section, shall, after seeking
16 the advice of the State Department of Revenue, provide means
17 for retailers, users or purchasers of motor fuel for purposes
18 other than those with regard to which the taxes may be imposed
19 as provided in those paragraphs to receive refunds of taxes
20 improperly paid, which provisions may be at variance with the
21 refund provisions as applicable under the Municipal Retailers
22 Occupation Tax Act. The State Department of Revenue may
23 provide for certificates of registration for users or
24 purchasers of motor fuel for purposes other than those with
25 regard to which taxes may be imposed as provided in paragraphs
26 (b) and (c) of this Section to facilitate the reporting and

1 nontaxability of the exempt sales or uses.

2 (m) Any ordinance imposing or discontinuing any tax under
3 this Section shall be adopted and a certified copy thereof
4 filed with the Department on or before June 1, whereupon the
5 Department of Revenue shall proceed to administer and enforce
6 this Section on behalf of the Regional Transportation
7 Authority as of September 1 next following such adoption and
8 filing. Beginning January 1, 1992, an ordinance or resolution
9 imposing or discontinuing the tax hereunder shall be adopted
10 and a certified copy thereof filed with the Department on or
11 before the first day of July, whereupon the Department shall
12 proceed to administer and enforce this Section as of the first
13 day of October next following such adoption and filing.
14 Beginning January 1, 1993, an ordinance or resolution
15 imposing, increasing, decreasing, or discontinuing the tax
16 hereunder shall be adopted and a certified copy thereof filed
17 with the Department, whereupon the Department shall proceed to
18 administer and enforce this Section as of the first day of the
19 first month to occur not less than 60 days following such
20 adoption and filing. Any ordinance or resolution of the
21 Authority imposing a tax under this Section and in effect on
22 August 1, 2007 shall remain in full force and effect and shall
23 be administered by the Department of Revenue under the terms
24 and conditions and rates of tax established by such ordinance
25 or resolution until the Department begins administering and
26 enforcing an increased tax under this Section as authorized by

1 Public Act 95-708. The tax rates authorized by Public Act
2 95-708 are effective only if imposed by ordinance of the
3 Authority.

4 (n) Except as otherwise provided in this subsection (n),
5 the State Department of Revenue shall, upon collecting any
6 taxes as provided in this Section, pay the taxes over to the
7 State Treasurer as trustee for the Authority. The taxes shall
8 be held in a trust fund outside the State Treasury. If an
9 airport-related purpose has been certified, taxes and
10 penalties collected in DuPage, Kane, Lake, McHenry and Will
11 counties on aviation fuel sold on or after December 1, 2019
12 from the 0.50% of the 0.75% rate shall be immediately paid over
13 by the Department to the State Treasurer, ex officio, as
14 trustee, for deposit into the Local Government Aviation Trust
15 Fund. The Department shall only pay moneys into the Local
16 Government Aviation Trust Fund under this Act for so long as
17 the revenue use requirements of 49 U.S.C. 47107(b) and 49
18 U.S.C. 47133 are binding on the Authority. On or before the
19 25th day of each calendar month, the State Department of
20 Revenue shall prepare and certify to the Comptroller of the
21 State of Illinois and to the Authority (i) the amount of taxes
22 collected in each county other than Cook County in the
23 metropolitan region, (not including, if an airport-related
24 purpose has been certified, the taxes and penalties collected
25 from the 0.50% of the 0.75% rate on aviation fuel sold on or
26 after December 1, 2019 that are deposited into the Local

1 Government Aviation Trust Fund) (ii) the amount of taxes
2 collected within the City of Chicago, and (iii) the amount
3 collected in that portion of Cook County outside of Chicago,
4 each amount less the amount necessary for the payment of
5 refunds to taxpayers located in those areas described in items
6 (i), (ii), and (iii), and less 1.5% of the remainder, which
7 shall be transferred from the trust fund into the Tax
8 Compliance and Administration Fund. The Department, at the
9 time of each monthly disbursement to the Authority, shall
10 prepare and certify to the State Comptroller the amount to be
11 transferred into the Tax Compliance and Administration Fund
12 under this subsection. Within 10 days after receipt by the
13 Comptroller of the certification of the amounts, the
14 Comptroller shall cause an order to be drawn for the transfer
15 of the amount certified into the Tax Compliance and
16 Administration Fund and the payment of two-thirds of the
17 amounts certified in item (i) of this subsection to the
18 Authority and one-third of the amounts certified in item (i)
19 of this subsection to the respective counties other than Cook
20 County and the amount certified in items (ii) and (iii) of this
21 subsection to the Authority.

22 In addition to the disbursement required by the preceding
23 paragraph, an allocation shall be made in July 1991 and each
24 year thereafter to the Regional Transportation Authority. The
25 allocation shall be made in an amount equal to the average
26 monthly distribution during the preceding calendar year

1 (excluding the 2 months of lowest receipts) and the allocation
2 shall include the amount of average monthly distribution from
3 the Regional Transportation Authority Occupation and Use Tax
4 Replacement Fund. The distribution made in July 1992 and each
5 year thereafter under this paragraph and the preceding
6 paragraph shall be reduced by the amount allocated and
7 disbursed under this paragraph in the preceding calendar year.
8 The Department of Revenue shall prepare and certify to the
9 Comptroller for disbursement the allocations made in
10 accordance with this paragraph.

11 (o) Failure to adopt a budget ordinance or otherwise to
12 comply with Section 4.01 of this Act or to adopt a Five-year
13 Capital Program or otherwise to comply with paragraph (b) of
14 Section 2.01 of this Act shall not affect the validity of any
15 tax imposed by the Authority otherwise in conformity with law.

16 (p) At no time shall a public transportation tax or motor
17 vehicle parking tax authorized under paragraphs (b), (c), and
18 (d) of this Section be in effect at the same time as any
19 retailers' occupation, use or service occupation tax
20 authorized under paragraphs (e), (f), and (g) of this Section
21 is in effect.

22 Any taxes imposed under the authority provided in
23 paragraphs (b), (c), and (d) shall remain in effect only until
24 the time as any tax authorized by paragraph (e), (f), or (g) of
25 this Section is ~~are~~ imposed and becomes effective. Once any
26 tax authorized by paragraph (e), (f), or (g) is imposed the

1 Board may not reimpose taxes as authorized in paragraphs (b),
2 (c), and (d) of the Section unless any tax authorized by
3 paragraph (e), (f), or (g) of this Section becomes ineffective
4 by means other than an ordinance of the Board.

5 (q) Any existing rights, remedies and obligations
6 (including enforcement by the Regional Transportation
7 Authority) arising under any tax imposed under paragraph (b),
8 (c), or (d) of this Section shall not be affected by the
9 imposition of a tax under paragraph (e), (f), or (g) of this
10 Section.

20 (105 ILCS 5/1D-1)

21 (Text of Section from P.A. 100-55 and 103-594)

22 Sec. 1D-1. Block grant funding.

23 (a) For fiscal year 1996 and each fiscal year thereafter,
24 the State Board of Education shall award to a school district

1 having a population exceeding 500,000 inhabitants a general
2 education block grant and an educational services block grant,
3 determined as provided in this Section, in lieu of
4 distributing to the district separate State funding for the
5 programs described in subsections (b) and (c). The provisions
6 of this Section, however, do not apply to any federal funds
7 that the district is entitled to receive. In accordance with
8 Section 2-3.32, all block grants are subject to an audit.
9 Therefore, block grant receipts and block grant expenditures
10 shall be recorded to the appropriate fund code for the
11 designated block grant.

12 (b) The general education block grant shall include the
13 following programs: REI Initiative, Summer Bridges, K-6
14 Comprehensive Arts, School Improvement Support, Urban
15 Education, Scientific Literacy, Substance Abuse Prevention,
16 Second Language Planning, Staff Development, Outcomes and
17 Assessment, K-6 Reading Improvement, 7-12 Continued Reading
18 Improvement, Truants' Optional Education, Hispanic Programs,
19 Agriculture Education, Report Cards, and Criminal Background
20 Investigations. The general education block grant shall also
21 include Preschool Education, Parental Training, and Prevention
22 Initiative through June 30, 2026. Notwithstanding any other
23 provision of law, all amounts paid under the general education
24 block grant from State appropriations to a school district in
25 a city having a population exceeding 500,000 inhabitants shall
26 be appropriated and expended by the board of that district for

1 any of the programs included in the block grant or any of the
2 board's lawful purposes. Beginning in Fiscal Year 2018, at
3 least 25% of any additional Preschool Education, Parental
4 Training, and Prevention Initiative program funding over and
5 above the previous fiscal year's allocation shall be used to
6 fund programs for children ages 0-3. Beginning in Fiscal Year
7 2018, funding for Preschool Education, Parental Training, and
8 Prevention Initiative programs above the allocation for these
9 programs in Fiscal Year 2017 must be used solely as a
10 supplement for these programs and may not supplant funds
11 received from other sources.

12 (b-5) Beginning in Fiscal Year 2027, the Department of
13 Early Childhood shall award a block grant for Preschool
14 Education, Parental Training, and Prevention Initiative to a
15 school district having a population exceeding 500,000
16 inhabitants. The grants are subject to audit. Therefore, block
17 grant receipts and block grant expenditures shall be recorded
18 to the appropriate fund code for the designated block grant.
19 Notwithstanding any other provision of law, all amounts paid
20 under the block grant from State appropriations to a school
21 district in a city having a population exceeding 500,000
22 inhabitants shall be appropriated and expended by the board of
23 that district for any of the programs included in the block
24 grant or any of the board's lawful purposes. The district is
25 not required to file any application or other claim in order to
26 receive the block grant to which it is entitled under this

1 Section. The Department of Early Childhood shall make payments
2 to the district of amounts due under the district's block
3 grant on a schedule determined by the Department. A school
4 district to which this Section applies shall report to the
5 Department of Early Childhood on its use of the block grant in
6 such form and detail as the Department may specify. In
7 addition, the report must include the following description
8 for the district, which must also be reported to the General
9 Assembly: block grant allocation and expenditures by program;
10 population and service levels by program; and administrative
11 expenditures by program. The Department shall ensure that the
12 reporting requirements for the district are the same as for
13 all other school districts in this State. Beginning in Fiscal
14 Year 2018, at least 25% of any additional Preschool Education,
15 Parental Training, and Prevention Initiative program funding
16 over and above the previous fiscal year's allocation shall be
17 used to fund programs for children ages 0-3. Beginning in
18 Fiscal Year 2018, funding for Preschool Education, Parental
19 Training, and Prevention Initiative programs above the
20 allocation for these programs in Fiscal Year 2017 must be used
21 solely as a supplement for these programs and may not supplant
22 funds received from other sources.

23 (c) The educational services block grant shall include the
24 following programs: Regular and Vocational Transportation,
25 State Lunch and Free Breakfast Program, Special Education
26 (Personnel, Transportation, Orphanage, Private Tuition),

1 funding for children requiring special education services,
2 Summer School, Educational Service Centers, and
3 Administrator's Academy. This subsection (c) does not relieve
4 the district of its obligation to provide the services
5 required under a program that is included within the
6 educational services block grant. It is the intention of the
7 General Assembly in enacting the provisions of this subsection
8 (c) to relieve the district of the administrative burdens that
9 impede efficiency and accompany single-program funding. The
10 General Assembly encourages the board to pursue mandate
11 waivers pursuant to Section 2-3.25g.

12 The funding program included in the educational services
13 block grant for funding for children requiring special
14 education services in each fiscal year shall be treated in
15 that fiscal year as a payment to the school district in respect
16 of services provided or costs incurred in the prior fiscal
17 year, calculated in each case as provided in this Section.
18 Nothing in this Section shall change the nature of payments
19 for any program that, apart from this Section, would be or,
20 prior to adoption or amendment of this Section, was on the
21 basis of a payment in a fiscal year in respect of services
22 provided or costs incurred in the prior fiscal year,
23 calculated in each case as provided in this Section.

24 (d) For fiscal year 1996 and each fiscal year thereafter,
25 the amount of the district's block grants shall be determined
26 as follows: (i) with respect to each program that is included

1 within each block grant, the district shall receive an amount
2 equal to the same percentage of the current fiscal year
3 appropriation made for that program as the percentage of the
4 appropriation received by the district from the 1995 fiscal
5 year appropriation made for that program, and (ii) the total
6 amount that is due the district under the block grant shall be
7 the aggregate of the amounts that the district is entitled to
8 receive for the fiscal year with respect to each program that
9 is included within the block grant that the State Board of
10 Education shall award the district under this Section for that
11 fiscal year. In the case of the Summer Bridges program, the
12 amount of the district's block grant shall be equal to 44% of
13 the amount of the current fiscal year appropriation made for
14 that program.

