I am in support of the Emergency Renter and Homeowner Protection Act (HB5574) sponsored by Representatives Ramirez and Guzzardi. I am supportive of this bill because everyday I see that hundreds of families can't afford to pay their rent and are scared for their families. I see that families who are homeowners are scared to lose the homes they worked so hard to afford. I see students having to risk their lives to work to help their families pay rent when they should be at home quarantined. There are thousands of families that are in the same situations across the city and state. Supporting this bill will help lead to the recovery of working families.
