1 AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

- Section 1. Short title. This Act may be cited as the Seizure Smart School Act.
- 6 Section 5. Findings. The General Assembly finds all of the 7 following:
- 8 (1) Over 200,000 people in the State of Illinois have epilepsy.
 - (2) Epilepsy is the fourth most common neurological disorder in the United States, after migraines, strokes, and Alzheimer's disease.
 - (3) The prevalence of epilepsy is greater than autism spectrum disorder, cerebral palsy, multiple sclerosis, and Parkinson's disease combined.
 - (4) One-third of people with epilepsy live with uncontrollable seizures.
 - (5) Fifty thousand people die from epilepsy-related causes in the United States every year.
 - (6) Federal law affords people with epilepsy specific rights and protections. These laws include Section 504 of the Rehabilitation Act of 1973, the Individuals with Disabilities Education Improvement Act of 2004, the

1.3

- Americans with Disabilities Act of 1990, and the ADA
 Amendments Act of 2008.
- 3 Section 10. Definitions. In this Act:

"Delegated care aide" means a school employee or paraprofessional who has agreed to receive training in epilepsy and assist a student in implementing his or her seizure action plan and who has entered into an agreement with a parent or quardian of that student.

"School" means any primary or secondary public, charter, or nonpublic school located in this State.

"School employee" means a person who is employed by a school district or school as a nurse, principal, administrator, guidance counselor, or teacher, a person who is employed by a local health department and assigned to a school, or a person who contracts with a school or school district to perform services in connection with a student's seizure action plan. This definition may not be interpreted to require a school district, charter school, or nonpublic school to hire additional personnel for the sole purpose of the personnel to serve as a delegated care aide.

"Seizure action plan" means a document that specifies the services needed by a student with epilepsy at school and at school-sponsored activities and delegates to a delegated care aide the authority to provide and supervise these services.

If the student has been managing his or her epilepsy care in a school setting before the effective date of this Act, the student's parent or quardian may sign and submit a seizure action plan with the student's school. It is the responsibility of the student's parent or quardian to share the health care provider's instructions on the student's epilepsy management during the school day, including a copy of any and the methods of administering prescriptions prescriptions.
- (b) The services and accommodations specified in a seizure action plan must be reasonable, reflect the current best practice guidelines of seizure-management care, and include appropriate safeguards to ensure the proper disposal of used equipment and medication.
- (c) A seizure action plan must be submitted to the student's school (i) at the beginning of the school year, (ii) upon enrollment, as soon practicable following the student's diagnosis, or (iii) when a student's care needs change during the school year. A student's parent or guardian is responsible for informing the school, in a timely manner, of any changes to the student's seizure action plan and emergency contact

- 11 (105 ILCS 5/27A-5)
- 12 Sec. 27A-5. Charter school; legal entity; requirements.
- 13 (a) A charter school shall be a public, nonsectarian,
- 14 nonreligious, non-home based, and non-profit school. A charter
- 15 school shall be organized and operated as a nonprofit
- 16 corporation or other discrete, legal, nonprofit entity
- 17 authorized under the laws of the State of Illinois.
- 18 (b) A charter school may be established under this Article
- 19 by creating a new school or by converting an existing public
- 20 school or attendance center to charter school status. Beginning
- on April 16, 2003 (the effective date of Public Act 93-3), in
- 22 all new applications to establish a charter school in a city
- having a population exceeding 500,000, operation of the charter

- school shall be limited to one campus. The changes made to this
- 2 Section by Public Act 93-3 do not apply to charter schools
- 3 existing or approved on or before April 16, 2003 (the effective
- 4 date of Public Act 93-3).
- 5 (b-5) In this subsection (b-5), "virtual-schooling" means
- 6 a cyber school where students engage in online curriculum and
- 7 instruction via the Internet and electronic communication with
- 8 their teachers at remote locations and with students
- 9 participating at different times.
- From April 1, 2013 through December 31, 2016, there is a
- 11 moratorium on the establishment of charter schools with
- 12 virtual-schooling components in school districts other than a
- 13 school district organized under Article 34 of this Code. This
- 14 moratorium does not apply to a charter school with
- virtual-schooling components existing or approved prior to
- 16 April 1, 2013 or to the renewal of the charter of a charter
- 17 school with virtual-schooling components already approved
- 18 prior to April 1, 2013.
- On or before March 1, 2014, the Commission shall submit to
- 20 the General Assembly a report on the effect of
- 21 virtual-schooling, including without limitation the effect on
- 22 student performance, the costs associated with
- virtual-schooling, and issues with oversight. The report shall
- include policy recommendations for virtual-schooling.

"Non-curricular health and safety requirement" does not include any course of study or specialized instructional requirement for which the State Board has established goals and learning standards or which is designed primarily to impart knowledge and skills for students to master and apply as an outcome of their education.

A charter school shall comply with all non-curricular health and safety requirements applicable to public schools under the laws of the State of Illinois. On or before September 1, 2015, the State Board shall promulgate and post on its Internet website a list of non-curricular health and safety requirements that a charter school must meet. The list shall be updated annually no later than September 1. Any charter contract between a charter school and its authorizer must contain a provision that requires the charter school to follow the list of all non-curricular health and safety requirements promulgated by the State Board and any non-curricular health

- and safety requirements added by the State Board to such list during the term of the charter. Nothing in this subsection (d)
 precludes an authorizer from including non-curricular health and safety requirements in a charter school contract that are not contained in the list promulgated by the State Board, including non-curricular health and safety requirements of the authorizing local school board.
 - (e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.
 - (f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. To ensure financial accountability for the use of public funds, on or before December 1 of every year of operation, each charter school shall submit to its authorizer and the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service. In addition, if deemed necessary for proper financial oversight of the charter school, an authorizer may require quarterly financial statements from each charter school.
 - (q) A charter school shall comply with all provisions of

1	this Article, the Illinois Educational Labor Relations Act, all
2	federal and State laws and rules applicable to public schools
3	that pertain to special education and the instruction of
4	English learners, and its charter. A charter school is exempt
5	from all other State laws and regulations in this Code
6	governing public schools and local school board policies;
7	however, a charter school is not exempt from the following:

Except as provided in subsection (i) of this Section, a school district may charge a charter school reasonable rent for the use of the district's buildings, grounds, and facilities. Any services for which a charter school contracts with a local school board or with the governing body of a State college or university or public community college shall be provided by the public entity at cost.
- (i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.
- 21 (j) A charter school may limit student enrollment by age or 22 grade level.
- 23 (k) If the charter school is approved by the Commission, 24 then the Commission charter school is its own local education 25 agency.
