1 Sec. 15. Assessment and service plan requirements. Prior
2 to admission to any establishment covered by this Act, a
3 comprehensive assessment that includes an evaluation of the
4 prospective resident's physical, cognitive, and psychosocial
5 condition shall be completed. At least annually, a
6 comprehensive assessment shall be completed, and upon
7 identification of a significant change in the resident's
8 condition, including, but not limited to, a diagnosis of

13 comprehensive assessment shall be completed by a physician.
14 Based on the assessment, the resident's interests and

22 contract between the provider and the resident. The resident
23 and the resident's representative, if any, shall be given a
24 copy of the most recent assessment; a supplemental assessment,
25 if any, done by the establishment; and a service plan upon
26 request. Based on the assessment, the service plan may provide

1 for the disconnection or removal of any appliance.

3 (210 ILCS 9/75)

4 Sec. 75. Residency requirements.

5 (a) No individual shall be accepted for residency or
6 remain in residence if the establishment cannot provide or
7 secure appropriate services, if the individual requires a
8 level of service or type of service for which the
9 establishment is not licensed or which the establishment does
10 not provide, or if the establishment does not have the staff
11 appropriate in numbers and with appropriate skill to provide
12 such services.

13 (b) Only adults may be accepted for residency.

14 (c) A person shall not be accepted for residency if:

15 (1) the person poses a serious threat to himself or
16 herself or to others;

17 (2) the person is not able to communicate his or her
18 needs and no resident representative residing in the
19 establishment, and with a prior relationship to the
20 person, has been appointed to direct the provision of
21 services;

22 (3) the person requires total assistance with 2 or
23 more activities of daily living;

24 (4) the person requires the assistance of more than
25 one paid caregiver at any given time with an activity of

1 daily living;

2 (5) the person requires more than minimal assistance
3 in moving to a safe area in an emergency;

4 (6) the person has a severe mental illness, which for
5 the purposes of this Section means a condition that is
6 characterized by the presence of a major mental disorder
7 as classified in the Diagnostic and Statistical Manual of
8 Mental Disorders, Fourth Edition (DSM-IV) (American
9 Psychiatric Association, 1994), where the individual is a
10 person with a substantial disability due to mental illness
11 in the areas of self-maintenance, social functioning,
12 activities of community living and work skills, and the
13 disability specified is expected to be present for a
14 period of not less than one year, but does not mean
15 Alzheimer's disease and other forms of dementia based on
16 organic or physical disorders;

17 (7) the person requires intravenous therapy or
18 intravenous feedings unless self-administered or
19 administered by a qualified, licensed health care
20 professional;

21 (8) the person requires gastrostomy feedings unless
22 self-administered or administered by a licensed health
23 care professional;

24 (9) the person requires insertion, sterile irrigation,
25 and replacement of catheter, except for routine
26 maintenance of urinary catheters, unless the catheter care

1 is self-administered or administered by a licensed health
2 care professional;

3 (10) the person requires sterile wound care unless
4 care is self-administered or administered by a licensed
5 health care professional;

6 (11) (blank);

7 (12) the person is a diabetic requiring routine
8 insulin injections unless the injections are
9 self-administered or administered by a licensed health
10 care professional;

11 (13) the person requires treatment of stage 3 or stage
12 4 decubitus ulcers or exfoliative dermatitis;

13 (14) the person requires 5 or more skilled nursing
14 visits per week for conditions other than those listed in
15 items (13) and (15) of this subsection for a period of 3
16 consecutive weeks or more except when the course of
17 treatment is expected to extend beyond a 3 week period for
18 rehabilitative purposes and is certified as temporary by a
19 physician; or

20 (15) other reasons prescribed by the Department by
21 rule.

22 (d) A resident with a condition listed in items (1)
23 through (15) of subsection (c) shall have his or her residency
24 terminated.

25 (e) Residency shall be terminated when services available
26 to the resident in the establishment are no longer adequate to

1 meet the needs of the resident. The establishment shall notify
2 the resident and the resident's representative, if any, when
3 there is a significant change in the resident's condition that
4 affects the establishment's ability to meet the resident's
5 needs. The requirements of subsection (c) of Section 80 shall
6 then apply. This provision shall not be interpreted as
7 limiting the authority of the Department to require the
8 residency termination of individuals.

