HB2408 Engrossed

1 AN ACT concerning safety.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

4 Section 1. Short title. This Act may be cited as the Fire 5 and Smoke Damper Inspection Act.

6 Section 5. Definitions. In this Act:

7 "Fire damper" means a device installed in ducts and air 8 transfer openings designed to close automatically upon 9 detection of heat and resist the passage of flame and classified for use in either static systems 10 that will 11 automatically shut down in the event of a fire or in dynamic 12 systems that continue to operate during a fire. A fire damper 13 is classified for use in dynamic systems if the fire damper is 14 tested and rated for closure under elevated temperature airflow. 15

16 "Smoke damper" means a device installed in ducts and air 17 transfer openings designed to resist the passage of smoke and 18 installed to operate automatically, controlled by a smoke 19 detection system, and, where required, capable of being 20 positioned from a fire command center.

21 Section 10. Inspections; requirements.
