1 AMENDMENT TO SENATE BILL 350

2 AMENDMENT NO. \_\_\_\_\_. Amend Senate Bill 350 by replacing  
3 everything after the enacting clause with the following:

4 "Section 5. The Children's Health Insurance Program Act is  
5 amended by changing Section 23 as follows:

6 (215 ILCS 106/23)

7 Sec. 23. Care coordination.

8 (a) At least 50% of recipients eligible for comprehensive  
9 medical benefits in all medical assistance programs or other  
10 health benefit programs administered by the Department,  
11 including the Children's Health Insurance Program Act and the  
12 Covering ALL KIDS Health Insurance Act, shall be enrolled in a  
13 care coordination program by no later than January 1, 2015. The  
14 Department shall give preference to provider-sponsored  
15 integrated care organizations including, but not limited to,  
16 managed care community networks, provider-based managed care

1 entities, and health systems operated by local units of  
2 government. Upon satisfying the 50% threshold, there shall be  
3 no additional mandatory assignment into managed care  
4 organizations until the number of Medicaid recipients in  
5 provider-sponsored integrated care organizations is no less  
6 than 33% of the number of Medicaid recipients in managed care  
7 organizations. For purposes of this Section, "coordinated  
8 care" or "care coordination" means delivery systems where  
9 recipients will receive their care from providers who  
10 participate under contract in integrated delivery systems that  
11 are responsible for providing or arranging the majority of  
12 care, including primary care physician services, referrals  
13 from primary care physicians, diagnostic and treatment  
14 services, behavioral health services, in-patient and  
15 outpatient hospital services, dental services, and  
16 rehabilitation and long-term care services. The Department  
17 shall designate or contract for such integrated delivery  
18 systems (i) to ensure enrollees have a choice of systems and of  
19 primary care providers within such systems; (ii) to ensure that  
20 enrollees receive quality care in a culturally and  
21 linguistically appropriate manner; and (iii) to ensure that  
22 coordinated care programs meet the diverse needs of enrollees  
23 with developmental, mental health, physical, and age-related  
24 disabilities.

25 (b) Payment for such coordinated care shall be based on  
26 arrangements where the State pays for performance related to

1 health care outcomes, the use of evidence-based practices, the  
2 use of primary care delivered through comprehensive medical  
3 homes, the use of electronic medical records, and the  
4 appropriate exchange of health information electronically made  
5 either on a capitated basis in which a fixed monthly premium  
6 per recipient is paid and full financial risk is assumed for  
7 the delivery of services, or through other risk-based payment  
8 arrangements.

9 (c) To qualify for compliance with this Section, the 50%  
10 goal shall be achieved by enrolling medical assistance  
11 enrollees from each medical assistance enrollment category,  
12 including parents, children, seniors, and people with  
13 disabilities to the extent that current State Medicaid payment  
14 laws would not limit federal matching funds for recipients in  
15 care coordination programs. In addition, services must be more  
16 comprehensively defined and more risk shall be assumed than in  
17 the Department's primary care case management program as of the  
18 effective date of this amendatory Act of the 96th General  
19 Assembly.

20 (d) The Department shall report to the General Assembly in  
21 a separate part of its annual medical assistance program  
22 report, beginning April, 2012 until April, 2016, on the  
23 progress and implementation of the care coordination program  
24 initiatives established by the provisions of this amendatory  
25 Act of the 96th General Assembly. The Department shall include  
26 in its April 2011 report a full analysis of federal laws or

1 regulations regarding upper payment limitations to providers  
2 and the necessary revisions or adjustments in rate  
3 methodologies and payments to providers under this Code that  
4 would be necessary to implement coordinated care with full  
5 financial risk by a party other than the Department.

6 (Source: P.A. 96-1501, eff. 1-25-11.)

