7 Sec. 11-601. General speed restrictions.

8 (a) No vehicle may be driven upon any highway of this State at a speed which is greater than is reasonable and 9 proper with regard to traffic conditions and the use of the 10 highway, or endangers the safety of any person or property. 11 The fact that the speed of a vehicle does not exceed the 12 13 applicable maximum speed limit does not relieve the driver from the duty to decrease speed when approaching and crossing 14 15 an intersection, approaching and going around a curve, when 16 approaching a hill crest, when traveling upon any narrow or winding roadway, or when special hazard exists with respect 17 18 to pedestrians or other traffic or by reason of weather or 19 highway conditions. Speed must be decreased as may be 20 necessary to avoid colliding with any person or vehicle on or entering the highway in compliance with legal requirements 21 22 and the duty of all persons to use due care.

(b) No person may drive a vehicle upon any highway of this State at a speed which is greater than the applicable statutory maximum speed limit established by paragraphs (c), (d), (e), (f) or (g) of this Section, by Section 11-605 or by a regulation or ordinance made under this Chapter.

28 (c) Unless some other speed restriction is established 29 under this Chapter, the maximum speed limit in an urban 30 district for all vehicles is:

31

1. 30 miles per hour; and

1

2. 15 miles per hour in an alley.
