

## 102ND GENERAL ASSEMBLY

### State of Illinois

2021 and 2022

**HB4408**

Introduced 1/21/2022, by Rep. Deb Conroy

#### SYNOPSIS AS INTRODUCED:

215 ILCS 5/356z.23

305 ILCS 5/5-5

from Ch. 23, par. 5-5

Amends the Illinois Insurance Code. Prohibits an individual or group policy of accident and health insurance amended, delivered, issued, or renewed in the State after the effective date of the amendatory Act that provides coverage for naloxone hydrochloride from imposing a copayment on the coverage provided. Amends the Medical Assistance Article of the Illinois Public Aid Code. Prohibits the Department of Healthcare and Family Services from imposing a copayment on the coverage provided for naloxone hydrochloride under the medical assistance program.

LRB102 22908 KTG 32061 b

1 AN ACT concerning health insurance co-pays.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Illinois Insurance Code is amended by  
5 changing Section 356z.23 as follows:

6 (215 ILCS 5/356z.23)

7 Sec. 356z.23. Coverage for opioid antagonists.

8 (a) An individual or group policy of accident and health  
9 insurance amended, delivered, issued, or renewed in this State  
10 after the effective date of this amendatory Act of the 99th  
11 General Assembly that provides coverage for prescription drugs  
12 must provide coverage for at least one opioid antagonist,  
13 including the medication product, administration devices, and  
14 any pharmacy administration fees related to the dispensing of  
15 the opioid antagonist. This coverage must include refills for  
16 expired or utilized opioid antagonists.

17 (a-5) Notwithstanding subsection (a), no individual or  
18 group policy of accident and health insurance amended,  
19 delivered, issued, or renewed in this State after the  
20 effective date of this amendatory Act of the 102nd General  
21 Assembly that provides coverage for naloxone hydrochloride  
22 shall impose a copayment on the coverage provided.

23 (b) As used in this Section, "opioid antagonist" means a

1 drug that binds to opioid receptors and blocks or inhibits the  
2 effect of opioids acting on those receptors, including, but  
3 not limited to, naloxone hydrochloride or any other similarly  
4 acting drug approved by the U.S. Food and Drug Administration.  
5 (Source: P.A. 99-480, eff. 9-9-15.)

6 Section 10. The Illinois Public Aid Code is amended by  
7 changing Section 5-5 as follows:

8 (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

9 Sec. 5-5. Medical services. The Illinois Department, by  
10 rule, shall determine the quantity and quality of and the rate  
11 of reimbursement for the medical assistance for which payment  
12 will be authorized, and the medical services to be provided,  
13 which may include all or part of the following: (1) inpatient  
14 hospital services; (2) outpatient hospital services; (3) other  
15 laboratory and X-ray services; (4) skilled nursing home  
16 services; (5) physicians' services whether furnished in the  
17 office, the patient's home, a hospital, a skilled nursing  
18 home, or elsewhere; (6) medical care, or any other type of  
19 remedial care furnished by licensed practitioners; (7) home  
20 health care services; (8) private duty nursing service; (9)  
21 clinic services; (10) dental services, including prevention  
22 and treatment of periodontal disease and dental caries disease  
23 for pregnant individuals, provided by an individual licensed  
24 to practice dentistry or dental surgery; for purposes of this

1 item (10), "dental services" means diagnostic, preventive, or  
2 corrective procedures provided by or under the supervision of  
3 a dentist in the practice of his or her profession; (11)  
4 physical therapy and related services; (12) prescribed drugs,  
5 dentures, and prosthetic devices; and eyeglasses prescribed by  
6 a physician skilled in the diseases of the eye, or by an  
7 optometrist, whichever the person may select; (13) other  
8 diagnostic, screening, preventive, and rehabilitative  
9 services, including to ensure that the individual's need for  
10 intervention or treatment of mental disorders or substance use  
11 disorders or co-occurring mental health and substance use  
12 disorders is determined using a uniform screening, assessment,  
13 and evaluation process inclusive of criteria, for children and  
14 adults; for purposes of this item (13), a uniform screening,  
15 assessment, and evaluation process refers to a process that  
16 includes an appropriate evaluation and, as warranted, a  
17 referral; "uniform" does not mean the use of a singular  
18 instrument, tool, or process that all must utilize; (14)  
19 transportation and such other expenses as may be necessary;  
20 (15) medical treatment of sexual assault survivors, as defined  
21 in Section 1a of the Sexual Assault Survivors Emergency  
22 Treatment Act, for injuries sustained as a result of the  
23 sexual assault, including examinations and laboratory tests to  
24 discover evidence which may be used in criminal proceedings  
25 arising from the sexual assault; (16) the diagnosis and  
26 treatment of sickle cell anemia; (16.5) services performed by

1 a chiropractic physician licensed under the Medical Practice  
2 Act of 1987 and acting within the scope of his or her license,  
3 including, but not limited to, chiropractic manipulative  
4 treatment; and (17) any other medical care, and any other type  
5 of remedial care recognized under the laws of this State. The  
6 term "any other type of remedial care" shall include nursing  
7 care and nursing home service for persons who rely on  
8 treatment by spiritual means alone through prayer for healing.

9 Notwithstanding any other provision of this Section, a  
10 comprehensive tobacco use cessation program that includes  
11 purchasing prescription drugs or prescription medical devices  
12 approved by the Food and Drug Administration shall be covered  
13 under the medical assistance program under this Article for  
14 persons who are otherwise eligible for assistance under this  
15 Article.

16 Notwithstanding any other provision of this Code,  
17 reproductive health care that is otherwise legal in Illinois  
18 shall be covered under the medical assistance program for  
19 persons who are otherwise eligible for medical assistance  
20 under this Article.