7 Section 10. The Illinois Public Aid Code is amended by  
8 changing Section 5-30 as follows:

9 (305 ILCS 5/5-30)

10 Sec. 5-30. Care coordination.

11 (a) At least 50% of recipients eligible for comprehensive  
12 medical benefits in all medical assistance programs or other  
13 health benefit programs administered by the Department,  
14 including the Children's Health Insurance Program Act and the  
15 Covering ALL KIDS Health Insurance Act, shall be enrolled in a  
16 care coordination program by no later than January 1, 2015. The  
17 Department shall give preference to provider-sponsored  
18 integrated care organizations including, but not limited to,  
19 managed care community networks, provider-based managed care  
20 entities, and health systems operated by local units of  
21 government. Upon satisfying the 50% threshold, there shall be  
22 no additional mandatory assignment into managed care  
23 organizations until the number of Medicaid recipients in  
24 provider-sponsored integrated care organizations is no less

1 than 33% of the number of Medicaid recipients in managed care  
2 organizations. For purposes of this Section, "coordinated  
3 care" or "care coordination" means delivery systems where  
4 recipients will receive their care from providers who  
5 participate under contract in integrated delivery systems that  
6 are responsible for providing or arranging the majority of  
7 care, including primary care physician services, referrals  
8 from primary care physicians, diagnostic and treatment  
9 services, behavioral health services, in-patient and  
10 outpatient hospital services, dental services, and  
11 rehabilitation and long-term care services. The Department  
12 shall designate or contract for such integrated delivery  
13 systems (i) to ensure enrollees have a choice of systems and of  
14 primary care providers within such systems; (ii) to ensure that  
15 enrollees receive quality care in a culturally and  
16 linguistically appropriate manner; and (iii) to ensure that  
17 coordinated care programs meet the diverse needs of enrollees  
18 with developmental, mental health, physical, and age-related  
19 disabilities.

20 (b) Payment for such coordinated care shall be based on  
21 arrangements where the State pays for performance related to  
22 health care outcomes, the use of evidence-based practices, the  
23 use of primary care delivered through comprehensive medical  
24 homes, the use of electronic medical records, and the  
25 appropriate exchange of health information electronically made  
26 either on a capitated basis in which a fixed monthly premium

1 per recipient is paid and full financial risk is assumed for  
2 the delivery of services, or through other risk-based payment  
3 arrangements.

4 (c) To qualify for compliance with this Section, the 50%  
5 goal shall be achieved by enrolling medical assistance  
6 enrollees from each medical assistance enrollment category,  
7 including parents, children, seniors, and people with  
8 disabilities to the extent that current State Medicaid payment  
9 laws would not limit federal matching funds for recipients in  
10 care coordination programs. In addition, services must be more  
11 comprehensively defined and more risk shall be assumed than in  
12 the Department's primary care case management program as of  
13 January 25, 2011 (the effective date of Public Act 96-1501).

14 (d) The Department shall report to the General Assembly in  
15 a separate part of its annual medical assistance program  
16 report, beginning April, 2012 until April, 2016, on the  
17 progress and implementation of the care coordination program  
18 initiatives established by the provisions of Public Act  
19 96-1501. The Department shall include in its April 2011 report  
20 a full analysis of federal laws or regulations regarding upper  
21 payment limitations to providers and the necessary revisions or  
22 adjustments in rate methodologies and payments to providers  
23 under this Code that would be necessary to implement  
24 coordinated care with full financial risk by a party other than  
25 the Department.

26 (e) Integrated Care Program for individuals with chronic

1 mental health conditions.

2 (1) The Integrated Care Program shall encompass  
3 services administered to recipients of medical assistance  
4 under this Article to prevent exacerbations and  
5 complications using cost-effective, evidence-based  
6 practice guidelines and mental health management  
7 strategies.

8 (2) The Department may utilize and expand upon existing  
9 contractual arrangements with integrated care plans under  
10 the Integrated Care Program for providing the coordinated  
11 care provisions of this Section.

12 (3) Payment for such coordinated care shall be based on  
13 arrangements where the State pays for performance related  
14 to mental health outcomes on a capitated basis in which a  
15 fixed monthly premium per recipient is paid and full  
16 financial risk is assumed for the delivery of services, or  
17 through other risk-based payment arrangements such as  
18 provider-based care coordination.

