

1 AN ACT concerning regulation.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the
5 Reducing Cervical Cancer and Saving Lives Act.

6 Section 5. Applicability. This Act applies to a hospital,
7 outpatient department, clinic, mobile unit, or other entity
8 that provides cervical cancer screening services in the State
9 of Illinois.

10 Section 10. Definitions. As used in this Act:

11 "Cervical cancer screening service" means an examination
12 and laboratory test for the screening and detection of
13 cervical cancer, including conventional Pap smear screening,
14 liquid-based cytology, or human papillomavirus (HPV) detection
15 methods.

16 "Department" means the Department of Public Health.

17 Section 15. Cervical cancer screening services; written
18 report.

19 (a) A hospital, outpatient department, clinic, mobile
20 unit, or other entity that provides a cervical cancer
21 screening service shall prepare a written report of the

1 results of any cervical cancer screening service provided to a
2 patient. The written report shall be provided to the patient's
3 referring health care professional. If a patient's referring
4 health care professional is not available or if there is no
5 such referring health care professional, only the summary of
6 the written report under subsection (b) is required.

7 (b) A summary of the written report of the results of any
8 cervical cancer screening service shall be sent directly to
9 the patient in terms easily understood by a lay person. The
10 summary of the written report may be provided electronically
11 if the patient has consented to receive electronic
12 communications. The summary of the written report shall advise
13 the patient to consult with the patient's health care
14 professional to discuss the results of the cervical cancer
15 screening.

16 (c) The Department, in collaboration with experts in
17 cervical cancer and cervical cancer screening, shall develop
18 suggested cervical cancer screening reporting language, in
19 terms easily understood by a lay person, to be sent to patients
20 with the summary of the written report required under
21 subsection (b).

22 (d) This Section does not create a duty of care or other
23 legal obligation beyond the duty to provide a written report
24 as set forth in this Section.

25 (e) This Section is operative beginning 6 months after the
26 Department makes the suggested cervical cancer screening

1 reporting language required under subsection (c) publicly
2 available, including by posting the suggested cervical cancer
3 screening reporting language on the Department's website.

4 Section 20. Human papillomavirus (HPV) vaccine services
5 pilot program.

6 (a) The Department shall establish a pilot program to
7 provide for the administration of human papillomavirus (HPV)
8 vaccines to persons enrolled in the Department's Illinois
9 Breast and Cervical Cancer Program who are:

10 (1) 26 years of age or younger, have not received the
11 full HPV vaccine series, and would like to receive the
12 vaccine series; or

13 (2) 26 years of age or older, have not completed the
14 HPV vaccine series, and whose clinicians recommend the HPV
15 vaccine series.

16 (b) The pilot program shall be implemented no later than
17 July 1, 2024.

18 (c) Any lead agency of the Illinois Breast and Cervical
19 Cancer Program may participate in the pilot program.

20 (d) This Section is repealed on June 30, 2027.

21 Section 50. The Illinois Public Aid Code is amended by
22 changing Section 5-5 as follows:

23 (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

1 Sec. 5-5. Medical services. The Illinois Department, by
2 rule, shall determine the quantity and quality of and the rate
3 of reimbursement for the medical assistance for which payment
4 will be authorized, and the medical services to be provided,
5 which may include all or part of the following: (1) inpatient
6 hospital services; (2) outpatient hospital services; (3) other
7 laboratory and X-ray services; (4) skilled nursing home
8 services; (5) physicians' services whether furnished in the
9 office, the patient's home, a hospital, a skilled nursing
10 home, or elsewhere; (6) medical care, or any other type of
11 remedial care furnished by licensed practitioners; (7) home
12 health care services; (8) private duty nursing service; (9)
13 clinic services; (10) dental services, including prevention
14 and treatment of periodontal disease and dental caries disease
15 for pregnant individuals, provided by an individual licensed
16 to practice dentistry or dental surgery; for purposes of this
17 item (10), "dental services" means diagnostic, preventive, or
18 corrective procedures provided by or under the supervision of
19 a dentist in the practice of his or her profession; (11)
20 physical therapy and related services; (12) prescribed drugs,
21 dentures, and prosthetic devices; and eyeglasses prescribed by
22 a physician skilled in the diseases of the eye, or by an
23 optometrist, whichever the person may select; (13) other
24 diagnostic, screening, preventive, and rehabilitative
25 services, including to ensure that the individual's need for
26 intervention or treatment of mental disorders or substance use

1 disorders or co-occurring mental health and substance use
2 disorders is determined using a uniform screening, assessment,
3 and evaluation process inclusive of criteria, for children and
4 adults; for purposes of this item (13), a uniform screening,
5 assessment, and evaluation process refers to a process that
6 includes an appropriate evaluation and, as warranted, a
7 referral; "uniform" does not mean the use of a singular
8 instrument, tool, or process that all must utilize; (14)
9 transportation and such other expenses as may be necessary;
10 (15) medical treatment of sexual assault survivors, as defined
11 in Section 1a of the Sexual Assault Survivors Emergency
12 Treatment Act, for injuries sustained as a result of the
13 sexual assault, including examinations and laboratory tests to
14 discover evidence which may be used in criminal proceedings
15 arising from the sexual assault; (16) the diagnosis and
16 treatment of sickle cell anemia; (16.5) services performed by
17 a chiropractic physician licensed under the Medical Practice
18 Act of 1987 and acting within the scope of his or her license,
19 including, but not limited to, chiropractic manipulative
20 treatment; and (17) any other medical care, and any other type
21 of remedial care recognized under the laws of this State. The
22 term "any other type of remedial care" shall include nursing
23 care and nursing home service for persons who rely on
24 treatment by spiritual means alone through prayer for healing.

