1 AN ACT concerning finance.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The State Finance Act is amended by adding
5 Section 13.6 as follows:

6 (30 ILCS 105/13.6 new)

7 Sec. 13.6. Additional requirements for appropriations.

8 (a) As used in this Section:

9 "Appropriations" means appropriations for objects and
10 purposes as classified and standardized under Section 13 of
11 this Act and any other lump sum or other appropriation, other
12 than capital appropriations, contained in any bill filed in
13 accordance with Section 13.4 of this Act.

14 "Fund type" means general funds, as defined under Section
15 50-40 of the State Budget Law of the Civil Administrative Code
16 of Illinois, other State funds, or federal funds.

17 "Material change" means a change that increases or
18 decreases an appropriation being made to a State agency.

19 "State agency" or "agency" means all departments,
20 officers, authorities, public corporations and quasi-public
21 corporations, commissions, boards, institutions, State
22 colleges and universities, and all other public agencies
23 created by the State, including agencies of the judicial

1 branch, but not including units of local government and school
2 districts.

3 (b) On and after July 1, 2026, amendments to bills filed
4 with the Secretary of the Senate or the Clerk of the House of
5 Representatives that contain appropriations for more than one
6 State agency for the current year or budget year shall be
7 accompanied by supplemental documentation at the time of the
8 filing of the amendment that includes, at a minimum, both of
9 the following:

10 (1) An itemization of all proposed appropriation
11 changes in the amendment by line item, fund type, and
12 State agency when compared with an appropriations bill
13 introduced in accordance with Section 13.4 of this Act for
14 the same current or budget year. The information shall be
15 presented in a format similar to the table of operating
16 appropriations by program included in the budget submitted
17 by the Governor under Section 50-10 of the State Budget
18 Law of the Civil Administrative Code of Illinois for that
19 budget year. State agency appropriation line items that
20 fall under the classifications listed in paragraphs (1)
21 through (14) and (16) through (18) of Section 13 may be
22 combined by each classification for each State agency. If
23 line items are combined, the itemization for that
24 classification for a State agency shall include all line
25 items for that classification and fund type for the agency
26 regardless of whether those line items have changed. The

1 itemization under this paragraph shall also include a
2 comparison of the proposed appropriation changes in the
3 amendment to the current year enacted appropriation.

4 (2) An itemized summary of the total amount proposed
5 to be appropriated for each State agency with
6 appropriation changes required to be included under
7 paragraph (1) when compared to an appropriations bill
8 introduced in accordance with Section 13.4 of this Act for
9 the same current or budget year and the current year
10 enacted appropriation, including subtotals for general
11 funds, other State funds, and federal funds, regardless of
12 whether any of the fund type subtotals remain unchanged
13 from the introduced appropriations bill. The information
14 shall be presented in a format similar to the table of
15 operating appropriations by agency, as included in the
16 budget submitted by the Governor under Section 50-10 of
17 the State Budget Law for that budget year.

18 (c) If an amendment is filed to a bill and it does not
19 materially change the amounts proposed to be appropriated in
20 the current year or budget year as recommended by the Governor
21 to the General Assembly pursuant to Section 50-5 of the State
22 Budget Law or introduced in bills in accordance with Section
23 13.4 of this Act, then the amendment does not need to be
24 accompanied by the supplemental documentation required under
25 this Section.

26 (d) The Legislative Information System shall ensure that

1 the supplemental documents described in subsection (b) are
2 posted publicly on the General Assembly's website at the time
3 the amendment is filed.

4 Section 99. Effective date. This Act takes effect upon
5 becoming law.
