17 Section 5 and conducted at an affiliate facility.

19 the federal Personal Responsibility and Work Opportunity
20 Reconciliation Act of 1996. Any bank governed by this Act
21 shall enter into an agreement for data exchanges with a
22 State agency provided the State agency pays to the bank a
23 reasonable fee not to exceed its actual cost incurred. A
24 bank providing information in accordance with this item
25 shall not be liable to any account holder or other person
26 for any disclosure of information to a State agency, for

1 encumbering or surrendering any assets held by the bank in
2 response to a lien or order to withhold and deliver issued
3 by a State agency, or for any other action taken pursuant
4 to this item, including individual or mechanical errors,
5 provided the action does not constitute gross negligence

7 person or person with a disability by undue influence,
8 breach of fiduciary relationship, intimidation, fraud,

10 any manner contrary to law. A bank or person furnishing
11 information pursuant to this item (16) shall be entitled
12 to the same rights and protections as a person furnishing
13 information under the Adult Protective Services Act and
14 the Illinois Domestic Violence Act of 1986.

15 (17) The disclosure of financial records or

1 sale of the financial records or information of a customer
2 without the consent of the customer.

4 information as necessary to protect against actual or
5 potential fraud, unauthorized transactions, claims, or
6 other liability.

18 customer's financial records to the Department; and

3 a lawful subpoena, summons, warrant, citation to discover
4 assets, or court order which meets the requirements of
5 subsection (d) of this Section; or

10 (d) A bank shall disclose financial records under

16 living, and, otherwise the person's personal representative,
17 if known, at the person's last known address by first class
18 mail, postage prepaid, through a third-party commercial
19 carrier or courier with delivery charge fully prepaid, by hand

14 Department. The customer signing the consent and
15 authorization shall indemnify and hold the savings bank
16 harmless that relies in good faith upon the consent and
17 authorization and incurs a loss because of such reliance.
18 The savings bank recovering under this indemnification
19 provision shall also be entitled to reasonable attorney's
20 fees and the expenses of recovery.

21 (d) A savings bank shall be reimbursed by the customer
22 for all costs reasonably necessary and directly incurred
23 in searching for, reproducing, and disclosing a customer's
24 financial records required or requested to be produced
25 pursuant to any consent and authorization executed under

1 this paragraph (18). The requested financial records shall
2 be delivered to the Department within 10 days after
3 receiving a properly executed consent and authorization or
4 at the earliest practicable time thereafter if the
5 requested records cannot be delivered within 10 days, but
6 delivery may be delayed until the final reimbursement of
7 all costs is received by the savings bank. The savings
8 bank may honor a photostatic or electronic copy of a
9 properly executed consent and authorization.

10 (e) Nothing in this paragraph (18) shall impair,
11 abridge, or abrogate the right of a customer to:

12 (1) directly disclose his or her financial records
13 to the Department or any other person; or

14 (2) authorize his or her attorney or duly
15 appointed agent to request and obtain the customer's
16 financial records and disclose those financial records
17 to the Department.

18 (f) For purposes of this paragraph (18), "Department"
19 means the Department of Human Services and the Department
20 of Healthcare and Family Services or any successor
21 administrative agency of either agency.

22 (19) The furnishing of financial records of a deceased
23 customer to a public administrator of any county or other
24 governmental jurisdiction for the purpose of facilitating
25 burial of the customer.

26 (20) ~~(19)~~ The furnishing of financial information to

1 the executor, executrix, administrator, or other lawful
2 representative of the estate of a customer.

3 (d) A savings bank may not disclose to any person, except
4 to the member or holder of capital or his duly authorized
5 agent, any financial records relating to that member or
6 shareholder of the savings bank unless:

7 (1) the member or shareholder has authorized
8 disclosure to the person; or

9 (2) the financial records are disclosed in response to
10 a lawful subpoena, summons, warrant, citation to discover
11 assets, or court order that meets the requirements of
12 subsection (e) of this Section.

13 (e) A savings bank shall disclose financial records under
14 subsection (d) of this Section pursuant to a lawful subpoena,
15 summons, warrant, citation to discover assets, or court order
16 only after the savings bank sends a copy of the subpoena,
17 summons, warrant, citation to discover assets, or court order
18 to the person establishing the relationship with the savings
19 bank, if living, and otherwise, the person's personal
20 representative, if known, at the person's last known address
21 by first class mail, postage prepaid, through a third-party
22 commercial carrier or courier with delivery charge fully
23 prepaid, by hand delivery, or by electronic delivery at an
24 email address on file with the savings bank (if the person
25 establishing the relationship with the savings bank has
26 consented to receive electronic delivery and, if the person

1 establishing the relationship with the savings bank is a
2 consumer, the person has consented under the consumer consent
3 provisions set forth in Section 7001 of Title 15 of the United
4 States Code), unless the savings bank is specifically
5 prohibited from notifying the person by order of court or by
6 applicable State or federal law. A savings bank shall not mail
7 a copy of a subpoena to any customer pursuant to this
8 subsection if the subpoena was issued by a grand jury.

9 (f) Any officer or employee of a savings bank who
10 knowingly and willfully furnishes financial records in
11 violation of this Section is guilty of a business offense and,
12 upon conviction, shall be fined not more than \$1,000.

13 (g) Any person who knowingly and willfully induces or
14 attempts to induce any officer or employee of a savings bank to
15 disclose financial records in violation of this Section is
16 guilty of a business offense and, upon conviction, shall be
17 fined not more than \$1,000.

18 (h) If any member or shareholder desires to communicate
19 with the other members or shareholders of the savings bank
20 with reference to any question pending or to be presented at an
21 annual or special meeting, the savings bank shall give that
22 person, upon request, a statement of the approximate number of
23 members or shareholders entitled to vote at the meeting and an
24 estimate of the cost of preparing and delivering the
25 communication. The requesting member shall submit the
26 communication to the Commissioner who, upon finding it to be

1 appropriate and truthful, shall direct that it be prepared and
2 delivered to the members upon the requesting member's or
3 shareholder's payment or adequate provision for payment of the
4 expenses of preparation and delivery.

5 (i) A savings bank shall be reimbursed for costs that are
6 necessary and that have been directly incurred in searching
7 for, reproducing, or transporting books, papers, records, or
8 other data required to be reproduced pursuant to a lawful
9 subpoena, warrant, citation to discover assets, or court
10 order.

11 (j) Notwithstanding the provisions of this Section, a
12 savings bank may sell or otherwise make use of lists of names
13 and addresses of persons who have obtained a financial product
14 or service from the savings bank. All other information is
15 subject to the disclosure provisions of this Section. At the
16 request of any person who has obtained a financial product or
17 service from the savings bank, that person's name and address
18 shall be deleted from any list that is to be sold or used in
19 any other manner beyond identification of the person's
20 accounts.

23 Section 460. The Illinois Credit Union Act is amended by
24 changing Section 10 as follows:

1 (205 ILCS 305/10)

2 Sec. 10. Credit union records; member financial records.

3 (1) A credit union shall establish and maintain books,
4 records, accounting systems, and procedures which accurately
5 reflect its operations and which enable the Department to
6 readily ascertain the true financial condition of the credit
7 union and whether it is complying with this Act.

8 (2) A photostatic or photographic reproduction of any
9 credit union records shall be admissible as evidence of
10 transactions with the credit union.

11 (3)(a) For the purpose of this Section, the term
12 "financial records" means any original, any copy, or any
13 summary of (1) a document granting signature authority over an
14 account, (2) a statement, ledger card, or other record on any
15 account which shows each transaction in or with respect to
16 that account, (3) a check, draft, or money order drawn on a
17 financial institution or other entity or issued and payable by
18 or through a financial institution or other entity, or (4) any
19 other item containing information pertaining to any
20 relationship established in the ordinary course of business
21 between a credit union and its member, including financial
22 statements or other financial information provided by the
23 member.

24 (b) This Section does not prohibit:

25 (1) The preparation, examination, handling, or
26 maintenance of any financial records by any officer,

1 employee, or agent of a credit union having custody of
2 such records, or the examination of such records by a
3 certified public accountant engaged by the credit union to
4 perform an independent audit.

5 (2) The examination of any financial records by or the
6 furnishing of financial records by a credit union to any
7 officer, employee, or agent of the Department, the
8 National Credit Union Administration, Federal Reserve
9 Board or any insurer of share accounts for use solely in
10 the exercise of his duties as an officer, employee, or
11 agent.

12 (3) The publication of data furnished from financial
13 records relating to members where the data cannot be
14 identified to any particular member or account.

15 (4) The making of reports or returns required under
16 Chapter 61 of the Internal Revenue Code of 1954.

17 (5) Furnishing information concerning the dishonor of
18 any negotiable instrument permitted to be disclosed under
19 the Uniform Commercial Code.

20 (6) The exchange in the regular course of business of
21 (i) credit information between a credit union and other
22 credit unions or financial institutions or commercial
23 enterprises, directly or through a consumer reporting
24 agency, or (ii) financial records or information derived
25 from financial records between a credit union and other
26 credit unions or financial institutions or commercial

1 enterprises for the purpose of conducting due diligence
2 pursuant to a merger or a purchase or sale of assets or
3 liabilities of the credit union.

4 (7) The furnishing of information to the appropriate
5 law enforcement authorities where the credit union
6 reasonably believes it has been the victim of a crime.

7 (8) The furnishing of information pursuant to the
8 Revised Uniform Unclaimed Property Act.

9 (9) The furnishing of information pursuant to the
10 Illinois Income Tax Act and the Illinois Estate and
11 Generation-Skipping Transfer Tax Act.

12 (10) The furnishing of information pursuant to the
13 federal Currency and Foreign Transactions Reporting Act,
14 Title 31, United States Code, Section 1051 et sequentia.

15 (11) The furnishing of information pursuant to any
16 other statute which by its terms or by regulations
17 promulgated thereunder requires the disclosure of
18 financial records other than by subpoena, summons,
19 warrant, or court order.

20 (12) The furnishing of information in accordance with
21 the federal Personal Responsibility and Work Opportunity
22 Reconciliation Act of 1996. Any credit union governed by
23 this Act shall enter into an agreement for data exchanges
24 with a State agency provided the State agency pays to the
25 credit union a reasonable fee not to exceed its actual
26 cost incurred. A credit union providing information in

1 accordance with this item shall not be liable to any
2 account holder or other person for any disclosure of
3 information to a State agency, for encumbering or
4 surrendering any assets held by the credit union in
5 response to a lien or order to withhold and deliver issued
6 by a State agency, or for any other action taken pursuant
7 to this item, including individual or mechanical errors,
8 provided the action does not constitute gross negligence
9 or willful misconduct. A credit union shall have no
10 obligation to hold, encumber, or surrender assets until it
11 has been served with a subpoena, summons, warrant, court
12 or administrative order, lien, or levy.

13 (13) The furnishing of information to law enforcement
14 authorities, the Illinois Department on Aging and its
15 regional administrative and provider agencies, the
16 Department of Human Services Office of Inspector General,
17 or public guardians: (i) upon subpoena by the
18 investigatory entity or the guardian, or (ii) if there is
19 suspicion by the credit union that a member who is an
20 elderly person or person with a disability has been or may
21 become the victim of financial exploitation. For the
22 purposes of this item (13), the term: (i) "elderly person"
23 means a person who is 60 or more years of age, (ii) "person
24 with a disability" means a person who has or reasonably
25 appears to the credit union to have a physical or mental
26 disability that impairs his or her ability to seek or

1 obtain protection from or prevent financial exploitation,
2 and (iii) "financial exploitation" means tortious or
3 illegal use of the assets or resources of an elderly
4 person or person with a disability, and includes, without
5 limitation, misappropriation of the assets or resources of
6 the elderly person or person with a disability by undue
7 influence, breach of fiduciary relationship, intimidation,
8 fraud, deception, extortion, or the use of assets or
9 resources in any manner contrary to law. A credit union or
10 person furnishing information pursuant to this item (13)
11 shall be entitled to the same rights and protections as a
12 person furnishing information under the Adult Protective
13 Services Act and the Illinois Domestic Violence Act of
14 1986.

15 (13.5) The furnishing of information to any person on
16 a list submitted and periodically updated by a member who
17 is an elderly person or person with a disability, if there
18 is suspicion by the credit union that the member has been
19 or may become a victim of financial exploitation. For
20 purposes of this item (13.5), the terms "elderly person",
21 "person with a disability", and "financial exploitation"
22 have the meanings given to those terms in item (13). The
23 credit union may convey the suspicion to any of the
24 following persons, if the person is not the suspected
25 perpetrator: (i) any person on the list; (ii) any
26 co-owner, additional authorized signatory, or beneficiary

1 on the account of the member; or (iii) any person known by
2 the credit union to be a family member, including a
3 parent, spouse, adult child, or sibling. When providing
4 information under this item (13.5), the credit union shall
5 limit the information and only disclose that the credit
6 union has cause to suspect that the member may be a victim
7 or target of financial exploitation and the basis or bases
8 of the credit union's reasonable suspicion, without
9 disclosing any other details or confidential information
10 regarding the financial affairs of the member. Any
11 disclosure made pursuant to this subsection shall comply
12 with all other privacy laws and legal prohibitions,
13 including confidentiality requirements for suspicious
14 activity reports. The credit union may rely on information
15 provided by the member in compiling the list of contact
16 persons. The credit union and any employee of the credit
17 union acting in good faith is immune from all criminal,
18 civil, and administrative liability for contacting a
19 person or electing not to contact a person under this item
20 (13.5) and for actions taken in furtherance of that
21 determination, if the determination was made based on a
22 reasonable suspicion.

23 (14) The disclosure of financial records or
24 information as necessary to effect, administer, or enforce
25 a transaction requested or authorized by the member, or in
26 connection with:

1 (A) servicing or processing a financial product or
2 service requested or authorized by the member;

3 (B) maintaining or servicing a member's account
4 with the credit union; or

5 (C) a proposed or actual securitization or
6 secondary market sale (including sales of servicing
7 rights) related to a transaction of a member.

8 Nothing in this item (14), however, authorizes the
9 sale of the financial records or information of a member
10 without the consent of the member.

11 (15) The disclosure of financial records or
12 information as necessary to protect against or prevent
13 actual or potential fraud, unauthorized transactions,
14 claims, or other liability.

15 (16)(a) The disclosure of financial records or
16 information related to a private label credit program
17 between a financial institution and a private label party
18 in connection with that private label credit program. Such
19 information is limited to outstanding balance, available
20 credit, payment and performance and account history,
21 product references, purchase information, and information
22 related to the identity of the customer.

23 (b)(1) For purposes of this item (16), "private label
24 credit program" means a credit program involving a
25 financial institution and a private label party that is
26 used by a customer of the financial institution and the

1 private label party primarily for payment for goods or
2 services sold, manufactured, or distributed by a private
3 label party.

4 (2) For purposes of this item (16), "private label
5 party" means, with respect to a private label credit
6 program, any of the following: a retailer, a merchant, a
7 manufacturer, a trade group, or any such person's
8 affiliate, subsidiary, member, agent, or service provider.

9 (17)(a) The furnishing of financial records of a
10 member to the Department to aid the Department's initial
11 determination or subsequent re-determination of the
12 member's eligibility for Medicaid and Medicaid long-term
13 care benefits for long-term care services, provided that
14 the credit union receives the written consent and
15 authorization of the member, which shall:

16 (1) have the member's signature notarized;

17 (2) be signed by at least one witness who
18 certifies that he or she believes the member to be of
19 sound mind and memory;

20 (3) be tendered to the credit union at the
21 earliest practicable time following its execution,
22 certification, and notarization;

23 (4) specifically limit the disclosure of the
24 member's financial records to the Department; and

25 (5) be in substantially the following form:

1 CUSTOMER CONSENT AND AUTHORIZATION

2 FOR RELEASE OF FINANCIAL RECORDS

3 I, ... , hereby authorize

14 limited to, any indebtedness or obligation for which I am a

16 all other accounts in which I have an interest and any other
17 information regarding me in the possession of the Financial
18 Institution,

6 revoked by me in writing at any time before my financial
7 records, as described above, are disclosed, and that this
8 Consent and Authorization is valid until the Financial
9 Institution receives my written revocation. This Consent and
10 Authorization shall constitute valid authorization for the
11 Department identified above to inspect all such financial
12 records set forth above, and to request and receive copies of
13 such financial records from the Financial Institution (subject
14 to such records search and reproduction reimbursement policies
15 as the Financial Institution may have in place). An executed
16 copy of this Consent and Authorization shall be sufficient and
17 as good as the original and permission is hereby granted to
18 honor a photostatic or electronic copy of this Consent and
19 Authorization. Disclosure is strictly limited to the
20 Department identified above and no other person or entity
21 shall receive my financial records pursuant to this Consent
22 and Authorization. By signing this form, I agree to indemnify
23 and hold the Financial Institution harmless from any and all
24 claims, demands, and losses, including reasonable attorneys

1 fees and expenses, arising from or incurred in its reliance on
2 this Consent and Authorization. As used herein, "Customer"

4 member's financial records to the long-term care facility
5 from which the member seeks initial or continuing
6 residency or long-term care services.

7 (c) A credit union providing financial records of a
8 member in good faith relying on a consent and
9 authorization executed and tendered in accordance with
10 this item (17) shall not be liable to the member or any
11 other person in relation to the credit union's disclosure
12 of the member's financial records to the Department. The
13 member signing the consent and authorization shall
14 indemnify and hold the credit union harmless that relies
15 in good faith upon the consent and authorization and
16 incurs a loss because of such reliance. The credit union
17 recovering under this indemnification provision shall also
18 be entitled to reasonable attorney's fees and the expenses
19 of recovery.

20 (d) A credit union shall be reimbursed by the member
21 for all costs reasonably necessary and directly incurred
22 in searching for, reproducing, and disclosing a member's
23 financial records required or requested to be produced
24 pursuant to any consent and authorization executed under
25 this item (17). The requested financial records shall be

1 delivered to the Department within 10 days after receiving
2 a properly executed consent and authorization or at the
3 earliest practicable time thereafter if the requested
4 records cannot be delivered within 10 days, but delivery
5 may be delayed until the final reimbursement of all costs
6 is received by the credit union. The credit union may
7 honor a photostatic or electronic copy of a properly
8 executed consent and authorization.

9 (e) Nothing in this item (17) shall impair, abridge,
10 or abrogate the right of a member to:

11 (1) directly disclose his or her financial records
12 to the Department or any other person; or

13 (2) authorize his or her attorney or duly
14 appointed agent to request and obtain the member's
15 financial records and disclose those financial records
16 to the Department.

17 (f) For purposes of this item (17), "Department" means
18 the Department of Human Services and the Department of
19 Healthcare and Family Services or any successor
20 administrative agency of either agency.

21 (18) The furnishing of the financial records of a
22 member to an appropriate law enforcement authority,
23 without prior notice to or consent of the member, upon
24 written request of the law enforcement authority, when
25 reasonable suspicion of an imminent threat to the personal
26 security and safety of the member exists that necessitates

1 an expedited release of the member's financial records, as
2 determined by the law enforcement authority. The law
3 enforcement authority shall include a brief explanation of
4 the imminent threat to the member in its written request
5 to the credit union. The written request shall reflect
6 that it has been authorized by a supervisory or managerial
7 official of the law enforcement authority. The decision to
8 furnish the financial records of a member to a law
9 enforcement authority shall be made by a supervisory or
10 managerial official of the credit union. A credit union
11 providing information in accordance with this item (18)
12 shall not be liable to the member or any other person for
13 the disclosure of the information to the law enforcement
14 authority.

15 (19) The furnishing of financial records of a deceased
16 member to a public administrator of any county or other
17 governmental jurisdiction for the purpose of facilitating
18 burial of the customer.

19 (20) ~~(19)~~ The furnishing of financial information to
20 the executor, executrix, administrator, or other lawful
21 representative of the estate of a member.

22 (c) Except as otherwise provided by this Act, a credit
23 union may not disclose to any person, except to the member or
24 his duly authorized agent, any financial records relating to
25 that member of the credit union unless:

26 (1) the member has authorized disclosure to the

1 person;

2 (2) the financial records are disclosed in response to
3 a lawful subpoena, summons, warrant, citation to discover
4 assets, or court order that meets the requirements of
5 subparagraph (3) (d) of this Section; or

6 (3) the credit union is attempting to collect an
7 obligation owed to the credit union and the credit union
8 complies with the provisions of Section 2I of the Consumer
9 Fraud and Deceptive Business Practices Act.

10 (d) A credit union shall disclose financial records under
11 item (3) (c) (2) of this Section pursuant to a lawful subpoena,
12 summons, warrant, citation to discover assets, or court order
13 only after the credit union sends a copy of the subpoena,
14 summons, warrant, citation to discover assets, or court order
15 to the person establishing the relationship with the credit
16 union, if living, and otherwise the person's personal
17 representative, if known, at the person's last known address
18 by first class mail, postage prepaid, through a third-party
19 commercial carrier or courier with delivery charge fully
20 prepaid, by hand delivery, or by electronic delivery at an
21 email address on file with the credit union (if the person
22 establishing the relationship with the credit union has
23 consented to receive electronic delivery and, if the person
24 establishing the relationship with the credit union is a
25 consumer, the person has consented under the consumer consent
26 provisions set forth in Section 7001 of Title 15 of the United

1 States Code), unless the credit union is specifically
2 prohibited from notifying the person by order of court or by
3 applicable State or federal law. In the case of a grand jury
4 subpoena, a credit union shall not mail a copy of a subpoena to
5 any person pursuant to this subsection if the subpoena was
6 issued by a grand jury or notifying the person would
7 constitute a violation of the federal Right to Financial
8 Privacy Act of 1978.

9 (e)(1) Any officer or employee of a credit union who
10 knowingly and willfully furnishes financial records in
11 violation of this Section is guilty of a business offense and
12 upon conviction thereof shall be fined not more than \$1,000.

13 (2) Any person who knowingly and willfully induces or
14 attempts to induce any officer or employee of a credit union to
15 disclose financial records in violation of this Section is
16 guilty of a business offense and upon conviction thereof shall
17 be fined not more than \$1,000.

18 (f) A credit union shall be reimbursed for costs which are
19 reasonably necessary and which have been directly incurred in
20 searching for, reproducing or transporting books, papers,
21 records or other data of a member required or requested to be
22 produced pursuant to a lawful subpoena, summons, warrant,
23 citation to discover assets, or court order. The Secretary and
24 the Director may determine, by rule, the rates and conditions
25 under which payment shall be made. Delivery of requested
26 documents may be delayed until final reimbursement of all

1 costs is received.

7 Sec. 2-1. Definitions. As used in this Act:

23 Section 470. The Consumer Installment Loan Act is amended
24 by changing Section 15 as follows:

1 (205 ILCS 670/15) (from Ch. 17, par. 5415)

2 Sec. 15. Charges permitted.

3 (a) Every licensee may lend a principal amount not
4 exceeding \$40,000 and may charge, contract for, and receive
5 thereon an annual percentage rate of no more than 36%, subject
6 to the provisions of this Act. For purposes of this Section,
7 the annual percentage rate shall be calculated as such rate is
8 calculated using the system for calculating a military annual
9 percentage rate under Section 232.4 of Title 32 of the Code of
10 Federal Regulations as in effect on March 23, 2021 (the
11 effective date of Public Act 101-658) ~~this amendatory Act of~~
12 ~~the 101st General Assembly.~~

13 (b) For purposes ~~purpose~~ of this Section, the following
14 terms shall have the meanings ascribed herein.

15 "Applicable interest" for a precomputed loan contract
16 means the amount of interest attributable to each monthly
17 installment period. It is computed as if each installment
18 period were one month and any interest charged for extending
19 the first installment period beyond one month is ignored. The
20 applicable interest for any monthly installment period is that
21 portion of the precomputed interest that bears the same ratio
22 to the total precomputed interest as the balances scheduled to
23 be outstanding during that month bear to the sum of all
24 scheduled monthly outstanding balances in the original
25 contract.

26 "Interest-bearing loan" means a loan in which the debt is

1 expressed as a principal amount plus interest charged on
2 actual unpaid principal balances for the time actually
3 outstanding.

4 "Precomputed loan" means a loan in which the debt is
5 expressed as the sum of the original principal amount plus
6 interest computed actuarially in advance, assuming all
7 payments will be made when scheduled.

8 "Substantially equal installment" includes a last
9 regularly scheduled payment that may be less than, but not
10 more than 5% larger than, the previous scheduled payment
11 according to a disclosed payment schedule agreed to by the
12 parties.

13 (c) Loans may be interest-bearing or precomputed.

14 (d) To compute time for either interest-bearing or
15 precomputed loans for the calculation of interest and other
16 purposes, a month shall be a calendar month and a day shall be
17 considered 1/30th of a month when calculation is made for a
18 fraction of a month. A month shall be 1/12th of a year. A
19 calendar month is that period from a given date in one month to
20 the same numbered date in the following month, and if there is
21 no same numbered date, to the last day of the following month.
22 When a period of time includes a month and a fraction of a
23 month, the fraction of the month is considered to follow the
24 whole month. In the alternative, for interest-bearing loans,
25 the licensee may charge interest at the rate of 1/365th of the
26 agreed annual rate for each day actually elapsed.

1 (d-5) No licensee or other person may condition an
2 extension of credit to a consumer on the consumer's repayment
3 by preauthorized electronic fund transfers. Payment options,
4 including, but not limited to, electronic fund transfers and
5 Automated ~~Automatic~~ Clearing House (ACH) transactions may be
6 offered to consumers as a choice and method of payment chosen
7 by the consumer.

8 (e) With respect to interest-bearing loans:

9 (1) Interest shall be computed on unpaid principal
10 balances outstanding from time to time, for the time
11 outstanding, until fully paid. Each payment shall be
12 applied first to the accumulated interest and the
13 remainder of the payment applied to the unpaid principal
14 balance; provided however, that if the amount of the
15 payment is insufficient to pay the accumulated interest,
16 the unpaid interest continues to accumulate to be paid
17 from the proceeds of subsequent payments and is not added
18 to the principal balance.

19 (2) Interest shall not be payable in advance or
20 compounded. However, if part or all of the consideration
21 for a new loan contract is the unpaid principal balance of
22 a prior loan, then the principal amount payable under the
23 new loan contract may include any unpaid interest which
24 has accrued. The unpaid principal balance of a precomputed
25 loan is the balance due after refund or credit of unearned
26 interest as provided in paragraph (f), clause (3). The

1 resulting loan contract shall be deemed a new and separate
2 loan transaction for all purposes.

3 (3) Loans must be fully amortizing and be repayable in
4 substantially equal and consecutive weekly, biweekly,
5 semimonthly, or monthly installments. Notwithstanding this
6 requirement, rates may vary according to an index that is
7 independently verifiable and beyond the control of the
8 licensee.

9 (4) The lender or creditor may, if the contract
10 provides, collect a delinquency or collection charge on
11 each installment in default for a period of not less than
12 10 days in an amount not exceeding 5% of the installment on
13 installments in excess of \$200, or \$10 on installments of
14 \$200 or less, but only one delinquency and collection
15 charge may be collected on any installment, regardless of
16 the period during which it remains in default.

17 (f) With respect to precomputed loans:

18 (1) Loans shall be repayable in substantially equal
19 and consecutive weekly, biweekly, semimonthly, or monthly
20 installments of principal and interest combined, except
21 that the first installment period may be longer than one
22 month by not more than 15 days, and the first installment
23 payment amount may be larger than the remaining payments
24 by the amount of interest charged for the extra days; and
25 provided further that monthly installment payment dates
26 may be omitted to accommodate borrowers with seasonal

1 income.

2 (2) Payments may be applied to the combined total of
3 principal and precomputed interest until the loan is fully
4 paid. Payments shall be applied in the order in which they
5 become due, except that any insurance proceeds received as
6 a result of any claim made on any insurance, unless
7 sufficient to prepay the contract in full, may be applied
8 to the unpaid installments of the total of payments in
9 inverse order.

10 (3) When any loan contract is paid in full by cash,
11 renewal or refinancing, or a new loan, one month or more
12 before the final installment due date, a licensee shall
13 refund or credit the obligor with the total of the
14 applicable interest for all fully unexpired installment
15 periods, as originally scheduled or as deferred, which
16 follow the day of prepayment; provided, if the prepayment
17 occurs prior to the first installment due date, the
18 licensee may retain 1/30 of the applicable interest for a
19 first installment period of one month for each day from
20 the date of the loan to the date of prepayment, and shall
21 refund or credit the obligor with the balance of the total
22 interest contracted for. If the maturity of the loan is
23 accelerated for any reason and judgment is entered, the
24 licensee shall credit the borrower with the same refund as
25 if prepayment in full had been made on the date the
26 judgment is entered.

1 (4) The lender or creditor may, if the contract
2 provides, collect a delinquency or collection charge on
3 each installment in default for a period of not less than
4 10 days in an amount not exceeding 5% of the installment on
5 installments in excess of \$200, or \$10 on installments of
6 \$200 or less, but only one delinquency or collection
7 charge may be collected on any installment regardless of
8 the period during which it remains in default.

9 (5) If the parties agree in writing, either in the
10 loan contract or in a subsequent agreement, to a deferment
11 of wholly unpaid installments, a licensee may grant a
12 deferment and may collect a deferment charge as provided
13 in this Section. A deferment postpones the scheduled due
14 date of the earliest unpaid installment and all subsequent
15 installments as originally scheduled, or as previously
16 deferred, for a period equal to the deferment period. The
17 deferment period is that period during which no
18 installment is scheduled to be paid by reason of the
19 deferment. The deferment charge for a one-month period may
20 not exceed the applicable interest for the installment
21 period immediately following the due date of the last
22 undeferred payment. A proportionate charge may be made for
23 deferment for periods of more or less than one month. A
24 deferment charge is earned pro rata during the deferment
25 period and is fully earned on the last day of the deferment
26 period. Should a loan be prepaid in full during a

1 deferment period, the licensee shall credit to the obligor
2 a refund of the unearned deferment charge in addition to
3 any other refund or credit made for prepayment of the loan
4 in full.

5 (6) If 2 or more installments are delinquent one full
6 month or more on any due date, and if the contract so
7 provides, the licensee may reduce the unpaid balance by
8 the refund credit which would be required for prepayment
9 in full on the due date of the most recent maturing
10 installment in default. Thereafter, and in lieu of any
11 other default or deferment charges, the agreed rate of
12 interest may be charged on the unpaid balance until fully
13 paid.

14 (7) Fifteen days after the final installment as
15 originally scheduled or deferred, the licensee, for any
16 loan contract which has not previously been converted to
17 interest-bearing under paragraph (f), clause (6), may
18 compute and charge interest on any balance remaining
19 unpaid, including unpaid default or deferment charges, at
20 the agreed rate of interest until fully paid. At the time
21 of payment of said final installment, the licensee shall
22 give notice to the obligor stating any amounts unpaid.

11 Section 505. The Emergency Medical Services (EMS) Systems
12 Act is amended by changing Section 3.90 as follows:

13 (210 ILCS 50/3.90)

14 Sec. 3.90. Trauma center designations.

15 (a) "Trauma Center" means a hospital which: (1) within
16 designated capabilities provides optimal care to trauma
17 patients; (2) participates in an approved EMS System; and (3)
18 is duly designated pursuant to the provisions of this Act.
19 Level I Trauma Centers shall provide all essential services
20 in-house, 24 hours per day, in accordance with rules adopted
21 by the Department pursuant to this Act. Level II and Level III
22 Trauma Centers shall have some essential services available
23 in-house, 24 hours per day, and other essential services
24 readily available, 24 hours per day, in accordance with rules

1 adopted by the Department pursuant to this Act.

2 (a-5) An Acute Injury Stabilization Center shall have a
3 basic or comprehensive emergency department capable of initial
4 management and transfer of the acutely injured in accordance
5 with rules adopted by the Department pursuant to this Act.

6 (b) The Department shall have the authority and
7 responsibility to:

8 (1) Establish and enforce minimum standards for
9 designation and re-designation of 3 levels of trauma
10 centers that meet trauma center national standards, as
11 modified by the Department in administrative rules;

12 (2) Require hospitals applying for trauma center
13 designation to submit a plan for designation in a manner
14 and form prescribed by the Department through rules
15 adopted pursuant to this Act;

16 (3) Upon receipt of a completed plan for designation,
17 conduct a site visit to inspect the hospital for
18 compliance with the Department's minimum standards. Such
19 visit shall be conducted by specially qualified personnel
20 with experience in the delivery of emergency medical
21 and/or trauma care. A report of the inspection shall be
22 provided to the Director within 30 days of the completion
23 of the site visit. The report shall note compliance or
24 lack of compliance with the individual standards for
25 designation;

26 (4) Designate applicant hospitals as Level I, Level

1 II, or Level III Trauma Centers which meet the minimum
2 standards established by this Act and the Department. The
3 Department shall designate a new trauma center only when a
4 local or regional need for such trauma center has been
5 identified. The Department shall request an assessment of
6 local or regional need from the applicable EMS Region's
7 Trauma Center Medical Directors Committee, with advice
8 from the Regional Trauma Advisory Committee. This shall
9 not be construed as a needs assessment for health planning
10 or other purposes outside of this Act;

11 (5) Attempt to designate trauma centers in all areas
12 of the State. There shall be at least one Level I Trauma
13 Center serving each EMS Region, unless waived by the
14 Department. This subsection shall not be construed to
15 require a Level I Trauma Center to be located in each EMS
16 Region. Level I Trauma Centers shall serve as resources
17 for the Level II and Level III Trauma Centers and Acute
18 Injury Stabilization Centers in the EMS Regions. The
19 extent of such relationships shall be defined in the EMS
20 Region Plan;

21 (6) Inspect designated trauma centers to assure
22 compliance with the provisions of this Act and the rules
23 adopted pursuant to this Act. Information received by the
24 Department through filed reports, inspection, or as
25 otherwise authorized under this Act shall not be disclosed
26 publicly in such a manner as to identify individuals or

1 hospitals, except in proceedings involving the denial,
2 suspension, or revocation of a trauma center designation
3 or imposition of a fine on a trauma center;

4 (7) Renew trauma center designations every 2 years,
5 after an on-site inspection, based on compliance with
6 renewal requirements and standards for continuing
7 operation, as prescribed by the Department through rules
8 adopted pursuant to this Act;

9 (8) Refuse to issue or renew a trauma center
10 designation, after providing an opportunity for a hearing,
11 when findings show that it does not meet the standards and
12 criteria prescribed by the Department;

13 (9) Review and determine whether a trauma center's
14 annual morbidity and mortality rates for trauma patients
15 significantly exceed the State average for such rates,
16 using a uniform recording methodology based on nationally
17 recognized standards. Such determination shall be
18 considered as a factor in any decision by the Department
19 to renew or refuse to renew a trauma center designation
20 under this Act, but shall not constitute the sole basis
21 for refusing to renew a trauma center designation;

22 (10) Take the following action, as appropriate, after
23 determining that a trauma center is in violation of this
24 Act or any rule adopted pursuant to this Act:

25 (A) If the Director determines that the violation
26 presents a substantial probability that death or

1 serious physical harm will result and if the trauma
2 center fails to eliminate the violation immediately or
3 within a fixed period of time, not exceeding 10 days,
4 as determined by the Director, the Director may
5 immediately revoke the trauma center designation. The
6 trauma center may appeal the revocation within 15 days
7 after receiving the Director's revocation order⁷ by
8 requesting a hearing as provided by Section 29 of this
9 Act. The Director shall notify the chair of the
10 Region's Trauma Center Medical Directors Committee and
11 EMS Medical Directors for the appropriate EMS Systems
12 of such trauma center designation revocation;

13 (B) If the Director determines that the violation
14 does not present a substantial probability that death
15 or serious physical harm will result, the Director
16 shall issue a notice of violation and request a plan of
17 correction which shall be subject to the Department's
18 approval. The trauma center shall have 10 days after
19 receipt of the notice of violation in which to submit a
20 plan of correction. The Department may extend this
21 period for up to 30 days. The plan shall include a
22 fixed time period not in excess of 90 days within which
23 violations are to be corrected. The plan of correction
24 and the status of its implementation by the trauma
25 center shall be provided, as appropriate, to the EMS
26 Medical Directors for appropriate EMS Systems. If the

1 Department rejects a plan of correction, it shall send
2 notice of the rejection and the reason for the
3 rejection to the trauma center. The trauma center
4 shall have 10 days after receipt of the notice of
5 rejection in which to submit a modified plan. If the
6 modified plan is not timely submitted, or if the
7 modified plan is rejected, the trauma center shall
8 follow an approved plan of correction imposed by the
9 Department. If, after notice and opportunity for
10 hearing, the Director determines that a trauma center
11 has failed to comply with an approved plan of
12 correction, the Director may suspend or revoke the
13 trauma center designation. The trauma center shall
14 have 15 days after receiving the Director's notice in
15 which to request a hearing. Such hearing shall conform
16 to the provisions of Section 3.135 of this Act;

17 (11) The Department may delegate authority to local
18 health departments in jurisdictions which include a
19 substantial number of trauma centers. The delegated
20 authority to those local health departments shall include,
21 but is not limited to, the authority to designate trauma
22 centers with final approval by the Department, maintain a
23 regional database ~~data-base~~ with concomitant reporting of
24 trauma registry data, and monitor, inspect, and
25 investigate trauma centers within their jurisdiction, in
26 accordance with the requirements of this Act and the rules

1 promulgated by the Department;

2 (A) The Department shall monitor the performance
3 of local health departments with authority delegated
4 pursuant to this Section, based upon performance
5 criteria established in rules promulgated by the
6 Department;

7 (B) Delegated authority may be revoked for
8 non-compliance with this ~~the~~ Act or the Department's
9 rules. Notice of an intent to revoke shall be served
10 upon the local health department by certified mail,
11 stating the reasons for revocation and offering an
12 opportunity for an administrative hearing to contest
13 the proposed revocation. The request for a hearing
14 must be in writing and received by the Department
15 within 10 working days of the local health
16 department's receipt of notification;

17 (C) The director of a local health department may
18 relinquish its delegated authority upon 60 days
19 written notification to the Director of Public Health.

21 Section 510. The Hospital Licensing Act is amended by
22 changing Section 7 as follows:

23 (210 ILCS 85/7) (from Ch. 111 1/2, par. 148)

24 Sec. 7. (a) The Director after notice and opportunity for

1 hearing to the applicant or licensee may deny, suspend, or
2 revoke a permit to establish a hospital or deny, suspend, or
3 revoke a license to open, conduct, operate, and maintain a
4 hospital in any case in which he finds that there has been a
5 substantial failure to comply with the provisions of this Act,
6 the Hospital Report Card Act, or the Illinois Adverse Health
7 Care Events Reporting Law of 2005 or the standards, rules, and
8 regulations established by virtue of any of those Acts. The
9 Department may impose fines on hospitals, not to exceed \$500
10 per occurrence, for failing to (1) initiate a criminal
11 background check on a patient that meets the criteria for
12 hospital-initiated background checks or (2) report the death
13 of a person known to be a resident of a facility licensed under
14 the ID/DD Community Care Act or the MC/DD Act to the coroner or
15 medical examiner within 24 hours as required by Section 6.09a
16 of this Act. In assessing whether to impose such a fine for
17 failure to initiate a criminal background check, the
18 Department shall consider various factors, including, but not
19 limited to, whether the hospital has engaged in a pattern or
20 practice of failing to initiate criminal background checks.
21 Money from fines shall be deposited into the Long-Term ~~Long~~
22 ~~Term~~ Care Provider Fund.

23 (a-5) If a hospital demonstrates a pattern or practice of
24 failing to substantially comply with the requirements of
25 Section 10.10 or the hospital's written staffing plan, the
26 hospital shall provide a plan of correction to the Department

1 within 60 days. The Department may impose fines as follows:

2 (i) if a hospital fails to implement a written staffing plan
3 for nursing services, a fine not to exceed \$500 per occurrence
4 may be imposed; (ii) if a hospital demonstrates a pattern or
5 practice of failing to substantially comply with a plan of
6 correction within 60 days after the plan takes effect, a fine
7 not to exceed \$500 per occurrence may be imposed; and (iii) if
8 a hospital demonstrates for a second or subsequent time a
9 pattern or practice of failing to substantially comply with a
10 plan of correction within 60 days after the plan takes effect,
11 a fine not to exceed \$1,000 per occurrence may be imposed.

12 Reports of violations of Section 10.10 shall be subject to
13 public disclosure under Section 6.14a. Money from fines
14 imposed under ~~within~~ this subsection (a-5) shall be deposited
15 into the Hospital Licensure Fund, and money from fines for
16 violations of Section 10.10 shall be used for scholarships
17 under the Nursing Education Scholarship Law.

18 (b) Such notice shall be effected by registered mail or by
19 personal service setting forth the particular reasons for the
20 proposed action and fixing a date, not less than 15 days from
21 the date of such mailing or service, at which time the
22 applicant or licensee shall be given an opportunity for a
23 hearing. Such hearing shall be conducted by the Director or by
24 an employee of the Department designated in writing by the
25 Director as Hearing Officer to conduct the hearing. On the
26 basis of any such hearing, or upon default of the applicant or

1 licensee, the Director shall make a determination specifying
2 his findings and conclusions. In case of a denial to an
3 applicant of a permit to establish a hospital, such
4 determination shall specify the subsection of Section 6 under
5 which the permit was denied and shall contain findings of fact
6 forming the basis of such denial. A copy of such determination
7 shall be sent by registered mail or served personally upon the
8 applicant or licensee. The decision denying, suspending, or
9 revoking a permit or a license shall become final 35 days after
10 it is so mailed or served, unless the applicant or licensee,
11 within such 35-day ~~35-day~~ period, petitions for review
12 pursuant to Section 13.

13 (c) The procedure governing hearings authorized by this
14 Section shall be in accordance with rules promulgated by the
15 Department and approved by the Hospital Licensing Board. A
16 full and complete record shall be kept of all proceedings,
17 including the notice of hearing, complaint, and all other
18 documents in the nature of pleadings, written motions filed in
19 the proceedings, and the report and orders of the Director and
20 Hearing Officer. All testimony shall be reported but need not
21 be transcribed unless the decision is appealed pursuant to
22 Section 13. A copy or copies of the transcript may be obtained
23 by any interested party on payment of the cost of preparing
24 such copy or copies.

25 (d) The Director or Hearing Officer shall upon his own
26 motion, or on the written request of any party to the

1 proceeding, issue subpoenas requiring the attendance and the
2 giving of testimony by witnesses, and subpoenas duces tecum
3 requiring the production of books, papers, records, or
4 memoranda. All subpoenas and subpoenas duces tecum issued
5 under the terms of this Act may be served by any person of full
6 age. The fees of witnesses for attendance and travel shall be
7 the same as the fees of witnesses before the Circuit Court of
8 this State, such fees to be paid when the witness is excused
9 from further attendance. When the witness is subpoenaed at the
10 instance of the Director, or Hearing Officer, such fees shall
11 be paid in the same manner as other expenses of the Department,
12 and when the witness is subpoenaed at the instance of any other
13 party to any such proceeding, the Department may require that
14 the cost of service of the subpoena or subpoena duces tecum and
15 the fee of the witness be borne by the party at whose instance
16 the witness is summoned. In such case, the Department, in its
17 discretion, may require a deposit to cover the cost of such
18 service and witness fees. A subpoena or subpoena duces tecum
19 issued as aforesaid shall be served in the same manner as a
20 subpoena issued out of a court.

21 (e) Any Circuit Court of this State upon the application
22 of the Director, or upon the application of any other party to
23 the proceeding, may, in its discretion, compel the attendance
24 of witnesses, the production of books, papers, records, or
25 memoranda and the giving of testimony before the Director or
26 Hearing Officer conducting an investigation or holding a

1 hearing authorized by this Act, by an attachment for contempt,
2 or otherwise, in the same manner as production of evidence may
3 be compelled before the court.

4 (f) The Director or Hearing Officer, or any party in an
5 investigation or hearing before the Department, may cause the
6 depositions of witnesses within the State to be taken in the
7 manner prescribed by law for like depositions in civil actions
8 in courts of this State, and to that end compel the attendance
9 of witnesses and the production of books, papers, records, or
10 memoranda.

11 (215 ILCS 5/231.1) (from Ch. 73, par. 843.1)

12 Sec. 231.1. Group Life Insurance Standard Provision. No
13 policy of group life insurance shall be delivered in this
14 State unless it contains in substance the following
15 provisions, or provisions which in the opinion of the Director
16 are more favorable to the persons insured, or at least as
17 favorable to the persons insured and more favorable to the
18 policyholder, provided, however, (a) that provisions (F) to
19 (K) inclusive shall not apply to policies insuring the lives
20 of debtors; (b) that the standard provisions required for
21 individual life insurance policies shall not apply to group
22 life insurance policies; and (c) that if the group life
23 insurance policy is on a plan of insurance other than the term
24 plan, it shall contain a nonforfeiture provision which in the
25 opinion of the Director is equitable to the insured persons

1 and to the policyholder, but nothing herein shall be construed
2 to require that group life insurance policies contain the same
3 nonforfeiture provisions as are required for individual life
4 insurance policies:

5 (A) A provision that the policyholder is entitled to a
6 grace period of 31 days for the payment of any premium due
7 except the first, during which grace period the death benefit
8 coverage shall continue in force, unless the policyholder
9 shall have given the insurer written notice of discontinuance
10 in advance of the date of discontinuance and in accordance
11 with the terms of the policy. The policy may provide that the
12 policyholder shall be liable to the insurer for the payment of
13 a pro rata premium for the time the policy was in force during
14 such grace period.

15 (B) A provision that validity of the policy shall not be
16 contested, except for nonpayment of premiums, after it has
17 been in force for 2 ~~two~~ years from its date of issue; and that
18 no statement made by any person insured under the policy
19 relating to his insurability shall be used in contesting the
20 validity of the insurance with respect to which such statement
21 was made after such insurance has been in force prior to the
22 contest for a period of 2 ~~two~~ years during such person's
23 lifetime nor unless it is contained in a written instrument
24 signed by him; provided, however, that no such provision shall
25 preclude the assertion at any time of defenses based upon
26 provisions in the policy which relate to eligibility for

1 coverage.

2 (C) A provision that a copy of the application, if any, of
3 the policyholder shall be attached to the policy when issued,
4 and that all statements made by the policyholder shall be
5 deemed representations and not warranties, and that no
6 statement made by any person insured shall be used in any
7 contest unless a copy of the instrument containing the
8 statement is or has been furnished to such person or, in the
9 event of death or incapacity of the insured person, to his
10 beneficiary or personal representative.

11 (D) A provision setting forth the conditions, if any,
12 under which the insurer reserves the right to require a person
13 eligible for insurance to furnish evidence of individual
14 insurability satisfactory to the insurer as a condition to
15 part or all of his coverage.

16 (E) A provision specifying an equitable adjustment of
17 premiums or of benefits or of both to be made in the event the
18 age of a person insured has been misstated, such provision to
19 contain a clear statement of the method of adjustment to be
20 made.

21 (F) A provision that any sum becoming due by reason of the
22 death of the person insured shall be payable to the
23 beneficiary designated by the person insured, except that
24 where the policy contains conditions pertaining to family
25 status the beneficiary may be the family member specified by
26 the policy terms, subject to the provisions of the policy in

1 the event there is no designated beneficiary, as to all or any
2 part of such sum, living at the death of the person insured,
3 and subject to any right reserved by the insurer in the policy
4 and set forth in the certificate to pay at its option a part of
5 such sum not exceeding \$2,000 to any person appearing to the
6 insurer to be equitably entitled thereto by reason of having
7 incurred funeral or other expenses incident to the last
8 illness or death of the person insured.

9 (G) A provision that the insurer will issue to the
10 policyholder for delivery to each person insured a certificate
11 setting forth a statement as to the insurance protection to
12 which he is entitled, to whom the insurance benefits are
13 payable, a statement as to any dependent's coverage included
14 in such certificate, and the rights and conditions set forth
15 in provisions (H), (I), (J), L and (K) following.

16 (H) A provision that if the insurance, or any portion of
17 it, on a person covered under the policy or on the dependent of
18 a person covered~~7~~ ceases because of termination of employment
19 or of membership in the class or classes eligible for coverage
20 under the policy, such person shall be entitled to have issued
21 to him by the insurer, without evidence of insurability, an
22 individual policy of life insurance without disability or
23 other supplementary benefits, unless such right to convert
24 such coverage was provided for in the group policy and is
25 applied for in the application for conversion, provided that
26 an application for the individual policy shall be made, and

1 the first premium paid to the insurer, within 31 days after
2 such termination, and provided further that:

3 (1) the individual policy may, at the option of such
4 person, be on any one of the forms then customarily issued
5 by the insurer at the age and for the amount applied for,
6 except that the group policy may exclude the option to
7 elect term insurance;

8 (2) the individual policy shall be in an amount equal
9 to, unless such person chooses to elect a lesser amount,
10 the amount of life insurance which ceases because of such
11 termination, less the amount of any life insurance for
12 which such person becomes eligible under the same or any
13 other group policy within 31 days after such termination,
14 provided that any amount of insurance which shall have
15 matured on or before the date of such termination as an
16 endowment payable to the person insured, whether in one
17 sum or in installments or in the form of an annuity, shall
18 not, for the purposes of this provision, be included in
19 the amount which is considered to cease because of such
20 termination; ~~and~~

21 (3) the premium on the individual policy shall be at
22 the insurer's then customary rate applicable to the form
23 and amount of the individual policy, to the class of risk
24 to which such person then belongs, and to such person's
25 age attained on the effective date of the individual
26 policy; and.

1 (4) if ~~if~~ any individual insured under a group life
2 insurance policy becomes entitled under the terms of such
3 policy to have an individual policy of life insurance
4 issued and if such individual is not given notice of the
5 existence of such right at least 15 days prior to the
6 expiration date of such period, then in such event the
7 individual shall have an additional period within which to
8 exercise such right, but nothing herein contained shall be
9 construed to continue any insurance beyond the period
10 provided in such policy. This additional period shall
11 expire 15 days next after the individual is given such
12 notice but in no event shall such additional period extend
13 beyond 60 days next after the expiration date of the
14 period provided in such policy. Written notice presented
15 to the individual or mailed by the policyholder to the
16 last known address of the individual or mailed by the
17 insurer to the last known address of the individual as
18 furnished by the policyholder shall constitute notice for
19 the purpose of this Section.

20 Subject to the same conditions set forth above, the
21 conversion privilege shall be available (i) to a surviving
22 dependent, if any, at the death of the employee or member, with
23 respect to the coverage under the group policy which
24 terminates by reason of such death and (ii) to the dependent of
25 the employee or member upon termination of coverage of the
26 dependent, while the employee or member remains under the

1 group policy, by reason of the dependent ceasing to be a
2 qualified family member under the group policy.

3 (I) A provision, except in the case of a policy described
4 in paragraph (B) of Section 230.1, that the termination of the
5 employment of an employee or the membership of a member shall
6 not terminate the insurance of such employee or member under
7 the group policy until the expiration of such period for which
8 the premium for such employee or member has been paid, not
9 exceeding 31 days.

10 (J) A provision that from time to time all new employees or
11 members eligible for insurance and desiring the same shall be
12 added to the group or class thereof originally insured.

13 (K) A provision that if the group policy terminates or is
14 amended so as to terminate the insurance of any class of
15 insured persons, every person insured thereunder at the date
16 of such termination whose insurance terminates, including the
17 insured dependent of a covered person, and who has been so
18 insured for at least 5 ~~five~~ years prior to such termination
19 date shall be entitled to have issued by the insurer an
20 individual policy of life insurance, subject to the same
21 conditions and limitations as are provided by provision (H)
22 above, except that the group policy may provide that the
23 amount of such individual policy shall not exceed the smaller
24 of (a) the amount of the person's life insurance protection
25 ceasing because of the termination or amendment of the group
26 policy, less the amount of any life insurance for which he is

1 or becomes eligible under a group policy issued or reinstated
2 by the same or another insurer within 31 days after such
3 termination, or (b) \$10,000.

4 (L) A provision that if a person insured under the group
5 policy, or the insured dependent of a covered person, dies
6 during the period within which the individual would have been
7 entitled to have an individual policy issued in accordance
8 with provisions (H) or (I) above and before such an individual
9 policy shall have become effective, the amount of life
10 insurance which he would have been entitled to have issued
11 under such individual policy shall be payable as a claim under
12 the group policy, whether or not application for the
13 individual policy or the payment of the first premium therefor
14 has been made.

15 (M) If active employment is a condition of insurance, a
16 provision that an insured may continue coverage during the
17 insured's total disability by timely payment to the
18 policyholder of that portion, if any, of the premium that
19 would have been required from the insured had total disability
20 not occurred. The continuation shall be on a premium paying
21 basis for a period of 6 ~~six~~ months from the date on which the
22 total disability started, but not beyond the earlier of (a)
23 approval by the insurer of continuation of the coverage under
24 any disability provision which the group insurance policy may
25 contain or (b) the discontinuance of the group insurance
26 policy.

1 (N) If active employment is a condition of insurance, in
2 the case of a policy of group life insurance replacing another
3 policy of group life insurance in force with another insurance
4 carrier immediately prior to the effective date of the new
5 policy, a provision preventing loss of coverage, subject to
6 premium payments, for those active employees who are not
7 actively at work on the effective date of the new policy if the
8 following conditions are met:

9 (1) the active employee was insured under the prior
10 carrier's group life insurance policy immediately prior to
11 the effective date of the policy;

12 (2) the active employee is not actively at work on the
13 effective date of the new policy;

14 (3) the active employee is a member of an eligible
15 class under the policy; and

16 (4) the active employee is not receiving or eligible
17 to receive benefits under the prior carrier's group life
18 insurance policy.

19 (O) If active employment is a condition of insurance, a
20 provision that for active employees receiving or eligible to
21 receive benefits under provision (N) the continued coverage
22 will remain in effect until the earliest of the following:

23 (1) the date the employee returns to active work;

24 (2) the date that coverage under the prior carrier's
25 group life insurance policy would have ended for any
26 reason other than the termination of the policy;

1 (3) the date that coverage would otherwise end under
2 the replacing carrier's policy;

3 (4) a date no less than 6 months after the replacement
4 coverage begins; or

5 (5) the date the employee is covered or is eligible
6 for coverage under the prior carrier's group policy.

7 (P) If active employment is a condition of insurance, a
8 provision that the replacing carrier's obligations under
9 provisions (N) and (O) may be limited to the amount for which
10 the employee was covered under the prior carrier's group life
11 insurance policy and may be reduced by any amounts payable
12 under the prior carrier's group life insurance policy.

13 (Q) In the case of a policy insuring the lives of debtors,
14 a provision that the insurer will furnish to the policyholder
15 for delivery to each debtor insured under the policy a
16 certificate of insurance describing the coverage and
17 specifying that the death benefit shall first be applied to
18 reduce or extinguish the indebtedness. Whenever the amount of
19 insurance payable exceeds the amount of outstanding
20 indebtedness, the excess benefit shall be payable to the
21 person otherwise contractually or legally entitled thereto; if
22 there be no person determined to be so entitled, such excess
23 shall be paid to the estate of the insured person.

1 (215 ILCS 5/236) (from Ch. 73, par. 848)

2 Sec. 236. Discrimination prohibited.

3 (a) No life company doing business in this State shall
4 make or permit any distinction or discrimination in favor of
5 individuals among insured persons of the same class and equal
6 expectation of life in the issuance of its policies, in the
7 amount of payment of premiums or rates charged for policies of
8 insurance, in the amount of any dividends or other benefits
9 payable thereon, or in any other of the terms and conditions of
10 the contracts it makes.

11 (b) No life company shall make or permit any distinction
12 or discrimination against individuals with disabilities in the
13 amount of payment of premiums or rates charged for policies of
14 life insurance, in the amount of any dividends or death
15 benefits payable thereon, or in any other terms and conditions
16 of the contract it makes unless the rate differential is based
17 on sound actuarial principles and a reasonable system of
18 classification and is related to actual or reasonably
19 anticipated experience directly associated with the
20 disability.

21 (c) No life company shall refuse to insure, or refuse to
22 continue to insure, or limit the amount or extent or kind of
23 coverage available to an individual, or charge an individual a
24 different rate for the same coverage solely because of
25 blindness or partial blindness. With respect to all other
26 conditions, including the underlying cause of the blindness or

1 partial blindness, persons who are blind or partially blind
2 shall be subject to the same standards of sound actuarial
3 principles or actual or reasonably anticipated experience as
4 are sighted persons. Refusal to insure includes denial by an
5 insurer of disability insurance coverage on the grounds that
6 the policy defines "disability" as being presumed in the event
7 that the insured loses his or her eyesight. However, an
8 insurer may exclude from coverage disabilities consisting
9 solely of blindness or partial blindness when such condition
10 existed at the time the policy was issued.

11 (d) No life company shall refuse to insure or to continue
12 to insure an individual solely because of the individual's
13 status as a member of the United States Air Force, Army, Coast
14 Guard, Marines, or Navy or solely because of the individual's
15 status as a member of the National Guard or Armed Forces
16 Reserve.

17 (e) An insurer or producer authorized to issue policies of
18 insurance in this State may not make a distinction or
19 otherwise discriminate between persons, reject an applicant,
20 cancel a policy, or demand or require a higher rate of premium
21 for reasons based solely upon an applicant's or insured's past
22 lawful travel experiences or future lawful travel plans. This
23 subsection (e) does not prohibit an insurer or producer from
24 excluding or limiting coverage under a policy or refusing to
25 offer the policy based upon past lawful travel or future
26 lawful travel plans or from charging a different rate for that

1 coverage when that action is based upon sound actuarial
2 principles or is related to actual or reasonably expected
3 experience and is not based solely on the destination's
4 inclusion on the United States Department of State's travel
5 warning list.

6 (f) With respect to life insurance final expense policies,
7 no life company authorized to issue these policies in this
8 State shall refuse to insure an individual; refuse to continue
9 to insure an individual ~~individual~~; limit the amount, extent,
10 or kind of coverage available to an individual; or charge an
11 individual a different rate for the same coverage solely on
12 the basis that an insured or applicant has been convicted of a
13 felony. Nothing in this subsection shall be construed to
14 require a life company to issue or otherwise provide coverage
15 for a life insurance policy to a person who is actively
16 incarcerated pursuant to a felony conviction. As used in this
17 subsection, "final expense policy" means a policy marketed and
18 sold exclusively to cover costs associated with funeral and
19 burial expenses.

11 enrollee is stabilized and as part of outpatient
12 observation or an inpatient or outpatient stay with
13 respect to the visit in which the services described in
14 paragraph (1) are furnished. Services after stabilization

25 parties to the agreement.

26 "Participating ground ambulance service provider" means

1 any ground ambulance service provider that has a contractual
2 relationship directly or indirectly with a health insurance
3 issuer offering group or individual health insurance coverage
4 setting forth the terms and conditions on which a relevant
5 health care service is provided to an insured, beneficiary, or
6 enrollee under the coverage. As used in this definition, a
7 single case agreement between a ground ambulance service
8 provider and a health insurance issuer that is used to address
9 unique situations in which an insured, beneficiary, or
10 enrollee requires services that typically occur out-of-network
11 constitutes a contractual relationship and is limited to the
12 parties of the agreement.

13 "Participating health care facility" means any health care
14 facility that has a contractual relationship directly or
15 indirectly with a health insurance issuer offering group or
16 individual health insurance coverage setting forth the terms
17 and conditions on which a relevant health care service is
18 provided to an insured, beneficiary, or enrollee under the
19 coverage. A single case agreement between an emergency
20 facility and an issuer that is used to address unique
21 situations in which an insured, beneficiary, or enrollee
22 requires services that typically occur out-of-network
23 constitutes a contractual relationship for purposes of this
24 definition and is limited to the parties to the agreement.

25 "Participating provider" means any health care provider
26 that has a contractual relationship directly or indirectly

1 with a health insurance issuer offering group or individual
2 health insurance coverage setting forth the terms and
3 conditions on which a relevant health care service is provided
4 to an insured, beneficiary, or enrollee under the coverage.

5 "Qualifying payment amount" has the meaning given to that
6 term in 42 U.S.C. 300gg-111(a)(3)(E) and the regulations
7 promulgated thereunder.

8 "Recognized amount" means, except as otherwise provided in
9 this Section, the lesser of the amount initially billed by the
10 provider or the qualifying payment amount.

11 "Stabilize" means "stabilization" as defined in Section 10
12 of the Managed Care Reform and Patient Rights Act.

13 "Treating provider" means a health care provider who has
14 evaluated the individual.

15 "Treatment" means, with respect to the provision of
16 emergency ground ambulance service, the provision of an
17 evaluation and either (i) a therapy or therapeutic agent used
18 to treat an emergency medical condition or (ii) a procedure
19 used to treat an emergency medical condition.

20 "Urgent ground ambulance service" means ground ambulance
21 service that is deemed medically necessary by a health care
22 professional and is required within 12 hours after the
23 certification of the need for the service.

24 "Visit" means, with respect to health care services
25 furnished to an individual at a health care facility, health
26 care services furnished by a provider at the facility, as well

1 as equipment, devices, telehealth services, imaging services,
2 laboratory services, and preoperative and postoperative
3 services regardless of whether the provider furnishing such
4 services is at the facility.

5 (b) Emergency services. When a beneficiary, insured, or
6 enrollee receives emergency services from a nonparticipating
7 provider or a nonparticipating emergency facility, the health
8 insurance issuer shall ensure that the beneficiary, insured,
9 or enrollee shall incur no greater out-of-pocket costs than
10 the beneficiary, insured, or enrollee would have incurred with
11 a participating provider or a participating emergency
12 facility. Any cost-sharing requirements shall be applied as
13 though the emergency services had been received from a
14 participating provider or a participating facility. Cost
15 sharing shall be calculated based on the recognized amount for
16 the emergency services. If the cost sharing for the same item
17 or service furnished by a participating provider would have
18 been a flat-dollar copayment, that amount shall be the
19 cost-sharing amount unless the provider has billed a lesser
20 total amount. In no event shall the beneficiary, insured,
21 enrollee, or any group policyholder or plan sponsor be liable
22 to or billed by the health insurance issuer, the
23 nonparticipating provider, or the nonparticipating emergency
24 facility for any amount beyond the cost sharing calculated in
25 accordance with this subsection with respect to the emergency
26 services delivered. Administrative requirements or limitations

1 shall be no greater than those applicable to emergency
2 services received from a participating provider or a
3 participating emergency facility.

4 (b-5) Non-emergency services at participating health care
5 facilities.

6 (1) When a beneficiary, insured, or enrollee utilizes
7 a participating health care facility and, due to any
8 reason, covered ancillary services are provided by a
9 nonparticipating provider during or resulting from the
10 visit, the health insurance issuer shall ensure that the
11 beneficiary, insured, or enrollee shall incur no greater
12 out-of-pocket costs than the beneficiary, insured, or
13 enrollee would have incurred with a participating provider
14 for the ancillary services. Any cost-sharing requirements
15 shall be applied as though the ancillary services had been
16 received from a participating provider. Cost sharing shall
17 be calculated based on the recognized amount for the
18 ancillary services. If the cost sharing for the same item
19 or service furnished by a participating provider would
20 have been a flat-dollar copayment, that amount shall be
21 the cost-sharing amount unless the provider has billed a
22 lesser total amount. In no event shall the beneficiary,
23 insured, enrollee, or any group policyholder or plan
24 sponsor be liable to or billed by the health insurance
25 issuer, the nonparticipating provider, or the
26 participating health care facility for any amount beyond

1 the cost sharing calculated in accordance with this
2 subsection with respect to the ancillary services
3 delivered. In addition to ancillary services, the
4 requirements of this paragraph shall also apply with
5 respect to covered items or services furnished as a result
6 of unforeseen, urgent medical needs that arise at the time
7 an item or service is furnished, regardless of whether the
8 nonparticipating provider satisfied the notice and consent
9 criteria under paragraph (2) of this subsection.

10 (2) When a beneficiary, insured, or enrollee utilizes
11 a participating health care facility and receives
12 non-emergency covered health care services other than
13 those described in paragraph (1) of this subsection from a
14 nonparticipating provider during or resulting from the
15 visit, the health insurance issuer shall ensure that the
16 beneficiary, insured, or enrollee incurs no greater
17 out-of-pocket costs than the beneficiary, insured, or
18 enrollee would have incurred with a participating provider
19 unless the nonparticipating provider or the participating
20 health care facility on behalf of the nonparticipating
21 provider satisfies the notice and consent criteria
22 provided in 42 U.S.C. 300gg-132 and regulations
23 promulgated thereunder. If the notice and consent criteria
24 are not satisfied, then:

25 (A) any cost-sharing requirements shall be applied
26 as though the health care services had been received

1 from a participating provider;

2 (B) cost sharing shall be calculated based on the
3 recognized amount for the health care services; and

4 (C) in no event shall the beneficiary, insured,
5 enrollee, or any group policyholder or plan sponsor be
6 liable to or billed by the health insurance issuer,
7 the nonparticipating provider, or the participating
8 health care facility for any amount beyond the cost
9 sharing calculated in accordance with this subsection
10 with respect to the health care services delivered.

11 (b-10) Coverage for ground ambulance services provided by
12 nonparticipating ground ambulance service providers.

13 (1) Any group or individual policy of accident and
14 health insurance amended, delivered, issued, or renewed on
15 or after January 1, 2027 shall provide coverage for both
16 emergency ground ambulance service and urgent ground
17 ambulance service.

18 (2) Beginning on January 1, 2027, when a beneficiary,
19 insured, or enrollee receives emergency ground ambulance
20 services or urgent ambulance services from a
21 nonparticipating ground ambulance service provider, the
22 health insurance issuer shall ensure that the beneficiary,
23 insured, or enrollee shall incur no greater out-of-pocket
24 costs than the beneficiary, insured, or enrollee would
25 have incurred with a participating ground ambulance
26 provider. Any cost-sharing requirements shall be applied

1 as though the emergency ground ambulance services or
2 urgent ground ambulance services had been received from a
3 participating ground ambulance service provider. Except as
4 otherwise provided in State or federal law, cost sharing
5 shall be calculated based on the lesser of the policy's
6 copayment or coinsurance for an emergency room visit or
7 10% of the recognized amount. For purposes of this
8 subsection, the recognized amount shall be calculated as
9 provided for in paragraph (3) of this subsection. Except
10 as otherwise provided for in State or federal law, if the
11 cost sharing for the same item or service furnished by a
12 participating ground ambulance provider would have been a
13 flat-dollar copayment, that amount shall be the
14 cost-sharing amount unless the nonparticipating ground
15 ambulance provider has billed a lesser total amount.

16 (3) Upon reasonable demand by a nonparticipating
17 ground ambulance service provider and after subtracting
18 the beneficiary's, insured's, or enrollee's cost sharing
19 amount, a health insurance issuer shall pay the
20 nonparticipating ground ambulance service provider as
21 follows:

22 (A) for nonparticipating ground ambulance service
23 providers subject to a unit of local government that
24 has jurisdiction over where the service was provided,
25 a rate that is equal to the rate established or
26 approved by the governing body of the local government

1 having jurisdiction for that area or subarea; or

2 (B) for nonparticipating ground ambulance service
3 providers that are not subject to the jurisdiction of
4 a unit of local government, a rate that is equal to the
5 lesser of (i) the negotiated rate between the
6 nonparticipating ground ambulance service provider and
7 the health insurance issuer; (ii) 85% of the
8 nonparticipating ground ambulance service provider's
9 billed charges; or (iii) the average gross charge rate
10 in effect for the date of service in question for a
11 base charge and, if applicable, a loaded mileage
12 charge, the nonparticipating ground ambulance service
13 provider has filed with the Department of Public
14 Health in accordance with subsection (b-15).

15 By accepting the payment from the health insurance
16 issuer, the nonparticipating ground ambulance service
17 provider shall not seek any payment from the
18 beneficiary, insured, or enrollee for any amount that
19 exceeds the deductible, coinsurance, or copay for
20 services provided to the beneficiary, insured, or
21 enrollee.

22 (b-15) Beginning on October 1, 2026, and each October 1
23 thereafter, each nonparticipating ground ambulance service
24 provider shall file annually with the Department of Public
25 Health, in the form and manner prescribed by the Department of
26 Public Health, its average gross charge rates and any other

1 information required by the Department of Public Health, by
2 rule, for each of the following ground ambulance charge
3 descriptions, as applicable: (1) basic life support, urgent
4 base; (2) basic life support, emergency base; (3) advanced
5 life support, urgent, level 1 base; (4) advanced life support,
6 emergency, level 1 base; (5) advanced life support, emergency,
7 level 2 base; (6) specialty care transport base; (7) emergency
8 response, evaluation without transport base; (8) emergency
9 response, treatment without transport base; (9) emergency
10 response, paramedic intercept base; and (10) loaded mileage,
11 per loaded mile charge for each of the applicable base charge
12 descriptions services. The Department of Public Health shall
13 publish the submitted rate information by January 1, 2027 and
14 every January 1 thereafter. The Department of Public Health
15 may request information from ground ambulance service
16 providers and health insurance issuers regarding factors
17 contributing to the network status of the ground ambulance
18 service providers. The Department of Public Health may, upon
19 the submission of rate information, assess a fee to each
20 ground ambulance service provider that shall not exceed the
21 administrative costs to complete the Department of Public
22 Health's obligations in this subsection. The Department of
23 Public Health may also request information from nationally
24 recognized organizations that provide data on health care
25 costs. The Department of Insurance shall direct the health
26 insurance issuer to the location in which the information

1 reported to the Department of Public Health is stored.

2 (c) Notwithstanding any other provision of this Code,
3 except when the notice and consent criteria are satisfied for
4 the situation in paragraph (2) of subsection (b-5), any
5 benefits a beneficiary, insured, or enrollee receives for
6 services under the situations in subsection (b), (b-5),
7 (b-10), or (b-15) are assigned to the nonparticipating
8 providers, nonparticipating ground ambulance service provider,
9 or the facility acting on their behalf. Upon receipt of the
10 provider's bill or facility's bill, the health insurance
11 issuer shall provide the nonparticipating provider,
12 nonparticipating ground ambulance service provider, or the
13 facility with a written explanation of benefits that specifies
14 the proposed reimbursement and the applicable deductible,
15 copayment, or coinsurance amounts owed by the insured,
16 beneficiary, or enrollee. The health insurance issuer shall
17 pay any reimbursement subject to this Section directly to the
18 nonparticipating provider, nonparticipating ground ambulance
19 service provider, or the facility.

20 (d) For bills assigned under subsection (c), the
21 nonparticipating provider or the facility may bill the health
22 insurance issuer for the services rendered, and the health
23 insurance issuer may pay the billed amount or attempt to
24 negotiate reimbursement with the nonparticipating provider or
25 the facility. Within 30 calendar days after the provider or
26 facility transmits the bill to the health insurance issuer,

1 the issuer shall send an initial payment or notice of denial of
2 payment with the written explanation of benefits to the
3 provider or facility. If attempts to negotiate reimbursement
4 for services provided by a nonparticipating provider do not
5 result in a resolution of the payment dispute within 30 days
6 after receipt of written explanation of benefits by the health
7 insurance issuer, then the health insurance issuer or
8 nonparticipating provider or the facility may initiate binding
9 arbitration to determine payment for services provided on a
10 per-bill or batched-bill basis, in accordance with Section
11 300gg-111 of the Public Health Service Act and the regulations
12 promulgated thereunder. The party requesting arbitration shall
13 notify the other party arbitration has been initiated and
14 state its final offer before arbitration. In response to this
15 notice, the nonrequesting party shall inform the requesting
16 party of its final offer before the arbitration occurs.
17 Arbitration shall be initiated by filing a request with the
18 Department of Insurance.

19 (e) The Department of Insurance shall publish a list of
20 approved arbitrators or entities that shall provide binding
21 arbitration. These arbitrators shall be American Arbitration
22 Association or American Health Lawyers Association trained
23 arbitrators. Both parties must agree on an arbitrator from the
24 Department of Insurance's or its approved entity's list of
25 arbitrators. If no agreement can be reached, then a list of 5
26 arbitrators shall be provided by the Department of Insurance

1 or the approved entity. From the list of 5 arbitrators, the
2 health insurance issuer can veto 2 arbitrators and the
3 provider or facility can veto 2 arbitrators. The remaining
4 arbitrator shall be the chosen arbitrator. This arbitration
5 shall consist of a review of the written submissions by both
6 parties. The arbitrator shall not establish a rebuttable
7 presumption that the qualifying payment amount should be the
8 total amount owed to the provider or facility by the
9 combination of the issuer and the insured, beneficiary, or
10 enrollee. Binding arbitration shall provide for a written
11 decision within 45 days after the request is filed with the
12 Department of Insurance. Both parties shall be bound by the
13 arbitrator's decision. The arbitrator's expenses and fees,
14 together with other expenses, not including attorney's fees,
15 incurred in the conduct of the arbitration, shall be paid as
16 provided in the decision.

17 (f) (Blank).

18 (g) Section 368a of this Code Act shall not apply during
19 the pendency of a decision under subsection (d). Upon the
20 issuance of the arbitrator's decision, Section 368a applies
21 with respect to the amount, if any, by which the arbitrator's
22 determination exceeds the issuer's initial payment under
23 subsection (c), or the entire amount of the arbitrator's
24 determination if initial payment was denied. Any interest
25 required to be paid to a provider under Section 368a shall not
26 accrue until after 30 days of an arbitrator's decision as

1 provided in subsection (d), but in no circumstances longer
2 than 150 days from the date the nonparticipating
3 facility-based provider billed for services rendered.

4 (h) Nothing in this Section shall be interpreted to change
5 the prudent layperson provisions with respect to emergency
6 services under the Managed Care Reform and Patient Rights Act.

7 (i) Nothing in this Section shall preclude a health care
8 provider from billing a beneficiary, insured, or enrollee for
9 reasonable administrative fees, such as service fees for
10 checks returned for nonsufficient funds and missed
11 appointments.

12 (j) Nothing in this Section shall preclude a beneficiary,
13 insured, or enrollee from assigning benefits to a
14 nonparticipating provider when the notice and consent criteria
15 are satisfied under paragraph (2) of subsection (b-5) or in
16 any other situation not described in subsection (b) or (b-5).

17 (k) Except when the notice and consent criteria are
18 satisfied under paragraph (2) of subsection (b-5), if an
19 individual receives health care services under the situations
20 described in subsection (b) or (b-5), no referral requirement
21 or any other provision contained in the policy or certificate
22 of coverage shall deny coverage, reduce benefits, or otherwise
23 defeat the requirements of this Section for services that
24 would have been covered with a participating provider.
25 However, this subsection shall not be construed to preclude a
26 provider contract with a health insurance issuer, or with an

1 administrator or similar entity acting on the issuer's behalf,
2 from imposing requirements on the participating provider,
3 participating emergency facility, or participating health care
4 facility relating to the referral of covered individuals to
5 nonparticipating providers.

6 (l) Except if the notice and consent criteria are
7 satisfied under paragraph (2) of subsection (b-5),
8 cost-sharing amounts calculated in conformity with this
9 Section shall count toward any deductible or out-of-pocket
10 maximum applicable to in-network coverage.

11 (m) The Department has the authority to enforce the
12 requirements of this Section in the situations described in
13 subsections (b) and (b-5), and in any other situation for
14 which 42 U.S.C. Chapter 6A, Subchapter XXV, Parts D or E and
15 regulations promulgated thereunder would prohibit an
16 individual from being billed or liable for emergency services
17 furnished by a nonparticipating provider or nonparticipating
18 emergency facility or for non-emergency health care services
19 furnished by a nonparticipating provider at a participating
20 health care facility.

21 (n) This Section does not apply with respect to air
22 ambulance services. This Section does not apply to any policy
23 of excepted benefits or to short-term, limited-duration health
24 insurance coverage.

25 (o) A home rule unit may not regulate payments for ground
26 ambulance service in a manner inconsistent with this Section.

1 This subsection is a limitation under subsection (i) of
2 Section 6 of Article VII of the Illinois Constitution on the
3 concurrent exercise by home rule units of powers and functions
4 exercised by the State.

5 (p) ~~(e)~~ Notwithstanding any other provision of law to the
6 contrary, if a beneficiary, insured, or enrollee receives
7 neonatal intensive care from a nonparticipating provider or
8 nonparticipating facility, a health insurance issuer shall
9 ensure that the beneficiary, insured, or enrollee shall incur
10 no greater out-of-pocket costs than he or she would have
11 incurred with a participating provider or a participating
12 facility, as long as the nonparticipating provider or
13 nonparticipating facility bills the neonatal intensive care as
14 emergency services.

19 (a) A group or individual policy of accident and health
20 insurance issued, amended, delivered, or renewed on or after
21 January 1, 2026 that provides dependent coverage shall make
22 that dependent coverage available to the parent or stepparent
23 of the insured if the parent or stepparent meets the
24 definition of a qualifying relative under 26 U.S.C. 152(d) and
25 lives or resides within the accident and health insurance

1 policy's service area.

2 (b) This Section does not apply to specialized health care
3 service plans, including student health insurance coverage;
4 Medicare supplement insurance; hospital-only policies;
5 accident-only policies; or specified disease insurance
6 policies that reimburse for hospital, medical, or surgical
7 expenses.

16 issued, or renewed on or after January 1, 2027 shall provide
17 coverage for all medically necessary diagnostic testing and
18 U.S. Food and Drug Administration-approved treatments or
19 medications prescribed to slow the progression of Alzheimer's
20 disease or another related dementia, in accordance with the
21 U.S. Food and Drug Administration label, as determined by a
22 physician licensed to practice medicine in all its branches.
23 Coverage of U.S. Food and Drug Administration-approved
24 treatments or medications prescribed to slow the progression
25 of Alzheimer's disease or another related dementia pursuant to

1 this Section shall not be subject to step therapy.

2 (b) Nothing in this Section prohibits a group or
3 individual policy of accident and health insurance or managed
4 care plan, by contract, written policy, procedure, or any
5 other agreement or course of conduct, from requiring a
6 pharmacist to effect substitutions of prescription drugs
7 consistent with Section 19.5 of the Pharmacy Practice Act,
8 under which a pharmacist may substitute an interchangeable
9 biologic for a prescribed biologic product, and Section 25 of
10 the Pharmacy Practice Act, under which a pharmacist may select
11 a generic drug determined to be therapeutically equivalent by
12 the United States Food and Drug Administration and in
13 accordance with the Illinois Food, Drug and Cosmetic Act.

14 (c) The coverage required under this Section shall not
15 apply to managed care plans that are under contract with the

15 Sec. 356z.84 ~~356z.80~~. Coverage for complex wheelchair
16 service and repair.

17 (a) As used in this Section:

18 "Complex rehabilitation technology" means a medically
19 necessary complex wheelchair and associated accessories that
20 is individually configured for an individual to meet specific
21 and unique medical, physical, and functional needs and
22 capacities for basic activities of daily living and
23 instrumental activities of daily living.

24 "Complex wheelchair" has the meaning given in the Complex

1 Rehabilitation Technology Act.

2 "Qualified complex rehabilitation technology supplier"
3 means a person who meets the requirements of Section 10 of the
4 Complex Rehabilitation Technology Act.

5 "Repair" means the repair or replacement of a deficient,
6 broken, or otherwise malfunctioning part, component, hardware,
7 or software, when the deficient, broken, or otherwise
8 malfunctioning state of such part, component, hardware, or
9 software results in the incapacity of or otherwise diminished
10 capacity for use of a complex rehabilitation technology.

11 (b) A group or individual policy of accident and health
12 insurance or a managed care plan that is amended, delivered,
13 issued, or renewed on or after January 1, 2027 and that
14 provides coverage for complex rehabilitation technology shall
15 not require prior authorization, medical documentation, or
16 proof of continued need to complete medically necessary
17 repairs for consumer-owned complex rehabilitation technology
18 unless:

19 (1) the repairs are covered under a manufacturer's
20 warranty;

21 (2) the cumulative cost of the repairs exceeds 75% of
22 the cost to replace the complex rehabilitation technology;
23 or

24 (3) the complex rehabilitation technology in need of
25 repair is subject to replacement because the age of the
26 complex rehabilitation technology exceeds or is within one

1 year of the expiration of the 5-year reasonable useful
2 life of the complex rehabilitation technology.

3 (c) Notwithstanding subsection (b), a Medicaid managed
4 care plan amended, delivered, issued, or renewed on or after

8 need to complete medically necessary repairs for
9 consumer-owned complex rehabilitation technology under the
10 total value of \$1,500. Acceptance or denial of repairs of
11 \$1,500 or more must be made within 7 days of request of
12 preauthorization.

13 Documentation of any repairs completed for consumer-owned

2 "Participating provider" means any mental health or

6 (b) Consistent with the principles of the federal Mental

11 subject to this Section shall comply with the reimbursement
12 rate floors for all in-network mental health and substance use
13 disorder services, including inpatient services, outpatient
14 services, office visits, and residential care, delivered by
15 Illinois providers and facilities using the Illinois data in
16 the Research Triangle Institute International's study,
17 Behavioral Health Parity - Pervasive Disparities in Access to
18 In-Network Care Continue, Mark, T.L., & Parish, W. (April
19 2024). The reimbursement rate floors for in-network mental
20 health and substance use disorder services requires that
21 reimbursement for each service, classified by Healthcare
22 Common Procedure Coding System (HCPCS) codes, Current
23 Procedural Terminology (CPT) codes, Ambulatory Payment
24 Classifications (APC), Enhanced Ambulatory Patient Groups
25 (EAPG), Medicare Severity Diagnosis Related Groups (MS-DRG),
26 All Patient Refined Diagnosis Related Groups (APR-DRG), and

1 base payment rates with adjusters and applicable outliers must
2 be equal to or greater than the dollar amounts applicable
3 under this subsection on the date of service for the
4 geographic location. The reimbursement rate floor for each
5 Healthcare Common Procedure Coding System (HCPCS) code,
6 Current Procedural Terminology (CPT) code, Ambulatory Payment
7 Classification (APC), Enhanced Ambulatory Patient Group
8 (EAPG), Medicare Severity Diagnosis Related Group (MS-DRG),
9 All Patient Refined Diagnosis Related Group (APR-DRG), and
10 base payment rate with adjusters and applicable outliers shall
11 apply to all group or individual policies of accident and
12 health insurance or managed care plans that are amended,
13 delivered, issued, or renewed on or after January 1, 2027, or
14 any contracted third party administering the behavioral health
15 benefits for the insurer.

16 (1) Except as otherwise provided in this subsection,
17 the reimbursement rate floor for each Healthcare Common
18 Procedure Coding System (HCPCS) code, Current Procedural
19 Terminology (CPT) code, Ambulatory Payment Classification
20 (APC), Enhanced Ambulatory Patient Group (EAPG), Medicare
21 Severity Diagnosis Related Group (MS-DRG), All Patient
22 Refined Diagnosis Related Group (APR-DRG), and base
23 payment rate with adjusters and applicable outliers for a
24 mental health or substance use disorder service shall be
25 equal to the following dollar amount:

26 (A) (i) the average reimbursement percentage for

1 Illinois All Medical/Surgical Clinicians, as listed on
2 the first line of Appendix C-13, page C-52 of the
3 Research Triangle Institute International study, plus;

4 (ii) half of the difference between the average
5 reimbursement percentage and the percentage at the
6 75th percentile for Illinois All Medical/Surgical
7 Clinicians, as listed in the first line in Appendix
8 C-13, page C-52, multiplied by;

9 (B) the same source of the benchmark rate that was
10 used to calculate the percentages in items (i) and
11 (ii) of subparagraph (A), using the updated benchmark
12 rate for medical/surgical clinicians for the same
13 Healthcare Common Procedure Coding System (HCPCS) or
14 Current Procedural Terminology (CPT) code in effect on
15 the date of service for the geographic location,
16 except that:

17 (i) the source of the benchmark rate for a
18 hospital inpatient service shall follow the
19 formula set out by the same federal health care
20 program for the acute inpatient operating
21 prospective payment system in effect on the date
22 of service for the geographic location using all
23 applicable adjusters and outliers; and

24 (ii) the source of the benchmark rate for a
25 hospital outpatient service shall follow the
26 formula set out by the same federal health care

1 program for the hospital outpatient services
2 prospective payment system in effect on the date
3 of service for the geographic location using all
4 applicable adjusters and outliers.

5 Calculation of the benchmark rate shall adhere to the
6 methodologies used in the Research Triangle Institute
7 ~~Institution~~ International study using comparable benefits
8 within the same classification.

9 (2) If the rate benchmark set by this subsection is
10 tied to a federal health care program, a rate floor dollar
11 amount shall take effect on the date the federal health
12 care program's benchmark rate takes effect. However, for
13 any year that the benchmark rate decreases for any
14 Healthcare Common Procedure Coding System (HCPCS) code,
15 Current Procedural Terminology (CPT) code, Ambulatory
16 Payment Classification (APC), Enhanced Ambulatory Patient
17 Group (EAPG), Medicare Severity Diagnosis Related Group
18 (MS-DRG), All Patient Refined Diagnosis Related Group
19 (APR-DRG), and base payment rate with adjusters and
20 applicable outliers, the reimbursement rate floor for the
21 purposes of this Section shall remain at the level it was
22 the previous year. Notwithstanding any other provision of
23 this Section, all rate floor dollar amounts in effect on
24 January 1, 2027 shall be equal to the amount described in
25 paragraph (1). The Department has the authority to enforce
26 and monitor the reimbursement rate floor set pursuant to

1 this Section.

2 (c) A group or individual policy of accident and health
3 insurance or managed care plan that is amended, delivered,
4 issued, or renewed on or after January 1, 2027, or any
5 contracted third party administering the behavioral health
6 benefits for the insurer, shall cover all medically necessary
7 mental health or substance use disorder services received by
8 the same insured on the same day from the same or different
9 mental health or substance use provider or facility for both
10 outpatient and inpatient care.

11 (d) A group or individual policy of accident and health
12 insurance or managed care plan that is amended, delivered,
13 issued, or renewed on or after January 1, 2027, or any
14 contracted third party administering the behavioral health
15 benefits for the insurer, shall cover any medically necessary
16 mental health or substance use disorder service provided by a
17 behavioral health trainee when the trainee is working toward
18 clinical State licensure and is under the supervision of a
19 fully licensed mental health or substance use disorder
20 treatment provider who is a physician licensed to practice
21 medicine in all its branches, licensed clinical psychologist,
22 licensed clinical social worker, licensed clinical
23 professional counselor, licensed marriage and family
24 therapist, licensed speech-language pathologist, or other
25 licensed or certified professional at a program licensed
26 pursuant to the Substance Use Disorder Act who is engaged in

1 treating mental, emotional, nervous, or substance use
2 disorders or conditions. Services provided by the trainee must
3 be billed under the supervising clinician's rendering National
4 Provider Identifier.

5 (e) A group or individual policy of accident and health
6 insurance or managed care plan that is amended, delivered,
7 issued, or renewed on or after January 1, 2027, or any
8 contracted third party administering the behavioral health
9 benefits for the insurer, shall:

10 (1) cover medically necessary 60-minute psychotherapy

16 (3) not audit the use of Current Procedural
17 Terminology Code 90837 any more frequently than audits for
18 the use of other psychotherapy Current Procedural
19 Terminology (CPT) codes.

20 (f)(1) Any group or individual policy of accident and
21 health insurance or managed care plan that is amended,
22 delivered, issued, or renewed on or after January 1, 2027, or
23 any contracted third party administering the behavioral health
24 benefits for the insurer, shall complete the contracting
25 process with a mental health or substance use disorder
26 treatment provider or facility for becoming a participating

1 provider in the insurer's network, including the verification
2 of the provider's credentials, within 60 days from the date of
3 a completed application to the insurer to become a
4 participating provider. Nothing in this paragraph (1),
5 however, presumes or establishes a contract between an insurer
6 and a provider.

7 (2) Any group or individual policy of accident and health
8 insurance or managed care plan that is amended, delivered,
9 issued, or renewed on or after January 1, 2027, or any
10 contracted third party administering the behavioral health
11 benefits for the insurer, shall reimburse a participating

17 insurer up to the effective date of the provider's contract.
18 The provider's claims for such services shall be reimbursed
19 only when submitted after the effective date of the provider's
20 contract with the insurer. This paragraph (2) does not apply
21 to a provider that does not have a completed contract with an
22 insurer. If a provider opts to submit claims for medically
23 necessary mental health or substance use disorder services
24 pursuant to this paragraph (2), the provider must notify the
25 insured following submission of the claims to the insurer that
26 the services provided to the insured may be treated as

1 in-network services.

2 (3) Any group or individual policy of accident and health
3 insurance or managed care plan that is amended, delivered,
4 issued, or renewed on or after January 1, 2027, or any

6 benefits for the insurer, shall cover any medically necessary
7 mental health or substance use disorder service provided by a
8 fully licensed mental health or substance use disorder
9 treatment provider affiliated with a mental health or
10 substance use disorder treatment group practice who has

12 provider with an insurer who is delivering services under the
13 supervision of another fully licensed participating mental
14 health or substance use disorder treatment provider within the
15 same group practice up to the effective date of the applying
16 provider's contract with the insurer as a participating
17 provider. Services provided by the applying provider must be

19 National Provider Identifier.

20 (4) Upon request, an insurer, or any contracted third
21 party administering the behavioral health benefits for the

5 submitted in the credentialing process; and

6 (C) designated contact information of a network
7 representative, including a designated point of contact,
8 an email address, and a telephone number, to which an
9 applicant may address any credentialing inquiries.

10 (g) The Department has the same authority to enforce this
11 Section as it has to enforce compliance with Sections 370c and
12 370c.1. Additionally, if the Department determines that an
13 insurer or any contracted third party administering the
14 behavioral health benefits for the insurer has violated this
15 Section, the Department shall, after appropriate notice and
16 opportunity for hearing in accordance with Section 402, by
17 order assess a civil penalty of \$1,000 for each violation. The
18 Department shall establish any processes or procedures
19 necessary to monitor compliance with this Section.

20 (h) At the end of 2 years, 7 years, and 12 years following
21 the implementation of subsection (b) of this Section, the
22 Department shall review the impact of this Section on network
23 adequacy for mental health and substance use disorder
24 treatment and access to affordable mental health and substance
25 use care. By no later than December 31, 2030, December 31,
26 2035, and December 31, 2040, the Department shall submit a

1 report in each of those years to the General Assembly that
2 includes its analyses and findings. For the purpose of
3 evaluating trends in network adequacy, the Department is
4 granted the authority to examine out-of-network utilization
5 and out-of-pocket costs for insureds for mental health and
6 substance use disorder treatment and services for all plans to
7 compare with in-network utilization for purposes of evaluating
8 access to care. The Department shall conduct an analysis of
9 the impact, if any, of the reimbursement rate floor for mental
10 health and substance use disorder services on health insurance
11 premiums across the State-regulated health insurance markets,
12 taking into consideration the need to expand network adequacy
13 to improve access to care.

