6

AN ACT concerning insurance.

2 Be it enacted by the People of the State of Illinois, 3 represented in the General Assembly:

4 Section 5. The Illinois Insurance Code is amended by 5 changing Section 229.4 and adding Section 229.4a as follows:

(215 ILCS 5/229.4) (from Ch. 73, par. 841.4)

Sec. 229.4. Standard Non-forfeiture Law for Individual
Deferred Annuities.

(1) No contract of annuity issued on or after the operative 9 date of this Section except as stated in subsection (11) shall 10 be delivered or issued for delivery in this State unless it 11 contains following provisions 12 in substance the or corresponding provisions which in the opinion of the Director 13 14 are at least as favorable to the contract holder upon cessation 15 of payment of considerations under the contract:

(a) That upon cessation of payment of considerations
under a contract, the company will grant a paid-up annuity
benefit on a plan stipulated in the contract of such value
as is specified in subsections (3), (4), (5), (6) and (8).

(b) If a contract provides for a lump sum settlement at 20 maturity, or at any other time, that upon surrender of the 21 contract at or prior to the commencement of any annuity 22 payments, the company will pay in lieu of any paid-up 23 annuity benefit a cash surrender benefit of such amount as 24 25 is specified in subsections (3), (4), (6) and (8). The 26 company shall reserve the right to defer the payment of such cash surrender benefit for a period of 6 months after 27 demand therefor with surrender of the contract. 28

(c) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient

1

information to determine the amount of such benefits.

2 that any paid-up annuity, A statement (d) cash 3 surrender or death benefits that may be available under the contract are not less than the minimum benefits required by 4 5 any statute of the state in which the contract is delivered 6 and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited 7 by the company to the contract, any indebtedness to the 8 9 company on the contract or any prior withdrawals from or partial surrenders of the contract. 10

11 Notwithstanding the requirements of this subsection, any 12 deferred annuity contract may provide that if no considerations have been received under a contract for a period of 2 full 13 years and the portion of the paid-up annuity benefit at 14 maturity on the plan stipulated in the contract arising from 15 16 considerations paid prior to such period would be less than 17 \$20.00 monthly, the company may at its option terminate such contract by payment in cash of the present value of such 18 19 portion of the paid-up annuity benefit, calculated on the basis 20 of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and 21 by such payment shall be relieved of any further obligation 22 23 under such contract.

(2) The minimum values as specified in subsections (3),
(4), (5), (6) and (8) of any paid-up annuity, cash surrender or
death benefits available under an annuity contract shall be
based upon minimum nonforfeiture amounts as defined in this
subsection.

29 (a) With respect to contracts providing for flexible 30 considerations, the minimum nonforfeiture amount at any 31 time at or prior to the commencement of any annuity 32 payments shall be equal to an accumulation up to such time at a rate of interest of 3% per annum of percentages of the 33 net considerations, as hereinafter defined, paid prior to 34 35 such time, decreased by the sum of (i) any prior withdrawals from or partial surrenders of the contract 36

accumulated at a rate of interest of 3% per annum and (ii) the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract.

The net considerations for a given contract year used 6 to define the minimum nonforfeiture amount shall be an 7 amount not less than zero and shall be equal to the 8 9 corresponding gross considerations credited to the 10 contract during that contract year less an annual contract 11 charge of \$30.00 and less a collection charge of \$1.25 per consideration credited to the contract during that 12 contract year. The percentages of net considerations shall 13 be 65% of the net consideration for the first contract year 14 and 87 1/2% of the net considerations for the second and 15 16 later contract years. Notwithstanding the provisions of 17 the preceding sentence, the percentage shall be 65% of the portion of the total net consideration for any renewal 18 contract year which exceeds by not more than two times the 19 20 sum of those portions of the net considerations in all 21 prior contract years for which the percentage was 65%.

(a-5) Notwithstanding the provisions of paragraph (a) of this subsection, the minimum nonforfeiture amount for any contract issued on or after July 1, 2002 and before July 1, 2005 shall be based on a rate of interest of 1.5% per annum.

