ARTICLE 5.

Section 5-5. The State Employees Group Insurance Act of 1971 is amended by changing Sections 6.9 and 6.10 as follows:

(5 ILCS 375/6.9)

Sec. 6.9. Health benefits for community college benefit recipients and community college dependent beneficiaries.

(a) Purpose. It is the purpose of this amendatory Act of 1997 to establish a uniform program of health benefits for community college benefit recipients and their dependent beneficiaries under the administration of the Department of Central Management Services.

(b) Creation of program. Beginning July 1, 1999, the
Department of Central Management Services shall be responsible for administering a program of health benefits for community college benefit recipients and community college dependent beneficiaries under this Section. The State Universities Retirement System and the boards of trustees of the various community college districts shall cooperate with the Department in this endeavor.

(c) Eligibility. All community college benefit recipients and community college dependent beneficiaries shall be eligible to participate in the program established under this Section, without any interruption or delay in coverage or limitation as to pre-existing medical conditions. Eligibility to participate shall be determined by the State Universities Retirement System. Eligibility information shall be communicated to the Department of Central Management Services in a format acceptable to the Department.

Eligible community college benefit recipients may enroll or re-enroll in the program of health benefits established under this Section during any applicable annual open enrollment period and as otherwise permitted by the Department of Central Management Services. A community college benefit recipient shall not be deemed ineligible to participate solely by reason of the community college benefit recipient having made a previous election to disenroll or otherwise not participate in the program of health benefits.

(d) Coverage. The health benefit coverage provided under
this Section shall be a program of health, dental, and vision
benefits.

The program of health benefits under this Section may
include any or all of the benefit limitations, including but
not limited to a reduction in benefits based on eligibility
for federal Medicare benefits, that are provided under
subsection (a) of Section 6 of this Act for other health
benefit programs under this Act.

(e) Insurance rates and premiums. The Director shall
determine the insurance rates and premiums for community
college benefit recipients and community college dependent
beneficiaries and shall present to the State Universities
Retirement System, by April 15 of each calendar year, the
rate-setting methodology (including, but not limited to,
utilization levels and costs) used to determine the insurance
rates and premiums. Rates and premiums may be based in part on
age and eligibility for federal Medicare coverage. The
Director shall also determine premiums that will allow for the
establishment of an actuarially sound reserve for this
program.

The cost of health benefits under the program shall be
paid as follows:

(1) For a community college benefit recipient, up to
75% of the total insurance rate shall be paid from the
Community College Health Insurance Security Fund.

(2) The balance of the rate of insurance, including
the entire premium for any coverage for community college dependent beneficiaries that has been elected, shall be paid by deductions authorized by the community college benefit recipient to be withheld from his or her monthly annuity or benefit payment from the State Universities Retirement System; except that (i) if the balance of the cost of coverage exceeds the amount of the monthly annuity or benefit payment, the difference shall be paid directly to the State Universities Retirement System by the community college benefit recipient, and (ii) all or part of the balance of the cost of coverage may, at the option of the board of trustees of the community college district, be paid to the State Universities Retirement System by the board of the community college district from which the community college benefit recipient retired. The State Universities Retirement System shall promptly deposit all moneys withheld by or paid to it under this subdivision (e)(2) into the Community College Health Insurance Security Fund. These moneys shall not be considered assets of the State Universities Retirement System.

(f) Financing. All revenues arising from the administration of the health benefit program established under this Section shall be deposited into the Community College Health Insurance Security Fund, which is hereby created as a nonappropriated trust fund to be held outside the State
Treasury, with the State Treasurer as custodian. Any interest earned on moneys in the Community College Health Insurance Security Fund shall be deposited into the Fund.

Moneys in the Community College Health Insurance Security Fund shall be used only to pay the costs of the health benefit program established under this Section, including associated administrative costs and the establishment of a program reserve. Beginning January 1, 1999, the Department of Central Management Services may make expenditures from the Community College Health Insurance Security Fund for those costs.

(g) Contract for benefits. The Director shall by contract, self-insurance, or otherwise make available the program of health benefits for community college benefit recipients and their community college dependent beneficiaries that is provided for in this Section. The contract or other arrangement for the provision of these health benefits shall be on terms deemed by the Director to be in the best interest of the State of Illinois and the community college benefit recipients based on, but not limited to, such criteria as administrative cost, service capabilities of the carrier or other contractor, and the costs of the benefits.

(h) Continuation of program. It is the intention of the General Assembly that the program of health benefits provided under this Section be maintained on an ongoing, affordable basis. The program of health benefits provided under this Section may be amended by the State and is not intended to be a
pension or retirement benefit subject to protection under Article XIII, Section 5 of the Illinois Constitution.

(i) Other health benefit plans. A health benefit plan provided by a community college district (other than a community college district subject to Article VII of the Public Community College Act) under the terms of a collective bargaining agreement in effect on or prior to the effective date of this amendatory Act of 1997 shall continue in force according to the terms of that agreement, unless otherwise mutually agreed by the parties to that agreement and the affected retiree. A community college benefit recipient or community college dependent beneficiary whose coverage under such a plan expires shall be eligible to begin participating in the program established under this Section without any interruption or delay in coverage or limitation as to pre-existing medical conditions.

This Act does not prohibit any community college district from offering additional health benefits for its retirees or their dependents or survivors.

(j) Committee. A Community College Insurance Program Committee shall be established and shall consist of the following 7 members who are appointed by the Governor: 2 members who represent organized labor and are each members of different unions; one member who represents community college retirees; one member who represents community college trustees; one member who represents community college
presidents; one member who represents the Illinois Community College Board; and one ex officio member who represents the State Universities Retirement System. The Department of Central Management Services shall provide administrative support to the Committee. The Committee shall convene at least 4 times each year and shall review and make recommendations on program contribution rates once the program is forecasted to have satisfied the outstanding program debt existing on June 30, 2023 and is operating on a no-hold payment cycle.

(a) Beginning January 1, 1999 and through June 30, 2023, every active contributor of the State Universities Retirement System (established under Article 15 of the Illinois Pension Code) who (1) is a full-time employee of a community college district (other than a community college district subject to Article VII of the Public Community College Act) or an association of community college boards and (2) is not an employee as defined in Section 3 of this Act shall make contributions toward the cost of community college annuitant and survivor health benefits at the rate of 0.50% of salary. Beginning July 1, 2023 and through June 30, 2024, the contribution rate shall be 0.75% of salary. Beginning July 1,
2024 and through June 30, 2026, the contribution rate shall be a percentage of salary to be determined by the Department of Central Management Services, which in each fiscal year shall not exceed a 0.1 percentage point increase in the amount of salary actually required to be contributed for the previous fiscal year. Beginning July 1, 2026, the contribution rate shall be a percentage of salary to be determined by the Department of Central Management Services, which in each fiscal year shall not exceed 105% of the percentage of salary actually required to be contributed for the previous fiscal year.

These contributions shall be deducted by the employer and paid to the State Universities Retirement System as service agent for the Department of Central Management Services. The System may use the same processes for collecting the contributions required by this subsection that it uses to collect the contributions received from those employees under Section 15-157 of the Illinois Pension Code. An employer may agree to pick up or pay the contributions required under this subsection on behalf of the employee; such contributions shall be deemed to have been paid by the employee.

The State Universities Retirement System shall promptly deposit all moneys collected under this subsection (a) into the Community College Health Insurance Security Fund created in Section 6.9 of this Act. The moneys collected under this Section shall be used only for the purposes authorized in
Section 6.9 of this Act and shall not be considered to be assets of the State Universities Retirement System. Contributions made under this Section are not transferable to other pension funds or retirement systems and are not refundable upon termination of service.

(b) Beginning January 1, 1999 and through June 30, 2023, every community college district (other than a community college district subject to Article VII of the Public Community College Act) or association of community college boards that is an employer under the State Universities Retirement System shall contribute toward the cost of the community college health benefits provided under Section 6.9 of this Act an amount equal to 0.50% of the salary paid to its full-time employees who participate in the State Universities Retirement System and are not members as defined in Section 3 of this Act. Beginning July 1, 2023 and through June 30, 2024, the contribution rate shall be 0.75% of the salary. Beginning July 1, 2024 and through June 30, 2026, the contribution rate shall be a percentage of salary to be determined by the Department of Central Management Services, which in each fiscal year shall not exceed a 0.1 percentage point increase in the amount of salary actually required to be contributed for the previous fiscal year. Beginning July 1, 2026, the contribution rate shall be a percentage of salary to be determined by the Department of Central Management Services, which in each fiscal year shall not exceed 105% of the
percentage of salary actually required to be contributed for
the previous fiscal year.

These contributions shall be paid by the employer to the
State Universities Retirement System as service agent for the
Department of Central Management Services. The System may use
the same processes for collecting the contributions required
by this subsection that it uses to collect the contributions
received from those employers under Section 15-155 of the
Illinois Pension Code.

The State Universities Retirement System shall promptly
deposit all moneys collected under this subsection (b) into
the Community College Health Insurance Security Fund created
in Section 6.9 of this Act. The moneys collected under this
Section shall be used only for the purposes authorized in
Section 6.9 of this Act and shall not be considered to be
assets of the State Universities Retirement System.
Contributions made under this Section are not transferable to
other pension funds or retirement systems and are not
refundable upon termination of service.

The Department of Central Management Services, or any
successor agency designated to procure healthcare contracts
pursuant to this Act, is authorized to establish funds,
separate accounts provided by any bank or banks as defined by
the Illinois Banking Act, or separate accounts provided by any
savings and loan association or associations as defined by the
Illinois Savings and Loan Act of 1985 to be held by the
Director, outside the State treasury, for the purpose of receiving the transfer of moneys from the Community College Health Insurance Security Fund. The Department may promulgate rules further defining the methodology for the transfers. Any interest earned by moneys in the funds or accounts shall inure to the Community College Health Insurance Security Fund. The transferred moneys, and interest accrued thereon, shall be used exclusively for transfers to administrative service organizations or their financial institutions for payments of claims to claimants and providers under the self-insurance health plan. The transferred moneys, and interest accrued thereon, shall not be used for any other purpose including, but not limited to, reimbursement of administration fees due the administrative service organization pursuant to its contract or contracts with the Department.

(c) On or before November 15 of each year, the Board of Trustees of the State Universities Retirement System shall certify to the Governor, the Director of Central Management Services, and the State Comptroller its estimate of the total amount of contributions to be paid under subsection (a) of this Section for the next fiscal year. Beginning in fiscal year 2008, the amount certified shall be decreased or increased each year by the amount that the actual active employee contributions either fell short of or exceeded the estimate used by the Board in making the certification for the previous fiscal year. The State Universities Retirement System
shall calculate the amount of actual active employee contributions in fiscal years 1999 through 2005. Based upon this calculation, the fiscal year 2008 certification shall include an amount equal to the cumulative amount that the actual active employee contributions either fell short of or exceeded the estimate used by the Board in making the certification for those fiscal years. The certification shall include a detailed explanation of the methods and information that the Board relied upon in preparing its estimate. As soon as possible after the effective date of this Section, the Board shall submit its estimate for fiscal year 1999.

On or after the effective date of the changes made to this Section by this amendatory Act of the 103rd General Assembly, but no later than June 30, 2023, the Board shall recalculate and recertify to the Governor, the Director of Central Management Services, and the State Comptroller its estimate of the total amount of contributions to be paid under subsection (a) for State fiscal year 2024, taking into account the changes in required employee contributions made by this amendatory Act of the 103rd General Assembly.

(d) Beginning in fiscal year 1999, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and the State Comptroller shall transfer from the General Revenue Fund to the Community College Health Insurance Security Fund 1/12 of the annual amount appropriated for that fiscal year to the State Comptroller for deposit into the
Community College Health Insurance Security Fund under Section 1.4 of the State Pension Funds Continuing Appropriation Act.

alcohol or other drugs.

(6) Promulgate regulations to identify and disseminate
best practice guidelines that can be utilized by publicly

Section 5-33. The Disabilities Services Act of 2003 is amended by changing Sections 51, 52, and 53 as follows:

(20 ILCS 2407/51)

Sec. 51. Legislative intent. It is the intent of the General Assembly to promote the civil rights of persons with disabilities by providing community-based service for persons with disabilities when such services are determined appropriate and desired, as required by Title II of the Americans with Disabilities Act under the United States Supreme Court's decision in Olmstead v. L.C., 527 U.S. 581 (1999). In accordance with Section 6071 of the Deficit Reduction Act of 2005 (P.L. 109-171), as amended by the federal Consolidated Appropriations Act, 2021 (P.L. 116-260), the purpose of this Act is (i) to identify and reduce barriers or mechanisms, whether in State law, the State Medicaid Plan, the State budget, or otherwise, that prevent or restrict the flexible use of public funds to enable individuals with disabilities to receive support for appropriate and necessary long-term care services in settings of their choice; (ii) to
increase the use of home and community-based long-term care services, rather than institutions or long-term care facilities; (iii) to increase the ability of the State Medicaid program to assure continued provision of home and community-based long-term care services to eligible individuals who choose to transition from an institution or a long-term care facility to a community setting; and (iv) to ensure that procedures are in place that are at least comparable to those required under the qualified home and community-based program to provide quality assurance for eligible individuals receiving Medicaid home and community-based long-term care services and to provide for continuous quality improvement in such services. Utilizing the framework created by the "Money Follows the Person" demonstration project, approval received by the State on May 14, 2007, and any subsequently enacted "Money Follows the Person" demonstration project or initiative terms and conditions, the purpose of this Act is to codify and reinforce the State's commitment to promote individual choice and control and increase utilization of home and community-based services through:

(a) Increased ability of the State Medicaid program to ensure continued provision of home and community-based long-term care services to eligible individuals who choose to transition from an institution to a community setting.

(b) Assessment and removal of barriers to community
reintegration, including development of a comprehensive housing strategy.

(c) Expand availability of consumer self-directed service options.

(d) Increased use of home and community-based long-term care services, rather than institutions or long-term care facilities, such that the percentage of the State long-term care budget expended for community-based services increases from its current 28.5% to at least 37% in the next 5 years.

(e) Creation and implementation of interagency agreements or budgetary mechanisms to allow for the flexible movement of allocated dollars from institutional budget appropriations to appropriations supporting home and community-based services or Medicaid State Plan options.

(f) Creation of an equitable, clinically sound and cost-effective system for identification and review of community transition candidates across all long-term care systems; including improvement of prescreening, assessment for rapid reintegration and targeted review of longer stay residents, training and outreach education for providers and consumers on community alternatives across all long-term care systems.

(g) Development and implementation of data and information systems to track individuals across service
systems and funding streams; support responsive eligibility determination; facilitate placement and care decisions; identify individuals with potential for transition; and drive planning for the development of community-based alternatives.

(h) Establishment of procedures that are at least comparable to those required under the qualified home and community-based program to provide quality assurance for eligible individuals receiving Medicaid home and community-based long-term care services and to provide for continuous quality improvement in such services.

(i) Nothing in this amendatory Act of the 95th General Assembly shall diminish or restrict the choice of an individual to reside in an institution or the quality of care they receive.

the individual's authorized representative would be
responsible for directing; (ii) identifies the methods by
which the individual or the individual's authorized
representative or an agency designated by an individual or

Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall
notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Governor's Office of Management and Budget (formerly Bureau of the Budget) of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.
Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

Sec. 6z-32. Partners for Planning and Conservation.

(a) The Partners for Conservation Fund (formerly known as the Conservation 2000 Fund) and the Partners for Conservation Projects Fund (formerly known as the Conservation 2000 Projects Fund) are created as special funds in the State Treasury. These funds shall be used to establish a comprehensive program to protect Illinois' natural resources through cooperative partnerships between State government and
public and private landowners. Moneys in these Funds may be used, subject to appropriation, by the Department of Natural Resources, Environmental Protection Agency, and the Department of Agriculture for purposes relating to natural resource protection, planning, recreation, tourism, climate resilience, and compatible agricultural and economic development activities. Without limiting these general purposes, moneys in these Funds may be used, subject to appropriation, for the following specific purposes:

(1) To foster sustainable agriculture practices and control soil erosion, sedimentation, and nutrient loss from farmland, including grants to Soil and Water Conservation Districts for conservation practice cost-share grants and for personnel, educational, and administrative expenses.

(2) To establish and protect a system of ecosystems in public and private ownership through conservation easements, incentives to public and private landowners, natural resource restoration and preservation, water quality protection and improvement, land use and watershed planning, technical assistance and grants, and land acquisition provided these mechanisms are all voluntary on the part of the landowner and do not involve the use of eminent domain.

(3) To develop a systematic and long-term program to effectively measure and monitor natural resources and
ecological conditions through investments in technology and involvement of scientific experts.

(4) To initiate strategies to enhance, use, and maintain Illinois' inland lakes through education, technical assistance, research, and financial incentives.

(5) To partner with private landowners and with units of State, federal, and local government and with not-for-profit organizations in order to integrate State and federal programs with Illinois' natural resource protection and restoration efforts and to meet requirements to obtain federal and other funds for conservation or protection of natural resources.

(6) To implement the State's Nutrient Loss Reduction Strategy, including, but not limited to, funding the resources needed to support the Strategy's Policy Working Group, cover water quality monitoring in support of Strategy implementation, prepare a biennial report on the progress made on the Strategy every 2 years, and provide cost share funding for nutrient capture projects.

(7) To provide capacity grants to support soil and water conservation districts, including, but not limited to, developing soil health plans, conducting soil health assessments, peer-to-peer training, convening producer-led dialogues, professional development and travel stipends for meetings and educational events.

(b) The State Comptroller and State Treasurer shall
automatically transfer on the last day of each month, beginning on September 30, 1995 and ending on June 30, 2024, from the General Revenue Fund to the Partners for Conservation Fund, an amount equal to 1/10 of the amount set forth below in fiscal year 1996 and an amount equal to 1/12 of the amount set forth below in each of the other specified fiscal years:

Sec. 6z-43. Tobacco Settlement Recovery Fund.

(a) There is created in the State Treasury a special fund to be known as the Tobacco Settlement Recovery Fund, which shall contain 3 accounts: (i) the General Account, (ii) the Tobacco Settlement Bond Proceeds Account and (iii) the Tobacco Settlement Residual Account. There shall be deposited into the several accounts of the Tobacco Settlement Recovery Fund and the Attorney General Tobacco Fund all monies paid to the State pursuant to (1) the Master Settlement Agreement entered in the
case of People of the State of Illinois v. Philip Morris, et al. (Circuit Court of Cook County, No. 96-L13146) and (2) any settlement with or judgment against any tobacco product manufacturer other than one participating in the Master Settlement Agreement in satisfaction of any released claim as defined in the Master Settlement Agreement, as well as any other monies as provided by law. Moneys shall be deposited into the Tobacco Settlement Bond Proceeds Account and the Tobacco Settlement Residual Account as provided by the terms of the Railsplitter Tobacco Settlement Authority Act, provided that an annual amount not less than $2,500,000, subject to appropriation, shall be deposited into the Attorney General Tobacco Fund for use only by the Attorney General's office. All other moneys available to be deposited into the Tobacco Settlement Recovery Fund shall be deposited into the General Account. An investment made from moneys credited to a specific account constitutes part of that account and such account shall be credited with all income from the investment of such moneys. The Treasurer may invest the moneys in the several accounts of the Fund in the same manner, in the same types of investments, and subject to the same limitations provided in the Illinois Pension Code for the investment of pension funds other than those
established under Article 3 or 4 of the Code. Notwithstanding the foregoing, to the extent necessary to preserve the tax-exempt status of any bonds issued pursuant to the Railsplitter Tobacco Settlement Authority Act, the interest on which is intended to be excludable from the gross income of the owners for federal income tax purposes, moneys on deposit in the Tobacco Settlement Bond Proceeds Account and the Tobacco Settlement Residual Account may be invested in obligations the interest upon which is tax-exempt under the provisions of Section 103 of the Internal Revenue Code of 1986, as now or hereafter amended, or any successor code or provision.

(b) Moneys on deposit in the Tobacco Settlement Bond Proceeds Account and the Tobacco Settlement Residual Account may be expended, subject to appropriation, for the purposes authorized in subsection (g) of Section 3-6 of the Railsplitter Tobacco Settlement Authority Act.

The Treasurer
may invest the moneys in the Budget Stabilization Fund in the
same manner, in the same types of investments, and subject to
the same limitations provided in the Illinois Pension Code for
the investment of pension funds other than those established
under Article 3 or 4 of the Code.

pursuant to expenditures from the Fund shall be deposited into
the General Account.

Appropriations shall be made from the Road Fund only in accordance with the provisions of this Section.
Money in the Road Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of permanent highways, be set aside and used for the purpose of paying and discharging during each fiscal year the principal and interest on that bonded indebtedness as it becomes due and payable as provided in the Transportation Bond Act, and for no other purpose. The surplus, if any, in the Road Fund after the payment of principal and interest on that bonded indebtedness then annually due shall be used as follows:

for the purposes of a grant not to exceed $9,108,400 to the
Regional Transportation Authority on behalf of PACE for
the purpose of ADA/Para-transit expenses, and the costs
for patrolling and policing the public highways (by the
State, political subdivision, or municipality collecting
that money) for enforcement of traffic laws. The
separation of grades of such highways with railroads and
costs associated with protection of at-grade highway and
railroad crossing shall also be permissible.

Appropriations for any of such purposes are payable from
the Road Fund or the Grade Crossing Protection Fund as
provided in Section 8 of the Motor Fuel Tax Law.

Except as provided in this paragraph, beginning with

It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods unless otherwise provided in Section 5g of this Act.

In fiscal year 1994, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1991 Road Fund appropriations to the Secretary of State for those purposes, plus $9,800,000. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other method.

Beginning with fiscal year 1995 and thereafter, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1994 Road Fund appropriations to the Secretary of State
for those purposes. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods.

No new program may be initiated in fiscal year 1991 and thereafter that is not consistent with the limitations imposed by this Section for fiscal year 1984 and thereafter, insofar as appropriation of Road Fund monies is concerned.

Nothing in this Section prohibits transfers from the Road Fund to the State Construction Account Fund under Section 5e of this Act; nor to the General Revenue Fund, as authorized by Public Act 93-25.

The additional amounts authorized for expenditure in this Section by Public Acts 92-0600, 93-0025, 93-0839, and 94-91 shall be repaid to the Road Fund from the General Revenue Fund in the next succeeding fiscal year that the General Revenue Fund has a positive budgetary balance, as determined by generally accepted accounting principles applicable to government.

(a) The moneys in the State Pensions Fund shall be used exclusively for the administration of the Revised Uniform Unclaimed Property Act and for the expenses incurred by the Auditor General for administering the provisions of Section 2-8.1 of the Illinois State Auditing Act and for operational expenses of the Office of the State Treasurer and for the funding of the unfunded liabilities of the designated retirement systems. For the purposes of this Section, "operational expenses of the Office of the State Treasurer" includes the acquisition of land and buildings in State fiscal years 2019 and 2020 for use by the Office of the State Treasurer, as well as construction, reconstruction, improvement, repair, and maintenance, in accordance with the provisions of laws relating thereto, of such lands and buildings beginning in State fiscal year 2019 and thereafter. Beginning in State fiscal year 2024, payments to the designated retirement systems under this Section shall be in addition to, and not in lieu of, any State contributions required under the Illinois Pension Code.

"Designated retirement systems" means:

(1) the State Employees' Retirement System of Illinois;

(2) the Teachers' Retirement System of the State of
Illinois;

(3) the State Universities Retirement System;

(4) the Judges Retirement System of Illinois; and

(5) the General Assembly Retirement System.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Revised Uniform Unclaimed Property Act.

(c) (Blank). As soon as possible after July 30, 2004 (the effective date of Public Act 93-839), the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year, (2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those designated retirement systems. If the amount in the State Pensions Fund does not exceed the sum of the amounts certified in Sections 15-165, 18-140, and 2-134 by at least $5,000,000, the amount paid to each designated retirement system under this subsection shall be reduced in proportion to the amount certified by each of those designated retirement systems.

(c-5) For fiscal years 2006 through 2024, the General Assembly shall appropriate from the State Pensions Fund to the State Universities Retirement System the amount estimated to
be available during the fiscal year in the State Pensions Fund; provided, however, that the amounts appropriated under this subsection (c-5) shall not reduce the amount in the State Pensions Fund below $5,000,000.

(c-6) For fiscal year 2025 2024 and each fiscal year thereafter, as soon as may be practical after any money is deposited into the State Pensions Fund from the Unclaimed Property Trust Fund, the State Treasurer shall apportion the deposited amount among the designated retirement systems as defined in subsection (a) to reduce their actuarial reserve deficiencies. The State Comptroller and State Treasurer shall pay the apportioned amounts to the designated retirement systems to fund the unfunded liabilities of the designated retirement systems. The amount apportioned to each designated retirement system shall constitute a portion of the amount estimated to be available for appropriation from the State Pensions Fund that is the same as that retirement system's portion of the total actual reserve deficiency of the systems, as determined annually by the Governor's Office of Management and Budget at the request of the State Treasurer. The amounts apportioned under this subsection shall not reduce the amount in the State Pensions Fund below $5,000,000.

(d) The Governor's Office of Management and Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall utilize the
latest available audit and actuarial reports of each of the
retirement systems and the relevant reports and statistics of
the Public Employee Pension Fund Division of the Department of
Insurance.

(d-1) (Blank).

(e) The changes to this Section made by Public Act 88-593
shall first apply to distributions from the Fund for State
fiscal year 1996.

Sec. 13.2. Transfers among line item appropriations.

(a) Transfers among line item appropriations from the same treasury fund for the objects specified in this Section may be made in the manner provided in this Section when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made.

The total amounts transferred shall not exceed 4% in total of the amounts appropriated from the General Revenue Fund or any other State fund that receives monies for long-term care services for each fiscal year. A notice of the fund transfer must be made to the
General Assembly and posted at a minimum on the Department of Healthcare and Family Services website, the Governor's Office of Management and Budget website, and any other website the Governor sees fit. Sec. 25. Fiscal year limitations.
(a) All appropriations shall be available for expenditure
for the fiscal year or for a lesser period if the Act making
that appropriation so specifies. A deficiency or emergency
appropriation shall be available for expenditure only through
June 30 of the year when the Act making that appropriation is
enacted unless that Act otherwise provides.
(b) Outstanding liabilities as of June 30, payable from
appropriations which have otherwise expired, may be paid out of the expiring appropriations during the 2-month period ending at the close of business on August 31. Any service involving professional or artistic skills or any personal services by an employee whose compensation is subject to income tax withholding must be performed as of June 30 of the fiscal year in order to be considered an "outstanding liability as of June 30" that is thereby eligible for payment out of the expiring appropriation.

(b-1) However, payment of tuition reimbursement claims under Section 14-7.03 or 18-3 of the School Code may be made by the State Board of Education from its appropriations for those respective purposes for any fiscal year, even though the claims reimbursed by the payment may be claims attributable to a prior fiscal year, and payments may be made at the direction of the State Superintendent of Education from the fund from which the appropriation is made without regard to any fiscal year limitations, except as required by subsection (j) of this Section. Beginning on June 30, 2021, payment of tuition reimbursement claims under Section 14-7.03 or 18-3 of the School Code as of June 30, payable from appropriations that have otherwise expired, may be paid out of the expiring appropriation during the 4-month period ending at the close of business on October 31.

(b-2) (Blank).

(b-2.5) (Blank).
(b-2.6d) All outstanding liabilities as of June 30, 2020, payable from appropriations that would otherwise expire at the conclusion of the lapse period for fiscal year 2020, and interest penalties payable on those liabilities under the State Prompt Payment Act, may be paid out of the expiring appropriations until December 31, 2020, without regard to the fiscal year in which the payment is made, as long as vouchers for the liabilities are received by the Comptroller no later than September 30, 2020.

(b-2.6e) All outstanding liabilities as of June 30, 2021, payable from appropriations that would otherwise expire at the conclusion of the lapse period for fiscal year 2021, and interest penalties payable on those liabilities under the State Prompt Payment Act, may be paid out of the expiring appropriations until September 30, 2021, without regard to the fiscal year in which the payment is made.

(b-2.7) For fiscal years 2012, 2013, 2014, 2018, and each fiscal year thereafter 2019, 2020, 2021, 2022, and 2023, interest penalties payable under the State Prompt Payment Act associated with a voucher for which payment is issued after June 30 may be paid out of the next fiscal year's appropriation. The future year appropriation must be for the
same purpose and from the same fund as the original payment. An interest penalty voucher submitted against a future year appropriation must be submitted within 60 days after the issuance of the associated voucher, except that, for fiscal year 2018 only, an interest penalty voucher submitted against a future year appropriation must be submitted within 60 days of June 5, 2019 (the effective date of Public Act 101-10). The Comptroller must issue the interest payment within 60 days after acceptance of the interest voucher.

(b-3) Medical payments may be made by the Department of Veterans' Affairs from its appropriations for those purposes for any fiscal year, without regard to the fact that the medical services being compensated for by such payment may have been rendered in a prior fiscal year, except as required by subsection (j) of this Section. Beginning on June 30, 2021, medical payments payable from appropriations that have otherwise expired may be paid out of the expiring appropriation during the 4-month period ending at the close of business on October 31.

(b-4) Medical payments and child care payments may be made by the Department of Human Services (as successor to the Department of Public Aid) from appropriations for those purposes for any fiscal year, without regard to the fact that the medical or child care services being compensated for by such payment may have been rendered in a prior fiscal year; and payments may be made at the direction of the Department of
Healthcare and Family Services (or successor agency) from the Health Insurance Reserve Fund without regard to any fiscal year limitations, except as required by subsection (j) of this Section. Beginning on June 30, 2021, medical and child care payments made by the Department of Human Services and payments made at the discretion of the Department of Healthcare and Family Services (or successor agency) from the Health Insurance Reserve Fund and payable from appropriations that have otherwise expired may be paid out of the expiring appropriation during the 4-month period ending at the close of business on October 31.

(b-5) Medical payments may be made by the Department of Human Services from its appropriations relating to substance abuse treatment services for any fiscal year, without regard to the fact that the medical services being compensated for by such payment may have been rendered in a prior fiscal year, provided the payments are made on a fee-for-service basis consistent with requirements established for Medicaid reimbursement by the Department of Healthcare and Family Services, except as required by subsection (j) of this Section. Beginning on June 30, 2021, medical payments made by the Department of Human Services relating to substance abuse treatment services payable from appropriations that have otherwise expired may be paid out of the expiring appropriation during the 4-month period ending at the close of business on October 31.
(b-7) Payments may be made in accordance with a plan authorized by paragraph (11) or (12) of Section 405-105 of the Department of Central Management Services Law from appropriations for those payments without regard to fiscal year limitations.

(b-8) Reimbursements to eligible airport sponsors for the construction or upgrading of Automated Weather Observation Systems may be made by the Department of Transportation from appropriations for those purposes for any fiscal year, without regard to the fact that the qualification or obligation may have occurred in a prior fiscal year, provided that at the time the expenditure was made the project had been approved by the Department of Transportation prior to June 1, 2012 and, as a result of recent changes in federal funding formulas, can no longer receive federal reimbursement.

(b-9) (Blank).

(c) Further, payments may be made by the Department of Public Health and the Department of Human Services (acting as successor to the Department of Public Health under the Department of Human Services Act) from their respective appropriations for grants for medical care to or on behalf of premature and high-mortality risk infants and their mothers and for grants for supplemental food supplies provided under the United States Department of Agriculture Women, Infants and Children Nutrition Program, for any fiscal year without regard
to the fact that the services being compensated for by such payment may have been rendered in a prior fiscal year, except as required by subsection (j) of this Section. Beginning on June 30, 2021, payments made by the Department of Public Health and the Department of Human Services from their respective appropriations for grants for medical care to or on behalf of premature and high-mortality risk infants and their mothers and for grants for supplemental food supplies provided under the United States Department of Agriculture Women, Infants and Children Nutrition Program payable from appropriations that have otherwise expired may be paid out of the expiring appropriations during the 4-month period ending at the close of business on October 31.

(d) The Department of Public Health and the Department of Human Services (acting as successor to the Department of Public Health under the Department of Human Services Act) shall each annually submit to the State Comptroller, Senate President, Senate Minority Leader, Speaker of the House, House Minority Leader, and the respective Chairmen and Minority Spokesmen of the Appropriations Committees of the Senate and the House, on or before December 31, a report of fiscal year funds used to pay for services provided in any prior fiscal year. This report shall document by program or service category those expenditures from the most recently completed fiscal year used to pay for services provided in prior fiscal years.
(e) The Department of Healthcare and Family Services, the Department of Human Services (acting as successor to the Department of Public Aid), and the Department of Human Services making fee-for-service payments relating to substance abuse treatment services provided during a previous fiscal year shall each annually submit to the State Comptroller, Senate President, Senate Minority Leader, Speaker of the House, House Minority Leader, the respective Chairmen and Minority Spokesmen of the Appropriations Committees of the Senate and the House, on or before November 30, a report that shall document by program or service category those expenditures from the most recently completed fiscal year used to pay for (i) services provided in prior fiscal years and (ii) services for which claims were received in prior fiscal years.

(f) The Department of Human Services (as successor to the Department of Public Aid) shall annually submit to the State Comptroller, Senate President, Senate Minority Leader, Speaker of the House, House Minority Leader, and the respective Chairmen and Minority Spokesmen of the Appropriations Committees of the Senate and the House, on or before December 31, a report of fiscal year funds used to pay for services (other than medical care) provided in any prior fiscal year. This report shall document by program or service category those expenditures from the most recently completed fiscal year used to pay for services provided in prior fiscal years.

(g) In addition, each annual report required to be
submitted by the Department of Healthcare and Family Services under subsection (e) shall include the following information with respect to the State's Medicaid program:

(1) Explanations of the exact causes of the variance between the previous year's estimated and actual liabilities.

(2) Factors affecting the Department of Healthcare and Family Services' liabilities, including, but not limited to, numbers of aid recipients, levels of medical service utilization by aid recipients, and inflation in the cost of medical services.

(3) The results of the Department's efforts to combat fraud and abuse.

(h) As provided in Section 4 of the General Assembly Compensation Act, any utility bill for service provided to a General Assembly member's district office for a period including portions of 2 consecutive fiscal years may be paid from funds appropriated for such expenditure in either fiscal year.

(i) An agency which administers a fund classified by the Comptroller as an internal service fund may issue rules for:

(1) billing user agencies in advance for payments or authorized inter-fund transfers based on estimated charges for goods or services;

(2) issuing credits, refunding through inter-fund transfers, or reducing future inter-fund transfers during
the subsequent fiscal year for all user agency payments or
authorized inter-fund transfers received during the prior
fiscal year which were in excess of the final amounts owed
by the user agency for that period; and
(3) issuing catch-up billings to user agencies during
the subsequent fiscal year for amounts remaining due when
payments or authorized inter-fund transfers received from
the user agency during the prior fiscal year were less
than the total amount owed for that period.

User agencies are authorized to reimburse internal service
funds for catch-up billings by vouchers drawn against their
respective appropriations for the fiscal year in which the
catch-up billing was issued or by increasing an authorized
inter-fund transfer during the current fiscal year. For the
purposes of this Act, "inter-fund transfers" means transfers
without the use of the voucher-warrant process, as authorized
by Section 9.01 of the State Comptroller Act.

(i-1) Beginning on July 1, 2021, all outstanding
liabilities, not payable during the 4-month lapse period as
described in subsections (b-1), (b-3), (b-4), (b-5), and (c)
of this Section, that are made from appropriations for that
purpose for any fiscal year, without regard to the fact that
the services being compensated for by those payments may have
been rendered in a prior fiscal year, are limited to only those
claims that have been incurred but for which a proper bill or
invoice as defined by the State Prompt Payment Act has not been
received by September 30th following the end of the fiscal year in which the service was rendered.

(j) Notwithstanding any other provision of this Act, the aggregate amount of payments to be made without regard for fiscal year limitations as contained in subsections (b-1), (b-3), (b-4), (b-5), and (c) of this Section, and determined by using Generally Accepted Accounting Principles, shall not exceed the following amounts:

8. $1,300,000,000 for outstanding liabilities related to fiscal year 2019;
9. $600,000,000 for outstanding liabilities related to fiscal year 2020; and
(10) $0 for outstanding liabilities related to fiscal year 2021 and fiscal years thereafter.

Section 5-55. The State Revenue Sharing Act is amended by changing Section 12 as follows:

(30 ILCS 115/12) (from Ch. 85, par. 616)

Sec. 12. Personal Property Tax Replacement Fund. There is hereby created the Personal Property Tax Replacement Fund, a special fund in the State Treasury into which shall be paid all revenue realized:

(a) all amounts realized from the additional personal property tax replacement income tax imposed by subsections (c) and (d) of Section 201 of the Illinois Income Tax Act, except for those amounts deposited into the Income Tax Refund Fund pursuant to subsection (c) of Section 901 of the Illinois Income Tax Act; and

(b) all amounts realized from the additional personal property replacement invested capital taxes imposed by Section 2a.1 of the Messages Tax Act, Section 2a.1 of the Gas Revenue Tax Act, Section 2a.1 of the Public Utilities Revenue Act, and Section 3 of the Water Company Invested Capital Tax Act, and amounts payable to the Department of Revenue under the Telecommunications Infrastructure Maintenance Fee Act.

As soon as may be after the end of each month, the Department of Revenue shall certify to the Treasurer and the Comptroller the amount of all refunds paid out of the General Revenue Fund through the preceding month on account of
overpayment of liability on taxes paid into the Personal Property Tax Replacement Fund. Upon receipt of such certification, the Treasurer and the Comptroller shall transfer the amount so certified from the Personal Property Tax Replacement Fund into the General Revenue Fund.

The payments of revenue into the Personal Property Tax Replacement Fund shall be used exclusively for distribution to taxing districts, regional offices and officials, and local officials as provided in this Section and in the School Code, payment of the ordinary and contingent expenses of the Property Tax Appeal Board, payment of the expenses of the Department of Revenue incurred in administering the collection and distribution of monies paid into the Personal Property Tax Replacement Fund and transfers due to refunds to taxpayers for overpayment of liability for taxes paid into the Personal Property Tax Replacement Fund.

In addition, moneys in the Personal Property Tax Replacement Fund may be used to pay any of the following: (i) salary, stipends, and additional compensation as provided by law for chief election clerks, county clerks, and county recorders; (ii) costs associated with regional offices of education and educational service centers; (iii) reimbursements payable by the State Board of Elections under Section 4-25, 5-35, 6-71, 13-10, 13-10a, or 13-11 of the Election Code; (iv) expenses of the Illinois Educational Labor Relations Board; and (v) salary, personal services, and
additional compensation as provided by law for court reporters under the Court Reporters Act.

As soon as may be after June 26, 1980 (the effective date of Public Act 81-1255), the Department of Revenue shall certify to the Treasurer the amount of net replacement revenue paid into the General Revenue Fund prior to that effective date from the additional tax imposed by Section 2a.1 of the Messages Tax Act; Section 2a.1 of the Gas Revenue Tax Act; Section 2a.1 of the Public Utilities Revenue Act; Section 3 of the Water Company Invested Capital Tax Act; amounts collected by the Department of Revenue under the Telecommunications Infrastructure Maintenance Fee Act; and the additional personal property tax replacement income tax imposed by the Illinois Income Tax Act, as amended by Public Act 81-1st Special Session-1. Net replacement revenue shall be defined as the total amount paid into and remaining in the General Revenue Fund as a result of those Acts minus the amount outstanding and obligated from the General Revenue Fund in state vouchers or warrants prior to June 26, 1980 (the effective date of Public Act 81-1255) as refunds to taxpayers for overpayment of liability under those Acts.