14 (i) The Department of Insurance shall adopt any rules
15 necessary to implement this Section by no later than September
16 1, 2026.

17 (j) This Section does not apply to a health care plan
18 serving Medicaid populations that provides, arranges for, pays
19 for, or reimburses the cost of any health care service for
20 persons who are enrolled under the Illinois Public Aid Code or
21 under the Children's Health Insurance Program Act.

22 Section 535. The Network Adequacy and Transparency Act is
23 amended by changing Section 10 as follows:

24 (215 ILCS 124/10)

1 Sec. 10. Network adequacy.

2 (a) Before issuing, delivering, or renewing a network
3 plan, an issuer providing a network plan shall file a
4 description of all of the following with the Director:

5 (1) The written policies and procedures for adding
6 providers to meet patient needs based on increases in the

8 patient-to-provider ratio, changes in medical and health
9 care capabilities, and increased demand for services.

10 (2) The written policies and procedures for making
11 referrals within and outside the network.

12 (3) The written policies and procedures on how the
13 network plan will provide 24-hour, 7-day per week access
14 to network-affiliated primary care, emergency services,
15 and obstetrical and gynecological health care
16 professionals.

17 An issuer shall not prohibit a preferred provider from
18 discussing any specific or all treatment options with
19 beneficiaries irrespective of the issuer's position on those
20 treatment options or from advocating on behalf of
21 beneficiaries within the utilization review, grievance, or
22 appeals processes established by the issuer in accordance with
23 any rights or remedies available under applicable State or
24 federal law.

25 (b) Before issuing, delivering, or renewing a network
26 plan, an issuer must file for review a description of the

1 services to be offered through a network plan. The description
2 shall include all of the following:

4 by the plan by county service area and zip code, including
5 marked locations for preferred providers.

7 addresses, phone numbers, and specialties of the providers
8 who have entered into preferred provider agreements under
9 the network plan.

10 (3) The number of beneficiaries anticipated to be
11 covered by the network plan.

12 (4) An Internet website and toll-free telephone number

15 plan, additional information about the plan, as well as
16 any other information required by Department rule.

17 (5) A description of how health care services to be
18 rendered under the network plan are reasonably accessible
19 and available to beneficiaries. The description shall
20 address all of the following:

21 (A) the type of health care services to be
22 provided by the network plan;

23 (B) the ratio of physicians and other providers to
24 beneficiaries, by specialty and including primary care
25 physicians and facility-based physicians when

9 (6) A provision ensuring that whenever a beneficiary
10 has made a good faith effort, as evidenced by accessing
11 the provider directory, calling the network plan, and
12 calling the provider, to utilize preferred providers for a
13 covered service and it is determined the issuer does not
14 have the appropriate preferred providers due to
15 insufficient number, type, unreasonable travel distance or
16 delay, or preferred providers refusing to provide a
17 covered service because it is contrary to the conscience
18 of the preferred providers, as protected by the Health

20 beneficiary a network exception and shall ensure, directly
21 or indirectly, by terms contained in the payer contract,

4 maintenance organization must notify the beneficiary when
5 a referral has been granted as a network exception based
6 on any preferred provider access deficiency described in
7 this paragraph or under the circumstances applicable in
8 paragraph (3) of subsection (d-5). In these circumstances,
9 the contractual requirements for non-preferred provider
10 reimbursements shall apply unless Section 356z.3a of the
11 Illinois Insurance Code requires otherwise. In no event
12 shall a beneficiary who receives care at a participating

19 emergency care coverage such that payment for this
20 coverage is not dependent upon whether the emergency
21 services are performed by a preferred or non-preferred
22 provider and the coverage shall be at the same benefit
23 level as if the service or treatment had been rendered by a
24 preferred provider. For purposes of this paragraph (7),
25 "the same benefit level" means that the beneficiary is
26 provided the covered service at no greater cost to the

1 beneficiary than if the service had been provided by a
2 preferred provider. This provision shall be consistent
3 with Section 356z.3a of the Illinois Insurance Code.

4 (8) A limitation that complies with subsections (d)
5 and (e) of Section 55 of the Prior Authorization Reform
6 Act.

7 (9) For a network plan to be offered through the
8 Exchange in the individual or small group market, as well
9 as any off-Exchange mirror of such a network plan,
10 evidence that the network plan includes essential
11 community providers in accordance with rules established
12 by the Exchange that will operate in this State for the
13 applicable plan year.

14 (c) The issuer shall demonstrate to the Director a minimum
15 ratio of providers to plan beneficiaries as required by the
16 Department for each network plan.

17 (1) The minimum ratio of physicians or other providers
18 to plan beneficiaries shall be established by the
19 Department in consultation with the Department of Public
20 Health based upon the guidance from the federal Centers
21 for Medicare and Medicaid Services. The Department shall
22 not establish ratios for vision or dental providers who
23 provide services under dental-specific or vision-specific
24 benefits, except to the extent provided under federal law
25 for stand-alone dental plans. The Department shall
26 consider establishing ratios for the following physicians

1 or other providers:

2 (A) Primary Care;

4 (CC) HIV; and
5 (DD) Genetic Medicine and Genetic Counseling.

6 (1.5) Beginning January 1, 2026, every issuer shall
7 demonstrate to the Director that each in-network hospital
8 has at least one radiologist, pathologist,
9 anesthesiologist, and emergency room physician as a
10 preferred provider in a network plan. The Department may,
11 by rule, require additional types of hospital-based
12 medical specialists to be included as preferred providers
13 in each in-network hospital in a network plan.

14 (2) The Director shall establish a process for the
15 review of the adequacy of these standards, along with an
16 assessment of additional specialties to be included in the
17 list under this subsection (c).

18 (3) Notwithstanding any other law or rule, the minimum
19 ratio for each provider type shall be no less than any such
20 ratio established for qualified health plans in
21 Federally-Facilitated Exchanges by federal law or by the
22 federal Centers for Medicare and Medicaid Services, even
23 if the network plan is issued in the large group market or
24 is otherwise not issued through an exchange. Federal
25 standards for stand-alone dental plans shall only apply to
26 such network plans. In the absence of an applicable

1 Department rule, the federal standards shall apply for the
2 time period specified in the federal law, regulation, or
3 guidance. If the Centers for Medicare and Medicaid
4 Services establish standards that are more stringent than
5 the standards in effect under any Department rule, the
6 Department may amend its rules to conform to the more
7 stringent federal standards.

8 (4) If the federal Centers for Medicare and Medicaid
9 Services establishes minimum provider ratios for
10 stand-alone dental plans in the type of exchange in use in
11 this State for a given plan year, the Department shall
12 enforce those standards for stand-alone dental plans for
13 that plan year.

14 (d) The network plan shall demonstrate to the Director
15 maximum travel and distance standards and appointment
16 wait-time standards for plan beneficiaries, which shall be
17 established by the Department in consultation with the
18 Department of Public Health based upon the guidance from the
19 federal Centers for Medicare and Medicaid Services. These
20 standards shall consist of the maximum minutes or miles to be
21 traveled by a plan beneficiary for each county type, such as
22 large counties, metro counties, or rural counties as defined
23 by Department rule.

24 The maximum travel time and distance standards must
25 include standards for each physician and other provider
26 category listed for which ratios have been established.

1 The Director shall establish a process for the review of
2 the adequacy of these standards along with an assessment of
3 additional specialties to be included in the list under this
4 subsection (d).

5 Notwithstanding any other law or Department rule, the
6 maximum travel time and distance standards and appointment
7 wait-time standards shall be no greater than any such
8 standards established for qualified health plans in
9 Federally-Facilitated Exchanges by federal law or by the
10 federal Centers for Medicare and Medicaid Services, even if
11 the network plan is issued in the large group market or is
12 otherwise not issued through an exchange. Federal standards
13 for stand-alone dental plans shall only apply to such network
14 plans. In the absence of an applicable Department rule, the
15 federal standards shall apply for the time period specified in
16 the federal law, regulation, or guidance. If the Centers for
17 Medicare and Medicaid Services establish standards that are
18 more stringent than the standards in effect under any
19 Department rule, the Department may amend its rules to conform
20 to the more stringent federal standards.

21 If the federal area designations for the maximum time or
22 distance or appointment wait-time standards required are
23 changed by the most recent Letter to Issuers in the
24 Federally-facilitated Marketplaces, the Department shall post
25 on its website notice of such changes and may amend its rules
26 to conform to those designations if the Director deems

1 appropriate.

2 If the federal Centers for Medicare and Medicaid Services
3 establishes appointment wait-time standards for qualified
4 health plans, including stand-alone dental plans, in the type
5 of exchange in use in this State for a given plan year, the
6 Department shall enforce those standards for the same types of
7 qualified health plans for that plan year. If the federal
8 Centers for Medicare and Medicaid Services establishes time
9 and distance standards for stand-alone dental plans in the
10 type of exchange in use in this State for a given plan year,
11 the Department shall enforce those standards for stand-alone
12 dental plans for that plan year.

13 (d-5) (1) Every issuer shall ensure that beneficiaries have
14 timely and proximate access to treatment for mental,
15 emotional, nervous, or substance use disorders or conditions
16 in accordance with the provisions of paragraph (4) of
17 subsection (a) of Section 370c of the Illinois Insurance Code.
18 Issuers shall use a comparable process, strategy, evidentiary
19 standard, and other factors in the development and application
20 of the network adequacy standards for timely and proximate
21 access to treatment for mental, emotional, nervous, or
22 substance use disorders or conditions and those for the access
23 to treatment for medical and surgical conditions. As such, the
24 network adequacy standards for timely and proximate access
25 shall equally be applied to treatment facilities and providers
26 for mental, emotional, nervous, or substance use disorders or

1 conditions and specialists providing medical or surgical
2 benefits pursuant to the parity requirements of Section 370c.1
3 of the Illinois Insurance Code and the federal Paul Wellstone
4 and Pete Domenici Mental Health Parity and Addiction Equity
5 Act of 2008. Notwithstanding the foregoing, the network
6 adequacy standards for timely and proximate access to
7 treatment for mental, emotional, nervous, or substance use
8 disorders or conditions shall, at a minimum, satisfy the
9 following requirements:

10 (A) For beneficiaries residing in the metropolitan
11 counties of Cook, DuPage, Kane, Lake, McHenry, and Will,
12 network adequacy standards for timely and proximate access
13 to treatment for mental, emotional, nervous, or substance
14 use disorders or conditions means a beneficiary shall not
15 have to travel longer than 30 minutes or 30 miles from the
16 beneficiary's residence to receive outpatient treatment
17 for mental, emotional, nervous, or substance use disorders
18 or conditions. Beneficiaries shall not be required to wait
19 longer than 10 business days between requesting an initial
20 appointment and being seen by the facility or provider of
21 mental, emotional, nervous, or substance use disorders or
22 conditions for outpatient treatment or to wait longer than
23 20 business days between requesting a repeat or follow-up
24 appointment and being seen by the facility or provider of
25 mental, emotional, nervous, or substance use disorders or
26 conditions for outpatient treatment; however, subject to

1 the protections of paragraph (3) of this subsection, a
2 network plan shall not be held responsible if the
3 beneficiary or provider voluntarily chooses to schedule an
4 appointment outside of these required time frames.

5 (B) For beneficiaries residing in Illinois counties
6 other than those counties listed in subparagraph (A) of
7 this paragraph, network adequacy standards for timely and
8 proximate access to treatment for mental, emotional,
9 nervous, or substance use disorders or conditions means a
10 beneficiary shall not have to travel longer than 60
11 minutes or 60 miles from the beneficiary's residence to
12 receive outpatient treatment for mental, emotional,
13 nervous, or substance use disorders or conditions.
14 Beneficiaries shall not be required to wait longer than 10
15 business days between requesting an initial appointment
16 and being seen by the facility or provider of mental,
17 emotional, nervous, or substance use disorders or
18 conditions for outpatient treatment or to wait longer than
19 20 business days between requesting a repeat or follow-up
20 appointment and being seen by the facility or provider of
21 mental, emotional, nervous, or substance use disorders or
22 conditions for outpatient treatment; however, subject to
23 the protections of paragraph (3) of this subsection, a
24 network plan shall not be held responsible if the
25 beneficiary or provider voluntarily chooses to schedule an
26 appointment outside of these required time frames.

1 (2) For beneficiaries residing in all Illinois counties,
2 network adequacy standards for timely and proximate access to
3 treatment for mental, emotional, nervous, or substance use
4 disorders or conditions means a beneficiary shall not have to
5 travel longer than 60 minutes or 60 miles from the
6 beneficiary's residence to receive inpatient or residential
7 treatment for mental, emotional, nervous, or substance use
8 disorders or conditions.

9 (3) If there is no in-network facility or provider
10 available for a beneficiary to receive timely and proximate
11 access to treatment for mental, emotional, nervous, or
12 substance use disorders or conditions in accordance with the
13 network adequacy standards outlined in this subsection, the
14 issuer shall provide necessary exceptions to its network to
15 ensure admission and treatment with a provider or at a
16 treatment facility in accordance with the network adequacy
17 standards in this subsection at the in-network benefit level.

18 (A) For plan or policy years beginning on or after
19 January 1, 2026, the issuer also shall provide reasonable
20 reimbursement to a beneficiary who has received an
21 exception as outlined in this paragraph (3) for costs
22 including food, lodging, and travel.

23 (i) Reimbursement for food and lodging shall be at
24 the prevailing federal per diem rates then in effect,
25 as set by the United States General Services
26 Administration. Reimbursement for travel by vehicle

1 shall be reimbursed at the current Internal Revenue
2 Service mileage standard for miles driven for
3 transportation or travel expenses.

4 (ii) At the time an issuer grants an exception
5 under this paragraph (3), the issuer shall give
6 written notification to the beneficiary of potential
7 eligibility for reimbursement under this subparagraph
8 (A) and instructions on how to file a claim for such
9 reimbursement, including a link to the claim form on
10 the issuer's public website and a phone number for a
11 beneficiary to request that the issuer send a hard
12 copy of the claim form by postal mail. The Department
13 shall create the template for the reimbursement
14 notification form, which issuers shall fill in and
15 post on their public website.

16 (iii) An issuer may require a beneficiary to
17 submit a claim for food, travel, or lodging
18 reimbursement within 60 days of the last date of the
19 health care service for which travel was undertaken,
20 and the beneficiary may appeal any denial of
21 reimbursement claims.

22 (iv) An issuer may deny reimbursement for food,
23 lodging, and travel if the provider's site of care is
24 neither within this State nor within 100 miles of the
25 beneficiary's residence unless, after a good faith
26 effort, no provider can be found who is available

1 within those parameters to provide the medically
2 necessary health care service within 10 business days
3 of a request for appointment.

4 (B) Notwithstanding any other provision of this
5 Section to the contrary, subparagraph (A) of this
6 paragraph (3) does not apply to policies issued or
7 delivered in this State that provide medical assistance
8 under the Illinois Public Aid Code or the Children's
9 Health Insurance Program Act.

10 (4) If the federal Centers for Medicare and Medicaid
11 Services establishes or law requires more stringent standards
12 for qualified health plans in the Federally-Facilitated
13 Exchanges, the federal standards shall control for all network
14 plans for the time period specified in the federal law,
15 regulation, or guidance, even if the network plan is issued in
16 the large group market, is issued through a different type of
17 Exchange, or is otherwise not issued through an Exchange.

18 (5) If the federal Centers for Medicare and Medicaid
19 Services establishes a more stringent standard in any county
20 than specified in paragraph (1) or (2) of this subsection
21 (d-5) for qualified health plans in the type of exchange in use
22 in this State for a given plan year, the federal standard shall
23 apply in lieu of the standard in paragraph (1) or (2) of this
24 subsection (d-5) for qualified health plans for that plan
25 year.

26 (e) Except for network plans solely offered as a group

1 health plan, these ratio and time and distance standards apply
2 to the lowest cost-sharing tier of any tiered network.

3 (f) The network plan may consider use of other health care
4 service delivery options, such as telemedicine or telehealth,
5 mobile clinics, and centers of excellence, or other ways of
6 delivering care to partially meet the requirements set under
7 this Section.

8 (g) Except for the requirements set forth in subsection
9 (d-5), issuers who are not able to comply with the provider
10 ratios, time and distance standards, and appointment wait-time
11 standards established under this Act or federal law may
12 request an exception to these requirements from the
13 Department. The Department may grant an exception in the
14 following circumstances:

15 (1) if no providers or facilities meet the specific
16 time and distance standard in a specific service area and
17 the issuer (i) discloses information on the distance and
18 travel time points that beneficiaries would have to travel
19 beyond the required criterion to reach the next closest
20 contracted provider outside of the service area and (ii)
21 provides contact information, including names, addresses,
22 and phone numbers for the next closest contracted provider
23 or facility;

24 (2) if patterns of care in the service area do not
25 support the need for the requested number of provider or
26 facility type and the issuer provides data on local

1 patterns of care, such as claims data, referral patterns,
2 or local provider interviews, indicating where the
3 beneficiaries currently seek this type of care or where
4 the physicians currently refer beneficiaries, or both; or

5 (3) other circumstances deemed appropriate by the
6 Department consistent with the requirements of this Act.

7 (h) Issuers are required to report to the Director any
8 material change to an approved network plan within 15 business
9 days after the change occurs and any change that would result
10 in failure to meet the requirements of this Act. The issuer
11 shall submit a revised version of the portions of the network
12 adequacy filing affected by the material change, as determined
13 by the Director by rule, and the issuer shall attach versions
14 with the changes indicated for each document that was revised
15 from the previous version of the filing. Upon notice from the
16 issuer, the Director shall reevaluate the network plan's
17 compliance with the network adequacy and transparency
18 standards of this Act. For every day past 15 business days that
19 the issuer fails to submit a revised network adequacy filing
20 to the Director, the Director may order a fine of \$5,000 per
21 day.

22 (i) If a network plan is inadequate under this Act with
23 respect to a provider type in a county, and if the network plan
24 does not have an approved exception for that provider type in
25 that county pursuant to subsection (g), an issuer shall cover
26 out-of-network claims for covered health care services

1 received from that provider type within that county at the
2 in-network benefit level and shall retroactively adjudicate
3 and reimburse beneficiaries to achieve that objective if their
4 claims were processed at the out-of-network level contrary to
5 this subsection. Nothing in this subsection shall be construed
6 to supersede Section 356z.3a of the Illinois Insurance Code.

7 (j) If the Director determines that a network is
8 inadequate in any county and no exception has been granted
9 under subsection (g) and the issuer does not have a process in
10 place to comply with subsection (d-5), the Director may
11 prohibit the network plan from being issued or renewed within
12 that county until the Director determines that the network is
13 adequate apart from processes and exceptions described in
14 subsections (d-5) and (g). Nothing in this subsection shall be
15 construed to terminate any beneficiary's health insurance
16 coverage under a network plan before the expiration of the
17 beneficiary's policy period if the Director makes a
18 determination under this subsection after the issuance or
19 renewal of the beneficiary's policy or certificate because of
20 a material change. Policies or certificates issued or renewed
21 in violation of this subsection may subject the issuer to a
22 civil penalty of \$5,000 per policy.

23 (k) For the Department to enforce any new or modified
24 federal standard before the Department adopts the standard by
25 rule, the Department must, no later than May 15 before the
26 start of the plan year, give public notice to the affected

1 health insurance issuers through a bulletin.

7 IIA, VIII 1/2, XII, XII 1/2, XIII, XIII 1/2, XXV, XXVI, and
8 XXXIIB of the Illinois Insurance Code.

9 (b) For purposes of the Illinois Insurance Code, except
10 for Sections 444 and 444.1 and Articles XIII and XIII 1/2,
11 Health Maintenance Organizations in the following categories
12 are deemed to be "domestic companies":

13 (1) a corporation authorized under the Dental Service
14 Plan Act or the Voluntary Health Services Plans Act;

15 (2) a corporation organized under the laws of this
16 State; or

17 (3) a corporation organized under the laws of another
18 state, 30% or more of the enrollees of which are residents
19 of this State, except a corporation subject to
20 substantially the same requirements in its state of
21 organization as is a "domestic company" under Article VIII
22 1/2 of the Illinois Insurance Code.

23 (c) In considering the merger, consolidation, or other
24 acquisition of control of a Health Maintenance Organization
25 pursuant to Article VIII 1/2 of the Illinois Insurance Code,

26 (1) the Director shall give primary consideration to

1 the continuation of benefits to enrollees and the
2 financial conditions of the acquired Health Maintenance
3 Organization after the merger, consolidation, or other
4 acquisition of control takes effect;

5 (2) (i) the criteria specified in subsection (1) (b) of
6 Section 131.8 of the Illinois Insurance Code shall not
7 apply and (ii) the Director, in making his determination
8 with respect to the merger, consolidation, or other
9 acquisition of control, need not take into account the
10 effect on competition of the merger, consolidation, or
11 other acquisition of control;

12 (3) the Director shall have the power to require the
13 following information:

14 (A) certification by an independent actuary of the
15 adequacy of the reserves of the Health Maintenance
16 Organization sought to be acquired;

17 (B) pro forma financial statements reflecting the
18 combined balance sheets of the acquiring company and
19 the Health Maintenance Organization sought to be
20 acquired as of the end of the preceding year and as of
21 a date 90 days prior to the acquisition, as well as pro
22 forma financial statements reflecting projected
23 combined operation for a period of 2 years;

24 (C) a pro forma business plan detailing an
25 acquiring party's plans with respect to the operation
26 of the Health Maintenance Organization sought to be

1 acquired for a period of not less than 3 years; and

2 (D) such other information as the Director shall
3 require.

4 (d) The provisions of Article VIII 1/2 of the Illinois
5 Insurance Code and this Section 5-3 shall apply to the sale by
6 any health maintenance organization of greater than 10% of its
7 enrollee population (including, without limitation, the health
8 maintenance organization's right, title, and interest in and
9 to its health care certificates).

10 (e) In considering any management contract or service
11 agreement subject to Section 141.1 of the Illinois Insurance
12 Code, the Director (i) shall, in addition to the criteria
13 specified in Section 141.2 of the Illinois Insurance Code,
14 take into account the effect of the management contract or
15 service agreement on the continuation of benefits to enrollees
16 and the financial condition of the health maintenance
17 organization to be managed or serviced, and (ii) need not take
18 into account the effect of the management contract or service
19 agreement on competition.

20 (f) Except for small employer groups as defined in the
21 Small Employer Rating, Renewability and Portability Health
22 Insurance Act and except for medicare supplement policies as
23 defined in Section 363 of the Illinois Insurance Code, a
24 Health Maintenance Organization may by contract agree with a
25 group or other enrollment unit to effect refunds or charge
26 additional premiums under the following terms and conditions:

1 (i) the amount of, and other terms and conditions with
2 respect to, the refund or additional premium are set forth
3 in the group or enrollment unit contract agreed in advance
4 of the period for which a refund is to be paid or
5 additional premium is to be charged (which period shall
6 not be less than one year); and

7 (ii) the amount of the refund or additional premium
8 shall not exceed 20% of the Health Maintenance
9 Organization's profitable or unprofitable experience with
10 respect to the group or other enrollment unit for the
11 period (and, for purposes of a refund or additional
12 premium, the profitable or unprofitable experience shall
13 be calculated taking into account a pro rata share of the
14 Health Maintenance Organization's administrative and
15 marketing expenses, but shall not include any refund to be
16 made or additional premium to be paid pursuant to this
17 subsection (f)). The Health Maintenance Organization and
18 the group or enrollment unit may agree that the profitable
19 or unprofitable experience may be calculated taking into
20 account the refund period and the immediately preceding 2
21 plan years.

22 The Health Maintenance Organization shall include a
23 statement in the evidence of coverage issued to each enrollee
24 describing the possibility of a refund or additional premium,
25 and upon request of any group or enrollment unit, provide to
26 the group or enrollment unit a description of the method used

1 to calculate (1) the Health Maintenance Organization's
2 profitable experience with respect to the group or enrollment
3 unit and the resulting refund to the group or enrollment unit
4 or (2) the Health Maintenance Organization's unprofitable
5 experience with respect to the group or enrollment unit and
6 the resulting additional premium to be paid by the group or
7 enrollment unit.

8 In no event shall the Illinois Health Maintenance
9 Organization Guaranty Association be liable to pay any
10 contractual obligation of an insolvent organization to pay any
11 refund authorized under this Section.

12 (g) Rulemaking authority to implement Public Act 95-1045,
13 if any, is conditioned on the rules being adopted in
14 accordance with all provisions of the Illinois Administrative
15 Procedure Act and all rules and procedures of the Joint
16 Committee on Administrative Rules; any purported rule not so
17 adopted, for whatever reason, is unauthorized.

1 XIII and XIII 1/2, limited health service organizations in the
2 following categories are deemed to be domestic companies:

3 (1) a corporation under the laws of this State; or

4 (2) a corporation organized under the laws of another
5 state, 30% or more of the enrollees of which are residents
6 of this State, except a corporation subject to
7 substantially the same requirements in its state of
8 organization as is a domestic company under Article VIII
9 1/2 of the Illinois Insurance Code.

20 Section 550. The Service Contract Act is amended by
21 changing Section 5 as follows:

22 (215 ILCS 152/5)

23 Sec. 5. Definitions. In this Act:

24 "Department" means the Department of Insurance.

1 "Director" means the Director of Insurance.

2 "Road hazard" means a hazard that is encountered while
3 driving a motor vehicle, including, but not limited to,
4 potholes, rocks, wood debris, metal parts, glass, plastic,
5 curbs, and composite scraps.

6 "Service contract" means a contract or agreement whereby a
7 service contract provider undertakes for a specified period of
8 time, for separate and identifiable consideration, to perform
9 the repair, replacement, or maintenance, or indemnification
10 for such services, of any automobile, system, or consumer
11 product in connection with the operational or structural
12 failure due to a defect in materials or workmanship, or normal
13 wear and tear, with or without additional provision for
14 incidental payment or indemnity under limited circumstances,
15 for related expenses, including, but not limited to, towing,
16 rental, and emergency road service. Service contracts may
17 provide for:

18 (1) the repair, replacement, or maintenance of such
19 property for damage resulting from power surges and
20 accidental damage from handling;

21 (2) the repair or replacement of tires or wheels, or
22 both, on a motor vehicle damaged as the result of coming
23 into contact with road hazards;

24 (3) the removal of dents, dings, or creases on a motor
25 vehicle that can be repaired using the process of
26 paintless dent removal without affecting the existing

1 paint finish and without replacing vehicle body panels,
2 sanding, bonding, or painting;

3 (4) the repair of chips or cracks in or the
4 replacement of motor vehicle windshields as a result of
5 damage caused by road hazards;

6 (5) the replacement of a motor vehicle key or key-fob
7 in the event that the key or key-fob becomes inoperable or
8 is lost or stolen;

9 (6) the payment of specified incidental costs in the
10 event that a vehicle protection product fails to prevent
11 loss or damage as specified; the reimbursement of
12 incidental costs must be tied to the purchase of a
13 physical product that is formulated or designed to make
14 the specified loss or damage less likely to occur; or

15 (7) other services that may be approved by the
16 Director, if not inconsistent with other provisions of
17 this Act.

18 "Service contract" does ~~contracts shall~~ not include:

19 (i) contracts of limited duration that provide for
20 scheduled maintenance only;

21 (ii) fuel additives, oil additives, or other chemical
22 products applied to the engine, transmission, or fuel
23 system of a motor vehicle;

24 (iii) coverage for the repair or replacement, or both,
25 of damage to the interior surfaces of a vehicle, or for
26 repair or replacement, or both, of damage to the exterior

1 paint or finish of a vehicle; however, such coverage may
2 be offered in connection with the sale of a vehicle
3 protection product; and

4 (iv) a vehicle product protection warranty included,
5 for no separate and identifiable consideration, with the
6 purchase of a vehicle protection product.

7 "Service contract holder" means the person who purchases a
8 service contract or a permitted transferee.

9 "Service contract provider" means a person who is
10 contractually obligated to the service contract holder under
11 the terms of the service contract. A service contract provider
12 does not include an insurer.

13 "Service contract reimbursement insurance policy" means a
14 policy of insurance that is issued to the service contract
15 provider to provide reimbursement to the service contract
16 provider or to pay on behalf of the service contract provider
17 all covered contractual obligations incurred by the service
18 contract provider under the terms and conditions of the
19 insured service contracts issued or sold by the service
20 contract provider.

21 "System" means the heating, cooling, plumbing, electrical,
22 ventilation, or any other similar system of a home.

23 "Vehicle protection product" has the same meaning as that
24 term is defined in subsection (a) of Section 155.39 of the
25 Illinois Insurance Code.

26 "Vehicle protection product warranty" has the same meaning

1 as that term is defined in subsection (a) of Section 155.39 of
2 the Illinois Insurance Code.

6 (215 ILCS 165/10) (from Ch. 32, par. 604)

7 Sec. 10. Application of Illinois Insurance Code
8 provisions. Health services plan corporations and all persons
9 interested therein or dealing therewith shall be subject to

17 Section 560. The Public Utilities Act is amended by
18 changing Section 16-108.18 as follows:

19 (220 ILCS 5/16-108.18)

20 Sec. 16-108.18. Performance-based ratemaking.

21 (a) The General Assembly finds:

22 (1) That improving the alignment of utility customer
23 and company interests is critical to ensuring equity,
24 rapid growth of distributed energy resources, electric

1 vehicles, and other new technologies that substantially
2 change the makeup of the grid and protect Illinois
3 residents and businesses from potential economic and
4 environmental harm from the State's energy systems.

5 (2) There is urgency around addressing increasing
6 threats from climate change and assisting communities that
7 have borne disproportionate impacts from climate change,
8 including air pollution, greenhouse gas emissions, and
9 energy burdens. Addressing this problem requires changes
10 to the business model under which utilities in Illinois
11 have traditionally functioned.

12 (3) Providing targeted incentives to support change
13 through a new performance-based structure to enhance
14 ratemaking is intended to enable alignment of utility,
15 customer, community, and environmental goals.

16 (4) Though Illinois has taken some measures to move
17 utilities to performance-based ratemaking through the
18 establishment of performance incentives and a
19 performance-based formula rate under the Energy
20 Infrastructure Modernization Act, these measures have not
21 been sufficiently transformative in urgently moving
22 electric utilities toward the State's ambitious energy
23 policy goals: protecting a healthy environment and
24 climate, improving public health, and creating quality
25 jobs and economic opportunities, including wealth
26 building, especially in economically disadvantaged

1 communities and communities of color.

2 (5) These measures were not developed through a
3 process to understand first what performance measures and
4 penalties would help drive the sought-after behavior by
5 the utilities.

6 (6) While the General Assembly has not made a finding
7 that the spending related to the Energy Infrastructure and
8 Modernization Act and its performance metrics was not
9 reasonable, it is important to address concerns that these
10 measures may have resulted in excess utility spending and
11 guaranteed profits without meaningful improvements in
12 customer experience, rate affordability, or equity.

13 (7) Discussions of performance incentive mechanisms
14 must always take into account the affordability of
15 customer rates and bills for all customers, including
16 low-income customers.

17 (8) The General Assembly therefore directs the
18 Illinois Commerce Commission to complete a transition that
19 includes a comprehensive performance-based regulation
20 framework for electric utilities serving more than 500,000
21 customers. The breadth of this framework should revise
22 existing utility regulations to position Illinois electric
23 utilities to effectively and efficiently achieve current
24 and anticipated future energy needs of this State, while
25 ensuring affordability for consumers.

26 (b) As used in this Section:

1 "Commission" means the Illinois Commerce Commission.

2 "Demand response" means measures that decrease peak
3 electricity demand or shift demand from peak to off-peak
4 periods.

5 "Distributed energy resources" or "DER" means a wide range
6 of technologies that are connected to the grid including those
7 that are located on the customer side of the customer's
8 electric meter and can provide value to the distribution
9 system, including, but not limited to, distributed generation,
10 energy storage, electric vehicles, and demand response
11 technologies.

12 "Economically disadvantaged communities" means areas of
13 one or more census tracts where average household income does
14 not exceed 80% of area median income.

15 "Environmental justice communities" means the definition
16 of that term as used and as may be updated in the long-term
17 renewable resources procurement plan by the Illinois Power
18 Agency and its Program Administrator in the Illinois Solar for
19 All Program.

20 "Equity investment eligible community" means the
21 geographic areas throughout Illinois which would most benefit
22 from equitable investments by the State designed to combat
23 discrimination. Specifically, the equity investment eligible
24 communities shall be defined as the following areas:

25 (1) R3 Areas as established pursuant to Section 10-40
26 of the Cannabis Regulation and Tax Act, where residents

1 have historically been excluded from economic
2 opportunities, including opportunities in the energy
3 sector; and

4 (2) Environmental justice communities, as defined by
5 the Illinois Power Agency pursuant to the Illinois Power
6 Agency Act, where residents have historically been subject
7 to disproportionate burdens of pollution, including
8 pollution from the energy sector.

9 "Performance incentive mechanism" means an instrument by
10 which utility performance is incentivized, which could include
11 a monetary performance incentive.

12 "Performance metric" means a manner of measurement for a
13 particular utility activity.

14 (c) Through coordinated, comprehensive system planning,
15 ratemaking, and performance incentives, the performance-based
16 ratemaking framework should be designed to accomplish the
17 following objectives:

18 (1) maintain and improve service reliability and
19 safety, including and particularly in environmental
20 justice, low-income, and equity investment eligible
21 communities;

22 (2) decarbonize utility systems at a pace that meets
23 or exceeds State climate goals, while also ensuring the
24 affordability of rates for all customers, including
25 low-income customers;

26 (3) direct electric utilities to make cost-effective

1 investments that support achievement of Illinois' clean
2 energy policies, including, at a minimum, investments
3 designed to integrate distributed energy resources, comply
4 with critical infrastructure protection standards, plans,
5 and industry best practices, and support and take
6 advantage of potential benefits from the electric vehicle
7 charging and other electrification, while mitigating the
8 impacts;

9 (4) choose cost-effective assets and services, whether
10 utility-supplied or through third-party contracting,
11 considering both economic and environmental costs and the
12 effects on utility rates, to deliver high-quality service
13 to customers at least cost;

14 (5) maintain the affordability of electric delivery
15 services for all customers, including low-income
16 customers;

17 (6) maintain and grow a diverse workforce, diverse
18 supplier procurement base and, for relevant programs,
19 diverse approved-vendor pools, including increased
20 opportunities for minority-owned, female-owned,
21 veteran-owned, and disability-owned business enterprises;

22 (7) improve customer service performance and
23 engagement;

24 (8) address the particular burdens faced by consumers
25 in environmental justice and equity investment eligible
26 communities, including shareholder, consumer, and publicly

1 funded bill payment assistance and credit and collection
2 policies, and ensure equitable disconnections, late fees,
3 or arrearages as a result of utility credit and collection
4 practices, which may include consideration of impact by
5 zip code; and

6 (9) implement or otherwise enhance current supplier
7 diversity programs to increase diverse contractor
8 participation in professional services, subcontracting,
9 and prime contracting opportunities with programs that
10 address barriers to access. Supplier diversity programs
11 shall address specific barriers related to RFP and
12 contract access, access to capital, information technology
13 and cybersecurity ~~cyber—security~~ access and costs,
14 administrative burdens, and quality control with specific
15 metrics, outcomes, and demographic data reported.

16 (d) Multi-Year Rate Plan.

17 (1) If an electric utility had a performance-based
18 formula rate in effect under Section 16-108.5 as of
19 December 31, 2020, then the utility may file a petition
20 proposing tariffs implementing a 4-year Multi-Year Rate
21 Plan as provided in this Section no later than, January
22 20, 2023, for delivery service rates to be effective for
23 the billing periods January 1, 2024 through December 31,
24 2027. The Commission shall issue an order approving or
25 approving as modified the utility's plan no later than
26 December 20, 2023. The term "Multi-Year Rate Plan" refers

1 to a plan establishing the base rates the utility shall
2 charge for each delivery year of the 4-year period to be
3 covered by the plan, which shall be subject to
4 modification only as expressly allowed in this Section.

5 (2) A utility proposing a Multi-Year Rate Plan shall
6 provide a 4-year investment plan and a description of the
7 utility's major planned investments, including, at a
8 minimum, all investments of \$2,000,000 or greater over the
9 plan period for an electric utility that serves more than
10 3,000,000 retail customers in the State or \$500,000 for an
11 electric utility that serves less than 3,000,000 retail
12 customers in the State but more than 500,000 retail
13 customers in the State. The 4-year investment plan must be
14 consistent with the Multi-Year Integrated Grid Plan
15 described in Section 16-105.17 of this Act. The investment
16 plan shall provide sufficiently detailed information, as
17 required by the Commission, including, at a minimum, a
18 description of each investment, the location of the
19 investment, and an explanation of the need for and benefit
20 of such an investment to the extent known.

21 (3) The Multi-Year Rate Plan shall be implemented
22 through a tariff filed with the Commission consistent with
23 the provisions of this paragraph (3) that shall apply to
24 all delivery service customers. The Commission shall
25 initiate and conduct an investigation of the tariff in a
26 manner consistent with the provisions of this paragraph

1 (3) and the provisions of Article IX of this Act, to the
2 extent they do not conflict with this paragraph (3). The
3 Multi-Year Rate Plan approved by the Commission shall do
4 the following:

5 (A) Provide for the recovery of the utility's
6 forecasted rate base, based on the 4-year investment
7 plan and the utility's Integrated Grid Plan. The
8 forecasted rate base must include the utility's
9 planned capital investments, with rates based on
10 average annual plant investment, and
11 investment-related costs, including income tax
12 impacts, depreciation, and ratemaking adjustments and
13 costs that are prudently incurred and reasonable in
14 amount consistent with Commission practice and law.
15 The process used to develop the forecasts must be
16 iterative, rigorous, and lead to forecasts that
17 reasonably represent the utility's investments during
18 the forecasted period and ensure that the investments
19 are projected to be used and useful during the annual
20 investment period and least cost, consistent with the
21 provisions of Articles VIII and IX of this Act.

22 (B) The cost of equity shall be approved by the
23 Commission consistent with Commission practice and
24 law.

25 (C) The revenue requirement shall reflect the
26 utility's actual capital structure for the applicable

1 calendar year. A year-end capital structure that
2 includes a common equity ratio of up to and including
3 50% of the total capital structure shall be deemed
4 prudent and reasonable. A higher common equity ratio
5 must be specifically approved by the Commission.

6 (D) (Blank).

7 (E) Provide for recovery of prudent and reasonable
8 projected operating expenses, giving effect to
9 ratemaking adjustments, consistent with Commission
10 practice and law under Article IX of this Act.
11 Operating expenses for years after the first year of
12 the Multi-Year Rate Plan may be estimated by the use of
13 known and measurable changes, expense reductions
14 associated with planned capital investments as
15 appropriate, and reasonable and appropriate
16 escalators, indices, or other metrics.

17 (F) Amortize the amount of unprotected
18 property-related excess accumulated deferred income
19 taxes in rates as of January 1, 2023 over a period
20 ending December 31, 2027, unless otherwise required to
21 amortize the excess deferred income tax pursuant to
22 Section 16-108.21 of this Act.

23 (G) Allow recovery of incentive compensation
24 expense that is based on the achievement of
25 operational metrics, including metrics related to
26 budget controls, outage duration and frequency,

1 safety, customer service, efficiency and productivity,
2 environmental compliance and attainment of
3 affordability and environmental goals, and other goals
4 and metrics approved by the Commission. Incentive
5 compensation expense that is based on net income or an
6 affiliate's earnings per share shall not be
7 recoverable.

8 (H) To the maximum extent practicable, align the
9 4-year investment plan and annual capital budgets with
10 the electric utility's Multi-Year Integrated Grid
11 Plan.

12 (4) The Commission shall establish annual rates for
13 each year of the Multi-Year Rate Plan that accurately
14 reflect and are based only upon the utility's reasonable
15 and prudent costs of service over the term of the plan,
16 including the effect of all ratemaking adjustments
17 consistent with Commission practice and law as determined
18 by the Commission, provided that the costs are not being
19 recovered elsewhere in rates. Tariff riders authorized by
20 the Commission may continue outside of a plan authorized
21 under this Section to the extent such costs are not
22 recovered elsewhere in rates. For the first Multi-Year
23 Rate Plan, the burden of proof shall be on the electric
24 utility to establish the prudence of investments and
25 expenditures and to establish that such investments
26 consistent with and reasonably necessary to meet the

1 requirements of the utility's first approved Multi-Year
2 Integrated Grid Plan described in Section 16-105.17 of
3 this Act. For subsequent Multi-Year Rate Plans, the burden
4 of proof shall be on the electric utility to establish the
5 prudence of investments and expenditures and to establish
6 that such investments are consistent with and reasonably
7 necessary to meet the requirements of the utility's most
8 recently approved Multi-Year Integrated Grid Plan
9 described in Section 16-105.17 of this Act. The sole fact
10 that a cost differs from that incurred in a prior period or
11 that an investment is different from that described in the
12 Multi-Year Integrated Grid Plan shall not imply the
13 imprudence or unreasonableness of that cost or investment.
14 The sole fact that an investment is the same or similar to
15 that described in the Multi-Year Integrated Grid Plan
16 shall not imply prudence and reasonableness of that
17 investment.

18 (5) To facilitate public transparency, all materials,
19 data, testimony, and schedules shall be provided to the
20 Commission in an editable, machine-readable electronic
21 format including .doc, .docx, .xls, .xlsx, and similar
22 file formats, but not including .pdf or .exif. Should
23 utilities designate any materials confidential, they shall
24 have an affirmative duty to explain why the particular
25 information is marked confidential. In determining
26 prudence and reasonableness of rates, the Commission shall

1 make its determination based upon the record, including
2 each public comment filed or provided orally at open
3 meetings consistent with the Commission's rules and
4 practices.

5 (6) The Commission may, by order, establish terms,
6 conditions, and procedures for submitting and approving a
7 Multi-Year Rate Plan necessary to implement this Section
8 and ensure that rates remain just and reasonable during
9 the course of the plan, including terms and procedures for
10 rate adjustment.

11 (7) An electric utility that files a tariff pursuant
12 to paragraph (3) of this subsection (d) ~~(e)~~ must submit a
13 one-time \$300,000 filing fee at the time the Chief Clerk
14 of the Commission accepts the filing, which shall be a
15 recoverable expense.

16 (8) An electric utility operating under a Multi-Year
17 Rate Plan shall file a new Multi-Year Rate Plan at least
18 300 days prior to the end of the initial Multi-Year Rate
19 Plan unless it elects to file a general rate case pursuant
20 to paragraph (9), and every 4 years thereafter, with a
21 rate-effective date of the proposed tariffs such that,
22 after the Commission suspension period, the rates would
23 take effect immediately at the close of the final year of
24 the initial Multi-Year Rate Plan. In subsequent Multi-Year
25 Rate Plans, as in the initial plans, utilities and
26 stakeholders may propose additional metrics that achieve

1 the outcomes described in paragraph (2) of subsection (f)
2 of this Section.

3 (9) Election of Rate Case.

4 (A) On or before the date prescribed by
5 subparagraph (B) of this paragraph (9) ~~of this~~
6 ~~Section~~, electric utilities that serve more than
7 500,000 retail customers in the State shall file
8 either a general rate case under Section 9-201 of this
9 Act, or a Multi-Year Rate Plan, as set forth in
10 paragraph (1) of this subsection (d).

11 (B) Electric utilities described in subparagraph
12 (A) of this paragraph (9) ~~of this Section~~ shall file
13 their initial general rate case or Multi-Year Rate
14 Plan, as applicable, with the Commission no later than
15 January 20, 2023.

16 (C) Notwithstanding which rate filing option an
17 electric utility elects to file on the date prescribed
18 by subparagraph (B) of this paragraph (9) ~~of this~~
19 ~~Section~~, the electric utility shall be subject to the
20 Multi-year Integrated Plan filing requirements.

21 (D) Following its initial rate filing pursuant to
22 paragraph (2), an electric utility subject to the
23 requirements of this Section shall thereafter be
24 permitted to elect a different rate filing option
25 consistent with any filing intervals established for a
26 general rate case or Multi-Year Rate Plan, as follows:

1 (i) An electric utility that initially elected
2 to file a Multi-Year Rate Plan and thereafter
3 elects to transition to a general rate case may do
4 so upon completion of the 4-year Multi-Year Rate
5 Plan by filing a general rate case at the same time
6 that the utility would have filed its subsequent
7 Multi-Year Rate Plan, as specified in paragraph
8 (8) of this subsection (d). Notwithstanding this
9 election, the annual adjustment of the final year
10 of the Multi-Year Rate Plan shall proceed as
11 specified in paragraph (6) of subsection (f).

12 (ii) An electric utility that initially
13 elected to a file general rate case and thereafter
14 elects to transition to a Multi-Year Rate Plan may
15 do so only at the 4-year filing intervals
16 identified by paragraph (8) of this subsection
17 (d).

18 (10) The Commission shall approve tariffs establishing
19 rate design for all delivery service customers unless the
20 electric utility makes the election specified in Section
21 16-105.5, in which case the rate design shall be subject
22 to the provisions of that Section.

23 (11) The Commission shall establish requirements for
24 annual performance evaluation reports to be submitted
25 annually for performance metrics. Such reports shall
26 include, but not be limited to, a description of the

1 utility's performance under each metric and an
2 identification of any extraordinary events that adversely
3 affected the utility's performance.

4 (12) For the first Multi-Year Rate Plan, the
5 Commission shall consolidate its investigation with the
6 proceeding under Section 16-105.17 to establish the
7 Multi-Year Integrated Grid Plan no later than 45 days
8 after plan filing.

9 (13) Where a rate change under a Multi-Year Rate Plan
10 will result in a rate increase, an electric utility may
11 propose a rate phase-in plan that the Commission shall
12 approve with or without modification or deny in its final
13 order approving the new delivery services rates. A
14 proposed rate phase-in plan under this paragraph (13) must
15 allow the new delivery services rates to be implemented in
16 no more than 2 steps, as follows: in the first step, at
17 least 50% of the approved rate increase must be reflected
18 in rates, and, in the second step, 100% of the rate
19 increase must be reflected in rates. The second step's
20 rates must take effect no later than 12 months after the
21 first step's rates were placed into effect. The portion of
22 the approved rate increase not implemented in the first
23 step shall be recorded on the electric utility's books as
24 a regulatory asset, and shall accrue carrying costs to
25 ensure that the utility does not recover more or less than
26 it otherwise would because of the deferral. This portion

1 shall be recovered, with such carrying costs at the
2 weighted average cost of capital, through a surcharge
3 applied to retail customer bills that (i) begins no later
4 than 12 months after the date on which the second step's
5 rates went into effect and (ii) is applied over a period
6 not to exceed 24 months. Nothing in this paragraph is
7 intended to limit the Commission's authority to mitigate
8 the impact of rates caused by rate plans, or any other
9 instance on a revenue-neutral basis; nor shall it mitigate
10 a utility's ability to make proposals to mitigate the
11 impact of rates. When a deferral, or similar method, is
12 used to mitigate the impact of rates, the utility should
13 be allowed to recover carrying costs.

14 (14) Notwithstanding the provisions of paragraph (13),
15 the Commission may, on its own initiative, take
16 revenue-neutral measures to relieve the impact of rate
17 increases on customers. Such initiatives may be taken by
18 the Commission in the first Multi-Year Rate Plan,
19 subsequent multi-year plans, or in other instances
20 described in this Act.

21 (15) Whenever during the pendency of a Multi-Year Rate
22 Plan, an electric utility subject to this Section becomes
23 aware that, due to circumstances beyond its control,
24 prudent operating practices will require the utility to
25 make adjustments to the Multi-Year Rate Plan, the electric
26 utility may file a petition with the Commission requesting

1 modification of the approved annual revenue requirements
2 included in the Multi-Year Rate Plan. The electric utility
3 must support its request with evidence demonstrating why a
4 modification is necessary, due to circumstances beyond the
5 utility's control, to follow prudent operating practices
6 and must set forth the changes to each annual revenue
7 requirement to be approved, and the basis for any changes
8 in anticipated operating expenses or capital investment
9 levels. The utility shall affirmatively address the impact
10 of the changes on the Multi-Year Integrated Grid Plan and
11 Multi-Year Rate Plan originally submitted and approved by
12 the Commission. Any interested party may file an objection
13 to the changes proposed, or offer alternatives to the
14 utility's proposal, as supported by testimony and
15 evidence. After notice and hearing, the Commission shall
16 issue a final order regarding the electric utility's
17 request no later than 180 days after the filing of the
18 petition.

19 (e) Performance incentive mechanisms.

20 (1) The electric industry is undergoing rapid
21 transformation, including fundamental changes in how
22 electricity is generated, procured, and delivered and how
23 customers are choosing to participate in the supply and
24 delivery of electricity to and from the electric grid.
25 Building upon the State's goals to increase the
26 procurement of electricity from renewable energy

1 resources, including distributed generation and storage
2 devices, the General Assembly finds that electric
3 utilities should make cost-effective investments that
4 support moving forward on Illinois' clean energy policies.
5 It is therefore in the State's interest for the Commission
6 to establish performance incentive mechanisms in order to
7 better tie utility revenues to performance and customer
8 benefits, accelerate progress on Illinois energy and other
9 goals, ensure equity and affordability of rates for all
10 customers, including low-income customers, and hold
11 utilities publicly accountable.

12 (2) The Commission shall approve, based on the
13 substantial evidence proffered in the proceeding initiated
14 pursuant to this subsection performance metrics that, to
15 the extent practicable and achievable by the electric
16 utility, encourage cost-effective, equitable utility
17 achievement of the outcomes described in this subsection
18 (e) while ensuring no degradation in the significant
19 performance improvement achieved through previously
20 established performance metrics. For each electric
21 utility, the Commission shall approve metrics designed to
22 achieve incremental improvements over baseline performance
23 values and targets, over a performance period of up to 10
24 years, and no less than 4 years.

25 (A) The Commission shall approve no more than 8
26 metrics, with at least one metric from each of the

1 categories below, for each electric utility, from
2 items (i) through (vi) of this subparagraph (A). Upon
3 a utility request, the Commission may approve the use
4 of a specific, measurable, and achievable tracking
5 metric described in paragraph (3) of this subsection
6 (e) as a performance metric pursuant to paragraph (2)
7 of this subsection (e).

8 (i) Metrics designed to ensure the utility
9 maintains and improves the high standards of both
10 overall and locational reliability and resiliency,
11 and makes improvements in power quality, including
12 and particularly in environmental justice and
13 equity investment eligible communities.

14 (ii) Peak load reductions attributable to
15 demand response programs.

16 (iii) Supplier diversity expansion, including
17 diverse contractor participation in professional
18 services, subcontracting, and prime contracting
19 opportunities, development of programs that
20 address the barriers to access, aligning
21 demographics of contractors to the demographics in
22 the utility's service territory, establish
23 long-term mentoring relationships that develop and
24 remove barriers to access for diverse and
25 underserved contractors. The utilities shall
26 provide solutions, resources, and tools to address

1 complex barriers of entry related to costly and
2 time-intensive cybersecurity ~~cyber~~ security
3 requirements, increasingly complex information
4 technology requirements, insurance barriers,
5 service provider sign-up process barriers,
6 administrative process barriers, and other
7 barriers that inhibit access to RFPs and
8 contracts. For programs with contracts over
9 \$1,000,000, winning bidders must demonstrate a
10 subcontractor development or mentoring
11 relationship with at least one of their diverse
12 subcontracting partners for a core component of
13 the scope of the project. The mentoring time and
14 cost shall be taken into account in the creation
15 of RFP and shall include a structured and measured
16 plan by the prime contractor to increase the
17 capabilities of the subcontractor in their
18 proposed scope. The metric shall include reporting
19 on all supplier diversity programs by goals,
20 program results, demographics and geography, with
21 separate reporting by category of minority-owned,
22 female-owned, veteran-owned, and disability-owned
23 business enterprise metrics. The report shall
24 include resources and expenses committed to the
25 programs and conversion rates of new diverse
26 utility contractors.

1 (iv) Achieve affordable customer delivery
2 service costs, with particular emphasis on keeping
3 the bills of lower-income households, households
4 in equity investment eligible communities, and
5 household in environmental justice communities
6 within a manageable portion of their income and
7 adopting credit and collection policies that
8 reduce disconnections for these households
9 specifically and for customers overall to ensure
10 equitable disconnections, late fees, or arrearages
11 as a result of utility credit and collection
12 practices, which may include consideration of
13 impact by zip code.

14 (v) Metrics designed around the utility's
15 timeliness to customer requests for
16 interconnection in key milestone areas, such as:
17 initial response, supplemental review, and system
18 feasibility study; improved average service
19 reliability index for those customers that have
20 interconnected a distributed renewable energy
21 generation device to the utility's distribution
22 system and are lawfully taking service under an
23 applicable tariff; offering a variety of
24 affordable rate options, including demand
25 response, time of use rates for delivery and
26 supply, real-time pricing rates for supply;

1 comprehensive and predictable net metering, and
2 maximizing the benefits of grid modernization and
3 clean energy for ratepayers; and improving
4 customer access to utility system information
5 according to consumer demand and interest.

6 (vi) Metrics designed to measure the utility's
7 customer service performance, which may include
8 the average length of time to answer a customer's
9 call by a customer service representative, the
10 abandoned call rate and the relative ranking of
11 the electric utility, by a reputable third-party
12 organization, in customer service satisfaction
13 when compared to other similar electric utilities
14 in the Midwest region.

15 (B) Performance metrics shall include a
16 description of the metric, a calculation method, a
17 data collection method, annual performance targets,
18 and any incentives or penalties for the utility's
19 achievement of, or failure to achieve, their
20 performance targets, provided that the total amount of
21 potential incentives and penalties shall be
22 symmetrical. Incentives shall be rewards or penalties
23 or both, reflected as basis points added to, or
24 subtracted from, the utility's cost of equity. The
25 metrics and incentives shall apply for the entire time
26 period covered by a Multi-Year Rate Plan. The total

1 for all metrics shall be equal to 40 basis points,
2 however, the Commission may adjust the basis points
3 upward or downward by up to 20 basis points for any
4 given Multi-Year Rate Plan, as appropriate, but in no
5 event may the total exceed 60 basis points or fall
6 below 20 basis points.

7 (C) Metrics related to reliability shall be
8 implemented to ensure equitable benefits to
9 environmental justice and equity investment eligible
10 communities, as defined in this Act.

11 (D) The Commission shall approve performance
12 metrics that are reasonably within control of the
13 utility to achieve. The Commission also shall not
14 approve a metric that is solely expected to have the
15 effect of reducing the workforce. Performance metrics
16 should measure outcomes and actual, rather than
17 projected, results where possible. Nothing in this
18 subparagraph is intended to require that different
19 electric utilities must be subject to the same
20 metrics, goals, or incentives.

21 (E) Increases or enhancements to an existing
22 performance goal or target shall be considered in
23 light of other metrics, cost-effectiveness, and other
24 factors the Commission deems appropriate. Performance
25 metrics shall include one year of tracking data
26 collected in a consistent manner, verifiable by an

1 independent evaluator in order to establish a baseline
2 and measure outcomes and actual results against
3 projections where possible.

4 (F) For the purpose of determining reasonable
5 performance metrics and related incentives, the
6 Commission shall develop a methodology to calculate
7 net benefits that includes customer and societal costs
8 and benefits and quantifies the effect on delivery
9 rates. In determining the appropriate level of a
10 performance incentive, the Commission shall consider:
11 the extent to which the amount is likely to encourage
12 the utility to achieve the performance target in the
13 least cost manner; the value of benefits to customers,
14 the grid, public health and safety, and the
15 environment from achievement of the performance
16 target, including in particular benefits to equity
17 investment eligible community; the affordability of
18 customer's electric bills, including low-income
19 customers, the utility's revenue requirement, the
20 promotion of renewable and distributed energy, and
21 other such factors that the Commission deems
22 appropriate. The consideration of these factors shall
23 result in an incentive level that ensures benefits
24 exceed costs for customers.

25 (G) Achievement of performance metrics are based
26 on the assumptions that the utility will adopt or

1 implement the technology and equipment, and make the
2 investments to the extent reasonably necessary to
3 achieve the goal. If the electric utility is unable to
4 meet the performance metrics as a result of
5 extraordinary circumstances outside of its control,
6 including, but not limited to, government-declared
7 emergencies, then the utility shall be permitted to
8 file a petition with the Commission requesting that
9 the utility be excused from compliance with the
10 applicable performance goal or goals and the
11 associated financial incentives and penalties. The
12 burden of proof shall be on the utility, consistent
13 with Article IX, and the utility's petition shall be
14 supported by substantial evidence. The Commission
15 shall, after notice and hearing, enter its order
16 approving or denying, in whole or in part, the
17 utility's petition based on the extent to which the
18 utility demonstrated that its achievement of the
19 affected metrics and performance goals was hindered by
20 extraordinary circumstances outside of the utility's
21 control.

22 (3) The Commission shall approve reasonable and
23 appropriate tracking metrics to collect and monitor data
24 for the purpose of measuring and reporting utility
25 performance and for establishing future performance
26 metrics. These additional tracking metrics shall include

1 at least one metric from each of the following categories
2 of performance:

3 (A) Minimize emissions of greenhouse gases and
4 other air pollutants that harm human health,
5 particularly in environmental justice and equity
6 investment eligible communities, through minimizing
7 total emissions by accelerating electrification of
8 transportation, buildings, and industries where such
9 electrification results in net reductions, across all
10 fuels and over the life of electrification measures,
11 of greenhouse gases and other pollutants, taking into
12 consideration the fuel mix used to produce electricity
13 at the relevant hour and the effect of accelerating
14 electrification on electricity delivery services
15 rates, supply prices, and peak demand, provided the
16 revenues the utility receives from accelerating
17 electrification of transportation, buildings, and
18 industries exceed the costs.

19 (B) Enhance the grid's flexibility to adapt to
20 increased deployment of nondispatchable resources,
21 improve the ability and performance of the grid on
22 load balancing, and offer a variety of rate plans to
23 match consumer consumption patterns and lower consumer
24 bills for electricity delivery and supply.

25 (C) Ensure rates reflect cost savings attributable
26 to grid modernization and utilize distributed energy

1 resources that allow the utility to defer or forgo
2 traditional grid investments that would otherwise be
3 required to provide safe and reliable service.

4 (D) Metrics designed to create and sustain
5 full-time-equivalent jobs and opportunities for all
6 segments of the population and workforce, including
7 minority-owned businesses, women-owned businesses,
8 veteran-owned businesses, and businesses owned by a
9 person or persons with a disability, and that do not,
10 consistent with State and federal law, discriminate
11 based on race or socioeconomic status as a result of
12 Public Act 102-662.

13 (E) Maximize and prioritize the allocation of grid
14 planning benefits to environmental justice and
15 economically disadvantaged customers and communities,
16 such that all metrics provide equitable benefits
17 across the utility's service territory and maintain
18 and improve utility customers' access to uninterrupted
19 utility services.

20 (4) The Commission may establish new tracking and
21 performance metrics in future Multi-Year Rate Plans to
22 further measure achievement of the outcomes set forth in
23 paragraph (2) of subsection (f) of this Section and the
24 other goals and requirements of this Section.

25 (5) The Commission shall also evaluate metrics that
26 were established in prior Multi-Year Rate Plans to

1 determine if there has been an unanticipated material
2 change in circumstances such that adjustments are required
3 to improve the likelihood of the outcomes described in
4 paragraph (2) of subsection (f). For metrics that were
5 established in prior Multi-Year Rate Plan proceedings and
6 that the Commission elects to continue, the design of
7 these metrics, including the goals of tracking metrics and
8 the targets and incentive levels and structures of
9 performance metrics, may be adjusted pursuant to the
10 requirements in this Section. The Commission may also
11 change, adjust, or phase out tracking and performance
12 metrics that were established in prior Multi-Year Rate
13 Plan proceedings if these metrics no longer meet the
14 requirements of this Section or if they are rendered
15 obsolete by the changing needs and technology of an
16 evolving grid. Additionally, performance metrics that no
17 longer require an incentive to create improved utility
18 performance may become tracking metrics in a Multi-Year
19 Rate Plan proceeding.

20 (6) The Commission shall initiate a workshop process
21 no later than August 1, 2021, or 15 days after September
22 15, 2021 (the effective date of Public Act 102-662),
23 whichever is later, for the purpose of facilitating the
24 development of metrics for each utility. The workshop
25 shall be coordinated by the staff of the Commission, or a
26 facilitator retained by staff, and shall be organized and

1 facilitated in a manner that encourages representation
2 from diverse stakeholders and ensures equitable
3 opportunities for participation, without requiring formal
4 intervention or representation by an attorney. Working
5 with staff of the Commission the facilitator may conduct a
6 combination of workshops specific to a utility or
7 applicable to multiple utilities where content and
8 stakeholders are substantially similar. The workshop
9 process shall conclude no later than October 31, 2021.
10 Following the workshop, the staff of the Commission, or
11 the facilitator retained by the Staff, shall prepare and
12 submit a report to the Commission that identifies the
13 participants in the process, the metrics proposed during
14 the process, any material issues that remained unresolved
15 at the conclusions of such process, and any
16 recommendations for workshop process improvements. Any
17 workshop participant may file comments and reply comments
18 in response to the Staff report.

19 (A) No later than January, 20, 2022, each electric
20 utility that intends to file a petition pursuant to
21 subsection (b) of this Section shall file a petition
22 with the Commission seeking approval of its
23 performance metrics, which shall include for each
24 metric, at a minimum, (i) a detailed description, (ii)
25 the calculation of the baseline, (iii) the performance
26 period and overall performance goal, provided that the

1 performance period shall not commence prior to January
2 1, 2024, (iv) each annual performance goal, (v) the
3 performance adjustment, which shall be a symmetrical
4 basis point increase or decrease to the utility's cost
5 of equity based on the extent to which the utility
6 achieved the annual performance goal, and (vi) the new
7 or modified tariff mechanism that will apply the
8 performance adjustments. The Commission shall issue
9 its order approving, or approving with modification,
10 the utility's proposed performance metrics no later
11 than September 30, 2022.

12 (B) No later than August 1, 2025, the Commission
13 shall initiate a workshop process that conforms to the
14 workshop purpose and requirements of this paragraph
15 (6) of this Section to the extent they do not conflict.
16 The workshop process shall conclude no later than
17 October 31, 2025, and the staff of the Commission, or
18 the facilitator retained by the Staff, shall prepare
19 and submit a report consistent with the requirements
20 described in this paragraph (6) of this Section. No
21 later than January 20, 2026, each electric utility
22 subject to the requirements of this Section shall file
23 a petition that reflects, and is consistent with, the
24 components required in this paragraph (6) of this
25 Section, and the Commission shall issue its order
26 approving, or approving with modification, the

1 utility's proposed performance metrics no later than
2 September 30, 2026.

3 (f) On May 1 of each year, following the approval of the
4 first Multi-Year Rate Plan and its initial year, the
5 Commission shall open an annual performance evaluation
6 proceeding to evaluate the utilities' performance on their
7 metric targets during the year just completed, as well as the
8 appropriate Annual Adjustment as defined in paragraph (6). The
9 Commission shall determine the performance and annual
10 adjustments to be applied through a surcharge in the following
11 calendar year.

12 (1) On February 15 of each year, prior to the annual
13 performance evaluation proceeding, each utility shall file
14 a performance evaluation report with the Commission that
15 includes a description of and all data supporting how the
16 utility performed under each performance metric and an
17 identification of any extraordinary events that adversely
18 impacted the utility's performance.

19 (2) The metrics approved under this Section are based
20 on the assumptions that the utility may fully implement
21 the technology and equipment, and make the investments,
22 required to achieve the metrics and performance goals. If
23 the utility is unable to meet the metrics and performance
24 goals because it was hindered by unanticipated technology
25 or equipment implementation delays, government-declared
26 emergencies, or other investment impediments, then the

1 utility shall be permitted to file a petition with the
2 Commission on or before the date that its report is due
3 pursuant to paragraph (1) of this subsection (f)
4 requesting that the utility be excused from compliance
5 with the applicable performance goal or goals. The burden
6 of proof shall be on the utility, consistent with Article
7 IX, and the utility's petition shall be supported by
8 substantial evidence. No later than 90 days after the
9 utility files its petition, the Commission shall, after
10 notice and hearing, enter its order approving or denying,
11 in whole or in part, the utility's petition based on the
12 extent to which the utility demonstrated that its
13 achievement of the affected metrics and performance goals
14 was hindered by unanticipated technology or equipment
15 implementation delays, or other investment impediments,
16 that were reasonably outside of the utility's control.

17 (3) The electric utility shall provide for an annual
18 independent evaluation of its performance on metrics. The
19 independent evaluator shall review the utility's
20 assumptions, baselines, targets, calculation
21 methodologies, and other relevant information, especially
22 ensuring that the utility's data for establishing
23 baselines matches actual performance, and shall provide a
24 report to the Commission in each annual performance
25 evaluation describing the results. The independent
26 evaluator shall present this report as evidence as a

1 nonparty participant and shall not be represented by the
2 utility's legal counsel. The independent evaluator shall
3 be hired through a competitive bidding process with
4 approval of the contract by the Commission.

5 The Commission shall consider the report of the
6 independent evaluator in determining the utility's
7 achievement of performance targets. Discrepancies between
8 the utility's assumptions, baselines, targets, or
9 calculations and those of the independent evaluator shall
10 be closely scrutinized by the Commission. If the
11 Commission finds that the utility's reported data for any
12 metric or metrics significantly and incorrectly deviates
13 from the data reported by the independent evaluator, then
14 the Commission shall order the utility to revise its data
15 collection and calculation process within 60 days, with
16 specifications where appropriate.

17 (4) The Commission shall, after notice and hearing in
18 the annual performance evaluation proceeding, enter an
19 order approving the utility's performance adjustment based
20 on its achievement of or failure to achieve its
21 performance targets no later than December 20 each year.
22 The Commission-approved penalties or incentives shall be
23 applied beginning with the next calendar year.

24 (5) In order to promote the transparency of utility
25 investments during the effective period of a multi-year
26 rate plan, inform the Commission's investigation and

1 adjustment of rates in the annual adjustment process, and
2 to facilitate the participation of stakeholders in the
3 annual adjustment process, an electric utility with an
4 effective Multi-Year Rate Plan shall, within 90 days of
5 the close of each quarter during the Multi-Year Rate Plan
6 period, submit to the Commission a report that summarizes
7 the additions to utility plant that were placed into
8 service during the prior quarter, which for purposes of
9 the report shall be the most recently closed fiscal
10 quarter. The report shall also summarize the utility plant
11 the electric utility projects it will place into service
12 through the end of the calendar year in which the report is
13 filed. The projections, estimates, plans, and
14 forward-looking information that are provided in the
15 reports pursuant to this paragraph (5) are for planning
16 purposes and are intended to be illustrative of the
17 investments that the utility proposes to make as of the
18 time of submittal. Nothing in this paragraph (5)
19 precludes, or is intended to limit, a utility's ability to
20 modify and update its projections, estimates, plans, and
21 forward-looking information previously submitted in order
22 to reflect stakeholder input or other new or updated
23 information and analysis, including, but not limited to,
24 changes in specific investment needs, customer electric
25 use patterns, customer applications and preferences, and
26 commercially available equipment and technologies, however

1 the utility shall explain any changes or deviations
2 between the projected investments from the quarterly
3 reports and actual investments in the annual report. The
4 reports submitted pursuant to this subsection are intended
5 to be flexible planning tools, and are expected to evolve
6 as new information becomes available. Within 7 days of
7 receiving a quarterly report, the Commission shall timely
8 make such report available to the public by posting it on
9 the Commission's website. Each quarterly report shall
10 include the following detail:

11 (A) The total dollar value of the additions to
12 utility plant placed in service during the prior
13 quarter;

14 (B) A list of the major investment categories the
15 electric utility used to manage its routine standing
16 operational activities during the prior quarter
17 including the total dollar amount for the work
18 reflected in each investment category in which utility
19 plant in service is equal to or greater than
20 \$2,000,000 for an electric utility that serves more
21 than 3,000,000 customers in the State or \$500,000 for
22 an electric utility that serves less than 3,000,000
23 customers but more than 500,000 customers in the State
24 as of the last day of the quarterly reporting period,
25 as well as a summary description of each investment
26 category;

1 (C) A list of the projects which the electric
2 utility has identified by a unique investment tracking
3 number for utility plant placed in service during the
4 prior quarter for utility plant placed in service with
5 a total dollar value as of the last day of the
6 quarterly reporting period that is equal to or greater
7 than \$2,000,000 for an electric utility that serves
8 more than 3,000,000 customers in the State or \$500,000
9 for an electric utility that serves less than
10 3,000,000 retail customers but more than \$500,000
11 retail customers in the State, as well as a summary of
12 each project;

13 (D) The estimated total dollar value of the
14 additions to utility plant projected to be placed in
15 service through the end of the calendar year in which
16 the report is filed;

17 (E) A list of the major investment categories the
18 electric utility used to manage its routine standing
19 operational activities with utility plant projected to
20 be placed in service through the end of the calendar
21 year in which the report is filed, including the total
22 dollar amount for the work reflected in each
23 investment category in which utility plant in service
24 is projected to be equal to or greater than \$2,000,000
25 for an electric utility that serves more than
26 3,000,000 customers in the State or \$500,000 for an

1 electric utility that serves less than 3,000,000
2 retail customers but more than 500,000 retail
3 customers in the State, as well as a summary
4 description of each investment category; and

5 (F) A list of the projects for which the electric
6 utility has identified by a unique investment tracking
7 number for utility plant projected to be placed in
8 service through the end of the calendar year in which
9 the report is filed with an estimated dollar value
10 that is equal to or greater than \$2,000,000 for an
11 electric utility that serves more than 3,000,000
12 customers in the State or \$500,000 for an electric
13 utility that serves less than 3,000,000 retails
14 customers but more than \$500,000 retail customers in
15 the State, as well as a summary description of each
16 project.

17 (6) As part of the Annual Performance Adjustment, the
18 electric utility shall submit evidence sufficient to
19 support a determination of its actual revenue requirement
20 for the applicable calendar year, consistent with the
21 provisions of paragraphs (d) and (f) of this subsection.
22 The electric utility shall bear the burden of
23 demonstrating that its costs were prudent and reasonable,
24 subject to the provisions of paragraph (4) of this
25 subsection (f). The Commission's review of the electric
26 utility's annual adjustment shall be based on the same

1 evidentiary standards, including, but not limited to,
2 those concerning the prudence and reasonableness of the
3 known and measurable costs forecasted to be incurred by
4 the utility, and the used and usefulness of the actual
5 plant investment pursuant to Section 9-211 of this Act,
6 that the Commission applies in a proceeding to review a
7 filing for changes in rates pursuant to Section 9-201 of
8 this Act. The Commission shall determine the prudence and
9 reasonableness of the actual costs incurred by the utility
10 during the applicable calendar year, as well as determine
11 the original cost of plant in service as of the end of the
12 applicable calendar year. The Commission shall then
13 determine the Annual Adjustment, which shall mean the
14 amount by which, the electric utility's actual revenue
15 requirement for the applicable year of the Multi-Year Rate
16 Plan either exceeded, or was exceeded by, the revenue
17 requirement approved by the Commission for such calendar
18 year, plus carrying costs calculated at the weighted
19 average cost of capital approved for the Multi-Year Rate
20 Plan.

21 The Commission's determination of the electric
22 utility's actual revenue requirement for the applicable
23 calendar year shall be based on:

24 (A) the Commission-approved used and useful,
25 prudent and reasonable actual costs for the applicable
26 calendar year, which shall be determined pursuant to

1 the following criteria:

2 (i) the overall level of actual costs incurred
3 during the calendar year, provided that the
4 Commission may not allow recovery of actual costs
5 that are more than 105% of the approved revenue
6 requirement calculated as provided in item (ii) of
7 this subparagraph (A), except to the extent the
8 Commission approves a modification of the
9 Multi-Year Rate Plan to permit such recovery;

10 (ii) the calculation of 105% of the revenue
11 requirement required by this subparagraph (A)
12 shall exclude the revenue requirement impacts of
13 the following volatile and fluctuating variables
14 that occurred during the year: (i) storms and
15 weather-related events for which the utility
16 provides sufficient evidence to demonstrate that
17 such expenses were not foreseeable and not in
18 control of the utility; (ii) new business; (iii)
19 changes in interest rates; (iv) changes in taxes;
20 (v) facility relocations; (vi) changes in pension
21 or post-retirement benefits costs due to
22 fluctuations in interest rates, market returns or
23 actuarial assumptions; (vii) amortization expenses
24 related to costs; and (viii) changes in the timing
25 of when an expenditure or investment is made such
26 that it is accelerated to occur during the

1 applicable year or deferred to occur in a
2 subsequent year;

3 (B) the year-end rate base;

4 (C) the cost of equity approved in the multi-year
5 rate plan; and

6 (D) the electric utility's actual year-end capital
7 structure, provided that the common equity ratio in
8 such capital structure may not exceed the common
9 equity ratio that was approved by the Commission in
10 the Multi-Year Rate Plan.

11 (2) The Commission's determinations of the prudence
12 and reasonableness of the costs incurred for the
13 applicable year, and of the original cost of plant in
14 service as of the end of the applicable calendar year,
15 shall be final upon entry of the Commission's order and
16 shall not be subject to collateral attack in any other
17 Commission proceeding, case, docket, order, rule, or
18 regulation; however, nothing in this Section shall
19 prohibit a party from petitioning the Commission to rehear
20 or appeal to the courts the order pursuant to the
21 provisions of this Act.

22 (g) During the period leading to approval of the first
23 Multi-Year Integrated Grid Plan, each electric utility will
24 necessarily continue to invest in its distribution grid. Those
25 investments will be subject to a determination of prudence and
26 reasonableness consistent with Commission practice and law.

1 Any failure to conform to the Multi-Year Integrated Grid Plan
2 ultimately approved shall not imply imprudence or
3 unreasonableness.

4 (h) After calculating the Performance Adjustment and
5 Annual Adjustment, the Commission shall order the electric
6 utility to collect the amount in excess of the revenue
7 requirement from customers, or issue a refund to customers, as
8 applicable, to be applied through a surcharge beginning with
9 the next calendar year.

10 Electric utilities subject to the requirements of this
11 Section shall be permitted to file new or revised tariffs to
12 comply with the provisions of, and Commission orders entered
13 pursuant to, this Section.

22 this examination. Failure of an individual to submit to a
23 mental or physical examination, when directed, shall be
24 grounds for suspension of his or her license until the

20 person's license must be convened by the Department within 30
21 days after the suspension and completed without appreciable
22 delay. The Department and Board shall have the authority to
23 review the subject individual's record of treatment and

25 applicable federal statutes and regulations safeguarding the
26 confidentiality of medical records.

1 An individual licensed under this Act and affected under
2 this Section shall be afforded an opportunity to demonstrate
3 to the Department that he or she can resume practice in
4 compliance with acceptable and prevailing standards under the
5 provisions of his or her license.

20 the performance of a child care facility shall be used by the
21 Department or any licensee. Any employee of the Department of
22 Children and Family Services, Illinois State Police, or a

17 suspend the license of a person who (i) fails to file a return,
18 pay the tax, penalty, or interest shown in a filed return, or

20 required by any tax Act administered by the Department of
21 Revenue, until the requirements of the tax Act are satisfied
22 or (ii) has failed to pay any court-ordered child support as
23 determined by a court order or by referral from the Department
24 of Healthcare and Family Services.

25 (4.5) The Department shall not revoke, suspend, summarily
26 suspend, place on prohibition, reprimand, refuse to issue or

1 renew, or take any other disciplinary or non-disciplinary
2 action against a person's authorization to practice under this
3 Act based solely upon the person authorizing, recommending,
4 aiding, assisting, referring for, or otherwise participating
5 in any health care service, so long as the care was not
6 unlawful under the laws of this State, regardless of whether
7 the patient was a resident of this State or another state.

8 (4.10) The Department shall not revoke, suspend, summarily
9 suspend, place on prohibition, reprimand, refuse to issue or
10 renew, or take any other disciplinary or non-disciplinary
11 action against a person's authorization to practice under this
12 Act based upon the person's license, registration, or permit
13 being revoked or suspended, or the person being otherwise
14 disciplined, by any other state if that revocation,
15 suspension, or other form of discipline was based solely on
16 the person violating another state's laws prohibiting the
17 provision of, authorization of, recommendation of, aiding or
18 assisting in, referring for, or participation in any health
19 care service if that health care service as provided would not
20 have been unlawful under the laws of this State and is
21 consistent with the applicable standard of conduct for a
22 person practicing in Illinois under this Act.

23 (4.15) The conduct specified in subsection (4.5), (4.10),
24 (4.25), or (4.30) shall not constitute grounds for suspension
25 under Section 32.

26 (4.20) An applicant seeking licensure, certification, or

1 authorization pursuant to this Act who has been subject to
2 disciplinary action by a duly authorized professional
3 disciplinary agency of another jurisdiction solely on the
4 basis of having authorized, recommended, aided, assisted,
5 referred for, or otherwise participated in health care shall
6 not be denied such licensure, certification, or authorization,
7 unless the Department determines that such action would have
8 constituted professional misconduct in this State; however,
9 nothing in this Section shall be construed as prohibiting the
10 Department from evaluating the conduct of such applicant and
11 making a determination regarding the licensure, certification,
12 or authorization to practice a profession under this Act.

13 (4.25) The Department may not revoke, suspend, summarily
14 suspend, place on prohibition, reprimand, refuse to issue or

18 (4.30) The Department may not revoke, suspend, summarily
19 suspend, place on prohibition, reprimand, refuse to issue or
20 renew, or take any other disciplinary or non-disciplinary
21 action against a person's authorization to practice under this

26 an immigration violation by the person.

1 (5) (a) In enforcing this Section, the Department or Board,
2 upon a showing of a possible violation, may compel a person
3 licensed to practice under this Act, or who has applied for
4 licensure under this Act, to submit to a mental or physical
5 examination, or both, which may include a substance abuse or
6 sexual offender evaluation, as required by and at the expense
7 of the Department.

8 (b) The Department shall specifically designate the
9 examining physician licensed to practice medicine in all of
10 its branches or, if applicable, the multidisciplinary team
11 involved in providing the mental or physical examination or
12 both. The multidisciplinary team shall be led by a physician
13 licensed to practice medicine in all of its branches and may
14 consist of one or more or a combination of physicians licensed
15 to practice medicine in all of its branches, licensed clinical
16 psychologists, licensed clinical social workers, licensed
17 clinical professional counselors, and other professional and
18 administrative staff. Any examining physician or member of the
19 multidisciplinary team may require any person ordered to
20 submit to an examination pursuant to this Section to submit to
21 any additional supplemental testing deemed necessary to
22 complete any examination or evaluation process, including, but
23 not limited to, blood testing, urinalysis, psychological
24 testing, or neuropsychological testing.

25 (c) The Board or the Department may order the examining
26 physician or any member of the multidisciplinary team to

1 present testimony concerning this mental or physical
2 examination of the licensee or applicant. No information,
3 report, record, or other documents in any way related to the
4 examination shall be excluded by reason of any common law or
5 statutory privilege relating to communications between the
6 licensee or applicant and the examining physician or any
7 member of the multidisciplinary team. No authorization is
8 necessary from the licensee or applicant ordered to undergo an
9 examination for the examining physician or any member of the
10 multidisciplinary team to provide information, reports,
11 records, or other documents or to provide any testimony
12 regarding the examination and evaluation.

13 (d) The person to be examined may have, at the person's own
14 expense, another physician of the person's choice present
15 during all aspects of the examination. However, that physician
16 shall be present only to observe and may not interfere in any
17 way with the examination.

18 (e) Failure of any person to submit to a mental or physical
19 examination without reasonable cause, when ordered, shall
20 result in an automatic suspension of the person's license
21 until the person submits to the examination.

22 (f) If the Department or Board finds a person unable to
23 practice because of the reasons set forth in this Section, the
24 Department or Board may require that person to submit to care,
25 counseling, or treatment by physicians approved or designated
26 by the Department or Board, as a condition, term, or

1 restriction for continued, reinstated, or renewed licensure to
2 practice; or, in lieu of care, counseling, or treatment, the
3 Department may file, or the Board may recommend to the
4 Department to file, a complaint to immediately suspend,
5 revoke, or otherwise discipline the license of the person. Any
6 person whose license was granted, continued, reinstated,
7 renewed, disciplined, or supervised subject to such terms,
8 conditions, or restrictions, and who fails to comply with such
9 terms, conditions, or restrictions, shall be referred to the
10 Secretary for a determination as to whether the person's
11 license shall be suspended immediately, pending a hearing by
12 the Department.

13 (g) All fines imposed shall be paid within 60 days after
14 the effective date of the order imposing the fine or in
15 accordance with the terms set forth in the order imposing the
16 fine.

17 In instances in which the Secretary immediately suspends a
18 person's license under this Section, a hearing on that
19 person's license must be convened by the Department within 30
20 days after the suspension and completed without appreciable
21 delay. The Department and Board shall have the authority to
22 review the subject person's record of treatment and counseling
23 regarding the impairment, to the extent permitted by
24 applicable federal statutes and regulations safeguarding the
25 confidentiality of medical records.

26 A person licensed under this Act and affected under this

1 Section shall be afforded an opportunity to demonstrate to the
2 Department or Board that the person can resume practice in
3 compliance with acceptable and prevailing standards under the
4 provisions of the person's license.

5 (h) The Department may adopt rules to implement,
6 administer, and enforce this Section ~~Public Act 102-1117~~.

10 (iii) the supervising dentist shall not supervise more
11 than 4 dental assistants at any one time for the task
12 of coronal polishing or pit and fissure sealants.

13 In addition to coronal polishing and pit and

12 examination that demonstrates competency; (III)
13 require the supervising dentist to observe and approve
14 the completion of 6 full mouth supragingival scaling
15 procedures unless the training was received as part of
16 a Commission on Dental Accreditation approved dental
17 assistant program; and (IV) issue a certificate of
18 completion of the training program, which must be kept
19 on file at the dental office and be made available to

5 (a) A person practices dental hygiene within the meaning
6 of this Act when the person performs the following acts under
7 the supervision of a dentist:

9 consisting of oral prophylactic procedures;

10 (ii) the exposure and processing of X-Ray films of the
11 teeth and surrounding structures;

12 (iii) the application to the surfaces of the teeth or
13 gums of chemical compounds designed to be desensitizing
14 agents or effective agents in the prevention of dental
15 caries or periodontal disease;

16 (iv) all services which may be performed by a dental
17 assistant as specified by rule pursuant to Section 17, and
18 a dental hygienist may engage in the placing, carving, and
19 finishing of amalgam restorations only after obtaining
20 formal education and certification as determined by the
21 Department;

22 (v) administration and monitoring of nitrous oxide
23 upon successful completion of a training program approved
24 by the Department;

25 (vi) administration of local anesthetics upon
26 successful completion of a training program approved by

1 the Department; and

2 (vii) such other procedures and acts as shall be
3 prescribed by rule or regulation of the Department.

4 (b) A dental hygienist may be employed or engaged only:

5 (1) by a dentist;

6 (2) by a federal, State, county, or municipal agency
7 or institution;

8 (3) by a public or private school; or

9 (4) by a public clinic operating under the direction
10 of a hospital or federal, State, county, municipal, or
11 other public agency or institution.

12 (c) When employed or engaged in the office of a dentist, a
13 dental hygienist may perform, under general supervision, those
14 procedures found in items (i) through (iv) of subsection (a)
15 of this Section, provided the patient has been examined by the
16 dentist within one year of the provision of dental hygiene
17 services, the dentist has approved the dental hygiene services
18 by a notation in the patient's record and the patient has been
19 notified that the dentist may be out of the office during the
20 provision of dental hygiene services.

21 (d) If a patient of record is unable to travel to a dental
22 office because of illness, infirmity, or imprisonment, a
23 dental hygienist may perform, under the general supervision of
24 a dentist, those procedures found in items (i) through (iv) of
25 subsection (a) of this Section, provided the patient is
26 located in a long-term care facility licensed by the State of

1 Illinois, a mental health or developmental disability
2 facility, or a State or federal prison. The dentist shall
3 either personally examine and diagnose the patient or utilize
4 approved teledentistry communication methods and determine
5 which services are necessary to be performed, which shall be
6 contained in an order to the hygienist and a notation in the
7 patient's record. Such order must be implemented within 45
8 days of its issuance; except when a patient is located within a
9 State or federal prison, then the order must be implemented
10 within 180 days of its issuance, and an updated medical
11 history and observation of oral conditions must be performed
12 by the hygienist immediately prior to beginning the procedures
13 to ensure that the patient's health has not changed in any
14 manner to warrant a reexamination by the dentist.

15 (e) School-based oral health care, consisting of and
16 limited to oral prophylactic procedures, sealants, and
17 fluoride treatments, may be provided by a dental hygienist
18 under the general supervision of a dentist. A dental hygienist
19 may not provide other dental hygiene treatment in a
20 school-based setting, including, but not limited to,
21 administration or monitoring of nitrous oxide or
22 administration of local anesthetics. The school-based
23 procedures may be performed provided the patient is located at
24 a public or private school and the program is being conducted
25 by a State, county, or local public health department
26 initiative or in conjunction with a dental school or dental

1 hygiene program. The dentist shall personally examine and
2 diagnose the patient and determine which services are
3 necessary to be performed, which shall be contained in an
4 order to the hygienist and a notation in the patient's record.
5 Any such order for sealants must be implemented within 120
6 days after its issuance. Any such order for oral prophylactic
7 procedures or fluoride treatments must be implemented within
8 180 days after its issuance. An updated medical history and
9 observation of oral conditions must be performed by the
10 hygienist immediately prior to beginning the procedures to
11 ensure that the patient's health has not changed in any manner
12 to warrant a reexamination by the dentist.

13 (f) Without the supervision of a dentist, a dental
14 hygienist may perform dental health education functions,
15 including instruction in proper oral health care and dental
16 hygiene in, for example, a school setting, a long-term care
17 facility, and a health fair. In addition, a dental hygienist
18 may record case histories and oral conditions observed at any
19 time prior to a clinical exam by a dentist.

20 (g) The number of dental hygienists practicing in a dental
21 office shall not exceed, at any one time, 4 times the number of
22 dentists practicing in the office at the time.

23 (h) A dental hygienist who is certified as a public health
24 dental hygienist may provide services to patients: (1) who are
25 eligible for Medicaid or (2) who are uninsured and whose
26 household income is not greater than 300% of the federal

1 poverty level. A public health dental hygienist may perform
2 oral assessments, perform screenings, and provide educational
3 and preventative services as provided in subsection (b) of
4 Section 18.1 of this Act. The public health dental hygienist
5 may not administer local anesthesia or nitrous oxide, or
6 place, carve, or finish amalgam restorations or provide
7 periodontal therapy under this exception. Each patient must
8 sign a consent form that acknowledges that the care received
9 does not take the place of a regular dental examination. The
10 public health dental hygienist must provide the patient or
11 guardian a written referral to a dentist for assessment of the
12 need for further dental care at the time of treatment. Any
13 indication or observation of a condition that could warrant
14 the need for urgent attention must be reported immediately to
15 the supervising dentist for appropriate assessment and
16 treatment.

17 (i) A dental hygienist performing procedures listed in
18 paragraphs (1) through (4) of subsection (a) of Section 17.1
19 must be under the supervision of a dentist, requiring the
20 dentist authorizes the procedure, remains in the dental
21 facility while the procedure is performed, and approves the
22 work performed by the dental hygienist before dismissal of the
23 patient, but the dentist is not required to be present at all
24 times in the treatment room.

25 (j) A dental hygienist may perform actions described in
26 paragraph (5) of subsection (a) of Section 17.1 under the

5 (Section scheduled to be repealed on January 1, 2031)

6 Sec. 18.1. Public health dental supervision
7 responsibilities.

8 (a) When working together in a public health supervision
9 relationship, dentists and public health dental hygienists
10 shall enter into a public health supervision agreement. The
11 dentist providing public health supervision must:

12 (1) be available to provide an appropriate level of
13 contact, communication, collaboration, and consultation
14 with the public health dental hygienist and must meet
15 in-person with the public health dental hygienist at least
16 quarterly for review and consultation;

17 (2) have specific standing orders or policy guidelines
18 for procedures that are to be carried out for each
19 location or program, although the dentist need not be
20 present when the procedures are being performed;

21 (3) provide for the patient's additional necessary
22 care in consultation with the public health dental
23 hygienist;

24 (4) file agreements and notifications as required; and

25 (5) include procedures for creating and maintaining

1 dental records, including protocols for transmission of
2 all records between the public health dental hygienist and
3 the dentist following each treatment, which shall include
4 a notation regarding procedures authorized by the dentist
5 and performed by the public health dental hygienist and
6 the location where those records are to be kept.

7 Each dentist and hygienist who enters into a public health
8 supervision agreement must document and maintain a copy of any
9 change or termination of that agreement.

10 Dental records shall be owned and maintained by the
11 supervising dentist for all patients treated under public
12 health supervision, unless the supervising dentist is an
13 employee of a public health clinic or federally qualified
14 health center, in which case the public health clinic or
15 federally qualified health center shall maintain the records.

16 If a dentist ceases to be employed or contracted by the
17 facility, the dentist shall notify the facility administrator
18 that the public health supervision agreement is no longer in
19 effect. A new public health supervision agreement is required
20 for the public health dental hygienist to continue treating
21 patients under public health supervision.

22 A dentist entering into an agreement under this Section
23 may supervise and enter into agreements for public health
24 supervision with 4 public health dental hygienists. This shall
25 be in addition to the limit of 4 dental hygienists per dentist
26 set forth in subsection (g) of Section 18 of this Act.

1 (b) A public health dental hygienist providing services
2 under public health supervision may perform only those duties
3 within the accepted scope of practice of dental hygiene, as
4 follows:

5 (1) the operative procedures of dental hygiene,
6 consisting of oral prophylactic procedures, including
7 prophylactic cleanings, application of fluoride, and
8 placement of sealants;

9 (2) the exposure and processing of x-ray films of the
10 teeth and surrounding structures; and

11 (3) such other procedures and acts as shall be
12 prescribed by rule of the Department.