25 Notwithstanding any other provision of this Section, a
26 comprehensive tobacco use cessation program that includes

1 purchasing prescription drugs or prescription medical devices
2 approved by the Food and Drug Administration shall be covered
3 under the medical assistance program under this Article for
4 persons who are otherwise eligible for assistance under this
5 Article.

6 Notwithstanding any other provision of this Code,
7 reproductive health care that is otherwise legal in Illinois
8 shall be covered under the medical assistance program for
9 persons who are otherwise eligible for medical assistance
10 under this Article.

11 Notwithstanding any other provision of this Section, all
12 tobacco cessation medications approved by the United States
13 Food and Drug Administration and all individual and group
14 tobacco cessation counseling services and telephone-based
15 counseling services and tobacco cessation medications provided
16 through the Illinois Tobacco Quitline shall be covered under
17 the medical assistance program for persons who are otherwise
18 eligible for assistance under this Article. The Department
19 shall comply with all federal requirements necessary to obtain
20 federal financial participation, as specified in 42 CFR
21 433.15(b)(7), for telephone-based counseling services provided
22 through the Illinois Tobacco Quitline, including, but not
23 limited to: (i) entering into a memorandum of understanding or
24 interagency agreement with the Department of Public Health, as
25 administrator of the Illinois Tobacco Quitline; and (ii)
26 developing a cost allocation plan for Medicaid-allowable

1 Illinois Tobacco Quitline services in accordance with 45 CFR
2 95.507. The Department shall submit the memorandum of
3 understanding or interagency agreement, the cost allocation
4 plan, and all other necessary documentation to the Centers for
5 Medicare and Medicaid Services for review and approval.
6 Coverage under this paragraph shall be contingent upon federal
7 approval.

8 Notwithstanding any other provision of this Code, the
9 Illinois Department may not require, as a condition of payment
10 for any laboratory test authorized under this Article, that a
11 physician's handwritten signature appear on the laboratory
12 test order form. The Illinois Department may, however, impose
13 other appropriate requirements regarding laboratory test order
14 documentation.

15 Upon receipt of federal approval of an amendment to the
16 Illinois Title XIX State Plan for this purpose, the Department
17 shall authorize the Chicago Public Schools (CPS) to procure a
18 vendor or vendors to manufacture eyeglasses for individuals
19 enrolled in a school within the CPS system. CPS shall ensure
20 that its vendor or vendors are enrolled as providers in the
21 medical assistance program and in any capitated Medicaid
22 managed care entity (MCE) serving individuals enrolled in a
23 school within the CPS system. Under any contract procured
24 under this provision, the vendor or vendors must serve only
25 individuals enrolled in a school within the CPS system. Claims
26 for services provided by CPS's vendor or vendors to recipients

1 of benefits in the medical assistance program under this Code,
2 the Children's Health Insurance Program, or the Covering ALL
3 KIDS Health Insurance Program shall be submitted to the
4 Department or the MCE in which the individual is enrolled for
5 payment and shall be reimbursed at the Department's or the
6 MCE's established rates or rate methodologies for eyeglasses.

7 On and after July 1, 2012, the Department of Healthcare
8 and Family Services may provide the following services to
9 persons eligible for assistance under this Article who are
10 participating in education, training or employment programs
11 operated by the Department of Human Services as successor to
12 the Department of Public Aid:

13 (1) dental services provided by or under the
14 supervision of a dentist; and

15 (2) eyeglasses prescribed by a physician skilled in
16 the diseases of the eye, or by an optometrist, whichever
17 the person may select.

18 On and after July 1, 2018, the Department of Healthcare
19 and Family Services shall provide dental services to any adult
20 who is otherwise eligible for assistance under the medical
21 assistance program. As used in this paragraph, "dental
22 services" means diagnostic, preventative, restorative, or
23 corrective procedures, including procedures and services for
24 the prevention and treatment of periodontal disease and dental
25 caries disease, provided by an individual who is licensed to
26 practice dentistry or dental surgery or who is under the

1 supervision of a dentist in the practice of his or her
2 profession.

3 On and after July 1, 2018, targeted dental services, as
4 set forth in Exhibit D of the Consent Decree entered by the
5 United States District Court for the Northern District of
6 Illinois, Eastern Division, in the matter of Memisovski v.
7 Maram, Case No. 92 C 1982, that are provided to adults under
8 the medical assistance program shall be established at no less
9 than the rates set forth in the "New Rate" column in Exhibit D
10 of the Consent Decree for targeted dental services that are
11 provided to persons under the age of 18 under the medical
12 assistance program.

13 Notwithstanding any other provision of this Code and
14 subject to federal approval, the Department may adopt rules to
15 allow a dentist who is volunteering his or her service at no
16 cost to render dental services through an enrolled
17 not-for-profit health clinic without the dentist personally
18 enrolling as a participating provider in the medical
19 assistance program. A not-for-profit health clinic shall
20 include a public health clinic or Federally Qualified Health
21 Center or other enrolled provider, as determined by the
22 Department, through which dental services covered under this
23 Section are performed. The Department shall establish a
24 process for payment of claims for reimbursement for covered
25 dental services rendered under this provision.

