1 AN ACT concerning housing.

## Be it enacted by the People of the State of Illinois, represented in the General Assembly:

- Section 5. The Subsidized Housing Joint Occupancy Act is amended by changing Sections 2 and 4 as follows:
- 6 (310 ILCS 75/2) (from Ch. 67 1/2, par. 1352)
- Sec. 2. Legislative findings. The General Assembly makes the following findings:
- 9 (1) Elderly persons and persons with disabilities 10 frequently desire to share a residence (i) to maximize the 11 effectiveness of the portion of their often limited incomes 12 that is spent for housing; (ii) for protection; and (iii) for 13 assistance in performing necessary daily tasks of life such as 14 cooking and cleaning.
- 15 (1-5) Elderly parents of adult children with disabilities

  16 frequently desire to share a residence with their adult child

  17 with disabilities (i) to maximize the effectiveness of the

  18 portion of their often-limited incomes that is spent for

  19 housing; (ii) for protection; and (iii) for assistance in

  20 performing necessary daily tasks of life such as cooking and

  21 cleaning.
- 22 (2) Many elderly persons and persons with disabilities 23 desire to live in federally subsidized housing units because

- of their limited incomes. 1
- 2 (3) Rules of the federal Department of Housing and Urban
- 3 Development permit 2 or more unrelated elderly persons or
- persons with disabilities to occupy the same unit in federally 4
- 5 subsidized housing, although local housing authorities
- frequently do not permit those persons to occupy the same 6
- 7 unit.
- 8 (3-5) Rules of the U.S. Department of Housing and Urban
- 9 Development do not force persons of different generations or
- 10 opposite sex to share the same bedroom in federally subsidized
- 11 housing, although local housing authorities frequently require
- 12 that living situation based upon the local housing authority's
- occupancy standards. 13
- (4) The State of Illinois should do all it can to assist 14
- 15 its elderly persons and persons with disabilities
- 16 maximizing the effectiveness of their incomes and to insure
- 17 that those citizens are not unnecessarily burdened in
- accomplishing the daily tasks of life. 18

- 21 Sec. 4. Joint occupancy of subsidized housing.
- 22 (a) Two elderly persons or two persons with disabilities
- who are not related to each other by blood or marriage shall 23
- 24 not be prohibited from jointly occupying subsidized housing or
- 25 a unit of subsidized housing solely because they are not

- 1 related, provided they have filed a form for such joint
- 2 occupation with the clerk of the county in which the housing
- 3 they seek to occupy is located and otherwise meet all other
- 4 eligibility requirements. A member of the joint occupancy may
- 5 withdraw from the joint occupancy at any time.
- 6 (b) An elderly parent with an adult child with
- 7 disabilities of the opposite sex shall not be required to
- occupy subsidized housing with only one bedroom. Exceptions to 8

- 11 disabilities of the opposite sex otherwise meet all other
- 12 eligibility requirements.
