LRB100 05062 KTG 25683 a

1 AMENDMENT TO SENATE BILL 350

2 AMENDMENT NO. _____. Amend Senate Bill 350 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The Children's Health Insurance Program Act is
5 amended by changing Section 23 as follows:

6 (215 ILCS 106/23)

7 Sec. 23. Care coordination.

8 (a) At least 50% of recipients eligible for comprehensive
9 medical benefits in all medical assistance programs or other
10 health benefit programs administered by the Department,
11 including the Children's Health Insurance Program Act and the
12 Covering ALL KIDS Health Insurance Act, shall be enrolled in a
13 care coordination program by no later than January 1, 2015. The
14 Department shall give preference to provider-sponsored
15 integrated care organizations including, but not limited to,
16 managed care community networks and health systems operated by

1 local units of government. Upon satisfying the 50% threshold,
2 there shall be no additional mandatory assignment into managed
3 care organizations until the number of Medicaid recipients in
4 provider-sponsored integrated care organizations is no less
5 than 33% of the number of Medicaid recipients in managed care
6 organizations. For purposes of this Section, "coordinated
7 care" or "care coordination" means delivery systems where
8 recipients will receive their care from providers who
9 participate under contract in integrated delivery systems that
10 are responsible for providing or arranging the majority of
11 care, including primary care physician services, referrals
12 from primary care physicians, diagnostic and treatment
13 services, behavioral health services, in-patient and
14 outpatient hospital services, dental services, and
15 rehabilitation and long-term care services. The Department
16 shall designate or contract for such integrated delivery
17 systems (i) to ensure enrollees have a choice of systems and of
18 primary care providers within such systems; (ii) to ensure that
19 enrollees receive quality care in a culturally and
20 linguistically appropriate manner; and (iii) to ensure that
21 coordinated care programs meet the diverse needs of enrollees
22 with developmental, mental health, physical, and age-related
23 disabilities.

24 (b) Payment for such coordinated care shall be based on
25 arrangements where the State pays for performance related to
26 health care outcomes, the use of evidence-based practices, the

1 use of primary care delivered through comprehensive medical
2 homes, the use of electronic medical records, and the
3 appropriate exchange of health information electronically made
4 either on a capitated basis in which a fixed monthly premium
5 per recipient is paid and full financial risk is assumed for
6 the delivery of services, or through other risk-based payment
7 arrangements.

8 (c) To qualify for compliance with this Section, the 50%
9 goal shall be achieved by enrolling medical assistance
10 enrollees from each medical assistance enrollment category,
11 including parents, children, seniors, and people with
12 disabilities to the extent that current State Medicaid payment
13 laws would not limit federal matching funds for recipients in
14 care coordination programs. In addition, services must be more
15 comprehensively defined and more risk shall be assumed than in
16 the Department's primary care case management program as of the
17 effective date of this amendatory Act of the 96th General
18 Assembly.

19 (d) The Department shall report to the General Assembly in
20 a separate part of its annual medical assistance program
21 report, beginning April, 2012 until April, 2016, on the
22 progress and implementation of the care coordination program
23 initiatives established by the provisions of this amendatory
24 Act of the 96th General Assembly. The Department shall include
25 in its April 2011 report a full analysis of federal laws or
26 regulations regarding upper payment limitations to providers

1 and the necessary revisions or adjustments in rate
2 methodologies and payments to providers under this Code that
3 would be necessary to implement coordinated care with full
4 financial risk by a party other than the Department.

5 (Source: P.A. 96-1501, eff. 1-25-11.)

6 Section 10. The Illinois Public Aid Code is amended by
7 changing Section 5-30 as follows:

8 (305 ILCS 5/5-30)

9 Sec. 5-30. Care coordination.

10 (a) At least 50% of recipients eligible for comprehensive
11 medical benefits in all medical assistance programs or other
12 health benefit programs administered by the Department,
13 including the Children's Health Insurance Program Act and the
14 Covering ALL KIDS Health Insurance Act, shall be enrolled in a
15 care coordination program by no later than January 1, 2015. The
16 Department shall give preference to provider-sponsored
17 integrated care organizations including, but not limited to,
18 managed care community networks and health systems operated by
19 local units of government. Upon satisfying the 50% threshold,
20 there shall be no additional mandatory assignment into managed
21 care organizations until the number of Medicaid recipients in
22 provider-sponsored integrated care organizations is no less
23 than 33% of the number of Medicaid recipients in managed care
24 organizations. For purposes of this Section, "coordinated

1 care" or "care coordination" means delivery systems where
2 recipients will receive their care from providers who
3 participate under contract in integrated delivery systems that
4 are responsible for providing or arranging the majority of
5 care, including primary care physician services, referrals
6 from primary care physicians, diagnostic and treatment
7 services, behavioral health services, in-patient and
8 outpatient hospital services, dental services, and
9 rehabilitation and long-term care services. The Department
10 shall designate or contract for such integrated delivery
11 systems (i) to ensure enrollees have a choice of systems and of
12 primary care providers within such systems; (ii) to ensure that
13 enrollees receive quality care in a culturally and
14 linguistically appropriate manner; and (iii) to ensure that
15 coordinated care programs meet the diverse needs of enrollees
16 with developmental, mental health, physical, and age-related
17 disabilities.