21 Notwithstanding any other provision of this Section, all  
22 tobacco cessation medications approved by the United States  
23 Food and Drug Administration and all individual and group  
24 tobacco cessation counseling services and telephone-based  
25 counseling services and tobacco cessation medications provided  
26 through the Illinois Tobacco Quitline shall be covered under

1 the medical assistance program for persons who are otherwise  
2 eligible for assistance under this Article. The Department  
3 shall comply with all federal requirements necessary to obtain  
4 federal financial participation, as specified in 42 CFR  
5 433.15(b)(7), for telephone-based counseling services provided  
6 through the Illinois Tobacco Quitline, including, but not  
7 limited to: (i) entering into a memorandum of understanding or  
8 interagency agreement with the Department of Public Health, as  
9 administrator of the Illinois Tobacco Quitline; and (ii)  
10 developing a cost allocation plan for Medicaid-allowable  
11 Illinois Tobacco Quitline services in accordance with 45 CFR  
12 95.507. The Department shall submit the memorandum of  
13 understanding or interagency agreement, the cost allocation  
14 plan, and all other necessary documentation to the Centers for  
15 Medicare and Medicaid Services for review and approval.  
16 Coverage under this paragraph shall be contingent upon federal  
17 approval.

18 Notwithstanding any other provision of this Code, the  
19 Illinois Department may not require, as a condition of payment  
20 for any laboratory test authorized under this Article, that a  
21 physician's handwritten signature appear on the laboratory  
22 test order form. The Illinois Department may, however, impose  
23 other appropriate requirements regarding laboratory test order  
24 documentation.

25 Upon receipt of federal approval of an amendment to the  
26 Illinois Title XIX State Plan for this purpose, the Department

1 shall authorize the Chicago Public Schools (CPS) to procure a  
2 vendor or vendors to manufacture eyeglasses for individuals  
3 enrolled in a school within the CPS system. CPS shall ensure  
4 that its vendor or vendors are enrolled as providers in the  
5 medical assistance program and in any capitated Medicaid  
6 managed care entity (MCE) serving individuals enrolled in a  
7 school within the CPS system. Under any contract procured  
8 under this provision, the vendor or vendors must serve only  
9 individuals enrolled in a school within the CPS system. Claims  
10 for services provided by CPS's vendor or vendors to recipients  
11 of benefits in the medical assistance program under this Code,  
12 the Children's Health Insurance Program, or the Covering ALL  
13 KIDS Health Insurance Program shall be submitted to the  
14 Department or the MCE in which the individual is enrolled for  
15 payment and shall be reimbursed at the Department's or the  
16 MCE's established rates or rate methodologies for eyeglasses.

17 On and after July 1, 2012, the Department of Healthcare  
18 and Family Services may provide the following services to  
19 persons eligible for assistance under this Article who are  
20 participating in education, training or employment programs  
21 operated by the Department of Human Services as successor to  
22 the Department of Public Aid:

23 (1) dental services provided by or under the  
24 supervision of a dentist; and

25 (2) eyeglasses prescribed by a physician skilled in  
26 the diseases of the eye, or by an optometrist, whichever

1 the person may select.

2 On and after July 1, 2018, the Department of Healthcare  
3 and Family Services shall provide dental services to any adult  
4 who is otherwise eligible for assistance under the medical  
5 assistance program. As used in this paragraph, "dental  
6 services" means diagnostic, preventative, restorative, or  
7 corrective procedures, including procedures and services for  
8 the prevention and treatment of periodontal disease and dental  
9 caries disease, provided by an individual who is licensed to  
10 practice dentistry or dental surgery or who is under the  
11 supervision of a dentist in the practice of his or her  
12 profession.

13 On and after July 1, 2018, targeted dental services, as  
14 set forth in Exhibit D of the Consent Decree entered by the  
15 United States District Court for the Northern District of  
16 Illinois, Eastern Division, in the matter of Memisovski v.  
17 Maram, Case No. 92 C 1982, that are provided to adults under  
18 the medical assistance program shall be established at no less  
19 than the rates set forth in the "New Rate" column in Exhibit D  
20 of the Consent Decree for targeted dental services that are  
21 provided to persons under the age of 18 under the medical  
22 assistance program.

23 Notwithstanding any other provision of this Code and  
24 subject to federal approval, the Department may adopt rules to  
25 allow a dentist who is volunteering his or her service at no  
26 cost to render dental services through an enrolled

1 not-for-profit health clinic without the dentist personally  
2 enrolling as a participating provider in the medical  
3 assistance program. A not-for-profit health clinic shall  
4 include a public health clinic or Federally Qualified Health  
5 Center or other enrolled provider, as determined by the  
6 Department, through which dental services covered under this  
7 Section are performed. The Department shall establish a  
8 process for payment of claims for reimbursement for covered  
9 dental services rendered under this provision.

10 On and after January 1, 2022, the Department of Healthcare  
11 and Family Services shall administer and regulate a  
12 school-based dental program that allows for the out-of-office  
13 delivery of preventative dental services in a school setting  
14 to children under 19 years of age. The Department shall  
15 establish, by rule, guidelines for participation by providers  
16 and set requirements for follow-up referral care based on the  
17 requirements established in the Dental Office Reference Manual  
18 published by the Department that establishes the requirements  
19 for dentists participating in the All Kids Dental School  
20 Program. Every effort shall be made by the Department when  
21 developing the program requirements to consider the different  
22 geographic differences of both urban and rural areas of the  
23 State for initial treatment and necessary follow-up care. No  
24 provider shall be charged a fee by any unit of local government  
25 to participate in the school-based dental program administered  
26 by the Department. Nothing in this paragraph shall be

1 construed to limit or preempt a home rule unit's or school  
2 district's authority to establish, change, or administer a  
3 school-based dental program in addition to, or independent of,  
4 the school-based dental program administered by the  
5 Department.