27 (b) With respect to contracts providing for fixed 28 scheduled considerations, minimum nonforfeiture amounts 29 shall be calculated on the assumption that considerations 30 are paid annually in advance and shall be defined as for 31 contracts with flexible considerations which are paid 32 annually, with two exceptions:

33 (i) The portion of the net consideration for the
34 first contract year to be accumulated shall be the sum
35 of 65% of the net consideration for the first contract
36 year plus 22 1/2% of the excess of the net

1consideration for the first contract year over the2lesser of the net considerations for the second and3third contract years.

4 (ii) The annual contract charge shall be the lesser
5 of (A) \$30.00 or (B) 10% of the gross annual
6 consideration.

7 (c) With respect to contracts providing for a single 8 consideration, minimum nonforfeiture amounts shall be 9 defined as for contracts with flexible considerations 10 except that the percentage of net consideration used to 11 determine the minimum nonforfeiture amount shall be equal 12 to 90% and the net consideration shall be the gross 13 consideration less a contract charge of \$75.00.

(3) Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

(4) For contracts which provide cash surrender benefits, 21 such cash surrender benefits available prior to maturity shall 22 23 not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity 24 25 benefit which would be provided under the contract at maturity 26 arising from considerations paid prior to the time of cash 27 surrender reduced by the amount appropriate to reflect any 28 prior withdrawals from or partial surrenders of the contract, 29 such present value being calculated on the basis of an interest 30 rate not more than 1% higher than the interest rate specified 31 in the contract for accumulating the net considerations to 32 determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest 33 due and accrued, and increased by any existing additional 34 35 amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum 36

1 nonforfeiture amount at that time. The death benefit under such 2 contracts shall be at least equal to the cash surrender 3 benefit.

- 5 -

(5) For contracts which do not provide cash surrender 4 5 benefits, the present value of any paid-up annuity benefit 6 available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that 7 portion of the maturity value of the paid-up benefit provided 8 9 under the contract arising from considerations paid prior to the time of the contract is surrendered in exchange for, or 10 11 changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on 12 13 the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity 14 15 value, and increased by any existing additional amounts 16 credited by the company to the contract. For contracts which do 17 not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on 18 19 the basis of such interest rate and the mortality table 20 specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the 21 present value of a paid-up annuity benefit be less than the 22 23 minimum nonforfeiture amount at that time.

(6) For the purpose of determining the benefits calculated 24 25 under subsections (4) and (5), in the case of annuity contracts 26 under which an election may be made to have annuity payments 27 commence at optional maturity dates, the maturity date shall be 28 deemed to be the latest date for which election shall be 29 permitted by the contract, but shall not be deemed to be later 30 than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the 31 32 contract, whichever is later.

33 (7) Any contract which does not provide cash surrender 34 benefits or does not provide death benefits at least equal to 35 the minimum nonforfeiture amount prior to the commencement of 36 any annuity payments shall include a statement in a prominent HB5075 Enrolled - 6 - LRB093 20967 SAS 46953 b

1

place in the contract that such benefits are not provided.

(8) Any paid-up annuity, cash surrender or death benefits
available at any time, other than on the contract anniversary
under any contract with fixed scheduled considerations, shall
be calculated with allowance for the lapse of time and the
payment of any scheduled considerations beyond the beginning of
the contract year in which cessation of payment of
considerations under the contract occurs.

9 (9) For any contract which provides, within the same 10 contract by rider or supplemental contract provision, both 11 annuity benefits and life insurance benefits that are in excess 12 of the greater of cash surrender benefits or a return of the 13 gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture 14 15 benefits for the annuity portion and the minimum nonforfeiture 16 benefits, if any, for the life insurance portion computed as if 17 each portion were a separate contract. Notwithstanding the provisions of subsections (3), (4), (5), (6) 18 and (8), 19 additional benefits payable (a) in the event of total and 20 permanent disability, (b) as reversionary annuity or deferred reversionary annuity benefits, or (c) as other policy benefits 21 22 additional to life insurance, endowment, and annuity benefits, 23 and considerations for all such additional benefits, shall be 24 disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be 25 26 required by this section. The inclusion of such additional 27 benefits shall not be required in any paid-up benefits, unless 28 such additional benefits separately would require minimum 29 nonforfeiture amounts, paid-up annuity, cash surrender and 30 death benefits.

