Additionally, the applicant may create or utilize participants from apprenticeship programs that are approved by and registered with the United States Department of Labor's Bureau of Apprenticeship and Training. The applicant may apply for apprenticeship education expense credits in accordance with the provisions set forth in 14 Ill. Adm. Code 522. Each applicant is required to report annually, on or before April 15, on the diversity of its workforce in accordance with Section 50 of this Act. For existing facilities of applicants under paragraph (3) of subsection (b) above, if the taxpayer expects a reduction in force due to its transition to manufacturing electric vehicle, electric vehicle component parts, or electric vehicle power supply equipment, the plan submitted under this Section must outline the taxpayer's plan to assist with retraining its workforce aligned with the taxpayer's adoption of new technologies and anticipated efforts to retrain employees through employment opportunities within the taxpayer's workforce.

This provision does not preclude the applicant from entering into an additional agreement after the expiration or voluntary termination of an earlier agreement under this Act or under the Economic Development for a Growing Economy Tax Credit Act to the extent that the taxpayer's application otherwise satisfies the terms and conditions of this Act and is approved by the Department. An applicant with an existing agreement under the Economic Development for a Growing Economy Tax Credit Act may submit an application for an agreement under this Act after it terminates any existing agreement under the Economic Development for a Growing Economy Tax Credit Act with respect to the same address or location. If a project that is subject to an existing agreement under the Economic Development for a Growing Economy Tax Credit Act meets the requirements to be designated as a REV Illinois project under this Act, including for actions undertaken prior to the effective date of this Act, the taxpayer that is subject to that existing agreement under the Economic Development for a Growing Economy Tax Credit Act may apply to the Department to amend the agreement to allow the project to become a designated REV Illinois project. Following the amendment, time accrued during which the project was eligible for credits under the existing agreement under the Economic Development for a Growing Economy Tax Credit Act shall count toward the duration of the credit subject to limitations described in Section 40 of this Act.

(i) If, at any time following the designation of a project as a REV Illinois Project by the Department and prior to the termination or expiration of an agreement under this Act, the project ceases to qualify as a REV Illinois project because the taxpayer is no longer an electric vehicle manufacturer, an electric vehicle component manufacturer, an electric vehicle power supply equipment manufacturer, a battery recycling and reuse manufacturer, or a battery raw materials refining service provider, that project may receive tax credit awards as described in Section 5-15 and Section 5-51 of the Economic Development for a Growing Economy Tax Credit Act, as long as the project continues to meet requirements to obtain those credits as described in the Economic Development for a Growing Economy Tax Credit Act and remains compliant with terms contained in the Agreement under this Act not related to their status as an electric vehicle manufacturer, an electric vehicle component manufacturer, an electric vehicle power supply equipment manufacturer, a battery recycling and reuse manufacturer, or a battery raw materials refining service provider. Time accrued during which the project was eligible for credits under an agreement under this Act shall count toward the duration of the credit subject to limitations described in Section 5-45 of the Economic Development for a Growing Economy Tax Credit Act.

The Department has authority to award credits under this Act on and after January 1, 2022.

(b) REV Illinois Credits. A taxpayer may receive a tax credit against the tax imposed under subsections (a) and (b) of Section 201 of the Illinois Income Tax Act, not to exceed the sum of (i) 75% of the incremental income tax attributable to new employees at the applicant's project and (ii) 10% of the training costs of the new employees. If the project is located in an underserved area or an energy transition area, then the amount of the credit may not exceed the sum of (i) 100% of the incremental income tax attributable to new employees at the applicant's project; and (ii) 10% of the training costs of the new employees. The percentage of training costs includable in the calculation may be increased by an additional 15% for training costs associated with new employees that are recent (2 years or less) graduates, certificate holders, or credential recipients from an institution of higher education in Illinois, or, if the training is provided by an institution of higher education in Illinois, the Clean Jobs Workforce Network Program, or an apprenticeship and training program located in Illinois and approved by and registered with the United States Department of Labor's Bureau of Apprenticeship and Training. An applicant is also eligible for a training credit that shall not exceed 10% of the training costs of retained employees for the purpose of upskilling to meet the operational needs of the applicant or the REV Illinois Project. The percentage of training costs includable in the calculation shall not exceed a total of 25%. If an applicant agrees to hire the required number of new employees, then the maximum amount of the credit for that applicant may be increased by an amount not to exceed 75% of the incremental income tax attributable to retained employees at the applicant's project; provided that, in order to receive the increase for retained employees, the applicant must, if applicable, meet or exceed the statewide baseline. For agreements entered into on or after the effective date of this amendatory Act of the 103rd General Assembly and before June 1, 2024 that qualify under paragraph (5) of subsection (c) of Section 20, a taxpayer may receive a tax credit not to exceed 75% of the incremental income tax attributable to retained employees at the applicant's project. If the project is in an underserved area or an energy transition area and qualifies under paragraph (5) of subsection (c) of Section 20, then the maximum amount of the credit attributable to retained employees for the applicant may be increased to an amount not to exceed 100% of the incremental income tax attributable to retained employees at the applicant's project.