18 (b) Payment for such coordinated care shall be based on
19 arrangements where the State pays for performance related to
20 health care outcomes, the use of evidence-based practices, the
21 use of primary care delivered through comprehensive medical
22 homes, the use of electronic medical records, and the
23 appropriate exchange of health information electronically made
24 either on a capitated basis in which a fixed monthly premium
25 per recipient is paid and full financial risk is assumed for
26 the delivery of services, or through other risk-based payment

1 arrangements.

2 (c) To qualify for compliance with this Section, the 50%
3 goal shall be achieved by enrolling medical assistance
4 enrollees from each medical assistance enrollment category,
5 including parents, children, seniors, and people with
6 disabilities to the extent that current State Medicaid payment
7 laws would not limit federal matching funds for recipients in
8 care coordination programs. In addition, services must be more
9 comprehensively defined and more risk shall be assumed than in
10 the Department's primary care case management program as of
11 January 25, 2011 (the effective date of Public Act 96-1501).

12 (d) The Department shall report to the General Assembly in
13 a separate part of its annual medical assistance program
14 report, beginning April, 2012 until April, 2016, on the
15 progress and implementation of the care coordination program
16 initiatives established by the provisions of Public Act
17 96-1501. The Department shall include in its April 2011 report
18 a full analysis of federal laws or regulations regarding upper
19 payment limitations to providers and the necessary revisions or
20 adjustments in rate methodologies and payments to providers
21 under this Code that would be necessary to implement
22 coordinated care with full financial risk by a party other than
23 the Department.

24 (e) Integrated Care Program for individuals with chronic
25 mental health conditions.

26 (1) The Integrated Care Program shall encompass

1 services administered to recipients of medical assistance
2 under this Article to prevent exacerbations and
3 complications using cost-effective, evidence-based
4 practice guidelines and mental health management
5 strategies.

6 (2) The Department may utilize and expand upon existing
7 contractual arrangements with integrated care plans under
8 the Integrated Care Program for providing the coordinated
9 care provisions of this Section.

10 (3) Payment for such coordinated care shall be based on
11 arrangements where the State pays for performance related
12 to mental health outcomes on a capitated basis in which a
13 fixed monthly premium per recipient is paid and full
14 financial risk is assumed for the delivery of services, or
15 through other risk-based payment arrangements such as
16 provider-based care coordination.

17 (4) The Department shall examine whether chronic
18 mental health management programs and services for
19 recipients with specific chronic mental health conditions
20 do any or all of the following:

21 (A) Improve the patient's overall mental health in
22 a more expeditious and cost-effective manner.

23 (B) Lower costs in other aspects of the medical
24 assistance program, such as hospital admissions,
25 emergency room visits, or more frequent and
26 inappropriate psychotropic drug use.

1 (5) The Department shall work with the facilities and
2 any integrated care plan participating in the program to
3 identify and correct barriers to the successful
4 implementation of this subsection (e) prior to and during
5 the implementation to best facilitate the goals and
6 objectives of this subsection (e).

7 (f) A hospital that is located in a county of the State in
8 which the Department mandates some or all of the beneficiaries
9 of the Medical Assistance Program residing in the county to
10 enroll in a Care Coordination Program, as set forth in Section
11 5-30 of this Code, shall not be eligible for any non-claims
12 based payments not mandated by Article V-A of this Code for
13 which it would otherwise be qualified to receive, unless the
14 hospital is a Coordinated Care Participating Hospital no later
15 than 60 days after June 14, 2012 (the effective date of Public
16 Act 97-689) or 60 days after the first mandatory enrollment of
17 a beneficiary in a Coordinated Care program. For purposes of
18 this subsection, "Coordinated Care Participating Hospital"
19 means a hospital that meets one of the following criteria:

20 (1) The hospital has entered into a contract to provide
21 hospital services with one or more MCOs to enrollees of the
22 care coordination program.

23 (2) The hospital has not been offered a contract by a
24 care coordination plan that the Department has determined
25 to be a good faith offer and that pays at least as much as
26 the Department would pay, on a fee-for-service basis, not

1 including disproportionate share hospital adjustment
2 payments or any other supplemental adjustment or add-on
3 payment to the base fee-for-service rate, except to the
4 extent such adjustments or add-on payments are
5 incorporated into the development of the applicable MCO
6 capitated rates.