26 On and after January 1, 2022, the Department of Healthcare

1 and Family Services shall administer and regulate a
2 school-based dental program that allows for the out-of-office
3 delivery of preventative dental services in a school setting
4 to children under 19 years of age. The Department shall
5 establish, by rule, guidelines for participation by providers
6 and set requirements for follow-up referral care based on the
7 requirements established in the Dental Office Reference Manual
8 published by the Department that establishes the requirements
9 for dentists participating in the All Kids Dental School
10 Program. Every effort shall be made by the Department when
11 developing the program requirements to consider the different
12 geographic differences of both urban and rural areas of the
13 State for initial treatment and necessary follow-up care. No
14 provider shall be charged a fee by any unit of local government
15 to participate in the school-based dental program administered
16 by the Department. Nothing in this paragraph shall be
17 construed to limit or preempt a home rule unit's or school
18 district's authority to establish, change, or administer a
19 school-based dental program in addition to, or independent of,
20 the school-based dental program administered by the
21 Department.

22 The Illinois Department, by rule, may distinguish and
23 classify the medical services to be provided only in
24 accordance with the classes of persons designated in Section
25 5-2.

26 The Department of Healthcare and Family Services must

1 provide coverage and reimbursement for amino acid-based
2 elemental formulas, regardless of delivery method, for the
3 diagnosis and treatment of (i) eosinophilic disorders and (ii)
4 short bowel syndrome when the prescribing physician has issued
5 a written order stating that the amino acid-based elemental
6 formula is medically necessary.

7 The Illinois Department shall authorize the provision of,
8 and shall authorize payment for, screening by low-dose
9 mammography for the presence of occult breast cancer for
10 individuals 35 years of age or older who are eligible for
11 medical assistance under this Article, as follows:

12 (A) A baseline mammogram for individuals 35 to 39
13 years of age.

14 (B) An annual mammogram for individuals 40 years of
15 age or older.

16 (C) A mammogram at the age and intervals considered
17 medically necessary by the individual's health care
18 provider for individuals under 40 years of age and having
19 a family history of breast cancer, prior personal history
20 of breast cancer, positive genetic testing, or other risk
21 factors.

22 (D) A comprehensive ultrasound screening and MRI of an
23 entire breast or breasts if a mammogram demonstrates
24 heterogeneous or dense breast tissue or when medically
25 necessary as determined by a physician licensed to
26 practice medicine in all of its branches.

1 (E) A screening MRI when medically necessary, as
2 determined by a physician licensed to practice medicine in
3 all of its branches.

4 (F) A diagnostic mammogram when medically necessary,
5 as determined by a physician licensed to practice medicine
6 in all its branches, advanced practice registered nurse,
7 or physician assistant.

8 The Department shall not impose a deductible, coinsurance,
9 copayment, or any other cost-sharing requirement on the
10 coverage provided under this paragraph; except that this
11 sentence does not apply to coverage of diagnostic mammograms
12 to the extent such coverage would disqualify a high-deductible
13 health plan from eligibility for a health savings account
14 pursuant to Section 223 of the Internal Revenue Code (26
15 U.S.C. 223).

16 All screenings shall include a physical breast exam,
17 instruction on self-examination and information regarding the
18 frequency of self-examination and its value as a preventative
19 tool.

20 For purposes of this Section:

21 "Diagnostic mammogram" means a mammogram obtained using
22 diagnostic mammography.

23 "Diagnostic mammography" means a method of screening that
24 is designed to evaluate an abnormality in a breast, including
25 an abnormality seen or suspected on a screening mammogram or a
26 subjective or objective abnormality otherwise detected in the

1 breast.

2 "Low-dose mammography" means the x-ray examination of the
3 breast using equipment dedicated specifically for mammography,
4 including the x-ray tube, filter, compression device, and
5 image receptor, with an average radiation exposure delivery of
6 less than one rad per breast for 2 views of an average size
7 breast. The term also includes digital mammography and
8 includes breast tomosynthesis.

9 "Breast tomosynthesis" means a radiologic procedure that
10 involves the acquisition of projection images over the
11 stationary breast to produce cross-sectional digital
12 three-dimensional images of the breast.

13 If, at any time, the Secretary of the United States
14 Department of Health and Human Services, or its successor
15 agency, promulgates rules or regulations to be published in
16 the Federal Register or publishes a comment in the Federal
17 Register or issues an opinion, guidance, or other action that
18 would require the State, pursuant to any provision of the
19 Patient Protection and Affordable Care Act (Public Law
20 111-148), including, but not limited to, 42 U.S.C.
21 18031(d)(3)(B) or any successor provision, to defray the cost
22 of any coverage for breast tomosynthesis outlined in this
23 paragraph, then the requirement that an insurer cover breast
24 tomosynthesis is inoperative other than any such coverage
25 authorized under Section 1902 of the Social Security Act, 42
26 U.S.C. 1396a, and the State shall not assume any obligation

1 for the cost of coverage for breast tomosynthesis set forth in
2 this paragraph.

3 On and after January 1, 2016, the Department shall ensure
4 that all networks of care for adult clients of the Department
5 include access to at least one breast imaging Center of
6 Imaging Excellence as certified by the American College of
7 Radiology.

8 On and after January 1, 2012, providers participating in a
9 quality improvement program approved by the Department shall
10 be reimbursed for screening and diagnostic mammography at the
11 same rate as the Medicare program's rates, including the
12 increased reimbursement for digital mammography and, after the
13 effective date of this amendatory Act of the 102nd General
14 Assembly, breast tomosynthesis.

15 The Department shall convene an expert panel including
16 representatives of hospitals, free-standing mammography
17 facilities, and doctors, including radiologists, to establish
18 quality standards for mammography.

19 On and after January 1, 2017, providers participating in a
20 breast cancer treatment quality improvement program approved
21 by the Department shall be reimbursed for breast cancer
22 treatment at a rate that is no lower than 95% of the Medicare
23 program's rates for the data elements included in the breast
24 cancer treatment quality program.

