Testimony:

I am writing in support of the Emergency Renter and Homeowner Protection Act, HB5574. This act would bring the substantial relief to so many that are currently suffering due to COVID19 and the income insecurity that results from this crisis. Each month, it becomes harder and harder to afford living costs without regular income. There is only so much room on credit cards that are close to being maxed out. People should not have to choose between paying rent/mortgages and feeding themselves or their family. We deserve relief that will come from concrete action by our legislators.
