The amount certified by the exclusive representative shall not include any fees for contributions

(o) Except as otherwise in subsection (o-5), "public employer" or "employer" means the State of Illinois; any political subdivision of the State, unit of local government

or school district; authorities including departments, divisions, bureaus, boards, commissions, or other agencies of the foregoing entities; and any person acting within the scope of his or her authority, express or implied, on behalf of those entities in dealing with its employees. As of July 16, 2003 (the effective date of Public Act 93-204), but not before, the State of Illinois shall be considered the employer of the personal assistants working under the Home Services Program under Section 3 of the Rehabilitation of Persons with Disabilities Act, subject to the limitations set forth in this Act and in the Rehabilitation of Persons with Disabilities Act. As of January 29, 2013 (the effective date of Public Act 97-1158), but not before except as otherwise provided in this subsection (o), the State shall be considered the employer of home care and home health workers who function as personal assistants and individual maintenance home health workers and who also work under the Home Services Program under Section 3 of the Rehabilitation of Persons with Disabilities Act, no matter whether the State provides those services through direct fee-for-service arrangements, with the assistance of a managed care organization or other intermediary, or otherwise, but subject to the limitations set forth in this Act and the Rehabilitation of Persons with Disabilities Act. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

"Public employer" or "employer" as used in this Act,

however, does not mean and shall not include the General Assembly of the State of Illinois, the Executive Ethics Commission, the Offices of the Executive Inspectors General, the Legislative Ethics Commission, the Office of the Legislative Inspector General, the Office of the Auditor General's Inspector General, the Office of the Governor, the Governor's Office of Management and Budget, the Illinois Finance Authority, the Office of the Lieutenant Governor, the State Board of Elections, and educational employers or employers as defined in the Illinois Educational Labor Relations Act, except with respect to a state university in its employment of firefighters and peace officers and except with respect to a school district in the employment of peace officers in its own police department in existence on July 23, 2010 (the effective date of Public Act 96-1257). County boards and county sheriffs shall be designated as joint or co-employers of county peace officers appointed under the authority of a county sheriff. Nothing in this subsection (o) shall be construed to prevent the State Panel or the Local Panel from determining that employers are joint or co-employers.

(o-5) With respect to wages, fringe benefits, hours, holidays, vacations, proficiency examinations, sick leave, and other conditions of employment, the public employer of public employees who are court reporters, as defined in the Court Reporters Act, shall be determined as follows:

(1) For court reporters employed by the Cook County Judicial Circuit, the chief judge of the Cook County Circuit Court is the public employer and employer representative.

(2) For court reporters employed by the 12th, 18th, 19th, and, on and after December 4, 2006, the 22nd judicial circuits, a group consisting of the chief judges of those circuits, acting jointly by majority vote, is the public employer and employer representative.

(3) For court reporters employed by all other judicial circuits, a group consisting of the chief judges of those circuits, acting jointly by majority vote, is the public employer and employer representative.

(p) "Security employee" means an employee who is responsible for the supervision and control of inmates at correctional facilities. The term also includes other non-security employees in bargaining units having the majority of employees being responsible for the supervision and control of inmates at correctional facilities.

(q) "Short-term employee" means an employee who is employed for less than 2 consecutive calendar quarters during a calendar year and who does not have a reasonable assurance that he or she will be rehired by the same employer for the same service in a subsequent calendar year.

(q-5) "State agency" means an agency directly responsible to the Governor, as defined in Section 3.1 of the Executive

Reorganization Implementation Act, and the Illinois Commerce Commission, the Illinois Workers' Compensation Commission, the Civil Service Commission, the Pollution Control Board, the Illinois Racing Board, and the Illinois State Police Merit Board.

(r) "Supervisor" is:

(1) An employee whose principal work is substantially different from that of his or her subordinates and who has authority, in the interest of the employer, to hire, transfer, suspend, lay off, recall, promote, discharge, direct, reward, or discipline employees, to adjust their grievances, or to effectively recommend any of those actions, if the exercise of that authority is not of a merely routine or clerical nature, but requires the consistent use of independent judgment. Except with respect to police employment, the term "supervisor" includes only those individuals who devote a preponderance of their employment time to exercising that authority, State supervisors notwithstanding. Determinations of supervisor status shall be based on actual employee job duties and not solely on written job descriptions. Nothing in this definition prohibits an individual from also meeting the definition of "managerial employee" under subsection (j) of this Section. In addition, in determining supervisory status in police employment, rank shall not be determinative. The Board shall consider, as

evidence of bargaining unit inclusion or exclusion, the common law enforcement policies and relationships between police officer ranks and certification under applicable civil service law, ordinances, personnel codes, or Division 2.1 of Article 10 of the Illinois Municipal Code, but these factors shall not be the sole or predominant factors considered by the Board in determining police supervisory status.

Notwithstanding the provisions of the preceding paragraph, in determining supervisory status in fire fighter employment, no fire fighter shall be excluded as a supervisor who has established representation rights under Section 9 of this Act. Further, in fire fighter units, employees shall consist of fire fighters of the highest rank of company officer and below. A company officer may be responsible for multiple companies or apparatus on a shift, multiple stations, or an entire shift. There may be more than one company officer per shift. If a company officer otherwise qualifies as a supervisor under the preceding paragraph, however, he or she shall not be included in the fire fighter unit. If there is no rank between that of chief and the highest company officer, the employer may designate a position on each shift as a Shift Commander, and the persons occupying those positions shall be supervisors. All other ranks above that of the highest company officer shall be supervisors.

(2) With respect only to State employees in positions under the jurisdiction of the Attorney General, Secretary of State, Comptroller, or Treasurer (i) that were certified in a bargaining unit on or after December 2, 2008, (ii) for which a petition is filed with the Illinois Public Labor Relations Board on or after April 5, 2013 (the effective date of Public Act 97-1172), or (iii) for which a petition is pending before the Illinois Public Labor Relations Board on that date, an employee who qualifies as a supervisor under (A) Section 152 of the National Labor Relations Act and (B) orders of the National Labor Relations Board interpreting that provision or decisions of courts reviewing decisions of the National Labor Relations Board.

(s)(1) "Unit" means a class of jobs or positions that are held by employees whose collective interests may suitably be represented by a labor organization for collective bargaining. Except with respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers, and peace officers in the Illinois State Police, a bargaining unit determined by the Board shall not include both employees and supervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on July 1, 1984 (the effective date of this Act). With respect to non-State fire fighters and paramedics employed by fire

departments and fire protection districts, non-State peace officers, and peace officers in the Illinois State Police, a bargaining unit determined by the Board shall not include both supervisors and nonsupervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on January 1, 1986 (the effective date of this amendatory Act of 1985). A bargaining unit determined by the Board to contain peace officers shall contain no employees other than peace officers unless otherwise agreed to by the employer and the labor organization or labor organizations involved. Notwithstanding any other provision of this Act, a bargaining unit, including a historical bargaining unit, containing sworn peace officers of the Department of Natural Resources (formerly designated the Department of Conservation) shall contain no employees other than such sworn peace officers upon the effective date of this amendatory Act of 1990 or upon the expiration date of any collective bargaining agreement in effect upon the effective date of this amendatory Act of 1990 covering both such sworn peace officers and other employees.

(2) Notwithstanding the exclusion of supervisors from bargaining units as provided in paragraph (1) of this subsection (s), a public employer may agree to permit its supervisory employees to form bargaining units and may bargain with those units. This Act shall apply if the public employer chooses to bargain under this subsection.

(3) Public employees who are court reporters, as defined in the Court Reporters Act, shall be divided into 3 units for collective bargaining purposes. One unit shall be court reporters employed by the Cook County Judicial Circuit; one unit shall be court reporters employed by the 12th, 18th, 19th, and, on and after December 4, 2006, the 22nd judicial circuits; and one unit shall be court reporters employed by all other judicial circuits.

(t) "Active petition for certification in a bargaining unit" means a petition for certification filed with the Board under one of the following case numbers: S-RC-11-110; S-RC-11-098; S-UC-11-080; S-RC-11-086; S-RC-11-074; S-RC-11-076; S-RC-11-078; S-UC-11-052; S-UC-11-054; S-RC-11-062; S-RC-11-060; S-RC-11-042; S-RC-11-014; S-RC-11-016; S-RC-11-020; S-RC-11-030; S-RC-11-004; S-RC-10-244; S-RC-10-228; S-RC-10-222; S-RC-10-220; S-RC-10-214; S-RC-10-196; S-RC-10-194; S-RC-10-178; S-RC-10-176; S-RC-10-162; S-RC-10-156; S-RC-10-088; S-RC-10-074; S-RC-10-076; S-RC-10-078; S-RC-10-060; S-RC-10-070; S-RC-10-044; S-RC-10-038; S-RC-10-040; S-RC-10-042; S-RC-10-018; S-RC-10-024; S-RC-10-004; S-RC-10-006; S-RC-10-008; S-RC-10-010; S-RC-10-012; S-RC-09-202; S-RC-09-182; S-RC-09-180; S-RC-09-156; S-UC-09-196; S-UC-09-182; S-RC-08-130; S-RC-07-110; or S-RC-07-100.

not be covered by the State Employees Group Insurance Act of 1971.

"Public employer" or "employer" as used in this Act, however, does not mean and shall not include the General Assembly of the State of Illinois, the Executive Ethics Commission, the Offices of the Executive Inspectors General, the Legislative Ethics Commission, the Office of the Legislative Inspector General, the Office of the Auditor General's Inspector General, the Office of the Governor, the Governor's Office of Management and Budget, the Illinois Finance Authority, the Office of the Lieutenant Governor, the State Board of Elections, and educational employers or employers as defined in the Illinois Educational Labor Relations Act, except with respect to a state university in its employment of firefighters and peace officers and except with respect to a school district in the employment of peace officers in its own police department in existence on July 23, 2010 (the effective date of Public Act 96-1257). County boards and county sheriffs shall be designated as joint or co-employers of county peace officers appointed under the authority of a county sheriff. Nothing in this subsection (o) shall be construed to prevent the State Panel or the Local Panel from determining that employers are joint or co-employers.

(o-5) With respect to wages, fringe benefits, hours, holidays, vacations, proficiency examinations, sick leave, and

other conditions of employment, the public employer of public employees who are court reporters, as defined in the Court Reporters Act, shall be determined as follows:

(1) For court reporters employed by the Cook County Judicial Circuit, the chief judge of the Cook County Circuit Court is the public employer and employer representative.

(2) For court reporters employed by the 12th, 18th, 19th, and, on and after December 4, 2006, the 22nd judicial circuits, a group consisting of the chief judges of those circuits, acting jointly by majority vote, is the public employer and employer representative.

(3) For court reporters employed by all other judicial circuits, a group consisting of the chief judges of those circuits, acting jointly by majority vote, is the public employer and employer representative.

(p) "Security employee" means an employee who is responsible for the supervision and control of inmates at correctional facilities. The term also includes other non-security employees in bargaining units having the majority of employees being responsible for the supervision and control of inmates at correctional facilities.

(q) "Short-term employee" means an employee who is employed for less than 2 consecutive calendar quarters during a calendar year and who does not have a reasonable assurance that he or she will be rehired by the same employer for the

same service in a subsequent calendar year.

(q-5) "State agency" means an agency directly responsible to the Governor, as defined in Section 3.1 of the Executive Reorganization Implementation Act, and the Illinois Commerce Commission, the Illinois Workers' Compensation Commission, the Civil Service Commission, the Pollution Control Board, the Illinois Racing Board, and the Illinois State Police Merit Board.

(r) "Supervisor" is:

(1) An employee whose principal work is substantially different from that of his or her subordinates and who has authority, in the interest of the employer, to hire, transfer, suspend, lay off, recall, promote, discharge, direct, reward, or discipline employees, to adjust their grievances, or to effectively recommend any of those actions, if the exercise of that authority is not of a merely routine or clerical nature, but requires the consistent use of independent judgment. Except with respect to police employment, the term "supervisor" includes only those individuals who devote a preponderance of their employment time to exercising that authority, State supervisors notwithstanding. Determinations of supervisor status shall be based on actual employee job duties and not solely on written job descriptions. Nothing in this definition prohibits an individual from also meeting the definition of "managerial employee" under

subsection (j) of this Section. In addition, in determining supervisory status in police employment, rank shall not be determinative. The Board shall consider, as evidence of bargaining unit inclusion or exclusion, the common law enforcement policies and relationships between police officer ranks and certification under applicable civil service law, ordinances, personnel codes, or Division 2.1 of Article 10 of the Illinois Municipal Code, but these factors shall not be the sole or predominant factors considered by the Board in determining police supervisory status.

Notwithstanding the provisions of the preceding paragraph, in determining supervisory status in fire fighter employment, no fire fighter shall be excluded as a supervisor who has established representation rights under Section 9 of this Act. Further, in fire fighter units, employees shall consist of fire fighters of the highest rank of company officer and below. A company officer may be responsible for multiple companies or apparatus on a shift, multiple stations, or an entire shift. There may be more than one company officer per shift. If a company officer otherwise qualifies as a supervisor under the preceding paragraph, however, he or she shall not be included in the fire fighter unit. If there is no rank between that of chief and the highest company officer, the employer may designate a position on each shift as a Shift

Commander, and the persons occupying those positions shall be supervisors. All other ranks above that of the highest company officer shall be supervisors.

(2) With respect only to State employees in positions under the jurisdiction of the Attorney General, Secretary of State, Comptroller, or Treasurer (i) that were certified in a bargaining unit on or after December 2, 2008, (ii) for which a petition is filed with the Illinois Public Labor Relations Board on or after April 5, 2013 (the effective date of Public Act 97-1172), or (iii) for which a petition is pending before the Illinois Public Labor Relations Board on that date, an employee who qualifies as a supervisor under (A) Section 152 of the National Labor Relations Act and (B) orders of the National Labor Relations Board interpreting that provision or decisions of courts reviewing decisions of the National Labor Relations Board.

(3) With respect to a police officer, other than a police officer employed by the Illinois State Police, any officer in a permanent rank for which the police officer is appointed. For municipal police officers, "in a permanent rank" shall mean those not subject to promotional testing pursuant to Division 1 or Division 2.1 of the Illinois Municipal Code. The position or rank immediately below that of Chief, whether occupied by a person or persons in appointed positions or a tested rank

shall also be considered supervisors unless that rank is that of patrol officer. An appointment of duties in which the tested permanent rank does not change shall not be considered the appointment of a supervisor under this definition.

(4) With respect to a police officer for the State Police, any rank of Major or above.

Notwithstanding the provisions of paragraph (1) of subsection (r), "supervisor" does not include (1) a police officer excluded from the definition of "supervisor" by a collective bargaining agreement, (2) a police officer who is in a rank for which the police officer must complete a written test pursuant to Division 1 or Division 2.1 of the Illinois Municipal Code in order to be employed in that rank, (3) a police officer who is in a position or rank that has been voluntarily recognized as covered by a collective bargaining agreement by the employer, or (4) a police officer who is in a position or rank that has been historically covered by a collective bargaining agreement. However, these exclusions from the definition of "supervisor" only apply in this Act for the purposes of supervisory collective bargaining purposes only. Employees occupying supervisory bargaining ranks shall still be required to perform supervisory functions as outlined in paragraph (1) of subsection (r) and be held accountable for failure to perform supervisory functions.

(s)(1) "Unit" means a class of jobs or positions that are

held by employees whose collective interests may suitably be represented by a labor organization for collective bargaining. Except with respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers, and peace officers in the Illinois State Police, a bargaining unit determined by the Board shall not include both employees and supervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on July 1, 1984 (the effective date of this Act). With respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers, and peace officers in the Illinois State Police, a bargaining unit determined by the Board shall not include both supervisors and nonsupervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on January 1, 1986 (the effective date of this amendatory Act of 1985). A bargaining unit determined by the Board to contain peace officers shall contain no employees other than peace officers unless otherwise agreed to by the employer and the labor organization or labor organizations involved. Notwithstanding any other provision of this Act, a bargaining unit, including a historical bargaining unit, containing sworn peace officers of the Department of Natural Resources (formerly designated the Department of Conservation) shall contain no employees other

than such sworn peace officers upon the effective date of this amendatory Act of 1990 or upon the expiration date of any collective bargaining agreement in effect upon the effective date of this amendatory Act of 1990 covering both such sworn peace officers and other employees.

(2) Notwithstanding the exclusion of supervisors from bargaining units as provided in paragraph (1) of this subsection (s), a public employer may agree to permit its supervisory employees to form bargaining units and may bargain with those units. This Act shall apply if the public employer chooses to bargain under this subsection.

(3) Public employees who are court reporters, as defined in the Court Reporters Act, shall be divided into 3 units for collective bargaining purposes. One unit shall be court reporters employed by the Cook County Judicial Circuit; one unit shall be court reporters employed by the 12th, 18th, 19th, and, on and after December 4, 2006, the 22nd judicial circuits; and one unit shall be court reporters employed by all other judicial circuits.

(t) "Active petition for certification in a bargaining unit" means a petition for certification filed with the Board under one of the following case numbers: S-RC-11-110; S-RC-11-098; S-UC-11-080; S-RC-11-086; S-RC-11-074; S-RC-11-076; S-RC-11-078; S-UC-11-052; S-UC-11-054; S-RC-11-062; S-RC-11-060; S-RC-11-042; S-RC-11-014; S-RC-11-016; S-RC-11-020; S-RC-11-030; S-RC-11-004;

S-RC-10-244; S-RC-10-228; S-RC-10-222; S-RC-10-220; S-RC-10-214; S-RC-10-196; S-RC-10-194; S-RC-10-178; S-RC-10-176; S-RC-10-162; S-RC-10-156; S-RC-10-088; S-RC-10-074; S-RC-10-076; S-RC-10-078; S-RC-10-060; S-RC-10-070; S-RC-10-044; S-RC-10-038; S-RC-10-040; S-RC-10-042; S-RC-10-018; S-RC-10-024; S-RC-10-004; S-RC-10-006; S-RC-10-008; S-RC-10-010; S-RC-10-012; S-RC-09-202; S-RC-09-182; S-RC-09-180; S-RC-09-156; S-UC-09-196; S-UC-09-182; S-RC-08-130; S-RC-07-110; or S-RC-07-100.

(5 ILCS 315/7) (from Ch. 48, par. 1607)

Sec. 7. Duty to bargain. A public employer and the exclusive representative have the authority and the duty to bargain collectively set forth in this Section.

For the purposes of this Act, "to bargain collectively" means the performance of the mutual obligation of the public employer or his designated representative and the representative of the public employees to meet at reasonable times, including meetings in advance of the budget-making process, and to negotiate in good faith with respect to wages, hours, and other conditions of employment, not excluded by Section 4 of this Act, or the negotiation of an agreement, or any question arising thereunder and the execution of a written contract incorporating any agreement reached if requested by

either party, but such obligation does not compel either party to agree to a proposal or require the making of a concession.

The duty "to bargain collectively" shall also include an obligation to negotiate over any matter with respect to wages, hours and other conditions of employment, not specifically provided for in any other law or not specifically in violation of the provisions of any law. If any other law pertains, in part, to a matter affecting the wages, hours and other conditions of employment, such other law shall not be construed as limiting the duty "to bargain collectively" and to enter into collective bargaining agreements containing clauses which either supplement, implement, or relate to the effect of such provisions in other laws.

The duty "to bargain collectively" shall also include negotiations as to the terms of a collective bargaining agreement. The parties may, by mutual agreement, provide for arbitration of impasses resulting from their inability to agree upon wages, hours and terms and conditions of employment to be included in a collective bargaining agreement. Such arbitration provisions shall be subject to the Illinois "Uniform Arbitration Act" unless agreed by the parties.

The duty "to bargain collectively" shall also mean that no party to a collective bargaining contract shall terminate or modify such contract, unless the party desiring such termination or modification:

(1) serves a written notice upon the other party to

the contract of the proposed termination or modification 60 days prior to the expiration date thereof, or in the event such contract contains no expiration date, 60 days prior to the time it is proposed to make such termination or modification;

(2) offers to meet and confer with the other party for the purpose of negotiating a new contract or a contract containing the proposed modifications;

(3) notifies the Board within 30 days after such notice of the existence of a dispute, provided no agreement has been reached by that time; and

(4) continues in full force and effect, without resorting to strike or lockout, all the terms and conditions of the existing contract for a period of 60 days after such notice is given to the other party or until the expiration date of such contract, whichever occurs later.

The duties imposed upon employers, employees and labor organizations by paragraphs (2), (3) and (4) shall become inapplicable upon an intervening certification of the Board, under which the labor organization, which is a party to the contract, has been superseded as or ceased to be the exclusive representative of the employees pursuant to the provisions of subsection (a) of Section 9, and the duties so imposed shall not be construed as requiring either party to discuss or agree to any modification of the terms and conditions contained in a

contract for a fixed period, if such modification is to become effective before such terms and conditions can be reopened under the provisions of the contract.

Collective bargaining for home care and home health workers who function as personal assistants and individual maintenance home health workers under the Home Services Program shall be limited to the terms and conditions of employment under the State's control, as defined in Public Act 93-204 or this amendatory Act of the 97th General Assembly, as applicable.

Collective bargaining for child ~~and day~~ care home providers under the child care assistance program shall be limited to the terms and conditions of employment under the State's control, as defined in this amendatory Act of the 94th General Assembly.

Notwithstanding any other provision of this Section, whenever collective bargaining is for the purpose of establishing an initial agreement following original certification of units, with respect to public employees other than peace officers, fire fighters, and security employees, the following apply:

(1) Not later than 10 days after receiving a written request for collective bargaining from a labor organization that has been newly certified as a representative as defined in Section 6(c), or within such further period as the parties agree upon, the parties

shall meet and commence to bargain collectively and shall make every reasonable effort to conclude and sign a collective bargaining agreement.

(2) If anytime after the expiration of the 90-day period beginning on the date on which bargaining is commenced the parties have failed to reach an agreement, either party may notify the Illinois Public Labor Relations Board of the existence of a dispute and request mediation in accordance with the provisions of Section 14 of this Act.

(3) If after the expiration of the 30-day period beginning on the date on which mediation commenced, or such additional period as the parties may agree upon, the mediator is not able to bring the parties to agreement by conciliation, either the exclusive representative of the employees or the employer may request of the other, in writing, arbitration and shall submit a copy of the request to the board. Upon submission of the request for arbitration, the parties shall be required to participate in the impasse arbitration procedures set forth in Section 14 of this Act, except the right to strike shall not be considered waived pursuant to Section 17 of this Act, until the actual convening of the arbitration hearing.

Section 10. The Voluntary Payroll Deductions Act of 1983

is amended by changing Section 3 as follows:

(5 ILCS 340/3) (from Ch. 15, par. 503)

Sec. 3. Definitions. As used in this Act unless the context otherwise requires:

(a) "Employee" means any regular officer or employee who receives salary or wages for personal services rendered to the State of Illinois, and includes an individual hired as an employee by contract with that individual.

(b) "Qualified organization" means an organization representing one or more benefiting agencies, which organization is designated by the State Comptroller as qualified to receive payroll deductions under this Act. An organization desiring to be designated as a qualified organization shall:

(1) Submit written or electronic designations on forms approved by the State Comptroller by 500 or more employees or State annuitants, in which such employees or State annuitants indicate that the organization is one for which the employee or State annuitant intends to authorize withholding. The forms shall require the name, last 4 digits only of the social security number, and employing State agency for each employee. Upon notification by the Comptroller that such forms have been approved, the organization shall, within 30 days, notify in writing the Comptroller or his or her designee of its intention to

obtain the required number of designations. Such organization shall have 12 months from that date to obtain the necessary designations and return to the State Comptroller's office the completed designations, which shall be subject to verification procedures established by the State Comptroller;

(2) Certify that all benefiting agencies are tax exempt under Section 501(c)(3) of the Internal Revenue Code;

(3) Certify that all benefiting agencies are in compliance with the Illinois Human Rights Act;

(4) Certify that all benefiting agencies are in compliance with the Charitable Trust Act and the Solicitation for Charity Act;

(5) Certify that all benefiting agencies actively conduct health or welfare programs and provide services to individuals directed at one or more of the following common human needs within a community: service, research, and education in the health fields; family and child care services; protective services for children and adults; services for children and adults in foster care; services related to the management and maintenance of the home; child ~~day~~ care services for adults; transportation services; information, referral and counseling services; services to eliminate illiteracy; the preparation and delivery of meals; adoption services; emergency shelter

care and relief services; disaster relief services; safety services; neighborhood and community organization services; recreation services; social adjustment and rehabilitation services; health support services; or a combination of such services designed to meet the special needs of specific groups, such as children and youth, the ill and infirm, and persons with physical disabilities; and that all such benefiting agencies provide the above described services to individuals and their families in the community and surrounding area in which the organization conducts its fund drive, or that such benefiting agencies provide relief to victims of natural disasters and other emergencies on a where and as needed basis;

(6) Certify that the organization has disclosed the percentage of the organization's total collected receipts from employees or State annuitants that are distributed to the benefiting agencies and the percentage of the organization's total collected receipts from employees or State annuitants that are expended for fund-raising and overhead costs. These percentages shall be the same percentage figures annually disclosed by the organization to the Attorney General. The disclosure shall be made to all solicited employees and State annuitants and shall be in the form of a factual statement on all petitions and in the campaign's brochures for employees and State

annuitants;

(7) Certify that all benefiting agencies receiving funds which the employee or State annuitant has requested or designated for distribution to a particular community and surrounding area use a majority of such funds distributed for services in the actual provision of services in that community and surrounding area;

(8) Certify that neither it nor its member organizations will solicit State employees for contributions at their workplace, except pursuant to this Act and the rules promulgated thereunder. Each qualified organization, and each participating United Fund, is encouraged to cooperate with all others and with all State agencies and educational institutions so as to simplify procedures, to resolve differences and to minimize costs;

(9) Certify that it will pay its share of the campaign costs and will comply with the Code of Campaign Conduct as approved by the Comptroller or other agency as designated by the Comptroller; and

(10) Certify that it maintains a year-round office, the telephone number, and person responsible for the operations of the organization in Illinois. That information shall be provided to the State Comptroller at the time the organization is seeking participation under this Act.

Each qualified organization shall submit to the State

Comptroller between January 1 and March 1 of each year, a statement that the organization is in compliance with all of the requirements set forth in paragraphs (2) through (10). The State Comptroller shall exclude any organization that fails to submit the statement from the next solicitation period.

In order to be designated as a qualified organization, the organization shall have existed at least 2 years prior to submitting the written or electronic designation forms required in paragraph (1) and shall certify to the State Comptroller that such organization has been providing services described in paragraph (5) in Illinois. If the organization seeking designation represents more than one benefiting agency, it need not have existed for 2 years but shall certify to the State Comptroller that each of its benefiting agencies has existed for at least 2 years prior to submitting the written or electronic designation forms required in paragraph (1) and that each has been providing services described in paragraph (5) in Illinois.

Organizations which have met the requirements of this Act shall be permitted to participate in the State and Universities Combined Appeal as of January 1st of the year immediately following their approval by the Comptroller.

Where the certifications described in paragraphs (2), (3), (4), (5), (6), (7), (8), (9), and (10) above are made by an organization representing more than one benefiting agency they shall be based upon the knowledge and belief of such qualified

organization. Any qualified organization shall immediately notify the State Comptroller in writing if the qualified organization receives information or otherwise believes that a benefiting agency is no longer in compliance with the certification of the qualified organization. A qualified organization representing more than one benefiting agency shall thereafter withhold and refrain from distributing to such benefiting agency those funds received pursuant to this Act until the benefiting agency is again in compliance with the qualified organization's certification. The qualified organization shall immediately notify the State Comptroller of the benefiting agency's resumed compliance with the certification, based upon the qualified organization's knowledge and belief, and shall pay over to the benefiting agency those funds previously withheld.

In order to qualify, a qualified organization must receive 250 deduction pledges from the immediately preceding solicitation period as set forth in Section 6. The Comptroller shall, by February 1st of each year, so notify any qualified organization that failed to receive the minimum deduction requirement. The notification shall give such qualified organization until March 1st to provide the Comptroller with documentation that the minimum deduction requirement has been met. On the basis of all the documentation, the Comptroller shall, by March 15th of each year, make publicly available a list of all organizations which have met the minimum payroll

deduction requirement. Only those organizations which have met such requirements, as well as the other requirements of this Section, shall be permitted to solicit State employees or State annuitants for voluntary contributions, and the Comptroller shall discontinue withholding for any such organization which fails to meet these requirements, except qualified organizations that received deduction pledges during the 2004 solicitation period are deemed to be qualified for the 2005 solicitation period.

(c) "United Fund" means the organization conducting the single, annual, consolidated effort to secure funds for distribution to agencies engaged in charitable and public health, welfare and services purposes, which is commonly known as the United Fund, or the organization which serves in place of the United Fund organization in communities where an organization known as the United Fund is not organized.

In order for a United Fund to participate in the State and Universities Employees Combined Appeal, it shall comply with the provisions of paragraph (9) of subsection (b).

(d) "State and Universities Employees Combined Appeal", otherwise known as "SECA", means the State-directed joint effort of all of the qualified organizations, together with the United Funds, for the solicitation of voluntary contributions from State and University employees and State annuitants.

(e) "Retirement system" means any or all of the following:

the General Assembly Retirement System, the State Employees' Retirement System of Illinois, the State Universities Retirement System, the Teachers' Retirement System of the State of Illinois, and the Judges Retirement System.

(f) "State annuitant" means a person receiving an annuity or disability benefit under Article 2, 14, 15, 16, or 18 of the Illinois Pension Code.

Section 15. The Children and Family Services Act is amended by changing Sections 5, 5a, 5.15, 21, 22.1, and 22.4 as follows:

(20 ILCS 505/5)

(Text of Section before amendment by P.A. 104-107)

Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 21 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987 and who continue under the jurisdiction of the

court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent, or neglected children;

(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation, or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family

where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable permanent family arrangements, through guardianship or adoption, in cases where restoration to the birth family is not safe, possible, or appropriate;

(F) at the time of placement, conducting concurrent planning, as described in subsection (l-1) of this Section, so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational

training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or

(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or

(iii) who are female children who are pregnant, pregnant and parenting, or parenting, or

(iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) (Blank).

(b-5) The Department shall adopt rules to establish a process for all licensed residential providers in Illinois to submit data as required by the Department if they contract or receive reimbursement for children's mental health, substance use, and developmental disability services from the Department of Human Services, the Department of Juvenile Justice, or the Department of Healthcare and Family Services. The requested data must include, but is not limited to, capacity, staffing, and occupancy data for the purpose of establishing State need and placement availability.

All information collected, shared, or stored pursuant to

this subsection shall be handled in accordance with all State and federal privacy laws and accompanying regulations and rules, including, without limitation, the federal Health Insurance Portability and Accountability Act of 1996 (Public Law 104-191) and the Mental Health and Developmental Disabilities Confidentiality Act.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies

for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, and permanency, including, but not limited to:

(1) reunification, guardianship, and adoption;

(2) relative and licensed foster care;

(3) family counseling;

(4) protective services;

(5) (blank);

(6) homemaker service;

(7) return of runaway children;

(8) (blank);

(9) placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25, or 5-740 of the Juvenile Court Act of 1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and

(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in screening techniques to identify substance

use disorders, as defined in the Substance Use Disorder Act, approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred for an assessment at an organization appropriately licensed by the Department of Human Services for substance use disorder treatment.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a youth in care and that no licensed private facility has an adequate and appropriate program or none agrees to accept the youth in care, the Department shall create an appropriate individualized, program-oriented plan for such youth in care. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

(1) case management;

(2) homemakers;

(3) counseling;

(4) parent education;

(5) day care;

(6) emergency assistance and advocacy; and

(7) kinship navigator and relative caregiver supports.

In addition, the following services may be made available to assess and meet the needs of children and families:

(1) comprehensive family-based services;

(2) assessments;

(3) respite care; and

(4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt or become subsidized guardians of children with physical or mental disabilities, children who are older, or other hard-to-place children who (i) immediately prior to their adoption or subsidized guardianship were youth in care or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization

of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25, or 5-740 of the Juvenile Court Act of 1987 for children who were youth in care for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents or subsidized guardians, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or

dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoption or subsidized guardianship. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2.3) of Section 2-28 of that Act has been set, except that reunification services may be offered as provided in paragraph (F) of subsection (2.3) of Section 2-28 of that Act. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the

Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and the child's family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and the child's family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the

"differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after January 1, 2015 (the effective date of Public Act 98-803) and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of

or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency. The Department shall assign a caseworker to attend any hearing involving a youth in the care and custody of the Department who is placed on aftercare release, including hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings.

As soon as is possible, the Department shall develop and implement a special program of family preservation services to support intact, relative, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer

the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including, but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(l-1) The General Assembly recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement that is an appropriate option for the child, consistent with the child's best interest, using the factors set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987 as soon as is practically possible. To achieve this goal, the General Assembly directs the Department of Children and Family Services to conduct concurrent planning so that permanency may

occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most appropriate living arrangement and legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and

best interests. The Department shall make diligent efforts to place the child with a relative, document those diligent efforts, and document reasons for any failure or inability to secure such a relative placement. If the primary issue preventing an emergency placement of a child with a relative is a lack of resources, including, but not limited to, concrete goods, safety modifications, and services, the Department shall make diligent efforts to assist the relative in obtaining the necessary resources. No later than July 1, 2025, the Department shall adopt rules defining what is diligent and necessary in providing supports to potential relative placements. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement has the potential to be an appropriate permanent placement for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

(1) the likelihood of prompt reunification;

(2) the past history of the family;

(3) the barriers to reunification being addressed by the family;

(4) the level of cooperation of the family;

(4.5) the child's wishes;

(5) the caregivers' willingness to work with the

family to reunite;

(6) the willingness and ability of the caregivers' to provide a permanent placement;

(7) the age of the child;

(8) placement of siblings; and

(9) the wishes of the parent or parents unless the parental preferences are contrary to the best interests of the child.

(m) The Department may assume temporary custody of any child if:

(1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or

(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in the child's residence without a parent, guardian, custodian, or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian, or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health

and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian, or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian, or custodian of a child in the temporary custody of the Department who would have custody of the child if the child were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10-day period, the child shall be surrendered to the custody of the requesting parent, guardian, or custodian not later than the expiration of the 10-day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections,

unless the child is a youth in care who was placed in the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training, and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in

this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, or garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create

clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Youth in care who are placed by private child welfare agencies, and caregivers with whom those youth are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall ensure that any private child welfare agency, which accepts youth in care for placement, affords those rights to children and caregivers with whom those children are placed. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or caregiver with whom the child is placed concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision

concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former caregiver, involving a change of placement decision. No later than July 1, 2025, the Department shall adopt rules to develop a reconsideration process to review: a denial of certification of a relative, a denial of placement with a relative, and a denial of visitation with an identified relative. Rules shall include standards and criteria for reconsideration that incorporate the best interests of the child under subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987, address situations where multiple relatives seek certification, and provide that all rules regarding placement changes shall be followed. The rules shall outline the essential elements of each form used in the implementation and enforcement of the provisions of this amendatory Act of the 103rd General Assembly.

(p) (Blank).

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation, or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department, except that the benefits described in Section

5.46 must be used and conserved consistent with the provisions under Section 5.46.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's Guardianship Administrator or the Guardianship Administrator's designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and

utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or the child's guardian or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and

of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse caregivers licensed, certified, or otherwise approved by the Department of Children and Family Services for damages sustained by the caregivers as a result of the malicious or negligent acts of children placed by the Department, as well as providing third party coverage for such caregivers with regard to actions of children placed by the Department to other individuals. Such coverage will be secondary to the caregiver's liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation

and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents, in a licensed foster home, group home, or child care institution, in a relative home, or in a certified relative caregiver home, the Department shall provide to the caregiver, appropriate facility staff, or prospective adoptive parent or parents:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caregiver or adoptive parents;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized education program ~~educational plan~~ when the child is receiving special education services.

The caregiver, appropriate facility staff, or prospective adoptive parent or parents, shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home or setting. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the caregiver, appropriate facility staff, or prospective adoptive parent in advance of a placement. The caregiver, appropriate facility staff, or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the caregiver, appropriate facility staff, or prospective adoptive parent or parents a signed verification of receipt of the information provided. Within 10 business days after placement,

the Department shall provide to the child's guardian ad litem a copy of the information provided to the caregiver, appropriate facility staff, or prospective adoptive parent or parents. The information provided to the caregiver, appropriate facility staff, or prospective adoptive parent or parents shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Beginning July 1, 2025, certified relative caregiver homes under Section 3.4 of the Child Care Act of 1969 shall be eligible to receive foster care maintenance payments from the Department in an amount no less than payments made to licensed foster family homes. Beginning July 1, 2025, relative homes providing care to a child placed by the Department that are not a certified relative caregiver home under Section 3.4 of the Child Care Act of 1969 or a licensed foster family home shall be eligible to receive payments from the Department in an amount no less 90% of the payments made to licensed foster family homes and certified relative caregiver homes.

(u-6) To assist relative and certified relative caregivers, no later than July 1, 2025, the Department shall adopt rules to implement a relative support program, as follows:

(1) For relative and certified relative caregivers, the Department is authorized to reimburse or prepay reasonable expenditures to remedy home conditions necessary to fulfill the home safety-related requirements

of relative caregiver homes.

(2) The Department may provide short-term emergency funds to relative and certified relative caregiver homes experiencing extreme hardships due to the difficulty and stress associated with adding youth in care as new household members.

(3) Consistent with federal law, the Department shall include in any State Plan made in accordance with the Adoption Assistance and Child Welfare Act of 1980, Titles IV-E and XIX of the Social Security Act, and any other applicable federal laws the provision of kinship navigator program services. The Department shall apply for and administer all relevant federal aid in accordance with law. Federal funds acquired for the kinship navigator program shall be used for the development, implementation, and operation of kinship navigator program services. The kinship navigator program services may provide information, referral services, support, and assistance to relative and certified relative caregivers of youth in care to address their unique needs and challenges. Until the Department is approved to receive federal funds for these purposes, the Department shall publicly post on the Department's website semi-annual updates regarding the Department's progress in pursuing federal funding. Whenever the Department publicly posts these updates on its website, the Department shall notify the General

Assembly through the General Assembly's designee.

(u-7) To support finding permanency for children through subsidized guardianship and adoption and to prevent disruption in guardianship and adoptive placements, the Department shall establish and maintain accessible subsidized guardianship and adoption support services for all children under 18 years of age placed in guardianship or adoption who, immediately preceding the guardianship or adoption, were in the custody or guardianship of the Department under Article II of the Juvenile Court Act of 1987.

The Department shall establish and maintain a toll-free number to respond to requests from the public about its subsidized guardianship and adoption support services under this subsection and shall staff the toll-free number so that calls are answered on a timely basis, but in no event more than one business day after the receipt of a request. These requests from the public may be made anonymously. To meet this obligation, the Department may utilize the same toll-free number the Department operates to respond to post-adoption requests under subsection (b-5) of Section 18.9 of the Adoption Act. The Department shall publicize information about the Department's subsidized guardianship support services and toll-free number as follows:

(1) it shall post information on the Department's website;

(2) it shall provide the information to every licensed

child welfare agency and any entity providing subsidized guardianship support services in Illinois courts;

(3) it shall reference such information in the materials the Department provides to caregivers pursuing subsidized guardianship to inform them of their rights and responsibilities under the Child Care Act of 1969 and this Act;

(4) it shall provide the information, including the Department's Post Adoption and Guardianship Services booklet, to eligible caregivers as part of its guardianship training and at the time they are presented with the Permanency Commitment form;

(5) it shall include, in each annual notification letter mailed to subsidized guardians, a short, 2-sided flier or news bulletin in plain language that describes access to post-guardianship services, how to access services under the Family Support Program, formerly known as the Individual Care Grant Program, the webpage address to the Post Adoption and Guardianship Services booklet, information on how to request that a copy of the booklet be mailed; and

(6) it shall ensure that kinship navigator programs of this State, when established, have this information to include in materials the programs provide to caregivers.

No later than July 1, 2026, the Department shall provide a mechanism for the public to make information requests by

electronic means.

The Department shall review and update annually all information relating to its subsidized guardianship support services, including its Post Adoption and Guardianship Services booklet, to include updated information on Family Support Program services eligibility and subsidized guardianship support services that are available through the medical assistance program established under Article V of the Illinois Public Aid Code or any other State program for mental health services. The Department and the Department of Healthcare and Family Services shall coordinate their efforts in the development of these resources.

Every licensed child welfare agency and any entity providing kinship navigator programs funded by the Department shall provide the Department's website address and link to the Department's subsidized guardianship support services information set forth in subsection (d), including the Department's toll-free number, to every relative who is or will be providing guardianship placement for a child placed by the Department.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Illinois State Police Law if the Department determines the information is necessary to perform its duties under the

Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct online ~~on line~~ communication with the Illinois State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Illinois State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Illinois State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child with a foster or adoptive parent, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including human trafficking, sex trafficking, rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for

physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child with a foster or adoptive parent, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(v-3) Prior to the final approval of final placement of a related child in a certified relative caregiver home as defined in Section 2.37 of the Child Care Act of 1969, the Department shall ensure that the background screening meets the standards required under subsection (c) of Section 3.4 of the Child Care Act of 1969.

(v-4) Prior to final approval for placement of a child with a relative, as defined in Section 4d of this Act, who is not a licensed foster parent, has declined to seek approval to be a certified relative caregiver, or was denied approval as a certified relative caregiver, the Department shall:

(i) check the child abuse and neglect registry for information concerning the prospective relative caregiver and any other adult living in the home. If any prospective relative caregiver or other adult living in the home has

(ii) conduct a criminal records background check of the prospective relative caregiver and all other adults living in the home, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including human trafficking, sex trafficking, rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years; provided however, that the Department is empowered to grant a waiver as the Department may provide by rule, and the Department approves the request for the waiver based on a comprehensive evaluation of the caregiver and household members and the conditions relating to the safety of the placement.

No later than July 1, 2025, the Department shall adopt rules or revise existing rules to effectuate the changes made to this subsection (v-4). The rules shall outline the essential elements of each form used in the implementation and enforcement of the provisions of this amendatory Act of the

103rd General Assembly.

(w) (Blank).

(x) The Department shall conduct annual credit history checks to determine the financial history of children placed under its guardianship pursuant to the Juvenile Court Act of 1987. The Department shall conduct such credit checks starting when a youth in care turns 12 years old and each year thereafter for the duration of the guardianship as terminated pursuant to the Juvenile Court Act of 1987. The Department shall determine if financial exploitation of the child's personal information has occurred. If financial exploitation appears to have taken place or is presently ongoing, the Department shall notify the proper law enforcement agency, the proper State's Attorney, or the Attorney General.

(y) Beginning on July 22, 2010 (the effective date of Public Act 96-1189), a child with a disability who receives residential and educational services from the Department shall be eligible to receive transition services in accordance with Article 14 of the School Code from the age of 14.5 through age 21, inclusive, notwithstanding the child's residential services arrangement. For purposes of this subsection, "child with a disability" means a child with a disability as defined by the federal Individuals with Disabilities Education Improvement Act of 2004.

These fingerprints shall be checked against the fingerprint records now and hereafter filed in the Illinois State Police and the Federal Bureau of Investigation criminal history records databases. The Illinois State Police shall charge a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. The Illinois State Police shall furnish, pursuant to positive identification, all Illinois conviction information to the Department of Children and Family Services.

For purposes of this subsection:

"Background information" means all of the following:

(i) Upon the request of the Department of Children and Family Services, conviction information obtained from the Illinois State Police as a result of a fingerprint-based criminal history records check of the Illinois criminal history records database and the Federal Bureau of Investigation criminal history records database concerning a Department employee or Department applicant.

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their

(F) at the time of placement, conducting concurrent planning, as described in subsection (l-1) of this Section, so that permanency may occur at the earliest opportunity. (d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child ~~day~~ care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the

(10) interstate services; and

(11) transition planning for youth aging out of care.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in screening techniques to identify substance use disorders, as defined in the Substance Use Disorder Act, approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred for an assessment at an organization appropriately licensed by the Department of Human Services for substance use

disorder treatment.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a youth in care and that no licensed private facility has an adequate and appropriate program or none agrees to accept the youth in care, the Department shall create an appropriate individualized, program-oriented plan for such youth in care. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28,

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents or subsidized guardians, as set forth in the annual assistance agreement. Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services

shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoption or subsidized guardianship. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2.3) of Section 2-28 of that Act has been set, except that reunification services may be offered as provided in paragraph (F) of subsection (2.3) of Section 2-28 of that Act. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and the child's family of the Department's responsibility to offer and provide

family preservation services as identified in the service plan. The child and the child's family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted,

as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after January 1, 2015 (the effective date of Public Act 98-803) and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition

to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency. The Department shall assign a caseworker to attend any hearing involving a youth in the care and custody of the Department who is placed on aftercare release, including hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings.

As soon as is possible, the Department shall develop and implement a special program of family preservation services to support intact, relative, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert

health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including, but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(l-1) The General Assembly recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement that is an appropriate option for the child, consistent with the child's best interest, using the factors set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987 as soon as is practically possible. To achieve this goal, the General Assembly directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child

toward the most appropriate living arrangement and legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. The Department shall make diligent efforts to place the child with a relative, document those diligent efforts, and document reasons for any failure or inability to secure such a relative placement. If the primary issue preventing an emergency placement of a child with a relative is a lack of resources, including, but not limited to,

concrete goods, safety modifications, and services, the Department shall make diligent efforts to assist the relative in obtaining the necessary resources. No later than July 1, 2025, the Department shall adopt rules defining what is diligent and necessary in providing supports to potential relative placements. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement has the potential to be an appropriate permanent placement for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

(1) the likelihood of prompt reunification;

(2) the past history of the family;

(3) the barriers to reunification being addressed by the family;

(4) the level of cooperation of the family;

(4.5) the child's wishes;

(5) the caregivers' willingness to work with the family to reunite;

(6) the willingness and ability of the caregivers' to provide a permanent placement;

(7) the age of the child;

(8) placement of siblings; and

(9) the wishes of the parent or parents unless the

parental preferences are contrary to the best interests of the child.

(m) The Department may assume temporary custody of any child if:

(1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or

(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in the child's residence without a parent, guardian, custodian, or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian, or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian, or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the

home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian, or custodian of a child in the temporary custody of the Department who would have custody of the child if the child were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for

10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10-day period, the child shall be surrendered to the custody of the requesting parent, guardian, or custodian not later than the expiration of the 10-day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a youth in care who was placed in the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of

the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training, and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, or garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any

minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist

minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Youth in care who are placed by private child welfare agencies, and caregivers with whom those youth are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall ensure that any private child welfare agency, which accepts youth in care for placement, affords those rights to children and caregivers with whom those children are placed. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or caregiver with whom the child is placed concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former caregiver, involving a change of

placement decision. No later than July 1, 2025, the Department shall adopt rules to develop a reconsideration process to review: a denial of certification of a relative, a denial of placement with a relative, and a denial of visitation with an identified relative. Rules shall include standards and criteria for reconsideration that incorporate the best interests of the child under subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987, address situations where multiple relatives seek certification, and provide that all rules regarding placement changes shall be followed. The rules shall outline the essential elements of each form used in the implementation and enforcement of the provisions of this amendatory Act of the 103rd General Assembly.

(p) (Blank).

