Anne,

I know you must think that this is a tickler on my computer!

Anne, we talked in the past about the additional appointment to the Foundation being yours. We also talked about you considering appointing former representative and Kankakee community leader [REDACTED] to that spot. I believe I sent her resume to you and we had a discussion.

Would you appoint her? If your answer is "yes" then would you give me a couple day "heads up" so a Friend of ours could call her in advance?

Thanks.

My best,  
Mike