19 (4) The Department shall examine whether chronic  
20 mental health management programs and services for  
21 recipients with specific chronic mental health conditions  
22 do any or all of the following:

23 (A) Improve the patient's overall mental health in  
24 a more expeditious and cost-effective manner.

25 (B) Lower costs in other aspects of the medical  
26 assistance program, such as hospital admissions,

1 emergency room visits, or more frequent and  
2 inappropriate psychotropic drug use.

3 (5) The Department shall work with the facilities and  
4 any integrated care plan participating in the program to  
5 identify and correct barriers to the successful  
6 implementation of this subsection (e) prior to and during  
7 the implementation to best facilitate the goals and  
8 objectives of this subsection (e).

9 (f) A hospital that is located in a county of the State in  
10 which the Department mandates some or all of the beneficiaries  
11 of the Medical Assistance Program residing in the county to  
12 enroll in a Care Coordination Program, as set forth in Section  
13 5-30 of this Code, shall not be eligible for any non-claims  
14 based payments not mandated by Article V-A of this Code for  
15 which it would otherwise be qualified to receive, unless the  
16 hospital is a Coordinated Care Participating Hospital no later  
17 than 60 days after June 14, 2012 (the effective date of Public  
18 Act 97-689) or 60 days after the first mandatory enrollment of  
19 a beneficiary in a Coordinated Care program. For purposes of  
20 this subsection, "Coordinated Care Participating Hospital"  
21 means a hospital that meets one of the following criteria:

22 (1) The hospital has entered into a contract to provide  
23 hospital services with one or more MCOs to enrollees of the  
24 care coordination program.

25 (2) The hospital has not been offered a contract by a  
26 care coordination plan that the Department has determined

1 to be a good faith offer and that pays at least as much as  
2 the Department would pay, on a fee-for-service basis, not  
3 including disproportionate share hospital adjustment  
4 payments or any other supplemental adjustment or add-on  
5 payment to the base fee-for-service rate, except to the  
6 extent such adjustments or add-on payments are  
7 incorporated into the development of the applicable MCO  
8 capitated rates.

9 As used in this subsection (f), "MCO" means any entity  
10 which contracts with the Department to provide services where  
11 payment for medical services is made on a capitated basis.

12 (g) No later than August 1, 2013, the Department shall  
13 issue a purchase of care solicitation for Accountable Care  
14 Entities (ACE) to serve any children and parents or caretaker  
15 relatives of children eligible for medical assistance under  
16 this Article. An ACE may be a single corporate structure or a  
17 network of providers organized through contractual  
18 relationships with a single corporate entity. The solicitation  
19 shall require that:

20 (1) An ACE operating in Cook County be capable of  
21 serving at least 40,000 eligible individuals in that  
22 county; an ACE operating in Lake, Kane, DuPage, or Will  
23 Counties be capable of serving at least 20,000 eligible  
24 individuals in those counties and an ACE operating in other  
25 regions of the State be capable of serving at least 10,000  
26 eligible individuals in the region in which it operates.

1 During initial periods of mandatory enrollment, the  
2 Department shall require its enrollment services  
3 contractor to use a default assignment algorithm that  
4 ensures if possible an ACE reaches the minimum enrollment  
5 levels set forth in this paragraph.

6 (2) An ACE must include at a minimum the following  
7 types of providers: primary care, specialty care,  
8 hospitals, and behavioral healthcare.

9 (3) An ACE shall have a governance structure that  
10 includes the major components of the health care delivery  
11 system, including one representative from each of the  
12 groups listed in paragraph (2).

13 (4) An ACE must be an integrated delivery system,  
14 including a network able to provide the full range of  
15 services needed by Medicaid beneficiaries and system  
16 capacity to securely pass clinical information across  
17 participating entities and to aggregate and analyze that  
18 data in order to coordinate care.