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation, or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department, except that the benefits described in Section 5.46 must be used and conserved consistent with the provisions under Section 5.46.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for

Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's Guardianship Administrator or the Guardianship Administrator's designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or the child's guardian or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse caregivers licensed, certified, or otherwise approved by the Department of Children and Family Services for damages sustained by the caregivers as a result of the malicious or negligent acts of

children placed by the Department, as well as providing third party coverage for such caregivers with regard to actions of children placed by the Department to other individuals. Such coverage will be secondary to the caregiver's liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be

provided, whenever the Department places a child with a prospective adoptive parent or parents, in a licensed foster home, group home, or child care institution, in a relative home, or in a certified relative caregiver home, the Department shall provide to the caregiver, appropriate facility staff, or prospective adoptive parent or parents:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caregiver or adoptive parents;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized education program ~~educational plan~~ when the child is receiving special education services.

The caregiver, appropriate facility staff, or prospective adoptive parent or parents, shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently

in the home or setting. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the caregiver, appropriate facility staff, or prospective adoptive parent in advance of a placement. The caregiver, appropriate facility staff, or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the caregiver, appropriate facility staff, or prospective adoptive parent or parents a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the caregiver, appropriate facility staff, or prospective adoptive parent or parents. The information provided to the caregiver, appropriate facility staff, or prospective adoptive parent or parents shall be reviewed and approved regarding accuracy at

the supervisory level.

(u-5) Beginning July 1, 2025, certified relative caregiver homes under Section 3.4 of the Child Care Act of 1969 shall be eligible to receive foster care maintenance payments from the Department in an amount no less than payments made to licensed foster family homes. Beginning July 1, 2025, relative homes providing care to a child placed by the Department that are not a certified relative caregiver home under Section 3.4 of the Child Care Act of 1969 or a licensed foster family home shall be eligible to receive payments from the Department in an amount no less 90% of the payments made to licensed foster family homes and certified relative caregiver homes.

(u-6) To assist relative and certified relative caregivers, no later than July 1, 2025, the Department shall adopt rules to implement a relative support program, as follows:

(1) For relative and certified relative caregivers, the Department is authorized to reimburse or prepay reasonable expenditures to remedy home conditions necessary to fulfill the home safety-related requirements of relative caregiver homes.

(2) The Department may provide short-term emergency funds to relative and certified relative caregiver homes experiencing extreme hardships due to the difficulty and stress associated with adding youth in care as new household members.

(3) Consistent with federal law, the Department shall include in any State Plan made in accordance with the Adoption Assistance and Child Welfare Act of 1980, Titles IV-E and XIX of the Social Security Act, and any other applicable federal laws the provision of kinship navigator program services. The Department shall apply for and administer all relevant federal aid in accordance with law. Federal funds acquired for the kinship navigator program shall be used for the development, implementation, and operation of kinship navigator program services. The kinship navigator program services may provide information, referral services, support, and assistance to relative and certified relative caregivers of youth in care to address their unique needs and challenges. Until the Department is approved to receive federal funds for these purposes, the Department shall publicly post on the Department's website semi-annual updates regarding the Department's progress in pursuing federal funding. Whenever the Department publicly posts these updates on its website, the Department shall notify the General Assembly through the General Assembly's designee.

(u-7) To support finding permanency for children through subsidized guardianship and adoption and to prevent disruption in guardianship and adoptive placements, the Department shall establish and maintain accessible subsidized guardianship and adoption support services for all children under 18 years of

age placed in guardianship or adoption who, immediately preceding the guardianship or adoption, were in the custody or guardianship of the Department under Article II of the Juvenile Court Act of 1987.

The Department shall establish and maintain a toll-free number to respond to requests from the public about its subsidized guardianship and adoption support services under this subsection and shall staff the toll-free number so that calls are answered on a timely basis, but in no event more than one business day after the receipt of a request. These requests from the public may be made anonymously. To meet this obligation, the Department may utilize the same toll-free number the Department operates to respond to post-adoption requests under subsection (b-5) of Section 18.9 of the Adoption Act. The Department shall publicize information about the Department's subsidized guardianship support services and toll-free number as follows:

(1) it shall post information on the Department's website;

(2) it shall provide the information to every licensed child welfare agency and any entity providing subsidized guardianship support services in Illinois courts;

(3) it shall reference such information in the materials the Department provides to caregivers pursuing subsidized guardianship to inform them of their rights and responsibilities under the Child Care Act of 1969 and this

Act;

(4) it shall provide the information, including the Department's Post Adoption and Guardianship Services booklet, to eligible caregivers as part of its guardianship training and at the time they are presented with the Permanency Commitment form;

(5) it shall include, in each annual notification letter mailed to subsidized guardians, a short, 2-sided flier or news bulletin in plain language that describes access to post-guardianship services, how to access services under the Family Support Program, formerly known as the Individual Care Grant Program, the webpage address to the Post Adoption and Guardianship Services booklet, information on how to request that a copy of the booklet be mailed; and

(6) it shall ensure that kinship navigator programs of this State, when established, have this information to include in materials the programs provide to caregivers.

No later than July 1, 2026, the Department shall provide a mechanism for the public to make information requests by electronic means.

The Department shall review and update annually all information relating to its subsidized guardianship support services, including its Post Adoption and Guardianship Services booklet, to include updated information on Family Support Program services eligibility and subsidized

guardianship support services that are available through the medical assistance program established under Article V of the Illinois Public Aid Code or any other State program for mental health services. The Department and the Department of Healthcare and Family Services shall coordinate their efforts in the development of these resources.

Every licensed child welfare agency and any entity providing kinship navigator programs funded by the Department shall provide the Department's website address and link to the Department's subsidized guardianship support services information set forth in subsection (d), including the Department's toll-free number, to every relative who is or will be providing guardianship placement for a child placed by the Department.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Illinois State Police Law if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct online ~~on-line~~ communication with the Illinois State Police's central criminal history data repository. The Department shall

comply with all certification requirements and provide certified operators who have been trained by personnel from the Illinois State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Illinois State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child with a foster or adoptive parent, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including human trafficking, sex trafficking, rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child with a foster or adoptive parent, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any

adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(v-3) Prior to the final approval of final placement of a related child in a certified relative caregiver home as defined in Section 2.37 of the Child Care Act of 1969, the Department shall ensure that the background screening meets the standards required under subsection (c) of Section 3.4 of the Child Care Act of 1969.

(v-4) Prior to final approval for placement of a child with a relative, as defined in Section 4d of this Act, who is not a licensed foster parent, has declined to seek approval to be a certified relative caregiver, or was denied approval as a certified relative caregiver, the Department shall:

(i) check the child abuse and neglect registry for information concerning the prospective relative caregiver and any other adult living in the home. If any prospective relative caregiver or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry; and

(ii) conduct a criminal records background check of the prospective relative caregiver and all other adults living in the home, including fingerprint-based checks of

national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including human trafficking, sex trafficking, rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years; provided however, that the Department is empowered to grant a waiver as the Department may provide by rule, and the Department approves the request for the waiver based on a comprehensive evaluation of the caregiver and household members and the conditions relating to the safety of the placement.

No later than July 1, 2025, the Department shall adopt rules or revise existing rules to effectuate the changes made to this subsection (v-4). The rules shall outline the essential elements of each form used in the implementation and enforcement of the provisions of this amendatory Act of the 103rd General Assembly.

(w) (Blank).

(x) The Department shall conduct annual credit history checks to determine the financial history of children placed under its guardianship pursuant to the Juvenile Court Act of 1987. The Department shall conduct such credit checks starting

when a youth in care turns 12 years old and each year thereafter for the duration of the guardianship as terminated pursuant to the Juvenile Court Act of 1987. The Department shall determine if financial exploitation of the child's personal information has occurred. If financial exploitation appears to have taken place or is presently ongoing, the Department shall notify the proper law enforcement agency, the proper State's Attorney, or the Attorney General.

Section 30. The Department of Human Services Act is amended by changing Sections 1-75 and 10-22 as follows:

(20 ILCS 1305/1-75)

(Section scheduled to be repealed on July 1, 2026)

Sec. 1-75. Off-Hours Child Care Program.

(a) Legislative intent. The General Assembly finds that:

(1) Finding child care can be a challenge for firefighters, paramedics, police officers, nurses, and other third shift workers across the State who often work non-typical work hours. This can impact home life, school, bedtime routines, job safety, and the mental health of some of our most critical frontline workers and their families.

(2) There is a need for increased options for off-hours child care in the State. A majority of the State's child care facilities do not provide care outside of normal work hours, with just 3,251 child ~~day~~ care homes and 435 group child ~~day~~ care homes that provide night care.

(3) Illinois has a vested interest in ensuring that

our first responders and working families can provide their children with appropriate care during off hours to improve the morale of existing first responders and to improve recruitment into the future.

(a) As used in this Section:

"Commercial solar energy facility" means a "commercial solar energy system" as defined in Section 10-720 of the Property Tax Code. "Commercial solar energy facility" does not mean a utility-scale solar energy facility being constructed at a site that was eligible to participate in a procurement event conducted by the Illinois Power Agency pursuant to subsection (c-5) of Section 1-75 of the Illinois Power Agency Act.

"Commercial wind energy facility" means a wind energy conversion facility of equal or greater than 500 kilowatts in total nameplate generating capacity. "Commercial wind energy facility" includes a wind energy conversion facility seeking

an extension of a permit to construct granted by a county or municipality before January 27, 2023 (the effective date of Public Act 102-1123).

"Facility owner" means (i) a person with a direct ownership interest in a commercial wind energy facility or a commercial solar energy facility, or both, regardless of whether the person is involved in acquiring the necessary rights, permits, and approvals or otherwise planning for the construction and operation of the facility, and (ii) at the time the facility is being developed, a person who is acting as a developer of the facility by acquiring the necessary rights, permits, and approvals or by planning for the construction and operation of the facility, regardless of whether the person will own or operate the facility.

"Nonparticipating property" means real property that is not a participating property.

"Nonparticipating residence" means a residence that is located on nonparticipating property and that is existing and occupied on the date that an application for a permit to develop the commercial wind energy facility or the commercial solar energy facility is filed with the county.

"Occupied community building" means any one or more of the following buildings that is existing and occupied on the date that the application for a permit to develop the commercial wind energy facility or the commercial solar energy facility is filed with the county: a school, place of worship, day care

facility, public library, or community center.

"Participating property" means real property that is the subject of a written agreement between a facility owner and the owner of the real property that provides the facility owner an easement, option, lease, or license to use the real property for the purpose of constructing a commercial wind energy facility, a commercial solar energy facility, or supporting facilities. "Participating property" also includes real property that is owned by a facility owner for the purpose of constructing a commercial wind energy facility, a commercial solar energy facility, or supporting facilities.

"Participating residence" means a residence that is located on participating property and that is existing and occupied on the date that an application for a permit to develop the commercial wind energy facility or the commercial solar energy facility is filed with the county.

"Protected lands" means real property that is:

(1) subject to a permanent conservation right consistent with the Real Property Conservation Rights Act; or

(2) registered or designated as a nature preserve, buffer, or land and water reserve under the Illinois Natural Areas Preservation Act.

"Supporting facilities" means the transmission lines, substations, access roads, meteorological towers, storage containers, and equipment associated with the generation and

storage of electricity by the commercial wind energy facility or commercial solar energy facility.

"Wind tower" includes the wind turbine tower, nacelle, and blades.

(b) Notwithstanding any other provision of law or whether the county has formed a zoning commission and adopted formal zoning under Section 5-12007, a county may establish standards for commercial wind energy facilities, commercial solar energy facilities, or both. The standards may include all of the requirements specified in this Section but may not include requirements for commercial wind energy facilities or commercial solar energy facilities that are more restrictive than specified in this Section. A county may also regulate the siting of commercial wind energy facilities with standards that are not more restrictive than the requirements specified in this Section in unincorporated areas of the county that are outside the zoning jurisdiction of a municipality and that are outside the 1.5-mile radius surrounding the zoning jurisdiction of a municipality.

(c) If a county has elected to establish standards under subsection (b), before the county grants siting approval or a special use permit for a commercial wind energy facility or a commercial solar energy facility, or modification of an approved siting or special use permit, the county board of the county in which the facility is to be sited or the zoning board of appeals for the county shall hold at least one public

hearing. The public hearing shall be conducted in accordance with the Open Meetings Act and shall be held not more than 60 days after the filing of the application for the facility. The county shall allow interested parties to a special use permit an opportunity to present evidence and to cross-examine witnesses at the hearing, but the county may impose reasonable restrictions on the public hearing, including reasonable time limitations on the presentation of evidence and the cross-examination of witnesses. The county shall also allow public comment at the public hearing in accordance with the Open Meetings Act. The county shall make its siting and permitting decisions not more than 30 days after the conclusion of the public hearing. Notice of the hearing shall be published in a newspaper of general circulation in the county. A facility owner must enter into an agricultural impact mitigation agreement with the Department of Agriculture prior to the date of the required public hearing. A commercial wind energy facility owner seeking an extension of a permit granted by a county prior to July 24, 2015 (the effective date of Public Act 99-132) must enter into an agricultural impact mitigation agreement with the Department of Agriculture prior to a decision by the county to grant the permit extension. Counties may allow test wind towers or test solar energy systems to be sited without formal approval by the county board.

(d) A county with an existing zoning ordinance in conflict

with this Section shall amend that zoning ordinance to be in compliance with this Section within 120 days after January 27, 2023 (the effective date of Public Act 102-1123).

(e) A county may require:

(1) a wind tower of a commercial wind energy facility to be sited as follows, with setback distances measured from the center of the base of the wind tower:

Setback Description	Setback Distance
Occupied Community Buildings	2.1 times the maximum blade tip height of the wind tower to the nearest point on the outside wall of the structure
Participating Residences	1.1 times the maximum blade tip height of the wind tower to the nearest point on the outside wall of the structure

(5) a commercial solar energy facility to be sited so that no component of a solar panel has a height of more than 20 feet above ground when the solar energy facility's arrays are at full tilt.

The requirements set forth in this subsection (e) may be waived subject to the written consent of the owner of each affected nonparticipating property.

(f) A county may not set a sound limitation for wind towers

in commercial wind energy facilities or any components in commercial solar energy facilities that is more restrictive than the sound limitations established by the Illinois Pollution Control Board under 35 Ill. Adm. Code Parts 900, 901, and 910.

(g) A county may not place any restriction on the installation or use of a commercial wind energy facility or a commercial solar energy facility unless it adopts an ordinance that complies with this Section. A county may not establish siting standards for supporting facilities that preclude development of commercial wind energy facilities or commercial solar energy facilities.

A request for siting approval or a special use permit for a commercial wind energy facility or a commercial solar energy facility, or modification of an approved siting or special use permit, shall be approved if the request is in compliance with the standards and conditions imposed in this Act, the zoning ordinance adopted consistent with this Code, and the conditions imposed under State and federal statutes and regulations.

(h) A county may not adopt zoning regulations that disallow, permanently or temporarily, commercial wind energy facilities or commercial solar energy facilities from being developed or operated in any district zoned to allow agricultural or industrial uses.

(i) A county may not require permit application fees for a

commercial wind energy facility or commercial solar energy facility that are unreasonable. All application fees imposed by the county shall be consistent with fees for projects in the county with similar capital value and cost.

(j) Except as otherwise provided in this Section, a county shall not require standards for construction, decommissioning, or deconstruction of a commercial wind energy facility or commercial solar energy facility or related financial assurances that are more restrictive than those included in the Department of Agriculture's standard wind farm agricultural impact mitigation agreement, template 81818, or standard solar agricultural impact mitigation agreement, version 8.19.19, as applicable and in effect on December 31, 2022. The amount of any decommissioning payment shall be in accordance with the financial assurance required by those agricultural impact mitigation agreements.

(j-5) A commercial wind energy facility or a commercial solar energy facility shall file a farmland drainage plan with the county and impacted drainage districts outlining how surface and subsurface drainage of farmland will be restored during and following construction or deconstruction of the facility. The plan is to be created independently by the facility developer and shall include the location of any potentially impacted drainage district facilities to the extent this information is publicly available from the county or the drainage district, plans to repair any subsurface

drainage affected during construction or deconstruction using procedures outlined in the agricultural impact mitigation agreement entered into by the commercial wind energy facility owner or commercial solar energy facility owner, and procedures for the repair and restoration of surface drainage affected during construction or deconstruction. All surface and subsurface damage shall be repaired as soon as reasonably practicable.

(k) A county may not condition approval of a commercial wind energy facility or commercial solar energy facility on a property value guarantee and may not require a facility owner to pay into a neighboring property devaluation escrow account.

(l) A county may require certain vegetative screening surrounding a commercial wind energy facility or commercial solar energy facility but may not require earthen berms or similar structures.

(m) A county may set blade tip height limitations for wind towers in commercial wind energy facilities but may not set a blade tip height limitation that is more restrictive than the height allowed under a Determination of No Hazard to Air Navigation by the Federal Aviation Administration under 14 CFR Part 77.

(n) A county may require that a commercial wind energy facility owner or commercial solar energy facility owner provide:

(1) the results and recommendations from consultation

with the Illinois Department of Natural Resources that are obtained through the Ecological Compliance Assessment Tool (EcoCAT) or a comparable successor tool; and

(2) the results of the United States Fish and Wildlife Service's Information for Planning and Consulting environmental review or a comparable successor tool that is consistent with (i) the "U.S. Fish and Wildlife Service's Land-Based Wind Energy Guidelines" and (ii) any applicable United States Fish and Wildlife Service solar wildlife guidelines that have been subject to public review.

(o) A county may require a commercial wind energy facility or commercial solar energy facility to adhere to the recommendations provided by the Illinois Department of Natural Resources in an EcoCAT natural resource review report under 17 Ill. Adm. Code Part 1075.

(p) A county may require a facility owner to:

(1) demonstrate avoidance of protected lands as identified by the Illinois Department of Natural Resources and the Illinois Nature Preserve Commission; or

(2) consider the recommendations of the Illinois Department of Natural Resources for setbacks from protected lands, including areas identified by the Illinois Nature Preserve Commission.

(q) A county may require that a facility owner provide evidence of consultation with the Illinois State Historic

Preservation Office to assess potential impacts on State-registered historic sites under the Illinois State Agency Historic Resources Preservation Act.

(r) To maximize community benefits, including, but not limited to, reduced stormwater runoff, flooding, and erosion at the ground mounted solar energy system, improved soil health, and increased foraging habitat for game birds, songbirds, and pollinators, a county may (1) require a commercial solar energy facility owner to plant, establish, and maintain for the life of the facility vegetative ground cover, consistent with the goals of the Pollinator-Friendly Solar Site Act and (2) require the submittal of a vegetation management plan that is in compliance with the agricultural impact mitigation agreement in the application to construct and operate a commercial solar energy facility in the county if the vegetative ground cover and vegetation management plan comply with the requirements of the underlying agreement with the landowner or landowners where the facility will be constructed.

No later than 90 days after January 27, 2023 (the effective date of Public Act 102-1123), the Illinois Department of Natural Resources shall develop guidelines for vegetation management plans that may be required under this subsection for commercial solar energy facilities. The guidelines must include guidance for short-term and long-term property management practices that provide and maintain native

and non-invasive naturalized perennial vegetation to protect the health and well-being of pollinators.

(s) If a facility owner enters into a road use agreement with the Illinois Department of Transportation, a road district, or other unit of local government relating to a commercial wind energy facility or a commercial solar energy facility, the road use agreement shall require the facility owner to be responsible for (i) the reasonable cost of improving roads used by the facility owner to construct the commercial wind energy facility or the commercial solar energy facility and (ii) the reasonable cost of repairing roads used by the facility owner during construction of the commercial wind energy facility or the commercial solar energy facility so that those roads are in a condition that is safe for the driving public after the completion of the facility's construction. Roadways improved in preparation for and during the construction of the commercial wind energy facility or commercial solar energy facility shall be repaired and restored to the improved condition at the reasonable cost of the developer if the roadways have degraded or were damaged as a result of construction-related activities.

The road use agreement shall not require the facility owner to pay costs, fees, or charges for road work that is not specifically and uniquely attributable to the construction of the commercial wind energy facility or the commercial solar energy facility. Road-related fees, permit fees, or other

charges imposed by the Illinois Department of Transportation, a road district, or other unit of local government under a road use agreement with the facility owner shall be reasonably related to the cost of administration of the road use agreement.

(s-5) The facility owner shall also compensate landowners for crop losses or other agricultural damages resulting from damage to the drainage system caused by the construction of the commercial wind energy facility or the commercial solar energy facility. The commercial wind energy facility owner or commercial solar energy facility owner shall repair or pay for the repair of all damage to the subsurface drainage system caused by the construction of the commercial wind energy facility or the commercial solar energy facility in accordance with the agriculture impact mitigation agreement requirements for repair of drainage. The commercial wind energy facility owner or commercial solar energy facility owner shall repair or pay for the repair and restoration of surface drainage caused by the construction or deconstruction of the commercial wind energy facility or the commercial solar energy facility as soon as reasonably practicable.

(t) Notwithstanding any other provision of law, a facility owner with siting approval from a county to construct a commercial wind energy facility or a commercial solar energy facility is authorized to cross or impact a drainage system, including, but not limited to, drainage tiles, open drainage

ditches, culverts, and water gathering vaults, owned or under the control of a drainage district under the Illinois Drainage Code without obtaining prior agreement or approval from the drainage district in accordance with the farmland drainage plan required by subsection (j-5).

(u) The amendments to this Section adopted in Public Act 102-1123 do not apply to: (1) an application for siting approval or for a special use permit for a commercial wind energy facility or commercial solar energy facility if the application was submitted to a unit of local government before January 27, 2023 (the effective date of Public Act 102-1123); (2) a commercial wind energy facility or a commercial solar energy facility if the facility owner has submitted an agricultural impact mitigation agreement to the Department of Agriculture before January 27, 2023 (the effective date of Public Act 102-1123); or (3) a commercial wind energy or commercial solar energy development on property that is located within an enterprise zone certified under the Illinois Enterprise Zone Act, that was classified as industrial by the appropriate zoning authority on or before January 27, 2023, and that is located within 4 miles of the intersection of Interstate 88 and Interstate 39.

(d) A county with an existing zoning ordinance in conflict with this Section shall amend that zoning ordinance to be in compliance with this Section within 120 days after January 27, 2023 (the effective date of Public Act 102-1123).

(e) A county may require:

(1) a wind tower of a commercial wind energy facility to be sited as follows, with setback distances measured from the center of the base of the wind tower:

Setback Description	Setback Distance
Occupied Community Buildings	2.1 times the maximum blade tip height of the wind tower to the nearest point on the outside wall of the structure
Participating Residences	1.1 times the maximum blade tip height of the wind tower to the nearest point on the outside wall of the structure
Nonparticipating Residences	2.1 times the maximum blade tip height of the wind tower to the nearest point on the outside wall of the structure
Boundary Lines of Participating Property	None
Boundary Lines of	1.1 times the maximum blade tip

Nonparticipating Property	height of the wind tower to the nearest point on the property line of the nonparticipating property
Public Road Rights-of-Way	1.1 times the maximum blade tip height of the wind tower to the center point of the public road right-of-way

Additionally, in accordance with Section 25 of the Environmental Protection Act, a participating property, participating residence, nonparticipating property, nonparticipating residence, or any combination of those properties or residences may waive enforcement of the rules adopted by the Illinois Pollution Control Board under 35 Ill. Adm. Code Parts 900, 901, and 910 by written waiver that complies with the applicable directive established in Section 25 of the Environmental Protection Act and is recorded in the Office of the Recorder of the county in which the participating property, participating residence, nonparticipating property, or nonparticipating residence is located. Once recorded, such a waiver shall be binding on any current and future owners, residents, lessees, invitees, and users of the participating property, participating residence, nonparticipating property, or nonparticipating residence for

enforcement purposes. An owner of any participating residence or nonparticipating residence shall disclose the existence of such a waiver to any lessee before entering any new lease for the residence.

A seller or transferor of a participating property, participating residence, nonparticipating property, nonparticipating residence, or any combination of those properties or residences shall disclose the existence of such a waiver to any buyer or transferee before any sale or transfer of the property. If disclosure of the waiver occurs after the buyer has made an offer to purchase the property, the seller shall disclose the existence of the waiver before accepting the buyer's offer and shall (1) allow the buyer an opportunity to review the disclosure and (2) inform the buyer that the buyer has the right to amend the buyer's offer.

(g) A county may not place any restriction on the installation or use of a commercial wind energy facility or a commercial solar energy facility unless it adopts an ordinance that complies with this Section. A county may not establish siting standards for supporting facilities that preclude development of commercial wind energy facilities or commercial solar energy facilities.

A request for siting approval or a special use permit for a commercial wind energy facility or a commercial solar energy facility, or modification of an approved siting or special use permit, shall be approved if the request is in compliance with

the standards and conditions imposed in this Act, the zoning ordinance adopted consistent with this Act, and the conditions imposed under State and federal statutes and regulations.

(h) A county may not adopt zoning regulations that disallow, permanently or temporarily, commercial wind energy facilities or commercial solar energy facilities from being developed or operated in any district zoned to allow agricultural or industrial uses.

(i) (Blank).

(i-5) All siting approval or special use permit application fees for a commercial wind energy facility or commercial solar energy facility must be reasonable. Fees that do not exceed $5,000 per each megawatt of nameplate capacity of the energy facility, up to a maximum of $125,000, shall be considered presumptively reasonable. A county may also require reimbursement from the applicant for any reasonable expenses incurred by the county in processing the siting approval or special use permit application in excess of the maximum fee. A siting approval or special use permit shall not be subject to any time deadline to start construction or obtain a building permit of less than 5 years from the date of siting approval or special use permit approval. A county shall allow an applicant to request an extension of the deadline based upon reasonable cause for the extension request. The exemption shall not be unreasonably withheld, conditioned, or denied.

(i-10) A county may require, for a commercial wind energy

facility or commercial solar energy facility, a single building permit and a reasonable permit fee for the facility which includes all supporting facilities. County building permit fees for commercial wind energy facility or commercial solar energy facility that do not exceed $5,000 per each megawatt of nameplate capacity of the energy facility, up to a maximum of $75,000, shall be considered presumptively reasonable. A county may also require reimbursement from the applicant for any reasonable expenses incurred by the county in processing the building permit in excess of the maximum fee. A county may require an applicant, upon start of construction of the facility, to maintain liability insurance that is commercially reasonable and consistent with prevailing industry standards for similar energy facilities.

(j) Except as otherwise provided in this Section, a county shall not require standards for construction, decommissioning, or deconstruction of a commercial wind energy facility or commercial solar energy facility or related financial assurances that are more restrictive than those included in the Department of Agriculture's standard wind farm agricultural impact mitigation agreement, template 81818, or standard solar agricultural impact mitigation agreement, version 8.19.19, as applicable and in effect on December 31, 2022. The amount of any decommissioning payment shall be in accordance with the financial assurance required by those agricultural impact mitigation agreements.

(j-5) A commercial wind energy facility or a commercial solar energy facility shall file a farmland drainage plan with the county and impacted drainage districts outlining how surface and subsurface drainage of farmland will be restored during and following construction or deconstruction of the facility. The plan is to be created independently by the facility developer and shall include the location of any potentially impacted drainage district facilities to the extent this information is publicly available from the county or the drainage district, plans to repair any subsurface drainage affected during construction or deconstruction using procedures outlined in the agricultural impact mitigation agreement entered into by the commercial wind energy facility owner or commercial solar energy facility owner, and procedures for the repair and restoration of surface drainage affected during construction or deconstruction. All surface and subsurface damage shall be repaired as soon as reasonably practicable.

(k) A county may not condition approval of a commercial wind energy facility or commercial solar energy facility on a property value guarantee and may not require a facility owner to pay into a neighboring property devaluation escrow account.

(l) A county may require certain vegetative screening between a commercial solar energy facility and nonparticipating residences. A county may not require earthen berms or similar structures. Vegetative screening requirements

shall be commercially reasonable and limited in height at full maturity to avoid reduction of the productive energy output of the commercial solar energy facility. A county may not require vegetative screening to exceed 5 feet in height when first installed or prior to commercial operation date. The screening requirements shall take into account the size and location of the facility, visibility from nonparticipating residences, compatibility of native plant species, cost and feasibility of installation and maintenance, and industry standards and best practices for commercial solar energy facilities.

(m) A county may set blade tip height limitations for wind towers in commercial wind energy facilities but may not set a blade tip height limitation that is more restrictive than the height allowed under a Determination of No Hazard to Air Navigation by the Federal Aviation Administration under 14 CFR Part 77.

(n) A county may require that a commercial wind energy facility owner or commercial solar energy facility owner provide:

(1) the results and recommendations from consultation with the Illinois Department of Natural Resources that are obtained through the Ecological Compliance Assessment Tool (EcoCAT) or a comparable successor tool; and

(2) (blank).

(o) A county may require a commercial wind energy facility or commercial solar energy facility to adhere to the

recommendations provided by the Illinois Department of Natural Resources in an EcoCAT natural resource review report under 17 Ill. Adm. Code Part 1075.

(p) A county may require a facility owner to:

(1) demonstrate avoidance of protected lands as identified by the Illinois Department of Natural Resources and the Illinois Nature Preserve Commission; or

(2) consider the recommendations of the Illinois Department of Natural Resources for setbacks from protected lands, including areas identified by the Illinois Nature Preserve Commission.

(q) A county may require that a facility owner provide evidence of consultation with the Illinois State Historic Preservation Office to assess potential impacts on State-registered historic sites under the Illinois State Agency Historic Resources Preservation Act.

(r) To maximize community benefits, including, but not limited to, reduced stormwater runoff, flooding, and erosion at the ground mounted solar energy system, improved soil health, and increased foraging habitat for game birds, songbirds, and pollinators, a county may (1) require a commercial solar energy facility owner to plant, establish, and maintain for the life of the facility vegetative ground cover, consistent with the goals of the Pollinator-Friendly Solar Site Act and (2) require the submittal of a vegetation management plan that is in compliance with the agricultural

impact mitigation agreement in the application to construct and operate a commercial solar energy facility in the county if the vegetative ground cover and vegetation management plan comply with the requirements of the underlying agreement with the landowner or landowners where the facility will be constructed.

No later than 90 days after January 27, 2023 (the effective date of Public Act 102-1123), the Illinois Department of Natural Resources shall develop guidelines for vegetation management plans that may be required under this subsection for commercial solar energy facilities. The guidelines must include guidance for short-term and long-term property management practices that provide and maintain native and non-invasive naturalized perennial vegetation to protect the health and well-being of pollinators.

(s) If a facility owner enters into a road use agreement with the Illinois Department of Transportation, a road district, or other unit of local government relating to a commercial wind energy facility or a commercial solar energy facility, the road use agreement shall require the facility owner to be responsible for (i) the reasonable cost of improving roads used by the facility owner to construct the commercial wind energy facility or the commercial solar energy facility and (ii) the reasonable cost of repairing roads used by the facility owner during construction of the commercial wind energy facility or the commercial solar energy facility

so that those roads are in a condition that is safe for the driving public after the completion of the facility's construction. Roadways improved in preparation for and during the construction of the commercial wind energy facility or commercial solar energy facility shall be repaired and restored to the improved condition at the reasonable cost of the developer if the roadways have degraded or were damaged as a result of construction-related activities.

The road use agreement shall not require the facility owner to pay costs, fees, or charges for road work that is not specifically and uniquely attributable to the construction of the commercial wind energy facility or the commercial solar energy facility. No road district or other unit of local government may request or require permit fees, fines, or other payment obligations as a requirement for a road use agreement with a facility owner unless the amount of the reasonable permit fee or payment is equivalent to the amount of actual expenses incurred by the road district or other unit of local government for negotiating, executing, constructing, or implementing the road use agreement. The road use agreement shall not require any road work to be performed by or paid for by the facility owner that is not specifically and uniquely attributable to the road improvements required for the construction of the commercial wind energy facility or the commercial solar energy facility or the restoration of the roads used by the facility owner during construction-related

activities.

(s-5) The facility owner shall also compensate landowners for crop losses or other agricultural damages resulting from damage to the drainage system caused by the construction of the commercial wind energy facility or the commercial solar energy facility. The commercial wind energy facility owner or commercial solar energy facility owner shall repair or pay for the repair of all damage to the subsurface drainage system caused by the construction of the commercial wind energy facility or the commercial solar energy facility in accordance with the agriculture impact mitigation agreement requirements for repair of drainage. The commercial wind energy facility owner or commercial solar energy facility owner shall repair or pay for the repair and restoration of surface drainage caused by the construction or deconstruction of the commercial wind energy facility or the commercial solar energy facility as soon as reasonably practicable.

(t) Notwithstanding any other provision of law, a facility owner with siting approval from a county to construct a commercial wind energy facility or a commercial solar energy facility is authorized to cross or impact a drainage system, including, but not limited to, drainage tiles, open drainage ditches, culverts, and water gathering vaults, owned or under the control of a drainage district under the Illinois Drainage Code without obtaining prior agreement or approval from the drainage district in accordance with the farmland drainage

plan required by subsection (j-5).

(u) The amendments to this Section adopted in Public Act 102-1123 do not apply to: (1) an application for siting approval or for a special use permit for a commercial wind energy facility or commercial solar energy facility if the application was submitted to a unit of local government before January 27, 2023 (the effective date of Public Act 102-1123); (2) a commercial wind energy facility or a commercial solar energy facility if the facility owner has submitted an agricultural impact mitigation agreement to the Department of Agriculture before January 27, 2023 (the effective date of Public Act 102-1123); (3) a commercial wind energy or commercial solar energy development on property that is located within an enterprise zone certified under the Illinois Enterprise Zone Act, that was classified as industrial by the appropriate zoning authority on or before January 27, 2023, and that is located within 4 miles of the intersection of Interstate 88 and Interstate 39; or (4) a commercial wind energy or commercial solar energy development on property in Madison County that is located within the area that has as its northern boundary the portion of Drexelius Road that is between the intersection of Drexelius Road and Wolf Road and the intersection of Drexelius Road and Fosterburg Road, that has as its eastern boundary the portion of Fosterburg Road that is between the intersection of Fosterburg Road and Drexelius Road and the intersection of Fosterburg Road and

Wolf Road, and that has as its southern and western boundaries the portion of Wolf Road that is between the intersection of Fosterburg Road and Wolf Road and the intersection of Drexelius Road and Wolf Road.

(This Section may contain text from a Public Act with a delayed effective date)

Sec. 5-12024. Energy storage systems.

(a) As used in this Section:

"Energy storage system" means a facility with an aggregate energy capacity that is greater than 1,000 kilowatts and that is capable of absorbing energy and storing it for use at a later time, including, but not limited to, electrochemical and electromechanical technologies. "Energy storage system" does not include technologies that require combustion. "Energy storage system" also does not include energy storage systems associated with commercial solar energy facilities or commercial wind energy facilities as defined in Section 5-12020.

"Excused service interruption" means any period during which an energy storage system does not store or discharge electricity and that is planned or reasonably foreseeable for standard commercial operation, including any unavailability

caused by a buyer; storage capacity tests; system emergencies; curtailments, including curtailment orders; transmission system outages; compliance with any operating restriction; serial defects; and planned outages.

"Facility owner" means (i) a person with a direct ownership interest in an energy storage system, regardless of whether the person is involved in acquiring the necessary rights, permits, and approvals or otherwise planning for the construction and operation of the facility and (ii) a person who, at the time the facility is being developed, is acting as a developer of the facility by acquiring the necessary rights, permits, and approvals or by planning for the construction and operation of the facility, regardless of whether the person will own or operate the facility.

"Force majeure" means any event or circumstance that delays or prevents an energy storage system from timely performing all or a portion of its commercial operations if the act or event, despite the exercise of commercially reasonable efforts, cannot be avoided by and is beyond the reasonable control, whether direct or indirect, of, and without the fault or negligence of, a facility owner or operator or any of its assignees. "Force majeure" includes, but is not limited to:

(1) fire, flood, tornado, or other natural disasters or acts of God;

(2) war, civil strife, terrorist attack, or other

similar acts of violence;

(3) unavailability of materials, equipment, services, or labor, including unavailability due to global supply chain shortages;

(4) utility or energy shortages or acts or omissions of public utility providers;

(5) any delay resulting from a pandemic, epidemic, or other public health emergency or related restrictions; and

(6) litigation or a regulatory proceeding regarding a facility.

"NFPA" means the National Fire Protection Association.

"Nonparticipating property" means real property that is not a participating property.

"Nonparticipating residence" means a residence that is located on nonparticipating property and that exists and is occupied on the date that the application for a permit to develop an energy storage system is filed with the county.

"Occupied community building" means a school, place of worship, child ~~day~~ care facility, public library, or community center that is occupied on the date that the application for a permit to develop an energy storage system is filed with the county in which the building is located.

"Participating property" means real property that is the subject of a written agreement between a facility owner and the owner of the real property and that provides the facility owner an easement, option, lease, or license to use the real

property for the purpose of constructing an energy storage system or supporting facilities.

"Protected lands" means real property that is: (i) subject to a permanent conservation right consistent with the Real Property Conservation Rights Act; or (ii) registered or designated as a nature preserve, buffer, or land and water reserve under the Illinois Natural Areas Preservation Act.

"Supporting facilities" means the transmission lines, substations, switchyard, access roads, meteorological towers, storage containers, and equipment associated with the generation, storage, and dispatch of electricity by an energy storage system.

(b) Notwithstanding any other provision of law, if a county has formed a zoning commission and adopted formal zoning under Section 5-12007, then a county may establish standards for energy storage systems in areas of the county that are not within the zoning jurisdiction of a municipality. The standards may include all of the requirements specified in this Section but may not include requirements for energy storage systems that are more restrictive than specified in this Section or requirements that are not specified in this Section.

(c) A county may require the energy storage facility to comply with the version of NFPA 855 "Standard for the Installation of Stationary Energy Storage Systems" in effect on the effective date of this amendatory Act or any successor

standard issued by the NFPA in effect on the date of siting or special use permit approval. A county may not include requirements for energy storage systems that are more restrictive than NFPA 855 "Standard for the Installation of Stationary Energy Storage Systems" unless required by this Section.

(d) If a county has elected to establish standards under subsection (b), then the zoning board of appeals for the county shall hold at least one public hearing before the county grants (i) siting approval or a special use permit for an energy storage system or (ii) modification of an approved siting or special use permit. The public hearing shall be conducted in accordance with the Open Meetings Act and shall conclude not more than 60 days after the filing of the application for the facility. The county shall allow interested parties to a special use permit an opportunity to present evidence and to cross-examine witnesses at the hearing, but the county may impose reasonable restrictions on the public hearing, including reasonable time limitations on the presentation of evidence and the cross-examination of witnesses. The county shall also allow public comment at the public hearing in accordance with the Open Meetings Act. The county shall make its siting and permitting decisions not more than 30 days after the conclusion of the public hearing. Notice of the hearing shall be published in a newspaper of general circulation in the county.

(e) A county with an existing zoning ordinance in conflict with this Section shall amend that zoning ordinance to comply with this Section within 120 days after the effective date of this amendatory Act of the 104th General Assembly.

(f) A county shall require an energy storage system to be sited as follows, with setback distances measured from the nearest edge of the nearest battery or other electrochemical or electromechanical enclosure:

Setback Description	Setback Distance
Occupied Community Buildings and Nonparticipating Residences	150 feet from the nearest point of the outside wall of the occupied community building or nonparticipating residence
Boundary Lines of Occupied Community Buildings and Nonparticipating Residences	50 feet to the nearest point on the property line of the occupied community building or nonparticipating property
Public Road Rights-of-Way	50 feet from the nearest edge of the right-of-way

(2) A county shall also require an energy storage system to be sited so that the facility's perimeter is enclosed by fencing having a height of at least 7 feet and

no more than 25 feet.

This Section does not exempt or excuse compliance with electric facility clearances approved or required by the National Electrical Code, the National Electrical Safety Code, the Illinois Commerce Commission, the Federal Energy Regulatory Commission, and their designees or successors.

(g) A county may not set a sound limitation for energy storage systems that is more restrictive than the sound limitations established by the Illinois Pollution Control Board under 35 Ill. Adm. Code Parts 900, 901, and 910. After commercial operation, a county may require the facility owner to provide, not more than once, octave band sound pressure level measurements from a reasonable number of sampled locations at the perimeter of the energy storage system to demonstrate compliance with this Section.

(h) The provisions set forth in subsection (f) may be waived subject to the written consent of the owner of each affected nonparticipating property or nonparticipating residence.

(i) A county may not place any restriction on the installation or use of an energy storage system unless it has formed a zoning commission and adopted formal zoning under Section 5-12007 and adopts an ordinance that complies with this Section. A county may not establish siting standards for supporting facilities that preclude development of an energy storage system.

(j) A request for siting approval or a special use permit for an energy storage system, or modification of an approved siting approval or special use permit, shall be approved if the request complies with the standards and conditions imposed in this Code, the zoning ordinance adopted consistent with this Section, and other State and federal statutes and regulations. The siting approval or special use permit approved by the county shall grant the facility owner a period of at least 3 years after county approval to obtain a building permit or commence construction of the energy storage system, before the siting approval or special use permit may become subject to revocation by the county. Facility owners may be granted an extension on obtaining building permits or commencing constructing upon a showing of good cause. A facility owner's request for an extension may not be unreasonably withheld, conditioned, or denied.

(k) A county may not adopt zoning regulations that disallow, permanently or temporarily, an energy storage system from being developed or operated in any district zones to allow agricultural or industrial uses.

(l) A facility owner shall file a farmland drainage plan with the county and impacted drainage districts that outlines how surface and subsurface drainage of farmland will be restored during and following the construction or deconstruction of the energy storage system. The plan shall be created independently by the facility owner and shall include

the location of any potentially impacted drainage district facilities to the extent the information is publicly available from the county or the drainage district and plans to repair any subsurface drainage affected during construction or deconstruction using procedures outlined in the decommissioning plan. All surface and subsurface damage shall be repaired as soon as reasonably practicable.

(m) A facility owner shall compensate landowners for crop losses or other agricultural damages resulting from damage to a drainage system caused by the construction of an energy storage system. The facility owner shall repair or pay for the repair of all damage to the subsurface drainage system caused by the construction of the energy storage system. The facility owner shall repair or pay for the repair and restoration of surface drainage caused by the construction or deconstruction of the energy storage facility as soon as reasonably practicable.

(n) County siting approval or special use permit application fees for an energy storage system shall not exceed the lesser of (i) $5,000 per each megawatt of nameplate capacity of the energy storage system or (ii) $50,000.

(o) The county may require a facility owner to provide a decommissioning plan to the county. The decommissioning plan may include all requirements for decommissioning plans in NFPA 855 and may also require the facility owner to:

(1) state how the energy storage system will be

decommissioned, including removal to a depth of 3 feet of all structures that have no ongoing purpose and all debris and restoration of the soil and any vegetation to a condition as close as reasonably practicable to the soil's and vegetation's preconstruction condition within 18 months of the end of project life or facility abandonment;

(2) include provisions related to commercially reasonable efforts to reuse or recycle of equipment and components associated with the commercial offsite energy storage system;

(3) include financial assurance in the form of a reclamation or surety bond or other commercially available financial assurance that is acceptable to the county, with the county or participating property owner as beneficiary. The amount of the financial assurance shall not be more than the estimated cost of decommissioning the energy facility, after deducting salvage value, as calculated by a professional engineer licensed to practice engineering in this State with expertise in preparing decommissioning estimates, retained by the applicant. The financial assurance shall be provided to the county incrementally as follows:

(A) 25% before the start of full commercial operation;

(B) 50% before the start of the 5th year of commercial operation; and

(C) 100% by the start of the tenth year of commercial operation;

(4) update the amount of the financial assurance not more than every 5 years for the duration of commercial operations. The amount shall be calculated by a professional engineer licensed to practice engineering in this State with expertise in decommissioning, hired by the facility owner; and

(5) decommission the energy storage system, in accordance with an approved decommissioning plan, within 18 months after abandonment. An energy storage system that has not stored electrical energy for 12 consecutive months or that fails, for a period of 6 consecutive months, to pay a property owner who is party to a written agreement, including, but not limited to, an easement, option, lease, or license under the terms of which an energy storage system is constructed on the property, amounts owed in accordance with the written agreement shall be considered abandoned, except when the inability to store energy is the result of an event of force majeure or excused service interruption.

(p) A county may not condition approval of an energy storage system on a property value guarantee and may not require a facility owner to pay into a neighboring property devaluation escrow account.

(q) A county may require that a facility owner provide the

results and recommendations from consultation with the Department of Natural Resources that are obtained through the Ecological Compliance Assessment Tool (EcoCAT) or a comparable successor tool.

(r) A county may require an energy storage system to adhere to the recommendations provided by the Department of Natural Resources in an Agency Action Report under 17 Ill. Adm. Code 1075.

(s) A county may require a facility owner to:

(1) demonstrate avoidance of protected lands as identified by the Department of Natural Resources and the Illinois Nature Preserves Commission; or

(2) consider the recommendations of the Department of Natural Resources for setbacks from protected lands, including areas identified by the Illinois Nature Preserves Commission.

(t) A county may require that a facility owner provide evidence of consultation with the Illinois Historic Preservation Division to assess potential impacts on State-registered historic sites under the Illinois State Agency Historic Resources Preservation Act.

(u) A county may require that an application for siting approval or special use permit include the following information on a site plan:

(1) a description of the property lines and physical features, including roads, for the facility site;

(2) a description of the proposed changes to the landscape of the facility site, including vegetation clearing and planting, exterior lighting, and screening or structures; and

(3) a description of the zoning district designation for the parcel of land comprising the facility site.

(v) A county may not prohibit an energy storage system from undertaking periodic augmentation to maintain the approximate original capacity of the energy storage system. A county may not require renewed or additional siting approval or special use permit approval of periodic augmentation to maintain the approximate original capacity of the energy storage system.

(w) A county that issues a building permit for energy storage systems shall review and process building permit applications within 60 days after receipt of the building permit application. If a county does not grant or deny the building permit application within 60 days, the building permit shall be deemed granted. If a county denies a building permit application, it shall specify the reason for the denial in writing as part of its denial.

(x) A county may require a single building permit and a reasonable permit fee for the facility which includes all supporting facilities. A county building permit fee for an energy storage system that does not exceed the lesser of (i) $5,000 per each megawatt of nameplate capacity of the energy

storage system or (ii) $50,000 shall be considered presumptively reasonable. A county may require that the application for building permit contain:

(1) an electrical diagram detailing the battery energy storage system layout, associated components, and electrical interconnection methods, with all National Electrical Code compliant disconnects and overcurrent devices; and

(2) an equipment specification sheet.

(y) A county may require the facility owner to submit to the county prior to the facility's commercial operation a commissioning report meeting the requirements of NFPA 855 Sections 4.2.4, 6.1.3, and 6.1.5.5, as published in 2023, or the applicable Sections in the most recent version of NFPA 855.

(z) A county may require the facility owner to submit to the county prior to the facility's commercial operation a hazard mitigation analysis meeting the requirements of NFPA 855 Section 4.4 or the applicable Sections in the most recent version of NFPA 855.

(aa) A county may require the facility owner to submit to the county an emergency operations plan meeting the requirements of NFPA 855 Section 4.3.2.1.4, published in 2023, or applicable Sections in the most recent version of NFPA 855, prior to commercial operation.

(bb) A county may require a warning that complies with

requirements in NFPA 855 Section 4.7.4, published in 2023, or applicable sections in the most recent version of NFPA 855.

(cc) A county may require the energy storage system to adhere to the principles for responsible outdoor lighting provided by the International Dark-Sky Association and shall limit outdoor lighting to that which is minimally required for safety and operational purposes. Any outdoor lighting shall be reasonably shielded and downcast from all residences and adjacent properties.

(dd) This Section does not exempt compliance with fire and safety standards and guidance established for the installation of lithium-ion battery energy storage systems set by the NFPA.