15 (e) The district is not required to file any application
16 or other claim in order to receive the block grants to which it
17 is entitled under this Section. The State Board of Education
18 shall make payments to the district of amounts due under the
19 district's block grants on a schedule determined by the State
20 Board of Education.

21 (f) A school district to which this Section applies shall
22 report to the State Board of Education on its use of the block
23 grants in such form and detail as the State Board of Education
24 may specify. In addition, the report must include the
25 following description for the district, which must also be
26 reported to the General Assembly: block grant allocation and

1 expenditures by program; population and service levels by
2 program; and administrative expenditures by program. The State
3 Board of Education shall ensure that the reporting
4 requirements for the district are the same as for all other
5 school districts in this State.

6 (g) This paragraph provides for the treatment of block
7 grants under Article 1C for purposes of calculating the amount
8 of block grants for a district under this Section. Those block
9 grants under Article 1C are, for this purpose, treated as
10 included in the amount of appropriation for the various
11 programs set forth in paragraph (b) above. The appropriation
12 in each current fiscal year for each block grant under Article
13 1C shall be treated for these purposes as appropriations for
14 the individual program included in that block grant. The
15 proportion of each block grant so allocated to each such
16 program included in it shall be the proportion which the
17 appropriation for that program was of all appropriations for
18 such purposes now in that block grant, in fiscal 1995.

19 Payments to the school district under this Section with
20 respect to each program for which payments to school districts
21 generally, as of the date of this amendatory Act of the 92nd
22 General Assembly, are on a reimbursement basis shall continue
23 to be made to the district on a reimbursement basis, pursuant
24 to the provisions of this Code governing those programs.

25 (h) Notwithstanding any other provision of law, any school
26 district receiving a block grant under this Section may

1 classify all or a portion of the funds that it receives in a
2 particular fiscal year from any block grant authorized under
3 this Code or from general State aid pursuant to Section
4 18-8.05 of this Code (other than supplemental general State
5 aid) as funds received in connection with any funding program
6 for which it is entitled to receive funds from the State in
7 that fiscal year (including, without limitation, any funding
8 program referred to in subsection (c) of this Section),
9 regardless of the source or timing of the receipt. The
10 district may not classify more funds as funds received in
11 connection with the funding program than the district is
12 entitled to receive in that fiscal year for that program. Any
13 classification by a district must be made by a resolution of
14 its board of education. The resolution must identify the
15 amount of any block grant or general State aid to be classified
16 under this subsection (h) and must specify the funding program
17 to which the funds are to be treated as received in connection
18 therewith. This resolution is controlling as to the
19 classification of funds referenced therein. A certified copy
20 of the resolution must be sent to the State Superintendent of
21 Education. The resolution shall still take effect even though
22 a copy of the resolution has not been sent to the State
23 Superintendent of Education in a timely manner. No
24 classification under this subsection (h) by a district shall
25 affect the total amount or timing of money the district is
26 entitled to receive under this Code. No classification under

1 this subsection (h) by a district shall in any way relieve the
2 district from or affect any requirements that otherwise would
3 apply with respect to the block grant as provided in this
4 Section, including any accounting of funds by source,
5 reporting expenditures by original source and purpose,
6 reporting requirements, or requirements of provision of
7 services.

10 Sec. 1D-1. Block grant funding.

11 (a) For fiscal year 1996 through fiscal year 2017, the
12 State Board of Education shall award to a school district
13 having a population exceeding 500,000 inhabitants a general
14 education block grant and an educational services block grant,
15 determined as provided in this Section, in lieu of
16 distributing to the district separate State funding for the
17 programs described in subsections (b) and (c). The provisions
18 of this Section, however, do not apply to any federal funds
19 that the district is entitled to receive. In accordance with
20 Section 2-3.32, all block grants are subject to an audit.
21 Therefore, block grant receipts and block grant expenditures
22 shall be recorded to the appropriate fund code for the
23 designated block grant.

24 (b) The general education block grant shall include the
25 following programs: REI Initiative, Summer Bridges, Preschool

1 At Risk, K-6 Comprehensive Arts, School Improvement Support,
2 Urban Education, Scientific Literacy, Substance Abuse
3 Prevention, Second Language Planning, Staff Development,
4 Outcomes and Assessment, K-6 Reading Improvement, 7-12
5 Continued Reading Improvement, Truants' Optional Education,
6 Hispanic Programs, Agriculture Education, Report Cards, and
7 Criminal Background Investigations. The general education
8 block grant shall also include Preschool Education, Parental
9 Training, and Prevention Initiative through June 30, 2026.
10 Notwithstanding any other provision of law, all amounts paid
11 under the general education block grant from State
12 appropriations to a school district in a city having a
13 population exceeding 500,000 inhabitants shall be appropriated
14 and expended by the board of that district for any of the
15 programs included in the block grant or any of the board's
16 lawful purposes.

17 (b-5) Beginning in Fiscal Year 2027, the Department of
18 Early Childhood shall award a block grant for Preschool
19 Education, Parental Training, and Prevention Initiative to a
20 school district having a population exceeding 500,000
21 inhabitants. The grants are subject to audit. Therefore, block
22 grant receipts and block grant expenditures shall be recorded
23 to the appropriate fund code for the designated block grant.
24 Notwithstanding any other provision of law, all amounts paid
25 under the block grant from State appropriations to a school
26 district in a city having a population exceeding 500,000

1 inhabitants shall be appropriated and expended by the board of
2 that district for any of the programs included in the block
3 grant or any of the board's lawful purposes. The district is
4 not required to file any application or other claim in order to
5 receive the block grant to which it is entitled under this
6 Section. The Department of Early Childhood shall make payments
7 to the district of amounts due under the district's block
8 grant on a schedule determined by the Department. A school
9 district to which this Section applies shall report to the
10 Department of Early Childhood on its use of the block grant in
11 such form and detail as the Department may specify. In
12 addition, the report must include the following description
13 for the district, which must also be reported to the General
14 Assembly: block grant allocation and expenditures by program;
15 population and service levels by program; and administrative
16 expenditures by program. The Department shall ensure that the
17 reporting requirements for the district are the same as for
18 all other school districts in this State. Beginning in Fiscal
19 Year 2018, at least 25% of any additional Preschool Education,
20 Parental Training, and Prevention Initiative program funding
21 over and above the previous fiscal year's allocation shall be
22 used to fund programs for children ages 0-3. Beginning in
23 Fiscal Year 2018, funding for Preschool Education, Parental
24 Training, and Prevention Initiative programs above the
25 allocation for these programs in Fiscal Year 2017 must be used
26 solely as a supplement for these programs and may not supplant

1 funds received from other sources. ~~(b-10).~~

2 (c) The educational services block grant shall include the
3 following programs: Regular and Vocational Transportation,
4 State Lunch and Free Breakfast Program, Special Education
5 (Personnel, Transportation, Orphanage, Private Tuition),
6 funding for children requiring special education services,
7 Summer School, Educational Service Centers, and
8 Administrator's Academy. This subsection (c) does not relieve
9 the district of its obligation to provide the services
10 required under a program that is included within the
11 educational services block grant. It is the intention of the
12 General Assembly in enacting the provisions of this subsection
13 (c) to relieve the district of the administrative burdens that
14 impede efficiency and accompany single-program funding. The
15 General Assembly encourages the board to pursue mandate
16 waivers pursuant to Section 2-3.25g.

17 The funding program included in the educational services
18 block grant for funding for children requiring special
19 education services in each fiscal year shall be treated in
20 that fiscal year as a payment to the school district in respect
21 of services provided or costs incurred in the prior fiscal
22 year, calculated in each case as provided in this Section.
23 Nothing in this Section shall change the nature of payments
24 for any program that, apart from this Section, would be or,
25 prior to adoption or amendment of this Section, was on the
26 basis of a payment in a fiscal year in respect of services

1 provided or costs incurred in the prior fiscal year,
2 calculated in each case as provided in this Section.

3 (d) For fiscal year 1996 through fiscal year 2017, the
4 amount of the district's block grants shall be determined as
5 follows: (i) with respect to each program that is included
6 within each block grant, the district shall receive an amount
7 equal to the same percentage of the current fiscal year
8 appropriation made for that program as the percentage of the
9 appropriation received by the district from the 1995 fiscal
10 year appropriation made for that program, and (ii) the total
11 amount that is due the district under the block grant shall be
12 the aggregate of the amounts that the district is entitled to
13 receive for the fiscal year with respect to each program that
14 is included within the block grant that the State Board of
15 Education shall award the district under this Section for that
16 fiscal year. In the case of the Summer Bridges program, the
17 amount of the district's block grant shall be equal to 44% of
18 the amount of the current fiscal year appropriation made for
19 that program.

20 (e) The district is not required to file any application
21 or other claim in order to receive the block grants to which it
22 is entitled under this Section. The State Board of Education
23 shall make payments to the district of amounts due under the
24 district's block grants on a schedule determined by the State
25 Board of Education.

26 (f) A school district to which this Section applies shall

1 report to the State Board of Education on its use of the block
2 grants in such form and detail as the State Board of Education
3 may specify. In addition, the report must include the
4 following description for the district, which must also be
5 reported to the General Assembly: block grant allocation and
6 expenditures by program; population and service levels by
7 program; and administrative expenditures by program. The State
8 Board of Education shall ensure that the reporting
9 requirements for the district are the same as for all other
10 school districts in this State.

11 (g) Through fiscal year 2017, this paragraph provides for
12 the treatment of block grants under Article 1C for purposes of
13 calculating the amount of block grants for a district under
14 this Section. Those block grants under Article 1C are, for
15 this purpose, treated as included in the amount of
16 appropriation for the various programs set forth in paragraph
17 (b) above. The appropriation in each current fiscal year for
18 each block grant under Article 1C shall be treated for these
19 purposes as appropriations for the individual program included
20 in that block grant. The proportion of each block grant so
21 allocated to each such program included in it shall be the
22 proportion which the appropriation for that program was of all
23 appropriations for such purposes now in that block grant, in
24 fiscal 1995.

25 Payments to the school district under this Section with
26 respect to each program for which payments to school districts

1 generally, as of the date of this amendatory Act of the 92nd
2 General Assembly, are on a reimbursement basis shall continue
3 to be made to the district on a reimbursement basis, pursuant
4 to the provisions of this Code governing those programs.

5 (h) Notwithstanding any other provision of law, any school
6 district receiving a block grant under this Section may
7 classify all or a portion of the funds that it receives in a
8 particular fiscal year from any block grant authorized under
9 this Code or from general State aid pursuant to Section
10 18-8.05 of this Code (other than supplemental general State
11 aid) as funds received in connection with any funding program
12 for which it is entitled to receive funds from the State in
13 that fiscal year (including, without limitation, any funding
14 program referred to in subsection (c) of this Section),
15 regardless of the source or timing of the receipt. The
16 district may not classify more funds as funds received in
17 connection with the funding program than the district is
18 entitled to receive in that fiscal year for that program. Any
19 classification by a district must be made by a resolution of
20 its board of education. The resolution must identify the
21 amount of any block grant or general State aid to be classified
22 under this subsection (h) and must specify the funding program
23 to which the funds are to be treated as received in connection
24 therewith. This resolution is controlling as to the
25 classification of funds referenced therein. A certified copy
26 of the resolution must be sent to the State Superintendent of

1 Education. The resolution shall still take effect even though
2 a copy of the resolution has not been sent to the State
3 Superintendent of Education in a timely manner. No
4 classification under this subsection (h) by a district shall
5 affect the total amount or timing of money the district is
6 entitled to receive under this Code. No classification under
7 this subsection (h) by a district shall in any way relieve the
8 district from or affect any requirements that otherwise would
9 apply with respect to the block grant as provided in this
10 Section, including any accounting of funds by source,
11 reporting expenditures by original source and purpose,
12 reporting requirements, or requirements of provision of
13 services.

17 Sec. 2-3.25f. State interventions.

18 (a) The State Board of Education shall provide technical
19 assistance to schools in school improvement status to assist
20 with the development and implementation of Improvement Plans.

21 Schools or school districts that fail to make reasonable
22 efforts to implement an approved Improvement Plan may suffer
23 loss of State funds by school district, attendance center, or
24 program as the State Board of Education deems appropriate.

25 (a-5) (Blank).

