Testimony:

I am writing in support of the Emergency Renter and Homeowner Protection Act, HB5574. The COVID-19 pandemic has worsened an existing housing crisis and demands a response that brings relief to people in our state who are suffering hardships. If we want people to survive this pandemic, we must secure their housing and stabilize working-class communities. This is a high stakes moment and the legislature must act today. Please treat this as a high and urgent priority. Thank you.