(ee) Prior to commencement of commercial operation, the facility owner shall offer to provide training for local fire departments and emergency responders in accordance with the facility emergency operations plan. A copy of the emergency operations plan shall be given to the facility owner, the local fire department, and emergency responders. All batteries integrated within an energy storage system shall be listed under the UL 1973 Standard. All batteries integrated within an energy storage system shall be listed in accordance with UL 9540 Standard, either from the manufacturer or by a field evaluation.

(ff) If a facility owner enters into a road use agreement with the Department of Transportation, a road district, or other unit of local government relating to an energy storage

system, then the road use agreement shall require the facility owner to be responsible for (i) the reasonable cost of improving, if necessary, roads used by the facility owner to construct the energy storage system and (ii) the reasonable cost of repairing roads used by the facility owner during construction of the energy storage system so that those roads are in a condition that is safe for the driving public after the completion of the facility's construction. A roadway improved in preparation for and during the construction of the energy storage system shall be repaired and restored to the improved condition at the reasonable cost of the developer if the roadways have degraded or were damaged as a result of construction-related activities.

The road use agreement shall not require the facility owner to pay costs, fees, or charges for road work that is not specifically and uniquely attributable to the construction of the energy storage system. No road district or other unit of local government may request or require a fine, permit fee, or other payment obligation as a requirement for a road use agreement with a facility owner unless the amount of the fine, permit fee, or other payment obligation is equivalent to the amount of actual expenses incurred by the road district or other unit of local government for negotiating, executing, constructing, or implementing the road use agreement. The road use agreement shall not require the facility owner to perform or pay for any road work that is unrelated to the road

improvements required for the construction of the commercial wind energy facility or the commercial solar energy facility or the restoration of the roads used by the facility owner during construction-related activities.

(gg) The provisions of this amendatory Act of the 104th General Assembly do not apply to an application for siting approval or special use permit for an energy storage system if the application was submitted to a county before the effective date of this amendatory Act of the 104th General Assembly.

(c) Township governments that directly expend or contract

for child ~~day~~ care shall use the standard of need established by the Department of Children and Family Services in determining recipients of subsidized child ~~day~~ care and shall use the rate schedule used by the Department of Children and Family Services for the purchase of subsidized child ~~day~~ care. Notwithstanding the preceding sentence, the township board may approve the application of a different, publicly available, professional or academically recognized standard of need in determining eligibility for subsidized day care.

programs in unincorporated areas of the township that it from time to time deems necessary and may provide penalties for violations of those rules and regulations.

(g) For purposes of alleviating high unemployment, economically depressed conditions, and lack of moderately priced housing, the trustees of a township that includes all or a portion of a city that is a "financially distressed city" under the Financially Distressed City Law may contract with one or more not-for-profit or for-profit organizations to construct and operate within the boundaries of the township a factory designed to manufacture housing or housing components. The contract may provide for the private organization or organizations to manage some or all operations of the factory and may provide for (i) payment of employee compensation and taxes; (ii) discharge of other legal responsibilities; (iii) sale of products; (iv) disposition of the factory, equipment, and other property; and (v) any other matters the township trustees consider reasonable.

Section 85. The Illinois Municipal Code is amended by changing Sections 8-3-18, 11-5-1.5, 11-21.5-5, 11-74.4-3, and 11-80-15 as follows:

(65 ILCS 5/8-3-18)

Sec. 8-3-18. A municipality, upon a majority vote of its

governing authority, may abate taxes levied for corporate purposes under Section 8-3-1 in an amount not to exceed 50% of the donation by a taxpayer who donates not less than $10,000 to a qualified program. The abatement shall not exceed the tax extension on the taxpayer's real property for the levy year in which the donation is made.

For purposes of this Section, "qualified program" means a facility or a program in an area designated as a target area by the governing authority of the municipality for the creation or expansion of job training and counseling programs, youth child ~~day~~ care centers, congregate housing programs for senior adults, youth recreation programs, alcohol and drug abuse prevention, mental health counseling programs, domestic violence shelters, and other programs, facilities or services approved by the governing authority as qualified programs in a target area.

(Source: P.A. 88-389.)

(65 ILCS 5/11-5-1.5)

Sec. 11-5-1.5. Adult entertainment facility. It is prohibited within a municipality to locate an adult entertainment facility within 1,000 feet of the property boundaries of any school, child ~~day~~ care center, cemetery, public park, forest preserve, public housing, and place of religious worship, except that in a county with a population of more than 800,000 and less than 2,000,000 inhabitants, it

is prohibited to locate, construct, or operate a new adult entertainment facility within one mile of the property boundaries of any school, child ~~day~~ care center, cemetery, public park, forest preserve, public housing, or place of religious worship located anywhere within that county. Notwithstanding any other requirements of this Section, it is also prohibited to locate, construct, or operate a new adult entertainment facility within one mile of the property boundaries of any school, child ~~day~~ care center, cemetery, public park, forest preserve, public housing, or place of religious worship located in that area of Cook County outside of the City of Chicago.

For the purposes of this Section, "adult entertainment facility" means (i) a striptease club or pornographic movie theatre whose business is the commercial sale, dissemination, or distribution of sexually explicit material, shows, or other exhibitions or (ii) an adult bookstore or adult video store in which 25% or more of its stock-in-trade, books, magazines, and films for sale, exhibition, or viewing on-premises are sexually explicit material.

(65 ILCS 5/11-21.5-5)

Sec. 11-21.5-5. Local emergency energy plans.

(a) Any municipality, including a home rule municipality,

may, by ordinance, require any electric utility (i) that serves more than 1,000,000 customers in Illinois and (ii) that is operating within the corporate limits of the municipality to adopt and to provide the municipality with a local emergency energy plan. For the purposes of this Section, (i) "local emergency energy plan" or "plan" means a planned course of action developed by the electric utility that is implemented when the demand for electricity exceeds, or is at significant risk of exceeding, the supply of electricity available to the electric utility and (ii) "local emergency energy plan ordinance" means an ordinance adopted by the corporate authorities of the municipality under this Section that requires local emergency energy plans.

(b) A local emergency energy plan must include the following information:

(1) the circumstances that would require the implementation of the plan;

(2) the levels or stages of the plan;

(3) the approximate geographic limits of each outage area provided for in the plan;

(4) the approximate number of customers within each outage area provided for in the plan;

(5) any police facilities, fire stations, hospitals, nursing homes, schools, child ~~day~~ care centers, senior citizens centers, community health centers, blood banks, dialysis centers, community mental health centers,

correctional facilities, stormwater and wastewater treatment or pumping facilities, water-pumping stations, buildings in excess of 80 feet in height that have been identified by the municipality, and persons on life support systems that are known to the electric utility that could be affected by controlled rotating interruptions of electric service under the plan; and

(6) the anticipated sequence and duration of intentional interruptions of electric service to each outage area under the plan.

(c) A local emergency energy plan ordinance may require that, when an electric utility determines it is necessary to implement a controlled rotating interruption of electric service because the demand for electricity exceeds, or is at significant risk of exceeding, the supply of electricity available to the electric utility, the electric utility notify a designated municipal officer that the electric utility will be implementing its local emergency energy plan. The notification shall be made pursuant to a procedure approved by the municipality after consultation with the electric utility.

(d) After providing the notice required in subsection (c), an electric utility shall reasonably and separately advise designated municipal officials before it implements each level or stage of the plan, which shall include (i) a request for emergency help from neighboring utilities, (ii) a declaration of a control area emergency, and (iii) a public appeal for

voluntary curtailment of electricity use.

(e) The electric utility must give a separate notice to a designated municipal official immediately after it determines that there will be a controlled rotating interruption of electric service under the local emergency energy plan. The notification must include (i) the areas in which service will be interrupted, (ii) the sequence and estimated duration of the service outage for each area, (iii) the affected feeders, and (iv) the number of affected customers in each area. Whenever practical, the notification shall be made at least 2 hours before the time of the outages. If the electric utility is aware that controlled rotating interruptions may be required, the notification may not be made less than 30 minutes before the outages.

(f) A local emergency energy plan ordinance may provide civil penalties for violations of its provisions. The penalties must be permitted under the Illinois Municipal Code.

(g) The notifications required by this Section are in addition to the notification requirements of any applicable franchise agreement or ordinance and to the notification requirements of any applicable federal or State law, rule, and regulation.

(h) Except for any penalties or remedies that may be provided in a local emergency energy plan ordinance, in this Act, or in rules adopted by the Illinois Commerce Commission, nothing in this Section shall be construed to impose liability

for or prevent a utility from taking any actions that are necessary at any time, in any order, and with or without notice that are required to preserve the integrity of the electric utility's electrical system and interconnected network.

(i) Nothing in this Section, a local emergency energy plan ordinance, or a local emergency energy plan creates any duty of a municipality to any person or entity. No municipality may be subject to any claim or cause of action arising, directly or indirectly, from its decision to adopt or to refrain from adopting a local emergency energy plan ordinance. No municipality may be subject to any claim or cause of action arising, directly or indirectly, from any act or omission under the terms of or information provided in a local emergency energy plan filed under a local emergency energy plan ordinance.

(Text of Section before amendment by P.A. 104-457)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act

91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings,

defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for

light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the

designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental

remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or

is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the

ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the

Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the

flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means

any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding

through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to

and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack

of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks

required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located

within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved

the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax

Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January

1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually

generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60%

in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40%

in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State

Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area, provided that, with respect to redevelopment project areas described in subsections (p-1) and (p-2),

"redevelopment plan" means the comprehensive program of the affected municipality for the development of qualifying transit facilities. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise, provided that such evidence shall not be required for any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for

services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by

its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan, provided, however, that such a finding shall not be required with respect to any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated

dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates may not be later than the dates set forth under Section 11-74.4-3.5.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively

utilized for the development of the redevelopment project area.

(5) If: (a) the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan; or (b) the redevelopment plan is for a redevelopment project area or a qualifying transit facility located within a transit facility improvement area established pursuant to Section 11-74.4-3.3, and the applicable project is subject to the process for evaluation of environmental effects under the National Environmental Policy Act of 1969, 42 U.S.C. 4321 et seq., then a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as

determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor

shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and

hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(p-1) Notwithstanding any provision of this Act to the contrary, on and after August 25, 2009 (the effective date of Public Act 96-680), a redevelopment project area may include areas within a one-half mile radius of an existing or proposed Regional Transportation Authority Suburban Transit Access Route (STAR Line) station without a finding that the area is classified as an industrial park conservation area, a blighted area, a conservation area, or a combination thereof, but only if the municipality receives unanimous consent from the joint review board created to review the proposed redevelopment project area.

(p-2) Notwithstanding any provision of this Act to the contrary, on and after the effective date of this amendatory Act of the 99th General Assembly, a redevelopment project area may include areas within a transit facility improvement area that has been established pursuant to Section 11-74.4-3.3 without a finding that the area is classified as an industrial park conservation area, a blighted area, a conservation area,

or any combination thereof.

(q) "Redevelopment project costs", except for redevelopment project areas created pursuant to subsection (p-1) or (p-2), means and includes the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor

has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt

barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment; including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification;

(4) Costs of the construction of public works or improvements, including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment

project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999, (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan, or (iii) the new municipal public building is for the storage, maintenance, or repair of transit vehicles and is located in a transit facility improvement area that has been established pursuant to Section 11-74.4-3.3;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion

of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project;

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area

that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code or evidence-based funding as defined in Section 18-8.15 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code or evidence-based funding as defined in Section 18-8.15

of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced

by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the

number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received

financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita for the library in the previous fiscal year. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing

evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be

employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act;

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11); and

(F) instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to

be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under this subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available

under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later;

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses

located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Costs relating to the development of urban agricultural areas under Division 15.2 of the Illinois Municipal Code.

Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area

municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

No cost shall be a redevelopment project cost in a redevelopment project area if used to demolish, remove, or substantially modify a historic resource, after August 26, 2008 (the effective date of Public Act 95-934), unless no prudent and feasible alternative exists. "Historic resource" for the purpose of this paragraph means (i) a place or structure that is included or eligible for inclusion on the National Register of Historic Places or (ii) a contributing structure in a district on the National Register of Historic Places. This paragraph does not apply to a place or structure for which demolition, removal, or modification is subject to review by the preservation agency of a Certified Local Government designated as such by the National Park Service of the United States Department of the Interior.

If a special service area has been established pursuant to

the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(q-1) For redevelopment project areas created pursuant to subsection (p-1), redevelopment project costs are limited to those costs in paragraph (q) that are related to the existing or proposed Regional Transportation Authority Suburban Transit Access Route (STAR Line) station.

(q-2) For a transit facility improvement area established prior to, on, or after the effective date of this amendatory Act of the 102nd General Assembly: (i) "redevelopment project costs" means those costs described in subsection (q) that are related to the construction, reconstruction, rehabilitation, remodeling, or repair of any existing or proposed transit facility, whether that facility is located within or outside the boundaries of a redevelopment project area established within that transit facility improvement area (and, to the extent a redevelopment project cost is described in subsection (q) as incurred or estimated to be incurred with respect to a redevelopment project area, then it shall apply with respect to such transit facility improvement area); and (ii) the provisions of Section 11-74.4-8 regarding tax increment allocation financing for a redevelopment project area located

in a transit facility improvement area shall apply only to the lots, blocks, tracts and parcels of real property that are located within the boundaries of that redevelopment project area and not to the lots, blocks, tracts, and parcels of real property that are located outside the boundaries of that redevelopment project area.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised

Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the

State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities

and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land

subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(x) "LEED certified" means any certification level of construction elements by a qualified Leadership in Energy and Environmental Design Accredited Professional as determined by the U.S. Green Building Council.

(y) "Green Globes certified" means any certification level of construction elements by a qualified Green Globes Professional as determined by the Green Building Initiative.

(Text of Section after amendment by P.A. 104-457)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in

such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to

the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the

redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses

considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence

of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner

compatible with contemporary standards and requirements, or platting that failed to create rights-of-way for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject

to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has

been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects

including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or

other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to

present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence

demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of

facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the

municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a

municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax

Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the

certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For

Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment

project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the

issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended

by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area, provided that, with respect to redevelopment project areas described in subsections (p-1) and (p-2), "redevelopment plan" means the comprehensive program of the affected municipality for the development of qualifying transit facilities. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project

area on the whole has not been subject to growth and development through investment by private enterprise, provided that such evidence shall not be required for any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the

type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan, provided, however, that such a finding shall not be required with respect to any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more,

regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates may not be later than the dates set forth under Section 11-74.4-3.5.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts

that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If: (a) the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan; or (b) the redevelopment plan is for a redevelopment project area or a qualifying transit facility located within a transit facility improvement area established pursuant to Section 11-74.4-3.3, and the applicable project is subject to the process for evaluation of environmental effects under the National Environmental Policy Act of 1969, 42 U.S.C. 4321 et seq., then a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made,

then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences

are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within

the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan

may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(p-1) Notwithstanding any provision of this Act to the contrary, on and after August 25, 2009 (the effective date of Public Act 96-680), a redevelopment project area may include areas within a one-half mile radius of an existing or proposed Northern Illinois Transit Authority Suburban Transit Access Route (STAR Line) station without a finding that the area is classified as an industrial park conservation area, a blighted area, a conservation area, or a combination thereof, but only if the municipality receives unanimous consent from the joint review board created to review the proposed redevelopment

project area.

(p-2) Notwithstanding any provision of this Act to the contrary, on and after the effective date of this amendatory Act of the 99th General Assembly, a redevelopment project area may include areas within a transit facility improvement area that has been established pursuant to Section 11-74.4-3.3 without a finding that the area is classified as an industrial park conservation area, a blighted area, a conservation area, or any combination thereof.

(q) "Redevelopment project costs", except for redevelopment project areas created pursuant to subsection (p-1) or (p-2), means and includes the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and

engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses,

developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment; including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification;

(4) Costs of the construction of public works or improvements, including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of

constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999, (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan, or (iii) the new municipal public building is for the storage, maintenance, or repair of transit vehicles and is located in a transit facility improvement area that has been established pursuant to Section 11-74.4-3.3;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance

of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project;

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue

is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code or evidence-based funding as defined in Section 18-8.15 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by

those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within

the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code or evidence-based funding as defined in Section 18-8.15 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with

a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the

right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension

Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita for the library in the previous fiscal year. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment

under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a

redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act;

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be

substituted for 30% in subparagraphs (B) and (D) of paragraph (11); and

(F) instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that

includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under this subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as

tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later;

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of child ~~day~~ care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of child ~~day~~ care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Costs relating to the development of urban agricultural areas under Division 15.2 of the Illinois Municipal Code.

Unless explicitly stated herein the cost of construction of new privately owned buildings shall not be an eligible redevelopment project cost.

After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

No cost shall be a redevelopment project cost in a redevelopment project area if used to demolish, remove, or substantially modify a historic resource, after August 26, 2008 (the effective date of Public Act 95-934), unless no prudent and feasible alternative exists. "Historic resource" for the purpose of this paragraph means (i) a place or structure that is included or eligible for inclusion on the

National Register of Historic Places or (ii) a contributing structure in a district on the National Register of Historic Places. This paragraph does not apply to a place or structure for which demolition, removal, or modification is subject to review by the preservation agency of a Certified Local Government designated as such by the National Park Service of the United States Department of the Interior.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(q-1) For redevelopment project areas created pursuant to subsection (p-1), redevelopment project costs are limited to those costs in paragraph (q) that are related to the existing or proposed Northern Illinois Transit Authority Suburban Transit Access Route (STAR Line) station.

(q-2) For a transit facility improvement area established prior to, on, or after the effective date of this amendatory Act of the 102nd General Assembly: (i) "redevelopment project costs" means those costs described in subsection (q) that are related to the construction, reconstruction, rehabilitation, remodeling, or repair of any existing or proposed transit facility, whether that facility is located within or outside

the boundaries of a redevelopment project area established within that transit facility improvement area (and, to the extent a redevelopment project cost is described in subsection (q) as incurred or estimated to be incurred with respect to a redevelopment project area, then it shall apply with respect to such transit facility improvement area); and (ii) the provisions of Section 11-74.4-8 regarding tax increment allocation financing for a redevelopment project area located in a transit facility improvement area shall apply only to the lots, blocks, tracts and parcels of real property that are located within the boundaries of that redevelopment project area and not to the lots, blocks, tracts, and parcels of real property that are located outside the boundaries of that redevelopment project area.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant

to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax

Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax

amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Section 150. The Alternative Health Care Delivery Act is amended by changing Section 35 as follows:

(210 ILCS 3/35)

Sec. 35. Alternative health care models authorized. Notwithstanding any other law to the contrary, alternative health care models described in this Section may be established on a demonstration basis.

(1) (Blank).

(2) Alternative health care delivery model; postsurgical recovery care center. A postsurgical recovery care center is a designated site which provides postsurgical recovery care for generally healthy patients undergoing surgical procedures that potentially require overnight nursing care, pain control, or observation that would otherwise be provided in an inpatient setting. Patients may be discharged from the postsurgical recovery care center in less than 24 hours if the attending physician or the facility's medical director believes the patient has recovered enough to be discharged. A postsurgical recovery care center is either freestanding or a defined unit of an ambulatory surgical treatment center or hospital. No facility, or portion of a facility,

may participate in a demonstration program as a postsurgical recovery care center unless the facility has been licensed as an ambulatory surgical treatment center or hospital for at least 2 years before August 20, 1993 (the effective date of Public Act 88-441). The maximum length of stay for patients in a postsurgical recovery care center is not to exceed 48 hours unless the treating physician requests an extension of time from the recovery center's medical director on the basis of medical or clinical documentation that an additional care period is required for the recovery of a patient and the medical director approves the extension of time. In no case, however, shall a patient's length of stay in a postsurgical recovery care center be longer than 72 hours. If a patient requires an additional care period after the expiration of the 72-hour limit, the patient shall be transferred to an appropriate facility. Reports on variances from the 24-hour or 48-hour limit shall be sent to the Department for its evaluation. The reports shall, before submission to the Department, have removed from them all patient and physician identifiers. Blood products may be administered in the postsurgical recovery care center model. In order to handle cases of complications, emergencies, or exigent circumstances, every postsurgical recovery care center as defined in this paragraph shall maintain a contractual relationship, including a transfer

agreement, with a general acute care hospital. A postsurgical recovery care center shall be no larger than 20 beds. A postsurgical recovery care center shall be located within 15 minutes travel time from the general acute care hospital with which the center maintains a contractual relationship, including a transfer agreement, as required under this paragraph.

No postsurgical recovery care center shall discriminate against any patient requiring treatment because of the source of payment for services, including Medicare and Medicaid recipients.

The Department shall adopt rules to implement the provisions of Public Act 88-441 concerning postsurgical recovery care centers within 9 months after August 20, 1993. Notwithstanding any other law to the contrary, a postsurgical recovery care center model may provide sleep laboratory or similar sleep studies in accordance with applicable State and federal laws and regulations.

(3) Alternative health care delivery model; children's community-based health care center. A children's community-based health care center model is a designated site that provides nursing care, clinical support services, and therapies for a period of one to 14 days for short-term stays and 120 days to facilitate transitions to home or other appropriate settings for medically fragile children, technology dependent children, and children with

special health care needs who are deemed clinically stable by a physician and are younger than 22 years of age. This care is to be provided in a home-like environment that serves no more than 12 children at a time, except that a children's community-based health care center in existence on the effective date of this amendatory Act of the 100th General Assembly that is located in Chicago on grade level for Life Safety Code purposes may provide care to no more than 16 children at a time. Children's community-based health care center services must be available through the model to all families, including those whose care is paid for through the Department of Healthcare and Family Services, the Department of Children and Family Services, the Department of Human Services, and insurance companies who cover home health care services or private duty nursing care in the home.

Each children's community-based health care center model location shall be physically separate and apart from any other facility licensed by the Department of Public Health under this or any other Act and shall provide the following services: respite care, registered nursing or licensed practical nursing care, transitional care to facilitate home placement or other appropriate settings and reunite families, medical child ~~day~~ care, weekend camps, and diagnostic studies typically done in the home setting.

A children's community-based health care center may provide initial training, prior to home placement for, and shall keep records in a manner designated by the Department regarding, the certified family health aide, as defined in the Certified Family Health Aide Program for Children and Adults Act, identified as the legally responsible caregiver or designated by a legally responsible caregiver for the medical care of an individual who receives or is eligible to receive:

(i) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or

(ii) in-home shift nursing through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent.

Coverage for the services provided by the Department of Healthcare and Family Services under this paragraph (3) is contingent upon federal waiver approval and is provided only to Medicaid eligible clients participating in the home and community based services waiver designated in Section 1915(c) of the Social Security Act for medically frail and technologically dependent children or children in Department of Children and Family Services foster care who receive home health benefits.

(4) Alternative health care delivery model; community based residential rehabilitation center. A community-based residential rehabilitation center model is a designated site that provides rehabilitation or support, or both, for persons who have experienced severe brain injury, who are medically stable, and who no longer require acute rehabilitative care or intense medical or nursing services. activities, and multiple opportunities for skill acquisition and practice throughout the day. The design of individualized program plans shall be consistent with the outcome goals that are established for each resident. The programs provided in this setting shall be accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF). The program shall have been accredited by CARF as a Brain Injury Community-Integrative Program for at least 3 years.

(5) Alternative health care delivery model; Alzheimer's disease management center. An Alzheimer's disease management center model is a designated site that provides a safe and secure setting for care of persons diagnosed with Alzheimer's disease. An Alzheimer's disease management center model shall be a facility separate from any other facility licensed by the Department of Public Health under this or any other Act. An Alzheimer's disease management center shall conduct and document an assessment of each resident every 6 months. The assessment shall include an evaluation of daily functioning, cognitive status, other medical conditions, and behavioral problems. An Alzheimer's disease management center shall develop and implement an ongoing treatment plan for each resident. The treatment plan shall have defined goals. The Alzheimer's disease management center shall treat behavioral problems and mood disorders using nonpharmacologic approaches such

as environmental modification, task simplification, and other appropriate activities. All staff must have necessary training to care for all stages of Alzheimer's Disease. An Alzheimer's disease management center shall provide education and support for residents and caregivers. The education and support shall include referrals to support organizations for educational materials on community resources, support groups, legal and financial issues, respite care, and future care needs and options. The education and support shall also include a discussion of the resident's need to make advance directives and to identify surrogates for medical and legal decision-making. The provisions of this paragraph establish the minimum level of services that must be provided by an Alzheimer's disease management center. An Alzheimer's disease management center model shall have no more than 100 residents. Nothing in this paragraph (5) shall be construed as prohibiting a person or facility from providing services and care to persons with Alzheimer's disease as otherwise authorized under State law.

(6) Alternative health care delivery model; birth center. A birth center shall be exclusively dedicated to serving the childbirth-related needs of women and their newborns and shall have no more than 10 beds. A birth center is a designated site that is away from the mother's

The Department's rules shall stipulate the eligibility criteria for birth center admission. The Department's rules shall stipulate the necessary equipment for emergency care according to the American Association of Birth Centers' standards and any additional equipment deemed necessary by the Department. The Department's rules shall provide for a time period within which each birth center not part of a hospital must become accredited by either the Commission for the Accreditation of Freestanding Birth Centers or The Joint Commission.

A birth center shall be certified to participate in the Medicare and Medicaid programs under Titles XVIII and XIX, respectively, of the federal Social Security Act. To the extent necessary, the Illinois Department of Healthcare and Family Services shall apply for a waiver from the United States Health Care Financing Administration to allow birth centers to be reimbursed under Title XIX of the federal Social Security Act.

A birth center that is not operated under a hospital license shall be located within a ground travel time distance from the general acute care hospital with which the birth center maintains a contractual relationship, including a transfer agreement, as required under this

The medical director and the Director of Nursing and Midwifery Services shall jointly develop and approve policies defining the criteria to determine which pregnancies are accepted as normal, uncomplicated, and low-risk, and the anesthesia services available at the center. No general anesthesia may be administered at the center.

An obstetrician, family practitioner, or certified nurse midwife shall attend each woman in labor from the time of admission through birth and throughout the immediate postpartum period. Attendance may be delegated only to another physician or certified nurse midwife. Additionally, a second staff person shall also be present at each birth who is licensed or certified in Illinois in a health-related field and under the supervision of the physician or certified nurse midwife in attendance, has specialized training in labor and delivery techniques and care of newborns, and receives planned and ongoing training as needed to perform assigned duties effectively.

The maximum length of stay in a birth center shall be consistent with existing State laws allowing a 48-hour stay or appropriate post-delivery care, if discharged earlier than 48 hours.

Section 175. The Public Utilities Act is amended by changing Section 8-103B as follows:

(220 ILCS 5/8-103B)

(Text of Section before amendment by P.A. 104-458)

Sec. 8-103B. Energy efficiency and demand-response measures.

(a) It is the policy of the State that electric utilities are required to use cost-effective energy efficiency and demand-response measures to reduce delivery load. Requiring investment in cost-effective energy efficiency and demand-response measures will reduce direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenditures for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (c) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" have the meanings set

forth in the Illinois Power Agency Act. "Black, indigenous, and people of color" and "BIPOC" means people who are members of the groups described in subparagraphs (a) through (e) of paragraph (A) of subsection (1) of Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

(a-5) This Section applies to electric utilities serving more than 500,000 retail customers in the State for those multi-year plans commencing after December 31, 2017.

(b) For purposes of this Section, electric utilities subject to this Section that serve more than 3,000,000 retail customers in the State shall be deemed to have achieved a cumulative persisting annual savings of 6.6% from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, which percent is based on the deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015, and 2016 of 88,000,000 MWhs. For the purposes of this subsection (b) and subsection (b-5), the 88,000,000 MWhs of deemed electric power and energy sales shall be reduced by the number of MWhs equal to the sum of the annual consumption of customers that have opted out of subsections (a) through (j) of this Section under paragraph (1) of subsection (l) of this Section, as averaged across the calendar years 2014, 2015, and 2016. After 2017, the deemed value of cumulative persisting annual savings from energy efficiency measures and programs

implemented during the period beginning January 1, 2012 and ending December 31, 2017, shall be reduced each year, as follows, and the applicable value shall be applied to and count toward the utility's achievement of the cumulative persisting annual savings goals set forth in subsection (b-5):

(1) 5.8% deemed cumulative persisting annual savings for the year ending December 31, 2018;

(2) 5.2% deemed cumulative persisting annual savings for the year ending December 31, 2019;

(3) 4.5% deemed cumulative persisting annual savings for the year ending December 31, 2020;

(4) 4.0% deemed cumulative persisting annual savings for the year ending December 31, 2021;

(5) 3.5% deemed cumulative persisting annual savings for the year ending December 31, 2022;

(6) 3.1% deemed cumulative persisting annual savings for the year ending December 31, 2023;

(7) 2.8% deemed cumulative persisting annual savings for the year ending December 31, 2024;

(8) 2.5% deemed cumulative persisting annual savings for the year ending December 31, 2025;

(9) 2.3% deemed cumulative persisting annual savings for the year ending December 31, 2026;

(10) 2.1% deemed cumulative persisting annual savings for the year ending December 31, 2027;

(11) 1.8% deemed cumulative persisting annual savings

for the year ending December 31, 2028;

(12) 1.7% deemed cumulative persisting annual savings for the year ending December 31, 2029;

(13) 1.5% deemed cumulative persisting annual savings for the year ending December 31, 2030;

(14) 1.3% deemed cumulative persisting annual savings for the year ending December 31, 2031;

(15) 1.1% deemed cumulative persisting annual savings for the year ending December 31, 2032;

(16) 0.9% deemed cumulative persisting annual savings for the year ending December 31, 2033;

(17) 0.7% deemed cumulative persisting annual savings for the year ending December 31, 2034;

(18) 0.5% deemed cumulative persisting annual savings for the year ending December 31, 2035;

(19) 0.4% deemed cumulative persisting annual savings for the year ending December 31, 2036;

(20) 0.3% deemed cumulative persisting annual savings for the year ending December 31, 2037;

(21) 0.2% deemed cumulative persisting annual savings for the year ending December 31, 2038;

(22) 0.1% deemed cumulative persisting annual savings for the year ending December 31, 2039; and

(23) 0.0% deemed cumulative persisting annual savings for the year ending December 31, 2040 and all subsequent years.

For purposes of this Section, "cumulative persisting annual savings" means the total electric energy savings in a given year from measures installed in that year or in previous years, but no earlier than January 1, 2012, that are still operational and providing savings in that year because the measures have not yet reached the end of their useful lives.

(b-5) Beginning in 2018, electric utilities subject to this Section that serve more than 3,000,000 retail customers in the State shall achieve the following cumulative persisting annual savings goals, as modified by subsection (f) of this Section and as compared to the deemed baseline of 88,000,000 MWhs of electric power and energy sales set forth in subsection (b), as reduced by the number of MWhs equal to the sum of the annual consumption of customers that have opted out of subsections (a) through (j) of this Section under paragraph (1) of subsection (l) of this Section as averaged across the calendar years 2014, 2015, and 2016, through the implementation of energy efficiency measures during the applicable year and in prior years, but no earlier than January 1, 2012:

(1) 7.8% cumulative persisting annual savings for the year ending December 31, 2018;

(2) 9.1% cumulative persisting annual savings for the year ending December 31, 2019;

(3) 10.4% cumulative persisting annual savings for the year ending December 31, 2020;

(4) 11.8% cumulative persisting annual savings for the year ending December 31, 2021;

(5) 13.1% cumulative persisting annual savings for the year ending December 31, 2022;

(6) 14.4% cumulative persisting annual savings for the year ending December 31, 2023;

(7) 15.7% cumulative persisting annual savings for the year ending December 31, 2024;

(8) 17% cumulative persisting annual savings for the year ending December 31, 2025;

(9) 17.9% cumulative persisting annual savings for the year ending December 31, 2026;

(10) 18.8% cumulative persisting annual savings for the year ending December 31, 2027;

(11) 19.7% cumulative persisting annual savings for the year ending December 31, 2028;

(12) 20.6% cumulative persisting annual savings for the year ending December 31, 2029; and

(13) 21.5% cumulative persisting annual savings for the year ending December 31, 2030.

No later than December 31, 2021, the Illinois Commerce Commission shall establish additional cumulative persisting annual savings goals for the years 2031 through 2035. No later than December 31, 2024, the Illinois Commerce Commission shall establish additional cumulative persisting annual savings goals for the years 2036 through 2040. The Commission shall

also establish additional cumulative persisting annual savings goals every 5 years thereafter to ensure that utilities always have goals that extend at least 11 years into the future. The cumulative persisting annual savings goals beyond the year 2030 shall increase by 0.9 percentage points per year, absent a Commission decision to initiate a proceeding to consider establishing goals that increase by more or less than that amount. Such a proceeding must be conducted in accordance with the procedures described in subsection (f) of this Section. If such a proceeding is initiated, the cumulative persisting annual savings goals established by the Commission through that proceeding shall reflect the Commission's best estimate of the maximum amount of additional savings that are forecast to be cost-effectively achievable unless such best estimates would result in goals that represent less than 0.5 percentage point annual increases in total cumulative persisting annual savings. The Commission may only establish goals that represent less than 0.5 percentage point annual increases in cumulative persisting annual savings if it can demonstrate, based on clear and convincing evidence and through independent analysis, that 0.5 percentage point increases are not cost-effectively achievable. The Commission shall inform its decision based on an energy efficiency potential study that conforms to the requirements of this Section.

(b-10) For purposes of this Section, electric utilities subject to this Section that serve less than 3,000,000 retail

customers but more than 500,000 retail customers in the State shall be deemed to have achieved a cumulative persisting annual savings of 6.6% from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, which is based on the deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015, and 2016 of 36,900,000 MWhs. For the purposes of this subsection (b-10) and subsection (b-15), the 36,900,000 MWhs of deemed electric power and energy sales shall be reduced by the number of MWhs equal to the sum of the annual consumption of customers that have opted out of subsections (a) through (j) of this Section under paragraph (1) of subsection (l) of this Section, as averaged across the calendar years 2014, 2015, and 2016. After 2017, the deemed value of cumulative persisting annual savings from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, shall be reduced each year, as follows, and the applicable value shall be applied to and count toward the utility's achievement of the cumulative persisting annual savings goals set forth in subsection (b-15):

(1) 5.8% deemed cumulative persisting annual savings for the year ending December 31, 2018;

(2) 5.2% deemed cumulative persisting annual savings for the year ending December 31, 2019;

(3) 4.5% deemed cumulative persisting annual savings

for the year ending December 31, 2020;

(4) 4.0% deemed cumulative persisting annual savings for the year ending December 31, 2021;

(5) 3.5% deemed cumulative persisting annual savings for the year ending December 31, 2022;

(6) 3.1% deemed cumulative persisting annual savings for the year ending December 31, 2023;

(7) 2.8% deemed cumulative persisting annual savings for the year ending December 31, 2024;

(8) 2.5% deemed cumulative persisting annual savings for the year ending December 31, 2025;

(9) 2.3% deemed cumulative persisting annual savings for the year ending December 31, 2026;

(10) 2.1% deemed cumulative persisting annual savings for the year ending December 31, 2027;

for the year ending December 31, 2033;

(17) 0.7% deemed cumulative persisting annual savings for the year ending December 31, 2034;

(18) 0.5% deemed cumulative persisting annual savings for the year ending December 31, 2035;

(10) 14.2% cumulative persisting annual savings for the year ending December 31, 2027;

(11) 14.8% cumulative persisting annual savings for the year ending December 31, 2028;

(12) 15.4% cumulative persisting annual savings for

the year ending December 31, 2029; and

(13) 16% cumulative persisting annual savings for the year ending December 31, 2030.

No later than December 31, 2021, the Illinois Commerce Commission shall establish additional cumulative persisting annual savings goals for the years 2031 through 2035. No later than December 31, 2024, the Illinois Commerce Commission shall establish additional cumulative persisting annual savings goals for the years 2036 through 2040. The Commission shall also establish additional cumulative persisting annual savings goals every 5 years thereafter to ensure that utilities always have goals that extend at least 11 years into the future. The cumulative persisting annual savings goals beyond the year 2030 shall increase by 0.6 percentage points per year, absent a Commission decision to initiate a proceeding to consider establishing goals that increase by more or less than that amount. Such a proceeding must be conducted in accordance with the procedures described in subsection (f) of this Section. If such a proceeding is initiated, the cumulative persisting annual savings goals established by the Commission through that proceeding shall reflect the Commission's best estimate of the maximum amount of additional savings that are forecast to be cost-effectively achievable unless such best estimates would result in goals that represent less than 0.4 percentage point annual increases in total cumulative persisting annual savings. The Commission may only establish goals that

represent less than 0.4 percentage point annual increases in cumulative persisting annual savings if it can demonstrate, based on clear and convincing evidence and through independent analysis, that 0.4 percentage point increases are not cost-effectively achievable. The Commission shall inform its decision based on an energy efficiency potential study that conforms to the requirements of this Section.

(b-20) Each electric utility subject to this Section may include cost-effective voltage optimization measures in its plans submitted under subsections (f) and (g) of this Section, and the costs incurred by a utility to implement the measures under a Commission-approved plan shall be recovered under the provisions of Article IX or Section 16-108.5 of this Act. For purposes of this Section, the measure life of voltage optimization measures shall be 15 years. The measure life period is independent of the depreciation rate of the voltage optimization assets deployed. Utilities may claim savings from voltage optimization on circuits for more than 15 years if they can demonstrate that they have made additional investments necessary to enable voltage optimization savings to continue beyond 15 years. Such demonstrations must be subject to the review of independent evaluation.

Within 270 days after June 1, 2017 (the effective date of Public Act 99-906), an electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall file a plan with the Commission

that identifies the cost-effective voltage optimization investment the electric utility plans to undertake through December 31, 2024. The Commission, after notice and hearing, shall approve or approve with modification the plan within 120 days after the plan's filing and, in the order approving or approving with modification the plan, the Commission shall adjust the applicable cumulative persisting annual savings goals set forth in subsection (b-15) to reflect any amount of cost-effective energy savings approved by the Commission that is greater than or less than the following cumulative persisting annual savings values attributable to voltage optimization for the applicable year:

(1) 0.0% of cumulative persisting annual savings for the year ending December 31, 2018;

(2) 0.17% of cumulative persisting annual savings for the year ending December 31, 2019;

(3) 0.17% of cumulative persisting annual savings for the year ending December 31, 2020;

(4) 0.33% of cumulative persisting annual savings for the year ending December 31, 2021;

(5) 0.5% of cumulative persisting annual savings for the year ending December 31, 2022;

(6) 0.67% of cumulative persisting annual savings for the year ending December 31, 2023;

(7) 0.83% of cumulative persisting annual savings for the year ending December 31, 2024; and

(8) 1.0% of cumulative persisting annual savings for the year ending December 31, 2025 and all subsequent years.

(b-25) In the event an electric utility jointly offers an energy efficiency measure or program with a gas utility under plans approved under this Section and Section 8-104 of this Act, the electric utility may continue offering the program, including the gas energy efficiency measures, in the event the gas utility discontinues funding the program. In that event, the energy savings value associated with such other fuels shall be converted to electric energy savings on an equivalent Btu basis for the premises. However, the electric utility shall prioritize programs for low-income residential customers to the extent practicable. An electric utility may recover the costs of offering the gas energy efficiency measures under this subsection (b-25).

For those energy efficiency measures or programs that save both electricity and other fuels but are not jointly offered with a gas utility under plans approved under this Section and Section 8-104 or not offered with an affiliated gas utility under paragraph (6) of subsection (f) of Section 8-104 of this Act, the electric utility may count savings of fuels other than electricity toward the achievement of its annual savings goal, and the energy savings value associated with such other fuels shall be converted to electric energy savings on an equivalent Btu basis at the premises.

In no event shall more than 10% of each year's applicable annual total savings requirement as defined in paragraph (7.5) of subsection (g) of this Section be met through savings of fuels other than electricity.

(b-27) Beginning in 2022, an electric utility may offer and promote measures that electrify space heating, water heating, cooling, drying, cooking, industrial processes, and other building and industrial end uses that would otherwise be served by combustion of fossil fuel at the premises, provided that the electrification measures reduce total energy consumption at the premises. The electric utility may count the reduction in energy consumption at the premises toward achievement of its annual savings goals. The reduction in energy consumption at the premises shall be calculated as the difference between: (A) the reduction in Btu consumption of fossil fuels as a result of electrification, converted to kilowatt-hour equivalents by dividing by 3,412 Btus per kilowatt hour; and (B) the increase in kilowatt hours of electricity consumption resulting from the displacement of fossil fuel consumption as a result of electrification. An electric utility may recover the costs of offering and promoting electrification measures under this subsection (b-27).

In no event shall electrification savings counted toward each year's applicable annual total savings requirement, as defined in paragraph (7.5) of subsection (g) of this Section,

be greater than:

(1) 5% per year for each year from 2022 through 2025;

(2) 10% per year for each year from 2026 through 2029; and

(3) 15% per year for 2030 and all subsequent years.

In addition, a minimum of 25% of all electrification savings counted toward a utility's applicable annual total savings requirement must be from electrification of end uses in low-income housing. The limitations on electrification savings that may be counted toward a utility's annual savings goals are separate from and in addition to the subsection (b-25) limitations governing the counting of the other fuel savings resulting from efficiency measures and programs.

As part of the annual informational filing to the Commission that is required under paragraph (9) of subsection (g) of this Section, each utility shall identify the specific electrification measures offered under this subsection (b-27); the quantity of each electrification measure that was installed by its customers; the average total cost, average utility cost, average reduction in fossil fuel consumption, and average increase in electricity consumption associated with each electrification measure; the portion of installations of each electrification measure that were in low-income single-family housing, low-income multifamily housing, non-low-income single-family housing, non-low-income multifamily housing, commercial buildings, and industrial

facilities; and the quantity of savings associated with each measure category in each customer category that are being counted toward the utility's applicable annual total savings requirement. Prior to installing an electrification measure, the utility shall provide a customer with an estimate of the impact of the new measure on the customer's average monthly electric bill and total annual energy expenses.

(c) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency plans with the Commission and may, as part of that implementation, outsource various aspects of program development and implementation. A minimum of 10%, for electric utilities that serve more than 3,000,000 retail customers in the State, and a minimum of 7%, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, of the utility's entire portfolio funding level for a given year shall be used to procure cost-effective energy efficiency measures from units of local government, municipal corporations, school districts, public housing, public institutions of higher education, and community college districts, provided that a minimum percentage of available funds shall be used to procure energy efficiency from public housing, which percentage shall be equal to public housing's share of public building energy consumption.

The utilities shall also implement energy efficiency

measures targeted at low-income households, which, for purposes of this Section, shall be defined as households at or below 80% of area median income, and expenditures to implement the measures shall be no less than $40,000,000 per year for electric utilities that serve more than 3,000,000 retail customers in the State and no less than $13,000,000 per year for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State. The ratio of spending on efficiency programs targeted at low-income multifamily buildings to spending on efficiency programs targeted at low-income single-family buildings shall be designed to achieve levels of savings from each building type that are approximately proportional to the magnitude of cost-effective lifetime savings potential in each building type. Investment in low-income whole-building weatherization programs shall constitute a minimum of 80% of a utility's total budget specifically dedicated to serving low-income customers.

The utilities shall work to bundle low-income energy efficiency offerings with other programs that serve low-income households to maximize the benefits going to these households. The utilities shall market and implement low-income energy efficiency programs in coordination with low-income assistance programs, the Illinois Solar for All Program, and weatherization whenever practicable. The program implementer shall walk the customer through the enrollment process for any

programs for which the customer is eligible. The utilities shall also pilot targeting customers with high arrearages, high energy intensity (ratio of energy usage divided by home or unit square footage), or energy assistance programs with energy efficiency offerings, and then track reduction in arrearages as a result of the targeting. This targeting and bundling of low-income energy programs shall be offered to both low-income single-family and multifamily customers (owners and residents).

The utilities shall invest in health and safety measures appropriate and necessary for comprehensively weatherizing a home or multifamily building, and shall implement a health and safety fund of at least 15% of the total income-qualified weatherization budget that shall be used for the purpose of making grants for technical assistance, construction, reconstruction, improvement, or repair of buildings to facilitate their participation in the energy efficiency programs targeted at low-income single-family and multifamily households. These funds may also be used for the purpose of making grants for technical assistance, construction, reconstruction, improvement, or repair of the following buildings to facilitate their participation in the energy efficiency programs created by this Section: (1) buildings that are owned or operated by registered 501(c)(3) public charities; and (2) day care centers, day care homes, or group day care homes, as defined under 89 Ill. Adm. Code Part 406,

407, or 408, respectively.

Each electric utility shall assess opportunities to implement cost-effective energy efficiency measures and programs through a public housing authority or authorities located in its service territory. If such opportunities are identified, the utility shall propose such measures and programs to address the opportunities. Expenditures to address such opportunities shall be credited toward the minimum procurement and expenditure requirements set forth in this subsection (c).

Implementation of energy efficiency measures and programs targeted at low-income households should be contracted, when it is practicable, to independent third parties that have demonstrated capabilities to serve such households, with a preference for not-for-profit entities and government agencies that have existing relationships with or experience serving low-income communities in the State.

Each electric utility shall develop and implement reporting procedures that address and assist in determining the amount of energy savings that can be applied to the low-income procurement and expenditure requirements set forth in this subsection (c). Each electric utility shall also track the types and quantities or volumes of insulation and air sealing materials, and their associated energy saving benefits, installed in energy efficiency programs targeted at low-income single-family and multifamily households.

The electric utilities shall participate in a low-income energy efficiency accountability committee ("the committee"), which will directly inform the design, implementation, and evaluation of the low-income and public-housing energy efficiency programs. The committee shall be comprised of the electric utilities subject to the requirements of this Section, the gas utilities subject to the requirements of Section 8-104 of this Act, the utilities' low-income energy efficiency implementation contractors, nonprofit organizations, community action agencies, advocacy groups, State and local governmental agencies, public-housing organizations, and representatives of community-based organizations, especially those living in or working with environmental justice communities and BIPOC communities. The committee shall be composed of 2 geographically differentiated subcommittees: one for stakeholders in northern Illinois and one for stakeholders in central and southern Illinois. The subcommittees shall meet together at least twice per year.

There shall be one statewide leadership committee led by and composed of community-based organizations that are representative of BIPOC and environmental justice communities and that includes equitable representation from BIPOC communities. The leadership committee shall be composed of an equal number of representatives from the 2 subcommittees. The subcommittees shall address specific programs and issues, with the leadership committee convening targeted workgroups as

needed. The leadership committee may elect to work with an independent facilitator to solicit and organize feedback, recommendations and meeting participation from a wide variety of community-based stakeholders. If a facilitator is used, they shall be fair and responsive to the needs of all stakeholders involved in the committee.

All committee meetings must be accessible, with rotating locations if meetings are held in-person, virtual participation options, and materials and agendas circulated in advance.

There shall also be opportunities for direct input by committee members outside of committee meetings, such as via individual meetings, surveys, emails and calls, to ensure robust participation by stakeholders with limited capacity and ability to attend committee meetings. Committee meetings shall emphasize opportunities to bundle and coordinate delivery of low-income energy efficiency with other programs that serve low-income communities, such as the Illinois Solar for All Program and bill payment assistance programs. Meetings shall include educational opportunities for stakeholders to learn more about these additional offerings, and the committee shall assist in figuring out the best methods for coordinated delivery and implementation of offerings when serving low-income communities. The committee shall directly and equitably influence and inform utility low-income and public-housing energy efficiency programs and priorities.

Participating utilities shall implement recommendations from the committee whenever possible.