(b) Schools that receive Targeted Support or Comprehensive Support designations shall enter a 4-year cycle of school improvement status. If, at the end of the 4-year cycle, the school fails to meet the exit criteria specified in the State Plan referenced in subsection (b) of Section 2-3.25a of this Code, the school shall escalate to a more intensive intervention. Targeted Support schools that remain Targeted for one or more of the same student groups as in the initial identification after completion of a 4-year cycle of Targeted School Improvement shall be redesignated as Comprehensive Support schools, as provided in paragraph (2.5) of subsection (a) of Section 2-3.25d-5 of this Code. Comprehensive Support schools that remain in the lowest-performing 5% after completion of a 4-year cycle of Comprehensive School Improvement shall be redesignated as Intensive Support schools and shall escalate through more rigorous, tiered support, developed in consultation with the Balanced Accountability Measure Committee and other relevant stakeholder groups, which may ultimately result in the (i) change of recognition status of the school district or school to nonrecognized or (ii) authorization for the State Superintendent of Education to direct the reassignment of pupils or direct the reassignment or replacement of school or school district personnel. If a school district is nonrecognized in its entirety, for any reason, including those not related to performance in the accountability system, it shall automatically be dissolved on

1 July 1 following that nonrecognition and its territory
2 realigned with another school district or districts by the
3 regional board of school trustees in accordance with the
4 procedures set forth in Section 7-11 of the School Code. The
5 effective date of the nonrecognition of a school shall be July
6 1 following the nonrecognition.

7 (b-5) The State Board of Education shall also develop a
8 system to provide assistance and resources to lower performing
9 school districts. At a minimum, the State Board shall identify
10 school districts to receive Intensive, Comprehensive, and
11 Targeted Support. The school district shall provide the
12 exclusive bargaining representative with a 5-day notice that
13 the district has had one or more schools within the district
14 identified as being in Comprehensive or Intensive School
15 Improvement Status. In addition, the State Board may, by rule,
16 develop other categories of low-performing schools and school
17 districts to receive services.

18 The State Board of Education shall work with districts
19 with one or more schools in Comprehensive or Intensive School
20 Improvement Status, through technical assistance and
21 professional development, based on the results of the needs
22 assessment under Section 2-3.25d-5 of this Code, to develop
23 and implement a continuous improvement plan that would
24 increase outcomes for students. The plan for continuous
25 improvement shall be based on the results of the needs
26 assessment and shall be used to determine the types of

1 services that are to be provided to each Comprehensive and
2 Intensive School. Potential services may include, but are not
3 limited to, monitoring adult and student practices, reviewing
4 and reallocating district resources, developing a district and
5 school leadership team, providing access to curricular content
6 area specialists, and providing online resources and
7 professional development.

8 The support provided by a vendor or learning partner
9 approved to support a school's continuous improvement plan
10 related to English language arts must be based on the
11 comprehensive literacy plan for the State developed by the
12 State Board of Education under Section 2-3.200 ~~2-3.196, as~~
13 ~~added by Public Act 103-402.~~

14 The State Board of Education may require districts with
15 one or more Comprehensive or Intensive Schools identified as
16 having deficiencies in one or more core functions of the needs
17 assessment to undergo an accreditation process.

18 (c) All federal requirements apply to schools and school
19 districts utilizing federal funds under Title I, Part A of the
20 federal Elementary and Secondary Education Act of 1965.

24 Sec. 2-3.169. State Global Scholar Certification.

25 (a) The State Global Scholar Certification Program is

1 established to recognize ~~recognized~~ public and nonpublic high
2 school graduates who have attained global competence. State
3 Global Scholar Certification shall be awarded beginning with
4 the 2017-2018 school year. School district or nonpublic school
5 participation in this certification is voluntary.

6 (b) The purposes of State Global Scholar Certification are
7 as follows:

8 (1) To recognize the value of a global education.

9 (2) To certify attainment of global competence.

10 (3) To provide employers with a method of identifying
11 globally competent employees.

12 (4) To provide colleges and universities with an
13 additional method to recognize applicants seeking
14 admission.

15 (5) To prepare students with 21st century skills.

16 (6) To encourage the development of a globally ready
17 workforce in the STEM (science, technology, engineering,
18 and mathematics), manufacturing, agriculture, and service
19 sectors.

20 (c) State Global Scholar Certification confirms attainment
21 of global competence, sufficient for meaningful use in college
22 and a career, by a graduating public or nonpublic high school
23 student.

24 (d) The State Board of Education shall adopt such rules as
25 may be necessary to establish the criteria that students must
26 achieve to earn State Global Scholar Certification, which

1 shall minimally include attainment of 6 globally focused
2 courses, service learning experiences, global collaboration or
3 dialogue, and passage of a capstone project demonstrating
4 global competency, as approved by the participating school
5 district or nonpublic school for this purpose.

6 (e) The State Board of Education shall do both of the
7 following:

8 (1) Prepare and deliver to participating school
9 districts or nonpublic schools an appropriate mechanism
10 for designating State Global Scholar Certification on the
11 diploma and transcript of a student indicating that the
12 student has been awarded State Global Scholar
13 Certification by the State Board of Education.

14 (2) Provide other information the State Board of
15 Education deems necessary for school districts or
16 nonpublic schools to successfully participate in the
17 certification.

18 (f) A school district or nonpublic school that
19 participates in certification under this Section shall do both
20 of the following:

21 (1) Maintain appropriate records in order to identify
22 students who have earned State Global Scholar
23 Certification.

24 (2) Make the appropriate designation on the diploma
25 and transcript of each student who earns State Global
26 Scholar Certification.

1 (g) No fee may be charged to a student to receive the
2 designation pursuant to the Section. Notwithstanding this
3 prohibition, costs may be incurred by the student in
4 demonstrating proficiency.

5 (h) The State Board of Education shall adopt such rules as
6 may be necessary to provide students attending schools that do
7 not offer State Global Scholar Certification the opportunity
8 to earn State Global Scholar Certification remotely beginning
9 with the 2026-2027 school year. These rules shall include, but
10 are not limited to, a list of all school courses and course
11 codes derived from the State Board of Education's Illinois
12 State Course Catalog and Illinois Virtual Course Catalog that
13 are designated as and qualify as globally focused coursework.

14 If the provider of the online course determines and can
15 demonstrate that a student meets all of the criteria required
16 to earn State Global Scholar Certification, then the school
17 district or nonpublic school shall designate that the student
18 has earned State Global Scholar Certification on the student's
19 diploma and transcript.

20 A school district or nonpublic school shall provide, upon
21 the request of a student, evidence to the student that the
22 student has completed at least 6 globally focused courses
23 required to earn State Global Scholar Certification for the
24 student to submit to the provider of the online course.

25 A student enrolled in a school district or nonpublic
26 school that awarded State Global Scholar Certification prior

1 to the 2026-2027 school year and offered a course to complete
2 the capstone project requirement prior to the 2026-2027 school
3 year may not earn State Global Scholar Certification remotely
4 under this subsection (h).

8 Sec. 2-3.204. Type 1 diabetes informational materials.

9 (a) The State Board of Education, in coordination with the
10 Department of Public Health, shall develop type 1 diabetes
11 informational materials for the parents and guardians of
12 students. The informational materials shall be made available
13 to each school district and charter school on the State
14 Board's Internet website. Each school district and charter

20 (2) A description of the risk factors and warning
21 signs associated with type 1 diabetes.

22 (3) A recommendation regarding a student displaying

1 determine if immediate screening for type 1 diabetes is
2 appropriate.

3 (4) A description of the screening process for type 1
4 diabetes and the implications of test results.

5 (5) A recommendation that, following a type 1 diabetes
6 diagnosis, the parent or guardian should consult with the
7 student's primary care provider to develop an appropriate
8 treatment plan, which may include consultation with and
9 examination by a specialty care provider, including, but
10 not limited to, a properly qualified endocrinologist.

13 Sec. 2-3.205 ~~2-3.204~~. Air quality resources. The State
14 Board of Education shall, in consultation with the Department
15 of Public Health, compile resources for elementary and
16 secondary schools relating to indoor air quality in schools,
17 including best practices for assessing and maintaining
18 ventilation systems and information on any potential State or
19 federal funding sources that may assist a school in
20 identifying ventilation needs. The State Board of Education
21 shall compile these resources in consultation with
22 stakeholders, including, but not limited to, the Department of
23 Public Health, local public health professionals, ventilation
24 professionals affiliated with a Department of Labor
25 apprenticeship program, licensed design professionals,

1 representatives from regional offices of education, school
2 district administrators, teachers, or any other relevant
3 professionals, stakeholders, or representatives of State
4 agencies. No later than 30 days after resources are compiled
5 under this Section, the State Board of Education shall
6 implement outreach strategies to make the compiled resources
7 available to elementary and secondary schools, including
8 publication of the compiled resources on the State Board of
9 Education's website. The State Board of Education may, in
10 consultation with the Department of Public Health or any other
11 relevant stakeholders, update the compiled resources as
12 necessary.

14 (105 ILCS 5/5-1) (from Ch. 122, par. 5-1)

15 Sec. 5-1. County school units.

16 (a) The territory in each county, exclusive of any school
17 district governed by any special act which requires the
18 district to appoint its own school treasurer, shall constitute
19 a county school unit. County school units of less than
20 2,000,000 inhabitants shall be known as Class I county school
21 units and the office of township trustees, where existing on
22 July 1, 1962, in such units shall be abolished on that date and
23 all books and records of such former township trustees shall
24 be forthwith thereafter transferred to the county board of
25 school trustees. County school units of 2,000,000 or more

1 inhabitants shall be known as Class II county school units and
2 shall retain the office of township trustees unless otherwise
3 provided in subsection (b), (c), or (d), or shall be
4 administered as provided in Section 5-2.2.

5 (b) Notwithstanding subsections (a) and (c), the school
6 board of any elementary school district having a fall, 1989
7 aggregate enrollment of at least 2,500 but less than 6,500
8 pupils and having boundaries that are coterminous with the
9 boundaries of a high school district, and the school board of
10 any high school district having a fall, 1989 aggregate
11 enrollment of at least 2,500 but less than 6,500 pupils and
12 having boundaries that are coterminous with the boundaries of
13 an elementary school district, may, whenever the territory of
14 such school district forms a part of a Class II county school
15 unit, by proper resolution withdraw such school district from
16 the jurisdiction and authority of the trustees of schools of
17 the township in which such school district is located and from
18 the jurisdiction and authority of the township treasurer in
19 such Class II county school unit; provided that the school
20 board of any such school district shall, upon the adoption and
21 passage of such resolution, thereupon elect or appoint its own
22 school treasurer as provided in Section 8-1. Upon the adoption
23 and passage of such resolution and the election or appointment
24 by the school board of its own school treasurer: (1) the
25 trustees of schools in such township shall no longer have or
26 exercise any powers and duties with respect to the school

1 district governed by such school board or with respect to the
2 school business, operations or assets of such school district;
3 and (2) all books and records of the township trustees
4 relating to the school business and affairs of such school
5 district shall be transferred and delivered to the school
6 board of such school district. Upon the effective date of
7 Public Act 88-155 ~~this amendatory Act of 1993~~, the legal title
8 to, and all right, title, and interest formerly held by the
9 township trustees in any school buildings and school sites
10 used and occupied by the school board of such school district
11 for school purposes, that legal title, right, title, and
12 interest thereafter having been transferred to and vested in
13 the regional board of school trustees under Public Act P.A.
14 87-473 until the abolition of that regional board of school
15 trustees by Public Act P.A. 87-969, shall be deemed
16 transferred by operation of law to and shall vest in the school
17 board of that school district.

18 Notwithstanding subsections (a) and (c), the school boards
19 of Oak Park & River Forest District 200, Oak Park Elementary
20 School District 97, and River Forest School District 90 may,
21 by proper resolution, withdraw from the jurisdiction and
22 authority of the trustees of schools of Proviso and Cicero
23 Townships and the township treasurer, provided that the school
24 board shall, upon the adoption and passage of the resolution,
25 elect or appoint its own school treasurer as provided in
26 Section 8-1 of this Code. Upon the adoption and passage of the

1 resolution and the election or appointment by the school board
2 of its own school treasurer: (1) the trustees of schools in the
3 township or townships shall no longer have or exercise any
4 powers or duties with respect to the school district or with
5 respect to the school business, operations, or assets of the
6 school district; (2) all books and records of the trustees of
7 schools and all moneys, securities, loanable funds, and other
8 assets relating to the school business and affairs of the
9 school district shall be transferred and delivered to the
10 school board; and (3) all legal title to and all right, title,
11 and interest formerly held by the trustees of schools in any

20 Upon the adoption and passage of the resolution and the

8 causes of action pertaining to or constituting a part of the
9 common school lands, buildings, or sites shall be deemed
10 transferred by operation of law to and shall vest in the school
11 board.

