

1 AN ACT concerning safety.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Rooftop Safety for First Responders Act is
5 amended by changing Section 15 as follows:

6 (430 ILCS 180/15)

7 Sec. 15. Survey.

8 (a) No later than January 1, 2027, and every 2 years
9 thereafter, each municipality with a population of 500,000 or
10 more inhabitants shall complete a survey of buildings in its
11 jurisdiction that have skylights and other openings located in
12 the plane of a low-sloped roof.

13 (a-5) No later than January 1, 2027, and every 2 years
14 thereafter, each municipality with a population of fewer than
15 500,000 inhabitants shall complete a survey of new buildings
16 in its jurisdiction that have skylights and other openings
17 located in the plane of a low-sloped roof.

18 (a-10) Within one year after the effective date of this
19 amendatory Act of the 104th General Assembly, each
20 municipality with a population of fewer than 500,000
21 inhabitants shall develop a methodology to collect data
22 regarding the presence of skylights and other openings in the
23 plane of low-sloped roofs of existing buildings by examining

1 building permits for new renovation projects or collecting
2 information during required inspections of existing buildings.

3 (b) The results of the survey shall be reported in a
4 building inventory that shall be shared with local police
5 departments and local fire departments.

6 (c) In counties with a population greater than 1,000,000,
7 the results of the survey shall be shared with local police
8 departments and local fire departments and shall be stored in
9 all computer-aided dispatch systems.