Participating utilities shall track and report how input from the committee has led to new approaches and changes in their energy efficiency portfolios. This reporting shall occur at committee meetings and in quarterly energy efficiency reports to the Stakeholder Advisory Group and Illinois Commerce Commission, and other relevant reporting mechanisms. Participating utilities shall also report on relevant equity data and metrics requested by the committee, such as energy burden data, geographic, racial, and other relevant demographic data on where programs are being delivered and what populations programs are serving.

The Illinois Commerce Commission shall oversee and have relevant staff participate in the committee. The committee shall have a budget of 0.25% of each utility's entire efficiency portfolio funding for a given year. The budget shall be overseen by the Commission. The budget shall be used to provide grants for community-based organizations serving on the leadership committee, stipends for community-based organizations participating in the committee, grants for community-based organizations to do energy efficiency outreach and education, and relevant meeting needs as determined by the leadership committee. The education and outreach shall include, but is not limited to, basic energy efficiency education, information about low-income energy efficiency

programs, and information on the committee's purpose, structure, and activities.

(d) Notwithstanding any other provision of law to the contrary, a utility providing approved energy efficiency measures and, if applicable, demand-response measures in the State shall be permitted to recover all reasonable and prudently incurred costs of those measures from all retail customers, except as provided in subsection (l) of this Section, as follows, provided that nothing in this subsection (d) permits the double recovery of such costs from customers:

(1) The utility may recover its costs through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, the utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(2) A utility may recover its costs through an energy efficiency formula rate approved by the Commission under a filing under subsections (f) and (g) of this Section, which shall specify the cost components that form the basis of the rate charged to customers with sufficient specificity to operate in a standardized manner and be updated annually with transparent information that reflects the utility's actual costs to be recovered during the applicable rate year, which is the period beginning with the first billing day of January and extending through the last billing day of the following December. The energy efficiency formula rate shall be implemented through a tariff filed with the Commission under subsections (f) and (g) of this Section that is consistent with the provisions of this paragraph (2) and that shall be applicable to all delivery services customers. The Commission shall conduct an investigation of the tariff in a manner consistent with the provisions of this paragraph (2), subsections (f) and (g) of this Section, and the provisions of Article IX of this Act to the extent they do not conflict with this paragraph (2). The energy efficiency formula rate approved by the Commission shall remain in effect at the discretion of the utility and shall do the following:

(A) Provide for the recovery of the utility's actual costs incurred under this Section that are

prudently incurred and reasonable in amount consistent with Commission practice and law. The sole fact that a cost differs from that incurred in a prior calendar year or that an investment is different from that made in a prior calendar year shall not imply the imprudence or unreasonableness of that cost or investment.

(B) Reflect the utility's actual year-end capital structure for the applicable calendar year, excluding goodwill, subject to a determination of prudence and reasonableness consistent with Commission practice and law. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, a participating electric utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(C) Include a cost of equity, which shall be calculated as the sum of the following:

(i) the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15

Statistical Release or successor publication; and

(ii) 580 basis points.

At such time as the Board of Governors of the Federal Reserve System ceases to include the monthly average yields of 30-year U.S. Treasury bonds in its weekly H.15 Statistical Release or successor publication, the monthly average yields of the U.S. Treasury bonds then having the longest duration published by the Board of Governors in its weekly H.15 Statistical Release or successor publication shall instead be used for purposes of this paragraph (2).

(D) Permit and set forth protocols, subject to a determination of prudence and reasonableness consistent with Commission practice and law, for the following:

(i) recovery of incentive compensation expense that is based on the achievement of operational metrics, including metrics related to budget controls, outage duration and frequency, safety, customer service, efficiency and productivity, and environmental compliance; however, this protocol shall not apply if such expense related to costs incurred under this Section is recovered under Article IX or Section 16-108.5 of this Act; incentive compensation expense that is based on net income or an affiliate's earnings per share

shall not be recoverable under the energy efficiency formula rate;

(ii) recovery of pension and other post-employment benefits expense, provided that such costs are supported by an actuarial study; however, this protocol shall not apply if such expense related to costs incurred under this Section is recovered under Article IX or Section 16-108.5 of this Act;

(iii) recovery of existing regulatory assets over the periods previously authorized by the Commission;

(iv) as described in subsection (e), amortization of costs incurred under this Section; and

(v) projected, weather normalized billing determinants for the applicable rate year.

(E) Provide for an annual reconciliation, as described in paragraph (3) of this subsection (d), less any deferred taxes related to the reconciliation, with interest at an annual rate of return equal to the utility's weighted average cost of capital, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return, of the energy efficiency revenue requirement reflected in rates for

each calendar year, beginning with the calendar year in which the utility files its energy efficiency formula rate tariff under this paragraph (2), with what the revenue requirement would have been had the actual cost information for the applicable calendar year been available at the filing date.

The utility shall file, together with its tariff, the projected costs to be incurred by the utility during the rate year under the utility's multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, the projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense, that shall populate the energy efficiency formula rate and set the initial rates under the formula.

The Commission shall review the proposed tariff in conjunction with its review of a proposed multi-year plan, as specified in paragraph (5) of subsection (g) of this Section. The review shall be based on the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, the Commission applies in a hearing to review a filing for a general increase in rates under Article IX of this Act. The initial rates shall take effect beginning with the January monthly billing period following the

Commission's approval.

The tariff's rate design and cost allocation across customer classes shall be consistent with the utility's automatic adjustment clause tariff in effect on June 1, 2017 (the effective date of Public Act 99-906); however, the Commission may revise the tariff's rate design and cost allocation in subsequent proceedings under paragraph (3) of this subsection (d).

If the energy efficiency formula rate is terminated, the then current rates shall remain in effect until such time as the energy efficiency costs are incorporated into new rates that are set under this subsection (d) or Article IX of this Act, subject to retroactive rate adjustment, with interest, to reconcile rates charged with actual costs.

(3) The provisions of this paragraph (3) shall only apply to an electric utility that has elected to file an energy efficiency formula rate under paragraph (2) of this subsection (d). Subsequent to the Commission's issuance of an order approving the utility's energy efficiency formula rate structure and protocols, and initial rates under paragraph (2) of this subsection (d), the utility shall file, on or before June 1 of each year, with the Chief Clerk of the Commission its updated cost inputs to the energy efficiency formula rate for the applicable rate year and the corresponding new charges, as well as the

information described in paragraph (9) of subsection (g) of this Section. Each such filing shall conform to the following requirements and include the following information:

(A) The inputs to the energy efficiency formula rate for the applicable rate year shall be based on the projected costs to be incurred by the utility during the rate year under the utility's multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense. The filing shall also include a reconciliation of the energy efficiency revenue requirement that was in effect for the prior rate year (as set by the cost inputs for the prior rate year) with the actual revenue requirement for the prior rate year (determined using a year-end rate base) that uses amounts reflected in the applicable FERC Form 1 that reports the actual costs for the prior rate year. Any over-collection or under-collection indicated by such reconciliation shall be reflected as a credit against, or recovered as an additional charge to, respectively, with interest calculated at a rate equal to the utility's weighted average cost of capital approved by

the Commission for the prior rate year, the charges for the applicable rate year. Such over-collection or under-collection shall be adjusted to remove any deferred taxes related to the reconciliation, for purposes of calculating interest at an annual rate of return equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return. Each reconciliation shall be certified by the participating utility in the same manner that FERC Form 1 is certified. The filing shall also include the charge or credit, if any, resulting from the calculation required by subparagraph (E) of paragraph (2) of this subsection (d).

Notwithstanding any other provision of law to the contrary, the intent of the reconciliation is to ultimately reconcile both the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its energy efficiency formula rate tariff under paragraph (2) of this subsection (d), with what the revenue requirement determined using a year-end rate base for the applicable calendar year would have been had the actual cost information for the applicable calendar

year been available at the filing date.

For purposes of this Section, "FERC Form 1" means the Annual Report of Major Electric Utilities, Licensees and Others that electric utilities are required to file with the Federal Energy Regulatory Commission under the Federal Power Act, Sections 3, 4(a), 304 and 209, modified as necessary to be consistent with 83 Ill. Adm. Code Part 415 as of May 1, 2011. Nothing in this Section is intended to allow costs that are not otherwise recoverable to be recoverable by virtue of inclusion in FERC Form 1.

(B) The new charges shall take effect beginning on the first billing day of the following January billing period and remain in effect through the last billing day of the next December billing period regardless of whether the Commission enters upon a hearing under this paragraph (3).

(C) The filing shall include relevant and necessary data and documentation for the applicable rate year. Normalization adjustments shall not be required.

Within 45 days after the utility files its annual update of cost inputs to the energy efficiency formula rate, the Commission shall with reasonable notice, initiate a proceeding concerning whether the projected costs to be incurred by the utility and recovered during

the applicable rate year, and that are reflected in the inputs to the energy efficiency formula rate, are consistent with the utility's approved multi-year plan under subsections (f) and (g) of this Section and whether the costs incurred by the utility during the prior rate year were prudent and reasonable. The Commission shall also have the authority to investigate the information and data described in paragraph (9) of subsection (g) of this Section, including the proposed adjustment to the utility's return on equity component of its weighted average cost of capital. During the course of the proceeding, each objection shall be stated with particularity and evidence provided in support thereof, after which the utility shall have the opportunity to rebut the evidence. Discovery shall be allowed consistent with the Commission's Rules of Practice, which Rules of Practice shall be enforced by the Commission or the assigned administrative law judge. The Commission shall apply the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, during the proceeding as it would apply in a proceeding to review a filing for a general increase in rates under Article IX of this Act. The Commission shall not, however, have the authority in a proceeding under this paragraph (3) to consider or order any changes to the structure or

protocols of the energy efficiency formula rate approved under paragraph (2) of this subsection (d). In a proceeding under this paragraph (3), the Commission shall enter its order no later than the earlier of 195 days after the utility's filing of its annual update of cost inputs to the energy efficiency formula rate or December 15. The utility's proposed return on equity calculation, as described in paragraphs (7) through (9) of subsection (g) of this Section, shall be deemed the final, approved calculation on December 15 of the year in which it is filed unless the Commission enters an order on or before December 15, after notice and hearing, that modifies such calculation consistent with this Section. The Commission's determinations of the prudence and reasonableness of the costs incurred, and determination of such return on equity calculation, for the applicable calendar year shall be final upon entry of the Commission's order and shall not be subject to reopening, reexamination, or collateral attack in any other Commission proceeding, case, docket, order, rule, or regulation; however, nothing in this paragraph (3) shall prohibit a party from petitioning the Commission to rehear or appeal to the courts the order under the provisions of this Act.

(e) Beginning on June 1, 2017 (the effective date of Public Act 99-906), a utility subject to the requirements of this Section may elect to defer, as a regulatory asset, up to

the full amount of its expenditures incurred under this Section for each annual period, including, but not limited to, any expenditures incurred above the funding level set by subsection (f) of this Section for a given year. The total expenditures deferred as a regulatory asset in a given year shall be amortized and recovered over a period that is equal to the weighted average of the energy efficiency measure lives implemented for that year that are reflected in the regulatory asset. The unamortized balance shall be recognized as of December 31 for a given year. The utility shall also earn a return on the total of the unamortized balances of all of the energy efficiency regulatory assets, less any deferred taxes related to those unamortized balances, at an annual rate equal to the utility's weighted average cost of capital that includes, based on a year-end capital structure, the utility's actual cost of debt for the applicable calendar year and a cost of equity, which shall be calculated as the sum of the (i) the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication; and (ii) 580 basis points, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return. Capital investment costs shall be depreciated and recovered over their useful lives consistent with generally accepted

accounting principles. The weighted average cost of capital shall be applied to the capital investment cost balance, less any accumulated depreciation and accumulated deferred income taxes, as of December 31 for a given year.

When an electric utility creates a regulatory asset under the provisions of this Section, the costs are recovered over a period during which customers also receive a benefit which is in the public interest. Accordingly, it is the intent of the General Assembly that an electric utility that elects to create a regulatory asset under the provisions of this Section shall recover all of the associated costs as set forth in this Section. After the Commission has approved the prudence and reasonableness of the costs that comprise the regulatory asset, the electric utility shall be permitted to recover all such costs, and the value and recoverability through rates of the associated regulatory asset shall not be limited, altered, impaired, or reduced.

(f) Beginning in 2017, each electric utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards for the next applicable multi-year period beginning January 1 of the year following the filing, according to the schedule set forth in paragraphs (1) through (3) of this subsection (f). If a utility does not file such a plan on or before the applicable filing deadline for the plan, it shall face a penalty of $100,000 per day until the plan is filed.

(1) No later than 30 days after June 1, 2017 (the effective date of Public Act 99-906), each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2018 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (1) through (4) of subsection (b-5) of this Section or in paragraphs (1) through (4) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if the utility's expenditures are limited pursuant to subsection (m) of this Section or, for a utility that serves less than 3,000,000 retail customers, if each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 4-year plan period. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 4-year plan period shall not be reduced to amounts that are less than the maximum amount of

cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 4-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

(2) No later than March 1, 2021, each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2022 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (5) through (8) of subsection (b-5) of this Section or in paragraphs (5) through (8) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if either (1) clear and convincing evidence demonstrates, through independent analysis, that the expenditure limits in subsection (m) of this Section preclude full achievement of the goals or (2) each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate by clear and convincing evidence and through independent analysis that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the

goals for the applicable 4-year plan period. If there is not clear and convincing evidence that achieving the savings goals specified in paragraph (b-5) or (b-15) of this Section is possible both cost-effectively and within the expenditure limits in subsection (m), such savings goals shall not be reduced. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 4-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 4-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

(3) No later than March 1, 2025, each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2026 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (9) through (12) of subsection (b-5) of this Section or in paragraphs (9) through (12) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if either (1) clear and convincing evidence demonstrates, through independent analysis, that the expenditure limits in subsection (m) of this Section preclude full

achievement of the goals or (2) each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate by clear and convincing evidence and through independent analysis that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 4-year plan period. If there is not clear and convincing evidence that achieving the savings goals specified in paragraphs (b-5) or (b-15) of this Section is possible both cost-effectively and within the expenditure limits in subsection (m), such savings goals shall not be reduced. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 4-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 4-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

(4) No later than March 1, 2029, and every 4 years

thereafter, each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2030, and every 4 years thereafter, respectively, that is designed to achieve the cumulative persisting annual savings goals established by the Illinois Commerce Commission pursuant to direction of subsections (b-5) and (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if either (1) clear and convincing evidence and independent analysis demonstrates that the expenditure limits in subsection (m) of this Section preclude full achievement of the goals or (2) each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate by clear and convincing evidence and through independent analysis that achievement of such goals is not cost-effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 4-year plan period. If there is not clear and convincing evidence that achieving the savings goals specified in paragraphs (b-5) or (b-15) of this Section is possible both cost-effectively and within the expenditure limits in subsection (m), such savings

goals shall not be reduced. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 4-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 4-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

Each utility's plan shall set forth the utility's proposals to meet the energy efficiency standards identified in subsection (b-5) or (b-15), as applicable and as such standards may have been modified under this subsection (f), taking into account the unique circumstances of the utility's service territory. For those plans commencing on January 1, 2018, the Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan no later than 105 days after June 1, 2017 (the effective date of Public Act 99-906). For those plans commencing after December 31, 2021, the Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 6 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the

utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund.

(g) In submitting proposed plans and funding levels under subsection (f) of this Section to meet the savings goals identified in subsection (b-5) or (b-15) of this Section, as applicable, the utility shall:

(1) Demonstrate that its proposed energy efficiency measures will achieve the applicable requirements that are identified in subsection (b-5) or (b-15) of this Section, as modified by subsection (f) of this Section.

(2) (Blank).

(2.5) Demonstrate consideration of program options for (A) advancing new building codes, appliance standards, and municipal regulations governing existing and new building efficiency improvements and (B) supporting efforts to improve compliance with new building codes, appliance standards and municipal regulations, as potentially cost-effective means of acquiring energy savings to count toward savings goals.

(3) Demonstrate that its overall portfolio of measures, not including low-income programs described in subsection (c) of this Section, is cost-effective using the total resource cost test or complies with paragraphs (1) through (3) of subsection (f) of this Section and represents a diverse cross-section of opportunities for customers of all rate classes, other than those customers described in subsection (l) of this Section, to participate in the programs. Individual measures need not be cost effective.

(3.5) Demonstrate that the utility's plan integrates the delivery of energy efficiency programs with natural gas efficiency programs, programs promoting distributed solar, programs promoting demand response and other efforts to address bill payment issues, including, but not limited to, LIHEAP and the Percentage of Income Payment Plan, to the extent such integration is practical and has the potential to enhance customer engagement, minimize market confusion, or reduce administrative costs.

(4) Present a third-party energy efficiency implementation program subject to the following requirements:

(A) beginning with the year commencing January 1, 2019, electric utilities that serve more than 3,000,000 retail customers in the State shall fund third-party energy efficiency programs in an amount

that is no less than $25,000,000 per year, and electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall fund third-party energy efficiency programs in an amount that is no less than $8,350,000 per year;

(B) during 2018, the utility shall conduct a solicitation process for purposes of requesting proposals from third-party vendors for those third-party energy efficiency programs to be offered during one or more of the years commencing January 1, 2019, January 1, 2020, and January 1, 2021; for those multi-year plans commencing on January 1, 2022 and January 1, 2026, the utility shall conduct a solicitation process during 2021 and 2025, respectively, for purposes of requesting proposals from third-party vendors for those third-party energy efficiency programs to be offered during one or more years of the respective multi-year plan period; for each solicitation process, the utility shall identify the sector, technology, or geographical area for which it is seeking requests for proposals; the solicitation process must be either for programs that fill gaps in the utility's program portfolio and for programs that target low-income customers, business sectors, building types, geographies, or other specific parts

of its customer base with initiatives that would be more effective at reaching these customer segments than the utilities' programs filed in its energy efficiency plans;

(C) the utility shall propose the bidder qualifications, performance measurement process, and contract structure, which must include a performance payment mechanism and general terms and conditions; the proposed qualifications, process, and structure shall be subject to Commission approval; and

(D) the utility shall retain an independent third party to score the proposals received through the solicitation process described in this paragraph (4), rank them according to their cost per lifetime kilowatt-hours saved, and assemble the portfolio of third-party programs.

The electric utility shall recover all costs associated with Commission-approved, third-party administered programs regardless of the success of those programs.

(4.5) Implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section 16-111.5 of this Act, and for customers that elect hourly service from the utility pursuant to Section 16-107 of this Act, provided those customers have not been declared

competitive. This requirement continues until December 31, 2026.

(5) Include a proposed or revised cost-recovery tariff mechanism, as provided for under subsection (d) of this Section, to fund the proposed energy efficiency and demand-response measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(6) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures, as well as a full review of the multi-year plan results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(7) For electric utilities that serve more than 3,000,000 retail customers in the State:

(A) Through December 31, 2025, provide for an adjustment to the return on equity component of the utility's weighted average cost of capital calculated under subsection (d) of this Section:

(i) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is less than the applicable annual incremental goal, then the return on equity

component shall be reduced by a maximum of 200 basis points in the event that the utility achieved no more than 75% of such goal. If the utility achieved more than 75% of the applicable annual incremental goal but less than 100% of such goal, then the return on equity component shall be reduced by 8 basis points for each percent by which the utility failed to achieve the goal.

(ii) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is more than the applicable annual incremental goal, then the return on equity component shall be increased by a maximum of 200 basis points in the event that the utility achieved at least 125% of such goal. If the utility achieved more than 100% of the applicable annual incremental goal but less than 125% of such goal, then the return on equity component shall be increased by 8 basis points for each percent by which the utility achieved above the goal. If the applicable annual incremental goal was reduced under paragraph (1) or (2) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in this item (ii):

(aa) the calculation for determining

achievement that is at least 125% of the applicable annual incremental goal shall use the unreduced applicable annual incremental goal to set the value; and

(bb) the calculation for determining achievement that is less than 125% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 8 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 125% achievement.

(B) For the period January 1, 2026 through December 31, 2029 and in all subsequent 4-year periods, provide for an adjustment to the return on equity component of the utility's weighted average cost of capital calculated under subsection (d) of this Section:

(i) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is less than the applicable annual incremental goal, then the return on equity

component shall be reduced by a maximum of 200 basis points in the event that the utility achieved no more than 66% of such goal. If the utility achieved more than 66% of the applicable annual incremental goal but less than 100% of such goal, then the return on equity component shall be reduced by 6 basis points for each percent by which the utility failed to achieve the goal.

(ii) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is more than the applicable annual incremental goal, then the return on equity component shall be increased by a maximum of 200 basis points in the event that the utility achieved at least 134% of such goal. If the utility achieved more than 100% of the applicable annual incremental goal but less than 134% of such goal, then the return on equity component shall be increased by 6 basis points for each percent by which the utility achieved above the goal. If the applicable annual incremental goal was reduced under paragraph (3) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in this item (ii):

(aa) the calculation for determining

achievement that is at least 134% of the applicable annual incremental goal shall use the unreduced applicable annual incremental goal to set the value; and

(bb) the calculation for determining achievement that is less than 134% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 134% achievement. The 6 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 134% achievement.

(C) Notwithstanding the provisions of subparagraphs (A) and (B) of this paragraph (7), if the applicable annual incremental goal for an electric utility is ever less than 0.6% of deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015, and 2016, an adjustment to the return on equity component of the utility's weighted average cost of capital calculated under subsection (d) of this Section shall be made as follows:

(i) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is less than would have been achieved had the applicable annual incremental goal been achieved, then the return on equity component shall be reduced by a maximum of 200 basis points if the utility achieved no more than 75% of its applicable annual total savings requirement as defined in paragraph (7.5) of this subsection. If the utility achieved more than 75% of the applicable annual total savings requirement but less than 100% of such goal, then the return on equity component shall be reduced by 8 basis points for each percent by which the utility failed to achieve the goal.

(ii) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is more than would have been achieved had the applicable annual incremental goal been achieved, then the return on equity component shall be increased by a maximum of 200 basis points if the utility achieved at least 125% of its applicable annual total savings requirement. If the utility achieved more than 100% of the applicable annual total savings requirement but less than 125% of such goal, then

the return on equity component shall be increased by 8 basis points for each percent by which the utility achieved above the applicable annual total savings requirement. If the applicable annual incremental goal was reduced under paragraph (1) or (2) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in this item (ii):

(aa) the calculation for determining achievement that is at least 125% of the applicable annual total savings requirement shall use the unreduced applicable annual incremental goal to set the value; and

(bb) the calculation for determining achievement that is less than 125% but more than 100% of the applicable annual total savings requirement shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 8 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 125% achievement.

(7.5) For purposes of this Section, the term

"applicable annual incremental goal" means the difference between the cumulative persisting annual savings goal for the calendar year that is the subject of the independent evaluator's determination and the cumulative persisting annual savings goal for the immediately preceding calendar year, as such goals are defined in subsections (b-5) and (b-15) of this Section and as these goals may have been modified as provided for under subsection (b-20) and paragraphs (1) through (3) of subsection (f) of this Section. Under subsections (b), (b-5), (b-10), and (b-15) of this Section, a utility must first replace energy savings from measures that have expired before any progress towards achievement of its applicable annual incremental goal may be counted. Savings may expire because measures installed in previous years have reached the end of their lives, because measures installed in previous years are producing lower savings in the current year than in the previous year, or for other reasons identified by independent evaluators. Notwithstanding anything else set forth in this Section, the difference between the actual annual incremental savings achieved in any given year, including the replacement of energy savings that have expired, and the applicable annual incremental goal shall not affect adjustments to the return on equity for subsequent calendar years under this subsection (g).

In this Section, "applicable annual total savings requirement" means the total amount of new annual savings that the utility must achieve in any given year to achieve the applicable annual incremental goal. This is equal to the applicable annual incremental goal plus the total new annual savings that are required to replace savings that expired in or at the end of the previous year.

(8) For electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State:

(A) Through December 31, 2025, the applicable annual incremental goal shall be compared to the annual incremental savings as determined by the independent evaluator.

(i) The return on equity component shall be reduced by 8 basis points for each percent by which the utility did not achieve 84.4% of the applicable annual incremental goal.

(ii) The return on equity component shall be increased by 8 basis points for each percent by which the utility exceeded 100% of the applicable annual incremental goal.

(iii) The return on equity component shall not be increased or decreased if the annual incremental savings as determined by the independent evaluator is greater than 84.4% of the

applicable annual incremental goal and less than 100% of the applicable annual incremental goal.

(iv) The return on equity component shall not be increased or decreased by an amount greater than 200 basis points pursuant to this subparagraph (A).

(B) For the period of January 1, 2026 through December 31, 2029 and in all subsequent 4-year periods, the applicable annual incremental goal shall be compared to the annual incremental savings as determined by the independent evaluator.

(i) The return on equity component shall be reduced by 6 basis points for each percent by which the utility did not achieve 100% of the applicable annual incremental goal.

(ii) The return on equity component shall be increased by 6 basis points for each percent by which the utility exceeded 100% of the applicable annual incremental goal.

(iii) The return on equity component shall not be increased or decreased by an amount greater than 200 basis points pursuant to this subparagraph (B).

(C) Notwithstanding provisions in subparagraphs (A) and (B) of paragraph (7) of this subsection, if the applicable annual incremental goal for an electric

utility is ever less than 0.6% of deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015 and 2016, an adjustment to the return on equity component of the utility's weighted average cost of capital calculated under subsection (d) of this Section shall be made as follows:

(i) The return on equity component shall be reduced by 8 basis points for each percent by which the utility did not achieve 100% of the applicable annual total savings requirement.

(ii) The return on equity component shall be increased by 8 basis points for each percent by which the utility exceeded 100% of the applicable annual total savings requirement.

(iii) The return on equity component shall not be increased or decreased by an amount greater than 200 basis points pursuant to this subparagraph (C).

(D) If the applicable annual incremental goal was reduced under paragraph (1), (2), (3), or (4) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in subparagraphs (A), (B), and (C) of this paragraph (8):

(i) The calculation for determining

achievement that is at least 125% or 134%, as applicable, of the applicable annual incremental goal or the applicable annual total savings requirement, as applicable, shall use the unreduced applicable annual incremental goal to set the value.

(ii) For the period through December 31, 2025, the calculation for determining achievement that is less than 125% but more than 100% of the applicable annual incremental goal or the applicable annual total savings requirement, as applicable, shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 8 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 125% achievement.

(iii) For the period of January 1, 2026 through December 31, 2029 and all subsequent 4-year periods, the calculation for determining achievement that is less than 125% or 134%, as applicable, but more than 100% of the applicable annual incremental goal or the applicable annual

total savings requirement, as applicable, shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 6 basis-point value or 8 basis-point value, as applicable, shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 125% or between 100% and 134% achievement, as applicable.

(9) The utility shall submit the energy savings data to the independent evaluator no later than 30 days after the close of the plan year. The independent evaluator shall determine the cumulative persisting annual savings for a given plan year, as well as an estimate of job impacts and other macroeconomic impacts of the efficiency programs for that year, no later than 120 days after the close of the plan year. The utility shall submit an informational filing to the Commission no later than 160 days after the close of the plan year that attaches the independent evaluator's final report identifying the cumulative persisting annual savings for the year and calculates, under paragraph (7) or (8) of this subsection (g), as applicable, any resulting change to the utility's return on equity component of the weighted average cost of capital applicable to the next plan year beginning with

the January monthly billing period and extending through the December monthly billing period. However, if the utility recovers the costs incurred under this Section under paragraphs (2) and (3) of subsection (d) of this Section, then the utility shall not be required to submit such informational filing, and shall instead submit the information that would otherwise be included in the informational filing as part of its filing under paragraph (3) of such subsection (d) that is due on or before June 1 of each year.

For those utilities that must submit the informational filing, the Commission may, on its own motion or by petition, initiate an investigation of such filing, provided, however, that the utility's proposed return on equity calculation shall be deemed the final, approved calculation on December 15 of the year in which it is filed unless the Commission enters an order on or before December 15, after notice and hearing, that modifies such calculation consistent with this Section.

The adjustments to the return on equity component described in paragraphs (7) and (8) of this subsection (g) shall be applied as described in such paragraphs through a separate tariff mechanism, which shall be filed by the utility under subsections (f) and (g) of this Section.

(9.5) The utility must demonstrate how it will ensure that program implementation contractors and energy

efficiency installation vendors will promote workforce equity and quality jobs.

(9.6) Utilities shall collect data necessary to ensure compliance with paragraph (9.5) no less than quarterly and shall communicate progress toward compliance with paragraph (9.5) to program implementation contractors and energy efficiency installation vendors no less than quarterly. Utilities shall work with relevant vendors, providing education, training, and other resources needed to ensure compliance and, where necessary, adjusting or terminating work with vendors that cannot assist with compliance.

(10) Utilities required to implement efficiency programs under subsections (b-5) and (b-10) shall report annually to the Illinois Commerce Commission and the General Assembly on how hiring, contracting, job training, and other practices related to its energy efficiency programs enhance the diversity of vendors working on such programs. These reports must include data on vendor and employee diversity, including data on the implementation of paragraphs (9.5) and (9.6). If the utility is not meeting the requirements of paragraphs (9.5) and (9.6), the utility shall submit a plan to adjust their activities so that they meet the requirements of paragraphs (9.5) and (9.6) within the following year.

(h) No more than 4% of energy efficiency and

demand-response program revenue may be allocated for research, development, or pilot deployment of new equipment or measures. Electric utilities shall work with interested stakeholders to formulate a plan for how these funds should be spent, incorporate statewide approaches for these allocations, and file a 4-year plan that demonstrates that collaboration. If a utility files a request for modified annual energy savings goals with the Commission, then a utility shall forgo spending portfolio dollars on research and development proposals.

(i) When practicable, electric utilities shall incorporate advanced metering infrastructure data into the planning, implementation, and evaluation of energy efficiency measures and programs, subject to the data privacy and confidentiality protections of applicable law.

(j) The independent evaluator shall follow the guidelines and use the savings set forth in Commission-approved energy efficiency policy manuals and technical reference manuals, as each may be updated from time to time. Until such time as measure life values for energy efficiency measures implemented for low-income households under subsection (c) of this Section are incorporated into such Commission-approved manuals, the low-income measures shall have the same measure life values that are established for same measures implemented in households that are not low-income households.

(k) Notwithstanding any provision of law to the contrary, an electric utility subject to the requirements of this

Section may file a tariff cancelling an automatic adjustment clause tariff in effect under this Section or Section 8-103, which shall take effect no later than one business day after the date such tariff is filed. Thereafter, the utility shall be authorized to defer and recover its expenditures incurred under this Section through a new tariff authorized under subsection (d) of this Section or in the utility's next rate case under Article IX or Section 16-108.5 of this Act, with interest at an annual rate equal to the utility's weighted average cost of capital as approved by the Commission in such case. If the utility elects to file a new tariff under subsection (d) of this Section, the utility may file the tariff within 10 days after June 1, 2017 (the effective date of Public Act 99-906), and the cost inputs to such tariff shall be based on the projected costs to be incurred by the utility during the calendar year in which the new tariff is filed and that were not recovered under the tariff that was cancelled as provided for in this subsection. Such costs shall include those incurred or to be incurred by the utility under its multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense. The Commission shall, after notice and hearing, approve, or approve with modification, such tariff and cost inputs no later than 75 days after the utility filed the

tariff, provided that such approval, or approval with modification, shall be consistent with the provisions of this Section to the extent they do not conflict with this subsection (k). The tariff approved by the Commission shall take effect no later than 5 days after the Commission enters its order approving the tariff.

No later than 60 days after the effective date of the tariff cancelling the utility's automatic adjustment clause tariff, the utility shall file a reconciliation that reconciles the moneys collected under its automatic adjustment clause tariff with the costs incurred during the period beginning June 1, 2016 and ending on the date that the electric utility's automatic adjustment clause tariff was cancelled. In the event the reconciliation reflects an under-collection, the utility shall recover the costs as specified in this subsection (k). If the reconciliation reflects an over-collection, the utility shall apply the amount of such over-collection as a one-time credit to retail customers' bills.

(l) For the calendar years covered by a multi-year plan commencing after December 31, 2017, subsections (a) through (j) of this Section do not apply to eligible large private energy customers that have chosen to opt out of multi-year plans consistent with this subsection (l).

(1) For purposes of this subsection (l), "eligible large private energy customer" means any retail customers,

except for federal, State, municipal, and other public customers, of an electric utility that serves more than 3,000,000 retail customers, except for federal, State, municipal and other public customers, in the State and whose total highest 30 minute demand was more than 10,000 kilowatts, or any retail customers of an electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State and whose total highest 15 minute demand was more than 10,000 kilowatts. For purposes of this subsection (l), "retail customer" has the meaning set forth in Section 16-102 of this Act. However, for a business entity with multiple sites located in the State, where at least one of those sites qualifies as an eligible large private energy customer, then any of that business entity's sites, properly identified on a form for notice, shall be considered eligible large private energy customers for the purposes of this subsection (l). A determination of whether this subsection is applicable to a customer shall be made for each multi-year plan beginning after December 31, 2017. The criteria for determining whether this subsection (l) is applicable to a retail customer shall be based on the 12 consecutive billing periods prior to the start of the first year of each such multi-year plan.

(2) Within 45 days after September 15, 2021 (the effective date of Public Act 102-662), the Commission

shall prescribe the form for notice required for opting out of energy efficiency programs. The notice must be submitted to the retail electric utility 12 months before the next energy efficiency planning cycle. However, within 120 days after the Commission's initial issuance of the form for notice, eligible large private energy customers may submit a form for notice to an electric utility. The form for notice for opting out of energy efficiency programs shall include all of the following:

(A) a statement indicating that the customer has elected to opt out;

(B) the account numbers for the customer accounts to which the opt out shall apply;

(C) the mailing address associated with the customer accounts identified under subparagraph (B);

(D) an American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) level 2 or higher audit report conducted by an independent third-party expert identifying cost-effective energy efficiency project opportunities that could be invested in over the next 10 years. A retail customer with specialized processes may utilize a self-audit process in lieu of the ASHRAE audit;

(E) a description of the customer's plans to reallocate the funds toward internal energy efficiency efforts identified in the subparagraph (D) report,

including, but not limited to: (i) strategic energy management or other programs, including descriptions of targeted buildings, equipment and operations; (ii) eligible energy efficiency measures; and (iii) expected energy savings, itemized by technology. If the subparagraph (D) audit report identifies that the customer currently utilizes the best available energy efficient technology, equipment, programs, and operations, the customer may provide a statement that more efficient technology, equipment, programs, and operations are not reasonably available as a means of satisfying this subparagraph (E); and

(F) the effective date of the opt out, which will be the next January 1 following notice of the opt out.

(3) Upon receipt of a properly and timely noticed request for opt out submitted by an eligible large private energy customer, the retail electric utility shall grant the request, file the request with the Commission and, beginning January 1 of the following year, the opted out customer shall no longer be assessed the costs of the plan and shall be prohibited from participating in that 4-year plan cycle to give the retail utility the certainty to design program plan proposals.

(4) Upon a customer's election to opt out under paragraphs (1) and (2) of this subsection (l) and commencing on the effective date of said opt out, the

account properly identified in the customer's notice under paragraph (2) shall not be subject to any cost recovery and shall not be eligible to participate in, or directly benefit from, compliance with energy efficiency cumulative persisting savings requirements under subsections (a) through (j).

(5) A utility's cumulative persisting annual savings targets will exclude any opted out load.

(6) The request to opt out is only valid for the requested plan cycle. An eligible large private energy customer must also request to opt out for future energy plan cycles, otherwise the customer will be included in the future energy plan cycle.

(m) Notwithstanding the requirements of this Section, as part of a proceeding to approve a multi-year plan under subsections (f) and (g) of this Section if the multi-year plan has been designed to maximize savings, but does not meet the cost cap limitations of this Section, the Commission shall reduce the amount of energy efficiency measures implemented for any single year, and whose costs are recovered under subsection (d) of this Section, by an amount necessary to limit the estimated average net increase due to the cost of the measures to no more than

(1) 3.5% for each of the 4 years beginning January 1, 2018,

(2) (blank),

(3) 4% for each of the 4 years beginning January 1, 2022,

(4) 4.25% for the 4 years beginning January 1, 2026, and

(5) 4.25% plus an increase sufficient to account for the rate of inflation between January 1, 2026 and January 1 of the first year of each subsequent 4-year plan cycle,

of the average amount paid per kilowatthour by residential eligible retail customers during calendar year 2015. An electric utility may plan to spend up to 10% more in any year during an applicable multi-year plan period to cost-effectively achieve additional savings so long as the average over the applicable multi-year plan period does not exceed the percentages defined in items (1) through (5). To determine the total amount that may be spent by an electric utility in any single year, the applicable percentage of the average amount paid per kilowatthour shall be multiplied by the total amount of energy delivered by such electric utility in the calendar year 2015, adjusted to reflect the proportion of the utility's load attributable to customers that have opted out of subsections (a) through (j) of this Section under subsection (l) of this Section. For purposes of this subsection (m), the amount paid per kilowatthour includes, without limitation, estimated amounts paid for supply, transmission, distribution, surcharges, and add-on taxes. For purposes of this Section, "eligible retail customers" shall

have the meaning set forth in Section 16-111.5 of this Act. Once the Commission has approved a plan under subsections (f) and (g) of this Section, no subsequent rate impact determinations shall be made.

(n) A utility shall take advantage of the efficiencies available through existing Illinois Home Weatherization Assistance Program infrastructure and services, such as enrollment, marketing, quality assurance and implementation, which can reduce the need for similar services at a lower cost than utility-only programs, subject to capacity constraints at community action agencies, for both single-family and multifamily weatherization services, to the extent Illinois Home Weatherization Assistance Program community action agencies provide multifamily services. A utility's plan shall demonstrate that in formulating annual weatherization budgets, it has sought input and coordination with community action agencies regarding agencies' capacity to expand and maximize Illinois Home Weatherization Assistance Program delivery using the ratepayer dollars collected under this Section.

Sec. 8-103B. Energy efficiency and demand-response measures.

(a) It is the policy of the State that electric utilities

are required to use cost-effective energy efficiency and demand-response measures to reduce delivery load. Requiring investment in cost-effective energy efficiency and demand-response measures will reduce direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenditures for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (c) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" have the meanings set forth in the Illinois Power Agency Act. "Black, indigenous, and people of color" and "BIPOC" means people who are members of the groups described in subparagraphs (a) through (e) of paragraph (A) of subsection (1) of Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

(a-5) This Section applies to electric utilities serving more than 500,000 retail customers in the State for those multi-year plans commencing after December 31, 2017.

(b) For purposes of this Section, through calendar year

2026, electric utilities subject to this Section that serve more than 3,000,000 retail customers in the State shall be deemed to have achieved a cumulative persisting annual savings of 6.6% from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, which percent is based on the deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015, and 2016 of 88,000,000 MWhs. For the purposes of this subsection (b) and subsection (b-5), the 88,000,000 MWhs of deemed electric power and energy sales shall be reduced by the number of MWhs equal to the sum of the annual consumption of customers that have opted out of subsections (a) through (j) of this Section under paragraph (1) of subsection (l) of this Section, as averaged across the calendar years 2014, 2015, and 2016. After 2017, the deemed value of cumulative persisting annual savings from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, shall be reduced each year, as follows, and the applicable value shall be applied to and count toward the utility's achievement of the cumulative persisting annual savings goals set forth in subsection (b-5):

(1) 5.8% deemed cumulative persisting annual savings for the year ending December 31, 2018;

(2) 5.2% deemed cumulative persisting annual savings for the year ending December 31, 2019;

(3) 4.5% deemed cumulative persisting annual savings for the year ending December 31, 2020;

(4) 4.0% deemed cumulative persisting annual savings for the year ending December 31, 2021;

(5) 3.5% deemed cumulative persisting annual savings for the year ending December 31, 2022;

(6) 3.1% deemed cumulative persisting annual savings for the year ending December 31, 2023;

(7) 2.8% deemed cumulative persisting annual savings for the year ending December 31, 2024;

(8) 2.5% deemed cumulative persisting annual savings for the year ending December 31, 2025; and

(9) 2.3% deemed cumulative persisting annual savings for the year ending December 31, 2026.

For purposes of this Section, "cumulative persisting annual savings" means the total electric energy savings in a given year from measures installed in that year or in previous years, but no earlier than January 1, 2012, that are still operational and providing savings in that year because the measures have not yet reached the end of their useful lives.

(b-5) Beginning in 2018 and through calendar year 2026, electric utilities subject to this Section that serve more than 3,000,000 retail customers in the State shall achieve the following cumulative persisting annual savings goals, as modified by subsection (f) of this Section and as compared to the deemed baseline of 88,000,000 MWhs of electric power and

energy sales set forth in subsection (b), as reduced by the number of MWhs equal to the sum of the annual consumption of customers that have opted out of subsections (a) through (j) of this Section under paragraph (1) of subsection (l) of this Section as averaged across the calendar years 2014, 2015, and 2016, through the implementation of energy efficiency measures during the applicable year and in prior years, but no earlier than January 1, 2012:

(1) 7.8% cumulative persisting annual savings for the year ending December 31, 2018;

(2) 9.1% cumulative persisting annual savings for the year ending December 31, 2019;

(3) 10.4% cumulative persisting annual savings for the year ending December 31, 2020;

(4) 11.8% cumulative persisting annual savings for the year ending December 31, 2021;

(5) 13.1% cumulative persisting annual savings for the year ending December 31, 2022;

(6) 14.4% cumulative persisting annual savings for the year ending December 31, 2023;

(7) 15.7% cumulative persisting annual savings for the year ending December 31, 2024;

(8) 17% cumulative persisting annual savings for the year ending December 31, 2025; and

(9) 17.9% cumulative persisting annual savings for the year ending December 31, 2026.

(b-10) For purposes of this Section, through calendar year 2026, electric utilities subject to this Section that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall be deemed to have achieved a cumulative persisting annual savings of 6.6% from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, which is based on the deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015, and 2016 of 36,900,000 MWhs. For the purposes of this subsection (b-10) and subsection (b-15), the 36,900,000 MWhs of deemed electric power and energy sales shall be reduced by the number of MWhs equal to the sum of the annual consumption of customers that have opted out of subsections (a) through (j) of this Section under paragraph (1) of subsection (l) of this Section, as averaged across the calendar years 2014, 2015, and 2016. After 2017, the deemed value of cumulative persisting annual savings from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, shall be reduced each year, as follows, and the applicable value shall be applied to and count toward the utility's achievement of the cumulative persisting annual savings goals set forth in subsection (b-15):

(1) 5.8% deemed cumulative persisting annual savings for the year ending December 31, 2018;

(2) 5.2% deemed cumulative persisting annual savings for the year ending December 31, 2019;

(3) 4.5% deemed cumulative persisting annual savings for the year ending December 31, 2020;

(4) 4.0% deemed cumulative persisting annual savings for the year ending December 31, 2021;

(5) 3.5% deemed cumulative persisting annual savings for the year ending December 31, 2022;

(6) 3.1% deemed cumulative persisting annual savings for the year ending December 31, 2023;

(7) 2.8% deemed cumulative persisting annual savings for the year ending December 31, 2024;

(8) 2.5% deemed cumulative persisting annual savings for the year ending December 31, 2025; and

(9) 2.3% deemed cumulative persisting annual savings for the year ending December 31, 2026.

(b-15) Beginning in 2018 and through calendar year 2026, electric utilities subject to this Section that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall achieve the following cumulative persisting annual savings goals, as modified by subsection (b-20) and subsection (f) of this Section and as compared to the deemed baseline as reduced by the number of MWhs equal to the sum of the annual consumption of customers that have opted out of subsections (a) through (j) of this Section under paragraph (1) of subsection (l) of this Section as averaged

across the calendar years 2014, 2015, and 2016, through the implementation of energy efficiency measures during the applicable year and in prior years, but no earlier than January 1, 2012:

(1) 7.4% cumulative persisting annual savings for the year ending December 31, 2018;

(2) 8.2% cumulative persisting annual savings for the year ending December 31, 2019;

(3) 9.0% cumulative persisting annual savings for the year ending December 31, 2020;

(4) 9.8% cumulative persisting annual savings for the year ending December 31, 2021;

(5) 10.6% cumulative persisting annual savings for the year ending December 31, 2022;

(6) 11.4% cumulative persisting annual savings for the year ending December 31, 2023;

(7) 12.2% cumulative persisting annual savings for the year ending December 31, 2024;

(8) 13% cumulative persisting annual savings for the year ending December 31, 2025; and

(9) 13.6% cumulative persisting annual savings for the year ending December 31, 2026.

(b-16) In 2027 and each year thereafter, each electric utility subject to this Section shall achieve the following savings goals:

(1) A utility that serves more than 3,000,000 retail

customers in the State must achieve incremental annual energy savings for customers in an amount that is equal to 2% of the utility's average annual electricity sales from 2021 through 2023 to customers. A utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State must achieve incremental annual energy savings for customers in an amount that is equal to 1.4% in 2027, 1.7% in 2028, and 2% in 2029 and every year thereafter of the utility's average annual electricity sales from 2021 through 2023 to customers. The incremental annual energy savings requirements set forth in this paragraph (1) may be reduced by 0.025 percentage points for every percentage point increase, above the 25% minimum to be targeted at low-income households as specified in paragraph (c) of this Section, in the portion of total efficiency program spending that is on low-income or moderate-income efficiency programs. The incremental annual savings requirement shall not be reduced to a level less than 0.25 percentage points less than the energy savings requirement applicable to the calendar year, even if the sum of low-income spending and moderate-income spending is greater than 35% of total spending.

(2) A utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State must achieve an incremental annual coincident peak demand savings goal from energy efficiency measures

installed as a result of the utility's programs by customers in an amount that is equal to the energy savings goal from paragraph (1) of this Section divided by the actual average ratio of kilowatt-hour savings to coincident peak demand reduction achieved by the utility through its energy efficiency programs in 2023. If the season in which coincident peak demands are experienced, the hours of the day that peak demands are experienced, and the methods by which peak demand impacts from efficiency measures are estimated are different in the future than when 2023 peak demand impacts were originally estimated, the 2023 peak demand impacts shall be recomputed using such updated peak definitions and estimation methods for the purpose of establishing future coincident peak demand savings goals. To the extent that a utility counts either improvements to the efficiency of the use of gas and other fuels or the electrification of gas and other fuels toward its energy savings goal, as permitted under paragraphs (b-25) and (b-27) of this Section, it must estimate the actual impacts on coincident peak demand from such measures and count them, whether positive or negative, toward its coincident peak demand savings goal. Only coincident peak demand savings from efficiency measures shall count toward this goal. To the extent that some efficiency measures enable demand response, only the peak demand savings from the energy

efficiency upgrade shall count toward the goal. Nothing in this Section shall limit the ability of peak demand savings from such enabled demand-response initiatives to count for other, non-energy efficiency performance standard performance metrics established for the utility.

(3) Each utility's incremental annual energy savings, and coincident peak demand savings if a utility serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State, must be achieved with an average savings life of at least 12 years. In no event can more than one-fifth of the incremental annual savings or the coincident peak demand savings counted toward a utility's annual savings goal in any given year be derived from efficiency measures with average savings lives of less than 5 years. Average savings lives may be shorter than the average operational lives of measures installed if the measures do not produce savings in every year in which the measures operate or if the savings that measures produce decline during the measures' operational lives.

For the purposes of this Section, "incremental annual energy savings" means the total electric energy savings from all measures installed in a calendar year that will be realized within 12 months of each measure's installation; "moderate-income" means income between 80% of area median income and 300% of the federal poverty limit; "incremental annual coincident peak demand savings"

means the total coincident peak reduction from all energy efficiency measures installed in a calendar year that will be realized within 12 months of each measure's installation; "average savings life" means the lifetime savings that would be realized as a result of a utility's efficiency programs divided by the incremental annual savings such programs produce.