6 The Illinois Department, by rule, may distinguish and  
7 classify the medical services to be provided only in  
8 accordance with the classes of persons designated in Section  
9 5-2.

10 The Department of Healthcare and Family Services must  
11 provide coverage and reimbursement for amino acid-based  
12 elemental formulas, regardless of delivery method, for the  
13 diagnosis and treatment of (i) eosinophilic disorders and (ii)  
14 short bowel syndrome when the prescribing physician has issued  
15 a written order stating that the amino acid-based elemental  
16 formula is medically necessary.

17 The Illinois Department shall authorize the provision of,  
18 and shall authorize payment for, screening by low-dose  
19 mammography for the presence of occult breast cancer for  
20 individuals 35 years of age or older who are eligible for  
21 medical assistance under this Article, as follows:

22 (A) A baseline mammogram for individuals 35 to 39  
23 years of age.

24 (B) An annual mammogram for individuals 40 years of  
25 age or older.

26 (C) A mammogram at the age and intervals considered

1 medically necessary by the individual's health care  
2 provider for individuals under 40 years of age and having  
3 a family history of breast cancer, prior personal history  
4 of breast cancer, positive genetic testing, or other risk  
5 factors.

6 (D) A comprehensive ultrasound screening and MRI of an  
7 entire breast or breasts if a mammogram demonstrates  
8 heterogeneous or dense breast tissue or when medically  
9 necessary as determined by a physician licensed to  
10 practice medicine in all of its branches.

11 (E) A screening MRI when medically necessary, as  
12 determined by a physician licensed to practice medicine in  
13 all of its branches.

14 (F) A diagnostic mammogram when medically necessary,  
15 as determined by a physician licensed to practice medicine  
16 in all its branches, advanced practice registered nurse,  
17 or physician assistant.

18 The Department shall not impose a deductible, coinsurance,  
19 copayment, or any other cost-sharing requirement on the  
20 coverage provided under this paragraph; except that this  
21 sentence does not apply to coverage of diagnostic mammograms  
22 to the extent such coverage would disqualify a high-deductible  
23 health plan from eligibility for a health savings account  
24 pursuant to Section 223 of the Internal Revenue Code (26  
25 U.S.C. 223).

26 All screenings shall include a physical breast exam,

1 instruction on self-examination and information regarding the  
2 frequency of self-examination and its value as a preventative  
3 tool.

4 For purposes of this Section:

5 "Diagnostic mammogram" means a mammogram obtained using  
6 diagnostic mammography.

7 "Diagnostic mammography" means a method of screening that  
8 is designed to evaluate an abnormality in a breast, including  
9 an abnormality seen or suspected on a screening mammogram or a  
10 subjective or objective abnormality otherwise detected in the  
11 breast.

12 "Low-dose mammography" means the x-ray examination of the  
13 breast using equipment dedicated specifically for mammography,  
14 including the x-ray tube, filter, compression device, and  
15 image receptor, with an average radiation exposure delivery of  
16 less than one rad per breast for 2 views of an average size  
17 breast. The term also includes digital mammography and  
18 includes breast tomosynthesis.

19 "Breast tomosynthesis" means a radiologic procedure that  
20 involves the acquisition of projection images over the  
21 stationary breast to produce cross-sectional digital  
22 three-dimensional images of the breast.

23 If, at any time, the Secretary of the United States  
24 Department of Health and Human Services, or its successor  
25 agency, promulgates rules or regulations to be published in  
26 the Federal Register or publishes a comment in the Federal

1 Register or issues an opinion, guidance, or other action that  
2 would require the State, pursuant to any provision of the  
3 Patient Protection and Affordable Care Act (Public Law  
4 111-148), including, but not limited to, 42 U.S.C.  
5 18031(d)(3)(B) or any successor provision, to defray the cost  
6 of any coverage for breast tomosynthesis outlined in this  
7 paragraph, then the requirement that an insurer cover breast  
8 tomosynthesis is inoperative other than any such coverage  
9 authorized under Section 1902 of the Social Security Act, 42  
10 U.S.C. 1396a, and the State shall not assume any obligation  
11 for the cost of coverage for breast tomosynthesis set forth in  
12 this paragraph.

13 On and after January 1, 2016, the Department shall ensure  
14 that all networks of care for adult clients of the Department  
15 include access to at least one breast imaging Center of  
16 Imaging Excellence as certified by the American College of  
17 Radiology.

18 On and after January 1, 2012, providers participating in a  
19 quality improvement program approved by the Department shall  
20 be reimbursed for screening and diagnostic mammography at the  
21 same rate as the Medicare program's rates, including the  
22 increased reimbursement for digital mammography.

23 The Department shall convene an expert panel including  
24 representatives of hospitals, free-standing mammography  
25 facilities, and doctors, including radiologists, to establish  
26 quality standards for mammography.

1           On and after January 1, 2017, providers participating in a  
2 breast cancer treatment quality improvement program approved  
3 by the Department shall be reimbursed for breast cancer  
4 treatment at a rate that is no lower than 95% of the Medicare  
5 program's rates for the data elements included in the breast  
6 cancer treatment quality program.

7           The Department shall convene an expert panel, including  
8 representatives of hospitals, free-standing breast cancer  
9 treatment centers, breast cancer quality organizations, and  
10 doctors, including breast surgeons, reconstructive breast  
11 surgeons, oncologists, and primary care providers to establish  
12 quality standards for breast cancer treatment.