25 The Department shall convene an expert panel, including
26 representatives of hospitals, free-standing breast cancer

1 treatment centers, breast cancer quality organizations, and
2 doctors, including breast surgeons, reconstructive breast
3 surgeons, oncologists, and primary care providers to establish
4 quality standards for breast cancer treatment.

5 Subject to federal approval, the Department shall
6 establish a rate methodology for mammography at federally
7 qualified health centers and other encounter-rate clinics.
8 These clinics or centers may also collaborate with other
9 hospital-based mammography facilities. By January 1, 2016, the
10 Department shall report to the General Assembly on the status
11 of the provision set forth in this paragraph.

12 The Department shall establish a methodology to remind
13 individuals who are age-appropriate for screening mammography,
14 but who have not received a mammogram within the previous 18
15 months, of the importance and benefit of screening
16 mammography. The Department shall work with experts in breast
17 cancer outreach and patient navigation to optimize these
18 reminders and shall establish a methodology for evaluating
19 their effectiveness and modifying the methodology based on the
20 evaluation.

21 The Department shall establish a performance goal for
22 primary care providers with respect to their female patients
23 over age 40 receiving an annual mammogram. This performance
24 goal shall be used to provide additional reimbursement in the
25 form of a quality performance bonus to primary care providers
26 who meet that goal.

1 The Department shall devise a means of case-managing or
2 patient navigation for beneficiaries diagnosed with breast
3 cancer. This program shall initially operate as a pilot
4 program in areas of the State with the highest incidence of
5 mortality related to breast cancer. At least one pilot program
6 site shall be in the metropolitan Chicago area and at least one
7 site shall be outside the metropolitan Chicago area. On or
8 after July 1, 2016, the pilot program shall be expanded to
9 include one site in western Illinois, one site in southern
10 Illinois, one site in central Illinois, and 4 sites within
11 metropolitan Chicago. An evaluation of the pilot program shall
12 be carried out measuring health outcomes and cost of care for
13 those served by the pilot program compared to similarly
14 situated patients who are not served by the pilot program.

15 The Department shall require all networks of care to
16 develop a means either internally or by contract with experts
17 in navigation and community outreach to navigate cancer
18 patients to comprehensive care in a timely fashion. The
19 Department shall require all networks of care to include
20 access for patients diagnosed with cancer to at least one
21 academic commission on cancer-accredited cancer program as an
22 in-network covered benefit.

23 The Department shall provide coverage and reimbursement
24 for a human papillomavirus (HPV) vaccine that is approved for
25 marketing by the federal Food and Drug Administration for all
26 persons between the ages of 9 and 45 and persons of the age of

1 46 and above who have been diagnosed with cervical dysplasia
2 with a high risk of recurrence or progression. The Department
3 shall disallow any preauthorization requirements for the
4 administration of the human papillomavirus (HPV) vaccine.

5 On or after July 1, 2022, individuals who are otherwise
6 eligible for medical assistance under this Article shall
7 receive coverage for perinatal depression screenings for the
8 12-month period beginning on the last day of their pregnancy.
9 Medical assistance coverage under this paragraph shall be
10 conditioned on the use of a screening instrument approved by
11 the Department.

12 Any medical or health care provider shall immediately
13 recommend, to any pregnant individual who is being provided
14 prenatal services and is suspected of having a substance use
15 disorder as defined in the Substance Use Disorder Act,
16 referral to a local substance use disorder treatment program
17 licensed by the Department of Human Services or to a licensed
18 hospital which provides substance abuse treatment services.
19 The Department of Healthcare and Family Services shall assure
20 coverage for the cost of treatment of the drug abuse or
21 addiction for pregnant recipients in accordance with the
22 Illinois Medicaid Program in conjunction with the Department
23 of Human Services.

24 All medical providers providing medical assistance to
25 pregnant individuals under this Code shall receive information
26 from the Department on the availability of services under any

1 program providing case management services for addicted
2 individuals, including information on appropriate referrals
3 for other social services that may be needed by addicted
4 individuals in addition to treatment for addiction.

5 The Illinois Department, in cooperation with the
6 Departments of Human Services (as successor to the Department
7 of Alcoholism and Substance Abuse) and Public Health, through
8 a public awareness campaign, may provide information
9 concerning treatment for alcoholism and drug abuse and
10 addiction, prenatal health care, and other pertinent programs
11 directed at reducing the number of drug-affected infants born
12 to recipients of medical assistance.

13 Neither the Department of Healthcare and Family Services
14 nor the Department of Human Services shall sanction the
15 recipient solely on the basis of the recipient's substance
16 abuse.

17 The Illinois Department shall establish such regulations
18 governing the dispensing of health services under this Article
19 as it shall deem appropriate. The Department should seek the
20 advice of formal professional advisory committees appointed by
21 the Director of the Illinois Department for the purpose of
22 providing regular advice on policy and administrative matters,
23 information dissemination and educational activities for
24 medical and health care providers, and consistency in
25 procedures to the Illinois Department.

26 The Illinois Department may develop and contract with

1 Partnerships of medical providers to arrange medical services
2 for persons eligible under Section 5-2 of this Code.
3 Implementation of this Section may be by demonstration
4 projects in certain geographic areas. The Partnership shall be
5 represented by a sponsor organization. The Department, by
6 rule, shall develop qualifications for sponsors of
7 Partnerships. Nothing in this Section shall be construed to
8 require that the sponsor organization be a medical
9 organization.