(b-20) Each electric utility subject to this Section may include cost-effective voltage optimization measures in its plans submitted under subsections (f) and (g) of this Section, and the costs incurred by a utility to implement the measures under a Commission-approved plan shall be recovered under the provisions of Article IX or Section 16-108.5 of this Act. For purposes of this Section, the measure life of voltage optimization measures shall be 15 years. The measure life period is independent of the depreciation rate of the voltage optimization assets deployed. Utilities may claim savings from voltage optimization on circuits for more than 15 years if they can demonstrate that they have made additional investments necessary to enable voltage optimization savings to continue beyond 15 years. Such demonstrations must be subject to the review of independent evaluation.

Within 270 days after June 1, 2017 (the effective date of Public Act 99-906), an electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall file a plan with the Commission

that identifies the cost-effective voltage optimization investment the electric utility plans to undertake through December 31, 2024. The Commission, after notice and hearing, shall approve or approve with modification the plan within 120 days after the plan's filing and, in the order approving or approving with modification the plan, the Commission shall adjust the applicable cumulative persisting annual savings goals set forth in subsection (b-15) to reflect any amount of cost-effective energy savings approved by the Commission that is greater than or less than the following cumulative persisting annual savings values attributable to voltage optimization for the applicable year:

(1) 0.0% of cumulative persisting annual savings for the year ending December 31, 2018;

(2) 0.17% of cumulative persisting annual savings for the year ending December 31, 2019;

(3) 0.17% of cumulative persisting annual savings for the year ending December 31, 2020;

(4) 0.33% of cumulative persisting annual savings for the year ending December 31, 2021;

(5) 0.5% of cumulative persisting annual savings for the year ending December 31, 2022;

(6) 0.67% of cumulative persisting annual savings for the year ending December 31, 2023;

(7) 0.83% of cumulative persisting annual savings for the year ending December 31, 2024; and

(8) 1.0% of cumulative persisting annual savings for the year ending December 31, 2025 and all subsequent years.

(b-25) In the event an electric utility jointly offers an energy efficiency measure or program with a gas utility under plans approved under this Section and Section 8-104 of this Act, the electric utility may continue offering the program, including the gas energy efficiency measures, in the event the gas utility discontinues funding the program. In that event, the energy savings value associated with such other fuels shall be converted to electric energy savings on an equivalent Btu basis for the premises. However, the electric utility shall prioritize programs for low-income residential customers to the extent practicable. An electric utility may recover the costs of offering the gas energy efficiency measures under this subsection (b-25).

For those energy efficiency measures or programs that save both electricity and other fuels but are not jointly offered with a gas utility under plans approved under this Section and Section 8-104 or not offered with an affiliated gas utility under paragraph (6) of subsection (f) of Section 8-104 of this Act, the electric utility may count savings of fuels other than electricity toward the achievement of its annual savings goal, and the energy savings value associated with such other fuels shall be converted to electric energy savings on an equivalent Btu basis at the premises.

For an electric utility that serves more than 3,000,000 retail customers in the State, on and after January 1, 2027, the electric utility may only count savings of other fuels under this subsection (b-25) toward the achievement of its annual electric energy savings goal when such other fuel savings are from weatherization measures that reduce heat loss through the building envelope, insulating mechanical systems, or the heating distribution system, including, but not limited to, air sealing and building shell measures. This limitation on counting other fuel savings from efficiency measures toward a utility's energy savings goal shall not affect the utility's ability to claim savings from electrification measures installed pursuant to the requirements in subsection (b-27).

In no event shall more than 10% of each year's applicable annual total savings requirement, as defined in paragraph (7.5) of subsection (g) of this Section be met through savings of fuels other than electricity. For an electric utility that serves more than 3,000,000 retail customers in the State, in no event shall more than 30% of each year's incremental annual energy savings requirement, as defined in subsection (b-16) of this Section, be met through savings of fuels other than electricity. For an electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State, in no event shall more than 20% of each year's incremental annual energy savings requirement, as defined in subsection (b-16) of this Section, be met through

savings of fuels other than electricity.

(b-27) Beginning in 2022, an electric utility may offer and promote measures that electrify space heating, water heating, cooling, drying, cooking, industrial processes, and other building and industrial end uses that would otherwise be served by combustion of fossil fuel at the premises, provided that the electrification measures reduce total energy consumption at the premises. The electric utility may count the reduction in energy consumption at the premises toward achievement of its annual savings goals. The reduction in energy consumption at the premises shall be calculated as the difference between: (A) the reduction in Btu consumption of fossil fuels as a result of electrification, converted to kilowatt-hour equivalents by dividing by 3,412 Btus per kilowatt hour; and (B) the increase in kilowatt hours of electricity consumption resulting from the displacement of fossil fuel consumption as a result of electrification. An electric utility may recover the costs of offering and promoting electrification measures under this subsection (b-27).

At least 33% of all costs of offering and promoting electrification measures under this subsection (b-27) must be for supporting installation of electrification measures through programs exclusively targeted to low-income households. The percentage requirement may be reduced if the utility can demonstrate that it is not possible to achieve the

level of low-income electrification spending, while supporting programs for non-low-income residential and business electrification, because of limitations regarding the number of low-income households in its service territory that would be able to meet program eligibility requirements set forth in the multi-year energy efficiency plan. If the 33% low-income electrification spending requirement is reduced, the utility must prioritize support of low-income electrification in housing that meets program eligibility requirements over electrification spending on non-low-income residential or business customers.

The ratio of spending on electrification measures targeted to low-income, multifamily buildings to spending on electrification measures targeted to low-income, single-family buildings shall be designed to achieve levels of electrification savings from each building type that are approximately proportional to the magnitude of cost-effective electrification savings potential in each building type.

In no event shall electrification savings counted toward each year's applicable annual total savings requirement, as defined in paragraph (7.5) of subsection (g) of this Section, or counted toward each year's incremental annual savings, as defined in paragraph (b-16) of this Section, be greater than:

(1) 5% per year for each year from 2022 through 2025;

(2) 20% per year for 2026 and all subsequent years; and

(3) (blank).

The limitations on electrification savings that may be counted toward a utility's annual savings goals are separate from and in addition to the subsection (b-25) limitations governing the counting of the other fuel savings resulting from efficiency measures and programs.

As part of the annual informational filing to the Commission that is required under paragraph (9) of subsection (g) of this Section, each utility shall identify the specific electrification measures offered under this subsection (b-27); the quantity of each electrification measure that was installed by its customers; the average total cost, average utility cost, average reduction in fossil fuel consumption, and average increase in electricity consumption associated with each electrification measure; the portion of installations of each electrification measure that were in low-income single-family housing, low-income multifamily housing, non-low-income single-family housing, non-low-income multifamily housing, commercial buildings, and industrial facilities; and the quantity of savings associated with each measure category in each customer category that are being counted toward the utility's applicable annual total savings requirement or counted toward each year's incremental annual savings, as defined in paragraph (b-16) of this Section. Prior to installing or promoting electrification measures, the utility shall provide customers with estimates of the impact

of the new measures on the customer's average monthly electric bill and total annual energy expenses.

(c) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency plans with the Commission and may, as part of that implementation, outsource various aspects of program development and implementation. A minimum of 10%, for electric utilities that serve more than 3,000,000 retail customers in the State, and a minimum of 7%, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, of the utility's entire portfolio funding level for a given year shall be used to procure cost-effective energy efficiency measures from units of local government, municipal corporations, school districts, public housing, public institutions of higher education, and community college districts, provided that a minimum percentage of available funds shall be used to procure energy efficiency from public housing, which percentage shall be equal to public housing's share of public building energy consumption.

The utilities shall also implement energy efficiency measures targeted at low-income households, which, for purposes of this Section, shall be defined as households at or below 80% of area median income, and expenditures to implement the measures shall be no less than 25% of total energy efficiency program spending approved by the Commission

pursuant to review of plans filed under subsection (f) of this Section The ratio of spending on efficiency programs targeted at low-income multifamily buildings to spending on efficiency programs targeted at low-income single-family buildings shall be designed to achieve levels of savings from each building type that are approximately proportional to the magnitude of cost-effective lifetime savings potential in each building type. Investment in low-income whole-building weatherization programs shall constitute a minimum of 80% of a utility's total budget specifically dedicated to serving low-income customers.

The utilities shall work to bundle low-income energy efficiency offerings with other programs that serve low-income households to maximize the benefits going to these households. The utilities shall market and implement low-income energy efficiency programs in coordination with low-income assistance programs, the Illinois Solar for All Program, and weatherization whenever practicable. The program implementer shall walk the customer through the enrollment process for any programs for which the customer is eligible. The utilities shall also pilot targeting customers with high arrearages, high energy intensity (ratio of energy usage divided by home or unit square footage), or energy assistance programs with energy efficiency offerings, and then track reduction in arrearages as a result of the targeting. This targeting and bundling of low-income energy programs shall be offered to

both low-income single-family and multifamily customers (owners and residents).

The utilities shall invest in health and safety measures appropriate and necessary for comprehensively weatherizing a home or multifamily building, and shall implement a health and safety fund of at least 15% of the total income-qualified weatherization budget that shall be used for the purpose of making grants for technical assistance, construction, reconstruction, improvement, or repair of buildings to facilitate their participation in the energy efficiency programs targeted at low-income single-family and multifamily households. These funds may also be used for the purpose of making grants for technical assistance, construction, reconstruction, improvement, or repair of the following buildings to facilitate their participation in the energy efficiency programs created by this Section: (1) buildings that are owned or operated by registered 501(c)(3) public charities; and (2) child ~~day~~ care centers, child ~~day~~ care homes, or group child ~~day~~ care homes, as defined under 89 Ill. Adm. Code Part 406, 407, or 408, respectively.

Each electric utility shall assess opportunities to implement cost-effective energy efficiency measures and programs through a public housing authority or authorities located in its service territory. If such opportunities are identified, the utility shall propose such measures and programs to address the opportunities. Expenditures to address

such opportunities shall be credited toward the minimum procurement and expenditure requirements set forth in this subsection (c).

Implementation of energy efficiency measures and programs targeted at low-income households should be contracted, when it is practicable, to independent third parties that have demonstrated capabilities to serve such households, with a preference for not-for-profit entities and government agencies that have existing relationships with or experience serving low-income communities in the State.

Each electric utility shall develop and implement reporting procedures that address and assist in determining the amount of energy savings that can be applied to the low-income procurement and expenditure requirements set forth in this subsection (c). Each electric utility shall also track the types and quantities or volumes of insulation and air sealing materials, and their associated energy saving benefits, installed in energy efficiency programs targeted at low-income single-family and multifamily households.

The electric utilities shall participate in a low-income energy efficiency accountability committee ("the committee"), which will directly inform the design, implementation, and evaluation of the low-income and public-housing energy efficiency programs. The committee shall be comprised of the electric utilities subject to the requirements of this Section, the gas utilities subject to the requirements of

Section 8-104 of this Act, the utilities' low-income energy efficiency implementation contractors, nonprofit organizations, community action agencies, advocacy groups, State and local governmental agencies, public-housing organizations, and representatives of community-based organizations, especially those living in or working with environmental justice communities and BIPOC communities. The committee shall be composed of 2 geographically differentiated subcommittees: one for stakeholders in northern Illinois and one for stakeholders in central and southern Illinois. The subcommittees shall meet together at least twice per year.

There shall be one statewide leadership committee led by and composed of community-based organizations that are representative of BIPOC and environmental justice communities and that includes equitable representation from BIPOC communities. The leadership committee shall be composed of an equal number of representatives from the 2 subcommittees. The subcommittees shall address specific programs and issues, with the leadership committee convening targeted workgroups as needed. The leadership committee may elect to work with an independent facilitator to solicit and organize feedback, recommendations and meeting participation from a wide variety of community-based stakeholders. If a facilitator is used, they shall be fair and responsive to the needs of all stakeholders involved in the committee. For a utility that serves more than 3,000,000 retail customers in the State, if a

facilitator is used, they shall be retained by Commission staff.

All committee meetings must be accessible, with rotating locations if meetings are held in-person, virtual participation options, and materials and agendas circulated in advance.

There shall also be opportunities for direct input by committee members outside of committee meetings, such as via individual meetings, surveys, emails and calls, to ensure robust participation by stakeholders with limited capacity and ability to attend committee meetings. Committee meetings shall emphasize opportunities to bundle and coordinate delivery of low-income energy efficiency with other programs that serve low-income communities, such as the Illinois Solar for All Program and bill payment assistance programs. Meetings shall include educational opportunities for stakeholders to learn more about these additional offerings, and the committee shall assist in figuring out the best methods for coordinated delivery and implementation of offerings when serving low-income communities. The committee shall directly and equitably influence and inform utility low-income and public-housing energy efficiency programs and priorities. Participating utilities shall implement recommendations from the committee whenever possible.

Participating utilities shall track and report how input from the committee has led to new approaches and changes in

their energy efficiency portfolios. This reporting shall occur at committee meetings and in quarterly energy efficiency reports to the Stakeholder Advisory Group and Illinois Commerce Commission, and other relevant reporting mechanisms. Participating utilities shall also report on relevant equity data and metrics requested by the committee, such as energy burden data, geographic, racial, and other relevant demographic data on where programs are being delivered and what populations programs are serving.

The Illinois Commerce Commission shall oversee and have relevant staff participate in the committee. The committee shall have a budget of 0.25% of each utility's entire efficiency portfolio funding for a given year. The budget shall be overseen by the Commission. The budget shall be used to provide grants for community-based organizations serving on the leadership committee, stipends for community-based organizations participating in the committee, grants for community-based organizations to do energy efficiency outreach and education, and relevant meeting needs as determined by the leadership committee. The education and outreach shall include, but is not limited to, basic energy efficiency education, information about low-income energy efficiency programs, and information on the committee's purpose, structure, and activities.

(d) Notwithstanding any other provision of law to the contrary, a utility providing approved energy efficiency

measures and, if applicable, demand-response measures in the State shall be permitted to recover all reasonable and prudently incurred costs of those measures from all retail customers, except as provided in subsection (l) of this Section, as follows, provided that nothing in this subsection (d) permits the double recovery of such costs from customers:

(1) The utility may recover its costs through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, the utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(2) A utility may recover its costs through an energy efficiency formula rate approved by the Commission under a filing under subsections (f) and (g) of this Section, which shall specify the cost components that form the

basis of the rate charged to customers with sufficient specificity to operate in a standardized manner and be updated annually with transparent information that reflects the utility's actual costs to be recovered during the applicable rate year, which is the period beginning with the first billing day of January and extending through the last billing day of the following December. The energy efficiency formula rate shall be implemented through a tariff filed with the Commission under subsections (f) and (g) of this Section that is consistent with the provisions of this paragraph (2) and that shall be applicable to all delivery services customers. The Commission shall conduct an investigation of the tariff in a manner consistent with the provisions of this paragraph (2), subsections (f) and (g) of this Section, and the provisions of Article IX of this Act to the extent they do not conflict with this paragraph (2). The energy efficiency formula rate approved by the Commission shall remain in effect at the discretion of the utility and shall do the following:

(A) Provide for the recovery of the utility's actual costs incurred under this Section that are prudently incurred and reasonable in amount consistent with Commission practice and law. The sole fact that a cost differs from that incurred in a prior calendar year or that an investment is different from that made

in a prior calendar year shall not imply the imprudence or unreasonableness of that cost or investment.

(B) Reflect the utility's actual year-end capital structure for the applicable calendar year, excluding goodwill, subject to a determination of prudence and reasonableness consistent with Commission practice and law. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, a participating electric utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(C) Include a cost of equity that shall be equal to the baseline cost of equity approved by the Commission for the utility's electric distribution rates effective during the applicable year, whether those rates are set pursuant to Section 9-201, subparagraph (B) of paragraph (3) of subsection (d) of Section 16-108.18, or any successor electric distribution ratemaking paradigm.

(D) Permit and set forth protocols, subject to a determination of prudence and reasonableness

consistent with Commission practice and law, for the following:

(i) recovery of incentive compensation expense that is based on the achievement of operational metrics, including metrics related to budget controls, outage duration and frequency, safety, customer service, efficiency and productivity, and environmental compliance; however, this protocol shall not apply if such expense related to costs incurred under this Section is recovered under Article IX or Section 16-108.5 of this Act; incentive compensation expense that is based on net income or an affiliate's earnings per share shall not be recoverable under the energy efficiency formula rate;

(ii) recovery of pension and other post-employment benefits expense, provided that such costs are supported by an actuarial study; however, this protocol shall not apply if such expense related to costs incurred under this Section is recovered under Article IX or Section 16-108.5 of this Act;

(iii) recovery of existing regulatory assets over the periods previously authorized by the Commission;

(iv) as described in subsection (e),

amortization of costs incurred under this Section; and

(v) projected, weather normalized billing determinants for the applicable rate year.

(E) Provide for an annual reconciliation, as described in paragraph (3) of this subsection (d), less any deferred taxes related to the reconciliation, with interest at an annual rate of return equal to the utility's weighted average cost of capital, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return, of the energy efficiency revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its energy efficiency formula rate tariff under this paragraph (2), with what the revenue requirement would have been had the actual cost information for the applicable calendar year been available at the filing date.

The utility shall file, together with its tariff, the projected costs to be incurred by the utility during the rate year under the utility's multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, the projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization

reserves and expense, that shall populate the energy efficiency formula rate and set the initial rates under the formula.

The Commission shall review the proposed tariff in conjunction with its review of a proposed multi-year plan, as specified in paragraph (5) of subsection (g) of this Section. The review shall be based on the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, the Commission applies in a hearing to review a filing for a general increase in rates under Article IX of this Act. The initial rates shall take effect beginning with the January monthly billing period following the Commission's approval.

The tariff's rate design and cost allocation across customer classes shall be consistent with the utility's automatic adjustment clause tariff in effect on June 1, 2017 (the effective date of Public Act 99-906); however, the Commission may revise the tariff's rate design and cost allocation in subsequent proceedings under paragraph (3) of this subsection (d).

If the energy efficiency formula rate is terminated, the then current rates shall remain in effect until such time as the energy efficiency costs are incorporated into new rates that are set under this subsection (d) or Article IX of this Act, subject to retroactive rate

adjustment, with interest, to reconcile rates charged with actual costs.

(3) The provisions of this paragraph (3) shall only apply to an electric utility that has elected to file an energy efficiency formula rate under paragraph (2) of this subsection (d). Subsequent to the Commission's issuance of an order approving the utility's energy efficiency formula rate structure and protocols, and initial rates under paragraph (2) of this subsection (d), the utility shall file, on or before June 1 of each year, with the Chief Clerk of the Commission its updated cost inputs to the energy efficiency formula rate for the applicable rate year and the corresponding new charges, as well as the information described in paragraph (9) of subsection (g) of this Section. Each such filing shall conform to the following requirements and include the following information:

(A) The inputs to the energy efficiency formula rate for the applicable rate year shall be based on the projected costs to be incurred by the utility during the rate year under the utility's multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense.

The filing shall also include a reconciliation of the energy efficiency revenue requirement that was in effect for the prior rate year (as set by the cost inputs for the prior rate year) with the actual revenue requirement for the prior rate year (determined using a year-end rate base) that uses amounts reflected in the applicable FERC Form 1 that reports the actual costs for the prior rate year. Any over-collection or under-collection indicated by such reconciliation shall be reflected as a credit against, or recovered as an additional charge to, respectively, with interest calculated at a rate equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, the charges for the applicable rate year. Such over-collection or under-collection shall be adjusted to remove any deferred taxes related to the reconciliation, for purposes of calculating interest at an annual rate of return equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return. Each reconciliation shall be certified by the participating utility in the same manner that FERC Form 1 is certified. The filing shall also include the

charge or credit, if any, resulting from the calculation required by subparagraph (E) of paragraph (2) of this subsection (d).

Notwithstanding any other provision of law to the contrary, the intent of the reconciliation is to ultimately reconcile both the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its energy efficiency formula rate tariff under paragraph (2) of this subsection (d), with what the revenue requirement determined using a year-end rate base for the applicable calendar year would have been had the actual cost information for the applicable calendar year been available at the filing date.

For purposes of this Section, "FERC Form 1" means the Annual Report of Major Electric Utilities, Licensees and Others that electric utilities are required to file with the Federal Energy Regulatory Commission under the Federal Power Act, Sections 3, 4(a), 304 and 209, modified as necessary to be consistent with 83 Ill. Adm. Code Part 415 as of May 1, 2011. Nothing in this Section is intended to allow costs that are not otherwise recoverable to be recoverable by virtue of inclusion in FERC Form 1.

(B) The new charges shall take effect beginning on the first billing day of the following January billing

period and remain in effect through the last billing day of the next December billing period regardless of whether the Commission enters upon a hearing under this paragraph (3).

(C) The filing shall include relevant and necessary data and documentation for the applicable rate year. Normalization adjustments shall not be required.

Within 45 days after the utility files its annual update of cost inputs to the energy efficiency formula rate, the Commission shall with reasonable notice, initiate a proceeding concerning whether the projected costs to be incurred by the utility and recovered during the applicable rate year, and that are reflected in the inputs to the energy efficiency formula rate, are consistent with the utility's approved multi-year plan under subsections (f) and (g) of this Section and whether the costs incurred by the utility during the prior rate year were prudent and reasonable. The Commission shall also have the authority to investigate the information and data described in paragraph (9) of subsection (g) of this Section, including the proposed adjustment to the utility's return on equity component of its weighted average cost of capital. During the course of the proceeding, each objection shall be stated with particularity and evidence provided in support thereof,

after which the utility shall have the opportunity to rebut the evidence. Discovery shall be allowed consistent with the Commission's Rules of Practice, which Rules of Practice shall be enforced by the Commission or the assigned administrative law judge. The Commission shall apply the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, during the proceeding as it would apply in a proceeding to review a filing for a general increase in rates under Article IX of this Act. The Commission shall not, however, have the authority in a proceeding under this paragraph (3) to consider or order any changes to the structure or protocols of the energy efficiency formula rate approved under paragraph (2) of this subsection (d). In a proceeding under this paragraph (3), the Commission shall enter its order no later than the earlier of 195 days after the utility's filing of its annual update of cost inputs to the energy efficiency formula rate or December 15. The utility's proposed return on equity calculation, as described in paragraphs (7) through (9) of subsection (g) of this Section, shall be deemed the final, approved calculation on December 15 of the year in which it is filed unless the Commission enters an order on or before December 15, after notice and hearing, that modifies such calculation consistent with this Section. The Commission's

determinations of the prudence and reasonableness of the costs incurred, and determination of such return on equity calculation, for the applicable calendar year shall be final upon entry of the Commission's order and shall not be subject to reopening, reexamination, or collateral attack in any other Commission proceeding, case, docket, order, rule, or regulation; however, nothing in this paragraph (3) shall prohibit a party from petitioning the Commission to rehear or appeal to the courts the order under the provisions of this Act.

(e) Beginning on June 1, 2017 (the effective date of Public Act 99-906), a utility subject to the requirements of this Section may elect to defer, as a regulatory asset, up to the full amount of its expenditures incurred under this Section for each annual period, including, but not limited to, any expenditures incurred above the funding level set by subsection (f) of this Section for a given year. The total expenditures deferred as a regulatory asset in a given year shall be amortized and recovered over a period that is equal to the weighted average of the energy efficiency measure lives implemented for that year that are reflected in the regulatory asset. The unamortized balance shall be recognized as of December 31 for a given year. The utility shall also earn a return on the total of the unamortized balances of all of the energy efficiency regulatory assets, less any deferred taxes related to those unamortized balances, at an annual rate equal

to the utility's weighted average cost of capital that includes, based on a year-end capital structure, the utility's actual cost of debt for the applicable calendar year and a cost of equity, which shall be determined as set forth in subparagraph (C) of paragraph (2) of subsection of this Section, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return. Capital investment costs shall be depreciated and recovered over their useful lives consistent with generally accepted accounting principles. The weighted average cost of capital shall be applied to the capital investment cost balance, less any accumulated depreciation and accumulated deferred income taxes, as of December 31 for a given year.

When an electric utility creates a regulatory asset under the provisions of this Section, the costs are recovered over a period during which customers also receive a benefit which is in the public interest. Accordingly, it is the intent of the General Assembly that an electric utility that elects to create a regulatory asset under the provisions of this Section shall recover all of the associated costs as set forth in this Section. After the Commission has approved the prudence and reasonableness of the costs that comprise the regulatory asset, the electric utility shall be permitted to recover all such costs, and the value and recoverability through rates of the associated regulatory asset shall not be limited, altered,

impaired, or reduced.

(f) Beginning in 2017, each electric utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards for the next applicable multi-year period beginning January 1 of the year following the filing, according to the schedule set forth in paragraphs (1) through (3) of this subsection (f). If a utility does not file such a plan on or before the applicable filing deadline for the plan, it shall face a penalty of $100,000 per day until the plan is filed.

(1) No later than 30 days after June 1, 2017 (the effective date of Public Act 99-906), each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2018 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (1) through (4) of subsection (b-5) of this Section or in paragraphs (1) through (4) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if the utility's expenditures are limited pursuant to subsection (m) of this Section or, for a utility that serves less than 3,000,000 retail customers, if each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate that achievement of such goals is not cost effective; and (B)

the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 4-year plan period. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 4-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 4-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

(2) No later than March 1, 2021, each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2022 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (5) through (8) of subsection (b-5) of this Section or in paragraphs (5) through (8) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if either (1) clear and convincing evidence demonstrates, through independent analysis, that the expenditure limits in subsection (m) of this Section preclude full

achievement of the goals or (2) each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate by clear and convincing evidence and through independent analysis that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 4-year plan period. If there is not clear and convincing evidence that achieving the savings goals specified in paragraph (b-5) or (b-15) of this Section is possible both cost-effectively and within the expenditure limits in subsection (m), such savings goals shall not be reduced. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 4-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 4-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

(2.5) Provisions of the multi-year plans for calendar

years 2026 through 2029 that relate to calendar year 2026 and that were filed by the electric utilities on February 28, 2025 shall remain in effect through calendar year 2026. Provisions of the plans for calendar years 2027 through 2029 shall be modified and resubmitted to the Commission by the electric utilities pursuant to paragraph (3) of this subsection (f).

(3) No later than the effective date of this amendatory Act of the 104th General Assembly, each electric utility shall file a 3-year energy efficiency plan commencing on January 1, 2027 that is designed to achieve, through implementation of energy efficiency measures, lifetime energy equal to the product of the incremental annual savings goals defined by paragraph (1) of subsection (b-16) and the minimum average savings life defined by paragraph (3) of subsection (b-16). The 3-year energy efficiency plan of a utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State must also be designed to achieve lifetime peak demand savings equal to the product of the incremental annual savings goals defined by paragraph (2) of subsection (b-16) and the minimum average savings life defined by paragraph (3) of subsection (b-16) through implementation of energy efficiency measures. The savings goals may be reduced if: (i) clear and convincing evidence and independent analysis demonstrates that the expenditure

limits in subsection (m) of this Section preclude full achievement of the goals, (ii) each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate by clear and convincing evidence and through independent analysis that achievement of such goals is not cost-effective; and (B) the amount of energy savings achieved by the utility, as determined by the independent evaluator, for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable multi-year plan period, or (iii) changes in federal law, programs, or tariffs have a significant and demonstrable impact on the cost of delivering measures and programs. If there is not clear and convincing evidence that achieving the savings goals specified in subsection (b-16) is not possible both cost-effectively and within the expenditure limits in subsection (m), such savings goals shall not be reduced. Except as provided in subsection (m), annual savings goals during the applicable multi-year plan period shall not be reduced to amounts that are less than the maximum amount of annual savings that is forecasted to be cost-effectively achievable during the applicable multi-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval

of the utility's proposed plan.

(4) No later than March 1, 2029, and every 4 years thereafter, each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2030, and every 4 years thereafter, respectively, that is designed to achieve, through implementation of energy efficiency measures, lifetime energy equal to the product of the incremental annual savings goals defined by paragraph (1) of subsection (b-16) and the minimum average savings life described in paragraph (C) of subsection (b-16) of this Section. The multi-year energy efficiency plan of a utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State must also be designed to achieve lifetime peak demand savings equal to the product of the incremental annual savings goals defined by paragraph (2) of subsection (b-16) and the minimum average savings life defined by paragraph (3) of subsection (b-16) through implementation of energy efficiency measures. However, the goals may be reduced if: (1) clear and convincing evidence and independent analysis demonstrates that the expenditure limits in subsection (m) of this Section preclude full achievement of the goals; (2) each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate by clear and convincing evidence and through independent analysis that achievement

of such goals is not cost-effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable multi-year plan period; or (3) changes in federal law, programs, or tariffs have a significant and demonstrable impact on the cost of delivering measures and programs. If there is not clear and convincing evidence that achieving the savings goals specified in paragraph (b-16) of this Section is possible both cost-effectively and within the expenditure limits in subsection (m), such savings goals shall not be reduced. Except as provided in subsection (m) of this Section, annual savings goals during the applicable multi-year plan period shall not be reduced to amounts that are less than the maximum amount of annual savings that is forecast to be cost-effectively achievable during the applicable multi-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

Each utility's plan shall set forth the utility's proposals to meet the energy efficiency standards identified in subsection (b-5), (b-15), or (b-16), as applicable and as such standards may have been modified under this subsection

(f), taking into account the unique circumstances of the utility's service territory. For those plans commencing on January 1, 2018, the Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan no later than 105 days after June 1, 2017 (the effective date of Public Act 99-906). For those plans commencing after December 31, 2021, the Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 6 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund.

(g) In submitting proposed plans and funding levels under subsection (f) of this Section to meet the savings goals identified in subsection (b-5), (b-15), or (b-16) of this Section, as applicable, the utility shall:

(1) Demonstrate that its proposed energy efficiency

measures will achieve the applicable requirements that are identified in subsection (b-5), (b-15), or (b-16) of this Section, as modified by subsection (f) of this Section.

(2) (Blank).

(2.5) Demonstrate consideration of program options for (A) advancing new building codes, appliance standards, and municipal regulations governing existing and new building efficiency improvements and (B) supporting efforts to improve compliance with new building codes, appliance standards and municipal regulations, as potentially cost-effective means of acquiring energy savings to count toward savings goals.

(3) Demonstrate that its overall portfolio of measures, not including low-income programs described in subsection (c) of this Section, is cost-effective using the total resource cost test or complies with paragraphs (1) through (3) of subsection (f) of this Section and represents a diverse cross-section of opportunities for customers of all rate classes, other than those customers described in subsection (l) of this Section, to participate in the programs. Individual measures need not be cost effective.

(3.5) Demonstrate that the utility's plan integrates the delivery of energy efficiency programs with natural gas efficiency programs, programs promoting distributed solar, programs promoting demand response and other

efforts to address bill payment issues, including, but not limited to, LIHEAP and the Percentage of Income Payment Plan, to the extent such integration is practical and has the potential to enhance customer engagement, minimize market confusion, or reduce administrative costs.

(4) If the utility chooses, present a third-party energy efficiency implementation program subject to the following requirements:

(A) (blank);

(B) during 2018, the utility shall conduct a solicitation process for purposes of requesting proposals from third-party vendors for those third-party energy efficiency programs to be offered during one or more of the years commencing January 1, 2019, January 1, 2020, and January 1, 2021; for those multi-year plans commencing on January 1, 2022 and January 1, 2026, the utility shall conduct a solicitation process during 2021 and 2025, respectively, for purposes of requesting proposals from third-party vendors for those third-party energy efficiency programs to be offered during one or more years of the respective multi-year plan period; for each solicitation process, the utility shall identify the sector, technology, or geographical area for which it is seeking requests for proposals; the solicitation process must be either for programs that fill gaps in

the utility's program portfolio and for programs that target low-income customers, business sectors, building types, geographies, or other specific parts of its customer base with initiatives that would be more effective at reaching these customer segments than the utilities' programs filed in its energy efficiency plans;

(C) the utility shall propose the bidder qualifications, performance measurement process, and contract structure, which must include a performance payment mechanism and general terms and conditions; the proposed qualifications, process, and structure shall be subject to Commission approval; and

(D) the utility shall retain an independent third party to score the proposals received through the solicitation process described in this paragraph (4), rank them according to their cost per lifetime kilowatt-hours saved, and assemble the portfolio of third-party programs.

The electric utility shall recover all costs associated with Commission-approved, third-party administered programs regardless of the success of those programs.

(4.5) Implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section

16-111.5 of this Act, and for customers that elect hourly service from the utility pursuant to Section 16-107 of this Act, provided those customers have not been declared competitive. This requirement continues until December 31, 2026.

(5) Include a proposed or revised cost-recovery tariff mechanism, as provided for under subsection (d) of this Section, to fund the proposed energy efficiency and demand-response measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(6) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures, as well as a full review of the multi-year plan results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(7) For electric utilities that serve more than 3,000,000 retail customers in the State:

(A) Through December 31, 2026, provide for an adjustment to the return on equity component of the utility's weighted average cost of capital calculated under subsection (d) of this Section:

(i) If the independent evaluator determines

that the utility achieved a cumulative persisting annual savings that is less than the applicable annual incremental goal, then the return on equity component shall be reduced by a maximum of 200 basis points in the event that the utility achieved no more than 75% of such goal. If the utility achieved more than 75% of the applicable annual incremental goal but less than 100% of such goal, then the return on equity component shall be reduced by 8 basis points for each percent by which the utility failed to achieve the goal.

(ii) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is more than the applicable annual incremental goal, then the return on equity component shall be increased by a maximum of 200 basis points in the event that the utility achieved at least 125% of such goal. If the utility achieved more than 100% of the applicable annual incremental goal but less than 125% of such goal, then the return on equity component shall be increased by 8 basis points for each percent by which the utility achieved above the goal. If the applicable annual incremental goal was reduced under paragraph (1) or (2) of subsection (f) of this Section, then the following adjustments shall

be made to the calculations described in this item (ii):

(aa) the calculation for determining achievement that is at least 125% of the applicable annual incremental goal shall use the unreduced applicable annual incremental goal to set the value; and

(bb) the calculation for determining achievement that is less than 125% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 8 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 125% achievement.

(B) (Blank).

(C) (Blank).

(7.5) For purposes of this Section, the term "applicable annual incremental goal" means the difference between the cumulative persisting annual savings goal for the calendar year that is the subject of the independent evaluator's determination and the cumulative persisting

annual savings goal for the immediately preceding calendar year, as such goals are defined in subsections (b-5) and (b-15) of this Section and as these goals may have been modified as provided for under subsection (b-20) and paragraphs (1) and (2) of subsection (f) of this Section. Under subsections (b), (b-5), (b-10), and (b-15) of this Section, a utility must first replace energy savings from measures that have expired before any progress towards achievement of its applicable annual incremental goal may be counted. Savings may expire because measures installed in previous years have reached the end of their lives, because measures installed in previous years are producing lower savings in the current year than in the previous year, or for other reasons identified by independent evaluators. Notwithstanding anything else set forth in this Section, the difference between the actual annual incremental savings achieved in any given year, including the replacement of energy savings that have expired, and the applicable annual incremental goal shall not affect adjustments to the return on equity for subsequent calendar years under this subsection (g).

In this Section, "applicable annual total savings requirement" means the total amount of new annual savings that the utility must achieve in any given year to achieve the applicable annual incremental goal. This is equal to the applicable annual incremental goal plus the total new

annual savings that are required to replace savings that expired in or at the end of the previous year.

(8) For electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State:

(A) Through December 31, 2026, the applicable annual incremental goal shall be compared to the annual incremental savings as determined by the independent evaluator.

(i) The return on equity component shall be reduced by 8 basis points for each percent by which the utility did not achieve 84.4% of the applicable annual incremental goal.

(ii) The return on equity component shall be increased by 8 basis points for each percent by which the utility exceeded 100% of the applicable annual incremental goal.

(iii) The return on equity component shall not be increased or decreased if the annual incremental savings as determined by the independent evaluator is greater than 84.4% of the applicable annual incremental goal and less than 100% of the applicable annual incremental goal.

(iv) The return on equity component shall not be increased or decreased by an amount greater than 200 basis points pursuant to this

subparagraph (A).

(B) (Blank).

(C) (Blank).

(D) (Blank).

(8.5) Beginning January 1, 2027, a utility that serves greater than 500,000 retail customers in the State shall have the utility's return on equity modified for performance on the utility's energy savings and peak demand savings goals as follows:

(A) The return on equity for a utility that serves more than 3,000,000 retail customers in the State may be adjusted up or down by a maximum of 200 basis points for its performance relative to its incremental annual energy savings goal. The return on equity for a utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State may be adjusted up or down by a maximum of 100 basis points for its performance relative to its incremental annual energy savings goal and a maximum of 100 basis points for its performance relative to its incremental annual coincident peak demand savings goal.

(B) A utility's performance on its savings goals shall be established by comparing the actual lifetime energy, and coincident peak demand savings if a utility serves less than 3,000,000 retail customers

but more than 500,000 retail customers in the State, achieved from efficiency measures installed in a given year to the product of the incremental annual goals established in paragraphs (1) and (2) of subsection (b-16) and the minimum average savings lives established in paragraph (3) of subsection (b-16), as modified, if applicable, by the Commission under paragraph (4) of subsection (f) of this Section. For the purposes of this paragraph (8.5), "lifetime savings" means the total incremental savings that installed efficiency measures are projected to produce, relative to what would have occurred absent to the utility's efficiency programs, over the useful lives of the measures. Performance on the energy savings goal, and coincident peak demand savings if a utility serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State, shall be assessed separately, such that it is possible to earn penalties on both, earn bonuses on both, or earn a bonus for performance on one goal and a penalty on the other.

(C) No bonus shall be earned if a utility does not achieve greater than 100% of an approved goal. The maximum bonus for a goal shall be earned if the utility achieves 125% of the unmodified goal. For a utility that serves less than 3,000,000 retail customers but

more than 500,000 retail customers in the State, the bonus earned for achieving more than 100% of an approved goal but less than 125% of the unmodified goal shall be linearly interpolated. For a utility with more than 3,000,000 retail customers, the maximum bonus for a goal shall be earned if the utility achieves 125% of the unmodified goal. For a utility with more than 3,000,000 retail customers, the bonus earned for achieving more than 100% of an approved goal but less than 125% of the unmodified goal shall be linearly interpolated.

(D) For utilities with greater than 3,000,000 retail customers, the return on equity shall be unmodified due to performance on an individual goal only if the utility achieves exactly 100% of the goal. For utilities with more than 500,000 but fewer than 3,000,000 retail customers, the return on equity shall be unmodified for achieving between 85% and 100% of the goal.

(E) Penalties may be earned for falling short of goals, with the magnitude of any penalty being a function of both the size of the utility and whether goals established in subsection (b-16) are modified by the Commission under paragraph (4) of subsection (f) of this Section, as follows:

(i) If the savings goals specified in

subsection (b-16) of this Section are unmodified, a utility with more than 3,000,000 retail customers shall earn the maximum penalty allocated to a goal for achieving 75% or less of the goal. The penalty for achieving greater than 75% but less than 100% of the goal shall be linearly interpolated.

(ii) If the savings goals specified in subsection (b-16) of this Section are unmodified, a utility with more than 500,000 but fewer than 3,000,000 retail customers shall earn the maximum penalty allocated to a goal for achieving at least 33.3 percentage points less than the bottom end of the deadband specified in subparagraph (D) of this paragraph (8.5). The penalty for achieving less than the bottom end of the deadband and greater than 33.3 percentage points less than the bottom end of the deadband shall be linearly interpolated.

(iii) If either the energy or peak demand savings goals specified in subsection (b-16) are reduced under paragraph (3) or (4) of subsection (f) of this Section, the maximum penalty allocated to a goal shall be earned if the utility achieves 80% or less of the modified goal. The penalty for achieving more than 80% but less than 100% of a

modified goal shall be linearly interpolated.

(9) The utility shall submit the energy savings data to the independent evaluator no later than 30 days after the close of the plan year. The independent evaluator shall determine the cumulative persisting annual savings and annual incremental savings for a given plan year, as well as an estimate of job impacts and other macroeconomic impacts of the efficiency programs for that year, no later than 120 days after the close of the plan year. The utility shall submit an informational filing to the Commission no later than 160 days after the close of the plan year that attaches the independent evaluator's final report identifying the cumulative persisting annual savings for the year and calculates, under paragraph (7) or (8) of this subsection (g), as applicable, any resulting change to the utility's return on equity component of the weighted average cost of capital applicable to the next plan year beginning with the January monthly billing period and extending through the December monthly billing period. However, if the utility recovers the costs incurred under this Section under paragraphs (2) and (3) of subsection (d) of this Section, then the utility shall not be required to submit such informational filing, and shall instead submit the information that would otherwise be included in the informational filing as part of its filing under paragraph (3) of such subsection (d) that is

due on or before June 1 of each year.

For those utilities that must submit the informational filing, the Commission may, on its own motion or by petition, initiate an investigation of such filing, provided, however, that the utility's proposed return on equity calculation shall be deemed the final, approved calculation on December 15 of the year in which it is filed unless the Commission enters an order on or before December 15, after notice and hearing, that modifies such calculation consistent with this Section.

The adjustments to the return on equity component described in paragraphs (7) and (8) of this subsection (g) shall be applied as described in such paragraphs through a separate tariff mechanism, which shall be filed by the utility under subsections (f) and (g) of this Section.

(9.5) The utility must demonstrate how it will ensure that program implementation contractors and energy efficiency installation vendors will promote workforce equity and quality jobs. For all construction, installation, or other related services procured under this Section, an electric utility must:

(A) award a bid preference of 2% to a contractor if the contractor certifies under oath that the contractor's primary place of business is located within the utility's service area; and

(B) award a bid preference of 2% to a contractor if

the contractor certifies under oath that at least 85% of the workforce to be utilized for such construction, installation, or other related services reside in the utility's service area.

(9.6) Utilities shall collect data necessary to ensure compliance with paragraph (9.5) no less than quarterly and shall communicate progress toward compliance with paragraph (9.5) to program implementation contractors and energy efficiency installation vendors no less than quarterly. Utilities shall work with relevant vendors, providing education, training, and other resources needed to ensure compliance and, where necessary, adjusting or terminating work with vendors that cannot assist with compliance.

(10) Utilities required to implement efficiency programs under subsections (b-5), (b-10), and (b-16) shall report annually to the Illinois Commerce Commission and the General Assembly on how hiring, contracting, job training, and other practices related to its energy efficiency programs enhance the diversity of vendors working on such programs. These reports must include data on vendor and employee diversity, including data on the implementation of paragraphs (9.5) and (9.6) and the proportion of total program dollars awarded to firms that meet the criteria of subparagraphs (A) and (B) of paragraph (9.5). If the utility is not meeting the

requirements of paragraphs (9.5) and (9.6), the utility shall submit a plan to adjust their activities so that they meet the requirements of paragraphs (9.5) and (9.6) within the following year.

(h) No more than 4% of energy efficiency and demand-response program revenue may be allocated for research, development, or pilot deployment of new equipment or measures. Electric utilities shall work with interested stakeholders to formulate a plan for how these funds should be spent, incorporate statewide approaches for these allocations, and file a 4-year plan that demonstrates that collaboration. If a utility files a request for modified annual energy savings goals with the Commission, then a utility shall forgo spending portfolio dollars on research and development proposals.

(i) When practicable, electric utilities shall incorporate advanced metering infrastructure data into the planning, implementation, and evaluation of energy efficiency measures and programs, subject to the data privacy and confidentiality protections of applicable law.

(j) The independent evaluator shall follow the guidelines and use the savings set forth in Commission-approved energy efficiency policy manuals and technical reference manuals, as each may be updated from time to time. Until such time as measure life values for energy efficiency measures implemented for low-income households under subsection (c) of this Section are incorporated into such Commission-approved manuals, the

low-income measures shall have the same measure life values that are established for same measures implemented in households that are not low-income households.

(k) Notwithstanding any provision of law to the contrary, an electric utility subject to the requirements of this Section may file a tariff cancelling an automatic adjustment clause tariff in effect under this Section or Section 8-103, which shall take effect no later than one business day after the date such tariff is filed. Thereafter, the utility shall be authorized to defer and recover its expenditures incurred under this Section through a new tariff authorized under subsection (d) of this Section or in the utility's next rate case under Article IX or Section 16-108.5 of this Act, with interest at an annual rate equal to the utility's weighted average cost of capital as approved by the Commission in such case. If the utility elects to file a new tariff under subsection (d) of this Section, the utility may file the tariff within 10 days after June 1, 2017 (the effective date of Public Act 99-906), and the cost inputs to such tariff shall be based on the projected costs to be incurred by the utility during the calendar year in which the new tariff is filed and that were not recovered under the tariff that was cancelled as provided for in this subsection. Such costs shall include those incurred or to be incurred by the utility under its multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, projected capital

investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense. The Commission shall, after notice and hearing, approve, or approve with modification, such tariff and cost inputs no later than 75 days after the utility filed the tariff, provided that such approval, or approval with modification, shall be consistent with the provisions of this Section to the extent they do not conflict with this subsection (k). The tariff approved by the Commission shall take effect no later than 5 days after the Commission enters its order approving the tariff.

No later than 60 days after the effective date of the tariff cancelling the utility's automatic adjustment clause tariff, the utility shall file a reconciliation that reconciles the moneys collected under its automatic adjustment clause tariff with the costs incurred during the period beginning June 1, 2016 and ending on the date that the electric utility's automatic adjustment clause tariff was cancelled. In the event the reconciliation reflects an under-collection, the utility shall recover the costs as specified in this subsection (k). If the reconciliation reflects an over-collection, the utility shall apply the amount of such over-collection as a one-time credit to retail customers' bills.

(l) For the calendar years covered by a multi-year plan commencing after December 31, 2017, subsections (a) through

(j) of this Section do not apply to eligible large private energy customers that have chosen to opt out of multi-year plans consistent with this subsection (1).

(l) For purposes of this subsection (l), "eligible large private energy customer" means any retail customers, except for federal, State, municipal, and other public customers, of an electric utility that serves more than 3,000,000 retail customers, except for federal, State, municipal and other public customers, in the State and whose total highest 30 minute demand was more than 10,000 kilowatts, or any retail customers of an electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State and whose total highest 15 minute demand was more than 10,000 kilowatts. For purposes of this subsection (l), "retail customer" has the meaning set forth in Section 16-102 of this Act. However, for a business entity with multiple sites located in the State, where at least one of those sites qualifies as an eligible large private energy customer, then any of that business entity's sites, properly identified on a form for notice, shall be considered eligible large private energy customers for the purposes of this subsection (l). A determination of whether this subsection is applicable to a customer shall be made for each multi-year plan beginning after December 31, 2017. The criteria for determining whether this subsection (l) is

applicable to a retail customer shall be based on the 12 consecutive billing periods prior to the start of the first year of each such multi-year plan.

(2) Within 45 days after September 15, 2021 (the effective date of Public Act 102-662), the Commission shall prescribe the form for notice required for opting out of energy efficiency programs. The notice must be submitted to the retail electric utility 12 months before the next energy efficiency planning cycle. However, within 120 days after the Commission's initial issuance of the form for notice, eligible large private energy customers may submit a form for notice to an electric utility. The form for notice for opting out of energy efficiency programs shall include all of the following:

(A) a statement indicating that the customer has elected to opt out;

(B) the account numbers for the customer accounts to which the opt out shall apply;

(C) the mailing address associated with the customer accounts identified under subparagraph (B);

(D) an American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) level 2 or higher audit report conducted by an independent third-party expert identifying cost-effective energy efficiency project opportunities that could be invested in over the next 10 years. A retail customer

with specialized processes may utilize a self-audit process in lieu of the ASHRAE audit;

(E) a description of the customer's plans to reallocate the funds toward internal energy efficiency efforts identified in the subparagraph (D) report, including, but not limited to: (i) strategic energy management or other programs, including descriptions of targeted buildings, equipment and operations; (ii) eligible energy efficiency measures; and (iii) expected energy savings, itemized by technology. If the subparagraph (D) audit report identifies that the customer currently utilizes the best available energy efficient technology, equipment, programs, and operations, the customer may provide a statement that more efficient technology, equipment, programs, and operations are not reasonably available as a means of satisfying this subparagraph (E); and

(F) the effective date of the opt out, which will be the next January 1 following notice of the opt out.

