In addition to other transfers to the General Obligation Bond Retirement and Interest Fund made pursuant to Section 15 of the General Obligation Bond Act, upon each delivery of general obligation bonds for capital projects using bond authorizations enacted in Public Act 96-36, Public Act 96-1554, Public Act 97-771, Public Act 98-94, Public Act 101-30 (except for amounts in Public Act 101-30 that increase bond authorization under paragraph (1) of subsection (a) of Section 4 and subsection (e) of Section 4 of the General Obligation Bond Act), Public Act 103-7, Public Act 103-591, Public Act 104-8, and this amendatory Act of the 104th General Assembly, the State Comptroller shall compute and certify to the State Treasurer the total amount of principal of, interest on, and premium, if any, on such bonds during the then current and each succeeding fiscal year. With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for the period.

If the available balance in the Capital Projects Fund is not sufficient for the transfer required in this subsection, the State Treasurer and State Comptroller shall transfer the difference from the Road Fund to the General Obligation Bond Retirement and Interest Fund; except that such Road Fund transfers shall constitute a debt of the Capital Projects Fund which shall be repaid according to subsection (c). Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

(c) On the first day of any month when the Capital Projects
