1

AN ACT concerning sanitation.

Be it enacted by the People of the State of Illinois,represented in the General Assembly:

4 Section 5. The Illinois Municipal Code is amended by 5 changing Sections 11-141-7 and 11-141-16 as follows:

б (65 ILCS 5/11-141-7) (from Ch. 24, par. 11-141-7) Sec. 11-141-7. <u>Powers.</u> The corporate authorities of any 7 8 municipality that owns and operates or that may hereafter own 9 and operate a sewerage system constructed or acquired under the provisions of any law of this state may make, enact, and 10 enforce all needful rules, regulations, and ordinances for 11 the improvement, care, and protection of its sewerage system 12 13 and any other sewer or sewerage system, located outside the corporate boundary of the municipality and not owned by it, 14 15 that directly or indirectly connects with the municipality's sewerage system, which may be conducive to the preservation 16 of the public health, comfort, and convenience, and may 17 render the sewage carried in the sewerage system of the 18 municipality harmless in so far as it is reasonably possible 19 20 to do so.

The corporate authorities of such a municipality may, 21 by 22 ordinance, charge the inhabitants thereof for the use and service of its sewerage system whether by direct or indirect 23 24 connection therewith within or without the corporate boundary, and to establish charges or rates for that purpose. 25 26 The corporate authorities of such a municipality may by 27 ordinance charge the users thereof, whether they be inside of or outside of the municipality, for the use and service of 28 its sewerage system whether by direct or indirect connection 29 therewith, within or without the corporate boundary, and may 30 establish charges or rates for that purpose, provided however 31

1 that where such users are residents of another municipality 2 with whom there is a contract for use and service of the sewerage system, then such charges or rates shall be made in 3 4 accordance with the terms of the contract, either directly to 5 the users or to the contracting municipality as may be provided by the provisions of the contract. In making such 6 7 rates and charges the municipality may provide for a rate to 8 the outside users in excess of the rate fixed for the 9 inhabitants of said municipality as may be reasonable. Where bonds are issued as provided in Sections 11-141-2 and 10 11 11-141-3, the corporate authorities shall establish rates or charges as provided in this section, and these charges or 12 rates shall be sufficient at all times to pay the cost of 13 maintenance, to provide 14 operation and an adequate 15 depreciation fund, and to pay the principal of and interest 16 upon all revenue bonds issued under Sections 11-141-2 and 11-141-3. 17

A depreciation fund is a fund for such replacements as may be necessary from time to time for the continued effective and efficient operation of the system. The depreciation fund shall not be allowed to accumulate beyond a reasonable amount necessary for that purpose, and shall not be used for extensions to the system.

24 Charges or rates shall be established, revised, and 25 maintained by ordinance and become payable as the corporate 26 authorities may determine by ordinance.

Such charges or rates are liens upon the real estate upon 27 or for which sewerage service is supplied whenever 28 the 29 charges or rates become delinquent as provided by the 30 ordinance of the municipality fixing a delinquency date. A lien is created under the preceding sentence only if 31 the 32 municipality sends to the owner or owners of record, as referenced by the taxpayer's identification number, of the 33 real estate (i) a copy of each delinquency notice sent to the 34

person who is delinquent in paying the charges or rates or 1 2 other notice sufficient to inform the owner or owners of as referenced by the taxpayer's identification 3 record, 4 number, that the charges or rates have become delinquent and (ii) a notice that unpaid charges or rates may create a lien 5 6 on the real estate under this Section. However, the 7 municipality has no preference over the rights of any 8 purchaser, mortgagee, judgment creditor, or other lien holder 9 arising prior to the filing of the notice of such a lien in the office of the recorder of the county in which such real 10 11 estate is located, or in the office of the registrar of titles of such county if the property affected is registered 12 under "An Act concerning land titles", approved May 1, 1897, 13 as amended. This notice shall consist of a sworn statement 14 15 setting out (1) a description of such real estate sufficient 16 for the identification thereof, (2) the amount of money due for such sewerage service, and (3) the date when such amount 17 became delinquent. The municipality shall send a copy of 18 the 19 notice of the lien to the owner or owners of record of the real estate, as referenced by the taxpayer's identification 20 21 number. The municipality has the power to foreclose this lien 22 in the same manner and with the same effect as in the 23 foreclosure of mortgages on real estate.

