1 HOUSE RESOLUTION

2 WHEREAS, Steel has always been a core part of the
3 industrial and manufacturing sector of the United States; in
4 Illinois, the steel industry employs over 9,000 workers and
5 supports approximately 64,000 jobs; and

6 WHEREAS, At its height in the 1940s and 1950s, American
7 steel accounted for about 40% of production worldwide, and the
8 industry employed over 650,000 workers; today, China has taken
9 over the steel market, producing 49% of the 1.7 billion metric
10 tons produced globally in 2017, while the United States ranked
11 fifth with 5% of production; and

12 WHEREAS, China's overwhelming grip on the industry has
13 forced prices down and pushed American companies out of
14 business, leading to the layoff of thousands of American
15 workers; and

16 WHEREAS, Currently, there are approximately 140,000
17 Americans working in the steel industry, a decline of over
18 500,000 from the industry's peak; and

19 WHEREAS, The U.S. is the world's top importer of steel; in
20 2017, we imported 36 million metric tons of steel, while only
21 producing 10.1 million metric tons; and

1 WHEREAS, The total U.S. trade deficit with China was \$375
2 billion in 2017; and

3 WHEREAS, Despite these troubling trends, public contracts
4 continue to be awarded to Chinese companies that have undercut
5 our market with predatory prices; the Chicago Transit Authority
6 recently awarded a \$1.3 billion contract for new rail cars to
7 the Chinese CRRC Corporation, further undermining U.S. steel;
8 and

9 WHEREAS, American tax dollars should be used to back
10 American companies, support American jobs, build up our
11 infrastructure and encourage long term growth in our industrial
12 and manufacturing sector; and

13 WHEREAS, Illinois should implement a "Buy America" policy
14 which would give preference to American companies for publicly
15 funded infrastructure projects; such a policy would improve our
16 infrastructure, create jobs, and give Illinois a tool to use
17 against unfair pricing from foreign companies; and

18 WHEREAS, Illinois should also institute a "Buy Illinois"
19 policy, which would give further preference to companies
20 located in Illinois; and

1 WHEREAS, It is within our power to fight back against
2 Chinese control of the steel market by using taxpayer dollars
3 to support American jobs, families, and communities;
4 therefore, be it

5 RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE
6 HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that
7 we recognize the importance of steel to the manufacturing base
8 of the United States, and we support American steel workers and
9 American steel companies; and be it further

10 RESOLVED, That the State of Illinois should implement both
11 a "Buy America" policy and a "Buy Illinois" policy, which would
12 help grow the steel industry, create jobs, build the middle
13 class, and protect American companies and workers.