All interest earned by monies accumulated in the Personal Property Tax Replacement Fund shall be deposited in such Fund. All amounts allocated pursuant to this Section are appropriated on a continuing basis.

Prior to December 31, 1980, as soon as may be after the end
of each quarter beginning with the quarter ending December 31, 1979, and on and after December 31, 1980, as soon as may be after January 1, March 1, April 1, May 1, July 1, August 1, October 1 and December 1 of each year, the Department of Revenue shall allocate to each taxing district as defined in Section 1-150 of the Property Tax Code, in accordance with the provisions of paragraph (2) of this Section the portion of the funds held in the Personal Property Tax Replacement Fund which is required to be distributed, as provided in paragraph (1), for each quarter. Provided, however, under no circumstances shall any taxing district during each of the first two years of distribution of the taxes imposed by Public Act 81-1st Special Session-1 be entitled to an annual allocation which is less than the funds such taxing district collected from the 1978 personal property tax. Provided further that under no circumstances shall any taxing district during the third year of distribution of the taxes imposed by Public Act 81-1st Special Session-1 receive less than 60% of the funds such taxing district collected from the 1978 personal property tax. In the event that the total of the allocations made as above provided for all taxing districts, during either of such 3 years, exceeds the amount available for distribution the allocation of each taxing district shall be proportionately reduced. Except as provided in Section 13 of this Act, the Department shall then certify, pursuant to appropriation, such allocations to the State Comptroller who shall pay over to the
several taxing districts the respective amounts allocated to them.

Any township which receives an allocation based in whole or in part upon personal property taxes which it levied pursuant to Section 6-507 or 6-512 of the Illinois Highway Code and which was previously required to be paid over to a municipality shall immediately pay over to that municipality a proportionate share of the personal property replacement funds which such township receives.

Any municipality or township, other than a municipality with a population in excess of 500,000, which receives an allocation based in whole or in part on personal property taxes which it levied pursuant to Sections 3-1, 3-4 and 3-6 of the Illinois Local Library Act and which was previously required to be paid over to a public library shall immediately pay over to that library a proportionate share of the personal property tax replacement funds which such municipality or township receives; provided that if such a public library has converted to a library organized under the Illinois Public Library District Act, regardless of whether such conversion has occurred on, after or before January 1, 1988, such proportionate share shall be immediately paid over to the library district which maintains and operates the library. However, any library that has converted prior to January 1, 1988, and which hitherto has not received the personal property tax replacement funds, shall receive such funds

Any township which receives an allocation based in whole or in part on personal property taxes which it levied pursuant to Section 1c of the Public Graveyards Act and which taxes were previously required to be paid over to or used for such public cemetery or cemeteries shall immediately pay over to or use for such public cemetery or cemeteries a proportionate share of the personal property tax replacement funds which the township receives.

Any taxing district which receives an allocation based in whole or in part upon personal property taxes which it levied for another governmental body or school district in Cook County in 1976 or for another governmental body or school district in the remainder of the State in 1977 shall immediately pay over to that governmental body or school district the amount of personal property replacement funds which such governmental body or school district would receive directly under the provisions of paragraph (2) of this Section, had it levied its own taxes.

(1) The portion of the Personal Property Tax Replacement Fund required to be distributed as of the time allocation is required to be made shall be the amount available in such Fund as of the time allocation is required to be made.

The amount available for distribution shall be the total amount in the fund at such time minus the necessary
administrative and other authorized expenses as limited by
the appropriation and the amount determined by: (a) $2.8
million for fiscal year 1981; (b) for fiscal year 1982,
.54% of the funds distributed from the fund during the
preceding fiscal year; (c) for fiscal year 1983 through
fiscal year 1988, .54% of the funds distributed from the
fund during the preceding fiscal year less .02% of such
fund for fiscal year 1983 and less .02% of such funds for
each fiscal year thereafter; (d) for fiscal year 1989
through fiscal year 2011 no more than 105% of the actual
administrative expenses of the prior fiscal year; (e) for
fiscal year 2012 and beyond, a sufficient amount to pay
(i) stipends, additional compensation, salary
reimbursements, and other amounts directed to be paid out
of this Fund for local officials as authorized or required
by statute and (ii) the ordinary and contingent expenses
of the Property Tax Appeal Board and the expenses of the
Department of Revenue incurred in administering the
collection and distribution of moneys paid into the Fund;
(f) for fiscal years 2012 and 2013 only, a sufficient
amount to pay stipends, additional compensation, salary
reimbursements, and other amounts directed to be paid out
of this Fund for regional offices and officials as
authorized or required by statute; or (g) for fiscal years
2018 through 2024 only, a sufficient amount to pay
amounts directed to be paid out of this Fund for public
community college base operating grants and local health protection grants to certified local health departments as authorized or required by appropriation or statute. Such portion of the fund shall be determined after the transfer into the General Revenue Fund due to refunds, if any, paid from the General Revenue Fund during the preceding quarter. If at any time, for any reason, there is insufficient amount in the Personal Property Tax Replacement Fund for payments for regional offices and officials or local officials or payment of costs of administration or for transfers due to refunds at the end of any particular month, the amount of such insufficiency shall be carried over for the purposes of payments for regional offices and officials, local officials, transfers into the General Revenue Fund, and costs of administration to the following month or months. Net replacement revenue held, and defined above, shall be transferred by the Treasurer and Comptroller to the Personal Property Tax Replacement Fund within 10 days of such certification.

(2) Each quarterly allocation shall first be apportioned in the following manner: 51.65% for taxing districts in Cook County and 48.35% for taxing districts in the remainder of the State.

The Personal Property Replacement Ratio of each taxing district outside Cook County shall be the ratio which the Tax Base of that taxing district bears to the Downstate Tax Base.
The Tax Base of each taxing district outside of Cook County is the personal property tax collections for that taxing district for the 1977 tax year. The Downstate Tax Base is the personal property tax collections for all taxing districts in the State outside of Cook County for the 1977 tax year. The Department of Revenue shall have authority to review for accuracy and completeness the personal property tax collections for each taxing district outside Cook County for the 1977 tax year.

The Personal Property Replacement Ratio of each Cook County taxing district shall be the ratio which the Tax Base of that taxing district bears to the Cook County Tax Base. The Tax Base of each Cook County taxing district is the personal property tax collections for that taxing district for the 1976 tax year. The Cook County Tax Base is the personal property tax collections for all taxing districts in Cook County for the 1976 tax year. The Department of Revenue shall have authority to review for accuracy and completeness the personal property tax collections for each taxing district within Cook County for the 1976 tax year.

For all purposes of this Section 12, amounts paid to a taxing district for such tax years as may be applicable by a foreign corporation under the provisions of Section 7-202 of the Public Utilities Act, as amended, shall be deemed to be personal property taxes collected by such taxing district for such tax years as may be applicable. The Director shall determine from the Illinois Commerce Commission, for any tax
year as may be applicable, the amounts so paid by any such foreign corporation to any and all taxing districts. The Illinois Commerce Commission shall furnish such information to the Director. For all purposes of this Section 12, the Director shall deem such amounts to be collected personal property taxes of each such taxing district for the applicable tax year or years.

Taxing districts located both in Cook County and in one or more other counties shall receive both a Cook County allocation and a Downstate allocation determined in the same way as all other taxing districts.

If any taxing district in existence on July 1, 1979 ceases to exist, or discontinues its operations, its Tax Base shall thereafter be deemed to be zero. If the powers, duties and obligations of the discontinued taxing district are assumed by another taxing district, the Tax Base of the discontinued taxing district shall be added to the Tax Base of the taxing district assuming such powers, duties and obligations.

If two or more taxing districts in existence on July 1, 1979, or a successor or successors thereto shall consolidate into one taxing district, the Tax Base of such consolidated taxing district shall be the sum of the Tax Bases of each of the taxing districts which have consolidated.

If a single taxing district in existence on July 1, 1979, or a successor or successors thereto shall be divided into two or more separate taxing districts, the tax base of the taxing
district so divided shall be allocated to each of the
resulting taxing districts in proportion to the then current
equalized assessed value of each resulting taxing district.

If a portion of the territory of a taxing district is
disconnected and annexed to another taxing district of the
same type, the Tax Base of the taxing district from which
disconnection was made shall be reduced in proportion to the
then current equalized assessed value of the disconnected
territory as compared with the then current equalized assessed
value within the entire territory of the taxing district prior
to disconnection, and the amount of such reduction shall be
added to the Tax Base of the taxing district to which
annexation is made.

If a community college district is created after July 1,
1979, beginning on January 1, 1996 (the effective date of
Public Act 89-327), its Tax Base shall be 3.5% of the sum of
the personal property tax collected for the 1977 tax year
within the territorial jurisdiction of the district.

The amounts allocated and paid to taxing districts
pursuant to the provisions of Public Act 81-1st Special
Session-1 shall be deemed to be substitute revenues for the
revenues derived from taxes imposed on personal property
pursuant to the provisions of the "Revenue Act of 1939" or "An
Act for the assessment and taxation of private car line
companies", approved July 22, 1943, as amended, or Section 414
of the Illinois Insurance Code, prior to the abolition of such
taxes and shall be used for the same purposes as the revenues derived from ad valorem taxes on real estate.

Monies received by any taxing districts from the Personal Property Tax Replacement Fund shall be first applied toward payment of the proportionate amount of debt service which was previously levied and collected from extensions against personal property on bonds outstanding as of December 31, 1978 and next applied toward payment of the proportionate share of the pension or retirement obligations of the taxing district which were previously levied and collected from extensions against personal property. For each such outstanding bond issue, the County Clerk shall determine the percentage of the debt service which was collected from extensions against real estate in the taxing district for 1978 taxes payable in 1979, as related to the total amount of such levies and collections from extensions against both real and personal property. For 1979 and subsequent years' taxes, the County Clerk shall levy and extend taxes against the real estate of each taxing district which will yield the said percentage or percentages of the debt service on such outstanding bonds. The balance of the amount necessary to fully pay such debt service shall constitute a first and prior lien upon the monies received by each such taxing district through the Personal Property Tax Replacement Fund and shall be first applied or set aside for such purpose. In counties having fewer than 3,000,000 inhabitants, the amendments to this paragraph as made by
Public Act 81-1255 shall be first applicable to 1980 taxes to be collected in 1981.

Sec. 20-15. Illinois Works Preapprenticeship Program; Illinois Works Bid Credit Program.

(a) The Illinois Works Preapprenticeship Program is established and shall be administered by the Department. The goal of the Illinois Works Preapprenticeship Program is to create a network of community-based organizations throughout the State that will recruit, prescreen, and provide preapprenticeship skills training, for which participants may attend free of charge and receive a stipend, to create a qualified, diverse pipeline of workers who are prepared for careers in the construction and building trades. Upon completion of the Illinois Works Preapprenticeship Program, the candidates will be skilled and work-ready.

(b) There is created the Illinois Works Fund, a special
fund in the State treasury. The Illinois Works Fund shall be administered by the Department. The Illinois Works Fund shall be used to provide funding for community-based organizations throughout the State. In addition to any other transfers that may be provided for by law, on and after July 1, 2019 at the direction of the Director of the Governor's Office of Management and Budget, the State Comptroller shall direct and the State Treasurer shall transfer amounts not exceeding a total of $25,000,000 from the Rebuild Illinois Projects Fund to the Illinois Works Fund.

(c) Each community-based organization that receives funding from the Illinois Works Fund shall provide an annual report to the Illinois Works Review Panel by April 1 of each calendar year. The annual report shall include the following information:

(3) the number of the individuals referenced in item (2) of this subsection who are initially accepted and placed into apprenticeship programs in the construction and building trades.
(d) The Department shall create and administer the Illinois Works Bid Credit Program that shall provide economic incentives, through bid credits, to encourage contractors and subcontractors to provide contracting and employment opportunities to historically underrepresented populations in the construction industry.

The Illinois Works Bid Credit Program shall allow contractors and subcontractors to earn bid credits for use toward future bids for public works projects contracted by the State or an agency of the State in order to increase the chances that the contractor and the subcontractors will be selected.

Contractors or subcontractors may be eligible for bid credits for employing apprentices who have completed the Illinois Works Preapprenticeship Program on public works projects contracted by the State or any agency of the State. Contractors or subcontractors shall earn bid credits at a rate established by the Department and based on labor hours worked on State-contracted public works projects by apprentices who have completed the Illinois Works Preapprenticeship Program. The Department shall establish the rate by rule and shall publish it on the Department's website. The rule may include maximum bid credits allowed per contractor, per subcontractor, per apprentice, per bid, or per year.

The Illinois Works Credit Bank is hereby created and shall be administered by the Department. The Illinois Works Credit
Bank shall track the bid credits.

Section 5-80. The Hotel Operators' Occupation Tax Act is amended by changing Section 6 as follows:
Sec. 6. Filing of returns and distribution of revenue proceeds. Except as provided hereinafter in this Section, on or before the last day of each calendar month, every person engaged in the business of renting, leasing or letting rooms in a hotel in this State during the preceding calendar month shall file a return with the Department, stating:

1. The name of the operator;

2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of renting, leasing or letting rooms in a hotel in this State;

3. Total amount of rental receipts received by him during the preceding calendar month from renting, leasing or letting rooms during such preceding calendar month;

4. Total amount of rental receipts received by him during the preceding calendar month from renting, leasing or letting rooms to permanent residents during such preceding calendar month;

5. Total amount of other exclusions from gross rental receipts allowed by this Act;

6. Gross rental receipts which were received by him during the preceding calendar month and upon the basis of which the tax is imposed;

7. The amount of tax due;
8. Such other reasonable information as the Department may require.

If the operator's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 30 of such year; with the return for April, May and June of a given year being due by July 31 of such year; with the return for July, August and September of a given year being due by October 31 of such year, and with the return for October, November and December of a given year being due by January 31 of the following year.

If the operator's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 31 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which an operator may file his return, in the case of any operator who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such operator shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.
Where the same person has more than 1 business registered with the Department under separate registrations under this Act, such person shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In his return, the operator shall determine the value of any consideration other than money received by him in connection with the renting, leasing or letting of rooms in the course of his business and he shall include such value in his return. Such determination shall be subject to review and revision by the Department in the manner hereinafter provided for the correction of returns.

Where the operator is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

The person filing the return herein provided for shall, at the time of filing such return, pay to the Department the amount of tax herein imposed. The operator filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% or $25 per calendar year, whichever is greater, which is allowed to reimburse the operator for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request.
If any payment provided for in this Section exceeds the operator's liabilities under this Act, as shown on an original return, the Department may authorize the operator to credit such excess payment against liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules adopted by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the operator, the operator's discount shall be reduced by an amount equal to the difference between the discount as applied to the credit taken and that actually due, and that operator shall be liable for penalties and interest on such difference.

There shall be deposited into in the Build Illinois Fund in the State Treasury for each State fiscal year 40% of the amount of total net revenue proceeds from the tax imposed by subsection (a) of Section 3. June 30, 2001, the amount to be so deposited into the Illinois
Sports Facilities Fund and credited to the Advance Account
each fiscal year shall be increased from $8,000,000 to the
then applicable Advance Amount and the required monthly
deposits beginning with July 2001 shall be in the amount of 1/8
of the then applicable Advance Amount plus any cumulative
deficiencies in those deposits for prior months. (The deposits
of the additional $8,000,000 or the then applicable Advance
Amount, as applicable, during each fiscal year shall be
treated as advances of funds to the Illinois Sports Facilities
Authority for its corporate purposes to the extent paid to the
Authority or its trustee and shall be repaid into the General
Revenue Fund in the State Treasury by the State Treasurer on
behalf of the Authority pursuant to Section 19 of the Illinois
Sports Facilities Authority Act, as amended. If in any fiscal
year the full amount of the then applicable Advance Amount is
not repaid into the General Revenue Fund, then the deficiency
shall be paid from the amount in the Local Government
Distributive Fund that would otherwise be allocated to the
City of Chicago under the State Revenue Sharing Act.)

Section 5-85. The Motor Fuel Tax Law is amended by
changing Section 8 as follows:

(35 ILCS 505/8) (from Ch. 120, par. 424)

Sec. 8. Distribution of proceeds of tax. Except as provided in subsection (a-1) of this Section, Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited into a special fund in the State treasury, to be known as the Motor Fuel Tax Fund, and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury; the remainder of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be deposited into the Road Fund;

(a-1) Beginning on July 1, 2019, an amount equal to the amount of tax collected under subsection (a) of Section 2 and Section 13a as a result of the increase in the tax rate under subsection (a) of Section 2 authorized by Public Act 101-32 shall be deposited each month into the Transportation Renewal Fund; provided, however, that the amount that represents the part (b) portion of the rate under Section 13a shall be deposited each month into the Motor Fuel
Tax Fund and the Transportation Renewal Fund in the same proportion as the amount collected under subsection (a) of Section 2;

(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) $3,500,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $12,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; $5,500,000 in fiscal year 2022 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or
reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing and grade crossing surface including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of safety treatments to deter trespassing or a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission may order up to $2,000,000 per year in Grade Crossing Protection Fund moneys for the improvement of grade crossing surfaces and up to $300,000 per year for the maintenance and renewal of 4-quadrant gate vehicle detection systems located at non-high speed rail grade crossings. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with
moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (a-1), (b), and (c), a sufficient amount shall be reserved to pay all of the following:

(1) the costs of the Department of Revenue in administering this Act;

(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;

(3) refunds provided for in Section 13, refunds for overpayment of decal fees paid under Section 13a.4 of this Act, and refunds provided for under the terms of the International Fuel Tax Agreement referenced in Section 14a;

(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law,
which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and $15,000,000 on July 1, 2003, and $15,000,000 on January 1, 2004, and $15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, 2012, and $30,000,000 on June 1, 2013, or as soon thereafter as may be practical, and $15,000,000 on July 1 and October 1, or as soon thereafter as may be practical, during the period of July 1, 2013 through June 30, 2015, for the administration of the Vehicle Emissions Inspection Law of 2005, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(4.5) beginning on July 1, 2019, the costs of the Environmental Protection Agency for the administration of the Vehicle Emissions Inspection Law of 2005 shall be paid, subject to appropriation, from the Motor Fuel Tax Fund into the Vehicle Inspection Fund; beginning in 2019, no later than December 31 of each year, or as soon thereafter as practical, the State Comptroller shall
direct and the State Treasurer shall transfer from the
Vehicle Inspection Fund to the Motor Fuel Tax Fund any
balance remaining in the Vehicle Inspection Fund in excess
of $2,000,000;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member
jurisdictions under the terms of the International Fuel
Tax Agreement. The Department shall certify these amounts
to the Comptroller by the 15th day of each month; the
Comptroller shall cause orders to be drawn for such
amounts, and the Treasurer shall administer those amounts
on or before the last day of each month;

(e) after allocations for the purposes set forth in
subsections (a), (a-1), (b), (c), and (d), the remaining
amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning
January 1, 2000, 45.6% shall be deposited as follows:

(A) 37% into the State Construction Account Fund,
and

(B) 63% into the Road Fund, $1,250,000 of which
shall be reserved each month for the Department of
Transportation to be used in accordance with the
provisions of Sections 6-901 through 6-906 of the
Illinois Highway Code;

(2) Until January 1, 2000, 41.6%, and beginning
January 1, 2000, 54.4% shall be transferred to the
Department of Transportation to be distributed as follows:
(A) 49.10% to the municipalities of the State,
(B) 16.74% to the counties of the State having
1,000,000 or more inhabitants,
(C) 18.27% to the counties of the State having
less than 1,000,000 inhabitants,
(D) 15.89% to the road districts of the State.

If a township is dissolved under Article 24 of the
Township Code, McHenry County shall receive any moneys
that would have been distributed to the township under
this subparagraph, except that a municipality that assumes
the powers and responsibilities of a road district under
paragraph (6) of Section 24-35 of the Township Code shall
receive any moneys that would have been distributed to the
township in a percent equal to the area of the dissolved
road district or portion of the dissolved road district
over which the municipality assumed the powers and
responsibilities compared to the total area of the
dissolved township. The moneys received under this
subparagraph shall be used in the geographic area of the
dissolved township. If a township is reconstituted as
provided under Section 24-45 of the Township Code, McHenry
County or a municipality shall no longer be distributed
moneys under this subparagraph.

As soon as may be after the first day of each month, the
Department of Transportation shall allot to each municipality
its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month, the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees
received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year prior to 2011, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such
road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. Beginning July 1, 2011 and each July 1 thereafter, an allocation shall be made for any road district if it levied a tax for road and bridge purposes. In counties other than DuPage County, if the amount of the tax levy requires the extension of the tax against the taxable property in the road district at a rate that is less than 0.08% of the value thereof, based upon the assessment for the year immediately prior to the year in which the tax was levied and as equalized by the Department of Revenue, then the amount of the allocation for that road district shall be a percentage of the maximum allocation equal to the percentage obtained by dividing the rate extended by the district by 0.08%. In DuPage County, if the amount of the tax levy requires the extension of the tax against the taxable property in the road district at a rate that is less than the lesser of (i) 0.08% of the value of the taxable property in the road district, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue, or (ii) a rate that will yield an amount equal to $12,000 per mile of road under the jurisdiction of the road district.
district, then the amount of the allocation for the road
district shall be a percentage of the maximum allocation equal
to the percentage obtained by dividing the rate extended by
the district by the lesser of (i) 0.08% or (ii) the rate that
will yield an amount equal to $12,000 per mile of road under
the jurisdiction of the road district.

Prior to 2011, if any road district has levied a special
tax for road purposes pursuant to Sections 6-601, 6-602, and
6-603 of the Illinois Highway Code, and such tax was levied in
an amount which would require extension at a rate of not less
than 0.08% of the value of the taxable property thereof, as
equalized or assessed by the Department of Revenue, or, in
DuPage County, an amount equal to or greater than $12,000 per
mile of road under the jurisdiction of the road district,
whichever is less, such levy shall, however, be deemed a
proper compliance with this Section and shall qualify such
road district for an allotment under this Section. Beginning
in 2011 and thereafter, if any road district has levied a
special tax for road purposes under Sections 6-601, 6-602, and
6-603 of the Illinois Highway Code, and the tax was levied in
an amount that would require extension at a rate of not less
than 0.08% of the value of the taxable property of that road
district, as equalized or assessed by the Department of
Revenue or, in DuPage County, an amount equal to or greater
than $12,000 per mile of road under the jurisdiction of the
road district, whichever is less, that levy shall be deemed a
proper compliance with this Section and shall qualify such road district for a full, rather than proportionate, allotment under this Section. If the levy for the special tax is less than 0.08% of the value of the taxable property, or, in DuPage County if the levy for the special tax is less than the lesser of (i) 0.08% or (ii) $12,000 per mile of road under the jurisdiction of the road district, and if the levy for the special tax is more than any other levy for road and bridge purposes, then the levy for the special tax qualifies the road district for a proportionate, rather than full, allotment under this Section. If the levy for the special tax is equal to or less than any other levy for road and bridge purposes, then any allotment under this Section shall be determined by the other levy for road and bridge purposes.

Prior to 2011, if a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law,
road districts may retain their entitlement to a motor fuel
tax allotment or, beginning in 2011, their entitlement to a
full allotment if, at the time the property tax extension
limitation was imposed, the road district was levying a road
and bridge tax at a rate sufficient to entitle it to a motor
fuel tax allotment and continues to levy the maximum allowable
amount after the imposition of the property tax extension
limitation. Any road district may in all circumstances retain
its entitlement to a motor fuel tax allotment or, beginning in
2011, its entitlement to a full allotment if it levied a road
and bridge tax in an amount that will require the extension of
the tax against the taxable property in the road district at a
rate of not less than 0.08% of the assessed value of the
property, based upon the assessment for the year immediately
preceding the year in which the tax was levied and as equalized
by the Department of Revenue or, in DuPage County, an amount
equal to or greater than $12,000 per mile of road under the
jurisdiction of the road district, whichever is less.

As used in this Section, the term "road district" means
any road district, including a county unit road district,
provided for by the Illinois Highway Code; and the term
"township or district road" means any road in the township and
district road system as defined in the Illinois Highway Code.
For the purposes of this Section, "township or district road"
also includes such roads as are maintained by park districts,
forest preserve districts and conservation districts. The
Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Section 5-87. The Illinois Pension Code is amended by changing Sections 1A-112, 2-121.1, and 16-132 and by adding Sections 2-105.3 and 2-105.4 as follows:

(40 ILCS 5/1A-112)

Sec. 1A-112. Fees.

(a) Every pension fund that is required to file an annual statement under Section 1A-109 shall pay to the Department an annual compliance fee. In the case of a pension fund under Article 3 or 4 of this Code, (i) prior to the conclusion of the transition period, the annual compliance fee shall be 0.02% (2 basis points) of the total assets of the pension fund, as
reported in the most current annual statement of the fund, but
not more than $8,000 and (ii) after the conclusion of the
transition period, the annual compliance fee shall be $8,000
and shall be paid by the Consolidated Fund. In the case of all
other pension funds and retirement systems, the annual
compliance fee shall be $8,000. Effective July 1, 2023, each
pension fund established under Article 3 or 4 of this Code
shall pay an annual compliance fee of at least 0.02% but not
more than 0.05% of the total assets of the pension fund, as
reported in the most current annual statement of the fund, to
the Department of Insurance unless the appropriate
Consolidated Fund agrees to conduct an audit or examination of
all pension funds as provided in Section 1A-104. The
Department shall have the discretion to set the annual
compliance fee to be paid by each pension fund to cover the
cost of the compliance audits. The Department shall provide
written notice to each Article 3 and Article 4 pension fund of
the amount of the annual compliance fee due not less than 60
days prior to the fee payment deadline.

(b) The annual compliance fee shall be due on June 30 for
the following State fiscal year, except that the fee payable
in 1997 for fiscal year 1998 shall be due no earlier than 30
days following the effective date of this amendatory Act of
1997.

(c) Any information obtained by the Division that is
available to the public under the Freedom of Information Act
and is either compiled in published form or maintained on a computer processible medium shall be furnished upon the written request of any applicant and the payment of a reasonable information services fee established by the Director, sufficient to cover the total cost to the Division of compiling, processing, maintaining, and generating the information. The information may be furnished by means of published copy or on a computer processed or computer processible medium.

No fee may be charged to any person for information that the Division is required by law to furnish to that person.

(d) Except as otherwise provided in this Section, all fees and penalties collected by the Department under this Code shall be deposited into the Public Pension Regulation Fund.

(e) Fees collected under subsection (c) of this Section and money collected under Section 1A-107 shall be deposited into the Technology Management Revolving Fund and credited to the account of the Department's Public Pension Division. This income shall be used exclusively for the purposes set forth in Section 1A-107. Notwithstanding the provisions of Section 408.2 of the Illinois Insurance Code, no surplus funds remaining in this account shall be deposited in the Insurance Financial Regulation Fund. All money in this account that the Director certifies is not needed for the purposes set forth in Section 1A-107 of this Code shall be transferred to the Public Pension Regulation Fund.
(f) Nothing in this Code prohibits the General Assembly from appropriating funds from the General Revenue Fund to the Department for the purpose of administering or enforcing this Code.

Sec. 2-105.3. Tier 1 participant; Tier 2 participant.
"Tier 1 participant": A participant who first became a participant before January 1, 2011.
"Tier 2 participant": A participant who first became a participant on or after January 1, 2011.

(40 ILCS 5/2-105.4 new)
Sec. 2-105.4. Tier 1 retiree. "Tier 1 retiree" means a former Tier 1 participant who has made the election to retire and has terminated service.

(40 ILCS 5/2-121.1) (from Ch. 108 1/2, par. 2-121.1)
Sec. 2-121.1. Survivor's annuity; amount annuity - amount.
(a) A surviving spouse shall be entitled to 66 2/3% of the amount of retirement annuity to which the participant or annuitant was entitled on the date of death, without regard to whether the participant had attained age 55 prior to his or her death, subject to a minimum payment of 10% of salary. If a surviving spouse, regardless of age, has in his or her care at
the date of death any eligible child or children of the participant, the survivor's annuity shall be the greater of the following: (1) 66 2/3% of the amount of retirement annuity to which the participant or annuitant was entitled on the date of death, or (2) 30% of the participant's salary increased by 10% of salary on account of each such child, subject to a total payment for the surviving spouse and children of 50% of salary. If eligible children survive but there is no surviving spouse, or if the surviving spouse dies or becomes disqualified by remarriage while eligible children survive, each eligible child shall be entitled to an annuity of 20% of salary, subject to a maximum total payment for all such children of 50% of salary.

However, the survivor's annuity payable under this Section shall not be less than 100% of the amount of retirement annuity to which the participant or annuitant was entitled on the date of death, if he or she is survived by a dependent disabled child.

The salary to be used for determining these benefits shall be the salary used for determining the amount of retirement annuity as provided in Section 2-119.01.

(b) Upon the death of a participant after the termination of service or upon death of an annuitant, the maximum total payment to a surviving spouse and eligible children, or to eligible children alone if there is no surviving spouse, shall be 75% of the retirement annuity to which the participant or
annuitant was entitled, unless there is a dependent disabled child among the survivors.

(c) When a child ceases to be an eligible child, the annuity to that child, or to the surviving spouse on account of that child, shall thereupon cease, and the annuity payable to the surviving spouse or other eligible children shall be recalculated if necessary.

Upon the ineligibility of the last eligible child, the annuity shall immediately revert to the amount payable upon death of a participant or annuitant who leaves no eligible children. If the surviving spouse is then under age 50, the annuity as revised shall be deferred until the attainment of age 50.

(d) Beginning January 1, 1990, every survivor's annuity shall be increased (1) on each January 1 occurring on or after the commencement of the annuity if the deceased member died while receiving a retirement annuity, or (2) in other cases, on each January 1 occurring on or after the first anniversary of the commencement of the annuity, by an amount equal to 3% of the current amount of the annuity, including any previous increases under this Article. Such increases shall apply without regard to whether the deceased member was in service on or after the effective date of this amendatory Act of 1991, but shall not accrue for any period prior to January 1, 1990.

(d-5) Notwithstanding any other provision of this Article, the initial survivor's annuity of a survivor of a participant
who first becomes a participant on or after January 1, 2011 (the effective date of Public Act 96-889) shall be in the amount of 66 2/3% of the amount of the retirement annuity to which the participant or annuitant was entitled on the date of death and shall be increased (1) on each January 1 occurring on or after the commencement of the annuity if the deceased member died while receiving a retirement annuity or (2) in other cases, on each January 1 occurring on or after the first anniversary of the commencement of the annuity, by an amount equal to 3% or the annual unadjusted percentage increase in the Consumer Price Index for All Urban Consumers as determined by the Public Pension Division of the Department of Insurance under subsection (a) of Section 2-108.1, whichever is less, of the survivor's annuity then being paid.

The provisions of this subsection (d-5) shall not apply to a survivor's annuity of a survivor of a participant who died in service before January 1, 2023.

(e) Notwithstanding any other provision of this Article, beginning January 1, 1990, the minimum survivor's annuity payable to any person who is entitled to receive a survivor's annuity under this Article shall be $300 per month, without regard to whether or not the deceased participant was in service on the effective date of this amendatory Act of 1989.

(f) In the case of a proportional survivor's annuity arising under the Retirement Systems Reciprocal Act where the amount payable by the System on January 1, 1993 is less than
$300 per month, the amount payable by the System shall be increased beginning on that date by a monthly amount equal to $2 for each full year that has expired since the annuity began. 

(g) Notwithstanding any other provision of this Code, the survivor's annuity payable to an eligible survivor of a Tier 2 participant who died in service prior to January 1, 2023 shall be calculated in accordance with the provisions applicable to the survivors of a deceased Tier 1 participant. Notwithstanding Section 1-103.1, the changes to this Section made by this amendatory Act of the 103rd General Assembly apply without regard to whether the participant was in active service before the effective date of the changes made to this Section by this amendatory Act of the 103rd General Assembly.

(40 ILCS 5/16-132) (from Ch. 108 1/2, par. 16-132)

Sec. 16-132. Retirement annuity eligibility. A member who has at least 20 years of creditable service is entitled to a retirement annuity upon or after attainment of age 55. A member who has at least 10 but less than 20 years of creditable service is entitled to a retirement annuity upon or after attainment of age 60. A member who has at least 5 but less than 10 years of creditable service is entitled to a retirement annuity upon or after attainment of age 62. A member who (i) has earned during the period immediately preceding the last day of service at least one year of contributing creditable
service as an employee of a department as defined in Section 14-103.04, (ii) has earned at least 5 years of contributing creditable service as an employee of a department as defined in Section 14-103.04, and (iii) retires on or after January 1, 2001 is entitled to a retirement annuity upon or after attainment of an age which, when added to the number of years of his or her total creditable service, equals at least 85. Portions of years shall be counted as decimal equivalents.

A member who is eligible to receive a retirement annuity of at least 74.6% of final average salary and will attain age 55 on or before December 31 during the year which commences on July 1 shall be deemed to attain age 55 on the preceding June 1.

A member meeting the above eligibility conditions is entitled to a retirement annuity upon written application to the board setting forth the date the member wishes the retirement annuity to commence. However, the effective date of the retirement annuity shall be no earlier than the day following the last day of creditable service, regardless of the date of official termination of employment; however, upon written application within 6 months after the effective date of the changes made to this Section by this amendatory Act of the 103rd General Assembly by a member or annuitant, the creditable service and earnings received in the last fiscal year of employment may be disregarded when determining the retirement effective date and the retirement benefit except
that the effective date of a retirement annuity may be after the date of official termination of employment as long as such employment is for (1) less than 10 days in length; and (2) less than $2,500 in creditable earnings; and (3) the last fiscal year of employment includes only a fiscal year beginning on or after July 1, 2016 and ending before June 30, 2023 compensation. Section 5-88. The Illinois Pension Code is amended by repealing Sections 2-105.1 and 2-105.2.
Section 5-89. The Innovation Development and Economy Act is amended by changing Sections 20, 30, and 50 as follows:

(50 ILCS 470/20)

Sec. 20. Approval of STAR bond projects. The governing body of a political subdivision may establish one or more STAR bond projects in any STAR bond district. A STAR bond project which is partially outside the boundaries of a municipality must also be approved by the governing body of the county by resolution.

(a) After the establishment of a STAR bond district, the master developer may propose one or more STAR bond projects to a political subdivision and the master developer shall, in cooperation with the political subdivision, prepare a STAR bond project plan in consultation with the planning commission of the political subdivision, if any. The STAR bond project plan may be implemented in separate development stages.

(b) Any political subdivision considering a STAR bond project within a STAR bond district shall notify the Department, which shall cause to be prepared an independent feasibility study by a feasibility consultant with certified copies provided to the political subdivision, the Director, and the Department of Commerce and Economic Opportunity. The feasibility study shall include the following:

(1) the estimated amount of pledged STAR revenues expected to be collected in each year through the maturity
date of the proposed STAR bonds;

(2) a statement of how the jobs and taxes obtained from the STAR bond project will contribute significantly to the economic development of the State and region;

(3) visitation expectations;

(4) the unique quality of the project;

(5) an economic impact study;

(6) a market study;

(7) integration and collaboration with other resources or businesses;

(8) the quality of service and experience provided, as measured against national consumer standards for the specific target market;

(9) project accountability, measured according to best industry practices;

(10) the expected return on State and local investment that the STAR bond project is anticipated to produce; and

(11) an anticipated principal and interest payment schedule on the STAR bonds.

The feasibility consultant, along with the independent economist and any other consultants commissioned to perform the studies and other analysis required by the feasibility study, shall be selected by the Director with the approval of the political subdivision. The consultants shall be retained by the Director and the Department shall be reimbursed by the master developer for the costs to retain the consultants.
The failure to include all information enumerated in this subsection in the feasibility study for a STAR bond project shall not affect the validity of STAR bonds issued pursuant to this Act.

(c) If the political subdivision determines the STAR bond project is feasible, the STAR bond project plan shall include:

(1) a summary of the feasibility study;

(2) a reference to the STAR bond district plan that identifies the STAR bond project area that is set forth in the STAR bond project plan that is being considered;

(3) a legal description and map of the STAR bond project area to be developed or redeveloped;

(4) a description of the buildings and facilities proposed to be constructed or improved in such STAR bond project area, including destination users and an entertainment user, as applicable;

(5) a copy of letters of intent to locate within the STAR bond district signed by both the master developer and the appropriate corporate officer of at least one destination user for the first STAR bond project proposed within the district; and

(6) any other information the governing body of the political subdivision deems reasonable and necessary to advise the public of the intent of the STAR bond project plan.

(d) Before a political subdivision may hold a public
hearing to consider a STAR bond project plan, the political
subdivision must apply to the Department for approval of the
STAR bond project plan. An application for approval of a STAR
bond project plan must not be approved unless all of the
components of the feasibility study set forth in items (1)
through (11) of subsection (b) have been completed and
submitted to the Department for review. In addition to
reviewing all of the other elements of the STAR bond project
plan required under subsection (c), which must be included in
the application (which plan must include a letter or letters
of intent as required under subdivision (c)(5) in order to
receive Director approval), the Director must review the
feasibility study and consider all of the components of the
feasibility study set forth in items (1) through (11) of
subsection (b) of Section 20, including without limitation the
economic impact study and the financial benefit of the
proposed STAR bond project to the local, regional, and State
economies, the proposed adverse impacts on similar businesses
and projects as well as municipalities within the market area,
and the net effect of the proposed STAR bond project on the
local, regional, and State economies. In addition to the
economic impact study, the political subdivision must also
submit to the Department, as part of its application, the
financial and other information that substantiates the basis
for the conclusion of the economic impact study, in the form
and manner as required by the Department, so that the
Department can verify the results of the study. In addition to any other criteria in this subsection, to approve the STAR bond project plan, the Director must be satisfied that the proposed destination user is in fact a true destination user and also find that the STAR bond project plan is in accordance with the purpose of this Act and the public interest. The Director shall either approve or deny the STAR bond project plan based on the criteria in this subsection. **In granting its approval, the Department may require the political subdivision to execute a binding agreement or memorandum of understanding with the State. The terms of the agreement or memorandum may include, among other things, the political subdivision's repayment of the State sales tax increment distributed to it should any violation of the agreement or memorandum or this Act occur.**

(e) Upon a finding by the planning and zoning commission of the political subdivision that the STAR bond project plan is consistent with the intent of the comprehensive plan for the development of the political subdivision and upon issuance of written approval of the STAR bond project plan from the Director pursuant to subsection (d) of Section 20, the governing body of the political subdivision shall adopt a resolution stating that the political subdivision is considering the adoption of the STAR bond project plan. The resolution shall:

(1) give notice that a public hearing will be held to
consider the adoption of the STAR bond project plan and fix the date, hour, and place of the public hearing;

(2) describe the general boundaries of the STAR bond district within which the STAR bond project will be located and the date of establishment of the STAR bond district;

(3) describe the general boundaries of the area proposed to be included within the STAR bond project area;

(4) provide that the STAR bond project plan and map of the area to be redeveloped or developed are available for inspection during regular office hours in the offices of the political subdivision; and

(5) contain a summary of the terms and conditions of any proposed project development agreement with the political subdivision.