10 The sponsor must negotiate formal written contracts with
11 medical providers for physician services, inpatient and
12 outpatient hospital care, home health services, treatment for
13 alcoholism and substance abuse, and other services determined
14 necessary by the Illinois Department by rule for delivery by
15 Partnerships. Physician services must include prenatal and
16 obstetrical care. The Illinois Department shall reimburse
17 medical services delivered by Partnership providers to clients
18 in target areas according to provisions of this Article and
19 the Illinois Health Finance Reform Act, except that:

20 (1) Physicians participating in a Partnership and
21 providing certain services, which shall be determined by
22 the Illinois Department, to persons in areas covered by
23 the Partnership may receive an additional surcharge for
24 such services.

25 (2) The Department may elect to consider and negotiate
26 financial incentives to encourage the development of

1 Partnerships and the efficient delivery of medical care.

2 (3) Persons receiving medical services through
3 Partnerships may receive medical and case management
4 services above the level usually offered through the
5 medical assistance program.

6 Medical providers shall be required to meet certain
7 qualifications to participate in Partnerships to ensure the
8 delivery of high quality medical services. These
9 qualifications shall be determined by rule of the Illinois
10 Department and may be higher than qualifications for
11 participation in the medical assistance program. Partnership
12 sponsors may prescribe reasonable additional qualifications
13 for participation by medical providers, only with the prior
14 written approval of the Illinois Department.

15 Nothing in this Section shall limit the free choice of
16 practitioners, hospitals, and other providers of medical
17 services by clients. In order to ensure patient freedom of
18 choice, the Illinois Department shall immediately promulgate
19 all rules and take all other necessary actions so that
20 provided services may be accessed from therapeutically
21 certified optometrists to the full extent of the Illinois
22 Optometric Practice Act of 1987 without discriminating between
23 service providers.

24 The Department shall apply for a waiver from the United
25 States Health Care Financing Administration to allow for the
26 implementation of Partnerships under this Section.

1 The Illinois Department shall require health care
2 providers to maintain records that document the medical care
3 and services provided to recipients of Medical Assistance
4 under this Article. Such records must be retained for a period
5 of not less than 6 years from the date of service or as
6 provided by applicable State law, whichever period is longer,
7 except that if an audit is initiated within the required
8 retention period then the records must be retained until the
9 audit is completed and every exception is resolved. The
10 Illinois Department shall require health care providers to
11 make available, when authorized by the patient, in writing,
12 the medical records in a timely fashion to other health care
13 providers who are treating or serving persons eligible for
14 Medical Assistance under this Article. All dispensers of
15 medical services shall be required to maintain and retain
16 business and professional records sufficient to fully and
17 accurately document the nature, scope, details and receipt of
18 the health care provided to persons eligible for medical
19 assistance under this Code, in accordance with regulations
20 promulgated by the Illinois Department. The rules and
21 regulations shall require that proof of the receipt of
22 prescription drugs, dentures, prosthetic devices and
23 eyeglasses by eligible persons under this Section accompany
24 each claim for reimbursement submitted by the dispenser of
25 such medical services. No such claims for reimbursement shall
26 be approved for payment by the Illinois Department without

1 such proof of receipt, unless the Illinois Department shall
2 have put into effect and shall be operating a system of
3 post-payment audit and review which shall, on a sampling
4 basis, be deemed adequate by the Illinois Department to assure
5 that such drugs, dentures, prosthetic devices and eyeglasses
6 for which payment is being made are actually being received by
7 eligible recipients. Within 90 days after September 16, 1984
8 (the effective date of Public Act 83-1439), the Illinois
9 Department shall establish a current list of acquisition costs
10 for all prosthetic devices and any other items recognized as
11 medical equipment and supplies reimbursable under this Article
12 and shall update such list on a quarterly basis, except that
13 the acquisition costs of all prescription drugs shall be
14 updated no less frequently than every 30 days as required by
15 Section 5-5.12.

16 Notwithstanding any other law to the contrary, the
17 Illinois Department shall, within 365 days after July 22, 2013
18 (the effective date of Public Act 98-104), establish
19 procedures to permit skilled care facilities licensed under
20 the Nursing Home Care Act to submit monthly billing claims for
21 reimbursement purposes. Following development of these
22 procedures, the Department shall, by July 1, 2016, test the
23 viability of the new system and implement any necessary
24 operational or structural changes to its information
25 technology platforms in order to allow for the direct
26 acceptance and payment of nursing home claims.

1 Notwithstanding any other law to the contrary, the
2 Illinois Department shall, within 365 days after August 15,
3 2014 (the effective date of Public Act 98-963), establish
4 procedures to permit ID/DD facilities licensed under the ID/DD
5 Community Care Act and MC/DD facilities licensed under the
6 MC/DD Act to submit monthly billing claims for reimbursement
7 purposes. Following development of these procedures, the
8 Department shall have an additional 365 days to test the
9 viability of the new system and to ensure that any necessary
10 operational or structural changes to its information
11 technology platforms are implemented.

12 The Illinois Department shall require all dispensers of
13 medical services, other than an individual practitioner or
14 group of practitioners, desiring to participate in the Medical
15 Assistance program established under this Article to disclose
16 all financial, beneficial, ownership, equity, surety or other
17 interests in any and all firms, corporations, partnerships,
18 associations, business enterprises, joint ventures, agencies,
19 institutions or other legal entities providing any form of
20 health care services in this State under this Article.

21 The Illinois Department may require that all dispensers of
22 medical services desiring to participate in the medical
23 assistance program established under this Article disclose,
24 under such terms and conditions as the Illinois Department may
25 by rule establish, all inquiries from clients and attorneys
26 regarding medical bills paid by the Illinois Department, which

1 inquiries could indicate potential existence of claims or
2 liens for the Illinois Department.

