FISCAL NOTE ACT MAY APPLY

1 AN ACT in relation to health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

- Section 5. The Community Services Act is amended by adding Sections 4.4 and 4.5 as follows:
- 6 (405 ILCS 30/4.4 new)
- 7 Sec. 4.4. Funding reinvestment.
- 8 (a) The purposes of this Section are as follows:
- (1) The General Assembly recognizes that the United 9 States Supreme Court in Olmstead v. L.C. ex Rel. Zimring, 10 119 S. Ct. 2176 (1999), affirmed that the unjustifiable 11 institutionalization of a person with a disability who 12 could live in the community with proper support, and wishes 13 to do so, is unlawful discrimination in violation of the 14 15 Americans with Disabilities Act (ADA). The State of Illinois, along with all other states, is required to 16 provide appropriate residential <u>and community-based</u> 17 support services to persons with disabilities who wish to 18 19 live in a less restrictive setting.
 - (2) It is the purpose of this Section to help fulfill the State's obligations under the Olmstead decision by maximizing the level of funds for both developmental disability and mental health services and supports in order to maintain and create an array of residential and supportive services for people with mental health needs and developmental disabilities whenever they are transferred into another facility or a community-based setting.
- 28 (b) In this Section:

- (c) On and after the effective date of this amendatory Act of the 93rd General Assembly, every appropriation of State moneys relating to funding for the Office of Developmental Disabilities or the Office of Mental Health must comply with this Section.
- (d) Whenever any appropriation, or any portion of an appropriation, for any fiscal year relating to the funding of any State-operated facility operated by the Office of Developmental Disabilities or any mental health facility operated by the Office of Mental Health is reduced because of any of the reasons set forth in the following items (1) through (3), to the extent that savings are realized from these items, those moneys must be directed toward providing other services and supports for persons with developmental disabilities or mental health needs:
 - (1) The closing of any such State-operated facility for the developmentally disabled or mental health facility.
 - (2) Reduction in the number of available beds in any such State-operated facility for the developmentally disabled or mental health facility.
 - (3) Reduction in the number of staff employed in any such State-operated facility for the developmentally disabled or mental health facility.

 - (1) Residence in the most integrated setting possible, whether independent living in a private residence, a Community Integrated Living Arrangement (CILA), a supported residential program, an Intermediate Care Facility for persons with Developmental Disabilities (ICFDD), a supervised residential program, or supportive housing, as appropriate.

10	(5) In-home family supports, such as respite services
11	and client and family supports.
12	(6) Periodic reevaluation, as needed.
13	(f) An appropriation may not circumvent the purposes of
14	this Section by transferring moneys within the funding system
15	for services and supports for the developmentally disabled and
16	mentally ill and then compensating for this transfer by
17	redirecting other moneys away from these services to provide
18	funding for some other governmental purpose or to relieve other
19	State funding expenditures.
