## Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section
14-8.02 as follows:

Sec. 14-8.02. Identification, evaluation, and placement ofchildren.

9 (a) The State Board of Education shall make rules under which local school boards shall determine the eligibility of 10 children to receive special education. Such rules shall ensure 11 that a free appropriate public education be available to all 12 children with disabilities as defined in Section 14-1.02. The 13 14 State Board of Education shall require local school districts administer non-discriminatory procedures or tests to 15 to 16 English learners coming from homes in which a language other than English is used to determine their eligibility to receive 17 special education. The placement of low English proficiency 18 19 students in special education programs and facilities shall be made in accordance with the test results reflecting the 20 21 student's linguistic, cultural and special education needs. 22 For purposes of determining the eligibility of children the State Board of Education shall include in the rules definitions 23

1 study", "staff conference", "individualized of "case 2 educational program", and "qualified specialist" appropriate to each category of children with disabilities as defined in 3 this Article. For purposes of determining the eligibility of 4 5 children from homes in which a language other than English is 6 used, the State Board of Education shall include in the rules "qualified bilingual specialists" 7 definitions for and 8 "linguistically and culturally appropriate individualized 9 educational programs". For purposes of this Section, as well as 10 Sections 14-8.02a, 14-8.02b, and 14-8.02c of this Code, "parent" means a parent as defined in the federal Individuals 11 12 with Disabilities Education Act (20 U.S.C. 1401(23)).

13 (b) No child shall be eligible for special education facilities except with a carefully completed case study fully 14 reviewed by professional personnel in a multidisciplinary 15 16 staff conference and only upon the recommendation of qualified 17 specialists or a qualified bilingual specialist, if available. At the conclusion of the multidisciplinary staff conference, 18 the parent of the child shall be given a copy of the 19 20 multidisciplinary conference summary report and recommendations, which includes options considered, and be 21 22 informed of their right to obtain an independent educational 23 evaluation if they disagree with the evaluation findings conducted or obtained by the school district. If the school 24 25 district's evaluation is shown to be inappropriate, the school 26 district shall reimburse the parent for the cost of the

independent evaluation. The State Board of Education shall, 1 2 with advice from the State Advisory Council on Education of 3 Children with Disabilities on the inclusion of specific independent educational evaluators, prepare 4 а list of 5 suggested independent educational evaluators. The State Board of Education shall include on the list clinical psychologists 6 7 licensed pursuant to the Clinical Psychologist Licensing Act. 8 Such psychologists shall not be paid fees in excess of the 9 amount that would be received by a school psychologist for 10 performing the same services. The State Board of Education 11 shall supply school districts with such list and make the list 12 available to parents at their request. School districts shall 13 make the list available to parents at the time they are 14 informed of their right to obtain an independent educational 15 evaluation. However, the school district may initiate an 16 impartial due process hearing under this Section within 5 days 17 of any written parent request for an independent educational evaluation to show that its evaluation is appropriate. If the 18 19 final decision is that the evaluation is appropriate, the 20 parent still has a right to an independent educational 21 evaluation, but not at public expense. An independent 22 educational evaluation at public expense must be completed 23 within 30 days of a parent written request unless the school 24 district initiates an impartial due process hearing or the 25 parent or school district offers reasonable grounds to show 26 that such 30 day time period should be extended. If the due

process hearing decision indicates that the parent is entitled 1 2 to an independent educational evaluation, it must be completed 3 within 30 days of the decision unless the parent or the school district offers reasonable grounds to show that such 30 day 4 5 period should be extended. If a parent disagrees with the 6 summary report or recommendations of the multidisciplinary 7 conference or the findings of any educational evaluation which 8 results therefrom, the school district shall not proceed with a 9 placement based upon such evaluation and the child shall remain 10 in his or her regular classroom setting. No child shall be 11 eligible for admission to a special class for children with a 12 mental disability who are educable or for children with a 13 mental disability who are trainable except with a psychological 14 evaluation and recommendation by a school psychologist. 15 Consent shall be obtained from the parent of a child before any 16 evaluation is conducted. If consent is not given by the parent 17 or if the parent disagrees with the findings of the evaluation, then the school district may initiate an impartial due process 18 hearing under this Section. The school district may evaluate 19 20 the child if that is the decision resulting from the impartial 21 due process hearing and the decision is not appealed or if the 22 decision is affirmed appeal. The determination on of 23 eligibility shall be made and the IEP meeting shall be completed within 60 school days from the date of written 24 25 parental consent. In those instances when written parental 26 consent is obtained with fewer than 60 pupil attendance days

left in the school year, the eligibility determination shall be 1 2 made and the IEP meeting shall be completed prior to the first 3 day of the following school year. Special education and related services must be provided in accordance with the student's IEP 4 5 no later than 10 school attendance days after notice is provided to the parents pursuant to Section 300.503 of Title 34 6 of the Code of Federal Regulations and implementing rules 7 8 adopted by the State Board of Education. The appropriate 9 program pursuant to the individualized educational program of 10 students whose native tongue is a language other than English shall reflect the special education, cultural and linguistic 11 12 needs. No later than September 1, 1993, the State Board of 13 shall establish standards for the development, Education 14 implementation and monitoring of appropriate bilingual special 15 individualized educational programs. The State Board of 16 Education shall further incorporate appropriate monitoring 17 procedures to verify implementation of these standards. The district shall indicate to the parent and the State Board of 18 Education the nature of the services the child will receive for 19 20 the regular school term while waiting placement in the appropriate special education class. At the child's initial IEP 21 22 meeting and at each annual review meeting, the child's IEP team 23 shall provide the child's parent or quardian with a written 24 notification that informs the parent or guardian that the IEP 25 team is required to consider whether the child requires 26 assistive technology in order to receive free, appropriate

public education. The notification must also include a
 toll-free telephone number and internet address for the State's
 assistive technology program.

If the child is deaf, hard of hearing, blind, or visually 4 5 impaired and he or she might be eligible to receive services from the Illinois School for the Deaf or the Illinois School 6 7 for the Visually Impaired, the school district shall notify the 8 parents, in writing, of the existence of these schools and the 9 services they provide and shall make a reasonable effort to 10 inform the parents of the existence of other, local schools 11 that provide similar services and the services that these other 12 schools provide. This notification shall include without 13 limitation information on school services, school admissions 14 criteria, and school contact information.

Students who are not currently identified 12 functionally blind who are also entitled to Braille as 13 instruction include: (i) those whose vision loss is so severe 14 that they are unable to read and write at a level comparable to 15 their peers solely through the use of vision, and (ii) those 16 who show evidence of progressive vision loss that may result in 17 functional blindness. Each student who is functionally blind shall be entitled to Braille reading and writing instruction 18 that is sufficient to enable the student to communicate with 19 20 the same level of proficiency as other students of comparable ability. Subject to the limitation of 17 the preceding sentence, placement in special classes, separate schools or other removal of the child with a disability from 18 the regular educational environment shall occur only when the 19 20 nature of the severity of the disability is such that education in the regular classes with the use of supplementary aids and 21 22 services cannot be achieved satisfactorily. The placement of 23 English learners with disabilities shall be in non-restrictive environments which provide for integration with peers who do 24 25 not have disabilities in bilingual classrooms. Annually, each 26 January, school districts shall report data on students from
