Supporting HB-5574 HA1 Emergency Rental and Homeowner Protection Act

Testimony: I am in support of the Emergency Rental and Homeowner Protection Act, HB 5574, because it will provide meaningful and much-needed relief to hundreds of thousands who are suffering from economic precarity and income insecurity due to the coronavirus pandemic. No one should lose their home during this crisis, and no one should have to make the horrific choice of having to choose between paying for food, medicine, or rent. This bill is absolutely necessary to prevent this already life-altering and terrifying global crisis even worse for so many families and vulnerable communities.