(f) A public hearing shall be conducted to consider the adoption of any STAR bond project plan.

(1) The date fixed for the public hearing to consider the adoption of the STAR bond project plan shall be not less than 20 nor more than 90 days following the date of the adoption of the resolution fixing the date of the hearing.

(2) A copy of the political subdivision's resolution providing for the public hearing shall be sent by certified mail, return receipt requested, to the governing body of the county. A copy of the political subdivision's
resolution providing for the public hearing shall be sent by certified mail, return receipt requested, to each person or persons in whose name the general taxes for the last preceding year were paid on each parcel of land lying within the proposed STAR bond project area within 10 days following the date of the adoption of the resolution. The resolution shall be published once in a newspaper of general circulation in the political subdivision not less than one week nor more than 3 weeks preceding the date fixed for the public hearing. A map or aerial photo clearly delineating the area of land proposed to be included within the STAR bond project area shall be published with the resolution.

(3) The hearing shall be held at a location that is within 20 miles of the STAR bond district, in a facility that can accommodate a large crowd, and in a facility that is accessible to persons with disabilities.

(4) At the public hearing, a representative of the political subdivision or master developer shall present the STAR bond project plan. Following the presentation of the STAR bond project plan, all interested persons shall be given an opportunity to be heard. The governing body may continue the date and time of the public hearing.

(g) Upon conclusion of the public hearing, the governing body of the political subdivision may adopt the STAR bond project plan by a resolution approving the STAR bond project
(h) After the adoption by the corporate authorities of the political subdivision of a STAR bond project plan, the political subdivision may enter into a project development agreement if the master developer has requested the political subdivision to be a party to the project development agreement pursuant to subsection (b) of Section 25.

(i) Within 30 days after the adoption by the political subdivision of a STAR bond project plan, the clerk of the political subdivision shall transmit a copy of the legal description of the land and a list of all new and existing mailing addresses within the STAR bond district, a copy of the resolution adopting the STAR bond project plan, and a map or plat indicating the boundaries of the STAR bond project area to the clerk, treasurer, and governing body of the county and to the Department of Revenue. Within 30 days of creation of any new mailing addresses within a STAR bond district, the clerk of the political subdivision shall provide written notice of such new addresses to the Department of Revenue.

If a certified copy of the resolution adopting the STAR bond project plan is filed with the Department on or before the first day of April, the Department, if all other requirements of this subsection are met, shall proceed to collect and allocate any local sales tax increment and any State sales tax increment in accordance with the provisions of this Act as of the first day of July next following the adoption and filing.
If a certified copy of the resolution adopting the STAR bond project plan is filed with the Department after April 1 but on or before the first day of October, the Department, if all other requirements of this subsection are met, shall proceed to collect and allocate any local sales tax increment and any State sales tax increment in accordance with the provisions of this Act as of the first day of January next following the adoption and filing.

Any substantial changes to a STAR bond project plan as adopted shall be subject to a public hearing following publication of notice thereof in a newspaper of general circulation in the political subdivision and approval by resolution of the governing body of the political subdivision.

The Department of Revenue shall not collect or allocate any local sales tax increment or State sales tax increment until the political subdivision also provides, in the manner prescribed by the Department, the boundaries of the STAR bond project area and each address in the STAR bond project area in such a way that the Department can determine by its address whether a business is located in the STAR bond project area. The political subdivision must provide this boundary and address information to the Department on or before April 1 for administration and enforcement under this Act by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement under this Act by the Department beginning on the following January 1. The
Department of Revenue shall not administer or enforce any change made to the boundaries of a STAR bond project or any address change, addition, or deletion until the political subdivision reports the boundary change or address change, addition, or deletion to the Department in the manner prescribed by the Department. The political subdivision must provide this boundary change or address change, addition, or deletion information to the Department on or before April 1 for administration and enforcement by the Department of the change, addition, or deletion beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change, addition, or deletion beginning on the following January 1. If a retailer is incorrectly included or excluded from the list of those located in the STAR bond project, the Department of Revenue shall be held harmless if it reasonably relied on information provided by the political subdivision.

(j) Any STAR bond project must be approved by the political subdivision prior to that date which is 23 years from the date of the approval of the STAR bond district, provided however that any amendments to such STAR bond project may occur following such date.

(k) Any developer of a STAR bond project shall commence work on the STAR bond project within 3 years from the date of adoption of the STAR bond project plan. If the developer fails to commence work on the STAR bond project within the 3-year
period, funding for the project shall cease and the developer of the project or complex shall have one year to appeal to the political subdivision for reapproval of the project and funding. If the project is reapproved, the 3-year period for commencement shall begin again on the date of the reapproval.

(l) After the adoption by the corporate authorities of the political subdivision of a STAR bond project plan and approval of the Director pursuant to subsection (d) of Section 20, the political subdivision may authorize the issuance of the STAR bonds in one or more series to finance the STAR bond project in accordance with the provisions of this Act.

(m) The maximum maturity of STAR bonds issued to finance a STAR bond project shall not exceed 23 years from the first date of distribution of State sales tax revenues from such STAR bond project to the political subdivision unless the political subdivision extends such maturity by resolution up to a maximum of 35 years from such first distribution date. Any such extension shall require the approval of the Director. In no event shall the maximum maturity date for any STAR bonds exceed that date which is 35 years from the first distribution date of the first STAR bonds issued in a STAR bond district.

(50 ILCS 470/30)

Sec. 30. STAR bonds; source of payment. Any political subdivision shall have the power to issue STAR bonds in one or
more series to finance the undertaking of any STAR bond project in accordance with the provisions of this Act and the Omnibus Bond Acts. STAR bonds may be issued as revenue bonds, alternate bonds, or general obligation bonds as defined in and subject to the procedures provided in the Local Government Debt Reform Act.

(a) STAR bonds may be made payable, both as to principal and interest, from the following revenues, which to the extent pledged by each respective political subdivision or other public entity for such purpose shall constitute pledged STAR revenues:

(1) revenues of the political subdivision derived from or held in connection with the undertaking and carrying out of any STAR bond project or projects under this Act;

(2) available private funds and contributions, grants, tax credits, or other financial assistance from the State or federal government;

(3) STAR bond occupation taxes created pursuant to Section 31 and designated as pledged STAR revenues by the political subdivision;

(4) all of the local sales tax increment of a municipality, county, or other unit of local government;

(5) any special service area taxes collected within the STAR bond district under the Special Service Area Tax Act, may be used for the purposes of funding project costs or paying debt service on STAR bonds in addition to the
purposes contained in the special service area plan;

(6) all of the State sales tax increment;

(7) any other revenues appropriated by the political subdivision; and

(8) any combination of these methods.

(b) The political subdivision may pledge the pledged STAR revenues to the repayment of STAR bonds prior to, simultaneously with, or subsequent to the issuance of the STAR bonds.

(c) Bonds issued as revenue bonds shall not be general obligations of the political subdivision, nor in any event shall they give rise to a charge against its general credit or taxing powers, or be payable out of any funds or properties other than those set forth in subsection (a) and the bonds shall so state on their face.

(d) For each STAR bond project financed with STAR bonds payable from the pledged STAR revenues, the political subdivision shall prepare and submit to the Department of Revenue by June 1 of each year a report describing the status of the STAR bond project, any expenditures of the proceeds of STAR bonds that have occurred for the preceding calendar year, and any expenditures of the proceeds of the bonds expected to occur in the future, including the amount of pledged STAR revenue, the amount of revenue that has been spent, the projected amount of the revenue, and the anticipated use of the revenue. Each annual report shall be accompanied by an
affidavit of the master developer certifying the contents of the report as true to the best of the master developer's knowledge. The Department of Revenue shall have the right, but not the obligation, to request the Illinois Auditor General to review the annual report and the political subdivision's records containing the source information for the report for the purpose of verifying the report's contents. If the Illinois Auditor General declines the request for review, the Department of Revenue shall have the right to select an independent third-party auditor to conduct an audit of the annual report and the political subdivision's records containing the source information for the report. The reasonable cost of the audit shall be paid by the master developer. The master development agreement shall grant the Department of Revenue and the Illinois Auditor General the right to review the records of the political subdivision containing the source information for the report.

(e) There is created in the State treasury a special fund to be known as the STAR Bonds Revenue Fund. As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to the STAR Bonds Revenue Fund the State sales tax increment for the second preceding month, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund.
and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering the Innovation Development and Economy Act. As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the Local Government Tax Fund to the STAR Bonds Revenue Fund the local sales tax increment for the second preceding month, as provided in Section 6z-18 of the State Finance Act and from the County and Mass Transit District Fund to the STAR Bonds Revenue Fund the local sales tax increment for the second preceding month, as provided in Section 6z-20 of the State Finance Act.

On or before the 25th day of each calendar month, beginning on January 1, 2011, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money out of the STAR Bonds Revenue Fund to named municipalities and counties, the municipalities and counties to be those entitled to distribution of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to each municipality or county shall be the amount of the State sales tax increment and the local sales tax increment (not including credit memoranda or the amount transferred into the Tax Compliance and Administration Fund) collected during the second preceding calendar month by the Department from retailers and servicemen.
on transactions at places of business located within a STAR bond district in that municipality or county, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which are payable to a different taxing body but were erroneously paid to the municipality or county. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and counties, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of monthly disbursement to a municipality or county under this subsection, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The corporate authorities of the political subdivision shall deposit the proceeds for the STAR Bonds Revenue Fund into a special fund of the political subdivision called the "(Name of political subdivision) STAR Bond District Revenue Fund".
Fund" for the purpose of paying or reimbursing STAR bond project costs and obligations incurred in the payment of those costs.

If the political subdivision fails to issue STAR bonds within 180 days after the first distribution to the political subdivision from the STAR Bonds Revenue Fund, the Department of Revenue shall cease distribution of the State sales tax increment to the political subdivision, shall transfer any State sales tax increment in the STAR Bonds Revenue Fund to the General Revenue Fund, and shall cease deposits of State sales tax increment amounts into the STAR Bonds Revenue Fund. The political subdivision shall repay all of the State sales tax increment distributed to the political subdivision to date, which amounts shall be deposited into the General Revenue Fund. If not repaid within 90 days after notice from the State, the Department of Revenue shall withhold distributions to the political subdivision from the Local Government Tax Fund until the excess amount is repaid, which withheld amounts shall be transferred to the General Revenue Fund. At such time as the political subdivision notifies the Department of Revenue in writing that it has issued STAR Bonds in accordance with this Act and provides the Department with a copy of the political subdivision's official statement, bond purchase agreements, indenture, or other evidence of bond sale, the Department of Revenue shall resume deposits of the State sales tax increment into the STAR Bonds Revenue Fund and distribution of the State
sales tax increment to the political subdivision in accordance with this Section.

(f) As of the seventh anniversary of the first date of distribution of State sales tax revenues from the first STAR bond project in the STAR bond district, and as of every fifth anniversary thereafter until final maturity of all STAR bonds issued in a STAR bond district, the portion of the aggregate proceeds of STAR bonds issued to date that is derived from the State sales tax increment pledged to pay STAR bonds in any STAR bond district shall not exceed 50% of the total development costs in the STAR bond district to date. The Illinois Auditor General shall make the foregoing determination on said seventh anniversary and every 5 years thereafter until final maturity of all STAR bonds issued in a STAR bond district. If at any time after the seventh anniversary of the first date of distribution of State sales tax revenues from the first STAR bond project in the STAR bond district the Illinois Auditor General determines that the portion of the aggregate proceeds of STAR bonds issued to date that is derived from the State sales tax increment pledged to pay STAR bonds in any STAR bond district has exceeded 50% of the total development costs in the STAR bond district, no additional STAR bonds may be issued in the STAR bond district until the percentage is reduced to 50% or below. When the percentage has been reduced to 50% or below, the master developer shall have the right, at its own cost, to obtain a new audit prepared by an independent
third-party auditor verifying compliance and shall provide such audit to the Illinois Auditor General for review and approval. Upon the Illinois Auditor General's determination from the audit that the percentage has been reduced to 50% or below, STAR bonds may again be issued in the STAR bond district.

(g) Notwithstanding the provisions of the Tax Increment Allocation Redevelopment Act, if any portion of property taxes attributable to the increase in equalized assessed value within a STAR bond district are, at the time of formation of the STAR bond district, already subject to tax increment financing under the Tax Increment Allocation Redevelopment Act, then the tax increment for such portion shall be frozen at the base year established in accordance with this Act, and all future incremental increases over the base year shall not be subject to tax increment financing under the Tax Increment Allocation Redevelopment Act. Any party otherwise entitled to receipt of incremental tax revenues through an existing tax increment financing district shall be entitled to continue to receive such revenues up to the amount frozen in the base year. Nothing in this Act shall affect the prior qualification of existing redevelopment project costs incurred that are eligible for reimbursement under the Tax Increment Allocation Redevelopment Act. In such event, prior to approving a STAR bond district, the political subdivision forming the STAR bond district shall take such action as is necessary, including
amending the existing tax increment financing district
redevelopment plan, to carry out the provisions of this Act.

The notice shall include a date certain on which deposits into the STAR Bonds Revenue Fund for that STAR bond project shall terminate and shall be provided to the Department of Revenue at least 60 days prior to that date. Thereafter, all sales tax and other revenues shall be collected and distributed in accordance with applicable law.

(105 ILCS 5/18-8.15)

Sec. 18-8.15. Evidence-Based Funding for student success for the 2017-2018 and subsequent school years.

(a) General provisions.

(1) The purpose of this Section is to ensure that, by June 30, 2027 and beyond, this State has a kindergarten through grade 12 public education system with the capacity to ensure the educational development of all persons to the limits of their capacities in accordance with Section
1 of Article X of the Constitution of the State of Illinois. To accomplish that objective, this Section creates a method of funding public education that is evidence-based; is sufficient to ensure every student receives a meaningful opportunity to learn irrespective of race, ethnicity, sexual orientation, gender, or community-income level; and is sustainable and predictable. When fully funded under this Section, every school shall have the resources, based on what the evidence indicates is needed, to:

(A) provide all students with a high quality education that offers the academic, enrichment, social and emotional support, technical, and career-focused programs that will allow them to become competitive workers, responsible parents, productive citizens of this State, and active members of our national democracy;

(B) ensure all students receive the education they need to graduate from high school with the skills required to pursue post-secondary education and training for a rewarding career;

(C) reduce, with a goal of eliminating, the achievement gap between at-risk and non-at-risk students by raising the performance of at-risk students and not by reducing standards; and

(D) ensure this State satisfies its obligation to
assume the primary responsibility to fund public education and simultaneously relieve the disproportionate burden placed on local property taxes to fund schools.

(2) The Evidence-Based Funding formula under this Section shall be applied to all Organizational Units in this State. The Evidence-Based Funding formula outlined in this Act is based on the formula outlined in Senate Bill 1 of the 100th General Assembly, as passed by both legislative chambers. As further defined and described in this Section, there are 4 major components of the Evidence-Based Funding model:

(A) First, the model calculates a unique Adequacy Target for each Organizational Unit in this State that considers the costs to implement research-based activities, the unit's student demographics, and regional wage differences.

(B) Second, the model calculates each Organizational Unit's Local Capacity, or the amount each Organizational Unit is assumed to contribute toward its Adequacy Target from local resources.

(C) Third, the model calculates how much funding the State currently contributes to the Organizational Unit and adds that to the unit's Local Capacity to determine the unit's overall current adequacy of funding.
(D) Finally, the model's distribution method allocates new State funding to those Organizational Units that are least well-funded, considering both Local Capacity and State funding, in relation to their Adequacy Target.

(3) An Organizational Unit receiving any funding under this Section may apply those funds to any fund so received for which that Organizational Unit is authorized to make expenditures by law.

(4) As used in this Section, the following terms shall have the meanings ascribed in this paragraph (4):

"Adequacy Target" is defined in paragraph (1) of subsection (b) of this Section.

"Adjusted EAV" is defined in paragraph (4) of subsection (d) of this Section.

"Adjusted Local Capacity Target" is defined in paragraph (3) of subsection (c) of this Section.

"Adjusted Operating Tax Rate" means a tax rate for all Organizational Units, for which the State Superintendent shall calculate and subtract for the Operating Tax Rate a transportation rate based on total expenses for transportation services under this Code, as reported on the most recent Annual Financial Report in Pupil Transportation Services, function 2550 in both the Education and Transportation funds and functions 4110 and 4120 in the Transportation fund, less any corresponding
fiscal year State of Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of this Code divided by the Adjusted EAV. If an Organizational Unit's corresponding fiscal year State of Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of this Code exceed the total transportation expenses, as defined in this paragraph, no transportation rate shall be subtracted from the Operating Tax Rate.

"Allocation Rate" is defined in paragraph (3) of subsection (g) of this Section.

"Alternative School" means a public school that is created and operated by a regional superintendent of schools and approved by the State Board.

"Applicable Tax Rate" is defined in paragraph (1) of subsection (d) of this Section.

"Assessment" means any of those benchmark, progress monitoring, formative, diagnostic, and other assessments, in addition to the State accountability assessment, that assist teachers' needs in understanding the skills and meeting the needs of the students they serve.

"Assistant principal" means a school administrator
duly endorsed to be employed as an assistant principal in this State.

"At-risk student" means a student who is at risk of not meeting the Illinois Learning Standards or not graduating from elementary or high school and who demonstrates a need for vocational support or social services beyond that provided by the regular school program. All students included in an Organizational Unit's Low-Income Count, as well as all English learner and disabled students attending the Organizational Unit, shall be considered at-risk students under this Section.

"Average Student Enrollment" or "ASE" for fiscal year 2018 means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1 in the immediately preceding school year, or the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1, for each of the immediately preceding 3 school years. For fiscal year 2019 and each subsequent
fiscal year, "Average Student Enrollment" or "ASE" means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 and March 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services as reported to the State Board on October 1 and March 1 in the immediately preceding school year, or the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 and March 1, plus the pre-kindergarten students who receive special education services as reported to the State Board on October 1 and March 1, for each of the immediately preceding 3 school years. For the purposes of this definition, "enrolled in the Organizational Unit" means the number of students reported to the State Board who are enrolled in schools within the Organizational Unit that the student attends or would attend if not placed or transferred to another school or program to receive needed services. For the purposes of calculating "ASE", all students, grades K through 12, excluding those attending kindergarten for a half day and students attending an alternative education program operated by a regional office of education or intermediate service center, shall be counted as 1.0. All students attending kindergarten for a half day shall be
counted as 0.5, unless in 2017 by June 15 or by March 1 in subsequent years, the school district reports to the State Board of Education the intent to implement full-day kindergarten district-wide for all students, then all students attending kindergarten shall be counted as 1.0. Special education pre-kindergarten students shall be counted as 0.5 each. If the State Board does not collect or has not collected both an October 1 and March 1 enrollment count by grade or a December 1 collection of special education pre-kindergarten students as of August 31, 2017 (the effective date of Public Act 100-465), it shall establish such collection for all future years. For any year in which a count by grade level was collected only once, that count shall be used as the single count available for computing a 3-year average ASE. Funding for programs operated by a regional office of education or an intermediate service center must be calculated using the Evidence-Based Funding formula under this Section for the 2019-2020 school year and each subsequent school year until separate adequacy formulas are developed and adopted for each type of program. ASE for a program operated by a regional office of education or an intermediate service center must be determined by the March 1 enrollment for the program. For the 2019-2020 school year, the ASE used in the calculation must be the first-year ASE and, in that year only, the assignment of students served by a regional
office of education or intermediate service center shall not result in a reduction of the March enrollment for any school district. For the 2020-2021 school year, the ASE must be the greater of the current-year ASE or the 2-year average ASE. Beginning with the 2021-2022 school year, the ASE must be the greater of the current-year ASE or the 3-year average ASE. School districts shall submit the data for the ASE calculation to the State Board within 45 days of the dates required in this Section for submission of enrollment data in order for it to be included in the ASE calculation. For fiscal year 2018 only, the ASE calculation shall include only enrollment taken on October 1. In recognition of the impact of COVID-19, the definition of "Average Student Enrollment" or "ASE" shall be adjusted for calculations under this Section for fiscal years 2022 through 2024. For fiscal years 2022 through 2024, the enrollment used in the calculation of ASE representing the 2020-2021 school year shall be the greater of the enrollment for the 2020-2021 school year or the 2019-2020 school year.

(R) Student activities investments. Each Organizational Unit shall receive the following funding amounts to cover student activities: $100 per kindergarten through grade 5 ASE student in elementary school, plus $200 per ASE student in middle school,
plus $675 per ASE student in high school.

(S) Maintenance and operations investments. Each Organizational Unit shall receive $1,038 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students for day-to-day maintenance and operations expenditures, including salary, supplies, and materials, as well as purchased services, but excluding employee benefits. The proportion of salary for the application of a Regionalization Factor and the calculation of benefits is equal to $352.92.

(T) Central office investments. Each Organizational Unit shall receive $742 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover central office operations, including administrators and classified personnel charged with managing the instructional programs, business and operations of the school district, and security personnel. The proportion of salary for the application of a Regionalization Factor and the calculation of benefits is equal to $368.48.

(U) Employee benefit investments. Each Organizational Unit shall receive 30% of the total of all salary-calculated elements of the Adequacy Target, excluding substitute teachers and student activities.
investments, to cover benefit costs. For central office and maintenance and operations investments, the benefit calculation shall be based upon the salary proportion of each investment. If at any time the responsibility for funding the employer normal cost of teacher pensions is assigned to school districts, then that amount certified by the Teachers' Retirement System of the State of Illinois to be paid by the Organizational Unit for the preceding school year shall be added to the benefit investment. For any fiscal year in which a school district organized under Article 34 of this Code is responsible for paying the employer normal cost of teacher pensions, then that amount of its employer normal cost plus the amount for retiree health insurance as certified by the Public School Teachers' Pension and Retirement Fund of Chicago to be paid by the school district for the preceding school year that is statutorily required to cover employer normal costs and the amount for retiree health insurance shall be added to the 30% specified in this subparagraph (U). The Teachers' Retirement System of the State of Illinois and the Public School Teachers' Pension and Retirement Fund of Chicago shall submit such information as the State Superintendent may require for the calculations set forth in this subparagraph (U).
(V) Additional investments in low-income students. In addition to and not in lieu of all other funding under this paragraph (2), each Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover the costs of:

(i) one FTE intervention teacher (tutor) position for every 125 Low-Income Count students;

(ii) one FTE pupil support staff position for every 125 Low-Income Count students;

(iii) one FTE extended day teacher position for every 120 Low-Income Count students; and

(iv) one FTE summer school teacher position for every 120 Low-Income Count students.

(W) Additional investments in English learner students. In addition to and not in lieu of all other funding under this paragraph (2), each Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover the costs of:

(i) one FTE intervention teacher (tutor) position for every 125 English learner students;

(ii) one FTE pupil support staff position for every 125 English learner students;

(iii) one FTE extended day teacher position for every 120 English learner students;

(iv) one FTE summer school teacher position
for every 120 English learner students; and

(v) one FTE core teacher position for every 100 English learner students.

(X) Special education investments. Each Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover special education as follows:

(i) one FTE teacher position for every 141 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students;

(ii) one FTE instructional assistant for every 141 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students; and

(iii) one FTE psychologist position for every 1,000 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students.

(3) For calculating the salaries included within the Essential Elements, the State Superintendent shall annually calculate average salaries to the nearest dollar using the employment information system data maintained by the State Board, limited to public schools only and excluding special education and vocational cooperatives, schools operated by the Department of Juvenile Justice,
and charter schools, for the following positions:

(A) Teacher for grades K through 8.
(B) Teacher for grades 9 through 12.
(C) Teacher for grades K through 12.
(D) School counselor for grades K through 8.
(E) School counselor for grades 9 through 12.
(F) School counselor for grades K through 12.
(G) Social worker.
(H) Psychologist.
(I) Librarian.
(J) Nurse.
(K) Principal.
(L) Assistant principal.

For the purposes of this paragraph (3), "teacher" includes core teachers, specialist and elective teachers, instructional facilitators, tutors, special education teachers, pupil support staff teachers, English learner teachers, extended day teachers, and summer school teachers. Where specific grade data is not required for the Essential Elements, the average salary for corresponding positions shall apply. For substitute teachers, the average teacher salary for grades K through 12 shall apply.

For calculating the salaries included within the Essential Elements for positions not included within EIS Data, the following salaries shall be used in the first
year of implementation of Evidence-Based Funding:

(i) school site staff, $30,000; and

(ii) non-instructional assistant, instructional assistant, library aide, library media tech, or supervisory aide: $25,000.

In the second and subsequent years of implementation of Evidence-Based Funding, the amounts in items (i) and (ii) of this paragraph (3) shall annually increase by the ECI.

The salary amounts for the Essential Elements determined pursuant to subparagraphs (A) through (L), (S) and (T), and (V) through (X) of paragraph (2) of subsection (b) of this Section shall be multiplied by a Regionalization Factor.

(c) Local Capacity calculation.

(1) Each Organizational Unit's Local Capacity represents an amount of funding it is assumed to contribute toward its Adequacy Target for purposes of the Evidence-Based Funding formula calculation. "Local Capacity" means either (i) the Organizational Unit's Local Capacity Target as calculated in accordance with paragraph (2) of this subsection (c) if its Real Receipts are equal to or less than its Local Capacity Target or (ii) the Organizational Unit's Adjusted Local Capacity, as calculated in accordance with paragraph (3) of this subsection (c) if Real Receipts are more than its Local
Capacity Target.

(2) "Local Capacity Target" means, for an Organizational Unit, that dollar amount that is obtained by multiplying its Adequacy Target by its Local Capacity Ratio.

(A) An Organizational Unit's Local Capacity Percentage is the conversion of the Organizational Unit's Local Capacity Ratio, as such ratio is determined in accordance with subparagraph (B) of this paragraph (2), into a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The calculation of Local Capacity Percentage is described in subparagraph (C) of this paragraph (2).

(B) An Organizational Unit's Local Capacity Ratio in a given year is the percentage obtained by dividing its Adjusted EAV or PTELL EAV, whichever is less, by its Adequacy Target, with the resulting ratio further adjusted as follows:

(i) for Organizational Units serving grades kindergarten through 12 and Hybrid Districts, no further adjustments shall be made;

(ii) for Organizational Units serving grades kindergarten through 8, the ratio shall be multiplied by 9/13;
(iii) for Organizational Units serving grades 9 through 12, the Local Capacity Ratio shall be multiplied by 4/13; and

(iv) for an Organizational Unit with a different grade configuration than those specified in items (i) through (iii) of this subparagraph (B), the State Superintendent shall determine a comparable adjustment based on the grades served.

(C) The Local Capacity Percentage is equal to the percentile ranking of the district. Local Capacity Percentage converts each Organizational Unit's Local Capacity Ratio to a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The Local Capacity Percentage cumulative distribution resulting in a percentile ranking for each Organizational Unit shall be calculated using the standard normal distribution of the score in relation to the weighted mean and weighted standard deviation and Local Capacity Ratios of all Organizational Units. If the value assigned to any Organizational Unit is in excess of 90%, the value shall be adjusted to 90%. For Laboratory Schools, the Local Capacity Percentage shall be set at 10% in recognition of the absence of EAV and resources from the public university that are allocated to the
Laboratory School. For programs operated by a regional office of education or an intermediate service center, the Local Capacity Percentage must be set at 10% in recognition of the absence of EAV and resources from school districts that are allocated to the regional office of education or intermediate service center. The weighted mean for the Local Capacity Percentage shall be determined by multiplying each Organizational Unit's Local Capacity Ratio times the ASE for the unit creating a weighted value, summing the weighted values of all Organizational Units, and dividing by the total ASE of all Organizational Units. The weighted standard deviation shall be determined by taking the square root of the weighted variance of all Organizational Units' Local Capacity Ratio, where the variance is calculated by squaring the difference between each unit's Local Capacity Ratio and the weighted mean, then multiplying the variance for each unit times the ASE for the unit to create a weighted variance for each unit, then summing all units' weighted variance and dividing by the total ASE of all units.

(D) For any Organizational Unit, the Organizational Unit's Adjusted Local Capacity Target shall be reduced by either (i) the school board's remaining contribution pursuant to paragraph (ii) of subsection (b-4) of Section 16-158 of the Illinois
Pension Code in a given year or (ii) the board of education's remaining contribution pursuant to paragraph (iv) of subsection (b) of Section 17-129 of the Illinois Pension Code absent the employer normal cost portion of the required contribution and amount allowed pursuant to subdivision (3) of Section 17-142.1 of the Illinois Pension Code in a given year. In the preceding sentence, item (i) shall be certified to the State Board of Education by the Teachers' Retirement System of the State of Illinois and item (ii) shall be certified to the State Board of Education by the Public School Teachers' Pension and Retirement Fund of the City of Chicago.

(3) If an Organizational Unit's Real Receipts are more than its Local Capacity Target, then its Local Capacity shall equal an Adjusted Local Capacity Target as calculated in accordance with this paragraph (3). The Adjusted Local Capacity Target is calculated as the sum of the Organizational Unit's Local Capacity Target and its Real Receipts Adjustment. The Real Receipts Adjustment equals the Organizational Unit's Real Receipts less its Local Capacity Target, with the resulting figure multiplied by the Local Capacity Percentage.

As used in this paragraph (3), "Real Percent of Adequacy" means the sum of an Organizational Unit's Real Receipts, CPPRT, and Base Funding Minimum, with the
resulting figure divided by the Organizational Unit's Adequacy Target.

(d) Calculation of Real Receipts, EAV, and Adjusted EAV for purposes of the Local Capacity calculation.

(1) An Organizational Unit's Real Receipts are the product of its Applicable Tax Rate and its Adjusted EAV. An Organizational Unit's Applicable Tax Rate is its Adjusted Operating Tax Rate for property within the Organizational Unit.

(2) The State Superintendent shall calculate the equalized assessed valuation, or EAV, of all taxable property of each Organizational Unit as of September 30 of the previous year in accordance with paragraph (3) of this subsection (d). The State Superintendent shall then determine the Adjusted EAV of each Organizational Unit in accordance with paragraph (4) of this subsection (d), which Adjusted EAV figure shall be used for the purposes of calculating Local Capacity.

(3) To calculate Real Receipts and EAV, the Department of Revenue shall supply to the State Superintendent the value as equalized or assessed by the Department of Revenue of all taxable property of every Organizational Unit, together with (i) the applicable tax rate used in extending taxes for the funds of the Organizational Unit as of September 30 of the previous year and (ii) the limiting rate for all Organizational Units subject to
property tax extension limitations as imposed under PTELL.

(A) The Department of Revenue shall add to the equalized assessed value of all taxable property of each Organizational Unit situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (i) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that Organizational Unit exceeds the total amount that would have been allowed in that Organizational Unit if the maximum reduction under Section 15-176 was (I) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (II) $5,000 in all counties in tax year 2004 and thereafter and (ii) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each Organizational Unit all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the
Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this subparagraph (A) that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of EAV shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this subparagraph (A) that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of EAV shall not be affected by the difference, if any, because of those additional exemptions.

(B) With respect to any part of an Organizational Unit within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Division 74.4 of Article 11 of the Illinois Municipal Code, or the Industrial
Jobs Recovery Law, Division 74.6 of Article 11 of the Illinois Municipal Code, no part of the current EAV of real property located in any such project area that is attributable to an increase above the total initial EAV of such property shall be used as part of the EAV of the Organizational Unit, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the EAV of the Organizational Unit, the total initial EAV or the current EAV, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(B-5) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value, as equalized or assessed by the Department of Revenue, for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a)
of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (B-5).

(C) For Organizational Units that are Hybrid Districts, the State Superintendent shall use the lesser of the adjusted equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, or the adjusted equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code.

(D) If a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board, for the purposes of calculating Evidence-Based Funding, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's equalized assessed valuation.

(4) An Organizational Unit's Adjusted EAV shall be the average of its EAV over the immediately preceding 3 years or the lesser of its EAV in the immediately preceding year or the average of its EAV over the immediately preceding 3 years if the EAV in the immediately preceding year has declined by 10% or more when comparing the 2 most recent years. In the event of Organizational Unit reorganization,
consolidation, or annexation, the Organizational Unit's Adjusted EAV for the first 3 years after such change shall be as follows: the most current EAV shall be used in the first year, the average of a 2-year EAV or its EAV in the immediately preceding year if the EAV declines by 10% or more when comparing the 2 most recent years for the second year, and the lesser of a 3-year average EAV or its EAV in the immediately preceding year if the Adjusted EAV declines by 10% or more when comparing the 2 most recent years for the third year. For any school district whose EAV in the immediately preceding year is used in calculations, in the following year, the Adjusted EAV shall be the average of its EAV over the immediately preceding 2 years or the immediately preceding year if that year represents a decline of 10% or more when comparing the 2 most recent years.

"PTELL EAV" means a figure calculated by the State Board for Organizational Units subject to PTELL as described in this paragraph (4) for the purposes of calculating an Organizational Unit's Local Capacity Ratio. Except as otherwise provided in this paragraph (4), the PTELL EAV of an Organizational Unit shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section and the Organizational Unit's Extension
Limitation Ratio. If an Organizational Unit has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the PTELL EAV shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section multiplied by an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the equalized assessed valuation of new property, annexed property, and recovered tax increment value and minus the equalized assessed valuation of disconnected property.

As used in this paragraph (4), "new property" and "recovered tax increment value" shall have the meanings set forth in the Property Tax Extension Limitation Law.

(e) Base Funding Minimum calculation.

(1) For the 2017-2018 school year, the Base Funding Minimum of an Organizational Unit or a Specially Funded Unit shall be the amount of State funds distributed to the Organizational Unit or Specially Funded Unit during the 2016-2017 school year prior to any adjustments and specified appropriation amounts described in this paragraph (1) from the following Sections, as calculated
by the State Superintendent: Section 18-8.05 of this Code (now repealed); Section 5 of Article 224 of Public Act 99-524 (equity grants); Section 14-7.02b of this Code (funding for children requiring special education services); Section 14-13.01 of this Code (special education facilities and staffing), except for reimbursement of the cost of transportation pursuant to Section 14-13.01; Section 14C-12 of this Code (English learners); and Section 18-4.3 of this Code (summer school), based on an appropriation level of $13,121,600.

For a school district organized under Article 34 of this Code, the Base Funding Minimum also includes (i) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to funding programs authorized by the Sections of this Code listed in the preceding sentence and (ii) the difference between (I) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to the funding programs authorized by Section 14-7.02 (non-public special education reimbursement), subsection (b) of Section 14-13.01 (special education transportation), Section 29-5 (transportation), Section 2-3.80 (agricultural education), Section 2-3.66 (truant's alternative education), Section 2-3.62 (educational service centers), and Section 14-7.03 (special education - orphanage) of this Code and Section 15 of the Childhood Hunger Relief
Act (free breakfast program) and (II) the school
district's actual expenditures for its non-public special
education, special education transportation, transportation programs, agricultural education, truants'
alternative education, services that would otherwise be
performed by a regional office of education, special
education orphanage expenditures, and free breakfast, as
most recently calculated and reported pursuant to
subsection (f) of Section 1D-1 of this Code. The Base
Funding Minimum for Glenwood Academy shall be $952,014
$625,500. For programs operated by a regional office of
education or an intermediate service center, the Base
Funding Minimum must be the total amount of State funds
allocated to those programs in the 2018-2019 school year
and amounts provided pursuant to Article 34 of Public Act
100-586 and Section 3-16 of this Code. All programs
established after June 5, 2019 (the effective date of
Public Act 101-10) and administered by a regional office
of education or an intermediate service center must have
an initial Base Funding Minimum set to an amount equal to
the first-year ASE multiplied by the amount of per pupil
funding received in the previous school year by the lowest
funded similar existing program type. If the enrollment
for a program operated by a regional office of education
or an intermediate service center is zero, then it may not
receive Base Funding Minimum funds for that program in the
next fiscal year, and those funds must be distributed to Organizational Units under subsection (g).

(2) For the 2018-2019 and subsequent school years, the Base Funding Minimum of Organizational Units and Specially Funded Units shall be the sum of (i) the amount of Evidence-Based Funding for the prior school year, (ii) the Base Funding Minimum for the prior school year, and (iii) any amount received by a school district pursuant to Section 7 of Article 97 of Public Act 100-21.

For the 2022-2023 school year, the Base Funding Minimum of Organizational Units shall be the amounts recalculated by the State Board of Education for Fiscal Year 2019 through Fiscal Year 2022 that were necessary due to average student enrollment errors for districts organized under Article 34 of this Code, plus the Fiscal Year 2022 property tax relief grants provided under Section 2-3.170 of this Code, ensuring each Organizational Unit has the correct amount of resources for Fiscal Year 2023 Evidence-Based Funding calculations and that Fiscal Year 2023 Evidence-Based Funding Distributions are made in accordance with this Section.

(3) Subject to approval by the General Assembly as provided in this paragraph (3), an Organizational Unit that meets all of the following criteria, as determined by the State Board, shall have District Intervention Money added to its Base Funding Minimum at the time the Base
Funding Minimum is calculated by the State Board:

(A) The Organizational Unit is operating under an Independent Authority under Section 2-3.25f-5 of this Code for a minimum of 4 school years or is subject to the control of the State Board pursuant to a court order for a minimum of 4 school years.

(B) The Organizational Unit was designated as a Tier 1 or Tier 2 Organizational Unit in the previous school year under paragraph (3) of subsection (g) of this Section.

(C) The Organizational Unit demonstrates sustainability through a 5-year financial and strategic plan.

(D) The Organizational Unit has made sufficient progress and achieved sufficient stability in the areas of governance, academic growth, and finances.

As part of its determination under this paragraph (3), the State Board may consider the Organizational Unit's summative designation, any accreditations of the Organizational Unit, or the Organizational Unit's financial profile, as calculated by the State Board.

If the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3), it must submit a report to the General Assembly, no later than January 2 of the fiscal year in which the State Board makes it determination, on the amount of District
Intervention Money to add to the Organizational Unit's Base Funding Minimum. The General Assembly must review the State Board's report and may approve or disapprove, by joint resolution, the addition of District Intervention Money. If the General Assembly fails to act on the report within 40 calendar days from the receipt of the report, the addition of District Intervention Money is deemed approved. If the General Assembly approves the amount of District Intervention Money to be added to the Organizational Unit's Base Funding Minimum, the District Intervention Money must be added to the Base Funding Minimum annually thereafter.

For the first 4 years following the initial year that the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3) and has received funding under this Section, the Organizational Unit must annually submit to the State Board, on or before November 30, a progress report regarding its financial and strategic plan under subparagraph (C) of this paragraph (3). The plan shall include the financial data from the past 4 annual financial reports or financial audits that must be presented to the State Board by November 15 of each year and the approved budget financial data for the current year. The plan shall be developed according to the guidelines presented to the Organizational Unit by the State Board. The plan shall further include financial
projections for the next 3 fiscal years and include a discussion and financial summary of the Organizational Unit's facility needs. If the Organizational Unit does not demonstrate sufficient progress toward its 5-year plan or if it has failed to file an annual financial report, an annual budget, a financial plan, a deficit reduction plan, or other financial information as required by law, the State Board may establish a Financial Oversight Panel under Article 1H of this Code. However, if the Organizational Unit already has a Financial Oversight Panel, the State Board may extend the duration of the Panel.

