LRB103 34797 BDA 72984 a

1 AMENDMENT TO HOUSE BILL 4196

2 AMENDMENT NO. _____. Amend House Bill 4196 on page 1,
3 immediately below line 3, by inserting the following:

4 "Section 1. Findings. The General Assembly finds and
5 declares the following. Since 2001, the federal government has
6 focused on transitioning automobiles from being powered by
7 gasoline to being powered by electricity. In 2024, the federal
8 government set a goal to have the majority of passenger cars
9 and light trucks be all-electric or hybrids by 2032. There are
10 currently several federal funding programs aimed at
11 incentivizing this transition, including the Carbon Reduction
12 Program, the Congestion Mitigation and Air Quality Improvement
13 Program, the EPA Clean School Bus Program, and the Clean
14 Heavy-Duty Vehicles Program. The goal of this amendatory Act
15 of the 103rd General Assembly is to capture and use federal
16 funds from these existing programs or any programs that would
17 become available in the future."