(3) Upon receipt of a properly and timely noticed request for opt out submitted by an eligible large private energy customer, the retail electric utility shall grant the request, file the request with the Commission and, beginning January 1 of the following year, the opted out customer shall no longer be assessed the costs of the plan and shall be prohibited from participating in that 4-year

plan cycle to give the retail utility the certainty to design program plan proposals.

(4) Upon a customer's election to opt out under paragraphs (1) and (2) of this subsection (l) and commencing on the effective date of said opt out, the account properly identified in the customer's notice under paragraph (2) shall not be subject to any cost recovery and shall not be eligible to participate in, or directly benefit from, compliance with energy efficiency cumulative persisting savings requirements under subsections (a) through (j).

(5) A utility's cumulative persisting annual savings targets will exclude any opted out load.

(6) The request to opt out is only valid for the requested plan cycle. An eligible large private energy customer must also request to opt out for future energy plan cycles, otherwise the customer will be included in the future energy plan cycle.

(m) Notwithstanding the requirements of this Section, as part of a proceeding to approve a multi-year plan under subsections (f) and (g) of this Section if the multi-year plan has been designed to maximize savings, but does not meet the cost cap limitations of this Section, the Commission shall reduce the amount of energy efficiency measures implemented for any single year, and whose costs are recovered under subsection (d) of this Section, by an amount necessary to

limit the estimated average net increase due to the cost of the measures to no more than

(1) 3.5% for each of the 4 years beginning January 1, 2018,

(2) (blank),

(3) 4% for each of the 4 years beginning January 1, 2022,

(3.5) 4.25% for 2026,

(4) 4.25% for electric utilities that serve more than 3,000,000 retail customers in the State, and 4.21% for 2027, 5.25% for 2028, and 6.06% for 2029 for electric utilities with less than 3,000,000 retail customers but more than 500,000 retail customers in the State, for the 3 years beginning January 1, 2027, and

(5) the percentage specified in paragraph (4) applicable to 2029 plus an increase sufficient to account for the rate of inflation between January 1, 2027 and January 1 of the first year of each subsequent 4-year plan cycle,

of the average amount paid per kilowatthour by residential eligible retail customers during calendar year 2015 for plans in effect through 2026 and during calendar year 2023 for plans commencing in 2027 and thereafter. An electric utility may plan to spend up to 10% more in any year during an applicable multi-year plan period, including any transition period authorized under paragraph (2.5) of subsection (f), to

cost-effectively achieve additional savings so long as the average over the applicable multi-year plan period, which shall include any transition period, does not exceed the percentages defined in items (1) through (5). To determine the total amount that may be spent by an electric utility in any single year, the applicable percentage of the average amount paid per kilowatthour shall be multiplied by the total amount of energy delivered by such electric utility in the calendar year 2015 for plans in effect through 2026 and during calendar year 2023 for plans commencing in 2027 and thereafter, adjusted to reflect the proportion of the utility's load attributable to customers that have opted out of subsections (a) through (j) of this Section under subsection (l) of this Section. For purposes of this subsection (m), the amount paid per kilowatthour includes, without limitation, estimated amounts paid for supply, transmission, distribution, surcharges, and add-on taxes. For purposes of this Section, "eligible retail customers" shall have the meaning set forth in Section 16-111.5 of this Act. Once the Commission has approved a plan under subsections (f) and (g) of this Section, no subsequent rate impact determinations shall be made.

(n) A utility shall take advantage of the efficiencies available through existing Illinois Home Weatherization Assistance Program infrastructure and services, such as enrollment, marketing, quality assurance and implementation, which can reduce the need for similar services at a lower cost

than utility-only programs, subject to capacity constraints at community action agencies, for both single-family and multifamily weatherization services, to the extent Illinois Home Weatherization Assistance Program community action agencies provide multifamily services. A utility's plan shall demonstrate that in formulating annual weatherization budgets, it has sought input and coordination with community action agencies regarding agencies' capacity to expand and maximize Illinois Home Weatherization Assistance Program delivery using the ratepayer dollars collected under this Section.

(225 ILCS 10/4) (from Ch. 23, par. 2214)

(Text of Section before amendment by P.A. 103-594)

Sec. 4. License requirement; application; notice.

(a) Any person, group of persons or corporation who or which receives children or arranges for care or placement of one or more children unrelated to the operator must apply for a license to operate one of the types of facilities defined in Sections 2.05 through 2.19 and in Section 2.22 of this Act. Any relative, as defined in Section 2.38 of this Act, who receives a child or children for placement by the Department on a full-time basis may apply for a license to operate a foster family home as defined in Section 2.17 of this Act or may apply to be a certified relative caregiver home as defined in Section 2.37 of this Act.

(a-5) Any agency, person, group of persons, association, organization, corporation, institution, center, or group providing adoption services must be licensed by the Department as a child welfare agency as defined in Section 2.08 of this Act. "Providing adoption services", as used in this Act, includes facilitating or engaging in adoption services.

(b) Application for a license to operate a child care facility must be made to the Department in the manner and on forms prescribed by it. An application to operate a foster family home shall include, at a minimum: a completed written form; written authorization by the applicant and all adult members of the applicant's household to conduct a criminal background investigation; medical evidence in the form of a medical report, on forms prescribed by the Department, that the applicant and all members of the household are free from

communicable diseases or physical and mental conditions that affect their ability to provide care for the child or children; the names and addresses of at least 3 persons not related to the applicant who can attest to the applicant's moral character; the name and address of at least one relative who can attest to the applicant's capability to care for the child or children; and fingerprints submitted by the applicant and all adult members of the applicant's household.

(b-5) Prior to submitting an application for a foster family home license, a quality of care concerns applicant as defined in Section 2.22a of this Act must submit a preliminary application to the Department in the manner and on forms prescribed by it. The Department shall explain to the quality of care concerns applicant the grounds for requiring a preliminary application. The preliminary application shall include a list of (i) all children placed in the home by the Department who were removed by the Department for reasons other than returning to a parent and the circumstances under which they were removed and (ii) all children placed by the Department who were subsequently adopted by or placed in the private guardianship of the quality of care concerns applicant who are currently under 18 and who no longer reside in the home and the reasons why they no longer reside in the home. The preliminary application shall also include, if the quality of care concerns applicant chooses to submit, (1) a response to the quality of care concerns, including any reason the

concerns are invalid, have been addressed or ameliorated, or no longer apply and (2) affirmative documentation demonstrating that the quality of care concerns applicant's home does not pose a risk to children and that the family will be able to meet the physical and emotional needs of children. The Department shall verify the information in the preliminary application and review (i) information regarding any prior licensing complaints, (ii) information regarding any prior child abuse or neglect investigations, (iii) information regarding any involuntary foster home holds placed on the home by the Department, and (iv) information regarding all child exit interviews, as provided in Section 5.26 of the Children and Family Services Act, regarding the home. Foster home applicants with quality of care concerns are presumed unsuitable for future licensure.

Notwithstanding the provisions of this subsection (b-5), the Department may make an exception and issue a foster family license to a quality of care concerns applicant if the Department is satisfied that the foster family home does not pose a risk to children and that the foster family will be able to meet the physical and emotional needs of children. In making this determination, the Department must obtain and carefully review all relevant documents and shall obtain consultation from its Clinical Division as appropriate and as prescribed by Department rule and procedure. The Department has the authority to deny a preliminary application based on

the record of quality of care concerns of the foster family home. In the alternative, the Department may (i) approve the preliminary application, (ii) approve the preliminary application subject to obtaining additional information or assessments, or (iii) approve the preliminary application for purposes of placing a particular child or children only in the foster family home. If the Department approves a preliminary application, the foster family shall submit an application for licensure as described in subsection (b) of this Section. The Department shall notify the quality of care concerns applicant of its decision and the basis for its decision in writing.

(c) The Department shall notify the public when a child care institution, maternity center, or group home licensed by the Department undergoes a change in (i) the range of care or services offered at the facility or (ii) the type of children served. The Department shall notify the public of the change in a newspaper of general circulation in the county or municipality in which the applicant's facility is or is proposed to be located.

(c-5) When a child care institution, maternity center, or a group home licensed by the Department undergoes a change in (i) the age of children served or (ii) the area within the facility used by children, the Department shall post information regarding proposed changes on its website as required by rule.

(d) If, upon examination of the facility and investigation

of persons responsible for care of children and, in the case of a foster home, taking into account information obtained for purposes of evaluating a preliminary application, if applicable, the Department is satisfied that the facility and responsible persons reasonably meet standards prescribed for the type of facility for which application is made, it shall issue a license in proper form, designating on that license the type of child care facility and, except for a child welfare agency, the number of children to be served at any one time.

(e) The Department shall not issue or renew the license of any child welfare agency providing adoption services, unless the agency (i) is officially recognized by the United States Internal Revenue Service as a tax-exempt organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (or any successor provision of federal tax law) and (ii) is in compliance with all of the standards necessary to maintain its status as an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (or any successor provision of federal tax law). The Department shall grant a grace period of 24 months from August 15, 2005 (the effective date of Public Act 94-586) for existing child welfare agencies providing adoption services to obtain 501(c)(3) status. The Department shall permit an existing child welfare agency that converts from its current structure in order to be recognized as a 501(c)(3) organization as required by this Section to either retain its current license

or transfer its current license to a newly formed entity, if the creation of a new entity is required in order to comply with this Section, provided that the child welfare agency demonstrates that it continues to meet all other licensing requirements and that the principal officers and directors and programs of the converted child welfare agency or newly organized child welfare agency are substantially the same as the original. The Department shall have the sole discretion to grant a one-year extension to any agency unable to obtain 501(c)(3) status within the timeframe specified in this subsection (e), provided that such agency has filed an application for 501(c)(3) status with the Internal Revenue Service within the 2-year timeframe specified in this subsection (e).

(f) The Department shall adopt rules to implement the changes to this Section made by Public Act 103-770 no later than January 1, 2025.

Sec. 4. License requirement; application; notice; Department of Children and Family Services.

(a) Any person, group of persons or corporation who or which receives children or arranges for care or placement of one or more children unrelated to the operator must apply for a

license to operate one of the types of facilities defined in Sections 2.05 through 2.19 (other than a child ~~day~~ care center or child ~~day~~ care home) and in Section 2.22 of this Act. Any relative, as defined in Section 2.38 of this Act, who receives a child or children for placement by the Department on a full-time basis may apply for a license to operate a foster family home as defined in Section 2.17 of this Act or may apply to be a certified relative caregiver home as defined in Section 2.37 of this Act.

(a-5) Any agency, person, group of persons, association, organization, corporation, institution, center, or group providing adoption services must be licensed by the Department as a child welfare agency as defined in Section 2.08 of this Act. "Providing adoption services", as used in this Act, includes facilitating or engaging in adoption services.

(b) Application for a license to operate a child care facility (other than a child ~~day~~ care center, child ~~day~~ care home, or group child ~~day~~ care home) must be made to the Department in the manner and on forms prescribed by it. An application to operate a foster family home shall include, at a minimum: a completed written form; written authorization by the applicant and all adult members of the applicant's household to conduct a criminal background investigation; medical evidence in the form of a medical report, on forms prescribed by the Department, that the applicant and all members of the household are free from communicable diseases

or physical and mental conditions that affect their ability to provide care for the child or children; the names and addresses of at least 3 persons not related to the applicant who can attest to the applicant's moral character; the name and address of at least one relative who can attest to the applicant's capability to care for the child or children; and fingerprints submitted by the applicant and all adult members of the applicant's household.

(b-5) Prior to submitting an application for a foster family home license, a quality of care concerns applicant as defined in Section 2.22a of this Act must submit a preliminary application to the Department in the manner and on forms prescribed by it. The Department shall explain to the quality of care concerns applicant the grounds for requiring a preliminary application. The preliminary application shall include a list of (i) all children placed in the home by the Department who were removed by the Department for reasons other than returning to a parent and the circumstances under which they were removed and (ii) all children placed by the Department who were subsequently adopted by or placed in the private guardianship of the quality of care concerns applicant who are currently under 18 and who no longer reside in the home and the reasons why they no longer reside in the home. The preliminary application shall also include, if the quality of care concerns applicant chooses to submit, (1) a response to the quality of care concerns, including any reason the

concerns are invalid, have been addressed or ameliorated, or no longer apply and (2) affirmative documentation demonstrating that the quality of care concerns applicant's home does not pose a risk to children and that the family will be able to meet the physical and emotional needs of children. The Department shall verify the information in the preliminary application and review (i) information regarding any prior licensing complaints, (ii) information regarding any prior child abuse or neglect investigations, (iii) information regarding any involuntary foster home holds placed on the home by the Department, and (iv) information regarding all child exit interviews, as provided in Section 5.26 of the Children and Family Services Act, regarding the home. Foster home applicants with quality of care concerns are presumed unsuitable for future licensure.

Notwithstanding the provisions of this subsection (b-5), the Department may make an exception and issue a foster family license to a quality of care concerns applicant if the Department is satisfied that the foster family home does not pose a risk to children and that the foster family will be able to meet the physical and emotional needs of children. In making this determination, the Department must obtain and carefully review all relevant documents and shall obtain consultation from its Clinical Division as appropriate and as prescribed by Department rule and procedure. The Department has the authority to deny a preliminary application based on

the record of quality of care concerns of the foster family home. In the alternative, the Department may (i) approve the preliminary application, (ii) approve the preliminary application subject to obtaining additional information or assessments, or (iii) approve the preliminary application for purposes of placing a particular child or children only in the foster family home. If the Department approves a preliminary application, the foster family shall submit an application for licensure as described in subsection (b) of this Section. The Department shall notify the quality of care concerns applicant of its decision and the basis for its decision in writing.

(c) The Department shall notify the public when a child care institution, maternity center, or group home licensed by the Department undergoes a change in (i) the range of care or services offered at the facility or (ii) the type of children served. The Department shall notify the public of the change in a newspaper of general circulation in the county or municipality in which the applicant's facility is or is proposed to be located.

(c-5) When a child care institution, maternity center, or a group home licensed by the Department undergoes a change in (i) the age of children served or (ii) the area within the facility used by children, the Department shall post information regarding proposed changes on its website as required by rule.

(d) If, upon examination of the facility and investigation

of persons responsible for care of children and, in the case of a foster home, taking into account information obtained for purposes of evaluating a preliminary application, if applicable, the Department is satisfied that the facility and responsible persons reasonably meet standards prescribed for the type of facility for which application is made, it shall issue a license in proper form, designating on that license the type of child care facility and, except for a child welfare agency, the number of children to be served at any one time.

(e) The Department shall not issue or renew the license of any child welfare agency providing adoption services, unless the agency (i) is officially recognized by the United States Internal Revenue Service as a tax-exempt organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (or any successor provision of federal tax law) and (ii) is in compliance with all of the standards necessary to maintain its status as an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (or any successor provision of federal tax law). The Department shall grant a grace period of 24 months from August 15, 2005 (the effective date of Public Act 94-586) for existing child welfare agencies providing adoption services to obtain 501(c)(3) status. The Department shall permit an existing child welfare agency that converts from its current structure in order to be recognized as a 501(c)(3) organization as required by this Section to either retain its current license

or transfer its current license to a newly formed entity, if the creation of a new entity is required in order to comply with this Section, provided that the child welfare agency demonstrates that it continues to meet all other licensing requirements and that the principal officers and directors and programs of the converted child welfare agency or newly organized child welfare agency are substantially the same as the original. The Department shall have the sole discretion to grant a one-year extension to any agency unable to obtain 501(c)(3) status within the timeframe specified in this subsection (e), provided that such agency has filed an application for 501(c)(3) status with the Internal Revenue Service within the 2-year timeframe specified in this subsection (e).

(f) The Department shall adopt rules to implement the changes to this Section made by Public Act 103-770 no later than January 1, 2025.

Sec. 6. (a) A licensed facility operating as a "child care institution", "maternity center", "child welfare agency", "day care agency" or "day care center" must apply for renewal of its license held, the application to be made to the Department on forms prescribed by it.

(b) The Department, a duly licensed child welfare agency or a suitable agency or person designated by the Department as its agent to do so, must re-examine every child care facility for renewal of license, including in that process the examination of the premises and records of the facility as the Department considers necessary to determine that minimum standards for licensing continue to be met, and random surveys of parents or legal guardians who are consumers of such facilities' services to assess the quality of care at such facilities. In the case of foster family homes, or day care homes under the supervision of or otherwise required to be licensed by the Department, or under supervision of a licensed child welfare agency or day care agency, the examination shall be made by the Department, or agency supervising such homes. If the Department is satisfied that the facility continues to maintain minimum standards which it prescribes and publishes, it shall renew the license to operate the facility.

(b-5) In the case of a quality of care concerns applicant as defined in Section 2.22a of this Act, in addition to the examination required in subsection (b) of this Section, the

Department shall not renew the license of a quality of care concerns applicant unless the Department is satisfied that the foster family home does not pose a risk to children and that the foster family home will be able to meet the physical and emotional needs of children. In making this determination, the Department must obtain and carefully review all relevant documents and shall obtain consultation from its Clinical Division as appropriate and as prescribed by Department rule and procedure. The Department has the authority to deny an application for renewal based on a record of quality of care concerns. In the alternative, the Department may (i) approve the application for renewal subject to obtaining additional information or assessments, (ii) approve the application for renewal for purposes of placing or maintaining only a particular child or children only in the foster home, or (iii) approve the application for renewal. The Department shall notify the quality of care concerns applicant of its decision and the basis for its decision in writing.

(c) If a child care facility's license, other than a license for a foster family home, is revoked, or if the Department refuses to renew a facility's license, the facility may not reapply for a license before the expiration of 12 months following the Department's action; provided, however, that the denial of a reapplication for a license pursuant to this subsection must be supported by evidence that the prior revocation renders the applicant unqualified or incapable of

satisfying the standards and rules promulgated by the Department pursuant to this Act or maintaining a facility which adheres to such standards and rules.

(d) If a foster family home license (i) is revoked, (ii) is surrendered for cause, or (iii) expires or is surrendered with either certain types of involuntary placement holds in place or while a licensing or child abuse or neglect investigation is pending, or if the Department refuses to renew a foster home license, the foster home may not reapply for a license before the expiration of 5 years following the Department's action or following the expiration or surrender of the license.

If the Department is satisfied that the facility continues to maintain minimum standards which it prescribes and publishes, it shall renew the license to operate the facility.

(b-5) In the case of a quality of care concerns applicant as defined in Section 2.22a of this Act, in addition to the examination required in subsection (b) of this Section, the Department shall not renew the license of a quality of care concerns applicant unless the Department is satisfied that the foster family home does not pose a risk to children and that the foster family home will be able to meet the physical and emotional needs of children. The Department shall

notify the quality of care concerns applicant of its decision and the basis for its decision in writing.

(c) If a child care facility's (other than a child ~~day~~ care center, child ~~day~~ care home, or group child ~~day~~ care home) license, other than a license for a foster family home, is revoked, or if the Department refuses to renew a facility's license, the facility may not reapply for a license before the expiration of 12 months following the Department's action; provided, however, that the denial of a reapplication for a license pursuant to this subsection must be supported by evidence that the prior revocation renders the applicant unqualified or incapable of satisfying the standards and rules promulgated by the Department pursuant to this Act or maintaining a facility which adheres to such standards and rules.

(d) If a foster family home license (i) is revoked, (ii) is surrendered for cause, or (iii) expires or is surrendered with either certain types of involuntary placement holds in place or while a licensing or child abuse or neglect investigation is pending, or if the Department refuses to renew a foster home license, the foster home may not reapply for a license before the expiration of 5 years following the Department's action or following the expiration or surrender of the license.

Sec. 7. (a) The Department must prescribe and publish minimum standards for licensing that apply to the various types of facilities for child care defined in this Act and that are equally applicable to like institutions under the control of the Department and to foster family homes used by and under the direct supervision of the Department. The Department shall seek the advice and assistance of persons representative of the various types of child care facilities in establishing such standards. The standards prescribed and published under this Act take effect as provided in the Illinois Administrative Procedure Act, and are restricted to regulations pertaining to the following matters and to any rules and regulations required or permitted by any other Section of this Act:

(1) The operation and conduct of the facility and responsibility it assumes for child care;

(2) The character, suitability and qualifications of the applicant and other persons directly responsible for the care and welfare of children served. All child ~~day~~ care center licensees and employees who are required to report child abuse or neglect under the Abused and Neglected Child Reporting Act shall be required to attend training on recognizing child abuse and neglect, as prescribed by Department rules;

(3) The general financial ability and competence of

the applicant to provide necessary care for children and to maintain prescribed standards;

(4) The number of individuals or staff required to insure adequate supervision and care of the children received. The standards shall provide that each child care institution, maternity center, day care center, group home, day care home, and group day care home shall have on its premises during its hours of operation at least one staff member certified in first aid, in the Heimlich maneuver and in cardiopulmonary resuscitation by the American Red Cross or other organization approved by rule of the Department. Child welfare agencies shall not be subject to such a staffing requirement. The Department may offer, or arrange for the offering, on a periodic basis in each community in this State in cooperation with the American Red Cross, the American Heart Association or other appropriate organization, voluntary programs to train operators of foster family homes and day care homes in first aid and cardiopulmonary resuscitation;

(5) The appropriateness, safety, cleanliness, and general adequacy of the premises, including maintenance of adequate fire prevention and health standards conforming to State laws and municipal codes to provide for the physical comfort, care, and well-being of children received;

(6) Provisions for food, clothing, educational

opportunities, program, equipment and individual supplies to assure the healthy physical, mental, and spiritual development of children served;

(7) Provisions to safeguard the legal rights of children served;

(8) Maintenance of records pertaining to the admission, progress, health, and discharge of children, including, for day care centers and day care homes, records indicating each child has been immunized as required by State regulations. The Department shall require proof that children enrolled in a facility have been immunized against Haemophilus Influenzae B (HIB);

(9) Filing of reports with the Department;

(10) Discipline of children;

(11) Protection and fostering of the particular religious faith of the children served;

(12) Provisions prohibiting firearms on day care center premises except in the possession of peace officers;

(13) Provisions prohibiting handguns on day care home premises except in the possession of peace officers or other adults who must possess a handgun as a condition of employment and who reside on the premises of a day care home;

(14) Provisions requiring that any firearm permitted on day care home premises, except handguns in the

possession of peace officers, shall be kept in a disassembled state, without ammunition, in locked storage, inaccessible to children and that ammunition permitted on day care home premises shall be kept in locked storage separate from that of disassembled firearms, inaccessible to children;

(15) Provisions requiring notification of parents or guardians enrolling children at a day care home of the presence in the day care home of any firearms and ammunition and of the arrangements for the separate, locked storage of such firearms and ammunition;

(16) Provisions requiring all licensed child care ~~facility~~ employees who care for newborns and infants to complete training every 3 years on the nature of sudden unexpected infant death (SUID), sudden infant death syndrome (SIDS), and the safe sleep recommendations of the American Academy of Pediatrics; and

(17) With respect to foster family homes, provisions requiring the Department to review quality of care concerns and to consider those concerns in determining whether a foster family home is qualified to care for children.

By July 1, 2022, all licensed day care home providers, licensed group day care home providers, and licensed day care center directors and classroom staff shall participate in at least one training that includes the topics of early childhood

Current licensed providers, directors, and classroom staff shall complete training by July 1, 2022 and shall participate in training that includes the above topics at least once every 3 years.

(b) If, in a facility for general child care, there are children diagnosed as mentally ill or children diagnosed as having an intellectual or physical disability, who are determined to be in need of special mental treatment or of nursing care, or both mental treatment and nursing care, the Department shall seek the advice and recommendation of the Department of Human Services, the Department of Public Health, or both Departments regarding the residential treatment and nursing care provided by the institution.

(c) The Department shall investigate any person applying to be licensed as a foster parent to determine whether there is any evidence of current drug or alcohol abuse in the prospective foster family. The Department shall not license a person as a foster parent if drug or alcohol abuse has been identified in the foster family or if a reasonable suspicion of such abuse exists, except that the Department may grant a foster parent license to an applicant identified with an alcohol or drug problem if the applicant has successfully participated in an alcohol or drug treatment program, self-help group, or other suitable activities and if the

Department determines that the foster family home can provide a safe, appropriate environment and meet the physical and emotional needs of children.

(d) The Department, in applying standards prescribed and published, as herein provided, shall offer consultation through employed staff or other qualified persons to assist applicants and licensees in meeting and maintaining minimum requirements for a license and to help them otherwise to achieve programs of excellence related to the care of children served. Such consultation shall include providing information concerning education and training in early childhood development to providers of day care home services. The Department may provide or arrange for such education and training for those providers who request such assistance.

(e) The Department shall distribute copies of licensing standards to all licensees and applicants for a license. Each licensee or holder of a permit shall distribute copies of the appropriate licensing standards and any other information required by the Department to child care facilities under its supervision. Each licensee or holder of a permit shall maintain appropriate documentation of the distribution of the standards. Such documentation shall be part of the records of the facility and subject to inspection by authorized representatives of the Department.

(f) The Department shall prepare summaries of day care licensing standards. Each licensee or holder of a permit for a

The licensee or holder of a permit for a day care facility shall secure appropriate documentation of the distribution of the summary and brochure. Such documentation shall be a part of the records of the facility and subject to inspection by an authorized representative of the Department.

(g) The Department shall distribute to each licensee and holder of a permit copies of the licensing or permit standards applicable to such person's facility. Each licensee or holder of a permit shall make available by posting at all times in a common or otherwise accessible area a complete and current set of licensing standards in order that all employees of the facility may have unrestricted access to such standards. All employees of the facility shall have reviewed the standards and any subsequent changes. Each licensee or holder of a permit shall maintain appropriate documentation of the current review of licensing standards by all employees. Such records shall be part of the records of the facility and subject to inspection by authorized representatives of the Department.

(h) Any standards involving physical examinations, immunization, or medical treatment shall include appropriate exemptions for children whose parents object thereto on the grounds that they conflict with the tenets and practices of a

recognized church or religious organization, of which the parent is an adherent or member, and for children who should not be subjected to immunization for clinical reasons.

(i) The Department, in cooperation with the Department of Public Health, shall work to increase immunization awareness and participation among parents of children enrolled in day care centers and day care homes by publishing on the Department's website information about the benefits of immunization against vaccine preventable diseases, including influenza and pertussis. The information for vaccine preventable diseases shall include the incidence and severity of the diseases, the availability of vaccines, and the importance of immunizing children and persons who frequently have close contact with children. The website content shall be reviewed annually in collaboration with the Department of Public Health to reflect the most current recommendations of the Advisory Committee on Immunization Practices (ACIP). The Department shall work with day care centers and day care homes licensed under this Act to ensure that the information is annually distributed to parents in August or September.

(j) Any standard adopted by the Department that requires an applicant for a license to operate a day care home to include a copy of a high school diploma or equivalent certificate with the person's application shall be deemed to be satisfied if the applicant includes a copy of a high school diploma or equivalent certificate or a copy of a degree from an

accredited institution of higher education or vocational institution or equivalent certificate.

(225 ILCS 10/16.1 rep.)

Section 184. The Child Care Act of 1969 is amended by repealing Sections 3.7 and 16.1.

Section 185. The Structural Pest Control Act is amended by changing Sections 2, 3.03, 3.27, 10.2, 10.3, and 21.1 as follows:

(225 ILCS 235/2) (from Ch. 111 1/2, par. 2202)

(Section scheduled to be repealed on December 31, 2029)

Sec. 2. Legislative intent. It is declared that there exists and may in the future exist within the State of Illinois locations where pesticides are received, stored, formulated or prepared and subsequently used for the control of structural pests, and improper selection, formulation and application of pesticides may adversely affect the public health and general welfare.

It is further established that the use of certain pesticides is restricted or may in the future be restricted to use only by or under the supervision of persons certified in accordance with this Act.

It is recognized that pests can best be controlled through an integrated pest management program that combines preventive techniques, nonchemical pest control methods, and the appropriate use of pesticides with preference for products that are the least harmful to human health and the environment. Integrated pest management is a good practice in the management of pest populations, and it is prudent to employ pest control strategies that are the least hazardous to human health and the environment.

Therefore, the purpose of this Act is to protect, promote and preserve the public health and general welfare by providing for the establishment of minimum standards for selection, formulation and application of restricted pesticides and to provide for the licensure of commercial structural pest control businesses, the registration of persons who own or operate non-commercial structural pest control locations where restricted pesticides are used, and the certification of pest control technicians.

It is also the purpose of this Act to reduce economic, health, and environmental risks by promoting the use of integrated pest management for structural pest control in schools and child ~~day~~ care centers, by making guidelines on

integrated pest management available to schools and child ~~day~~ care centers.

Such guidelines shall be made available to schools, child ~~day~~ care centers and the public upon request.

(b) When economically feasible, each school and child ~~day~~ care center is required to develop and implement an integrated pest management program that incorporates the guidelines developed by the Department. Each school and child ~~day~~ care center must notify the Department, within one year after the effective date of this amendatory Act of the 95th General Assembly and every 5 years thereafter, on forms provided by the Department that the school or child ~~day~~ care center has developed and is implementing an integrated pest management program. (c) The Structural Pest Control Advisory Council shall assist the Department in developing the guidelines for integrated pest management programs. In developing the guidelines, the Council shall consult with individuals knowledgeable in the area of integrated pest management.

(d) The Department, with the assistance of the Cooperative Extension Service and other relevant agencies, may prepare a training program for school or child ~~day~~ care center pest control specialists.

(e) The Department may request copies of a school's or child ~~day~~ care center's integrated pest management program plan and notification required by this Act and offer assistance and training to schools and child ~~day~~ care centers on integrated pest management programs.

(f) The requirements of this Section are subject to appropriation to the Department for the implementation of integrated pest management programs.

Alcoholic liquors may be sold or delivered at any facility owned by the Illinois Sports Facilities Authority provided that dram shop liability insurance has been made available in a form, with such coverage and in such amounts as the Authority reasonably determines is necessary.

Alcoholic liquors may be sold at retail or dispensed at the Rockford State Office Building by (1) an agency of the State, whether legislative, judicial or executive, provided that such agency first obtains written permission to sell or dispense alcoholic liquors from the Department of Central Management Services, or by (2) a not-for-profit organization, provided that such organization:

approved by the board of education.

Alcoholic liquors may be delivered to and sold at retail in any building owned by a public library district, provided that the delivery and sale is approved by the board of trustees of that public library district and is limited to library fundraising events or programs of a cultural or educational nature. Before the board of trustees of a public library district may approve the delivery and sale of alcoholic liquors, the board of trustees of the public library district must have a written policy that has been approved by the board of trustees of the public library district governing when and under what circumstances alcoholic liquors may be delivered to and sold at retail on property owned by that public library district. The written policy must (i) provide that no alcoholic liquor may be sold, distributed, or consumed in any area of the library accessible to the general public during the event or program, (ii) prohibit the removal of alcoholic liquor from the venue during the event, and (iii) require that steps be taken to prevent the sale or distribution of alcoholic liquor to persons under the age of 21. Any public library district that has alcoholic liquor delivered to or sold at retail on property owned by the public library district shall provide dram shop liability insurance in maximum insurance coverage limits so as to save harmless the public library districts from all financial loss, damage, or harm.

Alcoholic liquors may be sold or delivered in buildings owned by the Community Building Complex Committee of Boone County, Illinois if the person or facility selling or dispensing the alcoholic liquor has provided dram shop liability insurance with coverage and in amounts that the Committee reasonably determines are necessary.

(305 ILCS 5/9-6) (from Ch. 23, par. 9-6)

Sec. 9-6. Job Search, Training and Work Programs. The Illinois Department and local governmental units shall initiate, promote and develop job search, training and work programs which will provide employment for and contribute to the training and experience of persons receiving aid under Articles III, V, and VI.

The job search, training and work programs shall be designed to preserve and improve the work habits and skills of recipients for whom jobs are not otherwise immediately available and to provide training and experience for recipients who lack the skills required for such employment opportunities as are or may become available. The Illinois Department and local governmental unit shall determine by rule those classes of recipients who shall be subject to participation in such programs. If made subject to participation, every applicant for or recipient of public aid who is determined to be "able to engage in employment", as defined by the Department or local governmental unit pursuant to rules and regulations, for whom unsubsidized jobs are not

otherwise immediately available shall be required to participate in any program established under this Section.

The Illinois Department shall establish with the Director of Central Management Services an outreach and training program designed to encourage and assist recipients participating in job search, training and work programs to participate in open competitive examinations for trainee and other entry level positions to maximize opportunities for placement on open competitive eligible listings and referral to State agencies for employment consideration.

The Department shall provide payment for transportation, child care ~~day-care~~ and Workers' Compensation costs which occur for recipients as a result of participating in job search, training and work programs as described in this Section. The Department may decline to initiate such programs in areas where eligible recipients would be so few in number as to not economically justify such programs; and in this event the Department shall not require persons in such areas to participate in any job search, training, or work programs whatsoever as a condition of their continued receipt of, or application for, aid.

The programs may include, but shall not be limited to, service in child care centers, in preschool programs as teacher aides and in public health programs as home visitors and health aides; the maintenance of or services required in connection with public offices, buildings and grounds; state,

county and municipal hospitals, forest preserves, parks, playgrounds, streets and highways, and other governmental maintenance or construction directed toward environmental improvement; and similar facilities.

The Illinois Department or local governmental units may enter into agreements with local taxing bodies and private not-for-profit organizations, agencies and institutions to provide for the supervision and administration of job search, work and training projects authorized by this Section. Such agreements shall stipulate the requirements for utilization of recipients in such projects. In addition to any other requirements dealing with the administration of these programs, the Department shall assure, pursuant to rules and regulations, that:

(a) Recipients may not displace regular employees.

(b) The maximum number of hours of mandatory work is 8 hours per day and 40 hours per week, not to exceed 120 hours per month.

(c) The maximum number of hours per month shall be determined by dividing the recipient's benefits by the federal minimum wage, rounded to the lowest full hour. "Recipient's benefits" in this subsection includes: (i) both cash assistance and food stamps provided to the entire assistance unit or household by the Illinois Department where the job search, work and training program is administered by the Illinois Department and, where

federal programs are involved, includes all such cash assistance and food stamps provided to the greatest extent allowed by federal law; or (ii) includes only cash assistance provided to the entire assistance unit by the local governmental unit where the job search, work and training program is administered by the local governmental unit.

(d) The recipient shall be provided or compensated for transportation to and from the work location.

(e) Appropriate terms regarding recipient compensation are met.

Local taxing bodies and private not-for-profit organizations, agencies and institutions which utilize recipients in job search, work and training projects authorized by this Section are urged to include such recipients in the formulation of their employment policies.

Unless directly paid by an employing local taxing body or not-for-profit agency, a recipient participating in a work project who meets all requirements set forth by the Illinois Department shall receive credit towards his or her monthly assistance benefits for work performed based upon the applicable minimum wage rate. Where a recipient is paid directly by an employing agency, the Illinois Department or local governmental unit shall provide for payment to such employing entity the appropriate amount of assistance benefits to which the recipient would otherwise be entitled under this

Code.

The Illinois Department or its designee, including local governmental units, may enter into agreements with the agencies or institutions providing work under programs established hereunder for payment to each such employer (hereinafter called "public service employer") of all or a portion of the wages to be paid to persons for the work performed and other appropriate costs.

If the number of persons receiving aid under Article VI is insufficient to justify the establishment of job search, training and work programs on a local basis by a local governmental unit, or if for other good cause the establishment of a local program is impractical or unwarranted, the local governmental unit shall cooperate with other local governmental units, with civic and non-profit community agencies, and with the Illinois Department in developing a program or programs which will jointly serve the participating governmental units and agencies.

A local governmental unit receiving State funds shall refer all recipients able to engage in employment to such job search, training and work programs as are established, whether within or without the governmental unit, and as are accessible to persons receiving aid from the governmental unit. The Illinois Department shall withhold allocation of state funds to any governmental unit which fails or refuses to make such referrals.

Participants in job search, training and work programs shall be required to maintain current registration for regular employment under Section 11-10 and to accept any bona fide offer of regular employment. They shall likewise be required to accept education, work and training opportunities available to them under other provisions of this Code or Federal law. The Illinois Department or local governmental unit shall provide by rule for periodic review of the circumstances of each participant to determine the feasibility of his placement in regular employment or other work, education and training opportunities.

Moneys made available for public aid purposes under Articles IV and VI may be expended to pay public service employers all or a portion of the wages of public service employees and other appropriate costs, to provide necessary supervisory personnel and equipment, to purchase Workers' Compensation Insurance or to pay Workers' Compensation claims, and to provide transportation to and from work sites.

The Department shall provide through rules and regulations for sanctions against applicants and recipients of aid under this Code who fail to cooperate with the regulations and requirements established pursuant to this Section. Such sanctions may include the loss of eligibility to receive aid under Article VI of this Code for up to 3 months.

The Department, in cooperation with a local governmental unit, may maintain a roster of persons who are required to

participate in a local job search, training and work program. In such cases, the roster shall be available for inspection by employers for the selection of possible workers.

In addition to the programs authorized by this Section, the Illinois Department is authorized to administer any job search, training or work projects in conjunction with the Federal Food Stamp Program, either under this Section or under other regulations required by the Federal government.

The Illinois Department may also administer pilot programs to provide job search, training and work programs to unemployed parents of children receiving child support enforcement services under Article X of this Code.

(2) A participant may request reconciliation and receive notice in writing of a meeting. At least one face-to-face meeting may be scheduled to resolve misunderstandings or disagreements related to program participation and situations which may lead to a potential sanction. (305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)

Sec. 9A-11. Child care.

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is

expensive and families with limited access to economic resources, including those who are transitioning from welfare to work, often struggle to pay the costs of child ~~day~~ care. The General Assembly understands the importance of helping working families with limited access to economic resources become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working families with limited access to economic resources should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

(1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;

(2) families transitioning from TANF to work;

(3) families at risk of becoming recipients of TANF;

(4) families with special needs as defined by rule;

(5) working families with very low incomes as defined by rule;

(6) families that are not recipients of TANF and that

need child care assistance to participate in education and training activities;

(7) youth in care, as defined in Section 4d of the Children and Family Services Act, who are parents, regardless of income or whether they are working or participating in Department-approved employment or education or training programs. Any family that receives child care assistance in accordance with this paragraph shall receive one additional 12-month child care eligibility period after the parenting youth in care's case with the Department of Children and Family Services is closed, regardless of income or whether the parenting youth in care is working or participating in Department-approved employment or education or training programs;

(8) families receiving Extended Family Support Program services from the Department of Children and Family Services, regardless of income or whether they are working or participating in Department-approved employment or education or training programs; and

(9) families with children under the age of 5 who have an open intact family services case with the Department of Children and Family Services. Any family that receives child care assistance in accordance with this paragraph shall remain eligible for child care assistance 6 months after the child's intact family services case is closed,

regardless of whether the child's parents or other relatives as defined by rule are working or participating in Department approved employment or education or training programs. The Department of Early Childhood, in consultation with the Department of Children and Family Services, shall adopt rules to protect the privacy of families who are the subject of an open intact family services case when such families enroll in child care services. Additional rules shall be adopted to offer children who have an open intact family services case the opportunity to receive an Early Intervention screening and other services that their families may be eligible for as provided by the Department of Human Services.

Beginning October 1, 2027, and every October 1 thereafter, the Department of Children and Family Services shall report to the General Assembly on the number of children who received child care via vouchers paid for by the Department of Early Childhood during the preceding fiscal year. The report shall include the ages of children who received child care, the type of child care they received, and the number of months they received child care.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

The Department shall update the Child Care Assistance Program Eligibility Calculator posted on its website to include a question on whether a family is applying for child care assistance for the first time or is applying for a redetermination of eligibility.

A family's eligibility for child care services shall be redetermined no sooner than 12 months following the initial determination or most recent redetermination. During the 12-month periods, the family shall remain eligible for child care services regardless of (i) a change in family income, unless family income exceeds 85% of State median income, or (ii) a temporary change in the ongoing status of the parents or other relatives, as defined by rule, as working or attending a job training or educational program.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. Through and including fiscal year 2007, the specified threshold must be no less than 50% of the then-current State median income for each family size. Beginning in fiscal year 2008, the specified threshold must be no less than 185% of the then-current federal poverty level

for each family size. Notwithstanding any other provision of law or administrative rule to the contrary, beginning in fiscal year 2019, the specified threshold for working families with very low incomes as defined by rule must be no less than 185% of the then-current federal poverty level for each family size. Notwithstanding any other provision of law or administrative rule to the contrary, beginning in State fiscal year 2022 through State fiscal year 2023, the specified income threshold shall be no less than 200% of the then-current federal poverty level for each family size. Beginning in State fiscal year 2024, the specified income threshold shall be no less than 225% of the then-current federal poverty level for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative

Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule. Through June 30, 2026, the rules of this Section include licensure requirements adopted by the Department of Children and Family Services. On and after July 1, 2026, the rules of this Section include licensure requirements adopted by the Department of Early Childhood. In addition, the regulations of this Section include the Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal, and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;

(2) a licensed child care home or home exempt from licensing;

(3) a licensed group child care home;

(4) other types of child care, including child care provided by relatives or persons living in the same home

as the child, as determined by the Illinois Department by rule.

(c-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child ~~and day~~ care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of January 1, 2006 (the effective date of Public Act 94-320), but not before. The State shall engage in collective bargaining with an exclusive representative of child ~~and day~~ care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child ~~and day~~ care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child ~~and day~~ care home providers for any purposes not specifically provided in Public Act 94-320, including, but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child ~~and day~~ care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

In according child ~~and day~~ care home providers and their selected representative rights under the Illinois Public Labor

Relations Act, the State intends that the State action exemption to application of federal and State antitrust laws be fully available to the extent that their activities are authorized by Public Act 94-320.

(d) The Illinois Department shall establish, by rule, a co-payment scale that provides for cost sharing by families that receive child care services, including parents whose only income is from assistance under this Code. The co-payment shall be based on family income and family size and may be based on other factors as appropriate. Co-payments may be waived for families whose incomes are at or below the federal poverty level.

(d-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a plan to revise the child care assistance program's co-payment scale. The plan shall be completed no later than February 1, 2008, and shall include:

(1) findings as to the percentage of income that the average American family spends on child care and the relative amounts that low-income families and the average American family spend on other necessities of life;

(2) recommendations for revising the child care co-payment scale to assure that families receiving child care services from the Department are paying no more than they can reasonably afford;

(3) recommendations for revising the child care

co-payment scale to provide at-risk children with complete access to Preschool for All and Head Start; and

(4) recommendations for changes in child care program policies that affect the affordability of child care.

(e) (Blank).

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

(1) arranging the child care through eligible providers by use of purchase of service contracts or vouchers;

(2) arranging with other agencies and community volunteer groups for non-reimbursed child care;

(3) (blank); or

(4) adopting such other arrangements as the Department determines appropriate.

(f-1) Within 30 days after June 4, 2018 (the effective date of Public Act 100-587), the Department of Human Services shall establish rates for child care providers that are no less than the rates in effect on January 1, 2018 increased by 4.26%.

(f-5) (Blank).

(g) Families eligible for assistance under this Section shall be given the following options:

(1) receiving a child care certificate issued by the Department or a subcontractor of the Department that may

be used by the parents as payment for child care and development services only; or

(2) if space is available, enrolling the child with a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.

Section 197. The Department of Early Childhood Act is amended by changing the heading of Article 20 and Sections 20-10, 20-15, 20-20, 20-25, and 20-35 by changing Section 1-10 as follows:

(325 ILCS 3/1-10)

Sec. 1-10. Purpose. It is the purpose of this Act to provide for the creation of the Department of Early Childhood and to transfer to it certain rights, powers, duties, and

functions currently exercised by various agencies of State Government. The Department of Early Childhood shall be the lead State agency for administering and providing early childhood education and care programs and services to children and families. This Act centralizes home-visiting services, early intervention services, preschool services, child care services, licensing for child ~~day~~ care centers, child ~~day~~ care homes, and group child ~~day~~ care homes, and other early childhood education and care programs and administrative functions historically managed by the Illinois State Board of Education, the Illinois Department of Human Services, and the Illinois Department of Children and Family Services. Centralizing early childhood functions into a single State agency is intended to simplify the process for parents and caregivers to identify and enroll children in early childhood services, to create new, equity-driven statewide systems, to streamline administrative functions for providers, and to improve kindergarten readiness for children.

(Source: P.A. 103-594, eff. 6-25-24.)

(325 ILCS 3/20-10)

Sec. 20-10. Child care.

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with limited access to economic resources, including those who are transitioning from welfare to work, often struggle to pay the costs of child ~~day~~ care. The General Assembly understands the importance of helping working families with limited access to economic resources become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working families with limited access to economic resources should be treated equally, regardless of their welfare status.

(b) On and after July 1, 2026, to the extent resources permit, the Illinois Department of Early Childhood shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs as prescribed in Section 9A-11 of the Illinois Public Aid Code.

(c) Smart Start Child Care Program. Through June 30, 2026, subject to appropriation, the Department of Human Services shall establish and administer the Smart Start Child Care Program. On and after July 1, 2026, the Department of Early Childhood shall administer the Smart Start Child Care Program. The Smart Start Child Care Program shall focus on creating

affordable child care, as well as increasing access to child care, for Illinois residents and may include, but is not limited to, providing funding to increase preschool availability, providing funding for child care ~~childcare~~ workforce compensation or capital investments, and expanding funding for Early Childhood Access Consortium for Equity Scholarships. The Department with authority to administer the Smart Start Child Care Program shall establish program eligibility criteria, participation conditions, payment levels, and other program requirements by rule. The Department with authority to administer the Smart Start Child Care Program may consult with the Capital Development Board, the Department of Commerce and Economic Opportunity, the State Board of Education, and the Illinois Housing Development Authority, and other state agencies as determined by the Department in the management and disbursement of funds for capital-related projects. The Capital Development Board, the Department of Commerce and Economic Opportunity, the State Board of Education, and the Illinois Housing Development Authority, and other state agencies as determined by the Department shall act in a consulting role only for the evaluation of applicants, scoring of applicants, or administration of the grant program.

Sec. 20-15. Child ~~Day~~ care services.

(a) For the purpose of ensuring effective statewide planning, development, and utilization of resources for the child ~~day~~ care of children, operated under various auspices, the Department of Early Childhood is designated on and after July 1, 2026 to coordinate all child ~~day~~ care activities for children of the State and shall develop or continue, and shall update every year, a State comprehensive child ~~day~~ care plan for submission to the Governor that identifies high-priority areas and groups, relating them to available resources and identifying the most effective approaches to the use of existing child ~~day~~ care services. The State comprehensive child ~~day~~ care plan shall be made available to the General Assembly following the Governor's approval of the plan.

The plan shall include methods and procedures for the development of additional child ~~day~~ care resources for children to meet the goal of reducing short-run and long-run dependency and to provide necessary enrichment and stimulation to the education of young children. Recommendations shall be made for State policy on optimum use of private and public, local, State and federal resources, including an estimate of the resources needed for the licensing and regulation of child ~~day~~ care facilities.