7 As used in this subsection (f), "MCO" means any entity
8 which contracts with the Department to provide services where
9 payment for medical services is made on a capitated basis.

10 (g) No later than August 1, 2013, the Department shall
11 issue a purchase of care solicitation for Accountable Care
12 Entities (ACE) to serve any children and parents or caretaker
13 relatives of children eligible for medical assistance under
14 this Article. An ACE may be a single corporate structure or a
15 network of providers organized through contractual
16 relationships with a single corporate entity. The solicitation
17 shall require that:

18 (1) An ACE operating in Cook County be capable of
19 serving at least 40,000 eligible individuals in that
20 county; an ACE operating in Lake, Kane, DuPage, or Will
21 Counties be capable of serving at least 20,000 eligible
22 individuals in those counties and an ACE operating in other
23 regions of the State be capable of serving at least 10,000
24 eligible individuals in the region in which it operates.
25 During initial periods of mandatory enrollment, the
26 Department shall require its enrollment services

1 contractor to use a default assignment algorithm that
2 ensures if possible an ACE reaches the minimum enrollment
3 levels set forth in this paragraph.

4 (2) An ACE must include at a minimum the following
5 types of providers: primary care, specialty care,
6 hospitals, and behavioral healthcare.

7 (3) An ACE shall have a governance structure that
8 includes the major components of the health care delivery
9 system, including one representative from each of the
10 groups listed in paragraph (2).

11 (4) An ACE must be an integrated delivery system,
12 including a network able to provide the full range of
13 services needed by Medicaid beneficiaries and system
14 capacity to securely pass clinical information across
15 participating entities and to aggregate and analyze that
16 data in order to coordinate care.

17 (5) An ACE must be capable of providing both care
18 coordination and complex case management, as necessary, to
19 beneficiaries. To be responsive to the solicitation, a
20 potential ACE must outline its care coordination and
21 complex case management model and plan to reduce the cost
22 of care.

23 (6) In the first 18 months of operation, unless the ACE
24 selects a shorter period, an ACE shall be paid care
25 coordination fees on a per member per month basis that are
26 projected to be cost neutral to the State during the term

1 of their payment and, subject to federal approval, be
2 eligible to share in additional savings generated by their
3 care coordination.

4 (7) In months 19 through 36 of operation, unless the
5 ACE selects a shorter period, an ACE shall be paid on a
6 pre-paid capitation basis for all medical assistance
7 covered services, under contract terms similar to Managed
8 Care Organizations (MCO), with the Department sharing the
9 risk through either stop-loss insurance for extremely high
10 cost individuals or corridors of shared risk based on the
11 overall cost of the total enrollment in the ACE. The ACE
12 shall be responsible for claims processing, encounter data
13 submission, utilization control, and quality assurance.

14 (8) In the fourth and subsequent years of operation, an
15 ACE shall convert to a Managed Care Community Network
16 (MCCN), as defined in this Article, or Health Maintenance
17 Organization pursuant to the Illinois Insurance Code,
18 accepting full-risk capitation payments.

19 The Department shall allow potential ACE entities 5 months
20 from the date of the posting of the solicitation to submit
21 proposals. After the solicitation is released, in addition to
22 the MCO rate development data available on the Department's
23 website, subject to federal and State confidentiality and
24 privacy laws and regulations, the Department shall provide 2
25 years of de-identified summary service data on the targeted
26 population, split between children and adults, showing the

1 historical type and volume of services received and the cost of
2 those services to those potential bidders that sign a data use
3 agreement. The Department may add up to 2 non-state government
4 employees with expertise in creating integrated delivery
5 systems to its review team for the purchase of care
6 solicitation described in this subsection. Any such
7 individuals must sign a no-conflict disclosure and
8 confidentiality agreement and agree to act in accordance with
9 all applicable State laws.

10 During the first 2 years of an ACE's operation, the
11 Department shall provide claims data to the ACE on its
12 enrollees on a periodic basis no less frequently than monthly.

13 Nothing in this subsection shall be construed to limit the
14 Department's mandate to enroll 50% of its beneficiaries into
15 care coordination systems by January 1, 2015, using all
16 available care coordination delivery systems, including Care
17 Coordination Entities (CCE), MCCNs, or MCOs, nor be construed
18 to affect the current CCEs, MCCNs, and MCOs selected to serve
19 seniors and persons with disabilities prior to that date.

20 Nothing in this subsection precludes the Department from
21 considering future proposals for new ACEs or expansion of
22 existing ACEs at the discretion of the Department.