13           Subject to federal approval, the Department shall  
14 establish a rate methodology for mammography at federally  
15 qualified health centers and other encounter-rate clinics.  
16 These clinics or centers may also collaborate with other  
17 hospital-based mammography facilities. By January 1, 2016, the  
18 Department shall report to the General Assembly on the status  
19 of the provision set forth in this paragraph.

20           The Department shall establish a methodology to remind  
21 individuals who are age-appropriate for screening mammography,  
22 but who have not received a mammogram within the previous 18  
23 months, of the importance and benefit of screening  
24 mammography. The Department shall work with experts in breast  
25 cancer outreach and patient navigation to optimize these  
26 reminders and shall establish a methodology for evaluating

1 their effectiveness and modifying the methodology based on the  
2 evaluation.

3 The Department shall establish a performance goal for  
4 primary care providers with respect to their female patients  
5 over age 40 receiving an annual mammogram. This performance  
6 goal shall be used to provide additional reimbursement in the  
7 form of a quality performance bonus to primary care providers  
8 who meet that goal.

9 The Department shall devise a means of case-managing or  
10 patient navigation for beneficiaries diagnosed with breast  
11 cancer. This program shall initially operate as a pilot  
12 program in areas of the State with the highest incidence of  
13 mortality related to breast cancer. At least one pilot program  
14 site shall be in the metropolitan Chicago area and at least one  
15 site shall be outside the metropolitan Chicago area. On or  
16 after July 1, 2016, the pilot program shall be expanded to  
17 include one site in western Illinois, one site in southern  
18 Illinois, one site in central Illinois, and 4 sites within  
19 metropolitan Chicago. An evaluation of the pilot program shall  
20 be carried out measuring health outcomes and cost of care for  
21 those served by the pilot program compared to similarly  
22 situated patients who are not served by the pilot program.

23 The Department shall require all networks of care to  
24 develop a means either internally or by contract with experts  
25 in navigation and community outreach to navigate cancer  
26 patients to comprehensive care in a timely fashion. The

1 Department shall require all networks of care to include  
2 access for patients diagnosed with cancer to at least one  
3 academic commission on cancer-accredited cancer program as an  
4 in-network covered benefit.

5 On or after July 1, 2022, individuals who are otherwise  
6 eligible for medical assistance under this Article shall  
7 receive coverage for perinatal depression screenings for the  
8 12-month period beginning on the last day of their pregnancy.  
9 Medical assistance coverage under this paragraph shall be  
10 conditioned on the use of a screening instrument approved by  
11 the Department.

12 Any medical or health care provider shall immediately  
13 recommend, to any pregnant individual who is being provided  
14 prenatal services and is suspected of having a substance use  
15 disorder as defined in the Substance Use Disorder Act,  
16 referral to a local substance use disorder treatment program  
17 licensed by the Department of Human Services or to a licensed  
18 hospital which provides substance abuse treatment services.  
19 The Department of Healthcare and Family Services shall assure  
20 coverage for the cost of treatment of the drug abuse or  
21 addiction for pregnant recipients in accordance with the  
22 Illinois Medicaid Program in conjunction with the Department  
23 of Human Services.

24 All medical providers providing medical assistance to  
25 pregnant individuals under this Code shall receive information  
26 from the Department on the availability of services under any

1 program providing case management services for addicted  
2 individuals, including information on appropriate referrals  
3 for other social services that may be needed by addicted  
4 individuals in addition to treatment for addiction.

5 The Illinois Department, in cooperation with the  
6 Departments of Human Services (as successor to the Department  
7 of Alcoholism and Substance Abuse) and Public Health, through  
8 a public awareness campaign, may provide information  
9 concerning treatment for alcoholism and drug abuse and  
10 addiction, prenatal health care, and other pertinent programs  
11 directed at reducing the number of drug-affected infants born  
12 to recipients of medical assistance.

13 Neither the Department of Healthcare and Family Services  
14 nor the Department of Human Services shall sanction the  
15 recipient solely on the basis of the recipient's substance  
16 abuse.

17 The Illinois Department shall establish such regulations  
18 governing the dispensing of health services under this Article  
19 as it shall deem appropriate. The Department should seek the  
20 advice of formal professional advisory committees appointed by  
21 the Director of the Illinois Department for the purpose of  
22 providing regular advice on policy and administrative matters,  
23 information dissemination and educational activities for  
24 medical and health care providers, and consistency in  
25 procedures to the Illinois Department.

26 The Illinois Department may develop and contract with

1 Partnerships of medical providers to arrange medical services  
2 for persons eligible under Section 5-2 of this Code.  
3 Implementation of this Section may be by demonstration  
4 projects in certain geographic areas. The Partnership shall be  
5 represented by a sponsor organization. The Department, by  
6 rule, shall develop qualifications for sponsors of  
7 Partnerships. Nothing in this Section shall be construed to  
8 require that the sponsor organization be a medical  
9 organization.

10 The sponsor must negotiate formal written contracts with  
11 medical providers for physician services, inpatient and  
12 outpatient hospital care, home health services, treatment for  
13 alcoholism and substance abuse, and other services determined  
14 necessary by the Illinois Department by rule for delivery by  
15 Partnerships. Physician services must include prenatal and  
16 obstetrical care. The Illinois Department shall reimburse  
17 medical services delivered by Partnership providers to clients  
18 in target areas according to provisions of this Article and  
19 the Illinois Health Finance Reform Act, except that:

20 (1) Physicians participating in a Partnership and  
21 providing certain services, which shall be determined by  
22 the Illinois Department, to persons in areas covered by  
23 the Partnership may receive an additional surcharge for  
24 such services.