9 (f) Subsection (d) of this Section shall not apply to
10 terminally ill residents who receive or would qualify for
11 hospice care and such care is coordinated by a hospice program
12 licensed under the Hospice Program Licensing Act or other
13 licensed health care professional employed by a licensed home
14 health agency and the establishment and all parties agree to
15 the continued residency.

16 (g) Items (3), (4), (5), and (9) of subsection (c) shall
17 not apply to a quadriplegic, paraplegic, or individual with
18 neuro-muscular diseases, such as muscular dystrophy and
19 multiple sclerosis, or other chronic diseases and conditions
20 as defined by rule if the individual is able to communicate his
21 or her needs and does not require assistance with complex
22 medical problems, and the establishment is able to accommodate
23 the individual's needs. The Department shall prescribe rules
24 pursuant to this Section that address special safety and
25 service needs of these individuals.

26 (h) For the purposes of items (7) through (10) of

1 subsection (c), a licensed health care professional may not be
2 employed by the owner or operator of the establishment, its
3 parent entity, or any other entity with ownership common to
4 either the owner or operator of the establishment or parent
5 entity, including but not limited to an affiliate of the owner
6 or operator of the establishment. Nothing in this Section is
7 meant to limit a resident's right to choose his or her health
8 care provider.

9 (i) Subsection (h) is not applicable to residents admitted
10 to an assisted living establishment under a life care contract
11 as defined in the Life Care Facilities Act if the life care
12 facility has both an assisted living establishment and a
13 skilled nursing facility. A licensed health care professional
14 providing health-related or supportive services at a life care
15 assisted living or shared housing establishment must be
16 employed by an entity licensed by the Department under the
17 Nursing Home Care Act or the Home Health, Home Services, and
18 Home Nursing Agency Licensing Act.

20 (210 ILCS 9/80)

21 Sec. 80. Involuntary termination of residency.

22 (a) Residency shall be involuntarily terminated only for
23 the following reasons:

24 (1) as provided in Section 75 of this Act;

25 (2) nonpayment of contracted charges after the

1 resident and the resident's representative have received a
2 minimum of 30 days' ~~30 days~~ written notice of the
3 delinquency and the resident or the resident's
4 representative has had at least 15 days to cure the
5 delinquency; or

6 (3) failure to execute a service delivery contract or
7 to substantially comply with its terms and conditions,
8 failure to comply with the assessment requirements
9 contained in Section 15, or failure to substantially
10 comply with the terms and conditions of the lease
11 agreement.

12 (b) A 30-day ~~30-day~~ written notice of residency
13 termination shall be provided to the resident, the resident's
14 representative, or both, the Department, and the long term
15 care ombudsman, which shall include the reason for the pending
16 action, the date of the proposed move, and a notice, the
17 content and form to be set forth by rule, of the resident's
18 right to appeal, the steps that the resident or the resident's
19 representative must take to initiate an appeal, and a
20 statement of the resident's right to continue to reside in the
21 establishment until a decision is rendered. The notice shall
22 include a toll free telephone number to initiate an appeal and
23 a written hearing request form, together with a postage paid,
24 pre-addressed envelope to the Department. If the resident or
25 the resident's representative, if any, cannot read English,
26 the notice must be provided in a language the individual

1 receiving the notice can read or the establishment must
2 provide a translator who has been trained to assist the
3 resident or the resident's representative in the appeal
4 process. In emergency situations as defined in Section 10 of
5 this Act, the 30-day provision of the written notice may be
6 waived.

7 (c) The establishment shall attempt to resolve with the
8 resident or the resident's representative, if any,
9 circumstances that if not remedied have the potential of
10 resulting in an involuntary termination of residency and shall
11 document those efforts in the resident's file. This action may
12 occur prior to or during the 30 day notice period, but must
13 occur prior to the termination of the residency. In emergency
14 situations as defined in Section 10 of this Act, the
15 requirements of this subsection may be waived.

16 (d) A request for a hearing shall stay an involuntary
17 termination of residency until a decision has been rendered by
18 the Department, according to a process adopted by rule. During
19 this time period, the establishment may not terminate or
20 reduce any service without the consent of the resident or the
21 resident's representative, if any, for the purpose of making
22 it more difficult or impossible for the resident to remain in
23 the establishment.

24 (e) The establishment shall offer the resident and the
25 resident's representative, if any, residency termination and
26 relocation assistance including information on available

1 alternative placement. Residents shall be involved in planning
2 the move and shall choose among the available alternative
3 placements except when an emergency situation makes prior
4 resident involvement impossible. Emergency placements are
5 deemed temporary until the resident's input can be sought in
6 the final placement decision. No resident shall be forced to
7 remain in a temporary or permanent placement.