12 (c) Notwithstanding the provisions of subsection (a), the
13 offices of township treasurer and trustee of schools of any
14 township located in a Class II county school unit shall be
15 abolished as provided in this subsection if all of the
16 following conditions are met:

17 (1) During the same 30-day ~~30-day~~ period, each school
18 board of each elementary and unit school district that is
19 subject to the jurisdiction and authority of the township
20 treasurer and trustees of schools of the township in which
21 those offices are sought to be abolished gives written
22 notice by certified mail, return receipt requested to the
23 township treasurer and trustees of schools of that
24 township of the date of a meeting of the school board, to
25 be held not more than 90 nor less than 60 days after the
26 date when the notice is given, at which meeting the school

1 board is to consider and vote upon the question of whether
2 there shall be submitted to the electors of the school
3 district a proposition to abolish the offices of township
4 treasurer and trustee of schools of that township. None of
5 the notices given under this paragraph to the township
6 treasurer and trustees of schools of a township shall be
7 deemed sufficient or in compliance with the requirements
8 of this paragraph unless all of those notices are given
9 within the same 30-day ~~30-day~~ period.

10 (2) Each school board of each elementary and unit
11 school district that is subject to the jurisdiction and
12 authority of the township treasurer and trustees of
13 schools of the township in which those offices are sought

15 members of the school board at a school board meeting of
16 which notice is given as required by paragraph (1) of this
17 subsection, adopts a resolution requiring the secretary of
18 the school board to certify to the proper election
19 authorities for submission to the electors of the school
20 district at the next consolidated election in accordance
21 with the general election law a proposition to abolish the
22 offices of township treasurer and trustee of schools of
23 that township. None of the resolutions adopted under this
24 paragraph by any elementary or unit school districts that
25 are subject to the jurisdiction and authority of the
26 township treasurer and trustees of schools of the township

1 in which those offices are sought to be abolished shall be
2 deemed in compliance with the requirements of this
3 paragraph or sufficient to authorize submission of the
4 proposition to abolish those offices to a referendum of
5 the electors in any such school district unless all of the
6 school boards of all of the elementary and unit school
7 districts that are subject to the jurisdiction and
8 authority of the township treasurer and trustees of
9 schools of that township adopt such a resolution in
10 accordance with the provisions of this paragraph.

11 (3) The school boards of all of the elementary and
12 unit school districts that are subject to the jurisdiction
13 and authority of the township treasurer and trustees of
14 schools of the township in which those offices are sought
15 to be abolished submit a proposition to abolish the
16 offices of township treasurer and trustee of schools of
17 that township to the electors of their respective school
18 districts at the same consolidated election in accordance
19 with the general election law, the ballot in each such
20 district to be in substantially the following form:

21 -----

22 OFFICIAL BALLOT

23 Shall the offices of township

24 treasurer and

YES

25 trustee of

26 schools of Township

1 Range be abolished?

2 -----

3 (4) At the consolidated election at which the
4 proposition to abolish the offices of township treasurer
5 and trustee of schools of a township is submitted to the
6 electors of each elementary and unit school district that
7 is subject to the jurisdiction and authority of the
8 township treasurer and trustee of schools of that
9 township, a majority of the electors voting on the
10 proposition in each such elementary and unit school
11 district votes in favor of the proposition as submitted to
12 them.

13 If in each elementary and unit school district that is
14 subject to the jurisdiction and authority of the township
15 treasurer and trustees of schools of the township in which
16 those offices are sought to be abolished a majority of the
17 electors in each such district voting at the consolidated
18 election on the proposition to abolish the offices of township
19 treasurer and trustee of schools of that township votes in
20 favor of the proposition as submitted to them, the proposition
21 shall be deemed to have passed; but if in any such elementary
22 or unit school district a majority of the electors voting on
23 that proposition in that district fails to vote in favor of the
24 proposition as submitted to them, then notwithstanding the
25 vote of the electors in any other such elementary or unit
26 school district on that proposition the proposition shall not

1 be deemed to have passed in any of those elementary or unit
2 school districts, and the offices of township treasurer and
3 trustee of schools of the township in which those offices were
4 sought to be abolished shall not be abolished, unless in each
5 of those elementary and unit school districts remaining
6 subject to the jurisdiction and authority of the township
7 treasurer and trustees of schools of that township proceedings
8 are again initiated to abolish those offices and all of the
9 proceedings and conditions prescribed in paragraphs (1)
10 through (4) of this subsection are repeated and met in each of
11 those elementary and unit school districts.

12 Notwithstanding the foregoing provisions of this Section
13 or any other provision of the School Code, the offices of
14 township treasurer and trustee of schools of a township that
15 has a population of less than 200,000 and that contains a unit
16 school district and is located in a Class II county school unit
17 shall also be abolished as provided in this subsection if all
18 of the conditions set forth in paragraphs (1), (2), and (3) of
19 this subsection are met and if the following additional
20 condition is met:

21 The electors in all of the school districts subject to
22 the jurisdiction and authority of the township treasurer
23 and trustees of schools of the township in which those
24 offices are sought to be abolished shall vote at the
25 consolidated election on the proposition to abolish the
26 offices of township treasurer and trustee of schools of

1 that township. If a majority of the electors in all of the
2 school districts combined voting on the proposition vote
3 in favor of the proposition, then the proposition shall be
4 deemed to have passed; but if a majority of the electors
5 voting on the proposition in all of the school district
6 fails to vote in favor of the proposition as submitted to
7 them, then the proposition shall not be deemed to have
8 passed and the offices of township treasurer and trustee
9 of schools of the township in which those offices were
10 sought to be abolished shall not be abolished, unless and
11 until the proceedings detailed in paragraphs (1) through
12 (3) of this subsection and the conditions set forth in
13 this paragraph are met.

14 If the proposition to abolish the offices of township
15 treasurer and trustee of schools of a township is deemed to
16 have passed at the consolidated election as provided in this
17 subsection, those offices shall be deemed abolished by
18 operation of law effective on January 1 of the calendar year
19 immediately following the calendar year in which that
20 consolidated election is held, provided that if after the
21 election, the trustees of schools by resolution elect to
22 abolish the offices of township treasurer and trustee of
23 schools effective on July 1 immediately following the
24 election, then the offices shall be abolished on July 1
25 immediately following the election. On the date that the
26 offices of township treasurer and trustee of schools of a

1 township are deemed abolished by operation of law, the school
2 board of each elementary and unit school district and the
3 school board of each high school district that is subject to
4 the jurisdiction and authority of the township treasurer and
5 trustees of schools of that township at the time those offices
6 are abolished: (i) shall appoint its own school treasurer as
7 provided in Section 8-1; and (ii) unless the term of the
8 contract of a township treasurer expires on the date that the
9 office of township treasurer is abolished, shall pay to the
10 former township treasurer its proportionate share of any
11 aggregate compensation that, were the office of township
12 treasurer not abolished at that time, would have been payable
13 to the former township treasurer after that date over the
14 remainder of the term of the contract of the former township
15 treasurer that began prior to but ends after that date. In
16 addition, on the date that the offices of township treasurer
17 and trustee of schools of a township are deemed abolished as
18 provided in this subsection, the school board of each
19 elementary school, high school, and unit school district that
20 until that date is subject to the jurisdiction and authority
21 of the township treasurer and trustees of schools of that
22 township shall be deemed by operation of law to have agreed and
23 assumed to pay and, when determined, shall pay to the Illinois
24 Municipal Retirement Fund a proportionate share of the
25 unfunded liability existing in that Fund at the time these
26 offices are abolished in that calendar year for all annuities

1 or other benefits then or thereafter to become payable from
2 that Fund with respect to all periods of service performed
3 prior to that date as a participating employee in that Fund by
4 persons serving during those periods of service as a trustee
5 of schools, township treasurer or regular employee in the
6 office of the township treasurer of that township. That
7 unfunded liability shall be actuarially determined by the
8 board of trustees of the Illinois Municipal Retirement Fund,
9 and the board of trustees shall thereupon notify each school
10 board required to pay a proportionate share of that unfunded
11 liability of the aggregate amount of the unfunded liability so
12 determined. The amount so paid to the Illinois Municipal
13 Retirement Fund by each of those school districts shall be
14 credited to the account of the township in that Fund. For each
15 elementary school, high school, and unit school district under
16 the jurisdiction and authority of a township treasurer and
17 trustees of schools of a township in which those offices are
18 abolished as provided in this subsection, each such district's
19 proportionate share of the aggregate compensation payable to
20 the former township treasurer as provided in this paragraph
21 and each such district's proportionate share of the aggregate
22 amount of the unfunded liability payable to the Illinois
23 Municipal Retirement Fund as provided in this paragraph shall
24 be computed in accordance with the ratio that the number of
25 pupils in average daily attendance in each such district for
26 the school year last ending prior to the date on which the

1 offices of township treasurer and trustee of schools of that
2 township are abolished bears to the aggregate number of pupils
3 in average daily attendance in all of those districts as so
4 reported for that school year.

5 Upon abolition of the offices of township treasurer and
6 trustee of schools of a township as provided in this
7 subsection: (i) the regional board of school trustees, in its
8 corporate capacity, shall be deemed the successor in interest
9 to the former trustees of schools of that township with
10 respect to the common school lands and township loanable funds
11 of the township; (ii) all right, title, and interest existing
12 or vested in the former trustees of schools of that township in
13 the common school lands and township loanable funds of the
14 township, and all records, moneys, securities and other
15 assets, rights of property and causes of action pertaining to
16 or constituting a part of those common school lands or
17 township loanable funds, shall be transferred to and deemed
18 vested by operation of law in the regional board of school
19 trustees, which shall hold legal title to, manage, and operate
20 all common school lands and township loanable funds of the
21 township, receive the rents, issues, and profits therefrom,
22 and have and exercise with respect thereto the same powers and
23 duties as are provided by this Code to be exercised by regional
24 boards of school trustees when acting as township land
25 commissioners in counties having at least 220,000 but fewer
26 than 2,000,000 inhabitants; (iii) the regional board of school

1 trustees shall select to serve as its treasurer with respect
2 to the common school lands and township loanable funds of the
3 township a person from time to time also serving as the
4 appointed school treasurer of any school district that was
5 subject to the jurisdiction and authority of the township
6 treasurer and trustees of schools of that township at the time
7 those offices were abolished, and the person selected to also
8 serve as treasurer of the regional board of school trustees
9 shall have his compensation for services in that capacity
10 fixed by the regional board of school trustees, to be paid from
11 the township loanable funds, and shall make to the regional
12 board of school trustees the reports required to be made by
13 treasurers of township land commissioners, give bond as
14 required by treasurers of township land commissioners, and
15 perform the duties and exercise the powers of treasurers of
16 township land commissioners; (iv) the regional board of school
17 trustees shall designate in the manner provided by Section
18 8-7, insofar as applicable, a depository for its treasurer,
19 and the proceeds of all rents, issues, and profits from the
20 common school lands and township loanable funds of that
21 township shall be deposited and held in the account maintained
22 for those purposes with that depository and shall be expended
23 and distributed therefrom as provided in Section 15-24 and
24 other applicable provisions of this Code; and (v) whenever
25 there is vested in the trustees of schools of a township at the
26 time that office is abolished under this subsection the legal

1 title to any school buildings or school sites used or occupied
2 for school purposes by any elementary school, high school, or
3 unit school district subject to the jurisdiction and authority
4 of those trustees of school at the time that office is
5 abolished, the legal title to those school buildings and
6 school sites shall be deemed transferred by operation of law
7 to and invested in the school board of that school district, in
8 its corporate capacity under Section 10-22.35B of this Code,
9 the same to be held, sold, exchanged, leased, or otherwise
10 transferred in accordance with applicable provisions of this
11 Code.

12 Notwithstanding Section 2-3.25g of this Code, a waiver of
13 a mandate established under this Section may not be requested.

14 (d) Notwithstanding any other provision of law, any school
15 district that forms a part of a Class II county school unit
16 may, by a resolution adopted by at least two-thirds of the
17 members of the school board of a school district, withdraw a
18 school district from the jurisdiction and authority of the
19 trustees of schools of the township in which such school
20 district is located and from the jurisdiction and authority of
21 the township treasurer of the township in which such school
22 district is located, provided that the school board of the
23 school district shall, upon the adoption and passage of such
24 resolution, thereupon elect or appoint its own school
25 treasurer as provided in Section 8-1 of this Code. The
26 appointed school treasurer may include a township treasurer.

1 The school board may enter into a contractual or
2 intergovernmental agreement with an appointed school treasurer
3 for school treasurer services.