25 (2) The Department may elect to consider and negotiate  
26 financial incentives to encourage the development of

1 Partnerships and the efficient delivery of medical care.

2 (3) Persons receiving medical services through  
3 Partnerships may receive medical and case management  
4 services above the level usually offered through the  
5 medical assistance program.

6 Medical providers shall be required to meet certain  
7 qualifications to participate in Partnerships to ensure the  
8 delivery of high quality medical services. These  
9 qualifications shall be determined by rule of the Illinois  
10 Department and may be higher than qualifications for  
11 participation in the medical assistance program. Partnership  
12 sponsors may prescribe reasonable additional qualifications  
13 for participation by medical providers, only with the prior  
14 written approval of the Illinois Department.

15 Nothing in this Section shall limit the free choice of  
16 practitioners, hospitals, and other providers of medical  
17 services by clients. In order to ensure patient freedom of  
18 choice, the Illinois Department shall immediately promulgate  
19 all rules and take all other necessary actions so that  
20 provided services may be accessed from therapeutically  
21 certified optometrists to the full extent of the Illinois  
22 Optometric Practice Act of 1987 without discriminating between  
23 service providers.

24 The Department shall apply for a waiver from the United  
25 States Health Care Financing Administration to allow for the  
26 implementation of Partnerships under this Section.

1           The Illinois Department shall require health care  
2 providers to maintain records that document the medical care  
3 and services provided to recipients of Medical Assistance  
4 under this Article. Such records must be retained for a period  
5 of not less than 6 years from the date of service or as  
6 provided by applicable State law, whichever period is longer,  
7 except that if an audit is initiated within the required  
8 retention period then the records must be retained until the  
9 audit is completed and every exception is resolved. The  
10 Illinois Department shall require health care providers to  
11 make available, when authorized by the patient, in writing,  
12 the medical records in a timely fashion to other health care  
13 providers who are treating or serving persons eligible for  
14 Medical Assistance under this Article. All dispensers of  
15 medical services shall be required to maintain and retain  
16 business and professional records sufficient to fully and  
17 accurately document the nature, scope, details and receipt of  
18 the health care provided to persons eligible for medical  
19 assistance under this Code, in accordance with regulations  
20 promulgated by the Illinois Department. The rules and  
21 regulations shall require that proof of the receipt of  
22 prescription drugs, dentures, prosthetic devices and  
23 eyeglasses by eligible persons under this Section accompany  
24 each claim for reimbursement submitted by the dispenser of  
25 such medical services. No such claims for reimbursement shall  
26 be approved for payment by the Illinois Department without

1 such proof of receipt, unless the Illinois Department shall  
2 have put into effect and shall be operating a system of  
3 post-payment audit and review which shall, on a sampling  
4 basis, be deemed adequate by the Illinois Department to assure  
5 that such drugs, dentures, prosthetic devices and eyeglasses  
6 for which payment is being made are actually being received by  
7 eligible recipients. Within 90 days after September 16, 1984  
8 (the effective date of Public Act 83-1439), the Illinois  
9 Department shall establish a current list of acquisition costs  
10 for all prosthetic devices and any other items recognized as  
11 medical equipment and supplies reimbursable under this Article  
12 and shall update such list on a quarterly basis, except that  
13 the acquisition costs of all prescription drugs shall be  
14 updated no less frequently than every 30 days as required by  
15 Section 5-5.12.

16 Notwithstanding any other law to the contrary, the  
17 Illinois Department shall, within 365 days after July 22, 2013  
18 (the effective date of Public Act 98-104), establish  
19 procedures to permit skilled care facilities licensed under  
20 the Nursing Home Care Act to submit monthly billing claims for  
21 reimbursement purposes. Following development of these  
22 procedures, the Department shall, by July 1, 2016, test the  
23 viability of the new system and implement any necessary  
24 operational or structural changes to its information  
25 technology platforms in order to allow for the direct  
26 acceptance and payment of nursing home claims.

1           Notwithstanding any other law to the contrary, the  
2 Illinois Department shall, within 365 days after August 15,  
3 2014 (the effective date of Public Act 98-963), establish  
4 procedures to permit ID/DD facilities licensed under the ID/DD  
5 Community Care Act and MC/DD facilities licensed under the  
6 MC/DD Act to submit monthly billing claims for reimbursement  
7 purposes. Following development of these procedures, the  
8 Department shall have an additional 365 days to test the  
9 viability of the new system and to ensure that any necessary  
10 operational or structural changes to its information  
11 technology platforms are implemented.

12           The Illinois Department shall require all dispensers of  
13 medical services, other than an individual practitioner or  
14 group of practitioners, desiring to participate in the Medical  
15 Assistance program established under this Article to disclose  
16 all financial, beneficial, ownership, equity, surety or other  
17 interests in any and all firms, corporations, partnerships,  
18 associations, business enterprises, joint ventures, agencies,  
19 institutions or other legal entities providing any form of  
20 health care services in this State under this Article.

21           The Illinois Department may require that all dispensers of  
22 medical services desiring to participate in the medical  
23 assistance program established under this Article disclose,  
24 under such terms and conditions as the Illinois Department may  
25 by rule establish, all inquiries from clients and attorneys  
26 regarding medical bills paid by the Illinois Department, which

1 inquiries could indicate potential existence of claims or  
2 liens for the Illinois Department.

3 Enrollment of a vendor shall be subject to a provisional  
4 period and shall be conditional for one year. During the  
5 period of conditional enrollment, the Department may terminate  
6 the vendor's eligibility to participate in, or may disenroll  
7 the vendor from, the medical assistance program without cause.  
8 Unless otherwise specified, such termination of eligibility or  
9 disenrollment is not subject to the Department's hearing  
10 process. However, a disenrolled vendor may reapply without  
11 penalty.