A written report shall be submitted to the Governor and the General Assembly annually on April 15. The report shall include an evaluation of developments over the preceding

fiscal year, including cost-benefit analyses of various arrangements. Beginning with the report in 1990 submitted by the Department's predecessor agency and every 2 years thereafter, the report shall also include the following:

(1) An assessment of the child care services, needs and available resources throughout the State and an assessment of the adequacy of existing child care services, including, but not limited to, services assisted under this Act and under any other program administered by other State agencies.

(2) A survey of child ~~day~~ care facilities to determine the number of qualified caregivers, as defined by rule, attracted to vacant positions and any problems encountered by facilities in attracting and retaining capable caregivers. The report shall include an assessment, based on the survey, of improvements in employee benefits that may attract capable caregivers.

(3) The average wages and salaries and fringe benefit packages paid to caregivers throughout the State, computed on a regional basis, compared to similarly qualified employees in other but related fields.

(4) The qualifications of new caregivers hired at licensed child ~~day~~ care facilities during the previous 2-year period.

(5) Recommendations for increasing caregiver wages and salaries to ensure quality care for children.

(6) Evaluation of the fee structure and income eligibility for child care subsidized by the State.

(b) The Department of Early Childhood shall establish policies and procedures for developing and implementing interagency agreements with other agencies of the State providing child care services or reimbursement for such services. The plans shall be annually reviewed and modified for the purpose of addressing issues of applicability and service system barriers.

(c) In cooperation with other State agencies, the Department of Early Childhood shall develop and implement, or shall continue, a resource and referral system for the State of Illinois either within the Department or by contract with local or regional agencies. Funding for implementation of this system may be provided through Department appropriations or other interagency funding arrangements. The resource and referral system shall provide at least the following services:

(1) Assembling and maintaining a database on the supply of child care services.

(2) Providing information and referrals for parents.

(3) Coordinating the development of new child care resources.

(4) Providing technical assistance and training to child care service providers.

(5) Recording and analyzing the demand for child care services.

(d) The Department of Early Childhood shall conduct child ~~day~~ care planning activities with the following priorities:

(1) Development of voluntary child ~~day~~ care resources wherever possible, with the provision for grants-in-aid only where demonstrated to be useful and necessary as incentives or supports. The Department shall design a plan to create more child care slots as well as goals and timetables to improve quality and accessibility of child care.

(2) Emphasis on service to children of recipients of public assistance when such service will allow training or employment of the parent toward achieving the goal of independence.

(3) Care of children from families in stress and crises whose members potentially may become, or are in danger of becoming, non-productive and dependent.

(4) Expansion of family child ~~day~~ care facilities wherever possible.

(5) Location of centers in economically depressed neighborhoods, preferably in multi-service centers with cooperation of other agencies. The Department shall coordinate the provision of grants, but only to the extent funds are specifically appropriated for this purpose, to encourage the creation and expansion of child care centers in high need communities to be issued by the State, business, and local governments.

(6) Use of existing facilities free of charge or for reasonable rental whenever possible in lieu of construction.

(7) Development of strategies for assuring a more complete range of child ~~day~~ care options, including provision of child ~~day~~ care services in homes, in schools, or in centers, which will enable parents to complete a course of education or obtain or maintain employment and the creation of more child care options for swing shift, evening, and weekend workers and for working women with sick children. The Department shall encourage companies to provide child care in their own offices or in the building in which the corporation is located so that employees of all the building's tenants can benefit from the facility.

(8) Development of strategies for subsidizing students pursuing degrees in the child care field.

(9) Continuation and expansion of service programs that assist teen parents to continue and complete their education.

Emphasis shall be given to support services that will help to ensure such parents' graduation from high school and to services for participants in any programs of job training conducted by the Department.

(e) The Department of Early Childhood shall actively stimulate the development of public and private resources at the local level. It shall also seek the fullest utilization of

federal funds directly or indirectly available to the Department. Where appropriate, existing non-governmental agencies or associations shall be involved in planning by the Department.

Sec. 20-20. Child ~~Day~~ care facilities for the children of migrant workers. On and after July 1, 2026, the Department of Early Childhood shall operate child ~~day~~ care facilities for the children of migrant workers in areas of the State where they are needed. The Department of Early Childhood may provide these child ~~day~~ care services by contracting with private centers if practicable. "Migrant worker" means any person who moves seasonally from one place to another, within or without the State, for the purpose of employment in agricultural activities.

Sec. 20-25. Licensing child ~~day~~ care facilities.

(a) Beginning July 1, 2024, the Department of Early Childhood and the Department of Children and Family Services shall collaborate and plan for the transition of administrative responsibilities related to licensing child ~~day~~ care centers, child ~~day~~ care homes, and group child ~~day~~ care

homes as prescribed throughout the Child Care Act of 1969.

(b) Beginning July 1, 2026, the Department of Early Childhood shall manage all facets of licensing for child ~~day~~ care centers, child ~~day~~ care homes, and group child ~~day~~ care homes as prescribed throughout the Child Care Act of 1969.

(325 ILCS 3/20-35)

Sec. 20-35. Great START program.

(a) Through June 30, 2026, the Department of Human Services shall, subject to a specific appropriation for this purpose, operate a Great START (Strategy To Attract and Retain Teachers) program. The goal of the program is to improve children's developmental and educational outcomes in child care by encouraging increased professional preparation by staff and staff retention. The Great START program shall coordinate with the TEACH professional development program.

The program shall provide wage supplements and may include other incentives to licensed child care center personnel, including early childhood teachers, school-age workers, early childhood assistants, school-age assistants, and directors, as such positions are defined by administrative rule of the Department of Children and Family Services. The program shall provide wage supplements and may include other incentives to licensed family child ~~day~~ care home personnel and licensed group child ~~day~~ care home personnel, including caregivers and

assistants as such positions are defined by administrative rule of the Department of Children and Family Services. Individuals will receive supplements commensurate with their qualifications.

(b) On and after July 1, 2026, the Department of Early Childhood shall, subject to a specific appropriation for this purpose, operate a Great START program. The goal of the program is to improve children's developmental and educational outcomes in child care by encouraging increased professional preparation by staff and staff retention. The Great START program shall coordinate with the TEACH professional development program.

The program shall provide wage supplements and may include other incentives to licensed child care center personnel, including early childhood teachers, school-age workers, early childhood assistants, school-age assistants, and directors, as such positions are defined by administrative rule by the Department pursuant to subsections (a) and this subsection.

(c) The Department, pursuant to subsections (a) and (b), shall, by rule, define the scope and operation of the program, including a wage supplement scale. The scale shall pay increasing amounts for higher levels of educational attainment beyond minimum qualifications and shall recognize longevity of employment. Subject to the availability of sufficient appropriation, the wage supplements shall be paid to child care personnel in the form of bonuses at 6-month intervals.

Six months of continuous service with a single employer is required to be eligible to receive a wage supplement bonus. Wage supplements shall be paid directly to individual child ~~day~~ care personnel, not to their employers. Eligible individuals must provide to the Department or its agent all information and documentation, including but not limited to college transcripts, to demonstrate their qualifications for a particular wage supplement level.

If appropriations permit, the Department may include one-time signing bonuses or other incentives to help providers attract staff, provided that the signing bonuses are less than the supplement staff would have received if they had remained employed with another child ~~day~~ care center or family child ~~day~~ care home.

If appropriations permit, the Department may include one-time longevity bonuses or other incentives to recognize staff who have remained with a single employer.

Section 200. The Abused and Neglected Child Reporting Act is amended by changing Sections 2, 4, and 8.2 as follows:

(325 ILCS 5/2) (from Ch. 23, par. 2052)

Sec. 2. (a) The Illinois Department of Children and Family Services shall, upon receiving reports made under this Act, protect the health, safety, and best interests of the child in

all situations in which the child is vulnerable to child abuse or neglect, offer protective services in order to prevent any further harm to the child and to other children in the same environment or family, stabilize the home environment, and preserve family life whenever possible. Recognizing that children also can be abused and neglected while living in public or private residential agencies or institutions meant to serve them, while attending child ~~day~~ care centers, schools, or religious activities, or when in contact with adults who are responsible for the welfare of the child at that time, this Act also provides for the reporting and investigation of child abuse and neglect in such instances. In performing any of these duties, the Department may utilize such protective services of voluntary agencies as are available.

(b) The Department shall be responsible for receiving and investigating reports of adult resident abuse or neglect under the provisions of this Act.

(Source: P.A. 96-1446, eff. 8-20-10.)

(325 ILCS 5/4)

Sec. 4. Persons required to report; privileged communications; transmitting false report.

(a) The following persons are required to immediately report to the Department when they have reasonable cause to believe that a child known to them in their professional or

official capacities may be an abused child or a neglected child:

(1) Medical personnel, including any: physician licensed to practice medicine in any of its branches (medical doctor or doctor of osteopathy); resident; intern; medical administrator or personnel engaged in the examination, care, and treatment of persons; psychiatrist; surgeon; dentist; dental hygienist; chiropractic physician; podiatric physician; physician assistant; emergency medical technician; physical therapist; physical therapy assistant; occupational therapist; occupational therapy assistant; acupuncturist; registered nurse; licensed practical nurse; advanced practice registered nurse; genetic counselor; respiratory care practitioner; home health aide; or certified nursing assistant.

(4) Education personnel, including any: school personnel (including administrators and certified and non-certified school employees); personnel of institutions of higher education; educational advocate assigned to a child in accordance with the School Code; member of a school board or the Chicago Board of Education or the governing body of a private school (but only to the extent required under subsection (d)); or truant officer.

(5) Recreation or athletic program or facility personnel; or an athletic trainer.

(6) Child care personnel, including any: early intervention provider as defined in the Early Intervention Services System Act; director or staff assistant of a nursery school or a child ~~day~~ care center; or foster parent, homemaker, or child care worker.

(7) Law enforcement personnel, including any: law enforcement officer; field personnel of the Department of Juvenile Justice; field personnel of the Department of Corrections; probation officer; or animal control officer or field investigator of the Department of Agriculture's

Bureau of Animal Health and Welfare.

(8) Any funeral home director; funeral home director and embalmer; funeral home employee; coroner; or medical examiner.

(9) Any member of the clergy.

(10) Any physician, physician assistant, registered nurse, licensed practical nurse, medical technician, certified nursing assistant, licensed social worker, licensed clinical social worker, or licensed professional counselor of any office, clinic, licensed behavior analyst, licensed assistant behavior analyst, or any other physical location that provides abortions, abortion referrals, or contraceptives.

(b) When 2 or more persons who work within the same workplace and are required to report under this Act share a reasonable cause to believe that a child may be an abused or neglected child, one of those reporters may be designated to make a single report. The report shall include the names and contact information for the other mandated reporters sharing the reasonable cause to believe that a child may be an abused or neglected child. The designated reporter must provide written confirmation of the report to those mandated reporters within 48 hours. If confirmation is not provided, those mandated reporters are individually responsible for immediately ensuring a report is made. Nothing in this Section precludes or may be used to preclude any person from reporting

child abuse or child neglect.

(c)(1) As used in this Section, "a child known to them in their professional or official capacities" means:

(A) the mandated reporter comes into contact with the child in the course of the reporter's employment or practice of a profession, or through a regularly scheduled program, activity, or service;

(B) the mandated reporter is affiliated with an agency, institution, organization, school, school district, regularly established church or religious organization, or other entity that is directly responsible for the care, supervision, guidance, or training of the child; or

(C) a person makes a specific disclosure to the mandated reporter that an identifiable child is the victim of child abuse or child neglect, and the disclosure happens while the mandated reporter is engaged in the reporter's employment or practice of a profession, or in a regularly scheduled program, activity, or service.

(2) Nothing in this Section requires a child to come before the mandated reporter in order for the reporter to make a report of suspected child abuse or child neglect.

(d) If an allegation is raised to a school board member during the course of an open or closed school board meeting that a child who is enrolled in the school district of which the person is a board member is an abused child as defined in

Section 3 of this Act, the member shall direct or cause the school board to direct the superintendent of the school district or other equivalent school administrator to comply with the requirements of this Act concerning the reporting of child abuse. For purposes of this paragraph, a school board member is granted the authority in that board member's individual capacity to direct the superintendent of the school district or other equivalent school administrator to comply with the requirements of this Act concerning the reporting of child abuse.

Notwithstanding any other provision of this Act, if an employee of a school district has made a report or caused a report to be made to the Department under this Act involving the conduct of a current or former employee of the school district and a request is made by another school district for the provision of information concerning the job performance or qualifications of the current or former employee because the current or former employee is an applicant for employment with the requesting school district, the general superintendent of the school district to which the request is being made must disclose to the requesting school district the fact that an employee of the school district has made a report involving the conduct of the applicant or caused a report to be made to the Department, as required under this Act. Only the fact that an employee of the school district has made a report involving the conduct of the applicant or caused a report to be made to

the Department may be disclosed by the general superintendent of the school district to which the request for information concerning the applicant is made, and this fact may be disclosed only in cases where the employee and the general superintendent have not been informed by the Department that the allegations were unfounded. An employee of a school district who is or has been the subject of a report made pursuant to this Act during the employee's employment with the school district must be informed by that school district that if the employee applies for employment with another school district, the general superintendent of the former school district, upon the request of the school district to which the employee applies, shall notify that requesting school district that the employee is or was the subject of such a report.

(e) Whenever such person is required to report under this Act in the person's capacity as a member of the staff of a medical or other public or private institution, school, facility or agency, or as a member of the clergy, the person shall make report immediately to the Department in accordance with the provisions of this Act and may also notify the person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or designated agent of the person in charge that such report has been made. Under no circumstances shall any person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other

religious institution, or designated agent of the person in charge to whom such notification has been made, exercise any control, restraint, modification or other change in the report or the forwarding of such report to the Department.

(f) In addition to the persons required to report suspected cases of child abuse or child neglect under this Section, any other person may make a report if such person has reasonable cause to believe a child may be an abused child or a neglected child.

(g) The privileged quality of communication between any professional person required to report and the professional person's patient or client shall not apply to situations involving abused or neglected children and shall not constitute grounds for failure to report as required by this Act or constitute grounds for failure to share information or documents with the Department during the course of a child abuse or neglect investigation. If requested by the professional, the Department shall confirm in writing that the information or documents disclosed by the professional were gathered in the course of a child abuse or neglect investigation.

The reporting requirements of this Act shall not apply to the contents of a privileged communication between an attorney and the attorney's client or to confidential information within the meaning of Rule 1.6 of the Illinois Rules of Professional Conduct relating to the legal representation of

an individual client.

A member of the clergy may claim the privilege under Section 8-803 of the Code of Civil Procedure.

(h) Any office, clinic, or any other physical location that provides abortions, abortion referrals, or contraceptives shall provide to all office personnel copies of written information and training materials about abuse and neglect and the requirements of this Act that are provided to employees of the office, clinic, or physical location who are required to make reports to the Department under this Act, and instruct such office personnel to bring to the attention of an employee of the office, clinic, or physical location who is required to make reports to the Department under this Act any reasonable suspicion that a child known to office personnel in their professional or official capacity may be an abused child or a neglected child.

(i) Any person who enters into employment on and after July 1, 1986 and is mandated by virtue of that employment to report under this Act, shall sign a statement on a form prescribed by the Department, to the effect that the employee has knowledge and understanding of the reporting requirements of this Act. On and after January 1, 2019, the statement shall also include information about available mandated reporter training provided by the Department. The statement shall be signed prior to commencement of the employment. The signed statement shall be retained by the employer. The cost of

printing, distribution, and filing of the statement shall be borne by the employer.

(j) Persons required to report child abuse or child neglect as provided under this Section must complete an initial mandated reporter training, including a section on implicit bias, within 3 months of their date of engagement in a professional or official capacity as a mandated reporter, or within the time frame of any other applicable State law that governs training requirements for a specific profession, and at least every 3 years thereafter. The initial requirement only applies to the first time they engage in their professional or official capacity. In lieu of training every 3 years, medical personnel, as listed in paragraph (1) of subsection (a), must meet the requirements described in subsection (k).

The mandated reporter trainings shall be in-person or web-based, and shall include, at a minimum, information on the following topics: (i) indicators for recognizing child abuse and child neglect, as defined under this Act; (ii) the process for reporting suspected child abuse and child neglect in Illinois as required by this Act and the required documentation; (iii) responding to a child in a trauma-informed manner; and (iv) understanding the response of child protective services and the role of the reporter after a call has been made. Child-serving organizations are encouraged to provide in-person annual trainings.

The implicit bias section shall be in-person or web-based, and shall include, at a minimum, information on the following topics: (i) implicit bias and (ii) racial and ethnic sensitivity. As used in this subsection, "implicit bias" means the attitudes or internalized stereotypes that affect people's perceptions, actions, and decisions in an unconscious manner and that exist and often contribute to unequal treatment of people based on race, ethnicity, gender identity, sexual orientation, age, disability, and other characteristics. The implicit bias section shall provide tools to adjust automatic patterns of thinking and ultimately eliminate discriminatory behaviors. During these trainings mandated reporters shall complete the following: (1) a pretest to assess baseline implicit bias levels; (2) an implicit bias training task; and (3) a posttest to reevaluate bias levels after training. The implicit bias curriculum for mandated reporters shall be developed within one year after January 1, 2022 (the effective date of Public Act 102-604) and shall be created in consultation with organizations demonstrating expertise and or experience in the areas of implicit bias, youth and adolescent developmental issues, prevention of child abuse, exploitation, and neglect, culturally diverse family systems, and the child welfare system.

The mandated reporter training, including a section on implicit bias, shall be provided through the Department, through an entity authorized to provide continuing education

for professionals licensed through the Department of Financial and Professional Regulation, the State Board of Education, the Illinois Law Enforcement Training Standards Board, or the Illinois State Police, or through an organization approved by the Department to provide mandated reporter training, including a section on implicit bias. The Department must make available a free web-based training for reporters.

Each mandated reporter shall report to the mandated reporter's employer and, when applicable, to the mandated reporter's licensing or certification board that the mandated reporter received the mandated reporter training. The mandated reporter shall maintain records of completion.

Beginning January 1, 2021, if a mandated reporter receives licensure from the Department of Financial and Professional Regulation or the State Board of Education, and the mandated reporter's profession has continuing education requirements, the training mandated under this Section shall count toward meeting the licensee's required continuing education hours.

(k)(1) Medical personnel, as listed in paragraph (1) of subsection (a), who work with children in their professional or official capacity, must complete mandated reporter training at least every 6 years. Such medical personnel, if licensed, must attest at each time of licensure renewal on their renewal form that they understand they are a mandated reporter of child abuse and neglect, that they are aware of the process for making a report, that they know how to respond to a child in a

trauma-informed manner, and that they are aware of the role of child protective services and the role of a reporter after a call has been made.

(2) In lieu of repeated training, medical personnel, as listed in paragraph (1) of subsection (a), who do not work with children in their professional or official capacity, may instead attest each time at licensure renewal on their renewal form that they understand they are a mandated reporter of child abuse and neglect, that they are aware of the process for making a report, that they know how to respond to a child in a trauma-informed manner, and that they are aware of the role of child protective services and the role of a reporter after a call has been made. Nothing in this paragraph precludes medical personnel from completing mandated reporter training and receiving continuing education credits for that training.

(l) The Department shall provide copies of this Act, upon request, to all employers employing persons who shall be required under the provisions of this Section to report under this Act.

(m) Any person who knowingly transmits a false report to the Department commits the offense of disorderly conduct under subsection (a)(7) of Section 26-1 of the Criminal Code of 2012. A violation of this provision is a Class 4 felony.

Any person who knowingly and willfully violates any provision of this Section other than a second or subsequent violation of transmitting a false report as described in the

preceding paragraph, is guilty of a Class A misdemeanor for a first violation and a Class 4 felony for a second or subsequent violation; except that if the person acted as part of a plan or scheme having as its object the prevention of discovery of an abused or neglected child by lawful authorities for the purpose of protecting or insulating any person or entity from arrest or prosecution, the person is guilty of a Class 4 felony for a first offense and a Class 3 felony for a second or subsequent offense (regardless of whether the second or subsequent offense involves any of the same facts or persons as the first or other prior offense).

(n) A child whose parent, guardian or custodian in good faith selects and depends upon spiritual means through prayer alone for the treatment or cure of disease or remedial care may be considered neglected or abused, but not for the sole reason that the child's parent, guardian or custodian accepts and practices such beliefs.

(o) A child shall not be considered neglected or abused solely because the child is not attending school in accordance with the requirements of Article 26 of the School Code, as amended.

(p) Nothing in this Act prohibits a mandated reporter who reasonably believes that an animal is being abused or neglected in violation of the Humane Care for Animals Act from reporting animal abuse or neglect to the Department of Agriculture's Bureau of Animal Health and Welfare.

(q) A home rule unit may not regulate the reporting of child abuse or neglect in a manner inconsistent with the provisions of this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(r) For purposes of this Section "child abuse or neglect" includes abuse or neglect of an adult resident as defined in this Act.

(325 ILCS 5/8.2) (from Ch. 23, par. 2058.2)

Sec. 8.2. If the Child Protective Service Unit determines, following an investigation made pursuant to Section 7.4 of this Act, that there is credible evidence that the child is abused or neglected, the Department shall assess the family's need for services, and, as necessary, develop, with the family, an appropriate service plan for the family's voluntary acceptance or refusal. In any case where there is evidence that the perpetrator of the abuse or neglect has a substance use disorder as defined in the Substance Use Disorder Act, the Department, when making referrals for drug or alcohol abuse services, shall make such referrals to facilities licensed by the Department of Human Services or the Department of Public

Health. The Department shall comply with Section 8.1 by explaining its lack of legal authority to compel the acceptance of services and may explain its concomitant authority to petition the Circuit court under the Juvenile Court Act of 1987 or refer the case to the local law enforcement authority or State's attorney for criminal prosecution.

For purposes of this Act, the term "family preservation services" refers to all services to help families, including adoptive and extended families. Family preservation services shall be offered, where safe and appropriate, to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare without endangering the children's health or safety, to reunite them with their families if so placed when reunification is an appropriate goal, or to maintain an adoptive placement. The term "homemaker" includes emergency caretakers, homemakers, caretakers, housekeepers and chore services. The term "counseling" includes individual therapy, infant stimulation therapy, family therapy, group therapy, self-help groups, drug and alcohol abuse counseling, vocational counseling and post-adoptive services. The term "child ~~day~~ care" includes protective child ~~day~~ care and child ~~day~~ care to meet educational, prevocational or vocational needs. The term "emergency assistance and advocacy" includes coordinated

services to secure emergency cash, food, housing and medical assistance or advocacy for other subsistence and family protective needs.

Before July 1, 2000, appropriate family preservation services shall, subject to appropriation, be included in the service plan if the Department has determined that those services will ensure the child's health and safety, are in the child's best interests, and will not place the child in imminent risk of harm. Beginning July 1, 2000, appropriate family preservation services shall be uniformly available throughout the State. The Department shall promptly notify children and families of the Department's responsibility to offer and provide family preservation services as identified in the service plan. Such plans may include but are not limited to: case management services; homemakers; counseling; parent education; child ~~day~~ care; emergency assistance and advocacy assessments; respite care; in-home health care; transportation to obtain any of the above services; and medical assistance. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set

out in the plan, if those services are not provided with reasonable promptness and if those services are available.

Each Department field office shall maintain on a local basis directories of services available to children and families in the local area where the Department office is located.

The Department shall refer children and families served pursuant to this Section to private agencies and governmental agencies, where available.

Incentives that discourage or reward a decision to provide family preservation services after a report is indicated or a decision to refer a child for the filing of a petition under Article II of the Juvenile Court Act of 1987 are strictly prohibited and shall not be included in any contract, quality assurance, or performance review process. Incentives include, but are not limited to, monetary benefits, contingencies, and enhanced or diminished performance reviews for individuals or agencies.

Any decision regarding whether to provide family preservation services after an indicated report or to refer a child for the filing of a petition under Article II of the Juvenile Court Act of 1987 shall be based solely on the child's health, safety, and best interests and on any applicable law. If a difference of opinion exists between a private agency and the Department regarding whether to refer for the filing of a petition under Article II of the Juvenile Court Act of 1987,

the case shall be referred to the Deputy Director of Child Protection for review and determination.

Any Department employee responsible for reviewing contracts or program plans who is aware of a violation of this Section shall immediately refer the matter to the Inspector General of the Department.

Where there are 2 equal proposals from both a not-for-profit and a for-profit agency to provide services, the Department shall give preference to the proposal from the not-for-profit agency.

No service plan shall compel any child or parent to engage in any activity or refrain from any activity which is not reasonably related to remedying a condition or conditions that gave rise or which could give rise to any finding of child abuse or neglect.

Other reliable proof of the child's identity and age shall include a passport, visa or other governmental documentation of the child's identity. When the person enrolling the child provides the school or other entity with a certified copy of the child's birth certificate, the

school or other entity shall promptly make a copy of the certified copy for its records and return the original certified copy to the person enrolling the child. Once a school or other entity has been provided with a certified copy of a child's birth certificate as required under item (i) of this subdivision (b)(1), the school or other entity need not request another such certified copy with respect to that child for any other year in which the child is enrolled in that school or other entity.

(2) Upon the failure of a person enrolling a child to comply with subsection (b) (1), the school or other entity shall immediately notify the Illinois State Police or local law enforcement agency of such failure, and shall notify the person enrolling the child in writing that he has 10 additional days to comply.

(3) The school or other entity shall immediately report to the Illinois State Police any affidavit received pursuant to this subsection which appears inaccurate or suspicious in form or content.

(c) Within 14 days after enrolling a transfer student, the elementary or secondary school shall request directly from the student's previous school a certified copy of his record. The requesting school shall exercise due diligence in obtaining the copy of the record requested. Any elementary or secondary school requested to forward a copy of a transferring student's record to the new school shall comply within 10 days of receipt

of the request unless the record has been flagged pursuant to subsection (a), in which case the copy shall not be forwarded and the requested school shall notify the Illinois State Police or local law enforcement authority of the request.

The training indicated in subsections (c) and (d) of this Section is not transferable between individuals or employers. Proof that a food handler has been trained must be available upon reasonable request by a State or local health department inspector and may be provided electronically.

(c) If a business with an internal training program is approved in another state prior to the effective date of this amendatory Act of the 98th General Assembly, then the business's training program and assessment shall be automatically approved by the Department upon the business providing proof that the program is approved in said state.

(d) The Department shall approve the training program of any multi-state business or a franchisee, as defined in the Franchise Disclosure Act of 1987, of any multi-state business with a plan that follows the guidelines in subsection (b) of Section 3.05 of this Act and is on file with the Department by August 1, 2017.

(e) If an entity uses an American National Standards Institute food handler training accredited program, that training program shall be automatically approved by the Department.

(f) Certified local health departments in counties serving jurisdictions with a population of 100,000 or less, as reported by the U.S. Census Bureau in the 2010 Census of Population, may have a training program. The training program must meet the requirements of Section 3.05(b) and be approved by the Department. This Section notwithstanding, certified local health departments in the following counties may have a training program:

(1) a county with a population of 677,560 as reported by the U.S. Census Bureau in the 2010 Census of

Population;

(2) a county with a population of 308,760 as reported by the U.S. Census Bureau in the 2010 Census of Population;

(3) a county with a population of 515,269 as reported by the U.S. Census Bureau in the 2010 Census of Population;

(4) a county with a population of 114,736 as reported by the U.S. Census Bureau in the 2010 Census of Population;

(5) a county with a population of 110,768 as reported by the U.S. Census Bureau in the 2010 Census of Population;

(6) a county with a population of 135,394 as reported by the U.S. Census Bureau in the 2010 Census of Population.

The certified local health departments in paragraphs (1) through (6) of this subsection (f) must have their training programs on file with the Department no later than 90 days after the effective date of this Act. Any modules that meet the requirements of subsection (b) of Section 3.05 of this Act and are not approved within 180 days after the Department's receipt of the application of the entity seeking to conduct the training shall automatically be considered approved by the Department.

(g) Any and all documents, materials, or information

related to a restaurant or business food handler training module submitted to the Department is confidential and shall not be open to public inspection or dissemination and is exempt from disclosure under Section 7 of the Freedom of Information Act. Training may be conducted by any means available, including, but not limited to, on-line, computer, classroom, live trainers, remote trainers, and certified food service sanitation managers. There must be at least one commercially available, approved food handler training module at a cost of no more than $15 per employee; if an approved food handler training module is not available at that cost, then the provisions of this Section 3.06 shall not apply.

(h) The regulation of food handler training is considered to be an exclusive function of the State, and local regulation is prohibited. This subsection (h) is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(i) The provisions of this Section apply beginning July 1, 2014. From July 1, 2014 through December 31, 2014, enforcement of the provisions of this Section shall be limited to education and notification of requirements to encourage compliance.

Section 250. The Environmental Protection Act is amended

by changing Section 17.12 as follows:

(415 ILCS 5/17.12)

Sec. 17.12. Lead service line replacement and notification.

(a) The purpose of this Act is to: (1) require the owners and operators of community water supplies to develop, implement, and maintain a comprehensive water service line material inventory and a comprehensive lead service line replacement plan, provide notice to occupants of potentially affected buildings before any construction or repair work on water mains or lead service lines, and request access to potentially affected buildings before replacing lead service lines; and (2) prohibit partial lead service line replacements, except as authorized within this Section.

(b) The General Assembly finds and declares that:

(1) There is no safe level of exposure to heavy metal lead, as found by the United States Environmental Protection Agency and the Centers for Disease Control and Prevention.

(2) Lead service lines can convey this harmful substance to the drinking water supply.

(3) According to the Illinois Environmental Protection Agency's 2018 Service Line Material Inventory, the State of Illinois is estimated to have over 680,000 lead-based service lines still in operation.

(4) The true number of lead service lines is not fully known because Illinois lacks an adequate inventory of lead service lines.

(5) For the general health, safety, and welfare of its residents, all lead service lines in Illinois should be disconnected from the drinking water supply, and the State's drinking water supply.

(c) In this Section:

"Advisory Board" means the Lead Service Line Replacement Advisory Board created under subsection (x).

"Community water supply" has the meaning ascribed to it in Section 3.145 of this Act.

"Department" means the Department of Public Health.

"Emergency repair" means any unscheduled water main, water service, or water valve repair or replacement that results from failure or accident.

"Fund" means the Lead Service Line Replacement Fund created under subsection (bb).

"Lead service line" means a service line made of lead or service line connected to a lead pigtail, lead gooseneck, or other lead fitting.

"Small system" means a community water supply that regularly serves water to 3,300 or fewer persons.

(d) An owner or operator of a community water supply shall:

(1) develop an initial material inventory by April 15, 2022 and electronically submit by April 15, 2023 an updated material inventory electronically to the Agency; and

(2) deliver a complete material inventory to the Agency no later than April 15, 2024, or such time as required by federal law, whichever is sooner. The complete inventory shall report the composition of all service lines in the community water supply's distribution system.

(e) The Agency shall review and approve the final material inventory submitted to it under subsection (d).

(f) If a community water supply does not submit a complete inventory to the Agency by April 15, 2024 under paragraph (2) of subsection (d), the community water supply may apply for an extension to the Agency no less than 3 months prior to the due date. The Agency shall develop criteria for granting material inventory extensions. When considering requests for extension, the Agency shall, at a minimum, consider:

(1) the number of service connections in a water supply; and

(2) the number of service lines of an unknown material composition.

(g) A material inventory prepared for a community water supply under subsection (d) shall identify:

(1) the total number of service lines connected to the community water supply's distribution system;

(2) the materials of construction of each service line connected to the community water supply's distribution system;

(3) the number of suspected lead service lines that

were newly identified in the material inventory for the community water supply after the community water supply last submitted a service line inventory to the Agency; and

(4) the number of suspected or known lead service lines that were replaced after the community water supply last submitted a service line inventory to the Agency, and the material of the service line that replaced each lead service line.

When identifying the materials of construction under paragraph (2) of this subsection, the owner or operator of the community water supply shall to the best of the owner's or operator's ability identify the type of construction material used on the customer's side of the curb box, meter, or other line of demarcation and the community water supply's side of the curb box, meter, or other line of demarcation.

(h) In completing a material inventory under subsection (d), the owner or operator of a community water supply shall:

(1) prioritize inspections of high-risk areas identified by the community water supply and inspections of high-risk facilities, such as preschools, child ~~day~~ care centers, child ~~day~~ care homes, group child ~~day~~ care homes, parks, playgrounds, hospitals, and clinics, and confirm service line materials in those areas and at those facilities;

(2) review historical documentation, such as construction logs or cards, as-built drawings, purchase

orders, and subdivision plans, to determine service line material construction;

(3) when conducting distribution system maintenance, visually inspect service lines and document materials of construction;

(4) identify any time period when the service lines being connected to its distribution system were primarily lead service lines, if such a time period is known or suspected; and

(5) discuss service line repair and installation with its employees, contractors, plumbers, other workers who worked on service lines connected to its distribution system, or all of the above.

(i) The owner or operator of each community water supply shall maintain records of persons who refuse to grant access to the interior of a building for purposes of identifying the materials of construction of a service line. If a community water supply has been denied access on the property or to the interior of a building for that reason, then the community water supply shall attempt to identify the service line as a suspected lead service line, unless documentation is provided showing otherwise.

(j) If a community water supply identifies a lead service line connected to a building, the owner or operator of the community water supply shall attempt to notify the owner of the building and all occupants of the building of the

existence of the lead service line within 15 days after identifying the lead service line, or as soon as is reasonably possible thereafter. Individual written notice shall be given according to the provisions of subsection (jj).

(k) An owner or operator of a community water supply has no duty to include in the material inventory required under subsection (d) information about service lines that are physically disconnected from a water main in its distribution system.

(l) The owner or operator of each community water supply shall post on its website a copy of the most recently submitted material inventory or alternatively may request that the Agency post a copy of that material inventory on the Agency's website.

(m) Nothing in this Section shall be construed to require service lines to be unearthed for the sole purpose of inventorying.

(n) When an owner or operator of a community water supply awards a contract under this Section, the owner or operator shall make a good faith effort to use contractors and vendors owned by minority persons, women, and persons with a disability, as those terms are defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, for not less than 20% of the total contracts, provided that:

(1) contracts representing at least 11% of the total

projects shall be awarded to minority-owned businesses, as defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act;

(2) contracts representing at least 7% of the total projects shall be awarded to women-owned businesses, as defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act; and

(3) contracts representing at least 2% of the total projects shall be awarded to businesses owned by persons with a disability.

Owners or operators of a community water supply are encouraged to divide projects, whenever economically feasible, into contracts of smaller size that ensure small business contractors or vendors shall have the ability to qualify in the applicable bidding process, when determining the ability to deliver on a given contract based on scope and size, as a responsible and responsive bidder.

When a contractor or vendor submits a bid or letter of intent in response to a request for proposal or other bid submission, the contractor or vendor shall include with its responsive documents a utilization plan that shall address how compliance with applicable good faith requirements set forth in this subsection shall be addressed.

Under this subsection, "good faith effort" means a community water supply has taken all necessary steps to comply with the goals of this subsection by complying with the

following:

(1) Soliciting through reasonable and available means the interest of a business, as defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, that have the capability to perform the work of the contract. The community water supply must solicit this interest within sufficient time to allow certified businesses to respond.

(2) Providing interested certified businesses with adequate information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the solicitation.

(3) Meeting in good faith with interested certified businesses that have submitted bids.

(4) Effectively using the services of the State, minority or women community organizations, minority or women contractor groups, local, State, and federal minority or women business assistance offices, and other organizations to provide assistance in the recruitment and placement of certified businesses.

(5) Making efforts to use appropriate forums for purposes of advertising subcontracting opportunities suitable for certified businesses.

The diversity goals defined in this subsection can be met through direct award to diverse contractors and through the

use of diverse subcontractors and diverse vendors to contracts.

(o) An owner or operator of a community water supply shall collect data necessary to ensure compliance with subsection (n) no less than semi-annually and shall include progress toward compliance of subsection (n) in the owner or operator's report required under subsection (t-5). The report must include data on vendor and employee diversity, including data on the owner's or operator's implementation of subsection (n).

(p) Every owner or operator of a community water supply that has known or suspected lead service lines shall:

(1) create a plan to:

(A) replace each lead service line connected to its distribution system; and

(B) replace each galvanized service line connected to its distribution system, if the galvanized service line is or was connected downstream to lead piping; and

(2) electronically submit, by April 15, 2024 its initial lead service line replacement plan to the Agency;

(3) electronically submit by April 15 of each year after 2024 until April 15, 2027 an updated lead service line replacement plan to the Agency for review; the updated replacement plan shall account for changes in the number of lead service lines or unknown service lines in the material inventory described in subsection (d);

(4) electronically submit by April 15, 2027 a complete and final replacement plan to the Agency for approval; the complete and final replacement plan shall account for all known and suspected lead service lines documented in the final material inventory described under paragraph (3) of subsection (d); and

(5) post on its website a copy of the plan most recently submitted to the Agency or may request that the Agency post a copy of that plan on the Agency's website.

(q) Each plan required under paragraph (1) of subsection (p) shall include the following:

(1) the name and identification number of the community water supply;

(2) the total number of service lines connected to the distribution system of the community water supply;

(3) the total number of suspected lead service lines connected to the distribution system of the community water supply;

(4) the total number of known lead service lines connected to the distribution system of the community water supply;

(5) the total number of lead service lines connected to the distribution system of the community water supply that have been replaced each year beginning in 2020;

(6) a proposed lead service line replacement schedule that includes one-year, 5-year, 10-year, 15-year, 20-year,

25-year, and 30-year goals;

(7) an analysis of costs and financing options for replacing the lead service lines connected to the community water supply's distribution system, which shall include, but shall not be limited to:

(A) a detailed accounting of costs associated with replacing lead service lines and galvanized lines that are or were connected downstream to lead piping;

(B) measures to address affordability and prevent service shut-offs for customers or ratepayers; and

(C) consideration of different scenarios for structuring payments between the utility and its customers over time; and

(8) a plan for prioritizing high-risk facilities, such as preschools, child ~~day~~ care centers, child ~~day~~ care homes, group child ~~day~~ care homes, parks, playgrounds, hospitals, and clinics, as well as high-risk areas identified by the community water supply;

(9) a map of the areas where lead service lines are expected to be found and the sequence with which those areas will be inventoried and lead service lines replaced;

(10) measures for how the community water supply will inform the public of the plan and provide opportunity for public comment; and

(11) measures to encourage diversity in hiring in the workforce required to implement the plan as identified

under subsection (n).

(r) The Agency shall review final plans submitted to it under subsection (p). The Agency shall approve a final plan if the final plan includes all of the elements set forth under subsection (q) and the Agency determines that:

(1) the proposed lead service line replacement schedule set forth in the plan aligns with the timeline requirements set forth under subsection (v);

(2) the plan prioritizes the replacement of lead service lines that provide water service to high-risk facilities, such as preschools, child ~~day~~ care centers, child ~~day~~ care homes, group child ~~day~~ care homes, parks, playgrounds, hospitals, and clinics, and high-risk areas identified by the community water supply;

(3) the plan includes analysis of cost and financing options; and

(4) the plan provides documentation of public review.

(s) An owner or operator of a community water supply has no duty to include in the plans required under subsection (p) information about service lines that are physically disconnected from a water main in its distribution system.

(t) If a community water supply does not deliver a complete plan to the Agency by April 15, 2027, the community water supply may apply to the Agency for an extension no less than 3 months prior to the due date. The Agency shall develop criteria for granting plan extensions. When considering

requests for extension, the Agency shall, at a minimum, consider:

(1) the number of service connections in a water supply; and

(2) the number of service lines of an unknown material composition.

(t-5) After the Agency has approved the final replacement plan described in subsection (p), the owner or operator of a community water supply shall submit a report detailing progress toward plan goals to the Agency for its review. The report shall be submitted annually for the first 10 years, and every 3 years thereafter until all lead service lines have been replaced. Reports under this subsection shall be published in the same manner described in subsection (l). The report shall include at least the following information as it pertains to the preceding reporting period:

(1) The number of lead service lines replaced and the average cost of lead service line replacement.

(2) Progress toward meeting hiring requirements as described in subsection (n) and subsection (o).

(3) The percent of customers electing a waiver offered, as described in subsections (ii) and (jj), among those customers receiving a request or notification to perform a lead service line replacement.

(4) The method or methods used by the community water supply to finance lead service line replacement.

(u) Notwithstanding any other provision of law, in order to provide for costs associated with lead service line remediation and replacement, the corporate authorities of a municipality may, by ordinance or resolution by the corporate authorities, exercise authority provided in Section 27-5 et seq. of the Property Tax Code and Sections 8-3-1, 8-11-1, 8-11-5, 8-11-6, 9-1-1 et seq., 9-3-1 et seq., 9-4-1 et seq., 11-131-1, and 11-150-1 of the Illinois Municipal Code. Taxes levied for this purpose shall be in addition to taxes for general purposes authorized under Section 8-3-1 of the Illinois Municipal Code and shall be included in the taxing district's aggregate extension for the purposes of Division 5 of Article 18 of the Property Tax Code.

(v) Every owner or operator of a community water supply shall replace all known lead service lines, subject to the requirements of subsection (ff), according to the following replacement rates and timelines to be calculated from the date of submission of the final replacement plan to the Agency:

(1) A community water supply reporting 1,200 or fewer lead service lines in its final inventory and replacement plan shall replace all lead service lines, at an annual rate of no less than 7% of the amount described in the final inventory, with a timeline of up to 15 years for completion.

(2) A community water supply reporting more than 1,200 but fewer than 5,000 lead service lines in its final

inventory and replacement plan shall replace all lead service lines, at an annual rate of no less than 6% of the amount described in the final inventory, with a timeline of up to 17 years for completion.

(3) A community water supply reporting more than 4,999 but fewer than 10,000 lead service lines in its final inventory and replacement plan shall replace all lead service lines, at an annual rate of no less than 5% of the amount described in the final inventory, with a timeline of up to 20 years for completion.

(4) A community water supply reporting more than 9,999 but fewer than 99,999 lead service lines in its final inventory and replacement plan shall replace all lead service lines, at an annual rate of no less than 3% of the amount described in the final inventory, with a timeline of up to 34 years for completion.

(5) A community water supply reporting more than 99,999 lead service lines in its final inventory and replacement plan shall replace all lead service lines, at an annual rate of no less than 2% of the amount described in the final inventory, with a timeline of up to 50 years for completion.

(w) A community water supply may apply to the Agency for an extension to the replacement timelines described in paragraphs (1) through (5) of subsection (v). The Agency shall develop criteria for granting replacement timeline extensions. When

considering requests for timeline extensions, the Agency shall, at a minimum, consider:

(1) the number of service connections in a water supply; and

(2) unusual circumstances creating hardship for a community.

The Agency may grant one extension of additional time equal to not more than 20% of the original replacement timeline, except in situations of extreme hardship in which the Agency may consider a second additional extension equal to not more than 10% of the original replacement timeline.

Replacement rates and timelines shall be calculated from the date of submission of the final plan to the Agency.

(x) The Lead Service Line Replacement Advisory Board is created within the Agency. The Advisory Board shall convene within 120 days after January 1, 2022 (the effective date of Public Act 102-613).

The Advisory Board shall consist of at least 28 voting members, as follows:

(G) two members who are representatives from nonprofit civic organizations;

(H) one member who is a representative from a statewide organization representing environmental organizations;

(I) two members who are representatives from organized labor; and

(J) one member representing an environmental justice organization; and

(5) ten members who are the mayors of the 10 largest municipalities in Illinois by population, or their respective designees.

No less than 10 of the 28 voting members shall be persons of color, and no less than 3 shall represent communities defined or self-identified as environmental justice communities.

Advisory Board members shall serve without compensation, but may be reimbursed for necessary expenses incurred in the performance of their duties from funds appropriated for that purpose. The Agency shall provide administrative support to the Advisory Board.

The Advisory Board shall meet no less than once every 6 months.

(y) The Advisory Board shall have, at a minimum, the following duties:

(1) advising the Agency on best practices in lead service line replacement;

(2) reviewing the progress of community water supplies toward lead service line replacement goals;

(3) advising the Agency on other matters related to the administration of the provisions of this Section;

(4) advising the Agency on the integration of existing lead service line replacement plans with any statewide

plan; and

(5) providing technical support and practical expertise in general.

(z) Within 18 months after January 1, 2022 (the effective date of Public Act 102-613), the Advisory Board shall deliver a report of its recommendations to the Governor and the General Assembly concerning opportunities for dedicated, long-term revenue options for funding lead service line replacement. In submitting recommendations, the Advisory Board shall consider, at a minimum, the following:

(1) the sufficiency of various revenue sources to adequately fund replacement of all lead service lines in Illinois;

(2) the financial burden, if any, on households falling below 150% of the federal poverty limit;

(3) revenue options that guarantee low-income households are protected from rate increases;

(4) an assessment of the ability of community water supplies to assess and collect revenue;

(5) variations in financial resources among individual households within a service area; and

(6) the protection of low-income households from rate increases.

(aa) Within 10 years after January 1, 2022 (the effective date of Public Act 102-613), the Advisory Board shall prepare and deliver a report to the Governor and General Assembly

concerning the status of all lead service line replacement within the State.

(bb) The Lead Service Line Replacement Fund is created as a special fund in the State treasury to be used by the Agency for the purposes provided under this Section. The Fund shall be used exclusively to finance and administer programs and activities specified under this Section and listed under this subsection.

The objective of the Fund is to finance activities associated with identifying and replacing lead service lines, build Agency capacity to oversee the provisions of this Section, and provide related assistance for the activities listed under this subsection.

The Agency shall be responsible for the administration of the Fund and shall allocate moneys on the basis of priorities established by the Agency through administrative rule. On July 1, 2022 and on July 1 of each year thereafter, the Agency shall determine the available amount of resources in the Fund that can be allocated to the activities identified under this Section and shall allocate the moneys accordingly.

Notwithstanding any other law to the contrary, the Lead Service Line Replacement Fund is not subject to sweeps, administrative charge-backs, or any other fiscal maneuver that would in any way transfer any amounts from the Lead Service Line Replacement Fund into any other fund of the State.

(cc) Within one year after January 1, 2022 (the effective

date of Public Act 102-613), the Agency shall design rules for a program for the purpose of administering lead service line replacement funds. The rules must, at minimum, contain:

(1) the process by which community water supplies may apply for funding; and

(2) the criteria for determining unit of local government eligibility and prioritization for funding, including the prevalence of low-income households, as measured by median household income, the prevalence of lead service lines, and the prevalence of water samples that demonstrate elevated levels of lead.

(dd) Funding under subsection (cc) shall be available for costs directly attributable to the planning, design, or construction directly related to the replacement of lead service lines and restoration of property.

Funding shall not be used for the general operating expenses of a municipality or community water supply.

(ee) An owner or operator of any community water supply receiving grant funding under subsection (cc) shall bear the entire expense of full lead service line replacement for all lead service lines in the scope of the grant.

(ff) When replacing a lead service line, the owner or operator of the community water supply shall replace the service line in its entirety, including, but not limited to, any portion of the service line (i) running on private property and (ii) within the building's plumbing at the first

shut-off valve. Partial lead service line replacements are expressly prohibited. Exceptions shall be made under the following circumstances:

(1) In the event of an emergency repair that affects a lead service line or a suspected lead service line, a community water supply must contact the building owner to begin the process of replacing the entire service line. If the building owner is not able to be contacted or the building owner or occupant refuses to grant access and permission to replace the entire service line at the time of the emergency repair, then the community water supply may perform a partial lead service line replacement. Where an emergency repair on a service line constructed of lead or galvanized steel pipe results in a partial service line replacement, the water supply responsible for commencing the repair shall perform the following:

(A) Notify the building's owner or operator and the resident or residents served by the lead service line in writing that a repair has been completed. The notification shall include, at a minimum:

(i) a warning that the work may result in sediment, possibly containing lead, in the building's water supply system;

(ii) information concerning practices for preventing the consumption of any lead in drinking water, including a recommendation to flush water

distribution pipe during and after the completion of the repair or replacement work and to clean faucet aerator screens; and

(iii) information regarding the dangers of lead to young children and pregnant women.