24 Except in counties with a population of more than 250,000 25 where the majority of the municipal sewerage system users are located outside of the municipality's corporate limits, the 26 27 payment of delinquent charges for sewerage service to any premises may be enforced by discontinuing either the water 28 29 service or the sewerage service to that premises, or both. A 30 rate or charge is delinquent if it is more than 30 days 31 overdue. Any public or municipal corporation or political subdivision of the State furnishing water service to a 32 premises (i) shall discontinue that service upon receiving 33 written notice from the municipality providing sewerage 34

1 service that payment of the rate or charge for sewerage service to the premises has become delinquent and (ii) shall 2 not resume water service until receiving a similar notice 3 4 that the delinquency has been removed. The provider of sewerage service shall not request discontinuation of water 5 service before sending a notice of the delinquency to the 6 7 sewer user and affording the user an opportunity to be heard. An investor-owned public utility providing water service 8 9 within a municipality that provides sewerage service may 10 contract with the municipality to discontinue water service to a premises with respect to which the payment of a rate or 11 12 charge for sewerage service has become delinquent. The municipality shall reimburse the privately owned public 13 utility, public or municipal corporation, or political 14 subdivision of the State for the reasonable cost of the 15 discontinuance and the resumption of water service, any lost 16 17 water service revenues, and the costs of discontinuing water service. The municipality shall indemnify the privately owned 18 public utility, public or municipal corporation, or political 19 subdivision of the State for any judgment and related 20 attorney's fees resulting from an action based on any 21 22 provision of this paragraph.

23 The municipality also has the power, from time to time, to sue the occupant or user of that real estate in a civil 24 25 action to recover money due for sewerage services, plus a reasonable attorney's fee, to be fixed by the court. However, 26 whenever a judgment is entered in such a civil action, the 27 foregoing provisions in this section with respect to filing 28 29 sworn statements of such delinquencies in the office of the 30 recorder and creating a lien against the real estate shall not be effective as to the charges sued upon and no lien 31 32 shall exist thereafter against the real estate for the delinquency. Judgment in such a civil action operates as a 33 34 release and waiver of the lien upon the real estate for the 1 amount of the judgment.

2 (Source: P.A. 87-1197.)

3 (65 ILCS 5/11-141-16) (from Ch. 24, par. 11-141-16)

Sec. 11-141-16. Powers; particular locality. If after 4 5 the public hearing the corporate authorities of the б municipality adopt a resolution to proceed with the construction or acquisition of the project, the corporate 7 8 authorities may make and enforce all needful rules and regulations in connection with the construction, acquisition, 9 10 improvement, or extension, and with the management and maintenance of the project to be constructed or acquired. The 11 corporate authorities also may establish the rate or charge 12 to each user of the sewerage system or improvement 13 or a rate which will be sufficient to pay the 14 extension at 15 principal and interest of any bonds, issued to pay the cost maintenance, and 16 thereof, operation of the system, 17 improvement, or extension and may provide an adequate 18 depreciation fund therefor. Charges or rates shall be established, revised, and maintained by ordinance and become 19 20 payable as the corporate authorities may determine by 21 ordinance. Such charges or rates are liens upon the real 22 estate upon or for which sewerage service is supplied whenever the charges or rates become delinquent as provided 23 24 by the ordinance of the municipality fixing a delinquency date. A lien is created under the preceding sentence only if 25 the municipality sends to the owner or owners of 26 record of 27 estate, referenced by the the real as taxpayer's identification number, (i) a copy of each delinquency notice 28 29 sent to the person who is delinquent in paying the charges or rates or other notice sufficient to inform the owner or 30 31 owners of record, as referenced by the taxpayer's identification number, that the charges or rates have become 32 33 delinquent and (ii) a notice that unpaid charges or rates may

1 create a lien on the real estate under this Section. However, 2 the municipality has no preference over the rights of any purchaser, mortgagee, judgment creditor, or other lien holder 3 4 arising prior to the filing of the notice of such a lien in the office of the recorder of the county in which such real 5 estate is located or in the office of the registrar of titles 6 7 of such county if the property affected is registered under 8 "An Act concerning land titles", approved May 1, 1897, as amended. This notice shall consist of a sworn statement 9 setting out (1) a description of such real estate sufficient 10 11 for the identification thereof, (2) the amount of money due for such sewerage service, and (3) the date when such amount 12 became delinquent, (4) the owner of record of the premises. 13 The municipality shall send a copy of the notice of the lien 14 15 to the owner or owners of record of the real estate, as 16 referenced by the taxpayer's identification number. The municipality may foreclose this lien in the same manner and 17 with the same effect as in the foreclosure of mortgages on 18 19 real estate.

