1

AN ACT concerning museums.

2 Be it enacted by the People of the State of Illinois, 3 represented in the General Assembly:

Section 5. The Department of Natural Resources Act is
amended by changing Section 1-25 as follows:

6 (20 ILCS 801/1-25)

7 Sec. 1-25. Powers of the scientific surveys and State 8 Museum. In addition to its other powers and duties, the 9 Department shall have the following powers and duties which 10 shall be performed by the scientific surveys and the State 11 Museum:

(1) To investigate and study the natural resources of 12 the State and to prepare printed reports and furnish 13 14 information fundamental to the conservation and development of natural resources and for that purpose the 15 16 officers and employees thereof may, pursuant to rule 17 adopted by the Department, enter and cross all lands in 18 this State, doing no damage to private property.

19 (2) To cooperate with and advise departments having 20 administrative powers and duties relating to the natural 21 resources of the State, and to cooperate with similar 22 departments in other states and with the United States 23 Government.

(3) To conduct a natural history survey of the State,
 giving preference to subjects of educational and
 economical importance.

27 (4) To publish, from time to time, reports covering the
28 entire field of zoology and botany of the State.

29 (5) To supply natural history specimens to the State
 30 educational institutions and to the public schools.

31

32

(6) To investigate the entomology of the State.

(7) To investigate all insects dangerous or injurious

HB5050 Engrossed

to agricultural or horticultural plants and crops, livestock, to nursery trees and plants, to the products of the truck farm and vegetable garden, to shade trees and other ornamental vegetation of cities and villages, to the products of the mills and the contents of warehouses, and all insects injurious or dangerous to the public health.

7 (8) To conduct experiments with methods for the
8 prevention, arrest, abatement and control of insects
9 injurious to persons or property.

10 (9) To instruct the people, by lecture, demonstration 11 or bulletin, in the best methods of preserving and 12 protecting their property and health against injuries by 13 insects.

14 (10) To publish, from time to time, articles on the15 injurious and beneficial insects of the State.

16 (11) To study the geological formation of the State
17 with reference to its resources of coal, ores, clays,
18 building stones, cement, materials suitable for use in the
19 construction of roads, gas, mineral and artesian water and
20 other products.

(12) To publish, from time to time, topographical,
 geological and other maps to illustrate resources of the
 State.

(13) To publish, from time to time, bulletins giving a
general and detailed description of the geological and
mineral resources, including water resources, of the
State.

28 (14) To cooperate with United States federal agencies 29 in the preparation and completion of a contour topographic 30 map and the collection, recording and printing of water and 31 atmospheric resource data including stream flow 32 measurements and to collect facts and data concerning the volumes and flow of underground, surface and atmospheric 33 waters of the State and to determine the mineral qualities 34 of water from different geological formations and surface 35 36 and atmospheric waters for the various sections of the HB5050 Engrossed

1 State.

(15) To publish, from time to time, the results of its 2 investigations of the mineral qualities, volumes and flow 3 of underground and surface waters of the State to the end 4 5 that the available water resources of the State may be better known and to make mineral analyses of samples of 6 water from municipal or private sources giving no opinion 7 from those analyses of the hygienic, physiological or 8 9 medicinal qualities of such waters.

10 (16) To act as the central data repository and research 11 coordinator for the State in matters related to water and 12 atmospheric resources. The State Water Survey Division of 13 the Department may monitor and evaluate all weather 14 modification operations in Illinois.

15 (17) To distribute, in its discretion, to the various
16 educational institutions of the State, specimens, samples,
17 and materials collected by it after the same have served
18 the purposes of the Department.

19 (18) To cooperate with the Illinois State Academy of 20 Science and to publish a suitable number of the results of 21 the investigations and research in the field of natural 22 science to the end that the same may be distributed to the 23 interested public.

(19) To maintain a State Museum, and to collect and
preserve objects of scientific and artistic value,
representing past and present fauna and flora, the life and
work of man, geological history, natural resources, and the
manufacturing and fine arts; to interpret for and educate
the public concerning the foregoing.

30 (20) To cooperate with the Illinois State Museum 31 Society for the mutual benefit of the Museum and the 32 Society, with the Museum furnishing necessary space for the 33 Society to carry on its functions and keep its records, 34 and, upon the recommendation of the Museum Director with 35 the approval of the Board of State Museum Advisors and the 36 Director of the Department, to enter into agreements with 1 2

3

the Illinois State Museum Society for the operation of a sales counter and other concessions for the mutual benefit of the Museum and the Society.

(21) To accept grants of property and to hold property 4 5 to be administered as part of the State Museum for the purpose of preservation, research of interpretation of 6 significant areas within the State for the purpose of 7 preserving, studying and interpreting archaeological and 8 9 natural phenomena.

10 (22) To contribute to and support the operations, 11 programs and capital development of public museums in this State. For the purposes of this Section, "public museum" 12 means a facility: (A) that is operating for the purposes of 13 promoting cultural development through special activities 14 or programs or through performing arts that are performed 15 16 in an indoor setting, and acquiring, conserving, 17 preserving, studying, interpreting, enhancing, and in particular, organizing and continuously exhibiting 18 specimens, artifacts, articles, documents and other things 19 20 of historical, anthropological, archaeological, industrial, scientific or artistic import, to the public 21 for its instruction and enjoyment, and (B) that either (i) 22 is operated by or located upon land owned by a unit of 23 local government or (ii) is a museum that has an annual 24 at least 150,000 and 25 indoor attendance of offers educational programs to school groups during school hours. 26 27 A museum is eligible to receive funds for capital 28 development under this subdivision (22) only if it is operated by or located upon land owned by a unit of local 29 30 government or if it is certified by a unit of local 31 government in which it is located as a public museum 32 meeting the criteria of this Section. Recipients of funds for capital development under this subdivision (22) shall 33 match State funds with local or private funding according 34 to the following: 35

36

(a) for a public museum with an attendance of

1 2 300,000 or less during the preceding calendar year, no match is required;

3 (b) for a public museum with an attendance of over 4 300,000 but less than 600,000 during the preceding 5 calendar year, the match must be at a ratio of \$1 from 6 local and private funds for every \$1 in State funds; 7 and

8 (c) for a public museum with an attendance of over 9 600,000 during the preceding calendar year, the match 10 must be at a ratio of \$2 from local and private funds 11 for every \$1 in State funds.

12 The Department shall formulate rules and regulations 13 relating to the allocation of any funds appropriated by the 14 General Assembly for the purpose of contributing to the 15 support of public museums in this State.

16 (23) To perform all other duties and assume all 17 obligations of the former Department of Energy and Natural 18 Resources and the former Department of Registration and 19 Education pertaining to the State Water Survey, the State 20 Geological Survey, the State Natural History Survey, and 21 the State Museum.

(24) To maintain all previously existing relationships
between the State Water Survey, State Geological Survey,
and State Natural History Survey and the public and private
colleges and universities in Illinois.

26 (25) To participate in federal geologic mapping27 programs.