(B) Provide filters for at least one fixture supplying potable water for consumption. The filter must be certified by an accredited third-party certification body to NSF/ANSI 53 and NSF/ANSI 42 for the reduction of lead and particulate. The filter must be provided until such time that the remaining portions of the service line have been replaced with a material approved by the Department or a waiver has been issued under subsection (ii).

(C) Replace the remaining portion of the lead service line within 30 days of the repair, or 120 days in the event of weather or other circumstances beyond reasonable control that prohibits construction. If a complete lead service line replacement cannot be made within the required period, the community water supply responsible for commencing the repair shall notify the Department in writing, at a minimum, of the following within 24 hours of the repair:

(i) an explanation of why it is not feasible to replace the remaining portion of the lead service line within the allotted time; and

(ii) a timeline for when the remaining portion of the lead service line will be replaced.

(D) If complete repair of a lead service line cannot be completed due to denial by the property owner, the community water supply commencing the repair shall request the affected property owner to sign a waiver developed by the Department. If a property owner of a nonresidential building or residence operating as rental properties denies a complete lead service line replacement, the property owner shall be responsible for installing and maintaining point-of-use filters certified by an accredited third-party certification body to NSF/ANSI 53 and NSF/ANSI 42 for the reduction of lead and particulate at all fixtures intended to supply water for the purposes of drinking, food preparation, or making baby formula. The filters shall continue to be supplied by the property owner until such time that the property owner has affected the remaining portions of the lead service line to be replaced.

(E) Document any remaining lead service line, including a portion on the private side of the property, in the community water supply's distribution system materials inventory required under subsection (d).

For the purposes of this paragraph (1), written notice

shall be provided in the method and according to the provisions of subsection (jj).

(2) Lead service lines that are physically disconnected from the distribution system are exempt from this subsection.

(gg) Except as provided in subsection (hh), on and after January 1, 2022, when the owner or operator of a community water supply replaces a water main, the community water supply shall identify all lead service lines connected to the water main and shall replace the lead service lines by:

(1) identifying the material or materials of each lead service line connected to the water main, including, but not limited to, any portion of the service line (i) running on private property and (ii) within the building plumbing at the first shut-off valve or 18 inches inside the building, whichever is shorter;

(2) in conjunction with replacement of the water main, replacing any and all portions of each lead service line connected to the water main that are composed of lead; and

(3) if a property owner or customer refuses to grant access to the property, following prescribed notice provisions as outlined in subsection (ff).

If an owner of a potentially affected building intends to replace a portion of a lead service line or a galvanized service line and the galvanized service line is or was connected downstream to lead piping, then the owner of the

potentially affected building shall provide the owner or operator of the community water supply with notice at least 45 days before commencing the work. In the case of an emergency repair, the owner of the potentially affected building must provide filters for each kitchen area that are certified by an accredited third-party certification body to NSF/ANSI 53 and NSF/ANSI 42 for the reduction of lead and particulate. If the owner of the potentially affected building notifies the owner or operator of the community water supply that replacement of a portion of the lead service line after the emergency repair is completed, then the owner or operator of the community water supply shall replace the remainder of the lead service line within 30 days after completion of the emergency repair. A community water supply may take up to 120 days if necessary due to weather conditions. If a replacement takes longer than 30 days, filters provided by the owner of the potentially affected building must be replaced in accordance with the manufacturer's recommendations. Partial lead service line replacements by the owners of potentially affected buildings are otherwise prohibited.

(hh) For municipalities with a population in excess of 1,000,000 inhabitants, the requirements of subsection (gg) shall commence on January 1, 2023.

(ii) At least 45 days before conducting planned lead service line replacement, the owner or operator of a community water supply shall, by mail, attempt to contact the owner of

the potentially affected building serviced by the lead service line to request access to the building and permission to replace the lead service line in accordance with the lead service line replacement plan. If the owner of the potentially affected building does not respond to the request within 15 days after the request is sent, the owner or operator of the community water supply shall attempt to post the request on the entrance of the potentially affected building.

If the owner or operator of a community water supply is unable to obtain approval to access and replace a lead service line, the owner or operator of the community water supply shall request that the owner of the potentially affected building sign a waiver. The waiver shall be developed by the Department and should be made available in the owner's language. If the owner of the potentially affected building refuses to sign the waiver or fails to respond to the community water supply after the community water supply has complied with this subsection, then the community water supply shall notify the Department in writing within 15 working days.

(jj) When replacing a lead service line or repairing or replacing water mains with lead service lines or partial lead service lines attached to them, the owner or operator of a community water supply shall provide the owner of each potentially affected building that is serviced by the affected lead service lines or partial lead service lines, as well as the occupants of those buildings, with an individual written

notice. The notice shall be delivered by mail or posted at the primary entranceway of the building. The notice must, in addition, be electronically mailed where an electronic mailing address is known or can be reasonably obtained. Written notice shall include, at a minimum, the following:

(1) a warning that the work may result in sediment, possibly containing lead from the service line, in the building's water;

(2) information concerning the best practices for preventing exposure to or risk of consumption of lead in drinking water, including a recommendation to flush water lines during and after the completion of the repair or replacement work and to clean faucet aerator screens; and

(3) information regarding the dangers of lead exposure to young children and pregnant women.

When the individual written notice described in the first paragraph of this subsection is required as a result of planned work other than the repair or replacement of a water meter, the owner or operator of the community water supply shall provide the notice not less than 14 days before work begins. When the individual written notice described in the first paragraph of this subsection is required as a result of emergency repairs other than the repair or replacement of a water meter, the owner or operator of the community water supply shall provide the notice at the time the work is initiated. When the individual written notice described in the

first paragraph of this subsection is required as a result of the repair or replacement of a water meter, the owner or operator of the community water supply shall provide the notice at the time the work is initiated.

The notifications required under this subsection must contain the following statement in Spanish, Polish, Chinese, Tagalog, Arabic, Korean, German, Urdu, and Gujarati: "This notice contains important information about your water service and may affect your rights. We encourage you to have this notice translated in full into a language you understand and before you make any decisions that may be required under this notice."

An owner or operator of a community water supply that is required under this subsection to provide an individual written notice to the owner and occupant of a potentially affected building that is a multi-dwelling building may satisfy that requirement and the requirements of this subsection regarding notification to non-English speaking customers by posting the required notice on the primary entranceway of the building and at the location where the occupant's mail is delivered as reasonably as possible.

When this subsection would require the owner or operator of a community water supply to provide an individual written notice to the entire community served by the community water supply or would require the owner or operator of a community water supply to provide individual written notices as a result

of emergency repairs or when the community water supply that is required to comply with this subsection is a small system, the owner or operator of the community water supply may provide the required notice through local media outlets, social media, or other similar means in lieu of providing the individual written notices otherwise required under this subsection.

No notifications are required under this subsection for work performed on water mains that are used to transmit treated water between community water supplies and properties that have no service connections.

(kk) No community water supply that sells water to any wholesale or retail consecutive community water supply may pass on any costs associated with compliance with this Section to consecutive systems.

(ll) To the extent allowed by law, when a community water supply replaces or installs a lead service line in a public right-of-way or enters into an agreement with a private contractor for replacement or installation of a lead service line, the community water supply shall be held harmless for all damage to property when replacing or installing the lead service line. If dangers are encountered that prevent the replacement of the lead service line, the community water supply shall notify the Department within 15 working days of why the replacement of the lead service line could not be accomplished.

(mm) The Agency may propose to the Board, and the Board may adopt, any rules necessary to implement and administer this Section. The Department may adopt rules necessary to address lead service lines attached to non-community water supplies.

(nn) Notwithstanding any other provision in this Section, no requirement in this Section shall be construed as being less stringent than existing applicable federal requirements.

(oo) All lead service line replacements financed in whole or in part with funds obtained under this Section shall be considered public works for purposes of the Prevailing Wage Act.

(pp) Beginning in 2023, each municipality with a population of more than 1,000,000 inhabitants shall publicly post on its website data describing progress the municipality has made toward replacing lead service lines within the municipality. The data required to be posted under this subsection shall be the same information required to be reported under paragraphs (1) through (4) of subsection (t-5) of this Section. Beginning in 2024, each municipality that is subject to this subsection shall annually update the data posted on its website under this subsection. A municipality's duty to post data under this subsection terminates only when all lead service lines within the municipality have been replaced. Nothing in this subsection (pp) shall be construed to replace, undermine, conflict with, or otherwise amend the responsibilities and requirements set forth in subsection

(t-5) of this Section.

(ii) a statutory summary suspension or revocation under Section 11-501.1; or

(iii) a suspension pursuant to Section 6-203.1;

arising out of separate occurrences; or

(B) a person has been convicted of one violation of subparagraph (C) or (F) of paragraph (1) of subsection (d) of Section 11-501 of this Code, Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide where the use of alcohol or other drugs was recited as an element of the offense, or a similar provision of a law of another state;

that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned on the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense

under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(6) In each case the Secretary of State may issue a restricted driving permit for a period he deems appropriate, except that the permit shall expire no later than 2 years from the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the petitioner to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. However, if an individual's driving privileges have been revoked in

accordance with paragraph 13 of subsection (a) of this Section, no restricted driving permit shall be issued until the individual has served 6 months of the revocation period.

(c-5) (Blank).

(c-6) If a person is convicted of a second violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to the offense of reckless homicide or a similar out-of-state offense, the person's driving privileges shall be revoked pursuant to subdivision (a)(15) of this Section. The person may not make application for a license or permit until the expiration of five years from the effective date of the revocation or the expiration of five years from the date of release from a term of imprisonment, whichever is later.

(c-7) If a person is convicted of a third or subsequent violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to the offense of reckless homicide or a similar out-of-state offense, the person may never apply for a license or permit.

(d)(1) Whenever a person under the age of 21 is convicted under Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, the

Secretary of State shall revoke the driving privileges of that person. One year after the date of revocation, and upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle only between the hours of 5 a.m. and 9 p.m. or as otherwise provided by this Section for a period of one year. After this one-year period, and upon reapplication for a license as provided in Section 6-106, upon payment of the appropriate reinstatement fee provided under paragraph (b) of Section 6-118, the Secretary of State, in his discretion, may reinstate the petitioner's driver's license and driving privileges, or extend the restricted driving permit as many times as the Secretary of State deems appropriate, by additional periods of not more than 24 months each.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition

interlock device as defined in Section 1-129.1.

(3) If a person's license or permit is revoked or suspended 2 or more times due to any combination of:

(A) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(B) a statutory summary suspension or revocation under Section 11-501.1; or

(C) a suspension pursuant to Section 6-203.1;

arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3.5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph (1) of subsection (d) of Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned upon the use of an interlock device must pay to the Secretary of State DUI

Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against driving a vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(6) A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted

driving permit.

(d-5) The revocation of the license, permit, or driving privileges of a person convicted of a third or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide, or a similar provision of a law of another state, is permanent. The Secretary may not, at any time, issue a license or permit to that person.

(e) This Section is subject to the provisions of the Driver License Compact.

(f) Any revocation imposed upon any person under subsections 2 and 3 of paragraph (b) that is in effect on December 31, 1988 shall be converted to a suspension for a like period of time.

(g) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been revoked under any provisions of this Code.

(h) The Secretary of State shall require the use of ignition interlock devices for a period not less than 5 years on all vehicles owned by a person who has been convicted of a second or subsequent offense under Section 11-501 of this Code or a similar provision of a local ordinance. The person must pay to the Secretary of State DUI Administration Fund an

amount not to exceed $30 for each month that he or she uses the device. The Secretary shall establish by rule and regulation the procedures for certification and use of the interlock system, the amount of the fee, and the procedures, terms, and conditions relating to these fees. During the time period in which a person is required to install an ignition interlock device under this subsection (h), that person shall only operate vehicles in which ignition interlock devices have been installed, except as allowed by subdivision (c)(5) or (d)(5) of this Section. Regardless of whether an exemption under subdivision (c) (5) or (d) (5) applies, every person subject to this subsection shall not be eligible for reinstatement until the person installs an ignition interlock device and maintains the ignition interlock device for 5 years.

(i) (Blank).

(j) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been revoked, suspended, cancelled, or disqualified under any provisions of this Code.

(k) The Secretary of State shall notify by mail any person whose driving privileges have been revoked under paragraph 16 of subsection (a) of this Section that his or her driving privileges and driver's license will be revoked 90 days from the date of the mailing of the notice.

(b) If any conviction forming the basis of a suspension or revocation authorized under this Section is appealed, the Secretary of State may rescind or withhold the entry of the

order of suspension or revocation, as the case may be, provided that a certified copy of a stay order of a court is filed with the Secretary of State. If the conviction is affirmed on appeal, the date of the conviction shall relate back to the time the original judgment of conviction was entered and the 6-month limitation prescribed shall not apply.

(c) 1. Upon suspending or revoking the driver's license or permit of any person as authorized in this Section, the Secretary of State shall immediately notify the person in writing of the revocation or suspension. The notice to be deposited in the United States mail, postage prepaid, to the last known address of the person.

2. The affidavit shall also state the number of offenses committed

while operating a vehicle in connection with the driver's regular occupation. The affidavit shall be accompanied by the driver's license. Upon receipt of a properly completed affidavit, the Secretary of State shall issue the driver a permit to operate a vehicle in connection with the driver's regular occupation only. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period.

The provisions of this subparagraph shall not apply to any driver required to possess a CDL for the purpose of operating a commercial motor vehicle.

Any person who falsely states any fact in the affidavit required herein shall be guilty of perjury under Section 6-302 and upon conviction thereof shall have all driving privileges revoked without further rights.

3. At the conclusion of a hearing under Section 2-118 of this Code, the Secretary of State shall either rescind or continue an order of revocation or shall substitute an order of suspension; or, good cause appearing therefor, rescind, continue, change, or extend the order of suspension. If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship (as defined by

the rules of the Secretary of State), issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment-related duties, or to allow the petitioner to transport himself or herself, or a family member of the petitioner's household to a medical facility, to receive necessary medical care, to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or persons with disabilities who do not hold driving privileges and are living in the petitioner's household to and from day care ~~daycare~~. The petitioner must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is

recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension or revocation under Section 11-501.1; or

(iii) a suspension under Section 6-203.1;

arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B-5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph (1) of subsection (d) of Section 11-501 of this Code, or a similar provision of a

local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that

person.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire no later than 2 years from the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(F) A person subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code may make application for a restricted driving permit at a hearing conducted under Section 2-118 of this Code after the expiration of 5 years from the effective date of the most recent revocation or after 5 years from the date of

release from a period of imprisonment resulting from a conviction of the most recent offense, whichever is later, provided the person, in addition to all other requirements of the Secretary, shows by clear and convincing evidence:

(i) a minimum of 3 years of uninterrupted abstinence from alcohol and the unlawful use or consumption of cannabis under the Cannabis Control Act, a controlled substance under the Illinois Controlled Substances Act, an intoxicating compound under the Use of Intoxicating Compounds Act, or methamphetamine under the Methamphetamine Control and Community Protection Act; and

(ii) the successful completion of any rehabilitative treatment and involvement in any ongoing rehabilitative activity that may be recommended by a properly licensed service provider according to an assessment of the person's alcohol or drug use under Section 11-501.01 of this Code.

In determining whether an applicant is eligible for a restricted driving permit under this subparagraph (F), the Secretary may consider any relevant evidence, including, but not limited to, testimony, affidavits, records, and the results of regular alcohol or drug tests. Persons subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code and who have been convicted of more than one violation of paragraph (3), paragraph

(4), or paragraph (5) of subsection (a) of Section 11-501 of this Code shall not be eligible to apply for a restricted driving permit under this subparagraph (F).

A restricted driving permit issued under this subparagraph (F) shall provide that the holder may only operate motor vehicles equipped with an ignition interlock device as required under paragraph (2) of subsection (c) of Section 6-205 of this Code and subparagraph (A) of paragraph 3 of subsection (c) of this Section. The Secretary may revoke a restricted driving permit or amend the conditions of a restricted driving permit issued under this subparagraph (F) if the holder operates a vehicle that is not equipped with an ignition interlock device, or for any other reason authorized under this Code.

(b) If any conviction forming the basis of a suspension or revocation authorized under this Section is appealed, the Secretary of State may rescind or withhold the entry of the order of suspension or revocation, as the case may be, provided that a certified copy of a stay order of a court is filed with the Secretary of State. If the conviction is affirmed on appeal, the date of the conviction shall relate back to the time the original judgment of conviction was entered and the 6-month limitation prescribed shall not apply.

(c) 1. Upon suspending or revoking the driver's license or permit of any person as authorized in this Section, the Secretary of State shall immediately notify the person in writing of the revocation or suspension. The notice to be deposited in the United States mail, postage prepaid, to the last known address of the person.

2. If the Secretary of State suspends the driver's license of a person under subsection 2 of paragraph (a) of this Section, a person's privilege to operate a vehicle as an occupation shall not be suspended, provided an affidavit is properly completed, the appropriate fee received, and a permit issued prior to the effective date of the suspension, unless 5

The affidavit shall also state the number of offenses committed while operating a vehicle in connection with the driver's regular occupation. The affidavit shall be accompanied by the driver's license. Upon receipt of a properly completed affidavit, the Secretary of State shall issue the driver a permit to operate a vehicle in connection with the driver's regular occupation only. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period.

The provisions of this subparagraph shall not apply to any driver required to possess a CDL for the purpose of operating a commercial motor vehicle.

Any person who falsely states any fact in the affidavit required herein shall be guilty of perjury under Section 6-302 and upon conviction thereof shall have all driving privileges

revoked without further rights.

3. At the conclusion of a hearing under Section 2-118 of this Code, the Secretary of State shall either rescind or continue an order of revocation or shall substitute an order of suspension; or, good cause appearing therefor, rescind, continue, change, or extend the order of suspension. If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship (as defined by the rules of the Secretary of State), issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment-related duties, or to allow the petitioner to transport himself or herself, or a family member of the petitioner's household to a medical facility, to receive necessary medical care, to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or persons with disabilities who do not hold driving privileges and are living in the petitioner's household to and from child care ~~daycare~~. The petitioner must demonstrate that no alternative means of transportation is

reasonably available and that the petitioner will not endanger the public safety or welfare.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension or revocation under Section 11-501.1; or

(iii) a suspension under Section 6-203.1;

arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B-5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph (1) of subsection (d) of Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section

11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire no later than 2 years from the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted

driving permit if the permit holder does not successfully complete the program.

(F) A person subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code may make application for a restricted driving permit at a hearing conducted under Section 2-118 of this Code after the expiration of 5 years from the effective date of the most recent revocation or after 5 years from the date of release from a period of imprisonment resulting from a conviction of the most recent offense, whichever is later, provided the person, in addition to all other requirements of the Secretary, shows by clear and convincing evidence:

(i) a minimum of 3 years of uninterrupted abstinence from alcohol and the unlawful use or consumption of cannabis under the Cannabis Control Act, a controlled substance under the Illinois Controlled Substances Act, an intoxicating compound under the Use of Intoxicating Compounds Act, or methamphetamine under the Methamphetamine Control and Community Protection Act; and

(ii) the successful completion of any rehabilitative treatment and involvement in any ongoing rehabilitative activity that may be recommended by a properly licensed service provider according to an assessment of the person's alcohol or drug use under Section 11-501.01 of this Code.

In determining whether an applicant is eligible for a restricted driving permit under this subparagraph (F), the Secretary may consider any relevant evidence, including, but not limited to, testimony, affidavits, records, and the results of regular alcohol or drug tests. Persons subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code and who have been convicted of more than one violation of paragraph (3), paragraph (4), or paragraph (5) of subsection (a) of Section 11-501 of this Code shall not be eligible to apply for a restricted driving permit under this subparagraph (F).

A restricted driving permit issued under this subparagraph (F) shall provide that the holder may only operate motor vehicles equipped with an ignition interlock device as required under paragraph (2) of subsection (c) of Section 6-205 of this Code and subparagraph (A) of paragraph 3 of subsection (c) of this Section. The Secretary may revoke a restricted driving permit or amend the conditions of a restricted driving permit issued under this subparagraph (F) if the holder operates a vehicle that is not equipped with an ignition interlock device, or for any other reason authorized under this Code.

A restricted driving permit issued under this subparagraph (F) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is convicted of a

violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state.

(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to

participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Driver License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

Sec. 12-707.01. Liability insurance.

(a) No school bus, first division vehicle including a taxi which is used for a purpose that requires a school bus driver permit, commuter van or motor vehicle owned by or used for hire by and in connection with the operation of private or public schools, day camps, summer camps or nursery schools, and no commuter van or passenger car used for a for-profit ridesharing arrangement, shall be operated for such purposes

unless the owner thereof shall carry a minimum of personal injury liability insurance in the amount of $25,000 for any one person in any one crash, and subject to the limit for one person, $100,000 for two or more persons injured by reason of the operation of the vehicle in any one crash. This subsection (a) applies only to personal injury liability policies issued or renewed before January 1, 2013.

(b) Liability insurance policies issued or renewed on and after January 1, 2013 shall comply with the following:

(1) except as provided in subparagraph (2) of this subsection (b), any vehicle that is used for a purpose that requires a school bus driver permit under Section 6-104 of this Code shall carry a minimum of liability insurance in the amount of $2,000,000. This minimum insurance requirement may be satisfied by either (i) a $2,000,000 combined single limit primary commercial automobile policy; or (ii) a $1 million primary commercial automobile policy and a minimum $5,000,000 excess or umbrella liability policy;

(2) any vehicle that is used for a purpose that requires a school bus driver permit under Section 6-104 of this Code and is used in connection with the operation of private child ~~day~~ care facilities, day camps, summer camps, or nursery schools shall carry a minimum of liability insurance in the amount of $1,000,000 combined single limit per crash;

(3) any commuter van or passenger car used for a for-profit ridesharing arrangement shall carry a minimum of liability insurance in the amount of $500,000 combined single limit per crash.

(c) Primary insurance coverage under the provisions of this Section must be provided by a licensed and admitted insurance carrier or an intergovernmental cooperative formed under Section 10 of Article VII of the Illinois Constitution, or Section 6 or 9 of the Intergovernmental Cooperation Act, or provided by a certified self-insurer under Section 7-502 of this Code. The excess or umbrella liability coverage requirement may be met by securing surplus line insurance as defined under Section 445 of the Illinois Insurance Code. If the excess or umbrella liability coverage requirement is met by securing surplus line insurance, that coverage must be effected through a licensed surplus line producer acting under the surplus line insurance laws and regulations of this State. Nothing in this subsection (c) shall be construed as prohibiting a licensed and admitted insurance carrier or an intergovernmental cooperative formed under Section 10 of Article VII of the Illinois Constitution, or Section 6 or 9 of the Intergovernmental Cooperation Act, or a certified self-insurer under Section 7-502 of this Code, from retaining the risk required under paragraphs (1) and (2) of subsection (b) of this Section or issuing a single primary policy meeting the requirements of paragraphs (1) and (2) of subsection (b).

The Secretary of State shall create a form for each owner of a vehicle to attest that the owner meets the minimum insurance requirements and the owner of the vehicle shall submit the form with each registration application. The form shall be valid for the full registration period; however, if at any time the Secretary has reason to believe that the owner does not have the minimum required amount of insurance for a vehicle, then the Secretary may require a certificate of insurance, or its equivalent, to ensure the vehicle is insured. If the owner fails to produce a certificate of insurance, or its equivalent, within 2 calendar days after the request was made, then the Secretary may revoke the vehicle owner's registration until the Secretary is assured the vehicle meets the minimum insurance requirements. If the owner of a vehicle participates in an intergovernmental cooperative or is self-insured, then the owner shall attest that the insurance required under this Section is equivalent to or greater than the insurance required under paragraph (1) of subsection (b) of this Section. The Secretary may adopt any rules necessary to enforce the provisions of this subsection (d).

Section 285. The Code of Criminal Procedure of 1963 is amended by changing Sections 112A-14.5, 112A-14.7, and 112A-22 as follows:

(725 ILCS 5/112A-14.5)

Sec. 112A-14.5. Civil no contact order; remedies.

(a) The court may order any of the remedies listed in this Section. The remedies listed in this Section shall be in addition to other civil or criminal remedies available to petitioner:

(1) prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from the petitioner;

(2) restrain the respondent from having any contact, including nonphysical contact, with the petitioner directly, indirectly, or through third parties, regardless of whether those third parties know of the order;

(3) prohibit the respondent from knowingly coming

within, or knowingly remaining within, a specified distance from the petitioner's residence, school, child ~~day~~ care or other specified location;

(4) order the respondent to stay away from any property or animal owned, possessed, leased, kept, or held by the petitioner and forbid the respondent from taking, transferring, encumbering, concealing, harming, or otherwise disposing of the property or animal; and

(5) order any other injunctive relief as necessary or appropriate for the protection of the petitioner.

(b) When the petitioner and the respondent attend the same public or private elementary, middle, or high school, the court when issuing a civil no contact order and providing relief shall consider the severity of the act, any continuing physical danger or emotional distress to the petitioner, the educational rights guaranteed to the petitioner and respondent under federal and State law, the availability of a transfer of the respondent to another school, a change of placement or a change of program of the respondent, the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school, and any other relevant facts of the case. The court may order that the respondent not attend the public, private, or non-public elementary, middle, or high school attended by the petitioner, order that the respondent accept a change of placement or program, as determined by the school district or private or non-public

school, or place restrictions on the respondent's movements within the school attended by the petitioner. The respondent bears the burden of proving by a preponderance of the evidence that a transfer, change of placement, or change of program of the respondent is not available. The respondent also bears the burden of production with respect to the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. A transfer, change of placement, or change of program is not unavailable to the respondent solely on the ground that the respondent does not agree with the school district's or private or non-public school's transfer, change of placement, or change of program or solely on the ground that the respondent fails or refuses to consent to or otherwise does not take an action required to effectuate a transfer, change of placement, or change of program. When a court orders a respondent to stay away from the public, private, or non-public school attended by the petitioner and the respondent requests a transfer to another attendance center within the respondent's school district or private or non-public school, the school district or private or non-public school shall have sole discretion to determine the attendance center to which the respondent is transferred. If the court order results in a transfer of the minor respondent to another attendance center, a change in the respondent's placement, or a change of the respondent's program, the parents, guardian, or legal custodian of the

respondent is responsible for transportation and other costs associated with the transfer or change.

(c) The court may order the parents, guardian, or legal custodian of a minor respondent to take certain actions or to refrain from taking certain actions to ensure that the respondent complies with the order. If the court orders a transfer of the respondent to another school, the parents or legal guardians of the respondent are responsible for transportation and other costs associated with the change of school by the respondent.

(d) Denial of a remedy may not be based, in whole or in part, on evidence that:

(1) the respondent has cause for any use of force, unless that cause satisfies the standards for justifiable use of force provided by Article 7 of the Criminal Code of 2012;

(2) the respondent was voluntarily intoxicated;

(3) the petitioner acted in self-defense or defense of another, provided that, if the petitioner utilized force, such force was justifiable under Article 7 of the Criminal Code of 2012;

(4) the petitioner did not act in self-defense or defense of another;

(5) the petitioner left the residence or household to avoid further non-consensual sexual conduct or non-consensual sexual penetration by the respondent; or

(6) the petitioner did not leave the residence or household to avoid further non-consensual sexual conduct or non-consensual sexual penetration by the respondent.

(e) Monetary damages are not recoverable as a remedy.

(725 ILCS 5/112A-14.7)

Sec. 112A-14.7. Stalking no contact order; remedies.

(a) The court may order any of the remedies listed in this Section. The remedies listed in this Section shall be in addition to other civil or criminal remedies available to petitioner. A stalking no contact order shall order one or more of the following:

(1) prohibit the respondent from threatening to commit or committing stalking;

(2) order the respondent not to have any contact with the petitioner or a third person specifically named by the court;

(3) prohibit the respondent from knowingly coming within, or knowingly remaining within a specified distance of the petitioner or the petitioner's residence, school, child care ~~daycare~~, or place of employment, or any specified place frequented by the petitioner; however, the court may order the respondent to stay away from the respondent's own residence, school, or place of employment only if the respondent has been provided actual notice of

the opportunity to appear and be heard on the petition;

(4) prohibit the respondent from possessing a Firearm Owners Identification Card, or possessing or buying firearms; and

(5) order other injunctive relief the court determines to be necessary to protect the petitioner or third party specifically named by the court.

(b) When the petitioner and the respondent attend the same public, private, or non-public elementary, middle, or high school, the court when issuing a stalking no contact order and providing relief shall consider the severity of the act, any continuing physical danger or emotional distress to the petitioner, the educational rights guaranteed to the petitioner and respondent under federal and State law, the availability of a transfer of the respondent to another school, a change of placement or a change of program of the respondent, the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school, and any other relevant facts of the case. The court may order that the respondent not attend the public, private, or non-public elementary, middle, or high school attended by the petitioner, order that the respondent accept a change of placement or program, as determined by the school district or private or non-public school, or place restrictions on the respondent's movements within the school attended by the petitioner. The respondent bears the burden of

proving by a preponderance of the evidence that a transfer, change of placement, or change of program of the respondent is not available. The respondent also bears the burden of production with respect to the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. A transfer, change of placement, or change of program is not unavailable to the respondent solely on the ground that the respondent does not agree with the school district's or private or non-public school's transfer, change of placement, or change of program or solely on the ground that the respondent fails or refuses to consent to or otherwise does not take an action required to effectuate a transfer, change of placement, or change of program. When a court orders a respondent to stay away from the public, private, or non-public school attended by the petitioner and the respondent requests a transfer to another attendance center within the respondent's school district or private or non-public school, the school district or private or non-public school shall have sole discretion to determine the attendance center to which the respondent is transferred. If the court order results in a transfer of the minor respondent to another attendance center, a change in the respondent's placement, or a change of the respondent's program, the parents, guardian, or legal custodian of the respondent is responsible for transportation and other costs associated with the transfer or change.

(c) The court may order the parents, guardian, or legal custodian of a minor respondent to take certain actions or to refrain from taking certain actions to ensure that the respondent complies with the order. If the court orders a transfer of the respondent to another school, the parents, guardian, or legal custodian of the respondent are responsible for transportation and other costs associated with the change of school by the respondent.

(d) The court shall not hold a school district or private or non-public school or any of its employees in civil or criminal contempt unless the school district or private or non-public school has been allowed to intervene.

(e) The court may hold the parents, guardian, or legal custodian of a minor respondent in civil or criminal contempt for a violation of any provision of any order entered under this Article for conduct of the minor respondent in violation of this Article if the parents, guardian, or legal custodian directed, encouraged, or assisted the respondent minor in the conduct.

(f) Monetary damages are not recoverable as a remedy.

(g) If the stalking no contact order prohibits the respondent from possessing a Firearm Owner's Identification Card, or possessing or buying firearms; the court shall confiscate the respondent's Firearm Owner's Identification Card and immediately return the card to the Illinois State Police Firearm Owner's Identification Card Office.

After receiving a certified copy of a protective order that prohibits a respondent's access to records, no health care facility or health care practitioner shall allow a respondent access to the records of any child who is a protected person under the protective order, or release information in those records to the respondent, unless the order has expired or the respondent shows a certified copy of the court order vacating the corresponding protective order that was sent to the health care facility or practitioner. Nothing in this Section shall be construed to require health care facilities or health care practitioners to alter procedures related to billing and payment. The health care facility or health care practitioner may file the copy of the protective order in the records of a child who is a protected

person under the protective order, or may employ any other method to identify the records to which a respondent is prohibited access. No health care facility or health care practitioner shall be civilly or professionally liable for reliance on a copy of a protective order, except for willful and wanton misconduct.

(g) Notice to schools. Upon the request of the petitioner, within 24 hours of the issuance of a protective order, the clerk of the issuing judge shall send a certified copy of the protective order to the child care ~~day care~~ facility, pre-school or pre-kindergarten, or private school or the principal office of the public school district or any college or university in which any child who is a protected person under the protective order or any child of the petitioner is enrolled as requested by the petitioner at the mailing address provided by the petitioner. Section 290. The Sexually Violent Persons Commitment Act is amended by changing Section 40 as follows:

(725 ILCS 207/40)

Sec. 40. Commitment.

(a) If a court or jury determines that the person who is

the subject of a petition under Section 15 of this Act is a sexually violent person, the court shall order the person to be committed to the custody of the Department for control, care and treatment until such time as the person is no longer a sexually violent person.

(b)(1) The court shall enter an initial commitment order under this Section pursuant to a hearing held as soon as practicable after the judgment is entered that the person who is the subject of a petition under Section 15 is a sexually violent person. If the court lacks sufficient information to make the determination required by paragraph (b)(2) of this Section immediately after trial, it may adjourn the hearing and order the Department to conduct a predisposition investigation or a supplementary mental examination, or both, to assist the court in framing the commitment order. If the Department's examining evaluator previously rendered an opinion that the person who is the subject of a petition under Section 15 does not meet the criteria to be found a sexually violent person, then another evaluator shall conduct the predisposition investigation and/or supplementary mental examination. A supplementary mental examination under this Section shall be conducted in accordance with Section 3-804 of the Mental Health and Developmental Disabilities Code. The State has the right to have the person evaluated by experts chosen by the State.

(2) An order for commitment under this Section shall

specify either institutional care in a secure facility, as provided under Section 50 of this Act, or conditional release. In determining whether commitment shall be for institutional care in a secure facility or for conditional release, the court shall consider the nature and circumstances of the behavior that was the basis of the allegation in the petition under paragraph (b)(1) of Section 15, the person's mental history and present mental condition, and what arrangements are available to ensure that the person has access to and will participate in necessary treatment. All treatment, whether in institutional care, in a secure facility, or while on conditional release, shall be conducted in conformance with the standards developed under the Sex Offender Management Board Act and conducted by a treatment provider licensed under the Sex Offender Evaluation and Treatment Provider Act. The Department shall arrange for control, care and treatment of the person in the least restrictive manner consistent with the requirements of the person and in accordance with the court's commitment order.

(3) If the court finds that the person is appropriate for conditional release, the court shall notify the Department. The Department shall prepare a plan that identifies the treatment and services, if any, that the person will receive in the community. The plan shall address the person's need, if any, for supervision, counseling, medication, community support services, residential services, vocational services,

and alcohol or other drug abuse treatment. The Department may contract with a county health department, with another public agency or with a private agency to provide the treatment and services identified in the plan. The plan shall specify who will be responsible for providing the treatment and services identified in the plan. The plan shall be presented to the court for its approval within 60 days after the court finding that the person is appropriate for conditional release, unless the Department and the person to be released request additional time to develop the plan. The conditional release program operated under this Section is not subject to the provisions of the Mental Health and Developmental Disabilities Confidentiality Act.

(4) An order for conditional release places the person in the custody and control of the Department. A person on conditional release is subject to the conditions set by the court and to the rules of the Department. Before a person is placed on conditional release by the court under this Section, the court shall so notify the municipal police department and county sheriff for the municipality and county in which the person will be residing. The notification requirement under this Section does not apply if a municipal police department or county sheriff submits to the court a written statement waiving the right to be notified. Notwithstanding any other provision in the Act, the person being supervised on conditional release shall not reside at the same street

address as another sex offender being supervised on conditional release under this Act, mandatory supervised release, parole, aftercare release, probation, or any other manner of supervision. If the Department alleges that a released person has violated any condition or rule, or that the safety of others requires that conditional release be revoked, he or she may be taken into custody under the rules of the Department.

At any time during which the person is on conditional release, if the Department determines that the person has violated any condition or rule, or that the safety of others requires that conditional release be revoked, the Department may request the Attorney General or State's Attorney to request the court to issue an emergency ex parte order directing any law enforcement officer to take the person into custody and transport the person to the county jail. The Department may request, or the Attorney General or State's Attorney may request independently of the Department, that a petition to revoke conditional release be filed. When a petition is filed, the court may order the Department to issue a notice to the person to be present at the Department or other agency designated by the court, order a summons to the person to be present, or order a body attachment for all law enforcement officers to take the person into custody and transport him or her to the county jail, hospital, or treatment facility. The Department shall submit a statement

showing probable cause of the detention and a petition to revoke the order for conditional release to the committing court within 48 hours after the detention. The court shall hear the petition within 30 days, unless the hearing or time deadline is waived by the detained person. Pending the revocation hearing, the Department may detain the person in a jail, in a hospital or treatment facility. The State has the burden of proving by clear and convincing evidence that any rule or condition of release has been violated, or that the safety of others requires that the conditional release be revoked. If the court determines after hearing that any rule or condition of release has been violated, or that the safety of others requires that conditional release be revoked, it may revoke the order for conditional release and order that the released person be placed in an appropriate institution until the person is discharged from the commitment under Section 65 of this Act or until again placed on conditional release under Section 60 of this Act.

(5) An order for conditional release places the person in the custody, care, and control of the Department. The court shall order the person be subject to the following rules of conditional release, in addition to any other conditions ordered, and the person shall be given a certificate setting forth the conditions of conditional release. These conditions shall be that the person:

jurisdiction;

Section 300. The Stalking No Contact Order Act is amended by changing Sections 80 and 115 as follows:

(740 ILCS 21/80)

Sec. 80. Stalking no contact orders; remedies.

(a) If the court finds that the petitioner has been a victim of stalking, a stalking no contact order shall issue; provided that the petitioner must also satisfy the requirements of Section 95 on emergency orders or Section 100 on plenary orders. The petitioner shall not be denied a stalking no contact order because the petitioner or the respondent is a minor. The court, when determining whether or not to issue a stalking no contact order, may not require physical injury on the person of the petitioner. Modification and extension of prior stalking no contact orders shall be in accordance with this Act.

(b) A stalking no contact order shall order one or more of the following:

(1) prohibit the respondent from threatening to commit or committing stalking;

(2) order the respondent not to have any contact with the petitioner or a third person specifically named by the court;

(3) prohibit the respondent from knowingly coming within, or knowingly remaining within a specified distance of the petitioner or the petitioner's residence, school, child care ~~daycare~~, or place of employment, or any specified place frequented by the petitioner; however, the court may order the respondent to stay away from the respondent's own residence, school, or place of employment only if the respondent has been provided actual notice of

the opportunity to appear and be heard on the petition;

(4) prohibit the respondent from possessing a Firearm Owners Identification Card, or possessing or buying firearms;

(5) prohibit the respondent from using any electronic tracking system or acquiring tracking information to determine the petitioner's location, movement, or travel pattern; and

(6) order other injunctive relief the court determines to be necessary to protect the petitioner or third party specifically named by the court.

(b-5) When the petitioner and the respondent attend the same public, private, or non-public elementary, middle, or high school, the court when issuing a stalking no contact order and providing relief shall consider the severity of the act, any continuing physical danger or emotional distress to the petitioner, the educational rights guaranteed to the petitioner and respondent under federal and State law, the availability of a transfer of the respondent to another school, a change of placement or a change of program of the respondent, the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school, and any other relevant facts of the case. The court may order that the respondent not attend the public, private, or non-public elementary, middle, or high school attended by the petitioner, order that the respondent

accept a change of placement or program, as determined by the school district or private or non-public school, or place restrictions on the respondent's movements within the school attended by the petitioner. The respondent bears the burden of proving by a preponderance of the evidence that a transfer, change of placement, or change of program of the respondent is not available. The respondent also bears the burden of production with respect to the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. A transfer, change of placement, or change of program is not unavailable to the respondent solely on the ground that the respondent does not agree with the school district's or private or non-public school's transfer, change of placement, or change of program or solely on the ground that the respondent fails or refuses to consent to or otherwise does not take an action required to effectuate a transfer, change of placement, or change of program. When a court orders a respondent to stay away from the public, private, or non-public school attended by the petitioner and the respondent requests a transfer to another attendance center within the respondent's school district or private or non-public school, the school district or private or non-public school shall have sole discretion to determine the attendance center to which the respondent is transferred. In the event the court order results in a transfer of the minor respondent to another attendance center, a change in the

respondent's placement, or a change of the respondent's program, the parents, guardian, or legal custodian of the respondent is responsible for transportation and other costs associated with the transfer or change.

(b-6) The court may order the parents, guardian, or legal custodian of a minor respondent to take certain actions or to refrain from taking certain actions to ensure that the respondent complies with the order. In the event the court orders a transfer of the respondent to another school, the parents, guardian, or legal custodian of the respondent are responsible for transportation and other costs associated with the change of school by the respondent.

(b-7) The court shall not hold a school district or private or non-public school or any of its employees in civil or criminal contempt unless the school district or private or non-public school has been allowed to intervene.

(b-8) The court may hold the parents, guardian, or legal custodian of a minor respondent in civil or criminal contempt for a violation of any provision of any order entered under this Act for conduct of the minor respondent in violation of this Act if the parents, guardian, or legal custodian directed, encouraged, or assisted the respondent minor in such conduct.

(c) The court may award the petitioner costs and attorneys fees if a stalking no contact order is granted.

(d) Monetary damages are not recoverable as a remedy.

(e) If the stalking no contact order prohibits the respondent from possessing a Firearm Owner's Identification Card, or possessing or buying firearms; the court shall confiscate the respondent's Firearm Owner's Identification Card and immediately return the card to the Illinois State Police Firearm Owner's Identification Card Office.

(a) Upon issuance of any stalking no contact order, the clerk shall immediately:

(1) enter the order on the record and file it in accordance with the circuit court procedures; and

(2) provide a file stamped copy of the order to the respondent, if present, and to the petitioner.

(b) The clerk of the issuing judge shall, or the petitioner may, on the same day that a stalking no contact order is issued, file a certified copy of that order with the sheriff or other law enforcement officials charged with maintaining Illinois State Police records or charged with serving the order upon the respondent. If the respondent, at the time of the issuance of the order, is committed to the custody of the Illinois Department of Corrections or Illinois Department of Juvenile Justice or is on parole, aftercare release, or mandatory supervised release, the sheriff or other

law enforcement officials charged with maintaining Illinois State Police records shall notify the Department of Corrections or Department of Juvenile Justice within 48 hours of receipt of a copy of the stalking no contact order from the clerk of the issuing judge or the petitioner. Such notice shall include the name of the respondent, the respondent's IDOC inmate number or IDJJ youth identification number, the respondent's date of birth, and the LEADS Record Index Number.

(c) Unless the respondent was present in court when the order was issued, the sheriff, other law enforcement official, or special process server shall promptly serve that order upon the respondent and file proof of such service in the manner provided for service of process in civil proceedings. Instead of serving the order upon the respondent, however, the sheriff, other law enforcement official, special process server, or other persons defined in Section 117 may serve the respondent with a short form notification as provided in Section 117. If process has not yet been served upon the respondent, it shall be served with the order or short form notification if such service is made by the sheriff, other law enforcement official, or special process server.

(d) If the person against whom the stalking no contact order is issued is arrested and the written order is issued in accordance with subsection (c) of Section 95 and received by the custodial law enforcement agency before the respondent or arrestee is released from custody, the custodial law

enforcement agent shall promptly serve the order upon the respondent or arrestee before the respondent or arrestee is released from custody. In no event shall detention of the respondent or arrestee be extended for hearing on the petition for stalking no contact order or receipt of the order issued under Section 95 of this Act.

(e) Any order extending, modifying, or revoking any stalking no contact order shall be promptly recorded, issued, and served as provided in this Section.

(f) Upon the request of the petitioner, within 24 hours of the issuance of a stalking no contact order, the clerk of the issuing judge shall send written notice of the order along with a certified copy of the order to any school, child care ~~daycare~~, college, or university at which the petitioner is enrolled.

(740 ILCS 22/213)

Sec. 213. Civil no contact order; remedies.

(a) If the court finds that the petitioner has been a victim of non-consensual sexual conduct or non-consensual sexual penetration, a civil no contact order shall issue; provided that the petitioner must also satisfy the

requirements of Section 214 on emergency orders or Section 215 on plenary orders. The petitioner shall not be denied a civil no contact order because the petitioner or the respondent is a minor. The court, when determining whether or not to issue a civil no contact order, may not require physical injury on the person of the victim. Modification and extension of prior civil no contact orders shall be in accordance with this Act.

(a-5) (Blank).

(b) (Blank).

(b-5) The court may provide relief as follows:

(1) prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from the petitioner;

(2) restrain the respondent from having any contact, including nonphysical contact and electronic communication as defined in Section 26.5-0.1 of the Criminal Code of 2012, with the petitioner directly, indirectly, or through third parties, regardless of whether those third parties know of the order;

(3) prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from the petitioner's residence, school, child ~~day~~ care or other specified location;

(4) order the respondent to stay away from any property or animal owned, possessed, leased, kept, or held by the petitioner and forbid the respondent from taking,

transferring, encumbering, concealing, harming, or otherwise disposing of the property or animal; and

(5) order any other injunctive relief as necessary or appropriate for the protection of the petitioner.

(b-6) When the petitioner and the respondent attend the same public or private elementary, middle, or high school, the court when issuing a civil no contact order and providing relief shall consider the severity of the act, any continuing physical danger or emotional distress to the petitioner, the educational rights guaranteed to the petitioner and respondent under federal and State law, the availability of a transfer of the respondent to another school, a change of placement or a change of program of the respondent, the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school, and any other relevant facts of the case. The court may order that the respondent not attend the public, private, or non-public elementary, middle, or high school attended by the petitioner, order that the respondent accept a change of placement or program, as determined by the school district or private or non-public school, or place restrictions on the respondent's movements within the school attended by the petitioner. The respondent bears the burden of proving by a preponderance of the evidence that a transfer, change of placement, or change of program of the respondent is not available. The respondent also bears the burden of production with respect to the expense, difficulty,

and educational disruption that would be caused by a transfer of the respondent to another school. A transfer, change of placement, or change of program is not unavailable to the respondent solely on the ground that the respondent does not agree with the school district's or private or non-public school's transfer, change of placement, or change of program or solely on the ground that the respondent fails or refuses to consent to or otherwise does not take an action required to effectuate a transfer, change of placement, or change of program. When a court orders a respondent to stay away from the public, private, or non-public school attended by the petitioner and the respondent requests a transfer to another attendance center within the respondent's school district or private or non-public school, the school district or private or non-public school shall have sole discretion to determine the attendance center to which the respondent is transferred. In the event the court order results in a transfer of the minor respondent to another attendance center, a change in the respondent's placement, or a change of the respondent's program, the parents, guardian, or legal custodian of the respondent is responsible for transportation and other costs associated with the transfer or change.

(b-7) The court may order the parents, guardian, or legal custodian of a minor respondent to take certain actions or to refrain from taking certain actions to ensure that the respondent complies with the order. In the event the court

orders a transfer of the respondent to another school, the parents or legal guardians of the respondent are responsible for transportation and other costs associated with the change of school by the respondent.

(c) Denial of a remedy may not be based, in whole or in part, on evidence that:

(1) the respondent has cause for any use of force, unless that cause satisfies the standards for justifiable use of force provided by Article 7 of the Criminal Code of 2012;

(2) the respondent was voluntarily intoxicated;

(3) the petitioner acted in self-defense or defense of another, provided that, if the petitioner utilized force, such force was justifiable under Article 7 of the Criminal Code of 2012;

(a) A petition for an order of protection shall be in writing and verified or accompanied by affidavit and shall allege that petitioner has been abused by respondent, who is a family or household member. The petition shall further set forth whether there is any other pending action between the parties. During the pendency of this proceeding, each party

In no event shall detention of the respondent or arrestee be extended for hearing on the petition for order of protection or receipt of the order issued under Section 217 of this Act.