If the Project is in an underserved area or an energy transition area, the maximum amount of the credit attributable to retained employees for the applicant may be increased to an amount not to exceed 100% of the incremental income tax attributable to retained employees at the applicant's project; provided that, in order to receive the increase for retained employees, the applicant must meet or exceed the statewide baseline. REV Illinois Credits awarded may include credit earned for incremental income tax withheld and training costs incurred by the taxpayer beginning on or after January 1, 2022. Credits so earned and certified by the Department may be applied against the tax imposed by subsections (a) and (b) of Section 201 of the Illinois Income Tax Act for taxable years beginning on or after January 1, 2025.

(c) REV Construction Jobs Credit. For construction wages associated with a project that qualified for a REV Illinois Credit under subsection (b), the taxpayer may receive a tax credit against the tax imposed under subsections (a) and (b) of Section 201 of the Illinois Income Tax Act in an amount equal to 50% of the incremental income tax attributable to construction wages paid in connection with construction of the project facilities, as a jobs credit for workers hired to construct the project.

The REV Construction Jobs Credit may not exceed 75% of the amount of the incremental income tax attributable to construction wages paid in connection with construction of the project facilities if the project is in an underserved area or an energy transition area.

(d) The Department shall certify to the Department of Revenue: (1) the identity of Taxpayers that are eligible for the REV Illinois Credit and REV Construction Jobs Credit; (2) the amount of the REV Illinois Credits and REV Construction Jobs Credits awarded in each calendar year; and (3) the amount of the REV Illinois Credit and REV Construction Jobs Credit claimed in each calendar year. REV Illinois Credits awarded may include credit earned for Incremental Income Tax withheld and Training Costs incurred by the Taxpayer beginning on or after January 1, 2022. Credits so earned and certified by the Department may be applied against the tax imposed by Section 201(a) and (b) of the Illinois Income Tax Act for taxable years beginning on or after January 1, 2025.

(e) Applicants seeking certification for ~~a~~ tax credits related to the construction of the project facilities in the State shall require the contractor to enter into a project labor agreement that conforms with the Project Labor Agreements Act.

(f) Any applicant issued a certificate for a tax credit or tax exemption under this Act must annually report to the Department the total project tax benefits received. Reports are due no later than May 31 of each year and shall cover the previous calendar year. The first report is for the 2022 calendar year and is due no later than May 31, 2023. For applicants issued a certificate of exemption under Section 105 of this Act, the report shall be the same as required for a High Impact Business under subsection (a-5) of Section 8.1 of the Illinois Enterprise Zone Act. Each person required to file a return under the Gas Revenue Tax Act, the Electricity Excise Tax Law, or the Telecommunications Excise Tax Act shall file a report containing information about customers that are issued an exemption certificate under Section 95 of this Act in the same manner and form as they are required to report under subsection (b) of Section 8.1 of the Illinois Enterprise Zone Act.

(g) Nothing in this Act shall prohibit an award of credit to an applicant that uses a PEO if all other award criteria are satisfied.

(h) With respect to any portion of a REV Illinois Credit that is based on the incremental income tax attributable to new employees or retained employees, in lieu of the Credit allowed under this Act against the taxes imposed pursuant to subsections (a) and (b) of Section 201 of the Illinois Income Tax Act, a taxpayer that otherwise meets the criteria set forth in this Section, the taxpayer may elect to claim the credit, on or after January 1, 2025, against its obligation to pay over withholding under Section 704A of the Illinois Income Tax Act.