23 (h) Department contracts with MCOs and other entities
24 reimbursed by risk based capitation shall have a minimum
25 medical loss ratio of 85%, shall require the entity to
26 establish an appeals and grievances process for consumers and

1 providers, and shall require the entity to provide a quality
2 assurance and utilization review program. Entities contracted
3 with the Department to coordinate healthcare regardless of risk
4 shall be measured utilizing the same quality metrics. The
5 quality metrics may be population specific. Any contracted
6 entity serving at least 5,000 seniors or people with
7 disabilities or 15,000 individuals in other populations
8 covered by the Medical Assistance Program that has been
9 receiving full-risk capitation for a year shall be accredited
10 by a national accreditation organization authorized by the
11 Department within 2 years after the date it is eligible to
12 become accredited. The requirements of this subsection shall
13 apply to contracts with MCOs entered into or renewed or
14 extended after June 1, 2013.

15 (h-5) The Department shall monitor and enforce compliance
16 by MCOs with agreements they have entered into with providers
17 on issues that include, but are not limited to, timeliness of
18 payment, payment rates, and processes for obtaining prior
19 approval. The Department may impose sanctions on MCOs for
20 violating provisions of those agreements that include, but are
21 not limited to, financial penalties, suspension of enrollment
22 of new enrollees, and termination of the MCO's contract with
23 the Department. As used in this subsection (h-5), "MCO" has the
24 meaning ascribed to that term in Section 5-30.1 of this Code.

25 (i) Unless otherwise required by federal law, Medicaid
26 Managed Care Entities and their respective business associates

1 shall not disclose, directly or indirectly, including by
2 sending a bill or explanation of benefits, information
3 concerning the sensitive health services received by enrollees
4 of the Medicaid Managed Care Entity to any person other than
5 covered entities and business associates, which may receive,
6 use, and further disclose such information solely for the
7 purposes permitted under applicable federal and State laws and
8 regulations if such use and further disclosure satisfies all
9 applicable requirements of such laws and regulations. The
10 Medicaid Managed Care Entity or its respective business
11 associates may disclose information concerning the sensitive
12 health services if the enrollee who received the sensitive
13 health services requests the information from the Medicaid
14 Managed Care Entity or its respective business associates and
15 authorized the sending of a bill or explanation of benefits.
16 Communications including, but not limited to, statements of
17 care received or appointment reminders either directly or
18 indirectly to the enrollee from the health care provider,
19 health care professional, and care coordinators, remain
20 permissible. Medicaid Managed Care Entities or their
21 respective business associates may communicate directly with
22 their enrollees regarding care coordination activities for
23 those enrollees.

24 For the purposes of this subsection, the term "Medicaid
25 Managed Care Entity" includes Care Coordination Entities,
26 Accountable Care Entities, Managed Care Organizations, and

1 Managed Care Community Networks.

2 For purposes of this subsection, the term "sensitive health
3 services" means mental health services, substance abuse
4 treatment services, reproductive health services, family
5 planning services, services for sexually transmitted
6 infections and sexually transmitted diseases, and services for
7 sexual assault or domestic abuse. Services include prevention,
8 screening, consultation, examination, treatment, or follow-up.

9 For purposes of this subsection, "business associate",
10 "covered entity", "disclosure", and "use" have the meanings
11 ascribed to those terms in 45 CFR 160.103.

12 Nothing in this subsection shall be construed to relieve a
13 Medicaid Managed Care Entity or the Department of any duty to
14 report incidents of sexually transmitted infections to the
15 Department of Public Health or to the local board of health in
16 accordance with regulations adopted under a statute or
17 ordinance or to report incidents of sexually transmitted
18 infections as necessary to comply with the requirements under
19 Section 5 of the Abused and Neglected Child Reporting Act or as
20 otherwise required by State or federal law.

21 The Department shall create policy in order to implement
22 the requirements in this subsection.

23 (j) Managed Care Entities (MCEs), including MCOs and all
24 other care coordination organizations, shall develop and
25 maintain a written language access policy that sets forth the
26 standards, guidelines, and operational plan to ensure language

1 appropriate services and that is consistent with the standard
2 of meaningful access for populations with limited English
3 proficiency. The language access policy shall describe how the
4 MCEs will provide all of the following required services:

5 (1) Translation (the written replacement of text from
6 one language into another) of all vital documents and forms
7 as identified by the Department.

8 (2) Qualified interpreter services (the oral
9 communication of a message from one language into another
10 by a qualified interpreter).

11 (3) Staff training on the language access policy,
12 including how to identify language needs, access and
13 provide language assistance services, work with
14 interpreters, request translations, and track the use of
15 language assistance services.

16 (4) Data tracking that identifies the language need.

17 (5) Notification to participants on the availability
18 of language access services and on how to access such
19 services.

20 (Source: P.A. 98-104, eff. 7-22-13; 98-651, eff. 6-16-14;
21 99-106, eff. 1-1-16; 99-181, eff. 7-29-15; 99-566, eff. 1-1-17;