(f) Percent of Adequacy and Final Resources calculation.

(1) The Evidence-Based Funding formula establishes a Percent of Adequacy for each Organizational Unit in order to place such units into tiers for the purposes of the funding distribution system described in subsection (g) of this Section. Initially, an Organizational Unit's Preliminary Resources and Preliminary Percent of Adequacy are calculated pursuant to paragraph (2) of this subsection (f). Then, an Organizational Unit's Final Resources and Final Percent of Adequacy are calculated to account for the Organizational Unit's poverty concentration levels pursuant to paragraphs (3) and (4) of this subsection (f).

(2) An Organizational Unit's Preliminary Resources are
equal to the sum of its Local Capacity Target, CPPRT, and Base Funding Minimum. An Organizational Unit's Preliminary Percent of Adequacy is the lesser of (i) its Preliminary Resources divided by its Adequacy Target or (ii) 100%.

(3) Except for Specially Funded Units, an Organizational Unit's Final Resources are equal to the sum of its Local Capacity, CPPRT, and Adjusted Base Funding Minimum. The Base Funding Minimum of each Specially Funded Unit shall serve as its Final Resources, except that the Base Funding Minimum for State-approved charter schools shall not include any portion of general State aid allocated in the prior year based on the per capita tuition charge times the charter school enrollment.

(4) An Organizational Unit's Final Percent of Adequacy is its Final Resources divided by its Adequacy Target. An Organizational Unit's Adjusted Base Funding Minimum is equal to its Base Funding Minimum less its Supplemental Grant Funding, with the resulting figure added to the product of its Supplemental Grant Funding and Preliminary Percent of Adequacy.

(g) Evidence-Based Funding formula distribution system.

(1) In each school year under the Evidence-Based Funding formula, each Organizational Unit receives funding equal to the sum of its Base Funding Minimum and the unit's allocation of New State Funds determined pursuant to this subsection (g). To allocate New State Funds, the
Evidence-Based Funding formula distribution system first places all Organizational Units into one of 4 tiers in accordance with paragraph (3) of this subsection (g), based on the Organizational Unit's Final Percent of Adequacy. New State Funds are allocated to each of the 4 tiers as follows: Tier 1 Aggregate Funding equals 50% of all New State Funds, Tier 2 Aggregate Funding equals 49% of all New State Funds, Tier 3 Aggregate Funding equals 0.9% of all New State Funds, and Tier 4 Aggregate Funding equals 0.1% of all New State Funds. Each Organizational Unit within Tier 1 or Tier 2 receives an allocation of New State Funds equal to its tier Funding Gap, as defined in the following sentence, multiplied by the tier's Allocation Rate determined pursuant to paragraph (4) of this subsection (g). For Tier 1, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as specified in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources. For Tier 2, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as described in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources and its Tier 1 funding allocation. To determine the Organizational Unit's Funding Gap, the resulting
amount is then multiplied by a factor equal to one minus the Organizational Unit's Local Capacity Target percentage. Each Organizational Unit within Tier 3 or Tier 4 receives an allocation of New State Funds equal to the product of its Adequacy Target and the tier's Allocation Rate, as specified in paragraph (4) of this subsection (g).

(2) To ensure equitable distribution of dollars for all Tier 2 Organizational Units, no Tier 2 Organizational Unit shall receive fewer dollars per ASE than any Tier 3 Organizational Unit. Each Tier 2 and Tier 3 Organizational Unit shall have its funding allocation divided by its ASE. Any Tier 2 Organizational Unit with a funding allocation per ASE below the greatest Tier 3 allocation per ASE shall get a funding allocation equal to the greatest Tier 3 funding allocation per ASE multiplied by the Organizational Unit's ASE. Each Tier 2 Organizational Unit's Tier 2 funding allocation shall be multiplied by the percentage calculated by dividing the original Tier 2 Aggregate Funding by the sum of all Tier 2 Organizational Units' Tier 2 funding allocation after adjusting districts' funding below Tier 3 levels.

(3) Organizational Units are placed into one of 4 tiers as follows:

(A) Tier 1 consists of all Organizational Units, except for Specially Funded Units, with a Percent of
Adequacy less than the Tier 1 Target Ratio. The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed, with the Tier 1 Allocation Rate determined pursuant to paragraph (4) of this subsection (g).

(B) Tier 2 consists of all Tier 1 Units and all other Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of less than 0.90.

(C) Tier 3 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of at least 0.90 and less than 1.0.

(D) Tier 4 consists of all Organizational Units with a Percent of Adequacy of at least 1.0.

(4) The Allocation Rates for Tiers 1 through 4 are determined as follows:

(A) The Tier 1 Allocation Rate is 30%.

(B) The Tier 2 Allocation Rate is the result of the following equation: Tier 2 Aggregate Funding, divided by the sum of the Funding Gaps for all Tier 2 Organizational Units, unless the result of such equation is higher than 1.0. If the result of such equation is higher than 1.0, then the Tier 2 Allocation Rate is 1.0.

(C) The Tier 3 Allocation Rate is the result of the following equation: Tier 3 Aggregate Funding, divided
by the sum of the Adequacy Targets of all Tier 3 Organizational Units.

(D) The Tier 4 Allocation Rate is the result of the following equation: Tier 4 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 4 Organizational Units.

(5) A tier's Target Ratio is determined as follows:

(A) The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed with the Tier 1 Allocation Rate.

(B) The Tier 2 Target Ratio is 0.90.

(C) The Tier 3 Target Ratio is 1.0.

(6) If, at any point, the Tier 1 Target Ratio is greater than 90%, then all Tier 1 funding shall be allocated to Tier 2 and no Tier 1 Organizational Unit's funding may be identified.

(7) In the event that all Tier 2 Organizational Units receive funding at the Tier 2 Target Ratio level, any remaining New State Funds shall be allocated to Tier 3 and Tier 4 Organizational Units.

(8) If any Specially Funded Units, excluding Glenwood Academy, recognized by the State Board do not qualify for direct funding following the implementation of Public Act 100-465 from any of the funding sources included within the definition of Base Funding Minimum, the unqualified portion of the Base Funding Minimum shall be transferred
to one or more appropriate Organizational Units as determined by the State Superintendent based on the prior year ASE of the Organizational Units.

(8.5) If a school district withdraws from a special education cooperative, the portion of the Base Funding Minimum that is attributable to the school district may be redistributed to the school district upon withdrawal. The school district and the cooperative must include the amount of the Base Funding Minimum that is to be reapportioned in their withdrawal agreement and notify the State Board of the change with a copy of the agreement upon withdrawal.

(9) The Minimum Funding Level is intended to establish a target for State funding that will keep pace with inflation and continue to advance equity through the Evidence-Based Funding formula. The target for State funding of New Property Tax Relief Pool Funds is $50,000,000 for State fiscal year 2019 and subsequent State fiscal years. The Minimum Funding Level is equal to $350,000,000. In addition to any New State Funds, no more than $50,000,000 New Property Tax Relief Pool Funds may be counted toward the Minimum Funding Level. If the sum of New State Funds and applicable New Property Tax Relief Pool Funds are less than the Minimum Funding Level, than funding for tiers shall be reduced in the following manner:
(A) First, Tier 4 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds until such time as Tier 4 funding is exhausted.

(B) Next, Tier 3 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 funding until such time as Tier 3 funding is exhausted.

(C) Next, Tier 2 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 and Tier 3.

(D) Finally, Tier 1 funding shall be reduced by an amount equal to the difference between the Minimum Funding level and New State Funds and the reduction in Tier 2, 3, and 4 funding. In addition, the Allocation Rate for Tier 1 shall be reduced to a percentage equal to the Tier 1 Allocation Rate set by paragraph (4) of this subsection (g), multiplied by the result of New State Funds divided by the Minimum Funding Level.

(9.5) For State fiscal year 2019 and subsequent State fiscal years, if New State Funds exceed $300,000,000, then any amount in excess of $300,000,000 shall be dedicated for purposes of Section 2-3.170 of this Code up to a maximum of $50,000,000.
(10) In the event of a decrease in the amount of the appropriation for this Section in any fiscal year after implementation of this Section, the Organizational Units receiving Tier 1 and Tier 2 funding, as determined under paragraph (3) of this subsection (g), shall be held harmless by establishing a Base Funding Guarantee equal to the per pupil kindergarten through grade 12 funding received in accordance with this Section in the prior fiscal year. Reductions shall be made to the Base Funding Minimum of Organizational Units in Tier 3 and Tier 4 on a per pupil basis equivalent to the total number of the ASE in Tier 3-funded and Tier 4-funded Organizational Units divided by the total reduction in State funding. The Base Funding Minimum as reduced shall continue to be applied to Tier 3 and Tier 4 Organizational Units and adjusted by the relative formula when increases in appropriations for this Section resume. In no event may State funding reductions to Organizational Units in Tier 3 or Tier 4 exceed an amount that would be less than the Base Funding Minimum established in the first year of implementation of this Section. If additional reductions are required, all school districts shall receive a reduction by a per pupil amount equal to the aggregate additional appropriation reduction divided by the total ASE of all Organizational Units.

(11) The State Superintendent shall make minor adjustments to the distribution formula set forth in this
subsection (g) to account for the rounding of percentages to the nearest tenth of a percentage and dollar amounts to the nearest whole dollar.

(h) State Superintendent administration of funding and district submission requirements.

(1) The State Superintendent shall, in accordance with appropriations made by the General Assembly, meet the funding obligations created under this Section.

(2) The State Superintendent shall calculate the Adequacy Target for each Organizational Unit under this Section. No Evidence-Based Funding shall be distributed within an Organizational Unit without the approval of the unit's school board.

(3) Annually, the State Superintendent shall calculate and report to each Organizational Unit the unit's aggregate financial adequacy amount, which shall be the sum of the Adequacy Target for each Organizational Unit. The State Superintendent shall calculate and report separately for each Organizational Unit the unit's total State funds allocated for its students with disabilities. The State Superintendent shall calculate and report separately for each Organizational Unit the amount of funding and applicable FTE calculated for each Essential Element of the unit's Adequacy Target.

(4) Annually, the State Superintendent shall calculate and report to each Organizational Unit the amount the unit
must expend on special education and bilingual education and computer technology and equipment for Organizational Units assigned to Tier 1 or Tier 2 that received an additional $285.50 per student computer technology and equipment investment grant to their Adequacy Target pursuant to the unit's Base Funding Minimum, Special Education Allocation, Bilingual Education Allocation, and computer technology and equipment investment allocation.

(5) Moneys distributed under this Section shall be calculated on a school year basis, but paid on a fiscal year basis, with payments beginning in August and extending through June. Unless otherwise provided, the moneys appropriated for each fiscal year shall be distributed in 22 equal payments at least 2 times monthly to each Organizational Unit. If moneys appropriated for any fiscal year are distributed other than monthly, the distribution shall be on the same basis for each Organizational Unit.

(6) Any school district that fails, for any given school year, to maintain school as required by law or to maintain a recognized school is not eligible to receive Evidence-Based Funding. In case of non-recognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion that the enrollment in the attendance center or centers bears to the enrollment
of the school district. "Recognized school" means any public school that meets the standards for recognition by the State Board. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim that was filed while it was recognized.

(7) School district claims filed under this Section are subject to Sections 18-9 and 18-12 of this Code, except as otherwise provided in this Section.

(8) Each fiscal year, the State Superintendent shall calculate for each Organizational Unit an amount of its Base Funding Minimum and Evidence-Based Funding that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner that ensures compliance with maintenance of State financial support requirements under the federal Individuals with Disabilities Education Act. An Organizational Unit must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board.

(9) All Organizational Units in this State must submit annual spending plans by the end of September of each year to the State Board as part of the annual budget process, which shall describe how each Organizational Unit will
utilize the Base Funding Minimum and Evidence-Based Funding it receives from this State under this Section with specific identification of the intended utilization of Low-Income, English learner, and special education resources. Additionally, the annual spending plans of each Organizational Unit shall describe how the Organizational Unit expects to achieve student growth and how the Organizational Unit will achieve State education goals, as defined by the State Board. The State Superintendent may, from time to time, identify additional requisites for Organizational Units to satisfy when compiling the annual spending plans required under this subsection (h). The format and scope of annual spending plans shall be developed by the State Superintendent and the State Board of Education. School districts that serve students under Article 14C of this Code shall continue to submit information as required under Section 14C-12 of this Code.

(10) No later than January 1, 2018, the State Superintendent shall develop a 5-year strategic plan for all Organizational Units to help in planning for adequacy funding under this Section. The State Superintendent shall submit the plan to the Governor and the General Assembly, as provided in Section 3.1 of the General Assembly Organization Act. The plan shall include recommendations for:

(A) a framework for collaborative, professional,
innovative, and 21st century learning environments using the Evidence-Based Funding model;

(B) ways to prepare and support this State's educators for successful instructional careers;

(C) application and enhancement of the current financial accountability measures, the approved State plan to comply with the federal Every Student Succeeds Act, and the Illinois Balanced Accountability Measures in relation to student growth and elements of the Evidence-Based Funding model; and

(D) implementation of an effective school adequacy funding system based on projected and recommended funding levels from the General Assembly.

(11) On an annual basis, the State Superintendent must recalibrate all of the following per pupil elements of the Adequacy Target and applied to the formulas, based on the study of average expenses and as reported in the most recent annual financial report:

(A) Gifted under subparagraph (M) of paragraph (2) of subsection (b).

(B) Instructional materials under subparagraph (O) of paragraph (2) of subsection (b).

(C) Assessment under subparagraph (P) of paragraph (2) of subsection (b).

(D) Student activities under subparagraph (R) of paragraph (2) of subsection (b).
(E) Maintenance and operations under subparagraph (S) of paragraph (2) of subsection (b).

(F) Central office under subparagraph (T) of paragraph (2) of subsection (b).

(i) Professional Review Panel.

(1) A Professional Review Panel is created to study and review topics related to the implementation and effect of Evidence-Based Funding, as assigned by a joint resolution or Public Act of the General Assembly or a motion passed by the State Board of Education. The Panel must provide recommendations to and serve the Governor, the General Assembly, and the State Board. The State Superintendent or his or her designee must serve as a voting member and chairperson of the Panel. The State Superintendent must appoint a vice chairperson from the membership of the Panel. The Panel must advance recommendations based on a three-fifths majority vote of Panel members present and voting. A minority opinion may also accompany any recommendation of the Panel. The Panel shall be appointed by the State Superintendent, except as otherwise provided in paragraph (2) of this subsection (i) and include the following members:

(A) Two appointees that represent district superintendents, recommended by a statewide organization that represents district superintendents.

(B) Two appointees that represent school boards,
recommended by a statewide organization that represents school boards.

(C) Two appointees from districts that represent school business officials, recommended by a statewide organization that represents school business officials.

(D) Two appointees that represent school principals, recommended by a statewide organization that represents school principals.

(E) Two appointees that represent teachers, recommended by a statewide organization that represents teachers.

(F) Two appointees that represent teachers, recommended by another statewide organization that represents teachers.

(G) Two appointees that represent regional superintendents of schools, recommended by organizations that represent regional superintendents.

(H) Two independent experts selected solely by the State Superintendent.

(I) Two independent experts recommended by public universities in this State.

(J) One member recommended by a statewide organization that represents parents.

(K) Two representatives recommended by collective impact organizations that represent major metropolitan
areas or geographic areas in Illinois.

(L) One member from a statewide organization focused on research-based education policy to support a school system that prepares all students for college, a career, and democratic citizenship.

(M) One representative from a school district organized under Article 34 of this Code.

The State Superintendent shall ensure that the membership of the Panel includes representatives from school districts and communities reflecting the geographic, socio-economic, racial, and ethnic diversity of this State. The State Superintendent shall additionally ensure that the membership of the Panel includes representatives with expertise in bilingual education and special education. Staff from the State Board shall staff the Panel.

(2) In addition to those Panel members appointed by the State Superintendent, 4 members of the General Assembly shall be appointed as follows: one member of the House of Representatives appointed by the Speaker of the House of Representatives, one member of the Senate appointed by the President of the Senate, one member of the House of Representatives appointed by the Minority Leader of the House of Representatives, and one member of the Senate appointed by the Minority Leader of the Senate. There shall be one additional member appointed by the
Governor. All members appointed by legislative leaders or
the Governor shall be non-voting, ex officio members.

(3) The Panel must study topics at the direction of
the General Assembly or State Board of Education, as
provided under paragraph (1). The Panel may also study the
following topics at the direction of the chairperson:

(A) The format and scope of annual spending plans
referenced in paragraph (9) of subsection (h) of this
Section.

(B) The Comparable Wage Index under this Section.

(C) Maintenance and operations, including capital
maintenance and construction costs.

(D) "At-risk student" definition.

(E) Benefits.

(F) Technology.

(G) Local Capacity Target.

(H) Funding for Alternative Schools, Laboratory
Schools, safe schools, and alternative learning
opportunities programs.

(I) Funding for college and career acceleration
strategies.

(J) Special education investments.

(K) Early childhood investments, in collaboration
with the Illinois Early Learning Council.

(4) (Blank).

(5) Within 5 years after the implementation of this
Section, and every 5 years thereafter, the Panel shall complete an evaluative study of the entire Evidence-Based Funding model, including an assessment of whether or not the formula is achieving State goals. The Panel shall report to the State Board, the General Assembly, and the Governor on the findings of the study.

(6) (Blank).

(7) To ensure that (i) the Adequacy Target calculation under subsection (b) accurately reflects the needs of students living in poverty or attending schools located in areas of high poverty, (ii) racial equity within the Evidence-Based Funding formula is explicitly explored and advanced, and (iii) the funding goals of the formula distribution system established under this Section are sufficient to provide adequate funding for every student and to fully fund every school in this State, the Panel shall review the Essential Elements under paragraph (2) of subsection (b). The Panel shall consider all of the following in its review:

(A) The financial ability of school districts to provide instruction in a foreign language to every student and whether an additional Essential Element should be added to the formula to ensure that every student has access to instruction in a foreign language.

(B) The adult-to-student ratio for each Essential
Element in which a ratio is identified. The Panel shall consider whether the ratio accurately reflects the staffing needed to support students living in poverty or who have traumatic backgrounds.

(C) Changes to the Essential Elements that may be required to better promote racial equity and eliminate structural racism within schools.

(D) The impact of investing $350,000,000 in additional funds each year under this Section and an estimate of when the school system will become fully funded under this level of appropriation.

(E) Provide an overview of alternative funding structures that would enable the State to become fully funded at an earlier date.

(F) The potential to increase efficiency and to find cost savings within the school system to expedite the journey to a fully funded system.

(G) The appropriate levels for reenrolling and graduating high-risk high school students who have been previously out of school. These outcomes shall include enrollment, attendance, skill gains, credit gains, graduation or promotion to the next grade level, and the transition to college, training, or employment, with an emphasis on progressively increasing the overall attendance.

(H) The evidence-based or research-based practices
that are shown to reduce the gaps and disparities experienced by African American students in academic achievement and educational performance, including practices that have been shown to reduce disparities in disciplinary rates, drop-out rates, graduation rates, college matriculation rates, and college completion rates.

On or before December 31, 2021, the Panel shall report to the State Board, the General Assembly, and the Governor on the findings of its review. This paragraph (7) is inoperative on and after July 1, 2022.

(8) On or before April 1, 2024, the Panel must submit a report to the General Assembly on annual adjustments to Glenwood Academy’s base-funding minimum in a similar fashion to school districts under this Section.

(j) References. Beginning July 1, 2017, references in other laws to general State aid funds or calculations under Section 18-8.05 of this Code (now repealed) shall be deemed to be references to evidence-based model formula funds or calculations under this Section.

Sec. 27-23.1. Parenting education.

(a) The State Board of Education must assist each school district that offers an evidence-based parenting education model. School districts may provide instruction in parenting education for grades 6 through 12 and include such instruction in the courses of study regularly taught therein. School districts may give regular school credit for satisfactory completion by the student of such courses.

As used in this subsection (a), "parenting education" means and includes instruction in the following:

1. Child growth and development, including prenatal development.
2. Childbirth and child care.
3. Family structure, function and management.
4. Prenatal and postnatal care for mothers and infants.
6. The physical, mental, emotional, social, economic and psychological aspects of interpersonal and family relationships.
7. Parenting skill development.

The State Board of Education shall assist those districts offering parenting education instruction, upon request, in developing instructional materials, training teachers, and establishing appropriate time allotments for each of the areas.
School districts may offer parenting education courses during that period of the day which is not part of the regular school day. Residents of the school district may enroll in such courses. The school board may establish fees and collect such charges as may be necessary for attendance at such courses in an amount not to exceed the per capita cost of the operation thereof, except that the board may waive all or part of such charges if it determines that the individual is indigent or that the educational needs of the individual requires his or her attendance at such courses.

(b) Beginning with the 2019-2020 school year, from appropriations made for the purposes of this Section, the State Board of Education shall implement and administer a 7-year 3-year pilot program supporting the health and wellness student-learning requirement by utilizing a unit of instruction on parenting education in participating school districts that maintain grades 9 through 12, to be determined by the participating school districts. The program is encouraged to include, but is not be limited to, instruction on (i) family structure, function, and management, (ii) the prevention of child abuse, (iii) the physical, mental, emotional, social, economic, and psychological aspects of interpersonal and family relationships, and (iv) parenting education competency development that is aligned to the social and emotional learning standards of the student's grade level.
Instruction under this subsection (b) may be included in the Comprehensive Health Education Program set forth under Section 3 of the Critical Health Problems and Comprehensive Health Education Act. The State Board of Education is authorized to make grants to school districts that apply to participate in the pilot program under this subsection (b). The State Board of Education shall by rule provide for the form of the application and criteria to be used and applied in selecting participating urban, suburban, and rural school districts. The provisions of this subsection (b), other than this sentence, are inoperative at the conclusion of the pilot program. (Source: P.A. 100-1043, eff. 8-23-18.)

Section 5-100. The School Construction Law is amended by changing Section 5-300 as follows:

(105 ILCS 230/5-300)
Sec. 5-300. Early childhood construction grants.
(a) The Capital Development Board is authorized to make grants to public school districts and not-for-profit entities for early childhood construction projects, except that in fiscal year 2024 those grants may be made only to public school districts. These grants shall be paid out of moneys appropriated for that purpose from the School Construction Fund, the Build Illinois Bond Fund, or the Rebuild Illinois Projects Fund. No grants may be awarded to entities providing
services within private residences. A public school district or other eligible entity must provide local matching funds in the following manner:

1. A public school district assigned to Tier 1 under Section 18-8.15 of the School Code or any other eligible entity in an area encompassed by that district must provide local matching funds in an amount equal to 3% of the grant awarded under this Section.

2. A public school district assigned to Tier 2 under Section 18-8.15 of the School Code or any other eligible entity in an area encompassed by that district must provide local matching funds in an amount equal to 7.5% of the grant awarded under this Section.

3. A public school district assigned to Tier 3 under Section 18-8.15 of the School Code or any other eligible entity in an area encompassed by that district must provide local matching funds in an amount equal to 8.75% of the grant awarded under this Section.

4. A public school district assigned to Tier 4 under Section 18-8.15 of the School Code or any other eligible entity in an area encompassed by that district must provide local matching funds in an amount equal to 10% of the grant awarded under this Section.

A public school district or other eligible entity has no entitlement to a grant under this Section.

(b) The Capital Development Board shall adopt rules to
implement this Section. These rules need not be the same as the
rules for school construction project grants or school
maintenance project grants. The rules may specify:

(1) the manner of applying for grants;
(2) project eligibility requirements;
(3) restrictions on the use of grant moneys;
(4) the manner in which school districts and other
eligible entities must account for the use of grant
moneys;
(5) requirements that new or improved facilities be
used for early childhood and other related programs for a
period of at least 10 years; and
(6) any other provision that the Capital Development
Board determines to be necessary or useful for the
administration of this Section.

(b-5) When grants are made to non-profit corporations for
the acquisition or construction of new facilities, the Capital
Development Board or any State agency it so designates shall
hold title to or place a lien on the facility for a period of
10 years after the date of the grant award, after which title
to the facility shall be transferred to the non-profit
corporation or the lien shall be removed, provided that the
non-profit corporation has complied with the terms of its
grant agreement. When grants are made to non-profit
corporations for the purpose of renovation or rehabilitation,
if the non-profit corporation does not comply with item (5) of
subsection (b) of this Section, the Capital Development Board or any State agency it so designates shall recover the grant pursuant to the procedures outlined in the Illinois Grant Funds Recovery Act.

(c) The Capital Development Board, in consultation with the State Board of Education, shall establish standards for the determination of priority needs concerning early childhood projects based on projects located in communities in the State with the greatest underserved population of young children, utilizing Census data and other reliable local early childhood service data.

(d) In each school year in which early childhood construction project grants are awarded, 20% of the total amount awarded shall be awarded to a school district with a population of more than 500,000, provided that the school district complies with the requirements of this Section and the rules adopted under this Section.

(Source: P.A. 102-16, eff. 6-17-21.)

Section 5-104. The Public Community College Act is amended by changing Section 2-16.02 as follows:

(110 ILCS 805/2-16.02) (from Ch. 122, par. 102-16.02)

Sec. 2-16.02. Grants. Any community college district that maintains a community college recognized by the State Board shall receive, when eligible, grants enumerated in this
Section. Funded semester credit hours or other measures or both as specified by the State Board shall be used to distribute grants to community colleges. Funded semester credit hours shall be defined, for purposes of this Section, as the greater of (1) the number of semester credit hours, or equivalent, in all funded instructional categories of students who have been certified as being in attendance at midterm during the respective terms of the base fiscal year or (2) the average of semester credit hours, or equivalent, in all funded instructional categories of students who have been certified as being in attendance at midterm during the respective terms of the base fiscal year and the 2 prior fiscal years. For purposes of this Section, "base fiscal year" means the fiscal year 2 years prior to the fiscal year for which the grants are appropriated. Such students shall have been residents of Illinois and shall have been enrolled in courses that are part of instructional program categories approved by the State Board and that are applicable toward an associate degree or certificate. Courses that are eligible for reimbursement are those courses for which the district pays 50% or more of the program costs from unrestricted revenue sources, with the exception of dual credit courses and courses offered by contract with the Department of Corrections in correctional institutions. For the purposes of this Section, "unrestricted revenue sources" means those revenues in which the provider of the revenue imposes no financial limitations upon the district
as it relates to the expenditure of the funds. Except for Fiscal Year 2012, base operating grants shall be paid based on rates per funded semester credit hour or equivalent calculated by the State Board for funded instructional categories using cost of instruction, enrollment, inflation, and other relevant factors. For Fiscal Year 2012, the allocations for base operating grants to community college districts shall be the same as they were in Fiscal Year 2011, reduced or increased proportionately according to the appropriation for base operating grants for Fiscal Year 2012.

Equalization grants shall be calculated by the State Board by determining a local revenue factor for each district by: (A) adding (1) each district's Corporate Personal Property Replacement Fund allocations from the base fiscal year or the average of the base fiscal year and prior year, whichever is less, divided by the applicable statewide average tax rate to (2) the district's most recently audited year's equalized assessed valuation or the average of the most recently audited year and prior year, whichever is less, (B) then dividing by the district's audited full-time equivalent resident students for the base fiscal year or the average for the base fiscal year and the 2 prior fiscal years, whichever is greater, and (C) then multiplying by the applicable statewide average tax rate. The State Board shall calculate a statewide weighted average threshold by applying the same methodology to the totals of all districts' Corporate Personal Property Tax
Replacement Fund allocations, equalized assessed valuations, and audited full-time equivalent district resident students and multiplying by the applicable statewide average tax rate. The difference between the statewide weighted average threshold and the local revenue factor, multiplied by the number of full-time equivalent resident students, shall determine the amount of equalization funding that each district is eligible to receive. A percentage factor, as determined by the State Board, may be applied to the statewide threshold as a method for allocating equalization funding. A minimum equalization grant of an amount per district as determined by the State Board shall be established for any community college district which qualifies for an equalization grant based upon the preceding criteria, but becomes ineligible for equalization funding, or would have received a grant of less than the minimum equalization grant, due to threshold prorations applied to reduce equalization funding. As of July 1, 2013, a community college district eligible to receive an equalization grant based upon the preceding criteria must maintain a minimum required combined in-district tuition and universal fee rate per semester credit hour equal to 70% of the State-average combined rate, as determined by the State Board, or the total revenue received by the community college district from combined in-district tuition and universal fees must be at least 30% of the total revenue received by the community college district, as determined by
the State Board, for equalization funding. As of July 1, 2004, a community college district must maintain a minimum required operating tax rate equal to at least 95% of its maximum authorized tax rate to qualify for equalization funding. This 95% minimum tax rate requirement shall be based upon the maximum operating tax rate as limited by the Property Tax Extension Limitation Law.

The State Board shall distribute such other grants as may be authorized or appropriated by the General Assembly. The State Board may adopt any rules necessary for the purposes of implementing and distributing funds pursuant to an authorized or appropriated grant.

Each community college district entitled to State grants under this Section must submit a report of its enrollment to the State Board not later than 30 days following the end of each semester or term in a format prescribed by the State Board. These semester credit hours, or equivalent, shall be certified by each district on forms provided by the State Board. Each district's certified semester credit hours, or equivalent, are subject to audit pursuant to Section 3-22.1.

The State Board shall certify, prepare, and submit monthly vouchers to the State Comptroller setting forth an amount equal to one-twelfth of the grants approved by the State Board for base operating grants and equalization grants. The State Board shall prepare and submit to the State Comptroller vouchers for payments of other grants as appropriated by the
General Assembly. If the amount appropriated for grants is different from the amount provided for such grants under this Act, the grants shall be proportionately reduced or increased accordingly.

For the purposes of this Section, "resident student" means a student in a community college district who maintains residency in that district or meets other residency definitions established by the State Board, and who was enrolled either in one of the approved instructional program categories in that district, or in another community college district to which the resident's district is paying tuition under Section 6-2 or with which the resident's district has entered into a cooperative agreement in lieu of such tuition. Students shall be classified as residents of the community college district without meeting the 30-day residency requirement of the district if they are currently residing in the district and are youth (i) who are currently under the legal guardianship of the Illinois Department of Children and Family Services or have recently been emancipated from the Department and (ii) who had previously met the 30-day residency requirement of the district but who had a placement change into a new community college district. The student, a caseworker or other personnel of the Department, or the student's attorney or guardian ad litem appointed under the Juvenile Court Act of 1987 shall provide the district with proof of current in-district residency.
For the purposes of this Section, a "full-time equivalent" student is equal to 30 semester credit hours.

The Illinois Community College Board Contracts and Grants Fund is hereby created in the State Treasury. Items of income to this fund shall include any grants, awards, endowments, or like proceeds, and where appropriate, other funds made available through contracts with governmental, public, and private agencies or persons. The General Assembly shall from time to time make appropriations payable from such fund for the support, improvement, and expenses of the State Board and Illinois community college districts.

Section 5-105. The Higher Education Student Assistance Act is amended by changing Sections 35 and 65.100 as follows:

(110 ILCS 947/35)
Sec. 35. Monetary award program.
(a) The Commission shall, each year, receive and consider applications for grant assistance under this Section. Subject to a separate appropriation for such purposes, an applicant is eligible for a grant under this Section when the Commission finds that the applicant:
(1) is a resident of this State and a citizen or permanent resident of the United States;
(2) is enrolled or has been accepted for enrollment in
a qualified institution for the purpose of obtaining a
degree, certificate, or other credential offered by the
institution, as applicable; and

(3) in the absence of grant assistance, will be
deterred by financial considerations from completing an
educational program at the qualified institution of his or
her choice.

(b) The Commission shall award renewals only upon the
student's application and upon the Commission's finding that
the applicant:

(1) has remained a student in good standing;

(2) remains a resident of this State; and

(3) is in a financial situation that continues to
warrant assistance.

(c) All grants shall be applicable only to tuition and
necessary fee costs. The Commission shall determine the grant
amount for each student, which shall not exceed the smallest
of the following amounts:

(1) subject to appropriation, $5,468 for fiscal year
2009, $5,968 for fiscal year 2010, $6,468 for fiscal year
2011 and each fiscal year thereafter through fiscal year
2022, and $8,508 for fiscal year 2023, and $10,896 for
fiscal year 2024 and each fiscal year thereafter, or such
lesser amount as the Commission finds to be available,
during an academic year;

(2) the amount which equals 2 semesters or 3 quarters
tuition and other necessary fees required generally by the
institution of all full-time undergraduate students; or

(3) such amount as the Commission finds to be
appropriate in view of the applicant's financial
resources.

Subject to appropriation, the maximum grant amount for
students not subject to subdivision (1) of this subsection (c)
must be increased by the same percentage as any increase made
by law to the maximum grant amount under subdivision (1) of
this subsection (c).

"Tuition and other necessary fees" as used in this Section
include the customary charge for instruction and use of
facilities in general, and the additional fixed fees charged
for specified purposes, which are required generally of
nongrant recipients for each academic period for which the
grant applicant actually enrolls, but do not include fees
payable only once or breakage fees and other contingent
deposits which are refundable in whole or in part. The
Commission may prescribe, by rule not inconsistent with this
Section, detailed provisions concerning the computation of
tuition and other necessary fees.

(d) No applicant, including those presently receiving
scholarship assistance under this Act, is eligible for
monetary award program consideration under this Act after
receiving a baccalaureate degree or the equivalent of 135
semester credit hours of award payments.
(d-5) In this subsection (d-5), "renewing applicant" means a student attending an institution of higher learning who received a Monetary Award Program grant during the prior academic year. Beginning with the processing of applications for the 2020-2021 academic year, the Commission shall annually publish a priority deadline date for renewing applicants. Subject to appropriation, a renewing applicant who files by the published priority deadline date shall receive a grant if he or she continues to meet the eligibility requirements under this Section. A renewing applicant's failure to apply by the priority deadline date established under this subsection (d-5) shall not disqualify him or her from receiving a grant if sufficient funding is available to provide awards after that date.

(e) The Commission, in determining the number of grants to be offered, shall take into consideration past experience with the rate of grant funds unclaimed by recipients. The Commission shall notify applicants that grant assistance is contingent upon the availability of appropriated funds.

(e-5) The General Assembly finds and declares that it is an important purpose of the Monetary Award Program to facilitate access to college both for students who pursue postsecondary education immediately following high school and for those who pursue postsecondary education later in life, particularly Illinoisans who are dislocated workers with financial need and who are seeking to improve their economic
position through education. For the 2015-2016 and 2016-2017 academic years, the Commission shall give additional and specific consideration to the needs of dislocated workers with the intent of allowing applicants who are dislocated workers an opportunity to secure financial assistance even if applying later than the general pool of applicants. The Commission's consideration shall include, in determining the number of grants to be offered, an estimate of the resources needed to serve dislocated workers who apply after the Commission initially suspends award announcements for the upcoming regular academic year, but prior to the beginning of that academic year. For the purposes of this subsection (e-5), a dislocated worker is defined as in the federal Workforce Innovation and Opportunity Act.

(f) (Blank).

(g) The Commission shall determine the eligibility of and make grants to applicants enrolled at qualified for-profit institutions in accordance with the criteria set forth in this Section. The eligibility of applicants enrolled at such for-profit institutions shall be limited as follows:

(1) Beginning with the academic year 1997, only to eligible first-time freshmen and first-time transfer students who have attained an associate degree.

(2) Beginning with the academic year 1998, only to eligible freshmen students, transfer students who have attained an associate degree, and students who receive a
grant under paragraph (1) for the academic year 1997 and
whose grants are being renewed for the academic year 1998.

(3) Beginning with the academic year 1999, to all
eligible students.

(h) The Commission may award a grant to an eligible
applicant enrolled at an Illinois public institution of higher
learning in a program that will culminate in the award of an
occupational or career and technical certificate as that term
is defined in 23 Ill. Adm. Code 1501.301.

(i) The Commission may adopt rules to implement this
Section.

(110 ILCS 947/65.100)

(Section scheduled to be repealed on October 1, 2024)
Sec. 65.100. AIM HIGH Grant Pilot Program.

(a) The General Assembly makes all of the following
findings:

(1) Both access and affordability are important
aspects of the Illinois Public Agenda for College and
Career Success report.

(2) This State is in the top quartile with respect to
the percentage of family income needed to pay for college.

(3) Research suggests that as loan amounts increase,
rather than an increase in grant amounts, the probability
of college attendance decreases.
There is further research indicating that socioeconomic status may affect the willingness of students to use loans to attend college.

Strategic use of tuition discounting can decrease the amount of loans that students must use to pay for tuition.

A modest, individually tailored tuition discount can make the difference in a student choosing to attend college and enhance college access for low-income and middle-income families.

Even if the federally calculated financial need for college attendance is met, the federally determined Expected Family Contribution can still be a daunting amount.

This State is the second largest exporter of students in the country.

When talented Illinois students attend universities in this State, the State and those universities benefit.

State universities in other states have adopted pricing and incentives that allow many Illinois residents to pay less to attend an out-of-state university than to remain in this State for college.

Supporting Illinois student attendance at Illinois public universities can assist in State efforts to maintain and educate a highly trained workforce.
Modest tuition discounts that are individually targeted and tailored can result in enhanced revenue for public universities.

By increasing a public university's capacity to strategically use tuition discounting, the public university will be capable of creating enhanced tuition revenue by increasing enrollment yields.

(b) In this Section:

"Eligible applicant" means a student from any high school in this State, whether or not recognized by the State Board of Education, who is engaged in a program of study that in due course will be completed by the end of the school year and who meets all of the qualifications and requirements under this Section.

"Tuition and other necessary fees" includes the customary charge for instruction and use of facilities in general and the additional fixed fees charged for specified purposes that are required generally of non-grant recipients for each academic period for which the grant applicant actually enrolls, but does not include fees payable only once or breakage fees and other contingent deposits that are refundable in whole or in part. The Commission may adopt, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(c) Beginning with the 2019-2020 academic year, each
public university may establish a merit-based scholarship pilot program known as the AIM HIGH Grant Pilot Program. Each year, the Commission shall receive and consider applications from public universities under this Section. Subject to appropriation and any tuition waiver limitation established by the Board of Higher Education, a public university campus may award a grant to a student under this Section if it finds that the applicant meets all of the following criteria:

(1) He or she is a resident of this State and a citizen or eligible noncitizen of the United States.

(2) He or she files a Free Application for Federal Student Aid and demonstrates financial need with a household income no greater than 8 6 times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2). The household income of the applicant at the time of initial application shall be deemed to be the household income of the applicant for the duration of the pilot program.

(3) He or she meets the minimum cumulative grade point average or ACT or SAT college admissions test score, as determined by the public university campus.

(4) He or she is enrolled in a public university as an undergraduate student on a full-time basis.

(5) He or she has not yet received a baccalaureate degree or the equivalent of 135 semester credit hours.
(6) He or she is not incarcerated.