13 Any patient treated under this subsection (b) must be
14 examined by a dentist before additional services can be
15 provided by a public health dental hygienist. However, if the
16 supervising dentist, after consultation with the public health
17 hygienist, determines that time is needed to complete an
18 approved treatment plan on a patient eligible under this
19 Section, then the dentist may instruct the hygienist to
20 complete the remaining services prior to an oral examination
21 by the dentist. Such instruction by the dentist to the
22 hygienist shall be noted in the patient's records. Any
23 services performed under this exception must be scheduled in a
24 timely manner and shall not occur more than 30 days after the
25 first appointment date.

26 (c) A public health dental hygienist providing services

1 under public health supervision must:

2 (1) provide to the patient, parent, or guardian a
3 written plan for referral or an agreement for follow-up
4 that records all conditions observed that should be called
5 to the attention of a dentist for proper diagnosis;

6 (2) have each patient sign a permission slip or
7 consent form that informs them that the service to be
8 received does not take the place of regular dental
9 checkups at a dental office and is meant for people who
10 otherwise would not have access to the service;

11 (3) inform each patient who may require further dental
12 services of that need;

13 (4) maintain an appropriate level of contact and
14 communication with the dentist providing public health
15 supervision; and

16 (5) complete an additional 4 hours of continuing
17 education in areas specific to public health dentistry
18 yearly.

19 (d) Each public health dental hygienist who has rendered
20 services under subsections (c), (d), and (e) of this Section
21 must complete a summary report at the completion of a program
22 or, in the case of an ongoing program, at least annually. The
23 report must be completed in the manner specified by the
24 Department of Public Health Oral Health Section including
25 information about each location where the public health dental
26 hygienist has rendered these services. The public health

1 dental hygienist must submit the form to the dentist providing
2 supervision for the dentist's signature before sending it to
3 the Division. The Department of Public Health Oral Health
4 Section shall compile and publicize public health dental
5 hygienist service data annually.

6 (e) Public health dental hygienists providing services
7 under public health supervision may be compensated for their
8 work by salary, honoraria, and other mechanisms by the
9 employing or sponsoring entity. Nothing in this Act shall
10 preclude the entity that employs or sponsors a public health
11 dental hygienist from seeking payment, reimbursement, or other
12 source of funding for the services provided.

13 (e-5) A patient who is provided services under a
14 supervision agreement by a public health dental hygienist as
15 described in this Section does not need to receive a physical
16 examination from a dentist prior to treatment if the public
17 health dental hygienist consults with the supervising dentist
18 prior to performing the teledentistry service.

21 prepared and furnished by the Department, and shall set

5 among other things, ~~the~~ the extent to which the applicant will
6 bring unique experience and skills to the State of Illinois or
7 the extent to which there is or is not available to the
8 Department authentic and definitive information concerning the
9 quality of medical education and clinical training which the
10 applicant has had. Under no circumstances shall a license be
11 issued under the provisions of this Section to any person who
12 has previously taken and failed the written examination
13 conducted by the Department for such license. In the exercise
14 of its discretion under this Section, the Department may
15 require an applicant to successfully complete an examination

24 or take any other disciplinary action as the Department may
25 deem proper, with regard to a license on any of the foregoing
26 grounds, must be commenced within 5 years next after receipt

2 notice of the conviction order for any of the acts described
3 herein. Except for the grounds numbered (8), (9), (26), and
4 (29), no action shall be commenced more than 10 years after the
5 date of the incident or act alleged to have violated this
6 Section. For actions involving the ground numbered (26), a
7 pattern of practice or other behavior includes all incidents
8 alleged to be part of the pattern of practice or other behavior
9 that occurred, or a report pursuant to Section 23 of this Act
10 received, within the 10-year period preceding the filing of
11 the complaint. In the event of the settlement of any claim or
12 cause of action in favor of the claimant or the reduction to
13 final judgment of any civil action in favor of the plaintiff,
14 such claim, cause of action, or civil action being grounded on
15 the allegation that a person licensed under this Act was
16 negligent in providing care, the Department shall have an
17 additional period of 2 years from the date of notification to
18 the Department under Section 23 of this Act of such settlement
19 or final judgment in which to investigate and commence formal
20 disciplinary proceedings under Section 36 of this Act, except
21 as otherwise provided by law. The time during which the holder
22 of the license was outside the State of Illinois shall not be
23 included within any period of time limiting the commencement
24 of disciplinary action by the Department.

25 The entry of an order or judgment by any circuit court
26 establishing that any person holding a license under this Act

1 is a person in need of mental treatment operates as a
2 suspension of that license. That person may resume his or her
3 practice only upon the entry of a Departmental order based
4 upon a finding by the Medical Board that the person has been
5 determined to be recovered from mental illness by the court
6 and upon the Medical Board's recommendation that the person be
7 permitted to resume his or her practice.

8 The Department may refuse to issue or take disciplinary
9 action concerning the license of any person who fails to file a
10 return, or to pay the tax, penalty, or interest shown in a
11 filed return, or to pay any final assessment of tax, penalty,
12 or interest, as required by any tax Act administered by the
13 Illinois Department of Revenue, until such time as the
14 requirements of any such tax Act are satisfied as determined
15 by the Illinois Department of Revenue.

16 The Department, upon the recommendation of the Medical
17 Board, shall adopt rules which set forth standards to be used
18 in determining:

19 (a) when a person will be deemed sufficiently
20 rehabilitated to warrant the public trust;

21 (b) what constitutes dishonorable, unethical, or
22 unprofessional conduct of a character likely to deceive,
23 defraud, or harm the public;

24 (c) what constitutes immoral conduct in the commission
25 of any act, including, but not limited to, commission of
26 an act of sexual misconduct related to the licensee's

1 practice; and

2 (d) what constitutes gross negligence in the practice
3 of medicine.

4 However, no such rule shall be admissible into evidence in
5 any civil action except for review of a licensing or other
6 disciplinary action under this Act.

7 In enforcing this Section, the Medical Board, upon a
8 showing of a possible violation, may compel any individual who
9 is licensed to practice under this Act or holds a permit to
10 practice under this Act, or any individual who has applied for
11 licensure or a permit pursuant to this Act, to submit to a
12 mental or physical examination and evaluation, or both, which
13 may include a substance abuse or sexual offender evaluation,
14 as required by the Medical Board and at the expense of the
15 Department. The Medical Board shall specifically designate the
16 examining physician licensed to practice medicine in all of
17 its branches or, if applicable, the multidisciplinary team
18 involved in providing the mental or physical examination and
19 evaluation, or both. The multidisciplinary team shall be led
20 by a physician licensed to practice medicine in all of its
21 branches and may consist of one or more or a combination of
22 physicians licensed to practice medicine in all of its
23 branches, licensed chiropractic physicians, licensed clinical
24 psychologists, licensed clinical social workers, licensed
25 clinical professional counselors, and other professional and
26 administrative staff. Any examining physician or member of the

1 multidisciplinary team may require any person ordered to
2 submit to an examination and evaluation pursuant to this
3 Section to submit to any additional supplemental testing
4 deemed necessary to complete any examination or evaluation
5 process, including, but not limited to, blood testing,
6 urinalysis, psychological testing, or neuropsychological
7 testing. The Medical Board or the Department may order the
8 examining physician or any member of the multidisciplinary
9 team to provide to the Department or the Medical Board any and
10 all records, including business records, that relate to the
11 examination and evaluation, including any supplemental testing
12 performed. The Medical Board or the Department may order the
13 examining physician or any member of the multidisciplinary
14 team to present testimony concerning this examination and
15 evaluation of the licensee, permit holder, or applicant,
16 including testimony concerning any supplemental testing or
17 documents relating to the examination and evaluation. No
18 information, report, record, or other documents in any way
19 related to the examination and evaluation shall be excluded by
20 reason of any common law or statutory privilege relating to
21 communication between the licensee, permit holder, or
22 applicant and the examining physician or any member of the
23 multidisciplinary team. No authorization is necessary from the
24 licensee, permit holder, or applicant ordered to undergo an
25 evaluation and examination for the examining physician or any
26 member of the multidisciplinary team to provide information,

1 reports, records, or other documents or to provide any
2 testimony regarding the examination and evaluation. The
3 individual to be examined may have, at his or her own expense,
4 another physician of his or her choice present during all
5 aspects of the examination. Failure of any individual to
6 submit to mental or physical examination and evaluation, or
7 both, when directed, shall result in an automatic suspension,
8 without hearing, until such time as the individual submits to
9 the examination. If the Medical Board finds a physician unable
10 to practice following an examination and evaluation because of
11 the reasons set forth in this Section, the Medical Board shall
12 require such physician to submit to care, counseling, or
13 treatment by physicians, or other health care professionals,
14 approved or designated by the Medical Board, as a condition
15 for issued, continued, reinstated, or renewed licensure to
16 practice. Any physician, whose license was granted pursuant to
17 Section 9, 17, or 19 of this Act, or, continued, reinstated,
18 renewed, disciplined, or supervised, subject to such terms,
19 conditions, or restrictions who shall fail to comply with such
20 terms, conditions, or restrictions, or to complete a required
21 program of care, counseling, or treatment, as determined by
22 the Chief Medical Coordinator or Deputy Medical Coordinators,
23 shall be referred to the Secretary for a determination as to
24 whether the licensee shall have his or her license suspended
25 immediately, pending a hearing by the Medical Board. In
26 instances in which the Secretary immediately suspends a

1 license under this Section, a hearing upon such person's
2 license must be convened by the Medical Board within 15 days
3 after such suspension and completed without appreciable delay.
4 The Medical Board shall have the authority to review the
5 subject physician's record of treatment and counseling
6 regarding the impairment, to the extent permitted by
7 applicable federal statutes and regulations safeguarding the
8 confidentiality of medical records.

9 An individual licensed under this Act, affected under this
10 Section, shall be afforded an opportunity to demonstrate to
11 the Medical Board that he or she can resume practice in
12 compliance with acceptable and prevailing standards under the
13 provisions of his or her license.

14 The Medical Board, in determining mental capacity of an
15 individual licensed under this Act, shall consider the latest
16 recommendations of the Federation of State Medical Boards.

17 The Department may promulgate rules for the imposition of
18 fines in disciplinary cases, not to exceed \$10,000 for each
19 violation of this Act. Fines may be imposed in conjunction
20 with other forms of disciplinary action, but shall not be the
21 exclusive disposition of any disciplinary action arising out
22 of conduct resulting in death or injury to a patient. Any funds
23 collected from such fines shall be deposited in the Illinois
24 State Medical Disciplinary Fund.

25 All fines imposed under this Section shall be paid within
26 60 days after the effective date of the order imposing the fine

1 or in accordance with the terms set forth in the order imposing
2 the fine.

3 (B) The Department shall revoke the license or permit
4 issued under this Act to practice medicine of a chiropractic
5 physician who has been convicted a second time of committing
6 any felony under the Illinois Controlled Substances Act or the
7 Methamphetamine Control and Community Protection Act, or who
8 has been convicted a second time of committing a Class 1 felony
9 under Sections 8A-3 and 8A-6 of the Illinois Public Aid Code. A
10 person whose license or permit is revoked under this
11 subsection (B) shall be prohibited from practicing medicine or
12 treating human ailments without the use of drugs and without
13 operative surgery.

14 (C) The Department shall not revoke, suspend, place on
15 probation, reprimand, refuse to issue or renew, or take any
16 other disciplinary or non-disciplinary action against a
17 person's authorization to practice under this Act:

18 (1) based solely upon the recommendation of the person
19 to an eligible patient regarding, or prescription for, or
20 treatment with, an investigational drug, biological
21 product, or device;

22 (2) for experimental treatment for Lyme disease or
23 other tick-borne diseases, including, but not limited to,
24 the prescription of or treatment with long-term
25 antibiotics;

26 (3) based solely upon the person providing,

1 authorizing, recommending, aiding, assisting, referring
2 for, or otherwise participating in any health care
3 service, so long as the care was not unlawful under the
4 laws of this State, regardless of whether the patient was
5 a resident of this State or another state; or

6 (4) based upon the person's license, registration, or
7 permit being revoked or suspended, or the person being
8 otherwise disciplined, by any other state if that
9 revocation, suspension, or other form of discipline was
10 based solely on the person violating another state's laws
11 prohibiting the provision of, authorization of,
12 recommendation of, aiding or assisting in, referring for,
13 or participation in any health care service if that health
14 care service as provided would not have been unlawful
15 under the laws of this State and is consistent with the
16 applicable standard of conduct for the person practicing
17 in Illinois under this Act.

18 (D) (Blank).

19 (E) The conduct specified in subsection (C) shall not
20 trigger reporting requirements under Section 23, constitute
21 grounds for suspension under Section 25, or be included on the
22 physician's profile required under Section 10 of the Patients'
23 Right to Know Act.

24 (F) An applicant seeking licensure, certification, or
25 authorization pursuant to this Act and who has been subject to
26 disciplinary action by a duly authorized professional

1 disciplinary agency of another jurisdiction solely on the
2 basis of having provided, authorized, recommended, aided,
3 assisted, referred for, or otherwise participated in health
4 care shall not be denied such licensure, certification, or
5 authorization, unless the Department determines that the
6 action would have constituted professional misconduct in this
7 State; however, nothing in this Section shall be construed as
8 prohibiting the Department from evaluating the conduct of the
9 applicant and making a determination regarding the licensure,
10 certification, or authorization to practice a profession under
11 this Act.

12 (G) The Department may adopt rules to implement,
13 administer, and enforce this Section ~~Public Act 102-1117~~.

18 Sec. 27. It is unlawful and punishable under Section 59
19 for any person licensed under this Act to knowingly advertise
20 that the licensee will accept as payment for services rendered
21 by assignment from any third-party ~~third-party~~ payor the
22 amount the third-party ~~third-party~~ payor covers as payment in
23 full, if the effect is to give the impression of eliminating

20 Section 650. The Highway Advertising Control Act of 1971
21 is amended by changing Section 8 as follows:

22 (225 ILCS 440/8) (from Ch. 121, par. 508)

1 Sec. 8. Within 90 days of July 1, 1972, or the owner being
2 notified of a new controlled route subject to this Act being
3 added, each sign, except signs described by Sections 4.01,
4 4.02, and 4.03, must be registered with the Department by the
5 owner of the sign, on forms obtained from the Department.
6 Within 90 days after October 1, 1975 (the effective date of
7 Public Act 79-1009) ~~this amendatory Act of 1975~~, each sign
8 located beyond 660 feet of the right-of-way located outside of
9 urban areas, visible from the main-traveled way of the highway
10 and erected with the purpose of the message being read from
11 such traveled way, must be registered with the Department by
12 the owner of the sign on forms obtained from the Department.
13 The Department shall adopt rules specifying the standards for
14 such registration, which may require reasonable information to
15 be furnished, including, but not limited to, the name of the
16 owner of the land on which the sign is located and a statement
17 that the owner has consented to the erection or maintenance of
18 the sign. Registration must be made of each sign and shall be
19 accompanied by a registration fee of \$5.

20 No sign, except signs described by Sections 4.01, 4.02,
21 and 4.03, may be erected after July 1, 1972 (the effective date
22 of this Act) without first obtaining a permit from the
23 Department. The application for permit shall be on a form
24 provided by the Department and shall contain such information
25 as the Department may reasonably require. Upon receipt of an
26 application and upon payment of the fee required under this

1 Section, the Department then issues a permit to the applicant
2 for the erection of the sign, provided such sign will not
3 violate any provision of this Act. The Department shall have
4 up to 45 days to complete its review and approve the permit
5 application or notify the applicant of any and all
6 deficiencies necessary for the Department's approval. The
7 applicant shall then have 45 days to correct the noted
8 deficiencies, and the Department shall have 30 days from
9 receipt of the notice of corrected deficiencies to make a
10 final determination. If the application for permit has been
11 denied, written notice of the decision shall cite the specific
12 federal law, State law, Illinois Administrative Code section,
13 or Code of Federal Regulations section related to the denial
14 and state in detail why the application was denied. The
15 application fee shall be as follows:

18 feet, \$100; and

19 (3) for signs of 300 or more square feet, \$200.

20 If a permit application is for a sign within an area
21 subject to the Airport Zoning Act, the Department shall notify
22 the applicant in writing that the review process will exceed
23 the timelines set forth in the Section. Notwithstanding, the
24 Department shall complete its own review of the permit
25 application pending approval under the Airport Zoning Act.

26 In determining the appropriateness of issuing a permit for

1 a municipal network sign, the Department shall waive any
2 provision or requirement of this Act or administrative rule
3 adopted under the authority of this Act to the extent that the
4 waiver does not contravene the federal Highway Beautification
5 Act of 1965, 23 U.S.C. 131, and the regulations promulgated
6 under that Act by the Secretary of the United States
7 Department of Transportation. Any municipal network sign
8 applications pending on May 1, 2013 that are not affected by
9 compliance with the federal Highway Beautification Act of 1965
10 shall be issued within 10 days after July 5, 2013 (the
11 effective date of Public Act 98-56) ~~this amendatory Act of the~~
12 ~~98th General Assembly~~. The determination of the balance of
13 pending municipal network sign applications and issuance of
14 approved permits shall be completed within 30 days after July
15 5, 2013 (the effective date of Public Act 98-56) ~~this~~
16 ~~amendatory Act of the 98th General Assembly~~. To the extent
17 that the Secretary of the United States Department of
18 Transportation or any court finds any permit granted pursuant
19 to such a waiver to be inconsistent with or preempted by the
20 federal Highway Beautification Act of 1965, 23 U.S.C. 131, and
21 the regulations promulgated under that Act, that permit shall
22 be void.

23 Upon change of ownership of a sign permit or sign
24 registration, the new owner of the sign permit or sign
25 registration shall notify the Department to confirm the change
26 of ownership and supply the necessary information in writing

1 or on a form provided by the Department to transfer the permit
2 or registration for such sign at no cost within 120 days after
3 the change of ownership. The Department shall acknowledge to
4 the new sign owner, in writing or by electronic communication,
5 the receipt of such request within 14 calendar days after
6 receiving the necessary information and shall complete the
7 transfer and record the transferee as the new owner within 60
8 days after receiving the necessary information. Failure of the
9 new sign owner to submit the necessary information to transfer
10 the name of sign ownership on a sign permit within 120 calendar
11 days may subject the permit to revocation. The Department
12 shall issue a notice to the sign owner of failure to notify and
13 inform the transferee of ownership that the transferee has 30
14 calendar days from receipt of notice to provide the necessary
15 information required for the transfer of ownership.

16 Owners of registered signs shall be issued an identifying
17 tag, which must remain securely affixed to the front face of
18 the sign or sign structure in a conspicuous position by the
19 owner within 60 days after receipt of the tag; owners of signs
20 erected by permit shall be issued an identifying tag which
21 must remain securely affixed to the front face of the sign or
22 sign structure in a conspicuous position by the owner upon
23 completion of the sign erection or within 10 days after
24 receipt of the tag, whichever is ~~the~~ later.

25 When a sign owner intends to upgrade an existing legally
26 ~~legal~~ permitted sign to a multiple message sign with a digital

1 display, the Department shall not require a new sign permit. A
2 permit addendum application requesting authorization for the
3 upgrade shall be made on a form provided by the Department and
4 shall be accompanied by a \$200 fee, which shall not be subject
5 to return upon rejection of the permit addendum application.
6 As part of the permit addendum application, the Department
7 shall not require a new land survey or other documentation
8 that has previously been submitted and approved and is on file
9 for the existing permit of the legally ~~legal~~ permitted sign.
10 Upon receipt of the permit addendum application, the
11 Department shall have up to 30 days to complete its initial
12 review and either approve the addendum to the existing permit
13 or notify the applicant of any and all deficiencies necessary
14 for the Department's approval. The applicant shall have 30
15 days to correct the noted deficiencies, upon which the
16 Department shall have 30 days after receipt of the notice of
17 corrected deficiencies to make a final determination. If the
18 permit application addendum is denied, written notice of the
19 decision shall cite the specific federal law, State law,
20 Illinois Administrative Code section, or Code of Federal
21 Regulations section related to the denial and state in detail
22 why the application was denied. For purposes of this Section,
23 legal nonconforming sign structures are not eligible for this
24 upgrade.

25 A person aggrieved by any action of the Department in
26 denying an application, revoking a permit or registration, or

1 failing to act upon any permit within the designated time
2 limit under this Act or the rules adopted by the Department may
3 appeal such action to the Department. The appeal shall be
4 filed within 30 days after receipt of the notice of denial or
5 revocation or 30 days after the expiration of any deadline for
6 action by the Department. Proceedings for the appeal shall
7 commence within 30 days after the receipt of the appeal
8 request unless the time limit is extended by agreement of the
9 parties or granted by the administrative law judge upon a
10 showing of good cause. If an appeal is filed due to the
11 Department's failure to act upon a permit or other request
12 within the designated time limit, the application or other
13 request for action shall be denied and any other determination
14 shall be adverse to the party seeking a decision under the Act.
15 The record that is reviewed in cases of the Department's

24 (Section scheduled to be repealed on January 1, 2027)

25 Sec. 15-15. Investigation; notice; hearing.

1 (a) Upon the motion of the Department or the Board or upon
2 a complaint in writing of a person setting forth facts that, if
3 proven, would constitute grounds for suspension, revocation,
4 or other disciplinary action, the Department shall investigate
5 the actions or qualifications of any person who is a licensee,
6 applicant for licensure, unlicensed person, person rendering
7 or offering to render appraisal services, or person holding or
8 claiming to hold a license under this Act. If, upon
9 investigation, the Department believes that there may be cause
10 for suspension, revocation, or other disciplinary action, the
11 Department shall use the services of a State certified general
12 real estate appraiser, a State certified residential real
13 estate appraiser, or the Coordinator to assist in determining
14 whether grounds for disciplinary action exist prior to
15 commencing formal disciplinary proceedings.

16 (b) Formal disciplinary proceedings shall commence upon
17 the issuance of a written complaint describing the charges
18 that are the basis of the disciplinary action and delivery of
19 the detailed complaint to the address of record of the person
20 charged. For an associate real estate trainee appraiser, a
21 copy shall also be sent to the licensee's supervising
22 appraiser of record. The Department shall notify the person to
23 file a verified written answer within 20 days after the
24 service of the notice and complaint. The notification shall
25 inform the person of the right to be heard in person or by
26 legal counsel; that the hearing will be afforded not sooner

1 than 20 days after service of the complaint; that failure to
2 file an answer will result in a default being entered against
3 the person; that the license may be suspended, revoked, or
4 placed on probationary status; and that other disciplinary
5 action may be taken pursuant to this Act, including limiting
6 the scope, nature, or extent of the licensee's practice. If
7 the person fails to file an answer after service of notice, the
8 respective license may, at the discretion of the Department,
9 be suspended, revoked, or placed on probationary status and
10 the Department may take whatever disciplinary action it deems
11 proper, including limiting the scope, nature, or extent of the
12 person's practice, without a hearing.

13 (c) At the time and place fixed in the notice, the Board
14 shall conduct a hearing of the charges, providing both the
15 person charged and the complainant ample opportunity to
16 present in person or by counsel such statements, testimony,
17 evidence, and argument as may be pertinent to the charges or to
18 a defense thereto.

19 (d) The Board shall present to the Secretary a written
20 report of its findings of fact and recommendations. A copy of
21 the report shall be served upon the person either by mail or,
22 at the discretion of the Department, by electronic means. For
23 associate real estate trainee appraisers, a copy shall also be
24 sent to the licensee's supervising appraiser of record. Within
25 20 days after the service, the person may present the
26 Secretary with a motion in writing for a rehearing and shall

1 specify the particular grounds for the request. If the person
2 orders a transcript of the record as provided in this Act, the
3 time elapsing thereafter and before the transcript is ready
4 for delivery to the person shall not be counted as part of the
5 20 days. If the Secretary is not satisfied that substantial
6 justice has been done, the Secretary may order a rehearing by
7 the Board or other special committee appointed by the
8 Secretary, may remand the matter to the Board for its
9 reconsideration of the matter based on the pleadings and
10 evidence presented to the Board, or may enter a final order in
11 contravention of the Board's recommendation. Notwithstanding a
12 person's failure to file a motion for rehearing, the Secretary
13 shall have the right to take any of the actions specified in
14 this subsection (d). Upon the suspension or revocation of a
15 license, the licensee shall be required to surrender the
16 respective license to the Department, and upon failure or
17 refusal to do so, the Department shall have the right to seize
18 the license.

19 (e) The Department has the power to issue subpoenas and
20 subpoenas duces tecum to bring before it any person in this
21 State, to take testimony, or to require production of any
22 records relevant to an inquiry or hearing by the Board in the
23 same manner as prescribed by law in judicial proceedings in
24 the courts of this State. In a case of refusal of a witness to
25 attend, testify, or to produce books or papers concerning a
26 matter upon which the witness might be lawfully examined, the

1 circuit court of the county where the hearing is held, upon
2 application of the Department or any party to the proceeding,
3 may compel obedience by proceedings as for contempt.

4 (f) Any license that is revoked may not be restored for a
5 minimum period of 3 years.

6 (g) In addition to the provisions of this Section
7 concerning the conduct of hearings and the recommendations for
8 discipline, the Department has the authority to negotiate
9 disciplinary and non-disciplinary settlement agreements
10 concerning any license issued under this Act. All such
11 agreements shall be recorded as Consent Orders or Consent to
12 Administrative Supervision Orders.

13 (h) The Secretary shall have the authority to appoint an
14 attorney duly licensed to practice law in the State of
15 Illinois to serve as the hearing officer in any action to
16 suspend, revoke, or otherwise discipline any license issued by
17 the Department. The hearing officer ~~Hearing Officer~~ shall have
18 full authority to conduct the hearing.

19 (i) The Department, at its expense, shall preserve a
20 record of all formal hearings of any contested case involving
21 the discipline of a license. At all hearings or pre-hearing
22 conferences, the Department and the licensee shall be entitled
23 to have the proceedings transcribed by a certified shorthand
24 reporter. A copy of the transcribed proceedings shall be made
25 available to the licensee by the certified shorthand reporter
26 upon payment of the prevailing contract copy rate.

13 Section 680. The Private Employment Agency Act is amended
14 by changing Sections 1.5 and 10 as follows:

15 (225 ILCS 515/1.5)

16 Sec. 1.5. Application for license; application fees;
17 disclosure of fees, charges, and commissions; investigation of
18 applicants; renewal of license; changes in structure and
19 management of licensees.

20 (a) The applicant for a license shall furnish to the
21 Department the following:

22 (1) An affidavit stating that he has never been a
23 party to any fraud, has no jail or prison record, belongs
24 to no subversive societies, is of good moral character,

1 has business integrity, and is financially responsible. In
2 determining moral character and qualification for
3 licensing, the Department may take into consideration any
4 criminal conviction of the applicant, but such a
5 conviction shall not operate as a bar to licensing.

6 (2) A completed application, on a form provided by the
7 Department, that includes the name of the person,
8 corporation, or other entity applying for the license; the
9 location at which the person intends to conduct business;
10 the type of employment services provided; and a disclosure
11 of any other pecuniary interests held by the entity
12 applying for the license.

13 (3) An application fee. The Director shall adopt rules
14 to establish a schedule of fees for application for a
15 license. The application fee is nonrefundable.

16 (4) A schedule of fees, charges, and commissions,
17 which the employment agency intends to charge and collect
18 for its services, together with a copy of all forms and
19 contracts that the agency intends to be used in the
20 operation of the agency. Such schedule of fees, charges,
21 and commissions may thereafter be changed by filing with
22 the Department an amended or supplemental schedule showing
23 such changes at least 15 days before such change is to
24 become effective. Any change in forms or contracts must be
25 filed with the Department of Labor at least 15 days before
26 such change is going to become effective. Such schedule of

1 fees to be charged shall be posted in a conspicuous place
2 in each room of such an agency where applicants are
3 interviewed, in not less than 30 point bold-faced type.
4 Agencies which deal exclusively with employer-paid
5 ~~employer-paid~~ fees shall not be required to post said
6 schedule of fees. The Department may by rule require
7 contracts to contain definitions of terms used in such
8 contracts to eliminate ambiguity.

9 It shall be unlawful for any employment agency to charge,
10 collect, or receive a greater compensation for any service
11 performed by it than is specified in the schedule filed with
12 the Department. It shall be unlawful for any employment agency
13 to collect or attempt to collect any compensation for any
14 service not specified in the schedule of fees filed with the
15 Department.

16 (b) Upon the filing of such application and supporting
17 documentation, the Department shall cause an investigation to
18 be made as to the character and the business integrity and

20 in the application. The application shall be rejected if the
21 Department finds that any of the persons named in the
22 application fail to demonstrate good moral character, business
23 integrity and financial responsibility, or if there is any
24 good and sufficient reason within the meaning and purpose of
25 this Act for rejecting such application. Unless the
26 application shall be rejected for one or more of the causes

1 specified above, it shall be granted. A detailed report of
2 such investigation and the action taken thereon shall be made
3 in writing, signed by the investigator, and become a part of
4 the official records of the Department. When, at the time of
5 filing the application, the applicant or any person mentioned
6 in the application is employed as an employment counselor by a
7 licensed employment agency in this State, the Department shall
8 notify the agency of this fact.

9 (c) Once issued, a license may be renewed annually by
10 furnishing the Department the required application fee, a
11 letter from a surety stating that a sufficient bond is in
12 force, and other documents necessary to complete the renewal.
13 Failure to renew a license at its expiration date shall cause
14 the license to lapse and it may only be reinstated by a new
15 application.

16 (d) No license shall be transferable ~~transferrable~~, but a
17 licensee may, with the approval of the Department, make
18 changes in the structure of the business entity operating the
19 agency, but no licensee shall permit any person not mentioned
20 in the original application for a license to become a partner
21 if such agency is a partnership, or an officer of the
22 corporation if such agency is a corporation, unless the
23 written consent of the Department of Labor shall first be
24 obtained. Such consent may be withheld for any reason for
25 which an original application might have been rejected, if the
26 person in question had been mentioned therein. No such change

1 shall be permitted until the written consent of the surety or
2 sureties on the bond required to be filed by Section 2 of this
3 Act, to such change, is filed with the original bond. The
4 Department shall be notified immediately of any change in the
5 management of the agency so that at all times the identity of
6 the person charged with the general management of the agency
7 shall be known by the Department. A licensee may promote
8 persons within its agency or change the titles and duties of
9 existing agency personnel, other than the general manager,
10 without notice to the Department.

4 provision of this Section shall be a Class A misdemeanor.

6 fraudulent or misleading notice or advertisement of its
7 employment agencies by means of cards, circulars, or signs, or
8 in newspapers or other publications; and all letterheads,
9 receipts, and blanks shall contain the full name and address
10 of the employment agency and licensee shall state in all
11 notices and advertisements the fact that licensee is, or
12 conducts, a private employment agency.

13 No licensee shall print, publish, or paint on any sign or
14 window, or insert in any newspaper or publication, a name
15 similar to that of the Illinois Public Employment Office.

16 No licensee shall print or stamp on any receipt or on any
17 contract used by that agency any part of this Act, unless the
18 entire Section from which that part is taken is printed or
19 stamped thereon.

20 All written communications sent out by any licensee,
21 directly or indirectly, to any person or firm with regard to
22 employees or employment shall contain therein definite
23 information that such person is a private employment agency.

25 any false or misleading information, or make any false or
26 misleading promise to any applicant who shall apply for

16 store as a secondary contact on the microchip.

17 (a-5) All dogs and cats shall be microchipped by a pet shop
18 operator prior to sale.

19 (b) The information required in subsection (a) shall be
20 provided to the customer in written form by the pet shop
21 operator and shall have an acknowledgment ~~acknowledgement~~ of
22 disclosures form, which must be signed by the customer and the
23 pet shop operator at the time of sale. The acknowledgment
24 ~~acknowledgement~~ of disclosures form shall include the
25 following:

26 (1) A blank space for the dated signature and printed

1 name of the pet shop operator, which shall be immediately

12 (c) A copy of the disclosures and the signed
13 acknowledgment ~~acknowledgement~~ of disclosures form shall be

17 operator's policy regarding warranties, refunds, or returns
18 shall be provided to the customer.

19 (d) A pet shop operator shall post in writing on the cage
20 of any dog or cat available for sale the information required
21 by subsection (a) of this Section 3.15.

22 (e) If there is an outbreak of distemper, parvovirus, or
23 any other contagious and potentially life-threatening disease,
24 the pet shop operator shall notify the Department immediately
25 upon becoming aware of the disease. If the Department issues a
26 quarantine, the pet shop operator shall notify, in writing and

1 within 2 business days of the quarantine, each customer who
2 purchased a dog or cat during the 2-week period prior to the
3 outbreak and quarantine.

4 (f) A customer who purchased a dog or cat from a pet shop
5 is entitled to a remedy under this Section if:

6 (1) within 21 days after the date of sale, a licensed
7 veterinarian states in writing that at the time of sale

8 (A) the dog or cat was unfit for purchase due to illness or
9 disease, the presence of symptoms of a contagious or
10 infectious disease, or obvious signs of severe parasitism
11 that are extreme enough to influence the general health of
12 the animal, excluding fleas or ticks, or (B) the dog or cat
13 has died from a disease that existed in the dog or cat on
14 or before the date of delivery to the customer; or

15 (2) within one year after the date of sale, a licensed
16 veterinarian states in writing that the dog or cat
17 possesses a congenital or hereditary condition that
18 adversely affects the health of the dog or cat or requires
19 either hospitalization or a non-elective surgical
20 procedure or has died of a congenital or hereditary
21 condition. Internal or external parasites may not be
22 considered to adversely affect the health of the dog
23 unless the presence of the parasites makes the dog or cat
24 clinically ill. The veterinarian's statement shall
25 include:

26 (A) the customer's name and address;

1 (B) a statement that the veterinarian examined the
2 dog or cat;

3 (C) the date or dates that the dog or cat was
4 examined;

5 (D) the breed and age of the dog or cat, if known;

6 (E) a statement that the dog or cat has or had a
7 disease, illness, or congenital or hereditary
8 condition that is subject to remedy; and

9 (F) the findings of the examination or necropsy,
10 including any lab results or copies of the results.

11 (g) A customer entitled to a remedy under subsection (f)
12 of this Section may:

13 (1) return the dog or cat to the pet shop for a full
14 refund of the purchase price;

15 (2) exchange the dog or cat for another dog or cat of
16 comparable value chosen by the customer;

17 (3) retain the dog or cat and be reimbursed for
18 reasonable veterinary fees for diagnosis and treatment of
19 the dog or cat, not to exceed the purchase price of the dog
20 or cat; or

21 (4) if the dog or cat is deceased, be reimbursed for
22 the full purchase price of the dog or cat plus reasonable
23 veterinary fees associated with the diagnosis and
24 treatment of the dog or cat, not to exceed one times the
25 purchase price of the dog or cat.

26 For the purposes of this subsection (g), veterinary fees

1 shall be considered reasonable if (i) the services provided
2 are appropriate for the diagnosis and treatment of the
3 disease, illness, or congenital or hereditary condition and
4 (ii) the cost of the services is comparable to that charged for
5 similar services by other licensed veterinarians located in
6 close proximity to the treating veterinarian.

7 (h) Unless the pet shop contests a reimbursement required
8 under subsection (g) of this Section, the reimbursement shall
9 be made to the customer no later than 10 business days after
10 the pet shop operator receives the veterinarian's statement
11 under subsection (f) of this Section.

12 (i) To obtain a remedy under this Section, a customer
13 shall:

14 (1) notify the pet shop as soon as reasonably possible
15 and not to exceed 3 business days after a diagnosis by a
16 licensed veterinarian of a disease, illness, or congenital
17 or hereditary condition of the dog or cat for which the
18 customer is seeking a remedy;

19 (2) provide to the pet shop a written statement
20 provided for under subsection (f) of this Section by a
21 licensed veterinarian within 5 business days after a
22 diagnosis by the veterinarian;

23 (3) upon request of the pet shop, take the dog or cat
24 for an examination by a second licensed veterinarian; the
25 customer may either choose the second licensed
26 veterinarian or allow the pet shop to choose the second

1 veterinarian, if the pet shop agrees to do so. The party
2 choosing the second veterinarian shall assume the cost of
3 the resulting examination; and

4 (4) if the customer requests a reimbursement of
5 veterinary fees, provide to the pet shop an itemized bill
6 for the disease, illness, or congenital or hereditary
7 condition of the dog or cat for which the customer is
8 seeking a remedy.

9 (j) A customer is not entitled to a remedy under this
10 Section if:

11 (1) the illness or death resulted from: (A)
12 maltreatment or neglect by the customer; (B) an injury
13 sustained after the delivery of the dog or cat to the
14 customer; or (C) an illness or disease contracted after
15 the delivery of the dog or cat to the customer;

16 (2) the customer does not carry out the recommended
17 treatment prescribed by the veterinarian who made the
18 diagnosis; or

19 (3) the customer does not return to the pet shop all
20 documents provided to register the dog or cat, unless the
21 documents have already been sent to the registry
22 organization.

23 (k) A pet shop may contest a remedy under this Section by
24 having the dog or cat examined by a second licensed
25 veterinarian pursuant to paragraph (3) of subsection (i) of
26 this Section if the dog or cat is still living. If the dog or

1 cat is deceased, the pet shop may choose to have the second
2 veterinarian review any records provided by the veterinarian
3 who examined or treated the dog or cat for the customer before
4 its death.

5 If the customer and the pet shop have not reached an
6 agreement within 10 business days after the examination of the
7 medical records and the dog or cat, if alive, or the dog's or
8 cat's medical records, if deceased, by the second
9 veterinarian, then:

10 (1) the customer may bring suit in a court of
11 competent jurisdiction to resolve the dispute; or

12 (2) if the customer and the pet shop agree in writing,
13 the parties may submit the dispute to binding arbitration.

14 If the court or arbiter finds that either party acted in
15 bad faith in seeking or denying the requested remedy, then the
16 offending party may be required to pay reasonable attorney's
17 fees and court costs of the adverse party.

18 (1) This Section shall not apply to any adoption of dogs or
19 cats, including those in which a pet shop or other
20 organization rents or donates space to facilitate the
21 adoption.

22 (m) If a pet shop offers its own warranty on a pet, a
23 customer may choose to waive the remedies provided under
24 subsection (f) of this Section in favor of choosing the
25 warranty provided by the pet shop. If a customer waives the
26 rights provided by subsection (f), the only remedies available

1 to the customer are those provided by the pet shop's warranty.
2 For the statement to be an effective waiver of the customer's
3 right to refund or exchange the animal under subsection (f),
4 the pet shop must provide, in writing, a statement of the
5 remedy under subsection (f) that the customer is waiving as
6 well as a written copy of the pet shop's warranty. For the
7 statement to be an effective waiver of the customer's right to
8 refund or exchange the animal under subsection (f), it shall
9 be substantially similar to the following language:

10 "I have agreed to accept the warranty provided by the
11 pet shop in lieu of the remedies under subsection (f) of
12 Section 3.15 of the Animal Welfare Act. I have received a
13 copy of the pet shop's warranty and a statement of the
14 remedies provided under subsection (f) of Section 3.15 of
15 the Animal Welfare Act. This is a waiver pursuant to
16 subsection (m) of Section 3.15 of the Animal Welfare Act
17 whereby I, the customer, relinquish any and all right to
18 return the animal for congenital and hereditary disorders
19 provided by subsection (f) of Section 3.15 of the Animal
20 Welfare Act. I agree that my exclusive remedy is the
21 warranty provided by the pet shop at the time of sale.".

13 for above-ground burial;

14 (2) rendering;

18 the bodies to a licensed landfill or to a centralized
19 off-site location determined at the time of the mass
20 animal mortality event;

21 (5) incineration; and

22 (6) any other acceptable method as determined by the

25 Illinois. The Board shall review all applications for owners
26 licenses~~7~~ and shall inform each applicant of the Board's

24 (6) the Board may issue one owners license authorizing
25 the conduct of riverboat gambling in the unincorporated
26 area of Williamson County adjacent to the Big Muddy River.

1 Except for the license authorized under paragraph (1),
2 each application for a license pursuant to this subsection
3 (e-5) shall be submitted to the Board no later than 120 days
4 after June 28, 2019 (the effective date of Public Act 101-31).
5 All applications for a license under this subsection (e-5)
6 shall include the nonrefundable application fee and the
7 nonrefundable background investigation fee as provided in
8 subsection (d) of Section 6 of this Act. In the event that an
9 applicant submits an application for a license pursuant to
10 this subsection (e-5) prior to June 28, 2019 (the effective
11 date of Public Act 101-31), such applicant shall submit the
12 nonrefundable application fee and background investigation fee
13 as provided in subsection (d) of Section 6 of this Act no later
14 than 6 months after June 28, 2019 (the effective date of Public
15 Act 101-31).

16 The Board shall consider issuing a license pursuant to
17 paragraphs (1) through (6) of this subsection only after the
18 corporate authority of the municipality or the county board of
19 the county in which the riverboat or casino shall be located
20 has certified to the Board the following:

21 (i) that the applicant has negotiated with the
22 corporate authority or county board in good faith;

23 (ii) that the applicant and the corporate authority or
24 county board have mutually agreed on the permanent
25 location of the riverboat or casino;

26 (iii) that the applicant and the corporate authority

1 or county board have mutually agreed on the temporary
2 location of the riverboat or casino;

3 (iv) that the applicant and the corporate authority or
4 the county board have mutually agreed on the percentage of
5 revenues that will be shared with the municipality or
6 county, if any;

7 (v) that the applicant and the corporate authority or
8 county board have mutually agreed on any zoning,
9 licensing, public health, or other issues that are within
10 the jurisdiction of the municipality or county;

11 (vi) that the corporate authority or county board has
12 passed a resolution or ordinance in support of the
13 riverboat or casino in the municipality or county;

14 (vii) that the applicant for a license under paragraph
15 (1) has made a public presentation concerning its casino
16 proposal; and

17 (viii) that the applicant for a license under
18 paragraph (1) has prepared a summary of its casino
19 proposal and such summary has been posted on a public
20 website of the municipality or the county.

21 At least 7 days before the corporate authority of a
22 municipality or county board of the county submits a
23 certification to the Board concerning items (i) through (viii)
24 of this subsection, it shall hold a public hearing to discuss
25 items (i) through (viii), as well as any other details
26 concerning the proposed riverboat or casino in the

1 municipality or county. The corporate authority or county
2 board must subsequently memorialize the details concerning the
3 proposed riverboat or casino in a resolution that must be
4 adopted by a majority of the corporate authority or county
5 board before any certification is sent to the Board. The Board
6 shall not alter, amend, change, or otherwise interfere with
7 any agreement between the applicant and the corporate
8 authority of the municipality or county board of the county
9 regarding the location of any temporary or permanent facility.

10 In addition, within 10 days after June 28, 2019 (the
11 effective date of Public Act 101-31), the Board, with consent
12 and at the expense of the City of Chicago, shall select and
13 retain the services of a nationally recognized casino gaming
14 feasibility consultant. Within 45 days after June 28, 2019
15 (the effective date of Public Act 101-31), the consultant
16 shall prepare and deliver to the Board a study concerning the
17 feasibility of, and the ability to finance, a casino in the
18 City of Chicago. The feasibility study shall be delivered to
19 the Mayor of the City of Chicago, the Governor, the President
20 of the Senate, and the Speaker of the House of
21 Representatives. Ninety days after receipt of the feasibility
22 study, the Board shall make a determination, based on the
23 results of the feasibility study, whether to recommend to the
24 General Assembly that the terms of the license under paragraph
25 (1) of this subsection (e-5) should be modified. The Board may
26 begin accepting applications for the owners license under

1 paragraph (1) of this subsection (e-5) upon the determination
2 to issue such an owners license.

3 In addition, prior to the Board issuing the owners license
4 authorized under paragraph (4) of this subsection (e-5), an
5 impact study shall be completed to determine what location in
6 the city will provide the greater impact to the region,
7 including the creation of jobs and the generation of tax
8 revenue.

9 (e-10) The licenses authorized under subsection (e-5) of
10 this Section shall be issued within 12 months after the date
11 the license application is submitted. If the Board does not
12 issue the licenses within that time period, then the Board
13 shall give a written explanation to the applicant as to why it
14 has not reached a determination and when it reasonably expects
15 to make a determination. The fee for the issuance or renewal of
16 a license issued pursuant to this subsection (e-10) shall be
17 \$250,000. Additionally, a licensee located outside of Cook
18 County shall pay a minimum initial fee of \$17,500 per gaming
19 position, and a licensee located in Cook County shall pay a
20 minimum initial fee of \$30,000 per gaming position. The
21 initial fees payable under this subsection (e-10) shall be
22 deposited into the Rebuild Illinois Projects Fund. If at any
23 point after June 1, 2020 there are no pending applications for
24 a license under subsection (e-5) and not all licenses
25 authorized under subsection (e-5) have been issued, then the
26 Board shall reopen the license application process for those

1 licenses authorized under subsection (e-5) that have not been
2 issued. The Board shall follow the licensing process provided
3 in subsection (e-5) with all time frames tied to the last date
4 of a final order issued by the Board under subsection (e-5)
5 rather than the effective date of the amendatory Act.

6 (e-15) Each licensee of a license authorized under
7 subsection (e-5) of this Section shall make a reconciliation
8 payment 3 years after the date the licensee begins operating
9 in an amount equal to 75% of the adjusted gross receipts for
10 the most lucrative 12-month period of operations, minus an
11 amount equal to the initial payment per gaming position paid
12 by the specific licensee. Each licensee shall pay a
13 \$15,000,000 reconciliation fee upon issuance of an owners
14 license. If this calculation results in a negative amount,
15 then the licensee is not entitled to any reimbursement of fees
16 previously paid. This reconciliation payment may be made in
17 installments over a period of no more than 6 years.

18 All payments by licensees under this subsection (e-15)
19 shall be deposited into the Rebuild Illinois Projects Fund.

20 (e-20) In addition to any other revocation powers granted
21 to the Board under this Act, the Board may revoke the owners
22 license of a licensee which fails to begin conducting gambling
23 within 15 months of receipt of the Board's approval of the
24 application if the Board determines that license revocation is
25 in the best interests of the State.

26 (f) The first 10 owners licenses issued under this Act

1 shall permit the holder to own up to 2 riverboats and equipment
2 thereon for a period of 3 years after the effective date of the
3 license. Holders of the first 10 owners licenses must pay the
4 annual license fee for each of the 3 years during which they
5 are authorized to own riverboats.

6 (g) Upon the termination, expiration, or revocation of
7 each of the first 10 licenses, which shall be issued for a
8 3-year period, all licenses are renewable annually upon
9 payment of the fee and a determination by the Board that the
10 licensee continues to meet all of the requirements of this Act
11 and the Board's rules. However, for licenses renewed on or
12 after June 10, 2021 (the effective date of Public Act 102-13)
13 ~~this amendatory Act of the 102nd General Assembly~~, renewal
14 shall be for a period of 4 years.

15 (h) An owners license, except for an owners license issued
16 under subsection (e-5) of this Section, shall entitle the
17 licensee to own up to 2 riverboats.

18 An owners licensee of a casino or riverboat that is
19 located in the City of Chicago pursuant to paragraph (1) of
20 subsection (e-5) of this Section shall limit the number of
21 gaming positions to 4,000 for such owner. An owners licensee
22 authorized under subsection (e) or paragraph (2), (3), (4), or
23 (5) of subsection (e-5) of this Section shall limit the number
24 of gaming positions to 2,000 for any such owners license. An
25 owners licensee authorized under paragraph (6) of subsection
26 (e-5) of this Section shall limit the number of gaming

1 positions to 1,200 for such owner. The initial fee for each
2 gaming position obtained on or after June 28, 2019 (the
3 effective date of Public Act 101-31) shall be a minimum of
4 \$17,500 for licensees not located in Cook County and a minimum
5 of \$30,000 for licensees located in Cook County, in addition
6 to the reconciliation payment, as set forth in subsection
7 (e-15) of this Section. The fees under this subsection (h)
8 shall be deposited into the Rebuild Illinois Projects Fund.
9 The fees under this subsection (h) that are paid by an owners
10 licensee authorized under subsection (e) shall be paid by July
11 1, 2021.

12 Each owners licensee under subsection (e) of this Section
13 shall reserve its gaming positions within 30 days after June
14 28, 2019 (the effective date of Public Act 101-31). The Board
15 may grant an extension to this 30-day period, provided that
16 the owners licensee submits a written request and explanation
17 as to why it is unable to reserve its positions within the
18 30-day period.

19 Each owners licensee under subsection (e-5) of this
20 Section shall reserve its gaming positions within 30 days
21 after issuance of its owners license. The Board may grant an
22 extension to this 30-day period, provided that the owners
23 licensee submits a written request and explanation as to why
24 it is unable to reserve its positions within the 30-day
25 period.

26 A licensee may operate both of its riverboats

1 concurrently, provided that the total number of gaming
2 positions on both riverboats does not exceed the limit
3 established pursuant to this subsection. Riverboats licensed
4 to operate on the Mississippi River and the Illinois River
5 south of Marshall County shall have an authorized capacity of
6 at least 500 persons. Any other riverboat licensed under this
7 Act shall have an authorized capacity of at least 400 persons.

8 (h-5) An owners licensee who conducted gambling operations
9 prior to January 1, 2012 and obtains positions pursuant to
10 Public Act 101-31 shall make a reconciliation payment 3 years
11 after any additional gaming positions begin operating in an
12 amount equal to 75% of the owners licensee's average gross
13 receipts for the most lucrative 12-month period of operations
14 minus an amount equal to the initial fee that the owners
15 licensee paid per additional gaming position. For purposes of
16 this subsection (h-5), "average gross receipts" means (i) the
17 increase in adjusted gross receipts for the most lucrative
18 12-month period of operations over the adjusted gross receipts
19 for 2019, multiplied by (ii) the percentage derived by
20 dividing the number of additional gaming positions that an
21 owners licensee had obtained by the total number of gaming
22 positions operated by the owners licensee. If this calculation
23 results in a negative amount, then the owners licensee is not
24 entitled to any reimbursement of fees previously paid. This
25 reconciliation payment may be made in installments over a
26 period of no more than 6 years. These reconciliation payments

1 shall be deposited into the Rebuild Illinois Projects Fund.

2 (i) A licensed owner is authorized to apply to the Board
3 for and, if approved therefor, to receive all licenses from
4 the Board necessary for the operation of a riverboat or
5 casino, including a liquor license, a license to prepare and
6 serve food for human consumption, and other necessary
7 licenses. All use, occupation, and excise taxes which apply to
8 the sale of food and beverages in this State and all taxes
9 imposed on the sale or use of tangible personal property apply
10 to such sales aboard the riverboat or in the casino.

11 (j) The Board may issue or re-issue a license authorizing
12 a riverboat to dock in a municipality or approve a relocation
13 under Section 11.2 only if, prior to the issuance or
14 re-issuance of the license or approval, the governing body of
15 the municipality in which the riverboat will dock has by a
16 majority vote approved the docking of riverboats in the
17 municipality. The Board may issue or re-issue a license
18 authorizing a riverboat to dock in areas of a county outside
19 any municipality or approve a relocation under Section 11.2
20 only if, prior to the issuance or re-issuance of the license or
21 approval, the governing body of the county has by a majority
22 vote approved of the docking of riverboats within such areas.

23 (k) An owners licensee may conduct land-based gambling
24 operations upon approval by the Board and payment of a fee of
25 \$250,000, which shall be deposited into the State Gaming Fund.

26 (l) An owners licensee may conduct gaming at a temporary

1 facility pending the construction of a permanent facility or
2 the remodeling or relocation of an existing facility to
3 accommodate gaming participants for up to 24 months after the
4 temporary facility begins to conduct gaming. Upon request by
5 an owners licensee and upon a showing of good cause by the
6 owners licensee: (i) for a licensee authorized under paragraph
7 (3) of subsection (e-5), the Board shall extend the period
8 during which the licensee may conduct gaming at a temporary
9 facility by up to 30 months; and (ii) for all other licensees,
10 the Board shall extend the period during which the licensee
11 may conduct gaming at a temporary facility by up to 12 months.
12 The Board shall make rules concerning the conduct of gaming
13 from temporary facilities.

13 distiller licensee but not held by both a class 1 craft
14 distiller licensee and a class 2 craft distiller licensee,
15 shall grant all rights conveyed by either: (i) a class 1 craft
16 distiller license if the craft distiller holds a class 1 craft
17 distiller license; or (ii) a class 2 craft distiller licensee
18 if the craft distiller holds a class 2 craft distiller
19 license.

20 Class 10. A class 1 craft distiller license, which may
21 only be issued to a licensed craft distiller or licensed

18 licensees in accordance with the conditions set forth in
19 paragraph (19) of subsection (a) of Section 3-12 of this Act.
20 However, the aggregate amount of spirits sold to non-licensees
21 and sold or delivered to retail licensees may not exceed 5,000
22 gallons per year.

23 A class 1 craft distiller licensee may sell up to 5,000

2 licensed location, but at no time shall a class 1 craft
3 distiller license holder directly or indirectly produce in the

11 shall not make sales or deliveries to any other licensee. If
12 the State Commission provides prior approval, a class 2 craft

14 of spirits manufactured by that class 2 craft distiller
15 licensee to the premises of a licensed class 2 craft distiller
16 wholly owned and operated by the same licensee. A class 2 craft

26 receipt of the product by the distilling pub; and (v) the

1 distilling pub shall be located no farther than 80 miles from
2 the class 2 craft distiller's licensed location.

3 A class 2 craft distiller shall, prior to transferring
4 spirits to a distilling pub wholly owned by the class 2 craft
5 distiller, furnish a written notice to the State Commission of
6 intent to transfer spirits setting forth the name and address
7 of the distilling pub and shall annually submit to the State

14 indirectly produce in the aggregate more than 100,000 gallons
15 of spirits per year.

16 Class 12. A class 1 brewer license, which may only be

11 brewer licensee may make sales and deliveries to importing
12 distributors and distributors and to retail licensees in
13 accordance with the conditions set forth in paragraph (18) of
14 subsection (a) of Section 3-12 of this Act. If the State
15 Commission provides prior approval, a class 1 brewer may
16 annually transfer up to 930,000 gallons of beer manufactured
17 by that class 1 brewer to the premises of a licensed class 1
18 brewer wholly owned and operated by the same licensee.

19 Class 13. A class 2 brewer license, which may only be
20 issued to a licensed brewer or licensed non-resident dealer,
21 shall allow the manufacture of up to 3,720,000 gallons of beer
22 per year provided that the class 2 brewer licensee does not

2 in addition to any current license, a class 2 craft distiller
3 license, shall not manufacture more than 100,000 gallons of
4 spirits per year, and shall not be a member of or affiliated
5 with, directly or indirectly, a manufacturer that produces

10 manufacture more than 150,000 gallons of wine per year, and
11 shall not be a member of or affiliated with, directly or

13 gallons of wine a year. A class 2 brewer licensee may make
14 sales and deliveries to importing distributors and
15 distributors, but shall not make sales or deliveries to any
16 other licensee. If the State Commission provides prior
17 approval, a class 2 brewer licensee may annually transfer up
18 to 3,720,000 gallons of beer manufactured by that class 2
19 brewer licensee to the premises of a licensed class 2 brewer
20 wholly owned and operated by the same licensee.

21 A class 2 brewer may transfer beer to a brew pub wholly

3 amount, date of delivery, and receipt of the product by the
4 brew pub; and (v) the brew pub shall be located no farther than
5 80 miles from the class 2 brewer's licensed location.

6 A class 2 brewer shall, prior to transferring beer to a
7 brew pub wholly owned by the class 2 brewer, furnish a written
8 notice to the State Commission of intent to transfer beer

20 brewers, class 2 brewers, and class 3 brewers as long as the
21 class 3 brewer licensee does not manufacture more than a
22 combined 465,000 gallons of beer per year and is not a member
23 of or affiliated with, directly or indirectly, a manufacturer
24 that produces more than 465,000 gallons of beer per year to
25 make sales to importing distributors, distributors, retail
26 licensees, brewers, class 1 brewers, class 2 brewers, and

1 class 3 brewers in accordance with the conditions set forth in

8 designated licensed premises, and may sell beer as otherwise
9 provided in this Act.

10 (a-1) A manufacturer that is licensed in this State to
11 make sales or deliveries of alcoholic liquor to licensed
12 distributors or importing distributors and which enlists
13 agents, representatives, or individuals acting on its behalf
14 who contact licensed retailers on a regular and continual
15 basis in this State must register those agents,
16 representatives, or persons acting on its behalf with the
17 State Commission.

18 Registration of agents, representatives, or persons acting
19 on behalf of a manufacturer is fulfilled by submitting a form
20 to the State Commission. The form shall be developed by the
21 State Commission and shall include the name and address of the
22 applicant, the name and address of the manufacturer he or she
23 represents, the territory or areas assigned to sell to or
24 discuss pricing terms of alcoholic liquor, and any other
25 questions deemed appropriate and necessary. All statements in
26 the forms required to be made by law or by rule shall be deemed

1 material, and any person who knowingly misstates any material
2 fact under oath in an application is guilty of a Class B
3 misdemeanor. Fraud, misrepresentation, false statements,
4 misleading statements, evasions, or suppression of material
5 facts in the securing of a registration are grounds for
6 suspension or revocation of the registration. The State
7 Commission shall post a list of registered agents on the State
8 Commission's website.

9 (b) A distributor's license shall allow (i) the wholesale
10 purchase and storage of alcoholic liquors and sale of
11 alcoholic liquors to licensees in this State and to persons
12 without the State, as may be permitted by law; (ii) the sale of
13 beer, cider, mead, or any combination thereof to brewers,
14 class 1 brewers, and class 2 brewers that, pursuant to

16 mead, or any combination thereof to non-licensees at their
17 breweries; (iii) the sale of vermouth to class 1 craft
18 distillers and class 2 craft distillers that, pursuant to
19 subsection (e) of Section 6-4 of this Act, sell spirits,

21 their distilleries; or (iv) as otherwise provided in this Act.
22 No person licensed as a distributor shall be granted a
23 non-resident dealer's license.

24 (c) An importing distributor's license may be issued to
25 and held by those only who are duly licensed distributors,
26 upon the filing of an application by a duly licensed

1 distributor, with the State Commission and the State
2 Commission shall, without the payment of any fee, immediately
3 issue such importing distributor's license to the applicant,
4 which shall allow the importation of alcoholic liquor by the
5 licensee into this State from any point in the United States
6 outside this State, and the purchase of alcoholic liquor in
7 barrels, casks, or other bulk containers and the bottling of
8 such alcoholic liquors before resale thereof, but all bottles
9 or containers so filled shall be sealed, labeled, stamped, and
10 otherwise made to comply with all provisions, rules, and
11 regulations governing manufacturers in the preparation and
12 bottling of alcoholic liquors. The importing distributor's
13 license shall permit such licensee to purchase alcoholic
14 liquor from Illinois licensed non-resident dealers and foreign
15 importers only. No person licensed as an importing distributor
16 shall be granted a non-resident dealer's license.

17 (d) A retailer's license shall allow the licensee to sell
18 and offer for sale at retail, in or from the premises specified
19 in the license, alcoholic liquor for use or consumption, but
20 not for resale in any form except as otherwise provided in this
21 Act. Except as provided in Section 6-16, 6-29, or 6-29.1,
22 nothing in this Act shall deny, limit, remove, or restrict the
23 ability of a holder of a retailer's license to transfer or ship
24 alcoholic liquor to the purchaser for use or consumption
25 subject to any applicable local law or ordinance. For the
26 purposes of this Section, "shipping" means the movement of

1 alcoholic liquor from a licensed retailer to a consumer via a
2 common carrier. Except as provided in Section 6-16, 6-29, or
3 6-29.1, nothing in this Act shall deny, limit, remove, or
4 restrict the ability of a holder of a retailer's license to
5 deliver alcoholic liquor to the purchaser for use or
6 consumption. The delivery shall be made only within 12 hours
7 from the time the alcoholic liquor leaves the licensed
8 premises of the retailer for delivery. For the purposes of
9 this Section, "delivery" means the movement of alcoholic
10 liquor purchased from a licensed retailer to a consumer
11 through the following methods:

12 (1) delivery within licensed retailer's parking lot,
13 including curbside, for pickup by the consumer;

14 (2) delivery by an owner, officer, director,
15 shareholder, or employee of the licensed retailer; or

16 (3) delivery by a third-party contractor, independent
17 contractor, or agent with whom the licensed retailer has
18 contracted to make deliveries of alcoholic liquors.

19 Under paragraph (1), (2), or (3), delivery shall not
20 include the use of common carriers.

21 A retail licensee may use any website, mobile application,
22 or similar platform that facilitates the sale or delivery of
23 food, beverages, or goods and is owned or operated by the
24 retail licensee, third-party contractor, an independent
25 contractor, or an agent with whom the licensed retailer has
26 contracted to facilitate deliveries or sales of alcoholic

1 liquors under this Section. The use of any website, mobile
2 application, or similar platform to facilitate deliveries or
3 sales of alcoholic liquors shall not be considered an illegal
4 sale, resale, transfer, barter, or exchange of alcohol under
5 this Act.

6 Any retail license issued to a manufacturer shall only
7 permit the manufacturer to sell beer at retail on the premises
8 actually occupied by the manufacturer. For the purpose of
9 further describing the type of business conducted at a retail
10 licensed premises, a retailer's licensee may be designated by
11 the State Commission as (i) an on premise consumption
12 retailer, (ii) an off premise sale retailer, or (iii) a
13 combined on premise consumption and off premise sale retailer.

14 Except for a municipality with a population of more than
15 1,000,000 inhabitants, a home rule unit may not regulate the
16 delivery of alcoholic liquor or require a retail licensee to
17 obtain a separate or additional license for the delivery of
18 alcoholic liquor. This paragraph is a limitation under
19 subsection (i) of Section 6 of Article VII of the Illinois
20 Constitution on the concurrent exercise by home rule units of
21 powers and functions exercised by the State. A non-home rule
22 municipality may not regulate the delivery of alcoholic liquor
23 or require a retail licensee to obtain a separate or
24 additional license for the delivery of alcoholic liquor.

25 Notwithstanding any other provision of this subsection
26 (d), a retail licensee may sell alcoholic liquors to a special

1 event retailer licensee for resale to the extent permitted
2 under subsection (e).

3 The requirements in subsection (b-5) of Section 6-29 apply
4 only to a winery shipper licensee that ships wine via common
5 carrier and do not apply to a winery shipper licensee or a
6 retail licensee that delivers, or causes to be delivered,
7 alcohol pursuant to the methods outlined in item (1), (2), or
8 (3) of this subsection.

9 Except as provided in this Section, for a manufacturer
10 with a retail license, nothing in this Section shall be
11 construed to prohibit an on-premises consumption retailer,
12 off-premises sale retailer, or combined on-premises
13 consumption and off-premises sale retailer from delivering
14 alcohol pursuant to this Section.

15 A retail licensee shall contract only with a third-party
16 contractor, independent contractor, or agent to facilitate or
17 make deliveries of alcoholic liquors that has a policy to
18 verify the age of the person to whom the alcoholic liquor is
19 being delivered based on the person's valid proof of identity
20 indicating the person is age 21 or over. A retail licensee
21 shall not be civilly liable for sales or deliveries made to
22 intoxicated persons or persons under the age of 21 if the
23 delivery of alcoholic liquor was conducted by a third-party
24 contractor, independent contractor, or agent with whom the
25 licensed retailer has contracted to make deliveries of
26 alcoholic liquor.

1 (e) A special event retailer's license (not-for-profit)
2 shall permit the licensee to purchase alcoholic liquors from
3 an Illinois licensed distributor (unless the licensee
4 purchases less than \$500 of alcoholic liquors for the special
5 event, in which case the licensee may purchase the alcoholic
6 liquors from a licensed retailer) and shall allow the licensee
7 to sell and offer for sale, at retail, alcoholic liquors for
8 use or consumption, but not for resale in any form and only at
9 the location and on the specific dates designated for the
10 special event in the license. An applicant for a special event
11 retailer license must (i) furnish with the application: (A) a
12 resale number issued under Section 2c of the Retailers'
13 Occupation Tax Act or evidence that the applicant is
14 registered under Section 2a of the Retailers' Occupation Tax
15 Act, (B) a current, valid exemption identification number
16 issued under Section 1g of the Retailers' Occupation Tax Act
17 and a certification to the State Commission that the purchase
18 of alcoholic liquors will be a tax-exempt purchase, or (C) a
19 statement that the applicant is not registered under Section
20 2a of the Retailers' Occupation Tax Act, does not hold a resale
21 number under Section 2c of the Retailers' Occupation Tax Act,
22 and does not hold an exemption number under Section 1g of the
23 Retailers' Occupation Tax Act, in which event the State
24 Commission shall set forth on the special event retailer's
25 license a statement to that effect; (ii) submit with the
26 application proof satisfactory to the State Commission that

1 the applicant will provide dram shop liability insurance in
2 the maximum limits; and (iii) show proof satisfactory to the
3 State Commission that the applicant has obtained local
4 authority approval.

5 Nothing in this Act prohibits an Illinois licensed
6 distributor from offering credit or a refund for unused,
7 salable alcoholic liquors to a holder of a special event
8 retailer's license or the special event retailer's licensee
9 from accepting the credit or refund of alcoholic liquors at
10 the conclusion of the event specified in the license.

11 (f) A railroad license shall permit the licensee to import
12 alcoholic liquors into this State from any point in the United
13 States outside this State and to store such alcoholic liquors
14 in this State; to make wholesale purchases of alcoholic
15 liquors directly from manufacturers, foreign importers,
16 distributors and importing distributors from within or outside
17 this State; and to store such alcoholic liquors in this State;
18 provided that the above powers may be exercised only in
19 connection with the importation, purchase or storage of
20 alcoholic liquors to be sold or dispensed on a club, buffet,
21 lounge, or dining car operated on an electric, gas, or steam
22 railway in this State; and provided further, that railroad
23 licensees exercising the above powers shall be subject to all
24 provisions of Article VIII of this Act as applied to importing
25 distributors. A railroad license shall also permit the
26 licensee to sell or dispense alcoholic liquors on any club,

1 buffet, lounge, or dining car operated on an electric, gas, or
2 steam railway regularly operated by a common carrier in this
3 State, but shall not permit the sale for resale of any
4 alcoholic liquors to any licensee within this State. A license
5 shall be obtained for each car in which such sales are made.

6 (g) A boat license shall allow the sale of alcoholic
7 liquor in individual drinks on any passenger boat regularly
8 operated as a common carrier on navigable waters in this State
9 or on any riverboat operated under the Illinois Gambling Act,
10 which boat or riverboat maintains a public dining room or
11 restaurant thereon.

12 (h) A non-beverage user's license shall allow the licensee
13 to purchase alcoholic liquor from a licensed manufacturer or
14 importing distributor, without the imposition of any tax upon
15 the business of such licensed manufacturer or importing
16 distributor as to such alcoholic liquor to be used by such
17 licensee solely for the non-beverage purposes set forth in
18 subsection (a) of Section 8-1 of this Act, and such licenses
19 shall be divided and classified and shall permit the purchase,
20 possession, and use of limited and stated quantities of
21 alcoholic liquor as follows:

22	Class 1, not to exceed		500 gallons
23	Class 2, not to exceed		1,000 gallons
24	Class 3, not to exceed		5,000 gallons
25	Class 4, not to exceed		10,000 gallons
26	Class 5, not to exceed		50,000 gallons

1 (i) A wine-maker's premises license shall allow a licensee
2 that concurrently holds a first-class wine-maker's license to
3 sell and offer for sale at retail in the premises specified in
4 such license not more than 50,000 gallons of the first-class
5 wine-maker's wine that is made at the first-class wine-maker's
6 licensed premises per year for use or consumption, but not for
7 resale in any form. A wine-maker's premises license shall
8 allow a licensee who concurrently holds a second-class
9 wine-maker's license to sell and offer for sale at retail in
10 the premises specified in such license up to 100,000 gallons
11 of the second-class wine-maker's wine that is made at the
12 second-class wine-maker's licensed premises per year for use
13 or consumption but not for resale in any form. A first-class
14 wine-maker that concurrently holds a class 1 brewer license or
15 a class 1 craft distiller license shall not be eligible to hold
16 a wine-maker's premises license. A wine-maker's premises
17 license shall allow a licensee that concurrently holds a
18 first-class wine-maker's license or a second-class
19 wine-maker's license to sell and offer for sale at retail at
20 the premises specified in the wine-maker's premises license,
21 for use or consumption but not for resale in any form, any
22 beer, wine, and spirits purchased from a licensed distributor.
23 Upon approval from the State Commission, a wine-maker's
24 premises license shall allow the licensee to sell and offer
25 for sale at (i) the wine-maker's licensed premises and (ii) up
26 to 2 additional locations for use and consumption and not for

1 resale. Each location shall require additional licensing per
2 location as specified in Section 5-3 of this Act. A
3 wine-maker's premises licensee shall secure liquor liability
4 insurance coverage in an amount at least equal to the maximum
5 liability amounts set forth in subsection (a) of Section 6-21
6 of this Act.

8 import alcoholic liquors into this State from any point in the
9 United States outside this State and to store such alcoholic
10 liquors in this State; to make wholesale purchases of
11 alcoholic liquors directly from manufacturers, foreign
12 importers, distributors, and importing distributors from
13 within or outside this State; and to store such alcoholic
14 liquors in this State; provided that the above powers may be
15 exercised only in connection with the importation, purchase,
16 or storage of alcoholic liquors to be sold or dispensed on an
17 airplane; and provided further, that airplane licensees
18 exercising the above powers shall be subject to all provisions
19 of Article VIII of this Act as applied to importing
20 distributors. An airplane licensee shall also permit the sale
21 or dispensing of alcoholic liquors on any passenger airplane

2 (k) A foreign importer's license shall permit such
3 licensee to purchase alcoholic liquor from Illinois licensed
4 non-resident dealers only, and to import alcoholic liquor
5 other than in bulk from any point outside the United States and
6 to sell such alcoholic liquor to Illinois licensed importing
7 distributors and to no one else in Illinois; provided that (i)
8 the foreign importer registers with the State Commission every
9 brand of alcoholic liquor that it proposes to sell to Illinois
10 licensees during the license period, (ii) the foreign importer
11 complies with all of the provisions of Section 6-9 of this Act
12 with respect to registration of such Illinois licensees as may
13 be granted the right to sell such brands at wholesale, and
14 (iii) the foreign importer complies with the provisions of
15 Sections 6-5 and 6-6 of this Act to the same extent that these
16 provisions apply to manufacturers.

17 (l) (i) A broker's license shall be required of all
18 persons who solicit orders for, offer to sell, or offer to
19 supply alcoholic liquor to retailers in the State of Illinois,
20 or who offer to retailers to ship or cause to be shipped or to
21 make contact with distillers, craft distillers, rectifiers,
22 brewers or manufacturers or any other party within or without
23 the State of Illinois in order that alcoholic liquors be
24 shipped to a distributor, importing distributor, or foreign
25 importer, whether such solicitation or offer is consummated
26 within or without the State of Illinois.

1 No holder of a retailer's license issued by the Illinois
2 Liquor Control Commission shall purchase or receive any
3 alcoholic liquor, the order for which was solicited or offered
4 for sale to such retailer by a broker unless the broker is the
5 holder of a valid broker's license.

6 The broker shall, upon the acceptance by a retailer of the
7 broker's solicitation of an order or offer to sell or supply or
8 deliver or have delivered alcoholic liquors, promptly forward
9 to the Illinois Liquor Control Commission a notification of
10 said transaction in such form as the State Commission may by
11 regulations prescribe.

12 (ii) A broker's license shall be required of a person
13 within this State, other than a retail licensee, who, for a fee
14 or commission, promotes, solicits, or accepts orders for
15 alcoholic liquor, for use or consumption and not for resale,
16 to be shipped from this State and delivered to residents
17 outside of this State by an express company, common carrier,
18 or contract carrier. This Section does not apply to any person
19 who promotes, solicits, or accepts orders for wine as
20 specifically authorized in Section 6-29 of this Act.

21 A broker's license under this subsection (1) shall not
22 entitle the holder to buy or sell any alcoholic liquors for his
23 own account or to take or deliver title to such alcoholic
24 liquors.

25 This subsection (1) shall not apply to distributors,
26 employees of distributors, or employees of a manufacturer who

1 has registered the trademark, brand, or name of the alcoholic
2 liquor pursuant to Section 6-9 of this Act, and who regularly
3 sells such alcoholic liquor in the State of Illinois only to
4 its registrants thereunder.

5 Any agent, representative, or person subject to
6 registration pursuant to subsection (a-1) of this Section
7 shall not be eligible to receive a broker's license.

8 (m) A non-resident dealer's license shall permit such
9 licensee to ship into and warehouse alcoholic liquor into this
10 State from any point outside of this State, and to sell such
11 alcoholic liquor to Illinois licensed foreign importers and
12 importing distributors and to no one else in this State;
13 provided that (i) said non-resident dealer shall register with
14 the Illinois Liquor Control Commission each and every brand of
15 alcoholic liquor which it proposes to sell to Illinois
16 licensees during the license period, (ii) it shall comply with
17 all of the provisions of Section 6-9 hereof with respect to
18 registration of such Illinois licensees as may be granted the
19 right to sell such brands at wholesale by duly filing such
20 registration statement, thereby authorizing the non-resident
21 dealer to proceed to sell such brands at wholesale, and (iii)
22 the non-resident dealer shall comply with the provisions of
23 Sections 6-5 and 6-6 of this Act to the same extent that these
24 provisions apply to manufacturers. No person licensed as a
25 non-resident dealer shall be granted a distributor's or
26 importing distributor's license.

1 (n) A brew pub license shall allow the licensee to only (i)
2 manufacture up to 155,000 gallons of beer per year only on the
3 premises specified in the license, (ii) make sales of the beer
4 manufactured on the premises or, with the approval of the
5 State Commission, beer manufactured on another brew pub
6 licensed premises that is wholly owned and operated by the
7 same licensee to importing distributors, distributors, and
8 non-licensees for use and consumption, (iii) store the beer
9 upon the premises, (iv) sell and offer for sale at retail from
10 the licensed premises for off-premises consumption no more
11 than 155,000 gallons per year so long as such sales are only
12 made in-person, (v) sell and offer for sale at retail for use
13 and consumption on the premises specified in the license any
14 form of alcoholic liquor purchased from a licensed distributor
15 or importing distributor, (vi) with the prior approval of the
16 State Commission, annually transfer no more than 155,000
17 gallons of beer manufactured on the premises to a licensed
18 brew pub wholly owned and operated by the same licensee, and
19 (vii) notwithstanding item (i) of this subsection, brew pubs
20 wholly owned and operated by the same licensee may combine
21 each location's production limit of 155,000 gallons of beer
22 per year and allocate the aggregate total between the wholly
23 owned, operated, and licensed locations.

24 A brew pub licensee shall not under any circumstance sell
25 or offer for sale beer manufactured by the brew pub licensee to
26 retail licensees.

1 A person who holds a class 2 brewer license may
2 simultaneously hold a brew pub license if the class 2 brewer
3 (i) does not, under any circumstance, sell or offer for sale
4 beer manufactured by the class 2 brewer to retail licensees;
5 (ii) does not hold more than 3 brew pub licenses in this State;
6 (iii) does not manufacture more than a combined 3,720,000
7 gallons of beer per year, including the beer manufactured at
8 the brew pub; and (iv) is not a member of or affiliated with,
9 directly or indirectly, a manufacturer that produces more than
10 3,720,000 gallons of beer per year or any other alcoholic
11 liquor.

12 Notwithstanding any other provision of this Act, a
13 licensed brewer, class 2 brewer, or non-resident dealer who
14 before July 1, 2015 manufactured less than 3,720,000 gallons
15 of beer per year and held a brew pub license on or before July
16 1, 2015 may (i) continue to qualify for and hold that brew pub
17 license for the licensed premises and (ii) manufacture more
18 than 3,720,000 gallons of beer per year and continue to
19 qualify for and hold that brew pub license if that brewer,
20 class 2 brewer, or non-resident dealer does not simultaneously
21 hold a class 1 brewer license and is not a member of or
22 affiliated with, directly or indirectly, a manufacturer that
23 produces more than 3,720,000 gallons of beer per year or that
24 produces any other alcoholic liquor.

25 A brew pub licensee may apply for a class 3 brewer license
26 and, upon meeting all applicable qualifications of this Act

1 and relinquishing all commonly owned brew pub or retail
2 licenses, shall be issued a class 3 brewer license. Nothing in
3 this Act shall prohibit the issuance of a class 3 brewer
4 license if the applicant:

5 (1) has a valid retail license on or before May 1,
6 2021;

7 (2) has an ownership interest in at least 2 brew pubs
8 licenses on or before May 1, 2021;

9 (3) the brew pub licensee applies for a class 3 brewer
10 license on or before October 1, 2022 and relinquishes all
11 commonly owned brew pub licenses; and

12 (4) relinquishes all commonly owned retail licenses on
13 or before December 31, 2022.

14 If a brew pub licensee is issued a class 3 brewer license,
15 the class 3 brewer license shall expire on the same date as the
16 existing brew pub license and the State Commission shall not
17 require a class 3 brewer licensee to obtain a brewer license
18 or, in the alternative, to pay a fee for a brewer license,
19 until the date the brew pub license of the applicant would have
20 expired.

21 (o) A caterer retailer license shall allow the holder to
22 serve alcoholic liquors as an incidental part of a food
23 service that serves prepared meals which excludes the serving
24 of snacks as the primary meal, either on or off-site whether
25 licensed or unlicensed. A caterer retailer license shall allow
26 the holder, a distributor, or an importing distributor to

1 transfer any inventory to and from the holder's retail
2 premises and shall allow the holder to purchase alcoholic
3 liquor from a distributor or importing distributor to be
4 delivered directly to an off-site event.

5 Nothing in this Act prohibits a distributor or importing
6 distributor from offering credit or a refund for unused,
7 salable beer to a holder of a caterer retailer license or a
8 caterer retailer licensee from accepting a credit or refund
9 for unused, salable beer, in the event an act of God is the
10 sole reason an off-site event is canceled and if: (i) the
11 holder of a caterer retailer license has not transferred
12 alcoholic liquor from its caterer retailer premises to an
13 off-site location; (ii) the distributor or importing
14 distributor offers the credit or refund for the unused,
15 salable beer that it delivered to the off-site premises and
16 not for any unused, salable beer that the distributor or
17 importing distributor delivered to the caterer retailer's
18 premises; and (iii) the unused, salable beer would likely
19 spoil if transferred to the caterer retailer's premises. A
20 caterer retailer license shall allow the holder to transfer
21 any inventory from any off-site location to its caterer
22 retailer premises at the conclusion of an off-site event or
23 engage a distributor or importing distributor to transfer any
24 inventory from any off-site location to its caterer retailer
25 premises at the conclusion of an off-site event, provided that
26 the distributor or importing distributor issues bona fide

1 charges to the caterer retailer licensee for fuel, labor, and
2 delivery and the distributor or importing distributor collects
3 payment from the caterer retailer licensee prior to the
4 distributor or importing distributor transferring inventory to
5 the caterer retailer premises.

6 For purposes of this subsection (o), an "act of God" means
7 an unforeseeable event, such as a rain or snow storm, hail, a
8 flood, or a similar event, that is the sole cause of the
9 cancellation of an off-site, outdoor event.

10 (p) An auction liquor license shall allow the licensee to
11 sell and offer for sale at auction wine and spirits for use or
12 consumption, or for resale by an Illinois liquor licensee in
13 accordance with provisions of this Act. An auction liquor
14 license will be issued to a person and it will permit the
15 auction liquor licensee to hold the auction anywhere in the
16 State. An auction liquor license must be obtained for each
17 auction at least 14 days in advance of the auction date.

18 (q) A special use permit license shall allow an Illinois
19 licensed retailer to transfer a portion of its alcoholic
20 liquor inventory from its retail licensed premises to the
21 premises specified in the license hereby created; to purchase
22 alcoholic liquor from a distributor or importing distributor
23 to be delivered directly to the location specified in the
24 license hereby created; and to sell or offer for sale at
25 retail, only in the premises specified in the license hereby
26 created, the transferred or delivered alcoholic liquor for use

1 or consumption, but not for resale in any form. A special use
2 permit license may be granted for the following time periods:
3 one day or less; 2 or more days to a maximum of 15 days per
4 location in any 12-month period. An applicant for the special
5 use permit license must also submit with the application proof
6 satisfactory to the State Commission that the applicant will
7 provide dram shop liability insurance to the maximum limits
8 and have local authority approval.

9 A special use permit license shall allow the holder to
10 transfer any inventory from the holder's special use premises
11 to its retail premises at the conclusion of the special use
12 event or engage a distributor or importing distributor to
13 transfer any inventory from the holder's special use premises
14 to its retail premises at the conclusion of an off-site event,
15 provided that the distributor or importing distributor issues
16 bona fide charges to the special use permit licensee for fuel,
17 labor, and delivery and the distributor or importing
18 distributor collects payment from the retail licensee prior to
19 the distributor or importing distributor transferring
20 inventory to the retail premises.

21 Nothing in this Act prohibits a distributor or importing
22 distributor from offering credit or a refund for unused,
23 salable beer to a special use permit licensee or a special use
24 permit licensee from accepting a credit or refund for unused,
25 salable beer at the conclusion of the event specified in the
26 license if: (i) the holder of the special use permit license

1 has not transferred alcoholic liquor from its retail licensed
2 premises to the premises specified in the special use permit
3 license; (ii) the distributor or importing distributor offers
4 the credit or refund for the unused, salable beer that it
5 delivered to the premises specified in the special use permit
6 license and not for any unused, salable beer that the
7 distributor or importing distributor delivered to the
8 retailer's premises; and (iii) the unused, salable beer would
9 likely spoil if transferred to the retailer premises.

10 (r) A winery shipper's license shall allow a person with a
11 first-class or second-class wine manufacturer's license, a
12 first-class or second-class wine-maker's license, or a limited
13 wine manufacturer's license or who is licensed to make wine
14 under the laws of another state to ship wine made by that
15 licensee directly to a resident of this State who is 21 years
16 of age or older for that resident's personal use and not for
17 resale. Prior to receiving a winery shipper's license, an
18 applicant for the license must provide the State Commission
19 with a true copy of its current license in any state in which
20 it is licensed as a manufacturer of wine. An applicant for a
21 winery shipper's license must also complete an application
22 form that provides any other information the State Commission
23 deems necessary. The application form shall include all
24 addresses from which the applicant for a winery shipper's
25 license intends to ship wine, including the name and address
26 of any third party, except for a common carrier, authorized to

1 ship wine on behalf of the manufacturer. The application form
2 shall include an acknowledgment consenting to the jurisdiction
3 of the State Commission, the Illinois Department of Revenue,
4 and the courts of this State concerning the enforcement of
5 this Act and any related laws, rules, and regulations,
6 including authorizing the Department of Revenue and the State
7 Commission to conduct audits for the purpose of ensuring
8 compliance with Public Act 95-634, and an acknowledgment that
9 the wine manufacturer is in compliance with Section 6-2 of
10 this Act. Any third party, except for a common carrier,
11 authorized to ship wine on behalf of a first-class or
12 second-class wine manufacturer's licensee, a first-class or
13 second-class wine-maker's licensee, a limited wine
14 manufacturer's licensee, or a person who is licensed to make
15 wine under the laws of another state shall also be disclosed by
16 the winery shipper's licensee, and a copy of the written
17 appointment of the third-party wine provider, except for a
18 common carrier, to the wine manufacturer shall be filed with
19 the State Commission as a supplement to the winery shipper's
20 license application or any renewal thereof. The winery
21 shipper's license holder shall affirm under penalty of
22 perjury, as part of the winery shipper's license application
23 or renewal, that he or she only ships wine, either directly or
24 indirectly through a third-party provider, from the licensee's
25 own production.

26 Except for a common carrier, a third-party provider

1 shipping wine on behalf of a winery shipper's license holder
2 is the agent of the winery shipper's license holder and, as
3 such, a winery shipper's license holder is responsible for the
4 acts and omissions of the third-party provider acting on
5 behalf of the license holder. A third-party provider, except
6 for a common carrier, that engages in shipping wine into
7 Illinois on behalf of a winery shipper's license holder shall
8 consent to the jurisdiction of the State Commission and the
9 State. Any third-party, except for a common carrier, holding
10 such an appointment shall, by February 1 of each calendar year
11 and upon request by the State Commission or the Department of
12 Revenue, file with the State Commission a statement detailing
13 each shipment made to an Illinois resident. The statement
14 shall include the name and address of the third-party provider
15 filing the statement, the time period covered by the
16 statement, and the following information:

17 (1) the name, address, and license number of the
18 winery shipper on whose behalf the shipment was made;

19 (2) the quantity of the products delivered; and

20 (3) the date and address of the shipment.

21 If the Department of Revenue or the State Commission requests
22 a statement under this paragraph, the third-party provider
23 must provide that statement no later than 30 days after the
24 request is made. Any books, records, supporting papers, and
25 documents containing information and data relating to a
26 statement under this paragraph shall be kept and preserved for

1 a period of 3 years, unless their destruction sooner is
2 authorized, in writing, by the Director of Revenue, and shall
3 be open and available to inspection by the Director of Revenue
4 or the State Commission or any duly authorized officer, agent,
5 or employee of the State Commission or the Department of
6 Revenue, at all times during business hours of the day. Any
7 person who violates any provision of this paragraph or any
8 rule of the State Commission for the administration and
9 enforcement of the provisions of this paragraph is guilty of a
10 Class C misdemeanor. In case of a continuing violation, each
11 day's continuance thereof shall be a separate and distinct
12 offense.

13 The State Commission shall adopt rules as soon as
14 practicable to implement the requirements of Public Act 99-904
15 and shall adopt rules prohibiting any such third-party
16 appointment of a third-party provider, except for a common
17 carrier, that has been deemed by the State Commission to have
18 violated the provisions of this Act with regard to any winery
19 shipper licensee.

20 A winery shipper licensee must pay to the Department of
21 Revenue the State liquor gallonage tax under Section 8-1 for
22 all wine that is sold by the licensee and shipped to a person
23 in this State. For the purposes of Section 8-1, a winery
24 shipper licensee shall be taxed in the same manner as a
25 manufacturer of wine. A licensee who is not otherwise required
26 to register under the Retailers' Occupation Tax Act must

1 register under the Use Tax Act to collect and remit use tax to
2 the Department of Revenue for all gallons of wine that are sold
3 by the licensee and shipped to persons in this State. If a
4 licensee fails to remit the tax imposed under this Act in
5 accordance with the provisions of Article VIII of this Act,
6 the winery shipper's license shall be revoked in accordance
7 with the provisions of Article VII of this Act. If a licensee
8 fails to properly register and remit tax under the Use Tax Act
9 or the Retailers' Occupation Tax Act for all wine that is sold
10 by the winery shipper and shipped to persons in this State, the
11 winery shipper's license shall be revoked in accordance with
12 the provisions of Article VII of this Act.

13 A winery shipper licensee must collect, maintain, and
14 submit to the State Commission on a semi-annual basis the
15 total number of cases per resident of wine shipped to
16 residents of this State. A winery shipper licensed under this
17 subsection (r) must comply with the requirements of Section
18 6-29 of this Act.

19 Pursuant to paragraph (5.1) or (5.3) of subsection (a) of
20 Section 3-12, the State Commission may receive, respond to,
21 and investigate any complaint and impose any of the remedies
22 specified in paragraph (1) of subsection (a) of Section 3-12.

23 As used in this subsection, "third-party provider" means
24 any entity that provides fulfillment house services, including
25 warehousing, packaging, distribution, order processing, or
26 shipment of wine, but not the sale of wine, on behalf of a

1 licensed winery shipper.

2 (s) A craft distiller tasting permit license shall allow
3 an Illinois licensed class 1 craft distiller or class 2 craft
4 distiller to transfer a portion of its alcoholic liquor
5 inventory from its class 1 craft distiller or class 2 craft
6 distiller licensed premises to the premises specified in the
7 license hereby created and to conduct a sampling, only in the
8 premises specified in the license hereby created, of the
9 transferred alcoholic liquor in accordance with subsection (c)
10 of Section 6-31 of this Act. The transferred alcoholic liquor
11 may not be sold or resold in any form. An applicant for the
12 craft distiller tasting permit license must also submit with
13 the application proof satisfactory to the State Commission
14 that the applicant will provide dram shop liability insurance
15 to the maximum limits and have local authority approval.

16 (t) A brewer warehouse permit may be issued to the holder
17 of a class 1 brewer license or a class 2 brewer license. If the
18 holder of the permit is a class 1 brewer licensee, the brewer
19 warehouse permit shall allow the holder to store or warehouse
20 up to 930,000 gallons of tax-determined beer manufactured by
21 the holder of the permit at the premises specified on the
22 permit. If the holder of the permit is a class 2 brewer
23 licensee, the brewer warehouse permit shall allow the holder
24 to store or warehouse up to 3,720,000 gallons of
25 tax-determined beer manufactured by the holder of the permit
26 at the premises specified on the permit. Sales to

1 non-licensees are prohibited at the premises specified in the
2 brewer warehouse permit.

3 (u) A distilling pub license shall allow the licensee to
4 only (i) manufacture up to 5,000 gallons of spirits per year
5 only on the premises specified in the license, (ii) make sales
6 of the spirits manufactured on the premises or, with the
7 approval of the State Commission, spirits manufactured on
8 another distilling pub licensed premises that is wholly owned
9 and operated by the same licensee to importing distributors
10 and distributors and to non-licensees for use and consumption,
11 (iii) store the spirits upon the premises, (iv) sell and offer
12 for sale at retail from the licensed premises for off-premises
13 consumption no more than 5,000 gallons per year so long as such
14 sales are only made in-person, (v) sell and offer for sale at
15 retail for use and consumption on the premises specified in
16 the license any form of alcoholic liquor purchased from a
17 licensed distributor or importing distributor, and (vi) with
18 the prior approval of the State Commission, annually transfer
19 no more than 5,000 gallons of spirits manufactured on the
20 premises to a licensed distilling pub wholly owned and
21 operated by the same licensee.

22 A distilling pub licensee shall not under any circumstance
23 sell or offer for sale spirits manufactured by the distilling
24 pub licensee to retail licensees.

25 A person who holds a class 2 craft distiller license may
26 simultaneously hold a distilling pub license if the class 2

1 craft distiller (i) does not, under any circumstance, sell or
2 offer for sale spirits manufactured by the class 2 craft
3 distiller to retail licensees; (ii) does not hold more than 3
4 distilling pub licenses in this State; (iii) does not
5 manufacture more than a combined 100,000 gallons of spirits
6 per year, including the spirits manufactured at the distilling
7 pub; and (iv) is not a member of or affiliated with, directly
8 or indirectly, a manufacturer that produces more than 100,000
9 gallons of spirits per year or any other alcoholic liquor.

