- appropriate to determine whether licensable activities are being conducted without the requisite license.
  - (b) Nothing in this Act shall be construed to require any hospital, as defined by the Hospital Licensing Act, required to have a license from the Department of Public Health pursuant to the Hospital Licensing Act to obtain any license under this Act for any substance use disorder treatment services operated on the licensed premises of the hospital, and operated by the hospital or its designated agent, provided that such services are covered within the scope of the Hospital Licensing Act.