(7) He or she is not in default on any student loan or does not owe a refund or repayment on any State or federal grant or scholarship.

(8) Any other reasonable criteria, as determined by the public university campus.

(d) Each public university campus shall determine grant renewal criteria consistent with the requirements under this Section.

(e) Each participating public university campus shall post on its Internet website criteria and eligibility requirements for receiving awards that use funds under this Section that include a range in the sizes of these individual awards. The criteria and amounts must also be reported to the Commission and the Board of Higher Education, who shall post the information on their respective Internet websites.

(f) After enactment of an appropriation for this Program, the Commission shall determine an allocation of funds to each public university in an amount proportionate to the number of undergraduate students who are residents of this State and citizens or eligible noncitizens of the United States and who were enrolled at each public university campus in the previous academic year. All applications must be made to the Commission on or before a date determined by the Commission and on forms that the Commission shall provide to each public university campus. The form of the application and the information
required shall be determined by the Commission and shall include, without limitation, the total public university campus funds used to match funds received from the Commission in the previous academic year under this Section, if any, the total enrollment of undergraduate students who are residents of this State from the previous academic year, and any supporting documents as the Commission deems necessary. Each public university campus shall match the amount of funds received by the Commission with financial aid for eligible students.

A public university in which an average of at least 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years, as reported to the Commission, shall match 20% of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students. A public university in which an average of less than 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years, as reported to the Commission, shall match 60% of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students.

A public university campus is not required to claim its entire allocation. The Commission shall make available to all public universities, on a date determined by the Commission, any unclaimed funds and the funds must be made available to those public university campuses in the proportion determined
under this subsection (f), excluding from the calculation those public university campuses not claiming their full allocations.

Each public university campus may determine the award amounts for eligible students on an individual or broad basis, but, subject to renewal eligibility, each renewed award may not be less than the amount awarded to the eligible student in his or her first year attending the public university campus. Notwithstanding this limitation, a renewal grant may be reduced due to changes in the student's cost of attendance, including, but not limited to, if a student reduces the number of credit hours in which he or she is enrolled, but remains a full-time student, or switches to a course of study with a lower tuition rate.

An eligible applicant awarded grant assistance under this Section is eligible to receive other financial aid. Total grant aid to the student from all sources may not exceed the total cost of attendance at the public university campus.

(g) All money allocated to a public university campus under this Section may be used only for financial aid purposes for students attending the public university campus during the academic year, not including summer terms. Notwithstanding any other provision of law to the contrary, any funds received by a public university campus under this Section that are not granted to students in the academic year for which the funds are received may be retained by the public university campus.
for expenditure on students participating in the Program or
students eligible to participate in the Program.

(h) Each public university campus that establishes a
Program under this Section must annually report to the
Commission, on or before a date determined by the Commission,
the number of undergraduate students enrolled at that campus
who are residents of this State.

(i) Each public university campus must report to the
Commission the total non-loan financial aid amount given by
the public university campus to undergraduate students in the
2017-2018 academic year, not including the summer term. To be
eligible to receive funds under the Program, a public
university campus may not decrease the total amount of
non-loan financial aid it gives to undergraduate students, not
including any funds received from the Commission under this
Section or any funds used to match grant awards under this
Section, to an amount lower than the reported amount for the
2017-2018 academic year, not including the summer term.

(j) On or before a date determined by the Commission, each
public university campus that participates in the Program
under this Section shall annually submit a report to the
Commission with all of the following information:

(1) The Program's impact on tuition revenue and
enrollment goals and increase in access and affordability
at the public university campus.

(2) Total funds received by the public university
(3) Total non-loan financial aid awarded to undergraduate students attending the public university campus.

(4) Total amount of funds matched by the public university campus.

(5) Total amount of claimed and unexpended funds retained by the public university campus.

(6) The percentage of total financial aid distributed under the Program by the public university campus.

(7) The total number of students receiving grants from the public university campus under the Program and those students' grade level, race, gender, income level, family size, Monetary Award Program eligibility, Pell Grant eligibility, and zip code of residence and the amount of each grant award. This information shall include unit record data on those students regarding variables associated with the parameters of the public university's Program, including, but not limited to, a student's ACT or SAT college admissions test score, high school or university cumulative grade point average, or program of study.

On or before October 1, 2020 and annually on or before October 1 thereafter, the Commission shall submit a report with the findings under this subsection (j) and any other information regarding the AIM HIGH Grant Pilot Program to (i)
the Governor, (ii) the Speaker of the House of Representatives, (iii) the Minority Leader of the House of Representatives, (iv) the President of the Senate, and (v) the Minority Leader of the Senate. The reports to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct. The Commission's report may not disaggregate data to a level that may disclose personally identifying information of individual students.

The sharing and reporting of student data under this subsection (j) must be in accordance with the requirements under the federal Family Educational Rights and Privacy Act of 1974 and the Illinois School Student Records Act. All parties must preserve the confidentiality of the information as required by law. The names of the grant recipients under this Section are not subject to disclosure under the Freedom of Information Act.

Public university campuses that fail to submit a report under this subsection (j) or that fail to adhere to any other requirements under this Section may not be eligible for distribution of funds under the Program for the next academic year, but may be eligible for distribution of funds for each academic year thereafter.

(k) The Commission shall adopt rules to implement this Section.
(1) This Section is repealed on October 1, 2024.

Section 5-123. The Illinois Horse Racing Act of 1975 is amended by changing Sections 30 and 31 as follows:

(230 ILCS 5/30) (from Ch. 8, par. 37-30)

Sec. 30. (a) The General Assembly declares that it is the policy of this State to encourage the breeding of thoroughbred horses in this State and the ownership of such horses by residents of this State in order to provide for: sufficient numbers of high quality thoroughbred horses to participate in thoroughbred racing meetings in this State, and to establish and preserve the agricultural and commercial benefits of such breeding and racing industries to the State of Illinois. It is the intent of the General Assembly to further this policy by the provisions of this Act.

(b) Each organization licensee conducting a thoroughbred racing meeting pursuant to this Act shall provide at least two races each day limited to Illinois conceived and foaled horses or Illinois foaled horses or both. A minimum of 6 races shall be conducted each week limited to Illinois conceived and foaled or Illinois foaled horses or both. No horses shall be
permitted to start in such races unless duly registered under
the rules of the Department of Agriculture.

(c) Conditions of races under subsection (b) shall be
commensurate with past performance, quality, and class of
Illinois conceived and foaled and Illinois foaled horses
available. If, however, sufficient competition cannot be had
among horses of that class on any day, the races may, with
consent of the Board, be eliminated for that day and
substitute races provided.

(d) There is hereby created a special fund of the State
Treasury to be known as the Illinois Thoroughbred Breeders
Fund.

Beginning on June 28, 2019 (the effective date of Public
Act 101-31) this amendatory Act of the 101st General Assembly,
the Illinois Thoroughbred Breeders Fund shall become a
non-appropriated trust fund held separate from State moneys.
Expenditures from this Fund shall no longer be subject to
appropriation.

Except as provided in subsection (g) of Section 27 of this
Act, 8.5% of all the monies received by the State as privilege
taxes on Thoroughbred racing meetings shall be paid into the
Illinois Thoroughbred Breeders Fund.

Notwithstanding any provision of law to the contrary,
amounts deposited into the Illinois Thoroughbred Breeders Fund
from revenues generated by gaming pursuant to an organization
gaming license issued under the Illinois Gambling Act after
June 28, 2019 (the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly shall be in addition to tax and fee amounts paid under this Section for calendar year 2019 and thereafter.

  (e) The Illinois Thoroughbred Breeders Fund shall be administered by the Department of Agriculture with the advice and assistance of the Advisory Board created in subsection (f) of this Section.

  (f) The Illinois Thoroughbred Breeders Fund Advisory Board shall consist of the Director of the Department of Agriculture, who shall serve as Chairman; a member of the Illinois Racing Board, designated by it; 2 representatives of the organization licensees conducting thoroughbred racing meetings, recommended by them; 2 representatives of the Illinois Thoroughbred Breeders and Owners Foundation, recommended by it; one representative of the Horsemen's Benevolent Protective Association; and one representative from the Illinois Thoroughbred Horsemen's Association. organization failing to so recommend a member of the Advisory Board. Advisory Board members shall receive no compensation for their services as members but shall be reimbursed for all actual and necessary expenses and disbursements incurred in the execution of their official duties.

(g) Monies expended from the Illinois Thoroughbred Breeders Fund shall be expended by the Department of Agriculture, with the advice and assistance of the Illinois Thoroughbred Breeders Fund Advisory Board, for the following purposes only:

(1) To provide purse supplements to owners of horses participating in races limited to Illinois conceived and foaled and Illinois foaled horses. Any such purse supplements shall not be included in and shall be paid in addition to any purses, stakes, or breeders' awards offered by each organization licensee as determined by agreement between such organization licensee and an organization representing the horsemen. No monies from the Illinois Thoroughbred Breeders Fund shall be used to provide purse supplements for claiming races in which the minimum claiming price is less than $7,500.

(2) To provide stakes and awards to be paid to the owners of the winning horses in certain races limited to Illinois conceived and foaled and Illinois foaled horses designated as stakes races.

(2.5) To provide an award to the owner or owners of an

Awards shall also be provided to the owner or owners of Illinois conceived and foaled and Illinois foaled horses that place second or third in those races. To the extent that additional moneys are required to pay the minimum additional awards of 40% of the purse the horse earns for placing first, second or third in those races for Illinois foaled horses and of 60% of the purse the horse earns for placing first, second or third in those races for Illinois conceived and foaled horses, those moneys shall be provided from the purse account at the track where earned.

(3) To provide stallion awards to the owner or owners of any stallion that is duly registered with the Illinois Thoroughbred Breeders Fund Program whose duly registered Illinois conceived and foaled offspring wins a race conducted at an Illinois thoroughbred racing meeting other than a claiming race, provided that the stallion stood service within Illinois at the time the offspring was conceived and that the stallion did not stand for service outside of Illinois at any time during the year in which the offspring was conceived.

(4) To provide $75,000 annually for purses to be
distributed to county fairs that provide for the running of races during each county fair exclusively for the thoroughbreds conceived and foaled in Illinois. (i) A sum equal to 13% of the first prize money of every purse won by an Illinois foaled or Illinois conceived and foaled horse in races not limited to Illinois foaled horses or Illinois conceived and foaled horses, or both, shall be paid by the organization licensee conducting the horse race meeting. Such sum shall be paid 50% from the organization licensee's share of the money wagered and 50% from the purse account as follows: 11 1/2% to the breeder of the winning horse and 1 1/2% to the organization representing thoroughbred breeders and owners who representative serves on the Illinois Thoroughbred Breeders Fund Advisory Board for verifying the amounts of breeders' awards earned, ensuring their distribution in accordance with this Act, and servicing and promoting the Illinois thoroughbred horse racing industry. Beginning in the calendar year in which an organization licensee that is eligible to receive payments under paragraph (13) of subsection (g) of Section 26 of this Act begins to receive funds from gaming pursuant to an organization gaming license issued under the Illinois Gambling Act, a sum equal to 21 1/2% of the first prize money of every purse won by an Illinois foaled or an Illinois conceived and foaled horse in races not limited to an Illinois conceived and foaled horse,
or both, shall be paid 30% from the organization licensee's account and 70% from the purse account as follows: 20% to the breeder of the winning horse and 1 1/2% to the organization representing thoroughbred breeders and owners whose representatives serve on the Illinois Thoroughbred Breeders Fund Advisory Board for verifying the amounts of breeders' awards earned, ensuring their distribution in accordance with this Act, and servicing and promoting the Illinois Thoroughbred racing industry. The organization representing thoroughbred breeders and owners shall cause all expenditures of monies received under this subsection (i) to be audited at least annually by a registered public accountant. The organization shall file copies of each annual audit with the Racing Board, the Clerk of the House of Representatives and the Secretary of the Senate, and shall make copies of each annual audit available to the public upon request and upon payment of the reasonable cost of photocopying the requested number of copies. Such payments shall not reduce any award to the owner of the horse or reduce the taxes payable under this Act. Upon completion of its racing meet, each organization licensee shall deliver to the organization representing thoroughbred breeders and owners whose representative serves on the Illinois Thoroughbred Breeders Fund Advisory Board a listing of all the Illinois foaled and the Illinois conceived and foaled horses which won breeders' awards and the amount of such breeders' awards under this subsection to verify accuracy.
of payments and assures proper distribution of breeders' awards in accordance with the provisions of this Act. Such payments shall be delivered by the organization licensee within 30 days of the end of each race meeting.

(j) A sum equal to 13% of the first prize money won in every race limited to Illinois foaled horses or Illinois conceived and foaled horses, or both, shall be paid in the following manner by the organization licensee conducting the horse race meeting, 50% from the organization licensee's share of the money wagered and 50% from the purse account as follows: 11 1/2% to the breeders of the horses in each such race which are the official first, second, third, and fourth finishers and 1 1/2% to the organization representing thoroughbred breeders and owners whose representatives serve on the Illinois Thoroughbred Breeders Fund Advisory Board for verifying the amounts of breeders' awards earned, ensuring their proper distribution in accordance with this Act, and servicing and promoting the Illinois horse racing industry. Beginning in the calendar year in which an organization licensee that is eligible to receive payments under paragraph (13) of subsection (g) of Section 26 of this Act begins to receive funds from gaming pursuant to an organization gaming license issued under the Illinois Gambling Act, a sum of 21 1/2% of every purse in a race limited to Illinois foaled horses or Illinois conceived and foaled horses, or both, shall be paid by the organization licensee conducting the horse race
meeting. Such sum shall be paid 30% from the organization licensee's account and 70% from the purse account as follows: 20% to the breeders of the horses in each such race who are official first, second, third and fourth finishers and 1 1/2% to the organization representing thoroughbred breeders and owners whose representatives serve on the Illinois Thoroughbred Breeders Fund Advisory Board for verifying the amounts of breeders' awards earned, ensuring their proper distribution in accordance with this Act, and servicing and promoting the Illinois thoroughbred horse racing industry. The organization representing thoroughbred breeders and owners shall cause all expenditures of moneys received under this subsection (j) to be audited at least annually by a registered public accountant. The organization shall file copies of each annual audit with the Racing Board, the Clerk of the House of Representatives and the Secretary of the Senate, and shall make copies of each annual audit available to the public upon request and upon payment of the reasonable cost of photocopying the requested number of copies. The copies of the audit to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct.

The amounts paid to the breeders in accordance with this subsection shall be distributed as follows:

(1) 60% of such sum shall be paid to the breeder of the
horse which finishes in the official first position;

(2) 20% of such sum shall be paid to the breeder of the horse which finishes in the official second position;

(3) 15% of such sum shall be paid to the breeder of the horse which finishes in the official third position; and

(4) 5% of such sum shall be paid to the breeder of the horse which finishes in the official fourth position.

Such payments shall not reduce any award to the owners of a horse or reduce the taxes payable under this Act. Upon completion of its racing meet, each organization licensee shall deliver to the organization representing thoroughbred breeders and owners whose representative serves on the Illinois Thoroughbred Breeders Fund Advisory Board a listing of all the Illinois foaled and the Illinois conceived and foaled horses which won breeders' awards and the amount of such breeders' awards in accordance with the provisions of this Act. Such payments shall be delivered by the organization licensee within 30 days of the end of each race meeting.

(k) The term "breeder", as used herein, means the owner of the mare at the time the foal is dropped. An "Illinois foaled horse" is a foal dropped by a mare which enters this State on or before December 1, in the year in which the horse is bred, provided the mare remains continuously in this State until its foal is born. An "Illinois foaled horse" also means a foal born of a mare in the same year as the mare enters this State on or before March 1, and remains in this State at least 30 days
after foaling, is bred back during the season of the foaling to
an Illinois Registered Stallion (unless a veterinarian
certifies that the mare should not be bred for health
reasons), and is not bred to a stallion standing in any other
state during the season of foaling. An "Illinois foaled horse"
also means a foal born in Illinois of a mare purchased at
public auction subsequent to the mare entering this State on
or before March 1 of the foaling year providing the mare is
owned solely by one or more Illinois residents or an Illinois
entity that is entirely owned by one or more Illinois
residents.

(1) The Department of Agriculture shall, by rule, with the
advice and assistance of the Illinois Thoroughbred Breeders
Fund Advisory Board:

(1) Qualify stallions for Illinois breeding; such
stallions to stand for service within the State of
Illinois at the time of a foal's conception. Such stallion
must not stand for service at any place outside the State
of Illinois during the calendar year in which the foal is
conceived. The Department of Agriculture may assess and
collect an application fee of up to $500 for the
registration of Illinois-eligible stallions. All fees
collected are to be held in trust accounts for the
purposes set forth in this Act and in accordance with
Section 205-15 of the Department of Agriculture Law.

(2) Provide for the registration of Illinois conceived
and foaled horses and Illinois foaled horses. No such horse shall compete in the races limited to Illinois conceived and foaled horses or Illinois foaled horses or both unless registered with the Department of Agriculture. The Department of Agriculture may prescribe such forms as are necessary to determine the eligibility of such horses. The Department of Agriculture may assess and collect application fees for the registration of Illinois-eligible foals. All fees collected are to be held in trust accounts for the purposes set forth in this Act and in accordance with Section 205-15 of the Department of Agriculture Law. No person shall knowingly prepare or cause preparation of an application for registration of such foals containing false information.

(m) The Department of Agriculture, with the advice and assistance of the Illinois Thoroughbred Breeders Fund Advisory Board, shall provide that certain races limited to Illinois conceived and foaled and Illinois foaled horses be stakes races and determine the total amount of stakes and awards to be paid to the owners of the winning horses in such races.

In determining the stakes races and the amount of awards for such races, the Department of Agriculture shall consider factors, including but not limited to, the amount of money transferred into appropriated for the Illinois Thoroughbred Breeders Fund program, organization licensees' contributions, availability of stakes caliber horses as demonstrated by past
performances, whether the race can be coordinated into the proposed racing dates within organization licensees' racing dates, opportunity for colts and fillies and various age groups to race, public wagering on such races, and the previous racing schedule.

(n) The Board and the organization licensee shall notify the Department of the conditions and minimum purses for races limited to Illinois conceived and foaled and Illinois foaled horses conducted for each organization licensee conducting a thoroughbred racing meeting. The Department of Agriculture with the advice and assistance of the Illinois Thoroughbred Breeders Fund Advisory Board may allocate monies for purse supplements for such races. In determining whether to allocate money and the amount, the Department of Agriculture shall consider factors, including but not limited to, the amount of money transferred into appropriated for the Illinois Thoroughbred Breeders Fund program, the number of races that may occur, and the organization licensee's purse structure.

(230 ILCS 5/31) (from Ch. 8, par. 37-31)

Sec. 31. (a) The General Assembly declares that it is the policy of this State to encourage the breeding of standardbred horses in this State and the ownership of such horses by residents of this State in order to provide for: sufficient
numbers of high quality standardbred horses to participate in
harness racing meetings in this State, and to establish and
preserve the agricultural and commercial benefits of such
breeding and racing industries to the State of Illinois. It is
the intent of the General Assembly to further this policy by
the provisions of this Section of this Act.

(b) Each organization licensee conducting a harness racing
meeting pursuant to this Act shall provide for at least two
races each race program limited to Illinois conceived and
foaled horses. A minimum of 6 races shall be conducted each
week limited to Illinois conceived and foaled horses. No
horses shall be permitted to start in such races unless duly
registered under the rules of the Department of Agriculture.

(b-5) Organization licensees, not including the Illinois
State Fair or the DuQuoin State Fair, shall provide stake
races and early closer races for Illinois conceived and foaled
horses so that purses distributed for such races shall be no
less than 17% of total purses distributed for harness racing
in that calendar year in addition to any stakes payments and
starting fees contributed by horse owners.

(b-10) Each organization licensee conducting a harness
racing meeting pursuant to this Act shall provide an owner
award to be paid from the purse account equal to 12% of the
amount earned by Illinois conceived and foaled horses
finishing in the first 3 positions in races that are not
restricted to Illinois conceived and foaled horses. The owner
awards shall not be paid on races below the $10,000 claiming class.

(c) Conditions of races under subsection (b) shall be commensurate with past performance, quality and class of Illinois conceived and foaled horses available. If, however, sufficient competition cannot be had among horses of that class on any day, the races may, with consent of the Board, be eliminated for that day and substitute races provided.

(d) There is hereby created a special fund of the State Treasury to be known as the Illinois Standardbred Breeders Fund. Beginning on June 28, 2019 (the effective date of Public Act 101-31), the Illinois Standardbred Breeders Fund shall become a non-appropriated trust fund held separate and apart from State moneys. Expenditures from this Fund shall no longer be subject to appropriation.

During the calendar year 1981, and each year thereafter, except as provided in subsection (g) of Section 27 of this Act, eight and one-half per cent of all the monies received by the State as privilege taxes on harness racing meetings shall be paid into the Illinois Standardbred Breeders Fund.

(e) Notwithstanding any provision of law to the contrary, amounts deposited into the Illinois Standardbred Breeders Fund from revenues generated by gaming pursuant to an organization gaming license issued under the Illinois Gambling Act after June 28, 2019 (the effective date of Public Act 101-31) shall be in addition to tax and fee amounts paid under this Section
for calendar year 2019 and thereafter. The Illinois Standardbred Breeders Fund shall be administered by the Department of Agriculture with the assistance and advice of the Advisory Board created in subsection (f) of this Section.

(f) The Illinois Standardbred Breeders Fund Advisory Board is hereby created. The Advisory Board shall consist of the Director of the Department of Agriculture, who shall serve as Chairman; the Superintendent of the Illinois State Fair; a member of the Illinois Racing Board, designated by it; a representative of the largest association of Illinois standardbred owners and breeders, recommended by it; a representative of a statewide association representing agricultural fairs in Illinois, recommended by it, such representative to be from a fair at which Illinois conceived and foaled racing is conducted; a representative of the organization licensees conducting harness racing meetings, recommended by them; a representative of the Breeder's Committee of the association representing the largest number of standardbred owners, breeders, trainers, caretakers, and drivers, recommended by it; and a representative of the association representing the largest number of standardbred owners, breeders, trainers, caretakers, and drivers, recommended by it. Advisory Board members shall serve for 2 years commencing January 1 of each odd numbered year. If representatives of the largest association of Illinois standardbred owners and breeders, a statewide association of
agricultural fairs in Illinois, the association representing
the largest number of standardbred owners, breeders, trainers,
caretakers, and drivers, a member of the Breeder's Committee
of the association representing the largest number of
standardbred owners, breeders, trainers, caretakers, and
drivers, and the organization licensees conducting harness
racing meetings have not been recommended by January 1 of each
odd numbered year, the Director of the Department of
Agriculture shall make an appointment for the organization
failing to so recommend a member of the Advisory Board.
Advisory Board members shall receive no compensation for their
services as members but shall be reimbursed for all actual and
necessary expenses and disbursements incurred in the execution
of their official duties.

(g) Monies expended from the Illinois Standardbred
Breeders Fund shall be expended by the Department of
Agriculture, with the assistance and advice of the Illinois
Standardbred Breeders Fund Advisory Board for the following
purposes only:

1. To provide purses for races limited to Illinois
conceived and foaled horses at the State Fair and the
DuQuoin State Fair.

2. To provide purses for races limited to Illinois
conceived and foaled horses at county fairs.

3. To provide purse supplements for races limited to
Illinois conceived and foaled horses conducted by
associations conducting harness racing meetings.

4. No less than 75% of all monies in the Illinois Standardbred Breeders Fund shall be expended for purses in 1, 2, and 3 as shown above.

5. In the discretion of the Department of Agriculture to provide awards to harness breeders of Illinois conceived and foaled horses which win races conducted by organization licensees conducting harness racing meetings. A breeder is the owner of a mare at the time of conception. No more than 10% of all moneys transferred into monies appropriated from the Illinois Standardbred Breeders Fund shall be expended for such harness breeders awards. No more than 25% of the amount expended for harness breeders awards shall be expended for expenses incurred in the administration of such harness breeders awards.

6. To pay for the improvement of racing facilities located at the State Fair and County fairs.

7. To pay the expenses incurred in the administration of the Illinois Standardbred Breeders Fund.

8. To promote the sport of harness racing, including grants up to a maximum of $7,500 per fair per year for conducting pari-mutuel wagering during the advertised dates of a county fair.

9. To pay up to $50,000 annually for the Department of Agriculture to conduct drug testing at county fairs racing standardbred horses.
(h) The Illinois Standardbred Breeders Fund is not subject to administrative charges or chargebacks, including, but not limited to, those authorized under Section 8h of the State Finance Act.

(i) A sum equal to 13\% of the first prize money of the gross purse won by an Illinois conceived and foaled horse shall be paid 50\% by the organization licensee conducting the horse race meeting to the breeder of such winning horse from the organization licensee's account and 50\% from the purse account of the licensee. Such payment shall not reduce any award to the owner of the horse or reduce the taxes payable under this Act. Such payment shall be delivered by the organization licensee at the end of each quarter.

(j) The Department of Agriculture shall, by rule, with the assistance and advice of the Illinois Standardbred Breeders Fund Advisory Board:

1. Qualify stallions for Illinois Standardbred Breeders Fund breeding. Such stallion shall stand for service at and within the State of Illinois at the time of a foal's conception, and such stallion must not stand for service at any place outside the State of Illinois during that calendar year in which the foal is conceived. However, on and after January 1, 2018, semen from an Illinois stallion may be transported outside the State of Illinois.

2. Provide for the registration of Illinois conceived
and foaled horses and no such horse shall compete in the
races limited to Illinois conceived and foaled horses
unless registered with the Department of Agriculture. The
Department of Agriculture may prescribe such forms as may
be necessary to determine the eligibility of such horses.
No person shall knowingly prepare or cause preparation of
an application for registration of such foals containing
false information. A mare (dam) must be in the State at
least 30 days prior to foaling or remain in the State at
least 30 days at the time of foaling. However, the
requirement that a mare (dam) must be in the State at least
30 days before foaling or remain in the State at least 30
days at the time of foaling shall not be in effect from
January 1, 2018 until January 1, 2022. Beginning with the
1996 breeding season and for foals of 1997 and thereafter,
a foal conceived by transported semen may be eligible for
Illinois conceived and foaled registration provided all
breeding and foaling requirements are met. The stallion
must be qualified for Illinois Standardbred Breeders Fund
breeding at the time of conception. The foal must be
dropped in Illinois and properly registered with the
Department of Agriculture in accordance with this Act.
However, from January 1, 2018 until January 1, 2022, the
requirement for a mare to be inseminated within the State
of Illinois and the requirement for a foal to be dropped in
Illinois are inapplicable.
3. Provide that at least a 5-day racing program shall be conducted at the State Fair each year, unless an alternate racing program is requested by the Illinois Standardbred Breeders Fund Advisory Board, which program shall include at least the following races limited to Illinois conceived and foaled horses: (a) a 2-year-old Trot and Pace, and Filly Division of each; (b) a 3-year-old Trot and Pace, and Filly Division of each; (c) an aged Trot and Pace, and Mare Division of each.

4. Provide for the payment of nominating, sustaining and starting fees for races promoting the sport of harness racing and for the races to be conducted at the State Fair as provided in subsection (j) 3 of this Section provided that the nominating, sustaining and starting payment required from an entrant shall not exceed 2% of the purse of such race. All nominating, sustaining and starting payments shall be held for the benefit of entrants and shall be paid out as part of the respective purses for such races. Nominating, sustaining and starting fees shall be held in trust accounts for the purposes as set forth in this Act and in accordance with Section 205-15 of the Department of Agriculture Law.

5. Provide for the registration with the Department of Agriculture of Colt Associations or county fairs desiring to sponsor races at county fairs.

6. Provide for the promotion of producing standardbred
racehorses by providing a bonus award program for owners
of 2-year-old horses that win multiple major stakes races
that are limited to Illinois conceived and foaled horses.

(k) The Department of Agriculture, with the advice and
assistance of the Illinois Standardbred Breeders Fund Advisory
Board, may allocate monies for purse supplements for such
races. In determining whether to allocate money and the
amount, the Department of Agriculture shall consider factors,
including, but not limited to, the amount of money transferred
into appropriated for the Illinois Standardbred Breeders Fund
program, the number of races that may occur, and an
organization licensee's purse structure. The organization
licensee shall notify the Department of Agriculture of the
conditions and minimum purses for races limited to Illinois
conceived and foaled horses to be conducted by each
organization licensee conducting a harness racing meeting for
which purse supplements have been negotiated.

(l) All races held at county fairs and the State Fair which
receive funds from the Illinois Standardbred Breeders Fund
shall be conducted in accordance with the rules of the United
States Trotting Association unless otherwise modified by the
Department of Agriculture.

(m) At all standardbred race meetings held or conducted
under authority of a license granted by the Board, and at all
standardbred races held at county fairs which are approved by
the Department of Agriculture or at the Illinois or DuQuoin
State Fairs, no one shall jog, train, warm up or drive a standardbred horse unless he or she is wearing a protective safety helmet, with the chin strap fastened and in place, which meets the standards and requirements as set forth in the 1984 Standard for Protective Headgear for Use in Harness Racing and Other Equestrian Sports published by the Snell Memorial Foundation, or any standards and requirements for headgear the Illinois Racing Board may approve. Any other standards and requirements so approved by the Board shall equal or exceed those published by the Snell Memorial Foundation. Any equestrian helmet bearing the Snell label shall be deemed to have met those standards and requirements.

(i) The Agency is authorized to conduct household waste collection and disposal programs.

(j) A unit of local government, as defined in the Local Solid Waste Disposal Act, in which a solid waste disposal facility is located may establish a fee, tax, or surcharge with regard to the permanent disposal of solid waste. All fees, taxes, and surcharges collected under this subsection shall be utilized for solid waste management purposes, including long-term monitoring and maintenance of landfills, planning, implementation, inspection, enforcement and other activities consistent with the Solid Waste Management Act and the Local Solid Waste Disposal Act, or for any other environment-related purpose, including, but not limited to, an
environment-related public works project, but not for the
construction of a new pollution control facility other than a
household hazardous waste facility. However, the total fee,
tax or surcharge imposed by all units of local government
under this subsection (j) upon the solid waste disposal
facility shall not exceed:

(1) 60¢ per cubic yard if more than 150,000 cubic
yards of non-hazardous solid waste is permanently disposed
of at the site in a calendar year, unless the owner or

shall not exceed $1.27 per ton of solid waste permanently
disposed of.

(2) $33,350 if more than 100,000 cubic yards, but not

more than 100,000 cubic yards, of non-hazardous solid
waste is permanently disposed of at the site in a calendar
year.

(4) $4,650 if more than 10,000 cubic yards, but not
more than 50,000 cubic yards, of non-hazardous solid waste
is permanently disposed of at the site in a calendar year.

(5) $650 if not more than 10,000 cubic yards of
non-hazardous solid waste is permanently disposed of at
the site in a calendar year.

The corporate authorities of the unit of local government may use proceeds from the fee, tax, or surcharge to reimburse a highway commissioner whose road district lies wholly or partially within the corporate limits of the unit of local government for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

For the disposal of solid waste from general construction or demolition debris recovery facilities as defined in subsection (a-1) of Section 3.160, the total fee, tax, or surcharge imposed by all units of local government under this subsection (j) upon the solid waste disposal facility shall not exceed 50% of the applicable amount set forth above. A unit of local government, as defined in the Local Solid Waste Disposal Act, in which a general construction or demolition debris recovery facility is located may establish a fee, tax, or surcharge on the general construction or demolition debris recovery facility with regard to the permanent disposal of solid waste by the general construction or demolition debris recovery facility at a solid waste disposal facility, provided that such fee, tax, or surcharge shall not exceed 50% of the applicable amount set forth above, based on the total amount of solid waste transported from the general construction or demolition debris recovery facility for disposal at solid
waste disposal facilities, and the unit of local government
and fee shall be subject to all other requirements of this
subsection (j).

A county or Municipal Joint Action Agency that imposes a
fee, tax, or surcharge under this subsection may use the
proceeds thereof to reimburse a municipality that lies wholly
or partially within its boundaries for expenses incurred in
the removal of nonhazardous, nonfluid municipal waste that has
been dumped on public property in violation of a State law or
local ordinance.

If the fees are to be used to conduct a local sanitary
landfill inspection or enforcement program, the unit of local
government must enter into a written delegation agreement with
the Agency pursuant to subsection (r) of Section 4. The unit of
local government and the Agency shall enter into such a
written delegation agreement within 60 days after the
establishment of such fees. At least annually, the Agency
shall conduct an audit of the expenditures made by units of
local government from the funds granted by the Agency to the
units of local government for purposes of local sanitary
landfill inspection and enforcement programs, to ensure that
the funds have been expended for the prescribed purposes under
the grant.

The fees, taxes or surcharges collected under this
subsection (j) shall be placed by the unit of local government
in a separate fund, and the interest received on the moneys in
the fund shall be credited to the fund. The monies in the fund
may be accumulated over a period of years to be expended in
accordance with this subsection.

A unit of local government, as defined in the Local Solid
Waste Disposal Act, shall prepare and post on its website, in
April of each year, a report that details spending plans for
monies collected in accordance with this subsection. The
report will at a minimum include the following:

subsection.

The exemptions granted under Sections 22.16 and 22.16a,
and under subsection (k) of this Section, shall be applicable
to any fee, tax or surcharge imposed under this subsection
(j); except that the fee, tax or surcharge authorized to be
imposed under this subsection (j) may be made applicable by a
unit of local government to the permanent disposal of solid
waste after December 31, 1986, under any contract lawfully
executed before June 1, 1986 under which more than 150,000
cubic yards (or 50,000 tons) of solid waste is to be permanently disposed of, even though the waste is exempt from the fee imposed by the State under subsection (b) of this Section pursuant to an exemption granted under Section 22.16.

Section 5-150. The Open Space Lands Acquisition and Development Act is amended by changing Section 3 as follows:

(525 ILCS 35/3) (from Ch. 85, par. 2103)

Sec. 3. From appropriations made from the Capital Development Fund, Build Illinois Bond Fund or other available or designated funds for such purposes, the Department shall make grants to local governments as financial assistance for the capital development and improvement of park, recreation or conservation areas, marinas and shorelines, including planning and engineering costs, and for the acquisition of open space lands, including acquisition of easements and other property interests less than fee simple ownership if the Department determines that such property interests are sufficient to carry out the purposes of this Act, subject to the conditions and limitations set forth in this Act.

No more than 10% of the amount so appropriated for any fiscal year may be committed or expended on any one project described in an application under this Act.

Except for grants awarded from new appropriations in fiscal year 2023 and fiscal year 2024, any grant under this Act to a local government shall be conditioned upon the state

Section 5-153. The Illinois Highway Code is amended by changing Section 6-901 as follows:

Sec. 6-901. Annually, the General Assembly shall appropriate to the Department of Transportation from the road fund, the general revenue fund, any other State funds or a combination of those funds, $60,000,000 $15,000,000 for apportionment to counties for the use of road districts for the construction of bridges 20 feet or more in length, as provided in Sections 6-902 through 6-905.

The Department of Transportation shall apportion among the several counties of this State for the use of road districts the amounts appropriated under this Section. The amount apportioned to a county shall be in the proportion which the total mileage of township or district roads in the county bears to the total mileage of all township and district roads in the State. Each county shall allocate to the several road districts in the county the funds so apportioned to the county. The allocation to road districts shall be made in the same manner and be subject to the same conditions and
qualifications as are provided by Section 8 of the "Motor Fuel
Tax Law", approved March 25, 1929, as amended, with respect to
the allocation to road districts of the amount allotted from
the Motor Fuel Tax Fund for apportionment to counties for the
use of road districts, but no allocation shall be made to any
road district that has not levied taxes for road and bridge
purposes and for bridge construction purposes at the maximum
rates permitted by Sections 6-501, 6-508 and 6-512 of this
Act, without referendum. "Road district" and "township or
district road" have the meanings ascribed to those terms in
this Act.

Road districts in counties in which a property tax
extension limitation is imposed under the Property Tax
Extension Limitation Law that are made ineligible for receipt
of this appropriation due to the imposition of a property tax
extension limitation may become eligible if, at the time the
property tax extension limitation was imposed, the road
district was levying at the required rate and continues to
levy the maximum allowable amount after the imposition of the
property tax extension limitation. The road district also
becomes eligible if it levies at or above the rate required for
eligibility by Section 8 of the Motor Fuel Tax Law.

The amounts apportioned under this Section for allocation
to road districts may be used only for bridge construction as
provided in this Division. So much of those amounts as are not
obligated under Sections 6-902 through 6-904 and for which
local funds have not been committed under Section 6-905 within
48 months of the date when such apportionment is made lapses
and shall not be paid to the county treasurer for distribution
to road districts.

Section 5-165. The Unified Code of Corrections is amended by repealing Section 3-12-11.

Section 5-167. The Illinois Crime Reduction Act of 2009 is amended by changing Section 20 as follows:

(730 ILCS 190/20)

Sec. 20. Adult Redeploy Illinois.

(a) Purpose. When offenders are accurately assessed for risk, assets, and needs, it is possible to identify which people should be sent to prison and which people can be effectively supervised in the locality. By providing financial incentives to counties or judicial circuits to create effective local-level evidence-based services, it is possible to reduce crime and recidivism at a lower cost to taxpayers.
Based on this model, this Act hereby creates the Adult Redeploy Illinois program for probation-eligible offenders in order to increase public safety and encourage the successful local supervision of eligible offenders and their reintegration into the locality.

(b) The Adult Redeploy Illinois program shall reallocate State funds to local jurisdictions that successfully establish a process to assess offenders and provide a continuum of locally based sanctions and treatment alternatives for offenders who would be incarcerated in a State facility if those local services and sanctions did not exist. The allotment of funds shall be based on a formula that rewards local jurisdictions for the establishment or expansion of local supervision programs and requires them to pay the amount determined in subsection (e) if incarceration targets as defined in subsection (e) are not met.

(c) Each county or circuit participating in the Adult Redeploy Illinois program shall create a local plan describing how it will protect public safety and reduce the county or circuit's utilization of incarceration in State facilities or local county jails by the creation or expansion of individualized services or programs.

(d) Based on the local plan, a county or circuit shall enter into an agreement with the Adult Redeploy Oversight Board described in subsection (e) to reduce the number of commitments of probation-eligible offenders to State
correctional facilities from that county or circuit. The agreement shall include a pledge from the county or circuit to reduce their commitments by 25% of the level of commitments from the average number of commitments for the past 3 years of eligible offenders. In return, the county or circuit shall receive, based upon a formula described in subsection (e), funds to redeploy for local programming for offenders who would otherwise be incarcerated such as management and supervision, electronic monitoring, and drug testing. The county or circuit shall also be penalized, as described in subsection (e), for failure to reach the goal of reduced commitments stipulated in the agreement.

(d-5) Subject to appropriation to the Illinois Criminal Justice Information Authority, the Adult Redeploy Illinois Oversight Board described in subsection (e) may provide grant funds to qualified organizations that can assist local jurisdictions in training, development, and technical assistance.

(e) Adult Redeploy Illinois Oversight Board; members; responsibilities.