10 (v) A craft distiller warehouse permit may be issued to
11 the holder of a class 1 craft distiller or class 2 craft
12 distiller license. The craft distiller warehouse permit shall
13 allow the holder to store or warehouse up to 500,000 gallons of
14 spirits manufactured by the holder of the permit at the
15 premises specified on the permit. Sales to non-licensees are
16 prohibited at the premises specified in the craft distiller
17 warehouse permit.

18 (w) A beer showcase permit license shall allow an
19 Illinois-licensed distributor to transfer a portion of its
20 beer inventory from its licensed premises to the premises
21 specified in the beer showcase permit license, and, in the
22 case of a class 3 brewer, transfer only beer the class 3 brewer
23 manufactures from its licensed premises to the premises
24 specified in the beer showcase permit license; and to sell or
25 offer for sale at retail, only in the premises specified in the
26 beer showcase permit license, the transferred or delivered

1 beer for on or off premise consumption, but not for resale in
2 any form and to sell to non-licensees not more than 96 fluid
3 ounces of beer per person. A beer showcase permit license may
4 be granted for the following time periods: one day or less; or
5 2 or more days to a maximum of 15 days per location in any
6 12-month period. An applicant for a beer showcase permit
7 license must also submit with the application proof
8 satisfactory to the State Commission that the applicant will
9 provide dram shop liability insurance to the maximum limits
10 and have local authority approval. The State Commission shall
11 require the beer showcase applicant to comply with Section
12 6-27.1.

18 make sales or deliveries of alcoholic liquor to licensed
19 distributors or importing distributors and which enlists
20 agents, representatives, or individuals acting on its behalf
21 who contact licensed retailers on a regular and continual
22 basis in this State must register those agents,
23 representatives, or persons acting on its behalf with the
24 State Commission.

25 Registration of agents, representatives, or persons acting
26 on behalf of a manufacturer is fulfilled by submitting a form

1 to the State Commission. The form shall be developed by the
2 State Commission and shall include the name and address of the
3 applicant, the name and address of the manufacturer he or she
4 represents, the territory or areas assigned to sell to or
5 discuss pricing terms of alcoholic liquor, and any other
6 questions deemed appropriate and necessary. All statements in
7 the forms required to be made by law or by rule shall be deemed
8 material, and any person who knowingly misstates any material
9 fact under oath in an application is guilty of a Class B
10 misdemeanor. Fraud, misrepresentation, false statements,
11 misleading statements, evasions, or suppression of material
12 facts in the securing of a registration are grounds for
13 suspension or revocation of the registration. The State
14 Commission shall post a list of registered agents on the State
15 Commission's website.

16 (b) A distributor's license shall allow (i) the wholesale
17 purchase and storage of alcoholic liquors and sale of
18 alcoholic liquors to licensees in this State and to persons

4 non-resident dealer's license.

5 (c) An importing distributor's license may be issued to
6 and held by those only who are duly licensed distributors,
7 upon the filing of an application by a duly licensed
8 distributor, with the State Commission and the State
9 Commission shall, without the payment of any fee, immediately
10 issue such importing distributor's license to the applicant,
11 which shall allow the importation of alcoholic liquor by the
12 licensee into this State from any point in the United States
13 outside this State, and the purchase of alcoholic liquor in
14 barrels, casks, or other bulk containers and the bottling of
15 such alcoholic liquors before resale thereof, but all bottles
16 or containers so filled shall be sealed, labeled, stamped, and
17 otherwise made to comply with all provisions, rules, and
18 regulations governing manufacturers in the preparation and
19 bottling of alcoholic liquors. The importing distributor's
20 license shall permit such licensee to purchase alcoholic
21 liquor from Illinois licensed non-resident dealers and foreign
22 importers only. No person licensed as an importing distributor
23 shall be granted a non-resident dealer's license.

24 (d) A retailer's license shall allow the licensee to sell
25 and offer for sale at retail, in or from the premises specified
26 in the license, alcoholic liquor for use or consumption, but

1 not for resale in any form except as otherwise provided in this
2 Act. Except as provided in Section 6-16, 6-29, or 6-29.1,
3 nothing in this Act shall deny, limit, remove, or restrict the
4 ability of a holder of a retailer's license to transfer or ship
5 alcoholic liquor to the purchaser for use or consumption
6 subject to any applicable local law or ordinance. For the
7 purposes of this Section, "shipping" means the movement of
8 alcoholic liquor from a licensed retailer to a consumer via a
9 common carrier. Except as provided in Section 6-16, 6-29, or
10 6-29.1, nothing in this Act shall deny, limit, remove, or
11 restrict the ability of a holder of a retailer's license to
12 deliver alcoholic liquor to the purchaser for use or
13 consumption. The delivery shall be made only within 12 hours
14 from the time the alcoholic liquor leaves the licensed
15 premises of the retailer for delivery. For the purposes of
16 this Section, "delivery" means the movement of alcoholic
17 liquor purchased from a licensed retailer to a consumer
18 through the following methods:

19 (1) delivery within licensed retailer's parking lot,
20 including curbside, for pickup by the consumer;

21 (2) delivery by an owner, officer, director,
22 shareholder, or employee of the licensed retailer; or

23 (3) delivery by a third-party contractor, independent
24 contractor, or agent with whom the licensed retailer has
25 contracted to make deliveries of alcoholic liquors.

26 Under paragraph (1), (2), or (3), delivery shall not

1 include the use of common carriers.

2 A retail licensee may use any website, mobile application,
3 or similar platform that facilitates the sale or delivery of
4 food, beverages, or goods and is owned or operated by the
5 retail licensee, third-party contractor, an independent
6 contractor, or an agent with whom the licensed retailer has
7 contracted to facilitate deliveries or sales of alcoholic
8 liquors under this Section. The use of any website, mobile
9 application, or similar platform to facilitate deliveries or
10 sales of alcoholic liquors shall not be considered an illegal
11 sale, resale, transfer, barter, or exchange of alcohol under
12 this Act.

13 Any retail license issued to a manufacturer shall only
14 permit the manufacturer to sell beer at retail on the premises
15 actually occupied by the manufacturer. For the purpose of
16 further describing the type of business conducted at a retail
17 licensed premises, a retailer's licensee may be designated by
18 the State Commission as (i) an on premise consumption
19 retailer, (ii) an off premise sale retailer, or (iii) a
20 combined on premise consumption and off premise sale retailer.

21 Except for a municipality with a population of more than
22 1,000,000 inhabitants, a home rule unit may not regulate the
23 delivery of alcoholic liquor or require a retail licensee to
24 obtain a separate or additional license for the delivery of
25 alcoholic liquor. This paragraph is a limitation under
26 subsection (i) of Section 6 of Article VII of the Illinois

1 Constitution on the concurrent exercise by home rule units of
2 powers and functions exercised by the State. A non-home rule
3 municipality may not regulate the delivery of alcoholic liquor
4 or require a retail licensee to obtain a separate or
5 additional license for the delivery of alcoholic liquor.

6 Notwithstanding any other provision of this subsection
7 (d), a retail licensee may sell alcoholic liquors to a special
8 event retailer licensee for resale to the extent permitted
9 under subsection (e).

10 The requirements in subsection (b-5) of Section 6-29 apply
11 only to a winery shipper licensee that ships wine via common
12 carrier and do not apply to a winery shipper licensee or a
13 retail licensee that delivers, or causes to be delivered,
14 alcohol pursuant to the methods outlined in item (1), (2), or
15 (3) of this subsection.

16 Except as provided in this Section, for a manufacturer
17 with a retail license, nothing in this Section shall be
18 construed to prohibit an on-premises consumption retailer,
19 off-premises sale retailer, or combined on-premises
20 consumption and off-premises sale retailer from delivering
21 alcohol pursuant to this Section.

22 A retail licensee shall contract only with a third-party
23 contractor, independent contractor, or agent to facilitate or
24 make deliveries of alcoholic liquors that has a policy to
25 verify the age of the person to whom the alcoholic liquor is
26 being delivered based on the person's valid proof of identity

1 indicating the person is age 21 or over. A retail licensee
2 shall not be civilly liable for sales or deliveries made to
3 intoxicated persons or persons under the age of 21 if the
4 delivery of alcoholic liquor was conducted by a third-party
5 contractor, independent contractor, or agent with whom the
6 licensed retailer has contracted to make deliveries of
7 alcoholic liquor.

8 (e) A special event retailer's license (not-for-profit)
9 shall permit the licensee to purchase alcoholic liquors from
10 an Illinois licensed distributor (unless the licensee
11 purchases less than \$500 of alcoholic liquors for the special
12 event, in which case the licensee may purchase the alcoholic
13 liquors from a licensed retailer) and shall allow the licensee
14 to sell and offer for sale, at retail, alcoholic liquors for
15 consumption on or off the premises specified in the license,
16 but not for resale in any form and only at the location and on
17 the specific dates designated for the special event in the
18 license. An applicant for a special event retailer license
19 must (i) furnish with the application: (A) a resale number
20 issued under Section 2c of the Retailers' Occupation Tax Act
21 or evidence that the applicant is registered under Section 2a
22 of the Retailers' Occupation Tax Act, (B) a current, valid
23 exemption identification number issued under Section 1g of the
24 Retailers' Occupation Tax Act and a certification to the State
25 Commission that the purchase of alcoholic liquors will be a
26 tax-exempt purchase, or (C) a statement that the applicant is

1 not registered under Section 2a of the Retailers' Occupation
2 Tax Act, does not hold a resale number under Section 2c of the
3 Retailers' Occupation Tax Act, and does not hold an exemption
4 number under Section 1g of the Retailers' Occupation Tax Act,
5 in which event the State Commission shall set forth on the
6 special event retailer's license a statement to that effect;
7 (ii) submit with the application proof satisfactory to the
8 State Commission that the applicant will provide dram shop
9 liability insurance in the maximum limits; and (iii) show
10 proof satisfactory to the State Commission that the applicant
11 has obtained local authority approval.

12 Nothing in this Act prohibits an Illinois licensed
13 distributor from offering credit or a refund for unused,
14 salable alcoholic liquors to a holder of a special event
15 retailer's license or the special event retailer's licensee
16 from accepting the credit or refund of alcoholic liquors at
17 the conclusion of the event specified in the license.

18 (f) A railroad license shall permit the licensee to import
19 alcoholic liquors into this State from any point in the United
20 States outside this State and to store such alcoholic liquors
21 in this State; to make wholesale purchases of alcoholic
22 liquors directly from manufacturers, foreign importers,
23 distributors and importing distributors from within or outside
24 this State; and to store such alcoholic liquors in this State;
25 provided that the above powers may be exercised only in
26 connection with the importation, purchase or storage of

1 alcoholic liquors to be sold or dispensed on a club, buffet,
2 lounge, or dining car operated on an electric, gas, or steam
3 railway in this State; and provided further, that railroad
4 licensees exercising the above powers shall be subject to all
5 provisions of Article VIII of this Act as applied to importing
6 distributors. A railroad license shall also permit the
7 licensee to sell or dispense alcoholic liquors on any club,
8 buffet, lounge, or dining car operated on an electric, gas, or
9 steam railway regularly operated by a common carrier in this
10 State, but shall not permit the sale for resale of any
11 alcoholic liquors to any licensee within this State. A license
12 shall be obtained for each car in which such sales are made.

13 (g) A boat license shall allow the sale of alcoholic
14 liquor in individual drinks on any passenger boat regularly
15 operated as a common carrier on navigable waters in this State
16 or on any riverboat operated under the Illinois Gambling Act,
17 which boat or riverboat maintains a public dining room or
18 restaurant thereon.

19 (h) A non-beverage user's license shall allow the licensee
20 to purchase alcoholic liquor from a licensed manufacturer or
21 importing distributor, without the imposition of any tax upon
22 the business of such licensed manufacturer or importing
23 distributor as to such alcoholic liquor to be used by such
24 licensee solely for the non-beverage purposes set forth in
25 subsection (a) of Section 8-1 of this Act, and such licenses
26 shall be divided and classified and shall permit the purchase,

1 possession, and use of limited and stated quantities of
2 alcoholic liquor as follows:

3 Class 1, not to exceed 500 gallons
4 Class 2, not to exceed 1,000 gallons
5 Class 3, not to exceed 5,000 gallons
6 Class 4, not to exceed 10,000 gallons
7 Class 5, not to exceed 50,000 gallons

8 (i) A wine-maker's premises license shall allow a licensee
9 that concurrently holds a first-class wine-maker's license to
10 sell and offer for sale at retail in the premises specified in
11 such license not more than 50,000 gallons of the first-class
12 wine-maker's wine that is made at the first-class wine-maker's
13 licensed premises per year for use or consumption, but not for
14 resale in any form. A wine-maker's premises license shall
15 allow a licensee who concurrently holds a second-class
16 wine-maker's license to sell and offer for sale at retail in
17 the premises specified in such license up to 100,000 gallons
18 of the second-class wine-maker's wine that is made at the
19 second-class wine-maker's licensed premises per year for use
20 or consumption but not for resale in any form. A first-class
21 wine-maker that concurrently holds a class 1 brewer license or
22 a class 1 craft distiller license shall not be eligible to hold
23 a wine-maker's premises license. A wine-maker's premises
24 license shall allow a licensee that concurrently holds a
25 first-class wine-maker's license or a second-class
26 wine-maker's license to sell and offer for sale at retail at

1 the premises specified in the wine-maker's premises license,
2 for use or consumption but not for resale in any form, any
3 beer, wine, and spirits purchased from a licensed distributor.
4 Upon approval from the State Commission, a wine-maker's
5 premises license shall allow the licensee to sell and offer
6 for sale at (i) the wine-maker's licensed premises and (ii) up
7 to 2 additional locations for use and consumption and not for
8 resale. Each location shall require additional licensing per
9 location as specified in Section 5-3 of this Act. A
10 wine-maker's premises licensee shall secure liquor liability
11 insurance coverage in an amount at least equal to the maximum
12 liability amounts set forth in subsection (a) of Section 6-21
13 of this Act.

14 (j) An airplane license shall permit the licensee to
15 import alcoholic liquors into this State from any point in the
16 United States outside this State and to store such alcoholic
17 liquors in this State; to make wholesale purchases of
18 alcoholic liquors directly from manufacturers, foreign
19 importers, distributors, and importing distributors from
20 within or outside this State; and to store such alcoholic
21 liquors in this State; provided that the above powers may be
22 exercised only in connection with the importation, purchase,
23 or storage of alcoholic liquors to be sold or dispensed on an
24 airplane; and provided further, that airplane licensees
25 exercising the above powers shall be subject to all provisions
26 of Article VIII of this Act as applied to importing

1 distributors. An airplane licensee shall also permit the sale
2 or dispensing of alcoholic liquors on any passenger airplane
3 regularly operated by a common carrier in this State, but
4 shall not permit the sale for resale of any alcoholic liquors
5 to any licensee within this State. A single airplane license
6 shall be required of an airline company if liquor service is
7 provided on board aircraft in this State. The annual fee for
8 such license shall be as determined in Section 5-3.

9 (k) A foreign importer's license shall permit such
10 licensee to purchase alcoholic liquor from Illinois licensed
11 non-resident dealers only, and to import alcoholic liquor
12 other than in bulk from any point outside the United States and
13 to sell such alcoholic liquor to Illinois licensed importing
14 distributors and to no one else in Illinois; provided that (i)
15 the foreign importer registers with the State Commission every
16 brand of alcoholic liquor that it proposes to sell to Illinois
17 licensees during the license period, (ii) the foreign importer
18 complies with all of the provisions of Section 6-9 of this Act
19 with respect to registration of such Illinois licensees as may
20 be granted the right to sell such brands at wholesale, and
21 (iii) the foreign importer complies with the provisions of
22 Sections 6-5 and 6-6 of this Act to the same extent that these
23 provisions apply to manufacturers.

24 (l) (i) A broker's license shall be required of all
25 persons who solicit orders for, offer to sell, or offer to
26 supply alcoholic liquor to retailers in the State of Illinois,

1 or who offer to retailers to ship or cause to be shipped or to
2 make contact with distillers, craft distillers, rectifiers,
3 brewers or manufacturers or any other party within or without
4 the State of Illinois in order that alcoholic liquors be
5 shipped to a distributor, importing distributor, or foreign
6 importer, whether such solicitation or offer is consummated
7 within or without the State of Illinois.

8 No holder of a retailer's license issued by the Illinois
9 Liquor Control Commission shall purchase or receive any
10 alcoholic liquor, the order for which was solicited or offered
11 for sale to such retailer by a broker unless the broker is the
12 holder of a valid broker's license.

13 The broker shall, upon the acceptance by a retailer of the
14 broker's solicitation of an order or offer to sell or supply or
15 deliver or have delivered alcoholic liquors, promptly forward
16 to the Illinois Liquor Control Commission a notification of
17 said transaction in such form as the State Commission may by
18 regulations prescribe.

19 (ii) A broker's license shall be required of a person
20 within this State, other than a retail licensee, who, for a fee
21 or commission, promotes, solicits, or accepts orders for
22 alcoholic liquor, for use or consumption and not for resale,
23 to be shipped from this State and delivered to residents
24 outside of this State by an express company, common carrier,
25 or contract carrier. This Section does not apply to any person
26 who promotes, solicits, or accepts orders for wine as

1 specifically authorized in Section 6-29 of this Act.

2 A broker's license under this subsection (1) shall not
3 entitle the holder to buy or sell any alcoholic liquors for his
4 own account or to take or deliver title to such alcoholic
5 liquors.

6 This subsection (1) shall not apply to distributors,
7 employees of distributors, or employees of a manufacturer who
8 has registered the trademark, brand, or name of the alcoholic
9 liquor pursuant to Section 6-9 of this Act, and who regularly
10 sells such alcoholic liquor in the State of Illinois only to
11 its registrants thereunder.

12 Any agent, representative, or person subject to
13 registration pursuant to subsection (a-1) of this Section
14 shall not be eligible to receive a broker's license.

15 (m) A non-resident dealer's license shall permit such
16 licensee to ship into and warehouse alcoholic liquor into this
17 State from any point outside of this State, and to sell such
18 alcoholic liquor to Illinois licensed foreign importers and
19 importing distributors and to no one else in this State;
20 provided that (i) said non-resident dealer shall register with
21 the Illinois Liquor Control Commission each and every brand of
22 alcoholic liquor which it proposes to sell to Illinois
23 licensees during the license period, (ii) it shall comply with
24 all of the provisions of Section 6-9 hereof with respect to
25 registration of such Illinois licensees as may be granted the
26 right to sell such brands at wholesale by duly filing such

1 registration statement, thereby authorizing the non-resident
2 dealer to proceed to sell such brands at wholesale, and (iii)
3 the non-resident dealer shall comply with the provisions of
4 Sections 6-5 and 6-6 of this Act to the same extent that these
5 provisions apply to manufacturers. No person licensed as a
6 non-resident dealer shall be granted a distributor's or
7 importing distributor's license.

8 (n) A brew pub license shall allow the licensee to only (i)
9 manufacture up to 155,000 gallons of beer per year only on the
10 premises specified in the license, (ii) make sales of the beer
11 manufactured on the premises or, with the approval of the
12 State Commission, beer manufactured on another brew pub
13 licensed premises that is wholly owned and operated by the
14 same licensee to importing distributors, distributors, and
15 non-licensees for use and consumption, (iii) store the beer
16 upon the premises, (iv) sell and offer for sale at retail from
17 the licensed premises for off-premises consumption no more
18 than 155,000 gallons per year so long as such sales are only
19 made in-person, (v) sell and offer for sale at retail for use
20 and consumption on the premises specified in the license any
21 form of alcoholic liquor purchased from a licensed distributor
22 or importing distributor, (vi) with the prior approval of the
23 State Commission, annually transfer no more than 155,000
24 gallons of beer manufactured on the premises to a licensed
25 brew pub wholly owned and operated by the same licensee, and
26 (vii) notwithstanding item (i) of this subsection, brew pubs

1 wholly owned and operated by the same licensee may combine
2 each location's production limit of 155,000 gallons of beer
3 per year and allocate the aggregate total between the wholly
4 owned, operated, and licensed locations.

5 A brew pub licensee shall not under any circumstance sell
6 or offer for sale beer manufactured by the brew pub licensee to
7 retail licensees.

8 A person who holds a class 2 brewer license may
9 simultaneously hold a brew pub license if the class 2 brewer
10 (i) does not, under any circumstance, sell or offer for sale
11 beer manufactured by the class 2 brewer to retail licensees;
12 (ii) does not hold more than 3 brew pub licenses in this State;
13 (iii) does not manufacture more than a combined 3,720,000
14 gallons of beer per year, including the beer manufactured at
15 the brew pub; and (iv) is not a member of or affiliated with,
16 directly or indirectly, a manufacturer that produces more than
17 3,720,000 gallons of beer per year or any other alcoholic
18 liquor.

19 Notwithstanding any other provision of this Act, a
20 licensed brewer, class 2 brewer, or non-resident dealer who
21 before July 1, 2015 manufactured less than 3,720,000 gallons
22 of beer per year and held a brew pub license on or before July
23 1, 2015 may (i) continue to qualify for and hold that brew pub
24 license for the licensed premises and (ii) manufacture more
25 than 3,720,000 gallons of beer per year and continue to
26 qualify for and hold that brew pub license if that brewer,

1 class 2 brewer, or non-resident dealer does not simultaneously
2 hold a class 1 brewer license and is not a member of or
3 affiliated with, directly or indirectly, a manufacturer that
4 produces more than 3,720,000 gallons of beer per year or that
5 produces any other alcoholic liquor.

6 A brew pub licensee may apply for a class 3 brewer license
7 and, upon meeting all applicable qualifications of this Act
8 and relinquishing all commonly owned brew pub or retail
9 licenses, shall be issued a class 3 brewer license. Nothing in
10 this Act shall prohibit the issuance of a class 3 brewer
11 license if the applicant:

12 (1) has a valid retail license on or before May 1,
13 2021;

14 (2) has an ownership interest in at least 2 brew pubs
15 licenses on or before May 1, 2021;

16 (3) the brew pub licensee applies for a class 3 brewer
17 license on or before October 1, 2022 and relinquishes all
18 commonly owned brew pub licenses; and

19 (4) relinquishes all commonly owned retail licenses on
20 or before December 31, 2022.

21 If a brew pub licensee is issued a class 3 brewer license,
22 the class 3 brewer license shall expire on the same date as the
23 existing brew pub license and the State Commission shall not
24 require a class 3 brewer licensee to obtain a brewer license
25 or, in the alternative, to pay a fee for a brewer license,
26 until the date the brew pub license of the applicant would have

1 expired.

2 (o) A caterer retailer license shall allow the holder to
3 serve alcoholic liquors as an incidental part of a food
4 service that serves prepared meals which excludes the serving
5 of snacks as the primary meal, either on or off-site whether
6 licensed or unlicensed. A caterer retailer license shall allow
7 the holder, a distributor, or an importing distributor to
8 transfer any inventory to and from the holder's retail
9 premises and shall allow the holder to purchase alcoholic
10 liquor from a distributor or importing distributor to be
11 delivered directly to an off-site event.

12 Nothing in this Act prohibits a distributor or importing
13 distributor from offering credit or a refund for unused,
14 salable beer to a holder of a caterer retailer license or a
15 caterer retailer licensee from accepting a credit or refund
16 for unused, salable beer, in the event an act of God is the
17 sole reason an off-site event is canceled and if: (i) the
18 holder of a caterer retailer license has not transferred
19 alcoholic liquor from its caterer retailer premises to an
20 off-site location; (ii) the distributor or importing
21 distributor offers the credit or refund for the unused,
22 salable beer that it delivered to the off-site premises and
23 not for any unused, salable beer that the distributor or
24 importing distributor delivered to the caterer retailer's
25 premises; and (iii) the unused, salable beer would likely
26 spoil if transferred to the caterer retailer's premises. A

1 caterer retailer license shall allow the holder to transfer
2 any inventory from any off-site location to its caterer
3 retailer premises at the conclusion of an off-site event or
4 engage a distributor or importing distributor to transfer any
5 inventory from any off-site location to its caterer retailer
6 premises at the conclusion of an off-site event, provided that
7 the distributor or importing distributor issues bona fide
8 charges to the caterer retailer licensee for fuel, labor, and
9 delivery and the distributor or importing distributor collects
10 payment from the caterer retailer licensee prior to the
11 distributor or importing distributor transferring inventory to
12 the caterer retailer premises.

13 For purposes of this subsection (o), an "act of God" means
14 an unforeseeable event, such as a rain or snow storm, hail, a
15 flood, or a similar event, that is the sole cause of the
16 cancellation of an off-site, outdoor event.

17 (p) An auction liquor license shall allow the licensee to
18 sell and offer for sale at auction wine and spirits for use or
19 consumption, or for resale by an Illinois liquor licensee in
20 accordance with provisions of this Act. An auction liquor
21 license will be issued to a person and it will permit the
22 auction liquor licensee to hold the auction anywhere in the
23 State. An auction liquor license must be obtained for each
24 auction at least 14 days in advance of the auction date.

25 (q) A special use permit license shall allow an Illinois
26 licensed retailer to transfer a portion of its alcoholic

1 liquor inventory from its retail licensed premises to the
2 premises specified in the license hereby created; to purchase
3 alcoholic liquor from a distributor or importing distributor
4 to be delivered directly to the location specified in the
5 license hereby created; and to sell or offer for sale at retail
6 for consumption on or off the premises specified in the
7 license, only in the premises specified in the license hereby
8 created, the transferred or delivered alcoholic liquor for use
9 or consumption, but not for resale in any form. A special use
10 permit license may be granted for the following time periods:
11 one day or less; 2 or more days to a maximum of 15 days per
12 location in any 12-month period. An applicant for the special
13 use permit license must also submit with the application proof
14 satisfactory to the State Commission that the applicant will
15 provide dram shop liability insurance to the maximum limits
16 and have local authority approval.

17 A special use permit license shall allow the holder to
18 transfer any inventory from the holder's special use premises
19 to its retail premises at the conclusion of the special use
20 event or engage a distributor or importing distributor to
21 transfer any inventory from the holder's special use premises
22 to its retail premises at the conclusion of an off-site event,
23 provided that the distributor or importing distributor issues
24 bona fide charges to the special use permit licensee for fuel,
25 labor, and delivery and the distributor or importing
26 distributor collects payment from the retail licensee prior to

1 the distributor or importing distributor transferring
2 inventory to the retail premises.

3 Nothing in this Act prohibits a distributor or importing
4 distributor from offering credit or a refund for unused,
5 salable beer to a special use permit licensee or a special use
6 permit licensee from accepting a credit or refund for unused,
7 salable beer at the conclusion of the event specified in the
8 license if: (i) the holder of the special use permit license
9 has not transferred alcoholic liquor from its retail licensed
10 premises to the premises specified in the special use permit
11 license; (ii) the distributor or importing distributor offers
12 the credit or refund for the unused, salable beer that it
13 delivered to the premises specified in the special use permit
14 license and not for any unused, salable beer that the
15 distributor or importing distributor delivered to the
16 retailer's premises; and (iii) the unused, salable beer would
17 likely spoil if transferred to the retailer premises.

18 (r) A winery shipper's license shall allow a person with a
19 first-class or second-class wine manufacturer's license, a
20 first-class or second-class wine-maker's license, or a limited
21 wine manufacturer's license or who is licensed to make wine
22 under the laws of another state to ship wine made by that
23 licensee directly to a resident of this State who is 21 years
24 of age or older for that resident's personal use and not for
25 resale. Prior to receiving a winery shipper's license, an
26 applicant for the license must provide the State Commission

1 with a true copy of its current license in any state in which
2 it is licensed as a manufacturer of wine. An applicant for a
3 winery shipper's license must also complete an application
4 form that provides any other information the State Commission
5 deems necessary. The application form shall include all
6 addresses from which the applicant for a winery shipper's
7 license intends to ship wine, including the name and address
8 of any third party, except for a common carrier, authorized to
9 ship wine on behalf of the manufacturer. The application form
10 shall include an acknowledgment consenting to the jurisdiction
11 of the State Commission, the Illinois Department of Revenue,
12 and the courts of this State concerning the enforcement of
13 this Act and any related laws, rules, and regulations,
14 including authorizing the Department of Revenue and the State
15 Commission to conduct audits for the purpose of ensuring
16 compliance with Public Act 95-634, and an acknowledgment that
17 the wine manufacturer is in compliance with Section 6-2 of
18 this Act. Any third party, except for a common carrier,
19 authorized to ship wine on behalf of a first-class or
20 second-class wine manufacturer's licensee, a first-class or
21 second-class wine-maker's licensee, a limited wine
22 manufacturer's licensee, or a person who is licensed to make
23 wine under the laws of another state shall also be disclosed by
24 the winery shipper's licensee, and a copy of the written
25 appointment of the third-party wine provider, except for a
26 common carrier, to the wine manufacturer shall be filed with

1 the State Commission as a supplement to the winery shipper's
2 license application or any renewal thereof. The winery
3 shipper's license holder shall affirm under penalty of
4 perjury, as part of the winery shipper's license application
5 or renewal, that he or she only ships wine, either directly or
6 indirectly through a third-party provider, from the licensee's
7 own production.

8 Except for a common carrier, a third-party provider
9 shipping wine on behalf of a winery shipper's license holder
10 is the agent of the winery shipper's license holder and, as
11 such, a winery shipper's license holder is responsible for the
12 acts and omissions of the third-party provider acting on
13 behalf of the license holder. A third-party provider, except
14 for a common carrier, that engages in shipping wine into
15 Illinois on behalf of a winery shipper's license holder shall
16 consent to the jurisdiction of the State Commission and the
17 State. Any third-party, except for a common carrier, holding
18 such an appointment shall, by February 1 of each calendar year
19 and upon request by the State Commission or the Department of
20 Revenue, file with the State Commission a statement detailing
21 each shipment made to an Illinois resident. The statement
22 shall include the name and address of the third-party provider
23 filing the statement, the time period covered by the
24 statement, and the following information:

- 25 (1) the name, address, and license number of the
26 winery shipper on whose behalf the shipment was made;

1 (2) the quantity of the products delivered; and

2 (3) the date and address of the shipment.

3 If the Department of Revenue or the State Commission requests
4 a statement under this paragraph, the third-party provider
5 must provide that statement no later than 30 days after the
6 request is made. Any books, records, supporting papers, and
7 documents containing information and data relating to a
8 statement under this paragraph shall be kept and preserved for
9 a period of 3 years, unless their destruction sooner is
10 authorized, in writing, by the Director of Revenue, and shall
11 be open and available to inspection by the Director of Revenue
12 or the State Commission or any duly authorized officer, agent,
13 or employee of the State Commission or the Department of
14 Revenue, at all times during business hours of the day. Any
15 person who violates any provision of this paragraph or any
16 rule of the State Commission for the administration and
17 enforcement of the provisions of this paragraph is guilty of a
18 Class C misdemeanor. In case of a continuing violation, each
19 day's continuance thereof shall be a separate and distinct
20 offense.

21 The State Commission shall adopt rules as soon as
22 practicable to implement the requirements of Public Act 99-904
23 and shall adopt rules prohibiting any such third-party
24 appointment of a third-party provider, except for a common
25 carrier, that has been deemed by the State Commission to have
26 violated the provisions of this Act with regard to any winery

1 shipper licensee.

2 A winery shipper licensee must pay to the Department of
3 Revenue the State liquor gallonage tax under Section 8-1 for
4 all wine that is sold by the licensee and shipped to a person
5 in this State. For the purposes of Section 8-1, a winery
6 shipper licensee shall be taxed in the same manner as a
7 manufacturer of wine. A licensee who is not otherwise required
8 to register under the Retailers' Occupation Tax Act must
9 register under the Use Tax Act to collect and remit use tax to
10 the Department of Revenue for all gallons of wine that are sold
11 by the licensee and shipped to persons in this State. If a
12 licensee fails to remit the tax imposed under this Act in
13 accordance with the provisions of Article VIII of this Act,
14 the winery shipper's license shall be revoked in accordance
15 with the provisions of Article VII of this Act. If a licensee
16 fails to properly register and remit tax under the Use Tax Act
17 or the Retailers' Occupation Tax Act for all wine that is sold
18 by the winery shipper and shipped to persons in this State, the
19 winery shipper's license shall be revoked in accordance with
20 the provisions of Article VII of this Act.

21 A winery shipper licensee must collect, maintain, and
22 submit to the State Commission on a semi-annual basis the
23 total number of cases per resident of wine shipped to
24 residents of this State. A winery shipper licensed under this
25 subsection (r) must comply with the requirements of Section
26 6-29 of this Act.

1 Pursuant to paragraph (5.1) or (5.3) of subsection (a) of
2 Section 3-12, the State Commission may receive, respond to,
3 and investigate any complaint and impose any of the remedies
4 specified in paragraph (1) of subsection (a) of Section 3-12.

5 As used in this subsection, "third-party provider" means
6 any entity that provides fulfillment house services, including
7 warehousing, packaging, distribution, order processing, or
8 shipment of wine, but not the sale of wine, on behalf of a
9 licensed winery shipper.

10 (s) A craft distiller tasting permit license shall allow
11 an Illinois licensed class 1 craft distiller or class 2 craft
12 distiller to transfer a portion of its alcoholic liquor
13 inventory from its class 1 craft distiller or class 2 craft
14 distiller licensed premises to the premises specified in the
15 license hereby created and to conduct a sampling, only in the
16 premises specified in the license hereby created, of the
17 transferred alcoholic liquor in accordance with subsection (c)
18 of Section 6-31 of this Act. The transferred alcoholic liquor

19 changing Sections 5-5.01a, 5-16.8, 5A-2, 11-6.2, 12-4.7f, and
20 12-4.59 as follows:

21 (305 ILCS 5/5-5.01a)

22 Sec. 5-5.01a. Supportive living facilities program.

1 (a) The Department shall establish and provide oversight
2 for a program of supportive living facilities that seek to
3 promote resident independence, dignity, respect, and
4 well-being in the most cost-effective manner.

5 A supportive living facility is (i) a free-standing
6 facility or (ii) a distinct physical and operational entity
7 within a mixed-use building that meets the criteria
8 established in subsection (d). A supportive living facility
9 integrates housing with health, personal care, and supportive
10 services and is a designated setting that offers residents
11 their own separate, private, and distinct living units.

12 Sites for the operation of the program shall be selected
13 by the Department based upon criteria that may include the
14 need for services in a geographic area, the availability of
15 funding, and the site's ability to meet the standards.

16 (b) Beginning July 1, 2014, subject to federal approval,
17 the Medicaid rates for supportive living facilities shall be
18 equal to the supportive living facility Medicaid rate
19 effective on June 30, 2014 increased by 8.85%. Once the
20 assessment imposed at Article V-G of this Code is determined
21 to be a permissible tax under Title XIX of the Social Security
22 Act, the Department shall increase the Medicaid rates for
23 supportive living facilities effective on July 1, 2014 by
24 9.09%. The Department shall apply this increase retroactively
25 to coincide with the imposition of the assessment in Article
26 V-G of this Code in accordance with the approval for federal

1 financial participation by the Centers for Medicare and
2 Medicaid Services.

3 The Medicaid rates for supportive living facilities
4 effective on July 1, 2017 must be equal to the rates in effect
5 for supportive living facilities on June 30, 2017 increased by
6 2.8%.

7 The Medicaid rates for supportive living facilities
8 effective on July 1, 2018 must be equal to the rates in effect
9 for supportive living facilities on June 30, 2018.

10 Subject to federal approval, the Medicaid rates for
11 supportive living services on and after July 1, 2019 must be at
12 least 54.3% of the average total nursing facility services per
13 diem for the geographic areas defined by the Department while
14 maintaining the rate differential for dementia care and must
15 be updated whenever the total nursing facility service per
16 diems are updated. Beginning July 1, 2022, upon the
17 implementation of the Patient Driven Payment Model, Medicaid
18 rates for supportive living services must be at least 54.3% of
19 the average total nursing services per diem rate for the
20 geographic areas. For purposes of this provision, the average
21 total nursing services per diem rate shall include all add-ons
22 for nursing facilities for the geographic area provided for in
23 Section 5-5.2. The rate differential for dementia care must be
24 maintained in these rates and the rates shall be updated
25 whenever nursing facility per diem rates are updated.

26 Subject to federal approval, beginning January 1, 2024,

1 the dementia care rate for supportive living services must be
2 no less than the non-dementia care supportive living services
3 rate multiplied by 1.5.

4 (b-5) Subject to federal approval, beginning January 1,
5 2025, Medicaid rates for supportive living services must be at
6 least 54.75% of the average total nursing facility per diem
7 rate for the geographic areas defined by the Department and
8 shall include all add-ons for nursing facilities for the
9 geographic area provided for in Section 5-5.2.

10 (c) The Department may adopt rules to implement this
11 Section. Rules that establish or modify the services,
12 standards, and conditions for participation in the program
13 shall be adopted by the Department in consultation with the
14 Department on Aging, the Department of Rehabilitation
15 Services, and the Department of Mental Health and
16 Developmental Disabilities (or their successor agencies).

17 (d) Subject to federal approval by the Centers for
18 Medicare and Medicaid Services, the Department shall accept
19 for consideration of certification under the program any
20 application for a site or building where distinct parts of the
21 site or building are designated for purposes other than the
22 provision of supportive living services, but only if:

23 (1) those distinct parts of the site or building are
24 not designated for the purpose of providing assisted
25 living services as required under the Assisted Living and
26 Shared Housing Act;

1 (2) those distinct parts of the site or building are
2 completely separate from the part of the building used for
3 the provision of supportive living program services,
4 including separate entrances;

5 (3) those distinct parts of the site or building do
6 not share any common spaces with the part of the building
7 used for the provision of supportive living program
8 services; and

9 (4) those distinct parts of the site or building do
10 not share staffing with the part of the building used for
11 the provision of supportive living program services.

12 (e) Facilities or distinct parts of facilities which are
13 selected as supportive living facilities and are in good
14 standing with the Department's rules are exempt from the
15 provisions of the Nursing Home Care Act and the Illinois
16 Health Facilities Planning Act.

17 (f) Section 9817 of the American Rescue Plan Act of 2021
18 (Public Law 117-2) authorizes a 10% enhanced federal medical
19 assistance percentage for supportive living services for a
20 12-month period from April 1, 2021 through March 31, 2022.
21 Subject to federal approval, including the approval of any
22 necessary waiver amendments or other federally required
23 documents or assurances, for a 12-month period the Department
24 must pay a supplemental \$26 per diem rate to all supportive
25 living facilities with the additional federal financial
26 participation funds that result from the enhanced federal

1 medical assistance percentage from April 1, 2021 through March
2 31, 2022. The Department may issue parameters around how the
3 supplemental payment should be spent, including quality
4 improvement activities. The Department may alter the form,
5 methods, or timeframes concerning the supplemental per diem
6 rate to comply with any subsequent changes to federal law,
7 changes made by guidance issued by the federal Centers for
8 Medicare and Medicaid Services, or other changes necessary to
9 receive the enhanced federal medical assistance percentage.

10 (g) All applications for the expansion of supportive
11 living dementia care settings involving sites not approved by
12 the Department by January 1, 2024 may allow new elderly
13 non-dementia units in addition to new dementia care units. The
14 Department may approve such applications only if the
15 application has: (1) no more than one non-dementia care unit
16 for each dementia care unit and (2) the site is not located
17 within 4 miles of an existing supportive living program site
18 in Cook County (including the City of Chicago), not located
19 within 12 miles of an existing supportive living program site
20 in Alexander, Bond, Boone, Calhoun, Champaign, Clinton,
21 DeKalb, DuPage, Fulton, Grundy, Henry, Jackson, Jersey,
22 Johnson, Kane, Kankakee, Kendall, Lake, Macon, Macoupin,
23 Madison, Marshall, McHenry, McLean, Menard, Mercer, Monroe,
24 Peoria, Piatt, Rock Island, Sangamon, Stark, St. Clair,
25 Tazewell, Vermilion, Will, Williamson, Winnebago, or Woodford
26 counties, or not located within 25 miles of an existing

1 supportive living program site in any other county.

2 (h) Beginning January 1, 2025, subject to federal
3 approval, for a person who is a resident of a supportive living
4 facility under this Section, the monthly personal needs
5 allowance shall be \$120 per month.

6 (i) As stated in the supportive living program home and
7 community-based service waiver approved by the federal Centers
8 for Medicare and Medicaid Services, and beginning July 1,
9 2025, the Department must maintain the rate add-on implemented
10 on January 1, 2023 for the provision of 2 meals per day at no
11 less than \$6.15 per day.

12 (j) Subject to federal approval, the Department shall
13 allow a certified medication aide to administer medication in
14 a supportive living facility. For purposes of this subsection,
15 "certified medication aide" means a person who has met the
16 qualifications for certification under Section 79 of the
17 Assisted Living and Shared Housing Act and assists with
18 medication administration while under the supervision of a
19 registered professional nurse as authorized by Section 50-75
20 of the Nurse Practice Act. The Department may adopt rules to

15 subject to the provisions of subsection (d-5) of Section 10 of
16 the Network Adequacy and Transparency Act.

17 The Department, by rule, shall adopt a model similar to
18 the requirements of Section 356z.39 of the Illinois Insurance
19 Code.

10 (305 ILCS 5/5A-2) (from Ch. 23, par. 5A-2)

11 Sec. 5A-2. Assessment.

12 (a)(1) Subject to Sections 5A-3 and 5A-10, for State
13 fiscal years 2009 through 2018, or as long as continued under
14 Section 5A-16, an annual assessment on inpatient services is
15 imposed on each hospital provider in an amount equal to
16 \$218.38 multiplied by the difference of the hospital's
17 occupied bed days less the hospital's Medicare bed days,
18 provided, however, that the amount of \$218.38 shall be
19 increased by a uniform percentage to generate an amount equal
20 to 75% of the State share of the payments authorized under
21 Section 5A-12.5, with such increase only taking effect upon
22 the date that a State share for such payments is required under
23 federal law. For the period of April through June 2015, the
24 amount of \$218.38 used to calculate the assessment under this
25 paragraph shall, by emergency rule under subsection (s) of

1 Section 5-45 of the Illinois Administrative Procedure Act, be
2 increased by a uniform percentage to generate \$20,250,000 in
3 the aggregate for that period from all hospitals subject to
4 the annual assessment under this paragraph.

5 (2) In addition to any other assessments imposed under
6 this Article, effective July 1, 2016 and semi-annually
7 thereafter through June 2018, or as provided in Section 5A-16,
8 in addition to any federally required State share as
9 authorized under paragraph (1), the amount of \$218.38 shall be
10 increased by a uniform percentage to generate an amount equal
11 to 75% of the ACA Assessment Adjustment, as defined in
12 subsection (b-6) of this Section.

13 For State fiscal years 2009 through 2018, or as provided
14 in Section 5A-16, a hospital's occupied bed days and Medicare
15 bed days shall be determined using the most recent data
16 available from each hospital's 2005 Medicare cost report as
17 contained in the Healthcare Cost Report Information System
18 file, for the quarter ending on December 31, 2006, without
19 regard to any subsequent adjustments or changes to such data.
20 If a hospital's 2005 Medicare cost report is not contained in
21 the Healthcare Cost Report Information System, then the
22 Illinois Department may obtain the hospital provider's
23 occupied bed days and Medicare bed days from any source
24 available, including, but not limited to, records maintained
25 by the hospital provider, which may be inspected at all times
26 during business hours of the day by the Illinois Department or

1 its duly authorized agents and employees.

2 (3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State
3 fiscal years 2019 and 2020, an annual assessment on inpatient
4 services is imposed on each hospital provider in an amount
5 equal to \$197.19 multiplied by the difference of the
6 hospital's occupied bed days less the hospital's Medicare bed
7 days. For State fiscal years 2019 and 2020, a hospital's
8 occupied bed days and Medicare bed days shall be determined
9 using the most recent data available from each hospital's 2015
10 Medicare cost report as contained in the Healthcare Cost
11 Report Information System file, for the quarter ending on
12 March 31, 2017, without regard to any subsequent adjustments
13 or changes to such data. If a hospital's 2015 Medicare cost
14 report is not contained in the Healthcare Cost Report
15 Information System, then the Illinois Department may obtain
16 the hospital provider's occupied bed days and Medicare bed
17 days from any source available, including, but not limited to,
18 records maintained by the hospital provider, which may be
19 inspected at all times during business hours of the day by the
20 Illinois Department or its duly authorized agents and
21 employees. Notwithstanding any other provision in this
22 Article, for a hospital provider that did not have a 2015
23 Medicare cost report, but paid an assessment in State fiscal
24 year 2018 on the basis of hypothetical data, that assessment
25 amount shall be used for State fiscal years 2019 and 2020.

26 (4) Subject to Sections 5A-3 and 5A-10 and to subsection

1 (b-8), for the period of July 1, 2020 through December 31, 2020
2 and calendar years 2021 through 2024, an annual assessment on
3 inpatient services is imposed on each hospital provider in an
4 amount equal to \$221.50 multiplied by the difference of the
5 hospital's occupied bed days less the hospital's Medicare bed
6 days, provided however: for the period of July 1, 2020 through
7 December 31, 2020, (i) the assessment shall be equal to 50% of
8 the annual amount; and (ii) the amount of \$221.50 shall be
9 retroactively adjusted by a uniform percentage to generate an
10 amount equal to 50% of the Assessment Adjustment, as defined
11 in subsection (b-7). For the period of July 1, 2020 through
12 December 31, 2020 and calendar years 2021 through 2024, a
13 hospital's occupied bed days and Medicare bed days shall be
14 determined using the most recent data available from each
15 hospital's 2015 Medicare cost report as contained in the
16 Healthcare Cost Report Information System file, for the
17 quarter ending on March 31, 2017, without regard to any
18 subsequent adjustments or changes to such data. If a
19 hospital's 2015 Medicare cost report is not contained in the
20 Healthcare Cost Report Information System, then the Illinois
21 Department may obtain the hospital provider's occupied bed
22 days and Medicare bed days from any source available,
23 including, but not limited to, records maintained by the
24 hospital provider, which may be inspected at all times during
25 business hours of the day by the Illinois Department or its
26 duly authorized agents and employees. Should the change in the

1 assessment methodology for fiscal years 2021 through December
2 31, 2022 not be approved on or before June 30, 2020, the
3 assessment and payments under this Article in effect for
4 fiscal year 2020 shall remain in place until the new
5 assessment is approved. If the assessment methodology for July
6 1, 2020 through December 31, 2022, is approved on or after July
7 1, 2020, it shall be retroactive to July 1, 2020, subject to
8 federal approval and provided that the payments authorized
9 under Section 5A-12.7 have the same effective date as the new
10 assessment methodology. In giving retroactive effect to the
11 assessment approved after June 30, 2020, credit toward the new
12 assessment shall be given for any payments of the previous
13 assessment for periods after June 30, 2020. Notwithstanding
14 any other provision of this Article, for a hospital provider
15 that did not have a 2015 Medicare cost report, but paid an
16 assessment in State Fiscal Year 2020 on the basis of
17 hypothetical data, the data that was the basis for the 2020
18 assessment shall be used to calculate the assessment under
19 this paragraph until December 31, 2023. Beginning July 1, 2022
20 and through December 31, 2024, a safety-net hospital that had
21 a change of ownership in calendar year 2021, and whose
22 inpatient utilization had decreased by 90% from the prior year
23 and prior to the change of ownership, may be eligible to pay a
24 tax based on hypothetical data based on a determination of
25 financial distress by the Department. Subject to federal
26 approval, the Department may, by January 1, 2024, develop a

1 hypothetical tax for a specialty cancer hospital which had a
2 structural change of ownership during calendar year 2022 from
3 a for-profit entity to a non-profit entity, and which has
4 experienced a decline of 60% or greater in inpatient days of
5 care as compared to the prior owners 2015 Medicare cost
6 report. This change of ownership may make the hospital
7 eligible for a hypothetical tax under the new hospital
8 provision of the assessment defined in this Section. This new
9 hypothetical tax may be applicable from January 1, 2024
10 through December 31, 2026.

11 (5) Subject to Sections 5A-3 and 5A-10, beginning January
12 1, 2025, an annual assessment on inpatient services is imposed
13 on each hospital provider in an amount equal to \$362, or any
14 reduction thereof in accordance with this subsection,
15 multiplied by the difference of the hospital's occupied bed
16 days less the hospital's Medicare bed days; however, the rate
17 shall be \$221.50 until the Department receives federal
18 approval and implements the reimbursement rates in subsection
19 (r) of Section 5A-12.7. The Department may bill for the
20 difference between the assessment rate of \$362, or any
21 reduction thereof in accordance with this subsection, and
22 \$221.50 no earlier than 17 calendar days after implementing
23 the reimbursement rates in subsection (r) of Section 5A-12.7.

24 (A) Upon receiving federal approval for the
25 reimbursement rates in subsection (r) of Section 5A-12.7,
26 the Department shall bill the hospital for the incremental

1 difference in total tax due resulting from the increase
2 provided in this subsection for the number of months from
3 January 1, 2025 through the date of federal approval. The
4 amount shall be due and payable no later than December 31,
5 2025 and no earlier than 17 calendar days after
6 implementing the reimbursement rates in subsection (r) of
7 Section 5A-12.7. The Department shall bill hospitals in
8 the same proportional rate as the Department has
9 implemented the inpatient reimbursement rates in
10 subsection (r) of Section 5A-12.7.

11 (B) Beginning January 1, 2025, a hospital's occupied
12 bed days and Medicare bed days shall be determined using
13 the most recent data available from each hospital's 2015
14 Medicare cost report as contained in the Healthcare Cost
15 Report Information System file, for the quarter ending on
16 March 31, 2017, without regard to any subsequent
17 adjustments or changes to such data. If a hospital's 2015
18 Medicare cost report is not contained in the Healthcare
19 Cost Report Information System, then the Department may
20 obtain the hospital provider's occupied bed days and
21 Medicare bed days from any source available, including,
22 but not limited to, records maintained by the hospital
23 provider, which may be inspected at all times during
24 business hours of the day by the Department or its duly
25 authorized agents and employees. If the reimbursement
26 rates in subsection (r) of Section 5A-12.7 require

1 reduction to comply with federal spending limits, then the
2 tax rate of \$362 shall be reduced, in accordance with
3 subsection (s) of Section 5A-12.7, by the same percentage
4 reduction to payments required to comply with federal
5 spending limits.

6 (6) For calendar year 2026, and for each year thereafter
7 in which a tax is imposed under this Section, the Department
8 may seek to obtain a waiver from the federal Centers for
9 Medicare and Medicaid Services of the uniformity requirements
10 in place for the tax imposed under this Section, provided that
11 such waiver request does not risk the assessment imposed or
12 payments authorized under this Section from continuing. Such
13 uniformity requirements shall only be waived for
14 not-for-profit hospitals operating as a freestanding cancer
15 hospital that have contracted to provide services to members
16 served by at least 50% of the managed care organizations
17 contracted with the Department. Such tax rates imposed on a
18 hospital shall be no more than 50% and no less than 25% of the
19 tax imposed on all other hospitals in this State unless
20 different rates are necessary to meet federal statistical
21 tests necessary for continued federal financial participation.
22 Upon federal approval of such a waiver, other tax rates
23 imposed under this Article shall be adjusted to ensure budget
24 neutrality.

25 (b) (Blank).

26 (b-5) (1) Subject to Sections 5A-3 and 5A-10, for the

1 portion of State fiscal year 2012, beginning June 10, 2012
2 through June 30, 2012, and for State fiscal years 2013 through
3 2018, or as provided in Section 5A-16, an annual assessment on
4 outpatient services is imposed on each hospital provider in an
5 amount equal to .008766 multiplied by the hospital's
6 outpatient gross revenue, provided, however, that the amount
7 of .008766 shall be increased by a uniform percentage to
8 generate an amount equal to 25% of the State share of the
9 payments authorized under Section 5A-12.5, with such increase
10 only taking effect upon the date that a State share for such
11 payments is required under federal law. For the period
12 beginning June 10, 2012 through June 30, 2012, the annual
13 assessment on outpatient services shall be prorated by
14 multiplying the assessment amount by a fraction, the numerator
15 of which is 21 days and the denominator of which is 365 days.
16 For the period of April through June 2015, the amount of
17 .008766 used to calculate the assessment under this paragraph
18 shall, by emergency rule under subsection (s) of Section 5-45
19 of the Illinois Administrative Procedure Act, be increased by
20 a uniform percentage to generate \$6,750,000 in the aggregate
21 for that period from all hospitals subject to the annual
22 assessment under this paragraph.

23 (2) In addition to any other assessments imposed under
24 this Article, effective July 1, 2016 and semi-annually
25 thereafter through June 2018, in addition to any federally
26 required State share as authorized under paragraph (1), the

1 amount of .008766 shall be increased by a uniform percentage
2 to generate an amount equal to 25% of the ACA Assessment
3 Adjustment, as defined in subsection (b-6) of this Section.

4 For the portion of State fiscal year 2012, beginning June
5 10, 2012 through June 30, 2012, and State fiscal years 2013
6 through 2018, or as provided in Section 5A-16, a hospital's
7 outpatient gross revenue shall be determined using the most
8 recent data available from each hospital's 2009 Medicare cost
9 report as contained in the Healthcare Cost Report Information
10 System file, for the quarter ending on June 30, 2011, without
11 regard to any subsequent adjustments or changes to such data.
12 If a hospital's 2009 Medicare cost report is not contained in
13 the Healthcare Cost Report Information System, then the
14 Department may obtain the hospital provider's outpatient gross
15 revenue from any source available, including, but not limited
16 to, records maintained by the hospital provider, which may be
17 inspected at all times during business hours of the day by the
18 Department or its duly authorized agents and employees.

19 (3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State
20 fiscal years 2019 and 2020, an annual assessment on outpatient
21 services is imposed on each hospital provider in an amount
22 equal to .01358 multiplied by the hospital's outpatient gross
23 revenue. For State fiscal years 2019 and 2020, a hospital's
24 outpatient gross revenue shall be determined using the most
25 recent data available from each hospital's 2015 Medicare cost
26 report as contained in the Healthcare Cost Report Information

1 System file, for the quarter ending on March 31, 2017, without
2 regard to any subsequent adjustments or changes to such data.
3 If a hospital's 2015 Medicare cost report is not contained in
4 the Healthcare Cost Report Information System, then the
5 Department may obtain the hospital provider's outpatient gross
6 revenue from any source available, including, but not limited
7 to, records maintained by the hospital provider, which may be
8 inspected at all times during business hours of the day by the
9 Department or its duly authorized agents and employees.
10 Notwithstanding any other provision in this Article, for a
11 hospital provider that did not have a 2015 Medicare cost
12 report, but paid an assessment in State fiscal year 2018 on the
13 basis of hypothetical data, that assessment amount shall be
14 used for State fiscal years 2019 and 2020.

15 (4) Subject to Sections 5A-3 and 5A-10 and to subsection
16 (b-8), for the period of July 1, 2020 through December 31, 2020
17 and calendar years 2021 through 2024, an annual assessment on
18 outpatient services is imposed on each hospital provider in an
19 amount equal to .01525 multiplied by the hospital's outpatient
20 gross revenue, provided however: (i) for the period of July 1,
21 2020 through December 31, 2020, the assessment shall be equal
22 to 50% of the annual amount; and (ii) the amount of .01525
23 shall be retroactively adjusted by a uniform percentage to
24 generate an amount equal to 50% of the Assessment Adjustment,
25 as defined in subsection (b-7). For the period of July 1, 2020
26 through December 31, 2020 and calendar years 2021 through

1 2024, a hospital's outpatient gross revenue shall be
2 determined using the most recent data available from each
3 hospital's 2015 Medicare cost report as contained in the
4 Healthcare Cost Report Information System file, for the
5 quarter ending on March 31, 2017, without regard to any
6 subsequent adjustments or changes to such data. If a
7 hospital's 2015 Medicare cost report is not contained in the
8 Healthcare Cost Report Information System, then the Illinois
9 Department may obtain the hospital provider's outpatient
10 revenue data from any source available, including, but not
11 limited to, records maintained by the hospital provider, which
12 may be inspected at all times during business hours of the day
13 by the Illinois Department or its duly authorized agents and
14 employees. Should the change in the assessment methodology
15 above for fiscal years 2021 through calendar year 2022 not be
16 approved prior to July 1, 2020, the assessment and payments
17 under this Article in effect for fiscal year 2020 shall remain
18 in place until the new assessment is approved. If the change in
19 the assessment methodology above for July 1, 2020 through
20 December 31, 2022, is approved after June 30, 2020, it shall
21 have a retroactive effective date of July 1, 2020, subject to
22 federal approval and provided that the payments authorized
23 under Section 12A-7 have the same effective date as the new
24 assessment methodology. In giving retroactive effect to the
25 assessment approved after June 30, 2020, credit toward the new
26 assessment shall be given for any payments of the previous

1 assessment for periods after June 30, 2020. Notwithstanding
2 any other provision of this Article, for a hospital provider
3 that did not have a 2015 Medicare cost report, but paid an
4 assessment in State Fiscal Year 2020 on the basis of
5 hypothetical data, the data that was the basis for the 2020
6 assessment shall be used to calculate the assessment under
7 this paragraph until December 31, 2023. Beginning July 1, 2022
8 and through December 31, 2024, a safety-net hospital that had
9 a change of ownership in calendar year 2021, and whose
10 inpatient utilization had decreased by 90% from the prior year
11 and prior to the change of ownership, may be eligible to pay a
12 tax based on hypothetical data based on a determination of
13 financial distress by the Department.

14 (5) Subject to Sections 5A-3 and 5A-10, beginning January
15 1, 2025, an annual assessment on outpatient services is
16 imposed on each hospital provider in an amount equal to
17 .03273, or any reduction thereof in accordance with this
18 subsection, multiplied by the hospital's outpatient gross
19 revenue; however the rate shall remain .01525, until the
20 Department receives federal approval and implements the
21 reimbursement rates of payment in subsection (r) of Section
22 5A-12.7. The Department may bill for the difference between
23 the assessment multiplier of .03273 and .01525 no earlier than
24 17 calendar days after the first payment based on the
25 reimbursement rates in subsection (r) of Section 5A-12.7.

26 (A) Upon receiving federal approval for the

1 reimbursement rates in subsection (r) of Section 5A-12.7,
2 the Department shall bill the hospital for the incremental
3 difference in total tax due resulting from the increase
4 provided in this subsection for the number of months from
5 January 1, 2025 through the date of federal approval. The
6 amount shall be due and payable no later than December 31,
7 2025 and no earlier than 17 calendar days after
8 implementing the reimbursement rates in subsection (r) of
9 Section 5A-12.7. The Department shall bill hospitals in
10 the same proportional rate as the Department has
11 implemented the outpatient reimbursement rates in
12 subsection (r) of Section 5A-12.7.

13 (B) Beginning January 1, 2025, a hospital's outpatient
14 gross revenue shall be determined using the most recent
15 data available from each hospital's 2015 Medicare cost
16 report as contained in the Healthcare Cost Report
17 Information System file, for the quarter ending on March
18 31, 2017, without regard to any subsequent adjustments or
19 changes to such data. If a hospital's 2015 Medicare cost
20 report is not contained in the Healthcare Cost Report
21 Information System, then the Department may obtain the
22 hospital provider's outpatient revenue data from any
23 source available, including, but not limited to, records
24 maintained by the hospital provider, which may be
25 inspected at all times during business hours of the day by
26 the Department or its duly authorized agents and

1 employees. If the reimbursement rates in subsection (r) of
2 Section 5A-12.7 require reduction to comply with federal
3 spending limits, then the tax rate of .03273 shall be
4 reduced, in accordance with subsection (s) of Section
5 5A-12.7, by the same percentage reduction to payments
6 required to comply with federal spending limits.

7 (6) For calendar year 2026, and for each year thereafter
8 in which a tax is imposed under this Section, the Department
9 may seek to obtain a waiver from the federal Centers for
10 Medicare and Medicaid Services of the uniformity requirements
11 in place for the tax imposed under this Section, provided that
12 such waiver request does not risk the assessment imposed or
13 payments authorized under this Section from continuing. Such
14 uniformity requirements shall only be waived for
15 not-for-profit hospitals operating as a freestanding cancer
16 hospital that have contracted to provide services to members
17 served by at least 50% of the managed care organizations
18 contracted with the Department. Such tax rates imposed on a
19 hospital shall be no more than 50% and no less than 25% of the
20 tax imposed on all other hospitals in this State unless
21 different rates are necessary to meet federal statistical
22 tests necessary for continued federal financial participation.
23 Upon federal approval of such a waiver, other tax rates
24 imposed under this Article shall be adjusted to ensure budget
25 neutrality.

26 (b-6) (1) As used in this Section, "ACA Assessment

1 Adjustment" means:

2 (A) For the period of July 1, 2016 through December
3 31, 2016, the product of .19125 multiplied by the sum of
4 the fee-for-service payments to hospitals as authorized
5 under Section 5A-12.5 and the adjustments authorized under
6 subsection (t) of Section 5A-12.2 to managed care
7 organizations for hospital services due and payable in the
8 month of April 2016 multiplied by 6.

9 (B) For the period of January 1, 2017 through June 30,
10 2017, the product of .19125 multiplied by the sum of the
11 fee-for-service payments to hospitals as authorized under
12 Section 5A-12.5 and the adjustments authorized under
13 subsection (t) of Section 5A-12.2 to managed care
14 organizations for hospital services due and payable in the
15 month of October 2016 multiplied by 6, except that the
16 amount calculated under this subparagraph (B) shall be
17 adjusted, either positively or negatively, to account for
18 the difference between the actual payments issued under
19 Section 5A-12.5 for the period beginning July 1, 2016
20 through December 31, 2016 and the estimated payments due
21 and payable in the month of April 2016 multiplied by 6 as
22 described in subparagraph (A).

23 (C) For the period of July 1, 2017 through December
24 31, 2017, the product of .19125 multiplied by the sum of
25 the fee-for-service payments to hospitals as authorized
26 under Section 5A-12.5 and the adjustments authorized under

1 subsection (t) of Section 5A-12.2 to managed care
2 organizations for hospital services due and payable in the
3 month of April 2017 multiplied by 6, except that the
4 amount calculated under this subparagraph (C) shall be
5 adjusted, either positively or negatively, to account for
6 the difference between the actual payments issued under
7 Section 5A-12.5 for the period beginning January 1, 2017
8 through June 30, 2017 and the estimated payments due and
9 payable in the month of October 2016 multiplied by 6 as
10 described in subparagraph (B).

11 (D) For the period of January 1, 2018 through June 30,
12 2018, the product of .19125 multiplied by the sum of the
13 fee-for-service payments to hospitals as authorized under
14 Section 5A-12.5 and the adjustments authorized under
15 subsection (t) of Section 5A-12.2 to managed care
16 organizations for hospital services due and payable in the
17 month of October 2017 multiplied by 6, except that:

18 (i) the amount calculated under this subparagraph

19 (D) shall be adjusted, either positively or
20 negatively, to account for the difference between the
21 actual payments issued under Section 5A-12.5 for the
22 period of July 1, 2017 through December 31, 2017 and
23 the estimated payments due and payable in the month of
24 April 2017 multiplied by 6 as described in
25 subparagraph (C); and

26 (ii) the amount calculated under this subparagraph

1 (D) shall be adjusted to include the product of .19125
2 multiplied by the sum of the fee-for-service payments,
3 if any, estimated to be paid to hospitals under
4 subsection (b) of Section 5A-12.5.

5 (2) The Department shall complete and apply a final
6 reconciliation of the ACA Assessment Adjustment prior to June
7 30, 2018 to account for:

8 (A) any differences between the actual payments issued
9 or scheduled to be issued prior to June 30, 2018 as
10 authorized in Section 5A-12.5 for the period of January 1,
11 2018 through June 30, 2018 and the estimated payments due
12 and payable in the month of October 2017 multiplied by 6 as
13 described in subparagraph (D); and

14 (B) any difference between the estimated
15 fee-for-service payments under subsection (b) of Section
16 5A-12.5 and the amount of such payments that are actually
17 scheduled to be paid.

18 The Department shall notify hospitals of any additional
19 amounts owed or reduction credits to be applied to the June
20 2018 ACA Assessment Adjustment. This is to be considered the
21 final reconciliation for the ACA Assessment Adjustment.

22 (3) Notwithstanding any other provision of this Section,
23 if for any reason the scheduled payments under subsection (b)
24 of Section 5A-12.5 are not issued in full by the final day of
25 the period authorized under subsection (b) of Section 5A-12.5,
26 funds collected from each hospital pursuant to subparagraph

1 (D) of paragraph (1) and pursuant to paragraph (2),
2 attributable to the scheduled payments authorized under
3 subsection (b) of Section 5A-12.5 that are not issued in full
4 by the final day of the period attributable to each payment
5 authorized under subsection (b) of Section 5A-12.5, shall be
6 refunded.

7 (4) The increases authorized under paragraph (2) of
8 subsection (a) and paragraph (2) of subsection (b-5) shall be
9 limited to the federally required State share of the total
10 payments authorized under Section 5A-12.5 if the sum of such
11 payments yields an annualized amount equal to or less than
12 \$450,000,000, or if the adjustments authorized under
13 subsection (t) of Section 5A-12.2 are found not to be
14 actuarially sound; however, this limitation shall not apply to
15 the fee-for-service payments described in subsection (b) of
16 Section 5A-12.5.

17 (b-7)(1) As used in this Section, "Assessment Adjustment"
18 means:

19 (A) For the period of July 1, 2020 through December
20 31, 2020, the product of .3853 multiplied by the total of
21 the actual payments made under subsections (c) through (k)
22 of Section 5A-12.7 attributable to the period, less the
23 total of the assessment imposed under subsections (a) and
24 (b-5) of this Section for the period.

25 (B) For each calendar quarter beginning January 1,
26 2021 through December 31, 2022, the product of .3853

1 multiplied by the total of the actual payments made under
2 subsections (c) through (k) of Section 5A-12.7
3 attributable to the period, less the total of the
4 assessment imposed under subsections (a) and (b-5) of this
5 Section for the period.

6 (C) Beginning on January 1, 2023, and each subsequent
7 July 1 and January 1, the product of .3853 multiplied by
8 the total of the actual payments made under subsections
9 (c) through (j) and subsection (r) of Section 5A-12.7
10 attributable to the 6-month period immediately preceding
11 the period to which the adjustment applies, less the total
12 of the assessment imposed under subsections (a) and (b-5)
13 of this Section for the 6-month period immediately
14 preceding the period to which the adjustment applies.

15 (2) The Department shall calculate and notify each
16 hospital of the total Assessment Adjustment and any additional
17 assessment owed by the hospital or refund owed to the hospital
18 on either a semi-annual or annual basis. Such notice shall be
19 issued at least 30 days prior to any period in which the
20 assessment will be adjusted. Any additional assessment owed by
21 the hospital or refund owed to the hospital shall be uniformly
22 applied to the assessment owed by the hospital in monthly
23 installments for the subsequent semi-annual period or calendar
24 year. If no assessment is owed in the subsequent year, any
25 amount owed by the hospital or refund due to the hospital,
26 shall be paid in a lump sum. If the calculation that is

1 computed under this Section could result in a decrease in the
2 Department's federal financial participation percentage for
3 payments authorized under Section 5A-12.7, then the Department
4 shall instead apply a uniform percentage reduction to the
5 payment rates outlined in subsection (r) of Section 5A-12.7
6 for all classes as defined in subsections (g) and (h) of
7 Section 5A-12.7 by an amount no more than necessary to
8 maximize federal reimbursement.

9 (3) The Department shall publish all details of the
10 Assessment Adjustment calculation performed each year on its
11 website within 30 days of completing the calculation, and also
12 submit the details of the Assessment Adjustment calculation as
13 part of the Department's annual report to the General
14 Assembly.

15 (b-8) Notwithstanding any other provision of this Article,
16 the Department shall reduce the assessments imposed on each
17 hospital under subsections (a) and (b-5) by the uniform
18 percentage necessary to reduce the total assessment imposed on
19 all hospitals by an aggregate amount of \$240,000,000, with
20 such reduction being applied by June 30, 2022. The assessment
21 reduction required for each hospital under this subsection
22 shall be forever waived, forgiven, and released by the
23 Department.

24 (c) (Blank).

25 (d) Notwithstanding any of the other provisions of this
26 Section, the Department is authorized to adopt rules to reduce

1 the rate of any annual assessment imposed under this Section,
2 as authorized by Section 5-46.2 of the Illinois Administrative
3 Procedure Act.

4 (e) Notwithstanding any other provision of this Section,
5 any plan providing for an assessment on a hospital provider as
6 a permissible tax under Title XIX of the federal Social
7 Security Act and Medicaid-eligible payments to hospital
8 providers from the revenues derived from that assessment shall
9 be reviewed by the Illinois Department of Healthcare and
10 Family Services, as the Single State Medicaid Agency required
11 by federal law, to determine whether those assessments and
12 hospital provider payments meet federal Medicaid standards. If
13 the Department determines that the elements of the plan may
14 meet federal Medicaid standards and a related State Medicaid
15 Plan Amendment is prepared in a manner and form suitable for
16 submission, that State Plan Amendment shall be submitted in a
17 timely manner for review by the Centers for Medicare and
18 Medicaid Services of the United States Department of Health
19 and Human Services and subject to approval by the Centers for
20 Medicare and Medicaid Services of the United States Department
21 of Health and Human Services. No such plan shall become
22 effective without approval by the Illinois General Assembly by
23 the enactment into law of related legislation. Notwithstanding
24 any other provision of this Section, the Department is
25 authorized to adopt rules to reduce the rate of any annual
26 assessment imposed under this Section. Any such rules may be

1 adopted by the Department under Section 5-50 of the Illinois
2 Administrative Procedure Act.

3 (f) To provide for the expeditious and timely
4 implementation of the changes made to this Section by Public
5 Act 104-7 ~~this amendatory Act of the 104th General Assembly,~~
6 the Department may adopt emergency rules as authorized by
7 Section 5-45 of the Illinois Administrative Procedure Act. The
8 adoption of emergency rules is deemed to be necessary for the
9 public interest, safety, and welfare.

12 (305 ILCS 5/11-6.2)

13 Sec. 11-6.2. Electronic fingerprinting.

14 (a) The Illinois Department may implement a program to
15 prevent multiple enrollments of aid recipients through the use
16 of an electronic automated 2-digit fingerprint matching
17 identification system in local offices.

18 The Illinois Department shall apply for any federal
19 waivers or approvals necessary to conduct this program.

20 (b) The fingerprints or their electronic representations
21 collected and maintained through the use of an automated
22 fingerprint matching identification system as authorized by
23 this Section may not be used, disclosed, or redisclosed for
24 any purpose other than the prevention of multiple enrollments
25 of aid recipients, may not be used or admitted in any criminal

1 or civil investigation, prosecution, or proceeding, other than
2 a proceeding pursuant to Article VIII ~~VIII-A~~, and may not be
3 disclosed in response to a subpoena or other compulsory legal
4 process or warrant or upon the request or order of any agency,
5 authority, division, office, or other private or public entity
6 or person, except that nothing contained in this subsection
7 prohibits disclosure in response to a subpoena issued by or on
8 behalf of the applicant or recipient who is the subject of the
9 record maintained as a part of the system. A person who
10 knowingly makes or obtains any unauthorized disclosure of data
11 collected and maintained under this Section through the use of
12 an automated fingerprint matching identification system is
13 guilty of a Class A misdemeanor. Data collected and maintained
14 on the automated fingerprint matching identification system
15 shall be subject to the provisions of this Code relating to
16 unauthorized disclosure of confidential client information.

17 (c) The system shall include the use of a photographic

26 operational programs are used to detect and store for the

1 output of designated Illinois Department and county department
2 employees all unauthorized attempts to penetrate any
3 electronic automated fingerprint matching identification
4 system, program, or file; and (vi) adequate and timely
5 procedures exist to insure the recipient's or applicant's
6 right to access and review of records for the purpose of
7 accuracy and completeness, including procedures for review of
8 information maintained about those individuals and for
9 administrative review (including procedures for administrative
10 appeal) and necessary correction of any claim by the
11 individual to whom the information relates that the
12 information is inaccurate or incomplete.

1 Section 735. The Senior Citizens Real Estate Tax Deferral
2 Act is amended by changing Section 3 as follows:

3 (320 ILCS 30/3) (from Ch. 67 1/2, par. 453)

4 Sec. 3. A taxpayer may, on or before March 1 of each year,
5 apply to the county collector of the county where his
6 qualifying property is located, or to the official designated
7 by a unit of local government to collect special assessments
8 on the qualifying property, as the case may be, for a deferral
9 of all or a part of real estate taxes payable during that year
10 for the preceding year in the case of real estate taxes other
11 than special assessments, or for a deferral of any
12 installments payable during that year in the case of special
13 assessments, on all or part of his qualifying property. The
14 application shall be on a form prescribed by the Department
15 and furnished by the collector, (a) showing that the applicant
16 will be 65 years of age or older by June 1 of the year for
17 which a tax deferral is claimed, (b) describing the property
18 and verifying that the property is qualifying property as
19 defined in Section 2, (c) certifying that the taxpayer has
20 owned and occupied as his residence such property or other
21 qualifying property in the State for at least the last 3 years
22 except for any periods during which the taxpayer may have
23 temporarily resided in a nursing or sheltered care home, and
24 (d) specifying whether the deferral is for all or a part of the
25 taxes, and, if for a part, the amount of deferral applied for.

1 As to qualifying property not having a separate assessed
2 valuation, the taxpayer shall also file with the county
3 collector a written appraisal of the property prepared by a
4 qualified real estate appraiser together with a certificate
5 signed by the appraiser stating that he has personally
6 examined the property and setting forth the value of the land
7 and the value of the buildings thereon occupied by the
8 taxpayer as his residence. The county collector may use
9 eligibility for the Low-Income Senior Citizens Assessment
10 Freeze Homestead Exemption under Section 15-172 of the
11 Property Tax Code as qualification for items (a) and (c).

12 The collector shall grant the tax deferral provided such
13 deferral does not exceed funds available in the Senior
14 Citizens Real Estate Deferred Tax Revolving Fund and provided
15 that the owner or owners of such real property have entered
16 into a tax deferral and recovery agreement with the collector
17 on behalf of the county or other unit of local government,
18 which agreement expressly states:

19 (1) That the total amount of taxes deferred under this
20 Act, plus interest, for the year for which a tax deferral
21 is claimed as well as for those previous years for which
22 taxes are not delinquent and for which such deferral has
23 been claimed may not exceed 80% of the taxpayer's equity
24 interest in the property for which taxes are to be
25 deferred and that, if the total deferred taxes plus
26 interest equals 80% of the taxpayer's equity interest in

1 the property, the taxpayer shall thereafter pay the annual
2 interest due on such deferred taxes plus interest so that
3 total deferred taxes plus interest will not exceed such
4 80% of the taxpayer's equity interest in the property.
5 Effective as of the January 1, 2011 assessment year or tax
6 year 2012 and through the 2021 tax year, the total amount
7 of any such deferral shall not exceed \$5,000 per taxpayer
8 in each tax year. For the 2022 tax year and every tax year
9 thereafter ~~after~~, the total amount of any such deferral
10 shall not exceed \$7,500 per taxpayer in each tax year.

11 (2) That any real estate taxes deferred under this Act
12 and any interest accrued thereon are a lien on the real
13 estate and improvements thereon until paid. If the taxes
14 deferred are for a tax year prior to 2023, then interest
15 shall accrue at the rate of 6% per year. If the taxes
16 deferred are for the 2023 tax year or any tax year
17 thereafter, then interest shall accrue at the rate of 3%
18 per year. No sale or transfer of such real property may be
19 legally closed and recorded until the taxes which would
20 otherwise have been due on the property, plus accrued
21 interest, have been paid unless the collector certifies in
22 writing that an arrangement for prompt payment of the
23 amount due has been made with his office. The same shall
24 apply if the property is to be made the subject of a
25 contract of sale.

26 (3) That, upon the death of the taxpayer claiming the

1 deferral, the heirs-at-law, assignees, or legatees shall
2 have first priority to the real property upon which taxes
3 have been deferred by paying in full the total taxes which
4 would otherwise have been due, plus interest. However, if
5 such heir-at-law, assignee, or legatee is a surviving
6 spouse, the tax deferred status of the property shall be
7 continued during the life of that surviving spouse if the
8 spouse is 55 years of age or older within 6 months of the
9 date of death of the taxpayer and enters into a tax
10 deferral and recovery agreement before the time when
11 deferred taxes become due under this Section. Any
12 additional taxes deferred, plus interest, on the real
13 property under a tax deferral and recovery agreement
14 signed by a surviving spouse shall be added to the taxes
15 and interest which would otherwise have been due, and the
16 payment of which has been postponed during the life of
17 such surviving spouse, in determining the 80% equity
18 requirement provided by this Section.

19 (4) That if the taxes due, plus interest, are not paid
20 by the heir-at-law, assignee or legatee or if payment is
21 not postponed during the life of a surviving spouse, the
22 deferred taxes and interest shall be recovered from the
23 estate of the taxpayer within one year of the date of his
24 death. In addition, deferred real estate taxes and any
25 interest accrued thereon are due within 90 days after any
26 tax deferred property ceases to be qualifying property as

1 defined in Section 2.

2 If payment is not made when required by this Section,
3 foreclosure proceedings may be instituted under the
4 Property Tax Code.

5 (5) That any joint owner has given written prior
6 approval for such agreement, which written approval shall
7 be made a part of such agreement.

8 (6) That a guardian for a person under legal
9 disability appointed for a taxpayer who otherwise
10 qualifies under this Act may act for the taxpayer in
11 complying with this Act.

12 (7) That a taxpayer or his agent has provided to the
13 satisfaction of the collector, sufficient evidence that
14 the qualifying property on which the taxes are to be
15 deferred is insured against fire or casualty loss for at
16 least the total amount of taxes which have been deferred.

17 If the taxes to be deferred are special assessments, the
18 unit of local government making the assessments shall forward
19 a copy of the agreement entered into pursuant to this Section
20 and the bills for such assessments to the county collector of
21 the county in which the qualifying property is located.

7 (1) timely, comprehensive, multidisciplinary
8 assessment of the unique strengths and needs of each
9 eligible infant and toddler, and assessment of the

11 assist them in meeting their needs and identify supports
12 and services to meet those needs; and

13 (2) a written Individualized Family Service Plan
14 developed by a multidisciplinary team which includes the
15 parent or guardian. The individualized family service plan
16 shall be based on the multidisciplinary team's assessment
17 of the resources, priorities, and concerns of the family
18 and its identification of the supports and services
19 necessary to enhance the family's capacity to meet the
20 developmental needs of the infant or toddler, and shall
21 include the identification of services appropriate to meet
22 those needs, including the frequency, intensity, and
23 method of delivering services. During and as part of the
24 initial development of the individualized family services
25 plan, and any periodic reviews of the plan, the

1 multidisciplinary team may seek consultation from the lead
2 agency's designated experts, if any, to help determine
3 appropriate services and the frequency and intensity of
4 those services. All services in the individualized family
5 services plan must be justified by the multidisciplinary
6 assessment of the unique strengths and needs of the infant

8 the periodic reviews, the team shall determine whether
9 modification or revision of the outcomes or services is
10 necessary.

11 (b) The Individualized Family Service Plan shall be
12 evaluated once a year and the family shall be provided a review
13 of the Plan at 6-month intervals or more often where
14 appropriate based on infant or toddler and family needs. The
15 lead agency shall create a quality review process regarding
16 Individualized Family Service Plan development and changes
17 thereto, to monitor and help ensure that resources are being
18 used to provide appropriate early intervention services.

19 (c) The initial evaluation and initial assessment and
20 initial Plan meeting must be held within 45 days after the
21 initial contact with the early intervention services system.
22 The 45-day timeline does not apply for any period when the
23 child or parent is unavailable to complete the initial
24 evaluation, the initial assessments of the child and family,
25 or the initial Plan meeting, due to exceptional family
26 circumstances that are documented in the child's early

1 intervention records, or when the parent has not provided
2 consent for the initial evaluation or the initial assessment
3 of the child despite documented, repeated attempts to obtain
4 parental consent. As soon as exceptional family circumstances
5 no longer exist or parental consent has been obtained, the
6 initial evaluation, the initial assessment, and the initial
7 Plan meeting must be completed as soon as possible. With
8 parental consent, early intervention services may commence
9 before the completion of the comprehensive assessment and
10 development of the Plan. All early intervention services shall
11 be initiated as soon as possible but not later than 30 calendar
12 days after the consent of the parent or guardian has been
13 obtained for the individualized family service plan, in
14 accordance with rules adopted by the lead agency.

15 (d) Parents must be informed that early intervention

6 Department may promulgate rules or regulations specifying the
7 hospitals, laboratories, or other facilities which are
8 required to submit information pursuant to this Section, the
9 types of information required to be submitted, methods of
10 submitting such information, and any other detail deemed by

Section 810. The Illinois Food, Drug and Cosmetic Act is

1 amended by changing Section 6 as follows:

2 (410 ILCS 620/6) (from Ch. 56 1/2, par. 506)

3 Sec. 6. (a) When an authorized agent of the Director finds
4 or has probable cause to believe that any food, drug, device or
5 cosmetic is adulterated or so misbranded as to be dangerous or
6 fraudulent within the meaning of this Act, is in violation of
7 Section 12, 171 or 17.1 of this Act, or is suspected to be a
8 synthetic drug product, he or she shall affix to such article a
9 tag or other appropriate marking giving notice that the
10 article is or is suspected of being adulterated or misbranded
11 and has been detained or embargoed and warning all persons not
12 to remove or dispose of such article by sale or otherwise until
13 permission for removal or disposal is given by such agent or
14 the court. It is unlawful for any person to remove or dispose
15 of such detained or embargoed article by sale or otherwise
16 without such permission.

17 (b) When an article detained or embargoed under subsection
18 (a) of this Section is found by such agent to be adulterated or
19 misbranded or to be in violation of Section 12, 171 or 17.1 of
20 this Act or is suspected to be a synthetic drug product, he or
21 she shall petition the circuit court in whose jurisdiction the
22 article is detained or embargoed for a libel for condemnation
23 of such article. When such agent finds that an article so
24 detained or embargoed is not adulterated or misbranded or is
25 not a synthetic drug product, he or she shall remove the tag or

1 other marking.

2 (c) If the court finds that a detained or embargoed
3 article is adulterated or misbranded, such article shall,
4 after entry of the judgment, be destroyed at the expense of the
5 claimant thereof, under the supervision of such agent, and all
6 court costs and fees, and storage and other proper expenses,
7 shall be taxed against the claimant of such article or his or
8 her agent. However, when the adulteration or misbranding can
9 be corrected by proper labeling or processing of the article,
10 the court, after entry of the judgment and after such costs,
11 fees and expenses have been paid and a good and sufficient
12 bond, conditioned that such article shall be so labeled or
13 processed, has been executed, may by order direct that such
14 article be delivered to the claimant thereof for such labeling
15 or processing under the supervision of an agent of the
16 Director. The expense of such supervision shall be paid by the
17 claimant. The article shall be returned to the claimant and
18 the bond shall be discharged on the representation to the
19 court by the Director that the article is no longer in
20 violation of this Act, and that the expenses of such
21 supervision have been paid.

22 (d) Whenever the Director or any of his or her authorized
23 agents finds in any room, building, vehicle of transportation
24 or other structure, any meat, seafood ~~sea food~~, poultry,
25 vegetable, fruit or other perishable articles which contain
26 any filthy, decomposed or putrid substance, or that may be

1 poisonous or deleterious to health or otherwise unsafe, the
2 same being hereby declared to be a nuisance, the Director or
3 his or her authorized agent shall condemn or destroy the same,
4 or in any other manner render the same unusable as human food.

10 capability; record retention.

11 (a) Owners of public water supplies, their authorized
12 representative, or legal custodians, shall submit plans and
13 specifications to the Agency and obtain written approval
14 before construction of any proposed public water supply
15 installations, changes, or additions is started. Plans and
16 specifications shall be complete and of sufficient detail to
17 show all proposed construction, changes, or additions that may
18 affect sanitary quality, mineral quality, or adequacy of the
19 public water supply; and, where necessary, said plans and
20 specifications shall be accompanied by supplemental data as
21 may be required by the Agency to permit a complete review
22 thereof. In the case of water main installation projects, all
23 water ~~main~~ mains and appurtenances, including, but not limited
24 to, fire hydrants and valves that are under the ownership and

1 control of a public water supply and located in a public right
2 of way or utility access easement, shall be included in the
3 Agency's written approval. Design review and permitting of
4 water ~~main~~ mains and fire hydrants is the sole responsibility
5 of the Agency, and water ~~main~~ mains and fire hydrants shall be
6 installed in accordance with the written Agency permit. Fire
7 hydrants connected to a plumbing system shall be installed in
8 accordance with the Illinois Plumbing License Law and the
9 rules and ordinances issued thereunder.

10 (b) All new public water supplies established after
11 October 1, 1999 shall demonstrate technical, financial, and
12 managerial capacity as a condition for issuance of a
13 construction or operation permit by the Agency or its
14 designee. The demonstration shall be consistent with the
15 technical, financial, and managerial provisions of the federal
16 Safe Drinking Water Act (P.L. 93-523), as now or hereafter

18 with the Illinois Administrative Procedure Act to implement
19 the purposes of this subsection. Such rules must take into
20 account the need for the facility, facility size,
21 sophistication of treatment of the water supply, and financial
22 requirements needed for operation of the facility.

23 (c) Except as otherwise provided under Board rules, owners
24 and operators of community water systems must maintain all
25 records, reports, and other documents related to the operation
26 of the community water system for a minimum of 10 years.

1 Documents required to be maintained under this subsection (c)
2 include, but are not limited to, all billing records and other
3 documents related to the purchase of water from other
4 community water systems. Documents required to be maintained
5 under this subsection (c) must be maintained on the premises
6 of the community water system, or at a convenient location
7 near its premises, and must be made available to the Agency for
8 inspection and copying during normal business hours.

12 Sec. 22.51. Clean Construction or Demolition Debris Fill
13 Operations.

14 (a) No person shall conduct any clean construction or
15 demolition debris fill operation in violation of this Act or
16 any regulations or standards adopted by the Board.

17 (b) (1) (A) Beginning August 18, 2005 but prior to July 1,
18 2008, no person shall use clean construction or demolition
19 debris as fill material in a current or former quarry, mine, or
20 other excavation, unless they have applied for an interim
21 authorization from the Agency for the clean construction or
22 demolition debris fill operation.

23 (B) The Agency shall approve an interim authorization upon
24 its receipt of a written application for the interim
25 authorization that is signed by the site owner and the site

1 operator, or their duly authorized agent, and that contains
2 the following information: (i) the location of the site where
3 the clean construction or demolition debris fill operation is
4 taking place, (ii) the name and address of the site owner,
5 (iii) the name and address of the site operator, and (iv) the
6 types and amounts of clean construction or demolition debris
7 being used as fill material at the site.

8 (C) The Agency may deny an interim authorization if the
9 site owner or the site operator, or their duly authorized
10 agent, fails to provide to the Agency the information listed
11 in subsection (b)(1)(B) of this Section. Any denial of an
12 interim authorization shall be subject to appeal to the Board
13 in accordance with the procedures of Section 40 of this Act.

14 (D) No person shall use clean construction or demolition
15 debris as fill material in a current or former quarry, mine, or
16 other excavation for which the Agency has denied interim
17 authorization under subsection (b)(1)(C) of this Section. The
18 Board may stay the prohibition of this subsection (D) during
19 the pendency of an appeal of the Agency's denial of the interim
20 authorization brought under subsection (b)(1)(C) of this
21 Section.

22 (2) Beginning September 1, 2006, owners and operators of
23 clean construction or demolition debris fill operations shall,
24 in accordance with a schedule prescribed by the Agency, submit
25 to the Agency applications for the permits required under this
26 Section. The Agency shall notify owners and operators in

1 writing of the due date for their permit application. The due
2 date shall be no less than 90 days after the date of the
3 Agency's written notification. Owners and operators who do not
4 receive a written notification from the Agency by October 1,
5 2007, shall submit a permit application to the Agency by
6 January 1, 2008. The interim authorization of owners and
7 operators who fail to submit a permit application to the
8 Agency by the permit application's due date shall terminate on
9 (i) the due date established by the Agency if the owner or
10 operator received a written notification from the Agency prior
11 to October 1, 2007, or (ii) ~~or~~ January 1, 2008, if the owner or
12 operator did not receive a written notification from the
13 Agency by October 1, 2007.

14 (3) On and after July 1, 2008, no person shall use clean
15 construction or demolition debris as fill material in a
16 current or former quarry, mine, or other excavation (i)
17 without a permit granted by the Agency for the clean
18 construction or demolition debris fill operation or in
19 violation of any conditions imposed by such permit, including
20 periodic reports and full access to adequate records and the
21 inspection of facilities, as may be necessary to assure
22 compliance with this Act and with Board regulations and
23 standards adopted under this Act or (ii) in violation of any
24 regulations or standards adopted by the Board under this Act.

25 (4) This subsection (b) does not apply to:

26 (A) the use of clean construction or demolition debris

1 as fill material in a current or former quarry, mine, or
2 other excavation located on the site where the clean
3 construction or demolition debris was generated;

4 (B) the use of clean construction or demolition debris
5 as fill material in an excavation other than a current or
6 former quarry or mine if this use complies with Illinois
7 Department of Transportation specifications; or

8 (C) current or former quarries, mines, and other
9 excavations that do not use clean construction or
10 demolition debris as fill material.

11 (c) In accordance with Title VII of this Act, the Board may
12 adopt regulations to promote the purposes of this Section. The
13 Agency shall consult with the mining and construction
14 industries during the development of any regulations to
15 promote the purposes of this Section.

16 (1) No later than December 15, 2005, the Agency shall
17 propose to the Board, and no later than September 1, 2006,
18 the Board shall adopt, regulations for the use of clean
19 construction or demolition debris as fill material in
20 current and former quarries, mines, and other excavations.
21 Such regulations shall include, but shall not be limited
22 to, standards for clean construction or demolition debris
23 fill operations and the submission and review of permits
24 required under this Section.