3 Enrollment of a vendor shall be subject to a provisional
4 period and shall be conditional for one year. During the
5 period of conditional enrollment, the Department may terminate
6 the vendor's eligibility to participate in, or may disenroll
7 the vendor from, the medical assistance program without cause.
8 Unless otherwise specified, such termination of eligibility or
9 disenrollment is not subject to the Department's hearing
10 process. However, a disenrolled vendor may reapply without
11 penalty.

12 The Department has the discretion to limit the conditional
13 enrollment period for vendors based upon category of risk of
14 the vendor.

15 Prior to enrollment and during the conditional enrollment
16 period in the medical assistance program, all vendors shall be
17 subject to enhanced oversight, screening, and review based on
18 the risk of fraud, waste, and abuse that is posed by the
19 category of risk of the vendor. The Illinois Department shall
20 establish the procedures for oversight, screening, and review,
21 which may include, but need not be limited to: criminal and
22 financial background checks; fingerprinting; license,
23 certification, and authorization verifications; unscheduled or
24 unannounced site visits; database checks; prepayment audit
25 reviews; audits; payment caps; payment suspensions; and other
26 screening as required by federal or State law.

1 The Department shall define or specify the following: (i)
2 by provider notice, the "category of risk of the vendor" for
3 each type of vendor, which shall take into account the level of
4 screening applicable to a particular category of vendor under
5 federal law and regulations; (ii) by rule or provider notice,
6 the maximum length of the conditional enrollment period for
7 each category of risk of the vendor; and (iii) by rule, the
8 hearing rights, if any, afforded to a vendor in each category
9 of risk of the vendor that is terminated or disenrolled during
10 the conditional enrollment period.

11 To be eligible for payment consideration, a vendor's
12 payment claim or bill, either as an initial claim or as a
13 resubmitted claim following prior rejection, must be received
14 by the Illinois Department, or its fiscal intermediary, no
15 later than 180 days after the latest date on the claim on which
16 medical goods or services were provided, with the following
17 exceptions:

18 (1) In the case of a provider whose enrollment is in
19 process by the Illinois Department, the 180-day period
20 shall not begin until the date on the written notice from
21 the Illinois Department that the provider enrollment is
22 complete.

23 (2) In the case of errors attributable to the Illinois
24 Department or any of its claims processing intermediaries
25 which result in an inability to receive, process, or
26 adjudicate a claim, the 180-day period shall not begin

1 until the provider has been notified of the error.

2 (3) In the case of a provider for whom the Illinois
3 Department initiates the monthly billing process.

4 (4) In the case of a provider operated by a unit of
5 local government with a population exceeding 3,000,000
6 when local government funds finance federal participation
7 for claims payments.

8 For claims for services rendered during a period for which
9 a recipient received retroactive eligibility, claims must be
10 filed within 180 days after the Department determines the
11 applicant is eligible. For claims for which the Illinois
12 Department is not the primary payer, claims must be submitted
13 to the Illinois Department within 180 days after the final
14 adjudication by the primary payer.

15 In the case of long term care facilities, within 120
16 calendar days of receipt by the facility of required
17 prescreening information, new admissions with associated
18 admission documents shall be submitted through the Medical
19 Electronic Data Interchange (MEDI) or the Recipient
20 Eligibility Verification (REV) System or shall be submitted
21 directly to the Department of Human Services using required
22 admission forms. Effective September 1, 2014, admission
23 documents, including all prescreening information, must be
24 submitted through MEDI or REV. Confirmation numbers assigned
25 to an accepted transaction shall be retained by a facility to
26 verify timely submittal. Once an admission transaction has

1 been completed, all resubmitted claims following prior
2 rejection are subject to receipt no later than 180 days after
3 the admission transaction has been completed.

4 Claims that are not submitted and received in compliance
5 with the foregoing requirements shall not be eligible for
6 payment under the medical assistance program, and the State
7 shall have no liability for payment of those claims.

8 To the extent consistent with applicable information and
9 privacy, security, and disclosure laws, State and federal
10 agencies and departments shall provide the Illinois Department
11 access to confidential and other information and data
12 necessary to perform eligibility and payment verifications and
13 other Illinois Department functions. This includes, but is not
14 limited to: information pertaining to licensure;
15 certification; earnings; immigration status; citizenship; wage
16 reporting; unearned and earned income; pension income;
17 employment; supplemental security income; social security
18 numbers; National Provider Identifier (NPI) numbers; the
19 National Practitioner Data Bank (NPDB); program and agency
20 exclusions; taxpayer identification numbers; tax delinquency;
21 corporate information; and death records.

22 The Illinois Department shall enter into agreements with
23 State agencies and departments, and is authorized to enter
24 into agreements with federal agencies and departments, under
25 which such agencies and departments shall share data necessary
26 for medical assistance program integrity functions and

1 oversight. The Illinois Department shall develop, in
2 cooperation with other State departments and agencies, and in
3 compliance with applicable federal laws and regulations,
4 appropriate and effective methods to share such data. At a
5 minimum, and to the extent necessary to provide data sharing,
6 the Illinois Department shall enter into agreements with State
7 agencies and departments, and is authorized to enter into
8 agreements with federal agencies and departments, including,
9 but not limited to: the Secretary of State; the Department of
10 Revenue; the Department of Public Health; the Department of
11 Human Services; and the Department of Financial and
12 Professional Regulation.