4 Upon adoption and passage of the resolution and the
5 election or appointment by the school board of its own school
6 treasurer commencing with the first day of the succeeding
7 fiscal year, but not prior to July 1, 2025: (1) the trustees of
8 schools in the township or townships shall no longer have or
9 exercise any powers or duties with respect to the school
10 district or with respect to the school business, operations,
11 or assets of the school district; (2) all books and records of
12 the trustees of schools and all moneys, securities, loanable
13 funds, and other assets relating to the school business and
14 affairs of the school district shall be transferred and
15 delivered to the school board; and (3) all legal title to and
16 all right, title, and interest formerly held by the trustees
17 of schools in any common school lands, school buildings, or
18 school sites used and occupied by the school board and all
19 rights of property and causes of action pertaining to or
20 constituting a part of the common school lands, buildings, or
21 sites shall be deemed transferred by operation of law to and
22 shall vest in the school board.

23 (Text of Section before amendment by P.A. 102-466)

24 Sec. 10-22.6. Suspension or expulsion of students; school
25 searches.

1 (a) To expel students guilty of gross disobedience or
2 misconduct, including gross disobedience or misconduct
3 perpetrated by electronic means, pursuant to subsection (b-20)
4 of this Section, and no action shall lie against them for such
5 expulsion. Expulsion shall take place only after the parents
6 have been requested to appear at a meeting of the board, or
7 with a hearing officer appointed by it, to discuss their
8 child's behavior. Such request shall be made by registered or
9 certified mail and shall state the time, place and purpose of
10 the meeting. The board, or a hearing officer appointed by it,
11 at such meeting shall state the reasons for dismissal and the
12 date on which the expulsion is to become effective. If a
13 hearing officer is appointed by the board, the hearing officer
14 shall report to the board a written summary of the evidence
15 heard at the meeting and the board may take such action thereon
16 as it finds appropriate. If the board acts to expel a student,
17 the written expulsion decision shall detail the specific
18 reasons why removing the student from the learning environment
19 is in the best interest of the school. The expulsion decision
20 shall also include a rationale as to the specific duration of
21 the expulsion. An expelled student may be immediately
22 transferred to an alternative program in the manner provided
23 in Article 13A or 13B of this Code. A student must not be
24 denied transfer because of the expulsion, except in cases in
25 which such transfer is deemed to cause a threat to the safety
26 of students or staff in the alternative program.

1 (b) To suspend or by policy to authorize the
2 superintendent of the district or the principal, assistant
3 principal, or dean of students of any school to suspend
4 students guilty of gross disobedience or misconduct, or to
5 suspend students guilty of gross disobedience or misconduct on
6 the school bus from riding the school bus, pursuant to
7 subsections (b-15) and (b-20) of this Section, and no action
8 shall lie against them for such suspension. The board may by
9 policy authorize the superintendent of the district or the
10 principal, assistant principal, or dean of students of any
11 school to suspend students guilty of such acts for a period not
12 to exceed 10 school days. If a student is suspended due to
13 gross disobedience or misconduct on a school bus, the board
14 may suspend the student in excess of 10 school days for safety
15 reasons.

16 Any suspension shall be reported immediately to the
17 parents or guardian of a student along with a full statement of
18 the reasons for such suspension and a notice of their right to
19 a review. The school board must be given a summary of the
20 notice, including the reason for the suspension and the
21 suspension length. Upon request of the parents or guardian,
22 the school board or a hearing officer appointed by it shall
23 review such action of the superintendent or principal,
24 assistant principal, or dean of students. At such review, the
25 parents or guardian of the student may appear and discuss the
26 suspension with the board or its hearing officer. If a hearing

1 officer is appointed by the board, he shall report to the board
2 a written summary of the evidence heard at the meeting. After
3 its hearing or upon receipt of the written report of its
4 hearing officer, the board may take such action as it finds
5 appropriate. If a student is suspended pursuant to this
6 subsection (b), the board shall, in the written suspension
7 decision, detail the specific act of gross disobedience or
8 misconduct resulting in the decision to suspend. The
9 suspension decision shall also include a rationale as to the
10 specific duration of the suspension.

11 (b-5) Among the many possible disciplinary interventions
12 and consequences available to school officials, school
13 exclusions, such as out-of-school suspensions and expulsions,
14 are the most serious. School officials shall limit the number
15 and duration of expulsions and suspensions to the greatest
16 extent practicable, and it is recommended that they use them
17 only for legitimate educational purposes. To ensure that
18 students are not excluded from school unnecessarily, it is
19 recommended that school officials consider forms of
20 non-exclusionary discipline prior to using out-of-school
21 suspensions or expulsions.

22 (b-10) Unless otherwise required by federal law or this
23 Code, school boards may not institute zero-tolerance policies
24 by which school administrators are required to suspend or
25 expel students for particular behaviors.

26 (b-15) Out-of-school suspensions of 3 days or less may be

1 used only if the student's continuing presence in school would
2 pose a threat to school safety or a disruption to other
3 students' learning opportunities. For purposes of this
4 subsection (b-15), "threat to school safety or a disruption to
5 other students' learning opportunities" shall be determined on
6 a case-by-case basis by the school board or its designee.
7 School officials shall make all reasonable efforts to resolve
8 such threats, address such disruptions, and minimize the
9 length of suspensions to the greatest extent practicable.

10 (b-20) Unless otherwise required by this Code,
11 out-of-school suspensions of longer than 3 days, expulsions,
12 and disciplinary removals to alternative schools may be used
13 only if other appropriate and available behavioral and
14 disciplinary interventions have been exhausted and the
15 student's continuing presence in school would either (i) pose
16 a threat to the safety of other students, staff, or members of
17 the school community or (ii) substantially disrupt, impede, or
18 interfere with the operation of the school. For purposes of
19 this subsection (b-20), "threat to the safety of other
20 students, staff, or members of the school community" and
21 "substantially disrupt, impede, or interfere with the
22 operation of the school" shall be determined on a case-by-case
23 basis by school officials. For purposes of this subsection
24 (b-20), the determination of whether "appropriate and
25 available behavioral and disciplinary interventions have been
26 exhausted" shall be made by school officials. School officials

1 shall make all reasonable efforts to resolve such threats,
2 address such disruptions, and minimize the length of student
3 exclusions to the greatest extent practicable. Within the
4 suspension decision described in subsection (b) of this
5 Section or the expulsion decision described in subsection (a)
6 of this Section, it shall be documented whether other
7 interventions were attempted or whether it was determined that
8 there were no other appropriate and available interventions.

9 (b-25) Students who are suspended out-of-school for longer
10 than 3 school days shall be provided appropriate and available
11 support services during the period of their suspension. For
12 purposes of this subsection (b-25), "appropriate and available
13 support services" shall be determined by school authorities.
14 Within the suspension decision described in subsection (b) of
15 this Section, it shall be documented whether such services are
16 to be provided or whether it was determined that there are no
17 such appropriate and available services.

18 A school district may refer students who are expelled to
19 appropriate and available support services.

20 A school district shall create a policy to facilitate the
21 re-engagement of students who are suspended out-of-school,
22 expelled, or returning from an alternative school setting. In
23 consultation with stakeholders deemed appropriate by the State
24 Board of Education, the State Board of Education shall draft
25 and publish guidance for the re-engagement of students who are
26 suspended out-of-school, expelled, or returning from an

1 alternative school setting in accordance with this Section and
2 Section 13A-4 on or before July 1, 2025.

3 (b-30) A school district shall create a policy by which
4 suspended students, including those students suspended from
5 the school bus who do not have alternate transportation to
6 school, shall have the opportunity to make up work for
7 equivalent academic credit. It shall be the responsibility of
8 a student's parent or guardian to notify school officials that
9 a student suspended from the school bus does not have
10 alternate transportation to school.

11 (c) A school board must invite a representative from a
12 local mental health agency to consult with the board at the
13 meeting whenever there is evidence that mental illness may be
14 the cause of a student's expulsion or suspension.

15 (c-5) School districts shall make reasonable efforts to
16 provide ongoing professional development to all school
17 personnel, school board members, and school resource officers,
18 on the requirements of this Section and Section 10-20.14, the
19 adverse consequences of school exclusion and justice-system
20 involvement, effective classroom management strategies,
21 culturally responsive discipline, trauma-responsive learning
22 environments, as defined in subsection (b) of Section 3-11,
23 the appropriate and available supportive services for the
24 promotion of student attendance and engagement, and
25 developmentally appropriate disciplinary methods that promote
26 positive and healthy school climates.

1 (d) The board may expel a student for a definite period of
2 time not to exceed 2 calendar years, as determined on a
3 case-by-case basis. A student who is determined to have
4 brought one of the following objects to school, any
5 school-sponsored activity or event, or any activity or event
6 that bears a reasonable relationship to school shall be
7 expelled for a period of not less than one year:

8 (1) A firearm. For the purposes of this Section,
9 "firearm" means any gun, rifle, shotgun, weapon as defined
10 by Section 921 of Title 18 of the United States Code,
11 firearm as defined in Section 1.1 of the Firearm Owners
12 Identification Card Act, or firearm as defined in Section
13 24-1 of the Criminal Code of 2012. The expulsion period
14 under this subdivision (1) may be modified by the
15 superintendent, and the superintendent's determination may
16 be modified by the board on a case-by-case basis.

17 (2) A knife, brass knuckles or other knuckle weapon
18 regardless of its composition, a billy club, or any other
19 object if used or attempted to be used to cause bodily
20 harm, including "look alike" of any firearm as defined in
21 subdivision (1) of this subsection (d). The expulsion
22 requirement under this subdivision (2) may be modified by
23 the superintendent, and the superintendent's determination
24 may be modified by the board on a case-by-case basis.

25 Expulsion or suspension shall be construed in a manner
26 consistent with the federal Individuals with Disabilities

1 Education Act. A student who is subject to suspension or
2 expulsion as provided in this Section may be eligible for a
3 transfer to an alternative school program in accordance with
4 Article 13A of the School Code.

5 (d-5) The board may suspend or by regulation authorize the
6 superintendent of the district or the principal, assistant
7 principal, or dean of students of any school to suspend a
8 student for a period not to exceed 10 school days or may expel
9 a student for a definite period of time not to exceed 2
10 calendar years, as determined on a case-by-case basis, if (i)
11 that student has been determined to have made an explicit
12 threat on an Internet website against a school employee, a
13 student, or any school-related personnel, (ii) the Internet
14 website through which the threat was made is a site that was
15 accessible within the school at the time the threat was made or
16 was available to third parties who worked or studied within
17 the school grounds at the time the threat was made, and (iii)
18 the threat could be reasonably interpreted as threatening to
19 the safety and security of the threatened individual because
20 of the individual's duties or employment status or status as a
21 student inside the school.

22 (e) To maintain order and security in the schools, school
23 authorities may inspect and search places and areas such as
24 lockers, desks, parking lots, and other school property and
25 equipment owned or controlled by the school, as well as
26 personal effects left in those places and areas by students,

1 without notice to or the consent of the student, and without a
2 search warrant. As a matter of public policy, the General
3 Assembly finds that students have no reasonable expectation of
4 privacy in these places and areas or in their personal effects
5 left in these places and areas. School authorities may request
6 the assistance of law enforcement officials for the purpose of
7 conducting inspections and searches of lockers, desks, parking
8 lots, and other school property and equipment owned or
9 controlled by the school for illegal drugs, weapons, or other
10 illegal or dangerous substances or materials, including
11 searches conducted through the use of specially trained dogs.
12 If a search conducted in accordance with this Section produces
13 evidence that the student has violated or is violating either
14 the law, local ordinance, or the school's policies or rules,
15 such evidence may be seized by school authorities, and
16 disciplinary action may be taken. School authorities may also
17 turn over such evidence to law enforcement authorities.

18 (f) Suspension or expulsion may include suspension or
19 expulsion from school and all school activities and a
20 prohibition from being present on school grounds.

21 (g) A school district may adopt a policy providing that if
22 a student is suspended or expelled for any reason from any
23 public or private school in this or any other state, the
24 student must complete the entire term of the suspension or
25 expulsion in an alternative school program under Article 13A
26 of this Code or an alternative learning opportunities program

1 under Article 13B of this Code before being admitted into the
2 school district if there is no threat to the safety of students
3 or staff in the alternative program.

4 (h) School officials shall not advise or encourage
5 students to drop out voluntarily due to behavioral or academic
6 difficulties.

7 (i) A student may not be issued a monetary fine or fee as a
8 disciplinary consequence, though this shall not preclude
9 requiring a student to provide restitution for lost, stolen,
10 or damaged property.

11 (j) Subsections (a) through (i) of this Section shall
12 apply to elementary and secondary schools, charter schools,
13 special charter districts, and school districts organized
14 under Article 34 of this Code.