(10) After the effective date of this Section, any company may file with the Director a written notice of its election to comply with the provisions of this Section after a specified date before the second anniversary of the effective date of this Section. After the filing of such notice, then upon such specified date, which shall be the operative date of this HB5075 Enrolled - 7 - LRB093 20967 SAS 46953 b

section for such company, this Section shall become operative with respect to annuity contracts thereafter issued by such company. If a company makes no such election, the operative date of this section for such company shall be the second anniversary of the effective date of this Section.

6 (11) This Section shall not apply to any reinsurance, group 7 annuity purchased under a retirement plan or plan of deferred 8 compensation established or maintained by an employer 9 (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing 10 11 individual retirement accounts or individual retirement 12 annuities under Section 408 of the Internal Revenue Code, as 13 now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred 14 15 annuity contract after annuity payments have commenced, or 16 reversionary annuity, nor to any contract which shall be 17 delivered outside this State through an agent or other representative of the company issuing the contract. 18

19 (12) This Section is repealed on July 1, 2006.

21

(215 ILCS 5/229.4a new)

22 <u>Sec. 229.4a. Standard Non-forfeiture Law for Individual</u>
 23 <u>Deferred Annuities.</u>
 24 <u>(1) Title. This Section shall be known as the Standard</u>

25 <u>Nonforfeiture Law for Individual Deferred Annuities.</u>
 26 (2) Applicability. This Section shall not apply to any

reinsurance, group annuity purchased under a retirement plan or 27 plan of deferred compensation established or maintained by an 28 29 employer (including a partnership or sole proprietorship) or by 30 an employee organization, or by both, other than a plan providing individual retirement accounts or individual 31 retirement annuities under Section 408 of the Internal Revenue 32 Code, as now or hereafter amended, premium deposit fund, 33 34 variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have 35

1 commenced, or reversionary annuity, nor to any contract which 2 shall be delivered outside this State through an agent or other 3 representative of the company issuing the contract. (3) Nonforfeiture Requirements. 4 5 (A) In the case of contracts issued on or after the operative date of this Section as defined in subsection 6 (13), no contract of annuity, except as stated in 7 subsection (2), shall be delivered or issued for delivery 8 in this State unless it contains in substance the following 9 provisions, or corresponding provisions which in the 10 11 opinion of the Director of Insurance are at least as favorable to the contract holder, upon cessation of payment 12 13 of considerations under the contract: (i) That upon cessation of payment of 14 15 considerations under a contract, or upon the written 16 request of the contract owner, the company shall grant a paid-up annuity benefit on a plan stipulated in the 17 contract of such value as is specified in subsections 18 (5), (6), (7), (8) and (10); 19 20 (ii) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon 21 surrender of the contract at or prior to the 22 commencement of any annuity payments, the company 23 24 shall pay in lieu of a paid-up annuity benefit a cash surrender benefit of such amount as is specified in 25 subsections (5), (6), (8) and (10). The company may 26 27 reserve the right to defer the payment of the cash surrender benefit for a period not to exceed 6 months 28 after demand therefor with surrender of the contract 29 after making written request and receiving written 30 31 approval of the Director. The request shall address the 32 necessity and equitability to all policyholders of the 33 deferral; (iii) A statement of the mortality table, if any, 34 35 and interest rates used calculating any minimum paid-up annuity, cash surrender, or death benefits 36