13 Beginning in fiscal year 2013, the Illinois Department
14 shall set forth a request for information to identify the
15 benefits of a pre-payment, post-adjudication, and post-edit
16 claims system with the goals of streamlining claims processing
17 and provider reimbursement, reducing the number of pending or
18 rejected claims, and helping to ensure a more transparent
19 adjudication process through the utilization of: (i) provider
20 data verification and provider screening technology; and (ii)
21 clinical code editing; and (iii) pre-pay, pre- or
22 post-adjudicated predictive modeling with an integrated case
23 management system with link analysis. Such a request for
24 information shall not be considered as a request for proposal
25 or as an obligation on the part of the Illinois Department to
26 take any action or acquire any products or services.

1 The Illinois Department shall establish policies,
2 procedures, standards and criteria by rule for the
3 acquisition, repair and replacement of orthotic and prosthetic
4 devices and durable medical equipment. Such rules shall
5 provide, but not be limited to, the following services: (1)
6 immediate repair or replacement of such devices by recipients;
7 and (2) rental, lease, purchase or lease-purchase of durable
8 medical equipment in a cost-effective manner, taking into
9 consideration the recipient's medical prognosis, the extent of
10 the recipient's needs, and the requirements and costs for
11 maintaining such equipment. Subject to prior approval, such
12 rules shall enable a recipient to temporarily acquire and use
13 alternative or substitute devices or equipment pending repairs
14 or replacements of any device or equipment previously
15 authorized for such recipient by the Department.
16 Notwithstanding any provision of Section 5-5f to the contrary,
17 the Department may, by rule, exempt certain replacement
18 wheelchair parts from prior approval and, for wheelchairs,
19 wheelchair parts, wheelchair accessories, and related seating
20 and positioning items, determine the wholesale price by
21 methods other than actual acquisition costs.

22 The Department shall require, by rule, all providers of
23 durable medical equipment to be accredited by an accreditation
24 organization approved by the federal Centers for Medicare and
25 Medicaid Services and recognized by the Department in order to
26 bill the Department for providing durable medical equipment to

1 recipients. No later than 15 months after the effective date
2 of the rule adopted pursuant to this paragraph, all providers
3 must meet the accreditation requirement.

4 In order to promote environmental responsibility, meet the
5 needs of recipients and enrollees, and achieve significant
6 cost savings, the Department, or a managed care organization
7 under contract with the Department, may provide recipients or
8 managed care enrollees who have a prescription or Certificate
9 of Medical Necessity access to refurbished durable medical
10 equipment under this Section (excluding prosthetic and
11 orthotic devices as defined in the Orthotics, Prosthetics, and
12 Pedorthics Practice Act and complex rehabilitation technology
13 products and associated services) through the State's
14 assistive technology program's reutilization program, using
15 staff with the Assistive Technology Professional (ATP)
16 Certification if the refurbished durable medical equipment:
17 (i) is available; (ii) is less expensive, including shipping
18 costs, than new durable medical equipment of the same type;
19 (iii) is able to withstand at least 3 years of use; (iv) is
20 cleaned, disinfected, sterilized, and safe in accordance with
21 federal Food and Drug Administration regulations and guidance
22 governing the reprocessing of medical devices in health care
23 settings; and (v) equally meets the needs of the recipient or
24 enrollee. The reutilization program shall confirm that the
25 recipient or enrollee is not already in receipt of the same or
26 similar equipment from another service provider, and that the

1 refurbished durable medical equipment equally meets the needs
2 of the recipient or enrollee. Nothing in this paragraph shall
3 be construed to limit recipient or enrollee choice to obtain
4 new durable medical equipment or place any additional prior
5 authorization conditions on enrollees of managed care
6 organizations.

7 The Department shall execute, relative to the nursing home
8 prescreening project, written inter-agency agreements with the
9 Department of Human Services and the Department on Aging, to
10 effect the following: (i) intake procedures and common
11 eligibility criteria for those persons who are receiving
12 non-institutional services; and (ii) the establishment and
13 development of non-institutional services in areas of the
14 State where they are not currently available or are
15 undeveloped; and (iii) notwithstanding any other provision of
16 law, subject to federal approval, on and after July 1, 2012, an
17 increase in the determination of need (DON) scores from 29 to
18 37 for applicants for institutional and home and
19 community-based long term care; if and only if federal
20 approval is not granted, the Department may, in conjunction
21 with other affected agencies, implement utilization controls
22 or changes in benefit packages to effectuate a similar savings
23 amount for this population; and (iv) no later than July 1,
24 2013, minimum level of care eligibility criteria for
25 institutional and home and community-based long term care; and
26 (v) no later than October 1, 2013, establish procedures to

1 permit long term care providers access to eligibility scores
2 for individuals with an admission date who are seeking or
3 receiving services from the long term care provider. In order
4 to select the minimum level of care eligibility criteria, the
5 Governor shall establish a workgroup that includes affected
6 agency representatives and stakeholders representing the
7 institutional and home and community-based long term care
8 interests. This Section shall not restrict the Department from
9 implementing lower level of care eligibility criteria for
10 community-based services in circumstances where federal
11 approval has been granted.

12 The Illinois Department shall develop and operate, in
13 cooperation with other State Departments and agencies and in
14 compliance with applicable federal laws and regulations,
15 appropriate and effective systems of health care evaluation
16 and programs for monitoring of utilization of health care
17 services and facilities, as it affects persons eligible for
18 medical assistance under this Code.

19 The Illinois Department shall report annually to the
20 General Assembly, no later than the second Friday in April of
21 1979 and each year thereafter, in regard to:

22 (a) actual statistics and trends in utilization of
23 medical services by public aid recipients;

24 (b) actual statistics and trends in the provision of
25 the various medical services by medical vendors;

26 (c) current rate structures and proposed changes in

1 those rate structures for the various medical vendors; and
2 (d) efforts at utilization review and control by the
3 Illinois Department.