25 (2) Until the Board adopts rules under subsection
26 (c)(1) of this Section, all persons using clean

1 construction or demolition debris as fill material in a
2 current or former quarry, mine, or other excavation shall:

3 (A) Assure that only clean construction or
4 demolition debris is being used as fill material by
5 screening each truckload of material received using a
6 device approved by the Agency that detects volatile
7 organic compounds. Such devices may include, but are
8 not limited to, photo ionization detectors. All
9 screening devices shall be operated and maintained in
10 accordance with manufacturer's specifications.
11 Unacceptable fill material shall be rejected from the
12 site; and

13 (B) Retain for a minimum of 3 years the following
14 information:

15 (i) The name of the hauler, the name of the
16 generator, and place of origin of the debris or
17 soil;

18 (ii) The approximate weight or volume of the
19 debris or soil; and

20 (iii) The date the debris or soil was
21 received.

22 (d) This Section applies only to clean construction or
23 demolition debris that is not considered "waste" as provided
24 in Section 3.160 of this Act.

25 (e) For purposes of this Section:

26 (1) The term "operator" means a person responsible for

1 the operation and maintenance of a clean construction or
2 demolition debris fill operation.

3 (2) The term "owner" means a person who has any direct
4 or indirect interest in a clean construction or demolition
5 debris fill operation or in land on which a person
6 operates and maintains a clean construction or demolition
7 debris fill operation. A "direct or indirect interest"
8 does not include the ownership of publicly traded stock.
9 The "owner" is the "operator" if there is no other person
10 who is operating and maintaining a clean construction or
11 demolition debris fill operation.

12 (3) The term "clean construction or demolition debris
13 fill operation" means a current or former quarry, mine, or
14 other excavation where clean construction or demolition
15 debris is used as fill material.

16 (4) The term "uncontaminated soil" shall have the same
17 meaning as uncontaminated soil under Section 3.160 of this
18 Act.

19 (f)(1) No later than July 30, 2011 (one year after the
20 effective date of Public Act 96-1416) ~~this amendatory Act of~~
21 ~~the 96th General Assembly~~, the Agency shall propose to the
22 Board, and, no later than one year after the Board's receipt of
23 the Agency's proposal, the Board shall adopt, rules for the
24 use of clean construction or demolition debris and
25 uncontaminated soil as fill material at clean construction or
26 demolition debris fill operations. The rules must include

1 standards and procedures necessary to protect groundwater,
2 which may include, but shall not be limited to, the following:
3 requirements regarding testing and certification of soil used
4 as fill material, surface water runoff, liners or other
5 protective barriers, monitoring (including, but not limited
6 to, groundwater monitoring), corrective action, recordkeeping,
7 reporting, closure and post-closure care, financial assurance,
8 post-closure land use controls, location standards, and the
9 modification of existing permits to conform to the
10 requirements of this Act and Board rules. The rules may also
11 include limits on the use of recyclable concrete and asphalt
12 as fill material at clean construction or demolition debris
13 fill operations, taking into account factors such as technical
14 feasibility, economic reasonableness, and the availability of
15 markets for such materials.

16 (2) Until the effective date of the Board rules adopted
17 under subdivision (f)(1) of this Section, and in addition to
18 any other requirements, owners and operators of clean
19 construction or demolition debris fill operations must do all
20 of the following in subdivisions (f)(2)(A) through (f)(2)(D)
21 of this Section for all clean construction or demolition
22 debris and uncontaminated soil accepted for use as fill
23 material. The requirements in subdivisions (f)(2)(A) through
24 (f)(2)(D) of this Section shall not limit any rules adopted by
25 the Board.

26 (A) Document the following information for each load

1 of clean construction or demolition debris or
2 uncontaminated soil received: (i) the name of the hauler,
3 the address of the site of origin, and the owner and the
4 operator of the site of origin of the clean construction
5 or demolition debris or uncontaminated soil, (ii) the
6 weight or volume of the clean construction or demolition
7 debris or uncontaminated soil, and (iii) the date the
8 clean construction or demolition debris or uncontaminated
9 soil was received.

10 (B) For all soil, obtain either (i) a certification
11 from the owner or operator of the site from which the soil
12 was removed that the site has never been used for
13 commercial or industrial purposes and is presumed to be
14 uncontaminated soil or (ii) a certification from a
15 licensed Professional Engineer or licensed Professional
16 Geologist that the soil is uncontaminated soil.
17 Certifications required under this subdivision (f)(2)(B)
18 must be on forms and in a format prescribed by the Agency.

19 (C) Confirm that the clean construction or demolition
20 debris or uncontaminated soil was not removed from a site
21 as part of a cleanup or removal of contaminants,
22 including, but not limited to, activities conducted under
23 the Comprehensive Environmental Response, Compensation,
24 and Liability Act of 1980, as amended; as part of a Closure
25 or Corrective Action under the Resource Conservation and
26 Recovery Act, as amended; or under an Agency remediation

1 program, such as the Leaking Underground Storage Tank
2 Program or Site Remediation Program, but excluding sites
3 subject to Section 58.16 of this Act where there is no
4 presence or likely presence of a release or a substantial
5 threat of a release of a regulated substance at, on, or
6 from the real property.

7 (D) Document all activities required under subdivision
8 (f)(2) of this Section. Documentation of any chemical
9 analysis must include, but is not limited to, (i) a copy of
10 the lab analysis, (ii) accreditation status of the
11 laboratory performing the analysis, and (iii)
12 certification by an authorized agent of the laboratory
13 that the analysis has been performed in accordance with
14 the Agency's rules for the accreditation of environmental
15 laboratories and the scope of accreditation.

16 (3) Owners and operators of clean construction or
17 demolition debris fill operations must maintain all
18 documentation required under subdivision (f)(2) of this
19 Section for a minimum of 3 years following the receipt of each
20 load of clean construction or demolition debris or
21 uncontaminated soil, except that documentation relating to an
22 appeal, litigation, or other disputed claim must be maintained
23 until at least 3 years after the date of the final disposition
24 of the appeal, litigation, or other disputed claim. Copies of
25 the documentation must be made available to the Agency and to
26 units of local government for inspection and copying during

1 normal business hours. The Agency may prescribe forms and
2 formats for the documentation required under subdivision
3 (f)(2) of this Section.

4 Chemical analysis conducted under subdivision (f)(2) of
5 this Section must be conducted in accordance with the
6 requirements of 35 Ill. Adm. Code 742, as amended, and "Test
7 Methods for Evaluating Solid Waste, Physical/Chemical
8 Methods", USEPA Publication No. SW-846, as amended.

9 (g)(1) No person shall use soil other than uncontaminated
10 soil as fill material at a clean construction or demolition
11 debris fill operation.

12 (2) No person shall use construction or demolition debris
13 other than clean construction or demolition debris as fill
14 material at a clean construction or demolition debris fill
15 operation.

19 Sec. 57.5. Underground Storage Tanks; removal; repair;
20 abandonment.

21 (a) Notwithstanding the eligibility or the level of
22 deductibility of an owner or operator under the Underground
23 Storage Tank Fund, any owner or operator of an Underground
24 Storage Tank may seek to remove or abandon such tank under the
25 provisions of this Title. In order to be reimbursed under

1 Section 57.8, the owner or operator must comply with the
2 provisions of this Title. In no event will an owner or operator
3 be reimbursed for any costs which exceed the minimum
4 requirements necessary to comply with this Title.

5 (b) Removal or abandonment of an Underground Storage Tank
6 must be carried out in accordance with regulations adopted by
7 the Office of the State Fire Marshal.

8 (c) The Office of the State Fire Marshal or a designated
9 agent shall have an inspector on site at the time of removal,
10 abandonment, or such other times the Office of the State Fire
11 Marshal deems appropriate. At such time, the inspector shall,
12 upon preliminary excavation of the tank site, render an
13 opinion as to whether a release of petroleum has occurred and,
14 if so, the owner or operator shall report the known or
15 suspected release to the Illinois Emergency Management Agency.
16 The owner or operator shall determine whether or not a release
17 has occurred in conformance with the regulations adopted by
18 the Board and the Office of the State Fire Marshal. Except that
19 if the opinion of the Office of the State Fire Marshal
20 inspector is that a release of petroleum has occurred and the
21 owner or operator has reported the release to the Illinois
22 Emergency Management Agency within 24 hours of removal of the
23 tank, no such determination is required under this subsection.
24 In the event the owner or operator confirms the presence of a
25 release of petroleum, the owner or operator shall comply with
26 Section 57.6. The inspector shall provide the owner or

1 operator, or a designated agent, with an "Eligibility and
2 Deductibility Determination" form. The Office of the State
3 Fire Marshal shall provide on-site assistance to the owner or
4 operator or a designated agent with regard to the eligibility
5 and deductibility procedures as provided in Section 57.9. If
6 the Office of the State Fire Marshal is not on site, the Office
7 of the State Fire Marshal shall provide the owner or operator
8 with an "Eligibility and Deductibility Determination" form
9 within 15 days after receiving notice that the confirmed
10 release was reported by the owner or operator.

11 (d) In the event that a release of petroleum is confirmed
12 under subsection (c) of this Section, the owner or operator
13 may elect to backfill the preliminary excavation and proceed
14 under Section 57.6.

15 (e) In the event that an Underground Storage Tank is found
16 to be ineligible for payment from the Underground Storage Tank
17 Fund, the owner or operator shall proceed under Sections 57.6
18 and 57.7.

19 (f) In the event that no release of petroleum is
20 confirmed, the owner or operator shall proceed to complete the
21 removal of the underground storage tank, and when appropriate,
22 dispose of the tank and backfill the excavation or, in the
23 alternate, abandon the underground storage tank in place.
24 Either option shall be in accordance with regulations adopted
25 by the Office of the State Fire Marshal. The owner or operator
26 shall certify to the Office of the State Fire Marshal that the

1 tank removal or abandonment was conducted in accordance with
2 all applicable rules and regulations, and the Office of the
3 State Fire Marshal shall then issue a certificate of removal
4 or abandonment to the owner or operator. If the Office of the
5 State Fire Marshal fails to issue a certificate of removal or
6 abandonment within 30 days of receipt of the certification,
7 the certification shall be considered rejected by operation of
8 law and a final action appealable to the Board. Nothing in this
9 Title shall prohibit the Office of the State Fire Marshal from
10 making an independent inspection of the site and challenging
11 the veracity of the owner or operator certification.

12 (g) The owner or operator of an underground storage tank
13 taken out of operation before January 2, 1974, or an
14 underground storage tank used exclusively to store heating oil
15 for consumptive use on the premises where stored and which
16 serves other than a farm or residential unit shall not be
17 required to remove or abandon in place such underground
18 storage tank except in the case in which the Office of the
19 State Fire Marshal has determined that a release from the
20 underground storage tank poses a current or potential threat
21 to human health and the environment. In that case, and upon
22 receipt of an order from the Office of the State Fire Marshal,
23 the owner or operator of such underground storage tank shall
24 conduct removal and, if necessary, site investigation and
25 corrective action in accordance with this Title and
26 regulations promulgated by the Office of the State Fire

1 Marshal and the Board.

2 (h) In the event that a release of petroleum occurred
3 between September 13, 1993, and August 1, 1994, for which the
4 Office of the State Fire Marshal issued a certificate of
5 removal or abandonment based on its determination of "no
6 release" or "minor release," and the Office of the State Fire
7 Marshal subsequently has rescinded that determination and
8 required a report of a confirmed release to the Illinois
9 Emergency Management Agency, the owner or operator may be
10 eligible for reimbursement for the costs of site investigation
11 and corrective action incurred on or after the date of the
12 release but prior to the notification of the Illinois
13 Emergency Management Agency. The date of the release shall be
14 the date of the initial inspection by the Office of the State
15 Fire Marshal as recorded in its inspection log. Eligibility
16 and deductibility shall be determined in accordance with this
17 Title, the owner or operator must comply with the provisions
18 of this Act and its rules, and in no case shall the owner or
19 operator be reimbursed for costs exceeding the minimum
20 requirements of this Act and its rules.

22 (415 ILCS 5/57.8)

23 Sec. 57.8. Underground Storage Tank Fund; payment; options
24 for State payment; deferred correction election to commence
25 corrective action upon availability of funds. If an owner or

1 operator is eligible to access the Underground Storage Tank
2 Fund pursuant to an Office of the State Fire Marshal
3 eligibility/deductible final determination letter issued in
4 accordance with Section 57.9, the owner or operator may submit
5 a complete application for final or partial payment to the
6 Agency for activities taken in response to a confirmed
7 release. An owner or operator may submit a request for partial
8 or final payment regarding a site no more frequently than once
9 every 90 days.

10 (a) Payment after completion of corrective action
11 measures. The owner or operator may submit an application for
12 payment for activities performed at a site after completion of
13 the requirements of Sections 57.6 and 57.7, or after
14 completion of any other required activities at the underground
15 storage tank site.

16 (1) In the case of any approved plan and budget for
17 which payment is being sought, the Agency shall make a
18 payment determination within 120 days of receipt of both
19 the complete application for payment and the report
20 documenting completion of the activities approved in the
21 plan, whichever is received later. Such determination
22 shall be considered a final decision. The Agency's review
23 shall be limited to generally accepted auditing and
24 accounting practices. In no case shall the Agency conduct
25 additional review of any plan which was completed within
26 the budget, beyond auditing for adherence to the

1 corrective action measures in the proposal. If the Agency
2 fails to approve the payment application within 120 days,
3 such application shall be deemed approved by operation of
4 law and the Agency shall proceed to reimburse the owner or
5 operator the amount requested in the payment application.
6 However, in no event shall the Agency reimburse the owner
7 or operator an amount greater than the amount approved in
8 the plan.

9 (2) If sufficient funds are available in the
10 Underground Storage Tank Fund, the Agency shall, within 60
11 days, forward to the Office of the State Comptroller a
12 voucher in the amount approved under the payment
13 application.

14 (3) In the case of insufficient funds, the Agency
15 shall form a priority list for payment and shall notify
16 persons in such priority list monthly of the availability
17 of funds and when payment shall be made. Payment shall be
18 made to the owner or operator at such time as sufficient
19 funds become available for the costs associated with site
20 investigation and corrective action and costs expended for
21 activities performed where no proposal is required, if
22 applicable. Such priority list shall be available to any
23 owner or operator upon request. Priority for payment shall
24 be determined by the date the Agency receives a complete
25 request for partial or final payment. Upon receipt of
26 notification from the Agency that the requirements of this

1 Title have been met, the Comptroller shall make payment to
2 the owner or operator of the amount approved by the
3 Agency, if sufficient money exists in the Fund. If there
4 is insufficient money in the Fund, then payment shall not
5 be made. If the owner or operator appeals a final Agency
6 payment determination and it is determined that the owner
7 or operator is eligible for payment or additional payment,
8 the priority date for the payment or additional payment
9 shall be the same as the priority date assigned to the
10 original request for partial or final payment.

11 (4) Any deductible, as determined pursuant to the
12 Office of the State Fire Marshal's eligibility and
13 deductibility final determination in accordance with
14 Section 57.9, shall be subtracted from any payment invoice
15 paid to an eligible owner or operator. Only one deductible
16 shall apply per underground storage tank site.

17 (5) In the event that costs are or will be incurred in
18 addition to those approved by the Agency, or after
19 payment, the owner or operator may submit successive plans
20 containing amended budgets. The requirements of Section
21 57.7 shall apply to any amended plans.

22 (6) For purposes of this Section, a complete
23 application shall consist of:

24 (A) A certification from a Licensed Professional
25 Engineer or Licensed Professional Geologist as
26 required under this Title and acknowledged by the

1 owner or operator.

2 (B) A statement of the amounts approved in the
3 budget and the amounts actually sought for payment
4 along with a certified statement by the owner or
5 operator that the amounts so sought were expended in
6 conformance with the approved budget.

7 (C) A copy of the Office of the State Fire
8 Marshal's eligibility and deductibility determination.

9 (D) Proof that approval of the payment requested
10 will not result in the limitations set forth in
11 subsection (g) of this Section being exceeded.

12 (E) A federal taxpayer identification number and
13 legal status disclosure certification on a form
14 prescribed and provided by the Agency.

15 (F) If the Agency determined under subsection
16 (c)(3) of Section 57.7 of this Act that corrective
17 action must include a project labor agreement, a
18 certification from the owner or operator that the
19 corrective action was (i) performed under a project
20 labor agreement that meets the requirements of Section
21 25 of the Project Labor Agreements Act and (ii)
22 implemented in a manner consistent with the terms and
23 conditions of the Project Labor Agreements Act and in
24 full compliance with all statutes, regulations, and
25 Executive Orders as required under that Act and the
26 Prevailing Wage Act.

1 (b) Commencement of site investigation or corrective
2 action upon availability of funds. The Board shall adopt
3 regulations setting forth procedures based on risk to human
4 health or the environment under which the owner or operator
5 who has received approval for any budget plan submitted
6 pursuant to Section 57.7, and who is eligible for payment from
7 the Underground Storage Tank Fund pursuant to an Office of the
8 State Fire Marshal eligibility and deductibility
9 determination, may elect to defer site investigation or
10 corrective action activities until funds are available in an
11 amount equal to the amount approved in the budget. The
12 regulations shall establish criteria based on risk to human
13 health or the environment to be used for determining on a
14 site-by-site basis whether deferral is appropriate. The
15 regulations also shall establish the minimum investigatory
16 requirements for determining whether the risk based criteria
17 are present at a site considering deferral and procedures for
18 the notification of owners or operators of insufficient funds,
19 Agency review of request for deferral, notification of Agency
20 final decisions, returning deferred sites to active status,
21 and earmarking of funds for payment.

22 (c) When the owner or operator requests indemnification
23 for payment of costs incurred as a result of a release of
24 petroleum from an underground storage tank, if the owner or
25 operator has satisfied the requirements of subsection (a) of
26 this Section, the Agency shall forward a copy of the request to

1 the Attorney General. The Attorney General shall review and
2 approve the request for indemnification if:

3 (1) there is a legally enforceable judgment entered
4 against the owner or operator and such judgment was
5 entered due to harm caused by a release of petroleum from
6 an underground storage tank and such judgment was not
7 entered as a result of fraud; or

8 (2) a settlement with a third party due to a release of
9 petroleum from an underground storage tank is reasonable.

10 (d) (1) Notwithstanding any other provision of this Title,
11 the Agency shall not approve payment to an owner or operator
12 from the Fund for costs of corrective action or
13 indemnification incurred during a calendar year in excess of
14 the following aggregate amounts based on the number of
15 petroleum underground storage tanks owned or operated by such
16 owner or operator in Illinois.

17	Amount	Number of Tanks
18	\$2,000,000	fewer than 101
19	\$3,000,000	101 or more

20 (2) Costs incurred in excess of the aggregate amounts set
21 forth in paragraph (1) of this subsection shall not be
22 eligible for payment in subsequent years.

23 (3) For purposes of this subsection, requests submitted by
24 any of the agencies, departments, boards, committees, or
25 commissions of the State of Illinois shall be acted upon as
26 claims from a single owner or operator.

1 (4) For purposes of this subsection, owner or operator
2 includes (i) any subsidiary, parent, or joint stock company of
3 the owner or operator and (ii) any company owned by any parent,
4 subsidiary, or joint stock company of the owner or operator.

5 (e) Costs of corrective action or indemnification incurred
6 by an owner or operator which have been paid to an owner or
7 operator under a policy of insurance, another written
8 agreement, or a court order are not eligible for payment under
9 this Section. An owner or operator who receives payment under
10 a policy of insurance, another written agreement, or a court
11 order shall reimburse the State to the extent such payment
12 covers costs for which payment was received from the Fund. Any
13 monies received by the State under this subsection (e) shall
14 be deposited into the Fund.

15 (f) (Blank).

16 (g) The Agency shall not approve any payment from the Fund
17 to pay an owner or operator:

18 (1) for costs of corrective action incurred by such
19 owner or operator in an amount in excess of \$1,500,000 per
20 occurrence; and

21 (2) for costs of indemnification of such owner or
22 operator in an amount in excess of \$1,500,000 per
23 occurrence.

24 (h) Payment of any amount from the Fund for corrective
25 action or indemnification shall be subject to the State
26 acquiring by subrogation the rights of any owner, operator, or

1 other person to recover the costs of corrective action or
2 indemnification for which the Fund has compensated such owner,
3 operator, or person from the person responsible or liable for
4 the release.

5 (i) If the Agency refuses to pay or authorizes only a
6 partial payment, the affected owner or operator may petition
7 the Board for a hearing in the manner provided for the review
8 of permit decisions in Section 40 of this Act.

9 (j) Costs of corrective action or indemnification incurred
10 by an owner or operator prior to July 28, 1989, shall not be
11 eligible for payment or reimbursement under this Section.

12 (k) The Agency shall not pay costs of corrective action or
13 indemnification incurred before providing notification of the
14 release of petroleum in accordance with the provisions of this
15 Title.

16 (l) Corrective action does not include legal defense
17 costs. Legal defense costs include legal costs for seeking
18 payment under this Title unless the owner or operator prevails
19 before the Board in which case the Board may authorize payment
20 of legal fees.

21 (m) The Agency may apportion payment of costs for plans
22 submitted under Section 57.7 if:

23 (1) the owner or operator was deemed eligible to
24 access the Fund for payment of corrective action costs for
25 some, but not all, of the underground storage tanks at the
26 site; and

1 (2) the owner or operator failed to justify all costs
2 attributable to each underground storage tank at the site.

3 (n) The Agency shall not pay costs associated with a
4 corrective action plan incurred after the Agency provides
5 notification to the owner or operator pursuant to item (7) of
6 subsection (b) of Section 57.7 that a revised corrective
7 action plan is required. Costs associated with any
8 subsequently approved corrective action plan shall be eligible
9 for reimbursement if they meet the requirements of this Title.

5 (415 ILCS 65/5) (from Ch. 5, par. 855)

6 Sec. 5. Containment of spills, wash water, and rinsate
7 collection.

8 (a) No loading of lawn care products for distribution to a
9 customer or washing or rinsing of pesticide residues from
10 vehicles, application equipment, mixing equipment, floors, or
11 other items used for the storage, handling, preparation for
12 use, transport, or application of pesticides to lawns shall be
13 performed at a facility except in designated containment areas
14 in accordance with the requirements of this Section. A lawn
15 care containment permit, issued by the Department, shall be
16 obtained prior to the operation of the containment area. The
17 Department shall issue a lawn care containment permit when the

9 Section 830. The Consumer Electronics Recycling Act is
10 amended by changing Sections 1-55 and 1-80 as follows:

11 (415 ILCS 151/1-55)

12 (Section scheduled to be repealed on December 31, 2031)

13 Sec. 1-55. Administrative citations.

14 (a) Any violation of a registration requirement in Section
15 ~~Sections~~ 1-30, 1-40, or 1-45 of this Act, any violation of the
16 reporting requirement in paragraph (4) of subsection (b) of
17 Section 1-10 of this Act, and any violation of a plan
18 submission requirement in Section 1-25 of this Act shall be
19 enforceable by administrative citation issued by the Agency.
20 Whenever Agency personnel shall, on the basis of direct
21 observation, determine that any person has violated any of
22 those provisions, the Agency may issue and serve, within 60
23 days after the observed violation, an administrative citation
24 upon that person. Each citation shall be served upon the

1 person named or the person's authorized agent for service of
2 process and shall include the following:

3 (1) a statement specifying the provisions of this Act
4 that the person has violated;

5 (2) the penalty imposed under subsection (d) of
6 Section 1-50 of this Act for that violation; and

7 (3) an affidavit by the personnel observing the
8 violation, attesting to their material actions and
9 observations.

10 (b) If the person named in the administrative citation

13 shall adopt a final order, which shall include the
14 administrative citation and findings of violation as alleged
15 in the citation and shall impose the penalty specified in
16 subsection (d) of Section 1-50 of this Act.

17 (c) If a petition for review is filed with the Board to
18 contest an administrative citation issued under this Section,
19 then the Agency shall appear as a complainant at a hearing
20 before the Board to be conducted pursuant to subsection (d) of
21 this Section at a time not less than 21 days after notice of
22 the hearing has been sent by the Board to the Agency and the
23 person named in the citation. In those hearings, the burden of
24 proof shall be on the Agency. If, based on the record, the
25 Board finds that the alleged violation occurred, then the
26 Board shall adopt a final order, which shall include the

1 administrative citation and findings of violation as alleged
2 in the citation, and shall impose the penalty specified in
3 subsection (d) of Section 1-50 of this Act. However, if the
4 Board finds that the person appealing the citation has shown
5 that the violation resulted from uncontrollable circumstances,
6 then the Board shall adopt a final order that makes no finding
7 of violation and imposes no penalty.

8 (d) All hearings under this Section shall be held before a
9 qualified hearing officer, who may be attended by one or more
10 members of the Board, designated by the Chairman. All of these
11 hearings shall be open to the public, and any person may submit
12 written statements to the Board in connection with the subject
13 of these hearings. In addition, the Board may permit any
14 person to offer oral testimony. Any party to a hearing under
15 this Section may be represented by counsel, make oral or
16 written argument, offer testimony, cross-examine witnesses, or
17 take any combination of those actions. All testimony taken

25 Act is amended by changing Section 15 as follows:

1 (420 ILCS 42/15)

2 Sec. 15. Storage fees.

3 (a) Beginning January 1, 1994, an annual fee shall be
4 imposed on the owner or operator of any property that has been
5 used in whole or in part for the milling of source material and
6 is being used for the storage or disposal of by-product
7 material, equal to \$2 per cubic foot of by-product material
8 being stored or disposed of by the facility. After a facility
9 is cleaned up in accordance with the Agency's radiological
10 soil clean-up criteria, no fee shall be due, imposed upon, or
11 collected from an owner. No fee shall be imposed upon any
12 by-product material moved to a facility in contemplation of
13 the subsequent removal of the by-product material pursuant to
14 law or upon any by-product material moved to a facility in
15 contemplation of processing the material through a physical
16 separation facility. No fees shall be collected from any
17 State, county, municipal, or local governmental agency. In
18 connection with settling litigation regarding the amount of
19 the fee to be imposed, the Director may enter into an agreement
20 with the owner or operator of any facility specifying that the
21 fee to be imposed shall not exceed \$26,000,000 in any calendar
22 year. The fees assessed under this Section are separate and
23 distinct from any license fees imposed under Section 11 of the
24 Radiation Protection Act of 1990.

25 The fee shall be due on June 1 of each year or at such

1 other times in such installments as the Director may provide
2 by rule. To facilitate the expeditious removal of by-product
3 material, rules establishing payment dates or schedules may be
4 adopted as emergency rules under Section 5-45 of the Illinois
5 Administrative Procedure Act. The fee shall be collected and
6 administered by the Agency⁷ and shall be deposited into the
7 General Revenue Fund.

8 (b) Moneys may be expended by the Agency, subject to
9 appropriation, for the following purposes but only as the
10 moneys relate to by-product material attributable to the owner
11 or operator who pays the fees under subsection (a):

12 (1) the costs of monitoring, inspecting, and otherwise
13 regulating the storage and disposal of by-product
14 material, wherever located;

15 (2) the costs of undertaking any maintenance,
16 decommissioning activities, cleanup, responses to
17 radiation emergencies, or remedial action that would
18 otherwise be required of the owner or operator by law or
19 under a license amendment or condition in connection with
20 by-product materials;

21 (3) the costs that would otherwise be required of the
22 owner or operator, by law or under a license amendment or
23 condition, incurred by the State arising from the
24 transportation of the by-product material from a storage
25 or unlicensed disposal location to a licensed permanent
26 disposal facility; and

1 (4) reimbursement to the owner or operator of any
2 facility used for the storage or disposal of by-product
3 material for costs incurred by the owner or operator in
4 connection with the decontamination or decommissioning of
5 the storage or disposal facility or other properties
6 contaminated with by-product material. However, the amount
7 of the reimbursements paid to the owner or operator of a
8 by-product material storage or disposal facility shall not
9 be reduced for any amounts recovered by the owner or
10 operator pursuant to Title X of the federal Energy Policy
11 Act of 1992 and shall not exceed the amount of money paid
12 by that owner or operator under subsection (a) plus the
13 interest attributable to amounts paid by that owner or
14 operator.

15 An owner or operator who incurs costs in connection with
16 the decontamination or decommissioning of the storage or
17 disposal facility or other properties contaminated with
18 by-product material is entitled to have those costs promptly
19 reimbursed as provided in this Section. In the event the owner
20 or operator has incurred reimbursable costs for which there
21 are not adequate moneys with which to provide reimbursement,
22 the Director shall reduce the amount of any fee payable in the
23 future imposed under this Act by the amount of the
24 reimbursable expenses incurred by the owner or operator. An
25 owner or operator of a facility shall submit requests for
26 reimbursement to the Director in a form reasonably required by

1 the Director. Upon receipt of a request, the Director shall
2 give written notice approving or disapproving each of the
3 owner's or operator's request for reimbursement within 60
4 days. The Director shall approve requests for reimbursement
5 unless the Director finds that the amount is excessive,
6 erroneous, or otherwise inconsistent with paragraph (4) of
7 this subsection or with any license or license amendments
8 issued in connection with that owner's or operator's
9 decontamination or decommissioning plan. If the Director
10 disapproves a reimbursement request, the Director shall set
11 forth in writing to the owner or operator the reasons for
12 disapproval. The owner or operator may resubmit to the Agency
13 a disapproved reimbursement request with additional
14 information as may be required. Disapproval of a reimbursement
15 request shall constitute final action for purposes of the
16 Administrative Review Law unless the owner or operator
17 resubmits the denied request within 35 days. To the extent
18 there are funds available, the Director shall prepare and
19 certify to the Comptroller the disbursement of the approved
20 sums to the owners or operators or, if there are insufficient
21 funds available, the Director shall off-set future fees
22 otherwise payable by the owner or operator by the amount of the
23 approved reimbursable expenses.

24 (c) To the extent that costs identified in parts (1), (2),
25 and (3) of subsection ~~subsections~~ (b) are recovered by the
26 Agency under the Radiation Protection Act of 1990 or its

1 rules, the Agency shall not use money under this Section to
2 cover these costs.

6 Section 855. The Illinois Radon Awareness Act is amended
7 by changing Section 26 as follows:

8 (420 ILCS 46/26)

9 Sec. 26. Disclosure of radon hazard to current and
10 prospective tenants.

11 (a) At the time of a prospective tenant's application to
12 lease a dwelling unit, before a lease is entered into, or at
13 any time during the leasing period, upon request, the lessor
14 shall provide the prospective tenant or tenant of a dwelling
15 unit with:

16 (1) the Illinois Emergency Management Agency pamphlet
17 entitled "Radon Guide for Tenants" or an equivalent
18 pamphlet approved for use by the Illinois Emergency
19 Management Agency;

20 (2) copies of any records or reports pertaining to
21 radon concentrations within the dwelling unit that
22 indicate a radon hazard to the tenant, as provided in
23 subsection (c); and

24 (3) the Disclosure of Information on Radon Hazards to

1 Tenants form, as set forth in subsection (f).

2 (b) At the commencement of the agreed leasing period, a
3 tenant shall have 90 days to conduct his or her own radon test
4 of the dwelling unit. If the tenant chooses to have a radon
5 test performed, the tenant shall provide the lessor with
6 copies of the results, including any records or reports
7 pertaining to radon concentrations, within 10 days after
8 receiving the results of the radon test. If the tenant's radon
9 test provides a result in excess of the Illinois Emergency
10 Management Agency's recommended Radon Action Level and the
11 lessor has elected to not mitigate ~~mitigated~~ the radon hazard,
12 the tenant may terminate the lease.

13 (1) Nothing in this subsection is intended to or shall
14 be construed to imply that a tenant is not permitted to
15 conduct a radon test of the tenant's dwelling unit
16 following the completion of the 90-day period. Following
17 the 90-day period the tenant may conduct further radon
18 testing if he or she elects to; however, upon a result of a
19 radon hazard, he or she does not have a right to terminate
20 the lease under this Section.

21 (2) Nothing in this subsection is intended to or shall
22 be construed to imply that a tenant waives any other right
23 to terminate the lease if he or she conducts a radon test
24 after the completion of the 90-day period under any other
25 applicable State or federal law.

26 (c) If the tenant elects to conduct a radon test during the

1 90-day period and the results indicate a radon hazard, the
2 lessor may hire a radon contractor to perform an additional
3 radon test within 30 days after the tenant notifies the lessor
4 of the results of his or her radon test. The results of a
5 measurement by a radon contract may be used by the lessor to
6 disprove the presence of a radon hazard. Test results are
7 valid for a period of 2 years after the date of the testing
8 unless any renovations, additions, or modifications are made
9 to the building containing the dwelling unit.

10 (d) Nothing in this Section is intended to or shall be
11 construed to imply an obligation of a lessor or tenant to
12 conduct any radon testing activity or perform any radon
13 mitigation activity.

14 (e) If a lessor fails to provide the prospective tenant or
15 tenant with the documents as required in subsection (a), then,
16 at any point during the term of the lease the tenant may elect
17 to have a radon test conducted under this Section. If the radon
18 test shows the existence of a radon hazard, the tenant shall
19 provide the lessor with copies of the results of the test,
20 including records or reports pertaining to radon
21 concentrations, within 10 days after receiving the results of
22 the radon test. If the lessor disputes the results of the radon
23 test performed by the tenant, the lessor may elect, at the
24 lessor's expense, to hire a radon contractor to perform a
25 radon test within 30 days of the tenant notifying the lessor of
26 the results of the tenant's radon test. The results of a

1 measurement by a radon contract may be used by the lessor to
2 disprove the presence of a radon hazard. Test results are
3 valid for a period of 2 years after the date of testing unless
4 any renovation, addition, or substantial modifications are
5 made to the building containing the dwelling unit. If the
6 lessor declines to dispute the results of the tenant's radon
7 test showing a radon hazard or does not mitigate the hazard,
8 the tenant may, within 60 days:

9 (1) hire, at the tenant's expense, a radon contractor
10 to perform radon mitigation activities. If the tenant
11 chooses to conduct mitigation activities, the mitigation
12 activities shall only be done with express consent of the
13 lessor; or

14 (2) terminate the lease.

15 (f) The following Disclosure of Information on Radon
16 Hazards to Tenants shall be provided to each tenant of a
17 dwelling unit:

18 "DISCLOSURE OF INFORMATION ON RADON HAZARDS TO TENANTS

19 Radon Warning Statement

20 Each tenant in this residence or dwelling unit is notified
21 that the property may present exposure to levels of indoor
22 radon gas that may place the occupants at risk of developing
23 radon-induced lung cancer. Radon, a Class-A human carcinogen,
24 is the leading cause of death in private homes and the leading

1 cause of lung cancer in nonsmokers. The lessor of any
2 residence is required to provide each tenant with any
3 information on radon test results of the dwelling unit that
4 present a radon hazard to the tenant.

5 The Illinois Emergency Management Agency (IEMA) strongly
6 recommends that ALL rental properties have a radon test
7 performed and radon hazards mitigated if elevated levels are
8 found in a dwelling unit or a routinely occupied area of a
9 multiple family residence. Elevated radon concentrations can
10 easily be reduced by a radon contractor.

11 Dwelling Unit Address:

12 Lessor's Disclosure (initial each of the following that
13 apply)

14 Lessor has no knowledge of elevated radon
15 concentrations (or records or reports pertaining to elevated
16 radon concentrations) in the dwelling unit.

17 Radon concentrations (at or above the IEMA
18 recommended Radon Action Level 4.0 pCi/L) are known to be
19 present within the dwelling unit.

20 Lessor has provided the tenant with copies of all
21 available records and reports, if any, pertaining to radon
22 concentrations within the dwelling unit.

23 Tenant's Acknowledgment (initial each of the following

1 that apply)

2 Tenant has received copies of all information listed
3 above.

4 Tenant has received the pamphlet "Radon Guide for
5 Tenants".

6 Certification of Accuracy

7 The following parties have reviewed the information above
8 and each party certifies, to the best of his or her knowledge,
9 that the information he or she provided is true and accurate.

10 Lessor Date

11 Tenant Date"

12 (g) This Section applies to leases entered into on or
13 after January 1, 2024 (the effective date of Public Act
14 103-298) ~~this amendatory Act of the 103rd General Assembly.~~

16 Section 860. The Gasoline Storage Act is amended by
17 changing Section 2 as follows:

18 (430 ILCS 15/2) (from Ch. 127 1/2, par. 154)

19 Sec. 2. Jurisdiction; regulation of tanks.

20 (1)(a) Except as otherwise provided in this Act, the
21 jurisdiction of the Office of the State Fire Marshal under
22 this Act shall be concurrent with that of municipalities and

1 other political subdivisions. The Office of the State Fire
2 Marshal has power to promulgate, pursuant to the Illinois
3 Administrative Procedure Act, reasonable rules and regulations
4 governing the keeping, storage, transportation, sale, or use
5 of gasoline and volatile oils. Nothing in this Act shall
6 relieve any person, corporation, or other entity from
7 complying with any zoning ordinance of a municipality or home
8 rule unit enacted pursuant to Section 11-13-1 of the Illinois
9 Municipal Code or any ordinance enacted pursuant to Section
10 11-8-4 of the Illinois Municipal Code.

11 (b) The rulemaking power shall include the power to
12 promulgate rules providing for the issuance and revocation of
13 permits allowing the self-service ~~self-service~~ dispensing of
14 motor fuels as such term is defined in the Motor Fuel Tax Law
15 in retail service stations or any other place of business
16 where motor fuels are dispensed into the fuel tanks of motor
17 vehicles, internal combustion engines, or portable containers.
18 Such rules shall specify the requirements that must be met
19 both prior and subsequent to the issuance of such permits in
20 order to ensure ~~insure~~ the safety and welfare of the general
21 public. The operation of such service stations without a
22 permit shall be unlawful. The Office of the State Fire Marshal
23 shall revoke such permit if the self-service ~~self-service~~
24 operation of such a service station is found to pose a
25 significant risk to the safety and welfare of the general
26 public.

1 (c) However, except in any county with a population of
2 1,000,000 or more, the Office of the State Fire Marshal shall
3 not have the authority to prohibit the operation of a service
4 station solely on the basis that it is an unattended
5 self-service station which utilizes key or card operated
6 self-service motor fuel dispensing devices. Nothing in this
7 paragraph shall prohibit the Office of the State Fire Marshal
8 from adopting reasonable rules and regulations governing the
9 safety of self-service motor fuel dispensing devices.

10 (d) The State Fire Marshal shall not prohibit the
11 dispensing or delivery of flammable or combustible motor
12 vehicle fuels directly into the fuel tanks of vehicles from
13 tank trucks, tank wagons, or other portable tanks. The State
14 Fire Marshal shall adopt rules (i) for the issuance of permits
15 for the dispensing of motor vehicle fuels in the manner
16 described in this paragraph (d), (ii) that establish fees for
17 permits and inspections, and provide for those fees to be
18 deposited into the Fire Prevention Fund, (iii) that require
19 the dispensing of motor fuel in the manner described in this
20 paragraph (d) to meet conditions consistent with nationally
21 recognized standards such as those of the National Fire
22 Protection Association, and (iv) that restrict the dispensing
23 of motor vehicle fuels in the manner described in this
24 paragraph (d) to the following:

25 (A) agriculture sites for agricultural purposes;

26 (B) construction sites for refueling construction

1 equipment used at the construction site;

2 (C) sites used for the parking, operation, or
3 maintenance of a commercial vehicle fleet, but only if the
4 site is located in a county with 3,000,000 or more
5 inhabitants or a county contiguous to a county with
6 3,000,000 or more inhabitants and the site is not normally
7 accessible to the public;

8 (D) sites used for the refueling of police, fire, or
9 emergency medical services vehicles or other vehicles that
10 are owned, leased, or operated by (or operated under
11 contract with) the State, a unit of local government, or a
12 school district, or any agency of the State and that are
13 not normally accessible to the public; and

14 (E) any of the following sites permitted under the
15 Environmental Protection Act, provided that the only
16 refueling at the sites is limited to off-road vehicles and
17 equipment used at and for the operation of the sites:

18 (i) waste disposal sites;

19 (ii) sanitary landfills; and

20 (iii) municipal solid waste landfill units.

21 (2)(a) The Office of the State Fire Marshal shall adopt
22 rules and regulations regarding underground storage tanks and
23 associated piping and no municipality or other political
24 subdivision shall adopt or enforce any ordinances or
25 regulations regarding such underground tanks and piping other
26 than those which are identical to the rules and regulations of

1 the Office of the State Fire Marshal. It is declared to be the
2 law of this State, pursuant to paragraphs (h) and (i) of
3 Section 6 of Article VII of the Illinois Constitution, that
4 the establishment and enforcement of standards regarding
5 underground storage tanks and associated piping within the
6 jurisdiction of the Office of the State Fire Marshal is an
7 exclusive State function which may not be exercised
8 concurrently by a home rule unit except as expressly permitted
9 in this Act.

10 (b) The Office of the State Fire Marshal may enter into
11 written contracts with municipalities of over 500,000 in
12 population to enforce the rules and regulations adopted under
13 this subsection.

14 (3)(a) The Office of the State Fire Marshal shall have
15 authority over underground storage tanks which contain, have
16 contained, or are designed to contain petroleum, hazardous
17 substances and regulated substances as those terms are used in
18 Subtitle I of the Hazardous and Solid Waste Amendments of 1984
19 (P.L. 98-616), as amended by the Superfund Amendments and
20 Reauthorization Act of 1986 (P.L. 99-499). The Office shall
21 have the power with regard to underground storage tanks to
22 require any person who tests, installs, repairs, replaces,
23 relines, or removes any underground storage tank system
24 containing, formerly containing, or which is designed to
25 contain petroleum or other regulated substances, to obtain a
26 permit to install, repair, replace, reline, or remove the

1 particular tank system, and to pay a fee set by the Office for
2 a permit to install, repair, replace, reline, upgrade, test,
3 or remove any portion of an underground storage tank system.
4 All persons who do repairs above grade level for themselves
5 need not pay a fee or be certified. All fees received by the
6 Office from certification and permits shall be deposited in
7 the Fire Prevention Fund for the exclusive use of the Office in
8 administering the Underground Storage Tank program.

9 (b)(i) Within 120 days after the promulgation of
10 regulations or amendments thereto by the Administrator of the
11 United States Environmental Protection Agency to implement
12 Section 9003 of Subtitle I of the Hazardous and Solid Waste
13 Amendments of 1984 (P.L. 98-616) of the Resource Conservation
14 and Recovery Act of 1976 (P.L. 94-580), as amended, the Office
15 of the State Fire Marshal shall adopt regulations or
16 amendments thereto which are identical in substance. The
17 rulemaking provisions of Section 5-35 of the Illinois
18 Administrative Procedure Act shall not apply to regulations or
19 amendments thereto adopted pursuant to this subparagraph (i).

20 (ii) The Office of the State Fire Marshal may adopt
21 additional regulations relating to an underground storage tank
22 program that are not inconsistent with and at least as
23 stringent as Section 9003 of Subtitle I of the Hazardous and
24 Solid Waste Amendments of 1984 (P.L. 98-616) of the Resource
25 Conservation and Recovery Act of 1976 (P.L. 94-580), as
26 amended, or regulations adopted thereunder. Except as provided

1 otherwise in subparagraph (i) of this paragraph (b), the
2 Office of the State Fire Marshal shall not adopt regulations
3 relating to corrective action at underground storage tanks.
4 Regulations adopted pursuant to this subsection shall be
5 adopted in accordance with the procedures for rulemaking in
6 Section 5-35 of the Illinois Administrative Procedure Act.

7 (c) The Office of the State Fire Marshal shall require any
8 person, corporation, or other entity who tests an underground
9 tank or its piping or cathodic protection for another to
10 report the results of such test to the Office.

11 (d) In accordance with constitutional limitations, the
12 Office shall have authority to enter at all reasonable times
13 upon any private or public property for the purpose of:

14 (i) Inspecting and investigating to ascertain possible
15 violations of this Act, of regulations thereunder, or of
16 permits or terms or conditions thereof; or

17 (ii) In accordance with the provisions of this Act,
18 taking whatever emergency action, that is necessary or
19 appropriate, to ensure ~~assure~~ that the public health or
20 safety is not threatened whenever there is a release or a
21 substantial threat of a release of petroleum or a
22 regulated substance from an underground storage tank.

23 (e) The Office of the State Fire Marshal may issue an
24 Administrative Order to any person who it reasonably believes
25 has violated the rules and regulations governing underground
26 storage tanks, including the installation, repair, leak

1 detection, cathodic protection tank testing, removal, or
2 release notification. Such an order shall be served by
3 registered or certified mail or in person. Any person served
4 with such an order may appeal such order by submitting in
5 writing any such appeal to the Office within 10 days of the
6 date of receipt of such order. The Office shall conduct an
7 administrative hearing governed by the Illinois Administrative
8 Procedure Act and enter an order to sustain, modify, or revoke
9 such order. Any appeal from such order shall be to the circuit
10 court of the county in which the violation took place and shall
11 be governed by the Administrative Review Law.

12 (f) The Office of the State Fire Marshal shall not require
13 the removal of an underground tank system taken out of
14 operation before January 2, 1974, except in the case in which
15 the office of the State Fire Marshal has determined that a
16 release from the underground tank system poses a current or
17 potential threat to human health and the environment. In that
18 case, and upon receipt of an Order from the Office of the State
19 Fire Marshal, the owner or operator of the nonoperational
20 underground tank system shall assess the excavation zone and
21 close the system in accordance with regulations promulgated by
22 the Office of the State Fire Marshal.

23 (4)(a) The Office of the State Fire Marshal shall adopt
24 rules and regulations regarding aboveground storage tanks and
25 associated piping and no municipality or other political
26 subdivision shall adopt or enforce any ordinances or

1 regulations regarding such aboveground tanks and piping other
2 than those which are identical to the rules and regulations of
3 the Office of the State Fire Marshal unless, in the interest of
4 fire safety, the Office of the State Fire Marshal delegates
5 such authority to municipalities, political subdivisions, or
6 home rule units. A facility used for: (i) agricultural
7 purposes at an agricultural site; (ii) refueling construction
8 equipment at a construction site; or (iii) parking, operating,
9 or maintaining a commercial vehicle fleet, may store an
10 aggregate total of 12,000 gallons of fuel for dispensing in
11 aboveground storage tanks, as long as the facility complies
12 with all other requirements of the rules of the Office of the
13 State Fire Marshal. It is declared to be the law of this State,
14 pursuant to paragraphs (h) and (i) of Section 6 of Article VII
15 of the Illinois Constitution, that the establishment of
16 standards regarding aboveground storage tanks and associated
17 piping within the jurisdiction of the Office of the State Fire
18 Marshal is an exclusive State function which may not be
19 exercised concurrently by a home rule unit except as expressly
20 permitted in this Act.

21 (b) The Office of the State Fire Marshal shall enforce its
22 rules and regulations concerning aboveground storage tanks and
23 associated piping; however, municipalities may enforce any of
24 their zoning ordinances or zoning regulations regarding
25 aboveground tanks. The Office of the State Fire Marshal may
26 issue an administrative order to any owner of an aboveground

1 storage tank and associated piping it reasonably believes to
2 be in violation of such rules and regulations to remedy or
3 remove any such violation. Such an order shall be served by
4 registered or certified mail or in person. Any person served
5 with such an order may appeal such order by submitting in
6 writing any such appeal to the Office within 10 days of the
7 date of receipt of such order. The Office shall conduct an
8 administrative hearing governed by the Illinois Administrative
9 Procedure Act and enter an order to sustain, modify or revoke
10 such order. Any appeal from such order shall be to the circuit
11 court of the county in which the violation took place and shall
12 be governed by the Administrative Review Law.

16 amended by changing Sections 8, 8.1, and 10 as follows:

17 (430 ILCS 65/8)

18 Sec. 8. Grounds for denial and revocation. The Illinois
19 State Police has authority to deny an application for or to

21 (c) A person convicted of a felony under the laws of
22 this or any other jurisdiction;

23 (d) A person addicted to narcotics;

24 (e) A person who has been a patient of a mental health

5 is denied, revoked, or has his or her Firearm Owner's
6 Identification Card seized under this subsection (e) may
7 obtain relief as described in subsection (c-5) of Section
8 10 of this Act if the officer or employee did not act in a

10 person, or the public as determined by the treating
11 clinical psychologist or physician, and the officer or
12 employee seeks mental health treatment;

26 (i-5) does not apply to any noncitizen who has been

1 lawfully admitted to the United States under a
2 non-immigrant visa if that noncitizen is:

3 (1) admitted to the United States for lawful
4 hunting or sporting purposes;

5 (2) an official representative of a foreign

2 (1) A person who has been convicted of domestic
3 battery, aggravated domestic battery, or a substantially
4 similar offense in another jurisdiction committed before,
5 on or after January 1, 2012 (the effective date of Public

7 previously issued a Firearm Owner's Identification Card
8 under this Act knowingly and intelligently waives the
9 right to have an offense described in this paragraph (1)
10 tried by a jury, and by guilty plea or otherwise, results
11 in a conviction for an offense in which a domestic
12 relationship is not a required element of the offense but
13 in which a determination of the applicability of 18 U.S.C.
14 922(g)(9) is made under Section 112A-11.1 of the Code of
15 Criminal Procedure of 1963, an entry by the court of a
16 judgment of conviction for that offense shall be grounds
17 for denying an application for and for revoking and
18 seizing a Firearm Owner's Identification Card previously

6 (q) A person who is not a resident of the State of
7 Illinois, except as provided in subsection (a-10) of
8 Section 4;

15 (u) A person who has had his or her Firearm Owner's
16 Identification Card revoked or denied under subsection (e)
17 of this Section or item (iv) of paragraph (2) of
18 subsection (a) of Section 4 of this Act because he or she
19 was a patient in a mental health facility as provided in
20 subsection (e) of this Section, shall not be permitted to
21 obtain a Firearm Owner's Identification Card, after the
22 5-year period has lapsed, unless he or she has received a
23 mental health evaluation by a physician, clinical
24 psychologist, advanced practice psychiatric nurse, or
25 qualified examiner as those terms are defined in the
26 Mental Health and Developmental Disabilities Code, and has

1 received a certification that he or she is not a clear and
2 present danger to himself, herself, or others. The
3 physician, clinical psychologist, advanced practice
4 psychiatric nurse, or qualified examiner making the
5 certification and his or her employer shall not be held
6 criminally, civilly, or professionally liable for making
7 or not making the certification required under this
8 subsection, except for willful or wanton misconduct. This
9 subsection does not apply to a person whose firearm
10 possession rights have been restored through

21 because no person has been adjudicated as a person with a
22 mental disability by the court as defined in Section 1.1 of
23 this Act or if no person has been involuntarily admitted. The
24 Supreme Court may adopt any orders or rules necessary to

1 rules necessary to implement the requirements of this Act.

2 (c) The Department of Human Services shall, in the form
3 and manner prescribed by the Illinois State Police, report all

12 privileged and confidential, and shall not be redisclosed,
13 except as required under subsection (e) of Section 3.1 and
14 subsection (c-5) or (f) of Section 10 of this Act, nor used for

17 what is necessary for the purpose of these Sections. Reports
18 from the Department of Human Services shall be provided by
19 rule by the Department of Human Services. The identity of the
20 person reporting under paragraph (1) of subsection (d) of this

24 of this Act.

25 The law enforcement official or school administrator under
26 paragraph (2) of subsection (d) of this Section shall notify

1 the Illinois State Police in the form and manner prescribed by
2 the Illinois State Police. The Illinois State Police shall
3 determine whether to deny the application or suspend or revoke
4 the person's Firearm Owner's Identification Card under Section
5 8 of this Act. Any information disclosed under this subsection
6 shall remain confidential and shall not be redisclosed or used
7 for any other purpose except as required under subsection (e)
8 of Section 3.1 and subsection (c-5) or (f) of Section 10 of

16 Section 10 of this Act.

17 The physician, clinical psychologist, advanced practice
18 psychiatric nurse, qualified examiner, law enforcement
19 official, or school administrator making the determination and
20 his or her employer shall not be held criminally, civilly, or
21 professionally liable for making or not making the
22 notification required under this subsection, except for
23 willful or wanton misconduct.

24 (d-5) If a law enforcement official determines that a
25 person has failed to report a lost or stolen firearm as
26 required by Section 24-4.1 of the Criminal Code of 2012, then

1 the law enforcement official shall, within 24 hours of making
2 that determination, notify the Illinois State Police that the

9 Act, nor used for any other purpose.

10 (e) The Illinois State Police shall adopt rules to
11 implement this Section.

14 (430 ILCS 65/10) (from Ch. 38, par. 83-10)

15 Sec. 10. Appeals; hearing; relief from firearm
16 prohibitions.

17 (a) Whenever an application for a Firearm Owner's
18 Identification Card is denied or whenever such a Card is
19 suspended or revoked as provided for in Section 8, 8.2, or 8.3
20 of this Act, upon complying with the requirements of Section
21 9.5 of the Act, the aggrieved party may (1) file a record
22 challenge with the Director regarding the record upon which
23 the decision to deny or revoke the Firearm Owner's
24 Identification Card was based under subsection (a-5); or (2)
25 appeal to the Director of the Illinois State Police through

1 December 31, 2022, or beginning January 1, 2023, the Firearm
2 Owner's Identification Card Review Board for a hearing seeking
3 relief from such denial, suspension, or revocation unless the
4 denial, suspension, or revocation was based upon a forcible
5 felony, stalking, aggravated stalking, domestic battery, any
6 violation of the Illinois Controlled Substances Act, the
7 Methamphetamine Control and Community Protection Act, or the
8 Cannabis Control Act that is classified as a Class 2 or greater
9 felony, any felony violation of Article 24 of the Criminal
10 Code of 1961 or the Criminal Code of 2012, or any adjudication
11 as a delinquent minor for the commission of an offense that if
12 committed by an adult would be a felony, in which case the
13 aggrieved party may petition the circuit court in writing in
14 the county of his or her residence for a hearing seeking relief
15 from such denial or revocation.

16 (a-5) There is created a Firearm Owner's Identification
17 Card Review Board to consider any appeal under subsection (a)
18 beginning January 1, 2023, other than an appeal directed to
19 the circuit court and except when the applicant is challenging
20 the record upon which the decision to deny or revoke was based
21 as provided in subsection (a-10).

22 (0.05) In furtherance of the policy of this Act that
23 the Board shall exercise its powers and duties in an
24 independent manner, subject to the provisions of this Act
25 but free from the direction, control, or influence of any
26 other agency or department of State government. All

1 expenses and liabilities incurred by the Board in the
2 performance of its responsibilities hereunder shall be
3 paid from funds which shall be appropriated to the Board
4 by the General Assembly for the ordinary and contingent
5 expenses of the Board.

6 (1) The Board shall consist of 7 members appointed by
7 the Governor, with the advice and consent of the Senate,
8 with 3 members residing within the First Judicial District
9 and one member residing within each of the 4 remaining
10 Judicial Districts. No more than 4 members shall be
11 members of the same political party. The Governor shall
12 designate one member as the chairperson. The members shall
13 have actual experience in law, education, social work,
14 behavioral sciences, law enforcement, or community affairs
15 or in a combination of those areas.

16 (2) The terms of the members initially appointed after
17 January 1, 2022 (the effective date of Public Act 102-237)
18 shall be as follows: one of the initial members shall be
19 appointed for a term of one year, 3 shall be appointed for
20 terms of 2 years, and 3 shall be appointed for terms of 4
21 years. Thereafter, members shall hold office for 4 years,
22 with terms expiring on the second Monday in January
23 immediately following the expiration of their terms and
24 every 4 years thereafter. Members may be reappointed.
25 Vacancies in the office of member shall be filled in the
26 same manner as the original appointment, for the remainder

1 of the unexpired term. The Governor may remove a member
2 for incompetence, neglect of duty, malfeasance, or
3 inability to serve. Members shall receive compensation in
4 an amount equal to the compensation of members of the
5 Executive Ethics Commission and, beginning July 1, 2023,
6 shall be compensated from appropriations provided to the
7 Comptroller for this purpose. Members may be reimbursed,
8 from funds appropriated for such a purpose, for reasonable
9 expenses actually incurred in the performance of their
10 Board duties. The Illinois State Police shall designate an
11 employee to serve as Executive Director of the Board and
12 provide logistical and administrative assistance to the
13 Board.

14 (3) The Board shall meet at least quarterly each year
15 and at the call of the chairperson as often as necessary to
16 consider appeals of decisions made with respect to
17 applications for a Firearm Owner's Identification Card
18 under this Act. If necessary to ensure the participation
19 of a member, the Board shall allow a member to participate
20 in a Board meeting by electronic communication. Any member
21 participating electronically shall be deemed present for
22 purposes of establishing a quorum and voting.

23 (4) The Board shall adopt rules for the review of
24 appeals and the conduct of hearings. The Board shall
25 maintain a record of its decisions and all materials
26 considered in making its decisions. All Board decisions

1 and voting records shall be kept confidential and all
2 materials considered by the Board shall be exempt from
3 inspection except upon order of a court.

4 (5) In considering an appeal, the Board shall review
5 the materials received concerning the denial or revocation
6 by the Illinois State Police. By a vote of at least 4
7 members, the Board may request additional information from
8 the Illinois State Police or the applicant or the
9 testimony of the Illinois State Police or the applicant.
10 The Board may require that the applicant submit electronic
11 fingerprints to the Illinois State Police for an updated
12 background check if the Board determines it lacks
13 sufficient information to determine eligibility. The Board
14 may consider information submitted by the Illinois State
15 Police, a law enforcement agency, or the applicant. The
16 Board shall review each denial or revocation and determine
17 by a majority of members whether an applicant should be
18 granted relief under subsection (c).

19 (6) The Board shall by order issue summary decisions.
20 The Board shall issue a decision within 45 days of
21 receiving all completed appeal documents from the Illinois
22 State Police and the applicant. However, the Board need
23 not issue a decision within 45 days if:

24 (A) the Board requests information from the
25 applicant, including, but not limited to, electronic
26 fingerprints to be submitted to the Illinois State

1 Police, in accordance with paragraph (5) of this
2 subsection, in which case the Board shall make a
3 decision within 30 days of receipt of the required
4 information from the applicant;

5 (B) the applicant agrees, in writing, to allow the
6 Board additional time to consider an appeal; or

7 (C) the Board notifies the applicant and the
8 Illinois State Police that the Board needs an
9 additional 30 days to issue a decision. The Board may
10 only issue 2 extensions under this subparagraph (C).
11 The Board's notification to the applicant and the
12 Illinois State Police shall include an explanation for
13 the extension.

14 (7) If the Board determines that the applicant is
15 eligible for relief under subsection (c), the Board shall
16 notify the applicant and the Illinois State Police that
17 relief has been granted and the Illinois State Police
18 shall issue the Card.

19 (8) Meetings of the Board shall not be subject to the
20 Open Meetings Act and records of the Board shall not be
21 subject to the Freedom of Information Act.

22 (9) The Board shall report monthly to the Governor and
23 the General Assembly on the number of appeals received and
24 provide details of the circumstances in which the Board
25 has determined to deny Firearm Owner's Identification
26 Cards under this subsection (a-5). The report shall not

1 contain any identifying information about the applicants.

2 (a-10) Whenever an applicant or cardholder is not seeking
3 relief from a firearms prohibition under subsection (c) but
4 rather does not believe the applicant is appropriately denied
5 or revoked and is challenging the record upon which the
6 decision to deny or revoke the Firearm Owner's Identification
7 Card was based, or whenever the Illinois State Police fails to
8 act on an application within 30 days of its receipt, the
9 applicant shall file such challenge with the Director. The
10 Director shall render a decision within 60 business days of
11 receipt of all information supporting the challenge. The
12 Illinois State Police shall adopt rules for the review of a
13 record challenge.

14 (b) At least 30 days before any hearing in the circuit
15 court, the petitioner shall serve the relevant State's
16 Attorney with a copy of the petition. The State's Attorney may
17 object to the petition and present evidence. At the hearing,
18 the court shall determine whether substantial justice has been
19 done. Should the court determine that substantial justice has
20 not been done, the court shall issue an order directing the
21 Illinois State Police to issue a Card. However, the court
22 shall not issue the order if the petitioner is otherwise
23 prohibited from obtaining, possessing, or using a firearm
24 under federal law.

25 (c) Any person prohibited from possessing a firearm under
26 Sections 24-1.1 or 24-3.1 of the Criminal Code of 2012 or

1 acquiring a Firearm Owner's Identification Card under Section
2 8 of this Act may apply to the Firearm Owner's Identification
3 Card Review Board or petition the circuit court in the county
4 where the petitioner resides, whichever is applicable in
5 accordance with subsection (a) of this Section, requesting
6 relief from such prohibition and the Board or court may grant
7 such relief if it is established by the applicant to the
8 court's or the Board's satisfaction that:

9 (0.05) when in the circuit court, the State's Attorney
10 has been served with a written copy of the petition at
11 least 30 days before any such hearing in the circuit court
12 and at the hearing the State's Attorney was afforded an
13 opportunity to present evidence and object to the
14 petition;

15 (1) the applicant has not been convicted of a forcible
16 felony under the laws of this State or any other
17 jurisdiction within 20 years of the applicant's
18 application for a Firearm Owner's Identification Card, or
19 at least 20 years have passed since the end of any period
20 of imprisonment imposed in relation to that conviction;

21 (2) the circumstances regarding a criminal conviction,
22 where applicable, the applicant's criminal history and his
23 reputation are such that the applicant will not be likely
24 to act in a manner dangerous to public safety;

25 (3) granting relief would not be contrary to the
26 public interest; and

1 (4) granting relief would not be contrary to federal
2 law.

3 (c-5) (1) An active law enforcement officer employed by a
4 unit of government or a Department of Corrections employee
5 authorized to possess firearms who is denied, revoked, or has
6 his or her Firearm Owner's Identification Card seized under
7 subsection (e) of Section 8 of this Act may apply to the
8 Firearm Owner's Identification Card Review Board requesting
9 relief if the officer or employee did not act in a manner
10 threatening to the officer or employee, another person, or the
11 public as determined by the treating clinical psychologist or
12 physician, and as a result of his or her work is referred by
13 the employer for or voluntarily seeks mental health evaluation
14 or treatment by a licensed clinical psychologist,
15 psychiatrist, advanced practice psychiatric nurse, or
16 qualified examiner, and:

17 (A) the officer or employee has not received treatment
18 involuntarily at a mental health facility, regardless of
19 the length of admission; or has not been voluntarily
20 admitted to a mental health facility for more than 30 days
21 and not for more than one incident within the past 5 years;
22 and

23 (B) the officer or employee has not left the mental
24 institution against medical advice.

25 (2) The Firearm Owner's Identification Card Review Board
26 shall grant expedited relief to active law enforcement

1 officers and employees described in paragraph (1) of this
2 subsection (c-5) upon a determination by the Board that the
3 officer's or employee's possession of a firearm does not
4 present a threat to themselves, others, or public safety. The
5 Board shall act on the request for relief within 30 business
6 days of receipt of:

7 (A) a notarized statement from the officer or employee
8 in the form prescribed by the Board detailing the
9 circumstances that led to the hospitalization;

10 (B) all documentation regarding the admission,
11 evaluation, treatment and discharge from the treating
12 licensed clinical psychologist or psychiatrist of the
13 officer;

14 (C) a psychological fitness for duty evaluation of the
15 person completed after the time of discharge; and

16 (D) written confirmation in the form prescribed by the
17 Board from the treating licensed clinical psychologist or
18 psychiatrist that the provisions set forth in paragraph
19 (1) of this subsection (c-5) have been met, the person
20 successfully completed treatment, and their professional
21 opinion regarding the person's ability to possess
22 firearms.

23 (3) Officers and employees eligible for the expedited
24 relief in paragraph (2) of this subsection (c-5) have the
25 burden of proof on eligibility and must provide all
26 information required. The Board may not consider granting

1 expedited relief until the proof and information is received.

2 (4) "Clinical psychologist", "psychiatrist", "advanced
3 practice psychiatric nurse", and "qualified examiner" shall
4 have the same meaning as provided in Chapter I of the Mental
5 Health and Developmental Disabilities Code.

6 (5) No later than January 1, 2026, the Firearm Owner's
7 Identification Card Review Board shall establish a process by
8 which any person who is subject to the provisions of
9 subsection (f) of Section 8 of this Act may request expedited
10 review from the Firearm Owner's Identification Card Review
11 Board.

12 (A) The Board shall disclose to an individual
13 requesting an expedited review any information relating to
14 the individual that was provided by the Department under
15 subsection (d) of Section 8.1, subject to redactions.

16 (B) The individual requesting expedited review may
17 submit to the Firearm Owner's Identification Card Review
18 Board an objection to any redaction made pursuant to
19 subparagraph (A) of paragraph (5) of subsection (c-5) of
20 this Section. The objection must specify the basis for the
21 individual's belief that the redacted information is
22 necessary for a full and fair review.

23 (C) In determining whether information should be
24 unredacted, the Board may consider any relevant factor,
25 including, but not limited to, (i) the extent to which the
26 disclosure of such information is necessary to provide the

1 individual with a meaningful opportunity to understand,
2 respond to, or rebut evidence for the basis for the denial
3 or revocation and (ii) the safety and well-being of any
4 person who, directly or indirectly, is the source or
5 reporter of such information.

6 (D) The Board, Illinois State Police, or the employees
7 and agents of the Board and Illinois State Police
8 participating in this process under this Act shall not be
9 held liable for damages in any civil action arising from
10 the disclosure or non-disclosure of the information
11 released to an individual as part of this process.

12 (c-10) (1) An applicant, who is denied, revoked, or has
13 his or her Firearm Owner's Identification Card seized under
14 subsection (e) of Section 8 of this Act based upon a
15 determination of a developmental disability or an intellectual
16 disability may apply to the Firearm Owner's Identification
17 Card Review Board requesting relief.

18 (2) The Board shall act on the request for relief within 60
19 business days of receipt of written certification, in the form
20 prescribed by the Board, from a physician or clinical
21 psychologist, advanced practice psychiatric nurse, or
22 qualified examiner, that the aggrieved party's developmental
23 disability or intellectual disability condition is determined
24 by a physician, clinical psychologist, or qualified to be
25 mild. If a fact-finding conference is scheduled to obtain
26 additional information concerning the circumstances of the

1 denial or revocation, the 60 business days the Director has to
2 act shall be tolled until the completion of the fact-finding
3 conference.

4 (3) The Board may grant relief if the aggrieved party's
5 developmental disability or intellectual disability is mild as
6 determined by a physician, clinical psychologist, advanced
7 practice psychiatric nurse, or qualified examiner and it is
8 established by the applicant to the Board's satisfaction that:

9 (A) granting relief would not be contrary to the
10 public interest; and

11 (B) granting relief would not be contrary to federal
12 law.

13 (4) The Board may not grant relief if the condition is
14 determined by a physician, clinical psychologist, advanced
15 practice psychiatric nurse, or qualified examiner to be
16 moderate, severe, or profound.

17 (5) The changes made to this Section by Public Act 99-29
18 apply to requests for relief pending on or before July 10, 2015
19 (the effective date of Public Act 99-29), except that the
20 60-day period for the Director to act on requests pending
21 before the effective date shall begin on July 10, 2015 (the
22 effective date of Public Act 99-29). All appeals as provided
23 in subsection (a-5) pending on January 1, 2023 shall be
24 considered by the Board.

25 (d) When a minor is adjudicated delinquent for an offense
26 which if committed by an adult would be a felony, the court

1 shall notify the Illinois State Police.

2 (e) The court shall review the denial of an application or
3 the revocation of a Firearm Owner's Identification Card of a
4 person who has been adjudicated delinquent for an offense that
5 if committed by an adult would be a felony if an application
6 for relief has been filed at least 10 years after the
7 adjudication of delinquency and the court determines that the
8 applicant should be granted relief from disability to obtain a
9 Firearm Owner's Identification Card. If the court grants
10 relief, the court shall notify the Illinois State Police that
11 the disability has been removed and that the applicant is
12 eligible to obtain a Firearm Owner's Identification Card.

13 (f) Any person who is subject to the disabilities of 18
14 U.S.C. 922(d)(4) and 922(g)(4) of the federal Gun Control Act
15 of 1968 because of an adjudication or commitment that occurred
16 under the laws of this State or who was determined to be
17 subject to the provisions of subsections (e), (f), or (g) of
18 Section 8 of this Act may apply to the Board requesting relief
19 from that prohibition. The Board shall grant the relief if it
20 is established by a preponderance of the evidence that the
21 person will not be likely to act in a manner dangerous to
22 public safety and that granting relief would not be contrary
23 to the public interest. In making this determination, the
24 Board shall receive evidence concerning (i) the circumstances
25 regarding the firearms disabilities from which relief is
26 sought; (ii) the petitioner's mental health and criminal

1 history records, if any; (iii) the petitioner's reputation,
2 developed at a minimum through character witness statements,
3 testimony, or other character evidence; and (iv) changes in
4 the petitioner's condition or circumstances since the
5 disqualifying events relevant to the relief sought.
6 Notwithstanding any other provision of this Act or any other
7 law to the contrary, the Illinois State Police shall provide
8 the Board or any court with jurisdiction with all records
9 relevant to the request for relief under Section 8.1. If
10 relief is granted under this subsection or by order of a court
11 under this Section, the Director shall as soon as practicable
12 but in no case later than 15 business days, update, correct,
13 modify, or remove the person's record in any database that the
14 Illinois State Police makes available to the National Instant
15 Criminal Background Check System and notify the United States
16 Attorney General that the basis for the record being made
17 available no longer applies. The Illinois State Police shall
18 adopt rules for the administration of this Section.

10 the hazardous chemical;

11 (5) the location at the facility of the hazardous
12 chemical; and

13 (6) an indication of whether the owner elects to

25 facility and shall provide to the fire department specific
26 location information on hazardous chemicals at the

1 facility.

7 with that address, using a mapping-based software.

8 (h) The tier I ~~I~~ and tier II ~~II~~ inventory forms promulgated
9 by USEPA for use in meeting the requirements of Section 312 of

4 record vote, appoint a Toll Highway Inspector General for the
5 purpose of detection, deterrence, and prevention of fraud,
6 corruption, and mismanagement in the Authority. The Toll
7 Highway Inspector General shall serve a 5-year term. If,
8 during a recess of the Senate, there is a vacancy in the office
9 of the Toll Highway Inspector General, the Governor shall make

11 when the Governor shall make a nomination to fill that office.
12 No person rejected for the office of the Toll Highway
13 Inspector General shall, except by the Senate's request, be
14 nominated again for that office at the same session of the
15 Senate or be appointed to that office during a recess of that
16 Senate. The Governor may not appoint a relative, as defined by

9 (c) The term of the initial Toll Highway Inspector General

12 days after January 1, 2011 (the effective date of Public Act
13 96-1347) ~~this amendatory Act of the 96th General Assembly.~~
14 After the initial term, each Toll Highway Inspector General
15 shall serve for 5-year terms commencing on July 1 of the year
16 of appointment and running through June 30 of the fifth
17 following year. A Toll Highway Inspector General may be

6 investigation may not be initiated more than 5 ~~five~~ years

9 cause to believe that fraudulent concealment has occurred. To
10 constitute fraudulent concealment sufficient to toll this
11 limitations period, there must be an affirmative act or
12 representation calculated to prevent discovery of the fact
13 that a violation has occurred. The authority to investigate
14 alleged violations of the State Officials and Employees Ethics
15 Act by officers, employees, vendors, subcontractors, and
16 others doing business with the Authority shall remain with the
17 Office of the Governor's Executive Inspector General. The Toll
18 Highway Inspector General shall refer allegations of
19 misconduct under the State Officials and Employees Ethics Act
20 to the Office of the Governor's Executive Inspector General
21 for investigation. Upon completion of its investigation into
22 such allegations, the Office of the Governor's Executive
23 Inspector General shall report the results to the Toll Highway
24 Inspector General, and the results of the investigation shall
25 remain subject to any applicable confidentiality provisions in
26 the State Officials and Employees Ethics Act. Where an

1 investigation into a target or targets is split between
2 allegations of misconduct under the State Officials and
3 Employees Ethics Act, investigated by the Office of the
4 Governor's Executive Inspector General, and allegations that
5 are not of misconduct under the State Officials and Employees
6 Ethics Act, investigated by the Toll Highway Inspector
7 General, the Toll Highway Inspector General shall take
8 reasonable steps, including continued consultation with the
9 Office of the Governor's Executive Inspector General, to
10 ensure that its investigation will not interfere with or
11 disrupt any investigation by the Office of the Governor's
12 Executive Inspector General or law enforcement authorities. In
13 instances in which the Toll Highway Inspector General
14 continues to investigate other allegations associated with
15 allegations that have been referred to the Office of the
16 Governor's Executive Inspector General pursuant to this
17 subsection, the Toll Highway Inspector General shall report
18 the results of its investigation to the Office of the
19 Governor's Executive Inspector General.

20 (e)(1) If the Toll Highway Inspector General, upon the
21 conclusion of an investigation, determines that reasonable
22 cause exists to believe that fraud, waste, abuse,
23 mismanagement, misconduct, nonfeasance, misfeasance, or
24 malfeasance has occurred, then the Toll Highway Inspector
25 General shall issue a summary report of the investigation. The
26 report shall be delivered to the appropriate authority

1 pursuant to paragraph (3) of subsection (f) of this Section,
2 which shall have 20 days to respond to the report.

3 (2) The summary report of the investigation shall
4 include the following:

5 (A) a description of any allegations or other
6 information received by the Toll Highway Inspector
7 General pertinent to the investigation.

8 (B) a description of any alleged misconduct
9 discovered in the course of the investigation.

10 (C) recommendations for any corrective or
11 disciplinary action to be taken in response to any
12 alleged misconduct described in the report, including
13 but not limited to, a discharge.

14 (D) other information the Toll Highway Inspector
15 General deems relevant to the investigation or
16 resulting recommendations.

17 (3) Within 60 days after issuance of a final summary
18 report that resulted in a suspension of at least 3 days or
19 termination of employment, the Toll Highway Inspector
20 General shall make the report available to the public by
21 presenting the report to the Board of the Authority and by
22 posting to the Authority's public website. The Toll
23 Highway Inspector General shall redact information in the
24 summary report that may reveal the identity of witnesses,
25 complainants, or informants or if the Toll Highway
26 Inspector General determines it is appropriate to protect

1 the identity of a person before the report is made public.
2 The Toll Highway Inspector General may also redact any
3 information that he or she believes should not be made
4 public, taking into consideration the factors set forth in
5 this subsection and paragraph (1) of subsection (k) of
6 this Section and other factors deemed relevant by the Toll
7 Highway Inspector General to protect the Authority and any
8 investigations by the Toll Highway Inspector General,
9 other inspector general offices, or law enforcement
10 agencies. Prior to publication, the Toll Highway Inspector
11 General shall permit the respondents and the appropriate
12 authority pursuant to paragraph (3) of subsection (f) of
13 this Section to review the report and the documents to be
14 made public and offer suggestions for redaction or provide
15 a response that shall be made public with the summary
16 report, provided, however, that the Toll Highway Inspector
17 General shall have the sole and final authority to decide
18 what redactions should be made. The Toll Highway Inspector
19 General may make available to the public any other summary
20 report and any such responses or a redacted version of the
21 report and responses.

22 (4) When the Toll Highway Inspector General concludes
23 that there is insufficient evidence that a violation has
24 occurred, the Toll Highway Inspector General shall close
25 the investigation. The Toll Highway Inspector General
26 shall provide the appropriate authority pursuant to

1 paragraph (3) of subsection (f) of this Section with a
2 written statement of the Toll Highway Inspector General's
3 decision to close the investigation. At the request of the
4 subject of the investigation, the Toll Highway Inspector
5 General shall provide a written statement to the subject
6 of the investigation of the Toll Highway Inspector
7 General's decision to close the investigation. Closure by
8 the Toll Highway Inspector General does not bar the Toll
9 Highway Inspector General from resuming the investigation
10 if circumstances warrant.

11 (f) The Toll Highway Inspector General shall:

12 (1) have access to all information and personnel
13 necessary to perform the duties of the office.

14 (2) have the power to subpoena witnesses and compel
15 the production of books and papers pertinent to an
16 investigation authorized by this Section. A subpoena may
17 be issued under this paragraph ~~subparagraph~~ (2) only by
18 the Toll Highway Inspector General and not by members of
19 the Toll Highway Inspector General's staff. Any person
20 subpoenaed by the Toll Highway Inspector General has the
21 same rights, under Illinois law, as a person subpoenaed by
22 a grand jury. The power to subpoena or to compel the
23 production of books and papers, however, shall not extend
24 to the person or documents of a labor organization or its
25 representatives insofar as the person or documents of a
26 labor organization relate to the function of representing

1 an employee subject to investigation under this Section.
2 Subject to a person's privilege against
3 self-incrimination, any person who fails to appear in
4 response to a subpoena, answer any question, or produce
5 any books or papers pertinent to an investigation under
6 this Section, except as otherwise provided in this
7 Section, or who knowingly gives false testimony in
8 relation to an investigation under this Section is guilty
9 of a Class A misdemeanor.

10 (3) submit reports as required by this Section and
11 applicable administrative rules. Final reports and
12 recommendations shall be submitted to the Authority's
13 Executive Director and the Board of Directors for
14 investigations not involving the Board. Final reports and
15 recommendations shall be submitted to the Chair of the
16 Board and to the Governor for investigations of any Board
17 member other than the Chair of the Board. Final reports
18 and recommendations for investigations of the Chair of the
19 Board shall be submitted to the Governor.

20 (4) assist and coordinate with the ethics officer for
21 the Authority.

22 (5) participate in or conduct, when appropriate,
23 multi-jurisdictional investigations provided the
24 investigation involves the Authority in some way,
25 including, but not limited to, joint investigations with
26 the Office of the Governor's Executive Inspector General,

1 or with State, local, or federal law enforcement
2 authorities.

3 (6) serve as the Authority's primary liaison with law
4 enforcement, investigatory, and prosecutorial agencies
5 and, in that capacity, the Toll Highway Inspector General
6 may request any information or assistance that may be
7 necessary for carrying out the duties and responsibilities
8 provided by this Section from any local, state, or federal
9 governmental agency or unit thereof.

10 (7) review hiring and employment files of the
11 Authority to ensure compliance with *Rutan v. Republican*
12 *Party of Illinois*, 497 U.S. 62 (1990), and with all
13 applicable employment laws.

14 (8) establish a policy that ensures the appropriate
15 handling and correct recording of all investigations
16 conducted by the Office, and ensures that the policy is
17 accessible via the Internet in order that those seeking to
18 report suspected wrongdoing are familiar with the process
19 and that the subjects of those allegations are treated
20 fairly.

21 (9) receive and investigate complaints or information
22 from an employee of the Authority concerning the possible
23 existence of an activity constituting a violation of law,
24 rules, or regulations, mismanagement, abuse of authority,
25 or substantial and specific danger to the public health
26 and safety. Any employee of the Authority who knowingly

1 files a false complaint or files a complaint with reckless
2 disregard for the truth or falsity of the facts underlying
3 the complaint may be subject to discipline.

4 (10) review, coordinate, and recommend methods and
5 procedures to increase the integrity of the Authority.

6 (g) Within 6 ~~six~~ months of appointment, the initial Toll
7 Highway Inspector General shall propose rules, in accordance
8 with the provisions of the Illinois Administrative Procedure
9 Act, establishing minimum requirements for initiating,
10 conducting, and completing investigations. The rules must
11 establish criteria for determining, based upon the nature of
12 the allegation, the appropriate method of investigation, which
13 may include, but is not limited to, site visits, telephone
14 contacts, personal interviews, or requests for written
15 responses. The rules must establish the process, contents, and
16 timing for final reports and recommendations by the Toll
17 Highway Inspector General and for a response and any remedial,
18 disciplinary, or both action by an individual or individuals
19 receiving the final reports and recommendations. The rules
20 must also clarify how the Office of the Toll Highway Inspector
21 General shall interact with other local, state, and federal
22 law enforcement authorities and investigations. Such rules
23 shall provide that investigations and inquiries by the Office
24 of the Toll Highway Inspector General must be conducted in
25 compliance with the provisions of any collective bargaining
26 agreement that applies to the affected employees of the

1 Authority and that any recommendation for discipline or other
2 action against any employee by the Office of the Toll Highway
3 Inspector General must comply with the provisions of any
4 applicable collective bargaining agreement.

5 (h) The Office of the Toll Highway Inspector General shall
6 be an independent office of the Authority. Within its annual
7 budget, the Authority shall provide a clearly delineated
8 budget for the Office of the Toll Highway Inspector General.
9 The budget of the Office of the Toll Highway Inspector General
10 shall be adequate to support an independent and effective
11 office. Except with the consent of the Toll Highway Inspector
12 General, the Authority shall not reduce the budget of the
13 Office of the Toll Highway Inspector General by more than 10%
14 ~~10 percent~~ (i) within any fiscal year or (ii) over the 5-year
15 ~~five-year~~ term of each Toll Highway Inspector General. To the
16 extent allowed by law and the Authority's policies, the Toll
17 Highway Inspector General shall have sole responsibility for
18 organizing the Office of the Toll Highway Inspector General
19 within the budget established by the Toll Highway Board,
20 including the recruitment, supervision, and discipline of the
21 employees of that Office ~~office~~. The Toll Highway Inspector
22 General shall report directly to the Board of Directors of the
23 Authority with respect to the prompt and efficient operation
24 of the Office of the Toll ~~Tollway~~ Highway Inspector General.

8 political party or political organization; or

9 (D) advocate for the appointment of another person to

13 office" means a position authorized by law that is filled
14 by an appointing authority as provided by law and does not
15 include employment by hiring in the ordinary course of
16 business.

17 (2) No Toll Highway Inspector General or employee of the
18 Office of the Toll Highway Inspector General may, for one year
19 after the termination of his or her appointment or employment:

22 (C) hold any appointed State, county, or local
23 judicial office.

24 (3) The requirements of subparagraph (C) of paragraph (2)
25 of this subsection may be waived by the Executive Ethics
26 Commission.

1 (j) All Board members, officers, and employees of the
2 Authority have a duty to cooperate with the Toll Highway
3 Inspector General and employees of the Office of the Toll
4 Highway Inspector General in any investigation undertaken
5 pursuant to this Section. Failure to cooperate includes, but
6 is not limited to, intentional omissions and knowing false
7 statements. Failure to cooperate with an investigation
8 pursuant to this Section is grounds for disciplinary action,
9 including termination of employment. Nothing in this Section
10 limits or alters a person's existing rights or protections
11 under State or federal law.

12 (k)(1) The identity of any individual providing
13 information or reporting any possible or alleged misconduct to
14 the Toll Highway Inspector General shall be kept confidential
15 and may not be disclosed without the consent of that
16 individual, unless the individual consents to disclosure of
17 his or her name or disclosure of the individual's identity is

23 Section, the Toll Highway Inspector General, and employees and
24 agents of the Office of the Toll Highway Inspector General,

4 jurisdiction of the Toll Highway Inspector General, the Toll
5 Highway Inspector General shall refer the reported allegations
6 to the appropriate Inspector General, appropriate ethics
7 commission, or other appropriate body. If the Toll Highway
8 Inspector General determines that any alleged misconduct may
9 give rise to criminal penalties, the Toll Highway Inspector
10 General may refer the allegations regarding that misconduct to
11 the appropriate law enforcement authority. If a Toll Highway
12 Inspector General determines that any alleged misconduct
13 resulted in the loss of public funds in an amount of \$5,000 or
14 greater, the Toll Highway Inspector General shall refer the
15 allegations regarding that misconduct to the Attorney General
16 and any other appropriate law enforcement authority.

17 (m) The Toll Highway Inspector General shall provide to

19 Assembly a summary of reports and investigations made under
20 this Section no later than March 31 and September 30 of each
21 year. The summaries shall detail the final disposition of the
22 Inspector General's recommendations. The summaries shall not
23 contain any confidential or identifying information concerning
24 the subjects of the reports and investigations. The summaries

13 (625 ILCS 5/3-401) (from Ch. 95 1/2, par. 3-401)

14 Sec. 3-401. Effect of provisions.

15 (a) It shall be unlawful for any person to violate any
16 provision of this Chapter or to drive or move or for an owner
17 knowingly to permit to be driven or moved upon any highway any
18 vehicle of a type required to be registered hereunder which is
19 not registered or for which the appropriate fee has not been
20 paid when and as required hereunder, except that when
21 application accompanied by proper fee has been made for
22 registration of a vehicle it may be operated temporarily
23 pending complete registration upon displaying a duplicate
24 application duly verified or other evidence of such
25 application or otherwise under rules and regulations

1 promulgated by the Secretary of State.

2 (b) The appropriate fees required to be paid under the
3 various provisions of this Code ~~Act~~ for registration of
4 vehicles shall mean the fee or fees which would have been paid
5 initially, if proper and timely application had been made to
6 the Secretary of State for the appropriate registration
7 required, whether such registration is ~~be~~ a flat weight
8 registration, a single trip permit, a reciprocity permit, or a
9 supplemental application to an original prorate application
10 together with payment of fees due under the supplemental
11 application for prorate decals.

12 (c) Effective October 1, 1984, no vehicle required to pay
13 a Federal Highway Users Tax shall be registered unless proof
14 of payment, in a form prescribed and approved by the Secretary
15 of State, is submitted with the appropriate registration.
16 Notwithstanding any other provision of this Code, failure of
17 the applicant to comply with this paragraph shall be deemed
18 grounds for the Secretary to refuse registration.

19 (c-1) A vehicle may not be registered by the Secretary of
20 State unless that vehicle:

21 (1) was originally manufactured for operation on
22 highways;

23 (2) is a modification of a vehicle that was originally
24 manufactured for operation on highways; or

25 (3) was assembled from component parts designed for
26 use in vehicles to be operated on highways.

1 (d) Second division vehicles.

2 (1) A vehicle of the second division moved or operated
3 within this State shall have had paid for it the
4 appropriate registration fees and flat weight tax, as
5 evidenced by the Illinois registration issued for that
6 vehicle, for the gross weight of the vehicle and load
7 being operated or moved within this State. Second division
8 vehicles of foreign jurisdictions operated within this
9 State under a single trip permit, fleet reciprocity plan,
10 prorate registration plan, or apportional registration
11 plan, instead of second division vehicle registration
12 under Article VIII of this Chapter, must have had paid for
13 it the appropriate registration fees and flat weight tax
14 in the base jurisdiction of that vehicle, as evidenced by
15 the maximum gross weight shown on the foreign registration
16 cards, plus any appropriate fees required under this Code.

17 (2) If a vehicle and load are operated in this State
18 and the appropriate fees and taxes have not been paid or
19 the vehicle and load exceed the registered gross weight
20 for which the required fees and taxes have been paid by
21 2,001 ~~2001~~ pounds or more, the operator or owner shall be
22 fined as provided in Section 15-113 of this Code. However,
23 an owner or operator shall not be subject to arrest under
24 this subsection for any weight in excess of 80,000 pounds.
25 Further, no fine shall exceed the actual cost of what the
26 appropriate registration for that vehicle and load should

1 have been as established in subsection (a) of Section
2 3-815 of this Chapter regardless of the route traveled.
3 For purposes of this paragraph (2), "appropriate
4 registration" means the full annual cost of the required
5 registration and its associated fees.

6 (3) Any person operating a legal combination of
7 vehicles displaying valid registration shall not be
8 considered in violation of the registration provision of
9 this subsection unless the total gross weight of the
10 combination exceeds the total licensed weight of the
11 vehicles in the combination. The gross weight of a vehicle
12 exempt from the registration requirements of this Chapter
13 shall not be included when determining the total gross
14 weight of vehicles in combination. Any vehicle operating
15 under an emergency harvest permit, as described in
16 subsection (e-1) of Section 15-301 of this Code, shall not
17 be in violation of this paragraph (3).

18 (4) If the defendant claims that he or she had
19 previously paid the appropriate Illinois registration fees
20 and taxes for this vehicle before the alleged violation,
21 the defendant shall have the burden of proving the
22 existence of the payment by competent evidence. Proof of
23 proper Illinois registration issued by the Secretary of
24 State, or the appropriate registration authority from the
25 foreign state, shall be the only competent evidence of
26 payment.

3 Sec. 3-699.14. Universal special license plates.

4 (a) In addition to any other special license plate, the
5 Secretary, upon receipt of all applicable fees and
6 applications made in the form prescribed by the Secretary, may
7 issue Universal special license plates to residents of
8 Illinois on behalf of organizations that have been authorized
9 by the General Assembly to issue decals for Universal special
10 license plates. Appropriate documentation, as determined by
11 the Secretary, shall accompany each application. Authorized
12 organizations shall be designated by amendment to this
13 Section. When applying for a Universal special license plate
14 the applicant shall inform the Secretary of the name of the
15 authorized organization from which the applicant will obtain a
16 decal to place on the plate. The Secretary shall make a record
17 of that organization and that organization shall remain
18 affiliated with that plate until the plate is surrendered,
19 revoked, or otherwise canceled. The authorized organization
20 may charge a fee to offset the cost of producing and
21 distributing the decal, but that fee shall be retained by the
22 authorized organization and shall be separate and distinct
23 from any registration fees charged by the Secretary. No decal,
24 sticker, or other material may be affixed to a Universal
25 special license plate other than a decal authorized by the

1 General Assembly in this Section or a registration renewal
2 sticker. The special plates issued under this Section shall be
3 affixed only to passenger vehicles of the first division,
4 including motorcycles and autocycles, or motor vehicles of the
5 second division weighing not more than 8,000 pounds. Plates
6 issued under this Section shall expire according to the
7 multi-year procedure under Section 3-414.1 of this Code.

8 (b) The design, color, and format of the Universal special
9 license plate shall be wholly within the discretion of the
10 Secretary. Universal special license plates are not required
11 to designate "Land of Lincoln", as prescribed in subsection
12 (b) of Section 3-412 of this Code. The design shall allow for
13 the application of a decal to the plate. Organizations
14 authorized by the General Assembly to issue decals for
15 Universal special license plates shall comply with rules
16 adopted by the Secretary governing the requirements for and
17 approval of Universal special license plate decals. The
18 Secretary may, in his or her discretion, allow Universal
19 special license plates to be issued as vanity or personalized
20 plates in accordance with Section 3-405.1 of this Code. The
21 Secretary of State must make a version of the special
22 registration plates authorized under this Section in a form
23 appropriate for motorcycles and autocycles.