15 (k) The expulsion of students enrolled in programs funded
16 under Section 1C-2 of this Code is subject to the requirements
17 under paragraph (7) of subsection (a) of Section 2-3.71 of
18 this Code.

19 (l) An in-school suspension program provided by a school
20 district for any students in kindergarten through grade 12 may
21 focus on promoting non-violent conflict resolution and
22 positive interaction with other students and school personnel.
23 A school district may employ a school social worker or a
24 licensed mental health professional to oversee an in-school
25 suspension program in kindergarten through grade 12.

3 Sec. 10-22.6. Suspension or expulsion of students; school
4 searches.

5 (a) To expel students guilty of gross disobedience or
6 misconduct, including gross disobedience or misconduct
7 perpetuated by electronic means, pursuant to subsection (b-20)
8 of this Section, and no action shall lie against them for such
9 expulsion. Expulsion shall take place only after the parents
10 or guardians have been requested to appear at a meeting of the
11 board, or with a hearing officer appointed by it, to discuss
12 their child's behavior. Such request shall be made by
13 registered or certified mail and shall state the time, place
14 and purpose of the meeting. The board, or a hearing officer
15 appointed by it, at such meeting shall state the reasons for
16 dismissal and the date on which the expulsion is to become
17 effective. If a hearing officer is appointed by the board, the
18 hearing officer shall report to the board a written summary of
19 the evidence heard at the meeting and the board may take such
20 action thereon as it finds appropriate. If the board acts to
21 expel a student, the written expulsion decision shall detail
22 the specific reasons why removing the student from the
23 learning environment is in the best interest of the school.
24 The expulsion decision shall also include a rationale as to
25 the specific duration of the expulsion. An expelled student

1 may be immediately transferred to an alternative program in
2 the manner provided in Article 13A or 13B of this Code. A
3 student must not be denied transfer because of the expulsion,
4 except in cases in which such transfer is deemed to cause a
5 threat to the safety of students or staff in the alternative
6 program.

7 (b) To suspend or by policy to authorize the
8 superintendent of the district or the principal, assistant
9 principal, or dean of students of any school to suspend
10 students guilty of gross disobedience or misconduct, or to
11 suspend students guilty of gross disobedience or misconduct on
12 the school bus from riding the school bus, pursuant to
13 subsections (b-15) and (b-20) of this Section, and no action
14 shall lie against them for such suspension. The board may by
15 policy authorize the superintendent of the district or the
16 principal, assistant principal, or dean of students of any
17 school to suspend students guilty of such acts for a period not
18 to exceed 10 school days. If a student is suspended due to
19 gross disobedience or misconduct on a school bus, the board
20 may suspend the student in excess of 10 school days for safety
21 reasons.

22 Any suspension shall be reported immediately to the
23 parents or guardians of a student along with a full statement
24 of the reasons for such suspension and a notice of their right
25 to a review. The school board must be given a summary of the
26 notice, including the reason for the suspension and the

1 suspension length. Upon request of the parents or guardians,
2 the school board or a hearing officer appointed by it shall
3 review such action of the superintendent or principal,
4 assistant principal, or dean of students. At such review, the
5 parents or guardians of the student may appear and discuss the
6 suspension with the board or its hearing officer. If a hearing
7 officer is appointed by the board, he shall report to the board
8 a written summary of the evidence heard at the meeting. After
9 its hearing or upon receipt of the written report of its
10 hearing officer, the board may take such action as it finds
11 appropriate. If a student is suspended pursuant to this
12 subsection (b), the board shall, in the written suspension
13 decision, detail the specific act of gross disobedience or
14 misconduct resulting in the decision to suspend. The
15 suspension decision shall also include a rationale as to the
16 specific duration of the suspension.

17 (b-5) Among the many possible disciplinary interventions
18 and consequences available to school officials, school
19 exclusions, such as out-of-school suspensions and expulsions,
20 are the most serious. School officials shall limit the number
21 and duration of expulsions and suspensions to the greatest
22 extent practicable, and it is recommended that they use them
23 only for legitimate educational purposes. To ensure that
24 students are not excluded from school unnecessarily, it is
25 recommended that school officials consider forms of
26 non-exclusionary discipline prior to using out-of-school

1 suspensions or expulsions.

2 (b-10) Unless otherwise required by federal law or this
3 Code, school boards may not institute zero-tolerance policies
4 by which school administrators are required to suspend or
5 expel students for particular behaviors.

6 (b-15) Out-of-school suspensions of 3 days or less may be
7 used only if the student's continuing presence in school would
8 pose a threat to school safety or a disruption to other
9 students' learning opportunities. For purposes of this
10 subsection (b-15), "threat to school safety or a disruption to
11 other students' learning opportunities" shall be determined on
12 a case-by-case basis by the school board or its designee.
13 School officials shall make all reasonable efforts to resolve
14 such threats, address such disruptions, and minimize the
15 length of suspensions to the greatest extent practicable.

16 (b-20) Unless otherwise required by this Code,
17 out-of-school suspensions of longer than 3 days, expulsions,
18 and disciplinary removals to alternative schools may be used
19 only if other appropriate and available behavioral and
20 disciplinary interventions have been exhausted and the
21 student's continuing presence in school would either (i) pose
22 a threat to the safety of other students, staff, or members of
23 the school community or (ii) substantially disrupt, impede, or
24 interfere with the operation of the school. For purposes of
25 this subsection (b-20), "threat to the safety of other
26 students, staff, or members of the school community" and

1 "substantially disrupt, impede, or interfere with the
2 operation of the school" shall be determined on a case-by-case
3 basis by school officials. For purposes of this subsection
4 (b-20), the determination of whether "appropriate and
5 available behavioral and disciplinary interventions have been
6 exhausted" shall be made by school officials. School officials
7 shall make all reasonable efforts to resolve such threats,
8 address such disruptions, and minimize the length of student
9 exclusions to the greatest extent practicable. Within the
10 suspension decision described in subsection (b) of this
11 Section or the expulsion decision described in subsection (a)
12 of this Section, it shall be documented whether other
13 interventions were attempted or whether it was determined that
14 there were no other appropriate and available interventions.

15 (b-25) Students who are suspended out-of-school for longer
16 than 3 school days shall be provided appropriate and available
17 support services during the period of their suspension. For
18 purposes of this subsection (b-25), "appropriate and available
19 support services" shall be determined by school authorities.
20 Within the suspension decision described in subsection (b) of
21 this Section, it shall be documented whether such services are
22 to be provided or whether it was determined that there are no
23 such appropriate and available services.

24 A school district may refer students who are expelled to
25 appropriate and available support services.

26 A school district shall create a policy to facilitate the

1 re-engagement of students who are suspended out-of-school,
2 expelled, or returning from an alternative school setting. In
3 consultation with stakeholders deemed appropriate by the State
4 Board of Education, the State Board of Education shall draft
5 and publish guidance for the re-engagement of students who are
6 suspended out-of-school, expelled, or returning from an
7 alternative school setting in accordance with this Section and
8 Section 13A-4 on or before July 1, 2025.

9 (b-30) A school district shall create a policy by which
10 suspended students, including those students suspended from
11 the school bus who do not have alternate transportation to
12 school, shall have the opportunity to make up work for
13 equivalent academic credit. It shall be the responsibility of
14 a student's parents or guardians to notify school officials
15 that a student suspended from the school bus does not have
16 alternate transportation to school.

17 (b-35) In all suspension review hearings conducted under
18 subsection (b) or expulsion hearings conducted under
19 subsection (a), a student may disclose any factor to be
20 considered in mitigation, including his or her status as a
21 parent, expectant parent, or victim of domestic or sexual
22 violence, as defined in Article 26A. A representative of the
23 parent's or guardian's choice, or of the student's choice if
24 emancipated, must be permitted to represent the student
25 throughout the proceedings and to address the school board or
26 its appointed hearing officer. With the approval of the

1 student's parent or guardian, or of the student if
2 emancipated, a support person must be permitted to accompany
3 the student to any disciplinary hearings or proceedings. The
4 representative or support person must comply with any rules of
5 the school district's hearing process. If the representative
6 or support person violates the rules or engages in behavior or
7 advocacy that harasses, abuses, or intimidates either party, a
8 witness, or anyone else in attendance at the hearing, the
9 representative or support person may be prohibited from
10 further participation in the hearing or proceeding. A
11 suspension or expulsion proceeding under this subsection
12 (b-35) must be conducted independently from any ongoing
13 criminal investigation or proceeding, and an absence of
14 pending or possible criminal charges, criminal investigations,
15 or proceedings may not be a factor in school disciplinary
16 decisions.

17 (b-40) During a suspension review hearing conducted under
18 subsection (b) or an expulsion hearing conducted under
19 subsection (a) that involves allegations of sexual violence by
20 the student who is subject to discipline, neither the student
21 nor his or her representative shall directly question nor have
22 direct contact with the alleged victim. The student who is
23 subject to discipline or his or her representative may, at the
24 discretion and direction of the school board or its appointed
25 hearing officer, suggest questions to be posed by the school
26 board or its appointed hearing officer to the alleged victim.

1 (c) A school board must invite a representative from a
2 local mental health agency to consult with the board at the
3 meeting whenever there is evidence that mental illness may be
4 the cause of a student's expulsion or suspension.

5 (c-5) School districts shall make reasonable efforts to
6 provide ongoing professional development to all school
7 personnel, school board members, and school resource officers
8 on the requirements of this Section and Section 10-20.14, the
9 adverse consequences of school exclusion and justice-system
10 involvement, effective classroom management strategies,
11 culturally responsive discipline, trauma-responsive learning
12 environments, as defined in subsection (b) of Section 3-11,
13 the appropriate and available supportive services for the
14 promotion of student attendance and engagement, and
15 developmentally appropriate disciplinary methods that promote
16 positive and healthy school climates.

17 (d) The board may expel a student for a definite period of
18 time not to exceed 2 calendar years, as determined on a
19 case-by-case basis. A student who is determined to have
20 brought one of the following objects to school, any
21 school-sponsored activity or event, or any activity or event
22 that bears a reasonable relationship to school shall be
23 expelled for a period of not less than one year:

24 (1) A firearm. For the purposes of this Section,
25 "firearm" means any gun, rifle, shotgun, weapon as defined
26 by Section 921 of Title 18 of the United States Code,

1 firearm as defined in Section 1.1 of the Firearm Owners
2 Identification Card Act, or firearm as defined in Section
3 24-1 of the Criminal Code of 2012. The expulsion period
4 under this subdivision (1) may be modified by the
5 superintendent, and the superintendent's determination may
6 be modified by the board on a case-by-case basis.

7 (2) A knife, brass knuckles or other knuckle weapon
8 regardless of its composition, a billy club, or any other
9 object if used or attempted to be used to cause bodily
10 harm, including "look alike" of any firearm as defined in
11 subdivision (1) of this subsection (d). The expulsion
12 requirement under this subdivision (2) may be modified by
13 the superintendent, and the superintendent's determination
14 may be modified by the board on a case-by-case basis.

15 Expulsion or suspension shall be construed in a manner
16 consistent with the federal Individuals with Disabilities
17 Education Act. A student who is subject to suspension or
18 expulsion as provided in this Section may be eligible for a
19 transfer to an alternative school program in accordance with
20 Article 13A of the School Code.

21 (d-5) The board may suspend or by regulation authorize the
22 superintendent of the district or the principal, assistant
23 principal, or dean of students of any school to suspend a
24 student for a period not to exceed 10 school days or may expel
25 a student for a definite period of time not to exceed 2
26 calendar years, as determined on a case-by-case basis, if (i)

1 that student has been determined to have made an explicit
2 threat on an Internet website against a school employee, a
3 student, or any school-related personnel, (ii) the Internet
4 website through which the threat was made is a site that was
5 accessible within the school at the time the threat was made or
6 was available to third parties who worked or studied within
7 the school grounds at the time the threat was made, and (iii)
8 the threat could be reasonably interpreted as threatening to
9 the safety and security of the threatened individual because
10 of the individual's duties or employment status or status as a
11 student inside the school.

12 (e) To maintain order and security in the schools, school
13 authorities may inspect and search places and areas such as
14 lockers, desks, parking lots, and other school property and
15 equipment owned or controlled by the school, as well as
16 personal effects left in those places and areas by students,
17 without notice to or the consent of the student, and without a
18 search warrant. As a matter of public policy, the General
19 Assembly finds that students have no reasonable expectation of
20 privacy in these places and areas or in their personal effects
21 left in these places and areas. School authorities may request
22 the assistance of law enforcement officials for the purpose of
23 conducting inspections and searches of lockers, desks, parking
24 lots, and other school property and equipment owned or
25 controlled by the school for illegal drugs, weapons, or other
26 illegal or dangerous substances or materials, including

1 searches conducted through the use of specially trained dogs.
2 If a search conducted in accordance with this Section produces
3 evidence that the student has violated or is violating either
4 the law, local ordinance, or the school's policies or rules,
5 such evidence may be seized by school authorities, and
6 disciplinary action may be taken. School authorities may also
7 turn over such evidence to law enforcement authorities.