(1) The Secretary of Human Services and the Director of Corrections shall within 3 months after January 1, 2010 (the effective date of Public Act 96-761) convene and act as co-chairs of an oversight board to oversee the Adult Redeploy Program. The Board shall include, but not be limited to, designees from the Prisoner Review Board,
Office of the Attorney General, Illinois Criminal Justice Information Authority, and Sentencing Policy Advisory Council; the Cook County State's Attorney or a designee; a State's Attorney selected by the President of the Illinois State's Attorneys Association; the State Appellate Defender or a designee; the Cook County Public Defender or a designee; a representative of Cook County Adult Probation, a representative of DuPage County Adult Probation; a representative of Sangamon County Adult Probation; and 4 representatives from non-governmental organizations, including service providers. Members shall serve without compensation but shall be reimbursed for actual expenses incurred in the performance of their duties.

(2) The Oversight Board shall within one year after January 1, 2010 (the effective date of Public Act 96-761) this Act:

   (A) Develop a process to solicit applications from and identify jurisdictions to be included in the Adult Redeploy Illinois program.

   (B) Define categories of membership for local entities to participate in the creation and oversight of the local Adult Redeploy Illinois program.

   (C) Develop a formula for the allotment of funds to local jurisdictions for local and community-based services in lieu of commitment to the Department of
Corrections and a penalty amount for failure to reach the goal of reduced commitments stipulated in the plans.

(D) Develop a standard format for the local plan to be submitted by the local entity created in each county or circuit.

(E) Identify and secure resources sufficient to support the administration and evaluation of Adult Redeploy Illinois.

(F) Develop a process to support ongoing monitoring and evaluation of Adult Redeploy Illinois.

(G) Review local plans and proposed agreements and approve the distribution of resources.

(H) Develop a performance measurement system that includes but is not limited to the following key performance indicators: recidivism, rate of revocations, employment rates, education achievement, successful completion of substance abuse treatment programs, and payment of victim restitution. Each county or circuit shall include the performance measurement system in its local plan and provide data annually to evaluate its success.

(I) Report annually the results of the performance measurements on a timely basis to the Governor and General Assembly.

(3) The Oversight Board shall:
(A) Develop a process to solicit grant applications from eligible training, development, and technical assistance organizations.

(B) Review grant applications and proposed grant agreements and approve the distribution of resources.

(C) Develop a process to support ongoing monitoring of training, development, and technical assistance grantees.

Section 5-170. The Revised Uniform Unclaimed Property Act is amended by changing Section 15-801 as follows:

(765 ILCS 1026/15-801)

Sec. 15-801. Deposit of funds by administrator.

(a) Except as otherwise provided in this Section, the administrator shall deposit in the Unclaimed Property Trust Fund all funds received under this Act, including proceeds from the sale of property under Article 7. The administrator may deposit any amount in the Unclaimed Property Trust Fund into the State Pensions Fund during the fiscal year at his or her discretion; however, he or she shall, on April 15 and October 15 of each year, deposit any amount in the Unclaimed Property Trust Fund exceeding $2,500,000 into the State Pensions Fund. If on either April 15 or October 15, the administrator determines that a balance of $2,500,000 is
insufficient for the prompt payment of unclaimed property claims authorized under this Act, the administrator may retain more than $2,500,000 in the Unclaimed Property Trust Fund in order to ensure the prompt payment of claims. Beginning in State fiscal year 2025 2024, all amounts that are deposited into the State Pensions Fund from the Unclaimed Property Trust Fund shall be apportioned to the designated retirement systems as provided in subsection (c-6) of Section 8.12 of the State Finance Act to reduce their actuarial reserve deficiencies.

(b) The administrator shall make prompt payment of claims he or she duly allows as provided for in this Act from the Unclaimed Property Trust Fund. This shall constitute an irrevocable and continuing appropriation of all amounts in the Unclaimed Property Trust Fund necessary to make prompt payment of claims duly allowed by the administrator pursuant to this Act.

worker, civil air patrol member, paramedic, fireman, chaplain, or State employee killed in the line of duty, or if a claim therefor is made within 2 years of the date of death of an Armed Forces member killed in the line of duty, compensation shall be paid to the person designated by the law enforcement officer, civil defense worker, civil air patrol member, paramedic, fireman, chaplain, State employee, or Armed Forces member. However, if the Armed Forces member was killed in the line of duty before October 18, 2004, the claim must be made within one year of October 18, 2004. For an Armed Forces member killed in the line of duty (i) at any time before January 1, 2005, the compensation is $259,038 plus amounts equal to the
increases for 2003 and 2004 determined under subsection (c) and (ii) on or after January 1, 2005, the compensation is the amount determined under item (i) plus the applicable increases for 2005 and thereafter determined under subsection (c).

(d) If no beneficiary is designated or if no designated beneficiary survives at the death of the law enforcement officer, civil defense worker, civil air patrol member, paramedic, fireman, chaplain, or State employee killed in the line of duty, the compensation shall be paid in accordance with a legally binding will left by the law enforcement officer, civil defense worker, civil air patrol member, paramedic, fireman, chaplain, or State employee. If the law enforcement officer, civil defense worker, civil air patrol
member, paramedic, fireman, chaplain, or State employee did not leave a legally binding will, the compensation shall be paid as follows:

(1) when there is a surviving spouse, the entire sum shall be paid to the spouse;

(2) when there is no surviving spouse, but a surviving descendant of the decedent, the entire sum shall be paid to the decedent's descendants per stirpes;

(3) when there is neither a surviving spouse nor a surviving descendant, the entire sum shall be paid to the parents of the decedent in equal parts, allowing to the surviving parent, if one is dead, the entire sum; and

(4) when there is no surviving spouse, descendant or parent of the decedent, but there are surviving brothers or sisters, or descendants of a brother or sister, who were receiving their principal support from the decedent at his death, the entire sum shall be paid, in equal parts, to the dependent brothers or sisters or dependent descendant of a brother or sister. Dependency shall be determined by the Court of Claims based upon the investigation and report of the Attorney General.

The changes made to this subsection (d) by this amendatory Act of the 94th General Assembly apply to any pending case as long as compensation has not been paid to any party before the effective date of this amendatory Act of the 94th General Assembly.
(d-1) For purposes of subsection (d), in the case of a person killed in the line of duty who was born out of wedlock and was not an adoptive child at the time of the person's death, a person shall be deemed to be a parent of the person killed in the line of duty only if that person would be an eligible parent, as defined in Section 2-2 of the Probate Act of 1975, of the person killed in the line of duty. This subsection (d-1) applies to any pending claim if compensation was not paid to the claimant of the pending claim before the effective date of this amendatory Act of the 94th General Assembly.

(d-2) If no beneficiary is designated or if no designated beneficiary survives at the death of the Armed Forces member killed in the line of duty, the compensation shall be paid in entirety according to the designation made on the most recent version of the Armed Forces member's Servicemembers' Group Life Insurance Election and Certificate ("SGLI").

If no SGLI form exists at the time of the Armed Forces member's death, the compensation shall be paid in accordance with a legally binding will left by the Armed Forces member.

If no SGLI form exists for the Armed Forces member and the Armed Forces member did not leave a legally binding will, the compensation shall be paid to the persons and in the priority as set forth in paragraphs (1) through (4) of subsection (d) of this Section.

This subsection (d-2) applies to any pending case as long
as compensation has not been paid to any party before the effective date of this amendatory Act of the 94th General Assembly.

(e) If there is no beneficiary designated or if no designated beneficiary survives at the death of the law enforcement officer, civil defense worker, civil air patrol member, paramedic, fireman, chaplain, State employee, or Armed Forces member killed in the line of duty and there is no other person or entity to whom compensation is payable under this Section, no compensation shall be payable under this Act.

(f) No part of such compensation may be paid to any other person for any efforts in securing such compensation.

(g) This amendatory Act of the 93rd General Assembly applies to claims made on or after October 18, 2004 with respect to an Armed Forces member killed in the line of duty.

(h) In any case for which benefits have not been paid within 6 months of the claim being filed in accordance with this Section, which is pending as of the effective date of this amendatory Act of the 96th General Assembly, and in which there are 2 or more beneficiaries, at least one of whom would receive at least a portion of the total benefit regardless of the manner in which the Court of Claims resolves the claim, the Court shall direct the Comptroller to pay the minimum amount of money which the determinate beneficiary would receive together with all interest payment penalties which have accrued on that portion of the award being paid within 30 days.
of the effective date of this amendatory Act of the 96th
General Assembly. For purposes of this subsection (h),
"determinate beneficiary" means the beneficiary who would
receive any portion of the total benefit claimed regardless of
the manner in which the Court of Claims adjudicates the claim.

(i) The Court of Claims shall ensure that all individuals
who have filed an application to claim the duty death benefit
for a deceased member of the Armed Forces pursuant to this
Section or for a fireman pursuant to this Section, or their
designated representative, shall have access, on a timely
basis and in an efficient manner, to all information related
to the court's consideration, processing, or adjudication of
the claim, including, but not limited to, the following:

(1) a reliable estimate of when the Court of Claims
will adjudicate the claim, or if the Court cannot estimate
when it will adjudicate the claim, a full written
explanation of the reasons for this inability; and

(2) a reliable estimate, based upon consultation with
the Comptroller, of when the benefit will be paid to the
claimant.

(j) The Court of Claims shall send written notice to all
claimants within 2 weeks of the initiation of a claim
indicating whether or not the application is complete. For
purposes of this subsection (j), an application is complete if
a claimant has submitted to the Court of Claims all documents
and information the Court requires for adjudicating and paying
the benefit amount. For purposes of this subsection (j), a
claim for the duty death benefit is initiated when a claimant
submits any of the application materials required for
adjudicating the claim to the Court of Claims. In the event a
claimant's application is incomplete, the Court shall include
in its written notice a list of the information or documents
which the claimant must submit in order for the application to
be complete. In no case may the Court of Claims deny a claim
and subsequently re-adjudicate the same claim for the purpose
of evading or reducing the interest penalty payment amount
payable to any claimant.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2009, the per diem support component of the rates effective on January 1, 2008, computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006, shall be increased to the amount that would have been derived using standard Department of Healthcare and Family Services methods, procedures, and inflators.

The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53. For services provided on or after April 1, 2011, or the first day of the month that begins at least 45 days after February 16, 2011 (the effective date of Public Act 96-1530) this amendatory Act of the 96th General Assembly, whichever is later, the Illinois Department may by rule adjust these socio-development component rates, and may use different adjustment methodologies for those facilities participating, and those not participating, in the Illinois Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois Administrative Code, but in no case may such rates be diminished below those in effect on August 1, 2008.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for
the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S.

Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

The Department shall develop enhanced payments to offset the additional costs incurred by a facility serving exceptional need residents and shall allocate at least $4,000,000 of the funds collected from the assessment established by Section 5B-2 of this Code for such payments. For the purpose of this Section, "exceptional needs" means, but need not be limited to, ventilator care and traumatic brain injury care. The enhanced payments for exceptional need residents under this paragraph are not due and payable, however, until (i) the methodologies described in this paragraph are approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.
Beginning January 1, 2014 the methodologies for reimbursement of nursing facility services as provided under this Section 5-5.4 shall no longer be applicable for services provided on or after January 1, 2014.

No payment increase under this Section for the MDS methodology, exceptional care residents, or the socio-development component rate established by Public Act 96-1530 of the 96th General Assembly and funded by the assessment imposed under Section 5B-2 of this Code shall be due and payable until after the Department notifies the long-term care providers, in writing, that the payment methodologies to long-term care providers required under this Section have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waivers under 42 CFR 433.68 for the assessment imposed by this Section, if necessary, have been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services. Upon notification to the Department of approval of the payment methodologies required under this Section and the waivers granted under 42 CFR 433.68, all increased payments otherwise due under this Section prior to the date of notification shall be due and payable within 90 days of the date federal approval is received.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter
any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval, the rates taking effect for services delivered on or after August 1, 2019 shall be increased by 3.5% over the rates in effect on June 30, 2019. The Department shall adopt rules, including emergency rules under subsection (ii) of Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section, including wage increases for direct care staff.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval, the rates taking effect on the latter of the approval date of the State Plan Amendment for these facilities or the Waiver Amendment for the home and community-based services settings shall include an increase sufficient to provide a $0.26 per hour wage increase to the base wage for non-executive staff. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section, including wage increases for direct care staff.

Sec. 5-5.7a. Pandemic related stability payments for health care providers. Notwithstanding other provisions of law, and in accordance with the Illinois Emergency Management Agency, the Department of Healthcare and Family Services shall develop a process to distribute pandemic related stability payments, from federal sources dedicated for such purposes, to health care providers that are providing care to recipients under the Medical Assistance Program. For provider types serving residents who are recipients of medical assistance under this Code and are funded by other State agencies, the Department will coordinate the distribution process of the
pandemic related stability payments. Federal sources dedicated
to pandemic related payments include, but are not limited to,
funds distributed to the State of Illinois from the
Coronavirus Relief Fund pursuant to the Coronavirus Aid,
Relief, and Economic Security Act ("CARES Act") and from the
Coronavirus State Fiscal Recovery Fund pursuant to Section
9901 of the American Rescue Plan Act of 2021, that are
appropriated to the Department during Fiscal Years 2020, 2021,
and 2022 for purposes permitted by those federal laws and
related federal guidance.

(1) Pandemic related stability payments for these
providers shall be separate and apart from any rate
methodology otherwise defined in this Code to the extent
permitted in accordance with Section 5001 of the CARES Act
and Section 9901 of the American Rescue Plan Act of 2021
and any related federal guidance.

(2) Payments made from moneys received from the
Coronavirus Relief Fund shall be used exclusively for
expenses incurred by the providers that are eligible for
reimbursement from the Coronavirus Relief Fund in
accordance with Section 5001 of the CARES Act and related
federal guidance. Payments made from moneys received from
the Coronavirus State Fiscal Recovery Fund shall be used
exclusively for purposes permitted by Section 9901 of the
American Rescue Plan Act of 2021 and related federal
guidance.
(3) All providers receiving pandemic related stability payments shall attest in a format to be created by the Department and be able to demonstrate that their expenses are pandemic related, were not part of their annual budgets established before March 1, 2020.

(4) Pandemic related stability payments will be distributed based on a schedule and framework to be established by the Department with recognition of the pandemic related acuity of the situation for each provider, taking into account the factors including, but not limited to, the following:

(A) the impact of the pandemic on patients served, impact on staff, and shortages of the personal protective equipment necessary for infection control efforts for all providers;

(B) COVID-19 positivity rates among staff, or patients, or both;

(C) pandemic related workforce challenges and costs associated with temporary wage increases associated with pandemic related hazard pay programs, or costs associated with which providers do not have enough staff to adequately provide care and protection to the residents and other staff;

(D) providers with significant reductions in utilization that result in corresponding reductions in revenue as a result of the pandemic, including, but
not limited to, the cancellation or postponement of elective procedures and visits;

(E) pandemic related payments received directly by the providers through other federal resources;

(F) current efforts to respond to and provide services to communities disproportionately impacted by the COVID-19 public health emergency, including low-income and socially vulnerable communities that have seen the most severe health impacts and exacerbated health inequities along racial, ethnic, and socioeconomic lines; and

(G) provider needs for capital improvements to existing facilities, including upgrades to HVAC and ventilation systems and capital improvements for enhancing infection control or reducing crowding, which may include bed-buybacks.

(5) Pandemic related stability payments made from moneys received from the Coronavirus Relief Fund will be distributed to providers based on a methodology to be administered by the Department with amounts determined by a calculation of total federal pandemic related funds appropriated by the Illinois General Assembly for this purpose. Providers receiving the pandemic related stability payments will attest to their increased costs, declining revenues, and receipt of additional pandemic related funds directly from the federal government.
(6) Of the payments provided for by this Section made from moneys received from the Coronavirus Relief Fund, a minimum of 30% shall be allotted for health care providers that serve the ZIP codes located in the most disproportionately impacted areas of Illinois, based on positive COVID-19 cases based on data collected by the Department of Public Health and provided to the Department of Healthcare and Family Services.

(7) From funds appropriated, directly or indirectly, from moneys received by the State from the Coronavirus State Fiscal Recovery Fund for Fiscal Years 2021 and 2022, the Department shall expend such funds only for purposes permitted by Section 9901 of the American Rescue Plan Act of 2021 and related federal guidance. Such expenditures may include, but are not limited to: payments to providers for costs incurred due to the COVID-19 public health emergency; unreimbursed costs for testing and treatment of uninsured Illinois residents; costs of COVID-19 mitigation and prevention; medical expenses related to aftercare or extended care for COVID-19 patients with longer term symptoms and effects; costs of behavioral health care; costs of public health and safety staff; and expenditures permitted in order to address (i) disparities in public health outcomes, (ii) nursing and other essential health care workforce investments, (iii) exacerbation of pre-existing disparities, and (iv) promoting healthy
childhood environments.

(8) From funds appropriated, directly or indirectly, from moneys received by the State from the Coronavirus State Fiscal Recovery Fund for Fiscal Years 2022 and 2023, the Department shall establish a program for making payments to long term care service providers and facilities, for purposes related to financial support for workers in the long term care industry, but only as permitted by either the CARES Act or Section 9901 of the American Rescue Plan Act of 2021 and related federal guidance, including, but not limited to the following: monthly amounts of $25,000,000 per month for July 2021, August 2021, and September 2021 where at least 50% of the funds in July shall be passed directly to front line workers and an additional 12.5% more in each of the next 2 months; financial support programs for providers enhancing direct care staff recruitment efforts through the payment of education expenses; and financial support programs for providers offering enhanced and expanded training for all levels of the long term care healthcare workforce to achieve better patient outcomes, such as training on infection control, proper personal protective equipment, best practices in quality of care, and culturally competent patient communications. The Department shall have the authority to audit and potentially recoup funds not utilized as outlined and attested.
(8.5) From funds appropriated, directly or indirectly, from moneys received by the State from the Coronavirus State Fiscal Recovery Fund, the Department shall establish a grant program to provide premium pay and retention incentives to front line workers at facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities.

(A) Awards pursuant to this program shall comply with the requirements of Section 9901 of the American Rescue Plan Act of 2021 and all related federal guidance. Awards shall be scaled based on a process determined by the Department. The amount awarded to each recipient shall not exceed $3.17 per nursing hour. Awards shall be for eligible expenditures incurred no earlier than May 1, 2022 and no later than June 30, 2023.

(B) Financial assistance under this paragraph (8.5) shall be expended only for:

(i) premium pay for eligible workers, which must be in addition to any wages or remuneration the eligible worker has already received and shall be subject to the other requirements and limitations set forth in the American Rescue Plan Act of 2021 and related federal guidance; and

(ii) retention incentives paid to eligible
workers that are necessary for the facility to respond to the impacts of the public health emergency.

(C) Upon receipt of funds, recipients shall distribute funds such that eligible workers receive an amount up to $13 per hour but no more than $25,000 for the duration of the program. Recipients shall provide a written certification to the Department acknowledging compliance with this paragraph.

(D) No portion of these funds shall be spent on volunteer or temporary staff, and these funds shall not be used to make retroactive premium payments before the effective date of this amendatory Act of the 102nd General Assembly.

(E) The Department shall require each recipient under this paragraph to submit appropriate documentation acknowledging compliance with State and federal law. For purposes of this paragraph, "eligible worker" means a permanent staff member, regardless of union affiliation, of a facility licensed by the Department of Public Health under the Nursing Home Care Act as a skilled nursing facility or intermediate care facility engaged in "essential work", as defined by Section 9901 of the American Rescue Plan Act of 2021 and related federal guidance, and (1) whose total pay is below 150% of the average annual wage for all
occupations in the worker's county of residence, as defined by the Bureau of Labor Statistics Occupational Employment and Wage Statistics, or (2) is not exempt from the federal Fair Labor Standards Act overtime provisions.

(9) From funds appropriated, directly or indirectly, from moneys received by the State from the Coronavirus State Fiscal Recovery Fund for Fiscal Years 2022 through 2024 the Department shall establish programs for making payments to facilities licensed under the Nursing Home Care Act and facilities licensed under the Specialized Mental Health Rehabilitation Act of 2013. To the extent permitted by Section 9901 of the American Rescue Plan Act of 2021 and related federal guidance, the programs shall provide:

(A) Payments for making permanent improvements to resident rooms in order to improve resident outcomes and infection control. Funds may be used to reduce bed capacity and room occupancy. To be eligible for funding, a facility must submit an application to the Department as prescribed by the Department and as published on its website. A facility may need to receive approval from the Health Facilities and Services Review Board for the permanent improvements or the removal of the beds before it can receive payment under this paragraph.
(B) Payments to reimburse facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities for eligible expenses related to the public health impacts of the COVID-19 public health emergency, including, but not limited to, costs related to COVID-19 testing for residents, COVID-19 prevention and treatment equipment, medical supplies, and personal protective equipment.

(i) Awards made pursuant to this program shall comply with the requirements of Section 9901 of the American Rescue Plan Act of 2021 and all related federal guidance. The amount awarded to each recipient shall not exceed $1.71 per nursing hour. Permissible expenditures must be made no earlier than May 1, 2022 and no later than June 30, 2023.

(ii) Financial assistance pursuant to this paragraph shall not be expended for premium pay.

(iii) The Department shall require each recipient under this paragraph to submit appropriate documentation acknowledging compliance with State and federal law.

appropriation, the Department of Human Services shall
establish the Smart Start Child Care Program. The Smart Start
Child Care Program shall focus on creating affordable child
care, as well as increasing access to child care, for Illinois
residents and may include, but is not limited to, providing

for childcare workforce compensation or capital investments,
and expanding funding for Early Childhood Access Consortium
for Equity Scholarships. The Department shall establish
program eligibility criteria, participation conditions,
payment levels, and other program requirements by rule. The
Department of Human Services may consult with the Capital
Development Board, the Department of Commerce and Economic
Opportunity, and the Illinois Housing Development Authority in
the management and disbursement of funds for capital-related
projects. The Capital Development Board, the Department of
Commerce and Economic Opportunity, and the Illinois Housing
Development Authority shall act in a consulting role only for
the evaluation of applicants, scoring of applicants, or
administration of the grant program.

(305 ILCS 5/12-4.11) (from Ch. 23, par. 12-4.11)

Sec. 12-4.11. Grant amounts. The Department, with due
regard for and subject to budgetary limitations, shall
establish grant amounts for each of the programs, by regulation. The grant amounts may vary by program, size of assistance unit and geographic area. Grant amounts under the Temporary Assistance for Needy Families (TANF) program may not vary on the basis of a TANF recipient's county of residence.

Aid payments shall not be reduced except: (1) for changes in the cost of items included in the grant amounts, or (2) for changes in the expenses of the recipient, or (3) for changes in the income or resources available to the recipient, or (4) for changes in grants resulting from adoption of a consolidated grant amount.

The maximum benefit levels provided to TANF recipients shall increase as follows: beginning October 1, 2023, the Department of Human Services shall increase TANF grant amounts in effect on September 30, 2023, to at least 35% of the most recent United States Department of Health and Human Services Federal Poverty Guidelines for each family size. Beginning October 1, 2024, and each October 1 thereafter, the maximum benefit levels shall be annually adjusted to remain equal to at least 35% of the most recent poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2) for each family size.

TANF grants for child-only assistance units shall be at least 75% of TANF grants for assistance units of the same size that consist of a caretaker relative with children.
In fixing standards to govern payments or reimbursements for funeral and burial expenses, the Department shall establish a minimum allowable amount of not less than $1,000 for Department payment of funeral services and not less than $500 for Department payment of burial or cremation services. On January 1, 2006, July 1, 2006, and July 1, 2007, the Department shall increase the minimum reimbursement amount for funeral and burial expenses under this Section by a percentage equal to the percentage increase in the Consumer Price Index for All Urban Consumers, if any, during the 12 months immediately preceding that January 1 or July 1. In establishing the minimum allowable amount, the Department shall take into account the services essential to a dignified, low-cost (i) funeral and (ii) burial or cremation, including reasonable amounts that may be necessary for burial space and cemetery charges, and any applicable taxes or other required governmental fees or charges. If no person has agreed to pay the total cost of the (i) funeral and (ii) burial or cremation charges, the Department shall pay the vendor the actual costs of the (i) funeral and (ii) burial or cremation, or the minimum allowable amount for each service as established by the Department, whichever is less, provided that the Department reduces its payments by the amount available from the following sources: the decedent's assets and available resources and the anticipated amounts of any death benefits available to the decedent's estate, and amounts paid and
arranged to be paid by the decedent's legally responsible relatives. A legally responsible relative is expected to pay (i) funeral and (ii) burial or cremation expenses unless financially unable to do so.

Nothing contained in this Section or in any other Section of this Code shall be construed to prohibit the Illinois Department (1) from consolidating existing standards on the basis of any standards which are or were in effect on, or subsequent to July 1, 1969, or (2) from employing any consolidated standards in determining need for public aid and the amount of money payment or grant for individual recipients or recipient families.

(c) To be eligible for a grant under this Section, the crisis response mapping data must, at a minimum:

(105 ILCS 5/10-20.21)

Sec. 10-20.21. Contracts.

(a) To award all contracts for purchase of supplies and materials or work involving an expenditure in excess of $35,000 or a lower amount as required by board policy to the lowest responsible bidder, considering conformity with specifications, terms of delivery, quality and serviceability, after due advertisement, except the following:

(i) contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part;

(ii) contracts for the printing of finance committee reports and departmental reports;

(iii) contracts for the printing or engraving of bonds, tax warrants and other evidences of indebtedness;

(iv) contracts for the purchase of perishable foods and perishable beverages;

revised causing expenditures not in excess of 10% of the contract price;

(vi) contracts for the maintenance or servicing of, or provision of repair parts for, equipment which are made with the manufacturer or authorized service agent of that equipment where the provision of parts, maintenance, or servicing can best be performed by the manufacturer or authorized service agent;

(xii) contracts for goods or services procured from another governmental agency;
(xiii) contracts for goods or services which are economically procurable from only one source, such as for the purchase of magazines, books, periodicals, pamphlets and reports, and for utility services such as water, light, heat, telephone or telegraph;

(xiv) where funds are expended in an emergency and such emergency expenditure is approved by 3/4 of the members of the board;

(xv) State master contracts authorized under Article 28A of this Code;

(xvi) contracts providing for the transportation of pupils, which contracts must be advertised in the same manner as competitive bids and awarded by first considering the bidder or bidders most able to provide safety and comfort for the pupils, stability of service, and any other factors set forth in the request for proposal regarding quality of service, and then price; and

(xvii) contracts for goods, services, or management in the operation of a school's food service, including a school that participates in any of the United States Department of Agriculture's child nutrition programs if a good faith effort is made on behalf of the school district to give preference to:

(1) contracts that procure food that promotes the health and well-being of students, in compliance with United States Department of Agriculture nutrition
standards for school meals. Contracts should also promote the production of scratch made, minimally processed foods;

(2) contracts that give a preference to State or regional suppliers that source local food products;

(3) contracts that give a preference to food suppliers that utilize producers that adopt hormone and pest management practices recommended by the United States Department of Agriculture;

(4) contracts that give a preference to food suppliers that value animal welfare; and

(5) contracts that increase opportunities for businesses owned and operated by minorities, women, or persons with disabilities.

Food supplier data shall be submitted to the school district at the time of the bid, to the best of the bidder's ability, and updated annually thereafter during the term of the contract. The contractor shall submit the updated food supplier data. The data required under this item (xvii) shall include the name and address of each supplier, distributor, processor, and producer involved in the provision of the products that the bidder is to supply.

However, at no time shall a cause of action lie against a school board for awarding a pupil transportation contract per the standards set forth in this subsection (a) unless the
cause of action is based on fraudulent conduct.

All competitive bids for contracts involving an expenditure in excess of $35,000 or $25,000 or a lower amount as required by board policy must be sealed by the bidder and must be opened by a member or employee of the school board at a public bid opening at which the contents of the bids must be announced. Each bidder must receive at least 3 days' notice of the time and place of the bid opening. For purposes of this Section due advertisement includes, but is not limited to, at least one public notice at least 10 days before the bid date in a newspaper published in the district, or if no newspaper is published in the district, in a newspaper of general circulation in the area of the district. State master contracts and certified education purchasing contracts, as defined in Article 28A of this Code, are not subject to the requirements of this paragraph.

Under this Section, the acceptance of bids sealed by a bidder and the opening of these bids at a public bid opening may be permitted by an electronic process for communicating, accepting, and opening competitive bids. An electronic bidding process must provide for, but is not limited to, the following safeguards:

(1) On the date and time certain of a bid opening, the primary person conducting the competitive, sealed, electronic bid process shall log onto a specified database using a unique username and password previously assigned
to the bidder to allow access to the bidder's specific bid project number.

(2) The specified electronic database must be on a network that (i) is in a secure environment behind a firewall; (ii) has specific encryption tools; (iii) maintains specific intrusion detection systems; (iv) has redundant systems architecture with data storage back-up, whether by compact disc or tape; and (v) maintains a disaster recovery plan.

It is the legislative intent of Public Act 96-841 to maintain the integrity of the sealed bidding process provided for in this Section, to further limit any possibility of bid-rigging, to reduce administrative costs to school districts, and to effect efficiencies in communications with bidders.

(b) To require, as a condition of any contract for goods and services, that persons bidding for and awarded a contract and all affiliates of the person collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with the provisions of the Illinois Use Tax Act regardless of whether the person or affiliate is a "retailer maintaining a place of business within this State" as defined in Section 2 of the Use Tax Act. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject
to the control of a common entity. For purposes of this subsection (b), an entity controls another entity if it owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (b), the term "voting security" means a security that (1) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

To require that bids and contracts include a certification by the bidder or contractor that the bidder or contractor is not barred from bidding for or entering into a contract under this Section and that the bidder or contractor acknowledges that the school board may declare the contract void if the certification completed pursuant to this subsection (b) is false.

(b-5) To require all contracts and agreements that pertain to goods and services and that are intended to generate additional revenue and other remunerations for the school district in excess of $1,000, including without limitation vending machine contracts, sports and other attire, class rings, and photographic services, to be approved by the school board. The school board shall file as an attachment to its annual budget a report, in a form as determined by the State Board of Education, indicating for the prior year the name of
the vendor, the product or service provided, and the actual
net revenue and non-monetary remuneration from each of the
contracts or agreements. In addition, the report shall
indicate for what purpose the revenue was used and how and to
whom the non-monetary remuneration was distributed.

(b-10) To prohibit any contract to purchase food with a
bidder or offeror if the bidder's or offeror's contract terms
prohibit the school from donating food to food banks,
including, but not limited to, homeless shelters, food
pantries, and soup kitchens.

(c) If the State education purchasing entity creates a
master contract as defined in Article 28A of this Code, then
the State education purchasing entity shall notify school
districts of the existence of the master contract.

(d) In purchasing supplies, materials, equipment, or
services that are not subject to subsection (c) of this
Section, before a school district solicits bids or awards a
contract, the district may review and consider as a bid under
subsection (a) of this Section certified education purchasing
contracts that are already available through the State
education purchasing entity.

(b) If a student or his or her parent or guardian submits a signed, written request to the high school before the end of the student's sophomore year (or if the
student is a transfer student, by another time set by the
high school) that indicates that the student or his or her
parent or guardian does not want the student's directory

(430 ILCS 69/35-15)

Sec. 35-15. Findings. The Illinois General Assembly finds that:

(1) Discrete neighborhoods in municipalities across Illinois are experiencing concentrated and perpetual firearm violence that is a public health epidemic.

(2) Within neighborhoods experiencing this firearm violence epidemic, violence is concentrated among teens and young adults that have chronic exposure to the risk of
violence and criminal legal system involvement and related trauma in small geographic areas where these young people live or congregate.

(3) Firearm violence victimization and perpetration is highly concentrated in particular neighborhoods, particular blocks within these neighborhoods, and among a small number of individuals living in these areas.

(4) People who are chronically exposed to the risk of firearm violence victimization are substantially more likely to be violently injured or violently injure another person. People who have been violently injured are substantially more likely to be violently reinjured. Chronic exposure to violence additionally leads individuals to engage in behavior, as part of a cycle of community violence, trauma, and retaliation that substantially increases their own risk of violent injury or reinjury.

(5) Evidence-based programs that engage individuals at the highest risk of firearm violence and provide life stabilization, case management, and culturally competent group and individual therapy reduce firearm violence victimization and perpetration and can end Illinois' firearm violence epidemic.

(6) A public health approach to ending Illinois' firearm violence epidemic requires targeted, integrated behavioral health services and economic opportunity that
promotes self-sufficiency for victims of firearm violence and those with chronic exposure to the risk of firearm violence victimization, including, but not limited to, services for criminal and juvenile justice-involved populations and crisis response services, such as psychological first aid.

(7) A public health approach to ending Illinois' firearm violence epidemic further requires broader preventive investments in the census tracts and blocks that reduce risk factors for youth and families living in areas at the highest risk of firearm violence victimization.

(8) A public health approach to ending Illinois' firearm violence epidemic requires empowering residents and community-based organizations within impacted neighborhoods to provide culturally competent care based on lived experience in these areas and long-term relationships of mutual interest that promote safety and stability.

(9) A public health approach to ending Illinois' firearm violence epidemic further requires that preventive youth development services for youth in these neighborhoods be fully integrated with a team-based model of mental health care to address trauma recovery for those young people at the highest risk of firearm violence victimization.
(10) Community revitalization can be an effective violence prevention strategy, provided that revitalization is targeted to the highest risk geographies within communities and revitalization efforts are designed and led by individuals living and working in the impacted communities.

Youth development organizations must use an approved technical assistance and training provider and can choose among approved technical assistance providers as long as the technical assistance provider has the capacity to effectively serve the youth development organizations that have selected them. The Department shall make best efforts to accommodate second choices of youth development organizations when the youth development organization's violence prevention first choice does not have capacity to provide technical assistance but have complete authority to select among the approved technical assistance services providers funded by the Office of Firearm Violence Prevention.

(i) (Blank).

(j) The Office of Firearm Violence Prevention shall issue youth development services grants, when possible and appropriate, to no fewer than 4 youth services organizations

organizations. When possible, the Office of Firearm Violence
Prevention shall work, subject to eligible applications
received, to ensure that grant resources are equitably
distributed across eligible service areas grants shall be for
no less than $300,000 per youth development organization. The
Office of Firearm Violence Prevention may establish award
ranges to ensure grants will have the potential to reduce
violence in each neighborhood.

(k) No youth development organization can serve more than
3 eligible service areas unless the Office of Firearm Violence
Prevention is unable to identify youth development
organizations to provide adequate coverage.

(l) No approved technical assistance and training provider

Sec. 35-35. Intensive youth intervention services.

(a) Subject to appropriation, for municipalities with
1,000,000 or more residents, the Office of Firearm Violence
Prevention shall issue grants to high-risk youth intervention
organizations for evidence-based intervention services that
reduce involvement in the criminal and juvenile justice
system, increase school attendance, and refer high-risk teens
into therapeutic programs that address trauma recovery and other mental health improvements. Each program participant enrolled in a high-risk youth intervention program under this Act shall receive a nationally recognized comprehensive mental health assessment delivered by a qualified mental health professional certified to provide services to Medicaid recipients.

(b) High-risk youth intervention program participants shall receive needed services as determined by the individualized assessment which may include, but is not limited to:

1. receive group-based emotional regulation therapy that helps them control their emotions and understand how trauma and stress impacts their thinking and behavior; and
2. have youth advocates that accompany them to their group therapy sessions, assist them with issues that prevent them from attending school, and address life skills development activities through weekly coaching.

(b-5) High-risk youth intervention service organizations shall have trained clinical staff managing the youth advocate interface with program participants.

(c) Youth development service organizations and providers of evidence-based violence prevention services shall be assigned to the youth intervention service providers for referrals by the Office of Firearm Violence Prevention.

(d) The youth receiving intervention services who are
evaluated to need trauma recovery and other behavioral health interventions and who have the greatest risk of firearm violence victimization shall be referred to the family systems intervention services established in Section 35-55.

(e) The Office of Firearm Violence Prevention shall issue high-risk youth intervention grants, when possible and appropriate, to no less than 2 youth intervention organizations and no more than 4 organizations in municipalities with 1,000,000 or more residents.

(f) No high-risk youth intervention organization can serve more than 13 eligible service areas.

(430 ILCS 69/35-40)

Sec. 35-40. Services for municipalities with less than 1,000,000 residents.

(a) The Office of Firearm Violence Prevention shall identify the 10 municipalities or geographically contiguous areas in Illinois with less than 1,000,000 residents and more than 35,000 residents that have the largest concentration of
fatal and nonfatal firearm-shot victims over the 5-year period considered for eligibility. These areas shall qualify for grants under this Act. The Office of Firearm Violence Prevention may identify up to 5 additional municipalities or geographically contiguous areas with less than 1,000,000 residents that would benefit from evidence-based violence prevention services. In identifying the additional municipalities that qualify for funding under Section 35-40, the Office of Firearm Violence Prevention shall consider the following factors when possible:

(1) the total number of fatal and nonfatal firearms victims, excluding self-inflicted incidents, in a potential municipality over the 5-year period considered for eligibility;

(2) the per capita rate of fatal and nonfatal firearms victims, excluding self-inflicted incidents, in a potential municipality over the 5-year period considered for eligibility; and

(3) the total potential firearms violence reduction benefit for the entire State of Illinois by serving the additional municipalities compared to the total benefit of investing in all other municipalities identified for grants to municipalities with more than 35,000 residents and less than 1,000,000 residents.

(b) Resources for each of these areas shall be distributed based on a formula to be developed by the Office of Firearm
Violence Prevention that will maximize the total potential reduction in firearms victimization for all municipalities receiving grants under this Act.

(c) The Office of Firearm Violence Prevention shall create local advisory councils for each of the designated service areas for the purpose of obtaining recommendations on how to distribute funds in these areas to reduce firearm violence incidents. Local advisory councils shall have a minimum of 5 members with the following expertise or experience:

- (1) a representative of a nonelected official in local government from the designated area;
- (2) a representative of an elected official at the local or state level for the area;
- (3) a representative with public health experience in firearm violence prevention or youth development;
- (4) two residents of the subsection of each area with the most concentrated firearm violence incidents; and
- (5) additional members as determined by the individual local advisory council.

(d) The Office of Firearm Violence Prevention shall provide data to each local council on the characteristics of firearm violence in the designated area and other relevant information on the physical and demographic characteristics of the designated area. The Office of Firearm Violence Prevention shall also provide best available evidence on how to address the social determinants of health in the designated area in
order to reduce firearm violence.

(e) Each local advisory council shall make recommendations on how to allocate distributed resources for its area based on information provided to them by the Office of Firearm Violence Prevention, local law enforcement data, and other locally available data.

(f) The Office of Firearm Violence Prevention shall consider the recommendations and determine how to distribute funds through grants to community-based organizations and local governments. To the extent the Office of Firearm Violence Prevention does not follow a local advisory council's recommendation on allocation of funds, the Office of Firearm Violence Prevention shall explain in writing why a different allocation of resources is more likely to reduce firearm violence in the designated area.

(g) Subject to appropriation, the Department of Human Services and the Office of Firearm Violence Prevention shall issue grants to local governmental agencies or community-based organizations, or both, to maximize firearm violence reduction each year. When possible, initial grants shall be named no later than April 1, 2022 and renewed or competitively bid as appropriate in subsequent fiscal years.