12 The Department has the discretion to limit the conditional  
13 enrollment period for vendors based upon category of risk of  
14 the vendor.

15 Prior to enrollment and during the conditional enrollment  
16 period in the medical assistance program, all vendors shall be  
17 subject to enhanced oversight, screening, and review based on  
18 the risk of fraud, waste, and abuse that is posed by the  
19 category of risk of the vendor. The Illinois Department shall  
20 establish the procedures for oversight, screening, and review,  
21 which may include, but need not be limited to: criminal and  
22 financial background checks; fingerprinting; license,  
23 certification, and authorization verifications; unscheduled or  
24 unannounced site visits; database checks; prepayment audit  
25 reviews; audits; payment caps; payment suspensions; and other  
26 screening as required by federal or State law.

1           The Department shall define or specify the following: (i)  
2 by provider notice, the "category of risk of the vendor" for  
3 each type of vendor, which shall take into account the level of  
4 screening applicable to a particular category of vendor under  
5 federal law and regulations; (ii) by rule or provider notice,  
6 the maximum length of the conditional enrollment period for  
7 each category of risk of the vendor; and (iii) by rule, the  
8 hearing rights, if any, afforded to a vendor in each category  
9 of risk of the vendor that is terminated or disenrolled during  
10 the conditional enrollment period.

11           To be eligible for payment consideration, a vendor's  
12 payment claim or bill, either as an initial claim or as a  
13 resubmitted claim following prior rejection, must be received  
14 by the Illinois Department, or its fiscal intermediary, no  
15 later than 180 days after the latest date on the claim on which  
16 medical goods or services were provided, with the following  
17 exceptions:

18           (1) In the case of a provider whose enrollment is in  
19 process by the Illinois Department, the 180-day period  
20 shall not begin until the date on the written notice from  
21 the Illinois Department that the provider enrollment is  
22 complete.

23           (2) In the case of errors attributable to the Illinois  
24 Department or any of its claims processing intermediaries  
25 which result in an inability to receive, process, or  
26 adjudicate a claim, the 180-day period shall not begin

1           until the provider has been notified of the error.

2           (3) In the case of a provider for whom the Illinois  
3           Department initiates the monthly billing process.

4           (4) In the case of a provider operated by a unit of  
5           local government with a population exceeding 3,000,000  
6           when local government funds finance federal participation  
7           for claims payments.

8           For claims for services rendered during a period for which  
9           a recipient received retroactive eligibility, claims must be  
10          filed within 180 days after the Department determines the  
11          applicant is eligible. For claims for which the Illinois  
12          Department is not the primary payer, claims must be submitted  
13          to the Illinois Department within 180 days after the final  
14          adjudication by the primary payer.

15          In the case of long term care facilities, within 120  
16          calendar days of receipt by the facility of required  
17          prescreening information, new admissions with associated  
18          admission documents shall be submitted through the Medical  
19          Electronic Data Interchange (MEDI) or the Recipient  
20          Eligibility Verification (REV) System or shall be submitted  
21          directly to the Department of Human Services using required  
22          admission forms. Effective September 1, 2014, admission  
23          documents, including all prescreening information, must be  
24          submitted through MEDI or REV. Confirmation numbers assigned  
25          to an accepted transaction shall be retained by a facility to  
26          verify timely submittal. Once an admission transaction has

1     been completed, all resubmitted claims following prior  
2     rejection are subject to receipt no later than 180 days after  
3     the admission transaction has been completed.

4             Claims that are not submitted and received in compliance  
5     with the foregoing requirements shall not be eligible for  
6     payment under the medical assistance program, and the State  
7     shall have no liability for payment of those claims.

8             To the extent consistent with applicable information and  
9     privacy, security, and disclosure laws, State and federal  
10    agencies and departments shall provide the Illinois Department  
11    access to confidential and other information and data  
12    necessary to perform eligibility and payment verifications and  
13    other Illinois Department functions. This includes, but is not  
14    limited to: information pertaining to licensure;  
15    certification; earnings; immigration status; citizenship; wage  
16    reporting; unearned and earned income; pension income;  
17    employment; supplemental security income; social security  
18    numbers; National Provider Identifier (NPI) numbers; the  
19    National Practitioner Data Bank (NPDB); program and agency  
20    exclusions; taxpayer identification numbers; tax delinquency;  
21    corporate information; and death records.

22            The Illinois Department shall enter into agreements with  
23    State agencies and departments, and is authorized to enter  
24    into agreements with federal agencies and departments, under  
25    which such agencies and departments shall share data necessary  
26    for medical assistance program integrity functions and

1 oversight. The Illinois Department shall develop, in  
2 cooperation with other State departments and agencies, and in  
3 compliance with applicable federal laws and regulations,  
4 appropriate and effective methods to share such data. At a  
5 minimum, and to the extent necessary to provide data sharing,  
6 the Illinois Department shall enter into agreements with State  
7 agencies and departments, and is authorized to enter into  
8 agreements with federal agencies and departments, including,  
9 but not limited to: the Secretary of State; the Department of  
10 Revenue; the Department of Public Health; the Department of  
11 Human Services; and the Department of Financial and  
12 Professional Regulation.

13 Beginning in fiscal year 2013, the Illinois Department  
14 shall set forth a request for information to identify the  
15 benefits of a pre-payment, post-adjudication, and post-edit  
16 claims system with the goals of streamlining claims processing  
17 and provider reimbursement, reducing the number of pending or  
18 rejected claims, and helping to ensure a more transparent  
19 adjudication process through the utilization of: (i) provider  
20 data verification and provider screening technology; and (ii)  
21 clinical code editing; and (iii) pre-pay, pre- or  
22 post-adjudicated predictive modeling with an integrated case  
23 management system with link analysis. Such a request for  
24 information shall not be considered as a request for proposal  
25 or as an obligation on the part of the Illinois Department to  
26 take any action or acquire any products or services.

