

## 102ND GENERAL ASSEMBLY

### State of Illinois

2021 and 2022

HB5192

Introduced 1/31/2022, by Rep. William Davis

#### SYNOPSIS AS INTRODUCED:

15 ILCS 20/50-25

Amends the State Budget Law of the Civil Administrative Code of Illinois. Provides that the commission established by the Governor concerning statewide prioritized goals as related to the State budget shall hold at least 2 in-person public meetings (currently, not required to be in-person). Provides that the commission may choose by a majority vote of its members to hold one virtual meeting, which is open to the public and over the Internet, in lieu of the required 2 in-person public meetings. Effective immediately.

LRB102 25232 RJF 34504 b

1 AN ACT concerning State government.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The State Budget Law of the Civil  
5 Administrative Code of Illinois is amended by changing Section  
6 50-25 as follows:

7 (15 ILCS 20/50-25)

8 Sec. 50-25. Statewide prioritized goals. For fiscal year  
9 2012 and each fiscal year thereafter, prior to the submission  
10 of the State budget, the Governor, in consultation with the  
11 appropriation committees of the General Assembly and,  
12 beginning with budgets prepared for fiscal year 2013, the  
13 commission established under this Section, shall: (i)  
14 prioritize outcomes that are most important for each State  
15 agency of the executive branch under the jurisdiction of the  
16 Governor to achieve for the next fiscal year and (ii) set goals  
17 to accomplish those outcomes according to the priority of the  
18 outcome. There must be a reasonable number of annually defined  
19 statewide goals defining State priorities for the budget. Each  
20 goal shall be further defined to facilitate success in  
21 achieving that goal. No later than July 31 of each fiscal year  
22 beginning in fiscal year 2012, the Governor shall establish a  
23 commission for the purpose of advising the Governor in setting

1 those outcomes and goals, including the timeline for achieving  
2 those outcomes and goals. The commission shall be a  
3 well-balanced group and shall be a manageable size. The  
4 commission shall hold at least 2 in-person public meetings  
5 during each fiscal year. One meeting shall be held in the City  
6 of Chicago and one meeting shall be held in the City of  
7 Springfield. The commission may choose by a majority vote of  
8 its members to hold one virtual meeting, which is open to the  
9 public and over the Internet, in lieu of the 2 in-person public  
10 meetings required under this Section. By November 1 of each  
11 year, the commission shall submit a report to the Governor and  
12 the General Assembly setting forth recommendations with  
13 respect to the Governor's proposed outcomes and goals. The  
14 report shall be published on the Governor's Office of  
15 Management and Budget's website. In its report, the commission  
16 shall propose a percentage of the total budget to be assigned  
17 to each proposed outcome and goal. The commission shall also  
18 review existing mandated expenditures and include in its  
19 report recommendations for the termination of mandated  
20 expenditures. The General Assembly may object to the  
21 commission's report by passing a joint resolution detailing  
22 the General Assembly's objections.

23 In addition, each other constitutional officer of the  
24 executive branch, in consultation with the appropriation  
25 committees of the General Assembly, shall: (i) prioritize  
26 outcomes that are most important for his or her office to

1 achieve for the next fiscal year and (ii) set goals to  
2 accomplish those outcomes according to the priority of the  
3 outcome. The Governor and each constitutional officer shall  
4 separately conduct performance analyses to determine which  
5 programs, strategies, and activities will best achieve those  
6 desired outcomes. The Governor shall recommend that  
7 appropriations be made to State agencies and officers for the  
8 next fiscal year based on the agreed upon goals and  
9 priorities. Each agency and officer may develop its own  
10 strategies for meeting those goals and shall review and  
11 analyze those strategies on a regular basis. The Governor  
12 shall also implement procedures to measure annual progress  
13 toward the State's highest priority outcomes and shall develop  
14 a statewide reporting system that compares the actual results  
15 with budgeted results. Those performance measures and results  
16 shall be posted on the State Comptroller's website, and  
17 compiled for distribution in the Comptroller's Public  
18 Accountability Report, as is currently the practice on the  
19 effective date of this amendatory Act of the 96th General  
20 Assembly.