(h) Each local advisory council is terminated upon making the recommendations required of it under this Section.

Sec. 35-50. Medicaid trauma recovery services for adults.

(a) On or before January 15, 2022, the Department of Healthcare and Family Services shall design, subject to seek approval from the United States Department of Health and Human Services, and subject to federal approval and State appropriations for this purpose, implement a team-based model of care system to address trauma recovery from chronic exposure to firearm violence for Illinois adults. On or before October 1, 2023, the Department of Healthcare and Family Services shall seek approval from the United States Department of Health and Human Services to ensure the model of care system may include providers such as community mental health centers, behavioral health clinics, hospitals, and others deemed appropriate by the Department of Healthcare and Family Services.

(b) The team-based model of care system shall include, at reimbursement for a minimum, of the following services:

(1) Outreach services that recruit trauma-exposed adults into the system and develop supportive relationships with them based on lived experience in their communities. Outreach services include both services to support impacted individuals and group services that reduce violence between groups that need conflict resolution.

(2) Case management and community support services
that provide stabilization to individuals recovering from chronic exposure to firearm violence, including group cognitive behavior therapy sessions and other evidence-based interventions that promote behavioral change.

(3) Group and individual therapy that addresses underlying mental health conditions associated with post-traumatic stress disorder, depression, anxiety, substance use disorders, intermittent explosive disorder, oppositional defiant disorder, attention deficit hyperactivity disorder, and other mental conditions as a result of chronic trauma.

(4) Services deemed necessary for the effective integration of paragraphs (1), (2), and (3).

(c) The Department of Healthcare and Family Services is authorized to ensure that different types of providers delivering violence prevention services under the model of care operated in a manner consistent with evidence-based and evidence-informed practices. The Department of Healthcare and Family Services shall develop reimbursement methodologies that account for differences among provider types.

(d) On or before October 1, 2023, the Department of Healthcare and Family Services and Department of Human Services shall create and execute a joint Background Check Waiver Process, limiting the disqualifying offenses, for Peer Support Workers who provide such services.
ARTICLE 95.

Section 95-1. Short title. This Article may be cited as the Smart Start Illinois Act. References in this Article to "this Act" mean this Article.

Section 95-5. Findings. The General Assembly makes the following findings:

(1) Early childhood education and care is an essential part of our State's economy and infrastructure, providing the backbone that allows for parents and guardians to seek and maintain employment in industries across the State.

(2) Further, research shows that participation in quality early childhood education and care supports children's development, serves as a protective factor from trauma, increases school readiness, lowers future health care costs, and increases employment options and earnings.

(3) The State of Illinois funds early childhood education programs through the Illinois State Board of Education and the Department of Human Services for families seeking services aimed at improving the early development of children from the prenatal stage to 5 years of age. Similar programs are also licensed by the Department of Children and Family Services.
These agencies administer evidence-based home-visiting programs with doula enhancements, Early Intervention services, the Prevention Initiative program, the Preschool for All program, and the Child Care Assistance Program.

The cost to provide child care and early learning in the private market in Illinois is more than parents can afford, as it is more expensive in many communities than the cost of annual tuition and fees at a 4-year postsecondary institution.

Child care providers' revenues are insufficient, only allowing child care providers to pay minimum wage. That is less than 98% of all other jobs in the economy.

Workforce compensation in other early childhood programs is also not adequate to attract and retain qualified staff. This problem is especially acute for those working with infants and toddlers.

Illinois faces an early childhood educator workforce shortage, which stifles and artificially limits the supply of early childhood programs necessary for parents and guardians to go to work and school, thereby stifling economic growth in the State to an estimated cost of $2,400,000,000 annually. This is especially true for mothers, who often decide to stay home due to the exorbitant cost and inaccessibility of care.

Illinois also faces a shortage of high-quality
early childhood education and care options in communities across the State, limiting access to services for families. The shortage is particularly acute for infant-toddler care, as there is only capacity for 17.4% of the State's infants and toddlers within licensed child care facilities.

(10) In recent years, the State of Illinois has expanded access to the Child Care Assistance Program by raising the income eligibility threshold and making program policies more inclusive and has supported provider sustainability by significantly raising Child Care Assistance Program reimbursement rates. In addition, the State of Illinois has invested over $1,000,000,000 in federal pandemic relief funding in child care service providers to ensure that they could remain open and serve families and children in their communities during the COVID-19 pandemic and beyond, and so that staff could continue to be paid.

(11) However, beyond these federal relief funds, current public levers are unable to sustainably address the early childhood educator workforce shortage or the inadequate early childhood education and care supply to meet parent and guardian needs. Child care providers need stable, predictable, and sufficient revenues to pay attractive wages without increasing costs for families.

(12) Any investment to address the early childhood
educator workforce shortage and to support program quality must be developed and implemented in close partnership with the educators and child care providers who would be directly impacted, as has been done to date via the Child Care Advisory Council, the Illinois Early Learning Council, Raising Illinois, We, the Village, Birth to Five Illinois Action Councils, Illinois Child Care for All, focus groups, and other stakeholder engagement efforts.

(13) Any investment to address the early childhood educator workforce shortage and to support program quality must prioritize fiscal accountability and provider accessibility.

(14) Smart Start Illinois is an effort to expand early childhood education and care services statewide with a focus on services aimed at the prenatal stage of development through 5 years of age.

(15) Smart Start Illinois aims to eliminate preschool deserts, make quality child care more affordable and accessible, and increase access to evidence-based home-visiting services with doula enhancements and Early Intervention services.

Section 95-10. Smart Start Child Care Workforce Compensation Program.

(a) The Department of Human Services shall create and establish the Smart Start Child Care Workforce Compensation
Program. The purpose of the Smart Start Child Care Workforce Compensation Program is to invest in early childhood education and care service providers, including, but not limited to, providers participating in the Child Care Assistance Program; to expand the supply of high-quality early childhood education and care; and to create a strong and stable early childhood education and care system with attractive wages, high-quality services, and affordable cost.

(b) The purpose of the Smart Start Child Care Workforce Compensation Program is to stabilize community-based early childhood education and care service providers, raise the wages of early childhood educators, and support quality enhancements that can position service providers to participate in other public funding streams, such as Preschool for All, in order to further enhance and expand quality service delivery.

(c) Subject to appropriation, the Department of Human Services shall implement the Smart Start Child Care Workforce Compensation Program for eligible licensed day care centers, licensed day care homes, and licensed group day care homes by October 1, 2024, or as soon as practicable, following completion of a planning and transition year. By October 1, 2025, or as soon as practicable, and for each year thereafter, subject to appropriation, the Department of Human Services shall continue to operate the Smart Start Child Care Workforce Compensation Program annually with all licensed day care
centers and licensed day care homes, and licensed group day care homes that meet eligibility requirements. The Smart Start Child Care Workforce Compensation Program shall operate separately from and shall not supplant the Child Care Assistance Program as provided for in Section 9A-11 of the Illinois Public Aid Code.

(d) The Department of Human Services shall adopt administrative rules by October 1, 2024, to facilitate administration of the Smart Start Child Care Workforce Compensation Program, including, but not limited to, provisions for program eligibility, the application and funding calculation process, eligible expenses, required wage floors, and requirements for financial and personnel reporting and monitoring requirements. Eligibility and funding provisions shall be based on appropriation and a current model of the cost to provide child care services by a licensed child care center or licensed family child care home.

Section 95-15. Stakeholder involvement in program development and implementation. The Child Care Advisory Council, or a committee of the Council, with representation from Raising Illinois, We, the Village, Birth to Five Illinois Action Councils, and Illinois Child Care for All, shall convene prior to July 1, 2023, and at least quarterly thereafter through June 30, 2025, to inform the development and implementation of the Smart Start Child Care Workforce
Section 95-900. The Illinois Public Aid Code is amended by changing Section 9A-11 as follows:

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with limited access to economic resources, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low-income working families with limited access to economic resources become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families with limited access to economic resources should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:
(1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;

(2) families transitioning from TANF to work;

(3) families at risk of becoming recipients of TANF;

(4) families with special needs as defined by rule;

(5) working families with very low incomes as defined by rule;

(6) families that are not recipients of TANF and that need child care assistance to participate in education and training activities;

(7) youth in care, as defined in Section 4d of the Children and Family Services Act, who are parents, regardless of income or whether they are working or participating in Department-approved employment or education or training programs. Any family that receives child care assistance in accordance with this paragraph shall receive one additional 12-month child care eligibility period after the parenting youth in care's case with the Department of Children and Family Services is closed, regardless of income or whether the parenting youth in care is working or participating in Department-approved employment or education or training programs;

(8) families receiving Extended Family Support Program services from the Department of Children and Family
Services, regardless of income or whether they are working
or participating in Department-approved employment or
education or training programs; and

(9) families with children under the age of 5 who have
an open intact family services case with the Department of
Children and Family Services. Any family that receives
child care assistance in accordance with this paragraph
shall remain eligible for child care assistance 6 months
after the child's intact family services case is closed,
regardless of whether the child's parents or other
relatives as defined by rule are working or participating
in Department approved employment or education or training
programs. The Department of Human Services, in
consultation with the Department of Children and Family
Services, shall adopt rules to protect the privacy of
families who are the subject of an open intact family
services case when such families enroll in child care
services. Additional rules shall be adopted to offer
children who have an open intact family services case the
opportunity to receive an Early Intervention screening and
other services that their families may be eligible for as
provided by the Department of Human Services.

Beginning October 1, 2023, and every October 1 thereafter,
the Department of Children and Family Services shall report to
the General Assembly on the number of children who received
child care via vouchers paid for by the Department of Children
and Family Services during the preceding fiscal year. The report shall include the ages of children who received child care, the type of child care they received, and the number of months they received child care.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

The Department shall update the Child Care Assistance Program Eligibility Calculator posted on its website to include a question on whether a family is applying for child care assistance for the first time or is applying for a redetermination of eligibility.

A family's eligibility for child care services shall be redetermined no sooner than 12 months following the initial determination or most recent redetermination. During the 12-month periods, the family shall remain eligible for child care services regardless of (i) a change in family income, unless family income exceeds 85% of State median income, or (ii) a temporary change in the ongoing status of the parents or other relatives, as defined by rule, as working or attending a job training or educational program.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family
size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. Through and including fiscal year 2007, the specified threshold must be no less than 50% of the then-current State median income for each family size. Beginning in fiscal year 2008, the specified threshold must be no less than 185% of the then-current federal poverty level for each family size. Notwithstanding any other provision of law or administrative rule to the contrary, beginning in fiscal year 2019, the specified threshold for working families with very low incomes as defined by rule must be no less than 185% of the then-current federal poverty level for each family size. Notwithstanding any other provision of law or administrative rule to the contrary, beginning in State fiscal year 2022 through State fiscal year 2023, the specified income threshold shall be no less than 200% of the then-current federal poverty level for each family size. Beginning in State fiscal year 2024, the specified income threshold shall be no less than 225% of the then-current federal poverty level for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.
Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal, and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;
(2) a licensed child care home or home exempt from licensing;
(3) a licensed group child care home;
(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(c-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of January 1, 2006 (the effective date of Public Act 94-320), but not before. The State shall engage in collective bargaining with an exclusive representative of child and day care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically provided in Public Act 94-320, including, but not limited to, purposes of vicarious liability in tort and
purposes of statutory retirement or health insurance benefits.
Child and day care home providers shall not be covered by the

In according child and day care home providers and their
selected representative rights under the Illinois Public Labor
Relations Act, the State intends that the State action
exemption to application of federal and State antitrust laws
be fully available to the extent that their activities are
authorized by Public Act 94-320.

(d) The Illinois Department shall establish, by rule, a
co-payment scale that provides for cost sharing by families
that receive child care services, including parents whose only
income is from assistance under this Code. The co-payment
shall be based on family income and family size and may be
based on other factors as appropriate. Co-payments may be
waived for families whose incomes are at or below the federal
poverty level.

(d-5) The Illinois Department, in consultation with its
Child Care and Development Advisory Council, shall develop a
plan to revise the child care assistance program's co-payment
scale. The plan shall be completed no later than February 1,
2008, and shall include:

(1) findings as to the percentage of income that the
average American family spends on child care and the
relative amounts that low-income families and the average
American family spend on other necessities of life;
(2) recommendations for revising the child care co-payment scale to assure that families receiving child care services from the Department are paying no more than they can reasonably afford;

(3) recommendations for revising the child care co-payment scale to provide at-risk children with complete access to Preschool for All and Head Start; and

(4) recommendations for changes in child care program policies that affect the affordability of child care.

(e) (Blank).

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

(1) arranging the child care through eligible providers by use of purchase of service contracts or vouchers;

(2) arranging with other agencies and community volunteer groups for non-reimbursed child care;

(3) (blank); or

(4) adopting such other arrangements as the Department determines appropriate.

(f-1) Within 30 days after June 4, 2018 (the effective date of Public Act 100-587), the Department of Human Services shall establish rates for child care providers that are no less than the rates in effect on January 1, 2018 increased by 4.26%. 
(g) Families eligible for assistance under this Section shall be given the following options:

(1) receiving a child care certificate issued by the Department or a subcontractor of the Department that may be used by the parents as payment for child care and development services only; or

(2) if space is available, enrolling the child with a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.

and 12.9% of annual adjusted gross receipts in excess of
$225,000,000 but not exceeding $275,000,000 to the City of
Chicago;

16.2% of annual adjusted gross receipts in excess of
$275,000,000 but not exceeding $375,000,000 to the State
and 13.8% of annual adjusted gross receipts in excess of
$275,000,000 but not exceeding $375,000,000 to the City of Chicago;

18.9% of annual adjusted gross receipts in excess of $375,000,000 to the State and 16.1% of annual gross receipts in excess of $375,000,000 to the City of Chicago.

For the imposition of the privilege tax in this subsection (a-5), amounts paid pursuant to item (1) of subsection (b) of Section 56 of the Illinois Horse Racing Act of 1975 shall not be included in the determination of adjusted gross receipts.

(3) Notwithstanding the provisions of this subsection (a-5), for the first 10 years that the privilege tax is imposed under this subsection (a-5) or until the year preceding the calendar year in which paragraph (4) becomes operative, whichever occurs first, the privilege tax shall be imposed on the modified annual adjusted gross receipts of a riverboat or casino conducting gambling operations in the City of East St. Louis, unless:

(1) the riverboat or casino fails to employ at least 450 people, except no minimum employment shall be required during 2020 and 2021 or during periods that the riverboat or casino is closed on orders of State officials for public health emergencies or other emergencies not caused by the riverboat or casino;

(2) the riverboat or casino fails to maintain operations in a manner consistent with this Act or is not a viable riverboat or casino subject to the approval of the
Board; or

(3) the owners licensee is not an entity in which employees participate in an employee stock ownership plan or in which the owners licensee sponsors a 401(k) retirement plan and makes a matching employer contribution equal to at least one-quarter of the first 12% or one-half of the first 6% of each participating employee's contribution, not to exceed any limitations under federal laws and regulations.

(4) Notwithstanding the provisions of this subsection (a-5), for 10 calendar years beginning in the year that gambling operations commence either in a temporary or permanent facility at an organization gaming facility located in the City of Collinsville if the facility commences operations within 3 years of the effective date of the changes made to this Section by this amendatory Act of the 103rd General Assembly, the privilege tax imposed under this subsection (a-5) on a riverboat or casino conducting gambling operations in the City of East St. Louis shall be reduced, if applicable, by an amount equal to the difference in adjusted gross receipts for the 2022 calendar year less the current year's adjusted gross receipts, unless:

(A) the riverboat or casino fails to employ at least 350 people, except that no minimum employment shall be required during periods that the riverboat or casino is closed on orders of State officials for public health
emergencies or other emergencies not caused by the riverboat or casino;

(B) the riverboat or casino fails to maintain operations in a manner consistent with this Act or is not a viable riverboat or casino subject to the approval of the Board; or

(C) the riverboat or casino fails to submit audited financial statements to the Board prepared by an accounting firm that has been preapproved by the Board and such statements were prepared in accordance with the provisions of the Financial Accounting Standards Board Accounting Standards Codification under nongovernmental accounting principles generally accepted in the United States.

As used in this subsection (a-5), "modified annual adjusted gross receipts" means:

(A) for calendar year 2020, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 2014, 2015, 2016, 2017, and 2018 and the annual adjusted gross receipts for 2018;

(B) for calendar year 2021, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts for 2018;
receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 2014, 2015, 2016, 2017, and 2018 and the annual adjusted gross receipts for 2019; and

(C) for calendar years 2022 through 2029, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 3 years preceding the current year and the annual adjusted gross receipts for the immediately preceding year.

(a-6) From June 28, 2019 (the effective date of Public Act 101-31) until June 30, 2023, an owners licensee that conducted gambling operations prior to January 1, 2011 shall receive a dollar-for-dollar credit against the tax imposed under this Section for any renovation or construction costs paid by the owners licensee, but in no event shall the credit exceed $2,000,000.

Additionally, from June 28, 2019 (the effective date of Public Act 101-31) until December 31, 2024, an owners licensee that (i) is located within 15 miles of the Missouri border, and (ii) has at least 3 riverboats, casinos, or their equivalent within a 45-mile radius, may be authorized to relocate to a new location with the approval of both the unit of local government designated as the home dock and the Board, so long
as the new location is within the same unit of local government and no more than 3 miles away from its original location. Such owners licensee shall receive a credit against the tax imposed under this Section equal to 8% of the total project costs, as approved by the Board, for any renovation or construction costs paid by the owners licensee for the construction of the new facility, provided that the new facility is operational by July 1, 2024. In determining whether or not to approve a relocation, the Board must consider the extent to which the relocation will diminish the gaming revenues received by other Illinois gaming facilities.

(a-7) Beginning in the initial adjustment year and through the final adjustment year, if the total obligation imposed pursuant to either subsection (a-5) or (a-6) will result in an owners licensee receiving less after-tax adjusted gross receipts than it received in calendar year 2018, then the total amount of privilege taxes that the owners licensee is required to pay for that calendar year shall be reduced to the extent necessary so that the after-tax adjusted gross receipts in that calendar year equals the after-tax adjusted gross receipts in calendar year 2018, but the privilege tax reduction shall not exceed the annual adjustment cap. If pursuant to this subsection (a-7), the total obligation imposed pursuant to either subsection (a-5) or (a-6) shall be reduced, then the owners licensee shall not receive a refund from the State at the end of the subject calendar year but
instead shall be able to apply that amount as a credit against any payments it owes to the State in the following calendar year to satisfy its total obligation under either subsection (a-5) or (a-6). The credit for the final adjustment year shall occur in the calendar year following the final adjustment year.

If an owners licensee that conducted gambling operations prior to January 1, 2019 expands its riverboat or casino, including, but not limited to, with respect to its gaming floor, additional non-gaming amenities such as restaurants, bars, and hotels and other additional facilities, and incurs construction and other costs related to such expansion from June 28, 2019 (the effective date of Public Act 101-31) until June 28, 2024 (the 5th anniversary of the effective date of Public Act 101-31), then for each $15,000,000 spent for any such construction or other costs related to expansion paid by the owners licensee, the final adjustment year shall be extended by one year and the annual adjustment cap shall increase by 0.2% of adjusted gross receipts during each calendar year until and including the final adjustment year. No further modifications to the final adjustment year or annual adjustment cap shall be made after $75,000,000 is incurred in construction or other costs related to expansion so that the final adjustment year shall not extend beyond the 9th calendar year after the initial adjustment year, not including the initial adjustment year, and the annual
adjustment cap shall not exceed 4% of adjusted gross receipts in a particular calendar year. Construction and other costs related to expansion shall include all project related costs, including, but not limited to, all hard and soft costs, financing costs, on or off-site ground, road or utility work, cost of gaming equipment and all other personal property, initial fees assessed for each incremental gaming position, and the cost of incremental land acquired for such expansion. Soft costs shall include, but not be limited to, legal fees, architect, engineering and design costs, other consultant costs, insurance cost, permitting costs, and pre-opening costs related to the expansion, including, but not limited to, any of the following: marketing, real estate taxes, personnel, training, travel and out-of-pocket expenses, supply, inventory, and other costs, and any other project related soft costs.

To be eligible for the tax credits in subsection (a-6), all construction contracts shall include a requirement that the contractor enter into a project labor agreement with the building and construction trades council with geographic jurisdiction of the location of the proposed gaming facility.

Notwithstanding any other provision of this subsection (a-7), this subsection (a-7) does not apply to an owners licensee unless such owners licensee spends at least $15,000,000 on construction and other costs related to its expansion, excluding the initial fees assessed for each
incremental gaming position.

This subsection (a-7) does not apply to owners licensees authorized pursuant to subsection (e-5) of Section 7 of this Act.

For purposes of this subsection (a-7):

"Building and construction trades council" means any organization representing multiple construction entities that are monitoring or attentive to compliance with public or workers' safety laws, wage and hour requirements, or other statutory requirements or that are making or maintaining collective bargaining agreements.

"Initial adjustment year" means the year commencing on January 1 of the calendar year immediately following the earlier of the following:

(1) the commencement of gambling operations, either in a temporary or permanent facility, with respect to the owners license authorized under paragraph (1) of subsection (e-5) of Section 7 of this Act; or

(2) June 28, 2021 (24 months after the effective date of Public Act 101-31); provided the initial adjustment year shall not commence earlier than June 28, 2020 (12 months after the effective date of Public Act 101-31).

"Final adjustment year" means the 2nd calendar year after the initial adjustment year, not including the initial adjustment year, and as may be extended further as described
in this subsection (a-7).

"Annual adjustment cap" means 3% of adjusted gross receipts in a particular calendar year, and as may be increased further as otherwise described in this subsection (a-7).

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-9) Beginning on January 1, 2020, the calculation of gross receipts or adjusted gross receipts, for the purposes of this Section, for a riverboat, a casino, or an organization gaming facility shall not include the dollar amount of non-cashable vouchers, coupons, and electronic promotions redeemed by wagerers upon the riverboat, in the casino, or in the organization gaming facility up to and including an amount not to exceed 20% of a riverboat's, a casino's, or an organization gaming facility's adjusted gross receipts.

The Illinois Gaming Board shall submit to the General Assembly a comprehensive report no later than March 31, 2023 detailing, at a minimum, the effect of removing non-cashable vouchers, coupons, and electronic promotions from this calculation on net gaming revenues to the State in calendar years 2020 through 2022, the increase or reduction in wagerers as a result of removing non-cashable vouchers, coupons, and electronic promotions from this calculation, the effect of the tax rates in subsection (a-5) on net gaming revenues to this
State, and proposed modifications to the calculation.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner or the organization gaming licensee to the Board not later than 5:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount exceeds the amount of net privilege tax paid by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after August 23, 2005 (the effective date of Public Act 94-673) that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first
day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

For a riverboat in Alton, $31,000,000.

For a riverboat in East Peoria, $43,000,000.
For the Empress riverboat in Joliet, $86,000,000.

For the Harrah's riverboat in Joliet, $114,000,000.

For a riverboat in East St. Louis, $48,500,000.
For a riverboat in Elgin, $198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).

"Net privilege tax" means all privilege taxes paid by a licensed owner to the Board under this Section, less all payments made from the State Gaming Fund pursuant to subsection (b) of this Section.

The changes made to this subsection (a-15) by Public Act 94-839 are intended to restate and clarify the intent of Public Act 94-673 with respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

(b) From the tax revenue from riverboat or casino gambling deposited in the State Gaming Fund under this Section, an amount equal to 5% of adjusted gross receipts generated by a riverboat or a casino, other than a riverboat or casino designated in paragraph (1), (3), or (4) of subsection (e-5) of Section 7, shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government in which the casino is located or that is designated as the home dock of the riverboat. ARTICLE 120.

Section 120-5. The Department of Revenue Law of the Civil Administrative Code of Illinois is amended by adding Section 2505-810 as follows:

(20 ILCS 2505/2505-810 new)

Sec. 2505-810. Veterans Property Tax Relief Reimbursement Pilot Program.

(a) Subject to appropriation, for State fiscal years that begin on or after July 1, 2023 and before July 1, 2028, the Department shall establish and administer a Veterans Property Tax Relief Reimbursement Pilot Program. For purposes of the Program, the Department shall reimburse eligible taxing
districts, in an amount calculated under subsection (c), for revenue loss associated with providing homestead exemptions to veterans with disabilities. A taxing district is eligible for reimbursement under this Section if (i) application of the homestead exemptions for veterans with disabilities under Sections 15-165 and 15-169 of the Property Tax Code results in a cumulative reduction of more than 2.5% in the total equalized assessed value of all taxable property in the taxing district, when compared with the total equalized assessed value of all taxable property in the taxing district prior to the application of those exemptions, for the taxable year that is 2 years before the start of the State fiscal year in which the application for reimbursement is made and (ii) the taxing district is located in whole or in part in a county that contains a United States military base. Reimbursement payments shall be made to the county that applies to the Department of Revenue on behalf of the taxing district under subsection (b) and shall be distributed by the county to the taxing district as directed by the Department of Revenue.

(b) If the county clerk determines that one or more taxing districts located in whole or in part in the county qualify for reimbursement under this Section, then the county clerk shall apply to the Department of Revenue on behalf of the taxing district for reimbursement under this Section in the form and manner required by the Department. The county clerk shall consolidate applications submitted on behalf of more than one
taxing district into a single application. The Department of Revenue may audit the information submitted by the county clerk as part of the application under this Section for the purpose of verifying the accuracy of that information.

(c) Subject to the maximum aggregate reimbursement amount set forth in this subsection, the amount of the reimbursement shall be as follows:

(1) for reimbursements awarded for the fiscal year that begins on July 1, 2023, 50% of the product generated by multiplying 90% of the total dollar amount of exemptions granted for taxable year 2021 under Section 15-165 or Section 15-169 of the Property Tax Code to property located in the taxing district by the taxing district's property tax rate for taxable year 2021; and

(2) for reimbursements awarded for fiscal years that begin on or after July 1, 2024 and begin before July 1, 2028, 100% of the product generated by multiplying 90% of the total dollar amount of exemptions granted for the base year under Section 15-165 or Section 15-169 of the Property Tax Code to property located in the taxing district by the taxing district's property tax rate for the base year.

The aggregate amount of reimbursements that may be awarded under this Section for all taxing districts in any calendar year may not exceed the lesser of $15,000,000 or the amount appropriated for the program for that calendar year. If the
total amount of eligible reimbursements under this Section exceeds the lesser of $15,000,000 or the amount appropriated for the program for that calendar year, then the reimbursement amount awarded to each particular taxing district shall be reduced on a pro rata basis until the aggregate amount of reimbursements awarded under this Section for the calendar year does not exceed the lesser of $15,000,000 or the amount appropriated for the program for the calendar year.

(d) The Department of Revenue may adopt rules necessary for the implementation of this Section.

(e) As used in this Section:

Section 140-5. The Illinois Income Tax Act is amended by changing Section 203 as follows:

(35 ILCS 5/203) (from Ch. 120, par. 2-203)
Sec. 203. Base income defined.
(a) Individuals.
   (1) In general. In the case of an individual, base income means an amount equal to the taxpayer's adjusted gross income for the taxable year as modified by paragraph (2).
   (2) Modifications. The adjusted gross income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:
      (A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income
in the computation of adjusted gross income, except stock dividends of qualified public utilities described in Section 305(e) of the Internal Revenue Code;

(B) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income in the computation of adjusted gross income for the taxable year;

(C) An amount equal to the amount received during the taxable year as a recovery or refund of real property taxes paid with respect to the taxpayer's principal residence under the Revenue Act of 1939 and for which a deduction was previously taken under subparagraph (L) of this paragraph (2) prior to July 1, 1991, the retrospective application date of Article 4 of Public Act 87-17. In the case of multi-unit or multi-use structures and farm dwellings, the taxes on the taxpayer's principal residence shall be that portion of the total taxes for the entire property which is attributable to such principal residence;

(D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of adjusted gross income;

(D-5) An amount, to the extent not included in adjusted gross income, equal to the amount of money
withdrawn by the taxpayer in the taxable year from a medical care savings account and the interest earned on the account in the taxable year of a withdrawal pursuant to subsection (b) of Section 20 of the Medical Care Savings Account Act or subsection (b) of Section 20 of the Medical Care Savings Account Act of 2000;

(D-10) For taxable years ending after December 31, 1997, an amount equal to any eligible remediation costs that the individual deducted in computing adjusted gross income and for which the individual claims a credit under subsection (l) of Section 201;

(D-15) For taxable years 2001 and thereafter, an amount equal to the bonus depreciation deduction taken on the taxpayer's federal income tax return for the taxable year under subsection (k) of Section 168 of the Internal Revenue Code;

(D-16) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-15), then an amount equal to the aggregate amount of the deductions taken in all taxable years under subparagraph (Z) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which a
subtraction is allowed with respect to that property under subparagraph (Z) and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (Z), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(D-17) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of
the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the
person did not have as a principal purpose the
avoidance of Illinois income tax, and is paid
pursuant to a contract or agreement that
reflects an arm's-length interest rate and
terms; or

(iii) the taxpayer can establish, based on
clear and convincing evidence, that the interest
paid, accrued, or incurred relates to a contract
or agreement entered into at arm's-length rates
and terms and the principal purpose for the
payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or
incurred, directly or indirectly, to a person if
the taxpayer establishes by clear and convincing
evidence that the adjustments are unreasonable; or
if the taxpayer and the Director agree in writing
to the application or use of an alternative method
of apportionment under Section 304(f).

Nothing in this subsection shall preclude the
Director from making any other adjustment
otherwise allowed under Section 404 of this Act
for any tax year beginning after the effective
date of this amendment provided such adjustment is
made pursuant to regulation adopted by the
Department and such regulations provide methods
and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-18) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income
under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other
than a state which requires mandatory unitary
reporting, to a tax on or measured by net income
with respect to such item; or

(ii) any item of intangible expense or cost
paid, accrued, or incurred, directly or
indirectly, if the taxpayer can establish, based
on a preponderance of the evidence, both of the
following:

(a) the person during the same taxable
year paid, accrued, or incurred, the
intangible expense or cost to a person that is
not a related member, and

(b) the transaction giving rise to the
intangible expense or cost between the
taxpayer and the person did not have as a
principal purpose the avoidance of Illinois
income tax, and is paid pursuant to a contract
or agreement that reflects arm's-length terms;
or

(iii) any item of intangible expense or cost
paid, accrued, or incurred, directly or
indirectly, from a transaction with a person if
the taxpayer establishes by clear and convincing
evidence, that the adjustments are unreasonable;
or if the taxpayer and the Director agree in
writing to the application or use of an
alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-19) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a
member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) or Section 203(a)(2)(D-18) of this Act;

(D-20) For taxable years beginning on or after January 1, 2002 and ending on or before December 31, 2006, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5 of the State Treasurer Act or (ii) a distribution from the Illinois Prepaid Tuition Trust Fund, an amount equal to the amount excluded from gross income under Section 529(c)(3)(B). For taxable years beginning on or after January 1, 2007, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5
of the State Treasurer Act, (ii) a distribution from the Illinois Prepaid Tuition Trust Fund, or (iii) a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code that (I) adopts and determines that its offering materials comply with the College Savings Plans Network's disclosure principles and (II) has made reasonable efforts to inform in-state residents of the existence of in-state qualified tuition programs by informing Illinois residents directly and, where applicable, to inform financial intermediaries distributing the program to inform in-state residents of the existence of in-state qualified tuition programs at least annually, an amount equal to the amount excluded from gross income under Section 529(c)(3)(B).

For the purposes of this subparagraph (D-20), a qualified tuition program has made reasonable efforts if it makes disclosures (which may use the term "in-state program" or "in-state plan" and need not specifically refer to Illinois or its qualified programs by name) (i) directly to prospective participants in its offering materials or makes a public disclosure, such as a website posting; and (ii) where applicable, to intermediaries selling the out-of-state program in the same manner that the out-of-state program distributes its offering.
(D-20.5) For taxable years beginning on or after January 1, 2018, in the case of a distribution from a qualified ABLE program under Section 529A of the Internal Revenue Code, other than a distribution from a qualified ABLE program created under Section 16.6 of the State Treasurer Act, an amount equal to the amount excluded from gross income under Section 529A(c)(1)(B) of the Internal Revenue Code;

(D-21) For taxable years beginning on or after January 1, 2007, in the case of transfer of moneys from a qualified tuition program under Section 529 of the Internal Revenue Code that is administered by the State to an out-of-state program, an amount equal to the amount of moneys previously deducted from base income under subsection (a)(2)(Y) of this Section;

(D-21.5) For taxable years beginning on or after January 1, 2018, in the case of the transfer of moneys from a qualified tuition program under Section 529 or a qualified ABLE program under Section 529A of the Internal Revenue Code that is administered by this State to an ABLE account established under an out-of-state ABLE account program, an amount equal to the contribution component of the transferred amount that was previously deducted from base income under subsection (a)(2)(Y) or subsection (a)(2)(HH) of this
(D-22) For taxable years beginning on or after January 1, 2009, and prior to January 1, 2018, in the case of a nonqualified withdrawal or refund of moneys from a qualified tuition program under Section 529 of the Internal Revenue Code administered by the State that is not used for qualified expenses at an eligible education institution, an amount equal to the contribution component of the nonqualified withdrawal or refund that was previously deducted from base income under subsection (a)(2)(y) of this Section, provided that the withdrawal or refund did not result from the beneficiary's death or disability. For taxable years beginning on or after January 1, 2018:

1. in the case of a nonqualified withdrawal or refund, as defined under Section 16.5 of the State Treasurer Act, of moneys from a qualified tuition program under Section 529 of the Internal Revenue Code administered by the State, an amount equal to the contribution component of the nonqualified withdrawal or refund that was previously deducted from base income under subsection (a)(2)(Y) of this Section, and

2. in the case of a nonqualified withdrawal or refund from a qualified ABLE program under Section 529A of the Internal Revenue Code administered by the State that is not used for qualified disability expenses, an
amount equal to the contribution component of the nonqualified withdrawal or refund that was previously deducted from base income under subsection (a)(2)(HH) of this Section;

(D-23) An amount equal to the credit allowable to the taxpayer under Section 218(a) of this Act, determined without regard to Section 218(c) of this Act;

deduction for federal income tax purposes if the
expense or loss had been uninsured. If a taxpayer
makes the election provided for by this subparagraph
(GG), the insurer to which the premiums were paid must
add back to income the amount subtracted by the

subparagraph (GG) is exempt from the provisions of

computed independently under the preceding provisions of this subparagraph (E) for each such taxable year;

(E-12) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact the foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts
included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or
(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(E-13) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or
incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence shall not apply to the extent that the same
dividends caused a reduction to the addition
modification required under Section 203(b)(2)(E-12) of
this Act. As used in this subparagraph, the term
"intangible expenses and costs" includes (1) expenses,
losses, and costs for, or related to, the direct or
indirect acquisition, use, maintenance or management,
ownership, sale, exchange, or any other disposition of
intangible property; (2) losses incurred, directly or
indirectly, from factoring transactions or discounting
transactions; (3) royalty, patent, technical, and
copyright fees; (4) licensing fees; and (5) other
similar expenses and costs. For purposes of this
subparagraph, "intangible property" includes patents,
patent applications, trade names, trademarks, service
marks, copyrights, mask works, trade secrets, and
similar types of intangible assets.

paid, accrued, or incurred, directly or
indirectly, from a transaction with a person who
is subject in a foreign country or state, other
than a state which requires mandatory unitary
reporting, to a tax on or measured by net income
with respect to such item; or

(ii) any item of intangible expense or cost
paid, accrued, or incurred, directly or
indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms;

or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act.
for any tax year beginning after the effective
date of this amendment provided such adjustment is
made pursuant to regulation adopted by the
Department and such regulations provide methods
and standards by which the Department will utilize
its authority under Section 404 of this Act;

(E-14) For taxable years ending on or after
December 31, 2008, an amount equal to the amount of
insurance premium expenses and costs otherwise allowed
as a deduction in computing base income, and that were
paid, accrued, or incurred, directly or indirectly, to
a person who would be a member of the same unitary
business group but for the fact that the person is
prohibited under Section 1501(a)(27) from being
included in the unitary business group because he or
she is ordinarily required to apportion business
income under different subsections of Section 304. The
addition modification required by this subparagraph
shall be reduced to the extent that dividends were
included in base income of the unitary group for the
same taxable year and received by the taxpayer or by a
member of the taxpayer's unitary business group
(including amounts included in gross income under
Sections 951 through 964 of the Internal Revenue Code
and amounts included in gross income under Section 78
of the Internal Revenue Code) with respect to the
stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(b)(2)(E-12) or Section 203(b)(2)(E-13) of this Act;

(E-15) For taxable years beginning after December 31, 2008, any deduction for dividends paid by a captive real estate investment trust that is allowed to a real estate investment trust under Section 857(b)(2)(B) of the Internal Revenue Code for dividends paid;

(E-16) An amount equal to the credit allowable to the taxpayer under Section 218(a) of this Act, determined without regard to Section 218(c) of this Act;

(E-17) For taxable years ending on or after December 31, 2017, an amount equal to the deduction allowed under Section 199 of the Internal Revenue Code for the taxable year;

(E-18) for taxable years beginning after December 31, 2018, an amount equal to the deduction allowed under Section 250(a)(1)(A) of the Internal Revenue Code for the taxable year;

(E-19) for taxable years ending on or after June
30, 2021, an amount equal to the deduction allowed under Section 250(a)(1)(B)(i) of the Internal Revenue Code for the taxable year;

and by deducting from the total so obtained the sum of the following amounts:

(F) An amount equal to the amount of any tax imposed by this Act which was refunded to the taxpayer and included in such total for the taxable year;

(ii) the addition modification relating to the net operating loss carried back or forward to the taxable year from any taxable year ending prior to December 31, 1986 shall not exceed the amount of such carryback or carryforward;

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(G-12) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business
group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a
preponderance of the evidence, both of the following:

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).
Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(G-13) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this
subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(c)(2)(G-12) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes: (1) expenses, losses, and costs for or related to the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names,
trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or
(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(G-14) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being
included in the unitary business group because he or
she is ordinarily required to apportion business
income under different subsections of Section 304. The
addition modification required by this subparagraph
shall be reduced to the extent that dividends were
included in base income of the unitary group for the
same taxable year and received by the taxpayer or by a
member of the taxpayer's unitary business group
(including amounts included in gross income under
Sections 951 through 964 of the Internal Revenue Code
and amounts included in gross income under Section 78
of the Internal Revenue Code) with respect to the
stock of the same person to whom the premiums and costs
were directly or indirectly paid, incurred, or
accrued. The preceding sentence does not apply to the
extent that the same dividends caused a reduction to
the addition modification required under Section
203(c)(2)(G-12) or Section 203(c)(2)(G-13) of this
Act;

(G-15) An amount equal to the credit allowable to
the taxpayer under Section 218(a) of this Act,
determined without regard to Section 218(c) of this
Act;

(G-16) For taxable years ending on or after
December 31, 2017, an amount equal to the deduction
allowed under Section 199 of the Internal Revenue Code
for the taxable year;
and by deducting from the total so obtained the sum of the following amounts:

(H) An amount equal to all amounts included in such total pursuant to the provisions of Sections 402(a), 402(c), 403(a), 403(b), 406(a), 407(a) and 408 of the Internal Revenue Code or included in such total as distributions under the provisions of any retirement or disability plan for employees of any governmental agency or unit, or retirement payments to retired partners, which payments are excluded in computing net earnings from self employment by Section 1402 of the Internal Revenue Code and regulations adopted pursuant thereto;

(I) The valuation limitation amount;

(J) An amount equal to the amount of any tax imposed by this Act which was refunded to the taxpayer and included in such total for the taxable year;

(K) An amount equal to all amounts included in taxable income as modified by subparagraphs (A), (B), (C), (D), (E), (F) and (G) which are exempt from taxation by this State either by reason of its statutes or Constitution or by reason of the Constitution, treaties or statutes of the United States; provided that, in the case of any statute of this State that exempts income derived from bonds or
other obligations from the tax imposed under this Act, the amount exempted shall be the interest net of bond premium amortization;

(L) With the exception of any amounts subtracted under subparagraph (K), an amount equal to the sum of all amounts disallowed as deductions by (i) Sections 171(a)(2) and 265(a)(2) of the Internal Revenue Code, and all amounts of expenses allocable to interest and disallowed as deductions by Section 265(a)(1) of the Internal Revenue Code; and (ii) for taxable years ending on or after August 13, 1999, Sections 171(a)(2), 265, 280C, and 832(b)(5)(B)(i) of the Internal Revenue Code, plus, (iii) for taxable years ending on or after December 31, 2011, Section 45G(e)(3) of the Internal Revenue Code and, for taxable years ending on or after December 31, 2008, any amount included in gross income under Section 87 of the Internal Revenue Code; the provisions of this subparagraph are exempt from the provisions of Section 250;

(M) An amount equal to those dividends included in such total which were paid by a corporation which conducts business operations in a River Edge Redevelopment Zone or zones created under the River Edge Redevelopment Zone Act and conducts substantially all of its operations in a River Edge Redevelopment
Zone or zones. This subparagraph (M) is exempt from
the provisions of Section 250;

job training project established pursuant to the Tax

subparagraph (M) of paragraph (2) of this subsection
shall not be eligible for the deduction provided under
this subparagraph (O);

(P) An amount equal to the amount of the deduction
used to compute the federal income tax credit for
restoration of substantial amounts held under claim of
right for the taxable year pursuant to Section 1341 of
the Internal Revenue Code;

(Q) For taxable year 1999 and thereafter, an
amount equal to the amount of any (i) distributions,
to the extent includible in gross income for federal
income tax purposes, made to the taxpayer because of
his or her status as a victim of persecution for racial
or religious reasons by Nazi Germany or any other Axis
regime or as an heir of the victim and (ii) items of
income, to the extent includible in gross income for federal income tax purposes, attributable to, derived from or in any way related to assets stolen from, hidden from, or otherwise lost to a victim of persecution for racial or religious reasons by Nazi Germany or any other Axis regime immediately prior to, during, and immediately after World War II, including, but not limited to, interest on the proceeds receivable as insurance under policies issued to a victim of persecution for racial or religious reasons by Nazi Germany or any other Axis regime by European insurance companies immediately prior to and during World War II; provided, however, this subtraction from federal adjusted gross income does not apply to assets acquired with such assets or with the proceeds from the sale of such assets; provided, further, this paragraph shall only apply to a taxpayer who was the first recipient of such assets after their recovery and who is a victim of persecution for racial or religious reasons by Nazi Germany or any other Axis regime or as an heir of the victim. The amount of and the eligibility for any public assistance, benefit, or similar entitlement is not affected by the inclusion of items (i) and (ii) of this paragraph in gross income for federal income tax purposes. This paragraph is exempt from the provisions of Section 250;
(R) For taxable years 2001 and thereafter, for the taxable year in which the bonus depreciation deduction is taken on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code and for each applicable taxable year thereafter, an amount equal to "x", where:

1. "y" equals the amount of the depreciation deduction taken for the taxable year on the taxpayer's federal income tax return on property for which the bonus depreciation deduction was taken in any year under subsection (k) of Section 168 of the Internal Revenue Code, but not including the bonus depreciation deduction;

2. for taxable years ending on or before December 31, 2005, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429); and

3. for taxable years ending after December 31, 2005:
   (i) for property on which a bonus depreciation deduction of 30% of the adjusted basis was taken, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429); and
   (ii) for property on which a bonus depreciation deduction of 50% of the adjusted
basis was taken, "x" equals "y" multiplied by 1.0;

(iii) for property on which a bonus depreciation deduction of 100% of the adjusted basis was taken in a taxable year ending on or after December 31, 2021, "x" equals the depreciation deduction that would be allowed on that property if the taxpayer had made the election under Section 168(k)(7) of the Internal Revenue Code to not claim bonus depreciation on that property; and

(iv) for property on which a bonus depreciation deduction of a percentage other than 30%, 50% or 100% of the adjusted basis was taken in a taxable year ending on or after December 31, 2021, "x" equals "y" multiplied by 100 times the percentage bonus depreciation on the property (that is, 100(bonus%)) and then divided by 100 times 1 minus the percentage bonus depreciation on the property (that is, 100(1–bonus%)).

