7 (50 ILCS 740/9) (from Ch. 85, par. 539)

8 Sec. 9. Training participation; funding. All local

10 in the training programs under this Act, subject to the rules
11 and regulations of the Office. The participation may be for
12 certification only, or for certification and reimbursement for
13 training expenses as further provided in this Act. To be
14 eligible to receive reimbursement for training of individuals,
15 a local governmental agency shall require by ordinance that a
16 trainee complete a basic level course approved by the Office,
17 and pass the State test for certification at the basic level
18 within the probationary period as established by the local
19 governmental agency. A certified copy of the ordinance must be

25 reimbursement funding for basic training for that individual in
26 the calendar ~~fiscal~~ year in which his probationary period ends.

1 The individual may later become certified without

19 January 1 through December 31 of the prior calendar year. In
20 addition to reimbursement provided herein by the Office to the
21 local governmental agencies for participation by trainees, the
22 Office in each year shall reimburse the local governmental
23 agencies participating in the training program for ~~permanent~~
24 fire protection personnel in the same manner as trainees for
25 each training program. No more than 50% of the reimbursements

1 distributed to local governmental agencies in any fiscal year
2 shall be distributed to local governmental agencies of more
3 than 500,000 persons. If at the time of the annual
4 reimbursement to local governmental agencies participating in
5 the training program there is an insufficient appropriation to
6 make reimbursement in full, the appropriation shall be