20 Except in counties with a population of more than 250,000 21 where the majority of the municipal sewerage system users are 22 located outside of the municipality's corporate limits, the payment of delinquent charges for sewerage service to any 23 24 premises may be enforced by discontinuing either the water service or the sewerage service to that premises, or both. A 25 rate or charge is delinquent if it is more than 30 days 26 27 overdue. Any public or municipal corporation or political subdivision of the State furnishing water service to a 28 premises (i) shall discontinue that service upon receiving 29 written notice from the municipality providing sewerage 30 31 service that payment of the rate or charge for sewerage service to the premises has become delinquent and (ii) shall 32 not resume water service until receiving a similar notice 33 that the delinquency has been removed. The provider of 34

1 sewerage service shall not request discontinuation of water 2 service before sending a notice of the delinquency to the 3 sewer user and affording the user an opportunity to be heard. 4 An investor-owned public utility providing water service within a municipality that provides sewerage service may 5 contract with the municipality to discontinue water service 6 7 to a premises with respect to which the payment of a rate or 8 charge for sewerage service has become delinguent. The 9 municipality shall reimburse the privately owned public 10 utility, public or municipal corporation, or political 11 subdivision of the State for the reasonable cost of the 12 discontinuance and the resumption of water service, any lost 13 water service revenues, and the costs of discontinuing water service. The municipality shall indemnify the privately owned 14 15 public utility, public or municipal corporation, or political 16 subdivision of the State for any judgment and related 17 attorney's fees resulting from an action based on any provision of this paragraph. 18

The municipality also may, from time to time, sue the 19 20 occupant or user of the real estate in a civil action to 21 recover the money due for sewerage services, plus a reasonable attorney's fee, to be fixed by the court. However, 22 23 whenever a judgment is entered in such a civil action, the foregoing provision in this section with respect to filing 24 25 sworn statements of such delinquencies in the office of the 26 recorder and creating a lien against the real estate shall not be effective as to the charges sued upon and no 27 lien shall exist thereafter against the real estate for that 28 29 delinquency. Judgment in such a civil action operates as a 30 release and waiver of the lien upon the real estate for the 31 amount of the judgment. The charge provided in this section 32 to be made against each user of an improvement or extension shall be in addition to the charge, if any, made of all users 33 34 of the system under Section 11-141-7 and shall be kept -8- LRB093 07787 BDD 07976 b

1 separate and distinct therefrom.

2 This amendatory Act of 1975 is not a limit on any 3 municipality which is a home rule unit. 4 (Source: P.A. 87-1197.)

5 Section 10. The Sanitary District Revenue Bond Act is 6 amended by changing Sections 1 and 7 as follows:

7

(70 ILCS 3010/1) (from Ch. 42, par. 319.1)

8 Sec. 1. When used in this Act:

9 "Sewerage system" means and includes any or all of the 10 following: a sewage treatment plant or plants, collecting, intercepting and outlet sewers, force mains, conduits, 11 12 lateral sewers and extensions, pumping stations, ejector 13 stations, and all other appurtenances, extensions, or 14 improvements necessary or useful and convenient for the collection, treatment, and disposal, in a sanitary manner, of 15 16 sewage and industrial wastes. The term also includes the 17 disconnection of storm water drains and constructing outlets therefor, where, in any case, such work is necessary to 18 relieve existing sanitary sewers of storm water loads, 19 in 20 order to permit the efficient operation of such sanitary sewers for collection, treatment, and disposal of sewage and 21 industrial wastes. 22

23 "Sanitary district" means a sanitary district organized and created under any of the laws of the State of Illinois 24 having a population of less than 500,000 and also means a 25 sanitary district organized under the North Shore Sanitary 26 27 District Act and any drainage district which comes within the 28 terms of "An Act relating to drainage districts that collect and convey sewage and other wastes through long, continued 29 30 and common usage of district drainage facilities", enacted by 31 the 73rd General Assembly.

32 "Board of trustees" means the board of trustees of a

sanitary district or the commissioners of a drainage
district.

3 "Municipality" means a city, village, or incorporated 4 town in the State of Illinois having a population of less 5 than 500,000.

6 "Corporate authorities" means the city council or similar 7 body of cities and the board of trustees or similar body of 8 villages or incorporated towns.

9 (Source: Laws 1963, p. 2986.)

10 (70 ILCS 3010/7) (from Ch. 42, par. 319.7)

Sec. 7. The board of trustees of any sanitary district 11 that owns and operates or that may hereafter own and operate 12 a sewerage system constructed or acquired 13 under the 14 provisions of any law of this State has the power to make, 15 enact, and enforce all needful rules and regulations in the 16 construction, acquisition, improvement, extension, 17 management, and maintenance of its sewerage system and for 18 the use thereof. The board of trustees of such a sanitary district also has the power to make, enact, and enforce all 19 regulations, and ordinances 20 needful rules, for the 21 improvement, care, and protection of its sewerage system, 22 which may be conducive to the preservation of the public health, comfort, and convenience, and to render the sewage of 23 24 the sanitary district harmless in so far as it is reasonably 25 possible to do so.