8 (f) Suspension or expulsion may include suspension or
9 expulsion from school and all school activities and a
10 prohibition from being present on school grounds.

11 (g) A school district may adopt a policy providing that if
12 a student is suspended or expelled for any reason from any
13 public or private school in this or any other state, the
14 student must complete the entire term of the suspension or
15 expulsion in an alternative school program under Article 13A
16 of this Code or an alternative learning opportunities program
17 under Article 13B of this Code before being admitted into the
18 school district if there is no threat to the safety of students
19 or staff in the alternative program. A school district that
20 adopts a policy under this subsection (g) must include a
21 provision allowing for consideration of any mitigating
22 factors, including, but not limited to, a student's status as
23 a parent, expectant parent, or victim of domestic or sexual
24 violence, as defined in Article 26A.

25 (h) School officials shall not advise or encourage
26 students to drop out voluntarily due to behavioral or academic

1 difficulties.

2 (i) A student may not be issued a monetary fine or fee as a
3 disciplinary consequence, though this shall not preclude
4 requiring a student to provide restitution for lost, stolen,
5 or damaged property.

6 (j) Subsections (a) through (i) of this Section shall
7 apply to elementary and secondary schools, charter schools,
8 special charter districts, and school districts organized
9 under Article 34 of this Code.

10 (k) Through June 30, 2026, the expulsion of students
11 enrolled in programs funded under Section 1C-2 of this Code is
12 subject to the requirements under paragraph (7) of subsection
13 (a) of Section 2-3.71 of this Code.

14 (k-5) On and after July 1, 2026, the expulsion of children
15 enrolled in programs funded under Section 15-25 of the
16 Department of Early Childhood Act is subject to the
17 requirements of paragraph (7) of subsection (a) of Section
18 15-30 of the Department of Early Childhood Act.

19 (l) An in-school suspension program provided by a school
20 district for any students in kindergarten through grade 12 may
21 focus on promoting non-violent conflict resolution and
22 positive interaction with other students and school personnel.
23 A school district may employ a school social worker or a
24 licensed mental health professional to oversee an in-school
25 suspension program in kindergarten through grade 12.

20 57% to 62% of students are low-income, and (v) whose average
21 district spending is between \$10,000 to \$12,000 per pupil,
22 until July 1, 2025, no referendum shall be required if at least
23 50% of the cost of the purchase, construction, or building of
24 any such building is paid, or will be paid, with funds received
25 or expected to be received as part of, or otherwise derived
26 from, the federal Consolidated Appropriations Act and the

1 federal American Rescue Plan Act of 2021.

2 For this subsection (b), the school board must hold at
3 least 2 public hearings, the sole purpose of which shall be to
4 discuss the decision to construct a school building and to
5 receive input from the community. The notice of each public
6 hearing that sets forth the time, date, place, and name or
7 description of the school building that the school board is
8 considering constructing must be provided at least 10 days
9 prior to the hearing by publication on the school board's
10 Internet website.

11 (c) Notwithstanding the provisions of subsections (a) and
12 (b), for Cahokia Community Unit School District 187, no
13 referendum shall be required for the lease of any building for
14 school or educational purposes if the cost is paid or will be
15 paid with funds available at the time of the lease in the
16 district's existing fund balances to fund the lease of a
17 building during the 2023-2024 or 2024-2025 school year.

18 For the purposes of this subsection (c), the school board
19 must hold at least 2 public hearings, the sole purpose of which
20 shall be to discuss the decision to lease a school building and
21 to receive input from the community. The notice of each public
22 hearing that sets forth the time, date, place, and name or
23 description of the school building that the school board is
24 considering leasing must be provided at least 10 days prior to
25 the hearing by publication on the school district's website.

26 (d) Notwithstanding the provisions of subsections (a) and

1 (b), for Bloomington School District 87, no referendum shall
2 be required for the purchase, construction, or building of any
3 building for school or education purposes if such cost is paid
4 or will be paid with funds available at the time of contract,
5 purchase, construction, or building in Bloomington School
6 District Number 87's existing fund balances to fund the
7 procurement or requisition of a building or site during the
8 2022-2023, 2023-2024, or 2024-2025 school year.

9 For this subsection (d), the school board must hold at
10 least 2 public hearings, the sole purpose of which shall be to
11 discuss the decision to construct a school building and to
12 receive input from the community. The notice of each public
13 hearing that sets forth the time, date, place, and name or
14 description of the school building that the school board is
15 considering constructing must be provided at least 10 days
16 prior to the hearing by publication on the school board's
17 website.

18 (e) Notwithstanding the provisions of subsection (a), for
19 any school district: (i) that is designated as a Tier 1 or Tier
20 2 school district under Section 18-8.15, (ii) with at least
21 one school that is located on federal property, (iii) whose
22 overall student population is no more than 4,500 students and
23 no less than 2,500 students, and (iv) that receives a federal
24 Public Schools on Military Installations grant until June 30,
25 2030, no referendum shall be required if at least 75% of the
26 cost of construction or building of any such building is paid

1 or will be paid with funds received or expected to be received
2 from the Public Schools on Military Installations grant.

3 For this subsection (e), the school board must hold at
4 least 2 public hearings, the sole purpose of which shall be to
5 discuss the decision to construct a school building and to
6 receive input from those community members in attendance. The
7 notice of each public hearing that sets forth the time, date,
8 place, and description of the school construction project must
9 be provided at least 10 days prior to the hearing by
10 publication on the school district's website.

11 (f) ~~(e)~~ Notwithstanding the provisions of subsection (a)
12 and (b), beginning September 1, 2024, no referendum shall be
13 required to build or purchase a building for school classroom
14 or instructional purposes if, prior to the building or
15 purchase of the building, the board determines, by resolution,
16 that the building or purchase will result in an increase in
17 pre-kindergarten or kindergarten classroom space in the
18 district.

23 (105 ILCS 5/14A-32)

24 Sec. 14A-32. Accelerated placement; school district
25 responsibilities.

1 (a) Each school district shall have a policy that allows
2 for accelerated placement that includes or incorporates by
3 reference the following components:

4 (1) a provision that provides that participation in
5 accelerated placement is not limited to those children who
6 have been identified as gifted and talented, but rather is
7 open to all children who demonstrate high ability and who
8 may benefit from accelerated placement;

9 (2) a fair and equitable decision-making process that
10 involves multiple persons and includes a student's parents
11 or guardians;

12 (3) procedures for notifying parents or guardians of a
13 child of a decision affecting that child's participation
14 in an accelerated placement program; and

15 (4) an assessment process that includes multiple
16 valid, reliable indicators.

17 (a-5) By no later than the beginning of the 2023-2024
18 school year, a school district's accelerated placement policy
19 shall allow for the automatic enrollment, in the following
20 school term, of a student into the next most rigorous level of
21 advanced coursework offered by the high school if the student
22 meets or exceeds State standards in English language arts,
23 mathematics, or science on a State assessment administered
24 under Section 2-3.64a-5 as follows:

25 (1) A student who exceeds State standards in English
26 language arts shall be automatically enrolled into the

1 next most rigorous level of advanced coursework in
2 English, social studies, humanities, or related subjects.

3 (2) A student who exceeds State standards in
4 mathematics shall be automatically enrolled into the next
5 most rigorous level of advanced coursework in mathematics.

6 (3) A student who exceeds State standards in science
7 shall be automatically enrolled into the next most
8 rigorous level of advanced coursework in science.

9 (a-10) By no later than the beginning of the 2027-2028
10 school year, a school district's accelerated placement policy
11 shall allow for automatic eligibility, in the following school
12 term, for a student to enroll in the next most rigorous level
13 of advanced coursework offered by the high school if the
14 student meets State standards in English language arts,
15 mathematics, or science on a State assessment administered
16 under Section 2-3.64a-5 as follows:

17 (1) A student who meets State standards in English
18 language arts shall be automatically eligible to enroll in
19 the next most rigorous level of advanced coursework in
20 English, social studies, humanities, or related subjects.

21 (2) A student who meets State standards in mathematics
22 shall be automatically eligible to enroll in the next most
23 rigorous level of advanced coursework in mathematics.

24 (3) A student who meets State standards in science
25 shall be automatically eligible to enroll in the next most
26 rigorous level of advanced coursework in science.

1 (a-15) For a student entering grade 12, the next most
2 rigorous level of advanced coursework in English language arts
3 or mathematics shall be a dual credit course, as defined in the
4 Dual Credit Quality Act, an Advanced Placement course, as
5 defined in Section 10 of the College and Career Success for All
6 Students Act, or an International Baccalaureate course;
7 otherwise, the next most rigorous level of advanced coursework
8 under this subsection (a-15) may include a dual credit course,
9 as defined in the Dual Credit Quality Act, an Advanced
10 Placement course, as defined in Section 10 of the College and
11 Career Success for All Students Act, an International
12 Baccalaureate course, an honors class, an enrichment
13 opportunity, a gifted program, or another program offered by
14 the district.

15 A school district may use the student's most recent State
16 assessment results to determine whether a student meets or
17 exceeds State standards. For a student entering grade 9,
18 results from the State assessment taken in grades 6 through 8
19 may be used. For other high school grades, the results from a
20 locally selected, nationally normed assessment may be used
21 instead of the State assessment if those results are the most
22 recent.

23 (a-20) A school district's accelerated placement policy
24 may allow for the waiver of a course or unit of instruction
25 completion requirement if (i) completion of the course or unit
26 of instruction is required by this Code or rules adopted by the

1 State Board of Education as a prerequisite to receiving a high
2 school diploma and (ii) the school district has determined
3 that the student has demonstrated mastery of or competency in
4 the content of the course or unit of instruction. The school
5 district shall maintain documentation of this determination of
6 mastery or competency for each student, that shall include
7 identification of the learning standards or competencies
8 reviewed, the methods of measurement used, student
9 performance, the date of the determination, and identification
10 of the district personnel involved in the determination
11 process.

12 (a-25) A school district's accelerated placement policy
13 must include a process through which the parent or guardian of
14 each student who meets State standards is provided
15 notification in writing of the student's eligibility for
16 enrollment in accelerated courses. This notification must
17 provide details on the procedures for the parent or guardian
18 to enroll or not enroll the student in accelerated courses, in
19 writing, on forms the school district makes available. If no
20 course selection is made by the parent or guardian in
21 accordance with procedures set forth by the school district,
22 the student shall be automatically enrolled in the next most
23 rigorous level of coursework. A school district must provide
24 the parent or guardian of a student eligible for enrollment
25 under subsection (a-5) or (a-10) with the option to instead
26 have the student enroll in alternative coursework that better

1 aligns with the student's postsecondary education or career
2 goals. If applicable, a school district must provide
3 notification to a student's parent or guardian that the
4 student will receive a waiver of a course or unit of
5 instruction completion requirement under subsection
6 ~~subsections~~ (a-5) or (a-10).

7 Nothing in subsection (a-5) or (a-10) may be interpreted
8 to preclude other students from enrolling in advanced
9 coursework per the policy of a school district.

10 (a-30) Nothing in this Section shall prohibit the
11 implementation of policies that allow for automatic enrollment
12 of students who meet standards on State assessments into the
13 next most rigorous level of advanced coursework offered by a
14 high school.