19 (5) An ACE must be capable of providing both care  
20 coordination and complex case management, as necessary, to  
21 beneficiaries. To be responsive to the solicitation, a  
22 potential ACE must outline its care coordination and  
23 complex case management model and plan to reduce the cost  
24 of care.

25 (6) In the first 18 months of operation, unless the ACE  
26 selects a shorter period, an ACE shall be paid care

1 coordination fees on a per member per month basis that are  
2 projected to be cost neutral to the State during the term  
3 of their payment and, subject to federal approval, be  
4 eligible to share in additional savings generated by their  
5 care coordination.

6 (7) In months 19 through 36 of operation, unless the  
7 ACE selects a shorter period, an ACE shall be paid on a  
8 pre-paid capitation basis for all medical assistance  
9 covered services, under contract terms similar to Managed  
10 Care Organizations (MCO), with the Department sharing the  
11 risk through either stop-loss insurance for extremely high  
12 cost individuals or corridors of shared risk based on the  
13 overall cost of the total enrollment in the ACE. The ACE  
14 shall be responsible for claims processing, encounter data  
15 submission, utilization control, and quality assurance.

16 (8) In the fourth and subsequent years of operation, an  
17 ACE shall convert to a Managed Care Community Network  
18 (MCCN), as defined in this Article, or Health Maintenance  
19 Organization pursuant to the Illinois Insurance Code,  
20 accepting full-risk capitation payments.

21 The Department shall allow potential ACE entities 5 months  
22 from the date of the posting of the solicitation to submit  
23 proposals. After the solicitation is released, in addition to  
24 the MCO rate development data available on the Department's  
25 website, subject to federal and State confidentiality and  
26 privacy laws and regulations, the Department shall provide 2

1 years of de-identified summary service data on the targeted  
2 population, split between children and adults, showing the  
3 historical type and volume of services received and the cost of  
4 those services to those potential bidders that sign a data use  
5 agreement. The Department may add up to 2 non-state government  
6 employees with expertise in creating integrated delivery  
7 systems to its review team for the purchase of care  
8 solicitation described in this subsection. Any such  
9 individuals must sign a no-conflict disclosure and  
10 confidentiality agreement and agree to act in accordance with  
11 all applicable State laws.

12 During the first 2 years of an ACE's operation, the  
13 Department shall provide claims data to the ACE on its  
14 enrollees on a periodic basis no less frequently than monthly.

15 Nothing in this subsection shall be construed to limit the  
16 Department's mandate to enroll 50% of its beneficiaries into  
17 care coordination systems by January 1, 2015, using all  
18 available care coordination delivery systems, including Care  
19 Coordination Entities (CCE), MCCNs, or MCOs, nor be construed  
20 to affect the current CCEs, MCCNs, and MCOs selected to serve  
21 seniors and persons with disabilities prior to that date.

22 Nothing in this subsection precludes the Department from  
23 considering future proposals for new ACEs or expansion of  
24 existing ACEs at the discretion of the Department.

25 (h) Department contracts with MCOs and other entities  
26 reimbursed by risk based capitation shall have a minimum

1 medical loss ratio of 85%, shall require the entity to  
2 establish an appeals and grievances process for consumers and  
3 providers, and shall require the entity to provide a quality  
4 assurance and utilization review program. Entities contracted  
5 with the Department to coordinate healthcare regardless of risk  
6 shall be measured utilizing the same quality metrics. The  
7 quality metrics may be population specific. Any contracted  
8 entity serving at least 5,000 seniors or people with  
9 disabilities or 15,000 individuals in other populations  
10 covered by the Medical Assistance Program that has been  
11 receiving full-risk capitation for a year shall be accredited  
12 by a national accreditation organization authorized by the  
13 Department within 2 years after the date it is eligible to  
14 become accredited. The requirements of this subsection shall  
15 apply to contracts with MCOs entered into or renewed or  
16 extended after June 1, 2013.