8 (f) The Department may offer assistance to the
9 establishment and the resident in the preparation of residency
10 termination and relocation plans to assure safe and orderly
11 transition and to protect the resident's health, safety,
12 welfare, and rights. In nonemergencies, and where possible in
13 emergencies, the transition plan shall be designed and
14 implemented in advance of transfer or residency termination.

15 (g) An establishment may not initiate a termination of
16 residency due to an emergency situation if the establishment
17 is able to safely care for the resident and (1) a resident has
18 been hospitalized and the resident's physician, the
19 establishment's manager, and the establishment's director of
20 nursing states that returning to the establishment would not
21 create an imminent danger of death or serious physical harm to
22 a resident; or (2) the emergency can be negated by changes in
23 staffing, activities, health care, personal care, or available
24 rooming accommodations, consistent with the license and
25 services of the establishment. The Department may not find an
26 establishment to be in violation of Section 75 of this Act for

1 failing to initiate an emergency discharge in these
2 circumstances.

3 (h) If the Department determines that an involuntary
4 termination of residency does not meet the requirements of
5 this Act, the Department shall issue a written decision
6 stating that the involuntary termination of residency is
7 denied. If the action of the establishment giving rise to the
8 request for hearings is the establishment's failure to readmit
9 the resident following hospitalization, other medical leave of
10 absence, or other absence, the Department shall order the
11 immediate readmission of the resident to the establishment,
12 unless a condition that would have allowed transfer or
13 discharge develops within that timeframe.

14 (i) If an order to readmit is entered pursuant to
15 subsection (h), the establishment shall immediately comply. As
16 used in this subsection, "comply" means the establishment and
17 the resident have agreed on a schedule for readmission or the
18 resident is living in the establishment.

19 (j) An establishment that does not readmit a resident
20 after the Department has ordered readmission shall be assessed
21 a fine.

22 (k) Once a notice of appeal is filed, the Department shall
23 hold a hearing unless the notice of appeal is withdrawn. If the
24 notice of appeal is withdrawn based upon a representation made
25 by the establishment to the resident and the Department,
26 including the hearing officer, that a resident who has been

1 previously denied readmission will be readmitted, failure to
2 comply with the representation shall be considered a failure
3 to comply with a Department order pursuant to subsection (h)
4 and shall result in the imposition of a fine as provided in
5 subsection (j) of this Section.

3 Sec. 3-404. A request for a hearing made under Section

20 Sec. 3-411. The Department of Public Health, when the

23 (formerly Department of Public Aid) with respect to the Title

1 XIX Medicaid recipient, shall hold a hearing at the resident's
2 facility not later than 10 days after a hearing request is
3 filed, and render a decision within 14 days after the filing of
4 the hearing request. The Department has continuing
5 jurisdiction over the transfer or discharge irrespective of
6 the timing of the hearing and decision. Once a request for a
7 hearing is filed, the Department shall hold a hearing unless
8 the request is withdrawn by the resident. If the request for a
9 hearing is withdrawn based upon a representation made by the
10 facility to the resident and the Department, including the
11 hearing officer, that a resident who has been denied
12 readmission will be readmitted, and the resident or resident
13 representative notifies the Department that the facility is
14 still denying readmission, failure to readmit is considered
15 failure to comply with a Department order to readmit pursuant
16 to Section 3-305.6, including the imposition of a fine under
17 Section 3-305.6.

1 have allowed transfer or discharge in less than 30 ~~21~~ days as
2 described under paragraphs (a) and (b) of Section 3-402
3 develops in the interim. The Department maintains jurisdiction
4 over the transfer or discharge irrespective of the timing of
5 the notice and discharge.

6 (Source: P.A. 81-223.)

7 (210 ILCS 45/3-413.1 new)

8 Sec. 3-413.1. Denial of transfer or discharge. If the
9 Department determines that a transfer or discharge is not
10 authorized under Section 3-401, then the Department shall
11 issue a written decision stating that the transfer or
12 discharge is denied. If the action of the facility giving rise
13 to the request for hearings is the facility's failure to
14 readmit the resident following hospitalization, other medical
15 leave of absence, or other absence, then the Department shall
16 order the immediate readmission of the resident to the
17 facility. The facility shall comply with the order
18 immediately. A surveyor shall make an on-site inspection of
19 the facility's compliance with the order unless the resident