15 (b) Further, a school district's accelerated placement
16 policy may include or incorporate by reference, but need not
17 be limited to, the following components:

18 (1) procedures for annually informing the community
19 at-large, including parents or guardians, community-based
20 organizations, and providers of out-of-school programs,
21 about the accelerated placement program and the methods
22 used for the identification of children eligible for
23 accelerated placement, including strategies to reach
24 groups of students and families who have been historically
25 underrepresented in accelerated placement programs and
26 advanced coursework;

1 (2) a process for referral that allows for multiple
2 referrers, including a child's parents or guardians; other
3 referrers may include licensed education professionals,
4 the child, with the written consent of a parent or
5 guardian, a peer, through a licensed education
6 professional who has knowledge of the referred child's
7 abilities, or, in case of possible early entrance, a
8 preschool educator, pediatrician, or psychologist who
9 knows the child;

10 (3) a provision that provides that children
11 participating in an accelerated placement program and
12 their parents or guardians will be provided a written plan
13 detailing the type of acceleration the child will receive
14 and strategies to support the child;

15 (4) procedures to provide support and promote success
16 for students who are newly enrolled in an accelerated
17 placement program;

18 (5) a process for the school district to review and
19 utilize disaggregated data on participation in an
20 accelerated placement program to address gaps among
21 demographic groups in accelerated placement opportunities;
22 and

23 (6) procedures to promote equity, which may
24 incorporate one or more of the following evidence-based
25 practices:

26 (A) the use of multiple tools to assess

1 exceptional potential and provide several pathways
2 into advanced academic programs when assessing student
3 need for advanced academic or accelerated programming;

4 (B) providing enrichment opportunities starting in
5 the early grades to address achievement gaps that
6 occur at school entry and provide students with
7 opportunities to demonstrate their advanced potential;

8 (C) the use of universal screening combined with
9 local school-based norms for placement in accelerated
10 and advanced learning programs;

11 (D) developing a continuum of services to identify
12 and develop talent in all learners ranging from
13 enriched learning experiences, such as problem-based
14 learning, performance tasks, critical thinking, and
15 career exploration, to accelerated placement and
16 advanced academic programming; and

17 (E) providing professional learning in gifted
18 education for teachers and other appropriate school
19 personnel to appropriately identify and challenge
20 students from diverse cultures and backgrounds who may
21 benefit from accelerated placement or advanced
22 academic programming.

23 (c) The State Board of Education shall adopt rules to
24 determine data to be collected and disaggregated by
25 demographic group regarding accelerated placement, including
26 the rates of students who participate in and successfully

1 complete advanced coursework, and a method of making the
2 information available to the public.

3 (d) On or before November 1, 2022, following a review of
4 disaggregated data on the participation and successful
5 completion rates of students enrolled in an accelerated
6 placement program, each school district shall develop a plan
7 to expand access to its accelerated placement program and to
8 ensure the teaching capacity necessary to meet the increased
9 demand.

14 Sec. 18-8.15. Evidence-Based Funding for student success
15 for the 2017-2018 and subsequent school years.

16 (a) General provisions.

17 (1) The purpose of this Section is to ensure that, by
18 June 30, 2027 and beyond, this State has a kindergarten
19 through grade 12 public education system with the capacity
20 to ensure the educational development of all persons to
21 the limits of their capacities in accordance with Section
22 1 of Article X of the Constitution of the State of
23 Illinois. To accomplish that objective, this Section
24 creates a method of funding public education that is
25 evidence-based; is sufficient to ensure every student

1 receives a meaningful opportunity to learn irrespective of
2 race, ethnicity, sexual orientation, gender, or
3 community-income level; and is sustainable and
4 predictable. When fully funded under this Section, every
5 school shall have the resources, based on what the
6 evidence indicates is needed, to:

7 (A) provide all students with a high quality
8 education that offers the academic, enrichment, social
9 and emotional support, technical, and career-focused
10 programs that will allow them to become competitive
11 workers, responsible parents, productive citizens of
12 this State, and active members of our national
13 democracy;

14 (B) ensure all students receive the education they
15 need to graduate from high school with the skills
16 required to pursue post-secondary education and
17 training for a rewarding career;

18 (C) reduce, with a goal of eliminating, the
19 achievement gap between at-risk and non-at-risk
20 students by raising the performance of at-risk
21 students and not by reducing standards; and

22 (D) ensure this State satisfies its obligation to
23 assume the primary responsibility to fund public
24 education and simultaneously relieve the
25 disproportionate burden placed on local property taxes
26 to fund schools.

1 (2) The Evidence-Based Funding formula under this
2 Section shall be applied to all Organizational Units in
3 this State. The Evidence-Based Funding formula outlined in
4 this Act is based on the formula outlined in Senate Bill 1
5 of the 100th General Assembly, as passed by both
6 legislative chambers. As further defined and described in
7 this Section, there are 4 major components of the
8 Evidence-Based Funding model:

9 (A) First, the model calculates a unique Adequacy
10 Target for each Organizational Unit in this State that
11 considers the costs to implement research-based
12 activities, the unit's student demographics, and
13 regional wage differences.

14 (B) Second, the model calculates each
15 Organizational Unit's Local Capacity, or the amount
16 each Organizational Unit is assumed to contribute
17 toward its Adequacy Target from local resources.

18 (C) Third, the model calculates how much funding
19 the State currently contributes to the Organizational
20 Unit and adds that to the unit's Local Capacity to
21 determine the unit's overall current adequacy of
22 funding.

23 (D) Finally, the model's distribution method
24 allocates new State funding to those Organizational
25 Units that are least well-funded, considering both
26 Local Capacity and State funding, in relation to their

1 Adequacy Target.

2 (3) An Organizational Unit receiving any funding under
3 this Section may apply those funds to any fund so received
4 for which that Organizational Unit is authorized to make
5 expenditures by law.

6 (4) As used in this Section, the following terms shall
7 have the meanings ascribed in this paragraph (4):

8 "Adequacy Target" is defined in paragraph (1) of
9 subsection (b) of this Section.

10 "Adjusted EAV" is defined in paragraph (4) of
11 subsection (d) of this Section.

12 "Adjusted Local Capacity Target" is defined in
13 paragraph (3) of subsection (c) of this Section.

14 "Adjusted Operating Tax Rate" means a tax rate for all
15 Organizational Units, for which the State Superintendent
16 shall calculate and subtract for the Operating Tax Rate a
17 transportation rate based on total expenses for
18 transportation services under this Code, as reported on
19 the most recent Annual Financial Report in Pupil
20 Transportation Services, function 2550 in both the
21 Education and Transportation funds and functions 4110 and
22 4120 in the Transportation fund, less any corresponding
23 fiscal year State of Illinois scheduled payments excluding
24 net adjustments for prior years for regular, vocational,
25 or special education transportation reimbursement pursuant
26 to Section 29-5 or subsection (b) of Section 14-13.01 of

1 this Code divided by the Adjusted EAV. If an
2 Organizational Unit's corresponding fiscal year State of
3 Illinois scheduled payments excluding net adjustments for
4 prior years for regular, vocational, or special education
5 transportation reimbursement pursuant to Section 29-5 or
6 subsection (b) of Section 14-13.01 of this Code exceed the
7 total transportation expenses, as defined in this
8 paragraph, no transportation rate shall be subtracted from
9 the Operating Tax Rate.

10 "Allocation Rate" is defined in paragraph (3) of
11 subsection (g) of this Section.

12 "Alternative School" means a public school that is
13 created and operated by a regional superintendent of
14 schools and approved by the State Board.

15 "Applicable Tax Rate" is defined in paragraph (1) of
16 subsection (d) of this Section.

17 "Assessment" means any of those benchmark, progress
18 monitoring, formative, diagnostic, and other assessments,
19 in addition to the State accountability assessment, that
20 assist teachers' needs in understanding the skills and
21 meeting the needs of the students they serve.

22 "Assistant principal" means a school administrator
23 duly endorsed to be employed as an assistant principal in
24 this State.

25 "At-risk student" means a student who is at risk of
26 not meeting the Illinois Learning Standards or not

1 graduating from elementary or high school and who
2 demonstrates a need for vocational support or social
3 services beyond that provided by the regular school
4 program. All students included in an Organizational Unit's
5 Low-Income Count, as well as all English learner and
6 disabled students attending the Organizational Unit, shall
7 be considered at-risk students under this Section.

8 "Average Student Enrollment" or "ASE" for fiscal year
9 2018 means, for an Organizational Unit, the greater of the
10 average number of students (grades K through 12) reported
11 to the State Board as enrolled in the Organizational Unit
12 on October 1 in the immediately preceding school year,
13 plus the pre-kindergarten students who receive special
14 education services of 2 or more hours a day as reported to
15 the State Board on December 1 in the immediately preceding
16 school year, or the average number of students (grades K
17 through 12) reported to the State Board as enrolled in the
18 Organizational Unit on October 1, plus the
19 pre-kindergarten students who receive special education
20 services of 2 or more hours a day as reported to the State
21 Board on December 1, for each of the immediately preceding
22 3 school years. For fiscal year 2019 and each subsequent
23 fiscal year, "Average Student Enrollment" or "ASE" means,
24 for an Organizational Unit, the greater of the average
25 number of students (grades K through 12) reported to the
26 State Board as enrolled in the Organizational Unit on

1 October 1 and March 1 in the immediately preceding school
2 year, plus the pre-kindergarten students who receive
3 special education services as reported to the State Board
4 on October 1 and March 1 in the immediately preceding
5 school year, or the average number of students (grades K
6 through 12) reported to the State Board as enrolled in the
7 Organizational Unit on October 1 and March 1, plus the
8 pre-kindergarten students who receive special education
9 services as reported to the State Board on October 1 and
10 March 1, for each of the immediately preceding 3 school
11 years. For the purposes of this definition, "enrolled in
12 the Organizational Unit" means the number of students
13 reported to the State Board who are enrolled in schools
14 within the Organizational Unit that the student attends or
15 would attend if not placed or transferred to another
16 school or program to receive needed services. For the
17 purposes of calculating "ASE", all students, grades K
18 through 12, excluding those attending kindergarten for a
19 half day and students attending an alternative education
20 program operated by a regional office of education or
21 intermediate service center, shall be counted as 1.0. All
22 students attending kindergarten for a half day shall be
23 counted as 0.5, unless in 2017 by June 15 or by March 1 in
24 subsequent years, the school district reports to the State
25 Board of Education the intent to implement full-day
26 kindergarten district-wide for all students, then all

1 students attending kindergarten shall be counted as 1.0.
2 Special education pre-kindergarten students shall be
3 counted as 0.5 each. If the State Board does not collect or
4 has not collected both an October 1 and March 1 enrollment
5 count by grade or a December 1 collection of special
6 education pre-kindergarten students as of August 31, 2017
7 (the effective date of Public Act 100-465), it shall
8 establish such collection for all future years. For any
9 year in which a count by grade level was collected only
10 once, that count shall be used as the single count
11 available for computing a 3-year average ASE. Funding for
12 programs operated by a regional office of education or an
13 intermediate service center must be calculated using the
14 Evidence-Based Funding formula under this Section for the
15 2019-2020 school year and each subsequent school year
16 until separate adequacy formulas are developed and adopted
17 for each type of program. ASE for a program operated by a
18 regional office of education or an intermediate service
19 center must be determined by the March 1 enrollment for
20 the program. For the 2019-2020 school year, the ASE used
21 in the calculation must be the first-year ASE and, in that
22 year only, the assignment of students served by a regional
23 office of education or intermediate service center shall
24 not result in a reduction of the March enrollment for any
25 school district. For the 2020-2021 school year, the ASE
26 must be the greater of the current-year ASE or the 2-year

1 average ASE. Beginning with the 2021-2022 school year, the
2 ASE must be the greater of the current-year ASE or the
3 3-year average ASE. School districts shall submit the data
4 for the ASE calculation to the State Board within 45 days
5 of the dates required in this Section for submission of
6 enrollment data in order for it to be included in the ASE
7 calculation. For fiscal year 2018 only, the ASE
8 calculation shall include only enrollment taken on October
9 1. In recognition of the impact of COVID-19, the
10 definition of "Average Student Enrollment" or "ASE" shall
11 be adjusted for calculations under this Section for fiscal
12 years 2022 through 2024. For fiscal years 2022 through
13 2024, the enrollment used in the calculation of ASE
14 representing the 2020-2021 school year shall be the
15 greater of the enrollment for the 2020-2021 school year or
16 the 2019-2020 school year.

17 "Base Funding Guarantee" is defined in paragraph (10)
18 of subsection (g) of this Section.

19 "Base Funding Minimum" is defined in subsection (e) of
20 this Section.

21 "Base Tax Year" means the property tax levy year used
22 to calculate the Budget Year allocation of primary State
23 aid.

24 "Base Tax Year's Extension" means the product of the
25 equalized assessed valuation utilized by the county clerk
26 in the Base Tax Year multiplied by the limiting rate as

1 calculated by the county clerk and defined in PTELL.

2 "Bilingual Education Allocation" means the amount of
3 an Organizational Unit's final Adequacy Target
4 attributable to bilingual education divided by the
5 Organizational Unit's final Adequacy Target, the product
6 of which shall be multiplied by the amount of new funding
7 received pursuant to this Section. An Organizational
8 Unit's final Adequacy Target attributable to bilingual
9 education shall include all additional investments in
10 English learner students' adequacy elements.

11 "Budget Year" means the school year for which primary
12 State aid is calculated and awarded under this Section.

13 "Central office" means individual administrators and
14 support service personnel charged with managing the
15 instructional programs, business and operations, and
16 security of the Organizational Unit.

17 "Comparable Wage Index" or "CWI" means a regional cost
18 differentiation metric that measures systemic, regional