1 that are guaranteed under the contract, together with 2 sufficient information to determine the amounts of the 3 benefits; and (iv) A statement that any paid-up annuity, cash 4 5 surrender or death benefits that may be available under the contract are not less than the minimum benefits 6 required by any statute of the state in which the 7 contract is delivered and an explanation of the manner 8 in which the benefits are altered by the existence of 9 any additional amounts credited by the company to the 10 11 contract, any indebtedness to the company on the 12 contract or any prior withdrawals from or partial 13 surrenders of the contract. (B) Notwithstanding the requirements of this Section, 14 a deferred annuity contract may provide that if no 15 16 considerations have been received under a contract for a 17 period of 2 full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the 18 contract arising from prior considerations paid would be 19 20 less than \$20 monthly, the company may at its option terminate the contract by payment in cash of the then 21 present value of the portion of the paid-up annuity 22 benefit, calculated on the basis on the mortality table, if 23 24 any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by this 25 26 payment shall be relieved of any further obligation under 27 the contract. 28 (4) Minimum values. The minimum values as specified in subsections (5), (6), (7), (8) and (10) of any paid-up annuity, 29 cash surrender or death benefits available under an annuity 30 31 contract shall be based upon minimum nonforfeiture amounts as defined in this subsection. 32 33 (A) (i) The minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall 34 35 be equal to an accumulation up to such time at rates of interest as indicated in subdivision (4)(B) of the net 36

1	considerations (as hereinafter defined) paid prior to such
2	time, decreased by the sum of paragraphs (a) through (d)
3	below:
4	(a) Any prior withdrawals from or partial
5	surrenders of the contract accumulated at rates of
6	interest as indicated in subdivision (4)(B);
7	(b) An annual contract charge of \$50,
8	accumulated at rates of interest as indicated in
9	subdivision (4)(B);
10	(c) Any premium tax paid by the company for the
11	contract, accumulated at rates of interest as
12	indicated in subdivision (4)(B); and
13	(d) The amount of any indebtedness to the
14	company on the contract, including interest due and
15	accrued.
16	(ii) The net considerations for a given contract year
17	used to define the minimum nonforfeiture amount shall be an
18	amount equal to 87.5% of the gross considerations, credited
19	to the contract during that contract year.
20	(B) The interest rate used in determining minimum
21	nonforfeiture amounts shall be an annual rate of interest
22	determined as the lesser of 3% per annum and the following,
23	which shall be specified in the contract if the interest
24	rate will be reset:
25	(i) The five-year Constant Maturity Treasury Rate
26	reported by the Federal Reserve as of a date, or
27	average over a period, rounded to the nearest 1/20th of
28	one percent, specified in the contract no longer than
29	15 months prior to the contract issue date or
30	redetermination date under subdivision (4)(B)(iv);
31	(ii) Reduced by 125 basis points;
32	(iii) Where the resulting interest rate is not less
33	than 1%; and
34	(iv) The interest rate shall apply for an initial
35	period and may be redetermined for additional periods.
36	The redetermination date, basis and period, if any,

1shall be stated in the contract. The basis is the date2or average over a specified period that produces the3value of the 5-year Constant Maturity Treasury Rate to4be used at each redetermination date.

5 (C) During the period or term that a contract provides substantive participation in an equity indexed benefit, it 6 may increase the reduction described in subdivision 7 (4) (B) (ii) above by up to an additional 100 basis points to 8 9 reflect the value of the equity index benefit. The present value at the contract issue date, and at each 10 redetermination date thereafter, of the additional 11 12 reduction shall not exceed market value of the benefit. The 13 Director may require a demonstration that the present value of the additional reduction does not exceed the market 14 value of the benefit. Lacking such a demonstration that is 15 16 acceptable to the Director, the Director may disallow or 17 limit the additional reduction.

18 <u>(D) The Director may adopt rules to implement the</u> 19 provisions of subdivision (4) (C) and to provide for further 20 adjustments to the calculation of minimum nonforfeiture 21 <u>amounts for contracts that provide substantive</u> 22 <u>participation in an equity index benefit and for other</u> 23 <u>contracts that the Director determines adjustments are</u> 24 justified.

