1

AN ACT in relation to public aid.

Be it enacted by the People of the State of Illinois,represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by
changing Section 10-1 as follows:

6 (305 ILCS 5/10-1) (from Ch. 23, par. 10-1)

10-1. Declaration of Public Policy - Persons 7 Sec. 8 Eligible for Child Support Enforcement Services - Fees for Non-Applicants and Non-Recipients.) It is the intent of the 9 Illinois Public Aid this Code that the financial aid and 10 social welfare services herein provided supplement rather 11 12 than supplant the primary and continuing obligation of the 13 family unit for self-support to the fullest extent permitted by the resources available to it. This primary and continuing 14 15 obligation applies whether the family unit of parents and 16 children or of husband and wife remains intact and resides in a common household or whether the unit has been broken by 17 18 absence of one or more members of the unit. The obligation 19 of the family unit is particularly applicable when a member 20 is in necessitous circumstances and lacks the means of a livelihood compatible with health and well-being. 21

22 It is the purpose of this Article to provide for locating an absent parent or spouse, for determining his financial 23 circumstances, and for enforcing his legal obligation of 24 support, if he is able to furnish support, in whole or in 25 part. The Illinois Department of Public Aid shall give 26 27 priority to establishing, enforcing and collecting the current support obligation, and then to past due support owed 28 to the family unit, except with respect to collections 29 effected through the intercept programs provided for in this 30 31 Article.

1 The child support enforcement services provided hereunder 2 shall be furnished dependents of an absent parent or spouse who are applicants for or recipients of financial aid under 3 4 this Code. It is not, however, a condition of eligibility 5 for financial aid that there be no responsible relatives who 6 are reasonably able to provide support. Nor, except as provided in Sections 4-1.7 and 10-8, shall the existence of 7 8 such relatives or their payment of support contributions 9 disqualify a needy person for financial aid.

By accepting financial aid under this Code, a spouse or a 10 11 parent or other person having custody of a child shall be deemed to have made assignment to the Illinois Department for 12 aid under Articles III, IV, V and VII or to a local 13 governmental unit for aid under Article VI of any and all 14 15 rights, title, and interest in any support obligation up to 16 the amount of financial aid provided. The rights to support assigned to the Illinois Department of Public Aid or local 17 governmental unit shall constitute an obligation owed the 18 19 State or local governmental unit by the person who is responsible 20 for providing the support, and shall be 21 collectible under all applicable processes.

The Illinois Department of Public Aid shall also furnish 22 23 the child support enforcement services established under this Article in behalf of persons who are not applicants for or 24 25 recipients of financial aid under this Code in accordance with the requirements of Title IV, Part D of the Social 26 Security Act. The Department may establish a schedule of 27 reasonable fees, to be paid for the services provided and may 28 deduct a collection fee, not to exceed 10% of the amount 29 30 collected, from such collection. The Illinois Department of Public Aid shall cause to be published and distributed 31 32 publications reasonably calculated to inform the public that individuals who are not recipients of or applicants for 33 public aid under this Code are eligible for the child support 34

enforcement services under this Article X. Such publications shall set forth an explanation, in plain language, that the child support enforcement services program is independent of any public aid program under the Code and that the receiving of child support enforcement services in no way implies that the person receiving such services is receiving public aid.
