Testimony:

I am in support of the Emergency Renter and Homeowner Protection Act, HB5574 because it brings real relief to the hundreds of thousands who are suffering income insecurity during this crisis. No one should lose their home due to a pandemic.

Having housing security would decrease the anxiety people have about the shut down. Knowing they can keep a roof over their heads, people would be more likely to comply with the stay at home orders, and we can actually open faster when people comply. So many people are acting up out of desperation. Please do what is necessary to take care of the state and the people.