1           The Illinois Department shall establish policies,  
2 procedures, standards and criteria by rule for the  
3 acquisition, repair and replacement of orthotic and prosthetic  
4 devices and durable medical equipment. Such rules shall  
5 provide, but not be limited to, the following services: (1)  
6 immediate repair or replacement of such devices by recipients;  
7 and (2) rental, lease, purchase or lease-purchase of durable  
8 medical equipment in a cost-effective manner, taking into  
9 consideration the recipient's medical prognosis, the extent of  
10 the recipient's needs, and the requirements and costs for  
11 maintaining such equipment. Subject to prior approval, such  
12 rules shall enable a recipient to temporarily acquire and use  
13 alternative or substitute devices or equipment pending repairs  
14 or replacements of any device or equipment previously  
15 authorized for such recipient by the Department.  
16 Notwithstanding any provision of Section 5-5f to the contrary,  
17 the Department may, by rule, exempt certain replacement  
18 wheelchair parts from prior approval and, for wheelchairs,  
19 wheelchair parts, wheelchair accessories, and related seating  
20 and positioning items, determine the wholesale price by  
21 methods other than actual acquisition costs.

22           The Department shall require, by rule, all providers of  
23 durable medical equipment to be accredited by an accreditation  
24 organization approved by the federal Centers for Medicare and  
25 Medicaid Services and recognized by the Department in order to  
26 bill the Department for providing durable medical equipment to

1 recipients. No later than 15 months after the effective date  
2 of the rule adopted pursuant to this paragraph, all providers  
3 must meet the accreditation requirement.

4 In order to promote environmental responsibility, meet the  
5 needs of recipients and enrollees, and achieve significant  
6 cost savings, the Department, or a managed care organization  
7 under contract with the Department, may provide recipients or  
8 managed care enrollees who have a prescription or Certificate  
9 of Medical Necessity access to refurbished durable medical  
10 equipment under this Section (excluding prosthetic and  
11 orthotic devices as defined in the Orthotics, Prosthetics, and  
12 Pedorthics Practice Act and complex rehabilitation technology  
13 products and associated services) through the State's  
14 assistive technology program's reutilization program, using  
15 staff with the Assistive Technology Professional (ATP)  
16 Certification if the refurbished durable medical equipment:  
17 (i) is available; (ii) is less expensive, including shipping  
18 costs, than new durable medical equipment of the same type;  
19 (iii) is able to withstand at least 3 years of use; (iv) is  
20 cleaned, disinfected, sterilized, and safe in accordance with  
21 federal Food and Drug Administration regulations and guidance  
22 governing the reprocessing of medical devices in health care  
23 settings; and (v) equally meets the needs of the recipient or  
24 enrollee. The reutilization program shall confirm that the  
25 recipient or enrollee is not already in receipt of the same or  
26 similar equipment from another service provider, and that the

1 refurbished durable medical equipment equally meets the needs  
2 of the recipient or enrollee. Nothing in this paragraph shall  
3 be construed to limit recipient or enrollee choice to obtain  
4 new durable medical equipment or place any additional prior  
5 authorization conditions on enrollees of managed care  
6 organizations.

7 The Department shall execute, relative to the nursing home  
8 prescreening project, written inter-agency agreements with the  
9 Department of Human Services and the Department on Aging, to  
10 effect the following: (i) intake procedures and common  
11 eligibility criteria for those persons who are receiving  
12 non-institutional services; and (ii) the establishment and  
13 development of non-institutional services in areas of the  
14 State where they are not currently available or are  
15 undeveloped; and (iii) notwithstanding any other provision of  
16 law, subject to federal approval, on and after July 1, 2012, an  
17 increase in the determination of need (DON) scores from 29 to  
18 37 for applicants for institutional and home and  
19 community-based long term care; if and only if federal  
20 approval is not granted, the Department may, in conjunction  
21 with other affected agencies, implement utilization controls  
22 or changes in benefit packages to effectuate a similar savings  
23 amount for this population; and (iv) no later than July 1,  
24 2013, minimum level of care eligibility criteria for  
25 institutional and home and community-based long term care; and  
26 (v) no later than October 1, 2013, establish procedures to

1 permit long term care providers access to eligibility scores  
2 for individuals with an admission date who are seeking or  
3 receiving services from the long term care provider. In order  
4 to select the minimum level of care eligibility criteria, the  
5 Governor shall establish a workgroup that includes affected  
6 agency representatives and stakeholders representing the  
7 institutional and home and community-based long term care  
8 interests. This Section shall not restrict the Department from  
9 implementing lower level of care eligibility criteria for  
10 community-based services in circumstances where federal  
11 approval has been granted.

12 The Illinois Department shall develop and operate, in  
13 cooperation with other State Departments and agencies and in  
14 compliance with applicable federal laws and regulations,  
15 appropriate and effective systems of health care evaluation  
16 and programs for monitoring of utilization of health care  
17 services and facilities, as it affects persons eligible for  
18 medical assistance under this Code.

19 The Illinois Department shall report annually to the  
20 General Assembly, no later than the second Friday in April of  
21 1979 and each year thereafter, in regard to:

22 (a) actual statistics and trends in utilization of  
23 medical services by public aid recipients;

24 (b) actual statistics and trends in the provision of  
25 the various medical services by medical vendors;

26 (c) current rate structures and proposed changes in

1           those rate structures for the various medical vendors; and  
2           (d) efforts at utilization review and control by the  
3           Illinois Department.