(5) Computation of Present Value. Any paid-up annuity 25 benefit available under a contract shall be such that its 26 27 present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that 28 date. Present value shall be computed using the mortality 29 30 table, if any, and the interest rates specified in the contract 31 for determining the minimum paid-up annuity benefits 32 guaranteed in the contract.

33 (6) Calculation of Cash Surrender Value. For contracts that 34 provide cash surrender benefits, the cash surrender benefits 35 available prior to maturity shall not be less than the present 36 value as of the date of surrender of that portion of the

1 maturity value of the paid-up annuity benefit that would be 2 provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced 3 by the amount appropriate to reflect any prior withdrawals from 4 5 or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than 1% 6 higher than the interest rate specified in the contract for 7 accumulating the net considerations to determine maturity 8 9 value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, 10 11 and increased by any existing additional amounts credited by 12 the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount 13 at that time. The death benefit under such contracts shall be 14 at least equal to the cash surrender benefit. 15

16 (7) Calculation of Paid-up Annuity Benefits. For contracts 17 that do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture 18 option at any time prior to maturity shall not be less than the 19 20 present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising 21 from considerations paid prior to the time the contract is 22 surrendered in exchange for, or changed to, a deferred paid-up 23 24 annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate 25 specified in the contract for accumulating the net 26 27 considerations to determine maturity value, and increased by 28 any additional amounts credited by the company to the contract. For contracts that do not provide any death benefits prior to 29 30 the commencement of any annuity payments, present values shall 31 be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the 32 maturity value of the paid-up annuity benefit. However, in no 33 event shall the present value of a paid-up annuity benefit be 34 35 less than the minimum nonforfeiture amount at that time. (8) Maturity Date. For the purpose of determining the 36

1 benefits calculated under subsections (6) and (7), in the case 2 of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the 3 maturity date shall be deemed to be the latest date for which 4 5 election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next 6 following the annuitant's seventieth birthday or the tenth 7 8 anniversary of the contract, whichever is later.

9 <u>(9) Disclosure of Limited Death Benefits. A contract that</u> 10 <u>does not provide cash surrender benefits or does not provide</u> 11 <u>death benefits at least equal to the minimum nonforfeiture</u> 12 <u>amount prior to the commencement of any annuity payments shall</u> 13 <u>include a statement in a prominent place in the contract that</u> 14 <u>such benefits are not provided.</u>

(10) Inclusion of Lapse of Time Considerations. Any paid-up 15 16 annuity, cash surrender or death benefits available at any 17 time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with 18 allowance for the lapse of time and the payment of any 19 20 scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the 21 22 contract occurs.

23 (11) Proration of Values; Additional Benefits. For a contract which provides, within the same contract by rider or 24 supplemental contract provision, both annuity benefits and 25 life insurance benefits that are in excess of the greater of 26 27 cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be 28 equal to the sum of the minimum nonforfeiture benefits for the 29 30 annuity portion and the minimum nonforfeiture benefits, if any, 31 for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of 32 subsections (5), (6), (7), (8) and (10), additional benefits 33 payable in the event of total and permanent disability, as 34 35 reversionary annuity or deferred reversionary annuity benefits, or as other policy benefits additional to life 36

insurance, endowment and annuity benefits, and considerations 1 2 for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up 3 annuity, cash surrender and death benefits that may be required 4 5 under this Section. The inclusion of such benefits shall not be required in any paid-up benefits, unless the additional 6 benefits separately would require minimum nonforfeiture 7 amounts, paid-up annuity, cash surrender and death benefits. 8 9 (12) Rules. The Director may adopt rules to implement the provisions of this Section. 10 (13) Effective Date. After the effective date of this 11 amendatory Act of the 93rd General Assembly, a company may 12 13 elect to apply its provisions to annuity contracts on a contract form-by-contract form basis before July 1, 2006. In 14 all other instances, this Section shall become operative with 15 16 respect to annuity contracts issued by the company on or after 17 July 1, 2006. (14) This Section is repealed on July 1, 2007. 18

Section 99. Effective date. This Act takes effect on July
 1, 2004.