The board of trustees of such a sanitary district has the 26 power, by ordinance, to charge the inhabitants thereof for 27 the use and service of its sewerage system and to establish 28 29 charges or rates for that purpose. Where bonds are issued as provided in sections 2 and 3 of this Act, the board of 30 31 trustees shall establish rates or charges as provided in this section, and these charges or rates shall be sufficient at 32 33 all times to pay the cost of operation and maintenance, to

-10- LRB093 07787 BDD 07976 b

provide an adequate depreciation fund, and to pay the principal of and interest upon all revenue bonds issued under sections 2 and 3 hereof.

A depreciation fund is a fund for such replacements as may be necessary from time to time for the continued effective and efficient operation of the system. The depreciation fund shall not be allowed to accumulate beyond a reasonable amount necessary for that purpose, and shall not be used for extensions to the system.

Charges or rates shall be established, revised, 10 and 11 maintained by ordinance and become payable as the board of 12 trustees may determine by ordinance. Such charges or rates liens upon the real estate upon or for which 13 shall be sewerage service is supplied; provided, however, such liens 14 shall not attach to such real estate until such charges or 15 16 rates have become delinquent as provided by the ordinance of the sanitary district fixing a delinquency date. A lien is 17 18 created under the preceding sentence only if the sanitary 19 district sends to the owner or owners of record of the real estate, as referenced by the taxpayer's identification 20 21 number, (i) a copy of each delinquency notice sent to the 22 person who is delinquent in paying the charges or rates or 23 other notice sufficient to inform the owner or owners of record, as referenced by the taxpayer's identification 24 25 number, that the charges or rates have become delinquent and (ii) a notice that unpaid charges or rates may create a lien 26 the real estate under this Section. Nothing in this 27 on Section shall be construed to give the sanitary district a 28 29 preference over the rights of any purchaser, mortgagee, 30 judgment creditor or other lien holder arising prior to the filing in the office of the recorder of the county in which 31 32 such real estate is located, or in the office of the registrar of titles of such county if the property affected 33 is registered under the Torrens System, of notice of said 34

1 lien. The notice shall consist of a sworn statement setting 2 out (1) a description of the real estate sufficient for the identification thereof, upon or for which the sewerage 3 service was supplied, (2) the amount or amounts of money due 4 for such sewerage service, and (3) the date or dates when 5 such amount or amounts became delinquent. The sanitary 6 district shall send a copy of the notice of the lien to the 7 8 owner or owners of record of the real estate, as referenced taxpayer's identification number. The sanitary 9 by the district shall have the power to foreclose such lien in like 10 11 manner and with like effect as in the foreclosure of mortgages on real estate. 12

13 The payment of delinquent charges for sewerage service to any premises may be enforced by discontinuing either the 14 15 water service or the sewerage service to that premises, or 16 both. A rate or charge is delinquent if it is more than 30 17 days overdue. Any public or municipal corporation or political subdivision of the State furnishing water service 18 to a premises (i) shall discontinue that service upon 19 receiving written notice from the sanitary district in which 20 21 the premises lies that payment of the rate or charge for 22 sewerage service to the premises has become delinguent and (ii) shall not resume water service until receiving a similar 23 24 notice that the delinquency has been removed. The provider of sewerage service shall not request discontinuation of water 25 service before sending a notice of the delinquency to the 26 sewer user and affording the user an opportunity to be heard. 27 The sanitary district shall reimburse the public or municipal 28 29 corporation or political subdivision of the State for the reasonable cost of the discontinuance and the resumption of 30 31 water service. The sanitary district may contract with any privately owned public utility for the discontinuance of 32 water service to a premises with respect to which the payment 33 of a rate or charge for sewerage service has become 34

-12- LRB093 07787 BDD 07976 b

delinquent. The sanitary district shall reimburse the water service provider for any lost water service revenues and the costs of discontinuing water service, and shall indemnify the water service provider for any judgment and related attorney's fees resulting from an action based on any provision of this paragraph.

The sanitary district also has the power, from time to 7 8 time, to sue the owner, occupant or user of that real estate, 9 or a person receiving any direct or indirect benefit from such services, in a civil action to recover money due for 10 11 sewerage services, plus a reasonable attorney's fee, to be fixed by the court; provided, however, that the sanitary 12 district shall give notice of its intention to bring such 13 action to the owner of record by regular mail not less than 7 14 days prior to filing such civil action. 15

16 Judgment in a civil action brought by the sanitary district to recover or collect such charges shall not operate 17 as a release or waiver of the lien upon the real estate for 18 the amount of the judgment. Only satisfaction of the 19 judgment or the filing of a release and satisfaction of lien 20 21 shall release said lien. The lien for charges on account of services or benefits provided for in this Section and the 22 23 rights created hereunder shall be in addition to and not in derogation of the lien upon real estate created by and 24 25 imposed for general real estate taxes.