4 The period covered by each report shall be the 3 years
5 ending on the June 30 prior to the report. The report shall
6 include suggested legislation for consideration by the General
7 Assembly. The requirement for reporting to the General
8 Assembly shall be satisfied by filing copies of the report as
9 required by Section 3.1 of the General Assembly Organization
10 Act, and filing such additional copies with the State
11 Government Report Distribution Center for the General Assembly
12 as is required under paragraph (t) of Section 7 of the State
13 Library Act.

14 Rulemaking authority to implement Public Act 95-1045, if
15 any, is conditioned on the rules being adopted in accordance
16 with all provisions of the Illinois Administrative Procedure
17 Act and all rules and procedures of the Joint Committee on
18 Administrative Rules; any purported rule not so adopted, for
19 whatever reason, is unauthorized.

20 On and after July 1, 2012, the Department shall reduce any
21 rate of reimbursement for services or other payments or alter
22 any methodologies authorized by this Code to reduce any rate
23 of reimbursement for services or other payments in accordance
24 with Section 5-5e.

25 Because kidney transplantation can be an appropriate,
26 cost-effective alternative to renal dialysis when medically

1 necessary and notwithstanding the provisions of Section 1-11
2 of this Code, beginning October 1, 2014, the Department shall
3 cover kidney transplantation for noncitizens with end-stage
4 renal disease who are not eligible for comprehensive medical
5 benefits, who meet the residency requirements of Section 5-3
6 of this Code, and who would otherwise meet the financial
7 requirements of the appropriate class of eligible persons
8 under Section 5-2 of this Code. To qualify for coverage of
9 kidney transplantation, such person must be receiving
10 emergency renal dialysis services covered by the Department.
11 Providers under this Section shall be prior approved and
12 certified by the Department to perform kidney transplantation
13 and the services under this Section shall be limited to
14 services associated with kidney transplantation.

15 Notwithstanding any other provision of this Code to the
16 contrary, on or after July 1, 2015, all FDA approved forms of
17 medication assisted treatment prescribed for the treatment of
18 alcohol dependence or treatment of opioid dependence shall be
19 covered under both fee for service and managed care medical
20 assistance programs for persons who are otherwise eligible for
21 medical assistance under this Article and shall not be subject
22 to any (1) utilization control, other than those established
23 under the American Society of Addiction Medicine patient
24 placement criteria, (2) prior authorization mandate, or (3)
25 lifetime restriction limit mandate.

26 On or after July 1, 2015, opioid antagonists prescribed

1 for the treatment of an opioid overdose, including the
2 medication product, administration devices, and any pharmacy
3 fees or hospital fees related to the dispensing, distribution,
4 and administration of the opioid antagonist, shall be covered
5 under the medical assistance program for persons who are
6 otherwise eligible for medical assistance under this Article.
7 As used in this Section, "opioid antagonist" means a drug that
8 binds to opioid receptors and blocks or inhibits the effect of
9 opioids acting on those receptors, including, but not limited
10 to, naloxone hydrochloride or any other similarly acting drug
11 approved by the U.S. Food and Drug Administration.

12 Upon federal approval, the Department shall provide
13 coverage and reimbursement for all drugs that are approved for
14 marketing by the federal Food and Drug Administration and that
15 are recommended by the federal Public Health Service or the
16 United States Centers for Disease Control and Prevention for
17 pre-exposure prophylaxis and related pre-exposure prophylaxis
18 services, including, but not limited to, HIV and sexually
19 transmitted infection screening, treatment for sexually
20 transmitted infections, medical monitoring, assorted labs, and
21 counseling to reduce the likelihood of HIV infection among
22 individuals who are not infected with HIV but who are at high
23 risk of HIV infection.

24 A federally qualified health center, as defined in Section
25 1905(1)(2)(B) of the federal Social Security Act, shall be
26 reimbursed by the Department in accordance with the federally

1 qualified health center's encounter rate for services provided
2 to medical assistance recipients that are performed by a
3 dental hygienist, as defined under the Illinois Dental
4 Practice Act, working under the general supervision of a
5 dentist and employed by a federally qualified health center.

6 Within 90 days after October 8, 2021 (the effective date
7 of Public Act 102-665) ~~this amendatory Act of the 102nd~~
8 ~~General Assembly~~, the Department shall seek federal approval
9 of a State Plan amendment to expand coverage for family
10 planning services that includes presumptive eligibility to
11 individuals whose income is at or below 208% of the federal
12 poverty level. Coverage under this Section shall be effective
13 beginning no later than December 1, 2022.

14 Subject to approval by the federal Centers for Medicare
15 and Medicaid Services of a Title XIX State Plan amendment
16 electing the Program of All-Inclusive Care for the Elderly
17 (PACE) as a State Medicaid option, as provided for by Subtitle
18 I (commencing with Section 4801) of Title IV of the Balanced
19 Budget Act of 1997 (Public Law 105-33) and Part 460
20 (commencing with Section 460.2) of Subchapter E of Title 42 of
21 the Code of Federal Regulations, PACE program services shall
22 become a covered benefit of the medical assistance program,
23 subject to criteria established in accordance with all
24 applicable laws.

25 Notwithstanding any other provision of this Code,
26 community-based pediatric palliative care from a trained

1 interdisciplinary team shall be covered under the medical
2 assistance program as provided in Section 15 of the Pediatric
3 Palliative Care Act.
