17 (765 ILCS 835/17 new)

18 Sec. 17. Repairs to or replacement or removal of  
19 dilapidated or unsafe columbariums, niches, mausoleums, and  
20 private estates.

21 (a) Unless the contract with the cemetery otherwise  
22 provides, the involved cemetery consumer shall have the

1 responsibility to repair, replace, or remove any dilapidated  
2 or unsafe columbarium, niche building, mausoleum, or private  
3 estate within the cemetery grounds. When the cemetery consumer  
4 fails to take prompt remedial action, the cemetery authority  
5 may, but shall not be required to, take action in accordance  
6 with this Section. Nothing in this Section shall make a  
7 cemetery financially or otherwise responsible for property  
8 damage that is the direct or indirect result of actions or  
9 neglect by a cemetery owner, an act of God, war, or vandalism,  
10 or aging or design of a columbarium, niche building,  
11 mausoleum, or private estate.

12 (b) If a cemetery authority becomes aware of a dilapidated  
13 or unsafe columbarium, niche building, mausoleum, or private  
14 estate within the cemetery grounds, and if the involved  
15 cemetery consumer has failed to take prompt remedial action,  
16 the cemetery, in accordance with this Section, may repair,  
17 replace, or remove the structure to prevent hazard to the  
18 public or to entombed, inurned, or cremated human remains.  
19 This Section does not apply to and may not be invoked in  
20 connection with any eminent domain, quick-take, or other  
21 condemnation proceeding that is designed to relocate a  
22 cemetery or portion thereof to another location.

23 (c) The cemetery, with reasonable promptness and without  
24 being required to obtain any permit, may remove the urns or  
25 caskets when necessary, and place them in a secure temporary  
26 area in order to allow for the repairs to or replacement or

1 removal of the dilapidated or unsafe columbarium, niche  
2 building, mausoleum, or private estate. Upon completion of the  
3 work, the cemetery authority shall replace the urns or caskets  
4 in the new or repaired columbarium, niche building, mausoleum,  
5 or private estate, or in such new location as may be  
6 appropriate following removal of the columbarium, niche  
7 building, mausoleum, or private estate.

8 (d) When taking remedial action, the cemetery shall  
9 contact the listed next of kin in the cemetery records by  
10 e-mail or certified mail, at the last known address, with the  
11 following information:

12 (1) Description of the repairs, rebuilding, or removal  
13 that will take place or has taken place.

14 (2) Whether the temporary removal and replacement of  
15 the decedent's human remains was or will be necessary.

16 (3) Notification of whether it is the responsibility  
17 of the cemetery consumer to pay for such repairs,  
18 rebuilding, or removal.

19 (4) Notification that a record of the remedial actions  
20 taken shall be maintained in the permanent records of the  
21 cemetery.