4           The period covered by each report shall be the 3 years  
5           ending on the June 30 prior to the report. The report shall  
6           include suggested legislation for consideration by the General  
7           Assembly. The requirement for reporting to the General  
8           Assembly shall be satisfied by filing copies of the report as  
9           required by Section 3.1 of the General Assembly Organization  
10          Act, and filing such additional copies with the State  
11          Government Report Distribution Center for the General Assembly  
12          as is required under paragraph (t) of Section 7 of the State  
13          Library Act.

14          Rulemaking authority to implement Public Act 95-1045, if  
15          any, is conditioned on the rules being adopted in accordance  
16          with all provisions of the Illinois Administrative Procedure  
17          Act and all rules and procedures of the Joint Committee on  
18          Administrative Rules; any purported rule not so adopted, for  
19          whatever reason, is unauthorized.

20          On and after July 1, 2012, the Department shall reduce any  
21          rate of reimbursement for services or other payments or alter  
22          any methodologies authorized by this Code to reduce any rate  
23          of reimbursement for services or other payments in accordance  
24          with Section 5-5e.

25          Because kidney transplantation can be an appropriate,  
26          cost-effective alternative to renal dialysis when medically

1 necessary and notwithstanding the provisions of Section 1-11  
2 of this Code, beginning October 1, 2014, the Department shall  
3 cover kidney transplantation for noncitizens with end-stage  
4 renal disease who are not eligible for comprehensive medical  
5 benefits, who meet the residency requirements of Section 5-3  
6 of this Code, and who would otherwise meet the financial  
7 requirements of the appropriate class of eligible persons  
8 under Section 5-2 of this Code. To qualify for coverage of  
9 kidney transplantation, such person must be receiving  
10 emergency renal dialysis services covered by the Department.  
11 Providers under this Section shall be prior approved and  
12 certified by the Department to perform kidney transplantation  
13 and the services under this Section shall be limited to  
14 services associated with kidney transplantation.

15 Notwithstanding any other provision of this Code to the  
16 contrary, on or after July 1, 2015, all FDA approved forms of  
17 medication assisted treatment prescribed for the treatment of  
18 alcohol dependence or treatment of opioid dependence shall be  
19 covered under both fee for service and managed care medical  
20 assistance programs for persons who are otherwise eligible for  
21 medical assistance under this Article and shall not be subject  
22 to any (1) utilization control, other than those established  
23 under the American Society of Addiction Medicine patient  
24 placement criteria, (2) prior authorization mandate, or (3)  
25 lifetime restriction limit mandate.

26 On or after July 1, 2015, opioid antagonists prescribed

1 for the treatment of an opioid overdose, including the  
2 medication product, administration devices, and any pharmacy  
3 fees or hospital fees related to the dispensing, distribution,  
4 and administration of the opioid antagonist, shall be covered  
5 under the medical assistance program for persons who are  
6 otherwise eligible for medical assistance under this Article.  
7 As used in this Section, "opioid antagonist" means a drug that  
8 binds to opioid receptors and blocks or inhibits the effect of  
9 opioids acting on those receptors, including, but not limited  
10 to, naloxone hydrochloride or any other similarly acting drug  
11 approved by the U.S. Food and Drug Administration. The  
12 Department shall not impose a copayment on the coverage  
13 provided for naloxone hydrochloride under the medical  
14 assistance program.

15 Upon federal approval, the Department shall provide  
16 coverage and reimbursement for all drugs that are approved for  
17 marketing by the federal Food and Drug Administration and that  
18 are recommended by the federal Public Health Service or the  
19 United States Centers for Disease Control and Prevention for  
20 pre-exposure prophylaxis and related pre-exposure prophylaxis  
21 services, including, but not limited to, HIV and sexually  
22 transmitted infection screening, treatment for sexually  
23 transmitted infections, medical monitoring, assorted labs, and  
24 counseling to reduce the likelihood of HIV infection among  
25 individuals who are not infected with HIV but who are at high  
26 risk of HIV infection.

1           A federally qualified health center, as defined in Section  
2 1905(1)(2)(B) of the federal Social Security Act, shall be  
3 reimbursed by the Department in accordance with the federally  
4 qualified health center's encounter rate for services provided  
5 to medical assistance recipients that are performed by a  
6 dental hygienist, as defined under the Illinois Dental  
7 Practice Act, working under the general supervision of a  
8 dentist and employed by a federally qualified health center.

9           Within 90 days after October 8, 2021 (the effective date  
10 of Public Act 102-665) ~~this amendatory Act of the 102nd~~  
11 ~~General Assembly~~, the Department shall seek federal approval  
12 of a State Plan amendment to expand coverage for family  
13 planning services that includes presumptive eligibility to  
14 individuals whose income is at or below 208% of the federal  
15 poverty level. Coverage under this Section shall be effective  
16 beginning no later than December 1, 2022.

17           Subject to approval by the federal Centers for Medicare  
18 and Medicaid Services of a Title XIX State Plan amendment  
19 electing the Program of All-Inclusive Care for the Elderly  
20 (PACE) as a State Medicaid option, as provided for by Subtitle  
21 I (commencing with Section 4801) of Title IV of the Balanced  
22 Budget Act of 1997 (Public Law 105-33) and Part 460  
23 (commencing with Section 460.2) of Subchapter E of Title 42 of  
24 the Code of Federal Regulations, PACE program services shall  
25 become a covered benefit of the medical assistance program,  
26 subject to criteria established in accordance with all

1 applicable laws.

2 Notwithstanding any other provision of this Code,  
3 community-based pediatric palliative care from a trained  
4 interdisciplinary team shall be covered under the medical  
5 assistance program as provided in Section 15 of the Pediatric  
6 Palliative Care Act.