24 (c) When authorizing a Universal special license plate,
25 the General Assembly shall set forth whether an additional fee
26 is to be charged for the plate and, if a fee is to be charged,

1 the amount of the fee and how the fee is to be distributed.
2 When necessary, the authorizing language shall create a
3 special fund in the State treasury into which fees may be
4 deposited for an authorized Universal special license plate.
5 Additional fees may only be charged if the fee is to be paid
6 over to a State agency or to a charitable entity that is in
7 compliance with the registration and reporting requirements of
8 the Charitable Trust Act and the Solicitation for Charity Act.
9 Any charitable entity receiving fees for the sale of Universal
10 special license plates shall annually provide the Secretary of
11 State a letter of compliance issued by the Attorney General
12 verifying that the entity is in compliance with the Charitable
13 Trust Act and the Solicitation for Charity Act.

14 (d) Upon original issuance and for each registration
15 renewal period, in addition to the appropriate registration
16 fee, if applicable, the Secretary shall collect any additional
17 fees, if required, for issuance of Universal special license
18 plates. The fees shall be collected on behalf of the
19 organization designated by the applicant when applying for the
20 plate. All fees collected shall be transferred to the State
21 agency on whose behalf the fees were collected, or paid into
22 the special fund designated in the law authorizing the
23 organization to issue decals for Universal special license
24 plates. All money in the designated fund shall be distributed

2 a judicial officer, a public official, or a peace officer, the
3 applicant may elect to have his or her office or work address
4 listed on the license instead of the applicant's residence or
5 mailing address. The Secretary of State shall adopt rules to
6 implement this subsection (a-5).

7 As used in this subsection (a-5):

8 "Peace officer" means any person who by virtue of his or
9 her office or public employment is vested by law with a duty to
10 maintain public order or to make arrests for a violation of any
11 penal statute of this State, whether that duty extends to all
12 violations or is limited to specific violations.

13 "Public official" has the meaning given in Section 10 of
14 the Public Official Safety and Privacy Act.

15 (b) Until the Secretary of State establishes a First
16 Person Consent organ and tissue donor registry under Section
17 6-117 of this Code, the Secretary of State shall provide a
18 format on the reverse of each driver's license issued which
19 the licensee may use to execute a document of gift conforming
20 to the provisions of the Illinois Anatomical Gift Act. The
21 format shall allow the licensee to indicate the gift intended,
22 whether specific organs, any organ, or the entire body, and
23 shall accommodate the signatures of the donor and 2 witnesses.
24 The Secretary shall also inform each applicant or licensee of
25 this format, describe the procedure for its execution, and may
26 offer the necessary witnesses; provided that in so doing, the

1 Secretary shall advise the applicant or licensee that he or
2 she is under no compulsion to execute a document of gift. A
3 brochure explaining this method of executing an anatomical
4 gift document shall be given to each applicant or licensee.
5 The brochure shall advise the applicant or licensee that he or
6 she is under no compulsion to execute a document of gift, and
7 that he or she may wish to consult with family, friends, or
8 clergy before doing so. The Secretary of State may undertake
9 additional efforts, including education and awareness
10 activities, to promote organ and tissue donation.

11 (c) The Secretary of State shall designate on each
12 driver's license issued a space where the licensee may place a
13 sticker or decal of the uniform size as the Secretary may
14 specify, which sticker or decal may indicate in appropriate
15 language that the owner of the license carries an Emergency
16 Medical Information Card.

17 The sticker may be provided by any person, hospital,
18 school, medical group, or association interested in assisting
19 in implementing the Emergency Medical Information Card, but
20 shall meet the specifications as the Secretary may by rule or
21 regulation require.

22 (d) (Blank).

23 (e) The Secretary of State shall provide that each
24 original or renewal driver's license issued to a licensee
25 under 21 years of age shall be of a distinct nature from those
26 driver's licenses issued to individuals 21 years of age and

1 older. The color designated for driver's licenses for
2 licensees under 21 years of age shall be at the discretion of
3 the Secretary of State.

4 (e-1) The Secretary shall provide that each driver's
5 license issued to a person under the age of 21 displays the
6 date upon which the person becomes 18 years of age and the date
7 upon which the person becomes 21 years of age.

8 (e-3) The General Assembly recognizes the need to identify
9 military veterans living in this State for the purpose of
10 ensuring that they receive all of the services and benefits to
11 which they are legally entitled, including health care,
12 education assistance, and job placement. To assist the State
13 in identifying these veterans and delivering these vital
14 services and benefits, the Secretary of State is authorized to
15 issue drivers' licenses with the word "veteran" appearing on
16 the face of the licenses. This authorization is predicated on
17 the unique status of veterans. The Secretary may not issue any
18 other driver's license which identifies an occupation, status,
19 affiliation, hobby, or other unique characteristics of the
20 license holder which is unrelated to the purpose of the
21 driver's license.

22 (e-5) Beginning on or before July 1, 2015, the Secretary
23 of State shall designate a space on each original or renewal
24 driver's license where, at the request of the applicant, the
25 word "veteran" shall be placed. The veteran designation shall
26 be available to a person identified as a veteran under

1 subsection (e) of Section 6-106 of this Code who was
2 discharged or separated under honorable conditions.

3 (e-7) Upon providing the required documentation, at the
4 request of the applicant, the driver's license may reflect
5 Gold Star Family designation. The Secretary shall designate a
6 space on each original or renewal driver's license for such
7 designation. This designation shall be available to a person
8 eligible for Gold Star license plates under subsection (f) of
9 Section 6-106 of this Code.

10 (f) The Secretary of State shall inform all Illinois
11 licensed commercial motor vehicle operators of the
12 requirements of the Uniform Commercial Driver License Act,
13 Article V of this Chapter, and shall make provisions to insure
14 that all drivers, seeking to obtain a commercial driver's
15 license, be afforded an opportunity prior to April 1, 1992, to
16 obtain the license. The Secretary is authorized to extend
17 driver's license expiration dates, and assign specific times,
18 dates and locations where these commercial driver's tests
19 shall be conducted. Any applicant, regardless of the current
20 expiration date of the applicant's driver's license, may be
21 subject to any assignment by the Secretary. Failure to comply
22 with the Secretary's assignment may result in the applicant's
23 forfeiture of an opportunity to receive a commercial driver's
24 license prior to April 1, 1992.

25 (g) The Secretary of State shall designate on a driver's
26 license issued, a space where the licensee may indicate that

1 he or she has drafted a living will in accordance with the
2 Illinois Living Will Act or a durable power of attorney for
3 health care in accordance with the Illinois Power of Attorney
4 Act.

5 (g-1) The Secretary of State, in his or her discretion,
6 may designate on each driver's license issued a space where
7 the licensee may place a sticker or decal, issued by the
8 Secretary of State, of uniform size as the Secretary may
9 specify, that shall indicate in appropriate language that the
10 owner of the license has renewed his or her driver's license.

11 (h) A person who acts in good faith in accordance with the
12 terms of this Section is not liable for damages in any civil
13 action or subject to prosecution in any criminal proceeding
14 for his or her act.

15 (i) The Secretary shall designate a space on each original
16 or renewal of a driver's license, at the request of the
17 applicant, for a designation as a Gold Star Family. This
18 designation shall be available to a person eligible for Gold
19 Star license plates under subsection (f) of Section 6-106 of
20 this Code.

5 rule the amount and the procedures, terms, and conditions
6 relating to these fees.

7 (D) If the restricted driving permit is issued for
8 employment purposes, then the prohibition against
9 operating a motor vehicle that is not equipped with an
10 ignition interlock device does not apply to the operation
11 of an occupational vehicle owned or leased by that
12 person's employer when used solely for employment
13 purposes. For any person who, within a 5-year period, is
14 convicted of a second or subsequent offense under Section
15 11-501 of this Code, or a similar provision of a local
16 ordinance or similar out-of-state offense, this employment
17 exemption does not apply until either a one-year period
18 has elapsed during which that person had his or her
19 driving privileges revoked or a one-year period has
20 elapsed during which that person had a restricted driving
21 permit which required the use of an ignition interlock
22 device on every motor vehicle owned or operated by that
23 person.

24 (E) In each case the Secretary may issue a restricted
25 driving permit for a period deemed appropriate, except
26 that all permits shall expire no later than 2 years from

1 the date of issuance. A restricted driving permit issued
2 under this Section shall be subject to cancellation,
3 revocation, and suspension by the Secretary of State in
4 like manner and for like cause as a driver's license
5 issued under this Code may be cancelled, revoked, or
6 suspended; except that a conviction upon one or more
7 offenses against laws or ordinances regulating the
8 movement of traffic shall be deemed sufficient cause for
9 the revocation, suspension, or cancellation of a
10 restricted driving permit. The Secretary of State may, as
11 a condition to the issuance of a restricted driving
12 permit, require the applicant to participate in a
13 designated driver remedial or rehabilitative program. The
14 Secretary of State is authorized to cancel a restricted
15 driving permit if the permit holder does not successfully
16 complete the program.

17 (F) A person subject to the provisions of paragraph 4
18 of subsection (b) of Section 6-208 of this Code may make
19 application for a restricted driving permit at a hearing
20 conducted under Section 2-118 of this Code after the
21 expiration of 5 years from the effective date of the most
22 recent revocation or after 5 years from the date of
23 release from a period of imprisonment resulting from a
24 conviction of the most recent offense, whichever is later,
25 provided the person, in addition to all other requirements
26 of the Secretary, shows by clear and convincing evidence:

1 (i) a minimum of 3 years of uninterrupted
2 abstinence from alcohol and the unlawful use or
3 consumption of cannabis under the Cannabis Control
4 Act, a controlled substance under the Illinois
5 Controlled Substances Act, an intoxicating compound
6 under the Use of Intoxicating Compounds Act, or
7 methamphetamine under the Methamphetamine Control and
8 Community Protection Act; and

9 (ii) the successful completion of any
10 rehabilitative treatment and involvement in any
11 ongoing rehabilitative activity that may be
12 recommended by a properly licensed service provider
13 according to an assessment of the person's alcohol or
14 drug use under Section 11-501.01 of this Code.

15 In determining whether an applicant is eligible for a
16 restricted driving permit under this subparagraph (F), the
17 Secretary may consider any relevant evidence, including,
18 but not limited to, testimony, affidavits, records, and
19 the results of regular alcohol or drug tests. Persons
20 subject to the provisions of paragraph 4 of subsection (b)
21 of Section 6-208 of this Code and who have been convicted
22 of more than one violation of paragraph (3), paragraph
23 (4), or paragraph (5) of subsection (a) of Section 11-501
24 of this Code shall not be eligible to apply for a
25 restricted driving permit under this subparagraph (F).

26 A restricted driving permit issued under this

1 subparagraph (F) shall provide that the holder may only
2 operate motor vehicles equipped with an ignition interlock
3 device as required under paragraph (2) of subsection (c)
4 of Section 6-205 of this Code and subparagraph (A) of
5 paragraph 3 of subsection (c) of this Section. The
6 Secretary may revoke a restricted driving permit or amend
7 the conditions of a restricted driving permit issued under
8 this subparagraph (F) if the holder operates a vehicle
9 that is not equipped with an ignition interlock device, or
10 for any other reason authorized under this Code.

11 A restricted driving permit issued under this
12 subparagraph (F) shall be revoked, and the holder barred
13 from applying for or being issued a restricted driving
14 permit in the future, if the holder is convicted of a
15 violation of Section 11-501 of this Code, a similar
16 provision of a local ordinance, or a similar offense in
17 another state.

18 (c-3) In the case of a suspension under paragraph 43 of
19 subsection (a), reports received by the Secretary of State
20 under this Section shall, except during the actual time the
21 suspension is in effect, be privileged information and for use
22 only by the courts, police officers, prosecuting authorities,
23 the driver licensing administrator of any other state, the
24 Secretary of State, or the parent or legal guardian of a driver
25 under the age of 18. However, beginning January 1, 2008, if the
26 person is a CDL holder, the suspension shall also be made

1 available to the driver licensing administrator of any other
2 state, the U.S. Department of Transportation, and the affected
3 driver or motor carrier or prospective motor carrier upon
4 request.

5 (c-4) In the case of a suspension under paragraph 43 of
6 subsection (a), the Secretary of State shall notify the person
7 by mail that his or her driving privileges and driver's
8 license will be suspended one month after the date of the
9 mailing of the notice.

10 (c-5) The Secretary of State may, as a condition of the
11 reissuance of a driver's license or permit to an applicant
12 whose driver's license or permit has been suspended before he
13 or she reached the age of 21 years pursuant to any of the
14 provisions of this Section, require the applicant to
15 participate in a driver remedial education course and be
16 retested under Section 6-109 of this Code.

17 (d) This Section is subject to the provisions of the
18 Driver License Compact.

19 (e) The Secretary of State shall not issue a restricted
20 driving permit to a person under the age of 16 years whose
21 driving privileges have been suspended or revoked under any
22 provisions of this Code.

23 (f) In accordance with 49 CFR 384, the Secretary of State
24 may not issue a restricted driving permit for the operation of
25 a commercial motor vehicle to a person holding a CDL whose
26 driving privileges have been suspended, revoked, cancelled, or

1 disqualified under any provisions of this Code.

5 the rules of the Secretary of State), issue a restricted
6 driving permit granting the privilege of driving a motor
7 vehicle between the petitioner's residence and petitioner's
8 place of employment or within the scope of the petitioner's
9 employment-related duties, or to allow the petitioner to
10 transport himself or herself, or a family member of the

4 Code of 2012, where the use of alcohol or other drugs is
5 recited as an element of the offense, or a similar
6 out-of-state offense, or a combination of these offenses,
7 arising out of separate occurrences, that person, if
8 issued a restricted driving permit, may not operate a
9 vehicle unless it has been equipped with an ignition
10 interlock device as defined in Section 1-129.1.

11 (B) If a person's license or permit is revoked or
12 suspended 2 or more times due to any combination of:

14 11-501 of this Code or a similar provision of a local

6 person, if issued a restricted driving permit, may not
7 operate a vehicle unless it has been equipped with an
8 ignition interlock device as defined in Section 1-129.1.

9 (C) The person issued a permit conditioned upon the
10 use of an ignition interlock device must pay to the
11 Secretary of State DUI Administration Fund an amount not
12 to exceed \$30 per month. The Secretary shall establish by
13 rule the amount and the procedures, terms, and conditions
14 relating to these fees.

15 (D) If the restricted driving permit is issued for
16 employment purposes, then the prohibition against
17 operating a motor vehicle that is not equipped with an
18 ignition interlock device does not apply to the operation
19 of an occupational vehicle owned or leased by that
20 person's employer when used solely for employment
21 purposes. For any person who, within a 5-year period, is
22 convicted of a second or subsequent offense under Section
23 11-501 of this Code, or a similar provision of a local
24 ordinance or similar out-of-state offense, this employment
25 exemption does not apply until either a one-year period
26 has elapsed during which that person had his or her

1 driving privileges revoked or a one-year period has
2 elapsed during which that person had a restricted driving
3 permit which required the use of an ignition interlock
4 device on every motor vehicle owned or operated by that
5 person.

6 (E) In each case the Secretary may issue a restricted
7 driving permit for a period deemed appropriate, except
8 that all permits shall expire no later than 2 years from
9 the date of issuance. A restricted driving permit issued
10 under this Section shall be subject to cancellation,
11 revocation, and suspension by the Secretary of State in
12 like manner and for like cause as a driver's license
13 issued under this Code may be cancelled, revoked, or
14 suspended; except that a conviction upon one or more
15 offenses against laws or ordinances regulating the
16 movement of traffic shall be deemed sufficient cause for
17 the revocation, suspension, or cancellation of a
18 restricted driving permit. The Secretary of State may, as
19 a condition to the issuance of a restricted driving
20 permit, require the applicant to participate in a
21 designated driver remedial or rehabilitative program. The
22 Secretary of State is authorized to cancel a restricted
23 driving permit if the permit holder does not successfully
24 complete the program.

25 (F) A person subject to the provisions of paragraph 4
26 of subsection (b) of Section 6-208 of this Code may make

1 application for a restricted driving permit at a hearing
2 conducted under Section 2-118 of this Code after the
3 expiration of 5 years from the effective date of the most
4 recent revocation or after 5 years from the date of
5 release from a period of imprisonment resulting from a
6 conviction of the most recent offense, whichever is later,
7 provided the person, in addition to all other requirements
8 of the Secretary, shows by clear and convincing evidence:

9 (i) a minimum of 3 years of uninterrupted
10 abstinence from alcohol and the unlawful use or
11 consumption of cannabis under the Cannabis Control
12 Act, a controlled substance under the Illinois
13 Controlled Substances Act, an intoxicating compound
14 under the Use of Intoxicating Compounds Act, or
15 methamphetamine under the Methamphetamine Control and
16 Community Protection Act; and

17 (ii) the successful completion of any
18 rehabilitative treatment and involvement in any
19 ongoing rehabilitative activity that may be
20 recommended by a properly licensed service provider
21 according to an assessment of the person's alcohol or
22 drug use under Section 11-501.01 of this Code.

23 In determining whether an applicant is eligible for a
24 restricted driving permit under this subparagraph (F), the
25 Secretary may consider any relevant evidence, including,
26 but not limited to, testimony, affidavits, records, and

1 the results of regular alcohol or drug tests. Persons
2 subject to the provisions of paragraph 4 of subsection (b)
3 of Section 6-208 of this Code and who have been convicted
4 of more than one violation of paragraph (3), paragraph
5 (4), or paragraph (5) of subsection (a) of Section 11-501
6 of this Code shall not be eligible to apply for a
7 restricted driving permit under this subparagraph (F).

8 A restricted driving permit issued under this
9 subparagraph (F) shall provide that the holder may only
10 operate motor vehicles equipped with an ignition interlock
11 device as required under paragraph (2) of subsection (c)
12 of Section 6-205 of this Code and subparagraph (A) of
13 paragraph 3 of subsection (c) of this Section. The
14 Secretary may revoke a restricted driving permit or amend
15 the conditions of a restricted driving permit issued under
16 this subparagraph (F) if the holder operates a vehicle
17 that is not equipped with an ignition interlock device, or
18 for any other reason authorized under this Code.

19 A restricted driving permit issued under this
20 subparagraph (F) shall be revoked, and the holder barred
21 from applying for or being issued a restricted driving
22 permit in the future, if the holder is convicted of a
23 violation of Section 11-501 of this Code, a similar
24 provision of a local ordinance, or a similar offense in
25 another state.

26 (c-3) In the case of a suspension under paragraph 43 of

1 subsection (a), reports received by the Secretary of State
2 under this Section shall, except during the actual time the
3 suspension is in effect, be privileged information and for use
4 only by the courts, police officers, prosecuting authorities,
5 the driver licensing administrator of any other state, the
6 Secretary of State, or the parent or legal guardian of a driver
7 under the age of 18. However, beginning January 1, 2008, if the
8 person is a CDL holder, the suspension shall also be made
9 available to the driver licensing administrator of any other
10 state, the U.S. Department of Transportation, and the affected
11 driver or motor carrier or prospective motor carrier upon
12 request.

13 (c-4) In the case of a suspension under paragraph 43 of
14 subsection (a), the Secretary of State shall notify the person
15 by mail that his or her driving privileges and driver's
16 license will be suspended one month after the date of the
17 mailing of the notice.

18 (c-5) The Secretary of State may, as a condition of the
19 reissuance of a driver's license or permit to an applicant
20 whose driver's license or permit has been suspended before he
21 or she reached the age of 21 years pursuant to any of the
22 provisions of this Section, require the applicant to
23 participate in a driver remedial education course and be
24 retested under Section 6-109 of this Code.

25 (d) This Section is subject to the provisions of the
26 Driver License Compact.

1 (e) The Secretary of State shall not issue a restricted
2 driving permit to a person under the age of 16 years whose
3 driving privileges have been suspended or revoked under any
4 provisions of this Code.

5 (f) In accordance with 49 CFR 384, the Secretary of State
6 may not issue a restricted driving permit for the operation of
7 a commercial motor vehicle to a person holding a CDL whose
8 driving privileges have been suspended, revoked, cancelled, or
9 disqualified under any provisions of this Code.

16 driving school, an applicant must:

17 (a) Be of good moral character;

18 (b) Authorize an investigation to include a

20 (Text of Section before amendment by P.A. 104-131 and
21 104-400)

22 Sec. 11-907. Operation of vehicles and streetcars on
23 approach of authorized emergency vehicles.

24 (a) Upon the immediate approach of an authorized emergency
25 vehicle making use of audible and visual signals meeting the

1 requirements of this Code or a police vehicle properly and
2 lawfully making use of an audible or visual signal:

3 (1) the driver of every other vehicle shall yield the
4 right-of-way and shall immediately drive to a position
5 parallel to, and as close as possible to, the right-hand
6 edge or curb of the highway clear of any intersection and
7 shall, if necessary to permit the safe passage of the
8 emergency vehicle, stop and remain in such position until
9 the authorized emergency vehicle has passed, unless
10 otherwise directed by a police officer; and

11 (2) the operator of every streetcar shall immediately
12 stop such car clear of any intersection and keep it in such
13 position until the authorized emergency vehicle has
14 passed, unless otherwise directed by a police officer.

15 (b) This Section shall not operate to relieve the driver
16 of an authorized emergency vehicle from the duty to drive with
17 due regard for the safety of all persons using the highway.

18 (c) Upon approaching a stationary authorized emergency
19 vehicle or emergency scene, when the stationary authorized
20 emergency vehicle is giving a visual signal by displaying
21 oscillating, rotating, or flashing lights as authorized under
22 Section 12-215 of this Code, a person who drives an
23 approaching vehicle shall:

24 (1) proceeding with due caution, yield the
25 right-of-way by making a lane change into a lane not
26 adjacent to that of the authorized emergency vehicle, if

1 possible with due regard to safety and traffic conditions,
2 if on a highway having at least 4 lanes with not less than
3 2 lanes proceeding in the same direction as the
4 approaching vehicle and reduce the speed of the vehicle to
5 a speed that is reasonable and proper with regard to
6 traffic conditions and the use of the highway to avoid a
7 collision and leaving a safe distance until safely past
8 the stationary emergency vehicle; or

9 (2) if changing lanes would be impossible or unsafe,
10 proceeding with due caution, reduce the speed of the
11 vehicle to a speed that is reasonable and proper with
12 regard to traffic conditions and the use of the highway to
13 avoid a collision, maintaining a safe speed for road
14 conditions and leaving a safe distance until safely past
15 the stationary emergency vehicles.

16 The visual signal specified under this subsection (c)
17 given by a stationary authorized emergency vehicle is an
18 indication to drivers of approaching vehicles that a hazardous
19 condition is present when circumstances are not immediately
20 clear. Drivers of vehicles approaching a stationary authorized
21 emergency vehicle in any lane shall heed the warning of the
22 signal, reduce the speed of the vehicle, proceed with due
23 caution, maintain a safe speed for road conditions, be
24 prepared to stop, and leave a safe distance until safely

4 is engaged in his or her official duties. As used in this
5 subsection (c), "emergency scene" means a location where a

11 than \$250 or more than \$10,000 for a first violation, and a
12 fine of not less than \$750 or more than \$10,000 for a second or
13 subsequent violation. It is a factor in aggravation if the
14 person committed the offense while in violation of Section
15 11-501, 12-610.1, or 12-610.2 of this Code. Imposition of the
16 penalties authorized by this subsection (d) for a violation of
17 subsection (c) of this Section that results in the death of
18 another person does not preclude imposition of appropriate
19 additional civil or criminal penalties. A person who violates
20 subsection (c) and the violation results in damage to another
21 vehicle commits a Class A misdemeanor. A person who violates
22 subsection (c) and the violation results in the injury or
23 death of another person commits a Class 4 felony.

24 (e) If a violation of subsection (c) of this Section
25 results in damage to the property of another person, in
26 addition to any other penalty imposed, the person's driving

1 privileges shall be suspended for a fixed period of not less
2 than 90 days and not more than one year.

3 (f) If a violation of subsection (c) of this Section

5 penalty imposed, the person's driving privileges shall be
6 suspended for a fixed period of not less than 180 days and not
7 more than 2 years.

8 (g) If a violation of subsection (c) of this Section
9 results in the death of another person, in addition to any
10 other penalty imposed, the person's driving privileges shall
11 be suspended for 2 years.

12 (h) The Secretary of State shall, upon receiving a record
13 of a judgment entered against a person under subsection (c) of

17 (2) extend the period of an existing suspension by the
18 appropriate mandatory period.

19 (i) The Scott's Law Fund shall be a special fund in the
20 State treasury. Subject to appropriation by the General
21 Assembly and approval by the Director, the Director of the
22 State Police shall use all moneys in the Scott's Law Fund in
23 the Department's discretion to fund the production of
24 materials to educate drivers on approaching stationary
25 authorized emergency vehicles, to hire off-duty Illinois State
26 Police for enforcement of this Section, and for other law

1 enforcement purposes the Director deems necessary in these
2 efforts.

3 (j) For violations of this Section issued by a county or
4 municipal police officer, the assessment shall be deposited
5 into the county's or municipality's Transportation Safety
6 Highway Hire-back Fund. The county shall use the moneys in its
7 Transportation Safety Highway Hire-back Fund to hire off-duty
8 county police officers to monitor construction or maintenance
9 zones in that county on highways other than interstate

17 Section, the court may order a person convicted of a violation
18 of subsection (c) to perform community service as determined
19 by the court.

21 stop signal arm shall be an octagon shaped semaphore that

7 (e) In addition to the lighting systems required under
8 Section 12-805, each extension to the required stop arm must

10 side extension to the required stop arm must extend no more
11 than 78 inches, measured from the side of the bus to the
12 furthest part of the extension to the required stop arm, and at
13 a height not less than 36 inches from the ground. The rear side
14 extension to the required stop arm must meet the same
15 specification as the front side extension to the required stop

1 (625 ILCS 5/15-301) (from Ch. 95 1/2, par. 15-301)

2 Sec. 15-301. Permits for excess size and weight.

3 (a) The Department with respect to highways under its
4 jurisdiction and local authorities with respect to highways
5 under their jurisdiction may, in their discretion, upon
6 application and good cause being shown therefor, issue a
7 special permit authorizing the applicant to operate or move a
8 vehicle or combination of vehicles of a size or weight of
9 vehicle or load exceeding the maximum specified in this Code
10 or otherwise not in conformity with this Code upon any highway
11 under the jurisdiction of the party granting such permit and
12 for the maintenance of which the party is responsible.
13 Applications and permits other than those in written or
14 printed form may only be accepted from and issued to the
15 company or individual making the movement. Except for an
16 application to move directly across a highway, it shall be the
17 duty of the applicant to establish in the application that the
18 load to be moved by such vehicle or combination cannot
19 reasonably be dismantled or disassembled, the reasonableness
20 of which shall be determined by the Secretary of the
21 Department. For the purpose of over length movements, more
22 than one object may be carried side by side as long as the
23 height, width, and weight laws are not exceeded and the cause
24 for the over length is not due to multiple objects. For the
25 purpose of over height movements, more than one object may be
26 carried as long as the cause for the over height is not due to

1 multiple objects and the length, width, and weight laws are
2 not exceeded. For the purpose of an over width movement, more
3 than one object may be carried as long as the cause for the
4 over width is not due to multiple objects and length, height,
5 and weight laws are not exceeded. Except for transporting
6 fluid milk products, no State or local agency shall authorize
7 the issuance of excess size or weight permits for vehicles and
8 loads that are divisible and that can be carried, when
9 divided, within the existing size or weight maximums specified
10 in this Chapter. Any excess size or weight permit issued in
11 violation of the provisions of this Section shall be void at
12 issue and any movement made thereunder shall not be authorized
13 under the terms of the void permit. In any prosecution for a
14 violation of this Chapter when the authorization of an excess
15 size or weight permit is at issue, it is the burden of the
16 defendant to establish that the permit was valid because the
17 load to be moved could not reasonably be dismantled or
18 disassembled, or was otherwise nondivisible.

19 (a-1) As used in this Section, "extreme heavy duty tow and
20 recovery vehicle" means a tow truck manufactured as a unit
21 having a lifting capacity of not less than 50 tons, and having
22 either 4 axles and an unladen weight of not more than 80,000
23 pounds or 5 axles and an unladen weight not more than 90,000
24 pounds. Notwithstanding otherwise applicable gross and axle
25 weight limits, an extreme heavy duty tow and recovery vehicle
26 may lawfully travel to and from the scene of a disablement and

1 clear a disabled vehicle if the towing service has obtained an
2 extreme heavy duty tow and recovery permit for the vehicle.
3 The form and content of the permit shall be determined by the
4 Department with respect to highways under its jurisdiction and
5 by local authorities with respect to highways under their
6 jurisdiction.

7 (b) The application for any such permit shall: (1) state
8 whether such permit is requested for a single trip or for
9 limited continuous operation; (2) (blank); (3) specifically
10 describe and identify the vehicle or vehicles and load to be
11 operated or moved; (4) state the routing requested, including
12 the points of origin and destination, and may identify and
13 include a request for routing to the nearest certified scale
14 in accordance with the Department's rules and regulations,
15 provided the applicant has approval to travel on local roads;
16 and (5) (blank).

17 (c) The Department or local authority when not
18 inconsistent with traffic safety is authorized to issue or
19 withhold such permit at its discretion; or, if such permit is
20 issued at its discretion to prescribe the route or routes to be
21 traveled, to limit the number of trips, to establish seasonal
22 or other time limitations within which the vehicles described
23 may be operated on the highways indicated, or otherwise to
24 limit or prescribe conditions of operations of such vehicle or
25 vehicles, when necessary to assure against undue damage to the
26 road foundations, surfaces or structures, and may require such

1 undertaking or other security as may be deemed necessary to
2 compensate for any injury to any roadway or road structure.
3 The Department shall maintain a daily record of each permit
4 issued along with the fee and the stipulated dimensions,
5 weights, conditions, and restrictions authorized and this
6 record shall be presumed correct in any case of questions or
7 dispute. The Department shall install an automatic device for
8 recording telephone conversations involving permit
9 applications. The Department and applicant waive all
10 objections to the recording of the conversation.

11 (d) The Department shall, upon application in writing from
12 any local authority, issue an annual permit authorizing the
13 local authority to move oversize highway construction,
14 transportation, utility, and maintenance equipment over roads
15 under the jurisdiction of the Department. The permit shall be
16 applicable only to equipment and vehicles owned by or
17 registered in the name of the local authority, and no fee shall
18 be charged for the issuance of such permits.

19 (e) As an exception to subsection (a) of this Section, the
20 Department and local authorities, with respect to highways
21 under their respective jurisdictions, in their discretion and
22 upon application in writing, may issue a special permit for
23 limited continuous operation, authorizing the applicant to
24 move loads of agricultural commodities on a 2-axle single
25 vehicle registered by the Secretary of State with axle loads
26 not to exceed 35%, on a 3-axle or 4-axle vehicle registered by

1 the Secretary of State with axle loads not to exceed 20%, and
2 on a 5-axle vehicle registered by the Secretary of State not to
3 exceed 10% above those provided in Section 15-111. The total
4 gross weight of the vehicle, however, may not exceed the
5 maximum gross weight of the registration class of the vehicle
6 allowed under Section 3-815 or 3-818 of this Code.

7 As used in this Section, "agricultural commodities" means:

8 (1) cultivated plants or agricultural produce grown,
9 including, but not limited to, corn, soybeans, wheat,
10 oats, grain sorghum, canola, and rice;

11 (2) livestock, including, but not limited to, hogs,
12 equine, sheep, and poultry;

13 (3) ensilage; and

14 (4) fruits and vegetables.

15 Permits may be issued for a period not to exceed 40 days
16 and moves may be made of a distance not to exceed 50 miles from
17 a field, an on-farm grain storage facility, a warehouse as
18 defined in the Grain Code, or a livestock management facility
19 as defined in the Livestock Management Facilities Act over any
20 highway except the National System of Interstate and Defense
21 Highways. The operator of the vehicle, however, must abide by
22 posted bridge and posted highway weight limits. All implements
23 of husbandry operating under this Section between sunset and
24 sunrise shall be equipped as prescribed in Section 12-205.1.

25 (e-1) A special permit shall be issued by the Department
26 under this Section and shall be required from September 1

1 through December 31 for a vehicle that exceeds the maximum
2 axle weight and gross weight limits under Section 15-111 of
3 this Code or exceeds the vehicle's registered gross weight,
4 provided that the vehicle's axle weight and gross weight do
5 not exceed 10% above the maximum limits under Section 15-111
6 of this Code and does not exceed the vehicle's registered
7 gross weight by 10%. All other restrictions that apply to
8 permits issued under this Section shall apply during the
9 declared time period and no fee shall be charged for the
10 issuance of those permits. Permits issued by the Department
11 under this subsection (e-1) are only valid on federal and
12 State highways under the jurisdiction of the Department,
13 except interstate highways. With respect to highways under the
14 jurisdiction of local authorities, the local authorities may,
15 at their discretion, waive special permit requirements and set
16 a divisible load weight limit not to exceed 10% above a
17 vehicle's registered gross weight, provided that the vehicle's
18 axle weight and gross weight do not exceed 10% above the
19 maximum limits specified in Section 15-111. Permits issued
20 under this subsection (e-1) shall apply to all registered
21 vehicles eligible to obtain permits under this Section,
22 including vehicles used in private or for-hire movement of
23 divisible load agricultural commodities during the declared
24 time period.

25 (f) The form and content of the permit shall be determined
26 by the Department with respect to highways under its

1 jurisdiction and by local authorities with respect to highways
2 under their jurisdiction. Every permit shall be in written
3 form and carried in the vehicle or combination of vehicles to
4 which it refers and shall be open to inspection by any police
5 officer or authorized agent of any authority granting the
6 permit and no person shall violate any of the terms or
7 conditions of such special permit. Violation of the terms and
8 conditions of the permit shall not be deemed a revocation of
9 the permit; however, any vehicle and load found to be off the
10 route prescribed in the permit shall be held to be operating
11 without a permit. Any off-route vehicle and load shall be
12 required to obtain a new permit or permits, as necessary, to
13 authorize the movement back onto the original permit routing.
14 No rule or regulation, nor anything herein, shall be construed
15 to authorize any police officer, court, or authorized agent of
16 any authority granting the permit to remove the permit from
17 the possession of the permittee unless the permittee is
18 charged with a fraudulent permit violation as provided in
19 subsection (i). However, upon arrest for an offense of
20 violation of permit, operating without a permit when the
21 vehicle is off route, or any size or weight offense under this
22 Chapter when the permittee plans to raise the issuance of the
23 permit as a defense, the permittee, or his agent, must produce
24 the permit at any court hearing concerning the alleged
25 offense.

26 If the permit designates and includes a routing to a

1 certified scale, the permittee, while en route to the
2 designated scale, shall be deemed in compliance with the
3 weight provisions of the permit provided the axle or gross
4 weights do not exceed any of the permitted limits by more than
5 the following amounts:

6	Single axle	2000 pounds
7	Tandem axle	3000 pounds
8	Gross	5000 pounds

9 (g) The Department is authorized to adopt, amend, and make
10 available to interested persons a policy concerning reasonable
11 rules, limitations and conditions, or provisions of operation
12 upon highways under its jurisdiction in addition to those
13 contained in this Section for the movement by special permit
14 of vehicles, combinations, or loads which cannot reasonably be
15 dismantled or disassembled, including manufactured and modular
16 home sections and portions thereof. All rules, limitations and
17 conditions, or provisions adopted in the policy shall have due
18 regard for the safety of the traveling public and the
19 protection of the highway system and shall have been
20 promulgated in conformity with the provisions of the Illinois
21 Administrative Procedure Act. The requirements of the policy
22 for flagmen and escort vehicles shall be the same for all moves
23 of comparable size and weight. When escort vehicles are
24 required, they shall meet the following requirements:

25 (1) All operators shall be 18 years of age or over and
26 properly licensed to operate the vehicle.

1 (2) Vehicles escorting oversize ~~oversized~~ loads more
2 than 12 feet wide must be equipped with a rotating or
3 flashing amber light mounted on top as specified under
4 Section 12-215.

5 The Department shall establish reasonable rules and
6 regulations regarding liability insurance or self insurance
7 for vehicles with oversize ~~oversized~~ loads promulgated under
8 the Illinois Administrative Procedure Act. Police vehicles may
9 be required for escort under circumstances as required by
10 rules and regulations of the Department.

11 (h) Violation of any rule, limitation or condition, or
12 provision of any permit issued in accordance with the
13 provisions of this Section shall not render the entire permit
14 null and void but the violator shall be deemed guilty of
15 violation of permit and guilty of exceeding any size, weight,
16 or load limitations in excess of those authorized by the
17 permit. The prescribed route or routes on the permit are not
18 mere rules, limitations, conditions, or provisions of the
19 permit, but are also the sole extent of the authorization
20 granted by the permit. If a vehicle and load are found to be
21 off the route or routes prescribed by any permit authorizing
22 movement, the vehicle and load are operating without a permit.
23 Any off-route movement shall be subject to the size and weight
24 maximums, under the applicable provisions of this Chapter, as
25 determined by the type or class highway upon which the vehicle
26 and load are being operated.

1 (i) Whenever any vehicle is operated or movement made
2 under a fraudulent permit, the permit shall be void, and the
3 person, firm, or corporation to whom such permit was granted,
4 the driver of such vehicle in addition to the person who issued
5 such permit and any accessory, shall be guilty of fraud and
6 either one or all persons may be prosecuted for such
7 violation. Any person, firm, or corporation committing such
8 violation shall be guilty of a Class 4 felony and the
9 Department shall not issue permits to the person, firm, or
10 corporation convicted of such violation for a period of one
11 year after the date of conviction. Penalties for violations of
12 this Section shall be in addition to any penalties imposed for
13 violation of other Sections of this Code.

14 (j) Whenever any vehicle is operated or movement made in
15 violation of a permit issued in accordance with this Section,
16 the person to whom such permit was granted, or the driver of
17 such vehicle, is guilty of such violation and either, but not
18 both, persons may be prosecuted for such violation as stated
19 in this subsection (j). Any person, firm, or corporation
20 convicted of such violation shall be guilty of a petty offense
21 and shall be fined, for the first offense, not less than \$50
22 nor more than \$200 and, for the second offense by the same
23 person, firm, or corporation within a period of one year, not
24 less than \$200 nor more than \$300 and, for the third offense by
25 the same person, firm, or corporation within a period of one
26 year after the date of the first offense, not less than \$300

1 nor more than \$500 and the Department may, in its discretion,
2 not issue permits to the person, firm, or corporation
3 convicted of a third offense during a period of one year after
4 the date of conviction or supervision for such third offense.
5 If any violation is the cause or contributing cause in a motor
6 vehicle crash causing damage to property, injury, or death to
7 a person, the Department may, in its discretion, not issue a
8 permit to the person, firm, or corporation for a period of one
9 year after the date of conviction or supervision for the
10 offense.

11 (k) Whenever any vehicle is operated on local roads under
12 permits for excess width or length issued by local
13 authorities, such vehicle may be moved upon a State highway
14 for a distance not to exceed one-half mile without a permit for
15 the purpose of crossing the State highway.

16 (l) Notwithstanding any other provision of this Section,
17 the Department, with respect to highways under its
18 jurisdiction, and local authorities, with respect to highways
19 under their jurisdiction, may at their discretion authorize
20 the movement of a vehicle in violation of any size or weight
21 requirement, or both, that would not ordinarily be eligible
22 for a permit, when there is a showing of extreme necessity that
23 the vehicle and load should be moved without unnecessary
24 delay.

25 For the purpose of this subsection, showing of extreme
26 necessity shall be limited to the following: shipments of

1 livestock, hazardous materials, liquid concrete being hauled
2 in a mobile cement mixer, or hot asphalt.

3 (m) Penalties for violations of this Section shall be in
4 addition to any penalties imposed for violating any other
5 Section of this Code.

6 (n) The Department with respect to highways under its
7 jurisdiction and local authorities with respect to highways
8 under their jurisdiction, in their discretion and upon
9 application in writing, may issue a special permit for
10 continuous limited operation, authorizing the applicant to
11 operate a tow truck that exceeds the weight limits provided
12 for in subsection (a) of Section 15-111, provided:

13 (1) no rear single axle of the tow truck exceeds
14 26,000 pounds;

15 (2) no rear tandem axle of the tow truck exceeds
16 50,000 pounds;

17 (2.1) no triple rear axle on a manufactured recovery
18 unit exceeds 60,000 pounds;

19 (3) neither the disabled vehicle nor the disabled
20 combination of vehicles exceed the weight restrictions
21 imposed by this Chapter 15, or the weight limits imposed
22 under a permit issued by the Department prior to hookup;

23 (4) the tow truck prior to hookup does not exceed the
24 weight restrictions imposed by this Chapter 15;

25 (5) during the tow operation the tow truck does not
26 violate any weight restriction sign;

1 (6) the tow truck is equipped with flashing, rotating,
2 or oscillating amber lights, visible for at least 500 feet
3 in all directions;

4 (7) the tow truck is specifically designed and
5 licensed as a tow truck;

6 (8) the tow truck has a gross vehicle weight rating of
7 sufficient capacity to safely handle the load;

8 (9) the tow truck is equipped with air brakes;

9 (10) the tow truck is capable of utilizing the
10 lighting and braking systems of the disabled vehicle or
11 combination of vehicles;

12 (11) the tow commences at the initial point of wreck
13 or disablement and terminates at a point where the repairs
14 are actually to occur;

15 (12) the permit issued to the tow truck is carried in
16 the tow truck and exhibited on demand by a police officer;
17 and

18 (13) the movement shall be valid only on State routes
19 approved by the Department.

20 (o) (Blank).

21 (p) In determining whether a load may be reasonably
22 dismantled or disassembled for the purpose of subsection (a),
23 the Department shall consider whether there is a significant
24 negative impact on the condition of the pavement and
25 structures along the proposed route, whether the load or
26 vehicle as proposed causes a safety hazard to the traveling

1 public, whether dismantling or disassembling the load promotes
2 or stifles economic development, and whether the proposed
3 route travels less than 5 miles. A load is not required to be
4 dismantled or disassembled for the purposes of subsection (a)
5 if the Secretary of the Department determines there will be no
6 significant negative impact to pavement or structures along
7 the proposed route, the proposed load or vehicle causes no
8 safety hazard to the traveling public, dismantling or
9 disassembling the load does not promote economic development,
10 and the proposed route travels less than 5 miles. The
11 Department may promulgate rules for the purpose of
12 establishing the divisibility of a load pursuant to subsection
13 (a). Any load determined by the Secretary to be nondivisible
14 shall otherwise comply with the existing size or weight
15 maximums specified in this Chapter.

23 filing and rejection or return of filings, and such other
24 reasonable regulations regarding insurance or surety coverage

14 routes or schedules and charging on a time or distance
15 basis, including taxicabs, charter operations, and
16 contract bus operations;

18 and schedules and charging on a per passenger fixed charge
19 basis and which do not include an airport as a point to be
20 served on the route, in whole or in part;

22 rated seating capacity of less than 8 persons, including
23 the driver;

24 (6) transportation subject to the Ridesharing
25 Arrangements Act;

1 (7) commuter buses offering short-haul for-hire
2 regularly scheduled passenger transportation service
3 within metropolitan and suburban areas, over regular
4 routes with fixed schedules, and utilized primarily by
5 passengers using reduced-fare, multiple-ride, or
6 commutation tickets during morning and evening peak

15 Sec. 18c-6201. Requirements for issuance of licenses.

16 (1) General requirements. Except as provided in subsection
17 (2) of this Section, the Commission shall grant an application
18 for a motor carrier of passengers license, in whole or in part,
19 to the extent that it finds that the application was properly
20 filed, a need for the proposed service exists, the applicant
21 if fit, willing, and able to provide the service in compliance
22 with this Chapter, Commission regulations and orders, absent a
23 showing that issuance of the license would be inconsistent
24 with the public interest. Otherwise, the application shall be
25 denied. In determining whether issuance of a motor carrier of

1 passengers license would be inconsistent with the public
2 interest, the Commission shall consider:

3 (a) the value of competition which would result from
4 issuance to the traveling ~~travelling~~ public;

5 (b) the effect of issuance on motor carrier of
6 passengers service to small communities;

7 (c) the effect of issuance on the ability of any other
8 carrier to provide a substantial portion of the passenger
9 service such carrier provides over its entire system,
10 except that diversion of revenue or traffic from a carrier
11 in and of itself shall not be sufficient to support a
12 finding that issuance of the license would impair the
13 ability of the other carrier to provide a substantial
14 portion of the passenger service such carrier provides
15 over its entire system; and

16 (d) any other factor relevant to the public interest.

17 (2) Motor carriers of passengers providing service to or
18 from airports. The Commission shall grant an application for a
19 motor carrier of passengers license authorizing service along
20 any route where an airport is a point to be served on the
21 route, in whole or in part, to the extent that it finds that
22 the application was properly filed, a need for the proposed
23 service exists, the applicant is fit, willing, and able to
24 provide the service in compliance with this Chapter,
25 Commission regulations and orders, and the public convenience
26 and necessity requires issuance of the license. Otherwise, the

1 application shall be denied. The provisions of this subsection
2 shall be construed to impose the same entry requirements as
3 were previously applicable under the former Section 55 of the
4 Public Utilities Act ~~"An Act concerning public utilities",~~
5 ~~approved June 29, 1921, as amended.~~

8 (Text of Section before amendment by P.A. 104-457)

9 Sec. 18c-7402. Safety requirements for railroad
10 operations.

11 (1) Obstruction of crossings.

12 (a) Obstruction of emergency vehicles. Every railroad
13 shall be operated in such a manner as to minimize
14 obstruction of emergency vehicles at crossings. Where such
15 obstruction occurs and the train crew is aware of the
16 obstruction, the train crew shall immediately take any
17 action, consistent with safe operating procedure,
18 necessary to remove the obstruction. In the Chicago and
19 St. Louis switching districts, every railroad dispatcher
20 or other person responsible for the movement of railroad
21 equipment in a specific area who receives notification
22 that railroad equipment is obstructing the movement of an
23 emergency vehicle at any crossing within such area shall
24 immediately notify the train crew through use of existing
25 communication facilities. Upon notification, the train

1 crew shall take immediate action in accordance with this
2 paragraph.

3 (b) Obstruction of highway at grade crossing
4 prohibited. It is unlawful for a rail carrier to permit
5 any train, railroad car or engine to obstruct public
6 travel at a railroad-highway grade crossing for a period
7 in excess of 10 minutes, except where such train or
8 railroad car is continuously moving or cannot be moved by
9 reason of circumstances over which the rail carrier has no
10 reasonable control.

11 In a county with a population of greater than
12 1,000,000, as determined by the most recent federal
13 census, during the hours of 7:00 a.m. through 9:00 a.m.
14 and 4:00 p.m. through 6:00 p.m. it is unlawful for a rail
15 carrier to permit any single train or railroad car to
16 obstruct public travel at a railroad-highway grade
17 crossing in excess of a total of 10 minutes during a 30
18 minute period, except where the train or railroad car
19 cannot be moved by reason or circumstances over which the
20 rail carrier has no reasonable control. Under no
21 circumstances will a moving train be stopped for the
22 purposes of issuing a citation related to this Section.

23 However, no employee acting under the rules or orders
24 of the rail carrier or its supervisory personnel may be
25 prosecuted for a violation of this subsection (b).

26 (c) Punishment for obstruction of grade crossing. Any

1 rail carrier violating paragraph (b) of this subsection
2 shall be guilty of a petty offense and fined not less than
3 \$200 nor more than \$500 if the duration of the obstruction
4 is in excess of 10 minutes but no longer than 15 minutes.
5 If the duration of the obstruction exceeds 15 minutes the
6 violation shall be a business offense and the following
7 fines shall be imposed: if the duration of the obstruction
8 is in excess of 15 minutes but no longer than 20 minutes,
9 the fine shall be \$500; if the duration of the obstruction
10 is in excess of 20 minutes but no longer than 25 minutes,
11 the fine shall be \$700; if the duration of the obstruction
12 is in excess of 25 minutes, but no longer than 30 minutes,
13 the fine shall be \$900; if the duration of the obstruction
14 is in excess of 30 minutes but no longer than 35 minutes,
15 the fine shall be \$1,000; if the duration of the
16 obstruction is in excess of 35 minutes, the fine shall be
17 \$1,000 plus an additional \$500 for each 5 minutes of
18 obstruction in excess of 25 minutes of obstruction.

19 (2) Other operational requirements.

20 (a) Bell and whistle-crossings. Every rail carrier
21 shall cause a bell, and a whistle or horn to be placed and
22 kept on each locomotive, and shall cause the same to be
23 rung or sounded by the engineer or fireman, at the
24 distance of at least 1,320 feet, from the place where the
25 railroad crosses or intersects any public highway, and
26 shall be kept ringing or sounding until the highway is

1 reached; provided that at crossings where the Commission
2 shall by order direct, only after a hearing has been held
3 to determine the public is reasonably and sufficiently
4 protected, the rail carrier may be excused from giving
5 warning provided by this paragraph.

6 (a-5) The requirements of paragraph (a) of this
7 subsection (2) regarding ringing a bell and sounding a
8 whistle or horn do not apply at a railroad crossing that
9 has a permanently installed automated audible warning
10 device authorized by the Commission under Section
11 18c-7402.1 that sounds automatically when an approaching
12 train is at least 1,320 feet from the crossing and that
13 keeps sounding until the lead locomotive has crossed the
14 highway. The engineer or fireman may ring the bell or
15 sound the whistle or horn at a railroad crossing that has a
16 permanently installed audible warning device.

17 (b) Speed limits. Each rail carrier shall operate its
18 trains in compliance with speed limits set by the
19 Commission. The Commission may set train speed limits only
20 where such limits are necessitated by extraordinary
21 circumstances affecting the public safety, and shall
22 maintain such train speed limits in effect only for such
23 time as the extraordinary circumstances prevail.

24 The Commission and the Department of Transportation
25 shall conduct a study of the relation between train speeds
26 and railroad-highway grade crossing safety. The Commission

1 shall report the findings of the study to the General
2 Assembly no later than January 5, 1997.

3 (c) Special speed limit; pilot project. The Commission
4 and the Board of the Commuter Rail Division of the
5 Regional Transportation Authority shall conduct a pilot
6 project in the Village of Fox River Grove, the site of the
7 fatal school bus crash at a railroad crossing on October
8 25, 1995, in order to improve railroad crossing safety.
9 For this project, the Commission is directed to set the
10 maximum train speed limit for Regional Transportation
11 Authority trains at 50 miles per hour at intersections on
12 that portion of the intrastate rail line located in the
13 Village of Fox River Grove. If the Regional Transportation
14 Authority deliberately fails to comply with this maximum
15 speed limit, then any entity, governmental or otherwise,
16 that provides capital or operational funds to the Regional
17 Transportation Authority shall appropriately reduce or
18 eliminate that funding. The Commission shall report to the
19 Governor and the General Assembly on the results of this
20 pilot project in January 1999, January 2000, and January
21 2001. The Commission shall also submit a final report on
22 the pilot project to the Governor and the General Assembly
23 in January 2001. The provisions of this subsection (c),
24 other than this sentence, are inoperative after February
25 1, 2001.

26 (d) Freight train crew size. No rail carrier shall

1 operate or cause to operate a train or light engine used in
2 connection with the movement of freight unless it has an
3 operating crew consisting of at least 2 individuals. The
4 minimum freight train crew size indicated in this
5 subsection (d) shall remain in effect until a federal law
6 or rule encompassing the subject matter has been adopted.
7 The Commission, with respect to freight train crew member
8 size under this subsection (d), has the power to conduct
9 evidentiary hearings, make findings, and issue and enforce
10 orders, including sanctions under Section 18c-1704 of this
11 Chapter. As used in this subsection (d), "train or light
12 engine" does not include trains operated by a hostler
13 service or utility employees.

14 (3) Report and investigation of rail accidents.

15 (a) Reports. Every rail carrier shall report to the
16 Commission, by the speediest means possible, whether
17 telephone, telegraph, or otherwise, every accident
18 involving its equipment, track, or other property which
19 resulted in loss of life to any person. In addition, such
20 carriers shall file a written report with the Commission.
21 Reports submitted under this paragraph shall be strictly
22 confidential, shall be specifically prohibited from
23 disclosure, and shall not be admissible in any
24 administrative or judicial proceeding relating to the
25 accidents reported.

26 (b) Investigations. The Commission may investigate all

1 railroad accidents reported to it or of which it acquires
2 knowledge independent of reports made by rail carriers,
3 and shall have the power, consistent with standards and
4 procedures established under the Federal Railroad Safety
5 Act, as amended, to enter such temporary orders as will
6 minimize the risk of future accidents pending notice,
7 hearing, and final action by the Commission.

9 (Text of Section after amendment by P.A. 104-457)

10 Sec. 18c-7402. Safety requirements for railroad
11 operations.

12 (1) Obstruction of crossings.

13 (a) Obstruction of emergency vehicles. Every railroad
14 shall be operated in such a manner as to minimize
15 obstruction of emergency vehicles at crossings. Where such
16 obstruction occurs and the train crew is aware of the
17 obstruction, the train crew shall immediately take any
18 action, consistent with safe operating procedure,
19 necessary to remove the obstruction. In the Chicago and
20 St. Louis switching districts, every railroad dispatcher
21 or other person responsible for the movement of railroad
22 equipment in a specific area who receives notification
23 that railroad equipment is obstructing the movement of an
24 emergency vehicle at any crossing within such area shall
25 immediately notify the train crew through use of existing

1 communication facilities. Upon notification, the train
2 crew shall take immediate action in accordance with this
3 paragraph.

4 (b) Obstruction of highway at grade crossing
5 prohibited. It is unlawful for a rail carrier to permit
6 any train, railroad car or engine to obstruct public
7 travel at a railroad-highway grade crossing for a period
8 in excess of 10 minutes, except where such train or
9 railroad car is continuously moving or cannot be moved by
10 reason of circumstances over which the rail carrier has no
11 reasonable control.

12 In a county with a population of greater than
13 1,000,000, as determined by the most recent federal
14 census, during the hours of 7:00 a.m. through 9:00 a.m.
15 and 4:00 p.m. through 6:00 p.m. it is unlawful for a rail
16 carrier to permit any single train or railroad car to
17 obstruct public travel at a railroad-highway grade
18 crossing in excess of a total of 10 minutes during a 30
19 minute period, except where the train or railroad car
20 cannot be moved by reason or circumstances over which the
21 rail carrier has no reasonable control. Under no
22 circumstances will a moving train be stopped for the
23 purposes of issuing a citation related to this Section.

24 However, no employee acting under the rules or orders
25 of the rail carrier or its supervisory personnel may be
26 prosecuted for a violation of this subsection (b).

1 (c) Punishment for obstruction of grade crossing. Any
2 rail carrier violating paragraph (b) of this subsection
3 shall be guilty of a petty offense and fined not less than
4 \$200 nor more than \$500 if the duration of the obstruction
5 is in excess of 10 minutes but no longer than 15 minutes.
6 If the duration of the obstruction exceeds 15 minutes the
7 violation shall be a business offense and the following

24 horn to be placed and kept on each locomotive, and shall
25 cause the same to be rung or sounded by the engineer or
26 fireman, at the distance of at least 1,320 feet, from the

1 place where the railroad crosses or intersects any public
2 highway, and shall be kept ringing or sounding until the
3 highway is reached; provided that at crossings where the
4 Commission shall by order direct, only after a hearing has
5 been held to determine the public is reasonably and
6 sufficiently protected, the rail carrier may be excused
7 from giving warning provided by this paragraph.

8 (a-5) The requirements of paragraph (a) of this
9 subsection (2) regarding ringing a bell and sounding a

12 device authorized by the Commission under Section
13 18c-7402.1 that sounds automatically when an approaching
14 train is at least 1,320 feet from the crossing and that
15 keeps sounding until the lead locomotive has crossed the
16 highway. The engineer or fireman may ring the bell or
17 sound the whistle or horn at a railroad crossing that has a
18 permanently installed audible warning device.

19 (b) Speed limits. Each rail carrier shall operate its

11 For this project, the Commission is directed to set the
12 maximum train speed limit for Northern Illinois Transit
13 Authority trains at 50 miles per hour at intersections on
14 that portion of the intrastate rail line located in the
15 Village of Fox River Grove. If the Northern Illinois
16 Transit Authority deliberately fails to comply with this
17 maximum speed limit, then any entity, governmental or
18 otherwise, that provides capital or operational funds to
19 the Northern Illinois Transit Authority shall
20 appropriately reduce or eliminate that funding. The
21 Commission shall report to the Governor and the General
22 Assembly on the results of this pilot project in January
23 1999, January 2000, and January 2001. The Commission shall
24 also submit a final report on the pilot project to the

7 subsection (d) shall remain in effect until a federal law
8 or rule encompassing the subject matter has been adopted.
9 The Commission, with respect to freight train crew member
10 size under this subsection (d), has the power to conduct
11 evidentiary hearings, make findings, and issue and enforce
12 orders, including sanctions under Section 18c-1704 of this
13 Chapter. As used in this subsection (d), "train or light

21 involving its equipment, track, or other property which
22 resulted in loss of life to any person. In addition, such
23 carriers shall file a written report with the Commission.
24 Reports submitted under this paragraph shall be strictly
25 confidential, shall be specifically prohibited from
26 disclosure, and shall not be admissible in any

1 administrative or judicial proceeding relating to the
2 accidents reported.

3 (b) Investigations. The Commission may investigate all
4 railroad accidents reported to it or of which it acquires
5 knowledge independent of reports made by rail carriers or
6 the Commuter Rail Division of the Northern Illinois
7 Transit Authority, and it shall have the power, consistent
8 with standards and procedures established under the

9 (705 ILCS 405/2-28)

10 (Text of Section before amendment by P.A. 104-107)

11 Sec. 2-28. Court review.

12 (1) The court may require any legal custodian or guardian
13 of the person appointed under this Act to report periodically
14 to the court or may cite the legal custodian or guardian into
15 court and require the legal custodian, guardian, or the legal
16 custodian's or guardian's agency to make a full and accurate
17 report of the doings of the legal custodian, guardian, or
18 agency on behalf of the minor. The custodian or guardian,
19 within 10 days after such citation, or earlier if the court
20 determines it to be necessary to protect the health, safety,
21 or welfare of the minor, shall make the report, either in
22 writing verified by affidavit or orally under oath in open
23 court, or otherwise as the court directs. Upon the hearing of
24 the report the court may remove the custodian or guardian and

1 appoint another in the custodian's or guardian's stead or
2 restore the minor to the custody of the minor's parents or
3 former guardian or custodian. However, custody of the minor
4 shall not be restored to any parent, guardian, or legal
5 custodian in any case in which the minor is found to be
6 neglected or abused under Section 2-3 or dependent under
7 Section 2-4 of this Act, unless the minor can be cared for at
8 home without endangering the minor's health or safety and it
9 is in the best interests of the minor, and if such neglect,
10 abuse, or dependency is found by the court under paragraph (1)
11 of Section 2-21 of this Act to have come about due to the acts
12 or omissions or both of such parent, guardian, or legal
13 custodian, until such time as an investigation is made as
14 provided in paragraph (5) and a hearing is held on the issue of
15 the fitness of such parent, guardian, or legal custodian to
16 care for the minor and the court enters an order that such
17 parent, guardian, or legal custodian is fit to care for the
18 minor.

19 (1.5) The public agency that is the custodian or guardian
20 of the minor shall file a written report with the court no
21 later than 15 days after a minor in the agency's care remains:

22 (1) in a shelter placement beyond 30 days;

23 (2) in a psychiatric hospital past the time when the
24 minor is clinically ready for discharge or beyond medical
25 necessity for the minor's health; or

26 (3) in a detention center or Department of Juvenile

1 Justice facility solely because the public agency cannot
2 find an appropriate placement for the minor.

3 The report shall explain the steps the agency is taking to
4 ensure the minor is placed appropriately, how the minor's
5 needs are being met in the minor's shelter placement, and if a
6 future placement has been identified by the Department, why
7 the anticipated placement is appropriate for the needs of the
8 minor and the anticipated placement date.

9 (1.6) Within 30 days after placing a child in its care in a
10 qualified residential treatment program, as defined by the
11 federal Social Security Act, the Department of Children and
12 Family Services shall prepare a written report for filing with
13 the court and send copies of the report to all parties. Within
14 20 days of the filing of the report, or as soon thereafter as
15 the court's schedule allows but not more than 60 days from the
16 date of placement, the court shall hold a hearing to consider
17 the Department's report and determine whether placement of the
18 child in a qualified residential treatment program provides
19 the most effective and appropriate level of care for the child
20 in the least restrictive environment and if the placement is
21 consistent with the short-term and long-term goals for the
22 child, as specified in the permanency plan for the child. The
23 court shall approve or disapprove the placement. If
24 applicable, the requirements of Sections 2-27.1 and 2-27.2
25 must also be met. The Department's written report and the
26 court's written determination shall be included in and made

1 part of the case plan for the child. If the child remains
2 placed in a qualified residential treatment program, the
3 Department shall submit evidence at each status and permanency
4 hearing:

5 (A) demonstrating that ongoing ~~on-going~~ assessment of
6 the strengths and needs of the child continues to support
7 the determination that the child's needs cannot be met
8 through placement in a foster family home, that the
9 placement provides the most effective and appropriate
10 level of care for the child in the least restrictive,
11 appropriate environment, and that the placement is
12 consistent with the short-term and long-term permanency
13 goal for the child, as specified in the permanency plan
14 for the child;

15 (B) documenting the specific treatment or service
16 needs that should be met for the child in the placement and
17 the length of time the child is expected to need the
18 treatment or services;

19 (C) the efforts made by the agency to prepare the
20 child to return home or to be placed with a fit and willing
21 relative, a legal guardian, or an adoptive parent, or in a
22 foster family home; and

23 (D) beginning July 1, 2025, documenting the
24 Department's efforts regarding ongoing family finding and
25 relative engagement required under Section 2-27.3.

26 (2) The first permanency hearing shall be conducted by the

1 judge. Subsequent permanency hearings may be heard by a judge
2 or by hearing officers appointed or approved by the court in
3 the manner set forth in Section 2-28.1 of this Act. The initial
4 hearing shall be held (a) within 12 months from the date
5 temporary custody was taken, regardless of whether an
6 adjudication or dispositional hearing has been completed
7 within that time frame, (b) if the parental rights of both
8 parents have been terminated in accordance with the procedure
9 described in subsection (5) of Section 2-21, within 30 days of
10 the order for termination of parental rights and appointment
11 of a guardian with power to consent to adoption, or (c) in
12 accordance with subsection (2) of Section 2-13.1. Subsequent
13 permanency hearings shall be held every 6 months or more
14 frequently if necessary in the court's determination following
15 the initial permanency hearing, in accordance with the
16 standards set forth in this Section, until the court
17 determines that the plan and goal have been achieved. Once the
18 plan and goal have been achieved, if the minor remains in
19 substitute care, the case shall be reviewed at least every 6
20 months thereafter, subject to the provisions of this Section,
21 unless the minor is placed in the guardianship of a suitable
22 relative or other person and the court determines that further
23 monitoring by the court does not further the health, safety,
24 or best interest of the child and that this is a stable
25 permanent placement. The permanency hearings must occur within
26 the time frames set forth in this subsection and may not be

1 delayed in anticipation of a report from any source or due to
2 the agency's failure to timely file its written report (this
3 written report means the one required under the next paragraph
4 and does not mean the service plan also referred to in that
5 paragraph).

6 The public agency that is the custodian or guardian of the
7 minor, or another agency responsible for the minor's care,
8 shall ensure that all parties to the permanency hearings are
9 provided a copy of the most recent service plan prepared
10 within the prior 6 months at least 14 days in advance of the
11 hearing. If not contained in the agency's service plan, the
12 agency shall also include a report setting forth the
13 following:

14 (A) any special physical, psychological, educational,
15 medical, emotional, or other needs of the minor or the
16 minor's family that are relevant to a permanency or
17 placement determination, and for any minor age 16 or over,
18 a written description of the programs and services that
19 will enable the minor to prepare for independent living;

20 (B) beginning July 1, 2025, a written description of
21 ongoing family finding and relative engagement efforts in
22 accordance with the requirements under Section 2-27.3 the
23 agency has undertaken since the most recent report to the
24 court to plan for the emotional and legal permanency of
25 the minor;

26 (C) whether a minor is placed in a licensed child care

1 facility under a corrective plan by the Department due to
2 concerns impacting the minor's safety and well-being. The
3 report shall explain the steps the Department is taking to
4 ensure the safety and well-being of the minor and that the
5 minor's needs are met in the facility;

6 (D) detail regarding what progress or lack of progress
7 the parent has made in correcting the conditions requiring
8 the child to be in care; whether the child can be returned
9 home without jeopardizing the child's health, safety, and
10 welfare, what permanency goal is recommended to be in the
11 best interests of the child, and the reasons for the
12 recommendation. If a permanency goal under paragraph (A),
13 (B), or (B-1) of subsection (2.3) have been deemed
14 inappropriate and not in the minor's best interest, the
15 report must include the following information:

16 (i) confirmation that the caseworker has discussed
17 the permanency options and subsidies available for
18 guardianship and adoption with the minor's caregivers,
19 the minor's parents, as appropriate, and has discussed
20 the available permanency options with the minor in an
21 age-appropriate manner;

22 (ii) confirmation that the caseworker has
23 discussed with the minor's caregivers, the minor's
24 parents, as appropriate, and the minor as
25 age-appropriate, the distinctions between guardianship
26 and adoption, including, but not limited to, that

1 guardianship does not require termination of the
2 parent's rights or the consent of the parent;

3 (iii) a description of the stated preferences and
4 concerns, if any, the minor, the parent as
5 appropriate, and the caregiver expressed relating to
6 the options of guardianship and adoption, and the
7 reasons for the preferences;

8 (iv) if the minor is not currently in a placement
9 that will provide permanency, identification of all
10 persons presently willing and able to provide
11 permanency to the minor through either guardianship or
12 adoption, and beginning July 1, 2025, if none are
13 available, a description of the efforts made in
14 accordance with Section 2-27.3; and

15 (v) state the recommended permanency goal, why
16 that goal is recommended, and why the other potential
17 goals were not recommended.

18 The caseworker must appear and testify at the permanency
19 hearing. If a permanency hearing has not previously been
20 scheduled by the court, the moving party shall move for the
21 setting of a permanency hearing and the entry of an order
22 within the time frames set forth in this subsection.

23 (2.3) At the permanency hearing, the court shall determine
24 the permanency goal of the child. The court shall set one of
25 the following permanency goals:

26 (A) The minor will be returned home by a specific date

1 within 5 months.

2 (B) The minor will be in short-term care with a
3 continued goal to return home within a period not to
4 exceed one year, where the progress of the parent or
5 parents is substantial giving particular consideration to
6 the age and individual needs of the minor.

7 (B-1) The minor will be in short-term care with a
8 continued goal to return home pending a status hearing.
9 When the court finds that a parent has not made reasonable
10 efforts or reasonable progress to date, the court shall
11 identify what actions the parent and the Department must
12 take in order to justify a finding of reasonable efforts
13 or reasonable progress and shall set a status hearing to
14 be held not earlier than 9 months from the date of
15 adjudication nor later than 11 months from the date of
16 adjudication during which the parent's progress will again
17 be reviewed.

18 If the court has determined that goals (A), (B), and
19 (B-1) are not appropriate and not in the minor's best
20 interest, the court may select one of the following goals:
21 (C), (D), (E), (F), (G), or (H) for the minor as
22 appropriate and based on the best interests of the minor.
23 The court shall determine the appropriate goal for the
24 minor based on best interest factors and any
25 considerations outlined in that goal.

26 (C) The guardianship of the minor shall be transferred

1 to an individual or couple on a permanent basis. Prior to
2 changing the goal to guardianship, the court shall
3 consider the following:

4 (i) whether the agency has discussed adoption and
5 guardianship with the caregiver and what preference,
6 if any, the caregiver has as to the permanency goal;

7 (ii) whether the agency has discussed adoption and
8 guardianship with the minor, as age-appropriate, and
9 what preference, if any, the minor has as to the
10 permanency goal;

11 (iii) whether the minor is of sufficient age to
12 remember the minor's parents and if the child values
13 this familial identity;

14 (iv) whether the minor is placed with a relative,
15 and beginning July 1, 2025, whether the minor is
16 placed in a relative home as defined in Section 4d of
17 the Children and Family Services Act or in a certified
18 relative caregiver home as defined in Section 2.36 of
19 the Child Care Act of 1969; and

20 (v) whether the parent or parents have been
21 informed about guardianship and adoption, and, if
22 appropriate, what preferences, if any, the parent or
23 parents have as to the permanency goal.

24 (D) The minor will be in substitute care pending court
25 determination on termination of parental rights. Prior to
26 changing the goal to substitute care pending court

1 determination on termination of parental rights, the court
2 shall consider the following:

3 (i) whether the agency has discussed adoption and
4 guardianship with the caregiver and what preference,
5 if any, the caregiver has as to the permanency goal;

6 (ii) whether the agency has discussed adoption and
7 guardianship with the minor, as age-appropriate, and
8 what preference, if any, the minor has as to the
9 permanency goal;

10 (iii) whether the minor is of sufficient age to
11 remember the minor's parents and if the child values
12 this familial identity;

13 (iv) whether the minor is placed with a relative,
14 and beginning July 1, 2025, whether the minor is
15 placed in a relative home as defined in Section 4d of
16 the Children and Family Services Act, in a certified
17 relative caregiver home as defined in Section 2.36 of
18 the Child Care Act of 1969;

19 (v) whether the minor is already placed in a
20 pre-adoptive home, and if not, whether such a home has
21 been identified; and

22 (vi) whether the parent or parents have been
23 informed about guardianship and adoption, and, if
24 appropriate, what preferences, if any, the parent or
25 parents have as to the permanency goal.

26 (E) Adoption, provided that parental rights have been

1 terminated or relinquished.

2 (F) Provided that permanency goals (A) through (E)
3 have been deemed inappropriate and not in the minor's best
4 interests, the minor over age 15 will be in substitute
5 care pending independence. In selecting this permanency
6 goal, the Department of Children and Family Services may
7 provide services to enable reunification and to strengthen
8 the minor's connections with family, fictive kin, and
9 other responsible adults, provided the services are in the
10 minor's best interest. The services shall be documented in
11 the service plan.

12 (G) The minor will be in substitute care because the
13 minor cannot be provided for in a home environment due to
14 developmental disabilities or mental illness or because
15 the minor is a danger to self or others, provided that
16 goals (A) through (E) have been deemed inappropriate and
17 not in the child's best interests.

18 In selecting any permanency goal, the court shall indicate
19 in writing the reasons the goal was selected and why the
20 preceding goals were deemed inappropriate and not in the
21 child's best interest. Where the court has selected a
22 permanency goal other than (A), (B), or (B-1), the Department
23 of Children and Family Services shall not provide further
24 reunification services, except as provided in paragraph (F) of
25 this subsection (2.3), but shall provide services consistent
26 with the goal selected.

1 (H) Notwithstanding any other provision in this
2 Section, the court may select the goal of continuing
3 foster care as a permanency goal if:

4 (1) The Department of Children and Family Services
5 has custody and guardianship of the minor;

6 (2) The court has deemed all other permanency
7 goals inappropriate based on the child's best
8 interest;

9 (3) The court has found compelling reasons, based
10 on written documentation reviewed by the court, to
11 place the minor in continuing foster care. Compelling
12 reasons include:

13 (a) the child does not wish to be adopted or to
14 be placed in the guardianship of the minor's
15 relative, certified relative caregiver, or foster
16 care placement;

17 (b) the child exhibits an extreme level of
18 need such that the removal of the child from the
19 minor's placement would be detrimental to the
20 child; or

21 (c) the child who is the subject of the
22 permanency hearing has existing close and strong
23 bonds with a sibling, and achievement of another
24 permanency goal would substantially interfere with
25 the subject child's sibling relationship, taking
26 into consideration the nature and extent of the

1 relationship, and whether ongoing contact is in
2 the subject child's best interest, including
3 long-term emotional interest, as compared with the
4 legal and emotional benefit of permanence;

5 (4) The child has lived with the relative,
6 certified relative caregiver, or foster parent for at
7 least one year; and

8 (5) The relative, certified relative caregiver, or
9 foster parent currently caring for the child is
10 willing and capable of providing the child with a
11 stable and permanent environment.

12 (2.4) The court shall set a permanency goal that is in the
13 best interest of the child. In determining that goal, the
14 court shall consult with the minor in an age-appropriate
15 manner regarding the proposed permanency or transition plan
16 for the minor. The court's determination shall include the
17 following factors:

18 (A) Age of the child.

19 (B) Options available for permanence, including both
20 out-of-state and in-state placement options.

21 (C) Current placement of the child and the intent of
22 the family regarding subsidized guardianship and adoption.

23 (D) Emotional, physical, and mental status or
24 condition of the child.

25 (E) Types of services previously offered and whether
26 or not the services were successful and, if not

1 successful, the reasons the services failed.

2 (F) Availability of services currently needed and
3 whether the services exist.

4 (G) Status of siblings of the minor.

5 (H) If the minor is not currently in a placement
6 likely to achieve permanency, whether there is an
7 identified and willing potential permanent caregiver for
8 the minor, and if so, that potential permanent caregiver's
9 intent regarding guardianship and adoption.

10 The court shall consider (i) the permanency goal contained
11 in the service plan, (ii) the appropriateness of the services
12 contained in the plan and whether those services have been
13 provided, (iii) whether reasonable efforts have been made by
14 all the parties to the service plan to achieve the goal, and
15 (iv) whether the plan and goal have been achieved. All
16 evidence relevant to determining these questions, including
17 oral and written reports, may be admitted and may be relied on
18 to the extent of their probative value.

19 The court shall make findings as to whether, in violation
20 of Section 8.2 of the Abused and Neglected Child Reporting
21 Act, any portion of the service plan compels a child or parent
22 to engage in any activity or refrain from any activity that is
23 not reasonably related to remedying a condition or conditions
24 that gave rise or which could give rise to any finding of child
25 abuse or neglect. The services contained in the service plan
26 shall include services reasonably related to remedy the

1 conditions that gave rise to removal of the child from the home
2 of the child's parents, guardian, or legal custodian or that
3 the court has found must be remedied prior to returning the
4 child home. Any tasks the court requires of the parents,
5 guardian, or legal custodian or child prior to returning the
6 child home must be reasonably related to remedying a condition
7 or conditions that gave rise to or which could give rise to any
8 finding of child abuse or neglect.

9 If the permanency goal is to return home, the court shall
10 make findings that identify any problems that are causing
11 continued placement of the children away from the home and
12 identify what outcomes would be considered a resolution to
13 these problems. The court shall explain to the parents that
14 these findings are based on the information that the court has
15 at that time and may be revised, should additional evidence be
16 presented to the court.

17 The court shall review the Sibling Contact Support Plan
18 developed or modified under subsection (f) of Section 7.4 of
19 the Children and Family Services Act, if applicable. If the
20 Department has not convened a meeting to develop or modify a
21 Sibling Contact Support Plan, or if the court finds that the
22 existing Plan is not in the child's best interest, the court
23 may enter an order requiring the Department to develop,
24 modify, or implement a Sibling Contact Support Plan, or order
25 mediation.

26 Beginning July 1, 2025, the court shall review the Ongoing

1 Family Finding and Relative Engagement Plan required under
2 Section 2-27.3. If the court finds that the plan is not in the
3 minor's best interest, the court shall enter specific factual
4 findings and order the Department to modify the plan
5 consistent with the court's findings.

6 If the goal has been achieved, the court shall enter
7 orders that are necessary to conform the minor's legal custody
8 and status to those findings.

9 If, after receiving evidence, the court determines that
10 the services contained in the plan are not reasonably
11 calculated to facilitate achievement of the permanency goal,
12 the court shall put in writing the factual basis supporting
13 the determination and enter specific findings based on the
14 evidence. The court also shall enter an order for the
15 Department to develop and implement a new service plan or to
16 implement changes to the current service plan consistent with
17 the court's findings. The new service plan shall be filed with
18 the court and served on all parties within 45 days of the date
19 of the order. The court shall continue the matter until the new
20 service plan is filed. Except as authorized by subsection
21 (2.5) of this Section and as otherwise specifically authorized
22 by law, the court is not empowered under this Section to order
23 specific placements, specific services, or specific service
24 providers to be included in the service plan.

25 A guardian or custodian appointed by the court pursuant to
26 this Act shall file updated case plans with the court every 6

1 months.

2 Rights of wards of the court under this Act are
3 enforceable against any public agency by complaints for relief
4 by mandamus filed in any proceedings brought under this Act.

5 (2.5) If, after reviewing the evidence, including evidence
6 from the Department, the court determines that the minor's
7 current or planned placement is not necessary or appropriate
8 to facilitate achievement of the permanency goal, the court
9 shall put in writing the factual basis supporting its
10 determination and enter specific findings based on the
11 evidence. If the court finds that the minor's current or
12 planned placement is not necessary or appropriate, the court
13 may enter an order directing the Department to implement a
14 recommendation by the minor's treating clinician or a
15 clinician contracted by the Department to evaluate the minor
16 or a recommendation made by the Department. If the Department
17 places a minor in a placement under an order entered under this
18 subsection (2.5), the Department has the authority to remove
19 the minor from that placement when a change in circumstances
20 necessitates the removal to protect the minor's health,
21 safety, and best interest. If the Department determines
22 removal is necessary, the Department shall notify the parties
23 of the planned placement change in writing no later than 10
24 days prior to the implementation of its determination unless
25 remaining in the placement poses an imminent risk of harm to
26 the minor, in which case the Department shall notify the

1 parties of the placement change in writing immediately
2 following the implementation of its decision. The Department
3 shall notify others of the decision to change the minor's
4 placement as required by Department rule.

5 (3) Following the permanency hearing, the court shall
6 enter a written order that includes the determinations
7 required under subsections (2) and (2.3) of this Section and
8 sets forth the following:

9 (a) The future status of the minor, including the
10 permanency goal, and any order necessary to conform the
11 minor's legal custody and status to such determination; or

12 (b) If the permanency goal of the minor cannot be
13 achieved immediately, the specific reasons for continuing
14 the minor in the care of the Department of Children and
15 Family Services or other agency for short-term placement,
16 and the following determinations:

17 (i) (Blank).

18 (ii) Whether the services required by the court
19 and by any service plan prepared within the prior 6
20 months have been provided and (A) if so, whether the
21 services were reasonably calculated to facilitate the
22 achievement of the permanency goal or (B) if not
23 provided, why the services were not provided.

24 (iii) Whether the minor's current or planned
25 placement is necessary, and appropriate to the plan
26 and goal, recognizing the right of minors to the least

1 restrictive (most family-like) setting available and
2 in close proximity to the parents' home consistent
3 with the health, safety, best interest, and special
4 needs of the minor and, if the minor is placed
5 out-of-state, whether the out-of-state placement
6 continues to be appropriate and consistent with the
7 health, safety, and best interest of the minor.

8 (iv) (Blank).

9 (v) (Blank).

10 (4) The minor or any person interested in the minor may
11 apply to the court for a change in custody of the minor and the
12 appointment of a new custodian or guardian of the person or for
13 the restoration of the minor to the custody of the minor's
14 parents or former guardian or custodian.

15 When return home is not selected as the permanency goal:

16 (a) The Department, the minor, or the current foster
17 parent or relative caregiver seeking private guardianship
18 may file a motion for private guardianship of the minor.
19 Appointment of a guardian under this Section requires
20 approval of the court.

21 (b) The State's Attorney may file a motion to
22 terminate parental rights of any parent who has failed to
23 make reasonable efforts to correct the conditions which
24 led to the removal of the child or reasonable progress
25 toward the return of the child, as defined in subdivision
26 (D)(m) of Section 1 of the Adoption Act or for whom any

1 other unfitness ground for terminating parental rights as
2 defined in subdivision (D) of Section 1 of the Adoption
3 Act exists.

4 When parental rights have been terminated for a
5 minimum of 3 years and the child who is the subject of the
6 permanency hearing is 13 years old or older and is not
7 currently placed in a placement likely to achieve
8 permanency, the Department of Children and Family Services
9 shall make reasonable efforts to locate parents whose
10 rights have been terminated, except when the Court
11 determines that those efforts would be futile or
12 inconsistent with the subject child's best interests. The
13 Department of Children and Family Services shall assess
14 the appropriateness of the parent whose rights have been
15 terminated, and shall, as appropriate, foster and support
16 connections between the parent whose rights have been
17 terminated and the youth. The Department of Children and
18 Family Services shall document its determinations and
19 efforts to foster connections in the child's case plan.

20 Custody of the minor shall not be restored to any parent,
21 guardian, or legal custodian in any case in which the minor is
22 found to be neglected or abused under Section 2-3 or dependent
23 under Section 2-4 of this Act, unless the minor can be cared
24 for at home without endangering the minor's health or safety
25 and it is in the best interest of the minor, and if such
26 neglect, abuse, or dependency is found by the court under

1 paragraph (1) of Section 2-21 of this Act to have come about
2 due to the acts or omissions or both of such parent, guardian,
3 or legal custodian, until such time as an investigation is
4 made as provided in paragraph (5) and a hearing is held on the
5 issue of the health, safety, and best interest of the minor and
6 the fitness of such parent, guardian, or legal custodian to
7 care for the minor and the court enters an order that such
8 parent, guardian, or legal custodian is fit to care for the
9 minor. If a motion is filed to modify or vacate a private
10 guardianship order and return the child to a parent, guardian,
11 or legal custodian, the court may order the Department of
12 Children and Family Services to assess the minor's current and
13 proposed living arrangements and to provide ongoing monitoring
14 of the health, safety, and best interest of the minor during
15 the pendency of the motion to assist the court in making that
16 determination. In the event that the minor has attained 18
17 years of age and the guardian or custodian petitions the court
18 for an order terminating the minor's guardianship or custody,
19 guardianship or custody shall terminate automatically 30 days
20 after the receipt of the petition unless the court orders
21 otherwise. No legal custodian or guardian of the person may be
22 removed without the legal custodian's or guardian's consent
23 until given notice and an opportunity to be heard by the court.

24 When the court orders a child restored to the custody of
25 the parent or parents, the court shall order the parent or
26 parents to cooperate with the Department of Children and

1 Family Services and comply with the terms of an aftercare
2 ~~after-care~~ plan, or risk the loss of custody of the child and
3 possible termination of their parental rights. The court may
4 also enter an order of protective supervision in accordance
5 with Section 2-24.

6 If the minor is being restored to the custody of a parent,
7 legal custodian, or guardian who lives outside of Illinois,
8 and an Interstate Compact has been requested and refused, the
9 court may order the Department of Children and Family Services
10 to arrange for an assessment of the minor's proposed living
11 arrangement and for ongoing monitoring of the health, safety,
12 and best interest of the minor and compliance with any order of
13 protective supervision entered in accordance with Section
14 2-24.

15 (5) Whenever a parent, guardian, or legal custodian files
16 a motion for restoration of custody of the minor, and the minor
17 was adjudicated neglected, abused, or dependent as a result of
18 physical abuse, the court shall cause to be made an
19 investigation as to whether the movant has ever been charged
20 with or convicted of any criminal offense which would indicate
21 the likelihood of any further physical abuse to the minor.
22 Evidence of such criminal convictions shall be taken into
23 account in determining whether the minor can be cared for at
24 home without endangering the minor's health or safety and
25 fitness of the parent, guardian, or legal custodian.

26 (a) Any agency of this State or any subdivision

1 thereof shall cooperate with the agent of the court in
2 providing any information sought in the investigation.

3 (b) The information derived from the investigation and
4 any conclusions or recommendations derived from the
5 information shall be provided to the parent, guardian, or
6 legal custodian seeking restoration of custody prior to
7 the hearing on fitness and the movant shall have an
8 opportunity at the hearing to refute the information or
9 contest its significance.

10 (c) All information obtained from any investigation
11 shall be confidential as provided in Section 5-150 of this
12 Act.

17 Sec. 2-28. Court review.

18 (1) The court may require any legal custodian or guardian
19 of the person appointed under this Act to report periodically
20 to the court or may cite the legal custodian or guardian into
21 court and require the legal custodian, guardian, or the legal
22 custodian's or guardian's agency to make a full and accurate
23 report of the doings of the legal custodian, guardian, or
24 agency on behalf of the minor. The custodian or guardian,
25 within 10 days after such citation, or earlier if the court

1 determines it to be necessary to protect the health, safety,
2 or welfare of the minor, shall make the report, either in
3 writing verified by affidavit or orally under oath in open
4 court, or otherwise as the court directs. Upon the hearing of
5 the report the court may remove the custodian or guardian and
6 appoint another in the custodian's or guardian's stead or
7 restore the minor to the custody of the minor's parents or
8 former guardian or custodian. However, custody of the minor
9 shall not be restored to any parent, guardian, or legal
10 custodian in any case in which the minor is found to be
11 neglected or abused under Section 2-3 or dependent under
12 Section 2-4 of this Act, unless the minor can be cared for at
13 home without endangering the minor's health or safety and it
14 is in the best interests of the minor, and if such neglect,
15 abuse, or dependency is found by the court under paragraph (1)
16 of Section 2-21 of this Act to have come about due to the acts
17 or omissions or both of such parent, guardian, or legal
18 custodian, until such time as an investigation is made as
19 provided in paragraph (5) and a hearing is held on the issue of
20 the fitness of such parent, guardian, or legal custodian to
21 care for the minor and the court enters an order that such
22 parent, guardian, or legal custodian is fit to care for the
23 minor.

24 (1.5) The public agency that is the custodian or guardian
25 of the minor shall file a written report with the court no
26 later than 15 days after a minor in the agency's care remains:

1 (1) in a shelter placement beyond 30 days;

2 (2) in a psychiatric hospital past the time when the
3 minor is clinically ready for discharge or beyond medical
4 necessity for the minor's health; or

5 (3) in a detention center or Department of Juvenile
6 Justice facility solely because the public agency cannot
7 find an appropriate placement for the minor.

8 The report shall explain the steps the agency is taking to
9 ensure the minor is placed appropriately, how the minor's
10 needs are being met in the minor's shelter placement, and if a
11 future placement has been identified by the Department, why
12 the anticipated placement is appropriate for the needs of the
13 minor and the anticipated placement date.

14 (1.6) Within 30 days after placing a child in its care in a
15 qualified residential treatment program, as defined by the
16 federal Social Security Act, the Department of Children and
17 Family Services shall prepare a written report for filing with
18 the court and send copies of the report to all parties. Within
19 20 days of the filing of the report, or as soon thereafter as
20 the court's schedule allows but not more than 60 days from the
21 date of placement, the court shall hold a hearing to consider
22 the Department's report and determine whether placement of the
23 child in a qualified residential treatment program provides
24 the most effective and appropriate level of care for the child
25 in the least restrictive environment and if the placement is
26 consistent with the short-term and long-term goals for the

1 child, as specified in the permanency plan for the child. The
2 court shall approve or disapprove the placement. If
3 applicable, the requirements of Sections 2-27.1 and 2-27.2
4 must also be met. The Department's written report and the
5 court's written determination shall be included in and made
6 part of the case plan for the child. If the child remains
7 placed in a qualified residential treatment program, the
8 Department shall submit evidence at each status and permanency
9 hearing:

10 (A) demonstrating that ongoing ~~on-going~~ assessment of
11 the strengths and needs of the child continues to support
12 the determination that the child's needs cannot be met
13 through placement in a foster family home, that the
14 placement provides the most effective and appropriate
15 level of care for the child in the least restrictive,
16 appropriate environment, and that the placement is
17 consistent with the short-term and long-term permanency
18 goal for the child, as specified in the permanency plan
19 for the child;

20 (B) documenting the specific treatment or service
21 needs that should be met for the child in the placement and
22 the length of time the child is expected to need the
23 treatment or services;

24 (C) detailing the efforts made by the agency to
25 prepare the child to return home or to be placed with a fit
26 and willing relative, a legal guardian, or an adoptive

1 parent, or in a foster family home;

2 (D) beginning July 1, 2025, documenting the
3 Department's efforts regarding ongoing family finding and
4 relative engagement required under Section 2-27.3; and

5 (E) detailing efforts to ensure the minor is engaged
6 in age and developmentally appropriate activities to
7 develop life skills, which may include extracurricular
8 activities, coaching by caregivers, or instruction in
9 individual or group settings. For minors who have
10 participated in life skills assessments, the results of
11 such assessments and how the minor's identified needs are
12 being addressed.

13 (2) The first permanency hearing shall be conducted by the
14 judge. Subsequent permanency hearings may be heard by a judge
15 or by hearing officers appointed or approved by the court in
16 the manner set forth in Section 2-28.1 of this Act. The initial
17 hearing shall be held (a) within 12 months from the date
18 temporary custody was taken, regardless of whether an
19 adjudication or dispositional hearing has been completed
20 within that time frame, (b) if the parental rights of both
21 parents have been terminated in accordance with the procedure
22 described in subsection (5) of Section 2-21, within 30 days of
23 the order for termination of parental rights and appointment
24 of a guardian with power to consent to adoption, or (c) in
25 accordance with subsection (2) of Section 2-13.1. Subsequent
26 permanency hearings shall be held every 6 months or more

1 frequently if necessary in the court's determination following
2 the initial permanency hearing, in accordance with the
3 standards set forth in this Section, until the court
4 determines that the plan and goal have been achieved. Once the
5 plan and goal have been achieved, if the minor remains in
6 substitute care, the case shall be reviewed at least every 6
7 months thereafter, subject to the provisions of this Section,
8 unless the minor is placed in the guardianship of a suitable
9 relative or other person and the court determines that further
10 monitoring by the court does not further the health, safety,
11 or best interest of the child and that this is a stable
12 permanent placement. The permanency hearings must occur within
13 the time frames set forth in this subsection and may not be
14 delayed in anticipation of a report from any source or due to
15 the agency's failure to timely file its written report (this
16 written report means the one required under the next paragraph
17 and does not mean the service plan also referred to in that
18 paragraph).