The aggregate amount deducted under this subparagraph in all taxable years for any one piece of property may not exceed the amount of the bonus depreciation deduction taken on that property on the taxpayer's federal income tax return under subsection
(k) of Section 168 of the Internal Revenue Code. This subparagraph (R) is exempt from the provisions of Section 250;

(S) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (G-10), then an amount equal to that addition modification.

If the taxpayer continues to own property through the last day of the last tax year for which a subtraction is allowed with respect to that property under subparagraph (R) and for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (G-10), then an amount equal to that addition modification.

The taxpayer is allowed to take the deduction under this subparagraph only once with respect to any one piece of property.

This subparagraph (S) is exempt from the provisions of Section 250;

(T) The amount of (i) any interest income (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-17), 203(b)(2)(E-12),
203(c)(2)(G-12), or 203(d)(2)(D-7), but not to exceed the amount of such addition modification and (ii) any income from intangible property (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-18), 203(b)(2)(E-13), 203(c)(2)(G-13), or 203(d)(2)(D-8), but not to exceed the amount of such addition modification. This subparagraph (T) is exempt from the provisions of Section 250;

(U) An amount equal to the interest income taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with (i) a foreign person who would be a member of the taxpayer's unitary business group but for the fact the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304, but not to exceed the
addition modification required to be made for the same taxable year under Section 203(c)(2)(G-12) for interest paid, accrued, or incurred, directly or indirectly, to the same person. This subparagraph (U) is exempt from the provisions of Section 250;

(V) An amount equal to the income from intangible property taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with (i) a foreign person who would be a member of the taxpayer's unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304, but not to exceed the addition modification required to be made for the same taxable year under Section 203(c)(2)(G-13) for intangible expenses and costs paid, accrued, or incurred, directly or indirectly, to the same foreign person. This subparagraph (V) is exempt from the provisions of Section 250;
(W) in the case of an estate, an amount equal to all amounts included in such total pursuant to the provisions of Section 111 of the Internal Revenue Code as a recovery of items previously deducted by the decedent from adjusted gross income in the computation of taxable income. This subparagraph (W) is exempt from Section 250;

(X) an amount equal to the refund included in such total of any tax deducted for federal income tax purposes, to the extent that deduction was added back under subparagraph (F). This subparagraph (X) is exempt from the provisions of Section 250;

(Y) For taxable years ending on or after December 31, 2011, in the case of a taxpayer who was required to add back any insurance premiums under Section 203(c)(2)(G-14), such taxpayer may elect to subtract that part of a reimbursement received from the insurance company equal to the amount of the expense or loss (including expenses incurred by the insurance company) that would have been taken into account as a deduction for federal income tax purposes if the expense or loss had been uninsured. If a taxpayer makes the election provided for by this subparagraph (Y), the insurer to which the premiums were paid must add back to income the amount subtracted by the taxpayer pursuant to this subparagraph (Y). This
subparagraph (Y) is exempt from the provisions of Section 250; and

(Z) For taxable years beginning after December 31, 2018 and before January 1, 2026, the amount of excess business loss of the taxpayer disallowed as a deduction by Section 461(l)(1)(B) of the Internal Revenue Code; and

(AA) For taxable years beginning on or after January 1, 2023, for any cannabis establishment operating in this State and licensed under the Cannabis Regulation and Tax Act or any cannabis cultivation center or medical cannabis dispensing organization operating in this State and licensed under the Compassionate Use of Medical Cannabis Program Act, an amount equal to the deductions that were disallowed under Section 280E of the Internal Revenue Code for the taxable year and that would not be added back under this subsection. The provisions of this subparagraph (AA) are exempt from the provisions of Section 250.

(3) Limitation. The amount of any modification otherwise required under this subsection shall, under regulations prescribed by the Department, be adjusted by any amounts included therein which were properly paid, credited, or required to be distributed, or permanently set aside for charitable purposes pursuant to Internal
Revenue Code Section 642(c) during the taxable year.

(d) Partnerships.

(1) In general. In the case of a partnership, base income means an amount equal to the taxpayer's taxable income for the taxable year as modified by paragraph (2).

(2) Modifications. The taxable income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

(A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of taxable income;

(B) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income for the taxable year;

(C) The amount of deductions allowed to the partnership pursuant to Section 707 (c) of the Internal Revenue Code in calculating its taxable income;

(D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of taxable income;

(D-5) For taxable years 2001 and thereafter, an amount equal to the bonus depreciation deduction taken
on the taxpayer's federal income tax return for the
taxable year under subsection (k) of Section 168 of
the Internal Revenue Code;

(D-6) If the taxpayer sells, transfers, abandons,
or otherwise disposes of property for which the
taxpayer was required in any taxable year to make an
addition modification under subparagraph (D-5), then
an amount equal to the aggregate amount of the
deductions taken in all taxable years under
subparagraph (O) with respect to that property.

If the taxpayer continues to own property through
the last day of the last tax year for which a
subtraction is allowed with respect to that property
under subparagraph (O) and for which the taxpayer was
allowed in any taxable year to make a subtraction
modification under subparagraph (O), then an amount
equal to that subtraction modification.

The taxpayer is required to make the addition
modification under this subparagraph only once with
respect to any one piece of property;

(D-7) An amount equal to the amount otherwise
allowed as a deduction in computing base income for
interest paid, accrued, or incurred, directly or
indirectly, (i) for taxable years ending on or after
December 31, 2004, to a foreign person who would be a
member of the same unitary business group but for the
fact the foreign person's business activity outside
the United States is 80% or more of the foreign
person's total business activity and (ii) for taxable
years ending on or after December 31, 2008, to a person
who would be a member of the same unitary business
group but for the fact that the person is prohibited
under Section 1501(a)(27) from being included in the
unitary business group because he or she is ordinarily
required to apportion business income under different
subsections of Section 304. The addition modification
required by this subparagraph shall be reduced to the
extent that dividends were included in base income of
the unitary group for the same taxable year and
received by the taxpayer or by a member of the
taxpayer's unitary business group (including amounts
included in gross income pursuant to Sections 951
through 964 of the Internal Revenue Code and amounts
included in gross income under Section 78 of the
Internal Revenue Code) with respect to the stock of
the same person to whom the interest was paid,
accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or
incurred, directly or indirectly, to a person who
is subject in a foreign country or state, other
than a state which requires mandatory unitary
reporting, to a tax on or measured by net income
with respect to such interest; or

(ii) an item of interest paid, accrued, or
incurred, directly or indirectly, to a person if
the taxpayer can establish, based on a
preponderance of the evidence, both of the
following:

(a) the person, during the same taxable
year, paid, accrued, or incurred, the interest
to a person that is not a related member, and

(b) the transaction giving rise to the
interest expense between the taxpayer and the
person did not have as a principal purpose the
avoidance of Illinois income tax, and is paid
pursuant to a contract or agreement that
reflects an arm's-length interest rate and
terms; or

(iii) the taxpayer can establish, based on
clear and convincing evidence, that the interest
paid, accrued, or incurred relates to a contract
or agreement entered into at arm's-length rates
and terms and the principal purpose for the
payment is not federal or Illinois tax avoidance;
or

(iv) an item of interest paid, accrued, or
incurred, directly or indirectly, to a person if
the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act; and

(D-8) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that
the person is prohibited under Section 1501(a)(27)
from being included in the unitary business group
because he or she is ordinarily required to apportion
business income under different subsections of Section
304. The addition modification required by this
subparagraph shall be reduced to the extent that
dividends were included in base income of the unitary
group for the same taxable year and received by the
taxpayer or by a member of the taxpayer's unitary
business group (including amounts included in gross
income pursuant to Sections 951 through 964 of the
Internal Revenue Code and amounts included in gross
income under Section 78 of the Internal Revenue Code)
with respect to the stock of the same person to whom
the intangible expenses and costs were directly or
indirectly paid, incurred or accrued. The preceding
sentence shall not apply to the extent that the same
dividends caused a reduction to the addition
modification required under Section 203(d)(2)(D-7) of
this Act. As used in this subparagraph, the term
"intangible expenses and costs" includes (1) expenses,
losses, and costs for, or related to, the direct or
indirect acquisition, use, maintenance or management,
ownership, sale, exchange, or any other disposition of
intangible property; (2) losses incurred, directly or
indirectly, from factoring transactions or discounting
transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets;

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the
taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-9) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed
as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(d)(2)(D-7) or Section 203(d)(2)(D-8) of this Act;

(D-10) An amount equal to the credit allowable to the taxpayer under Section 218(a) of this Act, determined without regard to Section 218(c) of this
Act;

(D-11) For taxable years ending on or after December 31, 2017, an amount equal to the deduction allowed under Section 199 of the Internal Revenue Code for the taxable year;

and by deducting from the total so obtained the following amounts:

(E) The valuation limitation amount;

(F) An amount equal to the amount of any tax imposed by this Act which was refunded to the taxpayer and included in such total for the taxable year;

(G) An amount equal to all amounts included in taxable income as modified by subparagraphs (A), (B), (C) and (D) which are exempt from taxation by this State either by reason of its statutes or Constitution or by reason of the Constitution, treaties or statutes of the United States; provided that, in the case of any statute of this State that exempts income derived from bonds or other obligations from the tax imposed under this Act, the amount exempted shall be the interest net of bond premium amortization;

(H) Any income of the partnership which constitutes personal service income as defined in Section 1348(b)(1) of the Internal Revenue Code (as in effect December 31, 1981) or a reasonable allowance for compensation paid or accrued for services rendered
by partners to the partnership, whichever is greater; this subparagraph (H) is exempt from the provisions of Section 250;

(I) An amount equal to all amounts of income distributable to an entity subject to the Personal Property Tax Replacement Income Tax imposed by subsections (c) and (d) of Section 201 of this Act including amounts distributable to organizations exempt from federal income tax by reason of Section 501(a) of the Internal Revenue Code; this subparagraph (I) is exempt from the provisions of Section 250;

(J) With the exception of any amounts subtracted under subparagraph (G), an amount equal to the sum of all amounts disallowed as deductions by (i) Sections 171(a)(2) and 265(a)(2) of the Internal Revenue Code, and all amounts of expenses allocable to interest and disallowed as deductions by Section 265(a)(1) of the Internal Revenue Code; and (ii) for taxable years ending on or after August 13, 1999, Sections 171(a)(2), 265, 280C, and 832(b)(5)(B)(i) of the Internal Revenue Code, plus, (iii) for taxable years ending on or after December 31, 2011, Section 45G(e)(3) of the Internal Revenue Code and, for taxable years ending on or after December 31, 2008, any amount included in gross income under Section 87 of the Internal Revenue Code; the provisions of this
subparagraph are exempt from the provisions of Section 250;

(K) An amount equal to those dividends included in such total which were paid by a corporation which conducts business operations in a River Edge Redevelopment Zone or zones created under the River Edge Redevelopment Zone Act and conducts substantially all of its operations from a River Edge Redevelopment Zone or zones. This subparagraph (K) is exempt from the provisions of Section 250;

(L) An amount equal to any contribution made to a job training project established pursuant to the Real Property Tax Increment Allocation Redevelopment Act;

(M) An amount equal to those dividends included in such total that were paid by a corporation that conducts business operations in a federally designated Foreign Trade Zone or Sub-Zone and that is designated a High Impact Business located in Illinois; provided that dividends eligible for the deduction provided in subparagraph (K) of paragraph (2) of this subsection shall not be eligible for the deduction provided under this subparagraph (M);

(N) An amount equal to the amount of the deduction used to compute the federal income tax credit for restoration of substantial amounts held under claim of right for the taxable year pursuant to Section 1341 of
the Internal Revenue Code;

(O) For taxable years 2001 and thereafter, for the taxable year in which the bonus depreciation deduction is taken on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code and for each applicable taxable year thereafter, an amount equal to "x", where:

(1) "y" equals the amount of the depreciation deduction taken for the taxable year on the taxpayer's federal income tax return on property for which the bonus depreciation deduction was taken in any year under subsection (k) of Section 168 of the Internal Revenue Code, but not including the bonus depreciation deduction;

(2) for taxable years ending on or before December 31, 2005, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429); and

(3) for taxable years ending after December 31, 2005:

(i) for property on which a bonus depreciation deduction of 30% of the adjusted basis was taken, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429);

(ii) for property on which a bonus
depreciation deduction of 50% of the adjusted basis was taken, "x" equals "y" multiplied by 1.0;

(iii) for property on which a bonus depreciation deduction of 100% of the adjusted basis was taken in a taxable year ending on or after December 31, 2021, "x" equals the depreciation deduction that would be allowed on that property if the taxpayer had made the election under Section 168(k)(7) of the Internal Revenue Code to not claim bonus depreciation on that property; and

(iv) for property on which a bonus depreciation deduction of a percentage other than 30%, 50% or 100% of the adjusted basis was taken in a taxable year ending on or after December 31, 2021, "x" equals "y" multiplied by 100 times the percentage bonus depreciation on the property (that is, 100(bonus%)) and then divided by 100 times 1 minus the percentage bonus depreciation on the property (that is, 100(1–bonus%)).

The aggregate amount deducted under this subparagraph in all taxable years for any one piece of property may not exceed the amount of the bonus depreciation deduction taken on that property on the
taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code. This subparagraph (O) is exempt from the provisions of Section 250;

(P) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-5), then an amount equal to that addition modification.

If the taxpayer continues to own property through the last day of the last tax year for which a subtraction is allowed with respect to that property under subparagraph (O) and for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-5), then an amount equal to that addition modification.

The taxpayer is allowed to take the deduction under this subparagraph only once with respect to any one piece of property.

This subparagraph (P) is exempt from the provisions of Section 250;

(Q) The amount of (i) any interest income (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under
Section 203(a)(2)(D-17), 203(b)(2)(E-12), 203(c)(2)(G-12), or 203(d)(2)(D-7), but not to exceed the amount of such addition modification and (ii) any income from intangible property (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-18), 203(b)(2)(E-13), 203(c)(2)(G-13), or 203(d)(2)(D-8), but not to exceed the amount of such addition modification. This subparagraph (Q) is exempt from Section 250;

(R) An amount equal to the interest income taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with (i) a foreign person who would be a member of the taxpayer's unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business
income under different subsections of Section 304, but
not to exceed the addition modification required to be
made for the same taxable year under Section
203(d)(2)(D-7) for interest paid, accrued, or
incurred, directly or indirectly, to the same person.
This subparagraph (R) is exempt from Section 250;

(S) An amount equal to the income from intangible
property taken into account for the taxable year (net
of the deductions allocable thereto) with respect to
transactions with (i) a foreign person who would be a
member of the taxpayer's unitary business group but
for the fact that the foreign person's business
activity outside the United States is 80% or more of
that person's total business activity and (ii) for
taxable years ending on or after December 31, 2008, to
a person who would be a member of the same unitary
business group but for the fact that the person is
prohibited under Section 1501(a)(27) from being
included in the unitary business group because he or
she is ordinarily required to apportion business
income under different subsections of Section 304, but
not to exceed the addition modification required to be
made for the same taxable year under Section
203(d)(2)(D-8) for intangible expenses and costs paid,
accrued, or incurred, directly or indirectly, to the
same person. This subparagraph (S) is exempt from
Section 250; and

(T) For taxable years ending on or after December 31, 2011, in the case of a taxpayer who was required to add back any insurance premiums under Section 203(d)(2)(D-9), such taxpayer may elect to subtract that part of a reimbursement received from the insurance company equal to the amount of the expense or loss (including expenses incurred by the insurance company) that would have been taken into account as a deduction for federal income tax purposes if the expense or loss had been uninsured. If a taxpayer makes the election provided for by this subparagraph (T), the insurer to which the premiums were paid must add back to income the amount subtracted by the taxpayer pursuant to this subparagraph (T). This subparagraph (T) is exempt from the provisions of Section 250; and

(U) For taxable years beginning on or after January 1, 2023, for any cannabis establishment operating in this State and licensed under the Cannabis Regulation and Tax Act or any cannabis cultivation center or medical cannabis dispensing organization operating in this State and licensed under the Compassionate Use of Medical Cannabis Program Act, an amount equal to the deductions that were disallowed under Section 280E of the Internal
Revenue Code for the taxable year and that would not be added back under this subsection. The provisions of this subparagraph (U) are exempt from the provisions of Section 250.

(e) Gross income; adjusted gross income; taxable income.

(1) In general. Subject to the provisions of paragraph (2) and subsection (b)(3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. However, for taxable years ending on or after December 31, 1986, net operating loss carryforwards from taxable years ending prior to December 31, 1986, may not exceed the sum of federal taxable income for the taxable year before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation),
trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(A) Certain life insurance companies. In the case of a life insurance company subject to the tax imposed by Section 801 of the Internal Revenue Code, life insurance company taxable income, plus the amount of distribution from pre-1984 policyholder surplus accounts as calculated under Section 815a of the Internal Revenue Code;

(B) Certain other insurance companies. In the case of mutual insurance companies subject to the tax imposed by Section 831 of the Internal Revenue Code, insurance company taxable income;
(C) Regulated investment companies. In the case of a regulated investment company subject to the tax imposed by Section 852 of the Internal Revenue Code, investment company taxable income;

(D) Real estate investment trusts. In the case of a real estate investment trust subject to the tax imposed by Section 857 of the Internal Revenue Code, real estate investment trust taxable income;

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b)(2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code, but without regard to the
prohibition against offsetting losses from patronage activities against income from nonpatronage activities; except that a cooperative corporation or association may make an election to follow its federal income tax treatment of patronage losses and nonpatronage losses. In the event such election is made, such losses shall be computed and carried over in a manner consistent with subsection (a) of Section 207 of this Act and apportioned by the apportionment factor reported by the cooperative on its Illinois income tax return filed for the taxable year in which the losses are incurred. The election shall be effective for all taxable years with original returns due on or after the date of the election. In addition, the cooperative may file an amended return or returns, as allowed under this Act, to provide that the election shall be effective for losses incurred or carried forward for taxable years occurring prior to the date of the election. Once made, the election may only be revoked upon approval of the Director. The Department shall adopt rules setting forth requirements for documenting the elections and any resulting Illinois net loss and the standards to be used by the Director in evaluating requests to revoke elections. Public Act 96-932 is declaratory of existing law;
(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the
contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

   (1) In general. The valuation limitation amount referred to in subsections (a)(2)(G), (c)(2)(I) and (d)(2)(E) is an amount equal to:

   (A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus
(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a)(2)(F) or (c)(2)(H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the
taxable year, as the number of full calendar months in
that part of the taxpayer's holding period for the
property ending July 31, 1969 bears to the number of
full calendar months in the taxpayer's entire holding
period for the property.

(C) The Department shall prescribe such
regulations as may be necessary to carry out the
purposes of this paragraph.

(g) Double deductions. Unless specifically provided
otherwise, nothing in this Section shall permit the same item
to be deducted more than once.

(h) Legislative intention. Except as expressly provided by
this Section there shall be no modifications or limitations on
the amounts of income, gain, loss or deduction taken into
account in determining gross income, adjusted gross income or
taxable income for federal income tax purposes for the taxable
year, or in the amount of such items entering into the
computation of base income and net income under this Act for
such taxable year, whether in respect of property values as of
August 1, 1969 or otherwise.

ARTICLE 145.

Section 145-5. The Illinois Act on the Aging is amended by changing Section 4.02 as follows:

(20 ILCS 105/4.02) (from Ch. 23, par. 6104.02)

Sec. 4.02. Community Care Program. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged and monitored by area agencies on aging in cooperation with the Department, may include, but are not limited to, any or all of the following:

(a) (blank);
(b) (blank);
(c) home care aide services;
(d) personal assistant services;
(e) adult day services;
(f) home-delivered meals;
(g) education in self-care;
(h) personal care services;
(i) adult day health services;
(j) habilitation services;
(k) respite care;
(k-5) community reintegration services;
(k-6) flexible senior services;
(k-7) medication management;
(k-8) emergency home response;
(l) other nonmedical social services that may enable
the person to become self-supporting; or
(m) clearinghouse for information provided by senior
citizen home owners who want to rent rooms to or share
living space with other senior citizens.

The Department shall establish eligibility standards for
such services. In determining the amount and nature of
services for which a person may qualify, consideration shall
not be given to the value of cash, property or other assets
held in the name of the person's spouse pursuant to a written
agreement dividing marital property into equal but separate
shares or pursuant to a transfer of the person's interest in a
home to his spouse, provided that the spouse's share of the
marital property is not made available to the person seeking
such services.

Beginning January 1, 2008, the Department shall require as
a condition of eligibility that all new financially eligible
applicants apply for and enroll in medical assistance under
Article V of the Illinois Public Aid Code in accordance with
rules promulgated by the Department.
The Department shall, in conjunction with the Department of Public Aid (now Department of Healthcare and Family Services), seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 45 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 45 day notice period. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably
related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Healthcare and Family Services, Public Health, Veterans' Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal and local governments shall cooperate with the Department on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all personal assistant and home care aide vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring an administrative and employee wage and benefits cost split as defined in administrative rules. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Healthcare and Family Services, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the
State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

As part of the Department on Aging's routine training of case managers and case manager supervisors, the Department may include information on family futures planning for persons who are age 60 or older and who are caregivers of their adult children with developmental disabilities. The content of the training shall be at the Department's discretion.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, may recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any,
and then only at such time when there is no surviving child who
is under age 21 or blind or who has a permanent and total
disability. This paragraph, however, shall not bar recovery,
at the death of the person, of moneys for services provided to
the person or in behalf of the person under this Section to
which the person was not entitled; provided that such recovery
shall not be enforced against any real estate while it is
occupied as a homestead by the surviving spouse or other
dependent, if no claims by other creditors have been filed
against the estate, or, if such claims have been filed, they
remain dormant for failure of prosecution or failure of the
claimant to compel administration of the estate for the
purpose of payment. This paragraph shall not bar recovery from
the estate of a spouse, under Sections 1915 and 1924 of the
Social Security Act and Section 5-4 of the Illinois Public Aid
Code, who precedes a person receiving services under this
Section in death. All moneys for services paid to or in behalf
of the person under this Section shall be claimed for recovery
from the deceased spouse's estate. "Homestead", as used in
this paragraph, means the dwelling house and contiguous real
estate occupied by a surviving spouse or relative, as defined
by the rules and regulations of the Department of Healthcare
and Family Services, regardless of the value of the property.

The Department shall increase the effectiveness of the
existing Community Care Program by:

(1) ensuring that in-home services included in the
care plan are available on evenings and weekends;

(2) ensuring that care plans contain the services that eligible participants need based on the number of days in a month, not limited to specific blocks of time, as identified by the comprehensive assessment tool selected by the Department for use statewide, not to exceed the total monthly service cost maximum allowed for each service; the Department shall develop administrative rules to implement this item (2);

(3) ensuring that the participants have the right to choose the services contained in their care plan and to direct how those services are provided, based on administrative rules established by the Department;

(4) ensuring that the determination of need tool is accurate in determining the participants' level of need; to achieve this, the Department, in conjunction with the Older Adult Services Advisory Committee, shall institute a study of the relationship between the Determination of Need scores, level of need, service cost maximums, and the development and utilization of service plans no later than May 1, 2008; findings and recommendations shall be presented to the Governor and the General Assembly no later than January 1, 2009; recommendations shall include all needed changes to the service cost maximums schedule and additional covered services;

(5) ensuring that homemakers can provide personal care
services that may or may not involve contact with clients, including but not limited to:

(A) bathing;
(B) grooming;
(C) toileting;
(D) nail care;
(E) transferring;
(F) respiratory services;
(G) exercise; or
(H) positioning;

(6) ensuring that homemaker program vendors are not restricted from hiring homemakers who are family members of clients or recommended by clients; the Department may not, by rule or policy, require homemakers who are family members of clients or recommended by clients to accept assignments in homes other than the client;

(7) ensuring that the State may access maximum federal matching funds by seeking approval for the Centers for Medicare and Medicaid Services for modifications to the State's home and community based services waiver and additional waiver opportunities, including applying for enrollment in the Balance Incentive Payment Program by May 1, 2013, in order to maximize federal matching funds; this shall include, but not be limited to, modification that reflects all changes in the Community Care Program services and all increases in the services cost maximum;
(8) ensuring that the determination of need tool accurately reflects the service needs of individuals with Alzheimer's disease and related dementia disorders;

(9) ensuring that services are authorized accurately and consistently for the Community Care Program (CCP); the Department shall implement a Service Authorization policy directive; the purpose shall be to ensure that eligibility and services are authorized accurately and consistently in the CCP program; the policy directive shall clarify service authorization guidelines to Care Coordination Units and Community Care Program providers no later than May 1, 2013;

(10) working in conjunction with Care Coordination Units, the Department of Healthcare and Family Services, the Department of Human Services, Community Care Program providers, and other stakeholders to make improvements to the Medicaid claiming processes and the Medicaid enrollment procedures or requirements as needed, including, but not limited to, specific policy changes or rules to improve the up-front enrollment of participants in the Medicaid program and specific policy changes or rules to insure more prompt submission of bills to the federal government to secure maximum federal matching dollars as promptly as possible; the Department on Aging shall have at least 3 meetings with stakeholders by January 1, 2014 in order to address these improvements;
(11) requiring home care service providers to comply with the rounding of hours worked provisions under the federal Fair Labor Standards Act (FLSA) and as set forth in 29 CFR 785.48(b) by May 1, 2013;

(12) implementing any necessary policy changes or promulgating any rules, no later than January 1, 2014, to assist the Department of Healthcare and Family Services in moving as many participants as possible, consistent with federal regulations, into coordinated care plans if a care coordination plan that covers long term care is available in the recipient's area; and

(13) maintaining fiscal year 2014 rates at the same level established on January 1, 2013.

By January 1, 2009 or as soon after the end of the Cash and Counseling Demonstration Project as is practicable, the Department may, based on its evaluation of the demonstration project, promulgate rules concerning personal assistant services, to include, but need not be limited to, qualifications, employment screening, rights under fair labor standards, training, fiduciary agent, and supervision requirements. All applicants shall be subject to the provisions of the Health Care Worker Background Check Act.

The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers. Procedures shall be developed to permit the utilization of
services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

Beginning on the effective date of this amendatory Act of 1991, no person may perform chore/housekeeping and home care aide services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. Persons engaged in the program authorized by this Section before the effective date of this amendatory Act of 1991 shall be issued a certificate of all pre- and in-service training from his or her employer upon submitting the necessary information. The employing agency shall be required to retain records of all staff pre- and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as home care aides and personal assistants receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that
they are meeting the federal minimum wage statute for home
care aides and personal assistants. An employer that cannot
ensure that the minimum wage increase is being given to home
care aides and personal assistants shall be denied any
increase in reimbursement costs.

The Community Care Program Advisory Committee is created
in the Department on Aging. The Director shall appoint
individuals to serve in the Committee, who shall serve at
their own expense. Members of the Committee must abide by all
applicable ethics laws. The Committee shall advise the
Department on issues related to the Department's program of
services to prevent unnecessary institutionalization. The
Committee shall meet on a bi-monthly basis and shall serve to
identify and advise the Department on present and potential
issues affecting the service delivery network, the program's
clients, and the Department and to recommend solution
strategies. Persons appointed to the Committee shall be
appointed on, but not limited to, their own and their agency's
experience with the program, geographic representation, and
willingness to serve. The Director shall appoint members to
the Committee to represent provider, advocacy, policy
research, and other constituencies committed to the delivery
of high quality home and community-based services to older
adults. Representatives shall be appointed to ensure
representation from community care providers including, but
not limited to, adult day service providers, homemaker
providers, case coordination and case management units, emergency home response providers, statewide trade or labor unions that represent home care aides and direct care staff, area agencies on aging, adults over age 60, membership organizations representing older adults, and other organizational entities, providers of care, or individuals with demonstrated interest and expertise in the field of home and community care as determined by the Director.

Nominations may be presented from any agency or State association with interest in the program. The Director, or his or her designee, shall serve as the permanent co-chair of the advisory committee. One other co-chair shall be nominated and approved by the members of the committee on an annual basis. Committee members' terms of appointment shall be for 4 years with one-quarter of the appointees' terms expiring each year. A member shall continue to serve until his or her replacement is named. The Department shall fill vacancies that have a remaining term of over one year, and this replacement shall occur through the annual replacement of expiring terms. The Director shall designate Department staff to provide technical assistance and staff support to the committee. Department representation shall not constitute membership of the committee. All Committee papers, issues, recommendations, reports, and meeting memoranda are advisory only. The Director, or his or her designee, shall make a written report, as requested by the Committee, regarding issues before the
Committee.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before September 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Those persons previously found eligible for receiving non-institutional services whose services were discontinued under the Emergency Budget Act of Fiscal Year 1992, and who do not meet the eligibility standards in effect on or after July 1, 1992, shall remain ineligible on and after July 1, 1992. Those persons previously not required to cost-share and who were required to cost-share effective March 1, 1992, shall continue to meet cost-share requirements on and after July 1, 1992. Beginning July 1, 1992, all clients will be required to meet eligibility, cost-share, and other requirements and will have services discontinued or altered when they fail to meet these requirements.

For the purposes of this Section, "flexible senior services" refers to services that require one-time or periodic
expenditures including, but not limited to, respite care, home
modification, assistive technology, housing assistance, and
transportation.

The Department shall implement an electronic service
verification based on global positioning systems or other
cost-effective technology for the Community Care Program no
later than January 1, 2014.

The Department shall require, as a condition of
eligibility, enrollment in the medical assistance program
under Article V of the Illinois Public Aid Code (i) beginning
August 1, 2013, if the Auditor General has reported that the
Department has failed to comply with the reporting
requirements of Section 2-27 of the Illinois State Auditing
Act; or (ii) beginning June 1, 2014, if the Auditor General has
reported that the Department has not undertaken the required
actions listed in the report required by subsection (a) of
Section 2-27 of the Illinois State Auditing Act.

The Department shall delay Community Care Program services
until an applicant is determined eligible for medical
assistance under Article V of the Illinois Public Aid Code (i)
beginning August 1, 2013, if the Auditor General has reported
that the Department has failed to comply with the reporting
requirements of Section 2-27 of the Illinois State Auditing
Act; or (ii) beginning June 1, 2014, if the Auditor General has
reported that the Department has not undertaken the required
actions listed in the report required by subsection (a) of
Section 2-27 of the Illinois State Auditing Act.

The Department shall implement co-payments for the Community Care Program at the federally allowable maximum level (i) beginning August 1, 2013, if the Auditor General has reported that the Department has failed to comply with the reporting requirements of Section 2-27 of the Illinois State Auditing Act; or (ii) beginning June 1, 2014, if the Auditor General has reported that the Department has not undertaken the required actions listed in the report required by subsection (a) of Section 2-27 of the Illinois State Auditing Act.

The Department shall continue to provide other Community Care Program reports as required by statute.

The Department shall conduct a quarterly review of Care Coordination Unit performance and adherence to service guidelines. The quarterly review shall be reported to the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, and the Minority Leader of the Senate. The Department shall collect and report longitudinal data on the performance of each care coordination unit. Nothing in this paragraph shall be construed to require the Department to identify specific care coordination units.

In regard to community care providers, failure to comply with Department on Aging policies shall be cause for disciplinary action, including, but not limited to,
disqualification from serving Community Care Program clients.
Each provider, upon submission of any bill or invoice to the
Department for payment for services rendered, shall include a
notarized statement, under penalty of perjury pursuant to
Section 1-109 of the Code of Civil Procedure, that the
provider has complied with all Department policies.

The Director of the Department on Aging shall make
information available to the State Board of Elections as may
be required by an agreement the State Board of Elections has
entered into with a multi-state voter registration list
maintenance system.

Within 30 days after July 6, 2017 (the effective date of
Public Act 100-23), rates shall be increased to $18.29 per
hour, for the purpose of increasing, by at least $.72 per hour,
the wages paid by those vendors to their employees who provide
homemaker services. The Department shall pay an enhanced rate
under the Community Care Program to those in-home service
provider agencies that offer health insurance coverage as a
benefit to their direct service worker employees consistent
with the mandates of Public Act 95-713. For State fiscal years
2018 and 2019, the enhanced rate shall be $1.77 per hour. The
rate shall be adjusted using actuarial analysis based on the
cost of care, but shall not be set below $1.77 per hour. The
Department shall adopt rules, including emergency rules under
subsections (y) and (bb) of Section 5-45 of the Illinois
Administrative Procedure Act, to implement the provisions of
The General Assembly finds it necessary to authorize an aggressive Medicaid enrollment initiative designed to maximize federal Medicaid funding for the Community Care Program which produces significant savings for the State of Illinois. The Department on Aging shall establish and implement a Community Care Program Medicaid Initiative. Under the Initiative, the Department on Aging shall, at a minimum: (i) provide an enhanced rate to adequately compensate care coordination units to enroll eligible Community Care Program clients into Medicaid; (ii) use recommendations from a stakeholder committee on how best to implement the Initiative; and (iii) establish requirements for State agencies to make enrollment in the State's Medical Assistance program easier for seniors.

The Community Care Program Medicaid Enrollment Oversight Subcommittee is created as a subcommittee of the Older Adult Services Advisory Committee established in Section 35 of the Older Adult Services Act to make recommendations on how best to increase the number of medical assistance recipients who are enrolled in the Community Care Program. The Subcommittee shall consist of all of the following persons who must be appointed within 30 days after the effective date of this amendatory Act of the 100th General Assembly:

(1) The Director of Aging, or his or her designee, who shall serve as the chairperson of the Subcommittee.

(2) One representative of the Department of Healthcare

(110 ILCS 947/27 new)

Sec. 27. Prepare for Illinois' Future Program.

(a) Subject to appropriation, the Illinois Student Assistance Commission shall as soon as is practicable, develop and implement a Prepare for Illinois' Future Program to offer comprehensive test preparation and professional licensure preparation, free of charge and at no cost to students, with a goal of serving all students at institutions of higher education. To the extent that appropriate data is available, the Commission shall also report information on the program's effectiveness, with a goal of providing multi-stage research to gauge the impact of this investment on in-state university recruitment and retention, the State's talent pipeline, and the longitudinal value provided to State students. Institutions of higher education shall provide information to the Commission as needed to facilitate completion of this report.