17 (h-5) The Department shall monitor and enforce compliance  
18 by MCOs with agreements they have entered into with providers  
19 on issues that include, but are not limited to, timeliness of  
20 payment, payment rates, and processes for obtaining prior  
21 approval. The Department may impose sanctions on MCOs for  
22 violating provisions of those agreements that include, but are  
23 not limited to, financial penalties, suspension of enrollment  
24 of new enrollees, and termination of the MCO's contract with  
25 the Department. As used in this subsection (h-5), "MCO" has the  
26 meaning ascribed to that term in Section 5-30.1 of this Code.

1 (i) Unless otherwise required by federal law, Medicaid  
2 Managed Care Entities and their respective business associates  
3 shall not disclose, directly or indirectly, including by  
4 sending a bill or explanation of benefits, information  
5 concerning the sensitive health services received by enrollees  
6 of the Medicaid Managed Care Entity to any person other than  
7 covered entities and business associates, which may receive,  
8 use, and further disclose such information solely for the  
9 purposes permitted under applicable federal and State laws and  
10 regulations if such use and further disclosure satisfies all  
11 applicable requirements of such laws and regulations. The  
12 Medicaid Managed Care Entity or its respective business  
13 associates may disclose information concerning the sensitive  
14 health services if the enrollee who received the sensitive  
15 health services requests the information from the Medicaid  
16 Managed Care Entity or its respective business associates and  
17 authorized the sending of a bill or explanation of benefits.  
18 Communications including, but not limited to, statements of  
19 care received or appointment reminders either directly or  
20 indirectly to the enrollee from the health care provider,  
21 health care professional, and care coordinators, remain  
22 permissible. Medicaid Managed Care Entities or their  
23 respective business associates may communicate directly with  
24 their enrollees regarding care coordination activities for  
25 those enrollees.

26 For the purposes of this subsection, the term "Medicaid

1 Managed Care Entity" includes Care Coordination Entities,  
2 Accountable Care Entities, Managed Care Organizations, and  
3 Managed Care Community Networks.

4 For purposes of this subsection, the term "sensitive health  
5 services" means mental health services, substance abuse  
6 treatment services, reproductive health services, family  
7 planning services, services for sexually transmitted  
8 infections and sexually transmitted diseases, and services for  
9 sexual assault or domestic abuse. Services include prevention,  
10 screening, consultation, examination, treatment, or follow-up.

11 For purposes of this subsection, "business associate",  
12 "covered entity", "disclosure", and "use" have the meanings  
13 ascribed to those terms in 45 CFR 160.103.

14 Nothing in this subsection shall be construed to relieve a  
15 Medicaid Managed Care Entity or the Department of any duty to  
16 report incidents of sexually transmitted infections to the  
17 Department of Public Health or to the local board of health in  
18 accordance with regulations adopted under a statute or  
19 ordinance or to report incidents of sexually transmitted  
20 infections as necessary to comply with the requirements under  
21 Section 5 of the Abused and Neglected Child Reporting Act or as  
22 otherwise required by State or federal law.

23 The Department shall create policy in order to implement  
24 the requirements in this subsection.

25 (j) Managed Care Entities (MCEs), including MCOs and all  
26 other care coordination organizations, shall develop and

1 maintain a written language access policy that sets forth the  
2 standards, guidelines, and operational plan to ensure language  
3 appropriate services and that is consistent with the standard  
4 of meaningful access for populations with limited English  
5 proficiency. The language access policy shall describe how the  
6 MCEs will provide all of the following required services:

7 (1) Translation (the written replacement of text from  
8 one language into another) of all vital documents and forms  
9 as identified by the Department.

10 (2) Qualified interpreter services (the oral  
11 communication of a message from one language into another  
12 by a qualified interpreter).

13 (3) Staff training on the language access policy,  
14 including how to identify language needs, access and  
15 provide language assistance services, work with  
16 interpreters, request translations, and track the use of  
17 language assistance services.

18 (4) Data tracking that identifies the language need.

19 (5) Notification to participants on the availability  
20 of language access services and on how to access such  
21 services.