19 The public agency that is the custodian or guardian of the
20 minor, or another agency responsible for the minor's care,
21 shall ensure that all parties to the permanency hearings are
22 provided a copy of the most recent service plan prepared
23 within the prior 6 months at least 14 days in advance of the
24 hearing. If not contained in the agency's service plan, the
25 agency shall also include a report setting forth the
26 following:

1 (A) any special physical, psychological, educational,
2 medical, emotional, or other needs of the minor or the
3 minor's family that are relevant to a permanency or
4 placement determination, and for any minor age 16 or over,
5 a written description of the programs and services that
6 will enable the minor to prepare for independent living;

7 (B) beginning July 1, 2025, a written description of
8 ongoing family finding and relative engagement efforts in
9 accordance with the requirements under Section 2-27.3 the
10 agency has undertaken since the most recent report to the
11 court to plan for the emotional and legal permanency of
12 the minor;

13 (C) whether a minor is placed in a licensed child care
14 facility under a corrective plan by the Department due to
15 concerns impacting the minor's safety and well-being. The
16 report shall explain the steps the Department is taking to
17 ensure the safety and well-being of the minor and that the
18 minor's needs are met in the facility;

19 (D) detail regarding what progress or lack of progress
20 the parent has made in correcting the conditions requiring
21 the child to be in care; whether the child can be returned
22 home without jeopardizing the child's health, safety, and
23 welfare, what permanency goal is recommended to be in the
24 best interests of the child, and the reasons for the
25 recommendation. If a permanency goal under paragraph (A),
26 (B), or (B-1) of subsection (2.3) have been deemed

1 inappropriate and not in the minor's best interest, the
2 report must include the following information:

3 (i) confirmation that the caseworker has discussed
4 the permanency options and subsidies available for
5 guardianship and adoption with the minor's caregivers,
6 the minor's parents, as appropriate, and has discussed
7 the available permanency options with the minor in an
8 age-appropriate manner;

9 (ii) confirmation that the caseworker has
10 discussed with the minor's caregivers, the minor's
11 parents, as appropriate, and the minor as
12 age-appropriate, the distinctions between guardianship
13 and adoption, including, but not limited to, that
14 guardianship does not require termination of the
15 parent's rights or the consent of the parent;

16 (iii) a description of the stated preferences and
17 concerns, if any, the minor, the parent as
18 appropriate, and the caregiver expressed relating to
19 the options of guardianship and adoption, and the
20 reasons for the preferences;

21 (iv) if the minor is not currently in a placement
22 that will provide permanency, identification of all
23 persons presently willing and able to provide
24 permanency to the minor through either guardianship or
25 adoption, and beginning July 1, 2025, if none are
26 available, a description of the efforts made in

1 accordance with Section 2-27.3; and

2 (v) state the recommended permanency goal, why
3 that goal is recommended, and why the other potential
4 goals were not recommended.

5 The caseworker must appear and testify at the permanency
6 hearing. If a permanency hearing has not previously been
7 scheduled by the court, the moving party shall move for the
8 setting of a permanency hearing and the entry of an order
9 within the time frames set forth in this subsection.

10 (2.3) At the permanency hearing, the court shall determine
11 the permanency goal of the child. The court shall set one of
12 the following permanency goals:

13 (A) The minor will be returned home by a specific date
14 within 5 months.

15 (B) The minor will be in short-term care with a
16 continued goal to return home within a period not to
17 exceed one year, where the progress of the parent or
18 parents is substantial giving particular consideration to
19 the age and individual needs of the minor.

20 (B-1) The minor will be in short-term care with a
21 continued goal to return home pending a status hearing.
22 When the court finds that a parent has not made reasonable
23 efforts or reasonable progress to date, the court shall
24 identify what actions the parent and the Department must
25 take in order to justify a finding of reasonable efforts
26 or reasonable progress and shall set a status hearing to

1 be held not earlier than 9 months from the date of
2 adjudication nor later than 11 months from the date of
3 adjudication during which the parent's progress will again
4 be reviewed.

5 If the court has determined that goals (A), (B), and
6 (B-1) are not appropriate and not in the minor's best
7 interest, the court may select one of the following goals:
8 (C), (D), (E), (F), (G), or (H) for the minor as
9 appropriate and based on the best interests of the minor.
10 The court shall determine the appropriate goal for the
11 minor based on best interest factors and any
12 considerations outlined in that goal.

13 (C) The guardianship of the minor shall be transferred
14 to an individual or couple on a permanent basis. Prior to
15 changing the goal to guardianship, the court shall
16 consider the following:

17 (i) whether the agency has discussed adoption and
18 guardianship with the caregiver and what preference,
19 if any, the caregiver has as to the permanency goal;

20 (ii) whether the agency has discussed adoption and
21 guardianship with the minor, as age-appropriate, and
22 what preference, if any, the minor has as to the
23 permanency goal;

24 (iii) whether the minor is of sufficient age to
25 remember the minor's parents and if the child values
26 this familial identity;

1 (iv) whether the minor is placed with a relative,
2 and beginning July 1, 2025, whether the minor is
3 placed in a relative home as defined in Section 4d of
4 the Children and Family Services Act or in a certified
5 relative caregiver home as defined in Section 2.36 of
6 the Child Care Act of 1969; and

7 (v) whether the parent or parents have been
8 informed about guardianship and adoption, and, if
9 appropriate, what preferences, if any, the parent or
10 parents have as to the permanency goal.

11 (D) The minor will be in substitute care pending court
12 determination on termination of parental rights. Prior to
13 changing the goal to substitute care pending court
14 determination on termination of parental rights, the court
15 shall consider the following:

16 (i) whether the agency has discussed adoption and
17 guardianship with the caregiver and what preference,
18 if any, the caregiver has as to the permanency goal;

19 (ii) whether the agency has discussed adoption and
20 guardianship with the minor, as age-appropriate, and
21 what preference, if any, the minor has as to the
22 permanency goal;

23 (iii) whether the minor is of sufficient age to
24 remember the minor's parents and if the child values
25 this familial identity;

26 (iv) whether the minor is placed with a relative,

1 and beginning July 1, 2025, whether the minor is
2 placed in a relative home as defined in Section 4d of
3 the Children and Family Services Act, in a certified
4 relative caregiver home as defined in Section 2.36 of
5 the Child Care Act of 1969;

6 (v) whether the minor is already placed in a
7 pre-adoptive home, and if not, whether such a home has
8 been identified; and

9 (vi) whether the parent or parents have been
10 informed about guardianship and adoption, and, if
11 appropriate, what preferences, if any, the parent or
12 parents have as to the permanency goal.

13 (E) Adoption, provided that parental rights have been
14 terminated or relinquished.

15 (F) Provided that permanency goals (A) through (E)
16 have been deemed inappropriate and not in the minor's best
17 interests, the minor over age 15 will be in substitute
18 care pending independence. In selecting this permanency
19 goal, the Department of Children and Family Services may
20 provide services to enable reunification and to strengthen
21 the minor's connections with family, fictive kin, and
22 other responsible adults, provided the services are in the
23 minor's best interest. The services shall be documented in
24 the service plan.

25 (G) The minor will be in substitute care because the
26 minor cannot be provided for in a home environment due to

1 developmental disabilities or mental illness or because
2 the minor is a danger to self or others, provided that
3 goals (A) through (E) have been deemed inappropriate and
4 not in the child's best interests.

5 In selecting any permanency goal, the court shall indicate
6 in writing the reasons the goal was selected and why the
7 preceding goals were deemed inappropriate and not in the
8 child's best interest. Where the court has selected a
9 permanency goal other than (A), (B), or (B-1), the Department
10 of Children and Family Services shall not provide further
11 reunification services, except as provided in paragraph (F) of
12 this subsection (2.3), but shall provide services consistent
13 with the goal selected.

14 (H) Notwithstanding any other provision in this
15 Section, the court may select the goal of continuing
16 foster care as a permanency goal if:

17 (1) The Department of Children and Family Services
18 has custody and guardianship of the minor;

19 (2) The court has deemed all other permanency
20 goals inappropriate based on the child's best
21 interest;

22 (3) The court has found compelling reasons, based
23 on written documentation reviewed by the court, to
24 place the minor in continuing foster care. Compelling
25 reasons include:

26 (a) the child does not wish to be adopted or to

1 be placed in the guardianship of the minor's
2 relative, certified relative caregiver, or foster
3 care placement;

4 (b) the child exhibits an extreme level of
5 need such that the removal of the child from the
6 minor's placement would be detrimental to the
7 child; or

8 (c) the child who is the subject of the
9 permanency hearing has existing close and strong
10 bonds with a sibling, and achievement of another
11 permanency goal would substantially interfere with
12 the subject child's sibling relationship, taking
13 into consideration the nature and extent of the
14 relationship, and whether ongoing contact is in
15 the subject child's best interest, including
16 long-term emotional interest, as compared with the
17 legal and emotional benefit of permanence;

18 (4) The child has lived with the relative,
19 certified relative caregiver, or foster parent for at
20 least one year; and

21 (5) The relative, certified relative caregiver, or
22 foster parent currently caring for the child is
23 willing and capable of providing the child with a
24 stable and permanent environment.

25 (2.4) The court shall set a permanency goal that is in the
26 best interest of the child. In determining that goal, the

1 court shall consult with the minor in an age-appropriate
2 manner regarding the proposed permanency or transition plan
3 for the minor. The court's determination shall include the
4 following factors:

5 (A) Age of the child.

6 (B) Options available for permanence, including both
7 out-of-state and in-state placement options.

8 (C) Current placement of the child and the intent of
9 the family regarding subsidized guardianship and adoption.

10 (D) Emotional, physical, and mental status or
11 condition of the child.

12 (E) Types of services previously offered and whether
13 or not the services were successful and, if not
14 successful, the reasons the services failed.

15 (F) Availability of services currently needed and
16 whether the services exist.

17 (G) Status of siblings of the minor.

18 (H) If the minor is not currently in a placement
19 likely to achieve permanency, whether there is an
20 identified and willing potential permanent caregiver for
21 the minor, and if so, that potential permanent caregiver's
22 intent regarding guardianship and adoption.

23 The court shall consider (i) the permanency goal contained
24 in the service plan, (ii) the appropriateness of the services
25 contained in the plan and whether those services have been
26 provided, (iii) whether reasonable efforts have been made by

1 all the parties to the service plan to achieve the goal, and
2 (iv) whether the plan and goal have been achieved. All
3 evidence relevant to determining these questions, including
4 oral and written reports, may be admitted and may be relied on
5 to the extent of their probative value.

6 The court shall make findings as to whether, in violation
7 of Section 8.2 of the Abused and Neglected Child Reporting
8 Act, any portion of the service plan compels a child or parent
9 to engage in any activity or refrain from any activity that is
10 not reasonably related to remedying a condition or conditions
11 that gave rise or which could give rise to any finding of child
12 abuse or neglect. The services contained in the service plan
13 shall include services reasonably related to remedy the
14 conditions that gave rise to removal of the child from the home
15 of the child's parents, guardian, or legal custodian or that
16 the court has found must be remedied prior to returning the
17 child home. Any tasks the court requires of the parents,
18 guardian, or legal custodian or child prior to returning the
19 child home must be reasonably related to remedying a condition
20 or conditions that gave rise to or which could give rise to any
21 finding of child abuse or neglect.

22 If the permanency goal is to return home, the court shall
23 make findings that identify any problems that are causing
24 continued placement of the children away from the home and
25 identify what outcomes would be considered a resolution to
26 these problems. The court shall explain to the parents that

1 these findings are based on the information that the court has
2 at that time and may be revised, should additional evidence be
3 presented to the court.

4 The court shall review the Sibling Contact Support Plan
5 developed or modified under subsection (f) of Section 7.4 of
6 the Children and Family Services Act, if applicable. If the
7 Department has not convened a meeting to develop or modify a
8 Sibling Contact Support Plan, or if the court finds that the
9 existing Plan is not in the child's best interest, the court
10 may enter an order requiring the Department to develop,
11 modify, or implement a Sibling Contact Support Plan, or order
12 mediation.

13 The court shall review the Department's efforts to provide
14 the minor with age and developmentally appropriate life
15 skills. If the court finds the Department's efforts are not in
16 the minor's best interest, the court may enter an order
17 requiring the Department to develop, modify, or implement the
18 service plan to develop the minor's life skills in an age and
19 developmentally appropriate manner.

20 Beginning July 1, 2025, the court shall review the Ongoing
21 Family Finding and Relative Engagement Plan required under
22 Section 2-27.3. If the court finds that the plan is not in the
23 minor's best interest, the court shall enter specific factual
24 findings and order the Department to modify the plan
25 consistent with the court's findings.

26 If the goal has been achieved, the court shall enter

1 orders that are necessary to conform the minor's legal custody
2 and status to those findings.

3 If, after receiving evidence, the court determines that
4 the services contained in the plan are not reasonably
5 calculated to facilitate achievement of the permanency goal,
6 the court shall put in writing the factual basis supporting
7 the determination and enter specific findings based on the
8 evidence. The court also shall enter an order for the
9 Department to develop and implement a new service plan or to
10 implement changes to the current service plan consistent with
11 the court's findings. The new service plan shall be filed with
12 the court and served on all parties within 45 days of the date
13 of the order. The court shall continue the matter until the new
14 service plan is filed. Except as authorized by subsection
15 (2.5) of this Section and as otherwise specifically authorized
16 by law, the court is not empowered under this Section to order
17 specific placements, specific services, or specific service
18 providers to be included in the service plan.

19 A guardian or custodian appointed by the court pursuant to
20 this Act shall file updated case plans with the court every 6
21 months.

22 Rights of wards of the court under this Act are
23 enforceable against any public agency by complaints for relief
24 by mandamus filed in any proceedings brought under this Act.

25 (2.5) If, after reviewing the evidence, including evidence
26 from the Department, the court determines that the minor's

1 current or planned placement is not necessary or appropriate
2 to facilitate achievement of the permanency goal, the court
3 shall put in writing the factual basis supporting its
4 determination and enter specific findings based on the
5 evidence. If the court finds that the minor's current or
6 planned placement is not necessary or appropriate, the court
7 may enter an order directing the Department to implement a
8 recommendation by the minor's treating clinician or a
9 clinician contracted by the Department to evaluate the minor
10 or a recommendation made by the Department. If the Department
11 places a minor in a placement under an order entered under this
12 subsection (2.5), the Department has the authority to remove
13 the minor from that placement when a change in circumstances
14 necessitates the removal to protect the minor's health,
15 safety, and best interest. If the Department determines
16 removal is necessary, the Department shall notify the parties
17 of the planned placement change in writing no later than 10
18 days prior to the implementation of its determination unless
19 remaining in the placement poses an imminent risk of harm to
20 the minor, in which case the Department shall notify the
21 parties of the placement change in writing immediately
22 following the implementation of its decision. The Department
23 shall notify others of the decision to change the minor's
24 placement as required by Department rule.

25 (3) Following the permanency hearing, the court shall
26 enter a written order that includes the determinations

1 required under subsections (2) and (2.3) of this Section and
2 sets forth the following:

3 (a) The future status of the minor, including the
4 permanency goal, and any order necessary to conform the
5 minor's legal custody and status to such determination; or

6 (b) If the permanency goal of the minor cannot be
7 achieved immediately, the specific reasons for continuing
8 the minor in the care of the Department of Children and
9 Family Services or other agency for short-term placement,
10 and the following determinations:

11 (i) (Blank).

12 (ii) Whether the services required by the court
13 and by any service plan prepared within the prior 6
14 months have been provided and (A) if so, whether the
15 services were reasonably calculated to facilitate the
16 achievement of the permanency goal or (B) if not
17 provided, why the services were not provided.

18 (iii) Whether the minor's current or planned
19 placement is necessary, and appropriate to the plan
20 and goal, recognizing the right of minors to the least
21 restrictive (most family-like) setting available and
22 in close proximity to the parents' home consistent
23 with the health, safety, best interest, and special
24 needs of the minor and, if the minor is placed
25 out-of-state, whether the out-of-state placement
26 continues to be appropriate and consistent with the

1 health, safety, and best interest of the minor.

2 (iv) (Blank).

3 (v) (Blank).

4 If the court sets a permanency goal of independence or if
5 the minor is 17 years of age or older, the court shall schedule
6 a Successful Transition to Adulthood Review hearing in
7 accordance with Section 2-28.2.

8 (4) The minor or any person interested in the minor may
9 apply to the court for a change in custody of the minor and the
10 appointment of a new custodian or guardian of the person or for
11 the restoration of the minor to the custody of the minor's
12 parents or former guardian or custodian.

13 When return home is not selected as the permanency goal:

14 (a) The Department, the minor, or the current foster
15 parent or relative caregiver seeking private guardianship
16 may file a motion for private guardianship of the minor.
17 Appointment of a guardian under this Section requires
18 approval of the court.

19 (b) The State's Attorney may file a motion to
20 terminate parental rights of any parent who has failed to
21 make reasonable efforts to correct the conditions which
22 led to the removal of the child or reasonable progress
23 toward the return of the child, as defined in subdivision
24 (D)(m) of Section 1 of the Adoption Act or for whom any
25 other unfitness ground for terminating parental rights as
26 defined in subdivision (D) of Section 1 of the Adoption

1 Act exists.

2 When parental rights have been terminated for a
3 minimum of 3 years and the child who is the subject of the
4 permanency hearing is 13 years old or older and is not
5 currently placed in a placement likely to achieve
6 permanency, the Department of Children and Family Services
7 shall make reasonable efforts to locate parents whose
8 rights have been terminated, except when the Court
9 determines that those efforts would be futile or
10 inconsistent with the subject child's best interests. The
11 Department of Children and Family Services shall assess
12 the appropriateness of the parent whose rights have been
13 terminated, and shall, as appropriate, foster and support
14 connections between the parent whose rights have been
15 terminated and the youth. The Department of Children and
16 Family Services shall document its determinations and
17 efforts to foster connections in the child's case plan.

18 Custody of the minor shall not be restored to any parent,
19 guardian, or legal custodian in any case in which the minor is
20 found to be neglected or abused under Section 2-3 or dependent
21 under Section 2-4 of this Act, unless the minor can be cared
22 for at home without endangering the minor's health or safety
23 and it is in the best interest of the minor, and if such
24 neglect, abuse, or dependency is found by the court under
25 paragraph (1) of Section 2-21 of this Act to have come about
26 due to the acts or omissions or both of such parent, guardian,

1 or legal custodian, until such time as an investigation is
2 made as provided in paragraph (5) and a hearing is held on the
3 issue of the health, safety, and best interest of the minor and
4 the fitness of such parent, guardian, or legal custodian to
5 care for the minor and the court enters an order that such
6 parent, guardian, or legal custodian is fit to care for the
7 minor. If a motion is filed to modify or vacate a private
8 guardianship order and return the child to a parent, guardian,
9 or legal custodian, the court may order the Department of
10 Children and Family Services to assess the minor's current and
11 proposed living arrangements and to provide ongoing monitoring
12 of the health, safety, and best interest of the minor during
13 the pendency of the motion to assist the court in making that
14 determination. In the event that the minor has attained 18
15 years of age and the guardian or custodian petitions the court
16 for an order terminating the minor's guardianship or custody,
17 guardianship or custody shall terminate automatically 30 days
18 after the receipt of the petition unless the court orders
19 otherwise. No legal custodian or guardian of the person may be
20 removed without the legal custodian's or guardian's consent
21 until given notice and an opportunity to be heard by the court.

22 When the court orders a child restored to the custody of
23 the parent or parents, the court shall order the parent or
24 parents to cooperate with the Department of Children and
25 Family Services and comply with the terms of an aftercare
26 ~~after care~~ plan, or risk the loss of custody of the child and

1 possible termination of their parental rights. The court may
2 also enter an order of protective supervision in accordance
3 with Section 2-24.

4 If the minor is being restored to the custody of a parent,
5 legal custodian, or guardian who lives outside of Illinois,
6 and an Interstate Compact has been requested and refused, the
7 court may order the Department of Children and Family Services
8 to arrange for an assessment of the minor's proposed living
9 arrangement and for ongoing monitoring of the health, safety,
10 and best interest of the minor and compliance with any order of
11 protective supervision entered in accordance with Section
12 2-24.

13 (5) Whenever a parent, guardian, or legal custodian files
14 a motion for restoration of custody of the minor, and the minor
15 was adjudicated neglected, abused, or dependent as a result of
16 physical abuse, the court shall cause to be made an
17 investigation as to whether the movant has ever been charged
18 with or convicted of any criminal offense which would indicate
19 the likelihood of any further physical abuse to the minor.
20 Evidence of such criminal convictions shall be taken into
21 account in determining whether the minor can be cared for at
22 home without endangering the minor's health or safety and
23 fitness of the parent, guardian, or legal custodian.

24 (a) Any agency of this State or any subdivision
25 thereof shall cooperate with the agent of the court in
26 providing any information sought in the investigation.

1 (b) The information derived from the investigation and
2 any conclusions or recommendations derived from the
3 information shall be provided to the parent, guardian, or
4 legal custodian seeking restoration of custody prior to

3 (720 ILCS 5/11-20.1)

4 Sec. 11-20.1. Child sexual abuse material.

5 (a) Recognizing the enormous negative societal impact that
6 sexually explicit visual depictions of children engaged in
7 sexual abuse activities have on the children who are abused,
8 and the overarching broader impact these materials and imagery
9 have at various levels to the public, especially when this
10 material is disseminated, we are changing all references in
11 Illinois statutes from "child pornography" to "child sexual
12 abuse material". It is important that the statutes of the
13 State of Illinois reflect the content and realities of these
14 materials as the sexual abuse and exploitation of children.
15 The word "pornography" implied legality involving "consent" of
16 which this imagery is not, as children can never "consent" to
17 sexual abuse and sexual exploitation. This name change is not
18 a change in meaning, definitions, statutes or application of
19 the laws of this State and all previous references to "child
20 pornography" are now encapsulated in "child sexual abuse
21 materials".

22 A person commits child sexual abuse material who:

23 (1) films, videotapes, photographs, or otherwise
24 depicts or portrays by means of any similar visual medium
25 or reproduction or depicts by computer any child whom he

2 of 18 or any person with a severe or profound intellectual
3 disability where such child or person with a severe or
4 profound intellectual disability is:

6 of sexual penetration or sexual conduct with any
7 person or animal; or

8 (ii) actually or by simulation engaged in any act
9 of sexual penetration or sexual conduct involving the
10 sex organs of the child or person with a severe or
11 profound intellectual disability and the mouth, anus,
12 or sex organs of another person or animal; or which
13 involves the mouth, anus or sex organs of the child or
14 person with a severe or profound intellectual
15 disability and the sex organs of another person or
16 animal; or

17 (iii) actually or by simulation engaged in any act
18 of masturbation; or

21 fondling, touching, or caressing involving another
22 person or animal; or

4 or setting involving a lewd exhibition of the
5 unclothed or transparently clothed genitals, pubic
6 area, buttocks, or, if such person is female, a fully
7 or partially developed breast of the child or other
8 person; or

10 thereof, reproduces, disseminates, offers to disseminate,
11 exhibits or possesses with intent to disseminate any film,
12 videotape, photograph or other similar visual reproduction
13 or depiction by computer of any child or person with a

23 by computer which includes a child whom the person knows
24 or reasonably should know to be under the age of 18 or a
25 person with a severe or profound intellectual disability
26 engaged in any activity described in subparagraphs (i)

1 through (vii) of paragraph (1) of this subsection; or

1 visual reproduction or depiction by computer of any child
2 or person with a severe or profound intellectual
3 disability whom the person knows or reasonably should know
4 to be under the age of 18 or to be a person with a severe
5 or profound intellectual disability, engaged in any
6 activity described in subparagraphs (i) through (vii) of
7 paragraph (1) of this subsection; or

8 (7) solicits, or knowingly uses, persuades, induces,
9 entices, or coerces, a person to provide a child under the
10 age of 18 or a person with a severe or profound
11 intellectual disability to appear in any videotape,
12 photograph, film, stage play, live presentation, or other
13 similar visual reproduction or depiction by computer in
14 which the child or person with a severe or profound
15 intellectual disability will be depicted, actually or by
16 simulation, in any act, pose, or setting described in

5 where, prior to the act or acts giving rise to a prosecution
6 under this Section, he or she took some affirmative action or
7 made a bonafide inquiry designed to ascertain whether the
8 child was 18 years of age or older or that the person was not a
9 person with a severe or profound intellectual disability and
10 his or her reliance upon the information so obtained was
11 clearly reasonable.

13 visual medium or reproduction or depiction by computer is
14 of a person under the age of 18 or a person with a severe
15 or profound intellectual disability. "Child sexual abuse
16 material" includes the depiction of a part of an actual
17 child under the age of 18 who, by manipulation, creation,
18 or modification, appears to be engaged in any activity
19 described in subparagraphs (i) through (vii) of paragraph
20 (1) of subsection (a). ~~sexual abuse material~~
21 (g) Re-enactment; findings; purposes.

22 (1) The General Assembly finds and declares that:

23 (i) Section 50-5 of Public Act 88-680, effective
24 January 1, 1995, contained provisions amending the
25 child sexual abuse material statute, Section 11-20.1
26 of the Criminal Code of 1961. Section 50-5 also

1 contained other provisions.

2 (ii) In addition, Public Act 88-680 was entitled
3 "AN ACT to create a Safe Neighborhoods Law". (A)
4 Article 5 was entitled JUVENILE JUSTICE and amended
5 the Juvenile Court Act of 1987. (B) Article 15 was
6 entitled GANGS and amended various provisions of the
7 Criminal Code of 1961 and the Unified Code of
8 Corrections. (C) Article 20 was entitled ALCOHOL ABUSE
9 and amended various provisions of the Illinois Vehicle
10 Code. (D) Article 25 was entitled DRUG ABUSE and
11 amended the Cannabis Control Act and the Illinois
12 Controlled Substances Act. (E) Article 30 was entitled
13 FIREARMS and amended the Criminal Code of 1961 and the
14 Code of Criminal Procedure of 1963. (F) Article 35
15 amended the Criminal Code of 1961, the Rights of Crime
16 Victims and Witnesses Act, and the Unified Code of
17 Corrections. (G) Article 40 amended the Criminal Code
18 of 1961 to increase the penalty for compelling
19 organization membership of persons. (H) Article 45
20 created the Secure Residential Youth Care Facility
21 Licensing Act and amended the State Finance Act, the
22 Juvenile Court Act of 1987, the Unified Code of
23 Corrections, and the Private Correctional Facility
24 Moratorium Act. (I) Article 50 amended the WIC Vendor
25 Management Act, the Firearm Owners Identification Card
26 Act, the Juvenile Court Act of 1987, the Criminal Code

1 of 1961, the Wrongs to Children Act, and the Unified
2 Code of Corrections.

3 (iii) On September 22, 1998, the Third District
4 Appellate Court in People v. Dainty, 701 N.E. 2d 118,
5 ruled that Public Act 88-680 violates the single
6 subject clause of the Illinois Constitution (Article
7 IV, Section 8 (d)) and was unconstitutional in its
8 entirety. As of the time this amendatory Act of 1999
9 was prepared, People v. Dainty was still subject to
10 appeal.

11 (iv) Child sexual abuse material is a vital
12 concern to the people of this State and the validity of
13 future prosecutions under the child sexual abuse
14 material statute of the Criminal Code of 1961 is in
15 grave doubt.

16 (2) It is the purpose of this amendatory Act of 1999 to
17 prevent or minimize any problems relating to prosecutions
18 for child sexual abuse material that may result from
19 challenges to the constitutional validity of Public Act
20 88-680 by re-enacting the Section relating to child sexual
21 abuse material that was included in Public Act 88-680.

22 (3) This amendatory Act of 1999 re-enacts Section
23 11-20.1 of the Criminal Code of 1961, as it has been
24 amended. This re-enactment is intended to remove any
25 question as to the validity or content of that Section; it
26 is not intended to supersede any other Public Act that

1 amends the text of the Section as set forth in this
2 amendatory Act of 1999. The material is shown as existing
3 text (i.e., without underscoring) because, as of the time
4 this amendatory Act of 1999 was prepared, People v. Dainty
5 was subject to appeal to the Illinois Supreme Court.

6 (4) The re-enactment by this amendatory Act of 1999 of
7 Section 11-20.1 of the Criminal Code of 1961 relating to
8 child sexual abuse material that was amended by Public Act
9 88-680 is not intended, and shall not be construed, to
10 imply that Public Act 88-680 is invalid or to limit or
11 impair any legal argument concerning whether those
12 provisions were substantially re-enacted by other Public
13 Acts.

18 (b) In addition, any mobile or portable equipment used in
19 the commission of an act which is in violation of Section 7g of
20 the Metropolitan Water Reclamation District Act shall be
21 subject to seizure and forfeiture under the same procedures
22 provided in this Article for the seizure and forfeiture of
23 vessels or watercraft, vehicles, and aircraft, and any such
24 equipment shall be deemed a vessel or watercraft, vehicle, or
25 aircraft for purposes of this Article.

26 (c) In addition, when a person discharges a firearm at

1 another individual from a vehicle with the knowledge and
2 consent of the owner of the vehicle and with the intent to
3 cause death or great bodily harm to that individual and as a
4 result causes death or great bodily harm to that individual,
5 the vehicle shall be subject to seizure and forfeiture under
6 the same procedures provided in this Article for the seizure
7 and forfeiture of vehicles used in violations of clauses (1),
8 (2), (3), or (4) of subsection (a) of this Section.

9 (d) If the spouse of the owner of a vehicle seized for an
10 offense described in subsection (g) of Section 6-303 of the

14 Code makes a showing that the seized vehicle is the only source
15 of transportation and it is determined that the financial
16 hardship to the family as a result of the seizure outweighs the
17 benefit to the State from the seizure, the vehicle may be
18 forfeited to the spouse or family member and the title to the
19 vehicle shall be transferred to the spouse or family member
20 who is properly licensed and who requires the use of the
21 vehicle for employment or family transportation purposes. A

24 transferred to the spouse or family member. The provisions of
25 this paragraph shall apply only to one forfeiture per vehicle.
26 If the vehicle is the subject of a subsequent forfeiture

1 proceeding by virtue of a subsequent conviction of either
2 spouse or the family member, the spouse or family member to
3 whom the vehicle was forfeited under the first forfeiture
4 proceeding may not utilize the provisions of this paragraph in
5 another forfeiture proceeding. If the owner of the vehicle
6 seized owns more than one vehicle, the procedure set out in
7 this paragraph may be used for only one vehicle.

8 (e) In addition, property subject to forfeiture under

12 (b-5) Upon the request of the victim, the law enforcement
13 agency having jurisdiction shall provide a free copy of the
14 police report concerning the victim's incident, as soon as

10 (a) At the request of the crime victim, law enforcement
11 authorities investigating the case shall provide notice of the
12 status of the investigation, except where the State's Attorney

14 unreasonably interfere with the investigation, until such time
15 as the alleged assailant is apprehended or the investigation
16 is closed.

17 (a-5) When law enforcement authorities reopen a closed
18 case to resume investigating, they shall provide notice of the

21 timely, so long as the notice is provided as soon as
22 practicable and in advance of the proceeding. Notice shall
23 be provided in sufficient time, wherever possible, for the
24 victim to make arrangements to attend or to prevent an
25 unnecessary appearance at court proceedings;

18 (6) shall provide, whenever possible, a secure waiting
19 area during court proceedings that does not require
20 victims to be in close proximity to defendants or
21 juveniles accused of a violent crime, and their families
22 and friends;

23 (7) shall provide notice to the crime victim of the
24 right to have a translator present at all court

1 access through a sign language interpreter or by other
2 means;

3 (8) (blank);

4 (8.5) shall inform the victim of the right to be

8 other testimony at trial;

10 present at all court proceedings, subject to the rules of
11 evidence and confidentiality, an advocate and other

19 case;

20 (9.5) shall inform the victim of (A) the victim's
21 right under Section 6 of this Act to make a statement at
22 the sentencing hearing; (B) the right of the victim's

24 family and household members under Section 6 of this Act
25 to present a statement at sentencing; and (C) if a
26 presentence report is to be prepared, the right of the

1 victim's spouse, guardian, parent, grandparent, and other
2 immediate family and household members to submit
3 information to the preparer of the presentence report
4 about the effect the offense has had on the victim and the
5 person;

6 (10) at the sentencing shall make a good faith attempt
7 to explain the minimum amount of time during which the
8 defendant may actually be physically imprisoned. The
9 Office of the State's Attorney shall further notify the
10 crime victim of the right to request from the Prisoner
11 Review Board or Department of Juvenile Justice information
12 concerning the release of the defendant;

13 (11) shall request restitution at sentencing and as
14 part of a plea agreement if the victim requests

20 under subparagraph (d) (2) of this Section;

21 (13) shall provide notice within a reasonable time

23 of the defendant on pretrial release or personal
24 recognizance or the release from detention of a minor who
25 has been detained;

26 (14) shall explain in nontechnical language the

1 details of any plea or verdict of a defendant, or any
2 adjudication of a juvenile as a delinquent;

3 (15) shall make all reasonable efforts to consult with
4 the crime victim before the Office of the State's Attorney
5 makes an offer of a plea bargain to the defendant or enters
6 into negotiations with the defendant concerning a possible
7 plea agreement, and shall consider the written statement,
8 if prepared prior to entering into a plea agreement. The
9 right to consult with the prosecutor does not include the
10 right to veto a plea agreement or to insist the case go to
11 trial. If the State's Attorney has not consulted with the
12 victim prior to making an offer or entering into plea
13 negotiations with the defendant, the Office of the State's
14 Attorney shall notify the victim of the offer or the
15 negotiations within 2 business days and confer with the
16 victim;

17 (16) shall provide notice of the ultimate disposition
18 of the cases arising from an indictment or an information,
19 or a petition to have a juvenile adjudicated as a
20 delinquent for a violent crime;

21 (17) shall provide notice of any appeal taken by the
22 defendant and information on how to contact the
23 appropriate agency handling the appeal, and how to request
24 notice of any hearing, oral argument, or decision of an
25 appellate court;

26 (18) shall provide timely notice of any request for

1 post-conviction review filed by the defendant under
2 Article 122 of the Code of Criminal Procedure of 1963, and
3 of the date, time and place of any hearing concerning the
4 petition. Whenever possible, notice of the hearing shall
5 be given within 48 hours of the court's scheduling of the
6 hearing;

7 (19) shall forward a copy of any statement presented
8 under Section 6 to the Prisoner Review Board or Department
9 of Juvenile Justice to be considered in making a
10 determination under Section 3-2.5-85 or subsection (b) of
11 Section 3-3-8 of the Unified Code of Corrections;

12 (20) shall, within a reasonable time, offer to meet
13 with the crime victim regarding the decision of the
14 State's Attorney not to charge an offense, and shall meet
15 with the victim, if the victim agrees. The victim has a
16 right to have an attorney, advocate, and other support
17 person of the victim's choice attend this meeting with the
18 victim; and

19 (21) shall give the crime victim timely notice of any
20 decision not to pursue charges and consider the safety of
21 the victim when deciding how to give such notice.

22 (c) The court shall ensure that the rights of the victim
23 are afforded.

24 (c-5) The following procedures shall be followed to afford
25 victims the rights guaranteed by Article I, Section 8.1 of the
26 Illinois Constitution:

1 (1) Written notice. A victim may complete a written
2 notice of intent to assert rights on a form prepared by the
3 Office of the Attorney General and provided to the victim
4 by the State's Attorney. The victim may at any time
5 provide a revised written notice to the State's Attorney.
6 The State's Attorney shall file the written notice with
7 the court. At the beginning of any court proceeding in
8 which the right of a victim may be at issue, the court and
9 prosecutor shall review the written notice to determine
10 whether the victim has asserted the right that may be at
11 issue.

12 (2) Victim's retained attorney. A victim's attorney
13 shall file an entry of appearance limited to assertion of
14 the victim's rights. Upon the filing of the entry of
15 appearance and service on the State's Attorney and the
16 defendant, the attorney is to receive copies of all
17 notices, motions and court orders filed thereafter in the
18 case.

19 (3) Standing. The victim has standing to assert the
20 rights enumerated in subsection (a) of Article I, Section
21 8.1 of the Illinois Constitution and the statutory rights
22 under Section 4 of this Act in any court exercising
23 jurisdiction over the criminal case. The prosecuting
24 attorney, a victim, or the victim's retained attorney may
25 assert the victim's rights. The defendant in the criminal
26 case has no standing to assert a right of the victim in any

1 court proceeding, including on appeal.

2 (4) Assertion of and enforcement of rights.

3 (A) The prosecuting attorney shall assert a
4 victim's right or request enforcement of a right by
5 filing a motion or by orally asserting the right or
6 requesting enforcement in open court in the criminal
7 case outside the presence of the jury. The prosecuting
8 attorney shall consult with the victim and the
9 victim's attorney regarding the assertion or
10 enforcement of a right. If the prosecuting attorney
11 decides not to assert or enforce a victim's right, the
12 prosecuting attorney shall notify the victim or the
13 victim's attorney in sufficient time to allow the
14 victim or the victim's attorney to assert the right or
15 to seek enforcement of a right.

16 (B) If the prosecuting attorney elects not to
17 assert a victim's right or to seek enforcement of a
18 right, the victim or the victim's attorney may assert
19 the victim's right or request enforcement of a right
20 by filing a motion or by orally asserting the right or
21 requesting enforcement in open court in the criminal
22 case outside the presence of the jury.

23 (C) If the prosecuting attorney asserts a victim's
24 right or seeks enforcement of a right, unless the
25 prosecuting attorney objects or the trial court does
26 not allow it, the victim or the victim's attorney may

1 be heard regarding the prosecuting attorney's motion
2 or may file a simultaneous motion to assert or request
3 enforcement of the victim's right. If the victim or
4 the victim's attorney was not allowed to be heard at
5 the hearing regarding the prosecuting attorney's
6 motion, and the court denies the prosecuting
7 attorney's assertion of the right or denies the
8 request for enforcement of a right, the victim or
9 victim's attorney may file a motion to assert the
10 victim's right or to request enforcement of the right
11 within 10 days of the court's ruling. The motion need
12 not demonstrate the grounds for a motion for
13 reconsideration. The court shall rule on the merits of
14 the motion.

15 (D) The court shall take up and decide any motion
16 or request asserting or seeking enforcement of a
17 victim's right without delay, unless a specific time
18 period is specified by law or court rule. The reasons
19 for any decision denying the motion or request shall
20 be clearly stated on the record.

21 (E) No later than January 1, 2023, the Office of
22 the Attorney General shall:

23 (i) designate an administrative authority
24 within the Office of the Attorney General to
25 receive and investigate complaints relating to the
26 provision or violation of the rights of a crime

1 victim as described in Article I, Section 8.1 of
2 the Illinois Constitution and in this Act;

3 (ii) create and administer a course of
4 training for employees and offices of the State of
5 Illinois that fail to comply with provisions of
6 Illinois law pertaining to the treatment of crime
7 victims as described in Article I, Section 8.1 of
8 the Illinois Constitution and in this Act as
9 required by the court under Section 5 of this Act;
10 and

11 (iii) have the authority to make
12 recommendations to employees and offices of the
13 State of Illinois to respond more effectively to
14 the needs of crime victims, including regarding
15 the violation of the rights of a crime victim.

16 (F) Crime victims' rights may also be asserted by
17 filing a complaint for mandamus, injunctive, or
18 declaratory relief in the jurisdiction in which the
19 victim's right is being violated or where the crime is
20 being prosecuted. For complaints or motions filed by
21 or on behalf of the victim, the clerk of court shall
22 waive filing fees that would otherwise be owed by the
23 victim for any court filing with the purpose of
24 enforcing crime victims' rights. If the court denies
25 the relief sought by the victim, the reasons for the
26 denial shall be clearly stated on the record in the

1 transcript of the proceedings, in a written opinion,
2 or in the docket entry, and the victim may appeal the
3 circuit court's decision to the appellate court. The
4 court shall issue prompt rulings regarding victims'
5 rights. Proceedings seeking to enforce victims' rights
6 shall not be stayed or subject to unreasonable delay
7 via continuances.

8 (5) Violation of rights and remedies.

9 (A) If the court determines that a victim's right
10 has been violated, the court shall determine the
11 appropriate remedy for the violation of the victim's
12 right by hearing from the victim and the parties,
13 considering all factors relevant to the issue, and
14 then awarding appropriate relief to the victim.

15 (A-5) Consideration of an issue of a substantive
16 nature or an issue that implicates the constitutional
17 or statutory right of a victim at a court proceeding
18 labeled as a status hearing shall constitute a per se
19 violation of a victim's right.

20 (B) The appropriate remedy shall include only
21 actions necessary to provide the victim the right to
22 which the victim was entitled. Remedies may include,
23 but are not limited to: injunctive relief requiring
24 the victim's right to be afforded; declaratory
25 judgment recognizing or clarifying the victim's
26 rights; a writ of mandamus; and may include reopening

1 previously held proceedings; however, in no event
2 shall the court vacate a conviction. Any remedy shall
3 be tailored to provide the victim an appropriate
4 remedy without violating any constitutional right of
5 the defendant. In no event shall the appropriate
6 remedy to the victim be a new trial or damages.

7 The court shall impose a mandatory training course
8 provided by the Attorney General for the employee under
9 item (ii) of subparagraph (E) of paragraph (4), which must
10 be successfully completed within 6 months of the entry of
11 the court order.

12 This paragraph (5) takes effect January 2, 2023.

13 (6) Right to be heard. Whenever a victim has the right
14 to be heard, the court shall allow the victim to exercise
15 the right in any reasonable manner the victim chooses.

16 (7) Right to attend trial. A party must file a written
17 motion to exclude a victim from trial at least 60 days
18 prior to the date set for trial. The motion must state with
19 specificity the reason exclusion is necessary to protect a
20 constitutional right of the party, and must contain an
21 offer of proof. The court shall rule on the motion within
22 30 days. If the motion is granted, the court shall set
23 forth on the record the facts that support its finding
24 that the victim's testimony will be materially affected if
25 the victim hears other testimony at trial.

26 (8) Right to have advocate and support person present

1 at court proceedings.

2 (A) A party who intends to call an advocate as a
3 witness at trial must seek permission of the court
4 before the subpoena is issued. The party must file a
5 written motion at least 90 days before trial that sets
6 forth specifically the issues on which the advocate's
7 testimony is sought and an offer of proof regarding
8 (i) the content of the anticipated testimony of the
9 advocate; and (ii) the relevance, admissibility, and
10 materiality of the anticipated testimony. The court
11 shall consider the motion and make findings within 30
12 days of the filing of the motion. If the court finds by
13 a preponderance of the evidence that: (i) the
14 anticipated testimony is not protected by an absolute
15 privilege; and (ii) the anticipated testimony contains
16 relevant, admissible, and material evidence that is
17 not available through other witnesses or evidence, the
18 court shall issue a subpoena requiring the advocate to
19 appear to testify at an in camera hearing. The
20 prosecuting attorney and the victim shall have 15 days
21 to seek appellate review before the advocate is
22 required to testify at an ex parte in camera
23 proceeding.

24 The prosecuting attorney, the victim, and the
25 advocate's attorney shall be allowed to be present at
26 the ex parte in camera proceeding. If, after

1 conducting the ex parte in camera hearing, the court
2 determines that due process requires any testimony
3 regarding confidential or privileged information or
4 communications, the court shall provide to the
5 prosecuting attorney, the victim, and the advocate's
6 attorney a written memorandum on the substance of the
7 advocate's testimony. The prosecuting attorney, the
8 victim, and the advocate's attorney shall have 15 days
9 to seek appellate review before a subpoena may be
10 issued for the advocate to testify at trial. The
11 presence of the prosecuting attorney at the ex parte
12 in camera proceeding does not make the substance of
13 the advocate's testimony that the court has ruled
14 inadmissible subject to discovery.

15 (B) If a victim has asserted the right to have a
16 support person present at the court proceedings, the
17 victim shall provide the name of the person the victim
18 has chosen to be the victim's support person to the
19 prosecuting attorney, within 60 days of trial. The
20 prosecuting attorney shall provide the name to the
21 defendant. If the defendant intends to call the
22 support person as a witness at trial, the defendant
23 must seek permission of the court before a subpoena is
24 issued. The defendant must file a written motion at
25 least 45 days prior to trial that sets forth
26 specifically the issues on which the support person

1 will testify and an offer of proof regarding: (i) the
2 content of the anticipated testimony of the support
3 person; and (ii) the relevance, admissibility, and
4 materiality of the anticipated testimony.

5 If the prosecuting attorney intends to call the
6 support person as a witness during the State's
7 case-in-chief, the prosecuting attorney shall inform
8 the court of this intent in the response to the
9 defendant's written motion. The victim may choose a
10 different person to be the victim's support person.
11 The court may allow the defendant to inquire about
12 matters outside the scope of the direct examination
13 during cross-examination. If the court allows the
14 defendant to do so, the support person shall be
15 allowed to remain in the courtroom after the support
16 person has testified. A defendant who fails to
17 question the support person about matters outside the
18 scope of direct examination during the State's
19 case-in-chief waives the right to challenge the
20 presence of the support person on appeal. The court
21 shall allow the support person to testify if called as
22 a witness in the defendant's case-in-chief or the
23 State's rebuttal.

24 If the court does not allow the defendant to
25 inquire about matters outside the scope of the direct
26 examination, the support person shall be allowed to

1 remain in the courtroom after the support person has
2 been called by the defendant or the defendant has
3 rested. The court shall allow the support person to
4 testify in the State's rebuttal.

5 If the prosecuting attorney does not intend to
6 call the support person in the State's case-in-chief,
7 the court shall verify with the support person whether
8 the support person, if called as a witness, would
9 testify as set forth in the offer of proof. If the
10 court finds that the support person would testify as
11 set forth in the offer of proof, the court shall rule
12 on the relevance, materiality, and admissibility of
13 the anticipated testimony. If the court rules the
14 anticipated testimony is admissible, the court shall
15 issue the subpoena. The support person may remain in
16 the courtroom after the support person testifies and
17 shall be allowed to testify in rebuttal.

18 If the court excludes the victim's support person
19 during the State's case-in-chief, the victim shall be
20 allowed to choose another support person to be present
21 in court.

22 If the victim fails to designate a support person
23 within 60 days of trial and the defendant has
24 subpoenaed the support person to testify at trial, the
25 court may exclude the support person from the trial
26 until the support person testifies. If the court

1 excludes the support person the victim may choose
2 another person as a support person.

3 (9) Right to notice and hearing before disclosure of
4 confidential or privileged information or records.

5 (A) A defendant who seeks to subpoena testimony or
6 records of or concerning the victim that are
7 confidential or privileged by law must seek permission
8 of the court before the subpoena is issued. The
9 defendant must file a written motion and an offer of
10 proof regarding the relevance, admissibility and
11 materiality of the testimony or records. If the court
12 finds by a preponderance of the evidence that:

13 (i) the testimony or records are not protected
14 by an absolute privilege and

15 (ii) the testimony or records contain
16 relevant, admissible, and material evidence that
17 is not available through other witnesses or
18 evidence, the court shall issue a subpoena
19 requiring the witness to appear in camera or a
20 sealed copy of the records be delivered to the
21 court to be reviewed in camera. If, after
22 conducting an in camera review of the witness
23 statement or records, the court determines that
24 due process requires disclosure of any potential
25 testimony or any portion of the records, the court
26 shall provide copies of the records that it

1 intends to disclose to the prosecuting attorney
2 and the victim. The prosecuting attorney and the
3 victim shall have 30 days to seek appellate review
4 before the records are disclosed to the defendant,
5 used in any court proceeding, or disclosed to
6 anyone or in any way that would subject the
7 testimony or records to public review. The
8 disclosure of copies of any portion of the
9 testimony or records to the prosecuting attorney
10 under this Section does not make the records
11 subject to discovery or required to be provided to
12 the defendant.

13 (B) A prosecuting attorney who seeks to subpoena
14 information or records concerning the victim that are
15 confidential or privileged by law must first request
16 the written consent of the crime victim. If the victim
17 does not provide such written consent, including where
18 necessary the appropriate signed document required for
19 waiving privilege, the prosecuting attorney must serve
20 the subpoena at least 21 days prior to the date a
21 response or appearance is required to allow the
22 subject of the subpoena time to file a motion to quash
23 or request a hearing. The prosecuting attorney must
24 also send a written notice to the victim at least 21
25 days prior to the response date to allow the victim to
26 file a motion or request a hearing. The notice to the

1 victim shall inform the victim (i) that a subpoena has
2 been issued for confidential information or records
3 concerning the victim, (ii) that the victim has the
4 right to request a hearing prior to the response date
5 of the subpoena, and (iii) how to request the hearing.
6 The notice to the victim shall also include a copy of
7 the subpoena. If requested, a hearing regarding the
8 subpoena shall occur before information or records are
9 provided to the prosecuting attorney.

10 (10) Right to notice of court proceedings. If the
11 victim is not present at a court proceeding in which a
12 right of the victim is at issue, the court shall ask the
13 prosecuting attorney whether the victim was notified of
14 the time, place, and purpose of the court proceeding and
15 that the victim had a right to be heard at the court
16 proceeding. If the court determines that timely notice was
17 not given or that the victim was not adequately informed
18 of the nature of the court proceeding, the court shall not
19 rule on any substantive issues, accept a plea, or impose a
20 sentence and shall continue the hearing for the time
21 necessary to notify the victim of the time, place and
22 nature of the court proceeding. The time between court
23 proceedings shall not be attributable to the State under
24 Section 103-5 of the Code of Criminal Procedure of 1963.

25 (11) Right to timely disposition of the case. A victim
26 has the right to timely disposition of the case so as to

1 minimize the stress, cost, and inconvenience resulting
2 from the victim's involvement in the case. Before ruling
3 on a motion to continue trial or other court proceeding,
4 the court shall inquire into the circumstances for the
5 request for the delay and, if the victim has provided
6 written notice of the assertion of the right to a timely
7 disposition, and whether the victim objects to the delay.
8 If the victim objects, the prosecutor shall inform the
9 court of the victim's objections. If the prosecutor has
10 not conferred with the victim about the continuance, the
11 prosecutor shall inform the court of the attempts to
12 confer. If the court finds the attempts of the prosecutor
13 to confer with the victim were inadequate to protect the
14 victim's right to be heard, the court shall give the
15 prosecutor at least 3 but not more than 5 business days to
16 confer with the victim. In ruling on a motion to continue,
17 the court shall consider the reasons for the requested
18 continuance, the number and length of continuances that
19 have been granted, the victim's objections and procedures
20 to avoid further delays. If a continuance is granted over
21 the victim's objection, the court shall specify on the
22 record the reasons for the continuance and the procedures
23 that have been or will be taken to avoid further delays.

24 (12) Right to Restitution.

25 (A) If the victim has asserted the right to
26 restitution and the amount of restitution is known at

1 the time of sentencing, the court shall enter the
2 judgment of restitution at the time of sentencing.

3 (B) If the victim has asserted the right to
4 restitution and the amount of restitution is not known
5 at the time of sentencing, the prosecutor shall,
6 within 5 days after sentencing, notify the victim what
7 information and documentation related to restitution
8 is needed and that the information and documentation
9 must be provided to the prosecutor within 45 days
10 after sentencing. Failure to timely provide
11 information and documentation related to restitution
12 shall be deemed a waiver of the right to restitution.
13 The prosecutor shall file and serve within 60 days
14 after sentencing a proposed judgment for restitution
15 and a notice that includes information concerning the
16 identity of any victims or other persons seeking
17 restitution, whether any victim or other person
18 expressly declines restitution, the nature and amount
19 of any damages together with any supporting
20 documentation, a restitution amount recommendation,
21 and the names of any co-defendants and their case
22 numbers. Within 30 days after receipt of the proposed
23 judgment for restitution, the defendant shall file any
24 objection to the proposed judgment, a statement of
25 grounds for the objection, and a financial statement.
26 If the defendant does not file an objection, the court

1 may enter the judgment for restitution without further
2 proceedings. If the defendant files an objection and
3 either party requests a hearing, the court shall
4 schedule a hearing.

5 (13) Access to presentence reports.

6 (A) The victim may request a copy of the
7 presentence report prepared under the Unified Code of
8 Corrections from the State's Attorney. The State's
9 Attorney shall redact the following information before
10 providing a copy of the report:

11 (i) the defendant's mental history and
12 condition;

13 (ii) any evaluation prepared under subsection
14 (b) or (b-5) of Section 5-3-2; and

15 (iii) the name, address, phone number, and
16 other personal information about any other victim.

17 (B) The State's Attorney or the defendant may
18 request the court redact other information in the
19 report that may endanger the safety of any person.

20 (C) The State's Attorney may orally disclose to
21 the victim any of the information that has been
22 redacted if there is a reasonable likelihood that the
23 information will be stated in court at the sentencing.

24 (D) The State's Attorney must advise the victim
25 that the victim must maintain the confidentiality of
26 the report and other information. Any dissemination of

1 the report or information that was not stated at a
2 court proceeding constitutes indirect criminal
3 contempt of court.

4 (14) Appellate relief. If the trial court denies the
5 relief requested, the victim, the victim's attorney, or
6 the prosecuting attorney may file an appeal within 30 days
7 of the trial court's ruling. The trial or appellate court
8 may stay the court proceedings if the court finds that a
9 stay would not violate a constitutional right of the
10 defendant. If the appellate court denies the relief
11 sought, the reasons for the denial shall be clearly stated
12 in a written opinion. In any appeal in a criminal case, the
13 State may assert as error the court's denial of any crime
14 victim's right in the proceeding to which the appeal
15 relates.

16 (15) Limitation on appellate relief. In no case shall
17 an appellate court provide a new trial to remedy the
18 violation of a victim's right.

19 (16) The right to be reasonably protected from the
20 accused throughout the criminal justice process and the
21 right to have the safety of the victim and the victim's
22 family considered in determining whether to release the
23 defendant, and setting conditions of release after arrest
24 and conviction. A victim of domestic violence, a sexual
25 offense, or stalking may request the entry of a protective
26 order under Article 112A of the Code of Criminal Procedure

1 of 1963.

2 (d) Procedures after the imposition of sentence.

3 (1) The Prisoner Review Board shall inform a victim or
4 any other concerned citizen, upon written request, of the
5 prisoner's release on parole, mandatory supervised
6 release, electronic detention, work release, international
7 transfer or exchange, or by the custodian, other than the
8 Department of Juvenile Justice, of the discharge of any
9 individual who was adjudicated a delinquent for a crime
10 from State custody and by the sheriff of the appropriate
11 county of any such person's final discharge from county
12 custody. The Prisoner Review Board, upon written request,
13 shall provide to a victim or any other concerned citizen a
14 recent photograph of any person convicted of a felony,
15 upon his or her release from custody. The Prisoner Review
16 Board, upon written request, shall inform a victim or any
17 other concerned citizen when feasible at least 7 days
18 prior to the prisoner's release on furlough of the times
19 and dates of such furlough. Upon written request by the
20 victim or any other concerned citizen, the State's
21 Attorney shall notify the person once of the times and
22 dates of release of a prisoner sentenced to periodic
23 imprisonment. Notification shall be based on the most
24 recent information as to the victim's or other concerned
25 citizen's residence or other location available to the
26 notifying authority.

1 (1.5) The Prisoner Review Board shall notify a victim
2 of a prisoner's pardon, commutation of sentence, release
3 on furlough, or early release from State custody, if the
4 victim has previously requested that notification. The
5 notification shall be based upon the most recent
6 information available to the Board as to the victim's
7 residence or other location. The notification requirement
8 under this paragraph (1.5) is in addition to any
9 notification requirements under any other statewide victim
10 notification systems. The Board shall document its efforts
11 to provide the required notification if a victim alleges
12 lack of notification under this paragraph (1.5).

13 (2) When the defendant has been committed to the
14 Department of Human Services pursuant to Section 5-2-4 or
15 any other provision of the Unified Code of Corrections,
16 the victim may request to be notified by the releasing
17 authority of the approval by the court of an on-grounds
18 pass, a supervised off-grounds pass, an unsupervised
19 off-grounds pass, or conditional release; the release on
20 an off-grounds pass; the return from an off-grounds pass;
21 transfer to another facility; conditional release; escape;
22 death; or final discharge from State custody. The
23 Department of Human Services shall establish and maintain
24 a statewide telephone number to be used by victims to make
25 notification requests under these provisions and shall
26 publicize this telephone number on its website and to the

1 State's Attorney of each county.

2 (3) In the event of an escape from State custody, the
3 Department of Corrections or the Department of Juvenile
4 Justice immediately shall notify the Prisoner Review Board
5 of the escape and the Prisoner Review Board shall notify
6 the victim. The notification shall be based upon the most
7 recent information as to the victim's residence or other
8 location available to the Board. When no such information
9 is available, the Board shall make all reasonable efforts
10 to obtain the information and make the notification. When
11 the escapee is apprehended, the Department of Corrections
12 or the Department of Juvenile Justice immediately shall
13 notify the Prisoner Review Board and the Board shall
14 notify the victim. The notification requirement under this
15 paragraph (3) is in addition to any notification
16 requirements under any other statewide victim notification
17 systems. The Board shall document its efforts to provide
18 the required notification if a victim alleges lack of
19 notification under this paragraph (3).

20 (4) The victim of the crime for which the prisoner has
21 been sentenced has the right to register with the Prisoner
22 Review Board's victim registry. Victims registered with
23 the Board shall receive reasonable written notice not less
24 than 30 days prior to the parole hearing or target
25 aftercare release date. The victim has the right to submit
26 a victim statement for consideration by the Prisoner

1 Review Board or the Department of Juvenile Justice in
2 writing, on film, videotape, or other electronic means, or
3 in the form of a recording prior to the parole hearing or
4 target aftercare release date, or in person at the parole
5 hearing or aftercare release protest hearing, or by
6 calling the toll-free number established in subsection (f)
7 of this Section. The victim shall be notified within 7
8 days after the prisoner has been granted parole or
9 aftercare release and shall be informed of the right to
10 inspect the registry of parole decisions, established
11 under subsection (g) of Section 3-3-5 of the Unified Code
12 of Corrections. The provisions of this paragraph (4) are
13 subject to the Open Parole Hearings Act. Victim statements
14 provided to the Board shall be confidential and
15 privileged, including any statements received prior to
16 January 1, 2020 (the effective date of Public Act
17 101-288), except if the statement was an oral statement
18 made by the victim at a hearing open to the public.

19 (4-1) The crime victim, including any person who has
20 had a final, plenary, non-emergency, or emergency
21 protective order granted against the petitioner or parole
22 candidate under Article 112A of the Code of Criminal
23 Procedure of 1963, the Illinois Domestic Violence Act of
24 1986, the Stalking No Contact Order Act, or the Civil No
25 Contact Order Act, has the right to submit a victim
26 statement, in support or opposition, for consideration by

1 the Prisoner Review Board or the Department of Juvenile
2 Justice prior to or at a hearing to determine the
3 conditions of mandatory supervised release of a person
4 sentenced to a determinate sentence or at a hearing on
5 revocation of mandatory supervised release of a person
6 sentenced to a determinate sentence. A victim statement
7 may be submitted in writing, on film, videotape, or other
8 electronic means, or in the form of a recording, or orally
9 at a hearing, or by calling the toll-free number
10 established in subsection (f) of this Section. Victim
11 statements provided to the Board shall be confidential and
12 privileged, including any statements received prior to
13 January 1, 2020 (the effective date of Public Act
14 101-288), except if the statement was an oral statement
15 made by the victim at a hearing open to the public.

16 (4-2) The crime victim, including any person who has
17 had a final, plenary, non-emergency, or emergency
18 protective order granted against the petitioner or parole
19 candidate under Article 112A of the Code of Criminal
20 Procedure of 1963, the Illinois Domestic Violence Act of
21 1986, the Stalking No Contact Order Act, or the Civil No
22 Contact Order Act, has the right to submit a victim
23 statement, in support or opposition, to the Prisoner
24 Review Board for consideration at an executive clemency
25 hearing as provided in Section 3-3-13 of the Unified Code
26 of Corrections. A victim statement may be submitted in

1 writing, on film, videotape, or other electronic means, or
2 in the form of a recording prior to a hearing, or orally at
3 a hearing, or by calling the toll-free number established
4 in subsection (f) of this Section. Victim statements
5 provided to the Board shall be confidential and
6 privileged, including any statements received prior to
7 January 1, 2020 (the effective date of Public Act
8 101-288), except if the statement was an oral statement
9 made by the victim at a hearing open to the public.

10 (5) If a statement is presented under Section 6, the
11 Prisoner Review Board or Department of Juvenile Justice
12 shall inform the victim of any order of discharge pursuant
13 to Section 3-2.5-85 or 3-3-8 of the Unified Code of
14 Corrections.

15 (6) At the written or oral request of the victim of the
16 crime for which the prisoner was sentenced or the State's
17 Attorney of the county where the person seeking parole or
18 aftercare release was prosecuted, the Prisoner Review
19 Board or Department of Juvenile Justice shall notify the
20 victim and the State's Attorney of the county where the
21 person seeking parole or aftercare release was prosecuted
22 of the death of the prisoner if the prisoner died while on
23 parole or aftercare release or mandatory supervised
24 release.

25 (7) When a defendant who has been committed to the
26 Department of Corrections, the Department of Juvenile

1 Justice, or the Department of Human Services is released
2 or discharged and subsequently committed to the Department
3 of Human Services as a sexually violent person and the
4 victim had requested to be notified by the releasing
5 authority of the defendant's discharge, conditional
6 release, death, or escape from State custody, the
7 releasing authority shall provide to the Department of
8 Human Services such information that would allow the
9 Department of Human Services to contact the victim.

10 (8) When a defendant has been convicted of a sex
11 offense as defined in Section 2 of the Sex Offender
12 Registration Act and has been sentenced to the Department
13 of Corrections or the Department of Juvenile Justice, the
14 Prisoner Review Board or the Department of Juvenile
15 Justice shall notify the victim of the sex offense of the
16 prisoner's eligibility for release on parole, aftercare
17 release, mandatory supervised release, electronic
18 detention, work release, international transfer or
19 exchange, or by the custodian of the discharge of any
20 individual who was adjudicated a delinquent for a sex
21 offense from State custody and by the sheriff of the
22 appropriate county of any such person's final discharge
23 from county custody. The notification shall be made to the
24 victim at least 30 days, whenever possible, before release
25 of the sex offender.

26 (e) The officials named in this Section may satisfy some

1 or all of their obligations to provide notices and other
2 information through participation in a statewide victim and
3 witness notification system established by the Attorney
4 General under Section 8.5 of this Act.

5 (f) The Prisoner Review Board shall establish a toll-free

8 (4), (4-1), and (4-2) of subsection (d). The Prisoner Review
9 Board shall provide registered and identified victims with the
10 contact information for the State victim assistance hotline as
11 part of its process to obtain a victim witness statement and as

13 Section 1015. The Sexually Violent Persons Commitment Act
14 is amended by changing Section 30 as follows:

15 (725 ILCS 207/30)

16 Sec. 30. Detention; probable cause hearing; transfer for
17 examination.

18 (a) Upon the filing of a petition under Section 15 of this
19 Act, the court shall review the petition to determine whether
20 to issue an order for detention of the person who is the
21 subject of the petition. The person shall be detained only if
22 there is cause to believe that the person is eligible for
23 commitment under subsection (f) of Section 35 of this Act. A
24 person detained under this Section shall be held in a facility

1 approved by the Department. The Department may elect to place
2 persons who have been ordered by the court to be detained in a
3 State-operated mental health facility or a portion of that
4 facility. Persons placed in a State-operated mental health
5 facility under this Act shall be separated and shall not
6 commingle ~~comingle~~ with the recipients of the mental health
7 facility. The portion of a State-operated mental health
8 facility that is used for the persons detained under this Act
9 shall not be a part of the mental health facility for the
10 enforcement and implementation of the Mental Health and
11 Developmental Disabilities Code nor shall their care and
12 treatment be subject to the provisions of the Mental Health
13 and Developmental Disabilities Code. The changes added to this
14 Section by Public Act 98-79 are inoperative on and after June
15 30, 2015. If the person is serving a sentence of imprisonment,
16 is in a Department of Corrections correctional facility or
17 juvenile correctional facility or is committed to
18 institutional care, and the court orders detention under this
19 Section, the court shall order that the person be transferred
20 to a detention facility approved by the Department. A
21 detention order under this Section remains in effect until the
22 person is discharged after a trial under Section 35 of this Act
23 or until the effective date of a commitment order under
24 Section 40 of this Act, whichever is applicable.

25 (b) Whenever a petition is filed under Section 15 of this
26 Act, the court shall hold a hearing to determine whether there

1 is probable cause to believe that the person named in the
2 petition is a sexually violent person. If the person named in
3 the petition is in custody, the court shall hold the probable
4 cause hearing within 72 hours after the petition is filed,
5 excluding Saturdays, Sundays, and legal holidays. The court
6 may grant a continuance of the probable cause hearing for no
7 more than 7 additional days upon the motion of the respondent,
8 for good cause. If the person named in the petition has been
9 released, is on parole, is on aftercare release, is on
10 mandatory supervised release, or otherwise is not in custody,
11 the court shall hold the probable cause hearing within a
12 reasonable time after the filing of the petition. At the
13 probable cause hearing, the court shall admit and consider all
14 relevant hearsay evidence.

15 (c) If the court determines after a hearing that there is
16 probable cause to believe that the person named in the
17 petition is a sexually violent person, the court shall order
18 that the person be taken into custody if he or she is not in
19 custody and shall order the person to be transferred within a
20 reasonable time to an appropriate facility for an evaluation
21 as to whether the person is a sexually violent person. If the
22 person who is named in the petition refuses to speak to,
23 communicate with, or otherwise fails to cooperate with the
24 examining evaluator from the Department of Human Services or
25 the Department of Corrections, that person may only introduce
26 evidence and testimony from any expert or professional person

1 who is retained or court-appointed to conduct an examination
2 of the person that results from a review of the records and may
3 not introduce evidence resulting from an examination of the
4 person. Notwithstanding the provisions of Section 10 of the
5 Mental Health and Developmental Disabilities Confidentiality
6 Act, all evaluations conducted pursuant to this Act and all

21 Section 1020. The Statewide Grand Jury Act is amended by
22 changing Sections 2, 3, and 7 as follows:

23 (725 ILCS 215/2)

24 Sec. 2. (a) County grand juries and State's Attorneys have

1 always had and shall continue to have primary responsibility
2 for investigating, indicting, and prosecuting persons who
3 violate the criminal laws of the State of Illinois. However,
4 in recent years organized terrorist activity directed against
5 innocent civilians and certain criminal enterprises have
6 developed that require investigation, indictment, and
7 prosecution on a statewide or multicounty level. The criminal
8 enterprises exist as a result of the allure of profitability
9 present in narcotic activity, the unlawful sale and transfer
10 of firearms, and streetgang related felonies and organized
11 terrorist activity is supported by the contribution of money
12 and expert assistance from geographically diverse sources. In
13 order to shut off the life blood of terrorism and weaken or
14 eliminate the criminal enterprises, assets, and property used
15 to further these offenses must be frozen, and any profit must
16 be removed. State statutes exist that can accomplish that
17 goal. Among them are the offense of money laundering,
18 violations of Article 29D of the Criminal Code of 1961 or the
19 Criminal Code of 2012, the Narcotics Profit Forfeiture Act,
20 and gunrunning. Local prosecutors need investigative personnel
21 and specialized training to attack and eliminate these
22 profits. In light of the transitory and complex nature of
23 conduct that constitutes these criminal activities, the many
24 diverse property interests that may be used, acquired directly
25 or indirectly as a result of these criminal activities, and
26 the many places that illegally obtained property may be

1 located, it is the purpose of this Act to create a limited,
2 multicounty Statewide Grand Jury with authority to
3 investigate, indict, and prosecute: narcotic activity,
4 including cannabis and controlled substance trafficking,
5 narcotics racketeering, money laundering, violations of the
6 Cannabis and Controlled Substances Tax Act, and violations of
7 Article 29D of the Criminal Code of 1961 or the Criminal Code
8 of 2012; the unlawful sale and transfer of firearms;
9 gunrunning; and streetgang related felonies.

10 (b) A Statewide Grand Jury may also investigate, indict,
11 and prosecute violations facilitated by the use of a computer
12 of any of the following offenses: indecent solicitation of a
13 child, sexual exploitation of a child, soliciting for a
14 sexually exploited child, keeping a place of commercial sexual
15 exploitation of a child, juvenile pimping, child sexual abuse
16 material, aggravated child pornography, or promoting
17 commercial sexual exploitation of a child except as described
18 in subdivision (a)(4) of Section 11-14.4 of the Criminal Code
19 of 1961 or the Criminal Code of 2012.

20 (c) A Statewide Grand Jury may also investigate, indict,
21 and prosecute violations of organized retail crime.

24 (725 ILCS 215/3)

25 Sec. 3. Written application for the appointment of a

1 Circuit Judge to convene and preside over a Statewide Grand
2 Jury, with jurisdiction extending throughout the State, shall
3 be made to the Chief Justice of the Supreme Court. Upon such
4 written application, the Chief Justice of the Supreme Court
5 shall appoint a Circuit Judge from the circuit where the
6 Statewide Grand Jury is being sought to be convened, who shall
7 make a determination that the convening of a Statewide Grand
8 Jury is necessary.

9 In such application, the Attorney General shall state that
10 the convening of a Statewide Grand Jury is necessary because
11 of an alleged offense or offenses set forth in this Section
12 involving more than one county of the State and identifying
13 any such offense alleged; and:

14 (a) that he or she believes that the grand jury
15 function for the investigation and indictment of the
16 offense or offenses cannot effectively be performed by a
17 county grand jury together with the reasons for such
18 belief, and

19 (b) (1) that each State's Attorney with jurisdiction
20 over an offense or offenses to be investigated has
21 consented to the impaneling of the Statewide Grand Jury,
22 or

23 (2) if one or more of the State's Attorneys having
24 jurisdiction over an offense or offenses to be
25 investigated fails to consent to the impaneling of the
26 Statewide Grand Jury, the Attorney General shall set forth

1 good cause for impaneling the Statewide Grand Jury.

2 If the Circuit Judge determines that the convening of a
3 Statewide Grand Jury is necessary, he or she shall convene and
4 impanel the Statewide Grand Jury with jurisdiction extending
5 throughout the State to investigate and return indictments:

6 (a) For violations of any of the following or for any
7 other criminal offense committed in the course of
8 violating any of the following: Article 29D of the
9 Criminal Code of 1961 or the Criminal Code of 2012, the
10 Illinois Controlled Substances Act, the Cannabis Control
11 Act, the Methamphetamine Control and Community Protection
12 Act, or the Narcotics Profit Forfeiture Act; a streetgang
13 related felony offense; Section 16-25.1, 24-2.1, 24-2.2,

15 subsection 24-1(a)(4), 24-1(a)(6), 24-1(a)(7),
16 24-1(a)(9), 24-1(a)(10), or 24-1(c) of the Criminal Code
17 of 1961 or the Criminal Code of 2012; or a money laundering
18 offense; provided that the violation or offense involves
19 acts occurring in more than one county of this State; and

20 (a-5) For violations facilitated by the use of a
21 computer, including the use of the Internet, the World
22 Wide Web, electronic mail, a message board, a newsgroup,
23 or any other commercial or noncommercial on-line service,
24 of any of the following offenses: indecent solicitation of
25 a child, sexual exploitation of a child, soliciting for a
26 sexually exploited child, keeping a place of commercial

1 sexual exploitation of a child, juvenile pimping, child
2 sexual abuse material, aggravated child pornography, or
3 promoting commercial sexual exploitation of a child except
4 as described in subdivision (a)(4) of Section 11-14.4 of
5 the Criminal Code of 1961 or the Criminal Code of 2012; and

6 (b) For the offenses of perjury, subornation of
7 perjury, communicating with jurors and witnesses, and
8 harassment of jurors and witnesses, as they relate to
9 matters before the Statewide Grand Jury.

10 "Streetgang related" has the meaning ascribed to it in
11 Section 10 of the Illinois Streetgang Terrorism Omnibus
12 Prevention Act.

13 Upon written application by the Attorney General for the
14 convening of an additional Statewide Grand Jury, the Chief
15 Justice of the Supreme Court shall appoint a Circuit Judge
16 from the circuit for which the additional Statewide Grand Jury
17 is sought. The Circuit Judge shall determine the necessity for
18 an additional Statewide Grand Jury in accordance with the
19 provisions of this Section. No more than 2 Statewide Grand
20 Juries may be empaneled at any time.

24 Sec. 7. The Attorney General or his assistant shall attend
25 each Statewide Grand Jury, and shall prosecute any indictment

1 returned by it, unless the State's Attorney of the county
2 ~~country~~ of venue for the indictment consents to prosecute the
3 indictment. The Attorney General or his assistant shall have

5 attendance of witnesses and the production of writings and
6 papers, and may examine under oath any witnesses who may
7 appear before it; to also investigate alleged violations
8 of a parolee's or releasee's conditions of parole or
9 release; and for this purpose it may issue subpoenas and
10 compel the attendance of witnesses and the production of
11 documents only if there is reason to believe that such
12 procedures would provide evidence that such violations
13 have occurred.

14 If any person fails to obey a subpoena issued under
15 this subsection, the Director may apply to any circuit
16 court to secure compliance with the subpoena. The failure
17 to comply with the order of the court issued in response
18 thereto shall be punishable as contempt of court.

19 Elements of the program shall include, but shall not
20 be limited to, the following:

21 (1) The staff of a diversion facility shall

4 segregate leaders from inmates who belong to their gangs
5 and allied gangs. "Segregate" means no physical contact
6 and, to the extent possible under the conditions and space

9 paragraph (r-10), "leaders" means persons who:

7 satisfy any other requirement of law before beginning the
8 monitoring, except as constitutionally required. The
9 monitoring may be by video, voice, or other method of
10 recording or by any other means. As used in this
11 subdivision (1)(t), "organized gang" has the meaning

13 Terrorism Omnibus Prevention Act.

14 As used in this subdivision (1)(t), "unprivileged

3 Apprehension Unit, or any person duly designated by the
4 Director, with the seal of the Department affixed. The
5 order shall be directed to all sheriffs, coroners, and
6 police officers, or to any particular person named in the
7 order. Any order issued pursuant to this subdivision
8 (1)(u-5) shall be sufficient warrant for the officer or
9 person named in the order to arrest and deliver the
10 committed person to the proper correctional officials and
11 shall be executed the same as criminal process.

12 (u-6) To appoint a point of contact person who shall
13 receive suggestions, complaints, or other requests to the
14 Department from visitors to Department institutions or
15 facilities and from other members of the public.

16 (u-7) To collaborate with the Department of Human
17 Services and other State agencies to develop and implement
18 screening and follow-up protocols for intake and reentry
19 personnel and contractors on identification and response
20 to Department-involved individuals who demonstrate
21 indications of past labor or sex trafficking
22 victimization, criminal sexual exploitation or a history
23 of involvement in the sex trade that may put them at risk
24 of human trafficking. Protocols should include assessment
25 and provision of pre-release and post-release housing,
26 legal, medical, mental health and substance-use disorder

1 treatment services and recognize the specialized needs of
2 victims of human trafficking.

3 (u-8) To provide statewide training for Department of
4 Corrections intake and reentry personnel and contractors

14 services" means substance use ~~substance-use~~ disorder,
15 mental health, medical, case-management, housing, and
16 other support services by Department employees or
17 contractors who have completed victim-centered,
18 trauma-informed training specifically designed to address
19 the complex psychological ~~and~~ or physical needs of victims
20 of human trafficking, sexual exploitation, or a history of
21 involvement with the sex trade.

22 (v) To do all other acts necessary to carry out the
23 provisions of this Chapter.

24 (2) The Department of Corrections shall by January 1,
25 1998, consider building and operating a correctional facility
26 within 100 miles of a county of over 2,000,000 inhabitants,

1 especially a facility designed to house juvenile participants
2 in the impact incarceration program.

3 (3) When the Department lets bids for contracts for
4 medical services to be provided to persons committed to
5 Department facilities by a health maintenance organization,
6 medical service corporation, or other health care provider,
7 the bid may only be let to a health care provider that has
8 obtained an irrevocable letter of credit or performance bond
9 issued by a company whose bonds have an investment grade or
10 higher rating by a bond rating organization.

11 (3.5) If the Department has a contract with a pharmacy
12 benefit manager or a contract with an insurance company,
13 health maintenance organization, limited health service
14 organization, administrative services organization, or any
15 other managed care entity or health insurance issuer where a
16 pharmacy benefit manager administers the provider's coverage

18 safeguard the minor's life or health, the contract with the
19 pharmacy benefit manager and the pharmacy benefit manager's
20 activities shall be subject to Article XXXIIB of the Illinois
21 Insurance Code and the authority of the Director of Insurance
22 to enforce those provisions. The provider shall have all the
23 rights of a plan sponsor under those provisions.

24 (4) When the Department lets bids for contracts for food
25 or commissary services to be provided to Department
26 facilities, the bid may only be let to a food or commissary

1 services provider that has obtained an irrevocable letter of
2 credit or performance bond issued by a company whose bonds
3 have an investment grade or higher rating by a bond rating
4 organization.

5 (5) On and after the date 6 months after August 16, 2013
6 (the effective date of Public Act 98-488), as provided in the
7 Executive Order 1 (2012) Implementation Act, all of the
8 powers, duties, rights, and responsibilities related to State
9 healthcare purchasing under this Code that were transferred
10 from the Department of Corrections to the Department of
11 Healthcare and Family Services by Executive Order 3 (2005) are
12 transferred back to the Department of Corrections; however,
13 powers, duties, rights, and responsibilities related to State
14 healthcare purchasing under this Code that were exercised by
15 the Department of Corrections before the effective date of
16 Executive Order 3 (2005) but that pertain to individuals
17 resident in facilities operated by the Department of Juvenile
18 Justice are transferred to the Department of Juvenile Justice.

15 (730 ILCS 5/3-2-15)

16 Sec. 3-2-15. Department of Corrections; report of hospice
17 and palliative care for committed persons.

18 (a) Purposes. The General Assembly finds that:

19 (1) The United States prison population is aging
20 rapidly.

21 (2) Illinois' prison population is similarly aging
22 rapidly, with over 1,000 prisoners aged 65 or older.

23 (3) As a result of the aging prison population more
24 committed persons are in need of end-of-life care and
25 support services.

1 (4) The Department of Corrections has a policy on
2 end-of-life care, which provides, in part, that the goals
3 are: "safe, dignified and comfortable dying,
4 self-determined life closure and effective grieving".

5 (5) The Department of Corrections does not have a
6 formal hospice program; rather, end-of-life care is
7 provided on a prison-by-prison basis which results in
8 inconsistent care for committed persons who have been
9 diagnosed with terminal illnesses or who are expected to
10 reach the end of their life.

11 (6) At some prisons, end-of-life care is at times
12 provided, in part, by other committed persons assigned as
13 aides.

14 (7) The Department of Corrections does not have
15 centralized or consistent data on the number of committed
16 persons receiving end-of-life care.

17 (8) The Department of Corrections does not have
18 centralized or consistent data on the number of prisoner
19 aides who are assigned to assist in providing end-of-life
20 care.

21 (9) The Department of Corrections does not currently
22 have a system for tracking patient outcomes or grievances
23 related to the quality of end-of-life care provided.

24 (10) Data on the end-of-life care provided in the
25 Department of Corrections is needed to give the General
26 Assembly and the public an understanding of the

1 Department's approach to end-of-life care for terminally
2 ill committed persons in its custody.

3 (11) Eddie Thomas was a committed person of the
4 Department of Corrections who died alone in the back of a
5 prison infirmary without any end-of-life care just 5
6 months after being diagnosed with late stage lung cancer.

7 (b) Definitions. In this Section:

8 "Advance directive for health care" means written
9 instructions of the patient's wishes as to how future care
10 should be delivered or declined, including decisions that must
11 be made when the patient is not capable of expressing those
12 wishes. Advance directives may also appoint an agent with
13 power of attorney for health care.

14 "Department" means the Department of Corrections.

15 "Hospice and palliative care" means physical, social,
16 emotional, and spiritual support care for committed persons
17 who have been diagnosed with a known terminal condition with a
18 life expectancy of 6 months or less. This includes, but is not
19 limited to, assistance with activities of daily living and
20 comfort care.

21 "Peer support" refers to assistance and companionship
22 provided by committed persons who have been trained to offer
23 emotional, social, and practical support to fellow committed
24 persons receiving hospice and palliative care.

25 "Terminal condition" means an incurable or irreversible
26 condition that, without the administration of life-sustaining

1 procedures, will, according to reasonable medical judgment,
2 result in death within a relatively short period of time; or a
3 state of permanent unconsciousness from which, to a reasonable
4 degree of medical certainty, there can be no recovery.

5 (c) Reporting requirement. No later than December 1 of
6 each year, the Department shall prepare a report to be
7 published on its website that contains, at a minimum, the
8 following information about hospice and palliative care in its
9 institutions and facilities during the prior fiscal year:

10 (1) demographic data of committed persons who received
11 hospice and palliative care, separated by the following
12 categories:

13 (A) race or ethnicity;

14 (B) gender;

15 (C) age;

16 (D) primary cause of terminal illness or
17 condition; and

18 (E) length of incarceration prior to receiving
19 end-of-life care;

20 (2) data on the number of committed persons in the
21 Department's hospice and palliative care programs,
22 including the following:

23 (A) the total number of committed persons enrolled
24 in the Department's hospice and palliative care
25 programs;

26 (B) the total number of admissions into and

1 discharges from the Department's hospice and
2 palliative care programs, including the number of
3 committed persons who died while in the program and
4 the number of committed persons who were removed from
5 the program for other reasons; and

6 (C) the number of committed persons denied entry
7 into the Department's hospice and palliative care
8 programs, including any reasons that they were denied;

9 (3) data on the timing of hospice and palliative care
10 programming, including the following:

11 (A) the average length of time that committed
12 persons receive hospice and palliative care; and

13 (B) the average length of time between the
14 diagnosis of a terminal condition and admission into a
15 hospice and palliative care program;

16 (4) the number of committed persons in the custody of
17 the Department who died, separated by the following
18 categories:

19 (A) committed persons who died while receiving
20 hospice and palliative care; and

21 (B) committed persons who died without receiving
22 hospice and palliative care, and the number of such
23 committed persons who died as a result of natural,
24 accidental, suicidal, or homicidal causes;

25 (5) policies and administrative directives of each
26 Department institution and facility regarding the

1 institution of hospice and palliative care. This data
2 shall include the following information:

3 (A) the name of each institution and facility that
4 offers hospice and palliative care services;

5 (B) criteria to be eligible for hospice and
6 palliative care services, both Department-wide and at
7 each institution and facility;

8 (C) a list of the types of hospice and palliative
9 care services that are offered in each institution and
10 facility. This list shall include, but is not limited
11 to, pain management, psychological counseling, peer
12 support, and chaplain services. If available, this
13 list shall also include supportive services offered to
14 family members of committed persons;

15 (D) the accreditation status of the Department's
16 hospice and palliative care programs, if available;

17 (E) the procedures for committed persons in the
18 Department's custody to request an advance directive
19 for health care in each institution and facility;

20 (F) the procedures for health care or legal staff
21 to assist committed persons in completing advance
22 directive instruments; and

23 (G) the procedures for health care providers to
24 implement advance directives for health care in each
25 institution and facility;

26 (6) the staff available for hospice and palliative

1 care. This data shall include the following:

2 (A) the number of specialized staff at each
3 institution and facility, including palliative care
4 physicians, nurses, and social workers;

5 (B) the number of volunteers dedicated to hospice
6 and palliative care, separated by the following
7 categories:

8 (i) volunteers who are committed persons of
9 the Department;

10 (ii) volunteers who are not committed persons
11 of the Department; and

12 (iii) the ratio between the number of staff
13 and the number of patients in the Department's
14 hospice and palliative care programs; and

15 (7) the cost of the Department's hospice and
16 palliative care programs, including the following:

17 (A) the annual costs associated with hospice and
18 palliative care across the Department;

19 (B) the sources of funding for hospice and
20 palliative care services; and

21 (C) the annual costs associated with hospice and
22 palliative care at each Department institution and
23 facility.

24 All such data shall be anonymized to protect the privacy
25 of the committed persons involved in the hospice and
26 palliative care programs.

16 Sec. 5-4.5-115. Parole review of persons under the age of
17 21 at the time of the commission of an offense.

7 defendant may be re-sentenced to a term within the range
8 otherwise provided or, if the State files notice of its
9 intention to again seek the extended sentence, the defendant
10 shall be afforded a new trial.

11 (e) In cases where prosecution for aggravated criminal
12 sexual abuse under Section 11-1.60 or 12-16 of the Criminal
13 Code of 1961 or the Criminal Code of 2012 results in conviction
14 of a defendant who was a family member of the victim at the
15 time of the commission of the offense, the court shall
16 consider the safety and welfare of the victim and may impose a
17 sentence of probation only where:

18 (1) the court finds (A) or (B) or both are
19 appropriate:

20 (A) the defendant is willing to undergo a court
21 approved counseling program for a minimum duration of
22 2 years; or

23 (B) the defendant is willing to participate in a
24 court approved plan, including, but not limited to,
25 the defendant's:

26 (i) removal from the household;

1 (ii) restricted contact with the victim;

2 (iii) continued financial support of the
3 family;

4 (iv) restitution for harm done to the victim;
5 and

6 (v) compliance with any other measures that
7 the court may deem appropriate; and

8 (2) the court orders the defendant to pay for the
9 victim's counseling services, to the extent that the court
10 finds, after considering the defendant's income and
11 assets, that the defendant is financially capable of
12 paying for such services, if the victim was under 18 years
13 of age at the time the offense was committed and requires
14 counseling as a result of the offense.

15 Probation may be revoked or modified pursuant to Section
16 5-6-4; except where the court determines at the hearing that
17 the defendant violated a condition of his or her probation
18 restricting contact with the victim or other family members or
19 commits another offense with the victim or other family
20 members, the court shall revoke the defendant's probation and
21 impose a term of imprisonment.

22 For the purposes of this Section, "family member" and
23 "victim" shall have the meanings ascribed to them in Section
24 11-0.1 of the Criminal Code of 2012.

25 (f) (Blank).

26 (g) Whenever a defendant is convicted of an offense under

1 Sections 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-14,
2 11-14.3, 11-14.4 except for an offense that involves keeping a
3 place of commercial sexual exploitation of a child, 11-15,
4 11-15.1, 11-16, 11-17, 11-18, 11-18.1, 11-19, 11-19.1,
5 11-19.2, 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the
6 Criminal Code of 1961 or the Criminal Code of 2012, the
7 defendant shall undergo medical testing to determine whether
8 the defendant has any sexually transmissible disease,
9 including a test for infection with human immunodeficiency
10 virus (HIV) or any other identified causative agent of
11 acquired immunodeficiency syndrome (AIDS). Any such medical
12 test shall be performed only by appropriately licensed medical
13 practitioners and may include an analysis of any bodily fluids
14 as well as an examination of the defendant's person. Except as
15 otherwise provided by law, the results of such test shall be
16 kept strictly confidential by all medical personnel involved
17 in the testing and must be personally delivered in a sealed
18 envelope to the judge of the court in which the conviction was
19 entered for the judge's inspection in camera. Acting in
20 accordance with the best interests of the victim and the
21 public, the judge shall have the discretion to determine to
22 whom, if anyone, the results of the testing may be revealed.
23 The court shall notify the defendant of the test results. The
24 court shall also notify the victim if requested by the victim,
25 and if the victim is under the age of 15 and if requested by
26 the victim's parents or legal guardian, the court shall notify

1 the victim's parents or legal guardian of the test results.
2 The court shall provide information on the availability of HIV
3 testing and counseling at Department of Public Health
4 facilities to all parties to whom the results of the testing
5 are revealed and shall direct the State's Attorney to provide
6 the information to the victim when possible. The court shall
7 order that the cost of any such test shall be paid by the
8 county and may be taxed as costs against the convicted
9 defendant.

10 (g-5) When an inmate is tested for an airborne
11 communicable disease, as determined by the Illinois Department
12 of Public Health, including, but not limited to, tuberculosis,
13 the results of the test shall be personally delivered by the
14 warden or his or her designee in a sealed envelope to the judge
15 of the court in which the inmate must appear for the judge's
16 inspection in camera if requested by the judge. Acting in
17 accordance with the best interests of those in the courtroom,
18 the judge shall have the discretion to determine what if any
19 precautions need to be taken to prevent transmission of the
20 disease in the courtroom.

21 (h) Whenever a defendant is convicted of an offense under
22 Section 1 or 2 of the Hypodermic Syringes and Needles Act, the
23 defendant shall undergo medical testing to determine whether
24 the defendant has been exposed to human immunodeficiency virus
25 (HIV) or any other identified causative agent of acquired
26 immunodeficiency syndrome (AIDS). Except as otherwise provided

1 by law, the results of such test shall be kept strictly
2 confidential by all medical personnel involved in the testing
3 and must be personally delivered in a sealed envelope to the
4 judge of the court in which the conviction was entered for the
5 judge's inspection in camera. Acting in accordance with the
6 best interests of the public, the judge shall have the
7 discretion to determine to whom, if anyone, the results of the
8 testing may be revealed. The court shall notify the defendant
9 of a positive test showing an infection with the human
10 immunodeficiency virus (HIV). The court shall provide
11 information on the availability of HIV testing and counseling
12 at Department of Public Health facilities to all parties to
13 whom the results of the testing are revealed and shall direct
14 the State's Attorney to provide the information to the victim
15 when possible. The court shall order that the cost of any such
16 test shall be paid by the county and may be taxed as costs
17 against the convicted defendant.

18 (i) All fines and penalties imposed under this Section for
19 any violation of Chapters 3, 4, 6, and 11 of the Illinois
20 Vehicle Code, or a similar provision of a local ordinance, and
21 any violation of the Child Passenger Protection Act, or a
22 similar provision of a local ordinance, shall be collected and
23 disbursed by the circuit clerk as provided under the Criminal
24 and Traffic Assessment Act.

25 (j) In cases when prosecution for any violation of Section
26 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-6, 11-8, 11-9,

1 11-11, 11-14, 11-14.3, 11-14.4, 11-15, 11-15.1, 11-16, 11-17,
2 11-17.1, 11-18, 11-18.1, 11-19, 11-19.1, 11-19.2, 11-20.1,
3 11-20.1B, 11-20.3, 11-20.4, 11-21, 11-30, 11-40, 12-13, 12-14,
4 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961 or the
5 Criminal Code of 2012, any violation of the Illinois
6 Controlled Substances Act, any violation of the Cannabis
7 Control Act, or any violation of the Methamphetamine Control
8 and Community Protection Act results in conviction, a
9 disposition of court supervision, or an order of probation
10 granted under Section 10 of the Cannabis Control Act, Section
11 410 of the Illinois Controlled Substances Act, or Section 70
12 of the Methamphetamine Control and Community Protection Act of
13 a defendant, the court shall determine whether the defendant
14 is employed by a facility or center as defined under the Child
15 Care Act of 1969, a public or private elementary or secondary
16 school, or otherwise works with children under 18 years of age
17 on a daily basis. When a defendant is so employed, the court
18 shall order the Clerk of the Court to send a copy of the
19 judgment of conviction or order of supervision or probation to
20 the defendant's employer by certified mail. If the employer of
21 the defendant is a school, the Clerk of the Court shall direct
22 the mailing of a copy of the judgment of conviction or order of
23 supervision or probation to the appropriate regional
24 superintendent of schools. The regional superintendent of
25 schools shall notify the State Board of Education of any
26 notification under this subsection.

1 (j-5) A defendant at least 17 years of age who is convicted
2 of a felony and who has not been previously convicted of a
3 misdemeanor or felony and who is sentenced to a term of
4 imprisonment in the Illinois Department of Corrections shall
5 as a condition of his or her sentence be required by the court
6 to attend educational courses designed to prepare the
7 defendant for a high school diploma and to work toward a high
8 school diploma or to work toward passing high school
9 equivalency testing or to work toward completing a vocational
10 training program offered by the Department of Corrections. If
11 a defendant fails to complete the educational training
12 required by his or her sentence during the term of
13 incarceration, the Prisoner Review Board shall, as a condition
14 of mandatory supervised release, require the defendant, at his
15 or her own expense, to pursue a course of study toward a high
16 school diploma or passage of high school equivalency testing.
17 The Prisoner Review Board shall revoke the mandatory
18 supervised release of a defendant who wilfully fails to comply
19 with this subsection (j-5) upon his or her release from
20 confinement in a penal institution while serving a mandatory
21 supervised release term; however, the inability of the
22 defendant after making a good faith effort to obtain financial
23 aid or pay for the educational training shall not be deemed a
24 wilful failure to comply. The Prisoner Review Board shall
25 recommit the defendant whose mandatory supervised release term
26 has been revoked under this subsection (j-5) as provided in

1 Section 3-3-9. This subsection (j-5) does not apply to a
2 defendant who has a high school diploma or has successfully
3 passed high school equivalency testing. This subsection (j-5)
4 does not apply to a defendant who is determined by the court to
5 be a person with a developmental disability or otherwise
6 mentally incapable of completing the educational or vocational
7 program.

8 (k) (Blank).

9 (l) (A) Except as provided in paragraph (C) of subsection
10 (l), whenever a defendant, who is not a citizen or national of
11 the United States, is convicted of any felony or misdemeanor
12 offense, the court after sentencing the defendant may, upon
13 motion of the State's Attorney, hold sentence in abeyance and
14 remand the defendant to the custody of the Attorney General of
15 the United States or his or her designated agent to be deported
16 when:

17 (1) a final order of deportation has been issued
18 against the defendant pursuant to proceedings under the
19 Immigration and Nationality Act, and

20 (2) the deportation of the defendant would not
21 deprecate the seriousness of the defendant's conduct and
22 would not be inconsistent with the ends of justice.

23 Otherwise, the defendant shall be sentenced as provided in
24 this Chapter V.

25 (B) If the defendant has already been sentenced for a
26 felony or misdemeanor offense, or has been placed on probation

1 under Section 10 of the Cannabis Control Act, Section 410 of
2 the Illinois Controlled Substances Act, or Section 70 of the
3 Methamphetamine Control and Community Protection Act, the
4 court may, upon motion of the State's Attorney to suspend the
5 sentence imposed, commit the defendant to the custody of the
6 Attorney General of the United States or his or her designated
7 agent when:

8 (1) a final order of deportation has been issued
9 against the defendant pursuant to proceedings under the
10 Immigration and Nationality Act, and

11 (2) the deportation of the defendant would not
12 deprecate the seriousness of the defendant's conduct and
13 would not be inconsistent with the ends of justice.

14 (C) This subsection (1) does not apply to offenders who
15 are subject to the provisions of paragraph (2) of subsection
16 (a) of Section 3-6-3.

17 (D) Upon motion of the State's Attorney, if a defendant
18 sentenced under this Section returns to the jurisdiction of
19 the United States, the defendant shall be recommitted to the
20 custody of the county from which he or she was sentenced.
21 Thereafter, the defendant shall be brought before the
22 sentencing court, which may impose any sentence that was
23 available under Section 5-5-3 at the time of initial
24 sentencing. In addition, the defendant shall not be eligible
25 for additional earned sentence credit as provided under
26 Section 3-6-3.

1 (m) A person convicted of criminal defacement of property
2 under Section 21-1.3 of the Criminal Code of 1961 or the
3 Criminal Code of 2012, in which the property damage exceeds
4 \$300 and the property damaged is a school building, shall be
5 ordered to perform community service that may include cleanup,
6 removal, or painting over the defacement.

7 (n) The court may sentence a person convicted of a
8 violation of Section 12-19, 12-21, 16-1.3, or 17-56, or
9 subsection (a) or (b) of Section 12-4.4a, of the Criminal Code
10 of 1961 or the Criminal Code of 2012 (i) to an impact
11 incarceration program if the person is otherwise eligible for
12 that program under Section 5-8-1.1, (ii) to community service,
13 or (iii) if the person has a substance use disorder, as defined
14 in the Substance Use Disorder Act, to a treatment program
15 licensed under that Act.

16 (o) Whenever a person is convicted of a sex offense as
17 defined in Section 2 of the Sex Offender Registration Act, the
18 defendant's driver's license or permit shall be subject to
19 renewal on an annual basis in accordance with the provisions
20 of license renewal established by the Secretary of State.

25 (730 ILCS 5/5-5-3.1) (from Ch. 38, par. 1005-5-3.1)

1 Sec. 5-5-3.1. Factors in mitigation.

2 (a) The following grounds shall be accorded weight in
3 favor of withholding or minimizing a sentence of imprisonment:

4 (1) The defendant's criminal conduct neither caused
5 nor threatened serious physical harm to another.

6 (2) The defendant did not contemplate that his
7 criminal conduct would cause or threaten serious physical
8 harm to another.

9 (3) The defendant acted under a strong provocation.

10 (4) There were substantial grounds tending to excuse
11 or justify the defendant's criminal conduct, though
12 failing to establish a defense.

13 (5) The defendant's criminal conduct was induced or
14 facilitated by someone other than the defendant.

15 (6) The defendant has compensated or will compensate
16 the victim of his criminal conduct for the damage or
17 injury that he sustained.

18 (7) The defendant has no history of prior delinquency
19 or criminal activity or has led a law-abiding life for a
20 substantial period of time before the commission of the
21 present crime.

22 (8) The defendant's criminal conduct was the result of
23 circumstances unlikely to recur.

24 (9) The character and attitudes of the defendant
25 indicate that he is unlikely to commit another crime.

26 (10) The defendant is particularly likely to comply

1 with the terms of a period of probation.

2 (11) (Blank).

3 (12) The imprisonment of the defendant would endanger
4 his or her medical condition.

5 (13) The defendant was a person with an intellectual
6 disability as defined in Section 5-1-13 of this Code.

7 (14) The defendant sought or obtained emergency
8 medical assistance for an overdose and was convicted of a
9 Class 3 felony or higher possession, manufacture, or
10 delivery of a controlled, counterfeit, or look-alike
11 substance or a controlled substance analog under the
12 Illinois Controlled Substances Act or a Class 2 felony or
13 higher possession, manufacture, or delivery of
14 methamphetamine under the Methamphetamine Control and
15 Community Protection Act.

16 (15) At the time of the offense, the defendant is or
17 had been the victim of domestic violence and the effects
18 of the domestic violence tended to excuse or justify the
19 defendant's criminal conduct. As used in this paragraph
20 (15), "domestic violence" means abuse as defined in
21 Section 103 of the Illinois Domestic Violence Act of 1986.

22 (16) At the time of the offense, the defendant was
23 suffering from a serious mental illness which, though
24 insufficient to establish the defense of insanity,
25 substantially affected his or her ability to understand
26 the nature of his or her acts or to conform his or her

1 conduct to the requirements of the law.

2 (17) At the time of the offense, the defendant was
3 suffering from postpartum ~~post-partum~~ depression or
4 postpartum ~~post-partum~~ psychosis which was either
5 undiagnosed or untreated, or both, and this temporary
6 mental illness tended to excuse or justify the defendant's
7 criminal conduct and the defendant has been diagnosed as
8 suffering from postpartum ~~post-partum~~ depression or
9 postpartum ~~post-partum~~ psychosis, or both, by a qualified
10 medical person and the diagnoses or testimony, or both,
11 was not used at trial. In this paragraph (17):

12 "Postpartum ~~Post-partum~~ depression" means a mood
13 disorder which strikes many women during and after
14 pregnancy which usually occurs during pregnancy and up
15 to 12 months after delivery. This depression can
16 include anxiety disorders.

17 "Postpartum ~~Post-partum~~ psychosis" means an
18 extreme form of postpartum ~~post-partum~~ depression
19 which can occur during pregnancy and up to 12 months
20 after delivery. This can include losing touch with
21 reality, distorted thinking, delusions, auditory and
22 visual hallucinations, paranoia, hyperactivity and
23 rapid speech, or mania.

24 (18) The defendant is pregnant or is the parent of a
25 child or infant whose well-being will be negatively
26 affected by the parent's absence. Circumstances to be

1 considered in assessing this factor in mitigation include:

2 (A) that the parent is breastfeeding the child;

3 (B) the age of the child, with strong
4 consideration given to avoid disruption of the
5 caregiving of an infant or preschool-age ~~, pre-school~~
6 or school-age child by a parent;

7 (C) the role of the parent in the day-to-day
8 educational and medical needs of the child;

9 (D) the relationship of the parent and the child;

10 (E) any special medical, educational, or
11 psychological needs of the child;

12 (F) the role of the parent in the financial
13 support of the child;

14 (G) the likelihood that the child will be adjudged
15 a dependent minor under Section 2-4 and declared a
16 ward of the court under Section 2-22 of the Juvenile
17 Court Act of 1987;

18 (H) the best interest of the child.

19 Under this Section, the defendant shall have the right
20 to present a Family Impact Statement at sentencing, which
21 the court shall consider in favor of withholding or
22 minimizing a sentence of imprisonment prior to imposing
23 any sentence and may include testimony from family and
24 community members, written statements, video, and
25 documentation. Unless the court finds that the parent
26 poses a significant risk to the community that outweighs

1 the risk of harm from the parent's removal from the
2 family, the court shall impose a sentence in accordance
3 with subsection (b) that allows the parent to continue to
4 care for the child or children.

5 (19) The defendant serves as the caregiver for a
6 relative who is ill, disabled, or elderly.

7 (b) If the court, having due regard for the character of
8 the offender, the nature and circumstances of the offense, and
9 the public interest, finds that a sentence of imprisonment is
10 the most appropriate disposition of the offender, or where
11 other provisions of this Code mandate the imprisonment of the
12 offender, the grounds listed in subsection ~~paragraph~~ (a) of
13 this Section ~~subsection~~ shall be considered as factors in
14 mitigation of the term imposed.

17 (730 ILCS 5/5-5-3.2)

18 Sec. 5-5-3.2. Factors in aggravation and extended-term
19 sentencing.

20 (a) The following factors shall be accorded weight in
21 favor of imposing a term of imprisonment or may be considered
22 by the court as reasons to impose a more severe sentence under
23 Section 5-8-1 or Article 4.5 of Chapter V:

24 (1) the defendant's conduct caused or threatened
25 serious harm;

1 (2) the defendant received compensation for committing
2 the offense;

3 (3) the defendant has a history of prior delinquency
4 or criminal activity;

5 (4) the defendant, by the duties of his office or by
6 his position, was obliged to prevent the particular
7 offense committed or to bring the offenders committing it
8 to justice;

9 (5) the defendant held public office at the time of
10 the offense, and the offense related to the conduct of
11 that office;

12 (6) the defendant utilized his professional reputation
13 or position in the community to commit the offense, or to
14 afford him an easier means of committing it;

15 (7) the sentence is necessary to deter others from
16 committing the same crime;

17 (8) the defendant committed the offense against a
18 person 60 years of age or older or such person's property;

19 (9) the defendant committed the offense against a

2 association with, is married to, or has a friendship with
3 the other individual; or (iii) the person or property of a

5 clause (i) or (ii). For the purposes of this Section,
6 "sexual orientation" has the meaning ascribed to it in
7 paragraph (O-1) of Section 1-103 of the Illinois Human
8 Rights Act;

9 (11) the offense took place in a place of worship or on
10 the grounds of a place of worship, immediately prior to,
11 during or immediately following worship services. For
12 purposes of this subparagraph, "place of worship" shall
13 mean any church, synagogue or other building, structure or
14 place used primarily for religious worship;

15 (12) the defendant was convicted of a felony committed
16 while he was on pretrial release or his own recognizance
17 pending trial for a prior felony and was convicted of such
18 prior felony, or the defendant was convicted of a felony
19 committed while he was serving a period of probation,
20 conditional discharge, or mandatory supervised release
21 under subsection (d) of Section 5-8-1 for a prior felony;

22 (13) the defendant committed or attempted to commit a
23 felony while he was wearing a bulletproof vest. For the
24 purposes of this paragraph (13), a bulletproof vest is any
25 device which is designed for the purpose of protecting the

1 (14) the defendant held a position of trust or
2 supervision such as, but not limited to, family member as
3 defined in Section 11-0.1 of the Criminal Code of 2012,
4 teacher, scout leader, baby sitter, or day care worker, in
5 relation to a victim under 18 years of age, and the
6 defendant committed an offense in violation of Section
7 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-6, 11-11,
8 11-14.4 except for an offense that involves keeping a
9 place of commercial sexual exploitation of a child,
10 11-15.1, 11-19.1, 11-19.2, 11-20.1, 11-20.1B, 11-20.3,
11 12-13, 12-14, 12-14.1, 12-15 or 12-16 of the Criminal Code
12 of 1961 or the Criminal Code of 2012 against that victim;

13 (15) the defendant committed an offense related to the
14 activities of an organized gang. For the purposes of this
15 factor, "organized gang" has the meaning ascribed to it in
16 Section 10 of the Streetgang Terrorism Omnibus Prevention
17 Act;

18 (16) the defendant committed an offense in violation
19 of one of the following Sections while in a school,
20 regardless of the time of day or time of year; on any
21 conveyance owned, leased, or contracted by a school to

23 activity; on the real property of a school; or on a public
24 way within 1,000 feet of the real property comprising any
25 school: Section 10-1, 10-2, 10-5, 11-1.20, 11-1.30,
26 11-1.40, 11-1.50, 11-1.60, 11-14.4, 11-15.1, 11-17.1,

1 11-18.1, 11-19.1, 11-19.2, 12-2, 12-4, 12-4.1, 12-4.2,
2 12-4.3, 12-6, 12-6.1, 12-6.5, 12-13, 12-14, 12-14.1,
3 12-15, 12-16, 18-2, or 33A-2, or Section 12-3.05 except
4 for subdivision (a)(4) or (g)(1), of the Criminal Code of

16 Illinois court has imposed a sentence of imprisonment on a
17 defendant and the defendant is subsequently sentenced to a
18 term of imprisonment by a court of another state or a federal
19 court, then the Illinois sentence shall run consecutively to
20 the sentence imposed by the court of the other state or the
21 federal court. That same Illinois court, however, may order
22 that the Illinois sentence run concurrently with the sentence
23 imposed by the court of the other state or the federal court,

3 Class A misdemeanor.

4 (g) Consecutive terms; manner served. In determining the

25 aggregate maximum term and the aggregate minimum term of
26 imprisonment for all time served in an institution since

1 the commission of the offense or offenses and as a
2 consequence thereof at the rate specified in Section 3-6-3
3 (730 ILCS 5/3-6-3).

19 to a good behavior allowance, except that: (1) a person who
20 inflicted physical harm upon another person in committing the
21 offense for which he is confined shall receive no good
22 behavior allowance; and (2) a person sentenced for an offense
23 for which the law provides a mandatory minimum sentence shall
24 not receive any portion of a good behavior allowance that

1 would reduce the sentence below the mandatory minimum; and (3)
2 a person sentenced to a county impact incarceration program;
3 and (4) a person who is convicted of criminal sexual assault
4 under subdivision (a)(3) of Section 11-1.20 or paragraph

17 permitted to file a petition for a name change in the courts of
18 this State during the period that the person is required to
19 register, unless that person verifies under oath, as provided

10 (b-1) A person who has been convicted of a felony offense
11 in this State or any other state and whose sentence has not
12 been completed, terminated, or discharged is not permitted to

21 school, and community.

22 (d) If it appears to the court that the conditions and

25 granted, the court, by an order to be entered of record, may
26 direct and provide that the name of that person be changed in

1 accordance with the relief requested in the petition. If the
2 circuit court orders that a name change be granted to a person
3 who has been adjudicated or convicted of a felony or

5 state for which a pardon has not been granted, or has an arrest
6 for which a charge has not been filed or a pending charge on a

15 Section 1080. The Adoption Act is amended by changing
16 Section 4.1 as follows:

17 (750 ILCS 50/4.1) (from Ch. 40, par. 1506)

18 Sec. 4.1. Adoption between multiple jurisdictions. It is
19 the public policy of this State to promote child welfare in
20 adoption between multiple jurisdictions by implementing
21 standards that foster permanency for children in an
22 expeditious manner while considering the best interests of the
23 child as paramount. Ensuring that standards for
24 interjurisdictional adoption are clear and applied

1 consistently, efficiently, and reasonably will promote the
2 best interests of the child in finding a permanent home.

3 (a) The Department of Children and Family Services shall
4 promulgate rules regarding the approval and regulation of
5 agencies providing, in this State, adoption services, as
6 defined in Section 2.24 of the Child Care Act of 1969, which
7 shall include, but not be limited to, a requirement that any
8 agency shall be licensed in this State as a child welfare
9 agency as defined in Section 2.08 of the Child Care Act of
10 1969. Any out-of-state agency, if not licensed in this State
11 as a child welfare agency, must obtain the approval of the
12 Department in order to act as a sending agency, as defined in
13 Section 1 of the Interstate Compact on Placement of Children
14 Act, seeking to place a child into this State through a
15 placement subject to the Interstate Compact on the Placement
16 of Children. An out-of-state agency, if not licensed in this
17 State as a child welfare agency, is prohibited from providing
18 in this State adoption services, as defined by Section 2.24 of
19 the Child Care Act of 1969; shall comply with Section 12C-70 of
20 the Criminal Code of 2012; and shall provide all of the
21 following to the Department:

22 (1) A copy of the agency's current license or other
23 form of authorization from the approving authority in the
24 agency's state. If no license or authorization is issued,
25 the agency must provide a reference statement, from the
26 approving authority, stating that the agency is authorized

1 to place children in foster care or adoption or both in its
2 jurisdiction.

3 (2) A description of the program, including home
4 studies, placements, and supervisions, that the child
5 welfare agency conducts within its geographic ~~geographical~~
6 area, and, if applicable, adoptive placements and the
7 finalization of adoptions. The child welfare agency must
8 accept continued responsibility for placement planning and
9 replacement if the placement fails.

10 (3) Notification to the Department of any significant
11 child welfare agency changes after approval.

12 (4) Any other information the Department may require.

13 The rules shall also provide that any agency that places
14 children for adoption in this State may not, in any policy or
15 practice relating to the placement of children for adoption,
16 discriminate against any child or prospective adoptive parent
17 on the basis of race.

18 (a-5) (Blank).

19 (b) Interstate adoptions.

20 (1) All interstate adoption placements under this Act
21 shall comply with the Child Care Act of 1969 and the
22 Interstate Compact on the Placement of Children. The
23 placement of children with relatives by the Department of
24 Children and Family Services shall also comply with
25 subsections (b) and (b-5) of Section 7 of the Children and
26 Family Services Act. The Department may promulgate rules

1 to implement interstate adoption placements, including
2 those requirements set forth in this Section.

3 (2) If an adoption is finalized prior to bringing or
4 sending a child to this State, compliance with the
5 Interstate Compact on the Placement of Children is not
6 required.

7 (3) Approval requirements. The Department shall
8 promulgate procedures for interstate adoption placements
9 of children under this Act. No later than September 24,
10 2017 (30 days after the effective date of Public Act
11 100-344), the Department shall distribute a written list
12 of all preadoption approval requirements to all Illinois
13 licensed child welfare agencies performing adoption
14 services, and all out-of-state agencies approved under
15 this Section, and shall post the requirements on the
16 Department's website. The Department may not require any
17 further preadoption requirements other than those set
18 forth in the procedures required under this paragraph. The
19 procedures shall reflect the standard of review as stated
20 in the Interstate Compact on the Placement of Children and
21 approval shall be given by the Department if the placement
22 appears not to be contrary to the best interests of the
23 child.

24 (4) Time for review and decision. In all cases where
25 the child to be placed is not a youth in care in Illinois
26 or any other state, a provisional or final approval for

1 placement shall be provided in writing from the Department
2 in accordance with the Interstate Compact on the Placement
3 of Children. Approval or denial of the placement must be
4 given by the Department as soon as practicable, but in no
5 event more than 3 business days of the receipt of the
6 completed referral packet by the Department's Interstate
7 Compact Administrator. Receipt of the packet shall be
8 evidenced by the packet's arrival at the address
9 designated by the Department to receive such referrals.
10 The written decision to approve or deny the placement
11 shall be communicated in an expeditious manner, including,
12 but not limited to, electronic means referenced in
13 paragraph (b)(7) of this Section, and shall be provided to
14 all Illinois licensed child welfare agencies involved in
15 the placement, all out-of-state child placing agencies
16 involved in the placement, and all attorneys representing
17 the prospective adoptive parent or biological parent. If,
18 during its initial review of the packet, the Department
19 believes there are any incomplete or missing documents, or
20 missing information, as required in paragraph (b)(3), the
21 Department shall, as soon as practicable, but in no event
22 more than 2 business days of receipt of the packet,
23 communicate a list of any incomplete or missing documents
24 and information to all Illinois licensed child welfare
25 agencies involved in the placement, all out-of-state child
26 placing agencies involved in the placement, and all

1 attorneys representing the adoptive parent or biological
2 parent. This list shall be communicated in an expeditious
3 manner, including, but not limited to, electronic means
4 referenced in paragraph (b)(7) of this Section.

5 (5) Denial of approval. In all cases where the child
6 to be placed is not a youth in the care of any state, if
7 the Department denies approval of an interstate placement,
8 the written decision referenced in paragraph (b)(4) of
9 this Section shall set forth the reason or reasons why the
10 placement was not approved and shall reference which
11 requirements under paragraph (b)(3) of this Section were
12 not met. The written decision shall be communicated in an
13 expeditious manner, including, but not limited to,
14 electronic means referenced in paragraph (b)(7) of this
15 Section, to all Illinois licensed child welfare agencies
16 involved in the placement, all out-of-state child placing
17 agencies involved in the placement, and all attorneys
18 representing the prospective adoptive parent or biological
19 parent.

20 (6) Provisional approval. Nothing in paragraphs (b)(3)
21 through (b)(5) of this Section shall preclude the
22 Department from issuing provisional approval of the
23 placement pending receipt of any missing or incomplete
24 documents or information.

25 (7) Electronic communication. All communications
26 concerning an interstate placement made between the

1 Department and an Illinois licensed child welfare agency,
2 an out-of-state child placing agency, and attorneys
3 representing the prospective adoptive parent or biological
4 parent, including the written communications referenced in
5 this Section, may be made through any type of electronic
6 means, including, but not limited to, electronic mail.

7 (c) Intercountry adoptions. The adoption of a child, if
8 the child is a habitual resident of a country other than the
9 United States and the petitioner is a habitual resident of the
10 United States, or, if the child is a habitual resident of the
11 United States and the petitioner is a habitual resident of a
12 country other than the United States, shall comply with the
13 Intercountry Adoption Act of 2000, as amended, and the
14 Immigration and Nationality Act, as amended. In the case of an
15 intercountry adoption that requires oversight by the adoption
16 services governed by the Intercountry Adoption Universal
17 Accreditation Act of 2012, this State shall not impose any
18 additional preadoption requirements.

19 (d) (Blank).

20 (e) Re-adoption after an intercountry adoption.

21 (1) Any time after a minor child has been adopted in a
22 foreign country and has immigrated to the United States,
23 the adoptive parent or parents of the child may petition
24 the court for a judgment of adoption to re-adopt the child
25 and confirm the foreign adoption decree.

26 (2) The petitioner must submit to the court one or

1 more of the following to verify the foreign adoption:

2 (i) an immigrant visa for the child issued by
3 United States Citizenship and Immigration Services of
4 the U.S. Department of Homeland Security that was
5 valid at the time of the child's immigration;

6 (ii) a decree, judgment, certificate of adoption,
7 adoption registration, or equivalent court order,
8 entered or issued by a court of competent jurisdiction
9 or administrative body outside the United States,
10 establishing the relationship of parent and child by
11 adoption; or

12 (iii) such other evidence deemed satisfactory by
13 the court.

14 (3) The child's immigrant visa shall be prima facie
15 proof that the adoption was established in accordance with
16 the laws of the foreign jurisdiction and met United States
17 requirements for immigration.

18 (4) If the petitioner submits documentation that
19 satisfies the requirements of paragraph (2), the court
20 shall not appoint a guardian ad litem for the minor who is
21 the subject of the proceeding, shall not require any
22 further termination of parental rights of the child's
23 biological parents, nor shall it require any home study,
24 investigation, post-placement visit, or background check
25 of the petitioner.

26 (5) The petition may include a request for change of

1 the child's name and any other request for specific relief
2 that is in the best interests of the child. The relief may
3 include a request for a revised birth date for the child if
4 supported by evidence from a medical or dental
5 professional attesting to the appropriate age of the child
6 or other collateral evidence.

7 (6) Two adoptive parents who adopted a minor child
8 together in a foreign country while married to one another
9 may file a petition for adoption to re-adopt the child
10 jointly, regardless of whether their marriage has been
11 dissolved. If either parent whose marriage was dissolved
12 has subsequently remarried or entered into a civil union
13 with another person, the new spouse or civil union partner
14 shall not join in the petition to re-adopt the child,
15 unless the new spouse or civil union partner is seeking to
16 adopt the child. If either adoptive parent does not join
17 in the petition, he or she must be joined as a party
18 defendant. The defendant parent's failure to participate
19 in the re-adoption proceeding shall not affect the
20 existing parental rights or obligations of the parent as
21 they relate to the minor child, and the parent's name
22 shall be placed on any subsequent birth record issued for
23 the child as a result of the re-adoption proceeding.

24 (7) An adoptive parent who adopted a minor child in a
25 foreign country as an unmarried person may file a petition
26 for adoption to re-adopt the child as a sole petitioner,

1 even if the adoptive parent has subsequently married or
2 entered into a civil union.

3 (8) If one of the adoptive parents who adopted a minor
4 child dies prior to a re-adoption proceeding, the deceased
5 parent's name shall be placed on any subsequent birth
6 record issued for the child as a result of the re-adoption
7 proceeding.

7 or medication, blood transfusions, tube feeding and other

10 responsibility of the attending physician or other health care
11 provider to provide treatment for a patient's comfort care or
12 alleviation of pain. Nutrition and hydration shall not be
13 withdrawn or withheld from a qualified patient if the
14 withdrawal or withholding would result in death solely from
15 dehydration or starvation rather than from the existing
16 terminal condition.

17 (e) "Person" means an individual, corporation, business
18 trust, estate, trust, partnership, association, government,
19 governmental subdivision or agency, or any other legal entity.

25 terminal condition by his or her attending physician who has
26 personally examined the patient. A qualified patient has the

1 right to make decisions regarding death delaying procedures as
2 long as he or she is able to do so.

3 (h) "Terminal condition" means an incurable and
4 irreversible condition which is such that death is imminent
5 and the application of death delaying procedures serves only
6 to prolong the dying process.

9 Sec. 7. Immunity. The desires of a qualified patient shall
10 at all times supersede the effect of the declaration.

11 A physician or other health care ~~health care~~ provider may
12 presume, in the absence of knowledge to the contrary, that a
13 declaration complies with this Act and is valid.

14 No physician, health care provider or employee thereof who

15 any nature shall be created or arise against any portion of the
16 property except against an individual unit or units. No labor
17 performed or materials furnished with the consent or at the
18 request of a particular unit owner shall be the basis for the
19 filing of a mechanics' lien claim against any other unit. If
20 the performance of the labor or furnishing of the materials is
21 expressly authorized by the board of managers, each unit owner
22 shall be deemed to have expressly authorized it and consented
23 thereto, and shall be liable for the payment of his unit's
24 proportionate share of any due and payable indebtedness as set

1 forth in this Section.

3 securing a debt incurred in the development of the land
4 submitted to the provisions of this Act for the sale of units
5 shall be subject to the provisions of this Act, subsequent to
6 the conveyance of a unit to the purchaser.

8 the indebtedness secured by such lien is due and payable, the
9 unit owner of any such unit so affected may remove such unit
10 and the undivided interest in the common elements appertaining
11 thereto from such lien by payment of the proportional amount
12 of such indebtedness attributable to such unit. In the event
13 such lien exists against the units or against the property,
14 the amount of such proportional payment shall be computed on
15 the basis of the percentages set forth in the declaration.
16 Upon payment as herein provided, it is the duty of the
17 encumbrancer to execute and deliver to the unit owner a
18 release of such unit and the undivided interest in the common
19 elements appertaining thereto from such lien, except that such
20 proportional payment and release shall not prevent the
21 encumbrancer from proceeding to enforce his rights against any
22 unit or interest with respect to which such lien has not been
23 so paid or released.

24 The owner of a unit shall not be liable for any claims,

2 other than for mechanics' liens as set forth in this Section.

4 managers other than the developer or developer
5 representatives, and the association of unit owners shall not
6 be liable for any claims, damages, or judgments, including,
7 but not limited to, State or local government fees or fines,
8 entered as a result of any action or inaction of the developer
9 other than for mechanics' liens as set forth in this Section.
10 Each unit owner's liability for any judgment entered against
11 the board of managers or the association, if any, shall be
12 limited to his proportionate share of the indebtedness as set
13 forth in this Section, whether collection is sought through
14 assessment or otherwise. A unit owner shall be liable for any
15 claim, damage or judgment entered as a result of the use or
16 operation of his unit, or caused by his own conduct. Before
17 conveying a unit, a developer shall record and furnish
18 purchaser releases of all liens affecting that unit and its
19 common element interest which the purchaser does not expressly
20 agree to take subject to or assume, and the developer shall
21 provide a surety bond or substitute collateral for or
22 insurance against liens for which a release is not provided.
23 After conveyance of such unit, no mechanics lien shall be
24 created against such unit or its common element interest by
25 reason of any subsequent contract by the developer to improve
26 or make additions to the property.

1 Each mortgagee or other lienholder of the unit of a common
2 interest community or of a unit subject to the Condominium
3 Property Act shall provide an address to the unit owners'
4 association at the time the lien or mortgage is recorded at
5 which address such unit owners' association shall send notice
6 to such mortgagee or lienholder of any eminent domain
7 proceeding to which the association thereafter becomes a
8 party. If the mortgagee or lienholder has not provided an
9 address for notice purposes to the association, then such

21 changing Section 7A-102 as follows:

22 (775 ILCS 5/7A-102) (from Ch. 68, par. 7A-102)

23 Sec. 7A-102. Procedures.

24 (A) Charge.

1 (1) Within 2 years after the date that a civil rights
2 violation allegedly has been committed, a charge in
3 writing under oath or affirmation may be filed with the
4 Department by an aggrieved party or issued by the
5 Department itself under the signature of the Director.

6 (2) The charge shall be in such detail as to
7 substantially apprise any party properly concerned as to
8 the time, place, and facts surrounding the alleged civil
9 rights violation.

10 (3) Charges deemed filed with the Department pursuant
11 to subsection (A-1) of this Section shall be deemed to be
12 in compliance with this subsection.

13 (A-1) Equal Employment Opportunity Commission Charges.

14 (1) If a charge is filed with the Equal Employment
15 Opportunity Commission (EEOC) within 300 calendar days
16 after the date of the alleged civil rights violation, the
17 charge shall be deemed filed with the Department on the
18 date filed with the EEOC. If the EEOC is the governmental
19 agency designated to investigate the charge first, the
20 Department shall take no action until the EEOC makes a
21 determination on the charge and after the complainant
22 notifies the Department of the EEOC's determination. In
23 such cases, after receiving notice from the EEOC that a
24 charge was filed, the Department shall notify the parties
25 that (i) a charge has been received by the EEOC and has
26 been sent to the Department for dual filing purposes; (ii)

1 the EEOC is the governmental agency responsible for
2 investigating the charge and that the investigation shall
3 be conducted pursuant to the rules and procedures adopted
4 by the EEOC; (iii) it will take no action on the charge
5 until the EEOC issues its determination; (iv) the
6 complainant must submit a copy of the EEOC's determination
7 within 30 days after service of the determination by the
8 EEOC on the complainant; and (v) that the time period to
9 investigate the charge contained in subsection (G) of this
10 Section is tolled from the date on which the charge is
11 filed with the EEOC until the EEOC issues its
12 determination.

13 (2) If the EEOC finds reasonable cause to believe that
14 there has been a violation of federal law and if the
15 Department is timely notified of the EEOC's findings by
16 the complainant, the Department shall notify the
17 complainant that the Department has adopted the EEOC's
18 determination of reasonable cause and that the complainant
19 has the right, within 90 days after receipt of the
20 Department's notice, to either file the complainant's own
21 complaint with the Illinois Human Rights Commission or
22 commence a civil action in the appropriate circuit court
23 or other appropriate court of competent jurisdiction. This
24 notice shall be provided to the complainant within 10
25 business days after the Department's receipt of the EEOC's
26 determination. The Department's notice to the complainant

1 that the Department has adopted the EEOC's determination
2 of reasonable cause shall constitute the Department's
3 Report for purposes of subparagraph (D) of this Section.

4 (3) For those charges alleging violations within the
5 jurisdiction of both the EEOC and the Department and for
6 which the EEOC either (i) does not issue a determination,
7 but does issue the complainant a notice of a right to sue,
8 including when the right to sue is issued at the request of
9 the complainant, or (ii) determines that it is unable to
10 establish that illegal discrimination has occurred and
11 issues the complainant a right to sue notice, and if the
12 Department is timely notified of the EEOC's determination
13 by the complainant, the Department shall notify the
14 parties, within 10 business days after receipt of the
15 EEOC's determination, that the Department will adopt the
16 EEOC's determination as a dismissal for lack of
17 substantial evidence unless the complainant requests in
18 writing within 35 days after receipt of the Department's
19 notice that the Department review the EEOC's
20 determination.

21 (a) If the complainant does not file a written
22 request with the Department to review the EEOC's
23 determination within 35 days after receipt of the
24 Department's notice, the Department shall notify the
25 complainant, within 10 business days after the
26 expiration of the 35-day period, that the decision of

1 the EEOC has been adopted by the Department as a
2 dismissal for lack of substantial evidence and that
3 the complainant has the right, within 90 days after
4 receipt of the Department's notice, to commence a
5 civil action in the appropriate circuit court or other
6 appropriate court of competent jurisdiction. The
7 Department's notice to the complainant that the
8 Department has adopted the EEOC's determination shall
9 constitute the Department's report for purposes of
10 subparagraph (D) of this Section.

11 (b) If the complainant does file a written request
12 with the Department to review the EEOC's
13 determination, the Department shall review the EEOC's
14 determination and any evidence obtained by the EEOC
15 during its investigation. If, after reviewing the
16 EEOC's determination and any evidence obtained by the
17 EEOC, the Department determines there is no need for
18 further investigation of the charge, the Department
19 shall issue a report and the Director shall determine
20 whether there is substantial evidence that the alleged
21 civil rights violation has been committed pursuant to
22 subsection (D) of this Section. If, after reviewing
23 the EEOC's determination and any evidence obtained by
24 the EEOC, the Department determines there is a need
25 for further investigation of the charge, the
26 Department may conduct any further investigation it

1 deems necessary. After reviewing the EEOC's
2 determination, the evidence obtained by the EEOC, and
3 any additional investigation conducted by the
4 Department, the Department shall issue a report and
5 the Director shall determine whether there is
6 substantial evidence that the alleged civil rights
7 violation has been committed pursuant to subsection
8 (D) of this Section.

9 (4) Pursuant to this Section, if the EEOC dismisses
10 the charge or a portion of the charge of discrimination
11 because, under federal law, the EEOC lacks jurisdiction
12 over the charge, and if, under this Act, the Department
13 has jurisdiction over the charge of discrimination, the
14 Department shall investigate the charge or portion of the
15 charge dismissed by the EEOC for lack of jurisdiction
16 pursuant to subsections (A), (A-1), (B), (B-1), (C), (D),
17 (E), (F), (G), (H), (I), (J), and (K) of this Section.

18 (5) The time limit set out in subsection (G) of this
19 Section is tolled from the date on which the charge is
20 filed with the EEOC to the date on which the EEOC issues
21 its determination.

22 (6) The failure of the Department to meet the
23 10-business-day notification deadlines set out in
24 paragraph (2) of this subsection shall not impair the
25 rights of any party.

26 (B) Notice and Response to Charge. The Department shall,

1 within 10 days of the date on which the charge was filed, serve
2 a copy of the charge on the respondent and provide all parties
3 with a notice of the complainant's right to opt out of the
4 investigation within 60 days as set forth in subsection (C-1).
5 This period shall not be construed to be jurisdictional. The
6 charging party and the respondent may each file a position
7 statement and other materials with the Department regarding
8 the charge of alleged discrimination within 60 days of receipt
9 of the notice of the charge. The position statements and other
10 materials filed shall remain confidential unless otherwise
11 agreed to by the party providing the information and shall not
12 be served on or made available to the other party during the
13 pendency of a charge with the Department. The Department may
14 require the respondent to file a response to the allegations
15 contained in the charge. Upon the Department's request, the
16 respondent shall file a response to the charge within 60 days
17 and shall serve a copy of its response on the complainant or
18 the complainant's representative. Notwithstanding any request
19 from the Department, the respondent may elect to file a
20 response to the charge within 60 days of receipt of notice of
21 the charge, provided the respondent serves a copy of its
22 response on the complainant or the complainant's
23 representative. All allegations contained in the charge not
24 denied by the respondent within 60 days of the Department's
25 request for a response may be deemed admitted, unless the
26 respondent states that it is without sufficient information to

1 form a belief with respect to such allegation. The Department
2 may issue a notice of default directed to any respondent who
3 fails to file a response to a charge within 60 days of receipt
4 of the Department's request, unless the respondent can
5 demonstrate good cause as to why such notice should not issue.
6 The term "good cause" shall be defined by rule promulgated by
7 the Department. Within 30 days of receipt of the respondent's
8 response, the complainant may file a reply to said response
9 and shall serve a copy of said reply on the respondent or the
10 respondent's representative. A party shall have the right to
11 supplement the party's response or reply at any time that the
12 investigation of the charge is pending. The Department shall,
13 within 10 days of the date on which the charge was filed, and
14 again no later than 335 days thereafter, send by certified or
15 registered mail, or electronic mail if elected by the party,
16 written notice to the complainant and to the respondent
17 informing the complainant of the complainant's rights to
18 either file a complaint with the Human Rights Commission or
19 commence a civil action in the appropriate circuit court under
20 subparagraph (2) of paragraph (G), including in such notice
21 the dates within which the complainant may exercise these
22 rights. In the notice the Department shall notify the
23 complainant that the charge of civil rights violation will be
24 dismissed with prejudice and with no right to further proceed
25 if a written complaint is not timely filed with the Commission
26 or with the appropriate circuit court by the complainant

1 pursuant to subparagraph (2) of paragraph (G) or by the
2 Department pursuant to subparagraph (1) of paragraph (G).

3 (B-1) Mediation. The complainant and respondent may agree
4 to voluntarily submit the charge to mediation without waiving
5 any rights that are otherwise available to either party
6 pursuant to this Act and without incurring any obligation to
7 accept the result of the mediation process. Nothing occurring
8 in mediation shall be disclosed by the Department or
9 admissible in evidence in any subsequent proceeding unless the
10 complainant and the respondent agree in writing that such
11 disclosure be made.

12 (C) Investigation.

13 (1) The Department shall conduct an investigation
14 sufficient to determine whether the allegations set forth
15 in the charge are supported by substantial evidence unless
16 the complainant elects to opt out of an investigation
17 pursuant to subsection (C-1).

18 (2) The Director or the Director's designated
19 representatives shall have authority to request any member
20 of the Commission to issue subpoenas to compel the
21 attendance of a witness or the production for examination
22 of any books, records or documents whatsoever.

23 (3) If any witness whose testimony is required for any
24 investigation resides outside the State, or through
25 illness or any other good cause as determined by the
26 Director is unable to be interviewed by the investigator

1 or appear at a fact finding conference, the witness'
2 testimony or deposition may be taken, within or without
3 the State, in the same manner as is provided for in the
4 taking of depositions in civil cases in circuit courts.

5 (4) Upon reasonable notice to the complainant and the
6 respondent, the Department in its discretion may conduct a
7 fact finding conference. If the complainant and respondent
8 both submit a written request for a fact finding
9 conference prior to 90 days after the date on which the
10 charge was filed, the Department shall conduct a fact
11 finding conference unless prior to the Department's
12 receipt of both requests, the Department has issued its
13 report. Any request for a fact finding conference must
14 include the party's written agreement to grant an
15 extension of 120 days to the time period if requested by
16 the Department to issue its report. If the Department
17 conducts a fact finding conference, a complainant or
18 respondent's failure to attend the conference without good
19 cause shall result in dismissal or default. The term "good
20 cause" shall be defined by rule promulgated by the
21 Department. A notice of dismissal or default shall be
22 issued by the Director. The notice of default issued by
23 the Director shall notify the respondent that a request
24 for review may be filed in writing with the Commission
25 within 30 days of receipt of notice of default. The notice
26 of dismissal issued by the Director shall give the

1 complainant notice of the complainant's right to seek
2 review of the dismissal before the Human Rights Commission
3 or commence a civil action in the appropriate circuit
4 court. If the complainant chooses to have the Human Rights
5 Commission review the dismissal order, the complainant
6 shall file a request for review with the Commission within
7 90 days after receipt of the Director's notice. If the
8 complainant chooses to file a request for review with the
9 Commission, the complainant may not later commence a civil
10 action in a circuit court. If the complainant chooses to
11 commence a civil action in a circuit court, the
12 complainant must do so within 90 days after receipt of the
13 Director's notice.

14 (C-1) Opt out of Department's investigation. At any time
15 within 60 days after receipt of notice of the right to opt out,
16 a complainant may submit a written request seeking notice from
17 the Director indicating that the complainant has opted out of
18 the investigation and may commence a civil action in the
19 appropriate circuit court or other appropriate court of
20 competent jurisdiction. Within 10 business days of receipt of
21 the complainant's request to opt out of the investigation, the
22 Director shall issue a notice to the parties stating that: (i)
23 the complainant has exercised the right to opt out of the
24 investigation; (ii) the complainant has 90 days after receipt
25 of the Director's notice to commence an action in the
26 appropriate circuit court or other appropriate court of

1 competent jurisdiction; and (iii) the Department has ceased
2 its investigation and is administratively closing the charge.
3 The complainant shall notify the Department that a complaint
4 has been filed with the appropriate circuit court by serving a
5 copy of the complaint on the chief legal counsel of the
6 Department within 21 days from the date that the complaint is
7 filed with the appropriate circuit court. This 21-day period
8 for service on the chief legal counsel shall not be construed
9 to be jurisdictional. Once a complainant has opted out of the
10 investigation under this subsection, the complainant may not
11 file or refile a substantially similar charge with the
12 Department arising from the same incident of unlawful
13 discrimination or harassment.

14 (D) Report.

15 (1) Each charge investigated under subsection (C)
16 shall be the subject of a report to the Director. The
17 report shall be a confidential document subject to review
18 by the Director, authorized Department employees, the
19 parties, and, where indicated by this Act, members of the
20 Commission or their designated hearing officers.

21 (2) Upon review of the report, the Director shall
22 determine whether there is substantial evidence that the
23 alleged civil rights violation has been committed. The
24 determination of substantial evidence is limited to
25 determining the need for further consideration of the
26 charge pursuant to this Act and includes, but is not

1 limited to, findings of fact and conclusions, as well as
2 the reasons for the determinations on all material issues.
3 Substantial evidence is evidence which a reasonable mind
4 accepts as sufficient to support a particular conclusion
5 and which consists of more than a mere scintilla but may be
6 somewhat less than a preponderance.

7 (3) If the Director determines that there is no
8 substantial evidence, the charge shall be dismissed by the
9 Director and the Director shall give the complainant
10 notice of the complainant's right to seek review of the
11 notice of dismissal before the Commission or commence a
12 civil action in the appropriate circuit court. If the
13 complainant chooses to have the Human Rights Commission
14 review the notice of dismissal, the complainant shall file
15 a request for review with the Commission within 90 days
16 after receipt of the Director's notice. If the complainant
17 chooses to file a request for review with the Commission,
18 the complainant may not later commence a civil action in a
19 circuit court. If the complainant chooses to commence a
20 civil action in a circuit court, the complainant must do
21 so within 90 days after receipt of the Director's notice.
22 The complainant shall notify the Department that a
23 complaint has been filed by serving a copy of the
24 complaint on the chief legal counsel of the Department
25 within 21 days from the date that the complaint is filed in
26 circuit court. This 21-day period for service on the chief

1 legal counsel shall not be construed to be jurisdictional.

2 (4) If the Director determines that there is
3 substantial evidence, the Director shall notify the
4 complainant and respondent of that determination. The
5 Director shall also notify the parties that the
6 complainant has the right to either commence a civil
7 action in the appropriate circuit court or request that
8 the Department of Human Rights file a complaint with the
9 Human Rights Commission on the complainant's behalf. Any
10 such complaint shall be filed within 90 days after receipt
11 of the Director's notice. If the complainant chooses to
12 have the Department file a complaint with the Human Rights
13 Commission on the complainant's behalf, the complainant
14 must, within 30 days after receipt of the Director's
15 notice, request in writing that the Department file the
16 complaint. If the complainant timely requests that the
17 Department file the complaint, the Department shall file
18 the complaint on the complainant's behalf. If the
19 complainant fails to timely request that the Department
20 file the complaint, the complainant may file the
21 complainant's complaint with the Commission or commence a
22 civil action in the appropriate circuit court. If the
23 complainant files a complaint with the Human Rights
24 Commission, the complainant shall notify the Department
25 that a complaint has been filed by serving a copy of the
26 complaint on the chief legal counsel of the Department

1 within 21 days from the date that the complaint is filed
2 with the Human Rights Commission. This 21-day period for
3 service on the chief legal counsel shall not be construed
4 to be jurisdictional.

5 (E) Conciliation.

6 (1) When there is a finding of substantial evidence,
7 the Department may designate a Department employee who is
8 an attorney licensed to practice in Illinois to endeavor
9 to eliminate the effect of the alleged civil rights
10 violation and to prevent its repetition by means of
11 conference and conciliation.

12 (2) When the Department determines that a formal
13 conciliation conference is necessary, the complainant and
14 respondent shall be notified of the time and place of the
15 conference by registered or certified mail at least 10
16 days prior thereto and either or both parties shall appear
17 at the conference in person or by attorney.

18 (3) The place fixed for the conference shall be within
19 35 miles of the place where the civil rights violation is
20 alleged to have been committed.

21 (4) Nothing occurring at the conference shall be
22 disclosed by the Department unless the complainant and
23 respondent agree in writing that such disclosure be made.

24 (5) The Department's efforts to conciliate the matter
25 shall not stay or extend the time for filing the complaint
26 with the Commission or the circuit court.

1 (F) Complaint.

2 (1) When the complainant requests that the Department
3 file a complaint with the Commission on the complainant's
4 behalf, the Department shall prepare a written complaint,
5 under oath or affirmation, stating the nature of the civil
6 rights violation substantially as alleged in the charge
7 previously filed and the relief sought on behalf of the
8 aggrieved party. The Department shall file the complaint
9 with the Commission.

10 (1.5) If the complainant chooses to file a complaint
11 with the Commission without the Department's assistance,
12 the complainant shall notify the Department that a
13 complaint has been filed by serving a copy of the
14 complaint on the chief legal counsel of the Department
15 within 21 days from the date that the complaint is filed
16 with the Human Rights Commission. This 21-day period for
17 service on the chief legal counsel shall not be construed
18 to be jurisdictional.

19 (2) If the complainant chooses to commence a civil
20 action in a circuit court:

21 (i) The complainant shall file the civil action in
22 the circuit court in the county wherein the civil
23 rights violation was allegedly committed.

24 (ii) The form of the complaint in any such civil
25 action shall be in accordance with the Code of Civil
26 Procedure.

1 (iii) The complainant shall notify the Department
2 that a complaint has been filed by serving a copy of
3 the complaint on the chief legal counsel of the
4 Department within 21 days from the date that the
5 complaint is filed in circuit court. This 21-day
6 period for service on the chief legal counsel shall
7 not be construed to be jurisdictional.

8 (G) Time Limit.

9 (1) When a charge of a civil rights violation has been
10 properly filed, the Department, within 365 days thereof or
11 within any extension of that period agreed to in writing
12 by all parties, shall issue its report as required by
13 subparagraph (D). Any such report shall be duly served
14 upon both the complainant and the respondent.

15 (2) If the Department has not issued its report within
16 365 days after the charge is filed, or any such longer
17 period agreed to in writing by all the parties, the
18 complainant shall have 90 days to either file the
19 complainant's own complaint with the Human Rights
20 Commission or commence a civil action in the appropriate
21 circuit court. If the complainant files a complaint with
22 the Commission, the form of the complaint shall be in
23 accordance with the provisions of paragraph (F)(1). If the
24 complainant commences a civil action in a circuit court,
25 the form of the complaint shall be in accordance with the
26 Code of Civil Procedure. The aggrieved party shall notify

1 the Department that a complaint has been filed by serving
2 a copy of the complaint on the chief legal counsel of the
3 Department within ~~with~~ 21 days from the date that the
4 complaint is filed with the Commission or in circuit
5 court. This 21-day period for service on the chief legal
6 counsel shall not be construed to be jurisdictional. If
7 the complainant files a complaint with the Commission, the
8 complainant may not later commence a civil action in
9 circuit court.

10 (3) If an aggrieved party files a complaint with the
11 Human Rights Commission or commences a civil action in
12 circuit court pursuant to paragraph (2) of this
13 subsection, or if the time period for filing a complaint
14 has expired, the Department shall immediately cease its
15 investigation and dismiss the charge of civil rights
16 violation. Any final order entered by the Commission under
17 this Section is appealable in accordance with paragraph
18 (B)(1) of Section 8-111. Failure to immediately cease an
19 investigation and dismiss the charge of civil rights
20 violation as provided in this paragraph (3) constitutes
21 grounds for entry of an order by the circuit court
22 permanently enjoining the investigation. The Department
23 may also be liable for any costs and other damages
24 incurred by the respondent as a result of the action of the
25 Department.

21 Section 1115. The Business Corporation Act of 1983 is
22 amended by changing Section 8.12 as follows:

23 (805 ILCS 5/8.12)

24 Sec. 8.12. Female, minority, and LGBTQ directors.

1 (a) Findings and purpose. The General Assembly finds that
2 women, minorities, and LGBTQ people are still largely
3 underrepresented nationally in positions of corporate
4 authority, such as serving as a director on a corporation's
5 board of directors. This low representation could be
6 contributing to the disparity seen in wages made by females
7 and minorities versus their white male counterparts. Increased
8 representation of these individuals as directors on boards of
9 directors for corporations may boost the Illinois economy,
10 improve opportunities for women, minorities, and LGBTQ people
11 in the workplace, and foster an environment in Illinois where
12 the business community is representative of our residents.
13 Therefore, it is the intent of the General Assembly to gather
14 more data and study this issue within the State so that
15 effective policy changes may be implemented to eliminate this
16 disparity.

3 America, including Central America, and who maintains
4 tribal affiliation or community attachment).

23 updated in each annual report filed with the Secretary of
24 State thereafter.

25 (d) Beginning no later than March 1, 2021, and every March
26 1 thereafter, the University of Illinois Systems shall review

1 the information reported and published under subsection (c)
2 and shall publish on its website a report that provides
3 aggregate data on the demographic characteristics of the
4 boards of directors and executive officers of corporations
5 filing an annual report for the preceding year along with an

17 Section 1145. The Consumer Fraud and Deceptive Business
18 Practices Act is amended by changing Section 2DDD and by
19 setting forth and renumbering multiple versions of Section
20 2HHHH as follows:

21 (815 ILCS 505/2DDD)

22 Sec. 2DDD. Alternative gas suppliers.

23 (a) Definitions. In this Section:

24 (1) "Alternative gas supplier" has the same meaning as

1 in Section 19-105 of the Public Utilities Act.

2 (2) "Gas utility" has the same meaning as in Section
3 19-105 of the Public Utilities Act.

4 (b) It is an unfair or deceptive act or practice within the
5 meaning of Section 2 of this Act for any person to violate any
6 provision of this Section.

7 (c) Solicitation.

8 (1) An alternative gas supplier shall not utilize the
9 name of a public utility in any manner that is deceptive or
10 misleading, including, but not limited to, implying or
11 otherwise leading a customer to believe that an
12 alternative gas supplier is soliciting on behalf of or is
13 an agent of a utility. An alternative gas supplier shall
14 not utilize the name, or any other identifying insignia,
15 graphics, or wording, that has been used at any time to
16 represent a public utility company or its services or to
17 identify, label, or define any of its natural gas supply
18 offers and shall not misrepresent the affiliation of any
19 alternative supplier with the gas utility, governmental
20 bodies, or consumer groups.

21 (2) If any sales solicitation, agreement, contract, or
22 verification is translated into another language and
23 provided to a customer, all of the documents must be
24 provided to the customer in that other language.

25 (2.3) An alternative gas supplier shall state that it
26 represents an independent seller of gas certified by the

1 Illinois Commerce Commission and that he or she is not
2 employed by, representing, endorsed by, or acting on
3 behalf of a utility, or a utility program.

4 (2.5) All in-person and telephone solicitations shall
5 be conducted in, translated into, and provided in a
6 language in which the consumer subject to the marketing or
7 solicitation is able to understand and communicate. An
8 alternative gas supplier shall terminate a solicitation if
9 the consumer subject to the marketing or communication is
10 unable to understand and communicate in the language in
11 which the marketing or solicitation is being conducted. An
12 alternative gas supplier shall comply with Section 2N of
13 this Act.

14 (3) An alternative gas supplier shall clearly and
15 conspicuously disclose the following information to all
16 customers:

17 (A) the prices, terms, and conditions of the
18 products and services being sold to the customer;

19 (B) where the solicitation occurs in person,
20 including through door-to-door solicitation, the
21 salesperson's name;

22 (C) the alternative gas supplier's contact
23 information, including the address, phone number, and
24 website;

25 (D) contact information for the Illinois Commerce
26 Commission, including the toll-free number for

1 consumer complaints and website;

2 (E) a statement of the customer's right to rescind
3 the offer within 10 business days of the date on the

6 supplier and utility that the consumer may use to
7 rescind the contract;

8 (F) the amount of the early termination fee, if
9 any; and

10 (G) the utility gas supply cost rates per therm
11 price available from the Illinois Commerce Commission
12 website applicable at the time the alternative gas
13 supplier is offering or selling the products or
14 services to the customer and shall disclose the
15 following statement:

16 "(Name of the alternative gas supplier) is not the
17 same entity as your gas delivery company. You are not
18 required to enroll with (name of alternative retail
19 gas supplier). Beginning on (effective date), the
20 utility gas supply cost rate per therm is (cost). The
21 utility gas supply cost will expire on (expiration
22 date). For more information go to the Illinois
23 Commerce Commission's free website at
24 www.icc.illinois.gov/ags/consumereducation.aspx."

25 (4) Except as provided in paragraph (5) of this
26 subsection (c), an alternative gas supplier shall send the

1 information described in paragraph (3) of this subsection
2 (c) to all customers within one business day of the
3 authorization of a switch.

4 (5) An alternative gas supplier engaging in
5 door-to-door solicitation of consumers shall provide the
6 information described in paragraph (3) of this subsection
7 (c) during all door-to-door solicitations that result in a
8 customer deciding to switch his or her supplier.

9 (d) Customer Authorization. An alternative gas supplier
10 shall not submit or execute a change in a customer's selection
11 of a natural gas provider unless and until: (i) the
12 alternative gas supplier first discloses all material terms
13 and conditions of the offer to the customer; (ii) the
14 alternative gas supplier has obtained the customer's express
15 agreement to accept the offer after the disclosure of all
16 material terms and conditions of the offer; and (iii) the
17 alternative gas supplier has confirmed the request for a
18 change in accordance with one of the following procedures:

19 (1) The alternative gas supplier has obtained the
20 customer's written or electronically signed authorization
21 in a form that meets the following requirements:

22 (A) An alternative gas supplier shall obtain any
23 necessary written or electronically signed
24 authorization from a customer for a change in natural
25 gas service by using a letter of agency as specified in
26 this Section. Any letter of agency that does not

1 conform with this Section is invalid.

2 (B) The letter of agency shall be a separate
3 document (or an easily separable document containing
4 only the authorization language described in item (E)
5 of this paragraph (1)) whose sole purpose is to
6 authorize a natural gas provider change. The letter of
7 agency must be signed and dated by the customer
8 requesting the natural gas provider change.

9 (C) The letter of agency shall not be combined
10 with inducements of any kind on the same document.

11 (D) Notwithstanding items (A) and (B) of this
12 paragraph (1), the letter of agency may be combined
13 with checks that contain only the required letter of
14 agency language prescribed in item (E) of this
15 paragraph (1) and the necessary information to make
16 the check a negotiable instrument. The letter of
17 agency check shall not contain any promotional
18 language or material. The letter of agency check shall
19 contain in easily readable, bold face type on the face
20 of the check, a notice that the consumer is
21 authorizing a natural gas provider change by signing
22 the check. The letter of agency language also shall be
23 placed near the signature line on the back of the
24 check.

25 (E) At a minimum, the letter of agency must be
26 printed with a print of sufficient size to be clearly

1 legible, and must contain clear and unambiguous
2 language that confirms:

3 (i) the customer's billing name and address;

4 (ii) the decision to change the natural gas
5 provider from the current provider to the
6 prospective alternative gas supplier;

7 (iii) the terms, conditions, and nature of the
8 service to be provided to the customer, including,
9 but not limited to, the rates for the service
10 contracted for by the customer; and

11 (iv) that the customer understands that any
12 natural gas provider selection the customer
13 chooses may involve a charge to the customer for
14 changing the customer's natural gas provider.

15 (F) Letters of agency shall not suggest or require
16 that a customer take some action in order to retain the
17 customer's current natural gas provider.

18 (G) If any portion of a letter of agency is
19 translated into another language, then all portions of
20 the letter of agency must be translated into that
21 language.

22 (2) An appropriately qualified independent third party
23 has obtained, in accordance with the procedures set forth
24 in this paragraph (2), the customer's oral authorization
25 to change natural gas providers that confirms and includes
26 appropriate verification data. The independent third party

1 must: (i) not be owned, managed, controlled, or directed
2 by the alternative gas supplier or the alternative gas
3 supplier's marketing agent; (ii) not have any financial
4 incentive to confirm provider change requests for the
5 alternative gas supplier or the alternative gas supplier's
6 marketing agent; and (iii) operate in a location
7 physically separate from the alternative gas supplier or
8 the alternative gas supplier's marketing agent. Automated
9 third-party verification systems and 3-way conference
10 calls may be used for verification purposes so long as the
11 other requirements of this paragraph (2) are satisfied. An
12 alternative gas supplier or alternative gas supplier's
13 sales representative initiating a 3-way conference call or
14 a call through an automated verification system must drop
15 off the call once the 3-way connection has been
16 established. All third-party verification methods shall
17 elicit, at a minimum, the following information:

18 (A) the identity of the customer;

19 (B) confirmation that the person on the call is
20 authorized to make the provider change;

21 (C) confirmation that the person on the call wants
22 to make the provider change;

23 (D) the names of the providers affected by the
24 change;

25 (E) the service address of the service to be
26 switched; and

1 (F) the price of the service to be provided and the
2 material terms and conditions of the service being
3 offered, including whether any early termination fees
4 apply.

5 Third-party verifiers may not market the alternative
6 gas supplier's services. All third-party verifications
7 shall be conducted in the same language that was used in
8 the underlying sales transaction and shall be recorded in
9 their entirety. Submitting alternative gas suppliers shall
10 maintain and preserve audio records of verification of
11 customer authorization for a minimum period of 2 years
12 after obtaining the verification. Automated systems must
13 provide customers with an option to speak with a live
14 person at any time during the call. Each disclosure made
15 during the third-party verification must be made
16 individually to obtain clear acknowledgment of each
17 disclosure. The alternative gas supplier must be in a
18 location where he or she cannot hear the customer while
19 the third-party verification is conducted. The alternative
20 gas supplier shall not contact the customer after the
21 third-party verification for a period of 24 hours unless
22 the customer initiates the contact.

23 (3) The alternative gas supplier has obtained the
24 customer's electronic authorization to change natural gas
25 service via telephone. Such authorization must elicit the
26 information in subparagraphs (A) through (F) of paragraph

1 (2) of this subsection (d). Alternative gas suppliers
2 electing to confirm sales electronically shall establish
3 one or more toll-free telephone numbers exclusively for
4 that purpose. Calls to the number or numbers shall connect
5 a customer to a voice response unit, or similar mechanism,
6 that makes a date-stamped, time-stamped recording of the
7 required information regarding the alternative gas
8 supplier change.

9 The alternative gas supplier shall not use such
10 electronic authorization systems to market its services.

11 (4) When a consumer initiates the call to the
12 prospective alternative gas supplier, in order to enroll
13 the consumer as a customer, the prospective alternative
14 gas supplier must, with the consent of the customer, make
15 a date-stamped, time-stamped audio recording that elicits,
16 at a minimum, the following information:

17 (A) the identity of the customer;

18 (B) confirmation that the person on the call is
19 authorized to make the provider change;

20 (C) confirmation that the person on the call wants
21 to make the provider change;

22 (D) the names of the providers affected by the
23 change;

24 (E) the service address of the service to be
25 switched; and

26 (F) the price of the service to be supplied and the

1 material terms and conditions of the service being
2 offered, including whether any early termination fees
3 apply.

4 Submitting alternative gas suppliers shall maintain
5 and preserve the audio records containing the information
6 set forth above for a minimum period of 2 years.

7 (5) In the event that a customer enrolls for service
8 from an alternative gas supplier via an Internet website,
9 the alternative gas supplier shall obtain an
10 electronically signed letter of agency in accordance with
11 paragraph (1) of this subsection (d) and any customer
12 information shall be protected in accordance with all
13 applicable statutes and rules. In addition, an alternative
14 gas supplier shall provide the following when marketing
15 via an Internet website:

16 (A) The Internet enrollment website shall, at a
17 minimum, include:

18 (i) a copy of the alternative gas supplier's
19 customer contract, which clearly and conspicuously
20 discloses all terms and conditions; and

21 (ii) a conspicuous prompt for the customer to
22 print or save a copy of the contract.

23 (B) Any electronic version of the contract shall
24 be identified by version number, in order to ensure
25 the ability to verify the particular contract to which
26 the customer assents.

1 (C) Throughout the duration of the alternative gas
2 supplier's contract with a customer, the alternative
3 gas supplier shall retain and, within 3 business days
4 of the customer's request, provide to the customer an
5 email, paper, or facsimile of the terms and conditions
6 of the numbered contract version to which the customer
7 assents.

8 (D) The alternative gas supplier shall provide a
9 mechanism by which both the submission and receipt of
10 the electronic letter of agency are recorded by time
11 and date.

12 (E) After the customer completes the electronic
13 letter of agency, the alternative gas supplier shall
14 disclose conspicuously through its website that the
15 customer has been enrolled and the alternative gas
16 supplier shall provide the customer an enrollment
17 confirmation number.

18 (6) When a customer is solicited in person by the
19 alternative gas supplier's sales agent, the alternative
20 gas supplier may only obtain the customer's authorization
21 to change natural gas service through the method provided
22 for in paragraph (2) of this subsection (d).

23 Alternative gas suppliers must be in compliance with the
24 provisions of this subsection (d) within 90 days after April
25 10, 2009 (the effective date of Public Act 95-1051).

26 (e) Early Termination.

1 (1) Beginning January 1, 2020, consumers shall have
2 the right to terminate their contract with an alternative
3 gas supplier at any time without any termination fees or
4 penalties.

5 (2) In any agreement that contains an early
6 termination clause, an alternative gas supplier shall
7 provide the customer the opportunity to terminate the
8 agreement without any termination fee or penalty within 10
9 business days after the date of the first bill issued to
10 the customer for products or services provided by the
11 alternative gas supplier. The agreement shall disclose the
12 opportunity and provide a toll-free phone number that the
13 customer may call in order to terminate the agreement.

14 (f) The alternative gas supplier shall provide each
15 customer the opportunity to rescind its agreement without
16 penalty within 10 business days after the date on the gas
17 utility notice to the customer. The alternative gas supplier
18 shall disclose to the customer all of the following:

19 (1) that the gas utility shall send a notice
20 confirming the switch;

21 (2) that from the date the utility issues the notice
22 confirming the switch, the customer shall have 10 business
23 days before the switch will become effective;

24 (3) that the customer may contact the gas utility or
25 the alternative gas supplier to rescind the switch within
26 10 business days; and

1 (4) the contact information for the gas utility and
2 the alternative gas supplier.

3 The alternative gas supplier disclosure shall be included
4 in its sales solicitations, contracts, and all applicable
5 sales verification scripts.

6 (f-5)(1) Beginning January 1, 2020, an alternative gas
7 supplier shall not sell or offer to sell any products or
8 services to a consumer pursuant to a contract in which the
9 contract automatically renews, unless an alternative gas
10 supplier provides to the consumer at the outset of the offer,
11 in addition to other disclosures required by law, a separate
12 written statement titled "Automatic Contract Renewal" that
13 clearly and conspicuously discloses in bold lettering in at
14 least 12-point font the terms and conditions of the automatic
15 contract renewal provision, including: (i) the estimated bill
16 cycle on which the initial contract term expires and a
17 statement that it could be later based on when the utility
18 accepts the initial enrollment; (ii) the estimated bill cycle
19 on which the new contract term begins and a statement that it
20 will immediately follow the last billing cycle of the current
21 term; (iii) the procedure to terminate the contract before the
22 new contract term applies; and (iv) the cancellation
23 procedure. If the alternative gas supplier sells or offers to
24 sell the products or services to a consumer during an
25 in-person solicitation or telemarketing solicitation, the
26 disclosures described in this paragraph (1) shall also be made

1 to the consumer verbally during the solicitation. Nothing in
2 this paragraph (1) shall be construed to apply to contracts
3 entered into before January 1, 2020.

4 (2) At least 30 days before, but not more than 60 days
5 prior, to the end of the initial contract term, in any and all
6 contracts that automatically renew after the initial term, the
7 alternative gas supplier shall send, in addition to other
8 disclosures required by law, a separate written notice of the
9 contract renewal to the consumer that clearly and
10 conspicuously discloses the following:

11 (A) a statement printed or visible from the outside of
12 the envelope or in the subject line of the email, if the
13 customer has agreed to receive official documents by
14 email, that states "Contract Renewal Notice";

15 (B) a statement in bold lettering, in at least
16 12-point font, that the contract will automatically renew
17 unless the customer cancels it;

18 (C) the billing cycle in which service under the
19 current term will expire;

20 (D) the billing cycle in which service under the new
21 term will begin;

22 (E) the process and options available to the consumer
23 to reject the new contract terms;

24 (F) the cancellation process if the consumer's
25 contract automatically renews before the consumer rejects
26 the new contract terms;

1 (G) the terms and conditions of the new contract term;

2 (H) for a fixed rate or flat bill contract, a
3 side-by-side comparison of the current fixed rate or flat
4 bill to the new fixed rate or flat bill; for a variable
5 rate contract or time-of-use product in which the first
6 month's renewal price can be determined, a side-by-side
7 comparison of the current price and the price for the
8 first month of the new variable or time-of-use price; or
9 for a variable or time-of-use contract based on a publicly
10 available index, a side-by-side comparison of the current
11 formula and the new formula; and

12 (I) the phone number and Internet address to submit a
13 consumer inquiry or complaint to the Illinois Commerce
14 Commission and the Office of the Attorney General.

15 (3) An alternative gas supplier shall not automatically
16 renew a consumer's enrollment after the current term of the
17 contract expires when the current term of the contract
18 provides that the consumer will be charged a fixed rate and the
19 renewed contract provides that the consumer will be charged a
20 variable rate, unless: (i) the alternative gas supplier
21 complies with paragraphs (1) and (2); and (ii) the customer
22 expressly consents to the contract renewal in writing or by
23 electronic signature at least 30 days, but no more than 60
24 days, before the contract expires.

25 (4) An alternative gas supplier shall not submit a change
26 to a customer's gas service provider in violation of Section

1 19-116 of the Public Utilities Act.

2 (g) The provisions of this Section shall apply only to
3 alternative gas suppliers serving or seeking to serve
4 residential and small commercial customers and only to the
5 extent such alternative gas suppliers provide services to
6 residential and small commercial customers.

7 (h) Complaints may be filed with the Commission under this
8 Section by a consumer whose gas service has been provided by an
9 alternative retail gas supplier in a manner not in compliance
10 with this Section or by the Commission on its own motion when
11 it appears to the Commission that an alternative retail gas
12 supplier has provided service in a manner not in compliance
13 with this Section. If, after notice and hearing, the
14 Commission finds that an alternative retail gas supplier has
15 violated this Section, the Commission may in its discretion do
16 any one or more of the following:

17 (1) require the alternative retail gas supplier to
18 refund to the consumer charges collected in excess of
19 those that would have been charged by the consumer's
20 authorized gas service provider;

21 (2) require the alternative retail gas supplier to pay
22 to the consumer's authorized gas service provider the
23 amount the authorized gas service provider would have
24 collected for the gas service. The Commission is
25 authorized to reduce this payment by any amount already
26 paid by the alternative retail gas to the consumer's

1 authorized provider for gas service;

2 (3) require the alternative retail electric supplier
3 to pay a fine of up to \$10,000 per occurrence into the
4 Public Utility Fund for each violation of this Section;

5 (4) issue a cease and desist order; and

6 (5) for a pattern of violation of this Section or for
7 violations that continue after a cease and desist order,
8 revoke the alternative retail gas supplier's certificate
9 of service authority.

19 (815 ILCS 610/2) (from Ch. 29, par. 50-2)

20 Sec. 2. Definitions. In this Act:

21 (a) "Dance studio" or "studio" means any person or

1 public to provide dance studio services.

2 (b) "Dance studio services" includes instruction, training

26 remain unpaid. Where a second or subsequent action to recover

1 underpayments is brought against a contractor or subcontractor
2 and the contractor or subcontractor is found liable for
3 underpayments to any laborer, worker, or mechanic, the
4 contractor or subcontractor shall also be liable to the
5 Department of Labor for 50% of the underpayments payable as a
6 result of the second or subsequent action, and shall be
7 additionally liable for 5% of the amount of any such penalty to
8 the State for underpayments for each month following the date
9 of payment during which the underpayments remain unpaid. The
10 Department shall also have a right of action on behalf of any

12 action brought to recover same shall be deemed to be a suit for
13 wages, and any and all judgments entered therein shall have
14 the same force and effect as other judgments for wages. The
15 action shall be brought within 5 years from the date of the
16 failure to pay the wages or compensation. At the request of any
17 laborer, workman or mechanic employed by the contractor or by

4 (C) If an employee is not entitled to unpaid
5 bereavement leave under the Family Bereavement Leave
6 Act as a result of the death of the victim, leave taken
7 for the purposes described in subparagraph
8 ~~subparagraphs~~ (F), (G), or (H) of paragraph (1) shall
9 be deducted from, and is not in addition to, the total
10 amount of leave time an employee is entitled to under
11 paragraph (2).

12 (D) Leave taken for the purposes described in
13 subparagraph ~~subparagraphs~~ (F), (G), or (H) of
14 paragraph (1) shall not otherwise limit or diminish
15 the total amount of leave time an employee is entitled
16 to take under paragraph (2).

17 (b) Notice. The employee shall provide the employer with
18 at least 48 hours' advance notice of the employee's intention
19 to take the leave, unless providing such notice is not
20 practicable. When an unscheduled absence occurs, the employer
21 may not take any action against the employee if the employee,
22 upon request of the employer and within a reasonable period
23 after the absence, provides certification under subsection
24 (c).

25 (c) Certification.

26 (1) In general. The employer may require the employee

1 to provide certification to the employer that:

2 (A) the employee or the employee's family or
3 household member is a victim of domestic violence,
4 sexual violence, gender violence, or any other crime
5 of violence; and

6 (B) the leave is for one of the purposes
7 enumerated in paragraph (1) of subsection (a) ~~(a) (1)~~.

8 The employee shall provide such certification to the
9 employer within a reasonable period after the employer
10 requests certification.

11 (2) Contents. An employee may satisfy the
12 certification requirement of paragraph (1) by providing to
13 the employer a sworn statement of the employee, and if the
14 employee has possession of such document, the employee
15 shall provide one of the following documents:

16 (A) documentation from an employee, agent, or
17 volunteer of a victim services organization, an
18 attorney, a member of the clergy, or a medical or other
19 professional from whom the employee or the employee's
20 family or household member has sought assistance in
21 addressing domestic violence, sexual violence, gender
22 violence, or any other crime of violence and the
23 effects of the violence;

24 (B) a police, court, or military record;

25 (B-5) a death certificate, published obituary, or
26 written verification of death, burial, or memorial

1 services from a mortuary, funeral home, burial
2 society, crematorium, religious institution, or
3 government agency, documenting that a victim was
4 killed in a crime of violence; or

5 (C) other corroborating evidence.

6 The employee shall choose which document to submit,
7 and the employer shall not request or require more than
8 one document to be submitted during the same 12-month
9 period leave is requested or taken if the reason for leave
10 is related to the same incident or incidents of violence
11 or the same perpetrator or perpetrators of the violence.

12 (d) Confidentiality. All information provided to the
13 employer pursuant to subsection (b) or (c), including a
14 statement of the employee or any other documentation, record,
15 or corroborating evidence, and the fact that the employee has
16 requested or obtained leave pursuant to this Section, shall be
17 retained in the strictest confidence by the employer, except
18 to the extent that disclosure is:

19 (1) requested or consented to in writing by the
20 employee; or

21 (2) otherwise required by applicable federal or State
22 law.

23 (e) Employment and benefits.

24 (1) Restoration to position.

25 (A) In general. Any employee who takes leave under
26 this Section for the intended purpose of the leave

1 shall be entitled, on return from such leave:

2 (i) to be restored by the employer to the
3 position of employment held by the employee when
4 the leave commenced; or

5 (ii) to be restored to an equivalent position
6 with equivalent employment benefits, pay, and
7 other terms and conditions of employment.

8 (B) Loss of benefits. The taking of leave under
9 this Section shall not result in the loss of any
10 employment benefit accrued prior to the date on which
11 the leave commenced.

12 (C) Limitations. Nothing in this subsection shall
13 be construed to entitle any restored employee to:

14 (i) the accrual of any seniority or employment
15 benefits during any period of leave; or

16 (ii) any right, benefit, or position of
17 employment other than any right, benefit, or
18 position to which the employee would have been
19 entitled had the employee not taken the leave.

20 (D) Construction. Nothing in this paragraph shall
21 be construed to prohibit an employer from requiring an
22 employee on leave under this Section to report
23 periodically to the employer on the status and
24 intention of the employee to return to work.

25 (2) Maintenance of health benefits.

26 (A) Coverage. Except as provided in subparagraph

1 (B), during any period that an employee takes leave
2 under this Section, the employer shall maintain
3 coverage for the employee and any family or household
4 member under any group health plan for the duration of
5 such leave at the level and under the conditions
6 coverage would have been provided if the employee had
7 continued in employment continuously for the duration
8 of such leave.

9 (B) Failure to return from leave. The employer may
10 recover the premium that the employer paid for
11 maintaining coverage for the employee and the
12 employee's family or household member under such group
13 health plan during any period of leave under this
14 Section if:

15 (i) the employee fails to return from leave
16 under this Section after the period of leave to
17 which the employee is entitled has expired; and

18 (ii) the employee fails to return to work for
19 a reason other than:

20 (I) the continuation, recurrence, or onset
21 of domestic violence, sexual violence, gender
22 violence, or any other crime of violence that
23 entitles the employee to leave pursuant to
24 this Section; or

25 (II) other circumstances beyond the
26 control of the employee.

1 (C) Certification.

2 (i) Issuance. An employer may require an
3 employee who claims that the employee is unable to
4 return to work because of a reason described in
5 subclause (I) or (II) of clause (ii) of
6 subparagraph (B) ~~(B) (ii)~~ to provide, within a
7 reasonable period after making the claim,
8 certification to the employer that the employee is
9 unable to return to work because of that reason.

10 (ii) Contents. An employee may satisfy the
11 certification requirement of clause (i) by
12 providing to the employer:

13 (I) a sworn statement of the employee;

14 (II) documentation from an employee,
15 agent, or volunteer of a victim services
16 organization, an attorney, a member of the
17 clergy, or a medical or other professional
18 from whom the employee has sought assistance
19 in addressing domestic violence, sexual
20 violence, gender violence, or any other crime
21 of violence and the effects of that violence;

22 (III) a police, court, or military record;

23 or

24 (IV) other corroborating evidence.

25 The employee shall choose which document to
26 submit, and the employer shall not request or require

1 more than one document to be submitted.

2 (D) Confidentiality. All information provided to
3 the employer pursuant to subparagraph (C), including a
4 statement of the employee or any other documentation,
5 record, or corroborating evidence, and the fact that
6 the employee is not returning to work because of a
7 reason described in subclause (I) or (II) of clause
8 (ii) of subparagraph (B) ~~(B) (ii)~~ shall be retained in
9 the strictest confidence by the employer, except to
10 the extent that disclosure is:

11 (i) requested or consented to in writing by
12 the employee; or

13 (ii) otherwise required by applicable federal
14 or State law.

15 (f) Prohibited acts.

16 (1) Interference with rights.

17 (A) Exercise of rights. It shall be unlawful for
18 any employer to interfere with, restrain, or deny the
19 exercise of or the attempt to exercise any right
20 provided under this Section.

21 (B) Employer discrimination. It shall be unlawful
22 for any employer to discharge or harass any
23 individual, or otherwise discriminate against any
24 individual with respect to compensation, terms,
25 conditions, or privileges of employment of the
26 individual (including retaliation in any form or

1 manner) because the individual:

2 (i) exercised any right provided under this
3 Section; or

4 (ii) opposed any practice made unlawful by
5 this Section.

6 (C) Public agency sanctions. It shall be unlawful
7 for any public agency to deny, reduce, or terminate
8 the benefits of, otherwise sanction, or harass any
9 individual, or otherwise discriminate against any
10 individual with respect to the amount, terms, or
11 conditions of public assistance of the individual
12 (including retaliation in any form or manner) because
13 the individual:

14 (i) exercised any right provided under this
15 Section; or

16 (ii) opposed any practice made unlawful by
17 this Section.

18 (2) Interference with proceedings or inquiries. It
19 shall be unlawful for any person to discharge or in any
20 other manner discriminate (as described in subparagraph
21 (B) or (C) of paragraph (1)) against any individual
22 because such individual:

23 (A) has filed any charge, or has instituted or
24 caused to be instituted any proceeding, under or
25 related to this Section;

26 (B) has given, or is about to give, any

1 information in connection with any inquiry or
2 proceeding relating to any right provided under this
3 Section; or

4 (C) has testified, or is about to testify, in any
5 inquiry or proceeding relating to any right provided
6 under this Section.

9 Section 1180. The Freelance Worker Protection Act is
10 amended by changing Section 25 as follows:

11 (820 ILCS 193/25)

12 Sec. 25. Complaint procedure.

13 (a) A freelance worker may file a complaint with the
14 Department alleging a violation of the Act by submitting a
15 completed form, provided by the Department, and by submitting
16 copies of all supporting documentation. The Department is
17 authorized to request or require any information the Director
18 deems relevant to the complaint or to its reporting
19 requirements under Section 50, including, but not limited to:

20 (1) the general sector or occupation of the freelance
21 worker submitting a claim under this Act;

22 (2) the county where the work by the freelance work
23 was performed, if in Illinois; and

24 (3) at the discretion of the freelance worker, the

1 demographic data of the freelance worker submitting a
2 claim under this Act.

3 (b) Complaints alleging violation of Section 10, 15, or 20
4 shall be filed within 2 years after the date the final
5 compensation was due. Complaints shall be reviewed by the
6 Department to determine whether there is cause for the
7 Department to initiate the process of facilitating the
8 exchange of information between the parties. The Department is
9 not required to initiate an information facilitation process
10 if either party to the contract has initiated a civil action in
11 a court of competent jurisdiction alleging a violation of this
12 chapter or a breach of contract arising out of the contract
13 that is the subject of the complaint filed under this Act,
14 unless such civil action has been dismissed without prejudice
15 to future claims; or either party to the contract has filed a
16 claim or complaint before any administrative agency under any
17 local, State, or federal law alleging a breach of contract
18 that is the subject of the complaint filed under this Act,
19 unless the administrative claim or complaint has been
20 withdrawn or dismissed without prejudice to future claims.
21 Failure of a contracting entity to keep adequate records or
22 provide written contract as required by this Act shall not
23 operate as a bar to a freelance worker filing a complaint.

24 (c) Each freelance worker who files a completed complaint
25 alleging a violation of this Act or a rule adopted thereunder
26 shall be provided with a written description of the

1 anticipated processing of the complaint, including
2 notification to the contracting entity and the contracting
3 entity's opportunity to respond.

4 (d) The Department shall, within 20 days of receiving a
5 complaint alleging a violation of this Act, initiate the
6 information facilitation process by sending the contracting
7 entity named in the complaint a written notice of the
8 complaint, or by notifying the freelance worker that the
9 Department lacks jurisdiction to initiate such process. When
10 the Department initiates this process, the notice of complaint
11 shall: (i) inform the contracting entity that a complaint has
12 been filed alleging a violation of this Act; (ii) detail the
13 civil remedies available to a freelance worker for violations
14 of this Act by a contracting entity; (iii) include a copy of
15 the complaint; and (iv) state that failure to respond to the
16 complaint by the deadline established in paragraph (1) of
17 subsection (e) creates a rebuttable presumption in any civil
18 action commenced in accordance with this Act that the
19 contracting entity committed the violations alleged in the
20 complaint. The Department shall send such notice by certified
21 mail.

22 (e) Response.

23 (1) Within 20 days of receiving the notice of
24 complaint, the contracting entity identified in the
25 complaint shall send the Director one of the following:

26 (A) For a complaint under Section 10, a written

1 statement that the freelance worker has been paid in
2 full and proof of such payment.

3 (B) For a complaint under Section 10, a written
4 statement that the freelance worker has not been paid
5 in full and the reasons for the failure to provide such
6 payment.

7 (C) For a complaint under Section 15 or 20, a
8 defense against the alleged violation.

9 (2) If the contracting entity identified in the
10 complaint does not respond to the notice within 20 days,
11 such failure to respond creates a rebuttable presumption
12 in any civil action commenced in accordance with this Act
13 that the contracting entity committed the violations
14 alleged in the complaint. Within 20 days of receiving a
15 written response, the Director shall send the freelance
16 worker a copy of:

17 (A) the contracting entity's response;

18 (B) any enclosures submitted with the response;

19 (C) materials informing the freelance worker about
20 the freelance worker's right to bring an action in a
21 court of competent jurisdiction; and

22 (D) any other information about the status of the
23 complaint.

24 (3) If the director receives no response to the notice
25 of complaint within the time provided by subsection (a),
26 the Director shall mail a notice of non-response to both

1 the freelance worker and the contracting entity by regular
2 mail and shall include with such notice proof that the
3 Director previously mailed the notice of complaint to the
4 contracting entity by certified mail. Upon satisfying the
5 requirements of this paragraph, the Director may close the
6 case.

7 (f) Attorney General powers.

8 (1) Whenever the Attorney General has reasonable cause
9 to believe that any person or entity is engaged in a
10 pattern and practice prohibited by this Act, the Attorney
11 General may initiate or intervene in a civil action in the
12 name of the People of the State of Illinois in any
13 appropriate court to obtain appropriate relief.

14 (2) Before initiating an action, the Attorney General
15 may conduct an investigation and may:

16 (A) require an individual or entity to file a
17 statement or report in writing under oath or
18 otherwise, as to all information the Attorney General
19 may consider necessary;

20 (B) examine under oath any person alleged to have
21 participated in or with knowledge of the alleged
22 violation; or

23 (C) issue subpoenas or conduct hearings in aid of
24 any investigation.

25 (3) Service by the Attorney General of any notice
26 requiring a person or entity to file a statement or

1 report, or of a subpoena upon any person or entity, shall
2 be made:

3 (A) personally by delivery of a duly executed copy
4 thereof to the person to be served or, if a person is
5 not a natural person, in the manner provided in the
6 Code of Civil Procedure when a complaint is filed; or

7 (B) by mailing by certified mail a duly executed
8 copy thereof to the person to be served at the person's
9 last known abode or principal place of business within
10 this State or, if a person is not a natural person, in
11 the manner provided in the Code of Civil Procedure
12 when a complaint is filed.

13 The Attorney General may compel compliance with
14 investigative demands under this Section through an order
15 by any court of competent jurisdiction.

16 (4) (A) In an action brought under this Act, the
17 Attorney General may obtain, as a remedy, monetary damages
18 to the State, restitution, and equitable relief, including
19 any permanent or preliminary injunction, temporary
20 restraining order, or other order, including an order
21 enjoining the defendant from engaging in a violation, or
22 order any action as may be appropriate. In addition, the
23 Attorney General may request and the court may impose a
24 civil penalty not to exceed \$5,000 for each violation or
25 \$10,000 for each repeat violation within a 5-year period.
26 For purposes of this Section, each violation of this Act

1 for each person who was subject to an agreement in
2 violation of this Act shall constitute a separate and
3 distinct violation.

4 (B) A civil penalty imposed under this subsection
5 shall be deposited into the Attorney General Court Ordered
6 and Voluntary Compliance Payment Projects Fund. Moneys in
7 the Fund shall be used, subject to appropriation, for the
8 performance of any function pertaining to the exercise of
9 the duties of the Attorney General, including, but not
10 limited to, enforcement of any law of this State and
11 conducting public education programs; however, any moneys
12 in the Fund that are required by the court or by an
13 agreement to be used for a particular purpose shall be
14 used for that purpose.

15 (g) Nothing in this Act shall be construed to prevent any
16 freelance worker from making a complaint or prosecuting his or
17 her own claim for compensation. Any freelance worker aggrieved
18 by a violation of this Act or any rule adopted under this Act
19 may file suit in circuit court of Illinois, in the county where
20 the alleged violation occurred or where any freelance worker
21 who is party to the action resides, without regard to
22 exhaustion of any alternative administrative remedies provided
23 in this Act. Actions may be brought by one or more freelance
24 workers for and on behalf of themselves and other freelance
25 workers similarly situated.

26 (h) Nothing in this Act shall be construed to limit the

1 authority of the State's Attorney of any county to prosecute
2 actions for violation of this Act or to enforce the provisions
3 thereof independently and without specific direction of the
4 Department.

6 Section 1185. The Child Labor Law of 2024 is amended by
7 changing Section 75 as follows:

8 (820 ILCS 206/75)

9 Sec. 75. Civil penalties.

10 (a) Any person employing, allowing, or permitting a minor
11 to work who violates any of the provisions of this Act or any
12 rule adopted under the Act shall be subject to civil penalties
13 as follows:

14 (1) if a minor dies while working for an employer who
15 is found by the Department to have been employing,
16 allowing, or permitting the minor to work in violation of
17 this Act, the employer is subject to a penalty not to
18 exceed \$60,000, payable to the Department;

19 (2) if a minor receives an illness or an injury that is
20 required to be reported to the Department under Section 35
21 while working for an employer who is found by the
22 Department to have been employing, allowing, or permitting
23 the minor to work in violation of this Act, the employer is
24 subject to a penalty not to exceed \$30,000, payable to the

1 Department;

2 (3) an employer who employs, allows, or permits a
3 minor to work in violation of Section 40 shall be subject
4 to a penalty not to exceed \$15,000, payable to the
5 Department;

6 (4) an employer who fails to post or provide the
7 required notice under subsection (g) of Section 35 shall
8 be subject to a penalty not to exceed \$500, payable to the
9 Department; and

10 (5) an employer who commits any other violation of
11 this Act shall be subject to a penalty not to exceed
12 \$10,000, payable to the Department.

13 In determining the amount of the penalty, the
14 appropriateness of the penalty to the size of the business of
15 the employer charged and the gravity of the violation shall be
16 considered.

17 Each day during which any violation of this Act continues
18 shall constitute a separate and distinct offense, and the
19 employment of any minor in violation of the Act shall, with
20 respect to each minor so employed, constitute a separate and
21 distinct offense.

22 (b) Any administrative determination by the Department of
23 the amount of each penalty shall be final unless reviewed as
24 provided in Section 70.

25 (c) The amount of the penalty, when finally determined,
26 may be recovered in a civil action brought by the Director in

1 any circuit court, in which litigation the Director shall be
2 represented by the Attorney General. In an action brought by
3 the Department, the Department may request, and the Court may
4 impose on a defendant employer, an additional civil penalty of
5 up to an amount equal to the penalties assessed by the
6 Department to be distributed to an impacted minor. In an
7 action concerning multiple minors, any such penalty imposed by
8 the Court shall be distributed equally among the minors
9 employed in violation of this Act by the defendant employer.

10 (d) Penalties recovered under this Section shall be paid
11 by certified check, money order, or by an electronic payment
12 system designated by the Department, and deposited into the
13 Child Labor and Day and Temporary Labor Services Enforcement
14 Fund, a special fund in the State treasury. Moneys in the Fund
15 shall be used, subject to appropriation, for exemplary
16 programs, demonstration projects, and other activities or
17 purposes related to the enforcement of this Act, and for the
18 activities or purposes related to the enforcement of the Day
19 and Temporary Labor Services Act, the Private Employment
20 Agency Act, ~~or~~ the Right to Privacy in the Workplace Act, ~~for~~
21 ~~the activities or purposes related to the enforcement of the~~
22 Job Opportunities for Qualified Applicants Act, and ~~for the~~
23 ~~activities or purposes related to the enforcement of the~~
24 Family Bereavement Leave Act.

1 Section 9995. No acceleration or delay. Where this Act
2 makes changes in a statute that is represented in this Act by
3 text that is not yet or no longer in effect (for example, a
4 Section represented by multiple versions), the use of that
5 text does not accelerate or delay the taking effect of (i) the
